The department of inspection services shall not issue a permit for the demolition of any structure within a commercial revitalization project area until one of the following requirements has been met:

(1) The owner of the property presents written approval from the design review committee for the issuance of such a permit; or

(2) The owner of the property presents proof that he or she has applied to the design review committee for approval of his or her demolition permit, that six months

have expired since the date of that application, and that the design review committee has not acted on the application.

(Code 1980, § 7-1-192; Ord. No. 84-141, § 1, 8-7-1984)

Sec. 7-1-393. Initial inspection.

(a) The division of housing, community development department shall conduct an inspection of all:

(1) Existing properties in the rehabilitation area within six months of the adoption of the design standards for a commercial revitalization project area; and

(2) Properties in the optional rehabilitation area who have applied for commercial rehabilitation incentives within one month of such application as to their compliance with the design standards adopted for the commercial revitalization project area.

(b) The division of housing shall also notify the owners and tenants of said properties in writing of any violations of said standards, the procedures for submitting rehabilitation plans and the penalties for continued violation of the provisions of this article. Owners and tenants of buildings judged to be in compliance with the design standards for the commercial revitalization project area by the division of housing inspector will be notified of their compliance and of the provisions of the commercial rehabilitation incentive program.

(Code 1980, § 7-1-193; Ord. No. 84-141, § 1, 8-7-1984)

Sec. 7-1-394. Continued inspection.

Once properties and structures affected by this article have been certified as being in compliance with the design standards adopted for a commercial revitalization project area, they shall remain in compliance with the design standards until the city council, by resolution, declares the area to no longer be a commercial revitalization project area. To monitor compliance with the design standards, the department of community development along with the department of planning, engineering and permits shall periodically conduct a survey of rehabilitation areas and those properties in the optional rehabilitation area which have received incentives and if properties or structures appear to not be maintained at a level of continued compliance with the design standards, request in writing a new inspection of the affected properties and structures by the division of housing and send by certified mail copies of the request to the design review committee, the affected property owners at the addresses recorded in the office of the tax assessor of Jefferson County and the tenants of the affected property.

(Code 1980, § 7-1-194; Ord. No. 84-141, § 1, 8-7-1984)

Sec. 7-1-395. Appeals of application of design standards.

Any person aggrieved by the decision of either the inspector or the design review committee related to design standards for new or existing structures, sites or properties or for demolition plans in a commercial revitalization project area may seek relief therefrom by appeal to the construction board of appeals and adjustment, created pursuant to the most recent adoption of technical codes for the city, as amended.

(Code 1980, § 7-1-195; Ord. No. 84-141, § 1, 8-7-1984; Ord. No. 16-90, § 1, 5-27-2016)

Sec. 7-1-396. Period of compliance; penalties.

To the extent that rehabilitation and maintenance requirements for properties are specifically applicable to a rehabilitation area and to those properties in the optional rehabilitation area which have applied for and been approved for commercial rehabilitation incentives by the design review committee and are not generally required elsewhere, the work necessary to meet such requirements shall be undertaken and completed within the time requirements as set forth herein.

(1) *Initial compliance notice.* All rehabilitation requirements for structures and properties shall be undertaken and completed within the time requirements as set forth in the urban renewal plan, which time shall begin to run as of the project initiation date; but in no event

shall the time requirement for completion be a period of less than 18 months. Notice shall be sent by certified mail return receipt requested by the department or urban planning to those property owners and tenants who are not in compliance both 60 days and 30 days prior to the scheduled completion date informing them of the completion date and the potential penalties and amount thereof.

(2) *Continued compliance notice.* All maintenance requirements for structures and properties shall be undertaken and completed within 30 days from the date a notice of noncompliance is mailed by certified mail return receipt requested from the division of housing to the affected property owners and tenants, which notice shall state the date for completion of work and the potential penalties and amount thereof.

(3) *Damaged structures.*

a. Unless a structure suffers major damage, any external or otherwise visible damage to the structure and/or premises shall be repaired to come within rehabilitation and maintenance requirements. The affected property owners or tenants shall present plans of the proposed reconstruction within 30 days of such damage.

b. Any structure which suffers major damage by fire, act of God or other peril must be repaired to come within rehabilitation and maintenance requirements. In general, a structure shall be considered to have suffered major damage if 50 percent of the square footage has been rendered unusable for purposes of the occupancy. The affected property owners or tenants shall present plans of proposed reconstruction or request a demolition permit and present demolition plans to the design review committee for their review within six months of such damage.

c. Plans submitted to the design review committee shall be reviewed within 30 days from the date such plans and all necessary information required for review are submitted and shall set a time for structures and property to be brought back into compliance with standards. In all cases structures which have major damage must be brought back into compliance with standards within two years.

(4) *Application for extension review.* Any person affected by notice of violations issued hereinabove may request in writing an extension of time for compliance or a hearing before the design review committee to modify or withdraw the notice.

(5) *Penalties.* Any person, firm or corporation being the property owner, tenant or agent of either who shall violate a provision of this article or fail to comply with any of the requirements hereof shall be guilty of a misdemeanor. Each and every day or portion thereof during which any violation of the provisions of this article is committed or continued shall be considered a separate offense. Such person, firm or corporation in violation of this article shall be punished according to the general penalties described in section 1-1-6.

(Code 1980, § 7-1-196; Ord. No. 84-141, § 1, 8-7-1984; Ord. No. 90-19, 1-16-1990)

ARTICLE D. HISTORIC PRESERVATION*

Sec. 7-1-411. Declaration of public policy and purposes.

(a) It is hereby declared as a matter of public policy that the preservation and protection of properties and districts of historical, architectural, cultural, archaeological, educational and aesthetic

*__State law reference—__Municipal historic preservation commissions, Code of Ala. 1975, § 11-68-1 et seq.

merit are public necessities that contribute to the health, prosperity and welfare of the people of the city.

(b) The purposes of this article are to:

(1) Preserve and protect properties and districts of historical significance, and of architectural, archaeological and aesthetic importance to the city for its citizens, and to promote these attractions to citizens and visitors.

(2) Strengthen the economy of the city by enhancing its attractiveness to residents, visitors, and potential businesses and by

stabilizing and improving property values thereby maintaining economic investment in the city and avoiding or reversing urban decay and blight.

(3) Designate local historic properties and districts to assure that the character of such is retained and enhanced.

(4) Regulate the exterior rehabilitation of historic properties and districts without economic displacement of residents living within those districts.

(5) Allow the city, interested persons, historical societies and commissions the opportunity to acquire or to arrange for the preservation of historic properties or districts.

(6) Foster civic pride in the architectural, historical, cultural and educational heritage of the city.

(Code 1980, § 7-1-201; Ord. No. 92-223, 9-1-1992)

Sec. 7-1-412. Definitions.

The following words as used in this article shall have the meanings ascribed to them below:

Alteration means any act or process that changes one or more of the exterior architectural features of a structure, including, but not limited to, the erection, construction, expansion, rehabilitation, reconstruction or removal of any structure.

Building means any structure having a roof supported by columns or walls designed or built for the support, enclosure, shelter, or protection of persons, animals, chattels, or property of any kind.

Certificate of appropriateness (COA) means a certificate signed by the secretary of the design review committee indicating its approval of plans for alteration, construction, removal or demolition of the exterior features of a structure which is individually designated as historic or is a structure within a historic district.

Construction means the act of adding to an existing structure or the erection of a new principal or accessory structure on a lot.

Demolition means the razing or destruction, whether entirely or of the defining historical elements, of a building, structure, or site. The term "demolition" also includes the removal of a building or structure from its site or the removal or destruction of its facade.

Demolition by neglect means failure to comply with the minimum property standards, as established by building and housing regulations and ordinances of the city.

Design review guidelines means a document describing design features and examples of appropriate treatment to preserve the historic and architectural character of a property or district.

Designation means the legal recognition by ordinance of a property or district as historic by action of the city council.

Exterior architectural appearance means the architectural character and general composition of the exterior of a structure, including but not limited to the kind and texture of the building material, and the type and character of all windows, doors, landscape elements, light fixtures, signs and appurtenances.

Historic landscape means the totality of the built or human-influenced habitat experienced at any one place. Dominant features are topography, views and vistas, a plant cover, buildings or other structures and their patterns.

Historic preservation plan means a written document prepared for each proposed historic district in which the district's individual needs, resources, and preservation strategy are specified. The plan will serve as city policy upon designation of the district by the city council.

Historical survey means a detailed written study describing architectural and historical significance of a historic property or district.

Local historic district means a geographically definable area designated by the city council which meets the criteria for eligibility contained in this article. Districts may be comprised of buildings, structures, sites, objects, historic landscapes or vistas which possess a significant concentration, linkage or continuity of buildings, and

may contain individual properties or elements which are separated geographically but linked by association, plan, design or history.

Local historic property means a building, structure, site, landscape or vista designated by the city council which meets the criteria for eligibility contained in this article.

Object means a material thing of functional, aesthetic, cultural, historic or scientific value that may be, by nature or design, movable yet related to a specific setting or environment.

Owner means the person, corporation or other legal entity who is the owner of the property or the person or agent in charge or control of the property.

Owner of record means the person, corporation or other legal entity listed as responsible for state taxes as their names and addresses appear in the tax records of the county tax assessor's office.

Reconstruction means the process of reproducing by new construction the exact form and detail of a vanished building, structure or object, as it appeared during a specified time period.

Rehabilitation means the act or process of returning a property to a state of utility through repair or alteration while preserving those features of the property which are historically, architecturally, or culturally significant.

Removal means any relocation of a structure on its site or to another site.

Repair means any change that is not construction, removal or alteration.

Restoration means the act or process of accurately recovering the form and details of a property and its setting as it appeared at a particular period of time through the removal of later work or by the replacement of missing earlier work.

Routine maintenance means minimum repairs to a building, structure, or object for which no certificate of appropriateness is required as adopted by the design review committee for the district in which the property is located.

Site means the location of a significant event, a prehistoric or historic occupation or activity or a building or structure, whether standing, ruined or vanished, where the location itself maintains historical, cultural or archaeological value regardless of the monetary value of the site or any structure thereon.

Structure means anything constructed or erected, the use of which requires permanent or temporary location on or in the ground, including but not limited to buildings, fences, gazebos, signs, billboards, back stops for tennis courts, swimming pools and radio and television antennae, including supporting towers.
(Code 1980, § 7-1-202; Ord. No. 92-223, 9-1-1992)

Sec. 7-1-413. Establishment of historical commission.

(a) *Creation.* There is hereby established the Birmingham Historical Commission (hereafter BHC) which shall consist of 11 members, ten of whom shall be nominated by the mayor and appointed by the city council. Recommendations of qualified individuals for nomination as defined herein should be made to the mayor. Of these ten members, at least one member will be selected to represent each of the following organizations or categories: Jefferson County Historical Commission, Birmingham Historical Society, design review committee, community groups, professional preservationists, professional planners/architects, and professional historians. The chairperson of the council committee on planning and zoning or his or her designee shall serve ex officio as the 11th member of the commission with full power to vote and be counted. Members of the BHC shall serve without compensation.

(b) *Tenure.*

(1) The ten appointed BHC members shall serve a three-year term and shall be appointed to serve overlapping terms. Three of the original members shall be appointed to serve a one-year term, three shall be appointed to serve a two-year term, and four shall be appointed to serve a three-year term. All members of the BHC may be appointed for no more than two full terms, provided that any members filling an unexpired term may in addition be appointed to two full terms.

(2) Vacancies shall be filled by persons nominated by the mayor and appointed by the city council. Such appointments shall be for the unexpired term of the member replaced.

(c) *Qualifications.* All BHC members shall be bona fide residents of the city. Not more than one-fifth of the members shall be public officials. Members shall have demonstrated training or experience in the fields of history, architecture, architectural history, urban planning, urban design, real estate, finance, archaeology or law, or who shall be residents of a historic district designated pursuant to ordinance. One member of the planning commission or its staff shall be a nonvoting ex officio member and shall not be counted.

(d) *Officers.* Members of the BHC shall elect a chairperson, a vice-chairperson, a secretary, and such other officers as the members deem necessary.

(e) *Meetings.*

(1) The BHC shall hold public meetings quarterly and more often as it shall determine and require. Six members shall constitute a quorum.

(2) Any member of the BHC who misses more than three consecutive regular meetings or more than half the regular meetings in a calendar year shall automatically be removed as a member.

(3) The BHC shall keep permanent minutes of its meetings. The minutes shall include the attendance of its members and its resolutions, findings, conclusions, recommendations and other actions. The minutes of the BHC shall be open for public inspection as required by law.

(f) *Rules of procedure.* Members of the BHC shall adopt rules of procedure and bylaws to govern its operations and shall communicate those rules of procedure and bylaws to the mayor and city council.

(g) *Commission responsibilities, powers, and duties.* The BHC shall seek to promote, enhance and preserve the character of historic properties and districts to achieve the purposes of this article as enumerated hereinabove and shall have the following specific duties and authority:

(1) Assist in the preparation of historical surveys of property within the city.

(2) Recommend properties and districts to the city for local historic designation.

(3) Promote acquisition of facade and conservation easements by authorized agencies as allowed by the Internal Revenue Code of 1986, as amended.

(4) Develop and conduct educational programs concerning designated historic preservation projects and districts designated pursuant to this article.

(5) Make such investigations or studies of matters relating to historic preservation as the city or the BHC deems necessary and appropriate.

(6) Advise and assist in the application for funds from municipal, county, state, federal and private sources and agencies through the city to carry out the purposes and responsibilities of the BHC.

(7) Advise and assist in the preparation of nominations of properties to the National Register of Historic Places.

(8) Advise and assist in the preparation of applications for certification of historic properties for tax credits.

(9) Coordinate all rehabilitation, demolition, or new construction activity of historic properties or districts through the design review committee.

(10) Adopt both general and specific design guidelines as the basis for decisions on applications for certificates of appropriateness.

(11) Specify any means by which technical assistance will be offered to property owners of each locally designated historic district.

(12) Specify any financial incentives that may be used in promoting preservation activities within a locally designated historic district.

(13) Specify any measures the BHC, the urban planning department staff, or other groups will take to encourage economic activity and development conducive to preservation activities within a locally designated historic district.

(14) Prepare and file with the city and with the Alabama Historical Commission, an annual report of its activities as required by the city and the Alabama Historical Commission.

(Code 1980, § 7-1-203; Ord. No. 92-223, 9-1-1992; Ord. No. 00-81, § 1, 5-23-2000)

Sec. 7-1-414. Local historic designation of local property or district.

(a) *Designation of local historic property or district.* The city council may designate by ordinance an individual property as a historic property, or a geographic area as a historic district, and such indication of the type and boundaries of any such area shall be entered on the official zoning map.

(b) *Initiation of requests to designate a local historic property or district.* Requests for any property or district to be nominated as a historic property or district shall be directed only to the BHC which alone will recommend nomination to the city council. Any individual or organization may submit such requests.

(c) *Eligibility of a property or district for local historic designation.* Any property or district may be considered for nomination when the property or district is listed on the National Register of Historic Places, or which, in the opinion of the BHC, meets the guidelines for inclusion on the National Register of Historic Places; is determined by the state historic preservation officer to be eligible for inclusion on the National Register of Historic Places; or meets one or more of the criteria established in Code of Ala. 1975, § 11-68-1 et seq.

(d) *Procedures for considering a request to establish a property or district or to extend an existing district's boundaries.* Upon the filing of a request to the BHC for nomination, the following steps shall apply to the consideration of the proposed property or district:

(1) Every property or district being considered for nomination must have a historical survey conducted by a professional historian or preservationist to determine its historical or architectural significance, identify its distinctive attributes and character, and provide a boundary description and rationale for nomination.

(2) Preservation plan.

a. Every district being nominated to the city council shall have as part of its nomination a written historic preservation plan. Upon the city council's designation of a district, the preservation plan for the particular district shall become city policy and all appropriate city bodies and administrative officials shall direct their best efforts to assure the effective implementation of the plan.

b. Each historic preservation plan shall include a statement of significance and eligibility status, and boundary description for the district; principles and guidelines for action on applications for certificates of appropriateness (COAs) and for the instances and procedure for waiver from a COA regarding routine maintenance; and preservation strategy tailored to the needs of the specific area which shall include, but not be limited to, the following elements:

1. The need for the historic district in that area, including the specific reasons why the regulatory provisions of this article should be applied in order to accommodate the preservation of that area.

2. The means by which the existence and significance of the

historic district will be publicized to historic district property owners and to the general public.

3. General design review guidelines for the local historic districts involving new construction, alteration, restoration or rehabilitation of the exterior of the structures. These guidelines will be the basis for specifications adopted by the design review committee (DRC) for the particular district once the district is designated. The specific guidelines adopted by the DRC shall be the basis for review and action upon applications for a certificate of appropriateness.
4. The general definition, rights, and obligations of that which constitutes routine maintenance. Upon designation, the DRC will adopt those criteria for routine maintenance which are specific to the particular district.
5. The general means by which technical assistance will be offered to property owners in the proposed local historic district by the BHC, department of planning, engineering and permits staff, or other groups. Upon designation, those means will be made specific by the BHC for the particular district.
6. A listing of any possible financial incentives that may be proposed for use in promoting preservation activities within the proposed local historic district, how those incentives might be used and how property owners may be made aware of them. Upon designation, these incentives will be made specific by the BHC for the particular district.
7. A listing of what, if any, measures the BHC, the department of planning, engineering and permits staff, or other groups could take to encourage economic activity and development conducive to preservation activities within the local historic district. Those measures will be made specific by BHC upon designation of the particular district.

(3) Before the BHC shall recommend the designation of a local historic property or district, it shall hold a public hearing on the recommendation. Property owners of record will be mailed notification of the hearing at least 15 days prior to the hearing date. The notification shall include the time, date, and location of the hearing. At the hearing, the BHC will consider the recommendation to designate the property or district and to adopt or amend the historic preservation plan.

(4) Upon the BHC's recommendation for designation of a local historic district, the city council will hold a public hearing to consider designation. Property owners of record will be notified by mail at least 15 days prior to this hearing. Notice of the time, place and full text of the proposed ordinance shall be published in a newspaper of general circulation at least 22 days prior to the hearing; and a synopsis of the proposed ordinance, and a reference as to the date of the original publication, shall also be published seven days thereafter in the same newspaper.

(5) The owner of private property which meets the criteria for eligibility as a local historic property as contained in this article or a majority of the owners of private property within a proposed historic district shall be given the opportunity to concur in or object to the designation of

the property or proposed district for designation as a historic property or district. If the owner of the property or a majority of the owners of the properties within the proposed district object to the designation, the property or district shall not be designated.

(6) Upon the designation of any historic property or district by the city, the BHC shall give notice in writing of that designation to all relevant agencies of the city and to all property owners of record included in the historic designation. After such notice is given, and the ordinance is published in a newspaper of general circulation, the designation will be in effect.

(7) Any proposed amendment to the historic preservation plan will be considered in the same manner and through the same procedure defined herein for the designation of a property or district and adoption of the preservation plan.

(Code 1980, § 7-1-204; Ord. No. 92-223, 9-1-1992; Ord. No. 00-81, § 1, 5-23-2000)

Sec. 7-1-415. Certificates of appropriateness and economic hardship.

(a) *COA required; design review.*

(1) From and after the designation by the city council of a historic property or district, no exterior portion of any building or other structure, nor any type of signage shall be erected, altered, restored, moved or demolished, nor shall any originally unpainted surfaces be painted within the district or on said property until after a waiver has been issued by the department of planning, engineering and permits or an application for a certificate of appropriateness (COA) has been submitted to and approved by the design review committee (DRC). A COA or waiver therefrom shall be issued prior to the issuance of a building permit for the purpose of constructing, altering, moving or demolishing structures. Each applicant for a COA or waiver must submit whatever documentation has been specified by the DRC and adopted for the designated area in which the property is located. The requirement of a COA or waiver thereof shall apply to both a public and private property which has been designated as a local historic property or which is contained in a local historic district, and shall also apply to all actions by public authorities which involve local historic properties and properties within historic districts.

(2) The city hereby appoints the DRC, as established in section 7-1-385, to perform the duties and responsibilities of the BHC in accepting, considering, and approving, approving as amended, or rejecting applications for COAs; to establish detailed design guidelines for each district; to specify the definition, rights and obligations of routine maintenance for each designated district; and to determine whether these guidelines may be waived due to reasons of economic hardship.

(3) In its review of applications for COAs, the DRC shall not consider interior changes or use having no effect on the exterior of a building or structure. The DRC's design review guidelines, as established in the historic preservation plan for that area, shall apply in considering the granting and denial of certificates of appropriateness.

(4) The department of planning, engineering and permits shall keep a record of all requests for approval of routine maintenance. The DRC shall keep a record of all applications for certificates of appropriateness and of all of its proceedings.

(b) *Application procedures; waiver approval; denial and appeal.*

(1) *Application required.* Each applicant for a COA or waiver therefrom must initially submit proposed drawings, photographs and plans, as set forth in the historic preservation plan, for the subject property

to the urban planning department staff, who will determine whether a waiver or COA is necessitated. All applications submitted for review shall be accompanied by a review fee as provided in section 7-1-7 of the General Code of the City of Birmingham.

(2) *Waiver.* Where the provisions, rights, and obligations for routine maintenance apply, the department of planning, engineering and permits staff will prepare a written waiver and present it to the owner which will specify those minimum repairs which were approved under DRC guidelines and the allowable method by which such repairs can be accomplished. If the owner is found to be in violation of the terms of the waiver, he or she will be given 30 days to bring the property into compliance, or to appear before the DRC to request a change in the terms specified in the waiver. After reviewing the original waiver or any request for amendment thereto, the DRC shall specify in writing the terms of the waiver and the time for compliance. Failure to comply with the terms of such waiver shall be deemed a violation of this article.

(3) *DRC meetings.* Applications for a COA shall be considered by the DRC at its regularly scheduled meetings. The applicant shall be informed in writing of the time and place of the hearing.

(4) *DRC considerations.* Upon acceptance by the DRC of an application for a COA, or COA with revisions, the DRC shall consider whether it finds that the proposed change, erection or demolition conforms to the design standards established, is compatible with the character of the historic property and historic district and does not detract from their historic value. Upon written request by an applicant, the DRC shall consider whether conformance with the design standards established will result in economic hardship. In making this determination, the DRC shall consider, in addition to any other pertinent factors, the historical and architectural features of the structure involved and the proposed change thereto, and the effect of the change to the exterior architectural style and pertinent features of other structures in the immediate neighborhood.

(5) *Approval.* If the application is approved, the DRC, within seven working days of its action, shall transmit a COA to the owner and the department of buildings and inspections, in letter form, clearly stating the work approved.

(6) *Denial.* In the event the DRC rejects an application, it shall within seven working days of its action state its reasons for doing so in writing and shall transmit such decision to the applicant and director of buildings and inspections. This action shall be binding upon the director of buildings and inspections or other administrative officer charged with issuing building permits; and, in such case, no building permit shall be issued.

(7) *Appeal or reapplication.* Any person having a request for a COA or COA with revisions denied by the DRC may:

a. Request a determination of economic hardship from the DRC;

b. Make modifications to such person's plans and resubmit the application for reconsideration at any time after doing so; and/or

c. Make written appeal of such denial or denial of a finding of economic hardship first to the Birmingham Historical Commission within 15 days of the denial. The BHC shall hear the appeal within 30 days and shall render its opinion in writing within five working days after its decision and shall transmit such decision to the applicant and the director of buildings and inspections. In the event that the grievance remains unsatisfied, a final appeal may be filed with the Circuit Court of Jefferson County.

(8) *BHC action.* The BHC or the city may institute any appropriate action or proceeding in a court of competent jurisdiction:

a. To prevent any unapproved change in the exterior of a building or structure which is a historic property or contained in a historic district;

b. To prevent any illegal act or conduct with respect to such historic property or historic district; or

c. To recover any damages which may have been caused by the violation of this article.

(c) *Expiration of certificate of appropriateness.* After the owner receives a building permit, construction must begin within six months and be completed within 18 months after the COA has been issued. Extensions of this time may be obtained after good cause having been shown. If the owner does not comply with the above construction time requirements, the COA shall expire and become void.

(d) *Neighborhood participation.* Neighborhood participation is recognized as being essential to the administration of local historic districts pursuant to this article. To facilitate this process, the following procedures shall apply:

(1) Local historic districts shall have the right to designate local historic advisory committees (committees) to be appointed by the citizens participation neighborhood association (neighborhood association) in which all or a majority of the local historic district is located. Such committees shall have not more than seven nor less than three members. Whenever practicable, at least one member of these said committees shall be a representative of the following professional groups; architects, building trades, civil engineers or real estate brokers or developers.

(2) Within 60 days following the adoption of the amended ordinance from which this article is derived, the department of planning, engineering and permits (PEP) will develop an orientation program for members of committees. Members of each committee will be afforded a reasonable opportunity to receive the orientation developed by PEP. In order for a committee to be designated as an advisory committee and to maintain such designation, a majority of its members shall have received said orientation and also shall have attended at least four meetings of the DRC. New members appointed to advisory committees will be afforded a reasonable opportunity to receive the PEP orientation and to attend meetings of the DRC. PEP will forward to advisory committees in locally designated historic districts cases arising in such district for the advisory committees to hear and make recommendations to the DRC; provided, however, all requests for waivers and consideration of economic hardship shall be considered by the DRC. The advisory committee shall follow and be bound by the same procedures and considerations as the DRC as set out in this article for consideration of a COA. The recommendation of such an advisory committee shall be delivered to the DRC within 30 days of receiving such case. In order for the DRC to reverse, wholly or partly, or modify the recommendation submitted by the advisory committee a vote of two-thirds majority of the DRC members present at the meeting which considers the matter is required.

(3) In all other cases, where there is no advisory committee serving the locally designated historic district, notices shall be sent to the neighborhood association in which all or the majority of such locally designated historic district is located through its officers, of all cases on the agenda of the DRC involving properties within such locally designated district. The DRC will not hear a case in such district without providing such notice to allow the neighborhood association a reasonable opportunity to consider the case and make its recommendations to the DRC, provided, however, if such recom-

mendation is not received by the DRC within 30 days of such notice, the DRC may proceed to act without such recommendation, and provided further that if the DRC, by a two-thirds majority vote of the DRC members present, determines that extraordinary circumstances exist which mitigate against the delay necessitated by giving the neighborhood association a chance to consider the matter, the case may be heard by the DRC without such notice being given, provided, however, if the DRC takes such action, the neighborhood will be notified within 30 days of the action taken. The neighborhood may make recommendations to the DRC which shall have sole authority to make the decision.

(Code 1980, § 7-1-205; Ord. No. 92-223, 9-1-1992; Ord. No. 00-81, § 1, 5-23-2000; Ord. No. 19-91, § 2, 7-10-2019)

Sec. 7-1-416. Consideration of economic hardship of local historic designation or design review.

(a) *Determination of economic effect designation requirements.* In order for the design review committee (DRC) to consider the economic effect of designation or of denial of a COA upon an individual property, the owner must demonstrate that such action will cause hardship so as to deprive him or her of a reasonable use of or return on the property. The DRC may solicit expert testimony or may require the owner to make submissions concerning any or all of the following information:

(1) Estimate of the cost of the proposed construction, alteration, demolition, or removal and an estimate of any additional cost that would be incurred to comply with the recommendations of the DRC for changes necessary for the issuance of a COA.

(2) A report from a licensed engineer or architect with experience in rehabilitation as to the structural soundness of any structures on the property and their suitability for rehabilitation.

(3) Estimated market value of the property in its current condition; after completion of the proposed construction, alteration, demolition, or removal; after any changes recommended by the DRC; and, in the case of a proposed demolition, after renovation of the existing property for continued use.

(4) In the case of a proposed demolition, an estimate from an architect, developer, real estate consultant, appraiser, or other real estate professional experienced in rehabilitation as to the economic feasibility of rehabilitation or reuse of the existing structure on the property.

(5) Amount paid for the property, the date of purchase, and the party from whom purchased, including a description of the familial, business, or other relationship, if any, between the owner of record or applicant and the person from whom the property was purchased, and any terms of financing between the seller and buyer.

(6) If the property is income-producing, the annual gross income from the property for the previous two years; itemized operating and maintenance expenses for the previous two years; major capital expenditures since last mortgage; and depreciation deduction and annual cash flow before and after-debt service, if any, during the same period.

(7) Remaining balance on any mortgage or other financing secured by the property and annual debt service, if any, for the previous two years.

(8) All appraisals obtained within the previous two years by the owner or applicant in connection with the purchase, financing, or ownership of the property.

(9) Any listing of the property for sale or rent, price asked, and offers received, if any, within the previous two years.

(10) Assessed value of the property according to the two most recent assessments.

(11) Real estate taxes for the previous two years.

(12) Form of ownership or operation of the property, whether sole proprietorship, for-profit or not-for-profit corporation, limited partnership, joint venture, or other.

(13) Any other information considered necessary by the DRC to a determination as to whether the property does yield or may yield a reasonable return to the owners.

(b) *Determination of economic hardship.* The DRC will consider all information presented and after all such information is received will make a written determination within 60 days of whether hardship and deprivation of reasonable use or return has been demonstrated.

(c) *Financial incentives to remedy economic hardship.* Should the owner demonstrate hardship and deprivation of reasonable use of or return on the property, the city will review its options for providing financial incentives necessary to comply with the DRC's design review decisions. A determination shall be made within 60 days as to whether financial incentives can be made available which are applicable to the project. If such incentives will not be available, or if after application such incentives are not obtained, the DRC shall notify in writing the owner and the department of buildings and inspections that no COA is required.
(Code 1980, § 7-1-206; Ord. No. 92-223, 9-1-1992)

Sec. 7-1-417. Denial of demolition permits.

(a) Owners of historic properties or properties within historic districts may be denied demolition permits for up to 12 months from the date the demolition permit is denied by the design review committee (DRC). The city may, during these 12 months, determine whether it will provide any of the financial incentives necessary to preserve the historic building in accordance with design review guidelines.

(b) If the DRC does find economic hardship, and the Birmingham Historical Commission (BHC) or the city does not provide financial incentives necessary to preserve the building in accordance with design review guidelines, the department of buildings and inspections and the owner shall be notified in writing that a permit may be obtained for demolition, provided that plans for a replacement structure or any other use of the property be first submitted to DRC for review.
(Code 1980, § 7-1-207; Ord. No. 92-223, 9-1-1992)

Sec. 7-1-418. Enforcement.

(a) *Compliance.* After the design review committee (DRC) approves a project and construction begins, it will be the owner's responsibility to bring the building into compliance with the approved plans. If, at any time, the construction is found not to be in compliance with approved plans, a stop work order may be issued by the department of buildings and inspections until plans are presented to the DRC which will bring the building into compliance.

(b) *Violation.* If construction has already been completed and is found to be in violation, the owner will be cited in writing by the department of planning, engineering and permits (PEP) and given 30 days to bring the property in compliance, or to bring his or her plans to the DRC and present sufficient justification of the unapproved design changes. After reviewing the unapproved design changes and the hearing of any evidence regarding such changes, the DRC, either in conjunction with the owner or by itself, shall provide written directives as to how to rectify the violations, if necessary, and to establish a deadline by which the building will be brought into compliance. Failure to comply with said directives or deadline shall be deemed a violation of this article. If the DRC agrees that the unapproved changes are no longer a violation, the urban design division of PEP staff will notify the owner and the inspections division of PEP in writing of that recommendation.

(c) *Penalties.* Any person who shall violate a provision of this article or fail to comply therewith or with any of the requirements thereof, or who shall do any alteration, restoration, or demolition in violation of approved plans shall be guilty of a misdemeanor. Each such person shall be deemed guilty of a separate offense for each and every day or portion thereof during which any violation of any of the provisions of this article is

committed or continued and, upon conviction of any violation, such person shall be punished within the limits and as provided by section 1-1-6.
(Code 1980, § 7-1-208; Ord. No. 92-223, 9-1-1992; Ord. No. 00-81, § 1, 5-23-2000)

CHAPTER 2. RESERVED

CHAPTER 3. PLANNING AND SUBDIVISIONS*

ARTICLE A. RESERVED

Secs. 7-3-1—7-3-20. Reserved.

ARTICLE B. IMPROVEMENT AND SALE OF LAND SUBJECT TO SUBDIVISION REGULATIONS

Sec. 7-3-21. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Subdivision means the division of a lot, tract or parcel of land into two or more lots, plats, sites or other divisions of land, whether described by metes and bounds or by any other description, for the purpose, whether immediate or future, of sale or of building development. The term "subdivision" includes resubdivision and, when appropriate to the context, relates to the process of subdividing or to the land or territory subdivided.
(Code 1964, § 40-9; Code 1980, § 7-3-21)

Sec. 7-3-22. Approval of preliminary plat prerequisite to construction of street, etc.

It shall be unlawful for any owner of land, his or her agent or subdivider, after or with a view to subdivision thereof, to proceed with the making or construction thereon of any street, sidewalk or other way or improvement for subdivision purposes until after approval by the planning commission of a preliminary plat in accordance with the subdivision regulations of the planning commission as at the time in force. Each day's work of making or construction shall constitute a separate offense.
(Code 1964, § 40-10; Code 1980, § 7-3-22)

Sec. 7-3-23. Approval of final plat prerequisite to sale of land.

It shall be unlawful for any owner of land to sell or convey a part but not all thereof until after approval by the planning commission of a final plat in accordance with the subdivision regulations of the planning commission as at the time in force; provided that this section shall not be construed to apply to the sale or conveyance of any full lot of land comprising part of a subdivision made prior to January 1, 1956. Each sale or conveyance in violation of this section shall constitute a separate offense.
(Code 1964, § 40-11; Code 1980, § 7-3-23)

Sec. 7-3-24. Enforcement.

The city engineer and his or her assistants shall enforce the provisions of this article.

CHAPTER 1. IN GENERAL

Sec. 8-1-1. Court established.

(a) There is hereby created, established and set up a municipal court for the city to be known as "Municipal Court of the City of Birmingham," pursuant Code of Ala. 1975, tit. 12, ch. 14, as amended, and title 8 of the General Code of the City of Birmingham, as amended.

(b) (1) There shall be five full-time municipal judges. The full-time municipal judges shall be designated as follows:

a. Municipal court judge, full-time, place No. 1;

b. Municipal court judge, full-time, place No. 2;

c. Municipal court judge, full-time, place No. 3;

d. Municipal court judge, full-time, place No. 4;

e. Municipal court judge, full-time, place No. 5.

(2) There shall be up to four part-time municipal judges. The part-time municipal judges shall be designated as follows:

a. Municipal court judge, part-time, place No. 1;

b. Municipal court judge, part-time, place No. 2;

c. Municipal court judge, part-time, place No. 3;

d. Municipal court judge, part-time, place No. 4.

(3) There shall be one part-time municipal judge designated as municipal court judge, part-time, place No. 5, which shall be a temporary office. The office of municipal court judge, part-time, place No. 5, shall sunset and cease to exist two years after the passage of this section or two years after the initial appointment filling the office, whichever is later.

Each judge's specific court assignment and place number shall be designated by the presiding judge.

(c) Nothing in this section shall prevent the city council from increasing or decreasing the number of municipal judges, as needed, by ordinance and in accordance with the Mayor-Council Act of 1955.
(Code 1980, § 8-1-1; Ord. No. 94-87, 5-10-1994; Ord. No. 19-94, § 1, 7-10-2019)

Sec. 8-1-2. Municipal judges—Appointment and salary.

The judges of the municipal court shall be appointed by the city council by vote of a majority of its members. They shall receive a salary for their services as shall be fixed from time to time by the council, provided that no judge's salary shall be diminished during his or her term of office, and any general increase in the compensation of all or substantially all municipal employees shall be applied proportionately to the salary of each municipal judge. One of these judges shall be designated presiding judge as hereinafter provided.
(Code 1980, § 8-1-2)

Sec. 8-1-3. Same—Qualifications.

Municipal judges of the city shall be licensed to practice law in the state, must be a qualified elector of the state and must not be otherwise employed in any capacity by the city, and no full-time municipal judge shall, during his or her continuance in office, engage in the practice of law or receive any remuneration for his or her judicial service except the salary and allowances authorized by the city.
(Code 1980, § 8-1-3)

Sec. 8-1-4. Same—Oath.

Each municipal judge shall, before assuming office, take and sign the oath provided by the Constitution of Alabama and a copy thereof shall be filed in the office of the secretary of state, the administrative director of courts and the clerk of

the municipality; provided that failure to file as herein required shall not render invalid any act, order or judgment of the judge.
(Code 1980, § 8-1-4)

Sec. 8-1-5. Same—Term.

The term of office of each full-time municipal judge shall be for a term of four years. The term of office of a municipal judge other than a full-time municipal judge shall be two years. The term of either full-time or part-time municipal judges shall continue until a successor has been appointed and qualified. The mayor shall designate a presiding judge, who shall have those additional duties and powers and be entitled to receive the additional compensation as provided by ordinance.
(Code 1980, § 8-1-5)

Sec. 8-1-6. Duties; absence, death or disability, appointment of judge.

(a) It shall be the duty of each municipal judge to keep an office in the city and to hear and determine all cases for the breach of this Code or other ordinances of the city that may be brought before him or her. Each municipal judge is especially vested with and may exercise full jurisdiction in all prosecutions for the breach of the ordinances of the city within its police jurisdiction and any other jurisdiction as may be authorized by law as in quasi-criminal matters, and may impose the penalties prescribed by law for the violation of the laws and ordinances of the city and state, and shall have all the powers conferred upon that judge by this title or any other law.

(b) The office of a municipal judge shall be vacant if he or she dies, resigns or is removed, and vacancies shall be filled by the municipal governing body in the same manner as original appointments are made.

(c) In the absence from the city, death, disability or disqualification of a municipal judge, for any reason, the mayor shall have the authority to designate a person, licensed to practice law in the state and a qualified elector of the state, not otherwise employed in any capacity by the municipality, to serve as acting municipal judge under the direction of the presiding judge, with all power and authority of a duly appointed municipal judge. No such acting judge may serve for more than 30 successive days or a total of 60 days in any calendar year; provided that when the duly appointed municipal judge is disqualified pursuant to the state constitution, the time of service limitations for acting judges shall not apply during the disqualification.

(d) The municipal judge shall be subject to all grounds of disqualification from hearing specific cases applicable to circuit judges.

(e) No full-time municipal judge shall, during his or her continuance in office, engage in the practice of law or receive any remuneration for his or her judicial service, except the salary and allowances authorized by the city.

(f) No full-time municipal judge shall engage in campaign activities in connection with a political candidate other than candidates for judicial office and shall not be involved in political fund solicitations other than for his or her campaign which funds shall not be used for his or her private benefit.

(g) A full-time municipal judge shall resign his or her office when he or she becomes a candidate either in a political or in a general election for a nonjudicial office.

(h) A full-time municipal judge shall prohibit public officials or employees subject to his or her direction or control from doing for him or her what he or she is prohibited from doing by law or by the Canons of Judicial Ethics.

(i) The presiding judge of municipal court shall, when required, report to the council on the operation of the court and shall report on the proceedings of the court as otherwise required by law or rule.

(j) The presiding judge shall designate personnel to be responsible for accounting for all uniform traffic tickets and complaints used in the court. These personnel shall be responsible for the proper disposition and accounting of the tickets and shall cause to be prepared and submitted records and reports relating to the uniform

traffic ticket and complaint on a regular, systematic, basis, not less than monthly, to the administrative director of courts (ADC).
(Code 1980, § 8-1-6; Ord. No. 94-88, 5-10-1994)

Sec. 8-1-7. Time and place sessions of court held; facilities, personnel, etc.

(a) Municipal judges shall hold morning and afternoon sessions each day and evening sessions when required, except Saturdays, Sundays and recognized holidays under the direction of the presiding judge who shall direct the place and time for these sessions and assign quarters therefor.

(b) The mayor shall provide for prosecution, appropriate facilities, supplies, furnishings and necessary supportive personnel for the municipal court, and may provide for probation services, clerks and municipal employees designated as magistrates, as well as provide for indigent defense services as required by law.
(Code 1980, § 8-1-7)

Sec. 8-1-8. Powers and jurisdiction generally; trial.

(a) The municipal court and the judges thereof shall have and exercise all the power and jurisdiction which is now and which may from time to

time hereafter be conferred upon them, respectively, by the constitution, statutes and ordinances of the state and city.

(b) The municipal judges shall have power to administer oaths, to compel the attendance of witnesses and to compel the production of papers and books.

(c) The municipal court shall have concurrent jurisdiction with the district court of all acts constituting violations of state law committed within the police jurisdiction of the municipality which may be prosecuted as breaches of municipal ordinances.

(d) All cases in municipal courts will be tried by a judge without a jury.
(Code 1980, § 8-1-8)

Sec. 8-1-9. Presiding judge.

One of the permanent judges regularly assigned to the trial of cases shall be appointed by the mayor to serve as presiding judge of the municipal court in addition to the regular duties of that judge. All cases brought for the violation of any provision of this Code, or other bylaw or ordinance of the city or state, shall be brought before the presiding judge for disposition unless otherwise directed by that judge. The presiding judge shall have full authority to hear all pleas and motions relating to those cases and to assign the cases to another judge for trial or other disposition so as to equalize and expedite the work of the court. He or she shall also have authority to prescribe reasonable rules and regulations for the dispatch of the business of the court. He or she shall have direct charge and supervision of all clerks and other personnel of the court; provided that law department reporters, otherwise known as court reporters, shall not be considered a part of the personnel of the court. During his or her absence or inability to serve as presiding judge on account of illness, absence from the city or other reason, a temporary presiding judge may be appointed by the mayor. The presiding judge (other than a temporary presiding judge), in addition to his or her regular compensation as a municipal judge, shall receive additional compensation for the additional duties and responsibilities imposed by this section at the rate of five percent of the regular monthly compensation of a municipal judge per month. The presiding judge shall be entitled to any additional compensation only during his or her tenure as presiding judge.
(Code 1980, § 8-1-9; Ord. No. 95-115, § 1, 6-20-1995)

Sec. 8-1-10. Power to fine or imprison generally.

(a) The municipal judge trying any person for violation of any provisions of this Code or other bylaw or ordinance of the city shall, upon conviction of that person, have the power to fine and imprison him or her; provided, however, that no fine or sentence of imprisonment shall exceed the maximum fine and sentence provided by the city ordinance violated or be imposed where prohibited by law. The penalty imposed on a corporation shall consist of the fine only, plus costs of court.

(b) In the enforcement of the penalties prescribed in the Code of Ala. 1975, § 32-5A-191, as amended, "Driving while under the influence of alcohol or controlled substances, etc.," the fine shall not exceed $5,000.00 and any sentence of imprisonment or hard labor shall not exceed one year as provided by the Code of Ala. 1975, § 11-45-9, as amended.

(c) As provided by the Code of Ala. 1975, § 13A-5-12.1, as amended, the maximum fine for every person convicted for misdemeanor theft crimes and certain other misdemeanor crimes based on monetary value that are enumerated in Alabama Acts 2003, Act No. 2003-355, shall be $1,000.00 and any sentence of imprisonment or hard labor for such crime shall not exceed six months.

(d) In the event the fine and costs are not presently paid, the defendant may be required to work out the fine and costs under the direction of the city authorities, allowing $25.00 for each day's service. Provided, further, that the court may, in its discretion, remit fines, costs and fees, and impose any other remedial punishment as authorized by law.

(e) Upon conviction, the court may, upon a showing of inability to make immediate payment of fines and costs, accept defendant's bond with or

without surety and with waiver of exemptions as to personalty payable within 90 days, upon nonpayment of which execution may issue as upon judgments in state courts.

(f) The municipal judge shall have the authority to continue the case from time to time to permit the fine and costs to be paid, remit fines, costs and fees, impose intermittent sentences, establish work release programs, require attendance of educational, corrective or rehabilitative programs, suspend driving privileges for those times and under the conditions as provided by law and order hearing to determine the competency of the defendant to stand trial; provided, further, that the judge may enter an order authorizing the defendant to drive under the conditions set forth in the order.

(g) The municipal court may also suspend the execution of sentence and place a defendant on probation as provided in section 8-6-2.
(Code 1980, § 8-1-10)

Sec. 8-1-11. Contempts.

The municipal judges of the city shall have power to punish for contempts by a fine not exceeding $50.00 or imprisonment not exceeding five days, or both.
(Code 1980, § 8-1-11)

Sec. 8-1-12. Search warrants.

(a) A search warrant may be issued by the municipal judge to search for any personal property when it is made to appear to him or her upon oath that there is probable cause to believe that the property was stolen or embezzled, or was used as the means of committing a felony, or is in the possession of any person with the intent to use it as a means of committing an offense contrary to the laws of the state or of the city, or is in the possession of another to whom the same may have been delivered for the purpose of concealing it or preventing its discovery. These warrants are returnable to the municipal court for ordinance violations and to any state court for violations of state law.

(b) An administrative search warrant may be issued by any municipal judge of the city to inspect any place or premises in the city as to structural or other condition on, upon or in any place or premises where an inspection is to be made pursuant to, under the provisions of, or for the enforcement of an ordinance or regulation of the city when it is made to appear to any such municipal judge upon oath of any employee of the city or of the county board of health that facts exist which show a reasonable need for such an inspection and entry, that the owner or person in charge or possession of the place or premises to be inspected has refused to permit an entry and inspection of the place or premises and that the employee is acting under proper authorization.

(c) Any search warrant issued hereunder shall be directed by the municipal judge to the employee applying for the same commanding him or her to inspect that place or premises named therein between the hours of 8:00 a.m. and 4:00 p.m. or any other reasonable time during daylight hours as the municipal judge may prescribe and within ten days after the issuance thereof, to make proper return on the writ to the municipal judge issuing the same specifying that the warrant has been executed by performing the inspection authorized thereby or otherwise setting out the reason why the inspection was not performed. The administrative search warrant must be executed by making the inspection authorized thereby within ten days after its date, and after that time, if not so executed, is void.
(Code 1980, § 8-1-12)

State law reference—Search warrants generally, Code of Ala. 1975, § 15-5-1 et seq.

Sec. 8-1-13. Interference with officers, etc., prohibited.

(a) It shall be unlawful for any person to interfere with, oppose or obstruct any officer or employee of the city or employee of the county board of health while that officer or employee is engaged in making an inspection or attempting to make an inspection of any place or premises under a search warrant issued under the provisions of section 8-1-12(b).

(b) It shall be unlawful for any person in possession or control of any place or premises to be inspected under a search warrant issued under the provisions of section 8-1-12(b) to refuse to permit an inspection thereof as authorized by that warrant.
(Code 1980, § 8-1-13)

Sec. 8-1-14. Reserved.

Sec. 8-1-15. Attorneys, city employees not to act as agents for attorneys.

It shall be unlawful for any person in the employment of the city to act as agent for any attorney in securing cases from prisoners for that attorney, or to summon any lawyer to the city jail, except at the request of the prisoner.
(Code 1980, § 8-1-15)

CHAPTER 2. CLERKS

Sec. 8-2-1. Appointment; deputy and court administrator.

The mayor shall designate one of the senior clerks as court administrator. The court administrator, under the direction of the presiding judge, shall be charged with the responsibility of keeping all the records, documents and dockets of the court, and he or she shall act in a supervisory capacity over all other clerks. The court administrator shall also be responsible for the collection of fines and costs from the summary disposition of nondisputed traffic infractions, minor ordinance violations, and municipal parking violations as provided in Alabama Rules of Judicial Administration, Rules 19 and 20, and shall properly account for all uniform traffic tickets and complaints (UTTC) upon which said traffic infractions have been charged, and shall cause to be prepared and submitted records and reports relating to the UTTC on a regular systematic basis, as may be requested by the administrative director of courts (ADC).
(Code 1980, § 8-2-1; Ord. No. 89-224, 9-26-1989; Ord. No. 92-176, 6-30-1992; Ord. No. 93-271, 11-9-1993)

Sec. 8-2-2. Power as to oaths, summonses and other papers.

The clerks and magistrates of the municipal court shall have power to administer oaths and take affidavits in all cases in which oaths and affidavits are required by law, to issue summonses for witnesses, scire facias on forfeited bonds and any or all other papers or processes necessary for a speedy conduct of the business of the court.
(Code 1980, § 8-2-2)

CHAPTER 3. FINES AND COSTS

Sec. 8-3-1. Fines to be paid in money.

All fines and costs imposed by the municipal judges of the city and any other fines or costs payable to the city shall be paid in lawful money of the United States, but in no case where the fine and costs exceed the amount of $5.00 may the fine be paid by pennies.
(Code 1980, § 8-3-1)

Sec. 8-3-2. Fines for benefit of city.

All fines, penalties, forfeitures and recoveries for violation of any provision of this Code or other ordinance of the city shall be for the use and benefit of the city, unless otherwise expressly provided.
(Code 1980, § 8-3-2)

Sec. 8-3-3. Payment of fines, etc., to director of finance.

The court administrator or any clerk or deputy clerk who shall collect or receive any fines or costs or forfeitures assessed against any person or who shall accept any deposit from any person in lieu of bail shall promptly remit all those amounts or a report of those amounts so collected daily to the director of finance unless otherwise provided herein. Any such deposits in lieu of bail remitted to the director of finance shall be held in a special account to the credit of the court administrator of the municipal court to be held and disbursed as required by law.
(Code 1980, § 8-3-3)

Sec. 8-3-4. Charging certain fees.

The court administrator of the municipal court is authorized to charge fees for any transcripts furnished to any party interested or any documents, official books and papers in his or her possession, custody or control, or of any judicial proceedings in the municipal court, such as are allowed clerks of the circuit court or district court for similar services. All these fees so collected by the clerk shall be remitted to the director of finance.
(Code 1980, § 8-3-4)

Sec. 8-3-5. Additional court cost to benefit municipal jail, municipal court, etc.

(a) Upon each conviction in municipal court for a violation of any provision of this Code or other ordinance of the city, there shall be taxed against the defendant as court costs and fees the maximum amount of court costs and fees that are allowed to be charged in the District Court of Jefferson County for a similar case.

(b) All court costs and fees imposed by the state statutes or rules shall be remitted pursuant to such statutes or rules.

(c) Pursuant to Code of Ala. 1975, § 12-14-14, as amended, the sum of $5.00 shall be paid into the city's general fund from the costs taxed according to subsection (a) of this section.

(d) Pursuant to Code of Ala. 1975, § 12-14-14, as amended, an additional sum of $10.00 shall be paid into the city's general fund from the costs taxed according to subsection (a) of this section.

(e) Pursuant to Code of Ala. 1975, § 12-19-172(d), as amended, the sum of $2.00 shall be paid into the city's general fund from the costs taxed according to subsection (a) of this section to be used only for equipment, training, and certification of municipal court officials and employees.

(f) The difference in the amount of the court costs collected pursuant to subsection (a) of this section and the remittances made pursuant to subsections (b), (c), (d) and (e) of this section shall be paid into the City of Birmingham Corrections Fund to be used exclusively for the operation and maintenance of the Birmingham Municipal Jail, the Birmingham Municipal Court or any other correctional facility or court complex established after the effective date of the ordinance from which this section is derived.

(g) Any subsequent increase in court costs or fees for traffic, non-traffic, DUI, or drug cases mandated by the state or any increase in the court costs or fees of the District Court of Jefferson County for misdemeanor cases, whether traffic, non-traffic, DUI or drug cases, shall cause the court costs in the city municipal court to increase by the same amount and shall be remitted pursuant to the statute or rule instituting such increase.

(h) The costs in every case tried before the municipal judge shall be entered on the trial docket; and in no case shall any person be entitled to any fees unless these fees are clearly set down, item by item, on the docket. It shall be the duty of the judge to see that this section is enforced.
(Code 1980, § 8-3-5; Ord. No. 02-133, 9-17-2002; Ord. No. 08-103, 5-13-2008)

State law reference—Additional court costs authorized, Code of Ala. 1975, § 11-47-7.1.

Sec. 8-3-6. No costs to be paid by city.

No part of the costs nor any of the fees due any officer in any case or proceeding for a violation of this Code or other city ordinance shall be taxed against or paid by the city.
(Code 1980, § 8-3-6)

Sec. 8-3-7. Costs of frivolous prosecutions.

Whenever a person is tried on the complaint of another and is acquitted, the municipal judge may, if he or she is satisfied that the complaint is frivolous or malicious, tax the party making the same with all or any part of the costs, at his or her discretion, and the same shall be collected as other costs.
(Code 1980, § 8-3-7)

Sec. 8-3-8. Administrative adjudication of certain minor offenses in lieu of trial.

(a) With the exception of the following violations:

(1) Violations resulting in personal injury;

(2) Operation or possession of a motor vehicle while intoxicated;

(3) Reckless driving;

(4) Felonies or indictable offenses;

(5) Operation of a motor vehicle while license is suspended or revoked;

(6) Where the alleged offense is a moving violation or violation of section 11-8-8, premises to be kept free of garbage, weeds, inoperable motor vehicles, tires, and the alleged offender has previously been convicted to two or more moving violations or two or more violations of section 11-8-8, respectively, within the preceding 12 months;

(7) Failure to report an accident;

(8) Leaving the scene of an accident;

(9) Racing;

(10) Reckless driving in a parking lot; and/or

(11) Disregarding of a school bus signal;

violations of this Code and other ordinances of the city which have established by ordinance a schedule of fines for each such violation may be settled voluntarily, without any costs unless otherwise required by law, by the person charged with any such violation by an administrative adjudication in the manner herein proscribed.

(b) A defendant charged with a traffic infraction or minor misdemeanor where a schedule of fines has been prescribed by rule or ordinance or pursuant thereto may, within seven days, or, in the discretion of the magistrate, at any time on or before the court date shown on the ticket:

(1) Appear in person at the city magistrate's office, sign a plea of guilty and waiver of trial provision on the ticket or other form provided by the city, and pay the required fine and costs, a copy of which ticket or form shall be retained by the magistrate. In other cases where citations are given and do not require a court appearance, the payment of said citations properly made and accepted by the city shall constitute a waiver of trial.

(2) Sign the guilty plea and waiver of trial provisions on the ticket or form provided and mail the ticket and the amount of the required fine and costs to the clerk of the court. Remittance by mail of such fine and costs constitutes a guilty plea and waiver of trial whether or not the guilty plea and waiver of trial provision on the ticket are signed by the defendant. In other cases where citations are given and do not require a court appearance, the payment of said citations properly made and accepted by the city shall constitute a waiver of trial. Should the amount tendered be insufficient, such money received by the magistrate or clerk shall be considered to be a partial payment of the lawful penalty, applied by the clerk to the fines and costs and disbursed as required by law. The clerk may give notice of such insufficiency, and a supplemental summons or warrant of arrest shall be issued for the offender's arrest, and a judgment shall be entered by the court for the balance of the penalty due.

(3) When a defendant fails to appear pursuant to a ticket for a traffic infraction or minor misdemeanor issued to him or her or any bond executed by him or her, the court shall issue a supplemental summons or warrant and forfeit bail according to law. The case thereafter shall be disposed of as a court case upon the arrest of the defendant, but nothing herein shall prevent the defendant from making bail or bond anew in the same manner as other defendants.

a. Provided, however, that, notwithstanding the provision hereinabove, if the alleged offense is that of a moving or a defective

equipment violation and the alleged violator has not properly disposed of the violation by the date and at the time set in the citation for court appearance, then the court may, in lieu of the foregoing, refer the citation to the magistrate and may extend the period during which payment may be made for not less than seven nor more than 21 days from the original court appearance date; in addition to the basic fine, court costs and fees paid during this period and prior to docketing for court appearances, there shall be a penalty of $10.00 in addition to the amount set for the basic fine as set out in section 8-3-10, summary disposition of minor traffic and other minor offenses fine schedule; and

b. If the alleged offense is that of any nonparking violation or any nonmoving violation as is prohibited by this Code, as amended, or any other ordinance of the city, and if the alleged violator does not make application for payment or appear in municipal court on the date and at the time set in the citation for court appearance, then the court may, in lieu of the foregoing refer the citation to the magistrate and may extend the period during which payment may be made for not less than seven nor more than 21 days from the original court appearance date. In addition to the basic fine paid during this period and prior to docketing for court appearance, there shall be a penalty of double the amount set for the basic fine as set out in section 8-3-10, summary disposition of minor traffic and other minor offenses fine schedule, if the basic fine is less than $10.00. If the basic fine as set out in section 8-3-10 is $10.00 or more, then the penalty to be paid in addition thereto shall be $10.00.

c. If the alleged offense is that of any parking violation or as is prohibited by this Code, as amended, or any other ordinance of the city, and if the alleged violator does not make application for payment or appear before a magistrate on the date and at the time set in the citation for appearance, then the magistrate may extend the period during which payment may be made for not less than seven nor more than 21 days from the original court appearance date. In addition to the basis fine paid during this period and prior to docketing for court appearance, there shall be a penalty of double the amount set for the basic fine as set out in section 8-3-10, summary disposition of minor traffic and other minor offenses fine schedule, if the basic fine is less than $10.00. If the basic fine as set out in section 8-3-10 is $10.00 or more, then the penalty to be paid in addition thereto shall be $10.00.

d. Any person who has received a citation for driving a vehicle without required headlights, brake lights, taillights, or tag lights may avoid the payment of any penalty therefor by having the equipment repaired and inspected by any police officer of the city within 72 hours after receiving the citation, excepting legal holidays and Sundays. Upon such inspection, if the officer ascertains that the equipment is in good repair, he or she may make a written recommendation on the citation that the citation be voided. Any such citation presented to the magistrate on or before the date marked for court appearance shall be voided.

e. Any person who has received a citation for the following:

   1. Defacing pavements or curbstones;

   2. Sweeping trash into streets;

3. Throwing litter upon public or private ways;

4. Allowing defective or unsafe conditions of sidewalks or grass plots;

5. Allowing fences to encroach on public rights-of-way;

6. Maintaining gates and doors opening over public ways; or

7. Causing or permitting abutting sidewalks to be unclean;

may avoid the payment of any penalty therefor by correcting the violation and having it inspected by the sanitation inspector who is assigned to the district in which the violation occurred within 72 hours after receiving the citation, excepting legal holidays and Sundays. Upon such inspection, if the inspector ascertains that the violation has been corrected in accordance with this Code and ordinances of the city he or she may make a written recommendation on the citation that the citation be voided. Any such citation presented to the magistrate on or before the date marked for court appearance shall be voided.

(4) Fines and costs from the summary disposition of minor traffic infractions and misdemeanors shall be paid to the clerk of the court, who shall dispense said funds as provided by law; provided, however, that the magistrates serving outside the office of clerk shall transfer all records, including the ticket and plea of guilty, within the next two days that the court is open for business of receipt thereof, and all fines and costs in accordance with rules adopted by the administrative director of courts.

(Code 1980, § 8-3-8; Ord. No. 80-136, 7-15-1980; Ord. No. 82-48, 3-9-1982; Ord. No. 85-30, 3-5-1985; Ord. No. 92-136, 6-2-1992; Ord. No. 94-85, 5-3-1994; Ord. No. 97-96, 8-12-1997)

Sec. 8-3-9. Voluntary settlement of charges of drunkenness in lieu of trial.

(a) Any person who is in the city jail charged with drunkenness or drunken conduct under section 11-6-12 who is not then manifesting an intoxicated condition may make bond, with or without surety, as approved by the municipal judge or his or her designee, for appearance in municipal court to answer the charge at a specified time and date not less than ten nor more than 15 days thereafter, and the warden or his or her designee shall issue to that person a citation to be signed by the defendant stating the time and date for the appearance in court whereupon the person shall be released from custody forthwith; provided that any such person, unless otherwise provided in this section, may apply for an administrative disposition of his or her case in the manner provided in section 8-3-8 prior to the date his or her case is set for court in lieu of trial of the charge and the city magistrate is authorized to accept the application and to make a summary disposition of the case in the manner provided. The fine to be imposed in the administrative or summary disposition shall be the amount of $20.00 plus any required court costs. In the event any person bonded in accordance with the provisions of this section shall fail to make timely application for the administrative or summary disposition, he or she shall appear in court at the specified time and the charge shall then be disposed of as otherwise provided by law. The provisions of this section shall be limited to cases of drunkenness unaggravated by any other alleged offense.

(b) The provisions of this section shall apply to persons who have not within the previous 12 months been adjudged guilty of the offense either upon trial or by an administrative or summary disposition as herein provided, and any such person who has been adjudged guilty of such charge within the previous 12-month period shall be required to make bond, approved by an authorized officer, and his or her case set at a specified time and date for disposition according to law.

(Code 1980, § 8-3-9)

Sec. 8-3-10. Summary disposition of minor traffic and other minor offenses by fine schedule.

(a) The following listed schedules of minor traffic and misdemeanor offenses and parking violations and fines therefor may be settled voluntarily by the person charged for any such violation by administrative adjudication as provided in section 8-3-8:

(1) The schedule of fines for traffic infractions, established by Rule 20(A), Alabama Rules of Judicial Administration, as now or hereafter amended, shall apply if the defendant in a municipal court case elects to plead guilty before a magistrate to one of the traffic offenses listed in this schedule. Subsequent amendments to the schedule of fines established under Rule 20(A) shall apply.

(2) Pursuant to Rule 20(C), Alabama Rules of Judicial Administration, the state supreme court's extended schedule of fines as it appears in appendix B to Rule 20 of the Alabama Rules of Judicial Administration, as now or hereafter amended, shall apply if the defendant in a municipal court case elects to plead guilty before a magistrate to any of the offenses listed in this schedule. CHAPTER 4. PROCEDURE

Sec. 8-4-1. Service of process.

The chief of police shall cause to be served and executed any process issued by the municipal court of the city, but any other law enforcement officer or official may also execute the process.
(Code 1980, § 8-4-1)

Sec. 8-4-2. When and how prosecutions begun.

Prosecutions for violation of the provisions of this Code and other city ordinances shall be commenced within 12 months after the commission of the act or offense complained of, and may be begun by warrant of arrest, by arrest without a warrant, by summons, or by any other manner provided by law.
(Code 1980, § 8-4-2)

Sec. 8-4-3. Given and surname of defendant to be employed.

The name of every person complained of in the municipal court shall include his or her given and surname and any other name or initial of the person in the commencement of any prosecution against the person in the court and in all subsequent proceedings in any prosecutions, unless the name is not readily ascertainable.
(Code 1980, § 8-4-3)

Sec. 8-4-4. When warrant of arrest issued; form.

Upon a complaint being made to the municipal judge or a city magistrate that the person so complaining has probable cause for believing, and does believe, that an offense has been committed against this Code or other ordinances of the city, then the judge or magistrate shall examine the person so complaining under oath, and other witnesses, if he or she so desires, touching the offense complained of and if the judge or magistrate shall be reasonably satisfied that the offense alleged has been committed and that there is reasonable ground to believe that the person charged with the offense is guilty thereof, he or she shall issue his or her warrant of arrest on forms as prescribed by the Alabama Rules of Criminal Procedures.
(Code 1980, § 8-4-4)

Sec. 8-4-5. Disposition of persons arrested.

(a) When any person is arrested, with or without a warrant, for a violation of any provisions of this Code or other city ordinance, the officer making the arrest shall forthwith bring the person before a municipal court judge or deliver him or her to the city warden, who shall detain him or her in custody until he or she can be brought before a municipal court judge to be dealt with according to law, unless the person shall give written bond to be approved by a municipal judge or his or her designee in such amount as the judge shall prescribe, pursuant to the Alabama Rules of Criminal Procedure, or release the person as otherwise provided by law, conditioned for his or her appearance before the municipal court on a day named therein, not more than ten days after the arrest, to answer the charge preferred against him or her. On giving the bond, the person shall be discharged from custody and the bond shall be forthwith delivered to the municipal court.

(b) It shall be unlawful for any person to willfully fail to appear in municipal court pursuant to his or her written bond given in accordance with this section, or from time to time as the court may direct, regardless of the disposition of the charge upon which he or she was originally arrested. Any failure to appear shall be prima facie presumed to be willful.
(Code 1980, § 8-4-5)

Sec. 8-4-5.1. Failure to appear on parking violations.

It shall be unlawful for any person to willfully fail to either pay the fine owing for a parking violation or to appear before a magistrate or judge by or on the date and time set in the citation for appearance or any continuance as the magistrate or judge may direct. Any failure to so pay or appear shall be prima facie presumed to be willful.
(Code 1980, § 8-4-5.1; Ord. No. 92-138, 6-2-1992)

Sec. 8-4-6. Continuance of trials.

When a person charged with the breach of any provision of this Code or other city ordinance is brought or comes before the municipal court, the municipal judge may continue the trial from time to time as may be necessary. On the continuance, the defendant, if not previously admitted to bail, may be admitted to bail on his or her entering into an appearance bond to be approved by the municipal judge. On failure to give the bond, the defendant shall be committed to the city jail, and shall be brought before the municipal court on the day to which the trial was continued.
(Code 1980, § 8-4-6)

Sec. 8-4-7. Witnesses.

The clerk of the court, or other authorized officer, shall issue subpoenas at any time for any person to attend as a witness in the municipal court as any party may require, and the subpoena may include an order for the person to produce books, papers, documents or tangible things described therein, or any other lawful order, to appear at the court at the time when the person may be required as a witness or for other lawful purpose, designating the case in which he or she is to testify. It shall be the duty of the person so summoned to appear at the time and place designated and attend from day to day until the case is disposed of. Any person being so summoned and failing to attend as directed, without giving good excuse for the failure, shall be fined not less than $1.00 nor more than $100.00, this fine to be collected as are other fines imposed by the municipal judge. The clerk, when directed by the municipal judge, may issue attachments for defaulting witnesses, upon which proceedings must be had as in the law courts of the state; provided that in case the witness is not immediately wanted, the witness may give bond, as approved and directed by the court for his or her appearance at the time and place to be therein designated; this bond to be taken by the officer executing the writ of attachment.
(Code 1980, § 8-4-7)

Sec. 8-4-8. Municipal judge to determine law and facts; statement of offense; technical objections.

In trials before the municipal judge for violations of this Code and other city ordinances, the municipal judge shall determine both the law and the fact, and justice shall be speedily administered by him or her. No statement of the offense need be made other than that contained in the affidavit or warrant of arrest, and if the defendant has been arrested without a warrant, the entry on the docket of the offense charged shall be treated as the statement, unless the defendant shall demand a written complaint. It shall be sufficient statement of the offense in the affidavit, warrant or entry on the docket to designate the offense or act done by name or by some phrase which in common parlance designates it. It shall be no objection to the proceedings that they are imperfect or inaccurate, and all amendable errors shall be regarded as amended, so as to present only the substantial inquiry of the guilt or innocence of the defendant, and the affidavit, warrant or statement on the docket, one or all, may be changed or amended to meet the state of facts shown in evidence.
(Code 1980, § 8-4-8)

Sec. 8-4-9. Joinder of defendants.

When two or more persons are charged with the same act or offense, they shall, if practicable, be prosecuted and tried jointly, so as to have but one trial; provided that on the application of a defendant, the municipal judge may, when satisfied that justice requires it, try the cases separately.
(Code 1980, § 8-4-9)

Sec. 8-4-10. Judgment entry upon conviction.

When any person who is convicted and fined or fined and sentenced to hard labor for a breach of this Code or any other city ordinance fails to pay the fine and costs, the municipal judge may commit him or her to custody or to hard labor on the streets or other works of the city until the fine and costs are paid, or the hard labor is performed, and the judgment entry in those

cases may be made by the chief clerk or an assistant clerk from the bench notes of the judge and may be on forms as prescribed by the Alabama Rules of Criminal Procedures.
(Code 1980, § 8-4-10)

Sec. 8-4-11. Form of commitment.

In the case provided for by section 8-4-10, the form of commitment may be as prescribed by the Alabama Rules of Criminal Procedures.
(Code 1980, § 8-4-11)

Sec. 8-4-12. Appeals; form of appeal bond, etc.

(a) All appeals from judgments of municipal court shall be to the Circuit Court of Jefferson County for trial de novo.

(b) A defendant may appeal in any case within 14 days from the entry of judgment by filing notice of appeal and giving bond with or without surety approved by the court or the clerk in an amount not more than twice the amount of the fine and costs, as fixed by the court, or in the event no fine is levied the bond shall be not more than $1,000.00 and costs, as fixed by the court, conditioned upon defendant's appearance before the circuit court.

(c) The court may waive appearance bond upon satisfactory showing that the defendant is indigent or otherwise unable to provide a surety bond.

(d) If an appeal bond is waived, a defendant sentenced to imprisonment shall not be released from custody, but may obtain release at any time by filing a bond approved by the court. If defendant is not released, the prosecutor shall notify the circuit court and the case shall be set for trial at the earliest practicable time.

(e) Such bond with surety may be substantially in the form as prescribed by the Alabama Rules of Criminal Procedures.

(f) From a judgment of the municipal court holding an ordinance invalid, the city may appeal to the circuit court, without bond within 14 days of the date of the judgment or the denial of a timely filed post-judgment motion.

(g) When an appeal has been taken, the city shall file the notice and other documents in the circuit court to which the appeal is taken within 14 days failing which the city shall be deemed to have abandoned the prosecution, the defendant shall stand discharged and the bond shall be automatically terminated.

(h) Upon receipt of notice of dismissal of an appeal, the municipal court may issue a warrant for arrest of the defendant, who may also be arrested without a warrant as an escapee. Upon arrest defendant shall be delivered to the municipal authorities and punished in accordance with the judgment of the municipal court.
(Code 1980, § 8-4-12)

Sec. 8-4-13. Appeals from circuit court.

Appeals shall be taken as prescribed by the Alabama Rules of Criminal Procedures.
(Code 1980, § 8-4-13)

Sec. 8-4-14. Summons to corporation—Issuance; form.

Whenever complaint on oath is made before a municipal judge or city magistrate of the city that an offense in violation of this Code or any other ordinance of the city has been committed by a corporation doing business in the city or within the police jurisdiction thereof, the municipal judge or magistrate may issue a summons commanding that corporation to appear before the court on a day therein named, which summons may be in the following form:

State of Alabama Jefferson County	The Municipal Court of Birmingham

TO ANY OFFICER IN SAID COUNTY, GREETING:

You are hereby commanded to summon A.B., a corporation, to appear before the Honorable _____, municipal judge of the City of Birmingham, at his courtroom in the City of Birmingham, at _____ o'clock, on the ____ day of _____, 20____, to answer the City of Birmingham on a charge of (here insert the offense) in violation of the ordinance or law of said city in such cases made and provided, which charge was preferred by _____. And you will then and there make return of this summons.

WITNESS my hand this ____ day of _____, 20____.

Judge/Magistrate of the Municipal Court of Birmingham

(Code 1980, § 8-4-14)

Sec. 8-4-15. Same—Service.

A summons to a corporation may be served by the chief of police, any law enforcement officer or other designated city official upon the corporation by serving a copy thereof upon any officer or agent of the defendant corporation authorized by law to receive service of summons or other civil process issuing against the corporation.
(Code 1980, § 8-4-15)

Sec. 8-4-16. Same—Appearance of corporation.

If a defendant corporation shall appear in response to a summons, the trial shall proceed; if the defendant corporation fails to appear, the trial shall proceed as if the corporation had appeared and pleaded not guilty; but in that case proof must be made to the court that the person upon whom the summons was served was an officer or agent of the corporation authorized by law to receive the service.
(Code 1980, § 8-4-16)

Sec. 8-4-17. Same—Conviction of corporation.

Upon the conviction of a corporation in the municipal court, judgment shall be rendered against it for the fine imposed, together with the cost of court, and after 14 days from the rendition of the judgment, unless the corporation shall have satisfied the judgment or taken an appeal as provided by law for other convictions in the municipal court, execution thereon shall issue against the property of the corporation.
(Code 1980, § 8-4-17)

CHAPTER 5. BONDS AND BONDSMEN

Sec. 8-5-1. Soliciting business prohibited in or around city jail and municipal court.

(a) The following words, terms and phrases, when used in this section, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:

Professional bondsman means a person who makes an appearance for another for a valuable consideration or who is a surety simultaneously on more than four appearance bonds other than for immediate family members.

(b) It shall be unlawful for any professional bondsman or his or her authorized agent, while within the boundaries of any parcel of land owned by the city and upon which is situated any city jail, prison or courtroom, to solicit the business or patronage of making any bond for any defendant of the city; and it shall be unlawful for any such person to loiter within the boundaries of any parcel of land owned by the city and upon which is situated any city jail, prison or courtroom; provided that nothing in this section shall be construed to make it unlawful for any bondsman to visit any defendant at the place of his or her restraint for the purpose of making his or her bond when the defendant has previously requested the visit of the bondsman for that purpose.

(c) It shall be unlawful for any person to act as an agent for any person engaged in the business of professional bondsman in any period during which the bondsman does not have a valid and effective license for the transaction of business.

(d) The presiding judge of the municipal court shall have authority to establish such further procedures, rules, and regulations as the judge may find just and expedient to accomplish the purposes of this section and to facilitate the change from prior procedure.
(Ord. No. 13-68, § 1, 4-30-2013)

CHAPTER 6. CLEMENCY

Sec. 8-6-1. Power of mayor to grant.

Except as otherwise prohibited by state law, the mayor may remit fines and any costs as are payable to the municipality and commute sentences imposed by municipal judges or judges of the court to which an appeal was taken for violations of municipal ordinances, and may grant pardons, after conviction, for violation of any ordinances; and he or she shall report his or her action to the council or other governing body at the first regular meeting thereof in the succeeding month with his or her reasons therefor in writing. He or she shall also cause to be entered in a record kept for that purpose his or her reasons therefor and must preserve on file all documents on which he or she acts.
(Code 1980, § 8-6-1; Ord. No. 89-269, 11-21-1989)

Sec. 8-6-2. Suspension of sentences, probation, etc., by the court.

(a) The municipal court, by a judge thereof, may direct the discharge from custody of any person convicted of a violation of any law or ordinance of the city and suspend execution of the sentence of the defendant at any time and place defendant on probation for varying periods of time not to exceed two years.

(b) The court may require any investigations as may be deemed necessary and desirable, to be made by a probation officer or any other suitable person or persons as the court may designate, as to the circumstances of the offense, the criminal record, social history and present condition of the defendant. The court may suspend the execution of sentence and continue the defendant under an existing bond or may require any additional bail as it deems necessary, pending the disposition of the application for probation.

(c) The court shall determine and may, at any time, include among them the following, or any other: that the probationer shall avoid injurious or vicious habits; avoid persons or places of disreputable or harmful character; report to the probation officer, or other person designated by the judge; permit the officer to visit him or her at his or her home or elsewhere; work faithfully at suitable employment as far as possible; remain within a specified area; pay the fine and costs imposed or those portions thereof as the judge may determine, and in such installments as the judge may direct; make reparation or restitution to any aggrieved party for the damage or loss caused by his or her offense in an amount to be determined by the court; attend defensive driving schools, alcohol countermeasure programs or courses where available and support his or her dependents to the best of his or her ability.

(d) The probation or other officer designated by the court shall investigate all cases when directed to do so by the court and report in writing thereon if the court so directs. The officer, if so designated, shall furnish to each probationer released on probation under his or her supervision a written statement of the conditions of probation and shall instruct the probationer regarding the same. The officer shall keep informed concerning the conduct and conditions of each person on probation under his or her supervision by visiting the probationer, requiring reports from the probationer or others, and shall report thereon in writing as often as the court may require. The officer shall use all practicable and suitable methods, not inconsistent with the conditions imposed by the court, to aid and encourage persons on probation and to bring about improvement in their conduct and condition. The officer shall keep detailed records of his or her work and shall make those reports in writing as the judge may require. The officer so designated shall have, in the execution of his or her duties, the power to arrest probationers and the same right to execute process as is given by law to peace officers. All reports, records and data assembled by any probation officer and referred to the judge shall be privileged and shall not be available for public inspection except upon order of the judge to which the same was referred. All probation reports completed and filed shall be subject to inspection by the defendant or his or her attorney.

(e) The period of probation or suspension of execution of sentence shall be determined by the court and may exceed the length of the sentence and the period may be extended for varying periods of time not to exceed two years from the date the probation or suspension of sentence is

granted. Upon the satisfactory fulfillment of the conditions of probation or suspension of sentence, the court shall by order duly entered on the minutes, discharge the defendant. At any time during the period of probation or suspension of execution of sentence, the court may issue a warrant and cause the defendant to be arrested for violating any of the conditions of probation or suspension of sentence. Any probation officer with probable cause to believe a probationer has violated the conditions of probation may arrest the probationer without a warrant. In case of an arrest without a warrant, the arresting officer shall have a written statement by the probation officer setting forth that the probationer has, in his or her judgment, violated the conditions of probation and the statement shall be sufficient warrant for having probationers brought forthwith before the court for determination as to probable cause for the charge of probation violation. The court may order detention of the probationer pending further hearing, after which the court may revoke the probation or suspension of sentence and order and adjudge that the sentence be immediately executed.
(Code 1980, § 8-6-2)

Sec. 8-6-3. Mayor may appoint parole board.

The mayor may appoint a parole board consisting of five members, one of whom he or she shall designate to serve at his or her pleasure as chairperson; and the chairperson shall, if in attendance, preside at all meetings of the board. In the chairperson's absence, an acting chairperson shall be selected by a majority of the members present. One members of the board shall be appointed for six-year terms.
(Code 1980, § 8-6-3)

Sec. 8-6-4. Meetings of the board.

Meetings of the board shall be held on the first and third Wednesdays of each month, and at the call of the chairperson, when the business of the board shall warrant additional meetings. Three members of the board shall constitute a quorum for the transaction of the business of the board, and no action shall be taken by the board without the approval of at least two of its members.
(Code 1980, § 8-6-4)

Sec. 8-6-5. Authority and duties of board.

Except as otherwise prohibited by state law, the board may remit fines and such costs as are payable to the city, and commute any sentence imposed by the municipal court or any court to which an appeal is taken; may grant paroles and work and educational releases; prescribe the terms upon which persons are paroled or released; and may provide for the supervision of persons released on parole. Any period of parole may exceed the length of sentence but shall in no event exceed two years. Failure of any parolee to observe the conditions of his or her parole as prescribed by the board shall be sufficient cause for the board to revoke that parole.
(Code 1980, § 8-6-5; Ord. No. 89-270, 11-21-1989)

Sec. 8-6-6. Parole officer's reports; powers and duties.

Parole officers may be appointed to investigate all cases referred by the board to such officers and shall furnish to each parolee under his or her supervision a written statement of the conditions of his or her parole, instruct each parolee regarding the same, and keep informed concerning the conduct and condition of each person on parole under his or her supervision. Each parole officer shall make such reports as the board may require. Each parole officer shall have, in the execution of his or her duties, the power of arrest and the authority to execute process as is given by law to police officers of such city. All reports, records and data shall be privileged and shall not be available for public inspection except under order of a court, except that in no case shall the right to inspect the reports be denied the defendant or his or her counsel.
(Code 1980, § 8-6-6)

Sec. 8-6-7. Work and educational releases.

Any person released to work or further his or her education or training who violates any condition of his or her release as prescribed by the board may have such privilege revoked by the board. Any prisoner released to work or further his or her education or training who fails to return to city jail within the time prescribed by

the parole board may, in addition, be deemed an escapee and shall be punished as if the failure to return to city jail is willful.
(Code 1980, § 8-6-7)

Sec. 8-6-8. Work release; wages.

The employer of an inmate who is released from custody under a work release program shall pay the inmate's wages directly to the city finance department. The mayor of the city may adopt regulations concerning the manner of disbursing any earnings of the inmates involved in the work release program. The mayor is authorized to withhold from an inmate's wages the costs incident to the inmate's confinement. After the costs incident to the inmate's confinement have been deducted from the inmate's earnings, the remainder of the inmate's earnings shall be credited to the inmate's account with the city finance department, and upon his or her release from confinement shall be turned over to the inmate. The mayor is authorized, however, to pay the balance of the inmate's earnings to his or her family to be used by them for their support while the inmate is confined, provided the inmate has consented to such payment.
(Code 1980, § 8-6-8)

Sec. 8-6-9. Discharge; arrest for violation of parole; arrest without warrant; hearing; revocation.

Upon the expiration of the period of parole the parolee shall be discharged. At any time during the period of parole the parolee may be arrested for the violation of any condition of his or her parole, and after a hearing by the board his or her parole shall be subject to revocation. Any police officer or other law enforcement officer may arrest a parolee with or without a warrant for the violation of any condition of his or her parole. In case of an arrest without a warrant, the arresting officer shall have a written statement by a parole officer setting forth that parolee has, in the judgment of the parole officer, violated the conditions of his or her parole. Such statement shall be sufficient warrant for the detention of the parolee until he or she can be brought before a parole officer. The parole officer, after advising the parolee in writing of the charged violation and hearing any evidence or explanation offered by parolee in his or her defense shall, if not satisfied from the evidence or explanation of the parolee, forthwith submit to the board a written report of the violation. Upon receipt of the report the board shall set a hearing date to determine if the parole shall be revoked. The parolee at the hearing may be represented by counsel and present evidence in his or her defense. In the event that parole is revoked, the board shall prepare a written opinion stating the evidence relied upon and the reason for such revocation. The parolee, upon such revocation, shall serve his or her sentence as though no parole had been granted him or her, notwithstanding his or her sentence would have ended but for the suspension thereof by parole.
(Code 1980, § 8-6-9)

CHAPTER 7. MUNICIPAL COURT ADMINISTRATIVE AGENCY

Sec. 8-7-1. Agency established.

There is hereby established a municipal court administrative agency under the supervision of the municipal court to provide expeditious service in connection with administrative adjudication of ordinance violations; the handling of uniform traffic tickets and complaints; the issuance of arrest warrants; and other powers provided by law.
(Code 1980, § 8-7-1)

Sec. 8-7-2. Personnel; authority.

The personnel designated by the judge or judges of the municipal court for the accounting of uniform traffic tickets or complaints, court administrator and magistrates shall be considered as officials of the administrative agency. These officers are vested with judicial power reasonably incident to the accomplishment of the purposes and responsibilities of the administrative agency.
(Code 1980, § 8-7-2)

Sec. 8-7-3. Magistrates; powers, etc.

(a) Magistrates shall be considered the chief officers of such administrative agency, subject to the administrative directions of the clerk of the municipal court, and shall be appointed as authorized by law or rule.

(b) The powers of a magistrate shall be limited to:

(1) Issuance of arrest warrants.

(2) Granting of bail in minor misdemeanor or offense prosecutions.

(3) Receiving of pleas of guilty in minor misdemeanors or offenses where a schedule of fines or predetermined fine has been prescribed or established as permitted by law.

(4) Receiving of pleas of guilty in traffic infraction prosecutions, but may not receive pleas in matters involving:

a. Violations resulting in personal injury;

b. The operation of a motor vehicle while intoxicated;

c. Reckless driving;

d. Felonies or indictable offenses;

e. The operation of motor vehicles without an operator's license or while the license is suspended or revoked; or

f. A defendant convicted of two or more previous traffic offenses in the preceding 12 months.

(5) Accountability to the municipal court for all uniform traffic tickets and complaints, monies received and records of offenses.

(6) Accepting and screening affidavits of substantial hardship upon a municipal judge's approval and, if authorized by court order, assigning attorneys on a rotating basis from a list approved by the court.

(7) Conducting arraignments and setting non-guilty pleas for trial, upon a municipal judge's approval.

(8) Opening court and calling the docket, upon a municipal judge's approval.

(9) Granting continuances in municipal ordinance violation cases, upon a municipal judge's approval.

(10) Dismissing no driver's license violations pursuant to Code of Ala. 1975, § 32-6-9 where the defendant shows proof of a driver's license at the time the citation was written.

(11) Dismissing mandatory liability insurance violations pursuant to Code of Ala. 1975, § 32-7A-20 where the defendant has produced satisfactory evidence that at the time of the citation the motor vehicle was covered by a liability insurance policy in accordance with Code of Ala. 1975, § 32-7A-4.

(12) Dismissing equipment violations where a municipal ordinance allows and where the law enforcement officer signs the uniform traffic ticket and complaint verifying that the equipment has been replaced.

(13) Any other authority as may be granted by law.

(c) All officials of the administrative agency shall be bound by the rules of administration for the administrative agency as are provided by the state supreme court and all officials thereof shall be bonded as may be required by the rules.

(d) The presiding judge of the municipal court shall take steps to have magistrates appointed in accordance with the provisions of law or rule. (Code 1980, § 8-7-3)

Sec. 8-7-4. Conflicts.

In cases of conflict between the rules of judicial administration and the provisions appearing in this article, then the rules of judicial administration shall apply.

CHAPTER 8. PRETRIAL DIVERSION PROGRAM

Sec. 8-8-1. Established.

Pursuant to authority granted by Code of Ala. 1975, § 12-14-90 et seq., a pretrial diversion program is hereby established whereby certain eligible offenses may be dismissed upon a defendant's successful completion of program requirements including, but not limited to, pay-

ment of applicable fees and costs, treatment, and community service work. The program shall be as follows:

(a) A person charged with an eligible municipal ordinance violation under the jurisdiction of the Birmingham Municipal Court may apply to the court for admittance to the program.

(b) Upon receipt of the application and recommendation of the municipal prosecutor, the judge shall determine whether to grant the individual admittance to the program.

(c) Upon admittance to the program, the individual shall be required to enter a plea of guilty, at which time the case shall be placed in an administrative docket until such time as the offender has completed all requirements of the pretrial diversion program. Imposition of any sentence shall be deferred until such time as the offender completes the pretrial diversion program or is terminated from the program.

(d) In the event the offender does not satisfactorily complete the program and all terms thereof, the court shall impose an appropriate sentence in the same manner as with any guilty plea.

(e) Upon successful completion of the program and all terms thereof, the court shall dismiss the case pursuant to the rules established by the council and the presiding judge.

(f) A holder of a commercial driver's license, an operator of a commercial motor vehicle, or a commercial driver learner permit holder who is charged with a violation of a traffic law shall not be eligible for a pretrial diversion program pursuant to this ordinance.

(g) The pretrial diversion program established pursuant to this ordinance shall be under the supervision of the presiding judge for the municipal court pursuant to the rules and regulations established by the council. The presiding judge, with approval of the council and the municipal prosecutor, may contract with any agency, person, or business entity for any service necessary to accomplish the purpose of this chapter.

(h) The presiding judge, acting in consultation with the municipal prosecutor, shall have the authority to establish all rules and terms necessary for the implementation of a pretrial diversion program that are not inconsistent with this chapter or the rules and regulations established by the council.

(i) The establishment and administration of this pretrial diversion program shall not conflict with court programs established by and governed in accordance with Federal grant guidelines established for such courts. If an offender qualifies for a drug or specialty court program, that program shall have priority over the pretrial diversion program created pursuant to this chapter.

(1) Nothing in this chapter shall prohibit the municipal prosecutor and the presiding judge or the municipal judge in charge of the specialty court or drug court from entering into an agreement or memorandum of understanding, whereby the pretrial diversion program and the other specialty or drug court will work to complement each other in a cohesive and unified effort to serve the needs of the community, victims, and to rehabilitate the offender.

(2) Nothing in this chapter shall prevent the pretrial diversion program from accepting applicants who have been referred from or denied acceptance into a drug or specialty court program.

(j) No potential pretrial diversion program applicant shall be denied access to a program based on race, ethnic background, religion, gender, disability, marital status, or economic status. No person who is protected by applicable federal or state

laws against discrimination should be otherwise subjected to discrimination for eligibility purposes.

(k) An applicant may not be denied access into the pretrial diversion program based solely on his or her inability to pay pretrial diversion program fees. Fees established by this chapter may be waived or reduced for just cause, including indigency of the applicant. If an offender, upon application, claims indigency, he or she shall be brought before a municipal judge for a determination of indigency. In the event that the court determines the offender to be indigent, any fees or costs shall not be waived or remitted unless the defendant proves to the reasonable satisfaction of the judge presiding over the case that the defendant or party is not capable of paying the same within the reasonably foreseeable future. In the event the offender is determined to be indigent, a periodic review of the offender's indigent status may be conducted by the court upon motion of the municipal prosecutor to determine if the offender is no longer indigent.

(l) For purposes of administration of the pretrial diversion program, an offender shall be assessed a nonrefundable application fee when the offender is approved for the pretrial diversion program. The amount of the assessment for participation in the program shall be in addition to any court costs, fees, and assessments for the crime victim's compensation fund, department of forensic sciences assessments, drug, alcohol, or anger management treatment required by law, and any costs of supervision, treatment, and restitution for which the offender may be responsible. The presiding judge, acting in consultation with the municipal prosecutor, shall by rule establish a pretrial diversion application fee schedule setting forth the application fees for admittance into the pretrial diversion program based on the underlying criminal offense(s) charged, and said fees shall not exceed the maximum fine for the offense(s) charged. All applicable fees will be explained and consented to by the participant before his/her admittance to the pretrial diversion program.

(m) The application fee shall be collected by the municipal court clerk and after distribution of portions of the fee as required by state or federal law, including Code of Ala. 1975, § 12-17-226.17, the remainder shall be distributed to the municipal general fund.

(n) All provisions of Code of Ala. 1975, § 12-17-226.17, as that section may be amended, shall be complied with and the municipal court clerk shall ensure that the required funds are distributed to the Alabama Office of Prosecution Services.

(1) Upon entry into any pretrial diversion program, the municipal prosecutor shall submit information, including the name, date of birth, and identifying personal vital information of a participating offender to the Alabama Office of Prosecution Services. The municipal prosecutor shall also submit the criminal statute and/or municipal ordinance violated, a brief description of any underlying qualifying offense, and a brief description of the agreed upon disposition of the offense. If the offender was prematurely terminated from the program, a brief description of the reasons for the termination shall be submitted for inclusion into the database.

(2) Information from the Alabama Office of Prosecution Pretrial Diversion database shall only be accessible by court order, the district attorney, or a law enforcement agency.

(3) Any information submitted pursuant to Code of Ala. 1975, § 12-17-226.17, whereby the offender has been adjudicated or convicted as a youthful offender shall be sealed

pursuant to state law. This information may only be retrieved from the database or used upon an order of a court of competent jurisdiction.

(4) Within 30 days of entry of the applicant into any pretrial diversion program, $7.00 per applicant shall be paid by the Municipal Court Clerk to the Alabama Office of Prosecution Services for creation and maintenance of the offender database described in Code of Ala. 1975, § 12-17-226.17.

(o) Each offender shall also be responsible for payment of the cost of any treatment program made a part the offender's pretrial diversion program. Such programs may include: drug and alcohol treatment programs, other addiction treatment programs, behavior modification treatment programs or other therapy programs as may be required on a case by case basis.

(p) In addition to all fees required for participation in the pretrial diversion program, an offender shall also be liable for all court costs and fees, restitution, victims' compensation fund assessment, drug testing, and any and all other fees and assessments, in the same manner as if the offender had not applied for entry into the program and had been found guilty of the offense or offenses involved. Except as otherwise provided by law, no costs, fees, restitution, or assessments shall be waived or remitted, absent an express agreement to that effect between the municipal prosecutor and the offender with approval of the municipal judge, without a finding by the municipal judge that the offender does not have the reasonable ability to pay the same within the reasonably foreseeable future.

(q) With the exception of the application fee, as previously provided, other pretrial diversion program fees, assessments and treatment program costs, as well as, all court costs, court fees and court assessments shall be collected by the municipal court clerk and shall be distributed as provided by ordinance or state law. After acceptance into the pretrial diversion program, if the offender is terminated from the program for a violation of agreed upon conditions, the administration fees shall not be refundable. However, if at the time the agreement is initially presented to the court, the court rejects the agreement and disposition of the charges involved, any monies paid by the offender in satisfaction of the administration fee shall be refunded to the offender. The offender shall remain liable for any agency or service provider costs in furtherance of the application and evaluation process, and the same shall be deducted from any money refunded to the offender. Any deducted money shall be paid solely to the City, for payment of the expenses.

(Ord. No. 14-125, § 1, 9-10-2014)

Sec. 8-8-2. Pretrial diversion program rules and regulations.

The Council of the City of Birmingham does hereby adopt the following as the City of Birmingham Pretrial Diversion Program Rules and Regulations:

(a) Admittance into the pretrial diversion program is in the sole discretion of the municipal judge presiding over the case, pursuant to the rules established by the council and the presiding judge in accordance with the pretrial diversion ordinance, upon application by the defendant and the recommendation and agreement of the municipal prosecutor. An offender deemed by the municipal judge to be a threat to the safety or well-being of the community shall not be eligible for the program. An offender charged with any of the following types of offenses shall be ineligible for admittance:

1. Any offense involving violence where weapons are used or where children are victims;

2. Any driving under the influence charge where serious physical injuries, as defined by the Code of Ala. 1975, § 13A-1-2(14), are involved;
3. Any offense wherein the offender is a public official and the charge is related to the capacity of the offender as a public official;
4. Any offense involving the operation of a commercial motor vehicle or an offender, who holds a commercial driver license (CDL) or a commercial driver learner permit issued in any state, any United States possession or territory, or any United States insular area, who is charged with a violation of a traffic law, or an offender who has a previous conviction for which a commercial driver license was required;
5. Any offender charged with driving under the influence while driving a school bus or day care vehicle;
6. Any offender, who is 21 years of age or older, charged with driving under the influence when a child age 14 years or younger, was present in the vehicle at the time of the offense charged;
7. Any offense wherein the offender has previously completed a pre-trial diversion program in any jurisdiction within twelve months of the commission of the offense charged; and
8. Any offense wherein the offender has previously completed two pretrial diversion programs in any jurisdiction.

(b) Admittance into the pretrial diversion program will be considered on a case by case basis based on the following considerations:

1. There is a probability justice will be served if the offender is placed in the program;
2. It is determined the needs of the state, city and the offender can be met through the program;
3. The offender appears to pose no substantial threat to the safety and well-being of the community;
4. It appears the offender is not likely to be involved in further criminal activity if the offender complies with all conditions imposed pursuant to the program;
5. The offender will likely respond to rehabilitative treatment or counseling;
6. The need for restitution for the victim from the offender outweighs the interest of the state and city for incarceration of the offender; and
7. The Municipal Judge may waive any of the aforementioned standards, upon recommendation and consent of the prosecutor, if justice or special circumstances dictate.

(c) Application for admittance into the pretrial diversion program shall include a one-time application fee and an evaluation by the municipal court probation division which shall require the offender to furnish information concerning past criminal history, education history, work record, family history, medical or psychiatric treatment or care prescribed or received, psychological tests taken, and any other information concerning the offender which the prosecutor or probation officer believes has a bearing on the decision whether or not the offender should be admitted into the program. The probation officer may require the offender to submit to any type of test or evaluation process or interview the probation officer deems appropriate in evaluating the offender for admittance into the program. The costs of any test or evaluation shall be paid by the offender or as otherwise agreed to or provided in this policy. The offender shall provide the municipal prosecutor written consent to

allow the municipal prosecutor to receive any educational, work, medical, psychiatric, psychological, or other records deemed necessary by the probation officer for the evaluation process.

(d) Following the decision to admit an offender into the pretrial diversion program, but prior to entry, the offender shall enter into a written agreement with the municipal prosecutor stating the conditions of the participation of the offender in the program. The agreement shall include, but not be limited to, all of the following:

1. A voluntary waiver of the right of the offender to a speedy trial;
2. An agreement to the tolling, while in the program, of periods of limitations established by statutes or rules of court;
3. An agreement to the conditions of the program established by the municipal prosecutor;
4. If there is a victim of the charged crime, an agreement to the restitution repayment within a specified period of time and in an amount to be determined by the municipal prosecutor taking into account circumstances of the offender and the victim;
5. A truthful and complete statement by the offender as to the involvement of the offender in the offense charged, which statement shall be admissible in any criminal trial; and
6. Submission of a written plea of guilty to the offense or offenses charged or agreed upon included offenses, together with an agreement as to whether the case is to be dismissed upon successful completion of the program, and an agreement, if there be any, as to the recommended sentence should a sentence be imposed. The written agreement, determined on a case by case basis, may also require the offender to agree to any of the following conditions:

a. To participate in substance abuse treatment;
b. To participate in an education setting to include, but not limited to, K-12, college, job training, trade school, GED classes, or basic education courses;
c. If appropriate, to attempt to learn to read and write the English language;
d. To financially support his or her children or pay any court ordered child support;
e. To refrain from the use of drugs or alcohol or frequenting places where drugs or alcohol are sold or used;
f. To not commit any criminal offense;
g. To refrain from contact with certain named persons or premises;
h. To maintain or seek employment;
i. To not leave this state without prior written consent of the probation officer or supervising agency or personnel;
j. To maintain a residence approved by the probation officer or supervising agency or personnel;
k. To attend individual, group, financial, chemical addition, family, mental health, sex offender, or anger management counseling;
l. To pay all court costs, fees, fines, and worthless checks, and obey any other lawful court order associated with the

offense or offenses for which the offender has entered the program, or any other case;

m. To refrain from the possession or use of any deadly weapon or dangerous instrument as defined in Code of Ala. 1975, § 13A-l-2;

n. To pay supervision fees and application fees pursuant to this act;

o. To observe curfews or home detention or travel constraints as set out in agreement signed by the offender;

p. To have restitution, court costs, fees, child support, and any other moneys withheld or garnished from the wages or salary of the offender or withheld from any Alabama income tax due the offender, or from any available insurance policy, or forfeited from any other real or personal property of the offender, and applied to the above;

q. To be admitted to a drug or alcohol treatment program on an inpatient or outpatient basis or receive other treatment alternatives for substance abuse;

r. To submit to periodic or random drug testing as part of the program and other terms and conditions related to substance abuse as the municipal prosecutor may direct;

s. To waive in writing the right of the offender to a probation hearing in the event of termination or withdrawal from deferred prosecution;

t. To any other terms or conditions as the municipal prosecutor and the offender may agree to in the above-stated agreement;

u. To be required to pay supervision fees for monitoring and verifying the compliance of the offender with the terms of the program set forth by the municipal prosecutor.

(e) Each offender shall also be responsible for payment of the cost of any monitoring, supervision, testing, or treatment program made a part the offender's pretrial diversion program. Such programs may include: drug and alcohol treatment programs, other addiction treatment programs, behavior modification treatment programs or other therapy programs as may be required on a case by case basis.

(f) An applicant offender may not be denied access into the pretrial diversion program based solely on the inability of the offender to pay the application fee. An offender may make application to the court for a determination of indigency. Pretrial diversion application fees and/or other costs may be waived, remitted or reduced for indigency of the offender, at the discretion of the municipal judge. Any determination of the indigency of the offender for purposes of the application fee mitigation shall be made by the municipal judge.

(g) Upon acceptance of an offender into the pretrial diversion program by the municipal prosecutor, the offender shall submit the written application of the offender together with the statement of facts. The agreement between the municipal prosecutor and the offender shall be submitted to the municipal judge presiding over the case of the offender for approval of the court. The offender shall also enter a plea of guilty to the charge or charges involved. If the court rejects the agreement and guilty plea(s), any money paid by the offender in satisfaction of the

application fee shall be refunded to the offender. The offender shall still be liable for any actual expenses already incurred by the municipal prosecutor or any agency or service provider in furtherance of the application and evaluation process and the same will be deducted from any money to be refunded to the offender. In the event the offender is terminated from the program for noncompliance, the court shall impose appropriate punishment in the same manner as with any plea of guilty or finding of guilt and shall not be bound by the terms of the pretrial diversion written agreement. Upon successful completion of the program by the offender, the municipal prosecutor shall notify the court in writing of that fact together with a request that the court enter an order of dismissal of the case pursuant to the agreement between the offender and the municipal prosecutor. Regardless of whether the offender successfully completes the program or withdraws from or is terminated from the program, the offender shall be liable for and required to pay all court costs and fees, restitution, victim's compensation fund assessment, and any and all other fees and assessments, in the same manner as if the offender had not applied for entry into the program and has been found guilty of the offense or offenses involved. No costs, fees, restitution, or assessments shall be waived or remitted without a finding by the municipal judge that the offender does not have the reasonable ability to pay the same within the reasonably foreseeable future.

(h) In the event an offender fails to comply with any term or condition of the agreed upon pretrial diversion program, the municipal prosecutor shall recommend to the municipal judge any of the following:

(1) Continue the agreement with or without modification;

(2) Terminate the offender from the pretrial diversion program;

(3) Require the offender to adopt a new agreement as a condition of continued participation; or

(4) Waiver of sanctions for a violation of the terms of the agreement, for good cause shown, to allow the offender to remain in the program.

CHAPTER 1. POLICE DEPARTMENT*

ARTICLE A. GENERAL PROVISIONS

Sec. 9-1-1. Composition.

The police department shall consist of a chief of police and such other officers and personnel as the mayor may designate.
(Code 1964, § 41-1; Code 1980, § 9-1-1)

Sec. 9-1-2. Duties of chief of police.

The chief of police shall direct and supervise the personnel, rooms, buildings, equipment and property assigned to or used in or by the department, and shall direct, control and discipline all officers and members of the department in accordance with civil service regulations.
(Code 1964, § 41-2; Code 1980, § 9-1-2)

Sec. 9-1-3. Departmental functions—Generally.

The police department shall be charged with the preservation of the peace and order of the city, the protection of all persons and property within the city, and the enforcement of all criminal ordinances and all criminal laws of the city and the state. The department shall suppress all riots, disturbances and breaches of the peace, pursue and arrest any person fleeing from justice in any part of the state or of the United States, arrest all persons found in the act of committing a breach of the laws or ordinances of the city and take the offenders forthwith before the proper court to be dealt with according to law and shall make complaint to the proper officers of any person known or believed to be guilty of the violation of the laws or ordinances of the city or of the penal laws of the state or of the United States. The department shall also cooperate with law enforcement agencies of the United States.
(Code 1964, § 41-3; Code 1980, § 9-1-3)

*__State law references__—Municipal authority to create the office of and prescribe duties for police chief, Code of Ala. 1975, § 11-43-5; municipal authority to establish a police force, Code of Ala. 1975, § 11-43-55.

Sec. 9-1-4. Same—Patrol of city.

Adequate patrol of all parts of the city shall be maintained, so far as the size of the police force permits. To this end, the chief of police shall organize the city into districts and any necessary subdivisions thereof, distribute the patrol throughout the several police districts and assign the patrolmen to reliefs in such manner as conditions may call for. Crimes shall be charted according to the districts in which they occur, to aid in establishing a basis for the proper policing of the several districts.
(Code 1964, § 41-4; Code 1980, § 9-1-4)

Sec. 9-1-5. Same—Traffic.

The police department shall be charged with the enforcement of all traffic regulations and ordinances.
(Code 1964, § 41-5; Code 1980, § 9-1-5)

Sec. 9-1-6. Payment of special fees to members of department.

It shall be unlawful for any person to pay or give to any member of the police department, or to another for such member, or for any such member, or another for him or her, to accept or receive any money or other thing of value for services of such member in investigating, or in supplying maps, photographs or other information, verbal, written or pictorial, concerning, or in appearing or testifying in any court in relation to, any accident or accident scene or surrounding; provided that it shall not be unlawful for any person to pay into court for such member or for such member to receive from the court lawful witness fees of such member in amount as prescribed by law; provided further, that it shall not be unlawful for any such member, or another for him or her, to accept or receive money or other thing of value for photographs in the taking, processing, production or disposal of which no property or equipment of the city or on duty time of such member was used or employed and in the sale or disposal of which no discrimination is or was practiced in price or otherwise as between litigants or prospective litigants, or their attorneys who may apply or may have applied for photographs.
(Code 1964, § 41-6; Code 1980, § 9-1-6)

__State law reference__—Use of official position or office for personal gain, Code of Ala. 1975, § 36-25-5.

Sec. 9-1-7. Training school.

A police training school shall be maintained, in which all recruits shall be instructed in the various branches of police technique, acquainted with the regulations of the department and instructed in the laws and ordinances which they are called upon to enforce, as well as in the manner of their enforcement. Courses shall be provided for lieutenants, sergeants and detectives, these groups being instructed in matters of police administration, supervision, criminal investigation and identification, preparation of records and reports, criminal psychology and such other subjects as are necessary for the efficient performance of their respective duties.
(Code 1964, § 41-7; Code 1980, § 9-1-7)

Sec. 9-1-8. Reports.

The chief of police shall make periodic consolidated reports to the mayor, showing the condition of the force, number of arrests, complaints and crimes, arranged according to districts, amount of property stolen and amount recovered, and such other information as the mayor shall request.
(Code 1964, § 41-8; Code 1980, § 9-1-8)

Sec. 9-1-9. Records.

All records essential to effective police procedure and administration and the maintenance of the force, and for the performance of all duties required by the state or the city shall be maintained by the police department. Any person desiring a copy of any public record of the police department shall be entitled to receive the same from the police department upon payment of a fee per copy. The fee shall be in an amount as established by the city council from time to time. No additional charge shall be made for certification of any such record.
(Code 1964, § 41-9; Code 1980, § 9-1-9)

Sec. 9-1-10. Assignment to detective work.

The chief of police may make assignments to and from the uniformed and detective forces from time to time, as may be necessary. Such assignments shall be made solely on the basis of the special aptitude and ability required for detective work.
(Code 1964, § 41-10; Code 1980, § 9-1-10)

Sec. 9-1-11. Identification and apprehension of criminals.

Modern methods of criminal identification, including fingerprinting and the filing of criminal records of all criminals, shall be employed. Efforts shall be made to cooperate with other city, state and federal criminal agencies in all matters pertaining to the apprehension and identification of criminals.
(Code 1964, § 41-11; Code 1980, § 9-1-11)

Sec. 9-1-12. Duty of police at fires.

It shall be the duty of any police officers who are near a fire, on every alarm, to go immediately to the place where such fire may happen, for the preservation of the public peace and for the removal of all disorderly or suspicious persons or others not usefully employed in the extinguishing of fires or the preservation of property.
(Code 1964, § 41-12; Code 1980, § 9-1-12)

Sec. 9-1-13. Police not to inform attorneys of accidents or discuss same with them.

It shall be unlawful for any member of the police department of the city who learns, either in or out of the course of his or her duty of any accident involving injury or damage to person or property to inform any attorney of such accident, or to discuss such accident with any attorney, prior to employment of such attorney in behalf of one involved in such accident, and it shall also be unlawful for any member of the police department of the city to solicit any person to employ any attorney in connection with such accident.
(Code 1964, § 41-13; Code 1980, § 9-1-13)

Sec. 9-1-14. Physicians to report wounds.

Whenever any person suffering from a gunshot wound, knife wound or any other wound indicating personal violence is given first aid, medical or surgical treatment or attention by any physician or surgeon in the city, it shall be the duty of such

physician or surgeon to report the fact immediately by telephone or otherwise to the police department, giving the time such person is given the attention with the name of such person and stating briefly the nature of the wound, where received, and by whom inflicted, if such facts are known.
(Code 1964, § 41-14; Code 1980, § 9-1-14)

Sec. 9-1-15. Hospitals to report wounds and injuries.

Whenever any person suffering from a gunshot, knife or any other wound indicating personal violence, or suffering from injuries apparently or reported to have been received in an automobile accident, is received into any public or private hospital in the city, it shall be the duty of the manager, superintendent or person in charge or control in any such hospital, to report the fact immediately by telephone or otherwise to the police department, with the time of admission of such person, giving the name of the person and stating very briefly the nature of the wound or injuries, where received, by whom inflicted and by whom such person was carried or sent to the hospital, if such facts are known.
(Code 1964, § 41-15; Code 1980, § 9-1-15)

Sec. 9-1-16. Benefits.

Each member of the police department shall be entitled to all benefits such as salary and medical expenses when injured or killed while acting under the line and scope of his or her authority as a police officer, whether or not the officer is working a regularly assigned shift.
(Code 1964, § 41-15.1; Code 1980, § 9-1-16)

Sec. 9-1-17. Unauthorized wearing of uniforms.

It shall be unlawful for any person other than a member of the police department of the city or for any member of such police department other than one thereunto assigned to the uniformed force thereof, to wear the uniform or any distinctive part of the uniform or anything similar to the uniform or a distinctive part of the uniform of the police department of the city at any place within the city or the police jurisdiction thereof.
(Code 1964, § 41-17; Code 1980, § 9-1-17)

Sec. 9-1-18. Code enforcement inspections.

All inspectors charged with the responsibility of enforcing provisions of this Code, appointed or employed by the department of public works, shall have the same power of arrest and the authority to execute process as is given to police officers of the City of Birmingham.
(Ord. No. 03-26, 2-25-2003)

Secs. 9-1-19—9-1-30. Reserved.

ARTICLE B. UNION ACTIVITIES

Sec. 9-1-31. Definitions.

For the purposes of this article, the following terms shall have the meanings respectively ascribed to them by this section:

Member of the police department means the chief of police and any person who serves in the police department as a subordinate of the chief of police, whether such person serving as such subordinate is a clerical worker or otherwise.

Police department means the department or division of the department of public safety of the city which is headed by the chief of police.
(Code 1964, § 41-19; Code 1980, § 9-1-32)

Sec. 9-1-32. Prohibited.

It shall be unlawful, a violation of duty and disqualification from service in the police department for any member of the police department to be or become an organizer or member of any labor union, as that term is commonly used, or of any organization of any kind in which employees participate for the purpose of dealing with one or more employers concerning grievances, labor disputes, wages, salaries, rates of pay, hours of employment or conditions of work, whether or not such labor union or organization is associated or affiliated with or independent of the American Federation of Labor and Committee of Industrial Organization, the Government and Civil Employ-

ees Organizing Committee or another. It shall be the duty of members of the police department to conform with the policy of this section.
(Code 1964, § 41-20; Code 1980, § 9-1-32)

Sec. 9-1-33. Enforcement; statements may be required.

(a) It shall be the duty of the chief of police, without limitation to him or her, to enforce the policy of section 9-1-32, and thereabout, without limitation, to investigate for violations of such policy, and, consistently with the civil service or merit system applicable to the city, to cause information of any violations of such policy to be presented to the mayor.

(b) It shall be the duty of superior officers of the police department to aid and cooperate with the chief of police in the performance of the duty imposed upon him or her by this section.

(c) The chief of police shall have authority to require, from time to time, each member of the police department to sign, truly date and deliver to the chief, a paper writing addressed to the chief stating whether such member of the police department is a member of a union or organization such as described in section 9-1-32. It shall be the duty of a member of the police department to comply promptly with any such requirement of the chief of police. The signer of any such paper writing may, if he or she chooses, include over his or her signature any matter explanatory of his or her statement therein.
(Code 1980, § 9-1-33)

Secs. 9-1-34—9-1-40. Reserved.

ARTICLE C. POLICE LINES AND CHECKPOINTS

Sec. 9-1-41. Authority to establish.

The chief of police is hereby authorized to establish or cause to be established a police line or checkpoint at any location in the city where, in the judgment of the police chief, it is reasonably necessary to do so for the purpose of maintaining law and order within an area to the rear of such line or checkpoint, and to maintain such line or checkpoint so long as, in the judgment of the police chief, the maintenance of the line or checkpoint is necessary to maintain law and order in such area.
(Code 1964, § 41-22; Code 1980, § 9-1-41)

Sec. 9-1-42. Authority to prohibit persons from entering area.

Police officers, firefighters or other law enforcement officers at any police line or checkpoint are authorized to prohibit any person from entering the area for which such line or checkpoint is being maintained, except residents of the area, persons engaged in the operation of businesses in the area, customers of such businesses and persons servicing those businesses and any other person as the chief of police or the superior officer on duty at such line or checkpoint determines has business in such area of a nature not likely to impede the maintenance of law and order therein.
(Code 1964, § 41-23; Code 1980, § 9-1-42)

Sec. 9-1-43. Prohibited acts.

It shall be unlawful for any person to enter the area to the rear of any police line or checkpoint in disregard of the order of any police officer, firefighter or other law enforcement officer at such line or checkpoint. It shall be unlawful for any person who is permitted to enter any such area as a customer of any business therein or to service any business therein to fail to proceed directly to such business and to fail to leave such area without delay upon the completion of the activity for which he or she was permitted to enter such area. It shall be unlawful for persons to congregate in the vicinity of such line or checkpoint and refuse to disperse and leave after being ordered to do so by any police officer, firefighter or other law enforcement officer at the line or checkpoint. It shall be unlawful for any person to remain at or loiter at or in the vicinity of any such line or checkpoint after having been requested to depart therefrom by any police officer, firefighter or other law enforcement officer at the line or checkpoint. It shall be unlawful for any person to remain in or fail to leave the area for which any line or checkpoint is being maintained after having been re-

quested to do so by any police officer maintaining law and order or attempting to maintain law and order therein.
(Code 1964, § 41-24; Code 1980, § 9-1-43)

Sec. 9-1-44. Powers cumulative and supplemental.

The power and authority delegated to the chief of police, any police officer, firefighter or other law enforcement officer under the provisions of this article shall be cumulative and in addition to all other powers and authority which the chief of police or any police officer, firefighter or other law enforcement officer may have under any other rule, regulation, ordinance or law.

ARTICLE D. CAPTURED OR STOLEN PROPERTY*

Sec. 9-1-51. Definitions.

For the purposes of this article, the following words and phrases shall have the meanings respectively ascribed to them by this section:

Captured portable property means any portable property taken into the custody of a police officer in his or her official capacity, for use as evidence or as lost, stolen or abandoned property or otherwise.

Portable property means personal property, other than vehicles.
(Code 1964, § 41-26; Code 1980, § 9-1-51)

Sec. 9-1-52. Creation of office of custodian of property.

The office of custodian of property is hereby created.
(Code 1964, § 41-27; Code 1980, § 9-1-52)

Sec. 9-1-53. Receiving, numbering, etc.

It shall be the duty of every police officer to deliver promptly to the custodian of property all captured portable property, including money, which he or she may take into his or her custody, and it shall be the duty of the custodian of property to receive such property. Upon delivery by a police officer to the custodian of property of any captured portable property, the custodian shall execute in duplicate a receipt for such property upon a form approved by the director of finance, describing the same as accurately as possible, which receipt shall be numbered and the duplicate thereof retained by such custodian, and the original thereof turned over to such police officer. The custodian of property shall attach to such property so received a tag bearing a number corresponding to the number placed on the receipt issued. The custodian of property shall keep such property safely in a room provided by the city. He or she shall keep such room locked and no person other than the custodian shall have access thereto, unless accompanied by the custodian. The custodian shall maintain and keep in his or her office a permanent record showing the date of the taking of each piece of such property, the place where found and taken and a description of the property.
(Code 1964, § 41-28; Code 1980, § 9-1-53)

Sec. 9-1-54. Delivery to rightful owner.

(a) Any captured portable property other than property being held as evidence in any legal proceeding, pending or contemplated, and other than property subject to condemnation or forfeiture under the laws of the state or under the provisions of this Code or other ordinances of the city, shall become subject to demand of the rightful owner thereof for its return upon the date of receipt thereof by the custodian of property. Any captured portable property being held as evidence in any legal proceeding, pending or contemplated, other than property subject to condemnation or forfeiture under the laws of the state or under the provisions of this Code or other ordinances of the city, shall become subject to demand of the rightful owner thereof for its return upon the date of final termination of such legal proceeding.

*__State law references__—Uniform Disposition of Unclaimed Property Act of 2004, Code of Ala. 1975, § 35-12-70 et seq.; authority regarding stolen and abandoned personal property, Code of Ala. 1975, § 11-47-116.

(b) The custodian of property shall deliver any property received by him or her as such custodian of property to the rightful owner thereof upon demand made after such property has become subject to demand therefor within the terms of this chapter and before sale thereof as provided in the following sections of this article.

(c) Upon delivery by the custodian of property to an owner of any captured portable property, the custodian of property at the time of making such delivery shall take the receipt of such owner for the property so delivered upon the duplicate receipt of the custodian for such property or upon a paper annexed to such duplicate receipt. Such receipt of the owner shall show the day on which such delivery was made, the name and address of the person to whom such property was delivered, a brief description of the property delivered, and a number corresponding to the number of the original receipt of the custodian covering such property.
(Code 1964, § 41-29; Code 1980, § 9-1-54)

Sec. 9-1-55. Sale—Generally.

At least every six months any portable property, other than property subject to condemnation or forfeiture under the state law, or under the provisions of this Code or other ordinances of the city, which shall have been taken up and stored and shall have remained in the custody of the custodian for a period of three months or more, shall be sold by the city purchasing agent at the direction of the chief of police at public auction to the highest bidder for cash. Such sales to be made after notice of the time and place thereof shall have first been given by publication of notice once a week for two successive weeks in a newspaper of general circulation published in the city. The first publication shall be at least 20 days before the sale. The owner of any of the property taken up and stored may redeem the same at any time prior to its sale by paying the reasonable expense of taking the property in charge, its maintenance and storage, and a pro rata share of the cost of publication. Each article shall be sold separately and a notation in the storage record book shall be made of the amount received for each article. The person making the sale shall have the right to reject any and all bids if the amount bid be unreasonably low, and shall have the right to continue the sales from time to time if no bidders are present. In the event that no bids are received, or the bid is rejected as being unreasonably low, or the city desires to purchase the article, then and in such event the purchasing agent of the city shall be permitted to bid and have the right to bid a reasonable amount on behalf of the city and the property shall then be sold to the city if its bid be the highest; provided that the purchasing agent shall make no single purchase on behalf of the city hereunder where the purchase price amounts to $500.00 or more. The proceeds of the sale shall be paid into the general fund of the city after deducting and paying all expenses incurred in the taking up, maintaining and selling of the property. Where such portable property is money, no sale or publication shall be required and if such money is not claimed by the rightful owner thereof within six months after its receipt by the custodian the same shall be paid into the general fund of the city.
(Code 1964, § 41-30; Code 1980, § 9-1-55)

Sec. 9-1-56. Same—Perishable property.

In all cases of perishable property it shall be the duty of the custodian of property to report the same with all convenient speed to the chief of police, who shall have power in his or her discretion to order such property disposed of at public or private sale, and the proceeds of such sale shall be held by the director of finance in lieu of the property so taken for the benefit of the person entitled to receive the same as the lawful owner of the property so sold. The director of finance shall pay over to the erstwhile owner of such perishable property the amount of the proceeds of the sale, less expenses of the sale, if such owner shall demand the same within six months from the date of the sale.
(Code 1964, § 41-31; Code 1980, § 9-1-56)

Sec. 9-1-57. Destruction of captured firearms and dangerous or deadly weapons.

(a) Any pistol, rifle, shotgun or other dangerous or deadly weapon not held as evidence in any legal proceeding, pending or contemplated, nor subject to condemnation or forfeiture under the

state law, or under the provisions of this Code or other ordinances of the city, and which shall have been taken up and stored as captured portable property under the provisions of this Code and have remained unclaimed in the custody of the city's custodian of property for a period of over six months, may be destroyed or otherwise rendered inoperable at the written direction of the chief of police.

(b) The chief of police shall maintain a permanent record of the identification of such property and shall make a written report to the mayor and director of finance every six months listing those weapons destroyed or otherwise rendered inoperable by the terms of this section.
(Code 1980, § 9-1-57; Ord. No. 96-74, § 1, 3-26-1996)

ARTICLE E. AUXILIARY POLICE FORCE

Sec. 9-1-111. Authorized; appointment and qualifications of members.

The chief of police is hereby authorized to form an auxiliary police force for the city. He or she shall appoint, subject to the approval of the mayor, such persons to such force as he or she deems necessary or desirable. To be eligible for appointment to the auxiliary police force, a person must be of good character, over 21 years of age, a resident of the county and willing to serve without compensation.
(Code 1964, § 41-37; Code 1980, § 9-1-111)

State law reference—Appointment of reserve law enforcement officers by city or town, Code of Ala. 1975, § 11-43-210.

Sec. 9-1-112. Oath; powers and duties.

Upon appointment as a member of the auxiliary police force, each person, upon accepting membership therein, shall take the same oath that is required of the regular police of the city. The members of the auxiliary police force shall perform such duties and at such times as the chief of police shall prescribe, and shall be governed by the rules and regulations of the police department. Service as a member of the auxiliary police force shall be voluntary and without pay.
(Code 1964, § 41-38; Code 1980, § 9-1-112; Ord. No. 82-52, 3-16-1982)

Sec. 9-1-113. Uniform.

Members of the auxiliary police force shall perform their duties in civilian clothes, or in a uniform approved by the chief of police, but each of them shall be furnished with a badge, arm band and identification card signed by the chief of police when such member is sworn in. Such badge and card shall be carried by each member of the auxiliary police force whenever he or she is on duty and shall be surrendered to the chief of police at any time such chief requests the surrender of such badge, arm band and card.
(Code 1964, § 41-39; Code 1980, § 9-1-113)

Sec. 9-1-114. Term of membership.

Appointment as a member of the auxiliary police force shall be for an indefinite period of time, but such appointment shall be at the pleasure of the chief of police who may terminate such appointment at his or her pleasure by giving the member written notice of termination of membership. Members of the auxiliary police force may resign membership by written notice to the chief of police.

ARTICLE F. BURGLARY AND ROBBERY ALARMS*

Sec. 9-1-131. Findings and purpose.

(a) Due to the proliferation of burglary and robbery alarm systems throughout the city, numerous instances of false alarms have occurred. Each of these false alarms has caused useless expenditure of police time, risks associated with emergency response to police officers and to the public, and an inefficient allocation of limited police patrol time available. This situation has adversely affected the emergency service of the City of Birmingham. Numerous municipalities have experienced this situation. The most efficient and effective method of controlling the problem has been the adoption and enforcement of an ordinance providing various degrees of improvement encouragement to those alarm system owners whose systems repeatedly alarm falsely.

(b) The purpose of this article is to give the chief of police a framework of lawful authority within which a program for reduction of false alarms can be established.
(Code 1980, § 9-1-131; Ord. No. 86-231, § A, 11-4-1986; Ord. No. 86-266, 12-16-1986)

Sec. 9-1-132. Definitions.

The following words and phrases when used in this article shall, for the purpose of this article, have meanings respectively ascribed to them in this section, except when the context otherwise requires:

Alarm business means the business by an individual, partnership, corporation or other entity of selling, leasing, maintaining, servicing, repairing, altering, replacing, moving or installing any alarm system or causing to be sold, leased, maintained, serviced, repaired, altered, replaced, moved or installed, any alarm system in or on any building, structure or facility.

Alarm system means any assembly of equipment, mechanical or electrical, arranged to signal the occurrence of an illegal entry or an attempted illegal entry, robbery or other activity requiring urgent attention and to which the police are expected to respond.

Alarm user or *user* means the person, firm, partnership, association, corporation, company or organization of any kind in control of any building, structure or facility wherein an alarm system is used or maintained.

Audible alarm means an alarm system that emits an audible signal that may be heard by persons outside the protected building, structure or facility.

Commander means director of the communications center or his or her designated representative whose duties shall be to promulgate rules and regulations for the implementation of the terms and conditions of this article, or such other person as the chief of police may designate.

Communications center means the police department's facility used to receive emergency and general information from the public to be dispatched to law enforcement personnel.

Designated trunk lines means a trunk line used for receiving automatic dialers.

False alarm means an alarm signal, eliciting a response by the police when a situation requiring a response by the police does not in fact exist, but does not include an alarm signal caused by violent conditions of nature or other extraordinary circumstances not reasonably subject to control by the alarm business operator or the alarm user and does not include an alarm signal from a new

*__Editor's note—__Article F, §§ 9-1-131—9-1-145, was originally promulgated by Ord. No. 86-231, adopted 11-4-1986, effective 1-1-1987. Although Ord. No. 86-266, adopted 12-16-1986, effective 1-1-1987, set out the text in its entirety, the title of the ordinance indicated that only certain sections of Ord. No. 86-231 were substantively changed. The editor has, therefore, included in the history note to every section reference to Ord. No. 86-231; but only those sections containing substantive changes effected by Ord. No. 86-266 will contain reference to that ordinance.

system for the first ten days from initial installation. This installation period may be extended in writing by the commander up to 30 days from initial installation.

Line trouble means an indication in the communications center indicated by monitor equipment means that an alarm is not functioning due to problems within the telephone lines.

Primary trunk line means a telephone line serving the communications center and which is designated to receive emergency calls.

Robbery alarm system means an alarm system signaling a robbery or attempted robbery.

Sec. 9-1-133. User instructions.

(a) Every alarm business selling, leasing or furnishing to any user an alarm system which is installed on the premises located in the area subject to this article shall furnish the users with instructions to enable the user to operate the alarm system properly and to obtain service for the alarm system at any time from the alarm business.

(b) Each commercial, church and institutional alarm user shall instruct two designated employees in the use of the alarm system and shall enable an employee, on duty or available within one hour, to operate the alarm system properly at any time. Such employees' names and telephone numbers shall be posted at the main entrance to the premises and shall be readable from an area accessible to police officers. Such names and telephone numbers shall be filed with the commander. Any changes must be made filed in writing with the commander within five working days.
(Code 1980, § 9-1-133; Ord. No. 86-231, § C, 11-4-1986)

Sec. 9-1-134. Burglary alarm installation and regulation.

All alarm businesses, in order to have their system monitored by the police department, must install the system in accordance with all reasonable directions of the commander. The commander shall have authority (subject to the chief of police) to charge reasonable fees for testing and inspection, and establish other necessary or desirable rules and regulations, including a further false alarm reduction program.
(Code 1980, § 9-1-134; Ord. No. 86-231, § D, 11-4-1986)

Sec. 9-1-135. Audible alarms.

All alarm systems that emit audible signals that may be heard outside the protected building, structure or facility shall conform to the following requirements:

(1) Audible alarms shall not emit a sound substantially similar to that of an emergency siren as exemplified by the "wail" mode on sirens manufactured in 1985 by either the Whelen Engineering Company or Federal Sign and Signal Company in the judgment of the commander. A siren or audible alarm emitting the "hi-lo" mode or "yelp" mode as exemplified on sirens manufactured by the aforementioned firms is permissible.

(2) Audible alarms shall have conspicuously affixed on or adjacent to the main entrance on the exterior of the protected building, structure or facility the name and telephone number of the alarm business (or a police department approved sticker) or the name and telephone number of two persons who are responsible for control of the premises, and capable of controlling the alarm system.

(3) Audible alarms shall automatically discontinue emitting an audible sound within 15 minutes. However, UL certified alarm systems (or similar certified systems) approved in writing by the commander may emit sound for such time as the commander may approve.

(4) Any audible alarm shall comply with all the requirements of this section upon installation.

(Code 1980, § 9-1-135; Ord. No. 86-231, § E, 11-4-1986; Ord. No. 82-266, 12-16-1986; Ord. No. 87-125, 8-11-1987)

Sec. 9-1-136. Alarm terminations.

The following are conditions under which alarm monitoring by the communications center and emergency response by the police department may be terminated:

(1) Anytime an alarm is set off or activated intentionally, by any alarm user or any of its officers, agents or employees, for the purpose of testing the response time of the police department.

(2) After an alarm, the refusal or failure of user or its designated representative to respond to check the premises with the responding officers within one hour of the commencement of the alarm.

(3) Anytime the alarm is in the line or alarm position for a period of eight hours or more without being repaired or any attempt made to have it repaired.

(4) When the user utilizes the alarm to indicate the possibility of trouble when an actual robbery or illegal entry does not exist. This subsection does not apply to situations when persons are unable to use a telephone due to physical force or physical handicap which would prevent them from doing so.

(5) Any alarm user having four false alarms within any 12-month period will be terminated and/or disconnected from connection to communications center and emergency response by the police department shall cease.

(6) Any other reason that the commander finds, for good cause, is in the best interest of the city.

(Code 1980, § 9-1-136; Ord. No. 86-231, § F, 11-4-1986; Ord. No. 86-266, 12-16-1986)

Sec. 9-1-137. Termination procedure.

Prior to any user's alarm system being terminated or otherwise disconnected from monitoring by the communications center, or from emergency response, the commander shall notify the user. Notification by telephone to the user on the records of the commander shall be sufficient compliance with this provision. Upon a final decision of termination, an appeal to the city council may be had by the user filing a letter of appeal with city clerk within ten days of such final decision.
(Code 1980, § 9-1-137; Ord. No. 86-231, § G, 11-4-1986; Ord. No. 86-266, 12-16-1986)

Sec. 9-1-138. License required.

It shall be unlawful for any person or entity in the business of installing alarms to install an alarm designed to provoke police or emergency response unless such person possesses a current valid city business license and is knowledgeable and competent to make such installation.
(Code 1980, § 9-1-138; Ord. No. 86-231, § H, 11-4-1986)

Sec. 9-1-139. Notification of alarm system maintenance.

Any alarm business or user, prior to commencement of work or testing, and upon completion of work or testing, on any alarm system monitored by the communications center shall notify the communications center providing the following information:

(1) Proper identification of the alarm business or user and identification of individual performing work for the alarm business or user.

(2) Exact location of the alarm user.

(3) Estimated time of completion of work or test.

(Code 1980, § 9-1-139; Ord. No. 86-231, § I, 11-4-1986)

Sec. 9-1-140. Intentionally activating alarm.

It shall be unlawful for any person to intentionally activate an alarm system which is monitored or received by the police department communications center when no crime is in progress or has occurred.
(Code 1980, § 9-1-140; Ord. No. 86-231, § J, 11-4-1986)

Sec. 9-1-141. User reinstatement.

Any alarm user whose alarm system or police response thereto has been disconnected or termi-

nated from the communications center pursuant to this article may be reinstated under the following conditions:

(1) Payment by a commercial alarm user of a $250.00 reinstatement fee to the city or, in the case of a residential, church or other institutional alarm user, payment of a $50.00 reinstatement fee to the city.

(2) Written approval of reinstatement from the commander.

(3) Expiration of 30 days after termination or disconnection.

(4) The commander, with the approval of the chief of police, shall have authority to waive all or any portion of the fee and all or any portion of the waiting period upon the commander's approval of repairs or alteration to the above system.

(5) Upon user reinstatement, the commander may again terminate the system from connection or emergency police response if four additional false alarms occur within a following 12-month period, or any other reason as stated in section 9-1-136.

(Code 1980, § 9-1-141; Ord. No. 86-231, § K, 11-4-1986; Ord. No. 86-266, 12-16-1986)

Sec. 9-1-142. User list.

(a) Commercial, church and institutional users shall promptly notify the alarm company responsible for maintaining their alarm system and the commander, and shall immediately post at the main entrance to the protected structure all changes to their call-out list.

(b) The alarm company responsible for maintaining the alarm system will keep all call-out cards in the communications center current for all alarms answered by the communications center.

(c) No pager numbers will be utilized as call-out numbers on the call-out list.

(d) Before any alarm system monitor of any type is installed in or connected to the communications center, the alarm company or user shall notify the commander of the name of the business, or residence occupant, the location, and an updated call-out list of personnel to be contacted in the event the alarm is activated.

(Code 1980, § 9-1-142; Ord. No. 86-231, § L, 11-4-1986)

Sec. 9-1-143. Violation and penalties.

It shall be unlawful for any person to violate any provision of this article or to fail to comply with any duty herein imposed, and any such violation shall be punished as provided for in section 1-1-6.

(Code 1980, § 9-1-143; Ord. No. 86-231, § M, 11-4-1986)

Sec. 9-1-144. Exemptions.

The commander shall have authority to exempt Underwriters' Laboratories (UL) certified alarm systems (or similarly certified alarm systems) for this article upon written request of the user or representatives of Underwriters' Laboratories, upon such terms as the commander may approve.

(Code 1980, § 9-1-144; Ord. No. 86-231, § N, 11-4-1986)

Sec. 9-1-145. Statistical study.

The police department shall prepare, for the mayor and council, an annual statistical study and report on the number of false alarms, trends, analysis, and any suggested changes to the ordinance from which this article is derived.

CHAPTER 3. FIRE AND RESCUE SERVICE DEPARTMENT*

ARTICLE A. DEPARTMENTAL OPERATIONS

Sec. 9-3-1. Name of department.

The department shall be known as the Birmingham Fire and Rescue Service Department, hereinafter referred to as "the department."

(Code 1980, § 9-3-1)

Sec. 9-3-2. Composition.

The department shall consist of a chief of the department, and such number of assistant chiefs, battalion chiefs, captains, lieutenants, apparatus operators, firefighters, firefighter paramedics and fire prevention inspectors as may be authorized and assigned to serve in the department.

(Code 1980, § 9-3-2)

Sec. 9-3-3. Duties of department.

The department shall be charged with preventing fires within the city and with the detecting, combating and extinguishing of fires when the same occur, with the protection of property and persons against damage and accident incident to such fires and with the provision of rescue and emergency medical services in the city.

(Code 1980, § 9-3-3)

Sec. 9-3-4. Devolution of command.

In case of the absence of the chief of the department and of any assistant chief from a fire, the ranking officer at the fire or other emergency shall be in command and exercise the power and authority of the chief at such fire.

(Code 1980, § 9-3-4)

Sec. 9-3-5. Authority and duties of chief.

(a) The chief of the department shall have general command, supervision and control of the department. The chief of the department or his or her designee shall answer fire alarms, and at all fires and emergency situations shall have sole

*__State law reference—__Municipal fire prevention powers, Code of Ala. 1975, § 11-43-59.

direction of the operations of the department. He or she shall locate the apparatus and men as they arrive, and they shall render such service as he or she may designate. All members and employees of the department shall give strict obedience to his or her orders. He or she shall have authority, subject to the approval of the mayor, to make such rules and regulations for the management of the department as may be necessary to promote the efficiency of the department and protect the city against fire and other emergency situations.

(b) The chief of the department shall direct and supervise the personnel, rooms, buildings, quarters, motor vehicles, equipment and property assigned to or used in or by the department, and shall direct, control and discipline all officers and members of the department, in accordance with civil service regulations.
(Code 1980, § 9-3-5)

Sec. 9-3-6. Authority and duties of captains.

(a) The captains shall have charge of their companies at fires and other emergencies or on occasion of emergency alarms, and shall see that each member efficiently performs his or her respective duties at fires as well as at the engine house.

(b) It shall be the duty of the captain of each company to see that the engines and other apparatus committed to his or her care, and the several buildings in which the same are deposited, and all things in and belonging to the same, are kept neat, clean and in order at all times in his or her company, and require and enforce at all times a strict compliance with the city laws and ordinances and the rules and regulations of the department.
(Code 1980, § 9-3-6)

Sec. 9-3-7. Inspection of hydrants and water pressure.

The chief of the department shall cause to be inspected, as often as may be necessary, the fire hydrants of the city and see that they are kept in good order and ready for instant use. He or she shall look after the water pressure in the mains from which the city obtains its water supply for fire protection, and if there should be a lack of water, or a weakness of pressure, he or she shall promptly notify the mayor and the waterworks board.
(Code 1964, § 18-6; Code 1980, § 9-3-7)

Sec. 9-3-8. Assistance from citizens at fires.

The chief of the department or ranking officer may, at any fire, command such assistance from the inhabitants of the city, for the extinguishment of fires and other emergencies and the preservation of order thereat, as may be necessary. It shall be unlawful for any person to refuse to comply with such orders for assistance.
(Code 1980, § 9-3-8)

Sec. 9-3-9. Clearing bystanders from vicinity of fire.

The chief of the department or ranking officer may, at all fires, order a space to be cleared of all persons to such a distance around the building or fire or from the vicinity thereof as may be necessary, in his or her judgment, to the efficient working of the department or to the safety of bystanders. No person shall fail or refuse to obey such order.
(Code 1980, § 9-3-9)

Sec. 9-3-10. Resisting or disobeying officers.

No person shall resist any fire or police officer in the discharge of any duty at the scene of a fire, or other emergency or fail to promptly obey the commands of any of such officers legally given.
(Code 1980, § 9-3-10)

State law reference—Similar provision, Code of Ala. 1975, § 13A-10-2.

Sec. 9-3-11. Destruction of property to prevent spread of fire.

To prevent the spread of any fire, the officer in charge at such fire, upon consultation with one or more assistant chiefs or captains, and with the mayor, if he or she is present or near the place of fire, may order any building or structure to be blown up or otherwise removed, provided such order shall receive the sanction of the majority of those so consulted.
(Code 1964, § 18-10; Code 1980, § 9-3-11)

Sec. 9-3-12. Riding on apparatus.

No person, without authorization of the chief of the department, shall ride on the apparatus in going to or returning from a fire.
(Code 1964, § 18-11; Code 1980, § 9-3-12)

Sec. 9-3-13. Use and maintenance of fire hydrants.

(a) Except as provided in subsection (b) of this section, it shall be unlawful for any person to use any of the fire hydrants of the city except the fire and rescue department or its employees or officers; provided that the waterworks board shall be allowed to test such hydrants.

(b) The chief shall be authorized to issue permits to individuals, persons, firms or corporations for use of fire hydrants under such rules and conditions as he or she may prescribe.
(Code 1980, § 9-3-13)

Sec. 9-3-14. Cutting off water supply of fire hydrants.

It shall be unlawful for any person to cut off water from any main or pipe to which a fire hydrant is attached, without giving notice to the mayor and the chief of the department at least six hours before such water is cut off.
(Code 1964, § 18-13; Code 1980, § 9-3-14)

Sec. 9-3-15. Obstructing fire hydrants.

It shall be unlawful for any person to place any building material, or any other obstruction whatever, within 15 feet of any public hydrant or fireplug.
(Code 1964, § 18-14; Code 1980, § 9-3-15)

Sec. 9-3-16. Members not to inform attorneys of accidents or discuss same with them.

It shall be unlawful for any member of the fire and rescue department who learns of any accident involving injury or damage to person or property, either in or out of the course of his or her duty, to inform any attorney of such accident, or to discuss such accident with any attorney, prior to employment of such attorney in behalf of one involved in such accident, and it shall also be unlawful for any member of the fire and rescue department of the city to solicit any person to employ any attorney in connection with such accident.
(Code 1964, § 18-15; Code 1980, § 9-3-16)

Sec. 9-3-17. Benefits.

Each member of the department shall be entitled to all benefits such as salary and medical expenses when injured or killed while acting under the line and scope of his or her authority as a firefighter, whether or not he or she is working a regularly assigned shift.
(Code 1964, § 18-16; Code 1980, § 9-3-17)

Sec. 9-3-18. Arson investigators designated as law enforcement officers.

(a) Persons serving as Arson Investigators in the Birmingham Fire and Rescue Service, Fire Investigations Bureau may be designated as law enforcement officers as defined by Code of Ala. 11-43-181 (1975) and Rule 1.4 Rules of criminal procedure.

(b) Arson investigators so designated shall maintain public order and investigate the commission or suspected commission of offenses related to arson or fire prevention and protection and shall have the authority to make arrests and issue citations related thereto, but shall not be authorized to exercise any law enforcement authority except with regard to the fire laws of the State of Alabama or the City of Birmingham.

(c) Arson investigators as law enforcement officers shall meet the minimum standards set out in Code of Ala. § 36-21-46 (1975), complete the law enforcement academy and maintain certification as law enforcement officers by Alabama Peace Officers Standards and Training Commission (APOST).

Division 2. Highly Combustible Wearing Apparel

Sec. 9-3-41. Sale, etc.—Prohibited.

It shall be unlawful for any person to sell, offer for sale, expose for sale, or possess for the purpose of sale within the city, any wearing apparel which is so highly combustible as to be dangerous to a wearer thereof.
(Code 1964, § 19-19; Code 1980, § 93-41)

Sec. 9-3-42. Same—Action of fire chief, etc., authorized generally.

All wearing apparel which is so highly combustible as to be dangerous to a wearer thereof is hereby declared to be unsafe for use as such by human beings and the chief of the department or fire marshal of the city is authorized and directed to prevent the sale, offer of sale, exposing for sale, possession for the purpose of sale or other possession as provided in this division.
(Code 1964, § 19-20; Code 1980, § 9-3-42)

Sec. 9-3-43. Seizure and impoundment—Authorized.

Any wearing apparel which is so highly combustible as to be dangerous to a wearer thereof shall be seized by or under the authority of the chief of the department or the fire marshal of the city and a receipt therefor describing the same as accurately as possible shall be given to the owner or person in possession at time of seizure. Such wearing apparel shall be safely impounded until disposed of according to the provisions of this division.
(Code 1964, § 19-21; Code 1980, § 9-3-43)

Sec. 9-3-44. Same—Hearing upon petition of owner, etc.; notice; disposition.

Any person claiming any right or interest in or to any wearing apparel seized by or under the authority of the chief of the department or the fire marshal as provided by section 9-3-43 who objects to the seizure thereof may, within ten days after such seizure, present a complaint, in duplicate, to the municipal court of the city averring that the complainant is the owner or entitled to possession of such wearing apparel, describing it, that it is in

the custody of the chief of the department or the fire marshal of the city and that the seizure and impounding of the same was not authorized by this division. Upon presentation of such complaint, in duplicate, the municipal court shall immediately set same down for hearing on a day not less than one nor more than three days after presentation, and shall cause one of such duplicates, with the time of hearing noted thereon, to be delivered to the chief of the department or the fire marshal of the city. The judge may continue the hearing from time to time as may be proper. If upon the hearing the complaint should be sustained the judge shall render judgment that such wearing apparel be forthwith released to the petitioner. If the complaint should not be sustained, the judge shall enter judgment dismissing same.
(Code 1964, § 19-22; Code 1980, § 9-3-44; Ord. No. 77-245, § 1, 12-2-1977)

Sec. 9-3-45. Same—Disposition of merchandise if petition for hearing not filed within 30 days.

If, upon the expiration of 30 days after the seizure of any wearing apparel, which is so highly combustible as to be dangerous to a wearer thereof, seized by or under the authority of the chief of the department or the fire marshal as provided in this division, there has been no petition filed in the municipal court of the city as provided in section 9-3-44, or if such petition has been filed and the same has been dismissed, then the chief of the department or the fire marshal shall destroy or cause to be destroyed such wearing apparel or make such other disposition thereof as will prevent the same from being used as wearing apparel for human beings while the same is in such combustible state.
(Code 1964, § 19-23; Code 1980, § 9-3-45; Ord. No. 77-245, § 2, 12-2-1977)

Sec. 9-3-46. Same—Hearing upon petition of chief, etc.; authorized; notice.

The chief of the department or the fire marshal may, if either so elects, file or cause to be filed within 30 days after seizure thereof in the municipal court of the city, a petition setting out a description of the wearing apparel seized and impounded, the name of the owner or the name of the person in possession at the time of seizure, the place where seized, and the place where impounded, and pray in such petition for condemnation or other disposition of such wearing apparel. Upon the filing of such petition, a municipal judge shall make an order setting the hearing of the petition and requiring that a copy of the order, together with a copy of the petition, be served upon the owner or person in possession at the time of seizure, at least one day before the day set for the hearing.
(Code 1964, § 19-24; Code 1980, § 9-3-46; Ord. No. 77-245, § 3, 12-2-1977)

Sec. 9-3-47. Same—Disposition of dangerous merchandise; return of safe merchandise.

(a) If, upon such hearing, as provided for by section 9-3-46, it shall appear that such wearing apparel is so highly combustible as to be dangerous to a wearer thereof the municipal judge shall enter an order condemning such wearing apparel and ordering the chief of the department or the fire marshal to destroy the same or to make such other disposition thereof as will prevent the same from being used as wearing apparel for human beings while the same is in such combustible state. Should it appear that such wearing apparel is not so highly combustible as to be dangerous to a wearer thereof, the municipal judge shall enter an order requiring the chief of the department or the fire marshal to restore such wearing apparel to the owner or person in possession at the time of seizure.

(b) Nothing contained in this or the preceding sections shall be held to limit or alter the provisions of section 9-3-45.
(Code 1964, § 19-25; Code 1980, § 9-3-47)

CHAPTER 4. CIVIL DEFENSE AND DISASTER*

Sec. 9-4-1. Policy and purpose.

Because of the existing and increasing possibility of the occurrence of emergencies or disasters,

*__State law references__—Alabama Emergency Management Act of 1955, Code of Ala. 1975, § 31-9-1 et seq.; powers of governing body during local state of emergency, Code of Ala. 1975, § 31-9-10.

resulting from manmade or natural causes, or enemy attack, and in order to ensure that preparations of the city will be adequate to deal with emergencies or disasters and generally to provide for the common defense and to protect the public peace, health and safety, and to preserve the lives and property of the people of the city, it is hereby found and declared to be necessary:

(1) To provide for the rendering of mutual aid among other political subdivisions of the state and with the federal government with respect to the carrying out of civil defense functions; and

(2) To authorize the department of civil defense to take such steps as are necessary and appropriate to carry out the provisions of this law so that all civil defense functions for the city are coordinated to the maximum extent with the comparable functions of the state and its political subdivisions, of the federal government including its various departments and agencies, of other states and localities and of private agencies of every type to the end that the most effective preparation and use may be made of the nation's manpower, resources and facilities for dealing with any emergency or disaster that may occur.

(Code 1980, § 9-4-1)

Sec. 9-4-2. Definitions.

As used in this chapter, the term "civil defense" means the preparation for and the carrying out of all emergency functions, other than functions for which military forces are primarily responsible, to prevent, minimize and repair injury and damage resulting from emergencies or disasters, or the imminent threat, of manmade or natural origin, caused by enemy attack, sabotage, civil disturbance, fire, flood, earthquake, wind, storm, wave action, oil spill or other water contaminations requiring emergency action to avert danger or damage, epidemic, air contamination, blight, drought, infestation, explosion, riot or other hostile action, or other causes. These functions include, without limitation, firefighting services, police services, medical and health services, rescue, engineering, warning services, communications, defense from radiological, chemical and other special weapons, evacuation of persons from stricken areas, emergency welfare services, emergency transportation, plant protection, temporary restoration of public utility services and other functions related to civilian protection, together with all other activities necessary or incidental to the preparation for and carrying out of the foregoing functions.

CHAPTER 1. GENERAL PROVISIONS*

Sec. 10-1-1. Definitions.

The following words, terms and phrases, when used in this title, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Alley or *alleyway* means any roadway or public way dedicated to public use and designed for use as a means of providing access to the rear or side of lots or buildings or premises and not intended for the purpose of through vehicular traffic unless otherwise officially designated as a street.

Authorized emergency vehicle means such fire department vehicles, police vehicles and ambulances as are designated by the chief of police of the city.

Bicycle means every device propelled by human power upon which any person may ride, having two tandem wheels either of which is more than 14 inches in diameter.

Bus means every motor vehicle designed for carrying more than ten passengers and used for the transportation of persons; and every motor vehicle other than a taxicab or limousine designed and used for the transportation of persons for compensation.

Business district means the territory contiguous to and including a highway when within any 600 feet along such highway there are buildings in use for business or industrial purposes, including but not limited to hotels, banks or office buildings, railroad stations and public buildings which occupy at least 300 feet of frontage on one side or 300 feet collectively on both sides of the highway.

Central Business District means all streets and portions of streets within the area described as follows: All that area bounded on the west by the west line of 13th Street; on the east by the east line of 26th Street, North; on the south by the south line of University Blvd.; on the north by the north line of 8th Avenue, North.

Commercial vehicle means every vehicle designed, maintained or used primarily for the transportation of property.

Controlled-access highway means every highway, street or roadway in respect to which owners or occupants of abutting lands and other persons have no legal right of access to or from the same, except at those points only and in the manner as may be determined by the public authority having jurisdiction over the highway, street or roadway.

Crosswalk means:

(1) The part of a roadway at an intersection included within the connections of the lateral lines of the sidewalks on opposite sides of the highway measured from the curbs, or, in the absence of curbs, from the edges of the traversable roadway.

(2) Any portion of a roadway at an intersection or elsewhere distinctly indicated for pedestrian crossing by lines or other markings on the surface.

Curb loading zone means a space adjacent to a curb reserved for the exclusive use of vehicles during the loading or unloading of passengers or materials.

Diagonal parking means a vehicle shall be deemed parked diagonally when the same is parked at an angle of 45 degrees to the street curb, with the right front wheel of the vehicle not more than three inches from the curb.

Driver means every person who drives or is in actual physical control of a vehicle.

Farm tractor means every motor vehicle designed and used primarily as a farm implement for drawing plows, mowing machines and other implements of husbandry.

Freight curb loading zone means a space adjacent to a curb for the exclusive use of vehicles during the loading or unloading of freight or passengers.

*__State law references__—Authority of department of public safety to promulgate rules and regulations, Code of Ala. 1975, § 32-2-9; authority to adopt traffic laws by reference, Code of Ala. 1975, § 11-45-8(c)(11).

Highway means the entire width between the boundary lines of every way publicly maintained when any part thereof is open to the use of the public for purposes of vehicular travel.

Intersection means:

(1) The area embraced within the prolongation or connection of the lateral curblines, or, if none, then the lateral boundary lines of the roadways of two highways which join one another at, or approximately at, right angles, or the area within which vehicles traveling upon different highways joining at any other angle may come in conflict.

(2) Where a highway includes two roadways 30 feet or more apart, then every crossing of each roadway of the divided highway by an intersecting highway shall be regarded as a separate intersection. In the event the intersecting highway also includes two roadways 30 feet or more apart, then every crossing of the two roadways of the highways shall be regarded as a separate intersection.

(3) The junction of an alley with a street or highway shall not constitute an intersection.

Laned roadway means a roadway which is divided into two or more clearly marked lanes of vehicular traffic.

Metal tires means all tires, the surface of which in contact with the street is wholly or partly of metal or other hard, nonresilient material.

Motor vehicle means every vehicle which is self-propelled and every vehicle which is propelled by electric power obtained from overhead trolley wires, but not operated upon rails.

Motorcycle means every motor vehicle having a seat or saddle for the use of the rider and designed to travel on not more than three wheels in contact with the ground, but excluding a tractor.

Motor-driven cycle means every motorcycle, including every motor scooter, with a motor which produces not to exceed five brake horsepower nor to exceed 150 cubic centimeter engine displacement, and weighs less than 200 pounds fully equipped, and every bicycle with motor attached.

Official time standard means whenever certain hours are named in this title, they shall mean standard time or daylight saving time, as may be in current use in the city.

Official traffic control device means all signs, signals, markings and devices not inconsistent with this title, placed or erected by authority of a public body or official having jurisdiction, for the purpose of regulating, warning or guiding traffic.

Owner means a person, other than a lienholder, having the property in or title to a vehicle. The term "owner" includes a person entitled to the use and possession of a vehicle subject to a security interest in another person but excludes a lessee under a lease not intended as security.

Park or *parking* means the standing of a vehicle, whether occupied or not, otherwise than temporarily for the purpose of and while actually engaged in loading or unloading merchandise or passengers.

Passenger car means every motor vehicle, except motorcycles and motor-driven cycles, designed for carrying ten passengers or less and used for the transportation of persons.

Passenger curb loading zone means a place adjacent to a curb reserved for the exclusive use of vehicles during the loading or unloading of passengers.

Pedestrian means any person afoot.

Person means every natural person, firm, copartnership, association or corporation.

Pneumatic tire means every tire in which compressed air is designed to support the load.

Pole trailer means every vehicle without motive power designed to be drawn by another vehicle and attached to the towing vehicle by means of a reach or pole, or by being boomed or otherwise secured to the towing vehicle, and ordinarily used for transporting long or irregularly shaped loads such as poles, pipes or structural members capable, generally, of sustaining themselves as beams between the supporting connections.

Police officer means every officer of the police department or any officer authorized to direct or regulate traffic or to make arrests for violations of traffic regulations.

Private road or driveway means every way or place in private ownership and used for vehicular travel by the owner and those having expressed or implied permission from the owner, but not by other persons.

Public way means every street, highway or thoroughfare within the city which has been dedicated including that portion of the right-of-way between the lateral lines of the public street or road and the adjacent property lines, including sidewalks and grassy plots, if any.

Railroad means a carrier of persons or property upon cars, operated upon stationary rails.

Railroad sign or signal means any sign, signal or device erected by authority of a public body or official or by a railroad and intended to give notice of the presence of railroad tracks or the approach of a railroad train.

Railroad train means a steam engine, electric or other motor, with or without cars coupled thereto, operated upon rails.

Residence district means the territory contiguous to and including a highway not comprising a business district when the property on that highway for a distance of 300 feet or more is in the main improved with residences and buildings in use for business.

Right-of-way means the right of one vehicle or pedestrian to proceed in a lawful manner in preference to another vehicle or pedestrian approaching under such circumstances of direction, speed and proximity as to give rise to danger of collision unless one grants precedence to the other.

Road tractor means every motor vehicle designed and used for drawing other vehicles and not so constructed as to carry any load thereon independently or to carry any part of the weight of a vehicle or load so drawn.

Roadway means the portion of a highway improved, designed or ordinarily used for vehicular travel, exclusive of the berm or shoulder. In the event a highway includes two or more separate roadways, the term "roadway" refers to any such roadway separately but not to all such roadways collectively.

Safety zone means the area or space officially set apart within a roadway for the exclusive use of pedestrians and which is protected or is so marked or indicated by adequate signs as to be plainly visible at all times while set apart as a safety zone.

School bus means every motor vehicle that complies with the color and identification requirements set forth by statute or regulation and is used to transport children to or from school or in connection with school activities, but not including buses operated by common carriers in urban transportation of school children.

Semi-trailer means every vehicle with or without motive power, other than a pole trailer, designed for carrying persons or property and for being drawn by a motor vehicle and so constructed that some part of its weight and that of its load rests upon or is carried by another vehicle.

Sidewalk means the portion of a street between the curblines, or the lateral lines of a roadway, and the adjacent property lines, intended for use by pedestrians.

Solid tire means every tire of rubber or other resilient material which does not depend upon compressed air for the support of the load.

Special mobile equipment means every vehicle not designed or used primarily for the transportation of persons or property and only incidentally operated or moved over a highway, including but not limited to ditch digging apparatus, well boring apparatus and road construction and maintenance machinery such as asphalt spreaders, bituminous mixers, bucket loaders, tractors other than truck tractors, ditchers, leveling graders, finishing machines, motor graders, road rollers, scarifiers, earth-moving carry-alls and scrapers, power shovels and drag lines, and self-propelled cranes and earth-moving equipment. The term "special mobile equipment" does not include house trailers, dump trucks, truck-mounted transit mix-

ers, cranes or shovels, or other vehicles designed for the transportation of persons or property to which machinery has been attached.

Stand or *standing* means the halting of a vehicle, whether occupied or not, otherwise than for the purpose of and while actually engaged in receiving or discharging passengers.

Stop, when required, means complete cessation from movement.

Stop or *stopping,* when prohibited, means any halting, even momentarily, of a vehicle, whether occupied or not, except when necessary to avoid conflict with other traffic or in compliance with the directions of a police officer or traffic control sign or signal.

Street or *highway* means the entire width between the boundary lines of every way publicly maintained when any part thereof is open to the use of the public for purposes of vehicular travel.

Through highway means every street or highway or portion thereof on which vehicular traffic is given preferential right-of-way, and at the entrances to which vehicular traffic from intersecting highways is required by law to yield right-of-way to vehicles on the through highway in obedience to either a stop sign or a yield sign, when those signs are erected as provided in this title.

Traffic means pedestrians, ridden or herded animals, vehicles and other conveyances, either singly or together, while using any street or highway for purposes of travel.

Traffic control signal means any device, whether manually, electrically or mechanically operated, by which traffic is alternately directed to stop and to proceed.

Traffic officer means any officer designated by the mayor or the chief of police to direct or control traffic upon the streets of the city, or any member of the police department.

Trailer means every vehicle with or without motive power, other than a pole trailer, designed for carrying persons or property and for being drawn by a motor vehicle and so constructed that no part of its weight rests upon the towing vehicle.

Truck means every motor vehicle designed, used or maintained primarily for the transportation of property.

Truck-tractor means every motor vehicle designed and used primarily for drawing other vehicles and not so constructed as to carry a load other than a part of the weight of the vehicle and load so drawn.

Vehicle means every device in, upon or by which any person or property is or may be transported or drawn upon a highway, excepting devices moved by human power or used exclusively upon stationary rails or tracks; provided that for the purposes of this title, a bicycle or a ridden animal shall not be deemed a vehicle.
(Code 1964, § 34-1; Code 1980, § 10-1-1; Ord. No. 81-65, § 1, 4-7-1981; Ord. No. 93-251, § 1, 10-19-1993)

Sec. 10-1-2. Use of coasters, roller skates and similar devices restricted.

No person upon roller skates, or riding in or by means of any coaster, toy vehicle or similar device, shall go upon any roadway, except while crossing a street on a crosswalk; and when so crossing, that person shall be granted all the rights and shall be subject to all the duties applicable to pedestrians. This section shall not apply upon any street while set aside as a play street.
(Code 1964, § 34-2; Code 1980, § 10-1-2)

Sec. 10-1-3. Clinging to vehicles.

No person riding upon any motorcycle, motor-driven cycle, bicycle, coaster, roller skates, skateboard, sled or toy vehicle shall attach the same or himself or herself to any vehicle upon a roadway.

Sec. 10-1-5. Reserved.

Sec. 10-1-6. License tag.

It shall be unlawful for any person to drive or operate any motor vehicle upon the streets of the city, unless a proper and lawful license tag is attached thereto, as required by law, and the tag is of the proper classification computed upon the basis of the load carried upon the motor vehicle as provided by law, and unless the license tag is unobscured and plainly readable at a distance of 50 feet, and it shall be unlawful for any person to drive or operate any motor vehicle upon the streets of the city with any license tag attached thereto, other than a license tag for the current year; provided that this section shall be not construed to prevent any license tag being attached to a bus or truck engaged in interstate transportation of passengers or freight when the tag is required to be attached thereto, by the laws of any other state in which the bus or truck operates.
(Code 1964, § 34-6; Code 1980, § 10-1-6)

State law reference—Similar provision, Code of Ala. 1975, § 32-6-51.

Sec. 10-1-7. Display of oscillating, flashing, etc., beams of light.

(a) It shall be unlawful for any person to maintain or display upon or in view of any street a device which resembles rotating beacon lights usually used on emergency vehicles, that display a 360 degrees or less revolving or oscillating beam of light or an intermittent, flashing beam of light which is visible to operators of vehicles upon the street.

(b) It shall be unlawful for any person to maintain or display upon or in view of any street a light that displays a 360 degrees or less revolving or oscillating beam of light or an intermittent flashing beam of light which interferes with or reduces the vision of operators of vehicles upon the street.

(c) The provisions of this section shall not apply to the use of revolving beacon lights upon ambulances, wreckers or authorized emergency vehicles while the vehicles are being operated in an emergency or in an official capacity, nor shall the provisions of this section apply to the use of revolving beacon lights on vehicles used in construction, repair or service of public utility facilities on public ways during the time as is necessary to stop those vehicles on public ways to enable actual performance of the work, nor shall the provisions of this section apply to the display of intermittent flashing beams of light used to warn of construction, repair or service work on public utility facilities, when it is necessary to do the work on public ways.
(Code 1964, § 34-7; Code 1980, § 10-1-7)

Sec. 10-1-8. Reserved.

Sec. 10-1-9. Appearance upon arrest for traffic infraction; bond therefor; prima facie evidence.

(a) Whenever any person is arrested for a violation of any provision of this title, the arresting officer shall, unless otherwise provided in this section, take the name and address of that person and the license number of his or her motor vehicle and issue a uniform traffic ticket and complaint in accordance with Code of Ala. 1975, § 12-12-52 or otherwise notify him or her in writing to appear at a time and place to be specified in the uniform traffic ticket and complaint or notice. That officer shall, upon the giving by the person of a sufficient written bond approved by the arresting officer to appear at that time and place, forthwith release him or her from custody. The person shall, if he or she so desires, have a right to a prompt hearing

before a municipal judge at a convenient hour when that person shall apply for the hearing in person before a municipal judge within 24 hours of the issuance of said summons or notice.

(b) Any person refusing to give a bond to appear shall be taken immediately by the arresting officer to jail pending trial, or other lawful disposition, or the making of proper bond in accordance with the provisions of section 8-4-5.

(c) The provisions of this section shall not apply to any person arrested and charged with an offense causing or contributing to an accident resulting in injury or death to any person nor to any person charged with driving while under the influence of intoxicating liquor or of narcotic or other drugs nor to any person whom the arresting officer shall have good cause to believe has committed any felony, and the arresting officer shall take that person forthwith to the city jail for disposition as otherwise provided in this Code.

(d) It shall be unlawful for any person to willfully fail to appear in municipal court pursuant to his or her written bond or other surety given in accordance with this section, regardless of the disposition of the charge upon which he or she was originally arrested.

(e) Whenever any police officer has probable cause to believe or has knowledge that a parking offense under this title has been committed he or she shall, if he or she does not arrest the operator of the vehicle involved, issue and place upon the vehicle, a written traffic citation for the operator or owner of the vehicle to appear at a specified place within a specified time to answer for the offense, or dispose of the citation in the manner otherwise stated on the citation.

(f) In any prosecution for the violation of any provision of this title, relating to the operation or parking of vehicles, it shall be prima facie evidence that the owner of the vehicle was operating the same at the time of the alleged violation, or, in the case of parking overtime, that the owner parked the vehicle and caused it to be parked overtime.

(g) Deposit of driver's license in lieu of bond.

(1) Whenever any person lawfully possessed of a chauffeur's or driver's license theretofore issued to him or her by the state department of public safety, or under the laws of any other state or territory, or the District of Columbia of the United States, shall be arrested and charged with the violation of any traffic law of the city for which the arresting officer is directed to take a written bond, he or she shall have the option of depositing his or her chauffeur's or driver's license so issued to him or her with the arresting officer or the clerk of the municipal court, in lieu of any other security which may be required for his or her appearance in the municipal court in answer to the charge in that court.

(2) If the person arrested elects to deposit his or her license, as herein provided, the arresting officer or clerk of the municipal court shall issue that person a receipt for the license upon a form furnished or prescribed by the municipality, and thereafter the person shall be permitted to operate a motor vehicle upon the highways of this state during the pendency of the case in which the license was deposited, unless his or her license or privilege is otherwise revoked, suspended or canceled.

(3) The clerk of the court in which the charge is lodged shall immediately forward to the department of public safety of the state the license of the driver which was deposited in lieu of bail if the driver fails to appear in answer to the charge against him or her. The director of public safety shall, upon receipt of a license so forwarded by the clerk, suspend the driver's license and driving privilege of the defaulting driver until notified by the court that the charge against that driver has been finally adjudicated.

(Code 1964, § 34-9; Code 1980, § 10-1-9; Ord. No. 77-249, § 1, 12-2-1977)

State law reference—Similar provisions, Code of Ala. 1975, §§ 32-5-152, 32-5-152.1, 32-1-6.

Sec. 10-1-10. Impoundment of vehicles containing certain illegal substances, etc.

(a) Any police officer of the city who shall find within the city or the police jurisdiction thereof any vehicle which is found to contain any illegal

liquor, illegal drug or lottery paraphernalia, may remove or cause the vehicle to be removed to and impounded in any vehicular depository so designated by the city for such use.

(b) The police chief or designee shall designate the depositories for vehicles impounded pursuant to the authority contained in subsection (a) of this section.

(c) The city is entitled hereby and declared to have a lien upon any vehicle so impounded as provided in subsection (a) of this section, for an amount and length of time that shall be as established by the city council and prescribed by state law as well as any contract entered into for such services by the city council, while the vehicle remains in any city depository.

(d) Any vehicle impounded as provided in subsection (a) of this section shall not be released from any depository of the city except upon the full payment of all charges or liens accrued as provided in this section to the city, unless an unencumbered interest in the vehicle shall be declared by a court of competent jurisdiction to be in the city, in which event the vehicle shall be delivered or made available to the chief of police of the city without charge, unless the chief of police shall certify in writing to the purchasing agent for the city that the city has no need for the vehicle, in which event the vehicle shall be treated as surplus property and sold by the purchasing agent for the city as now or hereafter provided by law.
(Code 1964, § 34-9.3; Code 1980, § 10-1-10)

Sec. 10-1-11. Parking and storage of disabled, etc., automobiles.

(a) No owner, operator, employee or other person in charge or control of any service station, public or private garage, automotive towing or wrecker service, automobile repair shop, automobile sales establishment, new or used parts shop, automobile graveyard, automobile storage service or other automotive establishment shall permit the placement, storage, parking, dismantling, assembling or disassembling of any disabled or inoperable automobile, or part or parts thereof, including but not limited to motors, tires, wheels, axles, transmissions and accessories, upon the premises thereof or other premises under the control or use of the owner, operator, employee or other person, for a period in excess of three hours between the hours of 7:00 a.m. and 6:00 p.m. of any day, unless those vehicles, or part or parts thereof, shall be parked, stored, deposited or placed within or upon an area which is enclosed so as not to be visible from any adjacent public way open to travel, either by a fence, wall or screening device which shall be not less than eight feet in height measured from ground level. The fence, wall or screening device must be nontransparent and contain no openings wider or more numerous than reasonably necessary for ingress and egress; these openings shall be closable by a gate, door or other device of nontransparent material and be of a minimum height of eight feet measured from the ground level, and must remain closed at all times except when required to be open for ingress or egress, unless the same shall be stored, parked or deposited within a permanent type building or structure having a conventional or permanent type roof, and not less than three permanently constructed walls supporting the roof covering same; provided, however, that the council may, upon written application and public hearing thereon, waive the requirement for a fence, vertical wall or screening device along any railroad or other embankment, or alleyway when it finds that a nontransparent fence or wall or other screening device at the location applied for is not necessary to accomplish the purposes of this section.

(b) No such establishment as described in subsection (a) of this section shall be operated at any time in such a manner as to constitute a nuisance.
(Code 1964, § 34-9.4; Code 1980, § 10-1-11)

CHAPTER 2. TRAFFIC ADMINISTRATION

Sec. 10-2-1. Reserved.

Sec. 10-2-2. Duties of police department.

It shall be the duty of the police department to enforce the provisions of this title and other traffic regulations of this city and all of the state vehicle laws applicable to street traffic in this city, to make arrests for traffic violations, to investigate

accidents and to cooperate with the city traffic engineer and other officers of the city in the administration of the traffic laws and in developing ways and means to improve traffic conditions, and to carry out those duties specially imposed by this title and other traffic ordinances of the city.
(Code 1964, § 34-11; Code 1980, § 10-2-2; Ord. No. 81-65, § 2, 4-7-1981)

Sec. 10-2-3. Records of traffic violations.

(a) The police department shall keep a record of all violations of this title and other traffic ordinances of the city or of the state vehicle laws of which any person has been charged, together with a record of the final disposition of all alleged offenses. This record shall be so maintained as to show all types of violations and the total of each. Such record shall accumulate during at least a five-year period, and from that time on the record shall be maintained complete for at least the most recent five-year period.

(b) All forms for records of violations and notices of violations shall be serially numbered. For each month and year a written record shall be kept available to the public showing the disposal of all the forms.

(c) All these records and reports shall be public records.
(Code 1964, § 34-12; Code 1980, § 10-2-3; Ord. No. 81-65, § 2, 4-7-1981)

Sec. 10-2-4. Traffic accident studies.

Whenever the accidents at any particular location become numerous, the police department shall cooperate with the city traffic engineer in conducting studies of these accidents and determining remedial measures.
(Code 1964, § 34-14; Code 1980, § 10-2-4; Ord. No. 81-65, § 2, 4-7-1981)

Sec. 10-2-5. Traffic accident reports.

The police department shall maintain a suitable system of filing traffic accident reports. Accident reports or cards referring to them shall be filed alphabetically by date. These reports shall be available for the use and information of the city traffic engineer.
(Code 1964, § 34-15; Code 1980, § 10-2-5; Ord. No. 81-65, § 2, 4-7-1981)

Sec. 10-2-6. Drivers' files to be maintained.

(a) The police department shall maintain a suitable record of all traffic accidents, warnings, arrests, convictions and complaints reported for each driver, which shall be filed alphabetically under the name of the driver concerned.

(b) The police department shall study the cases of all the drivers charged with frequent or serious violations of the traffic laws or involved in frequent traffic accidents or any serious accident, and shall attempt to discover the reasons therefor, and shall take whatever steps are lawful and reasonable to prevent the same or to have the licenses of those persons suspended or revoked.

(c) Such records shall accumulate during at least a five-year period, and from that time on the records shall be maintained complete for at least the most recent five-year period.
(Code 1964, § 34-16; Code 1980, § 10-2-6; Ord. No. 81-65, § 2, 4-7-1981)

Sec. 10-2-7. Police department to submit annual traffic safety report.

(a) The police department shall annually prepare a traffic report, which shall be filed with the mayor. This report shall contain information on traffic matters in this city as follows:

(1) The number of traffic accidents, the number of persons killed, the number of persons injured and other pertinent traffic accident data.

(2) The number of traffic accidents investigated and other pertinent data on the safety activities of the police.

(b) The plans and/or recommendations of the police department for future traffic safety activities may be included in this report.
(Code 1964, § 34-17; Code 1980, § 10-2-7; Ord. No. 81-65, § 2, 4-7-1981)

Sec. 10-2-8. Police department to designate method of identifying funeral processions.

The police department shall designate the method to be employed to identify the vehicles in funeral processions.
(Code 1964, § 34-18; Code 1980, § 10-2-8; Ord. No. 81-65, § 2, 4-7-1981)

Sec. 10-2-9. Emergency and experimental regulations.

(a) The chief of police, by and with the approval of the city traffic engineer, is hereby empowered to make regulations necessary to make effective the provisions of this title and any other traffic ordinances of the city and to make and enforce temporary or experimental regulations to cover emergencies or special conditions. No such temporary or experimental regulations shall remain in effect for more than 90 days.

(b) The city traffic engineer may test traffic control devices under actual conditions of traffic.
(Code 1964, § 34-19; Code 1980, § 10-2-9)

Sec. 10-2-10. City traffic engineer—Office established; qualifications; appointment.

The office of city traffic engineer is hereby established. The city traffic engineer shall be a qualified engineer and shall be appointed under civil service. He or she shall exercise the powers and duties as provided in this title and other traffic ordinances of the city.
(Code 1964, § 34-20; Code 1980, § 10-2-10)

Sec. 10-2-11. Same—Powers and duties generally.

It shall be the general duty of the city traffic engineer to determine the installation and proper timing and maintenance of traffic control devices, to conduct engineering analyses of traffic accidents and to devise remedial measures, to conduct engineering investigation of traffic conditions, to plan the operation of traffic on the streets and highways of the city, and to cooperate with other city officials in the development of ways and means to improve traffic conditions, and to carry out the additional powers and duties imposed by this Code and other ordinances of the city.
(Code 1964, § 34-21; Code 1980, § 10-2-11)

Sec. 10-2-12. Same—Enforcement of parking ordinances.

The city traffic engineer is empowered hereby to enforce all provisions of this Code and other ordinances regulating or prohibiting the parking of motor vehicles upon the streets or public ways of the city. However, nothing contained herein shall limit in any way the authority of any police officer to enforce any such law or ordinance.
(Code 1964, § 34-21.1; Code 1980, § 10-2-12)

Sec. 10-2-13. Same—Authority to establish play streets and authorize street blockage for public functions.

(a) The city traffic engineer shall have authority to declare any street or part thereof a play street and authorize the placing of appropriate signs or devices in the roadway indicating and helping to protect the same.

(b) The city traffic engineer, upon request by a nonprofit organization made on a form provided by the traffic engineer, shall have the authority to approve street blockage on nonarterial streets or parts thereof for the sole purpose of conducting a public function when the traffic engineer determines that such blockage can be effected without unreasonably affecting traffic flow, land accessibility or the safety and comfort of the citizens affected thereby; and, upon approval, the traffic engineer shall authorize the placing of signs or devices as hereinafter provided in subsection (c) of this section.

(c) Whenever authorized traffic control devices are in place indicating any street or part thereof as a play street or blocked for the purpose of public functions, no person shall drive a vehicle upon any such street or portion thereof except drivers of vehicles having business or whose res-

idences are within the closed area; and then any said driver shall exercise the greatest care in driving upon any such street or portion thereof.
(Code 1964, § 34-22; Code 1980, § 10-2-13; Ord. No. 78-138, 8-4-1978; Ord. No. 81-65, § 2, 4-7-1981)

Sec. 10-2-14. Same—Authority to establish crosswalks and safety zones.

The city traffic engineer is hereby authorized to:

(1) Designate and maintain, by appropriate devices, marks or lines upon the surface of the roadway, crosswalks at intersections where, in his or her opinion, there is particular danger to pedestrians crossing the roadway and at any other places as he or she may deem necessary.

(2) Establish safety zones of a kind and character and at those places as he or she may deem necessary for the protection of pedestrians.

(Code 1964, § 34-23; Code 1980, § 10-2-14)

Sec. 10-2-15. Same—Authority to mark traffic lanes.

The city traffic engineer is hereby authorized to mark traffic lanes upon the roadway of any street or highway where a regular alignment of traffic is necessary.
(Code 1964, § 34-24; Code 1980, § 10-2-15)

Sec. 10-2-16. Same—Authority to restrict direction of movement on streets during certain periods.

(a) The city traffic engineer is hereby authorized to determine and designate streets, parts of streets or specific lanes thereon upon which vehicular traffic shall proceed in one direction during one period and the opposite direction during another period of the day and shall place and maintain appropriate markings, signs, barriers or other devices to give notice thereof. The city traffic engineer may erect signs temporarily designating lanes to be used by traffic moving in a particular direction, regardless of the centerline of the roadway.

(b) It shall be unlawful for any person to operate any vehicle in violation of these markings, signs, barriers or other devices so placed in accordance with this section.
(Code 1964, § 34-25; Code 1980, § 10-2-16)

State law reference—Obedience to traffic control devices required, Code of Ala. 1975, § 32-5A-31.

Sec. 10-2-16.1. Same—Authority to designate one-way streets and alleys.

(a) The city traffic engineer is hereby authorized to determine and designate one-way streets or alleys and shall place and maintain official traffic control devices giving notice thereof. No such designation shall be effective unless such devices are in place.

(b) The city traffic engineer shall maintain a current copy of a schedule designating such streets, parts of streets and alleys on file in the office of the city clerk and in the office of the city traffic engineer.
(Code 1980, § 10-2-16.1; Ord. No. 81-50, § 2, 4-7-1981)

Sec. 10-2-16.2. Same—Notice of proposed changes.

(a) The city traffic engineer, upon making a determination on the basis of traffic and engineering investigation that changes are necessary concerning any of the following, shall notify the city council by submitting a list detailing the proposed changes and the effective date of implementation of such changes, which date shall be ten days subsequent to the date of said notice:

(1) One-way streets and alleys.

(2) Through streets.

(3) Prohibited parking on certain streets.

(4) Parking time limited on certain streets.

(5) Parking meter zones.

(6) Load restrictions on certain streets.

(7) Commercial vehicles restricted to certain streets.

(8) Change in state maximum speed limits.

(9) Bus lanes.

(10) Automatic flashing light signals at certain railroad crossings.

(11) Streetlights at railroad crossings.

(b) Any councilmember objecting to any proposed change shall notify the city traffic engineer and the city clerk in writing detailing such complaint prior to the effective implementation date as stated in the notice. Any item or items of change objected to shall be set for determination within 14 days of the scheduled effective date of implementation. If no objection is made before the scheduled implementation date, the proposed changes shall forthwith take effect.
(Code 1980, § 10-2-16.2; Ord. No. 81-51, 4-7-1981)

Sec. 10-2-17. Traffic commission.

(a) The mayor is hereby authorized to establish a traffic commission to serve without compensation, consisting of the city traffic engineer, the chief of police, or their representatives, the chairperson of the council public safety committee, and any number of other city officers and representatives of unofficial bodies as may be determined and appointed by the mayor. The chairperson of the commission shall be appointed by the mayor and may be removed by him or her.

(b) The traffic commission shall have the authority to receive complaints having to do with traffic matters and to recommend to the city council and to the city traffic engineer, the chief of police and other city officials ways and means for improving traffic conditions and the administration and enforcement of traffic regulations.
(Code 1980, § 10-2-17; Ord. No. 81-65, § 2, 4-7-1981)

Sec. 10-2-18. Appeals of certain traffic regulations.

(a) An appeal from the following traffic regulations designated by the city traffic engineer as authorized by this title may be taken to the city council by any person aggrieved by such decision:

(1) One-way streets and alleys.

(2) Through streets.

(3) Prohibited parking on certain streets.

(4) Parking time limited on certain streets.

(5) Parking meter zones.

(6) Load restrictions on certain streets.

(7) Commercial vehicles restricted to certain streets.

(8) Change in state maximum speed limits.

(9) Bus lanes.

(10) Automatic flashing light signals at certain railroad crossings.

(11) Streetlights at railroad crossings.

(b) Such appeal of any change may be had by filing with the city traffic engineer a written notice of appeal specifying the grounds thereof on a form provided by the city traffic engineer within 30 days of implementation of such change.

(c) The city traffic engineer shall forthwith transmit to the mayor's office, council office and city clerk such notice of appeal.

(d) The city clerk shall set any such appeal on the council agenda within 21 days of receipt of such notice of appeal from the city traffic engineer for determination of the appeal. The city clerk shall also notify the person filing such appeal of this date and shall notify him or her that he or she shall have the opportunity to present his or her argument to the council. After hearing any arguments presented by the appellant and the city traffic engineer, the council shall affirm or deny such appeal.
(Code 1980, § 10-2-18; Ord. No. 81-52, 4-7-1981)

CHAPTER 3. ENFORCEMENT AND OBEDIENCE TO TRAFFIC REGULATIONS

Sec. 10-3-1. Required obedience to title.

It shall be unlawful for any person to do any act forbidden or fail to perform any act required in this title.
(Code 1964, § 34-26; Code 1980, § 10-3-1)

Sec. 10-3-2. Authority of police and fire and rescue service department officials.

(a) It shall be the duty of the officers of the police department or any officers as are assigned by the chief of police to enforce all street traffic laws of the city and all of the state vehicle laws applicable to street traffic in the city.

(b) Officers of the police department or any officers as are assigned by the chief of police are hereby authorized to direct all traffic by voice, hand or signal in conformance with traffic laws; provided that, in the event of a fire or other emergency or to expedite traffic or to safeguard pedestrians, officers of the police department may direct traffic as conditions may require, notwithstanding the provisions of the traffic laws.

(c) Officers of the fire and rescue service department, when at the scene of a fire, may direct or assist the police in directing traffic thereat or in the immediate vicinity.
(Code 1964, § 34-27; Code 1980, § 10-3-2)

Sec. 10-3-3. Obedience to police and fire and rescue service department officials.

No person shall willfully fail or refuse to comply with any lawful order, signal or direction of a police officer or fire and rescue service department official.
(Code 1964, § 34-28; Code 1980, § 10-3-3)

State law reference—Similar provision, Code of Ala. 1975, § 32-5A-4.

Sec. 10-3-4. Persons propelling pushcarts or riding animals to obey traffic regulations.

Every person propelling any pushcart or riding an animal upon a roadway and every person driving any animal drawn vehicle, shall be subject to all of the provisions of this title applicable to the driver of any vehicle, except those provisions of this title, which by their very nature, can have no application.
(Code 1964, § 34-29; Code 1980, § 10-3-4)

State law reference—Similar provision, Code of Ala. 1975, § 32-5A-5.

Sec. 10-3-5. Public employees to obey traffic regulations.

The provisions of this title shall apply to the driver of any vehicle owned by or used in the service of the United States Government, this state, county or city, and it shall be unlawful for any such driver to violate any of the provisions of this title except as otherwise permitted in this title or by state statute.
(Code 1964, § 34-30; Code 1980, § 10-3-5)

Sec. 10-3-6. Authorized emergency vehicles.

(a) The driver of an authorized emergency vehicle, when responding to an emergency call or when in the pursuit of an actual or suspected violator of the law or when responding to but not upon returning from fire alarm, may exercise the privileges set forth in this section, but subject to the conditions herein stated.

(b) The driver of an authorized emergency vehicle may:

(1) Park or stand, irrespective of the provisions of this title;

(2) Proceed past a red or stop signal or stop sign, but only after slowing down as may be necessary for safe operation;

(3) Exceed the maximum speed limits, so long as he or she does not endanger life or property; and/or

(4) Disregard regulations governing direction of movement or turning in specified directions.

(c) The exemptions granted in this section to an authorized emergency vehicle shall apply only when the driver of any such vehicle while in motion sounds an audible signal by bell or siren, as may be reasonably necessary, and when the vehicle is equipped with at least one lighted lamp displaying a red or blue light visible under normal atmospheric conditions from a distance of 500 feet to the front of the vehicle; except that an authorized emergency vehicle operated as a police vehicle need not be equipped with or display a red light visible from in front of the vehicle.

(d) The foregoing provisions shall not relieve the driver of an authorized emergency vehicle from the duty to drive with due regard for the

safety of all persons, nor shall these provisions protect the driver from the consequences of his or her reckless disregard for the safety of others.
(Code 1964, § 34-31; Code 1980, § 10-3-6; Ord. No. 81-65, § 3, 4-7-1981)

State law reference—Similar provisions, Code of Ala. 1975, §§ 32-5A-7, 32-5A-115.

Sec. 10-3-7. Operation of street cleaning or parking control vehicle.

The provisions of this title regulating the movement, parking and standing of vehicles shall not apply to street cleaning vehicles or parking control vehicles while the driver of either vehicle is operating the same in the necessary performance of public duties. This exemption shall not, however, protect the driver of any such vehicle from the consequences of a reckless disregard of the safety of the person or property of others.
(Code 1980, § 10-3-10; Ord. No. 81-65, § 3, 4-7-1981)

State law reference—Similar provision, Code of Ala. 1975, § 32-5A-6.

CHAPTER 4. ACCIDENTS*

Sec. 10-4-1. Accident reports—Immediate notice of accident.

The driver of a vehicle involved in an accident resulting in injury to or the death of any person or property damage to an apparent extent of $25.00 or more shall immediately, by the quickest means of communication, give notice of the accident to the police department if the accident occurs within the city.
(Code 1964, § 34-32; Code 1980, § 10-4-1)

State law reference—Similar provision, Code of Ala. 1975, § 32-10-5.

Sec. 10-4-2. Same—Written report of accident.

The driver of a vehicle which is in any manner involved in an accident resulting in bodily injury to or death of any person or total property damage to an apparent extent of $200.00 or more shall, within five days after the accident, forward a written report of the accident to the police department. The provisions of this section shall not be applicable when the accident has been investigated at the scene by a police officer while that driver was present thereat.
(Code 1964, § 34-33; Code 1980, § 10-4-2)

Sec. 10-4-3. Same—When driver unable to report.

(a) Whenever the driver of a vehicle is physically incapable of giving immediate notice of an accident required in section 10-4-1 and there was another occupant in the vehicle at the time of the accident capable of doing so, that occupant shall give or cause to be given the notice not given by the driver.

(b) Whenever the driver is physically incapable of making a written report of an accident required in section 10-4-2 and the driver is not the owner of the vehicle, then the owner of the vehicle involved in the accident shall within five days after learning of the accident make the report not made by the driver.
(Code 1964, § 34-34; Code 1980, § 10-4-3)

Sec. 10-4-4. Same—Disposition of reports relating to accidents.

(a) All accident reports made by persons involved in accidents or by garages shall be without prejudice to the individual so reporting, and shall be for the confidential use of the police department or other governmental agencies having use for the records for accident prevention purposes, or for the administration of the laws of the state relating to the deposit of security and proof of financial responsibility by persons driving or the owners of motor vehicles; except that the identity of a person involved in an accident may be disclosed when the identity is not otherwise known or when that person denies his or her presence at the accident.

(b) All accident reports and supplemental information filed in connection with the administration of the laws of this state relating to the deposit of security or proof of financial responsibility shall be confidential and not open to general public inspection, nor shall copying of lists of these reports be permitted; provided that these reports

and supplemental information may be examined by any person named therein or by his or her representative designated in writing.

(c) No reports or information mentioned in this section shall be used as evidence in any trial, civil or criminal, arising out of an accident; except that the police department shall furnish upon demand of any party to that trial, or upon demand of any court, a certificate showing that a specified accident report has or has not been made to the department in compliance with law.
(Code 1964, § 34-35; Code 1980, § 10-4-4)

State law reference—Confidentiality of accident reports filed with the state, Code of Ala. 1975, § 32-10-11.

Sec. 10-4-5. Cleaning up after wrecks.

Whenever any person engaged in the business of moving automobiles from scenes of damage thereto on the public streets shall remove from the scene of damage thereto on any public street any automobile which has been in collision with any other automobiles or object, it shall be the duty of the mover to simultaneously remove from the public street or alley at and about the scene of the collision all glass, metal and debris which may have been cast upon the public street or alley as a result of the collision and transport such glass, metal and debris from the scene.
(Code 1964, § 34-36; Code 1980, § 10-4-5; Ord. No. 87-72, 4-7-1987)

State law reference—Similar provision, Code of Ala. 1975, § 32-5A-60(c).

Sec. 10-4-6. Stickers on vehicles involved in accidents—Required.

It shall be the duty of every police officer who investigates a motor vehicle accident to affix to the windshield of each vehicle involved a sticker or tag evidencing that such accident has been investigated by the police department.
(Code 1964, § 34-36.1; Code 1980, § 10-4-6)

Sec. 10-4-7. Same—Duty of garage to report vehicles without same.

The person in charge of any garage or repair shop in the city to which is brought any motor vehicle which shows evidence of having been involved in an accident shall immediately and prior to making repair notify the police department if that motor vehicle does not have affixed to it a sticker or tag evidencing that the accident has been investigated by a law enforcement agency. The possession or repair of the vehicle to which the required sticker or tag is not affixed shall be prima facie evidence that notification has not been given to the police department as required.
(Code 1964, § 34-36.2; Code 1980, § 10-4-7)

CHAPTER 5. TURNING MOVEMENTS

Sec. 10-5-1. Required position and method of turning at intersections and from and onto two-way left turn lanes.

(a) *Turning at intersections.* The driver of a vehicle intending to turn at an intersection shall do as follows:

(1) *Right turns.* Both the approach for a right turn and a right turn shall be made as close as practicable to the righthand curb or edge of the roadway.

(2) *Left turns on two-way roadways.* At any intersection where traffic is permitted to move in both directions on each roadway entering the intersection, an approach for a left turn shall be made in that portion of the right half of the roadway nearest the centerline thereof and bypassing to the right of such centerline where it enters the intersection and after entering the intersection the left turn shall be made in that portion of the intersection to the left of the center of the intersection.

(3) *Left turns on other than two-way roadways.* At any intersection where traffic is restricted to one direction on one or more of the roadways, the driver of a vehicle intending to turn left at any such intersection shall approach the intersection in the extreme lefthand lane lawfully available to traffic moving in the direction of travel of that vehicle and after entering the intersection the left turn shall be

made so as to leave the intersection, as nearly as practicable, in the lefthand lane lawfully available to traffic moving in that direction upon the roadway being entered.

(b) *Left turns from or onto two-way left turn lanes.* The driver of a vehicle intending to turn from or onto a two-way left turn lane shall do as follows:

(1) Two-way left turn lanes shall be used for left turning movements only, except that they may be used otherwise when safe to do so by the driver of an authorized emergency vehicle when responding to an emergency call, or when in pursuit of an actual or suspected violator of the law or when responding to but not returning from a fire alarm.

(2) Vehicles using a two-way left turn lane shall follow the most direct route practical in making left turns.

(3) When two vehicles attempt to occupy the same area of a two-way left turn lane at the same time, the vehicle entering the lane first shall have the right-of-way.

(4) The driver of a vehicle exiting from a driveway or alley and desiring to make a left turn may use a two-way left turn lane as a storage or acceleration lane to enter or merge with traffic, when the movement can be accomplished without interfering with the traffic in the through lanes.

(5) Where a two-way left turn lane is designated, it shall be unlawful for a driver to make a left turn from any other lane unless official traffic control devices provide otherwise.

(Code 1964, § 34-37; Code 1980, § 10-5-1)

State law reference—Required position and method of turning at intersections, Code of Ala. 1975, § 32-5A-130.

Sec. 10-5-2. Authority to place and obedience to turning markers.

(a) The city traffic engineer is authorized to place markers, buttons or signs within or adjacent to intersections indicating the course to be traveled by vehicles turning at those intersections, and the course to be traveled as so indicated may conform to or be other than as prescribed by law or ordinance.

(b) When authorized markers, buttons or other indications are placed within an intersection indicating the course to be traveled by vehicles turning thereat, no driver of a vehicle shall disobey the directions of the indications.

(Code 1964, § 34-38; Code 1980, § 10-5-2)

State law reference—Obedience to traffic control devices, Code of Ala. 1975, § 32-5A-31.

Sec. 10-5-3. Authority to place restricted turn signs.

The city traffic engineer is hereby authorized to determine those intersections at which drivers of vehicles shall not make a right, left or U-turn, and shall place proper signs at those intersections. The making of these turns may be prohibited between certain hours of any day and permitted at other hours, in which event the same shall be plainly indicated on the signs or they may be removed when those turns are permitted.

(Code 1964, § 34-39; Code 1980, § 10-5-3; Ord. No. 08-238, 12-1-2008)

Sec. 10-5-4. Obedience to no-turn signs.

Whenever authorized signs are erected indicating that no right or left turn or U-turn is permitted, no driver of a vehicle shall disobey the directions of any such sign.

(Code 1964, § 34-40; Code 1980, § 10-5-4)

State law reference—Obedience to traffic control devices, Code of Ala. 1975, § 32-5A-31.

Sec. 10-5-5. Limitations on turning around.

The driver of any vehicle shall not turn that vehicle so as to proceed in the opposite direction upon any street in a business district or through street, and shall not upon any other street so turn a vehicle unless the movement can be made in safety and without interfering with other traffic.

(Code 1964, § 34-41; Code 1980, § 10-5-5; Ord. No. 81-65, § 4, 4-7-1981; Ord. No. 98-130, § 1(10-5-5), 8-18-1998)

State law reference—Turning movements and required signals, Code of Ala. 1975, § 32-5A-133.

Sec. 10-5-6. Starting, stopping, and turning and required signals.

(a) No person shall turn a vehicle at an intersection unless the vehicle is in proper position upon the roadway, or turn a vehicle to enter a private road or driveway, or otherwise turn a vehicle from a direct course or move right or left upon a roadway unless and until the movement can be made with reasonable safety. No person shall so turn any vehicle without giving an appropriate signal by signal lamps or hand and arm in the manner hereinafter provided.

(b) All signals herein required by hand and arm shall be given from the left side of the vehicle in the following manner, and such signals shall indicate as follows:

(1) *Left turn.* Hand and arm extended horizontally.

(2) *Right turn.* Hand and arm extended upward.

(3) *Stop or decrease speed.* Hand and arm extended downward.

(Code 1980, § 10-5-6; Ord. No. 81-65, § 4, 4-7-1981; Ord. No. 98-130, § 1(10-5-6), 8-18-1998)

CHAPTER 6. SPEED REGULATIONS*

Sec. 10-6-1. State speed laws applicable; exceptions.

All state traffic laws regulating the speed of vehicles shall be applicable upon all streets within this city, except as the city traffic engineer, as authorized by state law, shall declare and determine that certain speed regulations shall be applicable upon specified streets or in certain areas, in which event it shall be unlawful for any person to drive a vehicle at a speed in excess of any speed so declared in this title when signs are in place giving notice thereof.

(Code 1964, § 34-42; Code 1980, § 10-6-1; Ord. No. 81-54, 4-7-1981)

*__State law reference—__Speed restrictions, Code of Ala. 1975, § 32-5A-170 et seq.

Sec. 10-6-2. Authority of traffic engineer to increase or decrease state maximum speed limit.

(a) Whenever the city traffic engineer shall determine on the basis of an engineering and traffic investigation that the maximum speed permitted under state law is greater or less than is reasonable and safe under the conditions found to exist upon a street or part of a street, the city traffic engineer shall be authorized to determine and designate a reasonable and safe maximum speed limit thereon which may be greater or less than the maximum speed permitted under state law, with the limitation that it shall in no way conflict with the state speed regulations.

(b) No increase or decrease in maximum speed limit as designated by the city traffic engineer shall be effective on those streets or parts of streets designated unless appropriate signs giving notice thereof are erected. Such a maximum speed limit may be designated to be effective at all times or at such times as are indicated upon such signs. Differing limits may be established for different times of day, different types of vehicles, varying weather conditions and other factors bearing on safe speeds, which shall be effective when posted upon appropriate fixed or variable signs.

(c) The city traffic engineer shall maintain a current copy of schedules designating:

(1) Decrease in the state maximum speed limit on certain streets or parts of streets; and

(2) Increase in the state maximum speed limit on certain streets or parts of streets.

Such schedules shall be kept on file in the office of the city clerk and in the office of the city traffic engineer.

(Code 1980, § 10-6-2; Ord. No. 81-53, § 1, 4-7-1981)

Sec. 10-6-3. Reserved.

Sec. 10-6-4. Rate of speed in parks.

It shall be unlawful for any person to drive any vehicle along the roads or driveways of any public park at a greater rate of speed than stated by specified signs.
(Code 1964, § 34-45; Code 1980, § 10-6-4)

State law reference—Authority of municipality to regulate speed of vehicles in public parks, Code of Ala. 1975, § 32-5-1(e).

Sec. 10-6-5. Regulation of speed by traffic signals.

The city traffic engineer is authorized to regulate the timing of traffic signals so as to permit the movement of traffic in an orderly and safe manner at speeds slightly at variance from the speeds otherwise applicable within the district or at intersections and shall erect appropriate signs giving notice thereof.
(Code 1964, § 34-46; Code 1980, § 10-6-5)

Sec. 10-6-6. Ten-mile-per-hour speed limit in Fair Park East.

It shall be unlawful for any person to drive any motor vehicle as defined in section 10-1-1 at a speed in excess of ten miles per hour anywhere within that certain area in the city operated by the state fair authority as a park open to the public and designated by that authority as "Fair Park East."
(Code 1964, § 34-46.1; Code 1980, § 10-6-6)

CHAPTER 7. TRAFFIC CONTROL DEVICES

Sec. 10-7-1. Authority to install, etc.

The city traffic engineer shall place and maintain traffic control signs, signals and devices when and as required under this title or other traffic ordinances of the city to make effective the provisions of this title and any ordinances, and may place and maintain any additional traffic control devices as he or she may deem necessary to regulate traffic under this title or other traffic ordinances of the city or under state law or to guide or warn traffic.
(Code 1964, § 34-47; Code 1980, § 10-7-1)

Sec. 10-7-2. Manual and specifications.

All traffic control signs, signals and devices shall conform to the manual and specifications approved by the department of public safety or resolution adopted by the council. All signs and signals required under this title for a particular purpose shall, so far as practicable, be uniform as to type and location throughout the city. All traffic control devices so erected and not inconsistent with the provisions of state law or this title shall be official traffic control devices.

CHAPTER 8. MISCELLANEOUS DRIVING RULES

Sec. 10-8-1. Reserved.

Editor's note—Section 10-8-1 was repealed by Ord. No. 93-157, adopted 6-29-93. The section related to driving while under the influence of alcohol, controlled substances, etc., and was derived from Code 1964, § 34-56(a)—(i); Ord. Nos. 78-90, 80-159, 83-146, 85-6, 89-190 and 91-175.

Sec. 10-8-2. Reserved.

Editor's note—Ord. No. 82-103 amended title 10, ch. 8; the editor assigned section 10-8-2 to its provisions.

Sec. 10-8-3. Text messaging.

(a) *Definitions.* The following words, terms and phrases, when used in this section, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:

Text message or *short messaging service (SMS)* means the process by which users send, read, or receive messages on a wireless handset, including, but not limited to, text messages, instant messages, electronic messages or e-mails, in order to communicate with any person or device.

Wireless handset means a portable electronic or computing device, including but not limited to, cellular telephones, laptop computers, and personal digital assistants (PDAs), or other similar device capable of transmitting data in the form of a text message.

(b) *Text messaging while driving prohibited.* It shall be unlawful for individuals to use wireless handsets to compose, read, or send text messages while operating a vehicle in the city.

(c) *Applicability.*

(1) This section shall apply to all individuals operating motor vehicles within the city limits.

(2) Notwithstanding subsection (c)(1) of this section, this law shall not be construed to prohibit the use of any wireless handsets by:

a. Any law enforcement, public safety or police officers; emergency service officials, first aid, emergency medical technicians and personnel; and fire safety officials in the performance of duties arising out of and in the course of their employment as such;

b. A person using a wireless handset inside a motor vehicle while such motor vehicle is parked, standing or stopped, and is removed from the flow of traffic, in accordance with applicable laws, rules or ordinances, or is stopped due to the inoperability of such motor vehicle.

(d) *Penalties.* A violation of any provisions of this section shall carry a fine not exceeding $100.00, plus court costs, for each single violation. Each such violation shall constitute a separate and distinct offense.
(Ord. No. 10-100, § 1, 7-13-2010)

Sec. 10-8-4. Operation of vehicles on approach of authorized emergency vehicles.

(a) Upon the immediate approach of an authorized emergency vehicle making use of audible and visual signals meeting the requirements of the laws of this state or of a police vehicle properly and lawfully making use of an audible signal only, the driver of every other vehicle shall yield the right-of-way and shall immediately drive to a position parallel to, and as close as possible to, the righthand edge or curb of the roadway clear of any intersection and shall stop and remain in such position until the authorized emergency vehicle has passed, except when otherwise directed by a police officer.

(b) This section shall not operate to relieve the driver of an authorized emergency vehicle from the duty to drive with due regard for the safety of all persons using the highway.
(Code 1964, § 34-58; Code 1980, § 10-8-4)

State law reference—Similar provision, Code of Ala. 1975, § 32-5A-115.

Secs. 10-8-5—10-8-7. Reserved.

Sec. 10-8-8. Driving through funeral or other procession.

No driver of a vehicle shall drive between the vehicles comprising a funeral or other authorized procession while they are in motion and when those vehicles are conspicuously designated as required in section 10-8-10. This provision shall not apply at intersections where traffic is controlled by traffic control signals or police officers.
(Code 1964, § 34-62; Code 1980, § 10-8-8)

Sec. 10-8-9. Drivers in a procession.

Each driver in a funeral or other procession shall drive as near to the righthand edge of the roadway as practicable and shall follow the vehicle ahead as close as is practicable and safe.
(Code 1964, § 34-63; Code 1980, § 10-8-9)

Sec. 10-8-10. Funeral processions to be identified.

A funeral composed of a procession of vehicles shall be identified as such by the display upon the outside of each vehicle of a pennant or other identifying insignia or by any other method as may be determined and designated by the police department.

Secs. 10-8-11—10-8-14. Reserved.

Sec. 10-8-15. Unlawful riding on vehicles.

No person shall ride on any vehicle upon any portion thereof not designed or intended for the use of passengers. This section shall not apply to

an employee engaged in the necessary discharge of a duty, or to persons riding within truck bodies in space intended for merchandise.
(Code 1964, § 34-68; Code 1980, § 10-8-14)

Sec. 10-8-16. Boarding or alighting from vehicles.

No person shall board or alight from any vehicle while that vehicle is in motion.
(Code 1964, § 34-70; Code 1980, § 10-8-16)

Sec. 10-8-17. Reserved.

Sec. 10-8-18. Driving by persons under 16 years of age.

(a) Except as otherwise provided in this section, no person under the age of 16 years shall drive or operate a motor vehicle, whether that person is accompanied by an adult or not.

(b) The provisions of this section shall not apply to any student enrolled in a driver training program approved by the state superintendent of education or the director of public safety, while driving or operating a motor vehicle pursuant to the instructional program. However, no student in any driver training program shall drive or operate any motor vehicle unless accompanied by a licensed driver.

(c) Any person 14 years of age or older may operate a motor-driven cycle if that person has been granted an operator's license by the state director of public safety.

Secs. 10-8-19—10-8-26. Reserved.

Sec. 10-8-27. Lefthand turns upon entering or leaving alley or driveway.

(a) The city traffic engineer is hereby authorized to determine those alleys or driveways at which drivers of vehicles shall not make a left turn and shall place proper signs at those alleys or driveways. The making of those turns may be prohibited between certain hours of any day and permitted at other hours, in which event the same shall be plainly indicated on the signs.

(b) When authorized signs are erected indicating that no left turn is permitted, it shall be unlawful for any driver of a vehicle to make a left turn contrary to the directions of any such sign; provided, however, that this section shall not apply to drivers of authorized emergency vehicles.
(Code 1964, § 34-81; Code 1980, § 10-8-27)

Sec. 10-8-28. Exceptions to right-of-way rule.

(a) The driver of a vehicle entering a public street from a private road or drive shall yield the right-of-way to all vehicles approaching on the public street.

(b) The driver of a vehicle upon a street shall yield the right-of-way to authorized emergency vehicles traveling in emergencies when the drivers of the emergency vehicles sound audible signal by bell or siren; provided that this provision shall not relieve the drivers of the vehicles from the consequences of reckless disregard of the safety of others.

(c) The driver of a vehicle, while emerging from an alley into a street, and while crossing the street to the opposite side, shall yield the right-of-way to all pedestrians and other traffic moving along that street.
(Code 1964, § 34-82; Code 1980, § 10-8-28)

State law reference—Similar provisions, Code of Ala. 1975, §§ 32-5A-114, 32-5A-115.

Sec. 10-8-29. Reserved.

Sec. 10-8-30. Driving in public parks.

It shall be unlawful for any person to ride or drive any vehicle in any public park, except upon or along the roads or driveways therein set apart for such use.
(Code 1964, § 34-84; Code 1980, § 10-8-30)

Sec. 10-8-31. Cruising prohibited.

(a) Between the hours of 6:00 p.m. and 6:00 a.m. Monday through Friday, and all day Saturday, Sunday and holidays, no person shall drive or permit a motor vehicle under his or her care, custody, control or ownership to be driven past a "cruiser traffic control point" three or more times within a two-hour period.

(b) A cruiser traffic control point shall be a designated location in a public street in a business or residential area provided:

(1) The location of the control point shall be determined by the police chief or his or her designee;

(2) The control point shall be located at a place where the number and movement of vehicles has blocked an adjacent intersection or has created a serious risk of public inconvenience or danger during the preceding 15 minutes, or for a period of one-half hour or more during the hours specified in subsection (a) of this section on any of the preceding seven days;

(3) Each control point shall be highly visible and shall be clearly identified by signs explaining its purpose and which are easily seen by passing motorists;

(4) Each control point shall be manned by at least two police officers; and

(5) Multiple control points may be in operation at any one time and the locations may be changed from time to time at the direction of the police chief or his or her designee.

(c) This section shall not apply to any municipal, emergency, ambulance or other governmental vehicle when the same is being operated in an official capacity. In addition, this section shall not apply to any duly licensed public transportation or public service vehicle nor to any vehicle utilized for business or commercial purpose being operated for business or commercial purposes.

(d) Upon first conviction, a person violating this section shall be fined a minimum of $100.00. Upon a second conviction, a person violating this section shall be fined a minimum of $200.00. Upon third or subsequent conviction, the fine shall be a minimum of $300.00.
(Code 1980, § 10-8-31; Ord. No. 94-170, § 1, 7-19-1994)

Sec. 10-8-32. Driving on Commemorative Garden Walk regulated.

It shall be unlawful for any person to drive, or to allow or cause to be driven, any vehicle, except a wheelchair or similar type carriage for disabled persons, on any portion of what is known as the Commemorative Garden Walk situated on that part of 20th Street, North, between 8th Avenue, North, and 9th Avenue, North, in the city; provided, however, that the provisions of this section shall not apply to the northeast 20 feet of that part of 20th Street, North, lying between the northwest line of 8th Avenue, North, and the northwest line of 8th Avenue Alley, North.
(Code 1964, § 34-85.1; Code 1980, § 10-8-32)

Sec. 10-8-33. Obstruction of operator's view; number of persons on front seat.

(a) It shall be unlawful for any operator of any vehicle to drive the same while blindfolded, or while the front seat, or the front seat and space in front of the front seat, is occupied by more than three persons.

(b) It shall be unlawful for any passenger in a vehicle or streetcar to ride in a position as to interfere with the operator's view ahead or to the sides, or to interfere with the operator's control over the driving mechanism of the vehicle.
(Code 1964, § 34-87; Code 1980, § 10-8-34)

State law reference—Similar provision, Code of Ala. 1975, § 32-5A-53.

Sec. 10-8-34. Emerging from alley, driveway or building.

The driver of a vehicle emerging from an alley, driveway or building shall stop the vehicle immediately prior to driving onto a sidewalk or onto the sidewalk area extending across any alleyway or driveway, and shall yield the right-of-way to any pedestrian as may be necessary to avoid collision, and upon entering the roadway shall yield the right-of-way to all vehicles approaching on that roadway.
(Code 1964, § 34-89; Code 1980, § 10-8-36)

Sec. 10-8-35. Findings of fact.

(a) It is hereby found and determined that:

(1) Driving a motor vehicle on the public streets and highways is a privilege, not a right.

(2) Of all drivers involved in fatal accidents, a driver with no license or a suspended or revoked license is more likely to be involved in a fatal accident than a properly licensed driver.

(3) Alabamians who comply with the law are frequently victims of traffic accidents caused by such unlicensed drivers. These innocent victims suffer considerable pain and property loss at the hands of people who flaunt the law.

(4) A large number of persons whose driving privilege has been suspended or revoked continue to drive regardless of the law; additionally, a large number of persons drive motor vehicles who have never become properly licensed.

(5) It is necessary and appropriate for protection of the public health, safety and welfare to take additional steps to prevent unlicensed drivers from illegally driving.

(b) The city has a critical interest in enforcing its traffic laws and in promptly removing such unlicensed drivers from the highway. Removing such unlicensed drivers from the highway and, if necessary, impounding vehicles being driven by such unlicensed drivers serves a significant governmental and public interest, namely the protection of the health, safety, and welfare of the citizens of the city. Protecting citizens from the harm arising from allowing unlicensed drivers, who disproportionately are the cause of traffic incidents, to continue to operate a vehicle on the public streets and to further avoid the associated destruction and damage to lives and property is of significant importance to the city. (Ord. No. 98-188, § 1(10-8-38), 11-24-1998)

Sec. 10-8-36. Impoundment of vehicle where driver does not have current, valid driver's license.

(a) Notwithstanding any other provisions of law, and except as otherwise provided in this section, a motor vehicle is subject to being impounded as a nuisance and/or for caretaking if it is driven on a highway or other public roadway in the city by a person whose license or driving privilege:

(1) Is revoked for any reason;

(2) Is currently suspended as a consequence of a driving while under the influence of alcohol, controlled substances, etc., (DUI) related offense, which includes but is not limited to, being adjudicated delinquent or a youthful offender based on a DUI-related offense or failure to comply with the implied consent law;

(3) Is suspended for failure to comply with the Motor Vehicle Safety Responsibility Act;

(4) Is suspended or cancelled under Code of Ala. 1975, § 32-5A-195;

(5) For driving a commercial vehicle has been disqualified and such person is driving a commercial vehicle;

(6) Does not have a current, valid driver's license and is not then exempt from having such license; or

(7) Is driving a commercial motor vehicle and does not then hold a valid, current commercial motor vehicle license and is not then exempt from having such license.

(b) Exceptions to impoundment.

(1) If a driver is unable to produce a valid driver's license on the demand of a police officer or other law enforcement officer, the vehicle may be impounded regardless of ownership, unless the officer is reasonably able, by other means, to verify that the driver is properly licensed. Prior to impounding the vehicle, such officer shall make a reasonable attempt to verify the license status of a driver who claims to be properly licensed but who is unable to produce the license on demand of the officer. A notation of the officer's attempt to verify that the driver is properly licensed shall be noted on the incident report.

(2) A police officer or other law enforcement officer shall not impound a vehicle pursu-

ant to this section if the license of the driver expired within the preceding 90 days and the driver would otherwise have been properly licensed.

(3) If the owner of the vehicle or another family member of the owner is present in the vehicle, such person has a valid license, and such person is not under the influence of alcohol and/or drugs or for any other reason is unable to legally operate the vehicle, then the vehicle shall not be impounded and towed.

(4) If the driver is the owner of the vehicle, the police officer or other law enforcement officer may elect to release the vehicle to a licensed driver present in the vehicle upon the consent of the owner.

(5) If there is a medical necessity jeopardizing life or limb, the law enforcement officer may elect not to impound the vehicle.

(6) If the vehicle is impounded, a pull in report shall be made with a full inventory of items in the vehicle.

(7) If the vehicle is impounded, the impounding officer shall advise the driver and occupants of the vehicle that the driver and occupants may be transported by the impounding officer or other officer at the scene to their residence or an open public facility, whichever is closer, unless they choose instead to:

a. Make arrangements to have someone come to the scene within 30 minutes to pick them up; or

b. Be left at the scene upon their specific request to do so, however, minors or physically or mentally handicapped persons, unless in the custody of a parent or guardian, shall not be left at the scene.

(8) The impounding officer shall make a notation on the incident report as to the disposition of the driver and/or occupants. If the driver and/or occupants were left at the scene, the persons requesting to be left shall be asked to sign the report.

(9) If the police or other law enforcement officer determines that the driver is not a resident of the area and that the driver is engaged at that time in interstate travel, the officer may elect not to impound the vehicle.

(c) A vehicle impounded pursuant to this section shall be released if:

(1) The registered owner or his or her representative with written notarized authorization from the registered owner appears at the city police department and presents a valid driver's license, a copy of the title, tag receipt, or notarized bill of sale, and a copy of the written authorization, if applicable, to be copied by the police department.

(2) If the registered owner does not have a valid driver's license the owner may bring someone with them who has a verified valid license and the vehicle may be released without written notarized permission.

(d) Any vehicle impounded that is not redeemed pursuant to this section within 45 days may be sold by the city according to state law.

(e) A registered or legal owner of the impounded vehicle may request a post impound hearing to contest the validity of the impoundment by filing written notice with the office of the chief of police within ten days of the impound. The post impound hearing shall be held within three days of receipt of such request by the chief of police or his or her designee.
(Ord. No. 98-188, § 1(10-8-39), 11-24-1998)

CHAPTER 9. STOPPING, STANDING AND PARKING

ARTICLE A. GENERAL PROVISIONS

Sec. 10-9-01. Authority of traffic engineer to regulate parking.

(a) The city traffic engineer is hereby authorized, on the basis of an engineering and traffic investigation, to prohibit, regulate or limit stopping, standing or parking of vehicles at all times or during specified hours.

(b) No prohibition, regulation or limitation relating to stopping, standing or parking imposed under this chapter or any other ordinance of the city shall be effective unless official traffic control devices are erected and in place at the time of any alleged offense; and it shall be the duty of the city traffic engineer to erect and maintain such devices.

(c) The city traffic engineer shall maintain a current copy of schedules designating the following:

(1) Parking prohibited at all times on certain streets;

(2) Parking prohibited during certain hours on certain streets;

(3) Stopping, standing or parking prohibited during certain hours on certain streets; and

(4) Parking time limited on certain streets.

Such schedules shall be kept on file in the office of the city clerk and in the office of the city traffic engineer.
(Code 1980, § 10-9-01; Ord. No. 81-55, 4-7-1981; Ord. No. 20-31, § 1, 2-28-2020)
Note—Formerly, § 10-9-1.

Sec. 10-9-1. Parallel parking.

(a) Except as otherwise provided in this chapter, every vehicle stopped or parked upon a roadway where there are adjacent curbs shall be so stopped or parked with the righthand wheels of the vehicle parallel to and within 12 inches of the righthand curb; provided that upon a roadway, other than a through street, in a residence district, parallel parking where permitted may also be accomplished by a vehicle being stopped or parked with the lefthand wheels of the vehicle parallel to and within 12 inches of the lefthand curb.

(b) When parking spaces have been designated by appropriate markings on the pavement, no person shall park a vehicle in any such designated parking space so that any part of the vehicle occupies more than one such space or protrudes beyond the markings designating that space; except that a vehicle which is of a size too large to be parked within a single designated space shall be permitted to occupy two adjoining parking spaces.
(Code 1964, § 34-91; Code 1980, § 10-9-1; Ord. No. 20-31, § 1, 2-28-2020)
State law reference—Similar provision, Code of Ala. 1975, § 32-5A-138.
Note—Formerly, § 10-9-2.

Sec. 10-9-2. Manner of parking unattended vehicles.

No person having charge or control of a vehicle shall allow that vehicle to stand on any street or alley unattended without first effectively setting the brakes thereon, stopping the motor of the vehicle, locking the ignition, removing the ignition key and taking the key with him; and, when standing upon any grade, without turning the front wheels of the vehicle to the curbside of the street.
(Ord. No. 20-31, § 1, 2-28-2020)

Sec. 10-9-3. Angle parking.

(a) The city traffic engineer shall determine upon what streets angle parking shall be permitted and shall mark or sign those streets, but this angle parking shall not be indicated upon any federal aid or state highway within this city unless the state highway commission has determined by resolution or order entered in its minutes that the roadway is of sufficient width to permit angle parking without interfering with the free movement of traffic.

(b) Angle parking shall not be indicated or permitted at any place where passing traffic would thereby be caused or required to drive upon the left side of the street.

(c) On those streets which have been signed or marked by the city traffic engineer for angle parking, no person shall park or stand a vehicle other than at the angle to the curb or edge of the roadway indicated by those signs or markings.
(Code 1964, § 34-93; Code 1980, § 10-9-3)
State law reference—Authority of city to permit angle parking, Code of Ala. 1975, § 32-5A-138.

Sec. 10-9-4. Permits for loading or unloading at angle to curb.

(a) The city traffic engineer is authorized to issue special permits to permit the backing of a vehicle to the curb for the purpose of loading or unloading merchandise or materials, subject to the terms and conditions of the permit. These permits may be issued either to the owner or lessee of real property or to the owner of the vehicle, and shall grant to that person the privilege as therein stated and authorized herein.

(b) It shall be unlawful for any permittee or other person to violate any of the special terms or conditions of any such permit.
(Code 1964, § 34-94; Code 1980, § 10-9-4)

Sec. 10-9-5. Stopping, standing or parking prohibited in specified places.

(a) No person shall stop, stand or park a vehicle, except when necessary to avoid conflict with other traffic or in compliance with law or the directions of a police officer or traffic control device, in any of the following places:

(1) On a sidewalk.

(2) In front of a public or private driveway.

(3) Within an intersection.

(4) Within 15 feet of a fire hydrant.

(5) On a crosswalk.

(6) Within 20 feet of a crosswalk at an intersection.

(7) Within 30 feet upon the approach to any flashing beacon, stop sign or traffic control signal located at the side of a roadway.

(8) Between a safety zone and the adjacent curb or within 30 feet of points on the curb immediately opposite the ends of a safety zone, unless the traffic engineer indicates a different length by signs or markings.

(9) Within 50 feet of the nearest rail of a railroad crossing.

(10) Within 20 feet of the driveway entrance to any fire station and on the side of a street opposite the entrance to any fire station within 75 feet of that entrance (when properly signposted).

(11) Alongside or opposite any street excavation or obstruction when stopping, standing or parking would obstruct traffic.

(12) On the roadway side of any vehicle stopped or parked at the edge or curb of a street.

(13) Upon any bridge or other elevated structure upon a highway or within a highway tunnel.

(14) At any place where official signs prohibit stopping, standing or parking.

(b) No person shall move a vehicle not lawfully under his control into any such prohibited area or away from a curb that distance as is unlawful.
(Ord. No. 20-31, § 2, 2-28-2020)

Sec. 10-9-6. Parking not to obstruct traffic.

No person shall park any vehicle upon a street, other than an alley, in such manner or under those conditions as to leave available less than ten feet of the width of the roadway for free movement of vehicular traffic.
(Code 1964, § 34-96; Code 1980, § 10-9-6)

Sec. 10-9-7. Parking in alleys.

(a) No person shall park a vehicle within an alley in such a manner or under those conditions as to leave available less than ten feet of the width of the roadway for the free movement of vehicular traffic, and no person shall stop, stand or park a vehicle within an alley in a position as to block the driveway entrance to any abutting property.

(b) Subsection (a) of this section to the contrary notwithstanding, it shall be unlawful for any person to park any vehicle in any public alley in a business district; provided that this prohibition shall not apply to trucks and other commercial vehicles, while loading and unloading or waiting to be loaded and unloaded, when parked in accordance with subsection (a) of this section.

(c) Subsections (a) and (b) of this section to the contrary notwithstanding, it shall be unlawful for any person to park any vehicle in any public alley within the central business district; provided that this prohibition shall not apply to trucks and other commercial vehicles while actually engaged in loading and unloading, when parked in accordance with subsection (a) of this section, nor shall this prohibition apply to trucks and other commercial vehicles parked in accordance with subsection (a) of this section while waiting to be loaded or unloaded for a period of not more than 30 minutes.
(Code 1964, § 34-97; Code 1980, § 10-9-7)

Sec. 10-9-8. Parking prohibited on narrow streets.

(a) The city traffic engineer is hereby authorized to erect signs indicating no parking upon any street when the width of the roadway does not exceed 27 feet, or upon one side of a street as indicated by those signs when the width of the roadway does not exceed 34 feet.

(b) When official signs prohibiting parking are erected upon narrow streets, as authorized in this section, no person shall park a vehicle upon any such street in violation of any such sign.
(Code 1964, § 34-98; Code 1980, § 10-9-8)

Sec. 10-9-9. No stopping, standing or parking near hazardous or congested places.

(a) The city traffic engineer is hereby authorized to determine and designate by proper signs places not exceeding 100 feet in length in which the stopping, standing or parking of vehicles would create an especially hazardous condition or would cause unusual delay to traffic.

(b) When official signs are erected at hazardous or congested places, as authorized in this section, no person shall stop, stand or park a vehicle in such designated place.
(Code 1964, § 34-99; Code 1980, § 10-9-9)

Sec. 10-9-10. Standing or parking on one-way streets.

The city traffic engineer is authorized to erect signs upon the lefthand side of any one-way street to prohibit the standing or parking of vehicles. When these signs are in place, no person shall stand or park a vehicle upon the lefthand side in violation of any such sign.
(Code 1964, § 34-100; Code 1980, § 10-9-10)

Sec. 10-9-11. Standing or parking on one-way roadways.

In the event a highway includes two or more separate roadways and traffic is restricted to one direction upon any such roadway, no person shall stand or park a vehicle upon the lefthand side of that one-way roadway, unless signs are erected to permit the standing or parking. The city traffic engineer is authorized to determine when standing or parking may be permitted upon the lefthand side of any such one-way roadway and to erect signs giving notice thereof.
(Code 1964, § 34-101; Code 1980, § 10-9-11)

Sec. 10-9-12. Parking on roadway for certain purposes prohibited.

(a) No person shall park a motor vehicle, trailer or semi-trailer as defined in section 10-1-1, as amended, upon any public highway, road or street, or other public way of the city, for the principal purpose of:

(1) Displaying that vehicle for sale.

(2) Washing, greasing or repairing that vehicle, except repairs necessitated by an emergency.

(b) No person shall park a motor vehicle, trailer or semi-trailer as defined in section 10-1-1, as amended, upon any public highway, road or street, or other public way of the city for the purpose of:

(1) Abandoning that vehicle.

(2) Standing or leaving that vehicle, otherwise as permitted in subsection (c) of this section, if it is disabled, broken down or otherwise inoperative and immovable.

(c) A reasonable period of time, but not in excess of 48 hours, shall be allowed for removal by the owner or person in possession thereof of any vehicle which is disabled, broken down or otherwise inoperative and immovable, or which has been parked for repairs necessitated by an emergency. In no event shall any such vehicle be allowed to remain parked upon any public street or other public way of the city for more than 48 hours, and after the expiration of a reasonable period of time the provisions of sections 10-14-1 through 10-14-9 shall be applicable to any such vehicle; provided, however, if a vehicle is disabled, broken down or otherwise inoperative but is not a traffic hazard, there shall be placed a citation upon that vehicle showing a violation of this section not less than 24 hours prior to its removal under the provisions of sections 10-14-1 through 10-14-9.

(Code 1964, § 34-102; Code 1980, § 10-9-12; Ord. No. 98-98, § 1, 6-23-1998)

Sec. 10-9-13. Use of streets by businesses for purposes of storage of vehicles.

(a) It shall be unlawful for any person engaged in any business of selling, leasing, renting or repairing motor vehicles, or for any agent, employee or servant of any such person, to store or park or cause or permit to be stored or parked on any street, alley or other public way in the city, within Fire Zone 1, any such vehicle kept or held for sale, lease, hire, rent or repair.

(b) It shall be unlawful for any person engaged in any business in which any motor vehicle is kept, held, used or employed as a means or instrument in or for the carrying on or advancement of such business, or for any agent, servant or employee of such person, to store or park or cause or permit to be stored or parked on any street, alley or other public way in the city, within Fire Zone 1, any such vehicle kept, held, used or employed as such means or instrument; provided that this subsection (b) of this section shall not apply to taxicabs or transit buses parked in taxicab or bus stands designated in accordance with law nor to passenger automobiles designed and used primarily for carriage of passengers and nonbusiness purposes.

(Code 1964, § 34-103; Code 1980, § 10-9-13)

Sec. 10-9-14. Parking adjacent to schools and parks.

(a) The city traffic engineer is hereby authorized to erect signs indicating no parking upon either or both sides of any street adjacent to any school or park property when that parking would, in his or her opinion, interfere with traffic or create a hazardous situation.

(b) When official signs are erected indicating no parking upon either side of a street adjacent to any school or park property, as authorized in this section, no person shall park a vehicle in any such designated place.

(Code 1964, § 34-104; Code 1980, § 10-9-14)

Sec. 10-9-15. Priority in right to occupy parking space.

It shall be unlawful for the operator of any vehicle which is not itself in position to be backed into a vacant parallel parking space to obstruct or hinder the lawful backing of any other vehicle into that vacant space.

(Code 1964, § 34-105; Code 1980, § 10-9-15)

Sec. 10-9-16. Parking of semitrailer trucks, other commercial vehicles, and buses.

(a) No semitrailer truck or any part thereof shall be parked upon any of the public ways of the city, other than for the expeditious loading and delivery or pickup and loading of materials.

(b) No farm tractor, pole trailer, road tractor, semitrailer, special mobile equipment, trailer, truck tractor or other commercial vehicle, as defined in section 10-1-1 or with a gross weight in excess of 6,000 pounds, shall park, stand or stop upon any public way in a residence district other than for the expeditious unloading and delivery or pickup and loading of materials.

(c) No bus, whether used for commercial or noncommercial purposes, shall be parked upon any public way in a residence district other than for the expeditious loading, delivery or pickup of materials. For the purposes of this section, the term "bus" means any vehicle which was originally designed to seat more than 12 passengers, whether or not the actual seats are still contained within the bus.

(d) Any commercial vehicle or bus set forth within this section which is parked, standing or stopped upon any public way in a residence district between the hours of 11:00 p.m. and 6:00 a.m. shall be prima facie evidence of a violation of this section.

(e) This section shall not authorize parking which is contrary to any other provisions of this Code.

(Code 1964, § 34-106; Code 1980, § 10-9-16; Ord. No. 78-122, 7-3-1978; Ord. No. 80-12, 1-29-1979; Ord. No. 93-251, § 1, 10-19-1993)

Sec. 10-9-17. Parking on private premises; presumption of guilt.

(a) It shall be unlawful for any person to park or leave or cause to be parked or left any automobile or other motor vehicle on the premises of another after having been warned not to do so by word of mouth or sign or otherwise; provided that this section shall not apply to employees of the city in the discharge of their official duties.

(b) The presence of an unattended automobile or other motor vehicle on the premises of one who is not the owner or in control of the automobile or other motor vehicle shall raise a prima facie presumption that the registered owner of the automobile or other motor vehicle parked or left or caused to be parked or left the automobile or other motor vehicle on the premises, and the burden of proof shall be upon the registered owner to show otherwise.

(Code 1964, § 34-107; Code 1980, § 10-9-17)

State law references—Criminal trespass by motor vehicle, Code of Ala. 1975, § 13A-7-4.1; presumption as to person parking in violation of municipal ordinances, Code of Ala. 1975, § 32-5-152.

Sec. 10-9-18. Parking spaces for the physically handicapped.

(a) *Designation.* The city traffic engineer is hereby authorized to designate not more than one marked parking space within any curb face of any city block for the exclusive parking of motor vehicles of physically handicapped persons; provided that the city's traffic engineer is hereby authorized to designate two marked parking spaces for the exclusive parking of motor vehicles of physically handicapped persons within any curb face of any city block which has a hospital located within said block. Spaces which provide added area for use by vehicles which are provided with lift mechanisms for ingress and egress of wheelchairs or other similar means of conveyance for persons with a handicap, shall be designated "Handicapped Van Only."

(b) *Unlawful use.* It shall be unlawful for any person not displaying a handicapped license plate decal and placard as provided by state law to park any other vehicle in an area designated for handicapped parking. It shall be unlawful for any vehicle other than a vehicle which is provided with a lift mechanism for ingress and egress of wheelchairs or other similar means of conveyance for a person with a handicap to park in a space designated as a "Handicapped Van Only" space.

(c) *Private spaces.* Upon the request of the owner, the city traffic engineer is also authorized, in addition to the above, to designate certain parking spaces and access ramps in parking decks or privately owned parking lots and authorize

those spaces and ramps to be posted as parking for the handicapped under the provisions of this section. The parking spaces and ramps so designated in parking decks or privately owned parking lots shall be subject to the same regulations as provided in this section. The cost of the sign and/or installation by the city shall be paid to the finance department by the owner to the city prior to delivery or installation of any such sign.

(d) *Evidence of certain violations.* In any prosecution for the violation of any provision of this section, relating to the operation or parking of vehicles, it shall be prima facie evidence that the owner of that vehicle was operating the same at the time of the alleged violation, or, in case of parking overtime, that the owner parked the vehicle and caused it to be parked overtime.

(e) *Penalty for violations.* Any person found guilty of the violation of this section shall be punishable by a fine of $500.00 plus community service for such period of time as the court may assess at a facility which provides rehabilitation services for persons with disabilities. A notice of the amount of the fine shall be posted on or at the location of each parking meter or space to which this section is applicable.

State law reference—Unauthorized use of parking places, Code of Ala. 1975, § 32-6-233.1.

Sec. 10-9-19. Security requirements.

(a) *Definitions.* For the purpose of this section, the following terms shall have the following meanings:

(1) *Person* means any person, firm or corporation not subject to the provisions of chapter 15 of this title, and any agent, servant or employee of such person.

(2) *Provide security* means that the person who permits the parking of automobiles or other motor vehicles for a charge upon property under his or her control or in his or her possession shall be present at such property and positioned in such a manner as to observe all automobiles or other motor vehicles parked upon such property for a charge during the entire period of time in which such automobiles or vehicles are parked thereon.

(b) *Security to be provided for automobiles parked for a charge.* Any person who permits the parking of automobiles or other motor vehicles for a charge upon property under his or her control or in his or her possession shall provide security for the protection of such automobiles or other motor vehicles for the entire period of time in which such automobiles or other motor vehicles are parked upon such property.

(c) *Duty to report unauthorized acts to police department and protect automobiles.* It shall be the duty of any person who permits the parking of automobiles or other motor vehicles for a charge upon property under his or her control or in his or her possession to immediately report to the police department of this city any unauthorized acts directed against such automobiles or other motor vehicles.
(Code 1980, § 10-9-19; Ord. No. 80-192, §§ 1—3, 9-16-1980)

Secs. 10-9-20—10-9-30. Reserved.

ARTICLE B. RESTRICTIONS ON CERTAIN STREETS

Sec. 10-9-31. Applicability of article.

The provisions of this article prohibiting the standing or parking of a vehicle shall apply at all times or at specified times as indicated on official signs, except when it is necessary to stop a vehicle to avoid conflict with other traffic or in compliance with the directions of a police officer or official traffic control device.
(Code 1964, § 34-108; Code 1980, § 10-9-31; Ord. No. 81-56, § 1, 4-7-1981)

Sec. 10-9-32. Regulations not exclusive.

The provisions of this article imposing a time limit on parking shall not relieve any person from the duty to observe other and more restrictive

provisions prohibiting or limiting the stopping, standing or parking of vehicles in specified places or at specified times.
(Code 1964, § 34-109; Code 1980, § 10-9-32)

Sec. 10-9-33. Parking prohibited at all times on certain streets.

When signs are erected giving notice thereof, no person shall park a vehicle at any time upon any of the streets designated by the city traffic engineer.
(Code 1980, § 10-9-33; Ord. No. 81-56, 4-7-1981, § 2)

Sec. 10-9-34. Parking prohibited during certain hours on certain streets.

When signs are erected in each block giving notice thereof, no person shall park a vehicle between the hours specified on such signs of any day except Sundays and public holidays on any of the streets designated by the city traffic engineer.
(Code 1980, § 10-9-34; Ord. No. 81-56, § 3, 4-7-1981)

Sec. 10-9-35. Stopping, standing or parking prohibited during certain hours on certain streets.

When signs are erected in each block giving notice thereof, no person shall stop, stand or park a vehicle between the hours specified on such signs upon any of the streets designated by the city traffic engineer.
(Code 1980, § 10-9-35; Ord. No. 81-56, § 4, 4-7-1981)

Sec. 10-9-36. Parking time limited on certain streets.

When signs are erected giving notice thereof, no person shall park a vehicle for longer than the time specified on such signs and between the hours of any day except Sundays and public holidays upon any of the streets designated by the city traffic engineer.
(Code 1980, § 10-9-36; Ord. No. 81-56, § 5, 4-7-1981)

Secs. 10-9-37—10-9-50. Reserved.

ARTICLE C. STOPPING FOR LOADING AND UNLOADING ONLY

Sec. 10-9-51. City traffic engineer to designate curb loading zones.

The city traffic engineer is hereby authorized to determine the location of passenger and freight curb loading zones and shall place and maintain appropriate signs indicating the same and stating the hours during which the provisions of this article are applicable.
(Code 1964, § 34-115; Code 1980, § 10-9-51)

Sec. 10-9-52. Stopping, standing or parking in passenger curb loading zone.

No person shall stop, stand or park a vehicle for any purpose or period of time, other than for the expeditious loading or unloading of passengers, in any place marked as a passenger curb loading zone during hours when the regulations applicable to such curb loading zone are effective, no longer than necessary.
(Code 1964, § 34-116; Code 1980, § 10-9-52)

Sec. 10-9-53. Stopping, standing or parking in freight curb loading zone.

No person shall stop, stand or park a vehicle for any purpose or for any period of time in any place marked as a freight curb loading zone during hours when the provisions applicable to such zones are in effect; provided, however, that commercial vehicles as defined in section 10-1-1 are permitted to stop, stand or park in such zones for a maximum period of 30 minutes for the purpose of loading, unloading, delivery or pickup.
(Code 1964, § 34-117; Code 1980, § 10-9-53; Ord. No. 88-115, 6-26-1988)

Sec. 10-9-54. City traffic engineer to designate public carrier stops and stands.

The city traffic engineer shall establish bus stops, bus stands, taxicab stands and stands for other passenger common carrier motor vehicles on such public streets in those places and in the number as he or she shall determine to be of the

greatest benefit and convenience to the public. Every bus stop, bus stand, taxicab stand or other stand shall be designated by appropriate signs.
(Code 1964, § 34-118; Code 1980, § 10-9-54)

Sec. 10-9-55. Stopping, standing and parking of buses.

(a) The operator of a bus shall not stand or park any vehicle upon any street at any place other than a bus stand.

(b) The operator of a bus shall not stop that vehicle upon any street at any place for the purpose of loading or unloading passengers or their baggage other than at a bus stop or bus stand except in case of an emergency.

(c) The operator of a bus shall enter a bus stop, bus stand or passenger loading zone on a public street in such a manner that the bus when stopped to load or unload passengers or baggage shall be in a position with the right front wheel of the vehicle not further than 18 inches from the curb and the bus approximately parallel to the curb so as not to unduly impede the movement of other vehicular traffic.
(Code 1964, § 34-119; Code 1980, § 10-9-55; Ord. No. 86-41, 3-4-1986)

Sec. 10-9-56. Restricted use of bus and taxicab stands.

(a) No person shall stop, stand or park a vehicle other than a bus in a bus stop, or other than a taxicab in a taxicab stand when any such stop or stand has been officially designated and appropriately signed, except that the driver of a passenger vehicle may temporarily stop therein for the purpose of and while actually engaged in loading or unloading passengers when that stopping does not interfere with any bus or taxicab waiting to enter or about to enter that zone.

(b) Upon approval of the traffic engineer, any entity employing more than 15,000 employees within the corporate limits of the city is hereby authorized to operate a courtesy shuttle service within the corporate limits of the city and shall be authorized to use existing bus stops or passenger loading zones for loading and unloading of its patrons. This section shall not operate to exempt the operator of said courtesy shuttle service from the provisions of section 12-16-1 et seq.
(Code 1964, § 34-120; Code 1980, § 10-9-56; Ord. No. 13-148, § 1, 11-22-2013)

Sec. 10-9-57. Stopping, standing and parking of taxicabs.

(a) No taxicab driver shall stop, stand or park the taxicab while in service upon any street or alley or public way except in a taxicab stand or while in the process of loading or unloading passengers.

(b) No taxicab driver shall leave his or her taxicab unoccupied in a taxicab stand for longer than five minutes.

(c) No taxicab driver which is out of service shall park the taxicab on any street, alley or public right-of-way in any business district for a period of longer than two hours.

(d) No driver of a taxicab shall receive or discharge passengers in the roadway portion of the street in any business district unless it is not possible to do so at the righthand curb or side of the street or at the righthand or lefthand curb or side of the street on one-way streets.

ARTICLE D. PARKING ON CITY HALL PARKING LOTS

Division 1. Generally

Sec. 10-9-71. Prohibited; exception as to city officers and employees.

It shall be unlawful for any person, other than an officer or employee of the city, to cause, permit or allow any automobile or other vehicle in his or her custody, possession or control to enter or to be on any part of that certain area which is bounded on the east by 20th Street North, on the south by Park Place, on the west by 19th Street North, and

on the north by 8th Avenue North (such area being Block 20, Elyton Land Company's Survey, otherwise known as the City Hall block).
(Code 1964, § 34-122; Code 1980, § 10-9-71)

Sec. 10-9-72. Parking restricted to city vehicles and private vehicles having permission.

It shall be unlawful for any officer or employee of the city, other than one in charge or control of an automobile or vehicle owned by the city or one to whom the city has granted an allowance for use of his or her automobile in the city's service or one whose name or other designation is painted or printed at the head of a parking space in the area described in this article, to cause, permit or allow any automobile or other vehicle in his or her custody, possession or control to enter or be on any part of such area.
(Code 1964, § 34-123; Code 1980, § 10-9-72)

Sec. 10-9-73. Parking in designated spaces.

(a) It shall be unlawful for any officer or employee of the city whose name or other designation is painted or printed at the head of any parking space in the area described in this article to cause, permit or allow any automobile or other vehicle in his or her custody, possession or control to enter or occupy any parking space in that area other than that at the head of which his or her name or other designation is painted or printed.

(b) It shall be unlawful for any officer or employee of the city to cause, permit or allow any automobile or other vehicle in his or her custody, possession or control to enter or be in any parking space of that area at the head of which is painted or printed a name or designation other than one belonging or appertaining to him or her.
(Code 1964, § 34-124; Code 1980, § 10-9-73)

Sec. 10-9-74. Parking regulations for the Municipal Justice Center parking lot.

(a) It shall be unlawful for any person to park or leave any vehicle upon the parking lot of the Municipal Justice Center unless such vehicle shall be parked wholly within a parking space as designated by painted lines or other discernible markings. This section shall not apply to authorized emergency vehicles.

(b) No person shall park a vehicle in any such designated parking space for a period longer than the restricted or regulated posted time for which parking is lawfully permitted in the parking lot of the Municipal Justice Center.

(c) It shall be unlawful for any person to stop, park, drive or operate a vehicle upon the parking lot of the Municipal Justice Center in any manner which unreasonably obstructs or hinders the free flow of pedestrian or vehicular traffic.

(d) It shall be unlawful for any vehicle not displaying a Municipal Justice Center parking decal and/or placard, issued by the city, to park in a parking space designated or posted for restricted parking.

(e) The area described in this section is any part of that certain area which is bounded on the east by the Municipal Justice Center building, on the south by 8th Avenue North, on the west by 17th Street North, on the north by an alley between the Municipal Justice Center parking lot and Interstate 59/20 1700 block (such area being otherwise known as the Municipal Justice Center parking lot).

(f) The provisions of this section shall not relieve any person from the duty to observe other and more restrictive provisions of this chapter, other ordinances or the state motor vehicle code prohibiting or limiting the stopping, standing or parking of vehicles in specified places or at specified times.

(g) The mayor shall be authorized to appoint persons who shall have authority to issue parking violation citations in the Municipal Justice Center parking lot but who shall not have the arrest powers of law enforcement officers. However, nothing contained herein shall limit in any way the authority of any police officer to enforce any such law or ordinance.
(Ord. No. 98-54, § 1, 4-14-1998)

Sec. 10-9-75. Parking regulations for the South Court and the city jail parking lot.

(a) It shall be unlawful for any person to park or leave any vehicle upon the parking lot of South Court and the city jail unless such vehicle shall be parked wholly within a parking space as designated by painted lines or other discernible markings. This section shall not apply to authorized emergency vehicles.

(b) It shall be unlawful for any person to stop, park, drive or operate a vehicle upon the parking lot of South Court and the city jail in any manner which unreasonably obstructs or hinders the free flow of pedestrian or vehicular traffic.

(c) The area described in this section is any part of that certain area which is bounded on the east by the Former Birmingham Police Administration building, on the south by the municipal court building (otherwise known as South Court), the city jail and the city police academy, on the west by Beta Street, on the north by 6th Avenue South.

(d) The provisions of this section shall not relieve any person from the duty to observe other and more restrictive provisions of this chapter, other ordinances or the state motor vehicle code prohibiting or limiting the stopping, standing or parking of vehicles in specified places or at specified times.

(e) The mayor shall be authorized to appoint persons who shall have authority to issue parking violation citations in the South Court and the city jail parking lot but who shall not have the arrest powers of law enforcement officers. However, nothing contained herein shall limit in any way the authority of any police officer to enforce any such law or ordinance.

ARTICLE E. PARKING METERS

Sec. 10-9-80. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this article, except where the context clearly indicates a different meaning:

Broken meter means any parking meter that will not accept any form of payment, including by parking meter technology.

Operator means and includes every individual who shall operate a vehicle as the owner thereof, or as the agent, employee or permittee of the owner, or who is in actual physical control of a vehicle.

Parking meter means and includes any mechanical device or meter, not inconsistent with this division, placed or erected for the regulation of parking by authority of this division, which device is designated to register, or issue printed and/or electronic confirmation of, the purchase and duration of the parking time and limit thereof, upon payment by United States coin or currency, payment card or any other alternative payment capability, including parking meter technology.

Parking meter space means any space within a parking meter zone which is duly designed for the parking of a single vehicle by lines painted or otherwise durably marked on the curb or on the surface of the street or otherwise designated by signage, which is either adjacent to a parking meter or which is in an area clearly marked by signs indicating the space is in a parking meter zone and indicating that payment may be made by the use of parking meter technology.

Parking meter technology means technology that allows payment for parking in parking meter zones without the use of mechanical parking meters, including but not limited to telephone, smartphone applications, website, storefront payment, single or multi space meters, or any other technology as deemed appropriate by the city to pay for parking. Parking meter technology may utilize parking space numbers, license plates,

sticker numbers, or any other means designated by the specific parking meter technology to process parking payment.

Parking meter zone means and includes those areas established by the city traffic engineer upon those streets or parts of streets where it is determined upon the basis of an engineering and traffic investigation that the installation of parking meter technology will be necessary to aid in the regulation, control and inspection of the parking of vehicles and to specify the time limitation on parking between the hours specified on any day except Sundays and the following public holidays: Christmas Day, New Year's Day, Martin Luther King, Jr.'s birthday, Good Friday, Memorial Day, the Fourth of July, Labor Day, Veterans Day and Thanksgiving.
(Ord. No. 20-30, § 1, 2-28-2020)

Sec. 10-9-81. Parking meter zones established; days not in operation.

(a) The city traffic engineer is hereby authorized to establish parking meter zones upon those streets or parts of streets where it is determined upon the basis of an engineering and traffic investigation that the installation of parking meters will be necessary to aid in the regulation, control and inspection of the parking of vehicles and to specify the time limitation on parking between the hours specified on any day except Sundays and the following public holidays: Christmas Day, New Year's Day, Martin Luther King, Jr.'s birthday, Good Friday, Memorial Day, the Fourth of July, Labor Day, Veterans Day and Thanksgiving.

(b) The city traffic engineer shall maintain a current copy of a schedule designating the streets or parts of streets on which parking meter zones have been created and specifying the parking time limitation as regulated by parking meters and specifying the hours and days of which the regulation is to be effective, which schedule shall be on file in the office of the city clerk and in the office of the city traffic engineer.

(c) The city traffic engineer may use parking meter technology covering more than one space.
(Code 1980, § 10-9-81; Ord. No. 81-57, § 2, 4-7-1981; Ord. No. 86-58, § 1, 3-25-1986; Ord. No. 20-30, § 1, 2-28-2020)

Sec. 10-9-82. Installation of parking meters; parking time specified.

(a) The city traffic engineer shall install parking meters in the parking meter zones established as provided in section 10-9-81, upon the curb immediately adjacent to each designated parking space. For any parking space for which no meter is installed adjacent to the space, the traffic engineer shall install signage in the area and visible from the space indicating that payment of the parking meter rates for that space shall be made using parking meter technology and indicating the procedure for using said technology. The period of legal parking time established for any parking meter zone within the city shall be as fixed by ordinance. The parking meter rates shall be as follows and shall be indicated on the meter or by the parking meter technology:

(1) *15-minute meters:* $0.25.

(2) *30-minute meters:* $0.50.

(3) *Two-hour meters:*

30 minutes: $0.50.

Each additional 15 min.: $0.25.

(4) *Three-hour meters:*

First hour: $1.00.

Each additional 15 min.: $0.25.

(5) *Ten-hour meters:*

Each hour: $0.50.

(b) When any vehicle is parked in any parking space alongside or next to which a parking meter is located, or that is located in a parking meter zone, the operator of such vehicle shall, upon entering the parking meter space, pay the parking meter rate either using the meter or by the use of parking meter technology.

(1) If payment is made using the meter, the operator shall immediately deposit or cause to be deposited in the meter such proper coin of the United States as is required for such parking meter and as is designated by proper directions on the meter, and when required by the directions on the meter, shall also set in operation the timing mechanism on such

meter. The failure to deposit such proper coin and to set the timing mechanism in operation when so required shall constitute a violation of this division.

(2) If payment is made using parking meter technology, the operator shall follow the directions posted for the use of such technology.

(3) In the event of a broken meter parking is limited to the posted time limit or maximum of two hours, whichever is shorter.

(c) Upon payment of the parking meter rate, the parking space may be lawfully occupied by such vehicle during the period of time which has been prescribed for the part of the street in which the parking space is located; provided, that any person placing a vehicle in a parking meter space adjacent to a coin-operated meter which indicates that unused time has been left in the meter by the previous occupant of the space shall not be required to deposit a coin so long as his occupancy of such space does not exceed the indicated unused parking time. If parting meter technology was used to pay for parking, any unused time may be used in another parking space within the same parking meter zone.
(Code 1964, § 34-126; Code 1980, § 10-9-82; Ord. No. 86-58, § 2, 3-25-1986; Ord. No. 08-105, § 1, 5-13-2008; Ord. No. 14-112, § 1, 8-8-2014; Ord. No. 14-185, § 1, 11-26-2014; Ord. No. 20-30, § 1, 2-28-2020)

Sec. 10-9-83. Legends.

(a) Each parking meter shall bear thereon a legend indicating the days and hours when the requirement to deposit payment therein shall apply, the value of the payment to be deposited in United States coin or currency, payment card or any other alternative payment capability, including parking meter technology, and the limited period of time for which parking is lawfully permitted in the parking meter zone in which that meter is located.

(b) For any parking space for which no meter is installed adjacent to the space, the traffic engineer shall install signage in the area and visible from the space indicating that payment of the parking meter rates for that space shall be made using parking meter technology, the limited period of time for which parking is lawfully permitted in the parking meter zone, and indicating the procedure for using said technology.
(Code 1964, § 34-127; Code 1980, § 10-9-83; Ord. No. 20-30, § 1, 2-28-2020)

Sec. 10-9-84. Operation of signal.

(a) Each parking meter shall be so set as to display a signal showing legal parking upon the deposit of the appropriate United States coin or currency, payment card or any other alternative payment capability, for the period of time prescribed by this section, and shall at all times indicate the balance of legal parking time. Each meter shall be arranged so that, upon the expiration of the lawful time limit, it will indicate by a proper visible signal that the lawful parking period has expired.

(b) When parking meter technology is in use, it shall notify the user and the parking enforcement officer of the legal parking time for which payment has been made, the balance of legal parking time and shall notify the user when the legal parking time has expired.
(Code 1964, § 34-128; Code 1980, § 10-9-84; Ord. No. 20-30, § 1, 2-28-2020)

Sec. 10-9-85. Designation of parking meter spaces; method of using spaces.

(a) The city traffic engineer shall designate the parking space adjacent to each parking meter for which that meter is to be used by appropriate markings upon the curb or the pavement of the street. Parking meter spaces so designated shall be of appropriate length and width so as to be accessible from the traffic lanes of the street. For any parking space for which no meter is installed adjacent to the space, the traffic engineer shall install signage in the area and visible from the space indicating that payment of the parking meter rates for that space shall be made using parking meter technology and indicating the procedure for using said technology.

(b) No person shall park a vehicle in any such designated parking meter space during the restricted or regulated time applicable to the parking meter zone in which the meter is located so that any part of the vehicle occupies more than one such space or protrudes beyond the markings designating the space; except that a vehicle which is of a size too large to be parked within a single designated parking meter zone shall be permitted to occupy two adjoining parking meter spaces when coins shall have been deposited in the parking meter for each space so occupied as is required in this division for the parking of other vehicles in that space.
(Code 1964, § 34-129; Code 1980, § 10-9-85; Ord. No. 20-30, § 1, 2-28-2020)

Sec. 10-9-86. Payment for parking and time limits of parking.

(a) No person shall cause, allow, or permit a vehicle operated by them or under their control or registered in their name to park a vehicle in any parking space within a parking meter zone unless payment for such parking has been made as required by this article.

(b) No vehicle shall remain parked in a lawful, designated parking space longer than the maximum amount of time allowed for parking in such parking space, as indicated by appropriate markings of signs, printed receipts, or electronic messages, or as indicated by such parking meters. The provisions of this section shall apply during such hours and on such dates as established from time to time by the city traffic engineer. This provision shall not apply to the act of parking or the necessary time which is required to deposit immediately thereafter coin or coins in the meter or make payment by other authorized means, such as parking meter technology.

(c) No person shall cause, allow, or permit a vehicle operated by them or under their control or registered in their name to be parked on the same block in a parking meter zone for a consecutive period of time longer than the limited period of time for which parking is lawfully permitted in any single space on that block. It shall be unlawful to "feed the meter" or otherwise to attempt to avoid detection for parking longer than the maximum amount of parking time designated for that space.

(d) The provisions of this section shall not relieve any person from the duty to observe other and more restrictive provisions of this chapter, other ordinances or the state vehicle code prohibiting or limiting the stopping, standing or parking of vehicles in specified places or at specified times.

(e) Failure to purchase parking time or failure to otherwise follow procedures required for confirming the purchase of time shall be considered a violation of this article.
(Code 1964, § 34-130; Code 1980, § 10-9-86; Ord. No. 20-30, § 1, 2-28-2020)

Sec. 10-9-87. Use of slugs prohibited.

It shall be unlawful for any person to deposit or attempt to deposit in any parking meter any slug, button or any other device or substance as substitutes for coins of United States currency or to otherwise use any card or other device in a parking meter in lieu of a card of device lawful and appropriate to an alternative payment process at such parking meter.
(Code 1964, § 34-131; Code 1980, § 10-9-87; Ord. No. 20-30, § 1, 2-28-2020)

State law reference—Similar provisions, Code of Ala. 1975, § 13A-8-10 et seq.

Sec. 10-9-88. Tampering, etc., with meters.

It shall be unlawful for any person to deface, injure, tamper with, open or willfully break, destroy or impair the usefulness of any parking meter.
(Code 1964, § 34-132; Code 1980, § 10-9-88; Ord. No. 20-30, § 1, 2-28-2020)

State law reference—Similar provisions, Code of Ala. 1975, § 13A-7-20 et seq.

Sec. 10-9-89. Reserved.

Editor's note—Ord. No. 20-30, § 2, adopted February 28, 2020, repealed § 10-9-89, which pertained to enforcement of parking regulations at Five Points South pubic parking deck and derived from Code 1980, § 10-9-89; Ord. No. 86-58, § 3, 3-25-1986.

CHAPTER 10. THROUGH STREETS AND STOP AND YIELD INTERSECTIONS

Sec. 10-10-1. Through streets designated.

(a) The city traffic engineer is hereby authorized to determine and designate through streets upon those streets or parts of streets where it is determined upon the basis of an engineering and traffic investigation to be necessary to promote free flow of traffic.

(b) The city traffic engineer shall maintain a current copy of a schedule designating such streets and parts of streets on file in the office of the city clerk and in the office of the city traffic engineer.
(Code 1980, § 10-10-1; Ord. No. 81-58, § 2, 4-7-1981)

Sec. 10-10-2. Signs required at through streets.

Whenever the traffic engineer of this city designates and describes a through street, it shall be the duty of the city traffic engineer to place and maintain a stop sign, or on the basis of an engineering and traffic investigation at any intersection, a yield sign, on every street intersecting that through street, unless traffic at any such intersection is controlled at all times by traffic control signals; provided that at the intersection of two such through streets or at the intersection of a through street and a heavy traffic street not so designated, stop signs shall be erected at the approaches of either of these streets as may be determined by the city traffic engineer upon the basis of an engineering and traffic study.
(Code 1964, § 34-134; Code 1980, § 10-10-2; Ord. No. 81-59, 4-7-1981)

Sec. 10-10-3. Other intersections where stop or yield required.

The city traffic engineer is hereby authorized to determine and designate intersections where particular hazard exists upon other than through streets and to determine whether vehicles shall stop at one or more entrances to any such intersection, in which event he or she shall cause to be erected a stop sign at every such place where a stop is required, or whether vehicles shall yield the right-of-way to vehicles on a different street at the intersection, in which event he or she shall cause to be erected a yield sign at every place where obedience thereto is required.
(Code 1964, § 34-135; Code 1980, § 10-10-3)

Sec. 10-10-4. Stop signs and yield signs.

(a) Every stop sign shall bear the word "Stop" in letters not less than eight inches in height. Every yield sign shall bear the word "Yield" in letters not less than seven inches in height. Every stop sign and every yield sign shall at nighttime be rendered luminous by internal illumination, by a floodlight projected on the face of the sign by efficient reflecting elements in the face of the sign.

(b) Every stop sign and every yield sign shall be erected as near as practicable to the nearest line of the crosswalk on the near side of the intersection or, if there is no crosswalk, then as near as practicable to the nearest line of the intersecting roadway.
(Code 1964, § 34-136; Code 1980, § 10-10-4)

CHAPTER 11. EQUIPMENT*

Sec. 10-11-1. Television screens in motor vehicles.

It shall be unlawful for any person to drive or operate any motor vehicle on any public way in the city or its police jurisdiction, or to cause or allow any motor vehicles to be on any such public way, while that vehicle is equipped with any video or television receiver or screen, or any device designed to exhibit images received by video or radio, so located as that such receiver or screen or device or any image thereon or reflection thereof is or would be visible to or within the range of vision of a person occupying the driver's seat of the vehicle.

CHAPTER 12. PEDESTRIANS' RIGHTS AND DUTIES*

Sec. 10-12-1. Pedestrians subject to traffic control signals.

Pedestrians shall be subject to traffic control signals, but pedestrians shall be granted those rights and be subject to the restrictions stated in this chapter.
(Code 1964, § 34-152; Code 1980, § 10-12-1)

Sec. 10-12-2. Pedestrians to use right half of crosswalks.

Pedestrians shall move, whenever practicable, upon the right half of crosswalks.
(Code 1964, § 34-155; Code 1980, § 10-12-4)

State law reference—Similar provision, Code of Ala. 1975, § 32-5A-214.

Sec. 10-12-3. Crossing at right angles.

No pedestrian shall cross a roadway at any place other than by a route at right angles to the curb or by the shortest route to the opposite curb, except in a crosswalk.
(Code 1964, § 34-156; Code 1980, § 10-12-5)

State law reference—Similar provision, Code of Ala. 1975, § 32-5A-212.

Sec. 10-12-4. Obedience of pedestrians to railroad signals.

No pedestrian shall pass through, around, over or under any crossing gate or barrier at a railroad grade crossing or bridge while that gate or barrier is closed or is being opened or closed.
(Code 1964, § 34-158; Code 1980, § 10-12-7)

Sec. 10-12-5. Solicitation and distribution of matter in public roadway; causing children to solicit.

(a) It shall be unlawful for any person to enter, stand, remain or otherwise be in close proximity to any public street, highway or roadway and solicit or accept from occupants of vehicles on such public way contributions for any reason or distribute to occupants of vehicles on such public way any matter.

(b) It shall be unlawful for any adult person to order, direct, encourage or allow any minor child in the custody, control, employ or supervision of said adult to violate subsection (a) of this section.
(Code 1980, § 10-12-9.1; Ord. No. 88-120, 8-9-1988)

Sec. 10-12-6. White canes, etc., for blind or otherwise incapacitated pedestrians.

(a) A crooked-handled wooden or cane walking stick, painted white except for a bright red band at the bottom thereof six inches in length, is hereby recognized and adopted as the emblem or sign of blind, partially blind or otherwise incapacitated persons, to be carried by them on the public streets, roads and highways for identification and protection.

*__State law reference—__Pedestrians required to comply with local traffic control signals and regulations, Code of Ala. 1975, § 32-5A-210.

(b) Whenever a pedestrian carrying the emblem described in this section or being guided by a guide dog is crossing or attempting to cross a public street, road or highway, the driver of every vehicle and every other pedestrian who approaches or comes in close proximity to him or her shall use every precaution and effort to avoid an accident or injury to the blind, partially blind or otherwise incapacitated person, and the driver of a vehicle shall come to a complete stop if this is necessary.

(c) Nothing contained in this section shall be construed to deprive any totally or partially blind or otherwise incapacitated person not carrying the emblem or not being guided by a dog of the rights and privileges conferred by law upon pedestrians crossing streets roads or highways, nor shall the failure of totally or partially blind or otherwise incapacitated persons to carry the emblem or to be guided by a dog upon the streets, roads, highways or sidewalks to constitute or be evidence of contributory negligence.

State law reference—Right-of-way to blind persons, guide dogs in training, Code of Ala. 1975, § 32-5A-220.

CHAPTER 13. RESTRICTIONS AS TO KINDS AND CLASSES OF VEHICLES ON CERTAIN STREETS*

Sec. 10-13-1. Authority of traffic engineer to restrict operation of commercial vehicles.

(a) The city traffic engineer is hereby authorized, on the basis of an engineering and traffic investigation, to designate truck routes upon which commercial vehicles are restricted and to erect and maintain official traffic control devices on any streets or parts of streets restricting the operation of commercial vehicles to the streets or parts of streets designated by the city traffic engineer; provided that such devices shall not prohibit necessary local operation on such streets for the purpose of making a pickup or delivery.

(b) The city traffic engineer shall maintain a current copy of a schedule designating such streets and parts of streets so regulated on file in the office of the city clerk and in the office of the city traffic engineer.
(Code 1980, § 10-13-01; Ord. No. 81-60, § 1, 4-7-1981)

Sec. 10-13-2. Authority of traffic engineer to designate load restrictions on certain streets.

(a) The city traffic engineer is hereby authorized, on the basis of an engineering and traffic investigation, to impose gross weight limits and to erect and maintain official traffic control devices on any streets or parts of streets to prohibit the operation of vehicles exceeding such posted weights at any time on any of the streets or parts of streets designated by the city traffic engineer; provided that such devices shall not prohibit necessary local operation on such streets for the purpose of making a pickup or delivery.

(b) The city traffic engineer shall maintain a current copy of a schedule designating such streets and parts of streets so regulated on file in the office of the city clerk and in the office of the city traffic engineer.
(Code 1980, § 10-13-02; Ord. No. 81-60, § 2, 4-7-1981)

Sec. 10-13-3. Oversize vehicles; hours of operation.

It shall be unlawful and a violation of the provisions of this section for any person, firm, or corporation to transport or operate or allow any vehicle which exceeds ten feet in width upon or over the streets or highways within the corporate limits of the city between the hours of 7:00 a.m. and 8:30 a.m. and between the hours of 4:00 p.m. and 6:00 p.m. Violation of the provisions of this section shall be punishable as provided for in section 1-1-6.
(Ord. No. 97-157, 11-18-1997; Ord. No. 98-156, 9-22-1998)

Sec. 10-13-4. Load restrictions upon vehicles using certain highways.

When signs are erected giving notice thereof, no person shall operate any vehicle with a gross

weight in excess of the amounts designated by the city traffic engineer at any time upon any of the streets or parts of streets specified by the city traffic engineer.
(Code 1980, § 10-13-1; Ord. No. 81-61, § 1, 4-7-1981)

Sec. 10-13-5. Commercial vehicles restricted to certain streets; exceptions.

(a) The term "commercial vehicle" as used in this section means those commercial vehicles defined in section 10-1-1 which have three or more axles and house trailers when attached to pole-driven units, including those vehicles within the provisions set forth in title XII, "Commercial Motor Vehicle Safety Act of 1986," section 12019(6) of the federal code, as it may be amended, 49 USC app. 2716, but shall not include vehicles housing mobile health clinic units and equipment providing physical screening processes in or on such units.

(b) No person shall operate any commercial vehicle as hereinabove defined on any street or part of a street except a street designated as a truck route by the city traffic engineer; provided that subject to the provisions of subsection (c) of this section a driver may operate such a vehicle on a street not designated as a truck route for the purpose of making a delivery, loading or servicing by leaving a street designated as a truck route at an intersection which is nearest the place of delivery, loading or servicing, proceeding by the most direct route, and then returning to the nearest street designated as a truck route by the most direct route; and provided further that a driver of such a vehicle may enter the city from a street or road outside of the city and operate such a vehicle on a street not designated as a truck route for the purpose of making a delivery, loading or servicing at a location nearer by the most direct route to the point of entry than from any street designated as a truck route provided such driver proceeds to such location by the most direct route from the point of entry and after making such delivery, loading or servicing returns by the most direct route to the point of entry; and provided further that a driver of such a vehicle may operate such a vehicle on Red Lane Road, which is not designated as a truck route between Alabama Highway 75 (Roebuck-Center Point Road) and the point where Red Lane Road joins the Tarrant-Huffman Highway at its point of entry into the city, for the limited purpose of making delivery, loading or servicing at a place within the city from a place within the county.

(c) Between the hours of 9:00 a.m. and 6:00 p.m., it shall be unlawful for any person to load or unload any truck-tractor-drawn trailer or truck-tractor-drawn vehicle within that part of Fire Zone Number one bounded as follows: On the north by Fifth Avenue North, inclusive; on the south by First Avenue North, inclusive; on the west by 18th Street, inclusive; and on the east by 22nd Street, inclusive.

(d) Notwithstanding any other provision contained in this chapter:

(1) No commercial vehicle that transports, or is designed or equipped to transport fuel, oil, petroleum-based or other flammable materials as freight; or

(2) No vehicle utilizing a truck tractor and trailer that transports, or is designed or equipped to transport fuel, oil, petroleum-based or other flammable materials for commercial purposes, may operate along Green Springs Ave., SW at points between the I-65 interchange and Dennison Avenue.

(Code 1980, § 10-13-2; Ord. No. 81-61, § 2, 4-7-1981; Ord. No. 88-74, 6-14-1988; Ord. No. 93-251, § 1, 10-19-1993; Ord. No. 09-121, § 1, 8-25-2009)

Sec. 10-13-6. Restrictions upon use of streets by certain vehicles and pedestrians.

(a) The city traffic engineer is hereby authorized to determine and designate those heavily traveled streets upon which shall be prohibited the use of the roadway by motor-driven cycles, bicycles, horse-drawn vehicles or other nonmotorized traffic, and shall erect appropriate signs giving notice thereof.

(b) When signs are so erected giving notice thereof, no person shall disobey the restrictions stated on the signs.

(c) When appropriate official signs are so erected giving notice thereof, no person shall:

(1) As a pedestrian, occupy any space within the limits of the roadway of a controlled access highway except: in the performance of public works or official duties; as a result of an emergency caused by an accident or breakdown of a motor vehicle; or to obtain assistance.

(2) Occupy any space within the limits of the roadway of a controlled access highway, with: an animal-drawn vehicle; a ridden or led animal; herded animals; a push-cart; a bicycle; a bicycle with motor attached; parades; a motor-driven cycle with a motor which produces less than five brake horse power; funeral processions; and agricultural tractor; farm machinery; except in the performance of public works or official duties.

CHAPTER 14. VEHICLES OBSTRUCTING STREETS*

Sec. 10-14-1. Declared nuisance.

Any vehicle parked upon a public street of the city at a place, in a manner or for a length of time prohibited by this Code or any other ordinance or regulation of the city is, if unoccupied, hereby declared to be an obstruction in that street and a public nuisance, and any police officer of the city is hereby authorized to cause the same to be removed to, and impounded in, the depository provided by the city for such purposes.

(Code 1964, § 34-166; Code 1980, § 10-14-1)

Sec. 10-14-2. Authority of officer to cause removal.

Whenever any police officer of the city shall find upon any public street of the city or upon any street within the police jurisdiction of the city any vehicle which he or she has reasonable cause to believe to be lost, stolen or abandoned, or any vehicle which is or is likely to become an obstruction on a public way or to be without proper protection by reason of the person in charge or control thereof having been arrested and incarcerated, that officer shall have authority to immediately cause the same to be removed to, and impounded in, the depository provided by the city for such purposes.

(Code 1964, § 34-167; Code 1980, § 10-14-2)

Sec. 10-14-3. Hauling by persons contracting with city.

Where a contract exists between the city and any person, under the terms of which that person agrees to haul and store vehicles for the city in a depository provided for in the contract, that person and his or her employees, servants or agents, when requested by any police officer of the city to so haul or store any vehicle which is upon a public street or alley, shall have the authority to haul or store that vehicle as requested by the officer.

(Code 1964, § 34-168; Code 1980, § 10-14-3)

Sec. 10-14-4. Report of removal.

Whenever any police officer of the city shall cause the removal and impounding of any vehicle, he or she shall immediately report to the chief of police in writing, giving a description of the vehicle and the date and cause of removal and impounding thereof.

(Code 1964, § 34-169; Code 1980, § 10-14-4)

Sec. 10-14-5. Recovery by owner.

Any owner or person entitled to possession of an impounded vehicle may claim the same at any time before sale thereof by filing a written claim thereto with the chief of police, upon a form to be provided by the chief of police, and if the chief of police is satisfied that the claimant is the owner or entitled to possession of the vehicle, he or she shall notify the director of finance to cause the same to be released to the claimant upon payment of proper charges. Upon the notification, the director of finance shall cause same to be released to the claimant upon payment of the charges.

(Code 1964, § 34-170; Code 1980, § 10-14-5)

*__State law reference—__Abatement of inoperable motor vehicles in Class 1 municipalities, Code of Ala. 1975, § 11-67A-1 et seq.

Sec. 10-14-6. Charges.

(a) The city shall have a lien upon each vehicle impounded from any location under the provisions of this chapter, as follows:

(1) On any impounded vehicle of 10,000 pounds gross vehicle weight or less, such as automobiles and small trucks, removed to a depository therefor, the amount of the lien for towing and storage shall be the amount set out in that section of the wrecker service and storage contract between the city and wrecker company dealing with impounded vehicles which are later claimed by their owner, plus the additional amounts of $7.50 for towing, $4.00 for the first day's impoundment and $1.50 for each additional day of impoundment or any part of a day during which that vehicle remains impounded in the depository.

(2) On any impounded vehicle in excess of 10,000 pounds gross vehicle weight removed to a depository therefor, the amount of the lien for towing and storage shall be the amount set out in that section of the wrecker service and storage contract between the city and wrecker company dealing with impounded vehicles which are later claimed by their owner plus the additional amounts of $4.00 for the first day's impoundment and $1.50 for each additional day of impoundment or any part of a day during which that vehicle remains impounded in the depository.

(3) Where any impounded vehicle is removed to a depository by means of a dolly necessary to prevent damage or injury thereto, the amount of the lien for each dolly used shall be the amount set out in that section of the wrecker service and storage contract between the city and wrecker company dealing with impounded vehicles which are later claimed by their owner.

(b) The amounts set out in this section are hereby declared to be reasonable and proper charges to cover the cost of hauling to the depository, storage therein and overhead; and, except as provided in section 10-14-8, no vehicle shall be released to any claimant prior to sale thereof, unless the proper charge is paid.
(Code 1964, § 34-171; Code 1980, § 10-14-6; Ord. No. 81-14, § 1, 2-3-1981; Ord. No. 82-102, 6-22-1982; Ord. No. 83-206, 12-13-1983)

Sec. 10-14-7. Sale; disposition of proceeds.

(a) When any vehicle shall have remained in the depository for as long as 45 days from the date of its reception therein, and no claim for the vehicle shall have been made within that period, or if said vehicle has remained in the depository for at least 14 days from the date a claim has been made thereto and proper charges have not been paid, the city purchasing agent shall give five days' notice of the time, place and terms of sale of the vehicle, together with a brief description thereof, by make, type and motor number, if any, by one publication in a newspaper published in the city; and if said vehicle has not been claimed and proper charges paid prior to the advertised time of sale, he or she shall sell the same at the advertised time and place of sale to the highest bidder for cash.

(b) The money received at the sale shall be immediately paid into the treasury of the city and, upon demand made by the erstwhile owner of the vehicle at any time within 90 days from the date of receipt of the money in the treasury, the excess of the amount received, over and above the hauling and storage charges prescribed in section 10-14-6 and the cost of advertisement of sale, shall be paid to the owner.
(Code 1964, § 34-172; Code 1980, § 10-14-7; Ord. No. 81-2, 1-3-1981)

Sec. 10-14-8. Complaints; hearing.

It shall be the duty of every person who may not know the whereabouts of a vehicle owned by him or her, or to which he or she may have the right of possession, to take notice that the vehicle may be in the custody of the city, or its depository, pursuant to the terms of this chapter, and that he or she may inquire of the chief of police whether it is in such custody. Any person who may thus or otherwise ascertain that the vehicle is in such custody, and who may believe that it has been

impounded for a cause not authorized by this chapter, may, if he or she desires to escape payment of the aforesaid charges, present a complaint, in duplicate, to the municipal court of the city at any time prior to sale of the vehicle, averring that he or she is the owner or entitled to possession of the vehicle, describing it, that it is in the custody of the city or its depository, and that the same was impounded for a cause not authorized by this chapter. Upon presentation of the complaint, in duplicate, a municipal judge shall immediately set down for hearing on a day not less than one nor more than three after presentation, and shall cause one of such duplicates, with time of hearing noted thereon, to be delivered to the chief of police. A municipal judge may continue the hearing from time to time as may be proper. If, upon the hearing, the complaint should be sustained, the municipal judge hearing the case shall render judgment that the vehicle be forthwith released to complainant without payment of any impounding, storage or other charges and the director of finance shall cause the vehicle to be so released. If, on the other hand, the complaint should not be sustained, the municipal judge hearing the case shall enter judgment dismissing same and assessing costs of $3.00 against the complainant, to be collected before release of the vehicle to the complainant, in addition to the charges prescribed in section 10-14-6.
(Code 1964, § 34-173; Code 1980, § 10-14-8; Ord. No. 77-251, § 1, 12-2-1977)

Sec. 10-14-9. Penalties imposed for parking violations not affected.

The payment of any charges prescribed by this chapter shall not have the effect of relieving the owner or operator of the vehicle from any penalty prescribed by this Code or any other ordinance or regulation of the city for violations regarding parking.
(Code 1964, § 34-174; Code 1980, § 10-14-9)

CHAPTER 15. PARKING LOTS

Sec. 10-15-1. Definitions.

For the purposes of this chapter, the following words and phrases shall have the meanings respectively ascribed to them by this section:

Applicant means any person applying for a parking lot permit under the provisions hereof and any officer, agent or employee of that person.

Motor vehicle means any automobile, truck, motor scooter or other self-propelled vehicle.

Parking lot means any plot of land, lot, parcel, yard, building, enclosure, structure or any portion thereof where more than ten motor vehicles may be parked, stored, housed or kept, for which a charge is made and which is customarily available for such use on a regular basis of not less than five days a week; except, for the purposes of sections 10-15-15, 10-15-16 and 10-15-21 herein, such term shall also include any plot of land, lot, parcel, yard, building, enclosure, structure or any portion thereof, which is designed for or has a vehicular parking capacity of more than 100 vehicles and for which no charge is made for parking thereon.
(Code 1964, § 34-175; Code 1980, § 10-15-1; Ord. No. 80-259, § 1, 11-11-1980)

Sec. 10-15-2. Permit—Required.

Any person who shall conduct, operate or maintain a parking lot shall first obtain a permit therefor in the manner hereinafter prescribed, from the department of planning, engineering and permits, after payment of a nonrefundable application fee of $25.00 provided that any applicant who is operating, conducting or maintaining a parking lot on or prior to March 1, 1976, shall be required to pay a nonrefundable application fee of only $10.00. No permit granted hereunder shall be in lieu of any license required pursuant to an applicable license code of the city, nor in lieu of any permit required pursuant to an applicable building code or zoning ordinance of the city.
(Code 1964, § 34-176; Code 1980, § 10-15-2)

Sec. 10-15-3. Same—Application.

All applications for permits shall be made upon those forms as shall from time to time be provided by the city and shall be signed and verified under oath, by the applicant if an individual, by a partner if a partnership and by a duly authorized officer thereof if a corporation, and shall set forth the following:

(1) If an individual, the name and address of the applicant.

(2) If a partnership, the name, residence and business address of each partner.

(3) If a corporation, the name, date of incorporation, the state under whose laws the corporation was organized, the names of the directors and officers of the corporation and the name of the individual who will be in direct charge or control of the operation and management of the parking lot.

(4) Three copies of a plot or drawing of the parking lot, showing its location, design, size, capacity, location and size and type of construction of attendant's station; all walls, barriers or other structures surrounding or enclosing the premises; and the location and size of all driveways.

(5) The hours for storage or parking of motor vehicles and whether night storage is to be conducted upon the premises.

(6) The hours during which parking attendants will be on duty.

(7) A complete schedule of rates.

(8) Any other information as otherwise may reasonably be required.

(Code 1964, § 34-177; Code 1980, § 10-15-3)

Sec. 10-15-4. Same—Denial.

Should it be determined, upon investigation, that the information contained in the application is incorrect, insufficient or incomplete, or that the premises are unsafe for use as a parking lot, or that the operation thereof will adversely affect or endanger vehicle traffic on abutting streets, the permit shall be denied.

(Code 1964, § 34-178; Code 1980, § 10-15-4)

Sec. 10-15-5. Same—Granting and review.

Upon the granting of a permit by the department of planning, engineering and permits, the permit shall become effective 14 days from the date thereof, unless the council should set the same for hearing as hereinafter provided in this section. Notice of the granting of the permit shall be directed by the director of planning, engineering and permits to the city clerk within three days thereafter, together with a complete copy of the application for the permit. The city clerk shall bring the notice to the attention of the council not later than ten days thereafter. Should the council determine to review the action of the department of planning, engineering and permits in the granting of the permit, it shall set the matter for hearing at a regular meeting not more than 14 days after its receipt thereof, and the applicant shall be given not less than three days' notice of the hearing, in writing. Upon the date of the hearing or at any continuance thereof, the council, after considering all evidence or testimony offered by all interested parties, shall either affirm or rescind the action of the department of planning, engineering and permits. At such hearing the applicant shall be entitled to counsel, the right to subpoena witnesses and the right of cross examination.

(Code 1964, § 34-179; Code 1980, § 10-15-5)

Sec. 10-15-6. Same—Appeal to council upon denial.

Upon any denial of a parking lot permit by the department of planning, engineering and permits, the applicant may appeal the denial to the council by filing a written statement of appeal with the city clerk within ten days following the denial, and a hearing shall be held thereon by the council at a regular meeting of the council or a continuance thereof not later than 14 days thereafter. The applicant, during the appeal, may be represented by counsel, subpoena witnesses and have the right of cross examination.

(Code 1964, § 34-180; Code 1980, § 10-15-6)

Sec. 10-15-7. Same—Revocation.

The council may revoke any parking lot permit if, upon a hearing and investigation, after at least

ten days' written notice to the permittee of the time and place of the hearing, the council finds the permittee:

(1) Has knowingly made any false or materially incorrect statement in the application;

(2) Has violated or permitted or countenanced the violation of any provisions of this chapter;

(3) Has violated or permitted or countenanced the violation of any provision of any penal law or ordinance involving theft, larceny or conversion of a motor vehicle without the owner's consent; or

(4) Fails to keep an attendant on duty during the times specified in the permittee's application.

(Code 1964, § 34-181; Code 1980, § 10-15-7)

Sec. 10-15-8. Insurance.

No parking lot shall be opened for business or otherwise operated until the applicant shall have filed with the city clerk policies or proper certificates of insurance issued by an insurance company authorized to do business in the state in an amount not less than $50,000.00 for liability insurance coverage for personal injury or death to any individual and not less than $100,000.00 for any one accident, which insurance shall continuously remain in force and effect for so long as the parking lot shall be operated or maintained. These policies shall require the company issuing the same to give not less than 30 days' written notice to the city clerk before any cancellation or expiration thereof. The cancellation or expiration of any insurance policy as required by this section shall automatically suspend the permittee's permit until that time as a new insurance policy complying with the provisions of this section shall be filed with the city clerk.

(Code 1964, § 34-182; Code 1980, § 10-15-8)

Sec. 10-15-9. Signs.

Every permittee shall display at each entrance to its parking lot in a clearly visible manner a permanently affixed sign adequate to apprise persons using the parking lot of the name of the permittee, the hours of the day and night when the parking lot is open for parking or storing vehicles, the rates charged for parking or storing vehicles and the closing hours of the parking lot, if any. Where more than one rate is charged for parking or storing vehicles, each rate shall appear upon the sign. All letters and figures shall be substantially of the same size and no less than three inches in height.

(Code 1964, § 34-183; Code 1980, § 10-15-9)

Sec. 10-15-10. Charging more than scheduled rates.

It shall be unlawful for a permittee to accept, require or demand any fee or charge for the parking or storage of a motor vehicle in excess of the amount shown in the posted schedule of fees or charges for the parking or storage.

(Code 1964, § 34-183.1; Code 1980, § 10-15-10)

Sec. 10-15-11. Height of signs.

All signs shall be erected with the bottom edge of the same at a height not less than ten feet above the sidewalk level.

(Code 1964, § 34-183.2; Code 1980, § 10-15-11)

Sec. 10-15-12. Loading or unloading of vehicles to be within property line of parking lot.

No loading or unloading of passengers or drivers of vehicles shall take place across or upon any public street, sidewalk or alley, and any operator or employee of a parking lot who receives or delivers any vehicle other than within the property line of the parking lot and blocks or obstructs any public sidewalk, street or alley shall be in violation of this section.

(Code 1964, § 34-183.3; Code 1980, § 10-15-12)

Sec. 10-15-13. Unauthorized use or removal of vehicles.

It shall be unlawful for any permittee to make or permit any use for any purpose whatsoever of any parked or stored vehicle, unless the use shall have first been expressly authorized by the owner or operator of the vehicle.

(Code 1964, § 34-183.4; Code 1980, § 10-15-13)

Sec. 10-15-14. Care of vehicles after closing time.

When any vehicle parked upon or within any parking lot is not called for prior to the closing time of the parking lot, the permittee shall leave the keys to the vehicle and the parking coupon, if coupons are in use at the parking lot, for safekeeping at a place within a reasonable distance of the parking lot with a responsible person whose name and address shall be posted in a conspicuous place on the parking lot.
(Code 1964, § 34-183.5; Code 1980, § 10-15-14)

Sec. 10-15-15. Manner of driving vehicles—Generally.

It shall be unlawful for any person to drive a vehicle in willful or wanton disregard for the safety of persons or property upon or within a parking lot, or to drive thereon or therein at a speed in excess of ten miles per hour. The traffic engineer is hereby authorized to cause such signs as he or she may deem necessary to be erected on public right-of-way, at or near one or more entrances to such lots stating the speed limit of ten miles per hour upon such lot.
(Code 1964, § 34-183.6; Code 1980, § 10-15-15; Ord. No. 80-259, § 2, 11-11-1980)

Sec. 10-15-16. Same—In certain parking lots.

(a) It shall be unlawful for any person to stop, park, drive or operate a vehicle upon any parking lot in any manner which unreasonably obstructs or hinders the free flow of pedestrian or vehicular traffic.

(b) It shall be unlawful for any person operating a vehicle upon a parking lot to fail to yield the right-of-way to any pedestrian who is walking in a marked crosswalk or other marked pedestrian walkway.
(Code 1964, § 34-183.7; Code 1980, § 10-15-16; Ord. No. 80-259, § 3, 11-11-1980; Ord. No. 84-154, 9-4-1984)

Sec. 10-15-17. Ground maintenance.

The permittee shall keep the sidewalks adjacent to the parking lot free from any accumulation of dirt, ice, sleet and snow. The ground level of any parking lot upon which hourly rates are charged shall be surfaced with plant-mix asphalt pavement or equivalent surfacing, and the permittee shall maintain smooth and durable parking surfaces which shall at all times remain free of breaks, potholes or other dangerous conditions, be adequately drained so as not to retain water and be kept free of dirt and loose particles. All weeds, shrubs, trees and grass adjacent to or on the parking lot shall be kept neatly trimmed or cut and be removed or relocated if the same interfere with the parking of vehicles or with safe sight distance at any entrance or exit. Adequate disposal cans or other durable receptacles shall be maintained in every parking lot for the deposit or collection of refuse, trash or other waste materials, and in no event shall there be less than one such can or receptacle available for those purposes.
(Code 1964, § 34-183.8; Code 1980, § 10-15-17)

Sec. 10-15-18. Barriers.

All parking lots shall maintain a permanent substantial fence, wall or other barrier on or adjacent to any line abutting on any street or public way, so that motor vehicles parked or stored thereon will not intrude onto any part of the city's right-of-way and so that the motor vehicles cannot be removed from the parking lots except at the regularly established entrances and exits. These barriers shall be so designed and so located at all times that no portion of any motor vehicle parked on the parking lot may extend over any property line or damage any property of other persons.
(Code 1964, § 34-183.9; Code 1980, § 10-15-18)

Sec. 10-15-19. Permits not transferable.

No permit issued hereunder shall be transferred or assigned to another or used by any person other than the person to whom the permit was issued, nor shall the permit be used at any location other than the location for which the same was issued.
(Code 1964, § 34-183.10; Code 1980, § 10-15-19)

Sec. 10-15-20. Exemptions.

Any parking lot which rents or provides parking or storage space for motor vehicles solely on a

weekly, monthly or annual rental basis shall be exempt from the provisions of sections 10-15-9 through 10-15-12.
(Code 1964, § 34-183.11; Code 1980, § 10-15-20)

Sec. 10-15-21. Assembling so as to restrict access; parking in parking spaces required.

(a) It shall be unlawful for any person to assemble, with one or more other persons, upon any parking lot, in such manner as to restrict for more than five minutes the free passage of pedestrians or vehicles or to obstruct any designated driving lane for more than five minutes; but it shall not be a violation of this section to park in a designated parking space and then leave the parking lot area without delay, or to go upon such parking lot and without delay proceed to an open business establishment, or to go upon such parking lot and without delay proceed to a parked vehicle and then leave; it shall not be a violation of this section for a person to assemble with less than four other persons, for less than one hour, to remove or repair an inoperable motor vehicle; and this section shall not apply to any law enforcement vehicle, ambulance, firefighting vehicle, or other official emergency vehicle or the personnel of any of them; and this section shall not apply to any person who has received written consent from the owner of such parking lot or from the owner's authorized agent to assemble on such parking lot.

(b) It shall be unlawful for any person to park or leave any vehicle upon any parking lot unless such vehicle shall be parked wholly within a parking space as designated by painted lines or other discernible markings; but this section shall not apply to authorized emergency vehicles, inoperable motor vehicles, or persons given written consent to so park by the owner of the parking lot or by such owner's authorized agent.
(Code 1980, § 10-15-21; Ord. No. 80-259, § 4, 11-11-1980)

CHAPTER 16. RESERVED

CHAPTER 17. RESERVED BUS LANES

Sec. 10-17-1. Definitions.

(a) For the purposes of this chapter, the following words and phrases shall have the meanings respectively ascribed to them by this subsection:

Public holidays means Christmas Day, New Year's Day, Martin Luther King, Jr.'s birthday, Good Friday, Memorial Day, Fourth of July, Labor Day, Veterans Day and Thanksgiving Day.

Reserved bus lane means the portion of roadway devoted primarily to the use of transit buses for travel on the streets and avenues where those lanes are designated and for receiving and discharging passengers at bus stops located along those lanes.

Transit bus means a bus used for the mass transportation of people by the city-county transit authority.

(b) Whenever any words and phrases used in this chapter are not defined in this chapter but are defined in the state laws or this Code regulating the operation of vehicles, any such definition therein shall be deemed to apply to those words and phrases used herein.
(Code 1964, § 34-191.1; Code 1980, § 10-17-1; Ord. No. 81-62, § 1, 4-7-1981)

Sec. 10-17-2. Marking, etc., use generally.

(a) The city traffic engineer by appropriate markings, signs, barriers and other traffic control devices may designate and maintain reserved bus lanes of sufficient width to freely accommodate passenger bus travel along and adjacent to the curbs of streets or avenues or parts thereof. These lanes shall be reserved for transit bus use during the periods of time as set forth for each lane respectively as designated by the city traffic engineer; provided that reserved bus lanes may be used for receiving or discharging passengers by passenger vehicles, including but not limited to taxis, and for making right turns when to do so is

lawful under the provisions of this chapter and applicable traffic laws, ordinances and regulations of the city.

(b) The city traffic engineer shall maintain a current copy of a schedule designating the streets or parts of streets as reserved for bus lanes and the periods of time reserved for use of them by transit buses during every day except Saturday, Sunday and public holidays in the office of the city clerk and in the office of the city traffic engineer.
(Code 1964, § 34-191.2; Code 1980, § 10-17-2; Ord. No. 81-62, § 2, 4-7-1981)

Sec. 10-17-3. Discharging, etc., passengers.

The driver of any passenger vehicle, including but not limited to taxis, may use reserved bus lanes for the purpose of temporarily stopping and standing that vehicle while engaged in the actual receiving or discharging of passengers, but this section shall not authorize stopping or standing for that purpose in a bus stop or taxi stand when to so do would be an interference with the entry therein by bus or taxi contrary to section 10-9-56.
(Code 1964, § 34-191.3; Code 1980, § 10-17-3)

Sec. 10-17-4. Use by buses.

During the hours when a reserved bus lane is in effect, no transit bus shall be driven on any part of the street or avenue where that lane is designated other than within that lane, except as may be necessary to make right turns into another street or avenue or necessary to pass around a disabled vehicle.
(Code 1964, § 34-191.4; Code 1980, § 10-17-4)

Sec. 10-17-5. Prohibited uses generally.

During the hours when a reserved bus lane is in effect and when signs are erected giving notice thereof, it shall be unlawful for anyone to do any of the following:

(1) Park any type vehicle within any one of such lanes.

(2) Stop or stand any vehicle within any one of such lanes for the purpose of waiting for one or more passengers not already at the place when and where the vehicle is stopped or standing.

(3) Stop or stand any vehicle within any one of such lanes for the purpose of loading, unloading, delivering or receiving merchandise, goods or freight, including those places as may be marked or sign posted as freight loading zones, the intent hereof being that bus lane use during the reserved hours shall supersede freight loading use as well as parking use.

(4) Drive any vehicle other than a transit bus within any one of such lanes except for the purposes permitted by section 10-17-3 and except to make a right turn at the nearest street intersection.

(5) Turn any vehicle left from within any one of such lanes into another street or avenue or into an alley or driveway.

(Code 1964, § 34-191.5; Code 1980, § 10-17-5)

Sec. 10-17-6. Right turns.

The city traffic engineer or chief of police or any one of their authorized assistants or officers shall have authority by appropriate signs, barriers or signals to prohibit right turns from the streets or avenues on which reserved bus lanes are in effect by vehicles other than transit buses when the volume of such turning substantially impedes transit bus traffic in those bus lanes.
(Code 1964, § 34-191.6; Code 1980, § 10-17-6)

Sec. 10-17-7. Emergencies.

Reserved bus lanes may be used for any purpose by law enforcement officers, firefighters and ambulance drivers when responding to emergencies.
(Code 1964, § 34-191.7; Code 1980, § 10-17-7)

CHAPTER 18. TRANSPORTING JUNKED VEHICLES

Sec. 10-18-1. Definitions.

For the purposes of this chapter, the following words and phrases shall have the meanings respectively ascribed to them by this section:

Auto transport carrier means a vehicle designed and built for the purpose of transporting motor vehicles from one point to another.

Bona fide wrecker means a wrecker vehicle that is equipped with a wrecker crane, tow or spacer bar and power winch, all of which are designed for the transportation of inoperative motor vehicles.

Dolly means a device consisting of four sets of wheels, two pans and two axles, this device being one commonly used in the transportation of disabled automobiles from one point to another.

Junk vehicles or *junk motor vehicles* means any motor vehicle unable to proceed under its own power and that has been wrecked or stripped of essential equipment or burned or has outlived its usefulness as an automobile.
(Code 1964, § 34-191.8; Code 1980, § 10-18-1)

Sec. 10-18-2. Manner of transporting.

(a) No junk vehicle shall be transported over any street of the city by any means other than a bona fide wrecker, auto transport carrier, tractor trailer, flatbed truck or trailer. No vehicle shall transport junk vehicles in such a manner that any part of the junk vehicle shall be located at a height which exceeds 13½ feet from the road bed. No junk vehicle being transported shall extend more than five feet from the rear of the truck bed of the vehicle transporting the junk vehicle and shall not extend beyond the sides of the bed of the transporting vehicle. All transporting vehicles shall have full beds.

(b) It shall be unlawful while transporting or causing to be transported any junk vehicle to allow or permit any part or piece of debris or scrap metal or part of a junk vehicle to fall onto or upon any city street.

(c) No junk vehicle shall be transported on any city street unless that junk vehicle is secured by chains having a link diameter of at least 3/16 of an inch or steel cables having a diameter of at least three-eighths of an inch and all such junk vehicles shall be secured by either steel chains or cables on both the front and rear of the vehicle being transported.

(d) No junk vehicle shall be transported on top of another junk vehicle unless those vehicles are being transported by and on a regular auto transport carrier, tractor trailer, flatbed truck or trailer.

(e) It shall be unlawful to transport or cause to be transported on any street in the city a junk vehicle which does not have wheels and tires in a good and usable condition by a bona fide wrecker, unless a dolly shall be used in connection with the transportation and no part of the junk vehicle shall come into contact with the surface of any street.
(Code 1964, § 34-191.9; Code 1980, § 10-18-2)

Sec. 10-18-3. Penalties.

Any person who shall violate any provision of this chapter or fail to comply therewith or with any requirement thereof or who shall do any act prohibited therein or fail to do any act required therein shall, upon conviction, be punished for the first violation by a fine not exceeding $50.00 and for any subsequent violation of this chapter within the limits and as provided in section 1-1-6.
(Code 1964, § 34-191.10; Code 1980, § 10-18-3)

CHAPTER 19. RAILROADS

ARTICLE A. GENERAL PROVISIONS

Sec. 10-19-1. Definitions.

For the purposes of this chapter, the following words and phrases shall have the meanings respectively ascribed to them by this section:

Railroad means a carrier of persons or property upon cars, operated upon stationary rails.

Railroad train means a steam, electric or other type engine, with or without cars attached thereto, operated upon rails.

Through street means a street or part of street designated as a through street in schedule II of the city traffic regulations schedules.
(Code 1964, § 44-1; Code 1980, § 10-19-1)

Sec. 10-19-2. Culverts to be built.

At any point along any railroad in the city, whether heretofore or hereafter built, where culverts may be needed in the judgment of the city engineer to carry off the flow of water which may be obstructed by the railroad, the owner, operator, lessee or proprietor of the railroad shall put in

and thereafter maintain good substantial culverts of sufficient capacity to carry off all the water. If any owner, operator, lessee or proprietor of the railroad shall fail to build these culverts, as above provided within 30 days after due notice from the city engineer to put the same in, no train shall be run in the city over that railroad until the provisions of this section shall have been complied with.
(Code 1964, § 44-2; Code 1980, § 10-19-2)

Secs. 10-19-3—10-19-10. Reserved.

ARTICLE B. TRACKS

Sec. 10-19-11. Permit required to lay railroad tracks.

(a) It shall be unlawful for any railroad company or person to lay any track or build any switch over, along or across any street or alley of the city without first obtaining a permit from the council. Every application for a permit to lay any track shall be made in accordance with conditions and requirements adopted by the council. The application shall be accompanied by a drawing showing the location of the proposed track or switch.

(b) Any person violating the provisions of this section shall be punished as provided in section 1-1-6, and the track so laid shall be removed at the cost of the person laying the same.
(Code 1964, § 44-6; Code 1980, § 10-19-11)

Sec. 10-19-12. To be laid on street grade.

It shall be unlawful for any railroad company, to lay tracks in or on any street in the city without having first obtained from the city engineer the proper grade of the street over which the line of railroad is to run, if the street has been brought to grade and the railroad shall be put on exact grade, so as not to impede or interfere with travel. If the street has not been brought to grade, then the railroad must be so laid as to conform to the then surface of the street, so as not to interfere with travel over and along the street. If any company shall lay tracks on streets not brought to grade, the right of the city to grade these streets in the future shall not be prejudiced, and the owners, proprietors and lessees of the railroad tracks shall be required to raise or lower the tracks so as to conform to the grade of the streets, without cost to the city, whenever the city engineer or the council may direct the same to be done. Nothing contained in this section shall be so construed as to prejudice the existing rights of the city to compel all persons or companies, now owning or controlling railroad tracks in the city, to raise or lower the same so as to conform to grade of streets when those streets are brought to grade.
(Code 1964, § 44-7; Code 1980, § 10-19-12)

Sec. 10-19-13. Railroad companies to keep parts of streets between tracks in repair.

(a) Wherever any street in the city is paved, cherted or macadamized or otherwise improved, it shall be the duty of each railroad company having tracks laid along or across the same to keep in repair that part of the street between the rails of its tracks and for 18 inches on each side thereof and between parallel tracks.

(b) The portion between the tracks and on each side thereof shall be kept in repair with the same material, and in accordance with the manner in which the street is improved as aforesaid, unless the city engineer shall approve some other material or manner of repair.
(Code 1964, § 44-8; Code 1980, § 10-19-13)

State law reference—Duty of railroad companies to keep streets in repair, Code of Ala. 1975, § 11-49-3.

Sec. 10-19-14. Cars not to be operated over unrepaired roadbeds.

Upon failure to comply with the provisions of section 10-19-13 within ten days after written notice from the city engineer to repair, it shall be unlawful for any railroad company to operate any train, car or engine over any unrepaired portion of the street on its said tracks, and it shall be unlawful for any person in the employ of the street or other railroad company, having superintendence or charge or control entrusted to him or her, to cause, permit or suffer any such engine, cars or train to be so operated.
(Code 1964, § 44-9; Code 1980, § 10-19-14)

Sec. 10-19-15. Procedure in case of violation of section 10-19-13 or 10-19-14.

(a) When any corporation shall violate any provision of, or contained in, section 10-19-13 or 10-19-14, it shall be the duty of any officer to make complaint in writing, duly verified, to the municipal judge setting out the name of the corporation. The municipal judge shall forthwith file the cause and docket a case in the name of the city against the corporation, and shall issue a notice thereof to the defendant, accompanied by a certified copy of the complaint. This notice and copy may be served upon any officer or agent of the defendant corporation authorized by law to receive service of summons or other civil process issuing against the corporation, by the chief of police or any officer of the city; and upon the return of the officer showing proper service, the complaint and cause shall stand for trial.

(b) If the defendant fails to appear or plead to the complaint, the court shall cause the plea of "not guilty" to be entered, and the trial shall proceed as if the defendant had appeared and pleaded "not guilty"; but in the case proof must be made to the court that the person upon whom the notice and copy of the complaint was served was an officer or agent of the corporation, authorized by law to receive the service. Upon the conviction of a corporation for violating any provision in section 10-19-13 or 10-19-14, it shall be fined not less than $1.00 or more than $100.00, and the court shall render a judgment against the defendant for the amount of the fine imposed, together with all costs of prosecution; and execution thereon shall forthwith issue against the property of the defendant; and other executions may issue thereon, unless the judgment is satisfied.
(Code 1964, § 44-10; Code 1980, § 10-19-15)

Sec. 10-19-16. Change of location.

Whenever, in the opinion of the council, the public safety or convenience requires that the location of a railroad track should be changed, notice shall be given to the owner or agent of the railroad of the purpose of the council to make the change. If the owner or agent fails or refuses to make the change within a reasonable time the council shall cause the track to be removed or relocated at the expense of the owner, the costs thereof to be a lien on the property of the railroad, and may be collected as taxes are collected.
(Code 1964, § 44-11; Code 1980, § 10-19-16)

Sec. 10-19-17. Obstructions, etc.

It shall be unlawful for any person to grease or soap any railroad track, or to place upon, or cause to be placed upon, the rails of any railroad track in the city, any soap, grease, explosive or other substance or obstruction.
(Code 1964, § 44-12; Code 1980, § 10-19-17)

Sec. 10-19-18. Railroad companies to maintain and repair grade crossings and structures; penalties and assessment for failure.

(a) It shall be unlawful for a railroad company, as owner, or its officers or agents having supervision, charge or control of, or operating, a grade crossing, bridge, viaduct, tunnel, overpass, underpass or other structure to fail to properly maintain such grade crossing or structure.

(b) Wherever any railroad company has constructed within the city any bridge, viaduct, overpass, underpass, railroad tracks or other structure for the purpose of enabling the railroad to pass over, under, along or across any public street, road or highway, it shall be the duty and responsibility of the railroad company to maintain such bridge, viaduct, overpass, underpass, track bed or other structure in good repair and in a condition which is safe for members of the public traveling along, over, under or across such structure or track bed. Such maintenance shall be conducted at the expense of and under supervision of the railroad company.

(c) Upon determining the existence of any defect or condition of ill repair, the continued existence of which poses a danger to the public, in any of the structures referred to in subsection (b) of this section, or in any grade crossing or track bed, the city engineer shall give written notice, by certified or registered mail, of the

defect or ill repair to the railroad company owning the defective or unrepaired structure or grade crossing. The notice shall advise the railroad company that, in default of its remedying the condition set forth in the notice, the city may elect to do so and charge to the railroad company the costs thereof. In such written notice, the city engineer shall advise the railroad company that it is entitled to a hearing before the city council to object to the city engineer's findings that the structure or grade crossing is defective, presents a danger to the public, or otherwise constitutes a nuisance. The city engineer's notice shall advise the railroad company of the date, time and place of such hearing. The city engineer shall cause the appropriate resolution to be placed on the council agenda for the hearing date set forth in the notice to the railroad company.

(d) Any action on the finding of the city engineer shall be held in abeyance pending the determination thereon made by the city council at the hearing provided for in subsection (c) of this section. The hearing shall be held not less than 14 nor more than 30 days after the date the city engineer's notice to the railroad company is received by the company.

(e) At the conclusion of the hearing before the city council, the council shall approve or disapprove the resolution declaring the structure or track bed to be unsafe and a public nuisance, and ordering its abatement within the time set in the resolution. If the council approves the resolution declaring the condition to be a public nuisance, the city, in the event the railroad company fails to remedy the condition within the time allotted by the resolution, may itself abate the nuisance, and assess the costs so incurred against the railroad company.

(f) Where a railroad grade crossing is so raised or depressed as to obstruct traffic or otherwise create a danger to motorists passing over the tracks or track bed, it is hereby declared to be a public nuisance subject to abatement by the city at the railroad company's expense.

(g) The provisions of this section are cumulative to those provided in sections 10-19-11 through 10-19-17. Nothing in this section shall be construed to repeal or conflict with those sections.

(Code 1980, § 10-19-18; Ord. No. 90-281, 11-20-1990)

CHAPTER 20. BICYCLES AND SHARED MICROMOBILITY DEVICES*

ARTICLE A. GENERAL PROVISIONS

Sec. 10-20-1. Applicability.

The provisions of this chapter shall apply whenever a bicycle or shared micromobility device is operated upon any highway or upon any path set aside for the use of bicycles or shared micromobility devices subject to those exceptions stated herein.

(Code 1964, § 10-1; Code 1980, § 10-20-1; Ord. No. 20-24, § 1, 2-12-20)

Sec. 10-20-2. Duty of parents and guardians.

The parent of any child and the guardian of any ward shall not authorize or knowingly permit any such child or ward to violate any of the provisions of this chapter.

(Code 1964, § 10-3; Code 1980, § 10-20-3; Ord. No. 20-24, § 1, 2-12-20)

Sec. 10-20-3. Obedience to traffic control devices.

(a) Any person operating a bicycle or a shared micromobility device shall obey the instructions of official traffic control signals, signs and other control devices applicable to vehicles, unless otherwise directed by a police officer or other person authorized by law to direct traffic.

*__State law references—__Bicycles generally, Code of Ala. 1975, § 32-5A-260 et seq.; municipalities may establish a more comprehensive bicycle safety program than that imposed by state traffic laws, Code of Ala. 1975, § 32-5A-286.

(b) Whenever authorized signs are erected indicating that no right or left or U-turn is permitted, no person operating a bicycle or a shared micromobility device shall disobey the direction of any such sign, except where that person dismounts from the bicycle or a shared micromobility device to make any such turn, in which event that person shall then obey the regulations applicable to pedestrians.

(c) Every person riding a bicycle upon a roadway shall be granted all of the rights and shall be subject to all of the duties applicable to the driver of a vehicle by Alabama traffic laws, as provided in Code of Ala. 1975, § 32-5A-260, as may be amended, except as to special regulations in this article and except as to those provisions of this chapter which by their nature can have no application.

(d) Every person riding a shared micromobility device shall be granted all of the rights and shall be subject to all of the duties applicable to the driver of a bicycle by Alabama traffic laws, except as to specific provisions in Code of Ala. 1975, § 32-19-2, as may be amended, and except when such laws by their nature can have no application.
(Code 1964, § 10-4; Code 1980, § 10-20-4; Ord. No. 20-24, § 1, 2-12-20)

Sec. 10-20-4. Riding on sidewalks.

No person shall ride a bicycle or a shared micromobility device upon a sidewalk except for members of the city police department and members of any public assistance organization which may be authorized in writing to do so by the chief of police of the city while performing police or public assistance duties.
(Code 1964, § 10-6; Code 1980, § 10-20-6; Ord. No. 94-39, 2-15-1994; Ord. No. 06-69, 5-23-2005; Ord. No. 14-122, § 2, 9-10-2014; Ord. No. 20-24, § 1, 2-12-20)

Sec. 10-20-5. Speed.

No person shall operate a bicycle or a shared micromobility device at a speed greater than the posted speed limit, or at a speed greater than what is reasonable and prudent under the conditions then existing.
(Code 1964, § 10-7; Code 1980, § 10-20-7; Ord. No. 20-24, § 1, 2-12-20)

Sec. 10-20-6. Emerging from alley or driveway.

The operator of a bicycle or a shared micromobility device emerging from an alley, driveway or building shall, upon approaching a sidewalk or the sidewalk area extending across any alleyway, yield the right-of-way to all pedestrians approaching on the sidewalk or sidewalk area, and upon entering the roadway, shall yield the right-of-way to all vehicles approaching on the roadway.
(Code 1964, § 10-8; Code 1980, § 10-20-8; Ord. No. 20-24, § 1, 2-12-20)

Sec. 10-20-7. Parking.

No person shall park a bicycle or a shared micromobility device upon a street other than upon the roadway against the curb or upon the sidewalk in a rack or corral to support the bicycle or a shared micromobility device, or against a building or at the curb, in a manner as to afford the least obstruction to pedestrian traffic.
(Code 1964, § 10-11; Code 1980, § 10-20-11; Ord. No. 20-24, § 1, 2-12-20)

Sec. 10-20-8. Other operating restrictions.

(a) No person operating a bicycle or a shared micromobility device shall carry any package, bundle, or article that prevents the driver from keeping at least one hand upon the handlebars.

(b) No person operating a bicycle or shared micromobility device shall carry more persons at one time than the number for which it is designed and equipped.
(Ord. No. 20-24, § 1, 2-12-20)

Sec. 10-20-9. Interpretation.

References in this chapter to any statute, code section or ordinance shall be deemed to refer to such statute, code section or ordinance as cur-

rently in effect or as amended from time to time and to any rules or regulations promulgated thereunder.

Sec. 11-1-1. State misdemeanors and violations.

It shall be unlawful for any person to violate within the city or within the police jurisdiction thereof any law of the state, now or hereafter enacted, the violation of which is a misdemeanor or violation under the state law.
(Ord. No. 79-212, 12-28-1979; Ord. No. 80-246, 11-1-1980)

CHAPTER 2. OFFENSES INVOLVING DANGER TO THE PERSON

Sec. 11-2-1. Assault and battery.

(a) No person shall commit an assault, or an assault and battery, upon another person.

(b) On the trial of any person for an assault, or an assault and battery, he or she may give in evidence any opprobrious word or abusive language used by the person assaulted or beaten, at or near the time of the assault, and that evidence shall be in extenuation or justification, as the municipal judge may determine.
(Code 1980, § 11-2-1)

State law reference—Similar provision, Code of Ala. 1975, § 13A-6-20 et seq.

Secs. 11-2-2—11-2-7. Reserved.

Sec. 11-2-8. Domestic violence.

(a) No person shall commit a domestic assault, or engage in domestic violence as hereinafter described upon any person hereinafter described as family, household, or dating or engaged relationship.

(b) For the purposes of this section, the following terms have the following meanings:

Assault means:

(1) Intent to cause physical injury to another person;

(2) Causing physical injury to any person;

(3) Recklessly causes injury to another person; or

(4) With criminal negligence causes physical injury to another person by means of a dangerous or deadly instrument.

Domestic violence means any incident resulting in the assault, harassment, or the attempt or threats thereof between family, household or dating or engaged relationship members as defined in this section.

Family, household or dating or engagement relationship members includes a spouse, former spouse, parent, child, or any other person related by blood, marriage or common law marriage, a person with whom the victim has a child in common, a present or former household member, or a person who has a dating or engagement relationship or an individual who cohabitates or has cohabitated with the person, or any person who is under order of a proper court having jurisdiction to issue a restraining order against either person or persons.

Harassment. A person harasses another if, with intent to annoy or alarm another person, the person strikes or shoves, kicks or otherwise touches a person or subjects such person to physical contact, or directs abusive language or makes obscene gestures towards another person, makes verbal threats made with intent to carry out the threat that would cause a reasonable person who is the target of the threat to fear for such person's safety.
(Ord. No. 99-32, 2-23-1999)

CHAPTER 3. OFFENSES INVOLVING DAMAGE TO AND INTRUSION UPON PROPERTY

ARTICLE A. TRESPASS

Sec. 11-3-1. Definitions.

The following definitions are applicable to this article:

Building means any structure which may be entered and utilized by persons for business, public use, lodging or the storage of goods including any vehicle, aircraft or watercraft used for the lodging of persons or carrying on business therein.

Where a building consists of two or more units separately occupied or secured, each shall be deemed both a separate building and a part of the main building.

Dwelling means a building which is used or normally used by a person for sleeping, living or lodging therein.

Enter or remain unlawfully means a person who enters or remains unlawfully in or upon premises when he or she is not licensed, invited or privileged to do so. A person who, regardless of his or her intent, enters or remains in or upon premises which are at the time open to the public does so with license and privilege unless he or she defies a lawful order not to enter or remain, personally communicated to him or her by the owner of the premises or other authorized person. A license or privilege to enter or remain in a building which is partly open to the public is not a license or privilege to enter or remain in that part of the building which is not open to the public. A person who enters or remains upon unimproved and apparently unused land, which is neither fenced or otherwise enclosed in a manner designed to exclude intruders, does so with license and privilege unless notice against trespass is personally communicated to him or her by the owner of that land or other authorized person, or unless the notice is given by posting in a conspicuous manner.

Premises includes any building, as defined in this section, and any real property.
(Code 1980, § 11-3-1)

State law reference—Similar provision, Code of Ala. 1975, § 13A-7-1.

Sec. 11-3-2. Criminal trespass.

(a) A person is guilty of criminal trespass if he or she knowingly enters or remains unlawfully:

(1) In a dwelling;

(2) In a building or upon real property which is fenced or enclosed in a manner designed to exclude intruders; or

(3) In or upon premises.

(b) It shall be unlawful for any person to commit criminal trespass as defined in this article.
(Code 1980, § 11-3-2)

State law reference—Similar provisions, Code of Ala. 1975, §§ 13A-7-1—13A-7-4.

Sec. 11-3-3. Remaining upon school premises on days when not in session or between sunset and 7:00 a.m.

(a) It shall be unlawful for any person to go or remain upon the lands, buildings or premises of any school or educational institution or facility administered by the Birmingham public school system, on any holiday or other day when the same is not open for classes, or during any time between sunset and 7:00 a.m. of the following day, without the permission of the school administrator or other person in charge of that school or institution.

(b) This section shall not apply to any authorized employee, agent or servant of the school or institution while performing any assigned task as authorized or directed by the administrator or other person in charge of the school or institution, nor to any function or event approved by the administrator or other person in charge of the school or institution during the period of time commencing one hour before the time scheduled for the event and ending one hour after the event is concluded.
(Code 1980, § 11-3-3)

Sec. 11-3-4. Public decorative pools.

It shall be unlawful for any person to stand, sit, wade, swim, walk or otherwise enter any public decorative pool, fish pond or ornamental fountain in the city except for the cleaning, repairing or maintaining of the same by authorized personnel.
(Code 1980, § 11-3-4)

Sec. 11-3-5. Walking, standing, etc., on certain planted places.

(a) It shall be unlawful for any person to walk, stand, sit, or place any package or other object on or in the unpaved median or the unpaved areas between the curb and sidewalk along Birmingham Green, Highland Avenue South, Bush Bou-

levard or any other similar street or public way of the city in which the city or any of its boards or agencies have planted or maintained any grass, flowers, shrubbery, trees or plants of any kind or description, except for the maintaining of the same by authorized personnel.

(b) It shall be unlawful for any person to walk, stand, sit or place any package or other object on or in any planter box belonging to the city or any of its boards or agencies in which there is planted any grass, flowers, shrubbery, trees or plants of any kind or description and which is located on any street or public way of the city.

(c) It shall be unlawful for any person to walk, sit, stand or place any package or other object on any decorative news vending machine or decorative waste receptacle belonging to the city or any of its boards or agencies.

(d) It shall be unlawful for any person to drive or park any vehicle on or in any median located on any street or public way of the city.
(Code 1980, § 11-3-5)

Secs. 11-3-6—11-3-22. Reserved.

ARTICLE B. CRIMINAL DAMAGE TO PROPERTY

Sec. 11-3-23. Criminal littering.

(a) A person commits the offense of criminal littering if he or she:

(1) Knowingly deposits in any manner litter on any public or private property or in any public or private waters, having no permission to do so;

(2) Negligently deposits in any manner glass or other dangerously pointed or edged objects on or adjacent to water to which the public has lawful access for bathing, swimming or fishing, or on or upon a public highway, or within the right-of-way thereof;

(3) Discharges sewage, oil products or litter from a watercraft vessel of more than 25 feet in length into a river, inland lake or stream within the state or within three miles of the shoreline of the state; or

(4) a. Drops or permits to be dropped or thrown upon any highway any destructive or injurious material and does not immediately remove the same or cause it to be removed; or

b. Removes a wrecked or damaged vehicle from a highway and does not remove glass or other injurious substance dropped upon the highway from that vehicle.

(b) The term "litter" means rubbish, refuse, waste material, garbage, dead animals or fowl, offal, paper, glass, cans, bottles, trash, scrap metal, debris or any foreign substance of whatever kind and description whether or not it is of value.

(c) It is no defense under subsections (a)(3) and (4) of this section that the actor did not intend, or was unaware of, the act charged.

(d) It shall be unlawful for any person to commit the offense of criminal littering as defined by this section.
(Code 1980, § 11-3-23)

State law reference—Similar provision, Code of Ala. 1975, § 13A-7-29.

Sec. 11-3-24. Criminal use or possession of noxious substance.

(a) A person commits the crime of criminal use of a noxious substance if he or she knowingly deposits on the land or in the building or vehicle of another, without his or her consent, any stink bomb or device, irritant or offensive-smelling substance with the intent to interfere with another's use of the land, building or vehicle.

(b) A person commits the crime of criminal possession of noxious substances if he or she possesses, manufactures, or transports any stink bomb or device, irritant, offensive-smelling or injurious substance, with intent to use such article or substance in the commission of any crime.

(c) It shall be unlawful for any person to commit the offense of criminal use or possession of noxious substances as defined by this section.
(Code 1980, § 11-3-24)

State law reference—Similar provisions, Code of Ala. 1975, §§ 13A-7-27, 13A-7-28.

Secs. 11-3-25—11-3-30. Reserved.

ARTICLE C. OFFENSES CONCERNING UTILITIES

Sec. 11-3-31. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Utility means an enterprise which provides gas, electric, steam, water, sewage, transportation or communication services, and any institution that provides health and safety protection or other public services; it may be either publicly or privately owned and has the meaning respectively ascribed to it in this definition, except when the context otherwise requires.
(Code 1980, § 11-3-31)

Sec. 11-3-32. Illegal acts against utilities.

The following acts in regard to utilities, among others, shall be unlawful:

(1) *Appropriation of current.* It shall be unlawful for any person having charge or control of any wire, joined to or forming a part of an electric circuit, to use or permit anyone else to use therefrom any current for heat, light, power or other purpose, without first having applied to and obtained the consent and authority of the owner thereof.

(2) *Use of utility after shutoff.* It shall be unlawful for any person to cause or suffer any premises of which he or she is in charge or control to be supplied with water, gas, electricity or steam after such commodity shall have been rightfully shut off therefrom, unless he or she shall have first procured the consent of the utility furnishing the same. This section shall not apply in any case where there is a bona fide dispute as to the amount due the utility.

(3) *Use of utilities without metering.*

a. It shall be unlawful for any person to connect a tube, pipe, wire or other instrument or contrivance with any pipe, wire or conduit used for conducting or supplying gas, electricity, steam, water or communication service or in any manner to change, alter, extend, connect or disconnect any pipe, wire, conduit, meter or attachment through or by which the same is or may be furnished or supplied, in such manner that any gas, electricity, steam, water or communication service is or can be used or consumed without passing through and properly registering upon the meter or other measuring instrument provided for registering the quantity used or consumed.

b. It shall also be unlawful for any person to turn on the flow of water or gas through any of the pipes or mains of any water or gas company or board, with the intent or purpose of obtaining the use of such water or gas without paying for the same.

(4) *Interference with equipment.* It shall be unlawful for any person to in any manner destroy, alter, impair or prevent the proper action of any meter or other instrument used to measure the consumption of gas, electricity, steam or water, or to connect, disconnect or reconnect or in any manner interfere with, damage or destroy any main, pipe, wire, conduit, meter, valve, stopcock, cable or other appliance, machinery or equipment, of any entity engaged in furnishing gas, electricity, steam, water or communication service to the public.

(5) *Unauthorized extension of service.* It shall be unlawful for any person, in any manner whatever, to extend or alter any ser-

vice or other pipe, wire or attachment of any kind, connecting, or through which gas, electricity, steam, water or communication service is furnished from the gas mains, pipes, wires or source of supply of any utility.

(6) *Keeping equipment unlawfully.* It shall be unlawful for any person to retain possession of or refuse to deliver any meter, appliance or property which may have been loaned, rented or used by any utility for the purpose of furnishing gas, electricity, steam, water or communication service, or to sell, loan or in any manner dispose of the same to any person other than the owner thereof.

(7) *Injury to property of utility.* It shall be unlawful for any person to willfully, maliciously or unlawfully injure, destroy, mar, deface, break or otherwise injure any of the buildings, reservoirs, machinery, lamps, meters, pipes, hydrants, valves, wires or other fixtures or property of any utility company or board operated in the city.

(8) *Diversion.* It shall be unlawful for any person having charge or control of any pipe, wire or other apparatus supplied with water, gas, electricity, steam or communication service by any utility to allow or permit any person to take, draw or use any such commodity therefrom, prior to the time of passage of the commodity through a meter used for measuring consumption.

(9) *Evidence.* It shall be prima facie evidence that the accused committed, aided or abetted in the commission of acts specified in this section if these acts were done or permitted on premises in which the accused was in charge of or in possession of or the accused received the benefit of any of such acts.

(Code 1980, § 11-3-32)

State law reference—Similar provisions, Code of Ala. 1975, §§ 13A-8-10 et seq., 13A-8-23.

Sec. 11-3-33. Illegal acts by utilities or their employees.

(a) *Overcharging.* It shall be unlawful for any utility to knowingly charge or attempt to charge any consumer for a greater amount of water, gas, electricity, steam or communication service than that consumed by him or her at legal rates of charge.

(b) *Falsified meter readings.* No person inspecting meters for any water, gas, electric or steam company, selling water, gas, electricity or steam by measurement, shall falsely read or make a false report of the reading of any such meter, or turn in or report a reading of any such meter when he or she has in fact not read that meter for the period covered by that report.

(c) *Wrongful cutoffs.* It shall be unlawful for any person connected with, representing or in the employ of any utility, to wrongfully cut off or cause to be cut off the water, gas, electricity, steam supply or communication service of any consumer.

(Code 1980, § 11-3-33)

State law reference—Similar provisions, Code of Ala. 1975, §§ 13A-8-2 et seq., 13A-9-41.

Sec. 11-3-34. Illegal acts affecting water supply.

(a) *Injuring reservoir or equipment.* No person shall unlawfully, willfully or maliciously injure, deface or destroy any reservoir, machinery, pipes, hydrants or other fixtures belonging to any waterworks company or water board.

(b) *Unsanitary water.* It shall be unlawful for any person to sell, offer for sale, deliver or distribute for human consumption in the city any water which is unsanitary, impure, unwholesome or is not in conformity with the standards of purity and the regulations of the state board of health and the United States Public Health Service, governing certification of water supplies for use on carriers engaged in interstate commerce.

(c) *Pollution.* It shall be unlawful for any person to in any way defile or contaminate or attempt to defile or contaminate the water in any reservoir, pipe, main, public fountain or stream connected with the approved public water supply of the city.

(Code 1980, § 11-3-34)

State law reference—Similar provisions, Code of Ala. 1975, §§ 13A-7-20, 22-23-48.

Sec. 11-3-35. Meter readers of public utilities; badges.

(a) Each public utility shall furnish a badge, of the character herein described, to each of its employees who enter or request admission to any residence within the city for the purpose of reading, inspecting or checking any meter therein.

(b) It shall be unlawful for any public utility to authorize or permit any of its employees to enter any residence or request admission to any residence in the city, for the purpose of reading, inspecting or checking any meter, unless such public utility has furnished such employee with the badge required by this section.

(c) It shall be unlawful for any person to wear a badge required by this section, or an imitation thereof, unless he or she is an employee of the utility by which the badge purports to have been issued and unless such badge was issued by such utility with the name of the person wearing it inscribed thereon.

(d) It shall be unlawful for any person to enter or request admission to any residence in the city for the purpose of reading, inspecting or checking any meter therein without having the badge required by this section, with his or her name thereon, attached or pinned to the front of his or her coat or other wearing apparel in such a manner as to be plainly visible to any person of normal vision.

(e) Such badge shall be metallic, and on the front thereof shall be printed or inscribed, in letters at least three-eighths of an inch high, the name of the public utility issuing such badge and the name of the employee to whom issued.
(Code 1980, § 11-3-35)

Sec. 11-3-36. Illegal acts against cable service.

(a) *Definitions.* The following words and phrases when used in this subsection shall, for the purpose of this section, have meanings respectively ascribed to them in this subsection, except when the context otherwise requires:

Encoded, scrambled or other nonstandard signal includes, without limitation, any type of signal or transmission that is not intended to produce an intelligible program or service without the aid of a decoder, descrambler, filter, trap or some similar device.

Subscription television service means television broadcast and cable programming intended to be received in an intelligible form by members of the public only for a fee or charge.

(b) *Offense.* It shall be unlawful for any person to:

(1) Knowingly tamper or otherwise interfere with or connect to by any means, whether mechanical, electrical, acoustical or other means, any cables, wires or other devices used for the distribution of a subscription television service without authority from the operator or owner of the service;

(2) Knowingly obtain or attempt to obtain subscription television service by any means, artifice, trick, deception or device without the payment to the owner or operator of the service of all lawful compensation for each type of service obtained;

(3) Knowingly assist or instruct any other person in obtaining or attempting to obtain any subscription television service without the payment to the owner or operator of all lawful compensation;

(4) Willfully, maliciously or unlawfully injure, destroy, mar, deface, break or otherwise injure any appliance, machinery or equipment which is the property of the subscription television service;

(5) Knowingly retain or withhold possession from the subscription television service owner or operator or refuse to deliver any appliance, equipment or property of the subscription television service owner or operator which may have been used, loaned or rented in connection with such service or to sell, loan or in any manner dispose of the same to any person other than the owner thereof; or

(6) Without the express authorization of a franchise or other duly licensed subscrip-

tion television service, knowingly and willfully manufacture, import into this city, distribute, sell, offer to sell, possess for sale, or advertise for sale any device, or any plan or kit for a device or for a printed circuit, designed in whole or in part to decode, descramble or otherwise make intelligible any encoded, scrambled or other nonstandard signal carried by that subscription television service.

(c) *Prima facie evidence.* It shall constitute prima facie evidence that the accused committed, aided or abetted in the commission of acts specified in this section if:

(1) These acts were done or permitted on premises of which the accused was in charge or control or the accused received the benefit of any such acts;

(2) The property on which the accused is in charge or control has any connection, wire, conductor or any type of device which is connected in such a manner and under circumstances which it would appear that such connection is for the purpose of permitting unauthorized service without the service being reported for payment to the owner or operator of the subscription television service; or

(3) The accused has in actual possession or has on property in which he or she is in charge or control any device designed in whole or in part to facilitate the performance of any of the illegal acts mentioned in this section in quantities or volumes suggesting possession for resale.

(Code 1980, § 11-3-36; Ord. No. 84-106, §§ 1—3, 7-3-1984)

State law reference—Similar provisions, Code of Ala. 1975, §§ 13A-8-10 et seq., 13A-8-120 et seq.

Sec. 11-3-37. Flag; prohibited acts.

(a) It shall be unlawful for any person not so authorized to take down, remove or tamper with any such flag when displayed by another.

(b) It shall be unlawful for any person to exhibit or display in or upon any building owned, maintained and operated by the city and under the administrative control of the mayor any flag except as herein required or permitted without permission of the mayor in writing, provided that other flags may be exhibited or displayed as a part of and incident to public festivals, exhibitions, and meetings conducted in such buildings without permission of the mayor.

(Code 1980, § 1-1-14; Ord. No. 79-106, 7-17-1979; Ord. No. 79-114, 7-31-1979)

CHAPTER 4. OFFENSES INVOLVING THEFT AND FRAUDULENT PRACTICES

Sec. 11-4-1. Definitions.

The following definitions are applicable in this chapter unless the context otherwise requires:

Deception.

(1) The term "deception" means when a person knowingly:

a. Creates or confirms another's impression which is false and which the defendant does not believe to be true;

b. Fails to correct a false impression which the defendant previously has created or confirmed;

c. Fails to correct a false impression when the defendant is under a duty to do so;

d. Prevents another from acquiring information pertinent to the disposition of the property involved;

e. Sells or otherwise transfers or encumbers property, failing to disclose a lien, adverse claim or other legal impediment to the enjoyment of the property when the defendant is under a duty to do so, whether that impediment is or is not valid, or is or is not a matter of official record; or

f. Promises performance which the defendant does not intend to perform or knows will not be performed. Fail-

ure to perform standing alone, however, is not proof that the defendant did not intend to perform.

(2) The term "deception" does not include falsity as to matters having no pecuniary significance, or puffing by statements unlikely to deceive ordinary persons. The term "puffing" means an exaggerated commendation of wares or services.

Deprive means to:

(1) Withhold property or cause it to be withheld from a person permanently or for such period or under such circumstances that all or a portion of its use or benefit would be lost to him or her;

(2) Dispose of the property so as to make it unlikely that the owner would recover it;

(3) Retain the property with intent to restore it to the owner only if the owner purchases or leases it back, or pays a reward or other compensation for its return;

(4) Sell, give, pledge or otherwise transfer any interest in the property; or

(5) Subject the property to the claim of a person other than the owner.

Obtains means:

(1) In relation to property, to bring about a transfer or purported transfer of a legally recognized interest in the property, whether to the obtainer or another; or

(2) In relation to labor or service, to secure performance thereof.

Obtains or exerts control or *obtains or exerts unauthorized control* over property includes but is not necessarily limited to the taking, carrying away or the sale, conveyance or transfer of title to, or interest in, or possession of, property; and includes but is not necessarily limited to conduct heretofore defined or known as common law larceny by taking, common law trespassory larceny by trick, larceny by conversion, embezzlement, extortion or obtaining property by false pretenses.

Owner means:

(1) A person, other than the defendant, who has possession of or any other interest in the property involved, even though that interest or possession is unlawful, and without whose consent defendant has no authority to exert control over the property.

(2) A secured party is not an owner in relation to a defendant who is a debtor in respect of property in which the secured party has a security interest.

Propelled vehicle means any propelled device in, upon or by which any person or property is transported on land, water or in the air, and such term includes motor vehicles, motorcycles, motorboats, aircraft and any vessel propelled by machinery, whether or not that machinery is the principal source of propulsion.

Property means:

(1) Any money, tangible or intangible personal property, property (whether real or personal) the location of which can be changed (including things growing on, affixed to or found in land and documents, although the rights represented hereby have no physical location), contract right, chose-in-action, interest in or claim to wealth, credit or any other article or thing of value of any kind.

(2) Commodities of a public utility nature, such as gas, electricity, steam, water and communication services, constitute property, but the supplying of such a commodity to premises from an outside source by means of wires, pipes, conduits or other equipment shall be deemed a rendition of a service rather than a sale or delivery of property.

Receiving includes, but is not limited to, acquiring possession, control or title and taking a security interest in the property.

Stolen means obtained by theft, theft by appropriating lost property, robbery or extortion.

Threat means a menace, however communicated, to:

(1) Cause physical harm to the person threatened or to any other person;

(2) Cause damage to property;

(3) Subject the person threatened or any other person to physical confinement or restraint;

(4) Engage in other conduct constituting a crime;

(5) Accuse any person of a crime or cause criminal charges to be instituted against any person;

(6) Expose a secret or publicize an asserted fact, whether true or false, tending to subject any person to hatred, contempt or ridicule;

(7) Reveal any information sought to be concealed by the person threatened;

(8) Testify or provide information or withhold testimony or information with respect to another's legal claim or defense;

(9) Take action as an official against anyone or anything, or withhold official action, or cause such action or withholding;

(10) Bring about or continue a strike, boycott or other similar collective action to obtain property which is not demanded or received for the benefit of the group which the actor purports to represent; or

(11) Do any other act which would not in itself substantially benefit the actor but which is calculated to harm substantially another person with respect to his or her health, safety, business, calling, career, financial condition, reputation or personal relationships.

Value means:

(1) The market value of the property at the time and place of the criminal act. Whether or not they have been issued or delivered, certain written instruments, not including those having a readily ascertainable market value such as some public and corporate bonds and securities shall be evaluated as follows:

a. The value of an instrument constituting an evidence of debt, such as a check, draft or promissory note, shall be deemed the amount due or collectible thereon or thereby, that figure ordinarily being the face amount of the indebtedness less any portion thereof which has been satisfied.

b. The value of any other instrument that creates, releases, discharges or otherwise affects any valuable legal right, privilege or obligation shall be deemed the greatest amount of economic loss which the owner of the instrument might reasonably suffer by virtue of the loss of the instrument.

(2) When the value of property cannot be ascertained pursuant to the standards set forth in subsection (1) of this definition, its value shall be deemed to be an amount not exceeding $100.00.

(3) Amounts involved in thefts committed pursuant to one scheme or course of conduct, whether from the same person or several persons, may be aggregated in determining the grade of the offense; provided that only one conviction may be had and only one sentence enforced for all thefts included in such aggregate.

(Code 1980, § 11-4-1)

Secs. 11-4-2, 11-4-3. Reserved.

Sec. 11-4-4. Unauthorized use of vehicle.

(a) A person commits the offense of unauthorized use of a vehicle if:

(1) Knowing that he or she does not have the consent of the owner, he or she takes, operates, exercises control over or otherwise uses a propelled vehicle;

(2) Having custody of a propelled vehicle pursuant to an agreement between himself or herself or another and the owner thereof

whereby the actor or another is to perform for compensation a specific service for the owner involving the maintenance, repair or use of the vehicle, he or she intentionally uses or operates it, without the consent of the owner, for his or her own purpose in a manner constituting a gross deviation from the agreed purpose; or

(3) Having custody of a propelled vehicle pursuant to an agreement with the owner thereof whereby it is to be returned to the owner at a specified time, knowingly retains or withholds possession thereof, without the consent of the owner, for so lengthy a period beyond the specified time as to render the retention or possession a gross deviation from the agreement.

(b) It shall be unlawful for any person to commit the offense of unauthorized use of a vehicle.

CHAPTER 5. OFFENSES AGAINST PUBLIC ADMINISTRATION

Sec. 11-5-1. Definitions.

The following definitions apply in this chapter unless the context otherwise requires:

Firefighter means any fire department officer, a member of a volunteer fire department, or any other person vested by law with the duty to extinguish fires.

Government means the state, county, municipality or other political subdivision thereof.

Governmental function means any activity which a public servant is legally authorized to undertake on behalf of a government or the fire control activities of a member of a volunteer fire department.

Governmental record means any record, paper, document or thing belonging to, or received or kept by, the government for information or record, or required by law to be kept by others for information of the government.

Peace officer means any public servant vested by law with a duty to maintain public order or to make arrests for crime, whether that duty extends to all crimes or is limited to specific crimes.

Property means any real or personal property, including books, records and documents.

Public servant means any officer or employee of government, including legislators and judges and any person or agency participating as an adviser, consultant or otherwise in performing a governmental function.
(Code 1980, § 11-5-1)

State law reference—Similar provision, Code of Ala. 1975, § 13A-10-1.

Sec. 11-5-2. Obstructing governmental operations.

(a) A person commits the offense of obstructing governmental operations if, by means of intimidations, physical force or interference or by any other independently unlawful act, he or she:

(1) Intentionally obstructs, impairs or hinders the administration of law or other governmental function; or

(2) Intentionally prevents a public servant from performing a governmental function.

(b) This section does not apply to the obstruction, impairment or hindrance of the making of an arrest.

(c) It shall be unlawful for any person to obstruct governmental operations as defined in this section.
(Code 1980, § 11-5-2)

State law reference—Similar provision, Code of Ala. 1975, § 13A-10-2.

Sec. 11-5-3. Resisting person summoned to assist officer.

It shall be unlawful for a person to assault, beat or resist a person acting in obedience to the lawful summons or command of any officer of the city and having knowledge of such command or summons.
(Code 1980, § 11-5-3)

Sec. 11-5-4. Resisting arrest.

(a) A person commits the offense of resisting arrest if he or she intentionally prevents or attempts to prevent a peace officer from effecting a lawful arrest of himself or herself or of another person.

(b) It shall be unlawful for any person to resist arrest as defined by this section.
(Code 1980, § 11-5-4)

State law reference—Similar provision, Code of Ala. 1975, § 13A-10-41.

Sec. 11-5-5. Giving false information or report to law enforcement officer or governmental agency.

(a) The term "governmental agency," as used in this section, means any officer, agent, servant or employee of the state, county or city.

(b) It shall be unlawful for any person intentionally to give in writing, orally or by any means of communication, any false information or false report calculated to cause a law enforcement or governmental agency to respond thereto, or to do or perform some act or to render some service.

(c) It shall be unlawful for any person to falsely report by any means an alarm of fire or make any other false report of emergency which causes an emergency unit or any governmental agency to respond thereto, or to do or perform some act or to render any service or take any action.
(Code 1980, § 11-5-5)

State law reference—Similar provisions, Code of Ala. 1975, §§ 13A-10-8, 13A-10-109.

Sec. 11-5-6. Refusing to aid peace officer.

(a) A person commits the offense of refusing to aid a peace officer if, upon command by a peace officer identified to him or her as such, he or she fails or refuses to aid such peace officer in:

(1) Effecting or securing a lawful arrest; or

(2) Preventing the commission by another person of any offense.

(b) A person is not liable under this section if the failure or refusal to aid the officer was reasonable under the circumstances. The burden of injecting this issue is on the defendant, but this does not shift the burden of proof.

(c) It shall be unlawful for any person to refuse to aid a peace officer as defined by this section.
(Code 1980, § 11-5-6)

State law reference—Similar provision, Code of Ala. 1975, § 13A-10-5.

Sec. 11-5-7. Obedience to police.

It shall be unlawful for any person to refuse or fail to comply with any lawful order, signal or direction of a police officer.
(Code 1980, § 11-5-7)

Sec. 11-5-8. False arrest and defaulting prosecuting witness.

(a) No person shall cause or procure the arrest of another on any frivolous or malicious charge.

(b) No person having sworn out a warrant against another on a charge and having been duly served with a subpoena for such, shall fail to appear in court for the trial of said charge.
(Code 1980, § 11-5-8)

Sec. 11-5-9. Concealing identity.

(a) No person charged with an offense shall give any false name or other false information calculated to conceal his or her true identity.

(b) No person having an outstanding warrant for his or her arrest shall give any false name or other false information to any law enforcement official calculated to conceal his or her true identity.
(Code 1980, § 11-5-9)

Sec. 11-5-10. Hindering prosecution or apprehension of escapee.

(a) A person commits the crime of hindering prosecution if, with the intent to hinder the apprehension, prosecution, conviction, or punishment of another he or she renders criminal assistance to such person.

(b) A person commits the crime of hindering the apprehension of an escapee if, with intent to hinder the apprehension of a person known to have escaped from a detention facility, he or she renders criminal assistance to such person.

(c) It shall be unlawful for any person to commit the crime of hindering prosecution or hindering the apprehension of an escapee.
(Code 1980, § 11-5-10)

State law reference—Similar provisions, Code of Ala. 1975, § 13A-10-42 et seq.

Sec. 11-5-11. Impersonating public servant.

(a) A person commits the offense of impersonating a public servant if he or she falsely pretends to be a public servant and does any act in that capacity.

(b) It is no defense to a prosecution under this section that the office the actor pretended to hold did not in fact exist.

(c) Impersonating a public servant shall be unlawful.
(Code 1980, § 11-5-11)

State law reference—Similar provision, Code of Ala. 1975, § 13A-10-10.

Sec. 11-5-12. Compounding.

(a) A person commits the offense of compounding if he or she gives or offers to give, or accepts or agrees to accept, any pecuniary benefit or other thing of value in consideration for:

(1) Refraining from seeking prosecution of a crime; or

(2) Refraining from reporting to law enforcement authorities the commission or suspected commission of any crime or information relating to the crime.

(b) It is a defense to a prosecution under this section that the pecuniary benefit did not exceed an amount which the actor reasonably believed to be due as restitution or indemnification for harm caused by the offense. The burden of injecting this defense is on the defendant.

(c) It shall be unlawful for any person to commit the offense of compounding as defined by this section.
(Code 1980, § 11-5-12)

State law reference—Similar provision, Code of Ala. 1975, § 13A-10-7.

CHAPTER 6. OFFENSES AGAINST PUBLIC ORDER AND SAFETY

ARTICLE A. GENERAL PROVISIONS

Sec. 11-6-1. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Obstruct means to render impassable or to render passage unreasonably inconvenient or hazardous. A gathering of persons to hear a person speak or otherwise communicate does not constitute an obstruction.

Public place means a place to which the public or a substantial group of persons has access, and includes but is not limited to highways, transportation facilities, schools, places of amusement, parks, playgrounds and hallways, lobbies and other portions of apartment houses not constituting rooms or apartments designed for actual residence; provided that no private dwelling and no place engaged for a private gathering is included within the meaning of public place with respect to any person specifically invited therein.

Transportation facility means any conveyance, premises or place used for or in connection with public passenger transportation, whether by air, railroad, motor vehicle or any other method. It includes aircraft, watercraft, railroad cars, buses and air, boat, railroad and bus terminals and stations and all appurtenances thereto.
(Code 1980, § 11-6-1)

State law reference—Similar provision, Code of Ala. 1975, § 13A-11-1.

Secs. 11-6-2—11-6-4. Reserved.

Sec. 11-6-5. Failure of disorderly persons to disperse.

(a) A person commits the offense of failure of a disorderly person to disperse if he or she participates with five or more other persons in a course of disorderly conduct likely to cause substantial harm or serious inconvenience, annoyance or alarm, and intentionally refuses or fails to disperse when ordered to do so by a peace officer or other public servant lawfully engaged in executing or enforcing the law.

(b) It shall be unlawful for any person to commit the offense of failure of a disorderly person to disperse as defined by this section.
(Code 1980, § 11-6-5)

State law reference—Similar provision, Code of Ala. 1975, § 13A-11-6.

Sec. 11-6-6. Reserved.

Sec. 11-6-7. Authority to prohibit persons near jails, etc.; trespass.

(a) The chief of police may when deemed advisable prescribe a reasonable distance surrounding any jail or other place where prisoners are held wherein entry into such space may be prohibited.

(b) It shall be unlawful for any person to enter such prescribed place without the permission of the officer in charge of such jail or place or to refuse to leave after being warned to do so by a law enforcement official.
(Code 1980, § 11-6-7)

Sec. 11-6-8. Reserved.

Sec. 11-6-9. Affray.

(a) It shall be unlawful for two or more persons to engage in any fight or use any blows or violence towards each other in any public place to the disturbance of others.

(b) On the trial of any person for engaging in an affray, he or she may give in evidence any opprobrious word or abusive language used by the other participant or participants in such affray at or near the time of the affray and that evidence shall be in extenuation or justification as the municipal judge may determine.
(Code 1980, § 11-6-9)

Secs. 11-6-10—11-6-12. Reserved.

Sec. 11-6-13. Disrupting, injuring places of business.

It shall be unlawful for any person who goes upon the premises of a place of business of another to wantonly, willfully or maliciously do any act, diversion or harassment so as to disrupt or injure the business of such place of business.
(Code 1980, § 11-6-13)

Sec. 11-6-14. Loitering.

(a) A person commits the crime of loitering if he or she:

(1) Loiters, remains or wanders about in a public place for the purpose of begging;

(2) Loiters or remains in a public place for the purpose of gambling;

(3) Loiters or remains in a public place for the purpose of engaging or soliciting another person to engage in prostitution or deviate sexual intercourse; or

(4) Loiters or remains in any transportation facility, unless specifically authorized to do so, for the purpose of soliciting or engaging in any business, trade or commercial transactions involving the sale of merchandise or services.

(b) It shall be unlawful to commit the offense of loitering.
(Code 1980, § 11-6-14)

State law reference—Similar provision, Code of Ala. 1975, § 13A-11-9.

Sec. 11-6-15. Reserved.

Sec. 11-6-16. False rumors; banking institutions.

(a) It shall be unlawful for any person to make, repeat, publish or circulate any oral, written or printed statement, suggestion or rumor, directly or indirectly or by innuendo, imputing insolvency

or unsound financial condition to any building and loan association, bank, banking institution or trust company, doing a banking business in the city; provided that any person charged with such offense may plead and prove in defense thereof that such statement, suggestion or rumor was true, or that the same as to such person was privileged and not made, repeated, published or circulated maliciously or recklessly.

(b) It shall be unlawful for any person to make, repeat, publish or circulate any statement, suggestion or rumor, oral or written or printed, calculated or likely to start what is commonly called a "run" on any building or loan association, bank, banking institution or trust company doing a banking business in the city.
(Code 1980, § 11-6-16)

Secs. 11-6-17—11-6-19. Reserved.

Sec. 11-6-20. City's curfew hours; enforcement and penalties for violation.

(a) *Definitions.* For the purpose of this section, the following terms, phrases, words and their derivations shall have the following meanings:

Accompanied means to go along with or be associated with under individualized supervision.

Serious bodily injury means bodily injury that creates a substantial risk of death, serious permanent disfigurement, or protracted loss or impairment of the function of any bodily member or organ.

Supervised by an adult means that adult persons are present at the activity and the adult persons take full responsibility for the minor.

Time of night means the prevailing standard of time, whether Central Standard Time or Central Daylight Saving Time, generally observed at that

hour by the public in the city; prima facie the time then observed in the city's administrative offices and police department.

Years of age continues from one birthday to, but not including the day of, the next birthday.

(b) *Offenses.*

(1) It shall be unlawful for a minor to remain in a public place or in or upon the premises of an establishment:

a. During city school system scheduled school hours;

b. From 9:00 p.m. on any Sunday, Monday, Tuesday, Wednesday or Thursday until 6:00 a.m. of the following day;

c. From 11:00 p.m. on any Friday, Saturday or the official city holiday as declared by the mayor until 6:00 a.m. of the following day.

(2) It shall be unlawful for a parent or custodian knowingly to permit or negligently by insufficient control to allow a minor under the parent's or custodian's care or custody to violate this section.

(3) It shall be unlawful for an operator or establishment or an operator's or establishment's agents or employees to knowingly permit a minor to remain in or upon the premises over which the operator has supervision, custody or control, in violation of this section.

(4) An operator or establishment within the city limits or police jurisdiction of the city shall conspicuously post and maintain on the business premises a current copy of the city curfew hours. Failure to comply with this requirement to conspicuously post notice of the curfew shall constitute a violation of this section.

(5) The provisions of this section shall apply to minors who are suspended or expelled from school, unless they are emancipated under state law.

(6) A separate offense shall be deemed committed for each violation of this section.

(c) *Defense to a prosecution.*

(1) It shall be a defense to a prosecution for a violation of this section if a minor is:

a. Accompanied by his or her parent or custodian;

b. On a reasonable errand as directed by his or her parent or custodian;

c. In a motor vehicle involved in interstate travel;

d. Engaged in a lawful employment activity pursuant to his or her parent's or custodian's direction, or going to or returning home from such employment activity by a direct route without any unnecessary detour or stop and within one hour of the termination of the employment activity;

e. Involved in an emergency;

f. On the sidewalk, right-of-way or property where he or she resides, or on private property on either side of or across the street from the place where the minor resides and the adult owner or resident of that property has given permission for him or her to be there;

g. Attending and going to and from school, an official school, religious, or other recreational activity supervised by adults or sponsored by the city or another public body, a civic organization, or other similar entity that takes responsibility for him or her, or going to or returning home from such an activity, by a direct route without any unnecessary detour or stop and within one hour of the termination of the activity sponsored by the city, other public body or civic organization or similar entity;

h. Exercising any First Amendment rights protected by the United States or state constitution, such as free exercise of religion, freedom of speech, and the right of assembly;

i. Emancipated under state law;

j. Attending a bona fide work-study program, or going to or returning home from such a program by a direct route without any unnecessary detour or stop and within one hour of the beginning or termination of the work-study program;

(2) It shall be a defense to a prosecution for a violation of this section if an operator or an establishment's agents or employees promptly notified a law enforcement agency that a minor was present in or upon the premises of an establishment in violation of this section and refused to leave.

(d) *Penalties.*

(1) Before taking any enforcement action under this section, a police officer shall ask the apparent offender's age and reason for being in the public place. The officer shall not issue a citation or make an arrest under this section unless the officer reasonably believes that an offense has occurred and that, based on any response and other circumstances, no defense in subsection (c) of this section is present. When a police officer or other law enforcement officer observes or has probable cause to believe that a violation of this section has been committed he or she shall detain the juvenile to be released only to the parent or custodian. When more than one child under the control of the same parent or custodian is found in violation of the provisions of this section in the same act or incident, that parent or custodian shall be issued one citation.

(2) Upon receiving a citation for an initial violation of this section within any 12-month period, a violator shall be required to appear in court and, upon conviction, shall be punished by a fine of $500.00.

(3) Upon receiving a citation for a second violation of this section within any 12-month period of receiving an initial citation, the violator shall be required to appear in court and, upon conviction, shall be punished by a fine of $500.00.

(4) Upon receiving a citation for a third or subsequent violation of this section within any 12-month period of receiving an initial citation, the violator shall be required to appear in court and, upon conviction, shall be punished by a fine of $500.00. A parent or custodian who has received a citation for a third or subsequent violation of this section within any 12-month period of receiving an initial citation shall be punished, upon conviction, by a fine of $500.00 and/or by imprisonment in the city jail, workhouse, or house of correction or at hard labor upon the streets and public works for not exceeding six months. The court may suspend or probate the sentence upon a conviction.

(5) As part of or in lieu of any penalty that may be imposed, a violator may be required by the court to obtain counseling or attend classes or programs to improve parenting and child-raising skills.

(6) The provisions of this section shall be enforced equally without regard to race, ethnicity or sex.

(e) *Enforcement statistics.*

(1) The police department shall inform the council as to the following:

a. The number of curfew violations;

b. Other arrests from said curfew violations;

c. The locations of said curfew violations;

d. The race of student and parent/guardian cited for curfew violations.

(2) Six months after the effective date of the ordinance from which this section is derived, and every six months thereafter, the municipal court shall report to the council the number and disposition of curfew violations.

(3) Curfew violations associated with gang activity shall be reported separately.

(Code 1980, § 11-6-20; Ord. No. 96-10, § 1, 1-9-1996; Ord. No. 96-57, § 1, 2-27-1996; Ord. No. 08-190, § 1, 8-19-2008)

Sec. 11-6-21. Visiting illegal drug house.

(a) For the purpose of this section, the term "illegal drug house" means any property, including premises, wherein controlled substances, as defined by the 1991 Alabama Uniform Controlled Substances Act codified in chapter 2 of title 20 of the Code of Alabama 1975, as amended, and any schedule incorporated thereafter, are unlawfully possessed, used, brought, sold, delivered, stored or distributed.

(b) It shall be unlawful for any person to visit or resort to an illegal drug house with the intent to unlawfully possess, use, buy, sell, deliver, store or distribute controlled substances.

(c) Among the circumstances which may be considered in determining whether such intent is manifested are:

(1) Such person having been convicted of possessing, selling, or distributing a controlled substance, within the last two years, under the state law, the fact of such conviction being known to the arresting officer at the time of such arrest;

(2) Such person was then engaged in an unlawful drug-related activity, including but not limited to acting as a lookout, furtively transferring small objects or packages, attempting to conceal a controlled substance, taking flight or manifestly attempting to conceal their person upon the entrance or arrival of a law enforcement officer;

(3) Such person is in possession of drug paraphernalia, as defined in Code of Ala. 1975, § 13A-12-260, as amended;

(4) Controlled substances are found in close proximity to such individual.

(d) Any combination of these circumstances shall establish prima facie evidence of such unlawful intent, but in no event shall any person be convicted of violating this section for visiting such person's own residence unless a court of competent jurisdiction previously declared the residence a drug-related public nuisance due to unlawful drug activity and such judicial finding had not been set aside or declared remedied prior to said visits.

State law reference—Similar provision, Code of Ala. 1975, § 13A-11-52.

Sec. 11-6-34. Sword canes.

No person shall carry a sword cane.
(Code 1980, § 11-6-34)

Sec. 11-6-35. Trap guns, etc.

No person shall set or place any loaded trap gun, spring gun, automatic gun or any similar device where the same may shoot or injure any person approaching or coming in proximity with the same. It shall be unlawful for any person to cause, allow or permit any such gun or device to be placed upon premises under his or her control.
(Code 1980, § 11-6-35)

Sec. 11-6-36. Permit for firing cannon.

No cannon shall be discharged within the city without a permit from the city council, designating the place where the same shall be fired.
(Code 1980, § 11-6-36)

Sec. 11-6-37. Unlawfully selling, possessing, etc., fireworks.

(a) The following words, terms and phrases, when used in this section, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:

Fireworks.

(1) The term "fireworks" includes any explosive composition or any substance or combination of substances, or article prepared for the purpose of producing an audible or visible effect by explosion, deflagration or detonation, and includes, but is not limited to, blank cartridges and toy cannons in which explosives are used, the type of flare balloons which require fire underneath to propel the flare balloons, firecrackers, sparklers (except as exempted herein), torpedoes, sky rockets, Roman candles, bombs or other fireworks containing any explosive compound, or any tables or other devices containing any explosive substance.

(2) The term "fireworks" does not include:

a. Flares of the type used by railroads or any warning lights commonly known as red flares or marine distress signals of a type approved by the United States Coast Guard;

b. Pistols containing 0.025 grains or less of explosive compound, toy pistols, toy canes, toy guns or other devices in which paper caps containing 0.025 grains or less of explosive compound are used, provided the devices are so constructed that the hand cannot come in contact with the cap when in place for the explosion; or

c. Sparklers and dipped sticks, when the total pyrotechnic composition does not exceed 100 grains each in weight and when the pyrotechnic composition containing any chlorate or perchlorate does not exceed five grams.

(b) Any person who sells, offers for sale, keeps or has in possession, barters, exchanges or gives away, furnishes at a public place or elsewhere, or otherwise disposes of, uses or explodes any fireworks commits the crime of unlawfully dealing in fireworks.
(Code 1980, § 11-6-37)

State law reference—Regulation of fireworks, Code of Ala. 1975, § 8-17-210 et seq.

Sec. 11-6-38. Presenting, discharging firearms, etc.

(a) No person shall present at another person any gun, pistol or other firearm, whether loaded or unloaded.

(b) No person shall fire any gun, pistol or other firearm within the city, except in self defense; provided that this section shall not prohibit the firing or discharge of any shotgun or scatter gun designed for short range firing, when fired or discharged more than 600 feet from any roadway, school, park, church, building, dwelling house, outbuilding or animal shelter.

(c) This section shall not apply to any person defined as exempt as provided in section 11-6-31; nor shall this section apply to any person, firm or corporation lawfully engaged in the private security services or business in the usual or ordinary performance of their business.
(Code 1980, § 11-6-38; Ord. No. 80-263, 11-18-1980)

Sec. 11-6-39. Shooting toy weapons.

No person shall project or cause to be projected any gravel, marbles, shot or other missile by means of any Flobert rifle, air gun, slingshot, gravel shooter, blowgun, rubber sling or implement or device of like character; however, such projection shall not be unlawful if conducted as a part of a safety education program entirely within the Birmingham-Jefferson Civic Center with the permission of the civic center authority.
(Code 1980, § 11-6-39; Ord. No. 85-104, 5-21-1985)

Sec. 11-6-40. Committing crime of violence while armed.

No person shall commit or attempt to commit a crime of violence when armed with a pistol. In the trial of a person for committing or attempting to commit a crime of violence, the fact that he or she was armed with a pistol and had no license to carry the same shall be prima facie evidence of his or her intention to commit such crime of violence.

CHAPTER 7. OFFENSES AGAINST PUBLIC HEALTH AND MORALS

ARTICLE A. GAMBLING

Sec. 11-7-1. Definitions.

The following words and phrases when used in this article shall, for the purpose of this article, have meanings respectively ascribed to them in this section, except when the context otherwise requires:

Bookmaking means unlawfully accepting bets from members of the public as a business, rather than in a casual or personal fashion, upon the outcome of future contingent events.

Contest of chance means any contest, game, gaming scheme or gaming device in which the outcome depends in a material degree upon an element of chance, notwithstanding that skill of the contestants may also be a factor therein.

Lottery or *policy* means an unlawful gambling scheme in which:

(1) The players pay or agree to pay something of value for chances, represented and differentiated by numbers or by combinations of numbers or by some other medium, one or more of which chances are to be designated as the winning ones;

(2) The winning chances are to be determined by a drawing or by some other fortuitous method; and

(3) The holders of the winning chances are to receive something of value.

Parimutuel, mutuel or numbers game means a form of lottery in which the winning chances or plays are not determined upon the basis of a drawing or other act on the part of persons conducting or connected with the scheme, but upon the basis of the outcome of a future contingent event or events otherwise unrelated to the particular scheme.

Person means any natural person, firm, partnership, association or corporation.

Slot machine means a gambling device that, as a result of the insertion of a coin or other object, operates, either completely automatically or with the aid of some physical act by the player, in such a manner that depending upon elements of chance it may eject something of value or the amount, value or measure of the thing ejected depends upon chance. A device so construed or readily adaptable or convertible to such use is no less a slot machine because it is not in working order or because some mechanical act of manipulation or

repair is required to accomplish its adaptation, conversion or workability. Nor is it any less a slot machine because apart from its use or adaptability as such it may also sell or deliver something of value on a basis other than chance.
(Code 1980, § 11-7-1)

State law reference—Similar provision, Code of Ala. 1975, § 13A-12-20.

Sec. 11-7-2. Gaming prohibited.

No person shall play at any game of chance or hazard for money or other valuable thing or in any way aid, abet, countenance or encourage such game.
(Code 1980, § 11-7-2)

State law reference—Similar provision, Code of Ala. 1975, § 13A-12-21.

Sec. 11-7-3. Operation, sale, etc., of devices of chance.

(a) No person shall be engaged in, interested in or concerned with the setting up, carrying on or operating of any wheel of fortune, device of chance, slot machine, scheme of raffling, lottery, gift enterprise, or any device of like kind.

(b) No person shall sell or take an order for any ticket, chance or interest in any of the above described devices or schemes of raffling, lottery, gift enterprises or like devices.

(c) No person shall act for or represent any other person in selling or disposing of any such ticket, chance, interest or order.
(Code 1980, § 11-7-3)

State law reference—Similar provision, Code of Ala. 1975, § 13A-12-22.

Sec. 11-7-4. Renting premises to be used for gaming.

No person, being the owner, proprietor or manager of any building, house, room, booth or tent shall rent, lease or knowingly permit the same to be used for gaming purposes or for the exhibition of any gaming table.

State law reference—Similar provisions, Code of Ala. 1975, §§ 13A-12-21, 13A-12-22.

Sec. 11-7-5. Keeping gambling house or gambling paraphernalia.

(a) No person shall keep, exhibit or conduct a house for gaming.

(b) No person shall keep or have in his or her possession any table, cloth, box, implement or other device for the purpose of gaming or which may only be used for the purpose of gaming or keep, exhibit or conduct any faro bank or bank of like kind.
(Code 1980, § 11-7-5)

State law reference—Similar provisions, Code of Ala. 1975, §§ 13A-12-21, 13A-12-22.

Sec. 11-7-6. Operation of tables without license.

No person in charge or control of any room in which tables are located shall yield the use of such room or tables to another for a consideration for the purpose of the playing of any game, whether of cards, dice or otherwise, unless he or she shall have a license for such a business issued by the director of finance; provided that nothing in this section or in any license issued by the director of finance shall be construed to authorize a violation of any other section of this Code.
(Code 1980, § 11-7-6)

State law reference—Similar provision, Code of Ala. 1975, § 13A-12-22.

Sec. 11-7-7. Permitting gambling in public place.

No person, being the owner or lessee or having the custody or control of any tavern, inn or other public place, house or any building where people resort, shall permit or suffer the playing of any game of chance or hazard for money or other valuable thing.
(Code 1980, § 11-7-7)

State law reference—Similar provision, Code of Ala. 1975, § 13A-12-22.

Sec. 11-7-8. Visiting barricaded premises containing gambling devices.

It shall be unlawful for any person in the city to visit or resort to any barred or barricaded house or room, or other place built or protected, or equipped in the manner described in Code of Ala.

1975, § 13A-12-52, as amended, where any cards, dice, roulette wheel or any gambling implements whatsoever are exhibited or exposed to view when two or more persons are present.

State law reference—Prohibition against exhibiting gambling devices in barred house or where speaking tubes or electric signals are used, Code of Ala. 1975, § 13A-12-52.

Sec. 11-7-9. Authority of police to raid gambling house.

Whenever affidavit is made before a municipal judge by any person that he or she has good cause to believe, and does believe, that any house, building or part thereof, particularly designating the same, is being kept for the purpose of carrying on gambling, any police officer is authorized, and it shall be his or her duty, to break into and enter such house or part thereof upon the refusal of the owner or occupant thereof to open the same, and to seize all gambling equipment and paraphernalia and arrest all persons found therein.
(Code 1980, § 11-7-9)

State law reference—Similar provision, Code of Ala. 1975, § 13A-12-52.

Sec. 11-7-10. Visiting illegal gambling house.

It shall be unlawful for any person to visit or resort or be present in any gambling house, or any building or part thereof kept for the purpose of carrying on gambling therein.
(Code 1980, § 11-7-10)

Sec. 11-7-11. Destruction and forfeiture of gambling devices.

Every table, slot machine, cloth, paper, box, machine or other device used for the purpose of gaming or conducting a lottery in the city, or which can only be practically used for the purpose of gaming or conducting a lottery, is hereby declared to be a public nuisance and forfeited to the city, and may be seized, abated and summarily destroyed by any police officer. It shall be the duty of the chief of police and of every police officer to seize, remove and forthwith destroy the same when found in the possession, custody or control of any person in violation of any city or state law. Any physical money found by any police officer in the possession, custody or control of any person in the city and identifiable as consideration, means, instrument or medium in the conduct or process of gaming or lottery shall be forfeited to the city, and shall be seized by such police officer and delivered by him or her to the custodian of property, who, immediately after need thereof as evidence has ceased, shall deliver the same to the director of finance for the city treasury.

State law reference—Similar provision, Code of Ala. 1975, § 13A-12-30.

Sec. 11-7-12. Betting with minors.

(a) No person, being of full age shall bet or hazard anything of value with a minor.

(b) No person interested or concerned in any gaming table kept on exhibition shall allow any minor to bet or hazard anything of value at such table.
(Code 1980, § 11-7-12)

State law reference—Similar provisions, Code of Ala. 1975, §§ 13A-12-21, 13A-12-22.

Sec. 11-7-13. Betting at pool table or tenpin alley.

No person shall bet or hazard any money or anything of value, except the charge for use of the table or alley, at billiards, tenpins or any other table or alley for which a license is required by this Code or other ordinances of the city.
(Code 1980, § 11-7-13)

State law reference—Similar provision, Code of Ala. 1975, § 13A-12-21.

Sec. 11-7-14. Selling or buying pools, making or taking wagers upon sports or other contests or races, bookmaking.

(a) No person shall, either as principal or agent, sell or buy any pool ticket, chance or other device or make or take any wager, engage in any bookmaking activity or enter into any transaction whereby money or other valuable thing may be won or lost upon any professional or amateur sport or athletic game or upon any dog or horse race or what purports to be a dog or horse race or any other contest either within or without the state.

(b) No person shall act as agent for any other person taking or receiving money or other thing for or in procuring or placing for such other person any pool, ticket, chance, wager or other device, or do anything to aid any other person in entering into any transaction whereby he or she may win or lose money or other thing of value upon any professional or amateur sport or athletic game or upon any dog or horse race of what purports to be a dog or horse race or any other contest either within or without the state.

(Code 1980, § 11-7-14)

State law reference—Similar provisions, Code of Ala. 1975, §§ 13A-12-21, 13A-12-22.

Sec. 11-7-15. Possession of lottery tickets, policy slips, etc.

(a) No person shall possess any ticket, writing, paper, slip, document, memorandum, list, article, matter or thing of any nature or kind whatsoever, which is customarily or usually used in the operation of a lottery, policy game, bookmaking, pool selling or game of chance of any sort or kind or which is of a kind which is customarily used in the operation of lottery, policy game, bookmaking, pool selling or game of chance of any sort or kind and not customarily or usually used in the operation of a legitimate business or activity.

(b) To constitute the offense created by this section, it shall not be necessary that the ticket, writing, paper, slip, document, memorandum, list, article, matter or thing be actually used, in use or intended for use in the operation of bookmaking, pool selling, lottery, policy game or game of chance of any sort or kind and it shall not be a defense to violation of this section that the ticket, writing, paper, slip, document, memorandum, list, article, matter or thing has not actually been used, is not in use nor intended to be used in the operation or in connection with the operation of bookmaking, pool selling, lottery, policy game or game of chance of any sort or kind.

(c) This section shall not apply to possession by law enforcement officials, court officials or any person connected with the prosecution or investigation of a violation of this article or state or federal law on this subject.

(d) Expert testimony shall be admissible to show that the ticket, writing, paper, slip, document, memorandum, list, article, matter or thing was customarily and usually used in the operation of bookmaking or pool selling and expert testimony shall also be admissible to show the contrary.

ARTICLE C. OBSCENITY AND RELATED OFFENSES*

Division 1. Generally

Sec. 11-7-61. Definitions.

For the purposes of this article, the following words and phrases shall have the meanings respectively ascribed to them by this section:

Distribute means to transfer possession of, whether with or without consideration.

*__State law references—__*Prohibitions against obscenity and related offenses, Code of Ala. 1975, § 13A-12-130 et seq.; local obscenity ordinances not preempted, Code of Ala. 1975, § 13A-12-200.9.

Knowingly means having actual or constructive knowledge of the character and content of the subject matter. A person has constructive knowledge if a reasonable inspection under the circumstances would disclose the nature of the subject matter and the failure to inspect is for the purpose of avoiding such disclosure.

Nudity means the showing of the human male or female genitals, pubic area or buttocks with less than a fully opaque covering or the showing of the female breast with less than a fully opaque covering of any portion thereof below the top of the nipple or the depiction of covered male genitals in a discernibly turgid state.

Obscene means to the average person, applying contemporary community standards, the work or matter, taken as a whole, appeals to the prurient interest, the work or matter depicts or describes, in a patently offensive way, sexual conduct; and the work or matter, taken as a whole, lacks serious literary, artistic, political or scientific value.

Obscene motion picture means a motion picture which the average person, applying contemporary community standards, would find or regard, when taken as a whole, appeals to the prurient interest, depicts or describes sexual conduct in a patently offensive way and, taken as a whole, lacks serious literary, artistic, political or scientific value.

Performance means an exhibition by a living person, assemblage of living persons or group, presented for the entertainment, amusement, education or instruction of others, including but not limited to a play, concert, musical revue, comedy, extravaganza, vaudeville, ballet, burlesque, carnival skits or acts, circus, minstrel show, street show, sideshow, floor show, night club show or act, or other show, pageant or exhibition, wherever presented or exhibited in the city.

Prurient interest means sexual longing, shameful or lewd interest in sex, aroused sexual interest or desire or lascivious or lustful thoughts or desires.

Sadomasochistic abuse means flagellation or torture by or upon a person undressed or clad in undergarments, a mask or bizarre costume or the condition of being fettered, bound or otherwise physically restrained on the part of one undressed or so clothed.

Sexual conduct means any act of masturbation, excretory functions, homosexuality, sadomasochistic abuse, nudity, sexual intercourse or physical contact with a person's clothed or unclothed genitals, pubic area, buttocks or, if such a person is a female, breast, whether or not any such conduct is actual or simulated and any lewd exhibition of the genitals.

Work or *matter* means any book, magazine, newspaper or other printed or written material, performance or any picture, drawing, photograph, motion picture or other pictorial representation or any statue or figure or any recording transcription or mechanical, chemical or electrical reproduction or any other articles, equipment, machines or materials.

Sec. 11-7-63. Indecent proposal.

No person shall, verbally, in writing or otherwise, make a proposal in public to another that such other person engage in an unlawful sexual, or lewd, or licentious act or acts, or intentionally touch the person of another in furtherance of any such proposal.
(Code 1980, § 11-7-63)

Sec. 11-7-64. Nude pictures.

It shall be unlawful for any person to display nude pictures of any man, woman or girl in any public place, except bona fide art galleries.
(Code 1980, § 11-7-64)

State law reference—Similar provision, Code of Ala. 1975, § 13A-12-200.3.

Sec. 11-7-65. Indecent pictures, writings, etc.

No person shall exhibit any lewd, obscene or indecent picture or drawing, or write, draw, paint or exhibit any lewd, obscene or indecent writing, word or sentence in any place open to public view.
(Code 1980, § 11-7-65)

State law reference—Similar provision, Code of Ala. 1975, § 13A-12-200.3.

Sec. 11-7-66. Exemptions.

The possession or exhibition forbidden by this article shall not apply to a possession or exhibition by a police officer, sheriff, deputy sheriff or other peace officer or any person under their supervision and control, or any judge, jury or attaché of a court, or any attorney, or any member of a legislative body, municipal, state or federal, when such possession or exhibition thereof is connected with the prosecution or investigation of a violation or possible violation of this article or other law or the consideration of legislation or proposed legislation designed to eliminate or reduce obscenity in any form nor to any possession or exhibition by any person where such possession or exhibition is for a bona fide scientific or educational purpose.
(Code 1980, § 11-7-66)

Sec. 11-7-67. Article cumulative.

This article is cumulative, and no remedy or procedure available under any section or provision of this division shall in any way restrict, limit or repeal any other remedy, authority or procedure now or hereafter available to any municipal judge or magistrate.

ARTICLE D. MODEL GLUE

Sec. 11-7-101. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Model glue means any glue or cement of the type commonly used in the building of model airplanes, boats and automobiles, containing toluene, acetone or other solvent or chemical having the property of releasing toxic vapors.
(Code 1964, § 36-37.1; Code 1980, § 11-7-101)

Sec. 11-7-102. Smelling or inhaling prohibited.

It shall be unlawful for any person to intentionally smell or inhale the fumes of any type of model glue or to induce any other person to do so, for the purpose of causing a condition of, or inducing symptoms of, intoxication, elation, euphoria, dizziness, excitement, irrational behavior, exhilaration, paralysis, stupefaction or dulling of the senses or nervous system, or for the purpose of, in any manner, changing, distorting or disturbing the audio, visual or mental processes; provided, however, that this section shall not apply to the inhalation of any anesthesia for medical or dental purposes.
(Code 1964, § 36-37.2; Code 1980, § 11-7-102)

Sec. 11-7-103. Possession for certain purposes prohibited.

It shall be unlawful for any person to intentionally possess any type of model glue for the purpose of using the same in the manner prohibited by section 11-7-102.
(Code 1964, § 36-37.3; Code 1980, § 11-7-103)

Sec. 11-7-104. Buying, selling, etc., for certain purposes prohibited.

It shall be unlawful for any person to intentionally possess, buy, sell or otherwise transfer any type of model glue for the purpose of inducing or aiding any other person to violate the provisions of sections 11-7-102 and 11-7-103.
(Code 1964, § 36-37.4; Code 1980, § 11-7-104)

Sec. 11-7-105. Sale or transfer to minors prohibited.

(a) It shall be unlawful for any person to sell or otherwise transfer possession of any type of model glue to any minor under the age of 19 years, for any purpose whatsoever, unless prior to the sale or transfer a parent or guardian shall have first given his or her written consent to such sale or transfer and such written consent shall have been signed by the parent or guardian in the presence of the person making the sale or transfer. Such written consent may be kept and maintained by the person making the sale or transfer and shall be deemed to be valid consent as required by this section for any subsequent sales or transfers to such minor for a period of six months after the giving of such written consent; provided, such written consent shall express the intent be valid for such period of time.

(b) It shall be unlawful to furnish or present such written consent which purports to be signed by a parent or guardian, which consent, or the signature signed thereto, is false in any respect.
(Code 1964, § 36-37.5; Code 1980, § 11-7-105)

Sec. 11-7-106. Sale to persons not bona fide dealers prohibited.

It shall be unlawful for any wholesaler of merchandise to sell or transfer any quantity of model glue to any person whatsoever, who is not, or does not, represent a recognized bona fide retail dealer in merchandise customarily handling such product in the ordinary course of its business at a fixed location. If any such prohibited sale is made by any wholesaler, it shall constitute prima facie evidence of an intent to violate the provisions of sections 11-7-102 and 11-7-103.
(Code 1964, § 36-37.6; Code 1980, § 11-7-106)

Sec. 11-7-107. Sales by persons not bona fide dealers prohibited.

(a) It shall be unlawful for any person, firm or corporation to engage in the retail sale of model glue unless that person, firm or corporation is a recognized bona fide retail dealer (at a fixed location) in merchandise, customarily handling such product in the ordinary course of its business.

(b) It shall be unlawful for any bona fide recognized retail dealer, as defined in subsection (a) of this section, to sell more than one tube, or other minimum sized container of model glue to any one customer within any 24-hour period; provided that the provisions of this subsection do not apply to the sale of model glue together with a hobby or model kit, and further the provisions of this subsection do not apply to the sale or transfer between a retail dealer or wholesaler and a bona fide user of such glue for industrial purposes.
(Code 1964, § 36-37.7; Code 1980, § 11-7-107)

CHAPTER 8. NUISANCES*

ARTICLE A. GENERAL PROVISIONS

Sec. 11-8-1. Prohibited generally.

No person shall cause, create or being the owner or agent in control permit any nuisance or the existence of anything likely to be prejudicial to the health or comfort of or likely to be offensive to the senses of ordinary citizens on or about any lot, street, public way, place or premises.
(Code 1980, § 11-8-1)

Sec. 11-8-2. Vacant buildings.

It shall be the duty of the owner or person in charge or control of a vacant building, house or other structure:

(1) To keep all openings into it securely closed in such manner as to exclude animals, fowl and the trespass of human beings therein; and

(2) To maintain it in a sanitary condition.
(Code 1980, § 11-8-2)

Sec. 11-8-3. Exhaust and circulating fans.

It shall be unlawful and a nuisance for any person in charge or control of any exhaust or circulating fan, in any building other than a residence, to operate or permit or allow the operation of such fan unless the blades thereof are effectively shielded from danger of contact with human beings, either by substantial metal screening with meshes not more than one-half-inch square or by the location of such blades at least eight feet above the surface of the nearest floor, or by the location of such fan in a room or compartment whereby all persons are effectively excluded except those charged with the duty of operating or maintaining such fan.
(Code 1980, § 11-8-3)

*__State law reference—__Abatement of nuisances by city, Code of Ala. 1975, §§ 6-5-122, 11-47-117, 11-47-118.

Sec. 11-8-4. Open wells or excavations.

It shall be the duty of the owner or other person in charge, possession or control of any land upon which there exists any open well, cistern, cesspool or other dangerous excavations:

(1) To securely cover or otherwise equip or provide such with appropriate safeguards in such manner as to prevent human beings, animals or fowl from falling in or otherwise having access to the same;

(2) If abandoned or not in use, to fill it to a level with the surface of the surrounding ground or securely cap, cover or otherwise obliterate the same.
(Code 1980, § 11-8-4)

State law references—Municipal authority to compel screening of wells, cisterns and other places in which water is collected where mosquitoes or other insects propagate, Code of Ala. 1975, § 11-47-140; creating a hazard, Code of Ala. 1975, § 13A-12-220.

Sec. 11-8-5. Hazardous containers.

No person shall leave outside of any building or dwelling, in a place accessible to children, any unattended, abandoned or discarded icebox, refrigerator or other similar container which has a door or lid that locks or fastens automatically when closed and cannot be easily opened from the inside without removing the door, lid or locking or fastening device.
(Code 1980, § 11-8-5)

State law reference—Similar provision, Code of Ala. 1975, § 13A-12-220.

Sec. 11-8-6. Gasoline; dispensing.

(a) It shall be unlawful for any person to operate within the city a filling or service station, garage or pump or other device for dispensing to the public gasoline or other motor fuel, except under the direct control and superintendence of the owner or one or more regularly employed attendants.

(b) It shall be unlawful for any person to permit or allow any person other than the owner of such service station or pump or device, or one or more of his or her or its regularly employed attendants, to use any hose, pump, pipe or gasoline conveying apparatus, including automatic

vending or self-service devices belonging to or operated by him or her or it in dispensing to the public gasoline or other motor fuels, except in the immediate presence of and under the direction and supervision of such owner or regularly employed attendant.
(Code 1980, § 11-8-6)

Sec. 11-8-7. Snakes and reptiles, displaying.

No person shall display, exhibit, handle or use any poisonous or dangerous snake or reptile in such a manner as to endanger the life or health of any person.
(Code 1980, § 11-8-7)

Sec. 11-8-8. Premises to be kept free of garbage, weeds, inoperable motor vehicles, tires.

(a) *Definitions.* The following words, terms and phrases, when used in this section, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:

Inoperable motor vehicle means a motor vehicle which is in such a state of disrepair that it is not capable of being moved safely from one location to another under its own power or which does not meet the requirements for operation upon the public street.

Residential district means the territory contiguous to and including a highway, public street or way not comprising a business district when the property on that highway, public street or way for more than 300 feet or more is primarily improved with residences and private dwellings.

Weed includes an economically useless plant: a plant of unsightly appearance; a tree or shrub of low economic value that tends to grow freely; a form of vegetable life of exuberant growth and injurious effect. Each day such condition is maintained shall constitute a separate offense.

(b) *Garbage.* It shall be unlawful for the owner or other person in charge or control of a building, lot or other premises within the city or the police jurisdiction thereof to fail to keep said lot or premises, including unenclosed porches, carports, and patios, clean and free from garbage, refuse, litter, junk, debris, salvaged materials, household furniture, trash, used motor vehicle tires (except when used as a decorative use such as a planter, or as part of recreational structure such as a tree swing, child's climbing toy or other structure in accordance to city or state laws), inoperable motor vehicles, kitchen and other household appliances, rags, paper, cardboard and other nondecorative matter, including any materials within which water may accumulate or which may shelter or encourage the growth of insects or rodents, or materials which generate obnoxious odors, or which offend the esthetics of the community and thereby cause a substantial diminution in the value of other property nearby; provided that this subsection shall not apply to a licensed business if such activity is an allowed use and the operation of the business is done in a manner which does not allow the accumulation of water within which mosquito larvae may live or encourage the growth of insects and/or rodents. Each day such condition is maintained shall constitute a separate offense.

(c) *Weeds, shrubs, other vegetable growth.* It shall be unlawful for any owner, proprietor or other person in charge or control of any lot, place or premises within the city or police jurisdiction thereof, when such lot, place or premises are not under cultivation for useful and productive purposes, to fail to keep and maintain the same free from injurious, noxious or unsightly weeds, shrubs and other vegetable or grass growth higher than ten inches.

(d) *Inoperable motor vehicles.* It shall be unlawful for any person to park, leave or store upon residential lot or premises within a residential district within the city or the police jurisdiction thereof:

(1) An inoperable motor vehicle; or

(2) More than one operable motor vehicle;

which is not currently and validly registered and tagged as required by the Code of Alabama, 1975, as it may be amended, for a longer period of time than is permitted by city or state law. Each day such condition is maintained shall constitute a separate offense.

(e) *Fines.* The minimum fine on a first offense within a 12-month period of time on a finding of guilty or a plea of guilty shall be $100.00, on a second offense within a 12-month period of time on a finding of guilty or a plea of guilty the minimum fine shall be $250.00, which first and second offenses may be resolved administratively as provided in section 8-3-10; provided, however, that upon the third offense and subsequent offense charged within a 12-month period the offender shall be required to appear in court, and, upon a finding of guilty or a plea of guilty the minimum shall be $500.00, plus court costs and/or imprisonment as provided in section 1-1-6. (Code 1980, § 11-8-8; Ord. No. 80-96, §§ 1—3, 5-20-1980; Ord. No. 84-152, 9-4-1984; Ord. No. 84-156, 9-11-1984; Ord. No. 86-111, § 1, 5-27-1986; Ord. No. 94-82, 4-6-1994; Ord. No. 94-240, 11-1-1994; Ord. No. 94-82, 4-26-1994; Ord. No. 02-38, 4-2-2002)

State law references—Municipal authority to require weeds to be cut and to do such work at the expense of the owner, Code of Ala. 1975, § 11-47-140; abatement of weeds, Code of Ala. 1975, § 45-37A-53.

Sec. 11-8-9. Prohibited parking in front yard.

(a) *Definitions.* The following words, terms and phrases, when used in this section, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:

Driveway means any area which is constructed for the purpose of accessing a parking space or area, and which is surfaced with concrete or asphalt, or brick, concrete or stone pavers. For the purposes of this section any driveway must connect to the public street and must include a curb cut where street curbing is present. All driveways must be permitted by the department of planning engineering and permits prior to their installation.

Front yard means any portion of a lot or parcel of land which extends its full width and lies between the edge of a public street and the front of the principal building or structure on the lot or parcel.

Motor vehicle means any motorized or electric vehicle which is required to be registered and licensed by the state in order to be driven on a public street.

Principal building means the principal dwelling house, office, or, if there is no principal dwelling house or office, that building which is closest in distance to the public street. The front of the principal building shall be all of the principal building which lies between the two corners which constitute the widest portion of that side of the principal building which faces the public street and shall include all sides of a building which face a public street where the lot or parcel either lies in a curve of the public street, or which occupies a corner bounded on two or more sides by a public street.

Registered owner means the owner of a motor vehicle as shown on the motor vehicle registration records of the state department of revenue or the analogous department or agency of another state or country.

Sidewalk means any area within the public right-of-way which is surfaced with asphalt, concrete, pavers or stone, and which is set aside and maintained by the city for the purpose of accommodating pedestrian traffic.

Variance means a lessening of the requirements of the zoning ordinance set forth in Appendix D to this Code. A variance can only be granted by the zoning board of adjustment in a public hearing.

(b) *Prohibition.* It shall be unlawful within the corporate limits of the city to:

(1) Park or place, within a residential area a motor vehicle, recreational vehicle, boat, trailer, or other type of similar wheeled conveyance, in the front yard of a residence unless it is parked on a paved and properly permitted driveway that provides access to a carport or garage that is incorporated into the main house structure; or that provides access to a parking area located entirely within the side or rear yard.

(2) Park or place, within a commercial area, a motor vehicle, recreational vehicle, boat,

trailer, or similar type of wheeled conveyance, in the front yard of a business

unless it is parked upon a properly paved and permitted parking lot or paved driveway that provides access to the same.

(3) Park a motor vehicle, recreational vehicle, boat, trailer, or other type of wheeled conveyance over any part of a curb, sidewalk, or unpaved portion of the public right-of-way.

(c) *Exceptions.*

(1) *Limited use.* For the purposes of this section, parking in the front yard, as restricted by subsection (b)(1) of this section, shall not be prohibited where the motor vehicle is parked for the limited purpose of loading, unloading, or washing. This exception shall only apply while the owner or operator of the motor vehicle is actively engaged in the said task, and in no event shall this exception apply for more than three hours in any given 24-hour period.

(2) *Emergency vehicles.* The prohibitions of this section shall not apply to authorized emergency vehicles parked while emergency personnel are engaged in answering a call or rendering assistance. Authorized emergency vehicles shall include police and fire vehicles, as well as ambulances and hearses.

(3) *Historic districts.* The provisions of this section shall not operate to allow the construction of driveways or the use of property in historic districts which conflicts with the rules and regulations governing land use in those districts.

(4) *Variance.* Locations in compliance with a variance granted by the zoning board of adjustment to allow parking in the front yard shall be deemed to be in compliance with this section.

(d) *Imposition of penalties for violations.*

(1) Any person or property owner found to have himself or herself parked, to have allowed others to be parked, or having a parked vehicle on his or her property, in violation of this section shall be subject to a fine of $50.00. Each calendar day in which a violation hereunder continues or reoccurs shall constitute a separate violation.

(2) The mayor of the city or a duly appointed designee shall be charged with the enforcement of this section. For each violation, a citation shall be posted on or near the front windshield of the motor vehicle found to be parked in violation of this section. The property owner or registered owner of the vehicle shall have 30 calendar days within which to enter a guilty plea and pay the said fine.

a. *Failure to pay fine.* If the fine is not paid within the prescribed 30 calendar days, a summons shall issue from the municipal court commanding the presence of the property owner or registered owner of the offending motor vehicle in municipal court to defend the prosecution of the said violation.

b. *Failure to appear.* If the property owner or registered owner does not appear at the time and place prescribed in the summons, and fails to enter a guilty plea and pay the fine before the said prescribed time, the municipal court may issue a warrant for the arrest of the property owner or registered owner, who may be fined up to $50.00 and held for up to five days in the municipal jail.

c. *Hearing.* A hearing shall be held by the municipal court at the time and place prescribed in the summons. Upon a determination by the municipal court that a violation has occurred, the court shall order the property owner or person found to have been operating the vehicle to pay the fine set out in subsection (d)(1) of this section. The municipal court shall have the additional authority to impose any court costs which may be allowable by state law upon a con-

viction after hearing or upon receiving a guilty plea after the issuance of the summons.

d. *Failure to pay court ordered fine and costs.* If, after the hearing, the municipal court orders the payment of the fine and/or costs set out in subsection (d)(2) of this section, and the person so ordered to pay fails to pay the said amounts, the municipal court may enforce the said order in accordance with rule 26.11 of the Alabama Rules of Criminal Procedure, as well as any other law, whether state, federal, or local which may empower the court to enforce the said order.

(3) The mayor of the city or a duly appointed designee shall have the authority to enter upon private property for the purpose of ticketing an offending vehicle found parked in violation of this section.

(Ord. No. 10-11, 2-4-2010)

Secs. 11-8-10—11-8-20. Reserved.

ARTICLE B. NOISES

Sec. 11-8-21. Illegal noises.

(a) No person shall make, continue or cause to be made or continue any noise which, because of its volume level, duration and character, either annoys, disturbs, or injures or endangers the comfort, health, peace or safety of reasonable persons of ordinary sensibilities. It shall be unlawful and a nuisance for any person to permit any such noise to be made in or upon any residence, business or other structure or upon any premises or in any vehicle owned or possessed by him or her or under his or her management or control.

(b) The provisions hereinafter contained are enacted for the purpose of preventing noise disturbances or unreasonable noise. Above certain levels or durations and during specific times of day, unreasonable noise or noise disturbance is detrimental to the health, safety and welfare of the citizenry and the individual's right to peaceful and quiet enjoyment. Therefore, it is hereby declared to be the policy of the city to prohibit noise disturbances or unreasonable noise from all sources, subject to its police power, in order to secure and promote the public health, comfort, convenience, safety, welfare, and prosperity of the citizens of the city. Nothing in this article is intended to deter individuals from lawfully exercising the individual right to freedom of speech or any other freedom guaranteed under the Constitutions of the United States of America or of the state.

(Ord. No. 98-25, § 1(11-8-21), 2-17-1998; Ord. No. 04-98, § 1(11-8-21), 9-14-2004)

Sec. 11-8-22. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Alarm means any fire, burglary, motor vehicle or civil defense alarm, whistle or similar stationary emergency signaling device.

Amplified sound means any sound that is broadcast through electronically amplified equipment or sound that is electronically enhanced.

Emergency means any occurrence or set of circumstances involving actual or immediate physical trauma or property damage demanding immediate attention.

Emergency vehicle means a motor vehicle belonging to the fire and rescue service of the city, a vehicle utilized by emergency medical technicians of the fire and rescue service department, an ambulance, a motor vehicle belonging to any authorized police department or motor vehicle belonging to federal, state or municipal law enforcement agency; provided said vehicles are in use as an emergency vehicle by one authorized to use said vehicle for that purpose.

Emergency work means repair or maintenance activities necessary to restore property to a safe condition from eminent public calamity or work required to protect persons or property from eminent exposure to danger.

Motor vehicle means a two or more wheeled vehicle, or machine, propelled or drawn by me-

chanical power and used on the public roads and highways in the transportation of passengers or property; or any combination thereof, which is required to be licensed, but does not include any vehicle, locomotive, or car operated exclusively on rail or rails.

Noise sensitive area means an area within 500 feet from where a school, hospital, nursing home, church, court, or public library is located.

Person means any individual, association, partnership, or corporation and includes any officer, employee, department, agency, or instrumentality of the United States.

Plainly audible means any prohibited sound, as defined by section 11-8-23, prohibited acts, from a vehicle, building, structure or open space which clearly can be heard at a distance of ten feet or more from the vehicle or 50 feet from the building, structure or open space, which either annoys, disturbs, or injures or endangers the comfort, health, peace or safety of reasonable persons of ordinary sensibilities. The distance measured shall be the actual distance between buildings if less than 50 feet in residentially zoned districts. Measurement standards shall be by the auditory senses, based upon direct line of sight. Words or phrases need not be discernable and bass reverberations are included.

Public right-of-way means any street, avenue, boulevard, highway, sidewalk, alley or similar place normally accessible to the public which is owned or controlled by a government entity.

Real property line means a line along the surface, and its vertical plane extension, which separates the real property owned, rented, or leased by one person from that owned, rented, or leased by another person, excluding intra-building real property division.

Residentially zoned district means any area designated as E-1, R-1, R-2, R-3, R-4, R-4A, R-5, R-6, R-7, or R-8 zoning according to the city zoning district map.

Sound amplification system means any radio, tape player, compact disc player, loudspeaker or other electronic device used for the amplification of sound.

(Ord. No. 98-25, § 1(11-8-22), 2-17-1998; Ord. No. 02-47, § 1(11-8-22), 4-30-2002; Ord. No. 04-98, § 1(11-8-22), 9-14-2004)

Sec. 11-8-23. Prohibited acts.

The following acts, and the causing thereof, in a manner to either annoy, disturb, or injure or endanger the comfort, health, peace or safety of reasonable persons of ordinary sensibilities are declared to be in violation of this article; but such enumeration shall not be deemed to be exclusive:

(1) *Horns, signaling devices, etc.*

a. The sounding of any horn, electronic alarm, or other signal device on any automobile, motorcycle, bus or other motor vehicle for more than 30 seconds constantly, except as a danger warning when and as required by ordinances of the city or by the Code of Alabama;

b. The creation by means of any such signaling device of any unreasonable, loud or harsh sound;

c. The sounding of such signaling device for an unnecessary or unreasonable period of time;

d. The sounding of such signaling device when traffic is held up for any reason;

e. The use of any signaling device except one operated by hand or by electricity;

f. The use of any horn, whistle or other device operated by engine exhaust.

(2) *Animals, birds, etc.* The owning, possessing, harboring, or keeping of any animal or bird which, by causing frequent or long-continued duration, howls, barks, squawks, or makes other sounds or noise, creates excessive and unnecessary noise across a residential or commercial real property line or within a noise sensitive area. For the purposes of this section, the term "barking dog" means a dog that barks, bays, cries, howls, or makes other noise continuously and/or incessantly for a period of ten minutes, or barks intermittently for one-half hour or more which disturbs the comfort or repose of persons of ordinary sensibilities in the vicinity.

(3) *Stationary nonemergency signaling devices.* Sounding or permitting the sounding of any signal from any stationary bell, chime, siren, whistle or similar device intended primarily for nonemergency purposes, from any place, for more than one minute in any hourly period.

(4) *Exhausts.* The discharge into the open air of the exhaust of any steam engine, stationary internal combustion engine or any motor boat, or motor vehicle except through a muffler or other device which will effectively prevent loud or explosive noises therefrom and which device shall be in good working order and in constant operation.

(5) *Street sales.* Offering for sale or selling anything by shouting or outcry in a manner to either annoy, disturb, or injure or endanger the comfort, health, peace or safety of reasonable persons of ordinary sensibilities within any residential or commercial area of the city, except in a stadium or sports arena.

(6) *Fireworks.* The explosion of firecrackers, skyrockets, Roman candles, pinwheels, or any other form of fireworks, except the display of fireworks in public parks or other open places within the city under a permit issued by the fire marshal, pursuant to the fire prevention code of the city.

(7) *Loudspeakers, amplifiers, etc., for commercial advertising purposes.* The use, operation or permitting the use or operation of any drum, bell, horn, musical instrument, phonograph, loudspeaker, amplifier, public address system, or other instrument or device for production or reproduction of sound which cases sound which is audible more than 50 feet from across a real property line or more than ten feet from a vehicle for the purpose of, or intending to attract attention to any building, structure, performance, show, sale, or display of merchandise, or for any other commercial advertising purpose, in a manner to either annoy, disturb, or injure or endanger the comfort, health, peace or safety of reasonable persons of ordinary sensibilities.

(8) *Sound amplification systems, television sets, musical instruments, etc.* Operating, playing or permitting the playing of any sound amplification systems, television sets, musical instruments, radio, phonograph, sound amplifier or similar device which produces, reproduces sounds in such a manner as to either annoy, disturb, or injure or endanger the comfort, health, peace or safety of reasonable persons of ordinary sensibilities residing or working in the area is hereby declared a nuisance.

a. The operation of any such machine or device in such manner as to be plainly audible at a distance of 50 feet from the building or structure or from the source of the sound in open yard, or to be plainly audible within the nearest building if such structure is nearer than 50 feet to the source of the sound shall be prima facie evidence of a violation of this section.

b. The operation of any such machine or device in such manner as to be plainly audible at a distance of ten feet from any motor vehicle in which it is located, or from any pedestrian operating such device, or to be plainly audible within the nearest building if such structure is nearer than 50 feet to the source of the sound, shall be prima facie evidence of a violation of this section. The motor vehicle may be stopped, standing, parked or moving on a public right-of-way, a park, parking lot or driveway on either public or private property.

c. The operation of any such device by a passenger on a common carrier without the use of an external ear plug speaker, the effect of which is to make the sound audible only to the person operating such device.

d. The provisions of this section shall not apply to activities permitted pursuant to section 12-5-22, when conducted between the hours of 8:00 a.m. and 10:00 p.m. when within 50 feet of a residentially zoned district.

(9) *Yelling, shouting, etc.* Yelling, shouting, hooting, whistling, or singing on the public streets, particularly between the hours of 10:00 p.m. and 7:00 a.m., or at any time or place so as to annoy or disturb the quiet, comfort, or repose of reasonable persons of ordinary sensibilities in any residence, hotel or other lodging facility, or in an office.

(10) *Defect in vehicle or load.* The use or operation of any automobile, motorcycle, or other vehicle which, by its physical state of repair, or by the manner in which it is loaded creates loud and unnecessary grating, grinding, rattling, roaring or other loud and unnecessary noise.

(11) *Refuse collection vehicles.* Operating or permitting the operation of:

a. Any vehicle for collection and hauling of refuse between the hours of 10:00 p.m. and 7:00 a.m. in or within 500 feet of a residentially zoned district.

b. The compacting mechanism of any motor vehicle which compacts refuse between the hours of 10:00 p.m. and 7:00 a.m. in or within 500 feet of a residentially zoned district.

City crews and equipment used to provide necessary safety and sanitation services shall be exempted from the operation of this provision.

(12) *Loading and unloading.*

a. Loading, unloading, opening, closing, destruction or other handling of boxes, crates, containers, building materials, garbage cans, or other similar objects between the hours of 10:00 p.m. and 7:00 a.m. in or within 500 feet of a residentially zoned district.

b. City crews and equipment used to provide necessary safety and sanitation services shall be exempted from the operation of this provision.

(13) *Emergency signaling devices.* Sounding or permitting the sounding of any exterior burglar alarm or any motor vehicle burglar alarm unless such alarm is automatically terminated within 15 minutes of activation unless there has been an attempted or actual entry of the premises or vehicle.

(14) *Domestic power tools.* Operating or permitting the operation out of doors of any mechanically powered saw, grinder, lawn or garden tool or similar device between the hours of 10:00 p.m. and 7:00 a.m. in a residentially zoned district.

(15) *Construction.*

a. Any and all activity incidental to the erection, demolition, assembling, altering, repairing, installing, or equipping of buildings, structure, roads, or appurtenances thereto, including and clearing, grading, excavating and filling between the hours of 10:00 p.m. and 7:00 a.m. within 500 feet of any residentially zoned district, except that the traffic engineer may allow such work during the hours between 10:00 p.m. and 7:00 a.m. whenever traffic conditions prevent the activity during other times of the day.

b. Emergency repair or maintenance of public roads and highways, parks, sewers, water, gas, electric, or telephone systems at any time or any such private construction necessary to restore property to a safe condition from eminent public calamity or work required to protect persons or property from eminent exposure to danger shall be exempted from the operation of this provision.

(16) *Noises near schools, courts, churches or hospitals.* The creation of any excessive noise within 500 feet of any school, insti-

tution of learning, church or court while the same is in use, or adjacent to any hospital, nursing home or similar facility which unreasonably interferes with the workings of such institutions or which disturbs or unduly annoys patients in such institution, provided that conspicuous signs are displayed in such streets indicating that the same is a school, hospital, church, or court street.

(Ord. No. 98-25, § 1(11-8-23), 2-17-1998; Ord. No. 02-47, § 1(11-8-23), 4-30-2002; Ord. No. 04-98, § 1(11-8-23), 9-14-2004)

Sec. 11-8-24. Determining circumstances.

Among circumstances which may be considered in determining whether a noise is unlawful and a nuisance include, but are not limited to the following:

(1) Volume of the noise;

(2) Intensity of the noise;

(3) Whether the nature of the noise is usual or unusual for the time and place;

(4) Whether the origin of the noise is natural or unnatural;

(5) The volume and intensity of the background noise, if any;

(6) The proximity of the noise to sleeping facilities;

(7) The nature and the zoning of the area from which the noise emanates;

(8) The density of inhabitation of the area from which the noise emanates;

(9) Time of day or night in which the noise occurs;

(10) Duration of the noise;

(11) Whether the noise is recurrent, intermittent, or constant;

(12) Whether the noise is produced by commercial or noncommercial activity.

(Ord. No. 98-25, § 1(11-8-24), 2-17-1998; Ord. No. 04-98, § 1(11-8-24), 9-14-2004)

Sec. 11-8-25. Exemptions.

The provisions of this article shall not apply to:

(1) The emission of sound by public safety vehicles, emergency signaling devices, or authorized public safety personnel for the purpose of alerting persons to the existence of an emergency;

(2) The emission of sound in the performance of emergency work;

(3) Noise resulting from the operation of the Birmingham International Airport;

(4) Noise generated from demonstrations, special events, races or runs permitted as required by section 12-5-22, provided that said demonstration, special event, race or run shall be conducted in a manner to avoid the creation of excessive, unreasonable or disturbing noise within 500 feet of any school, institution of learning, church or court while the same is in use, or adjacent to any hospital, nursing home or similar facility, so as to unreasonably or unduly disturb the workings of such institutions and that such event is conducted only between the hours of 8:00 a.m. and 10:00 p.m. when within 50 feet of a residentially zoned district;

(5) Sound generated by amplified and unamplified bells and chimes on schools, places of worship, public buildings and other places of assembly;

(6) Attendant on-site noise connected with the actual performance of organized sporting events on school campuses and in publicly or privately owned parks, stadiums, arenas, tracks or other similar facilities;

(7) Noises resulting from any practice or performance sponsored by or associated with the educational process administered by a recognized institution of learning, including, but not limited to band, choir and orchestral performances;

(8) Human sounds emanating from children 12 years of age or under, including but not

limited to speech and utterances of laughter, cries and sounds associated with play; and

(9) Sound generated from the use of a public address system at a business for communication necessary to the operation of the business, but not for the purpose of intending to attract attention to any building, structure, performance, show, sale, or display of merchandise, or for any other commercial advertising purpose.

ARTICLE C. LOST, STOLEN OR ABANDONED AUTOMOBILES*

Sec. 11-8-41. Leaving on private property prohibited; impoundment.

Lost, stolen or abandoned automobiles, and other motor vehicles left upon private parking lots, private parking areas and other private land are hereby declared to be health and safety hazards and public nuisances and any police officer of the city, after being advised by or on behalf of the chief of police that the requirements of section 11-8-43 have been complied with, is hereby authorized to cause any such automobile or other motor vehicle to be removed to, and impounded in the depository provided by the city and for such purpose, all under the provisions of this article.

(Code 1964, § 35-15; Code 1980, § 11-8-41)

Sec. 11-8-42. Owner of property may request impoundment.

The owner, lessee or other person in possession, charge or control of a private parking lot, private parking area or other private land upon which a lost, stolen or abandoned automobile has been left and remained thereon for not less than ten consecutive days, and after making a reasonable effort to locate the owner thereof and being unsuccessful in such effort may request in writing the chief of police of the city to cause the same to be removed to, and impounded in the depository provided by the city for such purpose provided such owner, lessee or other person complies with section 11-8-43.

(Code 1964, § 35-16; Code 1980, § 11-8-42)

Sec. 11-8-43. Information required for removal.

Upon receipt of a request under the provisions of section 11-8-42, the chief of police shall authorize such automobile or motor vehicle to be removed to and impounded in such depository; provided that he or she first obtains from such owner, lessee or other such person the following:

(1) The sum of $40.00 to defray the expenses of the city in connection with such impoundment, which sum shall be remitted to the director of finance for the city.

(2) An affidavit executed by the owner, lessee or other person in possession, charge or control of the private parking lot, private parking area or other private land setting out the following facts:

a. The number of consecutive days such lost, stolen or abandoned automobile or other motor vehicle has remained upon that private parking lot, private parking area or other private land giving the dates thereof;

b. A description of the effort made by such person to locate the owner of such automobile or other motor vehicle; and

c. A description of such vehicle giving its make, model and year and such other information as will reasonably describe the vehicle.

(Code 1964, § 24-17; Code 1980, § 11-8-43)

Sec. 11-8-44. Chief of police to give report to officers; notification of owner of vehicle.

The chief of police shall also cause a report of every automobile or motor vehicle impounded under the provisions of this article to be given to the police officers assigned to the recovery of

*__State law reference__—Abatement of inoperable motor vehicles on private property in Class 1 municipalities, Code of Ala. 1975, § 11-67A-1 et seq.

stolen automobiles and a reasonable effort shall be made to locate and notify the owner of such automobile or motor vehicle.
(Code 1964, § 35-18; Code 1980, § 11-8-44)

Sec. 11-8-45. Authority of persons to remove and store vehicles.

Where a contract exists between the city and any person, firm or corporation under the terms of which that person agrees to haul and store vehicles for the city in a depository provided for in such contract, that person, firm or corporation and his or her or its employees, servants or agents, when requested by any police officer of the city to so haul and store any automobile or other motor vehicle under the provisions of this article, shall have the authority to haul or store the vehicle as requested by the officer.
(Code 1964, § 35-19; Code 1980, § 11-8-45)

Sec. 11-8-46. Procedure for reclaiming vehicle.

Any owner or person entitled to possession of an automobile or motor vehicle impounded under this article may claim the same at any time before sale thereof by filing a written claim thereto with the chief of police, upon a form to be provided by the chief of police, and if the chief of police is satisfied that the claimant is the owner or entitled to possession of the vehicle, he or she shall notify the director of finance to cause the same to be released to the claimant upon payment of proper charges. Upon the notification, the director of finance shall cause same to be released to the claimant upon payment of the charges.
(Code 1964, § 35-20; Code 1980, § 11-8-46)

Sec. 11-8-47. Payment of charges required for release.

The city shall have a lien upon each automobile or motor vehicle impounded under the provisions of this article in the same amount and to the same extent as if the automobile or motor vehicle were impounded under chapter 14 of title 10 of this Code, and in the amount set by section 10-14-6. No vehicle shall be released to any claimant prior to sale thereof, unless the proper charge is paid.
(Code 1964, § 24-21; Code 1980, § 11-8-47)

Sec. 11-8-48. Sale of vehicles; proceeds of sale to be paid to owner of vehicle.

(a) When any such automobile or motor vehicle shall have remained in the depository for as long as 45 days from the date of its reception therein, and no claim for such vehicle shall have been made within such period, the city purchasing agent shall give five days' notice of the time, place and terms of sale of such vehicle, together with a brief description thereof, by make, type and motor number, if any, by one publication in a newspaper published in the city; and if no claim thereto shall have been made prior to the advertised time of sale, he or she shall sell the same at such advertised time and place of sale to the highest bidder for cash.

(b) The money received at such sale shall be immediately paid into the treasury of the city and, upon demand made by the erstwhile owner of the vehicle at any time within 90 days from the date of receipt of such money in such treasury, the excess of the amount received, over and above the hauling and storage charges prescribed in section 11-8-47 and the cost of advertisement of sale, shall be paid to the owner.
(Code 1964, § 35-22; Code 1980, § 11-8-48)

Sec. 11-8-49. Complaints; hearing.

It shall be the duty of every person who may not know the whereabouts of an automobile or other motor vehicle owned by him or her, or to which he or she may have the right of possession, to take notice that the vehicle may be in the custody of the city, or its depository, pursuant to the terms of this article and that he or she may inquire of the chief of police whether it is in such custody. Any such person who may thus or otherwise ascertain that the vehicle is in such custody, and who may believe that it has been impounded for a cause not authorized by this article or other provision of law may, if he or she desires to escape payment of the aforesaid charges, present a complaint, in duplicate, to the municipal judge of the city at any time prior to sale of the vehicle, averring that he or she is the owner or entitled to possession of the vehicle, describing it, that it is in the custody of the city or its depository and that

the same was impounded for a cause not authorized by this article or other provision of law. Upon presentation of such complaint, in duplicate, the municipal judge shall immediately set same down for hearing on a day not less than one nor more than three after presentation, and shall cause one of such duplicates, with time of hearing noted thereon, to be delivered to the chief of police. The municipal judge may continue the hearing from time to time as may be proper. If, upon the hearing, the complaint should be sustained, the municipal judge shall render judgment that the vehicle be forthwith released to the complainant without payment of any impounding, to be so released. If, on the other hand, the complaint should not be sustained, the municipal judge shall enter judgment dismissing same and assessing costs of $3.00 against the complainant, to be collected before release of the vehicle to the complainant, in addition to the charges prescribed in section 11-8-47.
(Code 1964, § 35-23; Code 1980, § 11-8-49)

Sec. 11-8-50. Provisions of article cumulative.

The provisions of this article are cumulative and shall not be held to limit or restrict any right or authority which the city or any owner, lessee or other person in possession, charge or control of a private parking lot, private parking area or other private land upon which a lost, stolen or abandoned automobile or other motor vehicle is left, may have in such regard by reason of any other provision of law or authority.
(Code 1964, § 35-24; Code 1980, § 11-8-50)

Secs. 11-8-51—11-8-60. Reserved.

ARTICLE D. REMOVAL AND STORAGE OF PERSONAL PROPERTY FOUND IN CONDEMNED BUILDINGS OR STRUCTURES

Sec. 11-8-61. Authorization.

Whenever the director of buildings and inspections of the city shall find in any building or structure that the council has directed to be demolished as a public nuisance, personal property having a total value in his or her judgment of $150.00 or more, such director shall have authority to cause the same to be removed and stored for the protection of such property, as hereinafter provided.
(Code 1964, § 35-25; Code 1980, § 11-8-61)

Sec. 11-8-62. Written notice to last assessor of property.

Prior to removal of such property the director shall give the person or persons last assessing the property for state taxes not less than 15 days' written notice by registered or certified mail, return receipt requested, to remove such property from the building or structure or suffer the same to be removed and stored by the city. Such notice shall also state that after the expiration of 60 days from the date of storage, the property will be offered at public sale for the payment of accumulated hauling and storage charges. The mailing of such registered or certified mail notice, properly addressed and postage prepaid, shall constitute notice as required herein.
(Code 1964, § 35-26; Code 1980, § 11-8-62)

Sec. 11-8-63. Use of private contractor or public facilities.

Such property may be hauled and stored by private contractor or by available city employees utilizing city facilities designated for such purpose.
(Code 1964, § 35-27; Code 1980, § 11-8-63)

Sec. 11-8-64. Claiming stored property prior to sale.

Any owner or person entitled to possession of such stored property may claim the same at any time before sale thereof by filing a written claim with the director of buildings and inspections, upon a form to be provided by the director, and if the director of buildings and inspections is satisfied that the claimant is the owner or entitled to possession of the property he or she shall cause the same to be released to the claimant upon payment of the accrued hauling and storage charges. The city shall have a lien upon such property until the proper charges are paid.
(Code 1964, § 35-28; Code 1980, § 11-8-64)

Sec. 11-8-65. Sale of property.

When any property shall have remained in storage for so long as 60 days and no claim and payment of accrued charges shall have been made within such period, the city purchasing agent shall give five days' notice of the time, place and terms of sale of such property, together with a brief description thereof by one publication in a newspaper published in the city; and if no claim and payment of accrued charges thereto shall have been made prior to the advertised time of sale, he or she shall sell the same at the advertised time and place of sale to the highest bidder for cash.
(Code 1964, § 35-29; Code 1980, § 11-8-65)

Sec. 11-8-66. Proceeds of sale.

The money received at such sale shall be immediately paid into the city treasury, and upon demand made by the erstwhile owner of such property at any time within 90 days from the date of such sale, the excess amount of money received, over and above the accrued hauling and storage charges and the cost of advertisement of sale, shall be paid to such owner.
(Code 1964, § 35-30; Code 1980, § 11-8-66)

ARTICLE E. INOPERABLE MOTOR VEHICLES ON PRIVATE PROPERTY*

Sec. 11-8-71. Declared nuisance.

Any inoperable motor vehicle parked upon a place, in a manner or for a length of time prohibited by this Code or any other ordinance or regulation of the city is, if unoccupied, hereby declared to be a public nuisance.
(Ord. No. 02-130, § 11-8-71, 9-10-2002)

*__State law reference—__Abatement of inoperable motor vehicles in Class 1 municipalities, Code of Ala. 1975, § 11-67A-1 et seq.

Sec. 11-8-72. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Inoperable motor vehicle means any motor vehicle, trailer, or semitrailer that has remained on private property and in view of the general public for 30 days and is inoperable in that one or more of its major mechanical components, including, but not limited to, the engine, transmission, drive train, or wheels, are missing or are not functional, or the vehicle otherwise constitutes a nuisance. An inoperable motor vehicle shall not be deemed a nuisance if the motor vehicle which has been rendered temporarily incapable of being driven under its own motor power in order to perform ordinary service or repair operations for a period not greater than 60 days, or if the motor vehicle is on the premises of a place of business engaged in the wrecking or junking of motor vehicles, or primarily engaged in the storage and sale of damaged or theft-recovered vehicles for insurers, or if the motor vehicle is kept in an enclosed building completely shielded from the view of individuals on the adjoining properties.

Person means any person, firm, partnership, corporation, association, company or organization of any kind.

Property means any real property within the city.

Vehicle means a machine propelled by power other than human power designated to travel along the ground by use of wheels, treads, runners, or slides and shall include, without limitation, automobile, truck, trailer, motorcycle, tractor, buggy and wagon.
(Ord. No. 02-130, § 11-8-72, 9-10-2002)

Sec. 11-8-73. Notice.

Whenever any representative, including but not limited to the city's police chief or any member of his or her department designated by him or her, who is charged with the responsibility of enforcement of this article shall find an inoperable motor vehicle as is defined herein, the representative shall cause a notice to be placed on the vehicle

and a written notice to be attempted to be delivered by registered mail, with a five-day return receipt requested, to the property owner of record as evidenced by the records of the tax assessor of Jefferson County, upon whose property the vehicle is found, and in cases where the vehicle is in such a condition that identification numbers are available to determine ownership, to the last registered owner of record of the vehicle and to any secured party or other holder of a recorded or registered security interest or lien on the motor vehicle; that the vehicle is determined to be a public nuisance and that the owner of the vehicle, then is given ten days from the date the notice is received in which to cause the vehicle to be removed from said property and if the vehicle is not removed within that period of time the city will cause its removal and all expenses incurred thereby will be assessed against the registered owner of the vehicle if the identity of the owner can be determined, or the costs may be assessed against the owner of the property on which the vehicle is located. The notice shall further provide that a hearing before the city council on the question of abatement and removal of the inoperable motor vehicle as a public nuisance may be requested by the owner of the vehicle, any secured party or the property owner within the ten-day period.
(Ord. No. 02-130, § 11-8-73, 9-10-2002)

Sec. 11-8-74. Request for hearing.

If a request for a hearing is received within the ten day period the matter shall be placed on the agenda of the city council at the next regularly scheduled meeting subsequent to the receipt of the request. A notice giving the time, location, and date of the hearing on the question of abatement and removal of the inoperable motor vehicle as a public nuisance shall be mailed by certified mail, with a return receipt requested to the owner of the land as shown on the last equalized assessment roll, to the last registered and legal owner of record of the vehicle, and to any registered or recorded secured party or lienholder unless the vehicle is in such a condition that identification numbers are not available to determine ownership.
(Ord. No. 02-130, § 11-8-74, 9-10-2002)

Sec. 11-8-75. Public hearing.

(a) The owner of the land on which the vehicle is located may appear in person at the hearing or present a written statement in time for consideration at the hearing, and deny responsibility for the presence of the vehicle on the land or otherwise show the owner's plans to abate the nuisance. No cost of the administration or removal of the vehicle against the landowner shall be assessed if it is determined at the hearing that the vehicle was placed on the land without the consent of the landowner and that the landowner has not subsequently acquiesced to its presence.

(b) The registered owner of the vehicle may appear in person at the hearing and present any reason why such vehicle should not be determined to be a public nuisance, why removal should not occur or why the cost of abatement should not be assessed against said owner, or may present a plan for abatement of said vehicle within a set period of time.

(c) Any secured party may appear and present a plan for removal of the vehicle or may present reasons why the vehicle should not be removed and sold by the city.

(d) The council shall consider the information presented at the meeting at which it is presented unless the council by majority vote of the councilors present and voting shall affirmatively find that the information or evidence submitted raises issues which require additional investigation, in which case the matter may be passed to a meeting no later than the second regularly scheduled meeting subsequent to the meeting at which the matter is initially presented, at which time the council shall act on the matter. The council may:

(1) Deny any requested relief and order the abatement of the vehicle and its disposal to proceed.

(2) Declare that property owner on whose property the vehicle is located is not responsible for the vehicle due to the vehicle having been placed on the land without the consent of the landowner and that the landowner has not subsequently acquiesced in its presence.

(3) Determine that the vehicle is not a public nuisance and that removal is not required.

(4) Accept an adequate plan for removal of the vehicle presented by the property owner or owner of the vehicle, set a date certain by which time the vehicle shall be removed and direct that in the event the vehicle is not removed by the date set, the vehicle shall be immediately abated by the city and all costs assessed against the party presenting the plan for removal.

(Ord. No. 02-130, § 11-8-75, 9-10-2002)

Sec. 11-8-76. List of providers of vehicle removal services.

The city will maintain a list of names of persons or private contractors, or both, who perform vehicle removal services. Any company or individual providing such service may request to be added to this list. The city will not recommend any particular individual or company but will, upon request of the registered owner of the vehicle, secured party or property owner, provide them with a copy of the list. The registered owner of the vehicle, secured party or property owner shall not be required to utilize the services of any company or individual listed, but may use any lawful means to cause the removal of the vehicle and may utilize the services of any individual or company for said removal.

(Ord. No. 02-130, § 11-8-76, 9-10-2002)

Sec. 11-8-77. Removal by registered owner, secured party or property owner.

The registered owner of the vehicle, any secured party or the owner of the land on which the vehicle is located may remove the vehicle at such person's own expense at any time prior to the removal of the vehicle by the city.

(Ord. No. 02-130, § 11-8-77, 9-10-2002)

Sec. 11-8-78. Removal by city.

At the conclusion of ten days from the date the final return receipt is received under the provisions of section 11-8-73, if the vehicle has not been removed by the owner of the property, the owner of the vehicle or the holder of the security interest, and if a request for hearing before the city council has not been made, then the city shall cause the vehicle to be removed. If request is made pursuant to that notice for a hearing before the city council and the city council determines that the vehicle is a public nuisance and that removal should proceed, and the property owner, vehicle owner or holder of the security interest has not removed the vehicle within five days from the date of the decision of the city council, then the city shall cause the vehicle to be removed. If a plan for removal of the vehicle had been presented to the city council and accepted and removal has not been accomplished by the date set, then the city shall cause the immediate removal of the vehicle.

(Ord. No. 02-130, § 11-8-78, 9-10-2002)

Sec. 11-8-79. Disposal of vehicles.

Inoperable motor vehicles removed by the city may be disposed of by sealed bid or auction whichever method shall, in the opinion of the city purchasing agent shall be in the best interests of the city. The sale of the abandoned motor vehicle shall be subject to the rights of any secured party or other holder of a recorded or registered security interest or lien on the motor vehicle, which has requested a hearing and verified the existence of the security interest or lien within the time permitted by the procedure. The proceeds of any such sale shall first be applied toward the payment of any and all expenses incurred by the city pursuant to the implementation of this article.

(Ord. No. 02-130, § 11-8-79, 9-10-2002)

Sec. 11-8-80. Assessment of costs.

At the conclusion of the removal process and after sale of any such vehicle has been made, all costs incurred by the city in the implementation of this provision of this Code which have not been offset by proceeds of the sale of the vehicle will be assessed against the registered owner of the vehicle if the identity of the owner can be determined or the costs may be assessed against the property owner on whose property the vehicle was located unless said property owner shall have requested a hearing as herein provided and shall have presented to the city council evidence suffi-

cient for the council to determine that the vehicle was placed on the property without the consent of the landowner and that the landowner has not subsequently acquiesced in its presence on the property.
(Ord. No. 02-130, § 11-8-80, 9-10-2002)

Sec. 11-8-81. Notice to the department of revenue.

The city shall notify the department of revenue of the sale or disposition of the inoperable motor vehicle on a form supplied by the department of revenue.
(Ord. No. 02-130, § 11-8-81, 9-10-2002)

(Code 1980, § 11-9-9)

Sec. 11-9-10. Smoking in public places and places of employment.

(a) *Definitions.* The following words, terms and phrases, when used in this section, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:

Bar means an establishment that is devoted to the serving of alcoholic beverages for consumption by guests on the premises and in which the serving of food is only incidental to the consumption of those beverages, including but not limited to, taverns, nightclubs, cocktail lounges, and cabarets.

Business means a sole proprietorship, partnership, joint venture, corporation, or other business entity, either for-profit or not-for-profit, including retail establishments where goods or services are sold; professional corporations and other entities where legal, medical, dental, engineering, architectural, or other professional services are delivered; and private clubs.

Cigar bar means a licensed establishment in which the primary activity is the sale, manufacture or promotion of cigars or cigar accessories and in which the sale of other products is merely incidental.

Common area means a hallway, corridor, lobby, aisle, water fountain area, restroom, stairwell, interior and/or exterior general public entryway or exit, refreshment area or restroom.

E-cigarette means any electronic oral device, such as one composed of a heating element, battery, and/or electronic circuit, which provides a vapor of nicotine or any other substances, and the use or inhalation of which simulates smoking. The term "e-cigarette" includes any such device, whether manufactured, distributed, marketed, or sold as an e-cigarette, e-cigar, e-pipe, or under any other product name or descriptor.

Employee means a person who works for an employer, whether in consideration for direct or indirect monetary wages or profit, or as a volunteer.

Employer means a person, association, trust, or a business, including a municipal corporation, with one or more employees.

Enclosed area means all space between a floor and a ceiling that is bounded on at least two sides by walls, doorways, or windows, whether open or closed. The term "wall" includes any retractable divider, garage door or other physical barrier, whether temporary or permanent and whether or not containing openings of any kind.

Flow line means the face of the curb and gutter, or if no curb and gutter, the edge of the pavement.

Health care facility means an office or institution providing care or treatment of diseases, whether physical, mental, or emotional, or other medical, physiological, or psychological conditions, including but not limited to, hospitals, rehabilitation hospitals or other clinics, including weight control clinics, nursing homes, long-term care facilities, homes for the aging or chronically ill, laboratories, and offices of surgeons, chiropractors, physical therapists, physicians, psychiatrists, dentists, and all specialists within these professions. The term "health care facility" includes all waiting rooms, hallways, private rooms, semiprivate rooms, and wards within health care facilities.

Hookah bar.

(1) The term "hookah bar" means an establishment that is a bar as defined above, whose business is devoted to the serving of shisha products, and which serves only complimentary snacks. The hookah bar contains no kitchen facilities and has no access to kitchen facilities, catering, or food, other than the complimentary snacks. A hookah bar devotes a minimum of ten percent of net floor space to the display, storage and sale of actual tobacco products, and does not permit the on-premises use of tobacco products not purchased on the premises. A hookah bar must contain a functioning walk-in commercial grade humidor with a minimum interior area of not less than 100 square feet and a smoke evacuation system adequate to ensure that smoke from its premises does not infiltrate into areas where smoking is prohibited. The system must be separate from the establishment's HVAC system, vent to the exterior, and be approved by the city building department as having adequate capacity. No patron under the age of 21 is allowed in a hookah bar.

(2) The term "hookah bar" does not include a department or section of a larger commercial establishment.

Place of employment means an area under the control of a public or private employer, including, but not limited to, work areas, private offices, employee lounges, restrooms, conference rooms, meeting rooms, classrooms, employee cafeterias, hallways, construction sites, temporary offices, and vehicles. A private residence is not a place of employment unless it is used as a child care, adult day care or health care facility.

Private club means an organization, whether incorporated or not, which is the owner, lessee, or occupant of a building or portion thereof used exclusively for club purposes at all times, which is operated solely for a recreational, fraternal, social, patriotic, political, benevolent, or athletic purpose, but not for pecuniary gain, and which only sells alcoholic beverages incidental to its operation. The affairs and management of the organization are conducted by a board of directors, executive committee, or similar body chosen by the members at an annual meeting. The organization has established bylaws and/or a constitution to govern its activities, requires applications to be filled out for membership, and maintains membership records that show the date of application, admission, name and address for each member, and serial number of the membership card issued. The organization has been granted an exemption from the payment of federal income tax as a club under 26 USC 501.

Public place means an area to which the public is permitted. A private residence is not a public place unless it is used as a child care, adult day care or health care facility.

Restaurant means an eating establishment, including, but not limited to, coffee shops, cafeterias, sandwich stands, and private and public school cafeterias, which gives or offers for sale food to the public, guests, or employees, as well as kitchens and catering facilities in which food is prepared on the premises for serving elsewhere. The term "restaurant" includes a bar area within the restaurant.

Retail tobacco stores means any person, government or entity licensed to sell tobacco products to individuals for personal consumption, or who operates a facility where self-service displays of tobacco products are permitted.

Service line means an indoor or outdoor line in which one or more persons are waiting for or receiving service of any kind, whether or not the service involves the exchange of money, including but not limited to, ATM lines, concert lines, food vendor lines, movie ticket lines, and sporting event lines.

Shopping mall means an enclosed public walkway or hall area that serves to connect retail or professional establishments.

(26) Theaters and other facilities primarily used for exhibiting motion pictures, stage dramas, lectures, musical recitals or other similar performances.

(27) Parking decks and parking facilities under the control of the city.

(c) *Regulation of smoking in places of employment.*

(1) Smoking shall be prohibited in all enclosed areas of places of employment located within the city, including, but not limited to: common work areas, auditoriums, classrooms, conference and meeting rooms, private offices, elevators, hallways, medical facilities, cafeterias, employee lounges, stairs, restrooms, vehicles.

(2) This prohibition also applies to rooms, chambers, places of meeting or public assembly, and other enclosed areas and vehicles owned, leased, or operated by the city, including areas under the control of an agency, board, commission, or committee of the city, to the extent the place is subject to the jurisdiction of the city.

(3) This prohibition on smoking shall be communicated to all existing employees by the effective date of the ordinance from

which this section is derived and to all prospective employees upon their application for employment.

(d) *Regulation of smoking in residential facilities.* Smoking shall be prohibited in the following enclosed residential facilities:

(1) All private and semiprivate rooms in nursing homes.

(2) All hotel and motel rooms that are rented to guests.

(e) *Regulation of smoking in outdoor public places.* Smoking shall be prohibited in the following outdoor places:

(1) In and within, seven feet outside entrances, windows, and ventilation systems of enclosed areas where smoking is prohibited, so as to prevent tobacco smoke from entering those areas.

(2) In and within, outdoor seating or serving areas of restaurants and bars located on public property.

(3) In all outdoor arenas, stadiums, and amphitheaters, smoking shall also be prohibited in, and within 30 feet of, bleachers and grandstands for use by spectators at sporting and other public events.

(4) In, and within seven feet of, all outdoor public transportation stations, platforms and shelters under the authority of the city.

(5) In all outdoor service lines.

(f) *Exemptions.* Notwithstanding any other provision of this section to the contrary, the following areas shall be exempted from the provisions of this section:

(1) Smoking shall not be prohibited in private residences, except when used as a childcare, adult day care, or health care facility.

(2) Cigar bars as defined in subsection (a) of this section. Cigar bars must satisfy all of the following:

a. Generates ten percent or more of its quarterly gross revenue from the sale of alcoholic beverages for consumption on the premises by customers;

b. Generates 80 percent or more of its quarterly gross revenue from the rental of humidors and the sale of cigars for consumption on the premises by customers;

c. Has a humidor on the premises;

d. Posts health warning signage that states: "Warning: Cigar smoking causes lung cancer, heart disease, and other forms of cancer. Cigar tobacco contains nicotine, tar and carcinogens. Cigar smoking is not a safe alternative to cigarette smoking." The signage must be prominent, clearly visible and posted in every room where smoking is permitted. The signage must be written in 48-inch font or greater. The warning must also be displayed prominently on each bar menu; and

e. Does not allow individuals under the age of 21 to enter the premises. Revenue generated from other tobacco sales, including cigarette vending machines, shall not be used to determine whether an establishment satisfies the definition of cigar bar.

(3) Hookah bars as defined in subsection (a) of this section. Hookah bar must satisfy all of the following:

a. The hookah bar must generate ten percent or more of its quarterly gross revenue from the sale of alcohol beverages from on premises consumption;

b. The hookah bar must generate 80 percent of its quarterly gross revenue from the sale of shisha for on-premises consumption and from the sale of accessories used for the smoking of shisha;

c. The hookah bar shall not allow individuals under the age of 21 to enter the premises;

d. Hookah bars shall post health warning signage that states: "Warning: Hookah smoking causes lung cancer,

heart disease, and other forms of cancer. Hookah tobacco (shisha) contains nicotine, tar and carcinogens. Hookah smoking is not a safe alternative to cigarette smoking." The signage must be prominent, clearly visible and posted in every room where smoking is permitted. The signage must be written in 48-inch font or greater. The warning must also be displayed prominently on each bar menu.

(4) Retail tobacco stores which are the sole occupant of the building in which they are located provided that smoke from these places do not infiltrate into areas where smoking is prohibited under provisions of this section and which derives at least 90 percent of its gross quarterly revenue from the sale of tobacco, tobacco products, or tobacco accessories, such as pipes matches, lighters and ashtrays. Revenue generated from cigarette vending machine sales shall not be used to determine whether a retail store satisfies this requirement.

(g) *Designation of an establishment or outdoor area as nonsmoking.* Notwithstanding any other provision of this section, an owner or other person in control of an establishment, facility, or outdoor area may declare that entire establishment, facility, or outdoor area as a nonsmoking place. Smoking shall be prohibited in any place in which a sign, conforming to the requirements of subsection (h) of this section, is posted.

(h) *Signage.* The owner, or other person in control of a public place or place of employment where smoking is prohibited by this section shall:

(1) Clearly and conspicuously post "No Smoking within seven feet" signs or the international "No Smoking within seven feet" symbol (consisting of a pictorial representation of a burning cigarette enclosed in a red circle with a red bar across it) in that place;

(2) Clearly and conspicuously post at every entrance to that place a sign stating that smoking is prohibited within seven feet;

(3) Clearly and conspicuously state on the "No Smoking" sign or the international "No Smoking" symbol the distance requirement that corresponds to the type of establishment in accordance with subsection (e) of this section; and

(4) Clearly and conspicuously post on every vehicle that constitutes a place of employment under this section at least one sign, visible from the exterior of the vehicle, stating that smoking is prohibited.

(i) *Nonretaliation; nonwaiver of rights.*

(1) No person or employer shall discharge, refuse to hire, or in any manner retaliate against an employee, applicant for employment, customer, because that employee, applicant, or customer exercises any rights afforded by this section or reports or attempts to prosecute a violation of this section. Notwithstanding subsection (k) of this section, a violation of this provision shall be a misdemeanor, punishable by a fine not to exceed $1,000.00 for each violation.

(2) An employee who works in a setting where an employer allows smoking does not waive or otherwise surrender any legal rights the employee may have against the employer or any other party.

(j) *Enforcement.*

(1) This section shall be enforced by any county health officer or his or her duly authorized representative, the fire marshal or duly authorized representative, any duly sworn police officer employed by the city, or as otherwise allowed by law.

(2) Notice of the provisions of this section shall be given to all applicants for a business license in the city.

(3) Any citizen who desires to register a complaint under this section may initiate enforcement with an entity responsible for enforcement, such as the Jefferson County department of health or police department.

(4) The county health department, the fire department or designees shall, while an establishment is undergoing otherwise mandated inspections, inspect for compliance with this section.

(5) Any owner, manager, operator, or employee of an area regulated by this section shall direct a person who is smoking in violation of this section to extinguish the product being smoked. If the person does not stop smoking, the owner, manager, operator, or employee shall refuse service and shall immediately ask the person to leave the premises. If the person in violation refuses to leave the premises, the owner, manager, operator, or employee shall contact a law enforcement agency.

(6) Notwithstanding any other provision of this section, an employee or private citizen may bring legal action to enforce this section.

(7) In addition to the remedies provided by the provisions of this section, the city, the county health officer or any person aggrieved by the failure of the owner, operator, manager or other person in control of a public place or a place of employment to comply with the provisions of this section may apply for injunctive relief to enforce those provisions in any court of competent jurisdiction.

(k) *Violations and penalties.*

(1) A person who violates this section commits a violation, punishable by a fine of $50.00 for each violation. A charge of violation shall be treated in the same manner as a traffic violation. Any law enforcement officer may issue a citation pursuant to this section.

(2) Except as otherwise provided in subsection (i)(1) of this section, a person who owns, manages, operates or otherwise controls a public place or place of employment and who fails to comply with the provisions of this section shall be guilty of an offense, punishable by a fine of:

a. $100.00 for a first violation.

b. $200.00 for a second violation within one year.

c. $500.00 for each additional violation within one year.

A charge of violation shall be treated in the same manner as a traffic violation.

(3) In addition to the fines established by this section, violation of this section by a person who owns, manages, operates, or otherwise controls a public place or place of employment may result in the suspension or revocation of any permit or license issued to the person for the premises on which the violation occurred.

(4) Violation of this section is hereby declared to be a public nuisance, which may be abated by the city, the county health officer, or a designee by restraining order, preliminary and permanent injunction, or other means provided for by law, and the entity or person seeking abatement may take action to recover the costs of the nuisance abatement.

(5) Each day on which a violation of this section occurs shall be considered a separate and distinct violation.

(l) *Other applicable laws.* This section shall not be interpreted or construed to permit smoking where it is otherwise restricted by other applicable laws.

(Code 1980, § 11-9-10; Ord. No. 87-75, pt. I, 4-28-1987; Ord. No. 90-54, § 1, 3-13-1990; Ord. No. 95-64, §§ 1, 2, 4-11-1995; Ord. No. 05-59, § 1, 4-5-2005; Ord. No. 12-52, § 2, 4-17-2012)

(Code 1980, § 11-9-11)

Sec. 11-9-12. Transportation tickets; dealing in nontransferable, free, etc., tickets.

(a) It shall be unlawful for any person to buy, sell or otherwise acquire or deal in or solicit the purchase or sale of any pass or other evidence of transportation issued by any railroad, railway, airline, steamboat or steamship or the person operating the same, which shows on its face that it was issued for free transportation.

(b) It shall be unlawful for any person to buy, sell or otherwise acquire or deal in or solicit the purchase or sale of any railroad, railway, airline, steamboat or steamship passenger ticket, or the unused portion thereof, or other evidence of passenger transportation, which on its face is a nontransferable mileage excursion or commutation ticket, where it appears upon such ticket or portion thereof, that the same was issued and sold below the regular schedule rate under contract with the original purchaser, whether such ticket was signed or unsigned by such original purchaser, and that such ticket, or portion thereof, is nontransferable and void in the hands of any person other than the original purchaser thereof.

(c) It shall be unlawful for any person to sell any other railroad, railway, airline, steamboat or steamship passenger ticket, or other evidence of passenger transportation, for any sum greater than that for which such ticket was originally sold.
(Code 1980, § 11-9-12)

Sec. 11-9-13. Sunday; duration; prohibited acts; permitted acts.

(a) Sunday shall be deemed to commence at 12:00 midnight Saturday night and to continue until 12:00 midnight Sunday night.

(b) No person shall do any worldly business or labor on Sunday, or compel or require any child, apprentice or servant to perform any labor on Sunday, except the customary domestic duties of daily necessity, comfort or works of charity; or keep open on Sunday any store, shop, warehouse or other building in which business is transacted, or goods of any description are kept for sale; or sell or offer for sale on that day any goods, wares or merchandise.

(c) The provision of subsection (b) of this section shall not apply to the following services, operations and acts; carriage of passengers or freight by any common carrier thereof; operation of any public utility; operation of airports, including concessions, facilities and activities in connection therewith; keeping open and operation of a drugstore; sale of automobile motor fuels and oils; sale of automobile parts and supplies; operation of a service for the relief of automobiles becoming disabled on Sunday; operation of a public storage garage; operation of an automobile livery service; operation of a bona fide restaurant devoted to the service of food to be consumed therein as well on week days as on Sundays; operation of delicatessen stores as defined under state law; operation of bona fide hotels; sale of newspapers by newsboys on the streets; sale of

newspapers and magazines by news dealers; polishing of boots and shoes by bootblacks; retail sale of tobaccos; operation of police and fire services and other municipal services; service of watching or guarding person or property; giving of concerts or entertainments; keeping open of municipal parks and recreational centers, together with concessions, facilities and activities in connection therewith for the purpose of enabling citizens to obtain rest and recreation; operation of swimming pools; operation of any manufacturing plant which has to be kept in continuous operation; playing or engaging in playing baseball, football, tennis or golf; operation of moving picture shows and vaudeville, whether admission is charged or not; operation of a service for the relief of boats and other related water recreational vehicles becoming disabled on Sunday; sale of marine motor oils and fuels, sale of marine parts and supplies.

Sec. 11-9-14. Conduct in ticket lines.

When people are in line for the purpose either of purchasing tickets for, or for admission to, an entertainment, amusement or sporting event, it shall be unlawful for a person to:

(1) Take a place in that line other than at the end of the line farthest from the point of purchase or admission; or

(2) Request that a person in that line purchase a ticket on behalf of another person.

(Code 1980, § 11-9-14; Ord. No. 84-149-A, § 1, 8-21-1984)

Sec. 11-9-15. Water restrictions during emergency.

(a) *Definitions.* For the purpose of this section, the following terms, phrases, words, and their derivations shall have the meaning given herein:

Board means the city waterworks board.

City means the City of Birmingham.

City council means the council of the City of Birmingham.

Declaration means the formal determination by the mayor, in consultation with such officials as he or she deems appropriate, that a water emergency exists in the city.

Even-numbered addresses.

(1) The term "even-numbered addresses" means the house address, box number or rural route ending in numbers 0, 2, 4, 6, 8 or the letters A—M, or at locations with no address at the even-numbered side of the street.

(2) The term "even numbered addresses" does not include post office box numbers.

Mayor means the mayor of the city.

Odd-numbered addresses.

(1) The term "odd-numbered addresses" means the house address, box number or rural route ending numbers 1, 3, 5, 7, 9 or letters N—Z, or at locations with no address at the odd numbered side of the street.

(2) The term "odd-numbered addresses" does not include post office box numbers.

Person means any person, firm, partnership, association, corporation, company or organization of any kind.

Water means water supplied by the city waterworks board either directly or indirectly by the board through another entity.

(b) *Declaration of a drought warning or drought emergency by the mayor.* The mayor may upon written request by the city waterworks board, or upon other determination by him or her in consultation with such officials as he or she deems appropriate, determine that a water service emergency exists in the city, and issue a declaration of a drought warning or drought emergency relating to such water service emergency. This section shall then become effective upon the publication of such declaration in a daily newspaper generally circulated in the city. The declaration of a drought warning or a drought emergency shall be announced at the next council meeting and a copy of the declaration of a drought warning or a drought emergency shall be posted at the city hall, all city library branches, all police department precincts and substations, and all fire department stations.

(c) *Application of section.* Upon the publication of declaration of a drought warning or a drought emergency pursuant to the provisions of subsection (b) of this section, the provisions of this section shall apply to all persons using water both in the city and outside the city, within its police jurisdiction. This section does not prohibit the use of water from any source other than water supplied by the board so long as the person using such water can identify that the water source being used is from a source other than the board.

(d) *Certain uses restricted or prohibited for drought warnings.* The use and withdrawal of water by any person, subsequent to the declaration and publication of a drought warning will be prohibited except under the following conditions:

(1) Outdoor watering shall be limited to two days per week as defined herein by

handwatering with a hose or bucket which does not include a spray device pursuant to the following guidelines:

a. Handwatering of established lawns and landscaping is allowed only during the hours of 9:00 p.m. to 9:00 a.m. on the days of the week defined herein. Even-numbered addresses should hand water established lawns and landscaping on Mondays and Thursdays only. Odd-numbered addresses should hand water established lawns and landscaping on Tuesdays and Fridays only.

b. New lawns and landscaping are exempt from the days of the week restrictions set out in subsection (d)(1)a of this section for the first 20 days after installation of the lawn or landscaping materials. However, in the first 20 days of installation, handwatering for new lawns and landscaping shall be limited to the minimum necessary and shall be permitted only during the hours of 9:00 p.m. to 9:00 a.m. After the first 20 days and up to the 30th day, subsequent to installation of new lawns and landscaping, handwatering shall be permitted on two days of the week, with even numbered addresses handwatering new lawns and landscaping on Mondays and Thursdays, and odd-numbered addresses handwatering new lawns and landscaping on Tuesdays and Fridays during the hours listed in this subsection. After the 30th day after the installation of lawns and landscaping, handwatering should be in accordance with the times and dates as provided in subsection (d)(1)a of this section. Documentation to verify the date of installation of new lawns and landscaping material shall be made available upon request to the chief of police or his or her designee.

c. Handwatering for the purpose of watering in insecticides, fungicides, and herbicides, where such watering is required by the manufacturers or by the federal, state or local government, shall be conducted on the schedule above for established lawns and shall be hand watered during the hours of 9:00 p.m. to 9:00 a.m. only.

d. Use of fire hydrants for any purpose except for firefighting, or flushing sewers for health protection purposes shall be prohibited.

e. Watering of any portion of golf courses except for tees and greens shall be prohibited. The watering of tees and greens is allowed on Mondays; Wednesdays and Fridays between the hours of 1:00 a.m. and 5:00 a.m.

f. Commercial nurseries are exempt from the day of the week restrictions set out in subsection (d)(1)a of this section but shall restrict water use to the minimum amount necessary to maintain plants. Commercial nurseries shall refrain from watering between the hours of 10:00 a.m. and 4:00 p.m.

g. City-owned or -controlled athletic fields may be watered Wednesdays and Saturdays between the hours of 4:00 a.m. and 9:00 a.m.

h. Newly constructed or existing public and private swimming pools, including outdoor hot tubs, spas and Jacuzzis, may be filled once upon completion. A one-time draining and subsequent refilling of swimming pools is allowed only for repairs if conditions threaten the integrity of the pool and/or its supporting infrastructure.

(2) Vehicle washing not permitted; exception.

a. The washing of personal vehicles, trucks, trailers, mobile homes, campers, boats, other type motor vehicles or equipment shall not be permitted except as provided in subsection (d)(2)b of this section.

b. The washing of nonemergency vehicles shall be permitted when such washing is performed by a business engaged exclusively in the washing of vehicles. Such operation is permitted only between the hours of 10:00 a.m. and 4:00 p.m. Businesses engaged in washing vehicles by automated means that use only recycled water shall not be restricted in their hours of operation. Automobile dealerships shall be permitted to wash vehicles to prepare for delivery of new or used vehicles to their customers or when necessary to prepare vehicles for maintenance or repair. These exceptions only apply to duly licensed businesses within the city limits, and upon request by any city police officer such business license shall be made available for review.

(e) *Certain uses restricted or prohibited for drought emergencies.* The use and withdrawal of water by any person, subsequent to the declaration and publication of a drought emergency, for the following purposes will be prohibited:

(1) *Outdoor watering.* The sprinkling, watering or irrigating of trees, shrubbery, lawns, grass, ground covers, plants, vines, gardens, vegetables, flowers, or any other vegetation.

(2) *Washing mobile equipment.* The washing of automobiles, trucks, trailers, trailer houses, railroad cars, or any other type of mobile equipment.

(3) *Cleaning outdoor surfaces.* The washing of sidewalks, driveways, filling station aprons, porches and other outdoor surfaces.

(4) *Cleaning buildings.* The washing of the outside of dwellings; the washing of the inside and outside of office buildings.

(5) *Cleaning equipment and machinery.* The washing and cleaning of any business or industrial equipment or machinery.

(6) *Ornamental fountains.* The operation of any ornamental fountain or other structure making a similar use of water.

(7) *Swimming pools.* Swimming and wading pools not employing a filter and recirculation system.

(8) *Golf courses.* The watering of any portion of golf courses.

(f) *Exception to maintain sanitation.* The Jefferson County Health Officer shall have the authority to permit a reasonable use of water in any case necessary to maintain adequate health and sanitation standards, but such reasonable use shall not include any uses restricted or prohibited by subsections (d) and (e) of this section. Additionally, notwithstanding any other provisions of this section, the mayor may permit the watering of city-owned or -controlled athletic fields when the mayor, in his or her sole discretion, determines that said athletic fields are hazardous to the health and safety of children, by being too hard by virtue of a lack of water. The mayor may permit the watering of such athletic fields to the extent necessary to abate the hazard to the health and safety of such children.

(g) *Enforcement.* Upon publication of a declaration of a drought warning or a drought emergency by the mayor pursuant to subsections (d) and (e) of this section:

(1) *Police officers enforce.* Every police officer of the city shall, in connection with his or her duties imposed by law, diligently enforce the provisions of this section.

(2) *Contrary use.* No person shall knowingly or intentionally allow the use of water supplied by the board for any use, residential, commercial, industrial, agricultural, governmental, or any other purposes in a manner contrary to the provisions of this section.

(3) *Violations.* Any person, including a person classified as a water customer of the board in apparent control of the property where a violation occurs or originates, shall be presumed to be the violator, and proof that the violation occurred on the

person's property shall constitute a rebuttable presumption that the person in apparent control of the property committed the violation, but any such person shall have the right to rebut that such person did not commit the violation. Parents shall be presumed to be responsible for violations of their minor children and proof of a violation, committed by a minor child, occurred on property within the parent's control shall constitute a rebuttable presumption that the parents committed the violation, but any such parent may be excused if the parent provides that such parent has previously directed the minor child not to use water as it was used in violation of this section and that the parent could not have reasonably known of the violation.

(h) *Penalties.* Any person who shall violate or who permits the violation of any provision of this section or shall do any act prohibited hereby shall, upon conviction thereof, be punished by a fine not to exceed $500.00 or by imprisonment not to exceed 180 days in the city jail, or by both such fine and imprisonment. Each day on which a violation occurs or continues shall be deemed a separate offense.

(Code 1980, § 11-9-15; Ord. No. 88-93, §§ 1—7, 6-28-1988; Ord. No. 07-105, 6-19-2007; Ord. No. 07-131, § 1, 7-24-2007)

Sec. 11-9-16. Sale of goods during city stages.

No person shall sell, offer for sale or expose for sale any goods or personal property of any character whatsoever upon public streets, alleys or sidewalks within the area bounded on the south by Third Avenue North, on the west by 16th Street North, on the north by Ninth Avenue North, and on the east by 22nd Street North, at any time during the Friday, Saturday and Sunday in June which includes Father's Day and during which time "City Stages," an outdoor arts and music festival, is being conducted in this area; provided that any concessionaire licensed by the Birmingham Cultural and Heritage Foundation shall be exempt from the provisions of this section to the extent such concessionaire is authorized to offer for sale specified goods or services.

(Code 1980, § 11-9-16; Ord. No. 91-102, 5-28-1991; Ord. No. 00-74, § 1, 5-9-2000)

CHAPTER 1. ADVERTISING

Sec. 12-1-1. False or deceptive advertising prohibited.

(a) No person, knowingly or negligently, with intent to sell or in anywise dispose of merchandise, commodities, securities, services or anything offered by such person, directly or indirectly, to the public for sale or distribution or with intent to increase the consumption or use thereof, or to induce the public in any manner to enter into any obligation relating thereto, or to acquire title thereto, or an interest therein, shall make, publish, disseminate, circulate or place before the public, or cause, directly or indirectly, to be made, published, disseminated, circulated or placed before the public, in the city, in a newspaper or other publication, or in the form of a book, notice, handbill, poster, bill, circular, pamphlet or letter, or in any other way, an advertisement of any sort regarding merchandise, commodities, securities, services or anything so offered to the public which advertisement contains any assertion, representation or statement which is untrue, deceptive or misleading.

(b) No person shall print, publish, disseminate, circulate or cause the same to be done in the city in any newspaper or other publication or in the form of a book, notice, handbill, poster, bill, circular, pamphlet or letter or in any other manner, any notice or advertisement of any sort regarding merchandise, commodities, securities, services or anything offered for sale or distribution to the public, which notice or advertisement contains any assertion, representation or statement which is untrue, deceptive or misleading when such person has notice or knowledge that the same is untrue, deceptive or misleading.

(c) No person in response to an offer to purchase any merchandise, commodity, securities, services or other thing, so advertised, shall knowingly or negligently deliver any merchandise, commodity, securities or other thing, different from that so advertised and offered to be purchased, without having previously informed the purchaser of the substitution or intended substitution.
(Code 1964, § 3-1; Code 1980, § 12-1-1)

State law reference—Deceptive Trade Practices Act, Code of Ala. 1975, § 8-19-1 et seq.

Sec. 12-1-2. Posting advertisements on fences, buildings, poles, viaducts, etc.

Any person who posts, tacks or paints, or causes to be posted, tacked or painted any bill, sign, graffiti or advertisement on any lamppost, telephone or telegraph pole, or on any post supporting the same, or upon any tree or tree box or guard, or upon any viaduct, underpass or other structure, within, upon or over any public way, or any person who, without consent of the owner, paints, tacks or posts any bill, circular, graffiti or advertisement on any fence, building or other structure on private property, shall, on conviction, be punished as provided in section 1-1-6. It shall be the duty of any person having posted, tacked, painted or caused to be posted, tacked or painted any bill, sign, graffiti or advertisement on any object or structure prohibited under this section to remove the same, and it shall be unlawful for such person to permit or allow such bill, sign, graffiti or advertisement to remain on such structure. If the perpetrator cannot be identified, it shall be the responsibility of the property owner to remove the same within 15 days. This prohibition shall not apply to local public transit systems, including ones that are owned and operated by the public for public use, who shall be allowed to install signage on bus stop shelters or public bike share kiosks, subject to local, state, and federal laws, including the City of Birmingham Zoning Ordinance, as now or may be amended.
(Code 1964, § 3-2; Code 1980, § 12-1-2; Ord. No. 15-41, § 1, 4-14-2015)

Sec. 12-1-3. Distributing handbills, circulars, etc., containing commercial advertising generally.

It shall be unlawful for any person to distribute upon any street or sidewalk of the city any circular, handbill, card or poster containing advertising matter which is primarily commercial in nature, object or purpose; provided that this section shall not apply to the distribution of newspapers carrying advertising matter nor to circulars, handbills, cards and posters exclusively advertising the candidacy of any

person for public office or containing matter primarily of a political or religious nature or relating primarily to a labor dispute.
(Code 1964, § 3-3; Code 1980, § 12-1-3)

Sec. 12-1-4. Placing handbills, etc., on private premises.

It shall be unlawful for any person to throw, place or drop, or cause to be thrown, placed or dropped, any handbill, dodger, circular or other similar matter on any lot or private premises of another without the consent of such other.
(Code 1964, § 3-4; Code 1980, § 12-1-4)

Sec. 12-1-5. Placing advertisements in or on parked vehicles.

It shall be unlawful for any person to place any written or printed advertising matter in or attach any such advertisement to any part of any vehicle while the same is parked upon any public street or alley of the city, without first having obtained the consent of the owner of such vehicle to do so.
(Code 1964, § 3-5; Code 1980, § 12-1-5)

Sec. 12-1-6. Display of advertising on awnings.

It shall be unlawful to post or otherwise display any bill, announcement, sign or other advertising on any awning which extends over any street or other public place in the city.
(Code 1964, § 3-6; Code 1980, § 12-1-6)

Sec. 12-1-7. Noisy and obnoxious advertising.

(a) It shall be unlawful for the proprietor, manager or other person in charge or control of any place of business in the city to advertise, or attempt to attract attention, to such place of business, or any article of merchandise therein, or any business, sale or event being conducted therein, by causing or allowing any radio, phonograph, phonograph record, bell, drum, horn or other instrument located upon, at or in such place of business, to be played, operated or sounded in such manner that the sound created, emitted or transmitted by such instrument shall be audible to persons upon any public street of the city; provided that it shall be lawful from time to time to demonstrate any such instrument to prospective purchasers thereof in such place of business, notwithstanding resultant sound may escape to a public street; and provided further, that the provisions of this subsection (a) shall not apply to any type of carillon which is located in or on any premises in the city and is played, operated or sounded so as to cause music or musical notes or a time strike to emanate from such carillon or from amplifiers attached thereto and located in or on the same premises.

(b) It shall be unlawful for any person to drum or solicit any person on any sidewalk or street in the city, either orally or by means of cards or handbills, to enter any store or other place of business for the purpose of buying, or negotiating for the sale of, any goods, wares or merchandise, or for the rendition of any service.

(c) It shall be unlawful for any person to advertise from any vehicle upon any street or other public way by means of any loud speaker, amplifier, radio, phonograph, phonograph record, bell, drum, horn or other instrument, or by any other loud noise, within that portion of the city bounded on the north by the north line of Eighth Avenue, North, on the east by the east line of Twenty-Third Street, on the south by the south line of Morris Avenue, and on the west by the west line of Seventeenth Street, or within a radius of one block of any school or hospital, or within a radius of one block of any church on Sunday.

(d) It shall be unlawful for any person to advertise from any vehicle upon any street or other public way by means of any loudspeaker, amplifier, radio, victrola, victrola record, bell, drum, horn or other instrument, or by any other loud noise, within the city between the hours of 7:00 p.m. and 9:00 a.m.

CHAPTER 2. AMBULANCES*

ARTICLE A. GENERAL PROVISIONS

Sec. 12-2-1. Purpose, applicability, title.

(a) The provisions of this chapter shall apply to the operation of any ambulance which has a patient pickup point within the city, except when operated by the Birmingham Fire and Rescue Service, a volunteer rescue squad that is a member of the Alabama Association of Rescue Squads, Inc., and which furnishes ambulance service to the public, a business or company which provides free ambulance service to their employees, an ambulance service owned by the county, a municipality or any other political subdivision of the state or federal government, or when the transport of the patient began outside of the city and the patient is not admitted to the medical facility to which he was first delivered. The provisions of this chapter shall not apply to the transportation of deceased persons.

(b) In order to lessen congestion caused by emergency vehicles and to provide for the safety of pedestrians and vehicles on the public streets, to facilitate the prompt and coordinated dispatch of emergency transport vehicles when needed to protect life, safety and health, and to further preserve and promote the health, safety and welfare of its citizens, the city designates the Birmingham Fire and Rescue Service as the sole emergency transport service provider for all emergency calls and 911 calls within the city and its police jurisdiction and establishes the following procedures, rules and regulations for ambulances in the city as set out herein. Notwithstanding any other provision of this section to the contrary, fees for ambulance services provided by the Birmingham Fire and Rescue Service shall be as provided in section 12-2-41 of the General Code of the City of Birmingham.

(c) In order to assure that commercial ambulances operated in the city are properly operated, staffed, equipped, and financially accountable, the council enacts this chapter. The chapter is intended to also assure that backup ambulances are available if the available resources of Birmingham Fire and Rescue Service are already committed.

(d) This chapter shall be known as the Commercial Ambulance and Transportation Ordinance of the City of Birmingham, Alabama.
(Code 1980, § 12-2-1; Ord. No. 93-252, § 1, 10-26-1993; Ord. No. 99-70, § 1(12-2-1), 5-11-1999; Ord. No. 12-165, § 1(12-2-1), 12-18-2012; Ord. No. 18-26, § 1, 2-9-2018)

Sec. 12-2-2. Definitions.

For the purpose of this chapter, the following words, terms, phrases and their derivations shall have the meanings respectively ascribed thereto by this section. When not inconsistent with the context, words used in the present tense include the future, words in the plural number include the singular number and words in the singular number include the plural number, the use of the words "he," "him," and "his" shall include both the masculine and feminine. The term "shall" is mandatory and the term "may" is permissive. Words not defined shall be given their common and ordinary meanings. For the purpose of this chapter, those terms used and defined in Alabama Administrative Code, chapter 420-2-1, "Alabama Emergency Medical Services," shall have the meaning given those terms in Alabama Administrative Code, chapter 420-2-1, as now or hereafter amended.

Ambulance means a commercial vehicle equipped and used for the purpose of transporting the wounded, injured or sick, which is owned and/or operated by a person doing business within the city and shall include but is not restricted to emergency vehicles used for such purposes.

Ambulance call means the act of responding with an ambulance for the purpose of transporting and/or treating any patient for compensation.

Backup plan means the plan detailing circumstances when a licensed commercial ambulance service may be required to respond to

*__State law reference—__Ambulances generally, Code of Ala. 1975, § 22-18-1 et seq.

emergency calls in the city, as set out herein. The backup plan shall be established according to the procedures for promulgation of additional standards and regulations as set out in section 12-2-10, as amended.

Basic life support (BLS) means the response to and treatment of a patient by procedures recognized by the state department of public health as being within the scope of practice of an EMT-basic which may also include transportation of the patient.

Birmingham Regional Emergency Medical Services System (BREMSS) means the regional EMS organization as recognized by state law and contract with the state department of public health to perform regional EMS functions.

Centers for Medicare and Medicaid services (CMS) means a federal agency that determines payment formulas for Medicare/Medicaid payments.

Commercial ambulance means an ambulance as defined in this section.

Driver means any individual who for compensation drives or attempts to drive any ambulance and who is responsible for the safe transport of the patient and ambulance EMTs.

Emergency means any occurrence or situation involving illness, injury or disability requiring immediate medical services, wherein delay in the provision of such services is likely to aggravate the condition and endanger the personal health or safety of the patient.

Emergency medical dispatch means a system by which calls are prioritized into emergency or nonemergency categories through a series of algorithm-based questions asked by the call takers in the EMS dispatch center.

Emergency medical dispatcher means an individual employed in the EMS dispatch center who has completed a nationally recognized emergency medical dispatch course of instruction to become an emergency medical dispatcher.

Emergency medical services (EMS) means those prehospital functions and services which are necessary to prepare for and respond to emergencies and basic life support services, including rescue, transportation, treatment, triage, communications, evaluation and public education.

Emergency medical services (EMS) committee means a committee established by the city council to survey, evaluate and provide recommendations for improving all aspects of the city's emergency medical care; and investigate, study, advise and recommend minimum standards for care of emergency victims patients including mass casualty incidents; and other responsibilities as provided herein.

Emergency medical services (EMS) dispatch center means the fire communications center of the city fire and rescue service from which all E-911 and emergency call dispatches originate.

Emergency response means a response in which it is believed that the illness, injury or disability requires immediate medical services wherein delay of such services may endanger personal health or safety. This call shall be accomplished with use of all warning devices and lights.

Fire and rescue service (BFRS) means the fire and rescue service of the city.

Fire chief means the chief of the fire and rescue service of the city or his or her duly authorized representative.

Ground ambulance means a motor vehicle intended to be used for and maintained or operated for the transportation of persons who are sick or injured to a medical care facility.

Hospital to hospital means the transport of an admitted hospital patient to another hospital for treatment or admission.

Interfacility emergency ALS transfer means the transfer of a patient requiring EMT paramedic or EMT intermediate level of care, where more advanced procedures are to be performed such as the monitoring of IVs or drugs, from one health care facility to another.

Medical control physician means a physician licensed to practice medicine in the state, knowledgeable in the applicable medical protocols, radio procedures and general operating policies of the city's regional emergency medical services

system (BREMSS), the city and the state department of public health and from whom ambulance personnel shall take medical direction in person, by radio or by remote communications device, subject to the provisions of this chapter.

Medical direction.

(1) *On-line* means medical direction given EMS personnel by a base station medical control physician through direct voice contact, with or without vital signs and/or telemetry, as required by applicable medical protocols.

(2) *Off-line* means written medical direction by a medical control physician through the use of protocols, treatment guidelines, quality assurance and medical liaison for a specific emergency medical service.

Medical protocol means a series of written statements of standard procedure which is a part

of the approved BREMSS medical control accountability plan (MCAP) and approved by the state department of public health as the normal standard of prehospital care for a given clinical condition.

Medical review means a monthly review of emergency medical reports and procedures by the off-line medical control for quality assurance purposes.

Nonemergency response means a response that does not require the use of warning devices, including but not limited to interhospital transfers, discharges to home, visits to physicians offices and the transport of the deceased patients to funeral homes.

Nonscheduled event. Transport of a patient to an emergency department is by definition a nonscheduled event.

Nursing home to hospital means the transport of a nursing home resident to a clinic or physician's office to undergo procedures listed in the patient's nursing care plan or to otherwise be present for scheduled appointments with various types of medical practitioners.

Off-line medical director means the licensed physician appointed by any EMS provider to serve as its medical director.

Owner means a person engaged in business as the owner, manager, officer or proprietor of a company, firm or organization providing commercial ambulance service within the city.

Patient means any individual who is sick, injured, or wounded and in need of medical care and transportation.

Police chief means the chief of the police department of the city or his or her duly authorized representative.

Specialty care transport (SCT) means the interhospital transportation by an ambulance vehicle of a critically injured or ill patient at a level of service beyond the scope of the EMT-paramedic. SCT is necessary when a patient's condition requires ongoing care that must be furnished by one or more health professionals in an appropriate specialty area, for example, emergency or critical care nursing, emergency medicine, respiratory care, cardiovascular care or a paramedic with additional training and certification.

State medical control committee means the committee appointed by the state department of public health for the purpose of regulating emergency medical services in the state.

(Code 1980, § 12-2-2; Ord. No. 93-252, § 1, 10-26-1993; Ord. No. 99-70, § 1(12-2-2), 5-11-1999; Ord. No. 12-165, § 1(12-2-2), 12-18-2012)

Sec. 12-2-3. Emergency medical calls.

The BFRS shall be the primary responder to all calls of an emergency medical nature within the city whether received through E-911, forwarded from other agencies, or transferred from other agencies.

(1) In the event an ambulance receives a call for service which requires a response to an emergency, the ambulance company shall immediately transfer or forward such call to the city fire and rescue service if the location of the patient or incident is within the city.

(2) It shall be unlawful for an ambulance service dispatcher to fail to transfer or forward an emergency call to the BFRS dispatcher.

(3) It shall be unlawful for an ambulance EMT or ambulance company to make an emergency response on the city streets or to any location within the city without having been requested by the fire and rescue service or except as provided in other sections of this chapter.

(4) Failure to comply may result in a fine of up to $500.00.

(Code 1980, § 12-2-3; Ord. No. 93-252, § 1, 10-26-1993; Ord. No. 99-70, § 1(12-2-3), 5-11-1999; Ord. No. 12-165, § 1(12-2-3), 12-18-2012)

Sec. 12-2-4. Duty of the fire chief.

It shall be the duty and responsibility of the fire chief to administer the provisions of this chapter with regard to medical quality compli-

ance and to investigate along with the police chief all complaints involving any type of ambulance service within the city.
(Code 1980, § 12-2-4; Ord. No. 93-252, § 1, 10-26-1993)

Sec. 12-2-5. Use of emergency warning devices.

(a) It shall be unlawful for an ambulance which has responded to a non-emergency call to proceed to the hospital or other destination with the use of emergency warning equipment upon the city streets unless the fire and rescue service dispatcher or E-911 Operator No. 4 has been notified of the circumstances surrounding the call and the need to use emergency warning equipment.

(b) No clearance shall be necessary for patients being transported from a point of pickup to a physician's office, clinic, nursing home, funeral home or morgue; however, emergency warning equipment is not authorized and is illegal for such transports.

(c) Failure to comply may result in a fine of up to $500.00.
(Code 1980, § 12-2-5; Ord. No. 93-252, § 1, 10-26-1993; Ord. No. 99-70, § 1(12-2-5), 5-11-1999; Ord. No. 12-165, § 1(12-2-5), 12-18-2012)

Sec. 12-2-6. Obedience to traffic laws, ordinances or regulations.

(a) When the driver of any ambulance has been authorized to utilize lights and sirens by the city fire and rescue service he or she may:

(1) Stop, stand or park the ambulance in any place in order to provide medical services irrespective of the otherwise applicable provisions of law, ordinance or regulation;

(2) Proceed with warning devices operating past a red or stop signal or stop sign, but only after slowing down as is necessary for safe operation;

(3) Exceed the maximum speed limits permitted by law, ordinance or regulation; provided, however, that any governing directives issued by the city's chief of police are obeyed and that life and property are not endangered thereby;

(4) While operating warning devices, disregard operating laws, ordinances and regulations governing directions or movements or turning in specified directions.

(b) The provisions of subsection (a) of this section shall not operate to relieve the driver of any ambulance from the duty to drive with due regard for the safety of all persons, nor shall such provisions protect the driver from the consequences of his or her reckless disregard for the safety of others.
(Code 1980, § 12-2-6; Ord. No. 93-252, § 1, 10-26-1993; Ord. No. 12-165, § 1(12-2-6), 12-18-2012)

Sec. 12-2-7. Reserved.

Sec. 12-2-8. Unlawful or prohibited acts.

(a) It shall be unlawful for any person or ambulance service to intentionally or knowingly:

(1) Follow any police car or fire department apparatus which is traveling in response to any emergency call on the streets of the city or to follow any fire apparatus or police vehicle to or near the scene of an emergency call on the streets of the city.

(2) Solicit on the streets of the city the business of transporting emergency injured or sick persons; provided that this prohibition shall not be construed to prohibit lawful advertisements.

(3) Intercept by any means any fire or police radio or telephone communication that is reasonably accessible to the public concerning traffic accidents or other medical emergencies on the streets of the city and divulge or publish the existence, contents, substance, purpose, effect or meaning of such intercepted communication for the purpose of benefiting an owner of or an agent of an owner of a commercial ambulance service. No electronic equipment capable of receiving or transmitting on city fire or police department communications frequencies may be installed in any commercial ambulance, ambulance company vehicle, ambulance company office or dispatch center.

(4) Use a uniform, insignia, badge, title, identification card or vehicle marking that either closely resembles or mimics those of the fire and rescue service or for a permit holder and/or its employees to use any uniform, insignia, badge, title, identification card or vehicle marking which has not been authorized by the fire chief.

(6) Request the services of any ambulance which is not licensed or permitted or exempted therefrom in accordance with the provisions of this chapter.

(7) Make or cause another to make a request for ambulance service or assistance unless that person has some cause to believe that a medical need exists. It shall be prima facie evidence of a violation of this section if a person requests or causes another to request ambulance service or assistance and then fails to seek medical examination or treatment.

(8) Make or cause another to make a request for a licensed commercial ambulance service to make an emergency response to or from any location within the city for any reason except as described herein.

(9) Enter into a contract to provide emergency response to or from any location within the city for any reason except as described herein.

(b) No person licensed solely as an ambulance driver (a person who is not a licensed EMT) by the state department of public health shall operate or be employed on an ambulance that picks up emergency patients in the city.

(c) Failure to comply may result in a fine of up to $500.00.

(Code 1980, § 12-2-8; Ord. No. 93-252, § 1, 10-26-1993; Ord. No. 99-70, § 1(12-2-8), 5-11-1999; Ord. No. 12-165, § 1(12-2-8), 12-18-2012)

Sec. 12-2-9. Complaint procedure.

(a) Any member of the public having a complaint regarding service and/or charges shall first notify the person at the ambulance company or at the police/fire department as listed on the schedule of charges. The police/fire department shall forward a copy of any complaints it receives to the ambulance company. The ambulance company shall notify the complainant in writing within ten days of receipt of the complaint as to the outcome of the complaint and the procedure to be followed to appeal any complaints which are not resolved satisfactorily. Any person desiring to appeal such review shall file a written complaint with the EMS committee within ten days of receipt of the ambulance company's response.

(b) Any ambulance company or employee thereof having a complaint against another ambulance company or one of its employees shall first notify the fire chief in writing. The fire chief shall cause the charges to be investigated and notify the complainant in writing within ten days of receipt of the complaint as to the outcome and the procedure to be followed to appeal any complaints which are not resolved to the complainant's satisfaction. Any person desiring to appeal such review shall file a written complaint with the EMS committee within ten days of receipt of the fire chiefs response.

(c) Upon receipt of any such complaint, the EMS committee or an appointed subcommittee shall hold a hearing on such complaint within 30 days. The EMS committee or subcommittee hearing the complaint shall make a written report within seven business days to the fire chief, police chief, complainant and ambulance company, stating their findings. Such decision shall be final.

(d) The ambulance company shall keep a record of all complaints and how each is resolved for the preceding 24-month period when the call that is the subject of the complaint originates within the city.

(Code 1980, § 12-2-9; Ord. No. 93-252, § 1, 10-26-1993; Ord. No. 99-70, § 1(12-2-9), 5-11-1999; Ord. No. 12-165, § 1(12-2-9), 12-18-2012)

Sec. 12-2-10. Promulgation of additional standards and regulations.

(a) The chief of police and fire chief are hereby authorized to establish, with the approval and concurrence of the EMS committee, additional

procedures, standards and regulations for the administration of this chapter and operation of ambulances by permit holders not in conflict with any provision of this chapter. Such standards and regulations shall include and set forth the procedures to be followed in processing and handling complaints against permit holders made to the city, may clarify any provision of this chapter and may establish any procedure necessary to the accomplishment of the provisions of this chapter.

(b) Such standards and regulations as shall be established in accordance with subsection (a) of this section and the effective date of implementation of such changes, which date shall be a minimum of 30 days subsequent to the date of said notice, shall be mailed to all permit holders hereunder. If no written objections are made 14 days prior to the scheduled implementation date such changes shall forthwith take effect.

(c) Any ambulance company objecting to any proposed standard or regulation shall notify the fire chief in writing detailing such complaint at least 14 days prior to the effective date of implementation as stated in the notice. Any such items objected to shall be reviewed by the fire chief, police chief and the EMS committee prior to the effective date of implementation and a written response given to the complainant. If such response results in amendments to the standards and regulations and/or the implementation date all ambulance companies shall be given written notice of such changes as provided herein.

(d) The standards and regulations, or any part thereof, as provided herein, may be revoked at any time by appropriate action of the council. (Code 1980, § 12-2-10; Ord. No. 93-252, § 1, 10-26-1993; Ord. No. 99-70, § 1(12-2-10), 5-11-1999; Ord. No. 12-165, § 1(12-2-10), 12-18-2012)

ARTICLE B. PERMITS

Sec. 12-2-11. Permit to provide ambulance service, decals, licenses and insurance required; nontransferable; exemption.

(a) No ambulance shall operate on any street of the city without having first been issued an annual ambulance permit and a decal for each ambulance from the fire chief, an annual business license from the director of finance of the city and current and valid insurance as provided herein. The annual decal shall not be transferred from one vehicle to another. The ambulance decal shall be issued by the city upon submission of proof that the ambulance has a current inspection (within one year of the previous inspection) by state department of public health 10 EMST. In addition to the standards listed in this section, the city, at its discretion, may inspect any ambulance operating on any street of the city applying the following standards:

(1) The cost of inspection services for each ambulance, selected by the city for inspection or an ambulance that does not hold a current state department of public health 10 EMST inspection, shall be $25.00.

(2) Inspection fees for the number of ambulances to be inspected shall be due at the time the annual application is submitted.

(3) Ambulance inspection appointments shall be made for each ambulance company.

(4) Ambulance inspection fees must be paid at the time the inspection appointments are made.

(5) Ambulance inspection fees will be forfeited if the ambulance is not present at the inspection area at the time of its appointment unless 24 hours' notice is given to the BFRS EMS director or his or her designee.

(6) Ambulances for which the inspection fee has been forfeited will be required to pay an additional fee of $25.00 at the time of inspection.

(7) Any ambulance which does not meet the inspection may be reinspected one time at no additional charge. Any ambulance that does not meet the inspection criteria two times will require payment of an additional $25.00 fee at the time of any subsequent inspection.

(b) All licenses and permits which are issued pursuant to the provisions of this chapter are nontransferable. Any change or transfer of owner-

ship shall terminate such licenses and permits and shall require a new application in conformance with all the requirements of this chapter as upon an original application.

(c) Violation of subsection (a) of this section may result in a fine of up to $500.00.

(d) Notwithstanding the provisions of subsection (a) of this section, the fire chief is authorized to issue temporary, one-time permits for the use of ambulances to support any operation by any licensed health-care facility making an entire relocation from one premises within the city to another premises within the city under the following conditions:

(1) The ambulance company must hold a current, valid City of Birmingham annual ambulance permit and business license;

(2) The ambulance company shall only use ALS ambulances holding current, valid state department of public health authorization to operation in the state;

(3) Personnel staffing the ALS ambulances must comply with all state department of public health permit requirements;

(4) The ambulance company must show proof of insurance in compliance with the provisions of Title 12, Chapter 2 of this Code;

(5) The ambulance company shall submit proof of compliance with the above-listed requirements on a form prescribed by the fire chief;

(6) The form shall be accompanied by a fee of $25.00 per unit to be used in the relocation operation that does not have a current city annual ambulance permit;

(7) The fire chief may issue the temporary permit for a period of time to accommodate the complete relocation of all patients from one facility to another facility within the city, not to exceed seven days;

(8) The ambulance company shall provide to the fire chief at least 72 hours in advance of the anticipated move start time a completed ambulance service permit request for each ALS ambulance as well as the additional emergency medical services personnel with the state license number, name of licensee and certification level of the license;

(9) Each ambulance service shall ensure that each ALS ambulance permitted under this subsection displays the temporary permit, in a form prescribed by the fire chief, on the driver's side dashboard at all times during the relocation event.

(Code 1980, § 12-2-11; Ord. No. 93-252, § 1, 10-26-1993; Ord. No. 99-70, § 1(12-2-11), 5-11-1999; Ord. No. 12-165, § 1(12-2-11), 12-18-2012; Ord. No. 15-121, § 1, 8-25-2015)

Sec. 12-2-12. Requirement exceptions.

No annual permit shall be required for any person operating an ambulance or other vehicle under the following conditions:

(1) Rendering assistance during any catastrophe or major emergency when the ambulances authorized to operate in the city by annual permit are either insufficient in number or inadequate for any other reason as determined by the fire chief or fire dispatch center.

(2) Operating an ambulance brought into the city solely for the purpose of a drill or training exercise.

(3) Specialty care transport units which are owned and operated by hospitals located within the city.

(4) Operation of air ambulances and fixed-wing aircraft that do not conduct scene flights.

(Code 1980, § 12-2-12; Ord. No. 93-252, § 1, 10-26-1993; Ord. No. 99-70, § 1(12-2-12), 5-11-1999; Ord. No. 12-165, § 1(12-2-12), 12-18-2012)

Sec. 12-2-13. Application for annual permit.

Applications for an annual permit for the operation of an ambulance within the city shall be in writing, signed and sworn to by the applicant and accompanied by an annual permit fee of $400.00, and shall be filed with the fire chief on

such forms as may be prepared by the fire chief and shall contain at least the following information:

(1) The trade name under which the applicant does or proposes to do business; if the applicant is an individual, the name, age and address of the applicant and the length of time the applicant has resided in the city; or if a partnership or association, the business name thereof and the name, age and address of each partner and the length of time each partner has resided in the city; or if a corporation, the names and addresses of all officers and directors of such corporation.

(2) The number of vehicles the applicant desires to have included under its permit and the class, size, design and color scheme, insignia, name, monogram or other distinguishing characteristics to be used to designate the applicant's vehicle.

(3) Whether or not the applicant has ever been convicted of any federal or state crime, or a violation of any city ordinance, the disposition of same and place of conviction.

(4) Whether or not the applicant, his or her associates or employees have any claims or judgments against them for damages resulting from the negligent operation of an ambulance, or any other vehicle, the disposition of same and place of claim or judgment.

(5) Documentation from the applicant's insurance carrier, stating that the insurance required hereunder is available to the applicant and that such coverage is or will be provided prior to the issuance of the annual permit to operate hereunder.

(6) The training, experience, and credentials of the applicant and any employees of the applicant in the transportation and care of patients. This roster must be updated quarterly and be mailed or delivered to the fire chief or his or her designee.

(7) A description of each ambulance, to include its exterior colors; equipment; the make, model, and year of manufacture; vehicle identification number; motor and chassis number; current state license number; and the length of time the vehicle has been in use. This roster must be updated each time an ambulance used for patient transport in the city is permanently removed from service and when an ambulance intended for patient transport in the city is placed into service.

(8) The location and description of the place or places from which the applicant intends to conduct the ambulance service.

(9) State license number for ambulance companies and for each of its EMTs.

(10) A receipt from the director of finance showing payment of the annual permit fee of $400.00.

(Code 1980, § 12-2-13; Ord. No. 93-252, § 1, 10-26-1993; Ord. No. 99-70, § 1(12-2-13), 5-11-1999; Ord. No. 12-165, § 1(12-2-13), 12-18-2012)

Sec. 12-2-14. Investigation of applications.

The fire chief and the chief of police shall investigate the facts set out in the application within 30 days of receipt thereof. If the chief of police and the fire chief find that:

(1) The facts set out in the application appear to be complete, true and correct;

(2) Each such ambulance, its required equipment and the premises designated in the application meet the requirements of this chapter and other applicable laws, ordinances and regulations;

(3) The applicant is a responsible and proper person to conduct, carry on or engage in the proposed business; and

(4) The requirements of this chapter and all other applicable laws and ordinances relating to the application have been met;

then the fire chief shall issue the annual permit.

(Code 1980, § 12-2-14; Ord. No. 93-252, § 1, 10-26-1993; Ord. No. 99-70, § 1(12-2-14), 5-11-1999; Ord. No. 12-165, § 1(12-2-14), 12-18-2012)

Sec. 12-2-15. Reserved.

Sec. 12-2-16. Form, contents, and issuance of annual permit.

(a) Every annual permit issued hereunder shall be signed by the fire chief and shall contain, in addition to the name and address of the applicant, the number of vehicles authorized to be operated pursuant to such annual permit.

(b) A copy of every annual permit issued shall be filed with and maintained by the city fire and rescue service and the city clerk's office.

(c) Every permit holder shall post his or her permit prominently in the central place of business as provided for herein.

(Code 1980, § 12-2-16; Ord. No. 93-252, § 1, 10-26-1993; Ord. No. 99-70, § 1(12-2-16), 5-11-1999; Ord. No. 12-165, § 1(12-2-16), 12-18-2012)

Sec. 12-2-17. Revocation, alteration or suspension of permit—Causes.

(a) Every ambulance permit issued hereunder shall be subject to revocation, alteration or suspension by the city as provided in this chapter for failure to comply or maintain compliance with this chapter or if any of the following conditions should occur:

(1) Failure to respond when requested by BFRS in accordance with the ambulance backup plan.

(2) The owner has refused to render the full service authorized and required by his or her permit.

(3) The owner has been convicted of a crime which directly relates to the duties and responsibilities of the ambulance operation.

(4) The business license, annual decals or annual permit was obtained by an application in which any material fact was intentionally omitted or falsely stated.

(5) The owner has persisted in permitting his or her ambulances to be operated in violation of any law or section of this chapter.

(6) The owner has:

a. Willfully and knowingly violated; or

b. Failed to comply, after written notice of violation or noncompliance with;

any of the material provisions of this chapter or the ambulance backup plan.

(7) The owner or his or her agent has, without good cause, induced or sought to in-

duce a change of destination to or from a hospital or other place specified by the person hiring the ambulance.

(8) The owner or his or her agent has allowed the ambulance service to be operated in a negligent manner.

(9) The insurance coverage required herein has been canceled, reduced, withdrawn, suspended or terminated.

(10) The owner has allowed any of his or her vehicles or equipment to become damaged, deteriorated or unclean to the extent that they are unsatisfactory for public use.

(11) The owner fails to maintain the financial ability to comply with the terms of this chapter.

(12) The owner has failed to comply with applicable federal, state or local laws, ordinances or regulations.

(13) The owner fails to comply with the complaint procedures as set out in this chapter and as adopted by the fire chief.

(14) The owner has operated or permitted to be operated an ambulance which does not have a current, valid city ambulance decal for such ambulance.

(b) Violations of any of these requirements may result in a fine of up to $500.00.
(Code 1980, § 12-2-17; Ord. No. 93-252, § 1, 10-26-1993; Ord. No. 99-70, § 1(12-2-17), 5-11-1999; Ord. No. 12-165, § 1(12-2-17), 12-18-2012)

Sec. 12-2-18. Same—Procedure.

(a) The police chief or the fire chief may at any time give notice in writing to the permit holder or person in control of the operation and maintenance of such ambulance service and the EMS committee that he or she is requesting that the annual permit issued for the operation and maintenance of such ambulance service be suspended, altered or revoked. The notice shall outline the reason for suspension, alteration or revocation.

(b) Any applicant who has been denied an annual ambulance permit or decal for any individual ambulance vehicle by the fire chief may appeal such denial to the EMS committee. Such appeal shall be made in writing to the fire chief within ten days of the date of the written notice of denial.

(c) The fire chief shall forward to the EMS committee any appeal of denial of an annual ambulance permit and/or appeal of denial of decal for an ambulance vehicle, a copy of the application, all information in connection with such application, and the reasons for denial.

(d) The fire chief or police chief may suspend an ambulance permit for any of the reasons listed in section 12-2-17 for a period not to exceed ten days. Notice shall be given in writing to the permit holder by certified mail to the address of record of the permit holder or by personal delivery. Such written notice shall set out the offense or violation giving rise to the suspension and request for suspension or revocation of the ambulance permit and a date, time and location for a hearing before the EMS committee. The hearing shall be conducted not less than seven days from the date of written notice to the permit holder.

(e) If the fire chief or police chief removes an ambulance from service, the permit holder may appeal such removal from service to the EMS committee. Such appeal shall be made in writing within ten days of the removal from service. The vehicle shall remain out of service until either it is approved to return to service by the fire chief or police chief or the EMS committee after such appeal.

(f) The EMS committee may appoint a subcommittee to hear appeals from denials of annual ambulance permits and/or decals, recommendations for suspension or revocation of an ambulance permit and appeals for denial of ambulance decals and removal from service of ambulance vehicles.

(g) The applicant or permittee may be represented at the hearing by an attorney of his or her choosing and he or she may present witnesses and have the right of cross examination of witness against him or her concerning the charges. After hearing all evidence and witnesses presented, the EMS committee or its appointed subcommittee shall render a decision of its findings in writing to

the ambulance company, the fire chief and police chief within five business days. The EMS committee or its appointed subcommittee, upon finding due cause, may uphold the denial of the permit or suspend or revoke the license of the holder thereof. The decision of such committee or subcommittee shall be final.

(h) Upon suspension, revocation or termination of permit, such ambulance service shall immediately cease operation within the city.
(Code 1980, § 12-2-18; Ord. No. 93-252, § 1, 10-26-1993; Ord. No. 99-70, § 1(12-2-18), 5-11-1999; Ord. No. 12-165, § 1(12-2-18), 12-18-2012)

Sec. 12-2-19. Permit holder's records and reports.

(a) Each permit holder shall maintain a daily manifest upon which shall be recorded the date of call, time call received and name of individual calling, time of arrival at requested location, place of origin, patient's name and address, destination and charges for each trip and shall retain and preserve all daily manifests for at least 24 months. Each permit holder hereunder shall keep accurate records of receipts and expenses from operations and such other operating information as may be required by the fire chief. Prehospital reports on all patients shall be retained for a period of not less than 365 days, as shall all voice tapes of dispatches and instructions.

(b) Copies of daily manifests for the previous month, broken out to indicate those calls in which the points of origin or termination were within the city.

(c) Each permit holder shall provide to the fire chief an annual statement which includes the following:

(1) A list of any legal claims pending, or resolved in the past year.

(2) A statement of the total number of calls made in the previous calendar year broken out to indicate those calls in which the points of origin and termination were within the city.

ARTICLE C. PRIVATE AMBULANCE SERVICE GENERAL RULES AND REGULATIONS

Sec. 12-2-21. Duties and responsibilities.

(a) Ambulance services within the city shall have the following duties and responsibilities:

(1) Interhospital transfer of medically stable or unstable patients that require an EMT-intermediate or EMT-paramedic to monitor fluids, EKG rhythms or administer medications.

(2) Continuation of transport for patients who, during routine nonemergency transport, develop problems that require ALS procedures.

(3) Continuation of transport instituted outside of the city limits to a receiving facility inside the city.

(4) Transportation of patients to facilities outside of the BFRS service area to which the fire and rescue service declines to transport.

(5) Transportation of any patient needing ambulance transportation who requires a routine nonemergency response.

(6) Any duties assigned pursuant to providing ambulance and/or EMS services under a mass gathering permit issued pursuant to chapter 5 of this title.

(7) Providing transportation and/or EMS and medical aid to any patient when requested by BFRS arising out of an E-911/emergency call or mass casualty incident in accordance with the ambulance backup plan, provided, however, that the ambulance company shall be responsible for the billing and collection of fees resulting from such calls.

(8) Responding within ten minutes to any call requested by BFRS arising out of an E-911/emergency call in accordance with the ambulance backup plan.

(9) Removing any vehicle from service which does not meet the equipment, safety and sanitation requirements of this chapter and/or the state department of health ambulance regulations.

(b) Violation of any part of this section may result in a fine of up to $500.00.
(Code 1980, § 12-2-21; Ord. No. 93-252, § 1, 10-26-1993; Ord. No. 99-70, § 1(12-2-21), 5-11-1999; Ord. No. 12-165, § 1(12-2-21), 12-18-2012)

Sec. 12-2-22. Central place of business.

Each ambulance service owner shall maintain a place of business within the city with at least one properly listed telephone for receiving all calls for ambulance service, where all business records and daily manifests herein required shall be made available within 24 hours upon request of the police chief and/or the fire chief. Each owner shall, in writing, immediately notify the police and fire chiefs of any change of the business address or of the telephone number where said owner may be contacted at all times.
(Code 1980, § 12-2-22; Ord. No. 93-252, § 1, 10-26-1993; Ord. No. 99-70, § 1(12-2-22), 5-11-1999; Ord. No. 12-165, § 1(12-2-22), 12-18-2012)

Sec. 12-2-23. Reserved.

Sec. 12-2-24. Equipment required.

It shall be unlawful to operate any ambulance within the city when responding to a patient transport, which is not equipped with all of the equipment required by rule or regulation of the state department of public health, as the same may be amended from time to time, which equipment shall be in satisfactory working condition.
(Code 1980, § 12-2-24; Ord. No. 93-252, § 1, 10-26-1993; Ord. No. 12-165, § 1(12-2-24), 12-18-2012)

Sec. 12-2-25. Equipment changes, objections, adoption.

(a) The fire chief, upon making a determination based on procedures and equipment approved and/or adopted by the state EMS committee and BREMSS that changes are necessary to the list of equipment required to be on board any ambulance operating in the city, shall notify the city council by submitting a list detailing the proposed changes and the effective date of implementation of such changes, which date shall be a minimum of 30 days subsequent to the date of said notice. Such notice shall also be sent to all ambulance companies operating in the city as of the date of the proposed changes are submitted.

(b) Any councilmember or ambulance company objecting to any proposed change shall notify the fire chief and the city clerk in writing detailing such complaint at least 14 days prior to the effective date of implementation as stated in the notice. Any such items objected to shall be set for council hearing prior to the effective date of implementation. If no written objections are made 14 days prior to the scheduled implementation date such changes shall forthwith take effect.
(Code 1980, § 12-2-25; Ord. No. 93-252, § 1, 10-26-1993)

Sec. 12-2-26. Inspection of equipment.

(a) All mechanical, safety and special equipment shall be subject to inspection at any time by the police department or fire department.

(b) Prior to issuance of any permit and annually thereafter the holder of the permit shall submit a safety and soundness inspection report including both his or her and the inspecting mechanic's affidavit that each vehicle is in sound mechanical condition and is safe for operation on the streets of the city as an emergency vehicle and meets the police department's criteria and all provisions of this chapter.

(c) It shall be unlawful for any person to transport a patient in an ambulance or to place such ambulance in service subsequent to an accident involving such vehicle or alteration of such vehicle until the vehicle has been inspected by the chief of police or his or her designee and determined by him or her to be in proper operative condition and in compliance with all the requirements of this chapter and a new safety and soundness affidavit submitted as provided herein; provided, however, that this section shall not prohibit such an ambulance to continue the trans-

portation of a patient who was being transported at the time of the accident when such can be done safely.

(d) The police chief and fire chief or their designees shall be responsible for the annual inspection of said vehicles to insure that said vehicles are equipped in accordance with this chapter prior to issuance of a permit and at periodic intervals of their discretion. The periodic inspection required hereunder shall be in addition to any other safety or motor vehicle inspection required to be made for ambulances or other motor vehicles, or other inspections required to be made under general law or ordinance, and shall not excuse compliance with any requirement of law or ordinance to display any official certificate of motor vehicle inspection and approval, nor excuse compliance with the requirements of any other applicable general law or ordinance.
(Code 1980, § 12-2-26; Ord. No. 93-252, § 1, 10-26-1993; Ord. No. 99-70, § 1(12-2-26), 5-11-1999; Ord. No. 12-165, § 1(12-2-26), 12-18-2012)

Sec. 12-2-27. Operating regulations.

(a) Each ambulance shall have on each side thereof in letters not less than four inches in height the name of the ambulance service, the designation "Ambulance" as appropriate, the vehicle number assigned by Birmingham Regional Emergency Medical Services System (BREMSS) on the back door or doors of the vehicle in numerals not less than six inches in height, and on each side of the vehicle there shall appear the symbol of the "Star of Life." Any additional emblems or markings shall have the approval of the chief of police and fire chief or their designees.

(b) Each ambulance shall at all times while in use:

(1) Be suitable for the transportation of patients from the standpoint of health, sanitation and safety and be maintained in sanitary condition.

(2) Contain adequate safety belts for the driver and a passenger in the front seat and all seating in the patient compartment (head of cot and three on bench) which shall conform with the standards, requirements and regulations for such equipment and which shall be in proper working order.

(3) Comply with all applicable laws, ordinances and regulations relating to health, sanitation and safety.

(4) Be equipped with such lights, sirens and special markings to designate it as an ambulance as may be prescribed by law or in reasonable regulations promulgated by the chief of police or fire chief.

(c) No owner shall permit or allow a person to perform duties as an ambulance EMT (all levels) without a current permit issued by the police chief in accordance with this chapter.

(d) In a medical emergency as declared by city fire and rescue service and when no other practical means of transportation, including any other properly equipped permit holder, is reasonably available, an ambulance may deviate from the terms of this chapter to the extent necessary to meet the medical emergency, provided, however, that such ambulance shall be required to provide immediate notification to BFRS dispatch.
(Code 1980, § 12-2-27; Ord. No. 93-252, § 1, 10-26-1993; Ord. No. 99-70, § 1(12-2-27), 5-11-1999)

Sec. 12-2-28. Removal of ambulance from service.

(a) If any ambulance shall fail to meet any of the safety, equipment or sanitation standards of this chapter or the state department of health emergency services regulations or such vehicle has been wrecked or damaged, such vehicle shall be deemed to be an unserviceable vehicle and unfit for public use and may be removed from service until the vehicle is brought into compliance.

(b) No person shall drive and no permit holder shall permit a person to drive an ambulance upon a public street after the same has been declared unserviceable by the fire chief or the police chief until such time as the same shall be repaired and/or brought into compliance with this chapter and state ambulance regulations.

(c) Any permit holder and/or any driver who operates or allows any ambulance to be operated when such vehicle has been taken out of service for failure to comply with this section shall punished according to the general penalties described in section 1-1-6.
(Code 1980, § 12-2-28; Ord. No. 93-252, § 1, 10-26-1993; Ord. No. 99-70, § 1(12-2-28), 5-11-1999; Ord. No. 12-165, § 1(12-2-28), 12-18-2012)

ARTICLE D. INSURANCE

Sec. 12-2-31. Liability insurance required.

(a) No permit required by this chapter or business license shall be granted to any person to operate any ambulance upon the streets or elsewhere in the city until such person shall have first filed with the city clerk a personal injury and property damage liability insurance policy issued to such person by a public liability insurance company authorized to do business in the state with a Best rating of B^+ or better, providing insurance coverage for each such ambulance or as follows:

(1) For each ambulance, such insurance policy shall provide insurance coverage in the amount of $1,000,000.00 for personal injury or death arising from any one accident and $50,000.00 for property damage liability and uninsured motorist's liability coverage in the sum of $20,000.00 per person for bodily injury liability and $40,000.00 per accident for bodily injury liability or $1,000,000.00 combined single limit liability with $1,000,000.00 excess liability coverage whether the operation of any such vehicle is by such person, his or her agent, servant or employee, or by any person in possession of such vehicle.

(2) The insurance coverage required by this section shall at all times be maintained for the full amount. The policy of insurance required by this section to be filed with the city clerk shall contain a clause obligating the company issuing the same to give not less than 30 days' written notice to the city clerk before cancellation thereof. Notice of cancellation shall not relieve the company issuing such policy of liability for any injury or claim arising before the cancellation becomes effective. The cancellation of any such policy shall have the effect of suspending the permit of such person to operate the ambulances covered thereby until a new policy complying with the provision of this section is filed with the city clerk.

(3) Every insurance policy required hereunder shall contain a provision for a continuing liability thereunder to the full amount thereof, notwithstanding any recovery thereon, that the liability of the insurer shall not be affected by the insolvency or the bankruptcy of the insured, and that until the policy is canceled the insurance company will not be relieved from liability on account of nonpayment of premium, or any act or omission by the named insured. Such policy of insurance shall be further conditioned for the payment of any and all judgments, up to the limits of such policy, recovered against any person other than the owner, his or her agent or employee who may operate the same with the consent or acquiescence of the owner.

(4) In order to meet the policy filing requirements herein, as an alternative, the insured may file a binder of liability and property damage insurance as required hereinabove and a letter from the insuring agent which shall state that the coverage is bound, the name of the company, the effective date of coverage, the limits of liability and a list of all vehicles covered and proof that said agent has the ability to bind the issuing company. The policy of insurance so bound shall be filed with the city clerk within 60 days of the effective date of coverage.

(b) All licenses, permits and decals issued for the operation of ambulances shall be inoperative and ineffective unless and until all the provisions of this section shall have been complied with; and no person shall operate or drive or

permit or allow to be operated or driven within the city any ambulance unless all the provisions of this section have been complied with.

(c) Failure of a permit holder to meet or maintain the insurance requirements of this article on any vehicle shall result in such vehicle being removed from service immediately and remain out of service until the insurance requirements are met and shall be cause for revocation of the decal on each vehicle for which no or inadequate proof of insurance is filed within 30 days after the due date.

(d) Any permit holder whose permit is revoked by the city council for failure to meet or maintain the insurance requirements of this article shall be required to reapply for a new permit as required in section 12-2-13.

(e) Any permit holder and/or any driver who operates or allows any such vehicle to be operated when such vehicle has been taken out of service for failure to comply with this article shall be fined not less than $250.00 for the first offense and not less than $500.00 for the second and each subsequent offense in a calendar year. (Code 1980, § 12-2-31; Ord. No. 93-252, § 1, 10-26-1993; Ord. No. 99-70, § 1(12-2-31), 5-11-1999)

ARTICLE E. RATES AND FEES

Sec. 12-2-41. Enumerated.

No person owning or having charge of any ambulance permitted under this chapter while operating in the city shall make any charges in excess of 150 percent of the Centers for Medicare and Medicaid Services (CMS) allowable charges in effect at the time of transport for the following services:

(a) *Transport services.*

Transport of a BLS non-emergency patient. Transportation by ground ambulance vehicle and the provision of medically necessary supplies and services including BLS ambulance services as defined by the CMS.

Transport of a BLS emergency patient. Transportation by ground ambulance vehicle and the provision of BLS services, as specified above, in the context of an emergency response. An emergency response is one that, at the time the ambulance provider is called, it responds immediately.

Transport of an ALS patient. Transportation by ground ambulance vehicle and the provision of medically necessary supplies and services including the provision of an ALS assessment as defined by CMS.

Transport of an ALS1 patient. Transportation by ground ambulance vehicle and the provision of medically necessary supplies and services including the provision of an ALS assessment or at least one ALS intervention as defined by CMS.

"Transport of an ALS2 patient. Transportation by ground ambulance vehicle and the provision of medically necessary supplies and services including (1) at least three separate administrations of one or more medications by intravenous push/bolus or by continuous infusion or (2) the provision of an ALS assessment or at least one ALS2 procedure as defined by CMS.

Mileage. One-way from pickup to delivery per patient loaded mile or fraction thereof.

(b) *Waiting charges.* In addition to the charges enumerated above, any ambulances required to wait for a patient at any hospital, clinic, medical office or nursing home may charge $150.00 per hour after a waiting period of 30 minutes, with a minimum charge of $100.00; provided, however that no waiting charge will be made for a standby at the scene of any accident or disaster.

(c) *Family members.* There shall be no charge for any family member or other person accompanying a patient or injured party being transported in an ambulance.

(d) *Extra patients.* When more than one injured person or patient is being transported by an ambulance at the same time, the maximum transportation charge shall be one-half of all of the allowed billing amount per person. Each patient transported shall be individually liable for only his entire transportation charge, and in no case shall a sum in excess of the total maximum billing be collected. If any one injured person or patient fails to pay any part of the transportation charge, there shall be no release of liability against any other injured person or patient for payment of transportation charges.

(e) *Accept assignment.* Any ambulance or ambulance company operating in the city shall accept "assignment" of Medicare or Medicaid, and shall not bill any patient for more than the "Medicare allowed amount" as stated in the Medicare assignment agreement.

(f) *Mandatory transportation.* Any patient, regardless of their ability to pay, shall be provided transportation by the requested permit holder to the appropriate medical facility and/or from the hospital to their residence if ambulance transfer is the only appropriate means of transportation.

(g) *Posting.* A schedule of the maximum charges allowed above, expressed in dollar amounts, shall be posted in a conspicuous place in the ambulance patient compartment in view of the patient and shall be provided in writing to each patient upon completion of each trip upon request. Such schedule shall include the names and telephone numbers of the appropriate persons at the ambulance company, fire department or police department to call concerning complaints and shall be kept up-to-date with the applicable Medicare/Medicaid allowable charges.

(h) *Refusal to pay for service; deferred payment plans.* No person shall obtain ambulance service or assistance from any ambulance service provider, whether or not such service is regulated by the provisions of this chapter with intent to refuse to pay for same upon demand, and no person after obtaining such service or assistance shall willfully refuse to pay for same on demand unless there exists a bona fide dispute as to amount owed or unless there is an agreement for credit or deferred payment, provided that, on request of the person obtaining ambulance service and upon presentation of proper identification, a written deferred payment plan shall be offered to that person for his signature, which deferred payment plan shall be on such terms as agreed, provided further that, if no agreement can be reached, then the offered plan shall require no less than four monthly installment payments, each approximately one-fourth of the total of the authorized charge plus an additional time-pay price differential charge of five dollars. Interest may not be charged on the amount due. Reasonable proof of financial indigence shall be a defense to any prosecution for violation of this section.

(i) *False information given to EMT.* It shall be unlawful for any person who has obtained ambulance service to willfully fail to give his/her correct name, social security number, residence address, and date of birth to the EMT providing ambulance service after having been requested to do so.

ARTICLE F. PRIVATE AMBULANCE SERVICE VEHICLE PERMIT

Sec. 12-2-51. Annual permit and decal—Required for each vehicle.

(a) After the owner shall have secured an annual permit as provided herein, no vehicle shall be operated under authority of such permit

until the owner has been issued an annual decal for each motor vehicle to be operated under said permit. No decal shall be issued for the operation of any ambulance which is unsafe or unfit for the transportation of patients.

(b) It shall be unlawful to own or cause to be operated an ambulance on any street of the city without first having obtained an annual permit and decal therefor in accordance with this chapter or unless exempted therefrom by the provisions of this chapter.

(c) Decals for additional or replacement ambulances may be issued at any time during the calendar year after the ambulance is inspected by personnel designated by the police and fire chiefs or, upon request, proof of a current state department of public health inspection.
(Code 1980, § 12-2-51; Ord. No. 93-252, § 1, 10-26-1993; Ord. No. 99-70, § 1(12-2-51), 5-11-1999; Ord. No. 12-165, § 1(12-2-51), 12-18-2012)

Sec. 12-2-52. Same—Fees.

No annual permit or decal for any ambulance shall be issued unless the holder thereof has paid an annual permit fee of $400.00 for each company and an annual decal fee of $25.00 for each vehicle to be operated within the city. The number of ambulances for which decals are issued shall not exceed the number authorized in the annual ambulance permit issued pursuant to this chapter. The permit and decals required herein shall be valid for one calendar year, beginning January 1 and ending December 31 of such year, and any owner desiring to continue the operation of any ambulance shall make application for renewal of any and all permits and decals issued hereunder prior to December 1, of any year for the privilege of operating during the following calendar year. The fees shall accompany the application and shall not be refundable. The amount of the permit fees hereunder prescribed shall not be pro-rated for fractional parts of a calendar year, nor shall it relieve the owner of the necessity of obtaining any city, state or county business or occupation licenses, payment of any other tax or complying with any other requirement established by statute or ordinance. Each decal shall designate a specific ambulance and shall not be transferable nor assignable without the prior written consent of the fire chief.
(Code 1980, § 12-2-52; Ord. No. 93-252, § 1, 10-26-1993; Ord. No. 99-70, § 1(12-2-52), 5-11-1999; Ord. No. 12-165, § 1(12-2-52), 12-18-2012)

ARTICLE G. PRIVATE AMBULANCE PERSONNEL

Sec. 12-2-61. EMT license required.

No ambulance EMT shall drive, manage or control any ambulance on any public street in the city, attend or render any care to any passenger, or otherwise perform duties in any such ambulance for compensation without having a current valid EMT license issued by the state department of public health.
(Code 1980, § 12-2-61; Ord. No. 93-252, § 1, 10-26-1993; Ord. No. 12-165, § 1(12-2-61), 12-18-2012)

Sec. 12-2-62. Appearance and conduct of EMTs.

(a) No EMT shall operate on the streets of the city without wearing a distinctive uniform which shall first have been approved by the fire chief.

Each such uniform shirt shall bear a badge or patch on the left shoulder with some identity or trade name of the company and the EMT's license level appearing thereon. Uniforms worn must be clean.

(b) It shall be unlawful for any owner to permit or allow an EMT to work while not sanitary or not clean and neat in appearance.

(c) It shall be unlawful for any owner to permit or to allow an EMT employed by their ambulance service to be discourteous, to use vulgar, profane or obscene language, or to drink or be under the influence of intoxicating beverages or drugs while on duty.

(d) Complaints made against individual EMTs and reported to the state and sanctioned or not sanctioned by the state may be reviewed by the city. If the city deems the implemented sanctions determined by the state inadequate, the city may implement sanctions or additional sanctions against the individual EMT. The individual EMT will have appeal rights to the EMS committee.

(e) Background checks performed by private services on EMT employees shall be made available to the city for review within 24 hours upon request.
(Code 1980, § 12-2-62; Ord. No. 93-252, § 1, 10-26-1993; Ord. No. 12-165, § 1(12-2-62), 12-18-2012)

ARTICLE H. EMERGENCY MEDICAL SERVICES COMMITTEE

Sec. 12-2-71. Created; purpose.

There is hereby created the emergency medical services committee of the city, for the purpose of surveying, evaluating and providing recommendations for improving all aspects of the city's emergency medical care, services and facilities including all ambulance companies and hospital emergency services and serving as an advisory body to the city council for the coordination of all lay and professional activities necessary to provide emergency care, transportation, and definitive treatment of emergency medical cases to the victims of accidental injury and sudden illness; and to investigate, study, advise and recommend minimum standards for care of emergency victims including mass casualty incidents; and to hear appeals of the denial, suspension or revocation of ambulance permits, decals and EMT permits; and to advise and recommend to the city council the minimum standards for highest possible efficiency in day-to-day care of emergency victims including victims of mass casualty incidents.
(Code 1980, § 12-2-71; Ord. No. 93-252, § 1, 10-26-1993; Ord. No. 99-70, § 1(12-2-71), 5-11-1999)

Sec. 12-2-72. Membership.

The emergency medical services committee shall consist of 29 members to be approved by the city council as follows:

(a) Two representatives each from:

The Alabama Committee on Trauma of the American College of Surgeons;

The Jefferson County Medical Society;

The American Red Cross;

The Alabama Hospital Association-Birmingham Regional Council;

The city police department (the chief and a named representative);

The city fire and rescue service (the chief and a named representative);

The Birmingham Area Chapter of the Emergency Department Nurses Association; and

The Alabama Chapter of the American College of Emergency Physicians;

all of whom shall be appointed as voting members by the city council for a term of three years from representatives designated by the agencies or organizations named in this subsection (1).

(b) One representative each from:

The city law department;

The Jefferson County Emergency Management Agency;

The Jefferson County Department of Health;

The Mineral District Medical Society;

The Jefferson County Coroner's Office;

The city council administrative staff;

The Birmingham Regional EMS System;

The Jefferson State EMS/Paramedic Program;

The American Heart Association;

The VA Area Emergency Managers;

The Birmingham Area Safety Officers;

The Children's Hospital of Alabama; and

The city clerk;

all of whom shall be appointed as a voting member by the city council for a term of three years from a representative designated by the agencies or organizations named in this subsection (2).

(c) There shall further be associate members without voting privileges who may be appointed by and serve at the pleasure of the chairperson of the committee. The chairperson of this committee shall appoint one member from each permitted service.

(d) All members of the committee are appointed in their status as representatives of the named organization or by virtue of their office, therefore if a person representing an organization of holding an office leaves the organization or office that position shall become vacant. The chairperson of the EMS committee shall notify the city clerk of any vacancy occurring in its voting membership. Any vacancy on the committee shall be filled by the council for the unexpired term of such vacancy. Members shall serve until their successors are appointed and qualified.

(Code 1980, § 12-2-72; Ord. No. 93-252, § 1, 10-26-1993; Ord. No. 94-38, 2-15-1994; Ord. No. 99-70, § 1(12-2-72), 5-11-1999; Ord. No. 00-82, § 1, 5-30-2000; Ord. No. 12-165, § 1(12-2-72), 12-18-2012; Ord. No. 15-121, § 1, 8-25-2015)

Sec. 12-2-73. Officers, subcommittees.

(a) The members of the committee shall elect a chairperson, a vice-chairperson and secretary annually from among their voting membership by a majority vote.

(b) The committee may appoint such subcommittees as needed to more efficiently carry out the functions of the committee, with members to be appointed by the chairperson with the approval of a majority of the voting members of the committee.

(Code 1980, § 12-2-73; Ord. No. 93-252, § 1, 10-26-1993)

Sec. 12-2-74. Meetings; quorum.

(a) The committee shall meet at least six times a year and as directed by the chairperson.

(b) Fifteen voting members of the committee shall constitute a quorum for any meeting or hearing.

(Code 1980, § 12-2-74; Ord. No. 93-252, § 1, 10-26-1993; Ord. No. 94-38, 2-15-1994; Ord. No. 12-165, § 1(12-2-74), 12-18-2012)

Sec. 12-2-75. Services to committee.

Investigation as needed under this chapter shall be furnished by the chief of police and/or the fire chief.

(Code 1980, § 12-2-75; Ord. No. 93-252, § 1, 10-26-1993)

Sec. 12-2-76. Compensation.

The members of the committee shall receive no compensation whatsoever for their services or expenses.

(Code 1980, § 12-2-76; Ord. No. 93-252, § 1, 10-26-1993)

Sec. 12-2-77. Powers and duties.

(a) The committee shall have the power to do all acts and things necessary to carry out the objectives and purposes set forth in this chapter subject to the general administrative process and procedures controlling departments of city government.

(b) The committee shall adopt rules and shall keep a record of its resolutions, transactions and findings which shall be public record.

(c) The committee shall act in an advisory capacity to the mayor and council in regard to matters set out in this chapter and such other information as is required from time to time by the city council.

(d) The committee shall review all applications for permit approval for private ambulances for hire and shall report its findings and recommendations to the city council as provided by this chapter.

(e) The committee shall review all appeals of denial, suspension or revocation of EMT permits by the chief of police or fire chief and any appeals for the denial of decals or removal from service of a particular ambulance or ambulances and hear appeals from complaints by members of the public and ambulance providers.
(Code 1980, § 12-2-77; Ord. No. 93-252, § 1, 10-26-1993; Ord. No. 99-70, § 1(12-2-77), 5-11-1999; Ord. No. 12-165, § 1(12-2-75), 12-18-2012)

Sec. 12-2-78. Notice to committee.

Any notice required to be given to the EMS committee by this chapter shall be made to the chairperson of such committee.
(Ord. No. 99-70, § 1(12-2-78), 5-11-1999)

CHAPTER 3. AMUSEMENTS*

ARTICLE A. CIRCUSES, CARNIVALS AND SIMILAR AMUSEMENTS

Sec. 12-3-1. Permit—Required.

(a) No circus, carnival or other similar amusement shall be conducted within the city unless a special permit from the mayor is first obtained therefor, which permit shall be issued by the mayor by proclamation.

(b) It shall be unlawful for any person or organization to conduct or to aid and abet in conducting any circus, carnival or similar amusement or entertainment within the city unless a permit therefor is first obtained in accordance with the terms of this article.
(Code 1964, § 6-1; Code 1980, § 12-3-1)

Sec. 12-3-2. Same—Application; investigation; grant or denial.

(a) Any person desiring a permit required by this article shall make written application therefor to the mayor, through the chief of police, stating the dates and describing the place where the proposed circus, carnival or similar amusement is desired to be held and in detail the manner in which the same is to be conducted, describing also each concession which is to be conducted in connection therewith, how each such concession is to be conducted together with the names and addresses of the operators of each such concession and must show that not less than four portable toilets shall be provided for members of the public attending such circus, carnival or similar amusement.

(b) Upon delivery of an application for a permit required by this article to the chief of police, he or she shall make an investigation and transmit such application to the mayor with his or her findings. Upon consideration of such application, the mayor shall determine in each case whether

*__State law reference—__Municipal power to license, tax, regulate, restrain or prohibit theatrical and other amusements, billiard and pool tables, theatres, parks and other places of amusement and may refuse to license any or all such businesses, Code of Ala. 1975, § 11-51-102.

or not it is to the best interest of the public safety and public morals that the permit be granted, and shall by proclamation grant or withhold such permit.
(Code 1964, §§ 6-2, 6-3; Code 1980, § 12-3-2)

Sec. 12-3-3. Compliance with permit.

No circus, carnival or similar amusement shall be conducted within the city otherwise than in strict conformity with the provisions of the permit granted therefor. Each day's conduct of any circus, carnival or other similar amusement without such permit or in violation of the provisions of such permit shall be deemed a separate offense.
(Code 1964, § 6-4; Code 1980, § 12-3-3)

Sec. 12-3-4. Cleaning of premises after closing required; deposit.

(a) It shall be the duty of any person engaging in the operation of a carnival, circus or other similar amusement at any place within the city to clean such premises of all garbage, trash, litter and debris immediately after close or cessation of operation of such amusement.

(b) It shall be unlawful for any person to engage in the operation of any carnival, circus or other similar amusement at any place within the city without having first deposited with the director of finance the sum of $50.00 to secure performance of the duty enjoined by subsection (a) of this section and obtained a deposit receipt for such deposit. Such deposit shall be in addition to payment of the fee for a license under the current license code.

(c) If within six days after close or cessation of operation of a carnival the depositor under subsection (b) of this section shall obtain from the superintendent of streets and sanitation a certificate to the effect that the duty enjoined by subsection (a) of this section has been properly performed and shall present such certificate to the director of finance, the director of finance shall refund to the depositor the amount of his or her deposit; otherwise, the director of finance shall retain such deposit as reimbursement to the city for its cost of cleaning such premises.
(Code 1964, §§ 6-5—6-7; Code 1980, § 12-3-4)

Secs. 12-3-5—12-3-10. Reserved.

ARTICLE B. DANCING

Division 1. Dancing By Patrons, Customers, or Guests, Commonly Known As Ballroom, Disco or Cotillion Dancing in Beer or Liquor Licensed Places

Sec. 12-3-11. Permit—Required.

Unless a permit therefor shall have been first obtained from the city as provided by this division, it shall be unlawful for any person, club, firm or corporation or the officers, members, agents, servants or person in charge thereof at any private club or at any other place in the city to which the public generally resorts or is admitted, which is a liquor or beer licensed place, to permit, allow, conduct, condone or allow the public, patrons, customers, members, guests of members, or any other persons to dance in a manner commonly described as ballroom, disco, cotillion or any other form of public dance; however, this division shall not apply to the Birmingham-Jefferson Civic Center, any premises owned by the United States government, the State of Alabama, Jefferson County, the city, or the Alabama State Fair Authority.
(Code 1964, § 6-8; Code 1980, § 12-3-11; Ord. No. 79-211, 12-28-1979; Ord. No. 82-153, § 1, 9-14-1982)

Sec. 12-3-12. Same—Application.

Application for a permit as required by this division shall be made in writing to the chief of police or his or her designee along with the sum of $25.00 to cover the cost of investigation, and shall describe the place where public dancing by patrons is proposed, the size and dimensions of the area proposed for dance, what type of license is held from the state alcoholic beverage control board, the name of the person, firm or corporation holding the license, and if a corporation, the name and address of the principal stockholders and officers of the corporation, and if a club, the names and addresses of its officers. In addition, the applicant will furnish the name of the persons in control of the premises and under whose supervi-

sion dancing will be supervised, and the character or type of business other than dancing which is conducted or proposed to be conducted at that location.
(Code 1964, § 6-9; Code 1980, § 12-3-12; Ord. No. 79-211, 12-28-1979; Ord. No. 82-153, § 1, 9-14-1982)

Sec. 12-3-13. Same—Prerequisites to grant.

(a) No permit required by this division shall be issued except upon the filing of an application for permit with the chief of police, who shall investigate the character and fitness of the applicant and the character and suitability of the proposed location and submit his or her findings regarding whether or not the applicant and the place for which the permit is sought to be issued are suitable and fit for such purpose to the council within 14 days. Upon receipt by the council, the application, investigative report and any other material received concerning the application shall be referred by the council president to an appropriate council committee for review. The committee shall, within 14 days, act to approve or disapprove said permit.

(b) Upon the approval or disapproval of any permit pursuant to the provisions of this section, the committee shall direct the notice of such action to the attention of the council at its next regular meeting; and the city clerk shall set the matter down for hearing at a regular meeting of the council to be held as near as possible to 21 days following receipt of such notice. Upon the date of the hearing or at any continuance thereof, the council shall, after considering any evidence or testimony offered by any person concerned, act upon the recommendation of the committee.
(Code 1964, § 6-10; Code 1980, § 12-3-13; Ord. No. 79-211, 12-28-1979; Ord. No. 80-185, 9-2-1980; Ord. No. 82-153, § 1, 9-14-1982)

Sec. 12-3-14. Same—Nontransferable, limited by location; business license required.

(a) A permit required by this division shall be deemed nontransferable with respect to the holder thereof, and to the place described therein, and in addition shall not authorize any person, firm, club or corporation to use the permit issued hereunder as a lessee or licensee of the holder of the permit issued hereunder.

(b) A permit issued hereunder shall not authorize the grantee to conduct or allow dancing of the type described in this division at any other place or location other than that described therein and shall be valid only for that area described in the permit.

(c) The grant of a permit shall not be deemed to authorize the conduct of dancing or other business without the payment of the fee for a business license as may be required under the present license code of the city, and a current business license is hereby made a prerequisite for the issuance of a permit hereunder.
(Code 1964, § 6-11; Code 1980, § 12-3-14; Ord. No. 79-211, 12-28-1979; Ord. No. 82-153, § 1, 9-14-1982; Ord. No. 90-277, 11-13-1990)

Sec. 12-3-15. Same—Revocation.

Any permit required by this division may be revoked by the city council for violation of any of the provisions of this division, or of any provision of this Code or other ordinance of the city enacted in the exercise of its police power and may also be revoked whenever in the judgment of the city council it may be necessary for the protection of the public good or for the prevention of disorders; provided that the city council shall first give reasonable notice to the permittee of a public hearing on the matter of such revocation, at which hearing the permittee shall have the right to counsel as well as the right to present and cross examine witnesses.
(Code 1964, § 6-12; Code 1980, § 12-3-15; Ord. No. 79-211, 12-28-1979; Ord. No. 82-153, § 1, 9-14-1982)

Sec. 12-3-16. Posting of notice.

It shall be unlawful for any person to dance in any public place or liquor or beer licensed place, unless there shall be posted in such place a notice reading: "Dancing Allowed By City Permit." It shall be unlawful for any person in charge or control of any public place or liquor or beer licensed place to permit or allow any such notice

in such place, unless a dancing permit has been granted to him or her by the city council for that place, and is then in full force and effect.
(Code 1964, § 6-13; Code 1980, § 12-3-16; Ord. No. 79-211, 12-28-1979; Ord. No. 82-153, § 1, 9-14-1982)

Sec. 12-3-17. Enforcement.

The chief of police is directed to cause this section to be diligently enforced and call to attention the violation of any portion of this division to the attention of the issuing authority for appropriate action as may be deemed advisable in their discretion.
(Code 1964, § 6-14; Code 1980, § 12-3-17; Ord. No. 79-211, 12-28-1979; Ord. No. 82-153, § 1, 9-14-1982)

Sec. 12-3-18. Business license required.

The grant of a permit hereunder shall not be deemed to authorize the conducting of entertainment or performance or any other form of business without the payment of the fee for a business license as may be required under the current business license code, and a current business license is hereby made a prerequisite for the issuance of a permit hereunder.
(Code 1964, § 6-14.1; Code 1980, § 12-3-18; Ord. No. 79-211, 12-28-1979; Ord. No. 82-153, § 1, 9-14-1982)

Secs. 12-3-19, 12-3-20. Reserved.

Division 2. Dancing By Other Than Patrons, Customers or General Public in Beer or Liquor Licensed Places

Subdivision I. Generally

Sec. 12-3-21. Permit—Required.

Unless a permit therefor shall have been first obtained from the city as provided by this section, it shall be unlawful for any person, firm, private club or corporation, or its agents, officers, servants, employees or members, to permit, allow, condone or conduct any dance or dance type performance at any liquor or beer licensed place or club by a person or persons in their employment, under contract, or present upon the premises at sufferance, or upon invitation, expressed or implied, in the nature of entertainment, amusement or exhibition; however, this division shall not apply to the Birmingham-Jefferson Civic Center, any premises owned by the United States government, the state, Jefferson County, the city, or the state fair authority.
(Code 1964, § 6-15; Code 1980, § 12-3-21; Ord. No. 79-211, 12-28-1979; Ord. No. 82-153, § 1, 9-14-1982; Ord. No. 82-207, § 1, 12-21-1982)

Sec. 12-3-22. Same—Application.

Application for a permit required by this division shall be made in writing to the chief of police or his or her designee along with the sum of $500.00 to cover the cost of investigation and shall describe the place where such entertainment or exhibition is proposed, the type of dance entertainment or exhibition proposed, the size and dimensions of the stage or platform to be used for such performance or exhibition, the name of the person, firm, club or corporation holding the business license, and the beer or liquor license issued by the state alcoholic beverage control board, and the names and addresses of the principal owners, or stockholders if a corporation, or officers, if a club, and the officers or manager of the premises who will be in control or supervision of the premises and the type of business other than entertainment or exhibition conducted upon the premises.
(Code 1964, § 6-15.1; Code 1980, § 12-3-22; Ord. No. 79-211, 12-28-1979; Ord. No. 82-153, § 1, 9-14-1982; Ord. No. 96-212, 12-17-1996)

Sec. 12-3-23. Posting a notice.

It shall be unlawful for the permittee hereunder to conduct or allow any performance unless there shall be posted at two or more places upon the premises a notice reading: "No participation or any physical contact with any dancer, performer or entertainer before, during or after any dance, performance or exhibition; or fondling, having sexual contact or simulating any sexual acts to or with a dancer, performer, exhibitionist or entertainer or assisting in any form or manner

in such performance or exhibition upon the stage, runway, raised platform or dance floor is permitted."
(Code 1964, § 6-15.2; Code 1980, § 12-3-23; Ord. No. 79-211, 12-28-1979; Ord. No. 82-153, § 1, 9-14-1982; Ord. No. 96-212, 12-17-1996)

Sec. 12-3-24. Permit not to be deemed a business license; existing license.

The grant of a permit hereunder shall not be deemed to authorize the conducting of entertainment or performance or any other form of business without the payment of the fee for a dance division II license as may be required under the current business license code, and a current liquor and/or beer license as required under the current business license code is hereby made a prerequisite for the issuance of a permit hereunder.
(Code 1964, § 6-15.3; Code 1980, § 12-3-24; Ord. No. 79-211, 12-28-1979; Ord. No. 82-153, § 1, 9-14-1982; Ord. No. 96-212, 12-17-1996)

Sec. 12-3-25. Prerequisites to grant.

(a) No permit required by this division shall be issued except upon the filing of an application for permit with the chief of police, who shall investigate the character and fitness of the applicant and the character and suitability of the proposed location and submit his or her findings regarding whether or not the applicant and the place for which the permit is sought to be issued are suitable and fit for such purpose to the council within 14 days. Upon receipt by the council, the application, investigative report and any other material received concerning the application shall be referred by the council president to an appropriate council committee for review. The committee shall, within 14 days, act to approve or disapprove said permit.

(b) Upon the approval or disapproval of any permit pursuant to the provisions of this section, the committee shall direct the notice of such action to the attention of the council at its next regular meeting; and the city clerk shall set the matter down for hearing at a regular meeting of the council to be held as near as possible to 21 days following receipt of such notice. Upon the date of the hearing or at any continuance thereof, the council shall, after considering any evidence or testimony offered by any person concerned, act upon the recommendation of the committee.

(c) In addition to every other requirement contained in this division, the applicant for a permit hereunder shall cause and pay for a notice to be published in a daily newspaper of general local circulation, not less than seven days preceding the date of the public hearing set by the city clerk, stating:

(1) A division II dance permit has been applied for;

(2) The street address of the location for where such permit is to be used;

(3) The names of the owners, stockholders or officers, as described on the application;

(4) The date and time of the public hearing before the city council; and

(5) A statement substantially as follows: "Please take notice that a public hearing will be held before the city council of the City of Birmingham, in the city council chambers, third floor, city hall, on the date listed above, for the purpose of hearing all interested persons regarding the grant or denial of a division II dance permit to be used at the above-listed address; such permit will, if granted, allow dance or dance type performances in the nature of entertainment, amusement, or exhibition."

(Code 1964, § 6-15.4; Code 1980, § 12-3-25; Ord. No. 79-211, 12-28-1979; Ord. No. 80-186, 9-2-1980; Ord. No. 82-153, § 1, 9-14-1982)

Sec. 12-3-25.1. Grant or denial of application.

(a) The city council shall after consideration of all evidence and information presented at the hearing render a decision to grant or deny the permit and notify the applicant of its decision. The decision shall be rendered within 14 days of the hearing. If the permit is granted the city council shall instruct the director of finance to

issue the division II dance permit in the name of the applicant as it appears on the application and indicating:

(1) The street address of the location for which such permit is to be used;

(2) Name of the owners, stockholders or officers as described in the application; and

(3) The square footage of the stage, runway, raised platform or dance floor to be used.

(b) If the permit is denied the applicant shall be notified within 14 days of the decision; provided, however, that failure to notify the applicant of the denial of the permit within the 14 days shall not render the decision of the city council invalid.
(Code 1980, § 12-3-25.1; Ord. No. 96-212, 12-17-1996)

Sec. 12-3-26. Issuance of permit.

The grant of a permit hereunder shall not be deemed to authorize the conducting of entertainment or performances or any other form of business without the payment of the fee for a dance division II license may be required under the current business license code, and a permit hereunder is hereby made a prerequisite for the issuance of a dance division II license.
(Code 1964, § 6-15.5; Code 1980, § 12-3-26; Ord. No. 79-211, 12-28-1979; Ord. No. 82-153, § 1, 9-14-1982; Ord. No. 96-212, 12-17-1996)

Sec. 12-3-27. Limitations.

The permit issued hereunder shall be subject to the following limitations:

(1) Any dance, performance, exhibition or entertainment shall be conducted in an area designated in the permit as a stage, runway, raised platform or dance floor, removed from contact with patrons, members, guests or customers.

(2) No physical contact between performers or entertainers will be permitted or allowed during any performance or exhibition; and the performer or exhibitor shall remain at all times during the performance or exhibition upon the designated stage, runway, raised platform or dance floor.

(3) No patrons, customers, club members, guests or members of the general public shall be permitted, suffered or allowed to participate, touch, fondle, or assist in any form or manner in such performance or exhibition upon the stage, runway, raised platform or dance floor during any performance.

(4) Performers shall not mingle with patrons, members or guests in costume either during or after a performance.

(Code 1964, § 6-15.6; Code 1980, § 12-3-27; Ord. No. 79-211, 12-28-1979; Ord. No. 82-153, § 1, 9-14-1982)

Sec. 12-3-28. Revocation.

Any permit required by this division may be revoked by the city council for violation of any of the provisions of this division, or of any provision of this Code or other ordinance of the city enacted in the exercise of its police power, and may also be revoked whenever in the judgment of the city council it may be necessary for the protection of the public good or for the prevention of disorders; provided that the city council shall first give reasonable notice to the permittee of a public hearing on the matter of such revocation, at which hearing the permittee shall have the right to counsel as well as the right to present and cross examine witnesses.
(Code 1964, § 6-15.7; Code 1980, § 12-3-28; Ord. No. 79-211, 12-28-1979; Ord. No. 82-153, § 1, 9-14-1982)

Sec. 12-3-29. Annual permit.

(a) Permits issued hereunder shall remain valid until revoked by the city council; however, permits issued hereunder shall become invalid if the permittee discontinues business, or remains closed for business, for a period of 90 or more days, or if the permittee transfers an interest in the business to any person, firm, club or corporation which entity was not listed as an owner or stockholder in the application for the permit.

(b) All permits shall remain subject to any change or amendment of this article.
(Code 1964, § 6-15.8; Code 1980, § 12-3-29; Ord. No. 79-211, 12-28-1979; Ord. No. 82-153, § 1, 9-14-1982; Ord. No. 84-186, 10-16-1984)

Sec. 12-3-30. Prohibited when not on stages, runways, etc.

It shall be unlawful for any person, while on the premises of any place permitted under this division to conduct dance or dance-type performance, to perform any dance or dance-type performance upon any area other than on a raised platform, stage or runway, which raised platform, stage or runway has a floor area of not less than 15 square feet and is of a permanent nature and described in the permit; and further provided that it shall be unlawful for any such person to perform any dance or dance-type performance upon any surface upon which food or drink is also served, upon any table, chair or other item of furniture, or upon any moveable box or other moveable item.
(Code 1980, § 12-3-30; Ord. No. 82-98, § 1, 6-22-1982; Ord. No. 86-26, 2-11-1986; Ord. No. 96-212, 12-17-1996)

Subdivision II. Dancer's Permit

Sec. 12-3-30.1. Individual dancer's permit required.

It shall be unlawful for any person, while on the premises of any place permitted under this subdivision, to conduct dance or dance-type performances, to perform any dance or dance-type performance without having a currently valid dancer's permit therefor issued under this subdivision.
(Code 1980, § 12-3-30.1; Ord. No. 82-152, 9-14-1982)

Sec. 12-3-30.2. Qualifications.

(a) No person who is under 19 years of age shall be granted a permit hereunder.

(b) No person who has been convicted of a felony, convicted of an offense arising out of the manner of performing a dance or dance-type performance, or convicted of prostitution, solicitation for prostitution, or a prostitution-related offense, within the next preceding calendar year, shall be granted a permit hereunder.

(c) No person who has knowingly made a false or misleading statement on any application for dancer's permit, request for duplication or request for renewal, within the next preceding year, shall be granted a permit hereunder.

(d) No person who, having been granted a dancer's permit hereunder, which permit was thereafter suspended by the public safety committee or the city council, shall be granted a permit during the period of suspension.

(e) No person who, having been granted a dancer's permit hereunder, which permit was thereafter revoked for any other reason by the public safety committee or city council, shall be granted a permit within 180 days of the date of revocation.
(Code 1980, § 12-3-30.2; Ord. No. 82-152, 9-14-1982; Ord. No. 96-211, 12-17-1996)

Sec. 12-3-30.3. Application, temporary permit, investigation permit.

(a) Each person desirous of obtaining a permit to perform dance or dance-type performances at any establishment permitted to conduct dance or dance-type performances shall file with the chief of police or his or her designee an application for permit on forms to be supplied by the chief of police. Said form shall state the person's full legal name, any names such person has used within the next preceding three years (including stage names), present residence address, each residence address for the next preceding three years, date of birth, place of birth, height, weight, race, eye color, hair color, distinguishing scars or marks, marital status, spouse's name, if married, all places of employment within the next preceding three years, driver's license number and issuing state, each felony and misdemeanor conviction during the next preceding calendar year and the place of such conviction, if any, and the place at which such person desires to dance. Upon making application, each applicant shall furnish and file therewith three photographs of the applicant of passport size (2½ inches by 2½ inches). Said application shall be signed by the applicant, and

the truth of matters therein stated shall be sworn to by the applicant. The applicant shall be fingerprinted by the police department. The application shall also be accompanied by a certified copy of the applicant's birth certificate, driver's license, passport or other proof of identification acceptable to the chief of police or his or her designee.

(b) Upon compliance with the application procedure hereinabove described, and if said applicant apparently meets the qualifications described in section 12-3-30.2, the chief of police shall, within three days, issue a temporary dancer's permit to be valid for 30 days at the place named on the application only.

(c) Upon issuance of a temporary dancer's permit, the chief of police shall cause an investigation to be made of the applicant and statements made upon the application. This investigation shall be completed within the period of validity of the temporary permit.

(d) Upon completion of the investigation, if the chief of police is reasonably satisfied that the person meets the qualifications described in section 12-3-30.2, and that the statements on the sworn application are true, then the chief of police shall cause to be prepared a wallet-sized permanent dancer's permit, including the name, thumb print, picture and current place of employment of the applicant.
(Code 1980, § 12-3-30.3; Ord. No. 82-152, 9-14-1982; Ord. No. 86-254, 11-25-1986)

Sec. 12-3-30.4. Transfer.

(a) A temporary dancer's permit shall be valid only at the place named on the permit.

(b) A permanent dancer's permit shall be valid only at the adult division II place or places listed thereon.
(Code 1980, § 12-3-30.4; Ord. No. 82-152, 9-14-1982; Ord. No. 96-211, 12-17-1996)

Sec. 12-3-30.5. Renewal.

The permanent dancer's permits issued hereunder shall remain valid for a 12-month period beginning on the date of issuance of the temporary dancer's permit, unless revoked or suspended as provided. Such permit may be renewed during the 30-day period preceding the end of the 12-month permit period upon the filing with the chief of police of a request for renewal and two passport-sized photos. The request for renewal shall provide current information on all items in the original application. For any duplicate or replacement permit, the same qualifications for renewal as for the original permit shall apply with the effective date of the original annual permit.
(Code 1980, § 12-3-30.5; Ord. No. 82-152, 9-14-1982; Ord. No. 96-211, 12-17-1996)

Sec. 12-3-30.6. False statement prohibited.

No person making application hereunder shall knowingly make a false or untrue statement on an application or request for renewal required to be filed hereunder.
(Code 1980, § 12-3-30.6; Ord. No. 82-152, 9-14-1982)

Sec. 12-3-30.7. Requirements.

The holder of a dancer's permit shall be required to:

(1) Have the card or temporary permit in the holder's constructive possession while in the place of employment or where the dance, performance or exhibition is performed. The card, temporary permit or dancer's permit and business license when applicable shall be posted on the premises. Such posting shall contain the picture, and identification of the dancer on the front, on the back of the permit shall list the name, address, fingerprint, current telephone number and business license number. Such posting will be considered compliance with this provision when in a site designated by the chief of police or his or her designee;

(2) Produce the card, temporary permit or dancer's permit for inspection upon reasonable demand of a member of the police department;

(3) Not permit the use of the dancer's permit or temporary permit by another;

(4) Notify the chief of police in writing of any change in address; and

(5) Immediately report to the chief of police the loss of the card or permit; should circumstances warrant, a duplicate card will be issued upon the payment of a fee as herein provided.

(Code 1980, § 12-3-30.7; Ord. No. 82-152, 9-14-1982; Ord. No. 96-211, 12-17-1996)

Sec. 12-3-30.8. Suspension, revocation.

(a) The public safety committee shall send notice of suspension or revocation of dancer's permit by certified mail to the last known place of abode provided by the dancer to the chief of police or his or her designee and stating the date of the hearing on the suspension or revocation period.

(b) Any permit issued hereunder may be suspended for a stated period of time or revoked by the public safety committee or the city council, after notice and hearing, or as otherwise provided under this subdivision, if it is determined or there is reason to believe that:

(1) The person holding said permit does not meet the qualifications described in section 12-3-30.2;

(2) Has violated the requirements of section 12-3-30.7;

(3) Has violated any other provisions of this subdivision II, any municipal misdemeanor ordinance, any business license violation, or any criminal law of the State of Alabama or federal government.

(c) Any suspension or revocation of the permit by the said committee may be appealed for a hearing and presentation of evidence before the city council to be held within 28 days of the date of the decision of the committee, unless request for continuance by dancer. Any suspension or revocation hereunder shall remain in full force and effect pending appeal and decision of the city council.

(d) Upon suspension or revocation of the dancer's permit held by the dancer, the custody and possession of same shall revert to the city and the dancer, performer, entertainer or exhibitionist shall surrender same to the city clerk.

(Code 1980, § 12-3-30.8; Ord. No. 82-152, 9-14-1982; Ord. No. 96-211, 12-17-1996)

Sec. 12-3-30.9. Fees.

(a) Each applicant for a dancer's permit hereunder shall pay with the application a service fee of $125.00. The dancer's permit shall be issued for a specific location. A dancer, performer or exhibitionist hereunder shall be required to pay an additional $25.00 fee for each additional division II site at which the dancer, performer or exhibitionist is employed or dances, performs or exhibits within 12 months of the issuance of the annual dancer's application for which a duplicate shall be issued for said location. The service fee for a replacement for a lost permit shall be $25.00. Each request for renewal shall be accompanied by the payment of a service fee of $125.00. All fees shall be paid to the director of finance and the receipt therefor shown to the chief of police. All fees shall be nonrefundable.

(b) Proof that either:

(1) A business license as required under this division has been obtained; or

(2) In the alternative, proof that the dancer, performer, exhibitionist is an employee of a validly permitted and licensed adult division II business establishment, is paid a salary and all federal, state and local employment taxes are being withheld during the entire period of the permit.

Such proof must be presented to the satisfaction of the chief of police within 30 days of the issuance of the temporary dancer's permit. If such proof is not provided to the satisfaction of the chief of police, then the permit issued hereunder may be suspended for up to 30 days or until the license is obtained or proof of employment is provided, otherwise the permit will be revoked at the end of the suspension period. Upon revocation of a permit, the applicant for a dancer's permit must reapply for a new said permit. Except for a violation under this specific section, the reappli-

cation cannot be sooner than provided under 180 days. The fee upon reapplication following revocation shall be $150.00.
(Code 1980, § 12-3-30.9; Ord. No. 82-152, 9-14-1982; Ord. No. 96-211, 12-17-1996)

Sec. 12-3-30.10. Duties of chief of police.

The chief of police or his or her designee shall have the authority to set reasonable times for application to be made and to prescribe such other reasonable administrative procedures as are in the chief of police's judgment, necessary or desirable to promote the efficient, economical administration of this subdivision.
(Code 1980, § 12-3-30.10; Ord. No. 82-152, 9-14-1982; Ord. No. 96-212, 12-17-1996)

Sec. 12-3-30.11. Duties of establishment.

It shall be unlawful for the owner, manager or any person in charge or control of any place permitted under this subdivision to conduct dance or dance-type performance to allow any person to perform any dance or dance-type performance without first having determined that said person has a currently valid dancer's permit issued under this subdivision, which permit names the place at which the person is to be allowed to perform.
(Code 1980, § 12-3-30.11; Ord. No. 82-152, 9-14-1982)

Sec. 12-3-30.12. Appeal of decision of public safety committee.

Any decision made hereunder by the public safety committee may be appealed to the full council upon the filing by the party aggrieved of a written request for review with the city clerk. The city clerk shall, within 28 days, place the matter on the council agenda and notify the public safety committee chairperson and the party aggrieved of the date set for hearing and review.
(Code 1980, § 12-3-30.12; Ord. No. 82-152, 9-14-1982; Ord. No. 96-211, 12-17-1996)

Sec. 12-3-30.13. Limitations on permit.

(a) The permit shall be issued for dance, performance, exhibition or entertainment by a dancer at the location listed on the permit. No dance, performance, exhibition or entertainment permitted under this section shall be conducted at any location other than at a business which is properly permitted as an adult division II establishment.

(b) The original copy of the permit or duplicate issued hereunder with picture affixed shall be visibly displayed on the premises for inspection during all business hours of the establishment.

(c) Any dance, performance, exhibition or entertainment by a dancer shall be conducted in an area designated in the permit as a stage, runway, raised platform or dance floor, removed from contact with patrons, members, guests or customers.

(d) No physical contact between performers or entertainers will be permitted or allowed during any performance or exhibition; and the performer or exhibitor shall remain at all times during the performance or exhibition upon the designated stage, runway, raised platform or dance floor. No patrons, customers, club members, guests or members of the general public shall be permitted, suffered or allowed to participate, fondle, or assist in any form or manner in such performance or exhibition upon the stage, runway, raised platform or dance floor during any performance. Dancers, performers and exhibitionists shall not mingle with patrons, members or guests in costume either before, during or after a performance unless their breasts, and male and female genital areas are covered by an opaque material, and the males genital is not in a turgid state even if covered by an opaque material.
(Code 1980, § 12-3-30.13; Ord. No. 96-211, 12-17-1996)

Sec. 12-3-30.14. Limitations on patrons, etc.

It shall be unlawful for any person other than a dancer to put or place himself or herself or allow himself or herself to be put or placed on any stage, runway, raised platform or dance floor during any dance, performance, exhibition or entertainment being done by a dancer. It shall be unlawful for any person to have physical contact with any dancer, performer or entertainer before, during or after any dance, performance or exhibition or to participate, fondle, have sexual contact or simu-

late any sexual acts to or with a dancer, performer, exhibitionist or entertainer or assist in any form or manner in such performance or exhibition upon the stage, runway, raised platform or dance floor.
(Code 1980, § 12-3-30.14; Ord. No. 96-211, 12-17-1996)

Sec. 12-3-30.15. Permit not to be deemed a business license; existing license.

The grant of a permit hereunder shall not be deemed to authorize the conducting of entertainment or performance or any other form of such business without the payment of the fee for a dancer's adult division II business license for performing a business function, and a current dancer's adult division II business license is hereby made a prerequisite in addition to the possession of a valid permit hereunder. Any dancer, performer, exhibitionist or entertainer required to obtain a permit under this division, who is not an employee of an adult division II establishment, but who operates as an independent contractor in the facility in which said person dances, performs or entertains and for whom no occupational tax or other withholdings consistent with the revenue code of the city, state and federal government regulations, are made by the adult division II business, such dancer, performer, exhibitionist or entertainer shall be required to have a dancer's adult II business license. A business license shall not be issued without a current dancer's permit in effect under this section. The business license is subject to suspension or revocation upon suspension or revocation of the dancer's permit.
(Code 1980, § 12-3-30.15; Ord. No. 96-211, 12-17-1996)

Sec. 12-3-30.16. Penalties.

It is unlawful to violate any of the provisions of this subdivision. Upon a conviction within a 12-month period under this subdivision the fine shall be $100.00; upon a second conviction under this subdivision within a 12-month period the fine shall be not less than $200.00 and the dancer's permit shall be suspended for 30 days; upon a third conviction under this subdivision within a 12-month period the fine shall be not less than $300.00 and the dancer's permit shall be suspended for 90 days; upon a fourth conviction under this subdivision within a 12-month period the fine shall be not less than $400.00 and the dancer's permit shall be revoked, provided that reapplication for a dancer's permit may be made not sooner than 180 days from the date of the most recent revocation.
(Code 1980, § 12-3-30.16; Ord. No. 96-211, 12-17-1996)

Division 3. Masked Balls

Sec. 12-3-31. Permit—Required.

It shall be unlawful for any person to conduct or aid or abet in conducting, or permit or allow upon any premises under his or her control, within the city, any masked ball, by whatever name it is called, unless a permit therefor is first obtained as provided by this division. Each day's conduct of any dance without the permit shall be deemed a separate offense.
(Code 1964, § 6-16; Code 1980, § 12-3-31; Ord. No. 79-211, 12-28-1979)

Sec. 12-3-32. Same—Application.

Any person desiring a permit required by this division shall make application therefor to the city council, describing the place where the same is to be held, the manner in which the same is to be conducted, whether the general public is invited or allowed to participate in such dance or only invited guests, and stating the charges proposed to be made for admission or participation therein, as well as the duration thereof.
(Code 1964, § 6-17; Code 1980, § 12-3-32; Ord. No. 79-211, 12-28-1979)

Sec. 12-3-33. Same—Grant or denial.

Upon consideration of an application for a permit required by this division, the city council shall determine whether or not it is to the best interest of the public safety, the public health, the public morals and the public welfare that the permit be granted, and shall by resolution grant or deny such permit.
(Code 1964, § 6-18; Code 1980, § 12-3-33; Ord. No. 79-211, 12-28-1979)

ARTICLE C. POOLROOMS AND BILLIARD ROOMS*

Division 1. General Provisions

Sec. 12-3-41. Definitions.

For the purposes of this article, the following words and phrases shall have the meanings respectively ascribed to them by this section:

Billiard table includes a miniature billiard table.

Pool table includes a miniature pool table.
(Code 1964, § 6-18; Code 1980, § 12-3-41)

Sec. 12-3-42. Operating without license.

(a) No person shall, without having first obtained a license therefor as required by the current license code of the city, maintain or operate or be concerned in maintaining or operating a poolroom, pool table, billiard room or billiard table where the game known as pool or billiards is or may be played for compensation and for which a charge is made.

(b) There shall be excepted from this section and from all other sections contained in this article, all billiard tables or billiard rooms and all pool tables and poolrooms operated by industrial or manufacturing concerns for the exclusive use of their employees, Young Men's Christian Associations, religious orders, charitable institutions, state, county or city institutions, fraternal orders, bona fide clubs using tables for employees or members only and family game rooms.
(Code 1964, § 6-19; Code 1980, § 12-3-42)

Sec. 12-3-43. Closing hours; Sunday.

Every person maintaining any poolroom, pool table, billiard room or billiard table where the game known as pool or billiards is or may be played for compensation shall close the same at 11:30 p.m. on each day and shall keep the same closed until 6:00 a.m. of the following day and all day on Sunday; provided, however, that the closing hour of 11:30 p.m. shall not apply to the operation of a miniature billiard table or miniature pool table, except that such table shall not be operated on Sunday.
(Code 1980, § 12-3-43)

Sec. 12-3-44. Music.

It shall be unlawful for any person to cause, permit or suffer any music in any billiard or pool parlor or room, whether such music is by the human voice or by any other instrumentality, except radio.
(Code 1964, § 6-21; Code 1980, § 12-3-44)

Secs. 12-3-45—12-3-50. Reserved.

Division 2. Permits

Sec. 12-3-51. Required.

(a) It shall be unlawful for any person to set up, maintain or operate any poolroom, pool table, billiard room or billiard table where the same known as pool or billiards is or may be played for hire or reward, a charge or for compensation, without a special permit therefor from the chief of police, as provided in this division.

(b) It shall be unlawful for any person to furnish, install, provide or cause to be furnished, installed or provided at a location within the city by lease, agreement, sale or otherwise a pool table or billiard table where the game known as pool or billiards is or may be played for hire or reward, a charge or for compensation without a special permit therefor from the chief of police having been theretofore granted as to such location as provided in this division.

(c) The special permit required by this division shall not be required for any person, firm or corporation duly licensed to operate coin-operated pool tables or billiard tables maintained for the amusement of customers and patrons of a business or establishment where food and beverages

*__State law reference—__Authority of municipal governing body to fix a license fee for the operation of billiard rooms and make additional regulations governing the operation of such billiard rooms, Code of Ala. 1975, § 34-6-3 et seq.

are sold to the general public for consumption upon the premises, pursuant to Acts 1976, p. 803 (Act No. 590).
(Code 1964, § 6-24; Code 1980, § 12-3-51)

Sec. 12-3-52. Application.

Any person desiring a permit required by this division shall file with the chief of police a written application, signed by the applicant, giving his or her address and the proposed location of the poolroom or billiard room or table, and any other relevant information that the chief of police may require to be furnished with the application.
(Code 1964, § 6-25; Code 1980, § 12-3-52)

Sec. 12-3-53. Investigation by chief of police; grant or denial.

(a) No permit required by this division shall be issued except upon the filing of an application for permit with the chief of police, who shall investigate the character and fitness of the applicant and the character and suitability of the proposed location and submit his or her findings regarding whether or not the applicant and the place for which the permit is sought to be issued are suitable and fit for such purpose to the mayor. The mayor or his or her designee shall act to approve or disapprove the permit based upon the investigation and any other information available.

(b) The applicant, any councilmember, any officer of the neighborhood in which the pool table is to be located, or any person whose residence or business is located within 250 feet of the proposed pool table location may appeal to the council the action of the mayor or his or her designee by filing a letter of appeal with the city clerk within 30 days of the action appealed.

(c) Upon appeal of the mayor's approval or disapproval of any permit pursuant to the provisions of this section, the city clerk shall set the matter down for hearing at a regular meeting of the council following his or her receipt of notice of such action. The clerk shall notify the applicant and appellant of the date set for such hearing. Upon the date of the hearing or at any continuance thereof, the council shall, after considering any evidence or testimony offered by any person concerned, act to grant or deny the permit.
(Code 1964, § 6-26; Code 1980, § 12-3-53; Ord. No. 80-187, 9-2-1980; Ord. No. 82-186, § 1, 11-16-1982; Ord. No. 84-185, § 1, 10-16-1984)

Sec. 12-3-54. New permit required if location changed.

Any permit granted by the council under the terms of this division shall only authorize the operation of the poolroom, pool table, billiard room or billiard table at the location named in the application and permit, and any change in location shall require a new permit.
(Code 1964, § 6-27; Code 1980, § 12-3-54; Ord. No. 80-187, 9-2-1980)

Sec. 12-3-55. Revocation.

Any permit issued under this division may be revoked by the council after hearing or affording the permit holder an opportunity to be heard when the council determines that either the person to whom such permit was issued or the place for which such permit was issued is no longer suitable or fit for such purpose.
(Code 1964, § 6-28; Code 1980, § 12-3-55; Ord. No. 80-187, 9-2-1980)

Sec. 12-3-56. Permit additional to license.

The permit provided for in this division shall be in addition to and distinct from the business license or occupation tax imposed by the current license code of the city. (See title 13.)
(Code 1964, § 6-29; Code 1980, § 12-3-56)

CHAPTER 3.3. AMUSEMENT DEVICES

Sec. 12-3.3-1. General provisions.

Each business or establishment where video game machines, pinball machines, crane machines, novelty arcade games or other like amusement devices (hereinafter referred to as "amusement devices") are displayed or offered for public use shall purchase the appropriate business license required by the revenue code of the city. For the purposes of this section, the term "public use"

means offering the device or machine for play by any person at any establishment where the public is invited as well as private clubs.
(Ord. No. 07-16, § 1(12-3.3-1), 1-30-2007)

Sec. 12-3.3-2. License application.

Each application for a license pursuant to this chapter shall have attached a sworn statement containing the following information:

(1) The physical location where the amusement devices will be displayed for public use.

(2) The primary nature of the business where the amusement devices will be displayed for public use.

(3) The days and hours of operation for the business or portion of the business where amusement devices will be displayed for public use.

(4) A list containing the following information: name, type of game or device, model number, manufacturer and serial number of each game or amusement device to be displayed for public use.

(5) Whether or not prizes, other than free replay of the amusement devices, will be awarded to the public for successful play of the devices.

(6) If prizes other than free replay of the devices are to be awarded, a description of the prizes or prize categories and approximate wholesale value of each prize or prize category and if the prizes to be awarded are tokens or tickets that may be accumulated to exchange for merchandise, the value of tokens or tickets that may be earned on a single play of a device.

(Ord. No. 07-16, § 1(12-3.3-2), 1-30-2007)

Sec. 12-3.3-3. Inspection of amusement devices.

Each amusement device displayed or offered for public use shall be available for inspection by the city director of finance and the chief of police or their designees at all times that the devices are displayed or offered for public use. Periodic inspections may be performed by the director of finance or his or her designee to verify compliance with this chapter. Inspections may be performed by the chief of police or his or her designee for compliance with this section and with the gambling laws of the state.
(Ord. No. 07-16, § 1(12-3.3-3), 1-30-2007)

Sec. 12-3.3-4. Decal required; penalties; decal nontransferable.

(a) Every amusement device displayed or offered for public use shall have affixed a current year decal provided by the city director of finance or his or her designee as proof of the current valid license. Each decal shall be affixed to the machine to which it has been assigned. No amusement device shall be operated unless a current decal is affixed to the device on the left side of the machine in a position easily visible to the public and so positioned that numbers and other information on the decal can be easily read by city inspectors.

(b) Display or offer of an amusement device for public use without a current decal physically affixed to the device, where the current license tax has been paid, shall be a violation of this section and shall be punishable by a fine of $50.00 per offense.

(c) Display or offer of an amusement device for public use without a current decal physically affixed to the device and where no current license tax has been paid, shall be a violation of this section and shall be punishable by a fine of $250.00 per offense.

(d) License decals shall not be transferable from machine to machine or from location to location. A separate license and decal shall be required for each added or replacement machine at a location. A separate license and decal shall be required if a machine is moved to new location within the city.
(Ord. No. 07-16, § 1(12-3.3-4), 1-30-2007)

Sec. 12-3.3-5. Gambling devices prohibited under this license; penalties.

(a) Obtaining a license pursuant to this section for any machine other than a bona fide coin-operated amusement device defined by Code

of Ala. 1975, § 13A-12-76, as may be amended, or for any gambling device or gift enterprise or scheme in the nature of a lottery shall be violation of this section and shall be punishable by a fine of $500.00 per offense. Any such device shall be subject to seizure and forfeiture pursuant to Code of Ala. 1975, § 13A-12-30, as may be amended.

(b) Nothing in this chapter shall be construed to authorize the operation of any gambling device, gift enterprise or other scheme in the nature of a lottery prohibited by the laws and constitution of the state. Licensing of amusement devices pursuant to this chapter shall not protect said devices from enforcement of the criminal laws of the state and the city.
(Ord. No. 07-16, § 1(12-3.3-5), 1-30-2007)

Sec. 12-3.3-6. Repeat or continuing violations.

All penalties or forfeitures provided by this chapter for any act or omission shall apply to each such act or omission and when any act or omission described in this chapter is of a continuing character, the penalties or forfeitures shall apply to each day's continuance thereof.
(Ord. No. 07-16, § 1(12-3.3-6), 1-30-2007)

CHAPTER 3.5. BINGO*

Sec. 12-3.5-1. Regulated.

The operation of bingo games for prizes or money by qualified nonprofit organizations for charitable or educational purposes shall be legal in the city, subject to the provisions set out in this chapter.
(Code 1980, § 12-3.5-1; Ord. No. 80-222, § 1, 9-30-1980)

*__Editor's note—__Title 12, chapter 3.5, "Bingo," of the General Code of the city was repealed in its entirety and replaced by Ordinance No. 09-78, adopted June 2, 2009. Subsequent to that, Ordinance No. 09-158, adopted October 20, 2009, repealed Ordinance No. 09-78. Thereafter, Ordinance No. 09-159, also adopted on October 20, 2009, reinstated title 12, chapter 3.5, "Bingo," as it had appeared in its amended form in the 1980 General Code of the city before the ordinance had been repealed by Ordinance No. 09-78.

Sec. 12-3.5-2. Definitions.

The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Bingo means that specific kind of game commonly known as bingo, which is a game of chance played with cards printed with five rows of five squares each. Participants place markers over randomly called numbers on the cards in an attempt to form a preselected pattern such as a diagonal, horizontal or vertical line or all four corners. The first participant to form the preselected pattern wins the game. The term "bingo" means any game of bingo of the type herein described in which wagers are placed, winners are determined and prizes or other property is distributed in the presence of all persons placing wagers in that game. The term "bingo" does not refer to any game of chance other than the type of game herein described.

Bingo session means a consecutive period of time not to exceed five hours during which bingo is played in a given calendar day.

Education organization means an organization within the state, not for pecuniary profit, whose primary purpose is educational in nature and designed to develop the capabilities of individuals by instruction in any public or private elementary or secondary school, or any public or private college, not for pecuniary profit, and approved by the state department of education.

Equipment means the receptacle and numbered objects drawn from it, the master board upon which such objects are placed as drawn, the cards or sheets bearing numbers or other designations to be covered and the objects used to cover them, and the board or signs, however operated, used to announce or display the numbers or designations as they are drawn. All equipment shall be permanently marked with the name of the organization and used only on that organization's premises.

Equivalent value means the fair market value of a gift or prize on the date it is awarded as a prize in a bingo game.

Fraternal organization means an organization within the state, except student fraternities or sororities, not for pecuniary profit, which is a branch, lodge or chapter of a national or state organization and exists for the common business or other interests of its members.

Location means a single detached building, hall, enclosure, single unit of a multiunit structure or single outdoor area used for the purpose of playing bingo pursuant to a permit issued under this chapter. Bingo games shall be held only on the premises wholly owned or leased by a single qualified permit holder. If the premises are leased, the rental shall not be based on a percentage of receipts or profits from the operation of bingo games and shall not exceed the fair market value for comparable rental properties in the immediate neighborhood.

Member means an individual who qualified for membership in a qualified organization pursuant to its bylaws, articles of incorporation, charter or other legal entity.

Permit holder means a qualified organization issued a permit pursuant to this chapter.

Person means a natural person, firm, association, corporation or other legal entity.

Police chief means the chief of the city department of police.

Qualified organization means a bona fide religious, educational, service, senior citizens, fraternal or veterans' organization which qualifies as an exempt organization under section 501(c) of the Internal Revenue Code and operates without profit to its members and which has been in existence continuously in the state, as such an organization for a period of two years.

Religious organization means an organization, church, body of communicants or group, not for pecuniary profit, meeting regularly within the state, in common membership for mutual support and edification in piety, worship and religious observances; or any society, not for pecuniary profit, of individuals united for religious purposes at a definite place; or a church-related private school, not for pecuniary profit.

Senior citizens organization means an organization within the state, not for pecuniary profit, of which at least 50 percent of the membership and at least ten members are 60 years of age or older, and exists for their mutual support and for the entertainment or advancing the causes of elderly or retired persons.

Service organization means a branch, lodge or chapter of a national or state organization, not for pecuniary profit, which is authorized by its written constitution, charter, articles of incorporation or bylaws to engage in a fraternal, civic or service purpose within the state; and a local civic organization, not for pecuniary profit and not affiliated with a state or national organization, whose constitution, charter, articles of incorporation or bylaws contain a provision for the perpetuation of the organization as a nonprofit organization whose entire assets are pledged to charitable purposes.

Special occasion means a single gathering or session at which a series of successive bingo games authorized by this chapter are played pursuant to a special permit issued under section 12-3.5-6.

Veterans organization means an organization within the state, or a branch, lodge or chapter within the state, of a state organization or of a national organization chartered by the Congress of the United States, not for pecuniary profit, the membership of which consists of individuals who were or are members of the armed services or forces of the United States.

(Code 1980, § 12-3.5-2; Ord. No. 80-222, § 2, 9-30-1980; Ord. No. 97-54, § I(12-3.5-2), 5-6-1997; Ord. No. 98-99, § I(12-3.5-2), 6-23-1998)

Sec. 12-3.5-3. Operation of bingo games; permit required; classification of permits.

(a) Any provisions of the law to the contrary notwithstanding, no qualified organization shall be permitted to operate a bingo game until the city council issues a permit to the organization authorizing it to do so. In the event of any controversy concerning whether or not a certain activity constitutes bingo for which a permit may

be issued, the decision of the city council shall control. A permit shall not be assignable or transferable.

(b) It shall be unlawful for any person to operate, conduct or participate in any bingo game unless such game is operated under a current, valid bingo permit issued for the operator at the permitted location and in conformance with the class, prize limits, and hours and days of operation of such permit. (2) An itemized list detailing all expenses, including money and prizes paid during a bingo session, including the name and address of each person to whom the ex-

penses or prizes are paid, the amount of the expense or prize and a receipt for each of said expenses; and

(3) An itemized list of all distributions of net proceeds or one-tenth of gross proceeds to the charitable, civic, community, benevolent, religious or scholastic activities as required, including the name and address of each organization receiving such funds and the amount of contribution to each organization.

(b) The records shall be open to inspection by a duly authorized employee of the police chief and/or a duly authorized employee of the director of finance during reasonable business hours. The city finance director or his or her authorized deputy, auditor or representative, may examine and conduct an audit of a permit holder's records, accounts and transactions related to the operation of bingo.

(c) On or before April 15 in each year, each permit holder shall file with the finance director a financial statement of receipts and expenses relating to the operation of bingo games in the previous calendar year and a copy of the permit holder's Form 990. Said statement shall be in addition to any and all other reports required by law.

(d) The location at which bingo is being conducted or at which an applicant or permit holder intends to conduct bingo shall be open to inspection at all times by duly authorized employees of the police chief and/or authorized employees of the director of finance.
(Code 1980, § 12-3.5-14; Ord. No. 80-222, § 14, 9-30-1980; Ord. No. 97-54, § I(12-3.5-14), 5-6-1997; Ord. No. 98-99, § I(12-3.5-14), 6-23-1998; Ord. No. 98-194, § I(12-3.5-14), 12-15-1998)

Sec. 12-3.5-15. Suspension or revocation of permits.

(a) The city council may suspend or revoke any permit issued pursuant to this chapter if the permit holder or any officer, director, agent, member or employee of the permit holder violates this chapter or rule promulgated hereunder.

(b) The chief of police or his or her designee may request the revocation or suspension of any bingo permit for any of the following:

(1) Failure or refusal to comply with any provision of this chapter;

(2) Conviction of any officer, director or employee of the permit holder or other person operating, conducting or managing bingo games under such permit of any crime or offense involving moral turpitude or corrupt or fraudulent practice;

(3) Making a false statement of a material fact in the application for bingo permit or failing to disclose any information called for in the application;

(4) Failure to give out the amount of cash, prizes or gifts advertised for each bingo game; and

(5) A Class I bingo permittee, or employee, person operating, conducting or managing a Class I permitted bingo game offering or giving out more than $50.00 in cash or gifts of equivalent value in any calendar day or more than $100.00 in any calendar week or a Class II bingo permittee, or employee, person operating, conducting or managing a Class II permitted bingo game offering or giving out more than $1,200.00 in cash or gifts of equivalent value in any calendar day or more than $2,400.00 in any calendar week.

(c) The chief of police may suspend a bingo permit for any of the reasons given in subsection (b) of this section for a period not to exceed 15 days. Notice shall be given in writing to the permit holder or the manager or operator of the bingo games by certified mail to the address of record of the permit holder or by personal delivery. Such written notice shall set out the offense or violation giving rise to the suspension and request for suspension or revocation of the bingo permit and a date and time which the city council hearing will be held.

(d) The council shall hold a hearing on the revocation or suspension within 14 days of receipt of the police chief's recommendations. The permit

holder may be represented at the council hearing by an attorney and may present witnesses concerning the charges.

(e) The decision of the city council shall be final.

(f) Any suspension shall be upon such terms and conditions and for such period of time as the council deems appropriate.

(g) A permit holder whose permit is revoked for any reason is ineligible to apply for a bingo permit for 12 months after the revocation.

(h) The permit holder shall return the bingo permit to the city on or before the effective date of a revocation or suspension. Whether returned or not, the permit shall not be valid after the effective date of the revocation or suspension. It shall be unlawful for the permit holder or any officer, director, agent, member or employee of the permit holder to conduct or attempt to conduct bingo games after the effective date of revocation or suspension.
(Code 1980, § 12-3.5-15; Ord. No. 80-222, § 15, 9-30-1980; Ord. No. 97-54, § I(12-3.5-15), 5-6-1997; Ord. No. 98-99, § I(12-3.5-15), 6-23-1998; Ord. No. 98-194, § I(12-3.5-15), 12-15-1998)

Sec. 12-3.5-16. Violation, offense.

Any person who violates this chapter, upon conviction, shall be punished according to the general penalties described in section 1-1-6.
(Code 1980, § 12-3.5-16; Ord. No. 80-222, § 16, 9-30-1980)

Sec. 12-3.5-17. Issuance or reissuance of permit after revocation, forfeiture or suspension; grounds for forfeiture; return of permit upon suspension, revocation or forfeiture; effect of suspension, revocation or forfeiture.

(a) A permit holder whose permit is revoked in consequence of a violation of this chapter or a rule promulgated under this chapter shall be ineligible to apply for a permit for a period of one year after the revocation.

(b) A person convicted of an offense under this section or any other gambling offense shall be ineligible to participate in conducting bingo for a period of one year after the conviction becomes final.

(c) If the permit is suspended, in addition to other penalties which may be imposed, the city council may declare the violator ineligible to conduct a bingo game or apply for a permit under this chapter for a period not exceeding one year.

(d) The permit holder shall return its permit to the police chief on or before the effective date of a suspension, revocation or forfeiture. Whether returned or not, the permit shall not be valid beyond the effective date of the suspension, revocation or forfeiture.

(e) It shall be unlawful for any person to conduct or aid in conducting a bingo game under an expired, suspended or revoked permit.

Sec. 12-3.7-2. Permit required to engage in business of buying gold or silver or gold or silver objects.

No person shall engage in the business of buying gold, silver, or gold or silver objects without having first obtained a permit therefor from the city council.
(Code 1980, § 12-3.7-2; Ord. No. 80-201, § 2, 9-16-1980; Ord. No. 80-247, § 2, 11-4-1980)

Sec. 12-3.7-3. Application for permit; application fee.

(a) Application for a permit required herein shall be made to the chief of police and shall be signed by the applicant himself or herself, if an individual; by all partners, if a partnership; and by the chief executive officer, if a corporation, or, if a foreign corporation, the managing officer of such corporation for the state. Application forms shall be furnished by the chief of police, and such application shall be sworn to by each of its signers before a notary public or other officer authorized by law to administer oaths and shall include the following information:

(1) Name, residence address and telephone number of each individual owner, partner, or, if a domestic corporation, the names of the directors and chief executive officer of such corporation, or, if a foreign corporation, the name of the managing officer of such corporation for the state and the date on which such foreign corporation became legally qualified to do business in the state.

(2) Trade names used by the applicant during the previous three years and by each person signing the application, along with the locations of prior establishments.

(3) The names and addresses of employers of each person signing the application during the previous three years.

(4) The trade name and address of the business on behalf of which application is made and its telephone number, if assigned.

(5) The address of the place where the business is to be carried on.

(6) The name, residence address and telephone number of each person employed or intended to be employed in the business as of the time the application is filed.

(7) A photograph of each person signing the application, taken within 60 days immediately prior to the date of the filing of the application, which photograph shall be two inches by two inches, showing the head and shoulders of the applicant in a clear and distinguishing manner.

(8) What type of security, if any, the applicant proposes to employ to safeguard its purchases and the premises upon which it will conduct business.

(9) The type of evidence of ownership that the applicant will require of a seller of gold, silver, or gold or silver objects before completing the purchase.

(10) A copy of the form of bill of sale or other evidence of transfer of title of gold, silver, or gold or silver objects from the seller to the applicant which the applicant proposes to use in its business.

(b) Each application for a permit hereunder shall be accompanied by an application fee of $100.00, except that any person applying for a permit who has been continuously engaged in business within the city as a gold or silver dealer or a wholesale or retail merchandise dealer for a period of two years prior to the date of the adoption of the ordinance from which this chapter is derived under an appropriate business license issued by the city shall be exempt from the requirements of this subsection.
(Code 1980, § 12-3.7-3; Ord. No. 80-201, § 3, 9-16-1980; Ord. No. 80-247, § 3, 11-4-1980)

Sec. 12-3.7-4. Investigation of application; public hearing before city council.

(a) The chief of police shall investigate all applications for permits and shall file a written report of his or her findings, together with the

application, with the city clerk within 30 days from the date of receipt of such application. The chief of police shall state, in the report, his or her recommendations on the issuance or denial of the permit.

(b) Upon receipt of the application and the report of the chief of police, the city clerk shall submit such application and report to the city council. The city council shall set a public hearing on such application before the city council at a regular or special meeting to be held within 21 days after submission of the application to the city council by the city clerk. The city clerk shall notify the applicant of the time and place of such public hearing. Such notice shall be in writing and shall state that the applicant, at such public hearing, may appear in person and/or by his or her attorney and that he or she may present his or her position, argument or contentions orally and/or in writing and that he or she may present evidence in his or her behalf and examine witnesses appearing for or against him or her.

(c) At such public hearing, the city council shall hear any person who desires to be heard and shall receive all evidence offered by any person on any issue relevant to the issuance or denial of the permit applied for.

(d) The city council shall consider all relevant evidence and testimony presented to it at such public hearing and shall, at the conclusion of such hearing, issue or deny the permit.

(e) The city council may deny the permit if the applicant or any officer, agent or employee of the applicant has:

(1) Violated or failed to comply with any provision of this chapter.

(2) Knowingly and willfully given any false information of a material nature in connection with the application for a permit or in connection with the public hearing on the issuance or denial of such permit.

(3) Been convicted of any federal or state law or municipal ordinance which reasonably relates to the applicant's character, fitness and business responsibility for engaging in the business of buying gold, silver, or gold or silver objects in a manner consistent with the public safety. The city council shall, in regard to any such convictions, consider the nature and seriousness of the offense; the circumstances surrounding the offense; the number of such offenses; the amount of time that has elapsed since the offense; the age of the applicant at the time of the offense; and any evidence of rehabilitation.

(Code 1980, § 12-3.7-4; Ord. No. 80-201, § 4, 9-16-1980; Ord. No. 80-247, § 4, 11-4-1980)

Sec. 12-3.7-5. Permit valid only at address shown thereon.

The permit issued to the applicant shall be valid only at the address shown thereon. Any person engaged in the business of buying gold, silver, or gold or silver objects who operates more than one such business must have a separate permit for each such place of business.

(Code 1980, § 12-3.7-5; Ord. No. 80-201, § 5, 9-16-1980; Ord. No. 80-247, § 5, 11-4-1980)

Sec. 12-3.7-6. Records to be kept.

It shall be the duty of each person engaged in the business of buying gold, silver, or gold or silver objects to keep at his or her place of business a permanently bound book, with the pages therein numbered by the manufacturer, in which he or she shall enter, or cause to be entered, in ink, a minute description of all gold, silver, or gold or silver objects bought at his or her place of business and the time when such property was received, making particular mention of any prominent marks on same, together with the name, sex, color, apparent age and general description and place of residence of the person from whom such property was bought; and wherever such items bear a number of the name of a manufacturer or other descriptive mark, the description hereinabove provided for shall include such number, name of manufacturer and other descriptive marks. Each permittee shall make the entries, or cause the entries to be made, in the book, as herein provided, at the time any such property is received. Such permittee shall make the entries herein required by making the first entry at the top of the first page of the book. Subsequent entries in the book shall be made in the order in

which the property to which the respective entries pertain was received. It shall be unlawful for any such permittee to remove, or permit to be removed, any page or part of page from such book or to erase or obliterate, or permit to be erased or obliterated, any entry made upon any page thereof.
(Code 1980, § 12-3.7-6; Ord. No. 80-201, § 6, 9-16-1980; Ord. No. 80-247, § 6, 11-4-1980)

Sec. 12-3.7-7. Inspection of records.

Each permittee, during the ordinary hours of business, when requested by the mayor, the chief of police or any police officers of the city, shall submit and exhibit such book as is provided for in section 12-3.7-6 to the inspection of the mayor, chief of police or other police officer, and upon demand shall exhibit any gold or silver or gold or silver objects which may be in the place of business of such permittee or which may have been bought or received by such permittee and which may be kept by him or her at any place.
(Code 1980, § 12-3.7-7; Ord. No. 80-201, § 7, 9-16-1980; Ord. No. 80-247, § 7, 11-4-1980)

Sec. 12-3.7-8. Daily report to police.

It shall be the duty of every permittee to furnish to the chief of police, at his or her office on each day upon forms provided for that purpose, a complete description of all gold, silver, or gold or silver objects bought or received during the preceding day, together with the name, sex, color, apparent age and general description and place of residence of the person selling or exchanging any such property and showing the hour such property was received, purchased or exchanged. In the event any day shall be a legal holiday, the report required by this section may be made on the day following such holiday.
(Code 1980, § 12-3.7-8; Ord. No. 80-201, § 8, 9-16-1980; Ord. No. 80-247, § 8, 11-4-1980)

Sec. 12-3.7-9. Permittee to retain purchases for 15 days.

It shall be unlawful for any permittee to sell, exchange, alter, destroy, melt or remove from his or her place of business any gold, silver, or gold or silver objects received, bought or exchanged by him or her for a period of 15 days after the delivery of the report required by section 12-3.7-8.
(Code 1980, § 12-3.7-9; Ord. No. 80-201, § 9, 9-16-1980; Ord. No. 80-247, § 9, 11-4-1980; Ord. No. 85-219, 10-1-1985)

Sec. 12-3.7-10. Dealing with minors prohibited.

It shall be unlawful for any permittee to buy or receive any gold, silver, or gold or silver objects from any person under the age of 19 years.
(Code 1980, § 12-3.7-10; Ord. No. 80-201, § 10, 9-16-1980; Ord. No. 80-247, § 10, 11-4-1980)

Sec. 12-3.7-11. Revocation of permit.

(a) The city council may revoke any permit issued pursuant to the provisions of this chapter for any of the reasons set forth in section 12-3.7-4(e).

(b) The city council shall set a time for a public hearing on the matter of the revocation of any permit issued pursuant to this chapter, and notice of the date and time of such hearing will be given to the permittee in writing by the city clerk not less than seven days prior to such hearing. Such notice shall state the reason for the hearing and shall advise the permittee that he or she may appear in person and/or by attorney and that he or she may present his or her position, arguments and contentions in writing and/or orally, and that he or she may present evidence in his or her behalf and examine witnesses appearing for and against him or her. The city council shall receive any relevant evidence and hear any relevant testimony on the matter of revocation prior to making its decision on such matter. The revocation by the city council of a permit issued pursuant to this chapter shall also act as a revocation of the business license of the permittee which was issued by authority of such permit.
(Code 1980, § 12-3.7-11; Ord. No. 80-201, § 11, 9-16-1980; Ord. No. 80-247, § 11, 11-4-1980)

Sec. 12-3.7-12. License tax.

Each permittee shall pay to the director of finance a license tax for the privilege of engaging in the business of buying gold or silver or gold or silver objects in the amount specified in the then

current license code of the city and shall each year thereafter pay to the director of finance such amount as is specified for such business in the then current license code so long as such permittee's license is in effect. The permit issued to the permittee shall authorize the director of finance to issue such license; except that any permittee who is engaged in business as a retail or wholesale merchandise dealer on the date of the issuance of the permit under license issued by the city may continue to do business under such license, and all business done by such dealer under the permit issued pursuant to this chapter shall be considered as part of the retail or wholesale merchandise business of such permittee for the purpose of calculating the amount of license due.
(Code 1980, § 12-3.7-12; Ord. No. 80-201, § 12, 9-16-1980; Ord. No. 80-247, § 12, 11-4-1980)

Sec. 12-3.7-13. Permit not transferable.

No permit or license issued under this chapter shall be transferred, assigned or used by any person other than the one to whom it was issued.
(Code 1980, § 12-3.7-13; Ord. No. 80-201, § 13, 9-16-1980; Ord. No. 80-247, § 13, 11-4-1980)

Sec. 12-3.7-14. Exemptions.

(a) Bona fide retail or wholesale merchants of jewelry, gold or silver, or gold or silver objects, who are engaged in such business in the city or its police jurisdiction in a fixed place of business under a license or licenses issued by the city pursuant to the general business license code of the city, shall be exempt from the provisions of this chapter in regard to purchases of gold, silver, or gold or silver objects from persons known by such retail or wholesale merchants to be bona fide manufacturers or wholesalers of gold, silver or gold or silver objects.

(b) The provisions of this chapter shall not apply to any bank organized under the laws of the state or the United States of America.
(Code 1980, § 12-3.7-14; Ord. No. 80-201, § 14, 9-16-1980; Ord. No. 80-247, § 14, 11-4-1980)

CHAPTER 3.9. CABLE COMMUNICATIONS*

ARTICLE A. GENERAL PROVISIONS

Sec. 12-3.9-1. Title.

This chapter shall be known as the Birmingham Cable Communications Ordinance.
(Code 1980, § 12-3.9-1; Ord. No. 89-205, § 1, 8-22-1989)

Sec. 12-3.9-2. Purpose.

The purposes of this chapter are to provide for:

(1) The franchising and regulation of cable communications systems within the city;

(2) Cable communications systems that will meet the current needs of the city and that can be improved and upgraded to meet future needs taking into account the cost of those needs;

(3) The payment of fees and other valuable consideration to the city for the use of the public ways and for the privilege to construct and operate cable communications systems;

(4) The establishment of construction, maintenance, and operations standards to ensure the safety of the public;

(5) The regulation by the city of certain rates to be charged to subscribers for certain cable communications services as authorized by law;

(6) Provide for the widest possible diversity of information sources and services to the public;

(7) Equal opportunity employment and the encouragement of local business involvement in the construction, operation, and maintenance of cable communications systems; and

*__State law reference—__Municipal regulation of telecommunication services, Code of Ala. 1975, § 11-50B-1 et seq.

(8) Remedies for violation of this chapter and any franchise granted hereunder.

(Code 1980, § 12-3.9-2; Ord. No. 89-205, § 2, 8-22-1989)

Sec. 12-3.9-3. Applicability.

This chapter is applicable to any application for a cable franchise filed on or after July 1, 1986, and to any such franchise granted thereafter.
(Code 1980, § 12-3.9-3; Ord. No. 89-205, § 3, 8-22-1989)

Sec. 12-3.9-4. Definitions.

For the purpose of this chapter the following terms, phrases, words, and their derivations shall have the meanings given herein. When not inconsistent with the context, words used in the present tense include the future, words in the plural number include the singular number, and words in the singular number include the plural number. The word "shall" is mandatory and the word "may" is permissive. Words not defined shall be given their common and ordinary meanings.

Access channel means any channel set aside for public use, educational use, or governmental use without a channel usage charge pursuant to a franchise agreement.

Access user means any person or entity entitled to make use of an access channel consistent with the intended purpose of the channel.

Alternative renewal process means a renewal procedure afforded a franchising authority and cable operator under section 626(h) of the Cable Communications Policy Act of 1984, 47 USC 546(h).

Application means a proposal, and any amendments thereto, seeking authority to construct and/or operate a cable communications system within the city pursuant to this chapter.

Basic service means subscriber cable television services which include, but are not limited to, the delivery of a public broadcasting signal (PBS), any access channels and/or any local origination channels provided for in the franchise agreements that are covered by the regular monthly charge paid by all subscribers.

Cable communications system means a facility consisting of a set of closed transmission paths and associated signal generation, reception, and control equipment that is designed to provide cable service which includes video programming and which is provided to multiple subscribers within the city, but such term does not include:

(1) A facility or combination of facilities that serve only to retransmit the television signals of one or more television broadcast stations;

(2) A facility of a common carrier which is subject, in whole or in part, to the provisions of subchapter II of chapter 5 of title 47, USC (47 USC 201 et seq.), as the provisions thereof read on August 1, 2000, except that such facility shall be considered a cable system to the extent the facility is used in the transmission of video programming directly to subscribers, unless the extent of the use is solely to provide interactive on-demand services;

(3) An open video system that complies with the provisions of 47 USC 573, as the provisions thereof read on August 1, 2000; or

(4) Any facilities of any electric utility used solely for operating its electric utility system.

Cable television services means the one-way transmission over the cable communications system of video programming and associated nonvideo signals to subscribers together with subscriber interaction, if any, which is provided in connection with the video programming.

Channel means at least six MHz of bandwidth in the electromagnetic spectrum capable of carrying any type of transmission which the franchisee of a cable system is authorized to provide to its subscribers.

Commission, cable television commission and *Birmingham Cable Television Commission* mean the commission established by the city pursuant to title 2, chapter 5, article D, section 2-5-51 et seq.

Connection means the attachment of the drop to the radio or television set or other communications device of the subscriber.

Construction, construction is completed, construction has been completed and construction shall be completed mean that:

(1) Strand has been put up and all necessary cable (including trunk and feeder cable) has been lashed or, for underground construction, that all cable has been laid and trenches refilled, all road surfaces restored and, except as prevented by weather conditions or delayed because of seasons, landscaping restored;

(2) All amplified housing and modules have been installed (including modules for return path signals if proposed);

(3) Power supplies have been installed and all bonding and grounding has been completed;

(4) All necessary connectors, splitters and taps have been installed; that construction of the headends or hubs has been completed and all necessary processing equipment has been installed; and that any and all other construction necessary for the system to be ready to deliver cable service to subscribers in a safe and reliable manner has been completed consistent with the terms of the franchise and industry standards.

Proof that performance tests have been successfully conducted on each otherwise completed segment of the cable system shall be provided to the city before direct marketing of that segment begins. It is expected that segments of less than the entire system will be activated and proofed when completed. Construction of any segment or of the entire system will not be considered complete until proof that successful performance tests have been conducted on such segment (or in the case of the entire system, on all segments of the cable system) has been submitted to the city and any problems found during testing have been corrected. The term "completion of construction" does not include marketing and installation of subscriber service.

Converter means an electronic tuning device which converts transmitted signals to a frequency which permits their reception on an ordinary television receiver.

Dedication means those dedications and easements for public roadway and public utilities and other rights-of-way maintained for the benefit of the public and controlled by the city, the terms, conditions, or limitations of which are not inconsistent with the erection, construction, or maintenance of a cable communications system, its structures or equipment.

Drop means the cable that connects a subscriber's premises to the nearest feeder line of the cable communications system.

Easement means a right to use all public rights-of-way, including public utility easements.

Existing franchisee means any franchisee operating pursuant to a franchise within the city at the time it submits a renewal application.

Feeder line means the coaxial or fiber-optic cable running from the trunk line to line-extenders and taps for the purpose of the interconnection to individual subscribers.

FCC means the Federal Communications Commission or any legally appointed or designated agent or successor.

File means the delivery, by mail or otherwise, to the appropriate office, officer or agent of the city of any document or other thing which this chapter or the franchise agreement requires the franchisee to file with the city. The stamped date of receipt by the city shall be considered the file date. Unless specified to the contrary, the filing shall be with the city clerk.

Franchise means the nonexclusive right and authority to construct, maintain, and operate a cable communications system through use of the public streets, dedications, public utility easements, other public rights-of-way, or public places in the city pursuant to a contractual agreement executed by the city and a franchisee.

Franchisee or *grantee* refers to an entity authorized to construct and/or operate a cable commu-

nications system within the city pursuant to this chapter, including any lawful successor, transferee or assignee of the original franchisee.

Gross revenues means all cash, credits, or other monetary consideration received directly or indirectly by a franchisee, excluding vendor credits, arising out of the use and operation of the cable communications system within the city. The term "gross revenues" includes the amount of any federal excise tax, or any other tax imposed on sales by retailers or wholesalers, but shall not include the state sales tax levied pursuant to title 40, chapter 23, article 1, Code of Alabama 1975, and Jefferson County sales tax, levied pursuant to Act 387, 1965 Regular Legislative Session and Act 405, 1967 Regular Legislative Session, and city sales tax, levied pursuant to title 13, chapter 3, as now or hereafter amended. The term "gross revenues" includes all the gross revenues received from the cable communications system unless specifically or expressly excluded herein.

Installation means the connection of the system at the subscriber's premises.

Institutional services means one- and two-way nonentertainment transmission services for businesses, public agencies and community institutions. Such services include, but are not limited to, video transmission and voice and data communications.

Leased channel or *leased access channel* means any channel, or part of a channel, available for commercial use on a fee basis by persons or entities other than a franchisee.

Maintain or *maintenance* refers to the repair, restoration, replacement, renovation and testing of the cable communications system or components thereof so as to ensure that it operates in a safe and reliable manner and as required by the franchise agreement or this chapter.

Minority means or refers to African Americans, Hispanics and American Indians.

Private provider means any person, firm, partnership, corporation or association offering service, other than a municipality or municipal instrumentality.

Public provider means any municipality or municipal instrumentality.

School means any institution of the city public school system.

Service tier means a specific set of cable subscriber services which are made available as, and only as, a group for purchase by subscribers at a separate rate for the group.

Street or *public way* means the surface of and the space above and below any public street, road, highway, path, sidewalk, alley, court, or easement now or hereafter held by the city for the purpose of public travel or other public purposes.

Subscriber means a recipient of services provided over a cable communications system.

User means a party utilizing a cable communications system's facilities for purposes of production or transmission of material or information to subscribers.
(Code 1980, § 12-3.9-4; Ord. No. 89-205, § 4, 8-22-1989)

Secs. 12-3.9-5—12-3.9-20. Reserved.

ARTICLE B. AUTHORITY

Sec. 12-3.9-21. Requirement of a franchise.

It shall be unlawful to construct, install, maintain or operate a cable communications system or part of a cable communications system within the city without a valid franchise obtained pursuant to the provisions of this chapter.
(Code 1980, § 12-3.9-21; Ord. No. 89-205, § 5, 8-22-1989)

Sec. 12-3.9-22. General franchise characteristics.

Any franchise issued pursuant to the provisions of this chapter shall be deemed to:

(1) Authorize use of the public ways for installing and maintaining cables, wires, lines, and other facilities in a safe and reliable condition in order to operate a cable communications system, but shall neither expressly or implicitly be deemed to authorize the franchisee to provide

service to, or install cables, wires, lines or any other equipment or facilities upon private property or to utilize publicly or privately owned utility poles or conduits without the consent of the owner.

(2) Convey no property right to the franchisee.

(3) Convey no right to renewal of a franchise other than under those conditions, encumbrances and procedures prescribed by applicable law.

(4) Be nonexclusive.

a. The city reserves the right to grant franchises to operate one or more other cable communications systems throughout the city provided that any subsequent franchises are granted under terms that are no less stringent than those granted to existing franchisees. Notwithstanding the above, the city may grant franchises with less stringent terms in the following situations:

1. In the event the city, through lawful annexation, incorporates an area into the city limits which at the time of annexation is served by a cable operator that is operating under a franchise granted by the former governing body of said area, then such cable operator may continue to operate under the terms and conditions of such franchise.

2. If the city makes a written request of a franchisee to serve an area of the city which the franchisee is not required by this chapter or its franchise to serve and does not so serve, and 30 days after such written request the franchisee fails to agree, in writing, to provide service to such area within a period of two years, the city may grant a less stringent franchise for those areas.

3. Franchises and renewals granted pursuant to subsections (4)a.1 and 2 of this section shall be limited to the boundaries of the annexed area or the requested area of service.

b. In the event that the city is considering an application to grant another cable franchise to a private provider, except as provided in subsections (4)a.1 and 2 of this section, 45 days prior to the consideration of the franchise, the city shall provide all current franchisees with a copy of the proposed franchise agreement between the city and the proposed private provider franchisee. Within 30 days after receipt of such a proposed franchise agreement, all such franchisees shall notify the city, in writing, of any terms or conditions that they believe to be less stringent than the terms of their franchise agreements and their reasons therefor.

c. If the city, after receipt of such written notification by the current franchisees, enters into a franchise agreement with a private provider containing such less stringent terms or conditions, then the city and the current franchisees shall forthwith amend their franchise agreements to incorporate such less stringent terms and conditions or other reasonably comparable terms.

(Code 1980, § 12-3.9-22; Ord. No. 89-205, § 6, 8-22-1989)

Sec. 12-3.9-23. Applicable law.

A franchise agreement shall be construed under the laws of the state.

(Code 1980, § 12-3.9-23; Ord. No. 89-205, § 7, 8-22-1989)

Sec. 12-3.9-24. Subject authority.

(a) The ordinance from which this chapter is derived is adopted in compliance with the Cable Communications Policy Act of 1984, 47 USCA 521

et seq., 531 et seq., 541 et seq., 551 et seq., and 571 et seq., and all other applicable federal and state laws governing cable communications, in order to provide the full rights and benefits for the city and its citizens and a franchisee thereunder and to provide for the awarding and regulation of franchises.

(b) A franchisee shall, at all times during the life of a franchise, be subject to all lawful exercise of the police power by the city and to such lawful regulations as the city may exercise through ordinances of general applicability.

(c) The construction, operation and maintenance of the system shall also be in full compliance with all other applicable rules and regulations now in effect or hereafter adopted by the United States, the state or any agency of said governments.
(Code 1980, § 12-3.9-24; Ord. No. 89-205, § 8, 8-22-1989)

Sec. 12-3.9-25. No waiver of terms.

A franchisee shall not be excused from complying with any of the terms and conditions of this chapter or franchise agreement by any failure of the city upon any one or more occasions to insist upon or to seek compliance with any such terms or conditions. The city shall not, however, have the right to impose or assess penalties or other damages retroactively.
(Code 1980, § 12-3.9-25)

Secs. 12-3.9-26—12-3.9-30. Reserved.

ARTICLE C. FRANCHISE APPLICATIONS

Sec. 12-3.9-31. Filing of applications.

Applications for a cable franchise will be considered pursuant to the following procedures:

(1) An application may be filed at any time or pursuant to a request for proposals (RFP) issued by the city or in the case of an existing franchisee by utilization of the alternative renewal process described in section 12-3.9-35. The city reserves the right to require a person filing an unsolicited application to file another application pursuant to an RFP or provide such other information and material and in a format as the city may require. The city also reserves the right to amend the requirements of an RFP at any time to reflect information developed concerning community needs.

(2) All applications, whether submitted pursuant to an RFP or otherwise, shall be submitted to the city clerk. The city clerk shall forward such applications to the cable television commission within ten days of receipt of the application. The commission shall, within 30 days of receipt of the application from the city clerk, determine whether the application is in substantial compliance with the requirements of this chapter as set out in this section, section 12-3.9-32 or 12-3.9-35, or any applicable RFP, and shall notify the applicant within the same 30-day period whether its application has been accepted for filing.

(3) The city may request additional information from an applicant for a franchise at any time.

(4) All applications to be acceptable for filing must be accompanied by a nonrefundable filing fee of $20,000.00.

(Code 1980, § 12-3.9-31)

Sec. 12-3.9-32. Content of applications.

To be acceptable for filing, an application either must be filed pursuant to section 12-3.9-35, or conform to any applicable RFP and all the information specified therein, or contain at minimum the following information where an application is not filed pursuant to an RFP or pursuant to section 12-3.9-35:

(1) Identification of the ownership and management of the applicant, if not a natural person, including the names and addresses of all persons with one percent or more ownership interest and the ultimate controlling natural persons, and identification of all principals, officers and directors and any other primary business affiliation of each. If the applicant is a

subsidiary of another controlling entity, provide the information noted above for all controlling entities.

(2) An indication of whether the applicant, or any entity controlling the applicant, or any affiliate of said controlling entity, including any officer of a corporation or major stockholder thereof, has voluntarily filed for relief under any provision of the bankruptcy laws of the United States (title 11 of the U.S. Code), had an involuntary petition filed against it pursuant to the bankruptcy code, been the subject of any state law insolvency proceeding such as a transfer for the benefit of creditors, had a cable franchise revoked, or has been found guilty by any court or administrative agency in the United States of a violation of a security or antitrust law or a felony or any other crime involving moral turpitude. Identify any such person or entity and fully explain the circumstances.

(3) A demonstration of the applicant's technical, legal and financial ability to construct and operate the proposed cable facility, including a detailed and complete financial statement of the applicant, duly certified as true and correct by an executive officer of the company, for the fiscal year last preceding the date of the application hereunder, or a letter or other acceptable evidence in writing from a recognized lending institution or funding source, addressed to both the applicant and the governing body, setting forth the basis of a study performed by such lending institution or funding source, and a clear statement of its intent as a lending institution or funding source to provide whatever capital shall be required by the applicant to construct and operate the proposed system in the city, or a statement from an independent certified public accountant, certifying that the applicant has available sufficient free, net and uncommitted cash resources to construct and operate the proposed system in the city.

(4) A description of the physical facility proposed, including channel capacity (one-way and two-way if any), the area to be served, a summary of technical characteristics, and headend and access facilities, including a description of system architecture.

(5) A description, including a map of the entire proposed franchise area, of how any construction will be implemented, identification of areas having aboveground or belowground cable facilities, the proposed construction schedule by year, and a description (where appropriate) of how service will be converted from any existing facility to a new facility.

(6) A description of the services to be provided over the system, including identification of television signals (both broadcast and nonbroadcast) to be carried and all nontelevision services to be provided initially. Where service will be offered by tiers, identify the signals and/or services to be included on each tier.

(7) The proposed rates to be charged, including rates for each service tier, as appropriate, and charges for installation, converters, and other services.

(8) A demonstration of how the proposal is reasonable to meet the present and future cable-related community needs and interests of the community as well as describe how the diverse viewing interests of the community will be met. The applicant should also describe how the proposal will satisfy the needs of the community as analyzed in any needs assessment undertaken by the city.

(9) Pro forma financial projections for each year of the franchise term. The projections shall include a statement of income, expenses, revenue, balance sheet, statement of cash flow and schedule of capital additions. All significant assumptions, including depreciation schedules, shall be explained in notes or supporting schedules that accompany the projections.

(10) Projections, for each year of the franchise, of the number of subscribers and the rates which will be charged for all cable services.

(11) A copy of any service agreement to be entered into by the applicant and subscribers.

(12) Information as necessary to demonstrate compliance with all relevant requirements contained in this chapter.

(13) A complete list of all cable communications systems in which the applicant, controlling entity of the applicant, subsidiary or affiliate of the applicant or its controlling entity, or a principal thereof, currently holds an equity interest. For each system listed, provide the following information:

a. Franchise term;

b. Date of expiration;

c. Number of subscribers;

d. Number of homes passed;

e. Number of route miles;

f. Channel capacity;

g. Rate for basic service; and

h. Name of franchising authority, including the address, phone number, and name of the person responsible for oversight of the cable system.

If a cable system encompasses agreements with more than one franchising authority, provide the requested information for each franchising authority.

(14) For each cable communications system listed pursuant to subsection (13) of this section, indicate each instance where a public franchising authority, licensor, or contracting party asserted that the cable communications system was in violation of any provision of a franchise agreement or ordinance. Describe the circumstances which led to such assertions.

(15) For each of the cable communications systems listed pursuant to subsection (13) of this section, indicate and fully explain the circumstances for each instance where:

a. Fines, penalties, or other monetary assessments (liquidated damages or otherwise) were assessed and/or paid by the system; and

b. A letter of credit, construction bond, security bond, or any other type of security has been drawn upon by the franchising authority.

(16) Identify, for each cable communications system listed pursuant to subsection (13) of this section, any legal action brought by the franchising authority against the system, and any legal action brought by the system against the franchising authority. Explain in detail the nature, status, and outcome of each legal action, including any damages and costs assessed against either party, and include a copy of every order made by a court in connection with such legal action.

(17) A description of the potential market for cable services within the city. The city has been advised that the provision of cable service within the city may evidence economies of scale and scope associated with a natural monopoly and that therefore it appears that at present the public interest will be best served by the award of a single franchise for the entire area of the city rather than multiple or area-specific franchises. Applicants shall state whether they believe that the provision of cable service in the city evidences such economies of scale and/or scope and whether the public is better served by the award of one, multiple, or area-specific franchises. Applicants shall provide any documentation or other information which supports their views.

(18) Applicants shall review the provisions of this chapter and identify each and every provision the applicant believes violates any provision of:

a. The Cable Communications Policy Act of 1984, 47 USC 521 et seq., 531 et seq., 541 et seq., 551 et seq., and 571 et seq.;

b. Any other federal or state law;

c. Any city regulation; and

d. Any provision of the United States or state constitutions.

The applicant shall identify in writing the provision it believes is violated, including a detailed explanation supporting its opinion as well as proposed language which it believes will correct the asserted violation.

(19) Since the city may grant a franchise for a period of up to 15 years, an applicant should describe with particularity how it believes:

a. The technical provision of cable service is likely to change over the five-, ten-, or 15-year period of any franchise; and

b. How the demand for cable service in the city is likely to change over that same period.

(20) A demonstration that the proposal is designed to be consistent with all federal and state requirements.

(21) In the case of an application by an existing franchisee for a renewed franchise, a demonstration that said franchisee has substantially complied with the material terms of the existing franchise and with applicable law.

(22) An affidavit of the applicant or duly authorized officer thereof, certifying, in a form acceptable to the city, the truth and accuracy of the information contained in the application and acknowledging the enforceability of application commitments.

(Code 1980, § 12-3.9-32; Ord. No. 89-205, § 11, 8-22-1989)

Sec. 12-3.9-33. Applicant representatives.

Any person who files an application with the city for a cable television franchise shall at the time of application disclose to the city, in writing, the names, addresses and occupations of all persons who are authorized to represent or act on behalf of the applicant in those matters pertaining to the application. Each person so authorized shall be deemed to have the authority to make representations or act on behalf of the applicant with respect to all matters pertaining to the application unless otherwise limited in writing. The requirement to make such disclosure shall continue until the city shall have rejected an applicant's application or until an applicant withdraws its application.

(Code 1980, § 12-3.9-33; Ord. No. 89-205, § 12, 8-22-1989)

Sec. 12-3.9-34. Consideration of applications.

(a) The city will consider each application for a franchise where the application is found to be acceptable for filing and in substantial compliance with the requirements of this chapter and any applicable RFP if filed pursuant thereto. In evaluating an application the city will consider, among other things, the applicant's experience, character, background, and financial responsibility, the applicant's past service record in other communities, the nature of the proposed facilities and services, but without regard to the content of such services, proposed rates, and whether the proposal would adequately serve the public needs and the overall interests of the citizens of the city. Where the city finds that the public interest will be best served by the award of one or a limited number of franchises, and more applications have been filed than franchises will be awarded, the city shall award the franchise or franchises to the applicant(s) which will best serve the public needs and interests as determined by the city council.

(b) Where the application is for a renewal of a franchise, pursuant to an RFP or section 12-3.9-32, the city shall consider whether:

(1) The cable operator has substantially complied with the material terms of the existing franchise and with applicable law;

(2) The quality of the operator's service, including signal quality, response to consumer complaints, and billing practices (but without regard to the mix, quality, or level of cable services or other services provided over the system) has been reasonable in light of community needs;

(3) The operator has the financial, legal and technical ability to provide the services, facilities, and equipment as set forth in the operator's proposal; and

(4) The operator's proposal is reasonable to meet the future cable-related community needs and interests, taking into account the cost of meeting such needs and interests.

Consideration by the city of an application for a franchise renewal will not be based on comparison with any other applications received.

(c) Where the city determines that an applicant's proposal, including the proposed service area, would serve the public interest, it may grant a franchise to the applicant. The franchise agreement will constitute a contract, freely entered into, between the city and the franchisee. Said franchise agreement shall incorporate by reference the provisions of this chapter. Any such franchise must be approved by resolution of the city council.

(d) In the course of considering an application for a renewed franchise, the council shall hold a public hearing, following at least 14 days' prior notice, in which the public and the franchisee seeking renewal shall be offered an opportunity to speak, offer evidence and question witnesses. A transcript or recording shall be made of such hearing. Based on the record of such hearing and the application (including any negotiations relative thereto), the council shall determine whether to grant a renewed franchise and shall issue a written opinion stating the reasons for its decision.
(Code 1980, § 12-3.9-34; Ord. No. 89-205, § 13, 8-22-1989)

Sec. 12-3.9-35. Alternative renewal process.

Notwithstanding any other provision contained herein, an existing franchisee may at any time submit a proposal for the renewal of a franchise pursuant to the provisions of section 626(h) of the Cable Communications Policy Act of 1984, 47 USC 546(h); and the city may, after affording the public adequate notice and opportunity for comment, grant or deny such proposal at any time (including before or after the issuance of a request for proposal pursuant to this article).
(Code 1980, § 12-3.9-35; Ord. No. 89-205, § 14, 8-22-1989)

Sec. 12-3.9-36. Acceptance.

A franchise and its terms and conditions shall be accepted by a franchisee by written instrument, in a form acceptable to the city attorney, and filed with the city within 30 days after the granting of the franchise by the city. The acceptance shall be executed in the name and on behalf of a franchisee by an officer of franchisee duly authorized thereunto, and with his or her signature as such officer acknowledged by a notary public. A duplicate executed copy of such written acceptance shall be filed with the director of finance of the city and a third executed copy with the city engineer.
(Code 1980, § 12-3.9-36; Ord. No. 89-205, § 15, 8-22-1989)

Secs. 12-3.9-37—12-3.9-40. Reserved.

ARTICLE D. FRANCHISE CONDITIONS

Sec. 12-3.9-41. Franchise term.

The term of a franchise shall be as specified in the franchise agreement, but it shall not exceed 20 years.
(Code 1980, § 12-3.9-41; Ord. No. 89-205, § 16, 8-22-1989)

Sec. 12-3.9-42. Franchise fee.

(a) A franchisee, in consideration of the privilege granted under a franchise for the use of public ways and the privilege to construct and operate a cable communications system, shall pay to the city five percent of its annual gross revenues during the period of its operation under a franchise.

(b) A franchisee shall file with the city, by the end of each fiscal year, a revenue statement showing the gross revenues received by franchisee during the preceding 12 months. A franchisee shall pay the annual franchise fee to the city on or

before the time such revenue statement is due to be filed. A franchisee shall also file, no later than 90 days after the end of its fiscal year, the franchisee's revenue statements for the preceding year, audited by an independent public accountant certified in the state, which shall affirmatively state that the revenue statement is based on gross revenues as defined herein. A franchisee shall bear the cost of such an audit. Any franchisee fee payment or reimbursement that adjusts for any shortfall or overpayment of the total payment for the year shall be made at that time.

(c) The city shall have the right to inspect all relevant revenue records and records pertaining to the number of subscribers, services received by subscribers, and rates charged for services provided in the city. The city shall have the right to conduct any audits of the franchisee's revenue statements necessary to determine or verify and to recompute, if necessary, any amounts determined to be payable to the city. The city shall bear the cost of such an audit.

(d) In the event that any franchise payment is not received by the city on or before the applicable dates, the franchisee shall pay a late charge of five percent of the amount of such payment when the payment is more than 45 days overdue; 15 percent of the amount of such payment when the payment is more than 75 days overdue; and 25 percent of the amount of such payment when the payment is more than 105 days overdue.

(e) In the event a franchise is revoked or otherwise terminated prior to its expiration date, a franchisee shall file with the city, within 90 days of the date of revocation or termination, an audited financial statement showing the gross revenues received by the franchisee since the end of the previous year and shall make adjustments at that time for the franchise fees due up to the date of revocation or termination.

(f) Nothing in this chapter shall limit the city's authority to tax a franchisee.
(Code 1980, § 12-3.9-42; Ord. No. 89-205, § 17, 8-22-1989)

Sec. 12-3.9-43. Publication costs.

A franchisee shall be responsible for all costs of publication of this chapter, its franchise and any lawful amendments thereto to the extent required by state law.
(Code 1980, § 12-3.9-43; Ord. No. 89-205, § 18, 8-22-1989)

Sec. 12-3.9-44. Insurance, bonds, letters of credit, indemnity.

(a) *General provisions.* Either prior to or immediately following the granting of a franchise, a franchisee shall obtain and maintain, at all times during the term of the franchise and including operation under the supervision of a bankruptcy trustee or receiver and including the time for removal of facilities, in full force and effect and for the full amount prescribed, all insurance, letters of credit, and bonds as required herein. All required certificates of insurance policies, letters of credit and bonds shall be filed with the city clerk. No policy, letter of credit or bonds shall expire without having a replacement bond, letter of credit, or policy in force and effect and on file with the city clerk. Each policy, letter of credit, or bond so required must contain an endorsement providing that 30 days' prior written notice shall be given to the city, by filing the same with the city clerk, of any alteration, change, substitution, nonrenewal or cancellation thereof.

(b) *Indemnity.* A franchisee, at its sole cost and expense, shall fully defend, indemnify and save the city, its officials, boards, commissions, agents and employees, harmless from any and all third party claims, suits, causes of action, proceedings, liability, penalties, and judgments for relief or damages of any kind whatsoever, including, but without limitation, all damages, costs, expenses, reasonable attorney's fees and interest (all hereinafter "third party claims"):

(1) Based upon allegations relating in any way to the construction, operation or maintenance of the cable communications system in the city by the franchisee, or the franchisee's officers, agents, employees, contractors, or subcontractors, whether or

not any act or omission complained of was authorized, allowed, or prohibited by the franchisee; or

(2) Based upon allegations that any action by the city, or any action by a city employee or official acting on behalf of the city (and not for any personal or private reasons), in the course of, arising out of, or relating in any way to, the award or renewal process for that franchisee's franchise, was in any way unlawful.

The foregoing indemnity shall be subject to the following terms and conditions: The city shall give the franchisee reasonably prompt notice of any third party claims (but, in any event, no less than ten days' notice) after the city (or the defendant, city, official, board, commission, agent or employee) receives service thereof; provided, however, that failure to give the requisite ten days' notice shall not affect the indemnification hereunder except to the extent that the franchisee shall have been actually prejudiced as a result of such failure. In the event a default is taken against the city prior to the city's notifying a franchisee of the claim, the city shall be responsible for having the default set aside. If a default is set aside without any prejudice to the city or franchisee, then the franchisee's obligations under this indemnity shall continue and remain in full force and effect. In the event the default is not set aside, then the franchisee shall be relieved of its obligations hereunder. Receipt of service by a franchisee of a third party claim against the city shall also be deemed notice from the city to the franchisee. The franchisee, with counsel of its own selection, shall be entitled to assume and control the defense of any third party claim; provided, however, that the city shall have the right to approve any compromise or settlement providing for injunctive or declaratory relief, which approval shall not be unreasonably withheld. The franchisee shall represent the city's best interests in the defense of all third party claims. The franchisee shall be obligated, at the request of the city, to appeal from any order, ruling, or judgment which awards declaratory or injunctive relief against the city; and this indemnity shall fully apply to any such appeal. The franchisee shall keep the city attorney informed of the progress and status of any third party claims.

(c) *Insurance.* The franchisee shall, at franchisee's sole expense, maintain a general comprehensive public liability insurance policy, from a company authorized to do business in the state and in a form satisfactory to the city attorney, that indemnifies, defends and saves harmless the city, including its officials, boards, commissions, agents and employees, against liability for loss or damage for personal injury, bodily injury, death and property damage occasioned by the operations of the franchisee. Said insurance shall be in the minimum amount of $2,000,000.00 per any one occurrence, combined single limit liability, or such other coverage as may be agreed to in writing by the city and franchisee.

(d) *Construction bond.* If a franchisee undertakes any construction of a cable communications system in excess of 25 miles of trunk or $300,000.00 of new construction costs, then the franchisee shall maintain, at its sole cost and expense, a corporate surety bond for said construction issued by a surety company authorized to do business in the state and the city and acceptable to the city. Said construction bond shall ensure the city of recovery of any and all damages, losses, costs, and expenses sustained or suffered by the city as a result of the failure of franchisee to satisfactorily and timely complete its planned construction. In no event shall the amount of the construction bond be construed to limit any liability of the franchisee. The amount of the construction bond shall be 100 percent of the estimated cost of the planned construction. When the planned construction is completed to the satisfaction of the city and written notice of such satisfaction has been received by the franchisee, the construction bond need no longer be maintained.

(e) *Franchise bond and letter of credit.*

(1) The franchisee shall, at franchisee's sole expense, obtain either a franchise bond or a letter of credit as provided herein and in the franchise agreement.

(2) The franchise bond shall be in a form acceptable to and approved by the city attorney (which approval shall not be

unreasonably withheld) with a responsible company licensed to do business in the state in an amount agreed to in the franchise agreement. The franchise bond shall be renewable annually, and conditioned upon the faithful performance of the franchisee, and upon the further condition that in the event the franchisee shall fail to comply with any one or more of the lawful provisions of this chapter or a franchise granted thereunder, there shall be recoverable jointly and severally from the principal and surety of such bond any damages or loss suffered by the city as a result thereof, including but not limited to any damages, claims, liens, liquidated damages, taxes, delinquent franchise fees, compensation and costs of repairing or completing the cable communications system or removing abandoned property, and compensation and costs of repairing streets and other public or private improvements, plus a reasonable allowance for attorney's fees and costs, up to the full amount of the bond, said condition to be a continuing obligation for the duration hereof and thereafter until the franchisee has liquidated all of its obligations with the city that may have arisen from the acceptance of this franchise by the franchisee or from its exercise of any privilege or right herein granted. The bond shall provide that at least 30 days' prior written notice of intention not to renew, cancellation or material change be given to the city by filing the same with the city clerk.

(3) At its option and as provided in the franchise agreement, the city may require of the franchisee to deposit with the city at its sole cost and expense, an irrevocable documentary letter of credit from a financial institution approved by the city as stated in the franchise agreement. The form, instructions and consent of such letter of credit shall be approved by the city attorney (which approval shall not be unreasonably withheld). The letter of credit shall be for the purpose of insuring the faithful performance by a franchisee of all provisions of its franchise agreement and this chapter, and upon the further condition that in the event a franchisee shall fail to comply with any one or more of the provisions of this chapter or the franchise agreement, there shall be recoverable any damages or losses suffered by the city as a result thereof including but not limited to any damages, claims, liens, liquidated damages, taxes, delinquent franchise fees, compensation and costs of repairing or completing the cable communications system or removing abandoned property, and compensation and costs of repairing streets and other public or private improvements, plus a reasonable allowance for attorney's fees and costs, up to the full amount of the letter of credit.

(4) The obligation to provide either a franchise bond or a letter of credit as provided for herein and in the franchise agreement shall be a continuing obligation for the duration of any franchise granted hereunder and thereafter until the franchisee has liquidated all of its obligations with the city that may have arisen by reason of the construction, operation, or maintenance of a system or breach or termination of the franchise.

(5) The city may draw against either the franchise bond or the letter of credit for any unpaid liquidated damages, as provided in section 12-3.9-46, franchise fees or other amounts owing to it under a franchise which are 30 days or more past due. The city shall notify the franchisee in writing before calling the franchise bond or drawing upon the letter of credit.

(Code 1980, § 12-3.9-44; Ord. No. 89-205, § 19, 8-22-1989)

Sec. 12-3.9-45. Liquidated damages.

(a) Because a franchisee's failure to comply with the provisions of this chapter and its franchise agreement will result in damage to the city and because it will be impractical to determine the actual amount of such damages, the city and any franchisee shall agree upon and specify in the

franchise agreement the amount of liquidated damages that represent both parties' best estimate of the damages.

(b) A franchise agreement shall include, at a minimum, liquidated damages for violations as provided in this section. Assessment for liquidated damages shall not constitute a waiver by the city of any other right or remedy it may have under this chapter or applicable law.

(1) Failure to complete system construction or reconstruction in a timely fashion as provided in a franchise agreement granted pursuant to this chapter unless the council specifically approves such delay by resolution;

(2) Failure to maintain in full force and effect and on file in the office of the city clerk any bond, indemnity, letter of credit or insurance policy as required herein;

(3) Failure to timely file any reports as required herein; and

(4) Failure to test the performance of the system as required herein.

(c) If the city determines that a franchisee is liable for liquidated damages pursuant to this chapter and any franchise granted thereunder, the city shall notify the franchisee by certified mail that the franchise is subject to liquidated damages and the reasons and the amount per day thereof. The full amount of such damages shall be paid or a written appeal to the cable commission filed within ten days of the date of such notice. If a franchisee does not file an appeal and has not paid the accrued liquidated damages within the time allowed, the city may call against the franchise bond or draw against the letter of credit for any unpaid liquidation damages owing to it which are 30 days or more past due. The city shall notify the franchisee in writing before calling the franchise bond or drawing on the letter of credit. If appealed, the cable commission shall hear the franchisee's appeal within 21 days of the date of appeal. The commission shall issue its decision in writing. A decision of the cable commission shall not affect the right of the city or a franchisee, at their option, to seek a de novo judicial determination as to whether the franchisee is liable for liquidated damages. If the commission and, if a judicial determination is sought, a court of competent jurisdiction, determines the franchisee to be in violation of this section, the franchisee shall pay the full amount of the damage assessment within five working days thereafter or the city may secure the amount of such damages from the franchise bond or letter of credit posted by the franchisee.

(d) Such damages shall continue to accrue until such time as the violation complained of is corrected.

(e) No liquidated damages shall be assessed if the violation occurs without the fault of a franchisee or occurs as a result of circumstances beyond a franchisee's control. A franchisee shall not be excused by mere economic hardship nor by nonfeasance or malfeasance of its directors, officers, agents, subcontractors or employees; provided, however, that damage to equipment causing service interruption shall be deemed to be the result of circumstances beyond a franchisee's control if it is caused by any negligent act or unintended omission of its employees (assuming proper training), subcontractors or agents (assuming reasonable diligence in their selection), or sabotage or vandalism or malicious mischief by its employees, subcontractors or agents. A franchisee shall bear the burden of proof in establishing the existence of such conditions.
(Code 1980, § 12-3.9-45; Ord. No. 89-205, § 20, 8-22-1989)

Sec. 12-3.9-46. Forfeiture and termination.

(a) In addition to all other rights and powers retained by the city under this chapter and any franchise agreement issued pursuant thereto, the council reserves the right to forfeit and terminate a franchise and all rights and privileges of a franchisee in the event of a material and substantial breach of its terms and conditions, including, but not limited to, the following:

(1) The appointment of a receiver or trustee in bankruptcy to take over and conduct the business of a franchisee unless such receivership or trusteeship is vacated prior to the expiration of 120 days;

(2) A failure to begin or substantially complete any cable communications system construction or cable communications system extension within the time required by the franchise agreement;

(3) An unjustified failure to restore cable television services after ten days of no transmission of these services to the franchisee's subscribers;

(4) Any material misrepresentation of fact in the application for a franchise; or

(5) A failure to provide insurance, bonds, or letters of credit as required by this chapter and the franchise agreement.

(b) A material and substantial breach shall not be construed from a violation that occurs without the fault of a franchisee or occurs as a result of circumstances beyond a franchisee's control. A franchisee shall not be executed by mere economic hardship nor by nonfeasance or malfeasance of its directors, officers, agents, subcontractors or employees; provided, however, that damage to equipment causing service interruption shall be deemed to be the result of circumstances beyond a franchisee's control if it is caused by any negligent act or unintended omission of its employees (assuming proper training), subcontractors or agents (assuming reasonable diligence in their selection), or sabotage or vandalism or malicious mischief by its employees, subcontractors or agents. A franchisee shall bear the burden of proof in establishing the existence of such conditions.

(c) The city shall make a written demand by certified mail that a franchisee comply with any such provision, rule, order, or determination under or pursuant to a franchise. If the violation by a franchisee continues for a period of 45 days following such written demand without written assurances satisfactory to the city that the corrective action has been taken or is being actively and expeditiously pursued, the city council may consider terminating its franchise in accordance with the following procedure:

(1) After the expiration of the 45-day notice period, the cable commission shall hold a hearing to review the alleged violation. The cable commission shall notify the city council in writing of its findings and recommendation.

(2) The city council shall hold a public hearing within 21 days of the receipt of the cable commission's recommendation wherein a franchisee shall be given the opportunity to appear and present its arguments, including the right to introduce evidence and to question witnesses. A transcript or recording of the proceeding shall be made.

(3) Upon conclusion of such hearing, the city council shall make a determination as to whether there are grounds for termination of the franchise and whether the franchise shall be terminated. The council may adopt a resolution which terminates the franchise and which shall include therein its findings of fact and conclusions. Unless stayed by judicial review as provided herein, the effective date of termination shall be such date as is prescribed by the city council, within its sole discretion, in the resolution.

(4) Within 120 days of the council's resolution, the franchisee may seek judicial review as to whether a material and substantial breach of the terms and conditions of this chapter have occurred and as to whether forfeiture or termination of the franchise is legally permissible. For purposes of judicial review of the issue, the city council's resolution shall not be given the weight of an administrative ruling nor shall review of the matter be limited to the evidence submitted to the city council. A submission of the controversy for judicial review shall stay the city council's termination or revocation of a franchise until a final judicial determination on the matter.

(Code 1980, § 12-3.9-46; Ord. No. 89-205, § 21, 8-22-1989)

Sec. 12-3.9-47. Foreclosure.

Upon the foreclosure or other judicial sale or voluntary transfer to another party of all or a

substantial part of the cable communications system facilities, a franchisee shall notify the city of such fact, and such notification or the occurrence of such terminating events shall be treated as a notification that a change in control of the franchisee has taken place; and the provisions of section 12-3.9-50 governing the consent of the city to such change in control of the franchisee shall apply.
(Code 1980, § 12-3.9-47; Ord. No. 89-205, § 22, 8-22-1989)

Sec. 12-3.9-48. Receivership.

A franchisee shall immediately notify the city in writing if it:

(1) Files a voluntary petition in bankruptcy, a voluntary petition to reorganize its business, or a voluntary petition to effect a plan or other arrangement with creditors;

(2) Files an answer admitting the jurisdiction of the court and the material allegations of an involuntary petition filed pursuant to the bankruptcy code, as amended; or

(3) Is adjudicated bankrupt, makes an assignment for the benefit of creditors, or applies for or consents to the appointment of any receiver or trustee of all or any part of its property, including all or any part of its cable system.

(Code 1980, § 12-3.9-48; Ord. No. 89-205, § 23, 8-22-1989)

Sec. 12-3.9-49. Removal of cable communications system.

At the expiration of the term for which a franchise issued hereunder is granted, if such franchise is not renewed, or upon its termination as provided herein, a franchisee shall forthwith, upon notice by the city, remove at its own expense all designated portions of the cable communications system from all streets and public ways within the city and shall restore said streets and public ways to their former condition; provided, however, that the franchisee shall have the right to sell its physical plant to another cable operator who has been franchised by the city, in which case said plant need not be removed. Otherwise, if the franchisee fails to remove its facilities upon request, the city may perform the work at the franchisee's expense. The requirements of this section shall not apply to underground cable that has been de-energized and for which a map has been provided to the city describing in detail the location of such cable; except that the city may continue, in its sole discretion, to require removal where necessary to avoid congestion or, at its option and cost, to remove such cable.
(Code 1980, § 12-3.9-49; Ord. No. 89-205, § 24, 8-22-1989)

Sec. 12-3.9-50. Transfer of ownership or control.

(a) A franchise issued pursuant to this chapter shall not be sold, assigned, transferred, leased, pledged or disposed of either in whole or in part, either by involuntary sale or by voluntary sale, merger or consolidation, nor shall controlling interest in any corporation holding a franchise hereunder be changed, without the prior consent of the city council. The consent of the city council shall not be unreasonably withheld. In exercising the foregoing approval authority, the city may reasonably consider only the relevant qualifications of the proposed purchaser, transferee, or assignee, i.e., its financial, legal and technical ability to provide the services, facilities and equipment as set forth in this chapter as it exists on the date of the transferring party's acceptance of a franchise from the city and the terms of the transferring party's franchise agreement. The city may not impose any additional terms or conditions, or require the transferee to file an initial application pursuant to article C of this chapter, as a prerequisite to approval. Every change or transfer of control of a franchise shall make that franchise subject to termination pursuant to the procedures set forth in section 12-3.9-46 unless and until the city shall have consented thereto.

(b) No such consent shall be required for a transfer in trust, mortgage, or hypothecation of franchise assets as a whole or in part to secure an indebtedness.

(c) A franchisee shall promptly notify the city within 60 days of any proposed change in control of the franchisee, including prior notice of foreclosure, voluntary or involuntary bankruptcy, judicial sale or receivership.

(d) For the purpose of determining whether it shall consent to such change, transfer, or acquisition of control, the city may inquire into the proposed transferee's relevant qualifications as set forth in subsection (a) of this section.

(e) The transferee must agree to comply with all of the provisions of this chapter existing as of the date of the transferring party's acceptance of its franchise and with all of the terms and provisions of the transferring party's franchise agreement.
(Code 1980, § 12-3.9-50; Ord. No. 89-205, § 27, 8-22-1989)

Secs. 12-3.9-51—12-3.9-60. Reserved.

ARTICLE E. SUBSCRIBER FEES AND RECORDS

Sec. 12-3.9-61. Subscriber fees and rates.

(a) The initial fees to be charged to subscribers for all services, including installation fees and other one-time charges, shall be specified in any franchise agreement issued pursuant hereto.

(b) Rates and charges may be changed by a franchisee following a minimum 30 days' prior written notice to the city and each subscriber.

(c) The city reserves the right to regulate rates, and to establish procedures for regulation of rates, for any service pursuant to changes in federal or state law which would authorize rate regulation. Those fees and charges subject to regulation by the city pursuant to this provision shall not be increased without prior approval of the city; provided, however, that such approval shall not be denied if a franchisee demonstrates to the reasonable satisfaction of the city that a rate increase is necessary to ensure a franchisee a rate of return on investment that is no less than the average rate of return on investment in the cable industry.

(d) Unless lower rates are charged by a competing cable operator who is not serving the entire franchise territory, rates shall not give preference or advantage to any subscriber or class of subscribers, except that a franchisee may offer promotional rates to any class of subscribers, and discounted rates to senior citizen subscribers. In no event, however, shall a franchisee's rate structure violate state or federal law.
(Code 1980, § 12-3.9-61; Ord. No. 89-205, § 26, 8-22-1989)

Sec. 12-3.9-62. Reports.

To facilitate timely and effective enforcement of this chapter and any franchise agreement granted pursuant thereto, and to develop a record for purposes of determining whether to renew any cable communications franchise, the city requires reports as specified in this section.

(1) *Annual report.* No later than March 31 of each year, a franchisee shall file a written report with the city, which shall include:

a. A summary of its previous calendar year's activities in development of the system, including program services begun or dropped, number of subscribers (including gains and losses), homes passed, miles of cable distribution plants in service and the total number of utilization hours of access channels.

b. If the franchisee is a corporation, a list of the following: officers and members of the board, the officers and board members of any parent corporation, all partners or stockholders holding one percent or more ownership interest and any stockholders holding at least ten percent of the voting stock of any parent corporation.

c. A copy of all the franchisee's written rules and regulations, if any, applicable to subscribers and users of the cable system.

d. An audited revenue statement with the city director of finance. The statement shall specify that the revenue statement is based on gross revenues as defined herein. The city shall have the right to independently audit a franchisee's financial statement at the city's expense.

(2) *Other reports.*

a. A franchisee shall file unaudited revenue statements with the city clerk and the city director of finance within 30 days of the end of each fiscal quarter of the franchisee.

b. A franchisee shall report monthly to the commission information concerning the increase or decrease in the number and percentage of subscribers and the percentage rate at which subscribers disconnect basic service.

c. All purchasing, training and employment reports required by section 12-3.9-96.

(Code 1980, § 12-3.9-62; Ord. No. 89-205, § 27, 8-22-1989)

Sec. 12-3.9-63. Records.

(a) The books and records required by this chapter and the franchise agreement, including those necessary to support the information contained in the reports, shall be available for the city's inspection during normal business hours and upon reasonable notice. If said books and records are not available in the city, the franchisee shall bear the cost of either:

(1) Bringing them to the city within 30 days; or

(2) The necessary and reasonable expenses of a city representative to travel to the place where such books and records are maintained.

(b) The city shall have the right to inspect and copy, at its cost, these books and records.
(Code 1980, § 12-3.9-63; Ord. No. 89-205, § 28, 8-22-1989)

Sec. 12-3.9-64. Filings.

Upon written request of the city, a franchisee shall mail or deliver a copy of all of the filings that it makes with the Federal Communications Commission, the Securities and Exchange Commission, or any other agency with regulatory authority over cable television to the city clerk within 30 business days after the city's request.
(Code 1980, § 12-3.9-64; Ord. No. 89-205, § 29, 8-22-1989)

Secs. 12-3.9-65—12-3.9-70. Reserved.

ARTICLE F. MINIMUM SYSTEM STANDARDS

Sec. 12-3.9-71. System technical standards.

The cable communications system to be installed by a franchisee shall comply in all respects with the technical performance requirements set forth in the application, part 76 of the FCC's Rules and Regulations or any other FCC guidelines and the franchise agreement. The city reserves the right to adopt adequate technical standards in the event it has the legal authority to promulgate such standards; provided, however, that such standards shall not be applied to franchises existing at such time.
(Code 1980, § 12-3.9-71; Ord. No. 89-205, § 30, 8-22-1989)

Sec. 12-3.9-72. Access and local programming.

(a) The city believes that local programming can play a distinctive, valuable, and essential role as part of a cable communications system. The city further believes that local origination and access programming can substantially enhance the quality of life throughout the community by providing an opportunity for the dissemination of a diverse range of programming and information heretofore unavailable. Access and local programming proposed by an applicant shall be subject to the following:

(1) A franchisee shall have no control over the content of access programs.

(2) Any public access channel shall be made available to any member of the public on a nondiscriminatory basis at no charge for channel or equipment use.

(3) Any education access channel shall be made available free of charge for the transmission of local educational programming.

(4) Any local government access channel shall be made available free of charge for the transmission of government-related programming.

(5) A franchisee shall provide for a training program for access users reasonably sufficient to meet the demand for such a program.

(b) Channel capacity dedicated to access use may be used by a franchisee when it is not being used for access purposes as set out in its franchise agreement.
(Code 1980, § 12-3.9-72; Ord. No. 89-205, § 31, 8-22-1989)

Sec. 12-3.9-73. Leased access.

Consistent with the city's desire that a cable system promote the availability of diverse information and programming to the community, a franchisee shall make channels available for leased or commercial use to the extent specified in its franchise agreement.
(Code 1980, § 12-3.9-73; Ord. No. 89-205, § 32, 8-22-1989)

Sec. 12-3.9-74. Public drops.

A franchisee shall provide, upon written request, without charge within the franchise area one drop activated for basic subscriber cable television service to each fire station, public school, college building, police station, public library, city, state, county, and federal office building, city park and recreation building, city housing authority community center, Jefferson County Committee for Economic Opportunity Neighborhood and Community Service Center, Cooper Green County Hospital, and other such buildings used for public purposes or by nonprofit organizations as designated in its franchise agreement. No monthly customer service fee shall be charged for basic service to such places. A franchisee shall be permitted to recover, at the franchisee's normal service charge, for any additional converters required and, when requested to do so, more than one outlet, or concealed inside wiring, or that portion of drop cable which exceeds 1,500 feet of drop cable.
(Code 1980, § 12-3.9-74; Ord. No. 89-205, § 33, 8-22-1989)

Sec. 12-3.9-75. Parental control.

A franchisee shall provide subscriber controlled lockout devices (audio and visual) to subscribers upon their request. These devices should allow parental discretion and control over both the audio and video portions of all programming. A franchisee shall notify all subscribers in writing of the availability of these devices within 60 days after the effective date of the franchise, and future subscribers upon the initiation of service, and then at least on an annual basis. Such notice may be given on the monthly statement of charges for service.
(Code 1980, § 12-3.9-75; Ord. No. 89-205, § 34, 8-22-1989)

Sec. 12-3.9-76. Institutional services.

The city believes that institutional services are an integral component of a cable system necessary to meet the diverse needs of the city. A franchisee, therefor, is encouraged to provide institutional services for both video and nonvideo uses over the cable system subject to the terms specified in its franchise agreement.
(Code 1980, § 12-3.9-76; Ord. No. 89-205, § 35, 8-22-1989)

Sec. 12-3.9-77. Standby power.

A franchisee shall maintain equipment capable of providing standby power for the headends for a minimum of eight hours, and transportation and trunk amplifiers for a minimum of four hours. The standby power equipment shall be constructed so as to revert automatically to the standby mode when alternating current power returns. A franchisee shall comply with all safety regulations to prevent standby generators from powering the "dead" utility line.
(Code 1980, § 12-3.9-77; Ord. No. 89-205, § 36, 8-22-1989)

Sec. 12-3.9-78. Emergency override.

A franchisee shall incorporate into its cable communications system the capability which will permit the city, in times of emergency, to override the audio portion of all channels simultaneously by telephone or other communicating medium to be provided by the franchisee. A franchisee shall designate a channel which will be used for both audio and video emergency broadcasts. A franchisee shall cooperate with the city in the use and operation of the emergency alert override system.
(Code 1980, § 12-3.9-78; Ord. No. 89-205, § 37, 8-22-1989)

Secs. 12-3.9-79, 12-3.9-80. Reserved.

ARTICLE G. SYSTEM CONSTRUCTION AND INSTALLATION

Sec. 12-3.9-81. Construction standards.

(a) Any cable system constructed within the city shall meet or exceed all technical standards consistent with this chapter and any franchise agreement granted pursuant thereto.

(b) A franchisee shall conduct proof of performance tests at least once each calendar year (at intervals not to exceed 14 months), shall provide a copy of each final report to the city within five working days of completion of such reports, and shall maintain the resulting test data on file at its local office for at least five years. Such tests shall be conducted with a minimum of 20 locations throughout the service area. At least eight of these locations shall be at the far end of the distribution trunk cables. If more than ten percent of the locations tested fail to meet the performance standards, the franchisee shall be required to indicate what corrective measures have been taken; and the entire test shall be repeated for at least 20 different locations. The city subsequently may require a full report on any deficiencies as disclosed by the proof of performance test within such reasonable period of time as it may designate.

(c) The city may require performance tests within 90 days of the completion of the construction of a new system or the upgrading or reconstruction of an existing system. The tests and verification shall be at the expense of a franchisee.

(d) A franchisee shall file with the city a copy of all maps and/or charts of cable locations prepared by or for the franchisee during the duration of this franchise.
(Code 1980, § 12-3.9-81; Ord. No. 89-205, § 38, 8-22-1989)

Sec. 12-3.9-82. Construction and installation work.

(a) With the exception of work deemed by franchisee to be of an emergency nature, franchisee shall not undertake any construction of trunk or feeder cable without the prior approval of the city engineer. In the case of emergency repairs, the franchisee shall obtain said approval as soon as reasonably possible after the emergency situation has ended.

(b) All construction shall be completed according to schedules agreed to in a franchise agreement, or, if the construction project is initiated at a later date, the schedule agreed to at that time.

(c) All construction, installation and maintenance must comply with the National Electrical Safety Code, the National Electrical Code, the Bell System Code of Pole Line Construction, all lawful state regulations, this Code, heretofore or hereafter amended, and all other municipal codes, including but not limited to, building, electrical, fire and others, as amended, and good and accepted industry practices.

(d) The city shall have the right to inspect, at its expense, all construction and installation work performed by a franchisee subject to this chapter as it shall find necessary to ensure compliance with the specified governing federal, state and local codes and the franchise agreement.
(Code 1980, § 12-3.9-82; Ord. No. 89-205, § 39, 8-22-1989)

Sec. 12-3.9-83. Location of structures, lines and equipment.

(a) A franchisee shall utilize existing poles, conduits and other facilities whenever possible. No poles, conduits, or other facilities shall be

erected by the franchisee without prior approval of the city with regard to method of installation, location, height, type of fixtures and appurtenances and any other pertinent aspect. The location of any pole or wire-holding structure by a franchisee shall not constitute a vested interest; and such poles, structures, or facilities shall be removed, replaced or modified by a franchisee at its own expense whenever the council or other governmental authority determines that the public interest or safety so necessitates.

(b) All transmission and distribution structures, lines, and equipment installed by a franchisee within the city shall be located so as to cause minimum interference with the proper use of streets, alleys and other public ways and places and to cause minimum interference with the rights or reasonable convenience of property owners who adjoin any of the streets, alleys or other public ways or places and where they will not interfere with any gas, electric, telephone, water or other preexisting utility facility.

(c) All such poles and other fixtures in any street or public way shall be placed in accordance with this Code, as heretofore or hereafter amended.

(d) Upon written request the city shall have the right, during the term of a franchise, to install and maintain free of charge upon the poles of the company any wire and pole fixtures and appurtenances that do not unreasonably interfere with the operations of a franchisee.

(e) In those areas of the city where both the electric and telephone utility lines have been placed underground, a franchisee shall place its lines and installations underground. In areas where either telephone or electric facilities are above ground at the time of installation, a franchisee may install its service above ground provided that at such time as both of those other facilities are placed underground, the franchisee shall forthwith place its facilities underground, and the cost of such shall be borne by the franchisee. In new housing developments, a franchisee may install distribution cables at the same time utility facilities are being installed.

(f) On request of any person who is authorized to perform work on any public right-of-way that has been used by a franchisee for erection of a cable communications system, a franchisee shall provide information regarding the type, location, height, and other pertinent information of poles, conduits, and other structures which the franchisee has placed on said right-of-way. The person requesting such information shall pay the franchisee's cost of providing it and the franchisee may require such payment in advance.
(Code 1980, § 12-3.9-83; Ord. No. 89-205, § 40, 8-22-1989)

Sec. 12-3.9-84. Replacement of paving.

A franchisee at its own cost and expense and in the manner approved by the city shall replace and restore all paving, sidewalks, driveways, or surface of any street or alley disturbed, in accordance with drawings and specifications as established by the city engineer for replacement of paving which are on file in the office of the city engineer. A franchisee shall comply with all applicable provisions of this Code, as amended or as may hereafter be amended, including but not limiting the generality thereof, sections 4-5-131 and 4-5-132, and shall comply with all other applicable building or construction codes of the city now in force and effect or as may hereafter be adopted, and shall obtain all permits required by such city codes or ordinances to be obtained from the city engineer and/or from the office of buildings and inspection services and/or any other department or officer of the city. Failure of a franchisee to replace or restore such paving, sidewalk, driveway or street surface within 48 hours after completion of work shall authorize the city to cause the proper restoration to be made at the franchisee's expense.
(Code 1980, § 12-3.9-84; Ord. No. 89-205, § 41, 8-22-1989)

Sec. 12-3.9-85. Alteration of streets by city.

If the city shall lawfully decide, in the public interest or safety, to engage in any public street improvements which shall require the alteration, relocation, change in grade or removal of any street, alley or other public way, a franchisee, upon reasonable written notice by the city, shall,

in a timely manner as requested by the city, remove and relocate its poles, wires, cables, underground conduits, and other facilities at its own expense.
(Code 1980, § 12-3.9-85; Ord. No. 89-205, § 42, 8-22-1989)

Sec. 12-3.9-86. Moving of buildings.

A franchisee shall, on the request of any person holding a valid house-moving permit, temporarily raise or lower its wires or cables to permit the moving of buildings or other large objects. The expense of such temporary raising or lowering of wires shall be paid by the person making the request, and a franchisee shall have the authority to require such payment in advance. A franchisee shall be given not less than 48 hours' advance notice to arrange for such temporary wire changes.
(Code 1980, § 12-3.9-86; Ord. No. 89-205, § 43, 8-22-1989)

Sec. 12-3.9-87. Trimming trees.

A franchisee shall have the authority to trim trees on public property or which overhang streets, alleys, sidewalks and public places of the city so as to prevent the branches of such trees from coming in contact with wires and cables and other television conductors and fixtures of the franchisee.
(Code 1980, § 12-3.9-87; Ord. No. 89-205, § 44, 8-22-1989)

Secs. 12-3.9-88—12-3.9-90. Reserved.

ARTICLE H. SYSTEM OPERATION

Sec. 12-3.9-91. Provision of service.

A franchisee shall provide subscriber service on the following basis:

(1) A franchisee shall not deny service access, or otherwise discriminate against any person, including subscribers and users, on the basis of race, color, religion, national origin, age, sex, or physical or mental handicap.

(2) In providing service a franchisee shall:

a. Operate an office within the city open during normal business hours Monday through Saturday, excluding legal holidays.

b. Provide a local toll-free telephone service capable of receiving subscriber service complaints, on a seven days a week, 24 hours a day basis.

c. Provide service for new installations to subscribers who can be served from an existing plant within 30 days of receipt of such requests, and within ten days of receipt of requests for reconnections and relocations.

d. Establish a maintenance service capable of promptly locating and correcting system malfunctions. Service trucks shall be equipped for voice communication with the franchisee's dispatcher. In order to permit a rapid response to any system-wide outage, the franchisee shall have service trucks available for emergency duty to repair system outages during nonbusiness hours.

e. Make every attempt to respond to customer complaints upon receipt, but in no case later than the next working day.

f. Restore interruptions within 24 hours, if reasonably possible. In those cases where service is not restored within 24 hours due to unusual circumstances, the reasons for the delay shall be fully documented. Such documentation shall be available for inspection by the city and shall be maintained for a period not less than two years. If, after 48 continuous hours, service is not restored to a subscriber, a franchisee shall, upon subscriber request, provide a refund or credit to such subscriber in a pro rata amount of the monthly charge for each tier of service and each premium service which was unavailable to the subscriber.

g. Bill subscribers on a monthly basis. Billing complaints shall be responded to promptly and in no event later than seven days of receipt.

h. Make no charge for the disconnection of any installation or outlet.

i. In the event that a subscriber fails to pay as properly due and owing a fee or charge, a franchisee may disconnect the subscribers' service provided that such disconnection shall not be effected until 30 days after the due date of the monthly subscriber fee or charges and after having given the subscriber not less than ten days' written notice thereof.

j. Provide relevant information to the city, upon its reasonable request, pertaining to specific customer complaints.

k. A franchisee shall keep a continuing record for at least two years of all billing and service complaints received by the franchisee from subscribers or from individuals including those who reside within the city. This record shall identify the name and address and telephone number of the subscriber, individual or entity making the complaint, the date, time and nature of the complaint, and the disposition of the complaint. This record shall be available for inspection by authorized city representatives at the local office of the company during regular office hours.

(3) As subscribers are connected or reconnected to the system or upon subscriber request, a franchisee shall, by appropriate means such as a card or brochure, furnish general subscriber information (including but not limited to terms of service, procedures for making inquiries or complaints, including the name, address, and local telephone number of the employee or employees or agent to whom such inquiries or complaints are to be addressed) and furnish information concerning the city office responsible for the administration of the franchise, including the address and telephone number of said office. In addition, such subscriber information on procedures for making inquiries and complaints, including the appropriate names, addresses and telephone numbers, shall be sent to all subscribers at least once each calendar year.

(4) When similar complaints have been made by several subscribers, or where other substantial evidence exists which, in the judgment of the city, casts doubt on the reliability or quality of the cable service, the city shall have the right and authority to require that the franchisee test, analyze, and report on the performance of its system. A franchisee shall fully cooperate with the city in performing such testing and shall prepare a written report of the results, if requested, within 30 days after notice. Costs of such testing shall be borne by the franchisee. If a franchisee refuses to perform such testing, the city may conduct such tests; and the franchisee shall pay the full cost of tests conducted by the city pursuant to this section.

(Code 1980, § 12-3.9-91; Ord. No. 89-205, § 45, 8-22-1989)

Sec. 12-3.9-92. Refunds and service terminations.

(a) A franchisee shall establish and conform to the following policy regarding refunds to subscribers and users:

(1) If a franchisee collects a deposit or advance charge on any service or equipment requested by a subscriber or user, the franchisee shall provide such service or equipment within 30 days of the collection of the deposit or charge or it shall refund such deposit or charge, upon request, within five business days thereafter. If any subscriber terminates, for any reason, any monthly service prior to the end of a prepaid period, a pro rata portion of the prepaid service fee, using the number of days as a basis, shall be refunded to the subscriber by the franchisee. Nothing in

this section shall be construed to relieve a franchisee of any responsibility it may have under separately executed contracts or agreements with subscribers or users or to limit a franchisee's liability for damages, if any, because of its failure to provide the service for which the deposit or charge was made.

(2) Whenever a subscriber shall terminate service, any advance charges and deposits shall be refunded to such subscriber no later than 30 days after the time of service termination.

(b) All cable communications equipment shall be removed within a reasonable time from a subscriber's property upon the subscriber's request, such time not to exceed 30 days from the date of request.
(Code 1980, § 12-3.9-92; Ord. No. 89-205, § 46, 8-22-1989)

Sec. 12-3.9-93. Service area.

(a) A franchisee shall offer full cable communications service throughout the city in accordance with the following criteria:

(1) To all residential dwellings which exist and are within the city on the date a franchise is awarded.

(2) To all other residential dwellings where there is a density of seven or more dwellings per one-quarter route mile of cable. Where there are fewer residences than seven dwellings per one-quarter route mile of cable, a franchisee may provide service upon request of a subscriber but may require reimbursement from such subscriber for the additional cost in providing such service. In such circumstances a franchisee shall bear the prorated cost of construction based on the number of subscribers per quarter mile of cable divided by seven. The remaining construction cost will be borne on a pro rata basis by each subscriber requesting service. If, within a two-year period, additional subscribers request service, the sharing of costs between a franchisee and subscribers shall be recalculated in accordance with the formula described in this subsection. The franchisee shall be responsible for making refunds to subscribers occasioned by this recalculation.

(3) To all nonresidential buildings located in the downtown revitalization area or adjacent to residential areas or where there are 25 or more nonresidential subscribers per one-quarter route mile of cable. Where more than 50 feet of drop cable is required for any such connection, a franchisee may charge a nonresidential subscriber for the additional cost incurred by a franchisee in providing a drop of more than 50 feet. Where a nonresidential subscriber requests service and such subscriber is not located either in the downtown revitalization area nor adjacent to a residential area and there are not 25 or more nonresidential subscribers per one-quarter mile of a cable, a franchisee may provide service but may require such subscriber to reimburse a franchisee for the additional cost of providing service, in which case a franchisee shall bear a pro rata cost of construction based on the number of nonresidential subscribers per one-quarter mile divided by 25. A franchisee may require the subscriber to reimburse a franchisee for the remaining costs.

(4) A franchisee may seek a waiver of the requirements of the provisions of subsections (a)(1) and (2) of this section by submitting a written request to the cable commission. The commission may seek information from any party, including any franchisee, in order to properly evaluate such waiver request.

(5) The cable commission may relieve a franchisee of its obligation to provide service where such service is being provided by another franchisee and the commission determines that requiring a franchisee to provide additional cable service is not in the public interest.

(b) A franchisee shall keep a record for at least the previous two years of all requests for service in the city received by the franchisee. This record

shall be available for inspection by authorized city representatives in the local office of the company during regular office hours.
(Code 1980, § 12-3.9-93; Ord. No. 89-205, § 47, 8-22-1989)

Sec. 12-3.9-94. Continuity of service.

(a) Where a franchisee overbuilds, rebuilds, modifies or sells its system, it shall ensure that all subscribers receive continuous, uninterrupted service regardless of the circumstances, unless expressly authorized by the council.

(b) As long as it is entitled to revenues from the operation of the cable system, a franchisee shall maintain continuity of service during any temporary transition in a franchise.
(Code 1980, § 12-3.9-94; Ord. No. 89-205, § 48, 8-22-1989)

Sec. 12-3.9-95. Transitional operation.

In the event a franchisee continues to operate the system in a transitional period, with city acquiescence, following the expiration, revocation or other termination of a franchise, it shall be bound by all the terms, conditions and obligations of the franchise as if it were in full force and effect.
(Code 1980, § 12-3.9-95; Ord. No. 89-205, § 49, 8-22-1989)

Sec. 12-3.9-96. Purchasing, training and employment requirements.

(a) *Legislative findings.* Due to historical patterns and practices of racial discrimination, minorities and women have been at a disadvantage when entering the marketplace. Though past official policies of overt discrimination have now ceased, the existing policies and programs of the city have not effectively eliminated the lingering present effects of this past discrimination. The city has a substantial interest in eradicating the present effects of past discrimination, and in promoting equality of economic opportunity among and between all of its citizens. Because approximately 50 percent of the city's citizens are racial minority citizens and approximately 50 percent of the city's citizens are women, the economic improvement and advancement of the minority community is vital to the economic health of the community as a whole and promotes the general health and welfare of all citizens of the city. The purpose of this article is therefore to encourage, facilitate and effect greater participation by minorities and women in the economic life of the city through affirmative action in employment in the cable industry and the provisions of goods, materials, and services by businesses owned by minorities and women.

(b) *Employment of city residents encouraged.* To the extent permitted by law, a franchisee shall establish and shall encourage its subcontractors to establish a policy of employing, whenever reasonably possible, city residents within its own operations, and of utilizing city-based firms for purchases and construction subcontracts. A franchisee shall provide the city with a written report of local purchasing and hiring achievements at least annually for the duration of the franchise.

(c) *Equal employment opportunity and affirmative action programs.* Throughout the term of the franchise, a franchisee shall encourage its subcontractors to conduct their business as equal employment opportunity/affirmative action employers. In addition, throughout the term of the franchise, the franchisee shall maintain a policy that all employment decisions, practices, and procedures are based on merit and ability without discrimination in violation of state or federal law on the basis of an individual's race, color, religion, age, sex, national origin, or physical or mental handicap. The franchisee's policy shall apply to all employment actions, including advertising, recruiting, hiring, promotion, transfer, remuneration, selection for training, company benefits, disciplinary action, layoffs, and termination. The franchisee shall carry out this policy through continued dedication to a determined and sustained effort to provide equal employment opportunities to all by taking affirmative action to employ and advance in employment qualified women, minorities, persons who are physically or mentally handicapped, and veterans. The franchisee shall provide to the city a written affirmative action program to carry out this policy no later than 60 days after the effective date of granting a franchise. The affirmative action program shall provide that the franchisee will make reasonable

and good-faith efforts to achieve a goal during the franchise term to have 50 percent of its work force consisting of minorities, and 50 percent of its work force consisting of women. After the second year of the franchise, the franchisee shall submit annual reports on the percentage of minorities and females in the franchisee's work force. Assurance of equal employment opportunity and promotion of effective affirmative action shall be the responsibility of each manager and supervisor within the franchisee's organization. All officers, executives, managers, and administrative and supervisory personnel of the franchisee shall be directed to take affirmative action in the continuing implementation of this policy.

(d) *Notice.* A franchisee shall post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of the nondiscrimination requirement described in subsection (c) of this section. A franchisee shall, in all solicitations or advertisements for employees placed by or on behalf of the franchisee, state that all qualified applicants will receive consideration for employment without regard to race, creed, color, national origin, gender, or physical or mental handicap.

(e) *Employment training programs.* A franchisee shall, during the entire term of the franchise, conduct an aggressive training program to train its employees, particularly the unskilled and semiskilled, for employment with the cable company.

(f) *Minority business enterprise participation policy.* A franchisee shall make reasonable and good-faith efforts to attain a goal of not less than 35 percent qualified minority business enterprise (MBE) use on an annual basis during the term of the franchise. That is, the franchisee shall endeavor to procure from qualified MBEs, as defined below, 35 percent of the total dollar amount of any and all contracted expenditures by the franchisee, including, without limitation, contracts for the acquisition of goods, services, materials, supplies, and equipment used in the construction, maintenance and operation of its cable communications system. A "minority business enterprise" means a business at least 50 percent of which is owned by minorities or women, in the case of a publicly owned business, at least 51 percent of the stock of which is owned by minorities or women and whose management and daily business operations are controlled by one or more such individuals.

(1) The MBE goal is not designated or intended to prevent or preclude MBE competitive participation in the remainder of the franchisee's contracts.

(2) The franchisee shall submit to the city an annual report reflecting the level of MBE participation for the previous year.

(g) *Compliance with other laws.* A franchisee shall immediately comply with all lawful federal, state and local equal opportunity employment requirements and practices.

(h) *Annual reports required.* Each year prior to the anniversary of the effective date of the franchise, a franchisee shall provide to the city a detailed report regarding implementation of its affirmative action program, employment training programs, local purchasing and hiring policy, and minority business enterprise participation.

(i) *Material provisions of franchise.* The provisions of this section shall be considered material provisions of the franchise. The specific designation of the provisions of this section as material provisions of the franchise shall not be construed to indicate that other provisions of this franchise not so specifically designated are not material provisions.

(Code 1980, § 12-3.9-96; Ord. No. 89-205, § 50, 8-22-1989)

CHAPTER 3.10. STANDARDS FOR SMALL CELL FACILITIES

Sec. 12-3.10-1. Purpose and scope.

(a) The purpose of this chapter is to reasonably regulate, to the extent permitted under state and federal law, the installations, operations, collocations, modifications, replacements and removals of small cell facilities in the City of Birmingham, recognizing the benefits of wireless communications while reasonably protecting other important city interests, including the

public health, safety and welfare, aesthetics and local property values. It is the intent of these regulations to promote the health, safety and general welfare of the citizens of the city by establishing an orderly process for regulating the siting of small cell facilities while balancing the need for adequate service levels. In furtherance of these purposes, the city shall give consideration to the comprehensive plan and framework plans, the city's zoning code maps, existing land uses, and environmental, residential, historic and other sensitive areas in approving the location and siting of small cell facilities.

(b) It is the further intent of this chapter to address the aesthetic effect of small cell facilities on landscapes in the city, the visual impact of small cell facilities on surrounding property owners, citizens' demands for these services, and the needs of service providers to close coverage gaps in service and provide greater capacity by implementing the following objectives:

(1) Prevent interference with use of streets, sidewalks, alleys, parkways, and other public ways and places;

(2) Prevent the creation of visual and physical obstructions and other conditions that are hazardous to vehicular and pedestrian traffic;

(3) Prevent interference with the facilities and operations of facilities lawfully located in rights-of-way or public property;

(4) Protect against environmental damage, including damage to trees;

(5) Preserve neighborhood harmony and preserve and protect the character of the neighborhoods in which small cell facilities are installed, as indicated in the comprehensive plan of the city;

(6) Promote the siting of small cell facilities in a manner such that potential adverse effects to the city and its residents are minimal in order to ensure harmony and compatibility with surrounding land uses;

(7) Promote the location of small cell facilities in areas where the adverse impact on the community is minimal;

(8) Establish a fair and efficient process for review and approval of wireless communication facility applications on both public and private property to ensure that applications for small cell facilities are reviewed and acted upon within a reasonable period of time or any specific period of time required by law;

(9) Facilitate an integrated, comprehensive review for deployment of small cell facilities to provide the benefits of advanced wireless services and to ensure the protection of the health, safety and welfare of the citizens of the city;

(10) Encourage the location and collocation of small cell facilities on existing structures, thereby minimizing adverse new visual, aesthetic, and public safety impacts, and to reduce the need for additional antenna-supporting structures through appropriate design, screening and location standards; and

(11) Facilitate rapid deployment of small cell small cell facilities to provide the benefits of advanced wireless services, which include a competitive array of options for consumers and businesses.

(c) It is not the purpose or intent of this chapter to: prohibit or have the effect of prohibiting wireless communication services; unreasonably discriminate among providers of functionally equivalent wireless communication services; regulate the placement, construction or modification of small cell facilities on the basis of the environmental effects of radio frequency emissions where it is demonstrated that the wireless communications facility does or will comply with applicable FCC regulations; or prohibit or effectively prohibit collocations or modification that the city must approve under state or federal law.

(d) The provisions of this chapter are in addition to, and do not replace, any obligations an applicant may have under any franchises, licenses, encroachments, or other permits issued by the city. Nothing herein is intended or shall operate to waive or limit the city's right to enforce, or condition approval on, compliance with all gener-

ally applicable building, structural, electrical, and safety codes and with other laws codifying objective standards reasonably related to health and safety.
(Ord. No. 20-68, § 1, 5-1-2020)

Sec. 12-3.10-2. Definitions.

The terms below have the following meanings for purposes of this chapter. When not inconsistent with the context, words used in the singular number shall include the plural number, and words in the plural number shall include the singular. The word "shall" is always mandatory and not merely permissive. Terms not defined herein shall have the meaning given them elsewhere in the City Code, other published rules or guidelines of the city, in Sections 1.6001 et seq. or 1.6100 et seq. of the FCC's rules, or their common and ordinary meaning.

(1) *"Abandonment"* or *"abandon(s)"* means that, following the placement of small cell facilities (and associated accessory equipment) or support structures in the city pursuant to a permit issued to an applicant, any of the following has occurred: (a) for any reason the small cell facilities cease to be used to transmit signals, data or messages or otherwise be used for their intended purposes for a period of 90 days; (b) the city revokes the permit for placement and use of those facilities due to nonpayment of applicable fees, the failure of the applicant to comply with conditions in the permit or in this chapter concerning them, or other valid reason; or (c) the applicant fails to perform any of its responsibilities, obligations and requirements in this chapter or in a permit that relate to the installation, construction, maintenance, use or operation of the small cell facilities, accessory equipment or support structures, and that breach remains uncured for a period of 60 days after the city provides written notice of the breach to the applicant.

(2) *"Accessory equipment"* or *"equipment"* means any equipment other than an antenna that is used in conjunction with small cell facilities. This equipment may be attached to or detached from a small cell support structure, and includes, but, is not limited to, cabinets, optical converters, power amplifiers, radios, DWDM and CWDM multiplexers, micro facilities, radio units, fiber optic and coaxial cables, wires, meters, pedestals, power switches, and related equipment on or in the immediate vicinity of a support structure. The term does not include the attachments, equipment, or facilities of an electric utility that is regulated by the Alabama Public Service Commission (or such electric utility's parents, affiliates, or subsidiaries).

(3) *"Annual license fee"* means the rental amount and annual rate described in section 12-3.10-4 of this chapter.

(4) *"Antenna"* means an apparatus, device, system of electrical conductors or other communications equipment that transmits and/or receives electromagnetic radio signals, electromagnetic waves, radio or other wireless signals used in the provision of personal wireless services, and is attached to a small cell support structure. Where the context permits, use of the term 'antenna' may also refer to the antenna concealment enclosure when such concealment enclosure is required by the applicable design standards. A concealment element otherwise will not count against the volumetric cap for an emitting device when determining if a facility qualifies as a "small cell facility" under this article.

(5) *"Applicable codes"* means uniform building, fire, electrical, plumbing, or mechanical codes adopted by a recognized national code organization or local amendments to those codes to the extent not inconsistent with the terms in this chapter and to the extent such codes have been adopted by the city, including any amendments adopted by the city, or are otherwise applicable in the city. The term includes the regulations of the FCC and the Occupational Safety and Health

Administration, as well as any local standards or regulations governing the use of rights-of-way.

(6) *"Applicant"*, whether singular or plural, means a wireless service provider, a wireless infrastructure provider such as an entity that is authorized by a wireless service provider to apply for or receive a permit to install, construct, modify or maintain a small cell facility and related accessory equipment or support structure in the city, an entity certificated by the Alabama Public Service Commission to provide telecommunication service or the applicant's successors-in-interest and any person owning and maintaining the wireless facilities. For purposes of this chapter, "applicant" shall refer to those applying and the actions required upon issuance of a permit.

(7) *"Application"* means a request submitted by an applicant (i) for a permit to collocate small cell facilities and accessory equipment; or (ii) to approve the installation or modification of a utility pole or small cell support structure.

(8) *"Application fee"* means a permit application fee assessed pursuant to section 12-3.10-4 of this chapter for city staff review of a small cell site application.

(9) *"Authority"* means the city, county, state or any agency, district or subdivision thereof or any instrumentality of the same.

(10) *"City"* means the City of Birmingham, Alabama.

(11) *"City code"* means The General Code of the City of Birmingham Alabama, as currently in effect or hereafter amended.

(12) *"City council"* means the city council of the City of Birmingham, Alabama.

(13) *"City-owned facility"* or *"city-owned structure"* means any facility, structure or infrastructure to which the city holds title, easement, or a leasehold interest, including, but not limited to, communications facilities, utility poles, city-owned poles, towers, buildings, and communications infrastructure, regardless of whether located within or outside the rights-of-way.

(14) *"City-owned pole"* means (i) a utility pole owned or operated by the city in the right-of-way, including a utility pole that provides lighting or traffic control functions, including light poles, traffic signals, and structures for signage, and (ii) a pole or similar structure owned or operated by the city in the right-of-way that supports only wireless facilities.

(15) *"Collocation"* means the placement or installation of a new small cell wireless facility or related accessory equipment on an existing pole or other support structure that is owned, controlled or leased by a utility, the city, or other person or entity, including applicant; and/or the modification of such a structure for the purpose of such placement or installation.

(16) *"Comprehensive plan"* means the long-range vision planning and master plan document for the city as now in effect or as hereafter amended.

(17) *"Day"* means a calendar day.

(18) *"Director"* means the director of the department of planning, engineering and permits, or any successor department, of the city.

(19) *"Distributed antenna system" or "DAS"* means a network or facility that distributes radio frequency signals to provide personal wireless services, as defined in 47 U.S.C. 332, and consisting of: (1) remote antenna nodes deployed throughout a desired coverage area; (2) a high-capacity signal transport medium connected to a central hub site; and, (3) equipment located at the hub site to process or control the radio frequency signals through the antennas which meets the height and size characteristics of a small cell facility.

(20) *"Eligible facilities request"* means any request for modification of an existing support structure that involves: collocation of new small cell facilities or wireless facilities, or the replacement of small cell facilities or wireless facilities, provided that such modification does not substantially change the physical dimensions of such tower or base station.

(21) *"Emergency"* means a condition that (1) constitutes a clear and immediate danger to the health, welfare, or safety of the public, or (2) has caused or is likely to cause substantial damage to the right-of-way or to facilities in the right-of-way.

(22) *"FCC"* means the Federal Communications Commission of the United States.

(23) *"Framework plans"* are future planning documents adopted by the city council that provide direction on land use, new development, transportation, housing, parks, trails and open space, utilities and economic development and are used by elected officials and city staff as a guide for making short and long range policy and investment decisions regarding land use development, zoning, transportation improvements, parks, trail, housing issues, and economic development.

(24) *"Make-ready work"* means work that an authority reasonably determines to be required to accommodate a wireless provider's installation on a city-owned pole or structure under this chapter and to comply with all applicable standards. The work may include, but is not limited to, repair, rearrangement, replacement and construction of poles; inspections; engineering work and certification; permitting work; tree trimming (other than tree trimming performed for normal maintenance purposes); site preparation; and electrical power configuration. The term does not include a wireless provider's routine maintenance.

(25) *"Micro wireless facility"* or *"micro facility"* means a small wireless facility that (a) is not larger in dimension than 24 inches in length, 15 inches in width, and 12 inches in height; and (b) has an exterior antenna no longer than 11 inches.

(26) *"Occupy"* or *"use"* means, with respect to a right-of way, to place a tangible thing in such right-of-way, including attaching to existing or new small cell support structures for the purposes of offering or providing personal wireless services as defined in 47 U.S.C. 332, including, but not limited to, constructing, repairing, maintaining, or operating lines, poles, pipes, conduits, ducts, equipment, or other structures, appurtenances, or small cell facilities necessary for the delivery of any services provided by wireless provider. The term does not include the business activities of an electric utility that is regulated by the Alabama Public Service Commission, or of any parent, affiliate, or subsidiary thereof, when placing a tangible thing in the right-of-way.

(27) *"Permit"* means a written authorization required by an authority to perform an action or initiate, continue, or complete the deployment of small cell facilities.

(28) *"Person"* means any natural or corporate person, business association or other business entity including, but not limited to, a partnership, sole proprietorship, political subdivision, public or private agency of any kind, utility, successor or assign of any of the foregoing, or any other legal entity.

(29) *"Point of demarcation"* means the point of where the transmission media of small cell equipment terminates and interconnects with broadband backhaul transmission facilities, which is the point that the small cell connects into fiber or other wired mediums to transmit or assist in the transmission of data, whether provided by landline or wireless communications infrastructure.

(30) *"Private property"* means real property located in the city that does not lie within the right-of-way, including such appurtenant or easements attached to or

associated with such property, and that is not owned by the city, state, or other public body.

(31) *"Replacement"* means installing a new small cell support structure of comparable or smaller proportions and of comparable or shorter height to a preexisting small cell support structure in order to accommodate collocation of small cell facilities, and the associated removal of the preexisting wireless facilities or small cell support structure. To qualify as a replacement, the replacement pole must be installed no more than five feet of the location of the existing pole that it will replace.

(32) *"Right(s)-of-way"*, whether singular or plural, means the surface and space in, upon, above, along, across, over, and below any public streets, avenues, highways, roads, courts, lanes, alleys, boulevards, ways, sidewalks, and bicycle lanes, as the same now or may hereafter exist, that are within the city's corporate boundaries and under the jurisdiction of the city that is not inclusive of the police jurisdiction of the city. This term does not include county, state, or federal rights-of-way or any property owned by any person or entity other than the city, except as provided by applicable laws or pursuant to an agreement between the city and any such person or entity.

(33) *"Small cell facility(ies)"* or *"facilities"*, whether singular or plural, means and includes the following types of facilities: (a) antenna; and (b) associated accessory equipment that, individually and collectively, are part of a system that meets the following qualifications: (1) each antenna associated with the deployment, excluding associated antenna equipment, is no more than three cubic feet in volume; (2) all other wireless facilities associated with the structure, including the wireless facilities associated with the antenna and any pre-existing associated equipment on the structure, is no more than 28 cubic feet in volume; and (3) the facilities are mounted on structures 50 feet or less in height including their antennas, or are mounted on structures no more than ten percent taller than other adjacent structures, or do not extend existing structures on which they are located to a height of more than 50 feet or by more than ten percent, whichever is greater. Accessory equipment is not to be included in the calculation of equipment volume and may be located outside the equipment enclosure. The term includes micro wireless facilities, DAS and other wireless technologies meeting the above qualifications and may be referred to as a "node(s)" when referencing the numbers of small cell facilities per application or elsewhere in this chapter.

(34) *"Small cell support structure"* or *"support structure"*, whether singular or plural, means a freestanding structure designed or used to support, or capable of supporting, small cell facilities, including, but not limited to, towers, electric utility distribution poles, street light poles, traffic signal structures, rooftops, attics, or other enclosed or open areas of a building or accessory structure, a sign, or a flag pole. These terms do not include the city's decorative and architecturally significant street light poles, as those decorative lights are inappropriate for use as a support structure, and replacement or make ready use for these decorative and architecturally significant poles may be limited or declined, unless otherwise agreed in writing by the city. These terms also do not include city-owned buildings or other city-owned structures located outside the rights-of-way unless and until the party desiring access to that property first enters into a lease agreement with the city for use of that property. These terms also do not include electric utility transmission poles.

(35) *"Stealth technology"* or *"stealth"* means a method(s) of concealing or minimizing the visual impact of a small cell facility (and associated accessory equipment) and

support structure by incorporating features or design elements which either totally or partially conceal such small cell facilities or accessory equipment. The use of these design elements is intended to produce the result of having such facilities, equipment and associated structures blend into the surrounding environment and/or disguise, shield, hide or create the appearance that the small cell facilities are an architectural component of the support structure.

(36) *"Substantially change(s)"* means, in the context of an eligible support structure, a modification of an existing support structure where any of the following criteria is met:

(i) For a support structure not located in the rights-of-way:

(a) The height of the support structure is increased by (i) more than ten percent, or

(ii) By the height of one additional antenna array with separation from the nearest existing antenna not to exceed 20 feet, whichever is greater; or

(a) There is added an appurtenance to the body of the support structure that would protrude from the edge of the support structure by (i) more than 20 feet, or (ii) more than the width of the support structure at the level of the appurtenance, whichever is greater.

(b) Changes in height should be measured from the original support structure in cases where deployments are or will be separated horizontally, such as on buildings' rooftops; in other circumstances, changes in height should be measured from the dimensions of the support structure, inclusive of originally approved appurtenances and any modifications that were approved prior to the passage of the Spectrum Act (P.L. 112-96);

(iii) For a support structure located in the right-of-way:

(a) The height of the support structure is increased to a height of more than 50 feet or by more than ten percent, whichever is greater; or

(b) There is added an appurtenance to the body of that structure that would protrude from the edge of that structure by more than six feet; or

(c) It involves the installation of ground cabinets that are more than ten percent larger in height or overall volume than any other ground cabinets associated with the structure; or

(d) It involves the installation of any new equipment cabinets on the ground if there is no pre-existing ground cabinet associated with that structure.

(iv) For any eligible support structure:

(a) It involves the installation of more than the standard number of new equipment cabinets for the technology involved, but not to exceed four cabinets; or

(b) There is entailed in the proposed modification any excavation or deployment outside of the current site of the support structure; or

(c) The proposed modification would cause the concealment/camouflage elements of the support structure to be defeated; or

(d) The proposed modification would not comply with the conditions associated with the prior siting approval of

construction or modification of the support structure, unless the non-compliance is due to an increase in height, increase in width, addition of cabinets, or new excavation that does not exceed the corresponding thresholds in this section.

(v) To measure changes in height for the purposes of this section, the baseline is:

(a) For deployments that are or will be separated horizontally, measured from the original support structure;

(b) For all others, measured from the dimensions of the support structure, inclusive of originally approved appurtenances and any modifications that were approved by the city prior to February 22, 2012.

(37) *"System"* means one or more of the protocol-agnostic, fiber-based optical networks which may incorporate small cell facilities and equipment that may be owned, leased, or controlled by the wireless infrastructure provider or third parties and is provided by the wireless infrastructure provider to wireless service providers or to a wireless service provider's customer.

(38) *"Transmission media"* refers to the point which the waves from small cell facilities are guided along a physical path; examples of guided media include phone lines, twisted pair cables, coaxial cables, and optical fibers.

(39) *"Utility pole"* means a pole or similar structure that is used in whole or in part to provide communications services or for electric distribution, street lights or other lighting, cable television, traffic control, signage, or a similar function. The term includes the vertical support structure for traffic lights but does not include a horizontal structure to which signal lights or other traffic control devices are attached, and does not include a pole or similar structure 15 feet in height or less unless an authority grants a waiver for such use.

(40) *"Wireless facility"* or *"wireless facilities"* means equipment at a fixed location which is used to offer or provide personal wireless services as defined in 47 U.S.C. 332, including radio transceivers, antennas, distributed antenna systems ("DAS"), wires, coaxial or fiber-optic cable or other cables, regular and backup power supplies, and comparable equipment, regardless of technological configuration, and equipment associated with wireless communications. The term includes small cell facilities but does not include: (a) the structure or improvements on, under, within, or adjacent to the structure on which the equipment is collocated; (b) wireline backhaul facilities; or (c) coaxial or fiber-optic cable that is between wireless structures or utility poles or that is otherwise not immediately adjacent to or directly associated with a particular antenna.

(41) *"Wireless service provider"* means a person that provides personal wireless services, as defined in 47 U.S.C. 332, to the public or citizens of the city on a commercial basis and is authorized by the FCC to provide those services. The term does not include an electric utility that is regulated by the Alabama Public Service Commission or such electric utility's parents, affiliates, or subsidiaries when they are acting in supporting of the electric utility.

(42) *"Wireless infrastructure provider"* means any person, including a person authorized to provide telecommunications service in the state, that builds or installs wireless communication transmission equipment, wireless facilities or support structures, but that is neither a personal wireless services provider nor an electric utility that is regulated by the Alabama Public Service Commission (or any parent, affiliate, or subsidiary of such electric utility).

(43) *"Wireless provider"* means a wireless infrastructure provider or a wireless service provider.

(Ord. No. 20-68, § 2, 5-1-2020)

Sec. 12-3.10-3. Grant of authority.

The city may grant a non-exclusive franchise or license to construct, maintain and operate small cell facilities within the city to any person who agrees to comply with the requirements of this chapter and acceptable terms as negotiated by the city. This grant of authority will be administered through an annual licensing process that will allow annual renewals pursuant to the terms of this chapter. Approval of installation of facilities at specific location(s) or on specific support structure(s) will be administered through the permit process set forth in this chapter.

(Ord. No. 20-68, § 3, 5-1-2020)

Sec. 12-3.10-4. Permitted use: Application and fees.

(a) *In general, application and permit required.* Any person desiring to obtain a permit to locate, place, attach, install, operate, maintain, control, remove, reattach, reinstall, relocate and replace small cell facilities within the right-of-way, on city-owned structures or facilities, utility poles, or any private property within the corporate limits of the city, must file an application, pay the required fees, and obtain the permit, except as otherwise provided in this chapter.

(b) *Application required for each small cell facility and equipment.* A permit application must be submitted for each small cell facility and accessory equipment on a form, paper or electronic, provided by the city. If any information is deemed proprietary or confidential, then the applicant must mark each page accordingly. An application packet will be maintained by the city engineer.

(c) *Pre-application review.* Prior to the submission of an application, the applicant is strongly encouraged to have a voluntary pre-application meeting with the director, or his/her designee(s), to review preliminary documents and graphic exhibits of the proposed facilities and discuss the application, location and design requirements for the proposed facilities. The primary purposes of the review are to streamline applications and reduce site plan and design revisions, as well as the multiple reviews associated therewith. Any applicant desiring a pre-application review will agree in writing that the applicable time-line for application review, as set forth in section 12-3.10-8, will be tolled during such review period.

(d) *Consolidation application permitted.* Up to 30 nodes or small cell facilities may be included in a single application.

(e) *Application fees.* Unless otherwise provided by law, all applications for permits pursuant to this chapter shall be accompanied by a nonrefundable fee for actual, direct, and reasonable costs incurred by the city to process and review the application, in the following amounts:

(1) Five hundred dollars for an application seeking up to five small cell facilities attached to existing support structures, with an additional $100.00 for each attached small cell facility in excess of five; or

(2) For an application to construct or install a new pole or support structure (i.e., not a collocation), a one-time fee of $1,000.00.

(f) *Annual license fee.* An annual license fee of $270.00 is assessed per node in the right-of-way.

(g) *Removal fee may be applicable.* A fee for removal of small cell facilities and/or their respective equipment may be applicable and is hereby authorized as necessary unless the fees described in subsections (e) and (f) above have already been tendered for the year in which the removal will occur, the removal does not hinder an ongoing city project or improvement, and the city incurs no additional cost to ensure safe removal.

(h) *Additional cost for make-ready work for attachment to city-owned poles and structures.* Applicant may be required to bear additional costs for any necessary make-work estimate or construction as provided in section 12-3.10-12(c).

(i) *No application or permit fee required for eligible facilities requests.* Provided that the applicant gives notice to the director of the work to be undertaken in the right-of-way and obtains street barricade or any other applicable permit

required by the city, a permit or application fee shall not be required for: (i) routine maintenance or repairs of wireless facilities; (ii) the replacement or modification of a small cell facility that results in a facility of substantially similar or smaller size, weight, and height; or (iii) micro wireless facilities installations.

(j) *Escalation of fees.* The fees required under subsections (e) and (f) of this section 12-3.10-4 may be adjusted (1) to recover a reasonable approximation of the increase in the city's actual and reasonable costs in administering and overseeing the small cell facilities, accessory equipment and support structures installed pursuant to this chapter, or (2) as otherwise permitted by applicable laws and regulations.
(Ord. No. 20-68, § 4, 5-1-2020)

Sec. 12-3.10-5. Notice of transfer, sale or assignment of assets in right-of-way.

(a) *Compliance required.* If an applicant transfers, sells or assigns its assets, the transferee, buyer or assignee shall be obligated to comply with the terms of this chapter.

(b) *Notice.* Written notice of any such transfer, sale or assignment shall be provided to the city within 30 days after the effective date of the transfer, sale or assignment.
(Ord. No. 20-68, § 5, 5-1-2020)

Sec. 12-3.10-6. Placement and maintenance of facilities in rights-of-way.

(a) *Administrative review.* The city shall utilize an administrative application review process as described herein for applications for the placement of small cell facilities (including accessory equipment) and any support structure in the right-of-way.

(b) *Departmental review.* To ensure the public health and safety, the written recommendations for the addition of small cell facilities and accessory equipment will be required after submission of the permit application from the following departments:

(1) Planning, engineering and permits.

(2) Transportation.

(c) *Review by director.* The director or his/her designee(s) will review and administratively process any application to determine if the application is complete and consistent with applicable codes and whether a permit for the small cell facilities should be issued for the location and the manner requested by the applicant, consistent with this chapter.

(d) *Minimal physical installation.* The applicant's application shall demonstrate that the placement of the proposed small cell facilities and their associated accessory equipment or support structure on the right-of-way is the minimal physical intrusion and burden on the rights-of-way that will achieve the goal of enhancing the provision of personal wireless services when considering all pertinent factors contained in section 12-3.10-8.

(e) *Prohibitions.*

(1) No wireless facilities, accessory equipment or new support structure for such facilities or equipment may be installed in the city's right-of-way without (A) a license or franchise granted pursuant to section 12-3.10-3 hereof, and (B) a permit granted pursuant to sections 12-3.10-6 and 12-3.10-8 hereof. This prohibition shall not extend to a request by an electric utility that is regulated by the Alabama Public Service Commission to place or install a new utility pole where such request is not made to accommodate a small cell facility of a wireless service provider.

(2) No wireless facilities, other than small cell facilities and micro wireless facilities, may be installed within the right-of-way unless a waiver is granted by the city.

(3) No facility or equipment shall interfere with the safe operation of traffic control equipment, public safety communications equipment or street lights.

(4) No facility, equipment or new support structure shall interfere with sight lines

or clear zones for vehicular transportation, pedestrians, or public safety purposes.

(5) No facility, equipment or new support structure shall interfere with compliance with the Americans with Disabilities Act or similar federal or state standards regarding pedestrian access or movement.

(6) No facility, equipment or new support structure shall interfere or fail to comply with the Alabama Department of Transportation Utility Manual, as it may be applicable and as amended.

(7) No facility, equipment or new support structure shall fail to comply with the applicable codes.

(8) No facility, equipment or support structure shall be closer than five feet from the street curb or edge of pavement if no curb is present, unless otherwise approved by the city engineer.

(9) No facility or equipment shall be attached to a utility pole owned by any utility not owned or operated by the city unless a lease, license, permit, certificate of authority, express waiver or other similar documentation demonstrating authorization is provided from such owner.

(10) No facility or equipment shall be placed on any arms or any horizontal structure used to support or mount traffic control signals or other traffic control devices.

(11) No facility or equipment shall interfere with electrical lines, cable lines, or their associated equipment, in that wireless facilities must be placed at least ten feet away from energized electrical distribution lines, unless otherwise approved by the utility company.

(12) No wireless facility may be hung from energized electrical lines or mounted on poles to be removed in conjunction with the city's desire to utilize undergrounding of electrical utilities in a particular area.

(13) Facilities and equipment shall comply with the following spacing requirements:

a. Minimum spacing between proposed new (non-replacement) and existing privately-owned support structures:

1. The minimum horizontal distance between a new (non-replacement) support structure and associated small cell facilities and any other existing, or permitted but unconstructed, support structures and small cell facilities on the same side of the right-of-way at the time a complete application is filed with the city, irrespective of the owners/operators, shall be not less than 300 linear feet, as measured parallel to the right-of-way, unless a waiver is granted by the city based upon demonstrated need or other circumstances.

b. Spacing between proposed new (non-replacement) support structures and existing publicly owned support structures:

1. New support structures shall be located midway between the immediately adjacent existing publicly-owned support structures on either side of the proposed support structure to the maximum extent possible.

c. Multiple requests for installations at the same location:

1. If multiple requests are received and are pending at the same time to install support structures that would violate the applicable spacing requirements, or to collocate two or more small cell facilities on the same support structure, the city may resolve conflicting requests in a reasonable and nondiscriminatory manner.

(f) *Limitations.*

(1) If allowed, small cell facilities collocated on the same utility pole as a street light shall be on the same disconnect as the street light, where practicable.

(2) Small cell facilities shall be grounded and otherwise comply fully with all applicable codes.

(3) Whenever a conduit of small cell facilities crosses telephone or electric power wires, wires shall cross and be maintained in accordance with the National Electrical Code, the National Electrical Safety Code, and all applicable ordinances, codes and regulations of the city and all other applicable codes.

(4) Small cell facilities must comply with the applicable structural requirements with respect to wind speed.

(g) *Compliance with law.* Applicant shall at all times comply with and abide by all applicable provisions of state and federal law and city ordinances, applicable codes and regulations in placing and maintaining small cell facilities in the right-of-way.

(h) *Burden of proof.* The burden of proof shall at all times be on the applicant to establish compliance with requirements under this chapter and state and federal law.

(i) *Permit required; emergency.* Except in case of emergency, no placement or maintenance of small cell facilities or their operation thereof shall commence until all applicable permits are obtained. The city reserves the right to inspect all wireless facility work to ensure compliance with this chapter and applicable permits. Applicant shall provide a written notice and certification of compliance that the facilities were constructed in accordance with the approved specifications upon final completion of a wireless facility installation, and no operation shall occur unless the city has conducted a final inspection and issued a certificate of completion. Where a facility has been installed or operated without permit due to an emergency, a permit shall be required after-the-fact within 30 days if a permit would have originally been required to perform the work undertaken in the right-of-way in connection with the emergency. Once the emergency is abated, the small cell facilities in question must be removed unless permitted without the emergency as a basis.

(j) *Administrative review.* The director or his/her designee(s) will review and administratively process any application for a permit to determine whether, consistent with the requirements set forth in this chapter, a permit should be issued for the location and in the manner requested by the applicant. The permitting process will be administrative and not require the approval of the city council. The factors, requirements, and guidelines the director and/or subsequently, upon appeal, the city council, may consider and will apply when determining whether to issue a permit for placement of new support structures or small cell facilities and accessory structures on the right-of-way include the following:

(1) Whether denial of a permit to place the proposed structures at the requested location would prohibit or have the effect of prohibiting the provision of telecommunications or personal wireless service;

(2) The ability and specifications of the structures upon which the small cell facilities are placed to safely support those facilities;

(3) The visual impact of placing the support structures or small cell facilities in the subject area;

(4) The character of the area in which the structures are requested, including surrounding buildings, properties and uses;

(5) Whether the appearance and placement of the requested structures is consistent with the any uniform design guidelines hereafter adopted as provided in section 12-3.10-9(d)(2);

(6) Whether the structures are consistent with the historic nature and characteristics (if any) of the requested location, including but not limited to any uniform design guidelines hereafter adopted as provided in section 12-3.10-

9(d)(2), land use requirements of the city's commercial revitalization project areas and framework plan areas;

(7) All small cell facilities and support structures must (a) not obstruct the safe operation of traffic control equipment or street lights; (b) not interfere with driver or pedestrian sight lines or clear zones for transportation or pedestrians; (c) comply with applicable federal, state and city standards regarding pedestrian access and movement; (d) comply with applicable health and safety codes; (e) be constructed in a manner to minimize physical damage to private property; and (f) not include advertisements.

(8) Each antenna associated with a small cell facility:

a. When mounted at the top of a pole, whether or not enclosed,

1. An initial installation will not exceed six feet above the top of the pole, and

2. A collocated installation will be no taller than necessary to house the collocation;

b. When mounted at the top of a pole, a pole-top extension shall be no taller than necessary for separation from other attachments;

c. When mounted on a lateral standoff bracket on a pole, the antenna shall protrude no more than necessary to meet clearances;

d. When mounted on or within an existing or replacement decorative pole, shall conform to the design aesthetics of the original pole, including the design, style and color; and

e. When mounted on another structure, shall not impair the function of the structure.

(9) Wireless equipment associated with an antenna shall (a) when mounted on a pole other than at the top, be flush-mounted or as near to flush as possible; (b) when mounted on a pole other than at the top, provide a minimum of ten feet of clearance above streets, driveways and sidewalks; and (c) when located in a ground-mounted cabinet, meet design, style, color and material requirements per the city's lawful right-of-way regulations.

(10) Replacement poles shall be (a) installed within five feet of the location for the original pole; and (b) of a material and dimensions that matches as closely as feasible existing adjacent poles, or consistent with any published local standards for utility pole placements.

(11) New poles shall (a) be aligned with the predominant pattern of existing adjacent structures; and (b) not be located directly in front of storefront windows, primary walkways, primary windows, or primary egress points to buildings.

(12) To the extent feasible, cables and wires associated with a small cell facility shall be (a) installed within the pole; (b) flush-mounted to the pole where internal installation is not feasible; or (c) encased in a cover or conduit when flush-mounted to the pole.

(13) An electric meter, if required, will be pole-mounted where feasible to the extent authorized by the pole owner and electric provider.

(14) To the extent feasible, all small cell facilities and associated accessory equipment that are placed in the city shall be attached to a pre-existing support structure that is owned, controlled or leased by a utility, franchisee, the city or other entity. If the applicant demonstrates that (i) no reasonable collocation opportunities exist in the area where the small cell facility is proposed to be placed, or (ii) attachment to a new structure will provide a more visually appealing design, demonstrably more effective service coverage, or some other public benefit that would not be achieved by collocation, the applicant may request that a new pole or other support structure be installed in

that area for purposes of constructing the small cell facilities. Before any new support structure is permitted, each of the following must occur:

a. The applicant must have provided the city written evidence supporting a claim under subparagraph (j)(14)(i) or (ii) above. In the case of (i), this evidence shall include, but not be limited to, affidavits, correspondence, or other written information that demonstrates that the applicant has taken all commercially reasonable actions to achieve collocation in the requested location that the applicant has pursued but has received no response or has been denied access to all potential collocation sites in the subject area (and the reasons any such denial(s)), and otherwise show that the applicant is unable to co-locate on an existing support structure. In the case of (ii), the evidence required by the city may include, but is not be limited to, affidavits, correspondence, engineering report or other written information depicting the claimed more visually appealing design, demonstrating the claimed more effective service coverage, or demonstrating the claimed public benefit;

b. The city engineer must recommend the placement of a new support structure in the right-of-way; and

c. The director or his/her designee(s) must approve the recommendation of the city engineer to allow the issuance of a permit that includes placement of a new support structure in the right-of-way.

(15) If a facility is attached to a utility pole or other support structure in the right-of-way, no antenna or other part of the facility shall extend more than ten feet above the height of that structure; provided that, in the event that the applicant demonstrates that National Electric Safety Code, National Electric Council, or International Code regulations (as maintained and adopted by the city) or other factors create an undue hardship in complying with this height requirement, the director may permit a facility to extend up to 15 feet above the height of such support structure, unless it creates a life safety issue;

(16) The accessory equipment shall, if reasonably possible, be placed at least eight feet above the ground;

(17) The color of antenna and accessory equipment shall be compatible with that of the support structure;

(18) The facility (including the accessory equipment) shall not be illuminated unless required by federal regulations;

(19) Whether the proposed installation could cause harm to the public or poses any undue risk to public safety;

(20) Whether the proposed installation may interfere with vehicular traffic, passage of pedestrians, or other use of the right-of-way by the public;

(21) If the proposed installation will disturb conditions on the right-of-way, whether the applicant can demonstrate its ability and financial resources to restore the subject area to its pre-existing condition following installation; and

(22) If the proposed new pole will be compatible with the design and character of the surrounding neighborhood.

(k) *Under-served areas.* As the city recognizes that a lack of competitive land-based internet access options may exist for certain underserved residential areas (which means an area with fewer than two options via coaxial cable, copper lines, fiber, or other land-based internet), the director may consider whether a permit application offers increased service coverage in an underserved residential area in deciding whether to permit the installation of a new support structure in the rights-of-way pursuant to subparagraph (j)(14). This provision shall not be

a cause for denial of a permit or placement by a wireless service provider or wireless infrastructure provider.
(Ord. No. 20-68, § 6, 5-1-2020)

Sec. 12-3.10-7. Reserved.

Sec. 12-3.10-8. Application review; decisions; time-frames.

(a) *Standards for review.* Review of applications shall be in light of its conformity with applicable regulations of this chapter and shall be issued on a nondiscriminatory basis.

(b) *Review for completeness; notice of deficiency.* In the case of a small cell facility application, the director will, within ten days after receiving the application, determine and notify the applicant by electronic mail to the email address provided in the application whether the application is complete. An application shall not be deemed complete until the applicant has submitted all documents, information, forms and fees specifically enumerated in this chapter that pertain to the location, construction, or configuration of the small cell facilities or support structures at the requested location(s). If an application is deemed materially incomplete, the city must specifically identify (i) the missing documents or information and (ii) the specific rule, regulation or code provision creating the underlying obligation to provide same. If the applicant makes a supplemental submission to address or provide the missing information or documents identified by the city within 60 days of the notice sent by the city, the city shall have ten days from receipt of such supplemental submission to verify that the application is complete and, if not, notify the applicant in writing that the supplemental submission was not sufficient to render the application complete and specifically identify the missing documents or information that still need to be submitted pursuant to the city's original notice. The additional documents or information provided in the supplemental submission shall be limited to the deficiencies cited in the original notice from the city and no material changes shall be made to the original application other than those necessary to cure any identified deficiencies. If a supplemental submission includes material changes to the proposed small cell facilities identified in the original application, proposes or requests a small cell facility not identified in the original application, or otherwise includes or makes a material change to the original application other than as necessary to cure the deficiencies identified by the city, such supplemental submission shall be deemed a new application. If an applicant fails to submit sufficient documents or information to render the application complete within 60 days of the notice sent by the city, the original notice sent by the city shall serve as written notice of the denial of the application, and the application shall be deemed denied.

(c) *Timeline for action on applications.* The director will approve or deny an application for a permit within the applicable time period set forth in this subsection (c)(1), plus any tolling period(s) pursuant to subsection (c)(2).

(1) *General time period for action on application.* Subject to the tolling provisions set forth below, the city, by and through the director, or his/her designee(s), will make its final decision to approve or deny the application(s) within the following time periods, unless the director and the applicant agree to toll the applicable deadline:

a. For an application(s) to collocate a small cell facility on an existing structure, within 60 days of receipt of such application(s); or

b. For an application(s) to deploy a small cell facility on a new structure, within 90 days of receipt of such application(s); or

c. For multiple applications or a single, consolidated application for a small cell facility network project which seeks approval of a mix of collocated small cell facilities and new structures (i.e., one or more of the applications is for a new structure), within 90 days of receipt of such applications.

(2) *Tolling period.* Unless otherwise agreed to in writing by the applicant and the city, the tolling period for an application, if any, shall be as follows:

a. If within ten days of receipt of an application for a permit to install a small cell facility in the right-of-way, the director notifies the applicant that an application is materially incomplete and specifically identifies (i) the missing documents or information and (ii) the specific rule, regulation or code provision creating the obligation to submit same to the city, the time period for action on an application shall reset and not begin until the applicant submits all of the documents and information identified by the director to render the application complete (i.e., the date the applicant submits all of the documents and information identified by the city in the deficiency notice is day zero).

b. For all other initial applications, the tolling period shall be the number of days from:

1. The day after the date the city sends written notice to the applicant that the application is incomplete in accordance with subsection (b) of this section, until:

2. The date the applicant submits all the documents and information identified by the city in such notice to render the application complete.

c. For resubmitted applications (or supplemental submissions) following a notice of deficiency from the city pursuant to subsection (b) of this section, the tolling period shall be the number of days from:

1. The day after the date the city sends written notice to the applicant that the applicant's supplemental submission was not sufficient to render the application complete and specifically identifies the missing documents or information that need to be submitted based on the city's original notice under subsection (b) of this section, until

2. The date the applicant submits all the documents and information identified by the city to render the application complete, provided that such notice regarding the insufficiency of the supplemental submission is sent by the city to the applicant within ten days following the city's receipt of the supplemental submission in response to the city's original notice under subsection (b) of this section.

(3) *Final decision.* The director will inform the applicant in writing of its final decision and, if such final decision is to deny the application, provide the basis for such denial, including identifying the specific city rule, regulation or code provision or other applicable law on which the denial was based.

(4) *Effect of timelines.* The city's failure to issue a final decision within the processing timelines set forth in subsections 12-3.10-8(c)(1) and (2) shall not constitute, or be construed to constitute, a grant of an applicant's application(s). Upon expiration of these timelines, applicant may pursue whatever remedies are available to it under applicable law.

(d) *Consolidated applications.* An applicant may file a consolidated application and receive a single permit for approval of up to 30 small cell facilities. If the application includes multiple facilities, then the city may separately address each facility for which incomplete information has been received or for which the application is denied.

(e) *Appeal of decision by director or director's designee(s).* Upon denial by the director or director's designee(s), the applicant may, at its option, either seek review in a court of competent jurisdiction or file a written appeal to the city clerk within 15 days for reconsideration by the city council and placement on the next regularly scheduled agenda of the city council. If the applicant appeals to the city council, it may seek review of an adverse council decision in a court of competent jurisdiction.
(Ord. No. 20-68, § 8, 5-1-2020)

Sec. 12-3.10-9. Application requirements and process.

(a) *Approval required.* Except as otherwise provided, a permit to construct or install small cell facilities shall not be granted under this chapter except upon approval by the director or director's designee(s), city council, or as otherwise designated by resolution or ordinance to consider application under this chapter, in which applicant must sufficiently describe the manner, form, design, placement, its effect and impact, and other pertinent information with regard to placement and maintenance of small cell facilities in the right-of-way and/or on private property.

(b) *Application.* An application must be submitted for every small cell facility, equipment or support structure.

(c) *Application requirements.* At a minimum every application should include, as follows:

(1) a. The applicant's name, address, telephone number, and e-mail address; and

b. The names, addresses, telephone numbers, and e-mail addresses of all consultants, if any, acting on behalf of the applicant with respect to the filing of the application;

(2) A general description of the proposed work and the purposes and intent of the small cell facility. The scope and detail of such description shall be appropriate to the nature and character of the work to be performed, with special emphasis on those matters likely to be affected or impacted by the work proposed;

(3) Site plan and engineering design and specifications, including engineering drawings to scale, of the proposed small cell facilities and related structures, including the location of radios, antenna facilities, transmitters, equipment shelters, cables, conduit, point of demarcation, backhaul solution, electrical distribution panel, electric meter, and electrical conduit and cabling, and support structure(s);

(4) Design documents should include photo(s) of the existing pole, and a photo simulation of the pole with attached equipment. Where applicable, the design documents should include specifications on stealth design, pole modification, and ADA compliance;

(5) Map(s) designating with specificity the location(s) of the requested facilities; The geographic coordinates (GIS) of all antenna and other proposed facilities;

(6) For city traffic light poles, verification that the pole is eligible for attachment;

(7) A load bearing study that determines whether the pole requires re-enforcement or replacement in order to accommodate attachment of small cell facilities and/or equipment. If pole re-enforcement or replacement is warranted, the design documents should include the proposed pole modification;

(8) Copy of the manufacturer's detailed specifications for small cell equipment and antennas, including photographs or illustrations and a complete description of all pertinent physical and electrical characteristics;

(9) Supporting information if stealth modifications are required in order to comply with the design standards (i.e. to blend with the character and style of the surrounding area) or criteria for installations;

(10) Supporting information if the application seeks approval of a new pole, including design and specification drawings for the new pole, and a statement regarding the reasons for and what other alternatives, if any, were identified but not utilized, and why;

(11) Applicable design and specification drawings if the proposed installation will require re-enforcement or replacement of an existing pole;

(12) The number, size, type and proximity to the small cell facilities of all communications conduit(s) and cables to be installed;

(13) Description of the utility services required to support the small cell facilities to be installed;

(14) If the small cell facilities will be located on a support structure on the right-of-way that is owned by any entity other than the city or the applicant, a copy of any permit, license, lease, agreement, letter of authorization, or other documentation evidencing that the owner of that support structure authorizes the facilities to be attached thereto or agrees in principle to authorize that attachment (which documentation may be redacted as to business terms including rent or other fee or payment information); provided that, if the city issues the requested permit but it is subsequently determined that the applicant lacked such authority, the subject permit may be revoked and any license to use that part of the right-of-way be rescinded;

(15) All permits and letters of authorization; Valid FCC license, where applicable or other appropriate certificates or permits as required;

(16) List of the contractors and subcontractors, and their contact information, authorized to work on the project;

(17) A certification from a licensed engineer that the small wireless facility, associated equipment, and any associated new or replacement support structure shall comply with all applicable codes and FCC rules and regulations; and

(18) A declaration signed by an authorized representative of the applicant stating that the information in the application is true and accurate and that the small wireless facility and (if applicable) associated pole will be built in conformance with the specifications set forth in the application.

(d) *Objective design guidelines; other requirements.*

(1) *Similar character and style of area required.* Applicant shall use best efforts to provide a reasonable location, context, color, stealth and concealment necessary to maintain the character and style of the surrounding areas so as to minimize the visibility and environmental impact.

(2) *Design guidelines.* The director is authorized to adopt reasonable design guidelines addressing aesthetics requirements provided such design guidelines they are no more burdensome than those applied to other types of infrastructure deployments, objective and are published in advance.

(3) *New structures; availability of alternatives.* No new utility pole, pole-type structure, or other freestanding structure shall be allowed in the right-of-way unless the applicant demonstrates and the director or his/her designee(s) and/or city council (when applicable) determines that no existing structure in the right-of-way can accommodate the applicant's proposed facility or antenna, or that attachment to a new structure will provide a more visually appealing design, more effective coverage, or some other public benefit that would not be achieved by collocation.

(4) *Limitations: No property right.* A permit from the city constitutes authorization to undertake only certain activities in rights-of-way in accordance with this chapter

and does not create a property right or interest in the right-of-way or grant authority to impinge upon the rights of others who may have an interest in the rights-of-way.

(5) *Limitations: Use of city-owned poles or structures.* City-owned structures or poles for attachment or collocation may not be available where the city determines that an additional attachment or collocation is detrimental to public safety or welfare, and such decisions will be final. Availability will be on a first-come, first-served basis, and if the city determines collocation on such city-owned poles or structures has reached is maximum, is unsafe or should otherwise not be permitted, the city may propose alternative collocations to the applicant.

(6) *Coordination of work.* Upon request of the city, applicant may be required to coordinate placement or maintenance activities under a permit with any work, construction, installation or repairs that may be occurring or scheduled to occur within a reasonable time frame in the subject rights-of-way and applicant may be required to reasonably alter its placement or maintenance schedule as necessary to minimize disruptions.

(7) *Zoning.* Any applicant that seeks to construct or modify a wireless facility or support structure on private property shall be subject to applicable zoning requirements.

(8) *Undergrounding provisions.* From time to time, as both residential and commercial developments continue within the city, new regulations relating to undergrounding utilities and their placement may require relocation of small cell facilities or replacement thereof to deploy stealth design of facilities to camouflage with the undergrounding of utilities including relocation of equipment to enhance compatibility and blend into the character and style of a the surrounding area in a manner that reduces visibility. Applicant shall comply with nondiscriminatory undergrounding requirements that prohibit electric utilities, telecommunications or cable providers from installing structures in the rights-of-way without prior zoning approval in areas zoned for single family residential use, provided such requirements shall not prohibit the replacement of, or collocation on, existing structures.

(9) *Conditional use of public right-of-way.*

a. The city shall retain the right, without limitation, to alter, change, or cause to be changed, the grading, installation, relocation or width of the rights-of-way within the limits of the city. Neither the issuance of a permit nor any provision set forth in this chapter shall affect the city's authority to add, modify, vacate or abandon rights-of-way.

b. If an applicant desires to use any of its small cell facilities for the purpose of providing any other services other than the provision of communications service, including utility or non-utility services to existing or potential consumers or resellers, or by providing any other use to existing or potential consumers, an applicant shall seek such additional and separate authorization from the city and other authority as may be required by applicable law.

c. An applicant, or any person that leases or otherwise uses the small cell facilities of an applicant, which has been issued a permit or that has otherwise been authorized to place a small cell facility in the rights-of-way of the city shall not take any action against the city that will impede the lawful exercise of the city's rights, including without limitation the city's right to require the removal or relocation of such facilities from the rights-of-way of the city, notwithstanding the effect

of same on applicant's ability to place or maintain small cell facilities in rights-of-way of the city.

(10) *All rights of city reserved.* Notwithstanding any provision of this section or the city's issuance of a permit or other authorization to place a small cell facility in the right-of-way, the city may place and maintain, grant utility easements for, or otherwise permit the placement and maintenance of other utilities in the rights-of-way, including, water, sewer, electric, gas, storm drainage, telecommunications, traffic, and other utilities and facilities, cables or conduit, including underground and overhead installations, in rights-of-way occupied by the applicant. Applicant may allow city facilities to be collocated within rights-of-way through the use of a joint trench during applicant's construction project. Such joint trench projects shall be negotiated in good faith by separate agreement between applicant and city and may be subjected to other city rights-of-way requirements. The city further reserves without limitation the right to alter, change, or cause to be changed, the grading, installation, relocation or width of the rights-of-way within the city.

(11) *Restoration of right-of-way.* The area disturbed by the construction or maintenance of a small cell facility in the right-of-way shall be kept to a minimum. The applicant shall, at its own expense, restore all right-of-way to a condition equal to or better than the condition existing prior to such construction or maintenance activities. Restoration methods and any work required to repair the right-of-way shall be performed in accordance with articles G, H and I of title 4, chapter 5 of the City Code or other city-adopted standards and specifications applicable to the construction of city improvements within the right-of-way. All repairs and restoration work must be approved by the city engineer and final completion of any such work is subject to the reasonable approval of the city engineer. If necessary, unsatisfactory restoration work shall be corrected by the applicant, or by the city with all costs billed to the applicant.

(12) *Maintenance.* Applicant shall at all times keep the small cell facility authorized by the permit in a good state of repair from the standpoint of both structure and appearance.

(13) *Scheduling.* In the interest of the public's health, safety and welfare, upon request of the city, an applicant shall coordinate placement or maintenance activities under a permit with any other work, construction, installation or repairs that may be occurring or scheduled to occur within a reasonable timeframe in the subject rights-of-way. The city may require an applicant to alter reasonably its placement or maintenance schedule for permitted work as necessary so as to minimize disruptions and disturbance in the rights-of-way. The city may provide a more definite time frame based on specific city construction or maintenance schedules.

(14) *Applicant's liability and risk.* The city makes no warranties or representations regarding the fitness, suitability or availability of rights-of-way for the applicant's small cell facilities and any performance of work or costs incurred by applicant or provision of services shall be at applicant's sole risk. Nothing in this chapter shall affect the city's authority to add, vacate or abandon rights-of-way and city makes no warranties or representations regarding the availability of any added, vacated or abandoned rights-of-way for small cell facilities. Notwithstanding any requirements or conditions, the city engineer may impose in order to protect the public from injury and the right-of-way from damage, an applicant shall be solely responsible for the adequacy and safety of the engineering of its facilities and the operations authorized by the permit. Construction performed to place or maintain an applicant's small cell facili-

ties shall not interfere, displace, damage or destroy any other utilities or facilities, including but not limited to, sewers, gas or water mains, storm drains, pipes, cables or conduits of the city or any other person's facilities lawfully occupying the rights-of-way of the city.

(15) *Inspection.* The city shall have the right to make such inspections of facilities placed or maintained in rights-of-way as it finds necessary to ensure compliance with this section. In the event the city determines that a violation exists with respect to applicant's placement or maintenance of facilities in the rights-of-way that is not considered to be an emergency or danger to the public health, safety or welfare, the city will provide applicant written notice setting forth the violation and requesting correction.

(16) *As-built plans.* An application for a small cell facility right-of-way placement permit, including an application to replace an existing small cell facility in the right-of-way, shall include plans showing the location of the proposed installation of facilities in the rights-of-way. If the plans so provided require revision based upon actual installation, the applicant shall promptly provide revised plans. Further, the applicant shall provide "as-builts" upon completion of any installation or construction. The plans shall be in a digitized format showing the two-dimensional location of the facilities based on the city's geographical database, or other format acceptable to the city. The applicant shall provide such plans at no cost to the city.

(17) *Cooperation.* Subject to applicable law, an applicant shall, on the request of any person holding a permit issued by the city, temporarily support, protect, raise or lower its small cell facilities to permit the work authorized by the permit. The expense of such temporary support, protection, raising or lowering of facilities shall be paid by the person requesting the same, and the applicant shall have the authority to require such payment in advance. The applicant shall be given not less than 30 days' advance written notice to arrange for such temporary measures. If the city requests the temporary support, protection, raising or lowering of a facility for a public purpose, the city shall not be charged for the temporary support, protection, raising or lowering of the facility.

(18) *Signage.*

a. No signage, logos, symbols, or any messages of a commercial or noncommercial nature are permitted on any small cell facility, accessory equipment, support structure, or security fencing. This prohibition does not include the information sign permitted in the following subsection.

b. One small sign measuring no more than two feet by three feet that contains wireless provider information, emergency telephone numbers, and any other information required by local, state, and federal regulations governing small cell facilities is permitted. Such signage shall not include commercial advertising and is subject to approval by the city.

c. Submission of application. Upon meeting the requirements as listed herein and submitting the application, the city shall review and issue permits within the timeframes and processes provided herein.

(Ord. No. 20-68, § 9, 5-1-2020)

Sec. 12-3.10-10. Removal, relocation or modification of small cell facility in the right-of-way.

(a) *Ninety-day notice to remove, relocate or modify.* Whenever the city determines that the relocation is needed as described below, then within 90 days following written notice from the city, the applicant shall, at its own expense, protect, support, temporarily or permanently disconnect, remove, relocate, change or alter the

position of any small cell facilities within the rights-of-way whenever the city has determined that such removal, relocation, change or alteration, is necessary for (excluding beautification only projects), as follows:

(1) The construction, repair, maintenance, or installation of any city improvement in or upon, or the operations of the city in or upon, the rights-of-way; and/or

(2) If required for the construction, completion, repair, relocation, or maintenance of a city improvement or project in or upon, or the operations of the city in or upon, the rights-of way; and/or

(3) Because the small cell facility or its related equipment is interfering with or adversely affecting proper operation of any city-owned light poles, traffic signals, public safety communications or other equipment in the right-of-way; and/or

(4) To protect or preserve the public health or safety.

In any such case, the city shall use its best efforts to afford applicant a reasonably equivalent alternate location. If applicant shall fail to relocate any equipment as requested by the city within a reasonable time under the circumstances in accordance with the foregoing provision, the city shall be entitled to relocate the equipment at applicant's sole cost and expense, without further notice to applicant. Decorative streetlight poles may be required by the city in the future in the place of initially-installed standard-design streetlight poles, in which replacement of the applicant's facilities and equipment on decorative streetlights that were initially installed standard-design streetlight poles shall be solely at applicant's cost. Further, in such instances and at such time as replacement poles are installed, the city may reasonably require that the configuration and/or location of ground furniture (which references any equipment on the ground that is needed to supply power or backhaul services to the small cell facility) and/or pole-mounted equipment or equipment cages be changed (such as changing from pole-mounted equipment cages to ground furniture), in the discretion of the city.

(b) *Emergency removal or relocation of facilities.* The applicant or its successor(s) must remove the small cell facilities at any time if warranted by public health or safety, or in the event of an emergency, as determined by the city. The city will provide as much notice as reasonably possible under the circumstances. In non-emergency situations, the city will provide at least 60 days' notice. The city retains the right and privilege to cut or move any small cell facility or related structure located within the rights-of-way of the city, as the city may determine to be necessary, appropriate or useful in response to any public health or safety emergency. If circumstances permit, the city shall notify the applicant and provide the applicant an opportunity to move its own facilities, if possible, prior to cutting electrical service or removing a facility and shall notify the personal wireless services provider after cutting or removing a small cell facility.

(c) *Abandonment of facilities.* If an applicant abandons any facility (including the accessory equipment) or an associated support structure (collectively "abandoned facilities" for purposes of this section) that is located on the right-of-way, the following rights and obligations shall exist. The city may require the applicant, at applicant's expense, to remove and reclaim the abandoned facilities within 60 days from the date of written notice of abandonment given by the city to the applicant and to reasonably restore the property at which the abandoned facilities are located to the condition existing before the abandoned facilities were installed. If the wireless provider or applicant fails to remove and reclaim its abandoned facilities within such 60-day period and the abandoned facilities are located on the right-of-way, the city shall have the rights to (a) remove the abandoned facilities and charge its expense of any such removal operation to the account of the wireless services provider or applicant, (b) purchase all abandoned facilities at the subject location from the wireless services provider or applicant in consideration for $1.00, (c) at the city's discretion, either resell the abandoned facilities to a third party or dispose and salvage them; provided that the net proceeds of any resale of abandoned facilities by the city to a third party shall be credited to the

account of the applicant that used those abandoned facilities before the abandonment, and (d) charge any expense incurred by the city to restore the right-of-way to the account of the wireless services provider or applicant.
(Ord. No. 20-68, § 10, 5-1-2020)

Sec. 12-3.10-11. Annual license.

(a) *Term of license.* The license granted pursuant to section 12-3.10-3 hereof shall be valid for a period of one year. Annual license renewal may occur automatically if licensee has paid all required fees by December 31 and complied with requirements of this chapter.

(b) *Use of right-of-way authorized.* Provided the applicant agrees to comply with the requirements in this chapter and as negotiated by the city, a license authorizes entry upon and use of the right-of-way and/or attachment to city-owned structures in the right-of-way for the purposes of installing and operating small cell facilities, including the right to draw electricity for the operation of its small cell facilities from the power source (if any) that is made available for that support structure at the sole cost of applicant.

(c) *Limitation.* A license granted pursuant to section 12-3.10-3 does not create a property right or grant the licensee authority to impinge upon the rights of others who have a right to use the rights-of-way.

(d) *Revocation.* The city may revoke a license if, after reasonable notice and opportunity to cure is given to licensee, the licensee fails to comply with any provision of this chapter.
(Ord. No. 20-68, § 11, 5-1-2020)

Sec. 12-3.10-12. Effect of permit.

(a) *Authority granted; no property right or other interest created.* A permit from the city authorizes an applicant to undertake only certain activities in accordance with this chapter and creates a license only. A permit does not create a property right or grant authority to the applicant to impinge upon the rights of others who may already have an interest in the rights-of-way.

(b) *Duration.*

(1) *For use in general.* No permit issued to conduct construction, installation or other activities in the right-of-way shall be valid for a period greater than one year.

(2) *Limitations on construction.* When the application is approved to undertake the activities described in this chapter, every permit issued shall become invalid unless the work on the site authorized by such permit is completed within 180 days after its issuance, or if the work authorized on the site by such permit is suspended or abandoned for a period of 180 days after the time the work is commenced. The director is authorized to grant, in writing, one or more extensions of time, for periods not more than 180 days each, provided that the extension shall be requested in writing with justifiable cause demonstrated, such that: (i) if no request for extension is received, then the permit will become invalid; (ii) if construction has not commenced by the 180th day of permit issuance or by the one year anniversary of the application approval, then the applicant must re-apply and be subject to the same provisions as if the applicant is applying for the first time; and (iii) no portion of this section shall be construed to give applicant a period for use of the right-of-way greater than 12 months without applying for a new permit.

(c) *Make-ready work for collocation.*

(1) For a city-owned pole or structure that does not support an aerial facility used to provide electric service, the applicant seeking to collocate a small cell facility shall provide a make-ready estimate of the costs, at the applicant's expense, for the work necessary to support the facility, including pole replacement, and the applicant shall perform the make-ready work. If pole replacement is required, the scope of the make-ready estimate is limited to the design, fabrication, and installation of a utility pole that is substantially similar in color and composi-

tion. The city shall not condition or restrict the manner in which the applicant obtains, develops, or provides the estimate or conducts the make-ready work subject to usual construction restoration standards for work in the right-of-way. The replaced or altered utility pole shall remain the property of the city.

(2) The city shall not require more make-ready work than is required to meet applicable codes or industry standards.

(3) If the city performs the make-ready work, the fees for make-ready work shall not include costs related to preexisting damage or prior noncompliance. Such fees for make-ready work, including any pole replacement, shall not exceed actual costs or the amount charged to communication service providers other than personal wireless services providers for similar work and shall not include any consultant fee or expense in excess of the actual, reasonable and necessary costs of the consultant.

(4) Fees for make-ready work performed by the city, must be paid to the city, even if they exceed the applicant's estimate, before the wireless facilities may be operational, unless otherwise agreed.

(d) *No warranties.* The city makes no warranties or representations regarding the fitness, suitability, or availability of the city's right-of-way, city-owned structures, and city-owned real property for the facilities or any performance of work, costs incurred, or services provided by applicant is at their sole risk.

(e) *Suspension or revocation of permits.*

(1) a. The director may immediately suspend a permit for work in the right-of-way for one or more of the following reasons or the permission of a wireless provider to make new or additional small cell facilities if: (i) the applicant materially fails to comply with the terms of its franchise, permit or license; (ii) the director believes that the applicant or the wireless communication facility is in violation of this chapter, or other applicable city ordinances, codes or regulations governing placement or maintenance of small cell facilities in rights-of-way; or (iii) the applicant fails to properly relocate or remove facilities as may be lawfully required by the city. Written notice of the alleged violation shall be mailed to the wireless provider and the property owner (if different) by certified mail, return receipt requested. This notice shall identify the reasons why the director believes that a violation as enumerated above has occurred. If the wireless provider fails to cure the violation on or before the 60th day after receipt of the notice, or if it is established that there was misrepresentation or fraud by the applicant in application to the city, the director may revoke the wireless provider's permit. Written notice of revocation will be sent to the wireless provider via certified mail, return receipt requested.

b. An applicant shall immediately begin removal of its small cell facilities after revocation of its permit. Unless the city grants an extension of time, a wireless provider must remove all small cell facilities not later than the 60th day after the effective date of revocation.

c. After revocation of an applicant's permit, the applicant must comply with the terms of this chapter, the wireless provider's franchise, permit, license, or other authority until all small cell facilities are removed.

d. An applicant may appeal the revocation of its permit to the city council. While an appeal is pending, an applicant may continue to use its existing facilities but may not make, change, move, rearrange, construct, or install an additional facility.

(2) Upon receipt of a notice of appeal, the city shall schedule a hearing before the city council, and notify the applicant and any current users of the specific small cell facility occupied by, or proposed to be occupied by, the applicant of the time and date of the hearing by certified mail, return receipt requested, at least ten days before the date of the hearing.

(3) The applicant has the burden of proof to establish that the decision being appealed is incorrect and in the case of a decision requiring discretion or judgment, that the decision is an abuse of discretion. At the hearing, the applicant may be represented by an attorney, present evidence and call witnesses in support of its case.

(4) If the city council determines to uphold the revocation of the permit, the reasons for its action shall be set forth in the written minutes of the meeting.

(5) A decision by the city council to uphold the revocation of the permit may be appealed to the circuit court of Jefferson County. An appeal must be filed with the circuit court clerk and with the city within 21 days of the council's decision.

(f) *Other penalties.* Revocation is separate from any other penalties that may be imposed by the director. A revocation will not preclude the prosecution of any civil or equitable remedy that may be available to the director.
(Ord. No. 20-68, § 12, 5-1-2020)

Sec. 12-3.10-13. Insurance required at all times small cell facilities or equipment are in operation and/or use in right-of-way.

(a) *Coverages and amounts.* Prior to the commencement of any work under this chapter or the installation of any small cell facilities or support structures, the applicant shall provide the city with a certificate(s) of insurance, or self-insurance approved by the director, evidencing that it has obtained and will maintain the following types of insurance, or self-insurance, in connection with its operations on or use of the right-of-way: (i) general liability coverage insuring the risk of claims for damages to persons or property arising from or related to the installation, construction, maintenance, operation or any use of facility or support structure placed on or along the right-of-way by the applicant (or any of their contractors) with minimum limits of $1,000,000.00 per occurrence and $2,000,000.00 in the aggregate, which shall include coverage for bodily injury, broad form property damage (including completed operations coverage), personal injury (including coverage for contractual and employee acts), blanket contractual, independent contractors, products, and completed operations; and (ii) workers compensation insurance as required by statute.

(b) *General liability coverage requirements.* The general liability coverage shall list the city as an additional insured, and may be provided through a combination of a primary and umbrella policies. All insurance policies shall be furnished by insurers who are reasonably acceptable to the city and authorized to transact business in the State of Alabama.

(c) *Confirmation of coverage.* On an annual basis following initial installation, the applicant also shall furnish the city a certificate indicating that the above-noted coverage, or self-insurance, remains and will remain in effect.

(d) *Notice of cancellation.* Upon receipt of notice from its insurer, the applicant will provide the city with 30 days prior written notice of cancellation.

(e) *Replacement coverage.* Within 30 calendar days of suspension, cancellation or non-renewal of coverage, the applicant shall provide a replacement certificate of insurance and applicable endorsements to the city. The city shall have the option to suspend the applicant's performance should there be a lapse in coverage at any time during the permit. Failure to provide insurance shall be a material breach of the applicant's agreement to place small cell facilities on the right-of-way in the city.

(f) *Surety bond may be required by director.* The director or his/her designee(s) may require a surety bond be issued by applicant if it is determined that the construction and placement of the small cell facilities by the applicant would interfere or disturb a sidewalk, street or streetscape, or property belonging to or under the control of the city. The purposes of the bond are to maintain the overall design aesthetics of the area in which the small cell facilities are proposed to be located, which will be reviewed on a case-by-case basis; to provide for the removal of abandoned or improperly maintained facilities, including those that the city determines need to be removed as provided in section 12-3.10-10; or to recoup fees that have not been paid by the applicant, provided that applicant has received at least 60 days' notice of non-compliance from the city with respect to such matters and a reasonably opportunity to cure. "Interfere or disturb" means movement of earth such that the sidewalk or street or streetscape has to be dug up and either replaced or repaired from the work by applicant to bring its small cell facilities and equipment online. If required, the applicant shall obtain and maintain at its sole cost a corporate surety bond securing performance of its obligations and guaranteeing the faithful adherence to the requirements under this chapter. The surety bond must be for:

(1) In the amount not less than $75,000.00;

(2) Issued by a surety company licensed to do business in the State of Alabama;

(3) Under terms and conditions reasonably acceptable to the city attorney; and

(4) Obtained no later than the 30th day following the effective date of any license or franchise agreement consistent with the terms of this chapter. The rights reserved to the city under this bond are in addition to all other rights. No action proceeding or exercise of a right regarding the bond shall affect the city's right to demand full and faithful performance under the franchise or license agreement or limit the applicant's liability for damages.

(Ord. No. 20-68, § 13, 5-1-2020)

Sec. 12-3.10-14. Compliance with laws.

(a) *Compliance with laws.* All small cell facilities and associated support structures shall be installed, erected, maintained and operated in compliance with applicable federal and state laws and regulations, including, but not limited to, regulations of the FCC.

(b) *Engineer's certification.* Following the installation of any small cell facilities and associated support structures, the applicant, upon reasonable request and for good cause, shall furnish the director, or his/her designee(s), a written certification from a licensed professional engineer qualified to practice in the State of Alabama stating that those structures have been inspected and are being maintained, operated and used in compliance with all applicable laws and regulations, including those of the FCC that pertain to the transmission of wireless communication signals. For purposes of this provision, "good cause" shall mean circumstances have arisen that indicate the small cell facilities and associated support structures have been damaged, are not functioning in compliance with applicable laws and regulations, or otherwise pose a hazard to the public. If those support structures should fail at any time to comply with applicable laws and regulations, the applicant, at its expense, shall cause those structures to be brought into compliance with such laws and regulations within 15 days of the date of any written notice to them from the director or his/her designee(s) of noncompliance, or cease all personal wireless service operations related to those structures until the applicant comes into full compliance with such laws and regulations. (Ord. No. 20-68, § 14, 5-1-2020)

Sec. 12-3.10-15. Applicability.

(a) *Amendments.* The city may further amend this chapter as it shall find necessary in the lawful exercise of its police powers and in the management of the rights-of-way. The provisions hereof shall be applicable to all small cell facilities placed in the rights-of-way on or after the effective date of the ordinance adopting or amending these provisions, as applicable. Further, to the full extent permitted by state and federal

law, the provisions hereof shall be applicable to all existing small cell facilities placed in the rights-of-way prior to the effective date of the ordinance adopting or amending these provisions, as applicable, except that any provision of this chapter regarding the design, size, composition, or location of small cell facilities shall not apply to any facilities lawfully placed within any right-of-way prior to the effective date of the ordinance from which such provision is derived.

(b) *Exemptions and non-applicability.* This chapter regulates the placement of small cell facilities (and associated accessory equipment) on or in the immediate vicinity of support structures that are located or proposed to be located on the right-of-way. This chapter does not apply to the placement of such facilities on city-owned property not located within the right-of-way, which placement will be allowed only through a lease or similar agreement with the city. The placement of an antenna(s), facilities or equipment related to the following types of wireless communication services are exempt from regulation under this chapter: (a) amateur radio service that is licensed by the FCC if the facilities related thereto are not used or licensed for any commercial purpose; and (b) facilities used by any federal, state or local government or agency to provide safety or emergency services. Further, the provisions in this chapter are not intended to alter, affect or modify the provisions in title 12, chapter 3.9. "cable communications" and appendix D, article VI, section 18 "wireless communications facilities." No provision in this section or elsewhere in this chapter is intended to permit, regulate or authorize the placement by a wireless provider or applicant of fiber optic lines, coaxial cable, switches, pedestals or networking equipment of any type that is used to transport telecommunication signals, data or messages between support structures or between any other points on the right-of-way. In the event any such wireless provider or applicant desires to place telecommunications equipment or small cell facilities along the right-of-way at points not regulated by this chapter, the city may enter into franchise or similar agreement that authorize, govern and apply to such use of other locations on or along the right-of-way. The applicant for a permit to place small cell facilities and associated support structures on the right-of-way shall pay the following types of fees pursuant to this chapter or its franchise agreement:

(1) A permit application and review fee to be paid when an application is submitted; and

(2) An annual license fee per each small cell facility or support structure on the right-of-way pertaining to the ongoing use of public property.

Further, if a wireless provider has an existing franchise agreement, lease, right-of-way use agreement or other similar agreement with the city that addresses the placement of small cell facilities, support structures, and/or accessory equipment that was in effect prior to the enactment of this chapter ("existing agreement"), the existing agreement shall remain in force for its remaining term (but not for any extension or renewal thereof), and its provisions shall control over any conflicting provisions of this chapter, unless the wireless provider and the city otherwise agree in writing. Thereafter, the wireless provider's small cell facilities, support structures, and/or accessory equipment shall be regulated by this chapter.

(c) (1) This chapter does not apply to any poles, attachments, equipment, facilities, business activities, or structures of an electric utility that is regulated by the Alabama Public Service Commission. This chapter also does not apply to any attachments, equipment, easements, facilities, or business activities of such electric utility's parents, affiliates, or subsidiaries when they are acting in support of the electric utility.

(2) Nothing in this chapter shall affect or alter, or be construed to affect or alter, the terms of any pole attachment agreement entered into between or among a wireless service provider and an electric utility that is regulated by the Alabama Public Service Commission.

(3) When a wireless provider collocates, installs, or mounts a small wireless

facility pursuant to a pole attachment agreement with an electric utility that is regulated by the Alabama Public Service Commission, the applicable sections of this chapter shall apply to the wireless service provider.

(Ord. No. 20-68, § 15, 5-1-2020)

Sec. 12-3.10-16. Enforcement.

Any violation of this chapter will be enforced by the director and any facility or structure located on private property shall be enforced by the city's zoning administrator. Each unauthorized wireless communication facility or use is a separate offense. Each day a violation of this chapter continues is a separate offense. The remedies and penalties set forth herein are nonexclusive and the exercise of one or more of such remedies or penalties shall not preclude the exercise of another. In addition to the other remedies previously set forth herein, violations of the provisions of this chapter shall be enforced, prosecuted and punished in the same manner as set forth in the city code. Additionally, the city may take all necessary civil action to enforce the provisions hereof and may seek appropriate legal or equitable remedies or relief, including injunctive relief. The remedies set forth for in this section are in addition to and cumulative of all other remedies provided by law.

(Ord. No. 20-68, § 16, 5-1-2020)

CHAPTER 4. CEMETERIES*

ARTICLE A. GENERAL PROVISIONS

Sec. 12-4-1. Establishment or enlargement.

It shall be unlawful for any person to establish or enlarge any cemetery within the city otherwise than in conformity with the zoning ordinance, which is set forth in appendix D to this Code, and Code of Ala. 1975, § 22-20-4.

(Code 1964, § 13-1; Code 1980, § 12-4-1)

*__State law references__—Authority of municipalities with regard to cemeteries and burial grounds, Code of Ala. 1975, § 11-47-41 et seq.; location and extension of cemeteries, Code of Ala. 1975, § 22-20-4.

Sec. 12-4-2. Permit to bury, etc.

It shall be unlawful to bury, cremate or otherwise dispose of the body of a deceased human being in the city or to disinter or to remove such a body from the city, or from any place or location to another within the city, without first obtaining a permit from the health officer or from a registrar or other person legally designated for that purpose. Cemetery authorities shall refuse interment, as well as disinterment, for the body of any person in any cemetery within the city, unless such permit has been issued and delivered to them.

(Code 1964, § 13-2; Code 1980, § 12-4-2)

Sec. 12-4-3. Burials to be in cemetery.

It shall be unlawful to bury or inter the body of a human being on or about any lot, place or premises in the city, except in a cemetery or public burial ground duly established and maintained for that purpose.

(Code 1964, § 13-3; Code 1980, § 12-4-3)

Sec. 12-4-4. Depth of graves.

It shall be unlawful to bury or inter the body of a human being in a grave or other excavation in the city which is less than 4½ feet in depth, except graves for infants, which may be four feet deep. Every body or casket containing the same shall be covered with soil to a depth of not less than two feet below the natural level of the surface of the surrounding ground at the edges of the excavation.

(Code 1964, § 13-4; Code 1980, § 12-4-4)

Sec. 12-4-5. Use of streets.

The streets in cemeteries in the city are not public thoroughfares, and it shall be unlawful for any person to use any of these streets as a public thoroughfare for passage through any cemetery. It shall also be unlawful for any person to use any such street except in attendance on funerals, memorial occasions, visits to graves or cemetery lots and other similar uses and purposes.

(Code 1964, § 13-5; Code 1980, § 12-4-5)

Sec. 12-4-6. Entrance and exit at gates only.

It shall be unlawful for any person to climb over, go through or under any wall, fence, hedge or similar barrier enclosing any lawfully-established cemetery in the city, or to enter or leave the same at any place, except at a regularly established gateway or entrance.
(Code 1964, § 13-6; Code 1980, § 12-4-6)

Sec. 12-4-7. Shooting.

It shall be unlawful for any person to shoot in or through any cemetery, except in honor of the dead.
(Code 1964, § 13-9; Code 1980, § 12-4-7)

Sec. 12-4-8. Rules and regulations.

The following rules and regulations shall govern the conduct and management of cemeteries in the city:

(1) *Notice of interment.* Notice to the sexton or superintendent of an interment shall be accompanied by directions as to the lot, and the particular spot on the lot where the grave is to be opened, and this notice shall be presented eight working hours before the interment.

(2) *Monument foundations.* All monument foundations shall be placed on solid masonry or concrete. All such foundation work shall be under the control and direction of the sexton or superintendent.

(3) *Work orders.* No person shall erect any monument or do any work in any cemetery without presenting a written order from the lot owner to the sexton or superintendent.

(4) *Removal of earth or rubbish.* All earth or rubbish accumulated by proprietors of lots or their workmen shall be by them removed from any cemetery as soon as pos-

sible; otherwise, it will be done by the sexton or superintendent at the expense of the lot owner.

(5) *Cultivation of trees, shrubs and plants.* The proprietor of each lot in any cemetery shall have the right to cultivate trees, shrubs and plants in the same, except as prohibited in this chapter or as may be prohibited or regulated by the established rules and regulations of the governing body of the cemetery.

(6) *Removal of trees or shrubs.* If any trees or shrubs situated in any lot shall, by means of their roots, branches or otherwise, become detrimental to the adjacent lots or avenues, or dangerous, unsightly, diseased or inconvenient to passengers, the cemetery authorities shall have the right, at their option, to enter such lot and remove such trees or shrubs or any part thereof that may be necessary, but no removals shall be made except by consent of the governing body of the cemetery.

(7) *Removal of monuments or other structures.* If any monument, effigy or enclosure or any structure placed in or upon any lot in any cemetery shall be offensive or improper or become unsightly or unsafe, the sexton or superintendent shall have the right to enter upon such lot and remove such object.

(8) *Fences, walls or curbs around lots.* It shall be unlawful for any lot owner to erect any fence, wall or curb around any lot. Any fence, wall or curb erected in violation of this rule shall be removed.

(9) *Burial permit.* It shall be the duty of the family or friends of any person about to be buried in any cemetery to furnish a proper burial permit and give the place of birth, age, residence at the time of death, sex, color, date of death and cause of death of such person as far as known.

(10) *Fences or steps extending into streets or walks.* It shall be unlawful for any person to cause, permit or suffer the erection of any brick wall, iron fence or steps around or leading to any private lot in any cemetery of the city, which wall, fence or steps extend into the streets or walks of such cemetery.

(11) *Dogs.* It shall be unlawful for any person to have or carry any dog into the enclosure of any cemetery, and it shall be the duty of the sexton or superintendent of the cemetery to take up and confine all dogs found therein, and deliver the same to the city pound to be dealt with as is provided for by law in the case of dogs running at large.

(12) *Driving or riding on walks.* It shall be unlawful for any person to drive any vehicle, horse or other animal on any of the walks in any cemetery.

(13) *Riding animals faster than at a walk.* It shall be unlawful for any person to drive any horse, mule or other animal faster than a walk within the enclosure of any cemetery.

(14) *Unattended or unhitched animals.* It shall be unlawful for any person to leave unattended or unhitched any horse, mule or other animal in any cemetery.

(15) *Removal of weeds or trash by sexton.* The sexton, or any person under his or her direction, or any person under direction of the city council, shall have the right to go to any lot and cut down and remove any and all weeds, underbrush, trash, etc., or to proceed in any other manner as deemed fit to put such lot in good condition and to render the same sightly.

(Code 1964, § 13-11; Code 1980, § 12-4-8)

Secs. 12-4-9—12-4-20. Reserved.

ARTICLE B. OAK HILL CEMETERY

Sec. 12-4-21. Public cemetery.

The parcel of land now used as a cemetery in the city and which has heretofore been estab-

lished and known as Oak Hill Cemetery, is a public burying ground, subject to the rules and regulations set forth in this chapter.
(Code 1964, § 13-12; Code 1980, § 12-4-21)

Sec. 12-4-22. Oak Hill Memorial Association—Control, etc., of cemetery.

The Oak Hill Memorial Association shall have the right, perpetually, to beautify, care for, improve, manage, control and adopt reasonable rules and regulations for the care, protection and maintenance of Oak Hill Cemetery.
(Code 1964, § 13-13; Code 1980, § 12-4-22)

Sec. 12-4-23. Same—Privileges.

The Oak Hill Memorial Association shall have the right to dig graves, construct vaults and do all work which is done in Oak Hill Cemetery, and to collect therefor such compensation as is or may be fixed by the code of rules and regulations of the association. Such association shall also have the right to charge and collect fair and reasonable compensation for all work not covered by the schedule of fees set out in such rules and regulations, all such charges to constitute a lien against the lots on which the work has been done, and the association may refuse to allow interment to be made in such lots until past due claims or liens thereon have been paid.
(Code 1964, § 13-14; Code 1980, § 12-4-23)

Sec. 12-4-24. Code of rules and regulations.

(a) The code of rules and regulations of the Oak Hill Cemetery prepared and proposed by the board of trustees of the Oak Hill Memorial Association and identified by the certificate of the secretary and treasurer of such association, dated July 22, 1939, is adopted as the code of rules and regulations of Oak Hill Cemetery of the city.

(b) The original of the code of rules and regulations of Oak Hill Cemetery shall be certified by the city clerk to be such original and to have been adopted, and such original shall be filed with and kept by the city clerk and shall be open to the inspection of the public.

(c) The secretary and treasurer of the Oak Hill Memorial Association shall keep posted in the office of such association a copy of the code of rules and regulations of Oak Hill Cemetery and shall also keep in such office a sufficient number of copies for inspection by the public and for distribution.
(Code 1964, §§ 13-15—13-17; Code 1980, § 12-4-24)

Sec. 12-4-25. Receipts and disbursements by association.

For the purpose of receiving and expending the money which the Oak Hill Memorial Association is authorized to receive from the city, directly and indirectly, the association shall be the agent of the city and shall make quarterly reports in writing to the council of all sums received by it from the city and also the manner and the purposes for which the money was expended, and all of the money so received shall be expended by the association in the improvement, maintenance and upkeep of Oak Hill Cemetery, except the pauper section thereof.
(Code 1964, § 13-18; Code 1980, § 12-4-25)

Sec. 12-4-26. Permanent improvements.

Any part of the money regularly received by the Oak Hill Memorial Association from the city may be expended in making permanent improvements in Oak Hill Cemetery, provided the current annual expense and upkeep of the cemetery shall have been provided for.
(Code 1964, § 13-19; Code 1980, § 12-4-26)

Sec. 12-4-27. Perpetual care fund.

There shall be maintained a perpetual care fund of such amount as will enable the Oak Hill Memorial Association perpetually to care for, improve, beautify and maintain Oak Hill Cemetery in good condition, without other or further expenditures by the city than those provided for by contract. The principal of all money received by the association for the perpetual care of lots shall be invested, held and managed as a trust fund and only the income therefrom shall be used by the association.
(Code 1964, § 13-20; Code 1980, § 12-4-27)

Sec. 12-4-28. City's right to take charge of cemetery.

If the Oak Hill Memorial Association should at any time fail or neglect to keep the cemetery in good condition, the city shall have the right to take back the management of the Oak Hill Cemetery, in which event the city shall have the right, by application to a court having jurisdiction, to have the association removed as trustee of the trust funds in its custody, and to have a responsible bonded corporation appointed as trustee to take charge of the trust fund in the custody of the association. The trust fund shall then be invested, managed and controlled by such trustee, and the income therefrom shall be paid over for the perpetual care of lots in Oak Hill Cemetery.
(Code 1964, § 13-21; Code 1980, § 12-4-28)

Sec. 12-4-29. Sufficient employees and implements to be provided; sexton.

The Oak Hill Memorial Association shall provide sufficient employees, implements, etc., to improve, care for and beautify the cemetery and keep the same in good condition and shall keep at Oak Hill Cemetery a superintendent or sexton, with a force sufficient to provide for the digging of graves and for the interment of remains in the cemeteries by parties rightly entitled to have burials made in such cemetery. The employees shall perform the duties usual or customary in cemeteries pertaining to the interment of remains.
(Code 1964, § 13-22; Code 1980, § 12-4-29)

Sec. 12-4-30. Powers of city.

The city shall have the right at all times to visit and inspect Oak Hill Cemetery, and to inspect all books, papers and vouchers of the Oak Hill Memorial Association, pertaining in any manner to its management of the cemetery, and shall have the right to annul all agreements if the amount appropriated by the city is not used properly and in accordance with agreed terms.
(Code 1964, § 13-23; Code 1980, § 12-4-30)

Sec. 12-4-31. Entrances to Oak Hill Cemetery.

The driveway and footway gates on 19th Street, opposite the end of Huntsville Avenue, as now located, are the established and only established entrances into Oak Hill Cemetery.
(Code 1964, § 13-24; Code 1980, § 12-4-31)

Special event means any parade, festival, display or occurrence other than a demonstration or run, held for the purpose of amusement, education or entertainment of the participants or the public or to aid an organization or commemorate an event or occasion; but specifically precluding those events held for the primary purpose of promoting a commercial product which is prohibited hereunder.

(Code 1980, § 12-5-21; Ord. No. 86-278, 12-30-1986; Ord. No. 89-103, § 1, 6-6-1989; Ord. No. 95-23, 1-24-1995; Ord. No. 04-99, § 1(12-5-21), 9-14-2004)

Sec. 12-5-22. Permit required.

(a) It shall be unlawful for any person to organize or hold, assist in organizing or holding or to take part or participate in any nonprofit or charitable demonstration, special event or race on:

(1) The streets or other public ways of the city used for vehicular traffic unless a permit therefor has been obtained from the city traffic engineer or his or her designated representative;

(2) City-owned property as defined herein, unless a permit therefor has been obtained from the city traffic engineer or the director of park and recreation or designated representative, as applicable;

(3) Any other property, not owned by the state or federal government, within the city limits unless a permit therefor has been obtained from the city traffic engineer or his or her designated representative; or

(4) Public sidewalks or other public ways unless a permit therefor has been obtained from the city traffic engineer or his or her designated representative; provided, however, that no permit shall be required for a demonstration, as defined herein, wherein there is not more than one demonstrator per ten linear feet in front of any single business or public facility at any one time and that such demonstration shall be spaced in such a manner so as not to obstruct the ingress and egress to such business or facility, not to obstruct passage along such sidewalk, or congregate in numbers greater than three, around any persons entering or leaving, such business or facility.

Nothing in this section shall be construed as allowing physical or verbal harassment of any persons or violation of any municipal, state or federal ordinance, statute or law. A maximum of six persons shall be allowed to demonstrate in front of any single business or public facility regardless of the linear feet frontage.

(b) It shall be unlawful for any person for-profit or from which income is anticipated to be derived or from which income or a thing of value is a purpose;

(1) To organize or hold, assist in organizing or holding, or to take part or participate in any special event held for the purposes of amusement, education or entertainment of the participants or the public or to publicize; or,

(2) To aid in organization of or to commemorate an event or occasion held for the purposes of amusement, education or entertainment of the participants or the public or to aid publicizing same; and

(3) To which tickets, donations, or invitations are issued and for which an admission, donation, or collection of any item of value is required of any of the participants or members of the public as a condition of participation or, attendance without a permit for such special event or race having been obtained as provided hereunder.

(c) It shall be unlawful to use any street, public way or other public property for such nonprofit or charitable or for-profit demonstration, special event or race other than those streets, public ways or public property, city-owned property or other property set out in the permit; and it shall be unlawful to conduct such nonprofit or charitable demonstration, special event or race other than on the date and during the times as set forth in the permit.

(d) No permit shall be required for gatherings of less than 5,000 persons at a private residence or other property.

(e) It shall be unlawful to conduct any nonprofit or charitable or for-profit demonstration, special event or race at which any sound amplification system is used without a permit for such demonstration, special event or race having been obtained as provided hereunder.
(Code 1980, § 12-5-22; Ord. No. 86-278, 12-30-1986; Ord. No. 89-103, § 1, 6-6-1989; Ord. No. 95-23, 1-24-1995; Ord. No. 04-99, § 1(12-5-22), 9-14-2004)

Sec. 12-5-23. Application for permit for nonprofit or charitable demonstration, special event or race.

(a) To secure a permit required by this article, for nonprofit or charitable demonstrations, special events or races conducted on streets or other public ways, written application shall be made to the city traffic engineer on forms provided by the traffic engineering department, setting forth:

(1) The name, address and telephone number of the responsible person or entity seeking to conduct such nonprofit or charitable demonstration, special event or race;

(2) The date and time when it is to be conducted;

(3) The probable number of persons, vehicles and animals which will be involved;

(4) The purpose for which it is to be held;

(5) The streets or other public ways or areas over, along or in which it is desired to be held;

(6) Whether any sound amplification system will be used during the event and the manner and the purpose of the amplification; and

(7) The name, address and telephone number of the individual responsible in the case that a policing, fire safety, EMS or other emergency should arise.

(b) To secure a permit required by this article for nonprofit or charitable demonstrations, special events or races conducted on city-owned property or other property located within the city limits, written application shall be made to the city traffic engineer on forms provided by the traffic engineering department setting forth:

(1) The name, address and telephone number of the responsible person or entity seeking to conduct such nonprofit or charitable demonstration, special event or race in the case a policing, fire safety, EMS or other emergency arises;

(2) The date and time when it is to be conducted;

(3) The probable number of persons involved;

(4) The purpose for which it is to be held;

(5) Whether any sound amplification system will be used during the event and the manner and the purpose of the amplification; and

(6) The name, address and telephone number of the individual responsible in the case that a policing, fire, safety, EMS or other emergency should arise.

For any such event to be held on city-owned property operated, managed or administered by the park and recreation board, application shall be made to the director of the park and recreation board or designated representative.

(c) Each application shall have the written procedures of the applicable department for nonprofit or charitable demonstrations, special events and races attached thereto. The nonprofit or charitable demonstration shall have an emergency plan for policing, fire safety and EMS personnel filed with the application before approval may be granted.

(Code 1980, § 12-5-23; Ord. No. 86-278, 12-30-1986; Ord. No. 95-23, 1-24-1995; Ord. No. 04-99, § 1(12-5-23), 9-14-2004)

Sec. 12-5-23.1. Application for permit for special event or race for-profit.

(a) To secure a permit required by this article for a special event or race for-profit conducted on streets or public ways, city-owned property or other property within the city, a written application shall be made to the city traffic engineer on forms provided by that department, setting forth:

(1) The name, address or entity seeking to conduct such special event or race;

(Code 1980, § 12-5-24; Ord. No. 86-278, 12-30-1986; Ord. No. 95-23, 1-24-1995; Ord. No. 98-140, § I, 8-18-1998; Ord. No. 00-145, § I, 9-5-2000; Ord. No. 04-99, § 1(12-5-24), 9-14-2004)

Sec. 12-5-25. Grant of permit; denial or modification of permit; appeal.

(a) *Granting of permit for nonprofit or charitable demonstration, special event or race.*

(1) Upon the filing of an application as provided in this article and the payment of fees required and in accordance with the written procedures of the traffic engineering department, the city traffic engineer or designated representative shall grant a written permit for functions conducted on the streets and other public ways and may, in consideration of safety, health, and welfare of the general public in the use of the streets and other public ways, prescribe the streets or other public ways which may be used for such event, as provided hereinbelow.

(2) Upon the filing of an application and the payment of fees required as provided in this article and in accordance with the written procedures of the city traffic engineer or his or her designee, for functions conducted on city-owned property or other property located within the city limits or the director of park and recreation board for city-owned property operated, managed and administered by the park and recreation board, the said director or designated representative, as applicable, shall grant a written permit in accordance with the written procedures of that department or board in consideration for the safety, health and welfare of the general public in the use of city-owned property and may prescribe the street, other public way or city-owned property which may be used for such event, as provided hereinbelow.

(b) *Granting of permit for for-profit special event or race.* Upon the filing of the written procedures of the traffic engineering department, or director of park and recreation when applicable, or designated representative, shall grant a written permit for a for-profit special event or race or functions conducted upon street or public ways, on city-owned property or other property located within the city limits, and may inconsideration of safety, health, and welfare of the general public in the use of street, public ways or city-owned property therein, and prescribe the street, other public ways, city-owned property or other property which may be used for such event, as provided hereinbelow.

(c) *Denial or modification.*

(1) During times of great public crisis, where, because of natural or other disaster, epidemic disease, rioting, violent civil disorder, or threatened imminent lawless action constituting a substantial and present danger to the lives, safety, health and welfare of the citizens of the city, public safety officials of the city cannot maintain public order or afford adequate protection for the lives, safety, health, welfare or property of the general public in or near the area in which any demonstration, special event or race is proposed, or within the city in general, the traffic engineer, the director of park and recreation, police chief, or the fire chief may deny such permit, or may modify, alter or restrict the route of the demonstration, special event or race in a manner which will enable public safety officials to adequately protect the lives, safety, health, welfare or property of the general public. In no instance shall a permit be denied based solely on the subject matter of the demonstration.

(2) The city traffic engineer, the director of park and recreation board when applicable, or designated representative may deny a permit, or modify, alter or restrict the location, route or time of the demonstration, special event or race, if, prior to making application, a permit has previously been applied for and granted for another demonstration, special event or race at substantially the same time and/or location, or if the number or size of scheduled events would cause the city to be, by reason thereof, without sufficient police manpower, fire safety, or paramedical personnel to adequately protect the lives, safety, health, welfare or property of the general public.

(3) Any denial or relocation, and the reasons therefor, shall be issued in writing to the applicant at the earlier of the following:

a. Ten days after the application is submitted; or

b. 48 hours prior to the time requested for a demonstration, seven days prior to the time requested for a special event, or 25 days prior to the time requested for a race.

(d) *Appeal.* If the person organizing or holding a demonstration, special event or race shall be denied a permit for any of the reasons cited in this article, or the written procedures of the traffic engineering department or the park and recreation board, the person or entity shall have an appeal to the presiding judge of municipal court, or in his or her absence, another municipal judge provided such appeal as follows:

(1) In an appeal of a nonprofit demonstration:

a. Notice of appeal must be in writing;

b. Must be filed with the municipal court clerk for the city at least 36 hours prior to the time requested for a nonprofit demonstration.

(2) In an appeal of a nonprofit special event or race:

a. Notice of appeal must be in writing;

b. Must be filed with the municipal court clerk for the city at least five working days prior to the time requested for the special event, or 20 working days prior to the time requested for a race.

(3) In an appeal of a for-profit special event or race:

a. Notice must be in writing;

b. Must be filed with the municipal court clerk for the city at least five days working prior to the time requested for the special event, or 20 working days prior to the time requested for a race.

(4) On receiving the appeal the municipal judge shall within 24 hours hold a hearing on the appeal and render an opinion.

Sec. 12-5-26. Funeral procession.

The provisions of this article shall not be construed to apply to vehicular funeral processions.
(Code 1980, § 12-5-26; Ord. No. 86-278, 12-30-1986; Ord. No. 89-103, § 1, 6-6-1989)

Sec. 12-5-27. Waiver of liability.

(a) The person organizing or holding a race shall obtain a written waiver of liability from each participant releasing the city, its agents, servants and employees, from any liability arising out of said participation. This release may be contained in a general release on the application form for the race.

(b) The person organizing or holding a special event or race shall, prior to the granting of the permit, provide to the city a hold-harmless agreement.

(c) The person organizing or holding any special event or race for-profit must obtain and file with the application a certificate of insurance in an amount sufficient to insure against any liability for physical injury or property damage arising from or in association with the special event or race and listing the city as a named insured.
(Code 1980, § 12-5-27; Ord. No. 86-278, 12-30-1986; Ord. No. 95-23, 1-24-1995)

Sec. 12-5-28. Demonstrations at the city jail.

(a) It shall be unlawful for more than ten persons to participate in any demonstration within the curtilage of the city jail as defined in section 9-2-7. The curtilage shall include the area surrounding the jail, up to and abutting those public sidewalks surrounding the jail, and shall include those parking areas, sidewalks and other public spaces established to serve the jail facilities.

(b) The chief of police, if he or she reasonably believes a threat to the security of the city jail is present, may order any such demonstrators to move or disperse; and it shall be unlawful to refuse to obey such order.
(Code 1980, § 12-5-28; Ord. No. 89-103, § 1, 6-6-1989)

Sec. 12-5-29. Residential picketing prohibited.

No person, firm or corporation shall engage in picketing or any similar or related activity before or about the residence or dwelling of any individual in the city or its police jurisdiction.
(Code 1980, § 12-5-29; Ord. No. 89-192, 8-1-1989)

Sec. 12-5-30. Minimum policing and paramedical personnel for attendance of 15,000 or more persons.

(a) The application must include a plan for policing, paramedical and fire safety plan for a special event or race on the street or public ways of the city, upon city-owned property or other property within the city limits in which the anticipated attendance or participation by the public and the capacity of the facility to be used or area set apart for the special event or race exceeds 15,000 persons which provides for on-site EMS personnel. The fire and rescue service for the city shall be the sole source for providing on-site EMS personnel at any special event or race under this section. The promoter shall pay the cost for additional policing, fire safety and/or paramedical personnel which will be provided by the city pursuant to the current fee schedule and/or the guidelines for mass gatherings which shall be posted in the office of the city clerk and in each appropriate department.

(b) Where the fire chief determines that the gathering of persons in places, other than assembly occupancy and educational occupancy, at special events or races within the city limits presents unusual and significant impact on public safety or fire safety, the fire chief shall have the authority to require on-site EMS personnel. All costs for any services and supplies provided under this section shall be paid to the city, except as otherwise provided in section 12-5-25.
(Code 1980, § 12-5-30; Ord. No. 95-23, 1-24-1995)

ARTICLE C. STATE OF EMERGENCY

Sec. 12-5-31. State of emergency; curfew authorized.

(a) A state of emergency shall be deemed to exist whenever, during times of great public crisis caused by disaster, rioting, civil disorder, catastrophe, or similar public emergency, for any reason, municipal public safety authorities are unable to maintain public order or afford adequate protection for lives and property.

(b) In the event of an existing or threatened state of emergency endangering the lives, safety, health and welfare of the people within the city, or threatening damage to or destruction of property, the mayor of the city is hereby authorized and empowered to issue public proclamation declaring to all persons the existence of such a state of emergency, and, in order to more effectively protect the lives and property of people within the city, to place in effect any or all of the restrictions hereinafter authorized.

(c) During the existence of a proclaimed state of emergency, the mayor may impose by proclamation any or all of the following restrictions:

(1) Prohibit or regulate the possession off one's own premises of explosives, firearms, ammunition, or dangerous weapons of any kind, and prohibit the purchase, sale, transfer or other disposition thereof;

(2) Prohibit or regulate the buying or selling of beer, wine, or intoxicating beverages of any kind, and their possession or consumption off one's own premises;

(3) Prohibit or regulate any demonstration, parade, march, vigil, or participation therein from taking place on any of the public ways or upon any public property;

(4) Prohibit or regulate the sale of gasoline, kerosene, naphtha, or any other explosives or inflammable fluids or substances;

(5) Prohibit or regulate travel upon any public street, alley, or roadway or upon any other public property, except by those in search of medical assistance, food, or other commodity or service necessary to sustain the well-being of themselves or their families or some member thereof;

(6) Prohibit or regulate the participation in or carrying on of any business activity, and prohibit or regulate the keeping open of places of business, places of entertainment, and any other places of public assembly.

(d) The mayor is hereby authorized and empowered to limit by the proclamation the application of all or any part of such restrictions to any area specifically designated or described within the corporate limits of the city and to specific hours of the day or night; and to exempt from all or any part of such restrictions law enforcement officers, firefighters and other public employees; doctors, nurses, employees of hospitals and other medical facilities; on-duty military personnel whether state or federal; on-duty employees of public utilities, public transportation companies, and newspaper, magazine, radio broadcasting, and television broadcasting corporations; and such other classes of persons as may be essential to the preservation of public order and immediately necessary to serve the safety, health, and welfare needs of the citizens of the city.

(e) Any proclamation may be extended, altered, or repealed in any particular during the continued or threatened existence of a state of emergency by the issuance of a subsequent proclamation.

(f) The mayor shall proclaim the end of such state of emergency or all or any part of the restrictions imposed as soon as circumstances warrant or when directed to do so by the council of the city.

(g) During the existence of a proclaimed state of emergency, it shall be unlawful for any person to violate any provisions of any restriction imposed by any proclamation authorized by this section. (Code 1964, art. III, ch. 14; Code 1980, § 12-5-31; Ord. No. 79-135, 8-21-1979)

ARTICLE D. LARGE GROUP CHARITABLE FOOD SERVICES

Sec. 12-5-32. Purpose.

The general purpose of this article is to authorize the use of the city's public rights-of-way and city-owned property for charitable food service events by creating a permitting process that includes reasonable guidelines and regulations that promote the health, safety, comfort, convenience, prosperity, and general welfare of the citizens of Birmingham; and to regulate the flow of pedestrian and vehicular traffic; and to encourage the safe, convenient and sanitary use of the city's public rights-of-way and city-owned property.
(Ord. No. 14-113, § 1, 8-8-2014)

Sec. 12-5-33. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

"Applicant" means any person or business that applies for a permit or renews a permit under the provisions of this article.

"Charitable food services" means providing food without charge, payment or other compensation to benefit large groups of people at an outdoor location not owned, leased or controlled by the individual or organization providing the food. Charitable food services shall not be conducted when an admission, donation or collection of any item of value is required of any of the participants or members of the public as a condition of participation or attendance.

"Charitable food site" is an area designated by the Traffic Engineer for the specific operation of charitable food service events within the public rights-of-way or city-owned property.

"Charitable food service event" means each instance in which charitable food services are provided by the permittee within the public rights-of-way or on city-owned property that are intended to attract, attracting, or likely to attract 25 or more people, including distributors and servers.

"City-owned property" means property owned by the city, including any property which is operated, managed or administered by the park and recreation board of the city, (not limited to, the following) public buildings, developed parking decks, plazas, piazzas and parking areas under bridges and overpasses.

"Health department" shall mean a county health department. Such term shall be construed to include the Jefferson County Health Department and any officer or agent of a department authorized to act for and on behalf of the department.

"Permit or charitable food service permit" means a written authorization issued by the traffic engineer to conduct a charitable food service event within the public rights-of-way of the City of Birmingham or city-owned property.

"Permittee" a person has been granted a permit by the traffic engineer to conduct charitable food service events within the rights-of-way of the city or on city-owned property.

"Person" means any natural person, firm, partnership, association, charitable organization or corporation. Whenever the word "person" is used in any section in this article prescribing a penalty or fine as applied to a partnership or association, the word shall include the partners or members thereof; such word as applied to corporations shall include the officers, agents, or employees thereof who are responsible for any violation of such section.
(Ord. No. 14-113, § 1, 8-8-2014)

Sec. 12-5-34. Use of the rights-of-way or city-owned property without a permit is prohibited.

The use of the City rights-of-way or city-owned property to conduct a charitable food service event without a permit is prohibited, except for activities of a volunteer emergency first responders or governmental agency, including, but not limited to the Red Cross, FEMA, and similar organizations within the scope of its governmental authority, or by declarations of a

state of emergency by the Governor or Mayor, unless specifically permitted to do so by a permit or approval issued pursuant to this Chapter.

1) It shall be unlawful for any person to hold any charitable food service event within the public rights-of-way or on city-owned property without a permit issued by the City's Traffic Engineer or his/her designee.

2) Written approval by the Director of the Park and Recreation Board or his/her designated representative shall be required for any charitable food service event to be held on city-owned property operated, managed or administered by the park and recreation board.

(3) Unless another location is approved by the traffic engineer, charitable food service events shall be allowed only at the following locations:

Weekdays and Weekends: Open lot on NW corner of 16th Street N and 7th Avenue N (700 16th Street N).

Weekdays only: North side of Park Place, first parking space east of 20th Street N (Parking Meter #38).
North side of Park Place, first parking space west of 20th Street N (Parking Meter #37).

Weekends only: Municipal Court Parking Lot: NE corner of 17th Street N and Rev. Abraham Woods Jr. Blvd. N (801 17th Street N).
City Hall Parking Lot: SW corner of 19th Street N and Rev. Abraham Woods Jr. Blvd. N (718 19th Street N).

(Ord. No. 14-113, § 1, 8-8-2014)

Sec. 12-5-35. Term of permit.

A large group feeding permit shall be valid for six months from the date of issuance.
(Ord. No. 14-113, § 1, 8-8-2014)

Sec. 12-5-36. Application for large group feeding for charitable food services.

(1) To secure a permit, written application shall be made to the city traffic engineer on forms provided by the traffic engineering department, setting forth:

(a) The name, address and telephone number of the person seeking to conduct such or charitable food service event and of the primary contact person;

(b) The name, address and telephone number of the individual responsible in case a policing, fire safety, E.M.S., or other emergency should arise.

(2) A signed statement that the applicant shall hold harmless the city and its officers and employees, and shall indemnify the city, its officers, employees and agents for any claims for damage to property or injury to persons which may be occasioned by any activity carried on under the terms of the permit.

(3) An application must be submitted to the city traffic engineer a minimum of seven days prior to the event.
(Ord. No. 14-113, § 1, 8-8-2014)

Sec. 12-5-37. Appeal procedure.

Any applicant shall have the right to appeal the denial, revocation or suspension of a permit by appealing the decision to the city council. The appeal to city council shall be taken by the applicant within five days after receipt of the notice of denial by filing a written notice with the city clerk with a copy to the traffic engineer. The city council shall consider the appeal at the next regularly scheduled meeting following receipt by the city clerk of the notice of appeal.
(Ord. No. 14-113, § 1, 8-8-2014)

Sec. 12-5-38. Reserving a charitable food site.

A permit number shall be required to reserve a charitable food site online at informationbirmingham.gov. A maximum of two permittees shall be authorized to conduct charitable food service events, per authorized location, during

the available time slots. The permit shall be subject to additional imitations on hours and days of operation that the city determines are appropriate to prevent conflict with special events. The traffic engineer may designate alternate locations to prevent conflicts with special events. (Ord. No. 14-113, § 1, 8-8-2014)

Sec. 12-5-39. General rules and regulations.

(1) No persons conducting a charitable food service event on private property shall be permitted to operate in the following manner:

(a) The charitable food service event may not obstruct the use of any street intersection or pedestrian crosswalk.

(b) The charitable food service event shall not impede or obstruct the ingress or egress to the driveway of adjoining owner's.

(c) The charitable food service event shall not obstruct pedestrian traffic on the public rights-of-way.

(d) The charitable food service event shall not impede or obstruct the ingress or egress of any building on adjoining property.

(e) Amplified sound or sound equipment must comply with the City of Birmingham Noise Ordinance (§ 11-8-21 et seq. of the General Code of the City of Birmingham, 1980, as now or hereafter amended.)

(f) Any and all signage must be contained on the private property. At no time shall any signage be placed within the public rights-of-way.

(2) The permit shall be subject to additional limitations on hours and days of operation that the city determines are appropriate to prevent conflict with special events. Examples of special events include, but are not limited to, construction, parades, sponsored marathons and blocked streets to allow licensed events.

(3) No charitable food service event shall cause congestion that impedes pedestrian or vehicle traffic or interfere with the city or public's use of any public rights-of-ways. This shall include but is not limited to activity of customer queues, table, chairs and other accessories, or signage that in any way impedes or impairs access to adjacent parking, pedestrian or vehicle traffic.

(4) No permittee shall provide charitable food service to occupants of vehicles in the public rights-of-way.

(5) Charitable food service event equipment shall not be left unattended or stored at any time on the charitable food site when a charitable food service event is not taking place.

(6) Any power required for the permittee located on a public right-of-way shall be self-contained. The permittee shall not draw its power from utilities location in the public rights-of-way. No power cable or equipment shall be extended at grade or overhead across any public street, alley or sidewalk.

(7) The permittee shall comply with all applicable laws including but not limited to the Americans with Disabilities Act.

(8) Any charitable food service being provided from a mobile food vehicle in the right-of-way shall only occur from the side of a food vehicle that is parked facing the curb.

(9) No permittee shall have a drive-through service within the right-of-way.

(10) A permittee operating at any unauthorized location or beyond the hours for which the operation has been permitted shall be deemed operating without a permit in violation of this section and may be subject to enforcement.

(11) The city council shall, in the best interest of the city, have the authority to reduce the size and/or location of a charitable food site at a later date, when doing so is necessary to protect the public health and safety.

(12) The permittee shall not dump or allow the dumping of grease or other food service equipment on any street, sidewalk, right-of-way, streetscape or landscape area.

(13) Permittee shall cooperate with the traffic engineer in the scheduling and siting of food service events, with the goal of maximizing the benefit of such charitable food services to the needy.

(14) It is unlawful to fail to produce and display the charitable food service permit during or after a charitable food service event, while still on site, to a law enforcement officer upon demand. It is an affirmative defense to this violation if the offender can later produce, to the city prosecutor or the court, a charitable food service permit issued to the offender, which was valid at the time of the event.

(15) Permittee agrees to provide adequate personnel, trash receptacles, and trash containment and removal measures to contain all trash, refuse, and litter on the charitable food site during a charitable food service event. Permittee shall be responsible for cleaning of the charitable service site and all areas affected by the assembly at the charitable service event, including all parks, closed streets, sidewalks, rights-of-way, hardscape and landscape areas, and to remove all trash, refuse, litter and unused foods from the charitable food site at the conclusion of the food service event within a reasonable time not to exceed three hours of the end of the event, unless such time period is modified by the traffic engineer.

(Ord. No. 14-113, § 1, 8-8-2014)

Sec. 12-5-40. Enforcement.

(1) Enforcement. The provisions of this article or any rules and regulations shall be enforceable by the Birmingham Police Department and the traffic engineering department.

(2) Fine for violation. Any permittee in violation of any provision of this article shall be subject to a fine of up to $500.00 per violation. Each violation shall constitute a separate and distinct offense. Each day shall be considered a separate offense.

(3) Any permit holder charged with a violation of any section of this article, may be issued a summons or citation.

(Ord. No. 14-113, § 1, 8-8-2014)

Sec. 12-5-41. Revocation of permit.

(1) The city council may revoke a charitable food service permit granted to any person found in violation of any provisions of this article.

(2) The city council shall set a time for a public hearing on the matter of the revocation of any permit issued pursuant to this article, and notice of the date and time of such hearing will be given to the permittee in writing by the city clerk not less than seven days prior to such hearing. Such notice shall state the reason for the hearing and shall advise the permittee that he may appear in person and/or by attorney and that he may present his position, arguments and contentions in writing and/or orally, and that he may present evidence in his behalf and examine witnesses appearing for and against him. The city council shall receive any relevant evidence and hear any relevant testimony on the matter of revocation prior to making its decision on such matter.

(3) The permittee or any of its principals fails to satisfy any qualification or requirement imposed by this article, or other local, state or federal laws or regulations that pertain to the particular permit; or

(4) The permittee or any of its principals has been convicted of a crime as a result of having perpetrated deceptive practices upon the public within the last ten years; or

(5) The application contains material omissions or false, fraudulent, or deceptive statements; or

(6) The charitable food service event is operated in such a manner as constituting a public nuisance per the Birmingham City Code or state statutes; or

(7) The permittee or his agents or employees interfere with an inspection of the permittee by a health department inspector.

The provisions of this article are not exclusive. This article shall not preclude the enforcement of any other provisions of local, state and federal laws and regulation, including those imposed by a county health department to protect against health hazards related to charitable food service events.
(Ord. No. 14-113, § 1, 8-8-2014)

CHAPTER 6. DETECTIVE AGENCIES*

Sec. 12-6-1. Business license required.

No person shall engage in the business of a private detective, detective agency, investigation

*__State law reference—__State license tax imposed on detective agencies, Code of Ala. 1975, § 40-12-93.

bureau or other similar enterprise without having obtained a license therefor pursuant to the provisions of the license code of the city, except that any person who is employed as a private detective by any person, firm or corporation and who is subject to the occupation tax of the city as such employee shall not be required to obtain a business license.
(Code 1964, § 15-1; Code 1980, § 12-6-1; Ord. No. 82-62, 3-30-1982; Ord. No. 83-89, 6-7-1983)

Sec. 12-6-2. Permit—Required.

No person shall be engaged in business as a private detective, including any person employed as a private detective by any person, firm or corporation, without first having obtained a permit to do so from the city.
(Code 1964, § 15-2; Code 1980, § 12-6-2; Ord. No. 82-62, 3-30-1982; Ord. No. 83-90, 6-7-1983; Ord. No. 88-88, § I, 6-21-1988)

Sec. 12-6-3. Same—Application.

(a) Any person desiring a permit required by this chapter shall file an application therefor with the chief of police on a form approved by the chief of police. Such application shall include the following information:

(1) The complete name and vital statistics of the applicant;

(2) A complete outline of the applicant's education, giving all schools and colleges attended and dates thereof;

(3) A brief personal history of the applicant, together with a detailed statement for the preceding five years showing each business activity and employment during such period;

(4) A complete list of arrests, including traffic offenses, showing the date, place and disposition of each such charge lodged against the applicant; and

(5) Such additional information as may be reasonably required to substantiate or verify the data called for in subsections (a)(1) through (4) of this section.

(b) An application for a permit under this chapter shall be accompanied by the affidavits of three freeholders, citizens of the city, each of whom shall have known the applicant for a period of at least two years, testifying to the integrity, sobriety and good moral character of the applicant.

(c) An application for a permit under this chapter shall be accompanied by a set of fingerprints of the applicant.
(Code 1964, §§ 15-3—15-5; Code 1980, § 12-6-3; Ord. No. 82-62, 3-30-1982)

Sec. 12-6-4. Application fee.

No application for a permit under this chapter shall be considered until a fee of $100.00 shall have been paid to the director of finance to help defray the cost of processing and investigating the application. Such fee shall in no instance be refunded.
(Code 1963, § 5; Code 1980, § 12-6-4; Ord. No. 82-62, 3-30-1982; Ord. No. 83-91, 6-7-1983)

Sec. 12-6-5. Investigation of application; public hearing before city council; grant or denial of permit.

(a) The chief of police or his or her designee shall investigate all applications for permits and shall, based upon the chief's findings, approve or disapprove the granting of the permit within 28 days of the filing of the application.

(b) The chief of police or his or her designee may disapprove the application if the applicant or any officer, agent or employee of the applicant has violated or failed to comply with any provisions of this chapter.

(c) The chief of police or his or her designee may disapprove the application if the applicant or any officer, agent or employee of the applicant:

(1) Knowingly and willfully has given any false information of a material nature in connection with the application for a permit or in connection with the issuance or denial of such permit.

(2) Has been convicted of violating any federal or state law or municipal ordinance which reasonably relates to the appli-

cant's character, fitness and business responsibility for engaging in the business of a private detective, detective agency, investigation bureau or other similar enterprise in a manner consistent with the public safety.

The chief of police or his or her designee shall, in regard to any such conviction, consider the nature and seriousness of the offense; the circumstances surrounding the offense; the number of such offenses; the amount of time that has elapsed since the offense was committed; the age of the applicant at the time of the offense; and any evidence of rehabilitation.

(d) If consideration of all evidence relevant to the application results in approval, the permit shall be issued upon the expiration of a time period of 28 days from the date of approval unless a written letter of appeal of such approval has been filed with the city clerk by anyone having an interest in the application. When consideration of all evidence relevant to the application results in disapproval, the permit shall be denied upon the expiration of a time period of 28 days from the date of disapproval, unless a written letter of appeal of such disapproval has been filed with the city clerk by anyone having an interest in the application.

(e) Upon appeal of the police chief's or his or her designee's decision pursuant to the provisions of this chapter, the city clerk shall set the matter down for a hearing at a regular meeting of the council within 28 days of the filing of the letter of appeal and promptly forward written notification to the council, the applicant and any party who filed a written letter of appeal of the time, date and place of the hearing. Upon the time and date of the hearing, or at any continuance thereof, the council shall, after considering any relevant evidence offered by any person concerned, act to grant or deny the permit.

(f) All private detective permits shall be valid for a period of two years from the date of issuance. All such permits must be renewed by filing an application for renewal on forms approved by the chief of police, and all renewed permits shall be valid for a period of two years. All of the provisions of this chapter pertaining to issuance of private detective permits shall be applicable to the renewal of such permits, including the payment by the applicant of a nonrefundable application fee of $100.00.

(Code 1964, §§ 15-7, 15-8; Code 1980, § 12-6-5; Ord. No. 82-62, 3-30-1982; Ord. No. 83-92, 6-7-1983; Ord. No. 86-222, 10-7-1986; Ord. No. 88-89, § I, 6-21-1988; Ord. No. 94-244, § 1, 11-22-1994)

Sec. 12-6-6. Revocation of permit.

(a) The city council may revoke any permit issued pursuant to the provisions of this chapter for any of the reasons set forth in section 12-6-5.

(b) The city council shall set a time for a public hearing on the matter of the revocation of any permit issued pursuant to this chapter and notice of the date and time of such hearing will be given to the permittee in writing by the city clerk not less than seven days prior to such hearing. Such notice shall state the reason for the hearing and shall advise the permittee that he or she may appear in person and/or by attorney and that he or she may present his or her position, arguments and contentions in writing and/or orally and that he or she may present evidence in his or her behalf and examine witnesses appearing for and against him or her. The city council shall receive any relevant evidence and hear any relevant testimony on the matter of revocation prior to making its decision on such matter.

(Code 1980, § 12-6-6; Ord. No. 82-62, 3-30-1983)

Sec. 12-6-7. Misrepresentations, etc., in applications.

No person, whether granted a permit under this chapter or not, shall misrepresent the capacity under which he or she acts or make any false or untrue statement of fact in his or her application for a permit.

(Code 1964, § 15-9; Code 1980, § 12-6-7; Ord. No. 82-62, 3-30-1982)

Sec. 12-6-8. Bond.

Each person granted a permit under this chapter shall file and maintain with the city clerk an indemnity bond in the amount of $10,000.00, executed by such person, as principal, and by a surety company authorized to do business in the

state, as surety, payable to the city, and stipulating that any person who is injured by any wrongful act committed by such principal, arising out of his or her conduct of the business for which a permit is required, shall have a right of direct action against the principal or surety or both.
(Code 1980, § 12-6-8; Ord. No. 82-62, 3-30-1982)

CHAPTER 7. EMPLOYMENT AGENCIES*

Sec. 12-7-1. Definitions.

The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Private employment agency means a person engaged in the business of procuring or assisting in procuring employment for persons for compensation or reward.
(Code 1964, § 17-1; Code 1980, § 12-7-1)

Sec. 12-7-2. License—Required.

No person shall operate a private employment agency without first having obtained a license to do so, as provided in this chapter and in the license code of the city, set forth in title 13, chapter 1.
(Code 1964, § 17-2; Code 1980, § 12-7-2)

Sec. 12-7-3. Same—Moral character of applicants.

The director of finance shall not issue a license to any person to operate a private employment agency unless the director of finance finds that the applicant, if an individual, possesses good moral character; if a partnership, that all the members of the partnership possess good moral character, and if a corporation, that the managing officers thereof possess good moral character. It shall be the duty of any such applicant to furnish such evidence of good moral character as the director of finance may reasonably require.
(Code 1964, § 17-3; Code 1980, § 12-7-3)

*__State law reference__—State licensing requirements, Code of Ala. 1975, § 34-10-1 et seq.

Sec. 12-7-4. Same—Financial interests of applicants; contents of application; person becoming partner, etc., after filing of application.

Each applicant for a license to operate a private employment agency shall annually file with the director of finance a written statement showing whether or not such applicant, any member of an applying partnership or any officer of an applying corporation is financially interested in any other business of like nature, and if so, specifying such interest. Each application shall list every person financially interested in the business to be carried on under the license when issued. If the applicant is a partnership, the application shall contain the names and addresses of each member thereof, and if the applicant is a corporation, the application shall contain the names and addresses of all officers thereof. After filing an application for a license to operate a private employment agency, no person shall permit any person not named in such application to become a partner or an officer of the corporation, if such agency is a corporation, unless the written approval of the director of finance shall first be obtained. Such approval may be denied on any ground for denial of original application.
(Code 1964, § 17-4; Code 1980, § 12-7-4)

Sec. 12-7-5. Same—Revocation.

The council shall have power to revoke the license of any private employment agency whenever in its judgment, after hearing, any such private employment agency shall have been found to have violated any of the provisions of this chapter or of any ordinance which may be hereafter adopted in regulation of private employment agencies.
(Code 1964, § 17-5; Code 1980, § 12-7-5)

Sec. 12-7-6. Inspection of books, records, etc.

The director of finance or his or her authorized deputy shall have free access at all reasonable times to the places of business of private employment agencies, together with the right to inspect the books, records, documents, papers and files of such private employment agencies relating to the conduct and operation of such business.
(Code 1964, § 17-6; Code 1980, § 12-7-6)

Sec. 12-7-7. Schedule of fees; compliance.

Each applicant for a license to operate a private employment agency shall annually file with the application a schedule of fees, charges and commissions proposed to be charged and collected for procuring employment. No other exaction of any kind shall be made and it shall also be unlawful for any licensee to collect any fee, charge or commission in excess of that specified on such schedule. Each licensee shall keep posted in a conspicuous place in each room or office of the licensee a correct copy of such filed schedule printed in not less than 30-point boldface type. No change in such schedule shall be made without first filing written notice thereof with the director of finance.
(Code 1964, § 17-7; Code 1980, § 12-7-7)

Sec. 12-7-8. Memorandum to be given persons seeking employment; acknowledgment of reference.

It shall be the duty of each private employment agency to give to each person seeking employment a written memorandum of the name and address of each employer to whom such person is referred to obtain employment, which memorandum shall be dated and signed by the person giving the memorandum. The person seeking employment shall at the same time, if requested to do so by the person giving the memorandum, acknowledge in writing to the private employment agency that such reference has been made.
(Code 1964, § 17-8; Code 1980, § 12-7-8)

Sec. 12-7-9. Availability of employment.

It shall be unlawful for any private employment agency to refer any person seeking employment to any employer unless such employment agency has on hand an unfilled and uncanceled request from such employer for a person to fill an opening of the kind for which such person seeking employment has applied.
(Code 1964, § 17-9; Code 1980, § 12-7-9)

Sec. 12-7-10. When fee earned.

Subject to the provisions of section 12-7-11, no fee or compensation shall be deemed to be earned by a private employment agency within the meaning of this chapter until such agency has actually secured, or assisted in procuring, bona fide employment for a person seeking employment and the person seeking employment has been permitted by his or her employer to work at least one day in such employment.
(Code 1964, § 17-10; Code 1980, § 12-7-10)

Sec. 12-7-11. Registration charges.

Each private employment agency is authorized to receive and retain a registration charge of not more than $1.00 from each person seeking employment and only one such registration charge shall be required of any such person so seeking employment within any period of 12 months.
(Code 1964, § 17-11; Code 1980, § 12-7-11)

Sec. 12-7-12. Advertising.

It shall be unlawful for any private employment agency to advertise in any manner whatever that there is open or at its disposal any position or place of employment unless there has prior thereto been made known to such agency through some authorized person that there is available such position or place of employment.
(Code 1964, § 17-12; Code 1980, § 12-7-12)

CHAPTER 8. ESCORT SERVICES

Sec. 12-8-1. Definitions.

The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Escort service means a service provided for hire or for a charge or fee, whether on a daily, hourly or other basis, whereby a person over 18 years of age may be furnished or provided social accompaniment, whether such accompaniment is for the purpose of guiding or escorting such person on a trip or tour, for a social date or engagement, for social entertainment or as a social escort or guest.
(Code 1964, § 17A-1; Code 1980, § 12-8-1)

Sec. 12-8-2. Escort license—Required; age qualification.

(a) No person shall hire out or become employed as an escort who is not at least 21 years of age and who shall be licensed as provided herein.

(b) It shall be unlawful for any owner or operator of an escort service licensed under this chapter to permit or allow an employee or other person acting under his or her direction or control to provide any escort services as defined herein who is not licensed under the provisions of this chapter.

(Code 1964, § 17A-2; Code 1980, § 12-8-2)

Sec. 12-8-3. Same—Application; filing; contents; fee.

An application for an escort's license as required by section 12-8-2 shall be filed with the city police department on forms provided by the police department. Such application shall be verified under oath and shall contain the following information concerning the applicant:

(1) Full name;

(2) Current residence, giving street number;

(3) How long resided at current residence;

(4) Place of residence for two years immediately preceding taking up residence at current address;

(5) Age, sex, color and height;

(6) Color of eyes and hair;

(7) Place of birth;

(8) All places of previous employment, if any, for the past three years;

(9) Marital status;

(10) Whether applicant has within five years been convicted of a felony or misdemeanor and the nature of the felony or misdemeanor, together with the date and place of each such conviction;

(11) Whether applicant has previously been licensed elsewhere as an escort and whether any such license has been revoked and for what cause;

(12) The name and address of the employer or operator for whom the applicant expects to be employed as an escort;

(13) At the time of filing such application, the applicant shall furnish or permit the city to produce a full set of applicant's fingerprints;

(14) At the time application is filed, the applicant shall pay to the city the sum of $5.00, which shall not be returnable whether or not the license is issued;

(15) Written verification by a licensed physician, bearing a date not more than 20 days prior to the date of application evidencing that the applicant is free of any contagious, infectious or communicable disease; and

(16) An affidavit from each of three freeholders who are citizens of the city and each of whom shall have known the applicant for a period of at least two years, attesting to the integrity, sobriety and good moral character of the applicant.

(Code 1964, § 17A-3; Code 1980, § 12-8-3)

Sec. 12-8-4. Same—Investigation; issuance of temporary permit; approval; appeal on denial.

(a) The chief of police or his or her designee shall conduct an investigation of each applicant for an escort license and a report of such investigation and a copy of the police record of the applicant, if any, shall be attached to the application.

(b) The chief of police, upon consideration of the application and the supporting information or documentation required to be attached thereto and any information obtained by the investigation, shall approve or deny the application within 15 days after the date of the filing thereof or the chief of police may, when an investigation cannot be completed within 15 days, issue a temporary permit to the applicant to expire 15 days from the date of issuance, whereupon the chief of police shall then approve or deny the application. The chief of police shall approve an application unless he or she shall find from such application, reports,

certificates, affidavits or other supporting information supplied by the applicant that it is in the best interest of the public's safety, health, morals and general welfare that the application be denied. If the application is denied, the applicant may appeal such denial within ten days thereafter in writing, such appeal to be filed with the city clerk. Thereafter, the council shall at a regular or adjourned meeting of the council hear such appeal and any relevant evidence which the applicant shall wish to present, which hearing shall be conducted not later than 21 days from the filing of such appeal with the clerk.
(Code 1964, § 17A-4; Code 1980, § 12-8-4)

Sec. 12-8-5. Same—Issuance; renewal.

Upon approval of an application for an escort license either by the chief of police or the council, the director of finance shall be authorized to issue a license for the current license year to the applicant, which license shall contain the license number, name, address, age, sex, signature and a passport-type photograph of at least two inches by two inches in size made within 90 days of the application and furnished to the chief of police by the applicant or made by the city at the request of the applicant. Any reissue or renewal of such license shall be at the then prevailing rate as prescribed by the city license code or such other ordinance as shall be applicable. Any application for a renewal of a license as required by section 12-8-2, shall be accompanied by the written verification of a licensed physician as required by section 12-8-3(14). An applicant shall also furnish or have made by the city a passport-type photograph as described herein. Upon the issuance of any renewal, the applicant shall surrender the old license or shall provide the city with an affidavit that such license is either lost or destroyed.
(Code 1964, § 17A-5; Code 1980, § 12-8-5)

Sec. 12-8-6. Same—Display; mutilation, etc.

(a) Every employee or escort licensed under the provisions of this chapter, while engaged in any activity licensed as herein required, shall at all times carry upon his or her person the license issued under this chapter and shall exhibit such license to any client or customer upon request or to any police officer of the city or any license or health inspector.

(b) It shall be unlawful for any person to change, alter, deface, tear or mutilate any license issued under this chapter except after the license year for which such license was issued or is otherwise invalidated. The licensee shall provide a suitable holder with transparent glass or celluloid front for holding such license for display.
(Code 1964, § 17A-6; Code 1980, § 12-8-6)

Sec. 12-8-7. Service license—Required.

No escort service shall be opened or made available to members of the public or operated for any other purpose without the owner thereof first having obtained a license therefor from the city.
(Code 1964, § 17A-7; Code 1980, § 12-8-7)

Sec. 12-8-8. Same—Fees.

Every owner, proprietor or operator of an escort service which provides services for a fee, hire or reward shall obtain a license therefor from the city based upon gross receipts as follows:

(1) On annual gross receipts less than $10,000.00, the sum of $100.00 per year.

(2) On annual gross receipts in excess of $10,000.00, the sum of $100.00, plus three percent of all sums in excess of $10,000.00.

(3) In addition to the license payment enumerated in subsections (1) and (2) of this section, there shall be paid annually to the city for each individual escort or employee the sum of $50.00 for each license year or part thereof during which such escort or employee shall be employed to perform licensed services.

(Code 1964, § 17A-8; Code 1980, § 12-8-8)

Sec. 12-8-9. Employees having prior conviction for prostitution.

It shall be a violation of this chapter for any proprietor or operator licensed hereunder to employ any escort or employee who has within the

past 24 months been convicted for prostitution, which conviction is not at the time of such employment pending final adjudication on appeal.
(Code 1964, § 17A-9; Code 1980, § 12-8-9)

Sec. 12-8-10. Records.

(a) It shall be the duty of each proprietor or operator of any escort service licensed under this chapter to keep at his or her place of business a permanently bound book, with pages therein numbered by the manufacturer, in which he or she shall enter or cause to be entered in writing the date, the name or names of each and every person or persons for which service is provided, whether such services are for hire, barter, exchange or gift, and the time such service is rendered as well as the time such services were terminated. Each proprietor or his or her designated manager or operator shall also enter into such book the residence address, city and state of the person or persons for whom such services were performed. It shall be unlawful for any such proprietor, operator or licensee to remove or permit to be removed any page or part of any page from such book or to erase or obliterate or permit to be erased or obliterated any entry made upon any page thereof. Such book shall be kept and maintained for a period of two years from the date of the last entry therein.

(b) Each proprietor or operator of an escort service, during any hour of business, when requested by the director of finance, chief of police or other police officer of the city, shall submit and exhibit such book or books as required in this section to the inspection of the director of finance, chief of police or other police officer of the city in his or her place of business.
(Code 1964, § 17A-10; Code 1980, § 12-8-10)

CHAPTER 9. HOTELS, MOTELS AND TRANSIENT LODGING FACILITIES*

Sec. 12-9-1. Definitions.

The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Hotel or *motel* means any establishment where sleeping or sleeping and eating accommodations are advertised or held out to be available to transients, whether the establishment be known as a hotel, apartment hotel, inn, tavern, club, resort, tourist home, tourist court, motel, court, motor court, motor lodge or by other like term and regardless of the number of rooms, suites or cabins available; but this term shall not be construed to include apartments, clubs, trailer courts, boardinghouses, roominghouses or portions thereof where single night accommodations are not advertised or held out to be available.
(Code 1980, § 12-9-1)

Sec. 12-9-2. Registration of patrons—Generally.

(a) Every person, proprietor, owner, operator, lessee or his or her agent, conducting any hotel or motel in the city shall at all times keep and maintain at the main or central entrance or office thereof a book or register in which every person or patron occupying any room or accommodations therein shall inscribe with ink or indelible pencil the name, age and home address of every patron or person occupying any such room or accommodations in any such place. Such book or register shall be signed at the main or central entrance or office of any such hotel or motel, and not elsewhere on the premises, by each patron or person occupying any room or accommodations of any sort in any of the above-named places. The proprietor, owner, operator or lessee of any such hotel or motel or his or her agent shall thereupon write opposite such name so registered, the license number and make of automobile in which such

patron or person traveled to such hotel or motel, the date and hour of arrival and the room or quarters rented or assigned to such patron or person.

(b) Until all of such entries have been made in such book or register at the main or central entrance or office of any such hotel or motel, no patron or person shall occupy or be suffered, permitted or allowed to occupy privately any room, garage, driveway or other accommodations in such hotel or motel.

(c) When the patron or occupant of each room or accommodations so rented or occupied shall quit, surrender or check out of same, the proprietor of such hotel or motel or his or her agent shall enter the time of departure of such patron or occupant in such book or register opposite the name of such patron or occupant.

(d) The book or register of any such hotel or motel shall be open to inspection at all times by the chief of police or any police officer of the city on duty at the time of any such inspection for a period of two years after the making of each entry in such book or register.
(Code 1980, § 12-9-2)

Sec. 12-9-3. Same—Fictitious names.

It shall be unlawful for any person or occupant of any room or accommodations in any hotel or motel in the city to write or cause to be written or knowingly permit to be written, in any book or register in any such hotel or motel, any other or different name or designation than the true name of the person or occupant registering therein or the true name by which such person or occupant is generally known.
(Code 1980, § 12-9-3)

Sec. 12-9-4. Renting, etc., by minor child.

It shall be unlawful for any minor child to rent, lease, use or occupy any room or other accommodations in any hotel or motel in the city, at any time, unless in the company and presence of the parent, guardian or legal custodian of such minor child. It shall be unlawful for any proprietor, his or her agent, servant, employee or lessee of any such place to permit or allow any room or accommodations in any such place to be rented, leased, used or occupied by any minor child, except in the company and presence of the parent, guardian or other legal custodian of such minor child. In the event that any minor child not in the company or presence of the parent, guardian or other legal custodian of such minor child should rent, lease, use or occupy any room or accommodations in any such place, the proprietor, his or her agent, servant, employee or lessee of any such place shall immediately report to the chief of police the name, age, sex and home address of any such minor child thus renting, leasing, using or occupying any room or accommodations in any such place.

State law reference—Person reaches age of majority and is relieved from disabilities of minority at 19 years of age, Code of Ala. 1975, § 26-1-1(a).

Sec. 12-9-5. Renting more than once between 9:00 p.m. and 6:00 a.m.; renting for less than 12 hours.

(a) It shall be unlawful for any proprietor or any servant, agent, employee or lessee of any proprietor of any hotel or motel in the city to rent, lease, let or permit to be used any room or other accommodations in any such tourist camp, hotel or motel more than once between the hours of 9:00 p.m. and 6:00 a.m. in the morning of the next or succeeding day to any person or occupant except bona fide travelers with baggage.

(b) No room or accommodations in any such place shall be rented, leased, let or permitted to be used by any person or occupant for any period of time less than 12 hours in any consecutive period of time.
(Code 1980, § 12-9-5)

Sec. 12-9-6. Bed linens and towels; clean and sanitary condition of rooms.

It shall be unlawful for the proprietor, owner, manager, operator, lessee or his or her agent of any hotel or motel in the city to rent, let, lease or permit to be used or occupied by any person or occupant any room or other accommodations in any such place unless all bed linens and towels have been changed and the room or accommodations cleaned up since the last rental, use or

occupancy of such room or accommodations and unless such room or accommodations are in a clean and sanitary condition.
(Code 1964, § 26-20; Code 1980, § 12-9-6)

Sec. 12-9-7. Liability of owner or manager for allowing prostitution.

(a) No person owning, maintaining, operating or managing any hotel shall knowingly or negligently permit, cause or allow any room or portion thereof in any such building to be used, visited, rented, leased or possessed for the purpose of prostitution.

(b) It shall be unlawful for the owner, manager or employee of any hotel to register any person known by him or her to be a prostitute.

Sec. 12-9-8. Violation of chapter.

In addition to any other penalties imposed, violation of any provision of this chapter by any proprietor, owner, operator, manager or lessee or his or her agent of any hotel or motel, shall constitute grounds for revocation by the council of the license of any such proprietor, owner, operator, manager or lessee of any such hotel or motel to do and engage in such business in the city.
(Code 1964, § 26-21; Code 1980, § 12-9-8)

CHAPTER 10. INTOXICATING LIQUORS*

ARTICLE A. GENERAL PROVISIONS

Sec. 12-10-1. Definitions.

For the purposes of this chapter, the following words and phrases shall have the meanings respectively ascribed to them by this section:

Alcoholic beverages means any alcoholic, spirituous, vinous, fermented or other alcoholic beverage, or combination of liquors and mixed liquor, a part of which is spirituous, vinous, fermented or otherwise alcoholic, and all drinks or drinkable liquids, preparations or mixtures intended for beverage purposes, which contain one-half of one percent or more of alcohol by volume, and shall include liquor, beer, and wine, both fortified and table wine.

Beer licensed place means a place at which malt or brewed beverages are licensed by the state alcoholic beverage control board to be so sold or served.

Beer licensee means a person licensed by the state alcoholic beverage control board to sell or serve malt or brewed beverages to consumers.

Liquor licensed place means a place at which liquor is licensed by state alcoholic beverage control board to be so sold or served.

Liquor licensee means a person licensed by the state alcoholic beverage control board to sell or serve liquor to consumers.

Liquor, wine, malt beverage, brewed beverages, state liquor store have the same meanings, respectively, as are assigned to them in the Code of Ala. 1975, § 28-3-1.

Secular day means every day other than Sunday.

State alcoholic beverage control laws means the alcoholic beverage control laws of the state as set forth in Code of Ala. 1975, title 28 and the rules and regulations promulgated thereunder by the state alcoholic beverage control board (ABC board), as such laws may be amended or superseded from time to time.
(Code 1964, § 28-1; Code 1980, § 12-10-1; Ord. No. 13-35, § 1, 3-19-2013)

Sec. 12-10-1.1. ABC board rules and regulations adopted by reference.

(a) It shall be unlawful for any person to do anything or commit any act or omission constituting a misdemeanor under the state alcoholic beverage control laws, which includes rules or regulations promulgated by the ABC board, the violation of which have been identified by Code of Ala.

*__State law references—__Intoxicating liquor, malt beverages and wine, generally, Code of Ala. 1975, title 28; power of municipalities to adopt ordinances to promote temperance and to suppress intemperance, Code of Ala. 1975, § 11-47-112.

1975, § 28-3-20, as constituting a misdemeanor, which laws are incorporated herein by reference as if fully set forth herein.

(b) Where the state alcoholic beverage control laws described in subsection (a) of this section refer to a state license, class of license, licensee, or licensed premises, the terms shall also mean and include a city license, class of license, licensee, or licensed premises.

(c) Subject to the provisions of any existing or future city ordinance governing the operation of alcoholic beverage licensed premises, where the aforementioned state alcoholic beverage control laws, which includes Code of Ala. 1975, § 28-3A-25, establish unlawful acts or offenses relative to state licensees, their servants, agents, or employees, or to state-licensed premises, in such case city licensees, their servants, agents, or employees, and city-licensed premises, shall be subject to the same requirements, and failure to comply with the same shall be a violation of this section.
(Ord. No. 13-35, § 2, 3-19-2013)

Sec. 12-10-2. Persons who may sell liquor or wine.

It shall be unlawful for any person, other than a liquor licensee or a state liquor store, to sell or offer for sale or have in possession or custody for sale or to serve or dispense for reward or have in possession or custody for serving or dispensing for reward, any liquor or wine at any place in the city, except however, the foregoing shall not apply to the sale of wine by any person, licensed by the state to sell wine containing 14 percent alcohol or less by volume for off-premises consumption.
(Code 1964, § 28-2; Code 1980, § 12-10-2)

Sec. 12-10-2.1. Review of permit.

(a) Any person desiring the consent of the city to the issuance by the state alcoholic beverage control board of any alcoholic beverage related license or permit, or to any change or other action regarding such license or permit, shall file a request for consent thereto with the chief of police. The request shall contain such information as the chief of police shall reasonably prescribe.

(b) The chief of police shall cause an investigation to be made of the character and fitness of the applicant and the character and suitability of the proposed location for which the license or permit is sought. The findings of said investigation shall be submitted to the council within 28 days of the date of the application and shall be referred by the council president to an appropriate council committee for review and recommendation.

(c) The council committee shall set a date and time for its investigation of the application and shall afford the applicant and interested parties reasonable and timely notice thereof. The applicant and such interested parties shall, in the course of the committee's investigation, be given the opportunity to offer testimony and evidence in support of their respective positions and may have counsel present to so represent them. At the conclusion of the committee's investigation, the committee shall vote to recommend its approval or disapproval of the application to the council. In the event the committee finds itself unable to recommend either approval or disapproval of the application, it shall so advise the council. The committee shall thereupon advise the applicant and other interested parties appearing before it of the committee's decision and shall further inform the applicant and such interested parties of the date of the council meeting at which the application will be on the council agenda for a public hearing at which all such parties will have the opportunity to be heard in person or by counsel. The public hearing before the council shall be set within 21 days following the conclusion of the committee's investigation.

(d) At the public hearing before the council, or at any continuance thereof, the council shall, after hearing any testimony and considering any evidence offered by any person concerned or such person's counsel, vote to approve or deny the application.
(Code 1980, § 12-10-2.1; Ord. No. 80-188, 9-2-1980; Ord. No. 89-65, 4-18-1989)

Sec. 12-10-3. Disposition of seized liquor, wine, malt beverage or brewed beverage.

Whenever any person shall have been convicted in the municipal court of possession or

custody of any liquor, wine, malt beverage or brewed beverage, contrary to the provisions of this chapter, and it shall appear that the police department has seized such liquor, wine, malt beverage or brewed beverage and has the same in custody as evidence or otherwise, the municipal court shall enter an order declaring such seized liquor, wine, malt beverage or brewed beverage to be contraband and ordering the chief of police to destroy the same or to sell the same to the state alcoholic beverage control board for account of the city, as the mayor may determine in the light of the quantity and marketability of such liquor, wine, malt beverage or brewed beverage. An appeal from any conviction upon which any such order depends shall carry with it an appeal from such order.

Sec. 12-10-4. Places in which liquor or wine may be sold.

It shall be unlawful for any person, whether a liquor licensee or not, to sell or offer for sale or have in possession or custody for sale, or to serve or dispense for reward or have in possession or custody for serving or dispensing for a reward, any liquor or wine at any place in the city other than in a liquor licensed place, which shall include outdoor cafes authorized for the sale of alcoholic beverages by resolution of the city council; except however, the foregoing shall not apply to any place where wine containing 14 percent alcohol or less by volume is sold for off-premises consumption pursuant to a retail wine license issued by the state.
(Code 1964, § 28-4; Code 1980, § 12-10-4; Ord. No. 91-105, 5-28-1991)

Sec. 12-10-5. Persons who may sell malt or brewed beverages.

It shall be unlawful for any person, other than a beer licensee, to sell or offer to sell to a consumer, or to serve or dispense for reward to a consumer or offer to serve or dispense for reward to a consumer, or to have in possession or custody for any such purpose, any malt or brewed beverage at any place in the city.
(Code 1964, § 28-5; Code 1980, § 12-10-5)

Sec. 12-10-6. Places in which malt or brewed beverages may be sold.

It shall be unlawful for any person, whether a beer licensee or not, to sell or offer to sell to a consumer or to serve or dispense for reward to a consumer or offer to serve or dispense for reward to a consumer, or to have in possession or custody for any such purpose, any malt or brewed beverage at any place in the city other than in a licensed beer place, which shall include outdoor cafes authorized for the sale of alcoholic beverages by resolution of the city council.
(Code 1964, § 28-6; Code 1980, § 12-10-6; Ord. No. 91-104, 5-28-1991)

Sec. 12-10-7. When sales prohibited.

(a) It shall be unlawful for any person to sell, offer for sale or to serve or dispense for reward or offer to serve or dispense for reward, any liquor, wine, malt beverage or brewed beverage in any place licensed for on-premises consumption of liquor, wine, malt beverage or brewed beverage in the city within Jefferson County at any time between the hours of 2:00 a.m. and 10:00 a.m. on Sunday; except that sales may be made during such time on Sunday by bona fide private clubs and in hotel or motel guest rooms where permitted by state alcoholic beverage control board regulations.

(b) It shall be unlawful for any person, whether a liquor, wine or beer licensee or not, to sell, offer for sale or to serve or dispense for reward or offer to serve or dispense for reward, any liquor, wine, malt beverage or brewed beverage in any place not licensed for on-premises consumption or elsewhere in the city at any time between 2:00 a.m. and 12:00 p.m. on Sunday; except that sales may be made during such time on Sunday by bona fide private clubs and in hotel or motel guest rooms where permitted by state alcoholic beverage control board regulations.

(c) Nothing in this section shall be construed as affecting the sale and distribution of alcoholic beverages in the city within Shelby County, which are governed by Ala. Const. Shelby County § 0.50 (Al. Const. Amend. No. 893).
(Code 1964, § 28-7; Code 1980, § 12-10-7; Ord. No. 80-242, 10-28-1980; Ord. No. 18-51, § 1, 4-10-2018)

Sec. 12-10-8. Regulation of sales to certain persons.

(a) It shall be unlawful for any person to sell, offer for sale or serve any liquor, wine or beer to any person visibly intoxicated, to any insane person or to any habitual drunkard.

(b) If not otherwise unlawful, it shall be permissible to sell or serve any liquor, wine or brewed beverage to any person who is not seated at a table.
(Code 1964, § 28-8; Code 1980, § 12-10-8)

Sec. 12-10-9. Drinking in public.

(a) It shall be unlawful for any person to drink or have in open or unconcealed possession or custody for drinking any liquor or wine, at or in any public place in the city other than a licensed liquor place, which shall include outdoor cafes authorized for the sale of alcoholic beverages by resolution of the city council.

(b) It shall be unlawful for any person to drink, or have in open or unconcealed possession or custody for drinking, any malt beverage or brewed beverage at or in any public place in the city other than a licensed beer place or licensed liquor place, which shall include outdoor cafes authorized for the sale of alcoholic beverages by resolution of the city council.
(Code 1964, § 28-9; Code 1980, § 12-10-9; Ord. No. 91-103, 5-28-1991)

Sec. 12-10-10. Definitions; visiting illegal drinking place unlawful.

(a) The following words, terms and phrases, when used in this section, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:

Illegal drinking place means any place wherein liquor, wine, malt or brewed beverages are sold without a license duly issued therefor by the state alcoholic beverage control board.

(b) It shall be unlawful for any person to visit or resort to an illegal drinking place for the purpose of buying any liquor, wine, malt or brewed beverage.

(c) Proof that a person is present in or at an illegal drinking place at the time any liquor, wine, malt or brewed beverages are sold therein shall be prima facie evidence that such person was visiting or resorting to such place for the purpose of buying liquor, wine, malt or brewed beverages.

(d) Any person convicted of a violation of this section shall be punished by a fine only not to exceed $50.00 and costs.
(Code 1964, § 28-10; Code 1980, § 12-10-10)

Sec. 12-10-11. Dancing and lights in liquor or beer licensed places.

(a) It shall be unlawful for any person to engage in dancing in any liquor or beer licensed place, other than a place holding a valid and unrevoked permit permitting dancing therein issued under the provisions of sections 12-3-11 and 12-3-18.

(b) It shall be unlawful for any liquor or beer licensee to allow or permit any dancing in any liquor or beer licensed place in his or her charge or control, other than a place holding a valid and unrevoked permit permitting dancing therein issued under the provisions of section 12-3-11.

(c) It shall be unlawful for any liquor or beer licensee to permit or allow any liquor or beer licensed place in his or her charge or control to be so insufficiently lighted while any patrons are therein that an ordinary newspaper cannot be readily read by one with normal vision at every place therein open to occupancy by patrons.
(Code 1964, § 28-11; Code 1980, § 12-10-11)

Sec. 12-10-12. Liquor not sold by alcoholic beverage control board.

It shall be unlawful for any person to sell, offer for sale, serve, dispense or have in possession or custody for any purpose, any liquor which has not been sold by the state alcoholic beverage control board; except that possession or custody, for consumption only, of not more than one quart

of liquor purchased pursuant to the laws of a foreign state shall not be unlawful. The provisions of this section shall not apply to the possession of, or to any other act above set forth relating to such liquor under circumstances which constitute a felony under the law or laws of the state.
(Code 1964, § 28-13; Code 1980, § 12-10-12)

Sec. 12-10-13. Sale, etc., of denatured intoxicating concoction, etc.

It shall be unlawful for any person to buy, sell, give away or otherwise dispose of for drinking purposes, any intoxicating concoction, mixture, compound, liquid or fluid that has been denatured.
(Code 1964, § 28-14; Code 1980, § 12-10-13)

Sec. 12-10-14. Liquor nuisance—Definition; prohibited.

(a) The following words, terms and phrases, when used in this section, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:

Liquor nuisance means any place used for the selling, serving or dispensing of liquor for reward contrary to the provisions of this chapter shall be deemed to constitute a liquor nuisance.

(b) It shall be unlawful for any person to maintain or aid or abet in maintaining any liquor nuisance.

(Code 1964, §§ 28-15, 28-16; Code 1980, § 12-10-14)

State law reference—Nuisance defined and the power of an individual or the municipality to commence an action to abate or enjoin any such nuisance, Code of Ala. 1975, § 6-5-120 et seq.

Sec. 12-10-15. Same—Abatement; appeal.

(a) On complaint in writing, under oath, being made by any person, alleging that a certain other person or certain other persons, naming them, are guilty of maintaining or aiding or abetting in maintaining a liquor nuisance, describing the place and giving the location thereof, the municipal judge shall appoint a day for the hearing of such complaint and shall issue his or her warrant commanding the chief of police or any police officer to have such person before the municipal judge on such appointed day to answer such complaint. If, upon trial of such complaint, the municipal judge finds the person complained of to be guilty of maintaining or aiding or abetting in maintaining a liquor nuisance, it shall be the duty of the municipal judge to render judgment to that effect and to make an order requiring the person so found guilty to abate such nuisance and abandon such place within 48 hours, and he or she shall cause the complaint, warrant and judgment to be recorded by the clerk of his or her court. If the person so found guilty shall refuse or fail to abate such nuisance and vacate such place before the expiration of 48 hours, it shall be the duty of the municipal judge in whose court such cause is tried to make an order requiring the chief of police to put such person so found guilty, and any movable property used by them in any manner in connection with the maintenance of such nuisance, out of such place, and the chief of police shall forthwith execute, or cause to be executed, such order, and it shall be unlawful for any person so put out of such place to return thereto within three months thereafter.

(b) When any person found guilty by the municipal judge of maintaining or aiding or abetting in maintaining a liquor nuisance in violation of the provisions of this chapter takes an appeal from such conviction in the manner provided by law, such appeal shall operate to suspend the proceedings for the abatement of such nuisance until the determination of the cause in the circuit court to which such appeal is taken.

(Code 1964, §§ 28-17, 28-18; Code 1980, § 12-10-15; Ord. No. 77-248, §§ 2, 3, 12-2-1977)

Sec. 12-10-16. Obscene, lewd, indecent conduct in liquor, wine, beer licensed places prohibited.

It shall be unlawful for any person, club, firm or corporation or the officers, members, agents, servants or persons in charge thereof at any private club or at any other place in the city to which the public generally resorts or is admitted, which is either a liquor, wine or beer licensed place, or any combination thereof, to permit, allow, conduct or condone any of the following listed behavior:

(1) Topless or bottomless dancers or performers, or any lewd or indecent conduct;

(2) Performance of acts of or acts which simulate sexual intercourse, masturbation, sodomy, bestiality, oral copulation, flagellation, or any sexual acts which are prohibited by law;

(3) Performance of acts including the caressing or fondling of the breasts, buttocks, anus or genitals; and

(4) Performance of acts involving the displaying of the anus, vulva, or genitals.

(Code 1980, § 12-10-16; Ord. No. 82-205, 12-14-1982)

Sec. 12-10-17. Investigation fee.

Any person or other lawful entity desiring the consent of the city to the issuance by the state alcoholic beverage control board of any alcoholic beverage related license or permit, or to any change or other action regarding such license or permit for places of business located outside the corporate limits of the city but situated within the police jurisdiction thereof, shall pay to the director of finance a nonrefundable investigation fee of $300.00, such payment to be made prior to the police investigation of the application. This fee shall not be required of any person or entity also required on approval of the requested license to purchase a city business license.
(Code 1980, § 12-10-17; Ord. No. 86-175, 7-22-1986; Ord. No. 93-42, 2-23-1993)

(Ord. No. 13-74, § 1(12-10-41), 5-21-2013)

Sec. 12-10-42. Persons under 21 prohibited from premises; non-licensed sales of alcoholic beverages prohibited.

(a) It shall be unlawful for any person or licensee of a licensed entertainment establishment, either directly or indirectly, or by the servants, agents, or employees of the same, or for any servant, agent or employee of the same to admit within the performance area of a licensed entertainment establishment as a patron a person under 21 years of age.

(b) It shall be unlawful for any person or licensee of a licensed entertainment establishment, either directly or indirectly, or by the servants, agents, or employees of the same, or for any servant, agent or employee of the same to sell, provide, serve or allow consumption of alcoholic beverages within any areas of the establishment, including without limitation performance areas, that are not licensed for the on-premises consumption of alcoholic beverages. Private parties that are held within a licensed entertainment establishment where alcoholic beverages are served shall be held within areas of the establishment licensed for the on-premises sale of alcoholic beverages and the licensee shall be responsible for the provision of alcoholic beverages.

(c) It shall be unlawful for any person, either directly or indirectly, or by the servants, agents, or employees of the same, or for any servant, agent or employee of the same to sell, provide, serve or allow consumption of alcoholic beverages on the premises of a non-licensed entertainment establishment or a non-licensed club.
(Ord. No. 13-74, § 1(12-10-42), 5-21-2013)

Sec. 12-10-43. Exemption for certain secured areas.

(a) *Secured areas.* Subject to state and local laws concerning alcoholic beverages and minors, the prohibition of section 12-10-42(a) shall not apply to performance areas of licensed entertainment establishments that:

(1) Have adequate security measures in place for the policing and enforcement of alcoholic beverage control laws, which measures shall include but are not necessarily be limited to:

a. Adequately lighted performance areas where alcoholic beverages are sold, served or consumed;

b. Tamper proof measures that identify persons of legal drinking age; and

c. Provision of a sufficient number of security personnel based on the size or anticipated size of the audience or based on a prior history for an event; and

(2) Do not have stadium or row seating in the performance area, except for open-air performance areas.

(b) *Civic centers, stadiums and sports arenas.* Subject to state and local laws concerning alcoholic beverages and minors, the prohibition in section 12-10-42(a) shall not apply to performance areas of civic center arenas or stadiums, including without limitation sports stadiums, that have adequate security measures in place for the policing and enforcement of alcoholic beverage control laws, which measures shall include but are not necessarily limited to:

(1) Adequately lighted performance areas where alcoholic beverages are sold, served or consumed or, in the alternative, segregated sections within performance areas for the selling, serving or consuming of alcoholic beverages which sections are limited to persons 21 years of age and above;

(2) Tamper-proof measures that identify persons of legal drinking age; and

(3) Provision of a sufficient number of security personnel based on the size or anticipated size of the audience or based on a prior history for an event.

(Ord. No. 13-74, § 1(12-10-43), 5-21-2013)

Sec. 12-10-44. Applicability.

(a) The prohibition in section 12-10-42(a) shall not apply to a non-licensed entertainment establishment or a non-licensed club that conducts, holds or leases space for private parties provided that there is no cover charge, admittance fee or other form of remuneration charged to or paid by attendees or invitees, and further provided that there is no charge for the provision of alcoholic beverages; provided, however, persons under 21 years of age shall not be admitted to any non-licensed establishment or non-licensed club conducting, holding or leasing space for a private party where alcohol is served or consumed unless:

(1) The area where the party is held is adequately lighted;

(2) Alcoholic beverages are furnished by the host of the party; and

(3) The establishment or club provides a sufficient number of security personnel based on the number or anticipated number of attendees or based on prior history.

(b) It shall be unlawful for any entertainment establishment or club to allow the consumption, sale, service, or dispensing of alcoholic beverages at events, public or private, where a cover charge, admittance fee or other form of remuneration is charged or paid by attendees or invitees, or where there is a charge for the provision of alcoholic beverages, without first obtaining the proper licenses from the city and the state alcoholic beverage control board.

(Ord. No. 13-74, § 1(12-10-44), 5-21-2013)

Sec. 12-10-45. Provision of free or discounted alcoholic beverages unlawful; exception.

It shall be unlawful for any licensed entertainment establishment or club to sell or deliver any alcoholic beverage to any patron where the sale or delivery is directly or indirectly related to the payment of any admission or cover charge. It shall also be unlawful for any licensee to give any alcoholic beverage to any patron without monetary consideration according to the restrictions provided in this article. No alcoholic beverage shall be sold, served or delivered to any patron for less than the entire cost of the ingredients of the beverage to the licensee; and no licensee shall reduce the cost of any beverage at any time to less than 50 percent of the regular, established and posted price; however, this section shall not be construed to prohibit the practice by licensees wherein patrons are admitted on December 31 of each year for New Year's Eve celebrations, wherein for a stated fee, meals, drinks and entertainment are provided.

(Ord. No. 13-74, § 1(12-10-45), 5-21-2013)

Sec. 12-10-46. Entertainment establishments and clubs to comply with applicable laws and ordinances; written safety plan required.

(a) All entertainment establishments and clubs must comply with all applicable laws and ordinances, including but not limited to zoning, building codes, health and safety regulations and must obtain approval from the proper departments.

(b) The term "written safety plan" means a written document produced by an entertainment establishment or club operator that includes at minimum the following information about the establishment:

(1) The number and location of all security personnel;

(2) The occupancy load of the establishment, average patron attendance, and the type of entertainment/events held at the establishment;

(3) The establishment identification checking and patron search procedures;

(4) Procedures for ensuring that only persons 21 years or older are served alcohol;

(5) The establishment's procedures for handling violent incidents, other emergencies, and calling the police department;

(6) A description of the training provided or completed by security and other personnel, including conflict de-escalation training;

(7) The establishment's procedures for crowd control and preventing overcrowding;

(8) The establishment's plan for maintaining order upon the accessory premises or open space adjacent to such premises;

(9) Current contact information for the person or position responsible for addressing safety, security, or city Code related complaints by patrons or neighborhood residents; and

(10) Show proof that security officers employed or contracted by the club are licensed by the state security regulatory board or that they are exempted from such licensing by state law. Notwithstanding the foregoing provision, all security officers are subject to city business licensing and/or occupational tax.

(c) Written safety plan required.

(1) Every entertainment establishment and club operator shall prepare a written safety plan.

(2) For existing establishments, safety plans shall be filed with the chief of police and the chairman of the public safety committee of the city council or their designees within 45 days of the effective date of the ordinance from which this article is derived. New establishments shall file safety plans at the time they make application with the department of finance and shall be included with the applicant's information provided to the chief of police and the public safety committee of the city council.

(3) Establishments subject to this article shall have an updated copy of their safety plan reviewed by personnel employed by the establishment. The safety plan shall be made available upon request by a police officer or other designated city enforcement personnel, patron or neighborhood residents.

(4) Establishment operators shall file an updated written safety plan annually with the chief of police. If there have been no material changes to a establishment's programming, operation, ownership, or size, the updated written safety plan may take the form of a letter from the establishment operator to the chief of police certifying that there have been no material such changes.

(5) Written security plans shall provide for compliance with the minimum requirements of section 12-10-52.

(Ord. No. 13-74, § 1(12-10-46), 5-21-2013)

Sec. 12-10-47. Information required from employment applicants; certificate required.

(a) Every person seeking employment as a manager of an establishment subject to this article shall, prior to accepting employment, file with the city and with his or her employer a certificate on forms made available by the city containing the following information and statements:

(1) The name, age, place of birth and place of residence of the applicant during the preceding three years.

(2) If the applicant has during the three years immediately preceding the date of such application had a license for the sale of intoxicating beverages issued by the state alcoholic beverage control board revoked.

(3) If the applicant has been convicted within three years prior to the date of such certificate of:

a. A felony;

b. Any law of the state or provision of this article or other ordinance of the city regulating or controlling intoxicating beverages;

c. Solicitation;

d. Illegally using, carrying or possessing a pistol or other dangerous weapon;

e. Making or possessing burglar's instruments;

f. Buying or receiving stolen property;

g. Theft of property;

h. Unlawful entry of a building;

i. Unlawful breaking and entry of a motor vehicle;

j. Unlawfully possessing or distributing habit forming narcotic drugs;

k. Vagrancy;

l. Violating any law or ordinance prohibiting sale or possession of obscene literature or material;

m. Indecent exposure; or,

n. Prostitution.

(b) Every person seeking employment as a hostess, cashier, bartender, waiter, waitress, or in any job category the duties of which require direct contact with customers in the establishment shall file the same certificate required of managers with the licensee and no such person or manager shall be employed who answers affirmatively to questions given in subsections (a)(2) or (3) of this section, unless they shall have first obtained the written consent of the city council.
(Ord. No. 13-74, § 1(12-10-47), 5-21-2013)

Sec. 12-10-48. Employment without certificate unlawful.

It shall be unlawful for any licensee to employ any person from whom a certificate is required under section 12-10-47 without first obtaining the required certificate.
(Ord. No. 13-74, § 1(12-10-48), 5-21-2013)

Sec. 12-10-49. False responses unlawful.

It shall be unlawful for any person to answer falsely the certificate required by section 12-10-47.
(Ord. No. 13-74, § 1(12-10-49), 5-21-2013)

Sec. 12-10-50. Certificate to be maintained on premises of establishment.

The certificate required by section 12-10-47, or a copy thereof, shall be maintained on the premises of an establishment for current employees at all times and shall be available for inspection by any authorized representative of the city at any time while the establishment is open for business.
(Ord. No. 13-74, § 1(12-10-50), 5-21-2013)

Sec. 12-10-51. Manager required to be on premises during business hours.

(a) It is unlawful for a licensed entertainment establishment or licensed club to remain open for business unless the licensee, a manager or a person in charge, as defined by ABC regulations, is on the premises. The name of the responsible person shall be posted in a public area of the establishment, readily available to ABC board personnel and the police department, in letters not less than one inch in size, during the time he is in charge.

(b) The licensee shall be responsible for the provision of alcoholic beverages at all licensed entertainment establishments and licensed clubs.
(Ord. No. 13-74, § 1(12-10-51), 5-21-2013)

Sec. 12-10-52. Interior security personnel required at certain times; security camera systems required; premises to remain clean and free of trash and debris.

(a) After 10:00 p.m. and while open to the public, all establishments and clubs shall provide minimum interior security personnel of a number equaling one security person per each occupancy level, as established according to the city's technical codes, as amended, city's fire marshal of 150 occupants, or any portion thereof. For example, if the occupancy level of an establishment is 500, at least four interior security personnel are required. If the occupancy level is 50, at least one interior security person is required.

(b) All establishments shall maintain a security camera system capable of recording and retrieving video images. Cameras must be equipped with a timestamp set to the correct date and time and must be activated and recording video during all hours of operation. These cameras shall, at a minimum, continuously capture interior and exterior images of the entrance and exit doors.

Cameras shall be located at all pedestrian and employee entry and exit points. These cameras shall be of high enough quality to capture and record facial-quality identification in low light or dimly lit areas or environments. These cameras shall also have capabilities of capturing and recording the same facial-quality identification in normal or daylight situations. This camera system must also be capable of recording and storing the video images for a length of time or no less than 30 days. This camera system must also have the capabilities of downloading these saved images to an external device when needed for review by law enforcement. Each business shall have at least one employee trained on the operation and downloading features of the system and must be able to respond to the business as needed for video or image review or downloading In the event of an incident involving injury or death to a patron, member of the public or employee of the establishment, video images recorded for the day of and at the time of the incident shall be stored for a minimum of 30 days. Each establishment required to have cameras pursuant to this provision shall prominently display signage on the premises to notify patrons of the presence and use of security cameras. Existing establishments shall comply with security camera system requirements within 45 days of the effective date of the ordinance from which this article is derived. New establishments shall have compliant, operational security camera systems upon opening.

(c) All establishments and clubs shall maintain their premises, and all accessory premises such as parking lots or open space adjacent to such premises, clean and free from trash and debris at all times.
(Ord. No. 13-74, § 1(12-10-52), 5-21-2013)

Sec. 12-10-53. Duty of manager to maintain order on premises; duty to report incidents.

(a) It shall be the duty of each owner, and of each manager or supervisor at any time charged with the management and supervision of any retail liquor or retail malt or brewed beverage licensed premises, or any other type of establishment where intoxicating beverages are sold or provided for on-premises consumption, while open to the public, to maintain order upon the premises and to exclude from the premises any person who is drunk and disorderly or who commits any breach of the peace, or who uses offensive, disorderly, threatening, abusive or insulting language, conduct or behavior with the intent to provoke a breach of the peace, or whereby a breach of the peace might be occasioned.

(b) It shall be the duty of each owner, and of each manager or supervisor at any time charged with the management and supervision of any retail liquor or retail malt or brewed beverage licensed premises, or any other type of establishment where intoxicating beverages are sold or provided for on-premises consumption, while open to the public, to maintain order upon the accessory premises such as parking lots or open space adjacent to such premises, to control crowds, admittance lines and patrons congregating at the property to prevent nuisance to adjacent residents and businesses, and to exclude from the accessory premises any person who is drunk and disorderly or who commits any breach of the peace, or who uses offensive, disorderly, threatening, abusive or insulting language, conduct or behavior with the intent to provoke a breach of the peace, or whereby a breach of the peace might be occasioned.

(c) It shall be the duty of each officer, owner, manager or person in charge of any retail liquor or retail malt or brewed beverage premises, or any other type of establishment where intoxicating beverages are sold or provided for on-premises consumption, within the city to immediately make an appropriate report by telephone to the police division of each assault, assault and battery, or affray occurring on the licensed premises while such premises are open for business. It shall further be the duty of the person to make a written report of such incidents to the police department within 36 hours. Failure to make either report shall be grounds for revocation or suspension of the license for the operation of the establishment.

(d) Habitual breaches of the peace, affrays, assaults, assaults and batteries, and the continued and habitual presence of disorderly persons upon the premises of a licensee shall be grounds

for revocation or suspension of the license for the operation of the establishment. In addition, repeated and habitual incidents of vandalism, breaches of the peace, disorderly conduct or other violations of state and local laws and ordinances, including violations of title 11, chapter 8, pertaining to noise, which unreasonably interfere with the peace, quiet, comfort and repose of persons of ordinary sensibilities in the neighborhood where such incidents may be attributable to the presence in the neighborhood of the licensed establishment shall also be grounds for revocation and suspension of the license of the establishment.
(Ord. No. 13-74, § 1(12-10-53), 5-21-2013)

Sec. 12-10-54. Compliance with local or state alcoholic beverage control laws required.

Nothing in this article shall be construed to allow activity which is contrary to state or local alcoholic beverage control laws including without limitation laws regulating minors and laws regulating admittance by persons under 19 years of age to establishments defined as and licensed as lounges according to state beverage control board regulations.
(Ord. No. 13-74, § 1(12-10-54), 5-21-2013)

(Ord. No. 13-118, § 1(1), 10-1-2013)

Sec. 12-10-66. Entertainment district regulations.

(a) Any licensee who receives an entertainment district designation for its on-premises retail license from the ABC board or who otherwise holds a valid license from the ABC board to sell alcoholic beverages for consumption on the licensed premises shall comply with all laws, rules, and regulations which govern its license type, except that the patrons, guests or members of that licensee may exit that licensed premises with open containers of alcoholic beverages and consume alcoholic beverages anywhere within the confines of the entertainment district, but may not enter another licensed premises with open containers or closed containers of alcoholic beverages acquired elsewhere.

(b) Beverages sold for removal from the licensed premises shall be dispensed only in a paper cup bearing the commercially printed name and/or logo of the designated licensee. No beverages shall be removed from the licensed premises in glass bottles or containers.

(c) The days and hours of operation of an entertainment district shall be established by the council in the ordinance designating each specific district. No licensee shall allow the

removal of alcoholic beverages from the licensed premises other than during the hours established for the operation of the specific entertainment district. No one shall possess alcoholic beverages for consumption within the district outside of the licensed premises other than during the hours of operation as an entertainment district. No alcoholic beverages shall be possessed or consumed in any entertainment district between the hours of 2:00 a.m. and 12:00 p.m. on Sundays, except within the licensed premises of establishments validly licensed as private clubs by the ABC board. Possession or consumption of alcoholic beverages within or upon any parking lot or parking facility within the district shall be prohibited.

(d) Nothing in this article shall be construed to allow the sale of alcohol to minors. The council may establish strict curfews for minors within the entertainment district as needed to control the availability of alcoholic beverages to minors.

(e) No licensee within the district shall be required to allow removal of beverages to be consumed outside the licensed premises. Any licensee that does not desire to allow removal of beverages from its licensed premises shall clearly post notice that no open containers of alcoholic beverages may be removed from the premises. Such notice shall be posted at least at the exits and where beverages are dispensed within the premises.

(f) This article shall not be construed to prohibit the sale of alcoholic beverages in their original, unopened containers for off-premises consumption by any establishment authorized by the ABC board to make such sales. However, consumption of alcoholic beverages sold in original, unopened containers for off-premises consumption shall not be allowed in any public area of the entertainment district.

(g) All licensees within an entertainment district shall comply with all laws, ordinances, and regulations relating to having adequate security measures in place for the policing and enforcement of alcoholic beverage control laws, which measures shall include but are not necessarily limited to:

(1) Adequately lighted areas where alcoholic beverages are sold, served or consumed;

(2) Tamper proof measures that identify persons of legal drinking age; and

(3) Provision of a sufficient number of security personnel as provided in article C of this chapter.

(h) The provisions of title 11, chapter 8, article B, pertaining to noise, shall apply in all entertainment districts, including but not limited to requirements for amplified sound and for noise permits as provided in chapter 5 of this title.

(i) Special events within the district must be coordinated through the appropriate responsible merchants' association or organization responsible for the operation of the district. Events that involve such activities as the sale of alcoholic beverages outside of licensed premises, street closures, entertainment using amplified sound, or other regulated activities must comply with all laws, ordinances or regulations governing such activities.

(j) The city's prohibition against drinking in public, as set forth in section 12-10-9, shall not apply within the boundaries of a designated entertainment district during the approved hours of operation for the district.
(Ord. No. 13-118, § 1(2), 10-1-2013)

Sec. 12-10-67. Offenses.

(a) It shall be unlawful:

(1) For any retail licensee to sell alcoholic beverages in other than open containers for consumption on premises where sold, or to permit a patron to leave the premises with an alcoholic beverage which was dispensed and sold on the premises.

(2) For patrons to enter licensed premises with alcoholic beverages acquired at another licensed premises or outside the district.

(3) For patrons to exit licensed premises with open glass containers of any type of alcoholic beverages.

(4) For any person to enter into a designated entertainment district with alcoholic beverages purchased outside of the district, except as otherwise permitted

by the state alcoholic beverage control board and in compliance with all applicable laws, ordi-

nances, rules and regulations governing the sale, possession or consumption of alcoholic beverages.

(5) For any person purchasing alcoholic beverages for on-premises consumption to remove such beverages from the premises from which they were sold for consumption or to remove the container in which the alcoholic beverage was sold for on-premises consumption, except from the premises of those licensees who receive an entertainment district designation in an entertainment district.

(6) For any person to refill a cup from a licensed premises with alcoholic beverages not purchased at a licensed premises within the district.

(7) For any person to exit a designated entertainment district with alcoholic beverages purchased in an open container for consumption within the district.

(8) For any person to consume alcoholic beverages in a motor vehicle parked or in motion within the district, with the exception of a common carrier vehicle licensed by the ABC board to serve alcoholic beverages.

(b) Any violation of the offenses set forth in subsection (a) of this section shall be punishable by a fine of not less than $100.00 nor in excess of $500.00 per violation.

(c) The city council may consider suspension or revocation of the business license of any licensee who violates any provision of this article. (Ord. No. 13-118, § 1(3), 10-1-2013)

Sec. 12-10-68. Signage designating entertainment district.

(a) No signs are permitted at any time on public property such as a city street right-of-way or a utility pole, except for signs, specifically permitted, in designated entertainment districts. Entertainment district signs mean any on-premises sign which is not affixed to real property in such a manner that its removal would cause serious injury or material damage to the property.

(1) Businesses that wish to participate in the entertainment district privileges must display participation banners, flags or other type of signage near the entrance to the establishment. The signage shall be unified in the district with regard to content, size, color, material and method of attachment to the building. The signage shall be fixed to the building during district hours of operation and no less than five feet from the door. Signage shall be located at each principal public entrance. Such signs shall be located on or adjacent to the subject public entrance.

(2) Businesses within an entertainment district that do not wish to participate in the privileges must display signage noting the exception in accordance with section 12-10-66(e). These signs shall be unified within the entertainment district with regard to size and content. Sign content shall include: the entertainment district name; hours of operation; establishment name; and that alcoholic beverages may not leave the premises. Business not participating shall be prohibited from serving beverages in containers similar to those used by participating licensees and described in section 12-10-66(b).

(3) Parking areas within entertainment district with more than 20 parking spaces or in excess of 5,000 square feet shall have fixed signage located at each pedestrian and vehicular entrance and exit denoting the rules and regulations for the district. Signage shall be unified within the district in regards to size, color, content and placement.

(4) The boundary to the entertainment district shall be clearly marked with fixed signage at all entrances/exits. Signs for pedestrians entering the site shall display the entertainment district name and the hours of operation. Signs for pedestrians leaving the area shall indicate the prohibition on removing beverages from the area.

(b) Entertainment district signs shall be approved by the design review committee of the city and permitted by the department of planning, engineering and permits. Approval must also be obtained from the respective district merchants' association, when applicable. A copy of the permit guidelines and restrictions shall be available from the office of the city clerk or on the website for the department of planning, engineering and permits' urban design division. (Ord. No. 13-118, § 1(4), 10-1-2013)

Sec. 12-10-69. Entertainment district designation.

(a) The council may create a district whenever it finds that the proposed district meets the minimum qualifications of the Act and this article, and that creation of a district is in the best interest of the public and the specific geographic area to be served. In making its determination, the council shall take into account all relevant information, including the following:

(1) A description of the proposed district;

(2) Plan for security, parking and other operational criteria within the district;

(3) How the proposed district will complement the city's economic development goals, comprehensive plan, the planning neighborhood district in which it is located, and the surrounding area.

(b) The council may establish up to five districts as provided by Alabama Act 2012-438, as now or hereafter amended, or up to the maximum number allowed by any other applicable state law in effect at the time.

(c) District boundaries must conform to the requirements of state law, currently no larger than one-half mile by one-half mile in area, but may be irregularly shaped.

(d) To be established as a district, the area making the request must have an established and active merchants' association or other organization or association of businesses with authority to speak for the businesses in the affected area.

(e) The merchants' association or other authorized organization representing the businesses in an area that meets the requirements of Alabama Act 2012-438, as now or hereafter amended, may request to be designated as an entertainment district by submitting an application and a receipt from the finance director or his or her designee for the payment of a nonrefundable application fee in the amount of $500.00 to the city clerk. Upon receipt of application and proof of payment of the fee, the city clerk shall forward a copy to the director of the department of community development, the economic development director, the director of the department of planning, engineering and permits, the traffic engineer, the finance director, the chief of police, and the fire chief, or their respective designees, by electronic or other means. The application shall include, but not be limited to, all of the following:

(1) The identity of the applying organization and the businesses it is authorized to represent;

(2) A map delineating the boundaries of the district;

(3) Evidence that the area meets the requirements for the number of ABC board licensees to qualify for an entertainment district designation;

(4) The proposed days and hours that the area will operate as an entertainment district;

(5) Plans to provide for adequate security and/or police protection for the area while operating as an entertainment district;

(6) Plans for adequate parking for persons visiting the district. To the extent possible, parking shall be located at the perimeter or outside the boundaries of the district. Parking lots within the district must provide for compliance with prohibitions on alcohol brought into the district and provide for the safety and security of patrons of the district;

(7) Plans for maintaining the appearance and sanitation of the district;

(8) Plans for the designation of the district, including signs, entry points and the means to define the boundaries of the district so that patrons are clearly informed of the limits of the districts;

(9) Such other additional information that the director of community development may deem necessary to allow city staff and the council to evaluate the suitability of the area for an entertainment district designation.

(f) Upon receipt of the notification or completed application, the director of the department of community development, the economic development director, the director of the department of planning, engineering and permits, the traffic engineer, the finance director, the chief of police and the fire chief, or their respective designees, shall review the application for completeness and for compliance with this and other applicable city ordinances. The applicant may consult with these reviewing departments in developing the plan prior to submitting the application or during the review as needed due to address traffic, safety and other concerns for the benefit of the public and to ensure consistency with design review standards where applicable.

(g) Within ten days of receipt of the application, the director of the department of community development shall set a meeting with the other reviewing departments' designees to consider whether the application is complete and ready for final review or whether additional information is necessary. The director of the department of community development or his or her designee shall notify the applicant within five days of that meeting as to whether the review shall proceed on the application as submitted or whether additional information and consultation is needed to proceed with the review. The reviewing departments shall report to the director of community development on their findings within 45 days of receiving a final, complete application. The reports and findings shall be submitted to the city clerk by each department or the director of the department of community development may receive reports from the other departments and forward them collectively to the city clerk within 45 days of having received the final complete application.

(h) The city clerk shall forward the application and the reports of the reviewing departments to the public safety committee of the city council no later than five days after receipt of the departmental reports. The public safety committee shall consider the application at its next regularly scheduled meeting and shall request the city council to set a public hearing not less than 21 days but not more than 35 days from the committee's consideration of the application. The application shall be available in the clerks' office for at least 21 days prior to the hearing for public review.

(i) At the public hearing, the city council shall hear any person who desires to be heard on any issue relevant to the designation of the area as an entertainment district.

(j) After such hearing, the council shall consider the application, the reports from the reviewing city departments, any relevant evidence offered by any party at the public hearing and such other information it may have bearing upon such application and the ability of the applicant and affected businesses to operate the district in the best interest of the public health, safety and welfare.

(k) If the city council finds that the designation of the district complies with all applicable ordinances and state law and that the creation of the district is in the best interest of the public, it shall adopt an ordinance setting out:

(1) The findings upon which the designation is based;

(2) A map delineating the boundaries of the district;

(3) Effective dates for the district;

(4) The days and hours that the area shall be allowed to operate as an entertainment district; and

(5) Such additional operational rules and criteria the council deems appropriate to meet the goals and objectives of that particular district.

(l) The council may amend, modify or revoke the designation of any area as an entertainment district upon finding that the operation of the district has become a nuisance or is otherwise not being operated in the best public interest, including a lack of adequate security. The council shall conduct the proceedings for the amendment, modification or revocation of the designation in the same manner as provided for the revocation of a business license pursuant to the ordinances of the city. The council may require the district to provide additional security at the district's expense.

(1) No church, school or religious institution shall be considered part of a designated district. Boundaries shall specifically exclude the property and premises of any such institution.

(2) The council reserves the right to modify or repeal this article, and any district designation created there under at any time. Nothing in this article shall be construed to create any right or entitlement to an entertainment district designation.

(Ord. No. 13-118, § 1(5), 10-1-2013)

Sec. 12-10-70. Management of entertainment district.

The director of community development is authorized to implement regulations, and controls, with the assistance of the economic development director and director of finance, for the purpose of managing the entertainment district which will be specific for each entertainment district. Such regulations and controls may include but are not limited to the following:

(1) *Entrance requirement.* Entertainment district wristbands may be required to indentify all persons who have attained the age of 21 years and who are legally authorized to purchase and consume alcoholic beverages. Displaying of the wristband does not relieve any establishment from verifying the age of any person who is seeking to purchase alcoholic beverages.

(2) *Restrictions.* No licensee shall issue a district wristband to any person entering the establishment with weapons, alcoholic beverages, and other items which may be dangerous, disruptive, or inconvenient in crowded conditions.

(3) *Sale of wristbands.* Only authorized licensees, merchants associations or designated entities may sell or distribute wristbands. Wristbands shall be obtained from the finance department according to regulations established by the finance director and the director of community development.

(4) *Financial requirement and auditing responsibilities.* Any organization designated and authorized to collect fees and generate revenues from the public in connection with the entertainment district, on an annual basis, shall provide to the finance director, a comprehensive report that provides a full accounting of all revenues and expenditures associated with the sale of the wristbands. The designated organization shall make all pertinent books, accounts, or other records accessible to the finance director and the organization shall maintain accounting procedures adequate to fully document the use of all funds received and/or paid by the organization in connection with the sale of the wristbands.

(Ord. No. 15-35, § 1, 3-18-2015)

Sec. 12-10-83. Effective dates for the district.

This designation of the district shall be effective on March 20, 2015, and when published as required by law. The designation shall continue until modified, suspended or revoked by the city council.
(Ord. No. 15-35, § 1, 3-18-2015)

Sec. 12-10-84. Operating hours.

The regular operating hours for the district shall be:

Thursday and Friday—5:00 p.m. to 11:00 p.m.

Saturday and Sunday—12:00 p.m. (noon) to 11:00 p.m.

The BJCC executive director or his or her designee may reduce or restrict the regular hours of operation when necessary for the best interest of the BJCC and the district.

The BJCC authority may designate "special district events" at times other than the regular operating hours authorized by this division. Special district events shall be conducted in accordance with all laws and regulations authorizing and establishing the entertainment district. No outside vendors of alcoholic beverages shall be allowed to participate in a special district event. The BJCC shall notify the chief of police or his or her designee no later than two weeks prior to the special district event.

Notwithstanding any provision to the contrary, any permanent change to the regular operating hours of the district shall be by amendment of this division.

Any event to be held within the district boundaries at any time in which outside vendors of alcoholic will participate must be licensed in accordance with Alabama Alcoholic Beverage Control Board rules and regulations.
(Ord. No. 15-35, § 1, 3-18-2015)

Sec. 12-10-85. Signage.

District signs and markers shall conform to the plan submitted by BJCC and approved by the design review committee and which is on file in the office of the city clerk. Notwithstanding any provision of Ordinance No. 13-118 to the contrary, the regular operating hours of the district shall not be required to be posted on the district signs and markers at the perimeter and entrances to the district. The regular hours shall be posted on signs at the licensed premises of the retail licensees in the district. The BJCC authority shall be responsible for communicating the

hours for special district events to its tenant licensees participating in the district and to the public.
(Ord. No. 15-35, § 1, 3-18-2015)

Sec. 12-10-86. Containers.

Cups for consumption of alcoholic beverages in the outdoor portions of the district shall comply with Ordinance No. 13-118. After a patron exits a licensed premises with a carry-out cup, the cup shall not be carried back into the premises where purchased or into any other licensed premises within the district.
(Ord. No. 15-35, § 1, 3-18-2015)

(Ord. No. 19-1, § 1, 1-23-2019)

Sec. 12-10-90. Parking lots.

Parking lots within the block of the district located between 27th and 28th Streets South and 2nd and 3rd Avenues South shall be excluded from the district. Signs shall indicate that consuming alcoholic beverages is not allowed in these lots. Parking lots located in the portion of the district between 28th and 31st Streets South and 2nd and 3rd Avenues South shall not be specifically excluded but signs shall be posted with provisions limiting the consumption of alcoholic beverages within those parking lots as set forth in this division.
(Ord. No. 19-1, § 1, 1-23-2019)

Sec. 12-10-91. Effective dates for the district.

This designation of the district shall be effective on February 1, 2019 and when published as required by law. The designation shall continue until modified, suspended or revoked by the city council.
(Ord. No. 19-1, § 1, 1-23-2019)

Sec. 12-10-92. Operating hours.

The regular operating hours for the district shall be:

Monday through Friday - 4:30 p.m. to 11:00 p.m.

Saturday and Sunday - 10:00 a.m. to 11:00 p.m.

The Lakeview Business Association may vest the chairman of the Association with authority to reduce or restrict the regular hours of operation when necessary for protection of the health, safety and welfare for businesses and visitors to the district.

Any event to be held within the district boundaries at any time in which outside vendors of alcoholic will participate must be licensed in accordance with Alabama Alcoholic Beverage Control Board rules and regulations.

The Lakeview Business Association may designate "special district events" at times other than the regular operating hours authorized by this ordinance. Special district events shall be conducted in accordance with all laws and regulations authorizing and establishing the entertainment district. No outside vendors of alcoholic beverages shall be allowed to participate in a special district event. The Lakeview Business Association shall notify the chief of police or his or her designee no later than two weeks prior to the special district event.

Notwithstanding any provision of this division to the contrary, any permanent change to the regular operating hours of the district shall be by amendment of this division.
(Ord. No. 19-1, § 1, 1-23-2019)

Sec. 12-10-93. Signage.

District signs and markers shall conform to the plan submitted by Lakeview Business Association and approved by the design review committee and which is on file in the office of the city clerk. Notwithstanding any provision of Ordinance No. 13-118 to the contrary, the regular operating hours of the district shall not be required to be posted on the district signs and markers at the perimeter and entrances to the district. The regular hours shall be posted on signs at the licensed premises of the retail licensees in the district. The Lakeview Business Association shall be responsible for communicating the hours for special district events to its tenant licensees participating in the district and to the public.
(Ord. No. 19-1, § 1, 1-23-2019)

Sec. 12-10-94. Containers.

Cups for consumption of alcoholic beverages in the outdoor portions of the district shall comply with Ordinance No. 13-118. CHAPTER 11. JUNK DEALERS AND SCRAP METAL PROCESSORS*

ARTICLE A. GENERAL PROVISIONS

Sec. 12-11-1. Findings of fact.

It is hereby found and determined that:

*__Editor's note—__Acts 1957, p. 1112 (Act No. 716) is a local act from the Alabama legislature regulating junk dealers and scrap metal processors in Jefferson County and the municipalities located therein. Although the Act supersedes any municipal ordinances existing at the time of enactment, it does, however, allow a city to enact ordinances regulating this subject matter which are not in conflict with the provisions of the Act. The Act was saved from general repeal and remains in full force and effect through Code of Ala. 1975, § 11-3A-7. Furthermore, Code of Ala. 1975, § 11-3A-2(e) provides that a county may not exercise the powers granted under the local acts saved from repeal inside the corporate limits of any municipality except by contract with the municipality.

__State law reference—__State licensing requirements, Code of Ala. 1975, § 40-12-116.

(1) Damaged, worn out, scrapped, or discarded materials or objects such as, inter alia, automobiles, building materials, machinery, metal, wastepaper, rags, glassware, tinware and other scrap or junk as hereinafter defined may be stored in a dangerous or unsanitary manner in yards or other places within the city;

(2) The places in which damaged, worn out, scrapped, or discarded materials or objects or other scrap or junk are stored, or in the future may be stored, tend to become overgrown with weeds, littered with rubbish and debris and infested with rats, mice, insects, reptiles and other vermin;

(3) Such conditions tend to attract children and endanger their lives and health, spread disease, invite plundering, attract vagrants, create fire hazards and other safety and health hazards, create, extend and aggravate urban blight, interfere with the enjoyment of and reduce the value of private property and interfere with the comfort and well-being of the public;

(4) Thieves and receivers of stolen property frequently attempt to dispose of stolen property by representing it to be legitimately acquired junk or scrap; and

(5) Adequate protection of the public health, safety and welfare requires that the business of handling and dealing with junk and scrap metal be regulated and controlled.

(Code 1964, § 29-1; Code 1980, § 12-11-1)

Sec. 12-11-2. Definitions.

The following words and phrases shall have the following meanings in this chapter:

Automobile graveyard means any establishment or place of business which is maintained, used or operated for storing, keeping, buying or selling wrecked, ruined or dismantled motor vehicles or parts thereof.

Chief of police means the chief of police of the city.

Industrial consumers includes well-established and recognized foundries, mills, smelters, refiners and manufacturers.

Itinerant junk dealer or junk peddler means an individual (natural person) who buys, sells, collects or delivers scrap or junk within the city as a business or employment, but who is not an operator of a junkyard or a scrap metal processor within the city or an employee of such an operator or processor.

Junk dealer includes any person who is engaged in the business of buying and selling scrap or junk who has an established or fixed place of business in the city and who is not a scrap metal processor, as hereinabove defined, and, without limiting the generality of the foregoing, includes any person who maintains or operates an automobile graveyard as herein defined, and any person engaged in the buying or selling of secondhand refrigerators, stoves, washing machines and other appliances, or any parts thereof, which he or she stores or keeps outside of a building or structure.

Junkyard means any establishment or place of business which is maintained, operated or used for storing, keeping, buying or selling junk or scrap, or for the maintenance or operation of an automobile graveyard or the storage outside of a building or structure of secondhand refrigerators, stoves, washing machines or other appliances, or parts thereof, but shall not include the place of business or premises of a "scrap metal processor" as herein defined.

Retail source means any source other than a wholesale source.

Sale or *sell* includes any transfer of possession and the term "purchase" includes any acquisition of possession, whether by sale, barter, gift, bailment or otherwise, but shall not include the leaving of scrap on the yard or premises of a junk dealer or scrap metal processor where payment of the purchase price has not been made but awaits only an inspection or the expiration of the required time interval after notice of intention to make a retail purchase.

Scrap or *junk* includes all metals, whether ferrous or nonferrous, whether in pig or other

form, when sold as scrap, junk or salvage, to or by any junk dealer or scrap metal processor; old cordage, ropes, rags, fibers or fabrics; old rubber; old bottles or other glass, bones, wastepaper and other waste or discarded material which might be prepared to be used again in some form; without limiting the generality of the foregoing, scrap or junk shall include any used or secondhand part of railroad car, street car, locomotive, rails, railroad equipment, railroad journals, knuckle pins, railroad brasses, machinery, plumbing fixtures or parts thereof, building materials, parts of an automobile, bus or motorcycle, gas or electric fixtures or appliances or parts thereof, household hardware, wire, cable, sewer manhole covers, stormwater inlet covers, bearings, valves, pipe fittings or other used or secondhand metal articles sold or delivered as junk or salvage, including motor vehicles to be used for scrap metal or stripping of parts; and secondhand refrigerators, stoves, washing machines and other appliances, or any parts thereof, which are stored or kept outside of a building or structure.

Scrap metal processor includes any person who:

(1) Is engaged in the purchase and sale of scrap;

(2) Regularly purchases scrap in carload lots or other large shipments, directly from wholesale sources (as hereinafter defined) having a value of at least 50 percent of his or her total purchases;

(3) Owns and operates at a fixed or established place of business in the county at least four separate classes of the following enumerated classes of equipment, necessary for the sorting, grading, cutting, preparing, processing and refining of scrap for direct shipment to industrial consumers, such enumerated classes of equipment being: torch, crane, magnet, shears, breaking ball, press, melting pot (furnace or crucible) and railroad siding and loading facilities; and

(4) Has annual gross receipts from the sale of scrap of not less than $100,000.00 a year.

Wholesale source includes scrap metal processors, junk dealers, railroads, mines, well established and recognized industries, public utilities, licensed plumbers, licensed electricians, licensed automobile sales agencies, licensed automobile wreckers, and other licensed and established businesses, federal government installations and agencies, states, counties, municipalities and other public bodies.
(Code 1964, § 29-2; Code 1980, § 12-11-2)

Secs. 12-11-3—12-11-10. Reserved.

ARTICLE B. JUNK DEALERS AND ITINERANT JUNK DEALERS

Sec. 12-11-11. Notice; opportunity and request for inspection.

No junk dealer shall purchase from a retail source any pig iron, railroad material, whether ferrous or nonferrous, cast iron pipe or fittings, tuyere metals, bulldozers, roadscrapers, plumbing fixtures, office equipment, electric motors or any parts of any of the foregoing, without first mailing a notice of intention to purchase, properly addressed to the chief of police at least 48 hours before such proposed sale. Saturdays, Sundays and legal holidays shall be excluded in computing such 48 hours. Such notice shall describe the scrap to be purchased and give the name and address of the proposed seller. In the event that any junk dealer shall have reasonable cause to believe that any person offering any scrap for sale to him or her, whether from a wholesale source or a retail source, is not the lawful owner of such scrap or that such person does not have lawful authority to sell such scrap, he or she shall notify the chief of police and the scrap shall be inspected by a police officer of the city before the junk dealer shall have the right to purchase such scrap. Whether a junk dealer shall have reasonable cause or any cause whatsoever to believe that the person offering any scrap for sale to him or her is not the owner or does not have lawful authority to sell such scrap, he or she may, at his or her option, and without in any way implying any impropriety to the person offering to sell such scrap and with or without the consent of such person, advise the chief of police of the proposed sale, and he or she may also request an inspection thereof by a police officer of the city. No junk dealer shall be liable for

any action taken by a police officer as a result of any such notice or any such inspection provided for in this section.
(Code 1964, § 29-3; Code 1980, § 12-11-11)

Sec. 12-11-12. Purchases which may be made without notice and inspection.

It shall be lawful for any junk dealer to purchase any scrap direct from any wholesale source and also any scrap other than pig iron, aluminum pigs, railroad material, whether ferrous or nonferrous, cast iron pipe or fittings, tuyere metals, bulldozers, roadscrapers, plumbing fixtures, office equipment, electric motors or parts of any of the foregoing, from any retail source, without any prior notice of such purchase to or opportunity to inspect the same by any law enforcement officer except as otherwise provided in the fourth sentence of section 12-11-11.
(Code 1964, § 29-4; Code 1980, § 12-11-12)

Sec. 12-11-13. Record of purchases.

Every junk dealer shall keep a complete record of each purchase of scrap metal or junk, whether from a wholesale source or a retail source. The record shall include a complete description of the scrap or junk purchased, the purchase price, the time when purchased, and the name and address, license number and other available identification of the person from whom purchased. Such record shall be kept on forms approved by the chief of police. Such record shall be retained for at least one year following the date of purchase and shall be available at all reasonable times for inspection by the chief of police or other police officer of the city.
(Code 1964, § 29-5; Code 1980, § 12-11-13)

Sec. 12-11-14. Daily report of purchases.

Every junk dealer who shall purchase any scrap from any retail source shall mail each day to the chief of police a daily report of all purchases made during such day from retail sources and the same information concerning such scrap as is required by section 12-11-13 to be kept as a record.
(Code 1964, § 29-6; Code 1980, § 12-11-14)

Sec. 12-11-15. Sale or other disposition of scrap.

No junk dealer shall sell any scrap purchased from a retail source or permit any of his or her scrap purchased from a retail source to be sold until the expiration of 48 hours after he or she shall have mailed his or her daily report required by section 12-11-14 properly addressed to the chief of police. Saturdays and Sundays and legal holidays shall be excluded in computing such 48-hour notice. It shall be lawful for any junk dealer to sell or otherwise dispose of any scrap to an industrial consumer or to a junk dealer who is licensed by the city or to a scrap metal processor who is licensed by the city, or to sell any article for use for the purpose originally intended though sold as salvage or secondhand merchandise without notice to or the opportunity to inspect the same by any law enforcement officer, except as otherwise provided in case of notice to the chief of police or other law enforcement officer of the city in section 12-11-17.
(Code 1964, § 29-7; Code 1980, § 12-11-15)

Sec. 12-11-16. Melting pot or furnace; melting or alteration of scrap.

It shall be unlawful for any junk dealer to own, possess or operate or cause to be operated, at any junkyard or elsewhere, in connection with any junk business, any melting pot or furnace, or to melt or permit to be melted any scrap or junk purchased by him or her in his or her possession or in his or her junkyard or place of business.
(Code 1964, § 29-8; Code 1980, § 12-11-16)

Sec. 12-11-17. Authority of chief of police to require inspection of scrap prior to sale.

The chief of police shall have authority to prohibit the sale of all or any designated part of the purchases or any designated items of the scrap of any junk dealer purchased by him or her from a retail source or from another junk dealer or scrap metal processor for such reasonable periods not exceeding ten days or until inspection thereof can be made by such chief of police as he or she shall by written notice to such junk dealer prescribe in those cases where the chief of police

shall have reasonable cause to believe that such items have been stolen or sold without authority of the owner thereof. Upon receipt of such written notice any junk dealer shall set aside and hold for such reasonable time as designated or until inspection shall have been completed the scrap therein designated. It shall be the duty of the chief of police to see that scrap so designated for inspection is inspected at the earliest practicable time.
(Code 1964, § 29-9; Code 1980, § 12-11-17)

Sec. 12-11-18. Right of inspection.

The chief of police, or any police officer designated by the chief of police, or any other chief law enforcement officer of the county in which the junk dealer's business is situated, shall have the right to inspect any scrap on the yard or premises of any junk dealer at all reasonable times and if, upon any such inspection, such police officer shall have probable cause to believe that any of such scrap found on such premises is stolen property, it shall be his or her duty to segregate the articles which he or she shall have probable cause to believe are stolen, and it shall thereupon be unlawful for any person to remove the same or dispose of, mutilate, melt, disfigure or interfere with the property so segregated until the lapse of ten days from date of such inspection and not then if within such time it is determined that such scrap is stolen property.
(Code 1964, § 29-10; Code 1980, § 12-11-18)

Sec. 12-11-19. Purchases from minors.

It shall be unlawful for any junk peddler or junk dealer to buy or receive any scrap from any person under the age of 18 years.
(Code 1964, § 29-11; Code 1980, § 12-11-19)

Sec. 12-11-20. Unlawful to buy, sell or possess scrap otherwise than as permitted by chapter.

(a) It shall be unlawful for any junk peddler, junk dealer or itinerant junk dealer, to purchase, buy, obtain, sell or otherwise dispose of any scrap or junk otherwise than as permitted by this chapter.

(b) It shall be unlawful for any junk peddler, junk dealer or itinerant junk dealer to possess any junk or scrap which was obtained by him or her in violation of any provisions of this chapter for which any report relating to such junk or scrap required by this chapter was not made.

(c) It shall be unlawful for any junk dealer or itinerant junk dealer to fail to comply with any requirement prescribed by this chapter to be complied with in the operation of his or her business licensed hereunder or to violate any provision of this chapter relating to the operation of such business.
(Code 1964, § 29-12; Code 1980, § 12-11-20)

Sec. 12-11-21. Business hours.

It shall be unlawful for any person engaged in operating a junkyard or engaged in the business of buying or selling scrap or junk to purchase, sell, barter, exchange, receive or accept delivery of, or deliver any scrap or junk to or from a retail source at any time other than between the hours of 6:00 a.m. and 8:00 p.m.
(Code 1964, § 29-13; Code 1980, § 12-11-21)

Sec. 12-11-22. Concealment.

It shall be unlawful for any junk dealer, or junk peddler, to conceal any scrap or junk in any residence or house or by burying it in the ground or by concealing it in any place whatsoever where the same is not open for inspection; provided that this section shall not be construed to prohibit ordinary safekeeping or storage of items for protection where such items are made available for inspection upon request of a police officer.
(Code 1964, § 29-14; Code 1980, § 12-11-22)

Sec. 12-11-23. Shipping.

It shall be unlawful for any junk dealer or junk peddler to deliver to any railroad, or common carrier for transportation to another city or state or to any point outside of the city, or to transport upon the streets of the city or cause to be transported in or over the streets of the city for such purpose any scrap or junk required to have been inspected under section 12-11-11 unless such scrap or junk shall have been so inspected.
(Code 1964, § 29-15; Code 1980, § 12-11-23)

Sec. 12-11-24. Display of information on vehicles.

It shall be unlawful for any junk dealer or peddler to buy or transport any scrap or junk in any truck, wagon, handcart, hand wagon or other vehicle in the city unless such person shall have printed on such vehicle in large letters of not less than six inches in height, the name of such junk dealer or peddler operating the same and the number of the license of such junk dealer or junk peddler; provided that this section shall not apply to the transportation of motor vehicle parts where made in passenger cars.
(Code 1964, § 29-16; Code 1980, § 12-11-24)

Sec. 12-11-25. Employment of persons under 18.

It shall be unlawful for any junk dealer, or peddler, to employ, apprentice, engage or to suffer, cause or allow any person under the age of 18 years to be employed, apprenticed or engaged to work in his or her junkyard or on his or her junk wagon or other vehicle as driver, buyer or in any other capacity in connection with the junk or scrap metal business.
(Code 1964, § 29-17; Code 1980, § 12-11-25)

Sec. 12-11-26. Public ways.

It shall be unlawful for any junk dealer or junk peddler, or any person operating or in charge of a junkyard or automobile graveyard to store, leave, park or permit any scrap or junk owned by or in the possession of him or her, or it, to be on or open upon any public street, alleyway or other public property in the city.
(Code 1964, § 29-18; Code 1980, § 12-11-26)

Sec. 12-11-27. License—Required.

(a) It shall be unlawful for any person to act as a junk dealer or operate a junkyard in the city whether personally, by agents or employees, singly, or along with some other business or enterprise, without first having obtained a license therefor from the council in accordance with the provisions of this article. A junk dealer or other person who operates more than one junkyard within the city shall be required to have in effect a separate license for each yard.

(b) It shall be unlawful for any individual to act as an itinerant junk dealer in the city without first having obtained a license therefor from the council in accordance with this article.
(Code 1964, § 29-19; Code 1980, § 12-11-27)

Sec. 12-11-28. Same—Application.

An applicant for a license under this article shall file with the city clerk a written application signed by himself or herself, if an individual; by all partners, if a partnership; and by the president or chief officer of a corporation or other organization, if a corporation or other organization, upon forms provided by the city clerk, together with six copies of such application. The application shall be sworn to by each of its signers before a notary public or other officer authorized by law to administer oaths and shall include the following information and materials:

(1) *Junk dealer applications.*

a. Name, residence address and telephone number of each individual owner, partner, or, if a corporation or other organization, each officer and director.

b. Trade names used during the previous five years by the applicant and each person signing the application, along with the locations of prior establishments.

c. Names and addresses of employers of each person signing the application during the previous five years.

d. The trade name and address of the business on behalf of which application is made and its telephone number, if assigned.

e. The name, residence address and telephone number of each person employed or intended to be employed in the business as of the time the application is filed.

f. Exact address or location of the place where the business is or is proposed to be carried on, plus a sketch of the actual premises to be used in connection with the business, giving dis-

tances in feet and showing adjoining roads, property lines, buildings and uses.

g. A description of the materials with which any buildings to be used in connection with the licensed business are, or are to be made; a sketch giving distances, showing the location of such buildings on the business premises; and a diagram or plan giving distances and heights, showing floors, exits, entrances, windows, ventilators and walls. Such sketch and description of materials shall also show and describe the location of the fence or wall surrounding or to surround the junkyard (if a junkyard is to be operated), its height, type of construction and the materials of which constructed or to be constructed.

h. Such other information as the city clerk, the chief of police, the fire chief, the health officer or the chief of inspection services shall find reasonably necessary to effectuate the purposes of this chapter and to enable the council to arrive at a fair determination of whether or not such license should be granted.

(2) *Itinerant junk dealer applications.*

a. Name, residence address and telephone number.

b. Trade names and exact locations and descriptions of any businesses operated by applicant presently and during the past five years.

c. Names and addresses of employees of applicant presently and during the past five years.

d. Names and addresses of two persons, residents of the county other than employees or relatives, who know the applicant personally.

e. A statement as to whether or not the applicant has been convicted of any crime, misdemeanor or violation of any municipal ordinance; the nature of the offense, the date of its commission; and the punishment or penalty assessed therefor.

f. A photograph of the applicant, taken within 60 days immediately prior to the date of the filing of the application, which shall be two inches by two inches showing the head and shoulders of the applicant in a clear and distinguishing manner.

g. Trade name, business address and telephone number of applicant or any employee of applicant in connection with his or her activities as an itinerant junk dealer; and a description of such activities.

h. Such other information as the city clerk or chief of police shall find reasonably necessary to effectuate the purposes of this chapter and to enable the council to arrive at a fair determination of whether or not such license should be granted.

(Code 1964, § 29-20; Code 1980, § 12-11-28)

Sec. 12-11-29. Investigation, approval and issuance of license—Junk dealers.

(a) Upon receipt of an application for a junk dealer's license as provided for herein, the city clerk shall furnish a copy of such application to the chief of police, the chief of inspection services, the health officer and the fire and rescue chief for their recommendations.

(b) The chief of police shall recommend the approval of the application only if he or she finds that the applicant's business responsibility and moral character are satisfactory and that all agents or officers of applicant, if any, who will take part in the operation of such business are of good character and reputation and capable of operating the business in a manner consistent with public health, safety and good morals.

(c) The chief of inspection services shall recommend the approval of the application only if he or she finds that any proposed or existing buildings

or equipment with which the junkyard is being or is to be operated conform to the requirements of the building code, the requirements of this chapter and other applicable codes and ordinances of the city and laws of the state and also that such business is or will be situated in an area or district of the city which is zoned so as to permit the operation of a junkyard therein.

(d) The health officer shall recommend approval of the application only if he or she finds that the proposed or existing premises and equipment conform to the requirements of this chapter and all applicable health laws, ordinances and regulations.

(e) The fire and rescue chief shall recommend approval of the application only if he or she finds that the proposed or existing premises and equipment conform to the requirements of this chapter and all applicable fire prevention laws, ordinances, codes and regulations.

(f) The chief of police, chief of inspection services, health officer and fire and rescue chief shall within a reasonable time after receipt of an application, but not in excess of 30 days, each make their recommendation in writing to the city clerk, together with the findings upon which such recommendation is based.

(g) Upon receipt of all such recommendations, the city clerk shall submit the application, together with such recommendations to the council. The council shall set a public hearing to be held on such application before the council at a regular or special meeting to be held within 45 days after submission of the application to the council by the city clerk. The city clerk shall notify the applicant of the time and place of such public hearing. The council may, however, prior to such public hearing, upon written request therefor, grant a temporary junk dealer's permit for a term of 30 days, but in no event to extend beyond any denial by the council of an application for a regular junk dealer's license, as provided for in this section.

(h) At such public hearing or any adjournment thereof, the council shall hear any person who desires to be heard on any issue relevant to the granting or refusal of the license applied for.

(i) After such hearing the council may at such meeting or any other regular or special meeting consider such application, the recommendations required to be submitted to it, relevant evidence offered by any party at the public hearing, including the applicant and such other information and knowledge it may have bearing upon such application and if it determines that the applicant's business responsibility and moral character are satisfactory and that all agents or officers of applicant, if any, who will take part in the operation of such business are of good character and reputation and capable of operating the business in a manner consistent with public health, safety and good morals and the operation of such business will be in accordance with and in compliance with the requirements of this chapter and all other applicable laws, ordinances, codes and regulations of the city, county board of health, and the state, then in such event it shall grant such application, otherwise the application shall be denied. In the granting or refusal of such application the council shall be deemed to act in a judicial capacity.
(Code 1964, § 29-21; Code 1980, § 12-11-29; Ord. No. 03-24, 2-25-2003)

Sec. 12-11-30. Same—Itinerant junk dealers.

(a) Upon receipt of an application for an itinerant junk dealer's license as provided for herein the city clerk shall furnish a copy of the same to the chief of police who shall cause an investigation to be made of the applicant's business responsibility and moral character within 30 days after receipt of such application make a recommendation in writing to the city clerk, together with his or her findings upon which such recommendation is based.

(b) Upon receipt of the recommendation of the chief of police as to an application for an itinerant junk dealer's license, the city clerk shall submit the same to the council and the council shall set and hold a public hearing thereon, all within the time periods and as prescribed for a junk dealer's license under section 12-11-29.

(c) After the public hearing on an application for an itinerant junk dealer's license, the council may at such meeting or any other regular or

special meeting consider such application, the recommendations required to be submitted to it, relevant evidence offered by any party at the public hearing including the applicant and such other information and knowledge it may have bearing on such application and if it determines that the applicant's business responsibility and moral character are satisfactory and that the operation of such business will be in accordance with and in compliance with the requirements of this chapter, and all other applicable laws, ordinances, codes and regulations of the city, county board of health and the state and otherwise in a safe manner and so as not to become a nuisance or street obstruction, then in such event it shall grant such application, otherwise the application shall be denied. In granting or refusing such application, the council shall be deemed to act in a judicial capacity.
(Code 1964, § 29-22; Code 1980, § 12-11-30)

Sec. 12-11-31. License—Period.

(a) The applications provided for in this article shall be sufficient to cover the license in question from year to year, unless the council shall have reasonable cause to believe that the conditions found upon the last application shall have changed, in which event the council may, by resolution, require such applicant or licensee to present a new application to be considered by the council under the same requirements as an original application and either granted or refused under the same provisions as applicable to an original application.

(b) Failure of a licensee to present a new application as required hereunder within 30 days after demanded to do so by the council shall have the effect of terminating the license theretofore granted by the council or any predecessor governing body. Denial by the council of any such new application shall have the effect of terminating as of 30 days after the date of such denial the existing license theretofore granted by the council or any predecessor governing body of the city.
(Code 1964, § 29-23; Code 1980, § 12-11-31)

Sec. 12-11-32. Same—Bond required; tax.

(a) Before any license is issued to operate a junkyard or otherwise to a junk dealer, the operator of such yard or place shall execute a bond payable to the city in the penal sum of $5,000.00 with two or more good and sufficient personal sureties, or in lieu of such personal sureties, a surety company authorized to do business in the state, conditioned to pay to the owner such sums as shall be necessary to replace, in its pre-theft condition, any property which may be stolen from such owner and which the operator of such junkyard or other place may purchase or receive contrary to or in violation of any provision of this chapter or any other law of the city or the state.

(b) Each such applicant shall pay to the director of finance, for the use of the city, a license tax for the privilege of engaging in such business in the amount specified in the then-current license code and shall each year thereafter pay to the director of finance such amount as is specified for such business in the then-current license code so long as his or her license is in effect.
(Code 1964, § 29-24; Code 1980, § 12-11-32)

Sec. 12-11-33. Same—Issuance and form.

Whenever the council shall have approved the grant of a license under this article and upon presentation to the city clerk of the bond provided in section 12-11-32, the director of finance, upon payment of the sum so fixed, shall issue to such person a license on which shall be stamped a provision that the license shall be subject to revocation in the event of the conviction of the licensee of buying, receiving or concealing stolen property.
(Code 1964, § 29-25; Code 1980, § 12-11-33)

Sec. 12-11-34. Effect of conviction of licensee, etc., for violation of chapter.

Upon the conviction of any junk dealer or junk peddler licensed under this article in the municipal court or any other court of the state of the offense of buying, receiving or concealing stolen property, the license issued to such person may be canceled and annulled after notice and hearing before the council. The conviction in the municipal court of any junk dealer or junk peddler, licensed under this article or of any agent, servant or employee of such licensee while such servant, agent or employee was acting within the line and scope of his or her employment in the

licensee's business, for the violation of any of the provisions of this chapter, shall be cause, after due notice from and hearing before the council, to cancel and annul the license issued to such junk dealer or junk peddler.
(Code 1964, § 29-26; Code 1980, § 12-11-34)

Sec. 12-11-35. License nontransferable.

No license issued under this article shall be transferred or assigned or used by any person other than the one to whom it was issued and no junk dealer's license shall be used at any location other than the one described in the application upon which it was issued.
(Code 1964, § 29-27; Code 1980, § 12-11-35)

Sec. 12-11-36. General operating requirements.

(a) In addition to any other provision or provisions of this chapter, the following general operating requirements shall apply to all junk dealers licensed under this article:

(1) The license issued pursuant to this article shall be plainly displayed on the business premises.

(2) The junkyard, together with things kept therein, shall at all times be maintained in a sanitary condition.

(3) No space not covered by the license shall be used in the licensed business.

(4) No water shall be allowed to stand in any place on the premises, in such manner as to afford a breeding place for mosquitoes.

(5) Weeds and vegetation on the premises, other than trees and cultivated shrubs shall be kept at a height of not more than four inches.

(6) No garbage or other waste liable to give off a foul odor or attract vermin shall be kept on the premises other than in garbage cans or containers meeting the requirements of this Code; nor shall any other refuse of any kind be kept on the premises, unless such refuse is junk or scrap as defined herein and is in use in the licensed business.

(7) No scrap or junk shall be allowed to rest upon or protrude over any public street, walkway or curb or become scattered or blown off the business premises.

(8) Scrap or junk shall be stored so as to permit easy access to all such scrap or junk for firefighting purposes.

(9) No combustible material of any kind not necessary or beneficial to the licensed business shall be kept on the premises nor shall the premises be allowed to become a fire hazard.

(10) Gasoline shall be removed and kept free from any scrapped engines or vehicles on the premises.

(11) No junk or other material shall be burned on the premises in any incinerator not meeting the requirements of the building code and the fire prevention code and other applicable ordinances of the city; and no junk or other material shall be burned on the premises in the open except in accordance with and as permitted by the code and ordinances of the city relating to fire prevention.

(12) No noisy processing of scrap or junk or other noisy activity shall be carried on in connection with the licensed business on Sunday, Christmas Day, Thanksgiving Day or at any time between the hours of 6:00 p.m. and 7:00 a.m.

(13) Every junkyard where scrap or junk is kept (other than indoors) shall be enclosed, except for entrances and exits with a solid or otherwise nontransparent, vertical wall or fence of a minimum height of eight feet measured from ground level. Entrances and exits shall not be wider or more numerous than reasonably necessary for the conduct of the licensed business; provided that the council may waive or modify the requirement of this subsection when it finds as to a particular junkyard that:

a. It is or will be adequately screened by natural objects, plantings, fences or other appropriate means so as not

to be visible from adjacent public ways opened to travel and there is no adjacent residentially occupied land; or

b. A fence of less than eight feet in height or of a different type of construction at a particular location will adequately screen the junkyard so as not to be visible from adjacent public ways open to travel and will be adequate to discourage trespasses by children and vagrants and ingress and egress thereto and therefrom by rats, mice, reptiles and other vermin; and provided further that the council may waive the requirements for a fence along a railroad right-of-way when it finds that to require such fence at the particular location is not reasonably necessary to further the purposes of this subsection.

(14) The licensee shall permit at any reasonable time inspection of the business premises by the chief of police, any police officer of the city and by any other officer or employee of the city authorized by the mayor to make any such inspection.

(15) No junkyard shall be allowed to become a nuisance; nor shall any junkyard be operated in such a manner as to become injurious to the health, safety or welfare of the community or any residents close by.

(b) In addition to any other provision or provisions of this chapter, the following general operating requirements shall apply to all itinerant junk dealers licensed under this article:

(1) The licensee shall have the license issued to him or her under this article in his or her immediate possession at all times when he or she is acting as an itinerant junk dealer in the city and shall exhibit it to any person upon request.

(2) He or she shall not purchase or receive any scrap or junk from any person under the age of 19 years.

(3) He or she shall record in English in a permanent type register each acquisition of scrap or junk within the city, giving the name and residence address of the person from whom the acquisition was made, a description of the scrap or junk acquired and report such acquisition together with the above information to the chief of police within 12 hours after such acquisition.

(4) In the acquisition of scrap or junk by purchase or otherwise and in the sale or other disposal thereof an itinerant junk dealer shall observe and comply with each and every provision of this chapter which would be applicable to such acquisition or disposal had such been made by a junk dealer instead of an itinerant junk dealer.

(Code 1964, § 29-28; Code 1980, § 12-11-36)

Sec. 12-11-37. Revocation and suspension of license.

In addition to any other provision of this article providing for the termination, cancellation or invalidation of any license issued hereunder when the council determines that the public interest so requires, it shall revoke or suspend the license of any junk dealer or itinerant junk dealer if it finds, after due investigation, that:

(1) The junk dealer, or any agent or officer of such dealer who takes part in the operation of the licensed business, or the itinerant junk dealer is not of good character or reputation or is not capable of operating the licensed business or carrying on the licensed activity in a manner consistent with public health, safety and good morals;

(2) The junk dealer has failed to comply with the provisions of this chapter or any provision of law applicable to the premises, equipment or operation of the licensed business or the itinerant junk dealer has failed to comply with any provision of this chapter or any provision of law applicable to his or her equipment or licensed operations;

(3) The licensee has obtained his or her license through any fraud or misstatement;

(4) The licensed business or activity is being conducted in a manner detrimental to the health, safety or general welfare of the public, or is a nuisance, or is being operated or carried on in any unlawful manner; or

(5) The licensed business or activity is no longer being operated or carried on.

(Code 1964, § 29-29; Code 1980, § 12-11-37)

Secs. 12-11-38—12-11-50. Reserved.

ARTICLE C. SCRAP METAL PROCESSORS

Sec. 12-11-51. Findings of fact.

It is hereby found and determined that:

(1) The business of acquiring, grading, cutting, preparing, processing and refining scrap metal for industrial consumption by scrap metal processors (as herein defined), has become one of the important businesses in the city, conducted in the same manner as other large businesses and with the same necessity for accurate business records and prompt decisions and actions;

(2) Persons qualifying as scrap metal processors are engaged in an essential business, important in our economy and necessary for the manufacture of important industrial products;

(3) Scrap metal processors conduct their business and affairs in a manner different from that of junk dealers and automobile wrecking yards; and

(4) Adequate protection of the public health, safety and welfare requires that the business of handling and dealing with scrap metal be regulated and controlled.

(Code 1964, § 29-31; Code 1980, § 12-11-51)

Sec. 12-11-52. Notice, opportunity and request for inspection.

No scrap metal processor shall purchase from a retail source any pig iron, railroad material, whether ferrous or nonferrous, cast iron pipe or fittings, tuyere metals, bulldozers, roadscrapers, plumbing fixtures, office equipment, electric motors or any parts of any of the foregoing, without first mailing a notice of intention to purchase properly addressed to the chief of police or other chief law enforcement officer of the city at least 48 hours before such proposed sale. Saturdays, Sundays and legal holidays shall be excluded in computing such 48 hours. Such notice shall describe the scrap to be purchased and give the name and address of the proposed seller. In the event that any scrap metal processor shall have reasonable cause to believe that any person offering any scrap for sale to him or her, whether from a wholesale source or a retail source, is not the lawful owner of such scrap or that such person does not have the lawful authority to sell such scrap, he or she shall notify the chief of police or other chief law enforcement officer of the city and the scrap shall be inspected by a police officer of the city before the scrap metal processor shall have the right to purchase such scrap. Whether a scrap metal processor shall have reasonable cause or any cause whatsoever to believe that the person offering any scrap for sale to him or her is not the owner or does not have lawful authority to sell such scrap, he or she may, at his or her option, and without in any way implying any impropriety to the person offering to sell such scrap and with or without the consent of such person, advise the chief of police or other chief law enforcement officer of the city of the proposed sale, and he or she may also request an inspection thereof by a police officer of the city. No scrap metal processor shall be liable for any action taken by a police officer as a result of any such notice or any such inspection provided for in this section.

(Code 1964, § 29-32; Code 1980, § 12-11-52)

Sec. 12-11-53. Purchases which may be made without notice and inspection.

It shall be lawful for any scrap metal processor to purchase any scrap direct from any wholesale

source and also any scrap other than pig iron, aluminum pigs, railroad material, whether ferrous or nonferrous, cast iron pipe or fittings, tuyere metals, bulldozers, roadscrapers, plumbing fixtures, office equipment, electric motors or parts of any of the foregoing, from any retail source without any prior notice of such purchase to, or opportunity to inspect the same by any law enforcement officer except as otherwise provided in the fourth sentence of section 12-11-52.
(Code 1964, § 29-33; Code 1980, § 12-11-53)

Sec. 12-11-54. Record of purchases.

Every scrap metal processor shall keep a complete record of each purchase of scrap metal, whether from a wholesale source or a retail source. The record shall include a complete description of the scrap purchased, the purchase price, the time when purchased, and the name and address, license number and other available identification of the person from whom purchased. Such record shall be kept on forms approved by the chief of police or other chief law enforcement officer of the city. Such record shall be retained for at least one year following the date of purchase and shall be available at all reasonable times for inspection by the chief of police or other police officer of the city authorized by the chief of police.
(Code 1964, § 29-34; Code 1980, § 12-11-54)

Sec. 12-11-55. Daily report of purchases.

Every scrap metal processor who shall purchase any scrap from any retail source shall mail to the chief of police a daily report of all purchases from retail sources and the same information concerning such scrap as is required by section 12-11-54 to be kept as a record.
(Code 1964, § 29-35; Code 1980, § 12-11-55)

Sec. 12-11-56. Sale or other disposition of scrap.

No scrap metal processor shall sell any scrap purchased from a retail source or permit any of his or her scrap purchased from a retail source to be sold until the expiration of 48 hours after he or she shall have mailed his or her daily report required by section 12-11-55 properly addressed to the chief of police. Saturdays and Sundays and legal holidays shall be excluded in computing such 48-hour notice. It shall be lawful for any scrap metal processor to sell or otherwise dispose of any scrap to an industrial consumer, or to a scrap metal processor who is licensed by the city or to a junk dealer who is licensed by the city, or to sell any article for use for the purpose originally intended though sold as salvage or secondhand merchandise without notice to or the opportunity to inspect the same by any law enforcement officer, except as otherwise provided in cases of notice by the chief of police in section 12-11-58.
(Code 1964, § 29-36; Code 1980, § 12-11-56)

Sec. 12-11-57. Melting pot or furnace; melting or alteration of scrap.

It shall be lawful for any scrap metal processor to own or operate as a part of his or her processing equipment any melting pot, furnace or crucible. No scrap metal processor shall melt, alter, change or deface or permit to be melted, altered, changed or defaced any scrap purchased from a retail source until the expiration of 48 hours after he or she shall have mailed his or her daily report required by section 12-11-55, properly addressed to the chief of police. Saturdays, Sundays and legal holidays shall be excluded in computing such 48 hours. No notice of or waiting period for any such melting, alteration, change or defacement by a scrap metal processor of scrap purchased from a wholesale source shall, however, be required.
(Code 1964, § 29-37; Code 1980, § 12-11-57)

Sec. 12-11-58. Authority of chief of police to require inspection of scrap prior to sale.

The chief of police shall have authority to prohibit the sale of all or any designated part of the purchases or any designated items of the scrap of any scrap metal processor purchased by him or her from a retail source or from another scrap metal processor or from a junk dealer for such reasonable periods not exceeding ten days or until inspection thereof can be made by such chief of police as he or she shall by written notice to such scrap metal processor prescribe, in those cases where the chief of police shall have reasonable cause to believe that such items have been

stolen or sold without authority of the owner thereof. Upon receipt of such written notice any scrap metal processor shall set aside and hold for such reasonable time as designated or until inspection shall have been completed the scrap therein designated. It shall be the duty of the chief of police to see that scrap so designated for inspection is inspected at the earliest practicable time.
(Code 1964, § 29-38; Code 1980, § 12-11-58)

Sec. 12-11-59. Right of inspection.

The chief of police, any police officer designated by the chief of police, or any other chief law enforcement officer of the county in which the scrap metal processor's is situated, shall have the right to inspect any scrap in the yard or premises of any scrap metal processor at all reasonable times.
(Code 1964, § 29-39; Code 1980, § 12-11-59)

Sec. 12-11-60. Purchases from minors.

It shall be unlawful for any scrap metal processor to buy or receive any scrap from any person under the age of 18 years.
(Code 1964, § 29-40; Code 1980, § 12-11-60)

Sec. 12-11-61. Stolen property.

If upon any inspection the inspecting officer shall have reasonable cause to believe that any of the material inspected is stolen property, it shall be his or her duty to segregate the articles which he or she shall have probable cause to believe are stolen and it shall thereupon be unlawful for any person to remove the same or dispose of, mutilate, melt, disfigure or interfere with the property so segregated until the lapse of ten days from the date of such inspection and not then if within such time it is determined that such scrap is stolen property.
(Code 1964, § 29-41; Code 1980, § 12-11-61)

Sec. 12-11-62. Business hours.

It shall be unlawful for any person engaged in operating a scrap metal processing yard or engaged in the business of buying or selling scrap to purchase, sell, barter, exchange, receive or accept delivery of or deliver any scrap to or from a retail source at any time other than between the hours of 6:00 a.m. and 8:00 p.m.
(Code 1964, § 29-42; Code 1980, § 12-11-62)

Sec. 12-11-63. Concealment.

It shall be unlawful for any scrap metal processor to conceal any scrap as is described in this chapter in any residence or house or by burying it in the ground or in any other place where the same is not open for inspection; provided that this section shall not be construed to prohibit ordinary safekeeping of items for protection where such items are made available for inspection upon request of a police officer.
(Code 1964, § 29-43; Code 1980, § 12-11-63)

Sec. 12-11-64. Foundries.

It shall be unlawful for any person operating a brass or copper foundry or any machine shop or foundry or furnace to place in any such furnace or in a melting pot to be melted and disfigured, rendered unrecognizable or more difficult of identification, any scrap purchased from a retail source unless such person shall have complied with the requirements of sections 12-11-52, 12-11-54, 12-11-55, 12-11-56, 12-11-58, 12-11-59, 12-11-60 and 12-11-61; and the chief of police or any police officer shall have the right to enter at any reasonable time any such brass or copper foundry, machine shop, foundry or furnace and the premises used in connection therewith for the purpose of inspecting any scrap located on such premises, and if, upon any such inspection, such police officer shall have probable cause to believe that any of such scrap found on such premises is stolen property, it shall be his or her duty to segregate the articles which he or she shall have probable cause to believe are stolen, and it shall thereupon be unlawful for any person to remove the same or dispose of, mutilate, melt, disfigure or interfere with the property so segregated until the lapse of ten days from date of such inspection and not then if within such time it is determined that such scrap is stolen property.
(Code 1964, § 29-44; Code 1980, § 12-11-64)

Sec. 12-11-65. License—Required.

It shall be unlawful for any person to engage in the business of a scrap metal processor in the city without obtaining a license therefor from the council in accordance with the provisions of this article.
(Code 1964, § 29-45; Code 1980, § 12-11-65)

Sec. 12-11-66. Same—Application.

An applicant for a license under this article shall file with the city clerk a written application signed by himself or herself, if an individual; by all partners. if a partnership; and by the president or chief officer of a corporation or other organization, if a corporation or other organization, upon forms provided by the city clerk, together with six copies of such application. The application shall be sworn to by each of its signers before a notary public or other officer authorized by law to administer oaths and shall include the following information or materials:

(1) Name, residence address, and telephone number of each individual owner, partner or, if a corporation or other organization, each officer and director.

(2) Trade names used during the previous five years by the applicant and each person signing the application, along with the locations of prior establishments.

(3) Names and addresses of employers of each person signing the application during the previous five years.

(4) The trade name and address of the business on behalf of which application is made and its telephone number, if assigned.

(5) The name, residence address and telephone number of each person employed or intended to be employed in the business as of the time the application is filed.

(6) Exact address or location of the place where the business is or is proposed to be carried on, plus a sketch of the actual premises to be used in connection with the business, giving distances in feet and showing adjoining roads, property lines, buildings and uses.

(7) A description of the materials with which any buildings to be used in connection with the licensed business are, or are to be made; a sketch giving distances, showing the location of such buildings on the business premises; and a diagram or plan giving distances and heights, showing floors, exits, entrances, windows, ventilators and walls. Such sketch and description of materials shall also show and describe the location of the fence or wall surrounding or to surround the junkyard or automobile wrecking yard (if a junkyard is to be operated), its height, type of construction and the materials of which constructed or to be constructed.

(8) Such other information as the city clerk, the chief of police, the fire and rescue chief, the health officer or the chief of inspection services shall find reasonably necessary to effectuate the purposes of this chapter and to enable the council to arrive at a fair determination of whether or not such license should be granted.

(Code 1964, § 29-46; Code 1980, § 12-11-66)

Sec. 12-11-67. Same—Investigation, approval and issuance.

(a) Upon receipt of an application for a scrap metal processor's license as provided for herein the city clerk shall furnish a copy of such application to the chief of police, the chief of inspection services, the health officer and the fire and rescue chief for their recommendations.

(b) The chief of police shall recommend the approval of the application only if he or she finds the applicant's business responsibility and moral character are satisfactory and that all agents or officers of applicant, if any, who will take part in the operation of such business are of good character and reputation.

(c) The chief of inspection services shall recommend the approval of the application only if he or she finds that any proposed or existing buildings or equipment with which the scrap yard is being

or is to be operated conform to the requirements of the building code, the requirements of this chapter and other applicable codes and ordinances of the city and laws of the state and also that such business is or will be situated in an area or district of the city which is zoned so as to permit the operation of a scrap yard therein.

(d) The health officer shall recommend approval of the application only if he or she finds that the proposed or existing premises and equipment conform to the requirements of this chapter and all applicable health laws, ordinances and regulations.

(e) The fire and rescue chief shall recommend approval of the application only if he or she finds that the proposed or existing premises and equipment conform to the requirements of this chapter and all applicable fire prevention laws, ordinances, codes and regulations.

(f) The chief of police, chief of inspection services, health officer and fire and rescue chief shall within a reasonable time after receipt of an application, but not in excess 30 days, each make their recommendation in writing to the city clerk, together with the findings upon which such recommendation is based.

(g) Upon receipt of all of such recommendations, the city clerk shall submit the application, together with such recommendation, to the council. The council shall set a public hearing to be held on such application before the council at a regular or special meeting to be held within 21 days after submission of the application to the council by the city clerk. The city clerk shall notify the applicant of the time and place of such public hearing.

(h) At such public hearing or any adjournment thereof, the council shall hear any person who desires to be heard on any issue relevant to the granting or refusal of the license applied for.

(i) After such hearing the council may at such meeting or any other regular or special meeting consider such application, the recommendations required to be submitted to it, relevant evidence offered by any party at the public hearing, including the applicant and such other information and knowledge it may have bearing upon such application and if it determines that the applicant's business responsibility and moral character are satisfactory and that all agents or officers of applicant, if any, who will take part in the operation of such business are of good character and reputation, and capable of operating the business in a manner consistent with public health, safety and good morals and the operation of such business will be in accordance with and in compliance with the requirements of this chapter and all other applicable laws, ordinances, codes and regulations of the city, county board of health, and the state, then in such event it shall grant such application; otherwise, the application shall be denied. In the granting or refusal of such application, the council shall be deemed to act in a judicial capacity.
(Code 1964, § 29-47; Code 1980, § 12-11-67)

Sec. 12-11-68. Same—Term.

(a) The application provided for in this article shall be sufficient to cover the license in question until the council shall have reasonable cause to believe that the conditions found upon the last application shall have changed, in which event the council may, by resolution, require such applicant or licensee to present a new application to be considered by the council under the same requirements as an original application and either granted or refused under the same provisions as are applicable to an original application.

(b) Failure of a licensee to present a new application as required hereunder within 30 days after demanded to do so by the council shall have the effect of terminating the license theretofore granted by the council or any predecessor governing body. Denial by the council of any such new application shall have the effect of terminating as of 30 days after the date of such denial the existing license theretofore granted by the council, or any predecessor governing body of the city.
(Code 1964, § 29-48; Code 1980, § 12-11-68)

Sec. 12-11-69. Same—Payment of license tax.

Each such applicant shall pay to the director of finance, for the use of the city, a license tax for the privilege of engaging in such business in the amount specified in the then current license code

and shall each year thereafter pay to the director of finance such amount as is specified for such business in the then current license code so long as his or her license is in effect.
(Code 1964, § 29-49; Code 1980, § 12-11-69)

Sec. 12-11-70. Same—Issuance; form.

Whenever the council shall have determined to grant a license as authorized by this article, the director of finance, upon payment of the sum so fixed, shall issue to such person a license.
(Code 1964, § 29-50; Code 1980, § 12-11-70)

Sec. 12-11-71. Same—Effect of conviction of licensee, etc., for violation of chapter.

Upon the conviction of any scrap metal processor licensed under this article in the municipal court or any other court of the state of the offense of buying, receiving or concealing stolen property, the license issued to such person may be canceled and annulled after notice and hearing before the council. The conviction in the municipal court of a scrap metal processor licensed under this article, or of any agent, servant or employee of such licensee while such servant, agent or employee was acting within the line and scope of his or her employment in the licensee's business, for the violation of any of the provisions of this chapter, may be cause, after due notice from and hearing before the council to cancel and annul the license issued to such scrap metal processor.
(Code 1964, § 29-51; Code 1980, § 12-11-71)

Sec. 12-11-72. Same—Nontransferable.

No license issued under this article shall be transferred or assigned or used by any person other than the one to whom it was issued and no scrap metal processor's license shall be used at any location other than the one described in the application upon which it was issued.
(Code 1964, § 29-52; Code 1980, § 12-11-72)

Sec. 12-11-73. Same—Presently operating scrap metal processors.

Any scrap metal processor as herein defined who was operating a scrap metal processing business within the city on and prior to August 1, 1969, shall be granted a license by the city without complying with the provisions of sections 12-11-66 and 12-11-67; however, such scrap metal processor shall abide by and comply with all other applicable provisions of this chapter and such license may be revoked by the council as if such license were granted under sections 12-11-66 and 12-11-67.
(Code 1964, § 29-53; Code 1980, § 12-11-73)

CHAPTER 12. MASSAGE PARLORS*

ARTICLE A. GENERAL PROVISIONS

Sec. 12-12-1. "Massage parlor" defined.

For the purposes of this chapter, a "massage parlor" is hereby defined to mean any building, room, place or establishment other than a regularly licensed hospital, clinic or dispensary, where nonmedical, nonsurgical, nonosteopathic or nonchiropractic manipulative exercises, massages or procedures are practiced upon the human body or any part thereof for other than cosmetic or beautifying purposes, with or without the use of mechanical or other devices, by anyone not a physician, surgeon, osteopath, chiropractor, nurse or other person of a similarly registered status.
(Code 1964, § 31A-1; Code 1980, § 12-12-1)

Sec. 12-12-2. Display of sign.

Every massage parlor shall display a legible sign not larger than permitted by the city zoning ordinance, upon which sign the words "licensed masseur" or "licensed masseuse" or both shall conspicuously appear thereon. Such sign shall contain letters no less than three inches in height and shall be displayed in such a manner that the words "licensed masseur" or "licensed masseuse"

*__State law references__—Alabama Massage Therapy Licensure Act, Code of Ala. 1975, § 34-43-1 et seq.; municipality has power to enact local regulations regarding zoning and occupational license tax regarding massage therapists and massage therapy establishments as long as regulations are not inconsistent with the Act, Code of Ala. 1975, § 34-43-19.

may be readily observed or read by persons upon entering the premises occupied by any massage parlor.
(Code 1964, § 31A-2; Code 1980, § 12-12-2)

Sec. 12-12-3. Compliance with specifications of license.

(a) No massage parlor shall operate under any name or conduct its operation under any designation not specified in its license issued by the city in accordance with this chapter.

(b) No massage shall be administered or applied by any masseur or masseuse licensed hereunder except upon the premises of the regular place of business for which a license to operate a massage parlor has been duly issued by the city.
(Code 1964, § 31A-3; Code 1980, § 12-12-3)

Sec. 12-12-4. Compliance with health regulations and inspections.

Any massage parlor licensed under the provisions of this chapter shall at all times comply with all health regulations, rules and requirements as shall now or hereafter be promulgated by the county department of health. Any premises used for the purposes of a massage parlor shall during all hours of operation be made open and available to inspection by the county department of health for the purpose of assuring compliance with such health rules, regulations and requirements.
(Code 1964, § 31A-4; Code 1980, § 12-12-4)

Sec. 12-12-5. Cleanliness.

(a) No towels, wash cloths or other linen items that have not been boiled and laundered since last used shall come in contact with the body or any part thereof of any customer or patron at a massage parlor.

(b) Every person applying or administering massages shall cleanse his or her hands thoroughly by washing same with soap and hot water before attending or massaging any person.

(c) Any person while applying or administering massages shall be clothed from the shoulders to the knees by a robe, smock or other opaque apparel so that the person of the customer shall be protected from bodily contact with the person applying or administering the massage except for the hands and arms of such person applying or administering such massage.

(d) Any massage parlor licensed pursuant to this chapter shall be equipped with running hot and cold water and with all appliances, furnishings and materials as may be necessary to enable persons employed in and about such massage parlor to comply with the provisions of this chapter.
(Code 1964, § 31A-5; Code 1980, § 12-12-5)

Sec. 12-12-6. Employees having prior conviction for prostitution.

It shall be a violation of this chapter for any licensee hereunder to employ any operator, attendant, masseur, masseuse or other employee to perform or administer massages who has within the past 24 months been convicted for prostitution.
(Code 1964, § 31A-6; Code 1980, § 12-12-6)

Sec. 12-12-7. Manner of administering massages generally.

No masseur, masseuse or other employee or attendant in any massage parlor shall apply or administer any massage or other treatment to any person behind locked doors nor shall he or she at any time massage, manipulate, fondle or otherwise touch or have physical contact with the genitals or private parts of any patron, client or other person in any massage parlor. No customer, patron, client or other person shall at any time while in any massage parlor disrobe completely or become nude or expose his or her genitals or buttocks while in the presence of any other person of either sex.
(Code 1964, § 31A-7; Code 1980, § 12-12-7)

Sec. 12-12-8. Use as dormitory.

No massage parlor shall be used as and for a dormitory or place of sleep nor shall any licensee under this chapter permit any massage parlor to be so used.
(Code 1964, § 31A-8; Code 1980, § 12-12-8)

Secs. 12-12-9—12-12-20. Reserved.

ARTICLE B. LICENSES

Sec. 12-12-21. Health examinations.

No applicant for a license to conduct or operate a massage parlor nor any applicant for a masseur or masseuse license as hereinafter required shall be granted same unless he or she shall first present for inspection to the city a written verification by a licensed physician, bearing a date not more than 20 days prior to the date of application, evidencing that such applicant is free of any contagious, infectious or communicable disease. No masseur, masseuse or other employee or attendant applying or administering massages shall be employed in any massage parlor without first having obtained a license as provided in this article.
(Code 1964, § 31A-9; Code 1980, § 12-12-21)

Sec. 12-12-22. Defacing licenses prohibited.

It shall be unlawful for any person except the director of finance to change, amend or deface any license issued under this article, except upon the expiration of the license period shown.
(Code 1964, § 31A-10; Code 1980, § 12-12-22)

Sec. 12-12-23. Revocation.

Any license issued pursuant to this article, both as originally adopted or as amended, whether to an owner, operator or proprietor or any masseur, masseuse or attendant, may be revoked by the city upon the violation of any section, requirement or provision of this chapter by any such licensee or his or her agent, attendant or employee; provided that such licensee shall first be notified of such violation and be afforded a hearing before the council. Written notice of any violation hereunder and any hearing thereon before the council may be given to the licensee by delivering such notice by hand to the licensee or, if the licensee be an owner, operator or proprietor of a massage parlor , to any adult person employed by the licensee at the licensed premises or the deposit of such notice, postage prepaid, with the United States Postal Service and addressed to the licensee at the licensed premises, not less than ten days prior to such hearing before the council. The licensee may present such relevant evidence and such witnesses as he or she shall wish to call before the council. In the event of any revocation of a license for the operation of a massage parlor in accordance with this section, such licensee shall not be entitled to the issuance of a subsequent license by the city within 12 months following the date of any revocation hereunder.
(Code 1964, § 31A-11; Code 1980, § 12-12-23)

Sec. 12-12-24. Business license required; contents; fees.

(a) No massage parlor shall be opened to members of the public or operated for any other purpose without the owner thereof first having obtained a business license as hereinafter provided from the city, which such business license shall contain thereon the name of each masseur, masseuse or attendant employed for such purpose by such licensed business.

(b) Every owner, proprietor or operator of a massage parlor which applies manual, mechanical or other massages to the human body, truck or limbs for a fee, hire, reward or without such fee, hire or reward and applies or administers such manual, mechanical or other massages to members of the public generally or to other persons, shall pay a license fee therefor to the city based upon gross receipts as follows:

(1) On annual gross receipts less than $10,000.00, the sum of $100.00 per year.

(2) On annual gross receipts in excess of $10,000.00, the sum of $100.00 plus three percent of all sums in excess of $10,000.00.

(3) In addition to the above license payment and any other license payments provided for herein, such owner, proprietor or operator shall pay annually to the city for each individual masseur or masseuse or other attendant who shall be employed at any time during a license year by such licensee for the purpose of applying or administering massages, the sum of $50.00.

(Code 1964, §§ 31A-12, 31A-13; Code 1980, § 12-12-24)

Sec. 12-12-25. Masseur, masseuse and attendant licenses—Applications.

(a) All applications for a masseur, masseuse or other attendant's license shall be filed with the police department, shall be verified by the applicant under oath and shall contain the following information about the applicant:

(1) Full name;

(2) Present address;

(3) How long resided at present address;

(4) Address for previous two years;

(5) Age, sex and height;

(6) Color of eyes and hair;

(7) All places of previous employment, if any, for the past three years;

(8) Whether the applicant has previously been licensed elsewhere as a masseur or masseuse and whether any such license has been revoked and for what cause; and

(9) The name and address of the employer or operator for whom the applicant expects to be employed as a masseur or masseuse.

(b) At the time of filing such application, the applicant shall furnish or permit the city to produce a full set of applicant's fingerprints.

(c) At the time any application is filed hereunder, the applicant shall pay to the city the sum of $5.00 which shall not be returnable whether or not the license is issued.
(Code 1964, § 31A-14; Code 1980, § 12-12-25)

Sec. 12-12-26. Same—Qualifications of applicant.

Any applicant for a masseur, masseuse or attendant license shall at the time of applying therefor present at least two persons to the city chief of police or such other person as he shall designate who are over 21 years of age and who both have a residence and business address in the city who shall attest under oath in writing or orally or both, as the chief of police or his designee may direct, to the good character of the applicant and to the fact that the applicant is a person qualified and skilled as a bona fide masseur or masseuse who is trained, experienced and knowledgeable in the art of kneading, massaging and striking the muscular parts of the human body and that the applicant is learned and expert in his or her knowledge of the human anatomy as well as the circulatory and nervous system of the human body.
(Code 1964, § 31A-15; Code 1980, § 12-12-26)

Sec. 12-12-27. Same—Investigation of applicant; approval, etc., of application.

(a) The chief of police or his or her designee shall conduct an investigation of each applicant for a masseur or masseuse license and a report of such investigation and a copy of the police record of the applicant, if any, shall be attached to the application.

(b) Should the chief of police or his designee, after considering the applicant's application together with the sworn statements submitted on behalf of such applicant, determine that the applicant is not in fact a person possessing the training, skills and knowledge required of a bona fide masseur or masseuse or that the applicant does not in good faith intend to pursue the art, trade or occupation of a masseur or masseuse, the chief of police or his designee shall disapprove such application within 15 days after the date of the filing thereof or the chief of police may, when an investigation cannot be completed within 15 days, issue a temporary permit to the applicant to expire 15 days from the date of issuance, whereupon the chief of police shall then approve or deny the application. If the application is denied, the applicant may appeal such denial in writing within ten days thereafter, which such appeal shall be filed with the city clerk. Thereafter the council shall, at a regular or adjourned meeting of the council, hear such appeal and the applicant shall be permitted to present such relevant evidence as the applicant shall wish for consideration by the council. Such appeal hearing shall be held not later than 21 days from the filing thereof with the city clerk.
(Code 1964, § 31A-16; Code 1980, § 12-12-27)

Sec. 12-12-28. Same—Issuance; renewal.

Upon approval of an application for a masseur or masseuse license either by the chief of police or

the council, the city's director of finance shall be authorized to issue upon payment by the applicant of the sum of $50.00 a license for the current license year to such applicant, which license shall contain a license number together with the applicant's name, address, age, sex, name of employer, place of employment, signature and a passport-type photograph of at least two inches by two inches in size made within 30 days of the application and furnished to the chief of police by the applicant or made by the city at the request of the applicant. Any application for reissue of a license as hereinafter required or for the renewal of any license required hereunder for a subsequent license year shall be accompanied by the written verification of a licensed physician as required by section 12-12-21 and by duplicate photographs as heretofore described in this section. Upon any application for a license reissue or any renewal, the applicant shall surrender the old license or shall provide the city with a written affidavit that such license is either lost or destroyed together with the details of such loss or destruction.
(Code 1964, § 31A-17; Code 1980, § 12-12-28)

Sec. 12-12-29. Massage therapists licenses—Display.

Every masseur or masseuse licensed in accordance with this article, while engaged in any activity licensed herein, shall at all times carry upon his or her person such license or any reissue thereof and shall exhibit same to any client or customer upon request or to any police officer of the city or any license or health inspector or other similar official.
(Code 1964, § 31A-18; Code 1980, § 12-12-29)

Sec. 12-12-30. Same—Change of place of employment.

(a) Upon any change of employer or place of employment of any licensee under this article, such licensee shall apply to the director of finance of the city for a reissue of the existing license which such reissued license shall show upon its face the name and business address of the new employer of such licensee as well as applicant's address, age, sex and signature, for which reissue the licensee shall pay to the city the sum of $5.00. Under any such reissue such licensee shall surrender his or her replaced or old license.

(b) No masseur or masseuse shall work for any owner, operator or proprietor whose name and business address is not identical to that shown upon such masseur's or masseuse's license issued hereunder.
(Code 1964, § 31A-19; Code 1980, § 12-12-30)

CHAPTER 12.5. MOBILE HOMES AND MOBILE HOME PARKS*

ARTICLE A. GENERAL PROVISIONS

Sec. 12-12.5-1. Definitions.

For the purposes of this chapter, the following words and phrases shall be defined as follows:

ANSI standard A119.1 means the American National Standards Institute Standard No. A119.1.

ARTICLE B. MOBILE HOME PARKS

Sec. 12-12.5-16. Compliance with article.

It shall be unlawful for any person to operate a mobile home park or occupy any unit in any such park within the city, except in compliance with this article.

(1) A permit shall be obtained from the Jefferson County Health Department.

(2) Roads within a mobile home park shall be not less than 24 feet wide and shall be well drained. Such roads shall be clearly marked and adequately lighted at night, and easily accessible to all units. Unit sites shall be indicated with corner markers, and each unit site shall be identified by a clearly visible number.

(3) Every unit site shall be furnished with a water service and backflow protected outlet capable of supplying all units with potable water at not less than 14 gallons per minute and not less than eight pounds per square inch pressure at the highest water outlet in each unit supplied when the park water system is under maximum demand.

(4) Every unit site shall be furnished with a properly connected house trap (four-inch running trap) with a cleanout on the inlet side and vented on the outlet side as provided in the plumbing code for fixture traps. Such trap shall be properly connected to an approved site sanitary sewer which is constructed in accordance with applicable provisions of the plumbing code of the city [see section 7-1-5]. Every independent unit shall be connected to the house trap with materials which meet requirements of the plumbing code for drainage waste and vents.

(5) All waste or sewage from showers, water closets, laundries, lavatories or other plumbing fixtures shall be wasted into a sewer connected with the city sanitary sewer system as required for building sewers in the plumbing code of the city.

(6) All sanitary facilities in any unit which are not connected with the city sewer system by means of rigid pipe connections shall be sealed, and their use is hereby declared unlawful.

(7) No wastewater shall be thrown or discharged upon the surface of the ground or disposed of by means other than as herein provided.

(8) All units connected to the park drainage or water supply system shall be in accordance with the applicable ordinances of the city, and all units connected to the park drainage (sewage) or water supply system shall bear certification of compliance with A.N.S.I. Standard A119.1/NFPA 501D.

(9) No unit shall be connected to any sewer or water supply system other than in accordance with the requirements of this article or other applicable ordinances of the city.

(10) Every park accommodating dependent units shall have erected thereon at a distance not greater than 200 feet from any dependent unit a suitable building for housing toilet facilities required by this article. Such building shall be known as the "service building."

(11) Each service building shall be equipped with and provide the following:

a. Separate toilet rooms for each sex with elongated water closets provided with an adequate water supply in separate compartments having a minimum width of two feet, six inches, and shall be provided for each sex in the ratio of one water closet for each sex per each eight units or fraction thereof. Every male toilet room shall have on urinal for each two or less required water closets, but in no case shall any male toilet be without one urinal. Toilet rooms shall contain lavatories with hot and cold water in the ratio of one lavatory to every two or less water closets.

b. Separate bathing facilities for each sex shall be provided with one shower enclosed in a compartment having a floor area of not less than nine square feet and with the least dimension being not less than 36 inches, for each eight units or fraction thereof. Each shower compartment shall be supplemented by an individual dressing compartment of at least 12 square feet.

c. Laundry facilities shall be provided in the ratio of one properly connected double laundry tub or one clothes washing machine and one clothes dryer for each ten units.

d. The above accommodations shall be based on the total camp capacity according to accepted plans.

e. Floors of toilet rooms, shower rooms and the laundry room shall be of concrete, tile or similar material impervious to water and easily cleaned and pitched to a floor drain.

f. For use of registered guests, each service building shall have not less than one backflow protected wall-mounted hydrant on each side of the building which faces an access drive or paved walkway.

(Code 1980, § 12-12.5-16; Ord. No. 81-210, art. I, § I, 12-8-1981)

Sec. 12-12.5-17. Approval by zoning board of adjustment.

No person shall operate a mobile home park within the city unless prior approval of the zoning board of adjustment is obtained. The zoning board of adjustment shall not approve any application to establish or maintain a mobile home park except in conformance with the provisions of the zoning ordinance of the city.

(Code 1980, § 12-12.5-17; Ord. No. 81-210, art. I, § II, 12-8-1981)

Sec. 12-12.5-18. Inspection and approval of premises and plan.

No person shall operate or maintain a mobile home park in the city until after said park and

plan of construction are inspected and approved in writing by the department of buildings and inspections.
(Code 1980, § 12-12.5-18; Ord. No. 81-210, art. I, § III, 12-8-1981)

Sec. 12-12.5-19. Management.

In every mobile home park there shall be an office building in which shall be located the office of such camp. A copy of the park license and of this article shall be posted therein.
(Code 1980, § 12-12.5-19; Ord. No. 81-210, art. I, § IV, 12-8-1981)

Sec. 12-12.5-20. Register of guests.

(a) The holder of a mobile home park license shall keep at all times a register of all guests in the office of the park which shall contain:

(1) Names and addresses of persons leasing unit sites;

(2) Dates of entrance and departures;

(3) License numbers of all trailers and towing automobiles or other towing vehicles;

(4) State issuing such licenses;

(5) Place of last location, and length of stay;

(6) Unit site identification number.

(b) Such register shall be open at all times to inspection by state and federal officers and officers of the city.
(Code 1980, § 12-12.5-20; Ord. No. 81-210, art. I, § V, 12-8-1981)

Sec. 12-12.5-21. Fire extinguishers.

The operator of such park shall maintain in convenient places, approved by the fire department, hand fire extinguishers in the ratio of one to each eight unit sites.
(Code 1980, § 12-12.5-21; Ord. No. 81-210, art. I, § VI, 12-8-1981)

ARTICLE C. MOBILE HOMES LOCATED OUTSIDE MOBILE HOME PARKS

Sec. 12-12.5-32. Regulated.

(a) It shall be unlawful for any person to park any mobile home on any lot, parcel or tract of land, whether occupied or unoccupied, within the city, except as provided herein.

(b) A mobile home may be parked or occupied for no more than a total of seven days, whether consecutive or not, during any six-month period on any lot or parcel of land within the city other than a mobile home park; except that the parking of only one mobile home in an accessory private garage building or in the rear yard in any district shall be permitted provided that such mobile home is not occupied for living quarters or conducting a business, including related storage, and is not connected to any public utility during the period of parking.

(c) A mobile home may be temporarily used for an office or for storage in connection with a construction project or development, provided same is located on the construction site after appropriate building permits have been obtained from the department of buildings and inspections of the city. Such mobile homes shall be removed upon completion of the project or development. Such completion date shall be determined by the department of buildings and inspections of the city.

(d) The temporary occupancy or use of a trailer for an office or storage which does not adversely affect the health, welfare or safety of the surrounding properties may be permitted by the department of buildings and inspections outside a mobile home court after appropriate building permits have been obtained from the department of buildings and inspections of the city, when reasonably necessary due to the enlargement, renovation or alteration of an existing plant, business, office or commercial building, subject to the following conditions:

(1) To be used as a private office or for storage only.

(2) Such mobile home shall be placed on footings and foundation approved by the

department of buildings and inspections and shall have tie-downs approved by said department.

(3) Such temporary use shall be limited to 12 months from date of approval or completion of work, whichever comes first.

(4) Site, foundation and tiedown plans must be submitted to and approved by the department of buildings and inspections and building permits obtained.

(5) All steps, landings and handrails must comply with all applicable provisions of the building code of the city (see section 7-1-1).

(6) Before any independent mobile home is removed from such site, a sewer plug permit shall be obtained as required for buildings and structures under the plumbing code of the city [see section 7-1-5].

(7) Any refusal by the department of buildings and inspections to approve the temporary use of a mobile home for office or storage under this section or any approval of such use may be appealed by any party aggrieved to the board of adjustments and appeals as provided by the building code of the city.

CHAPTER 13. PAWNBROKERS AND SECONDHAND DEALERS*

ARTICLE A. GENERAL PROVISIONS

Sec. 12-13-1. Definitions.

For the purposes of this chapter, the following words and phrases shall have the meanings respectively ascribed to them by this section:

Pawnbroker means any person engaged in the business of lending money on the security of pledged goods left in pawn, or in the business of purchasing tangible personal property to be left in pawn on the condition that it may be redeemed or repurchased by the seller for a fixed price within a fixed period of time.

Personal identification card means a driver's license or identification card issued by the Department of Public Safety or a similar card issued by another state, a military identification card, a passport, or an appropriate work authorization issued by the U.S. Citizenship and Immigration Services of the Department of Homeland Security.

Secondhand dealer means any person operating any store, shop or place of business where secondhand goods are bought, sold, exchanged or bartered; provided that this definition shall not include a "secondhand tire dealer," as defined in section 12-13-31.

Secondhand goods means any property of any kind or description which has been used or which has been transferred from the manufacturer, producer or wholesale or retail distributor to a third party prior to such property being sold, exchanged or bartered to or at such store, shop or place of business as mentioned in the foregoing definition of secondhand dealer; provided that furniture and automobiles shall not be considered secondhand goods within the meaning of this definition.

(Code 1964, § 38-1; Code 1980, § 12-13-1; Ord. No. 12-24, § 1(12-13-1), 2-21-2012)

Sec. 12-13-2. Records to be kept.

(a) It shall be the duty of each secondhand dealer and each pawnbroker to keep at his or her place of business a record of all transactions of pledged or secondhand goods, involving all pledged or secondhand goods bought, sold or exchanged, and all personal property received on pledge or deposit or by purchase, at his or her place of business. Each secondhand dealer and pawnbroker shall require the presentation of personal identification at the time of each transaction for pawned or secondhand goods.

(b) The record kept at the place of business shall contain the information required by state law for pawn tickets which information shall be entered at this time any such personal property is

received on pledge or deposit or by purchase, or such secondhand goods are brought, sold or exchanged.

(c) It shall be unlawful for any such secondhand dealer or pawnbroker to falsify, obliterate, destroy, or remove, any part of such records or permit to be falsified, obliterated, destroyed, or removed any portion of such records.
(Code 1964, § 38-2; Code 1980, § 12-13-2; Ord. No. 12-24, § 1(12-13-2), 2-21-2012)

Sec. 12-13-3. Inspection of records.

Each secondhand dealer and each pawnbroker, during the ordinary hours of business, when requested by the mayor, the chief of police or other police officer of the city, shall submit and exhibit such records as are provided for in section 12-13-2 to the inspection of the mayor, chief of police or other police officer, and upon demand shall exhibit any goods (whether new or secondhand) or personal property which may be in the place of business of such secondhand dealer or pawnbroker or which may have been bought or received in pledge by such secondhand dealer or pawnbroker and which may be kept by him or her at any place.
(Code 1964, § 38-3; Code 1980, § 12-13-3; Ord. No. 12-24, § 1(12-13-3), 2-21-2012)

Sec. 12-13-4. Daily report to police.

(a) It shall be the duty of every pawnbroker and every secondhand dealer to furnish to the police department by 12:00 noon on a daily basis, transaction data transmitted to a place and in a manner and format designated by the chief of police. This data shall include a complete description of all secondhand goods bought or exchanged and all personal property or other thing of value received during the preceding day. The daily reports should also include the name, sex, race, apparent age, personal identification card number, and place of residence of the person selling or exchanging any such secondhand goods or depositing or pledging such personal property, together with the hour such goods or property was received, purchased, pledged or exchanged and any other data which the chief of police may reasonably and from time to time require. If the day the report is required to be made hereunder is a legal holiday and the pawnbroker or secondhand dealer required to make the report is not doing business on that day, then the required report may be made by noon on the next business day following such holiday.

(b) Reports as required hereunder may only be made to the police department using the methods and formats designated by the chief of police.
(Code 1964, § 38-4; Code 1980, § 12-13-4; Ord. No. 94-182, 8-9-1994; Ord. No. 05-47, 4-5-2005; Ord. No. 12-24, § 1(12-13-4), 2-21-2012)

Sec. 12-13-5. Resale of goods.

(a) It shall be unlawful for any pawnbroker or secondhand dealer to resale, exchange or remove from the pawnbroker or secondhand dealer's his or her place of business any of the goods or personal property received, bought or exchanged by the pawnbroker or secondhand dealer for a period of 15 business days after the goods or personal property have been bought, sold or exchanged. Automobiles, trucks, and similar vehicles shall be maintained on the premises for 21 calendar days.

(b) Upon the request, in writing, of any pawnbroker or secondhand dealer to the chief of police that the chief of police inspect any personal property or secondhand goods, it shall be the duty of the chief of police to inspect, or to cause some police officer to inspect, such personal property or secondhand goods within three days from the service of such request upon the chief of police.
(Code 1964, § 38-5; Code 1980, § 12-13-5; Ord. No. 12-24, § 1(12-13-5), 2-21-2012)

Sec. 12-13-6. Dealing with minors.

It shall be unlawful for any pawnbroker or secondhand dealer to buy or receive, whether in pledge or otherwise, any tangible personal property from any person under the age of 19 years.
(Code 1964, § 38-6; Code 1980, § 12-13-6; Ord. No. 87-73, 4-7-1987)

Secs. 12-13-7—12-13-20. Reserved.

ARTICLE B. DEALERS IN SECONDHAND AUTOMOBILES

Sec. 12-13-21. Report to police of secondhand automobiles purchased.

It shall be the duty of every dealer in secondhand automobiles to furnish to the chief of police, at his or her office on each day, a complete description, in writing, of all automobiles bought by such dealer during the preceding day, together with the name, apparent age, sex, color, residence and general description of the person selling to such dealer any secondhand automobile or leaving or depositing a secondhand automobile with such dealer for the purpose of sale or exchange. Such report shall state the make, year, model, type and motor number of any such secondhand automobile and also the date and hour of the sale of the same to such dealer. This section shall not apply to any person engaged in the business of lending money on the security of a pledge of a secondhand automobile deposited with or otherwise actually delivered into the possession of the person lending the money, or any person in the business of purchasing secondhand automobiles on the condition that it may be redeemed or repurchased by the seller for a fixed price within a fixed period of time.
(Code 1964, § 38-7; Code 1980, § 12-13-21)

Sec. 12-13-22. Reports to police by auctioneers of automobiles offered for auction.

Any person acting as auctioneer of secondhand automobiles shall furnish the description referred to in section 12-13-21 with respect to any automobile offered by him or her for sale at auction, whether such automobile is sold at auction or not.
(Code 1964, § 38-8; Code 1980, § 12-13-22)

Secs. 12-13-23—12-13-30. Reserved.

ARTICLE C. SECONDHAND TIRE DEALERS

Sec. 12-13-31. Definitions.

For the purposes of this article, the following terms shall have the meanings respectively ascribed to them by this section:

Secondhand inner tube means any automobile or motorcycle inner tube which has been used prior to such inner tube being sold, exchanged, bartered or given to, or at, such store, shop or place of business as aforesaid; provided that when an inner tube is sold as a part of or contemporaneously with an automobile or motorcycle, it shall not be considered a secondhand inner tube within the terms of this definition.

Secondhand tire means any automobile or motorcycle tire which has been used prior to such tire being sold, exchanged, bartered or given to, or at, such store, shop or place of business as aforesaid; provided that when a tire is sold as a part of, or contemporaneously with, an automobile or motorcycle, it shall not be considered a secondhand tire within the terms of this definition.

Secondhand tire dealer means a person operating any store, shop or place of business where secondhand tires are bought, sold, exchanged or bartered.
(Code 1964, § 38-9; Code 1980, § 12-13-31)

Sec. 12-13-32. Records to be kept.

(a) It shall be the duty of each secondhand tire dealer to keep at his or her place of business a permanently bound book, with the pages therein numbered by the manufacturer, in which he or she shall enter or cause to be entered, in writing, a minute description of each secondhand tire received in his or her place of business, through purchase, exchange, barter or gift, and the time when it was received, making particular mention of any prominent or descriptive marks on the same, including the size, the ply, the serial number and any other identifying numbers, the color and the name of the manufacturer or producer of said tire. Each such secondhand tire dealer shall also enter in such book the name and residence of the person from whom such tire was received.

(b) It shall be unlawful for any such secondhand tire dealer to remove, or permit to be removed, any page or part of page from such book or to erase or obliterate, or permit to be erased or obliterated, any entry made upon any page thereof.
(Code 1964, § 38-10; Code 1980, § 12-13-32)

Sec. 12-13-33. Inspection of records.

Each secondhand tire dealer, during his or her legal hours of business, when requested by the

mayor, the chief of police or other police officer of the city, shall submit and exhibit such book as is provided for in section 12-13-32, to the inspection of the mayor, chief of police or other police officer of the city, and shall similarly exhibit any automobile or motorcycle tire, whether new or secondhand, in his or her place of business.
(Code 1964, § 38-11; Code 1980, § 12-13-33)

Sec. 12-13-34. Daily report.

It shall be the duty of each secondhand tire dealer to make out and deliver at the office of the chief of police, to the chief of police or desk sergeant or police officer on duty, upon forms provided for that purpose, every day before the hour of 12:00 noon, a legible and correct copy of the description required to be entered in such book as is described in section 12-13-32, showing the secondhand tires received during the preceding day, together with the time (meaning the hour) they were received and a description of the person from whom such secondhand tires were received.
(Code 1964, § 38-13; Code 1980, § 12-13-34)

Sec. 12-13-35. Purchases from minors; tires without serial numbers.

It shall be unlawful for any secondhand tire dealer to purchase or receive any secondhand tire or inner tube from any minor, but this provision shall not apply to a minor whose disabilities of nonage have been removed. It shall also be unlawful for any secondhand tire dealer to receive or dispose of any secondhand tire which does not bear a serial number thereon.
(Code 1964, § 38-13; Code 1980, § 12-13-35)

Sec. 12-13-36. Responsibility for violations.

The person actually conducting or in charge of a secondhand tire dealer's business shall be responsible for any violation of the provisions of this article committed in the conduct of such business.
(Code 1964, § 38-14; Code 1980, § 12-13-36)

Secs. 12-13-37—12-13-50. Reserved.

ARTICLE D. JEWELERS

Sec. 12-13-51. Report of purchases.

Every jeweler in the city who purchases any article of jewelry from any individual, other than an individual known by such jeweler to be a bona fide wholesaler of jewelry or the representative of a bona fide wholesaler of jewelry, shall furnish to the chief of police on the day following such purchase, upon forms provided for that purpose, a complete description of the jewelry so bought, together with the name, sex, color, print of right thumb, apparent age and general description and place of residence of the person from whom such jewelry was purchased.
(Code 1964, § 38-15; Code 1980, § 12-13-51)

CHAPTER 14. PEDDLERS AND SOLICITORS*

ARTICLE A. GENERAL PROVISIONS

Sec. 12-14-1. Regulation of pushcarts and peddlers; where allowed.

Except as provided for under written contract with the city, it shall be unlawful for any peddler or any person in charge or control of any vehicle, pushcart or other device in which wares or goods are sold, offered for sale or kept or exposed for sale to engage in the business of selling or to permit or suffer such vehicle, pushcart or other device to operate such on the public streets and sidewalks within the study area designated under the Master Plan for Downtown Birmingham, namely, that area bounded on the north by 12th Avenue North, on the east by Red Mountain Expressway and 26th Street North, on the south by Highland Avenue South and 12th Avenue South and on the west by I-65, and the streets and sidewalks within neighborhood retail business districts within the city.
(Code 1964, § 39-1; Code 1980, § 12-14-1; Ord. No. 83-34, 3-15-1983; Ord. No. 83-37, 3-15-1983)

Sec. 12-14-2. Regulations on movement of peddlers.

(a) Except as herein provided, it shall be unlawful for any peddler, while engaged in the business of peddling, or any person in charge or control of any vehicle, pushcart or other device in which wares or goods are sold, offered for sale, or kept or exposed for sale, to stop or stand or permit or suffer such vehicle, pushcart or other device to stop or stand upon any street of the city except during such period as a sale of wares or goods is being negotiated and is in actual progress; provided, however, that any peddler or person in charge or control of any such vehicle, pushcart or device shall not be or remain upon any such street or sidewalk longer than is reasonable to conduct such sale, and in no event shall such person be or remain upon any street or sidewalk within 400 feet of any given point therein for a longer continuous period than 30 minutes.

(b) Pushcarts within the study area (see section 12-14-1) shall operate in accordance with guidelines and standards as approved and adopted by the downtown master plan implementation board.

(Code 1964, § 39-2; Code 1980, § 12-14-2; Ord. No. 83-35, 3-15-1983; Ord. No. 83-38, 3-15-1983)

Sec. 12-14-3. Loop area; solicitation of orders for future delivery of goods, magazines, etc., prohibited.

It shall be unlawful for any person while upon the public streets or sidewalks within the loop area, as defined by section 1-1-2, to engage in the solicitation of contracts or orders for future delivery of goods, or subscriptions for books, magazines or publications, if such solicitation involves or contemplates the execution or making upon such streets or sidewalks of any printed or written contract, application or receipt.

(Code 1964, § 39-3; Code 1980, § 12-14-3)

Sec. 12-14-4. Sale of personal property; exceptions.

It shall be unlawful for any person while upon the public streets or sidewalks within the downtown study area (see section 12-14-1) and upon the public streets or sidewalks within neighborhood retail business districts within the city to sell, offer for sale or display for sale any goods or personal property of any character whatsoever, with the exception of the following:

(1) Newspapers or magazines delivered contemporaneously with the sale thereof;

(2) Goods or property sold for or on behalf of a charitable, philanthropic or patriotic organization or association, or by blind persons, provided that a permit is obtained pursuant to section 12-14-21 et seq.;

(3) Paintings, sculpture, artwork, handicrafts, antiques, precious and semi-precious stones and rocks, geological artifacts, vegetables and farm products, food and beverages, and other special merchandise or products when sold as a part of a special sidewalk or street sale operated by a nonprofit organization or merchants association for a limited number of days not to exceed seven, provided that a permit is issued by the mayor or under his or her directions;

(4) Notwithstanding section 4-5-25, goods, products and services and food and beverages when sold as a part of a special sidewalk or street sale operated by a nonprofit organization or merchants association and wherein all participants in said sale must have a current, applicable city business license and provided that such events shall not be conducted more than twice a calendar year in each contained retail business district and provided that each such event shall not exceed seven days, further provided that a permit is issued by the mayor or under his or her direction; and

(5) Peddlers and pushcarts as provided in section 12-14-1.

(Code 1964, § 39-4; Code 1980, § 12-14-4; Ord. No. 83-36, 3-15-1983, Ord. No. 83-39, 3-15-1983)

Sec. 12-14-5. Uninvited solicitations at private residences by peddlers, hucksters or vendors.

No hucksters, solicitors, peddlers, itinerant merchants or transient vendors shall enter on the

premises of any private residence or ring any doorbells or knock at any door of any private residence in the conduct of the huckster business when notice is conspicuously posted at or on such premises that no trespassing or no soliciting is allowed or when such notice is personally communicated.
(Ord. No. 93-128, 6-8-1993; Code 1980, § 12-14-5)

Sec. 12-14-6. Selling in city-owned parking lots regulated.

It shall be unlawful for any person to assemble with one or more persons, or park a vehicle, cart, erect a table, platform, or use any designated parking space or any portion of a parking lot owned by the city or one of its boards or agencies for the purpose of selling, or offering for sale, or displaying for sale, or bartering, any personal property, goods, wares, merchandise to members of the general public or any private individual unless said individual shall first secure a written permit from the mayor of Birmingham. Written application shall be made to the mayor setting forth the name, address and telephone number of the person seeking to conduct such sale, etc., as enumerated above, the date and time it is to be conducted, the probable number of persons involved, the purpose for which it is to be held or had. The application must be submitted to the mayor a minimum of three working days prior to the time of the sale, etc., as enumerated above.

(9) By using profane or abusive language, either during the solicitation or following a refusal;

(10) By begging in a group of two or more persons;

(11) By any statement, physical action, gesture, or other communication which would place a reasonable person in fear of physical injury, or injury to property; or

(12) By subjecting the person solicited to physical contact.

(Code 1964, § 39-5; Code 1980, § 12-14-11; Ord. No. 96-188, § 1, 11-5-1996)

Sec. 12-14-12. Causing children to beg.

It shall be unlawful for any person, guardian, or person in charge, to cause, allow, or procure such minor to beg, ask or solicit alms or financial assistance in or upon any public street, highway, right-of-way or public or private place in the city from any person, whether under the guise or cloak of selling any article or commodity or of furnishing entertainment or otherwise.
(Code 1980, § 12-14-12; Ord. No. 96-188, § 1, 11-5-1996)

Sec. 12-14-13. Begging after sunset or before sunrise.

In addition to the limitations as set forth herein, any person who begs, or causes another person to beg after sunset or before sunrise is in violation of this article.
(Code 1980, § 12-14-13; Ord. No. 96-188, § 1, 11-5-1996)

Sec. 12-14-14. Giving false information while begging.

It shall be unlawful and a violation of this article for any person to knowingly make any false, or misleading representation in the course of soliciting alms or financial assistance. False or misleading representations include, but are not limited to the following:

(1) Stating that the donation or financial assistance is needed to meet a specific need, when the solicitor already has sufficient funds to meet the need and does not disclose that fact.

(2) Stating that the donation or financial assistance is needed to meet a need which does not exist.

(3) Stating that the solicitor is from out of town and stranded, when that is not true.

(4) Wearing a military uniform or other indication of military service, when the solicitor is neither a present or former member of the service indicated.

(5) Wearing or displaying an indication of physical disability, when the solicitor does not suffer the disability indicated.

(6) Use of any makeup or device to simulate a deformity.

(7) Stating that the solicitor is homeless, when he or she is not.

(8) Offering to sell newspapers, magazines, periodicals, or pamphlets for a price, when such are offered free-of-charge to the general public.

(Code 1980, § 12-14-14; Ord. No. 96-188, § 1, 11-5-1996)

Sec. 12-14-15. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Aggressive manner means:

(1) Approaching, speaking to, or following a person in a manner as would cause a reasonable person to fear bodily harm, or to fear for the safety of one's personal possessions;

(2) Touching another person in the course of asking for alms;

(3) Continuously asking, begging, or soliciting alms from a person after the person has made a negative response; or

(4) Intentionally blocking or interfering with the safe and free passage of a person by any means, including unreasonably causing a person to take evasive action to avoid physical contact.

Ask, beg or solicit alms includes the spoken, written, or printed word or such other act conducted with the purpose of obtaining money or a thing of value.

Beg means to ask for money or goods as a charity, whether by words, bodily gestures, signs, or other means.

Intimidate means to engage in conduct which would make a reasonable person fearful or feel compelled.

Public place means an area generally visible to public view and includes alleys, bridges, build-

ings, driveways, parking lots, parks, plazas, sidewalks, and streets open to the general public including those that serve food or drink or provide entertainment, and the doorways and entrances to buildings or dwellings and the grounds enclosing them.
(Code 1980, § 12-14-15; Ord. No. 96-188, § 1, 11-5-1996)

Sec. 12-14-16. Exclusion.

(a) The activities of begging do not include a person who passively stands or sits with a sign or other indication that one is seeking donations, without addressing any solicitation to any specific person other than in response to an inquiry by that person. This exclusion does not apply to section 12-14-11(2), (4), (5), (6) and (10), and sections 12-14-12, 12-14-13 and 12-14-14.

(b) Nothing in this section shall abrogate, or abridge provisions of division 2 of this article, solicitation of funds for charitable, educational, etc., purpose, or as amended, or the laws of state and federal government, or those laws regulating nonprofit, religious, educational, civic or benevolent organizations.
(Code 1980, § 12-14-16; Ord. No. 96-188, § 1, 11-5-1996)

Secs. 12-14-17—12-14-20. Reserved.

Division 2. For Charitable, Educational, Etc., Purpose

Sec. 12-14-21. Permit required; exceptions.

It shall be unlawful for any person to solicit money, donations of money, property or financial assistance of any kind, or to sell or offer to sell any article, publication, ticket or subscription, on the statement or representation that such sale or solicitation is for charitable, educational, patriotic or philanthropic purposes, either in person or by telephone or in any other manner in the city, unless such person shall hold a valid permit issued by the mayor as provided in this division; provided that this section shall not apply to solicitation at the regular exercises or services of any church, religious society, lodge, benevolent order or fraternity, nor shall it apply to solicitations by any city employees' groups from other city employees when such solicitations are authorized by resolution of the council.
(Code 1964, § 39-6; Code 1980, § 12-14-21; Ord. No. 78-213; Ord. No. 78-227)

Sec. 12-14-22. Religious, educational or charitable institutions.

It shall be unlawful for any person representing or claiming to represent any church, school, eleemosynary, charitable, social service or public institution of any kind to solicit subscriptions from the general public or to sell tickets or to canvass for advertising space on any program, booklet, pamphlet or other printed matter for the benefit or for the alleged benefit of any such institution without first obtaining a written permit from the mayor.
(Code 1964, § 39-7; Code 1980, § 12-14-22)

Sec. 12-14-23. Application for permit.

Any person desiring a permit as required by this division shall file with the mayor an application, duly sworn to by someone duly authorized and having knowledge of the facts, containing the following information:

(1) The name of the person or the organization applying for permission to solicit; and the names of the officers of such organization, if any.

(2) The purpose for which a solicitation permit is requested.

(3) The time for which the permit is requested, and the methods to be used in carrying on the solicitation.

(4) The amount of any wages, fees, commissions or emoluments to be expended in connection with such solicitation and the names of all individuals authorized to receive money.

(5) A full statement of the character and extent of the charitable, religious or philanthropic work being done by the applicant within the city.

(6) Such other information as the mayor may require.

(Code 1964, § 39-8; Code 1980, § 12-14-23)

Sec. 12-14-24. Granting of permits.

Upon the filing of an application for a permit under this division, the mayor shall have the power to grant the permit applied for if the information contained in such application does not endanger the public safety, health, or welfare of the citizens of the city.

(Code 1964, § 39-9; Code 1980, § 12-14-24)

Sec. 12-14-25. Appeal in case of denial of permit.

Whenever a permit required by this division is denied to an applicant by the mayor, such applicant shall have the right to appeal to the council within five days from such denial.

(Code 1964, § 39-10; Code 1980, § 12-14-25)

Sec. 12-14-26. Carrying on person; contents.

A permit granted pursuant to this division shall be carried by each person soliciting. Such permit shall show the name of the person entitled to solicit, the name of the person for whose benefit the solicitation is made and bear the signature of the mayor.

(Code 1964, § 39-11; Code 1980, § 12-14-26)

Sec. 12-14-27. Term and renewal of permit.

No permit required by this division shall be issued for a longer period than 30 days, including Sundays and legal holidays. Any such permit may be renewed by the mayor.

(Code 1964, § 39-12; Code 1980, § 12-14-27)

Sec. 12-14-28. Revocation of permit.

(a) The mayor may revoke any permit granted pursuant to this division if it appears to him or her that the holder of such permit has violated any provisions of this chapter, or has misrepresented or made untrue statements in connection with the solicitation.

(b) Such a permit shall be revoked by the mayor if it appears that the permit is used directly or indirectly as an endorsement of the solicitation.

(c) Whenever a permit is revoked by the mayor, the person aggrieved may appeal to the council from such revocation within five days thereafter.

(Code 1964, § 39-13; Code 1980, § 12-14-28)

Sec. 12-14-29. Misrepresentation of facts.

It shall be unlawful for any person, on his or her own behalf or as the representative of another, to swear falsely to any facts contained in the application for a permit required by this division or to file or cause to be filed any false affidavit.

(Code 1964, § 39-14; Code 1980, § 12-14-29)

ARTICLE C. MOBILE FOOD SERVICE TEMPORARY VENDORS*

Sec. 12-14-41. Purpose.

The general purpose of this article is to promote the health, safety, comfort, convenience, prosperity, and general welfare of the citizens of the city by establishing reasonable guidelines and regulations for mobile food vehicles and pushcarts to encourage the safe and convenient use of the city's public rights-of-way.

(Ord. No. 14-128, § 1(1), 9-12-2014)

Sec. 12-14-42. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings

*__Editor's note—__Ord. No. 14-128, § 1, adopted September 12, 2014, did not specifically amend the Code. Therefore, such ordinance has amended article C in its entirety to read as herein set out, at the editor's discretion. Former article C, §§ 12-14-41—12-14-54, pertained to mobile food vehicles and pushcarts. See Code Comparative Table for complete derivation.

ascribed to them in this section, except where the context clearly indicates a different meaning:

Applicant means any person or business that applies for a permit or renews a permit under the provisions of this article.

Birmingham City Council, council, city council. The words "council" or "city council" shall mean the Council of the City of Birmingham.

BPD means the Birmingham Police Department.

Business licenses means the licenses required of any business to operate within the city pursuant to the city license code.

City center includes the territory and boundaries as generally described in the amended Urban Renewal and Urban Redevelopment Plan for Downtown Birmingham as established by the Birmingham City Council in Resolution No. 2166-9, also known as the "master plan."

Commissary means a permitted food establishment to which a mobile food establishment, pushcart or transportation vehicle returns daily for such things as discharging liquid or solid wastes, refilling water tanks and ice bins, and boarding food.

Food zone means an area approved by the Birmingham City Council for the specific operation of mobile food vehicles and/or pushcarts within the public rights-of-way.

General area means any location within the public rights-of-way of the City of Birmingham not within the premier area.

Health department shall mean a county health department. Such terms shall be construed to include the Jefferson County Health Department and any officer or agent of the department authorized to act for and on behalf of the department with respect to the enforcement and administration of this Code and other city ordinances.

Hours of operation are the designated time frame mobile food vehicles are authorized to operate within the city rights-of-way.

Mobile food vehicle means, except for pushcarts but including ice cream trucks and lunch wagons, a unit mounted on or pulled by a self-propelled vehicle where food, including prepackaged foods, for individual portion service is prepared, or dispensed; is self-contained with its own drinking water tank and wastewater tank; is designed to be readily movable; and is moved daily to return to its commissary. For the purposes of this article, ice cream trucks are defined as units mounted on a self-propelled vehicle.

Mobile food services temporary vendor shall mean any person who does not possess an annual business license for a mobile food vehicle and/or pushcart, who is selling or providing food or food services from a mobile food vehicle or pushcart which is not located in the public rights-of-way or on any city-owned property and is conducting such business at one or more events which do not exceed 30 days per event.

Operator is the entity that is legally responsible for the operation of the mobile food vehicle such as the permittee, the permittee's agent, or other person; and possesses a valid permit to operate a mobile food vehicle.

Pedestrian is a person who is walking or otherwise traveling in the public rights-of-way.

PEP means the department of planning, engineering and permits.

Permit means a written authorization to operate a mobile food vehicle or pushcart within the public rights-of-way of the City of Birmingham.

Permittee means a person who has been granted a permit by the Birmingham City Council to operate one or more mobile food vehicles upon the streets of the city.

Person means any natural person, firm, partnership, association, or corporation. Whenever the word "person" is used in any section in this article prescribing a penalty or fine as applied to a partnership or association, the word shall include the partners or members thereof; such word as applied to corporations shall include the officers, agents, or employees thereof who are responsible for any violation of such section.

Premier area includes that section of the city center beginning at the corner of 8th Avenue North and 18th Street North; proceeding southerly on 18th Street North, converting to 18th Street South to the corner of 10th Avenue South; then easterly on 10th Avenue South to the corner of 22nd Street South; then northerly on 22nd Street South, converting to 22nd Street North to the corner of 8th Avenue North; then westerly on 8th Avenue North to the point of beginning.

Pushcart means a non-self-propelled mobile food unit that is lightweight enough, designed, and intended to be moved by one person. A pushcart shall be used to prepare and serve only:

(1) Potentially non-hazardous foods such as popcorn, lemonade, hot dogs or flavored ice; or

(2) Foods pre-wrapped at the commissary and maintained at the required temperatures per the county health department regulations.

Restaurant means a brick and mortar establishment where meals are generally served and eaten on premises or prepares and serves food and/or drink to customers for consumption on the premises in return for money, either paid before the meal, after the meal, or with a running tab. A restaurant does not include a food service that is delivery only.

Rotation cycle. A rotation cycle requires a mobile food vehicle to rotate in sequential order to different food zones within the premier area of the city center. Participants shall begin with the last position created and is measured based on the time it takes to revolve to first food zone created. Applicants operating within the premier area shall rotate one food zone in numeric order each day.

Temporary event is any parade, festival, display or occurrence held for the purpose of amusement, education or entertainment of the participants or the public or to aid an organization or commemorate an event or occasion.

Vending is the business of selling or causing to be sold any of the following items: food products, produce, prepared foods and beverages, prepackaged foods and non-alcoholic beverages from a mobile food vehicle and/or pushcart.
(Ord. No. 14-128, § 1(2), 9-12-2014)

Sec. 12-14-43. Mobile food vendors committee.

(a) There shall be established by this article a mobile food vendors committee consisting of representatives from each of the following:

(1) Traffic engineering department;

(2) Planning engineering and permits department;

(3) Police department;

(4) Mayor's office of economic development;

(5) REV, Inc.; and

(6) A member of the Greater Birmingham Street Food Coalition.

(b) The mobile food vendors committee shall review and recommend all applications based on the guidelines established by this article.

(c) The mobile food vendors committee shall meet as required. A special meeting may be called by any of the committee members.
(Ord. No. 14-128, § 1(3), 9-12-2014)

Sec. 12-14-44. Permit required for food zone operation.

(a) All mobile food vehicles and pushcarts must obtain a permit to operate within the city's rights-of-way. Mobile food vehicles that are granted a permit to operate within the premier area of the city center shall be subject to a rotation cycle, as defined by this article. Pushcarts are not subject to a rotation cycle.

(b) Any mobile food vehicle and/or pushcart that shall operate solely on private property shall not be required to apply for a permit. They shall, however, be required to obtain a business license and decal from the revenue department.
(Ord. No. 14-128, § 1(4), 9-12-2014)

Sec. 12-14-45. Approval process.

(a) Any person or company desiring a permit to operate a mobile food vehicle or pushcart within the public rights-of-way of the Birmingham city limits must first submit an online application to the traffic engineering department along with a $150.00 application fee for mobile food vehicles or $40.00 application fee for pushcarts. Application fees are non-refundable. Each application shall be date and time stamped to be processed in the order it is received. All applications shall then be submitted to and reviewed by the mobile food vendors committee. The application fee shall be applied to the cost of an approved permit.

(b) The mobile food vendors committee shall review each application for the suitability of the proposed location(s) for which the permit is sought. The mobile food vendors committee shall then submit a recommendation to the public safety committee within 28 days from the date of the application for review and recommendation to the city council.

(c) The public safety committee shall set a date and time for its review of the application and shall afford the applicant and interested parties reasonable and timely notice thereof. The applicant and such interested parties, in the course of the committee's review, shall be given the opportunity to offer testimony and evidence in support of their respective positions and may have counsel present to so represent them. At the conclusion of the public safety committee review, the public safety committee shall vote to recommend its approval or disapproval of the application to the city council. The public safety committee shall thereupon advise the applicant and other interested parties appearing before it of the committee's decision and shall further inform the applicant and such interested parties of the date of the council meeting at which the application will be on the council agenda.
(Ord. No. 14-128, § 1(5), 9-12-2014)

Sec. 12-14-46. Creation of food zone.

(a) Food zones are created at the request of the applicant.

(b) A food zone must be approved and established by the city council in order for the applicant to operate within the City of Birmingham's rights-of-way.

(c) Applicants may request up to three food zones per application, listed in order of preference. Only one food zone shall be approved per application. The application will proceed with the first location approved by the mobile food vendors committee. If none of the requested locations are approved, a new application shall be required.

(d) Food zones within the premier area of the city center shall be numbered in the order it was approved by the city council.

(e) Once a new food zone is approved and established, the applicant shall be allowed to:

(1) Operate at a fixed location within the general rights-of-way; or

(2) Enter the rotation cycle within the premier area of the city center, beginning with the location for which they were newly approved.

Applicants shall be granted one food zone per truck within the premier area.

(f) Each permit issued under this article shall be displayed at all times on the rear of the mobile food vehicle and conspicuously on the pushcart.

(g) If an existing mobile food zone is no longer in compliance with the requirements set forth in this article due to changing conditions, the mobile food vendors committee shall make a recommendation to the public safety committee on the feasibility to issue a new permit when the existing permit expires.

(h) The Birmingham City Council reserves the right to limit the number of designated food zones within the city center, to address the health, safety, comfort, convenience, prosperity and general welfare of the citizens of Birmingham. (Ord. No. 14-128, § 1(6), 9-12-2014)

Sec. 12-14-47. Application for permit.

(a) Permit applications shall be processed in the order received. Each online application submitted shall be date and time stamped. Each application shall require the following:

(1) Payment of application fee. Such fee shall apply to cost of the permit for approved applications. The balance of the permit fee shall be due after council approval.

(2) A valid copy of all required licenses/permits of a health department, as applicable, for each mobile food vehicle and/or pushcart.

(3) The applicant's full name, signature, address and whether the applicant is an individual, firm, or corporation, and, if a partnership, the names of the partners, together with their addresses.

(4) The address of its commissary.

(5) A photograph of the applicant (e.g., driver's license, passport or similar).

(6) Each applicant must attest that they are in compliance with the Hammon-Beason Alabama Taxpayer and Citizen Protection Act.

(b) Applicants applying to vend on private property must supply the following:

(1) A valid copy of executed leases or letters of consent from property owner(s) or proof of ownership of the property for each private site.

(2) Written approval from the city's zoning division of P.E.P. for each private site.

(3) A site plan including photos of the site and a detailed layout noting truck orientation and service plan is required for each private site.

(c) Applicants may request up to three food zones per application, listed in order of preference. The application will proceed with the first location approved by the mobile food vendors committee. If none of the requested locations are approved, a new application shall be required. Only one food zone shall be approved per application.

(d) An accurate description of the mobile food vehicle and/or pushcart shall be provided, including the following data for mobile food vehicles: the make, model and type of body; the number of cylinders; the vehicle identification number or any other identifying number as may be required by the mobile food vendors committee.

(e) The operator shall provide the manufacturer's specs on decibels range generated by his particular generator. The decibel levels for any generator(s) used shall not exceed 80 dBA.

(f) A statement that the applicant has not been convicted of any crime that involves any local, state or federal law or regulation during the operation of a similar business.

(g) A statement that the applicant has not been convicted of a crime as a result of having perpetrated deceptive practices upon the public within the last ten years.

(h) The applicant shall notify the traffic engineering department within 15 days after any changes to application information.

(i) A signed statement that the applicant shall hold harmless the city and its officers and employees, and shall indemnify the city, its officers and employees for any claims for damage to property or injury to persons which may be occasioned by any activity carried on under the terms of the permit.

(j) The permittee shall furnish and maintain such public liability, food products liability, and property damage insurance as will protect the vendor, property owners, and the city from all claims for damage to property or bodily injury, including death, which may arise from the operations under the permit or in connection therewith. Such insurance shall provide coverage of not less than $100,000.00 per person and $300,000.00 per accident or occurrence. The policy shall further provide that it shall not be cancelled except upon 30 days' written notice served upon the City of Birmingham, Office of the City Clerk, 3rd Floor, 710 North 20th Street, Birmingham, AL 35203. A permit issued pursuant to the provisions of this section shall be invalid at any time the insurance required herein is not maintained and evidence of continuing coverage is not filed with the city clerk. Proof of insurance must be shown on each mobile food vehicle and pushcart in operation.
(Ord. No. 14-128, § 1(7), 9-12-2014)

Sec. 12-14-48. Fees.

(a) Upon approval of an application for a general area permit of the city's rights-of-way, the annual fee shall be $300.00 for a mobile food vehicle and $80.00 for a pushcart.

(b) Upon approval of an application to operate within both the premier area of the city center and the general area of the rights-of-way, the annual permit fee shall be $500.00 for a mobile food vehicle and $100.00 for a pushcart.

(c) There shall be a one-time initial cost of $250.00 to establish new food zones for mobile food vehicles and $60.00 for pushcarts. Said cost is to cover any administrative services and alterations needed in preparing the food zones. Some examples include, but are not limited to, the removal of parking meters, the pouring of concrete, and the cost of the signage. This one-time fee is separate of any permit fee.

(d) The annual permit fees set forth in this section shall bill on a calendar year from January 1 to December 31. The fees shall be prorated bi-annually as follows:

(1) From January 1 to June 30:

a.	Food truck general area	$300.00
b.	Food truck premier area	$500.00
c.	Pushcart general area	$80.00
d.	Pushcart premier area	$100.00

(2) From July 1 to December 31:

a.	Food truck general area	$150.00
b.	Food truck premier area	$250.00
c.	Pushcart general area	$40.00
d.	Pushcart premier area	$50.00

(e) The $150.00 application fee for mobile food vehicles and the $40.00 application fee for pushcarts shall be applied to approved applications. The remaining balance, if any, must be paid after council approval before the permit will be issued by the traffic engineering department.

(f) A duplicate permit may be issued with the payment of a fee of $25.00. Contact the traffic engineering department should a permit become lost or destroyed.

(g) A permit can be renewed up to 30 calendar days prior to the expiration date. Any permit applied for after 16 calendar days of such expiration date shall incur a late fee of $25.00 in addition to the annual fees stated above. A new application shall be required 32 calendar days

following the expiration date of the existing permit or the permittee shall lose its claim to any particular food zone and/or its place in the rotation cycle of the premier area.
(Ord. No. 14-128, § 1(8), 9-12-2014)

Sec. 12-14-49. General rules and regulations.

(a) No person or business entity, including religious or charitable organizations, shall operate a mobile food vehicle and/or pushcart upon the public rights-of-way within the city without a permit.

(b) It shall be unlawful for any vehicle to park in an area designated as a food zone without a permit and/or proper authorization.

(c) The grant of a permit hereunder shall not be deemed to authorize the operation of a mobile food vehicle and/or pushcart without obtaining a business license, as may be required under the current business license code. A permittee must subsequently obtain a business license from the revenue division of the finance department, or be subject to a fine as defined in section 12-14-52(e) for each day the permittee is in violation of this section.

(d) Persons conducting business from a mobile food vehicle or pushcart on private property:

(1) Must provide to the city a lease or the written expressed consent from the owner to use the business property on which they propose to operate.

(2) Must have a valid city business license unless otherwise exempted by city ordinance.

(3) Shall be responsible for properly disposing of such refuse, trash, and litter from the food vending operation as would any business, and shall not place it in any public trash container, or in any private container without proper permission.

(4) The food vending operation must be a use that is otherwise allowed within the zoning district in which the vendor proposes to operate.

(e) Persons conducting business from a mobile food vehicle on private property shall not be permitted to operate in the following manner:

(1) Vending may not obstruct the use of any street intersection or pedestrian crosswalk.

(2) Vending shall not impede the ingress or egress of any driveway.

(3) Vending shall not obstruct pedestrian space.

(4) Shall not impede or obstruct the ingress or egress of any building.

(5) Any power sources must be depicted on the site plan and must meet all applicable electrical code standards.

(6) Vending structures shall not be left unattended or stored at any time on the open vending site when vending is not taking place or during restricted hours of operation.

(7) Amplified sound or sound equipment must comply with the City of Birmingham Noise Ordinance.

(8) Any and all signage must be contained on the private property. At no time shall any signage be placed within the public rights-of-way.

(f) Hours of operation within the public rights-of-way shall be as follows:

(1) City center permits: Monday through Friday, 6:00 a.m. to 6:00 p.m.

(2) General permits: Monday through Sunday, 6:00 a.m. to 2:00 a.m.

(g) All locations are subject to the regulations and other requirements established by the health department. It shall be unlawful for any person to prepare, sell, offer or expose for sale, exchange, give away, deliver, dispose of or have in possession, custody or control, in the city, with intent to sell, offer or expose for sale, exchange, gift or delivery, any meat, prepared food, vegetable, beverage, liquid or other article used or intended for use as food for human beings, without a valid,

unsuspended and unrevoked permit issued by the health officer, pursuant to regulations of the state board of public health.

(h) It shall be unlawful to leave any mobile food vehicle and/or pushcart unattended on public rights-of-way, or to remain on public rights-of-way outside of the allowed hours of operation.

(i) Vendors shall be allotted 30 minutes setup and 30 minutes breakdown before and after the stated operating hours.

(j) No mobile food vehicle and/or pushcart shall operate within 150 feet of the front door of any restaurant in current operation. Distance shall be measured to the nearest public entrance for any indoor food court.

(k) No mobile food vehicle and/or pushcart vending within the city's rights-of-way shall operate within 500 feet of any fair, stadium, carnival, circus, festival, special event, civic event, entertainment district or other like-sponsored event that is licensed or authorized by the city, unless they are authorized by the sponsor to be participants in such event.

(l) It shall be unlawful to operate a mobile food vehicle and/or pushcart within the city's rights-of-way, within 150 feet of any primary or secondary school within Birmingham's city limits. Distance shall be measured to the nearest lot line of the school's campus.

(m) Any applicant that desires to operate concurrent food zones shall pay the general permit fee for each food zone it creates within the rights-of-way.

(n) The permittee shall be granted a single food zone permit for each vehicle added to the rotation cycle within the premier area of the city center.

(o) The permit shall be subject to additional limitations on hours and days of operation that the city determines are appropriate to prevent conflict with special events. Examples of special events include, but are not limited to, construction, parades, sponsored marathons and blocked streets to allow licensed events. The city shall not be required to provide alternate food zones for operation during the actuation of any of the special events.

(p) No mobile food vehicle and/or pushcart shall use or maintain any outside sound amplifying equipment, lights, or noisemakers, such as bells, horns or whistles, or similar devices to attract customers. A mobile food vehicle and/or pushcart may use battery-operated lights with appropriate protective shields for the purpose of illuminating merchandise, so long as it is not a distraction to passing motorists. The decision of such distractions shall be determined by the BPD.

(q) No mobile food vehicle and/or pushcart operating within the city shall cause congestion that impedes pedestrian or vehicle traffic or interfere with the city or public's use of any public rights-of-way. This shall include but is not limited to activity of customer queues, accessory units, or signage that in any way invades or impairs access to adjacent parking, pedestrian or vehicle traffic.

(r) No mobile food vehicle and/or pushcart shall make or solicit any sales to occupants of vehicles or engage in any activities which impede vehicular traffic.

(s) Any power required for the mobile food vehicle and/or pushcart located on a public way shall be self-contained. The mobile food vehicle and pushcart shall not draw its power from the public rights-of-way. No power cable or equipment shall be extended at grade or overhead across any public street, alley or sidewalk.

(t) Mobile food vehicles and/or pushcarts shall be responsible to provide and maintain their own trash receptacles. Permittee shall contain all refuse, trash, and litter within the mobile food vehicle or a small moveable trash can maintained by the permittee, and located adjacent to the mobile food vehicle and/or pushcart in such a manner as not to block or otherwise obstruct pedestrian or vehicular traffic. The permittee of the mobile food vehicle and/or pushcarts shall be responsible for properly disposing of such refuse, trash, and litter as would any business, and

shall not place it in any public trash container, or in any private container without proper permission.

(u) The proposed mobile food vehicle and/or pushcart vending activity shall comply with all applicable laws including but not limited to the Americans with Disabilities Act.

(v) Mobile food vending in the rights-of-way shall only occur from the side of a food vehicle that is parked abutting and parallel to the curb.

(w) Pushcarts shall have overhead protection, such as an umbrella, to cover the food area.

(x) No mobile food vehicle shall have a drive-through service.

(y) The decibels levels for any generator(s) used shall not exceed "80dBA". The operator shall provide the manufacturer's specs on decibels range generated by his particular generator.

(z) Any mobile food vehicle and/or pushcart being operated without a valid permit issued by the City Council shall be deemed a public safety hazard and may be ticketed and impounded.

(aa) No mobile food vehicle and/or pushcart shall be parked on the street overnight, or left unattended and unsecured at any time. Any mobile food vehicle and/or pushcart which is found to be unattended shall be considered a public safety hazard and may be ticketed and impounded.

(bb) A mobile food vehicle and/or pushcart operating at any unauthorized location or beyond the hours for which the operation has been permitted shall be deemed operating without a permit in violation of this section and may be subject to enforcement.

(cc) Any new business that opens or moves near an existing mobile food vehicle and/or pushcart food zone shall be deemed to have accepted the proximity of the existing mobile food vehicle and/ or pushcart in operation.

(dd) The city council shall, in the best interest of the city, maintain the authority to regulate uses of the public rights-of-way and reduce the size and/or location of a food zone at a later date. (Ord. No. 14-128, § 1(9), 9-12-2014)

Sec. 12-14-50. Temporary food zone permit.

(a) A temporary food zone permit allows mobile food vehicles and pushcarts the opportunity to serve specific events located within the public rights-of-way for one calendar day. This permit is allowed only when the timing and place of said activity does not conflict with the city's desire to protect the safe and convenient use of public rights-of-way. It is the city's intent to control the pedestrian and street congestion as it relates to the operation of mobile food businesses and the proximity to established brick and mortar businesses. This permit is primarily used to grant permission to operate in locations within the rights-of-way that have not been designated as food zones.

(b) The city shall offer a temporary permit twice a year to mobile food vehicles and pushcarts providing them the opportunity to test two different locations for a period of one month. The operator must apply at a minimum of 30 days in advance for this temporary permit.

(c) The temporary food zone vending permit shall be issued under the following conditions:

(1) The applicant must first possess a current mobile food vendor or pushcart permit.

(2) An application must be submitted to the city traffic engineering department a minimum of three working days prior to the event.

(3) A fee of $25.00 shall be paid by the person applying for the one day permit at the time of the filing of the application. The permit shall be effective for no more than one day during a calendar year. Each day shall require a separate permit.

(4) A fee of $60.00 shall be paid by the person applying for a one month temporary permit at the time of the filing of the application. The permit shall be issued once in May and again in October by the traffic engineer.

(5) The temporary food zone permit shall only be issued for an event abutting a

curb space in the rights-of-way. It shall not apply to operation on private property.

(6) The permittee shall obtain and display the temporary food zone permit at the vending site in a manner established by the traffic engineering department.

(7) The temporary food zone permit shall be subject to the rules and regulations of the primary permit issued.

(8) The traffic engineer department shall approve or deny the issuance of a temporary food zone permit based on the same criteria used to establish all food zones.

(9) If the proposed temporary food zone will occur within 200 feet of a park, the traffic engineer shall approve or deny the temporary food zone based on the following considerations:

a. Public safety concerns; or

b. Access to the entrances and exits of the park; or

c. Conflicts with existing businesses and concessionaires, permitted events, or other special activities occurring in the park.

(d) Any applicant that wishes to operate in non-designated locations for two or more consecutive days shall either apply for a special events business license or must submit an application to the mobile food vendors committee through the traffic engineering department requesting a new food zone to be created.

(e) The city shall provide to the permittee evidence of its authorization for a temporary food zone. It shall be the responsibility of the permittee to secure any temporary zone that has been authorized by the traffic engineering department. The city shall not be held liable for the failure of the permittee to secure the temporary zone once approval is provided.
(Ord. No. 14-128, § 1(10), 9-12-2014)

Sec. 12-14-51. Mobile food services temporary vendors.

A mobile food services temporary vendor may, in lieu of purchasing an annual mobile food services business license, purchase a mobile food services temporary vendor license for temporary events. Each event requires a separate license, and the mobile food service temporary vendor shall be limited to no more than four mobile food services temporary vendor licenses for each temporary event, per calendar year.
(Ord. No. 14-128, § 1(11), 9-12-2014)

Sec. 12-14-52. Written application for transfer of permit required.

(a) Ownership of a permit issued under this article shall not be reassigned by the permittee. The city council is hereby authorized to transfer any valid permit from one entity to another. No transfer shall be made to an entity that would not have been eligible to receive the permit originally.

(b) Any permittee desiring a transfer of a permit shall file an application with the mobile food vendors committee prior to the date ownership of the business is transferred or conferred to another legal entity.

(c) No permit shall be transferred except with the consent of the city council.

(d) Nothing is this section shall prohibit the city from requiring a new application and permit approval.
(Ord. No. 14-128, § 1(12), 9-12-2014)

Sec. 12-14-53. Enforcement.

(a) It shall be unlawful for any person to vend or operate without a duly issued permit or in violation of any of the provisions of this article.

(b) Enforcement. The provisions of this section or any rules and regulations shall be enforceable by the Birmingham Police Department and the Traffic Engineering Department.

(c) Fine for violation. Any mobile food vehicle and/or pushcart in violation of any provision of this article shall be subject to a fine of up to

$500.00 per violation. Each violation shall constitute a separate and distinct offense. Each day shall be considered a separate offense.

(d) Any permit holder found in violation of any section of this article may be issued a ticket for violation and the mobile food vehicle and/or pushcart may be impounded.
(Ord. No. 14-128, § 1(13), 9-12-2014)

Sec. 12-14-54. Denial, revocation, suspension of permit.

(a) An application or approved permit may be denied, revoked, suspended, or not renewed for any of the following reasons:

(1) Revocation, suspension, modification. A permit may be revoked, suspended, modified, or not renewed by the city council for failure to comply with the provisions of this article, or of any provision of this Code or other ordinance of the city enacted in the exercise of its police power. A permit may also be revoked whenever, in the judgment of the city council when it deems it necessary for the protection of the public good or for the prevention of disorders; provided, however, that the city council shall first give reasonable notice to the permittee of a public hearing on the matter of such revocation. The permittee shall have the right to counsel as well as the right to present and cross examine witnesses at such hearing;

(2) The permittee or any of its principals fails to satisfy any qualification or requirement imposed by this article, or other local, state or federal laws or regulations that pertain to the particular license;

(3) The permittee or any of its principals is or has engaged in a business, trade or profession without having obtained a valid license, permit or work card when such applicant or principal knew or reasonably should have known that one was required; or

(4) The permittee or any of its principals has been subject, in any jurisdiction, to disciplinary action of any kind with respect to a license, permit or work card to the extent that such disciplinary action reflects upon the qualification, acceptability or fitness of the applicant or principal to conduct such a business; or

(5) The permittee or any of its principals has been convicted of any crime that involves any local, state or federal law or regulation arising out of the operation of a similar business; or

(6) The permittee or any of its principals has been convicted of a crime as a result of having perpetrated deceptive practices upon the public within the last ten years; or

(7) The motor food vehicle and/or pushcart on which the business is conducted does not satisfy all local, state or federal laws or regulations which relate to the activity that is to be licensed after a notice and opportunity to cure; or

(8) The permittee or any of its agents is in default on any payments owed to the city; or

(9) The application contains material omissions or false, fraudulent, or deceptive statements; or

(10) The motor food vehicle and/or pushcart is operated in such a manner as constituting a public nuisance per the Birmingham City Code or state statutes; or

(11) The proposed operation is in violation of any federal, state, or local laws including, but not limited to, the provisions of this Ordinance pertaining to public health or safety.

(12) The permittee or his agents or employees interfere with an inspection of the mobile food vehicle and/or pushcart by a Health Department inspector; or

13) The permittee or his agents have repeatedly violated applicable portions of this article; or

(14) There are repeated violations of federal or state food laws or laws regulating mobile food vehicles and/or pushcarts; or

15) The county health department denies, revokes or suspends the license of the mobile food vehicle and/or pushcart; or

(16) There is a violation of any section of this article.

The provisions of this section are not exclusive. This section shall not preclude the enforcement of any other provisions of this article or local, state and federal laws and regulations. A county health department may impose additional requirements to protect against health hazards related to the operation of a mobile food vehicle and/or pushcart.
(Ord. No. 14-128, § 1(14), 9-12-2014)

Sec. 12-14-55. Ice cream trucks.

(a) All ice cream trucks are required to purchase a business license.

(b) An ice cream truck shall not be required to apply for a permit, unless and except it wishes to operate within a food zone. Ice cream trucks are subject to the regulations of this article only when operating in a food zone. Ice cream trucks that do not operate in a food zone are exempt from the regulation of this article with the exception of subsection (c) of this section.

(c) Except as herein provided, it shall be unlawful for any ice cream truck, while engaged in the business of selling, to stop or stand or permit or suffer any vehicle to do so upon any street of the city except during the actual sale of its ice cream product. In no event shall an ice cream truck be or remain upon any street or sidewalk longer than is reasonable to conduct a sale; such time not to exceed 30 minutes.
(Ord. No. 14-128, § 1(15), 9-12-2014)

CHAPTER 15. SALES

ARTICLE A. BANKRUPTCY OR CLOSING-OUT SALES*

Sec. 12-15-1. License required.

(a) It shall be unlawful for any person to conduct at retail any sale of goods, wares or merchandise advertised in any manner, including advertisement by radio or television, either expressly or by implication, as a distress merchandise sale as hereinafter defined or a going out of business sale as hereinafter defined, without first obtaining from the director of finance a special license therefor; provided that this section shall not be construed to apply to any of the circumstances of sales exempted under state law.

(b) A distress merchandise sale within the meaning of this section is defined as follows: any offer to sell to the public, or a sale to the public of

*__State law references__—Going out of business or distress merchandise sales generally, Code of Ala. 1975, § 8-13-1 et seq.; going out of business or distress merchandise sales statute is inapplicable to sales made within the incorporated limits or police jurisdiction of city under a license granted by such city pursuant to the provisions of a valid ordinance of such city similar to the provisions of that chapter, Code of Ala. 1975, § 8-13-23(6); unlawful to falsely represent that a person is going out of business, Code of Ala. 1975, § 8-19-5(16).

goods, wares or merchandise on the implied or direct representation that such sale is being held other than in the ordinary course of business, and not otherwise defined herein. Without limiting the generality of subsection (a) of this section, the term "distress merchandise sales" includes, but is not limited to, any sale advertised either specifically or in substance to be any one of the following:

(5) Insurance salvage sale;

(6) Mortgage sale;

(7) Adjuster's sale;

(8) Reorganization sale; or

(9) Other terminology of similar intent to any in this subsection (b).

(c) A going out of business sale within the meaning of this section is defined as follows: any offer to sell to the public or a sale to the public of goods, wares or merchandise on the implied or direct representation that such sale is in anticipation of the termination of a business at its present location or that the sale is being held other than in the ordinary course of business. Without limiting the generality of subsection (b) of this section, the term "going out of business sales" includes, but is not limited to, any sale advertised either specifically or in substance to be any one of the following:

(1) A sale because the seller is going out of business;

(2) A sale because the seller is liquidating;

(3) A sale because the seller is selling his or her entire stock or selling out to the bare walls;

(4) A sale because the applicant has lost his or her lease;

(5) A sale because the applicant is selling out his or her interest in the business establishment;

(6) A sale because everything in the store or establishment must be sold;

(7) Trustee's sale;

(8) Bankrupt sale;

(9) Save us from bankruptcy sale;

(10) Insolvent sale;

(11) Assignee's sale;

(12) Must vacate sale;

(13) Quitting business sale;

(14) Receiver's sale;

(15) Loss of lease sale;

(16) Forced out of business sale;

(17) Removal sale;

(18) Liquidation sale;

(19) Executor's sale;

(20) Administrator's sale;

(21) Warehouse removal sale;

(22) Branch store discontinuance sale;

(23) Creditor's committee sale;

(24) Adjustment sale;

(25) Defunct business sale;

(26) Selling out interest sale; or

(27) Other terminology of similar intent to any in this subsection (c).

(Code 1964, § 46-1; Code 1980, § 12-15-1)

State law reference—Categories of sales that are exempted from requirements of the "going out of business or distress merchandise sales" chapter, Code of Ala. 1975, § 8-13-23.

Sec. 12-15-2. Filing and contents of application.

Any person desiring to secure a license as required in section 12-15-1 shall make application therefor to the director of finance. Such application shall state the name and address of the person applying for the same, and shall specify the place and the period of time during which the sale will continue. It shall further state the particular kind of sale to be conducted and advertised, and, as far as possible, the names of persons

from whom the goods, wares and merchandise to be sold were obtained, and the reasons why the sale is to be conducted.
(Code 1964, § 46-2; Code 1980, § 12-15-2)

Sec. 12-15-3. Inventory to accompany application; inventory, etc., to be under oath.

An application filed as provided in section 12-15-2 shall have attached to it an inventory containing a complete and accurate list of the goods, wares and merchandise, on hand and on order, to be sold, together with the wholesale price or the purchase price thereof as well as the name of the supplier from whom each item was acquired. The inventory or list shall be signed and sworn to by the applicant, or by a resident agent thereunto authorized, who shall also make oath that the statements contained in such application are known by the signer to be true and correct.
(Code 1964, § 46-3; Code 1980, § 12-15-3)

Sec. 12-15-4. Falsification of application.

It shall be unlawful for any person to make any false statement in any application filed as provided in section 12-15-2. It shall be unlawful for any person, firm or corporation to conduct a going out of business sale and represent directly or by implication that he or she or it is going out of business, and then fail to go out of business as advertised.
(Code 1964, § 46-4; Code 1980, § 12-15-4)

Sec. 12-15-5. Limitation on term of license; renewal.

No license required by this article shall be issued for more than 30 days, but such license may be granted an extension of 30 days by the director of finance upon good cause shown by the licensee, the payment of the additional fees provided for in the then current license code of the city, and by the filing of another application and inventory of the stock remaining unsold in the manner provided for the filing of the first application and inventory.
(Code 1964, § 46-5; Code 1980, § 12-15-5)

Sec. 12-15-6. Adding to inventoried stock; selling goods not on inventory.

It shall be unlawful for any person conducting any sale pursuant to a license required by this article to add any goods to the stock listed in the inventory referred to in section 12-15-3 or to sell any goods except those included in such inventory. Each sale of goods not so inventoried shall constitute a separate offense.
(Code 1964, § 46-6; Code 1980, § 12-15-6)

Secs. 12-15-7—12-15-20. Reserved.

ARTICLE B. AUCTIONS AND AUCTIONEERS*

Division 1. General Provisions

Sec. 12-15-21. Auctions on streets.

It shall be unlawful for auctioneers to sell wares or articles of any kind or description on the streets of the city, or to store or place the same on such streets.
(Code 1964, § 46-7; Code 1980, § 12-15-21)

Sec. 12-15-22. Bidding on behalf of auctioneer.

It shall be unlawful for any auctioneer to employ, induce or knowingly permit any person to bid at any public auction sale of property upon behalf of the auctioneer or seller, or to knowingly accept a bid from such person made on behalf of the auctioneer or seller.
(Code 1964, § 46-8; Code 1980, § 12-15-22)

Sec. 12-15-23. Misrepresentations at auction sales.

It shall be unlawful for any person to represent falsely any article sold at an auction sale in the city as an article pledged or pawned, or as an unredeemed pledge.
(Code 1964, § 46-9; Code 1980, § 12-15-23)

Division 2. Gold, Silver, Precious Stones, Watches, Jewelry, Etc.

Sec. 12-15-31. Auction sales prohibited; exceptions.

It shall be unlawful for any person to sell or dispose of or offer for sale, in the city, at public auction, or to cause or permit to be sold, disposed of or offered for sale in the city, at public auction, any gold, silver, plated ware, precious stones, watches, clocks, jewelry, bric-a-brac, china or glassware, whether the same shall be his own property or whether he or she sells the same at auction, as agent or employee of others; provided that this section shall not apply to judicial sales or sales by executors or administrators, or to sales by or in behalf of licensed pawnbrokers of unredeemed pledges in the manner provided by law, or to sales at public auction of any stock on hand of any person, who shall, for the period of one year next preceding such sale, have been continuously in business in the city as a retail or wholesale merchant of gold or silver, plated ware, precious stones, watches, clocks, jewelry, bric-a-brac, china or glassware; provided that such retail or wholesale merchant shall first obtain a license therefor, as provided in this division.
(Code 1964, § 46-10; Code 1980, § 12-15-31)

Sec. 12-15-32. License required.

No person shall conduct any sales permitted by this division by auction unless a license is first obtained therefor, as provided in this division.
(Code 1964, § 46-11; Code 1980, § 12-15-32)

Sec. 12-15-33. Application for license; filing and contents.

(a) Any person desiring a license as required by this division shall file an application therefor with the director of finance. Such application shall set forth the following:

(1) The name, residence, address and business address of the applicant.

(2) The character of the business the applicant has engaged in during the two years prior to the application.

(3) Whether the proposed auction is to be held at the applicant's existing regularly established place of business, and wherein his regular business has been operated for at least one year prior to the application.

(4) The name and address and occupational history of each person who will participate in conducting the sale by auction.

(5) Whether the applicant will be present at and in continuous attendance at the proposed sale by auction.

(6) Whether any additions to the stock of merchandise proposed to be sold at such sale by auction have been made within a period of 60 days prior to the date of such application, and if so, he shall furnish a separate inventory thereof containing all details as in the regular inventory required.

(7) Whether, after filing such application and until the end of such sale by auction, the applicant will make any additions or permit any additions to be made to the stock of merchandise described in the required inventory.

(8) Whether the applicant has conducted or caused to be held any sales by auction within a period of five years prior to such application, and if so, a brief description as to the character of such other auctions and a statement of the times when held and the places where held.

(9) Whether the applicant has owned or conducted within one year prior to the application, any other store or place of business than the one mentioned as his regular place of business in the application, and if so, where such other stores or places of business were located and the character of business operated in each.

(10) Whether he will himself, and whether he will require all others participating in the conducting of such proposed sale by auction, to truly and correctly represent at all

times to all persons attending such auction, the actual facts in respect to the quality and manufacture.

(11) Whether he has attached to such application a true and correct detailed inventory, item by item, and article by article, of the stock of goods, wares and merchandise proposed to be sold at such sale by auction. Whether he caused each separate article in such inventory to be given a number, and whether he agrees in case a license is granted, to attach to each article, a card or ticket with the number of such article endorsed thereon corresponding to the inventory number.

(12) Whether the applicant will keep adequate records of his inventory as specified in the applicant's application and will submit such records for inspection at any time subsequent to the date of the filing of the application, so that such records may be checked against the inventory and stock on hand of the applicant.

(13) Whether the applicant or any person he proposed to use as auctioneer or other employee at the proposed auction sale has been convicted of any violation of this section within five years prior to such application.

(b) Should the person filing the application, as provided in subsection (a) of this section be an individual, then the application shall be filed in the name of such individual. Should such person be a partnership, then the application shall be filed in the name of the partnership, duly verified by one of the partners. Should such person be a corporation, then the application shall be filed by the resident officer of such corporation or the executive officer of such corporation or, in the event the business is operated by a manager other than an officer of the corporation, then such application shall be filed by such manager. In each instance, the application shall be verified by the proper officer or alter ego of the corporation.
(Code 1964, § 46-12; Code 1980, § 12-15-33)

Sec. 12-15-34. Application to be made by owner of property.

The applicant for a license required by this division shall be the owner of the property which is desired to be sold at auction.
(Code 1964, § 46-13; Code 1980, § 12-15-34)

Sec. 12-15-35. Inventory—Required.

Any person desiring to sell or dispose of or offer for sale, in the city, at public auction, or to cause or permit to be sold, disposed of or offered for sale in the city, at public auction, any gold, silver, plated ware, precious stones, watches, clocks, jewelry, bric-a-brac, china or glassware, whether the same shall be such person's own property or whether the person sells the same at auction, as agent or employee of others shall file with the city director of finance a true and correct detailed inventory, item by item, and article by article, listing each of the articles proposed to be sold at the sale in question by auction and shall cause each separate article in such inventory to be given a number.
(Code 1964, § 46-14; Code 1980, § 12-15-35)

Sec. 12-15-36. Same—Verification.

Upon the filing of the inventory with the director of finance, as provided in section 12-15-35, the merchant or auctioneer shall duly verify the inventory by personal oath or affirmation.
(Code 1964, § 46-15; Code 1980, § 12-15-36)

Sec. 12-15-37. Limitation on grant of license to person previously receiving license.

No license required by this division shall be granted to any person or to any agent or affiliate or assignee of, or to any person acting for any such person within a period of two years after the termination of sale by auction by such person licensed under this division.
(Code 1964, § 46-16; Code 1980, § 12-15-37)

Sec. 12-15-38. Issuance of license.

In the event a license required by this division shall be granted, such license shall be issued by the director of finance upon the payment of the

license fee designated in the current license code. No such license shall be issued until the applicant has complied with all of the requirements of this division for furnishing information and the filing of an application.
(Code 1964, § 46-17; Code 1980, § 12-15-38)

Sec. 12-15-39. Revocation of license.

Any license issued pursuant to this division shall be subject to revocation by the council for the violation by the licensee of any provision of this division relating to the auction for which such license is issued and shall also be subject to revocation by the council if the licensee, under color of such license, violates or aids or abets in violating or knowingly permits or suffers to be violated any penal provision of this Code or other ordinance of the city.
(Code 1964, § 46-18; Code 1980, § 12-15-39)

Sec. 12-15-40. Limitation on term of sale.

No sale by auction for which a license is required by this division shall be licensed for a period of more than 30 consecutive days within a period of one year, Sundays and legal holidays excepted.
(Code 1964, § 46-19; Code 1980, § 12-15-40)

Sec. 12-15-41. Labeling of articles offered for sale; warranties.

(a) It shall be unlawful for any person who has filed a sworn inventory with the director of finance pursuant to this division to offer for sale by auction any article to which there is not attached a card or ticket or label containing a true and correct statement plainly written or printed in English specifying the kind and quality of the metal of which such article is made or composed, or the percentage of karat or purity of such metals. If such articles are plated or overlaid, then such tag or label shall contain a true statement of the kind of plate. When precious stones are for sale or sold by auction as such, or as a part of an article of jewelry, such written statement shall state the true name, weight and quality of such stones. When semiprecious stones are offered for sale or sold by auction as such, or as a part of an article of jewelry, such written statement shall set forth the true name of such stones. When imitations of precious or semiprecious stones are offered for sale or sold by auction as such, or as part of an article of jewelry, such imitations shall be described or defined as synthetic or imitations of such stones as they purport to represent. When watches and clocks are sold, the true names of the manufacturers shall be stated in writing and no parts of the movements or mechanism thereof shall be substituted or contain false and misleading names or trademarks. Such tag or label shall remain securely attached to any such article or merchandise, shall be delivered to the purchaser as a true and correct description and representation of the article sold.

(b) Any such person shall, in describing the goods in question, be truthful with respect to the character, quality, kind and description of such goods. For the purpose of this division, such descriptions shall be considered as warranties.
(Code 1964, § 46-20; Code 1980, § 12-15-41)

Sec. 12-15-42. False affidavits, etc.

It shall be unlawful for any person knowingly and willfully to make any false written affidavit, certificate or statement as to the amount of stock on hand or number of employees used, and to file such affidavit or certificate with the director of finance for the purpose of defrauding the city by procuring a license required by this division by the affiant or his or her principal.
(Code 1964, § 46-21; Code 1980, § 12-15-42)

Sec. 12-15-43. Numbering of articles to correspond to inventory.

Before the beginning of the sale by auction, the merchant, auctioneer or agent shall attach to each article a card or ticket with the number of the article set forth in the inventory endorsed thereon so that the number of each article described and set opposite the description of the respective article corresponds to the number designated on the inventory filed.
(Code 1964, § 46-22; Code 1980, § 12-15-43)

Sec. 12-15-44. Restoration of stock.

At any sale regulated by this division by auction of stock on hand by such merchant, there

shall be no replenishment of stock in anticipation of such auction sale or pending or during such auction sale, and nothing shall be offered for sale or sold at any such sale by auction which is in addition to the stock of merchandise described in such inventory filed with the director of finance. The inventory, stock and records of the merchant or auctioneer shall be subject to inspection at all times subsequent to the date of filing the required inventory with the director of finance.
(Code 1964, § 46-23; Code 1980, § 12-15-44)

Sec. 12-15-45. Limitations as to persons convicted of violating division.

No person who has been convicted of violating this division shall be granted a license required by this division or shall act as an auctioneer, or be employed in any manner at or in connection with any sale by auction for which a license is required under this division for a period of five years after such conviction.
(Code 1964, § 46-24; Code 1980, § 12-15-45)

Sec. 12-15-46. Hours when sale prohibited.

No sale by auction shall be conducted between the hours of 6:00 p.m. and 8:00 a.m.
(Code 1964, § 46-25; Code 1980, § 12-15-46)

Sec. 12-15-47. Limitation as to sales in December.

No sale by auction shall be conducted in the month of December prior to the day after Christmas.
(Code 1964, § 46-26; Code 1980, § 12-15-47)

Sec. 12-15-48. By-bidders, cappers, etc.; false bids, etc.

It shall be unlawful for any person to act as by-bidder, capper or booster at any auction held pursuant to a license required by this division, or to offer or make any false bid to buy or pretend to buy any article sold or offered for sale at any such auction sale.
(Code 1964, § 46-27; Code 1980, § 12-15-48)

State law reference—Similar provision, Code of Ala. 1975, § 8-14-22.

Sec. 12-15-49. Limitation as to place of sale.

No sale by auction shall be conducted except at the existing regularly established place of business of the merchant or auctioneer in question and at the place wherein his or her regular business has been operated for a period of at least one year prior to the filing of the auction inventory with the director of finance.
(Code 1964, § 46-28; Code 1980, § 12-15-49)

Sec. 12-15-50. Duty and responsibility of licensee at sale.

Wherever any sale by auction for which a license is required under this division is being conducted, the licensee in question shall remain in continuous attendance at all times while such sale is being conducted and shall be responsible for any violation of this division thereat or in connection therewith. The person who files the application as the owner or for the owner of the property, shall remain in continuous attendance at all times while such sale by auction is being conducted and shall be responsible for any violation of this division.
(Code 1964, § 46-29; Code 1980, § 12-15-50)

State law reference—Similar provision, Code of Ala. 1975, § 8-14-22.

Sec. 12-15-51. Sale by auctioneer of goods not on inventory and not owned by licensee; sale of property owned by auctioneer.

(a) No auctioneer or crier in conducting a sale by auction shall offer for sale or sell any goods, wares or merchandise regulated by this division not listed on the required inventory and owned by the merchant or auctioneer who filed the required inventory list.

(b) No auctioneer or crier may sell or offer for sale or cause to be sold or disposed of at public auction, any of the auctioneer's own goods, wares and merchandise regulated by this division unless he or she first has filed a required inventory with the director of finance as provided in this division.
(Code 1964, § 46-30; Code 1980, § 12-15-51)

Sec. 12-15-52. Evidence of ownership of business.

Maintenance of a place for the carrying on of a business, vocation, occupation or profession regulated by this division shall be prima facie evidence that the person so maintaining or in charge of such place, is carrying on the business, vocation, occupation or profession for the carrying on of which such place is maintained.
(Code 1964, § 46-31; Code 1980, § 12-15-52)

CHAPTER 16. TAXICABS AND VEHICLES FOR HIRE

ARTICLE A. GENERAL PROVISIONS

Sec. 12-16-1. Definitions.

Unless otherwise expressly provided, the following words for the purpose of this chapter shall have the meanings herein indicated:

"Accessible vehicle: A minivan, van or bus that meets the requirements of the Americans with Disabilities Act ("ADA") and equipped with the following:

(1) A lift mechanism capable of lifting a passenger in a wheelchair from street level into the vehicle or a ramp with a slope that is suitable for a wheelchair passenger to enter the vehicle safely,

(2) Headroom of sufficient capacity to accommodate wheelchair passengers comfortably, and

(3) Wheelchair tie-downs, but shall not include transportation of passengers in a recumbent position or on stretchers or beds.

Airport shuttle service: Transportation provided exclusively to or from the Birmingham Shuttlesworth International Airport by a minivan, van or minibus at flat rate per person fare. A vehicle operating under a "CPNC" to provide airport shuttle service is prohibited from providing any other service defined herein.

Automobile: A passenger car, minivan, sports utility vehicle (SUV) or station wagon designed to seat between five and nine persons.

Bus: A passenger vehicle designed to seat over 16 persons.

Bus terminus: A bus station serving as an end destination, which has bathroom facilities, and includes a ticket office and an ingress/egress area approved by the City of Birmingham Department of Traffic Engineering.

Business: Single act of transporting a passenger or passengers for hire.

Business licenses: The licenses required of any business to operate within the city by the license codes of the city.

Call or demand: Transportation arrangements made indiscriminately and instantaneously with a request for service which shall include, but shall not be limited to, the hailing of a taxicab, airport shuttle service vehicle, or courtesy vehicle or any other oral request for service from such vehicles made from a public street location, airport terminal roadway or public vehicular area as the pickup. No public service vehicle, other than a taxicab, airport shuttle service vehicle or courtesy car shall be operated on call or demand.

Certificate of public necessity and convenience (also referred to as "CPNC"): The authorization permitting an entity, person, company or corporation to operate one vehicle as a public service vehicle upon the streets of the city, which authorization shall be limited to one of the types of service defined hereinabove and which may also be limited as to the type of vehicle.

Chauffeur: A person employed to transport others by operating a vehicle for hire.

City: When referring to an entity, shall mean the City of Birmingham, Alabama, and, when referring to a geographic location, shall mean the City of Birmingham, Alabama, and the police jurisdiction thereof.

City Center: Formal boundaries as established by the City Center Master Plan.

City council or council: The Council of the City of Birmingham.

Commercial passenger vehicle: A vehicle for hire seating twenty-five (25) or more passengers.

Compensation: Any money, thing of value, payment, consideration, reward, tip, donation, gratuity or profit paid to, accepted or received by the driver or owner of any vehicle in exchange for transportation of a person, or persons, whether paid upon solicitation, demand or contract, or voluntarily, or intended as a gratuity or donation.

Cruising: Driving on, over or along city streets and around businesses soliciting passengers for hire or parking for the purpose of soliciting fares.

Courtesy vehicle service: Any vehicle used for public transportation which is not for hire which is owned or leased and operated for the purpose of transporting customers, clients, guests or any passengers in aid of or in connection with the permit holder's business situated in the State of Alabama. Such services shall be incidental and complimentary to the permit holder's primary business endeavor. A vehicle providing courtesy vehicle service is prohibited from charging a fee for any transportation provided and is prohibited from providing any other service defined herein.

Dispatch: To operate a scheduling service in which requests for vehicles for hire are received by phone, in person, by the internet, or by any other voice, data or electronic communication, and vehicles for hire are scheduled or routed by relaying information from the service to the vehicle for hire by radio or data device including but not limited to a device capable of any voice, data or electronic communication.

Driver: A person operating a vehicle for hire upon the public streets of the city.

E-Hail: The use of any electronic device in any manner, including e-mail, text message, push notification or application for the booking of, or request for, immediate or prearranged transportation services.

Economic need or economic necessity: Demand for a particular type of business as determined by factors including but not limited to statistical analysis, market factors, and individual or community need for a particular item or service.

Executive sedan service: A sedan-type, luxury automobile or SUV, such as a Cadillac, Lincoln, Lexus, Mercedes, Chevrolet Suburban, or Ford Expedition, or like vehicle with a passenger seating capacity not in excess of eight persons including the driver operating by prearrangement and furnished with a chauffeur. A vehicle operating under a "CPNC" to operate as an executive sedan service is prohibited from providing any other service defined herein.

Franchise bus service: All forms of buses which are operated under franchise, agreement, or contract with or from the city and are generally associated with or developed for mass surface transportation of the public. A franchise bus service does not require a "CPNC".

Ground transportation service: A service which utilizes vehicles for hire in the transportation of passengers from within the city and which includes, but is not limited to, horsedrawn carriage service, limousine service, pedicab service, tour service, charter service and taxicab service.

Group riding or car-pooling: An arrangement between individuals whereby they pool their private transportation resources, either by using the personal automobile of one member of the group with the others contributing to the cost of operating such automobile, or by rotating the use of their personal automobiles with joint contributions to the cost by the other members of the group, or when any employer provides transportation for his employees, and for none other, for a charge. The terms "group riding" and "car-pooling" shall not be deemed to include the operation of a taxicab, jitney or other vehicles for hire, or the commercial transportation of persons by public or private conveyances, whether on regular routes or special trips, between different localities or otherwise; and all such taxicab, jitney or other commercial operations shall continue to be subject to the existing ordinances applicable thereto.

High flagging: The use of a taxi to transport passengers without engaging the taxi meter.

Hired auto: A specialty limousine carrying a maximum of five individuals plus driver/chauffer, which is owned by a person or entity other than the business using it which otherwise meets the insurance and safety requirements as set out herein. A company utilizing a hired auto for passenger pick-ups within the corporate limits of the city must first notify the Birmingham Police Department 24 hours prior to such use.

Jitney service: A public service vehicle for hire which is a van, minibus or bus, not equipped with a taximeter, and which is driven or operated upon a fixed route or between fixed termini approved by the Council with a per passenger rate but which term does not include franchise buses or school buses. A vehicle operating under a "CPNC" to operate as a jitney service is prohibited from accepting or discharging passengers at any location other than locations on its approved fixed route and is prohibited from providing any other service defined herein.

Limousine: A motor vehicle furnishing transportation for hire in the city, not over fixed routes, operated by a chauffeur on a prearranged basis which meets the manufacturer's specifications for luxury limousine, with a minimum of six seats located behind the operator of the vehicle, with a designed seating capacity for no more than 14 passengers, and with a door at the rear of the vehicle designed to allow passenger entry or exit. Provided, however, the classification "limousine" shall not apply to any motor vehicle which is classified as a taxicab, executive sedan or shuttle vehicle as herein defined and is used exclusively by or under a written agreement with a hotel, motel, airport, hospital, club or other such entity for the transportation of its members, guests, patients or clients; and, provided, that each vehicle under such agreement will have the same distinctive visible outside painted appearance as each other vehicle under the agreement to any such hotel, motel, airport, hospital, club or other such entity or operated as a bus under a franchise granted by the city.

Limousine service: A public service vehicle for hire, furnished with a driver, which is not a van, minibus or bus, not equipped with a taximeter, which is engaged by prearrangement based on a fee determined by increments of time, and not driven or operated in regard to any fixed route nor in regard to definite termini. A vehicle operating under a "CPNC" to operate as a limousine service is prohibited from: (i) cruising, (ii) operating on call or demand, and (iii) providing any other service defined herein.

Limousine luxury bus service: A public service vehicle for hire, furnished with a driver and which is a bus seating 16 or more persons, not equipped with a taximeter, which is engaged by prearrangement based on a per person passenger fee, and not driven or operated in regard to any fixed route nor in regard to definite termini. A vehicle operating under a "CPNC" to operate as a limousine luxury bus service is prohibited from (i) cruising, (ii) operating on call or demand, and (iii) providing any other service defined herein.

Livery vehicle: A public six-passenger or less motor vehicle with driver included, for hire only by written agreement for exclusive use where the driver expects to receive compensation in the form of a fixed charge or donation.

Long hauling: The practice of a for-hire-transportation driver, taking a route other than the most direct or efficient route, in order to charge the customer a higher amount.

Low speed vehicle (LSV) service: A public service vehicle for use on roadways with speed limits of 35 miles per hour or less and in a manner that does not impede the normal and reasonable movement of traffic, having a regular seating capacity including the driver, of not more than eight adults and engaged in carrying passengers for hire. An LSV must meet all of the requirements of a taxicab unless otherwise stated in this chapter and shall not be capable of speeds greater than 25 miles per hour. Low speed vehicles must comply with the safety standards in 49 CFR 571.500.

Non-emergency medical transport service: A public service vehicle for hire:

(1) Which is engaged by prearrangement,

(2) Which is a van, minivan or bus or is an accessible vehicle, and

(3) Which provides non-emergency transportation service to ambulatory or wheelchair passengers to and from medical appointments.

Non-profit or not for profit vehicle: A public service vehicle which is provided as a free service and which is available for use by the general public.

Medical transport service: Includes services provided under the Alabama Medicaid Non-Emergency Transportation Program (NET) wherein vouchers are issued for the payment of these transportation services. A vehicle operating under a CPNC to operate as a medical transport service is prohibited from:

(1) Providing emergency medical transportation,

(2) Transporting passengers in a recumbent or prone position,

(3) Making intra-hospital facility transfers,

(4) Cruising,

(5) Operating on call or demand, or

(6) Providing any other service defined herein.

Nonprofit vehicles: Any vehicle owned or leased by a nonprofit or not-for-profit operating within the city.

On demand service: Any for-hire transportation provided with no advanced reservation, whose fee is based upon miles driven, not hours of use.

Operate: The picking up and/or dropping off of a passenger for hire within the city.

Operating authority: A person who is granted operating authority under this chapter to provide transportation-for-hire services either personally or through employees or contracted individuals.

Operating authority permit: The permit required by this chapter to provide transportation-for-hire services. Issuance of such a permit grants permission to the holder to provide transportation-for-hire services within the city.

Operator's permit: A permit issued by the chief of police or his designee for the operation of a vehicle for hire by an applicant therefore.

Owner: A person owning or operating one or more vehicles for hire and driving or causing any such vehicle to be driven upon the public streets for hire.

Passenger: A person other than the driver who is an occupant of a vehicle for hire. For the purpose of this chapter, any occupant of a vehicle for hire other than the driver shall be presumed to be for hire.

Pedal bus: A non-motorized bicycle with four or more wheels operated by one or more persons for the purpose of, or capable of, transporting additional passengers in seats or on a platform made a part of or otherwise attached to the pedal bus. For purposes of this chapter, "pedal bus" does not include a pedicab as defined herein.

Pedal bus service A service using a pedal bus for prearranged trips or tours within limited service areas.

Pedicab service: A bicycle that has three or more wheels that transports, or is capable of transporting, passengers on seats attached to the bicycle that is operated by an individual, and that is used for transporting passengers for receipt of any form of consideration; or a bicycle with a singular unarticulated frame, that pulls a device that transports, or is capable of transporting, passengers on seats attached to a passenger cab or similar device, that is operated by an individual, and that is used for transporting passengers for receipt of any form of consideration.

Person and/or applicant: An individual, partnership, firm, association, corporation or any other legal entity.

Prearranged service: Ground transportation service that is scheduled by an initial reservation a minimum of one-half hour in advance of the trip, excluding performance under a corporate contract.

Public service vehicle: Any motor vehicle for hire, furnished with a driver, which is made available to the public for the purpose of carrying passengers, including but not limited to all of

the services defined by this section except "franchise bus service" and "school bus service" and also including courtesy car service as defined herein. For the purpose of this chapter, a public service vehicle shall include a pedicab as defined herein.

Rideshare: The traveling of two or more persons by any mode of private passenger vehicle, including, but not limited to, carpooling, vanpooling, buspooling, to any location incidental to another purpose of the driver, for which compensation is neither accepted, collected, encouraged, promoted, or requested.

School bus service: A bus operated solely for the purpose of transporting school children to and from school and other school-related functions and which is regulated by the Alabama Board of Education by or under contract with the Birmingham Board of Education. School bus service does not require a "CPNC".

Sedan: Any vehicle which has a seating capacity for the driver and not more than five passengers.

Shuttle service: A business of offering or providing transportation for hire by a shuttle vehicle when:

(1) The driver is furnished as part of the service; and

(2) The service is offered on a prearranged basis, a preapproved regularly scheduled basis, or a preapproved route.

Shuttle vehicle: A van-type motor vehicle that has a manufacturer's seating capacity of not less than seven passengers and not more than 15 passengers and is used for the transportation of persons from a location within the city to another location either inside or outside the city. Provided, however, the classification "shuttle vehicle" shall not apply to any motor vehicle which is:

(1) Classified as a limousine, executive sedan or taxicab as herein defined.

(2) Used exclusively by or under a written agreement with a hotel, motel, airport, hospital, club or other such entity for the transportation of its members, guests, patients or clients; provided, that each vehicle under such agreement will have the same distinctive visible outside painted appearance as each other vehicle under the agreement to any such hotel, motel, airport, hospital, club or other such entity.

(3) Operated as a bus under a franchise granted by the city.

Software: The object code versions of any applications, programs, operating system software, computer software languages, utilities, other computer programs and related documentation in whatever form or media, including the tangible media upon which such applications, programs, operating system software, computer software languages, utilities, other computer programs and related documentation are recorded or printed, together with all corrections.

Specialty limousine: An antique or special interest vehicle which is maintained in excellent condition. "Antique vehicle" shall mean a vehicle that is 25 years old or older and recognized by the Antique Automobile Club of America. "Special interest vehicle" shall mean a vehicle that, due to limited production, outstanding design, unique character, and/or technical achievement, is of special interest, such as a Rolls Royce, Bentley or Excalibur Phaeton. A specialty limousine shall carry a maximum of five passengers plus driver/chauffeur. The determination of whether a vehicle qualifies as an antique, classic or special interest vehicle shall be made by the city.

Stand, closed: A place alongside the curb of a street or elsewhere in the city which has been designated by the city as reserved exclusively for the use of taxicabs of a particular holder of a certificate of public convenience and necessity.

Stand, open: A public place alongside the curb of a street or elsewhere in the city which has been designated by the city as reserved exclusively for the use of taxicabs.

Street legal: A vehicle that meets the requirements, safety standards, and any other measure of roadworthiness required of any typical motor vehicle used in normal day to day transportation upon public or private streets, roadways, or other thoroughfares.

Stretch luxury limousine: A custom-designed, extended-body type automobile, SUV, or pick-up truck which is luxurious in its appointments and accommodations, which has had its frame and body extended a minimum of 60 inches by conversion, and which is designed for a minimum seating capacity of five persons behind the driver.

Stretch luxury or specialty limousine service: A stretch luxury or specialty limousine:

(1) Which is driven by a uniformed chauffeur,

(2) Which is engaged by pre-arrangement the charges for the use of which are determined by agreement, mileage or by the length of time for which the vehicle is engaged, and

(3) Which is not driven or operated in regard to any fixed route or in regard to definite termini.

(4) A vehicle operating under a "CPNC" to operate as a stretch luxury or specialty limousine service is prohibited from: (i) cruising, (ii) operating on call or demand, and (iii) providing any other service defined herein.

Suburban jitney service: A jitney service, as defined herein, which receives passengers outside of the city for discharge within the city, or receives passengers within the city for discharge outside the city, but which does not receive passengers within the city for discharge within the city. A vehicle operating under a "CPNC" to operate as a suburban jitney service is prohibited from accepting or discharging passengers at any location other than the locations on its approved fixed route and is prohibited from providing any other service defined herein.

Taxicab service: A public service automobile or accessible vehicle for hire equipped with a taximeter which is not operated or driven in regard to any fixed route or in regard to definite termini. Taxicab service is allowed to engage in cruising and may be operated on call or demand.

Taxicab: A motor vehicle not operated over a fixed route furnishing transportation for hire within the city to passengers from points of origin to destinations as directed by the passengers. Provided, however, the classification "taxicab" shall not apply to any motor vehicle which is:

(1) Classified as a limousine, executive sedan or shuttle vehicle as herein defined.

(2) Used exclusively by or under a written agreement with a hotel, motel, airport, hospital, club or other such entity for the transportation of its members, guests, patients or clients; provided, that each vehicle under such agreement will have the same distinctive visible outside painted appearance as each other vehicle under the agreement to any such hotel, motel, airport, hospital, club or other such entity.

(3) Operated as a bus under a franchise granted by the city.

Taximeter: A device that automatically calculates, at a predetermined rate or rates, and displays the charge for hire of a vehicle.

Taxi stand: A reserved area where waiting taxicabs are parked.

Terminal: The fixed base of operations from which the applicant proposes to conduct his vehicle for hire business.

Third-party transportation app: A software application available to users for download onto a smartphone or other electronic device for vehicle transportation purposes.

Third-party transportation app company: An individual, firm, corporation, association, partnership, or cooperative that owns, controls and operates a third-party transportation app.

Transportation network application company: A company operating in the City of Birmingham, Alabama that uses a digital network or software application to connect a passenger to transportation network services provided by a transportation network operator.

Transportation network operator: An individual who operates a motor vehicle that is:

(a) Owned or leased by the individual;

(b) Not a commercial vehicle as defined by this Ordinance;

(c) Not licensed as a vehicle for hire under this Ordinance; and

(d) Used to provide transportation network services.

Transportation network services: Transportation of a passenger between points chosen by the passenger and that is prearranged by a transportation network application company.

Sec. 12-16-2. Vehicle permitting requirements.

Taxicabs shall be designated for single use only. A vehicle permitted as a taxicab shall not be used as a shuttle, nonemergency medical transport, limousine or as an executive sedan. A vehicle permitted as a shuttle, nonemergency medical transport, limousine or executive sedan shall not be used as a taxicab.

(Ord. No. 12-162, § 1(12-16-2), 12-18-2012)

Sec. 12-16-3. Vehicle requirements.

Every vehicle classified as a vehicle for hire under this chapter shall be kept clean, sanitary, fit, and of good appearance, and in a safe condition for the transportation of passengers and shall conform to the standards as set out in section 12-16-6. Additionally, vehicles for hire

must have an operational global positioning system (GPS) and two-way radio or cellular telephone in the vehicle while in operation.
(Ord. No. 12-162, § 1(12-16-3), 12-18-2012)

Sec. 12-16-4. Display of information on body of vehicles.

(a) *Taxicabs and shuttle vehicles.*

(1) The color scheme for taxicabs shall be the same as that proposed in the application an operating authority permit. All taxicabs owned or operated by a person licensed/permitted under this chapter shall have a uniform color scheme.

(2) No operating authority permit holder or driver shall operate or cause to be operated any taxicab within the city unless it is equipped with a stool light that is illuminated when the taxicab is vacant and available for hire. The stool light shall be controlled by the taximeter. When the taximeter is in the recording position, the stool light shall be off, and when the taximeter is not recording, the stool light shall be on and shall illuminate a "vacant" sign contained thereon.

(3) Each taxicab shall bear on each side, in painted letters not less than two and one-half inches in height, the name of the owner or the trade name under which the owner does business. Whenever the name of the owner or the trade name under which the owner does business does not include any one of the words "taxicab," "taxi," or "cab," then the word "Taxicab" shall be painted on each side of the taxicab immediately beneath the owner's name or trade name. A serial body number assigned by the owner to each taxicab shall be painted on each side and on the rear of the taxicab. All the foregoing mandatory lettering, wording and figures shall be of such color as will contrast distinctly with the color of the body of the taxicab.

(4) Posted inside each taxicab or shuttle vehicle on front passenger side dashboard immediately visible to a passenger shall be the following.

(5) The card issued to each taxicab or shuttle by the Tax and License Division of the finance department in accordance with section 12-16-16 bearing the words "certified taxicab or shuttle."

(6) The schedule of rates and charges.

(7) The company's telephone number.

(8) The driver's operator's permit.

(9) Each taxicab and shuttle shall have affixed to the rear windshield on the lower left (drivers) side a valid CPNC sticker issued by the chief of police or his designee showing the vehicle's CPNC number, VIN#, and the date of inspection.

(10) Each taxicab shall be equipped with a taximeter conforming to the provisions of section 12-16-7.

(11) It shall be unlawful for any person to transport or offer to transport passengers for hire in any taxicab or shuttle vehicle which does not have affixed to the rear windshield on the lower left (drivers) side a valid inspection sticker issued by the chief of police or his designee showing the vehicle's CPNC number, VIN#, and the date of inspection.

(12) Shuttle vehicles shall display not more than two signs, logos or other emblems, not to exceed 400 square inches each, which identify the person or organization making available the service and the persons to whom the service is made available. No additional signage or advertising is permitted.

(13) No vehicle shall be equipped with shades, curtains, or any other vision-obstructing device, excepting antique vehicles where originally equipped.

(14) Animal-drawn vehicles for hire shall each be identified with the name of the owner, operator or trade name and number of each vehicle with lettering of at least two

inches in height and numerals of at least three inches in height prominently displayed on each side or the rear of each vehicle.

(15) In the event a public service vehicle is removed from service for any reason, all body information as described by paragraphs (2) and (3) of this section shall immediately be removed from such vehicle.

(b) *Limousines and executive sedans.*

(1) It shall be unlawful for any person to transport or offer to transport any passenger or passengers for hire in any limousine or executive sedan which does not have affixed to the lower right-rear bumper a valid inspection sticker issued by the chief of police or his designee showing the vehicle's CPNC number, VIN#, and the date of its then most-recent inspection.

(2) No limousine or executive sedan shall be approved for service if it bears any advertising or other writing or emblem on the outside, except for license plates and inspection stickers.

(3) Each limousine and executive sedan shall have affixed to the upper right corner of the front windshield a then-current yearly insurance sticker.

All public service vehicles shall be designated for single use only. A vehicle permitted as a taxicab shall not be used as a shuttle vehicle or as a limousine or executive sedan. A vehicle permitted as a shuttle vehicle shall not be used as a taxicab or as a limousine or executive sedan. A vehicle permitted as a limousine shall not be used as a taxicab or as an executive sedan or shuttle vehicle.
(Ord. No. 12-162, § 1(12-16-4), 12-18-2012; Ord. No. 17-15, § 1, 2-20-2017)

Sec. 12-16-5. Vehicle insurance.

(a) Every vehicle classified as a vehicle for hire as defined herein under this chapter and operated within the city limits or police jurisdiction thereof shall be required to carry and maintain in effect a single limit policy of insurance issued by a company duly authorized to conduct business in the State of Alabama, by the provisions of which insurance policy the company promises and undertakes to pay in full all claims for damages to persons or property resulting from the operation of the vehicles for hire referred to in such application; provided, that the minimum amount for which liability shall be assumed for injury to or death of one or more persons and for which liability shall be assumed for injury to or destruction of property in any one accident shall be:

(1) Taxicabs, on demand service vehicles, services offered by third party transportation app services, pedicabs, specialty limousines and horse drawn carriages: $500,000.00. The applicant is required to have insurance coverage in the minimum amount of $500,000.00 for personal injury, property damage or advertising liability and is required to name the city as an additional insured.

(2) All other vehicles for hire: $1,000,000.00. The applicant is required to have insurance coverage in the minimum amount of $1,000,000.00 for personal injury, property damage or advertising liability and is required to name the city as an additional insured.

(b) No permit required by this chapter or business license shall be granted to any person to operate any vehicle for hire upon the streets or elsewhere in the city or its police jurisdiction until such person shall have first filed in person with the city clerk a current and valid copy of the certificate of the insurance requirements stated in paragraph (a) hereinabove, issued to such person by a public liability insurance company authorized to do business in the state, and excepting specialty limousines operated as hired autos, must denote the VIN# for each individual vehicle covered by the policy. In addition, each VIN# listed must correspond to the VIN# attached to each CPNC held by the business owner.

(c) Specialty limousine services may operate vehicles leased, hired, rented, or borrowed from private owners as hired autos under commercial hired auto liability insurance coverage, provided that:

(1) The vehicle is owned by, and possesses a current and valid vehicle registration to, a person or entity other than the business, its owner(s), employees, partners (if a partnership), members (if a limited liability company), or members of their households,

(2) The vehicle maintains a valid CPNC and complies with all requirements of this Chapter, including but not limited to the inspection requirements set forth in section 12-16-6.

(3) The business owner shall have first filed in person with the city clerk a copy of the vehicle registration and a current and valid certificate of commercial hired auto liability coverage, listing the business as the insured, and with a liability limit greater than or equal to the minimum limits of liability prescribed for specialty limousines in paragraph (a) hereinabove.

(4) All vehicles owned by, or registered to, the business or its owner(s), partners (if a partnership), or members (if a limited liability company) in operation and requiring a CPNC under this chapter are scheduled by VIN# on a commercial automobile single limit policy of insurance meeting the requirements prescribed by paragraph (a) hereinabove.

CPNCs issued to specialty limousine services for vehicles operated as hired autos shall be valid only while the vehicle is operated by the business named as the insured in item (3) hereinabove and covered by hired auto liability insurance, and may not be operated for hire within the city by any other person or business at any time.

(d) The insurance coverage required by this section shall at all times be maintained for the full amount. The certificate of each policy or policies of insurance required by this section to be filed with the city clerk shall contain a clause obligating the company issuing the same to give not less than 30 days' written notice to the city clerk's office before cancellation thereof. Notice of cancellation shall not relieve the company issuing such policy or policies of liability insurance for any injury or claim arising before the cancellation becomes effective. The cancellation of any such policy shall have the effect of suspending the permit of such person to operate vehicles for hire or business covered thereby until a new policy or policies complying with the provisions of this section is filed with the city clerk. If any such policy shall be allowed to lapse such that the insurance held does not meet the requirements set forth by this Code the CPNC's associated with said policy shall be revoked by the council following notice by the city clerk's office to the council transportation and communications committee.
(Ord. No. 12-162, § 1(12-16-5), 12-18-2012; Ord. No. 14-111, 8-8-2014)

Sec. 12-16-6. Vehicle inspection.

(a) Each vehicle for hire shall be inspected annually during the month of the expiration of the then-current inspection sticker issued by the chief of police or his designee to ensure compliance with the requirements of this section and for proper markings and display of information as required by this chapter. The inspection may be performed by: An American Advanced Technicians Institute ("AATI") or a National Institute for Automotive Service Excellence ("ASE") certified mechanic, a technician meeting the FMSCA Inspection qualifications of 49 C.F.R. § 396.19, an automobile technician at a licensed automobile repair shop, or any additional automobile repair shop otherwise approved by the city. Specialty limousine inspections may be performed by the owner or his or her employee, provided that the person performing the inspection holds an ASE certification in at least one area of A1-A9 or meets the above FMSCA qualifications. The operating authority permit holder shall maintain complete documentation of such inspection at least for the period the current inspection remains valid.

(b) The safety inspection shall cover the following equipment to ensure that each is intact and functioning properly:

(1) Foot brakes;

(2) Emergency brakes;

(3) Steering mechanism;

(4) Windshield;

(5) Rear window and other glass;

(6) Windshield wipers;

(7) Headlights;

(8) Tail lights;

(9) Turn indicator lights;

(10) Brake lights;

(11) Front seat adjustment mechanism;

(12) Doors, including handles, locks and window raisers;

(13) Horn;

(14) Speedometer;

(15) Bumpers;

(16) Muffler and exhaust system;

(17) Condition of tires, including tread depth;

(18) Interior and exterior rearview mirrors;

(19) Safety belts and air bags for driver and passenger(s);

(20) Air conditioning and heating systems, where installed; and,

(21) Exterior components, including splash shields, hubcaps, bumpers, fenders and vehicle frame.

The vehicle shall meet or exceed all applicable standards set forth by the FMCSA in 49 C.F.R. Chapter III Subchapter B Appendix G.

(c) With the exception of specialty limousines and horse drawn carriages, no operator shall drive or cause to be driven upon the streets of the city any vehicle that is more than ten years old. For purposes of this requirement, a vehicle will be considered to be ten years old on July 31st of the tenth year following the manufacturer's model year of the vehicle, regardless of the purchase date or the date it was originally placed into service.

(d) The chief of police or his designee may conduct random inspections of vehicles for hire at any time.

(1) A mechanic at the city garage will complete all random mechanical inspections at the city's expense. For specialty limousines, the mechanic may inspect visible components, but may not remove or disassemble components without the consent of the owner. Owners or operators of specialty limousines may be present for inspection.

(2) Any law enforcement officer can perform non-mechanical inspections to ensure compliance.

(e) If a vehicle for hire fails to pass the requirements of an inspection, the chief of police or his designee shall issue the driver a correction slip, giving the driver 15 days within which to correct all listed deficiencies. In such event, the chief of police or his designee shall forward to the CPNC holder a copy of the correction slip. If such deficiencies shall not have been corrected and if an inspection certificate shall not have been issued within such 15-day period, then such vehicle shall not be used thereafter as a vehicle for hire until a new inspection certificate shall have been issued.

The issuance of a city business license to the owner of such vehicles by the tax and license division of the finance department shall be conditioned upon the receipt by the chief of police or his designee of inspection certificate as well as positive inspection by chief of police or his designee, receipt of the insurance policies on said vehicles by the city clerk's office.

All vehicles for hire shall be inspected annually for proper markings and display information. All vehicles excepting those classified by this chapter as specialty limousines must have a sticker or plate, installed by the manufacturer that designates the seating capacity of the vehicle.

(f) The vehicle interior shall be in a clean condition, free of foreign matter and offensive odors. There shall be no litter in the vehicle or trunk. The seats shall be kept clean and without holes or large wear spots. The dashboard, upholstery, floor mats, head lining, door panels and the trunk compartment shall be inspected to determine whether they are clean, free of debris, free of tears, and that the trunk has sufficient space (within reason) for passengers' luggage. The vehicle shall contain a readily accessible UL approved fire extinguisher in operable condition at all times. If originally equipped, the vehicle shall contain a spare tire in good condition and a serviceable jack. The vehicle shall also contain a functional means of communication for limousines, executive sedans, shuttles, jitneys and taxicabs.

(g) The exterior of each vehicle shall be maintained in a clean condition. There shall be no tears or rust holes in the vehicle body. The paint shall not be peeling or in a faded condition. No loose pieces such as fenders, bumpers or trim shall be hanging from the vehicle body. There shall be no unrepaired body damage or any condition which would create a safety problem or interfere with the operation of the vehicle.
(Ord. No. 12-162, § 1(12-16-6), 12-18-2012; Ord. No. 14-5, § 1, 1-21-2014; Ord. No. 17-15, § 1, 2-20-2017)

Sec. 12-16-7. Taximeters.

(a) It shall be unlawful to own, operate or cause to be operated, any taxicab upon the streets or thoroughfares of the city, unless such taxicab is equipped with a taximeter that has been issued a certificate of conformance by the U.S. Department of Commerce, National Institute of Standards and Technology (NIST) and conforms to specifications and tolerances described in NIST Handbook 44.

(b) All taxicabs operated under the authority of this chapter shall be equipped with taximeters that have adequate provision shall be made for affixing wire seals to the taximeter so that no adjustments, alterations or replacement affecting in any way the accuracy or indications of the device or the assembly can be made without mutilating the seal or seals. The sealing means shall be such that it is not necessary to disassemble or remove any part of the device or of the vehicle to apply or inspect the seals. Each taximeter shall have thereon a device to activate the meter and shall have a lighted display clearly denoting when the vehicle is employed and when it is not employed; and it shall be the duty of the driver to throw the device of such taximeter into a non-recording position at the termination of each trip. The taximeter shall be subject to inspection from time to time by the chief of police or his or her designee. Any officer of the city police department is hereby authorized, either on complaint of any person or without such complaint, to inspect any meter and, upon discovery of any inaccuracy therein, to notify the person operating such taxicab to cease operation. Thereupon such taxicab shall be kept off the streets of the city until the taximeter is repaired and in the required working condition.

(c) It shall be unlawful for any person to operate a taxicab upon which has been placed tires of a smaller size than those which were on the taxicab at the time the taximeter on the taxicab was last sealed, without first having the taxicab inspected or giving notice requesting such inspection as provided for in section 12-16-6 at least 30 days previous to such operation. The operational tire pressure recommended by the manufacturer shall be maintained.

(d) Whenever a taximeter has been damaged, or repairs that might in any way affect the accuracy of its indications have been made, or any of the official security seals have been mutilated, such device shall not thereafter be used until it has been officially examined and reapproved by the chief of police or his or her designee or by a taximeter mechanic certified by a recognized taximeter company approved by the chief of police or his or her designee.
(Ord. No. 12-162, § 1(12-16-7), 12-18-2012)

Sec. 12-16-8. Rates of fare.

(a) *Taxicab rates.* No owner or driver of a taxicab shall charge a greater sum for the use of a taxicab than in accordance with the following rates as adjusted under paragraph (c) herein:

(1) Three dollars for the first one-fourth mile or fraction thereof, and $0.25 for each additional one-eighth mile or fraction thereof.

a. There shall be a charge for waiting on the basis of twenty-four dollars ($24.00) per hour, after the first five minutes.

b. There will be no charge for any bag, suitcase or ordinary light traveling baggage weighing not more than 50 pounds.

c. Contract rates: Any taxicab may transport packages not otherwise prohibited in this section, or passengers at a prearranged flat rate mutually agreeable to all parties to the agreement.

d. Taxicabs shall clearly display the rates of fare charged before transporting any passenger.

e. Prearranged transportation services shall provide passengers their rates prior to being engaged for service.

(2) Credit cards:

a. Every taxicab operating authority or other call or demand service shall require its drivers to accept all major credit, debit, and charge cards (collectively "credit cards") as payment for services rendered and shall accept any and all risk of nonpayment. No additional charge shall be levied against a passenger for use of credit cards, nor shall any passenger be refused service for their use of credit cards. Drivers shall not set a minimum or maximum charge for any credit card transactions. Drivers shall provide all credit card paying customers with a truncated copy of their sales draft or charge receipt clearly showing the amount and date of the transaction, company owner's name and telephone number, the driver's taxi number, and the transaction's authorization approval code. The truncated sales draft or receipt shall not include the credit card's expiration date or any more than the last four digits of the credit card's number.

b. Every taxicab or other call or demand vehicle shall be equipped with a fully-functioning wireless device that provides a secure credit card processing method, satisfies all payment card industry data security standard ("PCI DSS") requirements, and (i) encrypts any information transmitted to authenticate a credit card payment transaction for approval, (ii) generates a truncated printed sales draft or charge receipt, and (iii) accepts cards affiliated with all major Credit Card Associations including, but not limited to, MasterCard, Visa, American Express, and Discover Network. Manual imprinting machines are prohibited.

(b) *Limousine and executive sedan rates.* No owner or driver of a limousine or executive sedan shall charge sum for the use of a limousine or executive sedan other than in accordance with the following:

(1) Fares must be agreed upon at the time of the engagement of the vehicle.

(2) Shuttles, not to exceed $55.00 per hour, per vehicle. A shuttle service may not charge fares based upon fractions of an hour except after the first hour of service.

(3) Airport shuttles to/from the Birmingham Shuttlesworth International Airport to points in and beyond the downtown Birmingham area, so long as such points are within the legal limits of the city and its jurisdiction, shall not charge more than $20.00 per person.

(4) Fares must be agreed upon at the time of the engagement of the vehicle.

(5) Jitneys, not to exceed the per passenger rate approved by council for their respective routes.

(c) The rates established in section 12-16-8(a)(1) above may be adjusted annually to reflect changes in the cost of regular, unleaded gasoline over the prior year, as follows:

(1) For the year beginning January 2011 (the "base year"), the chief of police or his designee and the director of finance will review the cost of regular, unleaded gas during the preceding year by averaging the rack rate of regular, unleaded gasoline at a nearby distribution center on the last day of each month of that year (the "average price per month") and then averaging the 12 average prices per month to determine an average price per year.

(2) For the year beginning January 2012, (the "subject year") the chief of police or his designee and the director of finance will review the cost of regular, unleaded gas during the preceding year by averaging the rack rate of regular, unleaded gasoline at a nearby distribution center on the last day of each month of that year (the "average price per month") and then averaging the 12 average prices per month to determine an average price per year.

(3) If the average price per year for the subject year is less than or equal to the average price per year for the base year, the prices set out in section 12-16-8(a)(1) will not be adjusted for the subject year.

(4) In calculating the adjustment for each subsequent subject year, the new base year will be the next year following the prior base year. By way of example, for the adjustment in January 2012, the base year will be 2010 and the subject year will be 2011.

(5) The chief of police or his designee and director of finance will apply the formula in this paragraph (c) to determine whether to adjust the rates established in section 12-16-8(a)(1) in January 2009 and each January thereafter.

(6) If the average price per year for the subject year is greater than the average price per year for the base year, (the "price increase") the rates set out in section 12-16-8(a)(1) may be increased as follows:

a. If the price increase is less than $1.00, the rate will increase by $0.01 per one-sixth mile;

b. If the price increase is equal to or more than $1.00, and less than $2.00, the rate will increase by $0.02 per one-sixth mile;

c. If the price increase is equal to or more than $2.00, and less than $3.00, the rate will increase by $0.03 per one-sixth mile;

d. If the price increase is equal to or more than $3.00, and less than $4.00, the rate will increase by $0.04 per one-sixth mile;

(7) The chief of police or his designee and the director of finance will apply this formula to determine whether to adjust the taxicab rates set out in section 12-16-8(a)(1). In so doing they may exercise their discretion to avoid inequitable results.

They will notify the mayor and city clerk of their determination and the date on which it will become effective, which shall be no later than March 1.

(d) *Permit holder to report schedule of rates.* Each permit holder operating a public service vehicle for hire under this chapter shall file with the chief of police or his designee a schedule of rates to be charged; however, such rates shall not exceed the maximum rates allowed by this section. Such rates shall not be changed without five days written notice to the chief of police or his designee.

(Ord. No. 12-162, § 1(12-16-8), 12-18-2012; Ord. No. 17-15, § 1, 2-202-107)

Sec. 12-16-9. Operating authority permit required for business license.

Courtesy shuttles need not obtain a business license in order to obtain CPNC's. For vehicles characterized as "for hire", an operating authority permit shall be required prior to the issuance of a business license. A copy of the portion of the application stating the number and description of vehicles to be operated and granted CPNC's shall be provided to the tax and license division of the finance department prior to the issuance of a business license along with confirmation from the police department that the vehicle is in compliance with the inspection requirements provided herein.

(Ord. No. 17-15, § 1, 2-20-2017)

Editor's note—Ord. No. 17-15, §§ 1, 2, adopted February 20, 2017, repealed the former § 12-16-9, and enacted a new § 12-16-9 as set out herein. The former § 12-16-9 pertained to CPNCs required for business license and derived from Ord. No. 12-162, § 1(12-16-9), 12-18-2012.

Sec. 12-16-10. Required.

It shall be unlawful for any owner of any vehicle for hire as defined herein to operate or to permit the same to be operated on the streets of the city until a valid operating authority permit and a business license have been obtained therefore, as the case may be, as herein provided.

(Ord. No. 17-15, § 1, 2-20-2017)

Editor's note—Ord. No. 17-15, §§ 1, 2, adopted February 20, 2017, repealed the former § 12-16-10, and enacted a new § 12-16-10 as set out herein. The former § 12-16-10 pertained to CPNC and business license required and derived from Ord. No. 12-162, § 1(12-16-10), 12-18-2012; Ord. No. 14-111, 8-8-2014.

Sec. 12-16-11. Application for operating authority permit.

(a) Every person or company who desires an operating authority permit shall, prior to obtaining a business license from the tax and license division of the finance department, pay a filing fee of $100.00 and make a written application for an operating authority permit to the council upon forms to be furnished by the Birmingham Police Department verified under oath stating:

(1) The name and address of the applicant, specifying, in the case of any unincorporated association, partnership, firm or limited liability company, the names and addresses of each member thereof, and the quantum of interest of each member; and, in the case of any corporation, the names and addresses of each stockholder, officer and director thereof with the number of shares of stock owned or held by each of them.

(2) A complete statement by the applicant, specifying the amounts of all unpaid judgments against the applicant and each of the applicant's members, officers or directors, and the nature of the transaction or acts giving rise to the judgments and the name and location of the court in which, and the date on which, each was entered.

(3) All offenses, including traffic violations, of which the applicant has been arrested or convicted during the previous five years. For each conviction identified, the applicant shall also state the name and location of the court in which the conviction was rendered, the date of each such conviction, and the sentence or penalty imposed. For each arrest, the applicant shall also state the name and location of the agency (i.e., police department, sheriff's department, etc.) which made the arrest, the date of the arrest, and the outcome or status of the arrest or the resulting charge. Failure to properly identify all such arrests and convictions may result in denial of the application. If the applicant is an unincorporated association, partnership, firm, or limited liability company, then the applicant shall disclose arrests and convictions of all members and officers thereof. If the applicant is a corporation, then the applicant shall disclose arrests and convictions for all stockholders, officers, and directors thereof.

(4) The location of any and all depots and terminals proposed to be used by the applicant.

(5) The number of vehicles which the applicant wishes to operate, including a

description of each such vehicle, including the make, model, passenger seating capacity, year of manufacture, state license number, motor number or Vehicle Identification Number (VIN), and name and address of the owner.

(6) A description of the insignia, trade name and proposed color scheme for each vehicle for hire. Any trade name for taxicabs must contain the word "taxicab," "taxi" or "cab."

(7) Any other relevant information which the chief of police or finance director may require.

(8) That the applicant is at least 21 years of age.

(9) That the applicant is a citizen of the United States or an alien admitted for permanent residence that has otherwise been granted employment authorization by the United States Immigration and Naturalization Service.

(10) That the applicant has been a resident of the state and has been such for more than one year immediately preceding the date of application.

(11) That the applicant possesses and maintains a publicly listed telephone number.

(12) That the applicant must submit a drug testing policy for employees.

(b) After the application has been completed, the applicant shall return the application to the chief of police or his designee. The chief of police or his designee shall review the application and the information provided therein, and shall report to the council any information pertinent to the application or applicant. The council shall not consider any application until such time as the chief of police or his designee has issued its report to the council.

(Ord. No. 17-15, § 1, 2-20-2017)

Editor's note—Ord. No. 17-15, §§ 1, 2, adopted February 20, 2017, repealed the former § 12-16-11, and enacted a new § 12-16-11 as set out herein. The former § 12-16-11 pertained to application for CPNC and derived from Ord. No. 12-162, § 1(12-16-11), 12-18-2012.

Sec. 12-16-12. Reserved.

Editor's note—Ord. No. 17-15, § 2, adopted February 20, 2017, repealed § 12-16-12, which pertained to types, cost and number of CPNCs and derived from Ord. No. 12-162, § 1(12-16-12), 12-18-2012.

Sec. 12-16-13. Reserved.

Editor's note—Ord. No. 17-15, § 2, adopted February 20, 2017, repealed § 12-16-13, which pertained to finding of necessity required and derived from Ord. No. 12-162, § 1(12-16-13), 12-18-2012.

Sec. 12-16-14. Issuance of operating authority permit.

If the council determines that further vehicle for hire service is required by public necessity and convenience, and that the applicant is qualified and able to perform such service and to conform with the provisions of this chapter, then the council shall adopt a resolution granting an operating authority permit, and shall authorize the revenue division of the finance department to issue, upon payment of all required fees, a business license and at the same time, the chief of police or his designee to issue CPNC's for each vehicle, reflecting the expiration date and VIN# on each respective permit.

(Ord. No. 17-15, § 1, 2-20-2017)

Editor's note—Ord. No. 17-15, §§ 1, 2, adopted February 20, 2017, repealed the former § 12-16-14, and enacted a new § 12-16-14 as set out herein. The former § 12-16-14 pertained to issuance of CPNC and derived from Ord. No. 12-162, § 1(12-16-14), 12-18-2012.

Sec. 12-16-15. Factors for consideration in finding of necessity and convenience.

In making the findings of public necessity and convenience required by section 12-16-13, the council shall take into consideration the type of CPNC requested, number of vehicles for hire already in operation in the city, whether existing transportation is adequate to meet the public need, the probable effect of additional vehicles for hire on local traffic conditions and the character, experience and responsibility of the applicant and the adequacy of the service which the applicant proposes to give.

(Ord. No. 12-162, § 1(12-16-15), 12-18-2012)

Sec. 12-16-16. Reserved.

Editor's note—Ord. No. 17-15, § 2, adopted February 20, 2017, repealed § 12-16-16, which pertained to information prerequisite to CPNC issuance and derived from Ord. No. 12-162, § 1(12-16-16), 12-18-2012.

Sec. 12-16-17. Renewal.

Any operating authority permit issued under this chapter may be renewed annually for additional periods of one year each in December of each year upon payment of a $100.00 renewal fee and the certification under oath that there have been no changes in the information submitted as required by section 12-16-11, and upon purchase of the appropriate business license.

With each renewal application for CPNC's, the following will be submitted: the current MVR, criminal background records, and health and welfare status of drivers. Owners of CPNC's must at all times, maintain a current and complete list of all drivers and their MVR, criminal background records, and health and welfare status on record in the office of the chief of police or his designee.
(Ord. No. 12-162, § 1(12-16-17), 12-18-2012; Ord. No. 17-15, § 1, 2-20-2017)

Sec. 12-16-18. Nontransferable.

The operating authority permit issued hereunder shall not, at any time, be transferable to any company without prior approval of the council. CPNC's issued to the operating authority shall not be transferred to any other vehicle, unless otherwise provided herein.
(Ord. No. 12-162, § 1(12-16-18), 12-18-2012; Ord. No. 17-15, § 1, 2-20-2017)

Sec. 12-16-19. Procedure for additional permitted vehicles.

Every licensed/permitted vehicle for hire company under this chapter who shall desire to add to the number of vehicles for hire he or she wishes to operate shall make a written application to the chief of police or his designee, accompanied by a fee of $25.00, stating:

(1) The name and address of the applicant.

(2) A statement of whether any information furnished on the original application has changed, and if so, indicate the changes.

(3) A description of each such additional vehicle, including the make, model, passenger seating capacity, year of manufacture, state license number, motor number or Vehicle Identification Number (VIN), and name and address of the owner.

(4) Any other relevant information which the chief of police or tax and license division of the finance department may require.

No operator of a commercial transportation vehicle shall receive or discharge any passenger within the corporate limits of the City otherwise than at a fixed-route-stop or terminal, approved by the City of Birmingham Department of Traffic Engineering, provided for the receipt and discharge of passengers outside of any street or alley of the City.
(Ord. No. 14-111, 8-8-2014)

Editor's note—Ord. No. 14-111, adopted August 8, 2014, amended § 12-16-101 in its entirety to read as herein set out. Former 12-16-101, pertained to terminals for interurban buses and suburban jitneys, and derived from Ord. No. 12-162, § 1(12-16-101), 12-18-2012.

Sec. 12-16-102. Where buses to stop for loading and unloading.

It shall be the duty of drivers of any commercial transportation vehicle, when stopping for the purposes of receiving or discharging passengers at intersections to stop at the right-hand curb line at such intersection; except, that where there has been established and marked a bus loading zone, it shall be the duty of such drivers to stop adjacent to such bus loading zone for the receipt or discharge of passengers therein.
(Ord. No. 12-162, § 1(12-16-102), 12-18-2012; Ord. No. 14-111, 8-8-2014)

Sec. 12-16-103. Doors of buses to be kept closed.

It shall be the duty of operators of buses operated for hire to keep the doors of such buses closed at all times while in motion and at all other times when not actually engaged in the reception or discharge of passengers and when the driver is not absent from such bus in the performance of some duty enjoined by law or actual necessity.
(Ord. No. 12-162, § 1(12-16-103), 12-18-2012)

Sec. 12-16-104. Receiving or discharging passengers in closed-door zone.

(a) It shall be unlawful for any operator or driver of any suburban jitney to receive or discharge any passengers within the zone of the city bounded on the north by Eighth Avenue North; on the east by Twenty-sixth Street; on the south by Second Avenue South; and on the west by Fourteenth Street, called the closed-door zone, except at a terminal specified in the applicable permit or as set out in subsection (b) of this section.

(b) The operator or driver of any suburban jitney may receive or discharge passengers in specified curb-loading zones inbound and outbound on Eighteenth Street at Morris Avenue.
(Ord. No. 12-162, § 1(12-16-104), 12-18-2012)

Sec. 12-16-105. Time limit in bus stands.

It shall be unlawful for any person in charge or control of any person in charge or control of any suburban jitney to permit or allow such jitney to occupy any lawfully established bus stand for a longer aggregate time than 15 minutes in any period of one hour.
(Ord. No. 12-162, § 1(12-16-105), 12-18-2012)

Sec. 12-16-106. Receiving or discharging passengers to points within city.

It shall be unlawful for any operator or driver of any suburban jitney to receive at such terminal

or elsewhere within the city any passenger for a destination within the city or to discharge within the city any passenger received within the city.
(Ord. No. 12-162, § 1(12-16-106), 12-18-2012)

ARTICLE C. RENTAL VEHICLES

Sec. 12-16-121. Renting motor vehicles to minor.

It shall be unlawful for any person to rent a motor vehicle to any minor on any plan by which the service or use of such motor vehicle is allowed such minor and no driver is furnished, without the written consent of the parent or guardian of such minor.
(Ord. No. 12-162, § 1(12-16-121), 12-18-2012)

Sec. 12-16-122. Tampering or interfering with speedometer.

When any motor vehicle has been rented to any person for hire, it shall be unlawful for that person or for any other person to remove or attempt to remove, or tamper with or attempt to tamper with, or in any way interfere with the speedometer or other mechanical device attached to such motor vehicle for the purpose of registering the distance such motor vehicle travels.
(Ord. No. 12-162, § 1(12-16-122), 12-18-2012)

Sec. 12-16-123. False impersonation or representations.

It shall be unlawful for any person, in making application to rent a motor vehicle, to make any false impersonation of another, or to make any false or fraudulent statement or representation in writing, or to subscribe his or her name or the name of another to any false or fraudulent statement or representation
(Ord. No. 12-162, § 1(12-16-123), 12-18-2012)

Sec. 12-16-124. Failure to pay hire.

When any person has rented a motor vehicle for hire, it shall be unlawful for such person to fail or refuse to pay the lawful charges for the hire of such motor vehicle immediately upon the termination of the hire of such motor vehicle, unless a later time of payment be mutually agreed upon prior to the renting of such motor vehicle.
(Ord. No. 12-162, § 1(12-16-124), 12-18-2012)

Sec. 12-16-125. Abandonment or failure to redeliver.

When any person has rented a motor vehicle under a contract to redeliver such motor vehicle to the person from whom it was rented, it shall be unlawful for the person to whom such motor vehicle was rented to abandon or willfully refuse or neglect to redeliver the motor vehicle to the person from whom it was rented, without the consent of the person from whom such motor vehicle was rented.
(Ord. No. 12-162, § 1(12-16-125), 12-18-2012)

Sec. 12-16-126. Permitting others to drive rented car.

It shall be unlawful for any person to whom a motor vehicle has been rented to permit any other person to operate or drive such motor vehicle without first securing the consent of the person from whom such motor vehicle was rented.
(Ord. No. 12-162, § 1(12-16-126), 12-18-2012)

ARTICLE D. HORSE-DRAWN CARRIAGES

Sec. 12-16-141. Health of the animal.

No animal shall be permitted to pull any carriage unless the animal is in good health and meets at least the following requirements:

(1) The animal must be at least 30 months old.

(2) The animal must weigh at least 900 pounds.

(3) The animal has no open sores or wounds, is not lame nor has any other ailment. Any animal found to have an ailment shall not be used without the approval of a veterinarian licensed in the State of Alabama.

(4) The hoofs of the animal must be properly shod and trimmed.

(5) The animal must be groomed daily and not have fungus, dandruff or a poor or dirty coat.

(6) The animal must have adequate flesh and muscle tones and ribs showing must be no deeper than one-fourth inch.

(7) The animal must be no more than six months pregnant.

(8) A certified copy of a current veterinary health certificate shall be filed with the Chief of Police or his designee annually. The certificate shall state that a veterinarian licensed in the State of Alabama has given the animal a complete physical examination, including a Coggins test, and declares that the results of the Coggins test were negative and that the animal is fit for carriage service.

(Ord. No. 12-162, § 1(12-16-141), 12-18-2012; Ord. No. 17-15, § 1, 2-20-2017)

Sec. 12-16-142. Animal working conditions.

No animal shall be worked under any of the following conditions, and any owner or operator who permits or allows these conditions to exist shall be in violation of this section:

(1) No animal or combination of animals shall pull any combined weight; including carriage, passengers and driver in excess of two times the animal's body weight.

(2) The animal shall work no more than ten hours in any 24-hour period and shall have at least one 20-minute or two ten-minute rest breaks per hour during the shift.

(3) The animal pulling a carriage shall be moved at a speed faster than a slow trot.

(4) The animal shall work no more than 50 hours in any seven-day period and shall not work more than five consecutive days.

(5) The animal shall not be worked with equipment causing an impairment of vision other than normal blinders.

(6) The animal shall not be subject to any condition or treatment which will impair the good health and physical condition of the animal.

(7) Harnesses must be properly fitted and maintained, kept free of wire or other harmful devices and be oiled and cleaned so as to be soft at all times.

(8) All bits shall be smooth and shall not cut the animal's mouth.

(9) No driver shall whip an animal with more than a light touch by a light whip.

(10) No animal shall be worked without proper fitting shoes on each properly trimmed hoof. Should an animal throw a shoe during the shift, the driver shall remove any nails from the hoof immediately. If such hoof has grown up at least one-fourth-inch from the quick, the animal may complete the shift provided that the animal shall be reshod prior to the next shift; otherwise the animal shall not be worked.

(11) Adequate water shall be provided in the stables at all times and in the working areas as often as needed, as climate and working conditions require.

(Ord. No. 12-162, § 1(12-16-142), 12-18-2012)

Sec. 12-16-143. Vehicle specifications.

Animal-drawn vehicles which are for hire shall conform to the following specifications:

(1) The wheelbase shall be equal to or less than 14 feet.

(2) The total overall length of vehicle shall be equal to or less than 28 feet.

(3) The maximum overall width of vehicle shall be equal to or less than 78 inches.

(4) The tires shall be rubber or other resilient material. Metal tires shall be prohibited.

(5) The vehicle right turn radii shall not be greater than 12 feet for the right rear wheel and 24 feet for the left front wheel.

(6) The vehicle shall be drawn by no more than two animals.

(7) Carriages must be properly lubricated and wheels must spin freely.

(Ord. No. 12-162, § 1(12-16-143), 12-18-2012)

Sec. 12-16-144. Diapers.

All animals shall be equipped with diapers which are properly fitted and constructed of sturdy material to ensure comfort to the animal and complete waste disposal. Failure to comply with the provisions of this section shall be grounds for suspension or revocation of the public service vehicle permit.

(Ord. No. 12-162, § 1(12-16-144), 12-18-2012)

Sec. 12-16-145. Drivers of animal-drawn vehicles.

Drivers of animal-drawn vehicles must have a working knowledge and general experience involving horses and animal-drawn vehicles.

(Ord. No. 12-162, § 1(12-16-145), 12-18-2012)

Sec. 12-16-146. Animal-drawn vehicle operating specifications.

Animal-drawn vehicles shall adhere to the following operating specifications during the hours of operations:

(1) Vehicles shall travel in the curb lane except when passing parked vehicles or other obstructions which prevent use of the curb lane.

(2) Vehicles shall not travel on streets with grades equal to or greater than ten percent without approval of the director of traffic engineering.

(3) Vehicles shall not stop within the roadway other than at designated loading and unloading areas except when necessary to avoid conflict with other traffic or in compliance with the directions of the police or a traffic control sign or signal.

(4) Vehicles shall observe all applicable rules of the road.

(Ord. No. 12-162, § 1(12-16-146), 12-18-2012)

Sec. 12-16-147. Insurance requirements.

Any animal-drawn vehicle company operating under this chapter shall execute an agreement holding the city, its officers, agents, servants and employees, harmless against any and all liability, loss, damages or expense which may accrue to the city by reason of negligence, default or misconduct of the company in connection with the rights granted to such company hereunder. Nothing in this chapter shall be considered to make the city, its officers, agents, servants or employees liable for damages because of any negligent act or omission or commission by any animal-drawn vehicle company, its servants, agents, drivers or other employees, during the operation by the company of the animal-drawn vehicle business or service, either in respect to injury to persons or with respect to damage to property which may be sustained. In addition to the insurance requirements under section 12-16-5, each animal-drawn vehicle insurance policy shall include the city as a named insured.

(Ord. No. 12-162, § 1(12-16-147), 12-18-2012)

Secs. 12-16-148—12-16-160. Reserved.

ARTICLE E. PEDICAB SERVICES

Sec. 12-16-161. Application and licensing process.

(a) Any person or business desiring to obtain a CPNC to operate a pedicab service shall follow the guidelines established in section 12-16-11.

(b) Any person desiring to drive a pedicab vehicle shall follow the guidelines established in section 12-16-29.

(Ord. No. 12-162, § 1(12-16-161), 12-18-2012)

Sec. 12-16-162. Business license, annual permit and financial responsibility.

(a) No pedicab service vehicle shall operate upon the streets of the city unless a business license for the then current license year shall have first been issued by the director of finance. The director of finance shall not issue such

license until and unless the applicant has been granted current, valid CPNC and filed insurance as required by this chapter.

(b) No pedicab service vehicle shall operate upon the streets of the city unless a yearly permit and decal for such calendar year shall have first been authorized by the chief of police or his or her designee. Each permit and decal is valid only for the pedicab vehicle for which it is issued.

(c) The chief of police or his or her designee shall not authorize the issuance of such annual permit and decal until and unless the application hereinafter required shall have been submitted along with the latest safety and soundness inspection report, proof of insurance and all other reports required by this chapter.
(Ord. No. 12-162, § 1(12-16-162), 12-18-2012)

Sec. 12-16-163. Pedicab passenger services.

(a) Each pedicab service CPNC holder shall file with the chief of police or his or her designee a schedule of rates to be charged. Such schedule of rates shall not be changed without five days' written notice having been given to the chief of police or his or her designee.

(b) Every pedicab vehicle shall have permanently affixed to the outside thereof, in a place readily seen by passengers, a frame covered with clear plastic, or similar material, enclosing a card upon which shall be printed in plain, legible letters the schedule of rates authorized for carriage in such pedicab. The pedicab companys name and telephone number shall be listed on the rate sheet.

(c) If requested by the passenger, the pedicab driver shall provide a legible receipt, containing the name of owner, the listing of all charges, the date, and total amount paid.

(d) Service refusal.

(1) Every CPNC holder under this chapter shall accept for transportation any orderly person requesting exclusive service anywhere in the approved pedicab service area.

(2) Provided, however, that the licensee/permittee or its driver has the right to request a passenger to pay an estimated fare prior to transporting the passenger. If prepayment is refused the licensee/permittee or its drivers may refuse service.

(3) It shall be unlawful to refuse any person transportation in an unoccupied pedicab to any place of destination within the approved pedicab service area, unless such pedicab is on its way to pick up a passenger or otherwise out of service or unless the person to be served uses profane or abusive language in attempting to contract for service.

(Ord. No. 12-162, § 1(12-16-163), 12-18-2012)

Sec. 12-16-164. Pedicabs and equipment requirements.

Every pedicab vehicle providing service in the city shall:

(1) Be maintained to assure that it is mechanically dependable, clean, and safe.

(2) Have a battery-operated headlight capable of projecting a beam of white light for a distance of 300 feet. The headlight shall be permanently affixed to the pedicab. Such lights may be removable and recharged.

(3) Have taillights permanently affixed on the right and the left at the same level on the rear exterior of the passenger compartment. Taillights shall be red in color and plainly visible from all distances within 500 feet to the rear of the pedicab. Such light may be removable and recharged.

(4) Have turn signal indicators.

(5) Provide a seat belt for every passenger.

(6) Be designed and manufactured so every passenger may enter and exit without crossing any interior barriers.

(7) Have the name of the pedicab company and its telephone number posted on both

sides of the pedicab vehicle in letters of a contrasting color and not less than two inches height.

(Ord. No. 12-162, § 1(12-16-164), 12-18-2012)

Sec. 12-16-165. General operation.

(a) All pedicabs shall operate according to the provisions in this chapter, the applicable provisions of this Code and state laws governing the operation of bicycles, and all other applicable state and federal laws and regulations. No pedicab shall be operated in weather conditions that pose an unreasonable safety risk to the drivers or passengers of the pedicab, or to other motorists or pedestrians. No pedicab shall be operated during a level 3 ozone alert declared by the Jefferson County Health Department for the city.

(b) Every pedicab operating under this chapter must be inspected by an authorized bicycle repair facility recognized by the manufacturer of the bicycle being used as a pedicab or at an authorized bicycle repair facility approved by the chief of police or his or her designee, at such intervals as may be established by the chief of police or his or her designee, but no less than once annually, to ensure the continued maintenance of safe operating conditions. Such pedicabs shall be maintained in working order and good repair. Maintenance and repair records for each pedicab shall be retained for at least one year after such maintenance and repair has been completed, and such records shall be made available to the city upon request.

(c) For the purposes of immediately loading or unloading passengers, a pedicab may remain standing upon a street if the pedicab is in any legal parking stall or space, designated loading zone or any other location that does not impede pedestrian or vehicular traffic. Otherwise, a pedicab may not be left parked or standing in specifically designated spaces, such as those for taxis, buses, handicapped drivers, and the like. The department of traffic engineering may set forth specific additional locations where pedicabs are allowed to park or stand. No pedicab, while in operation for the solicitation or transportation of passengers, shall be left unattended by the pedicab driver for a period of more than 15 minutes at a time unless parked in one of those specific locations identified by the department of traffic engineering.

(d) Pedicab owners shall maintain an operational log for each pedicab owned and operated under that owner's CPNC permit. The operational log shall list the dates and times of the operation of each pedicab, as well as the name of any pedicab driver operating the pedicab during those dates and time.

(e) It shall be unlawful for any pedicab owner, driver or operator to drive or operate a pedicab, or allow a pedicab to be driven or operated, on the following streets or highways: University Boulevard; First Avenue North; Tallapoosa Street; East Lake Boulevard; U.S. Highway 280; U.S. Highway 11; U.S. Highway 31; U.S. Highway 78 (Crestwood Blvd.); any one-way street; and any other street with a speed limit greater than 30 mph. A pedicab operator or driver may cross a prohibited street or highway for the purpose of accessing an approved street or highway.

(f) The chief of police or his or her designee, in conjunction with the department of traffic engineering, may propose other times of operation and locations where pedicabs may not be driven and operated within the city. Any such rules or restrictions shall be adopted by council ordinance to be effective.

(g) Pedicab drivers shall abide by the appearance and conduct standards for public service vehicles as outlined in this chapter, except for the clothing requirement. Pedicab owners shall submit, for the chief of police or his or her designee's approval, a clothing or uniform scheme for their drivers.

(Ord. No. 12-162, § 1(12-16-165), 12-18-2012)

Sec. 12-16-166. Insurance requirements and hold harmless agreement.

(a) Any pedicab company operating under this chapter shall maintain the insurance requirements for public service vehicles as outlined under section 12-16-5, and each pedicab company insurance policy shall include the city as a named insured.

(b) Any pedicab company operating under this chapter shall execute an agreement holding the city, its officers, agents, servants and employees, harmless against any and all liability, loss, damages or expense which may accrue to the city by reason of negligence, default or misconduct of the company in connection with the rights granted to such company hereunder. Nothing in this chapter shall be considered to make the city, its officers, agents, servants or employees liable for damages because of any negligent act or omission or commission by any pedicab company, its servants, agents, drivers or other employees, during the operation by the company of the pedicab business or service, either in respect to injury to persons or with respect to damage to property which may be sustained.
(Ord. No. 12-162, § 1(12-16-166), 12-18-2012)

ARTICLE F. RESERVED*

ARTICLE G. LOW SPEED VEHICLE SERVICE

Sec. 12-16-180. Low speed vehicle services; permit required.

(a) Unless otherwise stated herein low speed vehicle services (LSV) shall comply with the provisions of title 12, chapter 16 of the general City Code and with all applicable rules of the road and traffic statutes and ordinances.

(b) A person shall not operate a LSV company in the city without having first obtained business license from the city.
(Ord. No. 17-38, § 1, 4-6-2017)

Sec. 12-16-181. Storage of low speed vehicles.

The storage site for LSV must comply with all zoning regulations and restrictions.
(Ord. No. 17-38, § 1, 4-6-2017)

*__Editor's note—__Article F is entirely pre-empted by Alabama Act 2018-127, Sec. 17 codified at Ala. Code, 1975, 32-7C-36.

Sec. 12-16-182. Inspection and required equipment.

(a) Prior to being permitted to operate within the city, LSV must be inspected by the chief of police or his designee and must have the following equipment installed and in proper working order:

(1) Headlamps;

(2) Front and rear turn signal lamps;

(3) Tail lamps;

(4) Stop lamps;

(5) Reflex reflectors, one red on each side as far to the rear as practicable and one red on the rear;

(6) An exterior mirror mounted on the driver's side of the vehicle and either an existing mirror mounted on the passenger side of the vehicle or an internal mirror;

(7) A parking brake;

(8) A windshield that conforms to the Federal Motor Vehicle Safety Standard on glazing materials (49 CRF 571.205);

(9) A VIN that conforms to federal requirements for vehicle identification numbers;

(10) A Type 1 or Type 2 seatbelt assembly conforming to Federal Motor Vehicle Safety Standards (49 CFR 571.209) must be installed at each designated seating position;

(11) Rear visibility requirements specified under 49 CFR 571.111;

(12) An alert sound as required by 49 CFR 571.141;

(13) A valid State of Alabama license plate.

(b) Each LSV shall be inspected during the month of the expiration of then current specification sticker issued by the police department.

(c) The city police department may conduct random safety inspections of LSVs permitted under this section at any time.

(1) A mechanic at the city's garage will complete all such mechanical inspections at the city's expense;

(2) Any law enforcement officer can perform non-mechanic inspections to insure compliance.

(d) If a LSV fails to pass the requirements of an inspection, the police department shall issue the owner a correction slip giving the owner 15 days within which to correct all listed deficiencies. If such deficiencies are not corrected and if an inspection certificate has not been issued within such 15-day period, then such vehicle shall not be used thereafter until a new inspection certificate is issued.
(Ord. No. 17-38, § 1, 4-6-2017)

Sec. 12-16-183. Low speed vehicle identification.

(a) Each LSV shall bear on each side in letters of not less than two-inches in height, the name of the company, phone number of the company, a unit number, and may, in addition, include an identifying design which has been approved by the city with the application for an operating authority permit.

(b) The LSV must have proper markings prior to being permitted to operate on city streets and markings will be inspected during annual mechanic inspection of the LSV.
(Ord. No. 17-38, § 1, 4-6-2017)

Sec. 12-16-184. Conduct of drivers.

A driver of LSV shall at all times:

(a) Act in a reasonable, prudent, safe and courteous manner;

(b) Not permit a person not possessing a vehicle for hire driver's permit to operate the LSV or exercise control over the LSV;

(c) Not permit more passengers to be carried in an LSV than the number of approved seatbelts installed in the LSV, and at no time shall the driver allow passengers to ride in any area of the LSV not specifically designed or designated as a seat;

(d) Not permit any passenger 12 years of age or younger to ride in the LSV unaccompanied by an adult;

(e) Travel only roads with speed limits that do not exceed 35 mph;

(f) Not operate an LSV in excess of 25 mph;

(g) Not operate an LSV while under the influence of intoxicating beverages or drugs;

(h) Observe and obey all state and local traffic laws and regulations;

(i) Not permit a passenger to stand or ride on any part of the LSV other than the designated seating area while the LSV is motion, and to advise the passengers that they must be seated except when loading or unloading;

(j) Wear a seatbelt at all times the LSV is operation;

(k) Not operate outside the area of operation authorized by the city traffic engineer or anywhere that the operation of such vehicles would violate state law;

(l) Not permit the consumption of alcohol, or possession of open containers by passengers.
(Ord. No. 17-38, § 1, 4-6-2017)

Sec. 12-16-185. Driver's permit required.

No person shall operate a LSV unless they have obtained a public service vehicle operator's permit pursuant to this chapter.
(Ord. No. 17-38, § 1, 4-6-2017)

Sec. 12-16-186. Area of operation; receiving and discharging passengers.

(a) An LSV shall operate only on routes approved by the city traffic engineer. Approval of a route shall not authorize the operation of a LSV anywhere that the operation of the vehicle is prohibited by state law.

(b) On multi-lane roadways, LSV shall operate in the far right lane to the extent practicable, except when necessary to move to the left lane or turn lane to execute a left turn. On one-way streets, an LSV shall operate to the far-right or far-left to the extent practicable to not impede traffic and to provide for safe discharge and receipt of passengers.

(c) Drivers shall not receive or discharge passengers upon the roadway, but shall use appropriately designated and signed loading zones to receive or discharge passengers.

(d) Drivers shall not stop to load or unload passengers or their belongings in the intersections of any street, crosswalks or in any manner or other location that would be considered unsafe. No LSV shall load or unload in any such manner that will in any way impede or interfere with the orderly flow of traffic on the streets.

(e) LSV drivers shall not allow additional passengers to board the LSV while the vehicle is in motion.

(f) Passenger loading zones shall be used to receive and discharge passengers. The city traffic engineer may designate zones for use by LSV, if needed.

(g) LSV shall not stop, stand or park in a bus stop or taxicab stand when any such stop or stand has been officially designated and appropriately signed, except that the driver of an LSV may temporarily stop therein for the purpose of and while actually engaged in loading or unloading passengers when that stopping does not interfere with any bus or taxicab waiting to enter or about to enter that zone.
(Ord. No. 17-38, § 1, 4-6-2017)

Sec. 12-16-187. Fares; refusal to pay legal fare.

(a) Any fare charged by a LSV shall be on a per person, per ride basis and shall be clearly posted.

(b) It is unlawful for any person to refuse to pay the legal fare of any LSV for the services mentioned in this chapter after having hired the same and it is unlawful for any person to hire any such vehicle with intent to defraud the person hired of the value of such service.
(Ord. No. 17-38, § 1, 4-6-2017)

ARTICLE H. PEDAL BUS SERVICE

Sec. 12-16-190. License; permit.

(a) Unless otherwise stated herein, pedal bus services shall comply with the provisions of this chapter.

(b) A person shall not operate a pedal bus service company in the city without having first obtained business license from the city.

(c) No pedal bus shall be used or operated on a for hire basis by any person within the city without an owner or operator having first obtained an operating authority permit and obtaining CPNC permits for each vehicle.

(d) It shall be unlawful for any person to transport or offer to transport passengers in any pedal bus which does not have affixed to the pedal bus a valid CPNC sticker issued by the chief of police or his or her designee.

(e) CPNC's shall not be transferred, sold or given from one owner to another including the sale of one pedal bus company in its entirety to another.
(Ord. No. 17-48, § 2, 5-3-2017)

Sec. 12-16-191. Limitation of pedal bus services.

(a) In granting an operating authority permit, the council shall, at a minimum, take into consideration the number of pedal buses already in operation, whether existing service is adequate to meet the public need; the character, experience, financial condition and responsibility of the applicant. If the council finds that further or additional pedal bus service in the metropolitan government area is required by the public convenience and necessity and that the applicant is fit, willing and able to provide such service and to conform to the provisions of this chapter, the council may issue a certificate of public convenience and necessity, stating the name and address of the applicant, the number of vehicles authorized upon such certificate and the date of issuance.

(b) The council may limit the number of pedal bus services or pedal bus CPNC's if the council finds that that the number of pedal buses interferes with traffic flow.
(Ord. No. 17-48, § 2, 5-3-2017)

Sec. 12-16-192. Driver.

A driver shall at all times:

(1) Act in a reasonable, prudent, safe, and courteous manner;

(2) Not permit a person not possessing a pedal bus driver's permit to exercise control over the operation of a pedal bus;

(3) Not permit more passengers to be carried in a pedal bus than for which there is proper seating, and at no time shall the driver allow any passenger to ride in any area of the pedal bus not specifically designed or designated as a seat;

(4) Not allowing any passenger under 18 years of age to ride in a pedal bus;

(5) Travel only roads with speed limits that do not exceed 35 miles per hour and approved by city traffic engineer for use by pedal buses.

(6) Not operate a pedal bus in excess of 15 miles per hour;

(7) Not operate a pedal bus while under the influence of intoxicating beverages or drugs;

(8) Not operate a pedal bus while possessing a lighted cigarette, cigar, or pipe at any time;

(9) Observe and obey all state and local traffic laws and regulations;

(10) Not permit a passenger to stand or ride on any part of the pedal bus other than the designated seating area while the pedal bus is in motion and to advise the passengers that they must be seated except when loading or unloading.

(Ord. No. 17-48, § 2, 5-3-2017)

Sec. 12-16-193. Alcoholic beverages on pedal bus.

(a) Passengers on a pedal bus may consume alcoholic beverages, subject to the following:

(1) Passengers may bring only beer or wine in unopened, non-breakable, individual serving containers on board the pedal bus for consumption while on the vehicle. No glass containers shall be allowed on board a pedal bus in any case.

(2) While within a designated entertainment district of the city, a passenger may possess and consume a beverage purchased from an authorized licensee within the district in compliance with the city's entertainment district ordinance.

(3) Alcoholic beverages shall not be removed from a pedal bus and consumed along the route unless it is within a designated entertainment district of the city and during the approved hours of operation of the district.

(4) It shall be unlawful for a pedal bus service or its drivers to sell, serve or dispense alcoholic beverages unless a valid license has been obtained from the Alabama Alcoholic Beverage Control Board with the approval of the city council.

(5) It shall be unlawful for the driver/operator of any pedal bus to consume alcoholic beverages while driving or operating a pedal bus.

(b) The provisions of section 12-10-9, "Drinking in public", of this Code shall not apply to passengers consuming alcoholic beverages while on board a pedal bus and in compliance with subsection (a) of this section.
(Ord. No. 18-3, § 1, 1-4-2018)

Editor's note—Ord. No. 18-3, § 1, adopted January 4, 2018, amended § 12-16-193 in its entirety to read as herein set out. Former § 12-16-193, pertained to no alcoholic beverages on pedal bus, and derived from Ord. No. 17-48, § 2, 5-3-2017.

Sec. 12-16-194. Violation of noise ordinance.

No music or amplified sound shall be played, nor yelling or conversation be conducted, on a pedal bus in such a manner that it would violate the city's noise ordinance.
(Ord. No. 17-48, § 2, 5-3-2017)

Sec. 12-16-195. Minimum specifications of pedal bus.

Each pedal bus in operation must meet the following minimum specifications:

(1) Unibody frame construction;

(2) Four wheels;

(3) Rubber on all wheels;

(4) A fully operational horn or bell;

(5) Headlights that have a beam of at least 300 feet;

(6) Flashing taillights that are visible from at least five hundred feet;

(7) Mirror(s) affixed to the pedal bus to reflect to the driver a view of at least 200 feet from the rear of the pedal bus;

(8) Turn signals affixed to the front and rear of the vehicle;

(9) Working running lights along the outermost parts of the front, sides, and rear of the vehicle so as to make the vehicle clearly visible to motorists at night;

(10) Hydraulic, mechanical disk, or drum brakes that are unaffected by wet conditions and that control the front and rear of the pedal bus;

(11) Trailers are prohibited from being attached to pedal buses;

(12) Body painted with bright, reflective paint;

(13) Clean and maintained in a good state of repair. All pedal buses shall be maintained by the certificate holder so as to be well painted and have a damage or deterioration free appearance, and in safe operational condition; and

(14) If electric motor assistance is installed, it must meet all manufacturer standards and be inspected by a certified mechanic on an annual basis.

(Ord. No. 17-48, § 2, 5-3-2017)

Sec. 12-16-196. Vehicle to display company name, color scheme insignia and numbering—Restrictions.

(a) Each pedal bus shall bear on the rear of the vehicle, above the taillights, in letters not less than two inches in height, the name of the company, phone number of the company, and may, in addition, bear an identifying design which has been approved by the city.

(b) No pedal bus covered by the terms of this chapter shall be licensed which bears a color scheme, identifying design, monogram or insignia which, in the opinion of the city, conflicts with or imitates any color scheme, identifying design, monogram or insignia used by another pedal bus company in such manner as to be misleading or such that it tends to deceive or defraud the public.

(c) If, after a certificate of public convenience and necessity has been issued for a pedal bus under this chapter, the color scheme, identifying design, monogram or insignia thereof is changed so as to be, in the opinion of the city, in conflict with or imitate any color scheme, identifying design, monogram or insignia used by any other person, owner or operator, in such manner as to be misleading or such that it tends to deceive the public, the certificate of or certificate covering such pedal bus shall be suspended or revoked.

(d) Each pedal bus shall bear on the rear, a CPNC inspection sticker issued by the city.

(Ord. No. 17-48, § 2, 5-3-2017)

Sec. 12-16-197. Inspection and maintenance of vehicles—Compliance required.

(a) Prior to the use and operation of any pedal bus under the provisions of this chapter, such vehicle shall be thoroughly examined and inspected by the certificate holder and found to comply with this article. Every pedal bus operating under this chapter shall be periodically inspected by the certificate holder to ensure the continued maintenance of safe operating conditions. A certificate holder, owner or driver shall make the pedal bus available for inspection at such place within the metropolitan area as the police chief or his designee may direct. If, upon inspection, the police chief or his designee determines that a pedal bus is not in compliance with this article, the police chief or his designee shall, based upon the condition noted, order the pedal bus be removed from service or that the vehicle be brought into compliance within a reasonable period of time and require it to be re-inspected.

(b) Every pedal bus operating under this article shall be kept in a clean, sanitary and satisfactory condition.

(c) Every pedal bus operating under this chapter shall annually undergo a detailed inspection conducted by an approved mechanic to determine if the vehicle conforms to the standards set out by this article. A safety certificate form, when completed by an approved mechanic, shall be provided to the police chief or his designee within 30 days of the inspection.

(Ord. No. 17-48, § 2, 5-3-2017)

Sec. 12-16-198. Rate schedule for pedal buses.

(a) Pedal buses shall be operated for prearranged tours and shall not accept passengers on demand.

(b) Passengers shall be informed of the rate for the tour service prior to embarking.

(Ord. No. 17-48, § 2, 5-3-2017)

Sec. 12-16-199. Pedal bus equipment.

(a) An owner, operator, or driver of a pedal bus shall daily inspect all pedal buses and all equipment at the time of departure from and return to the service's place of business.

(b) No pedal bus engaged in the pedal bus business shall be driven or operated on a public street or byway of the city unless the owner or operator of the pedal bus has obtained a valid identification card issued in accordance with this chapter.

(c) A pedal bus used in passenger transportation service shall:

(1) Have a valid permit conspicuously displayed on the vehicle at all times;

(2) Be maintained in a safe and sanitary condition;

(3) Not drive or transport more passengers than there are proper seating for, excluding the driver of the vehicle. At no time shall the driver allow any passenger to ride in any area of the vehicle that was not specifically designed as a seat. In no event shall the number of passengers on a pedal bus exceed 16;

(4) Display the name and telephone number of the pedal bus company with two inch letters on the rear of the vehicle. These signs must be displayed at all times that the vehicle is operating for business unless the vehicle is being used for a special event, such as a wedding or parade;

(5) Reflectors must be affixed to the front and each of the rear wheels;

(6) Be equipped with head lights and taillights;

(7) A fully charged backup battery must be readily available and a pedal bus cannot operate without proper lights.

(d) If, upon any inspection, a pedal bus is found to be unsafe, unclean or unsightly, police chief or designee, may direct that the vehicle be taken out of service until such condition is corrected. Such vehicle shall be re-inspected and approved by the police chief or designee before returning to service.
(Ord. No. 17-48, § 2, 5-3-2017)

Sec. 12-16-200. Duty to render service—Business requirements.

All persons engaged in any pedal bus service shall maintain a fixed, central place of business, as indicated in their application for a certificate of public convenience and necessity.
(Ord. No. 17-48, § 2, 5-3-2017)

Sec. 12-16-201. Operating area.

(a) Pedal buses shall operate only upon the streets on routes or zones, and within hours of operation, approved by the city traffic engineer. Any deviation from these approved routes, zones, or hours of operation must be approved by the city traffic engineer. Any approved deviation must be reported to the city traffic engineer prior to beginning of operations.

(b) On multi-lane roadways, pedal buses shall operate in the far right lane, except when necessary to move to the left lane or turn lane to execute a left turn. On one-way streets, a pedal bus shall operate in either the far right-lane or far left-lane as necessary to follow the route and planned turns.
(Ord. No. 17-48, § 2, 5-3-2017)

Sec. 12-16-202. Records and reports.

(a) Each pedal bus service shall maintain at a single location business records of its pedal bus business. The records must contain the following information:

(1) An identification of the pedal buses in operation;

(2) An identification of the drivers operating the pedal buses each day and a statement of the hours each driver operated the vehicle each day; and

(3) A log of each trip, including any safety-related incident, including, but not limited to, any accidents, injuries or altercations, occurring during any trip.

(b) A certificate holder shall make its records available for inspection by police chief, his/her designee or other designated officials, including, but not limited to, the city traffic engineer or finance director or their designees.
(Ord. No. 17-48, § 2, 5-3-2017)

Sec. 12-16-203. Accidents.

(a) All accidents arising from or in connection with the operation of a pedal bus shall be reported within 72 hours from the time of occurrence to the police chief and traffic engineer or their designees if the accident results in:

(1) Death or bodily injury to any person, or

(2) Damage to any vehicle, or to any property in an amount exceeding the sum of $250.00.

(b) A pedal bus damaged in an accident, but still operable without placing the driver or passengers at risk, must be repaired within two weeks of the accident or removed from operation until repaired and inspected.
(Ord. No. 17-48, § 2, 5-3-2017)

Sec. 12-16-204. Passengers—Receiving and discharging by drivers.

(a) Drivers shall not receive or discharge passengers upon the roadway, but shall use appropriately designated and signed loading zones to receive or discharge passengers.

(b) Drivers shall not stop to load or unload passengers or their belongings in the intersections of any street, crosswalks or in any manner or other location that would be considered unsafe. No pedal bus shall load or unload in any such manner that will in any way impede or interfere with the orderly flow of traffic on the streets.

(c) Pedal bus drivers shall not allow additional passengers to board the pedal bus after the vehicle has left its fixed starting point.

(d) The city traffic engineer may designate specific areas of the roadway for use as a loading/unloading zone for pedal buses.

(e) Pedal buses shall not stop, stand or park in a bus stop or taxicab stand when any such stop or stand has been officially designated and appropriately signed, except that the driver of a pedal bus vehicle may temporarily stop therein for the purpose of and while actually engaged in loading or unloading passengers when that stopping does not interfere with any bus or taxicab waiting to enter or about to enter that zone.
(Ord. No. 17-48, § 2, 5-3-2017)

Sec. 12-16-205. Passengers—Refusal to pay legal fare.

It is unlawful for any person to refuse to pay the legal fare of any pedal bus for the services mentioned in this chapter after having hired the same and it is unlawful for any person to hire any such vehicle with intent to defraud the person hired of the value of such service. A driver shall have the right to demand payment in advance for pre-arranged tours.
(Ord. No. 17-48, § 2, 5-3-2017)

Sec. 12-16-206. Disposition of disorderly passengers.

Drivers shall act in a reasonable and professional manner in dealing with disorderly passengers. A pedal bus service shall have a plan and train all drivers for the management of disorderly passengers endangering the safety and well-being of other passengers and the public.
(Ord. No. 17-48, § 2, 5-3-2017)

Sec. 12-16-207. Application of Code provisions regarding bicycles.

(a) Pedal buses shall not be driven on sidewalks under any circumstances.

(b) Pedal buses shall not be operated within designated bicycle lanes, but shall instead move with traffic like motor vehicles.

(c) Pedal buses are prohibited from parking on the sidewalk or from being secured to publicly owned poles.

(d) Except to the extent otherwise provided in this chapter, pedal buses shall comply with all provisions of title 12, chapter 16 of the general City Code and with all applicable rules of the road and traffic statutes and ordinances.
(Ord. No. 17-48, § 2, 5-3-2017)

Sec. 12-16-208. Compliance with other laws.

It shall be a violation of this chapter for a pedal bus service or driver to violate any other applicable federal, state or local law or regulation in offering or providing pedal bus services.
(Ord. No. 17-48, § 2, 5-3-2017)

CHAPTER 17. WRECKER SERVICE*

Sec. 12-17-1. Dispatching wrecker when information intercepted from police radio calls.

It shall be unlawful for any person to send, operate or direct a motor vehicle wrecker to the location or scene of an accident or disabled vehicle in the city if information as to such accident or disabled vehicle is obtained directly or indirectly from city police by short-wave radio calls or transmissions; provided that this section shall not apply to information obtained from calls made by the police department of the city or a police officer thereof directly to a particular wrecker service or business requesting a wrecker be sent by such service or business to the scene of an accident or disabled motor vehicle.
(Code 1964, § 58-1; Code 1980, § 12-17-1)

Sec. 12-17-2. Radio tuned to police short-wave band.

It shall be unlawful for any person, firm or corporation operating a motor vehicle wrecker service or business in the city, or any employee of such service or business, to permit any radio at such place of business or in any vehicle used in such business to be tuned to the city police department short-wave radio band or otherwise tuned or set so as to intercept or receive police short-wave radio calls or transmissions.
(Code 1964, § 58-2; Code 1980, § 12-17-2)

Sec. 12-17-3. Soliciting business at scene of accident.

It shall be unlawful for any person engaged in operating a motor vehicle wrecker service or business or any employee of such service or business to solicit patronage for such wrecker service or business at the scene of a motor vehicle accident in the city within one hour after the occurrence of such accident.
(Code 1964, § 58-3; Code 1980, § 12-17-3)

Sec. 12-17-4. Dispatching wrecker to scene of accident without request by owner of vehicle involved; unlawful to remove vehicle without furnishing police with required information.

It shall be unlawful for any person, firm or corporation to send, operate or direct a motor vehicle wrecker to the location, or the scene of an accident or disabled vehicle in the city unless requested to do so by the owner or person in charge or possession of such vehicle and after obtaining the name and residence address of such owner or person in charge or possession thereof. It shall be unlawful for any person in charge of or operating a wrecker to remove a disabled motor vehicle from the scene of an accident without furnishing a police officer at such scene the name and address of the person requesting the removal of the disabled motor vehicle when requested by the officer to do so.
(Code 1964, § 58-4; Code 1980, § 12-17-4)

*__State law references__—Power of municipality to tax and collect reasonable privilege license fees or taxes from any motor carrier where such motor carrier does business in said municipality by receiving freight for transportation for hire between said city or town and another point in Alabama; said privilege license or tax shall not exceed $300.00 in incorporated cities or towns of over 100,000 inhabitants, Code of Ala. 1975, § 37-3-33.

Sec. 12-17-5. Exceptions from certain provisions of chapter for companies having contracts with city.

The provisions of sections 12-17-1, 12-17-2 and the first sentence of section 12-17-4 shall not apply to a wrecker service or business under written contract with the city to furnish wrecker service to the city at the request of the police department thereof.
(Code 1964, § 58-5; Code 1980, § 12-17-5)

Sec. 12-17-6. Revolving amber lights on wreckers.

(a) It shall be unlawful for any person to operate a wrecker or towing service vehicle upon the streets or public ways of the city unless such vehicle is equipped with a revolving amber light in good repair which shall be mounted in such a position so as to be visible throughout an arc of 360 degrees, which amber light shall be in operation at all times while a vehicle is in tow.

(b) No person shall operate a wrecker or towing service vehicle upon the city streets with the amber light operating unless the wrecker or towing service vehicle has a vehicle in tow or is within 200 feet of such vehicle to be towed and is preparing to tow such vehicle.

(c) No person shall operate the amber light on such vehicle while en route to the location from which a tow-in is to be made.

(d) Upon conviction for any violation of this section, such offender may be fined not less than $10.00 nor more than $100.00.
(Code 1964, § 58-6; Code 1980, § 12-17-6)

Sec. 12-17-7. Definitions.

For the purposes of this chapter, the following words and phrases shall have the meanings respectively ascribed to them by this section:

Person means any person driving or operating a wrecker or towing service vehicle upon the streets of the city.

Wrecker or *towing service vehicle* means a vehicle designed to be used for hauling or towing motor vehicles from one place to another, by use of a flatbed, towbar, dolly or other device, including any truck, automobile or other vehicle adapted to that purpose. This definition specifically does not include vehicles designed to transport four or more vehicles.
(Code 1964, § 58-7; Code 1980, § 12-17-7; Ord. No. 93-49, 3-23-1993)

Sec. 12-17-8. Charges made by wrecker service under contract with city.

Any wrecker service or business which is under written contract with the city to furnish wrecker service and storage to the city shall charge members of the public for similar services and storage rendered inside the city at the same rates as established in section 10-14-6 provided the services and storage rendered is in response to a request by a member of the police department of the city.
(Code 1964, § 58-7.1; Code 1980, § 12-17-8; Ord. No. 80-274, 12-16-1980; Ord. No. 83-207, 12-13-1983)

CHAPTER 18. MISCELLANEOUS REGULATIONS

Sec. 12-18-1. Business establishments; information cards to be placed on ground level doors; duty to respond to emergencies; penalties.

(a) Every owner of a business establishment in the city or its police jurisdiction, including every owner or corporate manager of a multi-tenant building, whether commercial or residential, equipped with one or more exterior ground level or street level doors shall place and maintain at all times in a conspicuous location at the exterior face of every such door, an information plate or card containing the name, address and telephone number of two persons to be notified in the event of fire, burglary or other emergency affecting such establishment which persons shall be ones who are responsible for control of the premises, capable of controlling any alarm system, and are capable of responding to the premises in no more than 60 minutes at all times.

(b) It shall be unlawful for such business owner or owner or corporate manager of any commercial or residential multi-tenant building to fail to have conspicuously affixed at all times on or adjacent to the entrances on the exterior of the building, structure or facility the name and telephone number of two persons who are currently; responsible for control of the premises, capable of controlling any alarm system and are capable of responding to the premises in no more than 60 minutes at all times.

(c) It shall be the responsibility of the business owner or the owner or corporate manager of any commercial or residential multi-tenant building to ensure that either they or their designated representative respond to check the premises with the responding officers within one hour after the police officers or fire officials contact the person listed on the required information plate or card notifying them that an apparent or actual emergency affecting the establishment has occurred.

(d) Violations of this section shall be punishable by a minimum fine of:

(1) $100.00 for the first offense within a 12-month period;

(2) $250.00 for the second offense within a 12-month period; and

(3) $500.00 for the third and any subsequent offence within any 12-month period.

(Code 1964, § 36-11; Code 1980, § 12-18-1; Ord. No. 00-73, § 1, 5-9-2000)

Sec. 12-18-2. Cleaning and pressing shops and laundries; records; marking of articles received.

(a) Every person to whom a license is issued to engage in or carry on the business of cleaning or pressing men's or women's wearing apparel shall be required to keep a record of each day's business in books or on cards or paper printed or written in a legible hand to be preserved for at least six months after date of each record, which record shall, among other things, show the names of every person from whom any wearing apparel is received, together with the time of such receipt and a brief description of such wearing apparel, together with any valuables of any description which may be found thereon or therein. Any police officer, upon showing his or her authority, shall have access to such records in any such place of business at any time for the purpose of locating lost or stolen garments or any valuables which may be left in or pinned on the same.

(b) The chief of police shall have authority to assign to each cleaning and pressing shop and laundry a guide number, and it shall be the duty of the assignee of such number to cause such number to be permanently inscribed upon each article of clothing received by such assignee. Nothing herein shall be construed to prohibit the use of invisible ink in the making of such inscription.

(Code 1964, § 36-12; Code 1980, § 12-18-2)

Sec. 12-18-3. Vending machines for the sale of newspapers, magazines, etc.

(a) Any person operating vending machines from which are sold magazines, newspapers or other publications upon any sidewalk or other public area situated in the Birmingham Green Project Area, which is defined as 20th Street from the railroad underpass to 7th Avenue North, 1st, 2nd and 3rd Avenues North from 20th Street to 21st Street, shall provide and maintain in a good condition enclosures, containers or outer covers for such vending machines which shall be of a type, size, color and design as prescribed by a design and specifications on file in the office of the city engineer.

(b) Any person operating vending machines from which are sold magazines, newspapers or other publications upon any sidewalk or other public area situated in the retail district, which is defined as 19th Street from 1st Avenue North to 4th Avenue North and 2nd, 3rd and 4th Avenues North from 18th Street to 20th Street, shall provide and maintain in good condition vending machines of a type, size, color and design as prescribed by a design and specifications established by the city engineer and maintained on file in his or her office.

(c) Vending machines shall be located so as to avoid interference with pedestrian traffic, handicapped access ramps, bus stops, and fire

hydrants. Vending machines shall be aligned contiguously in a neat fashion and shall not be attached to street lights, signs, etc. The city engineer shall have the authority to order that vending machines which do not comply with these requirements be removed from the public right-of-way within five days of written notice to the vendor or his or her authorized representative.

(d) Any failure to comply with this section shall be punishable as provided by section 1-1-6.
(Code 1964, § 36-68; Code 1980, § 12-18-3; Ord. No. 85-25, 2-19-1985)

Sec. 12-18-4. Money lenders.

Whenever any person engaged in the business of a money lender in the city or any other person who lends money in the city above the legal rate of interest, shall loan money to any person and such person shall make a payment thereon, either upon the principal or upon the interest upon such principal, it shall be the duty of the party lending the money, at the time of receiving such payment, to enter upon the note or other paper evidencing the debt the date and true amount of such payment and at the same time give to the borrower a receipt showing amount of payment, date and debt on which such payment is made, how the same is to be applied, and the balance owing.
(Code 1964, § 36-38; Code 1980, § 12-18-4)

Sec. 12-18-5. Real estate sales agreements; zoning districts and floodplain designations to be included.

(a) It shall be unlawful for any owner of real estate situated in the city or any other person claiming to own an interest or right therein, his or her agent, representative or attorney-in-fact, when entering upon any agreement, contract or memorandum in writing for the sale or transfer of such real estate or interest therein to another, to fail to write into the agreement, contract or memorandum the name or designation of the zoning classification or district of the property to be sold and whether the real estate is situated in a floodplain as designated on the floodplain district map, as described in section 11 of article XXIII of appendix D to this Code.

(b) Any person who shall violate any provision of this section shall, upon conviction thereof, be punished by a fine not exceeding $100.00.
(Code 1980, § 12-18-5)

Sec. 12-18-6. Nude modeling.

(a) No owner, manager, operator or employee of any studio, school or other business which offers to the public any human model for sketching, drawing, sculpturing or painting shall offer or permit any nude model, as herein defined, to be sketched, drawn, sculptured or painted except from a platform or stage, the nearest edge of which shall be not less than four feet from any person sketching, drawing, sculpturing or painting such model. Such model shall be deemed, for the purposes of this section, to be nude if any genital, sexual part or breast of any female model is exposed to view, whether such exposure results from the lack of clothing or the transparency of any clothing worn by such model. A female breast shall be considered exposed when any portion thereof below the top of the nipple shall be visible.

(b) All models in any studio, school or other business, as defined in subsection (a) of this section, who pose or model nude, as defined in subsection (a) of this section, shall do so in a common or single room or enclosure, set aside for such purpose; and no screens, curtains, blinds, partitions or other obstructions shall be placed within such room or enclosure. A clear view of the entire interior of such room or enclosure from any place within such room or enclosure shall be maintained at all times; and no model shall at any time be nude, as defined herein, except in such common or single room or enclosure. All customers, while waiting to be provided a model, shall be and remain seated in a common or single room as described herein.

(c) No provision of this section shall apply to any owner, manager, operator or employee of any bona fide art school having a regularly enrolled student body, or to any artist operating or using

an art studio wherein models are employed by such artist in order that such artist may produce or create works of art.

(d) Any person convicted of violating any provision of this section shall be punished as provided in section 1-1-6.
(Code 1980, § 12-18-6)

Sec. 12-18-7. Shoeshine service establishments; conduct of patrons receiving or waiting to receive service; clear view of interior required.

(a) It shall be unlawful for any person, or the agent, servant or employee of such person, who shall operate or hold himself or herself out to the public or to others as operating or conducting a shoeshine service of any type, to permit any person, while receiving or waiting to receive a shoeshine or other shoe service, to lie or recline upon any bed, sofa, couch, cot, bench, table, reclining chair or any horizontal surface, while upon the premises whereon the shoeshine or other shoe service shall be rendered or offered.

(b) It shall be unlawful for any customer, patron or other person upon the premises of any shoeshine service establishment to lie or recline upon any bed, sofa, couch, cot, bench, table, reclining chair or any horizontal surface while receiving or waiting to receive a shoeshine or other shoe service.

(c) Any waiting for services by customers, patrons or other invitees of any shoeshine business or establishment and any shoeshine performed by such establishment shall be done in a common or single room or enclosure, and no screens, curtains, blinds, partitions or other obstructions shall be placed between the entrance of the room or enclosure where the waiting area or shoeshine services are provided and the back or rear wall of the room or enclosure. A clear view of the entire interior of the room or enclosure from the entrance thereof to the rear of the room or enclosure shall be maintained at all times.

(d) None of the provisions of this section shall be applicable to any shoeshine business or operation performed or conducted within any duly licensed barbershop, any bona fide shoe repair service establishment where shoes are resoled, half soled, heeled or otherwise serviced by skilled and qualified shoe repair personnel or any bus, rail or air transportation depot or terminal station.

(e) Any person convicted for the violation of any provision hereof shall be punished as provided in section 1-1-6.
(Code 1980, § 12-18-7)

Sec. 12-18-8. Daily racetrack admission fee.

(a) Under and by virtue of the authority granted in Code of Ala. 1975, § 11-65-33, there is hereby imposed a fee of $0.25 on the admission of each person each day to a racetrack meeting except as hereinafter provided in subsection (d) of this section.

(b) The $0.25 admission fee herein imposed shall be collected and paid over to the city by the licensed operator of the racetrack.

(c) The licensed operator of the racetrack is permitted to add the $0.25 fee hereby imposed to the amount charged for the ticket of admission.

(d) Excepted from the provisions of this section are persons holding valid permits issued by the city racing commission and actually employed at the racetrack in the capacities for which such permits were issued, and spectators holding complimentary passes issued by an operator.

CHAPTER 19. TOWING AND VEHICLE IMMOBILIZATION SERVICES

ARTICLE A. GENERAL PROVISIONS

Sec. 12-19-1. Declaration of policy and findings of Council.

It is the policy of the city to provide for the protection of the public safety and interest as it relates to the parking of vehicles on parking lots and to the impoundment of those vehicles by

applying a boot to a vehicle or towing without the consent of the vehicle owner or operator. The council further declares that it is in the interest of public safety to provide for licensing and certain regulation of all towing services within the city. To this end, this ordinance provides for the regulation of vehicle immobilization service and towing services, to be administered in a manner that protects the public health and safety and promotes the public convenience and necessity.
(Ord. No. 13-81, § 2(12-19-1), 5-28-2013)

Sec. 12-19-2. Definitions.

For the purposes of this ordinance, the following words and phrases shall have the meanings respectively ascribed to them by this section:

Barrier gate means an automated gate at each entrance to a parking lot to regulate vehicular entry to the parking lot. Parking lots designed for employee parking shall not be required to provide a ticket or receipt and parking lots designed and/or operated for profit shall provide a ticket for entry or a receipt for payment of parking fees.

Boot, booting or vehicle immobilization means the act of placing on a parked motor vehicle a lockable vehicle wheel clamp or similar device that is designed to be placed on a parked vehicle to prevent the operation of the vehicle until the device is unlocked and removed. The term "boot" shall include the devices used for this purpose. Such devices shall be a high-visibility color, such as yellow, orange or red. No cables, chains, ropes or other similar means of vehicle immobilization shall be allowed.

Chief of police shall mean the Chief of Police of the City of Birmingham or his or her designee.

Commercial parking motor parking services shall mean private property that is used, wholly or in part, for storage or parking of motor vehicles for a fee or the provision of such services for a fee where payment for the parking is made:

(a) At the time of parking and to a pay station or a uniformed parking lot attendant; or,

(b) Pursuant to a long-term (monthly or longer) parking agreement whereby a decal, hang-tag or other form of written authorization is issued to be displayed in or on the vehicle allowed to be parked on the property according to the terms of the agreement.

Such lots must comply with all City of Birmingham zoning, business licensing and operating requirements for commercial parking lots.

Consent of a parking lot owner shall mean that the vehicle is authorized to park on the property through payment of the proper fee to a pay station or uniformed parking lot attendant, by contract or permit issued by the parking lot owner or through other direct permission of the parking lot owner.

Day shall mean a 24-hour period commencing from the time a vehicle is booted.

Director of finance shall mean the director of the department of finance of the City of Birmingham or his or her designee.

Immobilize means to place a boot on a parked vehicle to prevent the operation of the vehicle until the boot is unlocked and removed. The term includes any installation or adjustment of a boot.

Impound shall mean any means to prohibit a motor vehicle's usual manner of movement or operation, either by the installation of vehicle immobilization device or by towing.

Nonconsensual tower shall mean any person who performs "police directed tows" or "private property impounds" as defined herein.

Owner/operator for the purposes of this section, an owner/operator is defined as a person other than the lien holder, possessing or holding title to a vehicle. The term includes a person entitled to the use and possession of a vehicle which can be subject to the business or commercial interest of another, permission, rental, lease, or security interest in another person or entity.

Parking lot means any commercial or private parking lot as defined herein.

Parking attendant means an individual who, on behalf of a parking lot general manager, collects a parking fee from motor vehicle operators as payment to park in a parking lot.

Parking lot owner means a person, or the person's agent or lessee, who holds legal title, deed, or right of occupancy to a parking lot. The term includes an agent authorized to operate or manage the parking lot but does not include a vehicle immobilization service licensee or an employee or representative of a vehicle immobilization service licensee.

Pay station means a booth or box, whether attended or not, situated at or on a parking lot where payment of the hourly, daily, or monthly parking fee for that parking lot is made or deposited.

Person shall mean any natural person, firm, partnership, association, corporation or other entity of any kind whatsoever.

Police directed tow shall mean the removal and storage of wrecked or disabled vehicles at the direction of police/law enforcement from an accident scene.

Private parking lot means private property that is used, wholly or in part, for parking or storing motor vehicles for the residents, tenants, employees, customers, members or guests of an establishment such as, but not limited to, a multi-family dwelling complex, business, or church.

Private property impound shall mean towing or removal of a vehicle without the consent of the vehicle's owner or operator, when the vehicle is parked on private real property.

Reasonable notice as used herein means at least 24 hours' notice.

Special event means any sporting event, concert, or gathering attracting 50 or more individuals and sponsored by any individual, partnership, corporation or governmental entity.

Storage fee means the compensation payable for the storage of a towed motor vehicle that has been stored at or in a facility owned, operated, leased or used by a tow truck service or any other business entity which owns or operates a tow truck.

Towing fee means the compensation payable for the towing of a motor vehicle.

Tow, tows, or towing means the act of removing, by tow truck, a motor vehicle from privately-owned property within the city where it is parked. The preparation, maneuvering, attachment and or loading onto the towing and recovery operator's tow truck for removal does, for purposes of this ordinance, constitute a "tow" or "towing."

Towing and recovery service means:

(a) A person, business or any other entity engaged in the business of (1) removing disabled vehicles, parts of vehicles, their cargoes, and other objects to facilities for repair or safekeeping and (2) restoring to the highway or other location where they either can be operated or removed to other locations for repair or safekeeping (3) vehicles that have come to rest in places where they cannot be operated. The term includes any employee, authorized agent or legal representative of such individual or entity.

(b) Any person, business or any other entity who in any way advertises, portrays, acts, claims or holds themselves out to be a towing and recovery operator or in any way conveys the impression that they are engaged in services of providing towing and recovery of vehicles shall be deemed to be engaged in towing and recovery services.

(c) Any business, corporation, individual or any other person or entity who is not engaged in the primary business of towing vehicles but who either owns, rents or utilizes a tow truck, whether licensed by the city or not, for the purpose of removing or towing vehicles from private property, including their own and removing such vehicles to place or places owned,

controlled, leased, rented by such individual, business or entity or by agreement with another.

Towing service vehicle or wrecker means a vehicle designed to be used for hauling or towing motor vehicles from one place to another, by use of a flatbed, tow-bar, dolly or other device, including any truck, automobile or other vehicle adapted to that purpose.

Unauthorized vehicle means a vehicle parked, stored, or located on a parking lot without the consent of the parking lot owner.

Vehicle shall mean an automobile, truck, bus, trailer, semitrailer, truck tractor semitrailer combination, recreational unit primarily designed as temporary living quarters which either has its own motive power or is mounted on or drawn by another vehicle, or any other mobile item using wheels and being operated on the roads of the City of Birmingham, Alabama, which is used to transport persons or property and is propelled by power other than muscular power; provided, however, that the term does not include bicycles, mopeds, traction engines, road rollers or vehicles which run only upon a track.

Vehicle weight classifications:

(a) Small vehicle shall mean any motor vehicle with a gross vehicle weight of 10,000 pounds or less.

(b) Large vehicle shall mean any motor vehicle with a gross vehicle weight of more than 10,000 pounds.

Vehicle immobilization operator shall mean any person operating vehicle immobilization devices for a vehicle immobilization service or directing others to install or attach vehicle immobilization devices.

Vehicle immobilization service or service shall mean a person, including a sole proprietor, independent contractor, corporation, partnership or similar business entity, offering services anywhere in the territorial limits of the city whereby vehicles are immobilized by the installation of a vehicle immobilization device.
(Ord. No. 13-81, § 2(12-19-2), 5-28-2013; Ord. No. 15-42, § 1, 4-14-2015)

Sec. 12-19-3. Applicability.

This article applies to:

(1) The immobilization of vehicles without the consent of the vehicle owner or driver and the fees charged to remove vehicle immobilization devices;

(2) The towing, by a towing and recovery operator, of motor vehicles from privately-owned property within the city without the consent of the vehicle owner or driver and the fees that are charged for:

a. Such towing of vehicles; and

b. The storage and retrieval of such towed vehicles.

(3) The licensing and general regulation of towing services for public safety concerns. The recordkeeping and fee limitations for towing services requirements of this article do not apply to the consensual towing of motor vehicles; or to towing from public streets and other locations that is performed pursuant to a contract with the city; nor to towing for the lawful repossession of vehicles pledged as collateral for a security interest on a debt; nor to the storage of such vehicles.
(Ord. No. 13-81, § 2(12-19-3), 5-28-2013)

Sec. 12-19-4. Alteration, etc.

It shall be unlawful for any person to change, alter, deface or destroy any license or permit issued under this chapter.
(Ord. No. 13-81, § 2(12-19-4), 5-28-2013)

Sec. 12-19-5. Transferability.

No license or permit is transferable.
(Ord. No. 13-81, § 2(12-19-5), 5-28-2013)

Sec. 12-19-6. Violations.

Except as otherwise specifically provided, any violation of this article is unlawful and punishable pursuant to section 1-1-6.
(Ord. No. 13-81, § 2(12-19-6), 5-28-2013)

Sec. 12-19-7. Review by council.

(a) The operation of this article shall be reviewed by the public safety committee of the city council at six months and 12 months after its adoption to evaluate its effect in reducing the problems stated in the preamble to this article. The public safety committee may designate an advisory committee consisting of representatives of other parties interested in the operation of the ordinance, including vehicle immobilization services and operators, parking service operators, merchants and property owners, citizens, the police department, the law department and other city staff to assist in the evaluation.

(b) The chief of police shall provide to the public safety committee a monthly summary of complaints, incidents, violations, citations and/or arrests generated from the operation of this article.

(c) After the second review, the public safety committee shall determine whether additional regular review of the operation of the ordinance is necessary. If the committee decides that additional routine review is not needed, additional review and amendment will be made as circumstances demand.
(Ord. No. 13-81, § 2(12-19-7), 5-28-2013)

Sec. 12-19-8. Fee review.

Any company or companies performing, either alone or together, performing, either alone or together, 50 percent or more of the non-consensual tows or vehicle immobilizations during the preceding calendar year may petition the council in writing to review the service fee limitation imposed by this article. The request must identify the specific fees requested to be reviewed and shall include the recommended fee adjustments and all financial information necessary for review. The council may request additional information it deems necessary to review the request. The council shall set a public hearing on the request within 30 days of receipt of the request.
(Ord. No. 13-81, § 2(12-19-8), 5-28-2013)

Secs. 12-19-9, 12-19-10. Reserved.

ARTICLE B. LICENSES AND PERMITS

Division 1. General Provisions

Sec. 12-19-11. Compliance with chapter; license required.

(a) It shall be unlawful for any towing or vehicle immobilization service, tow truck driver, or vehicle immobilization service operator to operate within the city without first having obtained a license pursuant to this article.

(b) It shall be unlawful for any person to immobilize, boot or tow any vehicle within the territorial limits of the city without first complying with all applicable provisions of this article.

(c) Existing services:

(1) Any person issued a license by the council under Ord. No. 04-96 prior to the effective date of the ordinance from which this article is derived to engage in the business of a vehicle immobilization service, which license was still in force and effect on such date, shall not be required to file a further application for a license to operate such business so long as such license is not terminated, annulled, canceled, revoked or suspended, but such license shall be subject to the provisions of this chapter and the licensed business shall be operated in all respects as if such license were granted hereunder by the council subsequent to the effective date of the ordinance from which this article is derived, and shall be governed by the provisions of this article. Any person licensed under Ord. No. 04-96 and acting as a vehicle immobilization service within the city on June 1, 2013 shall have a period of 60 days thereafter to comply with the general operating requirement provisions of this article.

(2) Any person acting as a vehicle immobilization service within the city on June 1, 2013 but who has not been issued a license by the council under Ord. No. 04-96 shall have a period of 30 days thereafter to file an application as

provided in this article for such license and to comply with the general operating requirement provisions of this article.

(3) Any person acting as a towing service within the city on June 1, 2013 shall have a period of 30 days thereafter to file an application for a license as provided in this article.

(4) Any person acting as a vehicle immobilization operator or towing service driver on June 1, 2013 but who has not previously been issued a permit shall have a period of 30 days thereafter to file an application for a permit as provided in this article.

(Ord. No. 13-81, § 2(12-19-11), 5-28-2013)

Sec. 12-19-12. Compliance with state and municipal licensing requirements.

All services, drivers and operators engaged in business in the city shall comply with licensing requirements imposed by the state and the city, and shall provide evidence of such upon request by any representative of the city authorized to enforce the provisions of this chapter.

(Ord. No. 13-81, § 2(12-19-12), 5-28-2013)

Secs. 12-19-13—12-19-20. Reserved.

Division 2. Qualifications

Sec. 12-19-21. General requirements for applicants for a license or permit.

(a) To qualify for a vehicle immobilization service license, towing service license, tow truck driver permit or vehicle immobilization operator permit an applicant must:

(1) Be at least 19 years of age;

(2) Possess a current, valid State of Alabama driver's license or state issued identification as provided by the laws of the state;

(3) Be a citizen of the United States or an alien admitted for permanent residence or who has otherwise been granted employment authorization by the U.S. Immigration and Naturalization Service;

(4) Be able to read, write and speak English and be familiar with the monetary system of the United States;

(5) Not having been convicted, for a period of five years prior to the date of application of:

a. Any felony related to the operation of a motor vehicle;

b. Any Class A felony;

c. Any felony involving Danger to the Person (Code of Ala. 1975, § 13A-6-1 et seq.);

d. Any misdemeanor or felony involving prostitution;

e. Any felony in which the applicant herein was armed during the commission of the offense; or

f. Any felony involving Controlled Substances (Code of Ala. 1975, § 13A-12-201 et seq.).

(6) Not having been convicted of driving violations amounting to 12 or more points for a period of two years prior to the date of application;

(7) Be subject to no outstanding warrants of arrest; and

(8) Not employ any person who is not qualified under this subsection.

(b) An applicant who has been convicted of, or who employs a person who has been convicted of, an offense listed in subsection (a)(5) of this section, for which the required time period has elapsed since the date of conviction, may qualify for a license or permit only if the council determines that the applicant, or the employee, is presently fit to engage in the business for which the application is made. In determining present fitness under this section, the council shall consider the following:

(1) The extent and nature of the applicant's, or employee's, past criminal activity;

(2) The age of the applicant, or employee, at the time of the commission of the crime;

(3) The amount of time that has elapsed since the applicant's, or employee's, last criminal activity;

(4) The conduct and work activity of the applicant, or employee, prior to and following the criminal activity;

(5) Evidence of the applicant's, or employee's, rehabilitation or rehabilitative effort while incarcerated or following release; and

(6) Other evidence of the applicant's, or employee's, present fitness, including letters of recommendation from prosecution, law enforcement, and correctional officers who prosecuted, arrested, or had custodial responsibility for the applicant, or employee; the sheriff and chief of police in the community where the applicant, or employee, resides; and any other persons in contact with the applicant, or employee.

(c) All applicants shall furnish all data, information and records relevant to their application requested of them by the police chief or his designee. Failure to furnish requested data, information and records within 30 days from the date of the request shall automatically result in the dismissal, with prejudice, of the application. Applicants, by filing an application, agree to produce for oral interrogation any person who is under the applicants' control requested by the police chief or his designee or the city attorneys' office, who possesses or may possess knowledge of facts relevant to the application. The failure to produce a person within 30 days after being requested to do so shall result in an automatic dismissal of the application. Persons under an applicant's control are the partners of the applicant if the applicant is a partnership, the officers of the applicant if the applicant is a corporation, and/or employees, officers or agents of the applicant. It is the responsibility of the applicant, to the extent possible, to secure and provide to the police chief or his or her designee the evidence required to determine present fitness under subsection (b) of this section.

(d) Should any person with a license or permit obtained pursuant to this article be charged with committing any crime as described in subsection (a) of this section, then such charge shall constitute the basis for suspension of the license pending resolution of the criminal charge. However, this section shall not deprive the council of the right to revoke any license for cause. A license issued pursuant to this chapter shall be revoked if the licensee has been convicted of any crime as described in subsection (a) of this section.

(e) No license or permit shall be issued to any person who does not meet the qualifications set out in this section. Any applicant for a tow truck driver or vehicle immobilization service operator whose application is rejected by the chief of police under this subsection shall have the right to appeal that rejection to the city council as provided in this article.

(f) It shall be unlawful for any person to procure a license or a permit as provided in this article by fraudulent conduct or a false statement of a material fact.
(Ord. No. 13-81, § 2(12-19-21), 5-28-2013)

Division 3. Service Licenses

Sec. 12-19-22. Towing service or vehicle immobilization service license application; generally; contents of application.

(a) Application for a license to be issued hereunder shall be submitted to the chief of police or his/her designee upon blank forms prepared and made available by the chief of police. The application shall contain in writing:

(1) The full name and address of the applicant if an individual proprietorship; full name and address of all partners if the applicant is partnership; full name and address of the corporation, LLP or LLC if the applicant is a corporation, LLP or LLC;

(2) The business telephone number and mailing address (if different from the physical address) of the applicant;

(3) The legal name of the company and the trade name of the company (name under which the service will be operated) if different than the legal name;

(4) The full name of all company officials and the amount of stock, if any, held by such officials, and/or the full name of all persons having a proprietary or profit interest in the business that is the subject of the application, managers or other persons primarily responsible for the operation of the business;

(5) Whether the applicant, manager or any company official has been convicted of any federal or state crime, or a violation of any city ordinance, the disposition of same and the place of conviction, if any and whether the applicant, manager or any company official has any felony charge pending at the time of application, the charge and the jurisdiction where the charge has been made;

(6) A list, to be kept current of all parking lots where the applicant has been authorized to perform vehicle immobilization services or non-consensual towing. This list must be accompanied by a copy of the written contract or authorization by the owner or authorized agent of the parking lot allowing the applicant to tow or immobilize vehicles on the property. If no contracts are in place at the time of application, the information regarding lots where the applicant will operate shall be provided to the chief of police within five days of entering any contract to provide services;

(7) The charges to be imposed for various services;

(8) A list of what methods of payment the applicant will accept from a vehicle owner or operator to redeem a towed vehicle or for removal of a boot, including proof that the applicant is capable of accepting payment of service fees by major credit card;

(9) Proof of the insurance coverage required by this chapter;

(10) A list, to be kept current, of the number and type of boots utilized by the vehicle immobilization service, including the make, model, and identification number;

(11) A list, to be kept current, of the owners and management personnel of the service, and of all employees who will participate in towing or vehicle immobilization, including names, dates of birth, state driver's license numbers, and vehicle immobilization operator's permit numbers;

(12) A signed form requesting that a criminal history information record maintained by the Alabama Criminal Justice Information Center by the current procedures required by the Alabama Legislature and the Alabama Criminal Justice Information Center Commission from the State of Alabama Bureau of Investigation be provided to the police department along with a certified check or money order made payable to the Alabama Bureau of Investigation for the cost required by the state for such background check for the applicant, manager or any company official named in the application;

(13) A statement as to whether the applicant, manager or any company official who will be a vehicle immobilization service operator for the service has had any moving traffic violations in the past five years, the date and place of each violation;

(14) A list, to be kept current, of the vehicles to be used to assist in the vehicle immobilization service;

(15) A list, to be kept current, of the towing service vehicles or wreckers to be used by the service;

(16) Receipt from the director of finance showing payment of the application fees required by this chapter;

(17) Sample notice sticker or warning decal that the applicant intends to place upon a vehicle that has been immobilized by booting;

(18) Such other information as the chief of police shall find reasonably necessary to effectuate the purpose of this chapter

and to arrive at a fair determination of whether the terms of this chapter have been complied with; and

(19) Shall be sworn by the applicant or authorized agent thereof.

(b) A person or entity operating both vehicle immobilization and towing operations may file a single application for approval by the council; however, an applicant wishing to pursue both vehicle immobilization and towing must purchase a separate license for each business activity. A person or entity that provides only vehicle immobilization or towing services may subsequently purchase a business license to engage in the other activity without a new application to the council, provided that the new license is purchased within a year of the council's initial approval and there have been no material changes in the name, ownership of the business, location or criminal history provided in the original application and that information regarding the equipment used, employees and the locations where vehicle immobilization or nonconsensual towing will be performed shall be provided to the chief of police before the new operations begin. A material change of ownership of a vehicle immobilization or towing service or addition of a second line of service more than one year after initial approval shall require the filing and approval of a new application by the council.
(Ord. No. 13-81, § 2(12-19-22), 5-28-2013)

Sec. 12-19-23. Vehicle immobilization service license; investigation and recommendation of chief of police; hearing and action by council.

(a) The chief of police shall conduct a review of each application for a service license. After reviewing all information provided, the chief of police shall recommend approval or disapproval, giving reasons therefore to the public safety committee of the city council not later than 30 days after the date of filing of the application. An application will not be considered as filed unless and until all information requested in section 12-19-12 has been received.

(b) The public safety committee of the city council shall review the application and recommendation of the chief of police, and shall refer the matter to the full council for a public hearing within 21 days of receipt of the recommendations from the chief of police, recommending the grant or denial of such license.

(c) After a public hearing on the application, the council may at such meeting or any other regular or special meeting, consider such application, the recommendations required to be submitted to it, relevant evidence offered by any party at the public hearing, including the applicant and such other information and knowledge it may have bearing upon such application. If the council determines that the applicant's business responsibility and qualifications are satisfactory and that all agents or officers of applicant, if any, who will take part in the operation of such business are qualified and capable of operating the business in a manner consistent with the public health, safety and welfare, and the operation of such business will be in accordance with and in compliance with the requirements of this chapter and all other applicable laws, ordinances, codes and regulations, then in such event it shall grant such application, otherwise the application shall be denied. In the granting or refusal of such application the council shall be deemed to act in a judicial capacity.
(Ord. No. 13-81, § 2(12-19-23), 5-28-2013)

Sec. 12-19-24. Insurance.

No license shall be issued to any service applicant and no service operations shall commence until the applicant deposits with the city clerk a certificate of insurance, binder or a certified copy of a policy of insurance written by an insurance company qualified to do business in the state, providing coverage as follows:

(1) The insured provisions of the policy must name the city and its officers and employees as additional insureds. The coverage provisions must provide coverage for any loss or damage that may arise to any person or property by reason of the operation of a vehicle immobilization service by the licensee, including but not limited to damage to an immobilized

vehicle caused directly or indirectly by improper installation or removal of a boot.

(2) General liability insurance providing liability coverage for property damage or personal injury in an amount not less than $100,000.00 covering damages caused by the client business, vehicle immobilization service, or any of their employees or agents in the course of conducting vehicle immobilization services for the client business.

(3) Automobile liability insurance with minimum coverage of $100,000.00 to any one person, $300,000.00 for any one accident and $100,000.00 for property damage for each vehicle used in the service, provided that an applicant may comply with this subsection by providing a comprehensive automobile liability policy with a single limit of $500,000.00 in addition to any other applicable insurance requirements of this section.

(4) In addition to the insurance required by subsection (c) of this section, any towing service that is for hire and tows vehicles not owned by said service shall also a garage keeper's legal liability policy covering vehicles stored by the applicant, for the perils of fire, theft, explosion, vandalism, malicious mischief and riots while in the care, custody or control of the applicant, in the minimum amount of $45,000.00; in addition, garage keeper's legal liability policy collision coverage, subject to $500.00 deductible, with a minimum limit of $45,000.00, provided that an applicant may comply with this subsection by providing a comprehensive automobile liability policy with a single limit of $500,000.00 in addition to the required garage keeper's legal liability policy.

(5) The insurance required under this section must include a clause obligating the company issuing the same to give not less than 30 days' written notice to the city clerk before canceling, failing to renew, or making a material change to the insurance policy. Notice of cancellation shall not relieve the company issuing such policy of liability for any injury or claim arising before the cancellation becomes effective.

(6) The insurance shall cover all tow trucks, wrecker, boots and other immobilization equipment that are operated under the license. The policy shall state, in terms and with sufficient detail as required by the insurer, descriptions of the vehicles and equipment covered under the policy.

(7) No license shall be granted in any case if the applicant has not filed the required proof of insurance with the city clerk within 30 days of council approval. The city clerk or his or her designee shall notify the chief of police and the director of finance if proof of insurance has not been filed within 30 days of council approval of the license.

(8) Failure of a licensee to meet or maintain the insurance requirements of this section shall be grounds for suspension or revocation of the license. The city clerk shall place the matter of suspending or revoking the license on the city council agenda upon cancellation, lapse or failure to renew the required insurance. A person shall not operate a towing service or vehicle immobilization service while a license is suspended under this section whether or not the action is appealed.

(9) Reinstatement on proof of insurance: A $100.00 fee must be paid to the director of finance and proof of this payment and the required insurance provided to the city clerk before a license suspended or revoked under this section will be reinstated. The city clerk shall place the matter of rescinding the revocation or suspension on the next available council agenda following production of the proof of insurance and payment of the reinstatement fee. If the license remains suspended

or revoked under this subsection for more than six months, a new application and investigation shall be required.

(Ord. No. 13-81, § 2(12-19-24), 5-28-2013)

Sec. 12-19-25. Standards for issuance.

The chief of police or his/her designee shall recommend issuance of a license hereunder when he finds:

(1) That insurance policies as required in this article have been procured;

(2) That the applicant and all employees are qualified pursuant to the requirements of this chapter to conduct or work in the proposed business; and

(3) That the requirements of this article and all other governing laws and ordinances have been met.

(Ord. No. 13-81, § 2(12-19-25), 5-28-2013)

Sec. 12-19-26. Registration of tow trucks and vehicles used by a vehicle immobilization service.

It shall be unlawful for any person, either as principal, agent or employee, to use or to operate within the city any vehicle assisting in the operation of a vehicle immobilization service or tow truck without first having filed a registration for such vehicle with the city's police department upon forms to be furnished by the department. All registrations for each vehicle utilized shall expire on December 31st of each year and shall be renewed between December 1st and December 31st of each year. The information for registration shall contain the following:

(1) The make, model and manufacturer's serial number of the vehicle;

(2) Date the vehicle was put into service to assist in the operation of a vehicle immobilization service;

(3) The driver's license numbers of operators of the vehicle;

(4) The name of the insurance company with which the owner of the vehicle and all operators have liability insurance coverage with respect to the operation of the vehicle, as required by law;

(5) The permit number of each operator who shall drive or operate the vehicle on behalf of the vehicle immobilization service; and

(6) Such other information related to the vehicle as may be required by the police chief.

(Ord. No. 13-81, § 2(12-19-26), 5-28-2013)

Sec. 12-19-27. Application and fees.

(a) Upon the filing of a completed application, the non-refundable application processing fee for all applicants seeking a service license shall be $200.00. This application fee shall be paid to the director of finance and proof of payment thereof submitted with the application to the chief of police.

(b) Upon approval of an application for a service license, the annual renewal application fee shall be $100.00.

(c) A registration fee of $15.00 for each tow truck, wrecker or vehicle assisting in the operation of a vehicle immobilization service to be operated by the applicant fee shall be paid to the director of finance and proof of payment thereof submitted with the application to the chief of police.

(d) Any renewal license must be applied for not later than five working days following the expiration date of an existing license, and for any such license applied for after such expiration date there shall be a late fee of $5.00 in addition to the annual fees stated above.

(Ord. No. 13-81, § 2(12-19-27), 5-28-2013)

Sec. 12-19-28. Revocation; vehicle immobilization service license.

The council shall revoke a license issued hereunder after due notice and public hearing when it finds any of the following grounds:

(1) The license was procured by fraudulent conduct or false statement of a material fact or that a fact concerning the applicant was not disclosed at the time of his making application and such fact would have constituted just cause for refusal to issue such license.

(2) The licensee has violated any of the requirements of this article or any of the rules and regulations as established or approved by the council.

(3) The licensee, his agent, servant, or employee has operated the business in such a manner as to be detrimental to the public health, safety or welfare or so as to constitute a nuisance.

(4) The chief of police may request the revocation or suspension of any vehicle immobilization service license for the following:

a. Failure or refusal to comply with any provision of this chapter; or

b. Conviction for the commission of any crime or offense that would disqualify a licensee under the provisions of this chapter.

(Ord. No. 13-81, § 2(12-19-28), 5-28-2013)

Secs. 12-19-29, 12-19-30. Reserved.

Division 4. Operator's Permits

Sec. 12-19-31. Permit required.

(a) It shall be unlawful for a person to immobilize a vehicle or drive a tow truck in the city unless such person shall have in force a valid vehicle immobilization operator's or tow truck driver's permit or provisional permit under the provisions of this article.

(b) It shall be unlawful for a licensee to employ or otherwise allow a person to immobilize a vehicle using a boot or other vehicle immobilization equipment owned, controlled, or operated by the licensee or to operate a tow truck owned by the licensee unless the person has in force a valid vehicle immobilization operator's permit or valid tow truck driver's permit under the provisions of this article.

(c) A driver or operator performing both towing and vehicle immobilization for the same business may apply.

(Ord. No. 13-81, § 2(12-19-31), 5-28-2013)

Sec. 12-19-32. Application; provisional/conditional driver's or operator's permit.

(a) Every tow truck driver or vehicle immobilization operator desiring to obtain a permit required by this article shall file an application with the chief of police or his or her designee upon blank forms prepared and made available by the chief of police. The application shall contain in writing:

(1) Applicant's full name;

(2) Current residence, giving street number, and telephone number;

(3) Place of residence for two years immediately preceding taking up residence at current address;

(4) Age, sex, weight and race;

(5) Color of eyes and hair;

(6) Date of birth;

(7) Place of citizenship and if not a U.S. citizen proof of permanent residence or employment authorization granted by the U.S. Immigration and Naturalization Service;

(8) All places of employment during the past five years;

(9) A statement of the true, correct and complete criminal court record of convictions, including both felonies and misdemeanors, within the past five years,

the nature of the crime or offense, and date and place of each conviction and any pending felony arrests;

(10) Driver's license number;

(11) Whether the applicant has previously been licensed or permitted for any occupation and whether any such license or permit has been revoked, and for what cause;

(12) The name of the towing service or immobilization service the applicant expects to work for, if known;

(13) Character references from three reputable persons not related to the applicant;

(14) A signed form requesting that his criminal history information record maintained by the Alabama Criminal Justice Information Center by the current procedures required by the Alabama Legislature and the Alabama Criminal Justice Information Center Commission from the State of Alabama Bureau of Investigation be provided to the police department along with a certified check or money order made payable to the Alabama Bureau of Investigation for the cost required by the state for such background check;

(15) A statement signed and notarized by the applicant that the applicant agrees that if he/she makes a false statement on the application or if the criminal history information record check returned from the Alabama Criminal Justice Information Center reveals a conviction that would disqualify the applicant, the permit shall be denied without a prior hearing;

(16) A statement as to whether the applicant has had any moving traffic violations in the past five years, the date and place of each violation;

(17) Receipt from the director of finance showing payment of the application fees required by this chapter;

(18) Such other information as may be required by the police chief;

(19) Statement as to which service or services (vehicle immobilization, towing, or both) the applicant will perform; and

(20) Shall be sworn by the applicant.

(b) Provisional/conditional driver's or operator's permit. The chief of police shall review and investigate each application for a tow truck driver's or vehicle immobilization service operator's permit and, pending the receipt of the criminal history record information being received from the state, a provisional permit may be issued to an applicant by the chief of police if the chief of police receives evidence sufficient to demonstrate that the applicant meets the qualifications described in section 12-19-11 and also receives information necessary to demonstrate compliance with criminal history requirements. Any criminal history information provided must be by a private agency which regularly provides background checks and shall be submitted directly from such agency to the police chief. In conducting such investigation, the investigator for the chief of police may consider any relevant evidence and such other information and knowledge he/she may have bearing on such application. Such provisional license shall be approved or disapproved not less than 15 days after all information necessary to evaluate a provisional license is received. The applicant and the permit holder stipulated in subsection (a)(6) of this section shall be notified in writing of such approval or disapproval within such 15-day period.

A provisional permit shall be conditioned upon receipt of the correct criminal history information record for the applicant. The provisional permit will be valid until the police department receives the criminal history record of the applicant from the Alabama Bureau of Investigation or until it is revoked as provided hereinbelow. Upon receipt of information from the Alabama Bureau of Investigation, the police chief will either issue a regular permit to the applicant or notify the operator and the licensed service with which he is affiliated that it is revoking the provisional tow truck driver's or vehicle immobilization service operator's permit and denying the regular permit because the chief has determined that the applicant is not qualified to

receive a regular permit. Any provisional permit granted by the chief of police may be revoked by the chief for any of the following:

(1) Failure or refusal to comply with any provision of this chapter;

(2) Arrest or conviction for the commission of any crime or offense listed in subsection (a)(10) of this section;

(3) If such permittee makes any false statement on his application or has failed to give full information to any question on the application;

There is no appeal for revocation of a provisional operator's permit.
(Ord. No. 13-81, § 2(12-19-32), 5-28-2013)

Sec. 12-19-33. Appeals of regular driver's or operator's permit denial; suspension or revocation.

(a) Any applicant who has been denied a tow truck driver's or vehicle immobilization service operator's permit may appeal such denial to the city council. Such appeal shall be made in writing to the chief of police within 14 days of the date of the written notice of denial.

(b) The chief of police shall forward to the public safety committee any appeal of denial of the regular driver's or operator's permit, a copy of the application, all information in connection with such application, and the reasons for denial.

(c) The public safety committee shall review the appeal of denial, the application and decision of the police chief, and shall refer the matter to the full council for a public hearing within 21 days of receipt of the appeal from the police chief.

(d) The chief of police may request the revocation or suspension of any vehicle immobilization service operator's permit for the following:

(1) Failure or refusal to comply with any provision of this article;

(2) Conviction for the commission of any crime or offense listed in section 12-19-11;

(3) If such permittee makes any false statement on his application or has failed to give full information to any question on the application.

(e) The chief of police may suspend a driver's or operator's permit for any of the reasons listed hereinabove for a period not to exceed ten days. Notice shall be given in writing to the driver or operator and the service license holder with which he is affiliated by U.S. mail to the address of record of the permit and license holders or by personal delivery. Such written notice shall set out the offense or violation giving rise to the suspension or revocation and request for suspension or revocation and a date, time and location to appear before the public safety committee of the city council not less than 15 days from the date from the date of written notice to the permit holder. Appeals shall be conducted in the manner provided for appeals of the denial of a permit as provided in this section.

(f) The council, in hearing appeals from denials of tow truck driver's or vehicle immobilization operator's permits and recommendations for suspension or revocation of said permits involving as cause criminal convictions, shall consider the relationship of the crime to the performance of the service of a vehicle immobilization service operator and the health, safety and welfare of the public, the date of the commission of the crime, and the extent of rehabilitation.

(g) The council upon finding due cause, may uphold the denial or suspension of the permit or suspend or revoke the permit of the holder thereof.

(h) No tow truck driver or vehicle immobilization service operator whose permit has been revoked or suspended shall operate in the city during such period of revocation or suspension.

(i) Upon suspension or revocation of a permit, the permittee shall immediately turn in the permit and identification card to the chief of police; and such permit shall not be returned to the permittee until the expiration of the suspension period or the rescission of the revocation.

(j) Two suspensions within any 24-month period shall constitute cause for license revocation.

(k) Following any appeal as provided in subsection (b) of this section, the council's decision shall be final, but an unsuccessful appellant may reapply for a permit after one year. The permit of any successful appellant shall be restored to him forthwith.
(Ord. No. 13-81, § 2(12-19-33), 5-28-2013)

Sec. 12-19-34. Driver's or operator's permit; contents and display; renewal.

(a) Upon approval of an application for a driver's or operator's permit, the chief of police shall, upon proof of payment of the application fee required in section 12-19-26(a), issue a permit identification card to the applicant. The identification card shall be in the format designated by the chief of police and shall contain the operator's name and signature, the permit number, company name, issuance and expiration dates and a current color photo at least one by 1½ inches in size, laminated in a suitable holder provided therefore in a location approved by the chief of police.

(b) Once issued, permittees shall carry with them their permit at all times when they are towing, immobilizing or releasing vehicles and shall prominently display their identification cards on their person, clipped to the front pocket, shirt collar or the front of the shirt at chest level so that the identifying information is displayed to the public. In any event, the permittee shall identify him/herself upon request by any person.

(c) Such permit shall be valid for one year from the date of issuance, and for each renewal the applicant shall pay a fee of $100.00.
(Ord. No. 13-81, § 2(12-19-34), 5-28-2013)

Sec. 12-19-35. Application, license and permit fees.

(a) The non-refundable application fee for all applicants seeking a driver's or operator's permit shall be $50.00.

(b) Any duplicate driver's or operator's permit may be issued upon payment of a fee of $20.00 should a permit be lost or destroyed.

(c) Any renewal permit must be applied for not later than five working days following the expiration date of an existing operator's permit, and for any such permit applied for after such expiration date there shall be a late fee of $5.00 in addition to the annual fees stated above.
(Ord. No. 13-81, § 2(12-19-35), 5-28-2013)

ARTICLE C. OPERATING REGULATIONS

Division 1. General Licensee and Operator Regulations

Sec. 12-19-41. Licensee's and operator's duty to comply.

(a) In the operation of a towing service or a vehicle immobilization service, a licensee shall comply with this chapter and all other laws, rules or regulations applicable to the operation of such service.

(b) While on duty, a tow truck driver or vehicle immobilization operator shall comply with this chapter, all other laws, rules or regulations applicable to the operation of a towing service or vehicle immobilization service, and orders issued by the service employing the driver or operator in connection with the licensee's discharging of its duty under its permit and this article.
(Ord. No. 13-81, § 2(12-19-41), 5-28-2013)

Sec. 12-19-42. Licensee's duty to enforce compliance by operators.

(a) A licensee shall establish policy and take action to discourage, prevent, or correct violations of this chapter by tow truck drivers or vehicle immobilization operators who are employed by the licensee.

(b) A licensee shall not permit a tow truck driver or vehicle immobilization operator who is employed by the licensee to tow or immobilize a vehicle if the licensee knows or has reasonable

cause to suspect that the operator has failed to comply with this chapter and all other laws, rules or regulations applicable to the operation of a vehicle immobilization service.
(Ord. No. 13-81, § 2(12-19-42), 5-28-2013)

Sec. 12-19-43. Information to be supplied upon request of police chief; semiannual reports.

(a) Upon request of the chief of police, a licensee shall submit to the chief of police the following information:

(1) For vehicle immobilization services:

a. A current consolidated list of vehicle immobilization equipment.

b. Names of current officers, owners, and managers.

c. A list of current vehicle immobilization operators employed by the licensee, with their vehicle immobilization operator's permits indicated.

d. A current list of parking lot owners with which the licensee has a written agreement to immobilize vehicles and the parking lot locations where vehicle immobilization is authorized to be performed under the written agreement.

(2) For tow services:

a. A current consolidated list of tow trucks used by the service.

b. Names of current officers, owners, and managers.

c. A list of current tow truck drivers employed by the licensee, with their tow truck driver's permits indicated.

d. A current list of parking lot owners with which the licensee has a written agreement to perform non-consensual tows and the parking lot locations where the non-consensual tows are authorized to be performed under the written agreement, if any.

(b) The information enumerated in subsection (a) of this section shall, in any case, be provided to police chief on a semiannual basis. These reports shall be due on or before June 31 and December 31 of each calendar year.
(Ord. No. 13-81, § 2(12-19-43), 5-28-2013)

Sec. 12-19-44. Vehicle immobilization and non-consensual towing service records.

(a) Vehicle immobilizations.

(1) For each vehicle immobilized, each operator or driver shall maintain a log that records, but is not limited to, the following information:

a. A physical description of the vehicle, including the make, model, color, state license plate number, and vehicle identification number of the vehicle.

b. The location at which the vehicle was immobilized.

c. The date and time of immobilization.

d. The reason for immobilization of the vehicle.

e. The date and time at which the operator was called to release the vehicle.

f. The date and time at which the vehicle was released.

g. The number of the receipt issued for payment for release of the vehicle.

(2) A log shall be kept by the person monitoring the 24-hour, 365-day a year phone number maintained for receiving calls to release vehicles from immobilization devices. Such log shall contain:

a. The date and time that the call to remove the device was received.

b. The location where the vehicle was immobilized.

c. The description and license plate number provided by the person requesting release of the vehicle.

d. The name of the operator dispatched to release the vehicle and the date and time at which the dispatch was made.

(3) The information for vehicle immobilizations required by subsections (a) and (b) of this section may be kept in a single combined log when the operator and the person monitoring the 24-hour, 365-day a year phone number are the same individual. Separate logs must be maintained if the operator and the person monitoring the phone are different individuals.

(4) Each operator while engaged in vehicle immobilization services shall maintain a binder in his vehicle containing:

a. A copy of the vehicle immobilization service license;

b. A copy of the operator's permit;

c. A copy of the business license for each parking lot for which the vehicle immobilization service has a contract.

(5) It shall be unlawful for an operator to fail to produce the binder or required information upon the request of any police officer inspecting the service or investigating any complaint about the operation of the service.

(b) Non-consensual towing. Every towing service performing non-consensual tows in the city shall maintain a record of the following information for each motor vehicle that it has towed without the owner's consent from a location within the city:

(1) A physical description of the vehicle, including the make, model, color, state license plate number, and vehicle identification number of the vehicle.

(2) The date and time that the vehicle was towed.

(3) The address of the property from which the vehicle was removed.

(4) The reason for the tow, including the name and address of the person who authorized the tow.

(5) The date and time the vehicle entered the facility at which it was placed for storage.

(6) The towing and storage fees actually charged.

(7) The date and time the vehicle was reclaimed.

(8) The name and address of the person to whom the vehicle was released.

(c) Licensees shall retain the applicable records required by subsections (a), (b) and (c) of this section, as well as:

(1) Any photographs or video taken of the immobilized or non-consensually towed vehicle, whether taken by the operator or driver or by the owner of the property where the vehicle was parked.

(2) A copy of the written authorization by the parking lot owner for the vehicle to be immobilized or towed by the licensee or a current written immobilization agreement between the parking lot owner and the licensee, as required by this article.

(3) A copy of the receipt issued by the licensee or permittee to a vehicle owner or operator upon removal of a release of the vehicle.

(4) Log or report of maintenance and repair for the vehicles operated for the service for the prior calendar year.

(d) The licensee shall retain the records required by subsections (a), (b) and (c) of this section, and any other records required by this chapter for not less than two years after the date of immobilization or non-consensual towing of the vehicle. The licensee shall make the records available for inspection by the police chief upon reasonable notice.

(e) A service shall keep copies of permits issued to its operators or drivers under this chapter at their place of business so that they may be inspected by any law enforcement officer or licensing official for the city.
(Ord. No. 13-81, § 2(12-19-44), 5-28-2013)

Sec. 12-19-45. Apparel to be worn by tow truck drivers or vehicle immobilization operators.

(a) A licensee shall specify and require an item of apparel or an item placed on the apparel to be worn by vehicle immobilization operators employed by the licensee, which item must be of such distinctive and uniform design as to readily identify the licensee's vehicle immobilization service and must bear the name of the licensee's vehicle immobilization service. The item specified by each licensee must be approved by the police chief to ensure that operators of one licensee may be easily distinguished from operators of another.

(b) While on duty, a vehicle immobilization operator shall wear the item specified by the licensee who employs the operator and shall comply with such other identification regulations prescribed by the vehicle immobilization service license.

(c) Every vehicle immobilization service shall have company dress standards for vehicle immobilization operators employed by the licensee. These standards must be kept on file with the police chief and must include the following:

(1) While on duty, an operator may not wear:
   a. Apparel with offensive or suggestive language;
   b. Cut offs; or
   c. Tank tops or halter tops.

(2) Shoes must be worn at all times in the manner for which they were designed. A vehicle immobilization operator may not wear beach or shower thongs.

(3) A vehicle immobilization operator and the operator's clothing must conform to basic standards of hygiene and be neat, clean, and sanitary at all times.

(Ord. No. 13-81, § 2(12-19-45), 5-28-2013)

Sec. 12-19-46. Requirements for tow trucks and vehicles assisting in the operation of a vehicle immobilization service; lettering on vehicles.

(a) The chief of police shall issue to each license holder a sticker for each tow truck or vehicle assisting in the operation of a vehicle immobilization service operated by such license holder, which sticker shall at all times be prominently displayed on the passenger side of the rear windshield of each tow truck or vehicle assisting in the operation of a vehicle immobilization service. Such sticker may be of any design or form as the chief of police may direct.

(b) It shall be unlawful for any person, either as principal, agent or employee, to operate within the territorial limits of the city any tow truck or vehicle to assist in the operation of a vehicle immobilization service unless the vehicle shall have displayed on each side in plain view clear identification showing the name of the licensed service, the address from which the service is operating and the telephone number of the licensed service. The lettering shall be in a contrasting color to the color of the vehicle; the name of the service shall be in letters at least four inches high and the other information shall be in letters at least 2½ inches in height.

(c) Each license holder shall notify the chief of police in writing of any changes in the number or description of tow trucks or vehicles assisting in the operation of a vehicle immobilization service operated by him, with a complete description and identification thereof. The chief of police shall issue a new sticker for any additional tow trucks or vehicles assisting in the operation of a vehicle immobilization service acquired by a license holder subsequent to the issuance of a license hereunder when a request in writing is received by him accompanied by the application fee of $15.00 for each such vehicle.

(d) Stickers shall be returned to the chief of police upon the removal of a vehicle from the operation of the licensed service.
(Ord. No. 13-81, § 2(12-19-46), 5-28-2013)

Sec. 12-19-47. Display of sticker by other than permittee.

It shall be unlawful for any person to display any sticker issued by the chief of police on any vehicle assisting in the operation of a vehicle immobilization service unless the owner thereof is a license holder under the provisions of this chapter.
(Ord. No. 13-81, § 2(12-19-47), 5-28-2013)

Secs. 12-19-48—12-19-50. Reserved.

Division 2. Signs Required

Sec. 12-19-51. Requirements for posting entrance signs.

(a) It shall be unlawful for any person to immobilize or cause the immobilization of a vehicle on a parking lot without signs being posted and maintained on the parking lot in accordance with this section at the time of immobilization and/or towing. Such signs must have been continuously maintained on the property for not less than 24 hours prior to the immobilization, towing or removal of any vehicles.

(b) Except as otherwise provided in this chapter, at least one sign as described in subsection (d) of this section must be placed prominently and conspicuously on the right or left side of each driveway access, curb cut allowing access or other access to the parking lot within five feet of the public right-of-way line. If curbs, access barriers, landscaping, or driveways do not establish definite vehicle entrances onto the parking lot from a public roadway, or if the width of an entrance exceeds 35 feet, signs must be placed at intervals along either the entrance or the boundary of the parking lot so that no entrance is farther than 25 feet from a sign. At least one additional sign as described in section 12-19-52 must be placed on the interior or the boundary of the parking lot. Another additional sign as described in section 12-19-53 must be posted at any commercial parking lot. The chief of police may require one additional interior sign as described in sections 12-19-52 and 12-19-53 to be posted for each 50 parking spaces over 150 contained on the lot.

(c) For parking areas without clearly identifiable boundaries from the public right-of-way, property owners shall consult with the police department to determine appropriate locations for signage as described herein. If the parking area subject to booting or towing cannot be distinguished from public roads, alleys or parking spaces in the public right-of-way, or from spaces in an adjacent parking lot, public or private, a fence, barrier or other means of clearly defining the boundaries of the area subject to booting or towing must be provided. Fencing must be appropriate to the surrounding environment such as bollards, bollards and chains, plantings of a height to shield car bumpers but maintain visibility into and out of the parking area, low "pipe" rails, etc. For corner lots, lots adjacent to public sidewalks, or lots in locations of high public visibility, the following must be met: landscaped perimeters not to exceed 3 feet in height; fencing appropriate to the surrounding environment such as decorative metal/wrought iron fencing, which may include pillars/posts, bollards, bollards and chains; black vinyl coated chain link fencing or chainlink fencing painted black may be permitted if used in conjunction with low plantings and do not exceed five feet in height.

(d) Each sign required by subsection (b) of this section to be posted at the parking lot entrances must:

(1) Be approved by the chief of police or his or her designee;

(2) Be unobstructed by vegetation or any other obstruction;

(3) Use light reflective letters on a contrasting light reflective background. Letters shall be in Highway Gothic font. Lettering and background colors shall be as described below.

(4) Contain, at a minimum:

a. The words "TOW AWAY ZONE" at the top in white letters at least four inches high on a bright red background;

b. Immediately below the words "TOW AWAY ZONE", in black letters at least three inches high on a white background, the terms of parking stated sufficiently to inform the public of what is required for permission to park on the lot (for example, "PAID PARKING ONLY"; "PERMIT PARKING ONLY"; "TENANT PARKING ONLY"; etc.);

c. Immediately below the terms of parking, the words "VIOLATORS BOOTED OR TOWED AT OWNER'S EXPENSE" in black letters at least two inches high on a white background;

d. The following information on the bottommost portion of the sign in black letters at least one inch high on a white background:

(i) The name of the vehicle immobilization service or towing service;

(ii) A telephone number answered 24 hours a day, seven days a week, at which a vehicle owner or operator may obtain information to have the boot removed from the vehicle or obtain information on how to redeem a vehicle that has been towed;

(iii) If the vehicle immobilization service and towing service are different, the above information for both services must be included on the sign;

(5) Be no smaller than 24 inches tall and 18 inches wide and constructed of a rigid weather-resistant metal;

(6) Be light reflective and must be illuminated if out of headlight range;

(7) Be permanently mounted on a pole, post, permanent wall, or permanent barrier, but shall not be attached to utility poles or structures not owner of the parking lot property without the written permission of the owner of the pole or other structure;

(8) Be readable day and night;

(9) Be permanently installed on the parking lot in a manner and location approved by the director so that the sign is facing and conspicuous to any person entering the lot; and

(10) Be posted at a height in accordance with the latest "Manual on Uniform Traffic Control Devices" standards.

(e) A person commits an offense if, on the same parking lot, he posts or allows the posting of a sign or signs indicating the name of more than one vehicle immobilization service used for booting or more than one towing service used for towing services. This provision shall not apply to the listing of one company for vehicle immobilization services with a different company for towing services.

(f) A person commits an offense if he removes or obstructs or allows the removal or obstruction of a sign required by this section to be posted on a parking lot. It is a defense to prosecution under this subsection that the removal or obstruction was caused by:

(1) A city employee in the performance of official duties; or

(2) The parking lot owner or vehicle immobilization service licensee or operator authorized by the parking lot owner for the purpose of:

a. Repairing or maintaining the sign;

b. Complying with this chapter or a rule or regulation promulgated under this chapter; or

c. Terminating a vehicle immobilization service agreement for the parking lot.

(g) The requirements of this section are minimum standards; however, a minor variation of a required or minimum height of a sign or lettering is not a violation of this chapter. At lots where signs cannot be placed in strict conformity with subsections (b) or (c) of this section, sign must be placed so as to provide adequate notice to anyone entering or intending to park on the lot that they may booted or towed unless authorized to park on that lot. Where strict conformity with subsections (b) or (c) of this section cannot be achieved, the chief of police or his designee is authorized to review and approve the proposed placement of signs to carry out the purpose and intent of this section.

(h) Upon discontinuation of booting or towing operations at a property, the signs required by this section shall be removed immediately. No person shall post or allow the presence of warning signs as described in this section on any property not covered by a booting or towing operation agreement. The licensee, the property owner and the property manager shall be jointly and severally responsible for compliance with this subsection.
(Ord. No. 13-81, § 2(12-19-51), 5-28-2013)

Sec. 12-19-52. Requirements for posting interior signs.

It shall be unlawful for either a vehicle immobilization service, an operator or a towing service to immobilize or tow vehicles at any parking lot unless, at the time the vehicle is to be immobilized and for at least 24 hours prior to immobilization a sign is posted and maintained on the parking lot that:

(1) Is conspicuous to any person parking on the lot (at commercial lots, at least one sign must be posted at the location on the lot where payment is made);

(2) Contains the following information:

a. The name of the towing or vehicle immobilization service and the phone number to call to obtain information on boot removal or redeeming a towed vehicle;

b. The fee for removal of a boot and/or to redeem a towed vehicle;

c. If booted, the vehicle immobilization service operator must:

1. Arrive on site within 30 minutes of being contacted by the owner, driver or person in charge of the vehicle for removal of the boot;

2. Provide a signed receipt for payment of the fee for boot removal;

3. (i) Accept payment for boot removal by cash, check, credit card, or debit card and cannot require cash-only payments;

(ii) Accept payment for redeeming a towed vehicle by cash, traveler's check, money order, insurance company check, or debit, credit or charge card; and

d. The following city phone numbers to call with complaints regarding booting or towing at the parking lot:

1. BPD - (phone number to be provided by BPD);

2. 311 - City of Birmingham 311 Call Center.

(3) Is unobstructed by vegetation or any other obstruction;

(4) Uses light reflective letters on a contrasting light reflective background. Letters shall be in Highway Gothic font. The name and phone number of the service to contact to reclaim a booted or towed vehicle shall be in letters at least three inches high;

(5) Be no smaller than 24 inches tall and 18 inches wide and constructed of a rigid weather-resistant metal;

(6) Be light reflective and must be illuminated if out of headlight range;

(7) Be permanently mounted on a pole, post, permanent wall, or permanent barrier,

but shall not be attached to utility poles or structures not owner of the parking lot property without the written permission of the owner of the pole or other structure;

(8) Be readable day and night.

(Ord. No. 13-81, § 2(12-19-52), 5-28-2013)

Sec. 12-19-53. Requirements for posting additional interior sign at commercial parking lots.

It shall be unlawful for either a vehicle immobilization service, an operator or a towing service to immobilize or tow vehicles at any commercial parking lot unless, at the time the vehicle is to be immobilized and for at least 24 hours prior to immobilization:

(1) A sign that is posted and maintained on the parking lot that:

a. Is located at the location on the lot where payment for parking is made and that is conspicuous to any person parking on the lot; and

b. Informs drivers of the terms and conditions of parking on the property by:

(i) Displaying all parking rates, including special event rates, charged by the parking lot owner, along with any corresponding day, time, and event for which the rates are charged; and

(ii) Stating how and where the parking fees are to be paid, whether to a pay station or attendant. If fees are to be paid to an attendant, that attendant must be attired in a uniform and display an identification badge that clearly indicates the person is employed by the parking lot owner and is authorized to collect fees for parking at that lot;

(2) All numbered parking spaces in the parking lot are correctly numbered and easily readable both day and night and, if a pay station is used, correspond to numbered slots on the pay station;

(3) The parking lot is in compliance with all city ordinances applicable to parking lots; and

(4) Such sign shall:

a. Be unobstructed by vegetation or any other obstruction;

b. Use light reflective letters on a contrasting light reflective background. Letters shall be in Highway Gothic font;

c. Be no smaller than 24 inches tall and 18 inches wide and constructed of a rigid weather-resistant metal;

d. Be light reflective and must be illuminated if out of headlight range;

e. Be permanently mounted on a pole, post, permanent wall, or permanent barrier, but shall not be attached to utility poles or structures not owner of the parking lot property without the written permission of the owner of the pole or other structure;

f. Be readable day and night.

(Ord. No. 13-81, § 2(12-19-53), 5-28-2013)

Sec. 12-19-54. Requirements for notice of policies for tenant or resident parking.

Vehicle immobilization used at non-commercial lots for enforcement of employee or tenant/resident parking policies shall not be deemed a violation of this ordinance only if the following conditions are met:

(1) The employer or property manager clearly communicates in writing the terms and restrictions of the parking policy, including the use of boots, to each person subject to complying with the policy;

(2) A record of the written communication and the employee's/tenant's/resident's acknowledgment of receipt and understanding of the policy is retained;

(3) Parking is gated with access limited only to persons with a card, key, combination code or other means to limit access only to authorized users or the policy restricts parking to a designated space or area and the authorized location in which the vehicle permitted to park is clearly identified by sticker, hangtag or other visible permit on the vehicle;

(4) Vehicle immobilization is not used against visitors to the property unless access to the property is fully restricted by gated access limited to persons with key, card, combination or other means to limit access, authorized vehicles are clearly identified by sticker, hangtag or other visible permit, and notice is prominently posted at the gated entry stating that parking is limited to employees/tenants/residents and that unauthorized vehicles will be subject to vehicle immobilization/booting; and,

(5) The vehicle immobilization service and operators are properly licensed and permitted under the provisions of this ordinance.

(Ord. No. 13-81, § 2(12-19-54), 5-28-2013)

Secs. 12-19-55—12-19-60. Reserved.

Division 3. Additional Operating Standards for Vehicle Immobilization Services and Operators

Sec. 12-19-61. Vehicle immobilization equipment.

(a) Each boot used by a vehicle immobilization service must:

(1) Not be modified from the manufacturer's design;

(2) Be maintained in a safe and good working condition; and

(3) Reasonable and necessary repairs to maintain a boot in safe and good working condition or to restore it from damage shall not be deemed to be modifications from the manufacturer's design.

(b) The chief of police or his or her designee may, at any reasonable time, inspect a boot or other equipment used by a licensee for vehicle immobilization to determine whether the equipment complies with this section.

(c) A licensee or permittee commits an offense if he, either personally or through an employee or agent, immobilizes a vehicle with a boot that has not been reported to the city under the requirements of this chapter.

(Ord. No. 13-81, § 2(12-19-61), 5-28-2013)

Sec. 12-19-62. Requirements for vehicle immobilization; removal of immobilization device.

(a) It shall be unlawful for either a vehicle immobilization service or an operator to pay in the form of a gratuity any person who does not own or operate a parking lot for information as to illegally parked vehicles.

(b) It shall be unlawful for either a vehicle immobilization service or an operator to immobilize any vehicle located on any portion of a public street within the city without the authorization of the mayor or chief of police.

(c) It shall be unlawful for any person, his agent or employee, to:

(1) Engage in vehicle immobilization service on any property other than a parking lot, as defined by this chapter, within the city;

(2) Engage in vehicle immobilization service within the city without a valid vehicle immobilization service license approved by the council under this chapter;

(3) Cause a vehicle to be immobilized within the city by a vehicle immobilization service that does not hold a valid vehicle immobilization service license under this chapter; or

(4) Employ or contract with a vehicle immobilization service not licensed under this chapter for the purpose of having a vehicle immobilized within the city.

(d) It shall be unlawful for any person to immobilize a vehicle unless the boot is installed on a tire located on the driver's side of the vehicle.

(e) It shall be unlawful for either a vehicle immobilization service or an operator to immobilize vehicles at any parking lot as defined in this chapter without having a valid written contract specifically for such services entered into with the private property owner or lawful lessee thereof and a valid license to operate at said location. A licensee shall conduct booting operations exclusively on private property, and only pursuant to a written agreement with the owner or manager of the property. Said contract must indicate the length of the term of the contract, including the dates that services are to begin and end, and a copy must be available for the operator to produce at the request of any police officer when booting is occurring at the location.

(f) A vehicle immobilization service must maintain a 24-hour a day, 365 days per year phone number that is staffed by a live operator to communicate immediately with a driver of vehicle that has been immobilized by the vehicle immobilization service.

(g) Immediately after a vehicle is booted, the person booting such vehicle shall affix at the rear-most portion of the window adjacent to the driver's seat of such vehicle a sequentially numbered notice sticker or decal measuring no less than eight by four inches containing a warning that any attempt to move the vehicle may result in damage to the vehicle, and stating the date and time the vehicle was booted; the name, business address and the permit number of the person who booted such vehicle; the business telephone number which will facilitate the dispatch of personnel responsible for removing the boot; the make, model, color and license tag number of the immobilized vehicle; the reason for immobilization; and the immobilization device number. Provided that the sticker may be affixed in a location that is immediately and reasonably visible to the operator of a motor vehicle if there is no window adjacent to the driver's seat. Such sticker shall be a high-visibility color, such as yellow or orange and lettering shall be black. The chief of police may prescribe the basic design and format of the notice.

(h) It shall be unlawful for a vehicle immobilization service or operator to fail to arrive on the site where the vehicle was immobilized within 30 minutes of being contacted by the owner, driver or person in charge of the vehicle.

(i) It shall also be unlawful for either a vehicle immobilization service or an operator to fail to immediately release vehicles from immobilization after receipt of payment of the fee for removal from the owner, driver or person in charge of a vehicle that has been immobilized by a vehicle immobilization device. It shall be a defense to this subsection if the immediate release cannot be achieved due to a mechanical failure of the device that is outside the control of the vehicle immobilization service or operator.

(j) It shall be unlawful for a vehicle immobilization service or operator to fail to provide a signed receipt of payment of the booting fee to the owner, driver or person in charge of a vehicle. Such receipt shall be individually and sequentially numbered and state the name, business address, business telephone number and license number of the person who has booted such vehicle as such information appears on the license to engage in booting, the amount of money received, the method of payment, the location, time of release and identifying information for the vehicle booted, the name of the person from whom the payment was received and shall be signed by the operator receiving such payment. Such receipt shall also include a telephone number for the office within the police department responsible for receiving complaints with respect to booting licensees. The chief of police may prescribe the basic design and format of the receipt. A copy of the signed receipt shall be retained by the vehicle immobilization service.

(k) It shall be unlawful for either a vehicle immobilization service or an operator to charge fees in excess of those set out in section 12-19-49 or to demand payment for any service or for any other reason than boot removal.

(l) In the event that the application of a vehicle immobilization device damages a vehicle, then the vehicle immobilization service is responsible for the cost of repairs for that damage as well as any damages arising out of said immobilization. Any damage done to a vehicle by a vehicle immobilization device shall be reported to the chief of police or his designee and returned to the file of the operator which will be maintained by the chief of police or his designee.

(m) In the event that the owner or operator of a vehicle, to which an immobilization device has been applied, attempts to operate said vehicle or remove the device, then the vehicle immobilization service is not liable for any damage to that vehicle. Additionally, the driver or person in charge of the vehicle will be liable to the vehicle immobilization service for the cost of damage to the vehicle immobilization device where the device is rendered unusable; mere cosmetic damage to the device shall not impose liability for the purposes of this section. Any such damage must be reported to the chief of police. However, liability may not be imposed when the immobilization device is not readily visible to the driver of the vehicle and/or the sticker notice has not been properly affixed to the rear-most portion of the window adjacent to the driver's seat of the vehicle or other location where the sticker is immediately and reasonably visible to the operator of the vehicle. This subsection shall not be construed to create the right to collect for damage to any immobilization device at the time of the immobilization and it shall be unlawful to require payment for any such damage as a prerequisite to removal of the immobilization device.

(n) No release or waiver of any kind purporting to limit or avoid liability for damages to a vehicle that has been booted shall be valid.

(o) No person who is not an employee, manager or official of the vehicle immobilization service shall accompany the vehicle immobilization service operator or ride in the registered vehicle during immobilization operations.

(p) A vehicle immobilization service that operates at more than one parking lot within the city shall be required to have in effect a separate business license for each location in addition to the regulatory license required by this article. It shall be unlawful for any officer, agent, or employee of the service to fail to immediately show proof of such license to any police officer or agent of the city's director of finance upon being so requested by such agent or officer.
(Ord. No. 13-81, § 2(12-19-62), 5-28-2013)

Sec. 12-19-63. Financial interests of parking lot owner and licensee prohibited.

(a) It shall be unlawful for a licensee or officer, shareholder, member or other person with a proprietary or profit interest in the licensed business to, either personally or through an employee or agent:

(1) Make any payment to an owner, employee, agent or a person in possession of a commercial parking lot in excess of the reasonable and customary fee ordinarily charged by the owner or person in possession of the parking lot for parking thereon, such payment shall be considered a kickback;

(2) Have a direct or indirect monetary interest in a parking lot on which the licensee, for compensation, immobilizes or causes the immobilization of an unauthorized vehicle;

(3) It shall be unlawful for vehicle immobilization services or operators, to have means of access to move or remove money from any unmanned pay station in a parking lot.

(b) It shall be unlawful for a parking lot owner to, either personally or through an employee or agent:

(1) Accept any payment to an owner, employee, agent or a person in possession of a commercial parking lot in excess of the reasonable and customary fee ordinarily charged by the owner or person in possession of the parking lot for parking thereon, such payment shall be considered a kickback; or

(2) Have a direct or indirect monetary interest in a vehicle immobilization service

that, for compensation, immobilizes or causes the immobilization of an unauthorized vehicle on the parking lot.

(c) It is a defense to prosecution under subsection (a)(2) of this section that:

(1) The licensee is an owner or employee of the parking lot on which the vehicle is immobilized; and

(2) The licensee's vehicle immobilization service does not charge any vehicle immobilization fee authorized under this chapter or any other fee, fine, or penalty to a vehicle owner or operator for removal of a boot; except that, the licensee may collect any outstanding parking fee due, not including any fine or penalty, for unauthorized parking under the terms for use of the parking lot.

(d) It is a defense to prosecution under subsection (b)(2) of this section that:

(1) The parking lot owner is an owner or employee of a licensed vehicle immobilization service; and

(2) The vehicle immobilization service in which the parking lot owner has a financial interest does not charge any vehicle immobilization fee authorized under this chapter or any other fee, fine, or penalty to a vehicle owner or operator for removal of the boot; except that, the parking lot owner may collect any outstanding parking fee due for unauthorized parking under the terms for use of the parking lot, not including any fine or penalty, from the vehicle owner or operator.

(Ord. No. 13-81, § 2(12-19-63), 5-28-2013)

Sec. 12-19-64. Fees charged by vehicle immobilization service.

(a) Any vehicle immobilization service engaged in the business of the immobilization of vehicles shall not charge the owner of any immobilized vehicle or personal property in excess of $65.00 per day for the removal of the vehicle immobilization device or devices. The $65.00 fee shall be all-inclusive; no additional fees may be charged for using other equipment or for any other reason.

(b) Fees may be paid by cash, check, credit card, or debit card at no additional charge and the vehicle immobilization service may not require that fees be paid only in cash. Proof of the ability to accept these forms of payment must be submitted prior to obtaining a license. At each and every location where a booting operation is conducted, the licensee shall have available means of collecting any fees via cash, check, credit card and debit card.

(c) If the means to accept any one form of payment is unavailable at the time of immobilization or release of the vehicle, any immobilized vehicles must be released without charge.
(Ord. No. 13-81, § 2(12-19-64), 5-28-2013)

Sec. 12-19-65. Service calls.

It shall be unlawful for any vehicle immobilization service, or the vehicle immobilization service's agent, representative, employee or operator to go to any place and immobilize a vehicle unless the vehicle immobilization service has a written contract to immobilize illegally parked cars at a specific parking lot.
(Ord. No. 13-81, § 2(12-19-65), 5-28-2013)

Sec. 12-19-66. City employees soliciting business.

It shall be unlawful for any city employee to solicit business for any vehicle immobilization service owner or operator.
(Ord. No. 13-81, § 2(12-19-66), 5-28-2013)

Sec. 12-19-67. Solicitation of vehicle immobilization work.

It shall be unlawful to drive along any street within the city and solicit vehicle immobilization work. Solicitation of work by the operator or the occupant of a vehicle used to carry on the business of a vehicle immobilization service is prohibited. An operator shall not proceed to a specific parking lot without complying with section 12-19-23.
(Ord. No. 13-81, § 2(12-19-67), 5-28-2013)

Sec. 12-19-68. Vehicle not immobilized upon operator of vehicle returning.

(a) The operator of any vehicle immobilization service shall not immobilize a vehicle and shall not charge a fee if the driver of the vehicle returns before the installation of the vehicle immobilization device or tow device is complete.

(b) It shall be unlawful to immobilize any motor vehicle occupied by a live person. However, the person occupying the unauthorized vehicle shall either pay the appropriate fee for the privilege of parking at the location or immediately remove the vehicle from the lot. Payment must be made to the pay station or uniformed parking lot attendant. The vehicle immobilization service operator shall not be authorized to accept payment of the parking fee.

(c) The operator shall immediately notify the police department of the immobilization of any vehicle occupied by an incapacitated person or a live animal.
(Ord. No. 13-81, § 2(12-19-68), 5-28-2013)

Sec. 12-19-69. Properly parked vehicles.

It shall be unlawful to place an immobilization device upon any motor vehicle parked in accordance with the terms of use for the subject property. Provided that vehicles may be immobilized by a vehicle immobilization service with a current contract for services including, but not limited to, the enforcement of valid laws for the prevention of driving under the influence/driving while intoxicated and for the prevention of theft by the owner of the vehicle.
(Ord. No. 13-81, § 2(12-19-69), 5-28-2013)

Sec. 12-19-70. Reserved.

Division 4. Additional Requirements for Non-Consensual Towing Services

Sec. 12-19-71. Removal of trespassing motor vehicles.

The owner, operator, or lessee, or authorized agent thereof, of any property, may have any vehicle occupying the property without the permission of its owner, operator, lessee, or authorized agent thereof, removed by towing to a storage facility until reclaimed by the owner or his agent provided the provisions of state law and this article are complied with, as well as the following:

(1) Signs shall be posted and affixed on the property as required by sections 12-19-50 through 12-19-52.

(2) The foregoing requirement for signs shall not apply on any parcel of property used at the time of removal for one single-family residence or one two-family residence;

(Ord. No. 13-81, § 2(12-19-71), 5-28-2013)

Sec. 12-19-72. Authorization for non-consensual tow.

The towing and recovery operator performing the tow shall comply with the following:

(1) Authorization of the owner, operator, or lessee of the property from which the vehicle is towed, or the authorized agent thereof. For the purposes of this subsection, "authorized agent" shall not include a representative of the towing and recovery operator. This subsection shall not apply to parking lots for the exclusive use of residents or tenants of the property served by the parking lot where authorized vehicles are clearly identified by decal, hangtag or other visible permit. This exception shall not apply to commercial parking lots as defined in this chapter.

a. The tow operator shall receive a signed authorization from the property owner or their agent prior to the towing of the vehicle and the property owner or their agent must also be present when the vehicle is towed.

b. The towing and recovery operator, and the owner, operator, or lessee of the property, shall maintain for inspection by the police chief or other city official at its business offices, and at the property, respectively, copies of all documents

which authorized the operator to tow any motor vehicle from the property.

(2) For the purposes of this subsection, "authorized agent" may include a representative of the towing and recovery operator. The owner, operator, lessee or authorized agent of the property shall obtain and retain the following:

a. Photographs or videos of the vehicle in the location from which the vehicle is being towed;

b. Photographs or videos of the condition of the vehicle prior to the tow; and

c. To the extent available, other documentary evidence substantiating the reason for the removal.

(3) The tow truck used to perform the tow shall include the name, street address, and telephone number of the towing and recovery operator in a conspicuous location on the exterior of the truck.

(4) Immediately subsequent to a trespassing vehicle being removed or towed as permitted by this article, notice of this action shall be provided by telephone call by the towing and recovery operator to the non-emergency phone number designated by the police department to receive such information. Such notice shall include the following information:

a. The name of the towing and recovery operator removing vehicle;

b. A description of the vehicle towed including year, make, model, color and if visible and present on the vehicle the vehicle identification number (VIN), license plate number, decal number and year; the location of trespassing vehicle and the date and time of the tow;

c. The location of the storage facility to which the vehicle was towed; and

d. The name and address of the individual and/or entity that authorized the tow.

(5) Within 24 hours of the tow, mail written notice by regular mail to the last known address of the registered owner, if ascertainable. The notice shall include the information required above for notice to the police subsequent to the tow. Additionally, the notice to the owner shall provide the schedule of fees for reclaiming the vehicle at the listed storage facility.

(6) Failure by a towing and recovery operator to report such tow as required by this section shall be punishable by a fine of not more than $100.00. Such failure to report shall limit the amount which may be charged for the storage and safekeeping of the towed vehicle to an amount no greater than that charged for one day of storage and safekeeping.

(Ord. No. 13-81, § 2(12-19-72), 5-28-2013)

Sec. 12-19-73. Storage facilities.

(a) All towing and recovery operators engaged in towing vehicles without the consent of their owners shall conspicuously display at their main place of business and at any other storage facilities where towed vehicles may be reclaimed, in locations readily visible to those reclaiming vehicles, signs that clearly and legibly provide the following information:

(1) A comprehensive list of all their fees for towing, recovery, and storage services as related to the charges allowed by this article. Charges in excess of those posted shall not be collectable from any motor vehicle owner whose vehicle is towed or stored without his consent;

(2) The maximum fees permitted to be charged by this article;

(3) That payment may be made by cash, traveler's check, money order, insurance company check, or debit, credit or charge card;

(4) That a receipt shall be provided;

(5) That the vehicle owner shall have the opportunity to inspect the exterior of the vehicle for damage prior to leaving the premises and a tow company or tow truck operator shall not require a vehicle owner to sign any waiver of the owner's right to receive compensation for damages to the owner's vehicle as a condition of the vehicle's release;

(6) The non-emergency telephone number of the police for reporting towing complaints; and

(7) The non-emergency 311 complaint call center number.

(b) The fees authorized by this article shall be the maximum allowed and an additional fee for use of a debit, credit or charge card, or other form of payment, other than a normal convenience fee required by a credit company, shall not be permitted.

(c) Towing and recovery operators shall make change, up to $100.00, for those who pay in cash for towing and storage charges applicable to vehicles towed under the provisions of this article.

(d) Storage facilities to which vehicles are towed under the provisions of this article shall provide for the release of any vehicle towed to said facility 24 hours a day.

(e) Storage facilities to which vehicles are towed under the provisions of this article shall be located within the city and shall comply with all zoning regulations and other ordinances and regulations of the city.

(f) In the event that a vehicle is towed from the city and stored in or released from a location in another locality, the provisions of this ordinance shall apply.
(Ord. No. 13-81, § 2(12-19-73), 5-28-2013)

Sec. 12-19-74. Receipt required.

At the time a vehicle owner or agent reclaims a towed vehicle, the towing and recovery operator shall provide a written receipt that contains the following information:

(1) The name and address of the towing and recovery operator;

(2) The address from which the vehicle was towed;

(3) The date and time that the vehicle was towed;

(4) The date and time that the vehicle entered the facility at which it was placed for storage;

(5) An itemized list of all the fees that are being charged; and

(6) A signature of an authorized representative of the towing and recovery operator.

In addition to the required receipt, the towing and recovery operator shall provide to the vehicle owner or agent an information sheet or card supplied by the city regarding information about how to file a complaint with the city.
(Ord. No. 13-81, § 2(12-19-74), 5-28-2013)

Sec. 12-19-75. Fees.

(a) Charges imposed for the towing, storage, and safekeeping of any vehicle removed, towed, or stored without the consent of its owner shall not be in excess of the maximum charges provided for in this section.

(b) The maximum fees that may be charged for the towing of motor vehicles and for the storage of such towed vehicles are as follows:

(1) For the towing of a small vehicle, as defined in section 12-19-2(27)(a), the maximum fee shall not exceed $160.00.

(2) For the towing of a large vehicle, as defined in section 12-19-2(27)(b), the maximum fee shall not exceed $300.00.

(3) For the storage of a towed motor vehicle, the maximum fee for each 24-hour period of storage or portion thereof shall be $10.00; provided, that no storage fee may be charged for the first 24 hours of storage, or any portion thereof, following the arrival of a towed vehicle at the tow operator's storage facility storage yard. The storage fee shall only apply if the vehicle has been located on the tow operator's storage yard at the address and location that is subject to the annual inspection by the police department and

likewise listed on the tow operator's business license at its principal place of business for more than 24 hours.

(4) If in the opinion of the tow operator and or its agent, the driver or the operator of the vehicle, whether the owner or agent thereof, appears to be impaired or potentially intoxicated to the extent that they may not be able to safely operate a vehicle, the tow operator and or its agent shall contact the police department and the responding officers shall, upon investigation and observation of the driver, owner, agent of the owner or party seeking the release of the vehicle, determine if the vehicle is to be released to the driver, owner, agent of the owner or party seeking its release. In the event that the officer shall determine in their opinion that the driver, owner, agent of the owner or party seeking the vehicle's release is impaired to such an extent that they cannot safely operate a vehicle, the vehicle shall not be released and the officer shall document that the tow operator and or its agent complied with the requirements of this article. In such event the tow operator and or its agent may charge the $10.00 storage fee provided that the vehicle has been stored for longer than 24 hours at the storage yard at the address and location that is subject to the annual inspection by the police department and likewise listed on the tow operator's business license as its principal place of business.

(c) Except for fees authorized by this article, no other fees or charges shall be imposed during the first 24-hour period. No fee or other penalty shall be charged for parking on the lot from where the vehicle was towed once the trespassing vehicle has been towed. It shall be unlawful to use the threat of towing by blocking, lifting, loading or otherwise connecting the vehicle for towing in order to coerce the payment of a disputed parking fee.

(d) If the owner of a motor vehicle or agent thereof is present and capable of removing the vehicle before the towing of said vehicle has transpired, the vehicle shall not be towed and no fee shall be charged. However, if the owner of a motor vehicle or agent thereof is present after the owner's motor vehicle has been:

(1) Actually and physically moved and or maneuvered from its parking place by placing a vehicle or vehicles on two or more go jacks, provided that the tow operator has a wrecker or tow truck located and present on scene that can immediately tow each such vehicle or vehicles. It shall be unlawful to place any vehicle or multiple vehicles on go jacks and hold or withhold the vehicle or vehicles from their owner or agent if each vehicle cannot be immediately towed by a tow truck or wrecker present on scene or until a tow truck or wrecker is available to tow them;

(2) Lifted by tow line or cable;

(3) Loaded onto the towing and recovery operator's tow truck.

One-half the rate of the maximum fee for the vehicle's weight classification allowed by subsection (b) of this section shall apply. However the mere arrival of the tow operator's truck or vehicle and/or employee shall not be considered as acts, circumstances or justification to tow the vehicle. The placement of obstacles either in front or the rear of the vehicle and or blocking the removal of the vehicle with the operator's tow truck or any other vehicle or blocking the removal of the vehicle by the tow operator, its officers, agents, servants or employees, shall not be considered as acts, circumstances or justification to tow the vehicle if the owner or operator is present and willing to remove the trespassing vehicle and the engagement or use of any such acts shall be unlawful.

(e) It shall be unlawful for any tow operator its officers, agents, servants or employees to disable or immobilize any vehicle prior to towing the vehicle to prevent the owner from removing the vehicle solely so that it can be towed. This subsection shall not apply if the vehicle was booted pursuant to the policy and notice for the parking lot and the owner has not returned or requested removal of the boot within two hours

of the placement of the boot. If a booted vehicle has been towed without the owner's return or request for removal of the boot, no boot removal shall be charged in addition to the towing fees authorized by this article.

(f) No storage fees shall be charged if the tow operator its officers, agents, servants or employees have entered into any agreement with any party to lease or to otherwise use any parcel of property or land for the purpose of towing vehicles to places or locations other than the tow operators storage yard as identified in subsection (b)(2) of this section in order to temporarily store or park vehicles regardless of the hour of day or night. A tow operator may not use any public right-of-way for the purpose of temporarily storing or parking towed vehicles for the purpose of removing multiple vehicles from locations in an attempt to save time from towing vehicles to the tow operator's storage yard.

(g) Any vehicle towed pursuant to this article shall be released by the tow operator within one hour or less when contacted by the owner of any such vehicle towed and payment of the charges due pursuant to this section subject however to the provisions of subsection (b)(3) of this section.
(Ord. No. 13-81, § 2(12-19-75), 5-28-2013)

Sec. 12-19-76. Manner of payment.

Towing and recovery operators shall accept payment for towing fees, storage fees, retrieval fees and the "in lieu of towing" fee provided for in this chapter in each of the following ways:

(1) Cash in United States currency;

(2) Insurance company check;

(3) Travelers' checks or money orders payable in United States currency; and

(4) Any debit, credit or charge card that the towing and recovery operator is authorized by the issuing credit or charge card company to accept, and that is accepted by the towing and recovery operator in the ordinary course of business.

(Ord. No. 13-81, § 2(12-19-76), 5-28-2013)

Sec. 12-19-77. Financial interests of parking lot owner and licensee prohibited.

The provisions of 12-19-63 shall apply to the activity of non-consensual towing as well as the activity of booting.
(Ord. No. 15-42, § 2, 4-14-2015)

Secs. 12-19-78—12-19-80. Reserved.

ARTICLE D. REQUIREMENTS FOR PARKING LOTS THAT USE BOOTING OR TOWING TO ENFORCE AGAINST UNAUTHORIZED VEHICLES IN THE LOT

Sec. 12-19-81. Application.

The provisions of this article shall apply to parking lots that use booting or towing to enforce against unauthorized vehicles in the lot.
(Ord. No. 13-81, § 2(12-19-81), 5-28-2013)

Sec. 12-19-82. Entry powers of city officials.

It shall be the duty of any parking lot manager to allow immediate access by any police officer or building official to any portion of the premises of the parking lot for the purpose of inspection of such premises and vehicle immobilization services for compliance with this article.
(Ord. No. 13-81, § 2(12-19-82), 5-28-2013)

Sec. 12-19-83. Compliance with other laws.

Compliance with the requirements of this article does not excuse compliance with any other provisions of state law or the General City Code relating to parking regulations or parking lots.
(Ord. No. 13-81, § 2(12-19-83), 5-28-2013)

Sec. 12-19-84. Enforcement.

The director of the department of planning, engineering and permits or his designee or any police officer is authorized to enforce the provisions of this article.
(Ord. No. 13-81, § 2(12-19-84), 5-28-2013)

Sec. 12-19-85. Registration of parking lot operating companies.

(a) It shall be unlawful for any person to operate a parking lot for profit in the city that has not been issued a registration compliance certificate as required by this section.

(b) A parking lot general manager may apply for a registration compliance certificate for each parking lot under his management by paying a fee of $50.00 per lot to the director of finance and providing the chief of police or his designee the following information regarding each parking lot:

(1) The name, telephone number, and business address of the parking lot operating company;

(2) The name, telephone number, facsimile number, and business or residence address, including street name and number, city, state and zip code, of the parking lot general manager; and

(3) The street address, days and hours of operation of the parking lot.

(4) Receipt of payment of the $50.00 fee from the director of finance.

The use of a public or private post office box or other similar address shall not be sufficient for the purposes of complying with this subsection.

(c) Upon receipt of an application for a registration compliance certificate, the chief of police or his designee will perform an inspection of the parking lot to make a determination as to whether the lot is in violation of any requirements of this article. Upon completion of the inspection the chief of police shall either:

(1) Provide to the parking lot general manager a registration compliance certificate and decal to be posted as instructed by the Chief of Police; or

(2) Advise the parking lot general manager in writing that the parking lot is in violation of this article, pointing out the deficiencies and requiring that they be remedied within ten calendar days. The chief of police or his designee shall re-inspect the parking lot pursuant to this subsection upon receipt of a written request for re-inspection and payment of a re-inspection fee of $50.00 to be paid to the director of finance. Proof of payment of the fee shall be provided to the chief of police prior to the re-inspection of the lot.

(d) Any change in the information required in subsection (b) of this section shall require the new parking lot general manager to file updated registration information with the chief of police and to pay a registration update fee of $10.00 shall be paid to the director of finance within 30 days of the effective date of the change. A prior parking lot general manager shall advise the chief of police or his designee that he no longer manages the property.

(e) The parking lot general manager of a newly constructed or established parking lot shall comply with the provisions of this section not later than the 30th day following completion of construction or new opening of the parking lot, whichever occurs first.

(f) A parking lot general manager shall annually renew the registration for each parking lot under his management by paying an annual fee of $50.00 per parking facility to the director of finance who will issue a receipt to be presented to the chief of police or his designee, who shall verify that each parking facility is still in compliance with this article.
(Ord. No. 13-81, § 2(12-19-85), 5-28-2013; Ord. No. 15-42, § 3, 4-14-2015)

Sec. 12-19-86. Vehicle booted.

It shall be unlawful for a parking lot general manager to have a vehicle booted for any reason (e.g., being parked on or across the parking space lines, on or across areas marked with hash marks, in driving lanes or in other unauthorized areas on the parking lot) other than non-payment of a parking fee.
(Ord. No. 13-81, § 2(12-19-86), 5-28-2013)

Sec. 12-19-87. Attendant requirements.

It shall be the duty of any owner or manager of a parking lot to ensure that no individual at

any time performs as a parking lot attendant unless the individual meets each of the requirements of this section. Each parking lot attendant shall:

(1) Be 16 years of age or older;

(2) Wear a picture ID, name tag with the employee's first name and employee identification number, and shirt, jacket or vest with the name and logo of the parking lot operating company;

(3) If the parking lot general manager intends to have vehicles immobilized ("booted") or towed for non-payment of parking fees, provide a written receipt to the operator of a vehicle parked on the parking lot with the name and logo of the parking lot, the street address of the parking facility, the parking space number if the parking lot utilizes "pay by space," and the date and time parking fees were paid; and

(4) Perform his duties in a courteous and professional manner.

(Ord. No. 13-81, § 2(12-19-87), 5-28-2013)

Sec. 12-19-88. Closure of parking lot entrances.

(a) The parking lot operator or manager of a parking lot operated for profit that is closed for business shall barricade all entrances to and exits from the parking lot by means of a barrier gate, chain, or other durable barrier equipment.

(b) The use of caution tape, plastic tape, rope, or other such non-durable equipment to indicate the closure of entrances and exits is prohibited.

(c) Barriers shall not be attached to signage, trees, or any such object in the public right-of-way.

(Ord. No. 13-81, § 2(12-19-88), 5-28-2013)

Sec. 12-19-89. Video audits; parking fee receipts.

This section shall apply to commercial parking lots where towing or vehicle immobilization is used to enforce payment of a fee to park.

(1) Video audits.

a. Video audits shall be required when excessive complaints of booting or non-consensual towing after payment has been made to unmanned pay stations are received by the Birmingham Police Department. For the purposes of this section, excessive complaints shall be three or more such complaints at a specific commercial parking lot within a 30-day period.

b. Upon receiving a second complaint of booting or non-consensual towing after proper payment has been made at the same lot within a 30 day period, the chief of police shall notify the parking lot owner, operator and the vehicle immobilization service licensee in writing that an additional complaint within the 30 day period will require the use of a video audit procedure for a following 30 day period.

c. Upon receiving a third complaint of booting or non-consensual towing after proper payment has been made at the same lot within a 30 day period, the chief of police shall notify the parking lot owner or operator and the vehicle immobilization service licensee in writing that video audit procedures shall be required for a following 30 day period. The notice shall state the date on which the audit procedures must be initiated and the ending date of the 30-day period.

d. The parking lot owner and operator, vehicle immobilization service licensee and permittee, and towing or recovery operator shall comply with the following minimum standards for the video audit procedure:

1. The video audit procedure must be conducted by a person who does not collect or otherwise have access to any money inside the parking lot pay station.

2. The names and employers of the person conducting a video audit procedure and the permittee installing the boot or towing the vehicle (if different from the person conducting the video audit procedure) must be identified on each video recording made during the video audit procedure.

e. Each video recording made during a video audit procedure must be a digital image of sufficient clarity, quality, and detail as to clearly depict:

1. The parking lot location;

2. The unauthorized vehicle both before and after the boot is installed or the vehicle is towed, including the number of the parking space in which the vehicle is parked;

3. The outside of the pay station showing that the payment slots are correctly and clearly numbered; and

4. The inside of the pay station showing:

(i) The payment slot that corresponds to the parking space in which the unauthorized vehicle is parked; and

(ii) Each payment slot adjacent to the slot that corresponds to the parking space in which the unauthorized vehicle is parked.

f. Each video camera used in a video audit procedure must display the date and time of each video recording.

g. Within a reasonable time after being requested, a copy of the video recording made during the video audit procedure must be provided to the owner or operator of the immobilized vehicle that is the subject of the recording.

(2) Parking fee receipts.

a. Parking fee receipts shall be required when more than six video audits have been required in a 12 month period at a specific commercial parking lot. Upon notifying the parking lot owner or operator and the vehicle immobilization service licensee of the need for a sixth video audit in a 12-month period, the chief of police shall notify the parking lot owner, operator and vehicle immobilization service licensee that triggering a seventh video audit within the 12-month period will require the parking lot owner and operator to provide parking fee receipts to persons parking at the lot.

b. Commercial parking lots that voluntarily provide parking fee receipts shall not be subject to the video audit procedure in subsection (1) of this section.

c. If a parking lot owner or operator provides a parking fee receipt, voluntary or as required by this subsection, the parking lot owner or operator shall provide the receipt by either an electronic pay station or a uniformed parking lot attendant, and the receipt must indicate:

1. The amount paid to park the vehicle by the vehicle owner or operator;

2. The date and time the parking fee was received from the vehicle owner or operator;

3. The time when authorization for the vehicle to be parked on the parking lot expires; and

4. The location of the parking lot on which the vehicle is parked.

(Ord. No. 13-81, § 2(12-19-89), 5-28-2013)

Sec. 12-19-90. Parking for special events.

The owner or operator of any on-site or off-site parking lot which is used or available for parking during special events as defined in section 12-19-2 herein must continuously provide a uniformed attendant for a time period to begin one hour before the start of the special event until one hour after the conclusion of the special event. The attendant must provide a receipt to any patron using the parking lot.
(Ord. No. 15-42, § 4, 4-14-2015)

Sec. 12-19-91. Parking lots using honor boxes.

Any parking lot which uses an honor box for the collection or receipt of parking fees must locate said honor box in a location visible from any point in the parking lot. If the said parking lot is operated at night, the honor box must be illuminated in such a manner as to be clearly visible by the lots patrons.
(Ord. No. 15-42, § 4, 4-14-2015)

CHAPTER 20. DRIVER'S TRAINING SCHOOLS*

Sec. 12-20-1. Purpose of chapter.

It is declared to be the purpose of this chapter to provide regulations governing the business or profession of conducting motor vehicle driver's training schools in the city in order to protect the public against inefficient instructions and to promote safety in the city.
(Code 1964, § 34-184; Code 1980, § 10-16-1)

Sec. 12-20-2. Permit to operate—Required; prerequisites to issuance; insurance.

It shall be unlawful to engage in the business of conducting a driver's training school without first obtaining a permit. The permit shall be in addition to the requirement of a license from the director of finance. All applications for a permit under this chapter shall be filed with the chief of police and shall contain that information as he or she shall reasonably prescribe. No permit shall be issued by the chief of police until he or she or his or her designee shall have examined carefully each motor vehicle used or proposed to be used in the driver's training school and has determined that the vehicle is in good and sound mechanical condition and has approved all equipment used or to be used by the applicant in giving driver instructions. No such permit shall be issued by the chief of police until the applicant shall have filed with the city clerk a liability and property damage insurance policy issued to such applicant by a public liability insurance company authorized to do business in the state, indicating that each vehicle owned or registered in the name of the applicant or controlled by the applicant or to be used by the applicant in any manner for the purpose of giving driving instructions is covered by liability insurance in the amount of $100,000.00 for personal injury to or death of any one person, $200,000.00 for personal injury to or death of any number of persons involved in any one accident and $20,000.00 for property damage in any one accident resulting from the negligence of the applicant or any agent, employee or student of the applicant. The liability insurance policy shall contain a clause binding the company issuing the policy to give not less than 30 days' written notice to the city clerk prior to any cancellation thereof. The cancellation of any such policy shall have the effect of suspending the permit of the insured to operate a driver's training school until the time as a new policy complying with the provisions of this section shall be filed with the city clerk.
(Code 1964, § 34-185; Code 1980, § 10-16-2)

Sec. 12-20-3. Same—Conditions precedent to issuance.

(a) It shall be a condition precedent to the granting of any permit to any person engaged in the business of conducting a driver's training school that the chief of police shall first obtain the fingerprints and photograph and check the police record of the applicant and all employees of the applicant who will be instructors. A $5.00 fee shall be paid to the chief of police by each applicant and each employee who will be an instructor, which shall be payable upon filing of the application and shall not be refundable.

*__State law reference—__Driver Training School License Act, Code of Ala. 1975, § 32-14-1 et seq.

(b) Every person in order to qualify as an instructor for a driver's training school shall meet the following requirements:

(1) Must be of good moral character.

(2) Must present evidence of credit in driver education and safety from an accredited college or university equivalent to credits in those subjects which are required of instructors in state public schools or have a valid state teachers certificate coded for driver education.

(3) Be physically able to operate safely a motor vehicle and to train others in the operation of motor vehicles.

(4) Provide a certificate of health from a licensed physician stating that the applicant is free from a communicable or contagious disease.

(5) Hold a valid current state driver's license.

(c) Nothing in this section shall apply to any accredited grade school, high school, junior college or college conducting a driver's training course, nor to any driver's training and improvement school operated by the city or any agency thereof.
(Code 1964, § 34-186; Code 1980, § 10-16-3)

Sec. 12-20-4. Same—Refusal to issue and revocation.

The chief of police shall have the discretion and authority to deny the application of any person for a permit or to revoke the permit required by section 10-16-2 if he or she determines that:

(1) Any requirement of this chapter has not been complied with;

(2) Such applicant has made a material false statement or concealed a material fact in connection with his or her application;

(3) Such applicant or any officer, director, partner or other person directly interested in the business was the former holder or was an officer, director or partner in a corporation or partnership which was the former holder of a drivers' school license which was revoked by the chief of police;

(4) Such applicant or any officer, director, partner or employee or any other person directly interested in the business has been convicted of a felony or any crime involving moral turpitude, violence, dishonesty, deceit, indecency or degeneracy;

(5) The applicant has failed to furnish satisfactory evidence of good character, reputation and fitness;

(6) The applicant does not have a place of business in the city;

(7) The applicant is not the true owner of the driver's school;

(8) The applicant is not qualified by experience and training to conduct satisfactory instructional exercises;

(9) The applicant fails to keep all motor vehicles used in any manner for the purpose of giving driving instruction in good mechanical condition; or

(10) The applicant uses any motor vehicle or equipment that has not been approved by the chief of police.

(Code 1964, § 34-187; Code 1980, § 10-16-4)

Sec. 12-20-5. Instructors to have driver's permit.

No person shall engage in any instructional activities involving the use of a motor vehicle in connection with the instructions unless he or she shall produce satisfactory proof that he or she has a current permit from the state to operate a motor vehicle upon the streets and highways of the state.

(Code 1964, § 34-188; Code 1980, § 10-16-5)

Sec. 12-20-6. Authority of chief of police, etc., to inspect vehicles, etc.

The chief of police or his or her authorized representative shall have the right to inspect any and all motor vehicles or other equipment of the person holding a permit issued pursuant to this chapter at any time.

(Code 1964, § 34-189; Code 1980, § 10-16-6)

Sec. 12-20-7. Licensees to file student contractual agreements with chief of police.

It shall be the duty of the permit holder under this chapter to file with the chief of police a copy of all agreements or contracts that the person will use in his or her contractual relationship with students or enrollees for driving instructions.

(Code 1964, § 34-190; Code 1980, § 10-16-7)

Sec. 12-20-8. Advertising that taking course will result in obtaining driver's license.

No permit to operate the business regulated by this chapter shall advertise publicly or imply it in advertisements or statements of any kind that the obtaining of a driver's license is guaranteed as a result in taking any such driving course.

(Code 1964, § 34-191; Code 1980, § 10-16-8)

CHAPTER 21. LICENSING OF SOLID WASTE FACILITIES

Sec. 12-21-1. Findings of fact.

It is hereby found and declared that the collection, disposal and utilization of solid waste is a matter of grave concern to all citizens and is an activity thoroughly affected with the public interest and that the health, safety and welfare of the citizens require efficient and safe solid waste collection and disposal and efficient utilization of such waste and all processes associated therewith. The council further finds that the requirements codified in this chapter promote and protects the health, safety and welfare of the citizens of the city.

(Code 1980, § 4-3-31; Ord. No. 93-221, § 1, 9-14-1993)

Sec. 12-21-2. Definitions.

The following words and phrases shall have the meanings ascribed herein unless the context clearly indicates otherwise:

Applicant means any person applying for a permit to operate and/or construct a commercial

nonhazardous solid waste management facility or commercial hazardous waste management facility.

Business concern means any corporation, association, firm, partnership, trust, joint venture or other form of commercial organization.

Commercial solid waste facility means a site or facility receiving solid waste, as defined herein, not generated on site, for treatment, utilization, recycling, processing, transportation or disposal of solid waste, including transfer stations, transfer facilities, incinerators, sanitary or other landfill facilities, facilities for separating and preparing solid waste for reuse, facility for converting solid waste to energy or other facilities necessary or desirable in connection therewith, and to which a fee is paid or other consideration given for such treatment, utilization, recycling, processing, transportation or disposal.

Key employee means any person employed by an applicant in a management capacity and empowered to make operational or financial management decisions with respect to solid waste or hazardous waste management operations of the business concern, but shall not include employees primarily engaged in the physical or mechanical treatment, processing, storage or disposal of solid or hazardous waste. In this chapter information requested related to key employees shall also include information from any period such key employee was employed or engaged in any significant capacity in the waste industry for an entity other than the applicant.

Person means any person, firm, partnership, corporation or organization of any kind, excluding the United States Government, the state, Jefferson County and the city, but not excluding contractors of such entities.

Solid waste means any garbage, rubbish, putrescible waste, offal, dead animals, demolition materials, refuse or sludge from a water treatment plant, water supply treatment plant or air pollution control facility, discarded materials, including solid, liquid, semisolid or contained gaseous material resulting from industrial, commercial, mining, medical and agricultural operations, including hazardous, infectious and toxic materials or waste, discarded materials from community and household activities and other like matter or materials.

Solid waste facility or *facility* means any land, building, plant, system, facility, trucks and other motor vehicles, equipment or other property, whether real, personal or mixed, or any combination of either thereof, used or useful or capable of future use in connection with the treatment, utilization, recycling, processing, transporting or disposal of solid waste, including a transfer facility or station, incinerators, sanitary or other landfill facilities, facilities for separating and preparing solid waste for reuse, facilities for converting solid waste to energy or other facilities necessary or desirable in connection therewith.

Transfer facility means a facility which receives and temporarily stores solid waste at a location other than the generation site, and which facilitates the bulk transfer of accumulated solid waste to a facility for further processing or disposal. The term includes land affected during the lifetime of the operations, including, but not limited to, areas where storage or transfer actually occurs, support facilities, borrow areas, offices, equipment sheds, air and water pollution control and treatment systems, access roads, associated on-site or contiguous collection and transportation facilities, closure and postclosure care and maintenance activities, and other activities in which the natural surface has been disturbed as a result of or incidental to operation of a transfer station. A facility is a transfer facility regardless of whether it reduces the bulk or volume of waste. The term does not include portable storage containers used for the collection of municipal waste other than special handling waste.
(Code 1980, § 4-3-32; Ord. No. 93-221, § 2, 9-14-1993)

Sec. 12-21-3. License required.

It shall be unlawful for any person to operate any commercial solid waste facility or transfer station, to change or expand the location or use of any existing facility without first having obtained a license therefor from the council in accordance with the provisions of this chapter.
(Code 1980, § 4-3-33; Ord. No. 93-221, § 3, 9-14-1993)

Sec. 12-21-4. Application for license.

An applicant for a license or renewal thereof under this chapter shall file with the city clerk a written application signed by himself or herself, if an individual; by all partners, if a partnership; or by the president or chief officer if a corporation or other organization, together with four copies of such application, sworn to by each of its signees, before a notary public or other officer authorized by law to administer oaths which shall include the following current information and materials:

f. The application shall contain complete information on transportation modes of assembling garbage at the facility which said modes shall not be changed unless approved by the council.

(7) An application shall contain a topographic map of the proposed licensed area and adjacent area, including necessary narrative descriptions, which shows the following:

a. Boundaries and names of present owners of record of land, both surface and subsurface, and including easements, rights-of-way and other property interests, for the proposed licensed area and adjacent area; the boundaries of the land within the proposed licensed area; and a description of title, deed or usage restrictions affecting the proposed licensed area.

b. The boundaries of the land to be affected over the estimated total life of the proposed facility.

c. The location and name of surface water bodies, such as springs, streams, lakes, ponds, wetlands, construction or natural drains and irrigation ditches that are located on the proposed licensed area and adjacent area.

d. The location and name of public and private water supplies that are located on the proposed licensed area and adjacent area.

e. The location of rights-of-way for high-tension power lines, pipelines, railroads and public and private roads within 300 feet of the proposed facility.

f. The location of buildings currently in use by a person within 2,500 feet of the proposed facility.

g. The anticipated location of water quality monitoring points.

h. The boundaries of land within the proposed licensed area or adjacent area identified as areas where facilities are prohibited.

i. The municipalities in which the licensed area is proposed to be located.

j. The location of the 100-year floodplain boundaries.

k. The location of access roads to and within the proposed licensed area, including slopes, grades and lengths of the roads.

l. The location of barriers, fences and similar facilities.

m. The water diversion, collection, conveyance, erosion and sedimentation control, treatment, storage and discharge facilities.

n. The solid waste storage or loading areas.

o. The location and use of buildings and related facilities which will be used in the operation.

p. Maps, aerial photographs; location of scales and weigh stations; benchmark; access roads with load limits.

1. The location of scales and weigh stations to be used in the operation.

2. An application shall also contain a United States Department of Agriculture Soil Conservation Service soils map, for aerial photographs where current soils maps are unavailable, for the proposed licensed area and adjacent area showing the side boundaries and soil types.

3. The applicant shall also show the location of a permanent benchmark for horizontal and vertical control.

(8) The application shall contain designs, cross sections and specifications for access roads, including load limits.

(9) Management of surface water and erosion control.

a. The applicant shall submit a plan to manage surface water and control erosion during the phases of construction and operation on the permit area. The plan shall be based on the applicable state and federal requirements. Calculations indicating water quantities shall be based on the 24-hour precipitation event in inches to be expected once in 25 years.

b. The plan shall include fully dimensioned diversion ditches, indicating length, gradient and cross section for configuration by reach and capacities for ditch volume by reach. Calculations which are necessary to support design and siting shall be included in the plan.

c. The application shall also contain a plan for the collection, disposal or treatment of rinse water and leachate from the facility.

d. The provisions of this subsection (9) shall not be applicable to the extent such requirements are complied with under the city's erosion control ordinance.

(10) Monitoring plans.

a. The applicant shall submit a groundwater monitoring plan to detect degradation or pollution of groundwater from the facility.

b. The applicant shall submit a soil monitoring plan, capable of detecting soil contamination from the facility.

(11) The application shall be accompanied by a check for $500.00 payable to the city as an investigation fee.

(Code 1980, § 4-3-34; Ord. No. 93-221, § 4, 9-14-1993)

Sec. 12-21-5. Investigation, approval and issuance of license.

(a) Upon receipt of an application for a solid waste facility license, as provided for herein, the city clerk shall furnish a copy of such application to the director of planning, engineering, and permits, the director of the department of public works, and the city attorney for their investigations.

(b) Appropriate city departments shall investigate and report to the city clerk within 60 days of receipt of the application whether the proposed or existing solid waste facility confirms to the requirements of the building code, zoning code, solid waste management plan and other applicable codes and ordinances of the city and laws of

the state and the United States. The city attorney shall report on the civil and criminal history of persons named in the application.

(c) Upon receipt of these reports the city clerk shall submit the application together with such reports to the council. The council shall set a public hearing on such application to be held within 42 days of receipt thereof. The city clerk shall notify the applicant of the time and place of said hearing, and the applicant shall thereupon cause publication of such hearing and the purpose thereof in a newspaper of general circulation at least 14 days prior to the hearing.

(d) At such public hearing or any adjournment thereof, the council shall, after hearing any testimony and considering any evidence offered by any concerned person, their counsel, or representative, vote to approve or deny the application.
(Code 1980, § 4-3-35; Ord. No. 93-221, § 5, 9-14-1993)

Sec. 12-21-6. License not transferable.

No license issued under this chapter shall be transferred or assigned or used by any other person than the one to whom it was issued, and no solid waste facility license shall be used at any location other than the one described in the application upon which it was issued.
(Code 1980, § 4-3-36; Ord. No. 93-221, § 6, 9-14-1993)

Sec. 12-21-7. General operating requirements and limitations.

In addition to any other provision or provisions of this chapter, the following general operating requirements shall apply to all solid waste facilities:

(1) The license issued pursuant to this chapter shall be plainly and conspicuously displayed on the business premises.

(2) The solid waste facility shall comply with the solid waste management plans adopted by the city and the state.

(3) No water shall be allowed to stand in any place on the premises in such manner as to afford a breeding place for mosquitoes or other insects.

(4) The licensee shall permit at any time during business hours inspection of the premises by the director planning, engineering, and permits, the director of the department of public works or their designees.

(5) No solid waste facility shall be allowed to become a nuisance, nor shall it be operated in such a manner to become injurious to the health, safety or welfare of the community or nearby residents.

(6) The solid waste shall not be burned on the premises or in any incinerator not meeting the requirements of the building code, the fire prevention codes, and other applicable ordinances, laws and regulations.

(7) Except for the areas that were operating prior to September 14, 1993, no transfer facility or commercial solid waste facility may be operated:

a. In the 100-year floodplain of waters in the city, unless the city council approves in the license a method of protecting the facility from a 100-year flood.

b. In or within 300 feet of an important wetland.

c. Within 1,000 feet measured horizontally from an occupied dwelling, an operating restaurant, a school, a church, or hospital, unless the current occupant and owner has provided a written waiver consenting to the facility being closer than 1,000 feet. The waiver shall be knowingly made and separate from a lease or deed unless the lease or deed contains an explicit waiver from the current owner.

d. Within 100 feet of a perennial stream.

e. Within 50 feet of a property line unless the operator demonstrates that actual processing of waste is not occurring within that distance.

(8) Barrier required; maintained.

a. A gate or other barrier shall be maintained at potential vehicular access points to block unauthorized access to the site when an attendant is not on duty.

b. The operator shall construct and maintain a fence or other suitable barrier around the site sufficient to prevent unauthorized access.

(9) Access road.

a. An access road shall be designed, constructed and maintained to prevent erosion to the maximum extent possible and to prevent contributions of sediment to streams or runoff outside the site.

b. An access road shall have a drainage system that is compatible with the natural drainage system, structurally stable and which will pass safely the peak flow from a 25-year, 24-hour precipitation event. The drainage system shall include sloped or crowned road surfaces, cross drains or culverts, stabilized ditches, erosion-resistant surfacing, sediment traps and other appropriate sediment control measures.

c. An access road shall be paved or surfaced with asphalt, gravel, cinders or other equivalent material. The maximum sustained grade of an access road may not exceed 12 percent.

d. An access road negotiable by loaded collection vehicles shall be provided from the entrance gate of the area to unloading areas, treatment facilities or impoundments.

e. All roads shall be constructed on a base that is capable of withstanding anticipated loads.

f. Disturbed areas adjacent to a road shall be vegetated or otherwise stabilized to prevent erosion.

(10) Solid waste delivered to the facility shall be accurately weighed or otherwise accurately measured prior to unloading.

(11) Enclosed building required for loading, unloading, storage and compaction; maintenance of equipment.

a. Loading, unloading, storage, compaction and related activities shall be conducted in an enclosed building, unless otherwise approved by the city in the license.

b. The operator shall maintain on the site equipment necessary for operation of the facility under the license. The equipment shall be maintained in an operable condition.

c. Standby equipment shall be located on the site or at a place where it can be available within 24 hours. If a breakdown of the operator's equipment occurs, the operator shall utilize standby equipment as necessary to comply with the act, the environmental protection acts, this article and its license conditions.

d. Equipment shall be operated and maintained to prevent solid waste from being unintentionally removed from the intended area.

e. Equipment used to handle putrescible solid waste with which operations personnel are in direct contact shall be cleaned at the end of each working date or every 24 hours. Other equipment shall be cleaned at frequencies specified in the license based on scheduled or emergency maintenance periods.

(12) Approach and unloading areas.

a. The approach and unloading areas shall be adequate in size and design to facilitate the rapid unloading of solid waste from the collection vehicles and the unobstructed maneuvering of the vehicles and other equipment.

b. The loading areas and unloading areas shall be constructed of impervious material which is capable of being cleaned by high-pressure water spray and shall be equipped with drains or sumps connected to a sanitary sewer system or treatment facility to facilitate the removal of water. Such areas shall be cleaned daily at the end of the working period.

c. If the facility has an unloading pit, the facility shall have in place truck wheel curbs and tie-downs that are sufficient to prevent trucks from backing into the pit or falling into the pit while unloading.

d. An attendant or clearly marked signs shall direct vehicles to the unloading area.

e. The operator shall ensure that collection vehicles unload waste promptly in unloading areas.

f. Solid waste shall be confined to the unloading area and the approved storage areas.

(13) Cleanliness requirements.

a. Areas within the building shall be kept clean.

b. The operator may not allow putrescible waste to remain at the transfer facility at the end of the day or for more than 12 hours.

c. Plumbing shall be properly maintained, and the floors shall be well drained.

d. Macerators, hammer mills and grinders shall be cleanable and shall be equipped with drains that connect to a sanitary sewer system or approved treatment facility.

e. Provision shall be made for the routine operational maintenance of the facility.

(14) Air pollution control measures; open burning prohibited.

a. The operator shall implement fugitive dust control measures, and shall otherwise prevent and control air pollution.

b. No person may cause or allow open burning at the facility.

(15) Attraction, harboraging of pests, etc., conditions that create safety hazards, noise and other public nuisances prohibited.

a. The operator may not cause or allow the attraction, harborage or breeding of pests, rats, insects or other uncontrolled vermin.

b. The operator may not cause or allow conditions not otherwise prohibited by this subchapter that are harmful to the environment or public health, or which create safety hazards, odors, noise, unsightliness or other public nuisances.

(16) Salvaging of materials permitted in certain areas only.

a. Salvaging of materials may not be conducted unless salvaging is controlled by the operator to prevent interference with prompt and sanitary operations and is conducted to prevent a health hazard or nuisance.

b. Salvaged materials shall be promptly removed from the unloading area and either stored in an approved area or removed.

(17) Litter control.

a. The operator may not allow litter to be blown or otherwise deposited offsite.

b. Fences or other barriers sufficient to control blowing litter shall be located in the area immediately downwind from the unloading area, unless operations are conducted within an enclosed building or the solid waste being transferred cannot create blowing litter.

c. Litter shall be collected daily from fences, roadways, tree line barriers and other barriers and disposed of.

(18) Soil, surface water and groundwater contamination prohibited; exception with license.

a. The operator may not cause or allow a point or non-point-source discharge of pollution from or on the facility to surface waters of the city.

b. A transfer facility shall be operated to prevent and control water pollution. An operator shall operate and maintain necessary surface water and groundwater treatment facilities until surface water or groundwater pollution from or on the facility has been permanently abated.

c. The operator may not cause or allow a discharge of a contaminant into groundwater except as authorized by a license from the department.

d. The operator may not cause contamination of soil on or off the site.

(19) The operator shall manage surface water and control erosion and sedimentation to accomplish the following:

a. Divert surface water away from the storage area with measures and structures necessary to handle surface water flows based on a 25-year, 24-hour precipitation event, and supported by written calculations.

b. Prevent erosion to the maximum extent possible, including where possible, using revegetation.

(20) The operator shall conduct soil and groundwater monitoring. The monitoring shall continue for the period of the license validity and one year thereafter.

(21) A facility shall be designed, constructed, maintained and operated to prevent and minimize the potential for fire, explosion or release of solid waste constituents to the air, water or soil of the city that could threaten public health or safety, public welfare or the environment.

(22) Emergency equipment required; exception.

a. Except as provided in subsection (22)b of this section, a person operating a facility shall have available in proper working condition the following equipment at the immediate operating area of the facility:

1. An internal communications or alarm system capable of providing immediate emergency instruction by voice or signal to facility personnel.

2. A communications system capable of summoning emergency assistance from local police, fire departments, emergency medical services and from state and local emergency response agencies.

3. Portable fire extinguishers, fire control equipment, spill control equipment, decontamination equipment and self-contained breathing apparatus. For fire control equipment requiring water, the facility shall have a water supply of adequate quantity and pressure to supply the equipment.

b. The council may waive or modify the requirements in subsection (22)a of this section if the operator demonstrates to the council's satisfaction that the requirements are not necessary to protect public health and safety, public welfare and the environment.

c. Equipment and material required by this section shall be tested and maintained so that it is operable in time of emergency.

d. Adequate space shall be maintained to allow the unobstructed movement

of emergency personnel and equipment to operating areas of the facility.

(23) Implementation of approved contingency plan.

a. The operator of a facility shall immediately implement the applicable provision of the approved contingency plan whenever there is an emergency. For the purposes of this section, the term "emergency" includes a fire, spill or other hazard that threatens public health and safety, public welfare or the environment or personal injury.

b. During an emergency, the operator shall:

1. Assess actual or potential hazards to public health and safety, public welfare and the environment that are occurring or may occur.

2. Ensure that fires, spills or other hazards do not occur, reoccur or spread to other solid waste at the facility.

3. Immediately telephone the fire department and emergency management agency, and report the following information:

(i) Name of the person reporting the incident and telephone number where that person can be reached.

(ii) Name, address and permit number of the facility.

(iii) Date, time and location of the emergency.

(iv) A brief description of the nature of the emergency, the type and quantity of the solid waste involved and what dangers to public health and safety, public welfare and the environment exists.

(v) The nature of injuries.

(vi) Parts of the contingency plan being implemented to alleviate the emergency.

c. After an emergency, the operator of the facility shall:

1. Clean up the area affected by the emergency and treat, store or dispose of recovered solid waste, contaminated soil, contaminated water or dispose of recovered solid waste, contaminated soil, contaminated water or other material in a manner required by law or regulation or in default thereof in a safe and effective manner.

2. Prevent processing or storage of solid waste in the area affected by the emergency until the operator has cleaned up the area, and the city has inspected and approved the cleanup.

(24) Daily operations record.

a. A person that operates a facility shall make and maintain an operational record for each day that waste is received, processed or transported off-site.

b. The daily operational record shall include the following:

1. The type and weight or volume of the solid waste received.

2. The city and county in which the solid waste was originated, or if the waste originated outside of Alabama, the state.

3. The transporters of the solid waste.

4. The destination of the solid waste, including the facility name, the county and state in which it is located, and the type and weight or volume of waste transported.

5. The type and weight or volume of materials which are recycled.

6. A description of waste handling problems or emergency disposal activities.

7. A record of deviations from the approved design or operational plans.

8. A report of actions taken to correct violations of the environmental protection acts and this chapter.

c. The operator shall maintain accurate operational records sufficient to determine whether waste is being stored in accordance with all applicable laws and regulations.

(25) Annual operations report.

a. A person that operates a facility shall submit to the city council an annual operation report on or before June 30 of each year.

b. The annual operating report shall include the following:

1. The weight or volume of each type of solid waste received.

2. The city and county in which the solid waste originated, or if the waste originated outside of the state.

3. The transporters of the solid waste.

4. The weight or volume of each material recycled or marketed.

5. The destination of the solid waste, including the facility name, the county and state in which it is located and the type and weight or volume of waste transported.

6. A current certificate of insurance evidencing continuous coverage for public liability insurance.

7. Changes in the previous year concerning the information required for an original application for license. The report shall state if no changes have occurred.

8. A change in the ownership of the land upon which the facility is located or a change in a lease agreement for the use of the land that may affect or alter the operator's rights upon the lands.

9. A description of emergency disposal areas or methods approved by the city and used by the operator which are not described in the approved design and operational plan or permit for the facility.

10. An analysis of waste received at the facility in the previous year.

11. The annual operation report shall be accompanied by a nonrefundable annual permit administration fee of $500.00 in the form of a check payable to the city.

12. Available alternate permitted solid waste processing or disposal facility.

(i) An alternate permitted solid waste processing or disposal facility shall be available for use if the facility is shut down for a period that extends beyond the permitted storage capacity of the facility. The city may waive this requirement if the facility has a second processing line that can be used if the first processing line is shut down or an approved plan for temporary shutdown.

(ii) If the transfer station is out-of-service for a longer period than the storage ca-

pacity of the site will allow, solid waste shall be removed from the site.

13. Removal of solid waste and structures upon cessation of processing operations.

    (i) Upon cessation of processing operations at the facility, the operator shall immediately remove solid waste and structures or other materials which contain or are contaminated with solid waste, and shall provide for the processing or disposal of the waste or material in accordance with the environmental protection acts, regulations and this chapter.

    (ii) An operator required to conduct soil monitoring may discontinue soil monitoring upon cessation of processing operations and removal of all waste.

    (iii) An operator required to conduct groundwater monitoring may discontinue groundwater monitoring after cessation of processing operations and cleanup only upon written approval by the city. In deciding whether to allow discontinuance of monitoring, the city will consider the operation history of the facility, the likelihood that groundwater degradation will manifest itself in the future and other relevant factors.

(Code 1980, § 4-3-37; Ord. No. 93-221, § 7, 9-14-1993)

Sec. 12-21-8. Grant or denial, revocation, suspension.

The council shall revoke, suspend or deny the license required hereunder if the city attorney notifies the council that:

(1) Any individual or business concern required to be listed in the application has been convicted of a felony under any federal or state statute relating to environmental protection or the protection of public health, safety or welfare.

(2) Any individual or business concern required to be listed in the application has been convicted of any felony under any other federal or state statute, and the applicant has failed to provide satisfactory proof that all restitution or reparations have been made to the victim thereof.

(3) The applicant or licensee, or any partner, associate, officer, key employee, parent corporation or subsidiary corporation of the applicant or licensee, has failed or continues to fail to comply with the provisions of the Hazardous Wastes Management and Minimization Act (Code of Ala. 1975, § 22-30-1 et seq.), the Alabama Water Pollution Control Act (Code of Ala. 1975, § 22-22-1 et seq.), the Alabama Safe Drinking Act of 1977 (Code of Ala. 1975, § 22-23-30 et seq.), the Solid Wastes Disposal Act (Code of Ala. 1975, § 22-27-1 et seq.), the Alabama Air Pollution Control Act of 1971 (Code of Ala. 1975, § 22-28-1 et seq.), the Alabama Underground Storage Tank and Wellhead Protection Act (Code of Ala. 1975, § 22-36-1 et seq.), or as those statutes may from time to time be amended; or with the provisions of any federal or state statute relating to environmental protection or to the protection of the public health, safety or welfare; or with any rule or regulation of the United States Environmental Protection Agency or of the department; or with any order of the U.S. Environmental Protection Agency or the department; or with any condition

of any permit issued by the U.S. Environmental Protection Agency or the department.

(4) In addition to any other provision of this chapter, any license hereunder may be revoked or suspended by the council if it is determined after due investigation that:

a. The solid waste facility has failed to comply with the provisions of this chapter or any provision of law or regulation applicable to the operation of a solid waste facility.

b. The licensee has obtained the license through any fraud or misstatement or the application containing any fraud or misstatement.

c. The solid waste facility is being conducted in a manner detrimental to the health, safety or general welfare of the public, constitutes a nuisance or is being operated in an unlawful manner.

d. The solid waste facility is no longer being operated.

(5) If after investigation it is determined that a solid waste facility license is subject to suspension or revocation, a hearing shall be set and the city clerk shall notify the licensee of such hearing. Such notice shall set out the offense or violation giving rise to the suspension or revocation, and the date, time and location of such hearing. Such notice shall be sent by certified mail to the address of record of the licensee or by personal delivery at least 14 days prior to the scheduled hearing.

(6) At such public hearing or any adjournment thereof, the council shall, after hearing any testimony and considering any evidence offered by any concerned person, their counsel or representative, vote to revoke, suspend or continue the solid waste facility license.

(7) Any solid waste facility which continues to operate after revocation of its license or during a period of suspension of its license shall be in violation of this chapter and deemed a public nuisance.

(8) Any person as owner, operator or manager of a solid waste facility who operates a solid waste facility after a revocation of the facility's license or during a period of suspension shall be in violation of this chapter.

(9) Any individual or business concern required to be listed in the application may present evidence of full rehabilitation or pardon from any effects of civil or criminal violations which shall be considered by the city council in possible mitigation.

(Code 1980, § 4-3-38; Ord. No. 93-221, § 8, 9-14-1993)

Sec. 12-21-9. Term.

Licenses shall be valid for a term of five years unless revoked or suspended as hereinafter described. No less than six months before the expiration of a license, an application for renewal, meeting the requirements of a new license, shall be filed.

(Code 1980, § 4-3-39; Ord. No. 93-221, § 9, 9-14-1993)

Sec. 12-21-10. Present existing solid waste facilities.

(a) All solid waste facilities shall apply for the license required herein.

(b) Any solid waste facility legally operating as of June 9, 1993, shall be required to apply for a license as provided hereinabove, but such facility shall be allowed to continue in operation during the time necessary to prepare, file and review such license application but not later than March 31, 1997.

(Code 1980, § 4-3-40; Ord. No. 93-221, § 10, 9-14-1993; Ord. No. 95-54, 3-21-1995; Ord. No. 95-119, 6-27-1995; Ord. No. 95-169, 10-3-1995; Ord. No. 96-6, 1-2-1996; Ord. No. 96-89, 4-9-1996; Ord. No. 96-173, 10-1-1996)

Sec. 12-21-11. Other laws and regulations.

Any laws or regulations enacted, existing or approved by the United States or the state shall supersede any conflicting requirement in this chapter unless the requirements of this chapter are more stringent, in which case, this chapter shall apply, provided that, if required by law, such United States or state laws or regulations shall supersede the applicable requirements of this chapter and the portion of this chapter that remains shall continue effective.
(Code 1980, § 4-3-42; Ord. No. 93-221, § 12, 9-14-1993)

Sec. 12-21-12. Appeals.

In the event that any provision hereof shall be unnecessary or illegal, or constitute an undue burden, applicant may appeal said provision to the city council, which, if it finds, after consideration of all the evidence, that the public health, safety, or welfare is not substantially damaged, may grant said applicant a partial or total waiver of the provision which is the subject of the appeal.
(Code 1980, § 4-3-43; Ord. No. 93-221, § 13, 9-14-1993)

CHAPTER 22. SHARED MICROMOBILITY DEVICE SYSTEMS

Sec. 12-22-1. Purpose.

The purpose of this chapter is to establish the permitting process, and regulate the operation of shared micromobility systems in the City of Birmingham, Alabama in accordance with Code of Ala. 1975, § 32-19-2, as created by Act No. 2019-437.
(Ord. No. 20-24, § 2, 2-12-2020)

Sec. 12-22-2. Applicability.

The provisions of this chapter shall apply to shared micromobility device systems. For the purpose of this chapter, an applicant, a managing agent or system operator, and/or owner of a shared micromobility device system shall be jointly and severally liable for complying with the provisions of this chapter and this chapter, any other applicable ordinance and the system permit granted for the operation of the shared micromobility device system.
(Ord. No. 20-24, § 2, 2-12-2020)

Sec. 12-22-3. Definitions.

For the purpose of this chapter, the following words shall have the meanings indicated:

Bicycle shall have the meaning ascribed by Code of Ala. 1975, § 32-1-1.1.

Corral means shared micromobility device parking facilities that can accommodate a group of shared micromobility devices. A corral is typically installed on-street in lieu of a single vehicle parking space.

Customer or *user* means the individual who rents or uses a shared micromobility device provided by a system operator.

Director means the director of the City of Birmingham Department of Transportation, or any successor department.

Electric bicycle, also known as electric-assist or e-bike, means a bicycle equipped with a battery and an electric motor that is activated by pedaling and deactivates when not in use.

Geofencing means the use of GPS or RFID technology to create a virtual geographic boundary, enabling software to trigger a response when a mobile device enters or leaves a particular area.

Rack means a stationary fixture designed for securely attaching bicycles or shared micromobility devices when they are not in use.

Rebalancing means the process by which shared micromobility devices are redistributed to ensure availability throughout a service area and to prevent excessive buildup of shared micromobility devices at locations throughout the city by moving shared micromobility devices from an area of low demand to an area of high demand.

Service area means the geographical area within the City of Birmingham, as defined by the system permit, where the shared micromobility device system is authorized to offer service for its users/customers.

Shared micromobility device shall have the meaning ascribed by Code of Ala. 1975, § 32-1-1.1.

Shared micromobility device system shall have the meaning ascribed by Code of Ala. 1975, § 32-1-1.1.

System operator means any entity that owns, operates, redistributes, or rebalances shared micromobility devices and services a shared micromobility device system.

System permit means a franchise granted by the city to a system operator in order to operate a shared micromobility device system in the public rights-of-way or on permitted public property.
(Ord. No. 20-24, § 2, 2-12-2020)

Sec. 12-22-4. Shared micromobility device system permitting.

(1) *Unlawful to operate without authorization:* It shall be unlawful for a system operator to provide or operate a shared micromobility device system within the city without first obtaining a system permit which has been authorized as provided in this chapter, and any required business license.

(2) *Authorization:* A system operator shall apply for a system permit between April 1 and June 30 of any year by submitting to the city a verified application to provide a shared micromobility device system in the city limits and describing the proposed service area. The applicant must be the person who will own, control, or operate the proposed shared micromobility device system. The application, the form of which shall be approved by the director, must be accompanied by proof that a $500.00 application fee has been paid to the finance department and include these items:

(a) The form of business of the applicant and, if applicable, a copy of the documents establishing the business and the name and address of each person with an ownership interest in the business;

(b) Each address of the fixed facilities to be used by the business in the operation and the address of the applicant's corporate headquarters;

(c) Images and description of the shared micromobility devices and mobile application;

(d) Size of fleet at launch, and any planned fleet expansions during the system permit period;

(e) Service area at launch, including any planned expansions during the system permit period;

(f) A written plan for educating users on proper shared micromobility device operation and parking;

(g) A written plan for providing equitable access in neighborhoods and to communities and users that are underserved by mobility and transportation options, as described in section 12-22-6(d) of this chapter;

(h) A routine maintenance plan schedule and shared micromobility device charging plan for the electric batteries;

(i) The applicant's proposed pricing structure;

(j) The applicant's proposed rebalancing plan;

(k) A statement that neither the applicant, nor any entity affiliated with the applicant, including but not limited to parent companies or subsidiaries, has been subject to the revocation or termination of any permit, franchise, agreement or any other authorization to operate a micromobility or bike-share system in any other municipality or county in the United States within two years prior to the date of application or, if so, an explanation of the circumstances of such revocation or termination;

(l) A statement that neither the applicant nor any entity affiliated with the applicant, including but not limited to parent companies or subsidiaries, within two years prior to the date of application, has participated in any deployment or

transportation launches of micromobility or bike-share systems without proper authorization of the appropriate governing authority or, if so, an explanation of the circumstances thereof;

(m) A statement that the applicant has never terminated or cancelled a permit, franchise, agreement or any other authorization to operate a micromobility or bike-share system prior to the expiration thereof;

(n) A statement that the applicant has at least three years of experience operating micromobility or bike-share systems including fleet sizes of at least 250 devices in a United States municipality or county;

(o) Any other plans, documentation or information specified in this chapter;

(p) The verified signature of the applicant;

(q) Any other information deemed necessary by the director.

Any changes to the information provided in the system permit application must be reported to the director, in the manner prescribed by the director, within ten days following the change. Any change in ownership must be reported to the department of finance tax and license division within ten days following the change. Material changes in ownership and/or operations may require additional approvals, including a new application.

(3) Granting of an initial system permit shall be subject to the approval of the city council by passage of an ordinance.

(4) All ordinances or notices of the substance of an ordinance granting a franchise shall be published at the expense of the system operator to whom the franchise is granted.

(5) An initial system permit shall be valid from the date of issuance through the following June 30. Thereafter, a system permit will be effective for a period of one year, from July 1 through June 30 of the following year. System operators may request up to two consecutive annual administrative renewals of the system permit by the director by submitting a renewal application to the director or his/her designee with a nonrefundable permit renewal fee of $500.00 at least 30 calendar days before the expiration date of the system permit. The renewal application shall be on a form prescribed by the director. System operators are not entitled to and have no automatic right to renewal of their system permit, and must comply with any and all ordinances, regulations or policies that are duly and lawfully adopted by the City of Birmingham after a system permit is approved.

(6) Following two consecutive annual administrative system permit renewals by the director as provided in subsection (5) above, a system operator shall be required to re-apply for and obtain approval of a system permit in accordance with the requirements of subsections (2) through (4) above for an initial system permit.

(7) System operator will pay an annual program administrative fee of $20.00 per shared micromobility device to the city to cover costs associated with management and oversight of the system operator. Payment is required upon approval of a system permit and prior to any shared micromobility devices being made available for use within the city pursuant to an initial system permit and at the time of a renewal application for each year thereafter. In the event that the city increases the number of shared micromobility devices the system operator is authorized to operate within the city, the system operator will provide payment for the fleet increase prior to making additional shared micromobility devices available for use within the city.

(8) A system operator shall provide the city at least 14 days' prior written notice before ceasing operations.

(9) System operators must, at a minimum, comply with the requirements of section 12-22-6 of this chapter.
(Ord. No. 20-24, § 2, 2-12-2020)

Sec. 12-22-5. Suspension or revocation of system permit.

(a) *Suspension.*

(1) The director may suspend a system permit for up to 90 days if he or she determines

that the system operator failed to comply with a request to remove a shared micromobility device or a request to rebalance shared micromobility devices issued by the city, within the time specified in the director's request. Written notice of suspension shall be made by the director to the system operator.

(2) Suspension of a system permit does not affect the expiration date of the system permit.

(3) An appeal to the city council from a suspension of more than ten days may be made by filing a letter with the city clerk requesting a public hearing within three days of receiving the suspension order. The hearing shall be set for the next council meeting following receipt of the appeal letter.

(b) *Revocation.* The city council shall revoke a system permit, after due notice and a hearing, if the council determines that the system operator has:

(1) Made a false statement as to a material matter in the application concerning the system permit;

(2) Failed to maintain the insurance required by this chapter;

(3) Failed to maintain the performance bond or irrevocable letter of credit required by this chapter;

(4) Operated shared micromobility devices that were not authorized by the system permit;

(5) Failed to pay a fee required by this chapter;

(6) Violated any of the requirements of this chapter or any of the rules and regulations as established or approved by the city council;

(7) Operated the shared micromobility device system in such a manner as to be detrimental to the public health, safety or welfare or so as to constitute a nuisance;

(8) Persisted in permitting system operator's shared micromobility devices to be operated in violation of any law or any section of this chapter, after notice of, and failure to correct, such illegal operation;

(9) Allowed any of system operator's equipment to become damaged, deteriorated or unclean to the extent that they are unsatisfactory for public use; or

(10) Failed to comply with applicable federal, state or local laws, ordinances or regulations.

(c) *Fleet reduction.* A system operator is subject to a fleet size reduction or total permit revocation, after notice to the system operator and a public hearing conducted by the city council, should the following occur:

(1) If violations of the regulations set forth in this chapter are not addressed in a timely manner; or

(2) Ten unaddressed violations of the regulations set forth by this chapter within a 30-day period; or

(3) Knowingly submitting inaccurate data with no corrective action by the system operator.

(d) In the event of a reduction or revocation, the city clerk shall provide written notice of the reduction or revocation via U.S. mail, informing the system operator of the reduction or system permit revocation.

(e) After revocation of a system permit, a system operator may not be eligible for another system permit for a period of at least six months, but not to exceed two years, depending on the severity of the violation resulting in the revocation.

(f) Any person whose application for a system permit, or renewal of a system permit, is denied, or whose system permit has been revoked or whose fleet has been reduced, may file an appeal as permitted by law.
(Ord. No. 20-24, § 2, 2-12-2020)

Sec. 12-22-6. Shared micromobility device system requirements.

(a) *General regulations pertaining to shared micromobility devices.*

(1) All bicycles utilized in a shared micromobility device system shall conform with the standards set forth in Title 16, Code of Federal Regulations, Chapter II, Subchapter C, Part 1512 - Requirements for Bicycles, the safety standards outlined in ISO 43.150 - Cycles, subsection 4210, and Alabama law, including but not limited to Code of Ala. 1975, § 32-5A-265.

(2) All electric bicycles utilized in a shared micromobility device system shall conform to the standards and equipment requirements set forth in the Code of Alabama for Bicycles and Electric Bicycles, Consumer Product Safety Commission (CPSC) Public Law 107-319 (low speed electric bicycles) and with this chapter or any other applicable city ordinance.

(3) All scooters utilized in a shared micromobility device system shall conform with the standards set forth in Code of Alabama, including but not limited to Code of Ala. 1975, § 32-1-1.1(60), as amended by Act No. 2019-437, Consumer Product Safety Commission (CPSC) Public Law 107-319 (low speed electric bicycles) and with this chapter or any other applicable city ordinance.

(4) The director is authorized to adopt safety standards to address other types of shared micromobility devices, including but not limited to non-electric types of powered shared micromobility devices, if he or she chooses to allow them.

(5) Unless otherwise authorized, system operators shall not allow a shared micromobility device to be operated in areas outside of the City of Birmingham public right-of-way.

(6) All shared micromobility devices utilized shall comply with the lighting standards set forth in the Code of Alabama, and shall be equipped with reflectors, lights, and reflective markings. Shared micromobility devices shall be equipped with a brake, a horn or bell or other such signaling device by which to audibly warn pedestrians, and, for those units that operate at nighttime, a front light that emits white light and a red light and reflector at the rear of the unit.

(7) All shared micromobility devices utilized shall include easily accessible and identifiable language that clearly directs users to customer support mechanisms, including but not limited to a customer service phone number, websites, and applications.

(8) Scooters and electric bicycles must have a top electric motor-powered speed of not more than 20 miles per hour on a paved level surface.

(9) Shared micromobility devices are to be operated at a user's own risk or the risk of the system operator, and no representation is being made by the city as to the condition of any street.

(10) All shared micromobility devices utilized shall include a marking legible and clearly visible to the public indicating that the vehicle is a shared micromobility device and identifying the system operator that was granted the system permit.

(11) All shared micromobility devices utilized shall have displayed thereon an easily accessible and legible unique identification number. The contact information of the system operator shall also be displayed on the shared micromobility device and easily accessible.

(12) All shared micromobility devices utilized shall be equipped with GPS or a comparable technology that can report the location of a unit at any time for the purposes of use, recovery, repair, data collection, and incident investigation.

(13) Shared micromobility devices shall employ tamper-resistant security hardware.

(14) A shared micromobility device shall not display third-party advertising.

(15) Shared micromobility devices must be high quality and sturdily built to withstand the effects of weather and constant use for five years.

(16) Shared micromobility devices must be well maintained and in good riding condition.

(17) All shared micromobility devices utilized must include a kickstand or mechanism capable of keeping the shared micromobility devices upright when not in use.

(18) System operators must include release language, consistent with the language below, in its shared micromobility device system's user sign-up process, and each user registered in the shared micromobility device system must affirmatively sign or check a box within the application notating consent to the release:

"For and in consideration of rental and use of the shared micromobility device, rider, for himself or herself and on behalf of rider's heirs, executors, administrators and assigns, forever releases and relinquishes and discharges the City of Birmingham and its elected and appointed officials, officers, employees, agents, contractors, and volunteers (collectively, the "city") from any and all claims, demands, disputes, losses, liabilities, debts, liens, charges, penalties, proceedings, causes of action and damages including for personal injury, wrongful death, property damage."

(19) If the city incurs any costs addressing or abating any violations of this section, or incurs any costs of repair or maintenance of public property, the system operator shall reimburse the city for the costs within 30 days of receiving written notice from the city.

(20) A system operator shall not adversely affect the property of any third parties during the use of city property or the public right-of-way.

(21) A system operator shall educate customers regarding the law applicable to riding, operating, and parking a shared micromobility device. A system operator's mobile application, website and written materials made available for public consumption, must provide information notifying the user that:

a. Users of a shared micromobility device must comply with the rules of the road applicable to bicycles and other vehicles;

b. Shared micromobility devices must be parked legally and properly;

c. Users of a shared micromobility device must yield to pedestrians on sidewalks and designated paths;

d. Use of helmets is strongly encouraged; and

e. Shared micromobility devices may not be ridden on sidewalks.

(22) System operators must acknowledge and agree that the city is not responsible for educating users regarding applicable laws. Neither shall the city be responsible for educating users on how or where to ride or operate a shared micromobility device.

(b) *Parking and right-of-way.*

(1) Use of public sidewalks for parking shared micromobility devices shall comply with state laws and city parking ordinances and must not:

a. Adversely affect traffic upon the streets or sidewalks;

b. Inhibit pedestrian movement;

c. Inhibit the ingress and egress of vehicles parked on- or off-street;

d. Create conditions which are a threat to public safety and security;

e. Obstruct any pedestrian pathway. Shared micromobility devices shall be parked in a manner as to afford the least obstruction to pedestrian traffic and shall in no event cause a

pedestrian pathway to have less than four feet of the pathway clear for pedestrian traffic.

(2) Shared micromobility devices shall not be parked in a way that impedes access to other transportation systems, bus stops or stands, parking spaces or lots, racks, corrals, other shared micromobility device systems or to any other business.

(3) Shared micromobility devices shall not be parked in the following restricted areas:

In the area within or immediately adjacent to:

a. Americans with Disabilities Act (ADA) accommodations including curb ramps, braille signs, railings and signal push buttons;

b. Sidewalk cafes or street patios;

c. Transit zones, including bus stops, shelters, passenger waiting areas, and bus layover and staging zones, except at existing bicycle racks;

d. On-street parking spots;

e. Loading zones;

f. Disabled parking zones or other facilities specifically designated for accessibility by persons with disabilities;

g. Street furniture that requires parking access (e.g., benches, pay stations);

h. Parklets;

i. Business or residential entryways;

j. Driveways;

k. Crosswalks;

l. In any travel lanes, bicycle lanes, crosswalks;

m. Within 15 feet of fire hydrants, drinking fountains, machines or equipment that requires pedestrian access, public art and any fixed regulatory or informational sign.

(4) Shared micromobility devices shall not be parked in a manner that in any way violates Americans with Disabilities Act (ADA) accessibility requirements.

(5) Shared micromobility devices shall always be parked upright.

(6) Geofenced areas may be defined by the system permit, or the city may create geofenced areas where shared micromobility devices either shall not be parked or must be parked. A system operator must have the technology available to operate these requirements upon request.

(7) The city may create designated parking zones in certain areas and install racks or corrals in such parking zones where shared micromobility devices shall be parked. Before the end of each calendar day, a system operator shall remove any of its shared micromobility devices not parked a designated parking zone.

(8) Upon issuance of a system permit, system operator shall pay to the city an annual fee of $100.00 for each such rack or corral installed by the city.

(9) Shared micromobility devices parked so as to obstruct vehicular or pedestrian traffic may be ticketed and/or removed by a law enforcement officer or other duly authorized city personnel and impounded or disposed of as abandoned property or unclaimed and surplus property. The system operator must pay the city a fee of up to $50.00 to obtain the return of each shared micromobility device impounded. The city may charge any unpaid impoundment fees against the system operator's performance bond provided in accordance with section 12-22-8.

(10) Shared micromobility devices that remain in one location, other than designated micromobility parking zones, for more than 72 consecutive hours without moving, may be ticketed and/or removed by a law enforcement officer or other duly authorized city personnel and impounded

or disposed of as abandoned property or unclaimed and surplus property. The system operator must pay the city a fee of up to $50.00 to obtain the return of each shared micromobility device impounded. The city may charge any unpaid impoundment fees against the system operator's performance bond provided in accordance with section 12-22-8.

(11) Bicycles, electric bicycles and scooters utilized by a system operator must have the capability of being locked from use when not in use.

(c) *Maintenance, operations, and fleet size.*

(1) A system operator shall not allow a shared micromobility device to be rented by a minor as defined by Code of Ala. 1975, § 26-1-1. No person shall allow a minor less than 19 years of age to operate a shared micromobility device, provided, however, that a 18-year old minor may operate a shared micromobility device rented by a parent or legal guardian only after such parent or guardian has named the minor and provided written permission for use by the minor to the system operator at the time of the short term rental.

(2) System operators must comply with Code of Ala. 1975, § 32-5A-284.

(3) Shared micromobility devices must only be available to customers at rates that are clearly and understandably communicated to the customer prior to use. Any changes in pricing structure shall be provided to users and to the city in writing at least 14 business days before the changes go into effect.

(4) System operators must provide details on how users can utilize the service without a smartphone.

(5) System operators participating in the shared micromobility device system must rebalance shared micromobility devices daily based on use within the designated service area as defined by the system permit.

(6) Shared micromobility devices that are inoperable/damaged or do not comply with other subsections of this Code must be removed by the system operator within one and one-half hours upon receipt of the complaint between the hours of 7:00 a.m. and 7:00 p.m., seven days per week and within three hours upon receipt of the complaint at all other times. An inoperable or damaged shared micromobility device is one that has non-functioning features (i.e., gear selectors, pedals, bell, lights, etc.) or is missing components (i.e., fenders, grips, chain guards, etc.) as applicable to that vehicle. A system operator whose shared micromobility device is inoperable or damaged or that has non-functioning features, and which is relocated or impounded is subject to all fines and costs set forth in section 12-22-6(b)(9) and (10) of this chapter or as otherwise provided by law. A shared micromobility device removed from the right-of-way in accordance with this subsection must be repaired before it is returned to revenue service.

(7) The system operator shall be capable of remotely disabling the use of a unit should it be reported or found to have a safety, maintenance or other hazardous condition. Shared micromobility devices that are reported as unsafe or non-functional shall be immediately deactivated for rental and removed from operations until sufficiently repaired.

(8) The mayor or any law enforcement officer or other duly authorized city personnel, at his or her discretion and without notice, may remove shared micromobility devices from the streets or rights-of-way if an emergency arises. In such instances, the city will attempt to notify the system operator as soon as reasonably practicable thereafter.

(9) System operators must detail a plan to relocate the shared micromobility devices to a safe, indoor facility within 24 hours in the result of a declared weather event. The plan must detail the amount of time it will take to remove all shared micromobility devices from circulation once a storm warning has been established.

(10) System operators must cooperate with the mayor's office, department of transportation, the department of public works, police department and any other relevant entity to ensure public safety during special events, construction, or emergency conditions. Cooperation to ensure public safety may include removing shared micromobility devices from a specific area, prohibiting riding and/or parking in certain areas, or establishing reduced speed zones. System operators may be invited to participate in special event planning and must be prepared to submit temporary operation plans to the city for special events, as requested.

(11) The city may have removed and stored, any shared micromobility device that is left parked at the same rack or corral location for seven or more consecutive days, if the city has sent the system operator a notification to rebalance the shared micromobility devices.

a. The system operator is responsible for removal and storage costs.

b. Any shared micromobility device that remains unclaimed with the city for 60 days is subject to sale or disposition as unclaimed and surplus property.

(12) The system operator's phone application must clearly direct users to customer support mechanisms, including but not limited to phone numbers or websites.

(13) The system operator must provide a staffed, toll-free customer service line which must provide support 24 hours per day, 365 days per year. The customer service center must be capable of accepting calls/re-routed information from the city's 311 service or its equivalent.

(14) The system operator must provide a direct and local customer service or operations staff contact to the city.

(15) A system operator's initial fleet must be a minimum of 100 shared micromobility devices. System operator's initial fleet may not exceed more than 500 shared micromobility devices. System operators may request an increase to their initial shared micromobility device mobility fleet size following 90 days after initial agreement, each request shall include a rationale and analysis to justify the additional fleet size. Authorization of additional shared micromobility devices is at the discretion of the mayor or the city council to the extent provided in the system permit. The city will review average daily trips for each device, determined by monthly usage. The city may require a portion of the units to be relocated or removed if average usage is determined to be too low.

(16) The city desires that system operators provide a variety of shared mobility devices to accommodate a range of users and serve a variety of transportation needs. Accordingly, a system operator's fleet of shared micromobility devices must maintain a ratio of one bicycle or electric bicycle for every two scooters operated under one brand and available to users under one mobile application. The director is authorized to adopt additional fleet composition requirements to address other types of shared micromobility devices added to a system operator's fleet.

(17) System operators shall ensure that on a regular basis, but no less than monthly, and weekly for heavily used devices, that all shared micromobility devices are inspected, maintained, and replaced as necessary by properly trained, insured staff or contractors. System operator must identify and provide address for a loca-

tion within the city limits which serves as the operations and charging facility. System operator must provide a routine maintenance schedule and shared micromobility device charging plan for the electric batteries as part of the system permit. Shared micromobility devices shall be inspected when removed from routine service, to ensure that all of its components are present and functioning properly.

(18) System operators deploying electric-assist units shall have a program to ensure proper recycling of batteries and disposal of these batteries under universal waste battery disposal standards under Title 40 of the Code of Federal Regulations 28 (CFR) in part 273.

(19) The city council, at its discretion, reserves the right to cap the total number of shared micromobility devices permitted to operate within city limits.

(20) Shared micromobility devices, except bicycles, shall not be enabled for public use between the hours of 11:00 p.m. to 6:00 a.m. The city, at its discretion, may adjust the hours of operation based on local conditions. A system operator must have the ability to implement any modifications to hours of operation within 48 hours of written or emailed notice.

(d) *Equity.*

(1) System operators must provide service in all service areas as identified by the system permit. This includes rebalancing shared micromobility devices as needed in order to maintain a reasonable level of convenience in renting a shared micromobility device.

(2) System operator shall submit with its application to the city plans for allowing use by customers without a bank account or credit card.

(3) System operator shall submit with its application to the city plans for allowing access to shared micromobility devices by customers with disabilities.

(4) System operators shall have a plan to provide equitable access in neighborhoods and to communities and users that are underserved by mobility and transportation options.

(5) Permitted system operators are encouraged to:

a. Provide pricing options that address the needs of low-income residents; and

b. Provide discount programs to low-income individuals.

(e) *Data sharing.*

(1) All permitted system operators shall provide the City of Birmingham with the following data on a monthly basis in PDF and Excel format or through a real time cloud-based data dashboard:

a. Anonymized aggregated data showing the number of shared micromobility devices in circulation;

b. Number of daily, weekly, and monthly riders;

c. Total number of miles traveled by users (daily, monthly, quarterly, annually);

d. Average time each shared micromobility device spends available (not in use);

e. Number of rides per user per day;

f. Number of rides per shared micromobility device per day;

g. Duration of rides per rider per day as well as rides per shared micromobility device;

h. Average duration of ride per day of the week;

i. Anonymized aggregated monthly data of shared micromobility device distribution and GPS-based natural movement in heat map format;

j. Anonymized aggregated monthly data specifics on origin/destination data points of the shared micromobility devices;

k. Summary of fleet numbers lost to the vandalism;

l. Summary of customer comments/ complaints, resolution to, and time it took to resolve each complaint;

m. Summary of repairs per shared micromobility device per month.

(2) All permitted system operators shall provide to the city the following data within 14 days following the end of each calendar quarter, in ESRI ArcGIS .shp format, or other format specified in the system permit:

Field Name	Format	Description
Operator Name	Operator Name	n/a
Type of vehicle	Bike, E-Bike, Scooter	n/a
Trip record number	xxx0001, xxx0002, ...	3-letter Operator acronym +consecutive trio #
Trip duration	MM:SS	n/a
Trip distance	Feet	n/a
Start date	MM, DD, YYYY	n/a
Start time	HH:MM:SS {00:00:00-23:59:59)	n/a
End date	MM,DD,YYYY	n/a
End time	HH:MM:SS (00:00:00—23:59:59)	n/a
Start location	Latitude; Longitude	n/a
End Location	Latitude; Longitude	n/a
ID number	xxxx1, xxxx2 ...	Unique identifier for each Shared Micromobility Device
User Home Zip Code	33301 (example)	Home zip code of User (can be credit card-based)

(3) All permitted system operators shall distribute a quarterly customer satisfaction survey, the summary and raw results of which shall be provided to the city.

(4) All permitted system operators shall provide real-time or semi-real-time shared micromobility device location data via a publicly accessible API in mobility data specification (MDS) format and guidelines. The city reserves the right to post this information through a publicly available portal.

(5) System operator shall keep a record of reported collisions in a format as determined by the director.

(6) System operator shall keep a record of maintenance activities which includes the device or unit identification number and maintenance performed.

(7) System operator shall be responsible for implementing and submitting to the city a privacy policy that safeguards users' information, including personal, financial, and travel information.

(8) System operator shall not require users or customers to grant location services to use the system operator's shared micromobility device system, while the application is not in use. All other private data belonging to the user, including but not limited to contacts, photos and files, shall not be required to be shared in order to use the system operator's shared micromobility device system.

(9) All system operators handling users credit card data should be compliant with payment card industry data security standards (PCI DSS).

(10) System operator shall not require users or customers to share their private data with third parties in order to use the system operator's shared micromobility device system.

(11) System operator may allow users or customers to opt-in (not opt-out) to providing access to their contacts, photos, files,

other private data and third party data sharing only with clear notice to the customer.

(12) System operator shall provide the director with updates to the terms of service, including but not limited to the privacy policy, terms and conditions of use, and the end user license agreement (EULA) published on the system operator's website and app and agrees to provide all customers and the city any changes to the terms of service immediately upon adoption.

(13) On a monthly basis, all system operators shall provide to the city a complaint history report including the number of complaints, the nature of the complaints, and the time it took to remedy the complaint.

(14) On a monthly basis, all system operators shall provide to the director a collision history report including the number, severity, location and time of crash, in a format as determined by the director.

(15) The system operator shall provide the director or a city-authorized third party, with real-time and historical information for their entire fleet through a documented web-based application programming interface (API). The system operator is directly responsible for providing the API key to the director and shall not refer the city to another subsidiary or parent company representative for API access. The API shall deliver data according to the most current city authorized specifications, in a manner that protects individual user privacy.

(16) A system operator found to be submitting incomplete or inaccurate data, such as underrepresenting the total number of units in service, shall have its system permit revoked.

(Ord. No. 20-24, § 2, 2-12-2020)

Sec. 12-22-7. Indemnification and insurance.

(a) As a condition of the grant of a system permit the system operator shall agree to indemnify, hold harmless and defend the City of Birmingham, its representatives, employees, and elected and appointed officials, from and against all liability, claims, damages, suits, losses, and expenses of any kind, including reasonable attorney's fees and costs for appeal, associated with or arising out of, or from the system permit, the use of the streets, rights-of way or city-owned property for the shared micromobility device system operations or arising from any negligent act omission or error of the system operator, owner or, managing agent, its agents or employees or from the failure of the system operator, its agents or employees, to comply with each and every requirement of this chapter or with any other federal, state, or local traffic law, ordinance or any combination of same.

(b) The system operator shall provide and maintain such public liability and property damage insurance to protect the City of Birmingham, its representatives, employees, and elected and appointed officials, from all claims and damage to property or bodily Injury, including death, which may arise from any aspect of the shared micromobility device system or its operation. Such insurance shall be provided from an insurance company with an AM Best rating of not less than "A" and a financial strength rating of not less than "VII," acceptable to the city and shall provide commercial general liability insurance coverage with a limit of no less than $1,000,000.00 for each occurrence and $3,000,000.00 aggregate. Such insurance shall be without prejudice to coverage otherwise existing and shall name as additional insured the city, its officers and employees, and shall further provide that the policy shall not terminate or be canceled prior to the termination of the system permit without 30 days' written notice prior to the termination to the city, filed with the city clerk, at the address shown in the system permit.

(c) If a system operator will utilize motor vehicles in its operations, the business automotive liability insurance must cover owned, hired, and non-owned vehicles, with a combined single limit for bodily injury (including death) and property damage of $500,000.00 per occurrence.

(d) In addition to the requirements of subsection (a), (b) and (c), the system operator shall provider workers' compensation coverage as

required by law and shall provide additional insurance and comply with any revised indemnification provision specified in the system permit.

(e) The system operator shall provide proof of all required insurance prior to receiving a system permit for a share micromobility device system and upon each renewal thereafter.

(f) A system operator may not be self-insured.

(g) Any insurance policy required by this chapter must be on file with the city within 45 days following the issuance of the initial operating system permit, and thereafter within 45 days following the expiration or termination of a previously issued policy.
(Ord. No. 20-24, § 2, 2-12-2020)

Sec. 12-22-8. Performance bond.

Before issuance of a system permit, the system operator shall give the city a performance bond approved as to form by the city attorney. system operator shall have a performance bond of $100.00 per unit. The form of the bond shall also be approved by the city. These funds shall be accessible to the city for future public property repair and maintenance costs that may be incurred, removing and storing units improperly parked, if a company is not present to remove units if its system permit is terminated or to recover damages, fees, fines, or penalties due from the system operator for violation of any provision of this chapter or the system permit. If a system operator increases the size of its fleet, the performance bond shall be adjusted appropriately before deploying additional units.
(Ord. No. 20-24, § 2, 2-12-2020)

Sec. 12-22-9. Use of fees.

All fees paid to the city pursuant to this chapter are intended to be used by the city for costs associated with administration of system permits and the shared micromobility device program, enforcement of this chapter, oversight, construction and maintenance of shared micromobility device parking, active transportation maintenance activities, and/or active transportation street, sidewalk, or bike path improvements or studies.
(Ord. No. 20-24, § 2, 2-12-2020)

Sec. 12-22-10. Penalties.

Any violation of this chapter shall be unlawful and subject to the penalties imposed pursuant to section 1-1-6 of the General Code of the City of Birmingham.
(Ord. No. 20-24, § 2, 2-12-2020)

Sec. 12-22-11. Interpretation.

References in this chapter to any statute, code section or ordinance shall be deemed to refer to such statute, code section or ordinance as currently in effect or as amended from time to time and to any rules or regulations promulgated thereunder.

PREFACE

This Code constitutes a recodification of the general and permanent ordinances of the City of Birmingham, Alabama.

Source materials used in the preparation of the Code were the 1980 Code, as updated through October 1, 2013, and ordinances subsequently adopted by the city council. The source of each section is included in the history note appearing in parentheses at the end thereof. The absence of such a note indicates that the section is new and was adopted for the first time with the adoption of the Code. By use of the comparative tables appearing in the back of this Code, the reader can locate any section of the 1980 Code, as updated, and any subsequent ordinance included herein.

The various sections within each title have been catchlined to facilitate usage. Notes which tie related sections of the Code together and which refer to relevant state law have been included. A table listing the state law citations and setting forth their location within the Code is included at the back of this Code.

Title, Chapter and Section Numbering System

The title, chapter and section numbering system used in this Code is the same system used in many state and local government codes. Each section number consists of three parts separated by a hyphen. The figure before the first hyphen refers to the title number, the figure after the first hyphen refers to the chapter number, and the figure after the second hyphen refers to the position of the section within the title and chapter. Thus, the first section of chapter 1 in title 1 is numbered 1-1-1, and the second section of chapter 1 in title 1 is 1-1-2. Under this system, each section is identified with its title and chapter, and at the same time new sections can be inserted in their proper place by using decimals for amendments. For example, if new material consisting of one section that would logically come between sections 1-1-1 and 1-1-2 is desired to be added, such new section would be numbered 1-1-1.1. New articles and new divisions may be included in the same way or, in the case of articles, may be placed at the end of the chapter embracing the subject, and, in the case of divisions, may be placed at the end of the article embracing the subject. The next successive number shall be assigned to the new article or division. New titles may be included by using one of the reserved title numbers.

Page Numbering System

The page numbering system used in this Code is a prefix system. The letters to the left of the colon are an abbreviation which represents a certain portion of the volume. The number to the right of the colon represents the number of the page in that portion. In the case of a title of the Code, the number to the left of the colon indicates the number of the title. In the case of an appendix to the Code, the letter immediately to the left of the colon indicates the letter of the appendix. The following are typical parts of codes of ordinances, which may or may not appear in this Code at this time, and their corresponding prefixes:

MAYOR-COUNCIL ACT MCA:1
MAYOR-COUNCIL ACT COMPARATIVE TABLE MCACT:1
CODE OF ORDINANCES CD1:1
CODE APPENDIX CDA:1
CODE COMPARATIVE TABLES CCT:1
STATE LAW REFERENCE TABLE SLT:1
MAYOR-COUNCIL ACT INDEX MCAi:1
CODE INDEX CDi:1

Indexes

The indexes have been prepared with the greatest of care. Each particular item has been placed under several headings, some of which are couched in lay phraseology, others in legal terminology, and still others in language generally used by local government officials and employees. There are numerous cross references within the indexes themselves which stand as guideposts to direct the user to the particular item in which the user is interested.

Looseleaf Supplements

A special feature of this publication is the looseleaf system of binding and supplemental servicing of the publication. With this system, the publication will be kept up to date. Subsequent amendatory legislation will be properly edited, and the affected page or pages will be reprinted. These new pages will be distributed to holders of copies of the publication, with instructions for the manner of inserting the new pages and deleting the obsolete pages.

Keeping this publication up to date at all times will depend largely upon the holder of the publication. As revised pages are received, it will then become the responsibility of the holder to have the amendments inserted according to the attached instructions. It is strongly recommended by the publisher that all such amendments be inserted immediately upon receipt to avoid misplacing them and, in addition, that all deleted pages be saved and filed for historical reference purposes.

Acknowledgments

This publication was under the direct supervision of Jim Jenkins, Senior Code Attorney, and Beth Tattershall, Editor, of the Municipal Code Corporation, Tallahassee, Florida. Credit is gratefully given to the other members of the publisher's staff for their sincere interest and able assistance throughout the project.

The publisher is most grateful to Mr. Thomas Bentley, III, Acting City Attorney, Ms. Julie Barnard, Assistant City Attorney, and Mr. Sonny Bass, former Assistant City Attorney, for their cooperation and assistance during the progress of the work on this publication. It is hoped that their efforts and those

of the publisher have resulted in a Code of Ordinances which will make the active law of the city readily accessible to all citizens and which will be a valuable tool in the day-to-day administration of the city's affairs.

MAXINE HERRING PARKER
1944 - 2013

In November 2005, Maxine Herring Parker was elected to serve as the Birmingham City Council representative for District 4. During the election, Councilwoman Parker's platform focused on bettering the quality of life for citizens in her District. In August 2013, she was re-elected to a third term, and by a unanimous vote, her colleagues selected her President of the 2013-2017 City Council. Throughout her tenure on the Council, she promoted economic and community development as well as championed environmental issues, which led to passage of a Vehicular/Pedestrian Bridge on F.L. Shuttlesworth Drive and Environmental Protection Agency investigations into hazards plaguing District 4 residents.

Parker retired as a 41-year employee of Talladega College, Alabama's oldest historically Black College; it was founded in 1867. She served as the Executive Assistant for the President and was delighted to have served for 27 years as Secretary to the Talladega College Board of Trustees. Her 41-year tenure at Talladega afforded her the opportunity to serve under the administration of six Presidents and six Board of Trustee Chairpersons.

She was a lifelong member of Oak Street Baptist Church where she actively engaged in all facets of the church. She served as the Clerk-Secretary, was a member of the Flora Herring Mission and Women's Sunday School Bible Class. Her life's goal was epitomized by the words, "If I can help somebody as I pass along, then my living shall not be in vain."

Councilor Maxine Herring Parker transitioned from this life on Tuesday, November 12, 2013.

MIRIAM DENISE WITHERSPOON
1960 - 2009

In November 2005, Miriam Denise Witherspoon was elected to serve as the Birmingham City Council representative for District 7. During the election, Councilwoman Witherspoon's platform focused on the elderly, physically challenged and children.

Ms. Witherspoon, a Mobile native, made history when she became Birmingham's first wheelchair-bound person to win a seat on the Council. Her leadership was immediately evident as she was voted President Pro Tempore by her colleagues.

Injured near the end of her junior year in law school in a car accident while on a school break, her spinal cord was severed in the accident, leaving her paralyzed but not defeated. Witherspoon was an honors graduate who majored in Political Science and History at Alabama A&M University.

She graduated Magna Cum Laude and second in her class from Miles Law School. She passed the bar after the first test and practiced law beginning in 1990. She was named Miss Wheelchair Alabama 1989-1990.

Council President Pro Tempore Witherspoon transitioned from this life on Tuesday, April 21, 2009.

***Editor's note—**Part 2 of this volume is a compilation of the Mayor-Council Act of 1955, adopted as Act No. 452 on page 1004 of the Alabama Session Laws of 1955. Amendments are indicated by parenthetical history notes following amended provisions. The title, enactment, severability, repealer, transitional, ratification, publication and effective date provisions have been omitted, and where a section has been amended or repealed by a later provision, only the current language has been printed. Any material in brackets has been added for purposes of clarity.

At the end of each section appears a historical note reference to the base act and amendatory acts, if any. The absence of amendatory references in a history note indicates that the provision remains unchanged from the base act. The editor has added section numbers and catchlines to facilitate use of this compilation and indexing; however, formal citations should be to the original act, and not to this compilation. Obvious misspellings and punctuation errors have been corrected without notation. For stylistic purposes, headings and catchlines have been made uniform, and the same system of capitalization, citation to state statutes, and expression of numbers in text as appears in the Code of Ordinances has been used.

ARTICLE I. ADOPTION OF MAYOR-COUNCIL FORM OF GOVERNMENT, ELECTION, AND TERM OF COUNCIL

Sec. 1.01. Cities to which Act applies.

Any city in the State of Alabama, which has a population of more than 300,000, according to the last federal census, or which may hereafter have such population according to any federal census that may be taken hereafter, may adopt the mayor-council form of government by proceeding in the manner hereinafter in this Act provided.
(Acts 1961, p. 1617 (Act No. 1030), § 2; Acts 1965, p. 197 (Act No. 131), § 1)

Sec. 1.02. Petition for election.

The filing of a petition signed by ten percent or more of the qualified electors of such city, asking that the proposition of the adoption of the mayor-council form of government for such city be submitted to the qualified voters thereof, with the judge of probate of the county in which such city is located, shall mandatorily require an election to be held as herein provided. Whenever such a petition purporting to be signed by at least ten percent of the qualified voters of such city shall be presented to such judge of probate, he shall examine such petition and determine whether or not the same is signed by at least ten percent of the qualified voters of such city, and if such petition is signed by the requisite number of voters to require such an election, he shall within 15 days from the receipt of such petition certify such fact to the mayor or other chief executive officer of the city for which such election is so petitioned, and the certificate of the judge of probate as to the sufficiency of said petition shall be final.

Sec. 1.03. Call of election by mayor.

The mayor or other chief executive officer of such city shall immediately upon receipt of such certificate from the probate judge, by proclamation, submit the question of the adoption of the mayor-council form of government for such city, under this Act, at a special election to be held at a time specified in such proclamation, not less than 40 days and not more than 60 days after the receipt of said certificate from said probate judge, unless a general or regular election is to be held within 90 days after receipt of such certificate, in which event the special election herein provided for shall be held at the same time as such general or regular election. Should the election not be called by proclamation within ten days after receipt of his certificate, the judge of probate shall call such election by order at a time specified therein but not less than 40 days and not more than 60 days after the receipt by said mayor or other chief executive officer of the said certificate of the probate judge.

Sec. 1.04. Second election not called within two years.

If the mayor-council form of government is not adopted at the special election so called, the question of adopting such form of government shall not be resubmitted to

the voters of such city for adoption within two years thereafter, and then the question of adopting said form of government may be resubmitted in the manner above provided.

Sec. 1.05. Proposition submitted; form of ballot.

At such election the proposition to be submitted shall be printed in plain prominent type on ballots separate and distinct from ballots used for any other office or question, and shall read as follows:

"Shall the mayor-council form of government, as provided by the Mayor-Council Act of 1955, be adopted for the City of _____?

"Yes ____.

"No ____."

The voter shall mark his ballot with a cross mark before or after the word which expresses his choice. No other proposition shall be submitted to the voters of such city upon this ballot. If voting machines are used at any voting place in such election, the above proposition may at the discretion of the election commission or other body or official having charge of the conduct of municipal elections in such city, be submitted as a separate proposition on voting machines so used.

Sec. 1.06. Conduct, canvassing and declaration of result of election.

The election thereupon shall be conducted, the vote canvassed and the result declared in the same manner as provided by law in respect to other city elections in such city. If the majority of the votes shall be "yes" or in favor of such proposition, the provisions of this Act shall thereby be adopted for such city, and the election commission or other canvassing board or official shall transmit to the governor, to the secretary of state, to the judge of probate of the county and to the chief executive officer of the city, a certificate stating that such proposition was adopted by such city.

Sec. 1.07. Election of first council and first mayor; term of office.

Immediately upon the adoption of such form of government, the probate judge of the county with whom the petition was filed shall call an election to be held under and to be governed by this Act not less than 90 days nor more than 120 days after the date of such call, the expense thereof to be paid by such city, for the election at large of nine councilmen and a mayor by the qualified voters of such city. The nine candidates for the council receiving a majority of the votes cast in said election shall be elected to the council; and in the event that nine candidates should fail to receive such a majority, then and in that event those candidates for the council receiving a majority shall be elected, and another election shall be held upon the same day of the week four weeks thereafter to be called and held in the same mode and manner and under the same rules and regulations. In the second election there shall be two candidates for each

place upon the council to be filled in such second election; and these candidates shall be the ones who received the highest number of votes but who were not elected at the first election. The candidate or candidates for the council receiving the highest number of votes cast in the second election shall be elected, so that in the first and second elections only nine councilmen shall be elected. The terms of office of such candidates so elected shall commence immediately upon their election and qualification. The four such councilmen so elected receiving the largest number of votes in the first election, if at least four councilmen are elected thereat, shall hold office until the second Tuesday in November of that year ending in an odd number which would give them a term of office most closely approximating four years and until their successors are elected and qualify. If four councilmen are not elected at the first election, then those who are elected at such second election and the councilmen receiving the highest vote at the second election sufficient to bring the total number of such councilmen to four, shall hold office as provided in the preceding sentence. The remaining five such councilmen so elected shall hold office until the second Tuesday in November of that year ending in an odd number which would give them a term of office most closely approximating two years and until their successors are elected and qualify. The candidate for mayor receiving the largest number of votes for the office at the first election shall be elected thereto, provided such candidate receives a majority of all votes cast for such office. If at the first election no candidate received a majority of the votes cast for the office of mayor at such election, then another election shall be held upon the same day of the week four weeks thereafter to be called and held in the same mode and manner and under the same rules and regulations. In the second election there shall be two candidates for the office of mayor; and these candidates shall be the two who received the highest number of votes for said office at the first election. In the election of the first council and first mayor and all subsequent elections held under the provisions of this Act, no vote shall be permitted by writing in a person's name on the ballot and, further, no name shall appear upon the ballot as a candidate for election except the names of such persons as have become candidates according to the provisions of this Act.
(Acts 1973, p. 307 (Act No. 275), § 1)

Sec. 1.08. The council.

The councilmen provided for in this [article] shall be known collectively as the council of the City of (name of said city to be inserted) and shall have the powers and duties hereinafter provided. The councilmen first elected shall qualify and take office in the manner hereinafter prescribed on the second Monday following the date the election of all nine councilmen is completed, and thereupon such city shall at that time and thereby be and become organized under the mayor-council form of government provided under this Act, and shall thereafter be governed by the provisions of this Act.

ARTICLE II. LEGAL STATUS; FORM OF GOVERNMENT; POWERS

Sec. 2.01. Legal status.

Any such city which adopts the mayor-council form of government shall continue its existence as a body corporate under the name of "City of" (inserting the name of such

city). The word "city" as hereinafter used shall mean and refer to any city which has adopted the mayor-council form of government. The city shall continue as a municipal corporation, within the corporate limits as then established, and as thereafter fixed in the manner prescribed by law, subject to all the duties and obligations then pertaining to or incumbent upon it as a municipal corporation and shall continue to enjoy all the rights, immunities, powers and franchises then enjoyed by it, as well as those that may thereafter or hereinafter be granted to it.

Sec. 2.02. Form of government.

The municipal government of any such city proceeding under this Act shall be known as the "mayor-council form of government." Pursuant to the provisions and limitations of this Act and subject to the limitations imposed by the Constitution of Alabama and its laws, all powers of the city shall be vested in the council elected as herein provided and hereinafter referred to as "the council," which shall enact ordinances, adopt budgets and determine policies. All powers of the city shall be exercised in the manner prescribed by this Act, or if the manner be not prescribed, then in such manner as may be prescribed by law or by ordinance.

Sec. 2.03. Powers of city.

The city shall have all the powers granted to municipal corporations and to cities by the constitution and laws of this state together with all the implied powers necessary to carry into execution all the powers granted. The city may acquire property within or without its corporate limits for any city purpose, in fee simple or any lesser interest or estate, by purchase, gift, devise, lease or condemnation, and may sell, lease, mortgage, hold, manage and control such property as its interests may require; and, except as prohibited by the constitution of this state or restricted by this Act, the city shall and may exercise all municipal powers, functions, rights, privileges and immunities of every name and nature whatsoever. The enumeration of particular powers by this Act shall not be deemed to be exclusive, and in addition to the powers enumerated therein or implied thereby, or appropriate to the exercise of such powers, it is intended that the city shall have and may exercise all powers which, under the constitution of this state, it would be competent for this Act specifically to enumerate.

ARTICLE III. THE COUNCIL

Sec. 3.01. Number, election, term.

The council shall have nine members elected from single member districts pursuant to section 2 of Ordinance 89-46, adopted pursuant to section 11-43-63 of the Code of

Alabama 1975. The district council members elected pursuant to section 2 of Ordinance 89-46, adopted pursuant to section 11-43-63 of the Code of Alabama 1975, shall take office on the fourth Tuesday in October of the year of election.
(Act No. 84-625, p. 1273, § 1, Act No. 85-919, p. 197, § 1; Act No. 2012-223(SB104), § 2)

Editor's note—Pursuant to the authority granted it by Act No. 87-191, Code of Ala. 1975, § 11-43-63, the council voted by adoption of Ordinance No. 89-46 on March 28, 1989, to go to nine single-member council districts and the initial election of all nine members of the council from each of the districts to take place October 10, 1989. The persons so elected shall each have terms of four years as will persons elected every four years thereafter. Ordinance No. 89-46 is set forth in its entirety in Part 2, the Code of General Ordinances, § 2-2-51 et seq. The regular general municipal election dates appearing in § 3.01 were changed by Ordinance No. 09-36, adopted February 24, 2009, in order to comply with state and federal requirements regarding absentee and provisional balloting. See 42 USC 15301 et seq. (Pub. L. 107-252 Help America Vote Act of 2002); Code of Ala. 1975, § 11-46-5 (Date of elections in certain municipalities); Alabama Acts No. 2006-354 and No. 2006-570. Section 1 of Ordinance No. 09-36 changed the regular general municipal election date to the fourth Tuesday in August 2009 and quadrennially thereafter, and, when necessary, any second or runoff election would be held on the sixth Tuesday next thereafter following the regular election. The ordinance further provided that the term of office for the council members so elected would commence on the fourth Tuesday in November following their election. Section 2 of Ordinance No. 09-36 changed the regular general municipal election date for mayor in 2011 to the fourth Tuesday in August and quadrennially thereafter, and, when necessary, any second or runoff election would be held on the sixth Tuesday next thereafter following the regular election. Section 2 further provided that the term of the mayor so elected would commence on or before the fourth Tuesday of November of the year of such election.

Sec. 3.02. Statement of candidacy.

Any person desiring to become a candidate in any election for the office of councilman may become such candidate by filing in the office of the judge of probate of the county in which such city is situated, a statement in writing of such candidacy and an affidavit taken and certified by such judge of probate or by a notary public that such person is duly qualified to hold the office for which he desires to be a candidate. Such statement shall be filed at least 45 days before the day set for such election and shall be substantially the following form:

> State of Alabama, _____ County. I, the undersigned, being first duly sworn, depose and say that I am a citizen of the City of _____ in said State and County, and reside at _____ in said City of _____, that I desire to become a candidate for office as a member of the city council, district number ____, in said City at the election for said office to be held on the ____ day of August next and that I am duly qualified to hold said office if elected thereto and I hereby

request that my name be printed upon the official ballot at said election. Signed _____; Subscribed and sworn to before me by said _____ on this ____ day of _____, 2____, and filed in this office for record on said day. _____, Judge of Probate.

Said statement shall be accompanied by a qualifying fee in the amount of $50.00, which fee shall be paid over by the judge of probate to the general fund of the city. At every such election all ballots to be used by voters shall be printed and prepared by the election commission or other body or official charged by law with the duty of conducting elections and at the expense of said city, and shall contain the names of all candidates directly underneath the words "For members of the council." No name shall appear upon said ballot as a candidate for election except the names of such persons as have become candidates according to provisions as above set forth; no ballot shall be used at any such election except the official ballot prepared by the election commission or other body or official charged by law with the duty of conducting elections, except that the names of candidates may be suitably placed on voting machines if such machines are used to conduct such election. No primary election shall be held for the nomination of candidates for the office of councilman and candidates shall be nominated only as hereinabove provided.
(Acts 1965, p. 198 (Act No. 131), § 1; Act No. 2012-223(SB104), § 3)

Editor's note—Alabama Acts 1969, p. 966 (Act No. 507), § 2, amended section 3.02 of the Mayor-Council Act by adding language that required the candidate seeking election for the office of councilman to state their party affiliation. However, the amendatory language of the 1969 act has not been included in the reprinting of this section since the 1969 act was not pre-cleared by the U.S. Attorney General when submitted under Section 5 of the Voting Rights Act of 1965 requirements.

Sec. 3.03. Qualification.

Every person who shall be elected or appointed to the office of member of the council shall, on or before the fourth Tuesday of November of the year of his or her election or before the Tuesday next following the date of his or her appointment, qualify by making oath that he is eligible for said office and will execute the duties of same according to the best of his knowledge and ability. Said oath may be administered by any person authorized to administer an oath under the laws of Alabama.
(Act No. 84-625 p. 1273, § 2; Act No. 85-919, p. 198, § 2)

Sec. 3.04. Eligibility.

Councilmen shall be qualified electors of the city, at least 21 years of age at the time of their election, and shall hold no other public office except that of notary public or member of the National Guard or naval or military reserve. If a councilman shall cease to possess any of these qualifications or shall be convicted of [a] crime involving moral turpitude, his office shall immediately become vacant.
(Acts 1975, p. 315 (Act No. 85), § 1)

Sec. 3.05. Compensation.

The council shall receive such salary which shall be effective on such date as the council may by resolution or ordinance prescribe; provided, however, no councilman, other than the president of the council, shall receive a salary in excess of $15,000.00 per annum. The council may provide by ordinance or resolution for the office of the president of the council compensation in addition to the compensation such president will be entitled to receive as a councilman, which additional compensation shall not exceed the additional amount of $2,400.00 per annum, making the total maximum compensation which a member of the council may receive while serving as president thereof, $17,400.00 per annum. Such salary shall be payable in monthly installments at the end of each month, said installments to be paid at the same rate for any portion of the month during which each such councilman shall hold office at the rate provided.

Editor's note—Act No. 1117, 1981, section 1, amended article VI, section 19 of Act No. 929, 1951, allowing retirees who have been elected to city office to continue to receive retirement benefits rather than compensation for the office to which elected. Act No. 129, 1965, section 1, granted members of the governing body for expenses incurred in attending business of the city within its corporate limits, not exceeding a total amount of $1,000.00. This act was superseded by Act No. 188, 1982, section 1 of which allowed a maximum expense allowance of $300.00 per month for council members and $350.00 for the president or chairman, and section 2 of which allowed members elected after Nov. 1981 to receive an additional maximum of $200.00 per month, with no such additional allowance paid after Nov. 15, 1985. Act No. 87-798, section 1, increased the allowance to $500.00 per month for council members and $550.00 per month for the president or chairman; and section 2 allowed an additional allowance for members elected for a term commencing in 1985 of a maximum of $475.00 per month, with no such additional expense paid after Nov. 15, 1989. Ord. No. 94-122, sections 1 through 5, adopted June 7, 1994, provided the following:

"1. Under authority of Act No. 94-715 of the Legislature of Alabama of 1994, there is hereby established an additional amount of money to be paid monthly by the

city, to each council member of the City of Birmingham, for expenses incurred by the members when attending to the business of the municipality within its corporate limits, in the amount of $333.33 each, per month.

2. No reports of expenditures or records of expenses shall be required in connection with this in-city expense allowance.

3. This expense allowance shall not reduce or limit any other salary or allowance now paid to members of the council.

4. This allowance shall be interpreted and administered in full compliance with Act No. 94-715 of the Legislature of Alabama of 1994.

5. This payment shall commence as of July 1, 1994, and continue until changed by this council."

Sec. 3.06. Presiding officer.

At the first meeting, which shall be held immediately following the effective date of the act adding this amendatory language, and then subsequently at the first meeting held after the election of the council after the effective date of the act adding this amendatory language and every two years thereafter, the council shall elect an officer of the city who shall have the title of president of the council and shall preside at meetings of the council and a president pro tem, who shall act as president of the council during the absence or disability of the president. The terms of office of the president and the president pro tem shall be two years and until successors are elected and qualified. If a vacancy shall occur in the office of president of the council, the council shall elect a successor for the completion of the unexpired term. Both the president of the council and the president pro tem shall be elected from among the councilmen.

(Acts 1967, p. 1449 (Act No. 637), § 2; Act No. 2016-277(HB515), § 1)

Sec. 3.07. Powers.

Except those powers specifically granted by this part to the mayor or as otherwise granted to the mayor by law, all powers of the city, including all powers vested in it by this Act, by the laws, general and local, of the state, and the determination of all matters of policy, shall be vested in the council. Without limitation of the foregoing, the council shall have power to:

(1) Adopt the budget of the city.

(2) Authorize the issuance of bonds or warrants.

(3) Inquire into the conduct of any office, department or agency of the city and make investigations as to municipal affairs.

(4) Except as otherwise provided by law or this amendatory act, appoint the members of all boards, commissions or other bodies authorized hereunder or by law. This provision for appointment of members of boards, commissions or other bodies authorized hereunder or by law shall supersede any different

provision for appointment of such members contained in any statute or ordinance in effect at the time of adoption by the city of the mayor-council form of government set up by this Act, and shall include power to remove any member of any board, commission or body to the same extent as might be done by the governing body of the city at the time of adoption by the city of the mayor-council form of government set up by this Act and to appoint another in his stead. And wherever in any statute in effect at the time of adoption by the city of said mayor-council form of government the chief executive officer of the city is designated to act in any capacity ex officio, the mayor shall act. This subdivision shall not override the express terms of the Lewis Spratt Act, Subpart 1, commencing with Section 45-37A-50, Part 1 of this article.

(5) Succeed to all the powers, rights and privileges conferred upon the former governing body of the city by statutes in effect at the time of adoption by the city of the mayor-council form of government and not in conflict with this Act.

(6) Levy property and license taxes and local improvement assessments.

(7) Employ for and on behalf of said city such employees as the council may deem necessary to assist the council and perform such duties relating to the work of the council as the president of the council may assign. Each such employee shall serve at the pleasure of the council at such compensation as the council may set, and shall not be under any merit or civil service system. Each such employee shall by reason of such employment become a member of the pension system covering the general employees of such city, if there be such a system, to the same extent and in the same manner as other general employees of the city; provided, application for such inclusion in such pension system be made to the board or other authority administering such pension system within 30 days of this act's becoming law, or, thereafter, within 30 days of their appointment. If no such application be made within such time, such council employees shall not hereafter be a member of such system.

(Acts 1973, p. 726 (Act No. 495), § 1; Act No. 84-439, p. 1018, § 1; Act No. 84-629, p. 1279, § 1; Act No. 2016-277(HB515), § 1)

Editor's note—The substantive text under MCA § 3.07 ("Powers") has been reprinted verbatim from Code of Ala. 1975 § 45-37A-52.56 ("Powers"). The subsection numbering scheme in this provision reflects the numbering scheme used in the Alabama 1975 Code rather than the original section numbering as depicted in the Lewis Spratt Act.

Sec. 3.08. Council not to interfere in appointments or removals.

Neither the council nor any of its members shall direct or request the appointment of any person to, or his removal from, office or position by the mayor or by any of his subordinates, or in any manner take part in the appointment or removal of

officers and employees in the administrative service of the city. Except for the purpose of inquiry, the council and its members shall deal with the administrative service solely through the mayor and neither the council nor any member thereof shall give orders to any subordinates of the mayor, either publicly or privately. Any councilman violating the provisions of this section, or voting for a resolution or ordinance in violation of this section, shall be guilty of a misdemeanor and upon conviction thereof shall cease to be a councilman.

Sec. 3.09. Vacancies in council.

Vacancies in the council shall be filled by the council at the next regular meeting or any subsequent meeting of the council, the person so elected to hold office only until the next election of any kind in which the voters of the city to which this Act applies are qualified electors, at which time said unexpired terms shall be filled by said electors in accordance with all provisions of law applicable to such city; in any event, the person elected shall hold office until his successor is elected and qualified.
(Acts 1965, p. 191 (Act No. 123), § 1)

Editor's note—Alabama Acts 1969, p. 967 (Act No. 507), § 3, amended section 3.09 of the Mayor-Council Act by adding language regarding the method of filling vacancies on the city council. However, the amendatory language of the 1969 act has not been included in the reprinting of this section since the 1969 act was not pre-cleared by the U.S. Attorney General when submitted under Section 5 of the Voting Rights Act of 1965 requirements.

Sec. 3.10. Creation of new departments or offices; change of duties.

Upon the written approval of the mayor, the council by ordinance may create, change, and abolish offices, departments or agencies, other than the offices, departments and agencies established by this Act. Upon the written approval of the mayor, the council by ordinance may assign additional functions or duties to offices, departments or agencies established by this Act, but may not discontinue or assign to any other office, department or agency any function or duty assigned by this Act to a particular office, department or agency.
(Act No. 2016-277(HB515), § 1)

Sec. 3.11. City clerk.

If the city clerk of any city which adopts the mayor-council form of government holds office subject to any civil service or merit system, such clerk shall continue to be the city clerk under the mayor-council form of government of such city, and his successor shall be selected and hold office subject to the provisions of such civil service or merit system. If the city clerk of any city which adopts the mayor-council form of government does not hold office subject to any civil service or merit system, the council shall elect the city clerk. The city clerk shall give notice of special or called meetings of the council, shall keep the journal of its proceedings, shall

authenticate by his signature and record in full in a book kept for the purpose all ordinances and resolutions and shall perform such other duties as shall be required by this Act or by ordinance, and such duties as are imposed by general law of Alabama upon city clerks and as to which other provisions are not made in this Act.

Sec. 3.12. Meetings of council.

The first meeting of each newly elected council shall be held on the fourth Tuesday in October of the year of its election, after which the council shall meet regularly at such times as may be prescribed by its rules, but not less frequently than once a week. All meetings of the council shall be open to the public.
(Act No. 84-625, p.1275, § 3, Act No. 85-919, p. 199, § 3; Act No. 2012-223(SB104), § 4)

Sec. 3.13. Council to be judge of qualifications of its members.

The council shall be the judge of the election and qualifications of its members and for such purpose shall have power to subpoena witnesses and require the production of records, but the decision of the council in any such case shall be subject to review by the courts.

Sec. 3.14. Rules of procedure; journal.

The council shall determine its own rules and order of business. It shall keep a journal of its proceedings and the journal shall be open to public inspection.

Sec. 3.15. Meetings, passage of ordinances, etc.

(a) *Meetings, passage of ordinances by council.* The council shall hold regular public meetings on Tuesday of each and every week at a regular hour to be fixed by the order of said council from time to time and publicly announced; it may hold such adjourned, called, special or other meetings as the business of the city may require. The president of the council, when present, shall preside at all meetings of said council. Five members of the council shall constitute a quorum for the transaction of any and every power conferred upon said council, and the affirmative vote of at least four members of the council provided such four constitute a majority of those voting shall be sufficient for the passage of any resolution, bylaw or ordinance, or the transaction of any business of any sort by the said council or the exercise of any of the powers conferred upon it by the terms of this Act or by law, or which may hereafter be conferred upon it. No resolution, bylaw or ordinance granting any franchise, appropriating any money for any purpose, providing for any public improvements, any regulation concerning the public health, or of any other general or permanent nature, except the proclamation of quarantine, shall be enacted except at a regular public meeting of said council or an adjournment thereof. Every ordinance introduced at any and every such meeting shall be in writing and read before any vote thereon shall be taken, and the yeas and nays thereon shall be recorded; provided that if the vote of all councilmen present be unanimous, it may be so stated in the journal without recording the yeas and nays. A record of the proceedings of every meeting of the council shall be kept, and every resolution or ordinance passed by the council must be recorded and the record of the proceedings of the meeting shall, when approved by the council, be signed by the president of the council and the city clerk. Such record shall be kept available for inspection by all citizens of such city at all reasonable times. No ordinance of permanent operation shall be passed at the meeting at which it was introduced except by unanimous consent of all members of the council present, and such unanimous consent shall be shown by the yea and nay votes entered upon the minutes of said meeting; provided, however, that if all members of the council present vote for the passage of the ordinance and their names are so entered of record as voting in favor thereof, it shall be construed as giving unanimous consent to the action upon such ordinance at the meeting at which it is introduced. Publication of ordinances shall be governed by Alabama Code of 1940, section 462, as amended, Title 37. Provided all ordinances or resolutions, after having been passed by the council, shall by the clerk be transmitted within 48 hours after their passage to the mayor for his consideration, who, if he shall approve thereof, shall sign and return the same to the clerk, who shall publish them, if publication thereof is required, and such ordinances and resolutions shall thereupon become effective and have the force of law. Delivery to the office of the mayor shall constitute delivery to the mayor. An ordinance or resolution may be recalled from the mayor at any time before it has become a law, or has been acted on by him, by a resolution adopted by a majority of the members elected to the council, in regular or special session. If the mayor shall disapprove of

any ordinance or resolution transmitted to him as aforesaid, he shall, within ten days of the time of its passage by the council, return the same to the clerk with his objections in writing, and the clerk shall make report thereof to the next regular meeting of the city council; and if two-thirds of the members elected to the said council shall at said meeting adhere to said ordinance or resolution, notwithstanding said objections, said vote being taken by yeas and nays and spread upon the minutes, then, and not otherwise, said ordinance or resolution shall after publication thereof, if publication is required, have the force of law. If publication of said ordinance or resolution is not required, it shall take effect upon its passage over such veto. The failure of the mayor to return to the city clerk an ordinance or resolution with his veto within ten days after its passage by the council shall operate and have the same effect as an approval of the same, and the city clerk, if publication is required, shall publish the same as is herein provided for the publication of laws and ordinances of said city. And if no publication is required, the ordinance or resolution shall become effective upon the expiration of said ten days. Anything in this section to the contrary notwithstanding, the mayor shall not have the power of veto over appointments of the council, or over any action of the council relating to an investigation as provided for in section 8.03.

(b) *Adoption of ordinances by initiative and referendum.* Any proposed ordinance may be submitted to the council by petition signed by ten percent or more of the qualified electors of such city. All petitions circulated with respect to any proposed ordinance shall be uniform in character and shall contain the proposed ordinance in full, and have printed thereon the names and addresses of at least five electors who shall be officially regarded as filing the petition and shall constitute a committee of the petitioners for the purposes hereinafter named. Each signer of a petition shall sign his name and shall have placed on the petition after his name his place of residence by street and number, if there be such street and number. The signatures to any such petition need not all be appended to one paper, but to each such paper there shall be attached an affidavit by the circulator thereof stating the number of signers to each part of the petition and that each signature appended to the paper is the genuine signature of the person whose name it purports to be, and was made in the presence of the affiant. All papers comprising a petition shall be assembled and filed with the probate judge of the county in which said city is situated as one instrument. Within seven days from the filing of a petition with him, the probate judge shall ascertain whether it is signed by the required number of qualified electors. Upon completion of his examination, the probate judge shall endorse upon the petition a certificate of the result thereof. If the certificate of the probate judge shows that the petition is insufficient, he shall at once notify each member of the committee of the petitioners herein before provided for, and the petition may be amended at any time within ten days from the date of the probate judge's certificate of examination by filing with the probate judge an additional petition in the same manner as provided for the original petition. Upon the filing of such amendment, the probate judge shall notify each

member of the committee of that fact. The final finding of the insufficiency of a petition shall not prejudice the filing of a new petition for the same purpose. When the certificate of the probate judge shows the petition to be sufficient, he shall submit the proposed ordinance to the council at its next regular meeting. Such council shall either pass and adopt said ordinance without alterations within 20 days after attachment of the probate judge's certificate to the accompanying petition, or within said time cause to be transmitted the papers and petition to the election commission, which shall call a special election unless a general municipal election is fixed within 20 days thereafter, and at such special or general election if one is so fixed, such ordinance shall be submitted without alteration to the vote of the electors of said city. The ballots used when voting upon said ordinance shall contain these words, "for the ordinance" (stating the nature of the proposed ordinance) and "against the ordinance" (stating the nature of the proposed ordinance), and the voter shall express his choice by a cross mark. If the majority of the qualified electors voting on the proposed ordinance shall vote in favor thereof, such ordinance shall thereupon become valid and binding ordinance of the city, and any ordinance proposed by petition and which shall be adopted by vote of the people cannot be repealed or amended except by a vote of the people. Any number of proposed ordinances may be voted upon at the same election in accordance with the provisions of this section, but there shall not be more than one special election in any period of six months for such purpose. A proposal for the repeal of such ordinance or for amendments thereto may in like manner be submitted to be voted upon and adopted at any succeeding election. Whenever any ordinance is required by this section to be submitted to the voters of the city at any election, such ordinance if adopted by the electorate shall be published in the same manner as ordinances regularly adopted by the council and shall become effective from the date of publication.

[(c)] *Elections to comply with general election laws.* The election to be held under this section shall be in accordance with general election laws governing elections in such city and all laws governing elections generally applicable to such city shall be applicable to elections held hereunder.

(Acts 1965, p. 195 (Act No. 130), § 1; Acts 1965, p. 410 (Act No. 294), § 2)

Editor's note—Although not specifically amendatory of this act, Act No. 294, 1965, section 2, has been included as subsection (b) of this section, with the existing provisions being designated subsection (a). For convenience' sake, italicized subcatchlines have been added.

Sec. 3.16. Granting of franchises.

No resolution or ordinance, granting to any person, firm or corporation any franchise, lease or right to use the streets, public highways, thoroughfares, or public ways of any city organized under the provisions of this Act, either in, under, along, through, or over same shall take effect and be enforced until 30 days after the final enactment of same by the council and publication of said resolution or ordinance in

full once a week for three consecutive weeks in some daily newspaper published in said city, which publication shall be made at the expense of the person, firm or corporation applying for said grant. Pending the passage of any such resolution or ordinance or during the time intervening between its final passage, and the expiration of the 30 days during which publication shall be made as above provided, the legally qualified voters of said city may, by written petition or petitions addressed to said council, object to such grant, and if during such period such written petition or petitions signed by at least five percent of the legally qualified voters of the city shall be filed with said council, said council shall forthwith order an election, which shall be conducted by the election commission of the city or other body or official charged with the duty of conducting elections therein, at which election the legally qualified voters of said city shall vote for or against the proposed grant as set forth in the said resolution or ordinance. In the call for said election, the said resolution or ordinance making such grant shall be published at length and in full at the expense of the city in at least two newspapers published in said city by one publication. If a majority of the votes cast at such election shall be against the passage of said resolution or ordinance, then and in those events, said resolution or ordinance shall not become effective nor shall it confer any rights, powers or privileges of any kind; otherwise, said resolution or ordinance and said grant shall thereupon become effective as fully and to the same extent as if said election had not been called or held. If, as the result of said election, said resolution or ordinance shall not become effective, then it shall be the duty of said council, after the results of said election shall be determined, to pass a resolution or ordinance to that effect. No grant of any franchise or lease or right of user, or any other right, in, under, upon, along, through, or over the streets, public highways, thoroughfares or public ways of any such city, shall be made or given nor shall any such rights of any kind whatever be conferred upon any person, firm or corporation, except by resolution or ordinance duly passed by the council at some regular or adjourned regular meeting and published as above provided for in this subsection; nor shall any extension or enlargement of any such rights or powers previously granted be made or given except in the manner and subject to all the conditions herein provided for as to the original grant of same. It is expressly provided, however, that the provisions of this subsection shall not apply to the grant of side track or switching privileges to any railroad or street car company for the purpose of reaching and affording railway connections, and switch privileges to the owners or users of any industrial plant, store or warehouse; provided, further, that said side track or switch shall not extend for a greater distance than 1,320 feet.
(1965 Cum. Supp. to Vol. 14, p. 967, § 1615(16))

Sec. 3.17. Codification authorized.

The council may provide at any time it may deem proper, for the revision and codification of its ordinances, bylaws, and permanent resolutions, or for the adoption of a code or codes by ordinance. Such code or codes and the revisions or amendments thereof may relate to the whole system of city bylaws, ordinances and permanent

resolutions, or may relate to that portion of such ordinances, bylaws and permanent resolutions which relate to, affect or purport to govern any particular subject or subjects or subdivisions of municipal legislation. The council shall have full power and authority to prescribe the manner in which said code or codes, revisions or amendments thereto, shall be made public, whether by proclamation of any officer or officers of said city by posting or by publication, one or all, but it shall not be necessary unless so prescribed by the council for such code or codes, revisions or amendments thereto, to be published in a newspaper or newspapers. Nor shall it be necessary that such code or codes, revisions or amendments thereto, be spread at length upon the minutes. The council may prescribe that such code or codes, revisions or amendments thereto may be certified by and filed with the city clerk, or other corresponding officer, in lieu of spreading the same on the minutes; and the council may prescribe the manner in which copies of such code or codes, revisions, or amendments thereto, may be officially certified for use by the inhabitants or by the courts. The council may adopt and provide for the maintenance in a designated office of the city of a comprehensive zone map of the city open for inspection by the public at all reasonable times, and may make such zone map a part of any ordinance by reference thereto in such ordinance and without publication of such zone map in any newspaper. Such zone map need not be in one piece but may for convenience be in sections. A zone map of territory newly added to the city shall be treated as a comprehensive zone map of the city for purposes of application of the provisions of the next preceding sentence.

Sec. 3.18. Examination of books and publication of accounts.

The council shall each month print in pamphlet form a detailed statement of all receipts and expenses of the city, and a summary of its proceedings during the preceding month, and furnish printed copies thereof to the daily newspapers of the city and to persons who apply therefor. At the end of each year, the council shall cause a full and complete examination of all the books and accounts of the city to be made by a certified public accountant, or by the state department of examiner of public accounts, and shall cause the result of such examination to be published in the manner above provided for publication of statements of monthly expenditures. Such examination shall not be made more than three years in succession by the same accountant.
(Act No. 79-257, p. 397, § 1)

ARTICLE IV. MAYOR

Sec. 4.01. The mayor, election, term, qualification.

The first mayor shall be elected at the same election at which the councilmen are elected under the provisions of section 1.07 of this Act and shall hold office until the second Tuesday in November of that year ending in an odd number which would give him a term of office most closely approximating four years and until his successor is

elected and qualified. The first mayor shall qualify and take office in the manner hereinafter prescribed on the second Monday following the date the election of all nine councilmen is completed or on the second Monday following the election of such mayor whichever last occurs. The regular election for mayor shall be held on the second Tuesday in October of the year during which the term of the first mayor elected hereunder terminates and every four years thereafter. The mayor elected at any such regular election shall, on or before the fourth Tuesday of November of the year of such election, qualify by making oath that he is eligible for said office and will execute the duties of same according to the best of his knowledge and ability. Said oath may be administered by any person authorized to administer an oath under the laws of Alabama. At any election for mayor, the candidate receiving the highest number of votes for the office shall be elected thereto, provided such candidate receives a majority of all votes cast for such office. If at the first election a majority is not received by any candidate for the office of mayor, then a second election shall be held on the third Tuesday thereafter in the same mode and manner and under the same rules and regulations provided in section 1.07 hereof with respect to the election of the first mayor.

(Act No. 84-625, p. 1275, § 4; Act No. 85-919, p. 199, § 4)

Editor's note—The regular general municipal election dates appearing in § 4.01 were changed by Ordinance No. 09-36, adopted February 24, 2009, in order to comply with state and federal requirements regarding absentee and provisional balloting. See 42 USC 15301 et seq. (Pub. L. 107-252 Help America Vote Act of 2002); Code of Ala. 1975, § 11-46-5 (Date of elections in certain municipalities); Alabama Acts No. 2006-354 and No. 2006-570. Section 2 of Ordinance No. 09-36 changed the regular general municipal election date for mayor in 2011 to the fourth Tuesday in August and quadrennially thereafter, and, when necessary, any second or runoff election would be held on the sixth Tuesday next thereafter following the regular election. Section 2 further provided that the term of the mayor so elected would commence on or before the fourth Tuesday of November of the year of such election.

Sec. 4.02. Statement of candidacy.

Any person desiring to become a candidate at any election for the office of mayor may become such candidate by filing in the office of the judge of probate of the county in which such city is situated, a statement in writing of such candidacy, accompanied by an affidavit taken and certified by such judge of probate or by a notary public that such person is duly qualified to hold the office for which he desires to be a candidate. Such statement shall be filed at least 45 days before the day set for such election and shall be in substantially the following form:

> "State of Alabama, _____ County. I, the undersigned, being first duly sworn, depose and say that I am a citizen of the City of _____, in said State and County, and reside at _____ in said City of _____, that I desire to become a candidate for the office of mayor in said city at the election of said office to be held

on the ____ day of August, next and that I am duly qualified to hold said office if elected thereto, and I hereby request that my name be printed upon the official ballot at said election. Signed _____; Subscribed and sworn to before me by said _____, on this ____ day of _____, 2____, and filed in this office for record on said day. _____, Judge of Probate."

Said statement shall be accompanied by a qualifying fee in an amount equal to $300.00 which qualifying fee shall be paid over by the judge of probate to the general fund of the city. At every such election all ballots to be used by voters shall be printed and prepared by the election commission or other body or official charged by law with the duty of conducting elections and at the expense of said city, and shall contain the names of all candidates directly underneath the words "For Mayor." No names shall appear upon said ballot as a candidate for election except the names of such persons as have become candidates according to provisions as above set forth; no ballot shall be used at any such election except the official ballot prepared by the election commission or other body or official charged by law with the duty of conducting elections, except that the names of candidates may be suitably placed on voting machines if such machines are used to conduct such election.
(Acts 1965, p. 197 (Act No. 131), § 1; Act No. 2012-223(SB104), § 5)

Editor's note—Alabama Acts 1969, p. 964 (Act No. 507), § 4, amended section 4.02 of the Mayor-Council Act by adding language that required the candidate seeking election for the office of mayor to state their membership in a political party or status as an independent. However, the amendatory language of the 1969 act has not been included in the reprinting of this section since the 1969 act was not pre-cleared by the U.S. Attorney General when submitted under Section 5 of the Voting Rights Act of 1965 requirements.

Sec. 4.03. Eligibility.

The mayor shall be a qualified elector of the city, at least 25 years of age at the time of his election and shall hold no other public office.

Sec. 4.04. Compensation.

The mayor shall receive an annual salary payable in monthly installments at the end of each month, said installments to be paid at the same rate for any portion of the month during which the mayor shall hold the office at the rate hereinafter provided. The annual salary which the mayor shall receive shall be $68,000.00 annually.
(Acts 1964, p. 112 (Act No. 78), § 1; Acts 1973, p. 742 (Act No. 503), § 1; Act No. 87-800, p. 1573, § 1)

Editor's note—Act No. 76, 1964, sections 2—5, authorized the mayor to provide himself with a passenger automobile equipped with radio receiving and sending equipment, to be owned, operated and maintained for the use of the mayor, all at the expense of the city. Act No. 77, 1964, section 1, provided for a monthly allowance for

the mayor of $300.00 for which no accounting is required. Sections 1, 2 of Act No. 772, 1973, increased the allowance to $500.00, $200.00 of which requires an accounting with the $200.00 increase terminating on the second Monday in Nov. 1975. Act No. 618, 1984, section 1, increased the allowance to $1,000.00, for which the mayor should not be required to file an accounting.

The 1964 act provided additional compensation to the mayor in the form of a monthly allowance of $300.00 for expenses incidental to the position of mayor. In addition, the mayor was not required to provide an accounting for expenditures of this additional compensation allowance. The 1973 amendment to the act increased the allowance by $200.00 for a total of $500.00 per month, but terminated the $200.00 increase on the second Monday in November of 1975. The 1984 amendment to the act increased the total amount of the allowance to $1,000.00 per month. This provision was enacted by the legislature without a specific section number or placement relative to the other local laws enacted under the "mayor-council form of government" acts.

Sec. 4.05. Vacancy in office of mayor.

Whenever any vacancy in the office of mayor shall occur by reason of death, resignation, removal or any other cause, the president of the council shall assume the duties of the office of mayor effective on the date such vacancy occurs and shall serve as acting mayor until a new mayor is elected and qualified as hereinafter provided. The acting mayor shall receive no compensation, expenses or allowances as a member of the city council while acting as mayor, but shall receive the same rate of pay and allowances provided for the mayor whose vacated office he or she fills, and the compensation received for days of service as acting mayor shall not be counted in determining the maximum annual per diem compensation permitted council members. While the president of the council is serving as acting mayor he or she shall not sit with the council or vote on any matters before the council. The election commission of the city, if there be one, and if not then the council thereof, shall within 30 days of the occurrence of a vacancy in the office of the mayor call a special election to fill such vacancy, such election to be held on the second Tuesday of the month not less than 70 days and not more than 90 days from the occurrence of such vacancy; provided, however, if a regular or special election is scheduled or required to be held within 120 days after the occurrence of such vacancy, then the vacancy in the office of mayor shall be filled at such regular or special election. Notice of such election shall be given at the expense of the city by one publication at least 18 days in advance of the same in one or more newspapers published in such city. Any person desiring to become a candidate at the election to fill the vacancy in the office of mayor may become a candidate by filing his or her statement in writing with the judge of probate and paying the qualifying fee as provided in section 4.02. The method, procedure and requirements of qualifying, voting upon, and determining the successful candidate shall otherwise be the same as provided herein relative to the election of the mayor at regular elections. The successor to the mayor chosen at any such election shall qualify for office as soon as practical thereafter, and shall be clothed with and assume the duties, responsibil-

ities and powers of such office immediately upon such qualification, and shall hold office for the unexpired term of his or her predecessor and until a successor is elected and qualified.
(Acts 1965, p. 200 (Act No. 133), § 1; Act No. 2012-223(SB104), § 6)

Sec. 4.06. The mayor; powers and duties.

The mayor shall be the head of the administrative branch of the city government. He shall not sit with the council nor shall he have a vote in its proceedings and he shall have the power and duties herein conferred. He shall be responsible for the proper administration of all affairs of the city and, subject to the provisions of any civil service or merit system law applicable to such city and except as otherwise provided herein, he shall have power and shall be required to:

(1) Enforce all law and ordinances.

(2) Appoint and, when necessary for the good of the service, remove all officers and employees of the city except as otherwise provided by this Act and except as he may authorize the head of a department or office to appoint and remove subordinates in such department or office; provided that he shall not appoint or remove officers and employees of:

a. Any board of the city having control over any park, recreation facility, fair or exhibit, or any library board of the city;

b. Any municipally-owned public utility, including electric, gas and water systems, while such utility is operating under a board constituted by law or required by the terms of any indenture, mortgage or deed of trust providing for employment by other authority;

c. Any nonelected school board of the city;

d. Any planning board or zoning board of the city.

(3) Exercise administrative supervision and control over all departments created by this Act or by law or hereafter created by the council except those enumerated in subdivisions a. to d., inclusive, of subsection (2) of this section, and except those otherwise given independent status under this Act.

(4) Shall keep the council fully advised as to the financial conditions and needs of the city; prepare and submit the budget annually to the council and be responsible for its administration after its adoption; prepare and submit, as of the end of the fiscal year, a complete report on the financial and administrative activities of the city for such year and prepare a detailed report within ten days of the council's request except the mayor shall have an extension of five additional days if the information is not readily available.

(5) Recommend to the council such actions as he may deem desirable.

(6) Prepare and submit to the council such reports as may be required of him.

(7) Perform such other duties as may be prescribed by this Act.

(8) Fix the salaries or compensation of all officers and employees of the city who are appointable by him, subject, however, to the provisions of any civil service or merit law applicable to the city.

(9) Employ as members of his staff such employees as the mayor may deem necessary for and on behalf of said city to assist the mayor and perform such duties relating to the mayor as the mayor may assign. Each such employee shall serve at the pleasure of the mayor [at] such compensation as the mayor may set. Such staff members shall not be under any merit or civil service system, but, should a member of the classified service under any merit or civil service system applicable to the city be appointed hereunder, the provisions of this section notwithstanding, he may be paid at the salary established for his classification at the time of appointment; and such person shall not lose any rights under such merit or civil service system by reason of his appointment hereunder, and shall, upon termination of service on the mayor's staff, have the right to return to the classified service, with full credit for time served on the mayor's staff, at the same or higher classification as that held upon appointment hereunder. Each such employee shall by reason of such employment become a member of the pension system covering the general employees of the city, if there be such a system, to the same extent and in the same manner as other general employees of the city, provided such employee apply to the board or other authority administering such pension system within 30 days of appointment; otherwise, such employee shall not be a member of the system. This section shall not limit the authority of the mayor to appoint other staff under the merit system or as otherwise authorized by law. No person employed in one of these staff positions shall run for elected office while so employed.

(10) Retain the services of outside counsel and other professional services, to the extent that it is in the budget, and will not impact the budget, to meet the needs of the city when, in the opinion of the mayor, such action would best serve the interests of the city.

(Acts 1973, p. 1964 (Act No. 1168), § 1; Act No. 82-336, p. 465, § 1; Act No. 84-626, p. 1276, § 1; Act No. 2016-277(HB515), § 1)

Editor's note—Section 1 of Act No. 502, 1973, authorized the appointment by the mayor of a chief administrative assistant to the mayor, not subject to the provisions of any merit system, with a maximum annual salary of $21,500.00. Section 1 of Act No. 484, 1982, increased the maximum salary to $39,500.00 annually, and provided that such employee should not be subject to any merit system while serving on the mayor's staff but be a member of any pension system applicable to merit system employees if application be made within 30 days of appointment.

Sec. 4.07. Administrative departments.

There shall be a department of finance, and such other departments as may be established by ordinance upon the recommendation of the mayor.

Sec. 4.08. Directors of departments.

At the head of each department there shall be a director, who shall be an officer of the city and shall have supervision and control of the department subject to the mayor.

Two or more departments may be headed by the same individual, the mayor may head one or more departments, and directors of departments may also serve as chiefs of divisions.

Sec. 4.09. Departmental divisions.

The work of each department may be distributed among such divisions thereof as may be established by ordinance upon the recommendation of the mayor. Pending the passage of an ordinance or ordinances distributing the work of departments under the supervision and control of the mayor among specific divisions thereof, the mayor may establish temporary divisions.

ARTICLE V. BUDGET

Sec. 5.01. Fiscal year.

The fiscal year of the city government shall begin on July 1 and shall end on June 30 of each calendar year. Such fiscal year shall also constitute the budget and accounting year. As used in this Act, the term "budget year" shall mean the fiscal year for which any particular budget is adopted and in which it is administered.

Notwithstanding any provision herein, the council may enact an ordinance declaring that the city adopts a fiscal year that begins on October 1 and ends on September 30 of the following calendar year. The ordinance shall become effective on the first day after the expiration of any fiscal year ending June 30 in which the ordinance is adopted. The ordinance shall provide that in order to change from a July 1 to June 30 fiscal year to an October 1 to September 30 fiscal year, the city shall, on a one-time basis, utilize a transitional financial reporting period that extends, at the council's election, for a three-month period beginning on July 1 and ending September 30 of that same calendar year, or for a 15-month period beginning on July 1 and ending on September 30 of the following calendar year.
(Acts 1973, p. 1207 (Act No. 792), § 1; Act No. 2013-376(HB 523), § 2(5.01))

Sec. 5.02. Submission of budgets.

On a day to be fixed by the council but in no case later than May 20 in each year, the mayor shall submit to the council:

(a) A separate current revenue and expense budget for the general operation of the city government, to be known as the "general fund budget";

(b) A budget for each public utility owned and operated by such city;

(c) A capital budget; and

(d) A budget message.

When submitting the budgets to the council, the mayor shall submit his or her recommendation of new sources of revenue or manner of increasing existing sources of revenue, sufficient to balance the budgets, if such additional revenue is necessary to accomplish that purpose.

If the council enacts the ordinance authorized by section 5.01, the mayor shall submit proposed budgets to the council no later than August 20 of any period in which the city's fiscal year is October 1 to September 30, or the August 20 immediately preceding the expiration of the transitional financial reporting period selected by the council pursuant to section 5.01.
(Acts 1973, p. 1207 (Act No. 792), § 2; Act No. 2013-376(HB 523), § 2(5.02))

Sec. 5.03. Preparation of budgets.

It shall be the duty of the head of each department, and each other office or agency supported in whole or in part by the city, to file with the director of finance, at such time as the mayor may prescribe, estimates of revenue and expenditure for that department, office or agency for the ensuing fiscal year. Such estimates shall be submitted on the forms furnished by the director of finance and it shall be the duty of the head of each such department, office or agency, to supply all the information which the director of finance may require to be submitted thereon. The director of finance shall assemble and compile these estimates and supply such additional information relating to the financial transactions of the city as may be required by the mayor in the preparation of the budgets. The mayor shall hold such hearings as he may deem advisable and with the assistance of the director of finance shall review the estimates and other data pertinent to the preparation of the budgets and make such revisions in such estimates as he may deem proper, subject to the laws of the State of Alabama and any municipal ordinance relating to obligatory expenditures for any purpose.

Sec. 5.04. Scope of general fund budget.

The general fund budget shall include only the net amounts estimated to be received from or to be appropriated to each public utility. The general fund budget shall be prepared in accordance with accepted principles of municipal accounting and budgetary procedure and techniques, and shall show:

(a) Such portion of the general fund cash surplus as it is estimated will exist, at the end of the current fiscal year, and is proposed to be used for meeting expenditures in the general fund budget for the ensuing year;

(b) An estimate of the receipts from current ad valorem taxes on real estate and tangible personal property during the ensuing fiscal year, assuming that the percentage of the levy collected be no greater than the average percentage of the levy collected in the last three completed tax years;

(c) An estimate of receipts from all other sources of revenue, provided that the estimated receipts from each such source shall not exceed the percentage of

estimated revenue in the current fiscal year from the same source, over the amount of the revenue received from the same source, in the last completed fiscal year, unless a law or ordinance under which revenue from any source is derived, has been amended or a new source of revenue has been provided by law or ordinance, in the course of the current year, in which case the estimated receipts from that source may be fixed by the mayor. If additional revenue is to be derived from the state, the amount fixed by the mayor shall not exceed the amount which the proper state official shall certify in writing to be the reasonable expectation of receipts from such source;

(d) A statement to be furnished by the director of finance of the debt service requirements for the ensuing year;

(e) An estimate of the general fund cash deficit, if any, at the end of the current fiscal year and of any other obligations required by law to be budgeted for the ensuing fiscal year;

(f) An estimate of expenditures and appropriations for all other purposes to be met from the general fund in the ensuing fiscal year. All the estimates shall be in detail showing receipts by sources and expenditures by operating units, character and object, so arranged as to show receipts and expenditures as estimated for the current fiscal year and actual receipts and expenditures for the last preceding fiscal year, in comparison with estimated receipts and recommended expenditures for the ensuing fiscal year.

Sec. 5.05. A balanced budget.

In no event shall the expenditures recommended by the mayor in the general fund budget exceed the receipts estimated, taking into account the estimated cash surplus or deficit at the end of the current fiscal year, as provided in the preceding section, unless the mayor shall recommend an increase in or levy of new or increased, taxes or licenses within the power of the city to levy and collect in the ensuing fiscal year, the receipts from which, estimated on the basis of the average experience with the same or similar taxes during the three full tax years last past, will make up the difference. If estimated receipts exceed estimated expenditures, the mayor may recommend revisions in the tax and license ordinances of the city in order to bring the general fund budget into balance. The same balanced budget restrictions shall apply in the adoption of any public utility budget.

Sec. 5.06. The budget message.

The budget message shall contain the recommendations of the mayor concerning the fiscal policy of the city, a description of the important features of the budget plan, an explanation of all salient changes in each budget submitted, as to estimated

receipts and recommended expenditures as compared with the current fiscal year and the last preceding fiscal year, and a summary of the proposed budget showing comparisons similar to those required by section 5.04 above.

Sec. 5.07. Availability of budgets for inspection and publication of the budget message.

The mayor shall cause the budget message to be printed, mimeographed or otherwise reproduced for general distribution at the time of its submission to the council, and sufficient copies of the proposed general fund, public utility and capital budgets to be made, to supply copies to each member of the council and each daily newspaper of general circulation published in the city, and two copies to be deposited in the office of the city clerk where they shall be open to public inspection during regular business hours.

Sec. 5.08. Publication of notice of public hearing.

At the meeting of the council at which the budget and budget message are submitted, the council shall determine the place and time of the public hearing on the budget, and shall cause to be published a notice of the place and time, not less than seven days after the date of publication, at which the council will hold a public hearing. Publication shall be made at least once in a newspaper published in and having general circulation in the city. At the time and place so advertised, or at anytime and place to which such public hearing shall from time to time be adjourned, the council shall hold a public hearing on the budget as submitted, at which any citizen of the city shall be given an opportunity to be heard, for or against the estimates or any item thereof.
(Act No. 2013-376(HB 523), § 2(5.08))

Sec. 5.09. Action by the council on the general fund budget.

After the conclusion of the public hearing, the council, by an affirmative vote of five members and only if approved in writing by the mayor, may insert new items of expenditures or may increase, decrease or strike out items of expenditure in the general fund budget, except that no item of expenditure for debt service, or any other item required to be included by this Act or other provision of law, shall be reduced or stricken out. The council shall not alter the estimates of receipts contained in the said budget except to correct omissions or mathematical errors and it shall not cause the total of expenditures as recommended by the mayor to be increased without a public hearing on such increase, which shall be held not less than three days after notice thereof by publication in a newspaper of general circulation published in the city. The council shall in no event adopt a general fund budget in which the total of expenditures exceeds the receipts and available surplus, estimated as provided in section 5.04 of this Act, unless at the same time it adopts

measures for providing additional revenue in the ensuing fiscal year, estimated as provided in sections 5.02 and 5.05 of this Act, sufficient to make up the difference.
(Act No. 2016-277(HB515), § 1)

Sec. 5.10. Adoption of general fund budget.

Not later than June 20 of the current fiscal year, the council by a majority vote shall adopt the general fund budget, and such ordinances providing for additional revenue as may be necessary to put the budget in balance. If for any reason the council fails to adopt the general fund budget on or before such day, the general fund budget of the current fiscal year shall be the general fund budget for the ensuing year, until such time as a newly revised budget shall be adopted by the council, and, until such time, shall have full force and effect to the same extent as if the same had been adopted by the council, notwithstanding any thing to the contrary in this Act.

If the council enacts the ordinance authorized by section 5.01, the council shall adopt the general fund budget by September 20 of any period in which the city's fiscal year is October 1 to September 30, or the September 20 immediately preceding the expiration of the transitional financial reporting period selected by the council pursuant to section 5.01.
(Acts 1973, p. 1207 (Act No. 792), § 3; Act No. 2013-376(HB 523), § 2(5.10))

Sec. 5.11. Effective date of budget; certification; copies made available.

Upon final adoption, the budget shall be in effect for the budget year. A copy of the budget, as finally adopted, shall be certified by the mayor and city clerk and filed in the office of the director of finance. The budget so certified shall be printed, mimeographed or otherwise reproduced and sufficient copies thereof shall be made available for the use of all offices, departments and agencies and for the use of citizens of the city who request a copy.

Sec. 5.12. Utility budgets.

Separate budget estimates for any public utilities owned and operated by the city shall be submitted to the director of finance at the same time as the budget estimates of other departments, and in the form prescribed by the director of finance. The mayor shall prepare and present to the council a budget for the utility operation, itemizing the receipts and expenditures in manner and form as is generally provided for in section 5.04 of this Act as being applicable to the general fund budget. The action of the council on any utility budget thus submitted shall be governed by the same provision as provided in this Act with reference to the consideration and adoption of the general fund budget.

Sec. 5.13. Work plan and allotments.

After the current expense budgets have been adopted and before the beginning of the fiscal year the head of each department, office, and agency, shall submit to the mayor in such form as he shall prescribe a work program which shall show the requested allotments of the appropriations for such department, office or agency for the entire fiscal year by monthly or quarterly periods as the mayor may direct. Before the beginning of the fiscal year the mayor shall approve, with such amendments as he shall determine, the allotments for each such department, office, or agency, and shall file the same with the director of finance who shall not authorize any expenditure to be made from any appropriation except on the basis of approved allotments, provided that such allotments shall be in conformity with the salaries established by ordinance, the provisions of any merit or civil service system applicable to such city, the laws of the State of Alabama and any municipal ordinances of such city relating to obligatory expenditures for any purpose. The aggregate of such allotments shall not exceed the total appropriation available to each such department, office, or agency for the fiscal year. An approved allotment may be revised during the fiscal year in the same manner as the original allotment was made. If at any time during the fiscal year the mayor shall ascertain that the revenue cash receipts of the general fund or any public utility for the year plus any cash surplus available from the preceding year, will be less than the total appropriations to be met from such receipts and cash surplus, he shall reconsider the work programs and allotments of the departments, offices, and agencies, and, subject to the laws of the State of Alabama and any municipal ordinances of the city relating to obligatory expenditures for any purpose, revise the allotments so as to forestall the incurring of a deficit; provided, however, that there shall be no reduction in salaries except by order of the council, or as authorized by law.

Sec. 5.14. Transfers of appropriations.

The mayor may at any time authorize, at the request of any department, office, or agency, the transfer of any unencumbered balance or portion thereof in any general fund or utility appropriation from one classification of expenditure to another within the same department, office, or agency, provided that for this purpose the water, gas and electric utilities shall be deemed to be separate departments. At the request of the mayor, the council may by resolution transfer any unencumbered balance or portion thereof in any general fund appropriation from one department, office, or agency to another.

Sec. 5.15. Additional appropriations.

Appropriations in addition to those contained in the original general fund budget ordinance, may be made by the council by not less than five affirmative votes, but only on the recommendation of the mayor in writing, copies of which he or she shall provide to the director of finance, and only if the director of finance certifies in

writing that there is available in the general fund a sum unencumbered and unappropriated sufficient to meet such appropriation. Additional appropriations may be made by the council, by not less than five affirmative votes, from the funds of any utility for the operation of that utility, but only if the director of finance certifies in writing that there is available in the funds of the utility, a sum unencumbered and unappropriated sufficient to meet such appropriation.
(Act No. 2016-277(HB515), § 1)

Sec. 5.16. Emergency appropriations.

At any time in any budget year, the council may, pursuant to this section, make emergency appropriations to meet a pressing need for public expenditures, for other than a regular or recurring requirement, to protect the public health, safety or welfare. Such appropriation may be made by the council, by not less than five affirmative votes, but only on the recommendation of the mayor. The total amount of all emergency appropriations made in any budget year shall not exceed five per centum of the total general fund operating appropriations made in the budget for that year.

Sec. 5.17. Appropriations to lapse.

Any portion of an appropriation remaining unexpended and unencumbered at the close of the fiscal year, shall lapse.

Sec. 5.18. Capital budget.

At the same time that he submits the general fund budget, the mayor shall submit to the council a capital improvement program covering all recommended capital improvement projects, for the ensuing fiscal year and for the four fiscal years thereafter, with his recommendations as to the means of financing the improvements proposed for the ensuing fiscal year. The council shall have power to accept with or without amendments or reject the proposed program and proposed means of financing for the ensuing fiscal year; and may from time to time during the fiscal year amend by ordinance adopted by at least five affirmative votes, the program previously adopted by it, or the means of financing the whole or any part thereof or both, provided that the amendment shall have been recommended by the mayor, and further, provided such additional funds are available in the general fund or in any other fund of the city available therefor. The council shall adopt a capital budget prior to the beginning of the fiscal year in which the budget is to take effect. No appropriations for a capital improvement project contained in the capital budget shall lapse until the purpose for which the appropriation was made shall have been accomplished or abandoned, provided that any project shall be deemed to have been abandoned if three fiscal years lapse without any expenditure from or encumbrance of the appropriation therefor. Any such lapsed appropriation shall be applied to the payment of any indebtedness incurred in financing the project concerned and if there be no such indebtedness shall be available for appropriation.

Sec. 5.19. Certification of funds; penalties for violation.

No payment shall be made and no obligation incurred by or on behalf of the city except in accordance with an appropriation duly made and no payment shall be made from or obligation incurred against any allotment or appropriation unless the director of finance shall first certify that there is a sufficient unexpended and unencumbered balance in such allotment or appropriation to meet the same; provided that nothing

herein shall be taken to prevent the advance authorization of expenditures for small purchases as provided in subsection (e) of section 6.04 of this Act. Every expenditure or obligation authorized or incurred in violation of the provisions of this Act shall be void. Every payment made in violation of the provisions of this Act shall be deemed illegal and every official who shall knowingly authorize or make such payment or knowingly take part therein and every person who shall knowingly receive such payment or any part thereof shall be jointly and severally liable to the city for the full amount so paid or received. If any officer, member of a board, or employee of the city, shall knowingly incur any obligation or shall authorize or make any expenditure in violation of the provisions of this Act or knowingly take part therein such action shall be cause for his removal. Nothing in this section contained, however, shall prevent the making of contracts of lease or for services providing for the payment of funds at a time beyond the fiscal year in which such contracts are made, provided the nature of such transactions will reasonably require the making of such contracts.

Sec. 5.20. Reserve for permanent public improvements.

The council may by ordinance establish a reserve fund for permanent public improvements and may appropriate thereto any portion of the general fund cash surplus not otherwise appropriated at the close of any fiscal year. Appropriations from the said fund shall be made only to finance improvements included in the capital budget.

Sec. 5.21. Budget continuation.

Any officially adopted budget in existence at the time that the council is first organized, shall continue in force and effect during the balance of the city's then fiscal year, or until such time as the mayor may submit to the council and the council adopts, an amended, altered or revised budget for the balance of said fiscal year.

Sec. 5.22. Budget summary.

At the head of the budget there shall appear a summary of the budget, which need not be itemized further than by principal sources of anticipated revenue, stating separately the amount to be raised by property tax, kinds of expenditures itemized according to departments, doing so in such a manner as to present to the taxpayers a simple and clear summary of the detailed estimates of the budget.

ARTICLE VI. DEPARTMENT OF FINANCE

Sec. 6.01. Director of finance; appointment.

There shall be a department of finance, the head of which shall be the director of finance, who shall be appointed by the mayor, subject to the provisions of any merit or civil service system which is applicable to such city. He shall be the chief financial

officer of the city. The chief financial officer of any city which adopts the mayor-council form of government who holds office under any civil service or merit system applicable to such city shall be the first director of finance under the mayor-council form of government.

Sec. 6.02. Director of finance; qualifications.

The director of finance shall be a person skilled in municipal accounting, taxation and financial control.

Sec. 6.03. Director of finance; surety bond.

The director of finance shall provide a bond with such surety and in such amount as the council may require by resolution or ordinance. The premium on said bond shall be paid by the city.

Sec. 6.04. Director of finance; powers and duties.

The director of finance shall have general management and control of the several divisions and units of the department of finance. He shall have charge, subject to the direction and control of the mayor, of the administration of the financial affairs of the city, and to that end shall have authority and be required to:

(a) Cooperate with the mayor in compiling estimates for the general fund, public utility, and capital budgets.

(b) Supervise and control all encumbrances, expenditures and disbursements to insure that budget appropriations are not exceeded.

(c) Prescribe and install systems of accounts for all departments, offices and agencies of the city and provide instructions for their use; and prescribe the form of receipts, vouchers, bills or claims to be used and of accounts to be kept by all departments, offices and agencies of the city.

(d) Require daily, or at such other intervals as he may deem expedient, a report of receipts from each of such departments, offices and agencies, and prescribe the time and the manner in which moneys received by them shall be paid to the office of the director of finance or deposited in a city bank account under his control.

(e) Examine all contracts, purchase orders and other documents, except bonds and notes which create financial obligations against the city, and approve the same only upon ascertaining that money has been appropriated and allotted therefor and that an unexpended and unencumbered balance is available in such appropriation and allotment to meet the same, provided that the director of finance may give advance authorization for the expenditure from any appropriation for the purchase of supplies, materials, or equipment of such sum, within the current allotment of such appropriation as he may deem necessary

during a period of not to exceed the ensuing three calendar months for the purchase of items not to exceed in cost $50.00 for any one item, and immediately encumber such appropriation with the amount of such advance authorization, and thereafter, within the period specified, purchase orders for such items, to an aggregate not exceeding such authorization, shall be valid without the prior approval of the director of finance endorsed thereon, but each such purchase order shall be charged against such authorization and no such purchase order, which together with all such purchase orders previously charged within the period specified shall exceed the amount of such authorization, shall be valid.

(f) Have custody of all public funds belonging to or under the control of the city, or any office, department or agency of the city government, and deposit all funds coming into his hands in such depositories as may be designated by resolution or ordinance of the council, or, if no such resolution or ordinance be adopted, by the mayor, subject to the requirements of law as to surety and the payment of interest on deposits. All such interest shall be the property of the city and shall be accounted for and credited to the proper account. He shall not be liable for any loss sustained as to funds of the city that are on deposit in such a designated bank.

(g) Audit and approve before payment, all bills, invoices, payrolls and other evidences of claims, demands or charges against the city government and with the advice of the department of law, determine the regularity, legality and correctness of such claims, demands or charges.

(h) Have custody of all investments and invested funds of the city or in its possession in a fiduciary capacity, unless otherwise provided by this Act or by law, ordinance or the terms of any trust, and the safekeeping of all bonds and notes of the city and the receipt and delivery of city bonds and notes for transfer, registration and exchange.

(i) Have supervision over the preparation of bond ordinances, bonds, advertisements for sale of bonds, preparation of bond prospectuses, conduct of sale of bonds, and delivery of bonds, all subject to provisions of law and municipal ordinances, applicable thereto. Bonds shall be authenticated by the manual signature of the director of finance and shall bear the facsimile signature of the mayor and a facsimile of the seal of the city. Interest coupons transferable by delivery shall be attached to the bond and shall be authenticated by the facsimile signature of the director of finance.

(j) Supervise and direct the placing of all types of insurance carried by the city where the premiums in whole or in part are paid by the city, or the premiums in whole or in part are withheld through the payrolls; the amount of all types of insurance on which the city pays the premiums in whole or in part shall be determined by the council after a recommendation by the mayor.

(k) Submit to the mayor for presentation to the council not later than the 12th day of each month, a statement showing in reasonable detail the revenues received by the city during the preceding month, the revenues received during that fiscal year up to and through the end of the preceding month, the expenditures made during the preceding month, and the accumulated expenditures made during that fiscal year up to and through the end of the preceding month, together with a comparison of said items with the budget estimates.

(l) Furnish to the head of each department, office and agency of the city a copy of that portion of the statement as required in item (k) of this section, as same is related to his department, office or agency.

(m) Prepare and submit to the mayor at the end of each fiscal year, for the preceding year, a complete financial statement and report of the financial transactions of the city.

(n) Designate, with the approval of the mayor, and subject to the provisions of any merit or civil service system applicable to such city, an employee of the department of finance as deputy director of finance who during the temporary absence or incapacity of the director of finance shall have and perform all the powers and duties conferred or imposed upon the director of finance.

(o) Protect the interests of the city by withholding the payment of any claim or demand by any person, firm or corporation against the city until any indebtedness or other liability due from such person, firm or corporation shall first have been settled and adjusted.

(p) Collect all special assessments, license fees and other revenues of the city for whose collection the city is responsible and receive all money receivable by the city from the county, state or federal government, or from any court, or from any office, department or agency of the city.

(q) With approval of the mayor to inspect and audit any accounts or records of financial transactions which may be maintained in any office, department or agency of the city government apart from or subsidiary to the accounts kept in his office.

(r) Supervise through the division of purchases as provided for in section 6.07 of this Act, and be responsible for the purchase, storage and distribution of all supplies, materials, equipment and other articles used by any office, department or agency of the city government.

Sec. 6.05. When contracts and expenditures prohibited.

No officer, department or agency shall, during any budget year, expend or contract to expend any money or incur any liability, or enter into any contract which by its terms involves the expenditure of money, for any purpose, in excess of the amounts appropriated for that general classification of expenditure pursuant to this Act. Any

contract, verbal or written, made in violation of this Act shall be null and void. Any officer or employee of the city who shall violate this section shall be guilty of a misdemeanor and, upon conviction thereof, shall be punishable as in case of misdemeanor conviction and shall also cease to hold his office or employment. Nothing in this section contained, however, shall prevent the making of contracts or the spending of money for capital improvements to be financed in whole or in part by the issuance of bonds, nor the making of contracts of lease or for services for a period exceeding the budget year in which such contract is made, when such contract is permitted by law.

Sec. 6.06. Fees shall be paid to city government.

All fees received by any officer or employee of the city, shall belong to the city government and shall be paid daily to the department of finance.

Sec. 6.07. Division of purchases.

There shall be established in the department of finance a division of purchases, the head of which shall be the city purchasing agent. The purchasing agent, pursuant to rules and regulations established by resolution or ordinance, shall contract for, purchase, store and distribute all supplies, materials and equipment required by any office, department or agency of the city government. The purchasing agent shall also have power and shall be required to:

1. Establish and enforce specifications with respect to supplies, materials, and equipment required by the city government;
2. Inspect or supervise the inspection of all deliveries of supplies, materials and equipment, and determine their quality, quantity and conformance with specifications;
3. Have charge of such general storerooms and warehouses as the council may provide by resolution or ordinance;
4. Transfer to or between offices, departments or agencies, or sell surplus, obsolete, or unused supplies, material and equipment;
5. Perform such other duties as may be imposed upon him by resolution or ordinance.

Sec. 6.08. Competitive bidding.

Before the purchasing agent makes any purchase of or contract for supplies, materials or equipment, he shall give ample opportunity for competitive bidding, under such rules and regulations, and with such exceptions, as the council may prescribe by resolution or ordinance, provided, however, that the council shall not except individual contracts, purchases, or sales from the requirement of competitive bidding.

Sec. 6.09. Contracts for city improvements.

Any city improvement costing more than $2,000.00 shall be executed by contract except where such improvement is authorized by the council to be executed directly by a city department in conformity with detailed plans, specifications and estimates. All such contracts for more than $2,000.00 shall be awarded to the lowest responsible bidder after such public notice and competition as may be prescribed by resolution or ordinance, provided the mayor shall have the power to reject all bids and advertise again. Alterations in any contract may be made when authorized by the council upon the written recommendation of the mayor.

Sec. 6.10. Accounting control of purchases.

All purchases made and contracts executed by the purchasing agent shall be pursuant to a written requisition from the head of the office, department or agency whose appropriation will be charged, and no contact or order shall be issued to any vendor unless and until the director of finance certifies that there is to the credit of such office, department or agency, a sufficient unencumbered appropriation balance to pay for the supplies, materials, equipment or contractual service for which the contract or order is to be issued.

Sec. 6.11. Borrowing in anticipation of revenues.

In any budget year, in anticipation of the collection or receipt of revenues of the budget year, the council may by resolution authorize the borrowing of money by the issuance of negotiable notes of the city, each of which shall be designated "revenue note for the year 19____ (stating the budget year)." Such notes may be renewed from time to time; but all such notes, together with the renewals thereof, shall mature and be paid not later than the end of the fiscal year after the budget year in which the original notes have been issued. Such borrowing shall be subject to any limitation on amount provided by statute.

Sec. 6.12. Borrowing to meet emergency appropriations.

In the absence of unappropriated available revenues to meet emergency appropriations under the provisions of section 5.16, the council may by resolution authorize the issuance of notes, each of which shall be designated "emergency note" and may be renewed from time to time, but all such notes of any fiscal year and any renewals thereof shall be paid not later than the last day of the fiscal year next succeeding the budget year in which the emergency appropriation was made.

Sec. 6.13. Notes redeemable prior to maturity.

No notes shall be made payable on demand, but any note may be made subject to redemption prior to maturity on such notice and at such time as may be stated in the note.

Sec. 6.14. Sale of notes; report of sale.

All notes issued pursuant to this Act may be sold at not less than par and accrued interest at private sale without previous advertisement.

ARTICLE VII. SUCCESSION IN GOVERNMENT

Sec. 7.01. Rights of officers and employees preserved.

Nothing in this Act contained, except as specifically provided, shall affect or impair the rights or privileges of officers or employees of the city or of any office, department or agency existing at the time when this Act shall take effect, or any provision of law in force at the time when the mayor-council form of government shall be adopted and not inconsistent with the provisions of this Act, in relation to the personnel, appointment, ranks, grades, tenure of office, promotion, removal, pension and retirement rights, civil rights or any other rights or privileges of officers or employees of the city or any office, department or agency thereof.

Sec. 7.02. Continuance of present officers.

All persons holding administrative office at the time the mayor-council form of government is adopted shall continue in office and in the performance of their duties until provision shall have been made in accordance therewith for the performance of such duties or the discontinuance of such office. The powers conferred and the duties imposed upon any office, department or agency of the city by the laws of the State shall, if such office, department or agency, be abolished by this Act, or under its authority, be thereafter exercised and discharged by the office, department or agency designated by the council unless otherwise provided herein.

Sec. 7.03. Status of officers and employees holding positions when the mayor-council form of government is adopted.

Any person holding an office or position in the classified service of the city under any civil service or merit system applicable to the city when the mayor-council form of government shall be adopted shall be continued as such officer or employee in the classified service of the city under the mayor-council form of government and with the same status, rights and privileges and subject to the same conditions under such applicable civil service or merit system as if the mayor-council form of government had not been adopted.

Sec. 7.04. Transfer of records and property.

All records, property and equipment whatsoever of any office, department or agency or part thereof, all the powers and duties of which are assigned to any other office, department or agency by this Act, shall be transferred and delivered to the office, department or agency to which such powers and duties are so assigned. If part of the

powers and duties of any office, department or agency or part thereof are by this Act assigned to another office, department or agency, all records, property and equipment relating exclusively thereto shall be transferred and delivered to the office, department or agency to which such powers and duties are so assigned.

Sec. 7.05. Continuity of offices, departments or agencies.

Any office, department or agency provided for in this Act with a name or with powers and duties the same or substantially the same as those of an office, department or agency heretofore existing shall be deemed to be a continuation of such office, department or agency and, until otherwise provided, shall exercise its powers and duties in continuation of their exercise by the office, department or agency by which the same were heretofore exercised and, until otherwise provided, shall have power to continue any business, proceeding or other matter within the scope of its regular powers and duties commenced by an office, department or agency by which such powers and duties were heretofore exercised. Any provision in any law, rule, regulation, contract, grant or other document relating to such a formerly existing office, department or agency, shall, so far as not inconsistent with the provisions of this Act, apply to such office, department or agency provided for by this Act.

Sec. 7.06. Continuance of contracts and public improvements.

All contracts entered into by the city, or for its benefit, prior to the adoption by such city of the mayor-council form of government, shall continue in full force and effect. Public improvements for which legislative steps have been taken under laws existing at the time of the adoption of the mayor-council form of government may be carried to completion as nearly as practicable in accordance with the provisions of such existing laws.

Sec. 7.07. Pending actions and proceedings.

No action or proceeding, civil or criminal, pending at the time of the adoption of the mayor-council form of government, brought by or against the city or any office, department or agency or officer thereof, shall be affected or abated by the adoption of the mayor-council form of government or by anything therein contained in this Act; but all such actions or proceedings may be continued notwithstanding that functions, powers and duties of any office, department or agency or officer party thereto may by or under this Act be assigned or transferred to another office, department or agency or officer, but in that event the same may be prosecuted or defended by the head of the office, department or agency to which such functions, powers and duties have been assigned or transferred by or under this Act.

Sec. 7.08. Pension and relief funds.

Except as expressly provided by this part, all laws and parts of laws relating to pension, retirement and relief funds for policemen, firemen and other employees of the city, contained in the general or local laws of the state or in title 62 of the Code of Alabama, as amended, as the same may apply and be in effect with respect to any city at the time when such city shall elect to be governed by the provisions of this Act, shall continue in full force and effect, and without interruption or change as to any rights which have been acquired thereunder, after adoption of the mayor-council form of government by such city.
(Act No. 2016-277(HB515), § 1)

Sec. 7.09. Park, play ground and fairground authority.

All laws and parts of laws relating to establishment of an authority for fairgrounds, parks, exhibits, exhibitions and other installations, facilities and places for the amusement, entertainment, recreation and cultural development of the citizens of a city, and for the powers, authority, mode of financing and conduct of the same, contained in the general or local laws of the state or in title 62 of the Code of Alabama, as amended, as the same may apply and be in effect with respect to any city at the time when such city shall elect to be governed by the provisions of this Act, shall continue in full force and effect, and without interruption or change as to the establishment or conduct of any authority created thereunder, after adoption of the mayor-council form of government by such city.

Sec. 7.10. When provisions take effect.

For the purpose of nominating and electing members of the council and the mayor, the provisions of this Act shall become applicable to any city adopting the mayor-council form of government upon the filing of the certificate of adoption by the judge of probate with the mayor or other chief executive office of the city as provided for in section 1.06 hereof. For all other purposes the provisions of this Act shall become applicable to said city at the time when the first council of such city elected under the provisions hereof takes office and qualifies.

Sec. 7.11. Continuance of ordinances and resolutions.

To the extent consistent with the terms of this part, all ordinances and resolutions of the city in effect at the time of adoption by the city of the mayor-council form of government herein set up shall continue in effect unless and until changed or repealed by the council. To the extent any current or future ordinance or resolution of the city is inconsistent with the express terms of this part, the ordinance or resolution shall be void and of no effect to the extent of its inconsistency.
(Act No. 2016-277(HB515), § 1)

ARTICLE VIII. GENERAL PROVISIONS

Sec. 8.01. Removal of officers and employees.

Subject to the provisions of any civil service or merit system applicable to the city, any officer or employee to whom the mayor, or a head of any office, department or agency, may appoint a successor, may be removed by the mayor or other appointing officer at any time, and the decision of the mayor, or other appointing officer, shall be subject to appeals therefrom, if any, provided by applicable law.

Sec. 8.02. Right of mayor and other officers in council.

The mayor, the heads of all departments, and such other officers of the city as may be designated by the council, shall be entitled to attend meetings of the council, but shall have no vote therein. The mayor shall have the right to take part in the discussion of all matters coming before the council, and the directors and other officers shall be entitled to take part in all discussions of the council relating to their respective offices, departments or agencies.

Sec. 8.03. Investigations by council or mayor.

The council, the mayor, or any person or committee authorized by either of them, shall have power to inquire into the conduct of any office, department, agency or officer of the city and to make investigations as to municipal affairs, and for that purpose may subpoena witnesses, administer oaths, and compel the production of books, papers and other evidence. Failure to obey such subpoena or to produce books, papers or other evidence as ordered under the provisions of this section shall constitute a misdemeanor and shall be punishable by a fine not to exceed $100.00 or by imprisonment not to exceed six months, or both.

Sec. 8.04. Contracts extending beyond one year.

No contract involving the payment of money out of the appropriation of more than one year shall be made for a period of more than five years, nor shall any such contract be valid unless made or approved by resolution or ordinance.

Sec. 8.05. Publicity of records.

All records and accounts of every office, department or agency of the city shall be open to inspection by any citizen, any representative of a citizens' organization or any representative of the press at all reasonable times and under reasonable regulations established by the mayor, except records and documents the disclosure of which would tend to defeat the lawful purpose which they are intended to accomplish.

Sec. 8.06. Officers and employees not to be privately interested in city's contracts.

No member of the council, officer or employee elected or appointed shall be interested, directly or indirectly, in any contract for work or material, or the profits thereof, or services to be furnished or performed for the city, and no such member of the council, officer or employee shall be interested, directly or indirectly, in any contract for work or material, or the profits thereof, or services to be furnished or performed for any person, firm or corporation operating interurban railway, street railway, gas works, electric light or power plant, heating plant, telegraph line or telephone exchange within the territorial limits of said city. No such member of the council, officer or employee of such city shall be interested in or an employee or

attorney of any corporation operating any public service utility within said city. No such member of the council, officer or employee shall accept or receive, directly or indirectly, from any person, firm or corporation operating within the territorial limits of said city any interurban railway, railway, street railway, gas works, water works, electric light or power plant, heating plant, telegraph line, or telephone exchange, or other business using or operating under a public franchise, any frank, free pass, free ticket or free service, or accept or receive, directly or indirectly, from any such person, firm or corporation any gift or other thing of value, or any service upon terms more favorable than are granted to the public generally. Any violation of the provisions of this section shall be a misdemeanor, and upon conviction thereof, the guilty person shall be punished by a fine of not less than $100.00 nor more than $300.00, and may be imprisoned in the county jail for not more than 90 days. Every such contract or agreement shall be voidable by the mayor or the council. Such prohibition of free transportation shall not apply to policemen or firemen in uniform nor to policemen in the discharge of their duty; nor shall service to city officials in their official capacity heretofore provided by any franchise or ordinance be affected by this section.

Editor's note—The provisions of the 1962 act did not amend the conflict of interest provisions found in the original Mayor-Council Act of 1955. Instead, the 1962 act was enacted as an additional prohibition against any conflict of interests by the city's governing body. In addition, the repealing subsection enacted with the 1962 act makes it clear that they will prevail in the event of any conflict of law occurring between it and another section.

Sec. 8.07. Official bonds.

The director of finance, and such other officers or employees as the council may by general ordinance require so to do, shall give bond in such amount and with such surety as may be approved by the council. The premiums on such bonds shall be paid by the city.

Sec. 8.08. Oath of office.

Every officer of the city shall, before entering upon the duties of his office, take and subscribe to the following oath or affirmation, to be filed and kept in the office of the city clerk:

> "I solemnly swear (or affirm) that I will support the Constitution and will obey the laws of the United States and of the State of Alabama, that I will, in all respects, observe the provisions of the ordinances of the city of _____ and will faithfully discharge the duties of the office of _____."

ARTICLE IX. ABANDONMENT OF MAYOR-COUNCIL FORM OF GOVERNMENT

Sec. 9.01. Abandonment of the mayor-council plan.

No city may change from the mayor-council form of government within two years after the adoption thereof. At the end of such period, or at any time thereafter, the city may change its form of municipal government, either to:

(a) The form of municipal government applicable to the city prior to its adoption of the mayor-council form of government, or to

(b) The council-manager form of municipal government provided by Act Number 518 of the 1953 session of the Legislature of Alabama,

(c) One of the commission forms of municipal government provided by Title 37, Alabama Code of 1940, as amended and supplemented.

Sec. 9.02. Petition for change of form of government.

Such change shall, however, first be initiated by petition and submitted to a vote of the qualified electors at an election and shall receive at such election a majority of the votes "yes" or in favor thereof in the same manner and subject to the same requirements as provided in sections 1.02 to 1.05 of this Act except that the proposition on the ballot shall be changed to reflect the proposed form of municipal government to be submitted to the vote of the qualified electors. The officers and members of the governing body of such newly adopted form of municipal government shall be elected as soon as may be under the provisions of law applicable thereto; and upon their election and qualification for office the term of office of all members of the council under the mayor-council form of government shall terminate.

Sec. 9.03. No election on change more often than two years.

No election on the abandonment of the mayor-council form of government shall be held within two years after any other election thereon.

ARTICLE X. GENERAL STATUTORY PROVISIONS

Sec. 10.01. Effect of this Act on existing law.

Except as otherwise provided by this part, all laws and parts of laws, general, local or special, relating to or affecting the city, its powers, functions, duties and property, in force when this Act shall take effect, are hereby continued in effect; but all such laws relating to the exercise of powers, functions and duties by the

commission or council-manager or some other form of government shall be superseded to the extent that the same are inconsistent with the provisions of this Act.
(Act No. 2016-277(HB515), § 1)

Sec. 10.02. Separability clause.

If any section or part of section of this Act shall be held invalid by a court of competent jurisdiction such holding shall not affect the remainder of this Act nor the context in which such section or part of section so held invalid may appear, except to the extent that an entire section or part of section may be inseparably connected in meaning and effect with the section or part of section to which such holding shall directly apply.

Sec. 10.03. Short title.

This act shall be known and may be cited as the "Mayor-Council Act of 1955."

ARTICLE I. SCHEDULE OF BUSINESS LICENSES

The following is hereby declared to be the schedule of licenses for the calendar year commencing January 1, 2009, and for each subsequent year thereafter, for diverse businesses, vocations, occupations and professions engaged in or carried on, in the City of Birmingham in said calendar year, and each and every person, firm, company or corporation engaged in any business, vocation, occupation or profession enumerated herein in said calendar year shall pay and take out such licenses in such sums as are herein provided; and every taxpayer required to purchase a business license under this ordinance shall purchase a business license under one or more of the following 2002 North American Industrial Classification System (NAICS) sectors and applicable subsectors, industry groups, industries and U.S. industries hereunder. The North American Industrial Classification System (NAICS) identification (sector/subsector) numbers are required as a part of the periodic reporting requirements for every business. For municipal business license purposes, each taxpayer must be minimally classified as required by State Code Sec. 11-51-90B. The descriptions listed below each NAICS code incorporate examples of each category; however these examples are not all-inclusive. A business is classified and licensed based upon the business activity or activities which it conducts within the City. Each business will be placed in the NAICS sector/subsector which best matches its activity or activities and shall pay a license tax based upon the corresponding schedule assigned to its description unless otherwise specified. The City may assign additional digits of each NAICS code for reporting purposes and proper administration of this ordinance.

In the event a person who is required to purchase a license is engaged in activity that does not meet the particular criteria of any classifications in this Section 1, then the Finance Department shall assign such person to the classification provided in this Section 1 that is the most similar to the activity in which the person is engaged. The procedure and criteria for such assignment shall be as follows:

1. The proper classification for the activity in which the person is engaged shall be identified.
2. Some schedules may use the first three digits of the NAICS classification that best describes the activity may be used to identify a classification in this Section 1 that has the same first three NAICS digits, and the person shall be assigned to that classification in Section 1. Other schedules may us the first four digits of the NAICS classification that best describes the activity may be used to identify a classification in this Section 1 that has the same first four NAICS digits, and the person shall be assigned to that classification in Section 1.
    i. In the event this procedure results in more than one applicable classification from this Section 1, and if the payment schedules for the applicable classifications are the same, then the Finance Department may use its discretion in making the assignment.

ii. In the event this procedure results in more than one applicable classification from this Section 1, and if the payment schedules for the applicable classifications are different, then the revenue department shall assign the person to the classification with the highest applicable payment schedule.

3. In the event the person cannot be classified using this procedure, then the person shall be assigned the license classification 999, Unclassified.

The index in this section is a tool for classification, not a limitation on businesses subject to a license tax. The department shall determine the proper class for a business according to the applicable NAICS.
(Ord. No. 13-143, § 1, 11-12-2013)

NAICS/NAICS TITLE/LICENSE SCHEDULE/LICENSE DESCRIPTION

NAICS 111. NAICS TITLE—CROP PRODUCTION.

Industries in the Crop Production subsector grow crops mainly for food and fiber. The subsector comprises establishments, such as farms, orchards, groves, greenhouses, and nurseries, primarily engaged in growing crops, plants, vines, or trees and their seeds.

The industries in this subsector are grouped by similarity of production activity, including biological and physiological characteristics and economic requirements, the length of growing season, degree of crop rotation, extent of input specialization, labor requirements, and capital demands. The production process is typically completed when the raw product or commodity grown reaches the "farm gate" for market, that is, at the point of first sale or price determination.

Establishments are classified to the crop production subsector when crop production (i.e., value of crops for market) accounts for one-half or more of the establishment's total agricultural production. Within the subsector, establishments are classified to a specific industry when a product or industry family of products (i.e., oilseed and grain farming, vegetable and melon farming, fruit and tree nut farming) account for one-half or more of the establishment's agricultural production.

SCHEDULE 107. FRUITS AND VEGETABLES—WHOLESALE.

(a) Each person engaged as an agent, dealer, factor or commission merchant in the business of buying, selling, or delivering fruits or vegetables at wholesale, shall pay a license of two-tenths of one percent of gross receipts of said business from the year preceding with a minimum license of: $200.00.

(b) This license shall permit the owner of said business to use one truck-owned or operated by him in supplying said established place of business with said merchandise from a point without the city to his regular established place of business within

the city, for which the license has been paid. The finance department must be advised in advance by the operator of the established place of business, giving a full description of the one truck owned and/or operated by said licensee.

(c) On all trucks over and above one, whether owned or operated or not by said licensee supplying such products to the regularly established place of business above referred to, shall pay a license on each truck as is provided for in schedule 108.

(d) Wholesale dealers in fruit and/or vegetables making sales and/or deliveries from trucks or vehicles, not on orders previously taken, shall pay a license of $150.00 on each truck or vehicle so used. This subsection shall apply only to sales made from vehicles on public streets or highways.

No vending is allowed on sidewalks, streets, highways, or roadways located within the study area designated under the Master Plan for Downtown Birmingham, namely that area bounded on the north by 12th Avenue North, on the east by Red Mountain Expressway and 26th Street North, on the south by Highland Avenue South and 12th Avenue South and on the west by I-65, and the streets and sidewalks within neighborhood retail business districts within the city without authorization. Such authorization must be obtained in addition to a business license.

(Note: Anyone wishing to peddle in the Study Area should contact Operation New Birmingham (ONB).)

The issuance of a business license under this schedule does not permit or authorize any activity which is prohibited by Title 12, Chapter 14, Article A of the General Code of the City of Birmingham 1980, as amended and as it may be amended.

SCHEDULE 108. FRUITS AND VEGETABLES (UNDRIED).

Each wholesale dealer in undried fruits and/or vegetables engaged in selling and/or delivering the same by truck or other vehicle to a point within the city shall pay a license on each vehicle or truck used in said business of: $200.00.

The licensee must furnish the motor and state tag number when applying for said license.

No vending is allowed on sidewalks, streets, highways, or roadways located within the study area designated under the Master Plan for Downtown Birmingham, namely that area bounded on the north by 12th Avenue North, on the east by Red Mountain Expressway and 26th Street North, on the south by Highland Avenue South and 12th Avenue South and on the west by I-65, and the streets and sidewalks within neighborhood retail business districts within the city without authorization. Such authorization must be obtained in addition to a business license. (Note: Anyone wishing to peddle in the Study Area should contact Operation New Birmingham (ONB).)

The issuance of a business license under this schedule does not permit or authorize any activity which is prohibited by Title 12, Chapter 14, Article A of the General Code of the City of Birmingham 1980, as amended and as it may be amended.

SCHEDULE 191. PEANUT DEALERS.

Where principal business, a license of two-tenths of one percent of the gross receipts from said business from the previous year with a minimum license in any case of: $120.00.

No license will be issued until applicant has obtained and presented to the Revenue Division at the time of application a current, valid Health Department Permit.

SCHEDULE 253. WATERMELONS.

Each person, firm or corporation whose principal business at any one place is the wholesaling of watermelons: $100.00.

Each retail peddler selling watermelons: $30.00.

NAICS 112. NAICS TITLE—ANIMAL PRODUCTION.

Industries in the Animal Production subsector raise or fatten animals for the sale of animals or animal products. The subsector comprises establishments, such as ranches, farms, and feedlots primarily engaged in keeping, grazing, breeding, or feeding animals. These animals are kept for the products they produce or for eventual sale. The animals are generally raised in various environments, from total confinement or captivity to feeding on an open range pasture.

The industries in this subsector are grouped by important factors, such as suitable grazing or pasture land, specialized buildings, type of equipment, and the amount and types of labor required. Establishments are classified to the Animal Production subsector when animal production (i.e., value of animals for market) accounts for one-half or more of the establishment's total agricultural production.

SCHEDULE 204. POULTRY AND EGGS, WHOLESALE—RETAIL.

Where principal business, $200.00 on the first $100,000.00 or less of gross receipts from said business for the year next preceding, plus an amount equal to two-tenths of one percent on all gross receipts from said business for the year next preceding the current license year in excess of $100,000.00. The above license shall apply only to those who regularly maintain within the city an established place of business from which is delivered the majority of their sales, or to those persons who maintain or store within the city a stock of poultry products or eggs, either in the shell or in dehydrated or powdered form, for delivery, sale or distribution.

SCHEDULE 205. POULTRY AND EGGS, WHOLESALE.

Each person, firm or corporation engaged in such business, shall pay a license on gross receipts of $50,000.00 or less $200.00 plus two-tenths of one percent of gross receipts in excess of $50,000.00.

SCHEDULE 299. ANIMAL PRODUCTION.

Each person, firm or corporation engaged in the sale of animals or animal products shall pay a license tax of two-tenths of one percent of the gross receipts from said business from the previous year with a minimum license of: $200.00.

NAICS 113. NAICS TITLE—FORESTRY AND LOGGING.

Industries in the Forestry and Logging subsector grow and harvest timber on a long production cycle (i.e., of ten years or more). Long production cycles use different production processes than short production cycles, which require more horticultural interventions prior to harvest, resulting in processes more similar to those found in the Crop Production subsector. Consequently, Christmas tree production and other production involving production cycles of less than ten years are classified in the Crop Production subsector.

Industries in this subsector specialize in different stages of the production cycle. Reforestation requires production of seedlings in specialized nurseries. Timber production requires natural forest or suitable areas of land that are available for a long duration. The maturation time for timber depends upon the species of tree, the climatic conditions of the region, and the intended purpose of the timber. The harvesting of timber (except when done on an extremely small scale) requires specialized machinery unique to the industry. Establishments gathering forest products, such as gums, barks, balsam needles, rhizomes, fibers, Spanish moss, and ginseng and truffles, are also included in this subsector.

SCHEDULE 301. FORESTRY AND LOGGING.

Each person, firm or corporation who is engaged in growing and harvesting timber, tree production or production of seedlings, cutting timber, transporting timber, logging, stump removal in field or log harvesting shall pay a license tax of two-tenths of one percent of the gross receipts from said business from the previous year with a minimum license of: $200.00.

NAICS 114. NAICS TITLE—FISHING, HUNTING AND TRAPPING.

Industries in the Fishing, Hunting, and Trapping subsector harvest fish and other wild animals from their natural habitats and are dependent upon a continued supply of the natural resource. The harvesting of fish is the predominant economic activity of this subsector and it usually requires specialized vessels that, by the nature of their size, configuration and equipment, are not suitable for any other type of production, such as transportation.

Hunting and trapping activities utilize a wide variety of production processes and are classified in the same subsector as fishing because the availability of resources and the constraints imposed, such as conservation requirements and proper habitat maintenance, are similar.

SCHEDULE 102. FISH AND OYSTER PEDDLER.

Each person, firm or corporation who is engaged in bringing fish, oysters, or other seafood into the city without regularly maintaining a place of business in the city shall pay, for each truck or vehicle used in said business, a license of: $200.00.

No license will be issued until applicant has obtained and presented the following to the Revenue Division at the time of application:

(1) A valid, current Health Department Permit;

(2) A valid, current, photo identification, issued by a state, for each applicant.

No vending is allowed on sidewalks, streets, highways, or roadways located within the "Study Area" designated under the Master Plan for Downtown Birmingham, namely that area bounded on the north by 12th Avenue North, on the east by Red Mountain Expressway and 26th Street North, on the south by Highland Avenue South and 12th Avenue South and on the west by I-65, and the streets and sidewalks within neighborhood retail business districts within the City without authorization. Such authorization must be obtained in addition to a business license.

(Note: Anyone wishing to peddle in the "Study Area" should contact Operation New Birmingham (ONB).)

The issuance of a business license under this schedule does not permit or authorize any activity which is prohibited by Title 12, Chapter 14, Article A of the General Code of the City of Birmingham 1980, as amended and as it may be amended.

SCHEDULE 300. FISHING, HUNTING AND TRAPPING.

Each person, firm or corporation who is engaged in harvesting of fish, fishing, hunting and trapping fish and other wild animals primarily for commercial purposes, operating game preserves, or hunting preserves by taking them from their natural habitat shall pay a license of two-tenths of one percent of the gross receipts from said business from the previous year with a minimum of: $300.00.

NAICS 115. NAICS TITLE—SUPPORT ACTIVITIES FOR AGRICULTURE AND FORESTRY.
