PREFACE

This volume is a recodification of the 1965 Grand Rapids City Code, as supplemented by Municipal Codification Service through November 1, 1983, and thereafter by Municipal Code Corporation to include legislation through December 3, 1991.

Classification and Numbering System

This Code is arranged by title and chapter designations, with Chapters 1 through 182 classified under ten (10) titles covering various general subject categories, from Administration to Traffic. Many of the chapters are further broken down into articles, and in some cases the articles being further broken down into divisions. Many of the article and division titles have been supplied by the editor, inasmuch as such titles, like the catch-lines introducing each section, are not a substantive part of the Code (see section 1.6 of Chapter 1). The numbering system used in this Code is similar to that of the State Statutes, with each section number consisting of two (2) component parts separated by a period. The figure before the period represents the title number and the figure after the period refers to the position of the section within each title. While the section numbers do not indicate the chapter each such section is associated with, the Code Comparative Tables appearing at the back of this volume, which list the ordinances contained herein, provide both the chapter and section numbers being amended by such ordinances.

Index

The index of the Code has been prepared with the greatest of care. Each particular item has been placed under several headings, some of the headings being couched in lay phraseology, others in legal terminology, and still others in language generally used by municipal officers and employees. There are numerous cross references within the index itself which stand as guideposts to direct the user to the particular item of interest.

Looseleaf Supplements

A special feature of this Code to which the attention of the user is especially directed is the looseleaf system of binding and supplemental servicing for the Code. With this system, the Code will be kept up-to-date periodically. Upon the final passage of amendatory ordinances, they will be properly edited and the page or pages affected will be reprinted. These new pages will be distributed to holders of copies of the Code, with instructions for the manner of inserting the new pages and deleting the obsolete pages.

Successfully keeping this Code up-to-date at all times will depend largely upon the holder of the volume. As revised sheets are received, it will then become the responsibility of the holder to have the amendments inserted according to the attached instructions. It is strongly recommended by the publisher that all such amendments be inserted immediately upon receipt to avoid misplacing them and, in addition, that all deleted pages be saved and filed for historical reference purposes.

Editorial Annotations

Throughout this Code there are editorial annotations which are not a substantive part of the Code. These annotations include Editor's notes, State law references, Charter references, cross references, and history notes which are citations to the original ordinance enacting or amending a Code provision. These annotations have been added by the Editor to make the Code easier to use but, like catch-lines (See Section 1.6 of Chapter 1), they are not authoritative nor are they a substantive part of the Code.

The editor has also added a number of tables for the benefit of users of the Code. These include the Table of Contents, Code Comparative Table A, Code Comparative Table B, and the Statutory Reference Table. These editorial additions are likewise not a part of the Code and should not be construed as such.

MUNICIPAL CODE CORPORATION
Tallahassee, Florida

ADOPTING ORDINANCE

AN ORDINANCE TO RECODIFY THE CODE OF THE CITY OF GRAND RAPIDS

ORDINANCE NO. 91-58

THE PEOPLE OF THE CITY OF GRAND RAPIDS DO ORDAIN:

Section 1. That the attached 1991 recodification of the Code of the City of Grand Rapids as amended by Ordinance 91-54 and 91-55 be and is hereby adopted.

Section 2. That all prosecutions, suits, actions or proceedings commenced under the 1965 Code of the City of Grand Rapids are hereby declared to be preserved and saved in full force and effect and that it is declared to be the intention of the City of Grand Rapids that this recodification shall have no effect on any matter pending as of its effectitve date.

Carried by a roll call vote: Yeas: -7 Nays: -0

I hereby certify that the foregoing is a true transcript of the action of the City Commission of the City of Grand Rapids, Michigan, in public session held December 3, 1991.

/s/ _____

Sandra L. Wright, City Clerk

Checklist of Up-to-Date Pages

(This checklist will be updated with the printing of each Supplement)

From our experience in publishing Looseleaf Supplements on a page-for-page substitution basis, it has become evident that through usage and supplementation many pages can be inserted and removed in error.

The following listing is included in this Code as a ready guide for the user to determine whether the Code volume properly reflects the latest printing of each page.

In the first column all page numbers are listed in sequence. The second column reflects the latest printing of the pages as they should appear in an up-to-date volume. The letters "OC" indicate the pages have not been reprinted in the Supplement Service and appear as published for the original Code. When a page has been reprinted or printed in the Supplement Service, this column reflects the identification number or Supplement Number printed on the bottom of the page.

In addition to assisting existing holders of the Code, this list may be used in compiling an up-to-date copy from the original Code and subsequent Supplements.

SUPPLEMENT HISTORY TABLE

The table below allows users of this Code to quickly and accurately determine what ordinances have been considered for codification in each supplement. Ordinances that are of a general and permanent nature are codified in the Code and are considered "Included." Ordinances that are not of a general and permanent nature are not codified in the Code and are considered "Omitted."

In addition, by adding to this table with each supplement, users of this City Code will be able to gain a more complete picture of the Code's historical evolution.

Ord. No.	Date Adopted	Included/ Omitted	Supp. No.
2010-11	3- 9-10	Included	40

Title XVIII.	Miscellaneous Provisions
Title XIX.	Schedule

*Editor's note—The Charter has been included at the request of the City in Supp. No. 14. Codified herein is the Charter Passed by Vote of Electors on August 29, 1916 and amended April 1, 1918; April 7, 1919; March 3, 1920; April 4, 1921; March 1, 1922; September 12, 1922; April 2, 1923; November 6, 1923; November 6, 1928; April 1, 1929; April 7, 1930; April 6, 1931; March 7, 1932; November 8, 1932; March 5, 1934; April 2, 1934; November 6, 1934; September 15, 1936; March 7, 1938; November 8, 1938; April 1, 1940; April 2, 1945; February 21, 1949. Said Charter was compiled by R. Stanton Kilpatrick, City Clerk. See Charter Comparative Table for subsequent amendments.

PREAMBLE

1. We, the people of the City of Grand Rapids, Michigan, in order to perfect a municipal government which shall insure economical and efficient administration of city affairs; provide for the security of persons and property; promote the happiness and welfare of its people; conserve and utilize public values for public uses; encourage municipal co-operation among the cities of the State and preserve, by proper use thereof, the privilege of local self-government, subject to the Constitution and Laws of the State, do ordain and establish this Charter for the City of Grand Rapids, Michigan.

TITLE I. INCORPORATION—GENERAL CORPORATE POWERS—CITY AND WARD BOUNDARIES—ELECTION PRECINCTS

2. **Name—General Powers.** Sec. 1. The inhabitants of the City of Grand Rapids, Michigan, as its limits now are or hereafter may be established, shall continue to be a body corporate to be known as "The City of Grand Rapids", and as such shall have and may exercise all powers which now are or hereafter may be conferred upon or reserved to cities under the Constitution and Laws of the State as fully and completely as though said powers were specifically enumerated herein.

3. **City Boundaries.** Sec. 2. The City of Grand Rapids shall include all that part of the County of Kent, State of Michigan, described as follows:

> Beginning at the northwest corner of section eighteen, town seven north, range eleven west; thence east along the north of said section, one mile to the northeast corner thereof; thence south along the east line of said section eighteen, one mile to the southeast corner thereof; thence east along the north line of section twenty, town seven north, range eleven west, one-half mile to the north quarter post of said section twenty; thence south along the north and south quarter line of said section twenty, to the south line of said section; thence east on line between sections twenty and twenty-nine of said town seven north, range eleven west, one-half mile to the northeast corner of said section twenty-nine; thence south two miles along the east line of said section twenty-nine and section thirty-two of town seven north, range eleven west to the south line of said town seven north, range eleven west; thence south along the east line of section five, town six north, range eleven west, one mile to the southeast corner of said section; thence west, along the south line of section five and six of town six north, range eleven west, two miles, to the west line of said town six north, range eleven west; thence west one mile along the south line of section one, town six north, range twelve west to the southwest corner of said section one; thence north along the west line of said section one, one mile to the northwest corner thereof; thence west along the south line of section thirty-five and thirty-four produced, of town seven north, range twelve west, one and forty-five one-hundredths miles, more or less, to the center of Grand River; thence northeasterly along the center of said river to the west line of section thirty-five produced south; thence north on the west line produced north of said section thirty-five and the west line of section twenty-six, twenty-three and fourteen of town seven north, range twelve west, to the quarter post of said section fourteen; thence east along the east and west quarter line of said section fourteen, one-half mile to the center of said section; thence north along the north and south quarter lines of said section one-half mile to the north quarter post of said section; thence east along the north boundary of said section fourteen and section thirteen, town seven north, range twelve west, to the northeast corner of said section thirteen; thence north ten and fifty-six one-hundredths feet to the place of beginning, and also so much of Grand River as is embraced within the boundaries above described.

4. **Ward Divisions.** Sec. 3. The City of Grand Rapids shall be divided into three wards, as follows:

> First Ward, all that part of the City lying west of the center of Grand River; Second Ward, all that part of the City lying east of the center of Grand River and north of the center line of

Wealthy Street. Third Ward, all that part of the City lying east of the center of Grand River and south of the center line of Wealthy Street.

Within one year after the adoption of this Charter Amendment, and thereafter within one year after the official total population count of each federal census of the City of Grand Rapids is available, the City Commission shall by ordinance district and apportion the three wards of the City of Grand Rapids so the population of such wards shall be as nearly equal as possible. Such wards shall be as compact and contiguous as possible, considering natural and established boundaries and streets.
(2-21-66)

5. **Territory Annexed to Become Part of Contiguous Ward.** Sec. 4. Whenever territory shall be annexed to the City of Grand Rapids the City Commission shall by ordinance or resolution declare the same to be a part of the contiguous ward or wards as the case may be, and shall take all steps necessary to confer upon the inhabitants of such territory, all rights and privileges enjoyed by the inhabitants of said City.

6. **Election Precincts.** Sec. 5. (a). The City Commission shall by ordinance from time to time establish convenient election precincts in each ward. Until otherwise ordered, the precinct boundaries shall continue as now established.

(b) Upon the adoption of this Charter and until otherwise fixed by ordinance, the several precincts shall be known as follows: (See the ordinance adopted pursuant to this section by which the city is divided into 99 precincts.)

TITLE II. CITY OFFICERS AND DEPARTMENTS

7. **Offices and Departments Established; Powers of.** Sec. 1. (a) There is hereby established for the government of the City of Grand Rapids, a City Commission of seven members, one member of which shall be Mayor. There is also hereby established a Library Commission of seven members; an Art and Museum Commission of five members; a Civil Service Board of five members; an Auditing Department of which the City Comptroller shall be the head; a Taxation Department of which the City Assessor shall be the head; a Finance Department of which the City Treasurer shall be the head; a Department of Law of which the City Attorney shall be the head; a Department of Public Service, a Department of Public Safety, a Department of Public Welfare, and a Purchasing Department, of which four last named departments the City Manager shall be the head; a Board of Review of five members who are taxpayers to the City and have been residents of the City for not less than five years; and a body of seven members to be known as the Trustees of the Sinking Fund. The foregoing named Commissioners, boards, departments and trustees, the Board of Education, the Superior Court, the Municipal Court of Grand Rapids, and the Police Court of Grand Rapids, together with their several members, officials, employees, and the persons elected to serve therein, and the persons elected to represent the City upon the Board of Supervisors of this county, and the several constables elected in the said City, shall constitute the entire governing force thereof.

(b) The powers vested in the City by this Charter and the laws of the State, except powers reserved to the people or the electorate are hereby vested in the several commissioners, boards, departments, trustees, courts, and persons above named.
(3-5-34; 4-1-40; 2-21-49; 9-10-91)

8. **Elective Officers.** Sec. 2. The following officers shall be elected by the qualified electors of the City, hold office, possess the qualifications, have the powers and perform the duties as provided in this Charter and in the laws of the State, viz: One City Commissioner to be nominated and elected by the City at large, who shall be Mayor; two City Commissioners from each ward to be nominated and elected by their respective wards; such Judges of the Municipal and Police Courts as shall be provided by law; one City Comptroller; and seven Library Commissioners.

There shall also be four Supervisors nominated and elected from and by each ward, and such other officers as may be required by law. The City Commissioners, Supervisors and City Comptrol-

ler elected in 1965 shall hold office for a term of three years. Thereafter, the City Commissioners, Supervisors, and City Comptroller shall be elected and hold office for the term of four years.
(4-2-23; 9-1-64; 9-10-91)

9. **Officers Elected by City Commission.** Sec. 3. The City Commission shall elect the President of the City Commission, one City Manager, one City Attorney, one City Clerk, and one City Treasurer.
(4-2-23; 2-21-49)

9.1. **Eligibility to Elective City Office.** Sec. 4. A candidate for any elective office of the City shall be a resident of the City for six months or more immediately prior to the last day for filing petitions for office and shall be a registered and qualified elector of the City at the time of filing petitions for office. An appointee to any vacancy in any elective office of the City shall be a resident of the City for six months or more immediately prior to the date of appointment, and shall be a registered and qualified elector of the City at the time of appointment.
(4-4-66)

9.2. **Term Limitations.** Sec. 5. No person shall be eligible for election as a City Commissioner of any Ward if that person has served as a City Commissioner of any Ward for two terms. No person shall be eligible for election as Mayor if that person has served as Mayor for two terms. A person is eligible to be a Ward City Commissioner for two terms and an additional two terms as the Mayor. Serving more than two years of a term to which some other person was elected shall be considered a term. This section only applies to the positions of Ward City Commissioner and of Mayor.
(11-4-14, § 1)

TITLE III. REGISTRATION—NOMINATIONS—ELECTIONS

10. **State Laws to Govern—Party Procedure not to apply—Residence of Electors.** Sec. 1. The registration of voters, nominations and elections held under this Charter, shall be in accordance with the general laws of the state except as herein otherwise provided. Nothing in the laws of the state applying to party registration, enrollment or any other party procedure shall apply to registrations, nominations or elections held hereunder. The residence of an elector shall be in the election precinct in which is located his regular place of lodging.

11. **Board of Registration—Time and place of meeting.** Sec. 2. The City Commission shall appoint two electors from each precinct who shall constitute the Board of Registration in their respective precincts. Such boards shall be in session at the places designated by the City Commission from 6 o'clock in the forenoon until 8 o'clock in the afternoon of each registration day.

12. **General Registration—Notice of Registration.** Sec. 3. There shall be a general registration of the electors in the year 1916, in time for the general fall election. There shall also be a general registration of the electors every fourth year thereafter and at such other times as the city commission may designate.

The City Clerk shall give notice of such registration and provide the necessary books or registers and supplies therefor.

13. **Time of holding Primary Election.** Sec. 4. A non-partisan primary election for the purpose of nominating such officers of the City as this Charter provides, shall be held in each ward on the day fixed by the general laws of the state for the nomination of candidates for county officers to be chosen at the spring election.

14. **Nominating Petition.** Sec. 5. The name of any eligible elector shall be placed upon the primary ballot if, before five o'clock in the afternoon of the thirty-fifth day before the primary election day, there shall be filed in his behalf in the office of the City Clerk, a petition duly verified, as hereinafter provided, and signed with indelible pencil or with ink, by not less than fifty nor more than one hundred duly registered and qualified electors, of the electoral district from which the candidate seeks election, and who were so registered not less than 42 days prior to the date of the primary election.

Such petition shall be in substantially the following form:

We, the undersigned, registered, and qualified electors of the City of Grand Rapids, Kent County, Michigan, respectfully petition and request the name _____ an elector of the City of Grand Rapids, residing at _____ be placed upon the ballot to be prepared for use at the next non-partisan primary election as a candidate for _____ (name office) _____ Name _____ Address _____ Ward _____ Precinct _____ Date _____.

Such petition shall be verified by the person circulating the same, which verification shall state that such signatures were obtained by the person so verifying the petition: that they are the signatures of the persons purporting to sign the same and that each of them signed in his presence and that the person verifying such petition has good reason to believe and does believe that the signers obtained thereto are duly qualified and registered electors of such electoral district, and were so registered forty-two days prior to the primary election day, and are the identical persons their signatures purport them to be.

No person shall subscribe to a verification which is false in any material particular; no person shall take the oath of another to such petition not knowing him to be the identical person he represents himself to be or knowing that the petition is false or fraudulent in any particular; nor shall any person sign another person's name to any such petition.

Said petitions shall be public records and subject to inspection, but only in the presence and upon the authority of the City Clerk or a duly authorized member of his staff.

Such petition shall not be valid unless circulated by a person who is a duly qualified and registered elector of the electoral district from which the candidate on said petition seeks election.

If any elector shall sign more than one petition for the same office, his signature shall be void on all petitions for that office.

Where such petition is filed by a person or persons other than the candidate named therein, it shall be valid only if accompanied by the verified written consent of the candidate authorizing such filing.

Upon receipt of any such petitions, the City Clerk shall check or spot check the signatures on such petitions with the registration record of the City, or in some other proper manner, determine whether such signers are duly qualified and registered electors as herein provided. If, upon examination and investigation, it shall be found that the petition contains spurious signatures or false affidavits, he shall report such fact to the City Commission and no further action upon such petition shall be had.
(3-5-34; 4-1-40; 2-21-66)

15. **Non-Partisan Election.** Sec. 6.

a. All elections held under this Charter shall be non-partisan.

b. All elections held under this Charter shall be in accordance with the general laws of the state, including the Michigan Election Law, MCL 168.1 et seq., as amended from time to time.

c. The City's regular elections shall occur on even-numbered years, as provided for in the Michigan Election Law, MCL 168.642 and MCL 168.642a(4). The City elections under this Charter currently scheduled to occur in 2021 shall occur in 2022, and all elections held thereafter under this Charter shall be held in even-numbered years.

d. Pursuant to this section, the election of members of the Board of Library Commissioners shall occur in even-numbered years, and this section shall override the requirements set forth in Title XIII, Section 3 of this Charter.

e. Special elections shall be held for such purposes as the City Commission may prescribe but may only be held on the dates specifically permitted by the

Michigan Election Law, specifically MCL 168.641(1), as amended from time to time.
(11-20-20)

16. **Notice of Election.** Sec. 7. The City Clerk under the direction of the City Commission shall give notice by publication, at least twice, in a daily newspaper printed and circulated in the City of Grand Rapids; the first notice to be not less than five nor more than ten days immediately preceding any election, of the time and place of holding of said election, the offices to be filled, a list of the names of all candidates therefor, and the measures, if any, to be submitted. The substance of each measure shall be clearly and fairly stated in the notice. Notice may also be published in such additional daily newspaper or newspapers as the City Commission shall, by resolution, determine.
(11-8-38)

17. **Voting Places—Inspectors of Election.** Sec. 8. At least twenty days prior to any election, the City Commission shall designate one place of voting in each precinct and shall appoint and fix the compensation of the inspectors of election. The City Commission shall have the authority to reduce the number of inspectors for any city election.

18. **Opening and Closing of Polls.** Sec. 9. At all elections the polls shall be opened at 7 o'clock in the forenoon and shall be continued open until 8 o'clock in the afternoon and no longer.
(4-1-40)

19. **Ballot—Preparation of.** Sec. 10. It shall be the duty of the City Clerk to cause to be made out ready for delivery forty-eight hours before the time fixed by law for the opening of the polls, all necessary books, blanks and lists required by the general laws of the state or by this Charter for holding elections, and as many ballots as there are registered voters in each election precinct. It shall be the duty of the inspector first named of each election precinct in the city, or other inspector designated by him, to appear in the office of the City Clerk not more than forty-eight hours before the hour of opening the polls and the City Clerk shall deliver to him in a sealed package the ballots and other material provided for his precinct. The necessary number of ballots shall be wrapped and tied in packages and securely sealed with wax and the City Clerk shall certify to the number of ballots in each package and upon delivery of such package and certificate, the said inspector shall receipt for the same. For the safe sealing of such ballots the City Clerk shall provide himself with a seal of such design as he may deem proper. The said package shall not be opened until delivered to the Board of Election Inspectors of the respective election precincts to which they were directed, nor until said board shall be fully organized and ready for the reception of votes.

20. **Ballots—Form of.** Sec. 11. (a). The City Clerk shall cause all election ballots to be printed, but proof thereof shall be open to inspection at his office for at least two full secular days before the ballots are printed. He shall give written notice to every candidate of the time when such proof may be seen and shall correct any errors that may appear. Ballots shall be uniform in each election district except as to number, and shall contain only:

(a) The title of the election,

(b) The words "To vote for a person mark (X) in the square at the left of his name."

(c) The names of the offices in a single column,

(d) Statement of number to be voted for under each office,

(e) The names of all candidates, which shall be printed in type of the same size and style,

(f) A square at the left of each name,

(g) The number of the ballot.

(b). The forms shall be set up with the names of the candidates for each office arranged in alphabetical order according to surnames. In printing each set of ballots for the several election precincts, the positions of the names shall be changed in each office division as many times as there are candidates in the office division where there are most names. As nearly as possible an equal number of ballots shall be

printed after the change. In making the changes of position, the printer shall take the line of type at the head of each office division and place it at the bottom of the division and shove up the column so that the name that before was second shall be first after the change, and so arrange the ballots that every alternate ballot shall have the names in a different position.

21. **Special questions—How Printed.** Sec. 12. All special questions to be voted upon at any election shall be printed upon a single ballot entitled "Special Ballot." The substance of each proposal shall be separately, clearly, and fairly stated under an appropriate title, as the City Commission may determine. Below each proposal in separate lines, shall be the words "yes" and "no" each followed by a square. The elector shall vote by placing (X) in one of the squares.

22. **Instruction Ballots.** Sec. 13. At least five days before any election the City Clerk shall cause to be printed for general distribution such number of instruction ballots as the City Commission may direct, upon paper of different color than the regular ballot and plainly marked "Instruction Ballot."

23. **Votes—Counted and Returned.** Sec. 14. Immediately after the closing of the polls the inspectors of election shall then and there, without removing the ballot box from the voting place, proceed to count the ballots cast, and not more than two hours after the completion thereof shall certify and make return thereof to the City Clerk. The City Commission shall designate two of its members, not candidates for office at such election, who together with the City Clerk shall receive the returns as filed and tabulate them forthwith.

24. **Who Nominated and Elected.** Sec. 15. (a). In all primary elections held to fill a single office, the two candidates for each office receiving the highest number of votes shall be nominated to proceed to the general election. At the general election the candidate for office receiving the highest number of votes shall be thereby elected.

(b). In all primary elections held where several offices designated by the same name are to be filled at the same election, then the candidates receiving the highest number of votes shall be nominated to proceed to the general election. However, only such candidates not to exceed double the number of offices to be filled shall be nominated to proceed to the general election. At the general election the candidates for each office receiving the highest number of votes shall be thereby elected.
(11-20-20)

25. **Board of Canvassers.** Sec. 16. The City Commission shall be the Board of Canvassers for all elections. On the first Thursday after any election, the City Commission shall meet at 7 o'clock P. M. and proceed to canvass the returns of such election and shall thereupon declare the result. In case of a tie vote for any office, the City Commission shall decide by lot which of the persons who are tied, shall be nominated or elected as the case may be. A statement of such canvass shall be made out and signed by the Mayor and filed with the City Clerk, who shall within three days thereafter make out and cause to be delivered to each person so nominated or elected, a certificate of such nomination or election as the case may be.

26. **Contested Elections.** Sec. 17. All cases of contested elections for municipal offices shall be decided by the City Commission as nearly as may be in accordance with the laws of the State regulating proceedings in cases of contested elections for State offices.

27. **Campaign contributions—Persons disqualified from making.** Sec. 18. No corporation and no officer of any corporation interested either directly or indirectly in any license or contract then pending or in contemplation before the City Commission or any department of the City, and no officer or agent of any public service corporation holding franchises in the City shall either directly or indirectly contribute any money or other valuable thing to the campaign fund of any candidate for office at any primary or other election held under this Charter.

28. **Services and expenses—What Prohibited and what allowed.** Sec. 19. No person shall perform or agree to perform any service in the interest of any candidate for any office provided in this Charter in consideration

of any money or other valuable thing; but the bona fide payment by any candidate or other person for the fair and reasonable cost of printing, advertising, office maintenance and the reasonable and bona fide expenses of holding public meetings and of distributing literature shall not be in contravention of this Charter.

29. **Acts to Influence Electors Prohibited.** Sec. 20. No person, firm or corporation shall give, offer to give, or promise any money or other consideration to any elector, or to any person, for the use of any elector, for the purpose of influencing the vote of any elector at any election provided for in this Charter, or to or for any elector for the purpose of securing support for any candidate at such election.

30. **Promise of public office prohibited.** Sec. 21. No person nominated for or holding any office in the government of the City, and no person while seeking a nomination for or appointment to any such office, shall use or promise to use either directly or indirectly any official authority or influence, whether then possessed or merely anticipated, in the way of conferring upon any person or in order to secure or aid any person in securing any office or public employment in any position under this Charter, or any nomination, promotion, increase of salary, or other preferment upon the consideration, condition, or understanding that the vote, influence or action of such person shall be given or used in behalf of any candidate, officer or party or upon any other consideration or condition.

31. **Political activity by public officials and employees prohibited.** Sec. 22. No employee or officer of the City shall be an employee or officer of any partisan campaign committee, nor shall he be an employee or officer of any campaign committee in behalf of any candidate for public office other than himself. No employee or officer of the

City shall circulate or solicit signatures to any petition mentioned in this title except his own, nor shall he solicit endorsement for any candidate for public office other than himself.

32. **Notice To Voters of Election and Measures.** Sec. 23. The City Commission may, not less than seven days before any city election at which any special measure is to be voted upon, direct a notice thereof to be mailed to every registered voter, which notice when so mailed shall include a copy of each such measures to be voted upon.
(4-1-18; 3-5-34)

33. **Place for Public Meetings to be Provided.** Sec. 24. The City Commission shall provide or cause to be provided at public expense convenient places throughout the City where public meetings may be held for at least the last twenty days preceding any City election. As far as possible the public school buildings and other public buildings sustained by taxation shall be used for such purposes. The City Commission shall regulate the use of such places or buildings by ordinance, so that the respective candidates and the persons advocating or opposing any policy or measure shall have equal privilege to the use of such places without expense.

34. **Term "Elections" to Include Primaries.** Sec. 25. The term "elections" and "election" as used in this Charter shall be construed to include primary elections and all provisions of this Charter in regard to elections shall apply to primary elections.

TITLE IV. INITIATIVE—REFERENDUM—RECALL

Initiative

35. **Initiatory Petitions—Requirements of.** Sec. 1. Any proposed ordinance may be submitted to the City Commission by petition or petitions filed with the City Clerk and signed in ink or indelible pencil by not less than twelve per cent of the registered voters of the City entitled to vote for municipal officers, and verified by the person or persons who obtained the signatures thereto. Such verification shall state that the said signatures were obtained by the person or persons verifying the same, that the said signatures are the genuine signatures of the persons purporting to sign same, and that the person or persons verifying such petition verily believes that the signers thereof are duly qualified electors of the City. Said petition shall give the residence of each of said electors signing the same by street and number, ward and precinct.

36. **Initiatory Petitions—How Acted on.** Sec. 2. Said initiatory petition shall contain said proposed ordinance in full and a request that, if such proposed ordinance be not passed by the City Commission, the same shall be submitted to a vote of the people. Upon filing said petition, the City Clerk shall at once ascertain and certify its number of qualified signers. If such certificate shows the required number of qualified signers, the City Commission within twenty days thereafter, shall either:

(a) Pass said proposed ordinance without alteration, subject to the referendum vote provided in this title, or

(b) Call a special election, unless a general or special election is to be held within six months thereafter, and at such general or special election such proposed ordinance shall be submitted without alteration.

Referendum

37. **Petition for—Requirements of.** Sec. 3. If within thirty days after the approval of any ordinance, other than appropriation or emergency measures adopted by the City Commission, a petition shall be filed with the City Clerk protesting against such ordinance taking effect, and signed in ink or indelible pencil by not less than twelve per cent of the registered voters of the City entitled to vote for municipal officers, and verified as required in Section 1 hereof, and certified by the City Clerk as required in this title, the same shall thereupon be suspended from taking effect; and it shall be the duty of the City Commission at its next regular session to reconsider such ordinance and act thereon by yea and nay vote; and if the same be not entirely repealed, the City Commission shall submit such ordinance by the method provided in this title to a vote of the qualified

electors of the City, either at the next regular municipal election or at a special election which may be called for that purpose at the discretion of the City Commission; and such ordinance shall not take effect unless a majority of the qualified electors voting thereon at such election shall vote in favor thereof.

38. **Inconsistent Provisions and Ordinances—which to Prevail.** Sec. 4. If the provisions of two or more ordinances or measures adopted or approved at the same election be inconsistent, then the ordinance or measure receiving the highest affirmative vote shall prevail in so far as it or its provisions are inconsistent with the other ordinance or ordinances adopted or approved.

39. **Repeal or Amendment of Ordinance.** Sec. 5. An ordinance proposed by petition and adopted by vote of the electors as herein provided shall not be repealed or amended except by submission to, and by a majority vote of, the electors voting thereon.
(11-6-34)

Recall

40. **Who Subject to.** Sec. 6. Every officer of the City of Grand Rapids, elected by the people, except judges of courts of record and courts of like jurisdiction, is subject to recall by the legal voters of the City or of the electoral district in which he is elected as hereinafter provided.

41. **Petition for—Where Filed.** Sec. 7. The petition demanding the recall of any elective City official except Mayor, shall be filed with the Mayor. The petition demanding the recall of Mayor shall be filed with the City Clerk.

42. **Signatures on Petition—Percentage.** Sec. 8. The petition shall be signed by at least twenty-five per centum of the number of electors who voted for Governor at the last preceding election in the electoral district of the official sought to be recalled; said petition or part thereof shall be printed or typewritten and shall state clearly the reason or reasons for said demand. The signatures thereto shall be in ink, or indelible pencil and shall state the ward, precinct and street number in which said petitioner lives. The circulator of said petition or his part thereof, shall attach thereto his affidavit that said signatures are the same signatures of qualified electors; that they are genuine and made in good faith for the purpose set forth in said petition.

43. **When not to be Instituted.** Sec. 9. No recall petition shall be circulated against any officer until he has actually performed the duties of his office for a period of forty-five days for a legislative office, and for three months for any other office.

44. **Special Election.** Sec. 10. Whenever a petition signed by twenty-five per cent or more of the electors designated in Section 8 of this title, is filed against any officer, a special election shall within five days thereafter be called, to be held within twenty days in his said electoral district to determine whether the people shall recall said officer, but said officer shall continue to perform the duties of his office until the result of said special election is declared.

45. **Ballot—Form of.** Sec. 11. The recall ballot shall have printed thereon, in not more than two hundred words, the reason or reasons for demanding the recall of said officer as set forth in said petition, and in not more than two hundred words the officer's justification of his course in office. There shall be printed on the recall ballot the following questions:

"Shall (name of the person against whom the recall petition is filed) be called from the office of (title of the office) Yes ( ).

"Shall (name of the person against whom the recall petition is filed) be called from the office of (title of the office) No ( ).

46. **Office—When Deemed Vacant.** Sec. 12. If upon the canvass of the votes cast upon the question of the recall of said officer, a majority of the voters voting shall decide in favor of such recall, said office shall be deemed to be vacant and a special election shall be called within five days to be held within thirty days for the filling of such vacancy: Provided, that the officer so recalled shall continue to perform the duties of his office until his successor shall have been elected and qualified.

47. **Candidate—How to Become.** Sec. 13. Unless he shall voluntarily withdraw, the officer so recalled shall be considered a candidate for re-election to said office. Other candidates for the office may be nominated and voted for at said special election by filing with the officer with whom the recall petition has been filed, a petition within fifteen days after said special election is called, signed by not less than three per centum of the qualified electors of the electoral district.

48. **Candidate Elected—Term of Office.** Sec. 14. The candidate who has received the highest number of votes for the vacancy created by such recall shall be considered duly elected for the remainder of the term.

49. **Second Recall Conditions.** Sec. 15. After such special election no further recall petitions shall be filed against the same incumbent of such office during the term for which he is elected unless such further petitioners shall first pay into the city treasury, the whole amount of election expenses for the preceding special election held for the recall of said incumbent.

50. **General Regulations.** Sec. 16. The City Commission shall make by ordinance such regulations not in conflict herewith as may be necessary to execute the provisions of this title.

TITLE V. CITY COMMISSION

51. **Legislative and Administrative Powers.** Sec. 1 (a). The Legislative and administrative powers of the City are hereby vested in the City Commission, which is authorized to pass all laws and ordinances relating to its municipal concerns, subject to the Constitution and General Laws of the State and this Charter.

(b). The City Commission shall have all the powers, and perform all the duties imposed upon City Councils or Common Councils by the General Laws of the State and the City Commissioners shall have the powers and perform all the duties imposed upon Aldermen or Councilmen by the General Laws of the State.

52. **Ordinances and Regulations.** Sec. 2. Without intending to limit or curtail the power in this Charter otherwise vested in the City Commission, it is hereby vested with the following powers:

(a). To pass all ordinances and regulations of every character to secure the public peace, health, safety, welfare and convenience, to regulate and license trades, occupations, businesses and amusements, and to exclude or restrict heavy traffic, the erection of business houses and the establishment of trades in residence districts within the City.

Violations of Ordinances. (b). To provide for the punishment of those who violate the ordinances, but no punishment shall exceed a fine of $500 or imprisonment for 90 days in the county jail or house of correction, or in any work house authorized by law to receive prisoners from the City, or by both such fine and imprisonment in the discretion of the Court.

53. **Municipal Co-operation.** Sec. 3. The City Commission and City Manager shall seek to bring about co-operation among and between the Cities of Michigan in whatever way may seem best for the purposes:

(a). Of securing a uniform system of accounting among said cities so that intelligent comparison may be made, and so that each city may profit by the experience of all.

(b). Of enabling said cities to work out plans for co-operative buying at wholesale rates.

(c). Of promoting the prosperity, welfare and happiness of the citizens and taxpayers.

54. **Officers—Qualifications—Rules.** Sec. 4. The City Commission shall annually organize by the election of one of its members as President, and shall also choose its officers. It shall be the judge of the election and qualifications of its members and shall determine the rules of its procedure.
(4-2-23; 4-4-66)

55. **Meetings.** Sec. 5. The City Commission shall meet in regular session twice each calendar month at such times as it may prescribe by ordinance; provided, however, that at least one

regular meeting each calendar month shall be held in the evening. Special meetings may be called by any two members upon at least twelve hours notice to each member. Such notice shall either be in writing and served personally, left at the Commissioner's usual place of residence, or transmitted electronically, or such notice shall be telephonically served either personally or via recorded message at the Commissioner's usual residence or mobile phone number. All meetings of the City Commission, and notices thereof, shall comply with the Open Meetings Act, Act 267 P.A. 1976, as amended, MCL 15.261 et seq.
(2-19-62; 8-8-06)

56. **Proceedings—Records.** Sec. 6. The City Commission shall keep a written or printed journal of its proceedings, which shall be a public record and which shall be published in full or in summary form, once in an official newspaper of the City and in pamphlet form to be furnished free to all persons applying therefor. The yeas and nays of the members on any vote or question shall be entered on the journal on the request of one (1) member. All votes on appointments, franchises and on every amendment and section therefor, shall be taken by yeas and nays recorded in the journal.
(6-11-79)

57. **Legislation—How Originated—Style.** Sec. 7. All legislation shall be by ordinance and may originate either in the City Commission or through initiatory petition; provided, that proceedings relative to the initiation and the carrying on of special improvements may be by resolution. The style of all ordinances shall be: "The People of the City of Grand Rapids do ordain."
(4-7-19)

58. **Majority Vote to Pass Ordinance.** Sec. 8. (a). No ordinances, except such as are passed by the electors under the provisions of Title IV shall become effective without the concurrence of a majority of the Commission elected. On the final passage a yea and a nay vote shall be taken and entered in the journal.

Repeal of Ordinance. (b). No ordinance passed by the City Commission shall be repealed, altered or suspended except by an ordinance passed in the same manner as an enacting ordinance.

One Subject—Title. (c). No ordinance shall embrace more than one subject, which shall be expressed in its title, and no ordinance shall be revised or amended by reference to its title only.

59. **When Ordinance in Force.** Sec. 9. No ordinance shall be in force until the expiration of thirty days from the date of its passage; Provided, that earlier effect may be given by a two-thirds vote of the City Commission to appropriation measures, to measures mentioned in Section 16 of this Title, or to acts immediately necessary for the preservation of public health, peace, or safety.

60. **Publication of Ordinances.** Sec. 10. Ordinances not to be in force until the expiration of thirty days from date of passage shall be published at least two weeks before becoming operative. Ordinances given effect within thirty days shall be published once as soon as practicable and at least one day before becoming operative. Such publication shall be by either of the following two methods:

(a). The full text thereof may be published with the journal of the proceedings of the City Commission in the official newspaper; or

(b). In cases of ordinances over 400 words in length, exclusive of title, a digest or summary of the ordinance, approved by the City Commission, may be published in the official paper, including with such newspaper publication, a notice that printed copies of the full text of the ordinance are available for inspection and distribution to the public at the office of the City Clerk. Such printed copies shall be promptly so made available. If method (b) is used, notwithstanding any other provision of this Charter, the full text of the ordinance need not be published in the official paper or printed in the proceedings, but publication of the digest or summary of the ordinance, as approved by the City Commission, shall suffice.
(2-20-61)

61. **Passage of Ordinances.** Sec. 11. No ordinances, unless immediately necessary for the preservation of public health, peace, or safety, shall be passed at the session at which first presented, nor until seven days after the same shall have been published in the official paper.

62. **Private Detective Agencies.** Sec. 12. The City Commission shall, by ordinances, provide for the licensing, bonding and regulating of private detectives and private detective agencies.

63. **Power to Administer Oaths.** Sec. 13. The Mayor, the President, the City Clerk and the Chairman of any general or special committee of the City Commission shall have power to administer oaths to persons testifying in respect to any matter pending before the City Commission or Committee and to persons subscribing affidavits in respect to any such matter.

64. **False Affidavits—Punishment.** Sec. 14. Any person taking any such oath who shall, in any statement or affidavit or otherwise, wilfully swear falsely as to any material fact shall be punished as by ordinance prescribed.

65. **Defective Tax Procedure—Re-assessment.** Sec. 15. In the event of the failure of any tax or special assessment through defective procedure of any assessment, collection or sale, the City Commission may provide for its re-assessment upon the property chargeable therewith in the first instance.

66. **Collection of Specific Taxes—License Fees, Rents, etc.** Sec. 16. The City Commission may provide for the levying and collection of specific taxes, tolls, excises and license fees; Provided, that the same shall be uniform upon the classes upon which they operate, and may also provide for the collection of rents.

67. **Taxing Ordinances.** Sec. 17. Every taxing ordinance shall state the tax and object to which it is to be applied.

68. **Estimate of Expenditures—Submitted by City Manager.** Sec. 18. On or before the first Tuesday in April of each year, and before any monies shall be raised, or taxes levied and collected, for the purposes of the several funds and appropriations authorized by the provisions of this act, or acts amendatory thereof, the City Manager shall submit to the City Commission an estimate of the expenditures of the City for the ensuing fiscal year. Such estimate shall be compiled from and based upon detailed information furnished by the various departments of the city government requiring appropriations, and shall be upon uniform blanks to be prepared by the City Comptroller. They shall give in parallel columns the following information:

(a). A detailed estimate of the expense of conducting each department.

(b). Expenditures for and revenue derived from corresponding items for the last two fiscal years.

(c). Increase or decrease as compared with appropriations for corresponding items for the last fiscal year.

(d). The recommendation of the City Manager as to the amount to be appropriated.

(e). On or before the second Monday in May of each year, the City Commission shall provide by ordinance for a budget and for the levy of taxes sufficient with other resources to pay the estimated expenses of the city government for the ensuing fiscal year, the contingent fund requirements, and the maintenance of all sinking funds and the principal of and interest on all municipal debts, bonded or otherwise. The City Commission is authorized to levy and collect taxes annually in a sum up to and including 1 per centum of the assessed valuation of all real and personal property in the City, subject to the provisions of Section 1a of Chapter VII of Act No. 202 of the Public Acts of 1943, as amended. Provided, that commencing July 1, 1995, said 1 per centum shall become $\frac{84,148}{100,000ths}$ of 1 per centum (8.41 mills) for any year that the Uniform City Income Tax Ordinance, as provided for by Act 284 of the Public Acts of 1964, as amended, is in effect in the City; and, provided further, that from and after July 1, 1989 the millage limitation shall be $\frac{64,100}{100,000ths}$ of 1 per centum (6.41 mills) during any year that the Uniform City Income Tax Ordinance as provided for by Act 284 of the Public Acts of 1964, as amended, is in effect in the City at a rate greater than 1% on corporations and resident individuals and .5% on non-resident individuals. Provided further that the City Commission shall allocate $\frac{215}{1,000ths}$ of 1 per centum (2.15 mills) for the operation and maintenance of the Library and that this alloca-

tion shall be inclusive of the 2/5 mill provided for the maintenance and running of the Library in Title XIII, Section 10 of this Charter.

(1) In addition to any millage levied pursuant to the above Section 18(e), and not limited thereby, the City Commission is authorized to levy and collect taxes annually in a sum up to and including $\frac{39.5}{1{,}000\text{ths}}$ of 1 per centum (.395 mills) of the assessed valuation of all real and personal property in the City, for a period of twenty years, commencing July 1, 1998 through July, 1, 2017, to be allocated to and used for capital improvements for the Grand Rapids Public Library.

(2) In addition to any millage levied pursuant to the above Section 18(e), and not limited thereby, the City Commission is authorized to levy and collect taxes annually in a sum up to and including $\frac{98}{1{,}000\text{ths}}$ of 1 per centum (.98 mills), for a period of seven years, commencing January 1, 2014 through December 31, 2020, to be allocated to and used for parks, pools, and playgrounds.

(3) In addition to any millage levied pursuant to the above Section 18(e), and not limited thereby, the City Commission is authorized to levy 0.3741 mills (one mill equals a levy of $1.00 for each $1,000 of taxable value) for twenty years, 2018 through 2037, to be used for operations, maintenance, repairs and capital improvements of the Public Library which will raise an estimated $1,750,000 in the first year.

(f). Such budget ordinance shall contain the several items for which appropriations are to be made, as follows:

(a) The Sinking Fund,

(b) Departmental Appropriations,

(c) The Contingent Fund,

(d) Not less than 32% of the General Operating Fund shall be appropriated for police services while both a City Income Tax of 1.3% or more is in effect for corporations and resident individuals and a City Income Tax of .65% or more is in effect for non-resident individuals.

Money Used Only for Purposes Designated. (g). The monies so provided by such budget ordinance, except the monies provided for the contingent fund, shall not be used by transfer or otherwise, for any purpose other than that for which such appropriations were designated and raised; Provided, that the City Commission may authorize the transfer of operation and maintenance items, appropriated to the same department, but monies appropriated for permanent improvements or for purposes other than operation and maintenance shall be used only for the purposes designated in the budget ordinance.

Emergency Provisions. (h). The City Commission is authorized to expend, or transfer from the contingent fund such sums as may be necessary for the relief of the inhabitants or the preservation of public property in case of fire, flood, epidemic or other calamity or for other necessary purposes for which no specific appropriation is made in the budget ordinance.

Sec. 19. Repealed April 1, 1918.
(11-6-34; 8-2-60; 6-18-63; 2-20-67; 6-12-89; 11-2-93; 8-2-94; 3-28-95; 9-9-97; 11-5-13; 11-7-17)

69. **Expenditure of Monies—Vote Required.** Sec. 20. No monies shall be paid out of the City Treasury except in pursuance of appropriations made by law and with the affirmative vote of a majority of the members of the City Commission; Provided, that unless a claim for indebtedness incurred by the City shall have been approved by the City Comptroller, the City Commission shall not order its payment except by the affirmative vote of five of its members. No monies shall be transferred from one fund to another except from the contingent fund after being once appropriated or set apart into a definite fund.

70. **Credit of City.** Sec. 21. The credit of the City shall not be granted to nor in aid of any person, association, or private corporation, nor shall the city subscribe to or be financially interested in any company, corporation or associa-

tion, except where the same is by this Charter or General Laws or by any existing special act made one of its municipal departments.

71. **Unanimous Vote to Rescind or Alter Contract.** Sec. 22. The City Commission shall not rescind or alter any contracts with the City, except franchise grants nor release the principals or sureties from the performance of any of the obligations thereof, except by unanimous vote.

72. **Holding Other Offices Prohibited.** Sec. 23. No member of the City Commission shall accept any civil appointment, except that of Notary Public, during the term for which elected nor shall any City official become a candidate for any office other than a City office while holding any other office under the City. No person holding any other office under City or County Government shall be eligible to or have a seat in the City Commission and all votes given for any such person shall be void.

73. **Removal of Officers or Employees.** Sec. 24. (a). Any officer or employee of the City, except judges, justices of the peace or those whose removal is otherwise provided for under this Charter, may be removed by the City Commission for official misconduct or for unfaithful or improper performance of the duties of his office or employment or for ineligibility.

Proceedings for Removal. (b). The proceedings for such removal shall be entered in the record of the City Commission. A copy of the charges against such officer or employee and

notice of the time and place of hearing same shall be served on him at least ten days previous to the date assigned for hearing. If personal service cannot be had, the same shall be left at his place of residence within the City, with some suitable person of proper age, or other substituted service may be had. Opportunity shall be given him to make his defense thereto. A majority vote of the City Commission elected, shall be necessary to remove such officer or employee.

74. **Members Board of Supervisors.** Sec. 25. The entire City Commission, the City Treasury, the City Comptroller, the Senior Assessor, the City Manager, the City Attorney, and twelve Supervisors, four to be elected from and by each Ward, shall be representatives of the City upon the Board of Supervisors of the County of Kent and such representatives shall possess all the powers and be subject to all the duties of individual supervisors under the laws of the State not inconsistent with this Charter and not delegated to other officers.
(2-21-49)

75. **Limitations of Authority to Create Indebtedness.** Sec. 26. Except as herein otherwise provided, it shall not be lawful for the City Commission to borrow money or authorize the creation of any liability or indebtedness against the City in any one year exceeding in the aggregate the amount which by this Charter and laws of the State, may be raised by tax for such year.

Payments from Current Taxes. In case any sum or sums of money are borrowed by the City Commission in any one year, or any officers thereof shall enter into any contract or contracts binding upon said City for the payment of moneys, the same shall be paid out of sums raised by tax for such year, if the payment thereof is not otherwise provided. All sums of money borrowed by the City shall be applied solely for the purpose for which same was borrowed.

Special Improvements. Nothing in this Charter contained shall be construed to prohibit the City Commission from making assessments and levying and collecting taxes for the purpose of special improvements.

76. **Interest on Daily Balances—Temporary Loans—Contracts—Advertising.** Sec. 27. The City Commission shall, within thirty days before the termination of any existing contract therefor, advertise in one of the newspapers of the City for a period of at least one week after the first insertion of such advertisement, for sealed proposals for the highest rate of interest obtainable on daily balances of money belonging to the City, or Board of Education, or in their custody, and the lowest rate of interest to be paid by the City for such temporary loans as it shall desire to make.

77. **City Depositaries—Contracts for Deposits and Withdrawal.** Sec. 28. (a). The City Commission shall contract with any safe and secure banking institution or institutions, and make rules and regulations in regard to the depositing of money therein, for a period of not to exceed three years, as a depositary or depositaries for the safe keeping of public moneys belonging to or in the custody of the City, or any of its departments, including the Board of Education and for the payment of interest at a rate of not exceeding that established by law, upon such moneys so deposited with such banking institution or institutions, to be drawn from the current account by the City through its proper officer or officers, which interest shall belong to the City or to the Board of Education, as the case may be.

(b). Every such contract shall contain an agreement on the part of such banking institution permitting the City Commission to terminate such a contract and to withdraw all moneys deposited with such institution or institutions whenever it shall deem that the interests of the City require it, and in such case the books required to be kept by such depositary shall be by it delivered into the custody of the City Clerk.

(c). **Bond of City Depositary.** The City Commission shall require such depositary or depositaries to give suitable bonds in such penalty as it shall determine, and with such sureties as it shall approve, before any transfer of any monies as aforesaid may be made to such depositary or depositaries.

78. **Accounts and Reports of City Depositary.** Sec. 29. The depositary or depositaries so designated by the City Commission shall keep an accurate account in a set of books to be provided by and belonging to the City, of all moneys belonging to or in the custody of the City, deposited with such depositary or depositaries, said books to constitute a part of the public records of the City. Such books shall at all times during business hours be subject to inspection by any member of the City Commission, Board of Education, City Comptroller, City Treasurer, City Manager, or City Attorney. They shall be delivered by the outgoing depositary or depositaries to those succeeding to the trust. Such depositary or depositaries shall report in writing monthly or on demand to the City Commission the amount belonging to the City then on deposit with such depositary or depositaries and the interest earned thereon.

79. **Additional Bonds or Security.** Sec. 30. The City Commission is hereby authorized to require new or additional bonds or security from the City Treasurer and from the depositaries of money belonging to or in the custody of the City and deposited in such depositaries, at any time or times when it shall deem that the interest of the City require.

80. **City Printing—How Contracts Let.** Sec. 31. The City Commission shall annually contract with the publisher or publishers of one or more daily or weekly newspapers published and circulated within the City to do the printing of the City or some portion thereof, which contract shall be let, if to a weekly newspaper, to the lowest bidder therefor, and if to a daily newspaper, to the lowest bidder therefor. It shall be discretionary with the City Commission to let one part of said printing to a weekly newspaper and other parts to a daily newspaper of the City; Provided, that the regular proceedings of the City Commission shall be published in a daily newspaper. Such newspaper or newspapers during the continuance of such contract shall be known as the official newspaper or newspapers of the City. In letting such contracts the City Commission shall have the right to reject any or all bids therefor, whenever in the judgment of a majority of the City Commission the public interests of the City may require.

81. **Control of Public Streets and Places.** Sec. 32. The City Commission shall not possess the power to give away, surrender or relinquish the control of any street, lane, alley, court, public square or place or create any permanent use thereof for any other purpose than for street or public uses, except by regular vacation proceedings in a proper court of record.

82. **Claim for Damage Against City—Notice Required.** Sec. 33. If any claim for unliquidated damages be made against the City for injuries to persons or property by reason of any defects in sidewalks, streets, highways, crosswalks, bridges, alleys, courts, public grounds or public places in the City, or by reason of any negligence on the part of the City or its officials or employees in any public work in which it or they are engaged, or claim is made against the City in an action of tort, it shall be necessary for such claimant to serve written notice upon the City within sixty days from the time of the happening of such injury. Such notice shall specify the location and nature of the defect, the injury sustained and the names of the witnesses known at the time by said claimant.

Production of Witnesses—Limitation of Time. Such notice may be served upon any member of the City Commission or any other City officer, except a policeman or fireman. If required by the City Commission or any committee thereof said claimant shall produce his witnesses before the City Commission or committee thereof, and said witnesses may be sworn and examined as to the nature of the claim, the amount thereof, the extent of the injury and any other matter pertaining to said claim. The City Commission or a committee thereof having the matter in charge shall have power to subpoena witnesses for such hearing. No other or further notice shall be required. All actions of tort in court for any claim as above set forth must be brought within two years from the time such injury was sustained and not thereafter. And said claimant shall comply with all the requirements of the laws of the State relating to claims against municipalities. All claims against the City of the character herein described shall be void unless strict compliance be made by the claimant with the requirements herein specified.

83. **Bar to Action.** Sec. 34. It shall be a sufficient bar to any action or proceedings brought in any court for the recovery of any such claim against the City that such claim has not been presented to the City Commission or notice thereof given thereto, as provided for in the preceding section, or that such claimant did not produce his witnesses for examination upon request as specified in the preceding section.

84. **Compensation to Officers and Employes—Bonds—Fees.** Sec. 35. The City Commission shall fix by ordinance the salary or rate of compensation of all officers and employes of the City entitled to compensation, other than their own, and may require any officer or employe to give a bond for the faithful performance of his duty, in such amount as it may determine, and it may provide that the premium thereof shall be paid by the City. All fees pertaining to any such office shall be paid into the City Treasury.

85. **Salaries of City Commissioners—Mayor—City Comptroller.** Sec. 36. The salary of each City Commissioner shall be $1,200 per annum. In addition $300 shall be paid to the Commissioner elected Mayor. For each absence of a City Commissioner from a regular meeting of the City Commission, unless authorized by a majority vote of all members thereof, there shall be deducted a sum equal to one per centum of the annual salary of such member. Absence from five consecutive regular meetings shall operate to vacate the seat of a member unless such absence be authorized by the City Commission. The salary of the City Comptroller shall not be less than $2,500 nor more than $3,000 per annum. The salaries of the City Commissioners and City Comptroller shall be paid monthly on the last Wednesday of each month.

86. **Sec. 37.** Whenever there shall be, for any cause, a vacancy in any elective City office under this Charter, the same shall be filled by a majority vote of the City Commission at any regular meeting, and the person chosen to fill such vacancy shall continue in such office during the remainder of the unexpired term and until his successor is elected and qualifies; Provided, That if a regular non-partisan primary election occurs in the interim, 12 months or more after the happening of the vacancy, an officer shall be elected to fill the unexpired term.
(4-1-18; 7-25-61)

86.1. **Sec. 38. City Comptroller—Salary.** Sec. 38. Notwithstanding the salary limitation on the salary of the City Comptroller as found in Section 36 of Title V, the salary of the City Comptroller shall be fixed by the City Commission by ordinance.
(2-20-56)

TITLE VI. APPOINTIVE OFFICERS AND EMPLOYEES

87. **City Manager.** Sec. 1.(a). The City Manager shall have charge of the administration of municipal affairs under the direction and supervision of the City Commission.

Enforcement of Laws. (b). He shall see that all laws and ordinances are enforced.

Heads of Departments.(c). He shall appoint and have the right to remove the following officers, viz:

(1) Director of Public Service, who shall have charge of the Department of Public Service;

(2) Director of Public Welfare, who shall have charge of the Department of Public Welfare;

(3) Purchasing Agent, who shall have charge of the Purchasing Department;

(4) (Amended February 21, 1949.) City Assessor, who shall have charge of the Taxation Department; Provided, however, the appointment and removal of the City Assessor shall be subject to the approval of the City Commission.

Subordinate Officers and Employees. (d). Except as herein otherwise provided, he shall appoint and may remove all subordinate officers and employees of the City. All such appointments shall be upon merit and fitness only, and in compliance with the classified civil service provisions of the Charter.

Enforcement of Franchise Provisions. (e). He shall see that all terms and conditions imposed in favor of the City, or its inhabitants, in any public utility franchise are faithfully kept and performed;

Other Duties. (f). He shall perform all other duties prescribed for him by this Charter, by ordinance, and by the City Commission;

(g). He shall be ex-officio Director of Public Safety and perform all the duties and be vested with all the authority herein by this Charter granted to such office.
(4-1-29; 2-21-49)

88. **Mayor Executive Head.** Sec. 2. (a). Insofar as required by law, and for all ceremonial purposes the Mayor shall be recognized as the executive head of the City. He shall preside at the meetings of the City Commission and shall have a vote in the proceedings but no veto power.

Authentication of Instruments. (b). He shall authenticate, by his signature, all ordinances passed or enacted by the City Commission, and such other instruments as the City Commission, this Charter, or the laws of the State require.

Limitation of Authority. (c). He shall exercise only such powers as the State laws, this Charter, or the City Commission specifically confer upon him.

89. **President of City Commission.** Sec. 3. The President of the City Commission shall perform all the duties of Mayor, whenever the Mayor is absent from the City, or is temporarily unable from any cause to perform the duties of his office.

90. **City Comptroller.** Sec. 4. (a). The City Comptroller shall issue and sign all checks, drafts, or warrants for payment of money from the City Treasury when the expenditure of same shall have been authorized by the City Commission and the correct amount certified by the department or officer by whom the expenditure is made.

Account of Moneys Due. (b). He shall keep an accurate detailed account of all taxes assessed by the City and of all money due the City from any and every source.

Account of Moneys Received. (c). He shall keep an accurate detailed account of moneys received and the several sources from which derived.

Account of Funds and Disbursements. (d). He shall keep an accurate detailed account of all funds of the City and the disbursements made therefrom.

Prescribe Uniform System. (e). He shall prescribe a method of keeping the accounts for all the departments and offices of the City which method shall be uniform as nearly as practicable and conform to the Laws of the State.

Audit—Report. (f). He shall examine and audit all accounts against the City and promptly report to the City Commission in writing any default or delinquency he may discover in the books, records or accounts of any City Department. He shall not issue or sign any draft, check or warrant until he has verified the correctness of the account for which the same is issued, neither shall he allow the payment of any account unless the money has been appropriated therefor, nor shall he issue or sign any check, draft or warrant for any account against the City unless sufficient money to pay the same is in the fund on which it is drawn.

Books Balanced Monthly. (g). The books in all departments of the City shall be balanced each calendar month and a report thereon made by the City Comptroller to the City Commission.

Reports to City Comptroller. (h). He shall have access to all books, records and documents kept by any officer, employe or department of the City. Daily reports of all moneys collected and of the disposition thereof shall be made to the City Comptroller by the department or person receiving the same.

Claims Against City. (i). He shall audit and report, with his recommendations thereon, to the City Commission all claims, accounts and demands for indebtedness incurred by the City which shall have been filed with him and which have been approved by the head of the department in which the same was incurred. He shall not approve any such claim, account or demand

except claims for salaries of City officials and employes unless the correctness of the same shall have been certified to by the claimant.

Financial Statement—Inventory. (j). He shall present to the the City Commission annually and whenever required by the City Commission, a detailed statement of the financial condition of the City which shall include all receipts and disbursements, a detailed itemized statement of the debt of the City, and the purposes for which it was incurred, and an itemized inventory of all the property of the City with both its cost and market value.

Board of Education Included. (k). He shall also have the same powers and perform the same duties for the Board of Education as specified by this section for the City.

Other Duties. (l). He shall perform such other duties as may be required of him by this Charter or by the City Commission.

91. **City Treasurer—Powers and Duties.** Sec. 5. (a). The City Treasurer shall be the head of the Department of finance and shall receive and have the custody of all moneys belonging to and receivable by the City, including school and library moneys and shall disburse the same only in accordance with the provisions of this Charter and the Laws of the State.

Daily Deposits. (b). He shall keep and deposit daily all moneys or funds in such manner and only in such place or places as the City Commission may determine.

How Payments Authorized. (c). He shall pay out money only on checks, drafts or warrants issued and signed by the City Comptroller which have been authorized by the City Commission and countersigned by the City Clerk.

School Moneys—How Treated. (d). The City Treasurer is prohibited from using or paying out school moneys for any other than school purposes, and shall not transfer the same to any other fund.

Collections Reported Daily. (e). He shall report in detail to the City Comptroller each day all moneys collected by him.

General Duties and Obligations. (f). Except as provided in this Charter, the City Treasurer shall perform all duties and be subject to all the obligations and liabilities that now or hereafter may be by law imposed upon the township treasurers of the State in respect to the receiving, keeping and disbursing of moneys collected for school purposes.

Other Duties. (g). The City Treasurer shall perform such other duties as may be prescribed for him by this Charter or by the City Commission.

92. **City Clerk.** Sec. 6. (a). The City Clerk shall keep a permanent record of the proceedings of the City Commission and be responsible for the safe keeping of the same.

Custodian of Seal, Records, etc. (b). He shall be custodian of the City Seal; and shall affix it to all documents and instruments requiring the seal and shall attest the same. He shall also be custodian of all papers, documents and records, the custody of which is not otherwise provided for.

Certify Acts of Commission. (c). He shall certify to the proper person or department all actions of the City Commission under which such person or department is required to act.

Authenticate Ordinances and Resolutions—Other Duties. (d). He shall certify by his signature all ordinances and resolutions enacted or passed and perform any other duties required of him by this Charter or by the City Commission.

93. **City Attorney.** Sec. 7. (a). The City Attorney shall be an attorney admitted to practice in the Courts of the State of Michigan and shall be the head of the Department of Law.

Legal Advisor—For what Offices, etc. (b). He shall be the legal advisor of the City Commission, the City Manager, the City Comptroller, the City Assessors, the Trustees of the Sinking Fund, the Board of Education and the Board of Library Commissioners and of such other bodies and offices as the City Commission may designate.

Trial of Cases. (c). He shall conduct for the City all cases in court whenever any of the above mentioned boards or officials are parties thereto,

and shall perform such other duties as may be prescribed by this Charter or the City Commission.

Examination of Instruments. (d). He shall prepare or officially pass upon all contracts, bonds and other instruments in writing, in which the City is concerned and shall certify as to their legality and correctness as to form before execution.

Written Opinions. (e). He shall give written opinions to any of the above mentioned boards or officials when requested in writing so to do and shall keep a copy of the same on file in his office.

Information Upon Franchises, Contracts, etc. (f). He shall keep in his office copies of all franchises granted by the City and of all contracts and agreements entered into by or in behalf of the City, together with proper data and information concerning the same and shall give to the proper bodies or officials, ample notice of the expiration or termination of any franchises, contracts or agreements.

Assistants. (g). He shall have the right to appoint and remove such number of assistants in his department as may be provided for by the City Commission.

Investigation of Complaints, etc. (h). If any citizen has knowledge of the misapplication of the funds of the City, or the abuse of its corporate powers, or of the nonperformance of any contract made in its behalf or that any contract made with the City has been procured by fraud or corruption, or that an obligation or contract made on behalf of the City granting a right is being improperly or illegally exercised, or that any officer, board or commission fails to perform any duty required by law, he may present evidence of the same to the City Attorney who shall thereupon investigate such evidence and shall take such legal course as the necessities of the case require.

Duties Imposed by State Laws. (i). The City Attorney shall perform such other duties as are imposed upon legal advisors of Cities by the Laws of the State.

94. **Deputy Officers—Appointment—Duties.** Sec. 8. Authorization is hereby given for the appointment by their respective principals of a Deputy City Clerk, Deputy City Treasurer, Deputy City Comptroller, who shall be an experienced accountant, and Deputy City Attorney, who shall perform all the duties of their respective principals in case of disability or absence from his office of such principal. Such deputies shall not be subject to the civil service provisions of this Charter.

95. **Director of Public Service.** Sec. 9. (a). Subject to the supervision and control of the City Manager in all matters, the Director of Public Service shall establish and maintain all grade lines subject to the approval of the City Commission and have charge of the making and preservation of all surveys, maps, plans, drawing and estimates of all public works, except as in this Charter otherwise provided.

Cleaning—Sprinkling—Lighting—Garbage Disposal. (b). He shall have charge of the cleaning, sprinkling, and lighting of streets and public places, the collection and disposal of garbage and refuse and the preservation of contracts, papers, plans, tools and appliances belonging to the City and pertaining to the Department of Public Service.

Street Improvements—Sewers—Flood Protection—Comfort Stations, etc. (c). He shall manage and have charge of the construction, improvements, repair and maintenance of streets, sidewalks, alleys, bridges, viaducts and other public highways; of sewers, drains, ditches, culverts, canals, streams and water courses; of sewage disposal systems and flood protection; of comfort stations and all public buildings and works except as otherwise provided by law or this Charter; of boulevards, squares and other public places and grounds belonging to the City, or dedicated to public use, except parks, cemeteries and playgrounds.

Water Works—Lighting Plant—City Market, etc. (d). He shall have charge of and supervise the construction, improvement, repair and maintenance of water works property and service; the electric lighting property and service; the city market property and service, and any other public

utility which the City may now own or hereafter acquire except as otherwise in this Charter provided.

96. **Director of Public Safety.** Sec. 10. (a). The City Manager by virtue of his office shall have supervision, charge and control of the police and fire service, and act as Director of Public Safety.

Building Permits—Weights and Measures. (b). He shall be charged with the enforcement of all ordinances and laws relating to building permits, the erection, inspection, maintenance, repair and occupancy of buildings and the enforcement of the ordinances and laws relating to weights and measures.

City Pounds. (c). He shall have charge of and manage the City Pounds and enforce all the laws and ordinances relating to animals illegally at large.

Police and Fire Service. (d). He shall prescribe all rules and regulations for the control and management of the police force and the fire protection force of the City, which forces shall be composed of such officers, patrolmen, firemen and other employes as the City Manager may determine. In case of riot, public danger, conflagration or emergency, he may appoint additional patrolmen, firemen or officers for temporary service who need not be in the classified service, provided such patrolmen are citizens of the United States and have had a continuous residence in the City for at least one year.

Public Peace. (e). He shall be charged with the enforcement of all laws and ordinances relating to the preservation of the public peace.

Emergency Measures—Claims for Buildings Destroyed. (f). Whenever any building in the City shall be on fire it shall be lawful for the City employe in charge at such fire, with the consent of the City Manager or the Director of Public Safety to order such building or any part thereof not on fire, but which may be deemed hazardous or likely to communicate fire to other buildings, to be pulled down and destroyed. In such case, no action shall be maintained against the City or any person therefor until after a claim therefor shall have been presented to the City Commission and disallowed in whole or in part by it. The City Commission shall by general ordinance, prescribe the time, manner and form in which claims against the City under this section may be presented and the time thereafter within which suits based thereon shall be instituted against it. Except in those cases where the pulling down or destruction of the building shall deprive the claimant of the right to collect insurance actually in force thereon, the City Commission in considering, and the Court in any suit based upon any such claim, shall take into account the probability of the building having been destroyed or injured by fire if it had not been pulled down or destroyed.

Power and Authority of Police Officers. (g). The Director of Public Safety and all City police officers and detectives shall have and possess the power and authority usually conferred upon metropolitan police. They or any of them shall be authorized to serve any criminal warrant or process issued by the Police Court of the City of Grand Rapids or the Superior Court of said City, including writs of subpoena or other process in criminal or quasi criminal proceedings issued by said courts in the same manner and with like authority as the sheriff of the County of Kent may serve such warrants, process or orders in any part of the State of Michigan. Whenever any crime shall have been committed in said City and the person or persons accused or suspected of being guilty of a felony shall flee from justice, the said officers shall have power, and it shall be their duty to pursue and arrest such accused or suspected person or persons anywhere within the State of Michigan, and return them to the proper court having jurisdiction of the offense, for examination or trial.

Arrests without Process. (h). The City Manager, Director of Public Safety and all officers under him, including police detectives, police constables and special policemen of the City, in addition to the powers, duties and authority possessed by them at common law and the Laws of this State in matters of a criminal nature, shall have the power to arrest without process all persons who in the presence of the arresting officer shall be engaged in the violation of any law or ordinance, and such persons may be detained

in custody until complaint can be made and process issued for their arrest and trial and it shall be the duty of such officer to make such complaint and procure such process in the proper court as speedily as possible after such arrest. (4-1-29)

97. **Director of Public Welfare.** Sec. 11. (a). Subject to the supervision and control of the City Manager in all matters, the Director of Public Welfare shall have general supervision, management and control of all hospitals and all health, recreational, charitable, reformatory and correctional institutions and agencies belonging to or conducted by the City; of all parks belonging to or controlled by the City, of playgrounds and cemeteries; of all trees, plants, shrubbery and lawns in the streets and highways of the City.

Food Inspection—Amusements. (b). He shall have charge of the sanitary inspection and supervision of the production, transportation, storage, and sale of food and food stuffs; of the inspection and supervision of public amusements and of the securing and compiling of vital statistics and statistics bearing upon the question of health and poverty, and statistics upon such other local social problems as the City Manager may direct.

Abatement of Nuisances. (c). He shall have charge of the prevention, abatement, and suppression of nuisances. Whenever any building, structure, furniture, wearing apparel, goods, wares, merchandise, or article or property of any kind, shall become tainted or infected with any contagious, pestilential or infectious matter, in the opinion of the Director of Public Welfare, or is likely to pass into such a state as to generate or propagate disease, said Director of Public Welfare, with the approval of the City Manager may abate such nuisance when they deem the same necessary for the preservation of the public health. In such case, no action shall be maintained against the City or any person therefor until after a claim therefor shall have been presented to the City Commission and disallowed in whole or in part by it. **Claims for Property Destroyed.** The City Commission shall, by general ordinance, prescribe the time, manner and form in which claims against the City under this section may be presented and the time thereafter within which suits based thereon shall be instituted against it.

Epidemic—Quarantine Regulations. (d). In time of epidemic or threatened epidemic, he shall enforce such quarantine and isolation regulations as the emergency may require and as authorized by law, and he shall have power to administer and enforce, on behalf of the City, all laws, Charter provisions, ordinances and regulations, relating to the welfare of the inhabitants of the City with respect to recreation, the preservation and promotion of public health, and the relief and prevention of disease and poverty.

Health Officer—Qualifications—Powers and Duties. (e). The Director of Public Welfare shall have and exercise, within and for the City, all the powers and authority conferred upon local boards of health by the Laws of this State. He shall appoint a full time health officer of recognized ability in public health work, who shall be a graduate of a legally authorized medical school, and a registered physician in good standing, and who shall perform, under the direction of the Director of Public Welfare, the duties imposed and exercise the powers conferred upon local health officers by the laws of this State, and such additional duties as the Director of Public Welfare or the City Commission may prescribe.

Assistants. (f). Subject to the approval of the Director of Public Welfare and to the civil service provisions in this Charter, the health officer may appoint such staff of assistants as may be provided for by the City Commission and as shall be necessary for the proper performance of the duties imposed upon him.

City Physician. (g). The Director of Public Welfare shall appoint and may remove a City Physician who shall be a registered physician in good standing.

Property. (h). The Director of Public Welfare shall have charge of and be responsible for all property belonging to the City designed for use in connection with the work of said department.

Police Power—Health Officers, etc. (i). The Director of Public Welfare, the Health Officer, the City Physician, the Milk and Food Inspector, and

the Plumbing Inspector shall have full police power in matters pertaining or belonging to their respective departments and it shall be their duty to arrest all persons who in their sight violate any of the ordinances or regulations of the City in relation to the health of its citizens.

Care of Poor—Power and Authority. (j). The Director of Public Welfare shall have supervision, management and control of the public charities of the City and the care of poor persons entitled to relief by the City, and shall have in addition to the other powers herein conferred upon him, the same powers and authority as supervisors acting as directors of the poor in townships of the State where the poor are cared for under what is known as the township system of poor relief.

Investigation—Relief. (k). By any means made available pursuant to this section, he shall cause to be made careful, kindly and thorough investigation of the circumstances of all applicants for aid and all poor persons brought to his attention, and of the cause of their distress. If such investigation shall show that a resident of the City is unable through his own efforts or the assistance of those legally liable for his support, or through other natural sources of aid, to procure such sustenance as his well-being and the good of society require, the Director of Public Welfare shall cause to be made such provision for such person as may be necessary, and shall, in each case, attempt through approved methods of social service, to restore the dependent to self-support and to maintain at least the minimum standard of living which will secure physical, mental and moral well being.

Social Service Staff—Qualifications. (l). The City Commission may provide for the creation of a social service staff under the Director of Public Welfare to conduct and perform the investigations and other social service work of his department, and to consist of a supervisor of social service and one or more workers chosen for their special fitness and training; Provided, that such supervisor shall be a person who has attained a standard of training represented by having completed a university course in social economy or the prescribed course of a reputable school of social economy or the equivalent of either in private study and actual social work; Provided further that until such time as the City Commission shall make adequate provision for such staff out of the funds of the City, the Director of Public Welfare may utilize in lieu thereof and under his direction, but without cost to the City, the services of any available trained social workers of good repute in the City.

Social Welfare Work. (m). The Director of Public Welfare may, with the approval of the City Commission, from time to time deal specifically with any particular problem relating to questions of health and poverty such as sanitation, housing, child labor, child hygiene, unemployment, provident loans and legal aid, and carry on such other work as may tend to promote the physical, moral or social welfare of the inhabitants of the City.

(n). The City Commission may by ordinance join or combine any one or more of the functions of the Director of Public Welfare and the Health Officer with the County Health Department, as may be permitted by the state law notwithstanding any provision of this Charter to the contrary. (4-4-66)

98. **City Purchasing Agent.** Sec. 12. (a). The City Purchasing Agent shall make purchase of all supplies needed by the City and shall approve in writing all vouchers for the payment of the same when he is satisfied delivery of such supplies has been made in accordance with the specifications and contract.

Sales Personal Property. (b). He shall conduct all sales of personal property which the City Commission may authorize to be sold.

Requisitions. (c). He shall require annually or oftener from each officer or department a written requisition for the quantity and kind of supplies needed by them, which requisition must be approved by the City Manager.

Competition—Approval of Purchase. (d). Before making any purchase or sale involving more than $500, opportunity shall be given for competition. All proposals shall be upon identical specifications, and under such rules and regulations as the City Commission shall establish. No purchase or sale shall be made unless approved,

in writing, by the City Manager or his deputy. In emergency cases, a purchase may be made at a price and in quantity approved, in writing, by a majority of the City Commission and by the City Manager.

Store Room and Supplies. (e). He shall have charge of and be responsible for any store room or store house provided for by the City Commission and of all supplies and materials stored therein.

Available Funds before Purchase. (f). No purchase of supplies or materials shall be made for any department or office until the City Comptroller has certified that there is money in a proper fund of such department or office available for the payment of such purchase.
(4-1-63)

99. **City Assessor.** Sec. 13. In all cases where the word "Assessors" or the term "City Assessors" or any word or term referring to them may be used in the Charter, the same shall refer to and mean the City Assessor. The City Assessor shall hold office for an indefinite term and until his successor is appointed and has qualified or until a vacancy is created in his office as provided by state law. He shall possess all the powers vested in and shall be charged with all the duties imposed upon assessing officers by state law. He shall make and prepare all regular and special assessment rolls of the City in the manner prescribed by this Charter, the ordinances of the City, or by state law. He shall perform such other duties as may be prescribed for him by state law, this Charter, the ordinances of the City, or by the City Manager. He shall devote his entire time to the duties of his office. The City Commission shall, in its annual budget, appropriate to and for the Taxation Department a sum sufficient to enable that department to properly and adequately carry out all the functions herein delegated to and imposed upon it. The City Assessor shall, under the general supervision and subject to the approval of the City Manager, organize the Taxation Department so as to provide therein such necessary technical assistants and such other personnel as may be required to carry out the functions of his department: Provided, that any person in the classified service of the City who is in the employ of the Department of Taxation at the time this Section takes effect shall be retained as an employee of the City in such Department, subject in all regards to the provisions of Title VII of this Charter.
(2-21-49)

TITLE VII. CIVIL SERVICE

100. **Commissioners—Who to be.** Sec. 1. The Civil Service Board of the City shall be composed of five members, one of whom shall be a member of the City Commission to be appointed on the first Monday in May in each year, by the Mayor. The remaining four members shall be resident taxpayers of the City of Grand Rapids, distributed among the several wards of the City as nearly as is practicable, and shall neither hold nor be a candidate for any other public office or position, and shall not be an officer or employee of any political or party organization. They shall be appointed by the City Commission on the first Monday in May and shall hold office for four years. The first appointments of citizen members however, shall be for terms of one, two, three and four years, and one member shall be appointed annually thereafter. All members shall serve without compensation.

The first Board to act under the provisions hereof shall be appointed on the first Monday in May, 1940, and shall succeed to all the rights and duties and become possessed of all records, files, and matters pending before the present board as soon as acceptances of office are filed and an organization meeting is held.

Three members of the Board shall constitute a quorum for the transaction of business but no rule shall be adopted nor shall an employee be dismissed except by the affirmative vote of a majority of the members-elect.
(3-5-34; 4-1-40)

101. **Classification.** Sec. 2. The Civil Service of the City is hereby divided into the unclassified and classified service.

(a). The unclassified service shall include:

(a) All officers elected by the people,

(b) The City Manager,

(c) The heads of departments and members of appointive boards,

(d) The deputy and secretary of the City Manager and the deputy of each department and the City Clerk.

Classified Service. (b). The classified service shall comprise all positions not specifically included in this Charter in the unclassified service. There shall be in the classified service three classes to be known as the competitive class, noncompetitive class and labor class.

Competitive Class. (c). The competitive class shall include all positions and employment for which it is practicable to determine the merit and fitness of applicants by competitive examination.

Noncompetitive Class. (d). The noncompetitive class shall consist of all positions requiring peculiar and exceptional qualifications of a scientific, managerial, professional or educational character, as may be determined by the rules of the board.

Labor Class. (e). The labor class shall include ordinary unskilled labor.

102. **Civil Service Rules to be Adopted.** Sec. 3. The board shall adopt, amend and enforce a code of rules and regulations providing for appointment and employment in all positions in the classified service, based on merit, efficiency, character, and industry, and the board is empowered to make rules and regulations providing for lay-off and recall, all of which shall have the force and effect of law; shall make investigations concerning the enforcement and effect of this title and of the rules so adopted. The City is not hereby prevented from reducing its work force which shall be entirely within the discretion of the proper administrative officials. Such lay-offs shall be in accordance with the board's rules and subject to the appeal procedure set forth in Section 9 of Title VII of the Charter.
(11-4-58)

103. **Chief Examiner—Filling of Positions.** Sec. 4. The chief examiner shall provide examinations in accordance with the rules and regulations of the board and maintain lists of eligibles of each class of the service of those meeting the requirements of said rules and regulations. Position in the classified service shall be filled by the City Manager from the three persons standing highest on the eligible list. As positions are filled the board shall certify the fact by proper and prescribed form to the City Treasurer and City Comptroller and the head of the department in which the vacancy exists.

104. **No Discrimination.** Sec. 5. No person in the classified service or seeking admission thereto shall be appointed, reduced or removed, or in any way favored or discriminated against because of his or her political or religious opinions or affiliations.

105. **Temporary Appointments.** Sec. 6. To prevent the delay of public business or to meet extraordinary exigencies the City Manager, with the approval of the board, may make temporary appointments to remain in force not exceeding thirty days, and only until regular appointments under the provisions of this title can be made.

106. **Promotions—How Regulated and Made.** Sec. 7. The board shall provide by rule for promotions to all positions in the classified service, based on merit, efficiency, character, conduct and seniority.

107. **Probation Period.** Sec. 8. An appointment or promotion shall not be deemed complete until a period of probation not to exceed six months, has elapsed and a probationer may be discharged or reduced at any time within the said period of probation upon the recommendation of the City Manager and the department director.

108. **Removal—Discharge—Suspension.** Sec. 9. No employe under the classified service shall be discharged or reduced in rank or compensation until he has been presented with the reasons for such discharge or reduction specifically stated in writing, and has been given an opportunity to be heard in his own defense. The reason for such discharge or reduction and any reply in writing thereto by such employe shall be filed with the board. Any employe of any department in the classified service who is suspended, reduced in rank or dismissed, may appeal to the Civil Service Board, which shall define the manner,

time and place by which such appeal shall be heard. The judgment of such board shall be final and not subject to review in the courts.

109. **Certain Acts Prohibited.** Sec. 10. No person shall wilfully or corruptly by himself, or in co-operation with other persons, defeat, deceive, or obstruct any person in respect to his or her rights to examination or promotion or corruptly or falsely mark, grade or report upon the examination promotion or proper standing of any person examined, or aid in so doing, or make any false representation concerning the same or concerning the person examined, or furnish to any person any special or secret information for the purpose of either improving or impairing the prospects of any person examined or to be examined, of being appointed, employed, or promoted.

110. **Commission to Receive no Gifts.** Sec. 11. No member of the Civil Service Board shall receive any money or other valuable consideration or any present of any nature for any purpose whatsoever from any City official or City employe, or from any candidate for appointment or for examination, or from any other person whomsoever, for or on account of the appointment or proposed appointment or promotion or proposed promotion of any other person.

111. **Gifts for Examination or Promotion Prohibited.** Sec. 12. No applicant for examination or appointment in the classified Civil Service shall give or promise to give, either directly or indirectly, any money or other valuable thing to any person whomsoever for or on account of his examination, appointment or proposed appointment. No officer or employe shall give or promise to give, either directly or indirectly, to any person any money or other valuable thing whatsoever for or on account of his promotion.

112. **Appropriations.** Sec. 13. The City Commission shall appropriate each year a sufficient sum to carry out the Civil Service provisions of this Charter.

113. **Employes to Retain Places.** Sec. 14. All persons in the employ of the City holding positions in the classified service, as established by this Charter at the time it takes effect, shall retain the same during good behavior and acceptable service.

TITLE VIII. FRANCHISES AND PUBLIC UTILITIES

114. **Power to Grant Referendum.** Sec. 1. The power to grant original, term public utility franchises and to renew the same shall be exercised by ordinance, which shall become effective only upon receiving the affirmative vote of three-fifths of the electors of the City voting thereon at a regular or special election. On such propositions women taxpayers having the qualifications of male electors shall be entitled to vote: Provided, that no ordinance granting or renewing a franchise shall be adopted by the City Commission within ninety days after application therefor has been filed nor shall a franchise ordinance be submitted to the electors until after the expiration of ninety days after its preparation and adoption by the City Commission and the grantee has filed with the City Commission a declaration in writing stating its unconditional acceptance of the proposed franchise or renewal if granted by the electorate and not until the proposed franchise or renewal shall have been published in full in the official paper of the City at least once a week for five consecutive weeks. The referendum provision of this section shall apply only to original grants or renewals of the franchises of common carriers, gas and electric companies.

115. **Petition for Referendum.** Sec. 2. If at any time within forty-five days after the City Commission has granted and the grantee has accepted a franchise for a public utility, or any renewal or extension of its franchise, a petition signed by twelve per cent of the total number of votes cast at the last preceding municipal election for Commissioner-at-large, be filed with the City Clerk, requesting that any such ordinance be submitted to a vote of the electors, it shall not be operative until adopted by the affirmative vote of three-fifths of the electors of the City voting thereon at a regular or special election. On such propositions women taxpayers having the qualifications of male electors shall be entitled to vote.

116. **Term of Franchises—Amendments.** Sec. 3. No franchise shall be granted for a longer term than thirty years, and every amendment, extension or alteration thereof, and all rights thereunder shall expire at the same time as the original grant, unless a shorter term be limited in the amendment, extension or alteration.

117. **Application for Franchises—Renewals.** Sec. 4. Application for any franchise shall be made not less than one nor more than four years prior to the time when the same shall take effect, and application for renewal of any franchise shall be made not less than one nor more than four years prior to its expiration.

118. **Revocation of Franchises.** Sec. 5. Every franchise shall be subject to revocation by ordinance at the will of the City, unless it shall have first received the affirmative vote of three-fifths of the electors of the City voting thereon at a regular or special municipal election. On such propositions women taxpayers having the qualifications of male electors shall be entitled to vote.

119. **Sale or Assignment of Franchises.** Sec. 6. No grantee of a franchise or privilege shall be entitled to sell, assign or sublet the same, or allow another to use the same without the consent of the City Commission by ordinance duly passed; Provided, that nothing in this section contained shall limit the right of the grantee of any public utility to mortgage its property or franchise, or restrict the rights of the purchaser upon foreclosure sale, his or its successors or assigns to operate the same, except that such mortgagee or purchaser, his or its successors or assigns shall be subject in all things to the terms of the franchise and the provisions of this title.

120. **Rights of Bondholders.** Sec. 7. The rights and equities of the bondholders, mortgagees or purchasers, and of all persons contracting with the owners or operators thereof, shall not, as against the City, be greater or for a longer term than those of the grantee of the franchise.

121. **Rate of Charge.** Sec. 8. Every franchise hereafter granted shall fix a maximum rate of charge to the public for the service furnished, which shall include universal transfer privileges as to common carriers, and may provide either for a franchise fee, a division with the City of the profits, a division with the grantee's employees of the profits on a graded scale, or may provide for rates of charge to the public at cost of the service rendered, including a reasonable return to the grantee, such charges to be subject to re-adjustment as in such franchise provided; or a combination of any of the above. All re-adjustments of rates shall be subject to arbitration as in this title provided. Provided, that when the valuation of a utility is not fixed and determined before the franchise is granted, the City Commission shall re-adjust the rate of charge directly after the valuation shall have been determined. All schedules of charges shall be just and reasonable and such rates shall be so fixed as to pay, all earnings of the grantee being considered, a fair and reasonable return upon the money and property invested in the business of the grantee. In determining schedules of charges the City Commission shall consider and give due weight to all elements proper to be considered to enable it to determine the justness and reasonableness of the rates to be fixed. To enable the City Commission to intelligently exercise its rights to fix rates of charge, it shall have the right to cause the records, books and papers of the grantee to be examined by competent agents qualified to make examination thereof for the purpose of determining the value of the property of the grantee used and useful in serving the public, the cost of such service and other necessary data and information; but in no case shall any value of the franchise be included. The books of the grantee shall at all reasonable business hours be open to the inspection of any City Commissioner or any agent authorized by the City Commission.
(3-1-22)

122. **Accounting and Repayment of Excess.** Sec. 9. (a). In case the grantee of, or operator under, any franchise of any company, individual or corporation, interested in the property of the utility under such franchise, shall in any manner attempt to question, contest or review the action of the City in fixing such reduced rate or rates of charge in such manner as may delay or postpone the putting into effect of the reduced rate or rates of charge so fixed, then the grantee of such franchise or operator of the public utility

thereunder, as the case may be, shall keep strict account, according to such method as shall be prescribed by the City, of any income affected, or that may be affected by such reduced rate or rates of charge, in such manner as clearly, fully and accurately to show the amount, if any, produced by the rates actually charged, over the amount which would have been produced by such reduced rates upon the same volume and character of business in the interim. In case any such question, contest or review of the rate or rates so fixed shall terminate in sustaining the validity of the reduced rate or rates, then the said grantee or operator, as the case may be, shall within thirty days thereafter pay into the City Treasury the amount which has been produced from the date of the taking effect of such ordinances in excess of the amount which would have been produced upon the same volume and character of business had the reduced rate or rates been in effect for that time.

(b). In case the utility be of such a character that accounts for services are kept with the persons served, then and in such case the payment of the excess shall be made within the time above limited and in the proper proportions to the persons from whom such excess was received instead of to the City.

(c). In case of such question, contest or review of any rate or rates, the grantee, operator or other person instituting the same, as a prerequisite to any order or process restraining the putting into effect of the reduced rate or rates, shall be required to give a bond to the City in such adequate amount and with such sufficient sureties as shall be ordered by the Court in which the suit is instituted, conditioned to pay to the City or other proper persons as herein provided the full amount of excess charged, and such bond may be renewed or enlarged from time to time by order of the Court.

123. **Value of Property.** Sec. 10. Not less than six months before the renewal or extension of any franchise to any existing company or utility shall be submitted to the electors for their vote, and within one year after any franchise to a new utility shall be granted, the value of the property of the utility within the City, and of such portion of the property thereof beyond the City Limits as is actually and necessarily used in, belonging to and a part of the local service, and which the City may own and operate under the constitution and general laws of the State, shall be fixed and determined; except that in the case of a new utility, the value shall be the value of the property as first installed, subject, however to the right of the City Commission to supervise and change the accounts as provided in Section 11; Provided, that the value thus fixed or determined in no case shall include any value of the franchise. There shall be added annually to the value so fixed and determined, the value of additions and betterments, and there shall be deducted therefrom all amounts properly charged off for depreciation and obsolescence. If the parties cannot agree on such value of the property of an existing utility, such value shall be determined by arbitration as provided in Section 23 of this title: Provided, that nothing shall be added on account of additions or betterments unless the expenditures therefor shall have been approved by the City Commission subject to the same right to demand arbitration as given in Section 23. Provided, further, that any franchise may provide for revaluations at any time after the first five years of its term; all such revaluations to be in accordance with and subject to the provisions of this section.
(3-1-22)

124. **Annual Reports.** Sec. 11. Every corporation or person exercising any franchise in the City of Grand Rapids shall file annually on the first Monday in April, in the office of the City Clerk, a statement subscribed and sworn to by at least two officers of such corporation or by the individual in control, setting forth in detail for the preceding calendar year, the then actual cost of the plant or business operated by such corporation or persons, the actual encumbrances, debts or obligations thereof, the amount of stock issued and to whom issued and the consideration therefor, the gross earnings, the expenses and nature thereof and the net income after deducting all proper costs and expenses, the names and residences, and the amount of stock of all stockholders, and if any bonds have been redeemed and not cancelled that fact shall also be stated. Every such corporation or person who fails to comply

with the provisions of this section shall be liable to the City in the sum of one hundred dollars for each day of such failure, to be recovered in an action of assumpsit in the Superior Court; and at the end of sixty days, if such default shall continue, it shall constitute cause for forfeiture of such franchises. The City Commission may prescribe in any franchise that the accounts and books of account of the grantee thereof be kept according to some approved standard form of accounting. If the franchise of any utility provides for a division of the profits with the City or the employes of the grantee, or a maximum rate of return to the grantee upon the money and property invested, or any combination thereof, the City Commission in all such reports shall have the right to annually pass upon all items charged to the different accounts and may change items from one account to another, if such items are not properly classified or charged, and may make original entries, reduce any items which may be excessive, and reject or throw out entirely items not properly chargeable to additions, betterments, investments, maintenance, depreciation, or expense, even though the amounts therefor have actually been paid in whole or in part or the liability therefor incurred, and such accounts and the value determined as in this section provided, shall form the basis for fixing the rates, and for purchasing the property, under the provisions of this title: Provided, that all such changes shall be fair and reasonable. If the grantee of any franchise, his successor or assigns, is dissatisfied with the accounts as changed and determined by the City Commission, he shall within thirty days, and not thereafter, have the right to demand arbitration thereon, which arbitration and the right thereto shall be exclusive of any and all other actions or remedies and binding and final as to all parties in interest as provided in Section 23 hereof.

125. **Extensions of Service.** Sec. 12. (a). Every franchise shall provide that the City Commission shall have the right to order all reasonable and necessary extensions of service after the grantee and the public have had an opportunity for public hearing thereon. When requested by the grantee, his successors or assigns, within thirty days from the date of the order of the City Commission, and not thereafter, the reasonableness of such extension and of the order requiring the same shall be determined by arbitrators to be chosen as in this title provided. The arbitrators shall have authority to modify any such order of the City Commission or to change or alter the time therein fixed.

(b). Such order of the City Commission or determination of the arbitrators, as the case may be, shall be exclusive of any and all other actions or remedies and binding upon all persons having or claiming any rights in such utility or franchise, which order or determination shall be subject to appeal as provided in Section 23 hereof. The failure to make and to put into operation such extensions to the extent, in the manner and time ordered by the City Commission, or by such arbitrators, as the case may be, and for one year thereafter, shall constitute cause for forfeiture of the franchise right or privilege.

126. **Safety—Convenience, etc.** Sec. 13. Every ordinance granting a public utility franchise, right or privilege, and any extension or renewal of any franchise heretofore or hereafter granted, shall expressly provide that the City Commission may make all reasonable regulations necessary to secure in the most ample manner the safety, welfare and convenience of the public.

127. **City to Control and Regulate Use of Streets.** Sec. 14. The right is hereby reserved to the City to use, control and regulate the use of its streets, alleys, bridges, and public places and the space above and beneath them. Every franchise for the operation of a public utility occupying the streets, alleys, bridges or public places of the City and the space above or beneath them, shall be subject to the limitation that the City may refuse or may permit the joint use of the property of such public utility located in the streets, alleys, bridges or public places of the City by any other public utility or the City on such reasonable terms as it may impose, and upon payment of a reasonable compensation to the owned thereof. If the owner of such property and the one desiring such use are not able to agree on such compensation, the same shall be determined by arbitration, as provided in Section 23 of this title, except that such other public utility instead of the City shall select one

arbitrator. The use of the streets, alleys, bridges or public places of the City by such other public utility shall be subject to regulation by the City Commission.

128. **Pavement of Streets by Street Railway.** Sec. 15. No franchise shall be granted for street railway purposes except that the same shall contain a condition that grantee, its successors and assigns, shall, as the City Commission may direct, pave and keep in repair the street or streets on which its tracks are located or shall be located, between the outer rails and the track or tracks, and for a space outside of said rails of twelve inches, in such manner and with such materials as the City Commission may order and shall repave any such parts of streets as often as the City shall repave the same, and every such franchise shall contain a requirement that every pavement torn up or damaged by the grantee, its successors or assigns, in the work of constructing or repairing such tracks shall be replaced at the sole expense of such grantee, its successors or assigns, in as good condition and with the same kind of material.

129. **Payment for Public Improvements.** Sec. 16. All other utility grantees, their successors and assigns, using the streets, alleys, or public grounds, or the space over or under the same, shall pay such part of the improvements, repairs, rebuilding and maintenance of the streets, alleys, and public grounds, on, over or under which its wires, pipes, conduits, or poles are located as the City Commission shall by ordinance in each case determine but the amount so fixed shall in each case be just and reasonable.

130. **Right of City to Acquire.** Sec. 17. (a). Every franchise hereafter granted, and every renewal, extension or amendment of any franchise now existing or hereafter granted shall provide that at the termination thereof, and also at fifteen years from the time of the taking effect thereof, and at any five-year period thereafter, or upon forfeiture thereof, the City shall have the right to buy and take over all the property of such utility within the City and such portion of the property of such utility beyond the City Limits as is actually and necessarily used in, belonging to and a part of the local service, and which the City may own and operate under the constitution and general laws of the State, at the actual value thereof as fixed under the franchise as herein provided, or the value as fixed when first installed, as such values may from time to time be re-adjusted, as the case may be, excluding all elements of value except such as are shown by the utility to properly and fairly belong thereto, plus the value of additions and betterments made during the period of operation under the franchise, less the amounts which have been properly charged off for depreciation during such period of operation as provided in Section 10 of this title: Provided, that the amount thus to be paid in no case shall include any value of the franchise.

(b). If said right to purchase shall be exercised by the City at the end of the first fifteen year period, or at any five year period thereafter, then, except in case of forfeiture, there shall be added as part of the purchase price to the value of the property, determined as provided in this section, such per cent of the amount thereof as shall be fixed in the franchise: Provided, that such shall not include any value of the franchise.

(c). If the City does not elect to purchase the property under the provisions therein named then, at the termination of such franchise the City Commission may provide that the grantee of such expired franchise, his successors or assigns, shall sell the same at the price to be ascertained as herein provided, to any party to whom a new franchise may be granted, conditioned on the obligation of the grantee of such new franchise to purchase the same: Provided, that said grantee, his successors, or assigns, shall have the right to continue to operate such public utility under the terms of such reasonable franchise as the City may adopt and give efficient service until such time as the City is ready to acquire, take possession of and operate the same, and in default thereof, the City Commission may at once direct and authorize the taking of possession and operation of the same during such interval on the account of said grantee, his successors or assigns. (3-1-29)

131. **Control by City at Expiration or Forfeiture of.** Sec. 18. In the case of any person or company, operating any public utility after its

franchise has terminated, either by expiration, forfeiture or otherwise, the City Commission shall have authority to exercise reasonable control and government over the same and the operation thereof, including the authority to fix and regulate the rate or rates of charge for the service furnished by such person, company or utility, the division of the earnings and the compensation to the City therefor.

132. **Revocation or Forfeiture.** Sec. 19. Every franchise shall provide for the revocation or forfeiture thereof by the City Commission for violation of its provisions, and in addition thereto shall provide for the judicial forfeiture thereof, either of which methods of procedure shall be optional.

133. **Forfeiture for Non-Commencement of Work.** Sec. 20. Failure on the part of the grantee to commence work in good faith under any franchise hereafter granted for a new utility within six months from the time of the taking effect thereof and failure to complete such work within the time fixed in the ordinance, unless such time is extended by the City Commission on good cause shown, or wilful failure of any utility at any time thereafter for ten days to keep in actual operation, in whole or in part, the utility covered by such franchise, shall be cause for forfeiture.

134. **Work to be Begun Within Fixed Time.** Sec. 21. No franchise shall be granted which shall not by its terms take effect within one year after the adoption of the ordinance granting the same, except in the case of grants to take effect at the end of an existing franchise.

135. **Prevention of Free Transportation.** Sec. 22. Every ordinance granting a franchise shall prohibit the grantee therein named, or his successors or assigns, from giving or granting, either directly or indirectly, any pass, frank, free ticket or free service to any person whomsoever, except to such officers and employees of the utility and of the fire and police departments of the City as shall be fixed in the franchise.

136. **Method of Choosing Arbitrators.** Sec. 23. (a). In all cases in this title where arbitration is provided for or allowed, the arbitrators shall be chosen as follows: The utility within ten days after claiming such arbitration, shall name one arbitrator; the City Commission within ten days after notice thereof shall name one arbitrator and within ten days after their appointment the two arbitrators so chosen shall name a third arbitrator.

(b). Every franchise shall specifically provide the method of choosing the third arbitrator in every case wherein the two arbitrators are unable to choose such arbitrator, as above provided. In case the utility shall fail to name its arbitrator as herein provided, it shall forfeit its right to said arbitration, and the order of the City Commission shall stand and be final; and in case the City shall fail to name its arbitrator as herein provided, the order of the City Commission shall be of no effect. When the arbitrators have been chosen and have qualified, the arbitration shall proceed in accordance with the provisions of Chapter XIV of Act 314 of the Public Acts of Michigan for 1915 regarding arbitrations and the arbitrators and the parties concerned in the arbitration shall be governed and bound by and shall have all the authority, rights and privileges provided for in said chapter. In the event of appeals from the findings of the arbitrators such appeals shall be to the Superior Court of the City of Grand Rapids.

137. **Cost of Submission—How Paid.** Sec. 24. If a special election be called for the purpose, the granting of any public utility franchise or privilege shall pay to the City the cost of its submission to the vote of the people and the actual cost of publication and advertising, the amount thereof to be fixed by the City Commission.

138. **Acceptance of Amendment.** Sec. 25. The acceptance of any amendment to a franchise or grantee now existing shall subject the grantee thereof, his successors or assigns, to all the provisions of this title, unless the same is revocable or unless it be expressly stated therein that its effect shall not be to subject said grantee to such provision.

139. **Utility Records to be Public.** Sec. 26. (a). The City Commission shall provide and cause to be kept in the office of the City Clerk the following books of record and reference, which shall be open to the public:

(b). A franchise record indexed and in proper form, in which shall be transcribed accurate and correct copies of any and all grants by the City of

every franchise, right or privilege and of any and all renewals, extensions, amendments or alterations thereof to any person or company owning or operating any public utility, or which may be acquired or claimed by such persons or company. The index of said record shall give the name of the grantee and thereafter the name of any assignee thereof or successor thereto. Said record shall be a complete history of all franchises heretofore and hereafter granted by the City, and shall include a comprehensive and convenient reference to actions, contests, proceedings at law or arbitrations, if any, and all matters or proceedings affecting the same.

(c). A public utility record for every person or company owning or operating any public utility under any franchise granted by the City, which shall show the original investment or value of the property, to be ascertained as in this title provided, together with the footing and summary of all accounts and statements as furnished by the person or company operating under said franchise, or as ascertained as in this title provided, and such other statements, reports and matters of information and public interest as may be made or furnished or as the City Commission may from time to time require. All footings and summaries of all annual statements may be published once in the official newspaper or printed and distributed in pamphlet form, as the City Commission may deem best.

140. **Power of City To Acquire and Operate Utilities.** Sec. 27. The City of Grand Rapids shall have and it is hereby given the right and power to acquire, construct, own, operate and maintain either within or without its corporate limits, street railways, subways, and any and all transportation facilities, waterworks, electric light works, gas works, power works, heating works, telephone and telegraph lines, conduits, bridges, viaducts, wharfs and docks, garbage collection, garbage disposal and reduction plants, paving plants and appliances, and such other public utility enterprises or service as the City Commission may from time to time determine and designate, and to acquire all property, real or personal, necessary or proper therefor, and to maintain and operate the same, or to lease the same or any part thereof, to other corporations or individuals for the purpose of maintenance and operation. Provided, that said City shall not lease, or renew any lease on, any such city-owned utility property of a value in excess of Two Dollars per capita according to the last preceding United States Census, or any part thereof, unless approved by a three-fifth vote of the electors of said City voting thereon at any general or special election. Said City may also sell and deliver water, heat, power, light, and other service of any such utility as it is now, or may be hereafter authorized to do by the laws of the State.
(4-7-19; 4-2-34)

141. **Authority of City to Purchase or Condemn Utility.** Sec. 28. The City shall have and it is hereby given the power and right to acquire, by purchase or condemnation, existing franchises, if any, and the property used in the operation of any and all companies or individuals now engaged in the street railway, tram railway, electric light, gas, heat, water, or power business in the City: Provided, that the proposition to acquire or to construct any public utility under Section 27 of this title and the proposition to acquire by purchase any existing franchise and property under this section, shall have first received the affirmative vote of not less than three-fifths of the qualified electors of said City voting thereon at a regular or special municipal election, and upon such propositions women taxpayers having the qualifications of male electors shall be entitled to vote: Provided further, that in any such referendum the approximate purchase price or cost of construction, as the case may be, shall be a part of the question submitted to the people, and that the City shall not pay or agree to pay therefor more than ten per cent in excess of such approximate purchase price or cost of construction, as the case may be: Provided further, that the City shall in no case purchase or pay any consideration for any franchise or privilege hereafter granted, renewed, or extended, except as herein otherwise provided: Provided, further, that the qualified electors of the City may initiate the proposition or ordinance to acquire, construct or operate any such public utility and have the same submitted to the vote of the qualified electors for their approval or disapproval in the same manner as provided in this Charter for the initiation and approval of ordinances.

142. **City May Bond for Purchase of.** Sec. 29. To acquire, construct, own, operate or maintain any such public utilities, as authorized in this title, the City may issue its mortgage bonds therefor beyond the general limit of bonded indebtedness prescribed by law and subject only to the conditions and limitations now or hereafter contained in the Constitution and Laws of this State.

143. **Procedure to Acquire or Construct.** Sec. 30. The City Commission, by ordinance may prescribe, or the people by ordinance duly initiated and approved under the provisions of this Charter may prescribe the procedure to acquire or construct any public utility.

144. **How City to Keep Its Books.** Sec. 31. When owning any public utility the City shall keep the books of account for each such utility distinct from other City accounts and in such manner as to show the true and complete financial result of such City ownership, or ownership and operation, as the case may be. Such accounts shall be so kept as to show the actual cost to the City of the public utility owned, all cost of maintenance, extensions, additions and betterments; all operating expenses of every description, in case of such City operation; the amounts set aside for sinking fund purposes. If water or other service shall be furnished for the use of such public utility without charge, the accounts shall show, as nearly as possible, the value of such service and also the value of such similar service rendered by the public utility to the City or any department thereof without charge; such accounts shall also show reasonable allowance for depreciation and obsolescence, also estimates of the amount of taxes that would be chargeable against such property if owned by a private corporation and such other matters as the City Commission shall from time to time prescribe. The City Commission shall cause to be printed annually for public distribution a report showing the financial results, in form as aforesaid, of such city ownership, or ownership and operation. The accounts of such public utility, kept as aforesaid, shall be examined at least once a year by an expert accountant, who shall report to the City Commission the results of his examination. Such expert accountant shall be selected in such manner as the City Commission may direct, and he shall receive for his service such compensation as the City Commission may prescribe, to be paid out of the income or revenue from such public utility.

145. **Civil Service.** Sec. 32. All employees of any public utility owned or operated by the City shall be subject to the Civil Service provisions of this Charter.

146. **Public Utility Defined.** Sec. 33. The words "public utility" as used in this title, shall include all common carriers in the public streets, water works, electric light works, gas works, power works, heating works, telephone and telegraph lines, subways, conduits, viaducts, wharfs and docks, market and market houses, garbage collection, garbage disposal and reduction plants, paving plants and appliances and such other and different enterprises or service as the City Commission may from time to time determine or designate.

147. **Sewage Disposal System.** Sec. 33.5. The city shall have and is hereby given the power and right to acquire, establish, extend, operate and maintain a sewage disposal system, sewers and plants, either within or without the corporate limits of the City, as a utility, including the right to acquire property necessary therefor, by purchase, gift or condemnation, and shall have the right to fix and collect charges for the services rendered on such basis as the City Commission may from time to time determine,—the proceeds thereof to be used exclusively for the purpose of such sewage disposal system, its operation, maintenance, replacement and extension, which charge, in addition to the personal liability, may, in the discretion of the City Commission, be made a lien upon the property served, and if not paid when due, subject to collection in the same manner as other city taxes.
(11-6-28)

147.1. **Civic Auditorium.** Sec. 34. The City shall have and is hereby given the power and right to acquire, establish, operate and maintain a civic auditorium and assembly hall within said City, including the right to acquire the property necessary therefor by purchase, gift or condemnation, and to secure the erection upon the property so acquired, of a civic auditorium and assembly

hall; that said city, in the maintenance and operation thereof, shall have the right to fix and collect charges for the use thereof on such basis as the City Commission may from time to time determine, the proceeds therefrom to be used exclusively for the purpose of maintaining and operating said auditorium and retiring bonds which may have been issued for its construction.
(4-7-30)

TITLE IX. GENERAL TAXATION

Assessment Roll and State and County Taxes

148. **Subjects of Taxation.** Sec. 1. The subjects of taxation for municipal purposes shall be the same as for state, county and school purposes under the general law of the State.

149. **Time for Making Assessment Roll.** Sec. 2. On or before the third Monday preceding the date of the meeting of the Board of Review in each year the Assessor shall make and complete an assessment roll in the manner and form provided in the general tax law.
(2-21-49)

150. **Valuing of Real and Personal Property.** Sec. 3. Said Assessors shall estimate, according to their best information and judgment, the true cash value of every parcel of real property and set the same down opposite such parcel. They shall also estimate the true cash value of all the personal property of each person and set the same down opposite the name of such person.

151. **Change of Location of Personal Property.** Sec. 4. No change of location or sale of any personal property after the first day of March in any year shall affect the assessments made in such year.

152. **Taxable Property and Owner Thereof.** Sec. 5. It shall be the duty of the Assessor to ascertain the taxable property in the City, the persons to whom it should be assessed and their residences, in the manner and form provided by the general tax law. The process of assessment in the City shall be continuous, but all assessments, as the same shall appear on the annual assessment roll of the City, shall be corrected by the Assessor to and shall stand as of the first day of March which, unless an earlier date for the tax day in the State of Michigan shall be set by State Law, which earlier date shall govern, shall be the tax day for the assessment of property in the City in the year for which each City assessment roll is made.
(2-21-49)

153. **General Powers and Duties of Assessors.** Sec. 6. The Assessors shall possess all the powers vested in, and be charged with all the duties imposed upon assessing officers by the general tax laws of the State.

154. **Penalty for Violating Tax Law.** Sec. 7. In every case when any person or member of any firm or officer of any corporation shall wilfully neglect or refuse to comply with any of the requirements of this title or any applicable provision of the general tax law, he shall be subject to the penalties in the general tax law provided.

155. **Statements—Disposition and Use of.** Sec. 8. All statements required by the general tax law shall be filed with the Assessors on or before March 1st of each year and shall be preserved by them in the manner and form provided for by the general tax law. On appeals said statements shall be presented to the Board of Review as hereinafter provided.

156. **Roll Open for Inspection—Complaints.** Sec. 9. The Assessor shall give notice to the taxpayers by publication in two newspapers in the City for ten days prior to the date fixed for the completion of the City's assessment roll in each year, that, on and after that date, the assessment roll will be completed and open for inspection and that the Assessor will sit at his office in the City hall to hear complaints upon the assessments in the roll for ten days beginning on the date above stated; and that any person considering himself aggrieved by reason of any assessment, may complain thereof in writing, which complaint shall be filed with the Assessor during said ten days and not thereafter. Every complaint shall state specifically the grounds thereof and no other matters shall be considered by the Assessor. The date of the receipt and filing of such complaint shall be endorsed thereon and signed by the Assessor and it shall thereupon become a part of the official records of the City. The Assessor shall review the

assessments complained of and may alter or correct the same as to the persons charged thereby, the property described therein, and the estimated value thereof. After completing the review and correction of said assessment roll, the Assessor shall sign the same and add thereto his certificate that the same has been duly completed. On the date and at the time of convening of the Board of Review in each year the Assessor shall deliver said assessment roll to the Board of Review.
(2-21-49)

157. **Board of Review.** Sec. 10. The Board of Review shall be composed of five members who shall be selected by the Mayor, subject to the approval of the City Commission upon the basis of their knowledge of the subject of taxation and of property values. No member of such Board shall hold any other public office or public employment except that of Notary Public or member of the armed forces of the United States of America. In the first instance the full Board shall be appointed by the Mayor, subject to the approval of the City Commission, within forty days after the date of the election at which this provision is adopted as an amendment to this Charter, one member so appointed to serve until the first day of February of the next succeeding year, one member to serve until the first day of February of the second succeeding year, one member to serve until the first day of February of the third succeeding year, one member to serve until the first day of February of the fourth succeeding year, and one member to serve until the first day of February of the fifth succeeding year. The Mayor, with the approval of the City Commission, shall, in the month of January of each year, commencing with the next succeeding year following the said election, appoint one member of the Board of Review to serve for a full term of five years, commencing February first of the year of appointment. The City Commission shall fix the compensation of the members of the Board of Review. The Board of Review shall convene on the fourth Monday in April in each year, or on such earlier date in each year as may be provided by state law for the meeting of Boards of Review in Townships at the City Commission chambers and shall continue in session from day to day for the purpose of examining and reviewing the assessment roll of the City. On the first day of its meeting in each year, the Board of Review shall elect one of its members Chairman. Any person who has complained thereof in writing to the Assessor as hereinbefore provided for and considering himself aggrieved by the assessment of his property and the decision of the Assessor thereon, may appeal therefrom to the Board of Review. Written notice of such appeal shall be filed in the office of the City Assessor within five days after the said fourth Monday in April, and the City Assessor shall endorse thereon the date of the receipt and the filing of the same, and thereupon such appeals shall become a part of the official records of the City. Thereupon the original complaint to the Assessor and all papers and matters pertaining thereto shall be made a part of the record of such appeal. Said Board of Review shall have all powers vested in and be charged with all the duties imposed upon Boards of Review in Townships under the general tax law of this state except as herein otherwise provided. The Assessor shall attend each meeting of the Board of Review and give information relating to the matters under advisement.
(2-21-49)

158. **Notice to be given before Increase or Additional Assessment is Made.** Sec. 11. No assessment shall be increased or property added to said assessment roll by the Board of Review except on written or printed, or partly written and partly printed, notice to the person to be directly affected thereby. Such notice to a resident of the City shall be served either personally upon him or by leaving the same at his place of abode with some suitable person of proper age and discretion, at least three days before such action is taken thereon by the Board of Review: Provided, that in case of a nonresident of the City, or in case service cannot be made upon a resident in the manner above provided, such notice shall be published in two newspapers of the City at least three days before any action is taken by said Board of Review.

159. **Period of Review—Confirmation of Roll.** Sec. 12. The Board of Review may continue the consideration of such assessment roll and the hearing of such appeals from session to session, not exceeding fifteen days from the time when the same are first taken under consideration as herein

provided, and a majority vote of the members of the Board of Review shall be necessary to confirm the roll, or to change any assessment made by the Assessors on which an appeal has been taken. On or before the expiration of said fifteen days the assessment roll, as changed or corrected, shall be finally confirmed by the Board of Review, and shall be the basis of all taxes to be levied and collected in the City of Grand Rapids according to the property valuations therein stated, until another assessment shall have been made and confirmed as herein provided.

160. **City Assessor to Keep Records.** Sec. 13. The City Assessor shall be the Secretary of the Board of Review and shall attend its meetings with the privilege of participating therein, but without the right to vote upon any decision of the Board. It shall be the duty of the Assessor to keep a permanent record of all proceedings of the Board of Review. Such record shall be filed with the City Clerk within 30 days after the adjournment of the Board. After the review of the assessment roll has been completed and the roll endorsed and signed as required by state law, such roll shall be re-delivered by the Board of Review to the Assessor.
(2-21-49)

161. **Public Notice of Meeting of Board of Review to be Given.** Sec. 14. The City Commission shall provide for the giving of notice to the public of the time and place of meeting of the Board of Review and if for any reason the meetings are not held as herein provided, the City Commission shall give further notice of the time and place of such meetings.

162. **Validity of Tax Roll.** Sec. 15. Upon the completion of said roll and its endorsement in manner aforesaid, the same shall be conclusively presumed by all courts to be valid, and shall not be set aside except for causes hereinafter or in the general tax law mentioned. The omission of the endorsement above provided shall not affect the validity of such roll.

163. **Assessors to Spread State and County Tax—City Treasurer to Give Notice When Due.** Sec. 16. After the Board of Review shall have approved such assessment roll, the Assessors shall, within the proper time, spread thereon the amount of state and county taxes in the manner and form provided therefor by the general tax law of the state, and such taxes shall become a debt and a lien, and be levied, collected, accounted for and returned, and the property assessed therefor, sold, held, redeemed and conveyed at the time and in the manner and form provided for by the general tax law of the state, except as herein otherwise provided. The Assessors shall deliver a copy of said roll to the City Treasurer and notify him of the amount of state and county tax apportioned to the City, within the time and in the manner and form provided for in the general tax law of the State. The City Clerk and the City Treasurer shall respectively have all the powers of and be charged with all the duties imposed upon township clerks and township treasurers respectively under the general tax law of the state. The City Treasurer shall publicly publish and post notice of the fact that the state and county taxes are due and payable in the same form and manner as herein provided for publishing and posting notice in regard to city and school taxes, and said notice shall be sufficient demand for the payment of all such taxes.

164. **City Treasurer's Office—When Open.** Sec. 17. The City Treasurer, or his employes, shall be in the City Treasurer's office at all hours between eight o'clock in the forenoon and five o'clock in the afternoon of every week day, not a legal holiday, during the time when taxes are due and payable, for the purpose of receiving the same.

City, School and Library Taxes

165. **City Assessors to Make Roll and Deliver to City Treasurer.** Sec. 18. After the City Commission shall have determined the amount of the annual tax to be raised for city, school, library and other municipal purposes, the City Clerk shall certify the same, under the seal of the City to the Assessors, and it shall be the duty of the Assessors to make manifold or other copies of the assessment roll hereinbefore provided for, and to cause the amount of such city, school, library and other municipal taxes to be proportionately assessed upon the valuation entered upon such roll after the same has come from the Board of Review. Said roll shall be known as the "City and

School Tax Roll" and shall show in separate columns the property assessed, the name of the person to whom assessed, the assessed value and the amount of the city, school, library and other municipal taxes. Said roll or a copy thereof shall be completed, footed, balanced, signed and certified by the Assessors and delivered to the City Treasurer before the first day of July of the year when said roll was made. Before its delivery to the City Treasurer, the Assessors shall annex their signed warrant to said City and School Tax Roll, directed to the City Treasurer, commanding him to collect from the persons named in said roll the taxes therein set forth, in accordance with the mandates of the law in relation thereto and they shall take the receipt of the City Treasurer for said roll or copy. The Assessors shall at the same time, deliver to the City Comptroller a statement showing the amount of the taxes assessed upon said roll and the City Comptroller shall make an entry thereof in the books of his office and charge the gross amount thereof to the City Treasurer.

166. **When Taxes to Become Debt and Lien—To Take Precedence of Certain Acts.** Sec. 19. The taxes thus assessed shall become at once a debt to the City from the persons against whom they are assessed, and the amounts assessed upon any interest in real property shall on the first day in July become a lien upon such real property, and the lien for such amounts and for all interests and charges thereon shall continue until payment thereof. All personal taxes shall also be a lien upon all personal property of such persons so assessed, from and after the first day of March in each year, and shall take precedence of any sale, assignment, chattel mortgage, levy or other lien on such personal property executed or made after said first day of March, except where such property is actually sold in the regular course of trade.
(4-1-18)

167. **Sec. 19.5.** The City Commission is hereby given power to provide by ordinance for the method of payment of City and school taxes, and to provide penalties for non-payment of such taxes which shall not be greater over a period of twelve months than the penalties provided in this Charter.
(11-8-32)

168. **Notice of Collection of Tax by City Treasurer—Time Limit—Additional Percentage.** Sec. 20. Upon receipt of the City and School Tax Roll by the City Treasurer, he shall forthwith give at least six days' notice by publication in two newspapers of the City and also by posting the same in at least 20 public places in each of the wards of the City, which notice shall be sufficient demand for the payment of all taxes assessed in said City and School Tax Roll, that the same has been deposited with him and that payment of the taxes therein specified may be made to him at any time during the business hours as follows:

Said taxes may be paid during the month of July, or one-half may be paid during the month of July and the remaining one-half may be paid during the month of October, without penalties. If one-half of the tax is not paid during the month of July, the entire tax shall be deemed delinquent and an addition of 1% thereof shall be made on August 1st following and a like addition the first day of each month thereafter until payment or sale.

If one-half is paid during July, the remaining tax, if unpaid, shall be delinquent on November 1st following, when an addition of 4% thereof shall be made and 1% thereof shall be added on the first day of each month thereafter until payment or sale.
(3-7-32)

169. **City Treasurer's Power to Collect of Tenants—City Treasurer to Sell.** Sec. 21. Each year the City Treasurer shall proceed to collect the City, School, Library and other municipal taxes in accordance with the terms set forth in such public notice as provided in the foregoing section, and may collect said tax from tenants occupying real property taxed in the manner and to the extent set forth in the general tax law in regard to State and County Taxes.
(3-7-32)

170. **Personal Property for Tax—May Bring Suit to Collect.** Sec. 22. On or before the first day of August or the first day of November in each year, as the case may be, and at any time until said City and School, or other municipal taxes are paid, it shall be the duty of the City Treasurer to collect all unpaid taxes which are assessed against

any property of whatever nature, other than the real estate, and the City Treasurer shall have power to levy upon and sell, at public sale, any property of any person refusing or neglecting to pay such tax. Whenever any such property is levied upon, as aforesaid, three full days' notice of such sale shall be given by the City Treasurer by publication in two newspapers of the City and by posting the same in three public places in the City, and any surplus money remaining after the payment of the tax and all interest and charges thereon and all costs and charges of such sale, shall be paid over to the owner of such property or to the person entitled to receive the same. The City Treasurer shall also have the additional power, in the name of the City of Grand Rapids, to commence an action in assumpsit, or other proper action, in any court of competent jurisdiction against any person neglecting or refusing to pay such tax and against whom the same is legally assessed, and enforce any judgment obtained against such person as the result of such action, by an execution to be issued out of the court in which such judgment shall have been obtained. Executions issued upon judgments rendered for any tax may be levied upon any property without exemption, the same as though seized for sale under warrants issued for the collection of taxes by township supervisors and collected in the same manner in all other respects as provided by law for the collection of judgments. The City Treasurer shall also use and take all lawful ways and means provided by law for the collection of judgments. The City Treasurer shall also use and take all lawful ways and means provided by law for the collection of debts, to enforce the collection of any such tax. The assessment or tax roll in all cases and under all proceedings provided for in this section shall be prima facie evidence of the indebtedness of such person and the regularity of the proceedings by which such tax was assessed. (3-7-32)

171. **Removals of Persons from City—Treasurer to Collect Where Located.** Sec. 23. In case any person against whom any tax shall have been assessed in the City for personal estate shall have removed from the City after such assessment and before said tax ought by law to be collected, it shall be lawful for the City Treasurer to levy and collect such tax of the goods and chattels of the person so assessed in any township of the State of Michigan to which such person shall have removed, or in which he shall reside or have personal property.

172. **Personal Tax May be Reassessed.** Sec. 24. Whenever any tax shall hereafter be assessed on any city assessment roll or be placed upon any tax roll for city, school, library or other municipal purposes, on personal property in the City and cannot be collected, it shall be lawful for the City Commission to authorize the payment of the same from the City funds, and when such tax shall be returned for non-payment it shall be lawful at any time after such return for the City Commission to direct such personal tax so returned to be reassessed by the Assessors upon the personal or real estate of such person or persons against whom the same was originally assessed or upon all personal and real estate in the City. No change in the assessment of personal property shall be allowed unless first allowed by the Board of Assessors.

173. **Assessment Roll as Evidence in Court.** Sec. 25. Any assessment or tax roll produced on the trial of any action brought for the recovery of any state, county, city, highway, school, sewer or other tax, general or special, upon proof that it is the original assessment roll for the City of Grand Rapids for such tax, may be read and used in evidence; and if it shall appear from such roll that there is a tax assessed against the defendant in such suit, it shall be prima facie evidence of the legality and regularity of the assessment of the same, and the court before whom the case shall be pending shall render judgment against the defendant for all taxes appearing upon said roll assessed against said defendant, unless he shall prove that he has paid such tax. No stay of execution shall be allowed on such judgment.

174. **City Treasurer's Duties on Receipt of Payment—Undivided Interests.** Sec. 26. Upon the receipt of any tax, or portion thereof, the City Treasurer shall mark his records accordingly and give receipts which shall clearly indicate the portion of the tax for which it is issued. Any person owning an undivided interest or other part in real estate assessed in one description, may

pay on the part thus owned an amount having the same relation to the whole tax as the part on which payment is made has to the whole parcel. The person making such payment shall correctly describe the portion on which he makes payment and the receipt given and the record of the receiving officer shall show such description and by whom paid. Any person having a lien upon real estate may pay the taxes thereon and the same may be added to his lien and recovered with the rate of interest borne by such lien.
(3-7-32)

175. **Disposition of School Monies.** Sec. 27. The City Treasurer shall credit to the school fund of the City all school monies in any manner received by him.

176. **Powers of Treasurer as to City and School Taxes.** Sec. 28. For the purpose of collecting city, school, library and other municipal taxes, the City Treasurer is hereby vested with all the powers conferred upon township treasurers by the general tax law of the State in regard to the collection of state and county taxes.

177. **City Treasurer to Report Sales of Land—Collections of Redemptions.** Sec. 29. At least two weeks before the date of sale of any real estate upon which the City has any claim or claims, the City Treasurer shall report to the City Commission a list of the parcels of such real estate and the amount of the City's claim with the costs and the City Commission shall determine the course to be pursued in regard to such property. The City Treasurer shall also attend to the collection and payment into the proper fund of the city treasurer of all monies received by the county treasurer on account of the redemption of real estate sold for all previous delinquent taxes due the City.

178. **Sale of Real Property for Unpaid Taxes.** Sec. 30. If the city, school, library and other municipal taxes assessed against any real property on the city and school tax roll shall not be paid on or before the first day of March following the making of such assessment, such real property shall be subject to disposition, sale and redemption for the enforcement and collection of the tax lien against the same, in the method and manner provided by ordinance, duly passed by the City Commission, or as provided in the general tax law of the state in case no such ordinance shall have been passed by the City Commission.

179. **City Commission To Pass Ordinance Providing For Judicial Sale.** Sec. 31. The City Commission is hereby given the right to and it shall pass an ordinance or ordinances providing for the sale of lands for unpaid taxes or assessments. The system of sales prescribed by such ordinance or ordinances shall provide for a judicial sale of such lands, on petition filed in behalf of the City.
(3-5-34)

180. **Disposition of Real Property Held by the City.** Sec. 32. The City Commission shall pass an ordinance providing for the care, custody and disposition of real property, or any interest therein, now held by the City which it has acquired by reason of city or state tax or assessment sales and for such as it may hereafter so acquire: Provided, that the last person holding the title in fee to any such property, or the holder of a mortgage thereon, shall be given the first right in case of the sale of such property by the City, to secure the City's interest therein by payment to the City of not less than the amount of money which the City has invested therein in the form of unpaid taxes or otherwise, plus interest, penalties and costs: Provided, such persons make application therefor within thirty days after the City has acquired title thereof. After such thirty days said property shall not be sold for less than its market value.
(4-1-40; 4-2-45)

181. **State's Interest in Lands to be Paid.** Sec. 33. Whenever any lands are offered at a tax sale provided for by ordinance or ordinances, which lands have been bid to the state at any tax sale made under the provisions of any general tax law, and upon which such bid or bids remain undischarged, any sale made of such lands at any city tax sale shall be conditioned upon the payment of the tax lien held by the state on said land by the purchaser and the city tax sale so made shall be void if the tax lien held by the state shall remain unsatisfied.

182. **How Real Property to be Sold for Taxes if no Ordinance Passed.** Sec. 34. Until the City Commission shall provide by ordinance or ordinances for a judicial sale of lands for delinquent taxes, all unpaid city, school, library and other municipal taxes on real property shall be returned to the treasurer of Kent County in the same manner and with like effect as returned by township treasurers, in which case the time and manner of sale, conveyance, redemption and other procedure in regard to said real property shall be the same as in cases where the state and county tax against said real property has been returned as delinquent.

183. **City Treasurer to Issue Tax Certificates.** Sec. 35. It shall be the duty of the City Treasurer upon request made by any party for a certified tax history of any parcel of land within the City covering all general or special city tax sales, or claims for city general or special taxes, to prepare and certify such a tax history and charge the party requesting the same the sum of twenty-five cents for each parcel, which fee shall be paid into the City Treasury and credited to the contingent fund.

TITLE X. PUBLIC AND SPECIAL IMPROVEMENTS

184. **Powers of City in Regard to Waters and Water Fronts.** Sec. 1. The City shall have and it is hereby given the power to use, control and regulate the streams, waters, and water courses within its corporate limits, and to that end, the City Commission shall, subject to this Charter, the state and national laws, when it deems the same essential for health, safety, utility or beautifying purposes, deepen, widen, bridge, dam, dock, cover, wharf, alter or change the channels thereof, establish and build dock lines therefor, provide flood protection therefrom by means of walls or otherwise; use such streams, waters and water courses, and regulate and control the use thereof by others.

185. **Power of City to Acquire and Dispose of Property.** Sec. 2. The City shall have and it is hereby given the power to purchase or condemn private property, within or without the City, for any public use or purpose within the scope of its powers. To that end the City Commission, subject to this Charter and the general laws of the State, whenever it deems the same essential for the welfare of the inhabitants of the City, shall acquire by gift, purchase, condemnation or otherwise, the necessary property for the purpose in view. The City Commission, subject to this Charter and the general laws of the State, shall have the power to hold and improve such property and to sell and dispose of same.

186. **Sec. 2.5.** The City of Grand Rapids shall have and is hereby given the power to acquire land for hospital purposes by gift, grant, condemnation or otherwise, and to establish, construct, equip, maintain and operate hospitals for the treatment of persons afflicted with disease or wounds of any kind, or of any particular disease or diseases within the City limits or within two miles outside of the same, and to that end may borrow money and issue bonds of the City therefor, pursuant to Title XI of the Charter of said City of Grand Rapids.
(4-7-19)

187. **City May Acquire or Establish Utility.** Sec. 3. The City shall have and it is hereby given, subject to the provisions of this Charter and the general laws of the State, the power to acquire, own, establish, construct and operate, either within or without its corporate limits, public utilities for supplying water, light, heat, power and transportation to the municipality and the inhabitants thereof for domestic, commercial and municipal purposes, and for the sale and delivery of water, heat, power and light without its corporate limits, to an amount not to exceed twenty-five per cent of that furnished by it within its corporate limits for like purposes; and for the operation of transportation lines without the municipality and within ten miles of its corporate limits. The acquirement of any such utility together with all properties, franchise and rights necessary for its establishment, ownership, construction, operation, improvement, extension and maintenance, whether such properties, franchises and rights are situated within or without the corporate limits of the City, may be either by purchase or condemnation, and if by condemnation, then according to the general laws of the State in regard thereto. The City

Commission shall, if it deems the same essential to the welfare of the inhabitants of the City, submit the proposition for the acquirement of any such utility to a vote of the electors of the City, in accordance with the general laws of the state in regard thereto. The City Commission shall, when such utility has been acquired, provide for the establishment, construction, operation, improvement, extension and maintenance of the same.

188. **Sec. 3.5.** The City shall have and is hereby given, subject to the provision of this Charter and the general laws of the State, the power to acquire, own, construct, establish, operate, maintain or lease public markets and market buildings and to that end shall have and is hereby given power to acquire by purchase, gift or condemnation, proper and necessary sites therefor, together with power to build the necessary structures and make needed improvements thereon, and to acquire all personal property necessary and proper in the conduct and maintenance thereof, and to maintain and operate or lease the same to other corporations or individuals for the purpose of maintenance and operation: together with authority to make all necessary and proper rules and regulations in connection with the operation and maintenance or leasing thereof, including the power to establish and collect rentals for the use of the whole or any portion thereof.
(4-7-19)

189. **Plan of Streets and Alleys—City Manager to Approve.** Sec. 4. The City Commission shall have and it is hereby given the power to adopt a plan of streets and alleys within the city limits and for a distance of not more than three miles beyond its limits, or for such other distance beyond the limits as may be hereafter authorized by law; and to that end the City Commission shall provide that all plats showing such streets and alleys shall be submitted to and approved by the City Manager before they are filed for record.

190. **Sewers—Right to Extend Beyond City Limits.** Sec. 5. The City shall have and is hereby given the power to maintain and extend sewers beyond the City limits, and to that end the City Commission shall, when it deems the same essential to the welfare of the inhabitants of the City, provide for the construction and extension of such sewers.

191. **Separation of Grade Crossings.** Sec. 6. The City Commission by ordinance shall provide for a general plan of separation of streets from the railroads and street railways at grade crossings within said City, and for the execution of the same under the direction of the City Manager.

192. **Power and Duty of City Commission as to Public Works, Public and Special Improvements.** Sec. 7. The City Commission shall:

(a). Determine the necessity for and order all public work and public and special improvements, and make the requisite appropriations and provide for securing the necessary funds therefor.

(b). Declare the same to be a necessary public improvement.

(c). Provide a method of petitioning for street improvements and their character; but the determination by the City Commission of the character of improvements shall be final.

(d). Determine the character of the improvement and determine and fix the district over which the assessment to pay the cost of any public or special improvement shall be levied, and the amount, if any, of the cost of such public or special improvement which shall be levied upon the City at large.

(e). Specify at the time of declaring the necessity of any public or special improvement whether the cost of the same in the first instance shall be met by issuing the bonds of the City therefor, in anticipation of the collection of the assessment to defray the expense thereof.

(f). Provide for the issuance of bonds of the City for the purpose of providing the first cost of installation and connection of sewers and water works on and to property used solely for dwelling house purposes, when such installation and connection shall be ordered by proper health authorities and when the City Commission shall determine that it is inadvisable to collect the cost thereof at the time of installation.

(g). Provide by ordinance the manner of payment and collection for the installation and connections above mentioned, and that the City shall have a lien on the property served for the cost of such installation and connections.
(4-1-18)

193. [*Reserved.*]
Editor's note—Amendment of Feb. 19, 1962, repealed § 193 which pertained to Street Intersection Improvements—How Paid. See the Charter Comparative Table.

194. **Advertising Bids—Letting Contracts—Supervising Public Works.** Sec. 9. The estimating of the cost, advertising for bids, the carrying on, supervision and approval of the work upon or for any public work or public or special improvement are vested in the City Manager. The letting and making of such contracts is hereby vested in the City Commission.

195. **Notice of Special Improvements and Assessment Districts.** Sec. 10. Before any special improvement is ordered or declared to be necessary and before any special assessment district is fixed, the City Commission shall give notice and an opportunity to be heard thereon to all persons liable to be assessed therefor. Such notice shall be given in such form and manner as the City Commission by ordinance shall prescribe: Provided, that notice by publication shall be deemed sufficient.

196. **Special Improvement Bonds—Payment of.** Sec. 11. The aggregate amount to be borrowed in any one year for the purpose of special improvements shall not exceed one and one-half per cent of the assessed valuation of the City according to the last preceding City Tax Roll, provided, that the total amount of bonds authorized to be issued for such purpose and outstanding at any one time shall not exceed three per cent of the total assessed valuation of the City according to the last preceding City Tax Roll. Said bonds shall bear interest at a rate not exceeding six per cent per annum and shall be made payable in equal yearly amounts for a period not exceeding ten years from date of issue and made payable at the Office of the City Treasurer or to such fiscal agent as may be appointed for that purpose by the City Commission. The City Commission may borrow such sums of money and at such times as shall be deemed necessary to pay for and carry on such special improvements, and issue bonds therefor as in this section provided. Such bonds shall be sold for not less than par, and the proceeds of the same shall be paid to the City Treasurer and by him be placed to the credit of the improvement or improvements for which issued. Such bonds shall be the general obligation of the City, and any avails thereof shall be used only to defray the expense of the special improvement or improvements for which they are issued: Provided, that any surplus thereof shall become a part of the sinking fund and be credited thereto.

When and as collected, the installments of the special assessment roll for the special improvements together with the accrued interest thereon shall be paid by the City Treasurer into the sinking fund, the same to be credited to the proper special improvements to be used to retire the bonds issued on account of such improvements, to pay the interest thereon and to pay the cost of said special improvements. Any surplus thereof shall become a part of the sinking fund and be credited thereto.
(9-12-22; 2-20-61)

197. **Special Assessments—Rolls—Notice of Completion—Inspection and Appeal—Separation of Assessment Rolls.** Sec. 12. The City Commission shall cause to be transmitted to the Assessors a map of the district fixed by it and a statement of what part of the cost of any improvement is to be spread upon the City at large, and the City Manager shall transmit to the City Assessors such facts as he may have, necessary to make a proper assessment. Thereupon the Assessors shall prepare an assessment roll which shall contain the names of the owners and the description of the several parcels of property in the district fixed by the City Commission to be assessed for such improvement, and upon such roll or against each of such descriptions the City Assessors shall spread and levy the cost of such improvement in whole or in part, as the City Commission may determine, in proportion as near as may be, to the advantages which each parcel shall be deemed to be benefitted by the making of such improvement. After the assessment roll is completed the City Assessors shall give notice to all persons assessed thereon, in such manner as

the City Commission may provide, by publication or otherwise, of the completion of such roll, that the same will be open for ten days for public inspection and for correction by the Assessors and of the time and place of the meeting of the Board of Review on such roll. Immediately after the expiration of said ten days such corrected roll shall be signed by the Assessors, or a majority of them, and returned forthwith to the City Commission. Assessment rolls for sewer purposes, as well as bond issues therefore, shall be kept separate and distinct from street improvement rolls and bonds. The exemption of any property from general taxation shall not amount to an exemption of such property from taxation for special improvements under this title.

198. **Board of Review—Hearing of Appeals.** Sec. 13. At a regular session not less than one week after the receipt of such roll from the Assessors, the City Commission shall act thereon as a Board of Review and shall continue to act at such other times as may be necessary and as it may designate. Any person may appeal in writing to the City Commission acting as such Board of Review at any time prior to the opening of its first session as such Board of Review. The City Commission as such Board of Review shall have the power to correct or change the whole or any part of such roll or to return it to the Assessors for reassessment, in which latter case it shall take the same course as an original roll. The roll as finally corrected and reviewed shall be ratified, confirmed by the City Commission and delivered by the City Clerk to the City Treasurer for collection, with the proper warrant for such purpose attached thereto, signed by the Mayor and attested in due form by the City Clerk.

199. **Liens, Return and Sale of Delinquent Property.** Sec. 14. The City Commission by general ordinance shall make the necessary provisions for carrying this title into effect, including the time within which such rolls shall be prepared by the Assessors, the method of transferring such rolls from one office or department to another, the notice, time, place and manner of payment of assessments and the return of surplus moneys. It shall fix a uniform rate of interest on deferred installments, the time at which any such assessment shall become a lien upon the property assessed and the penalty for nonpayment thereof, and shall make provisions for the return, sale and conveyance of any property delinquent for nonpayment thereof, for the redemption of said property after sale and for the collection of special assessments against common carriers.

200. **Supplemental Roll.** Sec. 15. The City Commission may provide for the spreading of an additional assessment for any public or special improvement in case it determines that the former assessment or assessments will not produce sufficient funds to pay for such improvement. Such additional assessment shall be spread upon a supplemental roll which shall conform so far as possible to the original roll for such improvement, and shall be made, reviewed, delivered, collected, accounted for and returned in the same manner as the original roll, and all sales and redemptions of property therein described shall be made in the same manner as the sales and redemption upon said original roll.

201. **Acquiring Private Property for Public Use—Condemnation.** Sec. 16. The City Commission shall by ordinance provide for acquiring by condemnation proceedings, in a court of competent jurisdiction, or otherwise, such private property and rights as may be required for any public use: Provided, that until the passage of a valid ordinance for that purpose, the right of eminent domain for such purpose may be exercised by the City in the manner provided for in Sections 3392 to 3415 inclusive, of the Compiled Laws of 1897, as amended or supplemented, or in Act 149 of Public Acts of 1911, as amended or any other general law; which acts so far as the same may be applicable, are hereby adopted and made the law of the City for such purposes.

202. **Cost of Condemned Property Added to Special Improvement Cost.** Sec. 17. Whenever any property is acquired by condemnation or otherwise for the purpose of any special improvement, the cost thereof shall be added to the cost of such special improvement, levied upon the property benefited thereby and collected accordingly.

203. **Delinquent Taxes—Sale of Property For—Decree As Basis of Sale—Payment of State and City Tax Liens.** Sec. 18. The sale of any property on account of the non-payment of

any special assessment levied against it, shall be made only upon decree therefor of some court of competent jurisdiction, upon petition praying for such decree filed by the City Treasurer in form and manner advised by the City Attorney, who shall conduct such proceedings to a final hearing. Due notice of the pendency of such petition shall be given to all persons interested in any property to be affected by such decree in like form and manner as is provided for notice of the sale of lands for unpaid taxes. Such sale so decreed may include property which has been assessed for any public or special improvement, and against which property there is any unpaid assessment which has become a lien: Provided, that no sales of any property for any such assessments upon which the State or the City holds a tax lien shall be made to any person without the payment of all such tax liens, nor made to the City without the payment or purchase of the liens held by the State.
(3-5-34)

204. **Assessments Against Railroad Property—Who Liable for—How Levied and Collected.** Sec. 19. All freight houses, roadbeds, rights of way and other premises or property belonging to the owner of any stream, electric or street railway or other common carrier within the corporate limits of the City, which are necessarily used in the operating of the respective franchises of the owners of said railroads, and the person, corporation or company owning the same shall be liable for all valid unpaid assessments for public improvements hereafter made within the City and assessed against such property. Assessments of such property shall be made in the same manner as that of other property for special improvements under this Charter, and the assessment roll therefor shall be prima facie evidence in any court of the regularity of all proceedings up to and including such assessment and the making of said roll.

205. **Cost of Improvement to Include Cost of Estimate, Plans, etc.** Sec. 20. The cost of public and special improvements for which a special assessment roll shall be made shall include the cost and expense of making estimates, plans and assessments incidental thereto.

206. **Persons Contributing Lands for Streets—Assessment Against.** Sec. 21. In any case where the owner of property liable to be assessed to pay the cost of a street opening, has contributed thereto a portion of the street, the City Commission may relieve such person from paying an assessment for the purchase or condemnation price of a like portion opposite that so contributed.

207. **Sewer Extensions Construed.** Sec. 22. The term "sewer extensions" shall be construed to mean the construction of new sewers and the reconstruction or changing in any material way of existing sewers.

208. **Sec. 23.** It shall be the duty of every owner of land situated in the City of Grand Rapids to build, rebuild, maintain and repair all sidewalks upon that part of the street or streets upon which said land abuts, at such times, in such manner, and of such materials as the City Commission may direct. Notice to build, rebuild or repair such sidewalks, shall be given in such manner as the City Commission may by ordinance or resolution provide, and if such owner shall neglect or refuse to comply with such notice, the Director of Public Service may cause the said sidewalks to be built, rebuilt or repaired, as the case may be, at the expense of the City, and an accurate account of the expense thereof shall be certified to by the Director of Public Service and filed with the City Treasurer, and a duplicate thereof with the City Assessors. Said certified account shall contain an accurate description of the land abutting on said sidewalk, the expense of building, rebuilding or repairing such sidewalk, and the name of the owner of the land, if known, and if not such fact shall be stated in such account; the City shall have a lien on such land for such amount, together with the costs, penalties and interests thereon, until paid. A copy of such certified account shall be mailed to the owner, if known, by the Director of Public Service: Provided, however, that nothing in this section shall interfere with building sidewalks in connection with and as a part of necessary street improvements. While both a City Income Tax rate of 1.5% is in effect for corporations and resident individuals and a City Income Tax rate of .75% is

in effect for non-resident individuals, the above provision concerning sidewalks shall be of no force or effect.
(4-1-18; 1-28-14, eff. 5-6-14)

209. **Sec. 24.** The owner of any land situated in the City of Grand Rapids shall abate and remove any nuisance thereon and comply with all orders and demands made by the Director of Public Welfare for the sanitary and healthful management and use of said lands and the buildings and their appurtenances thereon situated. If any owner of such lands shall neglect or refuse to abate or remove any nuisance or to comply with any such order or demand made by the Director of Public Welfare, such Director may, at the expense of the City, cause the same to be done, and an accurate account of the expense thereof shall be certified to by the Director of Public Welfare and filed with the City Treasurer, and a duplicate thereof with the City Assessors, and which said certified account shall contain an accurate description of the land if known, and if not such fact shall be stated in such account; and such account shall be and remain a lien on such land until paid. A copy of such certified account shall be served by mail on the owner, if known, by the Director of Public Welfare.
(4-1-18)

210. **Sec. 25.** On or before the first Monday of January and June of each year the City Treasurer shall report to the City Commission the said accounts, both for sidewalks and nuisances, then remaining unpaid, and thereupon the City Commission may by resolution or ordinance require the City Assessors to make an assessment roll for said accounts; and thereupon it shall become the duty of the City Assessors to place said accounts in an assessment roll, which said assessment roll when made shall be proceeded with in the same manner as is, or may hereafter, be provided for, the assessing and collecting the expense of public and special improvements under this title.
(4-1-18)

210.1. **Sidewalk Funding.** Sec. 26. The City Commission is hereby empowered to pay the cost of building, rebuilding or repairing sidewalks and to secure funds therefore through the use of money which may be or become available through the Federal Government State of Michigan or other grant of funds. This Section shall be in addition to that power specified in Section 23, 24 and 25 of Title X of this Charter.
(8-8-78)

TITLE XI. CITY BONDS—EXCEPT SPECIAL ASSESSMENT STREET AND SEWER BONDS

211. **Sec. 1.** (a). For the purpose of making public improvements, including boulevard lighting or any other public or special improvements, in connection with which a special assessment district is made to pay therefor in whole or in part, or for any other purpose within the scope of its powers, the City Commission may borrow on the faith and credit of the City such sum or sums of money for such term and at such rate of interest as may be permitted by law, and it may issue the bonds of the City therefor. The avails thereof shall be used for the purposes for which the same were issued and for no other purpose.

(b). Any such bonded indebtedness against the City shall be void unless approved by three-fifths of the qualified electors of the City voting thereon; but bonds, including those made a general obligation of the City, may be issued to raise money for the current expenses of the City provided for in this Title, for the cost of boulevard lighting or any other public or special improvements, in connection with which a special assessment district is made to pay therefor in whole or in part, school bonds, refunding bonds and emergency bonds for the purposes and within the limits enumerated in Act 279 of the Public Acts of 1909, as amended, or any amendment thereof, without such approval of the electors.
(4-6-31; 7-25-61)

212. **Bonds for Current Expenses.** Sec. 2. For the purpose of paying that portion of the expenses and liabilities of the City for the current year which the revenues thereof shall not be sufficient to meet, the City Commission may issue the bonds of the City for a period of not longer than one year, in such form and for such sum as it shall direct, not exceeding fifty thousand dollars in any one year, at a rate of interest not exceeding five per cent per annum, to be signed by the Mayor and counter-signed by the City Comptroller and with the seal of the City affixed thereto. Such Bonds shall be disposed of under the direction of the City Commission and upon such terms as it shall deem advisable, but for not less than their par value, and the avails thereof shall be

applied only to the purposes mentioned in this section. The amount so borrowed shall be assessed and collected in the general assessment roll for the ensuing year.

213. **Emergency Bonds.** Sec. 3. In case of fire, flood or other calamity the City Commission may borrow for the relief of the inhabitants of the City or for the preservation of municipal property, a sum not to exceed one-fourth of one per cent of the assessed value of all real and personal property in the City and issue bonds therefor due in not more than three years.

213.1. **Financing Off-Street Parking Facilities.** Sec. 4. Notwithstanding the provisions of Sec. 1 (b) of this title, the City Commission shall have the power in case a special assessment district is made to pay the cost of off-street parking facilities, to borrow on the faith and credit of the City such sum of money as may be necessary to meet the cost of such improvement in anticipation of the collection of the assessments made to pay therefor, which amount to be borrowed shall not exceed the amount so assessed against said district, and to issue the bonds of the City therefor for such term and at such rate of interest as shall be permitted by law, which bonds shall be valid without a vote of the electors of the City.
(2-20-56)

TITLE XII. TRUSTEES OF THE SINKING FUND

214. **Members.** Sec. 1. The Mayor, City Comptroller, City Clerk, City Treasurer and the President of the City Commission, together with two electors who shall be citizens and free holders of the City, to be appointed by the City Commission on the first Monday in May, or as soon thereafter as practicable, each of whom shall hold office for two years, shall act as Trustees of the Sinking Fund without compensation.

215. **Powers and Duties.** Sec. 2. (a). The Trustees of the Sinking Fund, from time to time and upon terms satisfactory to them, shall purchase or pay the bonded indebtedness of the City or such part thereof as it may be able so to do. Whenever said trustees are not able to purchase or pay said debt or any part thereof, they may invest temporarily by the vote of not less than five trustees, to be recorded in the minutes, any moneys in the sinking fund in interest bearing municipal bonds, or in other bonds or securities which constitute a legal investment for savings banks in the state. All bonds and evidences of debt so purchased shall be delivered to the City Treasurer and become and be the property of the City, and be controlled by the Trustees of the Sinking Fund. The interest on such bonds and evidences of debt shall be credited and belong to the Sinking Fund. The City Treasurer shall endorse upon the back of all bonds so purchased by the Trustees of the Sinking Fund the following:

> "Registered bonds, not transferable without the written consent of the Mayor, City Comptroller and City Treasurer endorsed thereon."

(b). Such bonds shall be transferred and sold only under the direction of the Trustees of the Sinking Fund. In making temporary investments of the moneys of the sinking fund, the trustees shall give preference to bonds of this City, but may sell such bonds and add the proceeds thereof to the purchase or to the payment of other bonds of this City whenever such action is deemed advisable. Whenever the City Commission shall transfer funds to the Sinking Fund for temporary investment, the same shall be invested by said trustees by loan or purchase of the bonds of the City, and not otherwise.

216. **Control of Sinking Fund.** Sec. 3. The trustees of the Sinking Fund shall have exclusive control of the moneys of the Sinking Fund and whenever possible and when it may appear to the City's interest, shall faithfully apply the same to the payment of the principal and interest of the bonded indebtedness of this City, and to no other purpose whatsoever, except as herein otherwise provided. The trustees may temporarily invest any portion of the Sinking Fund in so-called special improvement bonds of the City, but only that portion of the Sinking Fund collected from the tax roll for any special improvement, together with the income thereon while in the Sinking Fund, shall be applied to the payment of the

bonds for that improvement. A separate account shall be kept of the funds and income thereon for each improvement.

217. **Meetings—Quorum—Vote—Records—Presiding Officer.** Sec. 4. The Trustees of the Sinking Fund shall meet at such times as they may determine for the transaction of business and may adopt rules of procedure for their meetings. A majority of all the trustees shall be a quorum for the transaction of business. They shall not purchase or pay the outstanding debts of the City, or invest any of the moneys belonging to the Sinking Fund, except under a resolution approved by not less than five trustees, with the yea and nay vote thereon entered on the record at a regular meeting or at a special meeting called for that purpose. The Mayor, or in his absence, some member to be designated by those present, shall preside at the meetings of the trustees. The City Clerk shall be the clerk of the Trustees of the Sinking Fund, and it shall be his duty to keep and preserve on file in his office a true record of all meetings of said Trustees.

218. **City Treasurer Custodian—Moneys Paid Only by Order of Trustees.** Sec. 5. The City Treasurer shall have the custody of all moneys, securities and evidences of debt belonging or appertaining to the Sinking Fund. He shall pay out the moneys of said fund only by order of the Trustees of the Sinking Fund on a vote of not less than five of the Trustees, and upon the warrant of the City Comptroller, countersigned by the Mayor and City Clerk. The official bond of the City Treasurer shall cover any and all funds in his hands or custody belonging to the Sinking Fund.

When not invested the money constituting the Sinking Fund shall be kept in a depository approved by the Trustees, to be withdrawn only upon checks signed by the City Comptroller and countersigned by the Mayor and City Clerk.

219. **Reports—Estimate for Budget.** Sec. 6. The Trustees of the Sinking Fund shall make such reports as shall be required by the City Commission. Said Trustees shall recommend to the City Commission on or before April first in each year the sum of money that in their judgment should be placed in the next annual budget and raised by direct taxation for the benefit of the Sinking Fund.

220. **Bond of Depository.** Sec. 7. The Trustees of the Sinking Fund shall require proper and sufficient bonds from the person or institution in whose actual custody any of the money or property under its control may be.

221. **Tax for the Sinking Fund.** Sec. 8. At least one-fifth of a mill on a dollar upon the assessed valuation of the real and personal property in the City and as much more as may be necessary to provide funds to meet outstanding bonds at maturity, shall be placed annually in the Sinking Fund, to be applied exclusively to the payment of the principal of the bonds of the City other than water, school, sewer and street improvement bonds.

222. **Premiums and Interest to Sinking Fund.** Sec. 9. Whenever the City shall sell any of its bonds for more than the par value thereof, all of the premiums or amounts received in excess of the face value of the bonds so sold, not including interest accrued on such bonds that may be paid by the purchaser, shall be credited and belong to the Sinking Fund. All of the interest paid to the City by the city depository or other depositories, or on account of any securities purchased for the Sinking Fund, shall be credited and belong to the Sinking Fund.

223. **Payment of Water Bonds and Interest Thereon.** Sec. 10. The trustees of the sinking fund shall annually and at the time of the preparation of the City's budget, submit to the City Manager an estimate of the amount of money that will be required during the current fiscal year to meet the current interest on water bonds issued by the City and outstanding, and for the maintenance of the sinking fund for such bonds, in accordance with the requirements of any statute now in force or hereafter enacted. The amount of such estimates shall be paid to the trustees of the sinking fund from the gross receipts of the Water Department. From the moneys so received, the trustees shall pay at maturity the current interest on the water bonds issued by the City, and the remainder of such moneys shall be kept separate from other funds and invested by the trustees

under the limitations of this Title, and the statute of the State of Michigan, for the purpose of creating a special sinking fund, in accordance with the State law. The moneys of such funds shall be applied to the payment, so far as possible, of the principal of the so-called water bonds of the City.
(4-6-31)

224. **Sinking Fund for Payment of School Bonds.** Sec. 11. There shall be placed in the annual budget of the Board of Education of the City an amount sufficient to pay the interest upon the school bonds, and such amount for each year as may be recommended by the Board of Education on approval of the City Commission, or as may be determined by the City Commission to be necessary, to be paid to the Trustees of the Sinking Fund for the creation of a sinking fund to be applied to the payment of the principal of the bonded indebtedness of the Board of Education as the same matures.

225. **Cemetery Bonds.** Sec. 12. There shall be paid to the Trustees of the Sinking Fund fifteen per cent of the gross receipts of the cemeteries of the city, other than the receipts for the perpetual care of lots in such cemeteries, and such further and other sums as may be determined from time to time by a majority vote of the City Commission, which moneys shall be invested by the Trustees of the Sinking Fund under the provisions of this Charter. From the fund so accumulated there may be taken and paid to the City an amount sufficient to pay the principal and interest of any moneys advanced by the City for the purchase or improvement of any cemetery or cemeteries. The interest on all such sums shall be expended for cemetery purposes or added to such funds, in the discretion of the City Commission. Such funds, both principal and interest, may be used in the discretion of the City Commission, for the improvement of existing cemeteries, the meeting of any accrued deficit by reason thereof, or, when needed, for the purpose of purchasing additional cemetery or cemeteries. A separate account shall be kept of moneys paid into the Sinking Fund for the perpetual care of cemetery lots and of the income therefrom. A separate account shall be kept of each trust fund under control of the Trustees.
(11-8-38)

226. **Investment of Other Funds.** Sec. 13. The Trustees of the Sinking Fund shall invest such other funds as shall be entrusted to them from time to time by the City Commission and such funds shall in all respects be subject to the provisions of this Charter.

227. **Expenses of Trustees.** Sec. 14. The necessary expenses of the Trustees of the Sinking Fund, incurred in performing any of the duties imposed upon them by this title, shall be a proper charge against and be paid by the City.

228. **Rules.** Sec. 15. The Trustees of the Sinking Fund may adopt rules not in conflict with this Charter, and are hereby authorized, for the purpose of enforcing the collection of any bonds or securities taken by them, to bring suit in the name of the City of Grand Rapids in any court of competent jurisdiction. The City Attorney shall act for the Trustees.

TITLE XIII. BOARD OF LIBRARY COMMISSIONERS

229. **Sec. 1.** Library Commissioners shall be elected as provided for by law and this Charter for a term of six years and until each Commissioner's successor is elected and qualified. Notice of the election shall be given as provided for by law.
(9-10-91)

230. **Sec. 2.** The Board of Library Commissioners of the City of Grand Rapids shall be composed of seven elected members. The Board shall have the entire management and control of the Public Library of the City and of all property and assets belonging thereto devoted to or intended for library purposes.
(9-10-91)

231. **Sec. 3.** The election of members of the Board of Library Commissioners shall be at the odd year general election except as otherwise provided for in Title III, Section 15 of this Charter. The result of the vote shall be canvassed and declared in the same manner as in the case of other City Officers.
(9-10-91)

232. **Sec. 4.** Any qualified elector meeting the eligibility requirements for elective City office set out in Title II, Section 4 of this Charter shall be eligible for election as a Library Commissioner. Nominations shall be in the same manner as nomination for other City offices and nominating petitions shall be as provided for in Title III, Section 5 of this Charter.
(9-10-91)

233. **Sec. 5.** In case of the death, resignation or removal from the City of any commissioner, his position shall become vacant and the vacancy shall be filled by election by the remainder of the board for a term continuing for the remainder of the unexpired term and until his successor is elected and qualifies; Provided, That if a regular non-partisan primary election occurs in the interim, 12 months or more after the happening of the vacancy, an officer shall be elected to fill the unexpired term.
(7-25-61)

234. **Serve without Compensation—Organization—City Treasurer Custodian.** Sec. 6. No member of the board shall receive any compensation for his services in connection therewith. Annually on the first Monday after their election the board shall organize by electing one of its members president and one of it members secretary. The City Treasurer shall be the custodian of the funds of the Library Commission and all bills incurred by it shall be allowed by the board and certified to the City Comptroller to be audited and paid from the Library Fund.

235. **Librarian—Employment—Salaries.** Sec. 7. The board may employ in its management of the library, a librarian, and such assistants, janitors and other employes as it may determine, and fix their salaries. It may purchase such books, charts, maps, and apparatus for the use of the library as it may find necessary, and may do everything necessary to maintain the library, building and grounds and increase its usefulness. For these purposes it may establish, amend or repeal rules and regulations in any manner not inconsistent with this title.

236. **Fines and Penalties to go to Library.** Sec. 8. All fines and penalties which by law are devoted to library purposes and paid to the Board of Education, shall hereafter be paid into the City Treasury for the purposes of the board created by this title.

237. **Gifts to Board for Library.** Sec. 9. The Board of Library Commissioners is hereby authorized to receive gifts, devises or bequests of real or personal estate, as trustees for the Board of Education, for the library or any matters connected therewith, and the board is hereby authorized to carry out in connection with any such gifts any trust or trust conditions that may be attached thereto in like manner as any other trustee. All gifts, devises or bequests for the benefit of the library, shall be subject to the same control and management by the Board of Library Commissioners as the original library committed to its care: Provided, that trust funds shall be paid to and invested by the Trustees of the Sinking Fund.

238. **Funds for Support of Library.** Sec. 10. There shall be placed in the budget annually for the maintenance and running expenses of the library, two-fifths of a mill of the assessed value of the property of the City, and such further sum as may be determined by the City Commission in making up its budget from year to year. The City Commission may provide from time to time such temporary funds for the purposes of the Board as it deems necessary.

239. **Report to City Commission.** Sec. 11. Annually the Board shall present to the City Commission its report containing a full detailed statement of all monies received and expended and such facts and recommendations regarding the library as the Board shall deem proper.

240. **Enforcement of Rights.** Sec. 12. Whenever necessary for the enforcement of the powers, rights and privileges conferred upon the Board, or for the protection of the property placed in its charge, the Board may, in the name of the City of Grand Rapids, institute in any court of competent jurisdiction, an action at law or in equity. In all suits in behalf of the Board it shall be represented by the City Attorney.

240.1 **Sec. 13.** The five elected Library Commissioner positions heretofore created by this Charter are continued. The ex-officio position of

the Superintendent of Schools as a Library Commissioner is terminated. There are two additional Library Commissioner positions created by the amendment adopted September 10, 1991. The Library Commissioners elected to the two new terms created in 1991 shall serve an initial term of four years ending in 1995. Thereafter, the persons holding the newly created offices shall be elected for a term of six years as provided for in this Charter. Notwithstanding any other provision of this Charter, persons may be nominated for but no person shall be elected to either of the newly-created Library Commissioner positions at the September 10, 1991 odd-year primary election.
(9-10-91)

TITLE XIV. BOARD OF ART AND MUSEUM COMMISSIONERS

241. **Members—How Appointed—Term of.** Sec. 1. There shall be a Board of Art and Museum Commissioners whose number, appointments and terms shall be fixed by ordinance.
(4-5-65)

242. **Control of Property.** Sec. 2. The Board shall have the custody, management and control of the Museum heretofore under the control of the Library Commission and of all property and assets belonging thereto, or intended to be used therewith, both real and personal, and of all property belonging to the City or Board of Education, intended for art or an art collection, museum or other similar purposes, and of all property which shall hereafter be purchased, donated, loaned to or otherwise secured by the City or the Board of Education, intended for and suitable for use in connection with said museum or art collection.

243. **Serve without Compensation—Organization—City Treasurer Custodian.** Sec. 3. No member of the Board shall receive any compensation for his or her services in connection therewith. Annually the Board shall organize by electing one of its members President and one of its members Secretary. The City Treasurer shall be custodian of the funds of the Board and all bills incurred by it shall be allowed by the Board and certified to the City Comptroller to be audited.

244. **Employes.** Sec. 4. It shall be the duty of the Board to appoint and employ such employes as the economical and efficient service of this department shall require and to prescribe and fix their duties and compensation.

245. **Gifts to Board.** Sec. 5. The legal title to all property obtained in the future both real and personal, intended for and suitable for use in connection with an art collection or museum and from whatsoever source the same may be obtained, shall be in the City of Grand Rapids, but the Board shall have the custody, management and control of all such property as trustee for the City: Provided, that no gift, device or real estate shall be accepted without the approval of the City Commission: Provided further, that trust funds shall be paid to and invested by the Trustees of the Sinking Fund.

246. **Funds for Support.** Sec. 6. There may be placed in the budget annually a sufficient sum to defray the expense of maintaining and conducting the art collection and museum and the same may be annually appropriated by the City Commission.

247. **Enforcement of Rights.** Sec. 7. If at any time it shall become necessary to institute proceedings in any court to enforce the rights, powers and privileges of the Board, or to protect the property placed in its charge, it may cause suit therefor to be brought and prosecuted in the name of the City of Grand Rapids, or the Board of Education of the City, or in such other name as may be necessary or appropriate. The Board shall also have the power to defend any suit involving the custody, right or title to any property of which it may be trustee, or of which it has the management and control. The City Attorney shall act for the Board.

248. **Establishment and Maintenance of a Furniture Museum.** Sec. 8. The City Commission may provide by ordinance for the establishment and maintenance of a furniture museum separate from the regular museum now established, and for the creating of a governing body for the same to be known as 'The Board of Furniture Museum Commissioners,' consisting of five commissioners, and the City Commission may annually appropriate such sums as it may see fit to

appropriate. The appointment, compensation and term of office of the Commissioners and the organization of the Board shall be determined as is provided in Section 1 and 3 of this Title.
(9-15-36)

249. **Legal Title To All Property.** Sec. 9. The legal title to all property now owned or to be obtained in the future, both real and personal intended for the Furniture Museum, shall be held in the name of The City of Grand Rapids, but if and when The Board of Furniture Museum Commissioners is organized and maintained, such Board shall appoint the necessary employees, prescribe their duties and fix their compensation; have the custody, management and control of the property of the said museum, as trustee for the City; shall enforce the rights, powers and privileges of the Board to protect the property placed in its charge, and cause suits therefore to be brought in the name of The City of Grand Rapids or in any other name, as may be necessary or appropriate. Provided, that no gift or devise of property shall be accepted without the approval of the City Commission, and provided, further, that the City Treasurer shall be custodian of the funds of the Board, and all bills incurred by it shall be allowed by the Board, and certified to the City Comptroller to be audited. Provided, further, that the trust funds shall be paid to and invested by the trustees of the sinking fund.
(9-15-36)

TITLE XV. HOUSE OF CORRECTION AND WORK FARM

250. **May Establish.** Sec. 1. The City Commission, subject to the provisions of Section 4 of this title, may by ordinance provide for the establishment and maintenance by the City of a house of correction and work farm.

251. **Competition in Open Market Prohibited.** Sec. 2. It shall be illegal for said institution to sell any manufactured products made by its inmates, in the open market, in direct competition with free labor.

252. **How Governed and Maintained.** Sec. 3. Said institution when established shall conform to the general state law and be governed, conducted and maintained in the manner therein provided. The City Commission shall have such authority over the institution and over the appointment of the officers and employes thereto as is or shall be vested in it by Act 278 of Public Acts of 1911, or any amendment thereof. The appointments shall be made from persons certified by the Civil Service Commission as eligible under its rules.

253. **Referendum.** Sec. 4. The question whether such institution shall be provided for and maintained by the City and of raising the necessary funds for installation, shall first be submitted to and approved by three-fifths of the qualified electors of the City voting thereon, and upon such propositions women taxpayers having the qualifications of male electors shall be entitled to vote.

TITLE XVI. LIQUOR TRAFFIC

254. **Powers of City Commission.** Sec. 1. The City Commission shall have all the powers and authority vested in the common council of a village or city under the liquor laws of the State of Michigan, and shall have power to license, regulate and restrain all places where intoxicating, spirituous, vinous, malt, brewed or fermented liquors are sold either at retail or wholesale.

255. **City Commission to Prescribe Districts—Vote to Change.** Sec. 2. The City Commission shall fix and prescribe by ordinance from time to time, the district within which saloons and bars where such liquors sold at retail or given away, may be located; and no such district, after it has once been fixed, shall be extended except by a five-sevenths vote of the entire City Commission.

256. **License Fee.** Sec. 3. The City Commission shall fix by ordinance the city license fee that shall be charged and paid annually for the privilege of manufacture, sale or other disposition of any such liquors.

257. **Granting of License to Person Already Licensed.** Sec. 4. (a). All licenses for the sale of any such liquors, at retail or wholesale, shall be granted by the City Commission. In all cases where the applicant is already licensed to

conduct a liquor business in the City at retail or wholesale, and has been engaged for a year or more immediately preceding the filing of his application for license, and such applicant has not been found guilty of any violation of the liquor laws of this state or the liquor ordinances of this City, on filing his application for such license in the manner prescribed by the laws of this State, the City Commission shall grant the license prayed for.

Procedure for Persons Not Already Licensed. (b). Whenever a license is applied for by a person who has not been engaged in or licensed to conduct a liquor business in the City for a year or more immediately preceding the filing of his application, his application shall first be filed with the Department of Public Safety and be investigated by the Director of said Department and the Superintendent of Police, and be by them transmitted to the City Commission with their recommendation endorsed thereon. In case their recommendation be adverse to granting said license, such license shall not be granted except by a vote of five of the Commissioners elected, not including the Mayor. If the recommendation be favorable, the license may be granted by a majority vote of the City Commission.

258. **Continuation of License in Case of Death.** Sec. 5. In the event of the death of a licensee during the life of his license, the special or general administrator of his estate or executor of his will shall have the right to continue the deceased licensee's business under his license for the remainder of the license year. The representative of the estate of a deceased licensee may sell the license to any purchaser; but before the purchaser shall be permitted to do business as a liquor dealer thereunder, he shall file his application for such authority and comply with all the requirements prescribed by law in like manner as an original applicant for a license.

259. **To Whom License May Be Sold.** Sec. 6. The holder of any liquor license shall have the right to sell the same during the life thereof to any person but the purchaser shall first file his petition with the proper authorities and comply with all the requirements prescribed by law, in like manner as an original applicant.

260. **Transfer of License.** Sec. 7. If during the life of his license, a dealer in any such liquors either at retail or wholesale, is obliged to move from the building in which his license has been granted and if such dealer can obtain a building elsewhere within the district fixed by the City Commission in which liquors may be sold, he shall be permitted to transfer his license to such building in the event that the City Commission determines that such place is not an improper one for the conducting of such liquor business.

261. **Laws to be Complied with before Granting of License.** Sec. 8. No license shall be granted to any person for the manufacture, sale or disposition of any such liquors until he shall have first complied with the State law and all City ordinances nor until he shall have filed his bond and paid the State tax and all license fees as provided by law and said ordinances. The license shall fix the location of such business.

262. **Number of Licenses to be Granted.** Sec. 9. Until the result of the Federal census of 1920 is published the City Commission shall have power to grant not more than one hundred sixty licenses to retail dealers of any such liquors, and after that time not more than one such license shall be granted for each eight hundred of the population of the City, as shall appear to have resided within the limits thereof at the time of said census.

263.**Sale of Liquor by Druggists.** Sec. 10. Druggists who furnish liquors for medicinal, mechanical, scientific or sacramental purposes only and in strict compliance with the law, shall not come within the provisions of the foregoing sections relating to saloons.

TITLE XVII. CEMETERIES

264. **Powers and Duties of City Commission.** Sec. 1. The City Commission is hereby given power to purchase or acquire by deed, gift, condemnation or otherwise, property for cemetery purposes, either within or without the City limits, and to assign names to such cemeteries as it may acquire: Provided, that the right of condemnation shall not apply to existing cemeteries.

265. **Gifts in Trust for Cemetery Use.** Sec. 2. The City Commission is hereby authorized to accept from any person, firm, corporation or association, any conveyance, gifts, bequests or devise in trust, of any cemetery burial lots, monuments, vaults, tombs or graves, and any gift, bequest or devise in trust, for maintaining, repairing, beautifying or improving the same.

266. **Care of Cemetery Trust Funds.** Sec. 3. All funds held in trust for the uses or purposes in the preceding paragraph, shall pass to and be held by the Trustees of the Sinking Fund, and each trust fund shall be kept separate and apart from all other funds and shall be invested by the Trustees of the Sinking Fund. Any portion of the income of a trust so entered upon by the City may be expended as in the trust provided, and shall be accounted for accordingly.

267. **Survey of Cemeteries—Price of Lots.** Sec. 4. The City Commission shall cause to be made surveys and maps of all new cemeteries and shall regulate the sale and fix the prices of lots or graves, and shall fix the prices for interments, care and all other services incident to the use of all cemeteries. The City Commission shall assign and set apart suitable plats of ground for the burial of the deceased poor, and shall creditably care for and beautify the same, and cause interments of the deceased poor to be made therein. The cost of the care of such plats and the interments made therein shall be paid out of the poor fund of the City. The City Commission shall provide a plat of ground and care for the same wherein single interment permits shall be sold at a price of not to exceed ten dollars.

268. **Perpetual Care.** Sec. 5. The City Commission shall provide a plan whereby upon a payment of a certain sum, perpetual care will be given to any cemetery property. Moneys received for such perpetual care shall be placed in separate accounts in the custody of the Trustees of the Sinking Fund and shall be invested by them. The income only therefrom shall be used for the care of the lots or graves for which such moneys have been received, and the City Commission shall see that the trust thus imposed is carried out.

269. **Moneys Received from Cemeteries.** Sec. 6. All money received from any of the cemeteries from any source shall be first paid to the City Treasurer. Such money, or such portion thereof as the City Commission shall determine, not less than fifteen per cent, in addition to the perpetual care money provided for in Section 5, shall be paid to and be invested by the Trustees of the Sinking Fund. A separate account shall be kept of the receipts from each cemetery and the income from such funds in the hands of the Trustees of the Sinking Fund, and such portion of the general receipts of such cemetery as the City Commission may deem necessary, may be expended for the maintenance of the cemetery from which such receipts came. From the surplus funds of any cemetery there shall be paid to the City a sufficient amount to repay the principal or parts thereof with interest thereon of any moneys theretofore advanced by the City from other funds for the purchase or improvement of that cemetery.

270. **Loans for Maintenance of Cemeteries.** Sec. 7. The City Commission shall, from time to time, advance such funds as it may deem necessary to purchase additional cemetery property and to maintain any cemetery belonging to the City. Such advances shall be charged against the cemetery for which it is expended.

TITLE XVIII. MISCELLANEOUS PROVISIONS

271. **Attendance of Witnesses and Production of Books, etc.** Sec. 1. The City Commission shall have the power to compel by subpoena the attendance of witnesses and the production of books, papers and data in any proceeding or hearing pending before it. The form of the subpoena shall be prepared by the City Attorney. The City Commission shall provide by ordinance for the punishment of any person who willfully fails or refuses to obey the command of the subpoena after the same has been personally served. Such subpoena may be served by any person of lawful age. Any witness shall be entitled to receive the same fees for attendance as witnesses in the Superior Court of Grand Rapids, to be paid from the contingent fund of the City.

272. **Interest of Officials in Contracts with City Prohibited.** Sec. 2. No officer or employee of the City shall have a personal interest, direct or indirect, in any contract with the City, or be personally interested, directly or indirectly, in the sale to the City of any supplies, material, service or land, except on behalf of the City as an officer or employe. Any willful violation of this section shall constitute malfeasance in office, and any officer or employe found guilty thereof shall thereby forfeit his office and may be otherwise punished as may be prescribed by ordinance. Any such contract shall be voidable at the option of the City.

273. **Official who Resigns not to Bid on Improvements.** Sec. 3. No official or employe of the City who resigns shall be permitted thereafter to bid upon improvements, construction or other work, the ordering of which or the plans and specifications for which such employe or official has had a part in making. Punishment for such conduct shall be prescribed by ordinance.

274. **Officials Not to Accept Favor.** Sec. 4. Any official or employe of the City who uses his official position or employment directly or indirectly to procure for himself or for another or who accepts for himself or for another, favors, advantages, money, passes, privileges or anything whatever of value other than his regular compensation and expenses, upon terms more favorable than are granted to the public generally, shall upon conviction thereof, be deemed to be guilty of misfeasance in office and shall thereby forfeit his office or employment with the City.

275. **Punishment for Violation of Charter.** Sec. 5. Any person, official or employe upon conviction in a proper court of a violation of any of the terms of this Charter shall be deemed to be guilty of a misdemeanor and shall be punished by imprisonment in the county jail for not to exceed three months or by a fine of not to exceed five hundred dollars, or by both in the discretion of the court.

276. **Provisions Cumulative and not to Supersede State Law.** Sec. 6. All prohibited practices herein shall be construed to be cumulative to the laws of the state, and shall in no case be held to supersede or displace any of the requirements of the state laws.

277. **Annual Reports—Budget.** Sec. 7. The City Manager and every other official, commission, board, or department, shall render annually on the last Tuesday of April, and oftener when required by resolution of the City Commission and in accordance with such resolution, their whole and complete written report of the business of such office, commission, board or department, or any division thereof, covering the period of the fiscal year and the doings of the several subordinates. They shall make such comments and recommendations for the improvement and needs of the work of the office, commission, board or department, as they may deem expedient or necessary. The annual report shall show the amount of money received and expended, the balance on hand, contain an estimate of the probable income for the ensuing year, and a recommendation as to what sum of money in their judgment should be placed in the next annual budget to be raised by direct taxation or in any other manner. Such reports shall be public and be printed and published as the City Commission may direct.

278. **Contracts Limited—Executed in Triplicate.** Sec. 8. All contracts executed by the City shall be in triplicate, one copy thereof to be filed with the City Comptroller and one with the City Clerk.

Except as otherwise provided in this charter, or by law, no contract shall be entered into by the City for a period exceeding three (3) years; provided, however, that said time limitation shall not apply to contracts with other municipal corporations, public corporations, governmental agencies or public authorities or districts, or to contracts for the purchase or sale of real estate or the lease to or from the City thereof. Contracts not subject to the three (3) year limitation shall not be in perpetuity, but shall either be revocable at will of the City, or shall be for a definite term to be stated therein not to exceed forty (40) years; provided, however, that all contracts for the lease of real estate may be for a term not to exceed ninety-nine (99) years. All contracts shall be subject to such limitations as may be provided from time to time by the laws of this state.
(2-18-57; 11-8-60)

279. **Delivery to Successor.** Sec. 9. Whenever any officer shall resign or be removed from office or the term for which he shall have been elected or appointed shall expire, he shall, on demand, deliver to his successor in office or to the City Commission, all books, papers, moneys, and effects in his custody as such officer, or appertaining to his office. Every person violating this provision shall be deemed guilty of a misdemeanor and punished as the City Commission shall by ordinance provide.

280. **Liability of Contractor for Negligence—Subrogation of City.** Sec. 10. If any contractor shall fail to maintain sufficient fence or protection guards to prevent damage or injury to persons or property, or shall be guilty of other negligence in doing work under contract, and injury to persons or property shall occur by reason of such default or negligence, such contractor and his bondsmen shall be liable to the person injured in person or property, for the damage sustained, to be recovered with costs in the proper form of action in any court of competent jurisdiction. If any judgment be recovered against the City as defendant in any suit based upon such default or negligence, the City shall be subrogated to the rights of the plaintiff against such contractor or his bondsmen.

281. **Powers Reserved to City Regarding Fulfillment of Contract.** Sec. 11. Every contract to which the City is a party shall reserve to the City the right to determine finally all questions as to the proper performance of such contract, or any unfinished portion thereof, and in case of the improper, dilatory or imperfect performance thereof to suspend the work at any time and to order the partial or entire reconstruction of the same, and whenever from unreasonable delay in the work or for other just cause it shall declare such contract forfeited to relet the work covered by such contract or any unfinished portion thereof. Power is hereby given the City to determine all such questions arising under any such contract according to the true intent and meaning thereof. Every contract shall also reserve to the City the right, when it shall become satisfied that the work provided for in any contract will not be completed within the time limited, to furnish additional labor and material if necessary, and render such assistance as it may deem advisable for the completion of such contract. The cost and expense thereof shall be charged to the contractor and retained by the City out of the contract price.

282. **Expense of Apprehending Criminals.** Sec. 12. The expenses of apprehending, examining, committing and confining offenders against the laws of this state in the City shall be audited and paid by the supervisors of the County of Kent, in the same manner as if such expenses had been incurred in any township of the County.

283. **Suits to Recover Fines, etc. Residents not Disqualified as Jurors, etc.** Sec. 13. (a). All suits which shall be commenced to recover any fine, penalty, or forfeiture for the violation of any ordinance or regulation of the City, or of any of the provisions of this Charter, shall be brought in the name of the City of Grand Rapids in any court having jurisdiction thereof.

(b). No person who is an inhabitant of the City, and who has the other requisite qualifications therefor, and is not especially exempt therefrom, shall be disqualified from acting as a judge, justice or a juror in the trial or other proceedings in any suit brought to recover any such fine, penalty or forfeiture, nor from serving any process or summoning a jury in such suit, nor from acting in any capacity in any proceeding before or during the trial thereof, or in any proceeding after judgment therein taken to carry such judgment into effect; nor shall any such person be disqualified from being a witness on the trial of any issue or upon the taking of any inquisition or assessment, or any investigation of facts to which issue, inquest or investigation in any suit as aforesaid, the City or any City or ward officer is a party, or in which the City or such officer is interested.

(c). The provisions of this section shall apply to all suits of whatever nature, civil or criminal, brought for or in the name of the City.

284. **Pleadings in Certain Cases.** Sec. 14. In suits commenced before any justice of the peace or in any other court for the recovery of any fine, penalty or forfeiture for violation of any provisions of the statutes of this state or any provisions of this Charter, or of any ordinance or regulation of the City, it shall not be necessary to file any

declaration therein or to recite, or to name any plea in any writ or process, but the plea of the defendant shall be the same as in criminal cases and shall be to the complaint filed in such suit. If upon the trial of any such suit the defendant is acquitted, the judgment entered shall show that fact, and if convicted it shall show the judgment for the fine, penalty or forfeiture for which suit was brought, and costs therein, and the term of imprisonment, if any, in case of nonpayment thereof.

285. **Fines—Costs and Imprisonment—Executions for.** Sec. 15. Every execution for any fine, penalty or forfeiture recovered for the violation of any of the provisions of the statutes of this state, or of this Charter, or of any by-law, ordinance or regulation of the City Commission, may be issued immediately on the rendition of the judgment and shall command the amount thereof to be made of the property of the defendant, if any such can be found, and if not, then to commit the defendant to the Kent County Jail for such time as shall be fixed therein by the court from which such execution was issued. It shall be lawful for the officer receiving such execution to take the body of such defendant therein, unless such defendant shall point out or deliver to such officer sufficient goods and chattels belonging to such defendant, liable to execution and free from encumbrances to satisfy the same. The keeper of said Kent County Jail shall receive the said defendant and keep him safely therein during the time mentioned in said writ unless he shall sooner pay the amount specified in such execution and cost of his detention.

286. **Notice Served in Suits.** Sec. 16. (a). In all suits brought against the City of Grand Rapids process shall be served upon either the Mayor, the City Clerk, or the City Attorney and all notices required by law to be served upon the City shall be served upon one of said officials.

Payment of Judgments and Costs by City. (b). No execution shall issue against the City for any judgment or costs recovered against it, but the City Commission shall allow and pay the amount of any final judgment or costs which may be recovered against the City in the same manner as accounts are audited and paid by the City.

287. **City not Required to File Bond.** Sec. 17. The City shall not be required to give a bond in any suit or proceeding in court or on appeal from any judgment or final order thereof.

288. **Public Records as Evidence.** Sec. 18. All papers, books or other records of any matter required by the general statutes of this State, or any of the provisions of this Charter, or by the provisions of any ordinance or regulation of the City, to be kept in any of the several departments of the municipal government of the City shall be deemed public records of such department, and the same or copies duly certified by the custodian thereof shall be prima facie evidence of their contents in all suits at law or in equity or in other proceedings.

289. **Police Court to Enforce Rules and Regulations.** Sec. 19. The Police Court of the City of Grand Rapids shall have jurisdiction for the enforcement of all the legal provisions of this Charter, and of all ordinances in pursuance thereof, including those relating to cemeteries and property owned by the City whether the same be within or without the City limits, and to that end the City Commission may adopt ordinances and regulations in relation to such enforcement, and may provide for the imposition of penalties or imprisonment, or both, for any violation thereof.

290. **Fiscal Year.** Sec. 20. Commencing with the year 1941, the fiscal year of the City shall begin upon the first day of July and shall end with the last day of June in each year.

(a). For the period from April 1st to June 30, 1941, a special supplemental budget shall be adopted, following the general procedure provided for in the City Charter for the adoption of the annual budget.
(4-1-40)

291. **All Fines, Costs, etc., to Belong to City.** Sec. 21. All fees, costs, charges or income of whatever nature collected by any officer, agent or employe of the City by virtue of his office or employment shall belong to the City, and shall be paid into the City Treasury daily and placed in the proper fund unless otherwise expressly provided.

292. **Restrictions of Marijuana.**

(a) No person shall possess, control, use, or give away marijuana or cannabis, which is defined as all parts of the plant cannabis sativa l., whether growing or not; its seeds or resin; and every compound, manufacture, salt, derivative, mixture, or preparation of the above, unless such possession, control, or use is pursuant to a license or prescription as provided in Public Act 196 of 1971, as amended. This definition does not include the mature stalks of the plant, fiber produced from the stalks, oil or cake made from the seeds of the plant, any other compounds, manufacture, sale, derivative, mixture or preparation of the mature stalks, except the resin extracted therefrom, fiber, oil or cake, or the sterilized seed of the plant which is incapable of germination.

(b) Violations of this section shall be civil infractions. Persons convicted of violating this section shall be fined $25.00 for the first offense, $50.00 for the second offense, $100.00 for the third or subsequent offense and no incarceration, probation, nor any other punitive or rehabilitative measure shall be imposed. Fines and all other costs shall be waived upon proof that the defendant is recommended by a physician, practitioner or other qualified health professional to use or provide the marijuana or cannabis for medical treatment. The court may waive all or part of the fine upon proof that the defendant attended a substance abuse program. It is an affirmative defense to a prosecution under this section that the use or intended use of the marijuana or cannabis relieves, or has the potential to relieve, the pain, disability, discomfort or other adverse symptoms of illness or medical treatment, or restores, maintains or improves, or has the potential to restore, maintain or improve, the health or medical quality of life of the user or intended user or users of the marijuana or cannabis. Requirements of this subsection shall not be construed to exclude the assertion of other defenses.

(c) In all arrests and prosecutions for violations of this section, appearance tickets and the relevant procedures set forth in Michigan Public Act 147 of 1968, as amended, shall be used.

(d) No Grand Rapids police officer, or his or her agent, shall complain of the possession, control, use, or giving away of marijuana or cannabis to any other authority except the Grand Rapids City Attorney; and the City Attorney shall not refer any said complaint to any other authority for prosecution.

(e) No Grand Rapids police officer, or his or her agent, shall complain and the City Attorney shall not refer for prosecution any complaint, of the possession, control, use, giving away, or cultivation of marijuana or cannabis upon proof that the defendant is recommended by a physician, practitioner or other qualified health professional to use or provide the marijuana or cannabis for medical treatment.

(f) Should the State of Michigan enact lesser penalties than that set forth in subsection (b) above, or entirely repeal penalties for the possession, control, use, or giving away of marijuana or cannabis, then this section, or the relevant portions thereof, shall be null and void.
(11-6-12)

Editor's note—Amendment of May 4, 2010, repealed § 292 which pertained to eight hours to constitute a day's work. See the Charter Comparative Table.

293. **Police and Fire Pensions.** Sec. 23. (a). The City Commission of the City of Grand Rapids shall have and is hereby given authority to provide by ordinance for pensioning persons injured by violence, accident or exposure while employed by the City in extra-hazardous employment, when such injuries arise out of or in the course of such employment; also for the dependents of persons killed while so employed and for persons who have been in such employment of the City and shall have reached the age of fifty-five years or more and shall have elected to come under and have qualified for such pension in accordance with the provisions of an ordinance adopted in conformity with the provisions herein contained.

(b). Any person eligible to a pension as authorized herein, who shall also be eligible to Workmen's Compensation or to make claim by way of damages against any person, firm or corporation responsible for the injury, and shall seek by suit or claim such other remedy, such remedy so selected shall be exclusive of any claim for pension; and in

case of acceptance of pension, the City shall be subrogated to all rights of the employee against the party causing the injury and responsible therefor.

(c). The maximum pension for the period of total disability or for dependents upon the death of the breadwinner when death or injury occur by reason of the extra-hazardous employment, shall be one hundred ($100.00) dollars per month, and the minimum shall be fifty ($50.00) dollars per month.

(d). In case of partial disability while in extra-hazardous employment of the City, such employee shall receive, subject to the foregoing provisions, his regular salary for a period of ninety (90) days, and then reduce to half-salary; in addition, reasonable physician's bill during continuance of such disability or until such person is given a disability pension from the service. No person shall receive a disability pension whose incapacity is caused by his own dissipation or immoral conduct.

(e). In case of death by violence, accident or exposure, the City Commission shall designate the dependents to whom the pension shall be paid and such pension shall be paid to the widow only during widowhood, and to the children only until sixteen years of age.

(f). The City Commission shall also have and it is hereby given the power and authority to provide by ordinance for a retiral and pension system for persons employed by the City in extra-hazardous employment when such injury or retirement does not arise out of or in the course of such employment; and to set up a proper Board for the administration thereof, which shall include employee representation and shall further provide for all necessary rules and regulations in regard thereto, including classification, contributions required to qualify, eligible age of retirement, length of service required, conditions under which such benefits shall cease, regulations determining benefits in whole or in part and all matters and things pertaining thereto or required thereby; and said commission shall also have authority to appropriate public funds in support of such pensions and benefits in addition to amounts received from employees, and accept gifts, endowments or legacies for the benefit of such fund.

(g). The pension board set up under authority of Section 25, Title XVIII of this Charter to handle and control pension matters in connection with employees other than those engaged in extra-hazardous service, as presently formed or hereafter amplified, shall have authority to and shall administer the pension and retirement funds provided for herein unless and until another board shall be established for such purposes by the City Commission.

(h). Subject to the foregoing provisions, the City Commission shall have plenary powers over all pension matters set up or authorized in connection herewith.
(4-2-45)

294. **Amendment of this Charter.** Sec. 24. This Charter may be amended at any time in the manner provided in the Home Rule Act so-called, the same being Act 279 of Public Acts of 1909 as amended.

295. **City Employees.** Sec. 25. (Other than those provided for in Section 23, Title XVIII.) The City Commission of the City of Grand Rapids shall have and it is hereby given the power and authority to provide by ordinance for and to establish a retirement and/or pension system for employees of the City of Grand Rapids other than those provided for in Section 23, Title XVIII of this Charter, including the employees of the library and museums; such ordinance to set up the proper Board for administration thereof, which shall include employee representation, and shall further provide for all necessary rules and regulations in regard thereto, including classifications, contributions required to establish eligibility, age of retirement, length of service required, conditions under which benefits shall cease, regulations terminating rights to benefits in whole or in part, and all matters and things properly relating thereto or required thereby, and said Commission shall also have authority to appropriate public funds in support of such pension and benefits in addition to amounts received from employees and to accept gifts, legacies and bequests for the benefit of such fund. The authority

granted in this section shall not be construed to in any way change or affect the provisions of Section 23 of this Title or the persons included therein or the benefits thereby provided.
(3-7-38)

TITLE XIX. SCHEDULE

That no inconvenience may arise from the changes hereby made in the Charter of the City, and in order to carry the same into complete operation it is hereby declared that:

296. **Existing Ordinances and Rules Continued in Force.** Sec. 1. The existing ordinances and special laws of the City, the rules and regulations of the Common Council and of all boards of the City, not inconsistent with this Charter, are hereby reenacted and shall continue in force until they expire by limitation or are superseded or repealed by action of the constituted authority: Provided, that the City Commission for a period not greater than sixty days may, by a separate vote upon each, continue in force any such ordinances, rules or regulations inconsistent with this Charter.

297. **City to Remain Vested with Property Right and Liabilities.** Sec. 2. After the adoption of this Charter, the City shall continue to be vested with all property, moneys, contracts, rights, credits, effects, and the records, files, books and papers belonging to it as formerly incorporated. No right or liability, either in favor of or against the City, existing at the time of the taking effect of this Charter, and no suit or prosecution of any character shall in any manner be affected by such change, but the same shall stand or proceed as if no change had been made. All debts and liabilities of the City shall continue to be its debts and liabilities, and all fines and penalties imposed and all taxes and assessments levied and uncollected at the time of such change shall be collected, and all licenses issued by the City shall be and remain the same as if such change had not been made: Provided, that when a different remedy is given in this Charter, or in any ordinance pursuant thereto, which can be made applicable to any rights existing upon the adoption of this Charter or subject thereto, the same shall be deemed cumulative to the remedies before provided, and may be used accordingly, unless the newly provided remedy shall be expressly declared to be exclusive.

298. **Charter—Method of Publishing Before Submission.** Sec. 3. (a). This Charter, before submission to the electors shall, together with such a statement of its provisions as shall be prepared by or under the direction of the Charter Commission, be published in the following manner:

(b). Within thirty days after the filing of a copy of the Charter with the City Clerk, he shall cause it to be indexed and printed, together with such statement of its provisions, in pamphlet form, on unglazed paper, in not less than ten point type, and shall within sixty days mail a copy thereof to every registered voter in the City.

(c). Said statement shall also be published in each of the daily newspapers of the City not more than fifteen days nor less than ten days before the election for the adoption of this Charter.

299. **Officers to Continue in Office.** Sec. 4. All officers now holding any office or appointment shall continue to hold the same, unless removed by competent authority, until superseded under laws now in force or under this Charter.

300. **Election to Adopt Charter—Time and Manner of.** Sec. 5. This Charter shall be submitted for adoption or rejection to a vote of the qualified electors of the City at a special election to be held on August 29th in the year 1916. Notice of such election shall be given in the same manner and for the same length of time as is provided in the existing Charter for special elections, and the votes shall be counted and canvassed and the returns made and the result determined and declared in the same manner, as near as may be, as provided by general law for counting, canvassing and returning of votes, and the determining of the results thereof.

301. **Charter Election—Who Entitled to Vote—Form of Ballot.** Sec. 6. The ballots used at such election shall contain the instructions

required under the general election laws of the state, and the proposition to be submitted shall be in the language:

Shall the revised Charter be adopted? ( ) Yes.

Shall the revised Charter be adopted? ( ) No.

Every person entitled to vote for City Officers under the existing Charter may vote upon said adoption or rejection.

302. **Council and Clerk—Duty of upon Adoption of Charter.** Sec. 7. At the next regular meeting after such election, the Common Council shall canvass the vote and declare the result thereof, and if a majority of the electors voting thereon shall have voted in favor of the adoption of the Charter, the Common Council, by a resolution entered upon its records, shall declare such result and that a majority of the electors voting thereon voted in favor of the adoption of such Charter, and that the same was thereby adopted. The City Clerk shall within thirty days after the adoption of this Charter, certify to four copies of said resolution and to four printed copies of said Charter, and file two copies of each with the Secretary of State and the County Clerk, respectively.

303. **When Charter to take Effect.** Sec. 8. For the purpose of nominating and electing officers and exercising the powers of the City as provided herein, this Charter shall take effect immediately upon compliance with the provisions of Section 7 of this title. For the purpose of establishing departments, divisions and offices and distributing the functions thereof, and for all other purposes, it shall take effect on the first Monday in May, 1917.

304. **First Election Under this Charter.** Sec. 9. (a). At the first general election held under the provisions of this Charter there shall be elected; seven City Commissioners, one of whom shall be elected by the City at large and two from each ward, to be nominated and elected by the City at large, twelve supervisors, four to be nominated and elected from and by each ward, three constables, one to be nominated and elected from and by each ward; also the other city officials whose offices are not by this Charter abolished or abrogated, and whose terms of office expire May 1, 1917.

(b). The Commissioner at large so elected shall hold his office for one year. The Commissioner from each ward who shall receive the highest number of votes at the election shall hold his office for two years; the other commissioner elected from each ward shall hold his office for one year. The two supervisors from each ward receiving the highest number of votes at said election shall hold their offices for two years; the other two supervisors elected from each ward shall hold their offices for one year. After the first election, the term of all such officials shall be two years and all such officials shall hold their offices unless removed by competent authority, until their successors have been elected and qualified.

305. **Offices Superseded to Terminate.** Sec. 10. The Mayor and the three Commissioners whose office expires on the first Monday of May, 1924, shall be elected (under the amendment adopted on April 2, 1923,) at the general City election to be held on the first Monday of April, 1924, and shall take office on the first Monday in May, 1924; the remaining three Commissioners shall be elected under said amendment at the election held on the first Monday in April, 1925, and shall take office on the first Monday of May, 1925.
(4-2-23)

306. **Present Salaries to Continue.** Sec. 11. Unless otherwise herein or by ordinance provided, the salaries or compensation of all City officers shall continue as under the existing Charter and ordinances.

307. **Special Acts—Powers Conferred by—To be Exercised Until Repealed.** Sec. 12. All power and authority conferred upon any municipal officer, department or board under any special act, so long as such act remains in force, shall continue to be exercised by the board, officer or department exercising like duties under this Charter.

308. **City Commission to Pass Ordinances to Make Charter Effective.** Sec. 13. The City Commission shall as soon as possible and not later than one year from the time it assumes its

duties, pass all ordinances and measures necessary to make the several provisions of this Charter effective, and shall provide proper penalties for the violation of the Charter and ordinances. Failure of the City Commission or any member thereof, to do, observe and perform the several requirements of this Charter shall be deemed to be a violation of the terms hereof, and be punishable accordingly.

309. **Repealing Clause.** Sec. 14. The existing Charter, being Act. No. 593, Local Acts of 1905, and all acts amendatory thereto or forming a part thereof, are hereby repealed, except Title XIV of said Act relating to the Board of Education; Title XVIII relating to the Police Court; Title XIX relating to dock and safety lines; Title XX relating to the Superior Court; Title XXI relating to Jury Commissioners; Title XXIV relating to repeal of the Hydraulic Company's charter; Title XXVI relating to Tax Histories and the Acts amendatory to said Titles XIV, XVIII, XIX, XX, XXI, XXIV, and XXVI which are repealed only so far as inconsistent with this Charter, Title XIV of said Act. No. 593 of the Local Acts of 1905, being the title covering the Board of Education, and the acts amendatory thereto, are hereby continued in full force and effect. All other special acts supplementary to the existing Charter of the City are hereby repealed so far as inconsistent with the provisions of this Charter and so far as consistent therewith are hereby continued in force, until the same are superseded by lawful authority exercised under this Charter or otherwise.

Grand Rapids, Mich., October 7, 1949

I hereby certify that the foregoing is a correct and accurate copy of the Charter of the City of Grand Rapids, Michigan, as adopted by a vote of the electors on August 29, 1916; and amended April 1, 1918; April 7, 1919; March 3, 1920; April 4, 1921; March 1, 1922; September 12, 1922; April 2, 1923; November 6, 1923; November 6, 1928; April 1, 1929; April 7, 1930; April 6, 1931; March 7, 1932; November 8, 1932; March 5, 1934; April 2, 1934; November 6, 1934; September 15, 1936; March 7, 1938; November 8, 1938; April 1, 1940; April 2, 1945; and February 21, 1949.

R. STANTON KILPATRICK,
City Clerk.

Chapter 1

ADOPTION, CONTENTS AND INTERPRETATION

Sec. 1.1. Publication and Distribution of Code.
Sec. 1.2. Amendment Procedure.
Sec. 1.3. Publication and Distribution of Amendments.
Sec. 1.4. Contents of Code.
Sec. 1.5. Short Title.
Sec. 1.6. Catch-lines.
Sec. 1.7. Responsibility.
Sec. 1.8. Definitions.
Sec. 1.9. Title of Officer to Include Deputy or Subordinate.
Sec. 1.10. Tense.
Sec. 1.11. Notice.
Sec. 1.12. Insurance and Bonds.
Sec. 1.13. General Penalty.
Sec. 1.14. Severability.
Sec. 1.15. Effective Date.
Secs. 1.16–1.20. Reserved.

Sec. 1.1. Publication and Distribution of Code.

Publication of this codification is hereby ordered. This Code shall be made available to the public for examination at no cost to the office of the City Clerk. The Code shall be available for purchase from the City Clerk at a price to be determined by the Clerk. Each City officer noted below shall receive a City Code and be responsible for its maintenance and up-dating:

Mayor

Each City Commissioner

City Manager

Each Deputy and Assistant City Manager

Each Service Group Director

City Clerk

City Attorney

City Treasurer

Assessor

City Comptroller

Additional copies shall be provided at a cost to be determined by the City Clerk to such other City officers and employees as are necessary for the effective and efficient operation of the City. Any officer or employee to whom a City Code is issued shall be responsible for its maintenance and upkeep.

Sec. 1.2. Amendment Procedure.

This Code shall be amended by ordinance. The title of each amendatory ordinance, adapted to the particular circumstances and purposes of the amendment, shall be substantially as follows:

(1) To amend any Section:

AN ORDINANCE TO AMEND SECTION _____ (or SECTIONS _____ AND _____) OF CHAPTER _____ OF TITLE _____ OF THE CODE OF THE CITY OF GRAND RAPIDS.

(2) To insert a new Section, Chapter or Title:

AN ORDINANCE TO AMEND THE CODE OF THE CITY OF GRAND RAPIDS BY ADDING A NEW SECTION _____ (NEW SECTIONS, A NEW CHAPTER, OR A NEW TITLE, AS THE CASE MAY BE) WHICH NEW SECTION (SECTIONS, CHAPTER OR TITLE) SHALL BE DESIGNATED AS SECTION _____ (SECTIONS _____ AND _____) OF CHAPTER _____ OF TITLE _____ (or proper designation if a Chapter or Title is added) OF SAID CODE.

(3) To repeal a Section, Chapter or Title:

AN ORDINANCE TO REPEAL SECTION _____ (SECTIONS _____ AND _____), CHAPTER _____, TITLE _____, (as the case may be) OF THE CODE OF THE CITY OF GRAND RAPIDS.

Sec. 1.3. Publication and Distribution of Amendments.

Amendments to the Code shall be published as required by the Charter of the City of Grand Rapids and not less than fifty (50) copies of each amendment shall be published in looseleaf form suitable for insertion in the looseleaf copies of the Code. The City Clerk shall distribute such copies to the officers of the City having copies of the Code assigned to them. Each officer assigned a copy of the Code shall be responsible for maintaining the same and for the proper insertion of amendatory pages as received. Each copy of said Code shall remain the property of the City and shall be turned over by each officer having custody thereof upon expiration of his or her term of office to his or her successor or to the City Clerk, in case he or she shall have no successor.

Sec. 1.4. Contents of Code.

This Code contains all the ordinances of the City of Grand Rapids of a general and permanent nature. The adoption of this recodification shall be interpreted as an enactment of a new ordinance which is a recompilation or recodification of existing ordinances with only minor editorial changes. All ordinances of a general and perma-

nent nature in effect on the effective date of this Code are hereby repealed except as to such provisions of any such ordinance as are also contained herein, provided, however, that any ordinances, Sections or parts of any ordinances which are not permanent and general in nature as herein provided, are saved from repeal. Ordinances hereafter adopted which are not of a general or permanent nature shall continue to be numbered consecutively, authenticated, published and recorded in the book of ordinances, but shall not be prepared for insertion in this Code, nor be deemed a part hereof.

Sec. 1.5. Short Title.

This Code may be known and cited as the "Grand Rapids City Code."

State law reference—Codification Authority, MCL 117.5b, MSA 5.2084(2).

Sec. 1.6. Elements of the Code—Official and Unofficial.

As adopted this Code is composed of a number of elements, including but not limited to a Preface, a Table of Contents, Comparative Tables, an Index, Editor's notes, Charter references and State law references. As adopted, the only official and authoritative elements of this Code are the Section numbers and the text of the Sections. The boldface wording immediately following the Section number is hereby defined as the catch-line. The catch-lines, although adopted as part of the enacting ordinances underlying this Code, are not substantive parts of this Code and should not be used to construe the substantive portions more broadly or more narrowly than the text indicates. All other elements of the Code whether referred herein or not, are not a substantive part of the Code. These elements are included to assist users of the Code but they should not be considered substantive or authoritative.

Amendments to this Code shall be adopted in the form provided in Section 1.2. Only the Section numbers and the text contained in each Section shall be considered substantive.
(Ord. No. 76-40, 5-4-76)

Sec. 1.7. Responsibility.

Any person who aids, abets, counsels, procures or assists in the Commission of any offense prohibited by this Code, or by any rule or regulation adopted thereunder, shall be punishable as a principal.
(Ord. No. 76-40, 5-4-76)

Sec. 1.8. Definitions.

The following words and phrases, when used in this Code and any amendment thereto, shall, for the purposes of this Code, have the meanings respectively ascribed to them in this Section, except in those instances where the context clearly indicates a different meaning.

(1) *Person* shall include any individual, copartnership, corporation, association, club, joint adventure, estate, trust, and any other group or combination acting as a unit, and the individuals constituting such group or unit.

(2) *Public place* shall mean any place to or upon which the public resorts, or travels, whether such place is owned or controlled by the City or any Agency of the State of Michigan, or is a place to or upon which the public resorts or travels by custom, or by invitation, express or implied.

(3) *Street, highway* and *alley* shall mean the entire width subject to an easement for public right-of-way, or owned in fee by the City, County or State, of every way or place, of whatever nature, whenever any part thereof is open to the use of the public, as a matter of right for purposes of public travel. The word "alley" shall mean any such way or place providing a secondary means of ingress and egress from a property.

(4) *Sidewalk* shall mean that portion of a street between the curb lines or lateral lines and the right-of-way lines which is intended for the use of pedestrians.

(5) *City* shall mean the City of Grand Rapids.

Sec. 1.9. Title of Officer to Include Deputy or Subordinate.

Whenever, by the provisions of this Code, any officer of the City of Grand Rapids is assigned any

duty or empowered to perform any act or duty, the title of said officer shall mean and include such officer or his or her deputy or authorized subordinate.

Sec. 1.10. Tense.

Except as otherwise specifically provided or indicated by the context, all words used in this Code indicating the present tense shall not be limited to the time of adoption of this Code but shall extend to and include the time of the happening of any act, event, or requirement for which provision is made therein, either as a power, immunity, requirement or prohibition.

Sec. 1.11. Notice.

Notice regarding sidewalk repairs, sewer or water connections, dangerous structures, abating nuisances or any other act, the expense of which if performed by the City, may be assessed against the premises under the provisions of this Code shall be served:

(1) By delivering the notice to the owner personally or by leaving the same at his or her residence, office or place of business with some person of suitable age and discretion; or

(2) By mailing said notice by certified or registered mail to such owner at his or her last known address; or

(3) If the owner is unknown, by posting said notice in some conspicuous place on the premises for five (5) days.

No person shall interfere with, obstruct, mutilate, conceal, or tear down any official notice or placard posted by any City officer, unless permission is given by said officer to remove said notice.

Sec. 1.12. Insurance and Bonds.

(1) Whenever any provision of this Code, or any City policy, rule, regulation, or contract requires a person to file proof of insurance or a bond, the City's Risk Manager or designee shall determine whether any certificate, binder, or policy of insurance or bond complies with the City's requirements, except that the City Attorney shall approve the form of any bond before it is accepted by the City.

(2) All proof of insurance filed with the City must provide that the City will be given thirty (30) days prior written notice of cancellation or termination prior to the stated expiration date. Also, if the stated expiration date precedes the ending date for the period of performance for which the insurance is provided (i.e., end of license year, end of contract term, etc.), then the proof of insurance must provide that the City will be given thirty (30) days prior written notice of an intention not to renew upon expiration.

(3) The Risk Manager shall have authority to modify or waive any City insurance or bond requirement or to accept any irregularity in any proof of insurance provided, or to accept a letter of credit or other alternate form of surety in lieu of a bond when, in his or her judgment and discretion, a particular requirement, under all the circumstances, poses an unnecessary hardship or is an unreasonable requirement and the City will be adequately protected in spite of such waiver or modification.

(Ord. No. 90-01, § 1, 1-2-90)

Cross reference—Surety bond required for City Treasurer, City Comptroller and City administrator, etc., § 1.148.

Sec. 1.13. General Penalty.

(1) Unless another penalty is expressly provided for in the City Charter or in this Code for violation of a particular provision, Section or Chapter, every person convicted of a violation of any provision of this Code shall be punished as follows:

(a) By a fine of not more than five hundred dollars ($500.00); or

(b) By imprisonment for not more than ninety (90) days; or

(c) By both a fine of not more than five hundred dollars ($500.00) and by imprisonment for not more than ninety (90) days.

(2) In addition to the punishment specified above, every person convicted of a violation of any provision of this Code shall be required to pay the costs of their prosecution. This subsection does not apply to any municipal civil infraction.

(3) In addition to the provisions of subsection (2) of this section, any person determined to be responsible for a municipal civil infraction shall be liable for the payment of costs of prosecution in an amount of not less than ten dollars ($10.00) and not more than five hundred dollars ($500.00).

(4) For purposes of this Section, the words "violation of any provision of this Code" shall include any violation of the Code, any violation of a provision of the Charter of the City of Grand Rapids, and any violation of a rule or regulation adopted or issued under authority granted by this Code or by the Charter of Grand Rapids.

(5) Each act of violation and every day upon which any violation is permitted or suffered to exist shall constitute a separate violation and shall be punished separately upon conviction. The penalty provided by this Section, unless another penalty is expressly provided, shall apply to any amendment or addition to this Code whether or not such penalty is reenacted in the amendatory ordinance.
(Ord. No. 66-1, 1-11-66; Ord. No. 79-22, 4-10-79; Ord. No. 2014-60, § 1, 7-22-14)

State law reference—Limitation on penalties, MCL 117.4i, MSA 5.2082.

Sec. 1.14. Severability.

It is the legislative intent of the Commission in adopting this Code, that all provisions and Sections of this ordinance be liberally construed to protect and preserve the peace, health, safety and welfare of the inhabitants of the City of Grand Rapids and should any provision or Section of this ordinance be held unconstitutional or invalid, such holding shall not be construed as affecting the validity of any of the remaining provisions or Sections, it being the intent that this ordinance shall stand, notwithstanding the invalidity of any provision or Section thereof.

The provisions of this Section shall apply to the amendment of any Section of this Code whether or not the wording of this Section is set forth in the amendatory ordinance.

Sec. 1.15. Effective Date.

This Code shall take effect thirty (30) days after its adoption.

Secs. 1.16—1.20. Reserved.

ARTICLE 1. MEETINGS*

Sec. 1.21. Meeting Dates.

The City Commission shall meet in regular session twice each calendar month, and such meetings shall be held on Tuesdays. In the event any Tuesday is a legal holiday for the City, the City Commission may meet in regular session the following day.
(Ord. No. 2013-42, § 2, 8-27-13)

Charter reference—Meetings, Title V, Sec. 5.

Sec. 1.22. Hours for Meetings.

At least one regular meeting of the City Commission each month shall be held in the evening at 7:00 p.m. The remaining regular meetings each month that are not held at 7:00 p.m. shall be held in the afternoon at 2:00 p.m.
(Ord. No. 2013-42, § 2, 8-27-13)

Sec. 1.23. Locations for Meetings.

(1) Regular meetings of the City Commission shall be held in the Grand Rapids City Commission Chambers, 9th floor, City Hall, Grand Rapids, Michigan, except as provided in the following subsection.

(2) Up to three times per year, regular meetings of the City Commission may be held at locations in the various wards of the City.
(Ord. No. 2013-42, § 2, 8-27-13)

Sec. 1.24. Compliance With the Open Meetings Act.

In accordance with the Michigan Open Meetings Act, MCL 15.261 et seq., the City Commission shall at least annually, by resolution, adopt a schedule of its regular meetings showing the dates, times and places of such meetings.
(Ord. No. 2013-42, § 2, 8-27-13)

*__Editor's note—__Ord. No. 2013-42, §§ 1, 2, adopted August 27, 2013, repealed the former Art. 1, §§ 1.21, 1.22, and enacted a new Art. 1 as set out herein. The former Art. 1 pertained to similar subject matter. See Code Comparative Table B for complete derivation.

ARTICLE 2. WITNESSES BEFORE COMMISSION

Sec. 1.25. Clerk to Issue Subpoenas.

The City Clerk upon instructions from the Mayor or any Commissioner or the City Attorney, shall issue subpoenas in the name of the Mayor of the City and under the corporate seal of said City, which subpoenas shall be signed by the said City Clerk, directed to any person whom such official ordering the subpoena may deem necessary as a witness in any matter pending before the City Commission or any Committee thereof, ordering said person to appear before said Commission or Committee at a certain time and place to be designated in said subpoena, to testify concerning such matter or thing or to produce before said Commission or Committee at said time and place, such books, records, contracts, papers or other data as shall be designated in said subpoena.

Charter reference—Attendance of Witnesses and Production of Books, etc., Title XVIII, Sec. 1.

Sec. 1.26. Subpoenas to Be Served.

Such subpoenas shall be served by some officer designated by the Director of Public Safety if requested by the official ordering such subpoena, or may be served by any person over the age of twenty-one (21) years, by delivering a copy thereof to such person.

Sec. 1.27. Penalty.

If the person so subpoenaed as herein provided shall fail to appear at said time and place, and due proof by affidavit of personal service upon the person subpoenaed filed with the City Clerk, or if any witness appearing shall refuse to testify or to answer any question relative to the matter under inquiry, or produce any books, records, contracts or other papers required to be produced by the subpoena and under the control of said witness, such person on conviction thereof in the 61st District Court, shall be punished as prescribed in Section 1.13 of this Code.
(Ord. No. 73-39, 6-5-73)

Sec. 1.28. Aid of Circuit Court.

If any person so subpoenaed as herein provided shall fail to appear at said time and place, or appearing shall refuse to testify or answer any question, or to produce any books, records, contracts or papers which he or she has been directed to produce, such official ordering such subpoena may by petition invoke the aid of the Circuit Court for the County of Kent in requiring the affidavits and testimony of witnesses and the production of all books, papers and documents, and have subpoenas issued from said Circuit Court for the County of Kent in the usual manner, requiring the attendance of any witness to testify and the production of any books, papers and documents before said Commission or Committee; and in case of refusal to obey a subpoena or to answer a proper question propounded by said Commission or Committee, said Circuit Court may issue an order requiring such person to appear before said Commission or Committee, and to produce books, papers, documents or data, if required, and give evidence touching matters under investigation.

Sec. 1.29. Reserved.

ARTICLE 3. FALSE SWEARING BEFORE COMMISSION

Sec. 1.30. Deemed Perjury.

Any person who may be required to take any oath or affirmation or subscribe to any affidavit in respect to any matter pending before the City Commission or any of its Committees, and shall in such affidavit swear falsely as to any material fact involved in such matter, or having taken an oath before the Mayor, President, City Clerk or the Chairman of any general or special Committee of the City Commission, shall wilfully swear falsely as to any material fact in respect to such matter, shall be guilty of perjury, and shall be punished as provided by law.

ARTICLE 1. WARD APPORTIONMENT

Sec. 1.41. Ward Apportionment.

The City of Grand Rapids shall be divided into three (3) Wards, as follows:

First Ward. All that part of the City lying westerly of a line described as commencing at the centerline of the Grand River at the north City limits, thence south along said centerline to the centerline of the Conrail Railroad (vacated), thence southeasterly along said centerline of the Conrail Railroad (vacated) to the centerline of Fulton Street, thence east along said centerline to the centerline of Jefferson Avenue, thence south along said centerline to the centerline of Burton Street, thence east along said centerline to the centerline of Eastern Avenue, thence south along said centerline to the south City limits.

Second Ward. All that part of the City lying easterly and northerly of a line described as commencing at the centerline of the Grand River at the north City limits near Four Mile Road, thence generally south along said centerline to the centerline of the Conrail Railroad (vacated), thence southeasterly along said centerline of the Conrail Railroad (vacated) to the centerline of Fulton Street, thence east along said centerline to the centerline of Jefferson Avenue, thence south along said centerline to the centerline of Wealthy Street, thence east along said centerline to the centerline of Lake Drive, thence southeast along said centerline to the common boundary with East Grand Rapids.

Third Ward. All that part of the City lying easterly and southerly of a line described as commencing at the centerline of Eastern Avenue at the south City limits, thence north along said centerline and the City limits to the centerline of Burton Street, thence west along said centerline to the centerline of Jefferson Avenue, thence north along said centerline to the centerline of Wealthy Street, thence east along said centerline to the centerline of Lake Drive, thence southeast along said centerline to the common boundary with East Grand Rapids.

ARTICLE 1. IN GENERAL*

Sec. 1.71. Officers Appointed by City Commission.

In accordance with the City Charter, the following City officers will be appointed by the City Commission:

City Manager

City Attorney

City Clerk

City Treasurer
(Ord. No. 2013-37, § 2, 8-13-13)

Sec. 1.72. Division of Administrative Service.

The Administrative Service of the City shall be under the supervision and direction of the City Manager, except as otherwise provided by the City Charter.
(Ord. No. 2013-37, § 2, 8-13-13)

Sec. 1.73. Department Responsibilities.

The Administrative Departments of the City shall assume the responsibilities and duties assigned to them annually by the City Commission through the adoption of the budget ordinance.
(Ord. No. 2013-37, § 2, 8-13-13)

Sec. 1.74. City Income Tax Administrator.

The City Income Tax Administrator is hereby designated as and shall have all of the powers and duties of "Administrator" of the Grand Rapids Uniform City Income Tax Ordinance as provided for in the Michigan City Income Tax Act, Act No. 284 of the Public Acts of 1964, as amended from time to time, being MCL 141.501 et seq.
(Ord. No. 2013-37, § 2, 8-13-13)

Secs. 1.75—1.80. Reserved.

*__Editor's note—__Ord. No. 2013-37, §§ 1, 2, adopted August 13, 2013, repealed the former Art. 1, §§ 1.71—1.73, and enacted a new Art. 1 as set out herein. The former Art. 1 pertained to similar subject matter. See Code Comparative Table B for complete derivation.

ARTICLE 2. POLICE DEPARTMENT†

Sec. 1.81. Department of Police.

The Department of Police shall be headed by the Superintendent of Police, who shall be the commanding officer of the Police Force. He or she shall direct the police work of the City and be responsible for the enforcement of law and order.

Sec. 1.82. Functions of Police Department.

The police work of the City shall consist of the following functions:

(1) The operation of motor and foot patrol units for routine investigations and the general maintenance of law and order.

(2) The maintenance of the central complaint desk at Police Headquarters, the maintaining and supervising of police records, criminal and noncriminal identification, property identification, and the custody of property.

(3) The investigations of crimes, elimination of illegal liquor traffic and vice, and the preparation of evidence for the prosecution of criminal cases and offenses in violation of this Code.

(4) The prevention and control of juvenile delinquency, the removal of crime hazards and the coordination of community agencies interested in crime prevention.

(5) The enforcement of traffic laws, traffic educational programs, school patrols, coordination of traffic violation prosecutions and the issuance of operator's licenses.

(6) The operation of community policing units in the City's neighborhoods.

(Ord. No. 2010-08, § 1, 2-16-10)

Note—This section shall become effective on July 1, 2010 pursuant to the majority of the electors voting in the May 4, 2010 special election approve an increase in the City income tax rate to 1.5% for corporations and resident individuals, and

†__Cross references—__Police regulations, Title IX; traffic, Title X.

.75% for nonresident individuals. This amendment was approved by a majority of the qualified electors voting on the question at a special election held on May 4, 2010.

Cross references—Issuance of alarm user permits, § 9.402; inspection of alarm systems, § 9.405; general traffic regulations, Ch. 181.

Sec. 1.83. Department Rules.

The Superintendent of Police may prescribe rules for the government of police officers of the City, subject to approval by the City Manager, which shall be entered in a book of Police Department rules and orders and may be amended or revoked by the Superintendent upon written notice to the City Manager. It shall be the duty of all members of the Police Force to comply with such rules and orders while effective.

Sec. 1.84. Acting Superintendent.

In case of the absence from the City of the Superintendent of Police, or his or her disability, or inability from any cause to act as Superintendent, the City Manager shall designate and appoint some other member of the Police Department to act as Superintendent during such absence or disability.

Sec. 1.85. Reserved.

Editor's note—Ord. No. 2013-37, § 3, adopted August 13, 2013, repealed § 1.85, which pertained to Office of Traffic Engineer.

Sec. 1.86. Funding of Community Police Officers.

While both a City Income Tax of 1.5% is in effect for corporations and resident individuals and a City Income Tax of .75% is in effect for non-resident individuals, community police officers within the Department of Police shall continue to be funded.

(Ord. No. 2010-08, § 2, 2-16-10)

Note—This section shall become effective on July 1, 2010 pursuant to the majority of the electors voting in the May 4, 2010 special election approve an increase in the City income tax rate to 1.5% for corporations and resident individuals, and .75% for nonresident individuals. This amendment was approved by a majority of the qualified electors voting on the question at a special election held on May 4, 2010.

Secs. 1.87—1.90. Reserved.

ARTICLE 3. FIRE DEPARTMENT*

Sec. 1.91. Fire Department.

The Fire Department shall be headed by the Fire Chief, who shall be charged with the prevention and extinguishment of fires, the protection of life and property against fire, the removal of fire hazards, the performance of other public services of an emergency nature assigned to him or her, and the conducting of an educational fire prevention program.

Sec. 1.92. Fire Prevention Duties.

The Fire Department shall be responsible for the inspecting of potential fire hazards, and the abatement of existing fire hazards, in accordance with the provisions of Chapter 159 of this Code.

Sec. 1.93. Departmental Rules.

The Fire Chief shall adopt rules and regulations for the government of the Department, subject to the approval of the City Manager, and may change and repeal the same upon notice to and approval by the City Manager. Such rules and regulations shall designate the chain of command for the Department, so that in the absence or disability of the Chief or any officer of the Department, the responsibility for the operation of the Department shall immediately and automatically be vested in the next ranking officer or member of the Department on duty at the time of the fire.

Sec. 1.94. Department Equipment.

The Fire Chief shall be responsible for the maintenance and care of all property and equipment used by the Fire Department.

Sec. 1.95. Funding of a Fire Squad for LaGrave Avenue Station.

While both a City Income Tax of 1.5% is in effect for corporations and resident individuals and a City Income Tax of .75% is in effect for non-resident individuals, a fire squad to be lo-

*__Cross references—__Fire prevention, Ch. 159; alarms, Ch. 163.

cated at the LaGrave Avenue Station, available to provide fire response in any area of the City, shall continue to be funded.
(Ord. No. 2010-08, § 3, 2-16-10)

Note—This section shall become effective on July 1, 2010 pursuant to the majority of the electors voting in the May 4, 2010 special election approve an increase in the City income tax rate to 1.5% for corporations and resident individuals, and .75% for nonresident individuals. This amendment was approved by a majority of the qualified electors voting on the question at a special election held on May 4, 2010.

Sec. 1.153. Reserved.
Sec. 1.154. Employing Residents.
Sec. 1.155. Reserved.
Secs. 1.156—1.169. Reserved.

*__Cross references__—City Commission, Ch. 2; administrative service, Ch. 4; Boards and Commissions, Ch. 8; property tax levy and collection, Ch. 9; special assessments, Ch. 10; purchases, contracts and sales, Ch. 11; emergency management, Ch. 13; uniform City income tax, Ch. 14; investments, Ch. 18; Planning Commission, Ch. 62; historic preservation, Ch. 68; fees and bonds, Ch. 92; Housing Code, Ch. 135; nuisances, Ch. 151; civil emergency, Ch. 161.

Sec. 1.141. City Manager.

The City Manager shall see that all laws, ordinances, rules, regulations adopted by the Commission, and the provisions of this Code are properly enforced. He or she shall attend all meetings of the Commission, regular and special. He or she shall appoint a qualified person as his or her Administrative Assistant. The Deputy City Manager, or in his or her absence the Administrative Assistant to the Manager, shall temporarily perform the duties of the Manager during his or her absence or disability, unless otherwise ordered by the City Commission.

Sec. 1.142. Administrative Officers.

The administrative officers of the City, except the City Attorney, the City Clerk and City Treasurer shall, in the performance of the duties of their respective offices, be subordinate to and under the direction of the City Manager and shall report and be directly responsible to him or her.

Sec. 1.143. Vacancies.

In case of a vacancy in office or during the absence of any administrative officer, the City Manager may designate an interim acting head or perform personally the functions of the office, until such vacancy is filled in accordance with the Charter.

Sec. 1.144. All Departments.

All Departments of the City shall comply with the following:

(1) All Department Heads shall keep informed as to the latest practices in their particular field and shall inaugurate, with the approval of the City Manager in the case of Departments responsible to him or her or in the case of other Departments, with the approval of the officer or body to whom the Department Head is responsible, such new practices as appear to be of benefit to the service and to the public.

(2) Each Department Head shall establish a system of records and reports in sufficient detail to furnish all information necessary for proper control of Department activities and to form a basis for the periodic reports to the Manager. The City Manager shall keep the Commission fully advised at all times as to the financial condition and needs of the City.

(3) Each Department Head shall be held responsible for the preservation of all public records under his or her jurisdiction and shall provide a system of filing and indexing the same. No public records, reports, correspondence or other data relative to the business of any Department shall be destroyed or removed permanently from the files without the knowledge and approval of the City Commission. Interoffice communications, working memoranda or reference material used by any Department shall not be considered as a public record under this Section.

Sec. 1.145. Administrative Manual.

The City Manager is authorized to adopt such administrative regulations in addition to, but not inconsistent with, the Charter and this Code, as he or she shall deem necessary and proper to provide for the adequate functioning of all Departments. Such regulations shall comprise the administrative manual.

Sec. 1.146. Payment of Moneys.

All moneys belonging to the City shall be paid out upon presentation of a valid warrant issued in accordance with the Charter by warrant checks signed by the City Manager and the Director of Finance.

Sec. 1.147. Approval of Legal Documents.

The Mayor shall sign or cause his or her signature to be affixed to, the City Clerk shall attest to, and the City Attorney shall approve as to form, all contracts, agreements and other documents requiring the assent of the City, unless otherwise provided for by law, the Charter ordinance or the provisions of this Code.
(Ord. No. 85-64, § 1, 10-29-85)

Sec. 1.148. Bonds.

Upon recommendation of the City's Risk Manager or Insurance Agent of Record, the City Commission by resolution shall provide for the purchase and renewal of surety bonds of such types and amounts as it determines will adequately protect the City against officer and employee dishonesty.

(Ord. No. 69-5, 1-21-69; Ord. No. 70-40, 6-23-70; Ord. No. 79-74, 10-30-79; Ord. No. 2003-42, § 1, 10-21-03)

Cross reference—Filing of surety bonds generally, § 1.12.

Sec. 1.149. Reserved.

Editor's note—Ord. No. 2013-68, § 1, adopted October 22, 2013, repealed § 1.149, which pertained to constables' bonds. See Code Comparative Table for complete derivation.

Sec. 1.150. Fair Employment Practices.

No Department of the City of Grand Rapids or any City official, agent or employee of the City for or on behalf of the City shall, because of the race, color, religion, national origin or ancestry of any individual, refuse to hire or otherwise discriminate against a person with respect to hire, tenure, terms, conditions or privileges of employment, or any matter directly or indirectly related to employment, except where based on a bona fide occupational qualification as set forth in the Michigan State Fair Employment Practices Act, being Act 251 of the Public Acts of 1955, as amended.

No Department of the City of Grand Rapids or any City official, agent or employee of the City for or on behalf of the City shall, because any individual is between the ages of eighteen (18) and sixty (60), or because of the sex of any individual, refuse to hire or otherwise to discriminate against him or her with respect to hire, tenure, terms, conditions or privileges of employment. Any such refusal to hire or discrimination shall not be an unfair employment practice as based upon law, regulation, the requirements of any Federal or State training or employment program or on a bona fide occupational qualification.

It shall not be an unfair employment practice to refuse to select an individual over the age of thirty-five (35) because of his or her age for an apprenticeship or an on-the-job training program intended to have a duration of more than four (4) months.

(Ord. No. 68-49, 7-23-68; Ord. No. 73-57, 8-14-73)

Cross reference—Provision against discrimination in contractor, § 1.517.

State law reference—Discrimination in employment, MCL 37.2201 et seq., MSA 3.548(201) et seq.

Sec. 1.151. Travel Expense Regulations.

The regulations and procedures governing reimbursement for travel and other expenses shall be established as follows:

(a) Regulations governing reimbursements for travel and other expenses by elected officials of the City shall be adopted by resolution of the City Commission.

(b) Regulations governing reimbursements for travel and other expenses of appointed officials and employees of the City shall be prepared by the City Manager and approved by the City Commission.

(Ord. No. 69-32, 4-15-69)

Sec. 1.152. Appearance Tickets.

The following public servants are authorized to issue appearance tickets with respect to the indicated classes of violations of the Code of the City of Grand Rapids upon reasonable cause to believe that the person to whom the appearance ticket is issued has committed the violation, or violations, indicated:

(a) *The Director of Housing and Community Development* for violation of:

ARTICLE 1. GENERAL PENSION SYSTEM*

Sec. 1.190. Retirement System Created.

The City of Grand Rapids General Retirement System is hereby created and established. This Article may be cited as the City of Grand Rapids General Retirement System Ordinance.
(Ord. No. 72-50, 6-27-72; Ord. No. 98-48, § 1, 11-3-98)

Sec. 1.191. Effective Date of System and Amendments.

The Pension System set forth in Article 1 of Chapter 7 of Title I of the Code of the City of Grand Rapids, and amended from time to time, was amended by action of the Grand Rapids City Commission on August 20, 2002 to comply with TRA '86, OBRA '87, TAMRA '88, OBRA '89, UCA '92, OBRA '93, USERRA '94, URAA/GATT/RPA '94, SBJPA '96, TRA '97, RRA '98, CRTRA '00 and EGTRRA '01, and is hereby further amended and restated to comply with the Pension Protection Act of 2006.
(Ord. No. 72-50, 6-27-72; Ord. No. 98-48, § 1, 11-3-98; Ord. No. 2002-50, § 1, 8-20-02; Ord. No. 2013-40, § 1, 8-27-13)

Sec. 1.192. Definitions.

The following words and phrases as used in this Article, unless a different meaning is plainly required by the context, shall have the following meanings:

(1) *Accrued Benefit* means the portion of an allowance earned as of the date of the computation. It is a monthly benefit commencing at the minimum service retirement age and computed in accordance with the life allowance formula in Section 1.205 using the member's final average salary and credited service at the time of the computation.

(2) *Accumulated contributions* means the total of all amounts deducted from the compensations of a member and standing to his or her credit in his or her individual account in the members' deposit fund, together with regular interest at the rate of three (3%) percent per annum, compounded annually, from and after October 1, 1964.

(3) *Actuarial equivalent* means a benefit of equal reserve value. Present values will be determined by the actuary based on mortality tables and interest rates established from time to time by the Board. No change in mortality or interest assumptions shall reduce the accrued benefit of any member determined as of the date of the change.

(4) *Allowance* or *Life Allowance* means the total of the annuity and the pension. All allowances shall be paid not later than the last day of each calendar month.

(4a) *Allowance cap* means the agreed upon limit to the product which results when a member's years of credited service are multiplied by the benefit multiplier applicable to the member at the time of retirement, expressed as a percentage.

(5) *Annuity* means a monthly amount derived from the accumulated contributions of a member and payable by the System throughout the life of a person or for a temporary period.

(6) *Assumed interest* means such rate or rates per annum, compounded annually, as the Board shall adopt from time to time.

(7) *Beneficiary* means any person who is receiving or designated by a member to receive a System benefit, except a retirant.

(8) *Benefit program* means a schedule of benefits or benefit formulas from which the amounts of System benefits can be determined.

(9) *Board of Trustees* or *Board* means the Board of Trustees of the System.

*__Editor's note—__Ord. No. 98-48, § 1, adopted Nov. 3, 1998, amended Art. 1, in its entirety, to read as herein set out in §§ 1.190—1.230. Prior to inclusion of said ordinance, Art. 1 pertained to similar subject matter. See Code Comparative Table B.

(10) *Code* means the Internal Revenue Code of 1986 as amended.

(11) *Compensation* means remuneration actually paid or made available to an Employee within the Limitation Year, as defined in accordance with Regulation 1.415(c)—2(a), and means all items of Employer remuneration for services, including:

(a) Wages, salaries, and other amounts received for personal services rendered in the course of employment with Employer, to the extent amounts are includible in gross income or would have been received and includible in gross income but for an election under Internal Revenue Code ("IRC") Section 125(a), 132(f)(4), 402(e)(3), 402(h)(1)(B), 402(k), 414(h)(2), or 457(b), and further include, but are not limited to, base salary, longevity pay, educational allowance, vacation pay, bonuses, fringe benefits, and reimbursements or other expense allowances under a nonaccountable plan, plus the following additional compensation items;

(1) *Members of the Crime Scene Technicians group:* Holiday pay, clothing allowance, overtime pay, shift pay, acting assignment pay, witness fee pay, and compensatory time pay off are also considered compensation for pension computation purposes effective July 1, 2000.

(2) *Emergency Communications Operators I, II and III:* Holiday pay, overtime pay, shift pay, acting assignment pay, compensatory time pay off, and pay as an ECOII trainer are also considered compensation for pension computation purposes effective July 1, 2005.

(b) Amounts described in IRC Sections 104(a)(3), 105(a), or 105(h) but only to the extent includible in gross income;

(c) Amounts paid or reimbursed by the Employer for Employee's moving expenses to the extent it is reasonable to believe, at payment, they are not deductible pursuant to IRC Section 217;

(d) Amounts includible in Employee's gross income upon a IRC Section 83(b) election; and

(e) Amounts includible in gross income pursuant to IRC Section 409A, or because they are constructively received.

Compensation does not include items listed in Regulation 1.415(c)—2(c).

Compensation for a Limitation Year shall not include Compensation in excess of IRC Section 401(a)(17) limits for such Limitation Year.

In order to be taken into account for a Limitation Year, Compensation must be actually paid or made available to employees (or, if earlier, includible in the gross income of the Employee) within the Limitation Year. For this purpose, Compensation is treated as paid on a date if it is actually paid on that date or it would have been paid on that date but for an election under IRC Section 125, 132(f)(4), 401(k), 403(b), 408(k), 408(p)(2)(a)(i), or 457(b); provided, however, Compensation for a Plan Limitation Year includes amounts earned during that Plan Limitation Year but not paid during that Plan Limitation Year solely because of the timing of pay periods and pay dates if (i) these amounts are paid during the first few weeks of the next Plan Limitation Year; (ii) the amounts are included on a uniform and consistent basis with respect to all similarly situated employees and (iii) no Compensation is included in more than one Plan Limitation Year.

In order to be taken into account for a Plan Limitation Year, Compensation must be paid or treated as paid to the Employee prior to the Employee's severance from employment with the Employer; provided

Compensation paid by the later of 2½ months after severance from employment with the Employer or the end of the Limitation Year that includes the date of severance from employment with the Employer, is included if the payment is regular compensation for service during working hours or compensation for services outside regular working hours, commissions, bonuses or similar payments and it would have been paid prior to severance had Employee continued in employment.

Compensation includes salary continuation payments to an individual who does not currently perform services for the Employer by reason of qualified military service (as that term is used in IRC Section 414(u)(1)) to the extent those payments do not exceed the amounts the individual would have received if the individual had continued to perform services for the Company rather than entering qualified military service.

(12) *Credited service* means employment as an employee which employment is creditable as service hereunder, to the extent such service is standing to a member's credit as provided in this Article.

(13) *Employee* means any person regularly employed by the employer in a position other than police officer, police command officer or firefighter, as those positions are defined in the City of Grand Rapids Police and Fire Retirement System. Employees hired on or after the dates provided in the following table are excluded from participation in the General Retirement System:

Covered Employee Group	*Date of Hire, Election or Appointment*
GREIU	On or after May 25, 2011
Non-Represented Members as defined in Section 1.192(18.1)	On or after July 1, 2011
GREIU Public Library Rank & File and Supervisory bargaining units	On or after September 2, 2011
GREIU 61st District Court	On or after September 13, 2011
APAGR 61st District Court	On or after September 13, 2011
Emergency Communication Supervisors	On or after September 13, 2011
Crime Scene Technicians	On or after November 15, 2011*
ECOs I, II and III	On or after January 24, 2012
APAGR	On or after July 1, 2014

*Members of the Crime Scene Technicians bargaining unit who have earned fewer than eight (8) years of credited service as of November 15, 2011 are permitted to voluntarily convert to a defined contribution retirement plan in lieu of continuing participation in the General Retirement System. All rights to any future benefits from the General Retirement System will be forfeited upon such member's election to convert. All member contributions will be refunded from the General Retirement System, per the provisions of Section 1.212(1), following the member's conversion to said defined contribution retirement plan.

(14) Employer means the City of Grand Rapids, Michigan.

(15) *Final Average Salary of a Member* means the average of each of the member's highest annual compensation rates during each of the member's three (3) calendar years of employment while participating in the System when such compensation rates were highest, provided all such compensation occurs before the end of the calendar year in which the member attains forty (40) years of credited service, or provided no such rates of salary occur after the date on which the employee attains the number of years of credited service, which, when multiplied by the applicable benefit multiplier as set forth in Section 1.205, equals the allowance cap as set forth in that section. Should a member have less than three (3) such highest annual compensation rates, "final

average salary" means the average of each of the member's highest annual compensation rates during each of the member's calendar years of employment.

Additionally, effective July 1, 2000, members of the Crime Scene Technicians group shall have an additional sum added to their final average salary or an actuarially determined addition to the final average salary (FAS) calculated by dividing (i) the average of the Section 1.192(11) additional compensation items (ACI) for the group for the previous three (3) calendar years, by (ii) the annualized average of the group's covered payroll from actuarial valuations as of June 30 of each calendar year, excluding ACI, for the five-year period immediately preceding the valuation. The calculation will be completed by June 30 of each year.

Additionally, effective July 1, 2005, Emergency Communications Operators I and II shall have an additional sum added to their final average salary or an actuarially determined addition to the final average salary (FAS) calculated by dividing (i) the average of the Section 1.192(11) additional compensation items (ACI) for the group for the previous five (5) calendar years, by (ii) the annualized average of the group's covered payroll from actuarial valuations as of June 30 of each calendar year, excluding ACI, for the five-year period immediately preceding the valuation. In the first year the average shall be calculated based upon the preceding four (4) years, and thereafter based upon the preceding five (5) years as stated above. The calculation will be completed by June 30 of each year.

(16) *Market Value* means the quoted selling price plus accrued income on assets held in trust for the payment of benefits or, in the event the System acquires non publicly-traded assets, a price established by an independent professional appraiser chosen by the Board who is qualified to appraise assets of the subject property class.

(17) *Member* means any employee defined in Section 1.192(13) who:

(a) Has not elected the Officer's Option provided for in Section 1.283; or

(b) Becomes an Appointed Officer who had previously elected the Officer's Option provided for in Section 1.283 and has elected to resume membership as permitted in Section 1.285(b); or

(c) Does not hold a position of employment with the City which is specifically excluded from coverage by this System.

(18) *Minimum service retirement age and normal retirement age* mean age 62.

(18.1) *Non-Represented Member* means any member as herein defined holding a full-time permanent position who is not represented by any bargaining unit, including supervisors or other employees in administrative, clerical, or executive classifications, or any appointed or elected official with the exception of 61st District Court Judges. Non-Represented Members shall include non-represented employees of the City, the Library, the Pension System, and the 61st District Court.

(19) *Pension* means a monthly amount derived from contributions of the employer and payable by the System throughout the life of a person or for a temporary period.

(20) *Plan Year, Fiscal Year, and Section 415 Limitation Year* of this Retirement System is the 12-month period ending June 30 of each year.

(21) *Regular Interest* means the rate of three (3%) percent per annum, compounded annually.

(22) *Reserve* means the present value of all payments to be made on account of any System benefit based upon such reasonable tables of experience and assumed interest as the Board shall adopt from time to time in good faith.

(23) *Retirant* means a former member receiving a System allowance, by reason of having been a member.

(24) *Retirement System* or *System* means the City of Grand Rapids General Retirement System.

(25) *Valuation Assets* means the value of the current plan assets recognized for the purpose of determining required contributions to the System. For purposes of determining the employer contribution requirement for the fiscal year beginning July 1, 1998 through the fiscal year ending June 30, 2009 (valuation date June 30, 2007), valuation assets shall be determined using a market-related (smoothed) asset value method which recognizes 33⅓% of the capital value change in a fiscal year immediately, 33⅓% of the capital value change in the next subsequent fiscal year and the remaining 33⅓% of the capital value change in the second subsequent fiscal year. For purposes of determining the employer contribution requirement for the fiscal year beginning July 1, 2009 (valuation date June 30, 2008) and all subsequent fiscal years, valuation assets shall be determined using a market-related (smoothed) asset value method which recognizes 20% of the investment return in a fiscal year immediately, and 20% of the investment return in each of the next four subsequent fiscal years. The remaining unrealized investment return from June 30, 2006 shall be recognized equally over the next three fiscal years and the remaining unrealized investment return from June 30, 2007 shall be recognized equally over the next four (4) fiscal years, beginning with the June 30, 2008 valuation.

(26) The masculine gender shall include the feminine gender, and words of the singular number with respect to persons shall include the plural number, and vice-versa.

(Ord. No. 72-50, 6-27-72; Ord. No. 77-61, 11-8-77; Ord. No. 80-10, 2-19-80; Ord. No. 80-12, 2-19-80; Ord. No. 88-31, § 1, 5-17-88; Ord. No. 90-29, § 1, 3-20-90; Ord. No. 2005-29, §§ 1, 2, 5-17-05; Ord. No. 2008-57, § 1, 12-23-08; Ord. No. 2009-49, § 1, 9-15-09; Ord. No. 2010-46, § 1, 8-24-10; Ord. No. 2010-74, § 1, 12-21-10; Ord. No. 2011-26, § 1, 7-12-11; Ord. No. 2011-62, § 1, 12-20-11; Ord. No. 2012-08, § 1, 1-24-12; Ord. No. 2013-40, §§ 2, 3, 8-27-13; Ord. No. 2014-54, § 1, 7-22-14; Ord. No. 2019-25, § 1, 6-11-19)

Sec. 1.193. Board of Trustees—Appointment and Election.

The general administration and responsibility for the proper operation of the System and for making effective the provisions of this Article are hereby vested in a Board of Trustees of seven (7) persons, as follows:

(1) Three (3) persons to be elected by the members of the System. Such Trustees are called member Trustees in this Article. The member Trustees shall be elected by the members of the Retirement System in accordance with such rules and regulations as the Board shall from time to time adopt to govern such elections.

(2) One (1) member of the City Commission to be appointed by the City Commission and to serve at the pleasure of the City Commission. Such Trustee is called employer Trustee in this Article.

(3) Three (3) persons appointed by the Mayor, subject to the approval of the City Commission. Such appointees, called citizen members, shall be experienced in financial matters and shall not be a member, retirant or beneficiary of the System, nor an employee or official of the employer.

(Ord. No. 72-50, 6-27-72; Ord. No. 76-88, 10-19-76; Ord. No. 85-65, § 1, 10-29-85; Ord. No. 98-48, § 1, 11-3-98)

Sec. 1.194. Board of Trustees—Terms.

The terms of citizen members and member Trustees presently serving are hereby continued

until the expiration of the terms presently provided. All terms of office of member Trustees and citizen Trustees shall be four (4) years. Each Trustee shall continue to serve as Trustee until his or her successor is elected or appointed, as the case may be, and is qualified.
(Ord. No. 72-50, 6-27-72; Ord. No. 74-75, 9-24-74; Ord. No. 76-88, 10-19-76; Ord. No. 98-48, § 1, 11-3-98)

Sec. 1.195. Board of Trustees—Vacancy, How Filled.

In the event any Trustee fails to attend three (3) consecutive meetings of the Board unless in

each case excused for cause by the remaining Trustees attending such meeting or meetings, he or she shall be considered to have resigned from the Board and the Board shall by resolution declare his or her office of Trustee vacated. If a vacancy occurs in the office of Trustee, through death or resignation, the vacancy shall be filled for the unexpired portion of the term so vacated in the same manner as the office was previously filled.
(Ord. No. 72-50, 6-27-72; Ord. No. 98-48, § 1, 11-3-98)

Sec. 1.196. Officers and Employees of System—Executive Director, Actuary, Legal Advisor, Investment Counselor.

(1) The Board shall select from its own number a Chairman and a Vice-Chairman.

(2) Compensation:

(a) Member Trustees (full-time employees of the City) and Elected Officials: The Member Trustees who are full-time employees of the City and Elected Officials of the City serving on the Board shall serve without compensation for their services, as such, as their time is otherwise compensated for by the City. Such Trustees shall be reimbursed from the income-expense fund of the System for their necessary expenses incurred in attending meetings of the Board or in the performance of other duties authorized by the Board. Such reimbursement shall be in a manner and an amount as is reasonably determined by the Board to be appropriate.

(b) Other Trustees: The remaining Trustees of the Board shall be compensated at the rate of seventy-five dollars ($75.00) per meeting, paid from the income-expense fund of the System, for those special and sub-Committee meetings which are actually attended by such Trustee. In addition, such Trustees shall be reimbursed from the income-expense fund of the System for their necessary expenses incurred in attending meetings of the Board or in the performance of other duties authorized by the Board. Such reimbursement shall be in a manner and an amount as is reasonably determined by the Board to be appropriate.

(3) Executive Director and Clerical Staff.

(a) The Board shall have the authority to employ the service of an Executive Director for the System, to serve as the System's Chief Executive Officer. The Board shall adopt, and may amend, a job classification for the Executive Director, which shall define the duties and responsibilities of the position consistent with the provisions of this Article.

(b) The Board shall have the authority to employ the Executive Director upon terms and conditions that the Board determines are in the best interests of the administration of the System, and may enter into an employment agreement with the Executive Director for a period of not to exceed three (3) years, plus-options to extend or renew.

(c) The Executive Director shall have the authority to employ such other professional and clerical services as may be required for the proper administration of the System on such terms and conditions as the Board may determine, and with the approval of the Board.

(d) The Executive Director and any clerical or professional staff employed by the System shall be eligible for participation in the group hospital, medical, dental and vision insurance programs otherwise offered to City employees, the General Pension System of the City, the deferred compensation plan, the retirement insurance provisions afforded to other City employees, Worker's Compensation coverage and the Medicare Supplement Plan of the City. The actual benefits provided to the Executive Director and any clerical employees of the System shall be determined by the Board. The actual cost of any and all such

coverages provided shall be the responsibility of the System and reimbursed to the City on a quarterly basis.

(4) Administrative Costs.

(a) The Board shall have the authority to acquire, through lease or purchase, such office space as may be necessary for the proper administration of the System and may provide for such liability and casualty insurance as may be necessary to protect the property and assets of the System. Such office space shall be located within the corporate limits of the City of Grand Rapids and shall, to the extent required by law, be accessible to handicapped persons.

(b) The Board shall have the authority to acquire, through purchase or lease, such office supplies, equipment, furniture and furnishings as it determines to be reasonably necessary for the proper administration of the System.

(c) All expenses of the Board necessary for the operation of the System, including compensation of the persons engaged by the Board, shall be paid at such rates and in such amounts as the Board shall approve from the income-expense fund of the System.

(5) System Actuary. The Board shall appoint an actuary or a firm of actuaries to be the technical advisor to the Board and the Executive Director on matters regarding the operation of the System on an actuarial basis and who shall perform such other duties as may be required in connection therewith. The appointed actuary shall (i) be a Member of The American Academy of Actuaries, (ii) be either a Fellow or Associate of the Society of Actuaries or a Member of the Conference of Consulting Actuaries, and (iii) have a minimum of five (5) years experience in providing actuarial and consulting service to public employee retirement systems.

(6) Investment Counselors. The Board shall appoint a professional investment counsel or firm or firms of professional investment counselors to be investment advisors to the Board upon such terms and conditions as the Board may direct.

(7) Legal Advisor. The City Attorney shall serve as the legal advisor to the Board and the Executive Director on matters regarding the operation of the System. The Board shall be authorized to retain the services of an attorney or law firm to represent the Board in matters in which the City Attorney has a professional conflict of interest or in other circumstances in which the Board and City Attorney determine such representation would better serve the interests of the System.
(Ord. No. 72-50, 6-27-72; Ord. No. 90-35, § 1, 4-3-90; Ord. No. 91-68, § 3, 12-17-91; Ord. No. 98-48, § 1, 11-3-98)

Sec. 1.197. Board Meetings—Quorum; Vote; Proceedings.

The Board shall hold regular meetings, at least quarterly. Four (4) Trustees, of whom at least one (1) shall be a member Trustee, shall constitute a quorum at any meeting of the Board. Each Trustee shall be entitled to one (1) vote on each question before the Board and at least four (4) concurring votes shall be required for a decision by the Board at any meeting. The Board shall adopt its own rules of procedure, and shall keep a record of its proceedings. All meetings of the Board shall be held in conformance with the Michigan Open Meetings Act described in MCL § 15.261 et. seq., as amended.
(Ord. No. 72-50, 6-27-72; Ord. No. 98-48, § 1, 11-3-98)

Sec. 1.198. Some Specific Board Administrative Duties.

(1) The Board shall from time to time adopt such reasonable mortality and other tables of experience, and a rate or rates of assumed interest, as shall be necessary for the actuarial requirements of the System.

(2) The Executive Director shall keep, or cause to be kept in convenient form, such data as shall be necessary for actuarial investigations of the experience of the System, and such data as shall be necessary for the annual actuarial valuations of the System.

(3) The Board shall annually, but not later than October 31 each year, provide a report to the employer showing the financial condition of the

System as of the preceding June 30. Such report shall contain, but shall not be limited to, a financial balance sheet, a statement of income and disbursements, a detailed statement of investments acquired and disposed of during the year, an actuarial balance sheet prepared by means of the last valuation of the System, and such other data as the Board shall deem necessary or desirable or as requested by the City Commission for a proper understanding of the condition of the System.

(4) All records of the System shall be kept and maintained by the Executive Director in space provided by the System.

(5) The employer shall provide the Executive Director with access to personnel and other records of the employer as may be reasonably required for the proper administration of the System.

(6) The Board shall have the authority to meet with and act in joint concert with the Board of Trustees of the City of Grand Rapids Police and Fire Retirement System on administrative matters of mutual concern to both Systems, including, but not limited to, the employment of an Executive Director, the establishment of administrative policy, the apportionment of administrative costs, the acquisition of office space, and the employment of actuaries or legal counsel. The City Commission shall have the authority to specify matters on which joint agreement of the General Pension System and the Police and Fire Pension System are required to avoid the unnecessary duplication of administrative expenses. These matters shall include, but not be limited to, the selection of the System actuary, the selection of the Executive Director, the selection of the Auditor, and the acquisition of office space.

(7) The Board shall have the discretionary power and authority to determine the benefits payable to members by the System. These powers and authority include the following:

(a) To construe and interpret the terms and provisions of this Article as they relate to benefits payable;

(b) To decide all questions of eligibility for participation in the System; and

(c) To decide all questions of eligibility for benefit payments and determine the amount, manner and time of benefit payments under this System. These determinations must be consistent with the terms of the applicable collective bargaining agreements.

All interpretations of Ordinance provisions, all determinations of facts, and all decisions made in good faith by the Board will be final and binding upon all participants, beneficiaries and all other interested persons.
(Ord. No. 72-50, 6-27-72; Ord. No. 87-5, § 1, 1-20-87; Ord. No. 91-68, § 4, 12-17-91; Ord. No. 98-48, § 1, 11-3-98)

Sec. 1.199. Claims Procedure.

The Board will make all determinations concerning benefits. Any denial of benefits by the Board will be stated in writing by the Board and delivered or mailed by certified mail, return receipt requested, to the member or beneficiary within sixty (60) days after the denial. The notice will set forth the reasons for the denial in language that may be understood by the member or beneficiary and will specify the System provisions upon which the denial was based. If the denial is based on the failure of the member or beneficiary to supply certain materials or information, the notice will so state. The notice will advise that the denial may be appealed to the Board and will include an explanation of the appeal procedure.

The Board will adopt a procedure for reviewing appeals of denials of benefit claims. The procedure will include the following:

(a) The claimant or his duly authorized representative may initiate an appeal by written request for review delivered to the Board not later than sixty (60) days after receipt by the claimant of the notice of denial. The Board has the authority to extend those time limits a maximum of sixty (60) days upon the claimant or claimant's authorized representative showing of good cause or undue hardship.

(b) The claimant or his duly authorized representative may review documents perti-

nent to the appeal and may submit written statements of issues and arguments relevant to the appeal to the Board.

(c) The Board will review the appeal at the next regularly scheduled Board meeting which is at least twenty-one (21) days after the completed application for review is received. The Board will return its decision on the appeal not later than sixty (60) days after review. In circumstances where the Board determines that it needs additional information to make its decision, the Board will notify the claimant of the need for additional information and delay its decision until the next regularly scheduled Board meeting which is at least twenty-one (21) days after the additional information is received.

(d) The claimant will be advised in writing of the decision on the appeal including the reasons for the decision in language that may be understood by the claimant with references to the System provisions upon which the decision is based.

(e) The determination of the Board on all matters under this Section shall be final and binding on all parties.

(Ord. No. 72-50, 6-27-72; Ord. No. 98-48, § 1, 11-3-98)

Sec. 1.200. Membership of System.

(1) The membership of the System shall include all persons who are employees on or after the effective date of the System; provided, however, that persons who are employed in classifications which have been specifically excluded from coverage under the System by ordinance adopted by the City Commission, and persons who have elected coverage under another retirement plan provided by the City shall be excluded from membership in the System.

(2) In any case of question as to the System membership status of any person, the Board shall have final power to decide the question.

(Ord. No. 72-50, 6-27-72; Ord. No. 91-35, § 1, 7-2-91; Ord. No. 98-48, § 1, 11-3-98)

Sec. 1.201. Membership Terminates; Reinstatement of Credited Services.

(1) When a member is no longer employed by the employer in a position covered by the System, he or she shall thereupon cease to be a member of the System.

(a) Except as otherwise provided in this Article, upon termination of membership, the member's credited service shall be forfeited. If such person is not a retirant and becomes reemployed by the employer in a position covered by the System, that person shall again become a member of the System. At any time following such reemployment and reentry into membership of the System, such person's credited service last forfeited by that member shall be restored to the member's credit, provided that the member returns to the System the amount, if any, received therefrom, together with regular interest from the date of withdrawal to the date of repayment.

(b) At any time following reentry into the System upon election by City Commission to a position of Appointed Officer as provided in Section 1.285(b), all credited service accrued from the date of commencement of employment until the date upon which participation in the Officer's Option commenced will be restored, provided contributions to the System were not withdrawn and such credited service was not forfeited by the officer during such officer's participation in the Officers Option retirement program.

(2) Upon a member's retirement he or she shall thereupon cease to be a member and, except as otherwise provided in this Article, he or she shall not again become a member of the System.

(3) Except as provided in subsection (4) below, allowance payments shall be suspended for any retirant who is employed by the employer for more than seven hundred (700) hours in a calendar year. Allowance payments shall be suspended immediately upon attainment of seven hundred (700) hours worked and shall remain suspended for the duration of that calendar year that the

retirant continues to work for the employer. Any such retirant so employed shall not become a member of the system or gain any credited service or other allowance enhancements as a result of time worked after retirement. The employer shall notify the Retirement Systems of the employment of a retirant and upon the completion of seven hundred (700) hours worked by that retirant.

(4) The suspension of retirement allowance payments otherwise required under the provisions of subsection (3), above, may be waived for retired, former non-bargaining unit members of the System if it is determined by the City Manager that the retirant possesses critical skills and, for the good of the City, should be reemployed. In order to request a waiver the City Manager shall certify in writing to the City Commission the reason(s) for the proposed waiver and provide it with a copy of the proposed employment agreement for the retirant. The waiver of the provisions of subsection (3), above shall be effective upon approval by the City Commission. Any such waiver shall not be authorized for a period of more than three (3) calendar years. Any retirant so employed shall not become a member of the System, or gain any credited service or other allowance enhancements as a result of the time worked after retirement. The City Manager shall notify the Retirement Systems of the employment of any such retirant authorized for a waiver under this subsection.
(Ord. No. 72-50, 6-27-72; Ord. No. 81-17, 3-24-81; Ord. No. 88-31, § 2, 5-17-88; Ord. No. 98-48, § 1, 11-3-98; Ord. No. 99-77, § 1, 12-21-99; Ord. No. 2002-12, §§ 1, 2, 2-26-02; Ord. No. 2009-49, § 2, 9-15-09)

Sec. 1.202. Service Credit.

(1) From and after July 1, 1971, a member will be given credited service for the period from the member's employment commencement date to the member's employment termination date. No credit will be given for any month in which the member does not make the required member contributions for service on ten (10) or more days. Service will be computed in whole months with a remaining period of less than thirty (30) days counted as a whole month if member contributions were made for service on ten (10) or more days. If the period of service determined before application of the immediately preceding sentence results in a period of whole years and an additional fractional year of ten (10) months or more (without rounding), the fractional years of ten (10) months or more will be treated as a whole year. The requirement that a member make the required member contributions as a condition of receiving service credit is waived for the first six months of employment. The Board will fix and determine the number of months and years of service to be credited to each member for employment as an employee in accordance with the terms of this Ordinance. No credited service will be given for employment rendered after the end of the calendar year in which the member attains forty (40) years of credited service for those eligible employees who complete forty (40) years of service on or after January 1, 1988. Effective September 20, 2009, for any Officer Elected by City Commission to a position as an Appointed Officer having accrued credited service in the System, who upon City Commission appointment elects to reenter the System as provided in Section 1.285(b), in no event shall credited service be restored for the period during which the member participated in the officer's option as provided in Section 1.283.

(2) In the event a member, who while an employee, entered or enters the armed forces of the United States during any period of compulsory military service, such armed service actually required of him or her shall be credited him or her as service hereunder; provided, that he or she again becomes an employee within a period of ninety (90) days after he or she is relieved from military duty, and he or she returns to the System the amount, if any, he or she may have received therefrom at the time he or she entered or while in such armed service, together with regular interest from the date of withdrawal to the date of repayment, and in no case shall any member be credited with a total of more than six (6) years of such armed service. In any case of doubt as to the period of such armed service to be so credited a member, the Board shall have power to determine such period. To receive service credit for such required armed service, such member shall have the option to continue during his or her term of

military service payments which would have been required of him or her under the System had he or she remained at work, or he or she shall have the option upon reinstatement to make up any such contributions which were not made during the period of his or her military duty.

In addition to the requirements set forth above, the following provisions shall apply for employees returning to employment after December 11, 1994. Service in the armed forces of the United States includes the performance of duty on a voluntary or involuntary basis in the Army National Guard and the Air National Guard when engaged in active duty for training, initial active duty for training, inactive duty for training, full-time National Guard duty and any other service specified in 38 U.S.C. § 4303. To be eligible for these benefits, the employee must advise the City of his or her intent to return to employment:

(a) In the case of service of less than 31 days, on the first full regularly scheduled work period on the first calendar day following the period of service and the expiration of eight (8) hours after a period allowing for safe transportation to the employee's residence;

(b) In the case of service of more than thirty (30) but less than 181 days, by submitting an application for reemployment within 14 days after the completion of the period of service; or

(c) In the case of service of more than one hundred eighty (180) days, by submitting an application for reemployment within ninety (90) days of the completion of the period of service.

An employee shall not receive service credit unless payment of employee contributions for the period of absence is made within the period following reemployment equal to the lesser of five (5) years or the period equal to three (3) times the period of service. For purposes of calculating the repayment, compensation shall be based on the rate of compensation that would have been in effect but for the period of service. If this amount cannot be determined, compensation shall be the average rate of compensation paid in the twelve (12) months immediately preceding the period of service. An employee shall not be credited with a total of more than six (6) years of such armed service.

(3) In any case of question as to the service credit of any person, the Board shall have power to decide the question.

(4) In addition to the contributions deducted from the compensations of a member, as hereinbefore provided, a member may deposit in the System, (a) by a single contribution, (b) by an increased rate of contributions as approved by the Board, or (c) by a Trustee to Trustee transfer to the System from an eligible retirement plan, ("eligible retirement plan" is defined in Section 1.212(6)(b) below), the amount or amounts he or she may have received therefrom and not repaid thereto, together with regular interest from the date of withdrawal to the date of repayment. In no case shall a member be given credit for service rendered prior to the date he or she received payments until he or she returns to the System all amounts due from him or her.

(5) Any employee member of the General Pension System who has attained eight (8) or more years of credited service may purchase a maximum of eight (8) years additional credited service for all retirement purposes for time recognized as honorable military service served prior to employment with the City. Eligible service is defined as active Federal service in excess of six (6) months in the Army, Navy, Air Force, Marines, or Coast Guard of the United States excluding reserve basic and regular training time and Merchant Marine duty. The request for credited service will be reviewed by Trustees at a regular meeting and, if approved, the total cost to the System will be actuarially determined. As the benefit package is borne solely by the member, all costs to the System, including actuarial calculation, shall be paid to the System within sixty (60) days from the date the amount is known in order to gain the credited service requested. The provisions of the Pension Plan at the time of purchase will be used for all calculations.

(6) An employee may purchase up to twenty-four (24) additional months of credited service in increments of one month by contributing a percentage of the member's annual rate of compen-

sation at the time of such purchase. Any such periods of purchased credited service shall be recognized solely for the purpose of computing the member's life allowance as provided in Section 1.205 and not for determining eligibility for a benefit or for any other purpose. The purchase rate, expressed as a percentage of compensation, shall be the age and service cost component of the normal cost as determined by the system actuary.

(7) Payments to purchase service described in Subsection (6) above, and to purchase service attributable to absences while on military service leaves described in Subsections (2) and (5), above, will be made (a) by a single cash deposit, (b) by an increased rate of member contributions, (c) by a Trustee to Trustee transfer to the System from an eligible retirement plan, ("eligible retirement plan" is defined in Section 1.212(6)(b) below), or (d) by a combination of an initial lump sum cash deposit and an increased rate of contributions as approved by the Board. The payments for any of these service purchases must be completed in a period of five years or less. Contributions that are made as a percentage of periodic pay may be considered as "picked-up" by the employer as described in Subsection 1.216(5) or may be made on an after-tax basis, at the election of the member prior to the first such payment. This election is irrevocable. Subsequent to the election to purchase service, the member may not amend or revoke a pickup election and except as described below, may not make any direct payments for any service so purchased. The contribution or portion of the contribution paid in an initial cash deposit will not be considered "picked-up." In the event that a member terminates employment prior to completion of the payments over the period elected, the City will reduce the final payroll amount due the member attributable to reimbursement for unpaid vacation, sick leave or other extraordinary forms of compensation (accrued pay) by the lesser of the accrued pay amount or the amount remaining unpaid. Any amounts thereafter remaining unpaid may be paid to the retirement system on a lump-sum, after-tax basis within thirty (30) days of termination of employment. If any amount remains unpaid thirty (30) days after termination of employment, then the additional service purchase will be reduced to reflect the number of months of additional service for which payments have not been received.

(8) Sick Leave Conversion. Employees who hold positions identified below may, from and after the date specified, use accumulated and unused sick leave standing to the eligible employee's credit at the time of retirement (or resignation, if noted below) for the purpose of purchasing additional credited service which shall be recognized for the sole purpose of computing the member's life allowance as provided in Section 1.205, and not for determining eligibility for a benefit or for any other purpose.

(a) From and after January 1, 2005, Crime Scene Technician members represented by the GRPOA bargaining unit who either resign or retire with ten (10) or more years of continuous service may use up to a maximum of one thousand two hundred sixty-five (1,265) hours of accumulated sick leave to purchase up to one (1) year of such additional credited service, on a pro rata basis.

(b) From and after January 1, 2005, members of the Emergency Communication Operators I, II, and III bargaining unit who either resign or retire with ten (10) or more years of continuous service may use up to a maximum of two thousand eighty (2,080) hours of accumulated sick leave to purchase up to one (1) year of such additional credited service, on a pro rata basis.

(c) From and after January 1, 2005, members of the Emergency Communication Supervisors bargaining unit who either resign or retire with ten (10) or more years of continuous service may use up to a maximum of two thousand eighty (2,080) hours of accumulated sick leave to purchase up to one (1) year of such additional credited service, on a pro rata basis.

(d) From October 21, 2008 through January 25, 2010, members who are 61st District Court Management Non-Represented; and Non-Represented Supervisors, Administrative, Clerical and Executive Classifications; and Appointed Officials who either

resign or retire with ten (10) or more years of continuous service may use up to two thousand eighty (2,080) hours of accumulated sick leave to purchase up to one (1) year of such additional credited service, on a pro rata basis.

(e) From and after October 21, 2008, members of the APAGR or APAGR 61st District Court bargaining units who either resign or retire with ten (10) or more years of continuous service may use up to two thousand eighty (2,080) hours of accumulated sick leave to purchase up to one (1) year of such additional credited service, on a pro rata basis.

(f) From and after March 24, 2009, members of the GREIU bargaining unit who either resign or retire with ten (10) or more years of continuous service may use up to two thousand eighty (2,080) hours of accumulated sick leave to purchase up to one (1) year of such additional credited service, on a pro rata basis.

(g) From and after May 26, 2009, members of the 61st District Court GREIU bargaining unit who either resign or retire with ten (10) or more years of continuous service may use up to two thousand eighty (2,080) hours of accumulated sick leave to purchase up to one (1) year of such additional credited service, on a pro rata basis.

(h) From and after July 9, 2009, members of the Library GREIU Rank & File and Supervisory bargaining units who either resign or retire with ten (10) or more years of continuous service may use up to two thousand eighty (2,080) hours of accumulated sick leave to purchase up to one (1) year of such additional credited service, on a pro rata basis.

(i) From and after January 26, 2010, Non-Represented Members as defined in Section 1.192(18.1) who either resign or retire with ten (10) or more years of continuous service may use up to two thousand eighty (2,080) hours of accumulated sick leave to purchase up to one (1) year of such additional credited service, on a pro rata basis.

Any such additional credited service purchased with accumulated sick leave shall be subject to the overall credited service limitation of Section 1.202(1) herein, or the allowance cap provisions applicable under Section 1.205 herein.
(Ord. No. 72-50, 6-27-72; Ord. No. 80-10, 2-19-80; Ord. No. 88-31, § 3, 5-17-88; Ord. No. 98-48, § 1, 11-3-98; Ord. No. 98-55, § 1, 11-24-98; Ord. No. 99-78, § 1, 12-21-99; Ord. No. 2002-50, § 3, 8-20-02; Ord. No. 2005-29, § 3, 5-17-05; Ord. No. 2009-49, § 3, 9-15-09; Ord. No. 2010-48, § 1, 8-24-10)

Sec. 1.203. Age and Service Retirement Eligibility.

Any member in employer service may retire with a life allowance provided for in Section 1.205 upon written application to the Board setting forth at what time not less than thirty (30) days nor more than ninety (90) days subsequent to the execution and filing thereof the member desires to be retired; provided, that at the time so specified for retirement the member shall have attained the minimum service retirement age, and shall have ten (10) or more years of credited service in force, notwithstanding that during such period of notification the member may have separated from service. The member shall have the right to elect an option provided for in Section 1.206.

Any member in employer service who has not attained the minimum service retirement age and who is not eligible for Section 1.209 Special Early Retirement may retire and receive the allowance provided for in Section 1.205 (no age adjustment factor for early retirement) upon written application to the Board setting forth at what time, not less than thirty (30) days nor more than ninety (90) days subsequent to the execution and filing thereof, retirement is desired; provided, at the time so specified for his or her retirement the member shall have thirty (30) or more years of eligible service with the employer or effective January 1, 2001, for members covered by the Emergency Communications Operators Bargain-

ing Unit, eight (8) years of service and fifty-five (55) years of age. The member retiring under this Section shall have the right to elect an option provided for in Section 1.206. Eligible service shall be defined as credited service and in addition thereto time spent on leave of absence (including time spent on leave of absence for military service which has not been credited as service under Section 1.202(2) of this Article); provided, however, that such leave of absence time shall not exceed two (2) years in total, time in excess of two (2) years will not be included in computing total eligible service; and further provided, that such leave of absence time shall be excluded from the calculation of the allowance provided for in Section 1.205.

For Appointed Officers retiring under this section having elected to reenter the System as permitted by Section 1.285, eligible service shall be defined as all time spent employed by the City, from the date upon which permanent employment commenced. As provided in this Section, eligible service shall include time spent on leave of absence not to exceed two (2) years. No credit shall be given for time during which such appointed officer may have served the City as a seasonal, temporary, contractor or otherwise less than full time employee.

(Ord. No. 72-50, 6-27-72; Ord. No. 81-8, 1-27-81; Ord. No. 88-31, § 4, 5-17-88; Ord. No. 98-48, § 1, 11-3-98; Ord. No. 99-1, § 1, 1-5-99; Ord. No. 2009-49, § 4, 9-15-09)

Sec. 1.204. Compulsory Retirement.

There shall be no compulsory retirement. However, no member shall accrue any benefits to exceed those provided in Sections 1.202(l) and 1.205.

(Ord. No. 72-50, 6-27-72; Ord. No. 88-31, § 5, 5-17-88; Ord. No. 98-48, § 1, 11-3-98)

Sec. 1.205. Life Allowance.

Upon a member's retirement as provided in this Chapter, the member shall receive a life allowance equal to the applicable percent of final average salary multiplied by the member's period of credited service to the nearest one-twelfth (1/12) year up to a maximum of forty (40) years of credited service, or, if applicable, up to the allowance cap as defined in Section 1.192(4)(a) herein. The applicable percent of final average salary (Benefit Multiplier) and the Allowance Cap, if any, are provided in the following table for the applicable member groups:

Covered Employee Group	*Date of Termination*	*Benefit Multiplier*	*Allowance Cap [apply as indicated and remain in effect for subsequent termination dates unless otherwise amended]*
All Employees	July 1, 1978 to June 30, 1982	2.0%	
	July 1, 1982 to December 31, 1987	2.2%	
	January 1, 1988 to December 31, 1996	2.4%	
	On or after January 1, 1997	2.5%	
GRPOA-Crime Scene Tech/Latent Print Examiners	January 1, 1997 to June 30, 1999	2.4%	
GRPOA-Crime Scene Tech/Latent Print Examiners	July 1, 1999 to June 30, 2002	2.5%	
GRPOA-Crime Scene Tech/Latent Print Examiners	July 1, 2002—July 7, 2012	2.7%	100% applicable to CST's hired prior to January 1, 2002 90% applicable to CST's hired from January 1, 2002—November 14, 2011

Covered Employee Group	*Date of Termination*	*Benefit Multiplier*	*Allowance Cap [apply as indicated and remain in effect for subsequent termination dates unless otherwise amended]*
GRPOA-Crime Scene Tech/Latent Print Examiners	July 8, 2012—	2.7%, 2.5%, 2.2%, 2.0% or 1.8% for future service from and after July 8, 2012, depending on the individual election made by the employee as provided in Section 1.229(9)	100% applicable to CST's hired prior to January 1, 2002 90% applicable to CST's hired from January 1, 2002—November 14, 2011
ECOs I, II and III	January 1, 2002—March 31, 2012	2.7%	100% applicable to ECO's I, II and III hired on or before May 6, 2002 90% applicable to ECO's I, II, and III hired on or after May 7, 2002
ECOs I, II and III	April 1, 2012—	2.7%, 2.5%, 2.2%, 2.0% or 1.8% for future service from and after April 1, 2012, depending on the individual election made by the employee as provided in Section 1.229(10)	100% applicable to ECO's I, II and III hired on or before May 6, 2002 90% applicable to ECO's I, II, and III hired from May 7, 2002—January 23, 2012
APAGR	January 1, 2003—December 31, 2004	2.6%	97.5% for employees hired prior to January 1, 2005
APAGR	January 1, 2005—June 11, 2011	2.7%	97.5% for employees hired prior to January 1, 2005 94.5% for employees hired on or after January 1, 2005
APAGR	June 12, 2011—	2.7% or 2.5% or 2.2% for future service from and after June 12, 2011, depending on the individual election made by the employee as provided in Section 1.229(3) 2.0% for members hired or re-entering service on or after June 12, 2011	97.5% for employees hired prior to January 1, 2005 94.5% for employees hired from January 1, 2005—June 30, 2014
APAGR 61st District Court	January 1, 2003—December 31, 2004	2.6%	97.5% for employees hired prior to January 1, 2005
APAGR 61st District Court	January 1, 2005—July 7, 2012	2.7%	97.5% for employees hired prior to January 1, 2005 94.5% for employees hired from January 1, 2005—September 12, 2011
APAGR 61st District Court	July 8, 2012—	2.7%, 2.5%, 2.2%, 2.0% or 1.8% for future service from and after July 8, 2012, depending on the individual election made by the employee as provided in Section 1.229(8)	97.5% for employees hired prior to January 1, 2005 94.5% for employees hired from January 1, 2005—September 12, 2011
Non-Represented Members as defined in Section 1.192(18.1)	January 1, 2005—September 4, 2010	2.7%	97.5% for employees hired prior to January 1, 2005 94.5% for employees hired on or after January 1, 2005
Non-Represented Members as defined in Section 1.192(18.1)	September 5, 2010—	2.7% or 2.5% or 2.2% for future service from and after September 5, 2010, depending on the individual election made by the employee as provided in Section 1.229(1) 2.0% for non-represented members hired or re-entering service from September 5, 2010 through June 30, 2011	97.5% for employees hired prior to January 1, 2005 94.5% for employees hired from January 1, 2005 through June 30, 2011
61st District Court Judges	January 1, 2005—January 8, 2011	2.7%	97.5%
61st District Court Judges	January 9, 2011—	2.7% or 2.5% or 2.2% for future service from and after January 9, 2011, depending on the individual election made by the employee as provided in Section 1.229(2)	97.5%

Covered Employee Group	*Date of Termination*	*Benefit Multiplier*	*Allowance Cap [apply as indicated and remain in effect for subsequent termination dates unless otherwise amended]*
Museum Full-Time Supervisory and Administrative Staff and Museum Non-Supervisory Staff	January 1, 2005—June 30, 2006	2.7%	97.5% for employees hired prior to January 1, 2005 94.5% for employees hired on or after January 1, 2005
Library Management and Confidential Employees	January 1, 2005—September 4, 2010	2.7%	
EC Supervisors	January 1, 2006—January 7, 2012	2.7%	90% applicable for all employees entering this unit after July 1, 2004
EC Supervisors	January 8, 2012—	2.7%, 2.5%, 2.2%, 2.0% or 1.8% for future service from and after January 8, 2012, depending on the individual election made by the employee as provided in Section 1.229(5)	90% applicable for all employees entering this unit after July 1, 2004
GREIU	January 1, 2005—July 7, 2012	2.7%	97.5% for employees hired prior to January 1, 2005 94.5% for employees hired from January 1, 2005—May 24, 2011
GREIU	July 8, 2012—	2.7%, 2.5%, 2.2%, 2.0% or 1.8% for future service from and after July 8, 2012, depending on the individual election made by the employee as provided in Section 1.229(4)	97.5% for employees hired prior to January 1, 2005 94.5% for employees hired from January 1, 2005—May 24, 2011

Sec. 1.206. Allowance Options.

(1) Under such rules and regulations and limitations as the Board shall adopt, before the date the first payment of his or her allowance becomes due but not thereafter, a person about to become a retirant may elect to receive an optional form of allowance in lieu of the allowance otherwise payable to him or her as described in Section 1.205. The value of each such optional form of allowance shall be the actuarial equivalent of the value of the allowance otherwise payable to him or her.

The optional forms of allowance made available by the Board shall be the forms following or such other forms the Board approves:

(a) *Option B-100.* Upon the death of a retirant who elected Option B100, one hundred (100%) percent of the reduced allowance to which the retirant would have been entitled had the retirant lived shall be paid to the retirant's surviving beneficiary for the lifetime of such surviving beneficiary.

(b) *Option B-75.* Upon the death of a retirant who elected Option B75, seventy-five (75%) percent of the reduced allowance to which the retirant would have been entitled had the retirant lived shall be paid to the retirant's surviving beneficiary for the lifetime of such surviving beneficiary.

(c) *Option B-50.* Upon the death of a retirant who elected Option B50, fifty (50%) percent of the reduced allowance to which the retirant would have been entitled had the retirant lived shall be paid to the retirant's surviving beneficiary for the lifetime of such surviving beneficiary.

(d) *Option B-25.* Upon the death of a retirant who elected Option B25, twenty-five (25%) percent of the reduced allowance to which the retirant would have been entitled had the retirant lived shall be paid to the retirant's surviving beneficiary for the lifetime of such surviving beneficiary.

(e) *Option B-100 Pop-up.* Same as Option B-100 with the added provision that if the designated beneficiary predeceases the retirant, the allowance shall be returned to the amount of the life allowance that would have been payable if no optional form of payment had been elected. Such change shall be made effective the month following the month in which the joint beneficiary died.

(f) *Option B-75 Pop-up.* Same as Option B-75 with the added provision that if the designated beneficiary predeceases the retirant, the allowance shall be returned to the amount of the life allowance that would have been payable if no optional form of payment had been elected. Such change shall be made effective the month following the month in which the joint beneficiary died.

(g) *Option B-50 Pop-up.* Same as Option B-50 with the added provision that if the designated beneficiary predeceases the retirant, the allowance shall be returned to the amount of the life allowance that would have been payable if no optional form of payment had been elected. Such change shall be made effective the month following the month in which the joint beneficiary died.

(h) *Option B-25 Pop-up.* Same as Option B-25 with the added provision that if the designated beneficiary predeceases the retirant, the allowance shall be returned to the amount of the life allowance that would have been payable if no optional form of payment had been elected. Such change shall be made effective the month following the month in which the joint beneficiary died.

For employees who retire on or after January 1, 1997, who are not members of the Association of Professional Administrators, the actuarial reduction attributable to the survivor option election will be calculated using the ages of the member and spouse at the earlier of the date the member completes forty (40) years of service or the date of retirement.

(2) Effective July 1, 1989, benefits payable under any provision of this System will commence not later than the later of the following:

(a) April 1 of the calendar year following the calendar year in which the member retires; or

(b) April 1 of the calendar year following the calendar year in which the member attains or would have attained age seventy and one-half (70½).

Payments to beneficiaries other than surviving spouses will commence not later than one year after the death of the member or former member.

If death benefits are payable to anyone other than a surviving spouse or designated beneficiary, the entire death benefit must be paid within five years after the death of the member.

If payments have commenced to the member or former member prior to his death, then the remaining benefits will be paid to his beneficiary at least as rapidly as under the method of payment made to the member or former member as of the date of death.

No distribution shall be made in a form or over a period longer than permitted in Code Section 401(a)(9) and regulations thereunder, including the incidental death benefit requirements contained therein. These limitations override any inconsistent distribution options.
(Ord. No. 72-50, 6-27-72; Ord. No. 84-14, § 1, 3-13-84; Ord. No. 98-48, § 1, 11-3-98)

Sec. 1.207. Terminal Benefit Covering Retirant.

In the event a retirant dies before he or she has received in allowance payments an aggregate amount equal to his or her accumulated contributions standing to his or her credit in the members' deposit fund at the time of his or her retirement, the difference between such accumulated contributions and such aggregate amount of allowance payments received by him or her shall be paid to such person as he or she shall have nominated by written designation duly executed and filed with the Board. If there be no such designated person surviving such retirant, such difference, if any, shall be paid to the retirant's estate. In no case shall any benefits be paid under this Section on account of the death of a retirant if any allowance becomes payable by the System on account of his or her death.
(Ord. No. 72-50, 6-27-72; Ord. No. 98-48, § 1, 11-3-98)

Sec. 1.208. Early Retirement.

(1) Any member in employer service who has not attained his or her minimum service retirement age and who is not eligible for Section 1.209 special early retirement may retire with an early allowance provided for in (2) of this Section upon his or her written application to the Board setting forth at what time not less than thirty (30) days nor more than ninety (90) days subsequent to the execution and filing thereof he or she desires to be retired; provided, that at the time so specified for his or her retirement the member shall either (i) have twenty (20) or more years of credited service in force, or (ii) shall have attained age fifty-five (55) and have ten (10) or more years of credited service in force. He or she shall have the right to elect an option provided for in Section 1.206.

(2) Upon early retirement a member shall receive a percentage of the allowance provided for in Section 1.205, in accordance with the following

table of actuarial equivalent percents:

Age Last Birthday at Time of Retirement	*Percent of Section 1.205 Allowance*	*Age Last Birthday at Time of Retirement*	*Percent of Section 1.205 Allowance*
37	19.94%	50	41.86%
38	21.01	51	44.62
39	22.16	52	47.63
40	23.38	53	50.91
41	24.68	54	54.49
42	26.08	55	58.41
43	27.58	56	62.72
44	29.19	57	67.45
45	30.92	58	72.68
46	32.78	59	78.46
47	34.79	60	84.87
48	36.96	61	92.02
49	39.31	62	100.00

(Ord. No. 72-50, 6-27-72; Ord. No. 98-48, § 1, 11-3-98)

Sec. 1.209. Special Early Retirement.

(1) Any member in employer service who has not attained his or her minimum service retirement age but who has attained the age of sixty (60) years shall receive a special early allowance provided for in (2) of this Section effective the first day of the calendar month following his or her termination of employer service, if the City Manager shall determine that such retirement is in the best interests of the City. Such determination shall be stated in writing and filed with the Board and the Civil Service Board. A copy of such determination shall be served personally or be certified mail upon such member. Within thirty (30) days of service upon him or her such member shall have a right to appeal such determination to the Civil Service Board by filing a written notice of appeal with the Civil Service Board. The Civil Service Board shall set a time and place for hearing such appeal, and such member shall have the right to appear at such hearing, to present evidence and to be represented by counsel. If the Civil Service Board shall determine that the retirement of such members is in the best interest of the City, it shall affirm the determination of the City Manager, and, if not, it shall set the same aside.

(2) Upon special early retirement a member shall receive the allowance provided for in Section 1.205 (no age adjustment factor for early retirement). He or she shall have the right to elect an option provided for in Section 1.206.
(Ord. No. 72-50, 6-27-72; Ord. No. 95-41, § 1, 7-11-95; Ord. No. 95-42, § 1, 7-11-95; Ord. No. 98-48, § 1, 11-3-98)

Sec. 1.209.1. Disability Retirement.

(1) Any member in employer service with ten (10) or more years of credited service who has not attained his or her minimum service retirement age and who becomes totally and permanently physically or mentally incapacitated for his or her duty as an employee, as the result of a personal injury or disease which the Board finds to have arisen other than in the course of his or her actual performance of duty as an employee, may be retired by the Board upon written application filed with the Board by or on behalf of the member; provided, that after a medical examination of such member made by or under the direction of a Medical Committee consisting of three (3) physicians, one (1) of whom shall be selected by the Board, one (1) by or on behalf of such member, and the third by the first two (2) physicians so named, the said Medical Committee reports to the Board, by majority opinion in writing, that such member is physically or mentally totally incapacitated for the further performance of duty, that such incapacity will probably be permanent, and that such member should be retired.

(2) Upon disability retirement as provided in (1) of this Section a member shall receive an allowance provided for in Section 1.205 and shall have the right to elect an option provided for in Section 1.206. His or her disability retirement and allowance shall be subject to the provisions of (5) of this Section and to the provisions of Section 1.209.2.

(3) Any member in employer service who has not attained his or her minimum service retirement age and who becomes totally and permanently physically or mentally incapacitated for

his or her duty as an employee, as the natural and proximate result of a personal injury or disease which the Board finds to have arisen out of and in the course of his or her actual performance of duty as an employee, may be retired by the Board upon written application filed with the Board by or on behalf of the member; provided, that after a medical examination of such member made by or under the direction of a Medical Committee consisting of three (3) physicians, one (1) of whom shall be selected by the Board, one (1) by or on behalf of such member, and the third by the first two (2) physicians so named, the said Medical Committee reports to the Board, by majority opinion in writing, that such member is physically or mentally totally incapacitated for further performance of duty, that such incapacity will probably be permanent, and that such member should be retired.

(4) Upon disability retirement as provided in (3) of this Section a member shall receive an allowance provided for in Section 1.205; provided, that in no event shall such allowance be less than fifty (50) percent of their final average salary. For civilian classifications represented by the Police Bargaining Units: Crime Scene Technicians - Prisoner Security Clerks and Emergency Communications Operators I and II, the allowance shall not be less than sixty-two (62) percent of their final average salary. They shall have the right to elect an option provided for in Section 1.206. Their disability retirement and allowance shall be the subject to the provisions of (5) of this Section and to the provisions of Section 1.209.2.

(5) (a) At least each year during the first five (5) years following a member's retirement on account of disability, and at least once in each three-year period thereafter, the Board may require any disability retirant who has not attained his or her minimum service retirement age to undergo a medical examination to be made by or under the direction of a physician designated by the Board. If such a retirant refuses to submit to such medical examination in any such period his or her disability allowance may be suspended by the Board until his or her withdrawal of such refusal. If such refusal continues for one (1) year all his or her rights in and to a disability allowance may be revoked by the Board. If, upon such medical examination of such retirant, such physician reports to the Board that the said retirant is physically and mentally able and capable of resuming his or her duty as an employee in the position held by him or her at the time of his or her disability retirement, then the Board shall arrange a further medical examination of such member made by or under the direction of a Medical Committee consisting of three (3) physicians, one (1) of whom shall be selected by the Board, one (1) by or on behalf of such member, and the third by the first two (2) physicians so named. Should the Medical Committee concur, by majority opinion in writing to the Board, in the finding that such disability retirant is capable of such resumption of duty, his or her disability retirement shall terminate and he or she shall be returned to duty.

(b) Upon a former disability retirant's return to duty as provided in this subsection, he or she shall immediately again become a member of the System, and his or her credited service at the time of his or her disability retirement shall be restored to his or her credit, and the amount of his or her accumulated contributions at the time of his or her disability retirement shall be restored to his or her credit in the members' deposit fund. If he or she was in receipt of a duty disability allowance provided for in (3) of this Section, he or she shall also be given service credit for the period he or she was in receipt of such duty disability allowance.

(Ord. No. 72-50, 6-27-72; Ord. No. 74-68, 8-20-74; Ord. No. 90-29, § 2, 3-20-90; Ord. No. 98-48, § 1, 11-3-98)

Sec. 1.209.2. Limit on Death or Disability Pensions.

If a death allowance is payable under the provisions of Section 1.211, or if a disability allowance is payable under the provisions of Section 1.209.1, then in no event shall the total amount of such System allowances exceed ninety (90%) percent of the amount of his or her annual rate of compensation at time of death or disability, as the case may be, less the total of the following amounts:

(a) Workmen's compensation, if any, on account of such death or disability. Payment of workmen's compensation on account of a disability or death shall not prohibit payment of any System allowance on account of the same disability or death, but shall reduce the amount of such allowance.

(b) Remuneration, if any, received by such retirant for personal services rendered by him or her in any gainful occupation;

(c) Benefits, if any, from the Federal social security old-age, survivors, and disability insurance program on account of such death or disability.

(Ord. No. 72-50, 6-27-72; Ord. No. 74-68, 8-20-74; Ord. No. 98-48, § 1, 11-3-98)

Sec. 1.209.3. Deferred Retirement.

(1) Should a member with eight (8) or more years of credited service cease to be a member, except by death or retirement, before attaining minimum service retirement age, as defined in Section 1.192 and before being eligible for an early allowance as provided in Sections 1.208 and 1.209, or being eligible, elects against receiving such early allowance, such member shall be entitled to a deferred allowance provided for in this Section; provided that the member does not withdraw his or her accumulated contributions from the members' deposit fund. Such deferred allowance shall commence as of the first day of the calendar month next following the later of:

The attainment of the member's minimum service retirement age, or

The date the member's written application therefore is received by the Board.

The members who, being eligible, elect against receiving an early allowance, may elect commencement of the early allowance on the first day of the month following each anniversary of employment termination following eligibility for early retirement as described in Sec. 1.208(1), above, by filing a written application therefor. The member shall have the right to elect an option provided for in Section 1.206 at the time of filing such written application.

For purposes of determining whether a member has eight (8) years of credited service for purposes of determining eligibility for benefits under this System, prior or subsequent periods of services while a member of the Police and Fire Retirement System of the employer shall be considered if the member has at least three (3) years of credited service in each system. Such service shall not be considered for purposes of determining the amount of life allowance hereunder. Rather, the amount of life allowance under this System shall be determined by the compensation and years of credited service while a member of this System. The Board shall have the authority to agree with the Board of Trustees of the City of Grand Rapids Police and Fire Retirement System to transfer assets from or to the Grand Rapids Police and Fire Retirement System so that all benefits of a member from both systems will be paid by only one such Retirement System in an amount equal to the sum of the values of the benefits earned under both systems.

Members vested with eight (8) or more years of service who cease to be a member by virtue of accepting the officer's option plan provided for in Section 1.283 of Chapter 7, Title I of the Code of the City of Grand Rapids, or who cease active membership in the System for any other reason and elect the deferred option of this Section, are entitled to the provisions outlined above. The deferred benefit will be the life allowance in Section 1.205 calculated using the final average compensation, the benefit percentage, the period of credited service, and other conditions in effect at the time the member ceased being a member of the System. Because the officer's option plan is

entered into in lieu of any and all life allowances under the General Retirement System, the enhancement of any life allowance after the member ceased being a member is prohibited.

(2) A former member, or person designated by that member as beneficiary, otherwise entitled to a deferred allowance shall be entitled to a deferred allowance if written application therefor is received by the Board from the member or beneficiary as described below in accordance with Section 1.209.3(1) above, but not later than the date the member attains or would have attained age seventy-five (75). In the event such former member does not so live, has not designated a beneficiary, or in the event such written application is not received by the Board within the time limits specified, no benefits whatsoever shall be paid except under the provisions of Section 1.212.

(3) In the event of the death of a former member who has deferred pension rights, the designated primary beneficiary shall have the immediate option of electing to receive the deferred benefit subject to the early retirement actuarial equivalent age reduction found in Section 1.208(2), if any, in accordance with Section 1.209.3(1), based upon the age that the former member would have attained at the time application is made, at any time after the death of a former member who has deferred pension rights.

For purposes of this Section, the beneficiary must be on file in the pension records and designated by the member as the primary beneficiary. In such case, it will be presumed that Option B-100 was elected. The distribution of benefits will be effective and prorated at the end of the month of application and in no case will the payment of any benefit in this Section 1.209.3 be retroactive.
(Ord. No. 72-50, 6-27-72; Ord. No. 88-31, § 7, 5-17-88; Ord. No. 90-29, § 3, 3-20-90; Ord. No. 94-42, § 1, 11-1-94; Ord. No. 98-48, § 1, 11-3-98)

Sec. 1.209.4. 2002 Voluntary Retirement Incentive.

(1) On February 26, 2002, a Voluntary Retirement Incentive Plan (the "Plan") was adopted by the Grand Rapids City Commission (the "City") which provided that employees who are members of the System, other than elected and appointed officials, and who, in addition to satisfying the requirements of Section 2(B) of such "Plan" also satisfy all of the following requirements, are eligible to receive the retirement incentive set forth in subsection (2) below:

(a) The employee must be eligible for normal age and service retirement under Section 1.203 utilizing his or her years of credited service and the two (2) years of additional credited service granted to individuals who retire under this Section. For purposes of this subsection, "years of credited service" does not include any months of credited service purchased under Section 1.202(6).

(b) The employee must be employed and actively working for the City or on an approved leave of absence on February 26, 2002. For purposes of this subsection, "actively employed" means that an employee is physically at work performing duties or is on an approved paid leave of absence (e.g. worker's compensation or FMLA leave) and does not include individuals who retired on or before February 26, 2002.

(c) The employee must have at least twenty-eight years of credited service; or be age 62 and have at least six (6) years of credited service; or be a member of the Emergency Communications Operators bargaining unit and be age 55 and have at least six (6) years of credited service. For purposes of this subsection, "years of credited service" does not include any months of credited service purchased under Section 1.202(6).

(d) The employee must sign and deliver the Retirement Election and Release Agreement to the City not later than 4:00 p.m. on April 30, 2002 and shall terminate employment with the City on or before June 30, 2002, with a retirement date the first day of the month following termination. The minimum thirty (30) day notifi-

cation required by Section 1.203 shall be waived if necessary to allow an employee to retire under this Section.

(2) Employees who retire after satisfying all of the requirements of subsection (1) above shall be entitled to a Life Allowance payable under Section 1.205 (no age adjustment factor for early retirement), calculated using their credited service under Section 1.202 and two (2) additional years of credited service provided hereunder, provided, however, that the provisions of Section 1.202(1) to the contrary not withstanding, no employee retiring under this Section shall be eligible to receive a Life Allowance payable under Section 1.205 that is greater than 100% of his or her final average salary. Employees retiring under this Section shall have the right to elect an option provided for in Section 1.206.

(3) The retirement incentive of two (2) additional years of credited service as set forth in subsection (2) above shall not be provided to an eligible employee who, before his or her selected retirement date, quits, becomes eligible for disability retirement under the System, dies or otherwise is unwilling or unable to remain in the active employment of the city, or files for and receives unemployment compensation chargeable to the City's account. All costs associated with the retirement incentive provided for in subsection (2) above shall be funded in accordance with Section 1.221(1), (2), (3), (5) and (6).
(Ord. No. 2002-16, § 1, 3-19-02)

Sec. 1.209.5. 2003 Voluntary Retirement Incentive—G.R. Public Museum.

(1) On March 5, 2003, a Voluntary Retirement Incentive Plan (the "Plan") for employees working for the Board of Art and Museum Commissioners at the Public Museum of Grand Rapids (the "Employees") was adopted by the Board of Art and Museum Commissioners of the City of Grand Rapids (the "Public Museum"), which provided that such employees who are members of the System, and who satisfy the requirements of Section 1 of the Plan and all of the following requirements, are eligible to receive the retirement incentive set forth in Subsection (2) below:

(a) The employee must be actively working for the Public Museum and have between twenty-six (26) and thirty (30) years of credited service as a member of the System as of June 30, 2003. Employees on leave at the time of the application or the time of the last scheduled day of work will not be eligible. Approved vacation leave or other leave approved by the Museum Director, however, will not disqualify an employee from participation. For purposes of this subsection, "years of credited service" does not include any months of credited service purchased under Section 1.202(6).

(b) The employee must be eligible for the thirty-year credited service retirement under Section 1.203 utilizing his or her years of credited service and the years of additional credited service up to a maximum of four (4) years granted to individuals who retire under this Section 1.209.5. For purposes of this subsection, "years of credited service" will include any months of credited service purchased under Subsection (1)(c), below.

(c) An employee with at least twenty-four (24) but less than twenty-six (26) years of credited service without counting any service purchased under Section 1.202(6), may purchase up to twenty-four (24) months of additional credited service, which will be counted as credited service toward the twenty-six-year minimum for eligibility for the Plan, for determining satisfaction of the thirty-year requirement of Section 1.203, and for determining the employee's Life Allowance under Section 1.205. An employee may not purchase months of credited service under this Subsection (1)(c) in excess of the amount needed to reach twenty-six (26) years of service. For purposes of this Subsection (1)(c), any months of service purchased will be in addition to any months of credited service previously purchased under Section 1.202(6). Such service must be purchased prior to June 30, 2003, at the actual cost as determined by the System's actuaries, using the same factors used to determine the cost for the Public Museum

to purchase additional credit for the employee under Subsection (1)(b), above, and must be paid for in full by June 30, 2003, in accordance with Subsection (4), below.

(d) Employees who have signed and delivered the Retirement Election and Release Agreement to the Public Museum not later than 5:00 p.m. on March 14, 2003, will terminate employment with the City of Grand Rapids and the Public Museum on June 30, 2003, with a retirement date of July 1, 2003. The minimum thirty-day notification required by Section 1.203 will be waived if necessary to allow an employee to retire under this Section 1.209.5.

(2) Employees who retire after satisfying all of the requirements of Subsection (1), above, will be entitled to a Life Allowance payable under Section 1.205 (no age adjustment factor for early retirement), calculated using their credited service under Section 1.202 and up to four (4) additional years of credited service provided under Subsection (1)(b), above, and up to two (2) years provided in Subsection (1)(c), above; provided, however, that no employee retiring under this Section will be eligible to receive a Life Allowance payable under Section 1.205 that is greater than that which is based on years of credited service greater than thirty (30) years plus the amount of credited service purchased under Section 1.202(6). Employees retiring under this Section 1.209.5 will have the right to elect an option provided for in Section 1.206.

(3) The retirement incentive of up to four (4) additional years of credited service as set forth in Subsection (2), above, will not be provided to an eligible employee who, before June 30, 2003 date, quits, becomes eligible for disability retirement under the System, dies or otherwise is unwilling or unable to remain in the active employment at the Public Museum, or files for and receives unemployment compensation chargeable to the Public Museum's or the City of Grand Rapids' account. All costs for the present value of future benefits (PVFB) associated with the retirement incentive provided for in this Section 1.209.5 which are not paid by an employee, will be calculated by the System's actuaries and paid by the Public Museum to the General Retirement System, in full, on or before June 30, 2003.

(4) Payment to purchase the up to twenty-four (24) months of credited service provided for in Subsection (1)(c), above, must be made not later than 4:00 p.m. on June 30, 2003. The amount due will be determined under Subsection (1)(b), above, and paid by one (1) of the following methods:

(a) By a single lump sum payment of the total amount to the General Retirement System; or

(b) By a Trustee to Trustee transfer of the total amount to the System from an eligible retirement plan, ("eligible retirement plan") as defined in Section 1.212(6)(b).

Any amount owing under this Subsection (4) that is unpaid at 4:00 p.m. on June 30, 2003 will be disregarded and will not be used in determining the employee's satisfaction of the requirements of Subsection (1), above, or the employee's eligibility to receive the retirement incentive set forth in Subsection (2), above.
(Ord. No. 2003-16, § 1, 4-29-03)

Sec. 1.209.6. 2006 Voluntary Retirement Incentive—Grand Rapids Public Library.

(1) On May 30th, 2006 a Voluntary Retirement Incentive Plan (the "Plan") for employees working for the Board of Library Commissioners at the Grand Rapids Public Library (the "Employees") was adopted by the Board of Library Commissioners of the City of Grand Rapids (the "Public Library"), which provided that such employees who are members of the Retirement system and who satisfy the requirements of Section 2 of the Plan and all of the following requirements, are eligible to receive the retirement incentive set forth in Subsection (2) below:

(a) The employee must be actively working for the Public Library and have at least twenty-eight (28) years of credited service as a member of the Retirement System by September 29, 2006 or be age sixty-two (62) or older as of May 30, 2006, with at least six (6) years of credited service. For

purposes of this subsection, "years of credited service" does not include any months of credited service purchased under Section 1.202(6) of the Retirement Plan.

(b) The employee must be eligible for a normal age and service retirement under Section 1.203 utilizing his or her years of credited service and the two (2) years of additional credited service granted to individuals who retire under this Section 1.209.6.

(c) The employee must sign and deliver the Retirement Election and Release Agreement to the Library's Human Resources Department at the Main Downtown Library not later than 5:00 p.m. on September 29, 2006 and shall terminate employment with the City on or before December 31, 2006, with a retirement date the first day of the month following termination. The minimum thirty (30) day notification required by Section 1.203 shall be waived if necessary to allow an employee to retire under this Section.

(2) Employees who retire after satisfying all of the requirements of Subsection (1) above shall be entitled to a Life Allowance payable under Section 1.205 (no age adjustment factor for early retirement) calculated using their credited service under Section 1.202 and two (2) additional years of credited service provided hereunder; provided, however, that the provisions of Section 1.202(1) to the contrary not withstanding, no employee retiring under this Section shall be eligible to receive a Life Allowance payable under Section 1.205 that is greater than 100% of his or her final average salary. Employees retiring under this Section shall have the right to elect an option provided for in Section 1.206.

(3) The retirement incentive of two (2) additional years of credited service as set forth in Subsection (2) above shall not be provided to an eligible employee who, before his or her selected retirement date, quits, becomes eligible for disability retirement under the System, or dies or otherwise is unwilling or unable to remain in the active employment of the City at the Public Library, or files for and receives unemployment compensation chargeable to the City's account. All costs for the present value of future benefits (PVFB) associated with the retirement incentive provided for in this Section 1.209.6 will be calculated by the systems' actuaries and paid by the Public Library to the General Retirement System, in full, on or before December 31, 2006.
(Ord. No. 2006-44, § 1, 6-27-06)

Sec. 1.209.7. 2006 Voluntary Retirement Incentive—Grand Rapids Public Museum.

(1) Any full-time employee of the G.R. Public Museum who is a member of the Retirement System with at least twenty-six and one-half years (26.5) of credited service without counting any service purchased under Section 1.202(6) herein, may purchase up to forty-two (42) months of additional credited service which will be counted as credited service for determining satisfaction of the thirty-year requirement of Section 1.203, and for determining the employee's Life Allowance under Section 1.205. An employee may not purchase months of credited service under this Subsection 1.209.7(1) in excess of the amount needed to reach thirty (30) years of credited service, not counting any years of credited service purchased under Section 1.202(6).

(2) Any employee who elects to purchase credited service under Section 1.209.7(1) above, must make said election, in writing, to the Office of the Executive Director of the General Retirement System on or before June 30, 2006 at 4:00 p.m. and shall pay for such credited service at the actual cost to the Retirement System as determined by the System's actuaries.

(3) The retirement incentive of up to forty-two (42) months of additional credited service as set forth in Subsection (1) above will not be provided to an eligible employee who, before June 30, 2006, quits, becomes eligible for disability retirement under the System, dies or is otherwise unwilling or unable to remain in the active employment at the Public Museum; or files for and receives unemployment compensation chargeable to the Public Museum's or the City of Grand Rapids' account.

(4) Payment to purchase the up to forty-two (42) months of credited service provided for in Subsection (1) above must be made not later than 4:00 p.m. on July 31, 2006. The amount due will be determined under Subsection (2) above and be paid by one of the following methods:

(a) By a single lump sum payment of the total amount to the General Retirement System; or

(b) By a Trustee to Trustee transfer of the total amount to the System from an eligible retirement plan ("eligible retirement plan") as defined in Section 1.212(6)(b); or

(c) By an increased rate of contribution as approved by the Board of Trustees.

Any amount owing under this Subsection (4) that is unpaid at 4:00 p.m. on July 31, 2006 will be disregarded and will not be used in determination of the employee's eligibility to receive a retirement benefit under Section 1.203.

(Ord. No. 2006-45, § 1, 6-27-06)

Sec. 1.210. Termination Bonus.

(1) A termination bonus as herein provided shall be paid on behalf of a member only as provided in Section 1.211 herein, "Member dying while in employer service."

(2) The member's termination bonus shall be an amount determined in (d) below and based upon (a), (b) and (c) below; provided, the Board may defer payment of the amount for ninety (90) days:

(a) The member's contributions on deposit in the System at time of termination, exclusive of any interest credits thereon.

(b) Twenty-five (25) percent, plus seven and one-half (7½) percent for each whole year of his or her credited service in excess of ten (10) years, to a maximum total of one hundred (100) percent.

(c) A percent from the table following, based on the member's attained age last birthday at time of termination.

TERMINATION BONUS TABLE

Attained Age	*Percent*	*Attained Age*	*Percent*
25	35%	45	123%
26	38	46	130
27	41	47	138
28	44	48	145
29	48	49	153
30	51	50	161
31	54	51	170
32	58	52	179
33	62	53	189
34	66	54	200
35	70	55	211
36	74	56	222
37	78	57	235
38	84	58	249
39	88	59	264
40	94	60	280
41	99	61	296
42	105	62	315
43	111	63	335
44	116	64 & up	356

(d) The result of (a) multiplied by (b) multiplied by (c).

(Ord. No. 72-50, 6-27-72; Ord. No. 75-3, 1-14-75; Ord. No. 89-17, § 1, 2-28-89; Ord. No. 98-48, § 1, 11-3-98)

Sec. 1.211. Member Dying While in Employer Service.

(1) If a member dies while in employer service and before retirement there shall be paid a death benefit computed in the same manner as the termination bonus provided for in Section 1.210(2) to the same party receiving the deceased member's accumulated contributions, subject to the provisions of (2) of this Section.

(2) If a member dies while in employer service and before retirement but after becoming eligible to retire with an immediate allowance, and if the party designated as primary beneficiary to receive the member's accumulated contributions in the event of his or her death is one (1) person within the second-degree relationship, upon election of such person the member shall be presumed to have retired effective the date of his or her

death and to have elected option B-100 provided for in Section 1.206 and to have nominated such person as beneficiary thereunder. If (i) the member's death occurs after December 31, 1996, (ii) the member was not represented by any collective bargaining unit or was represented by the Association of Public Administrators, the Grand Rapids Employees Independent Union or the 61st District Court Employee's Association, and (iii) the primary beneficiary is the surviving spouse, then the B-100 benefit amount will not be subject to an early retirement reduction as provided for in Section 1.208(2). Such allowance shall be in place of all other System benefits, and shall be subject to the provisions of Section 1.212(4). In the event the allowance provided for in this Section terminates before there has been paid an aggregate amount equal to the deceased member's accumulated contributions standing to his or her credit in the members' deposit fund at the time of his or her death, the difference between such accumulated contributions and such aggregate amount of allowance payments shall be paid to such person as the member shall have nominated by written designation duly executed and filed with the Board. If there be no such designated person surviving at termination, such difference shall be paid to the member's estate.

(3) In the event a member has received benefits from the System and has not repaid in full amounts payable by him or her to the System, the benefit amounts otherwise provided by this Section shall be withheld, and used to effect repayment, until the total of such withholdings repays in full all amounts payable by him or her to the System.

(Ord. No. 72-50, 6-27-72; Ord. No. 98-48, § 1, 11-3-98; Ord. No. 2007-41, § 2, 7-10-07)

Editor's note—Section 12 of Ord. No. 2007-41 provides for an effective date of July 1, 2007.

Sec. 1.212. Refund of Member's Accumulated Contributions.

(1) In the event a member ceases to be a member other than by death and he or she will not be paid an allowance or any other benefit by the System, he or she shall be paid, upon his or her written application filed with the Board, his or her accumulated contributions standing to his or her credit in the members' deposit fund.

(2) In the event a member dies, and no allowance becomes or will become payable by the System on account of his or her death, his or her accumulated contributions standing to his or her credit in the members' deposit fund at the time of his or her death shall be paid to such person or persons as he or she shall have nominated by written designation duly executed and filed with the Board. If there be no such designated person or persons surviving such member, such accumulated contributions shall be paid to his or her surviving spouse, or to his or her estate if there is no surviving spouse.

(3) In the event a member's membership in the System terminates, and no allowance becomes or will become payable on his or her account, any accumulated contributions standing to his or her credit in the members' deposit fund unclaimed by such member or his or her legal representative within three (3) years from and after the date his or her membership terminated, shall be transferred to the income-expense fund. If thereafter proper application is made for such accumulated contributions, the Board shall pay them from the income-expense fund but without interest after the date payment was first due.

(4) Any member who terminates employer service resulting in an allowance payable by the System and whose accumulated contributions include contributions in excess of two (2%) percent of compensation for the period from January 1, 1956, through December 31, 1964, shall receive, or shall have paid on his or her behalf to his or her beneficiary, an additional lump sum payment equal to such excess, together with interest at the rate of three and one-half (3.5%) percent per annum, compounded annually.

(5) Effective January 1, 1993, a distributee of a member's accumulated contributions may elect to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover.

(6) Definitions relating to payments of member's accumulated contributions effective January 1, 1993:

(a) *Eligible rollover distribution.* An eligible rollover distribution is any distribution of all or any portion of the balance to the credit of the distributee, except that an eligible rollover distribution does not include: any distribution that is one of a series of substantially equal periodic payments (not less than annually) made for the life (or life expectancy) of the distributee or the joint lives (or joint life expectancies) of the distributee and the distributee's designated beneficiary, or for a specified period of ten years or more; any distribution to the extent such distribution is required under Code Section 401(a)(9) of the Code; and the portion of any distribution that is not includable in gross income.

(b) *Eligible retirement plan.* An eligible retirement plan is an individual retirement account described in Code Section 408(a), an individual retirement annuity described in Code Section 408(b), an annuity plan described in Code Section 403(a), a qualified trust described in Code Section 401(a), or a deferred compensation plan described in Code Section 457, that accepts the distributee's eligible rollover distribution. Effective January 1, 2002, in the case of an eligible rollover distribution to the surviving spouse, an eligible retirement plan is defined in the preceding sentence.

(c) *Distributee.* A distributee includes a member or former member. In addition, the member's or former member's surviving spouse and the member's or former member's spouse or former spouse who is the alternate payee under an eligible domestic relations order, as defined in Code Section 414(p) and MCL Section 38.1701, et. seq., are distributees with regard to the interest of the spouse or former spouse. A distributee shall also include a designated beneficiary (other than a surviving spouse) of a deceased member.

(d) *Direct rollover.* A direct rollover is a payment by the System to the eligible retirement plan specified by the distributee.

(7) Rules relating to payments of member's accumulated contributions effective January 1, 1993:

(a) *Notice Requirement.* No less than thirty (30) days and no more than ninety (90) days before a distribution (or as otherwise permitted or required by the Code or regulations promulgated thereunder), the Board shall provide the distributee with a written explanation of:

(i) The rules under which the distribution may be paid in a direct rollover to an eligible retirement plan;

(ii) The rules that require income tax withholding if the distribution is not paid in a direct rollover;

(iii) The rules under which the distributee may rollover the distribution within sixty (60) days of receipt; and

(iv) Any other applicable tax rules.

However, if the distributee affirmatively elects to make or not make a direct rollover, and the distribution is either less than five thousand ($5,000.00) or is paid after the distributee attains age sixty-five (65), an immediate distribution shall not be deemed a violation of the thirty-day notice requirement.

(b) *Limitations on Direct Rollovers.* However, the distributee's right to elect a direct rollover is subject to the following:

(i) A distributee may elect a direct rollover of a portion of the distribution and elect to receive the remaining amount;

(ii) A distributee may not elect direct rollover to more than one eligible retirement plan; and

(iii) The distributee shall supply the Board with any information the Board reasonably requests in connection with the direct rollover.

(c) *Income Tax Withholding*. Mandatory income tax withholding shall apply to the portion of the eligible rollover distribution for which the distributee does not elect direct rollover.

(Ord. No. 72-50, 6-27-72; Ord. No. 97-29, § 2, 6-24-97; Ord. No. 98-48, § 1, 11-3-98; Ord. No. 2002-50, § 4, 8-20-02; Ord. No. 2009-19, § 1, 4-14-09)

Sec. 1.213. Assignments Prohibited.

(1) The right of a person to an allowance, to the return of accumulated contributions, the allowance itself, any allowance option, and any other right accrued or accruing under the provisions of this Article, and all moneys belonging to the System shall not be subject to execution, garnishment, attachment, the operation of bankruptcy or insolvency laws, or any other process of law whatsoever, and shall be unassignable, except as is specifically provided in this Article; provided, that should a member be covered by a group insurance or prepayment plan participated in by the employer, and should he or she be permitted to, and elect to, continue such coverage as a retirant, the Board shall deduct from his or her allowance the payments required of him or her to continue coverage under such group insurance or prepayment plan, and to have deducted dues or membership fees, authorized to be paid to an association of retired municipal or public employees; provided further, that the employer shall have the right of set-off for any claim arising from embezzlement by or fraud of a member, retirant or beneficiary. Effective June 27, 1991 this provision will not apply to any "eligible domestic relations order" as described in (2), below.

(2) A domestic relations order is not an "eligible domestic relations order" unless it meets the requirements of Code Section 414(p)(1)(A)(i) and MCL Section 38.1701, et seq. Such order may award an alternate payee a share of the member's benefit. The order may provide that benefits are payable in any form permitted under the System and permitted by MCL Section 38.1704; provided, however, that the alternate payee may not elect a joint and survivor form of payment contingent on the life of any person except the member. If the alternate payee elects to have benefits commence at any time prior to the member's minimum service retirement date or in a form other than monthly payments for the life of the member, the benefit payable will be actuarially adjusted (based on the actuarial assumptions established pursuant to Section 1.192(3) to reflect payment at a different time and for a different form. The System will allocate to an alternate payee a pro rata share of the member's accumulated contributions as of the date of the award of accrued benefits. Such amount will be segregated for the benefit of the alternate payee and credited with regular interest thereafter. Said amount may be paid to alternate payee pursuant to Section 1.212 as if the alternate payee were the member, if appropriate.

(3) Whenever the System is served with a domestic relations order from a court of competent jurisdiction, the Board will follow the following procedure in determining whether the order constitutes an "eligible domestic relations order" that would be exempt from the general spendthrift protection of this Article:

(a) The Board will notify the member and any "alternate payees" named in the order that the order was served on the System and that objections concerning the order must be submitted in writing within fifteen (15) days;

(b) The Board will determine whether the order is an "eligible domestic relations order" as defined in this section and notify the member and each alternate payee of its determination. If the Board determines that the order is an eligible domestic relations order, the Board will direct the custodian to make payment in accordance with the order except that payment will not be made until the member has attained the age and service requirements for early retirement benefits under Section 1.208;

(c) During the period in which the Board is determining the status of the order, payment of any benefits in dispute will be deferred and the amount of the disputed payments will be segregated in a separate account in the System. If the order is

determined to be an eligible domestic relations order within eighteen (18) months after segregation of the benefits in dispute, the Board will direct the custodian to pay the segregated amount, plus investment credits, to the persons entitled to receive them in accordance with the order;

(d) If the Board determines that the order is not an eligible domestic relations order, or if the eighteen-month period described in (c) has expired and the qualification issue has not been resolved, the Board will direct the custodian to pay the segregated funds to the person or persons who would have received them if the order had not been served on the System. If the Board determines that the order is an eligible domestic relations order after expiration of the eighteen-month period, the order will be applied prospectively only;

(e) If the order is determined not to be an eligible domestic relations order, any amounts segregated pursuant to this procedure will be restored to the account of the member or distributed to the member if eligible for distribution; and

(f) The Board will notify the member and all other alternate payees named in the order of its decision concerning the eligible status of the order. Payments pursuant to the order will be made as soon as practicable after the status of the order has been determined or as soon as the amounts become payable pursuant to this System.

(g) In the event of any dispute as to the amount of benefits payable to the member or alternate payee, such dispute will be resolved in a manner consistent with the terms of MCL § 38.1702(e)(vi) which states that the domestic relations order does not require a plan to provide an increased benefit, determined on the basis of actuarial value.

(4) Benefits payable pursuant to an eligible domestic relations order will be made in accordance with the order and upon proper application by the alternate payee. Payment to the alternate payee may begin any time on or after the member's earliest retirement date regardless of whether the member actually terminates employment at that time if permitted in the Eligible Domestic Relations Order. If the payments begin before the member's termination of employment, the alternate payee will only be entitled to a benefit which is the actuarial equivalent of the alternate payee's share of the member's benefit that would be payable when the member reaches age sixty (60). If the member retires before age sixty (60), the System will recalculate the benefit payable to the alternate payee so that the recalculated benefit payable to the alternate payee plus the benefits previously paid to the alternate payee are the actuarial equivalent of the alternate payee's share of the benefit payable to the member. If the recalculated benefit is more than the benefit the alternate payee is receiving, the System will begin paying the recalculated benefit to the alternate payee effective the first day of the month immediately following the month in which the member retires.

The System will make such actuarial adjustments to the benefits payable hereunder so that the actuarial value of the expected payments to alternate payee and member (assuming normal life expectancies) will be equal to the actuarial value of the member's benefit determined without regard to the eligible domestic relations order.
(Ord. No. 72-50, 6-27-72; Ord. No. 78-29A, 4-25-78; Ord. No. 98-48, § 1, 11-3-98; Ord. No. 2010-47, § 1, 8-24-10)

Sec. 1.214. Benefit Program Before 1971.

Any member terminating employer service before July 1, 1971, shall receive, or shall have paid on his or her behalf, benefits in accordance with the benefit program in effect at time of such termination. Any member terminating employer service after June 30, 1971, and before July 1, 1973, shall choose at time of termination between the benefit program in effect June 30, 1971, or the benefit program in effect July 1, 1971; or, if the termination is the member's death, such choice shall be made by the surviving primary beneficiary designated by him or her.
(Ord. No. 72-50, 6-27-72; Ord. No. 98-48, § 1, 11-3-98)

Sec. 1.215. Accounting Funds of the System.

All the assets of the System shall be held in four (4) funds, namely, the members' deposit fund, the employer accumulation fund, the benefit reserve fund, and the income-expense fund.

Effective July 1, 1971, (i) each member's "refund value," as defined by provisions in force immediately before the July 1, 1971, amendment, shall be credited to his or her individual account in the members' deposit fund, and (ii) all assets of the System not so credited to the members' deposit fund shall be credited to the benefit reserve fund.

(Ord. No. 72-50, 6-27-72; Ord. No. 98-48, § 1, 11-3-98; Ord. No. 2007-41, § 3, 7-10-07)

Editor's note—Section 12 of Ord. No. 2007-41 provides for an effective date of July 1, 2007.

Sec. 1.216. Members' Deposit Fund; Member Contribution Rate.

(1) The members' deposit fund is hereby created. It shall be the fund in which shall be accumulated the contributions made by members to the System for annuities, and from which shall be made transfers and refunds of members' contributions as provided in this Article.

(2) The contributions of a member will be the applicable rate of compensation in the following table. Contributions shall begin following the date the member has completed six (6) months of credited service and shall continue through the end of the calendar year in which the member attains forty (40) years of credited service or until such time as the member has attained the number of years of credited service which, when multiplied by the applicable benefit multiplier as set forth in Section 1.205 equals the allowance cap as set forth in that section. The exception provided for in Section 1.202(1) applies to the aforementioned.

Such contributions shall be made notwithstanding that the minimum salary or wages provided by law for any member shall thereby be changed. Each member shall be deemed to consent and agree to the deductions made and provided for herein. Payment of a member's compensation less such deductions shall be a full and complete discharge and acquittance of all claims and demands whatsoever for services rendered by the member to the employer except as to benefits provided by this system.

Member Contribution Rate
Expressed as a Percent of Compensation

Member Classification	*Period*	*Contribution Rate*
Non-Represented Members, as defined in Section 1.192(18.1), excluding secretarial or clerical members designated as management non-union for payroll purposes, and excluding the Executive Administrative Assistant at the Grand Rapids Public Library	On or before July 1, 1977	3%

[*No contribution after completing 39 years of service.]

---

(3) The officer or officers responsible for making up the payrolls for the employer shall cause the contributions provided for in this Section to be deducted from the compensation of each member in the employ of the employer, on each and every payroll, for each and every payroll period, after the date the member has been an employee as defined in Section 1.192(13) for six (6) months, through the end of the calendar year in which the member attains forty (40) years of credited service, but not thereafter, except as provided in Section 1.202(1). When deducted, each of said amounts shall be paid by the employer to the System; said payments to be made in such manner and form, and in such frequency, and shall be accompanied by such supporting data, as the Board shall from time to time prescribe. When paid to the System, each of said amounts shall be credited to the member's deposit fund account of the member from whose compensation said contributions were deducted.

(4) Upon the retirement of a member, or upon his or her death if an allowance becomes payable on account of his or her death, his or her accumulated contributions shall be transferred to the benefit reserve fund.

(5) The Employer shall pick up the member contributions required by this Section for all compensation earned after the effective date of this subsection. The contributions so picked up

shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code. The Employer shall pick up the member contributions from funds established and available in the salaries account, which funds would otherwise have been designated as member contributions and paid to the Retirement System. Member contributions picked up by the Employer pursuant to this subsection shall be treated for all other purposes of this and other laws of the Employer in the same manner and to the same extent as member contributions made prior to the effective date of this subsection. The member does not have the option of receiving the picked-up member contributions in cash instead of having it paid into the Retirement System. The effective date of the employer pick-up is January 1, 1990.

(6) Member contribution rates for the Crime Scene Technicians group shall be reduced by 1% during any period of time in which the employer makes no contribution to the System.

(Ord. No. 72-50, 6-27-72; Ord. No. 77-61, 11-8-77; Ord. No. 88-31, §§ 8, 9, 5-17-88; Ord. No. 90-29, §§ 4—6, 3-20-90; Ord. No. 92-43, § 1, 7-14-92; Ord. No. 98-48, § 1, 11-3-98; Ord. No. 2005-29, §§ 5, 6, 5-17-05; Ord. No. 2007-41, §§ 4, 5, 7-10-07; Ord. No. 2010-46, § 3, 8-24-10; Ord. No. 2010-74, § 3, 12-21-10; Ord. No. 2011-11, § 2, 3-22-11; Ord. No. 2011-26, § 3, 7-12-11; Ord. No. 2011-62, § 3, 12-20-11; Ord. No. 2012-08, § 3, 1-24-12; Ord. No. 2014-54, § 3, 7-22-14)

Sec. 1.217. Employer Accumulation Fund.

(1) The employer accumulation fund is hereby created. It shall be the fund in which shall be accumulated the contributions made by the employer for pensions, and from which shall be made transfers, as provided in this Article.

(2) When paid to the System, the employer contributions provided for in (2) and (3) of Section 1.221 shall be credited to the employer accumulation fund account.

(3) When an allowance other than a special early allowance first becomes due and payable there shall be transferred to the benefit reserve fund from the employer accumulation fund the difference between: the reserve for such allowance; and the accumulated contributions, standing to his or her credit in the members' deposit fund at the time the allowance first becomes due and payable, of the member to whom or former member on whose behalf the allowance is payable.

(Ord. No. 72-50, 6-27-72; Ord. No. 98-48, § 1, 11-3-98; Ord. No. 2007-41, § 6, 7-10-07)

Sec. 1.218. Benefit Reserve Fund.

The benefit reserve fund is hereby created. It shall be the fund into which shall be made transfers as provided in this Article and from which allowances shall be paid to retirants and beneficiaries.

(Ord. No. 72-50, 6-27-72; Ord. No. 98-48, § 1, 11-3-98; Ord. No. 2007-41, § 7, 7-10-07)

Editor's note—Section 12 of Ord. No. 2007-41 provides for an effective date of July 1, 2007.

Sec. 1.219. Reserved.

Editor's note—Ord. No. 2007-41, § 8, adopted July 10, 2007, effective as of July 1, 2007, repealed § 1.219 in its entirety. Formerly, said section pertained to the Casualty Reserve Fund as enacted by Ord. No. 72-50, adopted June 27, 1972; as subsequently amended by Ord. No. 98-48, § 1, adopted Nov. 3, 1998.

Sec. 1.220. Income-Expense Fund.

(1) The income-expense fund is hereby created. It shall be the fund to which shall be credited all investment income from invested assets of the System, and in which shall be accumulated the contributions made by the employer for the administrative expenses of the System, and from which shall be made annual transfers of interest credits to the other funds of the System, and from which shall be paid all the expenses of the Board necessary for the administration and operation of the System.

(2) When paid to the System, the employer contributions provided for in (5) of Section 1.221 shall be credited to the income-expense fund.

(3) The Board may accept gifts and bequests, and they shall be credited to the income-expense fund, along with all other moneys received by the System the disposition of which is not specifically provided for in this Article.

(4) At the end of each System fiscal year the Board shall credit each member's individual account in the members' deposit fund with regular interest on the largest balance remaining in such account for the entire fiscal year (usually the beginning of the year balance). At the end of each System fiscal year, the Board shall credit to the employer accumulation fund assumed interest on the mean balance in such fund for the fiscal year, and similarly shall credit assumed interest to the benefit reserve fund. Such interest credits shall be transferred from the income-expense fund.

(5) Whenever the Board determines that the balance in the Income-expense Fund is more than sufficient to cover the current charges to the fund, the Board may by resolution provide for contin-

gency reserves, or for the transfer of such excess or portions thereof to cover the needs of the other funds of the Retirement System.
(Ord. No. 72-50, 6-27-72; Ord. No. 98-48, § 1, 11-3-98; Ord. No. 2007-41, § 9, 7-10-07)

Editor's note—Section 12 of Ord. No. 2007-41 provides for an effective date of July 1, 2007.

Sec. 1.221. Employer Contributions.

1. The employer's contributions to the System shall be the total of the contribution amounts provided for in (2) through (5) of this Section.

2. An employer's current service contributions shall be determined as follows; upon the basis of mortality and other tables of experience and assumed interest, the actuary shall annually compute the rate of contributions which, if paid annually by the employer during the prospective service of its members, will be sufficient to provide the pension reserves required at the time of their retirements to cover the prospective service portions of the pensions other than special early pensions to which they might be entitled or which might be payable on their behalf. The Board shall annually certify to the City Commission the amount of current service contribution so determined and the employer shall during its next ensuing fiscal year pay such amount to the System. Such payments shall be made in such manner and form and in such frequency and shall be accompanied by such supporting data as the Board shall from time to time determine. When received such payments shall be credited to the employer accumulation fund.

3. An employer's accrued service contributions shall be determined as follows: Upon the basis of mortality and other tables of experience and assumed interest, the actuary shall annually compute for the employer the pension reserves for the accrued service portions of the pensions other than special early pensions to be paid to or on behalf of members upon their retirements. The pension reserves so determined less the applicable balance in the employer accumulation fund shall be amortized over a period of years, as determined by the employer, to determine the employer's accrued service contribution. The Board shall annually certify to the City Commission the amount of accrued service contribution so determined, and the employer shall during its next ensuing fiscal year pay such amount to the System. Such payments shall be made in such manner and form and in such frequency and shall be accompanied by such supporting data as the Board shall from time to time determine. When received such payments shall be credited to the employer accumulation fund.

4. The employer's contributions for special early pensions shall be determined on a one year term basis. The Board shall annually certify to the City Commission the amount of contribution so ascertained for the employer and the employer shall during its next ensuing fiscal year pay such amount to the System. Such payments shall be made in such manner and form and in such frequency and shall be accompanied by such supporting data as the Board shall from time to time determine. When received such payments shall be credited to the benefit reserve fund.

5. The employer shall be responsible for the administrative expenses of the System and shall pay to the System to be credited to the income expense fund unless administrative expenses are paid from the investment income of the System.
(Ord. No. 72-50, 6-27-72; Ord. No. 98-48, § 1, 11-3-98; Ord. No. 2003-48, § 1, 11-18-03; Ord. No. 2007-41, § 10, 7-10-07)

Editor's note—Section 12 of Ord. No. 2007-41 provides for an effective date of July 1, 2007.

Sec. 1.222. Investment of Assets.

The Board shall be the Trustees of the funds of the System. The Board shall have full power to invest and reinvest the moneys of the System, and to hold, purchase, sell, assign, transfer or dispose of any of the securities and investments in which such moneys shall have been invested, as well as the proceeds of such investments and such moneys; provided, that such investment and reinvestment shall be subject to Act No. 314 of the Public Acts of 1965, as amended, and as the same may from time to time be amended.
(Ord. No. 72-50, 6-27-72; Ord. No. 98-48, § 1, 11-3-98)

Sec. 1.223. No Trustee Shall Gain from Investments.

Except as to the rights of a member or retirant or beneficiary, no Trustee and no officer or em-

ployee of the Board shall have any interest direct or indirect in the gains or profits of any investment made by the Board. Nor shall any of them directly or indirectly for himself or herself or as an agent in any manner engage in any sale, exchange or leasing of property with the System, the lending of money or extension of credit to or from the System, the furnishing of goods, services or facilities to or from the System, the transfer to or from or use by or for his or her benefit of the income or assets of the System or receive any consideration for his or her own personal account in connection with a transaction involving the income or assets of the System.
(Ord. No. 72-50, 6-27-72; Ord. No. 98-48, § 1, 11-3-98)

Sec. 1.224. Limitation of Use of Assets.

All assets of the System shall be held for the sole purpose of paying benefits and making disbursements in accordance with the provisions of this ordinance and shall be used for no other purpose whatsoever.
(Ord. No. 72-50, 6-27-72; Ord. No. 98-48, § 1, 11-3-98; Ord. No. 2002-48, § 1, 8-20-02)

Sec. 1.225. Distribution of Assets if System Is Terminated.

(1) The employer hopes and expects to continue the System indefinitely but necessarily reserves the right to amend, modify, suspend or terminate the System in a manner compatible with any applicable collective bargaining agreement.

No such action shall operate to recapture for the employer any contributions previously made under the System prior to the satisfaction of all liabilities for System benefits to members, nor, except to the extent necessary to meet the requirements of any other governmental Authority, to affect adversely the benefits of retirants and beneficiaries or the trust fund or insured fund then securing such benefits.

(2) If the System is terminated, the amount of the trust fund and/or insured fund then held by the System shall be allocated, subject to provisions for expenses of administration or liquidation, in the following manner for the exclusive benefit of the then retired and nonretired members (and their beneficiaries) having an interest in this System. Such assets shall be allocated to such persons in the following order of precedence:

(a) To provide for the payment to each nonretired member of an amount equal to his or her accumulated contributions; and

(b) If any assets remain after complete allocations for the purposes of (a) above, to provide for the continuance of allowances to retirants and beneficiaries, if any;

(c) If any assets remain after complete allocations for the purposes of (a) and (b) above, they shall be allocated toward the potential rights of nonretired members on an equitable and nondiscriminatory basis according to accepted actuarial principles;

(d) If any assets remain after satisfaction of all liabilities provided for in (a) and (b) and (c) above, any excess shall be delivered over and paid to the employer according to determinations made by the actuary. The above allocations shall be distributed by the System in annuities or in such other manner as may be determined by the Board.

(Ord. No. 72-50, 6-27-72; Ord. No. 98-48, § 1, 11-3-98; Ord. No. 2002-48, § 2, 8-20-02)

Sec. 1.226. Correction of Errors.

Should any change or error in records result in any person receiving from the System more or less than he or she would have been entitled to receive had the records been correct, the Board shall correct such error, and as far as is practicable shall adjust the payment of the benefit in such manner that the actuarial equivalent of the benefit to which such person was correctly entitled shall be paid.
(Ord. No. 72-50, 6-27-72; Ord. No. 98-48, § 1, 11-3-98)

Sec. 1.227. Fraud Penalty.

Any person who shall knowingly make any false statement or shall falsify or permit to be falsified any record or records in any attempt to

defraud the System shall be guilty of a misdemeanor and upon conviction thereof shall be punished accordingly.
(Ord. No. 72-50, 6-27-72; Ord. No. 98-48, § 1, 11-3-98)

Sec. 1.228. Section 415 Limits.

(1) Effective July 1, 2001, the maximum annual City funded benefit payable to any member under the System will not exceed the lesser of the following:

(a) $160,000 or, in plan years beginning after 2001, the maximum amount allowable under the adjustment provisions of IRC Section 415 effective July 1 of each year, or

(b) 100% of the member's average compensation for the highest paid three (3) consecutive calendar years during which he was a member.

The limitation of part (b) above, shall not apply in years beginning on or after January 1, 1995.

For purposes of this Section, "compensation" means remuneration actually paid or made available to an Employee within the Limitation Year, as defined in Section 1.192(11) in accordance with Regulation 1.415(c)—2(a).

If the member has less than ten (10) years of participation in the System at the time of termination of employment, the maximum dollar limitation of (1)(a), above, will be reduced by ten percent (10%) for each year of participation less than ten (10) (but the reduced amount will not be less than ten percent (10%) of such limitation). Notwithstanding the foregoing, the maximum benefit will not be reduced below the accrued benefit for the member as of the last day of the plan year beginning in 1986.

The one hundred sixty thousand dollar ($160,000.00) limit will be reduced if benefit payments commence before age 62. The one hundred sixty thousand dollar ($160,000.00) limit will be increased if benefit payments commence after age 65. The reductions or increases in the one hundred sixty thousand dollar ($160,000.00) limit will be calculated so that the benefit payable at retirement will be the actuarial equivalent of the benefit payable at age 62 or 65, respectively. The actuarial adjustments will be based on the requirements of IRC Section 415, the actuarial table specified in Section 1.192(3) of this System, and interest at the rate specified for determining actuarial equivalence in Section 1.192(3). Effective for years beginning after December 31, 1994, the benefit reductions described in this paragraph and the preceding paragraph shall not apply to payments to a member in the form of a pension, annuity or similar allowance as a result of the member becoming disabled by reason of personal injuries or sickness, or to amounts received from this plan by the beneficiaries, survivors, or estate of a member as a result of the death of the member.

If a member's benefit is paid in a form other than a life allowance for the member only, the optional benefit will be adjusted to the actuarially equivalent life allowance for the member only for the purpose of determining whether the City funded benefit exceeds the limitations set forth above. However, no adjustment is required for a benefit payable as a joint and survivor annuity (satisfying the requirements of a qualified joint and survivor annuity as described in IRC Section 417(b)) to the extent that the value of such annuity exceeds the value of a straight life annuity beginning on the same date. If the optional form of payment elected is a joint and survivor annuity (as described in IRC Section 417(b)), the member's City funded benefit will be reduced to reflect the payment in this optional form before the limitations of IRC Section 415 are applied. This paragraph shall apply to benefits commencing on or after January 1, 1996.

(2) For Plan years beginning before July 1, 2000, if any member in this System is also participating in a defined contribution plan maintained by the employer, the maximum annual benefit for the member under this System will be reduced for any plan year so that the sum of the "defined contribution fraction" and the "defined benefit fraction" for the member for the plan year does not exceed 1.0. For these purposes, the

member contributions shall be annual additions used in determining the defined contribution fraction. These terms are defined as follows:

(a) The defined contribution fraction for any plan year means a fraction:

(1) the numerator of which is the sum as of the end of the plan year of the total additions for the member for each year of the member's participation in the defined contribution plan; and

(2) the denominator of which is the sum of the lesser of the following amounts for the year and each prior year of the member's employment with the employer, without regard to whether the System was in existence during the prior years: (i) 1.25 multiplied by thirty thousand dollars ($30,000.00) or the dollar limitation on additions in effect under Code Section 415(d) for each such year; or (ii) 1.40 multiplied by twenty-five (25) percent, or the percentage limitation on total additions under Code Section 415 for each such year, of the member's compensation for each such year.

(b) The defined benefit fraction for any plan year means a fraction:

(1) the numerator of which is the projected annual benefit of the member under this System, determined as of the end of the plan year; and

(2) the denominator of which is the lesser of the following: (i) 1.25 multiplied by ninety thousand dollars ($90,000.00) or the dollar limitation on benefits under Code Section 415 in effect for the plan year; or (ii) 1.40 multiplied by the member's average compensation during the three (3) consecutive calendar years in which the member was both an active member in the System and had the greatest compensation from the employer.

For purposes of this Section, all defined benefit plans maintained by the employer will be considered as a single defined benefit plan and all defined contribution plans maintained by the employer will be considered as a single defined contribution plan.

(3) Effective for years beginning after December 31, 1997, the special rules of Code Section 415(n) regarding the purchase of permissive service credits shall apply to the return of prior payments under Section 1.202(4) and to the purchase of prior military service under Section 1.202(5) and to the purchase of additional service under 1.202(6). Not more than five (5) years of non-qualified service (as defined in Code Section 415(n)(3)(C)) may be taken into account for purposes of this paragraph. For employees who become members of the plan prior to July 1, 1999, the limitations of Code Section 415(c)(1) shall not be applied to reduce the amount of permissive service credit which may be purchased to an amount less than the amount which was allowed to be purchased under the terms of the plan as in effect on August 5, 1997.

(4) This Section, as amended, shall be effective July 1, 1989 unless a later effective date is specified.

(Ord. No. 90-29, § 7, 3-20-90; Ord. No. 98-48, § 1, 11-3-98; Ord. No. 2002-50, § 5, 8-20-02; Ord. No. 2013-40, § 4, 8-27-13)

Sec. 1.229. Pension Benefit Options.

(1) *Non-Represented Members.* Effective September 5, 2010, each Non-Represented Member shall elect one of the following options. Election under this Section shall be irrevocable and must be made no later than September 3, 2010. Failure to elect an option shall result in the automatic election of Option (a) below.

(a) Maintaining a 2.7% multiplier for all credited service by agreeing to an increased contribution rate of 10.20%; or

(b) Selecting a reduced multiplier of 2.5% for all credited service accrued on or after September 5, 2010, by agreeing to an increased contribution rate of 8.95%; or

(c) Selecting a reduced multiplier of 2.2% for all credited service accrued on or after September 5, 2010, by agreeing to an increased contribution rate of 7.28%.

Members that become non-represented members by promotion or appointment from a represented position shall have thirty (30) days from the date of such promotion or appointment to make their election under this Section. Such election shall be effective the first full pay period following the date of election.

(2) *District Court Judges.* Effective January 9, 2011, each Member serving as a District Court Judge in the 61st District Court shall elect one of the following options. Election under this Section shall be irrevocable and must be made in writing, and received by the Retirement System no later than 5:00 p.m. on January 7, 2011. Failure to elect an option shall result in the automatic election of Option (a) below.

(a) Maintaining a 2.7% multiplier for all credited service by agreeing to an increased contribution rate of 10.20%; or

(b) Selecting a reduced multiplier of 2.5% for all credited service accrued on or after January 9, 2011, by agreeing to an increased contribution rate of 8.95%; or

(c) Selecting a reduced multiplier of 2.2% for all credited service accrued on or after January 9, 2011, by agreeing to an increased contribution rate of 7.28%.

(3) *Association of Professional Administrators of Grand Rapids (APAGR).* Effective June 12, 2011, each Member represented by the APAGR shall elect one of the following options. Election under this Section shall be irrevocable and must be made in writing, and received by the Retirement System no later than 5:00 p.m. on June 3, 2011. Failure to elect an option shall result in the automatic election of Option (a) below.

(a) Maintaining a 2.7% multiplier for all credited service by agreeing to an increased contribution rate of 9.26%; or

(b) Selecting a reduced multiplier of 2.5% for all credited service accrued on or after June 12, 2011, by agreeing to an increased contribution rate of 8.01%; or

(c) Selecting a reduced multiplier of 2.2% for all credited service accrued on or after June 12, 2011, by agreeing to an increased contribution rate of 6.34%.

(4) *Grand Rapids Employees Independent Union (GREIU).* Effective July 8, 2012, each Member represented by the GREIU hired on or before May 24, 2011, shall elect one of the following options. Election under this Section shall be irrevocable and must be made in writing, and received by the Retirement System no later than 5:00 p.m. on April 30, 2012. Failure to elect an option shall result in the automatic election of Option (e) below.

(a) Maintaining a 2.7% multiplier for all credited service by agreeing to an increased contribution rate of 9.16%; or

(b) Selecting a reduced multiplier of 2.5% for all credited service accrued on or after July 8, 2012, by agreeing to an increased contribution rate of 7.91%; or

(c) Selecting a reduced multiplier of 2.2% for all credited service accrued on or after July 8, 2012, by agreeing to an increased contribution rate of 6.24%; or

(d) Selecting a reduced multiplier of 2.0% for all credited service accrued on or after July 8, 2012, by agreeing to an increased contribution rate of 5.11%; or

(e) Selecting a reduced multiplier of 1.8% for all credited service accrued on or after July 8, 2012, by maintaining the current contribution rate of 3.89%.

(5) *Emergency Communication Supervisors.* Effective January 8, 2012, each Member represented by the Emergency Communication Supervisors bargaining unit hired prior to September 13, 2011, shall elect one of the following options. Election under this Section shall be irrevocable and must be made in writing, and received by the Retirement System no later than 5:00 p.m. on December 15, 2011. Failure to elect an option shall result in the automatic election of Option (e) below.

(a) Maintaining a 2.7% multiplier for all credited service by agreeing to an increased contribution rate of 11.54%; or

(b) Selecting a reduced multiplier of 2.5% for all credited service accrued on or after January 8, 2012, by agreeing to an increased contribution rate of 10.29%; or

(c) Selecting a reduced multiplier of 2.2% for all credited service accrued on or after January 8, 2012, by agreeing to an increased contribution rate of 8.62%; or

(d) Selecting a reduced multiplier of 2.0% for all credited service accrued on or after January 8, 2012, by agreeing to an increased contribution rate of 7.49%; or

(e) Selecting a reduced multiplier of 1.8% for all credited service accrued on or after January 8, 2012, by maintaining the current contribution rate of 6.27%.

(6) *Grand Rapids Employees Independent Union (GREIU)—Public Library Rank & File and Supervisory bargaining units.* Effective July 8, 2012, each Member represented by the GREIU - Public Library Rank & File and Supervisory bargaining units hired on or before September 1, 2011, shall elect one of the following options. Election under this Section shall be irrevocable and must be made in writing, and received by the Retirement System no later than 5:00 p.m. on April 30, 2012. Failure to elect an option shall result in the automatic election of Option (e) below.

(a) Maintaining a 2.7% multiplier for all credited service by agreeing to an increased contribution rate of 8.9%; or

(b) Selecting a reduced multiplier of 2.5% for all credited service accrued on or after July 8, 2012, by agreeing to an increased contribution rate of 7.65%; or

(c) Selecting a reduced multiplier of 2.2% for all credited service accrued on or after July 8, 2012, by agreeing to an increased contribution rate of 5.98%; or

(d) Selecting a reduced multiplier of 2.0% for all credited service accrued on or after July 8, 2012, by agreeing to an increased contribution rate of 4.85%; or

(e) Selecting a reduced multiplier of 1.8% for all credited service accrued on or after July 8, 2012, by maintaining the current contribution rate of 3.63%.

(7) *Grand Rapids Employees Independent Union (GREIU)—61st District Court.* Effective July 8, 2012, each Member represented by the GREIU - 61st District Court bargaining unit hired prior to September 13, 2011, shall elect one of the following options. Election under this Section shall be irrevocable and must be made in writing, and received by the Retirement System no later than 5:00 p.m. on Monday, April 30, 2012. Failure to elect an option shall result in the automatic election of Option (e) below.

(a) Maintaining a 2.7% multiplier for all credited service by agreeing to an increased contribution rate of 9.16%; or

(b) Selecting a reduced multiplier of 2.5% for all credited service accrued on or after July 8, 2012, by agreeing to an increased contribution rate of 7.91%; or

(c) Selecting a reduced multiplier of 2.2% for all credited service accrued on or after July 8, 2012, by agreeing to an increased contribution rate of 6.24%; or

(d) Selecting a reduced multiplier of 2.0% for all credited service accrued on or after July 8, 2012, by agreeing to an increased contribution rate of 5.11%; or

(e) Selecting a reduced multiplier of 1.8% for all credited service accrued on or after July 8, 2012, by paying a contribution rate of 3.89%.

(8) *Association of Public Administrators of Grand Rapids (APAGR)—61st District Court.* Effective July 8, 2012, each Member represented by the APAGR - 61st District Court bargaining unit hired prior to September 13, 2011, shall elect one of the following options. Election under this Section shall be irrevocable and must be made in writing, and received by the Retirement System no later than 5:00 p.m. on April 30, 2012. Failure to elect an option shall result in the automatic election of Option (e) below.

(a) Maintaining a 2.7% multiplier for all credited service by agreeing to an increased contribution rate of 9.27%; or

(b) Selecting a reduced multiplier of 2.5% for all credited service accrued on or after July 8, 2012, by agreeing to an increased contribution rate of 8.02%; or

(c) Selecting a reduced multiplier of 2.2% for all credited service accrued on or after July 8, 2012, by agreeing to an increased contribution rate of 6.35%; or

(d) Selecting a reduced multiplier of 2.0% for all credited service accrued on or after July 8, 2012, by agreeing to an increased contribution rate of 5.22%; or

(e) Selecting a reduced multiplier of 1.8% for all credited service accrued on or after July 8, 2012, by maintaining the current contribution rate of 4.0%.

(9) *Crime Scene Technicians.* Effective July 8, 2012, each Member represented by the Crime Scene Technicians bargaining unit hired prior to November 15, 2011, shall elect one of the following options. Election under this Section shall be irrevocable and must be made in writing, and received by the Retirement System no later than 5:00 p.m. on April 30, 2012. Failure to elect an option shall result in the automatic election of Option (e) below.

(a) Maintaining a 2.7% multiplier for all credited service by agreeing to an increased contribution rate of 7.27%; or

(b) Selecting a reduced multiplier of 2.5% for all credited service accrued on or after July 8, 2012, by agreeing to an increased contribution rate of 6.02%; or

(c) Selecting a reduced multiplier of 2.2% for all credited service accrued on or after July 8, 2012, by agreeing to an increased contribution rate of 4.35%; or

(d) Selecting a reduced multiplier of 2.0% for all credited service accrued on or after July 8, 2012, by agreeing to an increased contribution rate of 3.22%; or

(e) Selecting a reduced multiplier of 1.8% for all credited service accrued on or after July 8, 2012, by maintaining the current contribution rate of 2.0%.

(10) *Police Officers Labor Council/Emergency Communications Operator I, II & III.* Effective April 1, 2012, each Member represented by the Police Officers Labor Council/Emergency Communications Operator I, II & III bargaining unit hired prior to January 24, 2012, shall elect one of the following options. Election under this Section shall be irrevocable and must be made in writing, and received by the Retirement System no later than 5:00 p.m. on March 15, 2012. Failure to elect an option shall result in the automatic election of Option (e) below.

(a) Maintaining a 2.7% multiplier for all credited service by agreeing to an increased contribution rate of 10.63%; or

(b) Selecting a reduced multiplier of 2.5% for all credited service accrued on or after April 1, 2012, by agreeing to an increased contribution rate of 9.38%; or

(c) Selecting a reduced multiplier of 2.2% for all credited service accrued on or after April 1, 2012, by agreeing to an increased contribution rate of 7.71%; or

(d) Selecting a reduced multiplier of 2.0% for all credited service accrued on or after April 1, 2012, by agreeing to an increased contribution rate of 6.58%; or

(e) Selecting a reduced multiplier of 1.8% for all credited service accrued on or after April 1, 2012, by maintaining the current contribution rate of 5.36%.

(Ord. No. 2010-46, § 4, 8-24-10; Ord. No. 2010-74, § 4, 12-21-10; Ord. No. 2011-11, § 3, 3-22-11; Ord. No. 2011-26, § 4, 7-12-11; Ord. No. 2011-62, § 4, 12-20-11; Ord. No. 2012-08, § 4, 1-24-12)

Editor's note—Ord. No. 2010-46, § 4, adopted August 24, 2010, repealed the former § 1.229, and enacted a new § 1.229 as set out herein. The former § 1.229 pertained to Recreation Board Employee Transition and derived from Ord. No. 91-32, § 1, 6-18-91; Ord. No. 98-48, § 1, 11-3-98; Ord. No. 2005-65, § 1, 8-23-05.

Sec. 1.230. Reserved.

ARTICLE 2. POLICE AND FIRE RETIREMENT SYSTEM

Sec. 1.231. Retirement System Created.

The City of Grand Rapids Police and Fire Retirement System is hereby created and estab-

lished. This Article may be cited as the City of Grand Rapids Police and Fire Retirement System Ordinance.
(Ord. No. 68-34, 5-21-68)

Sec. 1.232. Effective Date of System and Amendments.

The Pension System established by Ordinance 1150, effective June 4, 1945, and amended from time to time, was amended by action of the Grand Rapids City Commission to comply with TRA '86, OBRA '87, TAMRA '88, OBRA '89, UCA '92, OBRA '93, USERRA '94, URAA/GATT/RPA '94, SBJPA '96, TRA '97, RRA '98, CRTRA '00 and EGTRRA '01, and is hereby further amended and restated to comply with the Pension Protection Act of 2006.
(Ord. No. 68-34, 5-21-68; Ord. No. 2013-39, § 1, 8-27-13)

Sec. 1.233. Definitions.

The following words and phrases, as used in this Article, unless a different meaning is plainly required by the context, shall have the following meanings:

(1) *Accrued benefit* means the portion of an allowance earned as of the date of the computation. It is a monthly benefit commencing at the minimum service retirement age and computed in accordance with the life allowance formula in Section 1.246 using the member's final average salary and credited service at the time of the computation.

(2) *Accumulated contributions* means the total of all amounts deducted from the compensations of a member and standing to his or her credit in his or her individual account in the members' deposit fund, together with regular interest at the rate of three (3) percent per annum, compounded annually, from and after October 1, 1964.

(3) *Actuarial equivalence* means a benefit of equal reserve value. Present values will be determined by the actuary based on mortality tables and interest rates established from time to time by the Board. No change in mortality or interest assumptions shall reduce the accrued benefit of any member determined as of the date of the change.

(4) *Allowance* or *life allowance* means the total of the annuity and the pension. All allowances shall be paid not later than the last day of each calendar month.

(a) *Allowance cap* means the agreed upon limit to the product which results when a member's years of credited service are multiplied by the benefit multiplier applicable to the member at the time of retirement, expressed as a percentage.

(5) *Annuity* means a monthly amount derived from the accumulated contributions of a member and payable by the System throughout the life of a person or for a temporary period.

(6) *Assumed interest* means such rate or rates per annum, compounded annually, as the Board shall adopt from time to time.

(7) *Beneficiary* means any person who is receiving or designated by a member to receive a System benefit, except a retirant.

(8) *Benefit program* means a schedule of benefits or benefit formulas from which the amounts of System benefits can be determined.

(9) *Board of Trustees* or *Board* means the Board of Trustees of the System.

(10) *Code* means the Internal Revenue Code of 1986, as amended.

(11) *Compensation* means remuneration actually paid or made available to an Employee within the Limitation Year, as defined in accordance with IRC Regulation 1.415(c)-2(a), and means all items of Employer remuneration for services, including:

(a) Wages, salaries, and other amounts received for personal services rendered in the course of employment with Employer, to the extent amounts are includible in gross income or would have been received and includ-

ible in gross income but for an election under Internal Revenue Code ("IRC") Section 125(a), 132(f)(4), 402(e)(3), 402(h)(1)(B), 402(k), 414(h)(2), or 457(b), and further include, but are not limited to, base salary, longevity pay, educational allowance, vacation pay, bonuses, fringe benefits, and reimbursements or other expense allowances under a nonaccountable plan, plus the additional compensation items as shown in Section 1.233(11)(f) below;

(b) Amounts described in IRC Sections 104(a)(3), 105(a), or 105(h) but only to the extent includible in gross income;

(c) Amounts paid or reimbursed by the Employer for Employee's moving expenses to the extent it is reasonable to believe, at payment, they are not deductible pursuant to IRC Section 217;

(d) Amounts includible in Employee's gross income upon a IRC Section 83(b) election; and

(e) Amounts includible in gross income pursuant to IRC Section 409A, or because they are constructively received.

Compensation does not include items listed in Regulation 1.415(c)-2(c).

Compensation for a Limitation Year shall not include Compensation in excess of IRC Section 401(a)(17) limits for such Limitation Year.

In order to be taken into account for a Limitation Year, Compensation must be actually paid or made available to employees (or, if earlier, includible in the gross income of the Employee) within the Limitation Year. For this purpose, Compensation is treated as paid on a date if it is actually paid on that date or it would have been paid on that date but for an election under IRC Section 125, 132(f)(4), 401(k), 403(b), 408(k), 408(p)(2)(a)(i), or 457(b); provided, however, Compensation for a Plan Limitation Year includes amounts earned during that Plan Limitation Year but not paid during that Plan Limitation Year solely because of the timing of pay periods and pay dates if (i) these amounts are paid during the first few weeks of the next Plan Limitation Year; (ii) the amounts are included on a uniform and consistent basis with respect to all similarly situated employees and (iii) no Compensation is included in more than one Plan Limitation Year.

In order to be taken into account for a Plan Limitation Year, Compensation must be paid or treated as paid to the Employee prior to the Employee's severance from employment with the Employer; provided Compensation paid by the later of 2½ months after severance from employment with the Employer or the end of the Limitation Year that includes the date of severance from employment with the Employer, is included if the payment is regular compensation for service during working hours or compensation for services outside regular working hours, commissions, bonuses or similar payments and it would have been paid prior to severance had Employee continued in employment.

Compensation includes salary continuation payments to an individual who does not currently perform services for the Employer by reason of qualified military service (as that term is used in IRC Section 414(u)(1)) to the extent those payments do not exceed the amounts the individual would have received if the individual had continued to perform services for the Company rather than entering qualified military service.

(f) Police officers and police command officers: Effective July 1, 1992, overtime pay, compensatory time payoff, holiday pay, clothing allowance, acting assignment, witness fees and shift pay are also considered compensation for pension computation purposes.

Firefighters: Effective July 1, 1992, holiday pay, clothing allowance, acting assignment pay, shop pay, and shift pay are considered compensation for pension computation purposes.

In addition to the compensation listed above, overtime compensation for Firefighter members shall be calculated as follows for pension calculation purposes per Section 1.233(15)(b):

Firefighter Retirement Date	Calculation used in Section 1.233(15)(b)
July 1, 1992—June 30, 1994	Actual additional compensation items as noted above
July 1, 1994—December 31, 2011	Actual additional compensation items as noted above, plus 7.3% for overtime
January 1, 2012—June 30, 2012	The average of 4.2% for overtime for calendar years 2006—2009 and actual overtime for 2010
July 1, 2012—June 30, 2013	The average of 4.2% for overtime for calendar years 2007—2009 and actual overtime for 2010 and 2011
July 1, 2013—June 30, 2014	The average of 4.2% for overtime for calendar years 2008—2009 and actual overtime for 2010—2012
July 1, 2014—June 30, 2015	The average of 4.2% for overtime for calendar year 2009 and actual overtime for 2010—2013
July 1, 2015 and after	The average of actual overtime for all five years of the calculation required under Section 1.233(15)(b)

(g) For purposes of this Chapter, the definition of Compensation as applied to unionized Members shall apply to Non-Represented Members, being the Fire Chief, Deputy Fire Chief, Police Chief and Deputy Police Chief.

(12) *Credited service* means employment as an employee which employment is creditable as service hereunder, to the extent such service is standing to a member's credit as provided in this Article.

(13) *Employer* means the City of Grand Rapids, Michigan.

(14) *Employee* means any person regularly employed by the employer as a Police Chief, Deputy Police Chief, Police Officer, Fire Chief, Deputy Fire Chief or Firefighter.

(15) *Final average salary* of an employee means the sum of (a) and (b) below:

(a) The average of the employee's highest rates of salary, including longevity pay and vacation pay, during the three (3) consecutive calendar years of employment when such salary rates were highest, provided no such rates of salary occur in a calendar year after the calendar year in which the employee attains the number of years of credited service which, when multiplied by the applicable benefit multiplier as set forth in Section 1.246, equals the allowance cap as set forth in that section. Should a member have less than three (3) such salary rates, the salary rates during each of the member's calendar years of employment shall be averaged. For Firefighters retiring on or after January 1, 2012, a member

may in their discretion include in the calculation of their final average salary the monetary equivalent of up to six (6) days of accrued vacation time when upon retirement, such cash payment in lieu of unused vacation is made. Effective January 9, 2019, Firefighters assigned to a forty-hour work week may convert additional vacation hours to equate to the same vacation accrual payment amount as fire members assigned to fire suppression at the same rank. The amount paid for such accrued vacation time shall be added to the salary rate earned during the calendar year in which such payment was made, which shall then be averaged as described in this paragraph.

(b) The average salary rate determined in (a) above, multiplied by the member's group FAS Adjustment Factor determined by dividing (i) the calendar year average of the group's Section 1.233(11) additional compensation items by (ACI), by (ii) the annualized average of the group's covered payroll from actuarial valuations as of December 31 of each calendar year, excluding ACI, for the five-year period immediately preceding the valuation.

(c) The calculation of Final Average Salary in this Section shall be applied to Non-Represented Members of the System, being the Fire Chief, Deputy Fire Chief, Police Chief and Deputy Police Chiefs. The calculation of the additional compensation items (ACI) for Non-Represented Members shall be based upon the ratio of the number of years served in a collective bargaining unit during which such ACI was earned, to total years of credited service. The compensation for the Non-Represented Members shall be excluded from the calculation of ACI.

(16) *Firefighter* means any regular or permanent employee of the Fire Department, including a probationary Firefighter. The term "Firefighter" shall not include: any volunteer Firefighter; any civilian employee of a Fire Department; any person temporarily employed as a Firefighter for an emergency; or any person privately employed as a Firefighter.

(17) *Market Value* means the quoted selling price plus accrued income on assets held in trust for the payment of benefits or, in the event the System acquires non-publicly traded assets, a price established by an independent professional appraiser chosen by the Board who is qualified to appraise assets of the subject property class.

(18) *Member* means any employee as defined in Section 1.233(14).

(19) *Minimum Service Retirement Age and Normal Retirement Age* shall mean age fifty-five (55) for Firefighter members of the System as defined in Section 1.233(16) and age fifty (50) for Police Officer members of the System as defined in Section 1.233(23). Provided, however, that from and after July 1, 2001, any Firefighter member of the System who has attained a number of years of credited service which, when multiplied by the applicable benefit multiplier for that member's covered group under Section 1.246, equals or exceeds the allowance cap for the member as set forth in said Section, shall be deemed to have achieved normal retirement age. Provided further, however, that for Firefighter members of the System as defined in Section 1.233(16) retiring between December 18, 2009 and December 31, 2009 inclusive, minimum service retirement age and normal retirement age shall mean age fifty-two (52). Further, any Member having been promoted to the position of Police Chief or Fire Chief and retiring on or after January 1, 2016 and on or before December 31, 2016 shall, upon achieving thirty (30) years of credited service, be

deemed to have reached the minimum service retirement age. Provided however, that the Final Average Salary for any Member so retiring without reaching the minimum retirement age shall not include the overtime calculation provided in Section 1.233(11)(f).

(19.1) *Non-Represented Member* shall mean any member holding the position of Police Chief, Deputy Police Chief, Fire Chief, or Deputy Fire Chief.

(20) *Plan Year, Fiscal Year,* and the Section 415 limitation year of this Retirement System is the twelve-month period ending December 31 of each year; provided, however, that for the time period ending December 31, 2003 the Plan year and Fiscal Year shall be from July 1, 2003 through December 31, 2003.

(21) *Pension* means a monthly amount derived from contributions of the employer and payable by the System throughout the life of a person or for a temporary period.

(22) *Police Command Officer* means any regular or permanent employee of the Police Department holding the rank of police lieutenant or police captain.

(23) *Police Officer* means any regular or permanent employee of the Police Department, including police command officers, probationary police officers and police cadets. The term "police officer" shall not include: any civilian employee of the Police Department; or any person temporarily employed as a police officer for an emergency; or any person privately employed as a police officer.

(24) *Regular Interest* means the rate of three (3) percent per annum, compounded annually.

(25) *Reserve* means the present value of all payments to be made on account of any System benefit based upon such reasonable tables of experience and assumed interest as the Board shall adopt from time to time in good faith.

(26) *Retirant* means a former member receiving a System allowance, by reason of having been a member.

(27) *Retirement System* or *System* means the City of Grand Rapids Police and Fire Retirement System.

(28) *Valuation Assets* means the value of the current plan assets recognized for the purpose of determining required contributions to the System. For purposes of determining the employer's contribution requirement for its fiscal year beginning July 1, 2004, valuation assets shall be equal to the market value of System assets as of December 31, 2003. For purposes of determining the employer contribution requirement for its fiscal year beginning July 1, 2005 through its fiscal year ending June 30, 2009 (valuation date December 31, 2007), valuation assets shall be determined using a market-related (smoothed) asset value method which recognizes projected investment income uniformly over a closed two (2) year period. For purpose of determining the employer's contribution requirements for its fiscal year beginning July 1, 2009 (valuation date December 31, 2008) and all subsequent fiscal years, valuation assets shall be determined using a market-related (smoothed) asset value method which recognizes twenty (20%) percent of the investment return in a fiscal year immediately, and twenty (20%) percent of the investment return in each of the next four (4) subsequent fiscal years. The remaining unrealized investment return from December 31, 2007 shall be recognized equally over the next four (4) fiscal years, beginning with the December 31, 2008 valuation.

(29) The masculine gender shall include the feminine gender, and words of the singular number with respect to persons shall include the plural number, and vice-versa.

(Ord. No. 68-34, 5-21-68; Ord. No. 74-57, 7-16-74; Ord. No. 81-26, 4-7-81; Ord. No. 88-32, § 1, 5-17-88; Ord. No. 90-20, § 1, 2-20-90; Ord. No.

No. 2004-60, §§ 1—3, 9-7-04; Ord. No. 2009-31, § 1, 5-26-09; Ord. No. 2009-68, § 1, 12-15-09; Ord. No. 2010-49, § 1, 8-24-10; Ord. No. 2013-39, §§ 2—4, 8-27-13; Ord. No. 2015-70, §§ 1—4, 12-8-15; Ord. No. 2019-31, §§ 1—3, 7-23-19; Ord. No. 2019-35, § 1, 8-13-19; Ord. No. 2022-07, § 1, 3-29-22)

Sec. 1.234. Board of Trustees—Appointment and Election.

The general administration and responsibility for the proper operation of the System and for making effective the provisions of this Article are hereby vested in a Board of Trustees of seven (7) persons, as follows:

(1) Two (2) persons to be elected by the members of the System. Such Trustees are called member Trustees in this Article. One (1) member Trustee shall be elected by the Police Officer members and must be either a Police Officer member or a resident of the City of Grand Rapids. One (1) member Trustee shall be elected by the Firefighter members and must be either a Firefighter member or a resident of the City of Grand Rapids. The member Trustees shall be elected by the members of the Retirement System in accordance with such rules and regulations as the Board shall from time to time adopt to govern such elections.

(2) One (1) member of the City Commission to be appointed by the City Commission and to serve at the pleasure of the City Commission. Such Trustee is called "employer Trustee" in this Article.

(3) Four (4) persons, each of whom shall be experienced in financial matters and shall not be a member or retirant or beneficiary of the System, nor an employee or official of the employer. Such Trustees are called "Citizen Trustees" in this Article. One (1) Citizen Trustee shall be appointed by the Mayor. Two (2) Citizen Trustees shall be appointed by the City Commission. One (1) Citizen Trustee shall be appointed by the City Commission from a list of not less than four (4) eligible persons submitted jointly by the Police Officer members and the Firefighter members.

(Ord. No. 68-34, 5-21-68; Ord. No. 85-66, § 1, 10-29-85)

Sec. 1.235. Board of Trustees—Terms.

The terms of Citizen Trustees expiring in 1974, 1975 and 1976 are hereby extended until the succeeding first Monday in January. The Citizen Trustee appointed by the Mayor shall serve for a term expiring the first Monday in January 1978. The terms of Member Trustees due to expire in 1976 and 1977 are hereby extended until the succeeding first Monday in January. All terms of Member Trustees and Citizen Trustees hereafter appointed shall be for terms of four (4) years. Each Trustee shall continue to serve as Trustee until his or her successor is elected or appointed as the case may be and is qualified.

(Ord. No. 68-34, 5-21-68; Ord. No. 74-74, 9-24-74)

Sec. 1.236. Board of Trustees—Vacancy, How Filled.

In the event any Trustee fails to attend three (3) consecutive meetings of the Board unless in each case excused for cause by the remaining Trustees attending such meeting or meetings, he or she shall be considered to have resigned from the Board and the Board shall by resolution declare his or her office of Trustee vacated. If a vacancy occurs in the office of Trustee, the vacancy shall be filled for the unexpired portion of the term so vacated in the same manner as the office was previously filled.

(Ord. No. 68-34, 5-21-68)

Sec. 1.237. Officers and Employees of System—Executive Director, Actuary, Legal Advisor, Investment Counselor.

(1) The Board shall select from its own number a Chairman and a Vice-Chairman.

(2) Compensation.

(a) Member Trustees (Full-Time Employees of City) and Elected Officials: The Member Trustees who are full-time employees of employer and Elected Officials of the City serving on the Board shall serve without compensation for their services, as such, as their time is otherwise compensated for by the City. Such Trustees shall be reimbursed from the income-expense fund of the System for their necessary expenses incurred in attending meetings of the Board or in the performance of other duties authorized by the Board. Such reimbursement shall be in a manner and an amount as is reasonably determined by the Board to be appropriate.

(b) Other Trustees: The remaining Trustees of the Board shall be compensated at the rate of seventy-five dollars ($75.00) per meeting, paid from the income-expense fund of the System, for those special and subcommittee meetings which are actually attended by such Trustee. In addition, such Trustees shall be reimbursed from the income-expense fund of the System for their necessary expenses incurred in attending meetings of the Board or in the performance of other duties authorized by the Board. Such reimbursement shall be in a manner and an amount as is reasonably determined by the Board to be appropriate.

(3) Executive Director and Clerical Staff.

(a) The Board shall have the authority to employ the service of an Executive Director for the System, to serve as the System's Chief Executive Officer. The Board shall adopt, and may amend, a job classification for the Executive Director, which shall define the duties and responsibilities of the position consistent with the provisions of this Article.

(b) The Board shall have the authority to employ the Executive Director upon terms and conditions that the Board determines are in the best interests of the administration of the System, and may enter into an employment agreement with the Executive Director for a period of not to exceed three (3) years, plus options to extend or renew.

(c) The Executive Director shall have the authority to employ such other professional and clerical services as may be required for the proper administration of the System on such terms and conditions as the Board may determine, and with the approval of the Board.

(d) The Executive Director and any clerical or professional staff employed by the System shall be eligible for participation in the group hospital, medical, dental and vision insurance programs otherwise offered to City employees, the General Pension Plan of the City, the deferred compensation plan, the retirement insurance provisions afforded to other City employees, Worker's Compensation coverage and the Medicare Supplement Plan of the City. The actual benefits provided to the Executive Director and any clerical employees of the System shall be determined by the Board. The actual cost of any and all such coverages provided shall be the responsibility of the System and reimbursed to the City on a quarterly basis.

(4) Administrative Costs.

(a) The Board shall have the authority to acquire, through lease or purchase, such office space as may be necessary for the proper administration of the System and may provide for such liability and casualty insurance as may be necessary to protect the property and assets of the System. Such office space shall be located within the corporate limits of the City of Grand Rapids and shall, to the extent required by law, be accessible to handicapped persons.

(b) The Board shall have the authority to acquire, through purchase or lease, such office supplies, equipment, furniture and

furnishings as it determines to be reasonably necessary for the proper administration of the System.

(c) All reasonable expenses of the Board necessary for the operation of the System, including compensation of the persons engaged by the Board, shall be paid at such rates and in such amounts as the Board shall approve from the Income-Expense Fund of the System.

(5) System Actuary. The Board shall appoint an actuary to be the technical advisor to the Board and the Executive Director on matters regarding the operation of the System and who shall perform such other duties as may be required in connection therewith. The appointed actuary shall (i) be a Member of The American Academy of Actuaries, (ii) be either a Fellow or Associate of the Society of Actuaries or a Member of the Conference of Consulting Actuaries, and (iii) have a minimum of 5 years of experience in providing actuarial and consulting service to public employee retirement systems.

(6) Investment Counselors. The Board shall appoint a professional investment counsel or firm or firms of professional investment counselors to be investment advisors to the Board upon such terms and conditions as the Board may direct.

(7) Legal Advisor. The City Attorney shall serve as the legal advisor to the Board and the Executive Director on matters regarding the operation of the System. The Board shall be authorized to retain the services of an attorney or law firm to represent the Board in any matters in which the City Attorney has a professional conflict of interest or in other circumstances in which the Board and City Attorney determine such representation would better serve the interests of the System.
(Ord. No. 68-34, 5-21-68; Ord. No. 90-34, § 1, 4-3-90; Ord. No. 91-67, § 1, 12-17-91; Ord. No. 94-12, § 1, 3-1-94)

Sec. 1.238. Board Meetings—Quorum; Vote; Proceedings.

The Board shall hold regular meetings, at least quarterly. Four (4) Trustees, of whom at least one (1) shall be a Member Trustee, shall constitute a quorum at any meeting of the Board. Each Trustee shall be entitled to one (1) vote on each question before the Board and at least four (4) concurring votes shall be required for a decision by the Board at any meeting. The Board shall adopt its own rules of procedure, and shall keep a record of its proceedings. All meetings of the Board shall be held pursuant to the Open Meetings Act described in MCLA § 15.261 et seq., as amended.
(Ord. No. 68-34, 5-21-68; Ord. No. 94-12, § 1, 3-1-94)

Sec. 1.239. Some Specific Board Administrative Duties.

(1) The Board shall from time to time adopt such reasonable mortality and other tables of experience, and a rate or rates of assumed interest, as shall be necessary for the actuarial requirements of the System.

(2) The Executive Director shall keep, or cause to be kept in convenient form, such data as shall be necessary for actuarial investigations of the experience of the System, and such data as shall be necessary for the annual actuarial valuations of the System.

(3) The Board shall annually, but not later than May 15 of each year, provide a report to the employer showing the financial condition of the System as of the preceding December 31. Such report shall contain, but not be limited to, a financial balance sheet, a statement of income and disbursements, a detailed statement of investments acquired and disposed of during the year, an actuarial balance sheet prepared by means of the last valuation of the System, and such other data as the Board shall deem necessary or desirable or as requested by the City Commission for a proper understanding of the condition of the System.

(4) All records of the System shall be kept and maintained by the Executive Director in space provided by the System.

(5) The employer shall provide the Executive Director with access to personnel and other records of the employer as may be reasonably required for the proper administration of the Retirement System.

(6) The Board shall have the authority to meet with and act in joint concert with the Board of Trustees of the City of Grand Rapids General Pension System on administrative matters of mutual concern to both Systems, including, but not limited to, the employment of an Executive Director, the establishment of administrative policy, the apportionment of administrative costs, the acquisition of office space, and the employment of actuaries or legal counsel. The City Commission shall have the authority to specify matters on which joint agreement of the General Pension System and the Police and Fire Pension System are required to avoid the unnecessary duplication of administrative expenses. These matters shall include, but not be limited to, the selection of the System Actuary, the selection of the Executive Director, the selection of the Auditor, and the acquisition of office space.

(7) The Board shall have the discretionary power and authority to determine the benefits payable to Members by the System. These powers and authority include the following:

(a) To interpret the terms and provisions of this Article as they relate to benefits payable;

(b) To decide all questions of eligibility for participation in the System; and

(c) To decide all questions of eligibility for benefit payments and determine the amount of benefit payments.

(Ord. No. 68-34, 5-21-68; Ord. No. 87-4-1, § 1, 1-20-87; Ord. No. 91-67, § 2, 12-17-91; Ord. No. 94-12, § 1, 3-1-94; Ord. No. 2004-60, § 4, 9-7-04)

Sec. 1.240. Claims Procedure.

The Board will make all determinations concerning benefits. Any denial of benefits by the Board will be stated in writing by the Board and delivered or mailed by certified mail, return receipt requested, to the member or beneficiary within sixty (60) days after the denial. The notice will set forth the reasons for the denial in language that may be understood by the member and will specify the System provisions upon which the denial was based. If the denial is based on the failure of the member or beneficiary to supply certain materials or information, the notice will so state. The notice will advise that the denial may be appealed to the Board and will include an explanation of the appeal procedure.

The Board will adopt a procedure for reviewing appeals of denials of benefit claims. The procedure will include the following:

(a) The claimant or his duly authorized representative may initiate an appeal by written request for review delivered to the Board not later than sixty (60) days after receipt by the claimant of the notice of denial;

(b) The claimant or his duly authorized representative may review documents pertinent to the appeal and may submit written statements of issues and arguments relevant to the appeal to the Board;

(c) The Board will return its decision on the appeal not later than sixty (60) days after receipt of the request for review; and

(d) The claimant will be advised in writing of the decision on the appeal including the reasons for the decision in language that may be understood by the claimant with references to the System provisions upon which the decision is based.

The determination of the Board in all matters under this Section will be final and binding on all parties.

(Ord. No. 68-34, 5-21-68; Ord. No. 94-12, § 1, 3-1-94)

Sec. 1.241. Membership of System.

(1) The membership of the System shall include all persons who are employees on or after the effective date of the System.

(2) In any case of question as to the System membership status of any person, the Board shall have power to decide the question.

(3) Non-Member Hired to Non-Represented Position.

(a) Effective July 1, 2011, for any person hired to serve as the Police Chief or Deputy Police Chief, who upon their date of hire for such position is not a

Member of the Retirement System as herein defined, such person shall be eligible for the Officer's Option Plan as provided in Article 3 of this Chapter, and shall be excluded from participation in the Police and Fire Retirement System.

(b) Effective April 25, 2017, for any person hired to serve as the Fire Chief or Deputy Fire Chief, who upon their date of hire for such position is not a Member of the Retirement System as herein defined, such person shall be eligible for the City of Grand Rapids Defined Contribution (CGRDC) Plan as provided in Article 8 of this Chapter, and shall be excluded from participation in the Police and Fire Retirement System and the Officer's Option Plan as provided in Article 3 of this Chapter.

(Ord. No. 68-34, 5-21-68; Ord. No. 2015-70, § 7, 12-8-15; Ord. No. 2017-29, § 1, 4-25-17; Ord. No. 2019-31, § 4, 7-23-19)

Sec. 1.242. Membership Terminates; Reinstatement of Credited Service.

(1) When a member is no longer employed by the employer in a position covered by the System, he or she shall thereupon cease to be a member of the System. Except as otherwise provided in this Article, upon termination of membership, the member's credited service shall be forfeited. If such person is not a retirant and becomes reemployed by the employer in a position covered by the System, that person shall again become a member of the System. Should such reemployment occur within a period of four (4) years from and after the date that membership last terminated, the member's credited service last forfeited by that member shall be restored to the member's credit; provided, that the member returns to the System the amount, if any, received therefrom, together with regular interest from the date of withdrawal to the date of repayment. A current employee whose participation in the plan was terminated due to attainment of age sixty (60) prior to January 1, 1988, has the option to be credited with service worked after the calendar month in which the employee attained age sixty (60), provided credited service does not exceed forty (40) years. The member shall be required to pay into the System an amount equal to that which would have been required during the time the service was performed, plus regular interest, in order to receive such credited service.

(2) Upon a member's retirement he or she shall thereupon cease to be a member and, except as otherwise provided in this Article, he or she shall not again become a member of the System.

(3) Allowance payments shall be suspended for any retirant who is employed by the employer for more than seven hundred (700) hours in a calendar year. Allowance payments shall be suspended immediately upon attainment of seven hundred (700) hours worked and shall remain suspended for the duration of that calendar year that the retirant continues to work for the employer. Any such retirant so employed shall not become a member of the system or gain any credited service or other allowance enhancements as a result of time worked after retirement. The employer shall notify the Retirement Systems of the employment of a retirant and upon the completion of seven hundred (700) hours worked by that retirant. Effective July 1, 2022, the limit for retirees of the Grand Rapids Police Officers Association Officer and Sergeant Unit shall be one thousand forty (1,040) hours per calendar year.

(Ord. No. 68-34, 5-21-68; Ord. No. 88-32, § 2, 5-17-88; Ord. No. 99-76, § 1, 12-21-99; Ord. No. 2023-03, § 1, 1-24-23)

Sec. 1.243. Service Credit.

(1) A member shall be given credited service for the period from their employment commencement date to their employment termination date. No credit shall be given for any period of thirty (30) days or more in which the member does not make the required member contributions for service for eighty (80) or more hours. Service shall be computed in whole months with a

remaining period of less than thirty (30) days counted as a whole month if member contributions were made for service for eighty (80) or more hours. If the period of service determined before application of the immediately preceding sentence results in a period of whole years and an additional fractional year of ten (10) months or more (without rounding), the fractional years of ten (10) months or more shall be treated as a whole year. The requirement that a member make the required member contributions as a condition of receiving service credit is waived for the first six (6) months of employment. The Board shall fix and determine the number of months and years of service to be credited to each member for employment as an employee in accordance with the terms of this ordinance. No member shall be credited with more than the years of credited service in the following table:

Covered Group	*Date of Hire*	*Credited Service Limit*
Firefighters	Prior to July 1, 1992	40 years if electing a 2.5% benefit multiplier or 37 years if electing a 2.7% benefit multiplier and retiring on or before September 26, 2002 or 35 years if electing a 2.7% benefit multiplier and retiring after September 26, 2002
	July 1, 1992 or after	33 years - 4 months
Police Officers and Sergeants	Prior to March 9, 1995	37 years
	March 9, 1995 through June 30, 2001	32 years - 4 months
	July 1, 2001 and after	29 years - 7 months
Police Command	Prior to July 1, 2001	37 years
	July 1, 2001 and after	29 years - 7 months
Police Chief and Deputy Police Chief	Any	37 years

For Firefighter retirements effective December 18, 2009 through December 31, 2009 and for Firefighter retirements effective on or after July 1, 2012:

Covered Group	*Date of Hire*	*Credited Service Limit*
Firefighters	Prior to July 1, 1992	40 years if electing a 2.5% benefit multiplier or 33 years - 9 months if electing a 2.8% benefit multiplier
	July 1, 1992 through January 9, 2012	32 years - 2 months
	January 10, 2012 and after	33 years - 7 months (for 2.8% multiplier elected after 5 years) to 45 years (for 2.0% multiplier for all years), depending on multiplier selection made by member under Section 1.246

For Police Officers and Sergeants, Police Command, and Non-Represented member retirements on or after June 30, 2010:

Covered Group	*Date of Hire*	*Credited Service Limit*
Police Officers and Sergeants	Prior to March 9, 1995	35 years - 9 months
	March 9, 1995 through June 30, 2001	31 years - 3 months
	July 1, 2001 through December 19, 2011	28 years - 7 months
	December 20, 2011 and after	30 years to 40 years, depending on multiplier selection made by member under Section 1.246
Police Command	Prior to July 1, 2001	35 years - 9 months
	July 1, 2001 through December 19, 2011	28 years - 7 months
	December 20, 2011 and after	30 years to 40 years, depending on multiplier selection made by member under Section 1.246
Police Chief and Deputy Police Chief	Any	35 years - 9 months

Covered Group	*Date of Hire*	*Credited Service Limit*
Fire Chief and Deputy Fire Chief	Any	33 years - 9 months

(2) In the event a member, who while an employee, entered or enters the Armed Forces of the United States during any period of compulsory military service, such armed service actually required of him or her shall be credited him or her as service hereunder; provided, that he or she again becomes an employee within a period of ninety (90) days after he or she is relieved from military duty, and he or she returns to the System the amount, if any, he or she may have received therefrom at the time he or she entered or while in such armed service, together with regular interest from the date of withdrawal to the date of repayment, and in no case shall any member be credited with a total of more than six (6) years of such armed service. In any case of doubt as to the period of such armed service to be so credited a member, the Board shall have power to determine such period. To receive service credit for such required armed service, such member shall have the option to continue during his or her term of military service payments which would have been required of him or her under the System had he or she remained at work, or he or she shall have the option upon reinstatement to make up any such contributions which were not made during the period of his or her military duty.

(3) A member may deposit in the System the amount or amounts he or she may have received therefrom as a result of a prior termination of employment and not repaid thereto, together with regular interest from the date of withdrawal to the date of repayment. In no case shall a member be given credit for service rendered prior to the date he or she received payments until he or she returns to the System all amounts due from him or her. Contributions to purchase service previously excluded under a mandatory retirement age provision shall be paid in the same manner and subject to the same conditions as the payment of amounts received and not repaid.

(4) Purchase of Credited Service. Except as otherwise permitted herein, a member may purchase additional periods of credited service, not exceeding two (2) years, by contributing an amount equal to 17.84 percent (.1784) of the member's annual rate of salary at the time of such purchase, including longevity pay and education allowance, multiplied by the number of years and fraction of a year of credited service being purchased. All purchases shall be in increments of one month. Any such periods of purchased credited service shall be recognized solely for the purpose of computing the member's life allowance as provided in Section 1.246. The purchase rate specified above shall be effective for purchases made between July 1, 1991 and June 30, 1994. For future periods the rate shall be the age and service cost component of the normal cost as determined by the System Actuary. Effective July 1, 1994 the System Actuary shall determine separate normal costs for Firefighters, Police Officers and Sergeants, and Police Command. Provided, however, that from and after December 20, 2011, Police Officers and Sergeants, and Police Command members, may purchase up to a total of four (4) years of credited service, subject to the provisions of this paragraph, and from and after January 10, 2012, Firefighter members may also purchase up to a total of four (4) years of credited service, subject to the provisions of this paragraph. In accordance with the IRS ruling issued to the Retirement System approving such purchase of service, the decision to purchase credited service is irrevocable.

(5) Payments made under Subsections (2), (3) and (4) above, shall be made (a) by a single cash deposit, (b) by an increased rate of member contributions, (c) by a Trustee to Trustee transfer to the System from an eligible retirement plan, ("eligible retirement plan" is defined in Section 1.254(5)(b) below), or (d) by a combination of an initial lump sum cash deposit and an increased rate of contributions as approved by the Board. The payments for any of these service purchases must be completed in a period of five years or less. Contributions which are made as a percentage of periodic pay may be considered as "picked up" by the employer as described in Section

1.258(6) or may be made on an after-tax basis, at the election of the member prior to the first such payment. This election is irrevocable. Subsequent to the election to purchase service, the member may not amend or revoke a pick-up election and may not make any direct payments for any service so purchased. The contribution or portion of the contribution which is paid in an initial cash deposit shall not be considered "picked up." In the event that a member terminates employment prior to completion of the payments over the period elected, the City will reduce the final payroll amount due the member attributable to reimbursement for unpaid vacation, sick leave or other extraordinary forms of compensation (accrued pay) by the lesser of the accrued pay amount or the amount remaining unpaid. Any amounts thereafter remaining unpaid may be paid to the retirement system on a lump-sum, after-tax basis within thirty (30) days of termination of employment. If any amount remains unpaid thirty (30) days after termination of employment, then the additional service purchase shall be reduced to reflect the number of months of additional service for which payments have not been received.

(6) In any case of question as to the service credit of any person, the Board shall have discretion to decide the question.

(7) Sick Leave Conversion. An employee with ten (10) or more years of continuous service may use accumulated and unused sick leave standing to the employee's credit at the time of retirement or resignation for the purpose of purchasing additional credited service which shall be recognized for the sole purpose of computing the members' life allowance as provided in Section 1.246, and not for determining eligibility for a benefit or for any other purpose.

(a) Police Officer members including the Police Chief and Deputy Police Chiefs may use accumulated sick leave to purchase up to a maximum of one (1) year of additional credited service by using one thousand two hundred sixty-five (1,265) hours of such sick leave for such purpose.

(b) Firefighter members including the Fire Chief and Deputy Fire Chief may use accumulated sick leave to purchase up to a maximum of one (1) year of additional credited service by using two thousand eighty (2,080) hours of such sick leave for such purpose.

Any such additional credit service purchased with accumulated sick leave shall be subject to the overall credit service limitation applicable to the member under Section 1.243(1) herein.

(8) If a member of the General Retirement System left or leaves that system and such member later becomes a member of the Police and Fire Retirement System he or she shall be entitled to transfer all General Retirement System credited service, on a prorated basis, into the Police and Fire Retirement System under the provisions of this Section, subject to the following conditions:

(a) All accrued General Retirement System credited service time will be reduced by fifty percent (50%) and converted into Police and Fire Retirement System credited service.

(b) The former General Retirement System member, does not, or has not, withdrawn his or her accumulated contributions from the City of Grand Rapids General Retirement System and formally requests the transfer of such contributions into the Police and Fire Retirement System.

(c) A member who is eligible for transfer of credited service, as specified above, may only elect the transfer of such credited service in writing to the Police and Fire Retirement System Office during the period February 1, 2000 through June 30, 2000.

(d) The transfer of accumulated member contributions and credited service provided for in this Section revokes entitlement to any and all present or future benefits or provisions found in Title I, Chapter 7, Pension and Retirement

Benefits, Article 1, General Pension System, of the Code of the City of Grand Rapids.

(Ord. No. 68-34, 5-21-68; Ord. No. 88-32, 5-17-88; Ord. No. 94-12, § 1, 3-1-94; Ord. No. 95-64, §§ 3, 4, 11-7-95; Ord. No. 98-49, § 1, 11-3-98; Ord. No. 99-20, §§ 1, 4, 4-13-99; Ord. No. 99-79, § 1, 12-21-99; Ord. No. 2000-02, § 1, 1-11-00; Ord. No. 2000-06, § 1, 2-8-00; Ord. No. 2002-49, § 2, 8-20-02; Ord. No. 2002-52, §§ 5, 6, 9-10-02; Ord. No. 2004-60, § 5, 9-7-04; Ord. No. 2009-68, § 2, 12-15-09; Ord. No. 2010-49, §§ 2, 3, 8-24-10; Ord. No. 2011-63, § 1, 12-20-11; Ord. No. 2013-39, §§ 5—7, 8-27-13; Ord. No. 2015-70, § 5, 12-8-15; Ord. No. 2019-31, §§ 5, 6, 7-23-19)

Sec. 1.244. Age and Service Retirement Eligibility.

Any member in employer service may retire with a life allowance provided for in Section 1.246 upon his or her written application to the Board setting forth at what time not less than thirty (30) days nor more than ninety (90) days subsequent to the execution and filing thereof he or she desires to be retired; provided, that at the time so specified for his or her retirement the member shall have attained his or her minimum service retirement age and shall have ten (10) or more years of credited service in force, and notwithstanding that during such period of notification he or she may have separated from service. Provided further, however, that for Firefighter members of the System retiring between December 18, 2009 and December 31, 2009 inclusive, the requirement to provide thirty (30) days' notice prior to retirement shall be waived. He or she shall have the right to elect an option provided for in Section 1.247.

(Ord. No. 68-34, 5-21-68; Ord. No. 2009-68, § 3, 12-15-09)

Sec. 1.245. Compulsory Retirement.

There shall be no compulsory retirement. However, no member shall accrue any benefits exceeding those provided in Section 1.246, nor shall any member accrue benefits after the calendar year in which the member attains the number of years of credited service set forth in Section 1.243(1). Section 1.242(1) applies for restoration of service credit for members who attained age sixty (60) prior to January 1, 1988.

(Ord. No. 68-34, 5-21-68; Ord. No. 88-32, § 4, 5-17-88; Ord. No. 94-12, § 1, 3-1-94)

Sec. 1.246. Life Allowance.

Upon a member's retirement as provided in this Article, the member shall receive a life allowance equal to the applicable percent of final average salary in effect for the member at the time of employment termination (Benefit Multiplier), multiplied by the member's years of credited service to the nearest one-twelfth (1/12) year; provided, however, that no such life allowance shall be based upon a percentage of final average salary which exceeds the allowance cap for that member's covered group at the time of retirement as set forth below:

BENEFIT MULTIPLIERS AND ALLOWANCE CAPS FOR MEMBER GROUPS

COVERED GROUP	*DATE OF HIRE*	*BENEFIT MULTIPLIER*	*ALLOWANCE CAP*
Firefighters	Prior to July 1, 1992	2.5%	100%
	-or-		
	Prior to July 1, 1992 with up to 37 years of credited service if, on or before June 28, 2002 a decision to retire was made, effective on or before September 26, 2002	2.7%	100%
	-or-		

COVERED GROUP	*DATE OF HIRE*	*BENEFIT MULTIPLIER*	*ALLOWANCE CAP*
	Prior to July 1, 1992 with up to 35 years of credited service	2.7%	94.5%
	July 1, 1992 or after	2.7%	90%
Police Officers and Sergeants	Before March 9, 1995	2.7%	100%
	March 9, 1995 through June 30, 2001	2.7%	87.5%
	July 1, 2001 and after	2.7%	80%
Police Command	Prior to July 1, 2001	2.7%	100%
	July 1, 2001 or after	2.7%	80%
Police Chief or Deputy Police Chief	At any time	2.7%	100%

For Firefighter retirements effective December 18, 2009 through December 31, 2009 and for Firefighter retirements effective on or after July 1, 2012:

COVERED GROUP	*DATE OF HIRE*	*BENEFIT MULTIPLIER*	*ALLOWANCE CAP*
Firefighters	Prior to July 1, 1992	2.5%	100%
	-or-		
	Prior to July 1, 1992	2.8%	94.5%
	July 1, 1992 through January 9, 2012	2.8%	90%
	January 10, 2012 and after	2.0%*	90%

* Firefighter members hired on or after January 10, 2012 will have a 2.0% multiplier for the first five (5) years of employment. Such members will have an option, between four and a half (4½) years and five (5) years of employment, to irrevocably elect to increase their own benefit multiplier to 2.2%, 2.4%, 2.6% or 2.8%, for all future credited service after the first five (5) years. The incremental cost for a higher multiplier will be calculated by the System's actuary following each experience study, or at least every five (5) years, and shall be added to the member contributions required under Section 1.258(4)(a) for the remainder of the member's employment. If no election is made by such member prior to his/her five-year employment anniversary date, then all credited service shall be calculated using a 2.0% multiplier. Effective as of July 1, 2019, members may irrevocably elect to increase their own benefit multiplier to 2.2%, 2.4% 2.6% or 2.8%, retroactive to no earlier than the member's six-month anniversary date, or in any six-month increment from that date. If no election is made by such member prior to his/her five-year employment anniversary date, then all credited service shall be calculated using a 2.0% multiplier. Members hired on or after January 1, 2024 must make an irrevocable multiplier election before their six-month anniversary date. If no election is made by such member prior to their six-month anniversary date, then all credited service shall be calculated using a 2.0% multiplier. The increased cost of the member's election shall be calculated by the actuary and paid by the member via an increased member contribution rate.

For Police Officers and Sergeants, Police Command and Non-Represented member retirements on or after June 30, 2010:

COVERED GROUP	*DATE OF HIRE*	*BENEFIT MULTIPLIER*	*ALLOWANCE CAP*
Police Officers and Sergeants	Before March 9, 1995	2.8%	100%

COVERED GROUP	*DATE OF HIRE*	*BENEFIT MULTIPLIER*	*ALLOWANCE CAP*
	March 9, 1995 through June 30, 2001	2.8%	87.5%
	July 1, 2001 through December 19, 2011	2.8%	80%
	December 20, 2011 and after	2.0%*	80%
Police Command	Prior to July 1, 2001	2.8%	100%
	July 1, 2001 through December 19, 2011	2.8%	80%
	December 20, 2011 and after	2.0%**	80%
Police Chief or Deputy Police Chief	Any	2.8%	100%
Fire Chief or Deputy Fire Chief	Any	2.8%	94.5%

* Police Officers and Sergeants hired on or after December 20, 2011 will have a 2.0% multiplier for the first five (5) years of employment. Such members will have an option, between four (4) and five (5) years of employment, to irrevocably elect to increase their own benefit multiplier to 2.2%, 2.4%, 2.6% or 2.8%, for all future credited service after the first five (5) years. The incremental cost for a higher multiplier will be calculated by the System's actuary following each experience study, or at least every five (5) years, and shall be added to the member contributions required under Section 1.258(4)(b) for the remainder of the member's employment. If no election is made by such member prior to their five-year employment anniversary date, then all credited service shall be calculated using a 2.0% multiplier. Effective July 1, 2019, members hired between December 20, 2011 and August 31, 2019 will be afforded a one-time opportunity to irrevocably elect to increase their own benefit multiplier to 2.2%, 2.4%, 2.6% or 2.8%, retroactive to no earlier than the member's six-month anniversary date, or in any six-month increment from that date. Prior elections may not be changed to a different multiplier. Members hired on or after September 1, 2019 must make an irrevocable multiplier election before their six-month anniversary date. If no election is made by such member prior to their six-month anniversary date, then all credited service shall be calculated using a 2.0% multiplier. The increased cost of the member's election shall be calculated by the actuary and paid by the member via an increased member contribution rate.

** Police Command members hired on or after December 20, 2011 will have a 2.0% multiplier for the first five (5) years of employment. Such members will have an option, between four (4) and five (5) years of employment, to irrevocably elect to increase their own benefit multiplier to 2.2%, 2.4%, 2.6% or 2.8%, for all future credited service after the first five (5) years. The incremental cost for a higher multiplier will be calculated by the System's actuary following each experience study, or at least every five (5) years, and shall be added to the member contributions required under Section 1.258(4)(c) for the remainder of the member's employment. If no election is made by such member prior to their five-year employment anniversary date, then all credited service shall be calculated using a 2.0% multiplier. If a Police Command member is promoted into the unit from the Police Officers and Sergeants unit and has already elected a higher multiplier, or defaulted to a 2.0% multiplier for all service, then that election or default shall be applicable for service earned while in the Command unit as well.

Life allowances for those former members who terminated service with the employer prior to July 1, 2001 and elected to take a deferred retirement, are subject to and limited by the provisions of Section 1.250.

(Ord. No. 68-34, 5-21-68; Ord. No. 80-26, 4-8-80; Ord. No. 81-26, 4-7-81; Ord. No. 81-49, 6-30-81; Ord. No. 83-42, 8-2-83; Ord. No. 83-62, 11-1-83; Ord. No. 86-50, §§ 1—3, 8-26-86; Ord. No. 88-32, § 5,

Sec. 1.247. Allowance Options.

(1) Under such rules and regulations and limitations as the Board shall adopt, before the date the first payment of his or her allowance becomes due but not thereafter, a person about to become a retirant may elect to receive an optional form of allowance in lieu of the single life annuity allowance otherwise payable to him or her as described in Section 1.246. The value of each such optional form of allowance shall be the actuarial equivalent of the value of the allowance otherwise payable to him or her. The optional forms of allowance made available by the Board shall be the forms following:

(a) *Option B-100.* Upon the death of a retirant who elected Option B-100, one hundred (100) percent of the reduced allowance to which the retirant would have been entitled had the retirant lived shall be paid to the retirant's surviving beneficiary for the lifetime of such surviving beneficiary.

(b) *Option B-75.* Upon the death of a retirant who elected Option B-75, seventy-five (75) percent of the retirant reduced allowance to which the retirant would have been entitled had the retirant lived shall be paid to the retirant's surviving beneficiary for the lifetime of such surviving beneficiary.

(c) *Option B-50.* Upon the death of a retirant who elected Option B-50, fifty (50) percent of the reduced allowance to which the retirant would have been entitled had the retirant lived shall be paid to the retirant's surviving beneficiary for the lifetime of such surviving beneficiary.

(d) *Option B-25.* Upon the death of a retirant who elected Option B-25, twenty-five (25) percent of the reduced allowance to which the retirant would have been entitled had the retirant lived shall be paid to the retirant's surviving beneficiary.

(e) *Option B-100 Pop-Up.* Same as Option B-100 with the added provision that if the designated beneficiary pre-deceases the retirant, the allowance shall be returned to the amount of the life allowance that would have been payable if no optional form of payment had been elected. Such change shall be made effective the month following the month in which the joint beneficiary died.

(f) *Option B-75 Pop-Up.* Same as Option B-75 with the added provision that if the designated beneficiary pre-deceases the retirant, the allowance shall be returned to the amount of the life allowance that would have been payable if no optional form of payment had been elected. Such change shall be made effective the month following the month in which the joint beneficiary died.

(g) *Option B-50 Pop-Up.* Same as Option B-50 with the added provision that if the designated beneficiary pre-deceases the retirant, the allowance shall be returned to the amount of the life allowance that would have been payable if no optional form of payment had been elected. Such change shall be made effective the month following the month in which the joint beneficiary died.

(h) *Option B-25 Pop-Up.* Same as Option B-25 with the added provision that if the designated beneficiary pre-deceases the retirant, the allowance shall be returned to the amount of the life allowance that would have been payable if no optional form of payment had been elected. Such change shall be made effective the month following the month in which the joint beneficiary died.

(2) Benefits payable under any provision of this System will commence not later than the later of the following:

(a) April 1 of the calendar year following the calendar year in which the member retires; or

(b) April 1 of the calendar year following the calendar year in which the member attains or would have attained age seventy and one-half (70½).

Payments to beneficiaries other than surviving spouses will commence not later than one (1) year after the death of the member or former member. If death benefits are payable to anyone other than a surviving spouse or designated beneficiary, the entire death benefit must be paid within five (5) years after the death of the member.

If payments have commenced to the member or former member prior to his death, then the remaining benefits will be paid to his beneficiary at least as rapidly as under the method of payment made to the member or former member as of the date of death.

No distribution shall be made in a form or over a period longer than permitted in Code Section 401(a)(9) and regulations thereunder, including the incidental death benefit requirements contained therein. These limitations override any inconsistent distribution options. This subsection (2) is effective July 1, 1989.
(Ord. No. 68-34, 5-21-68; Ord. No. 83-66, § 1, 11-8-83; Ord. No. 83-71, § 1, 12-6-83; Ord. No. 84-15, § 1, 3-13-84; Ord. No. 94-12, § 1, 3-1-94)

Sec. 1.248. Terminal Benefit Covering Retirant.

In the event a retirant dies before he or she has received in allowance payments an aggregate amount equal to his or her accumulated contributions standing to his or her credit in the members' deposit fund at the time of his or her retirement, the difference between such accumulated contributions and such aggregate amount of allowance payments received by him or her shall be paid to such person as he or she shall have nominated by written designation duly executed and filed with the Board. If there be no such designated person surviving such retirant such difference, if any, shall be paid to the retirant's estate. In no case shall any benefits be paid under this Section on account of the death of a retirant if any allowance becomes payable by the System on account of his or her death.
(Ord. No. 68-34, 5-21-68)

Sec. 1.249. Early Retirement.

(1) Any member in employer service who has not attained his or her minimum service retirement age may retire with an early allowance provided for in (2) of this Section upon his or her written application to the Board setting forth at what time not less than thirty (30) days nor more than ninety (90) days subsequent to the execution and filing thereof he or she desires to be retired; provided, that at the time so specified for his or her retirement the member's age shall be within five (5) years of his or her minimum service retirement age and he or she shall have ten (10) or more years of credited service in force. He or she shall have the right to elect an option provided for in Section 1.247.

(2) Upon early retirement a member shall receive a percent of the allowance provided for in Section 1.246, in accordance with the following table of actuarial equivalent percents:

Age Last Birthday at Time of Retirement	*Percent of Section 1.246 Allowance*
50	73.34%
51	77.80
52	82.65
53	87.93
54	93.70
55	100.00

(3) The above provisions of Section 1.249 shall apply only to Firefighter members of the System as defined in Section 1.233(16) and those Police Officer members similarly defined in Section 1.233(23) who terminated prior to July 1, 1989. Police Officer members terminated prior to that date who otherwise meet eligibility requirements for deferred retirement may elect in lieu thereof to receive early retirement.
(Ord. No. 68-34, 5-21-68; Ord. No. 90-20, § 2, 2-20-90; Ord. No. 94-12, § 1, 3-1-94; Ord. No. 98-49, § 2, 11-3-98; Ord. No. 99-20, § 4, 4-13-99; Ord. No. 2006-84, § 1, 12-19-06)

Sec. 1.250. Deferred Retirement.

(1) Should a member with ten (10) or more years of credited service cease to be a member, except by death or retirement, before attaining

minimum service retirement age as defined in Section 1.233 and before being eligible for an early allowance as provided in Section 1.249, or being eligible, elects against receiving an early allowance, such member shall be entitled to the deferred allowance provided for in this Section; provided, that the member does not withdraw his or her accumulated contributions from the members deposit fund. Such deferred allowance shall commence as of the first day of the calendar month next following the later of the date of the members' attainment of age fifty (50) or the date written application therefor is received by the Board. The member shall have the right to elect an option provided for in Section 1.247 at the time of filing such written application. In the event of a member's death, Section 1.250(3) applies.

For purposes of determining whether a member has ten (10) years of service for purposes of determining eligibility for benefits under this plan, prior or subsequent periods of service while a member of the General Pension System of the employer shall be considered. Such service shall not be considered for purposes of determining the amount of pension benefits hereunder.

Members vested with ten (10) or more years of service who cease to be a member by virtue of accepting the Officers' Option Plan provided for in Section 1.283 of Chapter 7, Title I of the Code of the City of Grand Rapids, or elect the deferred option of this Section, are entitled to the provisions outlined above based only upon the life allowance of Section 1.246, and other conditions in effect at the time the member ceased being a member of the plan. Because the Officers' Option Plan is entered into in lieu of any and all pension benefits under the Police and Fire Retirement System, the enhancement of any pension benefits after the member ceased being a member is prohibited.

(2) The former member's deferred allowance shall be a life allowance provided for in Section 1.246.

(3) A former member, or person designated by that member as beneficiary, otherwise entitled to a deferred allowance shall be entitled to a deferred allowance if written application therefor is received by the Board from the member or beneficiary as described below not earlier than ninety (90) days before the member did or would have attained such age nor later than three (3) years from and after the date of the attainment of such age. In the event such former member does not so live, has not designated a beneficiary, or in the event such written application is not received by the Board within the time limits specified, no benefits whatsoever shall be paid except under the provisions of Section 1.254. For purposes of this Section, the beneficiary must be on file in the pension records and designated by the member as the primary beneficiary. In such case, it will be presumed that Option B-100 was elected.
(Ord. No. 68-34, 5-21-68; Ord. No. 88-32, § 6, 5-17-88; Ord. No. 90-20, § 3, 2-20-90; Ord. No. 94-12, § 1, 3-1-94; Ord. No. 98-49, § 3, 11-3-98; Ord. No. 99-20, § 2, 4-13-99)

Sec. 1.250.1. 2004 Voluntary Retirement Incentive—Police Officer Members.

(1) On March 16, 2004, a Voluntary Retirement Incentive Plan (the "Plan") was adopted by the Grand Rapids City Commission (the "City") which provided that employees who are Police Officer members of the System, other than elected and appointed officials, and who, in addition to satisfying the requirements of Section 2(B) of such "Plan" also satisfy all of the following requirements, are eligible to receive the retirement incentive set forth in subsection (2) below:

(a) The Police Officer member must be at least fifty (50) years of age by his or her selected date of retirement and eligible for normal age and service retirement under Section 1.244 utilizing his or her years of credited service and the up to two (2) years of additional credited service granted to individuals who retire under this Section. For purposes of this subsection, "years of credited service" does not include any months of credited service purchased under Section 1.243(4) or Section 1.243(7).

(b) The employee must be employed and actively working for the City or on an approved leave of absence on March 16, 2004. For purposes of this subsection,

"actively employed" means that an employee is physically at work performing duties or is on an approved paid leave of absence (e.g. worker's compensation or FMLA leave) and does not include individuals who retired on or before March 16, 2004.

(c) The employee must sign and deliver the Retirement Election and Release Agreement to the City not later than 4:00 p.m. on April 30, 2004 and shall terminate employment with the City on or before June 30, 2004, with a retirement date the first day of the month following termination. Provided, however, any employee who, because of age, becomes eligible for this Plan after July 1, 2004 must indicate his or her election to retire under this Plan and must sign the Retirement Election and Release Agreement and deliver it to the City no later than 4:00 p.m. on April 30, 2004, such retirement to become effective the first day of the month after becoming eligible and prior to December 31, 2004. The minimum thirty (30) day notification required by Section 1.244 shall be waived if necessary to allow an employee to retire under this Section.

(2) Employees who retire after satisfying all of the requirements of subsection (1) above shall be entitled to a Life Allowance payable under Section 1.246, calculated using their credited service under Section 1.243 and the up to two (2) additional years of credited service provided hereunder, provided, however, that the provisions of Section 1.243(1) to the contrary not withstanding, no employee retiring under this Section shall be eligible to receive a Life Allowance payable under Section 1.246 that exceeds the allowance cap for that member's covered group at the time of retirement. Employees retiring under this Section shall have the right to elect an option provided for in Section 1.247.

(3) The retirement incentive of up to two (2) additional years of credited service as set forth in subsection (2) above shall not be provided to an eligible employee who, before his or her selected retirement date, quits, becomes eligible for disability retirement under the System, dies or otherwise is unwilling or unable to remain in the active employment of the City, or files for and receives unemployment compensation chargeable to the City's account. All costs associated with the retirement incentive provided for in subsection (2) above shall be funded in accordance with Section 1.263(1), (2), (3), (4) and (5).
(Ord. No. 2004-17, § 1, 4-20-04)

Sec. 1.250.2. Key Employee Incentive Program (KEIP).

(1) *Police officer members.* Effective November 1, 2016, any eligible employee of the City of Grand Rapids Police Department who is a member of the City of Grand Rapids Police and Fire Retirement System may voluntarily elect to participate in the City of Grand Rapids Police and Fire Retirement System Key Employee Incentive Program ("KEIP"). The terms and conditions of the KEIP shall be those provisions adopted by collective bargaining agreement which shall be incorporated into this ordinance by reference.

(2) *Firefighter members.* Effective November 1, 2016, any eligible employee of the City of Grand Rapids Fire Department who is a member of the City of Grand Rapids Police and Fire Retirement System may voluntarily elect to participate in the City of Grand Rapids Police and Fire Retirement System Key Employee Incentive Program ("KEIP"). The terms and conditions of the KEIP shall be those provisions adopted by collective bargaining agreement which shall be incorporated into this ordinance by reference.
(Ord. No. 2016-72, § 1, 11-1-16)

Sec. 1.251. Death of Member.

(1) If a member dies in employer service before retirement, the applicable benefits provided in (2), (3), (4) and (5) of this Section shall be paid, subject to (6) of this Section and to Section 1.253.

(2) His or her widow or widower shall receive an allowance computed in the same manner in all respects as if such member had (a) retired the day preceding the date of his or her death, not withstanding that he or she might not have

attained his or her minimum service retirement age or acquired ten (10) years of credited service, (b) elected Option B-100 provided for in Section 1.247 and (c) nominated such widow or widower as joint beneficiary; provided, in no case shall the allowance payable to the widow or widower be less than twenty (20) percent of such member's final average salary. If the Board finds that the member's death occurred in the course of his or her performance of duty as an employee, the allowance payable to the widow or widower shall not be less than the difference between seventy-two (72) percent of the member's final average salary (sixty (60) percent of final average salary if the member was hired after June 30, 1992; provided, however, that from and after July 1, 2004, such sixty (60) percent limitation shall only apply to Police Command or Firefighter members hired after June 30, 1992) and any amounts payable to dependent children under 1.251(3) below. The preceding sentence of this paragraph will also apply if, in the determination of the City Commission, death occurs as the direct result of the performance of public safety type activities while off duty.

(3) His or her dependent child or dependent children shall each receive an allowance of fifteen (15) percent of such member's final average salary; provided, while there are four (4) or more such dependent children, each dependent child shall receive an allowance of an equal share of fifty (50) percent of such member's final average salary. A child shall be a dependent child until his or her death or his or her marriage or his or her attainment of age eighteen (18), whichever occurs first; provided, the age eighteen (18) maximum shall be extended as long as the child continues uninterruptedly being a full-time student at an accredited secondary school or college or university, but in no event beyond his or her attainment of age twenty-three (23); provided further, the age eighteen (18) maximum shall be extended for any child who has been deemed physically or mentally incompetent by a Michigan court of competent jurisdiction (or by the Board), for as long as such incompetency exists. Upon a child ceasing to be a dependent child, his or her allowance shall terminate, and there shall be a redetermination of the amounts payable to any remaining dependent children under this subsection or to a surviving widow or widower under Section 1.251(2).

(4) If, at the time of such member's death, there is neither a widow or widower nor a dependent child, each dependent parent shall receive an allowance of fifteen (15) percent of such member's final average salary; provided, the Board finds that such parent was dependent for at least fifty (50) percent of his or her financial support upon such member.

(5) In the event all the allowances provided for in this Section, payable on account of the death of a member, terminate before there has been paid an aggregate amount equal to his or her accumulated contributions standing to his or her credit in the members' deposit fund at the time of his or her retirement, the difference between such accumulated contributions and such aggregate amount of allowance payments shall be paid to such person as he or she shall have nominated by written designation duly executed and filed with the Board. If there be no such designated person surviving at termination, such difference shall be paid to the member's estate.

(6) In the event a member has received benefits from the System and has not repaid in full all amounts payable by him or her to the System, the allowance amounts otherwise provided by this Section shall be withheld, and used to effect repayment, until the total of such withholdings repays in full all amounts payable by him or her to the System.
(Ord. No. 68-34, 5-21-68; Ord. No. 94-12, § 1, 3-1-94; Ord. No. 94-28, § 1, 7-12-94; Ord. No. 2004-60, § 6, 9-7-04)

Sec. 1.252. Disability Retirement.

(1) *Non-duty related disability retirement.* Any member in employer service with one (1) or more years of credited service who has not attained his or her minimum service retirement age and who becomes totally and permanently physically or mentally incapacitated for his or her duty as an employee, as the result of a personal injury or disease which the Board finds to have arisen other than in the course of his or her actual

performance of duty as an employee, may be retired by the Board upon written application filed with the Board by or on behalf of the member; provided, that after a medical examination of such member made by or under the direction of a Medical Committee consisting of three (3) physicians, one (1) of whom shall be selected by the Board, one (1) by or on behalf of such member, and the third by the first two (2) physicians so named, the said Medical Committee reports to the Board, by majority opinion in writing, that such member is physically or mentally totally incapacitated for the further performance of duty, that such incapacity will probably be permanent, and that such member should be retired.

(2) (a) *Non-duty related disability allowance:* Upon disability retirement as provided in (1) of this Section, a member shall receive an allowance provided for in Section 1.246, subject to the following minimum benefit provisions, and the vesting schedule provided in 1.252(2)(b):

Covered Group	*Credited Service at Retirement*	*Minimum Allowance*
Police Officers	Less than 20	48% of final average salary
	20 or more	60% of final average salary
Police Command Officers	Less than 20	Based on service projected to the earlier of (i) the date the member would have completed 20 years of service if employment had continued, or (ii) the date the member would have attained 50 years of age.
	20 or more	Based on service projected to the earlier of (i) the date the member would have completed 25 years of service if employment had continued or (ii) the date the member would have attained 50 years of age.
Firefighters	Less than 20	Based upon service projected to the earlier of (i) the date the member would have completed 20 years of service if employment had continued, or (ii) the date the member would have attained 55 years of age.
	20 or more	Based on service projected to the earlier of (i) the date the member would have completed 25 years of service if employment had continued or (ii) the date the member would have attained 55 years of age.

The member shall have the right to elect an option provided for in Section 1.247. His or her disability allowance shall be subject to the provisions of (5) of this Section and to the provisions of Section 1.253.

(b) *Non-duty related disability retirement vesting.* Notwithstanding any provision of this Article to the contrary, any allowance paid to a Fire member hired on or after July 1, 2016 or any Police member of the Police and Fire Retirement System under this Section shall be subject to the following vesting schedule:

*Years of Service**	*Percentage of Allowance Provided in Section 1.252(2)(a)*
Less than 1 year	No allowance
1—5	50% of allowance
6	60% of allowance
7	70% of allowance
8	80% of allowance
9	90% of allowance
10	100% of allowance

*For purposes of this Section, Years of Service shall be based upon employment anniversary date, and shall not be rounded upward.

(3) *Duty disability retirement:* Any member in employer service who becomes totally and permanently physically or mentally incapacitated for his or her duty as an employee, as the natural and proximate result of a personal injury or disease which the Board finds to have arisen out of and in the course of his or her actual performance of duty as an employee, may be retired by the Board upon written application filed with the Board by or on behalf of the member; provided, that after a medical examination of such member made by or under the direction of a Medical Committee consisting of three (3) physicians, one (1) of whom shall be selected by the Board, one (1) by or on behalf of such member, and the third by the first two (2) physicians so named, the said Medical Committee reports to the Board, by majority opinion in writing, that such member is physically or mentally totally incapacitated for the further performance of duty, that such incapacity will probably be permanent, and that such member should be retired.

(4) *Minimum allowance.* Upon disability retirement as provided in (3) of this Section, a member shall receive an allowance provided for in Section 1.246; provided, that for Firefighters retiring after January 29, 2002, police officers and sergeants retiring after January 8, 2002, and police command members retiring after August 6, 2002, in no event shall such allowance be less than seventy-two (72) percent of final average salary. Any member retiring under (3) of this Section shall have the right to elect an option provided for in Section 1.247. The disability retirement and allowance shall be subject to the provisions of (5) of this Section and to the provisions of Section 1.253.

(5) (a) *Medical examination.* At least once each year during the first five (5) years following a member's retirement on account of disability, and at least once in each three-year period thereafter, the Board may require any disability retirant who has not attained his or her minimum service retirement age to undergo a medical examination to be made by or under the direction of a physician designated by the Board. If such a retirant refuses to submit to such medical examination in any such period his or her disability allowance may be suspended by the Board until his or her withdrawal of such refusal. If such refusal continues for one (1) year all his or her rights in and to a disability allowance may be revoked by the Board. If, upon such medical examination of such retirant, such physician reports to the Board that the said retirant is physically and mentally able and capable of resuming his or her duty as an employee in the position held by him or her at the time of his or her disability retirement, then the Board shall arrange a further medical examination of such member made by or under the direction of a Medical Committee consisting of three (3) physicians, one (1) of whom shall be selected by the Board, one (1) by or on behalf of such member, and the third by the first two (2) physicians so named. Should the Medical Committee concur, by majority opinion in writing to the Board, in the finding that such disability retirant is capable of such resumption of duty, his or her disability retirement shall terminate and he or she shall be returned to duty. If the member fails to return to duty, his or her disability allowance may be suspended by the Board. If such refusal continues for one (1) year, all his or her rights to a disability allowance may be revoked by the Board.

(b) *Return to duty.* Upon a former disability retirant's return to duty as provided in this subsection, he or she shall immediately again become a member of the System, and his or her credited service at the time of his or her disability retirement shall be restored to his or her credit, and the amount of his or her accumulated contributions at the time of his or her disability retirement shall be restored to his or her credit in the members' deposit fund. If he or she was in receipt of a duty disability allowance provided for in (3) of this Section, he or

she shall also be given service credit for the period he or she was in receipt of such duty disability allowance.

(Ord. No. 68-34, 5-21-68; Ord. No. 74-57, 7-16-74; Ord. No. 90-20, § 4, 2-20-90; Ord. No. 94-12, § 1, 3-1-94; Ord. No. 2002-52, § 8, 9-10-02; Ord. No. 2016-56, § 1, 8-23-16; Ord. No. 2019-35, § 2, 8-13-19)

Sec. 1.253. Limit on Death Pension or Disability Pension.

If a death allowance is payable under the provisions of Section 1.251, or if a disability allowance is payable under the provisions of Section 1.252, then in no event shall the total amount of such System allowances exceed ninety (90) percent of the amount of his or her annual rate of compensation at time of death or disability, as the case may be, less the total of the following amounts:

(1) Workmen's compensation, if any, on account of such death or disability. Payment of workmen's compensation on account of a disability or death shall not prohibit payment of any System allowance on account of the same disability or death, but shall reduce the amount of such allowance. If the member receives a lump sum settlement with respect to a workmen's compensation claim, the amount of the settlement which is not allocated to medical benefits shall be converted to an equivalent monthly amount on an annuitized basis using the actuarial assumptions described in Section 1.233(3). The resulting monthly amount shall be deducted from the disability benefit described in Section 1.252;

(2) Remuneration, if any, received by such retirant for personal services rendered by him or her in any gainful employment as a law enforcement officer or in any rank or position of Firefighter. Retirants who are employed by law enforcement agencies or fire departments shall provide certification of employment status and a description of duties performed, at least annually, in writing, to the Executive Director. The certification must be signed by the retirant's most senior ranking supervisor (i.e., Police Chief, Public Safety Chief, Fire Chief, etc.);

(3) Benefits, if any, from the Federal social security old age, survivors, and disability insurance program on account of such death or disability.

(Ord. No. 68-34, 5-21-68; Ord. No. 86-49, § 1, 8-26-86; Ord. No. 94-12, § 1, 3-1-94; Ord. No. 2004-60, § 7, 9-7-04)

Sec. 1.254. Refund of Member's Accumulated Contributions.

(1) In the event a member ceases to be a member other than by death before the date he or she becomes entitled to retire with an allowance payable by the System he or she shall be paid, upon his or her written application filed with the Board, his or her accumulated contributions standing to his or her credit in the members' deposit fund.

(2) In the event a member dies, and no allowance becomes or will become payable by the System on account of his or her death, his or her accumulated contributions standing to his or her credit in the members' deposit fund at the time of his or her death shall be paid to such person or persons as he or she shall have nominated by written designation duly executed and filed with the Board. If there be no such designated person or persons surviving such member, such accumulated contributions shall be paid to his or her surviving spouse, or to his or her estate if there is no surviving spouse.

(3) In the event a member's membership in the System terminates, and no allowance becomes or will become payable on his or her account, any accumulated contributions standing to his or her credit in the members' deposit fund unclaimed by such member or his or her legal representative within three (3) years from and after the date his or her membership terminated, shall be transferred to the income-expense fund. If thereafter proper application is made for such accumulated contributions, the Board shall pay them from the income-expense fund but without interest after the date payment was first due.

(4) Effective January 1, 1993, a distributee of a member's accumulated contributions may elect to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover.

(5) Definitions relating to payments of member's accumulated contributions:

(a) *Eligible rollover distribution.* An eligible rollover distribution is any distribution of all or any portion of the balance to the credit of the distributee, except that an eligible rollover distribution does not include: any distribution that is one (1) of a series of substantially equal periodic payments (not less than annually) made for the life (or life expectancy) of the distributee or the joint lives (or joint life expectancies) of the distributee and the distributee's designated beneficiary, or for a specified period of ten (10) years or more; any distribution to the extent such distribution is required under section 401(a)(9) of the Code; and the portion of any distribution that is not includable in gross income.

(b) *Eligible retirement plan.* An eligible retirement plan is an individual retirement account described in Code Section 408(a), an individual retirement annuity described in Code Section 408(b), an annuity plan described in Code Section 403(a), a qualified trust described in Code Section 401(a), or a deferred compensation plan described in Code Section 457, that accepts the distributee's eligible rollover distribution. Effective January 1, 2002, in the case of an eligible rollover distribution to the surviving spouse, an eligible retirement plan is defined in the preceding sentence.

(c) *Distributee.* A distributee includes a member or former member. In addition, the member's or former member's surviving spouse and the member's or former member's spouse or former spouse who is the alternate payee under an eligible domestic relations order, as defined in Code Section 414(p) and MCL Section 38.1701, et seq., are distributees with regard to the interest of the spouse or former spouse. A distributee shall also include a designated beneficiary (other than a surviving spouse) of a deceased member.

(d) *Direct rollover.* A direct rollover is a payment by the System to the eligible retirement plan specified by the distributee.

(6) Rules relating to payments of member's accumulated contributions:

(a) *Notice Requirement.* No less than thirty (30) days and no more than ninety (90) days before a distribution (or as otherwise permitted or required by the Code or regulations promulgated thereunder), the Board shall provide the distributee with a written explanation of:

(i) The rules under which the distribution may be paid in a direct rollover to an eligible retirement plan;

(ii) The rules that require income tax withholding if the distribution is not paid in a direct rollover;

(iii) The rules under which the distributee may rollover the distribution within sixty (60) days of receipt; and

(iv) Any other applicable tax rules.

However, if the distributee affirmatively elects to make or not make a direct rollover, and the distribution is either less than five thousand ($5,000.00) or is paid after the distributee attains age sixty-five (65), an immediate distribution shall not be deemed a violation of the thirty-day notice requirement.

(b) *Limitations on Direct Rollovers.* However, the distributee's right to elect a direct rollover is subject to the following:

(i) A distributee may elect a direct rollover of a portion of the distribution and elect to receive the remaining amount;

(ii) A distributee may not elect direct rollover to more than one eligible retirement plan; and

(iii) The distributee shall supply the Board with any information the Board reasonably requests in connection with the direct rollover.

(c) *Income Tax Withholding.* Mandatory income tax withholding shall apply to the portion of the eligible rollover distribution for which the distributee does not elect direct rollover.

(Ord. No. 68-34, 5-21-68; Ord. No. 94-12, § 1, 3-1-94; Ord. No. 2002-49, § 3, 8-20-02; Ord. No. 2009-18, § 1, 4-14-09)

Editor's note—It should be noted that the provisions of Ord. No. 2009-18, adopted April 14, 2009, 2002, provides for an effective date of April 27, 2009.

Sec. 1.255. Assignments Prohibited.

(1) The right of a person to an allowance, to the return of accumulated contributions, the allowance itself, any allowance option, and any other right accrued or accruing under the provisions of this Article, and all moneys belonging to the System shall not be subject to execution, garnishment, attachment, the operation of bankruptcy or insolvency laws, or any other process of law whatsoever, and shall be unassignable, except as is specifically provided in this Article; provided, that should a member be covered by a group insurance or prepayment plan participated in by the employer, and should he or she be permitted to, and elect to, continue such coverage as a retirant, the Board shall deduct from his or her allowance the payments required of him or her to continue coverage under such group insurance or prepayment plan, and to have deducted dues or membership fees, authorized to be paid to an association of retired municipal or public employees; provided, further, that the employer shall have the right of set-off for any claim arising from embezzlement by or fraud of a member, retirant or beneficiary. Effective June 27, 1991 this provision will not apply to any "eligible domestic relations order" as described in paragraph (2), below.

(2) A domestic relations order is not an "eligible domestic relations order" unless it meets the requirements of Code Section 414(p)(1)(A)(i) and MCLA 38.1701, et seq. Such order may award an alternate payee a share of the member's benefit. The order may provide that benefits are payable in any form permitted under the Plan and permitted by MCL 38.1704; provided, however, that the alternate payee may not elect a joint and survivor form of payment contingent on the life of any person except the member. If the alternate payee elects to have benefits commence at any time prior to the member's minimum service retirement date or in a form other than monthly payments for the life of the member, the benefit payable shall be actuarially adjusted (based on the actuarial assumptions established pursuant to Section 1.233(3) to reflect payment at a different time and for a different form. The Plan shall allocate to an alternate payee a prorata share of the member's accumulated contributions as of the date of the award of accrued benefits. Such amount shall be segregated for the benefit of the alternate payee and credited with regular interest thereafter. Said amount may be paid to alternate payee pursuant to Section 1.254 as if the alternate payee were the member, if appropriate.

(3) Whenever the employer is served with a domestic relations order from a court of competent jurisdiction, the employer will follow the following procedure in determining whether the order constitutes an "eligible domestic relations order" that would be exempt from the general spendthrift protection of this Article:

(a) The employer will notify the member and any "alternate payees" named in the order that the order was served on the employer and that objections concerning the order must be submitted in writing within 15 days;

(b) The employer will determine whether the order is an "eligible domestic relations order" as defined in this Section and notify the member and each alternate payee of its determination. If the employer determines that the order is an eligible domestic relations order, the employer will direct the custodian to make pay-

ment in accordance with the order except that payment will not be made until the member has attained the age and service requirements for early retirement benefits under Section 1.249;

(c) During the period in which the employer is determining the status of the order, payment of any benefits in dispute will be deferred and the amount of the disputed payments will be segregated in a separate account in the System. If the order is determined to be an eligible domestic relations order within eighteen (18) months after segregation of the benefits in dispute, the employer will direct the custodian to pay the segregated amount, plus investment credits, to the persons entitled to receive them in accordance with the order;

(d) If the employer determines that the order is not an eligible domestic relations order, or if the eighteen-month period described in (c) has expired and the qualification issue has not been resolved, the employer will direct the custodian to pay the segregated funds to the person or persons who would have received them if the order had not been served on the employer. If the employer determines that the order is an eligible domestic relations order after expiration of the eighteen-month period, the order will be applied prospectively only;

(e) If the order is determined not to be an eligible domestic relations order, any amounts segregated pursuant to this procedure will be restored to the account of the member or distributed to the member if eligible for distribution; and

(f) The employer will notify the member and all other alternate payees named in the order of its decision concerning the eligible status of the order. Payments pursuant to the order will be made as soon as practicable after the status of the order has been determined or as soon as the amounts become payable pursuant to this System.

(4) Benefits payable pursuant to an eligible domestic relations order will be made in accordance with the order and upon proper application by the alternate payee. Payment to the alternate payee may begin anytime on or after the member's earliest retirement date regardless of whether the member actually terminates employment at that time. If the payments begin before the member's termination of employment, the alternate payee shall only be entitled to a benefit which is the actuarial equivalent of the alternate payee's share of the member's benefit that would be payable when the member reaches age sixty (60). If the member retires before age sixty (60), the Plan shall recalculate the benefit payable to the alternate payee so that the recalculated benefit payable to the alternate payee plus the benefits previously paid to the alternate payee are the actuarial equivalent of the alternate payee's share of the benefit payable to the member. If the recalculated benefit is more than the benefit the alternate payee is receiving, the System shall begin paying the recalculated benefit to the alternate payee effective the first day of the month immediately following the month in which the member retires. (Ord. No. 68-34, 5-21-68; Ord. No. 78-29A, 4-25-78; Ord. No. 94-12, § 1, 3-1-94; Ord. No. 2010-47, § 2, 8-24-10)

Sec. 1.256. Benefit Program Before 1967.

Any member terminating employment before November 1, 1967, shall receive, or shall have paid on his or her behalf, benefits in accordance with the benefit program in effect at time of such termination. For a member who retired between January 1, 1965, and November 1, 1967 this means that:

(1) Any supplemental benefit payable to him or her shall be payable to him or her for life but, if and when a primary benefit is payable to him or her, after attaining age sixty-five (65), under the provisions of the Federal social security old age, survivors, and disability insurance program (as amended and as it may be amended from time to time), resulting from any gainful employment by him or her, reduced by the amount of such

primary benefit payable; for the purpose of computations hereunder "primary benefit payable" shall be the primary benefit unreduced for age or on account of earned income; and

(2) Any supplemental benefit payable to his or her widow or widower and/or children upon his or her death shall be payable to his or her widow or widower for life and/or to his or her children to attainment of age eighteen (18) but, if and when a widow's or widower's benefit and/or children's benefits are payable under the provisions of the Federal social security old age, survivors, and disability insurance program (as amended and as it may be amended from time to time), resulting from any gainful employment by him or her, reduced by the amount of any such widow's or widower's and/or children's benefits payable.

(Ord. No. 68-34, 5-21-68)

Sec. 1.257. Accounting Funds of the System.

All the assets of the System shall be held in four (4) funds, namely, the members' deposit fund, the employer accumulation fund, the benefit reserve fund, and the income-expense fund.

Effective November 1, 1967, (i) each member's "refund value," as defined by provisions in force immediately before the November 1, 1967, amendment, shall be credited to his or her individual account in the members' deposit fund, and (ii) all assets of the System not so credited to the members' deposit fund shall be credited to the benefit reserve fund.

(Ord. No. 68-34, 5-21-68; Ord. No. 2006-84, § 2, 12-19-06)

Sec. 1.258. Members' Deposit Fund; Member Contributions Rate.

(1) *Members' Deposit Fund Established.* The members' deposit fund is hereby created. It shall be the fund in which shall be accumulated the contributions made by members to the System for annuities, and from which shall be made transfers and refunds of members' contributions as provided in this Article.

(2) *Contributions; Consent to Deduction.* The contributions of a member shall be the applicable rate of compensation as defined in this Section. Each member shall be deemed to consent and agree to the deductions made and provided for herein.

(3) *Payment of Contributions to the System.* The officer or officers responsible for making up the payrolls for the employer shall cause the contributions provided for in this Section to be deducted from the compensation of each member for each and every payroll period following the date the member has completed six (6) months of credited service, and shall continue until such time as the member has attained the number of years of credited service which, when multiplied by the applicable benefit multiplier as set forth in Section 1.246, equals the allowance cap as set forth in that Section. When deducted, each of said amounts shall be paid by the employer to the System; said payments to be made in such manner and form, and in such frequency, and shall be accompanied by such supporting data, as the Board shall from time to time prescribe. When paid to the System, each of said amounts shall be credited to the members' deposit fund account of the member from whose compensation said contributions were deducted.

(4) *Contribution Rates.*

(a) *Firefighter Members.* Member contribution rates for Firefighters hired prior to January 10, 2012 shall be payable in accordance with the following table. Determination of the rate to be paid shall be based upon the prior December 31 valuation date, and any change in member contribution rates shall be for the next ensuing employer fiscal year following the determination.

System Funding Represented As a Percentage of Valuation Assets to Actuarial Accrued Liabilities	*January 1, 2009—December 31, 2009*	*January 1, 2010—June 30, 2012*	*July 1, 2012—December 31, 2012*	*January 1, 2013—June 30, 2013*	*From and after July 1, 2013*
Below 100%	3.20%	4.20%	5.70%	6.70%	10.70%
100%—104.999%	3.20%	4.20%	5.70%	6.70%	9.70%
105%—109.999%	3.20%	4.20%	5.70%	6.70%	8.70%
110%—114.999%	3.20%	4.20%	5.70%	6.70%	7.70%
115+%	3.20%	4.20%	5.70%	6.70%	6.70%

Member contribution rates for Firefighters hired on or after January 10, 2012 shall be payable in accordance with the following table. Determination of the rate to be paid shall be based upon the prior December 31 valuation date, and any change in member contribution rates shall be for the next ensuing employer fiscal year following the determination.

System Funding Represented As a Percentage of Valuation Assets to Actuarial Accrued Liabilities	*Prior to October 16, 2022*	*From and after October 16, 2022*
Below 100%	10.70%	7.70%
100%—104.999%	9.70%	6.70%
105%—109.999%	8.70%	5.70%
110%—114.999%	7.70%	4.70%
115+%	6.70%	4.70%

(b) *Police Officers and Sergeants.* Member contribution rates for Police Officers and Sergeants shall be payable in accordance with the following table. Determination of the rate to be paid shall be based upon the prior December 31 valuation date, and any change in member contribution rates shall be for the next ensuing employer fiscal year following the determination.

System Funding Represented As a Percentage of Valuation Assets to Actuarial Accrued Liabilities	*January 1, 2009—June 30, 2011*	*July 1, 2011—January 7, 2012*	*January 8, 2012—June 30, 2013*	*From and after June 30, 2013*
Below 100%	8.00%	8.66%	9.86%	9.86%
100%—104.999%	7.00%	7.66%	8.86%	8.86%
105%—109.999%	6.00%	6.66%	7.86%	7.86%
110%—114.999%	5.00%	5.66%	6.86%	6.86%
115%—119.999%	4.00%	4.66%	5.86%	5.86%
120%—124.999%	4.00%	4.66%	5.86%	5.20%
125%—129.999%	4.00%	4.66%	5.86%	4.54%
130%—134.999%	4.00%	4.66%	5.86%	3.88%
135%+	4.00%	4.66%	5.86%	3.22%

During the period of July 1, 2009 through June 30, 2011 the member contribution rate for Police Officers and Sergeants shall be 4.00%, regardless of the annual actuarial valuation results. During the period of July 1, 2011 through January 7, 2012 the member contribution rate for Police Officers & Sergeants shall be 4.66%, regardless of the annual actuarial valuation results. During the period of January 8, 2012 through June 30, 2013 the member contribution rate for Police Officers & Sergeants shall be 5.86%, regardless of the annual actuarial valuation results.

After June 30, 2013, should the System funding level, as determined by the System actuary, be 120% or greater, the member contribution rate for Police Officers & Sergeants shall be 5.86% for one full fiscal year following such determination. Effective the subsequent fiscal year (i.e., after a delay of one [1] fiscal year from the time the funding level is determined to be 120% or

above and the member contribution rate for Police Officers & Sergeants has been 5.86% for that one [1] year period) and each fiscal year thereafter the member contribution percentage for Police Officers & Sergeants shall be determined based on the prior December 31 valuation date and effective for the next ensuing employer fiscal year.

Member contribution rates for Police Officers and Sergeants hired on or after December 20, 2011 shall be payable in accordance with the following table. Determination of the rate to be paid shall be based upon the prior December 31 valuation date, and any change in member contribution rates shall be for the next ensuing employer fiscal year following the determination.

System Funding Represented As a Percentage of Valuation Assets to Actuarial Accrued Liabilities	*Prior to November 27, 2022*	*From and after November 27, 2022*
Below 100%	9.86%	6.86%
100%—104.999%	8.86%	5.86%
105%—109.999%	7.86%	4.86%
110%—114.999%	6.86%	3.86%
115%—119.999%	5.86%	2.86%
120%—124.999%	5.20%	2.20%
125%—129.999%	4.54%	1.54%
130%—134.999%	3.88%	0.88%
135%+	3.22%	0.22%

(c) *Police Command Members.* Member contribution rates for Police Command members shall be payable in accordance with the following table. Determination of the rate to be paid shall be based upon the prior December 31 valuation date, and any change in member contribution rates shall be for the next ensuing employer fiscal year following the determination.

System Funding Represented As a Percentage of Valuation Assets to Actuarial Accrued Liabilities	*January 1, 2009—June 29, 2010*	*June 30, 2010—January 7, 2012*	*January 8, 2012—June 30, 2013*	*From and After July 1, 2013*
Below 100%	8.86%	9.69%	10.89%	10.89%
100%—104.999%	7.86%	8.69%	9.89%	9.89%
105%—109.999%	6.86%	7.69%	8.89%	8.89%
110%—114.999%	5.86%	6.69%	7.89%	7.89%
115%—119.999%	4.86%	5.69%	6.89%	6.89%
120%—124.999%	4.86%	5.69%	6.89%	6.06%
125%—129.999%	4.86%	5.69%	6.89%	5.23%
130%—134.999%	4.86%	5.69%	6.89%	4.40%
135%+	4.86%	5.69%	6.89%	3.57%

During the period of July 1, 2009 through June 30, 2010 the member contribution rate for Police Command members shall be 4.86%, regardless of the annual actuarial valuation results. During the period of July 1, 2010 through January 7, 2012 the member contribution rate for Police Command members shall be 5.69%, regardless of the annual actuarial valuation results. During the period of January 8, 2012 through June 30, 2013 the member contribution rate for Police Command members shall be 6.89%, regardless of the annual actuarial valuation results.

(d) *Non-Represented Members.* Effective January 1, 2013 the contribution rate for the Fire Chief, Police Chief or Deputy Police Chief shall be 10.20%, and shall thereafter reflect the highest rate contributed by non-represented members of the General Retirement System, as set forth in Section 1.216(2) of this Code. Effective October 6, 2016 the contribution rate for Deputy Fire

Chief shall be 10.20%, and shall thereafter reflect the highest rate contributed by non-represented members of the General Retirement System, as set forth in Section 1.216(2) of this Code.

(5) Upon the retirement of a member, or upon his or her death if an allowance becomes payable on account of his or her death, his or her accumulated contributions shall be transferred to the benefit reserve fund.

(6) The employer shall pick up the member contributions required by this Section for all compensation earned after January 1, 1990. The contributions so picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code. The employer shall pick up the member contributions from funds established and available in the salaries account, which funds would otherwise have been designated as member contributions and paid to the Retirement System. Member contributions picked up by the employer pursuant to this subsection shall be treated for all other purposes of this and other laws of the employer in the same manner and to the same extent as member contributions made prior to January 1, 1990. The member does not have the option of receiving the picked-up member contributions in cash instead of having it paid into the Retirement System.

(7) Repealed.

(Ord. No. 68-34, 5-21-68; Ord. No. 74-57, 7-16-74; Ord. No. 84-94, § 1, 12-18-84; Ord. No. 88-32, §§ 7, 8, 5-17-88; Ord. No. 90-20, §§ 5, 6, 2-20-90; Ord. No. 94-12, § 1, 3-1-94; Ord. No. 95-64, § 6, 11-7-95; Ord. No. 96-6, § 1, 2-13-96; Ord. No. 2002-52, §§ 9—11, 9-10-02; Ord. No. 2004-60, §§ 8, 9, 9-7-04; Ord. No. 2006-84, § 3, 12-19-06; Ord. No. 2009-31, § 3, 5-26-09; Ord. No. 2009-68, §§ 5, 6, 12-15-09; Ord. No. 2010-49, § 5, 8-24-10; Ord. No. 2011-63, §§ 2, 3, 12-20-11; Ord. No. 2013-39, §§ 9—11, 8-27-13; Ord. No. 2019-31, § 8, 7-23-19; Ord. No. 2023-03, § 2, 1-24-23)

Sec. 1.259. Employer Accumulation Fund.

(1) The employer accumulation fund is hereby created. It shall be the fund in which shall be accumulated the contributions made by the employer for pensions, and from which shall be made transfers, as provided in this Article.

(2) When paid to the System, the employer contributions provided for in (2) and (3) of Section 1.263 shall be credited to the employer accumulation fund account.

(3) When an allowance first becomes due and payable there shall be transferred to the benefit reserve fund from the employer accumulation fund the difference between the reserve for such allowance and the accumulated contributions standing to his or her credit in the members' deposit fund at the time the allowance first becomes due and payable, of the member to whom or former member on whose behalf the allowance is payable.

(Ord. No. 68-34, 5-21-68; Ord. No. 2006-84, §§ 4, 5, 12-19-06)

Sec. 1.260. Benefit Reserve Fund.

The benefit reserve fund is hereby created. It shall be the fund into which shall be made transfers as provided in this Article and from which allowances shall be paid to retirants and beneficiaries.

(Ord. No. 68-34, 5-21-68; Ord. No. 2006-84, § 6, 12-19-06)

Sec. 1.261. Reserved.

Editor's note—Ord. No. 2006-84, § 7, adopted Dec. 19, 2006, repealed § 1.261 in its entirety. Formerly, said section pertained to the Casualty Reserve Fund as enacted by Ord. No. 68-34, adopted May 21, 1968.

Sec. 1.262. Income-Expense Fund.

(1) The income-expense fund is hereby created. It shall be the fund to which shall be credited all investment income from invested assets of the System, and in which shall be accumulated the contributions made by the employer for the administrative expenses of the System, and from which shall be made annual transfers of interest credits to the other funds of the System, and from which shall be paid all the expenses of the Board necessary for the administration and operation of the System.

(2) When paid to the System, the employer contributions provided for in (5) of Section 1.263 shall be credited to the income-expense fund.

(3) The Board may accept gifts and bequests and they shall be credited to the income-expense fund, along with all other moneys received by the System the disposition of which is not specifically provided for in this Article.

(4) At the end of each System fiscal year the Board shall credit each member's individual account in the members' deposit fund with regular interest on the largest balance remaining in such account for the entire fiscal year. For the period from July 1, 2003 through December 31, 2003, the Board shall credit each member's individual account with one-half (½) of the regular interest on the largest balance remaining in such account for that entire time period.

At the end of each System fiscal year, the Board shall credit to the employer accumulation fund assumed interest on the mean balance in such fund for the fiscal year, and similarly shall credit assumed interest to the benefit reserve fund. For the period from July 1, 2003 through December 31, 2003, the Board shall credit such funds at the rate of one-half (½) of the assumed rate of interest. All such interest credits shall be transferred from the income-expense fund.

(5) Whenever the Board determines that the balance in the income-expense fund is more than sufficient to cover the current charges to the fund, the Board may by resolution provide for contingency reserves, or for the transfer of such excess or portions thereof to cover the needs of the other funds of the Retirement System.
(Ord. No. 68-34, 5-21-68; Ord. No. 2004-60, § 10, 9-7-04; Ord. No. 2006-84, § 8, 12-19-06)

Sec. 1.263. Employer Contributions.

(1) The financial objective of the Retirement System shall be to receive contributions each fiscal year which are sufficient to (i) fund the actuarial cost of benefits likely to be paid on account of service earned by members during the fiscal year (the current service contribution), and (ii) amortize the unfunded actuarial cost of benefits likely to be paid on account of service earned by members prior to the fiscal year, if any, over a period of years as established by the City. The rate calculated by the actuary shall be paid during the fiscal year beginning eighteen (18) months after the valuation date. Beginning January 1, 2013 the City's contribution rate shall in no event be lower than 3.0%.

(2) If valuation assets exceed actuarial accrued liabilities, the difference shall be the full funding credit. The contributions determined under Section 1.263(1) shall be reduced by an amount which will amortize the full funding credit, if any, over a period of years as established by the City.

(3) Notwithstanding the offset to current service contributions under Section 1.263(2) the City shall make a contribution in the amount determined in this paragraph. In the event the System has greater valuation assets than actuarial accrued liabilities, the City will pay its current service contribution during its fiscal year beginning eighteen (18) months after the valuation date, reduced by ten (10) percent for each one (1) percent, or portion thereof, that valuation assets exceed the actuarial accrued liabilities.

(4) Contribution requirements under Sections 1.263(1), (2) and (3) shall be determined by annual actuarial valuations using a generally recognized level percent of payroll actuarial cost method.

(5) The Board shall certify to the City Commission the amount of annual contribution needed to meet the financial objective and the City Commission shall appropriate and cause the contribution to be paid to the Retirement System.
(Ord. No. 68-34, 5-21-68; Ord. No. 74-57, 7-16-74; Ord. No. 83-79, § 1, 12-20-83; Ord. No. 84-94, § 2, 12-18-84; Ord. No. 94-12, § 1, 3-1-94; Ord. No. 98-49, § 4, 11-3-98; Ord. No. 99-20, § 4, 4-13-99; Ord. No. 2004-60, § 11, 9-7-04; Ord. No. 2013-39, § 12, 8-27-13; Ord. No. 2019-24, § 1, 6-11-19)

Sec. 1.264. Social Security Provision.

Should police officers or Firefighters of the employer, or both groups, become covered by the Federal social security old age, survivors, and

disability insurance program, the benefit program then in effect shall be amended so that the total of the employer contributions to support the benefit program so amended and the employer contributions to such Federal program will not be more than the employer contributions to support the benefit program in effect immediately before such Federal social security coverage.
(Ord. No. 68-34, 5-21-68)

Sec. 1.265. Investment of Assets.

The Board shall be the Trustees of the funds of the System. The Board shall have full power to invest and reinvest the moneys of the System, and to hold, purchase, sell, assign, transfer or dispose of any of the securities and investments in which such moneys shall have been invested, as well as the proceeds of such investments and such moneys; provided, that such investment and reinvestment shall be subject to Act No. 314 of the Public Acts of 1965, as amended and as the same may from time to time be amended.
(Ord. No. 68-34, 5-21-68)

Sec. 1.266. No Trustee Shall Gain from Investments.

Except as to the rights of a member or retirant or beneficiary, no Trustee and no officer or employee of the Board shall have any interest direct or indirect in the gains or profits of any investment made by the Board. Nor shall any of them directly or indirectly for himself or herself or as

an agent in any manner engage in any sale, exchange or leasing of property with the System, the lending of money or extension of credit to or from the System, the furnishing of goods, services or facilities to or from the System, the transfer to or from or use by or for his or her benefit of the income or assets of the System or receive any consideration for his or her own personal account in connection with a transaction involving the income or assets of the System.
(Ord. No. 68-34, 5-21-68; Ord. No. 94-12, § 1, 3-1-94)

Sec. 1.267. Limitation of Use of Assets.

(1) All assets of the System shall be held for the sole purpose of paying benefits and making disbursements in accordance with the provisions of this Article and shall be used for no other purpose whatsoever.

(2) The Board shall not cause the System to (1) lend any part of its income or corpus to the City without the receipt of adequate security and a reasonable rate of interest, (2) pay any compensation to the City, in excess of a reasonable allowance for salaries or other compensation for personal services actually rendered, to the City, (3) make any part of its services available on a preferential basis to the City, (4) make any substantial purchase of securities or any other property for more than adequate consideration in money or money's worth from the City, (5) sell any substantial part of its securities or other property to the City for less than adequate consideration in money or money's worth or (6) engage in any other transaction with the City which results in a substantial diversion of its income or corpus to the City. Nothing in this Section shall require the Board to loan assets of the System to the City or to engage in any other transaction referred to in this Section.
(Ord. No. 68-34, 5-21-68; Ord. No. 94-12, § 1, 3-1-94)

Sec. 1.268. Distribution of Assets if System is Terminated.

(1) The employer hopes and expects to continue the System indefinitely but necessarily reserves the right to amend, modify, suspend or terminate the System in a manner compatible with any applicable collective bargaining agreement.

No such action shall operate to recapture for the employer any contributions previously made under the System prior to the satisfaction of all liabilities for System benefits to members, nor, except to the extent necessary to meet the requirements of any governmental authority, to affect adversely the benefits of retirants and beneficiaries or the trust fund or insured fund then securing such benefits.

(2) If the System is terminated, the amount of the trust fund and/or insured fund then held by the System shall be allocated, subject to provisions for expenses of administration or liquidation, in the following manner for the exclusive benefit of the then retired and nonretired members (and their beneficiaries) having an interest in this System. Such assets shall be allocated to such persons in the following order of precedence:

(a) To provide for the payment of each nonretired member of an amount equal to his or her accumulated contributions; and

(b) If any assets remain after complete allocations for the purposes of (a) above, to provide for the continuance of allowances to retirants and beneficiaries, if any;

(c) If any assets remain after complete allocations for the purposes of (a) and (b) above, they shall be allocated toward the potential rights of nonretired members on an equitable and nondiscriminatory basis according to accepted actuarial principles;

(d) If any assets remain after satisfaction of all liabilities provided for in (a) and (b) and (c) above, any excess shall be delivered over and paid to the employer according to determinations made by the actuary.

The above allocations to System participants shall be distributed by the System in annuities or in such other manner as may be determined by the Board. Payment of all other assets shall be made as determined by the City Commission.
(Ord. No. 68-34, 5-21-68; Ord. No. 94-12, § 1, 3-1-94)

Sec. 1.269. Correction of Errors.

Should any change or error in records result in any person receiving from the System more or less than he or she would have been entitled to receive had the records been correct, the Board shall correct such error, and as far as is practicable shall adjust the payment of the benefit in such manner that the actuarial equivalent of the benefit to which such person was correctly entitled shall be paid.
(Ord. No. 68-34, 5-21-68; Ord. No. 94-12, § 1, 3-1-94)

Sec. 1.270. Fraud Penalty.

Any person who shall knowingly make any false statement or shall falsify or permit to be falsified any record or records in any attempt to defraud the System shall be guilty of a misdemeanor and upon conviction thereof shall be punished accordingly.
(Ord. No. 68-34, 5-21-68)

Sec. 1.271. Section 415 Limits.

(1) Effective July 1, 2001, the maximum annual City funded benefit payable to any member under the System will not exceed the lesser of the following:

(a) $160,000 or, in plan years beginning after 2001, the maximum amount allowable under the adjustment provisions of IRC Section 415 effective July 1 of each year, or

(b) 100% of the member's average compensation for the highest paid three (3) consecutive calendar years during which he was a member.

The limitation of part (b) above, shall not apply in years beginning on or after January 1, 1995.

For purposes of this Section, "compensation" means remuneration actually paid or made available to an Employee within the Limitation Year, as defined in Section 1.233(11) in accordance with Regulation 1.415(c)-2(a).

If the member has less than ten (10) years of participation in the System at the time of termination of employment, the maximum dollar limitation of (1)(a), above, will be reduced by ten percent (10%) for each year of participation less than ten (10) (but the reduced amount will not be less than ten percent (10%) of such limitation). Notwithstanding the foregoing, the maximum benefit will not be reduced below the accrued benefit for the member as of the last day of the plan year beginning in 1986.

The one hundred sixty thousand dollar ($160,000.00) limit will be reduced if benefit payments commence before age 62. The one hundred sixty thousand dollar ($160,000.00) limit will be increased if benefit payments commence after age 65. The reductions or increases in the one hundred sixty thousand dollar ($160,000.00) limit will be calculated so that the benefit payable at retirement will be the actuarial equivalent of the benefit payable at age 62 or 65, respectively. The actuarial adjustments will be based on the requirements of IRC Section 415, the actuarial table specified in Section 1.233(3) of this System, and interest at the rate specified for determining actuarial equivalence in Section 1.233(3). The reduction under this paragraph shall not reduce the dollar limitation of (1)(a), above, to an amount less than fifty thousand dollars ($50,000.00) for qualified Police Officers and Firefighters. A qualified police officer or firefighter is a member who has earned fifteen (15) or more years of credited service while serving the employer on a full-time basis in the capacity of a Firefighter, Police Officer or Emergency Medical Service employee or as a member of the Armed Forces of the United States. The fifty thousand dollar ($50,000.00) amount shall be adjusted under the provisions of IRC Section 415(d) effective July 1 of each year. The benefit reductions described in this paragraph will not apply to qualified police officers or firefighters in years beginning after December 31, 1996. Effective for years beginning after December 31, 1994, the benefit reductions described in this paragraph and the preceding paragraph shall not apply to payments to a member in the form of a pension, annuity or similar allowance as a result of the member becoming disabled by reason of personal injuries or sickness, or to amounts received from this plan by the beneficiaries, survivors, or estate of a member as a result of the death of the member.

If a member's benefit is paid in a form other than a life allowance for the member only, the optional benefit will be adjusted to the actuarially equivalent life allowance for the member only for the purpose of determining whether the City funded benefit exceeds the limitations set forth above. However, no adjustment is required for a benefit payable as a joint and survivor annuity satisfying the requirements of a qualified joint and survivor annuity as described in IRC Section 417(b) to the extent that the value of such annuity exceeds the value of a straight life annuity beginning on the same date. If the optional form of payment elected is a joint and survivor annuity (as described in IRC Section 417(b)), the member's City funded benefit will be reduced to reflect the payment in this optional form before the limitations of IRC Section 415 are applied. This paragraph shall apply to benefits commencing on or after January 1, 1996.

(2) For Plan years beginning before July 1, 2000, if any member in this System is also participating in a defined contribution plan maintained by the employer, the maximum annual benefit for the member under this System will be reduced for any plan year so that the sum of the "defined contribution fraction" and the "defined benefit fraction" for the member for the plan year does not exceed 1.0. For these purposes, the member contributions will be annual additions used in determining the defined contribution fraction. These terms are defined as follows:

(a) The defined contribution fraction for any plan year means a fraction:

(1) The numerator of which is the sum as of the end of the plan year of the total additions for the member for each year of the member's participation in the defined contribution plan; and

(2) The denominator of which is the sum of the lesser of the following amounts for the year and each prior year of the member's employment with the employer, without regard to whether the System was in existence during the prior years: (i) 1.25 multiplied by thirty thousand dollars ($30,000.00) or the dollar limitation on additions in effect under Code Section 415(d) for each such year; or (ii) 1.40 multiplied by twenty-five (25) percent, or the percentage limitation on total additions under Code Section 415 for each such year, of the member's compensation for each such year.

(b) The defined benefit fraction for any plan year means a fraction:

(1) The numerator of which is the projected annual benefit of the member under this System, determined as of the end of the plan year; and

(2) The denominator of which is the lesser of the following: (i) 1.25 multiplied by ninety thousand dollars ($90,000.00) or the dollar limitation on benefits under Code Section 415 in effect for the plan year; or (ii) 1.40 multiplied by the member's average compensation during the three (3) consecutive calendar years in which the member was both an active member in the System and had the greatest compensation from the employer.

For purposes of this Section, all defined benefit plans maintained by the employer will be considered as a single defined benefit plan and all defined contribution plans maintained by the employer will be considered as a single defined contribution plan.

(3) Effective for years beginning after December 31, 1997, the special rules of Code Section 415(n) regarding the purchase of permissive service credits will apply to the return of prior payments under Section 1.243(3) and to the purchase of additional service under 1.243(4). Not more than five (5) years of non-qualified service (as defined in Code Section 415(n)(3)(C)) may be taken into account for purposes of this paragraph. For employees who become members of the plan

prior to July 1, 1999, the limitations of Code Section 415(c)(1) will not be applied to reduce the amount of permissive service credit which may be purchased to an amount less than the amount which was allowed to be purchased under the terms of the plan as in effect on August 5, 1997.

(4) This Section, as amended, will be effective July 1, 1989 unless a later effective date is specified.

(Ord. No. 90-20, § 7, 2-20-90; Ord. No. 94-12, § 1, 3-1-94; Ord. No. 98-49, § 5, 11-3-98; Ord. No. 99-20, § 3, 4-13-99; Ord. No. 2002-49, § 4, 8-20-02; Ord. No. 2013-39, § 13, 8-27-13)

Secs. 1.272—1.282. Reserved.

ARTICLE 3. OFFICER'S OPTION PLAN

Sec. 1.283. Officer's Option.

(a) At the individual option of a City Officer, as defined in Section 1.284(a), the City, in lieu of any and all benefits under the General Retirement System or the Police and Fire Retirement System, will contribute a percentage of the officer's annual compensation to a retirement program with the International City Management Association Retirement Corporation in the following amounts:

For City Officers hired before July 1, 2011:

Date of Payment	*Employer's Contribution*	*Employee's Contribution*	*Vesting Period*
Before January 1, 1990	10.85%		None
1/1/90 to 12/31/94	12%	6%	None
1/1/95 to 12/31/96	13%	6%	None
01/01/97 to 08/18/2004	14%	6%	None
08/19/04 to 9/27/10	15%	6%	None
After 09/28/10	12%	6-9%	None

Such contribution will be computed from the date of appointment as a qualified officer hereunder; provided, however, that if such officer has been a member of the General Retirement System or the Police and Fire Retirement System, such contribution will be computed from the date of election to participate in this retirement program.

For City Officers hired on or after July 1, 2011:

Date of Payment	*Employer's Contribution*	*Employee's Contribution*	*Vesting Period*
After 07/01/11	6%	6%	None

(b) To elect a retirement program hereunder, such officer shall, within six (6) months of the date of his or her appointment to a position eligible for the election of the officer's option, submit to the City Commission his or her election, in writing, to accept benefits hereunder in lieu of benefits under the General Retirement System or the Police and Fire Retirement System. The City Commission may, in its discretion, waive the six-month requirement. The officer who elects such benefit shall be required to participate in the International City Management Association Retirement Corporation Prototype Money Purchase Plan and Trust. Such officer shall be required to contribute not less than six (6) percent of his or her compensation. In no event shall the total paid into the plan, for and on behalf of the officer, exceed the amount allowed under the terms of the Internal Revenue Code regulating such plan.

(c) Such officer shall submit to the City Commission annual accountings prepared by administrators of the program that he/she has elected. Such annual accounting shall include the following information:

(1) The amount of the contributions of such officer;

(2) The amount of payment or distribution made to such officer or made on his or her behalf, if any;

(3) The amount of any loan made by such insurance or trust company upon the security, or by assignment, of the trust assets or annuity contract or any part thereafter.

(d) The Employer shall pick up the member contributions required by this Section for all compensation earned after the effective date of this subsection. The contributions so picked up shall be treated as employer contributions in determining tax treatment under the United States

Internal Revenue Code. The Employer shall pick up the member contributions from funds established and available in the salaries account, which funds would otherwise have been designated as member contributions and paid to the Retirement System. Member contributions picked up by the Employer pursuant to this subsection shall be treated for all other purposes of this and other laws of the Employer in the same manner and to the same extent as member contributions made prior to the effective date of this subsection. The member does not have the option of receiving the picked-up member contributions in cash instead of having it paid into the Retirement System. The effective date of the employer pick-up is January 1, 1990.

(e) Anything to the contrary notwithstanding, any benefit payable under this System shall not exceed the limits set forth in Internal Revenue Code Section 415 and Regulations thereunder, the terms of which are specifically incorporated herein by reference.

(Ord. No. 68-41, 6-25-68; Ord. No. 68-61, 8-27-68; Ord. No. 75-104, 12-23-75; Ord. No. 77-66, 11-22-77; Ord. No. 82-85, 12-7-82; Ord. No. 83-2, 1-18-83; Ord. No. 83-37, 6-28-83; Ord. No. 86-8, § 1, 2-11-86; Ord. No. 86-43, § 1, 7-1-86; Ord. No. 88-30, § 1, 5-17-88; Ord. No. 90-02, § 1, 1-2-90; Ord. No. 90-30, §§ 1, 2, 3-20-90; Ord. No. 98-49, §§ 6, 7, 11-3-98; Ord. No. 99-20, § 5, 4-13-99; Ord. No. 2015-38, § 1, 7-28-15)

Sec. 1.284. Definitions.

For purposes of this Article 3 only, the following terms are defined as indicated:

(a) *City Officer*. The term "City Officer" shall include officers of the City appointed by the City Commission (herein "Appointed Officers" namely City Manager, City Treasurer, City Attorney or City Clerk) and except for the Fire Chief, persons within the executive classification.

(b) *Appointed Officer* means an officer elected by the City Commission as authorized by City Charter Compiler's Paragraph 9, namely City Manager, City Attorney, City Clerk and City Treasurer.

(c) *Compensation* means remuneration paid an employee by the City for his or her personal services rendered, expressed as the rate of salary including allowance for longevity pay and vacation pay, but excluding overtime pay, holiday pay and other fringe benefits.

(Ord. No. 68-41, 6-25-68; Ord. No. 68-61, 8-27-68; Ord. No. 75-104, 12-23-75; Ord. No. 86-8, § 2, 2-11-86; Ord. No. 2009-49, § 5, 9-15-09; Ord. No. 2017-29, § 2, 4-25-17)

Sec. 1.285. Participation Status.

(a) Should any officer employed by the City who qualifies for and has elected to participate in the retirement program as defined in Section 1.283 herein, lose department head status, or be assigned to another position within the employment of the City which would otherwise not qualify for coverage under Section 1.283, for any reason other than disciplinary action, that officer shall be entitled to continue participation in the retirement program as provided in Section 1.283.

(b) Should any City officer employed by the City who has elected to participate in the retirement program as provided in Section 1.283 herein, become an officer appointed by the City Commission in the capacity of City Manager, City Treasurer, City Attorney or City Clerk ("Appointed Officer") having been a vested member of the System prior to their election by City Commission as an Appointed Officer, then such Appointed Officer may elect to again become a member of the System. Such election to rejoin the System must be made within six (6) months after such officer's appointment by City Commission, and shall be effective on the date upon which such option is exercised by the Appointed Officer. Determinations regarding reinstatement of credited service and eligible service for Appointed Officers who rejoin the System as permitted by this Section shall be made pursuant to Sections 1.201(1)(b), 1.202(1) and 1.203.

(c) Effective November 1, 2016, the Officer's Option shall be closed to any Non-Represented Member of the Police and Fire Retirement System, as defined in Section 1.233(19.1), who was previously a member of the Police and Fire Retire-

ment System as a represented employee. Such Non-Represented Members shall be ineligible to elect the Officer's Option program established in this Article.
(Ord. No. 80-11, 2-19-80; Ord. No. 2009-49, § 6, 9-15-09; Ord. No. 2016-83, § 1, 12-6-16)

Secs. 1.286—1.289. Reserved.

ARTICLE 4. SUPPLEMENTAL ALLOWANCE BENEFIT

Sec. 1.290. Purpose.

The City Commission of the City of Grand Rapids has determined that some of the retired employees of the City of Grand Rapids, or their surviving beneficiaries, are receiving retirement allowances which are disparagingly low, when compared to the ever-increasing cost of living. The City Commission has determined that it is in furtherance of the public interest to supplement these modest retirement allowances pursuant to this Chapter.
(Ord. No. 78-44, 6-20-78; Ord. No. 79-43, 6-26-79; Ord. No. 81-5, 1-13-81)

Sec. 1.291. Definitions.

The following words and phrases, as used in this Article, unless a different meaning is plainly required by the context, shall have the following meanings:

(1) *Annuity* means a monthly amount derived from the accumulated contributions of a member and payable by the System throughout the life of a person or for a temporary period.

(2) *Allowance* means the gross total of the annuity and the pension.

(3) *Beneficiary* means any person who is receiving or designated by a member to receive a System benefit, except a retirant.

(4) *Pension* means a monthly amount derived from contributions of the employer and payable by the System throughout the life of a person or for a temporary period.

(5) *Qualified retirant* means a former member of the General Retirement System or the Police and Fire Retirement System of the City of Grand Rapids receiving a System allowance by reason of having been a member, and having completed at least twenty (20) years of employment with the City prior to retirement.

(6) *Supplemental allowance benefit* means the additional benefit paid to qualified retirants or their beneficiaries, as computed under this Chapter, which supplements the monthly allowance received by the qualified retirant or his or her beneficiary from the System. Supplemental allowance benefits shall be payable from the general fund of the City of Grand Rapids.

(7) *System* means either the City of Grand Rapids General Retirement System or the City of Grand Rapids Police and Fire Retirement System.

(8) *Years retired* means the number of full years of retirement completed by a retirant as of each annual computation date. Beneficiaries shall be entitled to receive credit for the same number of years retired as the qualified retirant through which they receive their System allowance would have been entitled.

(Ord. No. 81-5, 1-13-81; Ord. No. 89-88, § 1, 12-19-89)

Sec. 1.292. Computation of Supplemental Allowance Benefit.

(1) Qualified retirants of the General Retirement System, or their beneficiaries, shall be entitled to receive a monthly supplemental allowance benefit equal to one dollar ($1.00) times the number of years retired; provided, however, that the total of any System allowance and supplemental allowance benefit paid to a qualified retirant or his or her beneficiary under this Section shall not exceed two hundred fifty dollars ($250.00) per month; and provided further, that if any such qualified retirant or his or her beneficiary shall receive a monthly System allowance and monthly supplemental allowance benefit

which totals less than two hundred dollars ($200.00) then the supplemental allowance benefit of such qualified retirant or beneficiary shall be increased in such an amount that the total of such payments equals two hundred dollars ($200.00) per month.

(2) Qualified retirants of the Police and Fire Retirement System, or their beneficiaries, shall be entitled to receive a monthly supplemental allowance benefit equal to one dollar and fifty cents ($1.50) times the number of years retired; provided, however, that the total of any System allowance and supplemental allowance benefit paid to a qualified retirant or his or her beneficiary under this Section shall not exceed three hundred seventy-five dollars ($375.00) per month; and provided further, that if any such qualified retirant or his or her beneficiary shall receive a monthly System allowance and a monthly supplemental allowance benefit which totals less than two hundred fifty dollars ($250.00), then the supplemental allowance benefit of such qualified retirant or beneficiary shall be increased in such an amount that the total of such payments equals two hundred fifty dollars ($250.00) per month.

(3) Supplemental allowance benefits shall be limited to present qualified retirees, or their surviving beneficiaries, who currently receive such benefit. The payment of future benefits will be unaltered from the amount established on July 1, 1989.
(Ord. No. 81-5, 1-13-81; Ord. No. 83-38, 7-12-83; Ord. No. 84-79, § 1, 12-4-84; Ord. No. 88-13, § 1, 3-15-88; Ord. No. 89-88, § 2, 12-19-89)

Sec. 1.293. Effect.

Nothing in this Article shall affect the rights of any member, retirant or beneficiary of either the General Retirement System or the Police and Fire Retirement System to receive any benefits or allowances otherwise afforded to them under the pension ordinances of the City of Grand Rapids.
(Ord. No. 81-5, 1-13-81)

Sec. 1.294. Effective Date.

The supplemental allowances benefit provisions of this Article shall be effective as of July 1, 1980.
(Ord. No. 81-5, 1-13-81)

Sec. 1.295. Reserved.

ARTICLE 5. POST RETIREMENT BENEFITS—POLICE AND FIRE RETIREMENT SYSTEM*

Sec. 1.296. Thirteenth Check Pension Supplement.

(1) *Authorized.* A supplement to the pension benefit currently received by eligible retirants as defined in Section 1.296(2)(a) may occur annually in the form of a thirteenth pension check during the month of January. The issuance of a thirteenth check will be determined by funds available pursuant to Section 1.296(2)(b).

(2) *Definitions.* The following words and phrases interpret the implementation and intent of this Section as an adjunct to Section 1.233.

(a) *Eligibility.* Eligibility is limited to retirants or surviving beneficiaries who receive a monthly benefit from the City of Grand Rapids Police and Fire Retirement System and who have been receiving a System allowance for five (5) or more years by reason of having been a member. The five-year eligibility requirement is based upon the number of calendar years of retirement calculated from the first day of January of the retirement year without regard to the actual retirement date. Upon retirant's death only the surviving designated beneficiary at time of retirement pursuant to Section 1.247, who is otherwise

*__Editor's note—__Ord. No. 2011-32, § 1, adopted August 23, 2011, amended article 5 in its entirety to read as herein set out. Former article 5, §§ 1.296—1.299, pertained to Thirteenth Check Pension Supplement—Police and Fire Pension System, and derived from Ord. No. 89-87, § 1, 12-19-89; Ord. No. 2000-13, § 1, 3-14-00; Ord. No. 200-53, § 1, 9-5-00; Ord. No. 2002-52, § 12, 9-10-02; Ord. No. 2004-60, § 12, 9-7-04; Ord. No. 2006-84, §§ 9, 10, 12-19-06.

eligible to receive a monthly pension benefit shall be eligible to continue receipt of this supplement benefit. Provided, however, that retirants terminating employment as shown in the following table, and their surviving beneficiaries pursuant to Section 1.247, shall be included when computing payment amounts for thirteenth check distributions, and in lieu of a thirteenth check shall be eligible to receive an escalator increase under Section 1.298.

COVERED GROUP	*TERMINATION DATE*
Firefighters	On or after July 1, 2007
Police Officers	On or after December 17, 2008
Police Command	On or after February 19, 2010
Fire Chief	On or after January 1, 2016
Police Chief and Deputy Police Chief	On or after January 1, 2016
Deputy Fire Chief	On or after October 6, 2016

(b) *Fund availability.* Fund availability will be determined by totaling the net annual market value investment rates of return for the preceding five (5) years prior to the year of payment, as determined by the System's investment consultant, and dividing that amount by five (5). Should this result in a figure less than eight percent (8%), no funds would be available for distribution. If the resulting figure is more than eight percent (8%), then fifty percent (50%) of the amount in excess of eight percent (8%) is to be multiplied by the funds available in the benefit reserve fund as determined on the prior June 30th. The resulting sum is the amount available for distribution to the eligible retirees following the deductions required in Section 1.296(2)(e).

(c) *Computation of thirteenth check benefit.* Qualified retirants of the Police and Fire Retirement System or their surviving beneficiaries shall be entitled to receive the available benefit that grants one (1) point for each full year of retirement to a maximum of fifteen (15) years and one (1) point or fraction thereof for each year of service at retirement. Formula for all: The retiree/surviving beneficiary will receive an amount based on his or her total number of points for years and months of service multiplied by number of years of retirement. The individual benefit is then calculated. The total of all retiree points so calculated shall equal one hundred percent (100%) of the net distributable reserve which will be allocated to retirees/beneficiaries in an amount commensurate to their individual point total. Subsequent to the calculations above, the benefit so calculated for the Chief of Police, Deputy Chief, Police Command, Police Officers and Sergeants, Fire Service and beneficiaries having had at least ten (10) years of service under any of the bargaining units shall be increased by twenty percent (20%). The monies for such increase shall be obtained after the initial calculation provided for in Section 1.296(2)(b) by increasing the sum to be distributed by the amount necessary to fund the additional benefits calculated herein. Such amounts shall be paid from the benefit reserve fund as identified in Section 1.296(2)(b). This benefit increase will be effective with the first distribution subsequent to July 1, 2001. Provided, however, that retirants terminating employment as shown in the table in Section 1.296(2)(a), and their surviving beneficiaries, shall be awarded points as provided in this paragraph for computing payment amounts for thirteenth check distributions, but shall not receive a thirteenth check as authorized by this Section.

(d) *Benefit distribution.* The Trustees of the Police and Fire Retirement System will annually ascertain if a reserve excess is available for distribution pursuant to the provisions of this Section and authorize payment of that amount to the retiree members or surviving beneficiaries.

(e) *Payment.* Retirant/surviving beneficiary must be an active retirant at time thirteenth check is issued. The custodial bank will administer the distribution of the amount determined in 1.296(2)(c) to retirees/surviving beneficiaries, with all fees for each service deducted from the net amount available for distribution. Provided however, that no payment shall be made to any retirant who terminates employment as outlined in the table in Section 1.296(2)(a), or to his or her surviving beneficiary.

(3) *Effect.* Nothing in this Section shall affect the rights of any member, retirant or beneficiary of the Police and Fire Retirement System to receive any benefits or allowances otherwise afforded to them under Chapter 7, Article 4, of the police and fire pension ordinance of the City of Grand Rapids. No retirant or surviving beneficiary shall receive payment under both Sections 1.296 and 1.298.

(4) *Effective Date.* The supplemental allowance benefit provisions of this Section shall be effective as of January 1, 1990.
(Ord. No. 2011-32, § 1, 8-23-11; Ord. No. 2013-81, § 1, 12-3-13; Ord. No. 2019-31, § 9, 7-23-19)

Sec. 1.297. Reserved.

Sec. 1.298. Escalator Increase.

(1) An annual increase shall be provided to retirants who terminate employment as shown in the following table, or their surviving beneficiaries:

COVERED GROUP	*TERMINATION DATE*
Fire Chief	On or after January 1, 2016
Deputy Fire Chief	On or after October 6, 2016
Firefighters, except Fire Chief	On or after July 1, 2007
Police Chief or Deputy Police Chief	On or after January 1, 2016
Police Officers, except Police Chief and Deputy Police Chief	On or after December 17, 2008
Police Command	On or after February 19, 2010

(2) Annual escalator increases shall be determined as follows:

COVERED GROUP	*AMOUNT and WAITING PERIOD*
Fire Chief, Deputy Fire Chief, Firefighters	1.5% after two years of retirement
Police Chief, Deputy Police Chief	1.0% after five years of retirement
Police Command, Police Officers terminated prior to July 1, 2025	1.0% after five years of retirement
Police Command, Police Officers terminated on or after July 1, 2025, including participants in the KEIP as of July 1, 2025	1.5% after five years of retirement

Increases shall be granted on the first January or July following the retirant's waiting period, whichever occurs first, and shall be paid annually thereafter. The amount of the monthly escalator increase shall be based on the original retirement benefit computation and shall not be compounded except for Police Command and Police Officers terminated on or after July 1, 2025, including participants in the KEIP as of July 1, 2025, which shall be compounded. For Police Command and Police Officers terminated on or after July 1, 2025, including participants in the KEIP as of July 1, 2025, increases shall be granted on the first full month following the retirant's waiting period, and shall be paid annually thereafter. In the event of a change in monthly benefit amount due to either the death of a retirant or surviving beneficiary, or an automatic adjustment necessitated by the option elected at the time of retirement, the escalator increase shall be determined based on the original corresponding benefit amount and shall be applied based on the original retirement date.

(3) Retirants with termination dates as shown in Section 1.298(1), and their surviving beneficiaries, shall not receive any payment under Section 1.296.

(4) Nothing in this Section shall affect the rights of any member, retirant or beneficiary of the Police and Fire Retirement System to receive any benefits or allowances otherwise afforded to them under Chapter 7, Article 4, of the police and fire pension ordinance of the City of Grand Rapids. No retirant or surviving beneficiary shall receive payment under both Sections 1.296 and 1.298.

(5) The benefit provisions of this Section shall be effective as of July 1, 2007.
(Ord. No. 2011-32, § 1, 8-23-11; Ord. No. 2015-70, § 6, 12-8-15; Ord. No. 2019-31, § 10, 7-23-19; Ord. No. 2025-29, § 1, 8-26-25; Ord. No. 2025-42, § 1, 11-18-25)

Secs. 1.299—1.301. Reserved.

ARTICLE 6. POST RETIREMENT BENEFITS—GENERAL RETIREMENT SYSTEM*

Sec. 1.302. Thirteenth Check Pension Supplement.

(1) *Authorized.* A supplement to the pension benefit currently received by eligible retirants as defined in Section 1.302(2)(a) may occur annually in the form of a thirteenth pension check during the month of January. The issuance of a thirteenth check will be determined by funds available pursuant to Section 1.302(2)(b).

(2) *Definitions.* The following words and phrases interpret the implementation and intent of this Section as an adjunct to Section 1.192.

(a) *Eligibility.* Eligibility is limited to retirees or surviving beneficiaries who receive a monthly benefit from the City of Grand Rapids General Retirement System and who have been receiving a System allowance for five (5) or more years by reason of having been a member. The five-year eligibility requirement is based upon the number of calendar years of retirement calculated from January first of the retirement year without regard to the actual retirement date. Upon retiree's death only the surviving designated beneficiary at time of retirement pursuant to Section 1.206, who is otherwise eligible to receive a monthly pension benefit, shall be eligible to continue receipt of this supplement benefit. Provided, however, that retirants terminating employment as shown in the table shown in Section 1.304(1), and their surviving beneficiaries pursuant to Section 1.206, shall be included when computing payment amounts for thirteenth check distributions, and in lieu of a thirteenth check shall be eligible to receive an escalator increase under Section 1.304.

(b) *Fund availability.* Fund availability will be determined by totaling the net annual market value investment rates of return for the preceding five (5) years prior to the year of payment, as determined by the System's investment consultant, and dividing that amount by five (5). Should this result in a figure less than eight percent (8%), no funds would be available for distribution. If the resulting figure is more than eight percent (8%), then fifty percent (50%) of the amount in excess of eight percent (8%) is to be multiplied by the funds available in the benefit reserve fund as determined by the most recent annual actuarial valuation. The resulting sum is the amount available for distribution to the eligible retirees following the deductions required in Section 1.302(2)(e).

(c) *Computation of thirteenth check benefit.* Qualified retirees of the General Retirement System, or their surviving beneficiary, shall be entitled to receive the available benefit that grants one (1) point for each full year of retirement to a maximum of fifteen (15) years and one (1) point or fraction thereof for each year of service at retirement. Formula: the retiree or surviving beneficiary will receive an amount based on his or her total number of points for years and months of service multiplied by number of years of retirement. The total of all retiree points so calculated shall equal one hundred percent (100%) of the net distributable reserve which will be allocated to retirees or surviving beneficiaries in an amount commensurate to their individual point total. Provided, however, that retirants

*__Editor's note—__Ord. No. 2013-47, § 1, adopted September 10, 2013, amended Article 6 in its entirety to read as herein set out. Former Article 6, §§ 1.302—1.305, pertained to thirteenth check pension supplement—general pension system. See Code Comparative Table for complete derivation.

terminating employment as shown in the table in Section 1.304(1), and their surviving beneficiaries, shall be awarded points as provided in this paragraph for computing payment amounts for thirteenth check distributions, but shall not receive a thirteenth check as authorized by this Section.

(d) *Benefit distribution.* The Trustees of the General Retirement System will annually ascertain if a reserve excess is available for distribution pursuant to the provisions of this Section and authorize payment of that amount to the retiree members or surviving beneficiaries.

(e) *Payment.* Retiree or surviving beneficiary must be an active retiree at time thirteenth check is issued. The custodial bank will administer the distribution of the amount determined in 1.304(2)(c) to retirees or surviving beneficiaries, with all fees for each service deducted from the net amount available for distribution. Provided however, that no payment shall be made to any retiree who terminates employment as outlined in the table in Section 1.304(1), or to his or her surviving beneficiary.

(3) *Effect.* Nothing in this Section shall affect the rights of any member, retiree or beneficiary of the General Retirement System to receive any benefits or allowances otherwise afforded to them under Chapter 7, Article 4, of the general pension ordinance of the City of Grand Rapids. No retiree or surviving beneficiary shall receive payment under both Sections 1.302 and 1.304.

(4) *Effective Date.* The supplemental allowance benefit provisions of this Section shall be effective as of January 1, 1990.
(Ord. No. 2013-47, § 1, 9-10-13; Ord. No. 2013-82, §§ 1—3, 12-3-13)

Sec. 1.303. Reserved.

Sec. 1.304. Escalator Increase.

(1) An annual increase shall be provided to retirees who terminate employment as shown in the following table, or their surviving beneficiaries:

COVERED GROUP	*TERMINATION DATE*
APAGR; APAGR 61st District Court	On or after October 21, 2008
GREIU; GREIU 61st District Court	On or after March 24, 2009
Crime Scene Technicians	On or after May 12, 2009
GREIU Public Library Rank & File and Supervisory bargaining units	On or after July 9, 2009
Emergency Communication Supervisors	On or after September 13, 2011
Non-Represented Members	On or after July 1, 2014

(2) Annual escalator increases shall be determined as follows:

COVERED GROUP	*AMOUNT and WAITING PERIOD*
APAGR; APAGR 61st District Court; GREIU; GREIU 61st District Court; GREIU Public Library Rank & File and Supervisory bargaining units	1.0% after four years of retirement
Crime Scene Technicians	1.0% after six years of retirement
Emergency Communication Supervisors	1.0% after six years of retirement
Non-Represented Members	1.0% after seven years of retirement

Increases shall be granted on the first January or July following the retiree's waiting period, whichever occurs first, and shall be paid annually thereafter. The amount of the monthly escalator increase shall be based on the original retirement benefit computation and shall not be compounded. In the event of a change in monthly benefit amount due to either the death of a retiree or surviving beneficiary, or an automatic adjustment necessitated by the option elected at the time of retirement, the escalator increase shall be determined based on the original corresponding benefit amount and shall be applied based on the original retirement date.

(3) Retirees with termination dates as shown in Section 1.304(1), and their surviving beneficiaries, shall not receive any payment under Section 1.302.

(4) Nothing in this Section shall affect the rights of any member, retiree or beneficiary of the General Retirement System to receive any

benefits or allowances otherwise afforded to them under Chapter 7, Article 4, of the general pension ordinance of the City of Grand Rapids. No retiree or surviving beneficiary shall receive payment under both Sections 1.302 and 1.304.

(5) The benefit provisions of this Section shall be effective as of October 21, 2008.
(Ord. No. 2013-47, § 1, 9-10-13; Ord. No. 2014-53, §§ 1, 2, 7-22-14)

Secs. 1.305—1.319. Reserved.

ARTICLE 7. MEDICARE SUPPLEMENT TRUST FUND

Sec. 1.320. Establishment and Operation.

A Medicare Supplemental Trust Fund is established as set out in this Article. This separate and distinct trust fund is established to provide a financial base for the purpose of funding payment of a portion of each eligible retiree's Medicare Supplemental health insurance Benefit premium from contributions provided by the City of Grand Rapids, the 61st District Court, or the Board of Library Commissioners of the Grand Rapids Public Library pursuant to collective bargaining agreements with the Grand Rapids Employees Independent Union. The intent of this Article is that the payments made will be applied solely to reduce the cost of Medicare Supplemental Benefit coverage and for no other purpose.

(1) As used in this Article, the words and phrases defined below shall have the indicated meanings:

(a) *Trust Fund* means contributions set aside in trust for the benefit of designated retired City, Court and Library employees and the accumulated investment income from the investment of those contributions. "Trust Fund" may also include any voluntary contributions made which are designated to be used for the purpose of this fund. "Trust

Fund" means the total amount in the Trust Account except as otherwise set out in this Article.

(b) *Eligible Participants* means those retirees of the City of Grand Rapids General Retirement System who receive a monthly benefit from the Retirement System as a result of having retired on or after January 1, 1990 and who are receiving a Medicare benefit under federal law as a result of having reached age sixty-five (65), and eligible beneficiaries as determined by the Joint Committee defined herein.

(c) *Contribution* means that amount that the employer contributes in separate quarterly payments to the Trust Fund in an amount equal to one-half of one (0.5) percent of the annual salary rate, including longevity pay, of those employees covered by the General Retirement System and who, upon retirement, will be eligible for Medicare coverage. The quarterly payments provided for in this Section shall be made by the employer in January, April, July, and October of each year.

(d) *Joint Committee* means the seven-member committee of Trustees appointed to administer this Trust. Four (4) members shall be appointed and may be removed by the Grand Rapids Employees Independent Union under a procedure to be established and administered by the Union. Three (3) members shall be appointed and may be removed by the City Manager.

(e) *Investment of Trust Funds* means the placement of trust fund reserves into investments determined by the Joint Committee to be likely to enhance value of the Trust and to provide timely cash flow to meet benefit payment needs as determined by the Joint Committee.

(f) *Annual Benefit Amount* means the total amount of the Trust Fund determined by the Joint Committee to be distributed to insurance companies for Medicare Supplement Benefits for eligible participants.

(g) *Premium* means the monthly fee charged for the Supplement to Medicare Parts A and B then being offered to retirees by the employer, or an equal amount paid to the retiree's designated alternate insurance.

(h) *Alternate Insurance* means an insurance policy for health care benefits that is individually purchased by the retiree and comparable in nature to that provided by the City of Grand Rapids to members of the respective bargaining units represented by the Grand Rapids Employees Independent Union members.

(2) The Joint Committee shall have the following duties:

(a) The Joint Committee shall be responsible for the investment of the Trust Funds in the manner and for the purposes provided for in this Article. The Joint Committee is authorized to enter into an agreement with the Trustees of the General Retirement System to delegate all of the Joint Committee's investment powers to the Trustees of the General Retirement System. Upon execution of such an agreement, the Retirement System Trustees will act as the sole investing body of the Trust with authority to enter into contracts with and discharge investment managers at its sole discretion. The General Retirement System Trustees shall be held harmless by the City from personal liability for the performance of their duties pursuant to this Section. The Joint Committee is also authorized to delegate its invest-

ment authority to other investment managers as is deemed appropriate.

(b) The Joint Committee shall determine how much of the Trust Fund shall be designated for use as an annual benefit amount as provided for in this Article. The maximum amount available for distribution during any fiscal year shall be limited to fifty (50) percent of the value of the Trust Fund. The Joint Committee shall decide and certify to the City how much of the stated maximum shall be authorized for payments during the coming fiscal year. The benefit of any part time employee shall be prorated to reflect a reduction commensurate with the percentage of hours normally worked.

(c) The Joint Committee shall determine what the expenses of the Trust Fund shall be and shall authorize the payment of those expenses deemed to be

appropriate. Such expenses shall include, but not be limited to, supplies, fees for professional services, custodial fees, investment costs and commissions, auditing and performance evaluation fees and reimbursement for other expenditures necessary for the proper and efficient operation of the Trust Fund. Upon approval by the Joint Committee, the expenses shall be promptly paid by the custodian of the Trust Fund.

(3) The amount designated as the Annual Benefit Amount by the Joint Committee shall be paid to the insurance company providing Medicare Supplemental Benefit coverage to each eligible participant. The total annual Benefit Amount shall be prorated so that each eligible retiree's insurance carrier receives the same amount to be credited to each retiree's Medicare Supplemental Benefit coverage premium whether the employee has coverage provided by the City's health insurance carrier or by an alternative carrier. No payment shall be made to any employee directly or to any person or entity other than a bona fide insurance company for Medicare Supplemental Benefit coverage. The payment disbursement will occur on an advance quarterly basis. Payment of benefits will begin on January 1, 1993.

(4) Any employee may transfer any contributions made to the Trust Fund on the employee's behalf into another City of Grand Rapids Supplement to Medicare Trust Fund when the employee ceases to be in a position that is represented by the Grand Rapids Employees Independent Union bargaining unit. The amount to be transferred shall be computed as provided herein based upon the employee's annual salary rate including longevity plus three (3) percent interest. The City Comptroller's Office shall determine the exact dollar amount for transfer subject to review by the Joint Committee prior to the transfer. Should any other Supplement to Medicare Trust Funds be created that do not have a reciprocal transfer provision, no funds will be transferred to said trust and upon retirement the benefit payment will be prorated on a percentage basis according to the number of years served in a position represented by the Grand Rapids Employees Independent Union bargaining unit.

(5) Benefits provided by the plan shall apply only to those who retire or have retired on or after January 1, 1990 and immediately receive regular age and service or disability benefits as described in Chapter 7, Title I of the City Code.

(Ord. No. 93-2, § 1, 1-5-93; Ord. No. 96-6, § 2, 2-13-96

Sec. 1.321. Establishment and Operation—Grand Rapids Firefighters, Local 366.

A Medicare Supplemental Trust Fund is established as set out in this Article. This separate and distinct trust fund is established to provide a financial base for the purpose of funding payment of a portion of each eligible retiree's Medicare Supplemental Health Insurance Benefit premium from contributions provided by the City of Grand Rapids pursuant to the collective bargaining agreement with the Grand Rapids Firefighters, Local 366. The intent of this Article is that the payments made will be applied solely to reduce the cost of Medicare Supplemental Benefit coverage and for no other purpose.

1. As used in this Article, the words and phrases defined below shall have the indicated meanings:

   A. "*Trust Fund*" means contributions set aside in trust for the benefit of designated retired City firefighter employees and the accumulated investment income from the investment of those contributions. "Trust Fund" may also include any voluntary contributions made which are designated to be used for the purpose of this fund. "Trust Fund" means

the total amount in the Trust Account except as otherwise set out in this Article.

B. "*Eligible Participants*" means those retirees of the City of Grand Rapids Police/Fire Retirement System who receive a monthly benefit from the Retirement System as a result of having retired on or after July 1, 1989, and who are receiving a Medicare benefit under federal law as a result of having reached age sixty-five (65), or spouses of those retirees. Spouses are only eligible to receive the unused portion of the Annual Benefit afforded to the retiree. This provision is not intended to provide spouses with a separate or additional benefit than the amount afforded to the retiree.

C. "*Contribution*" means that amount that the employer contributes in separate quarterly payments to the Trust Fund in an amount equal to one-half of one (0.5) percent of the annual salary rate, including longevity pay, of those employees covered by the Police/Fire Retirement System and who will be eligible for Medicare coverage after retirement. The quarterly payments provided for in this Section shall be made by the employer in January, April, July, and October of each year.

D. "*Joint Committee*" means the seven member committee of Trustees appointed to administer this Trust. Four (4) members shall be appointed and may be removed by the Grand Rapids Firefighters, Local 366 under a procedure to be established and administered by the union. Three (3) members shall be appointed and may be removed by the City Manager.

E. "*Investment of Trust Funds*" means the placement of trust fund reserves into investments determined by the Joint Committee to be likely to enhance value of the Trust and to provide timely cash flow to meet benefit payment needs as determined by the Joint Committee.

F. "*Annual Benefit Amount*" means the total amount of the Trust Fund determined by the Joint Committee to be distributed to insurance companies for Medicare Supplement Benefits for eligible participants, or to eligible participants who purchase Alternate Insurance subject to the limitations regarding spouses provided in Section 1.321(1)(B).

G. "*Premium*" means the monthly fee charged for the supplement to Medicare Parts A & B then being offered to eligible participants by the employer or an equal amount paid for the eligible participant's Alternate Insurance.

H. "*Alternate Insurance*" means an insurance policy for health care benefits that is individually purchased by an eligible participant and is comparable in nature to that provided by the City of Grand Rapids to members of the respective bargaining unit represented by the Grand Rapids Firefighters, Local 366.

2. The Joint Committee shall have the following duties:

A. The Joint Committee shall be responsible for the investment of the Trust Funds in the manner and for the purposes provided for in this Article. The Joint Committee is authorized to enter into an agreement with the Trustees of the Police/Fire Retirement System to delegate all of the Joint Committee's investment powers to the Trustees of the Police/Fire Retirement System. Upon execution of such an agreement, the Retirement System Trustees will act as the sole investing body of the Trust with authority to enter into contracts with and discharge investment managers at its sole discretion. The Police/Fire

Retirement System Trustees shall be held harmless by the City from personal liability for the performance of their duties pursuant to this Section. The Joint Committee is also authorized to delegate its investment authority to other investment managers as is deemed appropriate.

B. The Joint Committee shall determine how much of the Trust Fund shall be designated for use as an annual benefit amount as provided for in this Article. The maximum amount available for distribution during any fiscal year shall be limited to fifty (50) percent of the value of the trust fund. The Joint Committee shall decide and certify to the City how much of the stated maximum shall be authorized for payments during the coming fiscal year.

C. The Joint Committee shall determine what the expenses of the Trust Fund shall be and shall authorize the payment of those expenses deemed to be appropriate. Such expenses shall include, but not be limited to, supplies, fees for professional services, custodial fees, investment costs, and commissions, auditing and performance evaluation fees and reimbursement for other expenditures necessary for the proper and efficient operation of the Trust Fund. Upon approval by the Joint Committee, the expenses shall be promptly paid by the custodian of the Trust Fund.

3. The amount designated as the Annual Benefit Amount by the Joint Committee shall be paid to the insurance company providing Medicare Supplemental Benefit coverage to each eligible participant, or to the eligible participant who provides the City's Human Resources Director with proof that, as provided in this Subsection (3), he or she has obtained and paid the most recent premium for Alternate Insurance. The total annual Benefit Amount shall be prorated so that each eligible participant's insurance carrier receives the same amount to be credited to each eligible participant's Medicare Supplemental Benefit coverage premium whether the eligible participant has coverage provided by the City's health insurance carrier or has Alternate Insurance provided by an alternative carrier. This provision is subject to the limitations regarding spouses provided in Section 1.321(1)(B). No payment shall be made to any eligible participant unless he or she provides documents which confirm, to the satisfaction of the Joint Committee, that he or she has Alternate Insurance in force and has paid the most recent premium for that Alternate Insurance. Except as otherwise provided in the preceding sentence, no payment shall be made to any person or entity other than a bona fide insurance company for Medicare Supplemental Benefit coverage. The payment disbursement will occur on an advance quarterly basis. Payment of benefits will begin on January 1, 1994.

4. Benefits provided by the plan shall apply only to those who retire or have retired on or after July 1, 1989, and receive regular age and service or disability benefits as described in Chapter 7, Title I, Article 2 of City Code. This is provided, however, that no benefits will be paid in instances of deferred pension annuity to members with less than twenty (20) years of service.

(Ord. No. 93-55, § 1, 12-7-93; Ord. No. 96-6, § 3, 2-13-96; Ord. No. 2004-38, § 1, 7-13-04)

Sec. 1.322. Establishment and Operation—Grand Rapids Police Officers Labor Council, Officer/Sergeant Unit and the Police Command Officers Bargaining Unit.

1. A Medicare Supplemental Trust Fund is established as set out in this Article. This separate and distinct trust fund is established to provide a financial base for the purpose of funding payment of a portion of each eligible retiree's Medicare Supplemental Health Insurance Bene-

fit premium from contributions provided by the City of Grand Rapids pursuant to the collective bargaining agreement with the Grand Rapids Police Officers Labor Council, Officer/Sergeant Unit and the Police Command Officers Bargaining Unit. The intent of this Article is that the payments made will be applied solely to reduce the cost of Medicare Supplemental Benefit coverage and for no other purpose.

As used in this Article the words and phrases defined below shall have the indicated meanings:

A. "*Trust Fund*" means contributions set aside in trust for the benefit of designated retired City police employees and the accumulated investment income from the investment of those contributions. "Trust Fund" may also include any voluntary contributions made which are designated to be used for the purpose of this fund. "Trust Fund" means the total amount in the Trust Account except as otherwise set out in this Article.

B. "*Eligible Participants*" means those retirees of the City of Grand Rapids Police/Fire Retirement System who receive a monthly benefit from the Retirement System as a result of having retired on or after July 1, 1989, and who are receiving a Medicare benefit under federal law as a result of having reached age 65, and eligible beneficiaries as determined by the Joint Committee defined herein.

C. "*Contribution*" means that amount that the employer contributes in separate quarterly payments to the Trust Fund in an amount equal to one-half of one (0.5) percent of the annual salary rate, including longevity pay of those employees covered by the Police/Fire Retirement System and who will be eligible for Medicare coverage after retirement. The quarterly payments provided for in this Section shall be made by the employer in January, April, July, and October of each year.

D. "*Joint Committee*" means the seven member committee of Trustees appointed to administer this Trust. Three members from the Grand Rapids Police Officers Labor Council, Officer/Sergeant Unit and one member from the Police Command Officers Bargaining Unit shall be appointed and may be removed under a procedure to be established and administered by the respective representative labor organizations. Three members shall be appointed and may be removed by the City Manager.

E. "*Investment of Trust Funds*" means the placement of trust fund reserves into investments determined by the Joint Committee to be likely to enhance value of the Trust and to provide timely cash flow to meet benefit payment needs as determined by the Joint Committee.

F. "*Annual Benefit Amount*" means the total amount of the Trust Fund determined by the Joint Committee to be distributed to insurance companies for Medicare Supplement Benefits for eligible participants.

G. "*Premium*" means the monthly fee charged for the Supplement to Medicare Parts A & B then being offered to retirees by the employer or an equal amount paid to the retiree's designated alternate insurance.

H. "*Alternate Insurance*" means an insurance policy for health care benefits that is individually purchased by the retiree and comparable in nature to that provided by the City of Grand Rapids to members represented by the Grand Rapids Police Officers Labor Council Officer/Sergeant Unit and the Police Command Officers Bargaining Unit.

2. The Joint Committee shall have the following duties:

A. The Joint Committee shall be responsible for the investment of the Trust Funds in the manner and for the purposes provided for in this Article. The Joint Committee is authorized to enter into an agreement with the Trustees of the Police/Fire Retirement System to delegate all of the Joint Committee's investment powers to the Trustees of the Police/Fire Retirement System. Upon execution of such an agree-

ment, the Retirement System Trustees will act as the sole investing body of the Trust with authority to enter into contracts with and discharge investment managers at its sole discretion. The Police/Fire Retirement System Trustees shall be held harmless by the City from personal liability for the performance of their duties pursuant to this Section. The Joint Committee is also authorized to delegate its investment authority to other investment managers as is deemed appropriate.

B. The Joint Committee shall determine how much of the Trust Fund shall be designated for use as an annual benefit amount as provided for in this Article. The maximum amount available for distribution during any fiscal year shall be limited to fifty (50) percent of the value of the trust fund. The Joint Committee shall decide and certify to the City how much of the stated maximum shall be authorized for payments during the coming fiscal year.

C. The Joint Committee shall determine what the expenses of the Trust Fund shall be and shall authorize the payment of those expenses deemed to be appropriate. Such expenses shall include, but not be limited to, supplies, fees for professional services, custodial fees, investment costs, and commissions, auditing and performance evaluation fees and reimbursement for other expenditures necessary for the proper and efficient operation of the Trust Fund. Upon approval by the Joint Committee, the expenses shall be promptly paid by the custodian of the Trust Fund.

3. The amount designated as the Annual Benefit Amount by the Joint Committee shall be paid to the insurance company providing Medicare Supplemental Benefit coverage premium whether the employee has coverage provided by the City's health insurance carrier or by an alternative carrier. No payment shall be made to any employee directly or to any person or entity other than a bona fide insurance company for Medicare

Supplemental Benefit coverage. The payment disbursement will occur on an advance quarterly basis. Payment of benefits will begin on January 1, 1994.

4. Benefits provided by the plan shall apply only to those who retire or have retired on or after July 1, 1989, and receive regular age and service or disability benefits as described in Chapter 7, Title 1, Article 2 of City Code. This is provided, however, that no benefits will be paid in instances of deferred pension annuity to members with less than 20 years of service.
(Ord. No. 93-56, § 1, 12-7-93; Ord. No. 96-6, § 4, 2-13-96)

Sec. 1.323. Establishment and Operation—Association of Public Administrators of Grand Rapids.

A Medicare Supplemental Trust Fund is established as set out in this Article. This separate and distinct trust fund is established to provide a financial base for the purpose of funding payment of a portion of each eligible retiree's Medicare Supplemental health insurance benefit premium from contributions provided by the City of Grand Rapids pursuant to the collective bargaining agreement with the Association of Public Administrators of Grand Rapids. The intent of this Article is that the payments made will be applied solely to reduce the cost of Medicare Supplemental Benefit coverage for these employees and for no other purpose.

1. As used in this Article, the words and phrases defined below shall have the indicated meanings:

A. "Trust Fund" means contributions set aside in trust for the benefit of the designated retired City employees and the accumulated Investment income from the investment of those contributions. "Trust Fund" may also include any voluntary contributions made which are designated to be used for the purpose of this fund. "Trust Fund" means the total amount in the Trust Account except as otherwise set out in this Article.

B. "Eligible Participants" means those retirees of the City of Grand Rapids General Retirement System or retirees under the "officers' option" who receive a monthly benefit as a result of having retired on or after January 1, 1990, and who are receiving a Medicare benefit under federal law as a result of having reached age sixty-five (65), and eligible beneficiaries as determined by the Joint Committee defined herein.

C. "Contribution" means that amount that the employer contributes in separate quarterly payments to the Trust Fund in an amount equal to one-half of one (0.5) percent of the annual salary rate, including longevity pay, of those employees covered by the General Retirement System or officers' option and who will be eligible for Medicare coverage after retirement. The quarterly payments provided for in this Section shall be made by the employer in January, April, July, and October of each year.

D. "Joint Committee" means the seven member committee of Trustees appointed to administer this Trust. Four members shall be appointed and may be removed by the Association of Public Administrators of Grand Rapids under a procedure to be established and administered by the Association. Three members shall be appointed and may be removed by the City Manager.

E. "Investment of Trust Funds" means the placement of trust fund reserves into investments determined by the Joint Committee to be likely to enhance value of the Trust and to provide timely cash flow to meet benefit payment needs as determined by the Joint Committee.

F. "Annual Benefit Amount" means the total amount of the Trust Fund determined by the Joint Committee to be distributed to insurance companies for Medicare Supplement Benefits for eligible participants.

G. "Premium" means the monthly fee charged for the Supplement to Medicare Parts A & B then being offered to retirees by the employer or an equal amount paid to the retiree's designated alternate insurance.

H. "Alternate Insurance" means an insurance policy for health care benefits that is indi-

vidually purchased by the retiree and comparable in nature to that provided by the City of Grand Rapids to members represented by the Association of Public Administrators of Grand Rapids.

2. The Joint Committee shall have the following duties:

A. The Joint Committee shall be responsible for the investment of the Trust Funds in the manner and for the purposes provided for in this Article. The Joint Committee is authorized to enter into an agreement with the Trustees of the General Retirement System to delegate all of the Joint Committee's investment powers to the Trustees of the General Retirement System. Upon execution of such an agreement, the Retirement System Trustees will act as the sole investing body of the Trust with authority to enter into contracts with and discharge investment managers at its sole discretion. The General Retirement System Trustees shall be held harmless by the City from personal liability for the performance of their duties pursuant to this Section. The Joint Committee is also authorized to delegate its investment authority to other investment managers as is deemed appropriate.

B. The Joint Committee shall determine how much of the Trust Fund shall be designated for use as an annual benefit amount as provided for in this Article. The maximum amount available for distribution during any fiscal year shall be limited to fifty (50) percent of the value of the trust fund. The Joint Committee shall decide and certify to the City how much of the stated maximum shall be authorized for payments during the coming fiscal year.

C. The Joint Committee shall determine what the expenses of the Trust Fund shall be and shall authorize the payment of those expenses deemed to be appropriate. Such expenses shall include, but not be limited to, supplies, fees for professional services, custodial fees, investment costs, and commissions, auditing and performance evaluation fees and reimbursement for other expenditures necessary for the proper and efficient operation of the Trust Fund. Upon approval by the Joint Committee, the expenses shall be promptly paid by the custodian of the Trust Fund.

3. The amount designated as the Annual Benefit Amount by the Joint Committee shall be paid to the insurance company providing Medicare Supplemental Benefit coverage premium whether the employee has coverage provided by the City's health insurance carrier or by an alternative carrier. No payment shall be made to any employee directly or to any person or entity other than a bona fide insurance company for Medicare Supplemental Benefit coverage. The payment disbursement will occur on an advance quarterly basis.

4. Any employee may transfer any contributions made to the Trust Fund on the employee's behalf into another City of Grand Rapids Supplement to Medicare Trust Fund when the employee ceases to be in a position that is represented by the Association of Public Administrators of Grand Rapids bargaining unit. The amount to be transferred shall be computed as provided herein based upon the employee's annual salary rate including longevity plus 3% interest. The City Comptroller's Office shall determine the exact dollar amount for transfer subject to review by the Joint Committee prior to the transfer. Should any other Supplement to Medicare Trust Funds be created that do not have a reciprocal transfer provision, no funds will be transferred to said trust and upon retirement the benefit payment will be pro-rated on a percentage basis according to the number of years served in a position represented by the Association of Public Administrators of Grand Rapids.

5. Benefits provided by the plan shall apply only to those who retire or have retired on or after January 1, 1990.

(Ord. No. 94-9, § 1, 2-22-94; Ord. No. 96-6, § 5, 2-13-96)

Sec. 1.324. Establishment and Operation—Non-union Employees Covered by the Management Compensation and Fringe Benefits Handbook.

A Medicare Supplemental Trust Fund is established as set out in this Article. This separate and

distinct trust fund is established to provide a financial base for the purpose of funding payment of a portion of each eligible retiree's Medicare Supplemental health insurance benefit premium from contributions provided by the City of Grand Rapids on behalf of non-union employees covered by the Management Compensation and Fringe Benefits Handbook in effect at the time of the enactment or any subsequent amendment of this ordinance and as otherwise provided for in this Code. The intent of this Article is that the payments made will be applied solely to reduce the cost of Medicare Supplemental Benefit coverage for these employees and for no other purpose.

1. As used in this Article, the words and phrases defined below shall have the indicated meanings:

A. "Trust Fund" means contributions set aside in trust for the benefit of designated retired City employees and the accumulated investment income from the investment of those contributions. "Trust Fund" may also include any voluntary contributions made which are designated to be used for the purpose of this fund. "Trust Fund" means the total amount in the Trust Account except as otherwise set out in this Article.

B. "Eligible Participants" means those retirees of the City of Grand Rapids General Retirement System or retirees under the "officers' option" who receive a monthly benefit as a result of having retired on or after January 1, 1990, and who are receiving a Medicare benefit under federal law as a result of having reached age sixty-five (65), and eligible beneficiaries as determined by the Joint Committee defined herein.

C. "Contribution" means that amount that the employer contributes in separate quarterly payments to the Trust Fund in an amount equal to one-half of one (0.5) percent of the annual salary rate, including longevity pay, of those employees covered by the General Retirement System or officers' option and who will be eligible for Medicare coverage after retirement. The quarterly payments provided for in this Section shall be made by the employer in January, April, July, and October of each year.

D. "Joint Committee" means the five member committee of Trustees appointed to administer this Trust. Members shall be appointed and may be removed by the City Manager.

E. "Investment of Trust Funds" means the placement of trust fund reserves into investments determined by the Joint Committee to be likely to enhance value of the Trust and to provide timely cash flow to meet benefit payment needs as determined by the Joint Committee.

F. "Annual Benefit Amount" means the total amount of the Trust Fund determined by the Joint Committee to be distributed to insurance companies for Medicare Supplement Benefits for eligible participants.

G. "Premium" means the monthly fee charged for the Supplement to Medicare Parts A & B then being offered to retirees by the employer or an equal amount paid to the retiree's designated alternate insurance.

H. "Alternate Insurance" means an insurance policy for health care benefits that is individually purchased by the retiree and comparable in nature to that provided by the City of Grand Rapids to non-union employees.

2. The Joint Committee shall have the following duties:

A. The Joint Committee shall be responsible for the investment of the Trust Funds in the manner and for the purposes provided for in this Article. The Joint Committee is authorized to enter into an agreement with the Trustees of the General Retirement System to delegate all of the Joint Committee's investment powers to the Trustees of the General Retirement System. Upon execution of such an agreement, the Retirement System Trustees will act as the sole investing body of the Trust with authority to enter into contracts with and discharge investment managers at its sole discretion. The General Retirement System Trustees shall be held harmless by the City from personal liability for the performance of

their duties pursuant to this Section. The Joint Committee is also authorized to delegate its investment authority to other investment managers as is deemed appropriate.

B. The Joint Committee shall determine how much of the Trust Fund shall be designated for use as an annual benefit amount as provided for in this Article. The maximum amount available for distribution during any fiscal year shall be limited to fifty (50) percent of the value of the trust fund. The Joint Committee shall decide and certify to the City how much of the stated maximum shall be authorized for payments during the coming fiscal year. The benefit level established shall be uniformly applied on behalf of each eligible participant.

C. The Joint Committee shall determine what the expenses of the Trust Fund shall be and shall authorize the payment of those expenses deemed to be appropriate. Such expenses shall include, but not be limited to, supplies, fees for professional services, custodial fees, investment costs, and commissions, auditing and performance evaluation fees and reimbursement for other expenditures necessary for the proper and efficient operation of the Trust Fund. Upon approval by the Joint Committee, the expenses shall be promptly paid by the custodian of the Trust Fund.

3. The amount designated as the Annual Benefit Amount by the Joint Committee shall be paid to the insurance company providing Medicare Supplemental Benefit coverage premium whether the employee has coverage provided by the City's health insurance carrier or by an alternative carrier. No payment shall be made to any employee directly or to any person or entity other than a bona fide insurance company for Medicare Supplemental Benefit coverage. The payment disbursement will occur on an advance quarterly basis.

4. Any employee may transfer any contributions made to the Trust Fund on the employee's behalf into another City of Grand Rapids Supplement to Medicare Trust Fund when the employee ceases to be in a position that is non-union. The amount to be transferred shall be computed as provided herein based upon the employee's annual salary rate including longevity plus three (3) percent interest. The City Comptroller's Office shall determine the exact dollar amount for transfer subject to review by the Joint Committee prior to the transfer. Should any other Supplement to Medicare Trust Funds be created that do not have a reciprocal transfer provision, no funds will be transferred to said trust and upon retirement the benefit payment will be pro-rated on a percentage basis according to the number of years served in a position not represented by a collective bargaining unit.

5. Benefits provided by the plan shall apply only to those who retire or have retired on or after January 1, 1990.
(Ord. No. 94-9, § 1, 2-22-94; Ord. No. 96-6, § 6, 2-13-96)

Sec. 1.325. Establishment and Operation - Grand Rapids Police Command Officers Bargaining Unit.

1. A Medicare Supplemental Trust Fund is established as set out in this Article. This separate and distinct trust fund is established to provide a financial base for the purpose of funding payment of a portion of each eligible retiree's Medicare Supplemental health insurance benefit premium from contributions provided by the City of Grand Rapids pursuant to the collective bargaining agreement with the Grand Rapids Police Command Officers Bargaining Unit, and is in addition to the fund established under Section 1.322 of this Article. The intent of this Article is that the payments made will be applied solely to reduce the cost of Medicare Supplemental Benefit coverage and for no other purpose.

As used in this Article, the words and phrases defined below shall have the indicated meanings:

A. "Trust Fund" means contributions set aside in trust for the benefit of the designated retired City police employees and the accumulated investment income from the investment of those contributions. "Trust Fund" may also include any voluntary contributions made which are designated to be

used for the purpose of this fund. "Trust Fund" means the total amount in the Trust Account except as otherwise set out in this Article.

B. "Eligible Participants" means those retirees of the City of Grand Rapids Police/Fire Retirement System who receive a monthly benefit from the Retirement System as a result of having retired on or after January 1, 1995, and who are receiving a Medicare benefit under federal law as a result of having reached age 65, and eligible beneficiaries as determined by the Joint Committee defined herein.

C. "Contribution" means that amount that the employer contributes in separate quarterly payments to the Trust Fund in an amount equal to one-half of one (0.5) percent of the annual salary rate, including longevity pay, of those employees covered by the Police/Fire Retirement System and who will be eligible for Medicare coverage after retirement. The quarterly payments provided for in this Section shall be made by the employer in January, April, July, and October of each year, effective January 1, 1995.

D. "Joint Committee" means the five (5) member committee of Trustees appointed to administer this Trust. Three (3) members from the Police Command Officers Bargaining Unit shall be appointed and may be removed under a procedure to be established and administered by the respective labor organizations. Two (2) members shall be appointed and may be removed by the City Manager.

E. "investment of Trust Funds" means the placement of trust fund reserves into investments determined by the Joint Committee to be likely to enhance value of the Trust and to provide timely cash flow to meet benefit payment needs as determined by the Joint Committee.

F. "Annual Benefit Amount" means the total amount of the Trust Fund determined by the Joint Committee to be distributed to insurance companies for Medicare Supplement Benefits for eligible participants.

G. "Premium" means the monthly fee charged for the Supplement to Medicare Parts A & B then being offered to retirees by the employer or an equal amount paid to the retiree's designated alternate insurance.

H. "Alternate Insurance" means an insurance policy for health care benefits that is individually purchased by the retiree and comparable in nature to that provided by the City of Grand Rapids to members represented by the Police Command Officers Bargaining Unit.

2. The Joint Committee shall have the following duties:

A. The Joint Committee shall be responsible for the investment of the Trust Funds in the manner and for the purposes provided for in this Article. The Joint Committee is authorized to enter into an agreement with the Trustees of the Police/Fire Retirement System to delegate all of the Joint Committee's investment powers to the Trustees of the Police/Fire Retirement System. Upon execution of such an agreement, the Retirement System Trustees will act as the sole investing body of the Trust with authority to enter into contracts with and discharge investment managers at its sole discretion. The Police/Fire Retirement System Trustees shall be held harmless by the City from personal liability for the performance of their duties pursuant to this Section. The Joint Committee is also authorized to delegate its investment authority to other investment managers as is deemed appropriate.

B. The Joint Committee shall determine how much of the Trust Fund shall be designated for use as an annual benefit amount as provided for in this Article. The maximum amount available for distribution during any fiscal year shall be limited to fifty (50) percent of the value of the trust fund. The Joint Committee shall decide and certify to the City how much of the stated maximum shall be authorized for payments during the coming fiscal year.

C. The Joint Committee shall determine what the expenses of the Trust Fund shall be and shall authorize the payment of those expenses deemed to be appropriate. Such expenses shall include, but not be limited to, supplies, fees for professional services, custodial fees, investment costs, and commissions, auditing and performance evaluation fees and reimbursement for other expenditures necessary for the proper and efficient operation of the Trust Fund. Upon approval by the Joint Committee, the expenses shall be promptly paid by the custodian of the Trust Fund.

3. The amount designated as the Annual Benefit Amount by the Joint Committee shall be paid to the insurance company providing Medicare Supplemental Benefit coverage premium whether the employee has coverage provided by the City's health insurance carrier or by an alternative carrier. No payment shall be made to any employee directly or to any person or entity other than a bona fide insurance company for Medicare Supplemental Benefit coverage. The payment disbursement will occur on an advance quarterly basis. Payment of benefits will begin on January 1, 1996.

4. Benefits provided by the plan shall apply only to those who retire or have retired on or after January 1, 1995, and receive regular age and service or disability benefits as described in Chapter 7, Title I, Article 2 of City Code. This is provided, however, that no benefits will be paid in instances of deferred pension annuity to members with less than 20 years of service.
(Ord. No. 96-6, § 7, 2-13-96)

Sec. 1.326. Establishment and Operation - Emergency Communications Operators Bargaining Unit.

1. A Medicare Supplemental Trust Fund is established as set out in this Article. This separate and distinct trust fund is established to provide a financial base for the purpose of funding payment of a portion of each eligible retiree's Medicare Supplemental health insurance benefit premium from contributions provided by the City of Grand Rapids pursuant to the collective bargaining agreement with the Emergency Communications Operators Bargaining Unit. The intent of this Article is that the payments made will be applied solely to reduce the cost of Medicare Supplemental Benefit coverage and for no other purpose.

As used in this Article, the words and phrases defined below shall have the indicated meanings:

A. "Trust Fund" means contributions set aside in trust for the benefit of the designated retired City employees and the accumulated investment income from the investment of those contributions. "Trust Fund" may also include any voluntary contributions made which are designated to be used for the purpose of this fund. "Trust Fund" means the total amount in the Trust Account except as otherwise set out in this Article.

B. "Eligible Participants" means those retirees of the City of Grand Rapids General Retirement System who receive a monthly benefit from the Retirement System as a result of having retired on or after January 1, 1999, and who are receiving a Medicare benefit under federal law as a result of having reached age 65, and eligible beneficiaries as determined by the Joint Committee defined herein.

C. "Contribution" means that amount that the employer contributes in separate quarterly payments to the Trust Fund in an amount equal to one quarter (.25) percent effective January 1, 1999 and an additional one quarter (.25) percent effective January 1, 2000, of the annual salary rate, including longevity pay, of those employees covered by the General Retirement System and who will be eligible for Medicare coverage after retirement. The quarterly payments provided for in this Section shall be made by the employer in January, April, July, and October of each year, effective January 1, 1999.

D. "Joint Committee" means the five (5) member committee of Trustees appointed to administer this Trust. Three (3) members

from the Emergency Communications Operators Bargaining Unit shall be appointed and may be removed under a procedure to be established and administered by the respective labor organizations. Two (2) members shall be appointed and may be removed by the City Manager.

E. "Investment of Trust Funds" means the placement of trust fund reserves into investments determined by the Joint Committee to be likely to enhance value of the Trust and to provide timely cash flow to meet benefit payment needs as determined by the Joint Committee.

F. "Annual Benefit Amount" means that total amount of the Trust Fund determined by the Joint Committee to be distributed to insurance companies for Medicare Supplement Benefits for eligible participants.

G. "Premium" means the monthly fee charged for the Supplement to Medicare Parts A & B then being offered to retirees by the employer or an equal amount paid to the retiree's designated alternate insurance.

H. "Alternate Insurance" means an insurance policy for health care benefits that is individually purchased by the retiree and comparable in nature to that provided by the City of Grand Rapids to members represented by the Emergency Communications Operators Bargaining Unit.

2. The Joint Committee shall have the following duties:

A. The Joint Committee shall be responsible for the investment of the Trust Funds in the manner and for the purposes provided for in this Article. The Joint committee is authorized to enter into an agreement with the Trustees of the General Retirement System to delegate all of the Joint Committee's investment powers to the Trustees of the General Retirement System. Upon execution of such an agreement, the Retirement System Trustees will act as the sole investing body of the Trust with authority to enter into contracts with and discharge investment managers at its sole discretion. The General Retirement System Trustees shall be held harmless by the City from personal liability for the performance of their duties pursuant to this Section. The Joint Committee is also authorized to delegate its investment authority to other investment managers as is deemed appropriate.

B. The Joint Committee shall determine how much of the Trust Fund shall be designated for use as an annual benefit amount as provided for in this Article. The maximum amount available for distribution during any fiscal year shall be limited to fifty (50) percent of the value of the trust fund. The Joint Committee shall decide and certify to the City how much of the stated maximum shall be authorized for payments during the coming fiscal year.

C. The Joint Committee shall determine what the expenses of the Trust Fund shall be and shall authorize the payment of those expenses deemed to be appropriate. Such expenses shall include, but not be limited to, supplies, fees for professional services, custodial fees, investment costs, and commissions, auditing and performance evaluation fees and reimbursement for other expenditures necessary for the proper and efficient operation of the Trust Fund. Upon approval by the Joint Committee, the expenses shall be promptly paid by the custodian of the Trust Fund.

3. The amount of designated as the Annual Benefit Amount by the Joint Committee shall be paid to the insurance company providing Medicare Supplemental Benefit coverage premium whether the employee has coverage provided by the City's health insurance carrier or by an alternative carrier. No payment shall be made to any employee directly or to any person or entity other than a bona fide insurance company for Medicare Supplemental Benefit coverage. The payment disbursement will occur on an advance quarterly basis. Payment of benefits will begin January 1, 1999.

4. Benefits provided by the plan shall apply only to those who retire or have retired on or after January 1, 1999, and receive regular age and service or disability benefits as described in Chapter 7, Title I, Article 2 of City Code. This is provided, however, that no benefits will be paid in instances of deferred pension annuity to members with less than 20 years of service.

ARTICLE 1. GENERAL PROVISIONS*

Sec. 1.331. General Provisions.

All Boards and Commissions existing at the time of the adoption of this provision shall be continued and the members serving thereon shall remain in office for the duration of the term for which they were appointed. Except as otherwise provided as to any particular Board or Commission, all Boards and Commissions shall be subject to the following general provisions:

(1) Any vacancy occurring in the membership of any Board or Commission shall be filled for the remainder of the unexpired term in the manner provided for original appointment.

(2) The appointing Authority may remove any member of any Board or Commission for cause, but any member shall be entitled to a public hearing on such removal, on written demand filed with the appointing Authority within ten (10) days after notice of removal has been given to such member. Such a hearing shall be limited to a statement by the appointing Authority of the reason for removal and any response that the removed member makes regarding the removal. The hearing is not an appeal hearing but shall be held only to provide a removed member an opportunity to publicly respond to the stated reason for the removal. Cause as provided for in this subsection shall include, but not be limited to, a member's failure to file with the City Clerk a sworn acceptance and oath of office or a member's failure to comply with any statement of privileges and duties or other standards of attendance or conduct promulgated by the City.

(3) All members of Boards and Commissions shall serve without compensation as members thereof.

(4) Pursuant to Title VI of Section 7, being compiler's paragraph 93 of the Charter of the City of Grand Rapids, the City Attorney is hereby designated to be the legal advisor and representative of all bodies, offices, agents, Commissions, Boards, Departments and any other agencies of the City of Grand Rapids, unless the City Commission expressly authorizes another Attorney by resolution.

(Ord. No. 95-16, § 1, 3-7-95)

Secs. 1.332—1.340. Reserved.

ARTICLE 2. RESERVED†

ARTICLE 3. COMMUNITY RELATIONS COMMISSION‡

Sec. 1.341. Statement of Public Policy and Finding of Necessity.

It is hereby declared to be contrary to the public policy of the City of Grand Rapids for any person to deny any other person the enjoyment of his or her civil rights or for any persons to discriminate against any other person in the exercise of his or her civil rights because of race, color, creed, religion, national origin, ancestry, age, gender, marital status, disability, height, weight, sexual orientation, or gender identity.

It is hereby found that prejudice and discrimination against any individual or group because of race, color, creed, religion, national origin, ancestry, age, gender, marital status,

*__Editor's note—__Ord. No. 95-16, § 1, adopted March 7, 1995, added § 1.331 to read as herein set out. Section 2 of said ordinance, repealed § 1.321, which pertained to general provisions. Also, at the request of the city, appropriate reserved sections have been included. See the Code Comparative Table.

†__Editor's note—__Ord. No. 84-2, § 1, adopted Jan. 17, 1984, repealed Article 2, concerning Convention-Entertainment Center Board, consisting of §§ 1.331—1.335 and derived from Ord. No. 74-79, adopted Oct. 1, 1974; Ord. No. 75-29, adopted Apr. 1, 1975; and Ord. No. 76-98, adopted Dec. 14, 1976.

‡__Editor's note—__Ord. No. 2015-61, § 1, adopted October 13, 2015, repealed the former Art. 3, §§ 1.341—1.347, and enacted a new Art. 3 as set out herein. The former Art. 3 pertained to similar subject matter. See Code Comparative Table for complete derivation.

disability, height, weight, sexual orientation or gender identity are inimical to democracy, the cornerstone of our American tradition, and menace peace and the general public welfare; that to eliminate such prejudice and discrimination, instrumentalities of government should be established through which the citizens of Grand Rapids may be kept informed of developments in community relations and from which the elected and appointed officials, and the Departments of this City may obtain expert advice and assistance in adopting measures to keep peace, good order and harmony among the citizens of Grand Rapids; and that such instrumentalities will promote harmony, help to avoid intergroup tensions, promote good will, and ensure equality of treatment and opportunity to all regardless of race, color, creed, religion, national origin, ancestry, age, gender, marital status, disability, height, weight, sexual orientation or gender identity.
(Ord. No. 2015-61, § 1, 10-13-15)

Sec. 1.342. Created; Membership.

There is hereby created a Commission to be known as the Community Relations Commission, consisting of nine (9) members to be appointed by the Mayor, with the approval of the City Commission. The members of the Commission should be selected, to the extent possible, so as to be representative of the community at large.

The members shall serve without compensation, but shall be reimbursed for expenses necessarily incurred in connection with their duties as members of the Commission. All terms of members of the Commission shall be for three (3) years. Three (3) members shall be appointed for terms commencing on the first Monday in January each year. In the event of death, resignation, or removal from membership of any member, his or her successor shall be appointed to serve for the unexpired term of the departed member.
(Ord. No. 2015-61, § 1, 10-13-15)

Sec. 1.343. Duties.

The duties of the Community Relations Commission shall be as follows:

(a) It shall foster mutual understanding and respect among all racially, ethnically, religiously and culturally diverse groups in the City of Grand Rapids. It shall discourage and prevent discrimination practices toward any such group.

(b) It may upon its own initiative or upon referral to it by the City Manager's designee, investigate complaints of particular instances or complaints as to general conditions relative to any tensions, practices of discrimination or acts of prejudices against any person or group because of race, color, creed, religion, national origin, ancestry, age, gender, marital status, disability, height, weight, sexual orientation or gender identity and it may conduct public hearings with regard thereto.

(c) It shall carry on research projects and obtain factual data to ascertain the status and treatment racially, ethnically, religiously and culturally diverse groups within the City; and it shall make reports and recommendations to the City Commission and the City Manager as to its findings of fact relative to existing conditions and as to policies, programs and legislation for relief and alleviation of such discriminatory practices and conditions.

(d) It shall cooperate with other public, governmental or private agencies in developing courses of instruction for presentation in public and/or private schools, in public libraries, at public museums or other suitable places, showing and illustrating the contributions of various religious, nationality and ethnic groups to the culture, tradition and progress of our City, State and Nation, and further showing the deplorable effects and menace of prejudice, intolerance and discrimination.

(e) It may assist the City Manager and his or her designee in the performance of their duties as set forth in this Code.

(f) It shall formulate and carry out programs of community education and information

with the object of discouraging and eliminating any such tensions, prejudice and discrimination.

(g) It shall issue such publications and reports of investigations and research as in its judgment will tend to minimize or eliminate prejudice, intolerance, race or area tensions and discrimination or which will promote or tend to promote good will.

(h) It shall cooperate with and seek the cooperation of federal, state and city agencies and departments in carrying out projects within their respective authorities to eliminate intergroup tensions, and to promote intergroup harmony. It shall recommend to the Mayor and to the City Commission measures, including legislation, aimed at improving relations within and among the population, as well as improving the ability of the various City departments and agencies to ensure protection of any and all persons and groups from discrimination because of race, color, creed, religion, national origin, ancestry, age, gender, marital status, disability, height, weight, sexual orientation or gender identity. It shall advise, and may recommend action to any official of competent authority, on any matters involving civil rights or the violation thereof.

(Ord. No. 2015-61, § 1, 10-13-15)

Sec. 1.344. Meetings.

The Community Relations Commission shall meet not less than once a month and shall adopt by majority vote such rules as it shall deem expedient for the conduct of its business. It shall elect such officers as it shall deem necessary. The Chairperson thereof shall appoint such Committees as the rules of the Community Relations Commission shall provide, and other Committees as shall from time to time be found necessary.

(Ord. No. 2015-61, § 1, 10-13-15)

Sec. 1.345. Investigations.

The obtaining of factual information by the Community Relations Commission in the performance of its duties hereunder is hereby declared to be necessary to its functions. In the event any person or persons shall fail to give such necessary information to the Community Relations Commission, or any Committee or authorized representative thereof, the said Commission may in its discretion make its report thereof to the City Commission. Pursuant to the City Charter, Title XVIII, Section 1, such report shall be deemed and it is hereby declared to be a proceeding or hearing pending before the City Commission. Thereafter upon instructions from the Mayor or any Commissioner of the City Commission, or the City Attorney, proceedings may then be initiated and had pursuant to the provisions of Articles 2 and 3 of Chapter 2 of Title I of the City Code of the City of Grand Rapids.

(Ord. No. 2015-61, § 1, 10-13-15)

Sec. 1.346. Self-incrimination.

Nothing contained in this Article shall be so construed as to require any person in any criminal case to be a witness against himself or herself.

(Ord. No. 2015-61, § 1, 10-13-15)

Sec. 1.347. Civil Rights Defined.

EMPLOYMENT - The opportunity to obtain employment without discrimination because of race, color, creed, religion, national origin, ancestry, age, gender, marital status, disability, height, weight, sexual orientation or gender identity is hereby recognized and declared to be a civil right. Further, it shall be contrary to the public policy of the City of Grand Rapids for any employer because of race, color, creed, religion, national origin, ancestry, gender, marital status, disability, height, weight, sexual orientation or gender identity to refuse to hire or otherwise discriminate against him or her with respect to hire, tenure, terms, conditions or privileges of employment unless such refusal to hire or discriminate is based on a bona fide occupational qualification.

HOUSING - The opportunity to purchase, lease, sell, hold, use and convey dwelling housing or dwelling units without discrimination because of race, color, creed, religion, national origin, ancestry, age, gender, marital status, familial status, disability, height, weight, source of lawful income, public assistance recipient status, sexual orientation or gender identity is hereby recognized and declared to be a civil right. It shall not be a violation of this Section for the owner of an owner-occupied one-family or two-family dwelling to restrict occupancy.

PUBLIC ACCOMMODATIONS - The opportunity to enjoy full and equal access to all goods and services, accommodations, advantages and facilities in all places of public accommodation, service, amusement and recreation, including, but not limited to, inns, hotels, motels, government housing, restaurants and eating places, barber shops, billiard parlors, stores, public transportation and conveyances, theaters and motion picture houses and educational institutions without discrimination because of race, color, creed, religion, national origin, ancestry, age, gender, marital status, disability, height, weight, familial status, source of lawful income, public assistance recipient status, sexual orientation or gender identity is hereby recognized and declared to be a civil right.
(Ord. No. 2015-61, § 1, 10-13-15)

Secs. 1.348—1.350. Reserved.

ARTICLE 4. BOARD OF ART AND MUSEUM COMMISSIONERS

Sec. 1.351. Board of Art and Museum Commissioners.

The Board of Art and Museum Commissioners shall consist of five (5) members appointed by the City Commission for a term of four (4) years beginning the first Monday in January. Three (3) terms shall expire January 5, 2009, and the remaining two (2) terms shall expire January 4, 2010. In the event of a vacancy, the City Commission may appoint a successor to fill the unexpired term.
(Ord. No. 65-28, 11-2-65; Ord. No. 74-23, 3-26-74; Ord. No. 2008-47, § 1, 11-12-08)

Charter reference—Board of Art and Museum Commissioners, Title XIV.

Sec. 1.352. Reserved.

Editor's note—Ord. No. 85-13, § 1, adopted Feb. 26, 1985, repealed, § 1.352, concerning Municipal Art Advisory Commission, as derived from Ord. No. 77-41, adopted July 26, 1977.

ARTICLE 5. GRAND RAPIDS HOUSING COMMISSION*

Sec. 1.353. Created.

Pursuant to Public Act. No. 18 of the Extra Session of 1933, as amended, a Commission is hereby created in and for the City of Grand Rapids, Michigan, to be known as the "Grand Rapids Housing Commission."
(Ord. No. 66-12, 3-8-86)

Sec. 1.354. Appointed Members; Term of Office; Compensation.

(1) The Grand Rapids Housing Commission shall consist of five (5) members appointed by the City Manager, and confirmed by the City Commission.

(2) The term of office of members of the Grand Rapids Housing Commission shall be five (5) years. The members currently appointed and serving on the Commission upon the effective date of this ordinance shall continue in the terms for which they have been appointed. Pursuant to MCL § 125.654(2), at least one member of the Commission shall be a tenant of public or subsidized housing, appointed as required by law upon the happening of a vacancy on the Commission. Members may be removed from the Commission in accordance with procedures established in MCL § 125.654.

*__Cross reference—__Property Maintenance Code, Ch. 140.
State law reference—Authority to create, MCL 125.653.

(3) The members of the Grand Rapids Housing Commission shall serve without compensation; provided, however, they may be reimbursed for actual expenses incurred in serving as a member of the Commission in an amount to be determined by the Commission.
(Ord. No. 66-12, 3-8-66; Ord. No. 97-36, § 1, 8-5-97)

Sec. 1.355. Powers and Duties.

(1) The Grand Rapids Housing Commission shall have all of the powers and duties vested or permitted to be vested in the Housing Commission by Act 18 of the Public Acts of 1933, Ex. Sess., as amended heretofore or hereafter, and any laws heretofore or hereafter enacted which are supplemented thereto, it being the intention of this Article to vest in the Grand Rapids Housing Commission all powers and duties permitted by law.

(2) The Grand Rapids Housing Commission is authorized to act as a borrower for purposes of issuing bonds or notes in accordance with the provisions of Act 18 of the Public Acts of 1933, Ex. Sess., as amended.

(3) All deeds, mortgages, contracts, leases, purchases or other agreements regarding real property, including agreements to acquire or dispose of real property, shall be approved and executed in the name of the Grand Rapids Housing Commission.
(Ord. No. 66-12, 3-8-66; Ord. No. 97-36, § 2, 8-5-97)

Sec. 1.356. Selection and Payment of Employees.

The Grand Rapids Housing Commission may appoint a Director who may also serve as Secretary, and other employees or officers as are necessary. The Grand Rapids Housing Commission shall prescribe the duties of its officers and employees and shall have the sole authority to fix their compensation and fringe benefits, and terms and conditions of employment.
(Ord. No. 66-12, 3-8-66; Ord. No. 97-36, § 3, 8-5-97)

Sec. 1.357. Financial Reporting.

The Grand Rapids Housing Commission shall submit to the City Commission and the City Comptroller, in a form and with such detail as is reasonably determined by the City Comptroller to be sufficient, the following information:

(a) On a monthly basis, not later than 30 days after the end of each month, a statement of financial position, a statement of cash flows, and a financial accounting of all operations, contracts and grant activities.

(b) Not later than ninety (90) days after the close of the fiscal year, an annual accounting of financial activity of the Housing Commission shall be submitted to the City Commission along with an unqualified opinion of an independent certified public accountant for the financial statements, including the auditors report on the Schedule of Federal Awards, and any management reports filed with the Housing Commission pursuant to such audit.

The books and records of the Housing Commission shall be available for review and audit by the City Comptroller's staff upon reasonable notice during business hours.
(Ord. No. 66-12, 3-8-66; Ord. No. 97-36, § 4, 8-5-97)

ARTICLE 6. GRAND RAPIDS HISTORICAL COMMISSION*

Sec. 1.358. Grand Rapids Historical Commission.

The Grand Rapids Historical Commission shall consist of thirteen (13) persons to be appointed by the Mayor, subject to confirmation by the City Commission. One (1) member may be the Museum Director of the City of Grand Rapids. All appointments shall be for a term of three (3) years, which term shall expire the first Monday in January the third year after appointment.
(Ord. No. 68-28, 5-6-68; Ord. No. 70-41, 6-23-70; Ord. No. 74-9, 1-9-74; Ord. No. 76-50, 6-29-76)

Sec. 1.359. Duties.

The Grand Rapids Historical Commission shall have the responsibility for the collection of source material and other data for purposes of compiling and keeping current the history of the City of Grand Rapids and such other responsibilities as may be assigned to it from time to time by the City Commission.
(Ord. No. 68-28, 5-6-68)

ARTICLE 7. LOCAL OFFICERS COMPENSATION COMMISSION†

Sec. 1.360. Local Officers Compensation Commission.

(1) A Local Officers Compensation Commission is hereby created which shall determine the salaries of the Mayor, City Commissioners and Comptroller. The Compensation Commission shall consist of seven (7) members who are registered electors of the City, appointed by the Mayor subject to confirmation by a majority of the members elected and serving on the City Commission. The terms of office shall be seven (7) years, except that of the members first appointed, one (1) each shall be appointed for terms of one (1), two (2), three (3), four (4), five (5), six (6) and seven (7) years. All first members shall be appointed within

*Cross reference—Historic preservation Commission, Ch. 68.

†State law reference—Authority to create a Local Officers Compensation Commission, MCL 117.5c, MSA 5.2084(3).

thirty (30) days after the effective date of this Section. Thereafter members shall be appointed before October 1 of the year of appointment. Vacancies shall be filled for the remainder of the unexpired term. No member or employee of the legislative, judicial or executive branch of any level of government or members of the immediate family of such member or employee shall be eligible to be a member of the Compensation Commission.

(2) The Compensation Commission shall determine the salary of each local elected official, which determination shall be the salary unless the City Commission, by resolution adopted by two-thirds (2/3) of the members elected to and serving on the City Commission rejects it. The determination of the Compensation Commission for each local elected official shall be effective thirty (30) days following its filing with the City Clerk unless rejected by the City Commission. In case of rejection, the existing salary shall prevail. Any expense allowance or reimbursement paid to elected officials in addition to salary shall be for expenses incurred in the course of City business and accounted for to the City.

(3) The Compensation Commission shall meet for not more than fifteen (15) session days in 1972 and every odd numbered year thereafter and shall make its determination within forty-five (45) calendar days of its first meeting. A majority of the members of the Compensation Commission shall constitute a quorum for conducting the business of the Compensation Commission. The Compensation Commission shall take no action or make any determination without a concurrence of a majority of the members appointed and serving on the Compensation Commission. The Compensation Commission shall elect a Chairman from among its members.

"Session days" means any calendar day on which the Compensation Commission meets and a quorum is present.

(4) The members of the Compensation Commission shall receive no compensation, but shall be entitled to their actual and necessary expenses incurred in the performance of their duties. The City Commission shall implement this provision by resolution. After one (1) year following the date this Section goes into effect the procedure for establishing the compensation of elected officials may be changed by Charter amendment or revision.

(5) Within sixty (60) days after the effective date of this Section, a petition for a referendum on the ordinance may be filed in accordance with the procedure provided in the City Charter or otherwise by filing a petition with the City Clerk containing the signatures of at least five (5) percent of the registered electors of the City on the effective date of this Section in which case the election shall be conducted in the same manner as an election on a Charter amendment. If a petition for referendum is filed, any determination of the Compensation Commission shall not be effective until this Section has been approved by the electors.

(6) This Section 1.360 of the Code shall be in lieu of Section 36 of Title V of the Grand Rapids City Charter and is adopted in pursuance of Act No. 8 of the Public Acts of Michigan of 1972.
(Ord. No. 72-26, 4-11-72; Ord. No. 83-30, 5-31-33)

ARTICLE 1. BOARD OF REVIEW AND TAX CALENDAR

Sec. 1.361. Board of Review.

In accordance with the provisions of Act 206 of the Public Acts of 1893, as amended, and Title II and Title IX of the Charter of the City of Grand Rapids, as amended, a Board of Review is hereby created for the City of Grand Rapids.
(Ord. No. 90-93, § 1, 12-18-90)

Sec. 1.362. Appointed Members; Qualifications.

The Board of Review shall consist of six (6) members who shall be selected by the Mayor, subject to the approval of the City Commission, upon the basis of their knowledge of the subject of taxation and of property values. Members must be taxpayers and residents of the City for five (5) years.
(Ord. No. 90-93, § 1, 12-18-90; Ord. No. 91-16, § 1, 3-19-91)

Sec. 1.363. Terms of Office.

Members of the Board of Review shall be appointed on or before February 1 of each year for staggered five-year terms. Two (2) members of the Board shall have terms expiring on the same year.
(Ord. No. 90-93, § 1, 12-18-90)

Sec. 1.364. Powers and Duties.

The Board of Review shall have the powers and duties as provided in Act 206 of the Public Acts of 1893, as amended and Title IX of the City Charter, as amended.
(Ord. No. 90-93, § 1, 12-18-90)

Sec. 1.365. Procedure.

The Board shall be divided into two (2) Committees consisting of three (3) members each for the purpose of hearing and deciding issues protested pursuant to Section 30 of Act 206 of the Public Acts of 1893, as amended (MCL § 211.30). Two (2) of the three (3) members of a Board of Review Committee shall constitute a quorum for the transaction of the business of the Committee. All meetings of the members of the Board of Review and Committees shall be held the same hours of the same day at the same location.

A majority of the entire Board of Review membership shall endorse the assessment roll as provided in Section 30 of Act 206 of the Public Acts of 1893, as amended (MCL § 211.30). The duties and responsibilities of the Board contained in Section 29 of Act 206 of the Public Acts of 1893, as amended (MCL § 211.29) shall be carried out by the entire membership of the Board of Review and a majority of the membership shall constitute a quorum for such purpose.
(Ord. No. 90-93, § 1, 12-18-90)

Sec. 1.366. Compensation.

Pursuant to Section 10 of Title IX of the City Charter, the City Commission shall, by resolution, fix the compensation rates for members of the Board of Review. For the purpose of calculating such compensation, meetings lasting four (4) hours or less shall constitute a one-half (½) day meeting. Those lasting longer than four (4) hours shall be a full day meeting.
(Ord. No. 90-93, § 1, 12-18-90)

Sec. 1.367. Assessment Roll Completion.

In order to comply with the provisions of Act No. 206 of the Public Acts of 1893, as amended, concerning date for completion of the Assessment Roll and date for completion of the review of the Assessment Roll by the Board of Review in each year, the following dates and periods for preparing, making, completing and reviewing the Assessment Roll in each year are hereby provided for:

December 31—Tax Day;

Fourth Monday in January—Final date for return of personal property statements;

First Monday in February—Commencement of the ten-day period for the Assessor's Review, as provided in Section 9 of Title IX of the Charter of the City of Grand Rapids.

(1) Notice of completion of the assessment roll for the purpose of Assessor's review shall be published for ten (10) days prior to the first Monday in February in the manner

provided for in Section 9 Title IX of the Charter.

(2) The Assessment Rolls shall be completed on this date for the purpose of the Assessor's Review.

The first Monday in March—Completion of the Assessment Rolls;

Tuesday following the first Monday in March—First meeting of Board of Review for purposes of organization;

The fifth day following the first Monday in March—On or before this date written notices of appeal to the Board of Review shall be filed in the office of the City Assessor in the manner provided in Section 10 of Title IX of the Charter;

Second Monday in March—Commencement of Review by the Board of Review;

First Monday in April—Completion of review by the Board of Review.

(Ord. No. 90-93, § 1, 12-18-90)

Sec. 1.368. General Tax Laws.

Except as herein otherwise provided the manner and periods for preparing, making, completing and reviewing the Assessment Roll shall be in accordance with the provisions of the Charter of the City of Grand Rapids and the general tax laws of the State of Michigan. The dates and periods herein provided for shall prevail, any provisions of the Charter to the contrary notwithstanding.
(Ord. No. 90-93, § 1, 12-18-90)

Secs. 1.369, 1.370. Reserved.

ARTICLE 2. INSTALLMENT PAYMENTS, TAX SALES

Sec. 1.371. City and School Taxes.

City and school taxes shall become due and payable on July first of each year hereafter and may be paid or postmarked during the month of July without interest or penalties; provided, however, that in the event the City and school tax rolls shall not be delivered to the City Treasurer in sufficient time to allow the giving of notice as provided in Title IX, Section 20, of the Charter, prior to July first of any year, then the City and school taxes on such tax roll shall become due on the first day of the first month following the month in which the aforesaid notice was given and such City and school taxes may be paid at any time after the delivery of the tax roll to the Treasurer and prior to the due date thereof and during the period from such due date to and including the last day of the first month following the month in which such notice is given, without interest or penalties.
(Ord. No. 94-1, § 1, 1-4-94)

Sec. 1.372. Installment Payment Permitted.

Taxpayers may, at any time prior to sale, pay City and school taxes in installments of not less than one-sixth of the amount of the original tax plus, in any event, penalties due on the portion so paid to the date of payment; provided, no payment shall be less than ten dollars ($10.00).

Sec. 1.373. Penalties.

Penalties on all unpaid taxes or portions thereof shall be paid as follows:

(1) There shall be added to such taxes not paid or postmarked one (1) percent on the first day of the month following the month in which the tax became due and one (1) percent on the first of each succeeding month thereafter until the date of payment, date of the tax sale, or until return of the tax to the County Treasurer.

(2) On the first of March next following there shall be added, in addition to all other amounts, a collection fee which shall be four (4) percent of the total amount not paid or postmarked or such amount as shall be provided for collection fees to be charged by counties under State law for the collection of City and school taxes, whichever amount shall be the greater.

(3) Taxes being collected by the City on behalf of the County of Kent may be paid or postmarked before February 15 of the succeeding year without penalty. On all taxes

paid or postmarked after February 14, the Treasurer shall add to the tax a collection fee equal to four (4) percent of the tax, which collection fee is hereby waived for a senior citizen, paraplegic, quadriplegic, eligible service person, eligible veteran, eligible widow or widower, totally and permanently disabled or blind person as those persons are defined in Chapter 9 of Act No. 281 of the Public Acts of 1967 as amended, being Sections 206.501 to 206.532 of the Michigan Compiled Laws [MSA 7.557(1501) to (1532)]; who makes a claim before February 15 for the credit provided by Chapter 9 of Act No. 281 of the Public Acts of 1967 as amended, being Sections 206.501 to 206.532 of the Michigan Compiled Laws, who presents a copy of the form filed for that credit to the City Treasurer and who has not received the credit before February 15.

(Ord. No. 76-30, 4-20-76; Ord. No. 78-11, 2-14-78; Ord. No. 80-47, 6-24-80; Ord. No. 94-1, § 1, 1-4-94)

Editor's note—Provisions added as subsection 1.373(4) by Ord. No. 82-48, adopted June 15, 1982, were deleted by citizen referendum at the general election of Nov. 2, 1982.

State law reference—Income tax act of 1967, MCL 206.1 et seq., MSA 7.557(101) et seq.

Sec. 1.374. Notices.

The City Treasurer shall cause to be prepared proper proofs of the giving of notice as required by Title IX, Section 20, of the Charter, which proofs shall be by affidavits of the person or persons familiar with the facts relative to the publication of notice in two (2) newspapers and also relative to the posting of notice in at least twenty (20) public places in each of the wards of the City, such affidavits setting forth the facts of publication. Such proofs shall be affixed to the City and school tax roll by the City Treasurer and shall become a part thereof and shall be prima facie evidence of the facts therein set forth.

Sec. 1.375. Public and Special Improvement Assessments, Penalties.

Public and special improvement assessments shall be due and payable when the rolls therefor are placed in the hands of the City Treasurer for collection and the entire tax may be paid or postmarked during the first month thereafter without interest or penalties. If a roll is divided into installments the first installment may be paid or postmarked during the first month without penalties and subsequent installments shall be paid as they fall due. Should any installment not be paid or postmarked during the first month when due, interest shall cease and penalties shall be added at one (1) percent for each month until the tax is paid, until the tax sale, or until return of the tax to the County Treasurer, whichever shall first occur. There shall also be added on the first of March next following a collection fee in addition to such penalties. The collection fee shall be four (4) percent of the total then due or the amount provided by State law for such collection fees for counties making such collection fees, whichever amount shall be the greater.

(Ord. No. 66-40, 8-30-66; Ord. No. 76-30, 4-20-76; Ord. No. 80-47, 6-24-80; Ord. No. 94-1, § 1, 1-4-94)

Cross reference—Special assessments generally, § 1.421 et seq.

Sec. 1.376. Installment Payment Permitted.

Taxpayers may pay any public or special improvement tax, or installment, at any time prior to sale in installments of not less than one-sixth thereof, plus, in any event, penalties due on the portion so paid to the date of payment, but no such payment shall be less than ten dollars ($10.00).

Sec. 1.377. Waiver of Penalties.

The City Commission may, by resolution, provide that penalties assessed under this Article be waived in whole or in part, as equity may require. The City Treasurer may waive penalties assessed under this Article up to two hundred dollars ($200.00) per year per property number as equity may require.

(Ord. No. 80-56, 7-8-80; Ord. No. 94-1, § 1, 1-4-94)

Sec. 1.378. Tax Sales.

Proceedings for sale of real estate for delinquent City and school taxes and public and special improvement assessments shall be instituted each year, commencing with the year 1941, in the manner provided by law.

Cross reference—Tax sales, § 1.391 et seq.

Sec. 1.379. Penalties After Sale.

After sale, a penalty of one (1) percent of the amount of sale shall be added on the first day of each succeeding month during the period of redemption.

Tax sales may be redeemed in installments of not less than one-sixth of the amount of the sale. No payment shall be less than ten dollars ($10.00). The period of redemption shall be one (1) year from the date of sale, but if fifty (50) percent or more of the amount of the sale is paid during such year, the period of redemption shall be extended for one (1) year.
(Ord. No. 80-47, 6-24-80)

Sec. 1.380. Amount Necessary to Redeem.

When the period of redemption has expired, the balance of the tax plus any penalties to date shall be computed, which, in addition to the further sum of five dollars ($5.00) or twenty-five (25) percent of the balance of the tax to date, whichever is greater for each description, shall be collected by the holder of the certificate or tax deed from any purchaser thereof.

Sec. 1.381. Fee for Duplicate Tax Statement Preparation.

After the City Treasurer's computerized summer and winter tax billings have been prepared, any request for a duplicate tax statement which requires the manual preparation of the statement shall be subject to a fee to cover the extra expense involved in such preparation, with the amount of such fee to be established from time to time by resolution of the City Commission. Provided, however, that the City Treasurer shall be authorized to waive such fee when he or she determines that the requesting party either has acted with due diligence or has acted in good faith and has requested the preparation of fewer than ten (10) duplicate statements within any one (1) summer or winter tax billing cycle.
(Ord. No. 86-70, § 2, 12-9-86)

Secs. 1.382—1.390. Reserved.

ARTICLE 3. TAX SALES

Sec. 1.391. Collection and Sale Under Title IX of the Charter of the City of Grand Rapids.

All unpaid or delinquent taxes on the City and school real estate tax roll of the City of Grand Rapids for 1974, 1975, and all years subsequent thereto shall be returned to the County Treasurer for collection and sale under the State law. Unpaid or delinquent taxes on the City and school real estate tax roll for 1974 and 1975 shall be returned on March 3, 1976, and for 1976 and years subsequent thereto shall be returned on March first of the year following the tax levy.
(Ord. No. 76-15, 3-2-76)

Sec. 1.392. Statement of Unpaid Taxes.

If the City Treasurer shall be unable to collect any of the taxes on the City and school tax roll assessed on real property, he or she shall, on or before April first of the second year after such taxes become delinquent, make a statement of same in duplicate, with a full and perfect description of such property as assessed upon said roll, with the several taxes assessed upon each parcel thereof; each of which statements shall be verified by the affidavit of the City Treasurer, or his or her deputy, that such taxes remain unpaid. The City Treasurer shall file one (1) of said statements in his or her office, and the other statement shall be delivered by him or her to the City Attorney, who shall retain the same for the purpose of taking the necessary proceedings for a sale of said lands for the delinquent taxes thereon. The City Commission may, by resolution, extend the time for making and filing such verified statement for twenty (20) days.

Sec. 1.393. City's Lien.

All lands included in the verified statement mentioned in Section 1.392 upon which any taxes shall remain unpaid for a period of one (1) year or more after becoming delinquent, shall be subject to disposition, sale and redemption for the enforcement and collection of such tax liens, in the method and manner as hereinafter provided. In the disposition and sale of such delinquent tax lands, the

City of Grand Rapids shall be deemed to have a valid lien upon such lands with all the rights to endorse the same as a preferred or first claim upon such lands, and the rights and choses to enforce such lien shall be held and construed by all the courts of this State as the prima facie rights of the said City of Grand Rapids and shall not be set aside or annulled except in the manner and for the causes specified by law.

Sec. 1.394. Resolution by Commission.

It shall be the duty of the City Attorney, upon receipt of the statement of the unpaid taxes mentioned in Section 1.392, to notify the City Commission that the same is in his or her possession, and the City Commission may thereupon by resolution, instruct the City Attorney to institute proceedings for the sale of lands listed in said verified statement for unpaid taxes.

Sec. 1.395. Petition for Sale.

The City Attorney shall thereupon file a petition for the sale of said lands, in the Circuit Court of Kent County, and the same proceedings shall be had, the same notices given, the same orders and decree made, the same sale had, as near as may be as provided in Chapter 10 (Special Assessments) and all the provisions of said Chapter 10 in regard to payment of the taxes before sale, the giving of deeds, the period of redemption, the power, authority and jurisdiction of the Circuit Court of Kent County in regard thereto, the issuance of writs of assistance and the notice required prior thereto, together with the right to appeal and the practice thereunder and each and every other provision thereof, shall, as far as applicable, be and become a part of this Article except insofar as the same may be modified or changed by this Article. Provided that said petition and the proceedings thereafter shall include interest to the date of sale, figured the same as the prior interest at one (1) percent per month; provided, further, that where in said Chapter 10 the word "assessment" is used as meaning the tax or amount to be collected, the word "tax" shall be substituted for the purposes of this Article.

Secs. 1.396—1.400. Reserved.

ARTICLE 4. CITY TAX LANDS

Sec. 1.401. Manager to Have Custody.

The City Manager, subject to the supervision and control of the City Commission and the provisions of this Article, shall have the care, custody and disposition of all real estate, or any interest therein, now held or which may be hereafter acquired by the City of Grand Rapids by reason of any City or State tax or assessment sales.

Sec. 1.402. Period of Redemption.

Before offering for sale such real estate or any interest therein which the City shall hereafter acquire, the City Manager shall hold said real estate for a period of thirty (30) days after the acquisition of title, during which time the owner or holder of a mortgage thereon shall have the right to obtain the City's interest therein by the payment to the City of not less than the amount of money which the City has invested therein in the form of unpaid taxes or otherwise, plus interest, penalties and costs.

If no application is made to revest title within the thirty-day period above mentioned, then the right to sell the City's interest in such real estate shall become absolute. In the event that both the owner and holder of the mortgage shall make application to revest title as above provided, the owner thereof shall be given preference.

Sec. 1.403. Lease of Unsold Land.

It shall be the duty of the City Manager as soon as the City of Grand Rapids obtains title to any real estate, whether by City or State tax or assessment sales, if the same cannot be sold as herein provided, to negotiate a lease of the same upon the best terms he or she can procure, and report such lease to the City Commission for its approval, reserving however, in any such lease, the right of said City to sell the real estate embraced therein at any time during the continuance thereof. It shall also be the duty of the City Manager to negotiate terms of sale of such real estate and report same to the City Commission for approval.

Sec. 1.404. Determining Land Value; Sales.

After the lapse of thirty (30) days from the date when the City of Grand Rapids first obtained title to any real estate, or any interest therein, the City Manager shall offer the same for sale, but no sale shall be then made to any person whomsoever for less than the market value thereof, and which valuation shall be determined and established by the City Commission by and with the aid of the City Assessors if it deem it expedient, or the City Commission may appoint appraisers to examine the property and report on the value thereof to the City Commission. The final findings of the City Commission on the value thereof shall be binding and final as to such value.

Sec. 1.405. List of Tax Lands.

The City Manager shall prepare a list of all the lands in which the City holds title through tax sales, and ascertain and list in connection with each parcel, the value thereof, and thereafter from time to time make such additions to or corrections in the same as may be necessary to keep it up to date.

Secs. 1.406—1.409. Reserved.

ARTICLE 5. TAXATION OF ASSISTED LOW-INCOME HOUSING AND WORKFORCE HOUSING*

Sec. 1.410. Definitions.

Terms not defined herein shall have those definitions contained in Chapter 1 of the State Housing Development Authority Act, Public Act 346 of 1966, as amended (Public Act 346).

(1) "Additional amount" means the amount equal to the difference between the following:

a. The millage rate levied for operating purposes by the county multiplied by the current taxable value of that housing project.

b. The amount of the annual service charge paid by the housing project under Section 1.413.A. that is distributed to the county.

(2) "Annual shelter rent" means the total collections during an agreed annual period paid by or on behalf of all occupants of a housing project representing rent or occupancy charges, less charges for utilities furnished to the occupants and paid by the housing project owner.

(3) "Authority" means the Michigan State Housing Development Authority.

(4) "Homebuyer" means the household that will permanently own and occupy the owner-occupied workforce housing project.

(5) "Household" means an individual or family and all occupants residing in the unit.

(6) "Low-income household" means a household with:

a. Income not greater than sixty (60) percent of the Area Median Income (AMI) published by the Authority based on United States Department of Housing and Urban Development (HUD) data; or

b. Income at or below eighty (80) percent of AMI when residing in Low Income Housing Tax Credit (LIHTC) Program units rent restricted at various levels up to eighty (80) percent of AMI where the average rent restriction of all units is sixty (60) percent AMI or less.

(7) "Mortgage Loan" means a loan that is Federally-aided (as defined in Section 11 of Public Act 346) or a loan or grant made or to be made by the Authority, for the construction or rehabilitation and/or permanent financing of a housing project, and then secured by a mortgage on the housing project.

(8) "Rehabilitation" means all or part of those repairs and improvements necessary to make residential real property safe, sanitary, or adequate.

*__Editor's note—__Ord. No. 2024-43, § 2, adopted December 17, 2024, amended Art. 5 to read as herein set out in §§ 1.410—1.414. Prior to inclusion of said ordinance, Art. 5, §§ 1.410—1.413, pertained to taxation of assisted lower income housing and derived from Ord. No. 2018-04, § 1, adopted Jan. 30, 2018 and Ord. No. 91-54, § 1, adopted Oct. 29, 1991.

(9) "Restrictive Covenant" means an agreement between the owner of the housing project and the City recorded with the Kent County Register of Deeds and running with the land that restricts the use of the housing project to workforce housing as defined in the Ordinance, for a period not to exceed fifteen (15) years.

(10) "Workforce housing" means rental or owner-occupied units that are reasonably affordable to, and occupied by, a household whose total household income is not greater than one hundred and one hundred and twenty (120) percent of the Area Median Income (AMI) published by the United States Department of Housing and Urban Development (HUD).

(11) "Utilities" means gas, electric, water and sanitary sewer services provided to a housing unit. Utilities do not include cable, broadband, telephone or similar communications services.

(Ord. No. 2024-43, § 2, 12-17-24)

Sec. 1.411. Eligible Housing Projects.

The tax exemption established in subsection (1) of Section 15a of Public Act 346 (MCL 125.1415a) shall apply to housing projects within the boundaries of the City of Grand Rapids that meet either of the following criteria:

(1) Low-income housing projects.

a. Projects that are financed with a Federally-aided or State Housing Development Authority-aided mortgage or with an advance or grant from such Authority, and

b. Projects that serve low-income households, elderly and/or handicapped, and

c. Projects that are owned by a "consumer housing cooperative," "qualified nonprofit housing corporation," or a "limited dividend housing association" as defined in Public Act 346, as amended.

(2) Workforce housing projects. To qualify as a workforce housing project, a housing project must be either:

a. Rental project:

1. Projects that are being developed or rehabilitated for workforce housing. Rehabilitation work may not occur prior to applying to the City for tax exemption. All projects other than new construction development are to be considered rehabilitation projects, and

2. The rent and utilities paid by or on behalf of the occupants do not exceed the applicable Area Median Income (AMI) rent limit, adjusted by number of bedrooms in the unit, published annually by the Authority based on United States Department of Housing and Urban Development (HUD) data, and

b. A housing unit that is being developed or rehabilitated for owner-occupied workforce housing.

(Ord. No. 2024-43, § 3, 12-17-24)

Sec. 1.412. Authorization and Establishment of Property Tax Exemption.

(a) Owners of eligible housing projects described that qualify under Section 1.411.(1) and (2)a. may apply to the designated City department, and upon satisfaction of all other requirements in the Ordinance from which this section is derived, shall be approved.

(b) Owner-occupants of eligible housing projects that qualify under Section 1.411.(2)b. may apply to the designated City department, and upon satisfaction of all other requirements in the Ordinance from which this section is derived, shall be approved. Homebuyers with an executed purchase agreement to purchase a newly developed or rehabilitated workforce housing project are eligible to apply.

(c) The owner of a workforce housing project that qualifies under Section 1.411.(2) shall enter into a Restrictive Covenant with the City of Grand Rapids, subject to approval by the City Attorney, that is recorded in Kent County and specifies the terms and conditions of the tax exemption as follows:

(1) The Restrictive Covenant shall provide (a) that the Restrictive Covenant may be enforced by the City of Grand Rapids, (b) for the reporting and monitoring of the housing project owner's compliance with the Restrictive Covenant and the Ordinance from which this section is derived, (c) remedies available to the City of Grand Rapids for non-compliance, including termination of the exemption, (d) that ad valorem taxes will be assessed for units with households that have income above one hundred and twenty (120) percent of AMI, as reported on annual compliance reports, and that such units will not revert to being tax exempt until a future annual compliance report evidences household income that does not exceed one hundred and twenty (120) percent of AMI, and (e) that the Restrictive Covenant cannot be modified except in a written instrument executed by the housing project owner and the City of Grand Rapids and recorded with the Register of Deeds.

(2) The Restrictive Covenant for a rental workforce housing project under Section 1.411.(2)a. shall stipulate the number of units to be rented to households within the various income brackets. For all units in the rental workforce housing project, rent and utilities shall not exceed the applicable Area Median Income (AMI) rent limit, adjusted by number of bedrooms in the unit, published annually by the Authority, based on United States Department of Housing and Urban Development (HUD) data and household income shall not exceed one hundred and twenty (120) percent of Area Median Income.

(d) The owner of the housing project shall submit an affidavit to the Authority in the form required by the Authority for certification by the Authority that the project is eligible for the property tax exemption. The owner or Authority must then file the certified notification of exemption with the City of Grand Rapids Assessor before November 1 of the year preceding the tax year in which the exemption is to be effective.

(e) Workforce housing projects under Section 1.411.(2)a., subject to the recording of the Restrictive Covenant, shall be exempt from all ad valorem property taxes as of December 31 of the year in which development or rehabilitation commences. Work must start within one (1) year of the Authority's certification of exemption or such longer period as specified in the Restrictive Covenant.

(f) Workforce housing projects under Section 1.411.(2)b., subject to the recording of the Restrictive Covenant, shall be exempt from all ad valorem property taxes as of December 31 of the year in which work is complete and the homebuyer obtained title to the housing project.

(g) Not later than five (5) business days after receipt of the certified notification of exemption for a workforce housing project, the City Assessor shall provide a copy of the certified notification of exemption to the County Treasurer.

(h) Notwithstanding the provisions of MCL 125.1415a(3)(b) and 125.1415a(7) to the contrary, upon City approval of the tax exemption and receipt of a certified notification of exemption from the Authority, a contract shall be deemed effective between the City of Grand Rapids and the owner of the housing project to provide tax exemption and accept service charge payments in lieu of taxes as described in the ordinance from which this section is derived.

(i) During the exemption period, units in housing projects that qualify under Section 1.411 shall be in compliance with the City's Property Maintenance Code (Chapter 140), including requirements for Registration of Dwellings and Certificates of Compliance.

(j) Housing projects that qualify under Section 1.411.(1) above shall have the tax exemption provided in subsection (1) of Section 15a of Public Act 346, provided the owner of the housing project has complied with Public Act 346, is current with all taxes and assessments on the subject property, and has annually filed before August 1 an audited financial statement for the previous calendar year, as requested, with the City Assessor.

(k) Housing projects that qualify under Section 1.411.(2)a. above shall have the tax exemption provided in subsection (1) of Section 15(a) of Public Act 346, provided the owner of the housing project has complied with Public Act 346, is current with all taxes and assessments on the subject property, and has annually filed before August 1 a financial statement for the previous calendar year, as requested, with the City Assessor and has annually submitted by May 30 an annual compliance report for the previous calendar year, as requested.

(1) An annual audited financial statement shall be required for all housing projects with twenty (20) or more units.

(2) Housing projects with less than twenty (20) units may submit an audited financial statement, or either a third-party prepared or internally-prepared financial statement, certified by the owner, showing the actual annual shelter rent collected for the preceding calendar year.

(3) For housing projects that have units occupied by households at various income brackets, or that have units that are both eligible and not eligible for tax exemption under the Ordinance from which this section is derived, the owner must report the amount of rent collected for the preceding year by unit.

(l) Housing projects that qualify under Section 1.411.(2)b. above shall have the tax exemption provided in subsection (1) of Section 15a of Public Act 346, provided the owner of the housing project has complied with Public Act 346, is current with all taxes and assessments on the subject property, and has annually affirmed to the City continued eligibility for the tax exemption.

(Ord. No. 2024-43, § 4, 12-17-24)

Sec. 1.413. Service Charge in Lieu of Taxes.

(a) The owner of the housing project exempt from taxation under the Ordinance from which this section is derived and Public Act 346 shall pay to the City of Grand Rapids an annual service charge for public services in lieu of all taxes. All of the following apply to the amount that an owner must pay as a service charge. In no case shall the service charge exceed the amount in taxes that an owner would have otherwise paid if the housing project were not tax exempt.

(1) Low-income housing projects approved for tax exemption under Section 1.411.(1) of the Ordinance from which this section is derived on or after January 17, 2025 shall pay a service charge in the amount equal to four (4) percent of annual shelter rent or may choose to pay a service charge in the amount equal to one (1) percent of annual shelter rent in addition to making an annual contribution to the City of Grand Rapids' Affordable Housing Fund in an amount equal to three (3) percent of the annual shelter rent. If the annual contribution to the Housing Fund is not made by the due date specified by the City, the service charge shall revert to four (4) percent of annual shelter rent.

(2) Workforce housing projects approved for tax exemption under Section 1.411.(2)a. of the Ordinance from which this section is derived on or after January 17, 2025 shall pay:

a. For a new construction project:

1. An amount that is the greater of the ad valorem tax on the property on which the project is located for the tax year

proceeding the date on which the construction is commenced, or

2. An amount equal to the percent of annual shelter rent specified under Option 1 in the table below or an amount equal to the total percent of annual shelter rent specified under Option 2 in the table below (Service Charge plus Affordable Housing Fund contribution). Under both options, the annual shelter rent used to determine the service charge and Affordable Housing Fund contribution is based on the number of qualifying units specified in the Restrictive Covenant. If the annual contribution to the Housing Fund is not timely made, the service charge shall revert to an amount equal to the percent of annual shelter rent specified under Option 1.

b. For a rehabilitation project:

1. An amount that is the lesser of the ad valorem tax on the property on which the project is located for the tax year preceding the date on which rehabilitation commenced, or

2. An amount equal to the percent of annual shelter rent specified under Option 1 in the table below or an amount equal to the total percent of annual shelter rent specified under Option 2 in the table below (Service Charge plus Affordable Housing Fund contribution). Under both options, the annual shelter rent used to determine the service charge and Affordable Housing Fund contribution is based on the number of qualifying units specified in the Restrictive Covenant. If the annual contribution to the Housing Fund is not timely made, the service charge shall revert to an amount equal to the percent of annual shelter rent specified under Option 1.

Unit Occupant Household Percent of Area Median Income as published by the United States Department of Housing and Urban Development (HUD)	≤120%	>80% - ≤100%	>60% - ≤80%	≤60% and Low Income Housing Tax Credit (LIHTC) projects with income averaging
Percent of Shelter Rent Collected				
Option 1				
Service Charge	10%	8%	6%	4%
Option 2				
Service Charge	5%	3%	2%	1%
Affordable Housing Fund Contribution	5%	5%	4%	3%

(3) Workforce housing that is owner-occupied and approved for tax exemption under Section 1.411.(2)b. of the Ordinance from which this section is derived on or after January 17, 2025 shall pay a service

charge in an amount equal to ten (10) percent of ad valorem taxes that would be otherwise payable.

(b) Within forty-five (45) days after the Kent County treasurer receives the certified notification of exemption for a workforce housing project from the City Assessor, the county may pass a resolution, by majority vote, that provides that the "additional amount" must be paid to the county. The "additional amount" shall be charged to the workforce housing project in addition to the service charge and the Affordable Housing Fund contribution.

(c) Notwithstanding subsection (a)(1) above, a service charge paid each year in lieu of taxes for that part of a housing project that is tax exempt under Section 1.411.(1) of the Ordinance from which this section is derived and occupied by households other than low-income households must be equal to the full amount of taxes that would be paid on that portion of the housing project if the housing project were not tax exempt. The owner of the housing project must allocate the benefits of any tax exemption granted under the Ordinance from which this section is derived exclusively to low-income households or to the maintenance and preservation of the housing project as safe, decent, and sanitary affordable housing.

(d) Notwithstanding subsection (a)(2) above, a service charge paid each year in lieu of taxes for that part of a housing project that is tax exempt under Section 1.411.(2)a. of the Ordinance from which this section is derived and not used for workforce housing must be equal to the full amount of taxes that would be paid on that portion of the housing project if the housing project were not tax exempt. The owner of the housing project must allocate the benefits of any tax exemption granted under the Ordinance from which this section is derived exclusively to workforce housing or to the maintenance and preservation of the housing project as a safe, decent, and sanitary workforce housing.

(e) Housing projects approved for tax exemption under the Ordinance from which this section is derived on or before December 31, 1990, shall pay a service charge in the amount equal to ten (10) percent of annual shelter rent, except as provided in 1.413.(g) below.

(f) Housing projects approved for tax exemption under the Ordinance from which this section is derived on or after January 1, 1991, but before January 17, 2025 shall pay a service charge in the amount equal to four (4) percent of annual shelter rent or may choose to pay a service charge in the amount equal to one (1) percent of annual shelter rent in addition to making an annual contribution to the City of Grand Rapids' Affordable Housing Fund in an amount equal to two (2) percent of annual shelter rent. If the annual contribution to the Housing Fund is not made, the service charge shall revert to four (4) percent of annual shelter rent.

(g) Housing projects approved for tax exemption under the Ordinance from which this section is derived between January 1, 1990, and December 31, 1990, may request requalification at the four (4) percent rate. The granting of requalification requests shall require the approval of the City Commission and would be effective the subsequent tax year.

(h) Housing projects defined as emergency shelters or transitional housing for the homeless that are not otherwise exempt from ad valorem taxes shall not be assessed a service charge in lieu of property taxes.

(i) Any service charge payment or portion of payment remaining unpaid as of the due date shall bear interest at one (1) percent per month and require payment of a three (3) percent penalty fee. The collection of past due payments shall otherwise be in accordance with the provisions of Chapter 211 of the General Property Tax Act, Act 206 of 1893, as amended; MCL 211.44 et seq.
(Ord. No. 2024-43, § 5, 12-17-24)

Sec. 1.414. Duration of Exemptions and Service Charges in Lieu of Taxes; Severability and Inconsistent Ordinances.

(a) The exemptions and service charges authorized under the Ordinance from which this section is derived for low-income housing projects

that qualify under Section 1.411.(1) above shall be in effect so long as the housing project remains subject to a Mortgage Loan, not to exceed fifty (50) years.

(b) The exemptions and service charges authorized under the Ordinance from which this section is derived for workforce housing projects that qualify under Section 1.411.(2) above shall be in effect for a term not to exceed fifteen (15) years.

(c) The various sections and provisions of the Ordinance from which this section is derived shall be deemed to be severable and should any section or provision of the Ordinance from which this section is derived be declared unconstitutional or invalid by any court of competent jurisdiction, the same shall not affect the validity of the Ordinance from which this section is derived as a whole or any section or provision of the Ordinance from which this section is derived, other than the section or provision declared unconstitutional or invalid.

(d) All ordinances or parts of ordinances inconsistent or in conflict with the provisions of the Ordinance from which this section is derived are repealed to the extent of such inconsistency or conflict.
(Ord. No. 2024-43, § 6, 12-17-24)

ARTICLE 6. COLLECTION OF DELINQUENT PERSONAL PROPERTY TAXES

Sec. 1.415. Purpose and Intent.

The purpose and intent of this Article is to implement specifically some of the authority granted to the City Treasurer by Title IX, Section 22, of the Charter of the City of Grand Rapids, to use all means which are lawful for the collection of debts generally to collect delinquent personal property taxes. Because State law prohibits officials of the political subdivisions of the State from compromising personal property taxes, nothing in this Article should be construed as authorizing the release of property from any lien for unpaid taxes, penalties and collection fees until such taxes, penalties and collection fees have been paid in full.
(Ord. No. 83-4, 2-1-83)

Sec. 1.416. Definitions.

For purposes of this Article only, certain terms shall have the following meanings:

(1) *Base taxes.* The amount of taxes originally due, without the addition of collection fees or accrued delinquency penalties.

(2) *Collection fees.* Those charges imposed for the collection of personal property taxes which are authorized by this Chapter or by State law and which are added to the base amount of taxes.

(3) *Delinquency penalties.* Those charges imposed for nonpayment of taxes by the due date which are authorized by this Chapter or State law and which are added to the base amount of taxes.

(4) *Delinquent personal property taxes.* Taxes levied against personal property pursuant to this Chapter and State law which have not been paid by their due date.

(5) *Personal property tax account.* An account established by the City Treasurer for the levy and collection of personal property taxes for each taxing unit for each year's taxes for each taxpayer.

(6) *Taxing unit.* The local government agency imposing the tax involved and for whose use and benefit the tax is collected; i.e., the City of Grand Rapids; the County of Kent; each public school System with some portion of its district located within the City limits and for which taxes are collected by the City Treasurer.
(Ord. No. 83-4, 2-1-83)

Sec. 1.417. Contracts for Collection Authorized.

The City Commission may award professional services contracts to assist the City Treasurer in the collection of delinquent personal property taxes under the following conditions:

(1) Contracts may be awarded only to collection agencies properly licensed pursuant

to Act 299, Public Acts of Michigan of 1980, as amended, and to duly licensed Michigan Attorneys.

(2) In the collection of delinquent personal property taxes, collection agencies and attorneys must conform to the requirements and standards imposed upon them by State "collection practices" statutes applicable to them in the collection of claims or debts as defined in those statutes. For collection agencies, the relevant statute is Act 299, Public Acts of Michigan of 1980, as amended (Article 9 thereof), being MCLA § 339.901 et seq. For attorneys, the relevant statute is Act 70, Public Acts of Michigan of 1981, being MCLA § 445.251 et seq.

(3) Contracts may be awarded only for the collection of delinquent personal property taxes of those taxing units which have authorized their use either by concurring in the award of specific contracts or by providing the City Treasurer with separate written authorization valid for all contracts awarded for either a time certain or until revoked.

(4) The contract fee paid to a collection agency or attorney shall be calculated on an individual delinquent personal property tax account basis. In no event shall the fee on each individual delinquent account collected exceed the delinquency penalty and collection fee on such account. For purposes of this Article, if less than the full balance in a delinquent account is collected, all amounts collected shall be allocated between base taxes, collection fee, and delinquency penalty on a pro rata basis in the same ratio that each bears to their sum.

(5) The City Commission may require collection agencies and attorneys awarded contracts to provide the City with bonds, insurance, and indemnification assurances as conditions of contract.

(Ord. No. 83-4, 2-1-83)

*Cross reference—Public and special improvement assessments, penalties, § 1.375.
State law references—Power re special assessments, MCL 117.4a, 117.4b, 117.4d, 117.5; MSA 5.2074, 5.2075, 5.2077, 5.2084.

Secs. 1.473—1.500. Reserved.

Sec. 1.421. Declaration of Necessity.

Whenever it shall become necessary to appropriate private property for any public improvement, the City Commission shall first declare by resolution the necessity for such improvement and the necessity for taking such property for such use or improvement. Such property may be acquired by the City of Grand Rapids either by purchase through the City Commission, or by condemnation for public use in the manner provided for by the general laws of the State of Michigan relating to the taking of private property for public use.

Cross reference—Determination of necessity, § 1.427.

Sec. 1.422. Owner May Be Relieved of Cost of Improvement.

Whenever such property has been contributed by the owner, the City Commission may, by a majority vote, relieve the property owner who has so contributed a portion of the improvement from the whole or any part of the assessment for such improvement. Provided, the same shall be done in strict compliance with Section 21 of Title X of the Charter.

Sec. 1.423. Financing by Special Assessment.

The City Commission shall have power to determine that the whole or any part of the cost of any public improvement shall be defrayed by special assessment upon the property especially benefited. The term "public improvement" as used in this Chapter shall be construed to mean any public work or public and special improvement which the City is empowered to undertake under the City Charter or the laws of the State of Michigan, any part of the cost of which may be assessed against property benefited.
(Ord. No. 65-18, 9-14-65)

Sec. 1.424. Advisory Petitions.

The City Commission may, by a majority vote, make a preliminary determination of necessity of any improvement without a petition being filed therefor, except in those cases where the Charter may require a petition. The City Commission, in order to ascertain whether or not a reasonable number of property owners to be assessed desire any particular public improvement to be made, may request and receive a petition therefor, or may receive such a petition voluntarily presented, but in either event, such petition shall be advisory only and shall not be jurisdictional except in those cases where the City Charter requires a petition to confer jurisdiction. In the case of public improvements, part or all of the cost of which may be assessed to the property benefited upon a front-foot basis, such petition may be signed by the owners of a majority of the front footage of the real estate abutting said improvement or proposed to be improved or benefited thereby, as shown by the current tax assessment roll of the City.
(Ord. No. 65-18, 9-14-65)

Sec. 1.425. Maps and Estimates.

Before the City Commission shall take action respecting any public improvement hereunder, the City Manager shall prepare a map of the proposed special assessment district, an estimate of the cost of the proposed improvement and plans and specifications therefor and shall present the same to the City Commission, together with his or her recommendation as to what portion of the cost should be paid by special assessment and the amount, if any, of the cost of such public improvement which shall be levied upon the City at large, the number of installments in which the assessments may be paid, and the lands which should be included in the special assessment district. After the report is presented to the City Commission, it may be filed with the City Engineer and made available to the public for examination.

Sec. 1.426. Hearing on Improvement.

After the material required to be prepared by the City Manager is presented to the City Commission, it may direct by resolution of a majority of the members elect that a public hearing concerning such proposed public improvement shall be held before the City Commission at a time and place to be fixed by it. The City Engineer shall cause notice of the time and place of such hearing to be published once in the official newspaper of the City not less than ten (10) days prior to the date of said hearing. Such notice shall also State that the report, plans and specifications and esti-

mate of cost are on file with the City Engineer for public examination. A like ten-day notice shall also be sent by first class mail to each owner of property subject to assessment in the proposed special assessment district as indicated by the records of the Assessor's Office at the address and to the person shown on the current tax assessment roll of the City. At the time and place specified in such notice of public hearing the City Commission shall meet and hear any person to be affected by the proposed public improvement. The hearing may be adjourned from time to time as shall be determined by the City Commission.

Cross references—Service of notice generally, § 1.11; notice of assessment, § 1.437.

State law reference—Special assessment notices and hearings, MCL 211.741 et seq., MSA 5.3534(1) et seq.

Sec. 1.427. Determination of Necessity.

After completion of the hearing, the City Commission may, by resolution of a majority of the members elect, declare the public improvement to be necessary and order the same to be acquired and constructed, determine to defray the whole or any part of the cost of the improvement by special assessment upon the property especially benefited in proportion to the benefits thereto, approve the plans and specifications for the improvement, determine the estimated cost thereof, approve the map of the special assessment district, determine the character of the improvement, determine and fix the district over which the assessment to pay the cost thereof shall be levied and the amount, if any, of the cost of such improvement which shall be spread and levied upon the City at large and the cost which shall be spread and levied upon the special assessment district, and specify whether the cost of the public improvement in the first instance shall be met by issuing bonds of the City therefor in anticipation of the collection of the assessments to defray the expense thereof. In addition, by said resolution the City Commission shall order to be transmitted to the Assessor a map of the district fixed by it and a certified copy of said resolution. The City Manager shall transmit to the Assessor such facts as he or she may have necessary to make proper assessment.

Sec. 1.428. Preparation of Assessment Roll.

Within one hundred and fifty (150) days after receipt of said resolution specified in Section 1.427, the Assessor shall prepare a special assessment roll which shall contain the names of the owners and the descriptions of the several parcels of property in the special assessment district as fixed by the City Commission to be assessed for such public improvement, and upon such roll and against each of such descriptions of property the Assessor shall spread and levy that part of the cost of such improvement determined by the City Commission to be spread and levied upon the special assessment district, in proportion as near as may be to the advantages which each parcel in such district shall be deemed by the Assessor to be benefited by the making of such improvement. After the assessment roll is completed, the Assessor shall give notice to all persons assessed thereon of the completion of such roll and that the same will be open for ten (10) days for public inspection and for correction by the Assessor and of the time and place of the meeting of the Board of Review on the special assessment roll. Said notice shall be given by publication at least once in the official newspaper of the City not less than ten (10) full days prior to the first day on which such special assessment roll will be open for public inspection. A like ten-day notice shall also be sent by first class mail by the Assessor to each owner of property subject to assessment as chosen on the current tax assessment rolls of the City. Immediately after the expiration of the ten-day period during which the special assessment roll shall be signed by the Assessor and returned forthwith to the City Commission.

Sec. 1.429. Hearing on Roll.

At a regular session not less than one (1) week after the receipt of such special assessment roll from the Assessor and at the time and place specified in the notice given by the Assessor as required by Section 1.428, the City Commission shall act thereon as a Board of Review and shall continue to act at such other times as may be necessary and as it shall from time to time designate. Any person may appeal in writing to the City Commission acting as such Board of Review at any time prior to the opening of its first session as such Board of Review. The City Commission as such Board of Review shall have the power to correct or change the whole or any part of such spe-

cial assessment roll or to return it to the Assessor for reassessment, in which latter case it shall take the same course as an original special assessment roll. At such time as the City Commission sitting as a Board of Review is satisfied with the special assessment roll, and is of the opinion that such special assessment roll results in the assessments being levied in accordance with the benefits, it shall cause such determination to be entered upon it minutes. Thereafter the City Commission shall adopt a resolution ratifying and confirming said special assessment roll and, in addition, by the terms of said resolution shall determine when such special assessments shall be due and paid or, if the same shall be divided into installments, the number thereof, not to exceed ten (10), in which the special assessment roll may be paid, and shall determine the due dates of the first and subsequent installments on said special assessment roll.

Sec. 1.430. Return of Roll.

If it shall be determined by the City Commission, acting as such Board of Review, to return said assessment roll to the City Assessor for reassessment, the reason for so doing and any instructions or recommendations shall be embodied in a resolution and a copy thereof certified to by the City Clerk as correct, shall be at once delivered, with said assessment roll, to the City Assessor.

Sec. 1.431. Plans and Specifications.

It shall be the duty of the City Manager to prepare or cause to be prepared all plans, specifications and drawings, including profiles and blue prints, of such public or special improvement that may be necessary for the proper construction thereof, and which same shall be public records of his or her office and open to inspection.

Sec. 1.432. Bids.

The City Manager shall advertise for bids at least once in a daily newspaper published in the City of Grand Rapids, and not less than one (1) week before the opening of said bids. Bids shall be received, opened and tabulated by the Director of Public Service, who shall report the same together with his or her recommendation thereon to the City Manager, who shall examine the same, together with such report, and report the same with his or her recommendation to the City Commission, together with the reasons upon which said recommendation is based, and thereupon the City Commission shall pass on said proposals and enter into a contract with any responsible bidder; provided, the City Commission shall require security for the performance of the proposals tendered, and if a bid is accepted, security for the performance of any contract entered into, and the statutory bond for the protection of material suppliers, laborers and subcontractors. The City Commission shall have the right to reject any and all bids, and in case all bids are rejected the City Commission may order the City Manager to readvertise the same, or the City Commission may, by resolution, carried by four (4) votes, order the City Manager to perform such work and furnish such material himself or herself, keeping an itemized account of the cost thereof and reporting the same in writing to the City Commission at once after the same shall be completed. The City Commission shall thereupon examine such report and if found correct, order the same paid by resolution duly adopted by at least four (4) votes; provided, that the City Commission may from time to time, by resolution so adopted, order payment of the work and materials as the same progresses upon recommendation by the City Manager.

Sec. 1.433. Bonds.

For the purpose of meeting the expense of any public or special improvement, or in anticipation of the collection of assessments levied for that purpose, the City Commission may by resolution or ordinance, authorize and direct the Mayor, City Comptroller and City Clerk to borrow not to exceed one and one-half (1.5) percent of the assessed valuation of the City, according to the last preceding City tax roll; provided, that the total amount of bonds issued for such purpose and outstanding at any one (1) time, shall not exceed three (3) percent of the total assessed valuation of the City, according to the last preceding City tax roll; and to issue bonds therefor bearing interest at the rate of not exceeding six (6) percent per annum with interest coupons attached, and said bonds shall be made payable in equal yearly amounts for a period of not exceeding ten (10) years from

the date of issue, as the City Commission may direct and which bonds shall be signed by the Mayor and counter-signed by the City Comptroller and attested by the City Clerk of said City. The said bonds, if issued for street or sewer purposes, shall be endorsed "Special Improvement Bonds, year 19 . . . ," and shall be numbered or lettered consecutively. Said bonds may be made registered or unregistered, and shall not be sold for less than par and the accrued interest, if any, and be payable at the office of the City Treasurer and the proceeds of the same shall be paid to the City Treasurer and by him or her placed to the credit of the improvement fund for which said bonds were issued. The said bonds shall be paid at maturity and cancelled and shall not be reissued or refunded.
(Ord. No. 68-67, 11-5-68)

Sec. 1.434. Delivery of Roll to Treasurer.

The special assessment roll as confirmed by the City Commission shall be delivered by the City Clerk to the City Treasurer for collection with the proper warrant for such purpose attached thereto signed by the Mayor and attested in due form by the City Clerk. In the event that the project will not be started immediately, the City Commission may, in the same resolution confirming the assessment roll, establish a date for collection by the City Treasurer.

Sec. 1.435. Lien Established.

All special assessment and nuisance special assessment contained in any special assessment roll, including any part thereof deferred as to payment and such administrative charge as may be applicable thereto, shall from the date and time of receipt thereof by the City Treasurer constitute a lien upon the respective lots or parcels of land assessed, and until paid shall be a charge against the respective owners of the several lots and parcels of land. Such lien shall be of the same character and effect as the lien created for City taxes and shall include accrued interest and penalties. No judgment or decree nor any act of the City Commission vacating a special assessment shall destroy or impair the lien of the City on the premises assessed for such amount of the assessment as may be equitably charged against the same.
(Ord. No. 84-40, § 1, 6-5-84)

Sec. 1.436. Deficiency Assessments.

The City Commission may provide for spreading of an additional assessment for any improvement in case it determines that the former assessment or assessments will not produce sufficient funds to pay for such improvement. Such additional assessment shall be spread upon a supplemental roll, which shall conform so far as may be to the original roll for such improvement, and shall be made, reviewed, delivered, collected, accounted for and returned in the same manner as the original roll, and all sales and redemptions of property therein described shall be made in the same manner as the sales and redemption upon said original roll.

Sec. 1.437. Notice of Assessment.

Upon receipt of a special assessment roll with the proper warrant for such purpose attached thereto as hereinbefore provided for, the City Treasurer shall mail statements of the several assessments to the respective owners, stating the amount of the assessment and the manner in which it may be paid, and, in addition, the City Treasurer shall publish notice of the fact that said special assessments are due in the official newspaper of the City on or prior to the date that said statements are mailed. Where the special assessment roll is divided into more than one (1) installment, published notice of the second and subsequent installments need not be given, but mailed notice to the owner as shown on the current tax assessment rolls of the City, stating the due date and amount of the next installment, shall be deemed sufficient.

State law reference—Special assessment notices and hearings, MCL 211.741 et seq., MSA 5.3534(1) et seq.

Sec. 1.438. Interest on Unpaid Installments.

In addition to the principal amount of each annual installment there shall be added thereto and collected from the special assessment roll by the City Treasurer as part of each annual installment interest at a rate which shall be determined by the City Commission, which shall be adjusted to a rate equal to the rate borne by the bonds or other

evidences of indebtedness issued or authorized to defray the cost plus one (1) percentum per annum on the entire unpaid balance of the special assessment, commencing with the due date of the first installment and computed to the due date of each particular installment. In addition to said annual interest, in the event that any special assessment or installment thereof shall not be paid within one (1) month of the due date thereof, penalties shall thereafter be charged and added to said past due assessment or installment in lieu of further interest on said installment, as provided in Section 1.375 of Chapter 9 of Title I of the Code of the City of Grand Rapids. Such penalties shall be collected at the same time and in the same manner as the special assessments and interest thereon are collected. The entire assessment, or the first installment thereof if divided into installments, may be paid during the first month after the due date thereof without interest.
(Ord. No. 66-40, 8-30-66; Ord. No. 70-23, 4-28-70; Ord. No. 77-68, 11-29-77)

Sec. 1.439. Delinquent Installments.

When any special assessment or any installment thereof, when divided into installments, shall have been due and unpaid for more than ninety (90) days on the first day of April of any year, such fact shall be certified by the City Treasurer to the City Commission, and the lot or parcel of land against which the special assessment has been spread and levied shall thereupon be sold for delinquent and unpaid assessments and other charges in manner provided hereafter.

Sec. 1.440. Reassessments.

Whenever any special assessment shall in the opinion of the City Commission be invalid by reason of irregularity or nonconformity in the proceedings, or if any court of competent jurisdiction shall adjudge said assessment to be illegal, the City Commission may, whether the improvement has been made or not, or whether any part of the assessment has been paid or not, have power to cause a new assessment to be made for the same purpose for which the former assessment was made. All proceedings on such reassessment and for the collection thereof shall be conducted, so far as may be necessary, in the same manner as provided for in the original assessment and, whenever the assessment or any part thereof levied upon any premises has been so set aside after the same has been paid and not refunded, the payment so made shall be applied on the reassessment and the reassessment shall to that extent be deemed satisfied.

Sec. 1.441. Refunds.

Should the assessments levied or the moneys derived through the sale of special assessment bonds issued in anticipation of the collection of said assessments prove to be more than five (5) percent larger than necessary to defray the cost of the public improvement, then all excess over such five (5) percent shall, pursuant to resolution of the City Commission so directing, be applied pro-rata to the unpaid installments of such special assessments against each lot or parcel of land in such proportion as the original assessment against any such lot or parcel bears to the total amount assessed. Any amount which cannot be applied as aforesaid shall be refunded in cash to the person then assessed for taxes on such property, according to the latest tax assessment roll.

Sec. 1.442. Railroads, Assessments.

All freight houses, roadbeds, rights-of-way and other premises or property belonging to the owner of any steam, electric or street railway or other common carrier within the corporate limits of the City, which are necessarily used in the operating of the respective franchises of the owners of said railroads or other common carriers, and the person, corporation or company owning the same shall be liable for all valid assessments for public improvements hereafter made within the City and assessed against such property. Assessments of such property shall be made in the same manner as that of other property for special improvements under this Chapter, and the assessment roll therefor shall be prima facie evidence in any court of the regularity of all proceedings up to and including such assessment and the making of said roll.

Sec. 1.443. Collection from Railway Companies.

When any assessment is made against any railway or street railway company or the same

shall become due by reason of any franchise given to said company, and the same shall not have been paid within the time fixed for the collection of taxes in said warrant, an action of assumpsit may be instituted in behalf of the City in the proper court to recover the amount of said assessment or assessments, or that shall be due the City under the franchise of said company.

Sec. 1.444. Payment of Tax on Part of Whole Parcel.

Any person owning any undivided share or other part or parcel of real estate assessed in one (1) description may pay the tax on the part thus owned by paying an amount having the same relation to the whole tax as the part on which payment is made has to the whole parcel. The person making such payment shall accurately describe the part on which he or she desires to make payment, and the receipt given and the record of the City Treasurer shall so show such description and by whom paid.

Sec. 1.445. Collection by Treasurer.

In proceeding to collect an assessment upon a roll made as aforesaid the City Treasurer shall credit on such roll all sums paid by any person, and shall mark "paid" all the real estate or any distinct parcel thereof, which is separately assessed upon which the assessments have been paid, and shall then proceed to collect the unpaid assessments thereon in the manner directed in his or her warrant.

Sec. 1.446. City May Purchase.

The City of Grand Rapids is hereby authorized and empowered to purchase all parcels of land which shall be advertised and offered for sale under the provisions of this Chapter, which shall not be sold as aforesaid, and in case the same is not redeemed as provided by law, to receive a deed thereof, and to hold, occupy and enjoy, use, possess, lease and convey the same as fully and as completely as a natural person might or could do.

Sec. 1.447. All Moneys to Be Placed in Contingent Fund.

All moneys received on account of real estate owned by said City, the title to which is vested in the City in pursuance of the provisions of this Chapter, shall be paid into the City Treasury, and placed in the contingent fund.

Sec. 1.448. Treasurer to File List of Unpaid Assessments.

Ninety (90) days after any assessment roll has been placed in the hands of the City Treasurer for collection, without further time shall have been granted to him or her to make collections of assessments on such assessment roll by resolution of the City Commission passed to such effect and duly entered upon the minutes, and at the expiration of such further time, if granted, he or she shall file in his or her office a complete list of real estate upon which the assessments have not been paid or collected, and describe such real estate, and give the amount of the assessment, together with the collection fees, interest and penalties as added upon each parcel; and he or she shall annex thereto a certificate substantially in the following form: "I hereby certify that the above list contains a true and accurate statement of each parcel of real estate, and the assessment and collection fees, interest and penalties thereon remaining unpaid," and the improvement or work on account of which such assessment was made shall be named in such certificate.

Sec. 1.449. Disposition, Sale and Redemption to Be Made Under State Law.

All lands which have been or may hereafter be returned as delinquent for assessments for public or special improvements, after their return to the City Manager as provided for in Chapter 9, Article 4, shall be subject to disposition, sale and redemption for the enforcement and collection of such assessment liens, in the manner as near as may be, and subject to the change of procedure provided in this Chapter, provided under the general State law for the enforcement of the collection of State and County taxes.

Sec. 1.450. List of Delinquents to Be Referred to City Attorney.

Whenever the City Commission shall by resolution determine to enforce the collection of an assessment or assessments by sale of the property

subject to lien for such assessments, and the time for the collection of same by the City Treasurer and any extension of same has elapsed, and the City Treasurer has made and certified to the list or lists of delinquents as required herein, the City Commission shall by resolution refer the matter to the City Attorney to take such further proceedings under the State law and this Chapter as may be necessary to enforce such sale or sales, and thereupon the City Treasurer shall prepare the schedules and assessment records hereinafter mentioned in such form and manner as directed and advised by the City Attorney for use in the proceedings to be taken for said sales and in the making of said sales.

Sec. 1.451. Petition for Sale.

The City Attorney shall thereupon file a petition addressed to the Circuit Court of the County of Kent, which shall contain, by reference, the list of property, as required by the foregoing Sections of this Chapter, upon which assessments for public or special improvements have remained delinquent for more than thirty (30) days. Said lists shall show the total amount of delinquent assessments and collection fees, with interest computed thereon to ninety (90) days from the filing of said petition, and there shall be included with and added to said total amount of delinquent assessments upon each description, one dollar ($1.00) for expenses.

Such petition shall pray a decree in favor of the City of Grand Rapids against said land for the payment of the several amounts specified therein, and in default thereof that such lands be sold. It shall be signed by the City Attorney and need not be otherwise verified, and shall seek to enforce the lien for such assessments, interest and charges, averring their validity, and that they have not been paid, and praying for a sale to pay such lien. Lands heretofore or hereafter bid off in the name of the City of Grand Rapids and thus held, and on which assessments have been made subsequent to the tax or assessment for which such lands were sold to the City, may be included in such petition for all such subsequent assessments which have remained unpaid for more than thirty (30) days after they were so returned as delinquent. The petition shall be substantially bound or fastened with the list of lands and assessments annexed following the same therein. It shall be ruled with appropriate columns, one (1) containing a description of the lands with column for the total amount of assessment, interest and charges claimed due on each parcel of land opposite thereto; also with blank columns with the following headings: "Amount Decreed Against Lands"; "Interest in Each Parcel Sold"; "Name of Purchaser"; "Address of Purchaser"; "Number of Certificate"; "Remarks." The City Attorney may add such other columns as he or she may find necessary. The word "petition" shall be construed to include the lists annexed thereto by reference. Said records shall be called "Assessment Record." Parts of descriptions of land upon which assessments are paid before sale, or which are withheld from sale, the amount of assessments, interest and charges decreed against lands, special orders made by the court relating to any parcel of land or any assessment, the interest in each parcel of land sold, the name of each purchaser and his or her address, and the number of certificates of sale shall be entered in said record opposite the description of land affected thereby. The City Attorney is hereby empowered to include in such petition any lands returned as delinquent for assessments for public or special improvements. Wherever the word "assessment" occurs in this Chapter, unless it clearly appears otherwise, it shall be deemed to mean the tax or assessment levied by the City Assessors as the amount of the benefit or advantage accruing to the land by reason of a public or special improvement.

Sec. 1.452. Notice of Sale.

As soon as said petition and lists or schedules annexed shall be filed with the Kent County Clerk, and not less than thirty (30) days before the day of any sale thereunder the City Treasurer shall notify the owner or owners so far as possible, of each piece or parcel of property whose assessments are then delinquent and subject to sale, by mailing to the last known address of such owner or owners a notice in substantially the following form: Sir—You are hereby notified that sale of lands for delinquent assessments for the improvement of (construction of) _____ will be made at the office of the City Treasurer on the

_____ day of 19_____. A list of such lands with the amount of assessment, interest and charges is published in _____ a newspaper published at the City of Grand Rapids, Michigan. Whether you are uncertain of having paid your assessment or not, you should avoid the possibility of sale by procuring a copy of such paper and examining the descriptions to ascertain if your lands are to be sold. Payment or redemption may be made of the City Treasurer at any time prior to the day of the sale.

Yours, etc.,

_____

Provided, that failure to serve or receive such notice shall not invalidate the proceedings taken under the City Attorney's petition and decree of the Kent County Circuit Court, in foreclosure and sale of the lands for said assessment or assessments.

Sec. 1.453. Order for Sale of Lands.

It shall be the duty of the Circuit Court Judge, on the presentation of said petition, to make an order in substantially the form herein described, which order when so made and signed by the said Judge shall be countersigned by the Clerk of said court, and recorded by him or her in the proper books of his or her office. Said order shall be substantially in the following form:

STATE OF MICHIGAN)
ss.
County of Kent)

The Circuit Court of Kent County.

In the matter of the petition of _____, City Attorney of the City of Grand Rapids, for and in behalf of said City of Grand Rapids, for the sale of certain lands for assessments for public or special improvements assessed thereon; on reading and filing the petition of the City Attorney of the City of Grand Rapids, praying for a decree in favor of the City of Grand Rapids, against each parcel of land therein described, for the amounts therein specified, claimed to be due for assessments, interest and charges on each such parcel of land, and that such lands be sold for the amounts so claimed by the City of Grand Rapids. It is ordered that said petition will be brought on for hearing and decree before said court at the Circuit Court rooms in the County building in the City of Grand Rapids, Kent County, Michigan, on the _____ day of _____, A.D., 19___ at the opening of Court on said day, and that all persons interested in such lands or any part thereof, desiring to contest the lien claimed thereon by the City of Grand Rapids, for such assessments, interest and charges, or any part thereof, shall appear in said Court, and file with the Clerk thereof their objections thereto, on or before the day last aforesaid, and that in default thereof the same will be taken as confessed, and a decree will be taken and entered as prayed for in said petition. And it is further ordered that in pursuance of said decree the lands described in said petition for which a decree of sale shall be made, will be sold for the several assessments, interest and charges thereon as determined by such decree, on the _____ day of _____ A.D. 19___, beginning at 10:00 a.m. on the day or days subsequent thereto, as may be necessary to complete the sale of said lands, and of each and every parcel thereof, at the office of the City Treasurer, or at such convenient place as shall be selected by him or her in the City Hall in said City of Grand Rapids; and that the sale then and there made will be a public sale, and each parcel described in the decree shall be separately exposed for sale for the total assessments, interest and charges, and the sale shall be made to the person paying the full amount charged against such parcel, and accepting a conveyance of the smallest undivided fee simple interest therein; or, if no person will pay the assessment, interest and charges and take a conveyance of less than the entire thereof, then the whole parcel shall be offered and sold. If any parcel of land cannot be sold for the assessment, interest and charges, such parcel shall be passed over for the time being, and shall, before the close of the sale, be reoffered, and if, on such second offer, or during such sale, the same cannot be sold for the amount of aforesaid, the City Treasurer shall bid off the same in the name of the City of Grand Rapids.

Witness the Hon. _____ Circuit Judge, Kent County, Michigan, and the Seal of said Court.

Sec. 1.454. Publication of Order and Petition.

The City Attorney shall cause a copy of said order and a copy of said petition to be published at least once in each week for three (3) successive weeks next prior to the time fixed for the hearing thereof, in the official City newspaper published and circulated in the City of Grand Rapids. Provided, in such petition it shall be sufficient to print against each parcel the total amount of assessment, interest and charges due on each. The proprietor of such paper shall furnish the City Attorney with two (2) copies of each issue of said paper, and said City Attorney shall carefully examine the notices published and see that they are correct. Any person familiar with the facts may make an affidavit as to the publication required. The publication of the order and petition aforesaid shall be equivalent to a personal service of notice on all persons who are interested in the lands specified in such petition, of the filing thereof, of all proceedings thereon, and of the sale of the lands under the decree, and shall give the court jurisdiction to hear such petition, determine all questions arising thereon, and to decree the sale of such lands for the payment of all assessments, interest and charges thereon, the same as if personal service of summons was had on each person interested in such lands. Proof of the publication of the order and petition herein required shall be filed in the office of the Clerk of said court before any final order is made. Any person having any interest in the lands or any portion thereof included or referred to in said petition desiring to contest the validity of any assessment shall file in writing his or her objections thereto with the Clerk of said court, and serve a copy thereof on the City Attorney on or before the day fixed in said notice for the hearing of such petition, and shall not be allowed to make any objections not therein specified. If on the day fixed in such notice for the hearing of such petition or on the day following that day, it shall be made to appear to the court that any person has been prevented from filing his or her objection to any tax without any fault on his or her part such further time may be granted for that purpose as may seem proper, not exceeding five (5) days. The court shall give precedence to the hearing of such petition over all other business, shall examine, consider and determine the matters therein stated and objections made, in a summary manner without other pleadings, and make final decree thereon as the right of the case may be. The taxes specified in the petition shall be presumed to be legal and a decree be made thereof unless the contrary is proven. Evidence shall be taken in open court. All oral testimony shall, at the request of any person interested, be taken in shorthand by the court reporter. The court may make such orders from time to time as may be necessary to facilitate the proceedings, and shall decide all questions as to the admissibility of evidence, and the decisions so made shall be final and not subject to review or appeal. If the lands of two (2) or more persons have been assessed together, the court may, if practicable, separate the same and apportion to each parcel its just proportion of the taxes, interest and charges. If any tax shall be found illegal, such part shall be set aside and the remaining tax shall be decreed valid. The total amount of assessments, interest and charges, as fixed by the court, shall be entered by the Clerk of Court opposite each parcel of land in the column of said record under the heading, "Amount decreed against lands." If the court shall make any order setting aside the assessment on any parcel of land, or any part thereof, or any special order relating to any particular parcel of land, or taxes thereon, a brief entry of such order shall be made upon said record opposite such land or tax, which shall be signed by the Judge of the court, either by his or her full name or initials, and such entry shall have the same effect as if made and entered as a part of the final decree. At least ten (10) days prior to the time fixed for the sale of such lands, the court shall make a final decree in favor of the City of Grand Rapids for such assessment, interest and charges as shall be valid, and determine the total amount thereof chargeable against each parcel of land, and shall order and decree that such several parcels of land, or so much of each as may be necessary to satisfy the amount fixed by such decree, shall severally be sold as the law directs. Such decree shall be considered as a several decree in favor of the City of Grand Rapids against each parcel of land for each tax included therein, and to avoid prolixity the decree may refer to the petition and by such reference the same shall be considered a part of such decree. The court may decree such costs against a person contesting any

tax as may be equitable, if the assessment or any part thereof which remains unpaid, be adjudged valid.
(Ord. No. 72-58, 8-1-72)

Sec. 1.455. Form of Decree.

Such final decree shall be entered in the chancery record for recording decrees of such court, have the usual caption for decrees, and shall be substantially in the following form:

STATE OF MICHIGAN

The Circuit Court for the County of Kent

At a session of said court held at the Court Room in the County Building in the City of Grand Rapids, on the _____ day of _____ A.D., 19___ Present: Hon. _____ Circuit Judge.

In the matter of the petition of _____ City Attorney of the City of Grand Rapids, for and in behalf of said City, for the sale of certain lands for assessments for public or special improvements assessed thereon:

The said petition and the matters therein stated, and the objections filed to certain taxes therein claimed (if any such objections are filed) came on to be heard and proof of the due publication of the order of hearing, and of said petition having been made and filed, and after hearing all parties interested therein: It is ordered, adjudged and decreed that the amount of assessments, interest, collection fee, and charges set down in the column headed "Amount decreed against lands" in the Assessment Record of which said petition forms a part, are valid, and decree is made in favor of the City of Grand Rapids therefor against each parcel of said land for the amount set down in said column opposite to such parcel. It is further ordered, adjudged and decreed that said several parcels of land, or such interest therein as may be necessary to satisfy the amount herein decreed against the same, shall be severally sold as the law directs on the _____ day of _____ A.D., 19___, beginning at 10:00 a.m. on said day, or on the day or days subsequent thereto as may be necessary to complete the sale of said lands and of each and every parcel thereof, at the office of the City Treasurer, or at such convenient place in the City Hall of said City as shall be selected by him or her. It is further adjudged and decreed that the petition and attached schedule and the several special orders made by this court, and entered on said Assessment Record, are made a part hereof, with the same effect as if entered herein.

_____
Circuit Judge

(Countersigned)

_____ Clerk.

If costs are adjudged against any person contesting a tax, the decree therefor shall be in proper form and execution awarded. The decree shall be signed by the Judge and countersigned by the Clerk. After the entry of such decree, the Clerk of said court shall make a certified copy thereof, and annex the same to the assessment record. He or she shall thereupon deliver such tax record to the City Treasurer, in whose office the same shall remain. If from any cause the hearing on said petition is not had on the day fixed in the notice therefor, the same shall stand continued from day to day during the term without the entry of any order of continuance, until disposed of, and if it shall for any reason be found impracticable to hear and determine the objections to all of the taxes specified in such petition within the time herein fixed for that purpose, then and in that case the court shall, within the time herein named, make a final decree as to all taxes to which no objections have been filed, and also those to which objections have been filed, which the court has then heard and passed upon. Such decrees shall be signed and recorded as hereinbefore provided. The court shall proceed with the consideration of the remaining assessments embraced in such petition, and objections thereto, and as soon as practicable dispose of the same by one (1) or more decrees and in such form as the court may determine, which shall be entered in the chancery record of decrees of such court, and the same shall describe the lands and specify the total amount of assessments, interest and charges on each parcel thereof. The Clerk shall immediately thereafter deliver to the City Treasurer a certified copy of such decree, to be kept and used as hereinbefore provided. Such copy of decree shall be annexed to the assessment record and shall thereby become a part thereof. If

from any cause no decree shall be made on such petition as to the assessments therein named, or any part thereof, the City Attorney shall, as soon as practicable, file a new petition for decree and sale, and proceedings thereon shall be the same and a decree and sale made as herein provided.

In case a decree is given in favor of the validity of any disputed assessment and the person contesting its validity desires to appeal to an appellate court, he or she shall be allowed to do so on paying the amount of the decree to the City Treasurer, within ten (10) days after the date of such decree, who shall retain the same until the decision of the appellate court, and pay the same to the party interested, if such assessment is held invalid; if held valid, then such money shall be credited to the proper fund. By such payment the land in question shall be discharged from the lien of the assessment. In case the decision is against the validity of any assessment, either the City Treasurer or the City Attorney shall have a right to direct an appeal therefrom on behalf of the City, but there shall be no sale for the assessment held invalid, until such decision has been reversed or modified by the appellate court.

The proceedings where the validity of any assessment is in dispute shall, where no other provision is made herein, follow the ordinary chancery practice and the court may allow amendments as in ordinary cases. Notice shall be given of all appeals and such appeal shall be claimed, entered and bond for costs given, within twenty (20) days after the making and entering of the decree. When the appeal is taken in behalf of the City no bond shall be required. The Judge shall, at the request of either party and on due notice, settle in proper form a case containing so much of the record and proceedings as may be necessary to the due understanding thereof by the appellate court, and if appeal shall be taken, such case shall be transmitted to such court. An appeal as to the assessment on any parcel shall not delay or affect the proceedings for the sale of any land on which there has been no appeal.

Sec. 1.456. Lands Not Included in Decree.

If for any reason the City Treasurer shall fail to offer the lands lying therein and included in the decree for sale for delinquent assessments thereon, then so many of such lands so included in such decree as shall not be so offered for sale, shall be considered and treated as if bid off to the City by the City Treasurer, and shall be subject to redemption and sale in the same manner and within the same time as may be provided by law in the case of lands actually bid off for the City as provided in this Chapter. All lands bid off for the City as provided in this Section, shall continue liable to be taxed and assessed in the same manner as if not held as belonging to the City, and all such assessments shall be a charge and lien upon such lands as in case of other tax lands, except as hereinafter provided.

Sec. 1.457. Procedure to Be Under Act 206 of P.A. 1893.

All proceedings taken in the filing of said petition and the subsequent steps therein up to and including the sale of the lands for the different assessments and the execution and delivery of deeds therefor and the redemption thereof shall conform as far as may be to Act. No. 206 of the Public Acts of 1893 and the amendments thereto for the assessment and collection of taxes and the same, so far as may be necessary and is applicable, is hereby made a part of this Chapter.

Sec. 1.458. Rules of Sale.

At the date specified by the said court in its order for the sale of said lands for delinquent assessments beginning at 10:00 a.m., the City Treasurer shall commence the sale of lands mentioned in the decree upon which the amounts charged shall not have been paid, and shall continue the same from day to day, Sundays and legal holidays excepted, until so much of each parcel shall have been sold as shall be sufficient to pay such amounts. Each parcel described in the decree shall be separately exposed for sale for the total assessments, interest and charges, and the sale shall be made to the person paying the full amount charged against such parcel, and accepting a conveyance of the smallest undivided fee simple interest therein. No greater interest in any parcel shall be sold than is sufficient to pay the amount of the assessments and charges and take a conveyance of less than the entire thereof, then the whole

parcel shall be offered and sold. The sale shall be at the City of Grand Rapids, at the office of, or at such convenient place in the City Hall as shall be selected by the City Treasurer, and shall be subject to the taxes assessed subsequent to assessment included in the decree. The City Treasurer may, in his or her discretion, require immediate payment of any person to whom any parcel of such land may be struck off, and in all cases where payment is not made in twenty-four (24) hours after sale, he or she shall declare the bid cancelled and sell the land again. Any subsequent bid of such person made at the sale may be disregarded by the Treasurer. If any parcel of land cannot be sold for assessments, interest and charges, such parcel shall be passed over for the time being, and shall, on the succeeding day, or before the close of the sale, be reoffered; and if, on such second offer, or during such sale, the same cannot be sold for the amount aforesaid, the City Treasurer shall bid off the same in the name of the City. And in such case the assessments on the lands so bid off to the City, and the interest and charges thereon, shall remain a lien upon said lands, and any person or persons may thereafter purchase such lands of the City. The City Treasurer shall enter in the proper columns of the assessment record the interest in lands sold, the name and post office address of each purchaser opposite each parcel of land sold, and the word "City" opposite each parcel bid off in the name of the City. Certificates shall be given to each purchaser of the lands and interest bid off by him or her, showing the assessment for which he or she has purchased, and also the amount thereof, and of all charges paid by him or her at the time of such purchase, stating that he or she will be entitled to a deed after the period of redemption provided for in this Chapter has expired, and that if the sale is not confirmed the money will be returned. As soon as possible after the conclusion of any sale, and within twenty (20) days after the day named in the notice for the commencement thereof, the City Treasurer shall make and file with the Clerk of the Court a report of such sale, therein referring to the assessment record for the particulars thereof. All sales shall stand confirmed, subject to the right of redemption provided for herein, unless objections thereto are filed within eight (8) days after the time limited for filing such report, without the entry of an order or further notice. The practice with reference to setting aside such sale shall be the same, so far as applicable, as in a sale in equity on the foreclosure of mortgages. Provided, no sale shall be set aside for inadequacy of price, except upon payment of the amount bid upon such sale, with interest and costs. Provided further, that no sale shall be set aside after confirmation, except in cases where the assessments were paid, or the property was exempt from assessment. In such cases the owner of such lands may move the court at any time within one (1) year after he or she shall have notice of such sale, to set the same aside, and the court may so order upon such terms as may be just. All lands bid off in the name of the City shall continue liable to be taxed in the same manner as if they were not the property of the City except as hereinafter provided. If from any cause the lands, or any parcel thereof, decreed for sale shall not be sold as advertised, it shall be the duty of the City Attorney to cause sale to be made at such other time as he or she may fix for that purpose, of which notice shall be published at least four (4) weeks prior to such day, and such notice shall contain a description of the lands and the amount claimed thereon, as hereinbefore provided in the first instance. The sale and all proceedings thereon shall be the same as if made on the first day fixed therefor; provided, that no sales of any property for any such assessments upon which the State of Michigan or City of Grand Rapids holds a tax lien shall be made to any person without the payment of all such tax liens. All sales made in contravention of this requirement shall be void. The City Treasurer shall receive on such sale only such funds as shall be receivable at the State Treasury. All bids made at any sale of real estate as provided for in this Chapter shall be deemed to be made subject to the provisions thereof.

Sec. 1.459. Form of Certificate.

At the sale aforesaid the City Treasurer shall give to the purchasers, on the payment of the bids, a separate certificate in writing for each parcel, describing the lands purchased and the amount paid therefor, the name of the person to whom the same was issued, the number, date and amount of each certificate, and such certificate shall be regularly numbered and entered in the book kept for

that purpose and designated as the assessment record. Such certificate shall be in substantially the following form:

STATE OF MICHIGAN,)

County of Kent.

City of Grand Rapids.

City Treasurer's Office _____ A.D. 19___

I, _____ City Treasurer of the City of Grand Rapids, in said State, do hereby certify that I did, at public auction, pursuant to notice given as by law required, on this _____ day of _____ A.D. 19___ sell to _____ of _____ the lands herein described for the sum of _____ dollars and _____ cents, said sum being the amount due and unpaid for assessment, interest and charges on said lands for the _____ that the said _____ his or her heirs or assigns, will, if said sale stands confirmed, be entitled to a deed of conveyance of said lands, after one (1) year from _____ unless sooner redeemed from such sale according to law. Said lands are described as follows, with the sum for which they were sold set opposite each description, that is to say: (Here insert description, and the amount bid therefor.)

_____
City Treasurer.

Sec. 1.460. Deed.

On presentation of such certificate of sale to the City Comptroller or his or her deputy after the expiration of the time provided by law for the redemption of land sold as aforesaid, the Mayor and City Comptroller shall execute and deliver to the purchaser, his or her heirs or assigns, a deed of the land therein described, unless the sale thereof shall have been redeemed or annulled as by law provided, which deed shall be entitled to record in the office of the Register of Deeds of the proper County, in the same manner and with like effect as other deeds duly witnessed, acknowledged and certified. Such deeds shall convey an absolute title to the land sold, and be conclusive evidence of title, in fee, in the grantee, subject, however, to all taxes assessed and levied on such lands subsequent to the taxes for which the same was bid off. The courts may, on application, put the purchaser in possession of the premises by writs of assistance. In the case of the loss of such certificate of sale, the purchaser or his or her legal representatives or assignee, may file his or her affidavit of such loss, and that he or she was at the time of such loss the bona fide and legal holder thereof; and the Mayor and City Comptroller shall thereupon execute, as aforesaid, a deed for the lands described in such certificate, if the same shall not have been redeemed, in the same manner as though it had been presented and surrendered; and if the same shall have been redeemed on the presentation of such affidavit, the money shall be paid to such person in the same manner as though the certificate of sale had been surrendered. Any person who shall make an affidavit as above required, or concerning any other matter which may be filed in the office of the City Comptroller shall be liable to the penalties of perjury for any false statement made in such affidavit with intent to defraud, upon conviction thereof before a court having jurisdiction of the offense.

Sec. 1.461. Procedure if Sale Is Set Aside.

No sale of any lands or deed made by the Mayor and City Comptroller under the provisions of this Chapter shall be set aside or annulled by any court of this State after the purchaser, his or her heirs or assigns have been in actual and undisputed possession of such lands so sold or conveyed for a period of five (5) years from the date of such purchase or deed. Whenever any sale made under this Chapter is set aside by any court in a time less than five (5) years, the court shall determine and decree the value of improvements made by the purchaser, if he or she has been in possession, and give judgment therefor, and issue execution to collect the same of the claimant before putting him or her in possession. If a sale made under this Chapter is set aside by any court, the City shall refund to the purchaser the amount paid at the time of the sale, with interest thereon at the rate of five (5) percent per annum from the time of the purchase to the time when said sale was set aside or cancelled.

Sec. 1.462. Right to Recover on Failure to Give Notice.

The right to recover possession of any land, or to a refunding of the amount paid, by any person claiming through or under any deed executed by the Mayor and Comptroller or by virtue of a certificate of purchase issued under the provisions of this Chapter shall be forever barred by the actual, open and continuous possession of any person claiming such land adversely to such deed, or certificate of purchase, for the period of five (5) years after the purchaser of such title, his or her heirs or assigns, is entitled to a deed thereof, or by failure of such purchaser, his or her heirs or assigns, to give the notice or notices required by this Chapter for a reconveyance of the premises within the above specified period of five (5) years. In case of such failure to give the required notice for reconveyance within the period of five (5) years from the date such purchaser, his or her heirs or assigns shall become entitled to a deed to be issued by the Mayor and Comptroller, the person or persons claiming title under assessment, deed or certificate of purchase shall be forever barred from asserting such title or claiming a lien on the land by reason of such purchase; and such purchaser, his or her heirs or assigns shall not thereafter be entitled to a refunding of the amount paid as a condition of the purchase of such title by reason of any defect, irregularity, invalidity, or any cause whatever affecting the assessments or the sale of the lands for such lien.

Sec. 1.463. May Redeem in One Year.

Any person owning any of the lands sold as aforesaid, or any interest therein, may, at any time within one (1) year after the date of such sale, redeem any parcel of such lands, or any part or interest in such lands, by showing to the satisfaction of the City Treasurer that he or she owns only that part or interest in the same which he or she proposes to redeem, by paying to the City Treasurer the amount of the sale of the parcel of land, or any portion thereof wished to be redeemed, and interest thereon from the date of such sale. Upon the payment of the redemption money and interest thereon at one (1) percent per month or fraction thereof to the City Treasurer as aforesaid, he or she shall issue a redemption certificate in such form as may be prescribed by the City Attorney, which certificate shall be delivered to the person making such redemption payment. The City Treasurer shall also make a minute of such redemption certificate in the assessment record book kept in his or her office, with the name of the payee, the date and the amount paid. Such certificate or the duplicate, and the entry thereof, shall be evidence of such redemption payment in the courts of this State.

Sec. 1.464. Irregularities in Sale or Assessment.

The City Treasurer shall withhold a conveyance of lands sold on account of nonpayment of assessments thereon, and shall, on demand, cause the money paid therefor to be refunded to the purchaser with interest thereon at five (5) percent per annum if he or she shall discover before a conveyance of said lands is executed and delivered:

(1) That the land so sold was not subject to assessment at the date of the assessment for which it was sold; or

(2) That the assessment had been paid to the proper officer within the time limited by law for the payment or redemption thereof; or

(3) That such sale was in contravention of any of the provisions of this Chapter; or

(4) That a certificate that no assessments were charged against said lands has been given by the proper officer within the time limited by law for the payment or redemption thereof.

Provided, that in the last mentioned case the person in whose behalf such certificate was given shall, at the time of presenting such certificate to the City Treasurer, pay to the City Treasurer all taxes and charges due to the City upon such lands at the time such certificate was issued. If the discovery is not made until after the conveyance has been executed and delivered, a certificate of error may be issued in proper form for record; and the deed, if not recorded, shall be surrendered when the purchase money is refunded. If the deed has been recorded the money shall be refunded on a recorded release from the holder of the tax deed.

Provided, further, that the conveyance of such lands shall not be withheld or a certificate of error issued after a period of five (5) years from the date of sale thereof, except for the reasons, first, that the land described therein was not subject to assessment at the time of the assessment for which it was sold; or, second, that the assessment had been paid to the proper officer within the time limited by law for the payment or redemption thereof.

Sec. 1.465. Correction of Imperfect or Erroneous Descriptions.

Whenever the City Commission shall discover that any real estate on which any tax or assessment remains unpaid has been so imperfectly or erroneously described that the same cannot in its opinion be located with certainty, or that the sale thereof would not convey to the purchaser a valid title to the real estate intended to be charged with such assessment by reason of the imperfect or erroneous description thereof, the City Commission shall by an order entered in its minutes, accurately describe such real estate intended to be charged with such tax or assessment, and shall direct the City Treasurer to correct the assessment roll on file in his or her office containing such imperfect or erroneous description so as to make it correspond with the accurate description contained in said order of the City Commission, and thereupon all copies of such assessment roll required by the provisions of this Chapter to be made to correspond therewith as corrected. Provided, that no such imperfect or erroneous description shall be corrected until the owner of the real estate shall be notified of such intended correction by a printed or written, or partly printed and partly written notice, either served upon him or her personally, or by leaving the same at his or her place of abode with some suitable person of proper age and discretion, at least ten (10) days before such correction shall be made. In case such owner is a nonresident of the City, such notice shall be published in one (1) of the newspapers of the City at least ten (10) days before such correction shall be made.

Sec. 1.466. Errors Shall Not Defeat Collection.

No mistake or error in the proceedings in regard to the opening or improvement of streets, avenues, public ways or alleys or in the construction of sewers, or in the assessment or collection of costs or expenses thereof, or in the proceedings for the assessment or collection of assessments for any special improvements by reason of the proceedings therefor not being had within the time required by law, or the property having been assessed to the wrong owner, or any irregularity, informality or omission or want of any form or substance in the proceedings that does not prejudice the property rights of the person whose property is taxed, shall defeat the City in the collection thereof, but any such errors may be corrected on equitable principles under the direction of the City Commission, if discovered before suit is brought thereon, or by the court after suit is instituted, and the equitable amount due the City may be enforced as though no such error has occurred. All proceedings in assessing and levying taxes for special improvements and the sale and conveyance of land thereunder shall be presumed by all courts of this State to be legal until the contrary is affirmatively shown. The absence of any record of any proceeding or proceedings, or the omission of any mention in any record of any vote or proceeding, or of mention of any matter in any statement or certificate that should appear therein, under the provisions of this Chapter or of any law of this State shall not affect the validity of said proceedings, tax or title depending thereon, provided the fact that such vote or proceedings was had or tax authorized is shown by any other record, statement or certificate made evidence by the terms of this Chapter, or any other law of this State. No special tax or proceedings leading up to such tax or sale of property for said tax shall be rendered or held invalid by showing that any record, statement, certificate, affidavit, paper or return, cannot be found in the proper office; and unless the contrary is affirmatively shown, the presumption shall be that such record was made and such certificate, statement, affidavit, paper or return was duly made and filed.

Sec. 1.467. Possession of Premises.

The Kent County Circuit Court may, on application, put the purchaser of any lands sold under the provisions of this Chapter in possession of the premises by writs of assistance; this provision shall

also include the City of Grand Rapids in all cases where it shall acquire title under this Chapter.

Sec. 1.468. Writ of Assistance.

No writ of assistance or other process for possession of any land, the title of which has been obtained under and in pursuance of any sale made under this Chapter, shall be issued until six (6) months after there shall have been filed with the County Clerk of the County where the land is situated, a return by the Sheriff of said County showing that he or she has made personal service of a notice, or proof of substituted service thereof, as hereinafter provided, upon the person or persons appearing by the records in the office of the Register of Deeds of said County to be the last grantee or grantees in the regular chain of title of such lands, or of any interest therein, at the date of the delivery of such notice to the Sheriff for service, and upon the person or persons, if any there be, in the actual open possession of such lands at the date aforesaid, and upon the grantee or grantees under any tax deed issued for the latest year's taxes then appearing of record in said registry of deeds, and upon the mortgagee of mortgagees named in all undischarged recorded mortgages or any assignee or assignees thereof of record at the date aforesaid, and upon the holder of record of all undischarged recorded liens, which shall be substantially in the following form:

To the owner or owners of any and all interests in, or liens upon the land herein described:

Take Notice, That sale has been lawfully made of the following described land for unpaid assessments thereon, and that the undersigned has title thereto under deed or deeds issued therefor, and that you are entitled to a reconveyance thereof at any time within six (6) months after return of service of this notice, upon payment to the undersigned, or to the County Clerk of the County in which the lands lie, of all sums paid upon such purchase, together with one hundred (100) per centum additional thereto and the fees of the Sheriff for the service or cost of publication of this notice, to be computed as upon personal service of a declaration as commencement of suit, and the further sum of five dollars ($5.00) for each description without other additional costs or charges. If payment as aforesaid is not made, the undersigned will institute proceedings for possession of the land.

Description _____
assessment for _____

Place of business _____

Provided, that if the grantee or grantees, or the person or persons holding the interest in said lands as aforesaid shall be residents of any County of the State other than the County of Kent, then such return as to such person shall be made by the Sheriff of the County where such person or persons reside, or may be found. Provide further, that if the person or persons entitled to such notice, or any of them, shall be nonresidents of this State, if from the said record aforesaid, or from inquiry, the Sheriff can obtain the post office address of such person or persons, or if said addresses be known to him or her, he or she shall either send to such nonresident person or persons a copy of said notice be registered letter, and return the receipt or receipts of the postmaster received for said letter or letters with his or her return to the County Clerk's office; or said Sheriff shall cause to be served personally on such person or persons aforesaid a copy of the said notice, and whenever such notice shall be personally served outside of this State, proof of such service shall be made by the affidavit of the person who shall serve the same, made before a Justice of the Peace or Notary Public, and when such affidavit shall be made outside this State, it shall have attached thereto the certificate of the Clerk of the Court of Record, certifying to the official character of the Justice or Notary and the genuineness of his or her signature to the jurat of the affidavit, and such Sheriff shall return the said proof of personal service with his or her return to the County Clerk's office. Provided further, that if any person entitled to notice as hereinbefore provided is dead, or if his or her estate shall be under control of a trustee or guardian, then, and in such case, notice as hereinbefore provided may be served upon the executor or administrator of said deceased person, or upon his or her heirs, if there be no executor or administrator, or upon the trustee or guardian of any incompetent person, with like effect as if served upon the grantee, mortgagee or assignee.

Provided further, that if the Sheriff of the County where any such lands are located shall make a return that after careful inquiry he or she is unable to ascertain the whereabouts or the post office address of the persons upon whom notice may be served as aforesaid, or any of them, then such notice as herein provided for shall be published for four (4) successive weeks, which shall be construed to mean four (4) publications once each week, in some newspaper published and circulating in the City of Grand Rapids, and due proof of publication, by affidavit of the printer or publisher of such newspaper shall be filed with the County Clerk, and shall be in lieu of personal service upon the person or persons whose whereabouts or post office address cannot be ascertained in aforesaid. Provided further, that such service may be made upon any resident of this State by leaving such notice at his or her usual place of residence with some member of his or her family of mature age, and upon any nonresident of this State by delivering such notice to him or her personally in any County of this State where he or she may be found, and return thereof shall be made by the Sheriff of such County. Service in all cases and return thereof may be made by the Under-Sheriff or any Deputy Sheriff with like effect as if made by the Sheriff. Corporations formed under the laws of this State shall be regarded, for the purposes of this Chapter, as residents of the County in this State where their office for the transaction of business therein is, by their Articles, located and service on such corporations may be made on the President, Secretary, Treasurer or general agent of such corporation, or by leaving such notice at the office of such corporation with some person in charge of such office. If the Sheriff of any County in this State in which the office of any such corporation for the transaction of business is, by its Articles, fixed, shall return that upon careful inquiry he or she has been unable to find any such office or any President, Secretary, Treasurer or general agent of such corporation in such County, service of such notice may be made upon such corporation by publication as hereinbefore provided in case of persons whose whereabouts or post office address cannot be ascertained; and this provision shall apply as well as to corporations whose term of corporate existence has expired as to those whose term of existence has not expired. Foreign corporations doing business in this State and having an agent therein appointed to accept service of process as required or as may be required by the laws of this State, shall be regarded, for the purposes of this Chapter, as residents of the County where such agent resides, and service on such corporations may be made on such agent, or by registered letter addressed to such corporations at their home office. The Sheriff shall, in his or her return, state the time when such notice was delivered to him or her for service, and his or her return shall be prima facie evidence of the facts therein stated.

Sec. 1.469. Quit Claim.

Any person having any estate in such lands or any interest therein, either in fee, for life or for years, or any mortgage thereof or assignee of any undischarged mortgage thereon, or the holder of any lien thereon, or any executor, administrator, trustee or guardian of such persons, or any of them, or any person in the actual possession of such lands at the time of such purchase, shall be entitled to receive from the person so claiming under and by virtue of such deed, his or her heirs or assigns, at any time within six (6) months after the filing of return of service or the filing of proof of publication of such notice, as hereinbefore provided, a release and quit claim of all right and interest in such land acquired under such tax deed or deeds, upon payment to him or her or them, or to the Clerk of the County of Kent, of the amount paid upon, such purchase, together with one hundred (100) per centum in addition thereto, and the lawful fees of such personal or substituted service, which fee shall be the same as provided by law for such service of subpoenas or for orders of publication or the cost of such service by registered mail, and the further sum of five dollars ($5.00) for each description, without additional cost or charge; provided, that any person or persons entitled to a release and quit claim under the foregoing provisions of this Section, at any time after the issue of deeds on such lands, or after the purchaser thereof shall be entitled to such deeds, and before service of notice or return thereof as herein provided, shall have the right to redeem such lands from such sale by paying to the purchaser, or his or her grantee, or the Clerk of the County of Kent,

on the certificate of the City Treasurer, all sums paid as a condition of such purchase, together with one hundred (100) per centum additional thereto, and the further sum of five dollars ($5.00) for each description. By such payment the said title and any and all such certificates of sale shall become void and of no effect against the lands to be redeemed.

The Clerk of the County of Kent shall, whenever payment is made to him or her as provided in this Section, at once notify the owner of the assessment title or of any and all such certificates of sale, of the payment so made, and the owner of such title, or of any such certificates of sale, shall forthwith deliver to said Clerk a release and quit claim of all rights acquired by him or her under said purchase, running to the person making such payment, and shall also deliver to said Clerk the deed, certificates or purchase, assessment and tax receipts, and all other conveyances relating to said assessment title or assessment interest before he or she shall be entitled to receive the money paid to said Clerk as herein provided. Upon delivery of such release and quit claim, and of such certificates of purchase and tax and assessment receipts, the Clerk of the County of Kent shall at once pay over to the owner of the assessment title all sums received by him or her for the redemption of the lands therein described. Provided further, that no quit claim or reconveyance made under the provisions of this Section shall be construed to vest in the grantee any title or interest in such lands beyond that already owned by him or her, but such grantee shall be entitled to a lien on such lands, or on such parts thereof or interests therein as are not owned by him or her, for the amount paid, or such portion thereof as is lawfully chargeable to such parts or interests, in addition to the lien or other interest before held by such grantee, which lien may be enforced in any court of competent jurisdiction as in other cases of liens upon lands, with interest thereon at the rate of six (6) per centum per annum from the date of such payment. The Circuit Court of the County of Kent shall have jurisdiction to enforce the liens herein provided for without regard to the amount of such liens. Provided further, that any such application for a writ of assistance shall show that such applicant had complied with the provisions of this act as to the giving of notice, as herein directed, and he or she shall attach to such application a copy of the notice aforesaid, and the return of the Sheriff serving the same or a copy of the proof of publication, or the registry receipt or receipts from the registry department of the post office showing that such notice has been served by registered mail.

Sec. 1.470. Possession After Six Months.

No purchaser under any assessment sale hereafter made shall enter into possession of the land so purchased until six (6) months after he or she has given notice to the party or parties in interest as provided for in the preceding Sections, unless he or she shall have acquired from said parties their title thereto under conveyance from said party or parties of his or her or their interest in said lands. Where the land is vacant and unoccupied and no writ of assistance is needed to put the purchaser into possession thereof, the time for redemption herein provided shall expire six (6) months after delivery of such notice to said party or parties in interest, or date of mailing such notice by registered letter, or of the County where said lands are situated as herein provided. Provided, that if suit or other proceedings is commenced before the expiration of the said six (6) months by the owner of the land so purchased, or one (1) having a redeemable interest therein, to set aside the sale thereof, the purchaser under tax sale or his or her grantee shall not enter into possession of land until the final determination of such suit or other proceeding.

Sec. 1.471. Evidence of Ownership.

If any such grantee or grantees, mortgagee or mortgagees or person or persons so in possession shall fail and neglect to redeem such land within said six (6) months, as provided in the foregoing Sections, at any time after the expiration thereof, the purchaser under such sale or deed may cause to be recorded in the office of the Register of Deeds of the County in which such land is situate, in a record to be provided for that purpose, a copy of said notice and proof of service thereof, duly certified by the County Clerk in whose office the same is filed, and the record thereof shall be prima facie evidence in all courts and tribunals that such pur-

chaser is the owner of said land under said purchase.

Sec. 1.472. Barred from Questioning Validity.

Every person personally served with the notice provided for by this Chapter, and every person lawfully chargeable with such notice by registered mail, as provided for in said Chapter, together with the heirs, executors, administrators or assigns of such persons, who shall refuse or neglect to pay or tender to the purchaser as aforesaid, the sum provided for in this Chapter within the time therein limited, and who shall have neglected within the said six (6) months to commence suit to set aside the said tax deed, shall thereafter be barred from questioning the validity of such assessment title or assessment deed mentioned therein.

*__Cross references—__Tax sales, §§ 1.378, 1.391—1.395; payment of moneys, § 1.146; licensing and regulation, Title VII; consumer protection, Ch. 158.

Sec. 1.501. Purchasing Agent, General Authority.

The general authority of the Purchasing Agent shall be pursuant to Title VI, Section 12 of the City Charter of Grand Rapids.

Sec. 1.502. Requisitions.

All requests for purchases shall be by requisition of and approval by the person in charge of any Department, Division, Bureau, Board or Commission for whose benefit the purchase is to be made. The requisition shall designate the Code number of the appropriation authorizing the expenditure for such purchase.

Sec. 1.503. Standard Specifications.

The Purchasing Agent shall have authority to adopt standard specifications from time to time for each class or grade of the various articles, commodities and supplies ordinarily required by the City. The Purchasing Agent shall cause the same to be printed in looseleaf or typewritten form for distribution. Standard specifications shall be drafted so as to procure commodities and supplies of such quality and design as will serve the purpose required and to facilitate the making of bids therefrom. Whenever standard specifications have been adopted for items covered by standard specifications, requisitions shall be made in accordance therewith unless a change therein is necessary. Whenever such change is necessary, the reason therefor shall be stated on the requisition. In advertising for bids, it shall be sufficient to refer to the appropriate standard specification. A bidder may refer to the appropriate item of the standard specifications. The Purchasing Agent may require samples to be furnished with bids.

Sec. 1.504. Purchases Authorized.

(1) Purchases by the City, sales to the City, or authorizations for the purchase of goods by the City involving expenditures of fifty thousand dollars ($50,000.00) or less, the appropriation for which has been approved by the City Commission as part of the annual fiscal process and funds for which are in the City's annual budget, may be made without formal, sealed bidding by the Purchasing Agent, subject to any rules and policies that may be established by the City Commission.

(2) The Purchasing Agent may delegate the authority and responsibility to other City employees to obtain price quotations or bids or to make purchases in an amount of up to ten thousand dollars ($10,000.00) for goods not currently covered by a City contract, as long as the employee complies with all applicable provisions of the City Charter and the City Code and with all applicable City rules and policies. The Purchasing Agent may withdraw a delegation previously granted when, in the sole judgment of the Purchasing Agent, it is advisable to do so. The authority delegated under this subsection may be used only by those employees specifically empowered to do so by the City Manager. This Section shall be implemented by a City Commission Policy.
(Ord. No. 86-62, § 1, 11-4-86; Ord. No. 90-33, § 1, 4-3-90; Ord. No. 99-49, § 1, 9-7-99; Ord. No. 2022-51, § 1, 12-6-22)

Sec. 1.505. Purchases of More Than Ten Thousand Dollars.

No requisition or purchase of more than ten thousand dollars ($10,000.00) and up to one hundred thousand dollars ($100,000.00) shall be made unless approved by the City Commission or City Manager or their designee. No requisition or purchase of more than one hundred thousand dollars ($100,000.00) shall be made unless authorized by the City Manager and approved by the City Commission. In case of an emergency, wherein any delay in purchasing would possibly result in the interruption or detriment to the public service, the City Manager may approve a requisition or purchase up to five hundred thousand dollars ($500,000.00) and shall apprise the City Commission of the situation and purchase at its next regular meeting.
(Ord. No. 86-62, § 2, 11-4-86; Ord. No. 90-33, § 2, 4-3-90; Ord. No. 2020-07, § 1, 3-17-20; Ord. No. 2020-11, § 1, 4-14-20; Ord. No. 2022-51, § 2, 12-6-22)

Sec. 1.506. Purchases on Competitive Bidding.

For any purchases involving an expenditure of more than ten thousand dollars ($10,000.00),

requests for bids shall be advertised, which requests shall establish the time and place for opening any bids received. The time for opening of bids shall be not less than ten (10) days from the date of said publication. This requirement may be expedited in cases of immediate need of the materials or services. Two (2) or more publications may be authorized where such has been the general practice of the City. In such cases where publication is not necessary because letters may be sent to all who are known able to bid, the Purchasing Agent may waive publication and send such letters.
(Ord. No. 86-62, § 3, 11-4-86; Ord. No. 90-33, § 3, 4-3-90; Ord. No. 2022-51, § 3, 12-6-22)

Sec. 1.507. Advertisement for Bids.

The advertisement for bids shall be prepared by the Purchasing Agent and published. Every such advertisement shall specify the place where the bids will be received, the time of opening of same and a brief description of the materials and supplies to be purchased.
(Ord. No. 2022-51, § 4, 12-6-22)

Sec. 1.508. Bids.

Each bid shall be in writing on the form as provided by the Purchasing Agent. Each bid shall be signed by the bidder and shall contain the full name of any person or company interested therein. Each bid shall refer to the proposed purchase in the manner as herein specified.

Sec. 1.509. Opening of Bids.

At the time prescribed in the advertisement of opening bids on purchase contracts, the Purchasing Agent shall, at the place as set forth in said advertisement, open all bids and publicly read each bid. All bids submitted after the time as set forth in the advertisement shall be void.

Sec. 1.510. Certification of Bids.

The Purchasing Agent shall tabulate all such bids and purchases and certify them to the City Manager for approval as to the lowest and best bidder.

Sec. 1.511. Awarding Contracts.

The award of the contract or purchase shall be made by the City Manager to the successful bidder and all such awards shall become public records to be signed by the City Manager and the Purchasing Agent.

Sec. 1.512. Requisitions between Departments.

Whenever any Department, Division or any other branch or agency of the City requires service, equipment, materials or supplies from another Department, Division or any other branch or Agency of the City, requisitions may be made for such purpose with the appropriate credits and debits to appropriations. In such cases, no bids shall be required.

Sec. 1.513. Municipal Warehouse.

The Purchasing Agent shall have charge of all storerooms and any general warehouse of the City which may be hereafter established for the storage of materials and supplies. He or she shall keep records of all stocks. He or she shall issue stock on requisitions, charging the stocks issued to such requisitioning unit at the purchase cost. He or she shall perform such other duties in regard to this function as may be necessary.

Sec. 1.514. Personal Property Not Needed for Any Municipal Use.

If any Department, Division, Agency or Commission has personal property not needed, it shall certify such fact to the Purchasing Agent. Unless such property is needed by another branch or agency of the City, it shall be sold by the Purchasing Agent. Where the property involved has a value of five hundred dollars ($500.00) or less, no bidding shall be necessary, but the Purchasing Agent shall seek to sell the same for the highest price. If the property is worth more than five hundred dollars ($500.00), it shall be sold to the highest and best bidder in the same manner as for a purchase or by public auction.
(Ord. No. 69-62, 7-22-69)

Sec. 1.515. Emergency Purchases and Contracts.

In the case of unexpected emergency wherein any delay in purchasing would possibly result in the interruption or detriment to the public service, the requirement for competitive bidding may, upon consent of the City Manager, be waived. Provided, however, that the City Commission shall be apprised of the situation at its next regular meeting. Competitive bidding shall not be required of any contract involving professional services, where the subject matter is of a noncompetitive character, nor in any case where competitive bidding is dispensed with under the provisions of this Chapter.

Sec. 1.516. Disqualifications for Bidders.

No bid shall be accepted from or contract awarded to any person who is in arrears to the City upon debt or contract, or who is defaulter, as security or otherwise upon an obligation to the City, nor who shall in other respects be disqualified according to the provisions of this Code or the Grand Rapids City Charter.
(Ord. No. 67-65, 12-19-67)

Sec. 1.517. Provision Against Discrimination in Contracts.

(a) Every contract to which the City is a party shall contain a provision requiring the contractor and his or her subcontractors not to discriminate against any employee or applicant for employment, to be employed in the performance of such contract, with respect to his or her hire, tenure, terms, conditions or privileges of employment, or any matter directly or indirectly related to employment, because of his or her race, color, religion, national origin or ancestry. Breach of this covenant may be regarded as a material breach of the contract as provided for in Act 251 of the Public Acts of 1955, as amended, entitled "Michigan State Fair Employment Practices Act."

(b) Every contract to which the City is a party shall contain a provision requiring the contractor and his or her subcontractors not to discriminate against any employee or applicant for employment to be employed in the performance of such contract, with request to his or her hire, tenure, terms, conditions or privileges of employment, or any matter directly or indirectly related to employment, because of his or her age or sex, except where based on a bona fide occupational qualification as provided for in Act 251 of the Public Acts of 1955, as amended, entitled "Michigan State Fair Employment Practices Act."
(Ord. No. 68-50, 7-23-68)

ARTICLE 1. INTENT AND PURPOSE

Sec. 1.561. Intent and Purpose.

It is the intent and purpose of this Chapter to establish an organization that will ensure the complete and efficient utilization of all City resources during periods of emergency and disaster.
(Ord. No. 84-34, § 2, 5-22-84)

Sec. 1.562. Coordinating Agency.

The City of Grand Rapids Office of Emergency Management will be the coordinating agency responsible for City-wide emergency preparedness; it will provide the means through which the City Manager, Mayor and City Commission may exercise the authority and discharge the responsibilities vested in them by this Chapter and MCL 30.401 (1990 P.A.5O).
(Ord. No. 84-34, § 2, 5-22-84)

Sec. 1.563. Other Agencies; Etc., Not Affected by Chapter.

This Chapter will not relieve any elected officials or City Departments of the normal responsibilities or authority given by general law or local ordinance, nor will it affect the work of the American Red Cross or other volunteer agencies organized for relief in a natural disaster.
(Ord. No. 84-34, § 2, 5-22-84)

ARTICLE 2. DEFINITIONS

Sec. 1.564. Definitions.

For the purpose of this Chapter, certain words used herein are defined as follows:

1. *Disaster* means an occurrence or imminent threat of widespread or severe damage, injury, or loss of life or property resulting from any natural or man-made cause, including, but not limited to, fire, flood, snow, ice or wind storm, wave action, oil spills, water contamination requiring emergency action to avert danger or damage, utility failure, hazardous peacetime radiological incident, major transportation accident, epidemic, air contamination, blight, drought, infestation, explosion, riot, or hostile military or paramilitary action. Riots and other civil disorders are not within the meaning of this term unless they directly result from and are an aggravating element of the disaster.
2. *District Coordinator* means the State Police District Emergency Services Coordinator or his or her authorized representative.
3. *Emergency Management* shall have a broad meaning to include preparations for, and relief from, the affects of natural and man-made disasters as defined herein, and to include civil defense.
4. *Emergency Management Coordinator* shall mean the person appointed to coordinate emergency management within the City of Grand Rapids as prescribed in this Chapter.
5. *Emergency Management Forces* means all disaster relief forces; all agencies of the City government, private and volunteer personnel, public officers and employees; and all other persons or groups of persons having duties or responsibilities under this Chapter, or pursuant to a lawful order or directive authorized by this Chapter.
6. *Emergency Management Volunteer* shall mean any person duly registered and appointed by the Director and assigned to participate in the emergency management activity.
7. *Emergency Operations Plan* means the City of Grand Rapids' Emergency Operations Plan which has been prepared under Section 1.582 of this Chapter to coordinate disaster response and recovery within the City of Grand Rapids.
8. *State of disaster* means a declaration by executive order or proclamation by the Governor under the provisions of MCL 30.401 (1990 P.A. 50), which activities the disaster response and recovery aspects of State, County, local, and interjurisdictional disaster emergency plans, and authorizes the deployment and use of any forces to which the plan or plans apply.

9. *State of emergency* means a declaration by the Mayor pursuant to this Chapter which activates the disaster response and recovery aspects of the City of Grand Rapids' Emergency Operations Plan, and authorizes the deployment and use of any Emergency Management Forces to which the plan applies.

(Ord. No. 84-34, § 2, 5-22-84)

ARTICLE 3. ORGANIZATION FOR EMERGENCY MANAGEMENT

Sec. 1.565. Authorized; Responsible Official.

The City Manager is hereby authorized and directed to create an organization to prepare for community disasters utilizing to the fullest extent existing agencies within the City. The City Manager, as administrative head of City government, shall be responsible for the direction of the Emergency Management Forces of the City working with the Emergency Management Coordinator.

(Ord. No. 84-34, § 2, 5-22-84)

Sec. 1.566. Composition; Disaster Contingency Fund.

The organization for providing emergency management shall consist of the following:

(1) The City of Grand Rapids Office of Emergency Management shall be administered by the Emergency Management Coordinator. Such assistants and other employees as are deemed necessary for the proper functioning of the organization will be assigned as needed.

(2) The employees, equipment and facilities of all City Departments, Boards, Institutions and Commissions suitable for, or adaptable to emergency management activities, may be designated as part of the Total Emergency Management Forces. Such designations shall be by the City Manager.

(3) A disaster contingency fund in a separate account within the Fire Department budget, set up to cover disaster expenses, and upon exhaustion of the fund, to make the City eligible for State assistance.

(Ord. No. 84-34, § 2, 5-22-84)

Sec. 1.567. Cooperation and Assistance of Emergency Management Forces.

All officers and employees of Departments, Commissions, Boards, Institutions and other Agencies of City government designated by the City Manager as Emergency Management Forces shall cooperate with the Emergency Management Coordinator in the formulation of the Emergency Operations Plan, and they shall assist the Coordinator in all matters pursuant to the provisions of this Chapter.

(Ord. No. 84-34, § 2, 5-22-84)

ARTICLE 4. EMERGENCY MANAGEMENT COORDINATOR; DEPUTIES; ASSISTANTS

Sec. 1.568. Appointment of Coordinator; Qualifications.

The City Manager shall appoint an Emergency Management Coordinator who shall be a person with the personal attributes, experience and training needed to coordinate the activities of the Agencies, Departments and individuals within the City to protect the public health, safety and welfare during emergency situations and disasters.

(Ord. No. 84-34, § 2, 5-22-84)

Sec. 1.569. Appointment of Deputy Coordinators.

Deputy Emergency Management Coordinators shall be appointed by the City Manager to work with the Coordinator on emergency planning matters. Deputy Coordinators shall be selected and shall serve as follows:

(1) There shall be one such Deputy Coordinator appointed from each key unit of the emergency management organizational structure, as contained in the Emergency Operations Plan.

(2) Deputy Coordinators shall assume the duties of the Coordinator whenever he or she is unavailable during disaster or emergency

situations in the order designated by the City Manager.
(Ord. No. 84-34, § 2, 5-22-84)

Sec. 1.570. Assistants.

Assistants shall be designated by the Coordinator and each Deputy Coordinator to assist them with their emergency management responsibilities, as contained in this Chapter and in the Emergency Operations Plan.
(Ord. No. 84-34, § 2, 5-22-84)

ARTICLE 5. RESPONSIBILITIES OF THE MAYOR

Sec. 1.571. Declaring State of Emergency.

Under the following circumstances, the Mayor may declare a state of emergency exists in the City of Grand Rapids, thereby authorizing the utilization of Emergency Management Forces in accordance with the City of Grand Rapids' Emergency Operations Plan:

(1) Whenever, on the basis of information received from authoritative sources, he or she feels that a large-scale disaster or emergency situation in the City is imminent.

(2) During any period of disaster in the City, and thereafter as long as he or she shall deem it necessary.

(Ord. No. 84-34, § 2, 5-22-84)
Cross reference—Civil emergency proclamation, § 9.377.

Sec. 1.572. Declaring State of Disaster.

In the event a disaster occurs which has not yet been declared a state of disaster by the Governor, and the Mayor determines that the situation is beyond the control of the City, the Mayor may request the Governor to declare a state of disaster by instructing the Emergency Services Coordinator to notify the District Coordinator in accordance with the procedures outlined in MCL 30.401 (1990 P.A. 50).

The Mayor shall comply with the orders of the Director of the Department of State Police on matters of emergency preparedness.
(Ord. No. 84-34, § 2, 5-22-84)
State law reference—Notification procedures, MCL 30.414, MSA 4.824(24).

Sec. 1.573. Emergency Interim Successors.

Consistent with the requirements of Act 203 of the Public Acts of 1959, the City Commission shall adopt procedures for designating emergency interim successors during disasters when public officers are unavailable for exercising the powers and discharging the duties of their respective offices.
(Ord. No. 84-34, § 2, 5-22-84)

Sec. 1.574. Reserved.

ARTICLE 6. RESPONSIBILITIES OF THE CITY COMMISSION AND CITY MANAGER

Sec. 1.575. Powers and Authority.

During a period of declared disaster or local emergency, the City Manager, with the advise and consent of the City Commission, shall have the authority:

(1) To assemble and utilize the Emergency Management Forces in accordance with the City of Grand Rapids' Emergency Operations Plan, and prescribe the manner and conditions of the use of such Emergency Management Forces;

(2) To appropriate and expend funds, make contracts, obtain and distribute equipment, materials and supplies for disaster purposes;

(3) To provide for the health and safety of persons and property, including emergency assistance to the victims of a disaster;

(4) To direct and coordinate the development of disaster plans and programs in accordance with the policies and plans established by the appropriate Federal and State agencies and this Chapter;

(5) To appoint, employ, remove or provide, with or without compensation, rescue teams, aux-

iliary fire and police personnel, and other disaster workers;

(6) To assign and make available for duty the employees, property or equipment of the City relating to fire fighting; engineering; rescue; health, medical and related services; police; transportation; construction; and similar items or service for disaster relief purposes within or without the physical limits of the City, as ordered by the Governor or the Director of the State Police.

(Ord. No. 84-34, § 2, 5-22-84)

Sec. 1.576. Waiver of Legal Requirements Authorized in Event of Attack.

In the event of foreign attack upon the State of Michigan, the City Commission shall have the Authority to waive the procedures and formalities otherwise required by law pertaining to the performance of public work, entering into contracts, the incurring of obligations, the employment of permanent and temporary workers, the utilization of volunteer workers, the rental of equipment, the purchase and distribution with or without compensation of supplies, materials and facilities, and the appropriation and expenditure of public funds.

(Ord. No. 84-34, § 2, 5-22-84)

Secs. 1.577-1.580. Reserved.

ARTICLE 7. POWERS AND DUTIES OF THE EMERGENCY MANAGEMENT COORDINATOR

Sec. 1.581. General Responsibilities.

The Emergency Management Coordinator shall be responsible, at the direction of the City Manager, for the administration, planning, coordination, and operation of all emergency preparedness activities in the City. He or she shall maintain liaison with the County, State, and Federal authorities, and the authorities of adjacent and nearby political subdivisions so as to ensure the most effective emergency operations.

(Ord. No. 84-34, § 2, 5-22-84)

Sec. 1.582. Duties.

The Emergency Management Coordinator's duties shall include, but not be limited to, the following:

(1) Development of the City of Grand Rapids' Emergency Operations Plan, and any other appropriate disaster plans, for the immediate use of all of the facilities, equipment, manpower, and other resources of the City for the purpose of minimizing or preventing damage to persons or property; and protecting and restoring to usefulness governmental services and public utilities necessary for the public health, safety and general welfare;

(2) Coordinating the recruitment and training of volunteer personnel and agencies to augment the personnel and facilities of the City for emergency purposes;

(3) Through public information programs, educating the population as to actions necessary and required for the protection of persons and property in case of a disaster;

(4) Conducting practice alerts and exercises to ensure the efficient operation of the City's emergency organization, and to familiarize residents of the City with emergency regulations, procedures and operations;

(5) Coordinating the activity of all other public and private agencies engaged in any emergency or disaster relief programs;

(6) Negotiating with owners or persons in control of buildings or other property for the use of such buildings or property for emergency or disaster relief purposes, and designating suitable buildings as public shelters;

(7) Establishing and maintaining administrative control over a local radiological defense program, to include emergency preparations for both peacetime radiation incidents and international wartime disasters;

(8) Coordinating City emergency preparedness activities with the County of Kent, other municipalities located therein, and adja-

cent counties, and to develop mutual aid arrangements with such other jurisdictions.
(Ord. No. 84-34, § 2, 5-22-84)

ARTICLE 8. VOLUNTEERS; APPOINTMENTS; RECORDS

Sec. 1.583. Volunteers Authorized.

Each Department, Commission, Board, or other Agency of City government may at any time appoint or authorize the appointment of volunteer citizens to augment the personnel of such City Department, Commission, Board, or Agency in time of emergency. Such individuals shall be enrolled as Emergency Management Volunteers, and shall be subject to the rules and regulations set forth by the respective Department, Commission, Board, or Agency head for such volunteers.
(Ord. No. 84-34, § 2, 5-22-84)

Sec. 1.584. Appointment by Coordinator; Records.

The Emergency Management Coordinator may enlist volunteer citizens to form the personnel of an emergency service for which the City has no counterpart, or to temporarily augment personnel of the City engaged in emergency activities, and shall maintain formal records of all such volunteers.
(Ord. No. 84-34, § 2, 5-22-84)

ARTICLE 9. RIGHTS OF CITY EMPLOYEES

Sec. 1.585. Retention of Rights; Privileges; Compensation.

City employees assigned to duty as part of the Emergency Management Forces pursuant to the provisions of this Chapter shall retain all of the rights, privileges and immunities of City employees, and shall receive the compensation incident to their employment.
(Ord. No. 84-34, § 2, 5-22-84)

ARTICLE 10. NO GOVERNMENTAL OR PRIVATE LIABILITY

Sec. 1.586. Indemnification of City and Its Agents.

This Chapter is an exercise by the City of its governmental functions for the protection of the public health, safety and general welfare. As such, neither the City nor agents and representatives of the City, nor any individual, receiver, firm, partnership, corporation, association, nor Trustee, nor any of the agents thereof acting in good faith carrying out, complying with, or attempting to comply with this Chapter shall be liable for any damage sustained to persons or property as a result of said activity, except as may be provided pursuant to State law.
(Ord. No. 84-34, § 2, 5-22-84)

Sec. 1.587. Persons in Control of Real Estate Used by City Not to Be Liable.

Any person owning or controlling real estate or other premises who voluntarily and without compensation grants the City the right to inspect, designate and use the whole or any part of such real estate or premises for the purpose of sheltering persons during a disaster or during an authorized practice disaster exercise, shall not be civilly liable for the death of, or injury to, any person on or about such real estate or about such real estate or premises under such license, privilege or other permission, or for loss of, or damage to, the property of such person.
(Ord. No. 84-34, § 2, 5-22-84)

ARTICLE 11. SEVERABILITY

Sec. 1.588. Severability.

Should any Section, clause, or provision of this Chapter be declared by the courts invalid for any reason, such declaration shall not affect the validity of this Chapter as a whole or any part thereof, other than the Section, clause or provision so declared to be invalid.
(Ord. No. 84-34, § 2, 5-22-84)

Sec. 1.589. Reserved.

Chapter 14

UNIFORM CITY INCOME TAX*

Sec. 1.590. Adoption.
Sec. 1.591. Rate of Taxation
Secs. 1.592—1.599. Reserved.

*__Cross references—__City tax lands, § 1.401 et seq.; special assessments, § 1.421 et seq.; purchases, contracts and sales, § 1.501 et seq.

__State law references—__Municipal Finance Act, MCL 131.1 et seq.; Uniform Budgeting and Accounting Act, MCL 141.421 et seq.; City Income Tax Act, MCL 141.501 et seq.

Sec. 1.590. Adoption.

The Uniform City Income Tax Ordinance as prescribed by Act 284 of the Michigan Public Acts of 1964, as amended, is hereby adopted as the Grand Rapids Uniform City Income Tax Ordinance and all the terms, provisions and conditions as found therein are hereby incorporated by reference.

*Note: Ord. 89-20, adopted 3-21-89, amended Section 11 of Ord. 66-28 but did not become effective because it was not approved by a majority of the qualified electors voting on the question at an election held prior to July 1, 1989.

Section 31 of said ordinance is amended to read as follows:

Sec. 31.(1) An individual taxpayer, in computing his or her taxable income, is allowed a deduction of $750 for tax years 2005 through 2009, $375 for the first half of tax year 2010, $300 for the second half of tax year 2010, for a total of $675 for tax year 2010, and $600 for tax year 2011 and all tax years thereafter, for each personal and dependency exemption under the rules for determining exemptions and dependents as provided in the federal internal revenue code. The taxpayer may claim his or her spouse and dependents as exemptions, but if the taxpayer and the spouse are both subject to the tax imposed by this ordinance, the number of exemptions claimed by each of them when added together shall not exceed the total number of exemptions allowed under this ordinance.

(2) An additional exemption is allowed under subsection (1) for a taxpayer who is sixty-five (65) years of age or older, or who is blind as defined in Section 504 of the Income Tax Act of 1967, Act 281 of the Public Acts of 1967, being Section 206.504 of the Michigan Compiled Laws, or if the taxpayer is both sixty-five (65) years of age or older and blind, two (2) additional exemptions are allowed under subsection (1).

(3) An exemption is allowed under subsection (1) for a person with respect to whom a deduction under Section 151 of the Internal Revenue Code is allowable to another Federal taxpayer during the tax year and is therefore not considered to have a Federal personal exemption under subsection (1).

Section 60. of said ordinance is amended to read as follows:

Section 60. An employer shall file a return, furnished by or obtainable on request from the City, and pay to the City the full amount of the tax withheld on or before the last day of the month following the close of each calendar quarter except that if during any calendar month other than the last month of a calendar quarter, the amount withheld exceeds one hundred dollars ($100.00), the employer shall deposit the amount withheld with the City Treasurer before the end of the next calendar month.

(Ord. No. 66-28, 6-28-66; Ord. No. 70-62, 8-25-70; Ord. No. 73-48, 7-3-73; Ord. No. 76-8, 2-3-76; Ord. No. 80-82, 11-25-80; Ord. No. 88-51, § 1, 7-26-88; Ord. No. 89-20, § 1, 3-21-89; Ord. No. 2000-21, § 1, 5-2-00; Ord. No. 2004-12, § 1, 3-23-04; Ord. No. 2010-22, § 1, 5-11-10/eff. 7-1-10)

State law reference—"Blind" defined, MCL 206.504.

Sec. 1.591. Rate of Taxation.

Section 11 of the Uniform City Income Tax Ordinance of the City of Grand Rapids, as adopted by Ordinance 66-28, pursuant to the authority of Section 3c of Chapter 1 of Act 284 of the Public Acts of 1964, as amended (the City Income Tax Act, MCL 141.501 et seq.), is amended to read as follows:

Section 11. Subject to the exclusions, adjustments, exemptions and deductions herein provided, an annual tax of 1.5% on corporations and resident individuals and of .75% on nonresident individuals for general revenue purposes is hereby imposed as an excise on income earned and received on and after the effective date of this ordinance.

(Ord. No. 94-47, § 1, 12-13-94; Ord. No. 2010-07, § 1, 2-16-10; Ord. No. 2014-02, §§ 1—3, 1-28-14, eff. 7-1-15)

Note—This Section shall become effective on July 1, 2015, pursuant to the authority of Section 3 of Chapter 1 of Act 284 of the Public Acts of 1964, as amended (the City Income Tax Act, MCL 141.503); provided, however, that this Ordinance

shall not be effective unless the amendment is approved by a majority of the qualified electors voting on the question at a special election held on May 6, 2014.

The income tax rates authorized by this Ordinance shall expire on June 30, 2030. On July 1, 2030, the annual income tax rates shall automatically revert to 1.3% on corporations and resident individuals and .65% on non-resident individuals.

PARKING VIOLATIONS BUREAU*

Sec. 1.610. Bureau Transferred.
Sec. 1.611. Location of Bureau.
Sec. 1.612. Unscheduled Violations.
Sec. 1.613. Disposition of Violation.
Sec. 1.614. Information Concerning Bureau on Ticket.
Sec. 1.615. Fines.
Secs. 1.616.—1.700. Reserved.

*__Cross references—__Automobile parking system, Ch. 30; parking and loading spaces, § 5.51 et seq.; parking violations by motor vehicle rentals, responsibility therefor, § 7.367; parking facilities, Ch. 97; parking regulations, § 10.40 et seq.; parking violations, § 10.64; parking violations declared civil infractions, § 10.68.

Sec. 1.610. Bureau Transferred.

Supervision and control of the Parking Violations Bureau, which was established pursuant to Section 8391 of the Revised Judicature Act, State of Michigan, as added by Public Act 154 of 1968, for the purpose of handling alleged parking violations within the City, shall be transferred from the 61st District Court to the City Treasurer. The administrative authority of the 61st District Court over the Parking Violations Bureau shall also be transferred to the City Treasurer, and any parking violations tags or notices which were issued prior to adoption of Ordinance 81-57 shall be disposed of by the City Treasurer by means set forth in this Chapter.
(Ord. No. 68-79, 12-23-68; Ord. No. 73-34, 5-22-73; Ord. No. 81-57, 7-14-81)

Sec. 1.611. Location of Bureau.

The City Treasurer shall establish a convenient location for the Parking Violations Bureau and adopt rules and regulations for the operation thereof.
(Ord. No. 68-79, 12-23-68; Ord. No. 73-34, 5-22-73)

Sec. 1.612. Unscheduled Violations.

No violation not scheduled in Section 1.615 of this Chapter shall be disposed of by the Parking Violations Bureau. The fact that a particular violation is scheduled shall not entitle the alleged violator to disposition of the violation at the Bureau and in any case the person in charge of such Bureau may refuse to dispose of such violation in which case any person having knowledge of the facts may make a sworn complaint before any court having jurisdiction of the offense as provided by law.
(Ord. No. 68-79, 5-22-73)

Sec. 1.613. Disposition of Violation.

No violation may be settled at the Parking Violations Bureau except at the specific request of the alleged violator. No penalty for any violation shall be accepted from any person who denies having committed the offense. The City Treasurer or Deputy City Treasurer may void a parking notice or tag issued upon proven justifiable reason. The City Treasurer or Deputy City Treasurer must attach or note on the violation the result of the investigation of the Parking Violations Bureau, the Police Department, or the Transportation Department justifying the voiding of the violation. All persons shall be entitled to have any such violation processed before a court having jurisdiction thereof, if they so desire. The unwillingness of any person to dispose of any violation at the Parking Violations Bureau shall not prejudice that person or in any way diminish the rights, privileges and protection accorded to that person by law.
(Ord. No. 68-79, 12-23-68; Ord. No. 77-67, 11-29-77; Ord. No. 81-57, 7-14-81)

Sec. 1.614. Information Concerning Bureau on Ticket.

The issuance of a parking ticket or notice of violation by a police officer or any authorized employee of the City shall be deemed an allegation of a parking violation. Such traffic ticket or notice of violation shall indicate the length of time in which the person to whom the same was issued must respond before the Parking Violations Bureau. It shall also indicate the address of the Bureau, the hours during which the Bureau is open, and the amount of the penalty scheduled for the offense (or means for obtaining the same) for which the ticket was issued.
(Ord. No. 68-79, 12-23-68)

Sec. 1.615. Fines.

Fines for parking violations issued under this Code shall be established from time to time by resolution of the City Commission. Fines not paid within ten (10) days from the date of the violation notice will double. If the fine is not paid within ninety (90) days, the fine will triple.
(Ord. No. 68-79, 12-23-68; Ord. No. 72-95, 12-12-72; Ord. No. 74-3, 1-15-74; Ord. No. 75-12, 2-11-75; Ord. No. 80-63, 8-12-80; Ord. No. 81-57, 7-14-81; Ord. No. 82-55, 7-6-82; Ord. No. 85-34, § 1, 5-28-85; Ord. No. 88-50, § 1, 7-26-88; Ord. No. 92-54, § 1, 8-25-92; Ord. No. 93-36, § 1, 8-24-93; Ord. No. 2000-17, § 1, 4-11-00; Ord. No. 2001-45, § 1, 11-13-01; Ord. No. 2007-01, § 1, 1-9-07)

INVESTMENTS

Sec. 1.801. Legal Requirements as to City Treasurer.
Sec. 1.802. Investment.
Sec. 1.803. Redemptions.
Sec. 1.804. Reports.
Sec. 1.805. Investment Deposits.
Sec. 1.806. Bidding Procedures.
Sec. 1.807. Financial Stability of Depositories.
Sec. 1.808. Revisions.
Sec. 1.809. Depositories.
Sec. 1.810. Bad Check Fee.
Secs. 1.811–1.819. Reserved.

Sec. 1.801. Legal Requirements as to City Treasurer.

The City Treasurer shall invest or reinvest money in strict compliance with the City Charter of the City of Grand Rapids and specifically Sections 28, 29 and 30 of Title V, and Section 5 of Title VI thereof, and the laws of the State of Michigan and the Investment Program and Policy of the City of Grand Rapids as it may be amended from time to time.

The City Treasurer is authorized to invest funds belonging to the City and its Boards, Commissions and authorities as provided in Act 66 of 1977 as amended (MCL 129.91 et seq., MSA 3.843(1) et seq.).
(Ord. No. 77-73, 12-13-77)

State law reference—Investment of surplus funds by political subdivisions, MCL 129.91, MSA 3.843(1).

Sec. 1.802. Investment.

The City Treasurer is hereby authorized to purchase, at their original issue or after they have been issued, securities which are permissible under the Sections of State law as outlined in Section 1.801, above, as they now read or may be amended, from money in his or her custody which is not required for the immediate necessities of the City and as he or she may deem wise and expedient, and to sell or exchange for other eligible securities and reinvest the proceeds of the securities so purchased. Investments shall be made in accordance with the City of Grand Rapids Investment Program and Policy.
(Ord. No. 77-73, 12-13-77)

Sec. 1.803. Redemptions.

From time to time the City Treasurer shall redeem the securities in which City money has been invested pursuant to Section 1.802 of this Chapter so that the proceeds may be applied to the purposes for which the original purchase money was designated or placed in the City Treasury.
(Ord. No. 77-73, 12-13-77)

Sec. 1.804. Reports.

The City Treasurer shall make a monthly report of all investments to the City Commission detailing, at minimum, conformance to the provisions of Section 1.801 of this Chapter.
(Ord. No. 77-73, 12-13-77)

Sec. 1.805. Investment Deposits.

The City Treasurer is hereby authorized to deposit for safekeeping with a State or national bank located within this State or with any Federal Reserve Bank or with a State or National bank located in any City designated as a reserve City by the Board of Governors of the Federal Reserve System, the securities in which City money has been invested pursuant to Section 1.802 of this Chapter; provided, however, that the City Treasurer shall take from such bank a receipt for the securities so deposited and shall not be responsible for such securities delivered to and receipted for by such bank until they are withdrawn therefrom by the City Treasurer.
(Ord. No. 77-73, 12-13-77)

Sec. 1.806. Bidding Procedures.

Competitive bidding procedures as outlined in the Investment Program and Policy shall be implemented by the City Treasurer and results of bidding shall be shown monthly pursuant to Section 1.804.
(Ord. No. 77-73, 12-13-77)

Sec. 1.807. Financial Stability of Depositories.

Pre-qualification of financial institutions to bid on City of Grand Rapids investments shall be implemented by the City Treasurer according to provision of the City of Grand Rapids Investment Program and Policy. Reporting to the City Commission shall be pursuant to Section 1.804.
(Ord. No. 77-73, 12-13-77)

Sec. 1.808. Revisions.

Any changes to the Investment Program and Policy must be approved by the City Commission by resolution.
(Ord. No. 77-73, 12-13-77)

Sec. 1.809. Depositories.

The establishment of funds and the depository for such funds shall be by City Commission resolution.

Sec. 1.810. Bad Check Fee.

The City Treasurer shall assess a charge to any person who issues a check payable to the City of Grand Rapids which is, for any reason, returned without payment. The amount of the fee so charged shall be as determined by the City Commission, by resolution, upon the recommendation of the City Treasurer.
(Ord. No. 85-77, § 1, 11-26-85)

Sec. 1.901. Title.

This Chapter shall be known as the "Downtown Development Authority Ordinance" of the City of Grand Rapids.
(Ord. No. 79-69, 10-16-79)

Sec. 1.902. Purpose.

The purpose of this Chapter is to create a public body corporate to act in the best interests of the City to halt property value deterioration, increase property tax valuation where possible in the business district of the City, eliminate the causes of that deterioration and to promote economic growth pursuant to Act 197 of the Public Acts of 1975 [MCL 125.1651 et seq., MSA 5.3010(1) et seq.].
(Ord. No. 79-69, 10-16-79)

Sec. 1.903. Definitions.

The terms used herein shall have the same meaning as given them in Act 197 or as hereinafter in this Section provided, unless the context clearly indicates to the contrary, and shall be in addition to the terms provided in Act 197.

(1) *Authority* means the Downtown Development Authority of the City of Grand Rapids.

(2) *Act 197* means Act No. 197 of the Public Acts of Michigan of 1975 as now in effect or hereafter amended.

(3) *City* means the City of Grand Rapids.

(4) *Commission* means the Grand Rapids City Commission.

(5) *Downtown District* means the downtown district designated herein.

(Ord. No. 79-69, 10-16-79)

Sec. 1.904. Creation of Authority.

There is hereby created pursuant to Act 197 a Downtown Development Authority for the City of Grand Rapids, Michigan. The Authority shall be a public body corporate and shall be known and exercise its powers under title of "Downtown Development Authority of the City of Grand Rapids." The Authority may adopt a seal, may sue and be sued in any court of this State, and shall possess all of the powers necessary to carry out the purpose of its incorporation as provided herein and in Act 197. The enumeration of a power herein or in Act 197 shall not be construed as a limitation upon the general powers of the Authority.
(Ord. No. 79-69, 10-16-79)

Sec. 1.905. Description of Downtown District.

The Downtown District, also known as Downtown Development Area No. 1, in which the Downtown Development Authority (the "Authority") shall exercise its powers as provided in Act 57 of 2018, as amended, shall consist of the following described territory in the City of Grand Rapids:

1. District A includes a 46-acre, 10-block section of the east riverbank area. This district is generally bounded by the north line of the original Grand Center on the north, the rear lot lines of properties along the east side of Monroe Avenue (north of Pearl Street) and Ottawa Avenue on the east, Fulton Street on the south, and the Grand River on the west.

2. District B includes a 10-acre, 6-block section of Monroe Center and is generally bounded by rear lot lines of properties on the north side of Monroe Center between Pearl Street and Division Avenue, on the north, Division Avenue on the east, Fulton Street on the south, and Ottawa Avenue and Monroe Center on the west.

3. District C includes an 86-acre, 14-block section of the Heartside District and is generally bounded by Fulton Street on the north, Division Avenue and Ionia Avenue on the east, Wealthy Street on the south, and Grandville Avenue and the Grand River on the west.

4. District D includes a 34-acre section of the west riverbank development area and adjoining river surface, located south of Pearl Street.

5. District E includes a 46-acre section of the west river bank development area and adjoining river, located north of Pearl and extending to the I-196 expressway.

6. District F includes a 36-acre, 10-block area, west of US 131, which passes in a north-south direction through the western edge of downtown. District F is generally bounded by Pearl Street and Lake Michigan Drive on the south, Seward Avenue on the west, Bridge Street on the north between Seward Avenue and Winter Avenue, Winter Avenue on the east between Bridge Street and Douglas Street, and then Douglas Street on the north between Winter Avenue and Scribner Avenue.

7. District G includes a 14-acre area of 4 blocks plus portions of 3 other blocks bounded by Lyon Street on the north, Division Avenue on the east, and the boundary of District B on the south and west. This boundary generally follows the rear of properties located on the north side of Monroe Center and the east side of Monroe Avenue.

8. District H includes a 34 acre, 5-block area bounded by Michigan Street on the north, Division Avenue on the east, Lyon Street on the south, and the existing boundaries of District A and District E on the west. This area includes the governmental buildings located in the Calder Square and it includes the portion of the DeVos Place Convention Center site that is not included within other Districts. This area is also within the City of Grand Rapids SmartZone Authority district which also captures tax increment revenues.

9. District I is comprised of 279 acres and includes: (a) a 38-block area, including the Grand Rapids Community College Campus, St. Mary's Health campus, Mary Free Bed facilities and the remainder of area commonly known as the Heartside Neighborhood; (b) a one-block area bounded by Ionia Avenue, Logan Street, Century Avenue, and Wealthy Street; (c) a five-block area located west of Grandville Avenue, between Wealthy Street and US-131; and (d) a five-block area bounded by Lake Michigan Drive, US-131, Watson Street and Lexington/Seward Avenues.

10. District J is comprised of 55 acres and includes: (a) a six-block area located north and south of Bridge Street, NW; (b) a two-block area bounded by Scribner Avenue, Sixth Street, the east bank of the Grand River and I-196; and (c) a one-block area bounded by Monroe Avenue, Trowbridge Street, Bond Avenue, and I-196.

11. District K is comprised of 37 acres and includes a four-block area located east of the Grand River, between Newberry Street and I-196. This area is also within the City of Grand Rapids SmartZone Local Development Finance Authority district, which also captures tax increment revenues.

12. District L is comprised of 35 acres and includes a three-block area west of US-131 and south of Second Street between Turner Avenue and Seward Avenue. It includes portions of US-131 and I-196, between Seward Avenue and the Grand River, and south of Fourth Street. This area is within the Westside Corridor Improvement District, which also captures tax increment revenues. There is also a City of Grand Rapids Brownfield Redevelopment Authority plan amendment for the Bridge and Turner, LLC Project within this District.

13. District M is comprised of 17 acres and includes a two-block area west of the Grand River and east of Front Street between Leonard Street and Sixth Street. This District is within the Westside Corridor Improvement District, which captures tax increment revenues.

14. District N consists of 100 acres and includes a 12-block area bounded by Leonard Street to the north, Division

Avenue on the east, Sixth Street on the south, and the Grand River on the west. This District includes the hillside east of Division Avenue bordering the Belknap Neighborhood between Mason Street and I-196. The Grand Rapids Tax Increment Financing Authority, City of Grand Rapids SmartZone Local Development Finance Authority, and the North Quarter Corridor Improvement District are all within this area and capture tax increment revenues.

15. District O consists of 4 acres and includes a 3-block area at the southeast and southwest corners of Division Avenue and Wealthy Street. The southwestern portion borders District I between Wealthy Street and Logan Street. The southeast corner includes the entire block east of Division Avenue, west to Sheldon Avenue, and south to Logan Street.

16. District P consists of 41 acres and includes a 12-block area south of Wealthy Street, east of the Grand River, west of US-131, and bounded by the existing railroad tracks to the south from Century Avenue to the pedestrian bridge at 700 Chestnut Street that extends over Market Avenue and the Grand River. This District is within the City of Grand Rapids SmartZone Local Development Finance Authority district, which captures tax increment revenues.

17. District Q consists of the property north of Wealthy Street, east of the Grand River south of Cherry Street, and west of Finney Street. To the west of the Grand River, it includes the properties along Front Avenue to Watson Street and the area bounded by Butterworth Street, Lexington Avenue, Watson Street, and Front Avenue. It also includes the area south of Wealthy Street to the Oxford Trails Bridge.

18. District R consists of the property at the northwest corner of Michigan Street and Monroe Avenue where the United States Post Office and The Rowe commercial building are located.

19. A map of Downtown Development Area No. 1 is included as Map 5 in the Authority's Development and Tax Increment Financing Plan, as amended from time to time. The entirety of Downtown Development Area No. 1, including all districts described above, is ratified and confirmed currently as follows:

Part of Sections 19, 30, 31, Town 7 North, Range 11 West, and Sections 24, 25, 36, Town 7 North, Range 12 West, Kent County, Michigan, described as: Commencing at the Northwest Corner of Section 30, Town 7 North, Range 11 West; thence North along the West line of said Section 30 to the South line of Highway I-196 and the Point of Beginning; thence East along the South line of said Highway I-196 to the extensions of the East line of Parcel 41-14-19-382-048; thence South along said East line to the centerline of Michigan Street NE; thence West along said centerline of Michigan Street NE to the extension of the East line of Lot 2, Kendall's Second Edition, recorded in Kent County Records; thence along said East line of Lot 2 to the centerline of Michigan Alley NE; thence West along said centerline of Michigan Alley NE to the East line of Amended Plat of Lots 5—10 inclusive, Block 16 and adjacent vacated Michigan Street Alley (Victory Place) and adjacent vacated Lafayette Avenue Alley (Claremont Place), Kendall's 2nd Addition, recorded in Liber 1 of Plats, Page 79, and Lots 4 and 5 of the Amended Plat of Lots 1, 2, 3, 4, and 20 and adjacent vacated Michigan Street Alley, Block 16, Kendall's 2nd Addition; thence South along said East line to the North line of Lot 27, said Amended Plat; thence West, South, Southeasterly, and Southwesterly along said Lots 27 and 28, said Amended Plat to the centerline of Claremont Place NE; thence Southerly along said centerline of Claremont Place NE to the extensions of a South line of Lot 23, Block 8, Amended Plat of Lots 1, 2, 3, and 15 thru 22 inclusive, Blocks 8 and Lots 1 thru 5 inclusive, Block 9, and Vacated Adjacent Barclay Avenue and Vacated Adjacent Willow Court of Kendall's Addition, recorded in Liber 2276, Pages

775—780, Kent County Records; thence West along said South line of Lot 23 to the West line of Lot 24, Block 8, said Amended Plat of Kendall's Addition; thence South along said West line of Lot 24 and extension thereof to the centerline of Fountain Street NE; thence East along said centerline of Fountain Street NE to the extension of the East line of Lot 1, Block 3, Kendall's Addition to the City of Grand Rapids, recorded in Liber O of Plats, Pages 312—315, Kent County Records; thence South along the extension of said East line of Lot 1, Block 3, Kendall's Addition to the SE corner of said Lot 1, Block 3 and the South line Lots 3 and 4, Block 3, Kendall's Addition; thence East along said South line of Lots 3 and 4, Block 3 to the SE corner of said Lot 4, Block 3, Kendall's Addition; thence Southeasterly to a point on the North line of Block 2, Kendall's Addition, which is 149 feet West of the NE corner of Lot 1, Block 2, Kendall's Addition; thence South along the West line of the East 149 feet of said Lot 1 and Lot 2, Block 2, Kendall's Addition to the North line of Lot 3, Block 2, of said Kendall's Addition; thence West along said North line of Lot 3 to the East line of said Lot 4; thence South along said East line of Lot 4 & Lot 5, Block 2, Kendall's Addition to the South line of North 23 feet of Lot A, Block 2, of said Kendall's Addition; thence East along said South line of North 23 feet of Lot A, Block 2, of said Kendall's Addition to the centerline of Lafayette Avenue SE; thence South along said centerline of Lafayette Avenue SE to the centerline of East Fulton Street; thence West along said centerline of East Fulton Street to extension of the East line of Lot 1410, Steinmann's Accessor's Plat No. 48, recorded in Liber 42 of Plats, Page 18, Kent County Records; thence South along said East line of Lot 1410 to the SE corner of said Lot 1410 and the North line of Lot 1414, said Steinmann's Accessor's Plat No. 48; thence East along said North line of Lot 1414 to the East line of the West 1.0 feet of said Lot 1414; thence South along said East line of the West 1.0 foot of Lot 1414 to the South line of said Lot 1414; thence East along said South line of Lot 1414 to the NW corner of Lot 1415 and West line of Lot 1415, said Steinmann's Accessor's Plat No. 48; thence South along said West line of Lot 1415 to the SW corner of said Lot 1415 and the South line of said Lot 1415; thence East along said South line of Lot 1415 to the centerline of Lafayette Avenue SE; thence South along said centerline of Lafayette Avenue SE to the centerline of Cherry Street SE; thence East along said centerline of Cherry Street SE to the extension of the East line of Lot 1, Chas B Smith's Addition, recorded in Liber 2, Page 27, Kent County Records; thence South along said East line of Lot 1 and extension thereof to the North line of the Amended Plat of Lots 5 through 8 Inclusive and Adjacent Vacated Alley, Plat of Chas B Smith's Addition, recorded in Liber 112, Pages 10—11, Kent County Records; thence East along said North line to the centerline of Prospect Avenue SE; thence South along said centerline of Prospect Avenue SE to the centerline of Wealthy Street SE; thence West along said centerline of Wealthy Street SE to the centerline of Sheldon Avenue SE; thence South along said centerline of Sheldon Avenue SE to the centerline of Logan Street SE; thence West along said centerline of Logan Street SE to the centerline of South Division Avenue; thence South along said centerline of South Division Avenue to the centerline of Logan Street SE; thence West along said centerline of Logan Street SE to the West line of U.S. 131 Freeway; thence South along said West line of U.S. 131 Freeway to the extension of the centerline of Buckley Street SW; thence West along said extension of the centerline of Buckley Street SW to the centerline of the CSX Transportation Railroad; thence Northwesterly, Westerly, and Southwesterly along said centerline of the CSX Transportation Railroad to the extension of the West line of Parcel 41-13-36-103-001; thence Northwesterly along said West line and extension thereof to the centerline of Market Avenue SW; thence Northeasterly along said centerline of Market Avenue SW to the extension of the West line of Parcel 41-13-36-102-019; thence Northwesterly along said West line to the South line of the Grand River; thence Northeasterly along said South line of the Grand River and extension thereof to the centerline of Wealthy Street SW; thence West along said centerline of Wealthy Street SW to the extension of the North line of the Grand River; thence Southwesterly along said North line of the Grand River to the Northwesterly Line of MC Railroad Co. right-of-

way (100 feet wide); thence Northwesterly along said Northwest line of MC Railroad Co. right-of-way to the East lines of Lots 15—18, Luce & Hunts Addition to the City of Grand Rapids, recorded in Liber 12 of Plats, Page 19, Kent County Records; thence North along said East line of Lots 15—18 and extension thereof to the centerline of Wealthy Street SW; thence East along said centerline of Wealthy Street SW to the centerline of Front Avenue SW; thence Northeasterly along said centerline of Front Avenue SW to the centerline of Emperor Street SW; thence West along said centerline of Emperor Street SW to the centerline of Tolford Avenue SW; thence North along said centerline of Tolford Avenue SW to the centerline of Butterworth Avenue SW; thence West along said centerline of Butterworth Avenue SW to the centerline of Lexington Avenue SW; thence North along said centerline of Lexington Avenue SW to the centerline of Seward Avenue SW; thence North along said centerline of Seward Avenue SW to the centerline of Bridge Street NW; thence East along said centerline of Bridge Street NW to extension of the West line of Parcel 41-13-24-383-020; thence North along said extension of Parcel 41-13-24-383-020 to the Northwest corner of said Parcel 41-13-24-383-020; thence East along the North line of said 41-13-24-383-020 to the SW corner of Lot 545, Panfil's Accessor's Plat No. 27, recorded in Liber 40, Page 9, Kent County Records; thence North along the West line of said Panfil's Accessor's Plat No. 27 to the centerline of 1st Street NW; thence West along said centerline of 1st Street NW to the centerline of Alabama Avenue NW; thence North along said centerline of Alabama Avenue NW to the centerline of 2nd Street NW; thence East along said centerline of 2nd Street NW to the centerline of Broadway Avenue NW; thence North along said centerline of Broadway Avenue NW to the centerline of 3rd Street NW; thence East along said centerline of 3rd Street NW and extension thereof to the centerline of Turner Avenue NW; thence North along said centerline of Turner Avenue NW to the centerline of 4th Street NW; thence East along said centerline of 4th Street NW and extension thereof to the centerline of Scribner Avenue NW; thence North along said centerline of Scribner Avenue NW to the centerline of 6th Street NW; thence East along said centerline of 6th Street NW to the centerline of Front Avenue NW; thence North along said centerline of Front Avenue NW to the centerline of Leonard Street NW; thence East along said centerline of Leonard Street NW to the centerline of Plainfield Avenue NE; thence Southwesterly along said centerline of Plainfield Avenue NE to the extension of the North line of Lot 10, Block 7, Tanner Taylor's Addition to the City of Grand Rapids, recorded in Liber 6, Page 17, Kent County Records; thence West along said Northerly extension of Lot 10 to the West line of Section 19, Town 7 North, Range 11 West; thence South along said West line to the South line of said Highway I-196 and the Point of Beginning.

(Ord. No. 79-69, 10-16-79; Ord. No. 83-76, § 2, 12-20-83; Ord. No. 2007-73, § 1, 12-18-07; Ord. No. 2016-86, § 1, 12-6-16; Ord. No. 2024-27, § 1, 7-16-24)

Sec. 1.906. Board.

The Authority shall be under the supervision and control of a Board consisting of the Mayor of the City and eight (8) members. The members shall be appointed by the Mayor subject to approval by the Commission. Eligibility for membership on the Board and terms of office shall be as provided in Act 197. All members shall hold office until the member's successor is appointed.

(Ord. No. 79-69, 10-16-79)

Sec. 1.907. Powers of the Authority.

The Authority shall possess all of the powers necessary to carry out the purposes of its incorporation and shall have all powers provided by Act 197 of the Public Acts of 1975 with the following exceptions:

(1) The power to levy ad valorem taxes on the real and tangible personal property not exempt by law and as finally equalized in the downtown district at the rate of not more than two (2) mills as set forth in Section 12 of Act 197 shall be limited to one (1) mill.

(Ord. No. 79-69, 10-16-79)

Sec. 1.908. Termination.

Upon completion of its purposes the Authority may be dissolved by the Commission. The property and assets of the Authority, after dissolution and satisfaction of its obligations, shall revert to the City.
(Ord. No. 79-69, 10-16-79)

Sec. 1.909. Amendment.

This Chapter may be amended pursuant to Section 1.2 of Chapter 1 of the City Code.
(Ord. No. 79-69, 10-16-79)

Sec. 1.910. Downtown Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1.

(1) *Preliminary findings:*

(a) That a public hearing was held on the proposed Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1, following the giving of notice thereof, all in accordance with Act 197 of the Public Acts of 1975, as amended.

(b) That there are no findings or recommendations of a development area citizens' council, there having been no statutory requirement to form a development area citizens' council.

(c) That the proposed Development Plan and Tax Increment Financing Plan meet the requirements set forth in Act 197 of the Public Acts of 1975, as amended.

(d) That the proposed method of financing the proposed development is feasible and the Downtown Development Authority of the City of Grand Rapids has the ability to arrange the financing.

(e) That the proposed development is reasonable and necessary to carry out the purposes of Act 197 of the Public Acts of 1975, as amended.

(f) That any land included within the proposed development area which is to be acquired is reasonably necessary to carry out the purposes of the Plan and of Act 197 of the Public Acts of 1975, as amended, in an efficient and economically satisfactory manner.

(g) That the proposed Development Plan is in reasonable accord with the Master Plan of the City of Grand Rapids.

(h) That public services, such as fire and police protection and utilities, are or will be adequate to service the proposed project area.

(i) That changes in zoning, streets, street levels, intersections and utilities are reasonably necessary for the proposed project and for the City of Grand Rapids.

(2) *Findings and determination:*

(a) That based upon the foregoing findings, it is hereby held and determined that the Development Plan and Tax Increment Financing Plan for Downtown Area No. 1 constitutes a public purpose.

(b) That the Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1 is hereby approved.

(3) *Immediate effect.* This Section approving Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1 is hereby determined to be immediately necessary for the preservation of public health, peace and safety and is hereby given immediate effect.
(Ord. No. 80-86, 12-16-80)

Sec. 1.911. Ordinance Approving Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1 as Amended.

(1) *Preliminary findings:*

(a) That the Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1 was adopted and approved by the Grand Rapids City Commission on the sixteenth day of December, 1980, in accordance with Act 197 of the Public Acts of 1975, as amended.

(b) That prior to holding public hearings on the proposed amendments to the Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1 as adopted by the Grand Rapids Downtown Development Authority on June 17, 1981, and October 21, 1981, the governing body of the City of Grand Rapids provided a reasonable opportunity to the members of the Kent County Board of Commissioners and to the members of the School Boards of any school district in which any portion of the development area as amended is located to meet with the governing body of the City of Grand Rapids; and the Grand Rapids Downtown Development Authority fully informed the members of the Kent County Board of Commissioners and of the School Boards of the fiscal and economic implications of the proposed development area as amended, and the members of the Kent County Board of Commissioners and of the School Boards had an opportunity to present their recommendations at the public hearings subsequently held on the proposed amendments to the Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1 which were adopted by the Grand Rapids Downtown Development Authority on June 17, 1981, and October 21, 1981.

(c) That public hearings were held, following the giving of notice thereof in accordance with Act 197 of the Public Acts of 1975, as amended, on proposed amendments to the Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1, which amendments were adopted by the Grand Rapids Downtown Development Authority on June 17, 1981, and October 21, 1981, respectively.

(d) That there are no findings or recommendations of a development area citizens' council, there having been no statutory requirement to form such a development area citizens' council.

(e) That the Development Plan and Tax Increment Financing Plan for downtown Development Area No. 1 and said amendments thereto as adopted by the Grand Rapids Downtown Development Authority on June 17, 1981, and October 21, 1981, satisfy and comply with the requirements set forth in Act 197 of the Public Acts of 1975, as amended.

(f) That the proposed method of financing the proposed development as set forth in said Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1 and said amendments thereto is feasible and the Downtown Development Authority of the City of Grand Rapids has the ability to arrange said financing.

(g) That the proposed development as set forth in the Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1 and said amendments thereto is reasonable and necessary to carry out the purposes of Act 197 of the Public Acts of 1975, as amended.

(h) That any land included within the development area as amended which is to be acquired is reasonably necessary to carry out the purposes of the Plan and of Act 197 of the Public Acts of 1975, as amended, in an efficient and economically satisfactory manner.

(i) That said Development Plan as amended is in reasonable accord with the Master Plan of the City of Grand Rapids.

(j) That public services, such as fire and police protection and utilities, are or will be adequate to service the proposed project area as amended.

(k) That changes in zoning, streets, street levels, intersections, and utilities are reasonably necessary for the proposed project as amended and for the City of Grand Rapids.

(2) *Findings and determination:*

(a) That based upon the foregoing findings, it is hereby held and determined that the

Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1, including the amendments thereto adopted by the Grand Rapids Downtown Development Authority on June 17, 1981, and October 21, 1981, constitute a public purpose.

(b) That the Development Plan and Tax Increment Financing Plan for Downtown Development Area No.1, and the amendments thereto adopted by the Grand Rapids Downtown Development Authority on June 17, 1981, and October 21, 1981, are hereby approved.

(3) *Immediate effect.* This Section approving Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1 as amended is hereby determined to be immediately necessary for the preservation of public health, peace and safety and is hereby given immediate effect.
(Ord. No. 81-86, 12-15-81)

Sec. 1.912. The Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1, as Amended.

(1) Preliminary Findings.

(a) That the Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1 were adopted and approved by the Commission on December 16, 1980, in accordance with Act 197, since recodified in Part 2 of Act 57 of 2018, as amended.

(b) That on December 15, 1981, the Commission approved certain amendments to the Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1, as amended, as approved and recommended by the Authority on June 17, 1981, and October 21, 1981.

(c) That on November 23, 1982, the Commission approved certain amendments to the Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1, as amended, as approved and recommended by the Authority on October 20, 1982.

(d) That on October 4, 1983, the Commission approved certain amendments to the Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1, as amended, as approved and recommended by the Authority on August 17, 1983.

(e) That on December 20, 1983, the Commission approved certain amendments to the Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1, as amended, as approved and recommended by the Authority on November 16, 1983.

(f) That on October 16, 1984, the Commission approved certain amendments to the Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1, as amended, as approved and recommended by the Authority on August 22, 1984.

(g) That on April 6, 1987, and June 23, 1987, the Commission approved certain amendments to the Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1, as amended, as approved and recommended by the Authority on January 14, 1987.

(h) That on May 24, 1988, the Commission approved certain amendments to the Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1, as amended, as approved and recommended by the Authority on March 30, 1988.

(i) That on August 29, 1989, the Commission approved certain amendments to the Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1, as amended, as approved and recommended by the Authority on May 10, 1989.

(j) That on November 27, 1990, the Commission approved certain amendments to

the Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1, as amended, as approved and recommended by the Authority on October 10, 1990.

(k) That on December 29, 1992, the Commission approved certain amendments to the Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1, as amended, as approved and recommended by the Authority on November 18, 1992.

(l) That on December 14, 1993, the Commission approved certain amendments to the Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1, as amended, as approved and recommended by the Authority on October 13, 1993.

(m) That on December 19, 1995, the Commission approved certain amendments to the Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1, as amended, as approved and recommended by the Grand Rapids Authority on September 13, 1995.

(n) That on May 7, 2002, the Commission approved certain amendments to the Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1, as amended, as approved and recommended by the Authority on February 13, 2002.

(o) That on April 19, 2005, the Commission approved certain amendments to the Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1, as amended, as approved and recommended by the Authority on February 9, 2005.

(p) That on December 18, 2007, the Commission approved certain amendments to the Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1, as amended, as approved and recommended by the Authority on November 14, 2007.

(q) That on December 6, 2016, the Commission approved certain amendments to the Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1, as amended, as approved and recommended by the Authority on October 12, 2016.

(r) That prior to holding a public hearing on the proposed amendments to the Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1, as amended, the Commission provided a reasonable opportunity to meet with representatives of taxing jurisdictions levying taxes subject to capture by the Authority to discuss the fiscal and economic implications of the proposed amendments, and such taxing jurisdictions had an opportunity to present their recommendations at the public hearing subsequently held relating to the proposed amendments.

(s) That a public hearing was held, following the giving of notice thereof, in accordance with Act 57, on the proposed amendments to the Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1, as amended, which amendments were approved and recommended by the Grand Rapids Downtown Development Authority (the Authority) on February 14, 2024.

(t) That there are no findings or recommendations of a development area citizens' council, no development area citizens' council having been formed.

(u) That the Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1, as amended, and the amendments thereto, as approved and recommended by the Authority on February 14, 2024, meet the requirements of Act 57, including specifically Section 217(2).

(v) That the proposed methods of financing the proposed improvements and projects set forth in Development Plan and Tax Increment Financing Plan for Downtown

Development Area No. 1, as amended, and the amendments thereto, are feasible and the Authority has the ability to arrange the financing.

(w) That the proposed improvements and projects as set forth in Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1, as amended, and the amendments thereto, are reasonable and necessary to carry out the purposes of Act 57.

(x) That any land included in Downtown Development Area No. 1, as amended, which is to be acquired, is reasonably necessary to carry out the purposes of the Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1, as amended, and the amendments thereto, and of Act 57, in an efficient and economically satisfactory manner.

(y) That Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1, as amended, and the amendments thereto, are in reasonable accord with the master plan of the City.

(z) That necessary public services including fire and police protection and utilities are, or will be, adequate to service Downtown Development Area No. 1, as amended.

(aa) That any changes in zoning, streets, street levels, intersections and utilities are reasonably necessary for the proposed improvements and projects set forth in Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1, as amended, and the amendments thereto, and for the City.

(2) Findings and Determination.

(a) That based on the foregoing findings, it is hereby held and determined that the Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1, as amended, and the amendments thereto approved and recommended by the Authority on February 14, 2024, constitute a public purpose.

(b) That the amendments to Development Plan and Tax Increment Financing Plan for Downtown Development Area No. 1, as amended, approved and recommended by the Authority on February 14, 2024, are hereby approved.

(Ord. No. 82-82, 11-30-82; Ord. No. 83-57, 10-4-83; Ord. No. 83-77, §§ 1—3, 12-20-83; Ord. No. 84-73, §§ 1—3, 10-16-84; Ord. No. 87-28, §§ 1—3, 4-7-87; Ord. No. 87-39, §§ 1—3, 6-30-87; Ord. Chapter 22

TAX INCREMENT FINANCE AUTHORITY*

Sec. 1.925. Title.
Sec. 1.926. Purpose.
Sec. 1.927. Definitions.
Sec. 1.928. Creation of Authority.
Sec. 1.929. Description of Authority District.
Sec. 1.930. Board.
Sec. 1.931. Powers of the Authority.
Sec. 1.932. Termination.
Sec. 1.933. Amendment.
Sec. 1.934. Tax Increment Financing Plan and Development Plan for Monroe North Development Area.
Sec. 1.935. The Development Plan and Tax Increment Financing Plan for Monroe North Development Area.
Secs. 1.936—1.949. Reserved.

*Cross reference—Tax Increment Financing Plan for Downtown Development Area No. 1, §§ 1.911, 1.912.

Sec. 1.925. Title.

This Chapter shall be known as the "Tax Increment Finance Authority Ordinance" of the City of Grand Rapids.
(Ord. No. 85-67, § 2, 10-29-85)

Sec. 1.926. Purpose.

The purpose of this Chapter is to create a public body corporate to act in the best interest of the City to halt a decline in property values, increase property tax valuation, eliminate the causes of the decline in property values, to promote growth, and to exercise all powers as provided in Act 450 of the Public Acts of 1980, as presently or hereafter amended.
(Ord. No. 85-67, § 2, 10-29-85)

Sec. 1.927. Definitions.

The terms used herein shall have the same meaning as given them in Act 450 of the Public Acts of 1980, as amended, or as hereinafter in this Section provided, unless the context clearly indicates to the contrary and shall be in addition to the terms provided in Act 450.

(1) *Authority* means the Tax Increment Finance Authority of the City of Grand Rapids.

(2) *Act 450* means Act No. 450 of the Public Acts of Michigan of 1980 as now in effect or hereafter amended.

(3) *City* means the City of Grand Rapids.

(4) *Commission* means the Grand Rapids City Commission.

(5) *Authority District* means the Authority District designated herein.

(Ord. No. 85-67, § 2, 10-29-85)

Sec. 1.928. Creation of Authority.

There is hereby created pursuant to Act 450 a Tax Increment Finance Authority for the City of Grand Rapids, Michigan. The Authority shall be a public body corporate and shall be known and exercise its powers under title of "Tax Increment Finance Authority of the City of Grand Rapids." The Authority may adopt a seal, may sue and be sued in any court of this State, and shall possess all of the powers necessary to carry out the purpose of its incorporation as provided herein and in Act 450. The enumeration of a power herein or in Act 450 shall not be construed as a limitation upon the general powers of the Authority.
(Ord. No. 85-67, § 2, 10-29-85)

Sec. 1.929. Description of Authority District.

The Authority District in which the Authority shall exercise its powers as provided by Act 450 shall consist of that property located in the City of Grand Rapids, Kent County, Michigan, bounded on the North by the North line of Coldbrook Street, on the East by the East line of Ionia Avenue, on the South by the South line of Newberry Street, and on the West by the East line of the Grand River.
(Ord. No. 85-67, § 2, 10-29-85)

Sec. 1.930. Board.

The Authority shall be under the supervision and control of a Board consisting of eleven (11) persons appointed by the Mayor of the City of Grand Rapids subject to the approval of the City Commission. Eligibility for membership on the Board and terms of office shall be as provided in Act 450. All members shall hold office until the member's successor is appointed.
(Ord. No. 85-67, § 2, 10-29-85)

Sec. 1.931. Powers of the Authority.

The Authority shall possess all of the powers necessary to carry out the purposes of its incorporation and shall have all powers provided by Act 450 as presently amended or as it may be amended hereafter.
(Ord. No. 85-67, § 2, 10-29-85)

Sec. 1.932. Termination.

Upon completion of its purposes the Authority may be dissolved by the Commission. The property and assets of the Authority, after dissolution and satisfaction of its obligations, shall revert to the City.
(Ord. No. 85-67, § 2, 10-29-85)

Sec. 1.933. Amendment.

This Chapter may be amended pursuant to Section 1.2 of Chapter 1 of the City Code and pursuant to the provisions of Act 450.
(Ord. No. 85-67, § 2, 10-29-85)

Sec. 1.934. Tax Increment Financing Plan and Development Plan for Monroe North Development Area.

(1) *Preliminary findings:*

(a) That a public hearing was held on the proposed Tax Increment Financing Plan and Development Plan for Monroe North Development Area, following the giving of notice thereof, all in accordance with Act 450 of the Public Acts of 1980 as amended.

(b) That there are no findings or recommendations of a development area citizens' council, there having been no statutory requirement to form a development area citizens' council.

(c) That the proposed Tax Increment Financing Plan and Development Plan meet the requirements set forth in Act 450 of the Public Acts 1980, as amended.

(d) That the proposed method of financing the proposed development is feasible and the Tax Increment Finance Authority of the City of Grand Rapids has the ability to arrange the financing.

(e) That the proposed development is reasonable and necessary to carry out the purposes of Act 450 of the Public Acts of 1980, as amended.

(f) That the amount of captured assessed value estimated to result from adoption of the Tax Increment Financing Plan and Development Plan is reasonable.

(g) That any land included within the proposed development area which is to be acquired is reasonably necessary to carry out the purposes of the Plan and of Act 450 of the Public Acts of 1980, as amended, in an efficient and economically satisfactory manner.

(h) That the proposed Development Plan is in reasonable accord with the Master Plan of the City of Grand Rapids.

(i) That public services, such as fire and police protection and utilities, are or will be adequate to service the proposed project area.

(j) That changes in zoning, streets, street levels, intersections and utilities are reasonably necessary for the proposed project and for the City of Grand Rapids.

(2) *Findings and determination:*

(a) That based upon the foregoing findings, it is hereby held and determined that the Tax Increment Financing Plan and Development Plan for Monroe North Development Area constitutes a public purpose.

(b) That the Tax Increment Financing Plan and Development Plan for Monroe North Development Area is hereby approved.

(3) *Immediate effect.* This Section approving the Tax Increment Financing Plan and Development Plan for Monroe North Development Area is hereby determined to be immediately necessary for the preservation of public health, peace and safety, and is hereby given immediate effect.
(Ord. No. 85-85, § 1, 12-17-85)

Sec. 1.935. The Development Plan and Tax Increment Financing Plan for Monroe North Development Area.

(1) *Preliminary findings:*

(a) That the Development Plan and Tax Increment Financing Plan for Monroe North Development Area was adopted and approved by the Grand Rapids City Commission on the 17th day of December 1985 in accordance with Act 450 of the Public Acts of 1980, as amended.

(b) That on August 29, 1989, the Grand Rapids City Commission approved certain amendments to the Development Plan and Tax Increment Financing Plan for Monroe North Development Area, as adopted by the Grand Rapids Tax Increment Finance Authority on April 12, 1989.

(c) That on July 23, 1996, the Grand Rapids City Commission approved certain amendments to the Development Plan and Tax Increment Financing Plan for Monroe North Development Area, as adopted by the Grand Rapids Tax Increment Finance Authority on May 8, 1996.

(d) That prior to holding public hearings on the proposed amendments to the Development Plan and Tax Increment Financing Plan for Monroe North Development Area, as adopted by the Grand Rapids Tax Increment Finance Authority on May 12, 1999, the governing body of the City of Grand Rapids provided a reasonable opportunity to the members of the Kent County Board of Commissioners and to the members of the school boards of any school district in which any portion of the development area is located, to meet with the governing body of the City of Grand Rapids; and the Grand Rapids Tax Increment Finance Authority fully informed the members of the Kent County Board of Commissioners and of the school boards, of the fiscal and economic implications of the proposed development and amendments, and the members of the Kent County Board of Commissioners and of the school boards, had an opportunity to present their recommendations at the public hearings subsequently held on the proposed amendments to the Development Plan and Tax Increment Financing Plan for Monroe North Development Area, which were adopted by the Grand Rapids Tax Increment Finance Authority on May 12, 1999.

(e) That public hearings were held, following the giving of notice thereof in accordance with Act 450 of the Public Acts of 1980, as amended, on proposed amendments to the Monroe North Development Plan and Tax Increment Financing Plan, which amendments were adopted by the Grand Rapids Tax Increment Finance Authority on May 12, 1999.

(f) That there are no findings or recommendations of a development area citizens' council, there having been no statutory requirement to form such a development area citizens' council.

(g) That the Monroe North Development Plan and Tax Increment Financing Plan, and the amendments thereto as adopted by the Grand Rapids Tax Increment Finance Authority on May 12, 1999, satisfy and comply with the requirements set forth in Act 450 of the Public Acts of 1980, as amended.

(h) That the proposed method of financing the proposed development as set forth in the Development Plan and Tax Increment Financing Plan for Monroe North Development Area, and the amendments thereto, are feasible and the Tax Increment Finance Authority of the City of Grand Rapids has the ability to arrange financing.

(i) That the proposed development as set forth in the Development Plan and Tax Increment Financing Plan for Monroe North Development Area, and the amendments thereto are reasonable and necessary to carry out the purposes of Act 450 of the Public Acts of 1980, as amended.

(j) That the amount of captured assessed value estimated to result from adoption of the Tax Increment Financing Plan and Development Plan is reasonable.

(k) That the Development Plan as amended is in reasonable accord with the master plan of the City of Grand Rapids.

(l) That public services, such as fire and police protection and utilities, are or will be adequate to service the proposed project area.

(m) That changes in streets, street levels, intersections, and utilities are reasonably necessary for the proposed project, as amended, and for the City of Grand Rapids.

(2) *Findings and determination:*

(a) That based upon the foregoing findings, it is hereby held and determined that the

Development Plan and Tax Increment Financing Plan for Monroe North Development Area, including the amendments thereto, adopted by the Grand Rapids Tax Increment Finance Authority on May 12, 1999, constitute a public purpose.

(b) That the Development Plan and Tax Increment Financing Plan for Monroe North Development Area, and the amendments adopted thereto by the Grand Rapids Tax Increment Finance Authority on May 12, 1999, are hereby approved.

(Ord. No. 89-47, §§ 1—3, 8-29-89; Ord. No. 96-30, § 1, 7-23-96; Ord. No. 99-54, § 1, 10-12-99)

Editor's note—Ordinance No. 89-47, §§ 1—3, adopted Aug. 29, 1989, was nonamendatory of the Code; hence, inclusion as § 1.935 was at the discretion of the editor.

*__Editor's note—__Ordinance No. 86-29, § 1, adopted Apr. 22, 1986, added a new Chapter 22, §§ 1.950—1.961, to the Code. Said provisions have been redesignated as Chapter 23 by the editor in order to avoid duplication of Chapter numbers with previously enacted material. Subsequently, Ord. No. 2009-21, § 1, adopted May 12, 2009, repealed Ch. 23, in its entirety, which pertained to the Downtown Management Board. Section 2 of said ordinance enacted provisions designated as a new Ch. 23 to read as herein set out. See also the Code Comparative Table for a detailed analysis.

__Cross reference—__Downtown Development Authority, Ch. 21.

Sec. 1.950. Title.

This Chapter shall be known as the "Downtown Improvement District Ordinance" of the City of Grand Rapids.
(Ord. No. 2009-21, § 2, 5-12-09)

Sec. 1.951. Purpose.

The purpose of this Chapter is to create a Board for the management of the ongoing maintenance, security, promotion and continued operation of the Downtown District, as defined in this Chapter and as it may be amended and expanded from time to time, and related improvements and programs pursuant to the provisions of Chapter 1 of Act 120 of the Public Acts of 1961, as amended [MCL 125.981 to 125.987] (the "Act").
(Ord. No. 2009-21, § 2, 5-12-09)

Sec. 1.952. Creation of Board.

Pursuant to Act 120 of the Public Acts of Michigan of 1961, as amended (the "Act"), the Downtown Improvement District Board, originally created on August 22, 2000, by resolution of the City Commission (Proceeding No. 67692) is hereby continued and other provisions of said resolution are superseded by the provisions of this Chapter. The Downtown District is established as a Business Improvement District Board (the "Board") and shall, in a fiduciary capacity, oversee and manage the ongoing activities of the Downtown District pursuant to the Act.
(Ord. No. 2009-21, § 2, 5-12-09; Ord. No. 2013-48, § 1, 9-24-13)

Sec. 1.953. Board.

The Board shall be composed of not less than ten (10) nor more than sixteen (16) members as determined and appointed by the Mayor with the concurrence of the City Commission. One (1) member of the Board shall be a representative of the City. The other members of the Board shall be appointed from a list of nominees solicited by the Mayor from businesses and property owners located in the Downtown District. A majority of the Board members shall be business or property owners or employees of businesses located on property or property owners in the Downtown District, which property is subject to special assessment pursuant to Section 1.961 hereof. In addition, Board membership shall include representation from non-profit and governmental entities that voluntarily pay said special assessment and the residential community living in the Downtown District. If the list of nominees is not acceptable to the Mayor, the Mayor shall request that the Downtown District businesses and property owners provide additional nominees which are acceptable to the Mayor for appointment. A member shall hold office until the member's successor is appointed.

No Board member shall receive additional compensation from the City or the Board for serving on the Board. Board members may be reimbursed from Board funds for out-of-pocket expenses reasonably incurred in the performance of their duties on the Board."
(Ord. No. 2009-21, § 2, 5-12-09; Ord. No. 2013-48, § 2, 9-24-13)

Sec. 1.954. Terms of Office.

The members of the Board shall serve terms of three (3) years, however, in order to provide for staggered Board member terms where approximately one-third of the terms of Board members expire each year, some Board members may initially be appointed to serve terms of one (1) or two (2) years. All members appointed and confirmed as authorized by Proceeding No. 78258 shall continue to serve for terms established under said resolution.
(Ord. No. 2009-21, § 2, 5-12-09; Ord. No. 2013-48, § 3, 9-24-13)

Sec. 1.955. Powers of Board.

The Board shall manage the ongoing maintenance, security, promotion, and continued operation of the Downtown District, as amended and expanded from time to time, and related improvements and programs. In furtherance of these objectives, the Board shall have all powers set forth in the Act, as it may be amended from time to time. The Board may recommend to the City Commission that the City undertake one (1) or more of the following in the district:

(1) Open, widen, extend, realign, pave, maintain or otherwise improve highways and construct, reconstruct, maintain or relocate pedestrian walkways.

(2) Prohibit or regulate vehicular traffic where necessary to carry out the purposes of a development or redevelopment project.

(3) Regulate or prohibit vehicular parking on highways.

(4) Acquire, own, maintain or operate off-street parking lots or structures.

(5) Contract for the operation or maintenance by others of City off-street parking lots or structures, or appoint agents for the operation or maintenance of those lots or structures.

(6) Construct, maintain and operate malls with bus stops, information centers and other buildings that will serve the public interest.

(7) Acquire by purchase, gift or condemnation, and own, maintain, or operate real or personal property necessary to implement the goals of the Board.

(8) Provide for the maintenance, security and operation of a district.

(9) Promote economic activity in the District by undertakings including, but not limited to, conducting market research and public relations campaigns, developing, coordinating and conducting retail and institutional promotions, and sponsoring special events and related activities.

(10) Provide for or contract with other public or private entities for the administration, maintenance, security, operation and provision of services that the Board determines are a benefit to the district.

The Board may expend funds it determines reasonably necessary to achieve its goal, within the limits of those monies made available to it by the City Commission from the financing methods specified in this Chapter.
(Ord. No. 2009-21, § 2, 5-12-09)

Sec. 1.956. Financing.

The activities of the Board or any corporation created by the Board may be financed from one (1) or more of the following sources:

(1) Donations, grants and gifts to the City or the Board, for use by the Board for the performance of its functions.

(2) From City funds or other sources approved by the City.

(3) From the issuance of general obligation bonds by the City, subject to the revised municipal finance act (PA 34 of 2001 [MCL 141.2101 to 141.2821]).

(4) From the issuance of revenue bonds by the City under the revenue bond act of 1933 (PA 94 of 1933, as amended [MCL 141.101 to 141.140]), or under any other applicable revenue bond act.

(5) From the levying of special assessments against land or interests in land, or both, for redevelopment and to defray the cost of administration, maintenance, security, promotion and continued operation of the Downtown District.

The proceeds of a bond, note, or other obligation issued to finance a project authorized under this Chapter shall be used for capital expenditures, costs of a reserve fund securing the bonds, notes, or other obligations, and costs of issuing the bonds, notes, or other obligations. The proceeds of the bonds, notes, or other obligations shall not be used for operational expenses of a district.
(Ord. No. 2009-21, § 2, 5-12-09)

Sec. 1.957. Budget.

The Board shall operate on a fiscal basis which coincides with the City's fiscal year. The Board shall, after soliciting and receiving input from the business and property owners in the Downtown District, prepare or cause to be prepared a proposed annual budget which shall be provided to the City Manager in a format acceptable to the City Manager. The City Commission reserves the right to determine what, if any, special assessment and the amount and the apportionment thereof that shall be levied on benefited property for use in the Downtown District, as amended and expanded from time to time, or to fund any portion of the Board's activities.

Funds appropriated to the Board from the City's funds or the proceeds available from any Special Assessment levy shall be held by the City and disbursed to the Board from time to time for

payment of expenses incurred net of any and all other monies otherwise available to the Board at the time of the request.

The bookkeeping for the Board shall be performed in a manner consistent with the accounting policies and procedures followed by the City Comptroller and, consistent with the guidelines of the Government Accounting Standards Board, the Board shall be included in the general purpose financial statements of the City of Grand Rapids. The City Comptroller or his or her designee shall have the right at any time to examine the financial records of the Board or any corporation established by it.
(Ord. No. 2009-21, § 2, 5-12-09; Ord. No. 2013-48, § 4, 9-24-13)

Sec. 1.958. Rules of Procedure.

The Board shall adopt such rules of procedure as it deems appropriate. All meetings of the Board shall be subject to the Michigan Open Meetings Act (Public Act 267 of 1976, as amended [MCL 15.261 to 15.275]). Public records of the Board shall be subject to disclosure in accordance with the Michigan Freedom of Information Act (Public Act 442 of 1976, as amended) [MCL 15.231 to 15.246].
(Ord. No. 2009-21, § 2, 5-12-09)

Sec. 1.959. Termination.

The Board may be dissolved in the sole discretion of the City Commission upon the completion of any fiscal year, provided that whenever the City Commission determines the necessity and duration of Ongoing Activity extends beyond a fiscal year, the Board shall exist to conduct its affairs for the duration specified in the resolution of necessity. Upon dissolution of the Board, all assets of the Board, and all assets of any nonprofit corporation established by the Board, shall become the sole property of the City of Grand Rapids.
(Ord. No. 2009-21, § 2, 5-12-09)

Sec. 1.960. Downtown Improvement District Defined.

As used in this Chapter, the Board may exercise its powers within the Downtown District, described as follows:

That property located in the City of Grand Rapids, Kent County, Michigan; within a boundary beginning at the south right-of-way line of I-196 at the Division Avenue underpass and running easterly along the south right-of-way line of I-196 to Lafayette Avenue, then south along Lafayette Avenue to a point 128 feet south of Michigan Street, then west to Claremont Place; then south along Claremont Place to the centerline of Willow Court; then west along the centerline of Willow Court extended west approximately 90 feet to a point 130 feet east of the east r.o.w. line of Barclay Avenue; then southerly to a point 130 feet south of the south r.o.w. line of John Street; then east approximately 90 feet; then south approximately 65 feet; then east approximately 250 feet to the centerline of Lafayette Avenue; then south along Lafayette to Cherry Street; then east along Cherry 84 feet, then southerly approximately 153 feet to Cherry Street Alley, then east along Cherry Street Alley to Prospect Avenue, then south along Prospect Avenue to Logan Street, then west along Logan Street SE to Division Avenue S, then south along Division Avenue S to Logan Street SW, then west along Logan Street SW extended to Century Avenue, then north along Century Avenue to Wealthy Street, then west along Wealthy Street to Front Avenue, then northeasterly along Front Avenue to Emperor Street, then west along Emperor Street to Tolford Avenue, then north along Tolford Avenue to Butterworth Avenue, then west along Butterworth Avenue to Lexington Avenue, then north along Lexington Avenue to a point approximately 350 feet south of Fulton Street, then northeasterly along the east line of the proposed extension to Seward Avenue to Fulton Street, then north along Seward Avenue to Second Street, then east along Second Street to Alabama Avenue, then south along Alabama Avenue to First Street, then east along the south r.o.w. of First Street 200 feet, then south 248 feet, then easterly to Scribner Avenue, then northerly along Scribner to Sixth Street, then east along Sixth Street to the east bank of the Grand River, then north along the east bank of the Grand River to a westerly extension of Coldbrook Street, then east along Coldbrook Street to Division Avenue, then south along Division Avenue to the point of beginning.

Boundaries described as following streets or alleys shall follow the centerline of such streets, unless described otherwise. The Board may recommend that the boundaries of the Downtown District be amended and expanded, subject to the approval of the City Commission by adoption of an Ordinance amending this Section.
(Ord. No. 2009-21, § 2, 5-12-09)

Sec. 1.961. Financing by Special Assessment.

The City Commission shall have power to determine that the whole or any part of the cost of any Public Improvement or Ongoing Activity of the Board shall be defrayed by special assessment

upon the properties especially benefited. In the event of a conflict between provisions of this Chapter and Chapter 10, "Special Assessments", the provisions of this Chapter shall prevail. The term "Public Improvement" as used in this Chapter shall be construed to mean any public work or public and special improvement which the City is empowered to undertake under the Act. The term "Ongoing Activity" shall refer to any of the following: the maintenance or operation of a Public Improvement, the maintenance or operation of off-street parking lots or facilities, programs to promote economic activity in the district, and provision of services or the administration of contracts related to the maintenance, security, operation of the district, as authorized by the Act.

A special assessment shall be levied against assessable property on the basis of special benefits to that parcel from the total project. There is a rebuttable presumption that a district project specially benefits all assessable property located within the district.

The Board may recommend to the City Commission that the special assessment district be divided in special assessment rate zones reflecting varying levels of special benefits or services. The Board may also recommend to the City Commission that the various businesses or properties be divided into distinct classes reflecting varying levels of special benefits.
(Ord. No. 2009-21, § 2, 5-12-09)

Sec. 1.962. Report Containing Maps and Estimates.

Before the City Commission shall take action respecting any special assessment hereunder, the City Manager shall prepare a report containing: 1) a map of the proposed special assessment district; 2) an estimate of the cost of the proposed Public Improvement or Ongoing Operations; 3) the number of Board members in the district; 4) the proposed classes of property owners in the district; 5) the number and percentage of each class of business or property owner who are projected to pay an assessment and an estimate of the amount to be assessed to each such class; 6) the scope, nature, and duration of the Public Improvement or Ongoing Activity. After the report is presented to the City Commission, it shall be filed with the City Clerk and made available to the public for examination. The City Manager or City staff acting on behalf of the City Manager may enlist the aid of the Board in preparing the report and in doing other things that are part of the special assessment process. However, in all such matters, the Board's involvement shall be advisory only and final responsibility for conducting such activities shall rest with the City Manager.
(Ord. No. 2009-21, § 2, 5-12-09)

Sec. 1.963. Hearing on Necessity.

After the material required to be prepared by the City Manager is presented to the City Commission, the Commission may direct by resolution of a majority of the members elect that a public hearing concerning necessity for such proposed special assessment shall be held before the City Commission at a time and place to be fixed by it. The City Manager shall cause notice of the time and place of such hearing to be published once in the official newspaper of the City not less than ten (10) days prior to the date of said hearing. Such notice shall also state that the report is on file with the City Clerk for public examination. A like ten-day notice shall also be sent by first class mail to each owner of property subject to assessment in the proposed special assessment district as indicated by the records of the Assessor's Office at the address and to the person shown on the current tax assessment roll of the City.

At the time and place specified in such notice of public hearing the City Commission shall meet and hear any person to be affected by the proposed special assessment. The hearing may be adjourned from time to time as shall be determined by the City Commission.
(Ord. No. 2009-21, § 2, 5-12-09)

Sec. 1.964. Determination of Necessity.

After completion of the hearing, the City Commission may, by resolution of a majority of the members elect, declare the scope, nature and duration of the Public Improvement or Ongoing Activity to be necessary and determine to defray the whole or any part of the cost of the Public

Improvement or Ongoing Activity by special assessment upon the properties especially benefited in proportion to the benefits thereto. In addition, by said resolution the City Commission shall order to be transmitted to the Assessor a map of the district fixed by it and a certified copy of said resolution. The City Manager shall transmit to the Assessor such facts as it may have necessary to make proper assessment.

The total amount assessed for a Public Improvement may be made payable in not more than twenty (20) annual installments. A determination of necessity for Ongoing Activity shall be valid for a period specified in the resolution up to five (5) years in duration.

The City Manager may recommend and the City Commission may approve one (1) or more special assessment districts covering all or any portion of the Downtown District related to a Public Improvement or Ongoing Activity benefiting properties in that district.

The City Manager may recommend expansion of a special assessment district for the provision of Ongoing Activity to areas not originally receiving special benefit. A public hearing on the necessity of the proposed expansion shall be held, as provided in Section 1.963, and the City Commission may declare that the scope, nature and duration of the Ongoing Activity to be a necessity in the expanded area and may determine to defray the cost by special assessment, as provided in this Section 1.964.
(Ord. No. 2009-21, § 2, 5-12-09)

Sec. 1.965. Preparation of Assessment Roll.

Within ninety (90) days after the adoption of a resolution making a determination of necessity for a Public Improvement, as specified in Section 1.964, the Assessor shall prepare a special assessment roll which shall contain the names of the owners and the descriptions of the several parcels of property in the special assessment district to be assessed for such Public Improvement, as fixed by the City Commission.

Within thirty (30) days after the adoption of resolution making a determination of necessity for Ongoing Activity, as specified in Section 1.964, the Assessor shall prepare an initial special assessment roll which shall contain the names of the owners and the descriptions of the several parcels of property in the special assessment district to be assessed for such Ongoing Activity, as fixed by the City Commission. If the duration of the Ongoing Activity exceeds one (1) year, the special assessment roll shall be divided into annual installments, not exceeding five (5), with a separate installment for each fiscal year specified by the resolution determining the necessity of the special assessment. The annual installments may be either in equal amounts or in unequal amounts as the City Commission may determine is the need for each of the fiscal years covered by the resolution of necessity.

Each special assessment roll shall spread and levy that part of the cost of the proposed Public Improvement or proposed Ongoing Activity against each of such property in the special assessment district as determined by the City Commission, in proportion as near as may be to the advantages which each parcel in such district shall be deemed by the Assessor to be benefited by the making of such improvement or conducting said activity.

After the assessment roll is completed, the Assessor shall give notice to all persons assessed thereon of the completion of such roll and that the same will be open for ten (10) days for public inspection and for correction by the Assessor and of the time and place of the meeting of the Board of Review on the special assessment roll. Said notice shall be given by publication at least once in the official newspaper of the City not less than five (5) full days prior to the first day on which such special assessment roll will be open for public inspection. A like five-day notice shall also be sent by first class mail by the Assessor to each owner of property subject to assessment as shown on the current tax assessment rolls of the City.

Immediately after the expiration of the ten-day period for public inspection and correction, the special assessment roll shall be signed by the Assessor and returned forthwith to the City Commission.
(Ord. No. 2009-21, § 2, 5-12-09)

Sec. 1.966. Hearing on Roll.

At a regular session not less than one (1) week after the receipt of such special assessment roll from the Assessor and at the time and place specified in the notice given by the Assessor as required by Section 1.965, the City Commission shall act thereon as a Board of Review and shall continue to act at such other times as may be necessary and as it shall from time to time designate. Any person may appeal in writing to the City Commission acting as such Board of Review at any time prior to the opening of its first session as such Board of Review. The City Commission as such Board of Review shall have the power to correct or change the whole or any part of such special assessment roll or to return it to the Assessor for reassessment, in which latter case it shall take the same course as an original special assessment roll. At such time as the City Commission sitting as a Board of Review is satisfied with the special assessment roll, and is of the opinion that such special assessment roll results in the assessments being levied in accordance with the benefits, it shall cause such determination to be entered upon its minutes. Thereafter the City Commission shall adopt a resolution ratifying and confirming said special assessment roll and, in addition, by the terms of said resolution shall determine when such special assessments shall be due and paid or, if the same shall be paid in installments, it shall determine the due dates of the first and subsequent installments on said special assessment roll.
(Ord. No. 2009-21, § 2, 5-12-09)

Sec. 1.967. Return of Roll.

If it shall be determined by the City Commission, acting as such Board of Review, to return said assessment roll to the City Assessor for reassessment, the reason for so doing and any instructions or recommendations shall be embodied in a resolution and a copy thereof certified to by the City Clerk as correct, shall be at once delivered, with said assessment roll, to the City Assessor.
(Ord. No. 2009-21, § 2, 5-12-09)

Sec. 1.968. Delivery of Roll to Treasurer.

The special assessment roll as confirmed by the City Commission shall be delivered by the City Clerk to the City Treasurer for collection with the proper warrant for such purpose attached thereto signed by the Mayor and attested in due form by the City Clerk. In the event that the project will not be started immediately, the City Commission may, in the same resolution confirming the assessment roll, establish a date for collection by the City Treasurer.
(Ord. No. 2009-21, § 2, 5-12-09)

Sec. 1.969. Lien Established.

Except as otherwise stated in this Section, all special assessments contained in any special assessment roll, including any part thereof deferred as to payment and such administrative charge as may be applicable thereto, shall from the date and time of receipt thereof by the City Treasurer constitute a lien upon the respective parcels of land or interest in land assessed, and until paid shall be a charge against the respective owners of the several parcels of land or interest in land. Such lien shall be of the same character and effect as the lien created for City taxes and shall include accrued interest and penalties. No judgment or decree nor any act of the City Commission vacating a special assessment shall destroy or impair the lien of the City on the premises assessed for such amount of the assessment as may be equitably charged against the same. For a special assessment to provide Ongoing Activity exceeding one (1) year in duration, a separate lien shall be established for each annual installment. For the first annual installment, the lien shall be established as of the date and time of the receipt of the special assessment roll by the City Treasurer. For the second annual installment, the lien shall be established on the first anniversary of receipt of the roll by the City Treasurer; for the third installment, it shall be the second anniversary date; for the fourth installment, it shall be the third anniversary date; for the fifth installment, it shall be the fourth anniversary of receipt of the roll by the City Treasurer.
(Ord. No. 2009-21, § 2, 5-12-09)

Sec. 1.970. Deficiency Assessments.

The City Commission may provide for spreading of an additional assessment for any improvement in case it determines that the former assess-

ment or assessments will not produce sufficient funds to pay for a Public Improvement or Ongoing Activity. Such additional assessment shall be spread upon a supplemental roll, which shall conform so far as may be practical to the original roll for such improvement, and shall be made, reviewed, delivered, collected, accounted for and returned in the same manner as the original roll, and all sales and redemptions of property therein described shall be made in the same manner as the sales and redemption upon said original roll.
(Ord. No. 2009-21, § 2, 5-12-09)

Sec. 1.971. Notice of Assessment.

Upon receipt of a special assessment roll with the proper warrant for such purpose attached thereto as hereinbefore provided for, the City Treasurer shall mail statements of the several assessments to the respective owners, stating the amount of the assessment and the manner in which it may be paid, and, in addition, the City Treasurer shall publish notice of the fact that said special assessments are due in the official newspaper of the City on or prior to the date that said statements are mailed. Where the special assessment roll is divided into more than one (1) installment, published notice of the second and subsequent installments need not be given, but mailed notice to the owner as shown on the current tax assessment rolls of the City, stating the due date and amount of the next installment, shall be deemed sufficient.
(Ord. No. 2009-21, § 2, 5-12-09)

Sec. 1.972. Interest on Unpaid Installments.

In addition to the principal amount of each annual installment there shall be added thereto and collected from the special assessment roll by the City Treasurer as part of each annual installment interest at a rate which shall be determined by the City Commission, which shall be adjusted to a rate equal to the rate borne by the bonds or other evidences of indebtedness issued or authorized to defray the cost plus one (1) percentum per annum on the entire unpaid balance of the special assessment, commencing with the due date of the first installment and computed to the due date of each particular installment. In addition to said annual interest, in the event that any special assessment or installment thereof shall not be paid within one (1) month of the due date thereof, penalties shall thereafter be charged and added to said past due assessment or installment in lieu of further interest on said installment, as provided in Section 1.375 of Chapter 9 of Title I of the Code of the City of Grand Rapids. Such penalties shall be collected at the same time and in the same manner as the special assessments and interest thereon are collected. The entire assessment, or the first installment thereof if divided into installments, may be paid during the first month after the due date thereof without interest.
(Ord. No. 2009-21, § 2, 5-12-09)

Sec. 1.973. Delinquent Installments.

When any special assessment or any installment thereof, when divided into installments, shall have been due and unpaid for more than thirty (30) days, such fact shall be certified to by the City Treasurer and filed with the City Assessor. Said certified account shall contain an accurate description of the lot or parcel of land and such account shall be included by the City Assessor on a tax roll and tax warrant. The Assessor shall deliver a copy of said roll and warrant to the City Treasurer and notify him of the amount of special assessment within the time and in the manner and form provided for in the general tax law of the State. The special assessment shall become due and collected when other property taxes fall due and shall be returned for nonpayment in the same manner as other property taxes. Delinquent installments shall be collected as part of the tax roll in the manner and to the extent set forth in the Michigan general property tax law.
(Ord. No. 2009-21, § 2, 5-12-09)

Sec. 2.1. Definitions.

In the interpretation of this Chapter, the following definitions shall apply:

1. *Act 451 Plan* means the Kent County Solid Waste Management Plan approved by the City of Grand Rapids, the Kent County Board of Commissioners and by the Director of the Department of Natural Resources, pursuant to the requirements and provisions of Act No. 451 of the Public Acts of Michigan, 1994, as amended, and any amendments thereto adopted in accordance with said Act.

2. *Appliance* is intended to include the following household major appliances that will not fit within a cart: refrigerators and freezers with doors removed, stoves, dishwashers, microwaves, air conditioners, washers, dryers, humidifiers, dehumidifiers, garbage disposals, trash compactors, furnaces and water heaters.

3. *Ashes* means the residue from the burning of wood, coal, coke, refuse, waste water sludge, or other combustible materials.

4. *Board of Public Works* means the Kent County Board of Public Works established pursuant to the provisions of Act No. 185 of the Public Acts of 1957, as amended.

5. *Bulk Item* means any item that does not fit within a cart such as sofas, chairs, mattresses, lawnmowers, and other household items.

6. *City Refuse Bags* shall mean those polyethylene plastic bags sold by the City clearly distinguishable by their color, by the City Seal, and other markings, as intended for City collection.

7. *City Refuse Carts* shall mean rigid construction containers provided by the City clearly distinguishable by their color and markings as intended to be used for City collection.

8. *Combustible Waste* means Solid Waste that is combustible in the WTE as shall be determined solely by the Board of Public Works. "Combustible Waste" shall include: (a) Garbage; (b) combustible rubbish, such as paper, cardboard, cartons, wood, boxes, rags, cloth, bedding, leather, grass, leaves and brush, yard trimmings, tree limbs, timber, logs, and stumps six (6) inches in diameter or less, carpeting, and combustible construction and demolition debris; and (c) any other Solid Waste that is combustible in the WTE as shall be determined solely by the Board of Public Works. "Combustible Waste" shall exclude: (a) noncombustible Solid Waste, such as Ashes, noncombustible Rubbish, incinerator ash, incinerator residue, municipal and industrial sludge, animal waste, pathological and biological waste, asbestos and asbestos waste products, explosives, radioactive materials, appliances, concrete rubble, noncombustible construction and demolition debris, rock, gravel and earth materials, automobiles, trailers, equipment wire and cable; (b) all waste other than Solid Waste (such as Hazardous Waste, Site-Separated Materials, and Source-Separated Materials); and (c) any other type of waste that is noncombustible in the WTE as shall be determined solely by the Board of Public Works.

9. *County* means the County of Kent, Michigan, acting by and through its Board of Commissioners or its Department of Public Works.

10. *Disposal Site* means any of the following: (1) a Solid Waste transfer facility; (2) a single incinerator having an average daily design capacity exceeding fifty (50) tons of Solid Waste per day or two (2) or more incinerators located at one (1) site under the control of one (1) person and having an aggregate average daily design capacity exceeding one hundred fifty (150) tons of Solid Waste per day; (3) a sanitary landfill; (4) a Solid Waste Processing Plant; or (5) any other Solid Waste handling or disposal facility utilized in the disposal of Solid Waste.

11. *Garbage* means rejected food wastes, including waste accumulation of animal,

fruit or vegetable matter, used or intended for food or that attends the preparation, use, cooking, dealing in, or storing of meat, fish, fowl, fruit or vegetable.

12. *Hazardous Waste* means hazardous waste as defined in Act No. 64 of the Public Acts of Michigan, 1979, as amended from time to time, and as identified in administrative rules promulgated from time to time pursuant to said Act by the Director of the Michigan Department of Natural Resources.

13. *Manager* shall mean the person holding the position or acting in the capacity of the City Manager, appointed by the City Commission, or his or her duly authorized representative.

14. *Person* means any individual, firm, public or private corporation, partnership, trust, public or private agency or any other entity, or any group of such persons.

15. *Premises* means any enclosed area used for residential, commercial or industrial purposes, separately or in combination, to which a separate street address, postal address or box, tax roll description, or other similar identification has been assigned to or is in use by a Person having control of the area.

16. *Regulations* shall mean the City's Solid Waste Regulations governing the collection and disposal of recycling, refuse, and yard waste which are promulgated by the Manager under the authority of this Chapter.

17. *Residential Unit* shall mean a dwelling occupied by one (1) or more persons in the City, and so designated and arranged as to provide cooking, kitchen and sanitary accommodations for one (1) group of persons only.

18. *Rubbish* means nonputrescible Solid Waste, excluding Ashes, consisting of combustible and noncombustible waste, including paper, cardboard, metal containers, yard clippings, wood, glass, bedding, crockery, demolished building materials, or litter of any kind that may be a detriment to the public health and safety.

19. *Site of Generation* means any Premises in or on which Solid Waste is generated by any Person.

20. *Recyclable Materials* means materials including but not limited to bottles, cans, newspapers, corrugated containers, metals, and plastics that are eligible for pickup as part of the City's Single Stream Recycling Program, as determined by the City's Solid Waste Regulations.

21. *Solid Waste* means garbage, rubbish, ashes, incinerator ash, incinerator residue, street cleanings, municipal and industrial sludges, solid commercial and solid industrial waste, and animal waste provided, however, that this definition shall not include hazardous waste, site separated materials, source separated materials, human body waste, liquid or other waste regulated by statute, ferrous or non-ferrous scrap directed to a scrap metal processor or to a reuser of ferrous or non-ferrous products, and slag or slag products directed to a slag processor or to a reuser of slag or slag products.

22. *Solid Waste Container* means a container or receptacle designed or used for depositing, storing, or accumulating Solid Waste for collection or transportation by a Waste Hauler. Without limitation, this definition shall include dumpsters, packer boxes, and roll-offs or other receptacles designed or used to store Solid Waste or to transport Solid Waste from a Site of Generation.

23. *Source-Separated Materials* means recyclable materials as defined in this Chapter that are separated from Solid Waste prior to the collection of Solid Waste from a Site of Generation.

24. *Tipping Fee* means the fee established by the Board of Public Works to be charged upon delivery of Combustible Waste to the WTE.

25. *Waste Hauler* means any Person engaged, in whole or in part, in the business of collecting, transporting, delivering, or disposing of Combustible Waste generated within the City.

26. *Waste to Energy Facility (WTE)* means the mass-burn energy-generating incinerator constructed by or on behalf of, or available by contract or lease with, the County within the City of Grand Rapids in accordance with the Act 451 Plan.

(Ord. No. 2012-47, § 1, 8-28-12, eff. 9-4-12)

Sec. 2.2. Solid Waste Regulations.

The Manager is hereby authorized to promulgate Regulations governing the collection and disposal of recycling, refuse, and yard waste; and establishing a schedule for the collection of the same. Such Regulations shall also provide for the type of containers acceptable for collection by the City. Solid Waste collection services shall be offered by the City to all Premises within the City in accordance with the Regulations.
(Ord. No. 2012-47, § 1, 8-28-12, eff. 9-4-12)

Sec. 2.3. Authority to Discontinue Solid Waste Collection Service.

Upon order of the Manager, the City may discontinue solid waste collection service to any Premises where the owner or occupant fails or refuses to comply with the provisions of this Chapter or any rule or regulation adopted pursuant to this Chapter, and such service need not thereafter be reinstated until such violation is remedied to the satisfaction of the Manager, or his or her designee.
(Ord. No. 2012-47, § 1, 8-28-12, eff. 9-4-12)

Sec. 2.4. Outdoor Storage of Solid Waste and Cart Requirements.

(1) The owner or occupant of any residential unit within the City in which any Solid Waste shall be accumulated, shall maintain on said Premises one (1) or more refuse carts, each having a capacity of not more than one hundred (100) gallons. The number of carts kept on each Premises shall be sufficient to conveniently store the normal accumulation of Solid Waste on said Premises over a period of not less than seven (7) days; and for Recyclable Materials, not less than 14 days. Such carts shall be constructed of rigid metal or plastic with tightly fitting covers which are rodent-proof. Rigid refuse carts must be kept tightly covered except when opened for deposit or removal of Solid Waste. All Solid Waste being stored on any Premises between collections must be stored in a rigid container with a tightly fitting cover.

(2) Rigid carts for storage of Solid Waste shall be placed at the rear or side of buildings at a place which is reasonably inconspicuous and away from streets and places occupied by other persons.
(Ord. No. 2012-47, § 1, 8-28-12, eff. 9-4-12)

Sec. 2.5. Place of Collection.

All Solid Waste intended for City collection shall be contained in one (1) or more City refuse bags or City refuse carts and shall be placed in the parkway near the curb adjacent to the property, unless otherwise specifically permitted at an alternate location by the Regulations. Such carts shall be placed at that location prior to 7:00 a.m. on the day scheduled for collection from that property. In no event shall any Solid Waste be placed at the curb for collection before 7:00 p.m. of the day preceding the scheduled collection day, whether collected by the City or by a private Waste Hauler.
(Ord. No. 2012-47, § 1, 8-28-12, eff. 9-4-12)

Sec. 2.6. Litter and Accumulation.

No person shall throw or deposit any Garbage or Rubbish upon or into any street, alley or other property, public or private. It shall be the duty of every occupant of property and of every owner of unoccupied property at all times to maintain the Premises occupied or owned by him or her, in a clean and orderly condition, permitting no deposit or accumulation of Garbage or Rubbish upon such Premises.
(Ord. No. 2012-47, § 1, 8-28-12, eff. 9-4-12)

Cross reference—Littering generally, § 9.91 et seq.

State law reference—Littering, MCL 752.901 et seq., MSA 28.603(1) et seq.

Sec. 2.7. Disposal of Combustible Waste and Solid Waste.

(1) *Transportation and Disposal by Persons.* No person shall dispose of any Solid Waste within the City other than by means of the City's Solid Waste collection service or by means of a Waste Hauler duly licensed by the City for such purpose.

(2) *Transportation and Disposal by Waste Haulers.* All Combustible Waste collected or transported by Waste Haulers shall be disposed of only in accordance with Section 2.14. All Solid Waste other than Combustible Waste collected or transported by Waste Haulers shall be disposed of only at disposal areas consistent with the Act 451 Plan.
(Ord. No. 2012-47, § 1, 8-28-12, eff. 9-4-12)

Sec. 2.8. Sale of City Refuse Bags and Carts.

Pursuant to the Solid Waste Regulations promulgated under the authority of this Chapter, the City shall provide a means for the sale and distribution of City refuse bags and carts. No person shall possess for sale, sell, or offer for sale, any plastic bags, carts, or any other material or substance which shall imitate City refuse bags or carts.
(Ord. No. 2012-47, § 1, 8-28-12, eff. 9-4-12)

Sec. 2.9. Fees.

Fees for Solid Waste services provided by the City in accordance with this Chapter shall be established from time to time by resolution of the City Commission.
(Ord. No. 2012-47, § 1, 8-28-12, eff. 9-4-12)

Sec. 2.10. Solid Waste Haulers.

(1) No person shall engage in the business of collecting, transporting, delivering, or disposing of Solid Waste in the City of Grand Rapids without first obtaining a Solid Waste Hauler License. Solid Waste Hauler Licenses shall be issued upon application to the City Clerk on forms provided by the Clerk upon payment of such fees as shall be required by Chapter 92. It shall be an express condition of each License that the Waste Hauler shall comply with all provisions of this Chapter.

(2) Except as provided herein, no person shall collect Solid Waste or Source-Separated Materials anywhere within the City between the following hours:

a. 11:00 p.m. Saturday to 9:00 a.m. Sunday.

b. 11:00 p.m. Sunday to 7:00 a.m. Monday.

c. 11:00 p.m. Monday to 7:00 a.m. Tuesday.

d. 11:00 p.m. Tuesday to 7:00 a.m. Wednesday.

e. 11:00 p.m. Wednesday to 7:00 a.m. Thursday.

f. 11:00 p.m. Thursday to 7:00 a.m. Friday.

g. 11:00 p.m. Friday to 9:00 a.m. Saturday.

h. Federal holidays—11:00 p.m. the previous evening to 9:00 a.m.

i. Saturdays following a federal holiday observed on a weekday—11:00 p.m. the previous evening to 7:00 a.m.

(3) Subsection (2) shall not apply to the following:

a. The collection of Solid Waste and Source-Separated Materials within all that portion of the City's Downtown area, specifically the area lying west of a line with its northerly beginning at the intersection of Michigan Street and Barclay Avenue, thence south along Barclay Avenue to the intersection of Lyon Street, thence west along Lyon Street to Bostwick Avenue, thence south along Bostwick Avenue to Fulton Street, thence east along Fulton Street to Jefferson Avenue, thence south along Jefferson Avenue to State Street, thence southeasterly along State Street to Lafayette Avenue, thence south along Lafayette Avenue to the southerly point of ending of said line at the intersection of Lafayette Avenue and Wealthy Street.

b. The collection of Solid Waste and Source-Separated Materials within any industrially-zoned district (IT and IC) as identified in Chapter 61, so long as the carts being emptied are located at least one hundred (100) feet from any dwelling unit.

c. If the City receives verified complaints of three (3) or more separate incidents within any calendar year of either excessive noise of waste hauler activities at any one location by any one waste hauler or of a waste hauler operating during prohibited hours, then the Manager may order the responsible waste hauler to permanently comply with Subsection (2) at the location from which the excessive noise emanated or where operations were conducted during prohibited hours. Failure on the part of the hauler to comply with such directive may result in revocation of the hauler's license by the City Clerk as permitted under authority of Chapter 91 of this Code.

d. The collection of Solid Waste and Source-Separated Materials within a completely enclosed building.

e. The collection of Solid Waste and Source-Separated Materials anywhere within the City during the period of any disaster or emergency as determined and declared by the Mayor.

f. The collection of Solid Waste and Source-Separated Materials from any collection site anywhere within the City whenever a waiver permit has been validly issued for such collection pursuant to Regulations promulgated by the City Manager.

(4) Nothing in this Section is intended, nor shall it be construed, as authorizing the violation of the City's Noise Ordinance or waiving the application of its provisions to Waste Hauler operations.

(Ord. No. 2012-47, § 1, 8-28-12, eff. 9-4-12)

Cross reference—License fee for waste haulers, § 7.48.

Sec. 2.11. Solid Waste Transportation Unit and Identification of Solid Waste Carts.

(1) *Solid Waste Transportation Unit.*

a. Any Solid Waste transportation unit operated in the City of Grand Rapids shall have the name of the duly licensed Waste Hauler, the address and telephone number plainly marked upon both sides of the vehicle in a place and color plainly visible, in letters and figures of three (3) inches or more.

b. A Solid Waste transporting unit shall not be parked in a residential area longer than necessary to collect Solid Waste unless within a completely enclosed garage or building. A Solid Waste transporting unit shall not be parked, stored or established at any location so as to cause a nuisance or hazard to health.

(2) *Identification of Solid Waste Containers.*

a. Solid Waste Containers having a capacity of at least one-half (½) cubic yard shall be plainly marked with the name and current street address or the name and current telephone number of the Waste Hauler which collects Solid Waste from or transports Solid Waste within the Solid Waste Container. The name and current street address or the name and current telephone number of the Waste Hauler shall be plainly marked on at least three (3) sides of the Solid Waste Container in letters and figures not less than three (3) inches in height.

b. The Waste Hauler collecting Solid Waste from or transporting the Solid Waste Container having a capacity of at least one-half (½) cubic yard shall be responsible for complying with this Section. It shall be a violation of this Section for any Waste Hauler to collect Solid Waste from or to transport such a Solid Waste Container unless the Solid Waste Container has been marked in compliance with this Section.

(Ord. No. 2012-47, § 1, 8-28-12, eff. 9-4-12)

Cross references—Nuisances, Ch. 151; general traffic regulations, Ch. 181.

Sec. 2.12. Insurance Requirements.

An applicant for a Solid Waste Hauler License shall furnish to the City Clerk evidence of Contractor's Motor Vehicle, Bodily Injury and Property Damage Insurance in an amount not less than one million dollars ($1,000,000.00) combined

single limit, one million dollars ($1,000,000.00) per occurrence, with the City of Grand Rapids named as an additional insured on the Policy. In the event of cancellation or non-renewal of any policy required under this Section, the Solid Waste Hauler shall immediately notify the City Clerk of such cancellation or non-renewal.
(Ord. No. 2012-47, § 1, 8-28-12, eff. 9-4-12)

Sec. 2.13. Reserved.

Sec. 2.14. Delivery of Combustible Waste.

(1) Waste Haulers shall (a) deliver to the WTE all Combustible Waste collected or transported from a Site of Generation within the City and (b) pay the Tipping Fee for delivery of such Waste at the WTE (unless otherwise provided by contract between the City and the Waste Hauler). No Waste Hauler shall deliver Combustible Waste collected or transported from a Site of Generation within the City to any Disposal Site other than the WTE.

(2) Waste Haulers shall deliver to the WTE all Combustible Waste regardless of whether the Combustible Waste is transported in the same load or vehicle as Solid Waste which is not Combustible Waste. This requirement shall be absolute and unconditional unless the Board of Public Works, acting through its designated representatives, has made a prior written determination that a specific load of waste consists primarily of waste which would not be accepted for delivery at the WTE. Such a written determination of the Board of Public Works shall not be applicable to waste collected from any Site of Generation, any load or vehicle, any Waste Hauler or any facts or circumstances, other than those expressly identified in the written determination.

(3) Waste Haulers shall not deliver Combustible Waste to a site for site separation of recyclable materials unless the Board of Public Works, acting through its designated representatives, after request of the Waste Hauler, has made a prior written determination that such delivery does not violate this Ordinance. Such a written determination shall not be applicable to waste collected from any Site of Generation, any load or vehicle, any Waste Hauler, or any facts or circumstances other than those expressly identified in the written determination. A written determination pursuant to this Section shall not relieve the Waste Hauler from the obligation to deliver to the WTE all Combustible Waste remaining in a load after site separation of recyclable materials.

(4) Waste Haulers shall not deliver Hazardous Waste to the WTE.

(5) Notwithstanding any other provision of this Chapter, Waste Haulers shall not be prohibited from transporting Combustible Waste collected from a Site of Generation within the City for disposal at any Disposal Site located outside the State of Michigan.
(Ord. No. 2012-47, § 1, 8-28-12, eff. 9-4-12)

Sec. 2.15. Compliance with Laws, Rules and Regulations.

Waste Haulers shall comply with the Act 451 Plan and all applicable Federal and State laws, statutes, rules and regulations (including, but not limited to, Act 451 and administrative rules promulgated pursuant to Act 451) in the collection, transportation, delivery, and disposal of Combustible Waste. Waste Haulers shall also comply with all rules and regulations of the Board of Public Works for the administration and operation of the WTE (including, without limitation, rules and regulations prohibiting delivery of loads consisting primarily of unacceptable waste as solely determined by the Board of Public Works acting through its designated representatives) and other Disposal Sites of the Kent County Refuse Disposal System.
(Ord. No. 2012-47, § 1, 8-28-12, eff. 9-4-12)

Sec. 2.16. Penalties.

(1) Any violation of this Chapter or the Regulations promulgated under the authority of this Chapter may result in termination or suspension of Solid Waste collection service, according to the procedures set forth in the Regulations for such termination or suspension of collection service.

(2) Any violation of this Chapter or the Regulations promulgated under the authority of this Chapter committed by any Waste Hauler may

result in suspension or revocation of such Waste Hauler's license in accordance with Chapter 91 of the City Code.

(3) Notwithstanding any other provision of this Chapter, any violation of either this Chapter or the Regulations promulgated under the authority of this Chapter that is deemed to be a Nuisance under Chapter 151 of this Code shall be subject to abatement and all other remedies available under Chapter 151.
(Ord. No. 2012-47, § 1, 8-28-12, eff. 9-4-12)

ARTICLE 1. IN GENERAL

Sec. 2.21. Purpose.

The purpose of this Chapter is to establish standards, rules and regulations with respect to the use of the Grand Rapids Water System; to provide for the rates and charges for the connection to and use of the System.
(Ord. No. 77-57, 11-1-77)

Sec. 2.22. Definitions.

For the purposes of this Chapter, the following words and phrases shall have the meanings respectively ascribed to them by this Section unless the context in which they are used specifically indicates otherwise:

1. *Commercial user* shall mean a person whose premises are used to offer services and/or products such as retail and wholesale stores, gasoline stations, restaurants, schools, churches, hotels, motels, nursing homes, private clubs, theaters and governmental buildings.
2. *Commodity charge* shall mean a variable unit charge payable by a user based on the actual water consumption as determined in this Chapter.
3. *Customer class* shall mean a governmental entity whose citizens receive the service of the System.
4. *Director* shall mean the Director of the Grand Rapids Water System.
5. *Domestic user* shall mean a person whose premises are domiciles for single or multiple family use.
6. *Industrial user* shall mean a person who operates a manufacturing or process facility which is engaged in producing a product.
7. *Intermediate transmission lines* shall mean those pipes which not only transport water to one (1) or more local service areas but also provide local service.
8. *Local distribution lines* shall mean those pipes which serve only the abutting property within only one (1) local service area.
9. *Person* shall mean any individual, firm, partnership, association, public or private corporation or public agency or instrumentality or any other entity receiving water service.
10. *Premises* shall mean each lot or parcel of land or building having any connection to the Water System.
11. *Primary transmission lines* shall mean those pipes whose only function is to transport water to and through one (1) or more local service areas, and to which water connection pipes are not attached.
12. *Service charge* shall mean a fixed charge payable by a user based on the size of his or her water meter.
13. *Water connection pipe* shall mean that pipe connecting the watermain with the premises served. This includes the connection to the watermain or the corporation cock, the shutoff valve, and the valves on the inlet and outlet sides of the meter.
14. *Watermain* shall mean the primary and intermediate transmission and local distribution lines of the System.
15. *Water System* or *System* shall mean the Grand Rapids Water System consisting of all plants, works, instrumentalities, lines and properties now or hereafter existing, used or useful in connection with the obtaining of a water supply, its treatment, distribution and all other necessary functions.
16. *User class* shall mean either a domestic, commercial or industrial group of users.

(Ord. No. 77-57, 11-1-77)

ARTICLE 2. WATER SYSTEM USE

Sec. 2.23. Management of the Water System.

The Grand Rapids Water System shall be and remain under the management, supervision and control of the City Manager who may employ or designate such person or persons in such capacity or capacities as he or she deems advisable to carry out the efficient management and operation of the

System. The City Manager or his or her designee may make such rules, orders or regulations as he or she deems advisable and necessary to assure the efficient management and operation of the System; subject, however, to the rights, powers and duties with respect thereto which are reserved by law to the City Commission of Grand Rapids.
(Ord. No. 77-57, 11-1-77)

Sec. 2.23.1 Public water connection required.

The owner of each house, building or other structure equipped with plumbing fixtures and used for human occupancy, employment, recreation or other potable use, e.g., domestic use, situated within or outside the City and abutting any street, alley, right-of-way or public utility easement in which there is located, or may in the future be located, a public watermain served by the City Water System, shall, at her, his or its expense, install suitable plumbing facilities therein and to connect such facilities directly to the public watermain, provided said public watermain is within a two hundred (200) foot radius of the house, building or other structure where connection will occur and, provided further, such connection shall not be required to a house, building or other structure where on the effective date of this Section it was served by a private water well until such time as such private water well fails and the local health agency governing private water wells has determined that such failure exists and that it is unable to issue a permit for repair or replacement of such failed well within the parcel of property where the failed well is located. Well failure shall be as determined and defined by the local health agency governing private water wells within the areas served by the Water System. Except as provided in the immediately preceding sentences, all domestic water usage at such connected house, building or structure shall be through the Water System; private wells shall not be permitted to provide domestic water service to such house, building or structure; and once connected to the public Water System disconnection shall be prohibited. It shall be the owner's responsibility to plug or cap the abandoned domestic water well and contact the local health agency that governs private water wells for proper procedures for plugging and capping such abandoned domestic water wells. Notwithstanding any current or future agreement between the City and another municipality being served by the City Water System, said municipality shall have the option of adopting the provisions of this section.
(Ord. No. 2010-64, § 1, 11-30-10)

Sec. 2.24. Standards and Regulations.

Standards and regulations established in this Chapter or pursuant hereto are deemed to be the absolute minimum consistent with the preservation of the public health, safety and welfare and to fulfill the obligations of the City with respect to State and Federal Law and all rules and regulations adopted pursuant thereto.
(Ord. No. 77-57, 11-1-77)

Sec. 2.25. Use of the Water System.

Any person conforming to the standards, rules and regulations established in or pursuant to this Chapter shall be permitted to receive water provided there exists adequate water lines to which he or she can connect.
(Ord. No. 77-57, 11-1-77)

Sec. 2.26. Service Connection.

(1) Application for water connection shall be made to the System on forms prescribed and furnished by it. Water connections and water meters shall be installed in accordance with the rules and regulations of this System and upon the payment of the required charges and fees.

(2) The City Commission of the City of Grand Rapids finds that the elimination of lead pipe water service connections from within the City is in the best interests of its citizens and will promote the public health, safety and welfare. Therefore, it is the public policy of the City Commission to encourage and facilitate the elimination of such lead pipes through the provisions of sub-section (3) hereof, and it is further the intent of the City Commission that such provisions be liberally construed to further this public policy.

(3) The City will assist residential property owners to eliminate lead pipe water service connections in the following situations, under the following terms and conditions:

(a) Category A. Whenever the City undertakes a street, watermain, or sewer main construction or improvement project and the City Engineer deems that the nature of the project lends itself to the elimination and replacement of lead pipe water service connections with a minimum of additional cost and disruption of sidewalks and other improvements, the City Engineer will notify the owners of all residential properties abutting the project for which the lead pipe water service connections could be replaced during project construction with such minimum cost and disruption that they can have such connections replaced at their cost at the then current standard Category A rates established by resolution of the City Commission pursuant to this sub-section. Such notice shall be by such means as shall be reasonably calculated to provide actual notice and understanding of the options available. The City Engineer shall keep an appropriate record of all such notices and the responses received. Notices given under this Category A must specify a date by which an affirmative response must be received in order to receive the advantages of minimum disruption and the rates established for Category A.

(b) Category B. For those residential properties which abutted a City project described in (a) above completed not more than three (3) years previously and whose then current owners had received notice of the opportunity to eliminate and replace their lead pipe water service connections at Category A rates but declined to do so, the current owners may apply for replacement of such service connections at their cost at the then current standard Category B rates established by resolution of the City Commission pursuant to this subsection.

(c) Category C. For those residential properties which do not abut a current project described in (1) above and have not abutted such a project which has been completed less than three (3) years previously, the owners may apply for replacement of their lead pipe water service connections at their cost at the then current standard Category C rates established by resolution of the City Commission pursuant to this sub-section.

(d) The City Commission by resolution from time to time shall establish standard rates for each of the three (3) separate categories of properties stated above. In the establishment of such rates, the City Commission shall consider the actual cost differences and the differing degree of disruption of sidewalks and other facilities caused by elimination and replacement of lead pipe water service connections under the three (3) categories of properties, as well as any other factors it deems relevant. For the first year, the rates may be established after some replacement has already occurred and, thus, in setting these initial rates, the City Commission should consider, among other factors, any estimates of costs the City Engineer may have made regarding such replacement.

(e) The City Engineer shall establish, and pre-qualify as he or she deems appropriate, a list of licensed plumbing contractors who are willing to eliminate and replace lead pipe water service connections at the rates established by the City Commission. This list shall be provided to all property owners who wish to have their lead pipe water service connections eliminated and replaced, who can then arrange to have such work performed by any contractor on this approved list.

(f) All property owners electing to replace their lead pipe water service connections pursuant to this sub-section shall have the option of either paying off the full cost of the replacement at the established rates within thirty (30) days after comple-

tion of the work or of paying for the work at the established rates in a maximum of ten (10) annual installments of not less than one hundred dollars ($100.00) each, with interest at a rate as shall be established or adjusted from time to time by resolution of the City Commission. They shall elect their option by executing a written agreement in recordable form with the City Engineer prior to the performance of the work on their water service connection. This agreement shall state the language of (g) below. If the property owner elects to pay in installments, the City Engineer shall promptly record the agreement with the Kent County Register of Deeds and promptly provide the City Treasurer with a copy thereof. If the property owner elects to pay off the full cost within thirty (30) days, the City Engineer shall promptly provide the City Treasurer with a copy of the agreement; in such case, the City Engineer shall record the agreement with the Kent County Register of Deeds only if full payment is not received within thirty (30) days from the completion of the work.

(g) The cost of the work shall immediately and automatically become a lien against the premises for which the work is done as soon as such work is completed. Such lien shall be of the same character, and any late payments for the cost of such work, shall be subject to the same methods of collection, including penalties, interest, and late charges, as prescribed for special assessments in Chapter 10 of this Code.

(Ord. No. 77-57, 11-1-77; Ord. No. 92-40, §§ 1, 2, 7-14-92; Ord. No. 2016-13, § 1, 3-29-16)

Sec. 2.27. Meters.

All premises using water shall be metered except as otherwise may be provided in this Chapter. All meters shall be the property of the System. No person except an authorized City employee shall break or injure the seal or change the location of, or alter or interfere in any way with, any water meter.
(Ord. No. 77-57, 11-1-77)

Sec. 2.28. Inspection.

The Director and other duly authorized employees of the City bearing proper credentials and identification shall be permitted to enter upon all properties at reasonable times for the purpose of inspection, observation, measurement, sampling and testing in accordance with the provisions of this Chapter. Any person who applies for and/or receives water from the Water System under this Chapter shall be deemed to have consented to inspections pursuant to this Section, including entrance upon that person's property at reasonable times to make inspections.
(Ord. No. 77-57, 11-1-77)

Sec. 2.29. Hydrant Use.

No person, except an authorized employee of the City in the performance of his or her duties, shall open or use any fire hydrant except in case of emergency, without first securing permission from the Director and paying such charges as may be prescribed in the rules and regulations.
(Ord. No. 77-57, 11-1-77)

Sec. 2.30. Restricting Water Use.

The City Manager, or his or her designee, may regulate, limit or prohibit the use of water for any purpose. Such regulations shall restrict less essential water uses to the extent deemed necessary to assure an adequate supply for essential needs and for fire fighting.
(Ord. No. 77-57, 11-1-77)

Sec. 2.31. Protection from Damage.

No unauthorized person shall maliciously, willfully or negligently break, damage, destroy, uncover, deface or tamper with or alter, any structure, property, appurtenance, equipment or any other item which is part of the Water System.
(Ord. No. 77-57, 11-1-77)

Sec. 2.32. Enforcement.

Any person found to be violating any of the provisions of this Chapter shall be guilty of a violation of this Code. The Director is hereby authorized to bring any appropriate action in the name of the City of Grand Rapids as may be

necessary or desirable to restrain or enjoin any public nuisance, to enforce any of the provisions of this Chapter, to initiate criminal prosecution, and in general to carry out the intent and purpose of this Chapter.
(Ord. No. 77-57, 11-1-77)

Cross reference—General penalty, § 1.13.

ARTICLE 3. USE CHARGES

Sec. 2.33. Purpose and Establishment of Rates and Charges.

Rates and charges for the installation of, connection to (including meter installation and setting charges), and use of the Water System are hereby established for the purpose of recovering the costs of construction, reconstruction, maintenance, operation, and replacement of the System. Such rates and charges along with fees, penalties and miscellaneous charges shall be established from time to time by resolution of the City Commission in accordance with the provisions hereinafter set forth. Rates and charges shall be made against all premises which use the System. The annual rate study conducted by the City and proposed changes in rates and charges and related fees, penalties and other miscellaneous charges along with explanatory materials shall be filed with the City Clerk at least twenty (20) days prior to the City Commission's consideration of an approval resolution for public review and comment. Notice of such filing and opportunity for review and comment shall be published in a newspaper of general circulation in the City and posted on the City's website at least twenty (20) days prior to consideration of the resolution by the City Commission.
(Ord. No. 77-57, 11-1-77; Ord. No. 2015-63, § 1, 10-27-15)

Sec. 2.34. Local Distribution Charges.

(1) Whenever a watermain used for local distribution is constructed either through a special assessment project or as may be ordered or required by law, the property owners for whom the line is designed shall each pay their share of the cost of installation. Similarly, any property owner requesting service who has not previously paid his or her share of the cost of constructing the watermain used for local distribution shall pay those costs before service is permitted.

(2) The charge shall be established as provided in Section 2.33 and shall be known as the front foot rate and be determined by multiplying the rate per foot by the number of feet the property owner has fronting on the watermain used for local distribution. This charge will be annually reviewed and may change to reflect the current average cost of installation of local distribution lines.

(3) If the City Commission shall determine that it is not advisable to collect the front foot rate at the time of construction or connection (if not previously paid at the time of construction), it may direct that the cost be borne initially by the System and subsequently be collected from the property owner in accordance with this Section.

(4) Upon completion of construction or at the time connection is requested (if this cost has not been paid at the time of construction), the City Engineer shall certify to the City Comptroller the cost to be charged to the property owner. The Comptroller shall in turn certify the amount thereof to the City Treasurer. The City Treasurer shall bill the owner of the premises affected advising him or her that unless the amount so billed is paid within thirty (30) days from the date of mailing that the same shall be presented to the City Commission at the first meeting thereof after the expiration of thirty (30) days for assessment against said premises as a special assessment. In the event the bill for such installation and connection is not paid within thirty (30) days from the date said notice is mailed, the City Treasurer shall report the same to the City Commission which shall examine the same and if found by it to be correct shall confirm it as a special assessment against the premises affected, at which time the City Commission shall also direct the number of installments into which the same shall be divided, and shall direct the City Assessor to extend the same upon the tax roll as a special assessment in the manner provided in Chapter 10 of this Code. All collection procedures

for special assessments established in Chapter 10 of this Code shall be applicable to assessments made hereunder.

(5) In lieu of the procedure above described, such installations and connections may be made at the expense of the System when the owner of the premises signs a written agreement agreeing to pay the expense of such installation and connections upon terms agreeable to the City Manager and that the unpaid balance shall constitute a lien upon his or her property of the same character and subject to the same methods of collection as prescribed for special assessments in Chapter 10 of this Code.
(Ord. No. 77-57, 11-1-77; Ord. No. 78-2, 1-10-78; Ord. No. 78-92, 12-19-78; Ord. No. 79-90, 12-18-79; Ord. No. 81-6, 1-20-81; Ord. No. 81-77, 9-22-81; Ord. No. 81-88, 12-15-81; Ord. No. 2012-63, § 1, 12-18-12; Ord. No. 2013-86, § 1, 12-17-13; Ord. No. 2014-87, § 1, 12-16-14; Ord. No. 2015-63, § 2, 10-27-15)

Sec. 2.35. Integrated Water Connection Fee Schedule.

(1) When a property owner or user is requested or required to connect to the System and has not previously paid or been assessed a connection fee, a connection fee in accordance with a connection fee schedule established as provided in Section 2.33 shall apply.

(2) Except as otherwise provided in the immediately succeeding paragraph, the foregoing integrated water connection base fee schedule for single-family and multi-family residential dwelling units shall be adjusted upward and downward as follows: A single-family residential dwelling unit located on a parcel containing twenty thousand (20,000) square feet shall pay the applicable integrated connection fee in accordance with the foregoing schedule. When determining the square footage of a residential parcel for the purposes of determining the appropriate integrated connection fee, parcel size may be adjusted downward to take into consideration such things as wetlands, lakes, streams and other unusual characteristics of the parcel in accordance with policies approved from time to time by the Utility Advisory Board. To the extent the size of a parcel, as adjusted, is greater than or less than twenty thousand (20,000) square feet, one-half (½) the applicable integrated connection fee will increase or decrease by the same percentage increase or decrease in the parcel above or below twenty thousand (20,000) square feet. In the case of multi-family residential dwellings, in order to determine the size of the parcel assigned to each dwelling unit for purposes of calculating the integrated connection fee to be paid by each multi-family residential dwelling unit, the total square footage of the parcel, as adjusted, on which the multi-family residential dwelling is located shall be divided by the total number of residential units. Notwithstanding any other provision in this subsection, the integrated connection fee for a single-family residential dwelling unit or multi-family residential dwelling unit shall not exceed four and one-half (4½) times the applicable base integrated connection fee set forth in the foregoing schedule.

There shall be no upward adjustment in the integrated water service connection fee payable for a single-family residential dwelling unit connecting to the Water System if (a) each of the following conditions are met (1) a building permit shall have been obtained, (2) the dwelling unit shall have been constructed, and (3) a certificate of occupancy shall have been issued prior to January 1, 2000 or (b) local building permit fees

have been paid to the local governmental unit prior to January 1, 2000 for a single-family residential dwelling unit to be constructed on or after January 1, 2000. When connecting to the Water System, Users living in or owning such single-family residential dwelling units shall pay the applicable base integrated connection fee set forth in the Integrated Water Connection Base Fee Schedule adjusted downward, if applicable, in accordance with the immediate preceding paragraph.

Effective January 1, 2005 and January 1st of every year thereafter, the Integrated Water Connection Base Fees shall be adjusted by a percentage, which is determined by the annual change in the Consumer Price Index (the "Index") calculated as follows:

(a) The Consumer Price Index shall be that Index referred to as the Consumer Price Index, US City Average, All Urban Consumers, published by the U.S. Department of Labor-Bureau of Statistics ((1982-84)=100). In the event the method of determining the Index is substantially altered, the basis for determining the annual change thereafter shall be the Index which is most comparable to the Index described above.

(b) For the purpose of computing the percentage change each calendar year, the Index for the month of August for the prior calendar year shall be subtracted from the Index for the immediately preceding August. The result so obtained (if positive) shall be divided by the Index for the month of August for the prior calendar year to obtain the percentage increase which shall be applied to the then current Integrated Water Connection Base Fee Schedule to determine the new calendar year schedule.

The foregoing Integrated Connection Fee is due and payable at the time a User receives a permit to connect to the Water System. A permit issued by the City to connect to the Water System shall expire one hundred eighty (180) days from the date the permit was issued.

The user receiving services who applies for a larger water meter than the one presently in service shall pay an Integrated Connection Fee which is the difference in cost between the meter size in service and the one applied for in accordance with the Integrated Connection Fee in effect at the time of application. No credit or rebate shall be made in the case of application for a smaller meter size.

Existing commercial and industrial customers may request the installation of an additional meter to measure water used solely for irrigation purposes. There shall be no Integrated Connection Fee for the additional meter provided combined maximum capacity as defined by the American Water Works Association Standards C700-90 and C702-92, as amended, does not exceed the maximum capacity of the original meter. If the original maximum capacity is exceeded, the customer shall pay as an Integrated Connection Fee the difference between the fee for the original meter and what the fee would be if the maximum capacities of all meters were totaled. The additional Integrated Connection Fee shall be based upon the fees in effect at the time of installation of the additional meter.

Cross reference—Sewer and water connections, determination of necessity, §§ 4.11, 4.12.

Sec. 2.36. Water Use Charges.

The rates and charges for water service furnished by the System shall be charged to all persons within or without the City Limits using or benefiting from the System. Such rates and/or

charges shall reflect the proportionate cost actually incurred to provide service to the users within the governmental unit in which they reside. For those users of the System outside the City Limits, charges shall be based on the proportionate cost actually incurred to provide service to the users within the governmental entity in which they reside.
(Ord. No. 77-57, 11-1-77)

Sec. 2.37. User Classes.

For the purpose of determining retail user charges, the following user classes are established:

(1) Domestic.

(2) Commercial.

(3) Industrial.
(Ord. No. 77-57, 11-1-77)

Sec. 2.38. Determination of User Charges.

There shall be a two-part rate for users consisting of a commodity charge and a monthly service charge. The commodity charge shall be based on the actual water consumption as determined by this Chapter and the rules and regulations of the System. The monthly service charge shall be based on the size of the water meter as determined by this Chapter.
(Ord. No. 77-57, 11-1-77)

ARTICLE 4. WATER RATES AND CHARGES

Sec. 2.39. Applicability.

The users of the System complying with the provisions of this Chapter and rules and regulations duly adopted pursuant to this Chapter shall pay rates and charges established as provided in Section 2.33. Such rates and charges shall be designed to produce revenues which are proportionate to the cost of providing service to each user class of such customer class. Such cost shall include, but not be limited to, the cost of operation, maintenance, replacement, depreciation and a rate of return on the System's investment.
(Ord. No. 77-57, 11-1-77; Ord. No. 2015-63, § 4, 10-27-15)

Sec. 2.40. Rates and Charges for Retail Customers Within the City of Grand Rapids.

The rates and charges for water service provided retail users within the City shall be as established pursuant to Section 2.33.

(Ord. No. 77-57, 11-1-77; Ord. No. 78-92, 12-19-78; Ord. No. 79-90, 12-18-79; Ord. No. 81-6, 1-20-81; Ord. No. 81-88, 12-15-81; Ord. No. 82-87, 12-21-82; Ord. No. 83-75, § 2, 12-20-83; Ord. No. 96-48, § 3, 12-17-96; Ord. No. 97-62, § 3, 12-16-97; Ord. No. 98-59, § 3, 12-15-98; Ord. No. 99-71, § 2, 12-14-99; Ord. No. 2000-71, § 2, 12-12-00; Ord. No. 2001-51, § 2, 12-11-01; Ord. No. 2002-69, § 2, 12-10-02; Ord. No. 2003-53, § 1, 12-23-03; Ord. No. 2004-81, § 3, 12-21-04; Ord. No. 2005-98, § 3, 12-20-05; Ord. No. 2006-81, § 3, 12-19-06; Ord. No. 2007-69, § 3, 12-18-07; Ord. No. 2008-54, § 3, 12-23-08; Ord. No. 2009-66, 12-15-09; Ord. No. 2010-72, § 3, 12-21-10; Ord. No. 2011-58, § 3, 12-20-11; Ord. No. 2012-63, § 3, 12-18-12; Ord. No. 2013-86, § 3, 12-17-13; Ord. No. 2014-87, § 3, 12-16-14; Ord. No. 2015-63, § 5, 10-27-15)

Sec. 2.41. Fire Protection Charge.

The fire protection charge is a flat fee for fire protection based on the size of the fire protection connection pipe. The charge is payable in advance and shall be as established pursuant to Section 2.33.
(Ord. No. 88-76, § 4, 12-20-88; Ord. No. 89-84, § 3, 12-19-89; Ord. No. 2009-66, § 2, 12-15-09; Ord. No. 2010-72, § 4, 12-21-10; Ord. No. 2015-63, § 6, 10-27-15)

Sec. 2.41.1. Miscellaneous charges.

(1) Water Service Pipe Costs shall be established pursuant to Section 2.33.

(2) Miscellaneous Charges for hydrant use, tapping permits, meter installation and seasonal turn off/on, frozen/damaged/missing meter, meter reading, security deposit, miscellaneous permit and inspection fees, service charges and penalties shall be as established pursuant to Section 2.33.

(3) Watermain Oversizing Rates shall be as established pursuant to Section 2.33.
(Ord. No. 2012-63, § 4, 12-18-12; Ord. No. 2013-86, § 4, 12-17-13; Ord. No. 2014-87, § 4, 12-16-14; Ord. No. 2015-63, § 7, 10-27-15)

Sec. 2.41.2. Circuit Breaker.

As agreed among the customer communities per the Uniform Water and Sewer Service Agreement, the Individual Circuit Breaker (ICB) and City and Customer Community Circuit Breaker programs have been established in order to relieve hardship. The former program serves to assist eligible water customers, and the latter program serves to normalize rates among customer communities to the extent that funds are available for such purpose. These programs shall be administered according to the terms of the Uniform Water and Sewer Service Agreement. The amount allocated for this purpose shall be established pursuant to Section 2.33.
(Ord. No. 2012-63, § 5, 12-18-12; Ord. No. 2013-86, § 5, 12-17-13; Ord. No. 2014-87, § 5, 12-16-14; Ord. No. 2015-63, § 8, 10-27-15)

Sec. 2.42. Review of Rates and Charges.

Annually, after the close of the fiscal year and prior to the adoption of the System's budget, there shall be a review of the rates and charges. Upon completion of the review, a report shall be prepared and presented to the City Commission summarizing the review and recommending rates and charges which assure that all the costs of the System will be recovered from customer and user classes proportionately to the cost of providing service to them.
(Ord. No. 77-57, 11-1-77)

Sec. 2.43. Billing.

Bills for water service shall be rendered in accordance with the established rules and regulations of the System.
(Ord. No. 77-57, 11-1-77)

Sec. 2.44. Enforcement.

Delinquent bills shall be collected as provided in the rules and regulations. The water service may be turned off to any premises to enforce the payment of water service charges in accordance with the rules and regulations. Water service shall not be reinstated until all the requirements of the rules and regulations are complied with.
(Ord. No. 77-57, 11-1-77)

Sec. 2.45. Effective Date.

This Ordinance shall take immediate effect, however, the rates, charges, fees, penalties, and miscellaneous charges and other established amounts set forth in Sections 2.34(2), 2.35(1), 2.40, 2.41, 2.41.1(1), (2) and (3) and 2.41.2 effective prior to the effective date of this Ordinance shall remain in effect through December 31, 2015.
(Ord. No. 77-57, 11-1-77; Ord. No. 78-92, 12-19-78; Ord. No. 79-90, 12-18-79; Ord. No. 81-6, 1-20-81; Ord. No. 81-88, 12-15-81; Ord. No. 82-87, 12-21-82; Ord. No. 83-75, § 4, 12-20-83; Ord. No. 84-84, § 3, 12-11-84; Ord. No. 85-81, § 3, 12-17-85; Ord. No. 86-73, § 3, 12-16-86; Ord. No. 87-88, § 3, 12-29-87; Ord. No. 88-76, § 3, 12-20-88; Ord. No. 89-84, § 3, 12-19-89; Ord. No. 2006-81, § 4, 12-19-06; Ord. No. 2007-69, § 4, 12-18-07; Ord. No. 2008-54, § 4, 12-23-08; Ord. No. 2009-66, § 4, 12-15-09; Ord. No. 2010-72, § 5, 12-21-10; Ord.

No. 2011-58, § 4, 12-20-11; Ord. No. 2012-63, § 6, 12-18-12; Ord. No. 2013-86, § 6, 12-17-13; Ord. No. 2014-87, § 6, 12-16-14; Ord. No. 2015-63, § 9, 10-27-15)

ARTICLE 5. WATER COOLED AIR CONDITIONING*

Sec. 2.46. Purpose.

The City Commission hereby declares that the health, welfare and safety of the people of this City requires water conservation on the part of the users of water cooled air-conditioning Systems so that the normal use of water for residential and industrial purposes will not be jeopardized.
(Ord. No. 80-53, 7-1-80)

Sec. 2.47. Definitions.

For purposes of this Article, the following words and phrases shall have the following meanings:

(1) *Water cooled air-conditioning system* shall mean any combination of equipment, whether compressor type, or other type, by which heat is removed from the air or refrigerant by the use of water for the purpose of space cooling.

(2) *Approved type* is a water cooled air-conditioning system:

a. Which is equipped with cooling tower, atmospheric condenser, spray pond, or other equipment which shall directly or directly cool refrigerant, and

b. Which uses water from the Water System only for make-up water to replace water lost by evaporation or by flushing of the equipment, and

c. Which uses an average of less than eight (8) gallons of water from the Water System per hour per ton of cooling capacity when the unit is operating.

(3) *Nonapproved type* is a water cooled air-conditioning system which uses water as a cooling medium and not conforming to the requirements defined in Section 2.47(2).

(4) *Rated capacity.* The rated capacity of a water cooled air-conditioning system in tons shall be the twenty-four-hour heat removal capacity in BTUs divided by 288,000.
(Ord. No. 80-53, 7-1-80)

Sec. 2.48. Prohibited Installations and Operations.

No person shall install any water cooled air-conditioning equipment that is of the nonapproved type and which uses a supply of water from the City's Public Water System. Nor shall any person modify any existing approved type to a nonapproved type which is prohibited by this Section. Nor shall any person use or operate any water cooled air-conditioning equipment which has been installed or modified in violation of this Section.
(Ord. No. 80-53, 7-1-80)

Sec. 2.49. Penalty.

Any person who shall be found guilty of violating Section 2.48 shall be subject to penalty as provided by Chapter 1, Section 1.13 of this Code.
(Ord. No. 80-53, 7-1-80)

ARTICLE 1. IN GENERAL

Sec. 2.60. Findings.

The City Commission hereby finds the following:

(1) That there is a need to assure the quality of the wastewater discharged by the Publicly Owned Treatment Works (POTW) to prevent the degradation of the Grand River;

(2) That there is a need to protect the biological systems, operation and infrastructure through the regulation of discharge into the POTW;

(3) That there is a need for the City to enhance its ability to regulate the discharge of wastewater to the POTW consistent with local, State and Federal laws.

(Ord. No. 2010-38, § 1, 7-13-10)

Sec. 2.61. Purposes and Objectives.

The purpose of this Chapter is to establish standards, rules and regulations, with respect to the use of the POTW, to provide for rates and charges for connection to and use of the System, to establish limits for the discharge of pollutants into the System and to prevent the pollution of the environment.

(1) This Chapter sets forth requirements for dischargers into the Grand Rapids wastewater collection and treatment systems, and enables the Grand Rapids system to protect the public health and environment in conformity with all applicable State and Federal laws relating thereto.

(2) The objectives of this Chapter are:

(a) To prevent the introduction of pollutants into the POTW which interfere with the normal operation of the System or contaminate the resulting sludge.

(b) To prevent the introduction of pollutants into the POTW which do not receive adequate treatment in the POTW and which will pass through the System into receiving waters or the atmosphere or otherwise be incompatible with the System.

(c) To improve the opportunity to recycle and reclaim wastewater and sludge from the System.

(3) This Chapter provides for the issuance of permits, and discharge authorizations, for the regulation of discharges into the POTW.

(Ord. No. 2010-38, § 1, 7-13-10)

Sec. 2.62. Definitions.

For the purposes of this Chapter, the following words and phrases shall have the meanings respectively ascribed to them by this Section unless the context in which they are used specifically indicates otherwise:

(1) *Authorized Representative* - In general, as described in 40 CFR 403.12 (l)(1), (2), (3), and (4). See below for details in regard to specific situations.

(a) In the case of a corporation, a president, secretary, treasurer or vice president of the corporation in charge of a principal business function, or any other person who performs similar policy or decision-making functions for the corporation; or

(b) In the case of a limited liability company a principal managing member or the member in charge of the principal business functions;

(c) In the case of a partnership or proprietorship, a general partner or proprietor; and

(d) An authorized representative of the individual designated above if: (i) such a representative is responsible for the overall operation of the facilities from which the discharge into the POTW originates; (ii) the authorization is in writing; and (iii) the written authorization is submitted to the POTW.

(2) *BOD - Biochemical Oxygen Demand* is an empirical test in which standardized laboratory procedures are used to determine

the relative oxygen requirements of wastewaters, effluents and polluted water. The approved laboratory procedures are listed in Title 40 Part 136 of the Code of Federal Regulations, specifically in the method for the "Five (5) Day BOD Test".

(3) *Best Management Practices* or *BMPs* - Schedules of activities, prohibitions of practices, maintenance procedures, and other management practices to implement the prohibitions listed in Section 2.66. BMPs include treatment requirements, operating procedures, and practices to control plant site runoff, spillage or leaks, sludge or waste disposal, or drainage from raw materials storage.

(4) *Building Inspections* - The Building Inspections Division of the Grand Rapids Department of Neighborhood Improvement.

(5) *Bypass* - The intentional diversion of waste streams from any portion of an Industrial User's treatment facility.

(6) *Categorical Pretreatment Standards* - National Pretreatment Standards specifying quantities or concentrations of pollutants or pollutant properties which may be discharged or introduced into a POTW by specific Industrial Dischargers.

(7) *City* - The City of Grand Rapids.

(8) *City Manager* - The City Manager of the City of Grand Rapids and any persons designated to act on behalf of the City Manager in the administration or enforcement of this Chapter.

(9) *Clean Water Act* - The Federal Water Pollution Control Act, 33 USC Sec. 1251 et seq., as amended and applicable regulations promulgated thereunder.

(10) *Combined Sewer* - Any sewer designed or intended to receive both stormwater and sewage.

(11) *Combined Waste Stream Formula* - The waste stream at industrial facilities where regulated process effluent is mixed prior to treatment with wastewaters other than those generated by the regulated process. Where required by Federal or State law, and only to the extent required by Federal or State law, the combined waste stream formula provided in 40 CFR 403.6(e) and Rule 323.2311(7) MAC will apply to the limits applicable to a combined waste stream.

(12) *Commercial User* - A person or entity whose premises are used to offer services and/or products such as retail and wholesale stores, gasoline stations, restaurants, schools, churches, hotels, motels, nursing homes, hospitals, warehouses, private clubs, theaters and governmental buildings. However, some Commercial Users may also be designated as Significant Industrial Users (SIU) should they meet the criteria established in 40 CFR 403.3(t), Rule 323.2302(cc) of the MAC and Section 2.62(45) of this Chapter.

(13) *Commodity Rate* - Means a variable unit charge payable by a User based on metered water consumption.

(14) *Compliance Schedule* - A schedule consisting of one (1) or more milestone dates required for corrections, additions or modifications of treatment systems or related pollution prevention or control activities as a result of enforcement actions, expansions or changes in operations or changes in local or categorical treatment standards. Compliance schedules do not preclude additional enforcement actions due to violations of requirements of this Chapter.

(15) *Confined Space, Permit Required* - Space defined by reference to Part 90 of Act No. 154 of the Public Acts of 1974, as amended, § 408.1001 of the Michigan Compiled Laws.

(16) *Cross-Media Electronic Reporting Regulation (CROMERR)* - An Environmental Protection Agency approved system allowing states, tribes, and local governments that receive or plan to begin receiving electronic documents in lieu of paper documents to satisfy regulations under an authorized program.

(17) *Discharge Authorization* - Written authorization provided by the City Manager specifying the conditions for discharge of a one time or short term duration discharge, or other discharges not meeting the definition of Significant Industrial User, including, but not limited to cooling tower water and silver recovery unit discharges.

(18) *Discharger* - Any person or entity owning, controlling or operating any real property which directly or indirectly utilizes the POTW. Discharger also means any employee, officer, director, partner, member, contractor or other person who participates in, or is legally or factually responsible for, any act or omission which is a violation of this Chapter or which results in a violation of this Chapter. This definition shall be interpreted broadly to include any person or entity who participates in an act or omission that results in a violation of this Chapter.

(19) *Domestic User* - A person or entity whose premises are domiciles for single or multiple family use.

(20) *Effluent* - Waste material (as smoke, liquid, industrial refuse or sewage) discharged into the POTW.

(21) *Enforcement Action* - Action taken by the City to return a User into a state of compliance with the standards established in this Chapter of this Code. This may include, but is not limited to, fines, penalties and compliance schedules.

(22) *Garbage* - Animal and plant waste resulting from the handling, preparation and cooking of foods.

(23) *Industrial Effluent* - Waste matter or material discharged into the POTW from any non-domestic source subject to regulation under Section 307(b), (c), or (d) of the Clean Water Act.

(24) *Industrial User* - Any person or entity that discharges into the POTW from any non-domestic source subject to regulation under Section 307(b), (c), or (d) of the Clean Water Act.

(25) *Industrial Waste* - Solid, liquid or gaseous waste resulting from any industrial, manufacturing, trade or business process or from the development, recovery or processing of natural resources.

(26) *Infiltration* - The water entering a sewer system, including sewer service connections, from the ground, through such manner as, but not limited to, defective pipes, pipe joints, connections or manhole walls. Infiltration does not include, and is distinguished from, inflow.

(27) *Inflow* - The water discharged into a sewer system, including service connections from such sources as, but not limited to, roof leaders, cellar, yard and area drains, foundation drains, cooling water discharges, drains from springs and swampy areas, manhole covers, cross connections from storm drains and combined sewers, catch basins, stormwater, surface run-off, street wash waters or drainage. Inflow does not include, and is distinguished from, infiltration.

(28) *Interceptor Sewer Lines* - Those lines whose basic function is to collect wastewater from two (2) or more separate trunk sewer lines and to transport such wastewater to the sewage treatment plant.

(29) *Interference* - A discharge, which, alone or in conjunction with a discharge or discharges from other sources, inhibits or disrupts the POTW collection, treatment processes or operations, or its sludge processes or operations, use, disposal, and causes a violation of any requirement of the POTW's NPDES Permit (including an increase in the magnitude or duration of the violation) or of the prevention of sewage sludge use or disposal in compliance with the following statutory provisions and regulations or permits issued thereunder, or any more stringent State or Local regulations: Section 405 of the Clean Water Act, the Solid Waste Disposal Act (SWDA) (including Title II, more commonly referred to as the Resource Conservation and Recovery Act (RCRA)), and

including State regulations contained in any State sludge management plan prepared pursuant to Subtitle D of the Solid Waste Disposal Act, the Clean Air Act, the Toxic Substances Control Act and the Marine Protection, Research and Sanctuaries Act.

(30) *Lateral Sewer Line* - A sewer pipe beginning at the local collector sewer or other connection point and extending to the premises actually served. The lateral sewer includes the stub to which a User connects.

(31) *MAHL* - The Maximum Allowable Headworks Loading expressed in pounds per day that the POTW can accept without experiencing: fire or explosion hazards, fume toxicity, pass through, sludge quality impairment, treatment inhibition or cause a violation of State Water Quality Standards.

(32) *Medical Waste* - Isolation wastes, infectious agents, human blood and blood products, pathological wastes, sharps, body parts, contaminated bedding, surgical wastes, potentially contaminated laboratory wastes, and dialysis wastes.

(33) *Monthly Service Charge* - Means a fixed monthly charge payable by a User based on the size of the water meter servicing the User.

(34) *New Source* - Any building, structure, facility or installation of which the construction commenced after the publication of the proposed Pretreatment Standards under Section 307(c) (33 USC) which will be applicable to such source if such standards are thereafter promulgated in accordance with that Section provided that: (i) the construction is a site at which no other source is located; or (ii) the process or production equipment that causes the discharge of pollutants at an existing source is totally replaced; or (iii) the production or wastewater generating processes are substantially independent of an existing source at the same site. Reference 40 CFR 403.3(k) (2-3) or Rule 323.2302(r) of the Michigan Administrative Code for further information.

(35) *North American Industry Classification System (NAICS)* - A six digit code used by business and government to classify and measure economic activity.

(36) *NPDES* - National Pollution Discharge Elimination System, a permit issued pursuant to Section 402 of the Act (33 USC 1342), as amended.

(37) *Pass Through* - A discharge which exits the POTW into waters of the United States in quantities or concentrations which, alone or in conjunction with a discharge or discharges from other sources, is a cause of a violation of any requirement of the POTW's NPDES permit (including an increase of the magnitude or duration of a violation).

(38) *Person or Entity* - An individual, firm, partnership, association, public or private corporation, limited liability company or public agency or instrumentality.

(39) *pH* - The logarithm (base 10) of the reciprocal of the concentration of hydrogen ions expressed in moles per liter of solution.

(40) *Pollutant* - The term includes, but is not limited to: any dredged spoil, solid waste, incinerator residue, sewage, garbage, sewage sludge, munitions, chemical wastes, biological materials, radioactive materials, heat, wrecked or discharged equipment, rock, sand, cellar dirt and industrial, municipal, commercial and agricultural waste or any other contaminant or other substance defined as a pollutant under the Clean Water Act.

(41) *POTW (Publicly Owned Treatment Works)* - A treatment works as defined by Section 212 of the Clean Water Act, including any devices and systems used in the storage, treatment, recycling and reclamation of municipal sewage and industrial waste. The systems include sewers, pipes and equipment used to convey wastewater to

the treatment facility. The term also includes the municipality as defined in Section 502(4) of the Clean Water Act which has jurisdiction over the indirect discharges to and the discharges from such treatment works.

(42) *Premises* - Each lot or parcel of land or building having any connection to the POTW of the City.

(43) *Pretreatment* - The reduction in the amount of pollutants, the elimination of pollutants, or the alteration of the nature of pollutant properties in wastewater to a less harmful state prior to, or in lieu of, discharging or otherwise introducing such pollutants into a POTW. The reduction or alteration can be physical, chemical or biological processes, process changes or by other means. Dilution is not considered pretreatment unless expressly authorized by an applicable National Pretreatment Standard for a particular industrial category.

(44) *Pretreatment Requirements* - Any substantive or procedural requirement related to pretreatment, other than a National Pretreatment Standard, imposed on an Industrial User.

(45) *Property Owner* - Any person having legal or equitable title to real property or any person having or exercising care, custody or control over any real property.

(46) *Public Sewer* - Local collector, trunk and interceptor sewer lines including lift stations and all appurtenances that are owned or controlled by the POTW.

(47) *Severe Property Damage* - Substantial physical damage to property, damage to the treatment facilities of a User which causes them to become all or partially inoperable or substantial and permanent loss of natural resources which can reasonably be expected to occur in the absence of a bypass. Severe property damage does not mean economic loss caused by delays in production.

(48) *Sewage* - Any liquid or water carried waste received from domestic, commercial and industrial customers, including any infiltration or inflow as may be present.

(49) *Sewage Treatment Plant* - Any arrangement of devices and structures used for treating sewage.

(50) *Sewer* - Any pipe or conduit for the conveyance of sewage.

(51) *Significant Change* - Any change in a discharger's effluent which causes the constituents of the discharge to be different and/or increases in the concentration or flow by twenty (20) percent over those reported on the discharger's permit application.

(52) *Significant Industrial User (SIU)* - Any discharger to the POTW who: (a) has an average discharge flow of twenty-five thousand (25,000) gallons or more of process wastewater per day (excluding sanitary, non-contact cooling and boiler blow down wastewater) or contributes a process waste stream which makes up five (5) percent or more of the average dry weather hydraulic or organic capacity of the POTW, or as determined by the City Manager under authority of 40 CFR 403.12(a) and in Rule 323.2302 of the Michigan Administrative Code on the basis that the Industrial User has a reasonable potential for adversely affecting the POTW's operation or for violating any pretreatment standard or requirement (in accordance with 40 CFR 403.8(f)(6) and Rule 323.2306(h) of the Michigan Administrative Code); (b) is found by the City Manager, the Michigan Department of Environmental Quality (MDEQ) or the U.S. Environmental Protection Agency (EPA) to have significant impact, either singly or in combination with other contributing Users, on the wastewater treatment system the quality of sludge, the system's effluent quality or air emissions generated by the system, or; (c) is subject to Federal Categorical Pretreatment Standards under 40 CFR 403.6 and Rule 323.2311 of the Michigan Admin-

istrative Code and 40 CFR Chapter I, Subchapter N. Upon a finding that an Industrial User meeting criteria (a) of this definition has no reasonable potential for adversely affecting the POTW's operation or for violating any pretreatment standard or requirement, the City Manager may at anytime, on his/her own initiative, or in response to a petition received from an Industrial User or the POTW, and in accordance with 403.8(f)(6) and Rule 323.2306(h) of the Michigan Administrative Code, determine that such Industrial User is not a Significant Industrial User.

(53) *Significant Noncompliance* - Any Industrial User with a violation that meets one (1) or more of the following criteria:

(a) Chronic violations of wastewater discharge limits, defined here as those in which sixty-six (66) percent or more of all of the measurements taken during a six (6) month period exceed (by any magnitude) the daily maximum limit, instantaneous limit, or the average limit for the same pollutant parameter;

(b) Technical Review Criteria (TRC) violations, defined here as those in which thirty-three (33) percent or more of all of the measurements for each pollutant parameter taken during a six (6) month period equal or exceed the product of the daily maximum limit, instantaneous limit, or the average limit multiplied by the applicable TRC (TRC=1.4 for BOD, TSS, fats, oil and grease and 1.2 for all other pollutants except pH);

(c) Any other violation of a pretreatment effluent limit (daily maximum or longer term average) that the City Manager determines has caused, alone or in combination with other discharges, interference or pass through (including endangering the health of POTW personnel or the general public);

(d) Any discharge of a pollutant that has caused imminent endangerment to human health, welfare or to the environment or has resulted in the POTW's exercise of its emergency authority under Section 2.83 of this Chapter to halt or prevent such a discharge;

(e) Failure to meet, within ninety (90) days after the schedule date, a compliance schedule milestone contained in a local control mechanism or enforcement order for starting construction, completing construction or attaining final compliance;

(f) Failure to provide, within thirty (30) days after the due date, required reports, ninety (90) day compliance reports, periodic self-monitoring reports and reports on compliance with compliance schedules;

(g) Failure to accurately report noncompliance;

(h) Any violation or group of violations, which the City Manager determines will adversely affect the operation or implementation of the local pretreatment program. As required by Federal Regulations, the City shall at least annually publish a list of Industrial Users which during the previous twelve (12) months were in significant noncompliance with applicable standards or pretreatment requirements; or

(i) Failure to meet BMP requirements.

(54) *Slug Discharge* - A slug discharge is any discharge of a non-routine, episodic nature, including, but not limited to, an accidental spill or non-customary batch discharge, which has a reasonable potential to cause Interference or Pass Through, or in any other way violate the POTW's regulations, Local Limits, or Permit conditions.

(55) *Storm Drain* - Any underground pipe or any facility intended to convey only

stormwater runoff, street wash waters, groundwater and drainage. This term also includes discharges allowed by State or Federal discharge permits.

(56) *Suspended Solids* - All matter existing in non-liquid state which is removable by filtration in accordance with 40 CFR 136 referenced as "Residue, Non-filterable", or an alternative method approved by the EPA Administrator in accordance with 40 CFR 403.12(b)(5)(vi) and Rule 323.2310(e)(vi) of the Michigan Administrative Code.

(57) *System* - Refers to the POTW.

(58) *Toxic Pollutant* - Any pollutant identified pursuant to Section 307 of the Clean Water Act, or pursuant to Part 31 of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended, or pursuant to any other applicable laws or regulations.

(59) *Uncontaminated Industrial Effluents* - Water which has not come into contact with any substance used in, or incidental to, industrial processing operations, such as non-contact cooling water and to which no deleterious or toxic substance has been added.

(60) *Upset* - An exceptional incident in which there is unintentional and temporary noncompliance with categorical pretreatment standards (or other limits of this Chapter) because of factors beyond the reasonable control of the Industrial User. An upset does not include noncompliance to the extent caused by operational error, improperly designed treatment facilities, inadequate treatment facilities, and lack of preventive maintenance or careless or improper operation.

(61) *User Class* - Either a domestic, commercial or industrial group of Users.

(62) *Wastewater* - Water, or any liquid, whether or not containing pollutants, which is discharged or permitted to be discharged into the sanitary sewer system.

(63) *Water Business Office* - The Division of the Grand Rapids City Water Department System that is responsible for the reading of meters, submitting bills for water and/or sewer service, collection of payment for bills and the preparation and maintenance of the customer accounts including applications for service.

(Ord. No. 2010-38, § 1, 7-13-10; Ord. No. 2013-18, § 1, 4-30-13; Ord. No. 2013-31, § 1, 7-23-13)

Sec. 2.62.1. Abbreviations.

The following abbreviations shall have the designated meanings:

BTEX	Benzene, Toluene, Ethylbenzene and Xylene
CFR	Code of Federal Regulations
EPA	United States Environmental Protection Agency
MTBE	Methyl Tertiary Butyl Ether
MAC	Michigan Administrative Code
mg/L	Milligrams per liter
TSS	Total Suspended Solids
MAHL	Maximum Allowable Headworks Loading

(Ord. No. 2010-38, § 1, 7-13-10)

ARTICLE 2. SEWER USE

Sec. 2.63. Management of the POTW.

The POTW shall be and remain under the management, supervision and control of the City Manager. The City Manager may make such rules, orders or regulations as are deemed advisable and necessary to assure the efficient management and operation of the System, subject, however, to the rights, powers and duties with respect thereto which are reserved by law to the City Commission.

(Ord. No. 2010-38, § 1, 7-13-10)

Sec. 2.63.1. City Manager's Emergency Authority.

When a necessary or advisable emergency protective measure or action is required, the City Manager is authorized to cause such measures and actions to be taken as authorized by law. The

cost of such protective measures or actions shall be at the expense of the property owner responsible for such measure or action. Failure to pay such cost will constitute a lien upon the property as provided for by law or in the City Charter.
(Ord. No. 2010-38, § 1, 7-13-10)

Sec. 2.63.2. Inspection.

Under current Federal and State laws, rules and regulations, the City is held responsible for the discharge of wastewater into the POTW; therefore, the City has the right and obligation to inspect connections and discharges to its System in order to confirm compliance with State and Federal laws and provisions of this Chapter.

The City Manager and other duly authorized employees of the City bearing proper credentials and identification shall be permitted to enter upon all properties at reasonable times for the purpose of inspection, observation, measurement, sampling and testing in accordance with the provisions of this Chapter. Any person who uses, applies for use and/or is connected to the POTW under this Chapter shall be deemed to have consented to inspections pursuant to this Section, including entrance upon that person's property at reasonable times to make inspections. In the event that a violation of this Chapter is identified the property owner shall be responsible for all costs of inspection and remediation if necessary.
(Ord. No. 2010-38, § 1, 7-13-10)

Sec. 2.64. Standards, Rules, Regulations and Administrative Reference Guide.

The standards, rules and regulations established in, or pursuant to, this Chapter are deemed to be the absolute minimum consistent with the preservation of the public health, safety and welfare, to prevent pollution of the environment and to fulfill the obligations of the City with respect to State and Federal law, including all rules and regulations adopted in conformance thereto. All such additional standards, rules and regulations not contained in this Chapter shall be approved by the City Commission. The discharge into the POTW of any substance which exceeds the pretreatment requirements contained herein, or in any manner fails to conform hereto, is hereby declared to be a public nuisance and a violation of the Code.
(Ord. No. 2010-38, § 1, 7-13-10)

Sec. 2.65. Use of the POTW.

Any person or entity conforming to the standards, rules and regulations established in, or pursuant to, this Chapter shall be permitted to discharge effluent into the POTW provided adequate sewer service is available to which he/she can connect.
(Ord. No. 2010-38, § 1, 7-13-10)

Sec. 2.65.1. Sewer Use of Plainfield Charter Township Sanitary Sewer System.

In addition to complying with the provision of this Chapter, any user or potential user located within the jurisdictional boundaries of the City who uses or desires to use the Plainfield Charter Township sanitary sewer system for the transport of sewage for treatment and disposal by the North Kent Sewer Authority POTW pursuant to a Sewer Service Agreement effective October 28, 2008, between the City, Plainfield Charter Township and the North Kent Sewer Authority, as may from time to time be amended, shall comply with the provisions of the North Kent Sewer Authority Rules and Regulations and with the provisions of Chapter 38, Article III, Division 2 of the Code of Ordinances of Plainfield Charter Township, both as may be amended from time, all of which are incorporated in this Chapter by reference. In the case of a conflict between any other provision of this Chapter and any provision of the North Kent Sewer Authority Rules and Regulations and/or the Code of Ordinances of Plainfield Charter Township adopted by reference pursuant to this Section 2.65.1, the North Kent Sewer Authority Rules and Regulations and/or the Code of Ordinances of Plainfield Charter Township shall control.
(Ord. No. 2010-38, § 1, 7-13-10)

Sec. 2.65.2. Enforcement of Sewer Use Requirements and Limitations of Plainfield Charter Township Sanitary Sewer System.

The City Manager or his/her designee shall be responsible for the administration and enforce-

ment of the rules and regulations and ordinance provisions adopted by reference to Section 2.65.1 of this Chapter. As contemplated in the Sewer Service Agreement effective October 28, 2008, between the City, Plainfield Charter Township and the North Kent Sewer Authority, as may be amended from time to time, the City may designate the Director of the North Kent Sewer Authority POTW and/or the Public Utilities Director of Plainfield Charter Township as his/her representative(s) for purposes of administration and enforcement of the rules and regulations and ordinance provisions adopted by reference in Section 2.65.1.
(Ord. No. 2010-38, § 1, 7-13-10)

Sec. 2.65.3. Public Sanitary Sewage Connection Required.

The owner of each house, building or other structure equipped with plumbing fixtures and used for human occupancy, employment, recreation or other purposes situated within or outside the City and abutting any street, alley, right-of-way or public utility easement in which there is located, or may in the future be located, a public sanitary sewer collector main served by the City Sewage Disposal System, shall, at her, his or its expense, install suitable plumbing facilities therein and connect such facilities directly to the public sanitary sewer collector main, provided said public sanitary sewer collector main is within a two hundred (200) foot radius of the house, building or other structure where connection will occur and, provided, further, such connection shall not be required to a house, building or structure where on the effective date of this Section it was served by a private sanitary sewer septic system until such time as such private sanitary sewer septic system fails and the local health agency governing private sanitary sewer septic systems has determined that such failure exists and that it is unable to issue a permit for repair or replacement of such failed system within the parcel of property where the failed system is located. Septic system failure shall be as determined and defined by the local health agency governing private sanitary sewer septic systems. Except as provided in the immediately preceding sentences, all sanitary sewage usage at such connected house, building or structure shall be through the Sewage Disposal System; private sanitary sewer septic systems shall not be permitted; and once connected to the public Sewage Disposal System disconnection shall be prohibited. It shall be the owner's responsibility to plug and fill the abandoned septic system and contact the local health agency that governs private septic systems for proper procedures. Notwithstanding any current or future agreement between the City and another municipality being served by the City Sewage Disposal System, said municipality shall have the option of adopting the provisions of this section.
(Ord. No. 2010-65, § 1, 11-30-10)

ARTICLE 3. REGULATIONS

Sec. 2.66. General Discharge Conditions and Prohibitions.

(1) All premises connected to the POTW shall meet the following requirements:

(a) Minimum size of the building drain/sewer, including required cleanouts, shall be four (4) inches or greater in diameter;

(b) A grease interceptor, with a maintenance cleaning schedule appropriate for its intended use, shall be required to receive the drainage from fixtures and equipment having grease-laden waste, located in food preparation areas such as in restaurants, commercial kitchens, bars, clubs or similar facilities. The grease interceptor shall not be less than a three (3) compartment, one thousand (1,000) gallon system, or equivalent, unless the City Manager approves an alternative system. Food waste grinders shall not discharge to the building drainage system through the grease interceptor, unless the interceptor is appropriately sized to handle the solids loading and approved per the Plumbing Code. Grease interceptors shall be cleaned and maintained in accordance with BMP. At no time shall the level of grease and sludge in any compartment of the trap be greater than twenty-five (25) percent of

the tank liquid level. Proof of maintenance and cleaning shall be available for review upon request.

(c) Sand traps and similar interceptors for removal of heavy solids by Commercial Users, as determined by the City Manager, shall be designed and installed, according to the City Sand Trap for Garages design specifications. They shall be located as to be readily accessible for cleaning and shall have a water seal of not less than six (6) inches. Sand traps and similar interceptors shall be cleaned and maintained in accordance with BMP. Proof of maintenance and cleaning shall be available for review upon request.

(d) Oil/Water separators are required at repair garages, gasoline stations with grease racks, grease pits or work racks and at factories, or other facilities, where oily and flammable liquid wastes are produced. Separators shall be installed into which all oil-bearing, grease-bearing or flammable wastes shall be discharged before emptying in the building drainage system or other point of disposal. Oil separators shall have a depth of not less than two (2) feet below the invert of the discharge drain. The outlet opening of the separator shall not have less than an eighteen (18) inch water seal. An alternative design may be approved by the Plumbing Inspector, as provided for by the Plumbing Code. Oil/Water separators shall be cleaned and maintained in accordance with BMP. Proof of maintenance and cleaning shall be available for review upon request.

(2) No discharger shall introduce into the POTW any pollutant(s) which cause pass through or interference. The following general and specific prohibitions of this Section apply to each discharger introducing pollutants into the POTW whether or not the discharger is subject to any National, State or local pretreatment standards or requirements.

Pollutants, substances, or wastewater prohibited by this Section shall not be processed or stored in such a manner that they could be discharged to the POTW.

(a) Pollutants which create a fire or explosion hazard in the POTW, including, but not limited to, waste streams with a closed cup flashpoint of less than one hundred forty (140) degrees Fahrenheit or sixty (60) degrees Centigrade using the test methods specified in 40 CFR 261.21.

(b) Solid or viscous pollutants in amounts that will cause obstruction to the flow in the POTW or results in interference.

(c) Pollutants which cause corrosive structural damage to the POTW, but in no case discharges with a pH lower than 5.0 or a pH greater than 10.5. These pH limits will be evaluated annually as part of the rate study and the limits set forth in this Section will be revised as deemed necessary.

(d) Any wastewater containing toxic pollutants in sufficient quantity, either singly or by interaction, to injure or interfere with any wastewater treatment process, constitute a hazard to humans or animals or exceed the limitations set forth in a Categorical Pretreatment Standard.

(e) Any noxious or malodorous liquids, gases or solids which either singly, or by interaction, are capable of creating a public nuisance or hazard to life or are sufficient to prevent entry into the sewers for maintenance and repair.

(f) Any substance which, alone or in conjunction with a discharge or discharges from other sources, may cause a violation of the POTW's NPDES permit or any applicable State or Federal water quality standards or interferes with any treatment process, or causes treatment residues, sludges or scums, to be unsuitable for reclamation or reuse or to interfere with the reclamation process. In no case shall a substance discharged to the POTW cause the POTW to be in noncompliance with sludge use or

disposal criteria, guidelines or regulations developed under Section 405 of the Clean Water Act, any criteria, guidelines, or regulations affecting sludge use or disposal developed pursuant to the Solid Waste Disposal Act, the Clean Air Act, the Toxic Substances Control Act or State standards applicable to the sludge management method being used.

(g) Any substance with objectionable color not removed in the treatment process, such as, but not limited to, dye wastes and vegetable tanning solutions.

(h) Heat in amounts that will inhibit biological activity in the POTW resulting in interference, but, in no case heat in such quantities that the temperature at the headworks of the POTW exceeds forty (40) degrees Centigrade (one hundred four (104) degrees Fahrenheit) unless the Michigan Department of Environmental Quality (MDEQ), upon the request of the POTW, approves the alternative temperature limits.

(i) Any pollutant, including oxygen demanding pollutants (BOD, etc.), released in a discharge at a flow rate and/or pollutant concentration which will cause interference with the POTW.

(j) Any unpolluted water including, but not limited to, noncontact cooling water, unless a discharge authorization is approved by the City Manager.

(k) Any wastewater containing any radioactive wastes or isotopes of such half-life or concentration except as set forth in 10 CFR Part 20. Introduction of radioactive wastes that interfere with the operation of the POTW including, but not limited to, the use and disposal of sludge, the recycling of any and all waste products, or if the discharge causes the POTW to violate any local, State or Federal laws.

(l) Pollutants which result in the presence of toxic gases, vapors or fumes within the POTW in a quantity that may cause acute worker health and safety problems.

(m) Any discharge of petroleum oil, nonbiodegradable cutting oil, animal fat, vegetable fat, oil, grease, products of mineral oil or any combination thereof at a concentration of greater than one hundred (100) milligrams per liter, unless it can be demonstrated that matrix interference is responsible for levels greater than this amount, but, in no case in amounts that will cause an obstruction, interference or pass through in the POTW.

(n) Any substances not identified in (m) above, that will become solid or viscous after entering the POTW.

(o) Any effluent having an average daily flow greater than two (2) percent of the POTW's average daily flow. The City Manager, upon review, may approve greater discharges subject to conditions as authorized by this Chapter or special conditions he/she deems necessary in order to preserve and protect public health, safety and welfare, subject to conformance with the applicable State and Federal law.

(p) Any trucked or hauled pollutants, except at discharge points designated by the City Manager.

(q) Any detectable level of mercury using EPA Method 245.1 or 245.2 with a detection limit not to exceed 0.2 µg/l unless the User can demonstrate that matrix interference prevents the attainment of this level. Mercury sampling procedures, preservation and handling, and analytical protocol for compliance monitoring shall be in accordance with U.S. EPA Method 245.1 or 245.2. In the event that mercury is detected, the User shall develop and implement a mercury elimination plan including elements deemed necessary by the City Manager to progress toward the goal of no detectable discharge of mercury. For Users whose operation and discharge characteristics are substantially similar a group mercury elimination plan may be acceptable. Dental facilities shall comply with Public Act 503 of 2008, MCL 333.16631, and all Best Management Prac-

tices promulgated by the Michigan Department of Community Health in conjunction with the Michigan Department of Environmental Quality.

(r) There shall be no discharge to the POTW of groundwater that has been contaminated with gasoline and related petroleum products that would qualify for a State of Michigan general discharge permit for gasoline and related petroleum products in accordance with Rule 2191 promulgated pursuant to Act 451 of the Public Acts of Michigan of 1994, as amended, Part 31, except where no other discharge option exists. If discharge to the POTW is desired under these conditions, the discharger must submit a wastewater discharge permit application as specified in Section 2.68 which may be approved by the City Manager. Upon approval a permit will be issued with appropriate conditions as set forth in Section 2.72. The total BTEX concentration shall not exceed twenty (20) micrograms per liter and the MTBE concentration shall not exceed twenty (20) micrograms per liter.

(s) Disposal of septage waste into the POTW is prohibited, except as in accordance with the septage waste receiving plan, the City Manager may authorize disposal of portable containers of domestic waste, including waste from recreational vehicles. Septage wastes are to be discharged only at designated locations in accordance with the septage waste receiving plan.

(t) Sludge from an industrial or commercial pretreatment system shall not be placed into the POTW. Such sludge shall be disposed of by a licensed hauler in a site approved by the Michigan Department of Environmental Quality (MDEQ).

(u) Any substance that causes excessive foaming in the POTW.

(v) Medical Wastes, except as specifically authorized according to Part 138, Medical Waste Regulatory Act of the Michigan Public Health Code 1978 PA 368, as amended.

(w) Any detectable level of PCB using EPA Method 608 with a detection limit not to exceed 0.1 µg/l unless the User can demonstrate that matrix interference prevents the attainment of this level. PCB sampling procedures, preservation and handling, and analytical protocol for compliance monitoring shall be in accordance with U.S. EPA Method 608.

(x) Bacteriological, chemical or enzymatic products shall not be added to facility discharge or be used to maintain or clean grease interceptors or grease traps, unless approved by the City Manager.

(3) Bypass is prohibited, except in cases where the bypass was unavoidable to prevent a loss of life, personal injury, or severe property damage, and where there are no feasible alternatives to the bypass, such as the use of auxiliary treatment facilities, retention of untreated wastes or maintenance during normal periods of equipment downtime. This condition is not satisfied if adequate backup equipment should have been installed in the exercise of reasonable engineering judgment to prevent a bypass that occurred during normal periods of equipment downtime or preventive maintenance. In cases where a bypass may occur it would be subject to the following conditions:

(a) *Anticipated bypass* - If an Industrial User knows in advance of the need for a bypass, the User shall submit prior notice to the POTW, if possible, at least ten (10) days before the date of the bypass. Upon notification, the City Manager shall make a determination whether to allow the discharge.

(b) *Unanticipated bypass* - An Industrial User shall immediately notify the City Manager of the occurrence of any unanticipated bypass. The City Manager shall make a determination whether to allow the discharge to continue. A written submission shall also be provided within five (5) days of becoming aware of the bypass. The written submission shall contain a description of the bypass and its cause, the dates and, if the bypass has not been corrected, the anticipated time it is ex-

pected to continue, and steps taken or planned to reduce, eliminate and prevent recurrence of the bypass.

(4) Any discharger shall have an affirmative defense in any action brought against it alleging a violation of the general and specific prohibitions established in Section 2.66(2), (b), (h), (i), and (m), where the discharger can demonstrate that:

(a) It did not know or have reason to know that its discharge, alone or in conjunction with a discharge or discharges from other sources, would cause pass through or interference and;

(b) Either:

1. A local limit designed to prevent pass through or interference was developed for each pollutant in the User's discharge that caused pass through or interference and the User was in compliance with each such local limit immediately before and during the pass through or interference; or

2. A local limit was not applicable and immediately before and during the pass through or interference the User's discharge did not substantially change in volume or constituents from the User's previous discharges when the POTW was regularly in compliance with its NPDES permit and, in the case of interference, all applicable requirements for sludge use or disposal.

(Ord. No. 2010-38, § 1, 7-13-10; Ord. No. 2013-18, § 2, 4-30-13; Ord. No. 2013-31, §§ 2, 3, 7-23-13)

Sec. 2.67. Limitations on Wastewater Strength.

(1) Upon the promulgation of the Federal Categorical Pretreatment Standards for a particular industrial subcategory, the Federal Standard, if more stringent than limitations imposed under this Chapter for sources in that subcategory shall immediately supersede the limitations imposed under this Chapter. Compliance by existing sources with Categorical Pretreatment Standards shall be within three (3) years of the date the standard is effective unless a shorter compliance time is specified in the appropriate subpart of 40 CFR Chapter I, Subpart N. A new source shall install, and have in operation at start-up, all pollution control equipment required to meet applicable Categorical Pretreatment Standards before beginning discharge. When the applicable Categorical Pretreatment Standards are expressed in terms of mass of pollutant per unit of production, the City Manager may convert these limits to equivalent limitations expressed either as a mass of pollutant discharged per day or effluent concentration for purposes of calculating effluent limitations applicable to individual Industrial Users as set forth in 40 CFR 403.6(c) (2-7) and Rule 323.2311(5) of the MAC. In situations in which non-regulated waste streams are intermixed with the regulated waste stream, the City Manager may use the combined waste stream formula to develop equivalent discharge limits. Whenever equivalent limits are used, they shall be deemed pretreatment standards in determining compliance with the standards. The City Manager shall notify all affected Users of the applicable reporting requirements under 40 CFR 403.12 and Rule 323.2310 of the MAC. An application for modification of the Categorical Pretreatment Standards may be considered for submittal to the Regional Administrator of EPA by the City Manager when the System achieves consistent removal of the pollutants as defined by 40 CFR Section 403.7 and Rule 323.2313 of the MAC.

(2) No Industrial User shall increase the use of water or dilute a discharge as a substitute for adequate treatment to achieve compliance with a pretreatment standard or requirement.

(3) Supplementary Limitations.

(a) Supplementary limits were established in accordance with EPA guidance and Michigan Department of Environmental Quality (MDEQ) approval criteria. Specific permit limits for BOD, Total Suspended Solids, Total Phosphorous, and Ammonia as NH_3-N, are specified by individual discharge permits and were derived from the industrial allocable portion of the MAHLs listed in Table 1.

Table 1: MAXIMUM ALLOWABLE HEADWORKS LOADINGS	
MATERIALS	*LOADING (pounds/day)*
Biochemical Oxygen Demand (BOD)	160,800
Total Suspended Solids (TSS)	141,300
Total Phosphorous (TP)	6,990
Ammonia Nitrogen (NH_3-N)	15,100

(b) Table 2 contains a list of technically based local limits derived from the industrial allocable portion of the non-compatible pollutant MAHLs shown above as well as limits for toxic pollutants. For Users subject to Categorical Pretreatment Standards, which include the following parameters, the following limits, if more restrictive, shall apply, both to the categorically regulated process flow as well as any other flows not specifically regulated by Categorical Pretreatment Standards. For all other dischargers these limits shall apply to the total flow from each connection to the POTW, except silver which is a process discharge limit as noted. All measurements to determine compliance with these limits shall be performed in accordance with EPA approved methods found in 40 CFR 136. The monthly average shall be the average of all samples analyzed by EPA approved methods during a calendar month.

Table 2: LOCAL LIMITS		
Inorganic	*Daily Maximum (mg/L)*	*Monthly Average (mg/L)*
Total Arsenic	1.46	NA
Total Cadmium	0.817	NA
Total Chromium	4.0	NA
Hexavalent Chromium	0.72	NA
Total Copper	1.5	NA
Total Cyanide	1.0	NA
Total Lead	1.5	NA
Total Mercury	ND[1]	NA
Total Molybdenum	3.4	NA
Total Nickel	1.5	1.1
Total Selenium	2.3	1.67
Total Silver	620[2]	NA
Total Zinc	2.6	2.0

Organic	*Daily Maximum (mg/L)*	*Monthly Average (mg/L)*
Total Phenols	3.26	NA
Polychlorinated Biphenyls	ND[3]	NA
Tetrachloroethylene	0.25	NA
Trichloroethylene	0.16	NA
MTBE	0.02	NA

NA Not applicable

(1) Non-detectable or as specified in Section 2.66(2)(q).

(2) Process discharge limit for photo processors and x-ray machines sampled for discharge of silver recovery unit. The analysis of these sample matrixes, photo processing and x-ray machine wastes for silver shall be performed on an unpreserved and undigested sample or an alternative preservation and analytical method that does not interfere with the measurement of silver.

(3) Non-detectable per EPA Method 608 with a detection limit not to exceed 0.1 µg/l unless higher levels are appropriate due to matrix interference.

(c) For compatible pollutants, the City Manager shall establish specific concentration limits, when necessary, that are adequate to insure that the industrial allocable portion of the MAHL listed herein is not exceeded. Any requests for specific limits must be made at the time of permit application or renewal and such a determination will be made solely by the City Manager. The establishment of any such limits shall not create any vested right or property rights for the User. Accordingly, no right of appeal from such a determination will exist and the approval may be terminated, modified or subjected to special condition either at time of approval or thereafter, at the discretion of the City Manager.

(d) The City Manager may implement a system for setting special alternative specific limits for batch discharges. Special alternative specific limits may be approved when all of the following conditions are met:

1. The User requests a special alternative specific limit through the special alternative limit process.

2. The City Manager makes a determination that adequate treatment capacity exists to allow this special alternative specific limit consistent with the MAHL for those pollutants present.

In no event shall a special discharge permit be granted or effective which authorizes a discharge in excess of the limitations imposed by any applicable final Federal or State pretreatment standard or discharge limit. In addition the City Manager shall not consider any request for an increase above any limits that were calculated based on health or safety criteria.

(e) The City Manager may develop BMPs by ordinance or in individual wastewater discharge permits to implement Local Limits and the requirements of Section 2.66.

(4) Accidental Discharges.

(a) Prevention plan.

1. Industrial and Commercial Users shall provide protection from accidental discharge of materials which may interfere with the POTW by developing spill prevention plans. If the materials of concern are listed in Table 1 of Rule 324.2009 of the MAC, as amended, a Pollution Incident Prevention Plan (PIPP) pursuant to Part 31 of the Natural Resources and Environmental Protection Act, Act 451 of the Public Acts of Michigan of 1994, as amended [MCL § 324.3101 et. seq.], and Rule 324.2006 of the MAC, as amended, shall be developed and maintained. A copy of the PIPP must be made available upon request of the City Manager. Facilities necessary to implement these plans shall be provided and maintained at the owner's or Industrial or Commercial User's expense.

Industrial and Commercial Users who store hazardous substances shall not discharge to the POTW after the effective date of this Ordinance until a State of Michigan required PIPP has been submitted. Receipt of such plan shall not relieve the Industrial or Commercial User from

complying with all other laws and regulations governing the use, storage and transportation of hazardous substances.

(b) The City Manager shall evaluate each Significant Industrial User at least once every two (2) years, and other Industrial Users as necessary, to determine whether such User needs a plan to control slug discharges. If the City Manager decides that a slug control plan is needed, the plan shall contain at a minimum the following elements:

1. Description of discharge practices, including non-routine batch discharges;
2. Description of stored chemicals;
3. Procedures for immediately notifying the POTW of slug discharges, including any discharge that would violate a prohibition under Sections 2.66 and 2.67, with procedures for follow-up written notification within five (5) days;
4. When deemed necessary, procedures to prevent adverse impact from accidental spills, including inspection and maintenance of storage areas, handling and transfer of materials, loading and unloading operations, control of plant site run-off, worker training, building containment structures or equipment, measures for containing toxic organic pollutants and/or measures and equipment for emergency response.

(c) Any upset or accidental discharge shall be reported to the City Manager immediately upon occurrence. A detailed report shall be filed within five (5) days. The report shall include location of the upset or discharge, date and time thereof, type of waste, concentration, volume and corrective actions. Failure to file a report shall be a separate violation of this Chapter.

(d) Signs shall be permanently posted in conspicuous places on discharger's premises, advising employees whom to call in the event of a slug, upset or accidental discharge. Employers shall instruct all employees who may cause, or discover such upset or discharge, with respect to emergency notification procedure.

(e) Significant Industrial Users are required to notify the City Manager prior to any changes at its facility affecting the potential for a Slug Discharge.

(Ord. No. 2010-38, § 1, 7-13-10; Ord. No. 2013-18, § 3, 4-30-13)

Sec. 2.68. Permit Application.

(1) All new non-domestic Users connecting to, or discharging to, the POTW, and all existing non-domestic Users connected to, or discharging to, the POTW, shall complete a Wastewater Discharge Survey to establish whether a non-domestic User should be classified as a Significant Industrial User or require a Discharge Authorization as defined in Section 2.62 and require a discharge permit. New water service will not be initiated until a complete survey is submitted. In the case of a transfer account, water service will be disconnected if a complete survey is not submitted within ten (10) days of the transfer. If, upon review, the City Manager determines a permit may be required, the non-domestic User shall file a permit application which may include, but not be limited to, the following information:

(a) Name, address and location of the discharger;

(b) North American Industry Classification System (NAICS) number(s) according to the North American Industry Classification System manual, Office of Management and Budget, 1997, as amended;

(c) Wastewater constituents and characteristics including, but not limited to, toxic pollutants as determined by bona fide chemical and biological analyses. Sampling and analyses shall be performed in accordance with procedures established by the EPA and contained in 40 CFR, Part 136, as amended;

(d) Time and duration of discharges;

(e) Average daily and maximum daily wastewater flow rates in gallons per day, including daily, monthly and seasonal variations, if any. All flows shall be measured, unless other verifiable techniques are approved by the City Manager;

(f) Site plans, floor plans, mechanical and plumbing plans and details to show all sanitary and storm drain systems, sewer connections, inspection manholes, sampling chambers and appurtenances by size, location and elevation;

(g) Description of activities, facilities and plant processes on the premises including all materials which are, or may be, discharged to the POTW;

(h) The nature and concentration of any pollutants or materials prohibited by this Chapter in the discharge, together with a statement regarding whether or not compliance is being achieved with this Chapter on a consistent basis and, if not, whether additional operation and maintenance activities and/or additional pretreatment is required for the discharger to comply with this Chapter;

(i) Where additional pretreatment and/or operation and maintenance activities will be required to comply with this Chapter by an existing source, the discharger shall enter into a consent agreement consistent with the law, and approved by the City Manager, of the shortest schedule by which the discharger will provide such additional pretreatment and/or implementation of additional operational and maintenance activities. The compliance date for such a schedule shall not be later than the compliance date for any applicable standard. A new source (40 CFR 403.3(k) and Rule 323.2302(r) of the Michigan Administrative Code)), or an expansion of an existing source, must have in place all necessary equipment to abate pollution. For a new source this will be prior to the commencement of the discharge. For an expansion of an existing source this shall be before any additional wastewater is introduced to the System.

1. The schedule shall contain milestone dates for the commencement and completion of major events leading to the construction and operation of additional pretreatment required for the discharger to comply with the requirements of this Chapter including, but not limited to, dates related to hiring a Michigan licensed professional engineer, completing preliminary plans, completing final plans, executing contract for major components, commencing construction, completing construction and all other acts necessary to achieve compliance with this Chapter.

2. Under no circumstance shall the City Manager permit a time increment for any single step directed toward compliance which exceeds six (6) months.

3. Not later than fourteen (14) days following each milestone date in the schedule and the final date for compliance, the discharger shall submit a progress report to the City Manager, including a statement as to whether or not they complied with the increment of progress represented by that milestone date and, if not, the date on which they expect to comply with this increment of progress, the reason for delay and the steps being taken by the discharger to return the construction to the approved schedule.

(j) Each product produced by type, amount, process or processes and rate of production;

(k) The type and amount of raw materials utilized;

(l) All permit applications shall be signed by an authorized representative of the dis-

charger, and a Michigan licensed professional engineer, where pretreatment facilities are required;

(m) When required by the City Manager, the discharger shall provide an inspection and sampling manhole(s) or structure(s), non-permitted confined space where feasible, with an opening of no less than twenty-four (24) inches diameter and an internal diameter of no less than thirty-six (36) inches containing flow measuring, recording and sampling equipment as required by the City Manager to assure compliance with this Chapter.

(2) Non-domestic Users who have previously submitted a survey, as prescribed in this Section, are also required to complete a wastewater discharge survey periodically, at a frequency to be determined by the City Manager.
(Ord. No. 2010-38, § 1, 7-13-10; Ord. No. 2013-18, § 4, 4-30-13)

Sec. 2.69. Significant changes.

All Industrial Users shall promptly notify the Control Authority (and the POTW if the POTW is not the Control Authority) in advance of any substantial change in the volume or character of pollutants in their discharge, including the listed or characteristic hazardous wastes for which the Industrial User has submitted initial notification under 40 CFR 403.12(p) and Chapter 27, Section 2.75(4) of the City of Grand Rapids Code.
(Ord. No. 2010-38, § 1, 7-13-10; Ord. No. 2013-18, § 5, 4-30-13)

Sec. 2.70. Permit Issuance (Significant Industrial Users).

The City Manager will evaluate the completed application and data furnished by the discharger and may require additional information. Within thirty (30) days after full evaluation and acceptance of the data furnished, the City Manager shall make a determination as to whether the applicant is a Significant Industrial User or will need a discharge authorization. For every applicant, the City Manager shall issue or deny a Discharge Permit subject to terms and conditions provided herein.
(Ord. No. 2010-38, § 1, 7-13-10)

Sec. 2.71. Permit Modifications.

The City Manager shall have the right to amend any Discharge Permit issued hereunder in order to assure compliance by the POTW with applicable laws and regulations and prevent a violation of any NPDES limit, water quality standards or interference with residuals management as specified in Section 2.66(2)(f). Upon the promulgation of a Federal Categorical Pretreatment Standard, the Significant Industrial User Discharge Permit of each discharger subject to such standards will be revised to comply with such standards. Where a discharger, subject to a Federal Categorical Pretreatment Standard, has not previously submitted an application for a Significant Industrial User Discharge Permit as required by 2.68, the discharger shall apply for a Significant Industrial User Discharge Permit from the City Manager within thirty (30) days after the promulgation of the applicable Federal Categorical Pretreatment Standard and provide the information required. The discharger shall be informed of any proposed changes in the discharger's permit at least thirty (30) days prior to the effective date of change. Any changes or new conditions in the permit may include a reasonable time schedule for compliance, which does not exceed any compliance dates set by 40 CFR 403.6(b) and Rule 323.2311(3) of the Michigan Administrative Code.
(Ord. No. 2010-38, § 1, 7-13-10)

Sec. 2.72. Permit Conditions.

Significant Industrial User Discharge Permits shall specify the following:

(1) Statement of duration (not more than five (5) years) including issuance and expiration dates;

(2) Effluent limitations based on the more stringent of Categorical Pretreatment Standards, BMPs, or local limits as established by this Chapter and State law;

(3) General and specific discharge prohibitions as established by Sections 2.66 and 2.67 of this Ordinance;

(4) Requirements and specifications for monitoring programs including sampling locations, frequency of sampling, number, types and standards for tests and reporting schedule;

(5) Requirements for collecting, retaining and providing access to plant records relating to the User's discharge and for providing entry for sampling and inspection;

(6) Requirements for notification of spills, bypass or potential problems to the POTW including slug loadings, upsets or violations;

(7) Requirements to develop and implement spill and slug control plans;

(8) Requirements for notification and approval of changes prior to discharge. The POTW shall be notified of any proposed substantial change in the volume or character of pollutants in their discharge, including the listed or characteristic hazardous wastes for which the Industrial User has submitted initial notification under 40 CFR 403.12(p) and Rule 323.2310(15) of the Michigan Administrative Code and operational shift changes of greater than four (4) hours;

(9) Special conditions as the City Manager may reasonably require under particular circumstances of a given discharge to ensure compliance with this Chapter and State and Federal pretreatment standards and requirements;

(10) Statement of applicable civil and criminal penalties for violation of pretreatment standards and requirements;

(11) Statement of non-transferability;

(12) Conditions for modification or revocation of permit;

(13) Schedule of fees and charges;

(14) Limits on the average and maximum wastewater constituents and characteristics, including BMP: based on applicable pretreatment standards or local limits;

(15) Limits on average and maximum rate and time of discharge and/or requirements for flow regulations and equalization;

(16) Requirements for installation and maintenance of inspection and sampling facilities;

(17) Compliance schedules;

(18) Requirements for submission of special technical reports, discharge reports or certification statements. These include any reporting requirements contained in a Federal Categorical Standard or Pretreatment Requirements.

(Ord. No. 2010-38, § 1, 7-13-10)

Sec. 2.73. Permits Duration.

All Discharge Permits shall be issued for up to five (5) years, subject to amendment or revocation as provided in this Chapter.

(Ord. No. 2010-38, § 1, 7-13-10)

Sec. 2.74. Permit Changes.

(1) Permit Transfer. Individual discharge permits may be transferred to a new owner or operator only if the permitee gives at least thirty (30) days advance notice to the City Manager and the City Manager approves the individual discharge permit transfer. The notice to the City Manager must include a written certification by the new owner or operator which:

(a) States that the new owner and/or operator have no immediate intent to change the facility's operations and processes;

(b) Identifies the specific date on which the transfer is to occur;

(c) Acknowledges full responsibility for complying with the existing individual wastewater discharge permit; and

(d) Includes all modifications.

Failure to provide advance notice of a transfer renders the individual wastewater discharge permit void as of the date of facility transfer.

(2) Permit Renewal/Reissuance. SIUs with an expiring wastewater discharge permit shall apply for a wastewater discharge permit reissuance by submitting a complete permit application, in accordance with Section 2.68 of this ordinance, a minimum of sixty (60) days prior to the expiration of the SIU's existing wastewater discharge permit.
(Ord. No. 2010-38, § 1, 7-13-10)

Sec. 2.75. Baseline Monitoring Report.

(1) Within one hundred eighty (180) days after the effective date of a Categorical Pretreatment Standard, or one hundred eighty (180) days after the final administrative decision made upon a category determination request, or ninety (90) days prior to the commencement of discharge in the case of a new source, the Industrial User shall submit a baseline monitoring report, in accordance with 40 CFR 403.12(b) and Rule 323.2310(2) MAC, for any discharge subject to Federal Categorical Pretreatment Standards and requirements signed by an authorized representative.

(2) Ninety (90) Day Report on Compliance with Federal Categorical Standards. Within ninety (90) days following the date for final compliance with applicable Federal Categorical Pretreatment Standards, or in the case of a new source following the commencement of the introduction of wastewater into the POTW, any discharger subject to Federal Categorical Pretreatment Standards and requirements shall submit a report in accordance with 40 CFR 403.12(d) and Rule 323.2310(3) MAC signed by an authorized representative.

(3) Significant Non-Categorical User Compliance Report. For dischargers who are not subject to Categorical Pretreatment Standards, but discharge or have the potential to discharge substances which could adversely affect the POTW's operation, or for violating any pretreatment standard or requirement, a report is to be submitted thirty (30) days following the commencement of discharge and every six (6) months thereafter to the City Manager. The report shall specify the nature and concentration of all prohibited or regulated substances contained in their discharge as set forth in 40 CFR 403.12(h) and Rule 323.2310(7) MAC and the average and maximum daily flow in gallons. The report shall state whether the requirements are being met on a consistent basis and, if additional pretreatment is necessary, to bring the discharge into compliance with the requirements. This statement shall be signed by an authorized representative, as set forth in 40 CFR 403.12(l) and Rule 323.2310(11) MAC, of the discharger and certified to by a Michigan licensed professional engineer.

(4) Hazardous Waste Notification.

(a) Any Industrial or Commercial User, except as specified in Part (e) below, who discharges any substance to the POTW which, if otherwise disposed of, would be a listed or characteristic hazardous waste under 40 CFR Part 261, shall notify the POTW, the EPA Regional Waste Management Division Director and the State hazardous waste authorities as set forth in 40 CFR 403.12(p) and Rule 323.2310(15) of the Michigan Administrative Code in writing of such discharge.

(b) All hazardous waste notifications shall include:

1. The name of the hazardous waste as set forth in 40 CFR, Part 261;
2. The EPA hazardous waste number;
3. The type of discharge (continuous, batch or other); and
4. A certification that the User has a program in place to reduce the volume and toxicity of hazardous wastes generated to the degree it has determined to be economically practical.

(c) In addition to the information submitted in Section 2.75(4)(b), the reports from Industrial and Commercial Users discharging more than one hundred (100) kilograms of hazardous waste per calendar month to the POTW shall contain the following information:

1. An identification of the hazardous constituents contained in the waste;

2. An estimation of the mass and concentration of such constituents in the waste stream discharged during that calendar month;

3. An estimation of the mass of constituents in the waste stream expected to be discharged during the following twelve (12) months.

(d) Hazardous waste notifications shall be submitted no later than thirty (30) days after the effective date of this Chapter or prior to the discharge of listed or characteristic hazardous waste for discharges commencing after the effective date of this Chapter, as required in Section 2.69. Any notification under this provision need be submitted only once for each hazardous waste discharged, although notifications of changed discharge must be submitted under Section 2.69 of this Chapter. This Section does not apply to pollutants already reported as part of a Significant Industrial User Discharge Permit self-monitoring requirement.

(e) Industrial and Commercial Users are exempt from the hazardous waste notification requirement when they discharge fifteen (15) kilograms or less of non-acute hazardous wastes per calendar month. Discharge of any quantity of acutely hazardous waste as specified in 40 CFR 261.30(d) and 261.33(e) requires a one (1) time notification.

(f) In the case of any new regulations under Section 3001 of Resource Conservation and Recovery Act identifying additional characteristics of hazardous waste, the Industrial User must notify the POTW, the EPA regional waste management division Director, and the State hazardous waste authorities of the discharge of such substance within ninety (90) days of the effective date of the regulations.

(Ord. No. 2010-38, § 1, 7-13-10)

Sec. 2.76. Periodic Compliance Reports.

(1) Reporting Requirements.

(a) Significant Industrial Users subject to Categorical Pretreatment Standards shall submit to the City Manager a report, as required in 40 CFR 403.12(e), indicating the nature and concentration of prohibited or regulated substances in the effluent. The reports shall be submitted for the six (6) month periods of January through June and July through December. Reports are due within thirty (30) days of the end of the reporting period. If the sampling performed indicates a violation, the User shall notify the City Manager immediately upon becoming aware of the violation. At a minimum, the SIU shall also repeat the sampling and analysis and submit the results of the repeat analysis to the City Manager within thirty (30) days after becoming aware of the violation. In cases where the Pretreatment Standard requires compliance with a best management practice or pollution prevention alternative, the User must submit documentation required by the City Manager or the Pretreatment Standard necessary to determine the compliance status of the SIU. In addition, this report shall include a record of all measured or estimated average and maximum daily flows which during the reporting period exceeded the average daily flow reported in Section 2.68(1)(e) hereof. Flows shall be reported on the basis of actual measurement provided, however, where cost or feasibility considerations justify, the City Manager may accept reports of average and maximum flows estimated by verifiable techniques. The City Manager, for good cause shown, considering such factors as local high or low flow rates, holidays, budget cycles, or other extenuating factors, may authorize the submission of said reports on months other than those specified above.

(b) SIU with discharges that are not subject to Federal Categorical Pretreatment Standards but are subject to local limits shall follow the same sampling and reporting requirements as in (a) above.

(2) Reports of permittees shall contain all results of sampling and analysis of the discharge, including the flow, nature, concentration, produc-

tion and/or mass, where required by the City Manager. Reports required by discharge permits will be accepted in an electronically submitted format only through an Environmental Protection Agency (EPA) approved Cross Media Electronic Reporting Regulation (CROMERR) system compliant with the Code of Federal Regulations Title 40, Part 3. CROMERR is an Environmental Protection Agency approved system allowing states, tribes, and local governments that receive or plan to begin receiving electronic documents in lieu of paper documents to satisfy regulations under an authorized program.
(Ord. No. 2010-38, § 1, 7-13-10; Ord. No. 2013-18, § 6, 4-30-13)

Sec. 2.77. Inspection, Sampling and Analysis.

(1) The City Manager may inspect the monitoring facilities of any discharger to determine compliance with the requirements of this Chapter. The discharger shall allow the City Manager to enter upon the premises of the discharger at all hours, for the purposes of inspection, sampling or records examination. The City Manager shall have the right to set up on the discharger's property such devices as are necessary to conduct sampling, inspection, compliance monitoring and/or metering operations and have access to examine and copy any records. All costs associated with this monitoring requirement shall be borne by the discharger.

(2) The reports required by Sections 2.75 and 2.76 of this Chapter shall be based on sampling and analysis performed in the period covered by the report and performed in accordance with the techniques described in 40 CFR Part 136 and amendments thereto or as specified in the applicable Categorical Pretreatment Standard.

(3) The frequency of monitoring shall be specified by the City Manager to assess compliance by Industrial and Commercial Users with applicable pretreatment standards and requirements in accordance with 40 CFR 403.12(g)(3) and Rule 323.2310(6)(d) MAC. Where EPA 40 CFR, Part 136 does not include a sampling or analytical technique for the pollutant in question, sampling and analysis shall be performed in accordance with the procedure set forth in the EPA publication, Sampling and Analysis Procedures for Screening of Industrial Effluents for Priority Pollutants, April, 1977, and amendments thereto or with any other sampling and analytical procedures approved by the Administrator of the EPA. Where the POTW performs all the required sampling and analyses and collects all the information required for the reports required in Sections 2.75 and 2.76 of this Chapter, the SIU will not be required to submit the report.

(4) If sampling performed by an SIU indicates a violation, the User shall notify the City Manager within twenty-four (24) hours of becoming aware of the violation. At a minimum, the User is required to resample and analyze within thirty (30) days of becoming aware of the violation. The City Manager may, with the issuance of a modified permit, require more frequent sampling and analysis. Re-sampling by the SIU is not required if the City performs sampling at the User's facility between the time when the initial sampling was conducted and the time when the SIU or City receives the results of this sampling, or if the City has performed the sampling and analysis in lieu of the SIU.

(5) If an SIU, subject to the reporting requirement in Sections 2.75 and 2.76, monitors any pollutant more frequently than required by the POTW, using the procedures prescribed in this Section, the results of this monitoring shall be included in the report.

(6) The reports required by Sections 2.75 and 2.76 of this Chapter shall include the following certification statement:

> "I certify under penalty of the law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information submitted, it is, to the best of my knowledge and belief, true, accurate and complete. I am aware that there are significant penalties for submitting false

information, including the possibility of penalty and imprisonment for knowing violations."

(a) Signatory requirements for Industrial User reports - The reports required by Section 2.75 and 2.76 of this Chapter shall include the certification statement as set forth in Section 2.77(6), and shall be signed as follows:

1. By a responsible corporate officer, if the Industrial User submitting the reports required by Section 2.75 and 2.76 of this Chapter is a corporation. For the purpose of this paragraph, a responsible corporate officer means:
   (i) A president, secretary, treasurer, or vice-president of the corporation in charge of a principal business function, or any other person who performs similar policy- or decision-making functions for the corporation, or
   (ii) The manager of one or more manufacturing, production, or operating facilities, provided, the manager is authorized to make management decisions which govern the operation of the regulated facility including having the explicit or implicit duty of making major capital investment recommendations, and initiate and direct other comprehensive measures to assure long-term environmental compliance with environmental laws and regulations; can ensure that the necessary systems are established or actions taken to gather complete and accurate information for control mechanism requirements; and where authority to sign documents has been assigned or delegated to the manager in accordance with corporate procedures.
2. By a general partner or proprietor if the Industrial User submitting the reports required by Section 2.75 and 2.76 of this Chapter is a partnership, or sole proprietorship respectively.
3. By a duly authorized representative of the individual designated in paragraph (a)1. or (a)2. of this section if:
   (i) The authorization is made in writing by the individual described in paragraph (a)1. or (a)2.;
   (ii) The authorization specifies either an individual or a position having responsibility for the overall operation of the facility from which the Industrial Discharge originates, such as the position of plant manager, operator of a well, or well field superintendent, or a position of equivalent responsibility, or having overall responsibility for environmental matters for the company; and
   (iii) The written authorization is submitted to the City Manager.
4. If an authorization under paragraph (a)3. of this section is no longer accurate because a different individual or position has responsibility for the overall operation of the facility, or overall responsibility for environmental matters for the company, a new authorization satisfying the requirements of paragraph (a)3. of this section must be submitted to the City Manager prior to or together with any reports to be signed by an authorized representative.

(Ord. No. 2010-38, § 1, 7-13-10)

Sec. 2.78. Monitoring Facilities.

(1) When deemed necessary by the City Manager, each discharger shall provide and operate, at the discharger's own expense, a monitoring facility to allow inspection, representative sampling and flow measurement of each discharge to the POTW. Sampling requirement shall be flow proportional unless time proportional composite

sampling is authorized by the Control Authority. Each monitoring facility shall be situated on the discharger's premises, except where such a location would be impractical or cause undue hardship on the discharger, the City Manager may concur with the facility being constructed in the public right-of-way providing that the facility is located so that it will not be obstructed by landscaping or parked vehicles. Upon appropriate notice by the City Manager for monitoring facilities, a compliance schedule may be issued as a permit condition.

(2) There shall be ample room in or near such sampling facilities to allow accurate sampling and preparation of samples for analysis. The facility, sampling and measuring equipment shall be maintained at all times in a safe and proper operating condition, at the expense of the discharger.

(3) All required monitoring facilities shall be constructed and maintained in accordance with all applicable local construction standards and specifications (non-permitted confined space structure where feasible).
(Ord. No. 2010-38, § 1, 7-13-10; Ord. No. 2013-18, § 7, 4-30-13)

Sec. 2.79. Confidential Information.

(1) Information and data furnished to the City Manager with respect to the nature and frequency of discharge shall be available to the public or other governmental agencies without restriction. Wastewater constituents and characteristics will not be recognized as confidential information. When requested by a discharger furnishing a report, the portions of a report which may disclose trade secrets or secret processes shall not be made available for inspection by the public unless required by law, but shall be made available upon written request to governmental agencies for uses related to this Chapter, the NPDES Permit, and/or the pretreatment programs; provided, however, that such portions of a report shall be available for use by the State or any State agency in judicial review or enforcement proceedings involving the discharger furnishing the report.

(2) Where a discharger has mass based limits as allowed by Federal Categorical Pretreatment Standards on a production basis, the production data necessary to determine compliance shall also be available to the public. Where application of the combined waste stream formula is necessary to apply Federal Categorical Pretreatment Standards to a discharger, the flow measurements and other data used in the calculation shall be available to the public.
(Ord. No. 2010-38, § 1, 7-13-10; Ord. No. 2013-18, § 8, 4-30-13)

ARTICLE 5. ENFORCEMENT, VIOLATIONS, PENALTIES AND LIABILITIES

Sec. 2.80. Enforcement.

Any discharger who is found to have violated an order of the City Manager, or who has failed to comply with any provision of this Chapter (or permits issued hereunder), and the regulations or rules of the City, promulgated pursuant to this Chapter, shall be guilty of a violation of the City Code. Whenever the City Manager finds that any User has violated, or is violating, this Chapter, a Significant Industrial User Discharge Permit or order issued hereunder, or any other pretreatment requirement, the City Manager may serve upon said User a written Notice of Violation. Within ten (10) days of the receipt of this notice, an explanation of the violation and a plan for satisfactory correction and prevention thereof, to include specific required actions, shall be submitted by the User to the City Manager. Submission of this plan in no way relieves the User of liability for any violation occurring before or after receipt of the Notice of Violation. Nothing in this Section shall limit the authority of the City to take any action, including emergency actions or any other enforcement action, without first issuing a Notice of Violation.
(Ord. No. 2010-38, § 1, 7-13-10)

Sec. 2.81. Recovery of Costs Incurred by the City.

Any discharger violating any of the provisions of this Chapter, or who discharges or causes a

discharge producing a deposit or obstruction, or causes damage to or impairs the City's POTW, shall be liable to the City for any expense, loss or damage caused by such violation or discharge. This shall include, but not be limited to, penalties levied upon the City by the EPA or the Michigan Department of Environmental Quality (MDEQ) for violation of its NPDES Permit caused by any violation by a discharger, including all actual costs, court, attorney and other related legal fees plus an additional charge of one hundred (100) percent of the total costs and/or penalties.
(Ord. No. 2010-38, § 1, 7-13-10; Ord. No. 2013-31, § 4, 7-23-13)

Sec. 2.82. Falsifying Information.

Any person or entity who knowingly makes any false statement, representation or certification in any application, record, report, plan or other document filed or required to be maintained pursuant to this Chapter, or who falsifies, tampers with, or knowingly renders inaccurate any monitoring device or method required under this Chapter, shall, upon conviction, be punished as provided for in Section 2.90 of this Chapter.
(Ord. No. 2010-38, § 1, 7-13-10)

Sec. 2.83. Emergency Suspension of Service and Discharge Permits.

The City Manager may for good cause shown, suspend the sewage disposal system service and/or the Discharge Permit of a discharger when it appears that an actual or impending discharge presents or threatens an imminent or substantial danger to the health or welfare of persons or the environment, interferes with the operation of the POTW, violates any pretreatment limits or conditions imposed by this Chapter or any Discharge Permit issued pursuant to this Chapter. Any discharger notified of the suspension of sewage disposal system service and/or the discharger's Discharge Permit, shall cease all discharges immediately upon notification or as directed by the City Manager. In the event of failure of the discharger to comply voluntarily with the suspension order within the specified time, the City Manager may take whatever steps are deemed necessary to eliminate the discharge, including cessation of City water service and/or shall commence judicial proceedings for injunctive relief immediately thereafter to compel the discharger's compliance with such order. The City Manager may reinstate the Discharge Permit and/or sewage disposal system service and terminate judicial proceeding upon presentation of proof by the discharger of the elimination of the non-complying discharge or conditions creating the threat of imminent or substantial danger as set forth above.
(Ord. No. 2010-38, § 1, 7-13-10; Ord. No. 2013-18, § 9, 4-30-13)

Sec. 2.84. City Manager's Authority to Issue Administrative Orders.

Whenever the City Manager determines that any discharger has violated this Chapter, or any other applicable laws or regulations which the City is authorized to enforce, the City Manager may issue administrative orders of the type listed below, as deemed appropriate under the circumstances. Multiple orders may be issued simultaneously or in combination as a single order with respect to a single discharger.

(1) *Cease and Desist Order.* A cease and desist order directs the non-complying User to cease illegal or unauthorized discharges immediately or to terminate its discharge altogether. Any person who uses, applied for use and/or is connected to the POTW under this Chapter shall be deemed to have consented to inspection pursuant to this Section, including entrance upon that person's property by the City Manager to take such steps as are necessary to eliminate the discharge should the discharger fail to comply with such order. Such order shall be final and in effect until a hearing, if requested by the User, is conducted and a final decision is made by the City Manager. A written request for such hearing shall be made within ten (10) calendar days after receiving the order.

(2) *Consent Order.* An agreement between the City Manager and the User which may contain compliance schedules, requirements for reimbursement of the City for damages and costs incurred or remedial actions, fines and administrative penalties and signatures of the City Manager

and the authorized representative. A consent order shall address every identified and potential deficiency in the User's compliance status at the time of the order.

(3) *Show Cause Order.* Where the violation is not corrected by timely compliance, the City Manager may order any discharger who causes or allows prohibited conduct, to show cause before the City Manager why a proposed permit revocation action should not be taken. A written notice shall be served on the discharger by personal service, or by certified mail, return receipt requested, specifying the time and place of a hearing to be held by the City Manager regarding the violations, the reasons why the enforcement action is to be taken, the proposed enforcement action and directing the discharger to show cause before the City Manager why the proposed enforcement action should not be taken. The notice of the hearing shall be served no less than ten (10) days before the hearing. Service may be made on any agent, officer or authorized representative of the discharger. The proceedings at the hearing shall be considered by the City Manager who shall then enter appropriate orders with respect to the alleged improper activities of the discharger. Appeal of such order may be taken by the discharger in accordance with applicable State law.

(4) *Compliance Order.* A compliance order directs the discharger to achieve compliance by a date specified in the order. Compliance orders require Industrial Users to develop management practices, spill prevention programs and related POTW industrial pretreatment program requirements.

(5) *Stop Work Order.* Where there is work in progress that constitutes causes or is causing a violation of any provision of this Chapter, the City Manager may issue a Stop Work Order to prevent further violations or damage.

(6) *Administrative Fines,* as specified in Section 2.90 of this Chapter.

(Ord. No. 2010-38, § 1, 7-13-10)

Sec. 2.85. Publishing Non-Compliance List.

A list of all dischargers in significant noncompliance for the NPDES Industrial Pretreatment Program annual reporting period shall be published by the City in *The Grand Rapids Press* by the date specified in the City's NPDES permit.

(Ord. No. 2010-38, § 1, 7-13-10)

Sec. 2.86. City Manager's Authority to Require Financial Assurances.

Pursuant to the City Manager's authority to issue administrative orders, the City Manager may require a non-complying Industrial or Commercial User to post a performance bond sufficient to cover expenses which might reasonably be incurred as a result of future violations. Industrial or Commercial Users who have, in the prior two (2) years, been responsible for causing an upset at the POTW, may be required to obtain liability insurance sufficient to cover the reasonable costs of restoring the POTW in the event of another such incident. These requirements may be made conditions of the Significant Industrial User Discharge Permit.

(Ord. No. 2010-38, § 1, 7-13-10)

Sec. 2.87. Judicial Proceedings.

Following the entry of any order by the City Manager with respect to the conduct of a discharger contrary to the provision of this Chapter, the attorney for the City or his/her designee may, following the authorization of such actions by the City Manager, commence a civil infraction or criminal action for appropriate legal and/or equitable relief in the court of competent jurisdiction. Such relief may include, but is not limited to, the following: injunctive relief against an Industrial User for failure to comply with pretreatment standards and requirements; suit for damages and costs to the City including legal expense; municipal civil infraction actions and criminal prosecution seeking fines and imprisonment as permitted by Section 2.90 of this Chapter and State law.

(Ord. No. 2010-38, § 1, 7-13-10)

Sec. 2.88. Right of Appeal.

Any discharger shall have the right to request, in writing, an interpretation or ruling by the City Manager on any matter covered by this Chapter and shall be entitled to a prompt written reply. (Ord. No. 2010-38, § 1, 7-13-10)

Sec. 2.89. Operating Upsets.

(1) Any discharger experiencing an upset in operations which places the discharger in a temporary state of noncompliance with this Chapter, or a Discharge Permit issued pursuant hereto, shall inform the City Manager immediately upon becoming aware of the upset. The City Manager shall make a determination whether this discharge can continue. Upon the City Manager allowing the discharge to continue, a written follow-up report thereof shall be filed by the discharger with the City Manager within five (5) days. The report shall include:

(a) A description of the upset, the cause thereof and the upset's impact on a discharger's compliance status;

(b) The duration of noncompliance, including exact dates and time of noncompliance, and if noncompliance continues, the time by which compliance is reasonably expected to occur; and

(c) All steps taken, or to be taken, to reduce, eliminate and prevent recurrence of such upset or other conditions of noncompliance.

(2) A documented and verified operating upset shall be an affirmative defense to any enforcement action brought by the City Manager against a discharger for any noncompliance with this Chapter or any Discharge Permit issued pursuant hereto, which arises out of violations alleged to have occurred during the period of the upset. It will not, however, be a defense to an action for damages to the POTW or to persons, property or natural resources caused by the upset. An upset will be considered "documented and bona fide" only if the discharger complies with Section 2.89(1) and with 40 CFR 403.16(c) and Rule 323.2315 of the MAC. In any enforcement proceeding the User seeking to establish the occurrence of an upset shall have the burden of proof.

(3) The User shall have controlled production of all discharges to the extent necessary to maintain compliance with pretreatment standards upon reduction, loss or failure of its treatment facility, until the facility is restored or an alternative method of treatment is provided. This requirement applies in the situation where, among other things, the primary source of power of the treatment facility is reduced, lost or fails.

(4) Conditions necessary for the demonstration of a bona fide upset - A User who wishes to establish the affirmative defense of an operating upset shall demonstrate through properly signed, contemporaneous operating logs or other relevant evidence that:

(a) An upset occurred and the User can identify the cause of the upset;

(b) The facility was, at the time, being operated in a prudent and appropriate manner and in compliance with applicable operation and maintenance procedures;

(c) The User notified the City Manager immediately upon becoming aware of the upset; and

(d) A written submission, containing the following information, was provided within five (5) days of commencement of the upset:

1. A description of the discharge and cause of noncompliance;

2. The period of noncompliance, including exact dates and times or, if not corrected, the anticipated time the noncompliance was expected to continue; and

3. Steps taken to reduce, eliminate and prevent recurrence of the noncompliance.

(Ord. No. 2010-38, § 1, 7-13-10)

ARTICLE 6. PENALTIES

Sec. 2.90. Criminal and Civil Liability.

(1) Any person in violation of this Chapter, or of any permit issued pursuant hereto, or standards, rules and regulations, any order of the City Manager issued pursuant to those rules and regulations or this Chapter, shall be: (a) subject to the municipal civil infractions provisions of Chapter 170 of the City Code, which the City Manager is authorized to enforce citations pursuant thereto; and (b) for such violations not covered by the civil infractions provisions of Chapter 170 of the City Code, shall, if convicted, be subject to a criminal penalty of up to five hundred (500) dollars per day or imprisonment for ninety (90) days or both such penalty and imprisonment. Each act of violation and every day upon which any violation is permitted or suffered to exist, shall constitute a separate violation and shall be subject to a separate penalty. The City Manager may issue a notice of violation calling for corrective action prior to issuing a citation pursuant to Chapter 170 of the Code. In the case of a conviction pursuant to this Section of a discharger who is not a natural person, any officer or director of a corporation, any officer or partner of a partnership, or any member of a limited liability company, or any officer or owner of a proprietorship is hereby deemed to be a proper person to serve any term of imprisonment imposed by the court as a result of the conviction.

(2) In addition to, and expressly not in lieu of the foregoing, any discharger who violates this Chapter, or any permit issued pursuant hereto, or the standards, rules and regulations adopted pursuant to this Chapter, or any order of the City Manager issued pursuant to this Chapter, shall be subject to civil penalties, and to the payment of any damages and costs which may be awarded, by any court of competent jurisdiction.

(3) In addition to any applicable State and Federal penalties, any person who:

(a) At the time of a violation knew or should have known that a pollutant or substance was discharged contrary to any provision of this Chapter, or contrary to any notice, order, permit, decision or determination promulgated, issued or made by the City Manager under this Chapter; or

(b) Intentionally makes a false statement, representation, or certification in an application for, or form pertaining to, a permit, or in a notice, report, or record required by this Chapter, or in any other correspondence or communication, written or oral, with the POTW regarding matters regulated by this Chapter; or

(c) Intentionally falsifies, tampers with, or renders inaccurate any sampling or monitoring device or record required to be maintained by this Chapter; or

(d) Commits any other act that is punishable under state law by imprisonment for more than ninety (90) days: shall, upon conviction, be guilty of a misdemeanor punishable by a fine of five hundred (500) dollars per violation, per day, or imprisonment for up to ninety (90) days, or both at the discretion of the court.

(Ord. No. 2010-38, § 1, 7-13-10)

ARTICLE 7. RECORD RETENTION

Sec. 2.91. Record Retention Requirement.

(1) Users subject to the reporting requirements of this ordinance shall retain, and make available for inspection and copying, all records of information obtained pursuant to any monitoring activities required by this ordinance, any additional records of information obtained pursuant to monitoring activities undertaken by the User independent of such requirements, and documentation associated with BMP established under Section 2.67(3e). Records shall include the date, exact place, method, and time of sampling, and the name of the person(s) taking the samples; the dates analyses were performed; who performed the analyses; the analytical techniques or methods used; and the results of such analyses. These records shall remain available for a period of at least three (3) years.

(2) Any and all records which pertain to matters which are the subject of a Notice of Violation, Administrative Order, Show Cause Hearing, or any other enforcement or litigation activities brought by the City pursuant to this Chapter, shall be retained and preserved for five (5) years, or until all enforcement activities have concluded and all periods of limitation with respect to any and all appeals have expired, whichever is later.
(Ord. No. 2010-38, § 1, 7-13-10)

ARTICLE 8. MISCELLANEOUS

Sec. 2.92. Removal Credits.

Where applicable, the City Manager may elect to initiate a program of removal credits as part of this Chapter to reflect the POTW's ability to remove pollutants in accordance with 40 CFR 403.7 and Rule 323.2313(a) of the MAC.
(Ord. No. 2010-38, § 1, 7-13-10)

Sec. 2.93. Net/Gross Calculations.

The City Manager may elect to adjust Categorical Pretreatment Standards to reflect the presence of pollutants in the discharger's intake water, in accordance with 40 CFR 403.15 and Rule 323.2313(c) of the MAC.
(Ord. No. 2010-38, § 1, 7-13-10)

ARTICLE 9. USER CHARGES

Sec. 2.94. Purpose and Establishment of Rates and Charges.

Rates and charges for the installation of, connection to and use of the POTW are hereby established for the purpose of recovering the cost of construction, reconstruction, maintenance, repair, operation and replacement of the System. Such rates and charges along with surcharges, permit fees and miscellaneous charges shall be established from time to time by resolution of the City Commission in accordance with the provisions hereinafter set forth. Rates and charges shall be made against all users of the System. The annual rate study conducted by the City and proposed changes in rates and charges and related fees, penalties and other miscellaneous charges along with explanatory materials shall be filed with the City Clerk at least twenty (20) days prior to the City Commission's consideration of an approval resolution for public review and comment. Notice of such filing and opportunity for review and comment shall be published in a newspaper of general circulation in the City and posted on the City's website at least twenty (20) days prior to consideration of the resolution by the City Commission.
(Ord. No. 2010-38, § 1, 7-13-10; Ord. No. 2015-64, § 1, 10-27-15)

Sec. 2.95. Local Collector Sewer Line Installation Charges.

(1) Whenever a local collector sewer line is constructed either through a special assessment project or as may be ordered or required by law, the property owners for whom the line is designed to serve shall each pay their share of the cost of installation. Similarly, any property owner requesting service who has not previously paid his or her share of the cost of constructing the local collector sewer shall pay those costs before service is permitted.

(2) The charge shall be established as provided in Section 2.94 and shall be known as the front foot rate and be determined by multiplying the rate per foot by the number of feet the property owner has fronting on the local collector sewer line from which the user will receive service. This charge will be annually reviewed and may change to reflect the current average cost of installation of local collector sewer lines.

(3) If the City Commission shall determine that it is not advisable to collect the front foot rate at the time of construction or connection (if not previously paid at the time of construction), it may direct that the cost be borne initially by the System and subsequently be collected from the property owner in accordance with this Section.

(4) Upon completion of construction or at the time connection is requested (if this cost has not been paid at the time of construction), the City Engineer shall certify to the City Comptroller the cost to be charged to the property owner. The

Comptroller shall in turn certify the amount thereof to the City Treasurer. The City Treasurer shall bill the owner of the premises affected advising him or her that unless the amount so billed is paid within thirty (30) days from the date of mailing that the same shall be presented to the City Commission at the first meeting thereof after the expiration of thirty (30) days for assessment against said premises as a special assessment. In the event the bill for such installation and connection is not paid within thirty (30) days from the date said notice is mailed, the City Treasurer shall report the same to the City Commission which shall examine the same and if found by it to be correct shall confirm it as a special assessment against the premises affected, at which time the City Commission shall also direct the number of installments into which the same shall be divided, and shall direct the City Assessor to extend the same upon the tax roll as a special assessment in the manner provided in Chapter 10 of this Code. All collection procedures for special assessments established in Chapter 10 of this Code shall be applicable to assessments made hereunder.

(5) In lieu of the procedure above described, such costs may be made at the expense of the System when the owner of the premises signs a written agreement agreeing to pay the cost upon terms agreeable to the City Manager and that the unpaid balance shall constitute a lien upon his or her property of the same character and subject to the same methods of collection as prescribed for special assessments in Chapter 10 of this Code.

(Ord. No. 2010-38, § 1, 7-13-10; Ord. No. 2010-73, § 1, 12-21-10; Ord. No. 2011-59, § 1, 12-20-11; Ord. No. 2012-64, § 1, 12-18-12; Ord. No. 2013-87, § 1, 12-17-13; Ord. No. 2014-88, § 1, 12-16-14; Ord. No. 2015-64, § 2, 10-27-15)

Sec. 2.96. Integrated Sewer Connection Fee Schedule.

(1) When a property owner or user is requested or required to connect to the System and has not previously paid or been assessed a connection fee, a connection fee in accordance with a connection fee schedule established as provided in Section 2.94 shall apply.

(2) Except as otherwise provided in the immediately succeeding paragraph, the foregoing integrated sewer connection base fee schedule for single-family and multi-family residential dwelling units shall be adjusted upward and downward as follows: A single-family residential dwelling unit located on a parcel containing twenty thousand (20,000) square feet shall pay the applicable integrated connection fee in accordance with the foregoing schedule. When determining the square footage of a residential parcel for the purposes of determining the appropriate integrated connection fee, parcel size may be adjusted downward to take into consideration such things as wetlands, lakes, streams and other unusual characteristics of the parcel in accordance with policies approved from time to time by the Utility Advisory Board. To the extent the size of a parcel, as adjusted, is greater than or less than twenty thousand (20,000) square feet, one-half (½) the applicable integrated connection fee will increase or decrease by the same percentage increase or decrease in the parcel above or below twenty thousand (20,000) square feet. In the case of multi-family residential dwellings, in order to determine the size of the parcel assigned to each dwelling unit for purposes of calculating the integrated connection fee to be paid by each multi-family residential dwelling unit, the total square footage of the parcel, as adjusted, on which the multi-family residential dwelling is located shall be divided by the total number of residential units. Notwithstanding any other provision in this subsection, the integrated connection fee for a single-family residential dwelling unit or multi-family residential dwelling unit shall not exceed four and one-half (4½) times the applicable base integrated connection fee set forth in foregoing schedule.

There shall be no upward adjustment in the integrated sewer service connection fee payable for a single-family residential dwelling unit connecting to the Sewer System if (a) each of the following conditions are met (1) a building permit shall have been obtained, (2) the dwelling unit shall have been constructed, and (3) a certificate of occupancy shall have been issued prior to January 1, 2000 or (b) local building permit fees

have been paid to the local governmental unit prior to January 1, 2000 for a single-family residential dwelling unit to be constructed on or after January 1, 2000. When connecting to the Sewer System, Users living in or owning such single-family residential dwelling units shall pay the applicable base integrated connection fee set forth in the Integrated Sewer Connection Base Fee Schedule adjusted downward, if applicable, in accordance with the immediate preceding paragraph.

Effective January 1, 2005 and January 1st of every year thereafter, the Integrated Sewer Connection Base Fees shall be adjusted by a percentage, which is determined by the annual change in the Consumer Price Index (the "Index") calculated as follows:

(a) The Consumer Price Index shall be that Index referred to as the Consumer Price Index, US City Average, All Urban Consumers, published by the U.S. Department of Labor-Bureau of Statistics ((1982-84)=100). In the event the method of determining the Index is substantially altered, the basis for determining the annual change thereafter shall be the Index which is most comparable to the Index described above.

(b) For the purpose of computing the percentage change each calendar year, the Index for the month of August for the prior calendar year shall be subtracted from the Index for the immediately preceding August. The result so obtained (if positive) shall be divided by the Index for the month of August for the prior calendar year to obtain the percentage increase which shall be applied to the then current Integrated Sewer Connection Base Fee Schedule to determine the new calendar year schedule.

The foregoing Integrated Connection Fee is due and payable at the time a User receives a permit to connect to the Sewer System. A permit issued by the City to connect to the Sewer System shall expire one hundred eighty (180) days from the date the permit was issued.

The user receiving services who applies for a larger water meter than the one presently in service shall pay an Integrated Connection Fee which is the difference in cost between the meter size in service and the one applied for in accordance with the Integrated Connection Fee in effect at the time of application. No credit or rebate shall be made in the case of application for a smaller meter size.
(Ord. No. 2010-38, § 1, 7-13-10; Ord. No. 2010-73, § 2, 12-21-10; Ord. No. 2011-59, § 2, 12-20-11; Ord. No. 2012-64, § 2, 12-18-12; Ord. No. 2013-87, § 2, 12-17-13; Ord. No. 2014-88, § 2, 12-16-14; Ord. No. 2015-64, § 3, 10-27-15)

Sec. 2.97. Use Charges.

Rates and charges for sewage disposal service furnished by the System shall be charged to all persons or entities within or without the City limits using the System. Such charges shall reflect the proportionate costs of providing the service within the City limits. For those Users of the System outside the City limits, charges shall be based on the proportionate actually incurred costs to provide service to the Users within the governmental unit in which they reside. Each unit of government customer class in which Users receive treatment services from the System shall adopt a system of User charges in accordance with the EPA regulations and shall incorporate such User charge system in their appropriate Ordinances or resolutions.
(Ord. No. 2010-38, § 1, 7-13-10)

Sec. 2.98. User Classes.

For the purposes of determining User charges, three User classes are established: Domestic, Commercial and Industrial.
(Ord. No. 2010-38, § 1, 7-13-10)

Sec. 2.99. Determination of User Charges.

The charges herein established shall be based upon the water consumption of the User's premises, including water from public and private supplies, as determined by this Chapter and the standards, rules and regulations promulgated pursuant hereto, or at the election of the User upon the actual amount of sewage discharge into

the System. However, a monthly service charge shall be based upon the size of the water meter and as determined by this Chapter.
(Ord. No. 2010-38, § 1, 7-13-10)

ARTICLE 10. RATES AND CHARGES

Sec. 2.100. Applicability.

(1) Users of the System complying with the provisions of this Chapter shall pay rates and charges established as provided in Section 2.94. Such rates and charges shall be designed to produce revenues which are proportionate to the cost of providing service to each User class of each customer class. Such cost shall include, but not be limited to, operation, maintenance, replacement, depreciation and a reasonable rate of return of the System's investment. Any bulk User of the System must establish a similar schedule of rates and charges to assure that its individual Users are paying proportionate share of the cost of providing service in conformance with EPA regulations.

(2) A surcharge shall also be imposed on those Users who exceed normal BOD, TSS, phosphorus and ammonia concentrations established as provided herein.
(Ord. No. 2010-38, § 1, 7-13-10; Ord. No. 2013-31, § 5, 7-23-13; Ord. No. 2015-64, § 4, 10-27-15)

Sec. 2.101. Rates and Charges for Retail Users Within the City of Grand Rapids.

The rates and charges for sewage disposal service shall apply for users within the City and shall be established pursuant to Section 2.94.
(Ord. No. 2010-38, § 1, 7-13-10; Ord. No. 2010-73, § 3, 12-21-10; Ord. No. 2011-59, § 3, 12-20-11; Ord. No. 2012-64, § 3, 12-18-12; Ord. No. 2013-87, § 3, 12-17-13; Ord. No. 2014-88, § 3, 12-16-14; Ord. No. 2015-4, § 5, 10-27-15)

Sec. 2.102. Surcharges and Permit Fees.

(1) If the City Manager determines that a discharge will not cause pass through or interference as defined in this Chapter, industrial or commercial users whether they are located within a retail service area or a bulk service area shall be charged a surcharge if the concentration of their discharge exceeds a five-day BOD of two hundred fifty (250) mg/l, and/or TSS of two hundred fifty (250) mg/l, or any phosphorus of fifteen (15) mg/l. That charge shall be as established pursuant to Section 2.94. In addition, all industrial or commercial users shall be charged a surcharge for ammonia concentrations exceeding thirty-eight (38) mg/l. The charge shall be as established pursuant to Section 2.94. Discharge concentrations of these substances and the resulting surcharge shall be based on at least three (3) composite samples per quarter. This sampling shall be performed by either the City or the industrial user as determined by the City Manager.

(2) The fee for a Significant Industrial User Discharge Permit as provided for in Section 2.70 of this Chapter whether they are located within a retail service area or a bulk service area shall be as established pursuant to Section 2.94 and an analytical fee based upon Section 2.102(3).

(3) A schedule of charges as established pursuant to Section 2.94 shall apply to any analysis which may be required as a part of a Significant Industrial User Discharge Permit.

(4) These charges will be reviewed annually and may change to reflect the current cost of providing these services.
(Ord. No. 2010-38, § 1, 7-13-10; Ord. No. 2010-73, § 4, 12-21-10; Ord. No. 2011-59, § 4, 12-20-11; Ord. No. 2012-64, § 4, 12-18-12; Ord. No. 2013-18, § 10, 4-30-13; Ord. No. 2013-31, § 6, 7-23-13; Ord. No. 2013-87, § 4, 12-17-13; Ord. No. 2014-88, § 4, 12-16-14; Ord. No. 2015-4, § 6, 10-27-15)

Sec. 2.102.1. Miscellaneous Charges.

(1) Sewer Lateral Charges shall be as established pursuant to Section 2.94.

(2) Sewer Oversizing Rates shall be as established pursuant to Section 2.94.

(3) Footing Drain Disconnect Opt Out Charge shall be as established pursuant to Section 2.94.
(Ord. No. 2012-64, § 5, 12-18-12; Ord. No. 2013-87, § 5, 12-17-13; Ord. No. 2014-88, § 5, 12-16-14; Ord. No. 2015-64, § 7, 10-27-15)

Sec. 2.103. Review of Rates and Charges.

Annually, after the close of the fiscal year and prior to the adoption of the System's budget, there shall be a review of rates and charges. Upon completion of the review, a report shall be prepared and presented to the City Commission summarizing the review and recommending rates and charges which assure that all the costs of the System will be recovered from customer and User classes proportionately to the cost of providing service to them.
(Ord. No. 2010-38, § 1, 7-13-10)

Sec. 2.104. Enforcement.

Delinquent bills shall be collected as provided for in Section 2.107 of this Chapter.
(Ord. No. 2010-38, § 1, 7-13-10)

Sec. 2.105. Effective Date.

This Ordinance shall take immediate effect, however, the rates, charges, fees, penalties, and miscellaneous charges and other established amounts set forth in Sections 2.95(2), 2.96(1), 2.101, 2.102(1), (2) and (3), and 2.102.1(1), (2) and (3) effective prior to the effective date of this Ordinance shall remain in effect through December 31, 2015.
(Ord. No. 2010-38, § 1, 7-13-10; Ord. No. 2010-73, § 5, 12-21-10; Ord. No. 2011-59, § 5, 12-20-11; Ord. No. 2012-64, § 6, 12-18-12; Ord. No. 2013-87, § 6, 12-17-13; Ord. No. 2014-88, § 6, 12-16-14; Ord. No. 2015-4, § 8, 10-27-15)

ARTICLE 11. SEWER USE STANDARDS

Sec. 2.106. Sewer Service Applications and Notification.

(1) A User desiring to obtain sewer service shall make application on forms prescribed by the City. In the event that sewer service at premises is continuous through a change of ownership, the new owner must file a notification of change of ownership within ten (10) days. Failure to complete an application or notification may result in discontinuance of service.

(2) Whenever a condominium has a single sewer connection servicing the premises, the account shall be made in the name of the condominium association. Sewer service shall not be provided until the condominium association has filed with the Water Business Office written proof that it has the authority to enter into such an arrangement.
(Ord. No. 2010-38, § 1, 7-13-10)

Sec. 2.107. Billing Practice.

(1) The current Water System Rules and Regulations shall be utilized for billing practices.

(2) If any meter shall fail to register properly, or if a meter reader cannot obtain a meter reading at a premises on the regular reading date, a billing shall be sent based upon an estimate of former consumption of comparable quarters in preceding three (3) years.

(3) The total amount of the sewer charges shall be the amount of the bill. The Water Business Office shall assign due dates to be no less than fifteen (15) days from the date of mailing of the bill. There shall be no discount for early payment. In the event that the bill is not paid by the due date, a ten (10) percent penalty is added to the net amount and both become due and payable. All remittances by mail must be postmarked on or before the due date to entitle the User to pay only the net amount. When the due date falls on a legal holiday, Saturday or Sunday, the net amount will be accepted on the first business day following. Failure to receive a bill shall not entitle a customer to pay the net amount unless it can be shown from City records that the bill was not sent.

(4) If payment is not received within seven (7) days of the due date on the bill, a reminder notice shall be sent by first class mail to inform the User that the account is overdue.

(5) If payment is not received or satisfactory arrangements have not been made within thirty (30) days of the due date on the bill, a shut-off notice will be sent by first class mail to inform the User that failure to respond can result in termination of water service. This notice will also inform the User that if he/she has a question

regarding the bill he/she should contact the Water Business Office. If payment is not received or satisfactory arrangements have not been made within seven (7) days after the shut-off notice is sent to the User, the water/sewer service shall be shut off. No service that has been disconnected, due to non-payment, shall be restored until all past-due bills are paid or satisfactory arrangements for such payment are made at the Water Business Office.

(6) Whenever sewer service has been furnished to a premises and it is determined that: i) the Water Business Office has not rendered a bill for the service; and ii) the User has done everything normally required of him/her, a back-bill covering the period shall be sent to the User. However, the period covered by the back-bill shall not exceed three (3) years. If it is determined that the User has not done everything normally required of him/her, a back-bill shall be sent to the owner of the premises covering the period that service was rendered, but not to exceed six (6) years. The back-bill will include the monthly service charge at the rate in effect for the period covered plus the commodity rate times the estimated volume of sewage used based upon the best available data. In the absence of a City water meter, the sewer volume for domestic customers shall be the average usage per quarter for Domestic Users as determined by the annual rate study. In the absence of a City water meter, commercial and industrial customers shall be required to install metering devices pursuant to Section 2.111(5) of this Chapter, to accurately record waste discharge into the System. The amount of the back-bill will be computed by using the current meter readings for the comparable quarters.

(7) When a tenant is responsible for payment of bills and a lease has been executed containing a provision that the lessor is not liable for sewer charges, then it shall be the responsibility of the lessor to so notify the Water Business Office with an affidavit signed by both parties and thereby request a waiver of the lien privilege. The affidavit must state the pertinent provision of the lease and the expiration thereof. Upon receipt of such notification, the POTW will waive its lien privilege and sewer bills to the lessee within the term of the affidavit shall not be a lien against the

property. Upon expiration, a new affidavit must be submitted to retain the lien waiver. Without such notification, sewer bills will be a lien against the property served regardless of any lease provisions between the parties.

(8) Charges for sewage disposal service furnished to any premise within the City shall be made pursuant to City Code and/or statute. The lien remedy does not preclude any other remedy provided in law. Those premises outside the City that are served by the System that have delinquent bills will be certified to their governmental unit for collection as provided in the contract between the City and the governmental unit.

(9) When the Water Business Office has received and approved a request from the property owner for waiver of the lien privilege, then a cash deposit will be required of the lessee as security for payment of all sewer charges. Said cash deposit shall be equal to three (3) times the quarterly bill for sewer charges, but, in no case, less than the minimum deposit schedule as referred to in Appendix I of the Water Department Rules and Regulations.

(10) The Water Business Office shall refund a deposit and the accrued interest thereon upon satisfactory payment by the User on or before the due date of all proper charges for sewer service for a period of twelve (12) successive billing quarters. For these purposes a payment will be considered satisfactory if made prior to the issuance of any notice of discontinuation of service for non-payment. Users who have established credit by the satisfactory payment of sewer charges at one (1) premises shall not be required to make deposits at a subsequent premises unless the deposit at the subsequent premises would exceed the previous one by greater than one hundred (100) percent. A User who has been refunded his/her deposit shall be required to remake a security deposit in the event that his/her service is discontinued for non-payment. Upon termination of service, the deposit, with accrued interest, shall be credited to the final bill and the balance, if any, shall be promptly returned to the User.

(11) The Water Business Office will apply interest to the deposit accounts of all Users with security deposits. This interest shall be at the rate of six (6) percent per annum. Interest will be credited to the deposit account annually as of June 30 and said interest will be compounded annually. Accrued interest shall be paid at the time that the deposit is refunded. Accrued interest shall include all annual interest credits plus interest for the time period from the previous June 30 to the date of refund.
(Ord. No. 2010-38, § 1, 7-13-10; Ord. No. 2013-18, § 11, 4-30-13; Ord. No. 2013-31, § 7, 7-23-13)

Sec. 2.108. Sewer Lines.

(1) Over sizing shall mean the enlargement of a local collector sewer so that the enlargement will serve as a trunk or interceptor sewer. When the System requires a local collector sewer line to be oversized, it will pay the cost of such over sizing as computed in the following manner:

(a) In a residential assessment district or a new residential plot, the over sizing share is the material difference in cost of the oversized sewer;

(b) In a commercial, industrial or high density residential development assessment district, the over sizing share is the material difference in the cost of the oversized sewer;

(c) In cases where the larger than normal size sewer line is required solely to provide adequate service to a local service area and is not used as part of the larger network, then the entire cost of the enlargement will be treated in the same manner as a normal sized local collector line and the System will not participate in the over sizing cost.

(2) All extensions of the local collector sewer line are normally paid for by the affected Users through special assessment or front footage charges. However, the City Commission may authorize the extension of a local collector sewer line to serve an existing structure when the owner of the property requests sewer service because of failure of his/her present system causing an emergency situation and constituting a public health hazard. The

POTW, at its own expense, may extend the sewer line to serve said properties under the following conditions:

(a) The requesting property is within five hundred (500) feet of an existing local collector sewer line;

(b) As shown by a poll of the other properties affected by the proposed extension, a majority of the owners having front footage are opposed to the project;

(c) There is a reasonable expectation, as determined by the City Commission, that newly constructed or existing properties not presently desiring service will request such service in the foreseeable future.

(3) When an extension specified in Section 2.108(2) is made in the instances cited, the requesting property owner shall agree to pay the prevailing front footage rate and other applicable charges in the City Code at such time that the extension is made. When property owners connect who have not shared in the expense of the sewer line extension, they shall then pay the front footage and other applicable charges as provided in Section 2.95 of this Chapter.

(4) All new sewer lines shall conform to the City of Grand Rapids Standard Construction Specifications and shall be a minimum of eight (8) inches in diameter in most residential areas and a minimum of twelve (12) inches in diameter in commercial, industrial or high-density residential areas. The City Manager reserves the right to determine the minimum acceptable sewer lateral size in those cases where drainage problems exist. (Ord. No. 2010-38, § 1, 7-13-10)

Sec. 2.109. Sewer Laterals and Appurtenances.

(1) The property owner shall maintain, at his/her expense, the sewer lateral to insure continuous flow of sewage from the structure to the local collector, trunk or interceptor sewer, and shall be responsible for replacement of lateral sections existing between the structure and the property line or public easement boundary. The City shall be responsible only for the replacement of lateral sewers existing within the street right-of-way or public easement.

(2) Whenever a sewer lateral is to be extended into the premises, the plumber or contractor may obtain location measurements from the City. However, the City does not assume responsibility for the accuracy of such location measurements.

(3) Every structure with plumbing fixtures shall have an independent, owner-maintained building sewer lateral to the local collector sewer line when the System is available. There shall not be more than one (1) structure served by a single sewer lateral connection, except with approval of the City Manager.

(4) When a structure is to be demolished, satisfactory arrangements shall be made with the City to disconnect and seal the sewer lateral at the property line or at the point designated by the City. The lateral disconnection shall be inspected by the City prior to sealing. Failure to make arrangements for inspection and the proper termination of the connection shall cause the City Manager to order excavation of the lateral for the required inspection with all associated costs to be assessed against the bond required by the demolition permit as provided for in the City Code.

(5) Roof drains shall not be connected to the System. The City Manager shall order the immediate disconnection of all such connections. The owner of the premises shall be responsible for any and all costs associated with these disconnections and all costs including, but not limited to, legal and inspection service required to enforce provisions of this Chapter. Each day the owner fails to comply with such order shall constitute a separate violation of this Section. Roof drains not disconnected shall be subject to the same monthly charge as footing drains except the Dry Weather Flow (DWF) and Wet Weather Flows (WWF) shall be calculated on an individual basis. The calculation shall be the roof area in square feet multiplied by the normal rainfall (3.2 ft) multiplied by 7.48 gals/cu ft to determine the gallons per year.

(6) Footing drains shall not be connected to the System on any structure built after 1968. The City Manager shall order the immediate discon-

nection of such connections. The owner of the premises shall be responsible for any and all costs associated with these disconnections and all costs including, but not limited to, legal and inspection service required to enforce provisions of this Chapter. Each day the owner fails to comply with such order shall constitute a separate violation of this Section.

(7) Basement waterproofing systems shall not be connected into the System or discharged in such a manner as to cause a public or private nuisance. Prior to installation of a basement waterproofing system the property owner, or the owner's contractor, must obtain a permit from the City. The waterproofing system must be inspected and approved by the City prior to putting the system into operation. Given due cause, the City Manager may order the owner to discontinue the discharge of water from a basement waterproofing system. Each day the owner fails to comply with such order shall constitute a separate violation of this Section.

(8) Disposal of garbage into the POTW shall be permitted only after it has been pulverized by an installed food-waste-grinder unit. Such units shall be installed in accordance with the current Plumbing Code, adopted by the City and enforced by the City.

(9) Storm Drains shall not be connected into the System or discharged in such a manner as to cause a public or private nuisance.
(Ord. No. 2010-38, § 1, 7-13-10; Ord. No. 2013-18, § 12, 4-30-13)

Sec. 2.110. Connection Permits.

Persons authorized shall obtain a permit for sewer lateral connection from the City in accordance with the Plumbing Code. Said permits shall be obtained before any such work may begin.
(Ord. No. 2010-38, § 1, 7-13-10)

Sec. 2.111. Sewer Connections.

(1) If at any time it is found that any sewer lateral connection has been installed contrary to or in violation of the City Code or rules or regulations governing such installation, the City Manager shall issue an order requiring compliance within thirty (30) days after notification. If compliance has not been obtained, including payment of all fees and charges, within thirty (30) days of the notice, the City Manager may authorize termination of City water/sewer service until the corrections are made. The owner or User will not have redress for any such charges occurring because of shut-off or termination. In addition, the violator may be subject to a municipal civil infraction action.

(2) Each new sewer lateral installation, or repair of an existing sewer lateral, shall be inspected and approved by the City prior to backfilling.

(3) If a piece of property that has an existing sewer lateral serving more than one (1) building is subdivided into separate lots or parcels, then the owner of the building that does not have direct sewer service must install his/her own sewer service across his/her property or on an easement and the original sewer lateral to the adjoining subdivided property must be disconnected. Any required easements shall be recorded by the Kent County Clerk.

(4) Whenever a new sewer lateral is installed or repaired by a contractor or plumber, it shall be guaranteed to be free from any defective material or poor workmanship, in the public right-of-way, for a period of one (1) year from the date of installation.

(5) Wastewater metering facilities may be installed by a User or as required by the City Manager to measure sewage discharge from the User's premises to the sanitary sewer. All such arrangements shall be made subject to acceptance by the City Manager and the expense thereof, including the installation, maintenance and operation, shall be borne by the User. Plans and specifications for the installation of any wastewater meter must be sealed by a Michigan licensed professional engineer and submitted to the City before actual installation begins. Such metering facilities shall meet the following criteria:

(a) A Michigan licensed professional engineer must develop installation plans. Drawings of the location of the primary measuring device and the meter, the location of the meter's data output(s) and specifi-

cations for the meter, including its manufacturer, model and logging frequency, must be included with the plans.

(b) A plan location map, which accurately shows where the primary measuring device, flow meter and flow meter totalizer are located in relation to the facility building and shall be submitted as part of the drawings.

(c) Meter reading provisions shall be convenient meter installation sites or any existing water meter reading location.

(d) Underground structure, and all associated piping, which contains the primary measuring device and the meter shall be installed in accordance with the Plumbing Code.

(e) If possible, the primary measuring device must be located in an open or non-permitted confined space. The recording device may not be located in a confined space.

(f) The meter must include a data logger capable of recording and displaying continuous flow data. The data must be inspected each business day, by the User, with documentation of the inspection in the form of the inspector's initials, date and time. All data records must be maintained for a minimum of three (3) years and be available for inspection by the City.

(g) The meter installation must be inspected and found to be acceptable by the City Manager before any data from the meter will be used for billing purposes.

(h) The User must maintain a meter service contract provided by the manufacturer or the manufacturer's approved representative. The meter shall be checked and calibrated quarterly, or as per manufacturer's recommendation, by the service provider. All calibration records must be maintained for a minimum of three (3) years and be available for inspection by the City.

(i) If failure of the meter occurs, the User must notify the City Manager within three (3) business days. Repairs to the meter, which are the responsibility of the owner, must be completed within five (5) business days. If repairs cannot be completed within five (5) business days, a timetable for completion of repairs must be submitted to the City Manager. If, as a result of failure, or suspected failure, the sewer meter readings are in dispute, the volume of water indicated by the City's water meter during the disputed time will be used as the wastewater volume.

(j) The City, at its discretion, must be allowed to inspect the meter and all records pertaining to the meter. At the City Manager's discretion, the acceptance of any wastewater metering device and/or data may be revoked.

(Ord. No. 2010-38, § 1, 7-13-10; Ord. No. 2013-18, § 13, 4-30-13)

ARTICLE 12. FOOTING DRAIN DISCONNECTION PROGRAM

Sec. 2.112. Purpose.

The purpose of the Footing Drain Disconnection (FDD) Program is to promote the public health, safety and welfare by (i) reducing improper stormwater inflow connections in a cost effective manner, (ii) reducing or eliminating instances of surcharged sanitary sewers caused by improper stormwater inflows, (iii) reducing the occurrence of sanitary sewer backups into occupied structures, and (iv) maximizing the efficient operation of the POTW. It is the further purpose of the FDD Program to assist the City in its compliance with its NPDES permit and related applicable laws, rules and regulations.

(Ord. No. 2010-51, § 1, 9-14-10)

Sec. 2.113. Definitions.

In addition to the definition of words and phrases in Section 2.62 of this Chapter which shall apply to this Article, for the purposes of this Article the following words and phrases shall

have the meanings ascribed to them by this Section unless the context in which they are used specifically indicates otherwise:

(1) *FDD (Footing Drain Disconnection)* - The elimination of the connection between a structure's foundation drains intended to collect groundwater and stormwater

around the structure's basement and which connects to the structure's sanitary sewer lead which discharges to the System. The disconnection requires an alternative means of discharging the collected groundwater and stormwater by (a) a sump, sump pump and discharge or (b) a surface discharge where such discharge can be accomplished by gravity without the potential for backup from surface flooding.

(2) *FDD Funding Cap* - The FDD Program reimbursement limitation established pursuant to Section 2.117 of this Article from time to time by resolution of the City Commission.

(3) *FDD Program* - The effort within the City to eliminate improper stormwater inflow connections from the System.

(4) *FDD Project Area* - The area or areas of the City designated from time to time for implementation of the FDD Program.

(5) *FDD Reimbursement* - The amount reimbursed to, or for the benefit of, a participating owner for the cost of removing improper stormwater inflow connections and related appurtenant work.

(6) *Improper Stormwater Inflow Connection* - A direct connection to the System of sump pumps, exterior floor drains, downspouts, foundation drains and other sources of stormwater inflow and groundwater, including, but not limited to, visible evidence of ground or surface water entering drains through structure doors or cracks in structure floors and walls.

(7) *Participating Property Owner* - A property owner within an FDD Project Area who has notified the City that it will participate in the FDD Program.

(Ord. No. 2010-51, § 1, 9-14-10)

Sec. 2.114. Determination of FDD Project Areas; Notification of Property Owners.

The City Manager, as defined in Section 2.62 of this Code, shall from time to time prioritize the areas in the City for implementation of the FDD Program based on the severity of System groundwater and stormwater inflow surcharge problems. Based on such prioritization, one or more FDD Project Areas shall be established from time to time by the City Manager for inclusion in the FDD Program. Each property owner within an FDD Project Area shall be (i) ordered by the City Manager to disconnect all improper stormwater inflow connections and (ii) notified of the ability to participate in the FDD Program. Participation in the FDD Program is voluntary, however, a property owner electing not to participate shall be subject to the charge provided for in Section 2.115 of this Article until the improper stormwater inflow connection(s) are disconnected.

(Ord. No. 2010-51, § 1, 9-14-10)

Sec. 2.115. Participation; Non-Participation; Charge.

After receiving an order from the City Manager to disconnect all improper stormwater inflow connections on its property, a property owner shall notify the City Manager whether it will be a participating property owner in the FDD Program. Whether or not the property owner elects to be a participating property owner, it shall have ninety (90) days to complete the disconnection of all improper stormwater inflow connections on its property. If the property owner fails to do so within such ninety (90) day period, the property owner or other person responsible for paying regular System rates and charges established pursuant to Article 10 of this Chapter shall be charged an additional amount determined by the City Manager to reasonably reflect the additional costs the System incurs or will incur as a result of the property continuing to have an improper stormwater inflow connection(s). Such costs shall be determined on an annualized basis and billed proportionally monthly for each month or partial month after the end of such ninety (90) day period that such improper stormwater inflow connection(s) continue to exist with respect to the property. Such charge shall be in the amount established from time to time by resolution of the City Commission and shall be billed and collected in the same manner as regular System rates and charges are billed and collected pursuant to Section 2.107 of this Chapter.

(Ord. No. 2010-51, § 1, 9-14-10)

Sec. 2.116. Scope of Work.

The City Manager shall determine, for each structure of a participating property owner in an FDD Project Area, the scope of work required for disconnection of improper stormwater inflow connections using the most cost efficient and timely methods. Subject to this Article, all or a portion of such costs shall be eligible for FDD reimbursement. If the scope of the work for a structure does not totally eliminate improper stormwater inflow, the City Manager may issue supplemental orders for additional work, the cost of which may, subject to the FDD funding cap, be eligible for FDD reimbursement.
(Ord. No. 2010-51, § 1, 9-14-10)

Sec. 2.117. FDD Reimbursement; FDD Funding Cap.

Subject to the limitations of the FDD funding cap, a participating property owner shall be entitled to reimbursement of the cost of qualifying work within the scope of work up to the FDD funding cap which amount may be paid to the participating property owner, to such owner's contractor or the participating property owner and contractor jointly. The FDD funding cap shall be established from time to time by resolution of the City Commission. Except as otherwise provided in Section 2.118 of this Article, all costs of qualifying work above the FDD funding cap shall be the responsibility of the participating property owner.
(Ord. No. 2010-51, § 1, 9-14-10)

Sec. 2.118. FDD Funding Cap Increase.

The City Manager may, upon submission of a request by a participating property owner or its contractor, increase the FDD funding cap for that participating property owner's cost of qualifying work where the City Manager determines that extraordinary conditions exist which will result in the incurrence of additional extraordinary costs. In order to have such request considered, it must be submitted prior to commencement of the qualifying work.
(Ord. No. 2010-51, § 1, 9-14-10)

Sec. 2.119. Approved Contractors.

The City Manager will establish and maintain a list of contractors or contractor teams approved for performance of work under the FDD Program based on such contractors' qualifications including similar experience, quality of work and the provision of insurance coverage. The City may require, in accordance with procedures promulgated by the City Manager, the licensing of contractors approved for performing work under the FDD Program.
(Ord. No. 2010-51, § 1, 9-14-10)

Sec. 2.120. Performance of Work by Contractor or Participating Property Owner.

(1) A participating property owner may (i) select a contractor from the City's approved list to perform the work or (ii) perform the work. If a participating property owner selects an approved contractor, the approved contractor shall submit the scope of the work and the estimated contract price to the City Manager for review. Upon completion of the review of the scope of work and approval of the estimated contract price, the contractor shall undertake the work pursuant to a contract with the participating property owner. The City shall not be a party to such contract and the contractor, prior to commencement of the work, shall obtain all required governmental approvals.

(2) If a participating property owner elects to perform the work, it shall submit the scope of the work and the estimated cost to the City Manager for review, provided, however, labor performed by the participating property owner shall not be reimbursable. Upon completion of such review, the participating property owner shall undertake the work in accordance with the submitted and reviewed scope of the work. Provided, however, prior to commencement of the work, the property owner shall obtain all required governmental approvals.
(Ord. No. 2010-51, § 1, 9-14-10)

Sec. 2.121. FDD Reimbursement Payments.

After the work for the benefit of, or by, a participating property owner is completed and

has been inspected by the City and approved by the participating property owner (in the event a contractor performs the work), which approval shall not be unreasonably withheld, the City Manager shall authorize the payment of eligible costs up to the FDD funding cap (as may be modified pursuant to Section 2.118 of this Article). While ordinarily payment will not be made until the work has been completed and inspected, the City Manager may approve partial payment under unusual circumstances such as the time of the year when work is performed. In the case where the work is contracted, payment may be made to the participating property owner, the contractor or the participating property owner and contractor jointly in the City Manager's sole discretion. Payment shall be made to the participating property owner of the eligible cost of equipment and materials if it has performed the work.
(Ord. No. 2010-51, § 1, 9-14-10)

Sec. 2.122. Release.

Prior to commencement of the work included in the FDD Program for the benefit of a participating property owner, the participating property owner shall release and hold harmless the City and its officers, employees and agents from all liability related to performance of such work.
(Ord. No. 2010-51, § 1, 9-14-10)

Sec. 2.123. Maintenance of Work.

A participating property owner under the FDD Program shall be the owner of all equipment and will be responsible for the maintenance, repair and replacement of all equipment, facilities and systems constructed or installed on its property as a part of the scope of the work related to its property. The City shall have no obligation to maintain, repair or replace such equipment, facilities and systems.
(Ord. No. 2010-51, § 1, 9-14-10)

Sec. 2.124. Rules, Regulations and Policies.

The City Manager may from time to time establish rules, regulations and policies related to the implementation of the FDD Program not inconsistent with the provisions of this Article.
(Ord. No. 2010-51, § 1, 9-14-10)

Sec. 2.125. Conflict.

This Article shall not void the provisions of Section 2.109(6)(a) of this Chapter, but shall implement additional provisions applicable to footing drain disconnections.
(Ord. No. 2010-51, § 1, 9-14-10)

Sec. 2.135. Mobile GR Commission.

The Mobile GR Commission shall consist of thirteen (13) members, whose terms shall be staggered three-year terms. Initial appointments will consist of one (1) person to serve a one-year term, one (1) person to serve a two-year term, and five (5) persons to serve three-year terms. The members shall be appointed by the Mayor, with the approval of the City Commission, and shall serve without compensation. The total membership should reflect diverse user interests including retailing, building ownership, convention, housing, consumer, public transportation, educational institutions, seniors and people with disabilities, the bicycling and pedestrian community, and neighborhood groups. Membership may also include a member of the City Commission. In the event of death or resignation of any member, his or her successor shall be appointed to serve for the remainder of the unexpired term. All terms shall extend until a successor is appointed and approved. Three (3) consecutive absences or less than seventy-five (75) percent attendance during any twelve-month period shall constitute a resignation.

(1) The Commission shall elect its Chairperson and other officers it deems necessary.

(2) The Commission shall meet not less than monthly and more often if requested by its Chairperson. All meetings of the Commission shall be in accordance with the Michigan Open Meetings Act, as amended.

(3) The Commission shall advise and provide recommendations to the City Commission, including but not limited to, the following:

a. Guidance of on- and off-street parking system

i. User fee schedules and recommendations for other funding sources necessary to fund current parking programs and future capital improvements.

ii. Recommendations for the allocation of spaces among different types of facility users.

iii. Five-year capital improvement plans to improve existing facilities and services and to provide additional facilities and services.

b. Guidance of the DASH service.

c. Input and plans related to biking and walking initiatives.

d. Reviewing transportation demand management (TDM) plans, and incorporation of mobility options.

e. Supporting new mobility services.

f. Monitoring and marketing of mobility information.

g. Employer outreach/solutions.

h. Marketing programs to complement special events, private advertising efforts and methods of informing the public of public parking and public transit availability, features and benefits.

i. Ensuring equitable access to transportation options.

(4) Matters pertaining to City public parking that concern major overall policy considerations dealing with the categories listed below shall be referred to the Commission for study, deliberation and recommendation:

a. The supply and location of public parking, including capital improvements to the System.

b. Service objectives toward user groups and user fees.

c. Zoning changes as they relate to the parking requirements within the Central Business District.

d. Public relations issues that relate to methods of informing the public of the availability, features and benefits of public parking and public transit related to public parking.

(Ord. No. 2017-20, § 1, 3-7-17)

Editor's note—Ord. No. 2017-20, § 1, adopted March 7, 2017, amended § 2.135 in its entirety to read as herein set

out. Former § 2.135, pertained to Automobile Parking Commission, and derived from Ord. No. 80-38, 5-27-80; Ord. No. 81-35, 6-9-81; Ord. No. 87-40, § 1, 6-30-87.

Sec. 2.136. Rates.

The rates for parking and off-street parking lots and structures, operated as a part of the Automobile Parking System, shall be established by resolution of the City Commission from time to time. Such rates need not be uniform throughout the System, but shall be based upon demand for parking in the area which the lot or structure serves and such other considerations as the City Commission shall deem pertinent. All rates and charges so established shall conform to the requirements of the various revenue bond ordinances heretofore adopted in connection with the financing of the Automobile Parking System, so long as any bonds issued for such purposes under such ordinances are still outstanding and not called for payment. The rates and charges in effect upon the date of the adoption of this Code shall remain in effect until thereafter changed as provided in this Section.
(Ord. No. 81-35, 6-9-81)

Sec. 2.137. Public Parking Facility, Definition.

"Public Parking Facility" is defined as any vehicle parking lot, structure or facility which is owned and/or operated by the City of Grand Rapids for the parking of vehicles. All such structures shall be designated as public parking facilities at each vehicular entrance.
(Ord. No. 81-35, 6-9-81; Ord. No. 81-58, 7-14-81)

Sec. 2.138. Compliance with Regulations.

The use of parking spaces in any public parking facility may be regulated by markings or signs painted or displayed at the entrances, in the interior, or at the exit of each public parking facility for the purpose of regulating the type or size of vehicle which may be lawfully parked within spaces so identified or the time during which a vehicle may not be lawfully parked within an off-street parking station. It shall be unlawful for any person to cause, allow, permit or suffer any vehicle owned or operated by him or her to be parked in or upon any part of a public parking facility, as herein defined, without complying with the regulations relating to the use of that facility. All persons shall obey the parking instructions of any person uniformed, badged, or otherwise identified as a municipal parking facility employee.
(Ord. No. 81-35, 6-9-81; Ord. No. 81-58, 7-14-81)

Sec. 2.139. Access Control Devices.

When it is deemed appropriate for operating efficiency, patrons of public parking facilities may be assigned and granted a temporary possession of a control card or other access control device. Any person to whom an access control device is assigned may employ the device to gain access to a public parking facility only if he or she is an occupant of the entering vehicle, and further provided that no person shall permit more than one vehicle, admitted by the same access control device, to be parked in a public parking facility at the same time.
(Ord. No. 81-35, 6-9-81; Ord. No. 81-58, 7-14-81)

Sec. 2.140. Parking for Handicappers.

Signs or markings shall be placed or painted upon the floor or wall surfaces of public parking facilities for the purpose of reserving the parking spaces so designated for use by handicappers possessing a valid permit from the State of Michigan. No person owning or operating a motor vehicle shall park or permit the same to be parked within a space so designated for handicappers without possessing and displaying a valid permit. For purposes of this Section, a valid permit shall include handicapper vehicle registration plates.
(Ord. No. 81-35, 6-9-81; Ord. No. 81-58, 7-14-81)

Cross reference—Handicapped parking, § 10.63.1.

Sec. 2.141. Pay and Display.

When it is deemed appropriate for operating efficiency, public parking facilities shall be controlled by a coin-activated device which will issue a receipt showing the date and time during which a motor vehicle shall be lawfully parked. Whenever a vehicle is parked within a public parking facility controlled by such a device, the owner or operator thereof shall immediately purchase a receipt by depositing or causing to be

deposited a coin or coins of the United States in the required amount and display said receipt in the front windshield of the motor vehicle so parked. The operator must purchase an additional receipt where extended time is desired. Where such a coin operated device controls a public parking facility, signs indicating that fact shall be prominently displayed and instructions for use of that facility shall be readily available.
(Ord. No. 81-35, 6-9-81; Ord. No. 81-58, 7-14-81)

Sec. 2.142. Use of Substitute Coins; Tampering with Meters.

It shall be unlawful for any person to deposit or cause to be deposited in any parking meter or other coin-activated device in or upon any public parking facility any slug, device or substitute for any coin required for the operation thereof.
(Ord. No. 81-35, 6-9-81; Ord. No. 81-58, 7-14-81)

Cross reference—Similar provisions, § 10.59.

Sec. 2.143. Method of Parking.

Lines or markings shall be painted or placed upon the floor or wall of surfaces of each public parking facility for the purpose of designating lawful parking spaces. Each vehicle parked within public parking facilities shall be parked within the immediately adjacent lines or markings so established.
(Ord. No. 81-35, 6-9-81; Ord. No. 81-58, 7-14-81)

Sec. 2.144. Reserved Parking.

The use of public parking facilities may be reserved for monthly renters, City officials, City employees, or City vehicles. No person shall park a vehicle within a parking space, section of parking spaces or parking facility which is designated as reserved, except in compliance with posted reservation.
(Ord. No. 81-35, 6-9-81; Ord. No. 81-58, 7-14-81)

Sec. 2.145. Enforcement and Fines.

The provisions of this Chapter may be enforced by any Police Officer, Police Cadet, C.L.I.P. (College Level Intern Paraprofessional), or authorized City employee. The fines for violation of any regulation regarding public parking facilities shall be as defined in Section 2.146. The penalty identified in Section 2.146 shall be applicable for all payments which are received or postmarked within ten (10) days from the date of the violation notice. After ten (10) days, the penalty shall be increased to an amount which is twice the initial value. If the penalty has not been paid within ninety (90) days from the date of violation notice, the total amount of the penalty shall increase to an amount three (3) times the original penalty. Any violation of this Chapter shall be disposed of by means set forth in Chapter 181 of this Code.
(Ord. No. 81-35, 6-9-81; Ord. No. 81-58, 7-14-81; Ord. No. 93-36, § 2, 8-24-93)

Cross reference—Parking violations, enforcement, § 10.64.

Sec. 2.146. Fines.

Fines for parking violations issued under this Code shall be established from time to time by resolution of the City Commission. Fines not paid within ten (10) days from the date of the violation notice will double. If the fine is not paid within ninety (90) days, the fine will triple.
(Ord. No. 81-58, 7-14-81; Ord. No. 93-36, § 3, 8-24-93; Ord. No. 2000-18, § 1, 4-11-00; Ord. No. 2007-02, § 1, 1-1-07)

Sec. 2.147. Ninety-Minute Free Parking Program.

(1) To encourage shopping downtown, a Ninety (90) Minute Free Parking Program is hereby established at the City Centre ramp, the Lyon/Ionia ramp, the Monroe Center #1 lot, and the Monroe Center #2 lot. Each vehicle entering any of those four facilities shall be entitled to a maximum of ninety (90) minutes of free parking, upon the terms and conditions stated in this section.

(2) Free parking shall be provided at the foregoing four (4) facilities subject to the following limitations:

(a) The program shall be available only to vehicles entering a facility no earlier than 9:00 a.m. each day;

(b) Each vehicle shall be entitled to one period of a maximum of 90 minutes of free parking system-wide for an a.m.

entry and another period of a maximum of 90 minutes of free parking system-wide for a p.m. entry;

(c) Any vehicle granted free parking in the a.m. shall not re-enter any of the four (4) listed facilities that same a.m., and any vehicle which has been granted free parking for a period commencing in the p.m. shall not re-enter any of the four (4) listed facilities that same day.

(3) Notwithstanding sections 2.145 and 2.146, any vehicle violating the prohibitions on re-entry contained in 2(c) above shall be in violation of this section of the City Code and the person responsible for such violation, or if that is disputed or cannot otherwise be determined, the registered owner of the vehicle violating the prohibition, shall be subject to a fine equal to that imposed for a meter infraction under Chapter 16 of the City Code. In lieu of such fine, the driver exiting the facility at the conclusion of the stay which began with the prohibited re-entry, may pay the cash charge for such stay.
(Ord. No. 93-46, § 1, 10-26-93)

Secs. 2.148—2.160. Reserved.

[The next page is 1075]

Chapter 31

PARKING FACILITIES ACCOUNT

Sec. 2.161. Purpose.
Sec. 2.162. Administration.
Sec. 2.163. Payments of Fee-In-Lieu.
Sec. 2.164. Written Agreement.
Sec. 2.165. Recording of Payments.

Sec. 2.161. Purpose.

The Parking Facilities Account is hereby created. It shall be the fund in which shall be deposited all in-lieu payments referenced in Chapter 61, Section 5.163(1)(b)(iii). Payments to the account may be invested and reinvested in funds legally qualified as trust investments as provided by State law. The account shall be used principally for the purpose of paying all reasonable expenses and charges incident to planning, designing, acquiring, building, financing, and developing, but not for maintaining, off-street parking facilities which shall be designated by the City Commission as serving the C-3 Central Business District and for reimbursing advances that may have been made to the account. The Parking Facilities Account may also be used for managing other alternatives to parking in the central business district, including Transportation Demand Management measures, subject to the approval of the City Manager. Parties making payments to the account shall obtain no rights or benefits thereby other than those rights and benefits specifically set forth in Chapter 61, Section 5.163, and the City shall not be responsible to such parties in any manner whatsoever for the application or use of the account. The use of the account as directed by the City Commission in accordance with the exclusive uses thereof as herein provided shall constitute full and complete satisfaction of the City's obligation in the administration of the account. The City may accumulate amounts in the account for the purposes set forth above or hypothecate and pledge the assets of the account all in accordance with the purposes and uses thereof.
(Ord. No. 92-78, § 1, 12-22-92)

Sec. 2.162. Administration.

The general administration of the Parking Facilities Account shall be the responsibility of the City Manager who shall report annually to the City Commission on the status of the account, on his recommendations for the use of the Parking Facilities Account, and specifically on his recommendations for the use of these funds for needed public parking facilities.
(Ord. No. 92-78, § 2, 12-22-92)

Sec. 2.163. Payments of Fee-In-Lieu.

Payment of a sum to the Parking Facilities Account, to be determined by the Automobile Parking Commission and certified to the City Commission, shall be deemed to reduce by one (1) parking space the off-street parking requirement for any building or structure currently or thereafter located on the property on which is located the building or structure for which such in-lieu payment is made. The level of such sum shall be determined in conjunction with the annual determination of public parking fees.

(1) In-lieu payment(s) to the Parking Facilities Account normally shall be non-refundable. However, if after making an in-lieu payment, an applicant thereafter provides parking space at a level that satisfies Section 5.163 of Chapter 61, such payment shall be refunded in full for spaces provided, but with no interest.

(2) The benefit of in-lieu payment shall run with the land on which the building or structure for which the in-lieu payment is made is located and shall be assignable to and binding upon a successor in interest in such land.

(3) In-lieu payments may, if a written agreement exists between the City and landowner, be paid as follows:

   (a) Payments shall be made corresponding to the proportion of structure approved for occupancy, less the parking provided pursuant to Chapter 61, Section 5.163(1) and (2).
   (b) The first payment shall be due upon signing such written agreement; subsequent payments are due prior to and in proportion to any intended additional occupancy of the structure.

(Ord. No. 92-78, § 3, 12-22-92)

Sec. 2.164. Written Agreement.

Signing of a written agreement to pay in-lieu payment(s) shall be deemed to constitute provision of the number of parking spaces that will be provided upon payment in full of the in-lieu payment for purposes of issuing building and other

permits necessary to allow construction or renovation of a structure. Actual payment made in full in accordance with an executed agreement shall be provided prior to the issuance of any occupancy permit.
(Ord. No. 92-78, § 4, 12-22-92)

Sec. 2.165. Recording of payments.

Upon receipt of the in-lieu payment, the City Manager shall cause a notice to be recorded with the Kent County Register of Deeds setting forth:

(1) The legal description of the property on which is located the building or structure for which such in-lieu payment was made.

(2) The number of parking spaces deemed to have been provided for the property on which is located the building or structure for which such in-lieu payment was made.

(3) The amount of the in-lieu payment.

(4) The name of the party making the in-lieu payment. In the event that subsequent in-lieu payment is to be made in accordance with a written agreement signed in accordance with the terms of Section 2.163(3) above:

(1) The City Manager shall cause a notice to be recorded with the Kent County Register of Deeds setting forth:

(a) The legal description of the property on which is located the building or structure for which such in-lieu payment was made.
(b) The number of parking spaces which shall be deemed to have been provided for the property on which is located the building or structure for which such in-lieu payment was made, at such time as the in-lieu payment is paid in full.
(c) The amount of the in-lieu payment and the terms and conditions under which the in-lieu payment is to be made.
(d) The name of the party signing the written agreement.
(e) A statement that at such time as the in-lieu payment is paid in full in accordance with the terms of the written agreement, the City Manager shall cause a notice to be recorded with the Kent County Register of deeds setting forth the liber and page at which the original notice is recorded and stating that the in-lieu payment described in that notice has been paid in full.

(2) At such time as the in-lieu payment is paid in full in accordance with the terms of the written agreement, the City Manager shall cause a notice to be recorded with the Kent County Register of Deeds setting forth the liber and page at which the original notice is recorded and stating that the in-lieu payment described in that notice has been paid in full.

*__Editor's note—__Ord. No. 2022-20, § 1, adopted July 26, 2022, amended chapter 32 in its entirety to read as herein set out. Former chapter 32, §§ 2.201—2.203, 2.211—2.225, 2.231—2.237, 2.241—2.245, 2.250—2.259, 2.261—2.265, 2.271—2.275, 2.281—2.283, 2.291—2.295, 2.301, 2.311—2.315, pertained to similar subject matter, and derived from Ord. No. 2001-26, § 1, 7-31-01; Ord. No. 2005-94, § 1, 12-6-05; Ord. No. 2007-13, § 1, 2-20-07; Ord. No. 2012-50, § 1, 9-11-12, eff. 9-16-12; Ord. No. 2013-21, § 1, 5-28-13.

Article 5. Soil Erosion and Sedimentation Control

Sec. 2.250. Enforcement Authority.
Sec. 2.251. Responsibility to Prevent Soil Erosion and Discharge of Sediments.
Sec. 2.252. Permit or Authorization Requirement.
Sec. 2.253. Exemptions From Obtaining an SESC Permit.
Sec. 2.254. Permit or Authorization Application.
Sec. 2.255. Application Review Fee.
Sec. 2.256. Permit or Authorization Fee.
Sec. 2.257. Surety Requirements.
Sec. 2.258. Modifications to Approved Plan, Permit, or Authorization.
Sec. 2.259. Soil Erosion and Sedimentation Control Design.
Sec. 2.260. Reserved.

Article 6. Floodplain Standards

Sec. 2.261. Designation of Regulated Flood Prone Hazard Areas.
Sec. 2.262. Standards for Flood-Resistant Construction.
Sec. 2.263. Special Conditions.
Sec. 2.264. Advisability of Additional Flood Protection.
Secs. 2.265—2.270. Reserved.

Article 7. Administrative Appeals and Procedures

Sec. 2.271. Right of Appeal.
Sec. 2.272. Appeal Procedures for Administrative Orders.
Sec. 2.273. Appeal Procedures for Permit or Variance Denials.
Sec. 2.274. Hearing Procedure.
Sec. 2.275. Right to Further Appeal.
Secs. 2.276—2.280. Reserved.

Article 8. Inspection, Monitoring and Mandatory Reporting

Sec. 2.281. Inspection and Sampling.
Sec. 2.282. Stormwater Monitoring Facilities.
Sec. 2.283. Accidental Discharges.
Secs. 2.284—2.290. Reserved.

Article 9. Violations, Penalties and Liabilities

Sec. 2.291. Violations.
Sec. 2.292. Recovery of Costs Incurred by the City.
Sec. 2.293. Falsifying Information.
Sec. 2.294. Criminal and Civil Liability.
Sec. 2.295. Enforcement Procedures.
Secs. 2.296—2.300. Reserved.

Article 10. Record Retention

Sec. 2.301. Record Keeping Requirement.
Secs. 2.302—2.310. Reserved.

Article 11. Resource Documents

Secs. 2.311—2.400. Reserved.

ARTICLE 1. GENERAL

Sec. 2.201. Findings.

The Grand Rapids City Commission hereby finds the following:

(1) That there is a need to improve the water quality of the stormwater currently discharged by the City Stormwater Drainage System (CSDS) to prevent the degradation of the Grand River and its tributaries;

(2) That there is a need for the City to enhance its ability to regulate the discharge of stormwater into the CSDS to reduce pollutant levels and comply with Federal and State laws regarding pervasively regulated stormwater discharges from the CSDS;

(3) That there is a need to reduce the frequency and severity of flooding, and limit the uses and activities within flood prone areas, thereby promoting the public health, safety and welfare;

(4) That soil erosion results in sedimentation that obstructs storm drains and road ditches, muddies streams, silts-in lakes and reservoirs and is a water pollutant;

(5) That there is a need for the City to more effectively manage the CSDS through the use of Best Management Practices, enhanced operation and maintenance and physical improvements;

(6) That the Clean Water Act of 1987, and the subsequent EPA regulations require those cities which must obtain an NPDES permit for the discharge of stormwater, to have adequate authority to regulate discharges into their stormwater drainage systems in order to prevent the discharge of harmful pollutants into the waters of the State;

(7) That the City of Grand Rapids is a participant in the National Flood Insurance Program, and that program requires the City to have adequate authority to regulate the development of land located in the floodplain;

(8) That Part 91, Michigan Soil Erosion and Sedimentation Control, of the Natural Resources and Environmental Protection Act, 1994, P.A. 451, as amended (Act 451) requires the regulation of construction activities. The State of Michigan has authorized the City as a Municipal Enforcement Agency (MEA) and an Authorized Public Agency to enforce and administer soil erosion control programs which are intended to avoid, reduce or mitigate the erosion and resultant sedimentation of soils from construction sites located within the City or under the control of the City;

(9) That the Michigan Subdivision Control Act (MCL 560.101 et seq.) regulates the development and construction of platted subdivisions and condo plats, and under this Act the City is charged with assuring proper drainage of such plats;

(10) That the Michigan Drain Code (MCL 280.1 et seq.) regulates the establishment and maintenance of county drains, except those legally established drains constituting mainstream portions of certain natural watercourses identified in rules promulgated by the Michigan Department of Environmental Quality.

(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.202. Purposes and Objectives.

(1) The purposes of this Chapter are to establish standards with respect to use and operation of the CSDS, to mitigate flooding, reduce pollution and sedimentation of the CSDS, adjacent properties and the environment and to improve the water quality of our rivers, lakes and streams.

(2) The standards established in or pursuant to this Chapter are determined to be necessary to preserve the public health, safety and welfare; reduce pollution and sedimentation; mitigate the hazards of flooding; and to fulfill the obligations of the City with respect to State and Federal law, rules and regulations applicable to these matters.

(3) The objectives of this Chapter are:

(a) To improve the quality of stormwater and to prevent or reduce the introduction of pollutants and sediments into the CSDS which cause a degradation of the environment and interfere with the normal use of the CSDS and the water resources of the City;

(b) To mitigate the frequency and severity of flooding from stormwater from within the CSDS service area through proper planning and management.

(c) To provide for appropriate use and development of flood-prone areas, allowing beneficial use without increasing flood hazard potential.

(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.203. Definitions.

For the purposes of this Chapter, the following words and phrases shall have the meanings respectively ascribed to them by this Section unless the context in which they are used specifically indicates otherwise:

(1) *Base Flood.* A flood having a one (1) percent chance of being equaled or exceeded in any given year, which is also called the "100-year flood."

(2) *Base Flood Elevation.* The high water elevation of the Base Flood and is commonly referred to as the "100-year flood elevation."

(3) *Best Management Practices (BMPs).* A schedule of activities, prohibition of practices, general good housekeeping practices, pollution prevention and educational practices, maintenance procedures, and other management practices to prevent or reduce to the Maximum Extent Practicable (MEP) the discharge of pollutants directly or indirectly into the receiving waters of the State or City Stormwater Drainage System (CSDS). BMPs also include treatment practices, operating procedures, and practices to control site runoff, spillage or leaks, sludge or water disposal, or drainage from raw materials storage.

(4) *City.* The municipal corporation that is the City of Grand Rapids, Michigan and includes all authorized agents of the City of Grand Rapids when acting within the scope of their authority.

(5) *City Manager.* The City Manager of the City of Grand Rapids and any persons designated to act on behalf of the City Manager in the administration or enforcement of this Chapter.

(6) *City Stormwater Drainage System (CSDS).* Includes all wetlands, surface water bodies, and all public storm drainage structures used in connection with the collection, control, transportation, treatment, or discharge of stormwater runoff and exempted discharges within the City of Grand Rapids. The CSDS does not include sewers or other facilities connected to the Grand Rapids Sanitary Sewage Disposal System, nor does the CSDS include private stormwater drainage facilities, which receive or convey stormwater runoff exclusively from privately owned property.

(7) *Clean Water Act.* The Federal Water Pollution Control Act, 33 USC Sec. 1251 et seq., as amended and applicable regulations promulgated thereunder.

(8) *Design Engineer.* Registered and licensed professional engineer responsible for engineering approval of the site plan design.

(9) *Detention Basin or Facility.* A drainage facility designed and constructed to temporarily store stormwater runoff for a period of time, between twenty-four (24) and seventy-two (72) hours.

(10) *Drainage.* The collection, conveyance or discharge of surface water and/or groundwater.

(11) *Drainage Area.* The land area above a given point that contributes stormwater at that point.

(12) *Drainage way.* The route and surface area by which surface water or groundwater is carried overland from one (1) part of a lot, parcel, right-of-way or adjacent property to another lot, parcel, right-of-way or adjacent property.

(13) *Driveway Approach.* Any area in which, because of topography, elevation, position or location, it is necessary to enclose the gutter or road ditch in a driveway culvert in order to have a proper and suitable entrance to any property abutting on any public right-of-way.

(14) *Driveway Culvert.* A drain pipe or other structure of concrete, masonry, metal, vitrified tile or other materials or combination thereof used to convey or carry surface water across, under or through any driveway or road ditch and/or to connect two (2) or more sections of a gutter or road ditch.

(15) *Dwelling Unit, Multiple-Family, or Multi-Family.* A building or lot containing three (3) or more dwelling units, each of which is totally separated from the other units, any two (2) or more of which may be provided with a common entrance or hall. Includes dwelling units on upper stories of a structure with non-residential uses on other stories.

(16) *Earth Change.* Any human activity that removes ground cover, changes the slope or contours of the land, or exposes the soil surface to the actions of wind and rain. Earth change includes, but is not limited to, any excavating, surface grading, filling, landscaping or removal of vegetative roots.

(17) *Michigan Department of Environment, Great Lakes, and Energy (EGLE).* A department of the State of Michigan, formerly Michigan Department of Environmental Quality (MDEQ). In addition to other responsibilities, EGLE is responsible for NPDES permitting.

(18) *Environmental Services Department (ESD).* A Department of the City of Grand Rapids responsible for the administration, compliance and enforcement activities associated with its NPDES permit(s).

(19) *Erosion.* The process by which the ground surface is worn away by action of wind, water, gravity or a combination of those forces.

(20) *Excavation or Cut.* Any act by which soil or rock is cut into, dug, quarried, uncovered, removed, displaced or relocated and the conditions resulting from such acts.

(21) *Exempted Discharges.* Those discharges into the CSDS other than stormwater as specified in Article 3 of this Chapter.

(22) *Federal Emergency Management Agency (FEMA).* The federal agency of the executive branch of the federal government charged with federal emergency management and associated regulations.

(23) *Flood* or *Flooding.* A general and temporary condition of partial or complete inundation of normally dry land areas resulting from the overflow of water bodies or the unusual and rapid accumulation of surface water runoff from any source.

(24) *Flood Insurance Rate Map (FIRM).* An official map of a community, issued by FEMA, which delineates both the special hazard areas and the risk premium zones applicable to the community.

(25) *Floodplain* or *Flood-prone Area.* Any land area susceptible to water inundation from any source as defined by Flooding. It would mean the Base Flood Elevation, unless otherwise specified.

(26) *Flood Protection Elevation (FPE).* The Base Flood Elevation plus one (1) foot at any given location.

(27) *Flood-proofing.* Any combination of structural and non-structural additions, changes or adjustments to structures or property which reduce or eliminate flood

damage to real estate or improved real property, public and private utilities, structures and their contents.

(28) *Floodway.* The channel of a river, or other watercourse, and the adjacent land areas that must be reserved to carry and discharge a Base Flood without cumulatively increasing the water surface elevation more than one-tenth (1/10) of a foot due to the loss of flood conveyance or storage.

(29) *Flood Fringe Area.* The area between the Floodway and the Floodplain limits.

(30) *Grading.* Any stripping, excavating, filling, stockpiling of soil or any combination of such acts and the land in its excavated or filled condition.

(31) *Gutter.* A shallow paved channel integrated into a pavement section for the purpose of conveying runoff. A gutter is typically provided along the edge of pavement as part of a curb. Gutters may also be located down the center of alleys and parking lots.

(32) *Illicit Connection.* Any method or means for conveying an illicit discharge into the CSDS or water bodies of the State.

(33) *Illicit Discharge.* Any discharge to the CSDS, or water bodies of the State, that is not composed entirely of stormwater, discharges pursuant to the terms of an NPDES permit or exempted discharges as defined in this Chapter.

(34) *Impervious Surface.* Surface that does not allow runoff to percolate into the ground such as roads, parking lots, sidewalks and rooftops.

(35) *Land Owner* or *Landowner.* Any person who owns real property, or who holds a recorded easement on the property, or who is engaged in construction in a public right-of-way in accordance with sections 13, 14, 15, and 16 of Act No. 368 of the Public Acts of 1925, as amended, (MCL 247.183, 247.184, 247.185, and 247.186) as defined in Administrative Rules, Part 17 of the Natural Resources and Environmental Protection Act, 1994, PA 451, as amended (Act 451).

(36) *Lowest Floor.* The lowest floor or the lowest enclosed area (including basement). An unfinished or flood resistant enclosure, which is usable solely for parking of vehicles; building access; or storage in an area other than a basement area is not considered the building's lowest floor.

(37) *Maximum Extent Practicable (MEP).* This phrase refers to the effective implementation of BMPs. Effective BMPs remove pollutants identified at a site for reduction; comply with all applicable stormwater regulations; are compatible with the area's land use, character, facilities and activities; implementation costs should not normally exceed the benefits obtained from pollution reduction; and must be technically feasible (considering area soil, geography, water resources and other resources available).

(38) *Municipal Enforcing Agency (MEA).* Cities (including Grand Rapids), villages, charter townships, and some general law townships that have elected to enforce Part 91 through adoption of a soil erosion and sedimentation control ordinance. After approval of the ordinance by the Department of Environment, Great Lakes, and Energy (EGLE), the MEA assumes responsibility for administering and enforcing Part 91 within their jurisdictions, independent of the County Enforcement Agency.

(39) *Non-conforming Structure.* Any structure that does not comply with the standards established in Article 6, Section 2.262, Standards for Flood-Resistant Construction, of this Chapter. These are usually structures built prior to the determination of the Floodplains by FEMA and the enactment of the associated Floodplain regulations, but could include structures for which a variance had been granted.

(40) *NPDES Permit.* A National Pollution Discharge Elimination System permit issued pursuant to Section 402 of the Federal Water Pollution Control Act or Clean Water Act, as amended or successor legislation.

(41) *One Hundred-Year Floodplain.* That area which would be inundated by storm runoff or flood water of one hundred (100) year recurrence frequency as determined by a flood insurance study or other more scientifically precise analysis accepted by the City Manager.

(42) *Overland Flow-Way.* The surface area that conveys a concentrated flow of stormwater runoff.

(43) *Person or Entity.* An individual, association of individuals, a public, private or not for profit corporation, a firm, partnership or instrumentality.

(44) *Plan.* Written narratives, specifications, drawings, sketches, written standards, operating procedures or any combination of these, which contain information pursuant to this Chapter.

(45) *Pollutant.* A substance discharged which includes, but is not limited to the following: any dredged spoil, solid waste, vehicle fluids, yard wastes, animal wastes, agricultural waste products, sediment, incinerator residue, sewage, garbage, sewage sludge, munitions, chemical wastes, biological wastes, radioactive materials, heat, wrecked or discharged equipment, rock, sand, cellar dirt, and industrial, municipal, commercial and agricultural waste, or any other contaminant or other substance defined as a pollutant under the Clean Water Act.

(46) *Pre-Development.* The last land use and condition prior to the proposed development or redevelopment.

(47) *Property Owner.* Any person having legal or equitable title to property or any person having or exercising care, custody, or control over any property. (See also Responsible Party.) Property owner shall also mean:

(a) Any person who is a Land Owner as defined, or

(b) Any person who in fact has been empowered to act on behalf of or as agent of the owner, or

(c) Any person who has or exercises care, custody, dominion or control over any property, or

(d) Any person who has received a Tax Deed from the State of Michigan for the property and the person has served a notice by persons claiming title under Tax Deed, and the six (6) month redemption period has expired or nine (9) months has lapsed since the person received the Tax Deed to the property.

(48) *Riparian Property Owner.* A person or entity owning land bordering on a stream, river or lake.

(49) *Repetitive Loss Structure.* A building covered by a contract for flood insurance that has incurred flood-related damages on two (2) occasions during a ten (10) year period ending on the date of the event for which a second claim is made, in which the cost of repairing the flood damage, on the average, equaled or exceeded twenty-five (25) percent of the market value of the building at the time of each such flood event.

(50) *Responsible Party.* Any discharger, property owner, tenant, employee, officer, director, partner, contractor or other person who participates in, or is legally or factually responsible for, any act or omission which is a violation of this Chapter or which results in a violation of this Chapter. It is intended that this definition be interpreted broadly to include anyone who participates in an act or omission that results in a violation of this Chapter.

(51) *Retention Basin or Facility.* A drainage facility designed and constructed to permanently store stormwater runoff for an indefinite period of time.

(52) *Road Ditch.* A channel located along roads and within the right-of-way to provide drainage. Typically used for along rural roads. Typically vegetated.

(53) *Sediment.* Any solid particulate matter that has been deposited in water, is in suspension in water, is being transported, and has been removed from its site of origin by the process of erosion.

(54) *Show Cause Hearing.* A formal meeting with ESD staff occasioned by a Show Cause Order requiring a responsible party(s) to appear and demonstrate why a proposed enforcement action should not be taken against them.

(55) *Soil Erosion and Sedimentation Control Plan (SESCP).* A plan to guide construction, maintenance or repair activities designed to prevent the discharge of sediments from the work site. The SESCP is a document that describes and specifies the soil erosion and sedimentation control measures that are to be used during and after the construction, maintenance, or repair operations. The SESCP may consist of one (1) or more of the following types of documents:

(a) Scaled drawing of the site and the proposed soil erosion and sedimentation control measures.

(b) Specifications (Standard and Special).

(c) Narrative descriptions of the scope and type of soil erosion and sedimentation control measures to be employed.

(d) Standard Operating Procedures for soil erosion and sedimentation control.

(56) *Special Flood Hazard Area (SFHA).* An area subject to flooding identified on the Flood Insurance Rate Map published by FEMA.

(57) *State of Michigan Water Quality Standards.* All applicable State rules, regulations and laws related to water quality.

(58) *Storm Drain.* A system of structures such as constructed flood control channels, ditches, aqueducts, storm drains, pipes, street gutters or catch basins intended to convey only stormwater runoff, street wash waters, groundwater drainage, and discharges allowed by State or Federal discharge permits.

(59) *Stormwater.* The runoff and drainage of precipitation resulting from rainfall or snowmelt or other natural precipitation event and includes naturally occurring sediment, silt and substances present in undeveloped watersheds.

(60) *Stormwater Pollution Prevention Plan.* Refers to a document which describes the Best Management Practices (BMPs) to be implemented as a condition for the issuance of an NPDES permit to reduce or eliminate the discharge of pollutants to the Maximum Extent Practicable (MEP).

(61) *Stormwater Standards Manual.* "Stormwater Standards Manual: Procedures & Design Criteria for Stormwater Management", City of Grand Rapids, latest edition.

(62) *Stormwater System Manager (SSM).* The ESD Director or designated contact person in accordance with Article 3, Section B.3 of the NPDES Municipal Stormwater System permits.

(63) *Streams.* A river, creek, or other surface watercourse which may or may not be serving as a drain as defined in Act No. 40 of the Public Acts of 1956, as amended, (MCL 280.1) and which has definite banks, a bed, and visible evidence of the continued flow or continued occurrence of water, including the connecting waters of the Great Lakes.

(64) *Stripping.* Any activity which removes or significantly disturbs the vegetative surface cover of a property including, but not limited to, clearing and grubbing operations.

(65) *Stormwater Drainage Facilities Easement Agreement.* An easement granted to the City of Grand Rapids by the developer of a parcel of land which enumerates the maintenance and liability responsibility of the developer and any successors and assigns for the stormwater drainage facilities located with the proposed development which have been constructed to mitigate the adverse impact of stormwater runoff from the site and to facilitate that development.

(66) *Structure.* Any man-made thing, edifice or construction in or upon the ground and any man-made change to the land. Structure includes, but is not limited to, buildings, manufactured homes, and recreational vehicles installed or left on a site for more than one hundred eighty (180) days.

(67) *Substantial Damage.* "Damage of any origin is sustained by a structure whereby the cost of restoring the structure to its before damaged condition would equal or exceed fifty (50) percent of the market value of the structure before the damage occurred", as defined in the NFIP Floodplain Management Regulations 44 CFR 59.1.

(68) *Substantial Improvement.* The cost of any repair, reconstruction or improvement of an existing structure that equals or exceeds fifty (50) percent of the true cash value of the structure, either:

(a) Before the improvement is started.

(b) Before the damage occurred if the structure has been damaged and is being restored.

1. Such improvements include structures which have incurred "repetitive loss" or "substantial damage", regardless of the actual repair work performed. Substantial Improvement is started when the first alteration of any structural part of the building commences.

(69) *Violations.*

(a) *Isolated.* A Chapter 32 violation which occurs when a person or entity has failed to adequately comply with not more than two (2) specific requirements of the CSDS Ordinance or permit but otherwise would be considered to be in compliance, provided such failure is not a recurring or significant incident.

(b) *Recurring.* A Chapter 32 violation which occurs when a person or entity exhibits a recurring pattern of compliance failures.

(c) *Significant.* A Chapter 32 violation occurs when a person or entity has failed to adequately comply with the requirements of the CSDS Ordinance, State or Federal regulations, or the conditions of a permit, and the compliance failure has caused damage to the CSDS, other properties or the environment, or has caused the City's CSDS to violate its stormwater NPDES permit.

(70) *Water Body.* Defined under State Law; Public Act 451 of 1994, as amended (MCL 324.101 et seq.), Natural Resources and Environmental Protection Act.

(71) *Watershed.* All the land area which contributes runoff to a particular point along a waterway.

(72) *Wetlands.* Defined under State Law, Public Act 451 of 1994, as amended (MCL 324.101 et seq.), Natural Resources and Environmental Protection Act."

(Ord. No. 2022-20, § 1, 7-26-22; Ord. No. 2023-04, § 1, 1-24-23)

Secs. 2.204—2.210. Reserved.

ARTICLE 2. STORMWATER SYSTEM USE

Sec. 2.211. The Stormwater System Extent, Limits and Description.

The CSDS is provided for the drainage of publicly owned properties and rights-of-way within the City limits. All natural and constructed open drainage channels, which receive, convey or store stormwater runoff from publicly owned properties and rights-of-way shall be considered to be part of the CSDS.

The CSDS is also intended to accommodate the discharge of surface water runoff and other approved discharges from adjacent privately owned properties, provided:

(1) The surface water runoff from that property has historically discharged onto public property or rights-of-way.

(2) The characteristics of the discharge are equivalent to the runoff generated by that property prior to any development.

(3) The discharge does not contain pollutants or sediments harmful to the CSDS, the public health and safety or the environment.

(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.212. Riparian Properties.

Riparian property owners may not interfere with beneficial public interests such as navigation, fishing, hunting, swimming or other lawful purposes inherently belonging to the people of the State of Michigan including the receiving, transporting and storage of upstream drainage or runoff.

Except in cases where there is an easement or agreement with the City of Grand Rapids or other governmental entity specifically for the maintenance of the stream, creek or lake, it shall be the riparian owner's responsibility to maintain the stream, creek or lake along their property such that the beneficial public interests are preserved. This maintenance responsibility shall include the removal of accumulated debris, fallen trees from their property that hinders the stream or creeks' proper drainage function as well as providing for erosion protection.

Riparian property owners must obtain all necessary Federal, State and local permits prior to initiating maintenance activities. Failure to comply with this Section shall be considered a nuisance and a violation of this Chapter.

(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.213. Property Drainage.

(1) *Building Openings.*

(a) Any new construction or building undergoing substantial improvement in the base flood area of a swale, drainageway, floodway, ditch, culvert, or any other drainage facility or device shall strictly control the lowest building opening elevation so as to substantially limit flood damage to the building and its contents.

(b) Except as provided herein, no building opening shall be constructed below the following elevations:

1. Flood Protection Elevation.
2. The lowest building opening elevation established at the time of the plat or development approval.
3. One (1) foot above the top of any downstream culvert.

(c) Minimum elevation requirements described in Subsection (b) shall not apply to building openings that are outside the

One Hundred-Year Floodplain, are not otherwise prohibited by any other federal, state, local regulation or law, and are:

Located in an area east of the Grand River and bounded by South City limits (Hall Street extended); to Hall Street/ Freeman Avenue intersection; to CSX railroad at Freeman Avenue; to Hayden Street/Woolsey Drive intersection; to Godfrey Avenue/B Street intersection; to Oakland Avenue/Rumsey Street intersection; to Oakland Avenue/CSX railroad crossing; to Wealthy Street/Ney Avenue; to Oakes Street/Grandville Avenue intersection; to Ionia Avenue/Cherry Street intersection; to Oakes Street/ Commerce Avenue intersection; to Fulton Street/Ionia Avenue intersection; to Ottawa Avenue/Pearl Street intersection; to Newberry Street/Ionia Avenue intersection; to N. Division Avenue/ Taylor Avenue/Coldbrook Street intersection; to Graceland Street/Riverside Drive intersection; to Guild Street/Coit Avenue intersection; to Briggs Boulevard/Monroe Avenue/North Park Street intersection; to Briggs Boulevard/4 Mile Road intersection; to the Grand River along the North City limit; or located in an area west of the Grand River and bounded by the south City limit near Veterans Memorial Drive; to Butterworth Street/West City Limit; to Butterworth Street/I-196 intersection; to Lake Michigan Drive/ Fulton Street intersection; to Bridge Street/I-196 intersection; to Valley Avenue/ 6th Street intersection; to Van Buren Avenue/11th Street intersection; to Leonard Street/Lincoln Avenue intersection; to Webster Street/Powers Avenue intersection; to Tamarack Avenue/ Richmond Street intersection; to Widdicomb Avenue/Thornapple Court intersection; to Ann Street/ Alpine Avenue intersection; to Nason Street/Turner Avenue along the North City Limit; to the Grand River along the North City limit.

These provisions do not exempt such building from any other applicable local, state, or federal regulation, law or requirement. Any substantial improvement or construction permitted does not create a liability on the part of the City or any officer or employee thereof for any flood damage that results from compliance with or reliance upon the provisions of this ordinance. Any substantial improvement or construction is at the applicant's sole risk and the applicant shall defend, indemnify, protect, and hold harmless the City, its officers, agents, elected and appointed officials, departments, boards, and commissions from any and all claims, losses, liabilities, causes of action, demands, judgments, decrees, proceedings, and expenses of any nature (including, without limitation, attorneys' fees) arising out of or resulting from such substantial improvement or construction. Floods may occur at any time, and excessive flood water levels may be experienced due to manmade and natural causes, such as ice jams and accumulated debris in bridge openings. This provision does not imply that areas outside the One Hundred-Year Floodplain, or uses permitted within such areas, shall remain free from flooding or flood damages.

(d) A waiver from complying with the lowest building opening elevation requirement in Section 2.213(1)(b) may be granted by the City Manager following receipt of a letter from a registered engineer, licensed with the State of Michigan, attesting that the proposed building opening elevation will not subject the building to a possible flood hazard from a base flood event.

(e) Upon completion of construction of the structure's foundation and/or slab on grade, a registered land surveyor must certify any minimum building opening elevation specified by this ordinance. The certificate shall attest that the building opening elevation complies with the standards of this ordinance. The permit-

tee for the building permit shall submit the certificate to the Building Inspections Supervisor prior to the commencement of framing and/or structural steel placement. If the surveyor should find that the minimum building opening elevation is below the elevation specified in Section 2.213(1)(b) and (d), that opening must be raised by using a method that meets with the approval of the City Manager. After reconstruction, a registered land surveyor or engineer must re-certify the minimum building opening elevation is compliant with the standards of this ordinance prior to the commencement of framing and/or structural steel placement.

(2) *Property Drainage.*

(a) Any drainage situation not involving water from public property or right-of-way is the responsibility of the property owner.

(b) Lot grading and private property drainage is a civil matter among the property owners affected.

(c) The City will provide technical advice to the property owner on drainage matters limited to advice only.

(d) The drainage review of plats and site plans by the City is for the purpose of assuring that the property can be drained in accordance with the standards of this Code. Regardless of City approvals, the owner remains responsible for the drainage of their property and any impacts it may have on neighboring properties or the environment.

(3) *Post-Construction Stormwater Management Permit Requirement.* This ordinance shall apply to all new development and redevelopment projects, including private and public projects that exceed the thresholds below or projects that are part of a larger common plan of development or sale that would cumulatively exceed the thresholds.

(a) A property owner shall apply for and obtain a Stormwater Discharge Permit prior to the start of any construction, earth change, or other work on the project site for any of the following proposed land uses, development or redevelopment activities, property situations, or special circumstances:

1. A non-residential or Multi-family dwelling unit residential development or redevelopment project with an earth change involving an area of two thousand five hundred (2,500) square feet or more.

2. A plat, subdivision, Planned Unit Development, Planned Redevelopment District, Planned Industrial Development, Site Condominiums, Permitted with Approval Developments, Site Plan Review Development, Planned Redevelopment District, multi-family residential developments, or when otherwise required by the Planning Director, Planning Commission, or Board of Zoning Appeals.

3. A new or redeveloped parking area of one thousand (1,000) square feet or more.

4. When a permit is required by an Administrative Order: Notice of Violation (NOV), Corrective Action Notice or Order (CAO), or Consent Order.

5. Any work or obstruction within the City's right-of-way relating to development or redevelopment of property.

6. An earth change within five hundred (500) feet of a wetland, creek, stream, lake, water body or flood plain.

7. Any earth change regardless of development type involving an area of one (1) acre or more.

8. Individual single- and two-family residential lots are exempt from stormwater management permitting except where thresholds 6. and 7. above apply.

(b) An application fee, as set forth by resolution of the City Commission, shall be paid for the review and processing of design plans and documents for the proposed drainage facilities that are submitted for obtaining a stormwater permit.

(c) A permit fee, as set forth by resolution of the City Commission, shall be paid for administering and inspecting the proposed drainage facilities.

(d) This permit shall be administered and enforced as a component of a consolidated application and permit called the Land Use and Development Permit required by Chapter 67 of the Code.

(e) The City of Grand Rapids shall meet all standards of this ordinance and obtain an authorization to proceed with earth change for City projects exceeding the thresholds of this Section.

(4) *Industrial Stormwater Discharge Permit Requirement.*

(a) The property owner of existing and proposed development, redevelopment or transfer of an industrial property in the City that involves the drainage of surface runoff shall complete an Industrial Stormwater User Survey to determine if a City-issued industrial stormwater discharge permit is required for the site. New water service will not be initiated until a complete survey is submitted. In the case of a transfer account, water service will be disconnected if a complete survey is not submitted within ten (10) days of the transfer. If, upon review, the City Manager determines an initial site inspection may be required, the City will contact the property owner to schedule a site visit. The initial site visit will include assessment of the property for its potential to discharge pollutants into the CSDS.

(b) The City Manager will evaluate the Industrial Stormwater User Survey and may schedule an initial site visit to determine the site's priority level within the Industrial Stormwater Program.

(c) Stormwater dischargers who have previously submitted a survey, as prescribed in this Section, are also required to complete an Industrial Stormwater Survey periodically, at a frequency to be determined by the City Manager.

(d) Within thirty (30) days after full evaluation and acceptance of the data furnished, the City Manager shall decide the site's priority level within the Industrial Stormwater Program and notify the property owner accordingly.

(e) Permits will be effective for up five (5) years from the date of issuance as determined by their priority level.

(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.214. Driveway Culverts.

(1) *Responsibility for Driveway Culverts.* The property owner is responsible for the initial installation of a driveway culvert in accordance with ESD specifications.

(2) *Permit Requirement.*

(a) Prior to the installation of a new culvert the owner, owner's contractor or authorized agent must submit an application and a plan for the new culvert to the City Manager for review and approval. It shall be unlawful for anyone to construct any driveway approach over, in or through any gutter or road ditch or to install or construct a driveway culvert through any road, street or public right-of-way without first having obtained a permit from the City Manager.

(b) Surety Required. A Building Permit shall not be issued for any construction in or on any property, where there is no driveway approach, or where a new driveway approach is deemed necessary because of the existing conditions. The applicant for a building permit shall provide surety in such amount as is

reasonably necessary, based upon the current construction costs, as established by the City Manager.

(c) A fee shall be charged for the issuance of the permit in such sum as the City Commission may require, by resolution.

(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.215. Roadside Ditch Maintenance and Improvements.

(1) It shall be the adjacent property owner's responsibility to perform routine maintenance of the roadside ditch. Such maintenance shall include the grass cutting, the removal of leaves, litter, and grass clippings and other loose debris and obstructions.

(2) The dredging or re-grading of a roadside ditch shall be done by the City as determined necessary by the City Manager.

(3) The re-establishment of a roadside ditch that has been filled by past or present adjacent property owners shall be completed by the City in a manner as determined by the City Manager.

(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.216. Private Stormwater Facilities.

The City is not responsible for providing stormwater drainage facilities on private property. It shall be the responsibility of the property owner to install, maintain, repair or replace private stormwater facilities serving the owner's property. Where stormwater facilities serve more than one (1) privately owned parcel of property, it shall be considered each property owner's joint and several responsibility to install, maintain, repair or replace the facilities serving all such properties. Any changes made to the existing private stormwater facilities that change its discharge characteristics into the CSDS need to be approved by the City Manager.

(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.217. Easements for Drainage.

(1) Easements recorded as part of a subdivision plat that are not specifically granted to or held by the City, and are created for the purpose of managing surface water runoff from private property, are deemed to be private stormwater facilities. The maintenance obligations of these easements belong, jointly and severally, to each of the owners of the lots within the plat that utilize the easement for the discharge and management of surface water runoff from their lots.

(2) Proposed developments that have common private drainage facilities serving multiple users such as, but not limited to, subdivision plats and site condominiums shall establish county drains, under authority of the Michigan Drain Code (MCL 280.1 et seq.).

(3) Proposed developments that include the construction of private drainage facilities necessary for the proposed development and to mitigate the adverse impacts of stormwater runoff and which also receive, convey, store, treat and discharge stormwater from other public and private properties, shall enter into a "Stormwater Drainage Facilities Easement Agreement" with the City of Grand Rapids before final approval of the proposed development. The Stormwater Drainage Facilities Easement Agreement must be in a form that is acceptable to the City Attorney.

(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.218. Management of the City Stormwater Drainage System.

The CSDS shall be under the management, supervision and control of the City Manager.

(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.219. Inspection.

(1) Since the discharge of Stormwater runoff is a pervasively regulated activity under Federal and State Law and by this Chapter, the City has the right and obligation to inspect connections and discharges to the CSDS in order to ensure compliance with State and Federal Law.

(2) The City Manager and other duly authorized employees of the City bearing proper credentials and identification shall be permitted to enter upon all properties at reasonable times for the purpose of inspection, observation, measurement, sampling and testing in accordance

with the provisions of this Chapter. Any person who uses, applies to use or is connected to, or who discharges into the City's Stormwater Drainage System is hereby put on notice that inspections may be made in accordance with this Chapter and the Michigan and United States Constitutions.

(3) A person who uses, applies to use, is connected to or who discharges into the CSDS does so with the knowledge that inspections provided for in this Chapter will be made to ensure compliance with the law, ordinances and regulations in effect controlling the use of the CSDS. Users of the CSDS shall have no reasonable expectation of privacy with respect to discharges or potential discharges into the CSDS and that announced and unannounced inspections may be conducted to the full extent provided for by Federal and Michigan Law. Inspections pursuant to this Chapter will be conducted only for observation, sampling, monitoring and measuring in order to determine compliance with this Chapter.
(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.220. Authority to Issue Administrative Orders.

Whenever the City Manager determines that any discharger has violated this Chapter, or any other related laws or regulations which the City is authorized to enforce, the City Manager may issue administrative orders of the type listed below. Multiple orders may be issued simultaneously or in combination as a single order with respect to a single discharger.

(1) *Notice of Violation.* The Notice of Violation is an official communication from the City Manager to the responsible party(s), which informs them that a violation of this Chapter has occurred. The Notice of Violation is issued for relatively minor or infrequent violations of stormwater management standards and requirements. The Notice of Violation is an initial disciplinary action taken for a violation which is neither significant nor poses an immediate hazard to the health and welfare of the public, damage to the environment or the CSDS.

(2) *Corrective Action Order.* The Corrective Action Order is an enforcement document that directs Responsible Party(s) to undertake or to cease specified activities. The first formal disciplinary level to a significant violation is a Corrective Action Order and may incorporate compliance schedules, cost recovery and corrective action directives. If the Responsible Party(s) fails to correct a violation within the time frame specified in a Notice of Violation, the City Manager shall issue a Corrective Action Order for correction of this violation. The Responsible Party(s) is not relieved of the responsibility for unauthorized discharges that occur any time before or after receiving a Notice of Violation or Corrective Action Order.

(3) *Cease and Desist Order.* The Cease and Desist Order is an order that directs the discharger to cease illegal or unauthorized discharges immediately. The City Manager shall have the authority to enter the discharger's property and take such steps as necessary to eliminate the discharge should the discharger fail to comply with such order. Such order shall be final and remain in effect until a hearing, if requested by the discharger, is conducted and a final decision is made by the City Manager. A written request for such hearing shall be made within ten (10) calendar days after receiving the order.

(4) *Consent Order.* The Consent Order is an order issued as a result of an agreement between the City Manager and the discharger containing three (3) elements; compliance schedules, reimbursement of the City for damages and costs incurred or remedial actions, signatures of the City Manager and the discharger. A consent order shall address every identified and potential deficiency in the discharger's compliance status at the time of the order.

(5) *Show Cause Order.* The Show Cause Order is an order issued by the City Manager when there is a failure to comply

with either a Cease and Desist Order or a Consent Order, or where the violation is not corrected by timely compliance. The City Manager may order any discharger who causes or allows prohibited conduct, to show why further enforcement action should not be taken.

(6) *Compliance Order.* The Compliance Order is an order that directs the discharger to achieve compliance by a date specified in the order. Compliance orders require discharger to develop management practices, spill prevention programs and related stormwater BMPs, or obtain appropriate permits.

(7) *Stop Work Order.* The Stop Work Order is an order that directs a discharger to stop work where there is work in progress that constitutes, causes or is causing a violation of any provision of this Chapter. The City Manager may issue a Stop Work Order to prevent further violations or damage.

(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.221. Authority to Issue Appearance Tickets.

The City Manager is authorized to issue a court appearance ticket for any violation of this Chapter.

(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.222. Emergency Authority.

When a necessary or advisable emergency protective measure or action is required to abate a nuisance, to prevent loss of human life, injury, damage to property, or environmental impacts, or to otherwise protect the public health, safety or welfare, the City Manager is authorized to cause such measures and actions to be taken. The costs of such protective measures or actions shall be the property owner's and shall constitute a lien upon the property as provided for by law or in the City Charter. The costs shall also be a personal debt of the property owner that may be collected as other debts.

(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.223. Responsibility or Liability.

The City, its officers, employees, agents and contractors shall have only that responsibility or liability provided for by Federal or State law for any action or inaction in connection with the activities covered by this Chapter. No additional responsibility or liability is, or shall be, created or assumed.

(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.224. Appeal of Permit Denials.

Any denial of a permit based upon the review provided for in this Chapter may be appealed as provided for in Article 7 of this Chapter.

(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.225. Plan Reviews and Document Submittals.

(1) *General Review Requirements.* Plans submitted for review shall provide adequate detail of the hydrology and hydraulics of the existing site and proposed development. Plans and specifications shall be of sufficient scale and detail to facilitate the evaluation of the potential impact of the proposed development upon the City's Stormwater Drainage System, adjacent properties, water bodies, rivers, streams, creeks and drainage ways.

(2) *Minimum Information Required.* Plans submitted to the ESD for review must have sufficient information to enable a complete and thorough evaluation of site grading and drainage. A list of minimum information required for proper plan review can be obtained from the ESD prior to submitting documents for review. Any project submitted for review by ESD which does not contain the minimum information specified by the ESD shall be considered incomplete and returned without a complete design review.

(3) *Supplemental Requirements.* The ESD may require additional information or design effort to address site specific conditions before issuing a permit or recommending approval by the Planning Commission, or the City Commission. The

following site-specific conditions may require additional information and design effort beyond the minimums listed in the checklist:

(a) *Existing Site Conditions.* Additional site design considerations may be needed where there are steep slopes, floodplains, wetlands, or waterways associated with or adjacent to the site.

(b) *Proposed Development Intensity.* Additional site design considerations may be needed with higher intensity developments, which have limited remaining areas for managing the site's stormwater runoff.

(c) *Public Drainage System Capabilities.* Additional site design considerations may be needed where the public drainage system into which the site discharges has special limitations (e.g. a combined sewer, a history of downstream flooding or existence of downstream erosion problems).

(d) *Local Neighborhood Concerns.* Additional site design considerations may be needed to address neighborhood concerns concerning drainage and related impacts caused by the proposed project.

(Ord. No. 2022-20, § 1, 7-26-22)

Secs. 2.226—2.230. Reserved.

ARTICLE 3. PROHIBITIONS AND EXEMPTIONS

Sec. 2.231. Prohibited Discharges.

No person shall discharge or in any way contribute to or cause to be introduced, directly or indirectly, into the CSDS any substance or pollutant other than stormwater or an exempted discharge. Any person discharging stormwater into the CSDS shall effectively prohibit pollutants from being discharged with the stormwater to the Maximum Extent Practicable.

(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.232. Exempted Discharges.

(1) The following discharges may enter the CSDS provided the discharges do not result in a violation of State of Michigan Water Quality Standards:

(a) Water supply line flushing and discharges from potable water sources.

(b) Landscape irrigation runoff, lawn watering runoff and irrigations waters.

(c) Diverted stream flows and flows from riparian habitats and wetlands.

(d) Rising groundwaters and springs.

(e) Uncontaminated groundwater infiltration and seepage.

(f) Uncontaminated pumped groundwater, except from groundwater cleanups specifically authorized by NPDES permits.

(g) Foundation drains, water from crawl space pumps, footing drains and basement sump pumps.

(h) Air conditioning condensation.

(i) Waters from non-commercial car washing.

(j) Flows from riparian habitats and wetlands.

(k) Dechlorinated swimming pool water from single-, two-, or three-family residences or if specifically authorized under an NPDES permit.

(l) Street wash water.

(m) Discharges or flows from emergency firefighting activities.

(n) Discharges for which a specific Federal or State permit has been issued.

(2) None of the above exemptions eliminates the need to provide appropriate pollution control or pollution prevention measures required under this Chapter or under any other Federal or State Law, rule or regulation.

(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.233. Interference with Natural or Artificial Drains.

(1) It shall be unlawful for any person to stop, fill, dam, confine, pave, alter the course of, or otherwise interfere with any natural or constructed drain, ditch, watercourse or drainage facility that is a part of the CSDS without first submitting a suitable plan and receiving a permit from the City Manager.

(2) Nothing in this Section shall preclude emergency action taken to prevent or mitigate conditions that would be injurious to the environment, the public health, safety or welfare. Any emergency action taken, which interferes or modifies any natural or artificial drain, shall be reported to the City Manager upon occurrence and a detailed report of the actions taken shall be filed within five (5) days. The report shall include location, date and time thereof, type of action and corrective actions taken. Failure to notify the City Manager immediately and the failure to file a report shall be considered a separate violation of this Chapter.
(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.234. Material Storage.

It shall be unlawful for any person to store, stockpile or dispose of any hazardous, toxic or non-toxic material including but not limited to chemicals, explosives, buoyant materials, yard wastes, log and brush piles, unsecured landscaping materials, play or work sheds, animal wastes, fertilizers, flammable liquids and pollutants unless adequate protection and/or containment has been provided to prevent such materials from entering, diverting or blocking the CSDS, except as specifically permitted by State and Federal Law.
(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.235. Basement Waterproofing.

(1) Prior to the installation of a basement waterproofing system that discharges groundwater, the property owner, or the owner's contractor, must obtain a Plumbing Permit from the Building Inspections Division of the City's Neighborhood Improvement Department. Basement waterproofing systems shall not be connected into the sanitary sewer system or discharged in such a manner as to cause a public or private nuisance. The waterproofing system must be inspected and approved by the City's Plumbing Inspector prior to putting the system into operation. The City Manager may order the owner to take corrective actions or discontinue the discharge of water from a basement waterproofing system. Each day the owner fails to comply with such order shall constitute a separate violation of this Chapter.

(2) Sump Pump Discharge.

(a) Structures requiring footing drains because of a high water table (within two (2) feet of footing drains) or impervious soils shall discharge to the CSDS only by direct connection through a sump pump equipped with a check valve system. Gravity drainage from footing drains to the CSDS is prohibited to preclude the possibility of stormwater backups into the footing drains.

(b) If a connection to the CSDS is not possible or is impractical, alternative discharge in a manner which does not create a public or private nuisance shall be allowed.

(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.236. Stormwater Discharges to Public Streets or Rights-of-Way.

Discharge from roof drains, footing drains, sump pumps and surface drains, shall not cause a public or private nuisance, nor shall the discharge be conducted to the sanitary sewer system as prohibited in Chapter 27 of the Code. The City Manager may order the owner to discontinue the discharge. Each day the owner fails to comply with such order shall constitute a separate violation of this Code.
(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.237. Catch Basin Connections.

Discharges from private property may not be connected into a public stormwater catch basin unless approved by the City Manager.
(Ord. No. 2022-20, § 1, 7-26-22)

Secs. 2.238—2.240. Reserved.

ARTICLE 4. POST-CONSTRUCTION STORMWATER MANAGEMENT STANDARDS

Sec. 2.241. NPDES Permit Holders.

Any person required by State or Federal law to obtain an NPDES permit for a discharge into the CSDS, shall provide the City with a copy of all current or proposed NPDES permits and applications, including any changes, addenda or amendments.
(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.242. Limiting Pollutants in Stormwater Discharges.

The City Manager is authorized to require dischargers to implement pollution prevention measures, Best Management Practices, or other methods necessary to prevent or reduce the discharge of pollutants into the CSDS.

(1) *Water Quality Treatment:* Treat the calculated site runoff for the entire project site from a one (1) inch rainfall event, which is approximately equal to the ninety (90) percent annual non-exceedance storm.

(2) *Total Suspended Solids (TSS):* The methods selected to treat the volume of water calculated for the water quality treatment performance standard shall be designed on a site-specific basis to achieve either a minimum of eighty (80) percent removal of TSS, as compared with uncontrolled runoff, or discharge concentration of TSS that does not exceed eighty (80) milligrams per liter (mg/l).

(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.243. Discharge Rates and Volume Control Applicability.

The City Manager is authorized to establish minimum design standards for stormwater discharge release rates and require dischargers to implement on-site retention, detention or other methods necessary to control the rate and volume of surface water runoff discharged into the CSDS when:

(1) An activity is subject to a stormwater discharge permit per Section 2.213(3)(a); or

(2) The discharge exceeds the City-calculated pre-development discharge characteristics for the subject property and the City Manager determines that the discharge contributes to an identified drainage, flooding or soil erosion problem.

(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.244. Public Safety.

Protection of the public health, safety and welfare shall be a primary consideration in the design of all stormwater facilities.
(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.245. Stormwater Drainage System Design Criteria.

(1) *Design Storms.* The following design storm standards require that the design engineer confirm the adequacy of the downstream system capacity and the existence of an acceptable emergency overland flow-way.

Type of Facility	**Design Storm**
Open Channel	
Roadside swales, ditches	10 year
Temporary construction channel	5 year
Emergency overland flow-way	100 year
Enclosed Channels (Storm drain pipes and culverts)	
Collector systems	10 year
Trunk systems	25—100 year
Detention/Retention Facilities	
Emergency overflow spillway capacity	10 year
Flood Control Design Storm	
Outside sensitive sewer sheds listed in Stormwater Standards Manual, Appendix 2	25 year
Inside sensitive sewer sheds listed in Stormwater Standards Manual, Appendix 2	100 year
Water Quality Volume (WQV)	Runoff from 1.0 inch rainfall event*
Channel protection	2 year

* Per MDEQ memo dated March 24, 2006, ninety (90) percent non-exceedance rainfall event for Grand Rapids is approximately one (1) inch.

(2) *Standard Design Storm Data.*

(a) Standard rainfall intensities for design storms used in the Rational Method, the Modified Chicago Method or similar methods are contained in Stormwater Standards Manual.

(b) A Detention Storage Graph is provided in Stormwater Standards Manual.

(c) The Natural Resources Conservation Service formerly known as Soil Conservation Service (SCS) Type II Rainfall Distribution for the total volume for a twenty-four-hour duration rain event shall be used as the standard hydrograph in modeling a stormwater drainage system's performance. Stormwater Standards Manual provides the standard data to be used for various return frequency rain events.

(3) *Guidelines for Management Practices.* The design and construction of: drainage; soil erosion and sediment control; and post-construction stormwater management facilities shall be based upon the standards contained in the MDEQ-SWQ Guidebook of Best Management Practices for Michigan Watersheds (GBMP), October 1998, as revised, the Kent County Drain Commissioner's Subdivision Drainage Rules, as revised, The City of Grand Rapids City Code, The City of Grand Rapids Standard Construction Specifications, City of Grand Rapids Stormwater Standards Manual (latest edition), this Ordinance, and/or project contract documents.

(4) *Site Specific Requirements.*

(a) *Pretreatment:* Pretreatment of site runoff is required on a site-specific basis prior to discharging to certain stormwater BMPs. Pretreatment provides for the removal of fine sediment, trash and debris, and preserves the longevity and function of the BMP.

(b) *Hot Spots and Groundwater Contamination:* Some land use activities have a potentially greater risk of polluted runoff than others. Project sites with these types of activities are referred to as "hot spots" as defined in Table 2 - Stormwater Hotspots in Stormwater Standards Manual. Hot spots also include areas with the potential for contaminating public water supply intakes and wells. Pretreatment of stormwater runoff to address pollutants associated with hot spots is required for the site. Stormwater management strategies and BMPs that reduce the potential to mobilize existing soil and groundwater contaminants, or that capture and treat stormwater runoff and/or accidental spills to protect groundwater or nearby surface waters are required per Part 3, Section E, Stormwater Standards Manual.

(c) *Coldwater Streams:* Stormwater management strategies and BMPs that minimize thermal impacts from site runoff and maximize groundwater recharge are required for sites with a surface water discharge to a coldwater stream listed in Appendix 2 of Stormwater Standards Manual.

(5) *Runoff Reduction.* Site plans shall be designed to minimize increased runoff from the proposed development by preserving floodplains and wetland areas, minimizing impervious surfaces, conveying flows in open vegetated swales, infiltrating runoff into the ground and on-site storage for irrigation purposes.

(6) *Discharge Volume and Rate Limits:*

(a) *Channel Protection:*

1. For all sites: Maintain the post-development project site runoff volume and peak flow rate at or below pre-development levels for all storms up to the two (2) year, twenty-four (24) hour event. Onsite retention of the runoff volume increase is required.

2. Where documentation meeting the requirements of the Stormwater Standards Manual indicate infiltra-

tion and site constraints, an alternative approach may be allowed after maximizing on-site design and retention options.

a. The alternative approach shall consist of extended detention of the two-year, twenty-four-hour storm for a period of twenty-four (24) hours resulting in a drawdown time no greater than seventy-two (72) hours. The resulting peak discharge shall be no greater than the existing one-year peak discharge.

b. At the sole discretion of the City, off-site mitigation; payment-in-lieu; the Alternative approach in subsection (1), above; or a combination may be considered.

3. For sites discharging stormwater runoff into a drainage system, which includes sensitive downstream open channels as listed in Appendix 2 of the Stormwater Standards Manual that are susceptible to stream bank erosion: the peak flow rate shall be the lesser of pre-development levels or 0.05 cubic feet per second per acre up to the two (2) year rain event.

(b) *Flood Control:*

1. Two (2) Acres or Larger. Developments and redevelopments, two (2) acres or larger shall have a maximum discharge rate of 0.13 cubic feet per second per acre for the event specified in Section 2.245(1).

2. Less Than Two (2) Acres. Developments and redevelopments, less than two (2) acres shall restrict discharge to the greatest extent feasible by using filtration basins or similar devices or means, provided the discharge rate does not exceed 0.26 cubic feet per second for the event specified in Section 2.245(1).

(7) *Access to Drainage Structures.* Surface drainage structures must be accessible for maintenance. An access route must be provided which shall be at least twelve (12) foot wide, no steeper than a five (5) percent grade and capable of supporting a five (5) ton truck.

(8) *Pipe / Culvert Inlet and Outlet Bar Screens.* The inlet or outlet to any pipe or culvert, which is greater than twelve (12) inches in diameter, shall be equipped with a bar screen or "critter grate". All inlet bar screens shall be designed to avoid trapping a person against the screen. Driveway culverts less than fifteen (15) feet in length are exempt from this requirement.

(9) *Leaching or Infiltration Basins and Systems.*

(a) *Basic Soil Requirements.*

1. Leaching basins may be used only in pervious soils with design infiltration rates exceeding 0.24 inches per hour per Table 5, Stormwater Standards Manual.

2. A test pit or soil boring per Stormwater Standards Manual shall be the basis for determining acceptability of soil type.

3. Where field permeability testing is conducted, the measured rate shall be divided by a factor of 2 to calculate the design infiltration capacity. The design infiltration capacity shall not exceed 3.6 inches per hour.

(b) *Determination of Number—Application of Basic Method.*

1. Soil type is suitable as determined by soil boring or test pit per Stormwater Standards Manual.

2. A minimum three (3) foot separation shall be provided between the bottom of the practice and the high groundwater table.

3. Without further calculation, one (1) standard leaching basin accom-

modates five thousand (5,000) square feet of impervious area (parking lot, building roof).

(c) *Standard Detail of Construction.*

1. Standard leaching basin detail may be obtained from the ESD.

(d) *Location.*

1. The filter fabric/sand interface of a leaching basin must be a minimum of ten (10) feet from the nearest property line.

2. Minimum distance between basins shall be fifteen (15) feet, measured from the filter fabric/sand interface.

(e) *Interconnections.*

1. All basins must interconnect by means of a storm drainpipe.

2. A connection can be made to the CSDS provided the invert is above the side well leaching area.

(10) *Stormwater Detention/Retention Facilities.*

(a) *Outfalls.* Stormwater outfalls from detention or retention facilities shall discharge to a defined downstream system with adequate capacity to handle the flow. When discharging to an open channel, an energy dissipater and/or other soil erosion protection must be provided.

(b) *Freeboard.* A minimum freeboard of one (1) foot above the design high water elevation shall be provided.

(c) *Minimum Pipe Size.* Single pipe outlets shall have a minimum inside pipe diameter of three (3) inches. When the design release rates call for more restrictive flows than can be achieved by a three (3) inch pipe, an alternate design must be provided to achieve the desired restriction. Alternate designs may include structures such as perforated risers, restrictive orifices with debris control baffles, or some other facility such as a filtration basin.

(d) *Buffer Zones.* Residential structures shall be constructed at least fifty (50) feet away from the design high water elevation of a detention basin, or twenty (20) feet from a floodway or areas subject to a base flood.

(e) *Sediment and Debris Removal.* Drainage facilities designed for the settling of suspended materials and the skimming of floating materials shall be provided with adequate vehicular access to permit normal maintenance activities. The access shall be designed and constructed in accordance with Section 2.245(6) "Access To Drainage Structures." Appropriate easements shall be granted over the access route.

(f) *Dewatering of Detention Facilities.* The bottom of a detention basin shall have at least a two (2) percent slope toward the outlet or be equipped with an adequate underdrain system to dewater the basin within twenty-four (24) hours after a rain event has ended.

(g) *Safety.* Consideration shall be given to the protection of the general public in the design of stormwater detention or retention facility. The design shall identify public safety concerns relevant to the proposed facility. Slope conditions, enclosures, screening or other measures shall be incorporated into the design of such facilities to reasonably minimize potential hazards to the public. Enclosures shall be provided and maintained in accordance with Section 421.0 "Swimming Pools" and particularly Subsections 421.1 "General", 421.9 "Enclosures for Public Swimming Pools", and 421.10 "Enclosures for Private Swimming Pools, Spas and Hot Tubs" of the National BOCA Code, as revised.

1. Detention or retention facilities that exceed two (2) feet in depth shall be constructed with side slopes not to exceed twenty-five (25) percent in grade unless the slope is existing.

2. Detention facilities shall be provided with a permanent enclosure (fence) when its side slopes exceed seventeen (17) percent grade, or the average depth exceeds three (3) feet. The average depth is determined by the maximum design volume divided by the water surface area of the basin at the design high water elevation.

3. Retention facilities which have maximum depths exceeding two (2) feet shall either be enclosed or shall be surrounded by a dense wetland type vegetative barrier which is a minimum of twenty (20) feet wide and the water depth within the barrier does not exceed two (2) feet.

4. The above slope parameters apply strictly to slopes that are created with the construction of the detention or retention facility. Proposed facilities with existing slopes with a well established vegetative cover shall be evaluated for the need of an enclosure or barrier on a site specific basis.

(11) *Emergency Overflow Flow-Way.* Whenever a stormwater facility, including all storage and conveyance features, is constructed for a design storm less than the one hundred (100) year storm, an emergency overland flow-way and easements shall be provided to convey or store that portion of the one hundred (100) year runoff which the facility does not manage. Any easements are to be on a form approved by the City Attorney and recorded with the Kent County Register of Deeds.

(12) *Stormwater Conveyance Systems.*

(a) *Connections.*

1. Stormwater discharges shall not be directed into a sanitary sewer. Exceptions may be granted by the ESD for developments located within a combined sewer area, once all other alternatives for managing the stormwater have been exhausted.

2. Where stormwater will be discharged to the City Combined Sewer System, storm and sanitary shall remain separate within the project boundary and be combined at the last structure prior to connection to the City main, where feasible as determined by the City Manager.

3. Roof drains, which are to be connected to the public underground drainage system, shall pass through a pressure relief structure or catch basin before connecting to the public drainage system.

(13) *Storm Drain Pipes.*

(a) *Pipe Size.* A minimum pipe diameter of twelve (12) inches is standard for public systems and three (3) inches for private systems.

(b) *Slopes and Hydraulic Gradient.* The standard recommended minimum slope for storm drains shall produce a velocity of two and one-half (2.5) feet per second when the storm drain is flowing full. For pipe less than eighteen (18) inches in diameter, the minimum grade shall be one-half (0.5) of one (1) percent.

(c) *Spacing of Manhole Structures.* Manhole spacing shall not exceed three hundred fifty (350) feet for pipes less than or equal to seventy-two (72) inches in diameter and shall not exceed seven hundred (700) feet for those greater than seventy-two (72) inches.

(d) *Minimum Clearances for Storm Sewer Pipe Shall Comply With the Following Criteria:*

1. *Road Base.* A minimum of one (1) foot is required between the bottom of the road base material and the outside crown of the storm drain.

2. *Utility Conflicts.* For utility conflicts that involve crossing a storm drain, the minimum design clearance between the outside of the pipe and the outside of any conflicting utility shall be 0.5 foot.

3. *Utility Placement.* Storm drain systems shall not be placed parallel to and below existing utilities, which could cause utility support problems. The recommended clearance is two (2) feet extending from each side of the storm drain and one (1) on one (1) side slopes from the trench bottom.

4. *Manholes.* Utility lines shall not, as a rule, pass through any manhole or pipe. The utility line (e.g., gas, water, electrical conduit, etc.) shall be offset in such a way as to provide adequate clearance between the crossing. When a sanitary line or other utility must pass through a manhole, the greatest possible clearance from the bottom of the flow channel shall be provided with a minimum of one (1) foot clearance. When utilities are run through a manhole, they shall be installed in such manner as to avoid impeding maintenance access.

(14) *Open Channels.*

(a) Natural stream and channel systems shall be preserved.

(b) Streams and channels shall be designed and constructed to avoid streambank erosion in accordance with the guidance provided in the GBMP.

(c) Manning's "n" Values For Constructed Open Channels can be found in Stormwater Standards Manual.

(d) Channel side slopes shall be stable throughout the length.

(e) "V" or Triangular shaped channels are not allowed.

(f) The design of artificial open channels shall be consistent with the velocity limitations found in the GBMP for various "Runoff Conveyance and Outlets".

(g) Channel slopes shall be stabilized against erosion by either adequate vegetation or protective armoring.

(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.246. Offsite Mitigation and Payment-in-lieu.

(1) The water quality treatment and channel protection performance standards focus on maintaining or restoring stable hydrology. However, potential physical constraints may limit the ability to fully meet the post-construction requirement at the project site. When physical constraints limit the feasibility of maintaining or restoring hydrology, offsite mitigation and/or payment-in-lieu may be approved by the City. Offsite mitigation will only be considered if there is a planned or constructed private mitigation bank or project immediately downstream. the City will only consider payment-in-lieu if the City has a planned or constructed water quality improvement project immediately downstream. The cost of payment-in-lieu will be considered on a case to case basis and will represent the actual cost of implementing public downstream water quality enhancements. Any request for payment-in-lieu shall be accompanied by a development agreement that clearly states a public/private partnership has been formed for the site development. Payment-in-lieu will be considered, at the discretion of the City, when reviewing a project of regional significance.

(2) Consideration of either off-site mitigation or payment-in-lieu will be entirely the discretion of the City.

(3) Offsite mitigation refers to BMPs implemented at a location different from the original project site.

(4) Payment-in-lieu refers to the developer paying a fee to the City that is applied to a public stormwater management project. The stormwater management project may be either a new BMP or a retrofit to an existing BMP and developed in accordance with the Stormwater Standards Manual.

(5) The location for offsite mitigation and payment-in-lieu projects shall be within the same watershed and Sewershed as the original project,

and within the City's jurisdictional boundaries. The watershed is the area represented by the State of Michigan, EGLE, ten (10) digit Hydrologic Unit Code (HUC). The Sewershed is the area where stormwater is conveyed by an MS4 to a common outfall or point of discharge.

(6) The determination to approve offsite mitigation or payment-in-lieu will be based on multiple criteria and not solely on the difficulty of cost of implanting BMPs on site. Conditions under which the option to move offsite would become available may include:

(a) Limited size of the lot outside of the building footprint to create the necessary infiltration capacity even with amended soils.

(b) Soil instability as documents by a thorough geotechnical analysis.

(c) A site use that is inconsistent with capture and reuse of stormwater.

(d) Too much shade or other physical conditions that preclude adequate use of plants.

(e) The potential water quality impact from the original project site and the benefits realized at the offsite location.

(7) The City may approve offsite mitigation or payment-in-lieu if the developer demonstrates that site constraints preclude sufficient treatment and restoration of hydrology onsite. At a minimum the City requires:

(a) *Offsite ratio.* The offset ratio for the amount of stormwater not managed onsite in relation to the amount of stormwater required to be mitigated at another site, or for which in-lieu payments will be made as follows:

1. *First Tier:* Manage a minimum of zero point four (0.4) inches of stormwater runoff onsite and provide a one (1) to one point five (1.5) offset ratio for the remaining amount of stormwater managed offsite.

2. *Second Tier:* If it completely infeasible to manage the minimum onsite, provide a one to two (1:2) offset ratio for the amount of stormwater managed onsite.

(b) *Schedule.* Offsite mitigation and payment-in-lieu projects shall be completed within twenty-four (24) months after the start of the original site construction.

(c) *Assurances.* Offset and in-lieu projects shall be preserved and maintained in perpetuity through the procedures and tracking system administered by the City.

(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.247. Alternative Approach.

(1) In many cases, infiltration will likely be used as the primary means of retention. It is not, however, the sole means of providing onsite retention, and the developer must include consideration of stormwater reuse, interception, evapotranspiration, and other vegetative (non-structural) BMPs at the project site. Site constraints that limit the use of infiltration may include:

(a) Poorly draining soils (<0.24 inches per hour; typically, hydrologic soil groups C and D).

(b) Bedrock.

(c) High groundwater, or the potential of mounded groundwater to impair other uses.

(d) Wellhead protection areas.

(e) Stormwater hot spots.

(f) Parts 201 and 213 sites, and areas of soil or groundwater contamination.

(2) The City may grant a waiver of the onsite retention criteria for channel protection described in Section 8.02 and allow an alternative approach to meet the channel protection performance standard if the developer demonstrates that site constraints preclude sufficient retention onsite. If a waiver is granted, the developer must meet the following extended detention criteria:

(a) Extended Detention: Detain the portion of the channel protection volume unable to be retained onsite for a minimum of

twenty-four (24) hours with a maximum release rate no greater than the existing one (1) year peak discharge, and a draw-down time no greater than seventy-two (72) hours. A waiver from the City must be granted to use this alternative approach.

(Ord. No. 2022-20, § 1, 7-26-22)

Secs. 2.248, 2.249. Reserved.

ARTICLE 5. SOIL EROSION AND SEDIMENTATION CONTROL

Sec. 2.250. Enforcement Authority.

The City of Grand Rapids is designated as the Municipal Enforcement Agency for this Article to enforce these provisions as well as those of Part 91, Soil Erosion and Sedimentation Control (SESC), of the Natural Resources and Environmental Protection Act, 1994 PA 451 as amended (Part 91) and the administrative (rules) promulgated under Part 91.

(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.251. Responsibility to Prevent Soil Erosion and Discharge of Sediments.

(1) It shall be the responsibility of the property owner and all other persons participating in, causing or being factually or legally responsible for any earth change to provide soil erosion and sedimentation control to adequately prevent soil from being eroded and discharged onto adjacent properties, or into a CSDS, a public street or right-of-way, wetland, creek, stream, water body or floodplain.

(2) During any earth change that exposes soil to an increased risk of erosion, the property owner and any other person participating in such an earth change shall, at a minimum:

(a) Prevent damage to or impairment of any wetland, creek, stream or water body on or near the site,

(b) Prevent damage to any public utilities or services within the limits of grading and along any routes of travel of the equipment,

(c) Prevent damage to adjacent property,

(d) Determine, apply for and receive, all applicable approvals or permits prior to the commencement of work,

(e) Implement the proposed work in accordance with the approved plans and in compliance with all the requirements of this Chapter and any permits issued pursuant to this Code,

(f) Maintain all necessary or required soil erosion and sediment control measures including, but not limited to, measures required to comply with the provisions of this Chapter,

(g) Prevent entry of soil, sediment, miscellaneous debris or other materials and promptly remove any material applied, dumped or otherwise deposited on any other properties, public streets, highways, sidewalks, or other public thoroughfares including catch basins, storm pipes, ditches, drainage swales, creeks or other bodies of water. Removal within twenty-four (24) hours shall be required, unless such materials present an immediate hazard to public health and safety or the environment. In which case immediate removal may be required,

(h) Refrain from grading on land so close to the property line as to endanger any adjoining public street, sidewalk, alley or any public or private property without supporting and protecting such property or structures from settling, cracking or other damage which might result,

(i) The owner shall have the soil erosion and sediment control measures inspected weekly and within twenty-four (24) hours of a rain event of sufficient quantity to cause runoff. The inspection for sites one (1) acre or greater shall be conducted by a EGLE certified Construction Site Storm-

water Operator who shall maintain written inspection logs on forms approved by the City Manager.

(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.252. Permit or Authorization Requirement.

(1) A Soil Erosion and Sedimentation Control (SESC) Permit must be obtained by the Land Owner, or any other person participating in any earth change, prior to beginning the earth change, or any other work which could cause soil to be exposed to potential erosion. An Authorization to Proceed with Earth Change must be obtained by any entity or contractor performing work on behalf of the City. Failure to obtain an SESC Permit, or Authorization to Proceed with Earth Change as applicable, prior to beginning any earth change requiring a permit or authorization is a violation of this Chapter.

(2) The SESC permit application and permit, or Authorization to Proceed with Earth Change as applicable, shall be administered and enforced as a component of a consolidated application and permit called the Land Use and Development Permit required by Chapter 67 of the Code.

(3) The Land Owner shall obtain an SESC Permit, or the entity performing work on behalf of the City shall obtain an Authorization to Proceed with Earth Change as applicable, when the earth change activity is associated with any of the following conditions unless exempted in Section 2.253.

(a) Earth change involving areas greater than two thousand five hundred (2,500) square feet,

(b) A plat, subdivision, Planned Unit Development, Planned Redevelopment District, Planned Industrial Development, Site Condominiums, Permitted with Approval Developments, Site Plan Review Development, Planned Redevelopment District, multi-family residential developments, or when otherwise required by the Planning Director, Planning Commission, or Board of Zoning Appeals,

(c) A parking area greater than one thousand (1,000) square feet,

(d) Any earth change within five hundred (500) feet of a wetland, creek, stream, lake, water body or floodplain,

(e) A requirement of a Corrective Action Notice, Consent Order, or Compliance Order,

(f) A condition of a building permit to assure that the proposed earth change will have adequate soil erosion and sedimentation controls to protect the neighborhood, the CSDS and the environment.

(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.253. Exemptions From Obtaining an SESC Permit.

(1) Earth changes undertaken by Authorized Public Agencies designated under the Natural Resources and Environmental Protection Act, MCL 324.101 et seq., Part 91, Soil Erosion and Sedimentation Control are exempted from obtaining soil erosion control permits. However, such entities performing work on behalf of the Authorized Public Agency, must obtain an Authorization to Proceed with Earth Change and comply with all control design requirements found in Section 2.259.

(2) Exemptions provided for in Sections 9115 and 9115a of Part 91 and Rule 323.1705.

(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.254. Permit or Authorization Application.

(1) A permit or authorization application along with the SESC Plan and a non-refundable application fee as established by the City Commission shall be submitted to the City Manager by the Land Owner or designated agent for the earth change for each SESC Permit or Authorization to Proceed with Earth Change. The SESC plans shall be prepared and signed by a Michigan licensed professional engineer or a Michigan licensed architect.

(2) In addition to issues that are directly related to the viability of a proposed project for which the application is being made, an applicant

may be denied a permit or authorization when the applicant has a documented history of non-compliance with this Chapter or previously issued permits or authorizations.

(3) A permit holder or authorization holder may request in writing, from the City Manager, an extension of time for the completion of the project no later than ten (10) days prior to the expiration of the permit or authorization. Such requests shall state the reason for the extension and new completion date. The City Manager may grant additional time for the completion of the project. The terms and conditions of bonding remain in effect.
(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.255. Application Review Fee.

(1) A non-refundable application review fee shall be paid by the property owner for the review and processing of the SESC permit or by the Authorization to Proceed with Earth Change application, plans, and pertinent documents.

(2) The application review fee shall be established by City Commission resolution.
(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.256. Permit or Authorization Fee.

(1) A non-refundable permit or authorization fee shall be paid by the property owner for the permit, or the entity performing work on behalf of the City for the authorization, administration and site inspection.

(2) If the site work at the applicant's site is not completed and the site stabilized by the time the permit or authorization expires, the applicant shall request a permit or authorization extension and pay an additional permit or authorization fee for the extension period.

(3) Failure to request a permit or authorization extension shall be a violation of this Section, and may result in forfeiture of the applicant's surety and other possible enforcement action against the applicant.

(4) The permit or authorization fee and permit or authorization extension fee shall be established by City Commission resolution.
(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.257. Surety Requirements.

(1) The property owner or the owner's agent shall post an acceptable surety bond, without an expiration date, with the City Manager, payable to the City. In lieu of a surety bond, an acceptable, irrevocable letter of credit or cash deposit, of equal value, shall be filed with the City Manager. The termination date on a letter of credit shall be at least one (1) year beyond the permit's or authorization's expiration date. A new letter of credit shall be required with an Applicant's permit or authorization extension request unless the existing letter of credit has a termination date that is at least one (1) year past the permit or authorization extension's expiration date. The bond or letter of credit shall be in a form acceptable to the City's Risk Manager.

(2) The bond, letter of credit or cash deposit is for the purpose of:

(a) Undertaking work to protect all areas subject to accelerated soil erosion should development discontinue; and

(b) Implementing and maintaining soil erosion and sedimentation control measures necessary to protect the work specified in the approved SESC Plan as authorized by the permit or authorization. The bond shall provide for compliance with all applicable laws, rules, regulations, ordinance and permit or authorization requirements. The bond shall include penalty provisions for failure to properly complete the work on schedule or comply with the requirements, conditions and terms specified in the SESC Plan and associated permit or authorization requirements.

(3) Upon completion of the permitted or authorized project, the Applicant may request the return of the surety. However, the City Manager may retain such surety for up to one (1) year past the completion of the project to assure

that the site remains stabilized and all permanent drainage control measures are maintained and functioning properly.

(4) The surety shall be in the amount of:

(a) Five thousand dollars ($5,000.00) for the first acre of disturbed area.

(b) Two thousand dollars ($2,000.00) for each additional acre of disturbed area rounded up to the next whole acre.

(5) This surety requirement may be waived at the sole discretion of the City Manager, only after the review of sound scientific or engineering data by the City Manager that has determined that the potential risk of soil eroding from the site and causing damage to the environment, adjacent properties or the CSDS is negligible.
(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.258. Modifications to Approved Plan, Permit, or Authorization.

(1) All modifications to, or deviations from, the permit, authorization, or the proposed earth change as shown on the approved SESC Plan must be submitted to and approved by the City Manager. Failure to obtain approval by the City Manager prior to beginning such work is a violation of this Chapter.

(2) Nothing in this Section shall preclude emergency action being taken to prevent or mitigate conditions that would be injurious to the environment, the public health, safety or welfare. Any emergency action taken, which interferes or modifies any natural or artificial drain, shall be reported by the property owner or the applicant on behalf of the property owner to the City Manager upon occurrence. The owner or applicant shall prepare a detailed report including appropriate drawings and shall file these with the City Manager within five (5) days. The report shall include location, date, and time thereof, type of emergency action and follow-up corrective actions taken. Failure to notify the City Manager at the time of the occurrence and failure to file a detailed report shall be separate violations of this Chapter. Every day the permittee or authorization holder fails to comply with this Section shall constitute a separate violation of this Chapter.
(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.259. Soil Erosion and Sedimentation Control Design.

(1) *Soil Erosion and Sedimentation Control Plan Requirements.* The plan shall include, but not be limited to, all of the following:

(a) A map or maps at a scale of not more than one hundred (100) feet to the inch or as otherwise determined by the City. A map shall include a legal description and site location sketch that includes the proximity of any proposed earth change to lakes or streams, or both; predominant land features; and contour intervals or slope description.

(b) A soils survey or a written description of the soil types of the exposed land area contemplated for the earth change.

(c) Details for proposed earth changes, including all of the following:

1. A description and the location of the physical limits of each proposed earth change.
2. A description and the location of all existing and proposed.
3. The timing and sequence of each proposed earth change.
4. The location and description for installing and removing all proposed temporary soil erosion and sediment control measures.
5. A description and the location of all proposed permanent soil erosion and sediment control measures.
6. A program proposal for the continued maintenance of all permanent soil erosion and sediment control measures that remain after project completion, including the designation of the person responsible for the maintenance. Maintenance responsibilities shall become a part

of any sales or exchange agreement for the land on which the permanent soil erosion control measures are located.

(2) *Basic Design Principles and Construction Methods.*

(a) The design of soil erosion and sedimentation control systems involve the application of planning, scheduling and control actions that will minimize the adverse impacts of erosion, transport and deposition of soil. The following five (5) basic principles are essential elements that must be incorporated in a sound soil erosion and sedimentation control plan prior to the disturbance of the site.

1. The project shall be, to the greatest extent possible, planned to harmonize with the natural topography, soil types, waterways and existing vegetation found at the site.

2. On-site erosion control measures shall be utilized to prevent erosion from the site to the greatest extent possible.

3. Sedimentation control measures shall be utilized to prevent soils from being washed off the site.

4. An ongoing inspection and maintenance program shall be developed and approved by the ESD prior to any disturbance of soil on the site.

(b) In practice, these principles shall be used together in the planning process. The planning process shall identify potential soil erosion and sedimentation control problems before soils on the site are disturbed. Vegetative control measures are required for all disturbed areas and generally shall include filter strips, temporary or permanent seeding, sodding, mulching and erosion-control blankets. Structural control measures are required when runoff leaves a disturbed site and generally include sediment traps, diversions, sediment basins and permanent drainage facilities.

(c) The soil erosion and sedimentation control plan shall include appropriate construction specifications for all control measures. These specifications shall be developed by the design engineer as required to address site-specific conditions. Typical specifications may be obtained from the Guidebook of Best Management Practices for Michigan Watersheds, available from the Michigan Department of Environmental Quality.

(d) Construction Sequencing (TREATMENT TRAIN). Soil erosion and sedimentation control measures shall start with erosion protection where soil is disturbed and follow with proper conveyance and filtering measures and placing sediment basins/traps at low points before runoff leaves the site.

(e) Removal. All temporary soil erosion and sedimentation control measures shall be removed after the final site stabilization is achieved or after the temporary measures are no longer needed.

(3) *Soil Stabilization.*

(a) *Soil Erosion Protection.* The surface of stripped areas shall be protected from soil erosion immediately after the final grade is reached. Temporary erosion protection shall be provided over stripped areas that are not at final grade. Temporary protection shall be maintained until permanent protective cover is established and the site is stabilized.

(b) *Vegetative Measures.* For vegetative soil stabilization measures, plants shall be selected which are appropriate to the season and site conditions. Adequate seedbed preparation shall be provided for plants to germinate and grow.

(c) *Earth Structures.* Stabilization measures shall be applied to earthen structures such as dams, dikes and diversions immediately after installation.

(d) *Watercourses.* The bed and banks of a watercourse shall be continuously stabilized as work progresses along the watercourse.

(e) *Stockpiles.* If a stockpile of soil is to remain in place more than three (3) days, soil erosion and sedimentation control measures shall be provided such as a tarp cover, sediment trap around the stockpile or seed and mulch.

(f) *Area Limitation.*

1. Disturbed areas draining one (1) acre or less are to be protected by a flow barrier such as silt fences or check dams to control runoff. Vegetated filter strips shall not be used as a primary device but can be used as a backup in conjunction with other control measures.
2. Disturbed areas larger than one (1) acre shall have sediment controls, such as a sediment basin, in addition to flow barriers.

(g) *Concentrated Flows.* Concentrated runoff shall not be allowed to flow down cut or filled slopes. Runoff shall be contained within an adequate temporary or permanent channel, flume or slope drain structure.

(h) *Velocity Control.* Stormwater conveyance facilities that are either temporary or permanent in nature shall be designed to prevent erosive velocities.

(i) *Storm Drain Protections.* Storm drain inlets shall be protected with sediment trapping and filter control devices during construction.

(j) *Construction Site Ingress and Egress.* A stabilized mat of aggregate, underlain with filter fabric material, shall be located at any point where vehicular traffic will be entering and leaving a construction site. When the tracking of soil offsite becomes a particular problem, a wash station(s) and/or street sweeping shall be required to reduce soil tracked offsite.

(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.260. Reserved.

ARTICLE 6. FLOODPLAIN STANDARDS*

Sec. 2.261. Designation of Regulated Flood Prone Hazard Areas.

(1) This Article is to regulate the development of land located in the Floodplain and protect the public and the environment from flood losses or damage consistent with requirements of the National Flood Insurance Program.

(2) The Federal Emergency Management Agency (FEMA) Flood Insurance Study (FIS) Entitled "Flood Insurance Study for Kent County, All Jurisdictions" and dated February 23, 2023 and the Flood Insurance Rate Map (FIRM) panel numbers shown on the index panels: 26081CIND1A and 26081CIND2A, effective February 23, 2023, are adopted by reference for the purposes of administration of the Michigan Construction Code, and declared to be a part of Section 1612.3 of the Michigan Building Code, and to provide the content of the "Flood Hazards" section of Table R301.2(1) of the Michigan Residential Code.

(3) The City Clerk shall maintain a master copy of the above study and associated maps for public inspection. The FEMA maps shall take precedence over any other source of Floodplain information.

(Ord. No. 2023-04, § 2, 1-24-23)

Sec. 2.262. Standards for Flood-Resistant Construction.

(1) Pursuant to the provisions of the state construction code, in accordance with Section 8b(6) of Act 230, of the Public Acts of 1972, as amended, Appendix G of the Michigan Building Code, "Flood-Resistant Construction," shall be enforced by the enforcing agency within the jurisdiction.

***Editor's note—**Ord. No. 2023-04, § 2, adopted January 24, 2023, amended Article 6 in its entirety to read as herein set out. Former Article 6, §§ 2.261—2.265, pertained to similar subject matter, and derived from Ord. No. 2022-20, § 1, 7-26-22.

(2) If there is a conflict between the provisions and restrictions of this Chapter and other provisions of the building regulations of Title V and Title VIII of the Code, the more restrictive shall apply.

(3) The City shall maintain permanent records of all permit reviews within the One Hundred-Year Floodplain.
(Ord. No. 2023-04, § 2, 1-24-23)

Sec. 2.263. Special Conditions.

Upon reviewing all data and materials and before issuing any permit, the City Manager may attach conditions to the issuance of said permit which relate to Floodplain management and Flood-proofing, which are reasonably necessary to further the intent and spirit of this Chapter and protect the general public health, safety, and welfare.
(Ord. No. 2023-04, § 2, 1-24-23)

Sec. 2.264. Advisability of Additional Flood Protection.

The degree of flood protection required by this Chapter is hereby found to be the minimum necessary and reasonable for regulatory purposes. Larger floods may occur and higher floodwater heights may occur than will be mitigated or controlled by compliance with these requirements. This Chapter shall not be interpreted to imply or guarantee that areas outside the Floodplain, or uses permitted within such area, shall remain free from flooding or flood damage. Compliance with the terms of this Chapter will not guarantee freedom from damage, injury or loss of life. This Chapter shall not create liability for the City of Grand Rapids or any officer, agent or employee of the City for any flood or flood related damage.
(Ord. No. 2023-04, § 2, 1-24-23)

Secs. 2.265—2.270. Reserved.

ARTICLE 7. ADMINISTRATIVE APPEALS AND PROCEDURES

Sec. 2.271. Right of Appeal.

The City Manager shall conduct hearings or may appoint an impartial Hearing Officer to conduct hearings related to orders provided for in this Chapter and to hear appeals of decisions to deny a permit, plan approval or request for variance related to stormwater issues. The appeal to the City Manager should be an appeal of right.
(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.272. Appeal Procedures for Administrative Orders.

(1) Any person, receiving a Cease and Desist Order, Compliance Order or Stop Work Order may request a hearing regarding such order. A written request for such a hearing shall be made to the designated person and address indicated on the order within ten (10) business days after receiving the order. A hearing date, time and place shall be set as soon as is practical but not later than thirty (30) business days after receipt of the request for a hearing.

(2) Once the requested hearing has been conducted, a person shall have the right to appeal the results of that hearing except for any matter disposed of by a consent order, stipulation, agreement or mutual waiver. A written notice of appeal shall be filed with the City Clerk within ten (10) business days from the closing of the hearing. The Clerk shall refer a copy of this notice to the City Manager or the designated Hearing Officer. The City Clerk shall also confer with the City Manager or the designated Hearing Officer to set a hearing time as soon as is practical but not later than thirty (30) business days after the filing of the notice of appeal with the City Clerk. The hearing shall be conducted by the designated Hearing Officer. The issue to be determined is whether the denial of the permit, plan approval or variance was consistent with provisions of this Chapter. The designated Hearing Officer shall render a written decision within a reasonable time stating the factual basis for the decision and the reasons for the decision.
(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.273. Appeal Procedures for Permit or Variance Denials.

Where proper application is made for a permit, plan approval or a variance, and such permit,

plan approval or variance is denied by the City for stormwater related reasons, the applicant shall have the right to appeal such a denial as elsewhere provided for by law or in this Chapter. For purposes of this Article, denial of a permit, plan approval or variance shall include refusal to issue an original permit or variance, the refusal to renew or reissue an existing permit or variance, or the refusal to approve an original or modified plan. Within ten (10) business days of notification of denial, applicant shall file with the City Clerk a written notice of appeal. The Clerk shall refer a copy of this notice to the City Manager or the designated Hearing Officer. The City Clerk shall also confer with the City Manager or the designated Hearing Officer to set a hearing time as soon as is practical but not later than thirty (30) business days after the filing of the notice of appeal with the City Clerk. The hearing shall be conducted by the designated Hearing Officer. The issue to be determined is whether the denial of the permit, plan approval or variance was consistent with provisions of this Chapter. The designated Hearing Officer shall render a written decision within a reasonable time stating the factual basis for the decision and the reasons for the decision.
(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.274. Hearing Procedure.

Any hearing conducted pursuant to the provisions of this Chapter shall be conducted in substantial compliance with the following provisions:

(1) The appellant to an administrative order or an applicant of a denied permit or variance shall be notified of the time, date and place of the hearing;

(2) The appellant to an administrative order or an applicant of a denied permit or variance shall be entitled to be represented by legal counsel, to submit evidence, to cross-examine testifying witnesses, and to make arguments concerning the factual and legal issues;

(3) The City Manager or Hearing Officer may direct the City or another party to disclose relevant information, state-

ments, reports or data to the other party or to the City Manager or Hearing Officer;

(4) If the party requesting a hearing or appeal fails to appear or to present evidence or arguments, the City Manager or Hearing Officer may enter a decision in favor of the City or another party by virtue of this default. The City Manager or Hearing Officer may also, in his or her discretion, proceed with the matter at hand and make a decision in the absence of the party;

(5) In any hearing, the rules of evidence shall be followed as far as practicable, however, the Hearing Officer may admit and give probative effect to evidence of a type commonly relied upon by reasonably prudent people in the conduct of their affairs. Notice may be taken of facts within the general knowledge of the community;

(6) The City Manager or Hearing Officer may limit the presentation of evidence, arguments or other material to those matters relevant, material and pertinent to the issue or issues at hand. The City Manager or Hearing Officer may accept an agreement or stipulation by the parties as to facts, conclusions or other matters, which agreement or stipulation, once accepted shall be binding;

(7) The Hearing Officer shall review the City's decision to determine whether the permit denial or administrative order is in violation of the law, has been procured by fraud, is an abuse of discretion, and whether the decision is supported by competent, substantial and material evidence on the record as a whole or should otherwise be reversed or modified to accomplish the goals of this Chapter. The City shall have the responsibility for demonstrating the City's basis for the original action or order, or the denial of the permit, plan approval or variance. It is the responsibility of the appealing party to demonstrate that the administrative order should be reversed or modified, or the permit or variance should be issued.

(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.275. Right to Further Appeal.

An appeal of the City Manager's decision shall be to the Kent County Circuit Court.
(Ord. No. 2022-20, § 1, 7-26-22)

Secs. 2.276—2.280. Reserved.

ARTICLE 8. INSPECTION, MONITORING AND MANDATORY REPORTING

Sec. 2.281. Inspection and Sampling.

The City Manager or designee may inspect and/or obtain stormwater samples from the stormwater facilities of any discharger to determine compliance with the requirements of this Chapter, or other State and Federal regulations. Upon request, the discharger shall allow the City Manager to enter upon the premises of the discharger at all hours necessary for the purposes of such inspection or sampling. The City Manager shall provide the discharger reasonable advance notice of such inspection and/or sampling. The City Manager shall have the right to set up on the discharger's property devices to conduct such sampling or inspection.
(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.282. Stormwater Monitoring Facilities.

(1) When deemed necessary by the City Manager, each industrial or commercial entity discharging stormwater runoff to the CSDS shall provide and operate at the entity's expense, a stormwater monitoring and sampling facility for each discharge. Monitoring facilities shall be situated on the discharger's premises, except where such a location would be impractical or cause undue hardship on the discharger. The City Manager may concur with the facility being constructed in the public right-of-way providing that the facility is located so that landscaping or parked vehicles will not obstruct it.

(2) There shall be ample room in or near such sampling facilities to allow accurate sampling and preparation of samples for analysis. The facility, sampling and measuring equipment shall be maintained at all times in a safe and proper operating condition, at the expense of the discharger.

(3) All required monitoring facilities shall be constructed and maintained in accordance with all applicable local construction standards and specifications (non-permitted confined space structure where feasible).
(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.283. Accidental Discharges.

(1) Any accidental discharge into the CSDS, of a substance other than an exempted discharge, shall be reported to the City Manager immediately upon occurrence. A detailed report shall be filed within five (5) days. The report shall include location of discharge, date and time thereof, type of substance, concentration, volume and corrective actions. Failure to file a report shall be a violation of this Chapter. Every day the discharger fails to comply with this Section shall constitute a separate violation of this Code.

(2) Any discharger who wishes to establish the affirmative defense of accidental discharge shall demonstrate, through properly signed, contemporaneous operating logs or other relevant evidence that:

(a) An accidental discharge occurred and the discharger can identify the cause,

(b) If applicable, the facility was, at the time, being operated in a prudent and appropriate manner and in compliance with applicable operation and maintenance procedures,

(c) The discharger notified the City Manager immediately upon becoming aware of the accidental discharge,

(d) A written submission, containing the following information, was provided within five (5) days of commencement of the accidental discharge:

1. A description of the discharge and cause of noncompliance with this Chapter;
2. The period of noncompliance, including exact dates and times or, if not corrected, the anticipated time the noncompliance was expected to continue;
3. Steps taken to reduce, eliminate and prevent recurrence of the noncompliance.

(Ord. No. 2022-20, § 1, 7-26-22)

Secs. 2.284—2.290. Reserved.

ARTICLE 9. VIOLATIONS, PENALTIES AND LIABILITIES

Sec. 2.291. Violations.

(1) Any of the following shall, in addition to violations already defined in this Chapter, constitute a violation of this Code:

(a) Failure to comply with any provision of this Chapter or any applicable State or Federal law relating to the collection, conveyance or discharge of stormwater;

(b) Failure to comply with the specifications, limitations, conditions or time limits of a permit or variance issued pursuant to one (1) of the provisions of this Chapter;

(c) Failure to comply with an Administrative Order issued pursuant to the provisions of this Chapter.

(2) Any person or entity found to be in violation of any provision of this Chapter including any condition, restriction or limitation of any permit, specification, order, directive, regulation or rule promulgated pursuant to the authority granted in this Chapter shall be subject to the penalties provided for in Section 1.13 of this Code. Each day that a violation occurs or continues shall be deemed a separate violation, as provided for in this Code.
(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.292. Recovery of Costs Incurred by the City.

Any discharger violating any of the provisions of this Chapter, or who discharges or causes a

discharge producing a deposit or obstruction, or causes damage to or impairs the City's CSDS shall be liable to the City for any expense, loss or damage caused by such violation or discharge. This shall include, but not be limited to, penalties levied upon the City by the EPA or EGLE for violation of its NPDES permit caused by any violation by a discharger.
(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.293. Falsifying Information.

No person shall knowingly make any false statement, representation or certification in any application, record, report, plan or other document filed or required to be maintained pursuant to this Chapter, nor shall any person falsify, tamper with, interfere with, or knowingly render inaccurate any monitoring device or method used pursuant to this Chapter.
(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.294. Criminal and Civil Liability.

(1) Any discharger in violation of this Chapter, or of any permit issued pursuant to it, or the rules and regulations of the CSDS adopted pursuant to this Chapter, or any order of the City Manager issued pursuant to those rules and regulations or this Chapter, may be subject to a penalty of not less than five hundred dollars ($500.00) per day, or not to exceed penalties imposed by the Home Rule Cities Act, or if convicted of violating this Chapter, by imprisonment for not more than ninety (90) days or both such penalty and imprisonment. Each act of violation and every day upon which any violation is permitted or suffered to exist, shall constitute a separate violation and shall be punished separately. In the case of a conviction pursuant to this Section of a discharger who is not a natural person, any officer or director of a corporation, any officer or partner of a Partnership, or any officer or owner of a Proprietorship is hereby deemed to be a proper person to serve any term of imprisonment imposed by the court as a result of the conviction.

(2) In addition to, and expressly not in lieu of, the foregoing criminal penalties which may be imposed, any discharger who violates this Chapter, or any permit issued pursuant to it, or the rules and regulations of the CSDS adopted pursuant to this Chapter, or any order of the City Manager issued pursuant to those rules and regulations of this Chapter, shall be subject to civil penalties, and to the payment of any damages and costs which may be awarded, by any court of competent jurisdiction.
(Ord. No. 2022-20, § 1, 7-26-22)

Sec. 2.295. Enforcement Procedures.

(1) *Nature of the Violation.* Once an investigation finds that a violation has occurred and the suspected responsible parties have been identified, enforcement action is to be initiated. A progressive approach to enforcement will be used to achieve compliance with the CSDS ordinance. The specific enforcement action(s) taken will consider the nature of the violation using the following criteria:

(a) *Magnitude of the Violation.*

1. Generally, an isolated instance of noncompliance can be addressed with a response such as a NOV. Violations, which meet one (1) or more of the following criteria, may subject the responsible party to escalated enforcement actions.
2. Any person or organization that receives three (3) or more NOV within a one (1) year period shall be considered a chronic violator.
3. Any discharge of a pollutant or sediment that has caused or is likely to cause imminent endangerment to human health and welfare or the environment and has resulted in the ESD exercising emergency authority to halt or prevent such a discharge.
4. Violations of any Administrative Orders for starting construction, completing construction, or attaining final compliance.
5. Failure to report or accurately report an accidental illicit discharge into

the Stormwater System, nearby properties, wetlands or natural watercourses or water bodies.

(b) *Duration of the Violation.* Violations, regardless of the severity, which continue over prolonged periods of time shall subject the responsible party to escalated enforcement actions. Escalated actions shall include monitoring and assessment of penalties. The additional costs incurred by the City for inspections and compliance enforcement will be assessed against the responsible party.

(c) *Effect of the Violation on the Receiving Waters.* One (1) of the primary objectives of the Federal Clean Water Act and associated stormwater regulations is to keep pollutants from "passing through" the CSDS and entering the receiving waters of the State. Consequently, any violation that results in environmental harm shall be met with a more severe disciplinary action. Environmental harm will be presumed whenever there is a discharge of a harmful pollutant or sediment into the Stormwater Drainage System which:

1. Passes through the Grand Rapids CSDS.
2. Causes a violation of the City's NPDES Municipal Stormwater System permit.
3. Has a toxic effect on the receiving waters (i.e., fish kill).

(d) *Violation History of the Responsible Party(s).*

1. Progressively more severe enforcement actions shall be utilized against responsible parties exhibiting recurring violation problems until consistent compliance is achieved. Compliance history is an important factor for deciding which of the remedies to apply to a particular violator.
2. Consistent with the general principle of layered and progressive disciplinary action, first time violators that are acting in good faith to comply with the ordinance and regulations, should be dealt with on a more cooperative level than violators that are not complying in a good faith effort.

(2) *Levels and Types of Enforcement Actions.*

(a) The City may initiate various levels and types of enforcement action, which have different degrees of severity. The following descriptions of various enforcement actions are intended to guide City staff in selecting the most appropriate enforcement action, given the nature and circumstances of a particular violation.

(b) These levels of progressive enforcement action can be taken to achieve compliance with the City's stormwater regulations or any associated approved plans. An overview is provided in this Section. The level of enforcement action initiated depends on the violation's severity, its duration; its effect on the environment, the City's CSDS and the responsible party(s) violation history, as well as the good faith used in taking corrective action.

(c) It is the intent of the City to clearly inform the responsible party of its expectations for compliance.

(Ord. No. 2022-20, § 1, 7-26-22)

Secs. 2.296—2.300. Reserved.

ARTICLE 10. RECORD RETENTION

Sec. 2.301. Record Keeping Requirement.

(1) *Submission of Construction Record Drawings ("As-Builts").*

(a) The Land Owner shall provide one (1) electronic file meeting digital submittal requirements of the construction record drawings reflecting the as-constructed conditions of the permitted project.

(b) The provided documents shall be certified (signed and sealed) by the professional engineer responsible for the design and construction of the project.

(c) Construction Record Drawings shall be submitted prior to the closing of the LUDS permit.

(d) Detailed requirements of the Construction Record Drawings can be found within the Current Version of the Stormwater Standards Manual.

(2) *Maintenance Plan and Agreement.*

(a) A legally binding maintenance plan and agreement shall be provided to the City and be recorded with the County register of deeds.

(b) The maintenance agreement shall include a detailed drawing illustrating where key stormwater maintenance will need to occur.

(c) The agreement shall provide a detailed schedule of when key maintenance is to take place, and who the responsible party is for completing the maintenance.

(d) Performed Maintenance will need to be certified by a qualified professional (Professional Engineer, Landscape Architect, Certified National Green Infrastructure Professional, or other certification as reviewed and approved by ESD) and documentation shall be provided to the City.

(e) Maintenance Certification will need to be provided on a yearly basis to the City.

(f) Detailed Maintenance plan and agreement requirements can be found in the Stormwater Standards Manual.

(3) Any person or entity subject to this Chapter shall retain and preserve, for no less than three (3) years, any and all books, drawings, plans, prints, documents, memoranda, reports, correspondence and records. This includes, but is not limited to, records on magnetic or electronic media and any and all summaries of such records, relating to monitoring, sampling and chemical analysis of any discharge, stormwater, runoff, or other liquids leaving the confines of a property upon which work is being or has been done, whether made by or on behalf of a discharger.

(4) Any and all records which pertain to matters which are the subject of a Notice of Violation, Administrative Order, Show Cause Hearing, or any other enforcement or litigation activities brought by the City pursuant to this Chapter, shall be retained and preserved for five (5) years, or until all enforcement activities have concluded and all periods of limitation with respect to any and all appeals have expired, whichever is later.

(Ord. No. 2022-20, § 1, 7-26-22)

Chapter 33

POLE LINE AND DUCT SYSTEM

Sec. 2.401. Intent.
Sec. 2.402. Definitions.
Sec. 2.403. System Created.
Sec. 2.404. System Standards.
Sec. 2.405. User Charges.
Sec. 2.406. Billing and Enforcement.
Sec. 2.407. Use of System Conditional.
Sec. 2.408. Violations, Penalties and Remedies.

Sec. 2.401. Intent.

This chapter is adopted pursuant to the Revenue Bond Act to establish a system to allow the use of street lighting poles and ducts by others to install, use and operate telecommunications and other lines, fiber, and related equipment and instrumentalities, and to provide for establishing and collecting rates, fees, and charges for use of that system. Revenue bonds may, at some time, be necessary in order to acquire, construct, improve, enlarge, extend, maintain or repair that system. (Ord. No. 2011-29, § 1, 8-9-11)

Sec. 2.402. Definitions.

For the purposes of this chapter, the following words and phrases shall have the meanings respectively ascribed to them by this section unless the context in which they are used specifically indicates otherwise:

Duct means a conduit owned by the City placed under or above the surface of the ground for the purpose of providing space for the placement of power or communications cables or wires.

Managing Director means the Managing Director of the Department to which the System has been assigned who is appointed to that position by the City Manager or the designee of such appointed person.

Person means any individual, firm, partnership, association, public or private corporation or public agency or instrumentality or any other entity.

Pole means a City-owned utility or street lighting pole.

Pole attachment means the physical attachment of power or communications cables or wires to a pole which may be part of a pole line or a single pole.

Pole line means two (2) or more poles in a row or otherwise in proximity to one another such that power or communications cables or wires could be strung from one of the poles to one (1) or more other poles.

Rate means the rate applicable for particular Use of the System.

Revenue Bond Act means 1933 PA 94, as amended, MCL 141.101 *et seq*.

System means the Grand Rapids Pole Line and Duct System consisting of all poles, pole attachments, ducts, conduit, works, instrumentalities, copper communications cable innerducts, lines, fiber cable, traffic signals, electric power lines and equipment, contract rights, and properties now or hereafter existing, used or useful in connection with such facilities and equipment.

Use means the use of pole lines, ducts, conduit, equipment or other parts of the System by attaching or installing wire, fiber cable, channels, antennas or other lines or equipment on or within such parts of the System and includes even such wire, fiber, channels, antennas or other lines or equipment that is not operated until such time as it has been removed or is permitted by the City to stay in place even though it is not operated.

User charge means a fee or charge payable by a User for Use of any part of the System or for costs related to that Use.

User means the person who owns the wires, fiber, antennas, or other lines or equipment placed on or within any portion of the System or a person other than the owner of the premises who, according to the provisions of the *Revenue Bond Act*, has the responsibility to pay rates, fees and charges for the Use of any portion of the System. (Ord. No. 2011-29, § 1, 8-9-11)

Sec. 2.403. System Created.

(a) There is established a City Pole Line and Duct System to be assigned to a department by the City Manager.

(b) All rights, title, interest, control and possession of all existing City street lighting poles, ducts, conduits, channels, fiber cable, wires, and lines, and related equipment, materials, spare parts, and other personal property used to construct, install, operate, maintain, repair, improve or replace street lighting poles, ducts, conduits, channels, wires and fiber, or other Services within or without the corporate limits of the City; all outstanding invoices and receivables in connection therewith; all equipment and tools used exclusively for repairing and maintaining such

property used for operating, repairing, and maintaining poles, pole lines, and ducts within or without the corporate limits of the City; all drawings and plans used in connection with poles, pole lines, and ducts within or without the corporate limits of the City; all easements, permits, contract rights, and other rights and approvals needed to construct, acquire, install, operate, maintain or repair any portion of any property used in connection with pole lines and ducts within or without the corporate limits of the City; and all other rights, interests and property of any kind that are related to pole lines and ducts within or without the corporate limits of the City shall be part of the System segregated and separate from other City assets so that the System is operated as an enterprise fund.

(c) The City Manager shall appoint a Managing Director and shall assign to the System such City personnel as the City Manager shall choose. Such transferred personnel shall be transferred in accordance with applicable collective bargaining agreements and applicable City policies.

(d) After July 1, 2011, costs for acquiring, constructing, installing, operating, maintaining, repairing, extending, enlarging, replacing, or improving any portion of the System shall be paid at least partially from revenues paid by Users of Services of the System though other City funds shall be paid to the System in amounts reasonably related to the benefits of street lighting and other uses of the System. Borrowing may from time to time occur which shall be repaid from revenues paid by Users of the System and gifts, grants or other amounts as may be received from time to time for the benefit of the System.

(e) The System shall permit Use of pole lines and ducts by Users within or without the corporate limits of the City subject to applicable constitutional provisions, laws, rules, regulations, permit requirements, contracts, and conditions of any other needed governmental approvals.
(Ord. No. 2011-29, § 1, 8-9-11)

Sec. 2.404. System Standards.

The Managing Director shall, with the City Manager's approval, adopt such standards for the System and Use of the System, standards for discontinuing service, and policies and procedures regarding the System and its use, construction, installation, operation, maintenance, repair, extension, replacement, improvement, and enlargement as are reasonable; as comply with applicable constitutional provisions, laws, rules, regulations, permit requirements, contracts, and conditions of any other needed governmental approvals; and as are substantially consistent with reasonable practices for such facilities.

(a) Without limiting the generality of this provision, such standards shall include:

(1) An application procedure for Use of any portion of the System.

(2) A requirement for an over-lashing agreement and payment of an over-lashing User charge for any over-lashing of a User's lines by any person other than that User. The User charge shall be the responsibility of the first-party User.

(3) A requirement that System Users provide accurate "as built" drawings showing what wire, fiber cable, antenna or other equipment is placed on or within the System with the details specified in the System standards.

(4) Requirements for Users to comply with the National Electrical Code, National Electrical Safety Code, standards of the American Association of State Highway and Transportation Officials, or other applicable codes in the construction, installation, repair, maintenance, removal, replacement or improvement of their wires, fiber cable, antenna or other equipment on or within the System.

(5) A requirement that any wire, fiber cable, line or other equipment placed on or within any part of the System that is no longer used shall be removed at the User's expense within thirty (30) days after its Use is discontinued or within thirty (30) days

after any agreement or other permission for its Use of the System terminates.

(6) A requirement for a User or prospective User to pay any costs incurred to make the System ready for the User's or prospective User's Use.

(7) A requirement that User's relocate their wires, fiber, cable, antenna and any other equipment if such relocation is needed due to work on or affecting any portion of the System.

(8) A requirement and procedure for prior notification to and permission from the Managing Director for any access to any part of any duct that is part of the System in order to ensure the security of any power or communication lines and equipment within the System. This may include a requirement for observation by System personnel of those working on certain parts of the System.

(b) Such standards may also include:

(1) A requirement to use best available technology and best available practices to Use all or designated parts of the System.

(2) A requirement to periodically upgrade or replace wires, fiber, or other equipment in order:

(i) To prevent or reduce repeated needs to access the System for repair and maintenance of wires, fiber cable or other equipment that is approaching the end of its reasonably expected useful life;

(ii) To provide for additional space within ducts or other parts of the System where newer technology takes less space than the originally installed technology;

(iii) To enhance System security;

(iv) To enhance public health or safety or the health and safety of persons working on or within any parts of the System; or

(v) To protect System components or the property of any persons using or working on or within any parts of the System.

(3) Prioritization of Use of the System or any part of the System and, where reasonably necessary to protect the public health and safety, ordering some Users to discontinue Use of the System in order that other persons whose Use is a higher priority may make Use of the System.

(4) Such other requirements or matters that should be addressed in accordance with generally accepted and best practices for operating the System.

(Ord. No. 2011-29, § 1, 8-9-11)

Sec. 2.405. User Charges.

(a) The Users of the System shall pay User charges established as set forth below. User charges shall be charged to all System Users within or without the corporate limits of the City. User charges shall reflect the proportionate cost of constructing, installing, operating, repairing, maintaining, replacing, and improving the System. It is desirable that User rates, fees and charges provide sufficient revenues to cover the costs relating to the System including, but not limited to: (i) debt service on any debt of the System; (ii) costs of acquiring, constructing, installing, operating, maintaining, repairing, replacing, extending or enlarging the System or any portion thereof; (iii) depreciation of any portion or all of the System; (iv) a reasonable rate of return on the System's investment; (v) debt service or operational coverage that is required under the terms of any System debt, is required by other applicable law, or as is reasonable practice for such systems; and (vi) all costs relating to billing and collecting any User charges. The User charges shall include fees for application to Use the System, inspection and verification fees for ensuring compliance with System standards, and the pass-

through of "make ready costs" as explained in subsection 2-404(a)(6). However, User charges may be established with consideration to the rates, fees and charges of other providers of poles, pole lines, and duct facilities and with consideration to any regulations that, while not applicable to the System, are applicable to other poles, pole lines, and duct facilities.

(b) The City Commission shall, on an annual basis, by resolution establish User charges for use of the System based on the recommendations of the Managing Director in consultation with the City's Chief Financial Officer, City Manager, and City Attorney or any of their respective designees.

(c) Annually, following the receipt of the annual audit for the immediately preceding fiscal year, there shall be a review of User charges. Based on the actual experience during the immediately preceding fiscal year and known or reasonably projected cost increases and decreases, System staff in coordination with the City's Chief Financial Officer and City Manager, or their designees, shall complete an annual rate study using a multi-step methodology that addresses System costs as provided in subsection (a) and that also includes what rates, fees and charges may be in effect for pole line and duct facilities owned and operated by others. Upon completion of the annual review and rate study, a report shall be presented to the City Commission summarizing the review and recommending User charges for the ensuing fiscal year. Accordingly, using audited data after the end of a fiscal year in June, a rate study will be completed and a report presented to the City Commission in such a time that rate and fee adjustments can be made to go into effect on the immediately following July 1. The City Commission may, by resolution adopted after a recommendation by the City Manager, make interim User charge adjustments as needed to address the System's revenue needs.

(d) The City Commission shall adopt initial User charges for System Use based on a report prepared by System staff in coordination with the City's Chief Financial Officer and City Manager, or their designees that reasonably projects System costs until after the end of the fiscal year ending June 30, 2013, so that audited data is available for one full year of System operation to use in establishing User charges as provided in subsections (b) and (c). The City Commission may, by resolution adopted after a recommendation by the City Manager, make interim User charge adjustments as may be needed to address the System's revenue needs.

(e) For any year in which the System collects more funds than needed to pay the costs detailed in subsection (a), User charges shall either be adjusted in the subsequent year so such excess funds are fully used to pay costs in the subsequent year or User accounts shall be credited with their proportional share of the excess collections.

(f) The User charges provided for in this Section shall not affect any existing contracts for Services of the System that are in effect on the effective date of this Chapter. Upon the expiration or other termination of such contracts, the User charges provided for in this Section shall take effect with respect to such Users currently subject to such a contract. However, the City Commission may approve three-year contracts for significant Users that establish User charges for that User for up to three (3) years where the City Commission determines that doing so is in the best interests of the general public.

(g) User charges may, pursuant to a contract with a User, be offset by the reasonable value the System accrues due to capital improvements, expansions, replacements or other facilities, materials, or services any User may, with prior written approval of the Managing Director, construct or install and convey to the System.
(Ord. No. 2011-29, § 1, 8-9-11)

Sec. 2.406. Billing and Enforcement.

(a) Billing and payments shall be provided for as follows:

(1) Bills for Use shall be issued at such times and in such manner as the Managing Director, with the consent of the City Manager, may reasonably determine. If annual billing is used, Users may be provided an option to pay quarterly with the payment of an additional fee to fully cover the costs incurred by the System to bill

and collect the smaller, more frequent bills. A minimum bill amount may be set.

(2) Billing may be done in conjunction with, may be due at the same time as, and may be collected in the same manner as billing for other City utility services such as water and sanitary sewer services, including late payment charges as may be set pursuant to Section 2.405 of this Chapter.

(3) Payments shall be made according to the schedule provided in the annual rate study prepared pursuant to subsection 2.405(c) or, for the initial rates, by the report submitted pursuant to subsection 2.405(d), and late payments shall be subject to the late fees, rebilling fees, interest and other requirements established by the annual rate study prepared pursuant to subsection 2.405(c) or, for the initial User charges, by the report submitted pursuant to subsection 2.405(d).

(4) Where the User's Use of the System is related to connecting particular, identified premises, User charges shall be a lien on the specific premises served and may be collected in the manner provided in the Revenue Bond Act. Those bills that are delinquent for 6 months or more shall be added to the property tax roll and collected in the same manner; the lien shall be enforced in the same manner as *ad valorem* property taxes levied by the City. The lien remedy does not preclude any other remedy provided in law. Those premises outside the City that are served by the System that have delinquent bills will be certified to their governmental unit for collection as provided in the contract between the City and the governmental unit. However, no lien shall attach against any premises for which a lien is impermissible under the Revenue Bond Act.

(b) When a tenant is responsible for payment of bills and a lease has been executed containing a provision that the lessor not be liable for charges for Service:

(1) It shall be the responsibility of the lessor to so notify the System Business Office with an affidavit signed by both parties. The affidavit must state the pertinent provision of the lease and its expiration date. If such notification is provided, no lien shall attach to the premises subject to that notification. Upon expiration of the lease, a new affidavit must be submitted to retain exemption from the lien.

(2) The tenant shall then pay a deposit in the amount of the estimated annual bill for service charges for the premises. If the tenant is also required to make such deposits for City water or sanitary sewer services, then water and sanitary sewer services shall not be provided to the premises until the deposit required for Services of the System is made as provided in this subsection.

(c) Regardless of whether there is a lien remedy under this Section, the Managing Director may seek any remedy for non-payment available at law or in equity. Provided that written notice and an opportunity for a hearing by the City Manager or the City Manager's designee as provided in subsection (c) below is first given, remedies may include termination of Use of the System including the disconnection and even the removal of wiring, fiber cable, or other items using System pole lines, ducts or other facilities.

(d) A person responsible for payment of bills for Use of the System may request an administrative hearing to show why that person's bills are incorrect or other reason why that responsible person should not be obligated to pay the amounts billed if System staff and that responsible person have not reached a mutually satisfactory agreement. Hearing requests must be made in writing to the System's customer service office on or before the date the bill is due for payment without interest, extra fees, or penalties or such date as may be specifically provided in a notice of hearing given pursuant to subsection (c) above. Hearings will be held by the City Manager or the City Manager's designee. That hearing officer shall establish the rules for such hearings, and shall have the authority to settle all disputes and provide for credits to accounts or refunds. Decisions of the hearing officer shall be final.
(Ord. No. 2011-29, § 1, 8-9-11)

Sec. 2.407. Use of System Conditional.

(a) No person shall Use the System or any part of the System without having an application for such use approved pursuant to this Chapter.

(b) Use of any part of the System is also conditional upon compliance with this Chapter and with the System standards established pursuant to this Chapter.

(c) Use of any part of the System is also conditional upon the timely payment of User charges and other amounts required to be paid under this Chapter.

(d) No alterations, modifications, additions, or other changes may be made to any portion of the System, including, without limitation, any guys, extensions, or bends, without the prior written approval of the Managing Director.

(e) Use of any part of the System is also conditional upon the User consenting that the City shall not be liable to User or to its affiliates or customers for any damage to User's property, disruption in the operation of User's services, equitable relief, or for any damages arising out of a User's use of the Public Rights-of-Way, whether or not caused by City's action or inaction regarding PA 174 of 2013 commonly known as MISS DIG underground facility damage prevention and safety act (unless specifically ordered by the Michigan Public Service Commission pursuant to the act), Act of God, or any other reason whatsoever.

(f) Use of any part of the System is also conditional upon the User consenting to defend, indemnify, protect, and hold harmless the City, its officers, agents, employees, elected and appointed officials, departments, boards, and commissions from any and all claims, losses, liabilities, causes of action, demands, judgments, decrees, proceedings, and expenses of any nature (including, without limitation, attorneys' fees) arising out of or resulting from the acts or omissions of the User, its officers, agents, employees, contractors, successors, or assigns or the User's equipment failure.
(Ord. No. 2011-29, § 1, 8-9-11; Ord. No. 2019-34, § 1, 8-13-19)

Sec. 2.408. Violations, Penalties and Remedies.

(a) Violations of this Chapter or System standards established pursuant to this Chapter shall be a municipal civil infraction and those responsible shall be subject to fines, costs, court orders and other remedies and penalties as provided by state law and this Code of Ordinances.

(b) Any violation of this Chapter or the System standards established pursuant to this Section is a public nuisance per se, subject to abatement as provided at law or in equity.

(c) Because compliance with this Chapter and the System standards established pursuant to this Chapter is a condition for initial or continued Use of the System, violations may, after notice and opportunity for a hearing as provided in subsections 2.406(c) and (d), result in termination of any Use of the System.
(Ord. No. 2011-29, § 1, 8-9-11)

Chapter 34

THERMAL ENERGY (STEAM) FRANCHISE

Sec. 2.501. Grant of Non-Exclusive Rights.
Sec. 2.502. Consideration; Costs; Right-of-Way Fees.
Sec. 2.503. Use of Public Rights-of-Way by Grantee.
Sec. 2.504. No City Liability; Indemnification.
Sec. 2.505. Insurance.
Sec. 2.506. Franchise Not Exclusive.
Sec. 2.507. Rates, Rules and Regulations.
Sec. 2.508. Temporary Service Rate Increase.
Sec. 2.509. Revocation.
Sec. 2.510. Valuation.
Sec. 2.511. Annual Reports.
Sec. 2.512. Right to Acquire.
Sec. 2.513. City Jurisdiction.
Sec. 2.514. Effective Date.

Sec. 2.501. Grant of Non-Exclusive Rights.

A. *Term.* The City of Grand Rapids (City) grants to VEOLIA ENERGY GRAND RAPIDS, LLC, its successors and assigns (Grantee), subject to the terms and conditions set forth below, the non-exclusive right, power and authority to construct, lay, extend, operate and maintain, repair and replace, plants, mains, pipes, and other appurtenances (Thermal Energy System) under the highways, streets, alleys and bridges of the City (hereinafter "Public Ways"), for the purpose of generating, transmitting, distributing and selling heat, steam, hot, chilled or condensed water ("Thermal Energy"), and to do local Thermal Energy business in the City of Grand Rapids, Kent County, Michigan, for a term of thirty (30) years (the "Term"). Not later than 18 months prior to the end of the Term, the Grantee and the City shall meet to discuss in good faith whether and under what terms and conditions the City would grant a new franchise ordinance in favor of the Grantee.

B. *Home Rule.* It is the intent of the Grantee and the City that the franchise granted by this Ordinance and all rates for service relating to the Thermal Energy System be subject to the "Home Rule", in accordance with 1919 PA 419, MCL 460.54. Home Rule, as applicable to the franchise granted by this Ordinance, shall mean that the rates and charges are fixed in, and regulated by, this Ordinance and the franchise issued hereunder.

C. *Expansion of System.* After first obtaining approval from City of the route and placement of the Thermal Energy System components, which approval shall not be unreasonably withheld, Grantee may expand its use of the Public Ways by constructing and maintaining its own plants, mains, pipes, and other appurtenances. Any expansion of the Thermal Energy System by the Grantee as approved by the City shall be subject to all terms and conditions of this Ordinance. In addition, City shall have the right to order all reasonable and necessary extensions of service after Grantee and the public have had an opportunity for public hearing thereon. Grantee shall have the right to request to recover in its rates the just and reasonable costs associated with constructing, operating, maintaining, repairing and replacing such extensions, over the specified lifetime of such extensions, through the procedures and criteria set forth in Section 2.507.A.(7) or 2.507.A.(8) of this Ordinance. When requested by Grantee, its successors or assigns, within thirty (30) days from the date of the order of the City Commission, and not thereafter, the reasonableness of such extension and of the order requiring the same shall be determined by arbitrators to be chosen as provided in Title VIII of the City Charter (Title VIII). The arbitrators shall have authority to modify any such order of City or to change or alter the time therein fixed. Such order of the City or determination of the arbitrators, as the case may be, shall be exclusive of any and all other actions or remedies and binding upon all persons having or claiming any rights in the Thermal Energy System or the franchise granted by this Ordinance, which order or determination shall be subject to appeal as provided in Section 23 of Title VIII. The failure to make and to put into operation such extensions to the extent, in the manner and time ordered by City, or by such arbitrators, as the case may be, and for one year thereafter, shall constitute cause for forfeiture of the franchise granted by this Ordinance.

In addition, the right and franchise granted by this Ordinance shall extend throughout the entire City. Upon application of a prospective customer or customers in an area of the City not served by Grantee's initial distribution system, Grantee shall make the requested main extension at Grantee's expense if, in the reasonable judgment of Grantee, the Thermal Energy requirements of the prospective customer or customers will not disturb or impair service to existing customers and the estimated annual revenues therefrom reasonably warrant the capital expenditure required. If Grantee determines that the Thermal Energy requirements of the prospective customer or customers will not disturb or impair service to existing customers, but that the estimated annual revenues therefrom do not reasonably warrant the capital expenditure required, Grantee shall make the main extension if the prospective customer or customers make such contribution in aid of construction and other payments as may be provided for in the Rules and Regulations of Grantee.

D. *Location in Public Ways.* To the maximum extent possible, Grantee shall place its Thermal Energy System on, within, under and along existing utility facilities in the Public Ways. In addition, all placement of the Thermal Energy System shall be in areas approved by the City Engineer.

E. *Transfer.* Grantee shall not sell, assign, lease or sublease the franchise granted by this Ordinance, or allow another to use the same without the consent of the City Commission by ordinance duly passed, subject to Grantee's right to mortgage provided in Title VIII. Grantee shall not lease or sublease any portion of its Thermal Energy System within the City to a person who by law is required to obtain the City's permission or consent to transaction of business in the City and who lacks such permission or consent.

F. *Connection by a Third Party.* Grantee shall not allow the property of a third party or non-Thermal Energy System pipes or any other facilities to be connected or affixed or attached to any portion of its Thermal Energy System or allow other actions with a similar result without the written consent of the City Manager or that person's designee; provided that the foregoing provisions of this Section 2.501.F. shall not prevent the Grantee from maintaining the current connections to the facilities of the existing customers of the existing Thermal Energy System; provided further that the Grantee shall be permitted to modify said current connections and to connect prospective customers to the Thermal Energy System within the service area described on Exhibit A (the "Service Area"), subject to all of the other terms of this Ordinance, without obtaining the consent of the City Manager described above.

(Ord. No. 2008-38, § 1, 10-7-08)

Sec. 2.502. Consideration; Costs; Right-of-Way Fees.

A. In consideration of the rights, power and authority granted by the City, Grantee shall faithfully perform all duties required by the terms of this Ordinance.

B. In further consideration of the rights, power and authority granted by the City, Grantee agrees: 1) to pay to the City a non-refundable application fee in the amount of Ten Thousand Dollars ($10,000.00) (for purposes of Section 1 of Title VIII, the application by Grantee for the franchise granted by this Ordinance shall be deemed to have been made as of October 15, 2007); 2) to pay to the City an annual franchise fee in the amount of Fifty Thousand Dollars ($50,000.00), said amount to be increased (but not decreased) each year the franchise granted by this Ordinance is in effect by a factor that is 100% of the change in the CPI during the prior calendar year ("CPI" means the Midwest Region All Urban Consumers (CPI-U) Consumers Price Index (1982-1984=100 - CUUR0200SA0) as published by the Bureau of Labor Statistics, U.S. Dept. of Labor. If this index is discontinued a comparable successor index reasonably acceptable to the parties shall be utilized. If publication of the CPI is discontinued, the parties will use a revised or replacement index that is similar to the discontinued CPI.); and 3) to compensate the City: (a) for the amount of its actual expenses incurred by the City in the drafting and preparation of this Ordinance, including reasonable actual attorney fees, and (b) for the amount of its actual expenses resulting from the process of adopting this Ordinance, including the costs of publication required by Section 1 of Title VIII. Grantee's total obligation to compensate the City for its actual expenses under this subparagraph B.3) shall not exceed Ten Thousand Dollars ($10,000.00).

C. In the event that (i) Grantee, or any company which is a subsidiary, affiliate or other related company to Grantee under common ownership of Veolia Energy North America Holdings, Inc., pays a fee, charge or other payment of any kind on a periodic basis (such as monthly, quarterly, annually) (collectively "Charges") to any municipality in the State of Michigan as a condition, or in consideration for the right to transact a local Thermal Energy utility business in that municipality, and (ii) said Charges, when considered in the context of the totality of the circumstances of that business, including without limitation the costs incurred by the utility to acquire the business, the size of the business and the revenues expected to be generated by the business, are disproportionately greater than the fees set forth in Section 2.502.B., Grantee shall notify

the City, in writing, of the details of the fee or periodic charge within sixty (60) days of the effective date of the fee or periodic charge, at which time the franchise granted by this Ordinance shall be subject to revocation by the City, which revocation shall not be deemed "at will" for any purposes under this Ordinance. If within thirty (30) days of such notice Grantee agrees to pay to the City (in lieu of the annual franchise fees set forth in the above Section 2.502.B.) a fee or periodic charge proportionately equivalent to the Charges under terms agreeable to the City, the franchise granted by this Ordinance shall continue subject to such modification. Any modified or new franchise granted by the City to Grantee shall require payment of an equivalent fee or periodic charge as a condition of the new franchise. Grantee shall be permitted to request recovery of all fees paid in accordance with this Section 2.502.C. through its rates in accordance with the procedures and criteria set forth in Section 2.507.A.(7) or 2.507.A.(8) of this Ordinance.

D. Grantee agrees to abide by any current or future ordinance(s) of the City, if and when formally adopted, which may require the payment by Grantee of a fee, charge or other payment on a periodic basis (such as monthly, quarterly, annually), provided that any such future ordinance(s) apply equally to all Thermal Energy franchise holders. The City shall notify Grantee within sixty (60) days of the formal adoption of such an ordinance by the City pursuant to Section 1 of Title VIII, at which time the franchise granted by this Ordinance shall be subject to revocation by the City, which revocation shall not be deemed "at will" for any purposes under this Ordinance. If within thirty (30) days of such notice Grantee agrees to pay to the City a proportionately equivalent fee or periodic charge under terms agreeable to the City, the franchise granted by this Ordinance shall continue subject to such modification. Any modified or new franchise granted by the City to Grantee shall be subject to the provisions of such future ordinance(s), and shall require payment of a similar fee or periodic charge as a condition of the new franchise. Grantee shall be permitted to request recovery of all fees paid in accordance with this Section 2.502.D. through its rates in accordance with the procedures and criteria set forth in Section 2.507.A.(7) or 2.507.A.(8) of this Ordinance.
(Ord. No. 2008-38, § 2, 10-7-08)

Sec. 2.503. Use of Public Rights-of-Way by Grantee.

A. *No Burden on Public Ways.* Grantee and its contractors, subcontractors and the Thermal Energy System shall not unduly burden or interfere with the present or future use of any of the Public Ways within the City. Grantee shall construct and maintain its Thermal Energy System so as to cause minimum interference with the use of the Public Ways and with the rights or reasonable convenience of property owners. No Public Way shall be obstructed longer than necessary during the work of construction or repair to the Thermal Energy System. Grantee's mains, pipes, structures and equipment shall be buried so as to not endanger or injure persons or property in the Public Ways as approved by the City Engineer. If the City in its reasonable judgment determines that any portion of the Thermal Energy System becomes an undue burden or interference with the use of any of the Public Ways within the City, Grantee at its expense shall modify its Thermal Energy System or take such other actions as the City may reasonably determine is in the public interest to remove or alleviate the burden, and the Grantee shall do so within the time period established by the City. The Grantee shall have the right to arbitrate this determination pursuant to the arbitration procedures set forth in Title VIII in the event that it disagrees; provided, however, that the Grantee shall comply with the determination of the City until and unless such determination is revised by the arbitrators. Grantee may request recovery in its rates for the just and reasonable costs of complying with any such determination in accordance with the procedures and criteria set forth in Section 2.507.A.(7) or 2.507.A.(8) of this Ordinance.

B. *Restoration of Public Ways.* Grantee and its contractors and subcontractors shall immediately restore, at Grantee's sole cost and expense and in a manner approved by the City, any portion of the Public Ways that is in any way disturbed, damaged, or injured by the construction, operation,

maintenance or removal of the Thermal Energy System to as good or better condition than that which existed prior to the disturbance. This obligation of Grantee shall include restoration including, but not limited to, full width restoration of the affected area as determined by the City (through permit requirements or otherwise). In the event that Grantee, its contractors or subcontractors fail to make such repair within the time reasonably specified by the City, the City shall be entitled to complete the repair and Grantee shall pay to the City an amount equal to 125% of the total costs of the City related to such repair, including the City's internal overhead amounts. The City and Grantee understand that the additional 25% included above is included so as to cover the necessity of the City having to perform Grantee's duty to repair and amounts relating to such action by the City that are difficult or impossible to quantify.

C. *Easements.* Any easement over or under private property necessary for the construction or operation of the Thermal Energy System shall be arranged and paid for by Grantee. It shall be the responsibility of the Grantee to ensure that permission for any use or intrusion on private property has been obtained, whether through an easement or otherwise. The Grantee shall be required to obtain an easement from the City to cross over or under any property owned by the City other than the Public Ways.

D. *Pavement Cut Coordination.* Grantee and the City shall coordinate Grantee's construction program and all other work in the Public Ways with the City's program for street construction, rebuilding, reconstruction, resurfacing and repair (collectively, "Street Resurfacing"). Grantee shall meet with the official of the City primarily responsible for the Public Ways (currently the City Engineer) at least quarterly to this end.

The goals of such coordination shall be to require Grantee to conduct all known work in the Public Ways in conjunction with or immediately prior to any Street Resurfacing planned by the City, and to prevent the Public Ways from being disturbed by Grantee for a period of years after such Street Resurfacing. All construction, excavation and pavement cuts by Grantee must be approved in advance by the City Engineer.

E. *Marking.* Grantee shall mark its Thermal Energy System as follows: A. Direct buried underground portions of the Thermal Energy System not containing any cable or wire shall have (1) for all new construction or for existing underground portions of the Thermal Energy System that are hereafter exposed (for repair or otherwise), several inches above Grantee's pipes, mains or other facilities, a continuous colored tape with Grantee's name and a toll-free number and a statement to the effect that there are buried Thermal Energy facilities (specifically identified) beneath, or such other marking as is required by the City Engineer, and (2) stakes or other appropriate above-ground markers with Grantee's name and a toll-free number and indicating that there are buried Thermal Energy facilities (specifically identified) below; and B. Direct buried underground portions of the Thermal Energy System containing any cable or wire shall have (1) for all new construction or for existing underground portions of the Thermal Energy System that are hereafter exposed (for repair or otherwise), a conducting wire placed in the ground at least several inches above the Grantee's cable or wire (if such cable or wire is non-conductive), or such other marking as is required by the City Engineer, (2) at least several inches above that a continuous colored tape with Grantee's name and a toll-free number and a statement to the effect that there is buried cable beneath, and (3) stakes or other appropriate above-ground markers with Grantee's name and a toll-free number and indicating that there is buried cable below.

F. *Compliance with Laws.* Grantee shall comply with all laws, statutes, ordinances, rules and regulations regarding the installation, construction, maintenance, ownership or use of its Thermal Energy System, whether federal, state or local, now in force or which hereafter may be promulgated. The City Commission may make all reasonable regulations necessary to secure in the most ample manner the safety, welfare and convenience of the public. Before any installation is commenced, Grantee shall secure all necessary permits, licenses and approvals from all appropri-

ate departments, agencies, boards or commissions of the City or other governmental entity as may be required by law, including, without limitation, the City's Temporary Occupancy Permits, and all utility permits and highway permits. Grantee shall comply in all respects with applicable codes, including, but not limited to, the City's then-standard construction specifications and permit requirements, horizontal and vertical separation requirements, and industry standards. Grantee shall comply with all zoning and land use ordinances and historic preservation ordinances as may exist or may hereafter be amended.

G. *Street Vacation.* If City vacates or consents to the vacation of a street or alley within its jurisdiction, and such vacation necessitates the removal and relocation of Grantee's facilities in the vacated Public Way, Grantee agrees, as a condition of this Ordinance, to consent to the vacation and to move its facilities when asked to do so by the City or a court of competent jurisdiction. Grantee shall relocate its facilities to such alternative route as the City, acting reasonably and in good faith, shall designate. Grantee may apply, in the same manner as any other private utilities, for a portion of any funds that are made available to private utilities relating to any public works improvement projects that include the requirement that the Grantee relocate a portion of its facilities. Grantee may request recovery in its rates of the just and reasonable costs of complying with any such relocation requirement in accordance with the procedures and criteria set forth in Section 2.507.A.(7) or 2.507.A.(8) of this Ordinance.

H. *Relocation.* If the City requests Grantee to relocate, protect, support, disconnect, or remove its facilities because of street or utility work, Grantee shall relocate, protect, support, disconnect, or move its facilities, to such alternate route as City, acting reasonably and in good faith, shall designate. Grantee may request recovery in its rates of the just and reasonable costs of complying with any such relocation requirement in accordance with the procedures and criteria set forth in Section 2.507.A.(7) or 2.507.A.(8) of this Ordinance.

I. *Public Emergency.* The City shall have the right to demand that all or parts of the distribution system be de-energized and made safe, without prior notice, and to sever, disrupt, dig up or otherwise destroy facilities of Grantee, if such action is deemed necessary by the City Manager or his/her designee, Police Chief or Fire Chief because of a public emergency. Public emergency shall be any condition which, in the opinion of any of the officials named, poses an immediate threat to the lives or property of the citizens of the City, caused by any natural or man-made disaster, including, but not limited to, storms, floods, fire, accidents, explosions, major water main breaks, hazardous material spills, etc. Notwithstanding the foregoing, the City agrees to include representatives of the Grantee in its emergency joint response planning teams and the City and the Grantee agree to work closely together in coordinating and implementing all emergency response activities involving the Grantee's facilities. Grantee may request recovery in its rates of the just and reasonable costs of repairing any of its facilities damaged pursuant to any such action taken by the City or the Grantee in response to a public emergency in accordance with the procedures and criteria set forth in Section 2.507.A.(7) or 2.507.A.(8) of this Ordinance.

J. *MISS DIG.* If eligible to join, Grantee shall subscribe to and be a member of "MISS DIG", the association of utilities formed pursuant to Act 53 of the Public Acts of 1974, as amended, MCL 460.701. et seq., and shall conduct its business in conformance with the statutory provisions and regulations promulgated thereunder.

K. *Use of Existing Facilities.* Grantee shall utilize existing plants, mains, pipes, conduits, and other facilities wherever practicable, and shall not construct or install any new, different, or additional plants, mains, pipes, conduits or other facilities unless expressly authorized by the City, provided that the Grantee shall be permitted to modify current customer connections and to connect prospective customers to the Thermal Energy System within the Service Area, subject to all of the other terms of this Ordinance, without obtaining the separate express authorization by the City described above.

To the extent that Grantee chooses to construct additional facilities and, as a result, the City incurs incremental costs beyond the fees and charges otherwise required to be paid by the Grantee pursuant to this Ordinance, Grantee agrees to compensate the City for such incremental costs as reasonably determined by the City.

L. *As-Built Drawings.* Subject to any applicable Homeland Security restrictions, Grantee shall provide the City with As-Built drawings and specifications in form and substance including, but not limited to CAD and other digital format, acceptable to the City within thirty (30) days of the completion of any new construction by Grantee.

M. *Employee Identification.* All personnel of Grantee or its contractors or subcontractors who have as part of their normal duties contact with the general public shall wear on their clothing a clearly visible identification card bearing their name and photograph. Grantee shall account for all identification cards at all times. Every service vehicle of Grantee, its contractors or subcontractors shall be clearly identified as such to the public.
(Ord. No. 2008-38, § 3, 10-7-08)

Sec. 2.504. No City Liability; Indemnification.

A. *City Not Liable.* The City, and its agents, employees, and contractors, shall not be liable to Grantee or Grantee's customers for any interference with or disruption in the operation of Grantee's Thermal Energy System, or the provision of service over or through the Thermal Energy System, or for any damages arising out of Grantee's use of the Public Ways.

B. *Indemnification.* As part of the consideration for this Ordinance, Grantee shall defend, indemnify, protect and hold harmless City, its officers, agents, employees, departments, boards, and commissions from any and all claims, losses, liabilities, causes of action, demands, judgments, decrees, proceedings, and reasonable expenses of any nature (including, without limitation, actual fees and expenses of attorneys, expert witnesses and consultants), arising out of or resulting from the acts, errors or omissions of Grantee, its officers, agents, employees, contractors, successors, or assigns, but only to the extent of the fault of the Grantee, its officers, agents, employees, contractors, consultants, successors, or assigns.

C. *Assumption of Risk.* Grantee undertakes and assumes for its officers, agents, contractors, consultants, and subcontractors and employees, all risk of dangerous conditions, if any, on or about any City-owned or controlled property, including Public Ways, and Grantee hereby agrees to indemnify and hold harmless the City against and from any claim asserted or liability imposed upon the City for personal injury or property damage to any person arising out of the installation, operation, maintenance or condition of the Thermal Energy System or Grantee's failure to comply with any federal, state or local statute, ordinance or regulation.

D. *Notice, Cooperation and Expense.* City shall give Grantee prompt notice of the making of any claim or the commencement of any action, suit or other proceeding covered by the provisions of this Section.

Nothing herein shall be deemed to prevent City from cooperating with Grantee and participating in the defense of any litigation by City's own counsel.

Grantee shall pay all expenses incurred by City in defending itself with regard to any such actions, suits or proceedings to the extent that they are related to the actions or inactions of Grantee. These expenses shall include all out-of-pocket expenses such as attorney fees and shall also include the reasonable value of any services rendered by or on behalf of the City Attorney, and the actual expenses of City's agents, employees or expert witnesses, and disbursements and liability assumed by City in connection with such suits, actions or proceedings.
(Ord. No. 2008-38, § 4, 10-7-08)

Sec. 2.505. Insurance.

Grantee shall, at the time of ownership or construction of any systems, equipment, mains, pipes or other facilities obtain and maintain in full force and effect, for the entire effective period

of this Ordinance, the following insurance covering all insurable risks associated with its ownership and use of its Thermal Energy System:

(a) A comprehensive general liability insurance policy, including Completed Operations Liability, Independent Contractors Liability, Contractual Liability coverage and coverage for property damage from perils of explosion, collapse or damage to underground utilities, commonly known as XCU coverage, in an amount not less than Five Million Dollars ($5,000,000.00).

(b) An Automobile Liability Insurance Policy to cover any vehicles used in connection with its activities under this Ordinance, in an amount not less than Two Million Dollars ($2,000,000.00).

(c) Worker's Compensation and Employer's Liability Insurance with statutory limits.

The City shall be named as an additional insured in all applicable policies. All insurance policies shall provide that they shall not be canceled or modified unless thirty (30) days' prior written notice is given to the City. Grantee shall provide the City with a certificate of insurance evidencing such coverage as a condition of this Ordinance and shall maintain on file with the City a current certificate. All insurance shall be issued by insurance carriers licensed to do business by the State of Michigan or by surplus line carriers on the Michigan Insurance Commission approved list of companies qualified to do business in Michigan. All insurance and surplus line carriers shall be rated A+ or better by A.M. Best Company.

Each policy which is to be endorsed to add the City as an additional insured hereunder shall contain cross-liability wording, as follows:

In the event of a claim being made hereunder by one insured for which another insured is or may be liable, then this policy shall cover such insured against whom a claim is or may be made in the same manner as if separate policies had been issued to each insured hereunder.

If the insurance policies required by this Section are written with deductibles, the deductibles shall be approved in advance by the City. Grantee agrees to indemnify and hold harmless the City from and against the payment of any deductible and from the payment of any premium on any insurance policy required to be furnished by this Ordinance.

Grantee shall require that its contractors and subcontractors working in Public Ways carry, in full force and effect, workers' compensation, comprehensive public liability and automobile liability insurance coverage of the type which Grantee is required to obtain under the terms of this Section with appropriate limits of insurance.
(Ord. No. 2008-38, § 5, 10-7-08)

Sec. 2.506. Franchise Not Exclusive.

The rights, power and authority granted herein are not exclusive, provided that Grantee's customers shall be prohibited from directly or indirectly reselling or otherwise re-transmitting for the use of others any of the Thermal Energy sold by Grantee under this Ordinance. Notwithstanding the foregoing, the actions of any of Grantee's customers in redistributing or re-transmitting Thermal Energy within any facility of said customer, or in charging tenants, licensees or other similarly situated individuals within such facility for a portion of such Thermal Energy, shall not be prohibited by the terms of this Section 2.506.
(Ord. No. 2008-38, § 6, 10-7-08)

Sec. 2.507. Rates, Rules and Regulations.

A. *Service Rates.* Subject to the provisions of Title VIII, Grantee shall be entitled to charge the inhabitants of the City for Thermal Energy furnished at the rates set forth below:

The monthly Service Rate charges to customers of the Thermal Energy System for Thermal Energy service shall be equal to the sum of the following three components: (1) Service Charge, (2) Variable Charge, and (3) Government Mandated Costs.

(1) *Service Charge.* The Service Charge is Seven Dollars and Forty Cents ($7.40) per pound per hour of peak annual Thermal Energy billing demand ("Peak Demand"), such Peak Demand to be reasonably determined by the Grantee from time to time, based upon each customer's con-

nected load and historic and projected maximum requirements for Thermal Energy, and paid in twelve equal monthly installments. If the franchise granted by this Ordinance becomes effective on any date other than January 1, the Service Charge described above shall be prorated so to cover only the number of days then remaining in the first calendar year under said franchise and shall remain the same (without proration) for the next full calendar year. Beginning January 1, 2010, and effective as of the first day of January during each year the franchise granted by this Ordinance is in effect, the Service Charge shall be increased or decreased, as applicable, by a factor that is 100% of the change in the CPI during the prior calendar year. "CPI" means the Midwest Region All Urban Consumers (CPI-U) Consumers Price Index (1982-1984=100 - CUUR0200SA0) as published by the Bureau of Labor Statistics, U.S. Dept. of Labor. If this index is discontinued a comparable successor index reasonably acceptable to the parties shall be utilized. If publication of the CPI is discontinued, the parties will use a revised or replacement index that is similar to the discontinued CPI.

(2) *Variable Charge.* The Variable Charge is calculated monthly by the following formula:

VC = CC + EC

CC = the Consumables Charge, expressed in $, and calculated per the following formula:

CC = CCosts × (MU/TU)

CCosts = the costs actually incurred by Grantee's Thermal Energy System during the billing period for those non-fuel consumable costs that typically vary with production, including, without limitation, chemicals, water and sewer charges and purchased electricity.

MU = Metered usage during the billing period for each customer expressed in Mlbs.

TU = Total metered usage for all customers during the billing period expressed in Mlbs.

EC = the Energy Charge, expressed in $, and calculated per the following formula:

EC = {K × FC} × {MU + (MU/TU × LL)}

K = 1.4 mmBtu per Mlb.

FC = Fuel Cost is the weighted average burner tip cost of natural gas and fuel oil consumed by Grantee's Thermal Energy System during the billing period, including, without limitation, all wholesale, transportation, pipeline charges, balancing and imbalancing fees, brokers fees, lost and unaccounted for fuel, distribution and storage charges and taxes, fees and surcharges related thereto, expressed in units of $/mmBtu (determined by dividing total Fuel Costs incurred by total mmBtus of fuel consumed).

LL = Line Loss = 13,000 Mlbs. per month

(3) *Government Mandated Costs.* Government Mandated Costs are calculated by multiplying (x) the ratio of (i) the Peak Demand of each customer to the (ii) total Peak Demand of all Thermal Energy System customers in good standing times (y) the cumulative total of all Government Mandated Costs. Government Mandated Costs shall mean any costs resulting from any new law or regulation, or any new governmental or court interpretation of an existing law or regulation ("Change in Law") that requires Grantee to expend (i) more than $10,000 of additional capital for plant or equipment or (ii) any incremental amount exceeding $10,000 for additional labor, fuel, operating costs, taxes, fees or other charges payable to a governmental unit. Grantee shall notify the City in writing of any Change in Law that Grantee believes will require Grantee to expend more than $10,000 so as to trigger an increase in the Service Rate as described above, and the City shall have ninety (90) days to take action to reduce such expenses. If the City reduces its

Government Mandated Costs to an amount below $10,000 within said ninety (90) day period, no increase in the Service Rate shall occur as a result of the Change in Law. Capital investments resulting from a Change in Law will be amortized over ten (10) years at an interest rate of 300 basis points over the U.S. Prime Rate that is in effect when the capital investment is placed in service, as published in the Wall Street Journal. Labor, fuel and operating costs resulting from a Change in Law will be implemented as of the next January 1st.

(4) *Purchased Steam.* In the event Grantee is able to supplement steam it generates at the Fulton Street Plant by purchasing steam from one or more third-party suppliers, Fuel Cost in the above Variable Charge formula will be subject to modification to include the cost of purchased steam.

(5) *Rate Discounting.* Notwithstanding anything herein to the contrary, the Grantee is authorized, in its sole discretion, and during such period or periods of time as the Grantee may deem advisable, to charge any customer or class or classes of customers rates for Thermal Energy which are lower than those otherwise specifically authorized herein.

(6) *State Sales Tax.* The rates provided for herein are exclusive of Michigan State Sales tax, use tax, utility tax or any other similar tax, which taxes shall be added to bills issued by Grantee, as required by law.

(7) *Changes to Service Rates; Methodology.* From time to time, but not more than once every two (2) years, the Grantee may seek the approval of the City for changes in rates and/or rate methodology by filing an application therefor. Such application shall include an explanation of the requested changes and the supporting evidence for such changes. Upon such application, the City shall set rates pursuant to the procedures described in Section 2.507.A.(8) (opportunity for the City to request information, opportunity for an evidentiary hearing, rates approved on a going forward basis). The criteria for changes in rates and rate methodology shall be as follows:

(a) The rates for Thermal Energy shall be just and reasonable to the Grantee's customers in light of the prevailing costs of energy available from other suppliers for the same purpose and in the same quantities;

(b) The rates for Thermal Energy shall be just and reasonable to the Grantee in light of Grantee's fully loaded costs to produce, transmit and distribute such Thermal Energy, including overhead, general and administrative costs and costs of capital improvements, together with a fair and reasonable return on Grantee's investment such that Grantee can secure financing on a stand-alone basis from independent third parties for its capital needs.

(8) *Review of Rates by City.* Effective with the billing cycle following June 30, 2013, and every fourth anniversary thereafter ("Rate Review Dates"), the rates then in effect shall be subject to review and adjustment at the request of the City pursuant to the following procedure: Not later than 12 months prior to each Rate Review Date, the City shall have the option of serving Grantee with a notice for a review of Grantee's rates. Such notice may request that changes be made to the Service Rates in the form of decreases or increases in any component, method of adjustment to any component or changes to the rate methodology. Grantee shall respond to said notice with such data and other information as the City shall determine to be appropriate, including Grantee's costs and revenues for the four year period immediately preceding the date of the notice, or such shorter period as shall have elapsed since the date upon which the Ordinance

becomes operative per Section 2.514 hereof. The City shall then, following opportunity for an evidentiary hearing conducted by the City Manager or his designee, approve such rates on a going forward basis as are just and reasonable according to the standards set forth above in Section 2.507.A.(7)(a) and (b).

(9) *General Provisions.* The Grantee and the City shall have the right to appeal to arbitration pursuant to Section 23 of Title VIII, any Thermal Energy Service Rate set by the City with which the appealing party disagrees. The City shall reach its final rate determination within 120 days following the close of any evidentiary hearing held after it provides notice to the Grantee under Section 2.507.A.(8) or the Grantee petitions the City for a change in rates pursuant to Section 2.507.A.(7).

(10) *Thermal Energy Electrification and Decarbonization.* The City provides that the Grantee may develop and market additional options that allow for the electrification and decarbonization of their Thermal Energy products. Grantee customers may, at their election, participate in such programs based upon special contractual arrangements mutually agreed to by both the Grantee and its Thermal Energy customer. Any such agreement will be reported to the City upon execution, and all agreements shall be included in the Grantee's reporting to the City as defined in Section 2.511 — Annual Reports.

B. *Rules and Regulations; Filing Obligations.* Grantee shall have the right from time to time to make reasonable Rules and Regulations for the conduct of its business and the rendering of Thermal Energy service in accordance with applicable law, subject to reasonable City approval. A copy of the initial Rules and Regulations to be implemented by Grantee relating to the franchise granted by this Ordinance are attached hereto as Exhibit A. Any proposed modification(s) to Grantee's Rules and Regulations shall be filed with the City Clerk of the City. If the City does not act within sixty (60) days to approve or disapprove said modification(s), they shall be deemed approved. Grantee shall keep a copy of its then-current Rates, Rules and Regulations on file with the City Clerk of the City.
(Ord. No. 2008-38, § 7, 10-7-08; Ord. No. 2026-05, § 1, 3-17-26)

Sec. 2.508. Temporary Service Rate Increase.

In months of December 2013 through June 2015, the monthly Service Rate shall be increased by $0.10 per Mlb to enable Grantee to recover exceptional costs incurred in conjunction with the City's Weston Street reconstruction project.
(Ord. No. 2013-85, § 1(7a), 12-17-13)

Sec. 2.509. Revocation.

The franchise granted by this Ordinance is subject to revocation at the will of the City Commission upon sixty (60) days' written notice to the Grantee. If this franchise is terminated at the will of the City (and without any material violation of this Ordinance or the franchise by Grantee, its successors or assigns), the City shall pay to Grantee the sum of Three Hundred Thousand Dollars ($300,000.00) for each full year of the thirty (30) year franchise Term then remaining; provided, however, that no such payment shall be required if the City has terminated this Ordinance at the end of its Term or if the City has exercised its Right to Acquire as set forth herein, and provided further that this payment amount may be increased by mutual agreement of the Grantee and the City as necessary to account for future capital investments made by the Grantee from time to time. In addition, in the event of a material violation of the franchise granted hereby, this Ordinance may be revoked or forfeited either by the City Commission, or by a court of competent jurisdiction, at the choice of the City, without payment by the City of the amount described above in this Section 2.509.
(Ord. No. 2008-38, § 8, 10-7-08)

Sec. 2.510. Valuation.

Within one year after the effective date of this Ordinance, the value, defined as fair market

value, of the Thermal Energy system, including the property that is part of or used in connection with the Thermal Energy System within the City, and of such portion of such property beyond the City Limits as is actually and necessarily used in, belonging to and is a part of the local Thermal Energy service, and which the City is authorized to own and operate under the constitution and general laws of the State, shall be fixed and determined by mutual agreement of the City and Grantee; provided, that the value thus fixed or determined in no case shall include any value of the franchise. There shall be added annually to the value so fixed and determined, the value of additions and betterments, and there shall be deducted therefrom all amounts properly charged off under the Generally Accepted Accounting Principles of the United States for depreciation and

obsolescence. If the parties cannot agree on such value of the property of the Thermal Energy System, such value shall be determined by arbitration as provided in Section 23 of Title VIII: Provided, that nothing shall be added on account of additions or betterments unless the expenditures therefor shall have been approved by the City Commission as reasonably necessary to the Thermal Energy System or economically prudent, provided further that the Grantee shall also have the right to appeal any decision regarding such additions or betterments to arbitration pursuant to said Section 23.
(Ord. No. 2008-38, § 9, 10-7-08)

Sec. 2.511. Annual Reports.

Grantee or any corporation or person exercising the franchise granted by this Ordinance shall file annually on the first Monday in April, in the office of the City Clerk, a statement subscribed and sworn to by at least two officers of such corporation or by the individual in control of the Thermal Energy System, setting forth in detail for the preceding calendar year, the then actual cost of the plant or business operated by such corporation or persons, the actual encumbrances, debts or obligations thereof, the amount of stock issued and to whom issued and the consideration therefore, the gross earning, the expenses and nature thereof and the net income after deducting all proper costs and expenses, the names and residences, and the amount of stock of all stockholders, and if any bonds have been redeemed and not cancelled that fact shall also be stated. Every such corporation or person who fails to comply with the provisions of this section shall be liable to the City in the sum of one hundred dollars for each day of such failure, to be recovered in an action of assumpsit in the Superior Court; and at the end of sixty (60) days, if such default shall continue, it shall constitute case for forfeiture of such franchise.
(Ord. No. 2008-38, § 10, 10-7-08)

Sec. 2.512. Right to Acquire.

At the end of the Term or upon any permitted termination of the franchise granted by this Ordinance, and also at fifteen years from the time of the taking effect thereof, and upon any five-year anniversary thereafter, or upon forfeiture thereof, City shall have the right to buy and take over all the property that is part of or used in connection with the Thermal Energy System within the City, and of such portion of such property beyond the City Limits as is actually and necessarily used in, belong to and a part of the local service, and which the City may own and operate under the constitution and general laws of the State, at the actual value thereof as fixed under Section 2.510 of the franchise as herein provided, and in the manner set forth in Title VIII. If said right to purchase shall be exercised by City at the end of the first fifteen year period, or at any five year period thereafter, then, except in case of forfeiture or violation of this Ordinance or franchise by Grantee, its successors or assigns, there shall be added as part of the purchase price to the value of the property, determined as provided in this section, four percent (4%) of the amount thereof for each full year of the thirty (30) year franchise Term then remaining: Provided, that such shall not include any value of the franchise; provided further, that this amount shall be in lieu of any amount described in Section 2.509; and provided further that this percentage amount may be increased by mutual agreement of the Grantee and the City as necessary to account for future capital investments made by the Grantee from time to time. If City does not elect to so purchase the property then, at the termination of the franchise granted by this Ordinance, the City Commission may provide that Grantee, its successors or assigns, shall sell the same at the price equal to the value, defined as fair market value, as ascertained as provided in Section 2.510 hereof, to any party to whom a new franchise may be granted, conditioned on the obligation of the grantee of such new franchise to purchase the same: Provided, that said grantee, his successors, or assigns, shall have the right to continue to operate such public utility under the terms of such reasonable franchise as the City may adopt and give efficient service until such time as the City is ready to acquire, take possession of and operate the same, and in default thereof, the City Commission may at once direct and authorize the taking of possession and operation of the same during such interval on the account of said grantee, its successors or assigns.

If City does not exercise any of its rights as set forth in this Section 2.512 above, then, at any time within twenty-four (24) months after the franchise granted by this Ordinance expires, or is revoked, surrendered or otherwise terminated, Grantee shall have the option of either abandoning in place or removing at its own expense, its personal property from the Public Ways. In the event that Grantee decides to remove its property and such removal is not effected within said twenty-four (24) month period, the City may, within a further period of three (3) months, require that all or any part of the remainder of such personal property be removed promptly by Grantee, at the sole expense of Grantee. In the event of removal, Grantee shall restore the Public Ways and other public places so as to conform with the then current condition of same at the date of such restoration. Any such personal property not removed or required to be removed within twenty-seven (27) months after the expiration, revocation, surrendered or other termination of the franchise granted by this Ordinance shall be deemed to have been abandoned in place, and Grantee shall, upon request, provide the City with an instrument transferring ownership or such personal property to the City.
(Ord. No. 2008-38, § 11, 10-7-08)

Sec. 2.513. City Jurisdiction.

Grantee shall be and remain subject to all Ordinances, rules and regulations of the City now in effect or which might subsequently be adopted for the regulation of land uses or for the protection of the health, safety and general welfare of the public; provided, however, that nothing herein shall be construed as a waiver by Grantee of any of its existing or future rights under Michigan or Federal law or a limitation upon the existing or future powers of the City pursuant to its Charter or Michigan or Federal law. For purposes of Title VIII, if the two arbitrators selected for any arbitration thereunder are unable to choose the third arbitrator, the City and Grantee shall take the names of all those approved as commercial mediators or commercial arbitrators for the Federal District Court for the Western District of Michigan and a name shall be drawn at random for the third arbitrator.
(Ord. No. 2008-38, § 12, 10-7-08)

Sec. 2.514. Effective Date.

This Ordinance, being immediately necessary for the preservation of public health, peace, and safety, shall be given immediate effect; however, it shall not become operative until the 46th day after the later of: (1) its effective date, or (2) the date the Grantee has unconditionally accepted the franchise in writing. The Ordinance shall continue in effect for a period of thirty (30) years thereafter, subject to revocation at the will of the City pursuant to Section 2.509 hereof at any time during said thirty (30) year period; provided, however, it shall cease and be of no effect unless and until within fifteen (15) days after adoption the Grantee shall file its written acceptance of the same with the City Clerk, and pay to the City the sum required by Section 2.502 hereof.

__State law reference—__Authority to operate system of public recreation, MCL 123.51 et seq.

Sec. 3.1. Purpose, Interpretation and Application.

The provisions of this Chapter shall be held to be the minimum requirements adopted for the promotion of the public health, safety and general welfare of the people of Grand Rapids. Among other purposes, these provisions are intended to authorize the Director of Parks and Recreation, under the supervision and control of the City Manager, to promulgate rules and regulations relative to the use of areas and facilities which are declared recreational areas in the Parks and Recreation Master Plan and other areas or facilities as may be designated by the City Commission to be under the jurisdiction of the Department of Parks and Recreation, subject to the approval of the City Commission
(Ord. No. 95-39, § 1, 7-11-95)

Sec. 3.2. Enforcement.

The responsibility for the enforcement of the provisions of this Chapter, including the rules and regulations promulgated pursuant to the authority granted in this Chapter, shall be vested in the City Manager and, subject to the direction and control of the City Manager, to the Director of Parks and Recreation, and their duly authorized subordinates, assistants or agents. Should the title of the position of Director of Parks and Recreation be changed, the authority and duties provided for in this Chapter shall, without further action, be granted to the person whose duties and responsibilities include the management of the City's parks and recreation areas.
(Ord. No. 95-39, § 1, 7-11-95)

Sec. 3.3. Jurisdiction and Definitions.

The Department of Parks and Recreation and, as provided for herein, the Director of Parks and Recreation shall have jurisdiction over all areas and their facilities which are declared recreational areas in the Parks and Recreation Master Plan as adopted by the Planning Commission and certified to the City Commission, and such other areas and/or facilities as may be designated by the City Commission. Wherever the title of a City officer, official or employee is used in this Chapter, that title shall include not only the person holding the position named but also the authorized subordinates and representatives of the person in the position named.
(Ord. No. 95-39, § 1, 7-11-95)

Sec. 3.4. Rules and Regulations.

The Director of Parks and Recreation is hereby authorized and directed, under the supervision and control of the City Manager, to adopt rules and regulations to carry out the purpose of this Chapter, to protect the public health, safety and welfare and to improve the fair, safe and efficient use of park and recreation facilities by the public. Copies of the rules and regulations adopted shall be kept on file at the office of the City Clerk and the office of the Director of Parks and Recreation for distribution to the public. Any change or alteration in the existing rules and regulations and any new rule or regulation shall be submitted to the City Commission for approval. No such rule or regulation shall become effective until approved by the City Commission.
(Ord. No. 95-39, § 1, 7-11-95)

Sec. 3.5. Modification or Waiver of Strict Enforcement.

The Director of Parks and Recreation is authorized to waive or modify enforcement of the strict letter of any rule or regulation promulgated by the Director where practical difficulties in carrying out the strict letter of such rule or regulation would result in hardship to a particular person or persons, or to the public. Such waiver or modification, however, must be of a character which will not impair the purposes and intent of this Chapter. Any such modification or waiver shall be at the discretion of the Director, subject to the supervision and control of the City Manager.
(Ord. No. 95-39, § 1, 7-11-95)

Sec. 3.6. Appeal from Order.

If any person is aggrieved by any order or decision by the Director of Parks and Recreation, that person may, within ten (10) days after receipt of such order or decision, appeal in writing to the City Manager. The City Manager may make such decision as the City Manager deems in the public interest within the scope and intent of this Chap-

ter and such rules and regulations, and such decision shall be final unless an appeal in writing is filed within ten (10) days thereafter with the City Commission at the office of the City Clerk. The City Commission may take such action on such appeal as it deems just, and may vary the terms of such rules and regulations as it determines is in the public interest.
(Ord. No. 95-39, § 1, 7-11-95)

Sec. 3.7. Conflict with Specific Ordinances for Special Areas.

In the case of any conflict between this Chapter or any of the rules and regulations adopted pursuant to it and the provisions of any ordinance or rule adopted to apply to a specific area, the provisions of the specific ordinance or rule shall apply.
(Ord. No. 95-39, § 1, 7-11-95)

Sec. 3.8. Park, Pool and Facility Hours.

The public parks of the City of Grand Rapids shall generally be open to the public between sunrise and sunset of each and every day except as to those parks designated by the Director of Parks and Recreation to be open during other hours to be determined by the Director. It shall be unlawful for any person, except those persons authorized by the Director of Parks and Recreation, to enter, be in or remain within the public parks after sunset on one day or before sunrise on the following day except where other hours are authorized by the Director of Parks and Recreation. Notwithstanding the open hours provided for in this Section, the Director may, to carry out the purposes of this Chapter, to protect the public health, safety and welfare and to improve the fair, safe and efficient use of park and recreation facilities by the public, close parks or portions of parks to public use. The Parks and Recreation Director shall establish hours during which the swimming pools and other specialized recreational facilities and areas are open and such facilities shall not be used except during those open hours.
(Ord. No. 95-39, § 1, 7-11-95)

Sec. 3.9. Exclude and Expel.

The City Manager, the Director of Parks and Recreation, and, as provided in this Chapter, all of their authorized subordinates and representatives, are granted the authority and power to exclude and expel any person or persons from any public park, playground, boulevard, pool or recreation area when such person or persons violate any of the provisions or requirements of the City Code of the City of Grand Rapids, the laws of the State of Michigan or the Rules and Regulations promulgated pursuant to the authority granted in this Chapter. Any such order of exclusion or expulsion that extends for a period of ten (10) days or less may be given verbally. In the event that such order of exclusion or expulsion extends for any period exceeding ten (10) days, the person authorized to issue the order shall issue the order in writing stating the reasons therefor and notifying the violator that he or she has the opportunity of a hearing before the Director of Parks and Recreation or a neutral hearing officer designated by the Director if a written request therefor is filed with the Director of Parks and Recreation within seven (7) days of the date of issuance of the order of exclusion or expulsion Any hearing held pursuant to such a request shall be held promptly after receipt of the request. Based upon the findings made as a result of the hearing, the Director of Parks and Recreation or the designated neutral hearing officer may sustain, overrule or modify the order of exclusion or expulsion and shall state the reasons for such holding in writing. Any person to whom an order of expulsion or exclusion is given for a period of ten (10) days or less may also request such a hearing whether the order is verbal or written. Any order of expulsion or exclusion remains in full force and effect during the period that it is being appealed unless suspended by the Director of Parks and Recreation.
(Ord. No. 95-39, § 1, 7-11-95)

Sec. 3.10. Violation of Orders of Exclusion or Expulsion.

No person shall fail, neglect or refuse to comply with such an order of expulsion or exclusion.
(Ord. No. 95-39, § 1, 7-11-95)

Sec. 3.11. Permits Required.

No person shall conduct or participate in any business activity, bazaar, sale, swap meet, barter activity or other activity of a commercial nature except pursuant to a permit issued by the Director of Parks and Recreation. No group political meetings or functions, religious meetings, public speeches, concerts, or other similar activities shall be held within a public park except pursuant to a permit issued by the Director of Parks and Recreation. A permit for such activities shall be issued by the Director of Parks and Recreation or his/her designee with reasonable restrictions only with regard to the time, place and manner of activity to be conducted.
(Ord. No. 95-39, § 1, 7-11-95)

Sec. 3.12. Hunting and Trapping.

No person shall hunt or trap or attempt to hunt or trap any animal or bird in any City Park or other area under the jurisdiction of the Parks and Recreation Department. This provision shall not apply to City employees or to other persons authorized in writing by the Director of Parks and Recreation to hunt or trap animals or birds in the interest of public safety.
(Ord. No. 95-39, § 1, 7-11-95)

Sec. 3.13. Boating.

Boating is permitted in the lagoons at Riverside Park, but no person may operate, control or occupy a power boat in these lagoons. No person shall launch a power boat from park property except at designated launching sites for such use on the Grand River. No person shall fail to comply with federal, state and local laws, ordinances, rules and regulations pertaining to the use of boats in inland waters. Model boats, jet skis, wave runners and similar personal watercraft are prohibited on park ponds, lakes and lagoons, except by permit issued by the Director of Parks and Recreation or his or her designee
(Ord. No. 95-39, § 1, 7-11-95)

Sec. 3.14. Fires.

No person shall start, accelerate, furnish fuel to or approach an open fire in any public park. The burning of wood, charcoal, coke or other accepted fuels for the preparing of food in a grill shall not be a violation of this Section as long as the food preparation is conducted in a safe and sanitary manner.
(Ord. No. 95-39, § 1, 7-11-95)

Sec. 3.15. Domestic Animals.

No person shall permit or allow any domestic animal to be at large or unrestrained or to run at large within any public park or other grounds under the jurisdiction of the Department of Parks and Recreation. No dog shall be permitted in any City Park or playground unless on a leash not over 8 feet long. Owners of domestic animals shall remove their animal's fecal discharges from park property.
(Ord. No. 95-39, § 1, 7-11-95)

Sec. 3.16. Golf.

No person shall golf on park grounds or other grounds under the jurisdiction of the Department of Parks and Recreation not established for that purpose except in conjunction with a Parks and Recreation Department-sponsored or approved program.
(Ord. No. 95-39, § 1, 7-11-95)

Sec. 3.17. Metal Detectors.

No person shall operate a metal detector in any park or area of a park except by permit issued by the Director of Parks and Recreation or his or her designee.
(Ord. No. 95-39, § 1, 7-11-95)

Sec. 3.18. Skateboards, Bicycles, In-Line Skates, Other Recreational Conveyances.

The Director of Parks and Recreation or his or her representative have the authority to close parks, areas of parks or other areas under control of the Director of Parks and Recreation to skateboards, bicycles, in-line skates or other wheeled or unwheeled conveyances when visitor safety or the protection of natural or man-made features are at conflict with possession or use of such skateboards, bicycles, in-line skates or other conveyances. No person shall operate any skateboard, bicycle, in-line skates or other wheeled or

unwheeled conveyance on any unpaved surface, in any area in which such use is prohibited by signs or after having been directed by the Director of Parks and Recreation or his or her representative not to operate such conveyances in a specified area.
(Ord. No. 95-39, § 1, 7-11-95)

Sec. 3.19. Sound Amplification.

No person shall use sound amplification devices or equipment in any park, areas of parks or other areas under control of the Director of Parks and Recreation in such a manner as to disturb the quiet enjoyment of the park or other area by other users, except with a permit issued by the Director of Parks and Recreation or his or her representative. Any sound amplification which exceeds the limits provided for in the City Code is prohibited.
(Ord. No. 95-39, § 1, 7-11-95)

Sec. 3.20. Park Roads, Grounds and Parking Lots.

No person shall ride or drive any animal or vehicle in any public park or playground except upon the proper roadways, avenues and drives set aside for such use. No person shall ride or drive any animal or vehicle at a speed exceeding ten miles an hour, or, where posted, such speed as may be designated. No person shall use any park parking lot for any activity other than the operation or parking of a vehicle or to cross the parking lot on foot. Permits allowing exceptions to the requirements of this Section may be issued for special events by permit issued by the Director of Parks and Recreation or his or her representative.
(Ord. No. 95-39, § 1, 7-11-95)

Sec. 3.21. Swimming in or Pollution of Pools and Aquatic Areas.

No person shall throw, deposit or convey any substance into any basin, pool, lake, lagoon, watercourse or fountain in any park or other area under the jurisdiction of the Director of Parks and Recreation. No person shall enter, swim in or wade in any basin, pool, lake, lagoon, watercourse or fountain in any park or other area under the jurisdiction of the Director of Parks and Recreation except in facilities specifically set apart for that purpose.
(Ord. No. 95-39, § 1, 7-11-95)

Sec. 3.22. Balloon Releases and Hot Air Balloons.

No person shall release any helium filled balloon in any public park or area under the jurisdiction of the Parks and Recreation Department. The Director of Parks and Recreation may designate locations and conditions relating to occupied hot air balloon launches in the parks. Hot air balloons may be launched in these approved areas in compliance with the Director's specified conditions without a permit. No person shall launch a hot air balloon in any other area or under conditions other than those specified by the Director except pursuant to a written permit issued by the Director. The Director of Parks and Recreation shall make available to the public, at the offices of the Department, the Director's specified locations and conditions relating to occupied hot air balloon launches in the parks without a permit.
(Ord. No. 95-39, § 1, 7-11-95)

Sec. 3.23. Snowmobiling.

No person shall operate or permit the operation of a snowmobile in any City Park or area under the jurisdiction of the Parks and Recreation Department except that the Department of Parks and Recreation may use snowmobiles for maintenance and security purposes.
(Ord. No. 95-39, § 1, 7-11-95)

Sec. 3.24. Alcohol Restrictions/Permits.

No person shall consume, possess, or bring into any City Park or other area under the jurisdiction of the Parks and Recreation Department any beer, wine, liquor, malt or any other alcoholic beverage whatsoever. The Director of Parks and Recreation may designate locations where beer and wine may be allowed by permit with terms and conditions. No person shall consume, possess, or bring into any City Park or other area under the jurisdiction of the Parks and Recreation Department where a permit is required any beer, wine, liquor, malt or any other alcoholic beverage

unless a permit has been issued by the Director. The Director of Parks and Recreation may refuse to issue a beer and wine permit if, in the reasonable exercise of her or his discretion and judgment, when it would be inappropriate or inadvisable to permit the consumption of alcohol as requested because of concurrent events, or past problems under similar circumstances or for under such other circumstances as will, in the Director's judgment, present an immediate or imminent threat to the public health, safety or welfare.
(Ord. No. 95-39, § 1, 7-11-95)

Sec. 3.25. Camping or Overnight Use of Parks.

No person shall camp, conduct or participate in an overnight outing or any similar activities in a City Park or other area under the jurisdiction of the Parks and Recreation Department. The use of tents, trailers, motor homes is not permitted in City Parks. Activities otherwise prohibited by this Section may be conducted pursuant to a permit issued by the Director of Parks and Recreation.
(Ord. No. 95-39, § 1, 7-11-95)

Sec. 3.26. Gambling and Raffles.

No person shall participate in, conduct or be present at any gambling or game of chance of any kind in a City Park or other area under the jurisdiction of the Parks and Recreation Department except as provided for in this Section. This Section does not preclude any raffle or other gambling activity for which a license or permit has been issued by the State of Michigan which is conducted by an organization permitted by state law to conduct such an activity. In order for this exclusion to apply, the following conditions must be met:

1. Any necessary licenses must be obtained from the State of Michigan.
2. The organization conducting the activity must comply with all federal, state and local laws, ordinances, rules and regulations as they pertain to the activity.
3. Written permission must be obtained from the Parks and Recreation Department.
4. The activity must be held in conjunction with an event which has been authorized by the City.
5. It must not be necessary to purchase a ticket in order to gain entrance to the event.

(Ord. No. 95-39, § 1, 7-11-95)

Sec. 3.27. Signs and Notices.

The Director of Parks and Recreation is authorized to place or erect, and the public is required to obey, any and all signs or notices which are designed to regulate and supervise activities in parks or other areas under the jurisdiction of the Parks and Recreation Department.
(Ord. No. 95-39, § 1, 7-11-95)

ARTICLE 1. IN GENERAL

Sec. 3.31. Title.

This Chapter shall be known as the "Grand Rapids Tree Ordinance".
(Ord. No. 2018-40, § 2, 7-10-18)

Sec. 3.32. Purpose and Intent.

The City of Grand Rapids' urban forest and tree canopy represent a significant public infrastructure asset that warrants protection for the benefit of the entire community. The provisions of this Chapter are deemed to be the minimum requirements necessary for the promotion of the public health, safety and general welfare of the people of Grand Rapids. The intent of this ordinance is to preserve, maintain, enhance, and increase the urban tree canopy in the City of Grand Rapids as well as to:

(a) Protect public investments in city infrastructure assets such as the tree canopy, stormwater systems, public utilities, and streets;

(b) Conserve energy, reduce urban heat islands, mitigate and adapt for climate change;

(c) Create a healthy, resilient, and sustainable environment that ensures a livable habitat for people and wildlife;

(d) Improve psychological health through the aesthetic, restorative qualities of natural and scenic settings that provide visual relief to the built environment;

(e) Guard community residents from personal injury and protect the City's urban forest and other property from damage caused or threatened by improper planting, pruning or removal of trees located within the City;

(f) Protect and enhance property values, quality of life, and the character of residential neighborhoods;

(g) Maintain and enhance the attractiveness and economic vitality of business and commercial areas;

(h) Reduce erosion, flooding, extreme temperatures, surface and groundwater impairment, air pollution, and light pollution;

(i) Allow for and promote innovation in urban forest preservation and expansion;

(j) Implement the themes, policies and goals contained in officially adopted plans, including the City of Grand Rapids Master Plan, Sustainability Plan, Transformation Plan, Green Grand Rapids Plan, Parks and Recreation Master Plan and Urban Forest Plan; and

(k) Establish clear, fair, and efficient standards for review, approval, and administration of the Grand Rapids Tree Ordinance.

(Ord. No. 2018-40, § 2, 7-10-2018)

Sec. 3.33. Jurisdiction and Management Control.

Subject to the provisions of the City Charter and this Code, the Parks Department shall have general management and control over all tree operations conducted in any public place or right-of-way, as defined herein.
(Ord. No. 2018-40, § 2, 7-10-2018)

Sec. 3.34. Definitions.

The following definitions shall apply for purposes of this Chapter:

Abutting Property Owner means the owner of real property abutting the public right-of-way where a Public Tree is located or his or her lessees or assigns.

City Manager means the City Manager of the City and any persons designated to act on behalf of the City Manager in the administration or enforcement of this Chapter.

Designated Forestry Official means a qualified forestry professional, or his or her designee, appointed by the City Manager to carry out the enforcement of this ordinance related to trees on public and private property. The individual will, at a minimum, be an International Society of Arboriculture Certified Arborist.

Forestry Division means the city division, office, or department responsible for coordinating or performing work on Public Trees.

Public Place means any publicly owned area used or reserved for park, pool, playground or recreational purposes, and the grounds of any public building.

Public Tree means any tree located within the Right-of-way or in any Public Place as defined herein.

Right-of-Way means any public street or other public place used for street or sidewalk purposes, including the area between the sidewalk and curb line.

Shrub means a woody perennial plant, usually with several stems that may be erect or close to the ground, generally smaller than a tree. In any case, a designated forestry official shall have the right to determine whether any specific woody plant shall be considered a tree or a shrub. Such determination shall be final and not subject to appeal.

Storm Damage means broken, cracked, or otherwise damaged or injured stems, trunk, bark, roots, or any other portion of a tree caused by high winds, lightning, snow, ice, storms, or any other acts of extreme weather.

Tree means a woody perennial plant with a singular or multiple trunks which typically develop a mature size of over several inches diameter and ten or more feet in height. In any case, a designated forestry official shall have the right to determine whether any specific woody plant shall be considered a tree or a shrub. Such determination shall be final and not subject to appeal.

Tree Canopy Coverage means the area of ground covered when measuring the branch spread of a tree from branch tip to branch tip, or the area covered by a group or cluster of trees with contiguous (or nearly contiguous) canopies. Tree canopy is the layer of leaves, branches, and stems of trees that cover the ground when viewed from above.

Tree Operations means any and all planting, care, spraying, treating, fertilizing, pruning above or below ground, excavation near, removal or destruction of trees and shrubs performed in or on any public place or right-of-way; or any excavation within the tree canopy coverage or root-cutting performed in furtherance of such activities.

Utility means any entity, public or private, that provides essential services, including but not limited to: water, sewer, electric power, heating systems, natural gas and wireless communications.

Vegetation Management means the practice of integrated and systematic maintenance of trees, brush, or other plants for a stated and specific purpose or goal.
(Ord. No. 2018-40, § 2, 7-10-2018)

Sec. 3.35. Severability.

If any provision of this Chapter or application thereof to any person or circumstance is held invalid by any court, other provisions or applications of the Ordinance which can be given effect without the invalid provision or applications shall not be affected, and to this end the provisions of the Ordinance.
(Ord. No. 2018-40, § 2, 7-10-2018)

ARTICLE 2. RULES AND REGULATIONS

Sec. 3.36. Creation, Approval and Filing of Rules.

The City Manager is authorized to make the necessary rules and regulations to carry out the purpose of this Chapter. The rules shall be effective upon approval by the City Commission. The rules shall be known as the Tree Manual and Standards of Practice. The Tree Manual and Standards of Practice shall be published on the City's website. Copies of the Tree Manual and Standards of Practice shall be kept on file at the office of the City Clerk and the Parks Department for distribution to interested parties.
(Ord. No. 2018-40, § 2, 7-10-2018)

Sec. 3.37. Modification.

The City Manager is authorized to exercise discretion in the application of any rules or

regulations promulgated hereunder, where practical difficulties in carrying out the strict letter of such rule or regulation would result in a personal hardship to someone affected thereby. Such applications, however, must be those of a character which will not impair the overall purposes and intent of this Chapter.
(Ord. No. 2018-40, § 2, 7-10-18)

Sec. 3.38. Fees.

Fees associated with the administration of this Chapter shall be set from time to time by resolution of the City Commission.
(Ord. No. 2018-40, § 2, 7-10-18)

ARTICLE 3. URBAN FORESTRY COMMITTEE

Sec. 3.39. Urban Forestry Committee.

The Urban Forestry Committee is hereby reenacted and shall continue to be vested with authority consistent with this Chapter and the rules and regulations created hereunder. A Committee member currently holding an appointment shall continue to hold his or her appointment for the duration of the existing term.
(Ord. No. 2018-40, § 2, 7-10-18)

Sec. 3.40. Membership.

The Urban Forestry Committee shall be comprised of eleven (11) voting members as follows:

(1) The Mayor shall appoint four (4) members, who shall be persons with a demonstrated interest or expertise in trees. Of those four (4) members: one (1) shall be a member of the Parks and Recreation Advisory Board and one (1) shall be a certified arborist.

(2) The City Manager shall appoint four (4) members, who shall be persons with a demonstrated interest or expertise in trees. Of those four (4) members: One (1) shall be a designated forestry official; and two (2) shall be City employees.

(3) Electric Power Utility and Natural Gas Utility shall nominate one (1) affiliated representative each to serve as a member.

(4) A nonprofit organization with a demonstrated interest in the City's urban forest and tree canopy, as determined by the Director of the Parks and Recreation Department, shall nominate one (1) affiliated representative to serve as a member.

All appointments to the Committee shall be subject to confirmation by the City Commission. The designated forestry official shall be a permanent member of the Committee. All other members of the Committee shall serve terms of three (3) years.
(Ord. No. 2018-40, § 2, 7-10-18; Ord. No. 2024-02, § 1, 1-9-24)

Sec. 3.41. Governance.

The Committee shall select a chairperson, adopt by-laws, and establish such rules of procedure for its meetings as it may deem appropriate.
(Ord. No. 2018-40, § 2, 7-10-18)

Sec. 3.42. Meetings.

The Committee shall meet at least quarterly, and such meetings shall be open to the public. The activities of the Committee shall be conducted in compliance with the Michigan Open Meetings Act, as amended.
(Ord. No. 2018-40, § 2, 7-10-18)

Sec. 3.43. Duties and Responsibilities.

(1) The Urban Forestry Committee shall be an advisory committee with the following duties and responsibilities:

(1) Develop recommendations for a comprehensive urban forest management program within the City.

(2) Make recommendations on changes or additions to the Tree Manual and Standards of Practice.

(3) Develop recommendations for activities and initiatives that promote the proper planting or proper care of trees.

(4) Conduct studies or projects as requested by city officials or staff. By a majority vote of its members, the Committee may also undertake projects as deemed necessary or appropriate for the protection of the tree canopy within the City.

(5) The Committee may designate certain trees to be Landmark Trees, and is authorized to promulgate guidelines for such Landmark designation.

(Ord. No. 2018-40, § 2, 7-10-18)

ARTICLE 4. PROTECTION, PLANTING, PRUNING AND FELLING OF PUBLIC TREES

Sec. 3.44. Work on Public Trees.

All work on public trees shall be performed in accordance with the standards of this Chapter and the standards set forth in the Tree Manual and Standards of Practice.

(Ord. No. 2018-40, § 2, 7-10-18)

Sec. 3.45. Permit required for Work on Public Trees.

Except as otherwise provided in this Chapter, no person shall perform tree operations or otherwise disturb any public tree without first obtaining the proper permit as provided in this Chapter.

(Ord. No. 2018-40, § 2, 7-10-18)

Sec. 3.46. Routine Maintenance—Permit Not Required.

A permit is not required for routine maintenance performed on any Public Tree when such maintenance is performed by an abutting property owner. "Routine maintenance" means the clearance pruning of small woody limbs from trees or shrubs less than one (1) inch in diameter, which work is performed from the ground by means of hand-held, non-motorized equipment.

(Ord. No. 2018-40, § 2, 7-10-18)

Sec. 3.47. Storm Damage—Permit Not Required.

A permit is not required to perform work on any public tree to abate Storm Damage when such work is performed by an abutting property owner, contractor for the abutting property owner, utility, or the city.

(Ord. No. 2018-40, § 2, 7-10-18)

Sec. 3.48. Permit Waiver.

Permit requirements may be waived by the City Manager in cases of emergency, storm damage, disease outbreak, insect infestations, and any situation where immediate abatement of a hazard is necessary to protect the public health, safety and welfare.

(Ord. No. 2018-40, § 2, 7-10-18)

Sec. 3.49. Not to Apply to Public Improvements.

The permitting requirements set forth in this chapter shall not apply to the following:

(1) Work performed, coordinated or supervised by the forestry division.

(2) Work performed on any public tree, shrub, plant, or any part thereof, when the same shall be necessary for the construction of new sidewalk projects, roadways, streets, avenues, alleys, pavements, sewers, watermains, or other public improvements where such public improvement is authorized by any governmental agency.

(Ord. No. 2018-40, § 2, 7-10-18)

Sec. 3.50. Permit—Application and Issuance.

(1) No permit shall be issued under this Chapter until the application is submitted and the appropriate fee is paid not less than two (2) weeks in advance of the time the work is to be done unless otherwise permitted by the City Manager or to abate an immediate hazard.

(2) The City Manager shall issue the appropriate permit as provided for herein if, in his or her judgment, the proposed work adheres to specifications contained in this Chapter and in the Tree Manual and Standards of Practice.

(3) The person receiving the permit shall abide by all conditions stated on the permit and by the standards outlined in the Tree Manual and Standards of Practice.

(4) Any Tree Permit granted shall contain a definite date of expiration and the work shall be completed in the time allowed on the permit and only in the manner as therein described.

(5) Notice of completion shall be given within five (5) days to the City Manager for inspection.
(Ord. No. 2018-40, § 2, 7-10-2018)

Sec. 3.51. Street or Lane Closure Associated With Tree Operations.

No person shall partially or completely close any street, alley, sidewalk, roadway, or traveled way in the City without first obtaining a permit.

(1) The person to whom the permit is issued shall be responsible for placing such signs, flags, flares, and barricades as are needed to warn persons of the danger of using the street, sidewalk, or alley.

(2) No trees shall be felled onto any street without having persons stationed in the streets to stop traffic from both directions at the time the tree is being dropped.

(3) Trees or branches which are felled or trimmed into the street or any other public property must be removed immediately unless an extension of time is granted by the City Manager.

(4) Stump removal cavities shall be cleared and refilled with soil in the same operation. At no time shall a cavity remain unfilled overnight without adequate pedestrian and vehicular protection.

(5) Insurance. Before any tree or branch is felled onto public property, road, or into, across, or onto any public infrastructure, the applicant must provide to the City Manager a Certificate of Insurance which shall have a minimum combined single limit of liability for bodily injury and property damage of three hundred thousand dollars ($300,000.00) for each occurrence. The insurance certificate shall also name the City of Grand Rapids as an Additional Insured and Certificate Holder in all liability insurance.
(Ord. No. 2018-40, § 2, 7-10-2018)

Sec. 3.52. Operations in Public Places and Right-of-Way—Department Authority.

The City Forestry Division shall have the following duties:

(1) To plant, prune, maintain, and remove trees, plants, and shrubs within the limits of all streets, alleys, avenues, lanes, squares, and public grounds, as may be necessary to ensure public safety or to preserve or enhance the symmetry and beauty of such public grounds.

(2) To remove or cause or order to be removed, any tree, plant, shrub, or part thereof, which is in an unsafe condition or which by reason of its nature is in conflict with sewers, electric power lines, gas lines, water lines, curbs, sidewalks, or other existing or proposed public improvements, or constitutes a public nuisance as defined by this Code.

(3) To consult with other City departments, staff, or contractors prior to actions resulting in damaging, removing, planting, or otherwise injuring any tree or shrub within the lines of all streets, alleys, avenues, lanes squares, and other public grounds.
(Ord. No. 2018-40, § 2, 7-10-2018)

Sec. 3.53. Grand Rapids Tree Bank Established.

The City hereby establishes a dedicated budget category called the Grand Rapids Tree Bank for the maintenance and disbursement of funds paid for tree canopy preservation or replacement costs as required in this Code. Tree Bank funds may be used to plant appropriate sized and species of trees in the right-of-way or public areas identified by the City.
(Ord. No. 2018-40, § 2, 7-10-2018)

ARTICLE 5. UTILITY VEGETATION MANAGEMENT

Sec. 3.54. Annual Vegetation Management Permit Required.

Any utility that performs tree operations or otherwise impacts public trees as part of regularly

scheduled utility or infrastructure vegetation management operations is required to obtain a permit each calendar year that will apply to the entirety of the utility's vegetation management operations for the year.
(Ord. No. 2018-40, § 2, 7-10-2018)

Sec. 3.55. Annual Permit Requirements.

(1) The vegetation management permit will include a timeline and extent of proposed vegetation management activities for one calendar year.

(2) Under the conditions of the permit, the City and the utility shall hold a review meeting to discuss the permit application and proposed vegetation management operations. One meeting shall occur prior to the approval of the permit. Additional field meetings shall occur prior to any vegetation management activities once particular work-sites or areas have been planned for work. These field meetings may be waived by the mutual agreement of the City and the utility.

(3) The permit will be issued contingent upon the utility's adherence to industry standards and best practices, the Tree Manual and Standards of Practice, and current administrative rules of the Michigan Public Service Commission and the Federal Energy Regulatory Commission.

(4) The City may elect to, through discussion with the utility, establish additional specifications or standards that promote the purpose and intent of this Chapter.

(5) The Utility shall provide fifteen (15) days' notice to the City prior to work planning activities or individual vegetation management activities at each individual work site that involves work on trees covered by this permit.
(Ord. No. 2018-40, § 2, 7-10-2018)

Sec. 3.56. Emergency Operations or Storm Response.

A utility is not required to obtain a permit, prior approval, or provide advance notice to abatement of storm damage or conduct emergency operations necessary for the public health, safety, or welfare, or where necessary for the immediate restoration of disrupted utility service. The utility shall notify the City Manager as soon as possible following any emergency operations or storm response work. The utility shall notify the City as soon as practical if debris from such work was left on any right-of-way or public place.
(Ord. No. 2018-40, § 2, 7-10-2018)

ARTICLE 6. PUBLIC NUISANCES

Sec. 3.57. Nuisance Prohibited on Public and Private Property.

The following conditions, whether on private or public property, are declared a public nuisance:

(1) Any tree, plant or shrub infected with any lethal communicable disease, fungus, noxious insect, or other pest that is likely to infect other trees or become epidemic unless otherwise controlled under emergency conditions.

(2) Any tree, plant or shrub as listed in the Tree Manual and Standards of Practice as an exotic invasive species due to its invasive nature.

(Ord. No. 2018-40, § 2, 7-10-2018)

Sec. 3.58. Abatement of Nuisances.

The City Manager shall have authority to abate any condition declared to be a public nuisance on public or private property in accordance with the following procedures:

(1) The City Manager shall first take such legal action as may be necessary to enter onto any lot or premises within the City of Grand Rapids for the purpose of examining trees, plants and shrubs for the existence of an alleged public nuisance. In the case of suspected infestation, a designated forestry official may remove such specimens or samples as may be necessary or desirable for diagnosis.

(2) The City Manager shall then give written notice to the person responsible for the creation, commission, permitting or maintenance of such public nuisance, specifying in particular the nature of the public nuisance, the corrective action to

be taken to abate the public nuisance, and the time limit for the abatement of the public nuisance, which shall be a reasonable time, but not to exceed thirty (30) days from the time the notice is served. The notice shall be served in accordance with Section 1.11 of the City Code.

(3) If, at the expiration of the time limit in the notice, the person responsible for the public nuisance shall not have complied with the requirements of the notice, the City Manager shall carry out the requirements of the notice, take other action as permitted by this Code or state law, or otherwise abate the public nuisance.

(Ord. No. 2018-40, § 2, 7-10-2018)

Sec. 3.59. Nuisance Abatement Costs on Private Property.

(1) The owner of the property shall be liable for all costs incurred by the City in connection with the abatement of a public nuisance on private property, whether the City performs the work, a City contractor or vendor performs the work, or the person or persons with ownership of the property perform the work or otherwise bring the property into compliance with the applicable provisions of the City Code.

(2) All of the costs of enforcement activities provided for in this Chapter and incurred by the City shall be billed to the owner of the property, or other clearly responsible party, and shall be paid within thirty (30) days of mailing. All costs of such abatement-related and enforcement activities shall be a personal debt owed to the City by the person billed for the public nuisance and, if unpaid, may be assessed as a lien on the property.
(Ord. No. 2018-40, § 2, 7-10-2018)

Sec. 3.59.1. Remedies Severable.

Any action taken by the City to abate any public nuisance under the provisions of this Chapter, or any other provision of the City Code, shall not affect the right of the City to institute other legal or administrative proceedings against the person committing, creating, permitting or maintaining the public nuisance or to impose the penalty or remedy prescribed for such violation. Upon application by the City to any court of competent jurisdiction, the court may order the public nuisance abated and/or the violation or threatened violation restrained and enjoined.
(Ord. No. 2018-40, § 2, 7-10-2018)

ARTICLE 7. APPEAL PROCEDURES

Sec. 3.60. Permit—Denial, Suspension or Revocation.

In addition to the grounds set forth elsewhere in this Code, any of the following shall be grounds for denial, suspension, or revocation of a permit issued pursuant to this Chapter and the rules or regulations promulgated herein:

(1) Any violation of a provision of this Chapter or any rule or standard outlined in the Tree Manual and Standards of Practice.

(2) Any violation of or refusal to adhere to the terms set forth on the permit.

(3) Permittee fails to pay any fines due for violations of this Chapter.

In the case of a permit suspension or revocation, the City Manager shall follow the procedures set forth in Chapter 91, Section 7.14.
(Ord. No. 2018-40, § 2, 7-10-2018)

Sec. 3.61. Right of Appeal.

The City Manager shall conduct hearings or may appoint an impartial Hearing Officer to conduct hearings related to orders provided for in this Chapter and to hear appeals of decisions to deny, suspend, or revoke a permit. The appeal to the City Manager is an appeal of right.
(Ord. No. 2018-40, § 2, 7-10-2018)

Sec. 3.62. Appeal Procedures for Permit Denials.

Where proper application is made for a permit and such permit is denied by the City, the applicant shall have the right to appeal such a denial as elsewhere provided for by law or in this Chapter. For purposes of this Article, denial of a permit shall include refusal to issue an original permit. Within ten (10) business days of notifica-

tion of denial, applicant shall file with the City Clerk a written notice of appeal. The Clerk shall refer a copy of this notice to the City Manager or the designated Hearing Officer. The City Clerk shall also confer with the City Manager or the designated Hearing Officer to set a hearing time as soon as is practical but not later than thirty (30) days after the filing of the notice of appeal with the City Clerk. The hearing shall be conducted in substantial compliance with City Code Chapter 32, Art 7, Section 2.274. The issue to be determined is whether the denial, suspension, or revocation of the permit was consistent with provisions of this Chapter and the Tree Manual and Standards of Practice. The designated Hearing Officer shall render a written decision within a reasonable time stating the factual basis for the decision and the reasons for the decision.
(Ord. No. 2018-40, § 2, 7-10-2018)

Sec. 3.63. Appeal Procedures for Administrative Orders.

(1) Any person, receiving an order to pursuant to this Chapter may request a hearing regarding such order. A written request for such a hearing shall be made to the designated person and address indicated on the order within ten (10) business days after receiving the order. A hearing date, time and place shall be set as soon as is practical but not later than thirty (30) business days after receipt of the request for a hearing.

(2) Once the requested hearing has been conducted, a person shall have the right to appeal the results of that hearing except for any matter disposed of by a consent order, stipulation, agreement or mutual waiver. A written notice of appeal shall be filed with the City Clerk within ten (10) business days from the closing of the hearing. The Clerk shall refer a copy of this notice to the City Manager or the designated Hearing Officer. The City Clerk shall also confer with the City Manager or the designated Hearing Officer to set a hearing time as soon as is practical but not later than thirty (30) business days after the filing of the notice of appeal with the City Clerk. The hearing shall be conducted by the designated Hearing Officer. The issue to be determined is whether the denial of the permit, plan approval or variance was consistent with provisions of this Chapter. The designated Hearing Officer shall render a written decision within a reasonable time stating the factual basis for the decision and the reasons for the decision.
(Ord. No. 2018-40, § 2, 7-10-2018)

ARTICLE 8. LANDMARK TREES

Sec. 3.64. Landmark Tree Program.

The City Commission hereby establishes a Landmark Tree program to recognize certain trees of historic, cultural or ecological value within the City of Grand Rapids.
(Ord. No. 2018-40, § 2, 7-10-2018)

Sec. 3.65. Public Landmark Tree.

(1) A public tree, in fair or better condition, that is determined to be of unique and intrinsic value to the City and residents because of its size, age, historic significance, or ecological value can be designated by the City Commission as a Public Landmark Tree after recommendation by the Urban Forestry Committee.

(2) The Urban Forestry Committee shall review the nominations and recommend that the City Commission approve or deny such applications in accordance with the guidelines set forth in the Tree Manual and Standards of Practice. A Public Landmark Tree designation is for the life of the tree.

(3) The Forestry Division will keep a record of all Public Landmark trees and make reasonable efforts to preserve such trees from injury or destruction.
(Ord. No. 2018-40, § 2, 7-10-2018)

Sec. 3.66. Private Landmark Tree.

Any private tree, in fair or better condition, that is determined to be of unique and intrinsic value to the City and residents because of its size, age, historic significance, or ecological value can be designated as a Private Landmark Tree. Any persons or entity can nominate a tree for Private Landmark Tree designation by submit-

ting a Landmark Tree Nomination Form to the Urban Forestry Committee. To achieve Landmark Tree designation, property owner approval is necessary. The Urban Forestry Committee shall review the nominations and approve or deny such applications in accordance with the guidelines set forth in the Tree Manual and Standards of Practice. A Private Landmark Tree designation is for the life of the tree.
(Ord. No. 2018-40, § 2, 7-10-2018)

Sec. 3.67. Resubmission of Applications.

A tree submitted for consideration as a landmark tree that fails to be so designated shall not be resubmitted to the Urban Forestry Committee for consideration for three years from the date of the denial. There is no appeal.
(Ord. No. 2018-40, § 2, 7-10-2018)

ARTICLE 9. PROHIBITED ACTS, VIOLATIONS, AND ENFORCEMENT

Sec. 3.68. Prohibited Acts.

No person shall:

(1) Plant, prune, remove, damage, cut, carve, or otherwise harm any tree or shrub on public property without a proper permit or as provided in this Chapter.

(2) Prune trees by "Topping", for hire, on City-owned property or public right-of-way, within the corporate limits of the City of Grand Rapids. "Topping" means an unacceptable pruning practice capable of injuring trees through the reduction of a tree's size by pruning live branches and leaders to stubs, without regard to long-term tree health or structural integrity.

(3) Attach any rope, wire, nails, posters, hammock, or other contrivance to any tree on City-owned property or public right-of-way unless protective measures are taken as described in the Tree Manual and Standards of Practice or approved by the City Manager after consultation with the designated forestry official.

(4) Attach any electrical lines or devices to any public tree or shrub, unless otherwise permitted as outlined in the Tree Manual and Standards of Practice, or approved by the City Manager.

(5) Except for removal of a tree in its entirety, use tree spurs or climbing spikes on trees located on City-owned property or public right-of-way except with specific written permission of the City Manager after consultation with the designated forestry official.

(6) Deposit, store, or maintain on City-owned property or public right-of-way any stone, brick, sand, concrete, lumber, tile, pipe, equipment, or other material that reasonably may be expected to impede the free passage of water, air, or fertilizer to the roots of any tree or shrub.

(7) Cause any gaseous, liquid, or solid substance that because of the nature or amount reasonably may be expected to be toxic or otherwise harmful to trees, shrubs, or other plants to be located on city-owned property or public right-of-way.

(8) Cause any fire to burn on City-owned property or public right-of-way or private property if such fire, or the heat, smoke, or ash therefrom reasonably may be expected to injure any portion of any tree or shrub located on City-owned property or public right-of-way, provided, however, this subsection shall not be construed to exempt any person from complying with State laws or Ordinances of the City of Grand Rapids respecting burning.

(9) Engage in any other prohibited acts as listed in the Tree Manual and Standards of Practice.

(10) Fail, neglect or refuse to comply with an order issued pursuant to the provisions of this Chapter unless an appeal challenging the order is lawfully filed as provided for in this Chapter.

(Ord. No. 2018-40, § 2, 7-10-2018)

Sec. 3.69. Violations.

A violation of this Chapter or of the Rules and Regulations promulgated hereunder shall constitute a municipal civil infraction punishable by a fine as established in Chapter 170 of the City Code.
(Ord. No. 2018-40, § 2, 7-10-2018)

Sec. 3.70. Continuing Violations.

Each day during which any violation of this provision of this Chapter shall occur or continue to occur shall be a separate offense.
(Ord. No. 2018-40, § 2, 7-10-2018)

Sec. 3.71. Repair or Replacement Costs of Public Trees.

If a violation of any provision of this Chapter causes the injury, mutilation or death of a public tree, the cost of repair or replacement of such tree shall be borne by the party in violation. The cost shall be set using calculations set forth in the Tree Manual and Standards of Practice. The City shall deposit such funds in the Tree Bank.
(Ord. No. 2018-40, § 2, 7-10-2018)

Chapter 43

PUBLIC CEMETERIES*

Sec. 3.81. Enforcement.
Sec. 3.82. Jurisdiction.
Sec. 3.83. Rules.
Sec. 3.84. Waiver.
Sec. 3.85. Appeal from Order.
Secs. 3.86—3.89. Reserved.

*__Editor's note—__Ord. No. 92-14, § 1, adopted Feb. 4, 1992, amended Ch. 43 to read as herein set out in §§ 3.81—3.85. Prior to inclusion of said ordinance, Ch. 43, §§ 3.81—3.86, pertained to similar subject matter and carried no history note.

__State law reference—__Authority to acquire and maintain, MCL 128.1.

Sec. 3.81. Enforcement.

The responsibility for the enforcement of this Chapter including the rules shall be vested in the City Manager.
(Ord. No. 92-14, § 1, 2-4-92)

Sec. 3.82. Jurisdiction.

The City Manager shall have jurisdiction over all areas and their facilities, which are designated as public cemeteries in the Parks and Recreation Master Plan as adopted by the Planning Commission and certified to the City Commission and the design construction, maintenance and operation of public cemeteries and the facilities therein.
(Ord. No. 92-14, § 1, 2-4-92)

Sec. 3.83. Rules.

The City Manager is hereby authorized and directed to make the necessary rules to carry out the purpose of this Chapter to protect the public health, safety and welfare. Copies of the rules promulgated hereunder shall be kept on file at the Office of the City Clerk and the rules shall be effective upon approval by the City Commission and publication in the official proceedings of the City Commission. Such rules shall have the force and effect of law and a violation of the rules shall be considered a violation of this Code.
(Ord. No. 92-14, § 1, 2-4-92)

Sec. 3.84. Waiver.

The City Manager or the City Manager's designee is authorized to waive application of the strict letter of any rules promulgated hereunder, where practical difficulties in carrying out the strict letter of such rules would result in hardship to a particular person or persons or the public. A waiver, however, must be those of such character as will not impair the purposes and intent of this Chapter.
(Ord. No. 92-14, § 1, 2-4-92)

Sec. 3.85. Appeal from Order.

If any person shall feel aggrieved by any order or decision by the City Manager's designee or authorized subordinate, that person may, within ten (10) days after receipt of such order or decision, appeal in writing to the City Manager. The City Manager may make such decisions as the City Manager deems in the public interest within the scope and intent of this Chapter and such rules, and such decision shall be final.
(Ord. No. 92-14, § 1, 2-4-92)

Secs. 3.86—3.89. Reserved.

Chapter 44

CITY MARKETS

Sec. 3.90. City Wholesale Markets.
Sec. 3.91. Leases and Fees.
Sec. 3.92. City Retail Market.
Sec. 3.93. Permit Fees, Rules and Regulations.
Sec. 3.94. Conduct on Market Property.

Sec. 3.90. City Wholesale Markets.

A City Wholesale Market shall be and is hereby established south of Hall S.W. and east of Freeman S.W.
(Ord. No. 74-40, 5-21-74)

Sec. 3.91. Leases and Fees.

The amount of fees for permits to buy or sell on, to park within or to enter the wholesale market and other fees shall be collected by the Superintendent of the Market. Such fees shall be established by the City Manager, subject to the approval of the City Commission. The City Manager shall make such rules and regulations for the conduct of the wholesale market as he or she finds necessary and proper for the operation of the same. Such rules and regulations and schedule of fees shall be effective upon approval of the City Commission.
(Ord. No. 74-40, 5-21-74)

Sec. 3.92. City Retail Market.

A City Retail Market is hereby established north of Fulton St. within the block west of Fuller Ave. N.E.
(Ord. No. 74-40, 5-21-74)

Sec. 3.93. Permit Fees, Rules and Regulations.

The City Manager is hereby authorized to promulgate such rules as are necessary for the maintenance and good order and the furtherance of the business conducted within the City Retail Market and to fix the permit fees to be paid by persons exhibiting and selling on said market, provided, that such fees so fixed by the City Manager shall not be effective until approved by the City Commission.
(Ord. No. 74-40, 5-21-74)

Sec. 3.94. Conduct on Market Property.

Sales shall be made upon any City Market property on such days and during such hours as shall be established by the City Manager and shall be made only at stalls or places designated by the Superintendent of the Market. Any person who buys or sells or attempts to buy or sell before the hour of opening or who violates the Rules and Regulations shall be suspended from the Market for not less than thirty (30) days by the Superintendent of the Market. Any person passing worthless checks or making false representations as to the quality or quantity of his or her merchandise shall be suspended permanently from the Market. No person shall remain upon the premises of the City Market who shall have been ordered from the premises by the Superintendent of the Market. No products of any kind shall be stored upon the sidewalks within or around the Market, nor shall any vehicle obstruct the free passage along the sidewalk or any walk between stalls. No vehicle shall be parked, loaded or unloaded except within places designated for such purpose.
(Ord. No. 74-40, 5-21-74)

Chapter 45

ALLOTMENT GARDENS

Sec. 3.95. Statement of Policy.
Sec. 3.96. *City Property, Use of For Garden Plots.*
Secs. 3.97–3.99. Reserved.

Sec. 3.95. Statement of Policy.

It is the policy of the City of Grand Rapids to promote gardening and to provide garden plots for occupants of property in the vicinity of areas where garden plots may be available for use during the growing season for the growing of flowers and vegetables, minimizing noxious weeds and debris, to beautify and enhance the City and its neighborhood, to promote health, welfare and recreation and to utilize public property not presently needed for public purposes and such private property as may be available and under the control and direction of the City.
(Ord. No. 75-26, 3-25-75)

Sec. 3.96. City Property, Use of For Garden Plots.

Those properties not being used by the City, which it may own, shall be annually catalogued as to their availability and utility for garden plots and the City Manager, by suitable means, shall make such plots available to the public on a first-come-first-served basis by the issuance of a One Dollar ($1.00) permit for a gardening plot.
(Ord. No. 75-26, 3-25-75)

Sec. 3.106. Reserved.
Sec. 3.107. Performance Requirements.
Sec. 3.108. License Required for Sidewalk and Public Right-of-way Vending in the Downtown Vending District.
Sec. 3.109. Restrictions on Sidewalk Vending in the Downtown Vending District.
Sec. 3.110. Travel Routes.
Sec. 3.111. Restaurant Vendors.
Sec. 3.112. Listing of Goods and Services.
Sec. 3.113. Vending Zone Description Adopted and Incorporated.
Sec. 3.114. Downtown Vendors Limited to Public Right-of-way.
Sec. 3.115. Exceptions.

*__Editor's note—__Ordinance No. 2009-05, § 1, adopted February 17, 2009, repealed Ch. 46 in its entirety. Section 2 of said ordinance adopted a new Ch. 46 to read as herein set out. Former Ch. 46 pertained to Monroe Center and derived from Ord. No. 89-25, 4-11-89; Ord. No. 82-52, 6-22-82; Ord. No. 82-63, 8-10-82; Ord. No. 83-11, 2-22-83; Ord. No. 83-47, 8-30-83; Ord. No. 85-38, 6-18-85; Ord. No. 88-14, 3-29-88; Ord. No. 95-48, § 1, 7-25-95. See Code Comparative Table B.

Sec. 3.100. Reserved.

Sec. 3.101. Purpose and Policy.

The purpose of this Chapter is the encouragement and preservation of a part of Downtown culture by permitting and regulating the use of the sidewalks and public rights-of-way in Downtown Grand Rapids for limited commercial vending. The goals of the Chapter are the preservation and enhancement of the ambience of the Downtown District, as defined in this Chapter, the additional availability of certain defined merchandise and services to the public, and an increase in the number of visitors to the Downtown District. The goals of this Chapter will be implemented by permitting and regulating outdoor vendors and sidewalk cafés as provided for in this Chapter, in City Commission and Administrative Policies and elsewhere in the City Code.

Since sidewalks are designed primarily for the movement of pedestrian traffic, limited encroachments for Licensed Downtown Vendors, sidewalk cafés and public amenities shall be allowed only temporarily, as provided in this Chapter, elsewhere in the City Code and in City Commission and Administrative Policies, provided that, in the judgment of the City, sufficient space is reserved for pedestrian traffic and other lawful uses of the sidewalks and public rights-of-way. Emergency access to buildings shall be maintained. Any temporary encroachment allowed shall comply with all applicable requirements of the City Code and applicable provisions of City Commission and Administrative Policies.

The Policy of the City of Grand Rapids is that Downtown sidewalk or public right-of-way vending shall be permitted as set out in this Chapter and elsewhere in the Grand Rapids City Code and only at the locations and during the times provided for.
(Ord. No. 2009-05, § 2, 2-17-09)

Sec. 3.102. Definitions.

As used in this Chapter, the words and terms set out below shall have the meanings prescribed in this Section.

1. *City:* The City of Grand Rapids and any of its employees. Wherever the title of a City officer, official or employee is used in this Chapter, the title of the officer, official or employee shall mean and include such person and his or her deputy or other authorized subordinates.

2. *Downtown* or *Downtown District:* For the application of this Chapter, these terms shall mean the following: All that area lying south of the right-of-way center line of U.S. Interstate Highway I-196, west of the right-of-way center line of Coit Avenue, south of the right-of-way center line of Michigan Street, west of the right-of-way center line of Barclay Avenue, north of the right-of-way center line of Lyon Street, west of the right-of-way center line of Ransom Avenue, south of the right-of-way center line of Fulton Street, west of the right-of-way center line of Jefferson Avenue, north of the right-of-way center line of Cherry Street, and east of the western most line of U.S. Highway 131. Also, that area bounded by the center line of First Street on the north, the center line of Seward Avenue on the west, the center line of Blumrich Street extended east to Mt. Vernon on the south and Mt. Vernon Avenue on the east.

3. *License:* The Licensed Downtown Vendor License provided for in this Chapter is hereby established to temporarily allow a licensee to lawfully sell or offer for sale specified Merchandise or Services in a Vending Zone designated by the City. A license shall not confer a right upon the licensee but shall permit the licensee to engage in activities specified in the City Code and applicable City Commission and Administrative Policies which Code provisions and Policies may be changed or amended by the City. The license shall confer no vested right upon the license holder.

4. *Licensed Downtown Vendor:* The holder of a valid Licensed Downtown Vendor license which allows a person to own or operate a Vending Cart as provided for in this Chapter.

5. *Merchandise:* Those items offered for sale by a Licensed Downtown Vendor and limited to foodstuffs, cut or potted plants and flowers, one of a kind handcrafted articles, portraits or caricatures.

6. *Restaurant Vendor:* The owner and operator of an established prepared food and beverage sales establishment in a building in the Downtown District operating a Vending Cart on the sidewalk adjacent to that business.

7. *Service or Services:* Services permitted by this Chapter are limited to unique pedestrian-focused personal services performed by a Licensed Downtown Vendor and which can and will be performed immediately on-site.

8. *Vending Cart:* A non-motorized cart, as further defined in this Chapter, with at least two (2) operational wheels which is easily moved and which is used for the display and sale of Merchandise or for providing Services as defined in this Chapter and any applicable City Commission or Administrative Policy.

9. *Vending Zone and Approved Vending Zone:* The operational areas designated by the City within which a Licensed Downtown Vendor may operate. The size and dimensions of each Vending Zone for Vending Carts shall be as shown and/or described in the attachment described in Section 3.112 of this Chapter.

(Ord. No. 2009-05, § 2, 2-17-09; Ord. No. 2014-85, § 1, 12-16-14; Ord. No. 2016-78, § 1, 11-15-16)

Sec. 3.103. License Established.

The following license is hereby established:

Licensed Downtown Vendor: This License shall be applied for and may be issued to the person owning or owning and operating a Vending Cart operating in the Downtown District.

(Ord. No. 2009-05, § 2, 2-17-09; Ord. No. 2016-78, § 1, 11-15-16)

Sec. 3.104. License Required.

No person shall engage in the business of being a Licensed Downtown Vendor without first having obtained a License as provided for in this Chapter. Only one License is required per Vending Cart. Licenses shall be applied for and may be issued as provided for in Chapter 91 of this Code. The provisions of Chapter 91 of this Code shall apply to Licenses applied for or issued pursuant to this Chapter. Any established prepared food and beverage sales establishment in a building in the Downtown District not operating a Sidewalk Café may operate a Vending Cart as a Restaurant Vendor without obtaining a license as provided for in this Chapter.

(Ord. No. 2009-05, § 2, 2-17-09; Ord. No. 2016-78, § 1, 11-15-16)

Sec. 3.105. License Application.

Persons desiring a License as provided for in this Chapter shall file a completed application in a form provided by the City Clerk. Included in the application shall be a listing of all Merchandise and all Services to be provided by the licensee. This original listing may be amended by providing an amended listing to the City Clerk.

(Ord. No. 2009-05, § 2, 2-17-09; Ord. No. 2016-78, § 1, 11-15-16)

Sec. 3.106. Reserved.

Editor's note—Ord. No. 2016-78, § 1, adopted November 15, 2016, repealed § 3.106, which pertained to compliance responsibility. See Code Comparative Table for complete derivation.

Sec. 3.107. Performance Requirements.

1. Licensed Downtown Vendors are allowed to operate only within an Approved Vending Zone. No Licensed Downtown Vendor may operate at any location other than an Approved Vending Zone. Licensed Downtown Vendors may travel with a Vending Cart through other parts of the City and the Downtown District but may not conduct any Licensed Downtown Vendor business except in an Approved Vending Zone. Licensed Downtown Vendors may conduct Vending Cart operations in parts of the City outside the Downtown District if properly licensed to do so as provided for in this Code.

2. Licensed Downtown Vendors are responsible for collecting and removing all litter, as defined in Chapter 151 of this Code, at or within fifty (50) feet of the Approved Vending Zone in which the Licensed Downtown Vendor is operating prior to leaving the Vending Zone, whether originating from their Vending or not. Litter so collected and litter deposited in the receptacle attached to the Vending Cart may not be placed in City receptacles but shall be privately disposed of by the Licensed Downtown Vendor.

3. Changes in Merchandise or Service, including, but not limited to, food or beverage items, from those listed in the Licensed Downtown Vendor License application must be approved by the City.

4. When serving the public, all Licensed Downtown Vendors and the employees of Licensed Downtown Vendors shall wear neat and clean clothing. Shoes and shirts are required.

5. The name of the Licensed Downtown Vendor owning a Vending Cart shall be professionally displayed on the Vending Cart.

6. Licensed Downtown Vendors shall comply with all applicable laws, ordinances, rules and regulations. Licensed Downtown Vendors shall provide City, state or federally-issued photo identification, upon request, to any law enforcement officer and to any other properly identified governmental officer or employee.

7. No Licensed Downtown Vendor shall block, obstruct or interfere with the free flow of pedestrian or vehicular traffic in the lawful use of sidewalks or highways or ingress or egress to or from any property nor shall any Licensed Downtown Vendor locate a Vending Cart so as to interfere with clear and unobstructed vision at a corner.

8. No Merchandise or Service shall be displayed, sold or provided by a Licensed Downtown Vendor to an occupant of any vehicle on City streets.

9. No Licensed Downtown Vendor shall shout, hawk, cry out or make any noise, or use any sound amplifying device, including a radio or other sound-amplifying system audible to others, nor shall a Licensed Downtown Vendor use flashing or moving lights. Lights solely illuminating the Vending Cart are permitted during nighttime Vending operations.

10. No Downtown Vendor License may be sold, leased, transferred or reassigned in any fashion, except as provided for in this Chapter.

11. Vending Carts shall be lawfully stored off the public right-of-way at times other than when in operation and daily between the hours of 2:30 a.m. and 6:00 a.m. local time.

12. Licensed Downtown Vendors operating from a Vending Cart within a special event area as provided for in this Code will suspend operations during City-approved special events as provided for in this Code. Licensed Downtown Vendors may attempt to arrange a use permit with the sponsor of the special event for permission to operate in the Downtown District during the special event. Operation in the special event area during a special event is contingent upon approval by the event sponsor.

13. Each Licensed Downtown Vendor shall protect the public right-of-way from damage due to the Licensed Downtown Vendor's operation. Licensed Downtown Vendors shall remove all grease, water, food or food scraps, cooking wastes and litter from each of their operational areas at least daily. As a condition of licensing and operation, a Licensed Downtown Vendor shall reimburse the City for all costs incurred in cleaning the Licensed Downtown Vendor's Vending location.

14. All Vending Carts shall, if needed, be inspected and approved for compliance with applicable Codes and laws by the Fire Department, Inspection Services, the Health Department and any other governmental agency, department or entity having jurisdiction prior to the Licensed Downtown Vendor beginning operations and, as needed, thereafter. Certification of License applicants and Vending Carts shall be conducted, if needed, as provided for in Chapter 91 of this Code.

15. Each Licensed Downtown Vendor shall obtain and maintain insurance as required by this Code and applicable provisions of City Com-

mission and Administrative Policies. Unless additional insurance is required by law, ordinance or City Policy, each Licensed Downtown Vendor License holder shall at all times maintain a policy of liability insurance in the minimum amount of one million dollars ($1,000,000.00) for personal injuries and property damage arising out of the Licensed operation including operation by an employee, agent or independent contractor. Proof of insurance coverage must be provided to the City and any policy or certificate of insurance must be approved by the City before any License is issued. The insurance policy shall directly protect the City of Grand Rapids, its officers and employees and agents as named insureds, and shall provide that the insurance be primary insurance and that no other insurance coverage obtained by the City will be called upon to contribute to a loss covered by the insurance policy required by this provision. The policy shall provide thirty (30) days prior written notice of cancellation, revocation, amendment or change to the City. Each licensee shall also agree, as a condition of the License, to hold harmless and protect the City of Grand Rapids, its officers and employees and agents from any liability, claim, costs or attorney fees arising out of the licensed operation that is not covered by the required insurance.

16. Each Licensed Downtown Vendor conducting business on a sidewalk or public right-of-way shall display in a prominent and visible manner the License issued by the City of Grand Rapids under the provisions of this Chapter and the License number, tag or insignia issued by the City.

17. Each Licensed Downtown Vendor conducting business on a sidewalk or public right-of-way shall conspicuously post the price of all Merchandise offered for sale and all Services offered or provided. No item may be sold and no service may be provided at a price greater than that posted.

18. All Merchandise or Services to be sold from a Vending Cart shall:

a) Be stored, prepared, sold and vended from within a regulation size Vending Cart and all supplies and Merchandise not immediately for sale shall be contained within the Vending Cart and shall be screened from sight. Notwithstanding this provision, items lawfully prepared at a remote location and lawfully transported in or to the Vending Cart may be stored in or on a Vending Cart until sold from the cart.

b) Involve a transaction period of less than five (5) minutes to complete a sale or fifteen (15) minutes to render a Service.

c) Not cause undue noise or offensive odors.

19. A Licensed Downtown Vendor, including a restaurant vendor, shall not operate a Vending Cart unless it complies with the standards set out in this subsection. The height of the Vending Cart, including canopies, umbrellas or transparent enclosures, shall not exceed ten (10) feet. The maximum length of the Vending Cart shall be ten (10) feet and maximum width shall be five (5) feet. Each Vending Cart shall have a minimum of two wheels and no more than four wheels. Wheels shall be functional and decorative. Each Vending Cart shall be equipped with an attached litter receptacle the opening of which shall be not less than one foot by one foot and which shall be not less than three feet in depth. Vending Carts shall be built of durable materials that are easy to keep clean and are appropriate for exterior use and which will withstand strong winds. If wood is used it shall be painted or otherwise coated to create a glossy finish. No bare or pressure treated wood without an additional glossy finish coating is permitted. Each Vending Cart shall have stability features such as brakes or chocks to firmly fix its location. Cart tongues (including, but not limited to, hitches or handles) must detach and store out of the way while the Vending Cart is stationary and in use. It is the intent of this Chapter that Vending carts be open and that the vendor not stand in, be partially or fully enclosed by, or operate within the Vending cart. No enclosed vehicle or trailer shall be permitted, but Vending carts may have a canvas or vinyl umbrella or canopy over an open cart. If otherwise lawfully licensed and operated pursuant to federal, state and local laws, ordinances, rules and regulations, Vending carts may be moved from place to

place by towing by a motor vehicle, but Vending trailers, Vending trucks or other Vending vehicles are prohibited and shall not be used except as specifically defined and permitted by this Chapter. Motor vehicles shall not be driven over curbs, onto sidewalks or otherwise into Vending zones to situate Vending carts within Vending zones.
(Ord. No. 2009-05, § 2, 2-17-09; Ord. No. 2016-78, § 1, 11-15-16)

Sec. 3.108. License Required for Sidewalk and Public Right-of-way Vending in the Downtown Vending District.

1. No person shall sell or offer for sale any Merchandise, goods, services or other thing, or engage in, or attempt to engage in, street, sidewalk or public right-of-way Vending within the Downtown District without a valid License as provided for in this Chapter except as otherwise authorized by this Code, law, ordinance, rule or regulation. Notwithstanding the prohibitions contained in Sections 7.24 and 7.25 of this Code, a Licensed Downtown Vendor or Restaurant Vendor may conduct business from a Vending Cart in accordance with the provisions of this Chapter at an Approved Vending Zone.

2. No person shall use a vehicle, cart, table, stand, temporary contrivance or other encroachment while engaged in public right-of-way Vending within the Downtown Vending District unless in full compliance with the requirements of this Code.

3. The requirements of subsections 1. and 2. of this section shall not apply to the display, exhibition, distribution or sale of any non-commercial handbill as provided for by Code or law or for other activities otherwise permitted by the Constitutions of the United States and the State of Michigan at the time and place and in the manner protected by the Constitutions.
(Ord. No. 2009-05, § 2, 2-17-09; Ord. No. 2016-78, § 1, 11-15-16)

Sec. 3.109. Restrictions on Sidewalk Vending in the Downtown Vending District.

Sidewalk or public right-of-way Vending within the Downtown District is subject to the following restrictions:

1. Sidewalk or public right-of-way Vending shall be limited to persons who have been issued a License or encroachment permit by the City, and for any Licensed Downtown Vendor issued a License, Vending shall be limited to the Vending zones approved by the City.
2. Vending Carts shall not be:
   a. Left unattended at any time.
   b. Parked or placed so as to occupy more space than provided for in this Code.
   c. Parked or placed on any sidewalk, highway, street or alley between the hours of 2:30 a.m. and 6:00 a.m. local time.
   d. No person, whether licensed pursuant to this Chapter or not, shall park at the curb for the purpose of conducting business, nor shall any person establish a table, stand, booth or other place of business on any street, curb, sidewalk, public right-of-way or thoroughfare except as provided for in this Chapter or in another provision of this Code. This subsection shall not be interpreted to prohibit parking for the purpose of making deliveries in connection with orders previously placed.

(Ord. No. 2009-05, § 2, 2-17-09; Ord. No. 2016-78, § 1, 11-15-16)

Sec. 3.110. Travel Routes.

When a Vending cart vendor is traveling from one approved zone to another, the travel shall be by the most direct route. No sales may be conducted except in an approved zone.
(Ord. No. 2009-05, § 2, 2-17-09; Ord. No. 2016-78, § 1, 11-15-16)

Sec. 3.111. Restaurant Vendors.

Notwithstanding any other provision of this Chapter, a Restaurant Vendor may operate a Vending Cart on the sidewalk adjacent to the restaurant without obtaining a license pursuant to Section 3.104 provided that all operations of the Vending Cart comply with the substantive provisions of this Chapter and provided that the Vending Cart is positioned so as to minimally interfere with pedestrian traffic on the sidewalk. (Ord. No. 2009-05, § 2, 2-17-09; Ord. No. 2016-78, § 1, 11-15-16)

Sec. 3.112. Listing of Goods and Services.

No person shall operate a Vending Cart in the downtown district unless a full and complete listing of the merchandise and services to be offered from the Vending Cart shall have been submitted to and approved by the city as a part of the licensing of that person.
(Ord. No. 2009-05, § 2, 2-17-09; Ord. No. 2016-78, § 1, 11-15-16)

Sec. 3.113. Vending Zone Description Adopted and Incorporated.

The descriptions of the Vending zones are as follows:

Vending Zone		
No.	*Name*	*Description*
1	Calder Plaza	West side of Ottawa Avenue, east of steps to Calder Plaza, between the two parking garage stair towers.
2	County Courthouse	West side of Ottawa Avenue, north of Lyon Street and south of the Kent County Courthouse service drive.
3	Monroe-Lyon	East side of Monroe Avenue, west of 5/3 Plaza, south of the northern-most planter box. North side of Lyon Street, south of 5/3 Plaza, and west of the 5/3 Bank Building.
4	Campau Promenade	West side of Monroe Avenue, North of Campau Avenue except driveways and curb cuts and south of the BRT Station.
5	Sears Parking Lot	A 12' × 60' area along the south side of Pearl Street, adjacent to the Ellis surface parking lot.
6	Ottawa-Monroe Center	A 20' × 75' area on the south side of Monroe Center Avenue, west of Ottawa Avenue, adjacent to the GRAM Building.
7	Weston-Ottawa	A 50' × 70' area on the south side of Weston Street, west of Ottawa Avenue.
8	Ottawa-Fulton Parking Ramp	The entire northern street frontage of West Fulton Street between Ionia Avenue and Ottawa Avenue excluding all corners, building entrances, curb cuts and driveways.
9	Monroe Center - Sheldon	A 10' × 7' area on Monroe Center on the west side of Sheldon Avenue.
10	Ionia & Weston	A 46' × 125' area on the south side of Weston Street east of Ionia Avenue, adjacent to the 9 metered on-street parking spaces, excluding street corners.
11	DASH Lot Area 7	A 12' × 90' area along the south side of Douglas Street and east of Summer Avenue adjacent to DASH Lot Area 7 parking lot.
12	DeVos Place	A 6' × 60' area along the west side of Monroe Avenue beginning 65' south of the glass stair tower.
13	100 Block of Grandville SW	A 20' × 20' area along the west side of Grandville Avenue just south of Oakes Street and a 6' × 40' area on the west side of Grandville Avenue under U.S. Highway 131.
14	Front Street under U.S. Highway 131	An 8' × 40' area along the south side of Front Street under southbound U.S. Highway 131.
15	Fulton Street under U.S. Highway 131	A 10' × 30' area along the south side of Fulton Street under southbound U.S. Highway 131.
16	Market - Fulton	A 5' × 10' area on the southwest corner of Fulton Street and Market Street.
17	Monroe - Louis	A 7' × 10' area on the southeast corner of Louis Street and Monroe Avenue.
18	Bostwick - Fountain	A 6' × 20' area along the north side of Fountain Street east of Bostwick Street.
19	City-County Building	An area along the east side of Monroe Avenue north of the north Government Center Parking ramp entrance.

(Ord. No. 2009-05, § 2, 2-17-09; Ord. No. 2014-85, § 2, 12-16-14; Ord. No. 2016-78, § 1, 11-15-16)

Sec. 3.114. Downtown Vendors Limited to Public Right-of-way.

No person shall operate a Vending Cart in the Downtown District except upon the public sidewalk or public right-of-way, except that a Vending Cart may be operated on private property with the permission of the owner and the occupant of that property and in compliance with the Zoning ordinance and all other applicable federal, state and local laws, ordinances, rules and regulations.

(Ord. No. 2009-05, § 2, 2-17-09; Ord. No. 2016-78, § 1, 11-15-16)

Sec. 3.115. Exceptions.

The provisions of this Chapter shall not apply to Vending in connection with Special Events as provided for in this Code in which case the Special Events provisions of this Code and any resolution adopted in connection with the special event shall apply; nor shall the provisions of this Chapter apply to motorized mobile Vending vehicles operated solely in connection with construction sites in the Downtown District provided that such mobile Vending operations are operated on private property with the consent of the owner or occupant of that property.

(Ord. No. 2009-05, § 2, 2-17-09; Ord. No. 2016-78, § 1, 11-15-16)

Chapter 47

LYON SQUARE

Sec. 3.201. Purpose.
Sec. 3.202. Designation as Lyon Square.
Sec. 3.203. Definition of Area.
Sec. 3.204. Use Zones.
Sec. 3.205. Permits.
Sec. 3.206. Conditions for Use.
Sec. 3.207. Sales.
Sec. 3.208. Prohibition of Motor Vehicles and Other Wheeled Devices.
Sec. 3.209. Prohibition of Structures, Statues and Displays.
Secs. 3.210–3.220. Reserved.

Sec. 3.201. Purpose.

The purposes of this Chapter are to ensure that the unique improvements made to the portion of the public street, heretofore designated as Lyon Street, are preserved and made available for the use and enjoyment of the general public and abutting properties on an equitable basis and to regulate the competing vehicular and pedestrian traffic uses on a street not generally open to all vehicular use. The City Commission hereby determines that, to achieve this purpose, it is necessary to rename that portion of the street, to define its boundaries, to designate zones within those boundaries, to specify permissible and prohibited activities within those zones, and to limit motor vehicle use to emergency and authorized vehicles, and to vehicles used in providing delivery and maintenance services to buildings adjacent to its boundaries.
(Ord. No. 86-4, § 1, 2-4-86)

Sec. 3.202. Designation as Lyon Square.

That portion of the public street heretofore designated as Lyon Street, between Monroe Avenue and the Grand River, is hereby designated Lyon Square.
(Ord. No. 86-4, § 1, 2-4-86)

Sec. 3.203. Definition of Area.

The legal description of the area designated Lyon Square is on file with the City Clerk. The area includes all that property which has the following general boundaries:

(1) The George W. Welsh Auditorium, the Grand Center, and the Metro Bank Building on the north;

(2) The Amway Grand Plaza Hotel and the Exhibitor's Building on the south;

(3) Monroe Avenue on the east;

(4) The Grand River on the west.

(Ord. No. 86-4, § 1, 2-4-86)

Sec. 3.204. Use Zones.

Lyon Square is hereby divided into use zones the locations of which shall be identified on maps which the Office of Special Events shall prepare and make available to the public. Uses permitted in each zone shall be only those which are listed in this Chapter. The zones and the uses permitted in each are as follows:

(1) *Zone 1.* Right-of-way for pedestrians and for vehicles which this Chapter authorizes to be operated on Lyon Square, except that the owners and lessees of property abutting Lyon Square may, pursuant to permit, conduct in this zone activities described in the last sentence of Section 3.206(3).

(2) *Zone 2.* Public use zone open to use by the general public except that sub-zones may be reserved by permit for particular programs or events. This zone shall be comprised of the following sub-zones with the indicated restrictions on vehicle use:

a. *Zone 2A.* The general location of this sub-zone is the amphitheater area adjacent to the Grand River. Vehicle use for loading/unloading and similar activities is allowed only by permit.

b. *Zone 2B.* The general location of this sub-zone is the area adjacent to the Welsh Auditorium. Vehicle use is prohibited.

c. *Zone 2C.* The general location of this sub-zone is the area adjacent to the Exhibitor's Building/Amway Grand Plaza Hotel. Vehicle use is prohibited.

(Ord. No. 86-4, § 1, 2-4-86; Ord. No. 2011-31, § 1, 8-23-11)

Sec. 3.205. Permits.

All requests for permits required by this Chapter shall be made to the Office of Special Events, except as otherwise provided for herein. If the request is to reserve a sub-zone for a particular program or event, it must be made at least ten (10) days prior to the time the requested use is to start. Such ten-day deadline may be waived by the Office of Special Events, provided that the City Manager or his or her authorized designee determines there is adequate time to properly process the request and issue the permit. A re-

quested permit may be issued upon compliance with all the requirements for such permits, and upon such reasonable terms and conditions, including public liability insurance, a security deposit against damage to City property, and a permit fee, as the Office of Special Events deems reasonably necessary or appropriate to adequately protect the public health, safety and welfare. Permits will be issued on a first-come, first-served basis, except that if competing requests for permits for the same area and time are made more than thirty (30) days in advance, the Office of Special Events or authorized designee may issue the permit for that use which in his or her judgment will benefit the greatest number of people and/or best meet the spirit and purpose of this Chapter. A permit may be revoked by the Office of Special Events upon violation by the permit holder or anyone engaging in the activities allowed by the permit of any of the provisions of this Chapter or of any of the conditions upon which the permit was issued.
(Ord. No. 86-4, § 1, 2-4-86; Ord. No. 2011-31, § 1, 8-23-11)

Sec. 3.206. Conditions for Use.

Use of Lyon Square for other than general public use shall be subject to the following conditions:

(1) Such use may occur only between the hours of 8:00 a.m. and 11:00 p.m.; provided, however, that for community-wide special events the time may be extended to not later than 1:00 a.m. with the express written permission of the City and the adjoining property owners.

(2) The kinds of programs, activities and uses for which sub-zones may be reserved by the general public are those of the same nature as for which a Park Permit is generally required if conducted in a City Park.

(3) The owners and lessees of property adjacent to sub-zones 2B and 2C may, pursuant to permit, conduct activities in those sub-zones that are related to simultaneous activities being conducted on their properties, generally without restriction as to the type of activity, so long as otherwise lawful, other than as such restrictions may be necessary to avoid conflicts involving the uses and scheduling of other zones. Such owners and lessees may also, pursuant to permit, conduct activities in all zones of Lyon Square approved by the Office of Special Events, which traditionally have been conducted in those areas prior to the enactment of this Chapter.

(4) Any use or activity involving the sale and use of alcoholic beverages shall be subject to State law and the City's Alcohol Policy and permit procedures administered by the Office of Special Events.

(5) The person or organization to whom a permit is issued shall be responsible for controlling the conduct of persons and activities attending and/or participating in the program for which the permit was issued. No conduct otherwise unlawful will be permitted. If illegal conduct or activity occurs at any such program, the Office of Special Events or authorized designee may, in his or her discretion, deny future requests for permits for the same or similar programs or future requests for other programs made by the permit holder, or any person directly affiliated with the permit holder.

(6) Any other reasonable conditions deemed necessary by the City Manager or his or her designee to preserve the spirit and purposes of this Chapter which are set forth in written rules and regulations promulgated by the Office of Special Events.

(Ord. No. 86-4, § 1, 2-4-86; Ord. No. 88-59, § 1, 8-23-88; Ord. No. 2011-31, § 1, 8-23-11)

Sec. 3.207. Sales.

Sales and vending activities are prohibited in Lyon Square, except for those sales activities which are specifically authorized by permit in connection with an activity authorized by the last sentence of Section 3.206(3) or which are an

approved part of a City co-sponsored event as defined in the City's Co-sponsored Event Policy administered by the Office of Special Events.
(Ord. No. 86-4, § 1, 2-4-86; Ord. No. 2011-31, § 1, 8-23-11)

Sec. 3.208. Prohibition of Motor Vehicles and Other Wheeled Devices.

It is unlawful to use or operate a motor vehicle, including a motorcycle or moped, bicycles, or any other wheeled devices including rollerskates, skateboards, or similar devices on any portion of Lyon Square, with the following exceptions:

(1) Emergency vehicles responding to emergencies may be operated and parked anywhere necessary.

(2) City-owned vehicles, official vehicles, and other vehicles which are specifically authorized by special permit may be operated and parked as necessary within those zones in which vehicle use is permitted.

(3) Vehicles used in connection with loading/unloading and maintenance activities at buildings abutting on Lyon Square may be operated and parked within those zones in which vehicle use is permitted, but only as necessary and only for as long as necessary.

(4) Vehicles used in connection with construction or similar activities at buildings abutting on Lyon Square may be operated and parked within those zones in which vehicle use is permitted, but only pursuant to and upon conditions contained in a written permit issued by the City Engineer.

(5) Vehicles may be accepted for valet parking and vehicles may be returned to valet customers while stopped in a traffic lane within Lyon Square, if the valet drop-off and pick-up site is otherwise approved pursuant to a City issued valet parking license.

(6) Wheelchairs transporting physically disabled persons and baby carriages, strollers, and wagons transporting young children may be operated and used anywhere necessary or convenient.

(Ord. No. 86-4, § 1, 2-4-86; Ord. No. 2011-31, § 1, 8-23-11)

Sec. 3.209. Prohibition of Structures, Statues and Displays.

It shall be unlawful to erect a structure, statue or display of any kind anywhere within Lyon Square except by permit either in connection with and related to a simultaneous activity being conducted in one of the buildings abutting on Lyon Square or to provide protection from the weather for an activity otherwise permitted. It shall also be unlawful to maintain any such structure, statue or display for a continuous period in excess of seven (7) days.
(Ord. No. 86-4, § 1, 2-4-86)

ARTICLE 1. IN GENERAL

Sec. 4.1. Definitions.

Unless the context specifically indicates otherwise, the meanings of terms used in this Chapter shall be as follows:

(1) *Street* shall mean all of the land lying between property lines on either side of all streets, alleys and boulevards in the City, and includes lawn extensions and sidewalks and the area reserved therefor where the same are not yet constructed.

(2) *Department* shall be deemed to refer to the Department of Public Service of the City.

(3) *Director* shall mean the Director of Public Service of the City.

Sec. 4.2. Damage and Obstruction Prohibited.

No person shall make any excavation in, or cause any damage to any street in the City, except under the conditions and in the manner permitted in this Chapter. No person shall place any article, thing or obstruction in any street, except under the conditions and in the manner permitted in this Chapter or as expressly permitted elsewhere in this Code, but this provision shall not be deemed to prohibit temporary obstructions incidental to the expeditious movement of articles and things to and from abutting premises, nor to the lawful parking of vehicles within the part of the street reserved for vehicular traffic. The City Commission may, by resolution, authorize the City Manager to grant permits for certain uses in any street within the City which the Commission deems to be for the benefit of the general public.
(Ord. No. 65-12, 9-7-65)

Sec. 4.3. Permits and Bonds.

Where permits are required by this Chapter, a complete application shall be submitted to the Director upon such forms as prescribed with any required accompanying materials. Application fees shall be set from time-to-time by resolution of the City Commission. Permits shall be revocable by the Director for failure to comply with this Chapter, any rules and regulations adopted pursuant hereto, and any lawful orders of the Director or his or her duly authorized representative, and shall be valid only for the period of time endorsed thereon. Application for a permit under the provisions of this Chapter shall be deemed an agreement by the applicant to promptly complete the work permitted, observe all pertinent laws and regulations of the City in connection therewith, repair all damage done to the street surface and installations on, over or within such street, including trees, and protect and save harmless the City from all damages or actions at law that may arise or may be brought on account of injury to persons or property resulting from the work done under the permit or in connection therewith. Except as otherwise specified in this Chapter, where liability insurance policies are required to be filed in making application for a permit, they shall have a minimum combined single limit of liability for bodily injury and property damage for each occurrence in an amount as determined necessary by the Director. A duplicate executed copy of the original of the insurance policy, approved as to form by the City Attorney, shall be filed with the City Clerk. A deposit shall be required and used to defray all expenses to the City arising out of the granting of the permit and work done under the permit or in connection therewith.
(Ord. No. 71-31, 5-25-71; Ord. No. 80-2, 1-2-80; Ord. No. 2018-06, § 1, 2-6-18)

Sec. 4.4. Street Openings.

No person shall make any excavation or opening in or under any street without first obtaining a written permit from the Director. No permit shall be granted until the applicant shall post a cash deposit and file a liability insurance policy as required by Section 4.3.

Sec. 4.5. Emergency Openings.

The Director may, if the public safety requires immediate action, grant permission to make a necessary street opening in an emergency, provided that a permit shall be obtained on the following business day and the provisions of this Chapter shall be complied with.

Sec. 4.6. Backfilling.

All trenches in a public street or other public place, except by special permission, shall be backfilled in accordance with regulations adopted pursuant to this Chapter. Any settlement shall be corrected within eight (8) hours after notification to do so.

Sec. 4.7. Sidewalk Vaults.

Openings through the sidewalk for the delivery of fuel or any other purpose when lawfully in existence, shall not be greater than thirty (30) inches in diameter, shall be circular in form, and shall be effectually closed when not in actual use by an iron cover set flush within the surface of the sidewalk, level with the sidewalk, and securely locked in place. All openings in the sidewalk for the admission of light and air shall be closed and protected whether by substantial iron grating or illuminating pavement of a design and so placed as to be satisfactory to the Director.

No person shall open and leave open and unguarded any manhole or other opening in any sidewalk or public street. Such guard shall consist of a railing or fence at least three (3) feet high and made of iron piping at least one and one-half (1½) inches in diameter of such substantial material sufficient to withstand pressure from pedestrians and by stationing thereat while so open a person whose duty it shall be to warn persons traveling upon said sidewalk or highway of the opening therein.

Sec. 4.8. Utility Poles.

Utility poles may be placed in such streets as the Director shall prescribe and shall be located thereon in accordance with the directions of the Director. Such poles shall be removed or relocated as the Director shall from time to time direct.

Sec. 4.9. Maintenance of Installations in Street.

Every owner of, and every person in control of, any estate hereafter maintaining a sidewalk vault, coal hole, manhole, or any other excavation, or any post, pole, sign, awning, wire, pipe, conduit or other structure in, under, over or upon, any street which is adjacent to or a part of his or her estate, shall do so only on condition that such maintenance shall be considered as an agreement on his or her part with the City to keep the same and the covers thereof, and any gas and electric boxes and tubes thereon, in good repair and condition at all times during his or her ownership or control thereof, and to indemnify and save harmless the City against all damages or actions at law that may arise or be brought by reason of such excavation or structure being under, over, in or upon the street, or being unfastened, out of repair or defective during such ownership or control.

Sec. 4.10. New Paving.

Whenever the City Commission shall determine to pave or resurface any street, the Director shall, not less than thirty (30) days prior to commencement of construction, serve notice upon all public utilities, requiring them to install all necessary underground work in advance of the paving or resurfacing.

Sec. 4.11. Sewer and Water Connections.

When such paving or resurfacing shall have been ordered or declared necessary by the City Commission, such sewer and water connections as are necessary shall be installed in advance of such paving or resurfacing, and the cost thereof shall be charged against the premises adjacent thereto, or to be served thereby, and against the owner of such premises. Where such paving or resurfacing is financed in whole or in part by special assessment, the cost of such sewer and water connections may be made chargeable against the premises served or adjacent thereto, as a part of the special assessment for such paving or resurfacing. Where such paving or resurfacing is financed otherwise than by special assessment, the cost of the sewer and water connections so installed, shall be a lien on said premises adjacent thereto, or to be served thereby, and shall be collected as provided for assessments on single lots pursuant to the provisions of this Code.

Sec. 4.12. Determination of Necessity.

The necessity for such sewer and water connections shall be determined by the Director, which determination shall be based upon the size, shape and area of each abutting lot or parcel of land, the lawful use of such land under the zoning regulations of the City, the character of the locality and the probable future development of each abutting lot or parcel of land. The Director shall give written notice of the intention to install such sewer and water connections, and to charge the cost of the same to the premises, to each owner of land abutting the street to be furnished with such connections, as shown by the records of the City Assessor in accordance with Chapter 1 of this Code. Any owner objecting to the installation of any such sewer or water connection shall file his or her objections in writing within seven (7) days after service of such notice with the Director who shall, after considering each such objection made in writing, make a final determination of the sewer and water connections to be installed.

Sec. 4.13. Prohibited Openings.

No permit to make any opening or excavation in or under a paved street shall be granted to any person within a period of two (2) years after the completion of any paving or resurfacing thereof. If a street opening is necessary as a public safety measure, the Director may suspend the operation of this Section as to such street opening.

Secs. 4.14—4.17. Reserved.

ARTICLE 2. CURB CUTS

Sec. 4.18. Permit; General Requirements.

No opening in or through any curb or any street shall be made without first obtaining a written permit from the Director. Curb cuts and sidewalk driveway crossings to provide access to private property shall comply with the following:

(1) No single curb cut shall be less than ten (10) feet, nor more than thirty (30) feet.

(2) The minimum distance between any curb cut and a public crosswalk shall be five (5) feet.

(3) The minimum distance between curb cuts, except those serving residential property, shall be twenty-five (25) feet.

(4) The maximum number of lineal feet of sidewalk driveway crossings permitted for any lot, parcel of land, business or enterprise, shall be forty-five (45) percent of the total abutting street frontage up to and including two hundred (200) lineal feet of street frontage plus twenty (20) percent of the lineal feet of street frontage in excess of two hundred (200) feet.

(5) The necessary adjustments to utility poles, light standards, fire hydrants, catch basins, street or railway signs, signals, or other public improvements or installations shall be accomplished without cost to the City.

(6) All construction shall be in accordance with plans and specifications approved by the Director.

Sec. 4.19. Reserved.

ARTICLE 3. SIDEWALK OBSTRUCTIONS

Sec. 4.20. Sidewalk Obstructions.

No person shall occupy any street with any materials or machinery incidental to the construction, demolition or repair of any building adjacent to said street, or for any other purpose, unless as permitted in Section 4.21.
(Ord. No. 2018-06, § 2, 2-6-18)

Sec. 4.21. Pedestrian and bicyclist passage.

(1) *Permit.* A Temporary Occupancy Permit shall be obtained for any work that is conducted in or on a sidewalk or bicycle facility, including trails. A description of the purpose for any obstructions shall be provided, including a project schedule that describes duration, dates, and times of day. Any permit issued pursuant to the terms of this section may be revoked by the City Engineer for permit violations.

(2) *Site plan.* A site plan shall be submitted for review. The Plan shall show any and all sidewalks, bicycle facilities, trails, bus stops, and traffic lanes, as well as all trees, lane striping, hydrants and traffic signs which will be affected.

(3) *Traffic Control Plan.* A detailed routing and traffic control plan shall be submitted as part of the permit application where a sidewalk, bicycle facility or trail will be obstructed. The Plan shall demonstrate how pedestrian and bicyclist access will be maintained, and ADA Compliance satisfied.

a. At least six (6) feet of space shall be kept clean and clear for the free passage of pedestrians in mixed-use commercial zone districts, as defined in Article 6 of Chapter 61 of the City of Grand Rapids Zoning Ordinance;

b. At least four (4) feet of space shall be kept clean and clear in residential zone districts, as defined in Article 5 of Chapter 61 of the City of Grand Rapids Zoning Ordinance; and

c. At least five (5) feet of space shall be kept for the passage of bicyclists where bicycle facilities are present.

(4) *Safety.* Sidewalks or paths shall be defined on both sides by fencing, barricades, cones, construction tape or other devices for the purposes of delineating construction zones. If the construction area is prone to falling objects or debris a covered path shall be required which is covered by a hard roof and contains lighting. Sidewalks and paths shall be ADA compliant and kept free of equipment, materials, snow and ice, and debris.

(5) *Materials.* Paths shall be made of dense (hard), non-porous, non-skid material that is resistant to settlement and penetration by narrow wheels, cane/walkers/crutches and small-heeled shoes in all weather conditions.

(6) *Signs.* Detailed drawings of all signs, to include dimensions, intended to be placed for the purposes of directing pedestrian and bicycle traffic shall be submitted as part of the permit application.

(7) *Administrative Departures.* If building operations or construction activities causing the sidewalk, bicycle facility, or trail obstruction would impair the safety of the public or substantially affect the constructability of a project, an Administrative Departure may be requested. A permit application shall be submitted with sufficient detail to indicate the nature and necessity of the request, as well as proposed mitigation measures. The Director may waive some or all of the requirements of this section. In making a departure decision, the Director shall consider:

a. Street Type and Mode Emphasis from the Vital Streets Plan.

b. Context and surrounding land uses, including topography.

c. Vehicular, pedestrian, bicycle, and transit volumes.

d. Nature of users (i.e. vulnerable populations, ADA accessibility, etc.).

e. Proximity of traffic control devices and other safety elements (i.e. street lighting, sight lines, etc.).

f. Availability and practicality of alternative routes (i.e. convenience, distance, level of service, continuity, logical terminus).

g. Availability and practicality of alternative safety methods (i.e. flagmen provided by construction contractor, etc.).

h. Time of day, time of week, time of year, duration.

i. Nature of construction activities and their potential dangers to the public.

(8) *Approval.* Permit approvals shall be limited to the time required for the essential needs of a project to be satisfied whereby occupancy of the sidewalk, bicycle facility or trail can be re-opened, or an alternative access plan can be instituted which more fully complies with this Chapter.

(Ord. No. 87-24, § 1, 3-31-87; Ord. No. 2018-06, § 3, 2-6-18)

Sec. 4.22. Reserved.

ARTICLE 4. SAFETY REQUIREMENTS

Sec. 4.23. Safeguards.

All openings, excavations and obstructions shall be properly and substantially barricaded and railed off, and at night shall be provided with prescribed warning lights. Warning lights perpendicular to the flow of traffic shall not be more than three (3) feet apart, and parallel to the flow of traffic not over fifteen (15) feet apart.

Sec. 4.24. Shoring Excavations.

All openings and excavations shall, where necessary, be properly and substantially sheeted and braced as a safeguard to workmen and to prevent cave-ins or washouts which would tend to injure the thoroughfare or subsurface structure of the street.

ARTICLE 5. VACATING, NAMING STREETS; HOUSE NUMBERS

Sec. 4.25. Street Names.

Street names, whether public or private, shall be established either by the City Commission, adjacent County jurisdictions or the State of Michigan by approval of a final subdivision plat, a condominium plat, a site development plan or similar public document and shall not be changed except by official governmental amendment. All street names approved after adoption of this subsection shall conform to the following rules:

(1) No new street name shall duplicate an existing street name located within the County of Kent unless it is an extension or continuation of an existing street.

(2) The same principal part of a new street name shall not be used more than once by varying suffixes such as Street, Drive, Way or Lane nor by varying prefixes such as North or East or N. or E.

(3) No new street name shall contain punctuation such as hyphens, periods or apostrophes.

(4) No new principal street name shall contain more than nineteen (19) letters or spaces in its principal part, exclusive of suffix designations such as Street, Avenue, Drive, Way or Lane.

(5) No new street name shall contain numbers.

(6) No new street name shall have a prefix nor include either the words or the abbreviations for the words North, South, East or West.

(7) For ease of mapping, short streets shall have short names.

(8) All street names shall be followed by a suffix designating the type of street, such as Street, Drive, Way or Lane.

(9) The suffix "Avenue" shall be restricted to streets on a north-south alignment and the suffix "Street" shall be restricted to east-west alignments. The direction of extensions or likely extensions shall determine the proper suffix for curved or diagonal streets.

(10) All street names shall be followed by a directional abbreviation such as NW, SW, NE or SE as established by the intersection of Division Avenue and Fulton Street.

(Ord. No. 91-28, § 1, 6-4-91)

Sec. 4.26. Reserved.

Editor's note—Ord. No. 2015-74, § 2, adopted December 15, 2015, repealed § 4.26, which pertained to vacating streets. See Code Comparative Table for complete derivation.

Sec. 4.27. Street Addresses.

Street addresses for all property and buildings within the City of Grand Rapids shall be designated and assigned by the City. Street address numbers shall conform to the following regulations unless assigned differently prior to adoption of this Section:

(1) Street address numbering shall either begin with the number one (1) progressing east or west from Division Avenue or begin with the number one (1) and progressing north or south from Fulton Street.

(2) Street addresses shall be even numbers on the East or South sides of a street and odd numbers on the West or North sides of a street.

(3) Street address numbers shall increase by eight hundred (800) each mile from Division Avenue or Fulton Street (two (2) digits for each thirteen and two tenths (13.2) feet on one side of a street).

(4) Street addresses located on curving streets shall be continuously and consecutively numbered from the lowest number through to the end.

(5) No street address shall contain more than four (4) numbers.

(6) Street address suffixes such as F(front), R(rear), S(side), H(half) or $\frac{1}{2}$ shall be used only where such identification is needed for public safety or for numbering consistency.

(7) One (1) street address, only, shall be assigned to each principal building located upon a parcel of property except that:

(a) Buildings legally subdivided into separate sub-parcels by condominium or similar legal separations may be provided with a separate street address for each such sub-parcel, to the extent possible while conforming to subsections (1) through (4) above.

(b) A building entrance serving only one (1) distinctive internal use or one (1) rental unit may be given a separate street address.

(c) Principal entries located on separate streets may have street addresses on each street provided there is no public internal connection between them.

(8) Rental sub-units within a building shall be identified by alphabetical and/or numerical unit numbers established by the owner, unless permitted to have a separate street address by subsection (7) above.

(Ord. No. 91-28, § 1, 6-4-91)

Sec. 4.28. Address Identification.

Street address identification of a building or its principal entry is deemed to be essential to the public safety and welfare. The owner of a principal building shall cause the street address to be placed thereon next to the entrance and in such other locations as to be in clear view of the street, as well as in such additional locations to be in clear view of any adjacent public alleyway used to provide public services. The street address numbers shall be well maintained, located at least twenty-four (24) inches above ground level, be at least three (3) inches in height or such larger size to be legible from the street or public alleyway and of contrasting color to the background to which they are attached. Any freestanding building identification sign shall also display the principal street address of the building. Upon observing a building not so identified:

(1) The City shall notify the owner of these requirements and request compliance within a reasonable period of time. Upon failure of the owner to comply with this request, the City shall order compliance within an additional reasonable period of time. Upon failure of the owner to comply with the order, the administrator of the Code shall either refer the matter to the City Attorney for prosecution or take other appropriate action that will arrange to so identify the building.

(2) An administrative fee of twenty dollars ($20.00) shall be paid by the owner for a reinspection to determine compliance with any order issued after the first notice of the requirements of this Article. The cost and fee shall be considered a personal debt of the owner to the City and may be placed as a lien upon the property until paid.

(Ord. No. 91-28, § 1, 6-4-91; Ord. No. 93-31, § 1, 7-13-93)

Secs. 4.29, 4.30. Reserved.

ARTICLE 6. DRAINS AND DRIVEWAY APPROACHES

Sec. 4.31. Definitions.

In the interpretation of this Article, the following definitions shall apply:

(1) The term "gutter" or "road ditch" shall be deemed to mean that part of the right-of-way which is shaped, crowned, sloped or graded for drainage purposes.

(2) The term "driveway culvert" shall be deemed to mean a drainpipe or other structure of concrete, masonry, metal, vitrified tile or other materials or combination thereof approved by the Public Service Director and used to convey or carry surface water across, under or through any driveway or road ditch and/or to connect two (2) or more sections of a gutter or road ditch.

(3) The term "driveway approach" shall mean any area in which, because of topography, elevation, position or location, it is necessary to enclose the gutter or road ditch in a driveway culvert in order to have a proper and suitable entrance to any property abutting on any public right-of-way.

Sec. 4.32. Permit Required.

It shall be unlawful for anyone to construct any driveway approach over, in or through any gutter or road ditch or to install or construct a driveway culvert through any road, street or public right-of-way without first having obtained a permit from the Public Service Director as hereinafter provided.

Sec. 4.33. Application.

Applications for permits shall be made to the Inspection Department and shall state the name of the applicant, the location of the platted property upon which any driveway approach or culvert is sought to be constructed and the size and type of construction needed. Upon approval by the Public Service Director, a permit shall be granted. Within thirty (30) days thereafter, the Public Service Director shall cause the driveway culvert to be installed in accordance with the terms of the permit.

Sec. 4.34. Fee.

A fee shall be charged for the issuance of the permit in such sum as the City Commission may require, by resolution.

Sec. 4.35. Obstructing Drain.

It shall be unlawful for anyone to retard or obstruct the flow of storm or surface water in or through any driveway culvert, gutter or road ditch in or through any road, street or public right-of-way.

Sec. 4.36. Notice to Remove Obstruction.

The owner of platted property in front of which there is an obstructed gutter or roadway ditch shall, within twenty (20) days after notification in writing from the Public Service Director, remove such obstruction or interference or apply for permit to cause a new driveway culvert to be installed so that the flow of the surface or storm water is not obstructed or retarded. If the owner does not reside or maintain a mailing address on the property, notice shall be posted in a conspicuous place on the property and shall be delivered by certified mail to the owner's last known address.

Sec. 4.37. Surety Required.

No permit shall be issued by the Inspection Department for any construction in or on any platted property, where there is no driveway approach, or a new driveway approach is deemed necessary because of the existing conditions, unless the applicant shall provide surety in such amount as is reasonably necessary, based upon the current construction costs, as established by the Public Service Director.

Cross references—Insurance and bonds generally, § 1.12; permits and bonds for work under this Chapter, § 4.3.

Sec. 4.38. Removal by City.

If the property owner does not remove the obstruction or apply for a permit as stated herein within twenty (20) days after notification, the City may do the necessary work, and the cost thereof shall be charged or assessed against the property in the same manner as provided by statute for a lien.

Secs. 4.39—4.46. Reserved.

ARTICLE 7. STREET POLE DECORATIONS

Sec. 4.47. Permit Required.

No person shall use any street lighting standard or any other pole or fixture within any street or public place for any decoration purpose without first obtaining a written permit from the Director. No permit shall be granted until the applicant shall post a cash deposit and file a liability insurance policy as required by Section 4.3.

Before any permit shall be issued, samples or drawings of any proposed decoration shall first be submitted to the Chief Engineer of the Street Lighting Division or one (1) of his or her designated assistants, and said Engineer or assistant shall approve the proposed decoration before a permit may be issued. If electricity is to be used in the proposed decorations, the application for the permit will so indicate.

Sec. 4.48. Wind Load.

No decoration shall be permitted which will create an unsafe wind load on the lighting standard or which, because of the material of the decoration, impose any damage or discoloration to the lighting standard or will in any manner scratch the lighting standard.

Sec. 4.49. Installation.

All decorations must be affixed, attached and installed in a workmanlike manner and shall conform to the decorations as approved by the Street Lighting Division. All decorations are subject to inspection by the Street Lighting Division and if upon inspection it is determined that the decorations do not conform to the decorations as approved or such decorations have been affixed, attached or installed in an unworkmanlike manner or for any reason should the decorations be considered as unsafe or harmful to the lighting standard, then such decorations may be removed summarily by the Street Lighting Division and the costs of removing same shall be borne by the person or business who authorized such installation.

Sec. 4.50. Electrical Installations.

All electrical installations shall be done so as not to overload the circuit, transformers or any other part of the City's street lighting system.

Secs. 4.51—4.60. Reserved.

ARTICLE 8. CORNER CLEARANCE

Sec. 4.61 Clearance Required.

It shall be unlawful for any person to keep, maintain, place, store, erect, plant or allow to grow any object, wall, sign, billboard, vehicle, bush, tree, shrubbery, fence (other than the chainlink type) or anything which might be hazardous or dangerous for vehicular or pedestrian traffic, any of which, separately or together, is more than thirty (30) inches in height above the level of the nearest public sidewalk, or the street if there is no sidewalk, and which is within twenty (20) feet of the nearest point of the intersection of any two (2) of the following: street, alley, roadway, railroad bridge, viaduct, overpass or driveway (public or private). Provided, however, that said twenty (20) feet shall be ten (10) feet whenever the point of intersection involves a driveway (public or private).

Sec. 4.62. Exceptions.

The following shall be considered excepted from the provisions of Section 4.61:

(1) Any wall, embankment or permanent structure existing lawfully prior to the passing of Ordinance 1485;

(2) Any permanent structure for which approval or permit has been obtained from the proper authorities;

(3) Any building or structure which is permitted, under Chapter 61 of this Code (Zoning) to be nearer the intersection than as provided herein; and,

(4) Any building or structure for which the Board of Zoning Appeals has granted a variance.

Sec. 4.63. Enforcement.

The Traffic Engineer or his or her duly authorized representative and any member of the Grand Rapids Police Department shall have the Authority to enforce Section 4.61 and order the owner, lessee, officer of a corporation and any person in charge of any property where there is a violation of any provision thereof, to correct any situation or condition. Failure to comply with such order shall constitute, in addition to the violation itself, a separate and distinct offense.

Secs. 4.64—4.67. Reserved.

ARTICLE 9. ADDITIONAL REGULATIONS

Sec. 4.68. Additional Regulations Authorized.

The City Manager may make additional regulations pertaining to openings and excavations in the streets, curb cuts, or street obstructions, which regulations shall be subject to the approval of the City Commission. No person shall fail to comply with any such regulations.

Sec. 4.69. Removal of Encroachment.

Encroachments and obstructions in the street may be removed and excavations refilled and the expense of such removal or refilling charged to the abutting landowner when made or permitted by him or her or suffered to remain by him or her, otherwise than in accordance with the terms and conditions of this Chapter. The procedure for collection of such expenses shall be prescribed in Article 1, Chapter 151 of the City Code.

Sec. 4.70. Temporary Street Closings.

The Director shall have authority to temporarily close any street, or portion thereof, when he or she shall deem such street to be unsafe or temporarily unsuitable for use for any reason. He or she shall cause suitable barriers and signs to be erected on said street, indicating that the same is closed to public travel. When any street or portion thereof shall have been closed to public travel, no person shall drive any vehicle upon or over said street except as the same may be necessary incidentally to any street repair or construction work being done in the area closed to public travel. No person shall move or interfere with any sign or barrier erected pursuant to this Section without authority from the Director.

Sec. 4.71. Louis Campau Promenade.

(1) The public street designated the Louis Campau Promenade is hereby reserved for the exclusive use of pedestrian traffic, except as otherwise provided in this Section. It shall be unlawful for anyone to operate or park a vehicle, except for motorized assistive devices for individuals with mobility impairments, upon the Promenade except as permitted in this Section.

(2) Operators of emergency vehicles responding to an emergency on or adjacent to the Promenade and City of Grand Rapids employees operating City-owned vehicles on official business on or adjacent to the Promenade may operate and park such vehicles upon the Promenade as necessary.

(3) Deliveries to, and maintenance operations at, buildings abutting the Promenade which require that a vehicle be operated upon the Promenade may only be made before 10:00 a.m. or after 10:00 p.m., unless special permission is obtained from the Traffic Safety Director.

(4) The City Engineer may grant written permission to operate and park on the Promenade vehicles which will be directly involved in construction activities immediately adjacent to the Promenade but only to the extent that he or she determines that such use of the Promenade is necessary to the proper conduct of such construction activities. Such a permit shall be in addition

to, and not in lieu of, any other permits which may be required by the City for the use of public right-of-way during construction activities.
(Ord. No. 83-26, 4-26-83; Ord. No. 95-4, § 1, 2-7-95)

ARTICLE 10. VACATING RIGHTS-OF-WAY*

Sec. 4.72. Definitions.

(1) For the purposes of this article, the following words and phrases shall have the meanings respectively ascribed to them by this section unless the context in which they are used specifically indicates otherwise:

Encroachment means an intrusion or invasion by any building, fence, pipe, pole, wire, wall or other structure or object in, on, under or over any portion of any right-of-way.

Major vacation means the vacation of the entire width or significant portion of any developed right-of-way so that it is no longer reasonably usable for public vehicular or pedestrian travel and any vacation where any portion of the part to be vacated lies within twenty-five (25) meters of a lake or the general course of a stream.

Minor vacation means the vacation of a platted, dedicated or otherwise designated but undeveloped right-of-way or the vacation of a portion of the width of a developed public right-of-way leaving the remainder in a condition that it is still reasonably usable by the public for vehicular or pedestrian travel.

Reasonably usable means the right-of-way provides for unimpeded passage with height clearance of at least 15 feet and complies with all other minimum clearance, setback, and build-to lines as prescribed by the City Zoning Ordinance.

Right-of-way means any strip of land within the City platted, dedicated or otherwise designated for vehicular or pedestrian travel by the public and any strip of publicly-owned land within the City designated on official City documents and actually used by the public for pedestrian or vehicular travel, including, without limitation, streets, roads, alleys, boulevards, sidewalks, bicycle lanes, curb-lawns and lawn extensions.

Vacate means to abandon, discontinue, surrender and relinquish the public rights in and the public ownership, use, maintenance and control of any right-of-way.

Vacation means the abandonment, discontinuance, surrender and relinquishment of the public rights in and the public ownership, use, maintenance and control of any right-of-way.

(2) Whenever a City official is designated in this article by reference to the officer's title, it shall include that official, any designee of that official, and that official's successor or staff member assuming that official's duties in the event of absence, vacancy, or reorganization.
(Ord. No. 2015-74, § 1, 12-15-15)

Sec. 4.73. City Commission Action Required; Encroachment Agreement.

(1) Except as otherwise provided by applicable state law, the vacation of any portion of any right-of-way in the City may only occur by action of the City Commission in accordance with this article and with the concurrence of the Kent County Circuit Court.

(2) However, the City Commission may approve license agreements allowing non-permanent encroachments upon rights-of-way in the City. Among any other terms imposed by the City Commission, such agreements shall be only three (3) years in duration in accordance with the requirements of the City Charter, though they may be renewable, and shall provide that any encroachment be completely removed upon the expiration, non-renewal or other termination of the agreement. Such agreements shall also be recorded with the Kent County Register of Deeds against the property from which the encroachment extends and shall constitute a lien against that property unless and until the encroachment is removed. The City Engineer shall prepare and

*__Editor's note—__Ord. No. 2015-74, § 1, adopted December 15, 2015, amended the Code by adding provisions designated as §§ 4.81—4.88. Inasmuch as there were already provisions so designated, the provisions have been redesignated as §§ 4.72—4.79, at the discretion of the editor.

propose for the City Commission's approval, guidelines to be applied in considering requests for encroachment agreements and requirements to be included in encroachment agreements.

(3) The City Engineer may approve a licensing agreement for encroachment to be in effect during the pendency of a circuit court action for vacation of a right-of-way that has received City Commission approval.

(4) The City Engineer may approve temporary encroachment agreements allowing the installation of temporary foundation support systems in rights-of-way provided these systems are decommissioned no later than the earlier of completion of construction or within three (3) years. After decommissioning, such temporary construction components may be abandoned in place in accordance with the terms of the agreement, the form of which and fees for which shall be approved from time to time by resolution of the City Commission.

(5) Any other provision of this chapter notwithstanding, the City Engineer, in consultation with other City staff the City Engineer deems appropriate, may review and approve encroachments for City special events where the encroachment will be for six (6) or fewer weeks. (Ord. No. 2015-74, § 1, 12-15-15)

Sec. 4.74. Request for Vacation.

(1) The consideration of the vacation of all or any portion of a right-of-way may be initiated by any person owning property abutting the portion of the right-of-way proposed for vacation or by the City Manager or City Engineer.

(2) A property owner may initiate consideration of the proposed vacation by filing a formal written request for the proposed vacation with the City Engineer. That written request, in addition to any other information or items reasonably required by the City Engineer, shall include at least the following:

(a) The requesting property owner's name, address, telephone number(s), and e-mail address.

(b) The legal description of the portion of the right-of-way proposed for vacation, which shall, if requested by the City Engineer, be supported by a survey.

(c) The address, permanent parcel number and legal description of the property owner's property that abuts the portion of right-of-way proposed for vacation.

(d) An explanation of the reasons for proposing the vacation.

(e) A promise to undertake and complete the required Circuit Court action to complete the proposed vacation, if it is approved by the City Commission, and to escrow with the City Treasurer an amount the City Attorney deems necessary to undertake and complete the required Circuit Court action.

(f) The signature of the property owner below a statement attesting the information in the request to be true, accurate and complete.

(g) (i) A sealed drawing showing the area proposed for vacation which shall include existing property lines and dimensions where extensions into the public right-of-way are requested, including existing structures, landscaping, outdoor seating, and requisite appurtenances, and (ii) a map illustrating the property owned by the property owner, and all affected property as defined below.

(h) A list of addresses and permanent parcel numbers of all affected property:

(i) For a major vacation, the list must include all parcels lying within three hundred (300) feet of any part of the portion of right-of-way proposed for vacation.

(ii) For a minor vacation, the list must include all parcels abutting any part of the portion of right-of-way proposed for vacation and any parcels the access to any portion of which may be affected by the proposed vacation.

(iii) For any vacation, the list must include the owners of any non-City utility lines or facilities within the right-of-way proposed for vacation.

(i) A fee to process the request in an amount established from time-to-time by City Commission resolution.

(Ord. No. 2015-74, § 1, 12-15-15)

Sec. 4.75. Staff Review and Recommendation.

(1) Within seven (7) days after receiving a request for vacation or encroachment completed as required by Section 4.83, the City Engineer shall send a copy of the request and supporting documents to the Planning Director, City Attorney, Enterprise Services Managing Director, Fire Chief, Police Chief, and any other City staff the City Engineer believes should review the request given the location and features of the area around the requested vacation or encroachment. Those receiving copies, in addition to the City Engineer, shall review and make a recommendation regarding the request for vacation or encroachment in accordance with this Section.

(2) The City Engineer shall also send a copy of the request to the owners of any utilities or easements in the portion of right-of-way proposed for vacation or access to which utilities may be affected by the proposed vacation or encroachment with a letter providing twenty-one (21) days for comment on the proposed vacation or encroachment.

(3) The following criteria shall be used in reviewing and making a recommendation regarding the request for vacation and any action on a request for an encroachment agreement under Subsection 4.82(2).

(a) After considering any proposed improvements, will the proposed vacation inhibit or impede safe and efficient access to any parcel, building or structure by emergency personnel or equipment, by residents, employees or patrons, including those with mobility limitations, by vendors or suppliers serving building occupants, or by others needing access to the parcel or premises?

(b) After considering any proposed improvements, will the proposed vacation inhibit or impede safe and efficient travel of vehicles or pedestrians using the right-of-way?

(c) After considering any proposed improvements or retained easements addressing them, will the proposed vacation inhibit or impede access to, maintenance on, or replacement of, any existing or reasonably foreseeable above or underground infrastructure, utility lines, facilities, or appurtenances within the portion of right-of-way proposed for vacation?

(d) Is the proposed vacation reasonably needed to use or continue to use an existing building or structure in a financially viable way?

(e) Will the proposed vacation allow for desired renovation, improvement, change in use, or other economic development objective on the property owned by the property owner requesting the vacation?

(f) Will the proposed vacation adversely affect other parcels, area residents or occupants, or the general public?

(g) What, if any, other impacts, effects, benefits, and disadvantages will result from the proposed vacation? Can they be addressed to minimize or preclude adverse effects of the proposed vacation?

(h) What, if any, precedent will be set by the proposed vacation that may be applicable to other sites in the City?

(i) Is a variance needed for the encroachment due to setbacks?

(4) Within twenty-one (21) days after receiving the request for vacation or encroachment, each City official getting a copy of the request for vacation shall address the criteria in Subsection (2) in a written response to the City Engineer which includes that official's recommendation to approve, approve with conditions, or deny the proposed right-of-way vacation.

(5) Within fourteen (14) days after receiving the written reviews and recommendations of the other City officials and from the owner of any affected utility, the City Engineer shall make a written report and recommendation to the City Commission along with a proposed resolution to approve the proposed vacation, deny the proposed vacation, or approve vacating a portion of the right-of-way that is less than that proposed, and, if appropriate, to add conditions to any approval to address the interests of the general public, affected utilities, or affected property owners, residents or occupants. A resolution approving a vacation of all or any portion of a right-of-way may also preserve easements for existing or future infrastructure, utility lines, poles and appurtenances.
(Ord. No. 2015-74, § 1, 12-15-15)

Sec. 4.76. City Commission Action.

(1) The City Commission, by resolution, may approve the proposed vacation, deny the proposed vacation, or approve vacating a portion of the right-of-way that is less than that proposed, and may add conditions to any approval to address the interests of the general public, affected utilities, or affected property owners, residents or occupants. A resolution approving a vacation of all or any portion of a right-of-way may also preserve easements for existing or future infrastructure, utility lines, poles and appurtenances.

(2) Unless otherwise waived by the City Commission for good cause stated in the resolution, a resolution approving a vacation shall require that the requesting property owner bear the costs of initiating and completing the required Circuit Court lawsuit to confirm the vacation and, in the case of a major vacation, to undertake and complete any required plat amendment. The resolution shall further specify (i) whether the City's legal counsel (either the City Attorney or special legal counsel) will undertake and complete the Circuit Court action or whether the requesting party's legal counsel will do so, (ii) who will be performing any surveying and other work related to any required plat amendment, (iii) the estimated costs to be incurred by the City or the party requesting the vacation to undertake and complete the Circuit Court action and any required plat amendment, and (iv) the amount required to be escrowed with the City pursuant to an escrow agreement in a form and substance acceptable to the City Attorney to ensure the Circuit Court action and any required plat amendment are properly undertaken and completed.

(3) If the City Commission's action is to approve the vacation of a street, title to that portion of the land vacated by the City Commission's resolution shall vest in the abutting property owners by operation of law. If the City owns the right-of-way in fee, unless otherwise so determined by the City Commission, the party requesting the vacation shall pay to the City the fair market value of the area that is vacated and the City shall provide a quit claim deed for such property. The fair market value shall be established by an appraisal or by an estimate prepared by the City Assessor or the City's right-of-way agent.

(4) A certified copy of the resolution shall be recorded with the Kent County Register of Deeds and a copy shall also be sent to the Michigan Department of Licensing and Regulatory Affairs, or its successor agency.
(Ord. No. 2015-74, § 1, 12-15-15)

Sec. 4.77. Circuit Court Action.

If the City Commission approves a vacation, an action shall be initiated in the Kent County Circuit Court and the following requirements shall apply:

(1) For a major vacation, proceedings shall be initiated and completed in the Kent County Circuit Court in accordance with the requirements of the Land Division Act, 1967 PA 288, as amended, for amending or revising a plat, MCL 560.221 et seq.

(2) For a minor vacation, (i) anyone having an interest in any parcel abutting any part of the portion of right-of-way proposed for vacation and any parcels the access to any portion of which may be affected by the proposed vacation, (ii) the owners of any non-City utility lines or facilities within the right-of-way proposed for vacation, and (iii), unless the City is initiat-

ing the Circuit Court action, the City shall be joined as parties defendant. Unless specifically required by applicable state law, no plat amendment shall be required. The Circuit Court shall confirm the proposed vacation as approved by the City Commission unless a party to the proceedings objects and the objection is for a reason that is not adequately addressed by a requirement or condition provided in the City Commission resolution approving the vacation.

(Ord. No. 2015-74, § 1, 12-15-15)

Sec. 4.78. Vesting of Title.

(1) For a major vacation, title shall vest as provided in Section 227a of the Land Division Act, MCL 560.227a.

(2) For a minor vacation, title shall vest as follows:

(a) Title to a right-of-way the full width of which is vacated by the court's judgment shall vest in the rightful owners of the lots, within the subdivision covered by the plat, abutting the right-of-way.

(b) If the lots abutting the vacated right-of-way on both sides belong to the same owner, title to the vacated right-of-way shall vest in that owner. If the lots on opposite sides of the vacated right-of-way belong to different owners, title up to the center line of the vacated right-of-way shall vest in the respective owners of the abutting lots on each side.

(c) If only part of the width of a street or alley, not extending beyond the center line, is vacated, title to the vacated part of the street or alley shall vest in the owner of the lots abutting the same.

(3) When title to any part of a vacated right-of-way vests in an abutting owner, any future legal description of the abutting lot or lots shall include that part of the vacated right-of-way.

(Ord. No. 2015-74, § 1, 12-15-15)

Sec. 4.79. Compliance with City Code of Ordinances and State Law.

Nothing within this article, or within any approval or agreement issued by the City, shall relieve a person of the duties and obligations imposed under other applicable provisions of the City's Code of Ordinances or State Law. To the extent of any conflict between any provision of this article and any provision of State Law, the provision of State Law shall control.

(Ord. No. 2015-74, § 1, 12-15-15)

ARTICLE 1. IN GENERAL

Sec. 4.81. Definitions, Sidewalk Builders' Licenses, Revocation and Penalties.

(1) *Definitions.* In interpreting the provisions of this Chapter, the following definitions shall apply:

(a) "*Director*" shall mean the Director of Public Service or his or her authorized representative. The City Engineer is hereby designated as the Director's authorized representative.

(b) "*Engineer*" shall mean the City Engineer or his or her duly authorized representative.

(c) "*Sidewalk*" shall mean that portion of the street right-of-way designated for pedestrian travel.

(d) "*Areaway*" shall mean an extended basement of a building within the street right-of-way.

(e) "*Areaway Sidewalk*" shall mean a sidewalk constructed over an areaway.

(f) "*Driveway Approach*" shall mean that portion of a driveway which lies within the public right-of-way and extends from the inner edge of the sidewalk to the street pavement or edge of a graded roadway.

(g) "*Parkway*" shall mean the area between the sidewalk and the street curb line.

(h) "*Retaining Wall*" shall mean a wall built on the outer edge of the sidewalk line for the purpose of confining earth.

(i) "*Improvements*" shall mean sidewalks, driveway approaches, retaining walls and areaways located within public rights-of-way.

(2) *Sidewalk Builder's License Required.* No person shall build, rebuild or repair sidewalks, driveway approaches, retaining walls, curbs, curbs and gutters or areaways in the street right-of-way without first obtaining a Sidewalk Builder's License. An application for such license shall be filed with the City Engineer and shall set forth the full name of the applicant, residence, and number of years experience in concrete construction work. Prior to the issuance of a license by the City Engineer, the applicant shall meet all of the following requirements.

(a) *Examination Required.* Each applicant shall pass a written examination, prepared and administered by the City Engineer, testing the applicant's qualifications and knowledge of sidewalk and driveway approach construction work.

(b) *Payment of Annual License Fee Required.* Each applicant shall remit payment of the annual license fee.

(i) Setting of Fees. The amount of the Sidewalk Builder's License Fee shall be established from time to time by resolution of the City Commission. Such fees are to become effective for the subsequent year beginning January 1.

(ii) First Issuance and Renewal Fees Distinguished. There shall be three (3) fees established for the Sidewalk Builder's License.

(1) A first issuance fee shall be charged when an applicant for a license does not have an existing valid and current license. This shall include, but not be limited to, first-time applicants or applicants whose license has expired without being properly renewed.

(2) A renewal fee shall be charged to those applicants who have an existing valid and current license and file a renewal application prior to the expiration of such valid and current license on or before December 31 of the current license year.

(3) A grace period renewal fee shall be charged for those applicants who file a renewal application on or after January 1 and prior to February 1 of each year. Applicants making renewal during this renewal period shall

pay one hundred twenty-five (125) percent of the established renewal fee for the license. Licenses not renewed during the January renewal grace period shall be deemed expired. Applications to renew filed on or after February 1 shall be assessed a fee equal to a first issuance fee.

(c) *Bond Required.* Each applicant shall furnish to the City Engineer a surety bond in the amount of Ten Thousand Dollars ($10,000.00). Such bond shall provide that the licensee shall fully perform and comply with the Grand Rapids Standard Construction Specifications, Sidewalk Rules and Regulations and provisions of the City Code with regard to the construction of sidewalks, driveway approaches, retaining walls, curbs, curbs and gutters and areaways; and shall promptly repair, replace, restore, or rebuild any finished work in which defects of materials or workmanship may appear or to which damage may occur because of such defects during the one-year period subsequent to the date of final inspection of such work, and shall comply in every respect with the provisions of Section 1.12.

(d) *Insurance Required.* Each applicant shall acquire the following insurance coverage, and shall continuously maintain such coverage during the period in which the Contractor is performing services. Each applicant shall provide the City with acceptable proof of the following types and amounts of insurance coverage:

(i) Workers Compensation Insurance as required by Michigan Statute.

(ii) Comprehensive General Liability Insurance on an "Occurrence Basis" with limits of liability not less than $1,000,000 per occurrence and/or aggregate combined single limit, Personal Injury, Bodily Injury, and Property Damage.

(iii) Comprehensive Owned and Non-Owned Automobile Liability Insurance with limits of liability not less than $1,000,000 per occurrence combined single limit, Bodily Injury and Property Damage. Coverage shall include all owned vehicles, all non-owned vehicles, and all hired vehicles.

(iv) The City of Grand Rapids shall be named as an additional insured by endorsement to the Comprehensive General Liability policy.

(v) Certificates of insurance evidencing that the Contractor has secured all of the foregoing insurance must be provided to the City. A minimum of thirty (30) days notice to the City prior to the cancellation of, or change in, any such insurance shall be endorsed on each policy and noted on each certificate.

(vi) Such insurance shall comply with the provisions of Section 1.12.

(e) *License Expiration.* Sidewalk Builder's Licenses issued under this Chapter shall be subject to annual renewal, and shall expire on the 31st day of December of each year. Notwithstanding any other provision of this Article, any Sidewalk Builder's License issued in the year 2007 shall expire on December 31, 2007. The fee for such Sidewalk Builder's License issued in 2007 shall be established on a pro-rated basis from May to December 2007.

(3) *Revocation of License.* The City Manager or his or her designee shall have the power to revoke any license issued hereunder upon the satisfactory proof that the licensee has:

(a) Violated any of the provisions of this Chapter, or

(b) Violated any of the provisions of the Grand Rapids Standard Construction Specifications or Sidewalk Rules and Regulations.

Should a license holder wish to appeal the City Manager's action, he or she may request in writing to the City Engineer, a hearing by the City

Commission's Community Development Committee to be held within fourteen (14) days of receipt of said request. The license holder shall be given written notice of the reasons for the license revocation, and the date, time and place of such hearing, at least seven (7) days prior to the hearing. At the hearing, the Committee shall consider the written and/or oral presentations by both the license holder and the City Manager and within ten (10) days thereafter, either confirm the original license revocation or reinstate said license.

(4) *Violations and Penalty.*

(a) Any person who shall build, rebuild or repair any sidewalk, driveway approach, retaining wall, curb, curb and gutter or areaway without first obtaining a license shall be guilty of a violation of this Chapter.

(b) Penalty for violations shall be as provided in Chapter 1, Section 1.13.

(c) In addition to any fine and/or imprisonment, any person convicted of a violation of this Chapter shall be required to make restitution to the property owner in a manner as shall be satisfactory to the Director.

(Ord. No. 70-52, 7-28-70; Ord. No. 84-63, § 1, 9-11-84; Ord. No. 97-59, § 1, 12-2-97; Ord. No. 2007-20, §§ 1, 2, 3-27-07)

Sec. 4.82. Permits and Specifications.

(1) No permit to build, rebuild or repair any sidewalk, driveway approach, retaining wall, curb, curb and gutter or areaway in the street right-of-way shall be issued to any person except a licensed Sidewalk Builder.

(2) Before starting any work in the street right-of-way, the Sidewalk Builder shall take out a permit. Application for such permit shall:

(a) Be accompanied by the permit fee as specified in the City Code or in the Sidewalk Rules and Regulations Permit Fee Schedule.

(b) Be accompanied by a plan or sketch showing that the existing ground surfaces adjacent to and within limits of the public right-of-way shall be graded and/or excavated to conform to the established sidewalk grade on completion of the construction pursuant to the permit. Said plan or sketch shall show that a sloping grade beginning at the established sidewalk grade and sloping toward the curb or proposed curb line shall be maintained in order that surface waters shall run toward the street gutter or drainage ditch. The Engineer shall furnish line and grade stakes as may be necessary for proper location of the established sidewalk grade. The necessity for said plan or sketch may be waived by the Engineer.

(c) No Building Permit for the construction or alteration of any building or structure shall be issued by the Inspection Services Department until the property owner has filed said plan or sketch.

(3) All construction work in the public right-of-way requires a permit unless such work is covered by a City contract.

(4) If any job or construction covered by this Chapter is started before a permit is obtained, an amount equivalent to Two Hundred (200) percent of the fee shall be paid before a permit is issued.

(5) Permits shall be effective for a period of sixty (60) days. If the work is not completed within this time, the permit shall be null and void. Refunds or credits of permit fees will not be allowed.

(6) Every sidewalk, driveway approach, curb, curb and gutter or areaway shall be built, rebuilt or repaired in accordance with the Grand Rapids Standard Construction Specifications and Sidewalk Rules and Regulations as approved by the City Commission.

(7) A copy of the Sidewalk Rules and Regulations will be furnished to each licensee. Additional copies are available at One Dollar ($1.00) each. The Director is hereby authorized and directed to make and promulgate all necessary rules, regulations, plans and specifications for carrying

out the design of this Chapter and to direct the proper construction of such work. Any neglect or refusal on the part of any person so building such structures to conform with such rules and regulations shall be deemed in violation of this Chapter and subject to the penalties provided.

(8) *Line and Grade Stakes.* After a permit is issued, the Engineer shall, upon request of the Sidewalk Builder, furnish line and grade stakes as may be necessary for proper control of the work; but this shall not relieve the contractor of the responsibility of making careful and accurate measurements in constructing the work to the lines furnished by the Engineer. Stakes will normally be set within forty-eight (48) hours. When it is necessary to replace stakes disturbed or destroyed without fault of the City or its employees, a charge of Ten Dollars ($10.00) per stake shall be paid.

(9) *Valve Boxes and Cleanouts.* When valve boxes, sewer cleanouts, hand-hole covers, gas valves, hydrants or other utility installations occur in sidewalks or driveway approaches, proper allowances must be made for these structures. Metal castings or frames shall be adjusted to the finished grade of the sidewalk surface. Concrete shall be kept far enough away from the covers so that they can easily be removed and replaced after the concrete has set. When a box is not perpendicular to the slab surface, the major portion of the box cover shall be set below the surface. When larger openings exist leading to underground chambers, the covers for these shall be set about one-half (½) inch higher than the average for drainage. In case of frames larger than six (6) inches across, standard sidewalk expansion joint material shall be placed on two (2) adjacent sides of square or rectangular frames and completely around circular frames. This material may be one-quarter (¼) inch thick, but not over one-half (½) inch thick.

(10) *Areaway Sidewalk.* No person shall build any areaway or areaway sidewalk in any public right-of-way in the City until plans for same have been approved by the Engineer and permission has been granted by the City Commission.

(a) Areaway walks must be constructed in accordance with the specifications for reinforced concrete sidewalks in the Grand Rapids Standard Construction Specifications and in the Sidewalk Rules and Regulations.

(b) When an areaway is to be abandoned or the adjacent building demolished, the sidewalk shall be removed, the areaway backfilled and a new sidewalk constructed according to the Grand Rapids Standard Construction Specifications.

(11) The City Manager or his or her designee shall establish the Sidewalk Rules and Regulations to carry out the purpose of this Chapter.
(Ord. No. 70-52, 7-28-70; Ord. No. 84-63, § 2, 9-11-84; Ord. No. 2016-80, § 1, 11-15-16)

Cross reference—Sidewalk builder's permit fee, § 7.48(52).

Sec. 4.83. Permit Suspension or Revocation.

The Director may suspend or revoke any permit issued pursuant to this Chapter for failure to comply with the terms of this Chapter, the Grand Rapids Standard Construction Specifications or the Sidewalk Rules and Regulations. The Director may suspend or revoke such permit and order any work thereunder to cease by serving notice of such action and the reasons therefor.
(Ord. No. 70-52, 7-28-70; Ord. No. 84-63, § 3, 9-11-84)

Sec. 4.84. Responsibility for Driveway Approaches, Retaining Walls and Areaways.

All driveway approaches, retaining walls and areaways, hereinafter called improvements, within the City shall be maintained by the owner of land adjacent to or abutting upon the improvement. This maintenance shall include building, rebuilding and removing all obstacles, including snow and ice as required by Section 4.89.
(Ord. No. 70-52, 7-28-70; Ord. No. 84-63, § 4, 9-11-84; Ord. No. 97-59, § 2, 12-2-97; Ord. No. 2014-30, § 1, 6-3-14)

Sec. 4.85. Driveway Approaches, Retaining Walls and Areaways Not in Good Repair.

The City Engineer is hereby authorized and directed to order any person who owns property

abutting to any driveway approach, retaining wall or areaway that is not in good repair, to build, rebuild or repair such improvements in accordance with the Grand Rapids Standard Construction Specifications as applicable. As used in this section, property owner means the owner of land upon which there is a driveway approach, retaining wall or areaway or the owner of the property abutting or adjacent to any of these improvements.

(1) *Service of Notice to Repair.* The City Engineer shall serve a Notice to Repair on any property owner by first-class mail to the property owner's address. The City Engineer's responsibility for communicating to the property owner is limited to notifying the taxpayer of record in the City Assessor's Office at the time of the first Notice to Repair.

(2) *Content of Notice to Repair.* The Notice to Repair will specify the location of the improvements, detail the work or repair required and specify that such work must be completed within sixty (60) days after service of such notice, unless otherwise specified on the Notice to Repair. The Notice to Repair shall also set forth an appeal process whereby the property owner may contest the Notice to Repair requirements.

(3) *Appeals.* Any property owner, upon service of a Notice to Repair, may file an appeal of said notice if requested within fourteen (14) days after the date of the Notice to Repair. The property owner will then be contacted and given at least seven (7) days' notice of the date, time and place of an administrative hearing to hear the property owner's appeal. The administrative hearings officer may uphold the orders, modify the orders, invalidate the orders or make such other determinations or judgments. The determination of the administrative hearings officer shall be final.

(4) *Failure to Comply.* If the property owner fails to comply with the Notice to Repair within 60 days of the time specified on the Notice, or file a timely appeal under Section 4.85(3), the City Engineer may cause the improvements to be repaired or rebuilt and will assess the expense of such work to the property owner in the manner set forth in Compiler's Paragraph 208 of the City Charter.

(5) *Emergency Clause.* Whenever the City Engineer determines that any improvement is in such a damaged or deteriorated condition so as to be an immediate danger to the health, safety and welfare of the public, the City Engineer may cause such improvement to be temporarily repaired, repaired, or rebuilt by the City without notice or hearing and may assess the expense of such work to the property owner in the manner set forth in the City Charter, Title X, Paragraph 208.

(Ord. No. 70-52, 7-28-70; Ord. No. 84-63, § 5, 9-11-84; Ord. No. 97-59, § 3, 12-2-97; Ord. No. 99-57, § 1, 11-2-99; Ord. No. 2014-30, § 2, 6-3-14)

Sec. 4.86. Sidewalks Necessary.

In any street where concrete sidewalks, surfaced driveway approaches or retaining walls do not exist, and in the judgement of the Director, such sidewalks, driveway approaches or retaining walls are a public necessity, the City Commission may order the abutting property owners to install such structures, as required.
(Ord. No. 70-52, 7-28-70; Ord. No. 84-63, § 6, 9-11-84)

Sec. 4.87. Reserved.

Editor's note—Ord. No. 2016-80, § 2, adopted November 15, 2016, repealed § 4.87, which pertained to Storm Water. See Code Comparative Table for complete derivation.

Sec. 4.88. Vehicles on Walk.

(1) No person shall drive any vehicle over or upon any sidewalk, curb or parkway within the City except by normal routes of passage, without having first thoroughly protected the sidewalk, curb, parkway, trees and/or curb boxes from damage.

(2) Responsibility for any vehicular damage shall be that of the owner of such vehicle.

(3) If any snowplower defaces, breaks, destroys or otherwise damages any sidewalk, driveway approach, curb or retaining walls, he or she shall be held responsible for replacement or repair of such damaged structure.
(Ord. No. 70-52, 7-28-70)

Sec. 4.89. Sidewalks to Be Cleared.

(1) The occupant or occupants of every property within the City, or the owner or owners of the property, shall clear any accumulation of ice or snow from the public sidewalks adjoining such property within twenty-four (24) hours of the accumulation or placement of snow or ice on said sidewalks.

(2) If the occupant or occupants or the owner or owners fail to remove said ice and snow from said sidewalks within forty-eight (48) hours of being notified by the City of such violation, the City may cause such ice and snow to be removed.

(3) In any action to enforce the provisions of subsection (2) of this Section, the City shall be required to show that the occupant or occupants, or owner of owners, were given notice of the requirement of this Section by any one (1) of the following means: in person, by telephone, by mail, or by written notice left at the property. If notice is by mail it shall be deemed received two (2) mail delivery days after deposit in the United States Mail.

(4) If the City shall cause the removal of any snow and/or ice pursuant to the provisions of subsection (2) of this Section, the cost of such removal plus an administrative fee shall be assessed against the occupant(s) or owner(s) of the property. Such administrative fee shall be established from time to time by resolution of the City Commission. The cost of snow and/or ice removal shall be determined based upon the bids received for said removal by the City. All costs and fees assessed pursuant to this subsection shall be a personal debt owed to the City by the occupant(s) or owner(s) of the property and may be assessed as a lien against the property until paid.
(Ord. No. 79-79, 11-27-79; Ord. No. 85-80, § 1, 12-17-85; Ord. No. 2005-62, § 1, 8-9-05; Ord. No. 2016-80, § 3, 11-15-16)

Sec. 4.90. Reserved.

Editor's note—Ord. No. 2014-30, § 3, adopted June 3, 2014, repealed § 4.90, which pertained to inspection of sidewalks, driveway approaches and areaways at time of sale or transfer of abutting or adjacent property; issuance of certificate and derived from Ord. No. 97-59, § 4, 12-2-97; Ord. No. 2003-01, § 1, 1-7-03.

ARTICLE 2. SNOWPLOW OPERATORS*

Sec. 4.91. License Required.

No person shall operate any vehicle or cause any vehicle to be operated within, over or upon any street, sidewalk, highway or right-of-way of the City of Grand Rapids for the purpose of plowing, moving or removing any snow or ice without having first obtained a license as herein provided. No license, however, shall be required for any snowplow operated solely in or upon property owned solely by the person, firm or corporation doing the plowing or upon the right-of-way immediately adjacent thereto.
(Ord. No. 82-21, 5-4-82; Ord. No. 2011-40, § 1, 9-27-11)

Cross reference—Snowplow services license fee, § 7.48(54).

Sec. 4.92. Application and Insurance.

Any person desiring a license as required by Section 4.91 shall file an application with the City Clerk on a form prescribed or provided by the Clerk. Each applicant shall file with the application one (1) or more certificates of insurance for public liability and property damage co-insuring the applicant and the City of Grand Rapids in amounts to be established by the City Commission by resolution. The insurance shall be approved as to form by the City Attorney.
(Ord. No. 82-21, 5-4-82)

Sec. 4.93. Investigation and Issuance.

The City Clerk may conduct such an investigation as he or she deems necessary to determine the ability and fitness of the applicant to serve the public in a fair, honest, safe and competent

*__Cross reference—__Damage to sidewalk, driveway approach, curb or retaining wall by snowplow operator, § 4.88(3).

manner and to comply with the requirements of this Code and the rules and regulations promulgated pursuant hereto.

Upon a determination that the applicant is fit and able to serve the public as required herein, a license shall be issued upon payment of the fee provided for in Chapter 92. A separate tag, insignia, license, or number shall be issued for each vehicle operated by a licensee.
(Ord. No. 82-21, 5-4-82)

Sec. 4.94. Vehicle Identification Requirements.

Any snowplowing vehicle licensed pursuant to the provisions of this Article shall be identified as follows:

(1) The name of the licensee shall be plainly displayed on both sides of the vehicle in a place and color clearly visible in figures of at least three (3) inches in height; and

(2) The tag, insignia, license plate or number issued by the City Clerk shall be prominently displayed on the vehicle in a place that can be readily seen and read at all times when the vehicle is being used for snowplowing.
(Ord. No. 82-21, 5-4-82)

Sec. 4.95. Operation.

A licensed snowplow operator may operate a snowplow over any public sidewalk for purposes of snowplowing or reaching a segment of public sidewalk for which a person, firm or corporation has requested snowplowing.
(Ord. No. 82-21, 5-4-82)

Sec. 4.96. Damage to Property.

All snowplow operators shall be responsible for repairing any damage to the public right-of-way as a result of snowplowing operations. If a snowplow operator shall fail to make repairs sufficient to place the property in the same condition as it existed prior to the damage, the City may cause the same to be repaired and the cost thereof shall become a debt to the City for the snowplow operator, and shall be collected as any other debt to the City.
(Ord. No. 82-21, 5-4-82)

Sec. 4.97. Grounds for Denial, Suspension or Revocation.

In addition to the grounds set forth elsewhere in this Code, any of the following shall be grounds for denial of a license or for suspension or revocation of a license once issued:

(1) Any violation of a provision of this Article or any of the rules or regulations promulgated pursuant to the authority granted by this Article.

(2) Failure to repair damage to either public or private property resulting from snowplow operations or the use of equipment involved in snowplow operations.
(Ord. No. 82-21, 5-4-82)

Sec. 4.98. Snowplow Rules and Regulations.

The City Manager may establish rules and regulations, subject to the approval of the City Commission, establishing equipment requirements and operational limitation for licensed snowplowing vehicles and licensees. All such rules and regulations shall be furnished to each licensee and shall be available for inspection and copying at the City Clerk's Office. The rules and regulations established by the City Manager and approved by the City Commission shall have the force and effect of law.
(Ord. No. 82-21, 5-4-82)

Sec. 4.99. Snow Removal.

All persons removing snow from private property, whether by use of a shovel, snowblower, or any other method, shall comply with the following regulations:

(1) Snow shall not be deposited and spread into sidewalks, alleys or streets.

(2) Snow shall not be deposited so as to obstruct fire hydrants or mailboxes.

(3) Snow shall not be deposited so as to create any visual obstruction which would impair the safe use of sidewalks, alleys or streets.

Any person failing to comply with these regulations shall be guilty of a violation of this Code.
(Ord. No. 86-9, § 1, 2-18-86)

Sec. 4.100. Violations; Enforcement.

Violation of any provision of this Chapter 52 or of the Rules and Regulations promulgated hereunder, shall constitute a Municipal Civil Infraction as provided for in Chapter 170 of this Code.
(Ord. No. 2011-40, § 2, 9-27-11)

Sec. 4.101. Definitions.

(1) *Person* includes an individual, corporation, partnership, unincorporated association or any other legal entity.
(Ord. No. 2011-40, § 3, 9-27-11)

Sec. 4.208. Noise Ordinance Suspended.
Sec. 4.209. Fees.
Sec. 4.210. Chapter to Control, Penalties.
Secs. 4.211—4.230. Reserved.

*__Editor's note—__Ord. No. 2014-56, § 1, adopted July 22, 2014, amended chapter 53 in its entirety to read as herein set out. Former chapter 53, §§ 4.201—4.207, pertained to similar subject matter, and derived from Ord. No. 85-32, § 1, 5-14-85; Ord. No. 2005-44, § 1, 6-28-05; Ord. No. 2009-40, § 1, 8-11-09.

__Cross references—__Special event license, § 7.262; noise control, § 9.61 et seq.

Sec. 4.201. Title.

This Chapter shall be known as the "Special Events Ordinance" of the City of Grand Rapids.
(Ord. No. 2014-56, § 1, 7-22-14)

Sec. 4.202. Purpose and Intent.

The City Commission, in the exercise of the City's Constitutional right of control over public streets, sidewalks, plaza areas and parks, must provide periodically for the regulation of conduct and activities associated with Special Events held on and adjacent to such public places. The purpose of such regulation is to ensure, to the greatest extent possible, that, consistent with the protection of the public health, safety and welfare, the objectives of certain special events either sponsored by the City or specifically authorized by the City are achieved. It is the intent of this Chapter to provide the City Commission with the general framework to authorize and regulate the activities associated with certain special events and to authorize the City Manager to promulgate Rules and Regulations reasonably necessary to regulate such special events.
(Ord. No. 2014-56, § 1, 7-22-14)

Sec. 4.203. Definitions.

A "Special Event" is any activity or series of events or activities, specific to an identifiable time and place, which is authorized by resolution of the City Commission pursuant to this Chapter.
(Ord. No. 2014-56, § 1, 7-22-14)

Sec. 4.204. Special Events Subject to Chapter.

Special events subject to this Chapter including but not limited to festivals, parades, races, concerts, neighborhood fairs and other similar events established by resolution of the City Commission, with such resolution to include the dates and times during which the event is to occur. Such resolution is subject to amendment, revision, or repeal from time to time as the City Commission may deem necessary or appropriate. All special events shall be subject to the provisions of this Chapter, unless specifically exempted from any or all provisions of this Chapter by resolution of the City Commission.
(Ord. No. 2014-56, § 1, 7-22-14)

Sec. 4.205. Rules and Regulations; Publication.

In addition to the provisions of this Chapter, the City Commission hereby authorizes the City Manager to promulgate Rules and Regulations he or she may deem necessary in order to protect public health, safety and welfare; and to achieve the successful accomplishment of special events within the City of Grand Rapids for the enjoyment and enrichment of the public. Such Rules and Regulations shall be published on the City's website prior to the start of the special event, and shall do one (1) or more of the following:

(1) Define the boundaries within which the activities of the special event are to be held.

(2) Establish criteria for the sponsorship and co-sponsorship of events by the City.

(3) Specify such other rules and/or regulations which the City Manager determines are reasonably necessary to ensure, to the greatest extent possible, consistent with the public health, safety and welfare, that the objectives of the special event are achieved.

(Ord. No. 2014-56, § 1, 7-22-14)

Sec. 4.206. Special Event Permit Required; Nuisance and Disturbance Prohibited.

It shall be a violation of this Chapter for an applicant, his/her employee or agent to knowingly:

(1) Conduct a special event without first making application and obtaining permit(s) as required by this Chapter.

(2) Conduct a special event in such a manner as to create a public or private nuisance.

(3) Allow any person to cause or create a disturbance within the special event boundaries.

(4) Conduct a special event contrary to the terms and conditions of any special event permit, or resolution approved by the City Commission in conjunction with the event authorized.

(Ord. No. 2014-56, § 1, 7-22-14)

Sec. 4.207. Conduct Prohibited.

Unless specifically allowed by resolution of the City Commission, the following activities are prohibited within the boundaries of any special event during the dates and times that the special event is scheduled to occur:

(1) *Unauthorized Vending Prohibited.* No vendors or transient merchants, including commercial and promotional advertising activity, shall be allowed within the event boundaries other than those specifically authorized by the event sponsor(s), as evidenced by a special event permit issued by the City.

(2) *No Sound Amplification Devices.* No person shall operate any sound amplification devices, equipment or systems within the event boundaries other than those systems specifically authorized by the event sponsor(s).

(3) *No Food Preparation or Sale, Except by Authorized Vendors.* No food preparation grills or other food dispensing apparatus are allowed within the event boundaries except those operated by vendors as authorized by the event sponsor(s) and City.

(4) *No Motor Vehicles.* No motor vehicles, except emergency vehicles, authorized news media vehicles, or those authorized by the sponsor(s) as necessary for deliveries shall be permitted within the barricaded portions of the streets within the event boundaries.

(5) *No Animals.* Except for service animals trained for the purpose of assisting persons with disabilities, no dogs or other animals shall be permitted within event boundaries.

(6) *No Bicycles, Skateboards, etc.* No person shall ride or operate within the event boundaries, including the barricaded portions of streets, any bicycle, unicycle, tricycle, moped, pedicab, roller skates or skateboard. Nothing herein shall prevent the use of strollers or carriages for infants, or manual or electric wheelchairs for persons needing such appliance for mobility.

(7) *No Hot Air Balloons, etc.* No person shall land a hot air balloon, parachute from an airplane, or drop items from an airplane into any event boundary while an event is underway.

(8) *Alcohol Consumption Prohibited.* Unless specifically authorized by resolution of the City Commission, it shall be unlawful for any person to consume alcoholic liquor within any special event boundary while the special event is being conducted, except those places which are properly licensed therefore by the Liquor Control Commission, and then only the particular kind or style of alcoholic liquor which is licensed for sale on said premises.

(Ord. No. 2014-56, § 1, 7-22-14)

Sec. 4.208. Noise Ordinance Suspended.

Unless this Section is specifically superseded by resolution of the City Commission, the noise control provisions of this Code, being Article 5 of Chapter 151, shall be suspended within the special event boundaries while the event is being conducted.

(Ord. No. 2014-56, § 1, 7-22-14)

Sec. 4.209. Fees.

The following fees required for the administration of this Chapter are hereby authorized, and shall be established from time to time by resolution of the City Commission:

1. Special Event Permit.
   Permit Application.
   Security Deposit.
   Filming/Photography Location Rate.
   Amplified Sound Extension Rate.

2. Overtime.
   Special Event Labor Rate.

Police Lieutenant Rate.
Police Sergeant Rate.
Police Officer Rate.

3. Venue Rental Rate.
4. Equipment Rental Rate.
5. Street Closing Permit.
6. Any other fee deemed necessary or appropriate by the City Manager pursuant to the Special Events Rules and Regulations.

(Ord. No. 2014-56, § 1, 7-22-14)

Sec. 4.210. Chapter to Control, Penalties.

The provisions of this Chapter and any Rules and Regulations duly adopted and published pursuant to its terms shall have the force of law and shall control and supersede any other general ordinances, licenses or regulations for the duration of the particular special event for which they are adopted. A violation of this Chapter, or of any Rule or Regulation duly adopted and published pursuant to this Chapter shall be a violation of this Code and shall be punishable as a misdemeanor.

(Ord. No. 2014-56, § 1, 7-22-14)

ARTICLE 1. TITLE, PURPOSE AND SCOPE

Sec. 5.1.01. Title.

This Chapter shall be known as the "Zoning Ordinance" of the City of Grand Rapids, Michigan.

Sec. 5.1.02. Authority.

This Chapter is enacted pursuant to the authority granted by the Michigan Zoning Enabling Act 110 of the Public Acts of 2006, as amended.

Sec. 5.1.03. Purpose and Intent.

A. In addition to promoting the purposes provided in the Zoning Enabling Act, this Chapter is necessary to promote the public health, safety, and general welfare of the City of Grand Rapids as well as to implement the themes, policies and goals contained in officially adopted plans, including the following purposes related to the City of Grand Rapids Master Plan.

B. *Great Neighborhoods.*

1. Protect the character and quality of established residential neighborhoods;
2. Allow for and advance innovation in new residential development and redevelopment that meets the demand for housing with a greater variety in the type and design of dwellings and to provide for a range of incomes for their residents;
3. Promote active and vibrant mixed use environments in appropriate locations and intensity; and
4. Preserve the quality of life for residents and visitors.

C. *Vital Business Districts and a Strong Economy.*

1. Maintain and enhance economically vibrant as well as attractive business and commercial areas;
2. Provide reasonable accommodation for growth and development;
3. Promote a balanced supply of commercial, industrial, institutional and transportation land uses that are compatible with adjacent land uses and have sufficient access to public infrastructure;
4. Promote rehabilitation and reuse of older buildings; and
5. Provide places for residence, recreation, industry, trade, services, and other uses of land.

D. *Balance with Nature and Enrich Lives.*

1. Ensure uses of land are situated in appropriate locations;
2. Ensure adequate light, air, privacy, and access to property;
3. Encourage environmentally responsible development practices;
4. Facilitate adequate and efficient public infrastructure and systems for transportation, sanitary and storm sewage collection and disposal, potable water, recreation and other public services and amenities; and
5. Meet the needs of the city's citizens for food, fiber, energy and other natural resources.

E. *Balanced Transportation Systems.*

1. Promote alternate means of transportation to the automobile, such as pedestrian, bicycle and public transit use; and
2. Limit inappropriate overcrowding of land and congestion of population, transportation systems and networks, and other public facilities.

F. Provide for partnerships that establish clear, fair and efficient development review and approval procedures for applicants and residents alike.

Sec. 5.1.04. Effective Date.

This Chapter shall take effect and be in force on and after April 27, 2017.

Sec. 5.1.05. Applicability.

A. This Chapter is applicable to all land located within the city. Zoning affects every building, structure and use and extends vertically. All lands, buildings, and uses in a Zone District shall be subject to the applicable provisions of this Chapter.

B. No building or structure, or part thereof, shall hereafter be erected, constructed, altered, maintained or used, and no new use or change shall be made to any building, structure or land, or part thereof, except in conformity with this Chapter.

Sec. 5.1.06. Vested Rights.

Nothing in this Chapter shall be interpreted or construed to give rise to permanent vested rights in the continuation of any particular use, density, Zone District, Neighborhood Classification or permissible activity therein. All land, buildings, structures, uses and designations are hereby declared to be subject to any subsequent amendment, change or modification as may be necessary to meet the purposes and intent of this Chapter.

Sec. 5.1.07. Relationship to Adopted Plans.

The administration, enforcement and amendment of this Chapter shall be consistent with the City Master Plan, Parks and Recreation Plan and any adopted Area Specific Plans, and other plans that may be adopted by the City Commission related to the future development of the city. In the event this Chapter becomes inconsistent with those plans, then this Chapter shall be amended within a reasonable time to become or remain consistent.

Sec. 5.1.08. Relationship to Other Laws and Agreements.

A. *Other Public Laws, Ordinances, Regulations or Permits.* This Chapter is intended to complement other municipal, state and federal regulations that affect land use. Unless otherwise noted in this Chapter, where conditions, standards or requirements imposed by any provision of this Chapter are more restrictive than comparable provisions imposed by other regulations, the provisions of this Chapter shall govern.

B. *Private Agreements.* This Chapter is not intended to revoke or repeal any easement, covenant or other private agreement; provided, however, that where this Chapter imposes a greater restriction or requirement, the provisions of this Chapter shall control. Nothing in this Chapter shall modify or repeal any private covenant or deed restriction, but any covenant or restriction shall not be used to justify a lack of compliance with this Chapter. The City shall not be obligated to enforce the provisions of any easements, covenants, or agreements between private parties.

Sec. 5.1.09. Conflicts Between Requirements.

A. In cases where two (2) or more requirements in this Chapter conflict with one another, the more restrictive requirement shall not necessarily control (e.g. if an Overlay District conflicts with the base Zone District).

B. The Planning Director shall determine which requirement controls based on the degree to which one (1) or more requirements results in:

1. Greater consistency with the goals and objectives contained within the Master Plan;
2. Better support for the purposes of this Chapter as described in Section 5.1.03. Purpose and Intent, and in the applicable purposes of the conflicting provisions;
3. Increased compatibility with adjacent development and surrounding community character;
4. Enhanced environmental quality and protection of natural resources;
5. Greater protection and preservation of historic and cultural resources; or
6. Higher quality of building form, design and/or architecture.

Sec. 5.1.10. Headings and Illustrations.

Headings and illustrations are provided for convenience and reference only and shall not be used to restrict or limit the scope of any provision of this Chapter. Where any difference of meaning or implication between the text of this Chapter and any heading, drawing, table, figure, or illustration, the text shall govern.

Sec. 5.1.11. Severability.

A. If any court of competent jurisdiction invalidates any provision of this Chapter, that judgment shall not affect the validity and continued enforcement of any other provision of this Chapter.

B. If any court of competent jurisdiction invalidates the application of any provision of this Chapter to a particular property, structure, or situation, that judgment shall not affect the application of that provision to any other building, structure, or situation not specifically included in that judgment.

C. If any court of competent jurisdiction invalidates any condition attached to the approval of a development review application, that judgment shall not affect any other conditions or requirements attached to the same approval that are not specifically included in that judgment.

D. Whenever a condition or limitation is included in an administrative action authorizing regulatory activity, then it shall be conclusively presumed that the authorizing officer, commission, or board considered that condition or limitation necessary to carry out the requirements, standards, purposes, or spirit and intent of this Chapter, and that the officer, commission, or board would not have granted the authorization to which the condition or limitation pertained except in belief that the condition or limitation was lawful.

Sec. 5.1.12. Transitional Provisions.

A. The purpose of transitional provisions is to resolve the status of properties with pending applications or recent approvals and properties with outstanding violations prior to the effective date of this Chapter.

B. *Processing of Applications.* Applications, re-applications or requests that were submitted in complete form with all required materials and fees before the effective date of this ordinance shall be governed exclusively by the previous Chapter originally enacted on September 16, 2008 (known as

"previous chapter") until and on that date and thereafter exclusively by this Chapter. All development applications, re-applications or requests accepted on or after the effective date of this ordinance shall be subject to and reviewed wholly under the terms of this Chapter.

C. *Approved Project.* Any building, development or structure for which a final building permit was issued before the effective date of this Chapter may be completed in conformance with the issued building permit and other applicable permits and conditions, even if the building, development or structure does not fully comply with provisions of this Chapter. If construction is not commenced and diligently pursued within the time allowed under the original permit or any extension granted, then the building, development or structure must be constructed, completed and occupied in full compliance with the standards and requirements of this Chapter.

D. *Violation Continues.*

1. Any violation in existence prior to the effective date of this Chapter shall continue to be a violation under this Chapter and be subject to penalties and enforcement.
2. If the use, development, construction or other activity that was a violation prior to the effective date of this Chapter complies with the express terms of this Chapter, enforcement action shall cease, except that penalties for violations that occurred before the effective date of this Chapter shall be collected.
3. The adoption of this Chapter does not affect nor prevent any pending or future prosecution of, or action to abate, violations that occurred before the effective date of this Chapter.

E. *Nonconformity.* Any nonconformity in existence prior to the effective date on this Chapter shall also be a nonconformity under this Chapter and shall be regulated by the provisions of Article 3.

F. *Existing Use.*

1. When a use classified as a Special Land Use under this Chapter existed as a Permitted With Approval use or Permitted Use prior to the effective date of this Chapter, that use shall be considered as a legal Special Land Use except as otherwise expressly provided in this Section.
2. When any amendment to this Chapter changed a Permitted Use to a Special Land Use, any use legally established before that amendment shall be considered a legal Special Land Use on and after the effective date of the amendment unless additional development occurs that was not permitted by the previous Chapter or this Chapter, in which case a new Special Land Use approval shall be required.
3. A lawfully established, existing use that is not allowed as a Special Land Use or a Permitted Use in the Zone District in which the use is now located shall be considered a nonconforming use and shall be subject to all applicable regulations of Article 3, including Section 5.12.09. B.2. Use Intensity.

G. *Zone District Conversions.* The Zone District classifications in the 1969 Zoning Ordinance are converted as follows:

Table 5.1.12.G. Zone District Conversions

1969 Zoning Ordinance	District in This Chapter
R-1, R-1A, R-2	LDR, OS, IC
R-3, R-4, R-5	MDR
SR, C-1	NOS
C-2, UBD, TBD, PSC	TBA, C, TOD
C-3	CC, TCC
C-4, I-1, I-2, PID	IT

ARTICLE 2. GENERAL PROVISIONS

Sec. 5.2.01. Applicability.

All Zone Districts. The provisions of this Article apply to all Zone Districts unless indicated otherwise. If there is a conflict between this Article and the individual requirements of the Zone District, the Planning Director shall determine which requirements controls, in accordance with Section 5.1.09.

Sec. 5.2.02. General Requirements.

A. *Standards and Requirements.* Standards and requirements for site layout and building placement, building elements, compatible uses, signs, lighting, landscaping and other related measures are considered necessary to promote and strengthen the defined character of city neighborhoods. It has been determined by the Master Plan that neighborhood character contributes to the unique and desirable identity of the city and therefore the measures set forth in this Chapter are necessary and appropriate to promote and strengthen those characteristics.

B. *Main Building and Principal Use.* Except as otherwise specifically provided in this Chapter, no lot may contain more than one (1) main building or principal use, except for groups of multiple-family, retail, office, or other groups of buildings erected under a single approved plan, or developed in a coordinated fashion under multiple approved plans, as an integrated complex, as defined by this Chapter.

Sec. 5.2.03. Alterations, Enlargements and Demolitions.

A. *Alterations and Enlargements.* Existing buildings or structures shall not be modified, converted, enlarged, reconstructed, demolished, moved or structurally altered, except as permitted by this Chapter.

B. *Demolition.*

1. To assure a legal replacement use, existing buildings or structures shall not be demolished in any Zone District unless the request satisfies one (1) of the following:

    a. *Site Plan and Reuse of a Lot.* When a site plan for the redevelopment of a property in any Zone District has been approved pursuant to this Chapter or is permitted by this Chapter, and a Land Use and Development Services (LUDS) or building permit for the redevelopment of the property has been requested.

    b. *Building or Housing Code.* When the demolition in any Zone District has been authorized by Chapter 131 General Building Regulations or Chapter 140 Housing of the City Code, or required by a court or governmental agency or official of competent jurisdiction. Obtaining a building, demolition or other permit does not ensure compliance with this provision.

2. Any requested demolition not meeting the requirements of B.1. above shall require Director Review or approval as a Special Land Use, under the following conditions.

   a. *Nonconforming Lot.* Demolition of structures on a parcel that is nonconforming due to lot width or lot area, and is to be used for an approved accessory use for a Permitted Use on an adjacent property, may be approved by the Director.

   b. *Conforming Lots.* A Special Land Use approval for demolition is required on lots that meet the lot width or lot area of the District unless the property is to be used for an approved accessory use for an adjacent property or use.

   c. If the property is to be used for an approved accessory use for an adjacent property or use, any additional required zoning approval shall be obtained prior to demolition approval.

Sec. 5.2.04. Historic Landmark or Historic District.

A designated historic landmark or a property in a historic district as provided in Chapter 68 Historic Preservation Commission of the City Code, shall comply with the requirements for approval of a Certificate of Appropriateness from the Historic Preservation Commission in lieu of the Site Layout and Building Placement requirements and the Building Elements requirements contained in Article 5, Residential Zone Districts and Article 6, Mixed-Use Commercial Zone Districts.

Sec. 5.2.05. Lot and Yard Requirements.

A. *Measurements.* Unless otherwise expressly stated, distances specified in this Chapter are to be measured as the length of an imaginary straight line joining two (2) described points.

B. *Lot Requirements.*

1. *Minimum Lot and Street Frontage.* Every lot created shall have the minimum lot area, and lot width and lot frontage upon an approved public or private street, as required by this Chapter. Flag lots are prohibited.

2. *Reduction.* No lot, or lots of common ownership, yards, parking areas, or other spaces required by this Chapter shall be reduced below the area or dimensional requirements of this Chapter. If already less than the minimum required under this Chapter, that area or dimension shall not be further divided or reduced. Actions by governmental agencies, such as street widening, shall not be considered reductions.

3. No lot or portion of a lot shall be used to meet the requirements of yard, lot area per unit, residential density, percentage of lot occupancy, or other site requirement for any other existing building or structure of this Chapter, for any other lot.

4. Two (2) or more lots may be combined into a single lot, provided that all lots are within the same Neighborhood Classification and Zoning District and all requirements of Chapter 64, Subdivision Regulations are met. See also Section 5.3.02.B. Contiguous Nonconforming Lots of Common Ownership.

5. *Established Areas.* See Section 5.5.06. for site layout and building placement requirements for lots in established areas.

6. *Administrative Departures.*

   a. New Lots. This Departure applies to lots that contain a Single-Family or Two-Family use in an existing principal structure. A reduction to the required lot area and/or lot width may be granted for all newly created lots, provided the application meets the requirements of Section 5.2.05.B.6.c.

b. Existing vacant lots. This Departure applies to existing lots that do not contain a principal structure. A reduction to the required lot area and/or lot width may be granted to allow for (a) the creation of new lots to be used for Single- or Two-Family use, or (b) the use of an existing vacant lot for Single- or Two-Family use, provided the application meets the requirements of Section 5.2.05.B.6.c.

c. All Administrative Departures will be reviewed by the standards outlined in Section 5.12.16. in addition to the following standards and requirements below:

i. The Administrative Departure may not result in the demolition of any principal household building or structure; and

ii. The lot shall be no less than the minimum lot area and lot width required in Table 5.5.06.A. for a detached Single-Family interior lot, unless accessible from a usable alley, in which case the lot area and lot width may be less than the minimum, but no less than as originally platted; and

iii. Tandem parking may be permitted for detached Single-Family and Two-Family uses on lots thirty-six (36) feet or less; and

iv. A property survey shall be provided to ensure that all site layout and building placement standards can be met. If applicable, the survey shall also show the lot lines of the original plat.

d. An Administrative Departure of not more than three (3) percent of the required lot area of the Zone District may be granted where unusual lot configurations, topography or natural features exist, or where the Departure would be in keeping with the character of the neighborhood.

C. *Building Setbacks and Required Building Lines (RBL).*

1. *Building Setbacks.*

a. Except as noted in C.2, below, when this Chapter provides for a building setback, it is considered to be permissive, in that any portion of the main building may be placed anywhere at or behind the setback line. All setbacks extend for the full width of the lot.

b. *Rear Setback.* Where any lot line exceeds forty-five (45) degrees from being parallel to the front lot line, a line ten (10) feet in length within the lot, parallel to and at the maximum possible distance from the front lot line shall be deemed the rear lot line for the purpose of measuring rear yard setbacks.

c. *Side Setback.* The side setback shall extend from the side lot line between the front setback line and the rear lot line.

2. *Required Building Lines (RBL).*

a. When this Chapter provides for a Required Building Line it is considered as a mandatory placement of the building façade, where the building must be "built to" the required line, except as permitted in Article 5 Residential Zone Districts and Article 6 Mixed-Use Commercial Zone Districts.

b. *RBL Measurement.* RBLs shall be measured from the back of the curb along a public street to the building façade, irrespective of the lot line. RBLs are dependent upon the location of the street curb to avoid discrepancies in varying lot lines and to provide sufficient pedestrian circulation, access, and to maintain a consistent streetscape and street wall.

c. Where a lot line abuts more than two (2) streets, the RBL provisions shall only apply for two (2) streets, as determined by the Director. To designate RBLs, the Director may consider all relevant factors and information, including but not limited to:

i. The existing or the intended character of existing or proposed streets on which the lot has, or is proposed to have, frontage;

ii. The locations of front and corner side property lines on adjacent lots or lots on the opposite side of the street; or

iii. Adjacency to the same or similar land uses.

D. *Lot Widths.*

1. Established Areas. See Section 5.5.06.B. for site placement and building layout requirements for lots in established areas.

2. Lot widths are measured at the front setback line or RBL, as applicable, and the minimum lot width shall be maintained throughout the depth of the lot. Lot width for a corner lot is measured at the horizontal distance between the shorter of the two (2) dimensions of the front lot line.

3. There shall be no less than thirty-six (36) feet between the two (2) side lot lines measured at the required front setback line or required building line of the district in which it is located and the requirements of Sections 5.2.05.B.6 and 5.12.16. are satisfied upon approval by the Director.

4. Minimum Lot Widths for Irregular Lots.

a. There shall be not less than thirty-six (36) feet between the two (2) side lot lines measured at the public or private rights-of-way, except as permitted in Tables 5.5.06.A. and 5.6.07.A. of this Chapter and the requirements of Sections 5.2.05.B.6. and 5.12.16. are satisfied upon approval by the Director.

b. For cul-de-sac lots or other irregular lots, if the minimum lot width at the front setback line or RBL cannot be met, the minimum setback line or RBL shall be moved farther into the lot to the point at which the minimum lot width is met.

5. *Administrative Departures.*

a. *New Lots.* This Departure applies to lots that contain a Single-Family or Two-Family use in an existing principal structure. A reduction to the required lot width may be granted for all newly created lots, provided the application meets the requirements of Section 5.2.05.D.5.c.

b. *Existing vacant lots.* This Departure applies to existing lots that do not contain a principal structure. A reduction to the required lot width may be granted to allow for (a) the creation of new lots to be used for Single- or Two-Family use, or (b) the use of an existing vacant lot for Single- or Two-Family use, provided the application meets the requirements of Section 5.2.05.D.5.c.

c. All Administrative Departures will be reviewed by the standards outlined in Section 5.12.16. in addition to the following standards and requirements below:

i. The Administrative Departure may not result in the demolition of any principal household building or structure; and

ii. The proposed lot shall be no less than the minimum lot width required in Table 5.5.06.A. for a detached Single-Family interior lot; and

iii. If the lot is accessible from a usable alley the lot width may be less than the minimum, but no less than the originally platted lot width, which shall be identified on the survey; and

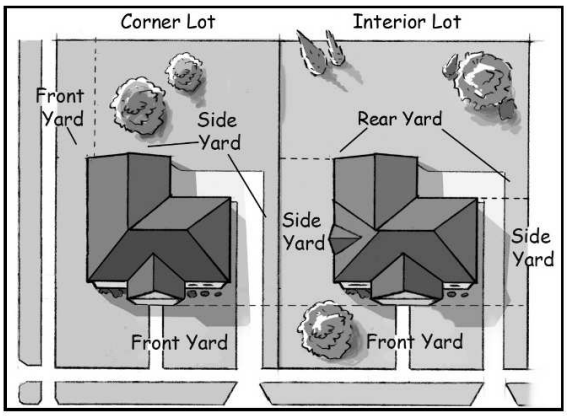
iv. Tandem parking may be permitted for detached Single-Family and Two-Family uses on lots thirty-six (36) feet or less; and

v. A property survey shall be provided to ensure that all site layout and building placement standards can be met.

E. *Yards - Corner, Through, and Waterfront Lots.*

1. *Corner and Through Lots.* Corner and through lots shall have two (2) front lot lines, two (2) front yards, two (2) side yards, and no rear yard. For through lots, the main building or structure shall be oriented toward the predominant frontage based on the established or planned pattern of development, as determined by the Director.

2. Waterfront lots shall have front yards on both the street and waterfront sides, and two (2) side yards.



5.2.05.E. Yards.

F. *Permitted Encroachments into Setbacks and Yards.*

1. *General.* Encroachments permitted by this Section following may be within setbacks or yards. All permitted encroachments are subject to meeting the minimum greenspace requirements for the lot. Other encroachments are permitted under the applicable Sections of this Chapter as noted below, provided the minimum greenspace requirements for the lot are met.

   a. Garages and other accessory structures - see Section 5.2.08.

   b. Driveways - see Section 5.10.03.F.

   c. Fences and walls - see Section 5.2.11.

   d. Landscaping, except as required for clear vision areas of Section 5.2.15.C.

   e. Private sidewalks.

   f. Swimming pools - see Section 5.2.09.

2. *Architectural Elements, Porches and Stoops.*

   a. *Front Yard.*

      i. *Architectural Elements.* Architectural elements may project into the front yard by not more than three (3) feet.

      ii. *Unenclosed Porches and Stoops.* Unenclosed porches and stoops (not including steps) may project into the front yard by no more than ten (10) feet, but shall be no closer than five (5) feet from the front sidewalk. For porches and stoops in Traditional Neighborhoods - See Section 5.5.07.E.3.

      iii. *Balconies.* Upper level balconies may project into a front yard by no more than six (6) feet.

b. *Side Yard.*

i. *Architectural Elements.* Architectural elements may project into the side yard by not more than two (2) inches for each one (1) foot of width of the side yard, except that a chimney may be permitted where the Director determines it will not obstruct light or ventilation. In no case shall an architectural element be permitted within five (5) feet of a lot line.

ii. *Unenclosed Porches and Stoops.* An unenclosed porch or stoop (including steps) may project into the side yard, provided it is at least five (5) feet from the side lot line.

3. *Decks and Patios.*

a. *Interior Lot.*

i. A ground-level deck or patio may be in the side yard, provided it meets the minimum side setback for the Zone District, is set back at least ten (10) feet from the front building façade, and is screened from view of the public right-of-way by landscaping or permitted fencing.

ii. A ground-level deck or patio may be located in the rear yard, provided it is at least five (5) feet from all lot lines.

iii. A deck with a platform over four (4) feet in height may be in the rear yard, subject to rear and side yard building setbacks.

iv. A deck or patio is not permitted within the front yard.

b. *Corner Lot.*

i. A ground-level deck or patio may be in the side yard, provided it is at least five (5) feet from the yard lot lines, and is not in a front yard.

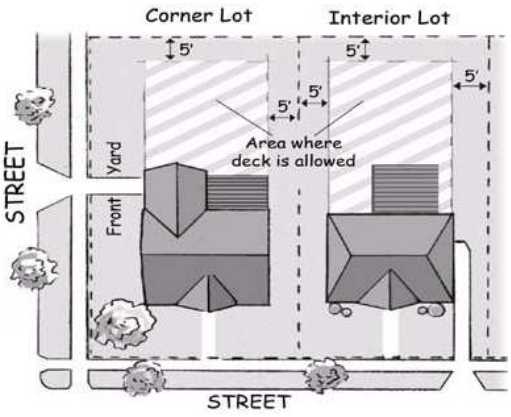
ii. A deck with a platform over four (4) feet high shall meet required side yard setbacks.

c. *Administrative Departure.* An Administrative Departure may be approved to reduce the minimum side or rear setback of a ground-level deck or patio to not less than three (3) feet where there are no detrimental effects on adjacent properties, and where applicable fire safety provisions of the City's building codes are met.

4. *Wheelchair Ramps.*

a. The Director may permit wheelchair ramps used for persons with mobility impairments in a front or rear yard, provided the location does not create a hazard, or impede access for operations related to safety, such as access for fire personnel or equipment. In no case shall a ramp be placed nearer than three (3) feet from any side lot line.

b. *Administrative Departure.* An Administrative Departure may be approved to permit a ramp, or any additional modifications needed, nearer than three (3) feet to the side lot line, where it is demonstrated that no other feasible location is practical.



5.2.05.F.4 Decks and Patios.

5. *Basement Egress Window Wells.* Basement egress window wells are permitted in all yards, provided the following conditions are met:
   a. *Setback.* A window well shall be set back at least three (3) feet from the side or rear lot line, and at least ten (10) feet from the front lot line.
   b. *Front Yard Screening.* When in a front yard, a three (3) foot high landscape or building material screen shall be provided in front of the window well. If screened with a building material, the material shall be compatible with the materials and colors used for the main building.
   c. *Building Code.* The requirements of Chapter 131 of the City Code shall be met.
   d. *Administrative Departure.* An Administrative Departure may be approved to reduce the minimum setback of a window well from a side or rear lot line where the following conditions are met:
      i. The window well is set back a minimum of one (1) foot from any side or rear lot line.
      ii. A clear path to the public way is provided.
      iii. Adequate fall protection to adjacent walking surfaces is provided.
      iv. Adjacent properties will be protected during excavation.
6. *Athletic Courts - Residential Lots.*
   a. *Interior Lot.* An athletic court shall only be in a rear yard and at least seven (7) feet from the rear and side lot lines.
   b. *Corner Lot.* An athletic court may be in a side yard, at least seven (7) feet from the side lot line, but not in a front yard.

G. *Below Grade Features.* Below-grade or underground features shall not extend into any yard, unless otherwise allowed in this Chapter.

H. *Projections into the Public Right-of-Way.* The following projections are permitted, subject to approval of an encroachment permit from the City Engineer.

1. *Balconies.* A balcony with a minimum ground clearance of sixteen (16) feet above finished grade may extend up to five (5) feet over a public sidewalk.
2. *Awnings.* An awning with a minimum ground clearance of eight (8) feet may extend over a public right-of-way.
3. *Canopies.* Canopy support posts shall not be permitted in a public right-of-way unless specifically permitted by Traffic Engineering. See also Section 5.2.18.
4. *Arcades.* An arcade shall be permitted only in the TN-TOD, CC, TCC, and TBA Zone Districts.
   a. An arcade shall be open accessible to the public at all times for its entire length to the street line or publicly accessible open area except for building columns, and unobstructed to a height of not less than twelve (12) feet.
   b. Except for corner lots, an arcade shall have a depth not less than ten (10) feet nor more than thirty (30) feet measured perpendicular to the street line or boundary of the publicly accessible open area on which it fronts, and extend for at least fifty (50) feet, or the full length of the street line or boundary of the publicly accessible open area on which it fronts, whichever is the lesser distance.
   c. On a corner lot, an arcade shall have an area of not less than five hundred (500) square feet and a minimum horizontal dimension of ten (10) feet.

d. No part of the arcade shall be above the traveled portion of the street or publicly accessible open area that it adjoins.

e. No off-street parking spaces, passenger drop-offs, driveways, or off-street loading berths are permitted anywhere within an arcade.

I. *Roof-Mounted and Ground-Mounted Mechanical Equipment* (e.g. air conditioning condensers; swimming pool and spa heaters; pumps and filters; transformers and generators; and similar equipment).

1. *Residential Zone Districts.*

a. All ground mounted mechanical equipment shall be incorporated within the footprint of a main or accessory structure, or placed in a side or rear yard at least three (3) feet from any side or rear lot line, and be fully screened from view from a public street and adjacent properties using one (1) of the following options:

i. Landscape material which provides a minimum of fifty (50) percent year round opacity;

ii. A living wall or vertical garden which is covered by vegetation to provide a minimum of fifty (50) percent year round opacity; or

iii. A decorative wall or fence that incorporates at least one (1) of the primary materials and colors of the nearest wall of the main building and that provides eighty (80) percent year round opacity.

b. A wall or screen shall be at least one (1) foot taller than the height of the mechanical equipment being screened, provided the screen need not exceed a height of twelve (12) feet.

c. The screening requirements shall not apply if it is demonstrated that the only feasible location for screening would impede the functioning of solar, wind or geothermal energy equipment or other similar systems.

d. To the maximum extent practicable utility boxes shall be oriented with access doors facing away from the street right-of-way or adjacent property.

2. *All Other Zone Districts.* All mechanical equipment shall be incorporated within the footprint of a principal or accessory structure or mounted on the roof structure.

a. All roof-mounted mechanical equipment (including, but not limited to, HVAC equipment, exhaust fans, cooling towers, and related guard rails or safety equipment) shall be fully screened from view from a public street at ground level and, to the extent practicable, from adjacent buildings of similar height. Screening shall be provided by one (1) or more of the following options.

i. A parapet wall or similar feature that is an integral part of the building's architectural design;

ii. A screening structure erected around the equipment that incorporates at least one (1) of the primary materials and colors on a street-facing façade of the main building and designed to assist in buffering noise;

iii. A living wall or vertical garden which is covered by vegetation to provide a minimum of fifty (50) percent year round opacity.

b. The parapet wall or screening structure shall be fully opaque year round and shall be at least as tall as the height of the mechanical equipment being screened provided the screen need not exceed a height of twelve (12) feet.

3. *Administrative Departures.*

   a. Mechanical equipment may be placed in an alternate area, including ground mounted equipment, in any Zone District where it is demonstrated that the required location is not feasible, and provided the unit is properly enclosed or screened with vegetation from view of a public street.

   b. Alternate locations for solar, wind or geothermal energy equipment or systems may be permitted if it is demonstrated that the required location or screening would impede their proper functioning.

(Ord. No. 2022-10, 4-12-22; Ord. No. 2022-17, 6-21-22; Ord. No. 2022-30, §§ 1, 2, 8-23-22; Ord. No. 2025-14, § 1, 7-29-25)

Sec. 5.2.06. Building Height Measurements and Exceptions.

A. *Measurement.*

1. *Stories.* Where specified in stories, building height shall be measured in the number of stories entirely above the finished grade for any elevation fronting on a public street, including habitable attics, half-stories, and at-grade structured parking.

   a. Unless otherwise specified, story height is measured in feet between the floors of a story to the floor of the story above it.

   b. For the uppermost story, story height shall be measured from the floor of the story to the eave line on pitched roofs and to the tallest point of the roof deck on parapet and flat roofs.

   c. A mezzanine level counts as a story.

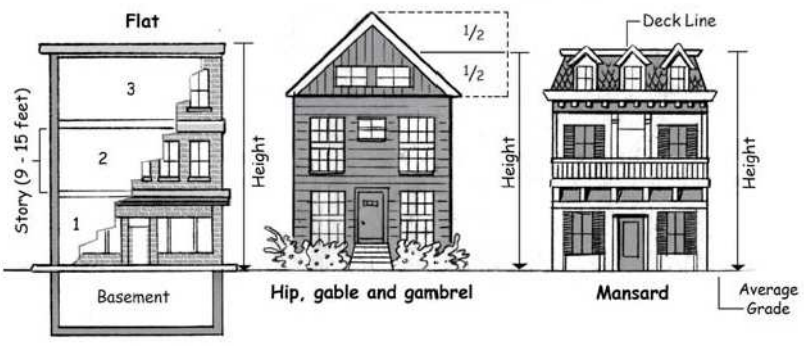
   d. For the purposes of this Chapter, the usable floor area of a half story is only that area having at least four (4) feet clear height between floor and ceiling.

   e. Unless otherwise specified, one (1) story shall be measured as not less than nine (9) feet nor more than fifteen (15) feet. The following shall be excluded:

      i. Spaces completely below the finished grade, such as basements, cellars, crawl spaces, sub-basements, and underground parking structures; and

      ii. A story shall not be counted as a story when more than fifty (50) percent of its cubic content is below the finished grade of the adjoining ground.

2. *Height.* When measured in feet, building height shall be measured as the vertical distance from the finished grade adjacent to the structure to the highest point of a flat roof; to the deck line of a mansard roof; and to the average height between the eave and ridge of the highest roof section for a gable, hip or gambrel roof.



5.2.07. Building Height (Measurement).

3. *Average Grade.* See Section 5.16.02.G. for definitions of

grade. When the terrain is sloping, the finished grade shall be the average of the elevation of the ground for each side of the structure, as measured six (6) feet from the exterior walls of the structure.

B. *Exceptions.* The height requirements of all Zone Districts shall be subject to the following exceptions: parapet walls not exceeding four (4) feet in height, chimneys, cooling towers, elevator bulkheads, fire towers, gas tanks, utility penthouses, stacks, stage towers or scenery lofts, monuments, cupolas, domes and spires and necessary mechanical appurtenances.

C. *Airport Zoning Act.* Proposed buildings or structures or modification to existing buildings or structures with a height greater than one hundred (100) feet require a permit from the Kent County Department of Aeronautics, pursuant to the Airport Zoning Act, Public Act No. 23 of 1950.

Sec. 5.2.07. Single-Family Dwellings, Detached.

A. A Detached single-family dwelling and any additions or alterations thereto, other than manufactured housing in a licensed manufactured housing community, shall meet the requirements of this Section in addition to all other regulations of this Chapter.

B. *Conversion.*

1. An existing detached single-family dwelling exceeding five thousand (5,000) square feet in gross floor area may be converted to permit additional dwelling units, provided the Director first determines that the size of the structure is substantially out of character with other houses within a three (3) block radius and a Special Land Use application is approved.

2. In considering the Special Land Use, the Planning Commission shall:
   a. Determine the appropriate number of units to be permitted; and
   b. Ensure that adequate parking as required by Article 10 can be provided in a location that does not create an adverse effect on adjacent properties.
3. *Exception.* Notwithstanding Section 5.2.07.B.1. Single-Family dwellings on corner lots may be converted to two-family dwellings as a Permitted Use, subject to applicable Site and Building Placement Standards and Building Element Requirements of Article 5.

C. *Minimum Dimension.* Each dwelling shall have a minimum of fourteen (14) feet in any horizontal dimension.

D. *Minimum Floor Area.* Each dwelling shall have a minimum gross floor area of seven hundred fifty (750) square feet.

E. *Neighborhood Classification.* The dwelling shall comply with the requirements of this Section and shall be generally compatible in character, design and appearance to other residential dwellings within the same Neighborhood Classification.

F. *Primary Entrance.*

1. The primary entrance for the main building shall have a step, stoop, or porch which is attached to the building foundation, or provided with a separate four (4)-inch deep masonry foundation. A stoop or landing shall project at least three (3) feet from the building (not including steps). A porch shall project at least six (6) feet from the building (not including steps).
2. Section 5.2.05.F.4 provides regulations related to handicap ramps and other modifications to a dwelling's primary entrance for housing intended to accommodate persons with mobility impairments.

G. *Manufactured House.* If the dwelling is a manufactured house, it shall:

1. Be installed pursuant to the manufacturer's setup instructions and shall be secured to the premises by an anchoring system or device complying with the rules and regulations of the Michigan Manufactured Home Commission and shall have a foundation wall as required in this Section.
2. Be installed with the wheels removed and not have any exposed towing mechanism, undercarriage or chassis.
3. Have all construction and plumbing, electrical apparatus and insulation within and connected to the manufactured house be of a type and quality conforming to the Manufactured Home Construction and Safety Standards as promulgated by the United States Department of Housing and Urban Development, 24 CFR 3280, as amended, and comply with all applicable building and fire codes.

(Ord. No. 2018-69, § 1, 12-18-18; Ord. No. 2019-09, § 1, 3-26-19)

Sec. 5.2.08. Accessory Structures.

A. *Permits.* All accessory structures shall require a Zoning Permit prior to construction.

B. *Mixed-Use Commercial Zone Districts, Neighborhood Office Service District, and Special Districts.*

1. Accessory structures shall comply with applicable setback and height restrictions specified for the Zone District in which the accessory use or structure is located.

2. Not more than one (1) detached accessory building is permitted per lot. The area of the permitted accessory building shall not exceed twenty-five (25) percent of the ground level gross floor area of the main building.

C. *Principal Use Required.*

1. Unless otherwise expressly allowed in this Chapter, accessory structures shall be permitted and maintained only in conjunction with a principal use and a main building or structure on the same lot.

2. Accessory structures may only be constructed at the same time as or after the construction of the main building or structure on the same lot.

3. If the main building or structure is destroyed, demolished or removed, any accessory buildings or structures on the same lot shall be removed within sixty (60) days, unless a permit for construction of a new main building has been approved.

D. *Public Right-of-Way or Easement.* In no instance shall an accessory structure be within a public right-of-way or easement, unless otherwise permitted in an easement agreement.

E. *Architectural Compatibility.*

1. Any accessory structure that is one hundred twenty (120) square feet or larger shall be similar in architecture to the main building in its form and slope of roof. Exterior finish materials shall be those materials customarily used for residential construction, and shall be similar in placement and orientation to the main building.

2. No accessory structure shall be constructed with a tubular frame construction or with canvas, plastic film, or similar exterior material that does not provide long-term durability.

F. *Carport.* A carport shall comply with the location requirements applicable to either an attached or detached accessory structure.

G. *Attached Structures.* An accessory structure which is structurally attached to a main building shall be subject to all setback regulations applicable to the main buildings. In addition, attached garages within the Traditional Neighborhood (TN) and Mid-20th Century Neighborhood (MCN) Zone Districts shall be at least five (5) feet behind the façade of the main building.

H. *Residential Accessory Buildings.*

1. *Single-Family and Two-Family Dwellings.*

   a. One (1) detached and one (1) attached accessory structure is permitted.

   b. Except as permitted in Section 5.9.03, and as noted below, the height and combined gross floor area for all attached and detached accessory structures shall not exceed the dimensions based on the requirements of Table 5.2.08.G.1.

Table 5.2.08.G.1. Residential Accessory Structures for Single- and Two-Family and Non-Residential Uses

Lot Area (sq. ft.)	GFA (sq. ft.) Total	Height (ft.)
Traditional Neighborhood (TN)		
Less than 5,000	624	14
5,000—7,499	832	14
7,500—10,999	936	14
11,000—21,999	1,000	16
22,000 or more	1,200	16
Mid-Century Neighborhood (MCN)		

Table 5.2.08.G.1. Residential Accessory Structures for Single- and Two-Family and Non-Residential Uses		
Lot Area (sq. ft.)	**GFA (sq. ft.) Total**	**Height (ft.)**
Less than 5,000	624	14
5,000—7,499	832	14
7,500—10,999	936	14

Table 5.2.08.G.1. Residential Accessory Structures for Single- and Two-Family and Non-Residential Uses		
Lot Area (sq. ft.)	**GFA (sq. ft.) Total**	**Height (ft.)**
11,000—21,999	1,000	16
22,000 or more	1,200	16
Modern Neighborhood (MON)		
Less than 5,000	832	14
5,000—7,499	936	14
7,500—10,999	1,000	16
11,000—21,999	1,200	16
22,000 or more	1,500	16
All Neighborhoods		
Lots of 1 acre or more	1,200 (each structure) by Administrative Departure (see Section 5.2.08.G.3.)	16

2. *Multiple-Family Uses.*

   a. Accessory structures may exceed the gross floor area of Table 5.2.08.G.1. for total garage or carport space up to the necessary GFA to meet the required number of parking spaces in Article 10. All other requirements of this Chapter shall be met.

   b. Administrative Departures. An Administrative Departure may be approved to permit additional GFA for garage or carport space for multiple-family uses above the minimum requirements of Article 10 for up to two (2) spaces per dwelling unit, provided the applicant can demonstrate a need for the space and all other requirements of this Chapter are met.

I. *Residential Detached Structures.*

1. The structure shall be placed at or behind the front wall of the main building, and at least six (6) feet from the main building, excluding decks and patios. The structure shall be at least three (3) feet from a side lot line or another accessory structure, excluding decks and patios.

2. Interior lots.

   a. If less than sixty (60) feet from the front lot line, a detached accessory structure shall not encroach into the required front yard and side yard setbacks.

   b. If sixty (60) feet or more from the front lot line and no nearer the front lot line than the main building, the wall(s) of a detached accessory structure shall be a minimum of three (3) feet from the side and rear lot lines.

   c. City building codes require fire safety measures if less than five (5) feet from the lot line.

3. Corner, Through and Waterfront Lots.

   a. Corner Lots. Detached accessory buildings shall not be within a front yard and shall be set back a minimum of three (3) feet from a side lot line.

   b. Through and Waterfront Lots.

      i. Side yard setback requirements shall be met.

      ii. For through lots, front yard setbacks shall be met on the frontage deemed by the Director to be the less predominant frontage as provided Section 5.2.05.E.2.

      iii. For waterfront lots, all front yard setbacks shall be met.

4. Alley. An accessory structure shall be at least three (3) feet from an alley right-of-way. See also Section 5.10.03.F. regarding driveways.

5. The following shall not be counted toward the number or area of permitted detached accessory structures:

   a. Trellises, pergolas arbors or other similar structures;

   b. Gazebos that are two hundred and fifty (250) square feet in area or smaller;

   c. Landscape features, such as small ponds, outdoor kitchens, spas, and fire pits;

   d. Sport courts;

   e. Swimming pools or hot tubs and changing rooms that are two hundred and fifty (250) square feet in area or smaller;

   f. Solar panels;

   g. Decks, patios; and

   h. Other similar structures as determined by the Director.

6. Administrative Departure. An Administrative Departure may be approved to allow the wall(s) of a detached accessory structure to within one (1) foot of the side or rear lot line, where topography, natural features, or other site constraints exist, where there are no detrimental effects on adjacent properties, and where applicable fire safety provisions of the City's building codes are met. A property survey and scaled site plan shall be submitted.

J. *Additional Accessory Structures.*

1. In addition to the accessory structure(s) provided for in this Section, one (1) accessory structure, such as an enclosed play structure or storage structure, of one hundred twenty (120) square feet or less and up to fourteen (14) feet high may be permitted in the rear yard on a lot with a residential use. A setback of at least three (3) feet from any lot line shall be provided.

2. For community gardens and other similar uses, one (1) accessory structure of one hundred twenty (120) square feet or less and up to fourteen (14) feet high may be erected for storage of supplies and materials related to the use. An additional structure of the same size and height may be added for properties exceeding three (3) acres. The structure(s) shall meet all setback requirements of the Zone District.

K. *Prohibited Structures.*

1. No mobile home, trailer, vehicle, tank, boat, container, railroad car, dumpster, barrels, crate, furniture, tent, junk object or salvage materials or similar items shall be used as an accessory structure or storage structure.

2. Living or sleeping quarters, temporary or permanent, in an accessory structure or other building (except as an Accessory Dwelling Unit as provided in Section 5.9.03), travel trailer, motor home or other recreation vehicle, auto chassis, boat or portable building, are prohibited.

L. *Minimum Greenspace.* Accessory structures are subject to minimum greenspace calculations as established within each Zone District."
(Ord. No. 2018-32, § 1, 6-5-18)

Sec. 5.2.09. Swimming Pool Placement.

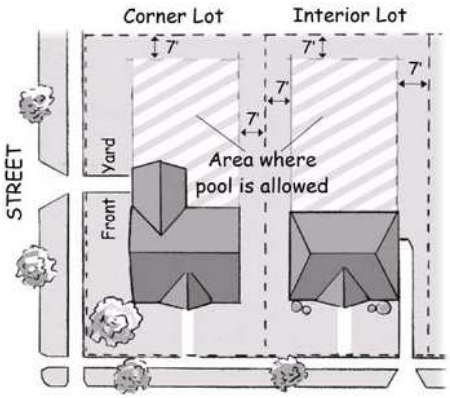
A. In addition to the provisions of this Section, all applicable requirements of Chapter 131 General Building Regulations shall apply.

B. *Residential Lots.*

1. *Interior Lots.* A swimming pool shall only be in the rear yard, and the pool wall/edge set back at least seven (7) feet from the rear and side lot lines.

2. *Corner Lots.* A swimming pool may only be in the side yard, with a setback of at least seven (7) feet from the pool wall/edge to a side lot line, and no nearer to a street than the main building.

C. Patios, decks, concrete surrounds, or the like shall comply with the setback requirements of Section 5.2.05.F.3.



5.2.09.B. Swimming Pool Placement

Sec. 5.2.10. Arbors and Trellises.

A. Arbors, trellises, pergolas and similar structures may be in any yard provided they comply with clear vision requirements and are at least three (3) feet from front and side lot lines.

B. Arbors, trellises and pergolas may not be higher than six (6) feet in the front yard or fourteen (14) feet in other yards, and set back at least five (5) feet from the side or rear lot lines.

Sec. 5.2.11. Fences and Walls.

A. *Permits.* All fences and walls higher than thirty (30) inches shall require a Zoning Permit.

B. *Requirements.*

1. *Workmanship, Materials, and Maintenance.*

   a. Walls and fences shall be constructed using quality workmanship.

   b. Walls shall be made of masonry, decorative block, poured concrete, brick, stone or other high-quality, appropriate material. The material used shall be compatible with material used in construction of the main building.

   c. No fence or wall shall be left in an unfinished state, such as openings on top of walls, uncapped fence posts (unless so designed), or other similar condition.

   d. The finished side of a fence shall face outward toward abutting lots and rights-of-way.

   e. Wrought iron or decorative aluminum fences shall not have exposed pointed ends, but may have finials with flat ends.

   f. Fences shall be made of ornamental metal, rot-resistant wood, chain link or other high-quality, durable materials.

   g. Densely landscaped areas, such as hedges and closely spaced bushes or other plant materials, may be considered a fence when they have the effect or accomplish the purposes normally associated with fences, such as creating privacy or separation. See Section 5.11.12. Landscape Buffers.

h. Maintenance. Walls and fences shall be maintained in good repair and in safe and attractive condition, including but not limited to replacement of missing, decayed or broken structural and decorative elements with the same materials and removal of graffiti.

i. Prohibited Material.

i. Chain link fence material is not permitted in a front yard unless otherwise permitted in this Section.

ii. Chain link fences with slats are not permitted unless approved by the Planning Director and only where the fence location will not be generally visible from the public right-of-way.

iii. Unless otherwise required by a public entity or utility to protect power, food or water supplies, barbed, razor, concertina, electrified, or other similar wire is not permitted.

iv. In the SD-IT District an additional two (2) additional feet of height to accommodate barbed and similar wire fencing is permitted, not to exceed a maximum or overall height of ten (10) feet and only in the side and rear yard.

2. *Front Yard Fences.*

a. *Residential Zone Districts.* The first five (5) feet of the side yards of a lot shall comply with the fence and wall requirements for a front yard in Table 5.2.11.C. where the front setback is ten (10) feet or less.

b. *Non-Residential Uses.* Any fence in a front yard of a non-residential use shall consist of a decorative aluminum or wrought iron picket fence.

c. *Waterfront Lots.* The area of a waterfront lot between the main building and the natural body of water is a front yard per Section 5.2.05.E. and shall follow the requirements for front yard fences, except that a solid fence, wall or screening of any kind shall not be permitted in this yard area.

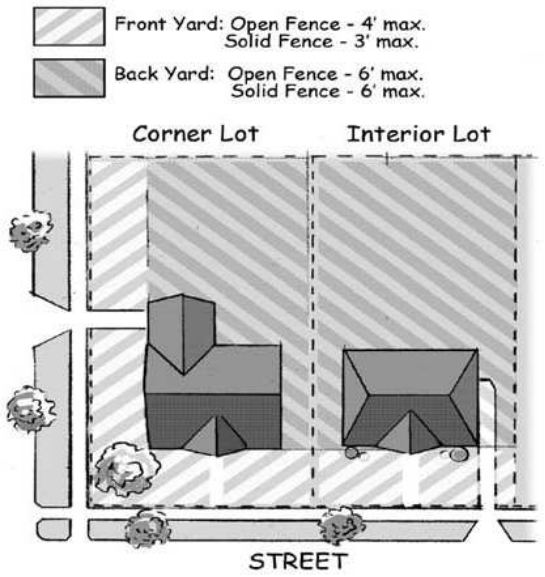
3. *Clear Vision Areas.* No fence, wall, screen or planting material shall be erected or maintained in any location that shall obstruct the vision of motorists at street intersections or driveways, per Section 5.2.15. of this Chapter.

4. *Setbacks and Right-of-Way.* Fences shall be outside of the public right-of-way and set back at least one (1) foot from the right-of-way line. Fences may otherwise be on the property line.

5. *Vacant Lot.* The placement of a fence or wall on a vacant lot shall be permitted. The requirements for walls and open fences shall apply. The requirements of Table 5.2.11.C shall be met when a fence or wall is erected between the lot line and the required setbacks of the District.

6. *Buried Electronic Fences.* Electronic fences buried beneath the ground are permitted in all Zone Districts outside of public rights-of-way.

C. *Maximum Height.* Height shall be measured from grade at the lowest point within three (3) feet of the fence or wall, perpendicular from its plane. Height shall be measured from the established grade line to the highest point, including posts and finials. The use of a berm or other feature to artificially increase height is prohibited.



5.2.11.C. Maximum Fence Height.

Table 5.2.11.C. Maximum Fence and Wall Height

Maximum Height by Type (ft.)		Residential Uses[6]		Non-Residential and Other Uses[5]	
		Yards			
		Front	Side/Rear	Front	Side/Rear
Open fences[1]		4	6	4	6
Solid fences and walls[2]		3	6	3	6
Retaining wall[3]		3	8	6[3]	10
Parking lot screen along ROW[4]	Minimum	3		3	
	Maximum	4		4	

[1]Open fences shall be considered chain link (side/rear yard only), aluminum or wrought iron or other decorative metal fence, as well as picket or board fence with spacing between boards equivalent to the board width of that fence.

[2]Solid fences and walls are constructed of opaque materials and block the passage of light. An Administrative Departure is required to permit chain link fences with slats.

[3]Retaining walls may be tiered with separate spacing equivalent to the height of each installed wall section (e.g. wall height is three (3) feet, spacing to next wall shall be three (3) feet) to allow for the planting of vegetation. A single row of shrubs with a maximum on-center spacing of five (5) feet shall be located at the base of a retaining wall that is greater than three (3) feet tall within the front yard. Shrubs shall be a minimum of thirty (30) inches at the time of planting and at least four (4) feet high within four (4) years. Climbing plants, such as ivy may be permitted as an alternative with Director approval.

[4]See Section 5.11.11. for parking lot screening requirements.

[5]See Section 5.7.04.E. for required screening of outdoor storage in the SD-IT District, as well as Section 5.2.11.B.1. Prohibited Materials.

[6]See Section 5.2.11.B.2. for waterfront lots.

D. *Administrative Departures.*

1. The height, opacity and retaining wall requirements of this Section may be modified where an adequate clear vision area is present, no detriment to neighboring properties would be created and it is clearly demonstrated that due to topography, natural features, lot configuration or other site-related issue that the requirements of this Section cannot be satisfied.
2. In Mixed-Use Commercial Zone Districts, two (2) feet may be added to the maximum fence height in side or rear yards where it is demonstrated topography, natural features, lot configuration or security makes the additional height necessary and would not be detrimental to neighboring properties.
3. Vinyl coated chain link fencing may be permitted in the front yard of a property in a SD-IT or other non-residential Zone District where the fence would not be visible from a public right-of-way or materially affect the character of a neighborhood.

(Ord. No. 2018-32, § 2, 6-5-18)

Sec. 5.2.12. Repair and Storage of Vehicles in Residential Zone Districts.

A. *Repair.* In all residential Zone Districts, mechanical work and repair of motor vehicles, boats, travel trailers, snowmobiles, recreational vehicles or any other similar vehicles, licensed to, registered in the name of, and solely for the personal use of the dwelling occupant is permitted with the following conditions:

1. Not more than one (1) vehicle shall be under repair at any given time.
2. There shall be no outside storage of vehicle parts or equipment.
3. Repair activities shall not create excessive noise, vibration, odor or other nuisances to neighboring properties.

B. *Outdoor Recreational Vehicle Storage.*

1. *Number Permitted.*
   a. Outdoor storage or use of one (1) operable recreational vehicle, not exceeding a length of twenty-five (25) feet (excluding the hitch, bumper and other towing attachments), is permitted within a Residential Zone District in accordance with this Section.
   b. One (1) additional operable vehicle shall be permitted on any lot over twenty-two thousand (22,000) square feet.
2. Recreational vehicle storage shall only be permitted on a lot on which a principal use is present.
3. *Location.*
   a. Except as expressly provided in this Section, vehicle storage shall only be in the rear yard. The vehicle may be stored in the side yard if storage in the rear yard is not possible on an interior lot because of specific conditions related to the lot, such as lot size, topography, or other natural features. Vehicles shall not be closer than four (4) feet from the side lot line and shall be screened from the adjacent property by a six (6) foot high solid fence or hedge.
   b. On corner lots, the recreational vehicle may be parked or stored in a side yard no closer than four (4) feet from the side lot line, provided it is not closer to a street than the main building, is not in a front yard, and is screened from the adjacent property by a solid fence or hedge six (6) feet in height.
4. One (1) recreational vehicle may be parked on a driveway from May 1 through October 31, provided the vehicle is maintained in good condition, is parked a minimum of six (6) feet from

any structure on an adjacent property, is at least fifteen (15) feet from the front lot line and clear vision for pedestrians and vehicles is otherwise maintained, and is not being occupied or repaired.

C. *Commercial Vehicles.* No commercial vehicle shall be parked or stored on any property in a Residential Zone District unless within a completely enclosed building, except that one (1) commercial vehicle of three-quarter (¾) ton size or smaller may be parked in a residential driveway. Commercial vehicles are permitted to park temporarily while engaged in the delivery, pickup or service to the subject property.

Sec. 5.2.13. Commercial Waste Receptacles and Enclosures.

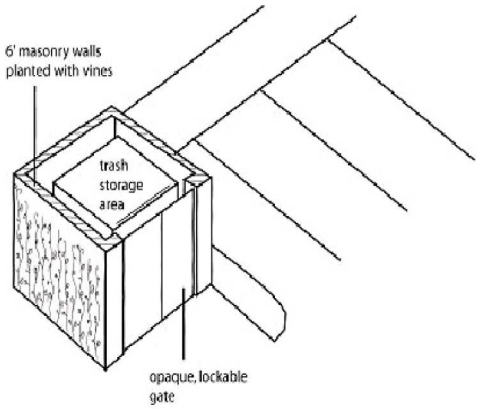
A. *Applicability.* The requirements of this Section shall apply to all properties using a receptacle, other than a residential waste container, that is used for the purpose of waste removal, recycling, or reuse of household waste, household goods, clothing, or similar materials.

B. *Enclosure.*

1. All outdoor waste, recycling and compost receptacles, including grease barrels, shall be enclosed on three (3) sides and screened. The fourth side of the enclosure shall consist of a gate, made of wood, vinyl, or other high quality material, as determined by the Director. If the waste receptacle is a dumpster, it shall have an enclosing lid or cover which shall remain closed when not in use.
2. Residential compost receptacles shall be subject to the provisions of Section 9.108 of the City Code.

C. *Materials.* The enclosure shall be constructed of brick or decorative textured block wall to recognize the permanence of the structure, reduce maintenance requirements and lessen the opportunity for graffiti or vandalism. The enclosure shall be consistent with the building materials of the main building. Steel or concrete bollards shall be installed to assist in the positioning of dumpsters and to protect the enclosure.

D. *Size.* The waste receptacle base shall be at least nine (9) feet by six (6) feet in area, constructed on six (6) inches of reinforced concrete pavement. The base shall extend six (6) feet beyond the waste receptacle pad or gate to support the front axle of a refuse vehicle. The enclosure shall have a minimum height of six (6) feet or one (1) foot above the height of the waste receptacle, whichever is greater. The enclosure shall have at least three (3) feet of space on each side of the waste receptacle.



5.2.13. Waste Receptacles & Enclosures

E. *Placement.*

1. *Preferred placement.* When possible, the back side of the waste receptacle enclosure should be placed against the building, which may act as one (1) side of the enclosure.
2. *Front yard.* Waste receptacles and enclosures shall not be placed in the front yard.
3. *Rear and side yards.* Waste receptacles and enclosures shall be in the rear or side yard and not closer than three (3) feet from the rear or side lot line, unless otherwise approved by the Director where no other practical location is present.

4. *Residential use adjacent.* Waste receptacles and enclosures shall be placed a minimum of twenty (20) feet from an adjacent residential use.

5. *Landscape Buffer.* A waste receptacle enclosure shall not be placed within a required landscape buffer area, as described in Section 5.11.12.

F. *Access.* Waste receptacles shall be easily accessed by refuse vehicles without the potential to damage vehicles parked in designated parking spaces or interfering with the normal movement of vehicles on or off the site.

G. *Administrative Departure.* An Administrative Departure for enclosure materials and the placement of an enclosure may be granted. In granting a waiver from the placement requirements, the Director shall take into consideration the proximity of adjacent residential structures, topography, natural features, existing screening or other barriers, and operational requirements for trash removal that would mitigate potentially adverse effects.

Sec. 5.2.14. Building Transparency.

A. *Clear Glass.* Glass in windows, doors, and display windows shall be transparent to insure a safe, pedestrian-oriented environment. Glass shall be clear or lightly tinted and have a measurement of seventy (70) percent or greater VLT. A glass sample must be provided with the performance values listed on the sample as needed for project review.

B. *Measurement.* Transparency requirements shall apply as follows:

1. For non-residential ground-floor uses, the area of the front and sides of a building between two (2) and eight (8) feet above the sidewalk (or ground level adjacent to the building if a sidewalk is not present) shall be used to measure transparency.

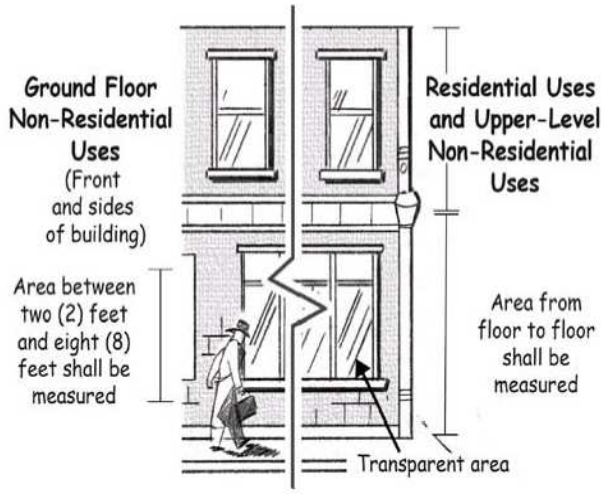
2. For residential uses and for upper level non-residential uses, the area from floor to floor shall be used to measure transparency. For single-family and two-family dwellings, main entrance doors (not including storm doors) which contain a window shall be counted toward the minimum transparency requirement for the building wall facing the street.

3. Only those windows and door areas arranged so that active uses within the building are visible from or accessible to the street shall be counted toward meeting transparency requirements. Enclosed product display windows and other similar elements that do not permit clear visibility into the interior of the building shall be omitted from transparency calculations.

C. *Reflective Surfaces.* The use of highly reflective surfaces, including reflective glass and mirrors, is prohibited on the ground floor.

D. *Security Shutters.* Exterior steel barriers, hurricane curtains and other security devices are not permitted on the exterior of the building. If located inside a building, they may not be visible from the sidewalk or public right-of-way during business hours.

E. *Parking Areas.* A minimum of six (6) square feet of clear window area for every forty (40) linear feet or portion thereof of the wall(s) of a building that faces a parking area shall be required. The window shall be placed so that the parking area may be readily viewed from inside the building.



5.2.14.B. Transparency Measurement

F. *Stairwells.* Where stairwells are introduced to the outer building wall of a development, the exterior of the stairwell and exit door shall be at least seventy (70) percent transparent.

G. *Cash Register Viewing Window.* The cash register for a convenience/package goods store use shall be clearly visible from the street. The viewing window shall be at least twenty (20) square feet in size and consist of clear glass. No signs shall be posted on the viewing window.

H. *Exceptions.* Transparency requirements do not apply to portions of structures in assembly area of theaters, auditoriums, religious institutions, and similar uses, provided that the building wall is enhanced by architectural detailing, artwork, landscaping or similar features. Façade variation requirements contained elsewhere in this Chapter shall be met.

I. *Administrative Departures.*

1. Administrative Departures may be granted for any requirement of this Section.

2. Approved Administrative Departures may be required to provide mitigation measures such as the addition of architectural elements, display windows with a minimum 12-inch depth, a green wall or landscaping.

3. Administrative Departures may be granted where:

    a. It is demonstrated by the applicant that transparency would be significantly detrimental to the operation or security of the proposed use;

    b. Sloping grades would make the introduction of windows impractical;

    c. All sides of a building are adjacent to the public right-of-way and/or an urban open space;

    d. Any side of a building abuts an outdoor service area, such as loading spaces, trash removal operations, ground level mechanical facilities, or similar use; or

    e. A building that has a side yard setback less than five (5) feet which abuts an interior lot and transparency requirements are in conflict with the City's building codes.

Sec. 5.2.15. Clear Vision Areas.

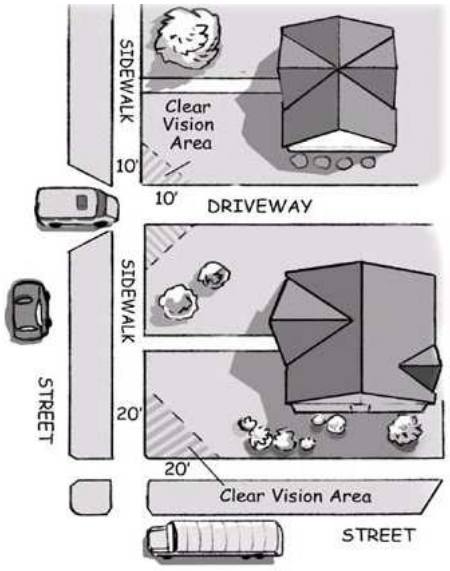
A. *Requirement.* Clear vision areas are required in locations where an unobstructed view of approaching traffic is necessary for the safety of pedestrians, bicyclists and drivers. A clear vision area is typically, but not exclusively, a triangular area at the intersection of two (2) streets, or a street and a driveway; however, clear vision areas may be required at other locations identified in this Chapter and in Chapter 51 Streets, Article 8 of the City Code.

B. *Measurement.* At the intersection of two (2) streets or the intersection of a street and a driveway, the required clear vision area shall be established as follows:

1. *Street Corners.* For streets, twenty (20) feet along each lot line starting at the intersection of the lot lines, and connected by a straight line to form a triangular area. In the case of a rounded corner, the measurement shall be taken from the intersection of the front lot lines extended.
2. *Driveways.* For driveways, ten (10) feet along the lot line and the driveway starting at the intersection of the lot line and the closest edge of the driveway, and connected by a straight line to form a triangular area.
3. *Other Required Areas.* For other required clear vision areas, refer to the standards established in Chapter 51, Article 8 of the City Code.

C. *Landscaping or Structures.*

1. No plantings, signs, fences, walls or other structures exceeding thirty (30) inches in height shall be established or maintained in clear vision areas, except as otherwise allowed in this Chapter or in Chapter 51, Article 8 of the City Code.
2. The Traffic Engineering Department may require a reduction in the height of any screening improvement or a different location of a new building or structure otherwise required in this Chapter to ensure an adequate clear vision area for driveways and streets. These limitations shall be required only for that portion of the building, structure or screening improvement necessary to provide an adequate clear vision area.



5.2.15. Clear Vision Areas.

D. *Administrative Departure.* A new building or structure may be located within a clear vision area, provided the Traffic Engineering Department concurs with the findings of an independent engineering study provided by the applicant that demonstrates that the siting of the new building or structure allows proper stopping sight distance as defined in A Policy on Geometric Design of Highways and Streets, as amended, by the American Association of State Highway and Transportation Officials (AASHTO).

Sec. 5.2.16. Street and Intersection Widening.

Any project that would widen a street or intersection within a Street Conservation Area shall be submitted to the Planning Commission for review and recommendation prior to final authorization by the City Commission in accordance with Administrative Policy 97-01 Street and Intersection Widening - Planning Commission Review Procedures.

Sec. 5.2.17. Essential Services.

A. *Applicability.* Essential services shall be permitted in all Zone Districts subject to Director Review to determine that the yard, parking, landscaping and screening and other requirements are met, and are designed to be compatible with surrounding uses.

B. *Authority.* Accessory facilities, which are determined by the Director, Public Works Director and City Engineer to be necessary in support of essential services, may be permitted in any Zone District.

C. *Concealed Enclosure.* The outdoor enclosure of above-ground essential service utilities shall be screened using a permanent brick or decorative textured block wall to recognize the permanence of the new infrastructure, reduce maintenance requirements and lessen the opportunity for graffiti or vandalism.

D. *Administrative Departure.* An Administrative Departure may be granted and alternative enclosure or screening materials used in the operation of the utility would be adversely affected by this requirement.

Sec. 5.2.18. Outdoor Canopies.

A. *Design.*

1. A canopy may be either attached or detached from the main building.
2. A canopy shall have an architectural and design treatment, including materials and colors, which is substantially similar to the main building. A canopy shall use a similar roof form, pitch, and materials in order to resemble the roof covering of the main building. Any supporting columns shall be coordinated with the design of the main building.
3. Except as permitted in Section 5.9.24., Outdoor Seating Areas, a canopy shall not cover architectural details, transparency or the expression line of the main building.
4. Except as otherwise permitted in Section 5.9.24., Outdoor Seating Areas, a canopy structure shall not be enclosed.
5. If any part of the canopy is illuminated, highly reflective material shall not be installed on the underside of the canopy.

B. *Height.* A canopy shall have a minimum ground clearance of eight (8) feet over public sidewalks and a minimum ground clearance of fourteen (14) feet over any vehicular driveway or parking area. A canopy shall not exceed the height of the main building.

C. *Setback/RBL Requirement.* A canopy structure shall comply with all minimum building setback requirements or Required Building Line applicable to the main building.

D. *Sides.* Each side of a pump canopy shall be considered a separate façade.

E. *Lighting.* See also Section 5.2.19. Outdoor Lighting.

1. All lighting on the underside of a canopy shall be fully recessed.
2. No portion of any canopy may be externally illuminated.
3. Fuel station canopy. A maximum of twenty-five (25) percent of a fuel station canopy visible from a public street may be internally illuminated.

F. *Signs.* Signs on canopies are subject to the requirements of Article 15.
(Ord. No. 2019-30, § 1, 7-23-19)

Sec. 5.2.19. Outdoor Lighting.

A. *Purpose.* The purpose of this Section is to provide reasonable regulations to direct the location, design, illumination level and use of outdoor lighting to minimize its undesirable effects. Specifically, this Section is intended to promote the public health, safety and general welfare of the City of Grand Rapids by:

1. Maintaining safe night-time driver performance on public streets by minimizing both brightly lit surfaces and lighting glare;
2. Promoting lighting that provides security but protects the privacy of adjacent properties;
3. Allowing lighting that is not unduly intrusive or a nuisance to nearby residents, property occupants, and drivers; and
4. Eliminating intrusive artificial light and lighting that unnecessarily contributes to sky glow and energy consumption.

B. *Lighting Plan.* The following information shall be included for all Director Reviews and Site Plan Reviews. Where neither type of approval is required, any of the following items may be required by the Director prior to lighting installation.

1. A site plan drawn to a scale of no more than one (1) inch to thirty (30) feet showing the buildings, landscaping, parking and service areas, and location and type of all proposed outdoor lighting, including the building lighting.
2. A photometric grid overlaid on the proposed site plan. A photometric plan shall indicate lighting levels at ground level based on no greater than a twenty-five (25) foot on-center grid and shall project twenty-five (25) feet onto adjacent properties or to the setback limit line, whichever is greater. Illumination levels shall also be measured for all surrounding streets at the public right-of-way.
3. An analysis showing that the proposed installation conforms to the lighting level standards in this Chapter. All lighting shall have the intensities and uniformity ratio consistent with the *Lighting Handbook* of the Illuminations Engineering Society of North America (IESNA).
4. Specifications for all proposed lighting fixtures including mounting heights, photometric data, designation as sharp cut-off fixtures by IESNA, Color Rendering Index (CRI) of all lamps (bulbs), and other descriptive information on the fixtures.

C. *Outdoor Lighting.*

1. *Type.* All outdoor lighting, including freestanding, canopy, pole, and building mounted, shall be fully shielded and directed downward to prevent off-site glare and illumination. No portion of the lamp, reflector, lens, or refracting system may extend beyond the housing or shield, with the exception of pedestrian lighting.
2. *Intensity - General.* The intensity of light within a site shall not exceed ten (10) footcandles within any part of the site and one (1) footcandle at any lot line, except where it abuts or faces a Residential Zone District or residential use, a maximum of 0.5 footcandles is permitted.
3. *Intensity - Vehicle Fuel or Outdoor Sales Areas.*
   a. In areas where lighting levels from existing, similar vehicle fuel stations or outdoor vehicle sales areas or other illuminated areas are on both sides of the lot and across the street, up to eighty (80) percent of the existing light levels may be used.

b. For vehicle fuel station canopies and outdoor vehicle sales areas that do not meet the location requirement in Subsection C.3.a. above, an Administrative Departure may be granted for a maximum of twenty (20) footcandles within the site, provided the requirements of Subsection C.2. above apply at the lot line.

4. *Uniformity Ratios.* To maintain uniformity in light levels across a development and prevent or minimize dark areas, the ratio of maximum to minimum lighting levels on a given lot is measured in footcandles at ground level, and shall not exceed a ratio of fifteen-to-one (15:1). Parking lots shall maintain the same uniformity ratios as the main building or principal use served.

5. *Height.* Height shall be measured from the ground to the top of the light fixture. Except as otherwise required, the height of fixtures in a Residential Zone District or within two hundred (200) feet of that district shall not exceed the following light source to ground level height limits, except as may be permitted by the Planning Commission.

   a. Twenty-two and one-half (22½) feet for parking lots.

   b. Twenty (20) feet for sidewalks and pathways.

6. *Fixtures.*

   a. All outdoor fixtures, including building mounted fixtures, shall be full cut-off, shielded fixtures as defined by IESNA.

   b. Poles for lighting fixtures shall be of a fixed height. Adjustable poles are prohibited.

   c. High Intensity Discharge (HID) fixtures shall be used in an effort to maintain a unified lighting standard throughout the city and prevent "sky glow." High pressure sodium fixtures shall be prohibited.

   d. The Director may approve decorative light fixtures as an alternative to shielded fixtures when it can be demonstrated that there shall be no off-site glare or illumination and the proposed fixtures will improve the appearance of the site.

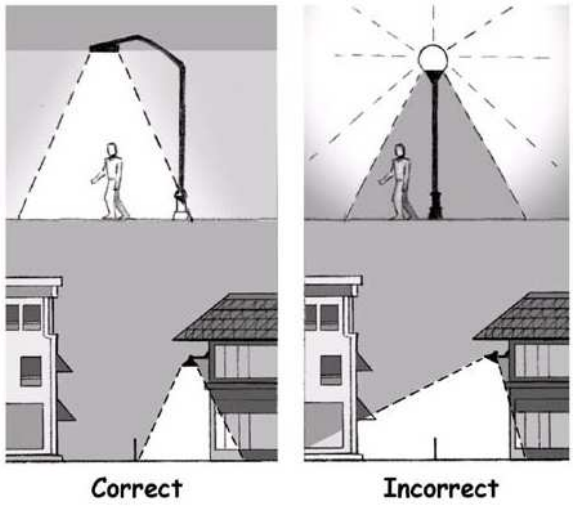
7. *Light Poles.* The base of light poles in parking areas shall be either flush with grade or mounted on a concrete foundation projecting no more than thirty-six (36) inches above grade. The base of light poles in non-parking areas shall be either flush with grade or mounted on a concrete foundation projecting no more than six (6) inches above grade.

D. *Lighting Reduction.*

1. *Hours.*

   a. On all non-residentially developed lots which contain a minimum of four (4) parking lot light poles, parking lot lighting levels for ground surface parking lots and the top levels of parking decks or structures must be reduced by at least fifty (50) percent of full operational levels within thirty (30) minutes after the close of business.

   b. Lighting levels may be reduced by turning off fifty (50) percent of the parking lot lights or by dimming parking lot lighting levels to no more than fifty (50) percent of the levels used during business or activity hours within thirty (30) minutes of the close of business, or by some combination thereof.



5.2.19.C Outdoor Lighting.

2. *Security.*

   a. Given that a certain minimum lighting level is recommended for safety and security purposes, this provision does not require parking lot lighting levels to be reduced to less than 0.2 footcandles as measured horizontally at the surface on which the light pole is mounted.

   b. The need for security lighting (e.g. the lighting for safety of persons and property) shall be demonstrated. To the extent that an area is illuminated for other purposes, independent security lighting is not allowed.

   c. All security fixtures shall be shielded and aimed so that illumination is directed only to designated areas. In no case shall lighting be directed above a horizontal plane through the top of the lighting fixture, and the fixture shall include full cut-off shields that prevent the light source or lens from being visible on adjacent lots and streets. The use of general floodlighting fixtures is not allowed.

E. *Architectural Lighting.* When buildings and structures are to be illuminated, the Director shall approve a design for the illumination using the following requirements.

1. *Direction of Lights.* Lighting fixtures shall be carefully sited, aimed and shielded so that light is directed only onto the building façade. Lighting fixtures shall not be directed toward adjacent streets, streets or properties, and light shall not trespass onto surrounding properties.

2. *Façade Lighting.* Lighting fixtures mounted on the building and designed to wash the façade with light are permitted. Ground or pole-mounted floodlights are not permitted for façade lighting.

3. *Accent Lighting.* Luminous tube (neon), string lighting, LED or fluorescent lighting may be allowed as an architectural detail on the exterior of any structure, provided that such lighting shall not completely outline or define property lines, sales areas, roofs, doors, windows or similar areas in a manner that is not primarily for safety purposes. Accent lighting may be

approved by a Director Review upon determining that the accents would not cause off-site glare or light pollution and that lighting is not intended to be used as the equivalent of a sign. Notwithstanding, seasonal lighting displays, including string lighting, may be allowed without Director Review in conjunction with a nationally recognized holiday provided such displays are strung no sooner than sixty (60) days before the holiday and shall be removed within twenty (20) days following the holiday.

4. *Landscape Lighting.* The illumination of landscaping shall not generate excessive light levels, cause glare, or direct light beyond the landscaping.

F. *Temporary Light Display in TN-CC Zone District.*

1. Temporary light displays are permitted in connection with planned events at the following uses only.
   a. An arena with a seating capacity of ten thousand (10,000) persons or more; and
   b. A convention center having one hundred thousand (100,000) square feet or more of floor area.
2. These displays shall only be permitted on the premises in which the event is held.
3. For each qualifying use, these displays shall be permitted for up to ten (10) events each year and may be displayed for a maximum of eight (8) days for each event. The location, number, size and general character of these displays shall be approved by the Director.
4. Sign Permit. A sign permit is required for all temporary light displays allowed in this Section.

G. *Other Lighting Requirements.*

1. Indirect illumination of signs, canopies, bollards and buildings is permitted provided a maximum one hundred twenty-five (125) watt bulb is used and placed or shielded to prevent glare.
2. Electrical feeds to lighting standards shall only run underground.
3. The use of a laser light source, search lights or any similar high intensity light for outdoor advertisement or entertainment is prohibited, except as permitted in the TN-CC Zone District under Section 5.2.19.F.
4. Lighting shall not consist of or have the appearance of movement or flashing components, except as otherwise permitted in this Chapter.

H. *Public Street Lighting.* The cost of installing and operating approved street lighting on any public street shall be through a financial method approved by the City or by the Michigan Department of Transportation. The costs of all other lighting systems shall be borne by the developer/property owner.

I. *Exemptions.* The following outdoor light fixtures are exempt from the provisions of this Section.

1. Outdoor light fixtures installed prior to the effective date of this Chapter. Fixture replacements shall comply with the requirements of this Section in accordance with the provisions of Section 5.3.06.C. to the extent that the overall appearance of the site is not adversely affected. The Director may require that existing light fixtures be redirected in conditions where excessive glare onto adjacent properties and roadways creates a nuisance or safety concern.
2. Streetlights within a public right-of-way.
3. Pedestrian walkway ground lighting.

4. Outdoor light fixtures which use an incandescent light bulb of one hundred fifty (150) watts or less, except where they create a hazard or nuisance from glare or spillover light.
5. Lighting necessary for street or utility construction or emergencies.
6. Lighting necessary for designated recreational fields or similar uses that cannot reasonably comply with the standards and provide sufficient illumination of the recreational field for safe use, following IESNA standards. The fixtures shall be aimed so that their beams are directed and fall within the primary playing or performance area. Lights shall be turned off within one-half (½) hour of the completion of the event.
7. Government facilities, parks and open areas, public utility facilities, and other uses where sensitive or dangerous materials are located may submit a Site Security Plan to the Director requesting deviations from the requirements of this Section. The Plan may be approved, or approved with conditions, upon finding that:
   a. The lighting is necessary for adequate protection of the public;
   b. The condition, location, or use of the land, or history of activity in the area, indicates the land or any materials stored or used on it are in greater danger of theft or damage, or members of the public are at greater risk for harm than on other property; and
   c. The deviations do not have a significant adverse effect on neighboring areas.

J. *Administrative Departure.* An Administrative Departure from the requirements this Section may be granted if it is determined that proposed lighting otherwise meets the purposes of this Section and does not adversely affect the health, safety and welfare of the public.

Sec. 5.2.20. Infrastructure and Service Needs.

A. *Purpose and Intent.*

1. The purpose of this Section is to permit development projects the ability to proceed at a faster pace than current City resources are capable of constructing, installing, modifying, or improving existing infrastructure and/or service capacities to accommodate the development project. The project may itself be the sole reason for the infrastructure and service needs, or it may contribute to a heightened demand for infrastructure and services which are nearing or already at capacity. Inadequately sized infrastructure or insufficient service to the development project would result in one (1) or more declining levels of traffic safety, roadway capacity, reduced Level of Service (LOS) or water, sewer, energy, communications or other utility service reductions in the system. It is the intent of this Section to allow for development while ensuring that the project site and all customers that use and rely upon sufficient infrastructure and services within the community are properly accommodated.
2. The inability of the City to provide or enhance the available level of infrastructure or services to accommodate the development project may serve as the basis to deny a project request due to insufficient or increasingly insufficient infrastructure capacity if the project were to be constructed. Project denial due to insufficient infrastructure or services is not a desired outcome as development and redevelopment projects often improve neighborhoods and, over the long-term, improve the economic capacity of the neighborhood and the community by raising property values and employment opportunities. Alternatives to improve infrastructure and/or service insufficiency are preferable to project denial. In these cases, the City may offer an alternative to project denial by accepting the offer of voluntary support by the project's owners to undertake or contribute towards the cost of providing the needed infrastructure or service changes for future conditions created or contributed to as a result of the development project.

3. In general, infrastructure or service changes are quantifiable in terms of capacity and cost. Needed changes may require study, planning, design, phasing or other efforts before being undertaken. In these situations, the City Commission could, by contract with the project's owners, accept contributions to fund the work. The City would set aside the funds for use only to address the particular infrastructure and/or service changes associated with the development project. For example, in the situation where area streets and intersections are or will be functioning at low levels, undertaking or funding street and intersection improvements may be appropriate. Sometimes, however, street and intersection improvements may not be practical or may be insufficient to address the concerns. Due to topography, the impracticality of acquiring needed additional right-of-way, area-wide traffic patterns, jurisdictional issues or other limitations, different approaches such as additional transit services, remote parking lots, pedestrian overpasses, shared parking structures, reversible traffic flows at peak times, or other, less common, and more cooperative approaches may be the only feasible and reasonable alternatives to ameliorate anticipated infrastructure and service burdens imposed by the development upon customers and citizens within the service area. A particular project may provide the necessary impetus for these alternative approaches, particularly in relation to public health and safety, while itself providing insufficient support or justification. However, together with reasonably foreseeable additional projects, it may form the basis for addressing the need by these approaches.

B. *Existing and Future Conditions Evaluation.* The applicant or property owner shall be informed of any inadequately sized infrastructure or insufficient services within the proposed project area that currently exists or that will be created or contributed to by the proposed development project. The Director, Traffic Engineering Director, Planning Commission or City Commission will provide a basis for the determination that a development project, either by itself or in conjunction with other reasonably foreseeable projects, will:

1. Overload infrastructure or municipal services;

2. Measurably degrade the level of infrastructure or public services to levels that adversely affect public health, safety or quality of life; or

3. Place additional strains on infrastructure or public services that already are at levels that adversely affect public health, safety or quality of life.

C. *Alternatives Evaluation.* The Director may encourage the applicant to propose particular designs or improvements, cost estimates and other related information to recommend or identify changes on the project site, in the immediate project area or in locations which would assist in supporting the necessary infrastructure or services to sustain the development. Where the Director does not have specific information about needed changes readily available because they are not easily ascertainable given the characteristics of the situation, the Director may identify possible ways and anticipated costs of addressing the conditions.

D. *Determination.* Upon review of the alternatives to support the needed infrastructure and/or services to support the development project, the applicant may:

1. Appeal a determination made by the Director to the Planning Commission.

2. Discontinue the project.

3. Redesign the project to address the concerns.

4. If it is acceptable to all City and other governmental officials of competent jurisdiction, agree to:
   a. Undertake and construct the needed infrastructure improvements according to plans and specifications approved and overseen by the City;
   b. Fund the needed infrastructure or service improvements pursuant to a written agreement approved by the City Commission with the amount of the payment determined based on the actual costs of the improvements;
   c. Contribute to a fund to be used by the City to address the infrastructure or service concerns pursuant to a written agreement approved by the City Commission with the amount of that contribution determined based on what the City Commission reasonably determines to be the applicant's proportionate share of the reasonably anticipated costs of the improvements.

Sec. 5.2.21. Satellite Dish Antennas.

A. *Roof-Mounted Satellite Dish Antennas.* The following roof-mounted satellite dish antennas and similar devices shall not be subject to the requirements of this Article.

1. In Residential Zone Districts, a device that is two (2) meters (or 6.7 feet) or less in diameter.
2. In all other Zone Districts, a device that is two (2) meters (or 6.7 feet) or more in diameter, provided the device complies with the height requirements of the Zone District.

B. *Ground-Mounted Satellite Dish Antennas.* Ground-mounted satellite dish antennas and similar devices shall be permitted in all Zone Districts, subject to the following conditions:

1. The maximum height shall be fifteen (15) feet.
2. The devices shall not be permitted in front and side yards and shall comply with all setback requirements of the Zone District.
3. All electrical and antenna wiring shall be placed underground.
4. Evergreen screening shall be provided in sufficient concentration to reasonably conceal the device. Alternative screening that achieves the same effect may be approved by the Director.
5. The devices shall be sited and designed to withstand a wind force of ninety (90) miles per hour. The device shall be securely mounted and anchored in accordance with manufacturer specifications and the Building Code.
6. The surface of the device shall be painted or treated so that it does not reflect glare from sunlight, and shall use to the extent practicable, materials and colors that blend with the surroundings.
7. The surface of the device shall not be used as a sign or message board.

C. *Administrative Departure.* An Administrative Departure may be approved to vary any provision of this Section if its application inhibits or prevents the reasonable operation of the satellite dish antenna or similar device. If so approved, the Director may require additional screening or other reasonable conditions to reduce the visibility of the device from adjacent properties.

Sec. 5.2.22. Backyard Chickens.

A. The regulations of this Section shall be met, in addition to the regulatory provisions of Article 4, Chapter 155 of the City Code.

B. One (1) covered enclosure for the keeping of chickens is permitted, not to exceed six (6) square feet in area per chicken, and not higher than eight (8) feet. This square footage shall not count against the allowable square footage or number of accessory structures permitted by Section 5.2.08.

C. The area of the permitted enclosure may be treated as Greenspace for the purposes of meeting the requirements of Section 5.5.06.H., and is exempt from the vegetation requirements of Section 5.11.07.A. of the General Standards for Landscaping.

D. Fencing used to enclose chickens is exempt from the approved fence material requirements of Section 5.2.11.B.1.

Sec. 5.2.23. State Universities.

A. *Purpose.*

1. State universities created pursuant to the constitution and laws of the state of Michigan are unique entities the boards of which are charged with operating the universities to carry out their respective educational missions for the benefit of the people of this state. It is the policy of the City to collaborate with and support state universities in the development of state university owned property.

2. The City also recognizes development of state university owned property can affect residential or other neighborhoods in its vicinity. Accordingly, this Section is intended to enable a collaborative process that provides appropriate deference to the state university while ensuring neighborhood concerns and effects are appropriately considered in the development of a state university's property.

B. *Applicability and Process.*

1. In addition to, or in lieu of, other ways a state university and the City have collaborated in the development of state university owned property in the City a state university may elect to pursue the approach provided in this Section.

2. If requested by a state university, the City may, with City Commission approval, enter into a written memorandum of understanding or other written document with a state university that provides for:

   a. Submission of a written plan for the development of one (1) or more parcels of state university owned property in furtherance of the university's mission in any Zone District;

   b. Engagement of the neighborhood association or others in the residential or other neighborhood in the vicinity of the university-owned property for purposes of hearing and considering their comments;

   c. A public meeting conducted by the Director, notice of which is provided in the same manner as a public hearing under this Chapter; and

   d. Director's approval. The Director's approval of the plan(s) pursuant to a memorandum of understanding or other written document, the approval of which shall constitute an approval of the state university's development of the state university owned property addressed by that memorandum of understanding or other written document.

3. A memorandum of understanding or other written document entered into pursuant to this provision may provide a process for appeal of the Director's denial of a plan proposed by the state university by other City officials as provided by the memorandum of understanding or other written document.

ARTICLE 3. NONCONFORMING LOTS, BUILDINGS, STRUCTURES AND USES

Sec. 5.3.01. Purpose and Intent.

A. *Nonconformities Permitted.* It is recognized that there exists within Zone Districts certain lots, buildings, structures, site improvements, and uses which were lawful before this Chapter was passed or amended, which would be prohibited, regulated, or restricted under the terms of this Chapter. It is the intent of this Chapter to permit these nonconforming lots, buildings, structures, and uses to continue until they are altered, abandoned, removed, or brought into conformance, but not to encourage their continued use or survival.

B. *No Expansion of Nonconformities.* Nonconforming lots, buildings, structures, and uses are hereby declared to be incompatible with the Zone Districts in which they are located. It is the intent of this Chapter that these nonconformities shall not be enlarged upon, expanded, or extended, nor be used as grounds for adding other buildings, structures or uses prohibited elsewhere in the Zone District, except as may be provided for in this Chapter.

C. *Construction Prior to Effective Date of this Chapter.* Nothing in this Chapter shall be deemed to require a change in the plans, construction, or designated use of any building on which actual construction was lawfully begun prior to the effective date of this Chapter, or an amendment thereto, and upon which actual building construction has been diligently conducted.

D. *Acquisition of Nonconformities.* The City may acquire, through purchase or condemnation, private nonconforming lots, buildings, structures, and uses. The City Commission may take actions related to acquisition in the manner provided for by law.

E. If a nonconformity existing prior to the effective date on this Chapter becomes conforming because of the adoption of this Chapter, or any subsequent amendment, then it shall no longer have a nonconforming status. A condition that was not a nonconformity prior to the effective date of this Chapter does not achieve any nonconforming status under this Chapter by repeal of the previous Chapter.

Sec. 5.3.02. Nonconforming Lots of Record.

A. *Use Permitted.*

1. A nonconforming lot may be used for any use permitted in the Zone District, subject to any approvals required by this Chapter, provided that all placement, height and other applicable regulations related to the building are met, except as noted in 2. below.
2. A side yard requirement for a building or structure on a nonconforming lot may be reduced by the same percentage the area of the lot bears to the Zone District requirements. For example, a lot that is twenty (20) percent less than the minimum lot area may reduce the required side yard by twenty (20) percent, provided that no side yard shall be less than five (5) feet.

B. *Contiguous Nonconforming Lots in Common Ownership.*

1. Any two (2) or more nonconforming lots of record or combination of lots and portions of lots of record, existing prior to the effective date of this Chapter, or an amendment thereto, shall be considered to be an undivided parcel for the purposes of this Chapter if they:
   a. Are in common ownership; and
   b. Have continuous frontage; and
   c. Individually do not meet the lot width or lot area requirements of this Chapter.

2. Parcels meeting these requirements shall be combined into a lot or lots complying as nearly as possible with the lot width and lot size requirements of this Chapter. No portion of that parcel shall be used or divided in a manner that further diminishes compliance with lot width and area requirements of this Chapter.

Sec. 5.3.03. Nonconforming Buildings or Structures.

A. *Continuation.* A nonconforming building or structure may be continued so long as it remains otherwise lawful, subject to the provisions of this Section.

B. *Extensions and Expansion.*

1. No nonconforming building or structure may be enlarged or altered in a way that increases its nonconformity, except as noted in subsection B.2. below.

2. A nonconforming building or structure may be extended along the portion of the building that is nonconforming provided the following conditions are met:

   a. The existing building or structure must meet at least one-half (½) of the required setback or Required Building Line (RBL) of the Zone District.

   b. The extension of the nonconforming setback or RBL of a building or structure shall not be greater than fifty (50) percent of the total length of the existing building side that is to be extended.

   c. Additions to an existing building which is nonconforming by reason of the building height shall be permitted, provided the addition is no higher than the existing building and has a setback from all property lines that is equal to the height of the new addition.

   d. All parking requirements are met related to the expanded area.

C. *Reconstruction or Movement.*

1. *Reconstruction.*

   a. Should a nonconforming building or structure be destroyed to an extent of more than seventy-five (75) percent of its replacement cost, exclusive of the foundation, it shall be reconstructed only in conformance with the provisions of this Chapter.

   b. Should a nonconforming building or structure be destroyed to an amount equal to or less than seventy-five (75) percent of its estimated replacement cost, exclusive of the foundation, it may be reconstructed in its previously nonconforming location.

   c. Replacement costs shall be provided by the owner using estimates from at least two (2) contractors in the business of undertaking this work.

2. *Movement.*

   a. Should a nonconforming building or structure be moved to a different lot, it shall be moved to a location that complies with the requirements of this Chapter.

   b. If moved on the same lot, the location shall comply with the requirements of this Chapter unless an Administrative Departure is approved for a location that brings it closer to conformity with the Zone District.

Sec. 5.3.04. Nonconforming Building Elements.

A. *Alterations or Replacements.*

1. Where alterations or replacements to the exterior of a building involve fifty (50) percent or more of the exterior wall area, the entire building shall meet the façade variation, transparency, and building material requirements of the Zone District.
2. Alterations or replacements that involve less than fifty (50) percent of the exterior wall shall equal those that exist, or shall be as close to conformity as feasible without materially affecting the architectural character of the building.

B. *Exterior Renovations.* Exterior renovations shall not destroy or cover original architectural details on a building that are vital to the proper proportion of the façade or the overall architectural character of the building. Brick and stone exteriors shall not be covered with artificial siding or panels.

C. *Building Elements.*

1. *Window and Door Openings.* Existing window and door openings shall be maintained. New window and door openings should maintain a similar horizontal and vertical relationship as the original.
2. *Vertical and Horizontal Elements.* The vertical lines of columns and piers, and the horizontal definition of spandrels and cornices, and other primary structural elements shall be maintained.

D. *Administrative Departure.* An Administrative Departure may permit alternative materials or design elements to replace nonconforming elements where the applicant can demonstrate that the original building elements have been removed or substantially damaged, or that the building lacks a significant architectural character as related to its surroundings and the general neighborhood.

Sec. 5.3.05. Nonconforming Uses.

A. *Enlargement or Increase.*

1. No nonconforming use shall be enlarged or increased, nor extended to occupy a greater area of land than was occupied when the use became nonconforming, except as may be permitted by the Board of Zoning Appeals.
2. In determining if the proposed enlargement, increase, or greater area shall be permitted, the Board shall find that if approved, the use shall:
    a. Not have a substantial detrimental effect on the use and enjoyment of adjacent uses or lots;
    b. Comply with all parking, sign, or other applicable regulations for accessory uses for the area affected by the proposed enlargement, increase, or greater area;
    c. Not occupy an area larger than twenty-five (25) percent of the original nonconforming area.
3. The Board of Zoning Appeals may impose reasonable conditions that are necessary to ensure that the proposed enlargement, increase, or greater area shall not prove detrimental to adjacent properties, the neighborhood, or the community.

B. *Extension Within a Building.* Any nonconforming use may be extended throughout any parts of a building which were manifestly arranged or designed for that use at the time of adoption or amendment of this Chapter and would have been permitted by right, but the use shall not be extended to occupy any land outside the building.

C. *Reduction in Nonconforming Use.* If any part of a nonconforming use is moved or reduced in size by action of the owner, the part of the nonconforming use that is moved or reduced in size shall be considered to be abandoned and any subsequent use shall conform to the requirements of this Chapter.

D. *Abandonment.*

1. If a nonconforming use is abandoned for any reason for a period of more than twelve (12) calendar months, any subsequent use shall conform to the requirements of this Chapter.

2. A nonconforming use shall be determined to be abandoned if the City is in receipt of a written declaration by the property owner that the use will not be continued, or that two (2) or more of the following conditions exist that demonstrate intent on the part of the property owner to abandon the nonconforming use:

   a. One (1) or more utility meters, such as water, gas and electricity to the property, have been removed;

   b. The property, buildings and/or grounds are unsafe or unsanitary, as described in Chapter 140 Housing Code or Chapter 135 Building Maintenance Code;

   c. Cessation of business operations during the abandonment period;

   d. Removal of signs or other indications of the existence of the nonconforming use;

   e. Removal of equipment or fixtures necessary for the operation of the nonconforming use;

   f. Failure to maintain current licenses, certificates, permits, registrations or other appropriate documentation; or

   g. Other actions, which in the opinion of the Director, constitute an intention by the property owner or lessee to abandon the nonconforming use.

3. Abandonment Period Extensions.

   a. Upon written request received prior to the end of the abandonment period, the Director may approve an extension of the abandonment period up to an additional six (6) months.

   b. One (1) additional six (6) month extension may be granted if approved by the Board of Zoning Appeals.

   c. Extensions by the Director or Board of Zoning Appeals shall be considered only where a property owner can demonstrate a good faith effort to sell or lease the premises to another, similar use that is at least as conforming as the previous use.

E. *Change to Other Nonconforming Use.* Prior to a determination of abandonment, a nonconforming use may be changed to another nonconforming use provided the Board of Zoning Appeals makes all of the following determinations.

1. The proposed use is equally compatible, or more compatible, with the surrounding neighborhood, and that the use is equal to or more conforming to the uses allowed in the Zone District than the previous nonconforming use.

2. The proposed nonconforming use is not enlarged or increased, nor extended to occupy a greater area of land than the previous nonconforming use, except as may otherwise be permitted by this the Board of Zoning Appeals.

3. That buildings and area encompassing the expansion of the nonconforming use complies with all parking, landscaping, or other site development regulations applicable to the area affected by the proposed enlargement, increase or extension of use area as required by this Chapter.

F. *Existing Uses.* Certain uses identified with an "E" in Table 5.5.05.B. Uses: Residential Zone Districts, and Table 5.6.06.B. Mixed-use Commercial Zone Districts may continue to exist as permitted uses in their respective Zone Districts, subject to the restrictions contained therein, and shall be exempt from the abandonment criteria of Section 5.3.05.D. above, provided:

1. There is no increase in size, alteration or change to the building or structure, external or internal, other than general maintenance; and
2. All equipment or fixtures that are necessary for the operation of the use(s) remain in place; and
3. Any residential property is registered in conformance with the Chapter 140 Housing of the City Code.

Sec. 5.3.06. Nonconforming Site Elements.

A. *Purpose.* This Section permits reviews of applications for improvements and minor modifications to a nonconforming lot, building, structure or use that does not require a site to meet all of the site improvement regulations of this Chapter. Where appropriate, the intent is to allow gradual compliance with site-related requirements for sites that pre-date requirements for landscaping, paving, and other non-safety site-related items.

B. *Compliance Required.* Site elements shall be brought into full compliance with this Chapter for any of the following:

1. A parking or landscape area is expanded or reconstructed (existing pavement and/or landscape materials and ground cover removed and replaced) by twenty-five (25) percent or more of the original nonconforming area.
2. The size of the nonconforming site covered by existing lighting is expanded by an area that is fifty (50) percent or more of the original nonconforming area; and/or seventy (70) percent or more of the existing light poles and/or fixtures are replaced by new poles, bases, or fixtures.

C. *Planning Commission Review.* Improvements or modifications to nonconforming site elements may be permitted by the Planning Commission during a Special Land Use or Site Plan Review process when required by this Chapter without a complete upgrade of all site elements under the following conditions:

1. The applicant provides reasonable site improvements to the site in relation to the scale and construction cost of the building improvements or expansion.
2. The applicant addresses any safety-related site issues for the site.
3. The improvements or minor expansion do not increase the nonconforming site elements.
4. The applicant upgrades the site landscaping consistent with Article 11, to the degree deemed appropriate by the Planning Commission.
5. Driveways that do not conform to the access management requirements of this Chapter are eliminated, provided that minimum reasonable access is maintained.

D. *Administrative Departures.*

1. Improvements or modifications to nonconforming site elements may be permitted as an Administrative Departure for site improvements that require a Director Review without a complete upgrade of all site elements where topography, natural features or other site constraints exist, and where there are no detrimental effects on adjacent properties, and provided that any nonconforming setbacks are not further reduced.

2. The replacement of a nonconforming off-street parking lot in a front yard may be permitted where the following conditions exist:
   a. The existing parking lot is nonconforming due to its location in the front yard.
   b. A primary structure is located on the lot and is not proposed for demolition or replacement.
   c. There is no other practicable alternative for the location of the required parking spaces.
   d. The parking lot is not expanded and does not result in an increase of any nonconformities.
   e. Landscaping is brought closer to conformance with the requirements of Article 11.
   f. The number of spaces provided does not exceed either twenty (20) spaces or the required number of parking spaces by more than twenty (20) percent, whichever is greater, unless demonstrated by a Parking Demand Study consistent with the requirements of Section 5.10.04.A.

E. Nothing in this Section shall be construed to require the removal of vegetation preserved as part of the original construction of the landscaped area.

F. In all instances, required screening walls for waste receptacles, fencing of outdoor storage or screening from adjacent residential uses shall be provided.

G. The City may require a performance guarantee under the provisions of Section 5.14.04. to insure that all improvements required in this Section are made in accordance with the approved plan.
(Ord. No. 2025-14, § 2, 7-29-25)

Sec. 5.3.07. Nonconforming Signs.

See Section 5.15.03. for regulations pertaining to nonconforming signs.

Sec. 5.3.08. Nonconforming Wireless Communication Towers.

See Section 5.9.41. for regulations pertaining to nonconforming wireless communication towers.

ARTICLE 4. MAPPED ZONE DISTRICTS

Sec. 5.4.01. Purpose and Intent.

A. *Neighborhood Classifications.* This Article establishes three (3) Neighborhood Classifications and a number of Zone Districts within each Neighborhood Classification that represent a broad range of development eras and existing built conditions throughout the city. Through the Master Plan process, residents identified the diversity of existing residential and commercial areas as key to maintaining the attractive and economic vitality of the city.

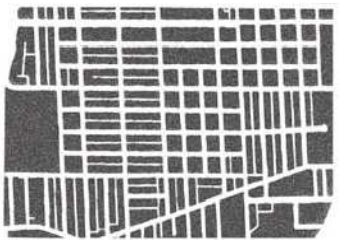
B. *Development Characters.* This Article describes the distinctive characteristics of neighborhoods and other areas, as defined in the City of Grand Rapids Neighborhood Pattern Work Book, and provides the framework for development standards to guide future development. The city is divided into the following Neighborhood Classifications and Zone Districts, as described below.

Sec. 5.4.02. Neighborhood Classifications.

A. *Neighborhood Classifications.* Residential and Mixed-Use Commercial Zone Districts have been assigned a Neighborhood Classification based on similar development characteristics within the City of Grand Rapids, as established by the Master Plan and Pattern Work Book. These Neighborhood

Classifications are Traditional Neighborhood; Mid-20th Century Neighborhood; and Modern Neighborhood. Within each Neighborhood Classification are individual Zone Districts, each with its own uses and development requirements.

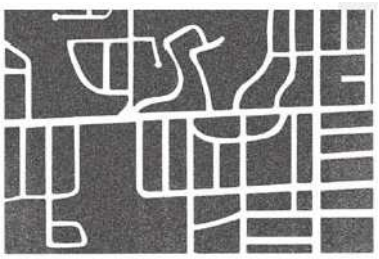
B. *Traditional Neighborhoods (TN).*



5.4.02.B Traditional Neighborhoods (TN).

1. *Background.* Developed prior to society's dependence on the automobile, these neighborhoods were designed to provide residents with a variety of commercial, institutional and residential options within a short walking distance. Residents find housing options such as single-family homes and apartments above storefronts, as well as commercial and institutional uses integrated into a central neighborhood design. Diversity in building size and use enhances the vitality of these neighborhoods.
2. *Characteristics.* The valued characteristics of the built environment of a Traditional Neighborhood include:
    a. A pattern of small blocks, alleys and a connected street grid system;
    b. Smaller building footprints on small sites with variable lot sizes;
    c. Human-scaled buildings with high quality exterior materials;
    d. Front façade oriented parallel to the street;
    e. Pedestrian and transit orientation, with widespread provision of on-street parking and off-street surface parking areas that are located to the rear of the lot;
    f. Integrated residential and nonresidential land uses located in the same building or in proximity to one another without extensive buffering;
    g. Well-defined building entries and windows constituting at least fifty (50) percent of the front façade, and
    h. Other building elements and architectural patterns.

C. *Mid-20th Century Neighborhoods (MCN).*



5.4.02.C. Mid-20th Century Neighborhoods (MCN).

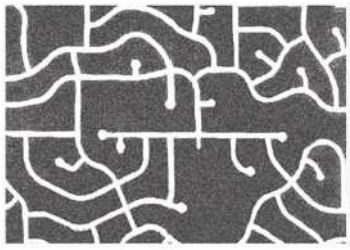
1. *Background.* These neighborhoods reflect American society's change after World War II towards an automobile-dependent development pattern. Residential neighborhoods have a more spacious feel with larger lots and buildings located further from the street. Streets and neighborhoods are less connected; and land uses are segregated from one another, including separation of apartment buildings from single-family housing. More intense commercial and institutional uses are found on highly visible corners and along heavily traveled traffic corridors in strip developments.
2. *Characteristics.* The valued characteristics of the built environment of a Mid-20th Century Neighborhood include:
    a. Curvilinear streets with sporadic cul-de-sacs or alleys;
    b. Larger uniform lot sizes with generous building setbacks;
    c. Some mixed uses integrated within a neighborhood, but uses generally segregated;

d. Pedestrian and automobile-oriented streetscapes that include sidewalks and limited parking in the front of buildings;

e. Building entries predominately oriented to the street; and

f. Simplified building articulation and massing.

D. *Modern Era Neighborhoods (MON).*



5.4.02.D. Modern Era Neighborhoods (MON).

1. *Background.* Land patterns within these neighborhoods have been developed to serve individual uses. Major roadways connect these uses to each other. Street and neighborhood connectivity is less evident and the presence of sidewalks is often limited.
2. *Characteristics.* The valued characteristics of the built environment of a Modern Era Neighborhood include:
   a. Larger lots and deeper setbacks in residential areas.
   b. Single-family homes, apartments, office complexes and shopping centers are segregated.
   c. There is a dependence on the automobile or public transit to live, work and/or shop; and
   d. Large greenspace opportunities.
3. The existing development pattern of segregated land uses, cul-de-sacs and a strong automobile orientation are intended to be minimized over time. Alternative high quality design approaches shall promote multi-family developments within walking distance of transit and the restructuring of existing commercial concentrations as walkable mixed-use centers.

Sec. 5.4.03. Zone Districts.

A. *Zone Districts.* Zone Districts are found under the following Neighborhood Classifications, with the exception of the NOS Neighborhood Office Service District which may be found in Section 5.6.05.

Table 5.4.03.A. Zone Districts

Abbreviation	Zone District	Section
TN—Traditional Neighborhoods		
TN—LDR	Low-Density Residential	5.5.02.A.
TN—MDR	Mixed-Density Residential	5.5.02.B.
TN—CC	City Center	5.6.02.A.
TN—TCC	Transitional City Center	5.6.02.B.
TN—TBA	Traditional Business Area	5.6.02.C.
TN—TOD	Transit-Oriented Development	5.6.02.D.
MCN—Mid-20th Century Neighborhoods		
MCN—LDR	Low-Density Residential	5.5.03.A.
MCN—MDR	Mixed-Density Residential	5.5.03.B.
MCN—C	Commercial	5.6.03.A.
MCN—TOD	Transit-Oriented Development	5.6.03.B.
MON—Modern Era Neighborhoods		
MON—LDR	Low-Density Residential	5.5.04.A.
MON—MDR	Mixed-Density Residential	5.5.04.B.
MON—C	Commercial	5.6.04.A.
MON—TOD	Transit-Oriented Development	5.6.04.B.

B. *Special Districts.* The following Special Districts are in addition to the individual Zone Districts located within each Neighborhood Classification. Special Districts are not required to comply with all design requirements of the Neighborhood Classification. A Special District is intended to accommodate unique land uses and activities that do not readily fall under the intent and purpose of any other Zone District.

Table 5.4.03.B. Special Districts (SD)		
Abbreviation	**Zone District**	**Section**
SD—AP	Airport	5.7.02.
SD—OS	Open Space	5.7.03.
SD—IT	Industrial Transportation	5.7.04.
SD—IC	Institutional Campus	5.7.05.
SD—PRD	Planned Redevelopment	5.7.06.

C. *Overlay Districts.* The following Overlay Districts are in addition to the individual Zone Districts located within each Neighborhood Classification or Special District. Overlay Districts are designed to complement the base Zone District and to achieve a unique set of established goals for a corridor or geographic area.

Table 5.4.03.C. Overlay Districts (OD)		
Abbreviation	**Zone District**	**Section**
OD—DH	Downtown Height	5.8.02.
OD—GR	Grand River	5.8.03.
OD—EBL	East Beltline	5.8.04.
OD—FP	Floodplain	5.8.05.
OD—WS	Wayfinding Signs	5.8.06.
OD—SC	Special Conditions	5.8.07.

D. *Neighborhood Office Service District (NOS).* The NOS District serves as either a stand-alone district or as a transitional district between areas of high and low intensity development and is not intended to be included in a Neighborhood Classification. It is intended to provide a limited service area within neighborhoods with daily goods and services. See Section 5.6.05.
(Ord. No. 2020-13, § 1, 4-28-20)

Sec. 5.4.04. Use Determination for Similar Uses or Uses Not Addressed.

A. *Purpose.* Since every type of potential use cannot be anticipated in this Chapter, this Section provides a process for addressing uses not specifically listed or those that cannot be reasonably interpreted as substantially the same as those listed. Similarly, there are various uses that include the phrase "and similar uses." These procedures are also intended to interpret the phrase "and similar uses" found in this Chapter.

B. *Decision.* The Director may determine that the use is similar to allowed uses in the Zone District, as either a Permitted Use or a Special Land Use. The Director may request that the BZA make this determination. The Director or BZA determination shall be in writing and shall be sent to the applicant.

C. *Review Standards.* The Planning Director or BZA shall base the decision on a finding that the proposed use satisfies all of the following.

1. Is not specifically listed in any other Zone District;
2. Is generally consistent with the purpose of the Zone District and this Chapter;
3. Does not materially impair the present or potential use of other properties within the same Zone District or the neighboring area;
4. Has no greater potential impact on surrounding properties than those listed in the Zone District in terms of aesthetics, traffic generated, noise, potential nuisances, and other impacts related to health, safety and general welfare; and
5. Is substantially consistent with the Master Plan or other relevant adopted plans of the City.

D. *Text Amendments.* Uses determined to be similar to a Permitted Use or a Special Land Use shall be recorded by the Planning Department, and periodically presented to the Planning Commission to consider incorporation into the text of this Chapter.

E. Should the Director or BZA determine that the use is not similar to a use addressed by this Chapter, an applicant or the City may seek to amend the text of this Chapter to permit the use either as a Permitted Use or Special Land Use in accordance with the text amendment process described in Section 5.12.10. Alternatively, an applicant may seek a use variance from the Board of Zoning Appeals in accordance with the provisions of Section 5.13.04.

Sec. 5.4.05. Zoning Map.

A. *Zoning Groups.* The Zoning Map depicts four (4) levels of zoning groups: Neighborhood Classification, Zone Districts, Special Districts, and Overlay Districts.

B. *Boundaries.* The boundaries of these classifications are hereby established as shown on a map entitled "The Zoning Map of the City of Grand Rapids, Michigan," which is incorporated into and made a part of this Chapter and which is maintained by the Planning Department.

C. *Interpretation of Boundaries.* Where uncertainty exists regarding the boundaries of a Zone district as shown on the official Zoning Map, the following rules shall apply:

1. Boundaries.
    a. Boundaries indicated as approximately following the centerlines of streets, highways or alleys shall be construed to follow those centerlines;
    b. Boundaries indicated as approximately following platted lot lines shall be construed as following the lot lines;
    c. Boundaries indicated as approximately following City limits shall be construed as following City limits; and
    d. Boundaries indicated as following shorelines shall be construed as following the shoreline, and in the event of change in shoreline shall be construed as moving with the shoreline.
2. In circumstances not covered by C.1. above, the Director shall interpret a Zone District boundary after review of the following.
    a. Lot line and Zone District placement;
    b. Existing land uses;
    c. Staff memos, minutes and other information when the designation was made; or
    d. Historical context in the understanding and treatment of district lines.

D. Where changes are made in a Neighborhood Classification, Zone District, Special District or Overlay District boundaries, other districts or any other matter portrayed on the official Zoning Map, those changes shall be entered on the official Zoning Map promptly after the amendment to this Chapter has been approved by the City Commission.

E. In any case where a property has not been specifically included within a Zone District, it is hereby declared to be in the Low Density Residential District applicable to the Neighborhood Classification in which it is located. Provided, however, that where property annexed to the City has been restricted by previous zoning regulations of the former municipality, those provisions shall apply pending the adoption of City zoning regulations for the property.

Sec. 5.4.06. Street Classification Map.

The Street Classification Map and related text within the Street Classification Policy that identifies regional, major, city collector and neighborhood collector streets shall be considered a part of the Zoning Ordinance.

ARTICLE 5. RESIDENTIAL ZONE DISTRICTS

Sec. 5.5.01. Residential Zone Districts: Purpose and Intent.

A. Residential Zone Districts are divided into Low-Density Residential (LDR) Districts and Mixed-Density Residential (MDR) Districts within the framework of the three (3) Neighborhood Classifications of Traditional Neighborhoods (TN), Mid-20th Century Neighborhoods (MCN), and Modern Era Neighborhoods (MON).

B. *LDR, Low-Density Residential District.* The Low-Density Residential District is intended to create, maintain and promote a variety of housing opportunities for individual households and to maintain the desired physical characteristics of the city's existing neighborhoods.

1. The density ranges for each Low-Density Residential Zone District varies based upon the Neighborhood Classification in which it is located.
2. Site and building placement regulations, as well as requirements for building elements, take the built environment into consideration as many of the areas that include this Zone District are in existing developed areas.

C. *MDR, Mixed-Density Residential District.* The Mixed-Density Residential District is intended to create, maintain and promote a variety of housing types in areas where development already exists or where it is desired in the future.

1. The density ranges for each mixed-density Zone District varies based upon the Neighborhood Classification in which it is located, but generally accommodates moderate- to high-density housing, including detached single-family houses, attached single-family dwellings, two-family dwellings, and multiple-family residential buildings.
2. Site and building placement regulations, as well as requirements for building elements, have taken the built environment into consideration. The Master Plan recommendations in Section 10.0 Development Character and Section 10.9 Higher Quality Medium and High-Density Residential Design shall be used in site design, except where it is impractical or inconsistent with the neighborhood.

Sec. 5.5.02. Traditional Neighborhood Residential Zone Districts: Purpose and Intent.

A. *TN-LDR, Traditional Neighborhood—Low-Density Residential Zone District.* The TN-LDR District is intended to protect established development patterns, consisting predominantly of medium-low density residential development in the form of detached single-family houses and two-family dwellings sited on individual lots. Pockets of medium- to high-density residential development are generally found along transit routes, near to business districts and along major streets. The redevelopment of sites shall remain consistent with this pattern of development.

B. *TN-MDR, Traditional Neighborhood—Mixed-Density Residential Zone District.* The TN-MDR District is intended to provide a variety of housing choices in a spatially diverse manner while protecting established development patterns. Mixed-density neighborhoods are generally found along transit routes, near to business districts and along major streets. They often act as a transition between lower density residential development and non-residential uses. Redevelopment shall remain

consistent with this pattern of development. The redevelopment of former commercial sites is a significant objective through context sensitive architectural designs and features common to the area.

Sec. 5.5.03. Mid-20th Century Neighborhood Residential Zone Districts: Purpose and Intent.

A. *MCN-LDR, Mid-20th Century Neighborhood - Low-Density Residential Zone District.* The MCN-LDR District is intended to protect the established development pattern, consisting predominantly of low-density residential development characterized by single-family detached houses on individual lots with garages located to the side or rear of the main building. New development and building renovation shall be compatible with the valued characteristics of the existing built environment. To that end, a coordinated variety in design is encouraged. The repeated use of identical façade designs shall be avoided.

B. *MCN-MDR, Mid-20th Century Neighborhood - Mixed-Density Residential District.* The MCN-MDR District is intended to provide a variety of housing choices in a spatially diverse manner. The established development pattern, consisting predominantly of low-density residential development characterized by two-family dwellings and small multiple family buildings, shall act as a transition between lower density residential development and non-residential uses. Context-sensitive architectural designs and features common to the area shall be used in the redevelopment of former commercial sites.

Sec. 5.5.04. Modern Era Neighborhood Residential Zone Districts: Purpose and Intent.

A. *MON-LDR, Modern Era Neighborhood - Low-Density Residential Zone District.* The MON-LDR District is intended to reflect the low-density development pattern of single-family detached houses on large lots. The repeated use of identical façade designs shall be avoided. The preservation of natural features such as wetlands, woods and steep slopes are important components and shall be included in development plans for a site.

B. *MON-MDR, Modern Era Neighborhood - Mixed-Density Residential Zone District.* The MON-MDR District is intended to permit the moderate- to high-density single-use development pattern that presently exists; however, it strongly encourages the redevelopment of these properties into a mixed-density format where a variety of housing densities and styles are provided. The preservation of natural features such as wetlands, woods and steep slopes are important components and shall be included in development plans for a site.

Sec. 5.5.05. Uses of Land.

A. *Land Uses.* Uses are allowed in residential Zone Districts in accordance with Table 5.5.05.B. Uses: Residential Zone Districts. Article 16 Definitions shall be referred to for clarity on the uses as listed. The following key is to be used in conjunction with the Use Table.

1. *Permitted Uses.* Uses permitted by right in the Zone District, subject to compliance with all other applicable requirements of this Chapter. These uses are identified with a "P."
2. *Qualified Review.* Uses which may be allowed subject to Director Review unless public hearing before the Planning Commission is requested in accordance with Section 5.12.16., and all other applicable requirements of this Chapter. These uses are identified with a "QR."
3. *Special Land Uses.* Uses which may be allowed subject to review and approval by the Planning Commission in accordance with Section 5.12.09., and all other applicable requirements of this Chapter. These uses are identified with an "S."

4. *Existing Uses.* Uses that were in existence prior to November 5, 2007 may continue to exist as nonconforming uses. These uses are identified with an "E." See Section 5.3.05.F.

5. *Uses Not Allowed.* Uses are prohibited in that Zone District. These uses are identified with an "X".

6. *Use Regulations.* Certain allowed uses, whether Permitted Uses or Special Land Uses, are subject to compliance with Article 9 or other provisions of this Chapter or other City Code. These uses are identified under "Use or Other Regulations." A cell marked with "—" under this heading indicates that there are no additional use requirements. However, there may be other applicable regulations in this Chapter or other City Code for the uses listed that are not noted in the Use Table.

7. *Unlisted Uses.* Uses not listed in the Table 5.6.06.B. are also prohibited unless the Director determines that the use is similar to other uses listed either as a Permitted Use or Special Land Use in accordance with Section 5.4.04.

8. *Site Development.* Vehicle and bicycle parking requirements and pedestrian circulation requirements are in Article 10 Transportation and Mobility. Landscaping requirements are in Article 11 Landscaping and Green Infrastructure. Sign requirements are in Article 15 Signs.

B. *Allowed Uses Table.*

Table 5.5.05.B. Uses: Residential Zone Districts

Use Category	Specific Use		TN, MCN, MON		Use or Other Regulations
			LDR	MDR	
RESIDENTIAL					
Household Living	Single-family dwelling, detached		P	P	5.2.07.
	Single-family dwelling, attached		S/P	P	5.5.05.C, 5.9.06.

		Freestanding/tower	X	X	—
P = Permitted; QR = Qualified Review; S = Special Land Use; E = Existing; X = Not Permitted; "—-" = Not Applicable					

C. *Attached Single-Family Residential Use.* For development of Attached Single-Family dwellings on a single lot.

1. Permitted Use within LDR zone districts where the following conditions apply:

   a. Where four (4) or fewer units are constructed in a row on a vacant lot and no demolition is required; and

   b. The parcel is located within five hundred (500) linear feet of a TBA, TOD, TCC or C Zone District, as measured from the closest point of the parcels along the public right-of-way.

2. Special Land Use within LDR zone districts where the following conditions apply:

   a. Where demolition of an existing structure is required; or

   b. More than five (5) units are constructed in a row.

D. *Two-Family Residential Use.* A two-family residential dwelling is a Permitted Use within LDR zone districts when located on a corner lot.

E. *Multiple-Family Residential Use.* A multiple-family residential development of six (6) or fewer units is a permitted use on Link Residential and Network Residential Streets in the TN-LDR Zone District.

(Ord. No. 2017-56, §§ 1—3, 10-24-17; Ord. No. 2018-39, §§ 1, 2, 7-10-18; Ord. No. 2018-44, § 1, 7-24-18; Ord. No. 2018-69, § 3, 12-18-18; Ord. No. 2019-09, § 3, 3-26-19; Ord. No. 2019-11, § 1, 3-26-19; Ord. No. 2020-13, § 2, 4-28-20; Ord. No. 2024-20, §§ 1—4, 4-23-24)

Sec. 5.5.06. Site Layout and Building Placement Requirements.

A. *Site Layout and Building Placement Table.* All development in Residential Zone Districts must comply with the requirements in Table 5.5.06.A. unless otherwise expressly stated, or unless a different requirement is contained in an applicable Overlay District. Lot area and lot width requirements listed in Table 5.5.06.A. shall be used where there is not an established lot size.

Table 5.5.06.A. Site Layout and Building Placement: Residential Zone Districts

Neighborhood Classification		TN		MCN		MON		Use or Other Regulations
Zone District		**LDR**	**MDR**	**LDR**	**MDR**	**LDR**	**MDR**	
Minimum Lot Area (sq. ft./unit - except as noted)								
Detached single-family, interior		3,800	2,500	5,000[1]	3,000[1]	7,000[1]	3,500[1]	5.5.06.B.
Detached single-family, corner		5,000	3,000	6,000	4,000	8,000	4,500	
Attached single-family		1,500	1,250	3,500	3,000	4,500	4,000	5.5.06.B, 5.5.08
Two-family (total)		3,800	2,500	5,000[1]	3,000[1]	7,000[1]	3,500[1]	5.5.06.B.
Multiple family/ group living:	Minimum (sq. ft./ unit)	2,000	1,250	2,500	1,500	2,750	1,750	5.5.09.
	Minimum lot area (total sq. ft.)	—	—	20,000	20,000	25,000	25,000	5.9.20.
Non-residential uses		6,000	6,000	6,000	6,000	6,000	6,000	5.6.07.B.
Minimum Lot Width (ft.)								
Detached single-family, interior		36	36	42[1]	42[1]	60[1]	60[1]	5.5.06.C.
Detached single-family, corner		50	50	70	60	70	70	
Attached single-family (per unit)		—	—	35	30	45	40	
Two-family		36	36	70[1]	60[1]	90[1]	80[1]

Non-residential uses		37	34	48	41	51	35	

[1]This dimension shall apply in areas not established, per Sections 5.2.05.C. and 5.5.06.B-D.

[2]See Section 5.5.06.B.4.

"—" = Not Applicable

B. *Lot Area.*

1. The minimum lot area requirement may not permit allowed densities on every lot. Other factors, such as off-street parking, height limits, dwelling unit sizes and lot configuration may limit the built density.

2. *Lot Areas Not Established.* On blocks where lot areas are not established, Table 5.5.06.A. Site Layout and Building Placement shall apply.

3. *Established Lot Areas.* On blocks where lot areas are established, the following shall apply:

   a. *Detached Single Family Dwellings.*

      i. For detached single-family dwellings on interior lots, the lot area shall be at least the median lot area of interior single-family lots on the same block and for the purposes of this calculation, the same block is defined as both block faces, in the same Zone District, not to exceed five (5) lots on each side of the subject parcel and five (5) lots directly across the street on which there is at least one (1) conforming main structure.

      ii. For detached single-family dwellings on corner lots, the minimum lot area in Table 5.5.06.A. shall apply.

   b. *Two Family Dwellings.*

      i. For two-family dwellings on interior lots, the minimum lot area shall be thirty (30) percent larger than the median lot area of single-family lots on the same block. For the purposes of this calculation, the same block is defined as both block faces, in the same Zone District, not to exceed five (5) lots on each side of the subject parcel and five (5) lots directly across the street.

      ii. For two-family dwellings on corner lots, the minimum lot area may be equal to the median lot area of a single-family lot on the same block and is not eligible for any lot area reductions as provided in Section 5.5.06.B.3.b.iii and 5.5.06.B.3.b.iv.

      iii. Reduction (up to one [1]). The minimum lot area may be reduced by an additional ten (10) percent beyond that required in b.i. above where all of the following conditions apply:

         1. Both units are priced at or below thirty (30) percent of the area median household income (as determined by the American Community Survey of the U.S. Census Bureau), as adjusted for family size, for the census tract in which the development is located, with affordability maintained for at least fifteen (15) years.

         2. The units are comparable in size, amenities and location with other similar units in the same block.

         3. The property owner agrees to the submission of annual reports to the City regarding certification of eligible tenants and purchasers, annual certification of rental property and monitoring of affordable rental housing requirements.

      iv. Reduction (up to two [2]). The minimum lot area may be reduced by an additional ten (10) percent for each dwelling unit that is designed and constructed to meet the Type B Unit accessibility requirements of the ANSI A117.1. standard.

      v. Reductions may be combined for a cumulative reduction of up to thirty (30) percent.

Table 5.5.06.B.3. Use of Minimum Lot Area Reductions Two Family Dwellings - LDR and MDR Zone Districts	
Reductions Used	**Required % of Lot Area Above Median Single-Family Lot Requirements**
None	30%
1	20%
2	10%
3	None

4. *Multiple Family Developments and Group Living.* The minimum lot area in Table 5.5.06.A. shall apply to multiple-family developments and group living, except for adult foster care family homes, which shall comply with the requirements for detached single family dwellings.

C. *Lot Width.*

1. *Lot Widths Not Established.* On blocks where lot widths are not established, Table 5.5.06.A. Site Layout and Building Placement shall apply.

2. *Established Areas.* On blocks where lot widths are established, the following shall apply.

   a. *Detached Single-Family Dwellings.*

      i. For detached single-family dwellings on interior lots, the lot width shall be at least the median lot width of interior single-family lots on the same block. For the purposes of this calculation, the same block is defined as both block faces, and in the same Zone District, not to exceed five (5) lots on each side of the subject parcel and five (5) lots directly across the street.

      ii. For detached single-family dwellings on corner lots, the minimum lot width in Table 5.5.06.A. shall apply.

   b. *Two-Family Dwellings.*

      i. For two-family dwellings on interior lots, the minimum lot width shall be thirty (30) percent larger than the median lot width of single-family lots on the same block. For the purposes of this calculation, the same block is defined as both block faces, in the same Zone District, not to exceed five (5) lots on each side of the subject parcel and five (5) lots directly across the street. In no case shall the lot width be less than the minimum established in Table 5.5.06.A. except as provided in Sections 5.5.06.B.3.b.iii.

      ii. For two-family dwellings on corner lots, the minimum lot width may be equal to the median lot width of a single-family lot on the same block and is not eligible for any lot width reductions as provided in sections 5.5.06.C.2.b.iii and 5.5.06.C.2.b.iv.

      iii. Reduction (up to one [1]). The minimum lot width may be reduced by an additional ten (10) percent beyond that required in b.i. above where all of the following conditions apply:

         (a) Both units are priced at or below thirty (30) percent of the area median household income (as determined by the American Community Survey of the U.S. Census Bureau), as adjusted for family size, for the census tract in which the development is located, with affordability maintained for at least fifteen (15) years.

         (b) The units are comparable in size, amenities and location with other similar units in the same block.

(c) The property owner agrees to the submission of annual reports to the City regarding certification of eligible tenants and purchasers, annual certification of rental property and monitoring of affordable rental housing requirements.

iv. Reduction (up to two [2]). The minimum lot width may be reduced by an additional ten (10) percent for each dwelling unit that is designed and constructed to meet the Type B Unit accessibility requirements of the ANSI A117.1. standard.

v. Reductions may be combined for a cumulative reduction of up to thirty (30) percent.

Table 5.5.06.C.2. Use of Minimum Lot Width Reductions Two Family Dwellings - LDR and MDR Zone Districts

Reductions Used	Required % of Lot Width Above Median Single-Family Lot Requirements
None	30%
1	20%
2	10%
3	None

c. *Multiple Family and Group Living.* The minimum lot width in Table 5.5.06.A. shall apply except for adult foster care family homes which shall comply with the regulations applicable to detached single family dwellings.

d. *Administrative Departure.* An Administrative Departure of two (2) feet may be approved. In no case shall the lot width be smaller than the minimum established in Table 5.5.06.A.

D. *Front Setbacks and Required Building Line (RBL).*

1. *Front Setbacks Not Established - TN Traditional Neighborhood and MCN Mid-20th Century Neighborhoods.* On blocks where the front setback or RBL is not established, the RBL in Table 5.5.06.A. Site Layout and Building Placement shall apply.

2. *Established Areas.* On blocks where the front setback or building line is established, the following shall apply:

a. For all residential dwellings on all lots, the Required Building Line (RBL) shall be equal to, or the median of, the front setbacks of existing main buildings on the same block. For the purposes of this calculation, the same block is defined as both block faces, in same Zone District, not to exceed five (5) lots on each side of the subject parcel and five (5) lots directly across the street. In no case shall the RBL be less than the minimum established in Table 5.5.06.A.

b. Where an established RBL is not present, the minimum setback defined in Table 5.5.06.A. shall apply.

c. An Administrative Departure up to ten (10) feet of the established RBL may be permitted to accommodate individual site conditions, such as mature trees, topography, or other similar physical condition or where the setbacks of existing buildings on the subject block are inconsistent. The Required Building Line may be determined by referencing the front setbacks of the adjacent properties.

E. *Side Yard Setback.*

1. *Side Yard Setbacks.* Table 5.5.06.A. Site Layout and Building Placement shall apply to side yard setbacks.

2. *Side Yard Setbacks Between Districts.*

   a. *Residential.* In no case shall side yard setbacks be less than five (5) feet on each lot between two (2) residential Zone Districts or uses, unless specified otherwise.

   b. *Residential and Non-Residential.* A minimum distance of ten (10) feet shall be maintained on each lot between residential and non-residential Zone Districts or uses.

3. *Exceptions for Attached Single-Family Dwellings.* Exceptions to the side yard requirements for attached single-family dwellings are provided in Section 5.9.06.

4. *Corner Lots.* Corner lots shall have two (2) front yards, two (2) side yards, and no rear yard.

5. *Administrative Departure.* An Administrative Departure up to two (2) feet in a side yard setback may be permitted to accommodate individual site conditions, such as healthy mature trees, topography, or other similar physical condition.

F. *Rear Yard Setback.*

1. *Rear Yard Setbacks.* Table 5.5.06.A. Site Layout and Building Placement shall apply to rear yard setbacks.

2. *Administrative Departure.* An Administrative Departure up to five (5) feet in a rear yard setback may be permitted to accommodate individual site conditions, such as mature trees, topography, or other similar physical condition.

G. *Building Façade Along Required Building Line.* The building façade along the RBL shall meet the requirements of Table 5.5.06.A.

H. *Minimum Required Greenspace at Grade.*

1. *Purpose.* The minimum greenspace requirements are designed to ensure a sufficient amount of area of greenspace for recreation and nature, as well as to provide pervious surface to assist in stormwater management.

2. *Applicability.* The minimum required greenspace, as defined by Article 16, shall apply to each lot in its entirety, including driveways.

3. *Stormwater Credit.* No more than twenty-five (25) percent of pervious surfaces, such as grass pavers, uncovered decks, brick pavers with a sand base, pervious concrete and asphalt, may be applied toward the greenspace requirements of this Section.

4. *Front Yards.* Front yards shall consist of greenspace, and impervious surfaces shall be limited to driveways and private sidewalks.

5. *Multiple-Family Exception.* A reduction of not more than twenty-five (25) percent of the required greenspace listed in Table 5.5.06.A. for a multiple-family property is permitted for development projects with the submission of a stormwater mitigation plan that retains one hundred (100) percent of all stormwater on site, as approved by the City's Environmental Protection Services Department (EPSD); and submittal of a LEED checklist and proof of registration that demonstrates the intent to apply for LEED building certification, or other generally recognized sustainable building certification.

6. *Multiple-Family Administrative Departure.* An Administrative Departure for a multiple-family property may be approved to permit permanent planters, vegetated walls and green roofs that are readily accessible and safe for residential occupants to be included in greenspace calculations. These items shall be measured in square feet of surface area.

I. *Residential Bonuses.*

1. *Purpose.* The Master Plan calls for a range of housing types and price points within neighborhoods to accommodate all residents regardless of income, special need or place in life cycle. Developments can receive bonuses as outlined in this Section by providing additional accessibility and housing that is affordable to a wide range of residents.

2. *Housing Bonuses.* Bonuses are available for two-family and multiple family developments in accordance with the provisions of Table 5.5.06.I.2.

Table 5.5.06.I.2. Summary of Available Residential Bonuses

Condition		Districts	Incentive/ Bonus	Bonus
Accessible Housing	Two-family residential	LDR, MDR	5.5.06.I.3.a	Reduced minimum lot area/width
	Multiple-family residential		5.5.06.I.3.b	Reduced lot area per dwelling
Affordable Housing	Multiple-family residential	LDR, MDR	5.5.06.I.4	Reduced lot area per dwelling
Mixed-Income Residential	Two-family residential	LDR	5.5.06.I.5.a	Reduced minimum lot area/width
Mixed-Income Residential	Multiple-family residential	LDR, MDR	5.5.06.I.5.b	Reduced lot area per dwelling

3. *Accessible Housing.* Bonuses are available for two-family and multiple family developments when units are designed and constructed to meet the ANSI A117.1 standards for Type B accessible units when the following conditions are met.

   a. *Two-Family Developments.* The minimum lot area for two-family residential developments may be reduced where the conditions of Section 5.5.06.B.3.b.iii. are met.

   b. *Multiple-Family Developments.* The minimum lot area for a multiple family development may be reduced by up to five hundred (500) square feet per dwelling unit when at least twenty-five (25) percent of the units are accessible.

4. *Affordable Housing Bonuses.* Density bonuses are available for Multiple-Family developments in accordance with the provisions of Table 5.5.06.I.2.

   a. The minimum lot area per dwelling unit may be reduced by up to five-hundred (500) square feet per dwelling unit where at least twenty (20) percent of the total number of dwelling units are priced between sixty (60) percent and seventy-nine (79) percent of Area Median Income, as adjusted for family size, with rates remaining affordable for at least thirty (30) years.

   b. The minimum lot area per dwelling unit may be reduced by up to one thousand (1,000) square feet per dwelling unit where at least twenty (20) percent of the total number of dwelling units are priced at or below thirty (30) percent of Area Median Income, as adjusted for family size, with rates remaining affordable for at least thirty (30) years.

   c. The Affordable Housing Bonus, as permitted in subsections a and b above, are available only when the following conditions are met:

      i. The affordable units shall be comparable in unit sizes, amenities and location with the market rate units.

ii. The property owner agrees to the submission of annual reports to the City regarding certification of eligible tenants and purchasers, annual certification of rental property and monitoring of affordable rental housing requirements.

iii. That the property owner agrees in a writing and recorded with the Kent County Register of Deeds and in a form approved by the City Attorney, that continual compliance with all conditions contained herein are necessary to maintain compliance with this Chapter. A violation of any condition is a violation of the Zoning Ordinance and is a nuisance per se for which the City of Grand Rapids may in addition to other remedies, institute any court or enforcement action provided for by law, including but not limited to, seeking injunctive relief or abatement after a notice and hearing before the Board of Zoning Appeals.

5. *Mixed-Income Housing.* Bonuses are available in accordance with the provisions of Table 5.5.06.I.2. when the following conditions are met.

a. *Two-Family Developments.* The minimum lot area for two-family residential developments may be reduced where the conditions of Section 5.5.06.B.3.b.iii. and b.iv are met.

b. *Multiple-Family Developments.* The minimum lot area for a multiple family development may be reduced by up to five hundred (500) square feet per dwelling unit for a project that satisfies the following criteria:

i. Project is located within three hundred (300) feet of a transit line;

ii. At least twenty (20) dwelling units are developed as part of the project;

iii. If rental units, not less than fifteen (15) percent nor more than thirty (30) percent of the total number of units are priced for households at or below sixty (60) percent of Area Median Income, as adjusted for family size, with rental charges remaining affordable for at least fifteen (15) years.

iv. If owner units, not less than fifteen (15) percent nor more than thirty (30) percent of the total number of units are priced for households at or below eighty (80) percent of Area Median Income, as adjusted for family size.

v. The remaining units are priced at market rate.

vi. The affordable units shall be comparable in unit sizes, amenities and location with the market rate units.

vii. The property owner agrees to the submission of annual reports to the City regarding certification of eligible tenants and purchasers, annual certification of rental property and monitoring of affordable rental housing requirements.

(Ord. No. 2018-69, §§ 4, 5, 12-18-18; Ord. No. 2019-09, § 4, 3-26-19; Ord. No. 2019-10, § 1, 3-26-19; Ord. No. 2024-20, §§ 5—9, 4-23-24)

Sec. 5.5.07. Building Element Requirements.

A. *Building Elements Table.* All development in the Residential Zone Districts shall comply with the requirements in Table 5.5.07.A. Building Elements unless otherwise expressly stated, or unless a different requirement is contained in an applicable Overlay District.

Table 5.5.07.A. Building Elements: Residential Zone Districts

S = Special Land Use; R = Rules Apply; "-" = Not Applicable.								

B. *Building Height.*

1. See Section 5.2.06. Building Height for additional information and exceptions.

   In keeping with the character of the TN Neighborhood Classification the entire height of the first floor or ground floor shall be at or above grade.

2. Residential building heights may be increased from the requirements of Table 5.5.07.A. by Special Land Use approval. The Planning Commission shall take into consideration the neighborhood context, scale, massing and compatibility of the proposed structure in making its decision.

C. *Materials.*

1. *Permitted Materials.*

   a. Durable building materials, simple configurations and solid craftsmanship are required.

   b. Walls visible from public streets, exclusive of wall areas devoted to meeting transparency requirements, shall be constructed of: high quality, durable materials, including: brick; fiber cement siding, high-quality finished metal; wood lap, aluminum or vinyl siding; and split-faced block, stucco or stone.

   c. EIFS is permitted for accents only.

   d. To provide visual depth and strong shadow lines, clapboard siding must have a minimum butt thickness of a quarter (¼) of an inch.

2. Where more than one (1) façade material is proposed vertically, the 'heavier' material in appearance shall be incorporated below the 'lighter' material (e.g. masonry below siding).

3. *Roofing Materials.*

   a. Roofing materials shall be those used and installed in a manner customary for residential construction, shall be compatible in character and scale with the residential structure on which it is being installed, shall be installed according to the manufacturer's specifications, shall have no visible fasteners, and shall be uniform in type and appearance within each uninterrupted roof plane.

   b. Acceptable roof materials include three hundred (300) pound or better, dimensional asphalt composite shingles, wood shingles and shakes, metal tiles or standing seam, slate, and ceramic tile. The approving authority may permit "engineered" wood or slate with an approved sample and examples of successful, high quality local installations.

   c. Corrugated roofing materials are not permitted.

4. Repairs and replacements shall be completed with materials similar in color and appearance to the existing materials.

5. Orientation. Building materials in TN Zone Districts shall have a traditional, horizontal orientation.

6. Administrative Departure. Other materials of equivalent or better quality, including high quality synthetic materials, may be approved, if determined appropriate for the building, site, and area with an approved sample and examples of successful, high quality local installations.

D. *Façade Variation.* The following requirements shall apply to multiple-family dwellings and non-residential buildings in Zone Districts within TN and MCN Neighborhood Classifications.

1. Uninterrupted Façade. The maximum linear length of an uninterrupted building façade facing a public street and/or park shall be thirty (30) feet. Building wall offsets (projections and recesses), cornices, plinths, quoins, varying building materials or pilasters shall be used to break up the mass of a single building.

2. Vents, air conditioners and other utility elements shall not be part of any street-facing building façade. Where these elements are part of other façades, particular care must be taken to render these elements less visible to public view through architectural integration or other means of screening.

3. Administrative Departures. Administrative Departures may be granted for:

   a. A reduction of up to five (5) feet of the thirty (30) foot requirement may be approved, depending on actual building design, entrance placement, and other factors that make the requirement impractical.

   b. Other methods to provide adequate articulation, provided that the visual effect of articulation is maintained. Examples of acceptable variations may include architectural or artistic details or features, a variation in color or materials and enhanced ornamentation around building entranceways.

   c. Locations of vents, air conditioners, and other utility elements where physical conditions of the site dictate a location on the street-facing façade.

E. *Entrances.*

1. *Orientation.*

   a. *Interior Lots.* For interior lots, the primary building entrance shall be located in the front façade parallel to the street or urban open space.

b. *Corner Lots.* For corner lots, the primary entrance shall face the street from which the structure derives its street address. However, two-family dwellings shall have a separate primary entrance per dwelling unit, with only one primary entrance per street.

c. *Administrative Departure.* Alternative orientations may be considered where consistent with existing adjacent development or practical considerations based on existing structure layout.

2. *Primary Entrances.* Primary entrances for all residential structures shall be clearly defined by at least one (1) of the following:

a. A projecting or recessed entrance. A recessed entrance is required if the entrance is within five (5) feet of the lot line; the entrance recess shall not be less than the width of the door(s) when opened outward.

b. Stoop or enclosed or covered porch, provided that an enclosed porch shall comply with required setbacks, except as provided in E.3. below.

c. Transom and/or side light window panels framing the door opening.

d. Architectural trim framing the door opening.

e. Administrative Departure. Other methods, such as unique color treatments, additional moldings with expression lines, or bays of unique width, may be approved with an Administrative Departure provided the same effect is achieved.

3. *TN Neighborhood Classification - Porches and Stoops.* In addition to the above, residential dwellings located in Zone Districts within the TN Neighborhood Classification shall be subject to Section 5.2.07.F. and the following requirements:

a. The primary entrance facing the street shall include a stoop or a front porch.

b. Projections into RBLs and Front Yards.

i. For lots with an RBL, a stoop may be built up to six (6) feet (not including steps) forward of the RBL, and shall be at least three (3) feet wide. An unenclosed front porch may be built up to six (6) feet (not including steps) forward of the RBL.

ii. For lots with a setback, an unenclosed porch or stoop (not including steps) may project into the front yard by no more than ten (10) feet, but shall be no closer than five (5) feet to the front sidewalk.

c. Porches, not including steps, shall be at least six (6) feet deep to provide for usable seating and circulation, and be at least one-third (⅓) the width of the front façade of the residential structure (not including the garage), but in no case shall be less than eight (8) feet wide.

d. Building materials shall be compatible with the main building.

e. Porch fixtures such as columns, pillars, posts and railings shall be coated with stain or paint if materials made of wood are used.

f. Administrative Departures may be granted for the following.

i. A decrease in the required porch projection up to two (2) feet if, due to required building setbacks, the required projection cannot be satisfied.

ii. Porch or entrance enclosures may be permitted where individual site conditions dictate the need for enclosure or where the enclosure and its placement is consistent with others on the same block face, for the same use and in the same Zone District. In all cases, at least eighty (80) percent transparency shall be maintained.

iii. Entrances to dwellings to accommodate persons with mobility impairments.

4. *Non-Residential Structures.* Non-residential structures in Residential Zone Districts shall comply with the requirements of Section 5.6.08.F. for entrances.

F. *Transparency.*

1. *General Requirements.* The General Provision requirements of Section 5.2.14. Building Transparency shall apply.

2. *Residential Buildings.* Residential buildings shall have windows on all exterior walls of the structure. The size and placement of windows on the façade shall be generally uniform.

   a. *TN Residential Dwellings.* For all residential dwellings in Zone Districts within the TN Neighborhood Classification, at least twenty (20) percent of the area of the front façade shall consist of windows or primary entrance doors which permit a view from the dwelling to the street.

   b. *MCN and MON Residential Dwellings.* For all residential dwellings in Zone Districts within MCN and MON Neighborhood Classifications, at least fifteen (15) percent of the area of the front façade shall consist of windows or primary entrance doors which permit a view from the dwelling to the street.

   c. *Single-Family Detached and Attached Dwellings (e.g. row houses and townhouses).*

      i. At least three (3) windows with a minimum of six (6) square feet each are required on the building's side walls (those adjoining the front façade).

      ii. Administrative Departure. An Administrative Departure may be granted for side wall transparency for single-story dwellings where it is determined that the requirement cannot be met due to the interior design of the dwelling.

   d. *Two-Family and Multiple-Family Dwellings.* For two-family dwellings and multiple-family dwellings, at least ten (10) percent of the area of the building's side walls (those adjoining the front façade) shall consist of windows.

3. *Non-Residential Buildings.*

   a. For non-residential building façades facing public streets, parks and through block walkways, at least forty (40) percent of the façade area shall consist of window and door openings.

   b. In the TN and MCN Neighborhood Classifications, at least twenty (20) percent of the area of a building's side walls (those adjoining the front façade) must consist of windows.

   c. In the MON Neighborhood Classification, at least ten (10) percent of the area of a building's side walls (those adjoining the front façade) must consist of windows.

G. *Transitional Features.*

1. *Purpose.* Transitional features are architectural elements, site features and alterations to building massing that are used to provide a transition between higher intensity uses and low- or moderate-density residential uses. These features assist in mitigating potential conflicts between those uses in lieu of conventional landscape buffers or large setbacks. It is the intent of these standards to:

   a. Reduce land consumption;

   b. Create a compatible mixed-use environment;

   c. Limit interruptions in vehicular and pedestrian connections created by efforts to segregate densities and uses; and

d. Establish or maintain vibrant pedestrian- and transit-oriented areas where differing uses and densities can operate in close proximity to one another.

2. *Applicability.* Transitional features shall be required in the following circumstances.

a. Where buildings or structures would be one (1) or more stories higher than adjacent residential buildings or structures.

b. Where non-residential uses are situated adjacent to residential buildings or structures.

c. Where higher-intensity land uses that would adversely affect the livability of an area.

d. As a condition of any zoning approval required by Article 12 when necessary to ensure that the appropriate review standards are satisfied.

3. *Transitional Features.* The following transitional features may be required either singly or in combination.

a. *Landscape Buffer.* The Director or approving body for a required zoning approval, as applicable, may require the use of a landscape buffer (Section 5.11.12.) in lieu of, or in addition to, a transitional feature where such landscape buffer would be sufficient to reduce potentially adverse impacts between incompatible uses, densities or different building types.

b. *Uses.* A continuum of use intensity, where moderate intensity uses are sited between high-intensity uses and low-intensity uses, may be required for multi-building developments on one (1) or more lots. An example would be a duplex between a single-family home and an apartment building.

c. *Height and Massing.* Building height and massing shall be reduced in the form of building step-backs, recess lines or other techniques so that large structures are compatible in scale with smaller, adjacent structures.

d. *Architectural Features.* Similarly sized and patterned architectural features such as windows, doors, arcades, pilasters, cornices, wall offsets, building materials, and other building articulations included on the lower-intensity use shall be incorporated as transitional features.

4. *Parking and Loading.* Where possible, off-street parking, loading, service and utility areas shall be located away from a lower-intensity use.

(Ord. No. 2018-62, § 1, 10-23-18; Ord. No. 2019-09, § 5, 3-26-19)

ARTICLE 6. MIXED-USE COMMERCIAL ZONE DISTRICTS

Sec. 5.6.01. Purpose and Intent.

A. Mixed-Use Commercial Districts are intended to accommodate commercial and high-density residential uses that are compatible with the character of existing neighborhoods as defined through the Development Character of the Master Plan. The preservation and reuse of existing buildings, construction of new buildings on underutilized sites and the continuation of a compact development pattern as reflected in the Master Plan are key objectives for these Zone Districts.

B. There are three types of Mixed-Use Commercial Districts: City Center, Linear and Core.

1. *City Center.* City Center acknowledges downtown Grand Rapids as the business and cultural heart of the metropolitan region. A dense development pattern focused on the close proximity

of services, a diversity of uses and dynamic building styles characterize this Zone District. The compatibility of more intense development with surrounding neighborhoods is emphasized through the use of a transitional Zone District.

2. *Linear Commercial Areas.* Linear commercial areas may pass through multiple Neighborhood Classifications and front on a Major Street, as defined by the City of Grand Rapids Street Classification Policy. The scale of new development and the transportation orientation of these Zone Districts are important factors in establishing the use and building element requirements of this Article.

3. *Core Commercial Areas.* Core commercial areas are primarily focused around particular intersections, with defined edges that abut less intense uses. Transit-Oriented Development Zone Districts are focused on creating viable areas for transit and transit stations. The scale and intensity of those core areas, however, varies depending upon the Neighborhood Classification, the available land area, proximity of established residential neighborhoods and street capacity. Rezoning requests to a Transit-Oriented Development require the installation of a qualifying transit station, as described in Section 5.6.08.B.2.c.

C. Placemaking.

1. Placemaking is the practice of creating conditions where people can live, socialize, play, and shop in well-designed, comfortable places. Important placemaking elements in each of the Zone Districts are provided to inform zoning requirements and guide development decisions to achieve specific placemaking objectives. These elements are intended to work in concert to ensure the creation of attractive and affordable residential areas, protect existing neighborhood and historic character and resources, allow an appropriate mix of uses that improves economic vitality, and improve the health and well-being of Grand Rapids' residents.

2. To promote placemaking buildings and places should have a range of high-quality residential, commercial, mixed-use and civic architectural styles to reinforce the unique identities of each part Neighborhood and Zone District. In general, buildings should contribute to placemaking by:

   a. Being easily convertible spaces that allow for uses to change over time;

   b. Having residential uses with a variety of housing types, sizes, and price levels;

   c. Creating the potential for a broad mix of shops, offices, and housing integrated within and among a variety of building types; and

   d. Ensuring that architecture reflects the City's commitment to high quality and enduring character.

(Ord. No. 2024-40, § 1, 9-24-24)

Sec. 5.6.02. Traditional Neighborhood Mixed-Use Commercial Zone Districts: Purpose and Intent.

A. *TN-CC, Traditional Neighborhood—City Center Zone District (City Center).*

1. The intent of this District is to maintain and enhance the vitality of downtown, reinforce its intense development pattern, provide compatible services near one another, allow diverse uses, and keep older, often historic, buildings in viable use. The compact development pattern of

downtown establishes a pedestrian-oriented and transit-friendly environment. The City Center Zone District stresses pedestrian circulation, urban and civic design, protection of natural features, and encourages the reuse of existing buildings.

2. Placemaking Elements.

   a. Attractive, affordable residential areas that contribute to the achieving a critical mass of commercial services, workplaces within walking distance, and reduced reliance on private vehicle travel.

   b. Interesting and fun places to eat and socialize with a mixture of ages, social peers, co-workers, and families.

   c. Well placed, functional, attractive, and sustainable open spaces, including outdoor cafes, seating areas, and public and private art installations, and other elements to create areas of recreation, rest, and refuge.

   d. Improved mobility options downtown, and to reduce the need for on-site parking by encouraging alternative means of transportation, including use of mass transit, bicycle use and other traffic demand management options through the creation of appropriate density of development.

   e. A comfortable and safe walking environment, with a high degree of transparency along pedestrian pathways that connect areas of interest.

   f. Targeted Commercial Corridors to promote a concentration of retail and entertainment uses that will provide a more consistent shopping experience and enhance the ability of these uses to be financially successful.

   g. Other elements related to the downtown that create healthy, attractive, safe, and fun areas that will attract new visitors, residents, and shoppers to the downtown.

B. *TN-TCC, Traditional Neighborhood—Transitional City Center Zone District (City Center).*

1. The Transitional City Center (TCC) District is the buffer district between the dense City Center Zone District and surrounding near-downtown neighborhoods. This District provides a transition in the intensity of the downtown development pattern for adjacent areas, however, it allows for more development than would ordinarily be allowed in general neighborhood commercial locations.

2. Placemaking Elements.

   a. Sensitivity in the redevelopment of these structures and in new development is necessary to reinforce the unique physical characteristics of downtown and surrounding neighborhoods, ensure compatibility with adjacent land uses and structures, and maintain neighborhood stability.

   b. The presence of older, often historic, large warehouse buildings in these transition areas requires dense development to ensure proper reuse of these structures.

   c. Development and redevelopment in this Zone District combines these elements to create and maintain a compact, transit-friendly, walkable, mixed-use environment.

   d. Targeted Commercial Corridors promote a concentration of retail and entertainment uses that will provide a more consistent shopping experience and enhance the ability of these uses to be financially successful.

C. *TN-TBA, Traditional Neighborhood—Traditional Business Area Zone District (Linear).*

1. The TN-TBA Zone District is designed to reinforce a pedestrian and transit friendly environment in a compact area characterized by a mix of uses. New development on primary and secondary street frontages shall be compatible in use and scale with surrounding, existing uses and structures.

2. Placemaking Elements.

   a. A mix of small-scale retail, service, entertainment, civic, office and residential uses in appropriate locations are encouraged to enhance the vitality of the areas.

   b. Retail service uses should be properly located to create a complementary concentration of uses, rather than a series of scattered uses throughout the Linear development character areas. These core areas should be linked by residential, civic, and institutional uses that also complement neighborhood character.

   c. High quality architectural design and materials are important components of all structures to reinforce existing neighborhood character.

   d. Small lot sizes, storefront windows, observable building entrances, structures that abut the sidewalk and on-street or hidden off-street parking all contribute towards the establishment of a pedestrian-oriented environment.

   e. Buildings should have enough developable density to allow for the planned mix of uses, including enough residential and non-retail uses on upper floors to ensure a successful, economically sustainable project.

   f. While some suburban style development, such as auto-oriented uses, may be developed, they should not be so predominant that a suburban, strip development character is allowed.

3. The recommendations for Traditional Business Area in a Pre-World War II Neighborhood Context, Chapter 10, Section 10.4. of the Master Plan applies to these areas.

D. *TN-TOD, Traditional Neighborhood—Transit-Oriented Development Zone District (Core).*

1. The intent of the TN-TOD District is to preserve and create, compact, walkable, transit-oriented, mixed-use centers in existing commercial areas by encouraging the clustering of ground floor retail uses as a shopping destination and focus of neighborhood activity.

2. Transit-Oriented Development Zone Districts shall be located on a transit route and may contain public spaces for shared activities. Building height, density and parking incentives are provided to encourage transit ridership.

3. Placemaking Elements.

   a. Appropriate densities of development are important to ensure sustained, well-used transit service.

   b. Street-level retail and services, with upper-story residential and office use is desired.

   c. Parking shall be provided both on-street and in screened, off-street business district lots.

   d. Uses are compatible and in scale with surrounding, existing uses and structures located at the edge of the Zone District, particularly residential uses.

   e. High quality architectural design and materials are important components of all structures to support a sense of place.

Sec. 5.6.03. Mid-20th Century Neighborhood Mixed-Use Commercial Zone Districts: Purpose and Intent.

A. *MCN-C, Mid-20th Century Neighborhood—Commercial Zone District (Linear).*

1. The MCN-C Zone District is intended to accommodate vehicles at an appropriate level, while still emphasizing the importance of pedestrians and public transportation in the built environment.
2. Placemaking Elements.
    a. Small and medium-scale businesses, service and commercial uses that serve the immediate neighborhood and surrounding area are desired.
    b. Mixed-use commercial areas that include a residential component are encouraged, including the redevelopment of older commercial sites for moderate to high-density residential uses.
    c. Moderate lot sizes and setbacks, building orientation to the street, and transparency along pedestrian pathways are important characteristics of this Zone District.
    d. New development on primary and secondary street frontages should be compatible in use and scale with surrounding, existing uses and structures.

B. *MCN-TOD, Mid-20th Century Neighborhood—Transit-Oriented Development Zone District (Core).*

1. The MCN-TOD Zone District is intended to allow uses and densities that are more intense than that permitted in the TN-TOD Zone District. The reconfiguration of existing shopping centers into mixed-use developments that are pedestrian and transit friendly, and which still reasonably accommodate vehicles, is desired.
2. Placemaking Elements.
    a. Building height, density and parking incentives are provided to encourage transit-oriented development and increased transit ridership.
    b. Larger lot sizes, available parking and parcels generally under single ownership provide for an assortment of redevelopment opportunities for commercial, office and residential uses.
    c. Individual store footprints are limited in size to ensure a diversity of shops and to maintain a pedestrian-scale environment.
    d. New residential development above storefronts and/or provided as a buffer to existing residential uses is desired.
    e. Edge areas in the Zone District shall be sensitive to surrounding neighborhoods to limit adverse effects.

Sec. 5.6.04. Modern Era Neighborhood Mixed-Use Commercial Zone Districts: Purpose and Intent.

A. *MON-C, Modern Era Neighborhood—Commercial Zone District (Linear).*

1. The purpose of the MON-C Zone District is to accommodate a broad range of business, service and commercial uses. Development in this District is generally more destination-oriented; with a greater dependence upon vehicles.
2. Placemaking Elements.
    a. High-intensity business, service and commercial uses take place on larger sites that have primary access to major streets.

b. Medium and high density residential development is encouraged on underutilized commercial sites, and particularly in areas adjacent to a Transit-Oriented Development Zone District.

c. Pedestrian and public transportation accommodations shall remain important considerations in site design. However, off-street parking, drive-through and auto-oriented uses are more prominent.

B. *MON-TOD, Modern Era Neighborhood—Transit-Oriented Development Zone District (Core).*

1. The MON-TOD Zone District supports compact sub-regional mixed-use centers that consist of intense, multi-level commercial, office and residential uses on major streets.

2. Placemaking Elements.

a. Large parcels, generally under single ownership, provide for an assortment of redevelopment opportunities in commercial strip and shopping center locations.

b. A Transit-Oriented Development Zone District may be located on a transit route and may contain public spaces for shared activities.

c. Building height, density and parking incentives are provided to encourage transit ridership.

d. Individual store footprints are limited in size to ensure a diversity of shops and to maintain a pedestrian-scale environment.

e. Particular emphasis is placed on pedestrian, bike and transit accommodations; the presence of private vehicles is discouraged.

f. At important intersections buildings shall anchor and define street corners as well as conceal surface parking lots.

g. The consolidation of driveways, increased pedestrian connections and additional landscaping to buffer parking areas shall promote a safe and attractive environment.

h. New residential development above storefronts and/or provided as mid-rise structures integrated into a mixed-use environment are desired.

Sec. 5.6.05. NOS, Neighborhood Office Service Purpose and Intent.

A. The NOS, Neighborhood Office Service Zone District is provided as a Zone District in addition to the Mixed-Use Commercial District of this Article. The purpose of the NOS Zone District is to allow for small-scale office and service uses that serve the immediate neighborhood and which, by their nature, have minimal effects upon surrounding land uses and public infrastructure. Accordingly, this District may appear in any of the Neighborhoods provided for in this Chapter.

B. Placemaking Elements.

1. This District may be used on major streets to accommodate uses that allow a smoother transition from a more intense commercial area to residential uses. In this regard, they may also be used to buffer the effects of heavier traveled streets from residential areas.

2. Development style is residential in character and complements the features of nearby structures.

3. Areas in this Zone District may be relatively compact and used to assist in creating additional land use compatibility through the use of smaller scale buildings.

4. The NOS District is specifically not intended to be applied as a precursor for commercial development or used to systematically eliminate residential properties.

Sec. 5.6.06. Uses of Land.

A. *Land Uses.* Uses are allowed in Mixed-Use Commercial Zone Districts in accordance with Table 5.6.06.B. Uses: Mixed-Use Commercial Zone Districts. Article 16 Definitions shall be referred to for clarity on the uses as listed. The following key is to be used in conjunction with the Uses Table.

1. *Permitted Uses.* Uses permitted by right in the Zone District, subject to compliance with all other applicable requirements of this Chapter. These uses are identified with a "P."
2. *Special Land Uses.* Uses which may be allowed subject to review and approval by the Planning Commission in accordance with Section 5.12.09., and with all other applicable requirements of this Chapter. These uses are identified with an "S."
3. *Existing Uses.* Uses that were in existence prior to November 5, 2007 may continue to exist as nonconforming uses but are not permitted to be established as new uses. These uses are identified with an "E." See Section 5.3.05.F.
4. *Uses Not Allowed.* Uses are prohibited in that Zone District. These uses are identified with an "X."
5. *Unlisted Uses.* Uses not listed in the Table 5.6.06.B. are also prohibited unless the Director determines that the use is similar to other uses listed either as a Permitted Use or Special Land Use in accordance with Section 5.4.04.
6. *Use Regulations.* Certain allowed uses, whether Permitted Use or Special Land Use, are subject to compliance with Article 9 or other provisions of this Chapter or other City Code. These uses are identified in the Table 5.6.06.B. under "Use or other Regulations." A cell marked with "-" under this heading indicates that there are no additional use requirements. However, there may be other applicable regulations in this Chapter or other City Code for the uses listed that are not noted in the Use Table.
7. *Exception.* "Exceptions" as noted in Table 5.6.06.B. permit non-retail uses within the ground floor of a commercial building if the building was constructed for purposes or uses other than retail sales. For example, a building constructed for offices may be used for ground floor offices or a dance studio.
8. *Outdoor Activities.* All uses and activities shall be conducted wholly within an enclosed building, unless otherwise expressly permitted by this Chapter.
9. *Site Development.* Vehicles and bicycle parking requirements and pedestrian circulation requirements are in Article 10 Transportation and Mobility. Landscaping requirements are in Article 11 Landscaping and Green Infrastructure. Sign requirements are in Article 15 Signs.

*Parcels in the TN-CC Zone District are subject to Section 5.8.07.D.									
**Parcels located in the TOD Zone Districts are subject to Section 5.6.06.C.									
***Parcels located in the TBA Zone District are subject to Sections 5.8.07.C and 5.6.06.D.									

C. *Targeted Commercial Corridors.*

1. *Purpose.* One of the traditional key measures of success of a downtown is its ability to provide continuous mixed-use street frontages with retail uses and eating and drinking facilities occupying the ground floor of buildings on streets that have a well-defined and detailed pedestrian realm. Buildings with frontage on a Targeted Commercial Corridor are intended to accommodate a mix of outdoor activities, such as patios, seating areas, pocket plazas and spacious walkways provide an interesting experiences for the downtown visitor, resident, and worker alike.
2. *Affected Streets.* In accordance with the recommendations of the GR Forward Downtown & River Action Plan, a "Targeted Commercial Corridor" is established as shown on the Zone Districts Maps. The Targeted Commercial Corridor includes the following streets. However, the Zone District Maps shall be the principal source for the Corridor locations.
    a. Pearl Street, between Division Avenue and Monroe Avenue.
    b. Monroe Center, between Monroe Avenue and Division Avenue.
    c. Ionia Avenue, between Monroe Center and Cherry Street.
    d. South Division Avenue, between Fulton Street and Wealthy Street.
    e. Bridge Street, between Seward Avenue and Turner Avenue.
3. *Use Requirements.* Parcels located on affected streets referenced in Section 5.6.06.C.2 shall be subject to the land use regulations applicable to the TN-TBA Zone District.
4. A minimum of thirty (30) feet of commercial space depth is required for eligible ground floor uses.

D. For parcels located within the TBA Zone District, a ground floor office use is permitted, unless the use is located within twenty (20) feet of a front lot line abutting a Neighborhood Business or Urban Center Street. Special Land Use approval is required when ground floor office uses are located within twenty (20) feet of a front lot line abutting a Neighborhood Business or Urban Center Street.

(Ord. No. 2017-56, §§ 4, 5, 10-24-17; Ord. No. 2018-32, §§ 3—5, 6-5-18; Ord. No. 2018-39, § 3, 7-10-18; Ord. No. 2018-45, §§ 1—3, 7-24-18; Ord. No. 2018-62, § 2, 10-23-18; Ord. No. 2018-69, § 6, 12-18-18; Ord. No. 2018-70, § 1, 12-18-18; Ord. No. 2019-10, §§ 2, 3,3-26-19; Ord. No. 2019-16, § 1, 4-23-19; Ord. No. 2020-13, §§ 3, 5, 6, 4-28-20; Ord. No. 2020-21, §§ 1—4, 7-7-20; Ord. No. 2021-03, §§ 1—3, 1-26-21; Ord. No. 2022-30, § 3, 8-23-22; Ord. No. 2024-40, §§ 2, 3, 9-24-24)

Sec. 5.6.07. Site Layout and Building Placement Requirements.

A. *Site Layout and Building Placement Table.* All development in Mixed-Use Commercial Zone Districts shall comply with the requirements in the Table 5.6.07.A. unless otherwise expressly stated, or unless a different requirement is contained in an applicable Overlay District. Lot area and lot width requirements in Table 5.6.07.A. shall be used for any newly created lot. The intent of these requirements is to promote mixed-use development and rehabilitation that:

1. Encourages the location of new buildings to anchor corners and screen parking at important street intersections;
2. Meets the intent of the placemaking elements of the Zone District.
3. Ensures that new buildings relate well to each other, existing buildings and the abutting street;
4. Maintains or creates a continuous street wall that contributes to the unique character of the Zone District;

5. Organizes outlot development on larger parcels to improve visual and functional coherence;

6. Encourages parking to the side and rear of main buildings;

7. Consolidates driveways on primary streets and encourages vehicular access from secondary streets; and

8. Provides adequate sidewalk space for pedestrian access and comfort.

Setbacks (feet)										
Required Building Line, as measured from back of curb										5.6.07.C.
Ground floor residential	14[1]	19	19	19	-	19	-	19	-	
Regional or Major Street with on-street parking	14[1]	14[1]	12[1]	14[1]	-	14[1]	-	14[1]	-	
Regional or Major Street without on-street parking	19[1]	19[1]	17[1]	19[1]	-	19[1]	-	19[1]	-	
All other streets	14[1]	14[1]	12[1]	14[1]	-	14[1]	-	14[1]	-	
Minimum Setback, as measured from property line										
Front setback	-	-	-	-	20	-	25	-	25[1]	5.6.07.D.
Side setback, Commercial use abutting ground-floor residential use[3]	-	10	10	10	15	10	15	10	15	5.6.07.E.
Side setback, all others[4]	-	0 or 5	0 or 5	0 or 5	10	0 or 5	10	0 or 5	10	
Rear setback[3]	-	10	18	18	25	18	25	18	25	5.6.07.F.
Building Façade Along RBL	90%	80%	70%	70%	-	70%	-	70%	-	5.6.07.G.
Minimum Greenspace (% of lot area)										
Residential	5%	10%	15%	5%	20%	5%	20%	5%	30%	5.6.07.H.
Mixed-use and non-residential	5%	10%	10%	5%	15%	5%	15%	5%	20%	
Minimum Tree Canopy (% of land area measured from above)										
Residential	5%	10%	12%	5%	18%	10%	20%	12%	26%	
Mixed-use and non-residential	5%	10%	12%	5%	18%	10%	20%	12%	26%	

[1]This dimension shall apply in areas not established, per Section 5.6.07.C.

[2]The minimum residential lot area requirement allows for 2 residential units. The residential sq. ft./unit requirement shall be used in lieu of the minimum lot area requirement for developments which include 3 or more residential units.

[3]See Section 5.11.12.D. for minimum landscape buffer widths where non-residential uses abut residential uses.

[4]A side yard setback of 0 (zero) shall mean as close to the lot line as practicable.

B. *Lot Density.*

1. *Maximum Density.* The minimum lot area requirements may not permit the maximum permitted density. Other factors, such as off-street parking, height limits, and lot configuration may limit the overall density.

2. *Bonus Allowances.* Buildings may qualify for a density bonus based upon the Gross Floor Area (GFA) of the development devoted to the features established in Table 5.6.07.B.2. Density Bonus Table.

Table 5.6.07.B.2. Density Bonus Table			
Feature Type	**District**	**Bonus**	
Mixed-Income Housing (5.6.07.B.2.a.)	TCC, TBA, TOD, C	Minimum lot area per dwelling unit may be reduced by up to 500 sq. ft. per unit for providing a mix of affordable and market rate dwelling units	
Micro-Unit (5.6.07.B.2.b.)	TCC, TBA, TOD, C	Minimum lot area per dwelling unit waived	
Affordable Housing (5.6.07.B.2.c.)	TCC, TBA, TOD, C	Minimum lot area per dwelling unit may be reduced with provision of affordable units	Up to 500 sq. ft. per unit with units priced between 60% and 70% AMI
			Up to 1,000 sq. ft. per unit with units priced at or below 30% AMI

a. *Mixed-Income Housing Bonus.* The minimum lot area per dwelling unit in a multiple family development may be reduced by up to five hundred (500) square feet per unit for development projects that satisfy the criteria below:

i. The development is located within a half mile of a Bus Rapid Transit (BRT) station or one-quarter of a mile of a transit stop, as measured from the nearest lot line to the right-of-way of the street along which the transit line runs;

ii. The development includes at least twenty (20) dwelling units;

iii. Not less than fifteen (15) percent nor more than thirty (30) percent of the total number of rental units are priced for households at or below sixty (60) percent of Area Median Income, as adjusted for family size, with rental charges priced by the same method for at least fifteen (15) years;

iv. Not less than fifteen (15) percent nor more than thirty (30) percent of the total number of ownership units are priced for households at or below eighty (80) percent of Area Median Income, as adjusted for family size;

v. The remaining units are priced at market rate;

vi. The affordable units shall be comparable in unit sizes and amenities to the market rate units and shall be evenly distributed throughout the development;

vii. Provisions shall be made for the annual certification of eligible tenants and purchasers, certification of rental property and monitoring of affordable housing requirements. A density agreement shall be approved by the City Commission.

b. *Micro-Unit Density Bonus.* The minimum lot area per dwelling unit in a multiple family development may be waived when all of the following conditions are met:

i. The unit has a GFA of no more than four hundred seventy-five (475) square feet;

ii. The primary entrance of the building containing the unit(s) is located within a half mile of a Bus Rapid Transit (BRT) station or one-quarter of a mile of a transit stop;

iii. In addition to required vehicle parking per Section 5.10.04.C., two (2) bicycle spaces per unit are provided; and

iv. The unit shall be subject to the occupancy limitations of the International Property Maintenance Code, as amended.

c. *Affordable Housing Bonus.* There are two (2) bonus alternatives available for Multiple-Family developments in accordance with the provisions of Table 5.6.07.B.2.

i. *Alternative 1:* The minimum lot area per dwelling unit may be reduced by up to five hundred (500) square feet per dwelling unit where at least twenty (20) percent of the

total number of dwelling units are priced between sixty (60) percent and seventy-nine (79) percent of Area Median Income, as adjusted for family size, with rates remaining affordable for at least thirty (30) years.

ii. *Alternative 2:* The minimum lot area per dwelling unit may be reduced by up to one thousand (1,000) square feet per dwelling unit where at least twenty (20) percent of the total number of dwelling units are priced at or below thirty (30) percent of Area Median Income, as adjusted for family size, with rates remaining affordable for at least thirty (30) years. Within the TOD and C Zone Districts, this bonus may be used in conjunction with Section 5.6.08.B.2.d. for one (1) additional story.

iii. The Affordable Housing Bonus, as permitted in subsections i. and ii. above, are available only when the following conditions are met:

(a) The affordable units shall be comparable in unit sizes, amenities and location with the market rate units.

(b) The property owner agrees to the submission of annual reports to the City regarding certification of eligible tenants and purchasers, annual certification of rental property and monitoring of affordable rental housing requirements.

(c) That the property owner agrees in writing and recorded with the Kent County Register of Deeds and in a form approved by the City Attorney, that continual compliance with all conditions contained herein are necessary to maintain compliance with this Chapter. A violation of any condition is a violation of the Zoning Ordinance and is a nuisance per se for which the City of Grand Rapids may in addition to other remedies, institute any court or enforcement action provided for by law, including but not limited to, seeking injunctive relief or abatement after a notice and hearing before the Board of Zoning Appeals.

C. *Required Building Line (RBL).* The following RBL requirements shall be used to ensure consistent building placement from public streets, reinforce the purpose of the Neighborhood Classification designations, recognize the appropriate positioning of varying land uses within a Zone District, permit access from the public right-of-way, and provide property owners with the maximum use of a constrained site than would otherwise be possible with a minimum setback requirement. The requirements for RBLs do not apply to the MCN-C, MON-C or NOS Districts.

1. *Established RBL.*

a. The RBL shall be consistent with the established dimension of existing main buildings fronting on the same block and in the same Zone District, except where existing buildings are set back more than twenty (20) feet from the public right-of-way, in which case the provisions of C.3 below shall apply.

b. As established RBL shall not be used to permit the encroachment into public or private right-of-way.

2. *New Development.*

a. If no uniform RBL has been established, the RBL defined in Table 5.6.07.A. shall be met for all new structures, measured from the back of the street curb without regard to the location of the lot line.

b. RBL requirements apply only to the first twenty (20) feet of building height. Above twenty (20) feet, buildings may be built out to the front lot line.

c. Columns shall not be placed in the sidewalk area to support the building above the twenty (20) foot height.

3. *Maximum RBL.*

   a. New structures shall be located within three (3) feet of either side of the established minimum uniform RBL.

   b. If no uniform RBL has been established, the building line for all new structures shall be no farther back than ten (10) feet from the RBL.

   c. This provision shall not apply to residential structures, to the residential portion of multi-use structures, nor to any level of the building above the second story.

4. *Exceptions.*

   a. Where a lot line abuts three (3) or more streets, the RBL provisions shall apply to only two (2) streets, as determined by the Director. To designate RBLs, the Director may consider all relevant factors and information, including, but not limited to:

      i. The existing or the intended character of existing or proposed streets on which the lot has, or is proposed to have, frontage; and

      ii. The locations of front and corner side property lines on adjacent lots or lots located on the opposite side of the street; and

      iii. Adjacency to the same or similar land uses.

   b. Additions to existing structures and portions of new structures in residential use shall be exempt from the RBL provisions.

5. *Administrative Departures.* An Administrative Departure from RBL requirements may be approved to allow:

   a. An adjustment in the established RBL up to ten (10) feet to accommodate individual site conditions, such as healthy mature trees, significant grade change, or other similar physical conditions that make meeting the RBL impractical.

   b. An adjustment in the RBL of up to thirty (30) feet for buildings constructed for the exclusive purpose of ground-floor residential use.

D. *Minimum Front Yard Setback.* The minimum front yard setback in Table 5.6.07.A applies in the MCN-C, MON-C and NOS Zone Districts. Buildings and structures in these districts shall be located at or behind the required front setback so long as all other setback requirements are met.

E. *Side Yard Setback.*

1. A landscape buffer, per Section 5.11.12., shall be provided in the side yard when adjacent to a residential use. Landscape buffer requirements may increase the side yard setback.

2. Side yard setbacks shall be zero or at a setback sufficient to permit building maintenance.

F. *Rear Yard Setback.*

1. Encroachments into the rear yard may be permitted to accommodate parallel parking, waste receptacles, or other similar activities, provided that alleys or other vehicular or pedestrian access ways are not blocked or impeded.

2. A landscape buffer, per Section 5.11.12., shall be provided in the rear yard when abutting a residential use. Landscape buffer requirements may increase the required rear yard setback. Encroachments are not permitted in the landscape buffer.

G. *Building Façades Along RBLs.*

1. *RBL Requirements.* Building façades along RBLs shall meet the requirements of Table 5.6.08.A. Building Elements.

2. *RBL Reduction.* For buildings with more than seventy-five (75) feet of street frontage, up to thirty (30) percent of the façade along the RBL may be exempt from the RBL requirements contained in Table 5.6.08.A., provided the area is used for a building entrance or urban open space complying with the standards of Section 5.11.14.

3. *Accessory Use.* In the Traditional Neighborhood districts at least one (1) of any provided accessory use to hospital and institutional campuses, such as a coffee shop or gift shop, shall be placed on the public right-of-way or sidewalk to contribute to the creation of an active streetscape. Storefront windows, door entrances and façade treatments shall comply with the TN-TBA Zone District requirements of Table 5.6.08.A.

4. *Multiple Main Buildings.* Where multiple main buildings are placed on a lot and one (1) or more are not placed at the RBL, the building frontage of any main building located along the RBL shall be at least as long as the building frontage of the largest main building located on the same lot.

H. *Minimum Lot Greenspace.*

1. *Purpose.* The minimum greenspace requirements are designed to ensure a sufficient amount of area for recreation, nature, and greenspace as well as to provide a pervious surface to assist in stormwater management.

2. *Applicability.* The minimum required greenspace provision shall apply to each lot in its entirety. Greenspace includes all natural pervious land surfaces that are covered with soil (and usually with lawns, landscaping, or other plant materials) or water bodies; and does not include permanent structures, sidewalks, patios, decks, or pavement of any type including gravel except as permitted for a stormwater credit.

3. *Stormwater Credit.* Up to twenty-five (25) percent of the minimum calculated greenspace requirements may consist of pervious hardscape surfaces, such as grass pavers, uncovered decks, brick pavers with a sand base, pervious concrete and asphalt, if used to account for the stormwater requirements of Chapter 32 of the City Code.

4. *Front Yards.* Front yards shall consist of greenspace, and impervious surfaces shall be limited to driveways and private sidewalks, except in the MON-C Zone District where hard surfacing for parking areas is allowed.

5. *Greenspace Credits.* Landscape buffers, permanent planters, landscape islands, rain gardens, vegetated walls and green roofs that are readily accessible and usable by building tenants may be included in greenspace calculations.

6. *Exception.* A reduction of not more than fifty (50) percent of the required greenspace listed in Table 5.6.07.A. is permitted for development projects that satisfy at least one (1) of the following criteria:

   a. A stormwater mitigation plan that retains one hundred (100) percent of all stormwater on site, as approved by the City's Environmental Protection Services Department (EPSD).

   b. Submittal of a LEED checklist and proof of registration that demonstrates the intent to apply for LEED building certification, or other generally recognized sustainable building certification.

(Ord. No. 2018-62, § 3, 10-23-18; Ord. No. 2024-40, § 4, 9-24-24)

Sec. 5.6.08. Building Element Requirements.

A. *Building Elements Table.*

1. *Purpose.* The intent of these requirements is to promote mixed-use development and renovation that:

   a. Establishes a development pattern in which new buildings and building modifications enhance the character of the existing built environment;

   b. Increases transparency (windows) to add visual interest, increase pedestrian traffic and to reduce crime through increased surveillance; and

   c. Enhances a sense of place and contributes to the sustainability of the City; and

   d. Orients building entrances and storefronts to the street; and

   e. Articulates longer building façades into more human-scale increments; and

   f. Distinguishes commercial uses based on scale and auto-orientation; and

   g. Provides for height and other bonuses as incentives to encourage uses and amenities that implement the Master Plan; and

   h. Encourages transportation alternatives (walking, biking and transit) to reduce automobile dependence and fuel consumption.

2. *Applicability.* All development in the Mixed-Use Commercial Zone Districts shall comply with the requirements in Table 5.6.08.A. unless otherwise expressly stated, or unless a different requirement is contained in an applicable Overlay District. Residential uses are subject to the building element requirements in Section 5.5.07.A.

3. All buildings shall comply with all necessary building code requirements to ensure proper fire protection.

B. *Building Height.*

1. *Height Limitations.*

   a. Height requirements, including bonus height provisions, are subject to the provisions of Section 5.8.02. OD-DH Downtown Height Overlay District and Section 5.8.03. OD-GR Grand River Overlay District, where applicable.

   b. Building heights in all other Mixed-Use Commercial Districts shall not exceed the maximum number of stories as listed in Table 5.6.08.A Building Elements.

2. *Bonus Allowances.* Buildings may qualify for a bonus height allowance based upon the Gross Floor Area (GFA) of the development devoted to the features established in Table 5.6.08.B.2 Bonus Table. Bonus height allowances may be used in combination provided that building heights shall not exceed the maximum number of stories in Table 5.6.08.A. Building Elements.

Table 5.6.08.B.2. Bonus Table				
Feature Type	**District**	**Provision**		**Bonus**
Urban Open Space (5.6.08.B.2.a.)	TOD, C	Minimum site area	25%	1 story
			50%	2 stories
Mixed-Income Housing (5.6.08.B.2.b.)	TOD, C	Mix of affordable and market rate dwelling units		1 story
Transit Station (5.6.08.B.2.c.)	TOD, PRD	Transit station along the assigned Bus Rapid Transit (BRT) route as approved by The Rapid		3 stories
Affordable Housing (5.6.08.B.2.d)	TOD, C	At least 20% of the total dwelling units are priced at or below 30% of AMI		1 story
Bonus heights for the TN-CC and TN-TCC Zone Districts are described in Sections 5.8.02. and 5.8.03.				

   a. *Urban Open Space Bonus.* To qualify for this bonus provision, at least the minimum noted urban open space shall be provided on the site, with public access directly from the sidewalk at ground level. The façade along the RBL requirement of Section 5.6.08.D. may be reduced by twenty (20) percent (e.g. a 90% requirement may be reduced to 70%) by the Director if deemed necessary to accommodate the installation of qualifying urban open space. The Director shall grant only that reduction necessary to accommodate the urban open space.

   b. *Mixed-Income Housing Bonus.* May be used in conjunction with Section 5.6.07.B.2.a. for additional density one (1) additional story may be permitted above the maximum permitted by the Zone District for development projects that satisfy all the criteria below:

      i. The development is located within a half mile of a Bus Rapid Transit (BRT) station or one-quarter of a mile of a transit stop, as measured from the nearest lot line to the right-of-way of the street along which the transit line runs;

      ii. The development includes at least twenty (20) dwelling units;

iii. Not less than fifteen (15) percent nor more than thirty (30) percent of the total number of rental units are priced for households at or below sixty (60) percent of Area Median Income, as adjusted for family size, with rental charges priced by the same method for at least fifteen (15) years;

iv. Not less than fifteen (15) percent nor more than thirty (30) percent of the total number of ownership units are priced for households at or below eighty (80) percent of Area Median Income, as adjusted for family size;

v. The remaining units are priced at market rate;

vi. The affordable units shall be comparable in unit sizes and amenities to the market rate units and shall be evenly distributed throughout the development;

vii. Provisions shall be made for the annual certification of eligible tenants and purchasers, certification of rental property and monitoring of affordable housing requirements. A density agreement shall be approved by the City Commission.

c. *Transit Station Bonus.* The transit station bonus shall only be approved as part of a submittal for a large development project at a location recognized by The Rapid as a desirable transit station for bus rapid transit (BRT) or trolley. A notarized statement from The Rapid verifying that the proposed transit station location and design is acceptable is required. The minimum dollar amount dedicated for this purpose shall be commensurate with the median cost of land per buildable square foot in the general vicinity. Transit station development shall reflect the intent of urban open space requirements in Section 5.11.14. Development of the station shall be accomplished using one (1) of the following methods:

i. Construction by the developer shall require the submittal of appropriate drawings, detailed construction commitments, a construction schedule, and a performance guarantee meeting the requirements of Section 5.14.04 for completion of the improvements, to be approved by the City Engineer and the transit authority.

ii. Cash contribution for transit station improvements that are to be undertaken by agencies such as The Rapid, shall enter into an agreement with the City of Grand Rapids and the agency undertaking the improvement. All agreements shall be in a form approved by the City Attorney.

d. *Affordable Housing Bonus.* May be used in conjunction with Section 5.6.07.B.2.c.ii. for additional density. Within the TOD and C Zone Districts, one (1) additional story above the maximum permitted by the Zone District may be permitted, where at least twenty (20) percent of the total number of dwelling units are priced at or below thirty (30) percent of Area Median Income, as adjusted for family size, with rates remaining affordable for at least thirty (30) years, when all of the following conditions are met:

i. The affordable units shall be comparable in unit sizes, amenities and location with the market rate units.

ii. The property owner agrees to the submission of annual reports to the City regarding certification of eligible tenants and purchasers, annual certification of rental property and monitoring of affordable rental housing requirements.

iii. That the property owner agrees in writing and recorded with the Kent County Register of Deeds and in a form approved by the City Attorney, that continual compliance with all conditions contained herein are necessary to maintain compliance with this Chapter. A violation of any condition is a violation of the Zoning Ordinance and is a nuisance per se for which the City of Grand Rapids may in

addition to other remedies, institute any court or enforcement action provided for by law, including but not limited to, seeking injunctive relief or abatement after a notice and hearing before the Board of Zoning Appeals.

3. *Administrative Departures.* An Administrative Departure from building height requirements may be permitted for:

   a. A reduction in the minimum height requirement for auto-oriented uses and for buildings in those Zone Districts where seventy (70) percent or more of existing buildings and structures located on the same block are single story.

   b. Reconstruction to the former building height (that exceeds the maximum permitted height in Table 5.6.08.A.) where a building is partially destroyed by an act of God. The determination shall consider factors such as the extent of destruction, character of the building and its surroundings and cost of reconstruction.

C. *Materials.*

1. *Permitted Materials.*

   a. Durable building materials, simple configurations and solid craftsmanship are required.

   b. *Primary Materials.*

      i. Fifty (50) percent of walls visible from public streets, exclusive of wall areas devoted to meeting transparency requirements shall be constructed of brick, glass, fiber cement siding, wood lap, stucco, split-faced block, or stone. Metal siding or paneling may only be allowed as a primary material upon Director Review, and where combined with a masonry foundation which extends a minimum two feet above adjacent grade.

      ii. To provide visual depth and strong shadow lines, clapboard siding must have a minimum butt thickness of a quarter (¼) inch.

      iii. To ensure durability and visual character, metal siding or paneling shall be minimum 24-gauge with no visible fasteners. Any change in profile shall be non-corrugated and have rib depth of a minimum 1-inch. Departure from these requirements may be approved by the Planning Commission with a Special Land Use approval.

   c. *Secondary Materials.*

      i. EIFS and vinyl or aluminum siding shall only be used for accents.

      ii. Metal shall be limited to beams, lintels, trim elements and ornamentation only. Architectural metal siding or paneling may be used as a secondary building material by Director Review or Special Land Use approval, subject to the limitations above for primary material.

2. Where more than one (1) façade material is proposed vertically, the heavier material in appearance shall be incorporated below the lighter material (e.g. masonry below siding).

3. *Roofing Materials.*

   a. Roofing materials shall be those used and installed in a manner customary for the materials used in construction of the main building, shall be compatible in character and scale with the structure on which it is being installed, shall be installed according to the manufacturer's specifications, shall have no visible fasteners, and shall be uniform in type and appearance within each uninterrupted roof plane.

b. Acceptable roof materials include three hundred (300) pounds or better, dimensional asphalt composite shingles, wood shingles and shakes, metal tiles or standing seam, slate, and ceramic tile. The Director may permit "engineered" wood or slate with an approved sample and examples of successful, high quality local installations.

c. Corrugated roofing materials are not permitted.

4. *Administrative Departure.* Other materials of equivalent or better quality, including high quality synthetic material, may be approved, if determined appropriate for the building, site, and area with an approved sample and examples of successful, high quality local installations.

D. *Façade Preservation and Variation.*

1. *Exterior Alterations.* Exterior changes and façade renovations shall not destroy or cover original details on a building, wherever practicable. Brick and stone façades shall not be covered with artificial siding or panels.

2. *Window and Door Openings.* Existing window and door openings shall be maintained wherever practicable. New window and door openings shall maintain a similar horizontal and vertical relationship as the originals.

3. *Vertical and Horizontal Lines.* The vertical lines of columns and piers, and the horizontal definition of spandrels and cornices, and other primary structural elements shall be maintained wherever practicable.

4. *Articulation and Variation.*

a. Façade articulation or architectural design variations for building walls facing the street are required to ensure that the building is not monotonous in appearance. Building wall offsets (projections and recesses), cornices, plinths, quoins, varying building materials or pilasters shall be used to break up the mass of a single building.

b. Façade Interruptions. The maximum linear length of an uninterrupted building façade facing a public street and/or park shall be thirty (30) feet.

c. Blank or windowless walls shall not make up more than thirty (30) percent of each building façade per story (as measured from floor to floor), and have no horizontal distance greater than fifteen (15) feet per story. Blank, windowless walls facing public streets and/or parks are prohibited.

d. An Administrative Departure may be approved to allow the following:

i. An increase of up to five (5) feet to the thirty (30) foot uninterrupted building façade facing public streets requirements may be approved.

ii. Permitted of other methods to provide adequate articulation, provided that the visual effect of articulation is maintained. Examples of acceptable variations may include architectural or artistic details or features, a variation in color or materials and enhanced ornamentation around building entranceways.

5. *Large Developments.* Developments planned for retail or wholesale sales composed of one (1) or more main buildings each of which exceeds thirty thousand (30,000) square feet GFA; or developments with a single large commercial establishment with a main building exceeding thirty thousand (30,000) square feet GFA, shall:

a. Create a series of smaller "liner buildings" that are positioned along the primary façade of the main building to break up the building mass; or

b. Design the primary façade of the main building so that it appears to have a series of multiple small storefronts without individual doorways.

E. *Building Orientation.*

1. *Primary Entrance.* The primary building entrance shall be located in the front façade parallel to the street. Main building entrances and exits shall be located on the primary street.

2. *Administrative Departure.* Alternative orientations may be permitted where they are consistent with existing adjacent development.

F. *Entrances.*

1. *Primary Entrance.* The primary building entrance shall be located in the front façade parallel to the street. At least one (1) main building entrance shall be located on the primary street. A clearly identifiable and usable building entrance is required for every sixty (60) feet of a building's frontage on a primary street.

2. *Recessed Doorways.* Where the building entrance is located on or within five (5) feet of a lot line or public sidewalk easement, whichever is closest to the face of the building. Doorways shall be recessed into the face of the building to provide a sense of entrance, to add variety to the streetscape, and provide pedestrian protection from a swinging door.

    a. The entrance recess shall not be less than the width of the door(s) when opened outward;

    b. The entrance recess may not exceed the entrance width;

    c. The entrance may not exceed two (2) stories in height; and

    d. Doors for nonresidential uses along all street frontages shall be consistent with the design of principal entrances and include glass and full operating hardware in the design of the door.

3. *Residential Dwellings.* Entrances for all residential dwellings shall be clearly defined by at least two (2) of the following:

    a. Projecting or recessed entrance.

    b. Stoop or enclosed or covered porch.

    c. Transom and/or side light window panels framing the door opening.

    d. Architectural trim framing the door opening.

4. *Administrative Departure.*

    a. Non-recessed entrance doors may be permitted where no safety hazard may be created.

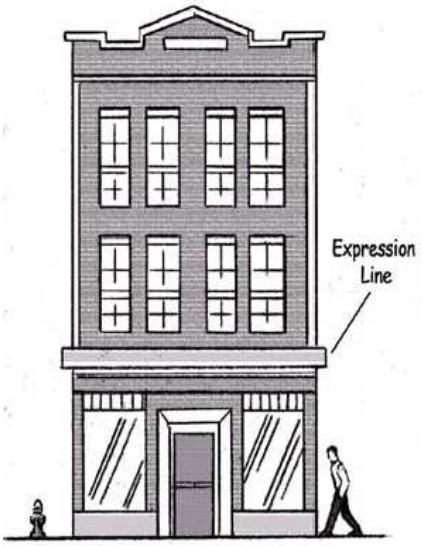
    b. Alternative entrance locations shall be permitted where consistent with existing adjacent development.

    c. Other entrance definitions for residential dwellings, such as unique color treatments, sidelight windows, transom window or other adjacent windows, additional moldings with expression lines, or bays of unique width may be permitted provided the same effect is achieved.

    d. A greater spacing for primary entrances may be allowed where the use makes the required entrance spacing impractical, provided that at least one (1) primary entrance is provided on the primary street.

G. *Expression Line.*

1. A horizontal line on the façade known as the Expression Line (EL) shall distinguish the base of the building from the remainder to enhance the pedestrian environment. The EL shall be set so that the bottom of the line is no higher than sixteen (16) feet above grade. The EL shall be created by a change in material, a change in design, or by a continuous setback, recess, or projection above or below the EL. Elements such as cornices, belt courses, corbelling, molding, stringcourses, ornamentation, and changes in material or color or other sculpturing of the base, are appropriate design elements to include with an EL.
2. If applicable, the height of the EL shall be related to the prevailing scale of development in the area. A change of scale may require a transitional design element between existing and proposed features.



5.6.08.F. Expression Lines (EL).

H. *Transparency.*

1. *Purpose.* The first floors of all buildings shall be designed to encourage and complement pedestrian-scale activity and crime prevention techniques using CPTED (Crime Prevention Through Environmental Design). It is intended that this be accomplished principally by the use of windows and doors arranged so that active uses within the building are visible from or accessible to the street, and parking areas are visible to occupants of the building.
2. Upper floor transparency is provided to ensure that access to adequate light and air is provided and that excessive areas of blank walls are avoided.
3. *Applicability.*
   a. The minimum transparency requirement shall apply to all sides of a building that abut an urban open space or public right-of-way. Transparency requirements shall not apply to sides which abut an alley.
   b. Windows for building sides (non-front) shall be concentrated toward the front edge of the building, in locations most visible from an urban open space or public right-of-way.
4. *General Requirements.* The General Provision requirements of Section 5.2.14. Building Transparency shall apply.
5. *Windows and Displays.*
   a. Ground level storefront windows shall be horizontal, divided into vertical segments. Heavily tinted or reflective glass, and glass block on street façades shall not be counted toward transparency requirements.
   b. Product display windows shall be internally lit.
   c. Interior displays shall be set back a minimum of one (1) foot from the window and shall not cover more than fifty (50) percent of the window opening. Displays nearer than one (1) foot from the window shall be considered a window sign.
   d. No window covering or screening shall cover more than twenty-five (25) percent of windows or doors that are used to meet transparency requirements.

I. *Building Step-Backs.*

1. *Purpose.* A step-back is a portion of a building or structure that is recessed from the base of the structure at a defined story. Step-backs are required where necessary to provide a more gradual transition between heights of adjacent buildings and less intensive uses; provide greater access to sunlight for public areas, trees, and lower buildings; provide a comfortable pedestrian experience; and integrate with existing street wall buildings. It is also intended to inform the relationship between the proposed development and the heights of other buildings in the surrounding area. The requirements for building step-backs is to coordinate the proposed development with the location, height, scale, and spacing of existing or approved buildings, and in particular other buildings on the same or adjacent blocks.

2. *Applicability.* A step-back is required when one (1) of the following conditions is met:

   a. Any building side in the TN-TCC Zone District that abuts a residential zone district.

   b. Buildings fronting a public street in the TOD Zone Districts.

3. *Requirements.*

   a. Where there are existing street wall buildings, the placement of the required step-back shall be no lower than the height of the existing context of the street wall buildings.

   b. Determination of Existing Context.

      i. An existing context of street wall buildings shall be determined by the average number of stories of buildings in the same block and on the block across the street.

      ii. To establish an existing context, the block used in the calculation shall be occupied by existing buildings for a minimum of fifty (50) percent of the linear frontage of the block.

      iii. Existing buildings that do not meet the minimum story requirement of the Zone District shall be excluded from the calculation of the average stories.

   c. Where an existing context is not able to be determined, the fifth story shall be subject to the step-back requirement.

   d. Where required, the step-back shall be at least ten (10) feet.

   e. Building step-backs shall span a minimum horizontal width of at least seventy-five (75) percent of any affected side of a building.

4. *Administrative Departure.* The Director may approve a modification to the requirements of subsection 3., above where they are demonstrated to be impractical due to existing building locations, location of adjacent uses, or other physical conditions related to the site or existing buildings.

(Ord. No. 2019-10, § 4, 3-26-19; Ord. No. 2020-13, §§ 4, 7, 4-28-20; Ord. No. 2021-03, §§ 4—8, 1-26-21; Ord. No. 2023-26, §§ 1—3, 7-11-23; Ord. No. 2024-40, § 5, 9-24-24)

ARTICLE 7. SPECIAL DISTRICTS

Sec. 5.7.01. Purpose and Intent.

A. *Purpose.*

1. There are certain unique areas within the city that cannot easily be treated in the same manner as other Zone Districts. Accordingly, a "Special District" classification has been created to permit proper regulation of these areas. The Special District combines the major elements of

traditional zoning with particular neighborhood elements that can help to preserve the vitality and character of each Special District. The Special Districts are intended to be developed in a manner that shall be sensitive to the Zone Districts they border.

2. Special Districts have also been created to accommodate particular development concerns, such as accommodating larger institutions.

3. Special Districts retain many of the characteristics of a traditional, use-based zoning classification system. Uses are regulated by type, size, location, coverage, design, among other particulars, within each Special District.

B. *Special District Designation.* Table 5.7.01. lists the Special Districts.

Table 5.7.01. Special Districts (SD)		
Abbreviation	**Zone District**	**Section**
SD-AP	Airport	5.7.02.
SD-OS	Open Space	5.7.03.
SD-IT	Industrial Transportation	5.7.04.
SD-IC	Institutional Campus	5.7.05.
SD-PRD	Planned Redevelopment District	5.7.06.

Sec. 5.7.02. Special District - Airport (SD-AP).

A. *Purpose and Intent.*

1. The Gerald R. Ford International Airport is an important asset to the Grand Rapids metropolitan region and all of western Michigan. The Airport serves as a focal point of development as growth in general aviation, commercial cargo carriers and passenger airlines continues.

2. The SD-AP District as depicted on Special District-Airport Map E is designed to permit those uses, activities, facilities, and structures necessary for the safe and efficient operation of aircraft and for providing the services and facilities required to accommodate airport patrons and employees.

3. This district is intended to accommodate and promote aeronautical progress for the public good, while protecting the health and welfare of the public. This Special District permits both aeronautical and non-aeronautical uses and facilities that complement airport operations.

4. It is recognized that certain aeronautical facilities are exempt from local zoning under the Zoning Act. This District governs only the land surrounding the terminal within the jurisdictional boundaries of the City.

B. *Uses Table.* Table 5.7.02.B. lists uses allowed within the SD-AP, subject to compliance with all other applicable requirements of this Chapter.
