1. No use within the SD-AP District shall create electrical or electronic interference with navigational signals or radio or radar communication between the airport and aircraft. No structure or use of land that causes the emission of smoke that may be a pilot navigation hazard or otherwise be detrimental or injurious to the health, safety and welfare of the public using the airport is allowed unless specifically required and authorized by the Federal Aviation Administration (FAA), or other governmental entity with statutory authority.

2. No use within the SD-AP District shall be designed or operated in a manner that is intended to or has the effect of attracting birds or other wildlife.

3. *Permitted Uses.* Uses permitted by right in the Zone District, subject to compliance with all other applicable requirements of this Chapter, are identified with a "P."

4. *Some Permitted Uses are subject to compliance with Article 9.* These uses are identified in the Table 5.7.02.B. under "Use or Other Regulations." A cell marked with a dash "—" under this heading indicates that there are no additional use requirements in Article 9.

5. *Unlisted Uses.* Uses not listed in the Table 5.7.02.B. are prohibited, unless the Director determines that the use is similar to other uses listed either as a Permitted Use or Special Land Use in accordance with Section 5.4.04.

C. *Site Layout and Building Placement Requirements.*

Table 5.7.02.C. Site Layout and Building Placement: Airport District	
Height	No structure, tree or growth shall be erected, altered, allowed to grow to or be maintained at a height that exceeds the limitations established by the FAA.
Area, Bulk and Setbacks	All requirements for height, lot area, coverage, setbacks, building design, etc. shall be determined in consultation with the Kent County Department of Aeronautics.

D. *Airport Zoning Act.* Proposed buildings or modifications to existing buildings with a height greater than one hundred (100) feet require a permit from the Kent County Department of Aeronautics, pursuant to the Airport Zoning Act, Public Act No. 23 of 1950.

Sec. 5.7.03. Special District - Open Space (SD-OS).

A. *Purpose and Intent.* The Open Space District (SD-OS) is intended to accommodate natural or park-like settings and preserve selected open space land and uses from development pressures. This Special District is intended for public or private purposes, and may include parks, playgrounds, athletic fields, wetlands, floodplains and natural areas.

B. *Allowed Uses Table.* Table 5.7.03.B. lists uses allowed within the SD-OS District, subject to compliance with all other applicable requirements of this Chapter.

1. *Permitted Uses.* Uses permitted by right in the applicable Zone District, subject to Director Review and compliance with all other applicable requirements of this Chapter, are identified with a "P."
2. *Special Land Uses.* Uses which may be allowed subject to review and approval by the Planning Commission in accordance with Section 5.12.09., and with all other applicable requirements of this Chapter. These uses are identified with an "S."
3. *Other Regulations.* Many allowed uses, whether a Permitted Use or a Special Land Use, are subject to compliance with other requirements of this Chapter. These uses are identified in the Table 5.7.03.B. under "Use and Other Regulations." A cell marked with "—" under this heading indicates that there are no additional use requirements in Article 9.
4. *Uses Not Allowed.* A cell marked with an "X" indicates that the listed use under a Zone District heading is not allowed. Uses not listed in the Table 5.7.03.B. are prohibited unless the Director determines that the use is similar to other uses listed either as a Permitted Use or Special Land Use in accordance with Section 5.4.04.
5. *Unlisted Uses.* If an application is submitted for a use not listed, the Director shall make a determination as to the proper Zone District and use classification for the new or unlisted use in accordance with Section 5.4.04.
6. *Site Development.* Vehicle and bicycle parking requirements and pedestrian circulation requirements are in Article 10 Transportation and Mobility. Landscaping requirements are in Article 11 Landscaping and Green Infrastructure. Sign requirements are in Article 15 Signs.

C. *Site Layout and Building Placement Requirements.*

1. Lots may contain more than one (1) main building or principal use.
2. No parking is permitted in the required front yard.
3. All buildings shall meet the requirements of Table 5.7.03.C.

Table 5.7.03.C. Site Layout and Building Placement: Open Space

Minimum tree canopy (% of lot area)		50

D. *Building Element Requirements.*

1. *Building Materials.*
   a. Durable building materials, simple configurations and solid craftsmanship are required.
   b. Walls visible from public streets, exclusive of wall areas devoted to meeting transparency requirements shall be constructed of brick; fiber cement siding, wood lap, aluminum or vinyl siding; and split-faced block, stucco or stone. Metal may only be used for beams, lintels, trim elements and ornamentation.
   c. Building materials in TN-Traditional Neighborhood Zone Districts shall have a traditional, horizontal orientation.
2. *Façade Variation.* The maximum linear length of an uninterrupted building façade facing a public street and/or public park shall be between twenty-five (25) and thirty-five (35) feet. Building wall offsets (projections and recesses), cornices, varying building materials or pilasters shall be used to break up the mass of a single building.
3. *Building Orientation.* In the TN-Traditional Neighborhood and MCN-Mid-Century Neighborhood Districts, buildings shall be oriented towards a public street.
4. *Transparency.* The General Provision requirements of Section 5.2.14. shall apply. The front of a non-residential building shall have forty (40) percent transparency. Transparency on building sides of a non-residential structure shall be twenty (20) percent.

Sec. 5.7.04. Special District - Industrial-Transportation (SD-IT).

A. *Purpose and Intent.* The Industrial-Transportation Districts (IT) are established to reflect the goals and objectives of the Master Plan for a wide range of light industrial and manufacturing uses, heavy manufacturing and processing of raw materials. Regulated adult uses are included within this Zone District to preserve the character and integrity of residential neighborhoods and family-oriented institutions, such as places of worship and recreation. Reasonable protection of adjacent land uses is also an important component of this Special District. Typical light industrial uses are permitted within this Zone District, while typical heavy industrial uses shall be considered as Special Land Uses.

B. *Uses Table.* Table 5.7.04.B. lists uses allowed in the Industrial-Transportation Districts (SD-IT), subject to compliance with all other applicable requirements of this Chapter.

1. *Permitted Uses.* Uses permitted by right in the applicable Zone District, subject to Director Review where in compliance with all other applicable requirements of this Chapter. Such uses are identified with a "P."
2. *Special Land Uses.* Uses which may be allowed subject to review and approval by the Planning Commission in accordance with Section 5.12.09., and with all other applicable requirements of this Chapter. These uses are identified with an "S."
3. *Uses Not Permitted.* Uses which are not permitted either by Permitted Use or Special Land Use are identified with an "X."
4. *Other Regulations.* Certain allowed uses, whether Permitted Uses or Special Land Uses, are subject to compliance with other requirements of this Chapter. These uses are identified in the Table 5.7.04.B. under "Use or Other Regulations." A cell marked with a dash "—" under this heading indicates that there are no additional use requirements in Article 9.
5. *Unlisted Uses.* If an application is submitted for a use not listed, the Director shall make a determination as to the proper Zone District and use classification for the new or unlisted use in accordance with Section 5.4.04.
6. *Site Development.* Vehicle and bicycle parking requirements and pedestrian circulation requirements are in Article 10 Transportation and Mobility. Landscaping requirements are in Article 11 Landscaping and Green Infrastructure. Sign requirements are in Article 15 Signs.
7. *Accessory Sales.* Accessory retail sales are permitted provided that they:
    a. Are conducted within the same structure housing the principal manufacturing or warehouse use, with no outdoor sales allowed; and
    b. Are limited to hours of operation to between 8 a.m. and 9 p.m., or to the operating hours of the principal use, whichever is shorter; and
    c. Only sell items manufactured by the principal use or are part of the principal use's warehouse stock; and
    d. Provide sufficient parking separate from the principal use of the property.
8. *Enclosed Structure.* All uses permitted by right shall be conducted within a completely enclosed structure, except vehicular storage or other uses that require outdoor storage as regulated in Table 5.7.04.B.
9. *Noxious Emissions.* No noise, smoke, dust, vibration or any other like nuisance shall adversely affect adjacent residential uses. Those uses which may be noxious or offensive by the reason of emission of odor, dust, smoke, gas, noise, vibration and the like, and not allowed in any other district shall be set back at least three hundred (300) feet from any other Zone District line.

C. *Site Layout and Building Placement Requirements.*

1. All development in the SD-IT Zone District shall comply with the requirements in Table 5.7.04.C. unless otherwise expressly stated, or unless a stricter requirement is in an applicable Overlay District.

Table 5.7.04.C. Site Layout and Building Placement: Industrial-Transportation District	
Minimum Lot Area	10,000 sq. ft.
Minimum Lot Width	100 ft.
Required Building Line (RBL)	RBL shall be consistent with the established setback of existing main buildings.
	RBL for a new structure shall be equal to, or the average of the front setbacks/RBLs of existing main buildings within 250 ft. on either side of the lot on the same side of the street.
Minimum Front Setback	25 ft. where there is no established setback and the entire frontage is located in a SD-IT District.

Table 5.7.04.C. Site Layout and Building Placement: Industrial-Transportation District	
Minimum Side Setback	25 ft. or equal to the height of the building where the side of a lot is adjacent to a lot in residential use, a Residential Zone District or the SD-OS Zone District; a minimum 15 ft. landscape buffer shall be provided.
	5 ft. where the building is not placed on the lot line. A common wall may be utilized for adjacent lots.
	Not required in all other cases.
Minimum Rear Setback	25 ft. where the rear is adjacent to a lot in residential use, a Residential Zone District, or the SD-OS Zone District. The full width of the alley may contribute towards the rear setback requirement.
	Not required in all other cases.
Accessory Buildings	No accessory building shall be allowed in the required yard area of any lot.
Minimum Green Space	15% of lot area
Minimum Tree Canopy	15% of lot area

2. *Administrative Departure.* An Administrative Departure may allow adjustments up to five (5) feet in the established dimensions to accommodate individual site conditions, such as healthy mature trees, topography, or other similar physical conditions.

D. *Building Elements.*

Table 5.7.04.D. Building Elements: Industrial Transportation District	
Maximum Height	3 stories or 45 ft., whichever is less. Height may be increased by the Planning Commission in accordance with the Special Land Use standards and procedures of Section 5.12.09.
Materials	The use of highly reflective surfaces, including reflective glass and reflective metal roofs, is prohibited; not applicable to the installation and use of solar panels.
	All walls exposed to public view from the street or an adjacent residential area shall be constructed of not less than 25% brick, face brick, stone or cast stone. High quality materials on other exposed exterior surfaces such as brick, stone, wood, or stucco are encouraged. Metal siding or paneling may be used, providing the following standards are met: 1. The siding shall be a gauge of no higher than 24. 2. Any change in profile shall be non-corrugated and have a minimum rib depth of 1-inch. 3. A masonry base with a minimum height of 18 inches is provided. 4. Transparency requirements are met. These requirements may be reduced or waived by the Planning Commission in accordance with the Special Land Use standards and procedures of Section 5.12.09.

Table 5.7.04.D. Building Elements: Industrial Transportation District		
Façade Variation	Blank walls shall not face a public street.	
	No more than 50 ft. of horizontal distance of wall shall be provided without articulation or architectural design variations for building walls facing the street to assure that the building is not monotonous in appearance.	
	Acceptable variations include, but are not limited to:	Recess and projections along the building façade. Variations in recesses and projections shall be a minimum of 18 inches.
		Architectural details or features.
		Enhanced ornamentation around building entranceways.
		Streetscape elements
		Variations in building height.
Entrance	The main customer/visitor entrance shall be clearly identified using an awning, paving treatments, change in roofline or other features, such as canopies, porticos, arcades, arches, wing walls, or integral planters.	
	Main building entrances and exits shall be located on the primary street. Doorways that open to the sidewalk shall be recessed.	
Transparency	A minimum 20% transparency shall apply to all sides of a building façade that abut a public street, excluding alleys.	
Transitional Features	See Section 5.05.07.G.	
Streetscape Plan	Standards used by the City Engineer to determine appropriate street tree plantings, walking surfaces and parkway landscaping shall be used where a City-recognized streetscape plan for a defined area has not been adopted, see Section 5.11.13.C.	

E. *Storage and Screening.*

1. Materials and equipment storage areas shall be located in the side or rear yards.
2. All outdoor storage shall be completely screened from any adjacent parcel or public right-of-way as required by Section 5.9.18.C.
3. All machinery, equipment and materials shall be at least twenty-five (25) feet from any lot line. No portion of the storage area shall be within seventy-five (75) feet of any Residential Zone District or residential use.
4. Any hazardous materials proposed to be stored, used or handled on site shall be conducted in accordance with all applicable State and Federal laws. These materials shall be disclosed by the applicant or property owner for Special Land Use requests.
5. Administrative Departure. Materials and equipment storage may be permitted in the front yard if it is demonstrated that there would be no substantial detriment to surrounding properties, that adequate screening shall be provided; that a minimum setback of fifteen (15) feet from the property line is maintained.

(Ord. No. 2018-45, § 4, 7-24-18; Ord. No. 2018-70, § 2, 12-18-18; Ord. No. 2019-16, § 2, 4-23-19; Ord. No. 2020-21, §§ 5, 6, 7-7-20; Ord. No. 2024-20, § 10, 4-23-24)

Sec. 5.7.05. Special District - Institutional Campus (SD-IC).

A. *Purpose and Intent.*

1. *Large, Campus-Like Settings.* The Institutional Campus District is established to account for larger, campus-like settings including colleges and universities, hospital campuses, senior

living facilities and similar institutional arrangements. Mixed land uses may occur in the same building (e.g., retail on ground floor, office space above) or in different buildings sited on the same lot or parcel (e.g., freestanding child day care center located on the same parcel as an office building). Active uses such as retail, restaurants, cultural and public spaces are encouraged on the ground floor abutting a public street. In certain circumstances, less intensely developed areas that are characterized by single uses rather than a mix of uses may be developed.

2. *Mixed-Use Environment.* The following requirements are intended to deal with the complexities inherent in campus settings and the establishment of a mixed-use environment that services the institutional use as well as the broader community. The Master Plan promotes the restructuring of many of the city's existing institutional areas into compact, walkable, mixed-use centers. The Master Plan advocates incorporating housing, shopping, jobs and services, and providing attractive alternatives to travel by car. It is understood that institutional settings involve density and character of living, education, working, visiting and other arrangements that present unique challenges especially given that in some settings there are special physical, mobility and equipment needs, as well as unique situations in dealing with persons in various life stages, sometimes dealing with particular health and emotional issues.

3. *Design Issues.* These regulations guide the physical form of the development project to resolve concerns and address design issues that might occur with the mixture of different uses in the same project. These concerns and design issues may occur within a project or along its boundaries with surrounding residential neighborhoods or commercial areas.

B. *Eligibility Requirements.*

1. *Unified Control of Property.* The proposed development shall be under single ownership or control to ensure there is a single entity with responsibility for completing and managing the campus.

2. *Minimum Size.* The site shall be a minimum of two (2) acres. The Planning Commission may approve submission of an application for a smaller site provided that the proposal substantially achieves the Purpose and Intent of the Special District and meets the other eligibility requirements.

3. *Compatibility.* The proposed plan and uses shall not adversely affect adjacent neighborhoods or other development in terms of traffic disruption or congestion or impediments to development or redevelopment of nearby properties.

4. *Master Plan.* The proposed use shall be consistent with the Visions, Objectives and Policies, and Development Characters of the Master Plan for the area in which the use is proposed.

C. *Allowed Uses Table.* Table 5.7.05.C. lists uses allowed in the Institutional Campus District (SD-IC), subject to compliance with all other applicable requirements of this Chapter.

1. *Permitted Uses.* Uses permitted by right in the Zone District, subject to compliance with all other applicable requirements of this Chapter. These uses are identified with a "P."

2. *Special Land Uses.* Uses which may be allowed subject to review and approval by the Planning Commission in accordance with Section 5.12.09., and with all other applicable requirements of this Chapter. These uses are identified with an "S."

3. *Use Regulations.* Certain allowed uses, whether a Permitted Use or a Special Land Use, are subject to compliance with other requirements of this Chapter. These uses are identified in the Table 5.7.05.C. under "Use or Other Regulations." A cell marked with a dash "—-" under this heading indicates that there are no additional use requirements in Article 9.

4. *Unlisted Uses.* Uses not listed in the Table 5.7.05.C. are also prohibited unless the Director determines that the use is similar to other uses listed either as a Permitted Use or Special Land Use in accordance with Section 5.4.04.

5. *Site Development.* Vehicle and bicycle parking requirements and pedestrian circulation requirements are located in Article 10 Transportation and Mobility. Landscaping requirements are in Article 11 Landscaping and Green Infrastructure. Sign requirements are in Article 15 Signs.

6. *Accessory Uses.* Accessory uses that provide goods or services primarily to employees, students or other immediate stakeholders and operate with low intensity activities such as a coffee shop, pharmacy, gift shop or book store or other similar use shall be permitted as approved by the Director.

7. *Excessive Noise.* Activities that may generate a great deal of sound, such as a power house, loading docks or amplified sporting event shall be subject to Special Land Use approval if located within four hundred (400) feet of a residential use.

D. *Site Layout and Building Placement Requirements.*

1. All development in the SD-IC District shall comply with the requirements in Table 5.7.05.D. unless otherwise expressly stated, or unless a different requirement is contained in an applicable Overlay District.

Table 5.7.05.D. Site Layout and Building Placement: Institutional Campus District	
Minimum lot area	2 acres. See Section 5.7.05.B.2.
Minimum lot width and depth	250 ft.
Setbacks - front, rear and side	25 ft.
	The Planning Commission may waive the required setback to 10 ft. where adjacent lots are in the same ownership, to account for unusual site conditions, or where adjacent uses will not be adversely affected.
Minimum green space (% of lot area)	30%
Minimum tree canopy (% of lot area)	35%

2. Accessory uses shall be sited to face the public right-of-way or contribute to the creation of a Traditional Neighborhood streetscape. Where located adjacent to a public right-of-way, storefront windows, door entrances and façade treatments shall comply with the TN-TBA Zone District requirements of Table 5.6.08.A.

E. *Building Elements.*

1. All development in the SD-IC shall comply with the requirements in Table 5.7.05.E. unless otherwise expressly stated, or unless a different requirement is contained in an applicable Overlay District.

Table 5.7.05.E. Building Elements: Institutional Campus District		
Height	No building shall exceed 55 ft. in height or 4 stories, whichever is lower, except that the Planning Commission may approve greater heights under Optional Plan Review where the nature of the use requires a higher building.	
	New buildings shall generally respect surrounding development patterns. Height may be restricted to less than 55 ft. within the 250 ft. perimeter area when the Planning Commission finds that a lesser height would be more compatible.	
Materials	The use of highly reflective surfaces, including reflective glass and reflective metal roofs, is prohibited. This prohibition shall not apply to solar panels.	
	All walls exposed to public view from the street or an adjacent residential area shall be constructed of not less than 75% brick, face brick, stone or cast stone. High quality materials on other exposed exterior surfaces such as brick, stone, wood, architectural metal (24 gauge or better) or stucco are encouraged.	
Façade Variation	Blank walls shall not face a public street.	
	Where building walls for new main buildings are 100 ft. or greater in length, design variations shall be applied to ensure that the building is not monotonous in appearance.	
	Acceptable variations include, but are not limited to, the following:	Recesses and projections along the building façade for a minimum of 18 in.
		Architectural details or features.
		Enhanced ornamentation around building entranceways.
		Landscaping.
		Streetscape elements.
		Variations in building height.
Entrance	The primary entrance of a new main building shall be clearly identified using an awning, paving treatments, change in roofline or other architectural feature and shall relate to locations of pedestrian activity.	

Table 5.7.05.E. Building Elements: Institutional Campus District	
Transparency	A minimum 40% of the ground level façade on the front of a building shall be transparent.
	For new buildings located at the corner of 2 streets, a minimum of 50% of the ground level façade on both frontages of the building shall be transparent.
	The Planning Commission may approve a lower transparency percentage for the reuse of an existing building, residential buildings, or other buildings where it is demonstrated by the applicant that transparency would be detrimental to the operation or security of the proposed use.
	A main building with retail uses as a principal or ancillary use shall incorporate pedestrian oriented elements such as, but not limited to:
	Transparent windows or display cases (see Transparency requirements above).
	Outdoor dining areas on private property.
	Public art.
	Canopies/awnings/trellises.
	Landscaping, shade trees and benches.
	Blank walls shall not face a public street.
Transitional Features	See Section 5.5.07.G.
Streetscape Plan	Standards used by the City Engineer to determine appropriate street tree plantings, walking surfaces and parkway landscaping shall be used where a City-recognized streetscape plan for a defined area has not been adopted, see Section 5.11.13.
Roof Type	Additional roofline treatments may be recommended by the Planning Commission in order to minimize the mass of the roof or enhance the design of the building. These treatments include, but are not limited to cornices, dormer windows, cupolas, additional accent gables, and covered entranceways.

2. New window and door openings shall be compatible with existing horizontal and vertical architectural features, such as columns, piers and cornices.

F. *Review and Approval.* Except as provided in G., below, the following process shall be used in the SD-IC District.

1. *Perimeter Area.* A two hundred fifty (250) foot wide perimeter area shall be established along the outer edge of the SD-IC District as measured from the campus property lines, including any individual lots under common ownership. All improvement to land or structures within the two hundred fifty (250) foot perimeter shall be approved as a Special Land Use by the Planning Commission. The Planning Commission shall review appropriate transitions in landscaping, use, building height and massing, and density related to these improvements.

2. *Interior of Site.* Improvements to land or structures outside of the two hundred fifty (250) foot perimeter area shall be subject to Director Review; unless the Director determines that a hearing before the Planning Commission is warranted due to proposed site changes that have the potential to adversely affect neighboring properties.

3. *Facility Master Plan.* The institution shall submit a facility master plan to the Director as part of a regular project submittal. The area under development shall be identified.

4. *Optional Plan Review.* The Planning Commission may modify any of the design requirements of this Special District under Section 5.12.14. Optional Plan Review at the request of the applicant where one (1) or more of the following conditions exist.

   a. Existing site conditions, including but not limited to: surrounding land uses, topography, soils, and/or other significant natural features, physically preclude or prevent compliance with the requirements of the District without a substantial adverse effect on those features. These features shall be clearly identified and described in the application for any requested modification.

   b. The applicant demonstrates by clear and compelling evidence that site or occupant security requires their modifications.

   c. The justification of any modification shall not be justified solely for financial considerations. However, this does not preclude the Planning Commission from modifying requirements where the applicant demonstrates that the project would be rendered financially unsound or that the requirement is unnecessarily burdensome in relation to the benefit gained.

   d. That no other reasonable design alternatives are available that would comply with the requirements of the District.

   e. That the request for modification was reviewed by the Director, City Engineer, Fire Chief, and Police Chief.

Sec. 5.7.06. Special District - Planned Redevelopment District (SD-PRD).

A. *Purpose and Intent.*

1. *Flexible Development Standards.* The Planned Redevelopment District may be appropriate when it may be necessary or desirable to deviate from the standards in another Zone District to ensure that desirable and compatible development occurs. These flexible development standards are necessary to address special conditions with regard to setbacks, yards, building height and special traffic, policing, or landscaping issues. It is not the intent of this District to permit development applications that simply wish to avoid compliance with the other regulations of this Chapter.

2. *Mixed Use Development.* The SD-PRD encourages mixed land uses that may occur in the same building (e.g., retail on ground floor, office space above) or in different buildings sited on the same lot (e.g., free-standing child day care center located on the same parcel as an office building). Active uses such as retail, restaurants, cultural and public spaces are encouraged on the ground floor. In certain circumstances, less intensely developed areas characterized by single uses rather than a mix of uses may be developed using the SD-PRD classification.

3. *Project Review Process.* The SD-PRD is designed to accomplish the objectives of this Chapter through a land development project review process to achieve integration of the proposed land development project with the characteristics of the area, as authorized by the Zoning Act.

4. *Former PUDs and PRDs.* Planned Unit Development (PUD) and Planned Redevelopment Districts (PRD) of a former zoning ordinance have been transferred into this SD-PRD where continued control of new development or redevelopment efforts is desired. All conditions and requirements of the previous project approval, and amendments thereto, shall remain in effect unless otherwise waived by the Planning Commission or City Commission or if the approval has expired pursuant to Section 5.12.12.I., in which case the development shall only be completed in accordance with the provisions of this Chapter.

5. *Master Plan.* This Special District permits and controls the development of sites and buildings in a manner that satisfies the Visions, Objectives and Policies, Plan Recommendations, and Development Characters of the Master Plan; particularly as it relates to environmental quality and sustainable design.

B. *Eligibility Requirements.*

1. To apply for SD-PRD approval, the applicant shall demonstrate that each of the eligibility criteria shall be met.

   a. *Unified Control of Property.* The proposed development shall be under single ownership or control to ensure there is a single entity responsible for completing the project. A responsible party shall be named for the project and included in the application.

   b. *Area Specific Plan and Master Plan.* An area specific plan shall be prepared as part of the development request, in compliance with the criteria established in Chapter 11 of the Master Plan. The proposed project uses will be consistent with the Master Plan for the area in which the use is proposed.

2. *Exceptions.* The Planning Commission may approve submission of an application for a SD-PRD outside of the Eligibility Requirements noted above, provided that the proposed project is generally consistent with the Purpose and Intent of the SD-PRD and is consistent with the Vision, Objectives and Policies, Plan Recommendations, and Development Characters of the Master Plan.

C. *Use Table.* Table 5.7.06.C. lists uses allowed within the Planned Redevelopment District (SD-PRD), subject to compliance with all other applicable requirements of this Chapter and any conditions of the City Commission's approval of the SD-PRD.

1. *Permitted Uses.* Uses permitted by right in the Zone District, subject to compliance with all other applicable requirements of this Chapter. These uses are identified with a "P."

2. *Special Land Uses.* Uses which may be allowed subject to review and approval by the Planning Commission in accordance with Section 5.12.09., and with all other applicable requirements of this Chapter. These uses are identified with an "S."

3. *Use Regulations.* Certain allowed uses, whether Permitted Uses or a Special Land Uses, are subject to compliance with Article 9 or other provisions of this Chapter. These uses are identified in the Table 5.7.06.C. under "Use or Other Regulations." A cell marked with a dash "—-" under this heading indicates that there are no additional use requirements. However, there may be other applicable regulations in this Chapter for the uses listed that are not noted in the Use Table.

4. *Unlisted Uses.* Uses not listed in the Table 5.7.06.C. are prohibited unless the Director determines that the use is similar to other uses listed either as a Permitted Use or Special Land Use in accordance with Section 5.4.04.

5. *Exception.* An Exception, as noted in Table 5.7.06.C. may be given to permit non-retail uses within the ground floor of a commercial building if the building was constructed for purposes or uses other than retail sales. For example, a building constructed for offices may be used for ground floor offices or a dance studio.

6. *Site Development.* Vehicle and bicycle parking requirements and pedestrian circulation requirements are located in Article 10 Transportation and Mobility. Landscaping requirements are in Article 11 Landscaping and Green Infrastructure. Sign requirements are in Article 15 Signs.

7. *Dwelling Units.*

a. The total number of dwelling units allowed in a project shall be determined by multiplying the gross acreage of a project area, not including the acreage dedicated to non-residential uses, by the dwelling unit density permitted within the applicable Future Land Use category of the Master Plan, and as shown in Table 5.7.06.C.7., unless an Area Specific Plan has specified a different density.

Low Density	1.0 to 4.9
Medium Low Density	5.0 to 9.9
Medium Density	10.0 to 14.9
High Density	15.0+
*Not including acreage devoted to non-residential uses.	

b. Additional residential units above those permitted in Table 5.7.06.C.7. may be permitted if determined appropriate by the Planning Commission where the following conditions are present.

i. Excessive costs incurred in the redevelopment of deteriorating or blighted areas, including costs for land assembly, demolition, and other related costs.

ii. Costs for the following amenities and activities that would not otherwise be incurred for projects in Zone Districts outside of a PRD.

(a) Landscaping, such as streetscape, open space and plazas, use of existing landscape, pedestrian ways, or bicycle paths.

(b) Difficulties related to the property in siting of building or other site improvements, such as topography, view, sun orientation, circulation pattern, physical environment, variation in building setbacks, or building groups (clustering).

(c) Design features beyond those required by this Chapter, such as street sections, harmonious use of materials, parking areas broken by landscape features, or other enhancements.

c. *City Commission.* The City Commission, after receipt of the recommendation of the Planning Commission, shall determine the total number of dwelling units. The City Commission may consider a different number of dwelling units than recommended by the Planning Commission.

D. *Site Layout and Building Placement Requirements.* All development in the SD-PRD District shall comply with the requirements in Table 5.7.06.D. unless otherwise expressly stated, or unless a different requirement is contained in an applicable Overlay District.

Table 5.7.06.D. Site Layout and Building Placement: Planned Redevelopment District	
Setbacks	Front, rear and side setbacks - 20 ft.
	The Planning Commission may reduce the required setback to 5 ft. where adjacent lots are in the same ownership, to account for unusual site conditions, or where adjacent uses will not be adversely affected. The setback may be further reduced to 0 ft. in TN Zone Districts where consistency with the established Required Building Line (RBL) would ensure uniform building placement from public streets, reinforce the purpose of the TN Neighborhood Classification, recognize the appropriate positioning of varying land uses within a Zone District, permit access from the public right-of-way, and provide maximum use of a constrained site than would otherwise be possible with a minimum setback requirement.
Green Space	15% of lot area. Section 5.6.07.H. shall apply.
Tree Canopy	12% of lot area.

E. *Building Elements.* All development in the SD-PRD shall comply with the requirements in Table 5.7.06.E. unless otherwise expressly stated, or unless a different requirement is contained in an applicable Overlay District.

Table 5.7.06.E. Building Elements: Planned Redevelopment District		
Height	New buildings shall generally respect existing building heights within the area in which they are constructed. No building shall be higher than 55 ft. or 4 stories, whichever is lower.	
	Planning Commission modifications	Greater heights may be permitted when the SD-PRD District is adjacent to a Zone District which allows a greater height or where the nature of the use warrants a higher building.
		Lower heights may be required where the Commission finds that a lesser height would be more compatible with existing development patterns and building heights in the immediate vicinity.
Materials	The use of highly reflective surfaces, including reflective glass and reflective metal roofs, is prohibited. This prohibition shall not apply to solar panels.	
	All walls exposed to public view from the street or an adjacent residential area shall be constructed of not less than 75% percent brick, face brick, stone or cast stone. High quality materials on other exposed exterior surfaces such as brick, stone, wood, or stucco are encouraged.	
Façade Variation	Blank walls shall not face a public street.	
	When building walls for new main buildings are 100 ft. or greater in length, design variations shall be applied every 30 ft. to assure that the building is not monotonous in appearance.	
	Acceptable variations include, but are not limited to, the following:	Recesses and projections along the building façade. Variations in recesses and projections shall be a minimum of 18 inches.
		Architectural details or features.
		Enhanced ornamentation around building entranceways.
		Landscaping.
		Streetscape elements.
		Variations in building height.

Table 5.7.06.E. Building Elements: Planned Redevelopment District		
Pedestrian Orientation	A main building with retail uses as a principal or accessory use shall incorporate pedestrian oriented elements such as, but not limited to:	Transparent windows (see Transparency requirements).
		Outdoor dining areas on private property.
		Public art.
		Canopies/awnings/trellises.
		Landscaping, shade trees and benches.
Entrance	The primary building entrance shall be located in the front façade parallel to the street. Main building entrances and exits shall be located on the primary street.	
	The primary entrance of a new main building shall be clearly identified using an awning, paving treatments, change in roofline or other architectural feature and shall relate to locations of pedestrian activity.	
	The front façade of a new main building shall face a primary or major public street.	
Expression Line (EL)	A horizontal line on the façade shall distinguish the base of the building from the remainder to enhance the pedestrian environment. The EL shall be created by a change in material, a change in design, or by a continuous setback, recess, or projection above or below the EL. Elements such as cornices, belt courses, corbelling, molding, stringcourses, ornamentation, and changes in material or color or other sculpturing of the base, are appropriate design elements for ELs.	
	If applicable, the height of the EL shall be related to the prevailing scale of development in the area. A change of scale may require a transitional design element between existing and proposed features.	
Transparency	A minimum of 60% of the street level façade on the front of a building shall be transparent.	
	For new buildings located at on a corner lot, a minimum of 60% transparency shall be provided on the street level façade on the primary street frontage; the secondary street façade shall have a minimum of 40% transparency.	
	The Planning Commission may approve a lower transparency percentage for the reuse of an existing building, residential buildings, or other buildings where it is demonstrated by the applicant that transparency would be detrimental to the operation or security of the proposed use.	
Transitional Features	Section 5.6.08.I. shall apply.	
Streetscape Plan	Standards used by the City Engineer to determine appropriate street tree plantings, walking surfaces and parkway landscaping shall be used where a City-recognized streetscape plan for a defined area has not been adopted. See Section 5.11.13.C.	
Roof Type	Roofline treatments may be recommended by the Planning Commission to minimize the mass of the roof or enhance the design of the building. These treatments include, but are not limited to, cornices, dormer windows, cupolas, additional accent gables, and covered entranceways.	

F. *Additional Requirements.*

1. Any development of a commercial area under these provisions shall be designed in a manner to be pedestrian-friendly, discourage freestanding uses, and eliminate the appearance of a strip

commercial development style. The development shall be architecturally pleasing and generally consistent with surrounding development, and shall be consistent with Purpose of a mixed use development in Section 5.7.06.A.

2. New Buildings. For new main buildings, the main floor of a single retail use shall not be greater than thirty thousand (30,000) square feet of gross floor area.

3. Commercial areas shall provide a landscape buffer from adjacent uses of a less intense nature, per Section 5.11.12.

4. Compatibility. The proposed plan and uses shall not adversely affect adjacent neighborhoods or other development in terms of traffic disruption or congestion or impediments to development or redevelopment of nearby properties.

5. Reflective Surfaces. The use of highly reflective surfaces, including reflective glass and reflective metal roofs, is prohibited. This prohibition shall not apply to solar panels.

6. Outside Display or Storage. No development or use shall store products outside. Any outside display shall be recommended by the Planning Commission and specifically approved by the City Commission as part of the SD-PRD zone change.

7. Residential development in a SD-PRD shall be subject to the requirements of Sections 5.9.06 and 5.9.20.

G. *Application, Review and Amendments.* See Article 12.

(Ord. No. 2018-32, § 6, 6-5-18)

ARTICLE 8. OVERLAY DISTRICTS

Sec. 5.8.01. Purpose and Intent.

A. *Purpose.*

1. It is recognized by this Chapter that there are unique areas within existing Zone Districts of the city that require special consideration to provide certain design, placement, or other regulations in addition to those imposed by the current zoning designation.

2. Accordingly, this Article provides for certain Overlay Districts that are intended to permit the proper regulation of these areas by adding special considerations in addition to those of the base Zone District. In all cases, applicants for building permits in an Overlay District shall meet both the requirements of the base Zone District and the additional provisions, requirements and restrictions of the Overlay District.

3. Where there is conflict between other provisions of this Chapter, those specifically applied in the Overlay District shall control. Where there is conflict between other provisions of this Chapter, those specifically applied in the Overlay District shall control, except as may be provided in Section 5.1.09.

4. The Overlay Districts of this Article allow regulations such as height bonuses in the Downtown area; establishment of particular development characters along the Grand River and East Beltline, protections for the public interest within designated floodplain areas, and provisions for ensuring adequate wayfinding throughout the city.

B. *Overlay District Designation.* Table 5.8.01.B denotes the Overlay Districts.

Table 5.8.01.B. Overlay Districts (OD)		
Abbreviation	**Zone District**	**Ordinance Section**
OD - DH	Downtown Height	5.8.02.
OD - GR	Grand River	5.8.03.
OD - EBL	East Beltline	5.8.04.
OD - FP	Floodplain	5.8.05.
OD-WS	Wayfinding Signs	5.8.06.

Sec. 5.8.02. Downtown Height Overlay District (OD-DH).

A. *Purpose.*

1. The purpose of the Downtown Height Overlay District (OD-DH) is to allow a variety of building heights in the areas within and surrounding what is generally recognized as Grand Rapids' Downtown. In addition, certain qualifying development incentives are provided in recognition of the need to provide for a suitable mix of residential, retail, employment centers, and urban open space that is essential for the creation of an attractive, pedestrian-friendly, vibrant, and economically sustainable central business district.
2. In addition, these incentives promote an environment that enhances property values, contributes to quality of life and sustains the Downtown as a regional asset. To this end, the Downtown Height Overlay District provides for certain incentives that permit building heights above the permitted base building heights to encourage certain development characteristics the City has deemed of value in creating highly livable, walkable, and vibrant environments.
3. The District is further intended to recognize the need to have varying intensities of development from the densest levels of development in the city core to the edges of commercial area that begin to transition into less intensely developed areas and residential neighborhoods. To this end, the District establishes certain subareas to account for height and incentive differences.

B. *Applicability.* Map A of the Zoning Map depicts the boundaries of the area covered by the Downtown Height Overlay District and its subareas. The height requirements of the Height Overlay District are in addition to the requirements of the Zone District in which an individual property is located. All other applicable requirements of each district remain in effect.

C. *Downtown Height Overlay Subareas.*

1. As noted in Table 5.8.02.D., the Height Overlay District establishes two (2) subareas, each of which has height regulations applied. Additional bonus height provisions are available for properties that fall within the Grand River Overlay District of Section 5.08.03.
2. *Purposes.* A series of density incentives, provided through variations in building height, are provided to help describe a smooth transition from the most intensively developed core of the downtown to the residential neighborhoods with a transition that steps down building heights from the core to these neighborhoods.
    a. *DH-1.* The purpose of this subarea is to permit the greatest intensity of land use to create a core of development density for a wide variety of uses that are mutually supportive and serve regional needs, including hotels, restaurants, employment centers, medical centers, entertainment venues, and others. These uses are also intended to create an active, vibrant core.
    b. *DH-2.* This subarea largely surrounds the core and near-core downtown areas, including areas on the west side of the Grand River, with a number of cultural and institutional uses important to the city and region. It is intended as a transitional area between the more

intense development of DH-1 and the edges of downtown and nearby neighborhoods. While still relatively intensively developed, the lower building heights provide transition from the core. The subarea is divided into two zones, DH-2(a) and DH-2(b), to help reinforce the transition of building heights.

D. *Permitted Height.* Table 5.8.02.D. describes the minimum and maximum permitted heights for buildings within each Height Overlay Subarea, including potential bonuses as described in Section 5.8.02.G. Heights are measured in stories as provided in Section 5.8.02.E., below.

Table 5.8.02.D. Building Heights			
		Permitted Height (stories)	
Subarea		**Minimum**	**Maximum**
DH-1		3	None
DH-2	zone (a)	3	20
	zone (b)	3	10

E. *Story Heights.* (See also Section 5.2.06.)

1. Table 5.8.02.E.1 provides for the height of each story of the main building. Unless otherwise specified, story height is measured in feet from the floor of a story to the floor of the story above it.

Table 5.8.02.E.1. Building and Story Heights				
	Permitted Story Height (ft.)			
	Ground Floor		**Upper Floors**	
Subarea	**Minimum**	**Maximum**	**Minimum**	**Maximum**
CC, TCC	12	24	-	14
All others	12	18	-	14

2. For the uppermost story, story height shall be measured from the floor of the story to the eave line on pitched roofs and to the tallest point of the roof deck on parapet and flat roofs.

3. Story height requirements apply only to street facing façades, however, no portion of a story of the building shall exceed the maximum permitted story height.

4. A building incorporating both a half story within the roof and a visible basement shall count the height of the two and one-half (2½) stories as one (1) full story.

(Ord. No. 2023-26, §§ 4, 5, 7-11-23)

Sec. 5.8.03. Grand River Overlay District (OD-GR).

A. *Purpose.* As Grand Rapids' most significant natural asset, the Grand River plays an important role in enhancing the quality of life of its residents. The Grand River Overlay District is intended to capitalize on the value of the Grand River as an essential economic, recreational and environmental resource by encouraging land use changes from industrial to open space and mixed-use development. The Grand River Overlay District seeks to introduce new development practices and land use patterns that enhances the extent to which people can view, access and enjoy the riverfront by providing opportunities for viewsheds, easements and recreational opportunities. It is intended that:

1. Visibility of the Grand River is increased and enhanced by requiring building setbacks that will provide for improved views of the River.

2. Existing river walk segments be extended along the entire length of the Grand River to allow for a continuous connection alongside the River for recreational and environmental quality purposes through donation, acquisition and easements.

3. Wildlife corridors along the River's edges be supported through a continuous network of greenspaces.

4. Water quality be improved with the introduction of less-intense, mixed land uses that are setback from the River's edge as opposed to present, directly abutting industrial uses and paved surfaces.

5. Building heights generally conform to nearby buildings along the river corridor to provide a sense of visual continuity. Building heights should be configured to provide views to the Grand River and other significant landmarks while allowing an appropriate development intensity.

6. A variety of people-oriented destinations be created along the river walk to provide visual interest, activity and vibrancy. Mixed-use development and high-density residential construction are essential components for encouraging pedestrian activity and public safety.

B. *Applicability.* The requirements of this Overlay District shall apply to any lot or parcel shown on the Grand River Overlay Maps B1-B3, from the ordinary high water mark, floodwall or dock line, whichever is applicable as determined by the Planning Director, on each side of and paralleling the Grand River.

C. *Uses.* Any lot or parcel within the OD-GR District shall be subject to the use regulations of the base Zone District.

D. *Site Layout and Building Placement Requirements.*

1. Where a property directly abuts the Grand River, buildings shall be sited to encourage pedestrian activity on both the street side and river side of the property.

2. All development in the OD-GR District shall comply with the requirements in Table 5.8.03.D. unless otherwise expressly stated. Where specified, these requirements supersede the site layout and building placement requirements of the base Zone District.

Table 5.8.03.D. Site Layout and Building Placement: Grand River Overlay District

Lot Area and Width		As required in the base Zone District
Front Setback	Street side	As required in the base Zone District.
	River side	All buildings shall maintain a minimum setback of 30% of the lot depth, but in no case shall the required setback exceed 50 ft. or be less than 30 ft. from the river walk, floodwall, shore or dock line of the Grand River, whichever is applicable. A setback may be reduced through an Optional Plan Review by the Planning Commission.
Side Yard Setback		20 ft. minimum setback on one side; other side yard may be developed at the property line or at a minimum distance of 5 ft.
		A side yard setback may be reduced to 5 ft. on a side lot line that borders a permanent public open space. The remaining side yard may be developed at the property line or at a minimum distance of 5 ft.
Permitted Yard Encroachment		Uncovered, outdoor seating areas may extend into a front yard, provided that a minimum of 14 ft. is maintained between the river walk, floodwall, shore or dock line of the Grand River, whichever is applicable.
Greenspace		30% of lot area.

E. *Building Elements.* All development in the OD-GR District shall comply with the requirements in Table 5.8.03.E. Where specified in this Section, these requirements supersede the building element requirements of the Zone District. Where not specified, the requirements of the underlying Zone District requirements shall prevail.

Table 5.8.03.E. Building Height and Step-backs: Grand River Overlay District

TCC	3	5	7	2^{nd}-4^{th} floor - 15 ft	2^{nd}-4^{th} floor - 20 ft	See 5.8.03.E.1.e

1. *Step-backs.*

   a. *Purpose and intent.* A step-back is a portion of a building or structure that is recessed from the base of the structure at a defined story. The requirements for building step-backs are intended to ensure compatibility of the proposed development with the location, height, scale, and spacing of existing or approved buildings, and in particular other buildings on the same or adjacent blocks. To encourage public access to the river, some of the step-back requirements may be waived if said access is provided.

   b. *Applicability.*

      i. A step-back is required per the regulations of Table 5.8.03.E.

      ii. In the Grand River Overlay District, step-backs are required on all building faces (river, street, and two sides).

   c. *DH-2(a) requirements.*

      i. For buildings 11 stories or taller, one (1) step-back is required somewhere between the 2^{nd} and 11^{th} floors.

      ii. For buildings 17 stories or taller, one (1) additional step-back is required somewhere between the 17^{th} and 19^{th} floors.

      iii. The step-back can either be 15 feet for 40 percent of the linear building frontage (Option A), or 20 feet for 30 percent of the linear building frontage (Option B).

      iv. Administrative Departure. For buildings 17 stories or taller, an Administrative Departure may be approved to allow one (1) step-back of 30 feet for 40 percent of the linear building frontage or one (1) step-back of 40 feet for 30 percent of the linear building frontage.

   d. *TN-TCC requirements.*

      i. For buildings six (6) stories or taller, one (1) step-back is required somewhere between the 2nd and 4th floors.

      ii. The step-back can either be 15 feet for 40 percent of the linear building frontage (Option A), or 20 feet for 30 percent of the linear building frontage (Option B).

   e. *Public access easement.*

      i. If a public access easement of a minimum of 15 feet is provided from the public right-of-way to the river, the step-back requirement of Table 5.8.03.E. shall only apply to the river and street faces of the building.

      ii. Administrative Departure. Where public access to the river already exists within 100 feet, the side façade step-back requirement can be waived without providing public access as described in Section 5.8.03.E.1.

2. *Materials.* As required in the base Zone District, except that at least sixty (60) percent of the building wall facing the river, exclusive of wall areas devoted to meeting transparency requirements, shall be constructed of brick, glass, fiber cement siding, wood lap, stucco, split-faced block, or stone.

3. *Façade Variation.* As required in the base Zone District, except that the requirements for building walls facing a street shall also apply to the building wall facing the river.

4. *Entrance.*

   a. All office buildings, retail sales and service establishments shall have a visible and usable building entrance for customers on both the building wall facing the street and the building wall facing the river.

   b. Primary building entrances, including those entrances facing the river, shall be clearly identified using an awning, paving treatments, change in roofline or other features, such as canopies, porticos, arcades, arches, wing walls, and integral planters.

   c. Primary building entrances and exits shall be located on the primary street. Doorways that open to the sidewalk or multi-use trail shall be recessed.

5. *Expression Line.*

   a. An expression line shall be provided to distinguish the base from the remainder of the building to provide a design element that enhances the pedestrian environment. If applicable, the height of the expression line shall meet the prevailing scale of development in the area.

   b. The expression line may be created by a change in material, a change in design, or by a continuous setback, recess, or projection above or below the expression line. Elements such as cornices, belt courses, corbelling, molding, stringcourses, ornamentation, awnings or canopies, and changes in material or color or other sculpturing of the base, are appropriate design elements to include with an expression line.

6. *Transparency.* As required in the base Zone District, except that the requirements for building walls facing a street shall also apply to the building wall facing the river.

7. *Streetscape Plan.* Standards used by the City Engineer to determine appropriate street tree plantings, walking surfaces and parkway landscaping shall be used where a City-recognized streetscape plan for a defined area has not been adopted (see Section 5.11.13.C.).

8. *Parking.* Parking areas and parking structures shall be separated from the river by intervening buildings, except:

   a. Where retail space is provided on the ground floor of the parking structure, and at least fifty (50) percent of its façade facing the river is used as display windows; or

   b. Where a mural or other public art approved by the Planning Commission is provided on the parking structure on the river side of the structure, or in a landscaped area along the river.

   c. Where a. or b. above, apply, the parking area or structure shall have a minimum required front setback of thirty (30) feet from the Grand River.

9. *Landscaping and Access.*

   a. Land between the building and the river shall be landscaped and designed as an urban open space for pedestrian use meeting the requirements of Section 5.11.14. Parking areas shall meet the minimum screening requirements of Section 5.11.11.C.

b. Pedestrian walkways that connect to the river's edge shall be provided between buildings, parking areas or structures, and other built features such as outdoor plazas and courtyards.

c. Service areas and mechanical equipment shall be visually unobtrusive and shall be integrated with the design of the site and building.

i. Utility boxes shall be positioned so they cannot be seen from the river or Primary Street by locating them on the sides of buildings and away from pedestrian and vehicular routes.

ii. Air intake and exhaust systems, or other mechanical equipment that generates noise, smoke or odors shall not be located on the river side of buildings.

F. *Grand River Overlay District Bonus Height Criteria.* Development projects in the DH-2(a) Overlay District and TN-TCC Zone District that fall within the Grand River Overlay District may qualify for height bonuses in accordance with Table 5.8.03.F. using the criteria described below.

Table 5.8.03.F. Bonus Heights: Properties within Grand River Overlay District

Underlying Zone District	Incentive/Bonus		Bonus Stories
DH-2(a)	Public access easement with trail	Parallel to river (30 ft wide)	9
	Public art		1
TCC	Public access easement with trail	Parallel to the river (30 ft wide)	2
	Public art		1

1. *Public Access Easement.*

a. To qualify for the bonus height, a public access easement at least thirty (30) feet wide, extending across the entirety of the lot on the river side of the main building shall be provided.

b. Access shall be through permanent easements and shall conform to the provisions of urban open space of Section 5.11.14.B.3. Configuration and Section 5.11.14.B.4. Availability.

c. A multi-use trail shall also be provided that conforms to the requirements of the City Parks and Recreation Department.

2. *Public Art.*

a. A development that elects this bonus may use any of the following methods:

i. Allocate one (1) percent of the estimated construction cost for a permanent, on-site public art project(s). The artwork created must be where the public can access the artwork during normal business hours or continually view the artwork from off the site; or

ii. Contribute one (1) percent of the project's estimated construction cost to the Arts Advisory Committee.

b. Regardless of the above method selected, the minimum required expenditure shall be ten thousand dollars ($10,000.00).

c. Public art installations on private property shall be maintained by the property owner.

(Ord. No. 2023-26, §§ 6—8, 7-11-23; Ord. No. 2025-07, §§ 1, 2, 3-25-25)

Sec. 5.8.04. East Beltline Overlay District (OD-EBL).

A. *Purpose.* The purpose of the East Beltline Overlay District is to implement the North East Beltline Joint Development Plan; to provide a consistent development framework; to specify practical development standards; to preserve the natural road edge, scenic views and steep slopes; and to protect the transportation capacity of this important transportation corridor.

B. *Applicability.*

1. The requirements of OD-EBL shall apply to all property abutting or gaining access from the East Beltline, including any lot or parcel shown on the East Beltline Overlay Maps C1 and C2.
2. This Overlay District shall not be construed to be separate from the base Zone District. In all cases, applicants for building permits in the EBO District shall meet all requirements of the base Zone District and the additional provisions, requirements and restrictions of the OD-EBL. Where there is conflict between other provisions of this Chapter and those specifically applied in the OD-EBL, the latter shall control.
3. Approvals Prior to 2002. The OD-EBL standards shall not apply to existing developments (including PUDs) approved prior to January 1, 2002.
4. Town Center Properties. It is recognized that the Town Center is developing as a commercial node at the intersection of the East Beltline and Knapp. Accordingly, certain exceptions are taken in this Article for properties along the East Beltline and located near the intersection of Knapp and the East Beltline as more fully shown on the map entitled the "Town Center Properties."

C. *Modifications and Amendments.*

1. Notwithstanding the provisions, including specific waiver provisions of the Overlay District, the Planning Commission may approve a modification from the requirements of the Overlay District under the procedures and standards of Optional Plan Review.
2. Project and PUD Amendments. Subsequent amendments or modifications to an approved project or PUD shall be subject to the requirements of this Chapter and shall be brought into compliance with the new requirements, including but not limited to: building and parking lot setbacks, landscaping, parking, lighting, signs, grading, stormwater management, motor vehicle and pedestrian access, and architectural façades and building design.

D. *Setbacks.*

1. *Purpose.* One of the goals of the North East Beltline Joint Development Plan is to maintain "a natural edge along the East Beltline through gracious development setbacks, preserving natural vegetation and utilizing innovative and low maintenance landscapes along the corridor and the highway right-of-way."
2. *Setbacks of Buildings and Parking Lots from the East Beltline.* Buildings and parking lots shall be set back from the East Beltline according to the following schedule.
    a. Parking lot setbacks shall be ninety (90) feet, which is measured from the outside edge of the existing through lane, as of January 1, 2002, to the edge of a parking lot. Within the setback, a minimum twenty-five (25) foot landscape buffer is required, as measured from the right-of-way to the edge of a parking lot.
    b. Setbacks buildings equal to or less than thirty-five (35) feet in height shall be one hundred forty (140) feet, as measured from the outside edge of the through lane existing as of January 1, 2002, with a minimum twenty-five (25) foot setback between buildings and the right-of-way line.

c. For buildings higher than thirty-five (35) feet, there shall be two (2) additional feet of setback for every additional foot in building height above thirty-five (35) feet.

3. *Setback Modifications.* Upon request, the Planning Commission may recommend to the City Commission a reduction in building and parking setbacks to the minimum required setback in the base Zone District. The recommendation shall be based on meeting any of the following circumstances:

a. The property cannot feasibly be developed if the minimum building setback is applied.

b. If applied, the minimum building setback creates an adverse effect on environmental features such as steep slopes, wetlands, or vegetation.

c. Application of the minimum building setback does not further the goals of the North East Beltline Joint Development Plan, Master Plan or this Overlay District.

d. The property is part of the Town Center Properties.

4. *Exemption South of Lake Drive.* Properties south of Lake Drive SE shall be exempt from the Overlay District setback requirements. For these properties the base district setbacks shall be used.

E. *Landscaping.*

1. *East Beltline Landscaping.* Within the required minimum twenty-five (25) foot landscape buffer that fronts on the East Beltline, landscaping shall be installed according to the following standards for office, institutional, multifamily or mixed-use areas; commercial-use areas; or parking areas. Plants may be clustered into groups or planted in rows. Trees and shrubs should be clustered in locations that are most effective in screening undesirable views.

a. *Office, Institutional, Multi-Family Residential or Mixed-Use Areas.* Plantings shall include a minimum of three (3) evergreen trees, two (2) shade trees and eight (8) shrubs for every one hundred (100) linear feet of lot frontage, with fractions rounded up. The Planning Commission may allow a reduction in the number of trees or a variation in the mixture of the tree types to ensure the ability of the landscape materials to grow in a healthy condition and not conflict with one another, and to permit a variety of plant materials.

b. *Commercial-Use Areas.* Plantings shall include a mixture of five (5) trees for every one hundred (100) linear feet of lot frontage, with fractions rounded up. A mixture of evergreen, ornamental and shade trees is encouraged. The Planning Commission may allow a reduction in the number of trees or a variation in the mixture of the tree types to ensure the ability of the landscape materials to grow in a healthy condition and not conflict with one another, and to permit a variety of plant materials.

c. *Parking Areas.* Continuous plantings, berms or walls shall be a minimum of four (4) feet in height along the East Beltline (plantings measured after three (3) years). The requirement for plantings, berms, or walls for parking areas that abut the East Beltline may be waived if, in the judgment of the Planning Commission, the vehicles in the parking lot will be substantially screened from the road by the finished grade or existing vegetation.

2. *Town Center Properties.* A landscape plan that meets the intent of the standards in Subsection E.1. above and Article 11 shall be submitted as part of the Site Plan Review or PRD application. The Planning Commission may reduce or waive front yard landscaping provisions for Town Center properties if deemed impractical or other amenities are provided that achieve the same purposes.

3. *Parking Area Landscaping.* For all parking areas that accommodate ten (10) cars or more, the following shall apply.
   a. One (1) landscaped island shall be provided for every ten (10) parking spaces. Landscape islands may be aggregated. Landscape corners count towards the required number of islands.
   b. Landscape islands shall be a minimum of one hundred sixty (160) square feet and a minimum of nine (9) feet wide. Each island should be planted with at least one (1) canopy tree that is at least three (3) feet from the edge of the island.
   c. The Planning Commission may reduce the number of required landscape islands if it finds that adequate relief and shade is provided by other plantings in and around the parking area.

F. *Lighting.* The provisions of Section 5.2.19. Outdoor Lighting shall be met, with the following exceptions.

1. Non "cut-off" light fixtures as defined by IESNA, may be installed, however the maximum initial lumens by each fixture shall not exceed two thousand (2,000) (equivalent to a one hundred fifty-watt incandescent bulb). Mounting heights of alternative fixtures shall not exceed fifteen (15) feet.
2. Average horizontal illumination levels shall be no greater than two and four tenths (2.4) foot-candles with a maximum to minimum ratio no greater than ten to one (10:1) and an average to minimum uniformity ratio not to exceed four to one (4:1).
3. Average horizontal illumination levels may be increased near building entrances where pedestrian activity is substantial. In these locations, average horizontal illumination levels shall be no greater than four (4.0) foot-candles with a maximum to minimum ratio no greater than ten to one (10:1) and an average to minimum uniformity ratio not to exceed four to one (4:1).

G. *Access to the East Beltline.* The purpose of this subsection is to control and limit motor vehicle access ways and the distance between them on the East Beltline. Access ways or driveways shall be correctly spaced so as to protect the safety of motorists and bicyclists as well as the capacity of this highway to accommodate traffic.

1. *Definition of Access.* For the purposes of this Section, an "access" is an entrance and/or exit for motor vehicles to or from the East Beltline or a public street.
2. *Non-Signalized Access Spacing.* Accesses shall be spaced as far apart as on-site circulation allows, and on-site circulation shall be designed to limit the number of accesses and to reasonably maximize the distances between them. The distances in Table 5.8.04.G. are based on average acceleration and deceleration considered adequate to maintain safe traffic operations. A greater spacing may be required if sight distances are limited at the proposed access location.

Table 5.8.04.G. Minimum Non-Signalized Access Spacing

Posted Speed (Miles Per Hour/MPH)	Center-to-Center of Access (ft.)
25	130
30	185
35	245
40	300
45	350
50 & above	455

3. *Lack of Sufficient Lot Frontage to Maintain Adjacent Spacing.*

   a. In the event that a lot lacks sufficient frontage to maintain adequate spacing, the Planning Commission may require one (1) or more of the following:

      i. An access point to a secondary street.

      ii. Access to service drives where they exist or can be constructed.

      iii. A shared driveway with the adjacent owners. In this case the driveway midpoint should be located at the lot line between the two (2) parcels. All parties shall agree in writing to the joint driveway, including, at a minimum, access rights and maintenance provisions, and submit evidence of the agreement to the Planning Commission.

      iv. If options listed above are not reasonably feasible, the Planning Commission may allow the next lowest spacing from Table 5.8.04.G. For example, on fifty (50) MPH roadway requiring four hundred fifty-five (455) foot spacing, the distance may be reduced to no less than three hundred fifty (350) feet, which is the spacing for forty-five (45) MPH speed.

      v. If all the above options are impossible, an access point may be allowed within the property limits.

   b. In the event that two (2) or more adjacent parcels each do not have sufficient frontage to maintain adequate spacing for access, the Planning Commission may require the dedication of joint access easements or cross access easements for shared access to the public street.

   c. If the property is one of the Town Center Properties, and compliance with the table is not reasonably feasible, then the Planning Commission may reduce or waive the requirements of this subsection.

4. *Access Design.* All access points shall be designed to meet Michigan Department of Transportation (MDOT) guidelines and standards in addition to all offsets from intersections and indirect left turn crossovers at signalized and stop-sign intersections. Compliance with clear vision areas in this Chapter and in Chapter 51 Streets, Article 8 of the City Code is required.

Sec. 5.8.05. Floodplain Overlay District (OD-FP).

A. *Delineation of Floodplain Overlay District.*

1. *Purpose.* It is the purpose of this Article to protect the general public and all lands in the city subject to flood losses by restricting or prohibiting uses which are dangerous to health, safety, and property in times of flood or which cause excessive increases in flood flow levels or velocities.

2. *Public Hazards.* Periodic inundation of certain portions of the city produce flood hazards which result in loss of life and property; health and safety dangers; disruption of commerce and governmental services; extraordinary public expenditures for flood protection and relief; and impairment of the tax base, all of which adversely affect the public health, safety and general welfare of the city. These flood losses are caused by:

   a. The cumulative effect of obstructions in floodplains causing increased flood flow height and velocity; and

   b. The occupancy of flood prone areas by uses vulnerable to floods or hazardous to other uses inadequately elevated or otherwise protected from flood damages.

3. *Applicability.* This Article shall apply to all lands within the city shown as a regulatory floodway on the "Flood Insurance Study for Kent County, All Jurisdictions" and dated February 23, 2023 and the Flood Insurance Rate Map (FIRM) panel numbers shown on the index panels: 26081CIND1A and 26081CIND2A, effective February 23, 2023. The provisions and restrictions of this Article shall be considered to apply in addition to, and where applicable instead of, the provisions of Zone Districts.

4. *Flood Areas.* Uses and regulations otherwise applicable in existing Zone Districts shall not be allowed unless also permitted in, and developed in accordance with, the provisions of the OD-FP.

B. *Definitions.*

1. *Base Flood.* The flood having a one percent chance of being equaled or exceeded in any given year.

2. *Flood or Flooding.* A general and temporary condition of partial or complete inundation of normally dry land areas from the overflow of water bodies, the unusual and rapid accumulation or runoff of surface waters from any source, or mudslides proximately caused by flooding and akin to a river of liquid and flowing mud on the surfaces of normally dry land areas, as when earth is carried by a current of water and deposited along the path of the current. Flood or flooding may also mean the collapse or subsidence of land along the shore of a lake or other body of water as a result of erosion or undermining caused by waves or currents of water exceeding anticipated cyclical levels or suddenly caused by an unusually high water level in a natural body of water, accompanied by a severe storm, or by an unanticipated force of nature, such as flash flood or an abnormal tidal surge, or by some similarly unusual and unforeseeable event which results in flooding.

3. *Flood Insurance Rate Map (FIRM).* An official map of the city on which the Federal Emergency Management Agency (FEMA) has delineated both the special flood hazard areas and the risk premium zones applicable to the city.

4. *Regulatory Floodway.* The channel of a river or other watercourse and the adjacent land areas that must be reserved in order to discharge the base flood without cumulatively increasing the water surface elevation more than a designated height.

5. *Special Flood Hazard Area (SFHA).* An area having special flood, mudflow, or flood-related erosion hazards and shown on a FIRM as Zone A, AO, A1-A30, AE, A99, AH, AR, AR/A, AR/AE, AR/AH, AR/AO, AR/A1-A30, V1-V30, VE or V. The SFHA is the area where the National Flood Insurance Program's floodplain management regulations must be enforced.

C. *Land Uses.* Uses are allowed in the OD-FP in accordance with Table 5.8.05.C. Uses in the Floodplain Overlay District. The following key is to be used in conjunction with the Use Table.

1. *Permitted Uses.* Uses permitted by right in the OD-FP, subject to compliance with all other applicable requirements of this Chapter. These uses have a low flood damage potential because of their open space nature and shall be allowed to the extent they are Permitted Uses in the base Zone District, are in compliance with construction requirements of Chapter 32 of the City Code, and have obtained any necessary state and federal permits. These uses are identified with a "P."

2. *Special Land Uses.* Uses which may be allowed subject to the review and approval by the Planning Commission in accordance with Section 5.12.09. and all other applicable requirements of this Chapter. The Special Land Use shall be included in Table 5.8.05.C. or Special

Land Use in the base Zone District, comply with construction requirements of Chapter 32 of the City Code, and obtain any necessary state and federal permits. These uses are identified with an "S."

3. *Uses Not Allowed.* Certain uses are prohibited within the OD-FP. A cell marked with an "X" indicates that the listed use is not allowed in the OD-FP.

4. *Unlisted Uses.* Uses not listed in the Table 5.8.05.C. are also prohibited unless the Director determines that the use is similar to other uses listed either as a Permitted Use or Special Land Use in accordance with Section 5.4.04.

5. *Use Regulations.* Many allowed uses, whether a Permitted Use or a Special Land Use in the OD-FP, are subject to compliance with Article 9 or other provisions of this Chapter. These uses are identified in the Table 5.8.05.C. under "Use or Other Regulations." A cell marked with a dash "—" under this heading indicates that there are no additional use requirements in Article 9."

D. *General Site Layout and Building Placement Requirements for All Uses.*

1. Structures shall be constructed and arranged on the building site to minimize obstruction to the flow of floodwaters.

   a. Structures shall be constructed with the longest element arranged parallel to the direction of the flood flow.

   b. Structures shall be placed approximately on the same flood flow lines as adjacent structures.

2. Any excavation, fill extraction, grading, or scraping shall require a soil erosion review and permit requirements under Chapters 32 and 67 of the City Code.

E. *Special Land Use Applications.*

1. *Additional Site Plan Requirements.* In addition to the requirements of Section 5.12.08, site plans shall include the nature, location, dimensions and elevation of the lot, existing or proposed structures, fill, storage of materials, and the relationship of the above to the location of the regulatory floodway and regulatory flood protection level, and location and elevations of streets; photographs or maps showing existing land uses and vegetation upstream and downstream soil types; and other pertinent information which may be required by the Planning Commission.

2. *Review Standards.* The following standards shall apply in addition to the standards for Special Land Uses of Section 5.12.09:

   a. No structure, fill, excavation, or storage shall be permitted which, acting alone or in combination with existing or future uses, significantly and unduly affects the capacity of the regulatory floodway and thereby increases the level of the floodwaters.

   b. Filling in the regulatory floodway may be permitted only after full compliance has been achieved, to the satisfaction of the City Engineer, or designee, with the applicable provisions of Act 451 of the Michigan Public Acts of 1994, as amended, and all other applicable federal, state and local acts, regulations, codes, and ordinances, including but

not limited to the flood plain management criteria for flood-prone areas set forth in 44 CFR 60.3, as amended. Fill shall be protected from erosion by rip-rap, vegetative cover, bulkheading or other approved means.

c. Prior to any alteration or relocation of a water body, notification shall be given to adjacent communities and the Michigan Department of Environment, Great Lakes, and Energy and evidence of that notification submitted to FEMA. The City Engineer or City ESD shall require proper maintenance be provided within the altered or relocated watercourse so that the flood carrying capacity is not diminished.

3. In reviewing an application, the Planning Commission shall consider the following points before rendering a decision.

a. Any possible danger to life and property due to increased flood levels or velocities caused by encroachments on the floodplain.

b. The danger that materials may be swept onto other lands or downstream to the injury of others.

c. The susceptibility of the proposed development and its contents to flood damage and the effect of such damage on the individual owner.

d. The importance of the services provided by the development to the city.

e. The requirement of the proposed development for a waterfront location.

f. The availability of alternative locations for the proposed use which are not subject to flooding.

g. The compatibility of the proposed use with existing development and development anticipated in the future.

h. The relationship of the proposed use to the Master Plan and floodplain management program for the area.

i. Safe access to the property in times of flood for ordinary and emergency vehicles.

j. The expected levels, velocity, duration, rate of rise and sediment transport of the floodwaters expected at the site.

k. The location, elevation and construction of all public facilities for sewer, gas, electrical, and water systems, designed relative to minimize or eliminate flood damage.

l. The measures taken to ensure adequate drainage to reduce exposure to flood hazards.

m. Other factors which are, in the opinion of the Planning Commission, relevant to the purposes of this District.

4. Where, in the opinion of the Planning Commission, topographic data, engineering studies, or other studies are needed to determine the effects of flooding on a proposed use and/or the effects of the use on the regulatory floodway, the Planning Commission may require the applicant to submit this data and/or studies prepared by competent engineers.

5. *Conditions of Approval.* Upon reviewing all data and materials, and before granting approval, the Planning Commission may attach conditions to the granting of approvals, which may include but not be limited to the following:

a. Limitations on period of use, operation, and operational controls.

b. Submission of performance guarantees, deed restrictions, and covenants.

c. Requirements for construction of channel modifications, dikes, levees, and other protective measures.

F. *Disclaimer of Liability.* The degree of flood protection required by this Article is considered the minimum necessary and reasonable for regulatory purposes. Larger floods may occur at any time, and excessive flood water levels may be experienced due to manmade and natural causes, such as ice jams and accumulated debris in bridge openings. This Article does not imply that areas outside the OD-FP, or uses permitted within such areas, will remain free from flooding or flood damages. This Article shall not create a liability on the part of the City or any officer or employee thereof for any flood damage that results from compliance with or reliance upon this Article or any administrative decision lawfully made under the provisions of this Chapter.
(Ord. No. 2023-06, § 1, 2-21-23)

Sec. 5.8.06. Wayfinding Signs Overlay District (OD-WS).

A. *Purpose.* The purpose of the Wayfinding Signs Overlay District is to provide opportunities to install a comprehensive sign program in appropriate locations where the dense, urban environment of the city can create confusion for visitors who must interpret street signs, traffic control devices, addresses and other information rapidly while attempting to locate a major destination. It is intended that wayfinding signs shall:

1. *Enhance Streetscape.* Promote a unified and enhanced visual aesthetic that is consistent with streetscape design elements along a transportation corridor.
2. *Coordinate Information.* Convey essential information to pedestrian and vehicular traffic in a clear, consistent, understandable format for multiple destinations.
3. *Reduce Visual Clutter.* Minimize the need for multiple signs and provide reasonably sized signs that are in scale with surrounding structures.
4. *Promote Partnerships.* Promote partnerships and collaboration to coordinate sign programs, identify multiple users or buildings and convey information in a manner that benefits institutions and attractions within the Overlay District.

B. *Eligibility Requirements.* The requirements of this Overlay District shall apply to any land shown on the Wayfinding Signs Overlay Map D, including public rights-of-way. To be eligible for inclusion on the Overlay map all of the following requirements shall be satisfied.

1. *District Plan and Standards.* A detailed District Plan developed by stakeholders in a collaborative process that determines sign design, materials, colors, precise placement, destination identification, maintenance and other specifications.
2. *Road Classification.* A focus of the District Plan on a primary transportation corridor, being either a Regional Street or City Collector Street as denoted on the Street Classification Map.
3. *Traffic Volumes.* Minimum traffic volumes along the primary transportation corridor of not less than eighteen thousand (18,000) vehicles per day.
4. *Travel Lanes.* Four (4) or more travel lanes are present.
5. *Zoning.* Seventy (70) percent or more of Wayfinding Overlay District is located in the CC City Center or TCC Transitional City Center zone districts.
6. *Property.* A minimum of twenty (20) parcels are included.
7. *Public Parking.* A minimum of one thousand (1,000) parking spaces intended for visitors, patients or patrons are provided.
8. *Destination.* A minimum annual attraction of one (1) or more of the following.
    a. One hundred thousand (100,000) visitors for hospitals, educational facilities, museums and other public attractions;

b. Three hundred fifty (350) students enrolled (for college and universities);

c. Twenty-five thousand (25,000) guests/attendees for hotel conference and convention facilities; or

d. Twenty-five thousand (25,000) attendees for theaters, arenas and other entertainment venues.

C. *General Wayfinding Sign Requirements.*

1. *Applicability.* Only the sign types listed in Table 5.8.06.C shall be permitted as wayfinding signs in the Overlay District. All other types of signs as permitted by the underlying Zone District shall be permitted, except in no case shall a property have both a private sign and a wayfinding sign of the same sign type.

2. *Base Zoning District.* This Overlay District shall not be construed to be separate from the requirements of the base Zone District. The sign requirements in the base Zone District shall apply to electronic signs and non-wayfinding signs on private property. Where there is conflict between other provisions of this Article and those specifically applied in Article 15, Signs, this Article shall control.

3. *Visibility.* Signs shall not be placed where they will obstruct traffic or pedestrian visibility, or create a traffic or pedestrian safety hazard.

4. *Sign Width and Parkway.* When located within the public right-of-way, the width of a wayfinding sign shall not exceed the width of the streetscape amenity zone or parkway, in which it is to be located.

5. *Utility Lines and Poles.* A minimum ten (10) foot horizontal separation between any sign and any overhead utility shall be maintained at all times. Any part of a sign, including cables, guys, etc. shall maintain a minimum clearance of four (4) feet from any electrical conductor, electric light pole, road lamp, traffic light, or other public utility pole or standard.

6. *Pedestrian Kiosks.* Pedestrian kiosk signs are required as part of all wayfinding programs. Kiosks shall be located at major transit stops, pedestrian exits from major visitor parking areas or other high-traffic pedestrian locations and crossings.

7. *Sign Hierarchy.* The following sign hierarchy shall determine sign size, placement and identified destinations.

   a. *District Directional Sign.* Sign with general destination information that highlights the most frequented attractions.

   b. *Local Directional Sign.* Sign which directs visitors to eligible destinations and parking areas.

   c. *Local Pedestrian Kiosk.* Sign for pedestrians; containing a map, building directory or other information.

   d. *Private Building Identification.* Sign for identifying an individual building or facility which is designed in the same style as other local wayfinding signs.

8. Rules that are in place that pertain to the operation or use of signs are identified with an "R." A dash "—"is used to note where sign requirements do not apply. A "P" indicates that the sign type is permitted. An "X" indicates that the sign type is prohibited.

D. *District Plan Requirements.*

1. *Identified Destinations.*

   a. *Approved Destinations.* Destinations identified under Eligibility Requirements, Section 5.8.06.B.8. shall be permitted on District or Local Directional Signs.

   b. *Additional Destinations.* Locations with fewer visitors or attendees may be identified on Local Directional Signs if there is space available on an existing sign. To qualify for placement on a sign, information must be provided that establishes the annual attraction rate of the facility. The rate of attraction should be proportionate to the attraction rate of other eligible facilities within the same District. Sites designating public parking locations shall take priority over other requests.

   c. *Ineligible Destinations.* Seasonal attractions, commercial activities that do not qualify as a destination, parks and any facility located within an already identified facility shall not qualify as an eligible destination for placement on wayfinding signs.

   d. *Identification.* Destinations on wayfinding signs shall correspond to the name of the complex or building.

2. *Placement.*

   a. *Placement.* District Welcome Signs and Pedestrian Kiosks may be within the public right-of-way, whether publicly or privately owned. Privately owned Wayfinding District Directional Signs and Local Directional Signs shall be on private property, except as specified in Section 5.8.06.E.4.

   b. *Locations.* Wayfinding signs shall be permitted along Regional, Major and City Collector streets, as denoted on the Street Classification Map, and within three hundred (300) feet of the primary transportation corridor on intersecting streets.

   c. *Survey.* A property survey shall be required for each proposed sign site to determine appropriate placement, except for wall-mounted signs and banners.

   d. *Administrative Departures.*

      i. *ROW Locations.* Sign placement of privately owned District and Local Directional Signs may be permitted within the public right-of-way if at least (2) of the following circumstances exist.

         (a) *Obstructed View.* A sign could not be reasonably seen by passing motorists due to the configuration of existing buildings, trees or other obstructions.

(b) *Sight Distance.* A sign could not be reasonably seen by passing motorists in sufficient time to allow safe deceleration and destination identification due to traffic volumes, travel speed, travel lanes or vehicle movements.

(c) *Physical Characteristics.* The physical shape, topography or placement of buildings on the site prevents the placement of a sign in a visible location.

ii. *Alternate Locations.* Private wayfinding signs may be located on large campuses farther than three hundred (300) feet away from the primary transportation corridor where an alternate public entrance into the District is provided.

iii. *Setback.* Wayfinding ground signs may be less than five (5) feet from the property line as regulated in 5.8.06.C. if at least two (2) of the following circumstances exist and the Traffic Engineering Department approves the proposed location.

(a) *Obstructed View.* A sign could not be reasonably seen by passing motorists due to the configuration of existing buildings, trees or other obstructions.

(b) *Sight Distance.* A sign could not be reasonably seen by passing motorists in sufficient time to allow safe deceleration and destination identification due to traffic volumes, travel speed, travel lanes or vehicle movements.

(c) *Physical Characteristics.* The physical shape, topography or placement of buildings on the site prevents the placement of a sign in a visible location.

3. *Approval.* All sign locations and destinations shall be approved by the funding authority for the wayfinding sign program as well as the Directors of Planning, Traffic Engineering, Public Works, and Engineering, and the Downtown Development Authority (where applicable).

E. *Application Requirements.*

1. *Responsible Party.* Wayfinding signs within a designated district shall have an assigned "responsible party" or "person" who shall be charged with the installation, maintenance, updating and removal of all signs. The responsible party/person shall be identified on all materials submitted for approval.

2. *District Plan.* A detailed District Plan shall be submitted for review, as well as a brief narrative describing the process used to engage stakeholders in the decision-making process.

3. *Destinations.* Sign requests shall include the destinations to be identified, as well as written justification for each destination's placement on a District Directional Sign or Local Directional Sign.

4. *Permits.* Sign permits shall be obtained for all private wayfinding signs pursuant to Section 5.15.14. An encroachment permit is also required if a sign is located within the public right-of-way.

F. *Fabrication, Installation and Maintenance.*

1. *Fabrication and Installation.* All signs shall conform to the rules and regulations of the *Michigan Manual of Uniform Traffic Control Devices* shall be consistent with the approved District Plan and Standards and shall be approved by the Public Works Director. Signs shall not be designed so as to simulate or be confused with traffic signs.

2. *Maintenance.* All signs shall be maintained consistent with the requirements of Section 5.15.04.F.

3. *Performance Guarantee.* A performance guarantee in accordance with the provisions of Section 5.14.04. may be required for the maintenance, replacement, updating and removal of signs in an amount acceptable to the Director of Public Works.

Sec. 5.8.07. Special Conditions Overlay District (OD-SC).

A. *Purpose.* Within the city there are certain areas that possess unique land uses and physical characteristics that require special attention. These special areas may include treatment of land uses, safety considerations, building and site conditions, and other purposes as described in each area. Since the characteristics that created the need for this District are often in limited areas the regulations applicable to those areas are necessarily unique and specific.

B. *Applicability.*

1. *ASP Background.* The OD-SC is applied to certain areas, sites, and buildings throughout the City that require individual treatment, primarily as identified through the Area Specific Plan (ASP) process. As such, the underlying zoning will normally remain intact, with only certain aspects of development and use applied.
2. *Locations.* Unlike other Overlay Districts, the OD-SC is applied in diverse locations, similar to the OD-WS District (Wayfinding Signs Overlay District). Accordingly, the locations will not be identified separately on the Zoning Map but will be described individually through the Overlay District to ensure adequate identification.
3. *Approvals.* Unless otherwise specified, the Application and Review Procedures of Article 12 apply, using the requirements and approvals of the underlying zoning district.
4. *Conflicts.* Conflicts between the regulations of the underlying district and the OD-SC shall be resolved in accordance with Section 5.1.09., unless otherwise stated.

C. *Grandville Avenue Area Specific Plan: Viva La Avenida—Long Live the Avenue.*

1. *Purpose.*
    a. Within the Roosevelt Park neighborhood, Grandville Avenue provides a unique cadence of commercial and residential experiences along the corridor represented by pockets of Traditional Business Areas (primarily at corner properties) and longer stretches of detached single-family residential dwellings. The neighborhood desires to maintain this character.
    b. Along Grandville Avenue, the intent is to maintain the single family detached residential housing, with adjacent Traditional Business Areas at specific nodes as designated on the Future Land Use map.
    c. Commercial buildings and supportive parking in the Traditional Business Areas should be scaled to match the existing development pattern, and encroachments beyond the designated boundaries of the Traditional Business Areas should be prohibited.
2. *Affected Area.* This portion of the OD-SC covers the area described in the Grandville Avenue Area Specific Plan (ASP) adopted April 25, 2017.
3. *Residential Development.*
    a. Multiple-family dwellings are not permitted in the TN-LDR Zone District.
    b. Ground floor dwellings are permitted on parcels with frontage on Grandville Avenue or Clyde Park Avenue.
4. *Office Use.* Ground floor office use is permitted on parcels with frontage on Grandville Avenue or Clyde Park Avenue.
5. *Off-Street Parking.* Off-street parking facilities as a principal use of a lot are not permitted within the TN-LDR Zone District.

D. *GR Forward Downtown and River Action Plan Area Specific Plan.*

1. *Targeted Commercial Corridors.*

   a. *Purpose.* One of the traditional key measures of success of a downtown is its ability to provide continuous mixed-use street frontages with retail uses and eating and drinking facilities occupying the ground floor of buildings on streets that have a well-defined and detailed pedestrian realm. Buildings with frontage on a Targeted Commercial Corridor are intended to accommodate a mix of outdoor activities, such as patios, seating areas, pocket plazas and spacious walkways provide an interesting experience for the downtown visitor, resident, and worker alike.

   b. *Affected Streets.* In accordance with the recommendations of the GR Forward Downtown & River Action Plan ASP, a "Targeted Commercial Corridor" is established as part of the OD-SC Zone District. The Targeted Commercial Corridor includes the following streets.

      i. Pearl Street, between Division Avenue and Monroe Avenue.

      ii. Monroe Center Street, between Monroe Avenue and Division Avenue.

      iii. Ionia Avenue, between Monroe Center Street and Cherry Street.

      iv. South Division Avenue, between Fulton Street and Wealthy Street.

      v. Bridge Street, between Seward Avenue and Turner Avenue.

   c. *Use and Development Requirements.*

      i. Parcels located on affected streets referenced in Section 5.8.06.D.1.b. shall be subject to the land use regulations applicable to the TN-TBA Zone District.

      ii. A minimum of thirty (30) feet of commercial space depth is required for eligible ground floor uses.

      iii. Building Step-Backs. Section 5.6.08.I. shall apply to the following locations:

         (a) Buildings fronting Bridge Street and Monroe Center Street in the TN-CC Zone District.

         (b) Buildings fronting on Ionia Street, between Fulton Street and Cherry Street.

2. *Parking Access.* Vehicular access from surface or structured parking areas to or from Monroe Center Street is prohibited.

E. *Southtown Business Area Specific Plan—Industrial Flex Area.*

1. *Purpose.* The Southtown Industrial Flex Area was created to provide locations where business growth, entrepreneurship, workforce training, and economic activity is desired to flourish. This portion of the OD-SC recognizes that Industrial Flex Areas are changing and need to allow a greater mix of commercial uses.

2. *Affected Area.* This portion of the OD-SC includes the areas with the underlying SD-IT Zone District that are within the established boundaries of the Southtown Business Area Specific Plan adopted December 3, 2019.

3. *Use Requirements.* Except for residential uses, parcels located in affected area shall be subject to the land use regulations applicable to the TN-TCC Zone District, in addition to the land use regulations applicable to the SD-IT Zone District, with the least restrictive use controlling.

4. *Site Layout and Building Elements.*

   a. Uses permitted by the TN-TCC Zone District shall be subject to the Site Layout and Building Placement regulations of Section 5.6.07. applicable to the TN-TCC Zone District.

b. With the exception of height, uses permitted by the TN-TCC Zone District shall be subject to the Building Elements regulations of Section 5.6.08. applicable to the TN-TCC Zone District.

F. *Residential as Permitted Uses.* For parcels located within the MCN-C or MON-C Zone District and that have frontage on Lake Michigan Drive, 28th Street or Plainfield Avenue, any Residential use designated as a Special Land Use in Table 5.6.06.B. may be reviewed as a Permitted Use.
(Ord. No. 2020-13, § 8, 4-28-20)

ARTICLE 9. USE REGULATIONS

Sec. 5.9.01. Purpose and Intent.

A. It is recognized by this Chapter that certain unique uses cannot easily be evaluated in the same manner as other uses because of their potential to adversely affect public health, safety and welfare; establish a public nuisance; conflict with the character of a neighborhood; impair the social and economic well-being of neighboring properties; impair the general development of an area; or operate in a manner contrary to the purpose and intent of this Chapter.

B. However, when properly regulated, these uses can make a positive contribution to the economic vitality of the city. Therefore, it is the purpose of this Article to impose reasonable regulations upon certain uses to provide an adequate approval process while moderating their potential adverse effects on surrounding and neighboring properties.

Sec. 5.9.02. Applicability.

A. *Use Regulations and Approval Process of Table 5.9.02.*

1. *Director Review.* All uses shall be in accordance with the provisions of Section 5.12.16.
2. *Counter Reviews.* All uses listed shall be in accordance with the provisions of Section 5.12.16.
3. *Qualified Review.* All uses listed shall be in accordance with the provisions of Section 5.12.16.D.
4. *Special Land Use.* All uses listed shall be in accordance with the provisions of Section 5.12.09. The Planning Commission shall have the authority to waive or alter the Use Regulations contained in this Article provided the standards of Section 5.12.09 are substantially met.

B. *Summary of Use Regulations.*

1. Table 5.9.02. shows the principal and accessory uses subject to regulations of this Article in addition to those listed in the Use Tables of the applicable Zone District, and the approval process for those uses within each Zone District.
2. Districts. The following Zone Districts and abbreviations shall apply for Table 5.9.02.
   a. LDR - Low-Density Residential
   b. MDR - Mixed-Density Residential

Sec. 5.9.03. Accessory Dwelling Units (ADU).

A. Not more than one (1) Accessory Dwelling Unit (ADU) may be permitted per lot.

B. An ADU may be permitted only in association with a single-family or two-family dwelling.

C. *Minimum Lot Area.* An ADU may be developed on a lot meeting the minimum lot size for the applicable zone district.

D. *Residential Density.* An ADU shall be excluded from maximum residential density requirements.

E. *Setbacks.*

1. An attached ADU shall be subject to the zone district setback requirements for a primary structure.
2. A detached ADU shall be subject to the zone district setback requirements for an accessory structure.

F. *Floor Area.*

1. The maximum permitted floor area for an accessory structure that contains a second floor ADU may be increased by one hundred (100) percent solely for the construction of a second-floor unit.
2. *Maximum ADU Size.* The ADU shall not exceed forty (40) percent of the gross floor area of the primary structure or four hundred (400) square feet, whichever is larger. In no case shall the ADU exceed eight hundred fifty (850) square feet in gross floor area.

G. *Building Height.* The maximum permitted height of a detached ADU is twenty-five (25) feet.

H. *Bedroom Maximum.* A maximum of two (2) bedrooms are permitted within an ADU.

I. *Rental.* No ADU shall be rented for fewer than thirty (30) days and shall not be used as a short-term rental. If the ADU is not occupied as a residence by the owner, it shall be registered and certified as required in Chapter 140 of the City Code.

J. *Alterations or New Construction.* Any alterations to existing buildings or structures or the construction of a new structure to accommodate an ADU shall be designed to maintain the architectural design, style, appearance and character of the main building, including but not limited to entrances, roof pitch, siding and windows.

K. *Deed Restriction.* A deed restriction enforceable by the City shall be recorded prior to the issuance of a building permit stipulating that the ADU will not be conveyed separately from the primary dwelling unit(s). An alternative form of security may be substituted if it meets the intent of this provision and is approved by the City Attorney.
(Ord. No. 2018-69, § 7, 12-18-18; Ord. No. 2019-11, § 4, 3-26-19; Ord. No. 2024-20, § 14, 4-23-24)

Sec. 5.9.04. Adult Foster Care and Adult Day Care.

A. *Adult Foster Care Family Home.* The adult foster care home licensee, whether one (1) person or two (2), shall be a member of the household and an occupant of the residence, and is not counted among total adults permitted as part of the care facility.

B. *Adult Foster Care Small and Large Group Homes.* The adult foster care group homes shall be registered and licensed as required for adult foster care under the Adult Foster Care Facility Licensing Act, Act 218 of the Public Acts of 1979, MCL 400.701 et seq., as amended.

C. *Adult Day Care Homes.* An adult day care home shall be registered and licensed as required for group day care homes under the Child Care Organizations Act, Act 116 of the Public Acts of 1973, MCL 722.11 et seq., as amended.

Sec. 5.9.05. Alcohol Sales and Consumption.

A. *Purpose.* A concentration of alcohol-related uses within a geographic area tend to have particularly detrimental effects on neighborhood character. Accordingly, the use type and type of activities, hours of operation, police resources and the secondary effects resulting from these uses must be taken into consideration during the approval process.

B. *Applicability.* Any land use that requires a license from the Michigan Liquor Control Commission (LCC) for the sale or consumption of beer, wine or alcoholic beverages (on- or off-premises, whether packaged, by the bottle, by the glass or otherwise) and any expansion or other changes in that land use, shall require review and approval as specified in Table 5.9.05.B. The Director may submit any Director Review application to the Planning Commission for approval review.

C. *Approval Procedures for the Sales or Service of Alcohol.*

D. *Application Requirements.* Each application shall be accompanied by a detailed site plan and any information necessary to demonstrate the proposed use or change in use meets the review standards of D. below. The following shall be submitted as part of an application in addition to the requirements of Section 5.12.09.

1. *License Application.* A copy of the license application submitted to the LCC; or in the case of a development district license pursuant to City Commission Policy 300-08 Requirements for Approval of Liquor License Requests in City Development Districts, a copy of the license application submitted to the City Clerk.
2. *Site Plan.* A site plan illustrating the proposed location where the alcohol sales would occur, as well as all other existing locations of sales within a one thousand (1,000) foot radius measured from the lot lines of the subject site, including, but not limited to restaurants, bars, convenience stores, other alcohol retail outlets, social or service clubs, second hand sales and Regulated Uses.

3. *Operations Management Plan.* An Operations Management Plan must be submitted for the review of the Grand Rapids Police Department Vice Unit. The Plan must detail how the operator will manage the facility during events, ensure the security of the patrons both inside and outside the facility, and ensure the appropriate management of the liquor license(s). A Crime Prevention Through Environmental Design (CPTED) analysis may be required by the Police Department part of the Plan.

E. *Review Standards.* The following review standards shall be used in the consideration of an alcohol request in addition to those of Section 5.12.09., where applicable. The applicant shall provide a written statement that demonstrates how these standards are satisfied.

1. Given the character, location, development trends and other aspects of the neighborhood in which the proposed LLC licensed use or change in an LCC licensed use is requested, it is demonstrated that the neighborhood is underserved by the use and that the addition of the LLC licensed use or proposed change in use will be a demonstrable asset to the neighborhood.

2. In the case of a development area license pursuant to City Commission Policy 300-08, the Planning Commission or Director shall also consider the recommendations of the development area board and may consider how the issuance of a license would promote economic growth in a manner consistent with adopted goals, plans or policies of the area.

3. The use or change in use as constructed and operated by the applicant is compatible with the neighborhood.

4. Adjacent or nearby parks (e.g., public parks or recreation centers), playgrounds (e.g., public or private), religious institutions, or schools will not be adversely affected.

5. That the applicant has considered and has procedures prepared so that the use will be constructed and operated by the applicant in a manner that has the potential to minimize or eliminate negative secondary effects on the neighborhood. Negative secondary effects can include the following factors:

    a. Vehicular and pedestrian traffic, particularly during late night or early morning hours that might disturb area residents.

    b. Noise, odors, or lights that spill over to any property with residential dwellings.

    c. Excessive numbers of persons gathering outside the establishment.

    d. Peak hours of use that materially adds to congestion or other negative traffic related effects in the neighborhood.

    e. Fighting, brawling, public urination or other behavior that can accompany intoxication.

    f. Robberies, shoplifting and other crimes that have a tendency to affect party stores, convenience stores and other retail establishments open late.

6. Evaluation Considerations. The Planning Commission or Director shall take the following into consideration.

    a. For a use involving sales of beer and wine, or sales of alcoholic beverages by the glass, an application related to a full service restaurant offering full meals for consumption on the premises (and not generally for take-out) at all times it is open for business and that closes prior to midnight shall be presumed to have minimal negative secondary impacts.

    b. For a use involving retail sales of beer, of wine and/or of alcoholic beverages for off-premises consumption, an application related to a full service supermarket or an

establishment that features imported or ethnic food items not commonly available in party, convenience or grocery stores, and that closes by 11:00 p.m. shall be presumed to have minimal negative secondary impacts.

c. The minimal negative secondary impacts, the presumptions in a. and b. above will not apply if the current or proposed location has had instances of negative secondary impacts within a one (1) year period prior to the date of the application; or if the applicant has owned, operated or otherwise been affiliated with an establishment that has had instances of negative secondary impacts such as those described in Subsection D.5.a. The applicant may submit documentation indicating how the previous negative secondary impacts may differ from the current application, or what steps have been taken to minimize future negative secondary impacts.

F. *Terms.*

1. For purposes of this Section, "neighborhood" means a neighborhood served by an organized neighborhood association recognized by the City, or an area within a one thousand (1,000) foot radius of the applicant's site, whichever is greater.

2. For the purposes of this Section, "restaurant" shall refer to a full service restaurant offering full meals for consumption on the premises during all business hours (and not generally for take-out) with beer and wine, or sales of alcoholic beverages by the glass and where the average daily receipts from the sale of food exceeds fifty (50) percent of the establishment's total average daily receipts, not including sales of novelty items, income from vending machines, cover charges, or other receipts not derived from the sale of food or beverages, and the establishment closes at or before midnight.

G. *Other Requirements.*

1. *Cash Register Viewing Window.* The cash register for a convenience/package goods store shall be clearly visible from the street. The viewing window shall have a contiguous area of at least twenty (20) square feet of clear glass and have an unobstructed view into the store.

2. *Entertainment.* The requirements of Section 5.9.12. Live Entertainment shall also apply if a Dance or Entertainment permit has been requested from the State or City.

3. Applications for Dance, Entertainment or After Hours permits shall be considered a change in land use and shall be subject to the requirements of this Section.

(Ord. No. 2019-16, § 4, 4-23-19)

Sec. 5.9.06. Attached Single-Family and Two-Family Dwellings.

A. Attached dwellings must comply with the dimensional and design standards of Sections 5.5.06. and 5.5.07., except where these standards are expressly modified by this Section.

B. *Minimum Lot Area.* The minimum lot area per dwelling unit is as required in the Zone District.

C. *Minimum Setbacks.*

1. *Interior Lots.* The minimum required interior side setback on the side of the dwelling unit containing the common wall is reduced to zero. The (interior) side and rear setback standards of the Zone District apply around the perimeter of the project.

2. *Corner Lots.*

a. The interior side setback may be reduced to zero. However, the remaining side setback must comply with the standards of the Zone District.

b. The required building setback from one (1) front lot line may be reduced to fifteen (15) feet. This setback may be further reduced to match the predominant setbacks of adjoining structures on the same side of the street between the nearest intersecting streets or alleys, provided that a minimum setback of three (3) feet is provided in all cases.

D. *Minimum Building Width.* Each dwelling shall have a minimum dimension of fourteen (14) feet in any horizontal dimension.

E. *Separation Between Walls.*

1. When the end wall of a row of attached single-family dwellings faces the front wall or rear wall of another row of attached dwellings, there shall be at least twenty (20) feet between the main buildings (excluding minor building projections allowed under Section 5.2.05.).

2. Driveways, walkways, and open parking areas may be located within this separation area, provided that landscaped planting areas with a minimum separation of four (4) feet from one (1) building wall are provided.

F. *Building Façades on Public Streets.*

1. *Building Façades.* Building façades that face public streets shall include elements typical of a front façade, including doors and/or windows.

2. *Attached Single-Family Dwelling Façade Treatment.* The front of each dwelling must be distinct through either the use of different façade materials; staggered building lines of at least two (2) feet; an identifiable permanent architectural design element such as a chimney; pilaster or column (excluding gutter spouts or siding trim); or a combination of these methods.

G. *Attached Single-Family Roof Line.* The roof line of each dwelling must be distinct through either a separation of roof pitches (minimum difference at least five (5) degrees), a difference in roof direction, a difference in roof height (minimum of two [2] vertical feet), or a combination of both methods.

H. *Garage Doors.*

1. *Attached Single-Family Garage Door Entrances.*

a. Garage door entrances for individual dwellings shall not face a public street. Alleys or interior driveways shall be used for access. This provision is not intended to prohibit garage doors that serve common parking areas.

b. Administrative Departure. Garages for individual dwellings may be approved to face a public street where site conditions warrant. If approved, garage doors shall be set back at least twenty (20) feet from the front lot line. Garage doors shall be subject to the same transparency requirements as the building façade.

2. *Maximum Width.* Garage doors facing the street may not occupy more than forty (40) percent of the width of the street-facing façade of the main building. The maximum continuous, uninterrupted width of a garage door (or combination of smaller, single-car garage doors) along the street-facing façade may not exceed twenty-five (25) feet. A minimum separation of two (2) feet is required between garage doors.

3. *Recess.* All garage doors must be recessed at least five (5) feet from the front building wall nearest the front lot line.

I. *Private Yards.*

1. *Minimum Area.* Each attached single-family dwelling shall have at least two hundred (200) square feet of private yard with a minimum dimension of five (5) feet.

2. *Location.* For attached single-family dwellings, the private yard shall be contiguous to individual units, immediately adjacent to a wall of the dwelling it serves.

3. *At Grade.* Required private yards may be at grade, or within four (4) feet of grade if a terrace or patio. An Administrative Departure may be approved for a deck that is more than four (4) feet above grade.

4. *Contiguous to Common Open Space.* Required private yards for attached single-family dwellings may be within a common open space area provided that the common area is contiguous and directly accessible to the dwelling and the private yard area exceeds the minimum required common open space.

5. *Driveways and Parking.* No driveways or off-street parking spaces (open or enclosed) may be located within required private yards.

J. *Attached Single Family Dwellings - Common Open Space.*

1. *Minimum Required Open Space.* In addition to required private yards in Section 5.5.08.K., an attached single-family dwelling development of forty (40) or more units must provide a minimum of one hundred fifty (150) square feet of common open space per dwelling unit.

2. *Minimum Dimensions.* Required common open space must be located on the same lot as the development and in one (1) or more usable, common areas, each with minimum dimensions of twenty-five (25) feet and a minimum area of two thousand (2,000) square feet.

3. *Accessibility and Landscaping.* Common open space areas must be accessible to all attached single-family dwellings and must be improved with landscaping, recreational facilities, and/or walkways.

4. *Trees.* Trees must be planted within common open space areas at the rate of one (1) tree for every one thousand (1,000) square feet of required common open space. All trees must have a minimum two and one-half (2½) inch caliper.

5. *Driveways and Parking.* No driveways or off-street parking spaces (open or enclosed) may be located within the common open space. Bollards, curbs, wheel stops or other similar features shall be provided to ensure that required open space is not used for off-street parking, loading or vehicle circulation.

(Ord. No. 2018-69, § 8, 12-18-18; Ord. No. 2019-09, § 6, 3-26-19; Ord. No. 2024-20, § 15, 4-23-24)

Sec. 5.9.07. Auditorium, Theatre and Banquet Hall.

A. *Loading Areas.* Loading and unloading areas shall be shown on the site plan and designed to avoid pedestrian/vehicular conflicts or unnecessary vehicle movements in the public right-of-way.

B. *Alcohol Sales or Entertainment Requirements.* The requirements of Section 5.9.05. Alcohol Sales and Consumption and/or Section 5.9.12. Live Entertainment shall apply if these activities are planned to occur on the premises.

C. *Remote Broadcasting.*

1. Up to two (2) remote broadcasting sites where radio and/or television broadcasting occurs off-site from the principal location of the broadcasting station may be permitted within three hundred (300) feet of the main entrance of a theater complex, auditorium or arena in which an event is being held.

2. Remote broadcasting sites are only permitted in the TN-CC Zone District in conjunction with the following:
   a. An arena with a seating capacity of ten thousand (10,000) persons or more; and
   b. A convention center having one hundred thousand (100,000) square feet or more of floor area.
3. Remote broadcasting sites shall be permitted for up to ten (10) events each year and for a maximum of eight (8) days for each event. Sites and all equipment, signs, and other evidence of the use shall be removed immediately after the termination of the event for which it is associated.

Sec. 5.9.08. Bed and Breakfast.

A. *Principal Residence of Owner.* The dwelling unit in which the bed and breakfast operates shall be the principal residence of the owner-operator who shall reside on the premises at all periods when the use is in operation.

B. *Exterior Appearance.* The structure shall maintain an exterior appearance that is in character with surrounding residential uses. The requirements of Article 15 Signs shall apply.

C. *Guest Rooms.* The number of guest rooms is limited to one (1) fewer than the total number of bedrooms in the dwelling unit, not to exceed five (5) guest rooms. Maximum occupancy is limited to two (2) adults per guest room. Use of more than five (5) guest rooms shall be considered short-term lodging as provided in Table 5.6.06.B.

D. *Maximum Stay.* The owner shall ensure that the length of stay for a lodger not exceed thirty (30) consecutive days.

E. *Cooking.* Separate cooking facilities are prohibited.

F. *Accessory Services.* Accessory services such as personal service and retail or alcohol sales are permitted within a bed and breakfast use only if individually and expressly approved by the Planning Commission and shall only be for guest services and not as a commercial enterprise available to the general public.

G. *Parking.* One (1) additional on-site parking space shall be provided for each guest room in addition to the parking required for the principal residence. On-street parking shall not be used to fulfill this requirement.

H. *Proximity.* In order to avoid the concentration of intensive, non-residential land uses in residential neighborhoods, maintain residential character, and compatibility with adjacent residential uses, no bed and breakfast shall be within a five hundred (500) foot radius of another existing bed and breakfast, as measured from the perimeter of the parcel.

I. *Special Events.*

1. A bed and breakfast establishment may hold up to four (4) events within a calendar year where non-guests of the bed and breakfast are allowed to use the premises. Events shall have a maximum duration of two (2) days per occurrence.
2. Food and drink may be served to non-guests at an approved event.
3. Sufficient parking shall be provided for each event and occupancy limits shall be determined by the Fire Department and/or Building Official with proper safeguards in force for places of assembly.

4. A temporary use permit shall be obtained in compliance with Sections 5.9.35.A-B. and H., except that maximum duration of each occurrence as specified in I.1. above shall apply.

Sec. 5.9.09. Child Care Center.

A. *Outdoor Play Area and Fencing.* There shall be on-site outdoor play area sufficient to meet State regulations. All required outdoor play areas shall be enclosed with a minimum of four (4) foot high fence. If placed in the front yard, the fence shall be of an open style, decorative design. All other fence requirements of Section 5.2.11. shall be met.

B. *Ingress and Egress.* Vehicle ingress and egress shall be provided as far as possible from street intersections.

C. *Pick Up and Drop Off Area.* An on-site drive shall be provided for drop off and pick up of children near the entrance. Stacking area for the drop off/pick up area shall meet the requirements of Section 5.10.03.F.8. and shall be designed to prevent vehicles from stacking into or creating a hazard to traffic flow on the public street or creating obstructions to pedestrian movements on sidewalks or on the site of the child care center.

D. *Accessory to Institutional Use.* A child care center may be permitted as an accessory use to an institutional use, such as a religious institution, subject to satisfying all of the applicable necessary requirements of this Article

Sec. 5.9.10. Drive-In or Drive-Through Facility.

A. *Purpose.* The requirements of this Section are intended to minimize the potentially adverse effects of drive-in or drive-through activities on surrounding properties, pedestrians and traffic flow.

B. *Minimum Lot Depth.* A minimum lot depth of two hundred (200) feet is required.

C. *Minimum Lot Size.* A minimum lot size of one (1) acre is required per drive-through use.

D. *Hours of Operation.* Hours of operation shall be restricted to the hours between 6:00 a.m. to 12:00 Midnight if within one hundred fifty (150) feet of a Residential Zone District.

E. *Operations.*

1. The stacking requirements of Section 5.10.03.F.8. shall be met.
2. The Traffic Engineering Department shall review proposed stacking areas leading up to and from the service window, menu board, or similar service area for a drive-in or drive-through facility, and shall determine the number of stacking spaces required for that use or, alternatively, may require the applicant to provide a queuing analysis for uses generating more than thirty (30) trips per hour at peak times.
3. Drive-through lanes and stacking areas, menu boards, speakers, or service windows shall not be placed on a street facing side of a building or within twenty-five (25) feet of the lot line of any Residential Zone District or use unless the Planning Commission determines that no other location is feasible.

F. *Pedestrian Walkways.* Pedestrian walkways within the site shall be clearly visible, and be emphasized by enhanced paving, a clear change in material, or markings where they intersect drive-in or drive-through aisles.

G. *Screening Requirements.*

1. Any lot line adjacent to a Residential Zone District shall be screened in accordance with the provision of Section 5.11.12.
2. All service areas and ground-mounted mechanical equipment shall be screened from ground-level view. Trash storage shall comply with the requirements of Section 5.2.13.

H. *Integrated Drive-Through.* In the TN-TCC, TOD and SD-PRD Districts a drive-in or drive-through facility located shall be allowed only as part of a larger mixed-use project and integrated into a main building and are not permitted with freestanding, single use buildings. In these Zone Districts, all customer service areas associated with the drive-through use shall be enclosed within a main building, such as a drive-through lane within a parking structure or associated with a multi-use building.

I. *Banks, Credit Unions and Financial Institutions.* Drive-through lanes servicing Automated Teller Machines (ATMs), transaction windows and tubes shall be reviewed for placement number, activity level, noise and hours of operation.

Sec. 5.9.11. Electrical Substations and Private Utilities.

A. *Outdoor Enclosure.* Screening is deemed necessary to recognize the permanence of the infrastructure, help increase safety, reduce maintenance requirements, and lessen the opportunity for graffiti or vandalism.

B. The outdoor enclosure of above-ground essential service utilities shall be screened using a permanent brick or decorative textured block wall at least one (1) foot taller than the equipment being screened, provided that the screen need not be higher than ten (10) feet.

C. *Administrative Departure.* An Administrative Departure may be granted and alternative enclosure or screening materials approved if the functioning of the utility would be adversely affected by this requirement or if the location of the infrastructure is not clearly visible from a public street or nearby residential uses.

Sec. 5.9.12. Live Entertainment.

A. Live Entertainment shall only be used in conjunction with a banquet hall, restaurant, bar or similar facility.

B. *Review Standards.* The following considerations shall be used by the Planning Commission and the Director in the deliberation and approval of a Live Entertainment request in addition to the review standards of Section 5.12.09.

1. Whether adjacent or nearby parks (e.g., public parks or recreation centers), playgrounds (e.g., public or private), religious institutions, or schools are adversely affected.

2. Vehicular and pedestrian traffic, particularly during late night or early morning hours that might disturb area residents.

3. Noise, odors, or lights that spill over to any property with residential dwellings.

4. Excessive numbers of persons gathering outside the establishment.

5. Peak hours of use that materially adds to congestion or other negative traffic related effects in the neighborhood.

C. *Sound-Proofing.* The building shall be sound-proofed to meet the requirements of the Noise Control Ordinance (Chapter 151, Article 5 of the City Code). The noise analysis and the method of construction being used to meet the standards of the Noise Control Ordinance shall be provided to the Director prior to the issuance of a building permit.

D. *Building Openings.* No entrance or exit to the main building in which the activity will occur shall face an adjacent residential use. All other doors and windows, including fire exits, which may direct sound to residential properties shall remain closed during the entertainment.

E. *Hours of Operation.* Hours of operation shall not extend beyond 2:00 a.m.

Sec. 5.9.13. Helistops and Heliports.

A. *Landing and Takeoff Restrictions.* No person shall cause or allow a helicopter to land or takeoff in a TN-CC or TN-TCC Zone District between the hours of 11:00 p.m. and 7:00 a.m., nor shall any person cause or allow more than fifteen (15) landings and fifteen (15) takeoffs a month from any one (1) site, nor more than two (2) landings and two (2) takeoffs per day from any one (1) site.

B. *Special Events.* The City Manager may grant written permission for additional landings and takeoffs for special events deemed by the Manager to be of community significance.

C. *Noise Limitations.*

1. No person shall operate a helicopter or permit a helicopter to be operated so as to exceed the noise limits established in the Noise Control Ordinance (Chapter 151, Article 5 of the City Code).

2. Engine Operation. A helicopter engine shall not remain in continuous operation at a landing site for a duration of more than three (3) minutes.

D. *Exemptions.* The provisions of this Section shall not apply to hospitals and emergency centers providing helicopter services, or for emergencies, dignitaries, or City-sponsored event landings and takeoffs.

Sec. 5.9.14. Home Occupations.

A. *Purpose and Conformance.*

1. The regulations of this Section are intended to ensure that home occupations remain subordinate to the residential use, the residential viability of the dwelling is maintained, and that the use not be a detriment to the character and livability of the surrounding neighborhood.

2. The dwelling shall conform to all requirements of the Zone District.

B. *Business License and Approvals.*

1. All home occupations shall obtain a business license from the City Clerk. Home occupations shall be licensed pursuant to Chapter 116 Home Occupation of the City Code. Chapter 116 describes three occupational classes: Class A, which shall have minimal to no impact on the surrounding neighborhood; Class B and Class C, which have the potential for adverse effects to the neighborhood or community.

2. All license applications shall include an interior floor plan provided clearly indicated the planned location for the conduct of the home occupation, total living area square footage by the floor, and living area square footage by floor devoted to the home occupation.

3. Table 5.9.13.B summarizes the Classes and requirements for home occupations and the required approval processes.

Business-Related Visitors by Appointment	Not permitted	No more than 2 at any one time; hours of operation 7:00 a.m. to 8:00 p.m.	Bed and breakfast guests; not applicable to rooming houses

C. Signs shall comply with the requirements of Article 15.

D. *Space Limitations.*

1. No part of an accessory structure, either attached or detached, shall be used in connection with the home occupation.

2. Class A and Class B.

   a. Not more than one-fourth (¼) of the residential floor area of the dwelling unit and less than one-half (½) of the residential floor area of the main floor shall be devoted to the home occupation.

   b. In no instance shall all home occupations in any single dwelling unit permanently occupy more than three hundred (300) square feet of the dwelling unit.

E. *Alterations.*

1. Exterior Alterations. Home occupations shall not require exterior alterations or involve construction features not customary for dwellings.

2. No new external entrance to the space devoted to the occupation shall be created.

3. Interior Alterations. Any permanent structural alterations to the interior of the dwelling unit for purposes of conducting the home occupation which would render it unsuitable for residential use shall be prohibited.

F. There shall be no outdoor storage of items related to the home occupation.

G. The activity shall not require the creation of any additional parking spaces to service the home occupation.

H. *Residency.* Residency within the dwelling unit in which the home occupation is conducted shall comply with licensing provisions of Chapter 116 Home Occupation of the City Code.

I. *Hazards or Nuisances.* No home occupation shall be permitted which would increase traffic, fire and safety hazards, noise, dirt, odor, dust, gas, glare, fumes, vibration or other nuisance elements, or require the use of mechanical or electrical equipment which create a nuisance to the adjacent neighborhood.

J. *Other Codes.* All Building, Housing, Fire and other local or State Codes and ordinances, including Chapter 116 Home Occupation of the City Code, shall be met.

K. *Prohibited Occupations.* The following shall not be considered as home occupations, including, but are not limited to:

1. Animal processing.
2. Any repair of motorized vehicles, including the painting or repair of automobiles, trucks, trailers, boats, and lawn equipment.
3. Animal hospitals or kennels.
4. Barber shops or beauty parlors.
5. Restaurants or catering/food preparation businesses, except catering/food preparation businesses operating in compliance with the Cottage Food Law, PA 113 of 2010.
6. Medical or dental offices.
7. Construction businesses or landscaping businesses that provide the storage of goods, equipment and materials to be utilized in the operation of the business or use.
8. Furniture finishing and refinishing.
9. Warehousing.
10. Welding or machine shops.
11. Any other occupation or service which, in the opinion of the Director, creates unnecessary noise, vibration, glare fumes, odors, or electrical interference detectable to the normal senses, off the premises, or has the potential to adversely affect the character of the neighborhood.

L. *Fine Art/Craft/Music Instruction.* Instruction in a fine art, craft or music is a permitted home occupation.

(m) *Reserved.*
(Ord. No. 2018-45, §§ 6, 7, 7-24-18)

Sec. 5.9.15. Mobile Food Vending.

A. *Purpose and Applicability.*

1. Mobile food vending can provide employment and small business growth in the City while providing a broad range of food choices to the public. The provisions of this section are intended to provide a proper balance between these uses that allow brick-and-mortar restaurants to thrive while allowing for new food vending opportunities that can add vitality to vacant parking lots and underutilized sites.
2. These provisions shall apply to businesses engaged in the cooking, preparation, and distribution of food or beverage on properties outside of the public right-of-way.
3. This section does not apply to mobile food vendors that move from place to place and are in the same general location for up to thirty (30) minutes at a time, or locations under the control of Chapter 46 Downtown Vending of the City Code.
4. Mobile food vending shall be permitted subject to the requirements of this Section.

B. *Approval Procedures.*

1. The use and permit review of mobile food vending shall be done in accordance with Table 5.9.15.B.

Table 5.9.15.B Approval Procedures for Mobile Food Vending			
	Review Procedure		
Zone District	Temporary Use 89 days or less	Accessory Use 90 days or more	Principal Use 90 days or more
NOS, IT	Temporary Use Permit	Director Review	—
CC, TCC, TBA, TOD, C	Temporary Use Permit	Qualified Review	Qualified Review

2. Any alcohol sales associated with a mobile food vendor shall be reviewed in accordance with Section 5.9.05 of this Chapter.

3. *Other Approvals.* In addition to satisfying the requirements of this section, evidence of approval from the Kent County Health Department shall be provided for all mobile food vending. A Transient Merchant License shall be obtained from the Office of the City Clerk, as applicable.

C. *Required Information.* The following information shall be submitted with the permit application. The Director and/or Planning Commission may request additional information if deemed necessary. For Special Land Use applications, the site plan identified below may substitute for that required by Section 5.12.09.

1. A written description of the nature of the proposed use, including the methods of food preparation and cooking, and the frequency, duration and hours of operation;

2. A trash collection and removal plan;

3. Source of water and power that will serve the mobile food vending unit;

4. Dimensioned drawings of any proposed signage;

5. Details of the mobile food vending unit, including the type, dimensions, elevation drawings or photos, and details of any furniture, tent or other physical features associated with the proposed use;

6. A dimensioned site plan showing existing and proposed site improvements, including:

   i. Buildings and building setbacks;

   ii. The proposed location of the mobile food vending unit and any other associated activity;

   iii. Existing public improvements adjacent to the site, such as fire hydrants, bus shelters, trees and tree grates and parking meters;

   iv. The nature of the property surfaces (e.g. asphalt, gravel, etc.);

   v. The location of parking;

   vi. Site lighting;

   vii. Signs;

   viii. Trash receptacles;

   ix. The location of on-site water, generator, and/or electric utilities that will serve the mobile food vendor(s);

   x. The location of existing or planned sanitary facilities;

7. A business district map identifying existing restaurants within buildings and any other known mobile food vending operations within three hundred (300) feet; and

8. Photographs of the site.

D. *Review Standards.* In addition to the review standards of Section 5.12.09., the Planning Commission and the Director shall take the following into consideration in the review and approval of a mobile food vending permit:

1. Will the use contribute to the vitality and experience of the business district?
2. Will the use support or detract from existing brick and mortar establishments?
3. Is there an appropriate separation distance between temporary and permanent uses so as to not impair the long-term viability of nearby businesses?
4. Will the use add variety to the types of food or beverage offerings in the district or compete with area businesses in close proximity?
5. Will the proposed stand, trailer, wagon or vehicle contribute to the general aesthetic of the business district and include high quality materials and finishes?

E. *Outdoor Cooking.* Outdoor cooking associated with mobile food vending is subject to Special Land Use approval. An Administrative Departure may be granted for outdoor cooking for a mobile food vendor meeting the requirements for temporary use permit approval and provided there are no residential uses located within two hundred (200) feet of the property.

F. *Placement.* The mobile food vendor shall meet the setback requirements of the Zone District and the customer window shall be accessed directly from the public sidewalk. The intent of the placement is to contribute to the walkability of the business district and generate pedestrian activity. An Administrative Departure may be granted where an alternate placement would achieve this intent.

G. *Parking Area.* The area occupied by accessory concession sales shall not exceed twenty (20) percent of any required parking area. Sufficient on-site or district parking shall be provided for each stand, trailer, wagon, or vehicle on a lot, in addition to any other required parking for retail business buildings on the same parcel.

H. *Pedestrian Space.* A minimum pedestrian clear space of five (5) feet is required along all public walkways, unless an Administrative Departure is granted in accordance with Section 5.10.08. Pedestrian Access and Circulation.

I. *Public ROW and Clear Vision.* Sales shall not be in the public right-of-way or on public property unless otherwise approved, and shall be outside of clear vision areas.

J. *Sanitary Facilities.* Sanitary facilities shall be provided for mobile food vending operated as a principal use on a lot. An Administrative Departure from this requirement may be granted if documentation is provided for alternative arrangements.

K. *Hours of Operation.* Operating hours shall be no later than 10:00 p.m. Sunday through Thursday and 11:00 p.m. on Friday and Saturday, unless otherwise approved by the Planning Commission as a Special Land Use.

L. *Co-Location.* where mobile food vending has been approved on a lot as a principal use, locating additional vendors on the same lot is encouraged.

M. *Sound.* No amplified outdoor music, sound, or noise shall be permitted. Planned locations for outdoor generators that provide power shall be identified. Use of generators may be prohibited if it is anticipated that they may create a nuisance to neighbors due to noise, exhaust or vibration.

N. *Revocation.* Any approved stand, trailer, wagon, or vehicle on a property for the purposes of Mobile Food Vending shall remain in continuous operation so long as the premises is occupied. If the business closes, ceases to operate, or fails to keep regular business hours, then the temporary use

permit may be revoked by the Director, or by the Planning Commission for Special Land Uses in accordance with the provision of Section 5.12.09.I. If the approval is revised, the stand, trailer, wagon or vehicle shall be immediately removed from the property.
(Ord. No. 2019-16, § 7, 4-23-19)

Sec. 5.9.16. Live-Work Units.

A. A dwelling unit may provide live-work opportunities or artists' loft/studio arrangements that includes limited commercial activities on the ground level. Live-work units shall comply with ground floor residential use restrictions of this Chapter.

B. *Permitted Uses.* Permitted Uses in the NOS Neighborhood Office Service and TBA Traditional Business Area Zone Districts shall be permitted as live-work uses. Ground floor use requirements for non-residential uses shall not apply.

C. *Location.* The live-work unit shall be on a Regional or Major Street as defined in the City's Street Classification Policy.

D. *Space Limitations.* The commercial portion shall remain accessory to the primary residential use. A maximum of one-half (½) of the usable area of the dwelling may be devoted to a non-residential use. No part of an accessory structure, either attached or detached shall be used.

E. *Direct Access.* There shall be at least one (1) direct access between the working and living spaces within the live-work unit.

F. *Residency.* At least one (1) full-time employee who shall also be a resident of the property shall work in the work portion of the live-work unit.

G. *Leases.* The owner of the working and living spaces shall be a party to the same lease and shall be the lease holder of the property.

H. *Multiple Live-Work Units.* Where there are multiple live-work units within a single structure, each unit shall be physically separated from other units and uses within the structure, and access to individual units shall be from a common open space, corridor, hallway, or other common access areas.

Sec. 5.9.17. Manufactured Housing Community.

A. A Manufactured Housing Communities shall comply with Act 96 of the Michigan Public Acts of 1987, as amended.

B. *Access and Circulation.* A Manufactured Housing Community shall have two (2) points of ingress and egress, with frontage on a Regional or Major Street as defined in the City's Street Classification Policy. Internal streets shall meet all applicable City requirements for two-way streets.

C. *Pavement and Curbing.* All internal streets shall be paved and curbed. Access to individual manufactured house sites shall only be provided via internal streets.

D. *Utilities and Drainage.* Public water and sewer shall be connected to all manufactured housing units either separately or as a single unit. The Manufactured Housing Community shall manage all stormwater on site.

E. *Screening and Landscaping.* A Manufactured Housing Community which is adjacent to a LDR Zone District shall meet the landscape buffer requirements in Section 5.11.11.

F. *Required Open Space.* A Manufactured Housing Community with thirty (30) or more house sites shall contain at least one (1) designated open space area of two (2) percent of the total area of the site of the Manufactured Housing Community, with at least twenty-two thousand (22,000) square feet, and shall otherwise satisfy the urban open space requirements of 5.11.14.

G. *Outdoor Storage.* No personal property shall be stored outside or under any manufactured house. The storage of recreational vehicles shall be permitted only in the storage area designated by the owner of the development and shall be limited to the use of the residents. The storage yard shall be completely screened around its perimeter by a six (6) foot high solid decorative wall or fence.

H. *Accessory Structures.*

1. One (1) accessory structure, not to exceed one hundred twenty (120) square feet, shall be permitted for each manufactured housing unit.
2. Accessory structures shall not be located in the front yard of the housing unit, or on the side of the unit facing a street on a corner lot.
3. Attached accessory buildings shall be at least ten (10) feet from an adjacent manufactured housing unit and consist of materials similar to the manufactured housing unit.

I. *Submittal.* Application for the construction, alteration, or extension of a Manufactured Housing Community shall be submitted for Director Review.

Sec. 5.9.18. Materials Recovery, Recycling, Equipment Wrecking and Salvage.

A. *Applicability.* The provisions of this Section shall apply to all materials recovery and recycling operations, including the processing of junk, waste, discarded or salvaged materials, machinery, or equipment, including vehicle wrecking or dismantling.

B. The site shall be a minimum of two (2) acres.

C. *Screening.*

1. Outdoor storage and activities shall be completely screened from view, as seen from public rights-of-way and adjacent properties, by a solid wall or fence with a uniform minimum height of at least eight (8) feet and a maximum height of ten (10) feet. The wall or fence shall be constructed of uniform, high-quality, weather-resistant materials. Walls, fences and gates shall be kept in good repair (free of chips, peeling and graffiti) and setback a minimum of six (6) feet from lot lines abutting public rights-of-way.
2. Landscaping. A vegetative ground cover shall be planted between the required fence and public right-of-way and maintained in good condition. Berms and landscaping shall be installed at all locations around the site that lack natural screening in accordance with the Section 5.11.12., provided that berm height is not restricted.

D. *Machinery, Building, Mining and Stockpile Setbacks.* All wrecked vehicles, machinery, equipment, buildings, structures and activities shall meet the following minimum setbacks. Where more than one (1) setback is applicable, the greater setback distance shall apply.

1. Twenty-five (25) feet from any lot line;
2. One hundred (100) feet from a residential Zone District;
3. Five hundred (500) feet from a residence, and;
4. Three hundred (300) feet from any stream, water body or wetland.

E. *Noise, Odors, Smoke, Fumes, or Dust.* Any noise, odors, smoke, fumes, or dust generated on the site by any digging, excavating, loading or processing operation and apt to be borne by the wind, shall be confined to prevent a nuisance or hazard on adjacent properties or public street.

F. *Haul Route Map.* An area map delineating the haul route to be used for the proposed operation shall be submitted to the Director. Haul routes shall not pass through residential areas, except on Regional or Major Streets, and shall be approved by the City's Traffic Engineering Department.

G. *Noise Control Plan.* The Special Land Use application shall include a study and report prepared by a qualified professional that estimates the noise levels at the lot lines containing the extraction operation and at successive stages of the operation. The plan shall contain mitigation measures to be implemented when noise levels exceed acceptable standards.

H. Hours and days of operation shall be subject to Planning Commission approval based on the potential effects on surrounding properties, traffic conditions on affected roadways, and other similar factors.

I. Evidence of applications for Federal and/or State licensing permits for crushing facilities shall be submitted as part of the Special Land Use application.

Sec. 5.9.19. Marihuana Facilities.

A. *Purpose.* The concentration of any one use within a smaller geographic area can be burdensome for reasons of excessive parking needs and/or traffic congestion where there is high demand and can limit the type and variety of businesses that might otherwise exist if there is an oversaturation. The City of Grand Rapids Master Plan describes the desire for Mixed-Use Commercial Zone Districts and encourages a variety of land uses. It the intent of these provisions to ensure that quality of life is not impaired, neighborhood character is preserved, commercial retail viability and variety is enhanced and encouraged, or the stability of industrial areas is maintained.

B. *Applicability.* Any land use that requires a license from the Department of Licensing and Regulatory Affairs (LARA) in the administration of Michigan Medical Marihuana Facilities Licensing Act (MMFLA), Michigan Regulation and Taxation of Marihuana Act (MRTMA) or other state law providing for the sale, transport, testing, growing, distribution, and processing of marihuana or any other activity involving a marihuana-related use shall require review and approval as specified in Table 5.9.19.D. Any facility not specifically authorized in Table 5.9.19.D. is prohibited. Provisions of this Section do not apply to the medical use of marihuana in compliance with the Michigan Medical Marihuana Act (MMMA).

C. The Planning Commission is prohibited from waiving any portion of this Section, except as specifically authorized by Section 5.9.19.E.6. At the Director's discretion, any Director Review application may be forwarded to the Planning Commission for Special Land Use approval if the Director deems that the application could benefit from a review by the Commission.

D. *Approval Procedures for Marihuana Facilities.*

1. *License Type.* Marihuana facilities are permitted in accordance with the approval procedures described in Table 5.9.19.D. Licensed facilities may be co-located on the same parcel as allowed by Section G.2. and each license type shall be separately subject to the approval procedures described below.

2. *Conversion.* Conversion between license types is permitted in accordance with the approval procedures described in Table 5.9.19.D.

Table 5.9.19.D. Approval Procedures for Marihuana Facilities

License Type		Description		Criteria	Review Procedure	GNP Required
Provisioning Center (Medical) or Retailer (Recreational)		New or expansion		IT (co-located accessory use only, under 5,000 sq. ft.)	DR	No
				IT (co-located accessory use only, 5,000 sq. ft. or more)	SLU	No
				TCC, TBA, TOD, C, NOS, PRD	SLU	Yes
Grower (Medical or Recreational)	Any Class	New or expansion		TCC	SLU	Yes
				IT	DR	No
Processor (Medical or Recreational)		New		IT, TCC, TBA, C, TOD, PRD: Under 15,000 sq. ft. GFA	DR	IT: No Other zones: Yes
				IT, TCC, C: 15,000 sq. ft. or more GFA	SLU	Yes
		Expansion	Minor	Under 20% GFA increase	DR, after initial approval	No
			Major	20% GFA increase or more	Same as New	No
Secure Transporter (Medical or Recreational)		New or expansion		IT	DR	No
				TCC	SLU	No
Safety Compliance Facility (Medical or Recreational)		New or expansion		CC, TCC, TOD, C, NOS, IT, or TBA upper floor	DR	No
				TBA ground floor	SLU	No
Microbusiness		New or expansion		TCC, C	DR	No
				TBA, TOD (when at least 500' from a residential zone district)	DR	Yes
				TBA, TOD (when less than 500' from a residential zone district)	SLU	Yes
				IT	DR	No

(SLU = Special Land Uses; DR = Director Review; GNP = Good Neighbor Plan)

3. *Considerations.*

   i. During the approval process regulations for these facilities must take into consideration the use type and type of activities, hours of operation, excessive use of police resources which could reasonably be anticipated to be generated by the proposed establishment, both outside and inside, with particular emphasis upon noise, calls for service, trespass enforcement, parking, vehicular use by patrons, and vandalism and the secondary effects resulting from these uses. More specifically, these may include the hours of operation of the proposed establishment will have upon neighboring properties, with attention to the effects of noise, odors, litter, loitering, parking, and glare from exterior lighting or headlights on nearby residential properties.

   ii. A marihuana facility is not eligible for a state operating license until the Planning Director or Planning Commission grants approval using the defined process, as described in Table 5.9.19.D. and in Article 12, Section 5.12.09. The City Clerk will grant final authorization for the facility upon receipt of the signed resolution of approval.

E. *Separation Distances and Waivers.*

1. *Purpose.*

   i. Marihuana businesses have demonstrated a strong demand for storefront spaces and other business locations. It has been observed that without separation distances between these facilities and certain other land uses marihuana facilities can tend to concentrate in clusters. It is further recognized that these uses which, because of their very nature, have serious objectionable operational characteristics, particularly when concentrated under certain circumstances.

   ii. Special regulations of marihuana facilities have been deemed necessary to limit the intensity and density of this use, and to recognize that separation distances are necessary from certain uses as described in this Section.

2. *Separation Distance Measurements.* The distances described in this subsection shall be computed by measuring a straight line from the nearest property line of the parcel used for the purposes stated in this subsection to the nearest property line of the parcel used as a marihuana facility.

3. *Applicability.* The location and co-location of authorized facilities shall be determined as follows:

   a. The following minimum-distancing regulations shall apply to marihuana provisioning centers and retailers, except for provisioning centers or retailers co-located in an IT-District, pursuant to 5.9.19.E.4. A provisioning center or retailer shall not be located within:

      i. One thousand (1,000) feet of a child care center, or a school;

      ii. One thousand (1,000) feet of a youth center;

      iii. One thousand (1,000) feet of a publicly owned park or playground;

      iv. One thousand (1,000) feet of a religious institution;

      v. One thousand (1,000) feet of a Substance Use Disorder Program licensed by the State of Michigan;

      vi. One thousand (1,000) feet of a Residential Zone District, as defined in this Chapter, as measured along the primary street frontage on which the use is located;

      vii. Two thousand (2,000) feet of another provisioning center or retailer location that is located within a mixed-use commercial zone district and one thousand (1,000) feet of another provisioning center or retailer location that is located within an industrial zone district; and

      viii. One thousand (1,000) feet of another marihuana facility location, other than a provisioning center or retailer.

   b. The following minimum-distancing regulations shall apply to marihuana processors, marihuana growers, and marihuana provisioning centers or retailers co-located in an IT-District pursuant to 5.9.19.E.4. A facility shall not be located within:

      i. One thousand (1,000) feet of a child care center, or a school;

      ii. One thousand (1,000) feet of a youth center;

      iii. One thousand (1,000) feet of a publicly owned park or playground;

      iv. One thousand (1,000) feet of a religious institution;

      v. One thousand (1,000) feet of a Substance Use Disorder Program licensed by the State of Michigan;

vi. One thousand (1,000) feet of a Residential Zone District, as defined in this Chapter, as measured along the primary street frontage on which the use is located; and

vii. One thousand (1,000) feet of another facility location (see 5.9.19.E.4.a.).

c. The following minimum-distancing regulations shall apply to marihuana microbusinesses. A microbusiness shall not be located within:

i. One thousand (1,000) feet of a child care center, or a school;

ii. One thousand (1,000) feet of a youth center;

iii. One thousand (1,000) feet of a publicly owned park or playground;

iv. One thousand (1,000) feet of a religious institution;

v. One thousand (1,000) feet of a Substance Use Disorder Program licensed by the State of Michigan;

vi. Five hundred (500) feet of a Residential Zone District, as defined in this Chapter, as measured along the primary street frontage on which the use is located;

vii. When located in a TCC or C Zone District facility must be five hundred (500) feet of another marihuana facility location; and

viii. When located in a TOD or TBA Zone District facility must one thousand (1,000) feet of another marihuana facility location.

d. Exception. A marihuana facility or marihuana establishment which has received Special Land Use and/or Director Site Plan approval prior to September 29, 2020 shall not be subject to the minimum distancing regulations for a youth center.

4. For the purpose of determining a separation distance described in this Section the following definitions shall apply:

a. A marihuana facility is defined as a location at which the proposed land use has been approved and is effective pursuant to this Section. This does not include Secure Transporters or Safety Compliance Facilities.

b. School is defined as any building, playing field, or property used for school purposes to impart instruction to children in grades kindergarten through 12, when provided by a public, private, denominational, or parochial school, except those buildings used primarily for adult education or college extension courses.

5. An application seeking land use approval at a location does not foreclose the filing or consideration of an application for another location located within a minimum distance requirement outlined in this Section. However, once land use approval has been granted to a marihuana facility no other application within the applicable minimum distance requirement shall be considered.

6. *Sensitive Use Waiver.* Waivers granted by the Planning Commission for a medical marihuana land use are applicable only to that land use, except that any sensitive use waiver granted before September 29, 2020 for a marijuana provisioning center may be applied to the consideration of a marijuana retail use at the same location as part of the Planning Commission Special Land Use consideration and in accordance with the standards of Section 5.12.09.

F. *Co-Location and Stacked Licenses.* There may be only one (1) state operating license per parcel, except co-location and stacked grower licenses are permitted as permitted in subsections 2. and 3. below.

1. Once the initial license has been approved the application of separation distance requirements is not applicable. A facility with a stacked grower license counts as a single grower for the purposes of facility separation distance requirements.
2. In Mixed-Use Commercial Zone Districts co-location is allowed if each license is for a separate use (other than stacked grower licenses), subject to Table 5.9.19.D, all applicable state laws, rules and regulations concerning co-location, including but not limited to, LARA requirements for the separation of facilities.
3. In the IT Industrial-Transportation District, co-location is allowed if each license is for a separate use (other than stacked grower licenses), subject to Table 5.9.19.D, all applicable state laws, rules and regulations concerning co-location, including but not limited to, LARA requirements for the separation of facilities and GFA requirements in this Chapter. Retailers or provisioning centers may be co-located with a grower or processor as long as the retail GFA is not more than twenty-five (25) percent of the combined GFA.

G. *Application Requirements.* Each application shall be accompanied by a detailed site plan and any information necessary to describe the proposed use or change of use. Each request shall be considered a new application, including those for class change, stacking, expansion, transfers or other modifications that require Director Review or Special Land Use approval. If more than one (1) use is being requested for a parcel at the same time (e.g. co-location) only one (1) application shall be processed. Only one (1) application shall be processed per parcel at a time; once and application is submitted, any other applications for the same parcel will be rejected until the first application is decided. The following shall be submitted as part of an application in addition to the requirements of Section 5.12.09. All items must be satisfactorily completed for an application to be considered eligible for review.

1. *Verification.* A signed statement by the applicant indicating the proposed facility type, including if the proposed facility type involves stacked licenses or co-location and the number of licenses.
2. *Consent.* A notarized statement by the property owner that acknowledges use of the property for a marihuana facility and agreement to indemnify, defend and hold harmless the City, its officers, elected officials, employees, and insurers, against all liability, claims or demands arising out of, or in connection to, the operation of a marihuana facility. Written consent shall also include approval of the owner and operator for the City to inspect the facility at any time during normal business hours to ensure compliance with applicable laws and regulations.
3. *LARA.* A copy of official paperwork issued by LARA as follows:
    a. *For grower, processor, and provisioning center applications:* Paperwork indicating that the applicant has successfully completed the prequalification step of the application for the state operating license associated with the proposed land use.
    b. *For secure transporter and safety compliance facility applications:* Paperwork indicating that the applicant has successfully completed the prequalification step of the application for the state operating license associated with the proposed land use, or proof that the applicant has filed such application for the prequalification step with LARA, including all necessary application fees.
    c. *For all marihuana facility applications:* Required LARA marihuana facility plans and security plans shall be submitted. Copies of all documents submitted to LARA in

connection with the initial license application, subsequent renewal applications, or investigations conducted by LARA shall be made available upon request when such information is necessary and reasonably related to the application review.

4. *Proof of Insurance.* Evidence of a valid and effective policy for general liability insurance within minimum limits of one million dollars ($1,000,000.00) per occurrence and a two million dollar ($2,000,000.00) aggregate limit issued from a company licensed to do business in Michigan having an AM Best rating of at least B++ shall be produced that includes the name/s of the insured, effective and expiration dates, and policy number. The City of Grand Rapids and its officials and employees shall be named as additional insureds. The City shall be notified of any cancellation, expiration, reduction in coverage, or other policy changes within five (5) business days of the event.

5. *Building Elevations.* Existing and proposed building elevations shall be provided, including building materials, window calculations, descriptions of glass to be used, and other pertinent information that describes building construction or structural alterations.

6. *Site Plan.* Existing and proposed site changes must be submitted that demonstrate compliance with this Chapter.

7. *Sign and Lighting Plan.* A sign plan for the exterior of the building and any interior signs that will be visible to the public from the public right-of-way shall be submitted with sizes, lighting, and locations. All lighting fixtures visible to the public shall be identified by location, type, and intensity.

8. *Radius.* A map, drawn to scale, containing all child care centers, schools, publicly owned parks or playgrounds, religious institutions, Substance Use Disorder Programs, Residential Districts, and any marihuana facilities within one thousand (1,000) feet of the proposed location.

9. *Crime Prevention Through Environmental Design (CPTED) Plan.* The plan shall address surveillance methods, access control strategies, territorial reinforcement, maintenance, and target hardening; including the experience of customers, employees, and neighbors (residents, offices, businesses, etc.). The GRPD shall review the CPTED Plan prior to acceptance of the application and shall approve the Plan prior to the Planning Commission public hearing.

10. *Operations and Management Plan.* An operations and management plan shall be submitted. The O&M plan should describe security measures in the facility; this may include the movement of the product, methods of storage, cash handling, etc. See also Section 5.9.19.G.

11. *Good Neighbor Plan (GNP).* A GNP shall be submitted in accordance with the requirements of Section 5.12.06.D. and Table 5.9.19.D. An updated GNP may be required for expansion requests and applications for Director Review.

12. *Marihuana Industry Voluntary Equitable Development Agreement (MIVEDA).* A MIVEDA may be voluntarily offered and submitted as part of the application. If submitted as part of an application, the terms offered in the MIVEDA will be required and implemented into the final approval of the project. The contents of the agreement shall be developed within the framework of City Commission policy.

H. *Operations.* Marihuana facilities must be operated in compliance with all applicable state laws, LARA rules, all conditions of the facility's state operating licenses, and all applicable city ordinances. In addition, such facilities shall comply with the following regulations:

1. *Use.* Where located in a Mixed-Use Commercial Zone District, the use shall contribute to the vibrancy and walkability of the district. Uses shall be presented as being for retail purposes, unless ground-floor office use is permitted with administrative approval.

2. *Facility Exterior.* The exterior appearance of a facility must be compatible with surrounding businesses and any descriptions of desired future character, as described in the Master Plan or an Area-Specific Plan.
   a. No marihuana or equipment used in the growing, production, sale, processing, or transport of marihuana can be placed or stored outside of an enclosed building. This Section does not prohibit the placement or storage of motor vehicles outside of an enclosed building so long as money or marihuana is not left in an unattended vehicle.
   b. Site and building lighting shall be sufficient for safety and security, but not cause excessive glare or be designed so as to be construed as advertising with the intent to attract attention. Outdoor lighting will comply with Section 5.2.19.
   c. Drive-through facilities and mobile facilities are prohibited.
3. *Interior of Facility.* A facility will not be designed to attract attention, limit the life of the structure in which the facility is located, or create a nuisance.
   a. Interior construction and design of a facility will not impede the future use of a building for other uses as permitted in the assigned zone district.
   b. Neither marihuana nor marihuana-infused products may be directly visible from the exterior of the facility.
   c. Interior security measures shall not be visible from the public right-of-way (e.g. security shutters, bars, or other methods) during operating business hours.
   d. Interior walls between waiting rooms and display areas shall be forty (40) percent clear glass if the separation wall is thirty (30) feet or less away from the inside of the exterior building wall for the purposes of maintaining an active storefront.
   e. Interior lighting shall not be so bright so as to create a nuisance to neighboring property owners or passersby.
   f. Provisioning centers may not be open to customers between the hours of 9:00 p.m. and 9:00 a.m. The main entry of the business establishment will be wheelchair accessible.
   g. The separation of plant resin by butane extraction or another method that utilizes a substance with a flashpoint below one hundred (100) degrees Fahrenheit shall only be allowed in the IT Industrial-Transportation Zone District.
   h. Ventilation, by-product and waste disposal, and water management (supply and disposal) for the facility will not produce contamination of air, water, or soil; or reduce the expected life of the building due to heat and mold; or create other hazards that may negatively impact the structure and/or surrounding properties.
   i. Air contaminants must be controlled and eliminated by the following methods:
      i. The building must be equipped with an activated air scrubbing and carbon filtration system that eliminates all air contaminants prior to leaving the building. Fan(s) must be sized for cubic feet per minute (CFM) equivalent to the volume of the building (length multiplied by width multiplied by height) divided by three (3). The filter(s) shall be rated for the applicable CFM.
      ii. Air scrubbing and filtration system must be maintained in working order and must be in use at all times. Filters must be changed per manufacturers' recommendation to ensure optimal performance.
      iii. Negative air pressure must be maintained inside the building.
      iv. Doors and windows must remain closed, except for the minimum time length needed to allow people to ingress or egress the building.

v. An Administrative Departure may be granted for an alternative odor control system, in accordance with the Michigan Mechanical Code, if a mechanical engineer licensed in the State of Michigan submits a report that sufficiently demonstrates the alternative system will be equal to or better than the air scrubbing and carbon filtration system otherwise required.

vi. For purposes of this section, "air contaminants" means stationary local sources producing air-borne particulates, heat, odors, fumes, spray, vapors, smoke or gases in such quantities as to be irritating or injurious to health.

I. *Annual fee.* A licensee must pay a registration fee of five thousand dollars ($5,000.00), for each license used within the City to help defray administrative, compliance monitoring and enforcement costs. The holder of stacked or co-located licenses must pay a separate fee in the amount of five thousand dollars ($5,000.00) for each license. The initial annual registration fee(s) must be paid when the application for City approval is submitted. In each subsequent year, registration fees are due on the date of the City license approval. Fees assessed for marihuana land use approvals or licensing in addition to, not in lieu of, any licensing, land use or other permitting requirements of any law, state regulatory agency, or by City ordinance.

J. *Violations.*

1. A marihuana facility shall not be granted a state operating license until the findings and approvals of this Section are completed.

2. Civil infraction. It is unlawful to disobey, neglect, or refuse to comply with any provision of this Chapter. A violation is a municipal civil infraction. Each day the violation continues shall be a separate offense. Notwithstanding any other provision of this ordinance to the contrary, violators shall be subject to fines as determined by the City Commission.

3. Failure to comply with the requirements of this Section shall be considered a violation and may jeopardize the Director or Special Land Use approval and/or license.

4. Consumption. It shall be a violation of this Chapter for smoking, inhalation, or other consumption of marihuana, or for a person to knowingly allow this behavior to take place on or within the premises of any facility. All of the following will give rise to the rebuttable presumption that a person allowed the consumption of marihuana on or within the premises:

   a. The person had control over the premises or the portion of the premises where the marihuana was consumed;

   b. The person knew or reasonably should have known that the marihuana was consumed; and

   c. The person failed to take corrective action.

K. *Loss of State Operating License.* If at any time an authorized facility violates this Chapter or any other applicable City ordinance, the City Commission may request that LARA revoke or refrain from renewing the facility's state operating license.

1. *Revocation of Special Land Use approval.* Any approval granted for a facility may be revoked or suspended for any of the following reasons:

   a. Revocation or suspension of the licensee's authorization to operate by LARA.

   b. A finding by LARA that a rule or regulation has been violated by the licensee. After an automatic revocation of a Special Land Use approval, a new Special Land Use application shall be required for a facility to commence operation at the same location.

2. *Failure to obtain state license.* In addition to the requirements stated in Section 5.12.09.H.(2) or 5.12.16.B.(6), whichever is applicable, if the applicant fails to obtain the necessary license from LARA within the one (1) year approval period or any extension, the Director or Special Land Use approval shall expire.

3. *Cessation of operations.* Cessation of operations for one (1) year, including failure to maintain state licenses necessary to engage in the approved land use is cause for revocation of the Director or Special Land Use approval.

L. *Rights.* The operation of a licensed marihuana facility is a revocable privilege and not a right, in conformance with applicable state law. Nothing in this Chapter is to be construed to grant a property right for an individual or business entity to engage in the use, distribution, cultivation, production, possession, transportation or sale of marihuana as a commercial enterprise. Any individual or business entity which purports to have engaged in these activities either prior to or after the enactment of this amendment without obtaining the required authorization is deemed to be an illegally established use and is not entitled to nonconforming use status. Nothing in this Chapter may be held or construed to grant a vested right, license, permit or privilege to continued operations within the City.

M. *State Law.* Nothing in this Chapter shall be construed in such a manner as to conflict with the MMMA, MMFLA, MRTMA, or other applicable state marihuana law or rules.

N. *Federal Law.*

1. Nothing in this Chapter, or in any companion regulatory provision adopted in any other provision of this Code, is intended to grant, nor shall they be construed as granting, immunity from criminal prosecution for growing, sale, consumption, use, distribution, or possession of marihuana not in strict compliance with that Act and the General Rules.

2. Also, since Federal law is not affected by that Act or the General Rules, nothing in this Chapter, or in any companion regulatory provision adopted in any other provision of this Code, is intended to grant, nor shall they be construed as granting, immunity from criminal prosecution under Federal law. The Michigan Acts do not protect users, caregivers or the owners of properties on which the use of marihuana is occurring from Federal prosecution, or from having their property seized by Federal authorities under the Federal Controlled Substances Act.

O. *Receipt of Applications.* The Planning Department shall accept complete applications for any recreational marihuana land use that requires a license from LARA in the administration of MRTMA beginning on October 20, 2020. Applications for medical-only marihuana land uses shall be accepted on a continuous basis.
(Ord. No. 2018-45, § 8, 7-24-18; Ord. No. 2018-70, § 4, 12-18-18; Ord. No. 2020-21, § 9, 7-7-20; Ord. No. 2020-43, §§ 1—4, 9-29-20)

Sec. 5.9.20. Multiple-Family Dwellings.

A. *Applicability.* The following requirements apply to multiple-family dwellings, not including attached single-family dwellings, within any Residential Zone District, unless otherwise noted.

B. *Location.*

1. Multiple-family dwellings shall not be located on a Neighborhood Residential Street as defined in the City's Street Classification Policy. The Planning Commission may waive this restriction for redevelopment projects.

2. In the TN-LDR Zone District, a multiple-family development of six (6) or fewer units is a permitted use when located on a Link Residential or Network Residential Street.

C. *Open Space.*

1. *Minimum Required Greenspace or Urban Open Space.*

   a. In the MCN and MON district, every residential unit shall have a minimum of sixty-five (65) square feet of greenspace or urban open space and the required open space must be provided on the same lot as the dwelling unit(s) it serves.

   b. The open space area shall be substantially covered with grass, ground cover, shrubs, plants, trees or usable outdoor space open features, such as walkways or patios.

   c. The open space area shall not be less than twelve (12) feet in any dimension.

   d. The open space area must be usable, and cannot be occupied by mechanical equipment, dumpsters or service areas.

2. *Required Rear Yard.* In the MCN and MON districts, the required rear yard open space shall be within the rear yard, at ground level or, if on a terrace or patio, within four (4) feet of ground level. Where structures are in the rear yard setback and do not exceed six (6) feet in height, required open space may be provided directly above the structures.

D. *Driveways and Parking.* No driveways or off-street parking spaces (open or enclosed) shall be within the required rear yard space. Bollards, curbs, wheel stops or other similar features shall be provided to ensure that required rear yard open space is not used for off-street parking, loading or vehicle circulation.
(Ord. No. 2024-20, § 16, 4-23-24)

Sec. 5.9.21. Mineral Extraction.

A. *Exemptions.* The following shall be exempt from the requirements of this Section:

1. The usual and customary balancing of land by cutting and filling on a site in preparation for an approved development project provided that the removal does not exceed two hundred (200) cubic yards.

2. Excavation associated with public streets, sewer or water lines, public utilities, and other similar uses.

3. Any mineral extraction operation that was in existence and otherwise lawfully operated prior to the effective date of this Chapter.

B. *Site Requirements.*

1. Machinery, Building, Mining and Stockpile Setbacks. All machinery, equipment, buildings, structures and activities shall meet the following minimum setbacks. Where more than one (1) setback requirement in this subsection is applicable, the greater setback distance shall apply.

   a. Fifty (50) feet from any lot line;

   b. One hundred (100) feet from a Residential Zone District; and

   c. Three hundred (300) feet from any stream, water body or wetland.

2. *Nuisance or Hazard.* Any noise, odors, smoke, fumes, or dust generated on the site by any digging, excavating, loading or processing operation and borne, or apt to be borne by the wind, shall be confined to prevent a nuisance or hazard on adjacent properties or public streets.

3. *Landscaping.* Berms and landscaping shall be installed at all locations around the site that lack natural screening in accordance with the requirements of Section 5.11.12.

4. The following information shall be provided in addition to information required for a Special Land Use submittal.
    a. A tree inventory on a site map showing the location of all trees eighteen (18) inches in diameter or larger in the area(s) affected by mining shown by numbered dots, with an accompanying database table of corresponding species, caliper size listings, and condition.
    b. A site inventory that contains the identification of all water bodies, wetlands, woodlands, flora, floodplains, floodways, hydric soils, groundwater recharge areas, water table levels and flows, in addition to a written description of the quality, character, and health of the natural features.
    c. Division of the site into a series of cells that illustrate the sequence of the proposed extraction activities and estimated dates for activities.
    d. Reclamation Plan as described in C, below.
    e. Supporting Documentation as described in D, below.

C. *Required Reclamation Plan.* A plan shall be submitted showing how the entire property shall be returned to a developable site for uses that are permitted in the Zone District. The reclamation plan shall include the following:

1. Grading information showing proposed topography at contour intervals of not less than two (2) feet.
2. Schedule of progressive rehabilitation and the proposed date for completing all extraction operations and handling of all spoils and extraneous materials.
3. Concept plan(s) for the proposed end use of the site when restored, drawn to scale, and prepared by a professional engineer, licensed architect, or licensed landscape architect. The concept plan shall include:
    a. The proposed circulation system, including the location of internal roads and connection to the external road network;

b. Delineation of drainage patterns, identification of lakes, floodplains, water bodies, wetlands; and

c. Lot layout and other development information.

D. *Supporting Documentation.*

1. *Haul Route Map.* An area map delineating the haul route to be used for the proposed operation shall be submitted. Haul routes shall not pass through residential areas, except on Regional or Major Streets, and shall be approved by the City's Traffic Engineering Department.

2. *Noise Control Plan.* A study and report prepared by a qualified professional which estimates the noise levels at the lot lines containing the extraction operation and at successive stages of the operation shall be submitted. This plan shall contain mitigation measures to be implemented when noise levels exceed acceptable standards.

3. *Soil Erosion Plan.* A dust and mud control plan shall be included as part of the submittal to the City's Environmental Protection Services Department.

4. *Impact Mitigation Plan.* A plan to mitigate effects resulting from mineral extraction, and the method by which complaints about any aspect of the facility operation or off-site transportation are to be received and resolved shall be submitted. This plan shall set forth the procedures to address complaints regarding adverse effects, such as noise, fugitive dust, ground water changes, wetland loss or other potential effects.

E. *Operation Requirements.*

1. *Hours of Operation.* The Planning Commission shall set the appropriate days and times for extraction and transportation operations based on the potential effects on surrounding properties, traffic conditions on affected roadways, and other similar factors.

2. *Hazardous Materials.* All fuels, chemicals and other hazardous materials to be located on-site shall be noted in the application, including material, quantity, use, and method of primary and secondary containment.

3. *Equipment Storage.* Only equipment or vehicles owned or leased by the operator shall be stored on the site overnight.

4. *Ingress and Egress Roads.* Entrance roads used from any adjacent street shall be hard surfaced with a concrete or bituminous substance for at least one hundred fifty (150) feet from the entrance to the site.

5. *Outside Materials.* No material from outside the site shall be brought in for processing or storage.

6. *Reclamation.*

a. After mining is completed on one specified area, quadrant, or cell, reclamation shall follow progressively in reasonable stages set forth in the plan before mining continues on other areas of the site. Extraction areas which are inactive or expected to be inactive for over one (1) year shall be stabilized and slopes reduced to one (1) vertical foot to four (4) horizontal feet.

b. All rehabilitation activity shall be in compliance with soil erosion and sedimentation requirements of the City, as well as state and federal governments. Ground cover and other plantings to stabilize the soil surface and to beautify the restored area, as well as to protect from erosion and siltation, shall be provided. All seeding and planting materials shall be of native stock or plantings approved by the Director.

c. Reclamation of the entire site shall be completed within nine (9) months of cessation of all mining operations. All plant structures, buildings, stockpiles and equipment shall be removed within the time limit; provided, however, that structures that have a function under the reclamation plan and can be lawfully used under the requirements of the Zone District may be retained.

Sec. 5.9.22. Outdoor Activities (Excluding Vehicle Sale/Lease or Rental).

A. *Principal Use Required.* Outdoor activities shall be accessory to the principal use in the Mixed-Use Commercial Zone Districts.

B. *Parking Lot.* The area used by outdoor activities shall not occupy required vehicle or bicycle parking spaces.

C. *Pedestrian Space.* A minimum pedestrian clear space of five (5) feet is required along all public walkways in accordance with Section 5.10.08. Pedestrian Access and Circulation.

D. *Clear Vision.* Outdoor activities areas shall be outside of clear vision areas.

E. *Encroachment Permit.* An encroachment permit shall be obtained from the City if an outdoor activity area is in the public right-of-way or on public property.

F. *Required Materials.* A site plan and related materials shall be submitted that includes:

1. The location and dimensions of the outdoor activities;
2. Site dimensions and setback distances of all buildings or other planned structures or display areas;
3. Existing public improvements, such as fire hydrants, bus shelters, trees and tree grates and parking meters; and
4. Photographs of the area.

G. *Outdoor Displays.*

1. Items or products shall be displayed no farther than fifteen (15) feet from the commercial building or structure.
2. Items or products shall not be displayed during non-business hours, except in a designated display case.
3. Display areas that abut a Residential Zone District along a side or rear lot line shall be effectively screened from view of the Residential Zone District by a six (6) feet high solid wall or fence, or dense vegetative screen.

H. *Food Preparation and Cooking.* Special Land Use approval is required for outdoor food preparation and cooking, subject to the following requirements.

1. Food preparation shall be directly related to the principal use on the same lot.
2. All equipment shall be on private property.
3. Cooking apparatus must be separated from areas of pedestrian movement.
4. Smoke emissions shall not impair pedestrian or vehicular sight distances or serve as a distraction at street intersections.
5. An Administrative Departure may be granted provided that there are no residential uses located within two hundred (200) feet of the property.

Sec. 5.9.23. Outdoor Recreation Fields.

A. *Loading Areas.* Loading areas shall be shown on the site plan and designed to avoid pedestrian/vehicular conflicts or unnecessary vehicle movements in the public right-of-way.

B. *Alcohol Sales and Entertainment.* The requirements of Section 5.9.05. Alcohol Sales and Consumption and Section 5.9.12. Live Entertainment shall also apply if planned on the premises.

C. *Outdoor Lighting.* Outdoor lighting shall be designed specifically for playfields. Pole height shall be no taller than sixty (60) feet unless evidence is provided by the applicant that a greater height is necessary to manage spillover light from occurring on abutting properties.

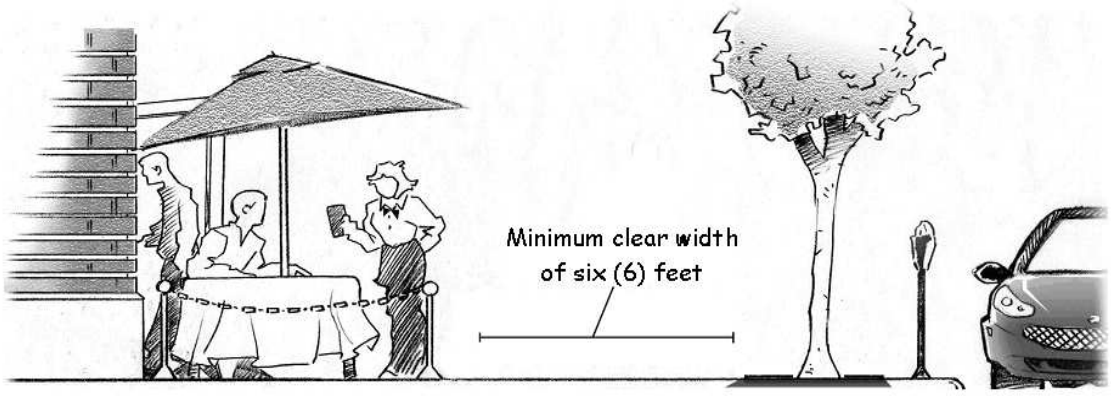
D. *Noise Control.* Any use of loud speakers or other sound amplification, including hours of operation, frequency, duration and level shall receive specific approval by the Planning Commission during its review of the project request.

Sec. 5.9.24. Outdoor Seating Areas.

A. *Accessory Use.* Outdoor seating areas shall be permitted as an accessory use to a principal use such as a restaurant, café or similar establishment.

B. *Application Materials.* A site plan shall be submitted that includes the location and dimensions of the outdoor seating area; proposed type and location of fencing or other separation barriers; proposed dimensioned layout of tables and seating; dimensions of the building; and existing public improvements, such as fire hydrants, bus shelters, trees and tree grates and parking meters. Photographs of the area and specification for proposed outdoor barriers and furniture shall be included.

C. *Pedestrian Space.* A minimum pedestrian clear width of six (6) feet is required along all public walkways at all times, unless waived in accordance with Section 5.10.08.C.2.



5.9.24.C. Pedestrian Space.

D. *Trash Receptacles.* Trash receptacles related to outdoor seating areas shall be provided outside of the public right-of-way during non-business hours.

E. *Dining Areas.* Outdoor dining areas shall be designed so as to be architecturally compatible with existing structures on the subject property.

F. *Canopy Enclosures.* To extend the seasonal use of outdoor dining areas, side walls may be affixed to a canopy extending over the dining area when all of the following requirements are met:

1. The outdoor dining area is located completely on private property and shall not encroach into the City's right-of-way.
2. The use of canopy side walls shall be permitted between September 15 and May 15.
3. Canopy side walls shall be constructed using a base fabric that is 100% acrylic and at least 9.25 ounces per square yard or heavier.
4. Where existing building windows face an outdoor dining area, the canopy side wall shall have an area of clear vinyl located on the same elevation that is equal to the building window being covered by the side wall. In no case shall a canopy side wall facing a public street have less than fifty (50) percent clear vinyl.
5. Side wall window openings shall be made of clear plexiglass or isinglass material of thirty (30) pounds and fabric-welded to the side wall.
6. All side wall frames shall have a powder coated finish and be constructed of a minimum 1"×1" tubular aluminum with a gauge of 8 (0.125 inches) or thicker.
7. Except as required by the building code, signage is not permitted on the exterior canopy side wall.
8. All Building and Fire codes and other local or State Codes and ordinances shall be met.

G. *Hours of Operation.* Outdoor seating shall cease operation by 10:00 p.m. Sunday through Thursday and 11:00 p.m. on Friday and Saturday, unless otherwise approved by the Planning Commission as a Special Land Use.

H. *Approval Process for Outdoor Seating Areas.*

Table 5.9.24.G. Approval Process for Outdoor Seating Areas

Location			Process	Use or Other Regulations
Within public ROW or on public property			Encroachment Permit	5.9.05.
Private property	Front yard		Counter Review	
	Rooftop; or side or rear yard	Not located within 300' of a residential use	Director Review	
		Located within 300' of a residential use	Special Land Use	

I. *Administrative Departure.* An Administrative Departure may be granted in lieu of a Special Land Use for outdoor seating areas dedicated for office or residential uses not available to the general public where in the opinion of the Director, the location would not adversely affect adjacent properties or substantially alter the character of the neighborhood.
(Ord. No. 2019-30, § 2, 7-23-19)

Sec. 5.9.25. Overhead Walkways or Other Connections.

A. Connections between structures that pass over a public street shall be approved by the City Commission, after a recommendation from the Planning Commission.

B. In evaluating a request for a connection, the Planning Commission and City Commission shall evaluate the relationship of the proposed connection to the street, its effect on street level activities and views, and the following requirements.

1. *Clear Glass.* The use of clear glass on the sides of an overhead connection is required and the use of darkened glass is prohibited. The requirements of Section 5.2.14. Building Transparency shall apply.
2. *Exterior Requirements.* The exterior of all overhead connections shall be level. Any sloping or ramped surface between levels shall be accommodated within the bridge structure itself. The exterior height of an overhead connection is limited to that which is height reasonably necessary to provide one (1) level plus any needed slope. No multi-level connections are permitted.
3. *Clear Span.* Overhead connections shall be designed and constructed to provide a clear span across streets, sidewalks and other public rights-of-way.
4. *Minimum Clearance.* There shall be a minimum clearance of sixteen (16) feet below any overhead walkway or connection above a public street or fire lane.

Sec. 5.9.26. Parking Structures.

A. *Design Requirements.* All design requirements of Table 5.6.08.A. Building Elements shall apply.

B. *Ground Level Active Use.*

1. An active use is required at the ground level of the parking facility where the lot abuts a public street. Space for the active use shall occupy a minimum width of seventy-five (75) percent of the structure frontage on at least one (1) primary public street. The Director shall determine the street to which this provision shall apply.

2. For parking structures occupying a corner lot, the required active space on the primary public street shall occupy at least one (1) corner. Active uses shall also turn the corner and occupy at least an additional twenty-five (25) percent of the structure façade along the additional public street frontage.

3. Space for the active uses shall have a minimum depth of thirty (30) feet. Active use areas shall not be used for storage or utility/service space.

Sec. 5.9.27. Recycling Collection Stations.

A. *Materials.* Materials collected at recycling collection points shall be limited to aluminum, copper, plastic, glass, paper materials, and batteries.

B. *Maintenance.* Recycling collection points shall be well maintained and orderly in appearance, such as bins with uniform color, size and shape. The areas immediately surrounding recycling sites shall be kept clean, in good repair and free of materials, rubbish or debris. The exterior of outside collection containers shall remain free of graffiti, chipped or peeling paint, or other signs of abandonment or neglect.

C. *Containers.* Collection containers shall be at least twenty (20) feet from any lot line adjacent to a residential use or Residential Zone District.

D. *Outside Storage.* If stored outside, recyclable materials shall be within weather-tight containers no higher than eight (8) feet.

E. *Screening.* Collection containers and recycling locations shall be screened from external view and may include solid fencing, a vegetative screen or combination thereof, as approved by the Director.

F. *Processing Equipment.* Processing equipment, including crushers and sorting equipment shall not be part of an outside collection operation.

G. *Parking.* A minimum of five (5) parking spaces per recycling collection point or one (1) parking space for each receptacle, whichever is greater, shall be required.

Sec. 5.9.28. Regulated Uses.

A. *Purpose.*

1. In the development and execution of this Section, it is recognized that there are some uses which, because of their very nature, have serious objectionable operational characteristics, particularly when several uses are concentrated under certain circumstances or when one (1) or more are near a Residential Zone District, thereby having a deleterious effect upon the adjacent areas. Special regulation of these uses as itemized in this Article is necessary to ensure that these adverse effects shall not contribute to the blighting or downgrading of the surrounding neighborhood. These controls are for the purpose of preventing a concentration of these uses within any one (1) area, or to prevent deterioration or blighting of a nearby residential neighborhood. These controls do not legitimatize activities, which are prohibited in other Chapters of the City Code.

2. In regulating sexually oriented businesses, it is the purpose of this Section to promote the health, safety, and general welfare of the citizens of the City, and to establish reasonable and uniform regulations to prevent the deleterious secondary effects of sexually oriented businesses. The provisions of this Chapter have neither the purpose nor effect of imposing a limitation or restriction on the content or reasonable access to any communicative materials, including sexually oriented materials. Similarly, it is neither the intent nor effect of this Chapter to restrict or deny access by adults to sexually oriented materials protected by the

First Amendment of the U.S. Constitution, or to deny access by the distributors and exhibitors of sexually oriented entertainment to their intended market. Neither is it the intent nor effect of this Chapter to condone or legitimize the distribution of obscene material.

3. Based on evidence of the adverse secondary effects of adult uses presented in hearings and in reports, and on findings incorporated in the following documents made available to the City Commission, the City Commission finds that sexually oriented businesses as a category of establishments are correlated with harmful secondary effects, and that the reports documented below are reasonably believed to be relevant to the problems that Grand Rapids is seeking to abate and prevent in the future.

   b. Testimony and Reports. Testimony to Congress in 136 Cong. Rec. S 8987; 135 Cong. Rec. S. 14519; 135 Cong. Rec. S 5636; 134 Cong. Rec. E 3750; and reports of secondary effects occurring in and around sexually oriented businesses, including, but not limited to, Phoenix, Arizona - 1979; Minneapolis, Minnesota-1980; Houston, Texas - 1997; Amarillo, Texas; Garden Grove, California - 1991; Los Angeles, California - 1977; Whittier, California - 1978; Austin, Texas - 1986; Seattle, Washington - 1989; Oklahoma City, Oklahoma - 1986; Cleveland, Ohio - and Dallas, Texas - 1997; St. Croix County, Wisconsin - 1993; Bellevue, Washington, - 1998; Newport News, Virginia - 1996; New York Times Square study - 1994; Phoenix, Arizona - 1995-98; and also on findings from the paper entitled "Stripclubs According to Strippers: Exposing Workplace Sexual Violence," by Kelly Holsopple, Program Director, Freedom and Justice Center for Prostitution Resources, Minneapolis, Minnesota, and from "Sexually Oriented Businesses: An Insider's View," by David Sherman, presented to the Michigan House Committee on Ethics and Constitutional Law, Jan. 12, 2000, and the Report of the Attorney General's Working Group On The Regulation Of Sexually Oriented Businesses, (June 6, 1989, State of Minnesota), the City Commission finds that sexually oriented businesses as a category of establishments are

correlated with harmful secondary effects, and that the foregoing reports are reasonably believed to be relevant to the problems that Grand Rapids is seeking to abate and prevent in the future.

B. *Uses Subject to Control.* Uses subject to these controls are as follows:

1. Adult book stores, adult novelty stores, or adult video stores;

2. Adult cabarets;

3. Adult motion picture theaters;

4. Nude or semi-nude model studios; and

5. Sexually oriented businesses.

C. *Definitions.* Certain terms as used in this Section are defined under Regulated Uses in Section 5.16.02, R.

D. *Permitted Uses.* The Regulated Uses listed in Section 5.9.28.B. are permitted if:

1. The use is within a Zone District where the use is specifically permitted;

2. The use is more than five hundred (500) feet from any Residential Zone District, measured to the nearest lot line of the proposed use; and

3. The use is not within one thousand (1,000) feet of one (1) other Regulated Use, measured from the nearest lot line to the nearest lot line on a straight-line basis.

E. *Variance for Proximity to Residential or Other Regulated Use.*

1. If the proposed use is within five hundred (500) feet of a Residential Zone District, or within one thousand (1,000) feet of any other Regulated Use, the Board of Zoning Appeals may grant a variance for the distance restricts pursuant to the standards provided in Section 5.13.04.B. and pursuant to the procedures in 2., below.

2. A public hearing held in accordance with the requirements of the Zoning Act, except that notice shall be served on all owners and occupants of all property within five hundred (500) feet of the proposed use at least thirty (30) days prior to the Board of Zoning Appeals hearing on the matter.

3. Limit on Reapplication. No application which has been denied wholly or in part shall be resubmitted for a period of one (1) year from the date of said denial, except on the grounds of new evidence found valid by the Board of Zoning Appeals.

F. *Expansion and Discontinuance of Use.*

1. Establishments where uses are subject to the distance requirements of this Section shall not be expanded in any manner without first applying for and receiving a variance from the Board of Zoning Appeals as provided in E., above. Further, if a use subject to the distance requirements of this Section is discontinued for more than thirty (30) days, the use may not be reestablished without applying for and receiving the approval of the Board of Zoning Appeals as provided in E., above.

2. Nothing in this Section shall prevent the reconstruction, repairing, or rebuilding and continued use of any building or structure the uses of which make it subject to the controls of this Section which is damaged by fire, collapse, explosion or act of God.

Sec. 5.9.29. Residential Rehabilitation Facilities.

Any residential rehabilitation facility having thirteen (13) to twenty (20) adults shall be at least one thousand five hundred (1,500) feet from any other residential rehabilitation facility, transitional or emergency shelter, single room occupancy dwelling, or small or large adult foster care facility. The facility shall comply with all State of Michigan requirements, as applicable.

Sec. 5.9.30. Rooming and Boarding Houses.

A. There shall be not more than four (4) rooms occupied by tenants, provided that the Planning Commission may permit additional rooms on lots exceeding ten thousand (10,000) square feet as determined by the Planning Commission considering the following conditions.

1. Parking meeting the requirements of Article 10 and parking lot landscaping meeting the requirements of Sections 5.11.11 and 5.11.12 shall be provided.
2. The Planning Commission shall consider the presence of other similar uses in the immediate vicinity to determine if permitting additional rooms would have the effect of adversely affecting the character of the area.

B. Occupancy by tenants shall generally be for expected durations longer than one (1) week.

C. Independent Cooking. Individual rooms shall not contain independent cooking facilities. This requirement shall not prohibit the serving of meals to tenants or the use of a single kitchen by tenants.

D. No more than one (1) individual shall occupy a room.

E. Owner Occupied. Rooming and boarding houses shall be owner occupied and serve as the principal residence of the owner.

Sec. 5.9.31. Self-Storage Facilities.

A. Minimum site area shall be a minimum of three (3) acres.

B. The facility shall front on and have direct ingress and egress from a Regional or Major Street, or through a shared access drive off that street.

C. All buildings shall be set back at least twenty-five (25) feet from any lot line.

D. Landscape Requirements. The front yard shall be covered with grass or other ground cover or plant material, and with hedges and trees planted in a manner that effectively screens the facility from public view. In addition, any yard which is adjacent to a Residential Zone District shall have a landscape buffer per Section 5.11.12., provided the buffer is at least twenty (20) feet wide.

E. The perimeter of the entire site shall be secured by a six (6) foot ornamental fence or solid wall.

F. No storage of combustible or flammable liquids or fibers, or explosive or toxic materials shall be permitted.

G. Outdoor Storage of Vehicles. Outdoor storage of motor vehicles, recreational vehicles, trailers, campers, boats, and other items of value shall be separately approved as a Special Land Use.

H. One (1) dwelling unit for on-site manager may be provided.

I. There shall be no commercial enterprise or activity on the premises, other than the self-storage units and a related rental office.

J. TN-CC and TN-TCC Zone Districts.

1. All self-storage activities shall be contained within a single building and conducted exclusively indoors. Individual storage units may be accessed from inside the building only.
2. The lot area and setback regulations of Article 6 and landscaping regulation of Article 11 shall apply.
3. The requirement for a location on a Regional or Major Street may be waived by the Planning Commission if the facility will occupy an existing building and is otherwise found to be an appropriate location meeting the Special Land Use review standards.

Sec. 5.9.32. Single Room Occupancy (SRO).

A. *Separation Requirement.* Any SRO having thirteen (13) or more units shall be at least one thousand five hundred (1,500) feet from any other SRO, residential rehabilitation facility, transitional or emergency shelter, or small or large adult foster care facility.

B. *Continuous Tenancy.* At least ninety (90) percent of the SRO units shall be occupied by the same tenants for a continuous period of at least ninety (90) days.

C. *Size Limitation.* An SRO unit shall be limited to one (1) habitable room of three hundred (300) square feet or less, exclusive of up to seventy (70) square feet of floor area devoted to kitchen use.

D. *Good Neighbor Plan.* When a Special Land Use is required, a Good Neighbor Plan shall be submitted in accordance with the requirements of Section 5.12.06.D.
(Ord. No. 2024-20, § 17, 4-23-24)

Sec. 5.9.33. Social or Service Clubs; Motorcycle Clubs.

A. *Office Space.* Up to twenty-five (25) percent the gross floor area of the building or two-thousand (2,000) square feet, whichever is greater, may be used for office space.

B. *Management of Club.* The affairs and management of such social or service club shall be conducted by a board of directors, executive committee, or similar body chosen by the members at their annual meeting.

C. *Alcoholic Beverages.* The sale or consumption of beer, wine or other alcoholic beverages to members and their guests must comply with Section 5.9.05. This activity shall be secondary and incidental to the promotion of some other objective of the organization, and further provided that the sale of alcoholic beverages shall comply with all applicable federal, state and municipal laws, rules, regulations, orders, permits and licenses.

D. *Motorcycle Club Review Standards.* These review standards shall be used by the Planning Commission in its consideration of request for a motorcycle club, which by its nature, may adversely affect surrounding property owners if improperly located. The applicant shall also provide a written statement that responds to the following:

1. Given the character, location, development trends and other aspects of the neighborhood in which the proposed club is requested, it is demonstrated that the neighborhood is underserved by such a use and that the addition or change in use will demonstrably be an asset to the neighborhood.
2. The use or change in use as constructed and operated by the applicant is compatible with the neighborhood in which it will be located.

3. Adjacent or nearby parks (e.g., public parks or recreation centers), playgrounds (e.g., public or private), religious institutions, or schools will not be adversely affected.
4. The use or change in use will not have any, or minimal, negative secondary effects on the neighborhood. Negative secondary effects can include the following impacts:
   a. Vehicular and pedestrian traffic, particularly during late night or early morning hours that might disturb area residents.
   b. Noise, odors, or lights that emanate beyond the site's boundaries onto property in the area on which there are residential dwellings.
   c. Excessive numbers of persons gathering outside the establishment.
   d. Peak hours of use that add to congestion or other negative effects in the neighborhood.
   e. Fighting, brawling, outside urination or other behavior that can accompany intoxication.

Sec. 5.9.34. Social Service Facilities.

Office Uses. In Residential Zone Districts, up to twenty-five (25) percent of the gross floor area of the building or two thousand (2,000) square feet, whichever is greater, may be used for office space.

Sec. 5.9.35. Temporary Structures and Uses.

A. *Purpose, Applicability, Applications, Permits.*

1. This Section allows for the establishment of certain temporary uses or special events of limited duration, provided that the uses comply with the requirements of this Section and are discontinued upon the expiration of an approved time period. Any extension of the time period shall only be granted upon a finding that the need for the extension is due to circumstances beyond the immediate control of the applicant and applied for in writing prior to the expiration of the temporary use permit.
2. *Application.* The Director may issue a permit for temporary structures and uses based upon receipt of a permit fee as applicable and a complete application, including:
   a. A site plan, showing building locations, use areas, assigned parking areas and other relevant information;
   b. A written statement demonstrating compliance with the requirements of this Section;
   c. Written permission of the owner(s) for the activity on that property; and
   d. Any materials required by this Section for specific uses, structures, activities, and events.
3. *Permits.*
   a. Encroachment Permit. Any structures or activities planning to use public rights-of-way shall require an encroachment permit from the City's Engineering Department.
   b. The temporary structures and uses permit shall be in addition to other licenses, permits or approvals otherwise required by any governmental entity.
   c. A building permit shall be required where the temporary use includes a tent exceeding two hundred (200) square feet.
   d. Permit and inspection fees shall be set by resolution of the City Commission.
4. *Conditions of Approval.* The Director may attach conditions to the permit that would minimize disturbance to and compatibility with the area and surrounding land uses, and/or protect the public health, safety and welfare.

5. *Performance Guarantee.* The Director may require a performance guarantee meeting the requirements of Section 5.14.04 to insure compliance with this Chapter and all other applicable City ordinances, standards, rules and regulations.

6. Table 5.9.35.A shall also be used to govern the requirements for temporary structures and uses.

Table 5.9.35.A. Temporary Structures and Uses

Structure or Use	Section	Duration	Permit Required
Construction-related temporary structures	5.9.35.C.	1 year	Building and Temporary Use Permits
Temporary housing	5.9.35.D.	3 months	Building and Temporary Use Permits
Temporary storage in a portable commercial shipping container	5.9.35.E.	30 days per calendar year	None
Temporary portable residential storage containers		30 days, 3 times in 12 months	None
Temporary structures (as part of an institutional use)	5.9.35.F.	2 years	Building and Temporary Use Permit
Grand openings, parking lot sales, sidewalk sales and clearance sales	5.9.35.G.	14 days, 2 times in 12 months	Temporary Use Permit
Assembly and fundraising activities	5.9.35.H.	4 days, 4 times in 12 months	Temporary Use Permit
Outdoor seasonal sales	5.9.35.I.	45 days, 2 times in 12 months	Temporary Use Permit
Farmer's markets		See 5.9.35.I.2.	
Temporary surface parking lots	5.9.35.K.	2 years	Temporary Use Permit
Garage sales	5.9.35.L.	3 days, 2 times in 12 months	None

B. *General Requirements.*

1. *Public Rights-of-Way or Property.* Temporary uses, structures or special events that occur in the public right-of-way or other public land shall be governed by applicable City policies.

2. *Private Property.* Temporary uses, structures or special events on private property shall:

   a. Not conflict with the activities related to the principal uses taking place on the site;

   b. Not be detrimental to property or improvements in the surrounding area;

   c. Not have substantial adverse effects or noise effects on nearby residential neighborhoods or to the public health, safety, or general welfare;

   d. Not include permanent alterations to a structure or the site;

   e. Comply with any applicable conditions of any prior zoning approvals that apply to a site or use on the site;

   f. Not interfere with the normal operations of any permanent use on the property;

g. Contain sufficient land area to allow the temporary use, structure, or special event to occur, as well as adequate land to accommodate the parking and traffic movement associated with the temporary use; and

h. Except as provided in Section 5.9.35.J., not permit transient merchant activities or temporary seasonal retail sales on a vacant lot.

3. Temporary structures, uses and special events shall not involve the construction or alteration of any permanent building or structure.

4. *Temporary Structures.* All temporary structures including, but not limited to, greenhouses, trailers, mobile homes, etc., shall conform to the Zone District setback requirements, unless otherwise specified in the approval.

5. Permitted signs are regulated by Article 15 Signs.

6. *Sanitary Facilities.* Sanitary facilities, either portable or permanent, shall be made available to all employees, attendants and participants during hours of operation. If portable, they shall be maintained to minimize odors and to remain fully functional.

7. *Parking.* The number of parking spaces required for the temporary use or building shall be determined by the Director. Required parking spaces for a permanent use or building on the proposed site shall be considered in the parking calculation. No required parking spaces may be occupied by any activity related to the temporary use.

8. *Clean Up and Restoration.* All sites shall be completely cleaned of debris and temporary structures or equipment within five (5) days of the termination of the temporary use, including, but not limited to: trash receptacles, signs, stands, poles, electrical wiring or any other fixtures and appurtenances or equipment connected therewith. The applicant shall restore the site to its original condition or better, unless the area is intended for new construction within a reasonable time following the temporary event.

C. *Construction-Related Temporary Structures.*

1. The following temporary construction-related buildings and uses are permitted, subject to the following requirements.

a. *Construction Trailer or Construction Yard.* The construction trailer or construction yard shall be incidental and necessary to construction at the site. Any structures or area shall be removed within thirty (30) days after a Final Occupancy permit has been issued, regardless of any time remaining on the building permit.

b. *Temporary Sale Office or Model Home.* The temporary sales office or model home shall be incidental to and necessary for, and directly related to, the sale or rental of real property in a new subdivision or housing project. The temporary office or model home shall be removed when fifty (50) percent of the lots or units have been sold or leased, regardless of any time remaining on the permit or extension of the permit.

2. Permits for the same location and for the same purpose may be renewed by the Director for one (1) successive period of up to twelve (12) calendar months beyond what is permitted in Table 5.9.35.A.

D. *Temporary Housing.*

1. Temporary housing, in the form of a manufactured house, may be placed upon a site previously occupied by a detached single-family or two-family dwelling for the purposes of housing the intended occupants of a new dwelling, subject to the following requirements:

2. *Construction.* The former dwelling has been destroyed or otherwise rendered uninhabitable for a minimum of thirty (30) days, and a dwelling has been approved by the City for either reconstruction or replacement.

3. *Building and Housing Codes.* The type and condition of the temporary housing is permitted under applicable building or housing code requirements.

4. *Location.* The temporary housing is located in the rear yard. An Administrative Departure may be permitted for other locations where there is no feasible location in the rear yard provided that adjacent properties are not adversely affected.

5. *Extension Request.* One (1) time extension for an additional three (3) months may be permitted if requested at least thirty (30) days prior to the expiration of the temporary use permit.

E. *Temporary Storage.* Temporary storage containers shall be permitted to serve an approved existing use, subject to the following requirements.

1. *Portable Shipping Containers - Commercial.*

   a. *Location.* The container shall not be in the front yard, or within ten (10) feet of any lot line or structure on the lot or on an adjacent lot.

   b. *Access.* The container shall not impede ingress, egress, or emergency access.

2. *Temporary Portable Storage Container - Residential.*

   a. *Size.* The maximum allowable size is one hundred fifty (150) square feet with an overall length not to exceed sixteen (16) feet.

   b. *Clear Vision.* Clear vision areas shall be maintained at all times, and portable storage containers shall not obstruct the flow of pedestrian or vehicular traffic.

   c. *Location.* Containers shall be placed on a concrete or asphalt surface no closer than ten (10) feet from the front lot line.

   d. *Condition.* All containers in use on a lot shall be free from rust, peeling paint, and other visible forms of deterioration.

   e. *Number.* Up to two (2) containers may be on the same lot at the same time, provided the total maximum allowable sized is not exceeded.

F. *Temporary Structures - Institutional Use.* The following requirements shall apply to temporary institutional structures, such as portable classrooms.

1. *Principal Use.* The City shall have approved the principal use.

2. *Location.* The temporary structure shall:

   a. Not be in the front yard;

   b. Comply with side and rear yard requirements of the Zone District, but in no case be less than twenty-five (25) feet from the rear lot line abutting a residential use;

   c. Be at least six (6) feet from any structure; and

   d. Not be within any required off-street parking area or required landscaped area.

3. *Screening.* Under-skirting for the structure shall be used and landscaping provided around the perimeter of the base where visible from other developed lots or public rights-of-way.

4. *Extensions.* Extensions may be granted for up to two (2) additional one (1) year periods, upon approval of a written request submitted at least thirty (30) days prior to the expiration of the temporary use permit.

G. *Temporary Outdoor Sales and Services.* Grand openings, parking lot sales, sidewalk sales, clearance sales, special events and holiday celebrations including the temporary outdoor sale of merchandise, goods, materials or services may occur in a Mixed-Use Commercial Zone District, subject to the following requirements.

1. *Accessory Use.* Outdoor temporary sales or services shall be an accessory to an allowed use on the same lot.
2. *Parking and Access.* A designated off-street parking area adequate to serve the activity shall be provided where it does not interrupt or hamper the flow of traffic on public streets, impede access to the principal use, pedestrian movements, or emergency vehicle access.
3. *Area of Operation.* The area of operation for all activities associated with outdoor temporary sales or service shall:
    a. Not exceed eight hundred (800) square feet and no single dimension shall exceed forty (40) linear feet; and
    b. Be located on an asphalt, concrete or equivalent surface.
4. *Prohibited Sales.* Sales of merchandise or the provision of services unrelated to the principal use unless operated by, or in support of, or as a fundraiser for a nonprofit organization.

H. *Assembly and Fundraising Activities.* Assembly activities (e.g., carnivals, fairs, rodeos, sport events, concerts, and shows) or fundraising activities that benefit a community service group or non-profit organization (e.g. car washes, bake sales, auctions) are permitted in Residential Zone Districts on properties approved for educational, governmental, or institutional uses and in Mixed-Use Commercial Zone Districts, subject to the following requirements:

1. *Parking and Access.* A designated off-street parking area shall be provided adequate to serve the activity where it does not interrupt the flow of traffic on public streets; or impede access to the principal use, adjacent uses, pedestrian movements, or emergency vehicle access.
2. *Hours of Operation.* In all Residential Zone Districts, hours of operation shall start no earlier than 8:00 a.m. and end no later than 8:00 p.m., except on Fridays and Saturdays the hours may extend to 10:00 p.m. Hours of operation in all other districts shall operate within the hours of 8:00 a.m. to 11:00 p.m. unless otherwise approved by the Director.
3. *Setup/Takedown.* The duration of use provided in Table 5.9.35.A. shall include setup and takedown activities.
4. *Fundraising Agreement.* Goods or services being sold by a commercial entity for a fundraising event shall submit evidence of an event agreement with the community service group or non-profit organization with the permit application.

I. *Outdoor Seasonal Sales and Farmers' Markets.* The outdoor sale of agricultural products is permitted, subject to the following definitions and requirements:

1. *Seasonal Sales.*
    a. Seasonal sales are permitted in mixed-use commercial Zone Districts, and in all other Zone Districts on lots approved for educational, government or institutional uses.
    b. A minimum pedestrian walkway of at least five (5) feet in width along the front of the display/sales areas shall be maintained clear of obstructions.
2. *Farmers' Markets.*
    a. Farmers' markets are permitted in mixed-use commercial Zone Districts, and in all other Zone Districts on properties approved for educational, government or institutional uses.

b. Duration.

i. In Mixed-Use Commercial Zone Districts, the maximum duration of a farmers' market shall be nine (9) consecutive months.

ii. In all other Zone Districts, the maximum duration of the farmers' market shall be nine (9) total months in any twelve (12) month period.

iii. Activity is limited to three (3) days per week between 7:00 a.m. and 7:00 p.m. Expansion of the number of days or hours of operation may be approved as a Special Land Use.

c. Multiple vendors are permitted with items available for sale limited to products obtained primarily through farming or agricultural activities such as:

i. Farm produce (e.g. fruits, vegetables, grains, nuts, fresh flowers and bedding plants, trees and forest products, Christmas trees).

ii. Fresh meat, eggs honey and dairy products.

iii. Foodstuffs produced by the vendor or a family member (e.g. cheese, baked goods, etc.)

iv. Hand-made craft items (e.g. jewelry, pottery, wearing apparel, fine arts, etc.) provided that the sales area not to exceed twenty (20) percent of the farmers' market total sales area.

d. A minimum pedestrian walkway of at least five (5) feet in width along the front of the display/sales areas shall be maintained clear of obstructions.

3. *Food Preparation or Cooking.* With the exception of the TN-CC Zone District, outdoor food preparation or cooking is prohibited within two hundred (200) feet of a residential use. Cooking apparatus shall be separated from areas of pedestrian movement, and smoke emissions shall not impair pedestrian or vehicular sight distances or serve as a distraction at street intersections.

4. *Temporary Use Permit.* Prior to the opening of a seasonal sales operation or a farmers' market, an application for a Temporary Use Permit shall be submitted for review. In addition to a completed application and application fee, the following materials are required:

a. A site plan that includes the location and dimensions of the sales and parking areas; site dimensions and floor areas of any buildings or tents; and existing public improvements, such as fire hydrants, bus shelters, trees and tree grates and parking meters.

b. Photographs of the planned sales and parking areas.

c. Written rules of operation or management plan, including days and hours of operation, period of time to be in operation, and a list of products to be sold.

J. *Temporary Surface Parking Lots.* Temporary surface parking lots are permitted in any Mixed-Use Commercial District pending the construction of a development project, subject to the following requirements and conditions.

1. *Zoning Approval.* Evidence of a zoning approval under the provisions of this Chapter for a new development shall be submitted with the temporary use permit.

2. *Site Plan.* A site plan shall be submitted that includes site dimensions, existing public improvements, and proposed site layout of the temporary parking lot. Except as noted in 3., below, interior parking lot landscape, pedestrian and bicycle parking requirements shall not be applicable to temporary surface parking lots.

3. *Screening.* Minimum parking lot screening requirements of Section 5.11.11 shall apply if the parking lot will be used for longer than six (6) months, including any approved extension.

4. *Phasing Description.* A description of the various phases of the development project with anticipated dates of completion shall be submitted as part of the request.
5. *Extension.* The permitted duration of this use may be renewed for up to one (1) additional year, upon approval of a written request submitted to the Director at least thirty (30) days prior to the expiration of the temporary use permit.
6. *Removal.* If the project for which the temporary parking lot fails to be initiated and substantially completed, the Director may require the immediate removal of the parking area. A performance guarantee shall be submitted following approval of the temporary parking lot in an amount sufficient to remove the parking area and restore the site.

K. *Garage Sales.*

1. Garage sales are exempt from the permit requirements in this Section, provided that they meet the duration requirements of Table 5.9.35.A.
2. Garages/basement/yard sales operating beyond the duration requirements of Table 5.9.35.A. are considered commercial uses.
3. Items offered for sale shall be limited to personal property not acquired for resale by the residents of the lot where the sale occurs.

(Ord. No. 2019-16, §§ 5, 6, 4-23-19; Ord. No. 2024-20, § 18, 4-23-24)

Sec. 5.9.36. Transitional or Emergency Shelters.

A. In a residential zone district, any transitional or emergency shelter having seven (7) or more adults shall:

1. Be located on a Network Residential or Crosstown Connector Street as identified by the Vital Streets Plan, unless located on a lot of one (1) acre or more in area.
2. Be located within two thousand five hundred (2,500) feet of a transit stop.

B. Any transitional or emergency shelter having thirteen (13) or more adults shall be at least one thousand five hundred (1,500) feet from any other transitional or emergency shelter, residential rehabilitation facility, single room occupancy dwelling, or small or large adult foster care facility.

C. Good Neighbor Plan. A Good Neighbor Plan shall be submitted in accordance with the requirements of Section 5.12.06.D.

(Ord. No. 2024-20, § 17, 4-23-24)

Sec. 5.9.37. Reserved.

Sec. 5.9.38. Vehicle Fuel Stations (without vehicle service or repair, may include a convenience store or other retail use).

A. *Location of Equipment and Structures.* Fuel pumps, pump islands, detached canopies, compressed air connections, and similar equipment shall be set back at least fifteen (15) feet from a street right-of-way and twenty (20) feet from all lot lines adjacent to a residential use or Zone District.

B. *Landscape Buffer.* When gasoline or fuel sales are adjacent to a residential use or Zone District, a landscape buffer between uses shall be provided as required in Section 5.11.12.

C. *Outdoor Displays.* Outdoor displays of merchandise shall be directly adjacent to the front of the building and shall be limited to typical service station merchandise (e.g. road salt, vehicle fluids, beverages, and ice).

D. *Cash Register Viewing Window.* The cash register shall be clearly visible from the street. The viewing window shall have a contiguous area of at least fifteen (15) square feet of clear glass and maintain an unobstructed view into the building.

E. *Single-Bay Car Wash.* A single-bay car wash may be permitted as an accessory use, subject to the following development and design standards:

1. The entrance to the car wash bay shall be sited so as not to be readily visible from an adjacent primary street, as determined by the Director.
2. The car wash bay shall accommodate only one (1) vehicle at a time.
3. The car wash bay shall be outside of all required setback and landscape areas.
4. In addition to any other off-street parking requirements or stacking requirements of Section 5.10.03.F.8., the lot shall contain adequate space to allow a minimum of three (3) stacking spaces for car wash services and shall be located to prevent vehicles from stacking into or creating a hazard to traffic flow on the public street or create obstructions to pedestrian movements on sidewalks.
5. Where a car wash is adjacent to a residential use or Zone District, the hours of operation shall be limited to 8:00 a.m. through 10:00 p.m.

F. *Fuel Pump Canopy.* A canopy over the fuel pumps may be erected subject to the requirements of Section 5.2.18.

G. See also Section 5.9.37. where vehicle repair or service is provided.

H. *Principal Building Placement.* It is recognized that the traditional development pattern of vehicle fuel stations commonly places the primary building behind the fueling pumps and set back off street, which is contrary to the Site Layout and Building placement standards of TN and MCN zone districts. Therefore, in evaluating a site plan for a vehicle fuel station, the Planning Commission may modify the Required Building Line (RBL) of Table 5.6.07.A for the principal building provided that the Planning Commission determines that the following conditions have been met:

1. The Plan meets the intent of the placemaking elements of the Zone District; and
2. That new buildings relate well to each other, existing buildings and the abutting street; and
3. The plan maintains or creates a continuous street wall that contributes to the unique character of the Zone District; and
4. The plan consolidates driveways on primary streets and encourages vehicular access from secondary streets; and
5. Provides adequate sidewalk space for pedestrian access and comfort.

(Ord. No. 2019-30, § 3, 7-23-19)

Sec. 5.9.39. Vehicle Sales/Leasing and Automobile Rental.

A. The requirements of Section 5.9.40. Vehicle Service or Repair shall apply when these services are provided.

B. *Minimum Lot Size.* The site shall be a minimum of one (1) acre when vehicles are displayed outdoors.

C. *Open Drive Aisles.* Outdoor display and storage areas of vehicles shall maintain open drive aisles to allow free movement of vehicles.

D. *Parking.* All vehicles waiting to be picked up by the vehicle driver shall be kept in approved parking spaces on site.

E. *Licensing.* Vehicle licensing requirements of the State of Michigan shall be followed in the review and approval of vehicle sales requests.

F. *Flag or Pennant.* One (1) flag or pennant may be displayed on each vehicle for sale or lease. The maximum size of each flag or pennant shall not exceed twelve (12) inches × eighteen (18) inches.

G. *State Licenses.* Table 5.9.36 further clarifies the Use Tables 5.6.06.B. and 5.7.04.B. A "P" indicates a Permitted Use; an "S" indicates a Special Land Use; an "X" indicates the use is not allowed in that District.

Sec. 5.9.40. Vehicle Service or Repair.

A. This Section applies to uses in the Mixed-Use Commercial Zone Districts. Repair and storage of vehicles in Residential Zone Districts shall be in accordance with the requirements of Section 5.2.12.

B. This Section shall be used in conjunction with Section 5.9.38. Vehicle Fuel Stations where vehicle repair or service is provided.

C. The site shall be a minimum of one (1) acre.

D. Screening.

1. Vehicle service bay openings shall be oriented away from any public street or Residential Zone District to minimize the view of the vehicle service area and to limit noise effects.
2. An Administrative Departure from this requirement may be granted to permit berms, evergreen shrubs, evergreen trees, masonry walls, solid wooden fencing, or any combination of these to minimize the bay openings from view.

E. Enclosed Activities.

1. All repair and maintenance activities shall be performed entirely within an enclosed building or structure.

2. Enclosed Equipment. Hydraulic hoists, pits, and all lubrications, greasing, automobile washing, or repairing equipment shall be enclosed within a building. When any building or portion of a building housing this equipment shares a lot line with a residential use or Zone District, the closest adjacent building wall shall consist of a solid wall with no openings other than those required by applicable building codes.

3. Enclosed Storage. All vehicle parts, dismantled vehicles (non-salvage or wrecking), and similar materials, and all discarded materials such as tires, cans and drums shall be stored within an enclosed building during all hours.

F. Storage of Vehicles.

1. Approved Parking Spaces. All vehicles awaiting repair or pick up by the vehicle owner shall be kept in approved parking spaces on site.

2. Only those damaged or wrecked vehicles awaiting repair shall be stored on site, provided that a maximum of two (2) used vehicles displayed for sale shall be permitted as an accessory use, subject to Director Review.

G. A Vehicle Service or Repair Facility shall be registered and licensed as required under the Motor Vehicle Service and Repair Act, Act 300 of 1974, MCL 257.1302a, as amended.

Sec. 5.9.41. Wireless Communication Facilities.

A. *Purpose and Intent.* The purpose of this Section is to establish guidelines for the siting of towers and antennas for wireless communication uses. The intent of this Section is to:

1. Encourage the location of towers in non-residential areas and minimize the total number of towers throughout the city; and
2. Promote the joint use of new and existing tower sites to minimize adverse visual impact of towers and antennas through careful design, siting, landscaping, and camouflaging techniques; and
3. Enhance the ability of the providers of wireless communications services to provide their services to the community quickly, effectively, and efficiently.

B. *Definitions.* Definitions used in this Section are under Wireless Communication Facilities in Section 5.16.02.W.

C. *Applicability.*

1. This Section applies to all construction and expansion of Wireless Communication Facilities.
2. Amateur Radio and Receive-Only Antennas. This Section shall not govern any tower, or the installation of any antenna, that is less than seventy (70) feet high, including building height, and is owned and operated by a federally-licensed amateur radio station operator or is used exclusively for receive-only antennas.

D. *Principal or Accessory Use.* Towers shall be installed on a conforming lot either as a principal use, or as an accessory use related to the principal use.

E. *Inventory of Existing Sites.*

1. An applicant for a tower and/or an antenna shall provide an inventory of its existing towers, antennas, or sites approved for towers and antennas that are within the city, or outside of the city serving areas within the city. The inventory shall include latitudinal and longitudinal location coordinates and the coverage area of the proposed tower or antenna, whether within or near the City's jurisdiction, including specific information about the design and height of each tower.
2. The City may share this information, provided that the City is not, by sharing that information, in any way representing or warranting that these sites are available or suitable for tower or antenna construction.

F. *Availability of Suitable Existing Towers or Other Structures.* No new tower shall be permitted unless the applicant demonstrates to the reasonable satisfaction of the Planning Commission that no existing tower or structure can accommodate the applicant's proposed antenna. Evidence may consist of any of the following.

1. No existing towers or structures are within the geographic area required to meet the applicant's engineering and coverage requirements.
2. Existing towers or structures are not of sufficient height to meet the applicant's engineering requirements.
3. Existing towers or structures do not have sufficient structural strength to support the applicant's proposed antenna and related equipment.

4. The applicant's proposed antenna would cause electromagnetic interference with the antenna(s) on the existing towers or structures, or the antenna(s) on the existing towers or structures would cause interference with the applicant's proposed antenna.

5. The fees, costs, or contractual provisions required by the owner in order to share an existing tower or structure or to adapt an existing tower or structure for sharing are unreasonable, meaning when the costs exceed new tower development.

6. The applicant demonstrates that there are other limiting factors that render existing towers and structures unsuitable.

G. *Measurement.* For purposes of measurement, tower and antenna setbacks and separation distances shall be applied to all facilities whether inside or outside the city's boundaries.

H. *Setbacks.*

1. Towers shall be located so that there is a sufficient radius of land around the tower so that its collapse shall be contained on the property where located. Accessory buildings shall follow the minimum setback requirements of the Zone District.

2. Antennas installed on building rooftops shall be setback from the edge of the roof at least one (1) foot for each foot of antenna height as measured from the top of the roof (or parapet, if one exists) to the highest point of the antenna.

I. *Separation.*

1. Towers shall be set back at least three hundred (300) feet from any off-site residential structure.

2. In Zone Districts other than SD-IT, towers over ninety (90) feet in height shall not be within one-quarter (¼) of a mile of any existing tower that is over ninety (90) feet high. Tower separation shall be measured by following a straight line from the portion of the base of the proposed tower that is closest to the base of the pre-existing tower.

J. *Height.* Where permitted, monopoles shall not be higher than one hundred ninety-five (195) feet in SD-IT and C Zone Districts; and one hundred fifty (150) feet in all other Zone Districts. Any tower and/or antenna placement adjacent to a Residential Zone District that requires lighting shall use a continuous red beacon at night.

K. *Location and Design.*

1. Co-Location.

   a. Towers shall be constructed to accommodate at least four (4) antenna platform levels. A statement by the applicant and/or a structural analysis sealed by an engineer affirming that the construction of the wireless communications facility will accommodate co-location of additional antennas for future users shall be provided.

   b. Co-location terms, including rates for compatible providers shall be included in the application. Terms shall be consistent with the market for metropolitan Grand Rapids and applicants shall submit a signed statement agreeing to permit co-location consistent with those rates.

   c. Two (2) equipment shelters shall be allowed per site. Multiple shelters integrated into one (1) shall be considered a single shelter. No single provider shall occupy more than two hundred fifty (250) square feet of interior floor space.

2. Design.

   a. Where visible from a public street, the design of equipment shelters and related structures including shall use colors, landscaping, materials screening, and textures that have the finish and appearance to blend into the character of the neighborhood and surrounding buildings so as to make the antenna and related equipment as visually unobtrusive as possible.

   b. Visible cabling and wiring, antenna and supporting electrical and mechanical equipment, must be a neutral color that is identical to, or closely compatible with, the color of the supporting structure so as to make the antenna and related equipment as visually unobtrusive as practicable.

   c. Stealth equipment is permitted to be used as a wireless communication tower for areas where special sensitivity to neighboring properties is necessary.

3. No advertising or business signs shall be allowed.

4. Wireless communications facilities shall be located and designed to not obstruct or significantly diminish views of the Grand River from public streets and public property.

5. Fencing and Landscaping.

   a. Security fencing or a wall not less than six (6) feet nor more than eight (8) feet high shall enclose towers and related appurtenances.

   b. Wireless communication facilities and equipment shall be placed on a site where existing vegetation is preserved to the maximum extent possible.

   c. Landscaping consisting of evergreen vegetation with a minimum planted height of six (6) feet placed densely so as to form a screen, shall be placed completely around the wireless communications facility at ground level, except as required to access the facility. Where appropriate, existing landscaping can be used to satisfy this requirement. Landscaping shall be installed on the outside of any fencing.

6. Administrative Departure. An Administrative Departure may be permitted for landscape requirements and/or require a different type of screen or wall depending upon the location.

L. *Approvals.* Wireless communications facilities are permitted under varying conditions dependent upon their form and the Zone District in which they are to be located. The following approval procedures apply.

1. *Director Review.*

   a. Installing an antenna on an existing structure other than a tower that already has existing antennas (such as a building, sign, light pole, water tower, or other free standing non-residential structure), provided the addition does not extend above the highest point of the building or structure by more than thirty (30) feet or fifty (50) percent of the height of the existing structure, whichever is less, (except single family detached dwellings and their accessory structures) in all Zone Districts.

   b. Installing an antenna on an existing structure other than a tower that does not have existing antennas (such as a building, sign, light pole, water tower, or other free standing non-residential structure), provided the addition does not extend above the highest point of the existing structure by more than thirty (30) feet or fifty (50) percent of the height of the existing building or structure, whichever is less, (not including single family detached dwellings and their accessory structures) in all Zone Districts except SD-OS, LDR and MDR.

c. Installing an antenna on an existing tower of any height, including the placement of additional buildings or other supporting equipment used in connection with that antenna, provided the additional height of the antenna adds no more than twenty (20) feet to the height of the existing tower.

2. *Special Land Use.*

a. Any wireless communication facility not listed under Director Review and otherwise prohibited shall require a Special Land Use approval in accordance with the requirements of Section 5.12.09.

b. In addition to the review consideration of Section 5.12.09., the Planning Commission shall consider the following factors in approving applications for towers and antennas and may attach conditions consistent with these factors.

i. Tower or antenna height;

ii. Proximity of the tower or antenna to residential structures and Residential Zone District boundaries;

iii. Nature of uses on adjacent and nearby properties;

iv. Surrounding topography;

v. Surrounding tree coverage and foliage;

vi. Tower or antenna design, with particular reference to design characteristics that have the effect of reducing or eliminating visual obtrusiveness;

vii. Proposed ingress and egress; and

viii. Availability of suitable existing towers, other structures, or alternative technologies not requiring the use of towers or structures.

M. *Building Permits.*

1. Structures covered under this Section shall require a building permit prior to the erection, expansion, including an increase in height, or relocation. The application for a permit shall include construction drawings showing the proposed method of installation, including details of structural support, footing, foundation, guys, braces, anchors, and other information as required by the City's Building Official to ensure proper engineering practice.

2. A site plan and other illustration drawn to scale shall be provided showing the lot or parcel on which the structure is to be erected, all structures on site, all structures within two hundred (200) feet of the site, all structural elements, and all other relevant information.

3. The permit shall include twenty-four (24) hour emergency contact information and contact information for the entities with responsibility for the wireless communications facilities described in the application. Contact information for the tower owner, operator, and emergency contact shall be kept current and on file with the City at all times.

N. *Federal and State Requirements.* Towers and antennas shall meet or exceed current standards and regulations of the Federal Aviation Administration (FAA), the Federal Communications Commission (FCC) and any other federal or state agency with the authority to regulate towers and antennas. If those standards and regulations are changed, then the owners of the towers and antennas shall bring them into compliance within the time mandated by the controlling federal and state agency. Failure to bring towers and antennas into compliance shall constitute grounds for removal of the structure at the owner's expense.

O. *Fees.* Notwithstanding any other provision of this Chapter, the Director may require, as part of fees for building permit or Special Land Use application for telecommunication facilities, an amount sufficient to recover all of the City's costs in retaining consultants to verify statements made in conjunction with the permit application, to the extent that verification requires specific expertise. The amount of this fee shall be equal to the cost charged by the consultant.

P. *Removal of Facilities.*

1. Any tower or antenna that is not operated for a continuous period of one (1) year or more shall be considered to be abandoned, and the owner shall remove the same within ninety (90) days of receipt of notice of the determination. Failure to remove an abandoned tower or antenna after this time period shall be grounds to remove the tower or antenna at the owner's expense.
2. The owner of a facility shall provide a performance guarantee meeting the requirements of Section 5.14.04. adequate to secure the cost of removing an antenna, antenna array, or tower that has been abandoned. In the event of a transfer of ownership, the seller shall be responsible for notifying the buyer of this requirement and for notifying the City of the transfer.
3. Damaged or Destroyed Nonconforming Facilities.
    a. Notwithstanding this Section, nonconforming wireless communications facilities that are damaged or destroyed by an Act of God may be rebuilt without having to first obtain approvals otherwise required by this Section, provided that any other permits applicable to construction or reconstruction must be obtained.
    b. The type, height, and location of the wireless communications facility shall be the same as the original approved facility and constructed in accordance with currently applicable building codes.
    c. Permits for construction shall be obtained within one hundred and eighty (180) days from the date the facility is damaged or destroyed, and reconstruction shall be started within six (6) months from the time of damage and shall be continued until completed.
    d. If no permit for construction is obtained, or if an issued permit expires, the facility shall be deemed abandoned as specified in Section 5.9.38.P.

Q. *Prohibited Facilities.*

1. Lattice and guy wire towers in all Zone Districts.
2. Towers in the TN-CC, TN-TCC, TN-TBA, TOD, LDR, MDR, SD-OS, and SD-NOS Zone Districts.

Sec. 5.9.42. Zoo.

Review Standards. A zoo use in any Zone District shall be subject to the Special District - Institutional Campus Section 5.7.05.F. Review and Approval.

ARTICLE 10. TRANSPORTATION AND MOBILITY

Sec. 5.10.01. Purpose and Intent.

A. The purpose of this Section is to support the development of a balanced transportation system that promotes the efficient use of transportation resources and supports the Themes of the Master Plan, Sustainability Plan, Vital Streets Plan and Manual, and other adopted plans of the City that include vehicle, transit, bicycles, and pedestrian circulation.

B. It is the intent of this Article that:

1. Measures will materially advance city streets as beautiful, functional places that provide mobility and equitable access for all people by marrying active sidewalks, safe bicycle facilities, a robust tree canopy, extensively used transit, and vehicular accommodations within an appropriate context.
2. These provisions improve bicycle and pedestrian movement to reduce reliance on personal vehicle use, provide for improved circulation between and within development sites, and promote transportation options to reduce Vehicle Miles Traveled (VMT) and related vehicle emissions.
3. Traffic-related serious injuries and fatalities will be eliminated in keeping with Vision Zero to create a safer, more comfortable atmosphere for pedestrians and bicyclists.
4. Transportation options will be available, affordable, and reliable for all people to meet their daily travel needs regardless of age, ability, race, ethnicity, or economic status.
5. Public health outcomes and recreational opportunities will be improved by promoting and enabling walking, bicycling, and other forms of active transportation to contribute reductions in childhood and adult obesity.

C. Further, off-street parking and loading spaces for each use shall be provided in accordance with the requirements established in this Section to:

1. Relieve traffic congestion in the streets;
2. To minimize any detrimental effects of off-street parking areas on adjacent lands;
3. Improve the visual aesthetics of parking areas;
4. Ensure the proper and appropriately located parking areas;
5. Prevent the establishment of excessive amounts of off-street parking;
6. Encourage appropriate redevelopment and reinvestment;
7. Advance the compatibility of parking lanes and drive entries with pedestrian safety; and
8. Reduce the need for parking by promoting the use of mass transit, bicycles, and other Transportation Demand Management measures as an alternative to traditional reliance on personal vehicle use.

D. General. The requirements of this Article shall apply to all new development and redevelopment in the City.

Sec. 5.10.02. Off-Street Parking: General Requirements.

A. *Change in Use or Intensity.*

1. Whenever the use of a building or lot changes to a use with different off-street parking requirements as identified in Table 5.10.04.C. parking facilities shall be provided as required by this Chapter for the new use.
2. If any building, structure, or intensity of use is increased through the addition of dwelling units, floor area, seating capacity, or through other means that affect parking requirements, additional off-street parking shall be provided to bring the use into compliance.
3. Any area once designated as required off-street parking shall not be changed to any other use unless and until equal facilities meeting the requirements of this Chapter are provided elsewhere, or the change in use alters the parking requirements of the site.

4. If a change in use or intensity results in a parking requirement that reduces required spaces by fifty (50) spaces or more in excess of the parking requirement at the time the parking lot was constructed, the Director, after notice to the property owner, may require the removal of all or part of the additional parking spaces, unless the owner applies for and is granted a parking adjustment as provided in Section 5.10.04.D. The parking area removed shall be landscaped in accordance with the provisions of this Chapter.

B. *Use.* Off-street parking areas as a principal use of a lot shall be regulated as listed in the Use Tables of the applicable Zone District.

Sec. 5.10.03. Off-Street Parking: Design Requirements.

A. The following requirements apply to surface parking areas. Additional requirements for parking structures are in Section 5.9.26.; for driveways in Section 5.10.03.F.

B. *Use of Off-Street Parking, Stacking, and Loading Areas.* All vehicular parking areas, stacking areas and loading areas required by this Article shall only be used for those designated purposes.

C. *Location.*

1. Except as otherwise permitted, all off-street parking areas shall be provided on the same lot as the use it serves, or no farther than three hundred (300) feet from the nearest point of the building to the nearest point of the parking facility along public rights-of-way or publicly available sidewalk.
2. Use of parking facilities in a Residential Zone District by a non-residential use shall be treated as a Special Land Use. Access to an off-street parking area that serves a nonresidential use shall not be permitted across lots that are residential in use or located in a Residential Zone District.
3. Parking may be owned, leased or shared by the owner of the building with another building owner upon providing evidence of agreements or easements to the Director. In the event that the agreement is no longer in effect, parking requirements shall be satisfied by each building that was a party to the shared agreement.
4. The use of parking in the public right-of-way shall only be permitted as allowed in Section 5.10.04.F.

D. *Design Requirements.*

1. *Defined Areas.* Off-street parking areas of three (3) or more spaces and off-street loading areas shall be striped and maintained in good condition to be clearly visible with lines to indicate parking space limits and loading areas. All striping shall comply with the Manual of Uniform Traffic Control Devices.
2. *Accessible Parking.* Parking lots shall provide parking spaces for vehicles for the disabled in compliance with the State Building Code and the Americans with Disabilities Act (ADA), as applicable.
3. *Outdoor Lighting.* New or redeveloped off-street parking, stacking and loading areas shall comply with the outdoor lighting requirements of Section 5.2.19.
4. *Landscaping Elements.* All parking areas shall be landscaped in accordance with Section 5.11.11. Parking and Loading Area Landscape Requirements.
5. *Streetscape Elements.* Streetscape elements (e.g. benches, trash receptacles, light fixtures, bollards, fountains, bicycle racks, etc.) placed within or immediately adjacent to an off-street parking area shall be compatible with the architectural features of buildings or structures in

the Neighborhood Classification to help establish a unifying theme for the neighborhood. Any adopted Streetscape Plan under the provisions of Section 5.11.13. Streetscape Design Standards shall be followed.

6. *Minimum Greenspace.* Lot areas used for off-street parking, stacking and loading areas are subject to minimum greenspace calculations for each Zone District.

7. *Parking Lot Width.* Parking lots shall not cover more than fifty (50) percent of the width of the lot as measured at the front lot line. This requirement shall not apply to parking in rear yards.

8. *Curbs and Vehicle Stops.* All off-street parking lots, access drives and aisles, and other vehicle maneuvering areas shall provide curbs or similar devices at least five (5) inches high to prevent vehicles from overhanging on or into public right-of-way, sidewalks, walkways, adjacent property, or landscape areas.

9. *Stormwater.*

   a. All stormwater runoff created from parking areas shall be completely retained on the site for any rainfall that is less than or equal to the 25-year, 24-hour rainfall. Stormwater facilities shall be reviewed and approved by the Environmental Services Department.

   b. All off-street parking, stacking and loading areas shall comply with the stormwater management standards of Chapter 32 of the City Code, City policies, and other applicable state and federal laws.

   c. When used for stormwater management purposes, planted areas may be installed at a lower grade than the parking lot pavement, include curbing at the edge of a landscaped area and have openings or gaps allowing drainage from the pavement to enter and percolate through the landscaped areas.

10. *Large Parking Lots (two hundred (200) or more spaces).*

   a. Large off-street parking lots shall be designed to simulate a grid pattern through the placement of landscape islands, buildings, and drive aisles.

   b. Large off-street parking lots shall include primary drive aisles that are designed to appear as an extension of the public street network, extending the full length of the main building façades.

   c. Utility placement on sites with large parking lots shall be configured to allow for future new buildings on the site.

11. *Electric Car Charging Points.* Large parking lots and structures shall provide at least one (1) electric plug-in service point for every two hundred (200) parking spaces. Plug-in points shall be associated with individual parking spaces and shall be installed according to appropriate design standards, as approved by the Director.

E. *Setbacks.* Except for parking areas on the same lot as a detached single-family or two-family dwelling, off-street parking and loading areas shall meet the following requirements:

1. *Front Yard Setbacks.*

   a. For accessory parking areas, no part of the parking area shall be permitted in the front yard.

   b. For parking areas that are principal uses and for parking lots in the MON-C Zone District, the parking area shall conform to the front yard setback or RBL requirements as appropriate, provided that a five (5) foot setback shall be met where there is no established RBL.

c. Parking areas that are accessory to a Vehicle Fueling Station may be permitted in the front yard subject to the requirements of Section 5.9.38.H.

d. Parking areas that support office or retail uses accessory to the primary use may be permitted in front yard in the SD-IT Zone District.

2. *Side and Rear Yard Setbacks.*

a. *Residential.* Parking areas within or abutting a Residential Zone District shall maintain the minimum side and rear yard setbacks as required in the Zone District; except where an alley abuts the property, the required rear yard setback may be reduced to five (5) feet. Parking areas shall not be in landscape buffer areas.

b. *Non-Residential.* For parking areas within or abutting a commercial or industrial use or Zone District without an abutting residential property, the parking lot side and rear setbacks must be at least five (5) feet, provided required landscape buffer requirements of Section 5.11.11. and greenspace requirements for the applicable Zone District are satisfied.

c. *Administrative Departure.* Parking areas may be permitted to extend across contiguous lots in developments with coordinated site design, shared access points and/or shared parking arrangements.

F. *Access and Driveways.*

1. All off-street parking, stacking and loading areas shall be arranged for convenient access and safety of pedestrians, bicyclists, and vehicles, and designed so that they do not interfere with other on-site circulation, parking facilities, or pedestrian movements.

2. All off-street parking, stacking and loading areas shall be provided with adequate, paved, access drives and aisles, or other vehicle maneuvering areas meeting the requirements of Section 5.10.04.

3. Except for detached single-family dwellings, attached single-family dwellings or where tandem parking is approved, or through a valet parking plan approved in accordance with Chapter 113 of the City Code, off-street parking areas with three (3) or more spaces shall be configured so that a vehicle may enter and leave a parking space without moving another vehicle.

4. Access.

a. Where a parking area abuts an alley, access to parking areas shall be obtained from the alley. Additional curb cuts on the public street shall be prohibited.

b. Where a parking area does not abut an alley, and abuts two (2) or more streets, access to the parking area shall be from the street with the lower traffic volumes.

c. An Administrative Departure may be granted if, due to the location or configuration of the parcel, these requirements cannot be satisfied.

5. See Section 5.10.08. for pedestrian access provisions in off-street parking lots.

6. Driveways.

a. Adequate ingress and egress to the parking area shall be provided by clearly defined driveways so that vehicles entering or leaving the parking lot will be traveling in a forward motion and in accordance with accepted access management principles.

b. Distance from Lot Line. Unless otherwise permitted by this Chapter or by the Traffic Engineering Department, all driveways, including the entry radius of the drive approach that serve a single main building or principal use, shall be at least one (1) foot from an abutting lot line.

c. Sidewalks shall extend through driveway approaches.

d. Surface. There shall be a hard-surfaced driveway from the public or private right-of-way to the required parking space. The drive surface must be permanent, and completely covered with concrete, bituminous surface, brick or other similar surface. A pervious surface may be used, subject to applicable City ordinances and policies.

e. Residential Driveways.

i. Number. For single- and two-family residential dwellings only one (1) driveway shall be permitted.

ii. Width. Residential driveways shall be a minimum of ten (10) feet wide. The minimum width of driveways for other uses shall be determined by the City's Traffic Engineering Department who may impose a maximum width based on access and safety considerations.

iii. Ribbon Driveways. Ribbon driveways are permitted for residential driveways, subject to the same dimensions for standard driveways. Individual ribbons shall only be permitted within the boundary of the lot and shall not be less than eighteen (18) inches or more than thirty (30) inches wide.

iv. Driveway with Garage. Where a garage or accessory structure is accessed directly from a public street and has a vehicle door eight (8) feet or wider, the driveway shall extend to the vehicle door.

(a) Garage doors and all required off-street parking spaces shall be set back at least twenty (20) feet from the front line to prevent obstruction of the sidewalk by parked cars.

(b) Driveway pavement shall not extend behind the front façade of the garage.

v. Residential Driveway without Garage. The driveway of a residential property that does not have an attached or detached garage shall extend twenty (20) feet past the rear of the dwelling to allow for sufficient car storage. In the case of corner lots with insufficient depth, the driveway shall extend at least twenty (2) feet past the front of the dwelling.

vi. Residential Turn-Around Space. Residential properties with front yards abutting a Major, Regional or City Collector Street, as defined in the Street Classification Policy, are permitted a turn-around space in the front yard under the following conditions:

(a) The space is set back a minimum of twenty (20) feet from the front lot line;

(b) The space is no larger than twelve (12) feet by twenty (20) feet;

(c) The space is screened from the street and abutting property with plant materials approved by the Director;

(d) The minimum greenspace requirement for the property is met; and

(e) The space is not used for regular parking or storage of vehicles.

7. Stacking Areas.

a. The Traffic Engineering Department shall review any proposed stacking areas to determine an adequate number of spaces if a number is not otherwise specified by this Chapter. A queuing analysis may be required from the applicant for uses generating more than thirty (30) trips per hour.

b. A minimum of twenty (20) feet per vehicle is required for each stacking space.

c. The stacking area shall not interfere with other on-site traffic circulation, parking spaces, or bicycle or pedestrian movements, or cause vehicles to queue within a private street or public right-of-way.

d. Unless otherwise permitted, stacking areas shall not be placed on a street facing side of a building or within twenty-five (25) feet of the lot line of any Residential Zone District or use unless the approving authority determines that no other location is feasible.

e. Where five (5) or more stacking spaces are provided, the individual stacking lanes shall be clearly delineated. Protective bollards, when used, shall be painted to match the dominant color used on the nearest structure with which the bollards are associated.

G. *Front Yard Parking.* Parking or storage of motor vehicles in the unpaved portion of the front yard of a residential use or residentially-zoned property is prohibited. A legal driveway in the front yard may be used for parking, provided the public sidewalk is not blocked.

H. *Administrative Departures.*

1. The distance from the lot line requirements for shared driveways of abutting properties may be eliminated, provided both property owners grant written permission for joint use and access.

2. For single and two-family dwellings, additional driveways may be permitted provided that sufficient lot frontage is available and that the lot configuration or other physical constraint requires an additional driveway for safe and adequate circulation.

3. Direct access to a public street may be permitted for lots where special conditions prevent access from the alley.

I. *Construction.*

1. A parking site plan shall be submitted prior to construction of any development or use that has more than three (3) required off-street parking spaces. The plan shall accurately depict the location and dimensions of required parking spaces, access aisles, and driveways, and the relation of the off-street parking areas to the uses or structures the areas are designed to serve.

2. A required parking lot shall be fully constructed within six (6) months of receipt of a building permit and prior to the issuance of a Building Certificate of Occupancy for the use or uses it serves. The Director may grant one (1) extension for up to an additional six (6) months in the event of adverse weather conditions or unusual delays beyond the control of the property owner or responsible person. The Director may require a performance guarantee as permitted in Section 5.14.04.

3. In the case of phased development, off-street parking, stacking and loading areas shall only be provided for the portions of the development for approved phases, or a temporary use permit has been approved for a surface parking lot.

4. Surfacing.

a. All off-street parking, stacking, loading areas and drive approaches from the alley or street shall be surfaced with asphalt, concrete, brick, stone, pavers, or an equivalent material in accordance with 1993 City of Grand Rapids Standard Construction Specifications as amended.

b. Surfaces such as pervious asphalt, pervious concrete or turf blocks are permitted; subject to Chapter 32 of the City Code and other City policies pertaining to stormwater management. A maintenance plan, outlining responsible parties, procedures, and schedules for permeable pavement areas must be submitted and approved by the City Engineer.

c. Surfacing materials for outdoor parking areas associated with vehicle or container storage may be gravel in accordance with 1993 City of Grand Rapids Standard Construction Specifications as amended, provided the subject area is at least one hundred (100) feet in driving distance from the nearest public street, no gravel is tracked off-site, and the paving surface is permitted under Chapter 32 of the City Code and other policies pertaining to stormwater management.

d. Parking and circulation areas must meet pavement strength specifications as determined by the Fire Department.

5. Parking areas shall be striped and maintained in good condition to be clearly visible with lines to indicate parking space limits. All striping shall comply with the Michigan Manual of Uniform Traffic Control Devices unless an alternative is approved by the Traffic Engineering Department.

J. *Maintenance.*

1. All parking areas shall be maintained free of dust, trash, weeds and debris. Surfacing, curbing, lighting fixtures, signs, and related appurtenances shall be maintained in a smooth, well-graded condition, and in good repair and safe condition at all times.

2. The visibility of pavement markings delineating parking spaces and directional control shall be maintained.

3. All off-street parking, stacking and loading areas required by this Chapter shall be maintained free of accumulated snow or standing water that prevents full use and occupancy of the areas, except for temporary periods of heavy rainfall or snowfall, not to exceed five (5) days.

(Ord. No. 2019-30, § 4, 7-23-19; Ord. No. 2020-13, § 9, 4-28-20; Ord. No. 2024-20, § 20, 4-23-24)

Sec. 5.10.04. Off-Street Parking: Space Requirements.

A. *Parking Plan / Demand Study.*

1. Prior to construction, a LUDS permit application shall be submitted for any development or use that is required to provide more than three (3) off-street parking spaces. The application shall accurately designate the required parking spaces, access aisles, and driveways, and the relation of the off-street parking areas to the uses or structures the areas are designed to serve.

2. Parking Demand Study. The Director may require an independent Parking Demand Study, completed by a qualified person or firm, that analyzes parking demand based on the recommendations of the Institute of Traffic Engineers (ITE), and includes relevant data collected from uses or mix of uses that are the same or comparable to the proposed use in terms of density, scale, bulk, area, type of activity and location. The study shall include the following information, unless waived by the Director.

a. Required parking computation in accordance with Table 5.10.04.C. and the number of parking spaces to be provided.

b. Information regarding any requested parking reductions in accordance with Section 5.10.05.

c. Demonstration of parking need based on factors such as land use and development character of the area to be served by the parking facility, including the relative intensity of uses requiring parking, availability of transit, proximity of nearby employment centers and residential uses, and other relevant factors.

d. Signed and executed easements, agreements, or other documentation required to ensure that spaces counted toward the parking requirements are properly secured.

e. Site plan(s) for planned parking areas covered by the parking plan indicating the locations of planned parking, names of property owners for properties not under the direct control of the applicant, and any other site details relevant to the parking plan application.

f. Any other information required by the Director to ensure an adequate review of the parking plan application.

B. *Dimensional Requirements.* Each off-street parking space shall have an area that meets the Dimensional Requirements in Table 5.10.04.B., except as may be allowed by the Traffic Engineering Department.

Table 5.10.04.B. Dimensional Requirements for Parking Spaces and Aisles

Parking Angle	Space Dimension (ft.)		Aisle Width (ft.)	
	Width	Depth	Minimum	Maximum
Parallel	8	22	12	16
45 degrees	8.5	19	12	16
60 degrees	8.5	20	16	20
90 degrees	8.5	18	22	26
Compact	8.5	17	20	24

C. *Required Parking Spaces.* The amount of required off-street parking spaces for individual uses shall be determined in accordance with Table 5.10.04.C. Off-Street Parking Requirements. The following factors shall be used in determining the required number of parking spaces.

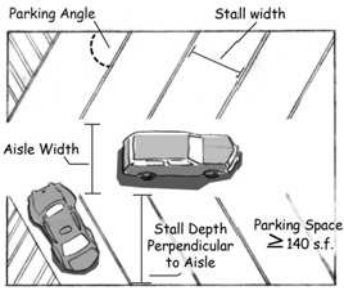
1. *Measurements.*

a. *Floor Area.* Where floor area is the unit of measurement to determine the required number of off-street parking and loading spaces, gross floor area (GFA) shall be used.

b. *Bench Seating.* In calculating bench seating for places of assembly, each continuous four (4) foot segment of benches, pews or other similar seating shall be counted as one (1) seat.

c. *Employees.* Where the number of spaces required is based on the number of employees, calculations shall be based upon the maximum number of employees likely to be on the premises at any one time. Where multiple shifts of employees are involved, calculations shall be based on the largest shift.

d. *Occupancy.* Where occupants are used as a measurement, all calculations shall be based on the maximum capacity permitted under fire safety and building codes.



5.10.04.C. Dimensional Standards for Parking Spaces and Aisles (Measurement).

e. *Stalls.* Where vehicle stalls are used as a measurement, all calculations shall be based on the number of service bays, garage door openings or similar area.

2. *Fractions.* Where units of measurements determining the number of required parking or loading spaces result in a fraction, the fraction shall be counted as one (1) additional parking space.

3. *Uses.*

a. Parking shall be calculated separately for each use in a building, structure or on a lot, except that the Planning Director may determine that a lower standard would be adequate for shared parking, as described in Section 5.10.05.E.

b. Accessory uses shall be calculated separately.

4. *Unlisted Requirements.* The Director shall make a determination as to the proper classification of a parking requirement not listed for a particular use based on the requirement of the closest comparable use. Where a comparison cannot reasonably be made, the Director may require a Parking Demand Study as provided in Section 5.10.04.A.

5. Bicycle Parking shall be as required in Section 5.10.10. Bicycle parking shall not occupy any required vehicle parking space.

* See Section 5.10.04.F. for TN-CC parking requirements.					
sq. ft. = square feet; GFA = gross floor area; "-" = Not applicable					

D. *Maximum Parking.* No parking area for an individual use, building, or integrated complex shall exceed the required number of parking spaces by more than twenty (20) percent, unless approved by the Planning Commission as a Special Land Use, and based on a Parking Demand Study submitted by the applicant, as provided in Section 5.10.04.A.

E. *Deferral of Parking Spaces.* The Planning Commission may defer the construction of a portion of the parking spaces required in Table 5.10.04.C. as part of a Special Land Use or Site Plan Review application, subject to all of the following requirements.

1. The owner shall demonstrate that the required number of parking spaces is excessive for the nature of their business or operational characteristics.
2. An area of sufficient size to meet the deferred number of parking spaces, along with setbacks, landscaping, access drives, aisles and other required parking lot features, shall be retained as open space.
3. A deferred parking site plan shall identify the area where parking is being deferred, including dimensions and parking lot layout.
4. Stormwater management requirements shall be based on the full amount of required parking to ensure adequate capacity if additional parking is later deemed necessary.
5. The owner shall provide a written agreement to construct the deferred parking within six (6) months of a written notice from the Director based on observed need, or to give at least thirty (30) days prior notice to the Director if the deferred parking area is to be constructed.

F. *Traditional Neighborhoods Parking Requirements.*

1. *Traditional Neighborhoods - City Center (TN-CC) Zone District Parking Requirements.* Off-street parking shall not be required. If provided, the number of spaces shall not exceed one (1) space for each one thousand (1,000) square feet of gross floor area for all non-residential buildings and hotels, and one (1) space per dwelling unit, unless approved by the Planning Commission as a Special Land Use and based on a Parking Demand Study submitted by the applicant, as provided in Section 5.10.04.A.
2. *Traditional Neighborhoods - Low Density Residential (TN-LDR) and Mixed-Density Residential (TN-MDR) Zone District Parking Requirements.* Off-street parking shall not be required for developments of six (6) or fewer dwelling units when located on Link Residential and Network Residential Streets.
3. *Administrative Departure.*
    a. An Administrative Departure may permit General or Professional Office uses to provide up to three (3) spaces for each one thousand (1,000) square feet of gross floor area if all of the following conditions are met:
        i. The gross floor area of the use is at least 100,000 square feet.
        ii. The off-street parking provided is located within a structure.
        iii. That a Traffic Analysis meeting the requirements of the City's Transportation Engineer be submitted for review and approval by the City's Mobile GR Department.
        iv. A Transportation Demand Management (TDM) plan is submitted that demonstrates compliance with the below requirements.
            (a) *Bicycle parking and commuter amenities.*
                1) Enclosed, secure bicycle parking facilities, such as bicycle lockers or bicycle rooms are provided on site and given priority location on the ground floor.
                2) The required number of bicycle parking spaces provided shall be provided as indicated in Table 5.10.04.F.3.

Table 5.10.04.F.3. Required Bicycle Parking Spaces		
Vehicle Spaces Proposed	**Bicycle Spaces Required***	
1/1,000 sq. ft.	1/10,000 sq. ft.	No fewer than 3 spaces shall be provided.
2/1,000 sq. ft.	2/10,000 sq. ft.	
3/1,000 sq. ft.	3/10,000 sq. ft.	
*After the first 20 required bicycle spaces, additional spaces shall be calculated at 50% of the table values.		

3) A bicycle maintenance station is provided with three (3) feet of unobstructed space on each side. Tools and supplies should include at a minimum: a bicycle pump, wrenches, a chain tool, tire levers, hex keys/Allen wrenches, torx keys, screwdrivers, and spoke wrenches.

4) Showers and clothing lockers available to all employees are provided on site.

(b) *Carpooling.*

1) A minimum of five (5) percent of total parking spaces on site are reserved for priority carpool parking. Priority spaces must be the closest to building entrances or elevators but not closer than disabled parking.

(c) *Micromobility.*

1) A shared micromobility designated parking zone is provided that has adequate space for several vehicles and is accessible from or within the public right of way, as determined by the Mobile GR Department.

(d) *Transit.*

1) A transit pass agreement with The Rapid is provided and fully funded by the employer that allows all employees to commute via transit on an ongoing basis at no cost to the employees.

2) Any existing bus stops that abut the subject property shall be improved bus stop amenities (e.g., a shelter) as required and meeting specifications determined by The Rapid and Mobile GR Department.

(e) *Parking cash out.*

1) A parking cash out program meeting the requirements of Section 5.10.04.F.3.b. below is made available to all employees.

b. A parking cash out program is a program in which the employer offers employees the option to accept taxable cash income instead of a free or subsidized parking space at work. The reimbursement shall be no lower than the monthly rate of the nearest public parking ramp or a commensurate ratio of the rate depending on days required in-office.

G. *Affordable Housing.* The number of required off-street parking spaces for developments that utilize the Affordable Housing Bonus as outlined in Articles 5 and 6 may be calculated at one-half space less per unit than what is required in Table 5.10.04.C.

H. *Micro-Units.* The number of required off-street parking spaces for developments that contain micro-units as outlined in Article 6 (Section 5.6.07.B.2.b.) may be calculated at one-half (0.5) less space per micro-unit than what is required in Table 5.10.04.C., as long as two (2) bike spaces are also provided per micro-unit. Bicycle spaces provided in association with this calculation shall be in an enclosed, secure facility located on the ground floor with an exterior entrance and paved access to the nearest sidewalk, road, or bicycle path.
(Ord. No. 2019-09, § 7, 3-26-19; Ord. No. 2019-10, § 5, 3-26-19; Ord. No. 2020-18, § 1, 6-16-20; Ord. No. 2020-21, § 10, 7-7-20; Ord. No. 2024-20, §§ 21, 22, 4-23-24; Ord. No. 2024-40, §§ 6, 7, 9-24-24)

Sec. 5.10.05. Off-Street Parking: Reductions in Parking Requirements.

A. *Parking Reductions - Procedures.*

1. Off-street parking requirements may be reduced by the Director or Planning Commission based on the requirements of this Section.

2. If the conditions by which any reduction approved under the provisions of this Section are changed or eliminated, the approved reduction shall no longer apply and parking shall be provided in accordance with this Article or the owner applies for another parking reduction.

3. Administrative Approvals of Parking Reductions.

   a. Off-street parking requirements may be reduced by up to fifty (50) percent upon a finding by the Director that the applicant meets the requirements for at least one (1) of the allowable reductions of this Section. The Planning Director may require that the request for allowable off-street parking reductions be reviewed by the Planning Commission as a Special Land Use based on the potential to affect neighborhood character, the absence of convenient public parking, or the results of a Parking Demand Study as provided in Section 5.10.04.A. demonstrating a potential need for parking.

   b. Administrative Departure. An Administrative Departure up to eight (8) required off-street parking spaces may be granted where the building footprint comprises ninety (90) percent or more of the lot, or the lot cannot otherwise accommodate the required parking by reason of shape, location, natural features or other physical constraint, even if the Departure results in a reduction greater than fifty (50) percent of the required parking.

4. Special Land Use.

   a. A Special Land Use may be approved to reduce parking requirements above fifty (50) percent or to eliminate any off-street parking requirement upon a finding that the applicant meets the requirements for one (1) or more of the allowable reductions of this Section.

   b. In reviewing a parking reduction, the Planning Commission shall consider the following factors, as applicable.

      i. The land use and development character of the area to be served by the parking facility, including the relative intensity of uses requiring parking, availability of transit, proximity of nearby employment centers and residential uses, and other relevant factors;

      ii. The availability of other publicly available parking in the area, including information such as number of spaces, any applicable restrictions (time limits, dedicated parking areas, etc.), or other uses also counting spaces in the same parking area for meeting parking requirements;

      iii. The timing of parking use relative to other uses in the area including information regarding hours of operation or other operational parking needs that would permit use of the spaces;

      iv. Whether the location of all provided parking meets the requirements of this Article;

      v. Whether compliance with Table 5.10.04.C. is made to the maximum extent practicable taking into account parking lot design and efficiency of the layout;

      vi. Whether other adjustments as described in this Section should apply in conjunction with or in lieu of the requested need-based adjustment; and

vii. Whether supporting documentation, if provided, adequately demonstrates that sufficient parking is available to meet projected typical demand.

B. *Mixed-Use Parking Coefficient.* Where the Director determines that a mix of land uses could reduce the number of required parking spaces, Table 5.10.05.F. below shall be used to calculate mixed-use parking requirements. The required parking for each use shall be totaled, and then divided by the appropriate mixed-use coefficient.

Table 5.10.05.B. Mixed Use Parking Coefficients	Residential	Lodging	Office	Retail	Other Commercial
Residential	X	1.1	1.4	1.2	1.1
Lodging	1.1	X	1.7	1.3	1.2
Office	1.4	1.7	X	1.2	1.1
Retail	1.2	1.3	1.2	X	1.0
Other Commercial	1.1	1.2	1.1	1.0	X

1. For example, for a mixed-use development containing office and retail uses:

   $(\text{Parking}_{\text{OFFICE}} + \text{Parking}_{\text{RETAIL}})\ (14 + 21) = 35 \div 1.2 = 29.17$ (30 rounded up)

2. If there are more than two (2) uses in the development, the required parking for all uses shall be totaled and divided by the lowest applicable coefficient. For example, for a mixed-use development containing office, residential, and retail uses:

   $(\text{Parking}_{\text{OFFICE}} + \text{Parking}_{\text{RETAIL}})\ (14 + 21) = 35 \div 1.2 = 29.17$ (30 rounded up)

   $(P_{\text{OFFICE}} + P_{\text{RESIDENTIAL}} + P_{\text{RETAIL}})\ (14 + 12 + 21) = 47 \div 1.2 = 39.17$ (40 rounded up)

C. *On-Street and Business District Parking.*

1. The use of on-street parking, publicly-owned business district parking lots (district lot), or parking structure spaces to meet a portion of the minimum off-street parking requirements shall be permitted as provided in Subsection A., above, provided the following conditions are met:

   a. Adequate on-street, district lots or parking structures exist within five hundred (500) linear feet of the primary entrance of the main building;

   b. No more than fifty (50) percent of the off-street parking space requirement is met through the use of on-street, district lot or structure parking;

   c. The intensity of the use and its parking requirements shall not substantially adversely affect available parking for surrounding uses; and

   d. There are no adverse effects on existing or planned traffic circulation patterns.

2. A Parking Demand Study as provided in Section 5.10.04.A. may be required to demonstrate that there are adequate available on-street, district lot, or parking structure spaces.

D. *Payment in Lieu of Parking.* A parking program may be instituted to develop publicly owned district parking lots or structures as opposed to individually owned and operated parking areas.

1. *Mixed-Use Commercial Zone Districts.* In lieu of providing the required off-street parking spaces for any development, a payment may be made under the provisions of Section 5.10.05.C.2. and 3. below.

2. *Parking Facilities Account.*

   a. The purpose of the Parking Facilities Account as set forth in Chapter 31 of the City Code, is to fund the planning, designing, acquiring, building, financing, and developing, but not maintaining, of public off-street parking facilities designated by the City Commission as

serving the TN-CC Zone District. The Parking Facilities Account may also be used for other alternatives to the provision of parking facilities in the Zone District, including Transportation Demand Management measures.

b. Chapter 31 shall establish an amount which, if paid to the Parking Facilities Account, shall constitute provision of one (1) off-street parking space. Chapter 31 also sets forth conditions for partial in-lieu payments and recording of in-lieu payments.

3. *Special Assessment.* The City may, as part of any special assessment levied to defray a portion of the cost of a parking facility, determine that the payment, or alternatively, the levy of a special assessment, shall constitute provision of a designated number of parking spaces for the building or structure, and any future building or structure, located on the property specially assessed. The determination of the number of parking spaces deemed to be provided, if any, shall be made at the time that the special assessment is levied.

E. *Alternate Modes of Transportation.* One (1) or more of the following methods may be used to reduce off-street parking requirements:

1. *Transit.*

a. Parking requirements may be reduced under the provisions of Section 5.10.05. for up to fifty (50) percent of required parking spaces for buildings, structures, or uses within a half mile of a Bus Rapid Transit (BRT) station or one-quarter of a mile of a transit stop.

b. A Transportation Demand Management (TDM) study may be required to demonstrate that a sufficient number of vehicle drivers already use or would immediately opt for transit, and therefore would not result in adverse parking impacts on surrounding properties.

c. The applicant shall provide a written statement from The Rapid verifying that the transit station or transit stop is in a permanent location for the foreseeable future.

2. *Alternative Vehicles.*

a. One (1) alternative vehicle parking space may count as four (4) regular parking spaces.

b. Alternative parking spaces shall be reserved, signed, and enforced for car-sharing services or for Low-Emitting and Fuel-Efficient Vehicles (vehicles that are either classified as Zero Emission Vehicles (ZEV) by the California Air Resources Board or have achieved a minimum green score of forty (40) on the American Council for an Energy Efficient Economy (ACEEE) annual vehicle rating guide).

c. Electric car spaces shall include a power outlet for use by the parked car. These spaces should be closest to the main entrance (exclusive of spaces designated for handicapped). Power outlets may count toward those required by Section 5.10.03.D.11.

3. Each parking spaces reserved, signed, and enforced for carpooling or vanpooling services may count as two (2) regular parking spaces.

4. *Reductions for Bicycle Facilities.*

a. Vehicle parking requirements may be reduced by one (1) space for every four (4) covered, secured bicycle parking spaces, including lockers, one (1) or more floor pumps, and a work stand are provided on site. These amenities must be made easily accessible to cyclists using the bicycle parking spaces.

b. Parking requirements may also be reduced by four (4) spaces where free showers and locker facilities are available for use within the building.

c. See Section 5.10.10.B.5. for requirements related to covered bicycle parking spaces.

F. *Shared Parking Agreements.*

1. *Mixed-Land Use.* Where a mix of land uses creates staggered peak periods of parking demand, shared parking agreements that have the effect of reducing the total amount of required parking spaces are encouraged. Shared parking agreements for off-street parking for two (2) or more buildings or uses is permitted subject to the following:
   a. The total number of required parking spaces for each use on each lot shall not be reduced by more than fifty (50) percent.
   b. Shared parking areas shall be located within three hundred (300) feet of the use.
   c. Adjacent lots shall be connected by drive aisles.
   d. Shared parking leases or agreements shall have a term of not less than five (5) years, including any renewals at the option of the lessee.
2. *Easements.* Written easements providing for the continued use and maintenance of shared parking shall be submitted to the Planning for review and approval. Any agreement shall include provisions to address changes in use and ownership. The agreement shall include a provision that, should the agreement be severed or modified, parking for the affected properties will be brought into full compliance with this Chapter.

(Ord. No. 2020-18, § 2, 6-16-20; Ord. No. 2024-20, § 23, 4-23-24; Ord. No. 2024-40, § 8, 9-24-24)

Sec. 5.10.06. Loading/Unloading Spaces.

A. *Purpose.* In all Zone Districts, every building or part thereof which is to be occupied by one (1) or more uses that require the receipt or distribution of materials or merchandise by vehicles shall provide and maintain off-street loading spaces as required by this Section.

B. *Location.*

1. Loading/unloading areas and docks shall be prohibited in the front yard or on any building side facing and directly visible from a street.
2. Loading/unloading operations shall not interfere with the normal movement of vehicular and pedestrian traffic in public rights-of-way, off-street parking areas, internal drives, or sidewalks.
3. No loading space that is adjacent to a Residential Zone District shall be nearer than thirty (30) feet to the Zone District line unless it is contained within a completely enclosed building, or enclosed on all sides by a wall or solid fence not less than six (6) feet high.
4. The vehicular path and turning radii to the loading area must be shown on the site plan to verify truck maneuverability for the largest truck intended to serve the use.

C. *Required.* Loading/unloading spaces shall be at least twelve (12) feet wide, thirty (30) feet long, and have fourteen (14) feet of clearance. Each additional required loading space shall be at least ten (10) feet in width, forty-five (45) feet in length, and have fourteen (14) feet of clearance.

D. The minimum number of loading spaces shall be provided in accordance with Table 5.10.06.D. Loading Space Requirements.

Table 5.10.06.D. Loading Space Requirements

Use Type	Measurement	Loading Spaces
Number of Residential Dwelling Units	0—24	None
	25—74	1
	75 or More	2
Non-Residential GFA (sq. ft.)	Up to 20,000	None
	20,001—75,000	2
	75,001—100,000	3
	100,001+	5
sq. ft.= square feet; GFA = gross floor area		

E. If only one (1) loading space is required, an alley may be used in lieu of the required loading space.

F. *Administrative Departure.* An Administrative Departure may be approved to reduce the size of loading spaces, or to modify the number of spaces and location requirements where another measure or location would be more appropriate due to site constraints or the number or type of deliveries experienced by a particular use.

Sec. 5.10.07. Mobility and Circulation.

A. *Purpose.*

1. The purpose of this Section is to establish mobility and circulation standards that give equal treatment to all modes of travel; allow reasonable access to properties; create a continuous network of non-motorized pathways within and between developments; maintain the capacity of existing public infrastructure as land development occurs; ensure safe access to and from streets by emergency vehicles; and reduce interference with through traffic by other vehicles, bicycles and pedestrians.

2. Streets should be capable of accommodating multiple modes of transportation and should facilitate the creation of a public realm designed primarily for people, characterized by:
    a. Pedestrian-friendly design that places a high priority on walking, bicycling, and use of public transit;
    b. Streets and blocks arranged to allow for comfortable walking distances, to disperse traffic and to reduce the length of vehicle trips;
    c. A connection to, and enhancement of, the existing street network;
    d. A recognition of the role of buildings and landscaping that contributes to the physical definition of streets as civic places; and
    e. Residential and business uses that have convenient access to existing and future transit stops.

B. *Street and Sidewalk Connections.*

1. Continuation.
    a. Streets and internal circulation drives shall be arranged to provide for the alignment and continuation of existing or proposed streets and drives into adjacent lots, developed or undeveloped.
    b. This provision shall not be construed as prohibiting the termination of streets at public street intersections where appropriate, provided that the overall connectivity of the street network is maintained, and intersections are adequately spaced as determined by the Traffic Engineering Department.
    c. Street continuations may be limited by a highway, waterway, open space, utility line, roadways with limited access restrictions, or development that is expected to remain, as determined by the Traffic Engineering Department.
    d. Where a public street is vacated, pedestrian access shall be preserved for the public where the connection is necessary to prevent circuitous routing.
2. Street and sidewalk connections shall be made between neighborhood commercial centers and adjacent residential neighborhoods, unless otherwise approved by Traffic Engineering.
3. At all locations where streets terminate with no street connection, but a future connection is planned or accommodated, a sign shall be installed at the location with the text "STREET TO BE EXTENDED BY THE AUTHORITY OF THE CITY OF GRAND RAPIDS."
4. The Final Plat or Site Condominium and the deeds for all residential dwellings shall identify all stub streets and include a notation that all street stubs are intended for connection with future streets on adjoining parcels of land.

C. *Cross Access Between Adjacent Uses.*

1. Internal vehicular circulation areas shall be designed to allow for cross access to adjacent lots with residential, nonresidential or mixed-uses.
2. A stub for future cross access shall be provided from the vehicular use area to all adjacent lots. Where cross access is deemed impractical by the Planning Commission or Director during Site Plan Review or Director Review on the basis of topography, the presence of natural features, or vehicular safety factors, the requirement for cross access may be waived provided that appropriate bicycle and pedestrian connections are made between adjacent developments or uses.

3. A cross-access easement shall be recorded with the Kent County Register of Deed prior to the issuance of a Building Certificate of Occupancy for the development.

D. *Block Length.*

1. Unless prohibited by environmental or topographic constraints, the average block length in a development shall not exceed six hundred (600) linear feet between the right-of-way lines of intersecting streets, nor exceed a block perimeter of one thousand eight hundred (1,800) feet measured along all sides of a block along the property lines.

2. When existing barriers limit extension of the street network, blocks shall be created to match the requirements in D.1. above to the maximum extent practicable. Barriers may include features such as a highway, waterway, open space, utility line, roadways with limited access restrictions, or development that is expected to remain.

3. Mid-Block Paved Pathways.

   a. In cases where the maximum block length and/or block perimeter is exceeded, paved pathways in easements or on open space lots shall be provided mid-block to connect parallel streets on the long side of the block in a location approved by the Director.

   b. The mid-block pathway shall be a minimum of ten (10) feet wide, and designed as a continuation of the streetscape, including materials and furnishings, and lighted using footlights, bollard lights, building lights, and/or adjacent street lights to provide for safety and visibility.

   c. The mid-block pathway requirement may be fulfilled by a permitted alley when a minimum five (5) foot pathway is provided.

4. In lieu of a mid-block pathway, a mid-building pathway with 24-hour public access may serve as a mid-block pathway.

5. Administrative Departure. Other options for a mid-block or mid-building pathway may be approved that fulfill the same function.

6. These requirements shall not apply to residential blocks created under the provisions of Chapter 64, Subdivision Regulations.

Sec. 5.10.08. Pedestrian Access and Circulation.

A. *Purpose.* Pedestrian access shall be required for all sites to improve the health, safety and welfare of the public by providing clear pedestrian pathways at perimeter and internal site locations to reduce pedestrian and vehicular conflicts, improve accessibility for persons with disabilities, and establish a multi-modal environment that is supportive of walking, biking and transit use. These requirements are also intended to promote healthier lifestyles by encouraging walking and bicycling over the use of a private vehicle for many daily activities, and to provide the means by which residents and visitor can be more engaged with their neighbors, coworkers, and fellow visitors.

B. *New Construction.* All sites on which any new construction occurs shall provide sidewalks conforming to City standards along all portions of the property which border a public street, excluding alleys.

C. *Minimum Width for Pedestrians.*

1. At least five (5) feet of sidewalk space shall be kept clean and clear for the free passage of pedestrians at all times.

2. Administrative Departure. Upon consultation with Traffic Engineering, a lesser width of clear area approved. In evaluating a request for an Administrative Departure, the following shall be considered:
    a. Street classification and current or expected volume of use;
    b. Vehicular and pedestrian traffic volumes and related public safety;
    c. Nature of vehicular and pedestrian traffic (e.g. children, etc.);
    d. Availability and practicality (i.e. convenience) of alternative pedestrian routes; and
    e. Time of day, time of week, time of year, and duration of obstructions reducing the minimum required width (e.g. outdoor dining spaces, etc.).

D. *Internal Pedestrian Circulation.*

1. Requirements for mid-block or mid-building pathways of Section 5.10.07.D. shall apply.
2. All attached single-family and multiple family residential, non-residential and mixed-use developments shall comply with the following requirements.
    a. Continuous internal pedestrian walkways shall be provided to connect off-street surface parking areas with the primary entrances of main buildings.
    b. At least one (1) pedestrian walkway with a minimum width of five (5) feet shall be provided from the internal pedestrian walkway network to the public sidewalk system. In the case of corner lots, connections shall be made to the sidewalks of both streets.
    c. All internal pedestrian walkways shall be distinguished from driving surfaces through the use of durable, low-maintenance surface materials such as pavers, bricks, or scored/ stamped concrete or asphalt.
3. Walkways in Parking Lots.
    a. Paved walkways shall be provided for access to adjacent parks, shopping areas, transit stops, anticipated walkways and institutions. Walkways shall either be dedicated sidewalks raised above the surface of the parking lot, or, if at the same level as the parking lot, clearly marked with striping and tactile alerts, and may use alternative materials, such as pavers.
    b. Each surface parking area that has fifty (50) or more parking spaces, or has any parking spaces more than three hundred fifty (350) feet from the front façade of the main building, shall have at least one (1) pedestrian walkway or sidewalk allowing pedestrians to pass from the row of parking furthest from the main building façade to the primary building entrance.
    c. The required walkway must be at least five (5) feet wide, shall not be within a driving aisle, and, where possible, shall be within a landscaped island running perpendicular to the primary building façade. If parking spaces are adjacent to a sidewalk, the sidewalk must be at least seven (7) feet to allow for vehicular overhang.

E. *Trail Connections.* Where trails exist or are planned, paths or sidewalks shall connect building entries to the trail system.

Sec. 5.10.09. Transit Access and Amenities.

A. *Transit Stops.* Where public transit service is available or planned, convenient access to transit stops shall be provided by means of public or private sidewalks or walkways. Any provided seating shall not obstruct a public sidewalk.

B. Where transit shelters are provided, they shall be placed in highly visible and well lighted locations for purposes of safety, subject to review by The Rapid.

C. *Landscaping.* Landscape and/or plaza areas are encouraged at transit stops.

Sec. 5.10.10. Bicycle Facilities.

A. *Minimum Required Spaces.*

1. Any development or addition to an existing development requiring vehicle parking spaces shall be required to provide bicycle parking. Table 5.10.10.A. indicates the number of required spaces based on the Use Tables of the Zone District. Calculations by area are based on gross floor area of the main building(s). Fractions shall be rounded up.
2. No bicycle parking is required for single-family detached, two-family, attached single-family dwellings, group living, aeronautical, utilities, and manufactured housing communities.
3. Mixed use developments shall calculate the total number of required spaces using the appropriate use category for each use in the development. Developments with multiple buildings shall calculate space requirements for each building.

Table 5.10.10.A. Required Bicycle Parking Spaces

Use	Required Spaces*	Other Requirements
Residential	1 per dwelling unit	50% of required spaces may be within garages provided the Director determines that the garage size and dedicated bicycle parking facilities are generally adequate to accommodate these spaces.
Government/ institutional, educational	1/5,000 sq. ft.	No fewer than 3 spaces shall be provided.
Commercial, retail sales, personal service, auto-oriented, regulated uses	1/5,000 sq. ft.	
Offices	1/10,000 sq. ft.	
Entertainment, hospitality and recreation	1/15,000 sq. ft.	
Industrial, transportation	1/20,000 sq. ft.	Office uses shall be calculated separately. No fewer than 3 spaces shall be provided.
Parking structures	1/20 parking spaces	Parking structures that are integrated with a separate principal use shall use the greater of the separate calculations for the use and the parking structure.

*After the first 20 required bicycle spaces, additional spaces shall be calculated at 50% of the table values.

B. *Location.*

1. Bicycle parking shall be within fifty (50) feet of the nearest publicly accessible building entrance, in well-lit areas clearly visible from the street, and on the same lot as the use being served. Facilities may be indoors or outdoors. If indoors, access shall be available to the public during business hours, at a minimum.

2. A pedestrian-accessible walkway shall be available between the outdoor bicycle parking area and the primary building entrance. Public sidewalks may be used to meet this requirement. An aisle width of at least five (5) feet shall be provided adjacent to any bicycle parking facilities to allow for maneuvering.
3. Racks shall be installed a minimum of two (2) feet from any entrance door, wall or other obstruction, except for wall-mounted bicycle racks, which may be mounted directly on a wall, and shall not be placed within ten (10) feet of a fire hydrant.
4. Bicycle lockers shall be inside, or to the side or rear of the main building, but not within any required setback, at a Required Building Line, or within a clear vision area. If indoors, lockers shall be accessible to the public during operating hours of the use(s) within the building.
5. Covered Bicycle Parking Areas.
    a. Covered bicycle parking is required for any development that requires twenty-five (25) or more bicycle spaces in accordance with Table 5.10.10.A., or to be available for use associated with a parking reduction as described in Section 5.10.05.D.4.
    b. Covered bicycle parking areas shall be sheltered from natural elements by locating them inside or under main or accessory structures, in bicycle lockers, under roof extensions, overhangs, awnings, carports or enclosures, or other similar methods.
    c. If bicycle parking is covered, the cover must be permanently attached to the ground or a structure, and must have at least seven (7) feet of clearance above the surface to which it is attached. Covered parking areas shall maintain at least five (5) feet of clear area for pedestrian use.
    d. Covered bicycle parking areas shall not be place forward of any required setback or Required Building Line and, if attached to a main building, shall meet all applicable setbacks.
6. Bicycle parking placement shall not conflict with pedestrian travel.
7. Parking Lots.
    a. Bicycle parking and access facilities may be placed in vehicle parking areas but shall not take the place of a required vehicle parking space or conflict with internal parking aisles.
    b. Each surface parking area with two hundred (200) or more spaces shall have at least one (1) dedicated bicycle lane extending from the primary street to the bicycle parking area. Lanes must be easily accessible for bicycles from the public right-of-way and nearby bicycle paths, and may be either raised above the surface of the parking lot, or, if at the same level as the parking lot, must be clearly marked with striping and tactile alerts, bicycle lane markings, and a contrasting color from the surface of the parking lot, and may also use alternative materials, such as pavers.

C. *Facilities.*

1. Designs of bicycle racks, docks, posts, and lockers are encouraged to be decorative, unique, and appropriate to the surrounding area or related to the use being served, and shall be maintained in good repair. Bicycle parking design should be incorporated whenever possible into building design and coordinated with the design of street furniture when it is provided.
2. Bicycle parking racks, docks, or posts shall be designed and installed to allow a bicycle to be locked to a structure, attached to the pavement, building, or other permanent structure, with two (2) points of contact to an individual bicycle frame. Racks, docks, and posts shall be designed to allow the bicycle frame and one (1) or both wheels to be locked with a U-lock when used as intended.

3. The parking surface shall be level and easily accessible from the public right-of-way, and designed and maintained to be mud and dust free, clear of ice and snow, and kept in good repair. The use of rock or gravel areas for bicycle parking is permitted provided that edging materials are used so that the bicycle parking area is clearly demarcated and the ground material is contained.

D. *Administrative Departures.*

1. Required bicycle parking may be reduced by an Administrative Departure when it is demonstrated that the level of bicycle activity at that location warrants a different amount. In no case shall fewer than three (3) spaces be provided.

2. The Director may permit public bicycle parking provided by the City within the street right-of-way to be counted toward meeting a portion of the minimum bicycle parking requirement for a parcel, as determined by the Director. To count toward the requirements, the spaces shall be on the same block and on the same side of the street. Credit for public bicycle parking spaces shall apply to parking for all uses on the parcel rather than any specific use.

3. The requirements of this Section not related to the required number of bicycle parking spaces may be modified, reduced, or eliminated if the Director determines that compliance is impractical or unnecessary.

Sec. 5.10.11. Private Streets.

A. *City Standards.* Private streets shall not be constructed, extended or relocated without express written approval by the Engineering, Planning, Traffic Engineering, Fire and Streets and Sanitation Departments and other departments as deemed necessary attesting that the proposed private street complies with all City standards.

B. *Approval.* Private streets shall be permitted where there is no opportunity or potential to establish a public street or plat the land.

C. *Application Requirements.* The following shall be submitted:

1. The name(s) and address(es) of the owner(s) and all other parties having any access interest in the private street.

2. The proposed name of the street as well as the proposed addresses for all new lots or parcels that would have a front or side lot line on the street.

3. A site plan showing all proposed lots or parcels that would have access by means of the private street, and also showing the location, grade, route, elevation, dimensions and design of the private street and any proposed extensions thereof, together with existing and proposed curb cuts and the location of and distance to any public streets which the private street is to intersect. Adjacent parcels of land and any buildings thereon shall be included in the site plan.

4. A utility plan showing the location of all public utilities including, but not limited to, water, sewer, telephone, gas, electricity and cable, to be placed within the private street easement or right-of-way or within twenty (20) feet of either side thereof.

5. A private street maintenance agreement to be approved by the City Commission. The agreement shall run with the land and shall be recorded with the Kent County Register of Deeds. It shall be recorded prior to issuance of a LUDS permit.

D. *Maintenance.* The private street shall be continuously maintained in a manner that it does not constitute a danger to public health, safety and welfare. All costs associated with the repair of the private street shall be the responsibility of the individuals and/or the property owners association(s) comprised of land owners served by the street.

E. *Access and Occupancy.* The private street shall be readily accessible to and usable by emergency vehicles in all weather. An occupancy permit required under Chapter 131 for a dwelling or other building, the primary access to which is to be provided by a private street, shall not be issued until the private street has been constructed with sufficient width, surface and grade to ensure the safe passage and maneuverability of emergency service vehicles.

F. *Street Frontage.* All lots and parcels of land with access to a private street shall have frontage on the approved private street right-of-way equal to the minimum lot width requirement of the Zone District in which the lot is located. A parcel with frontage on both a private and public street shall be considered a corner lot.

G. *Disclosure.* The following statement shall be included in any deed or other instrument of conveyance recorded for any lots or other parcels of land served by a private street:

"This property does not abut or front upon a public street. If a public street does not abut or serve the property, the street abutting or serving the property is a private street, and it is therefore not required to be maintained by the City of Grand Rapids."

H. *Performance Guarantee.* As a condition of approval of a private street and the issuance of a LUDS permit, the City may require that the applicant provide a performance guarantee in accordance with the provisions of Section 5.14.04., the release of which is conditioned upon the satisfactory performance by the applicant of the terms of this Section and any conditions of approval.

I. *Fee.* A fee set by City Commission resolution may be assessed for processing a private street application.

J. *Effect on New and Existing Private Streets.*

1. The provisions of this Section shall apply to all private streets designated or constructed on and after the effective date of this Chapter.

2. The entire private street, including the portion thereof existing prior to the adoption of this Chapter, shall comply with all requirements of this Section if an existing private street is extended by an increase in its length, or if lots or parcels of land with access to the existing private street are added.

ARTICLE 11. LANDSCAPING AND GREEN INFRASTRUCTURE

Sec. 5.11.01. Purpose and Intent.

A. *Purpose.* The purpose of this Article is to promote and protect public health, safety and general welfare by preserving and improving environmental conditions affected by the built environment through the effective and functional use of landscaping and green infrastructure, and to accomplish the purposes and intents of this Chapter.

B. *Quality of Life.* Protect and enhance community quality of life by using the natural environment to provide shade and visual relief; provide a buffer between potentially incompatible uses; and screen adjacent properties from the effects of noise, light, glare, and other adverse effects.

C. *Design.* Required landscaping should be creatively and architecturally designed to add four (4) seasons of visual interest, preserve or complement natural systems, and fit with the character of the surrounding area.

D. *Resiliency.* Maximize the benefits of the natural environment to create a more resilient community, including improvement of water quality through stormwater retention, providing a mix of plant materials to mitigate the effects of disease, allow air quality improvements, mitigate the effects of vehicle emissions, and preserve and enhance wildlife habitats.

E. *Economic Benefit.* Protect and enhance property values, the character and quality of residential neighborhoods, and the attractiveness and economic vitality of business areas; decrease energy consumption and costs for heating and cooling; and reduce demand on the City's public infrastructure and systems for flood control, stormwater management, potable water, and other public services and amenities.

F. *Stormwater Impact.* Reduce stormwater effects and costs associated with site grading, flooding, erosion, expansion of impervious surface areas, and removal of vegetation.

G. *Health Benefits.* Decrease the urban-heat island effect on high heat days for vulnerable populations, provide benefits for physical activity by using shade to improve pedestrian comfort, improve air quality for persons with breathing problems, provide opportunities for quiet respites in urban environments, and offer connections to nature to help manage stress.

H. *Tree Preservation and Tree Canopy Coverage.*

1. Sustain and enhance the functions and benefits of vegetation by conserving trees, preserving tree canopy wherever feasible, and increasing canopy coverage through proper protection and planting to better bring trees to maturity.
2. The requirements relative to tree canopy preservation on each parcel bears an essential relationship to the City's and residents' interest in the preservation of the totality of Grand Rapids' canopy coverage, recognizing that it is the sum of each parcel's gain or loss of trees through land development activities that combine to produce a benefit for all.
3. Through application of these carefully measured regulations, the City finds that the burden on each parcel for the maintenance of tree canopy when redevelopment occurs will bear a rough proportionality to the important benefits gained from overall tree canopy preservation and replacement.

I. *Community Priorities.* Support achievement of the goals and priorities contained in officially adopted plans and policies, such as the Master Plan, Parks and Recreation Master Plan, Green Grand Rapids Plan, Sustainability Plan, Stormwater Master Plan, and Urban Forest Plan, and other adopted plans and policies of the City.

Sec. 5.11.02. Applicability.

A. *Type of Projects.* The requirements of this Article shall apply to all development projects that require a Land Use and Development Services (LUDS) permit and are, at a minimum, subject to the following provisions in addition to this Article.

1. *Nonconformities.* Any change to the use of a lot, building or structure is subject to the provisions of Article 3, and Section 5.3.06. Nonconforming Site Elements of this Chapter.
2. *Chapter 42 Trees.* Director or Planning Commission approval of landscape plans shall be subject to compliance with Chapter 42 of the City Code and other City regulations and policies pertaining to trees.

B. *Approval Required.* No removal of vegetation, ground cover or trees shall be undertaken once an application for an approval required by this Chapter is submitted, or prior to the issuance of a LUDS permit, where required.

C. If two (2) or more conflicting landscape or open space requirements apply to the same area, that which requires the most landscaping or open space shall apply.

Sec. 5.11.03. Landscape Plan Submittal Requirements.

A. A landscape plan shall be submitted as part of Director or Planning Commission approval, subject to the provisions of this Article and Article 12 Application and Review Procedures.

B. Landscape plans shall include, but are not necessarily be limited to, the following information, unless waived by the Director as being unnecessary. Additional information may be required by the Director or Planning Commission as necessary to evaluate the landscape plan.

1. *Existing and Proposed Features.*
    a. Existing and proposed site contours on the project site and one hundred (100) feet beyond the site lot lines, at intervals not to exceed two (2) feet.
    b. Delineation of natural rivers, wetlands, streams and water bodies, or other sensitive environmental areas that may influence water quality and/or stormwater discharge rates shall be delineated on final plats, condominium documents or site plans with a clear notation of use restrictions.
    c. Woodlands, wildlife areas, and steep slopes.
    d. Location, height and type of any berms, fences or walls measuring thirty (30) inches or higher.
    e. Location of all overhead utilities.
2. *Tree Protection and Canopy.*
    a. A Tree Inventory displayed as a map or plan with a list and description of the species, condition, and size for all trees six (6) inches in diameter at breast height (DBH) or larger that are within the project site or portion thereof, in those areas affected by development, and within twenty (20) feet of the project boundary.
    b. The percent of tree canopy by tree species shall be provided. The City of Grand Rapids Urban Tree Canopy Analysis Map (2015), as may be updated from time to time, is recognized as determinant of tree canopy coverage for the purposes of this Chapter.
    c. A Tree and Root Protection Plan showing tree protection and root protection zones shall be defined. Methods and details for protecting existing vegetation during construction as required in Section 5.11.10.
3. *Planting Plan Requirements.*
    a. Identification (including location, species, condition, and tree size) of existing trees, vegetation, and other landscape elements to be removed or retained. The reasons for removal shall be noted. Unhealthy trees, as defined, shall be exempt from tree replacement requirements.
    b. Location, size, spacing, and species of proposed plant material, including plant lists showing the required and proposed quantities. Where tree replacement is required or proposed, a table that corresponds to the plan shall be provided that lists the quantity and size, by species, of each tree to be planted.

c. Calculations verifying the minimum landscape area, required greenspace, trees, and plant materials required under this Article shall be provided as part of the Landscape Plan.

d. Specifications on soil depth, soil type/mix, open soil surface area, and planting methods.

e. Description of temporary and permanent irrigation methods for trees and landscape areas.

f. Typical cross section, including slope, height, and width of berms and the type of ground cover to be placed on them.

4. *Maintenance.*

a. Description of landscape maintenance program, including statement that all diseased, damaged or dead materials shall be replaced in accordance with the requirements of Section 5.11.07.H.

b. Maintenance of rain gardens and other similar features shall comply with the standards and requirements of the City's Environmental Services Department.

Sec. 5.11.04. Landscape Plan Review Standards and Administrative Departures.

A. *Review Standards.* The Planning Director and the Planning Commission shall use the following review standards in reviewing landscape plans.

1. The applicable Site Plan Review standards of Section 5.12.08.shall be met.

2. Landscape plans shall generally meet the Intent and Purposes of Section 5.11.01.

3. Site design and architectural layout activities shall preserve existing trees, other significant vegetation, and natural features to the greatest extent practicable and reduces the risk of damaging these features through changes of grade, soil moisture, and other alterations of the site. This includes, but is not limited to, the layout and design of buildings and associated site improvements including auguring, jacking, or boring to install utilities (as opposed to open cutting).

4. Provided landscaping and buffering helps block potential negative impacts related to noise, lighting levels, and activity through the use of denser landscape screening and/or a fence or wall visually softened by clustered plantings, creatively and architecturally designed, as appropriate to the character of the surrounding area.

B. *Administrative Departures.* In addition to the specific Administrative Departures provided in this Article, Administrative Departures from strict compliance of this Article may be approved, after consultation with the City's Environmental Services Department or City Forester as appropriate, where an applicant can demonstrate that any of the following conditions are applicable to the site.

1. Space limitations on the site or prevailing development patterns in the surrounding neighborhood justify alternative compliance.

2. Safety considerations warrant flexibility on the site.

3. The proposed alternative is equal to or superior in its ability to meet the purpose and intent of this Article and Section 5.12.08.

4. No other practicable alternative in the placement of a building, structure, street or utility construction, access drive, stormwater management facility, trail or pathway, or other site improvement that inhibits compliance with this Article is available.

Sec. 5.11.05. Natural Feature Protection: Site Grading and Steep Slopes.

A. *Design.* To avoid unnecessary site grading and disturbance of steep slopes, architectural and site designs that respond to a site and its topography shall be used.

B. *Grading.*

1. The general site topography and any natural landforms unique to the property shall be maintained and made part of the development to reinforce the neighborhood character.

2. Proper grading and elevation relationships to adjacent properties shall be maintained. All necessary grading shall complement natural landforms.

3. The most significant slopes and ridgelines shall be maintained in their natural state by clustering development.

4. Stormwater. Stormwater runoff that could result from major changes in topography shall be minimized.

5. Phased Construction. Large tracts shall be graded in workable units following a scheduled timeline so that construction does not result in large areas left bare and exposed to seasonal runoff.

C. *Slopes.*

1. *Cut and fill slopes shall be minimized.* Unstable slopes or slopes subject to erosion shall be protected. Slopes shall be re-vegetated using low-maintenance techniques.

2. *Steep Slopes.* Grading or removal of vegetative cover shall not be permitted on land with existing steep slopes (grade of twenty (20) percent or greater). Areas containing existing steep slopes shall be included as open space and not be a part of a building site.

D. *Administrative Departure.* Where steep slopes or other topographical or natural features make full compliance impractical or impossible, an Administrative Departure may be approved for grading on steep slopes where:

1. The contiguous surface area of steep slopes is less than ten thousand (10,000) square feet; or

2. There is insufficient area outside of stream and wetland buffers per Section 5.11.06.D.1. for required sedimentation and erosion control measures.

Sec. 5.11.06. Natural Feature Protection: Water Resource Protection.

A. *Purpose and Intent.* Water resource protection requirements are intended to reduce the effect of the built environment by preventing the chemical, physical, and/or biological degradation of water systems. These systems provide flood control, reduce pollution, maintain and enhance water quality, provide fish and wildlife habitat, and preserve open space. Protection areas shall be assigned to buffer high-value environmental features, while various innovative approaches in stormwater management and mitigation techniques will allow for the development of sites while preserving the functions and values of the environmental features.

B. *Chapter 32. Stormwater Management.* In addition to the requirements of this Article, development and land-disturbing activities shall comply with Chapter 32 of the City Code and other City policies pertaining to stormwater management, soil erosion and sedimentation control, and floodplains.

C. *Low Impact Development (LID).* Stormwater retention and detention facilities, as well as any contributing conveyance features designed to improve water quality through pretreatment techniques prior to discharge, shall be exempt from the provisions of this Section. The SEMCOG Low Impact Development Manual for Michigan or another comparable document shall be referenced to determine the appropriate Best Management Practices.

D. *Environmental Features.*

1. For the purposes of this Chapter, environmental features shall include rivers, wetlands, streams, water bodies, or other sensitive environmental areas that may influence water quality and/or stormwater discharge rates, but does not include artificial water bodies such as industrial mining pits and concrete-lined canals, areas with existing riparian floodwalls, or decorative landscape ponds.
2. Boundaries of features shall be determined by a qualified, credentialed consultant using methods accepted by Federal, State or regional permitting agencies, including the Michigan Department of Environmental Quality and the U.S. Army Corps of Engineers.

E. *Protection Areas.*

1. The area within seventy-five (75) feet of an existing environmental feature shall be considered a protection area. Grading, removal of vegetative cover, new structures and paving shall not be permitted within the protection area.
2. New plantings within the protection area must be native species. Table 5.11.06.E., Permitted Trees Near Water Features, identifies tree species that are permitted within a protection area that contribute to water uptake calculations upon review from the Environmental Services Department.

Table 5.11.06.E. Permitted Trees Near Water Features	
Botanical Name	**Common Name**
Juglans Nigra	Black Walnut
Salix spp.	Willow
Populus spp.	Cottonwood, Poplar, Aspen
Acer Saccharinum	Silver Maple
Catalpa Speciosa	Catalpa
Ulmus Rubra	Slippery Elm

3. Administrative Departure. The protection area may be reduced to fifty (50) feet from the environmental feature provided all of the following conditions are met.
   a. Site landscape features, such as vegetation and steep slopes, will be preserved in their natural state insofar as practicable by minimizing tree, vegetative cover and soil removal, alteration of natural drainage courses, and the amount of cutting, filling, and grading.
   b. Natural features and existing site topography have been incorporated into the proposed site design to the maximum extent practicable.
4. Special Land Use.
   a. The Planning Commission may approve a reduction of less than fifty (50) feet from the protection area to the distances noted in b., below, where:
      i. The conditions for an Administrative Departure of 3. above are satisfied;
      ii. The applicant has demonstrated that there is no practicable alternative; and
      iii. The removal of protection within this area will not result in a loss of habitat, hydrologic function, or erosion control.

b. The following reductions from the protection area may be approved by the Planning Commission.

i. To less than twenty-five (25) feet for public recreational facilities and improvements.

ii. To a minimum of twenty-five (25) feet for all other uses.

5. Residential Areas. Wetlands in residential plats or site condominiums shall be located in designated open areas, and not in areas designated for development, unless the City's stormwater engineer determines that another suitable location cannot be reasonably achieved.

6. Serviceable Structures. Water and sewer lines, bridge abutments or approaches, transportation structures, or other infrastructure may be developed and maintained within or near an environmental feature with approval from all applicable local, state, and/or federal agencies.

Sec. 5.11.07. General Standards for Landscaping and Planting.

A. *Required Vegetation.* All areas not covered by buildings, parking areas, driveways, walkways, pedestrian plazas or other pedestrian-oriented impervious surfaces or water surfaces shall be planted with living vegetation, including canopy trees, shrubbery and ground covers.

B. *Berms.*

1. Berm slopes shall not exceed a four to one (4:1) horizontal to vertical ratio, with a top width of at least one-half (½) the berm height, and a maximum height of three (3) feet above the base of the berm.

2. Berm slopes shall be stabilized with a ground cover or suitable vegetation and properly located outside of clear vision areas.

3. When constructed, berms shall retain in good condition existing healthy vegetation designated for preservation.

4. Administrative Departure. Berm heights up to five (5) feet may be permitted provided that stormwater management is not impaired.

C. *Topsoil.*

1. Soil shall be provided at a volume equivalent to plant size to ensure health and longevity.

2. Topsoil shall be installed with a minimum depth of four (4) inches for lawn areas, and eight (8) to twelve (12) inches within planting beds. Volumes for larger plants are correlated to plant type in Table 5.11.08.B. Minimum Plant Requirements. For the purposes of this calculation, the maximum soil depth is three (3) feet. Structural soil volume may count towards thirty-three (33) percent of total soil volume.

3. Topsoil for landscaping shall be clean, good quality loam topsoil, dark in color with visible organic content and neutral pH. Topsoil must not contain underlying soils, debris, or stones greater than one-half (½) inch. Topsoil shall be of uniform quality and free from hard clods, stiff clay, sod, or other undesirable materials.

D. *Stabilization.* All landscape planting areas shall be stabilized and maintained with seed, sod, ground covers, mulches or other approved materials to prevent soil erosion and allow rainwater infiltration.

E. *Planting Beds.* Bark used as mulch shall be maintained at a minimum depth of two (2) inches. Mulch shall be spread in a manner that avoids soil compaction. Planting beds shall be edged with plastic, metal, brick or stone in residential Zone Districts and metal edging in all other Zone Districts.

F. *Timing of Planting.* All required plant material shall be planted prior to issuing a Building Certificate of Occupancy. In the event that the project is completed during a time of year when planting is impractical, a performance guarantee meeting the requirements of Section 5.14.04. in the amount of the remaining improvements may be required.

G. *Completion of Improvements.* Tree stakes, tree ties and tree wrap shall be removed after completion of the initial growing season.

H. *Maintenance.*

1. Plant materials and landscape areas, including lawn, shall be maintained substantially weed- and debris-free, neat and orderly in appearance, and in healthy growing condition in accordance with the approved site plan.
2. Plants shall be controlled by reasonable pruning, trimming, or other suitable and acceptable methods so that they do not interfere with public utilities, restrict pedestrian or vehicular access, or constitute a traffic hazard.
3. Replacement of Plant Material.
    a. Unhealthy, withered, severely pruned, diseased or dead plants shall be replaced within one (1) year or the next appropriate planting period, whichever comes first.
    b. The property shall maintain any required plant material for one (1) year after the initial planting and replace any material which fails to survive or does not exhibit normal growth characteristics of health and vigor, as determined by the City Forester.
    c. The one (1) year periods shall begin after the approval of the planting by the City Forester and shall recommence as material is replaced.
    d. Specific tree replacement requirements are provided in Section 5.11.10.E.

I. *Credit for Existing Vegetation.* Existing healthy, well-formed trees and shrubs may be credited towards the requirements of this Article provided the vegetation is identified on the landscape plan, protected from harm during construction, located in an appropriate place, and maintained in a healthy growing condition. All attempts to conserve established, high-quality canopy trees shall be made.

Sec. 5.11.08. Plant Material Requirements.

A. *Plant Materials.* All plant material shall be hardy to the Grand Rapids area (generally Plant Hardiness Zone 6), be free of disease and insects, and conform to the American Standard for Nursery Stock of the American Nurserymen.

B. *Minimum Plant Requirements.*

1. The minimum plant size at planting, spacing, and soil volume necessary for healthy vegetation shall be provided in accordance with Table 5.11.08.B. Minimum Plant Requirements.

Table 5.11.08.B. Minimum Plant Requirements

Plant Material		Minimum Plant Size	Spacing on Center (ft.)	Soil Volume (cu. ft.)
Canopy/Shade Trees	Small	1.5 in. caliper	25 ft.	250
	Medium	2.5 in. caliper	35 ft.	500
	Large	2.5 in. caliper	45 ft.	750
Ornamental Trees		2.0 in. caliper	15 ft.	200
Evergreen Trees		5.0 ft. height	15 ft.	200
Shrubs		3.0 ft. height	3 ft.	N/A

2. Up to three (3) trees may be planted in the required minimum volume of topsoil if the topsoil volume is contiguous.
   a. Each additional small tree (over three (3)) planted in the same contiguous topsoil volume shall require an additional one hundred twenty-five (125) cubic feet of topsoil per tree.
   b. Each additional medium or large tree (over three (3)) planted in the same contiguous topsoil volume shall require an additional three hundred seventy-five (375) cubic feet of topsoil per tree.
3. The spacing requirements may be reduced to permit closely spaced evergreen plantings when used to form a complete visual barrier, provided the viability of the plant is not compromised.
4. Caliper measurements required in accordance with this Chapter shall be measured six (6) inches above the ground for trees up to and including four (4) inches in diameter; and twelve (12) inches above the ground for trees greater than four (4) inches in diameter. Diameter at breast height shall be measured at four and one-half (4 ½) feet above existing grade.

C. *Mixture of Non-Tree Species.* The landscape plan shall not contain more than thirty-three (33) percent of any single plant species. At least seventy (70) percent of new plantings shall be species native to Michigan.

D. *Mixture of Tree Species.* The landscape plan shall not contain any more than thirty-three (33) percent of any single tree genus. At least fifty (50) percent of tree plantings shall be species native to Michigan.

E. *Lawn Grasses.* Lawn grasses shall be planted in species normally grown as permanent lawns in the Grand Rapids area as determined by the Director in consultation with the City Forester.

1. Generally, grasses may be plugged, sprigged, seeded or sodded. When complete sodding or seeding is not used, nursery grass seed shall be sown and mulched for immediate protection until permanent coverage is achieved. Grass sod and seed shall be free of weeds and noxious pests or disease.
2. In swales and other areas susceptible to erosion, rolled sod, erosion reducing net or suitable mulch shall be used, and shall be staked where necessary for stabilization.

F. *Uncredited Tree Species.*

1. Uncredited Tree Species as listed in Tree Manual and Standards of Practice used by the City's Environmental Services Department and Table 5.11.08.F. are species that are permitted but shall not be credited toward required landscaping because of their brittleness, susceptibility to disease and insects, overly expansive root structure, excessive litter, and or other undesirable characteristics.
2. Uncredited tree species may be counted as trees for the purpose of counting towards the tree canopy requirement of Section 5.11.09. where appropriate.

Botanical Name	Common Name
Fraxinus	Ash
Juglans Nigra	Black Walnut
Pyrus Calleryana	Callery Pear
Catalpa Speciosa	Catalpa
Populus Spp.	Cottonwood, Poplar, Aspen
Gingko Biloba (female)	Female Gingko
Morus Spp.	Mulberry

Elaeagnus Angustifolia	Russian Olive
Centaurea Biebersteinii	Spotted Knapweed
Ailanthus Altissima	Tree of Heaven

Sec. 5.11.09. Minimum Tree Canopy.

A. *Purpose.* The tree canopy requirements are designed to ensure a sufficient tree coverage to provide an attractive landscape that protects and enhances property values; that provides shade and visual relief, stormwater retention, air and water quality improvements, and buffering and screening from noise, lights and glare; and supports achievements of the City's forty (40) percent canopy goals and other goals contained in the City's Master Plan, Green Grand Rapids Plan, Sustainability Plan and Urban Forest Plan, and other applicable plans as may be adopted by the City.

B. *Applicability.* The minimum tree canopy provision shall apply to each lot in its entirety, including driveways and shall include trees located within the public right-of-way. The most current City of Grand Rapids Urban Tree Canopy Analysis Map is recognized as the determinant of tree canopy coverage for the purposes of this Chapter. The following shall comply with minimum tree canopy coverage requirement.

1. New development that necessitates Site Plan Review or a LUDS permit, including single-family homes as part of a multiple-lot development. Single-family attached, single-family detached, or two-family residential units on an individual, existing lot are not required to meet the provisions of this Section.

2. Existing development that necessitates site plan review or a LUDS permit, excepting Section 5.11.09.C. below.

3. Any change to the use of a lot, building or structure per the provisions of Section 5.3.06. Nonconforming Site Elements.

C. *Canopy Distribution.* The tree canopy shall be distributed throughout the site or lot, in parking lots, within the adjoining street rights-of-way, and within the side, front, and rear yards of the lot.

D. *Tree Credit.* Where tree canopy is insufficient to meet the tree canopy provisions, credit may be given for proposed or recently planted trees. The expected square-foot contribution of each planted tree will be based on Table 5.11.09.D. Trees that have been planted within thirty-six (36) months of the date of the application for zoning approval and are in good, healthy condition shall be credited toward tree canopy coverage at maturity so long as sufficient soil volume has been provided and the tree species is on the approved list for planting.

Table 5.11.09.D. Tree Canopy Credit

Canopy/Shade Tree	Minimum Plant Size (caliper inch)	Canopy Cover at Maturity (sq. ft.)	Crown Diameter (ft.)
Small	1.5	400	25
Medium	2.5	900	35
Large	2.5	1,600	45

E. *Protecting Existing Canopy.* Existing trees shall be conserved to the greatest extent possible. Where existing trees are to be retained to meet the Tree Canopy Requirements, those trees shall be protected as described in Section 5.11.10.

F. *Administrative Departures.*

1. Tree canopy requirements may be modified subject to meeting one (1) of the following options.

   a. Plant and maintain trees required to satisfy Tree Canopy provisions at another location agreed to by the City Forester; or

   b. Payment in lieu to the Grand Rapids Tree Bank's tree planting program for the purposes of preserving and increasing the community's tree canopy is allowed where tree replacement is not possible on the site. The payment shall be based on an inch by inch basis of the caliper of the lost tree, at a rate per inch as determined by ordinance of the City Commission.

2. Permanent planters, vegetated walls and green roofs that are accessible and safe for residential occupants may be used towards tree canopy calculations for mixed-income multiple family projects. These items shall be measured in square feet of surface area.

3. A reduction of not more than thirty-three (33) percent of the required tree canopy listed in each applicable zone district for a parcel may be permitted for development projects.

Sec. 5.11.10. Tree Preservation and Protection Requirements.

A. *Intent and Application.*

1. This Section establishes requirements for the conservation of trees. Existing vegetation shall be considered a site asset as mature site vegetation offers an established root system and broader urban forest canopy coverage than newly planted trees and shrubs. Therefore, existing vegetation should be protected as much as practicable before, during, and after site development.

2. Exemptions.

   a. Tree protection requirements do not apply to areas that are necessary for the construction by the City of sidewalks, roadways, public water and sanitary sewer.

   b. Unhealthy trees, as defined, shall be exempt from tree preservation and replacement requirements.

B. *Tree Preservation.*

1. *Site Layout and Design.*

   a. Landscape planning shall include the preservation of existing healthy trees. All reasonable efforts shall be undertaken in the architectural layout and site engineering design of the proposed development for buildings, driveways, sidewalks, bikepaths, stormwater management facilities, and parking areas to avoid unnecessary removal of protected trees to preserve existing protected trees.

   b. *Grading.* The required drainage and grading plan, including stormwater management facilities, shall be designed to avoid removal of protected trees in the tree preservation area thereby causing risk of loss through change in grade or moisture.

   c. *Utility Lines.* Proposed placement of all utility service lines shall be shown on the tree preservation plan. Every effort shall be made to protect existing protected trees during the placement of utility service lines including augering and/or jacking as opposed to open cutting as appropriate

2. *Adjacent Parcels.* Every effort shall be made during architectural and site engineering layout and design of the proposed development, including grading and utility placement, to preserve protected trees on adjacent parcels through sensitivity to the critical root zones of protected trees. The critical root zones of protected trees on adjacent parcels shall be carefully reviewed and consideration given during the preparation of the tree preservation plan.

C. *Tree and Root Protection Plan.* A Plan illustrating tree protection and root protection zones, methods and details for protecting existing vegetation during construction shall be required as part of any site modifications under the Land Use and Development Services (LUDS) Permit.

1. *Tree Protection Plan.* The Plan shall identify trees to be conserved. The Plan shall minimize the loss of soil and roots that will compromise the health and structural stability of trees. Compaction, soil structure damage, and water diversion shall be avoided. Roots and infrastructure conflicts shall be minimized.

2. *Tree Protection Zone (TPZ).*

   a. Each tree or group of trees to be retained shall have a designated TPZ around the drip line of the tree(s), the area of which may vary depending on species, factors, age and health of the plant, soil conditions, and proposed construction.

   b. The TPZ shall be established prior to any excavation, grading, trenching or boring, or demolition work, and remain in place until the completion of grading, landscaping, irrigation, or other work that may impact the tree or Critical Root Zone.

3. *Critical Root Zone (CRZ).*

   a. The Critical Root Zone shall include any tree roots present on the property to be disturbed, including roots from adjacent properties.

b. No more than thirty-three (33) percent of a single tree's Critical Root Zone shall be disturbed within a Tree Protection Zone. If more than thirty-three (33) percent of a single tree's Critical Root Zone is disturbed, that tree will not be counted towards meeting minimum tree canopy requirements.

4. *Barriers.* Tree protection fencing, notes and details shall be shown on the required landscape plan. The zone may be accomplished by physical barriers or soil protection layers or treatments. Barriers shall be erected before demolition, grading, or construction begins and remain in place until LUDS final inspection.

5. No impervious material, chemicals, vehicles, or other deleterious material shall be placed under the drip line, and a tree protection fence shall be installed around the Critical Root Zone during construction to limit disturbance.

D. *Tree Damage.*

1. The Director shall require any damage to preserved trees during construction to be mitigated, which may include limb pruning, root pruning, wound cleaning, watering, fertilizing, and any other industry accepted methods as determined by the City Forester. Any damage that is determined to be lethal and not correctable through mitigation shall cause the tree to be removed and replaced.

2. Removal of more than twenty-five (25) percent of the leaf surface of a tree within an annual growing season shall be considered tree removal and necessitate replacement.

E. *Replacement Trees.*

1. Should any tree designated for preservation and included as part of minimum required landscaping under this Article fail to thrive as a result of pre-construction, construction, or post-construction activities, the owner shall:

   a. Calculate the caliper of the lost tree. The tree shall be replaced on an inch by inch basis.

   b. Develop a replacement plan for an equivalent caliper of new trees to be planted. Replacement trees shall be planted within the Tree Protection Zone or where soils have not been compacted by development activities.

   c. Plant replacement trees of similar species which, at maturity, will obtain the same height, spread and growth characteristics of the lost tree.

2. At the time of planting, any replacement trees shall be a minimum of two and one-half (2½) inches caliper.

F. *Administrative Departures.* The following Administrative Departures may be considered following consultation with the City's Environmental Services Department (ESD) and/or City Forester, as appropriate.

1. Tree removal may be permitted where at least one (1) of the following conditions exist.

   a. The City Forester or a recognized landscape professional (i.e. Certified Arborist, Landscape Architect, etc.) has determined the tree to be unhealthy; or

   b. A nuisance or threat to an existing structure, underground utility or to public health, safety or welfare exists; or

   c. Removal is required by the City or authorized agent within public rights-of-way, subject to the requirements of Chapter 42 of the City Code; or

d. In areas where large tree groupings (more than ten thousand [10,000] square feet of contiguous tree canopy) exist, thinning is permissible so long as the overall canopy percentage for the grouping is not reduced.

2. A change in tree species or reduction in and size, not to exceed one-half (½) inch per tree, may be permitted where new trees will provide a greater tree canopy benefit than the lost tree.

Sec. 5.11.11. Parking and Loading Area Landscape Requirements.

A. *Purpose.* This Section sets minimum design standards and requirements for parking lots and loading areas, including the visual and physical separation of parking lots and structures from sidewalks, streets and other land uses.

B. *General Requirements.* All off-street parking and loading areas shall comply with the paving and drainage requirements of Section 5.10.03.

C. *Minimum Screening.* Any side of a parking lot or loading area which abuts a public right-of-way, public walkway or park, or the Grand River (see Section 5.8.03.), shall be screened by one (1) of the architectural and/or landscape elements described in this Section. The following screening methods may be used singly or in combination, provided clear vision areas described in Section 5.2.15. are maintained:

1. *Type I - Architectural Screen.*

a. Walls used as a screening device shall be constructed of permanent, low-maintenance materials such as concrete, brick, or architectural block and shall have a minimum eighty (80) percent opacity. The material used shall be compatible with materials used in construction of the main building, but in no case shall include wire or chain link fencing, slatted fencing, painted or stained wood screens or unpatterned or unpainted concrete or concrete block.

b. Architectural screens should avoid a blank and monotonous appearance by using decorative patterns or architectural elements such as piers, pilasters or breaks in the wall.

c. Architectural screens shall not be less than thirty-six (36) inches nor greater than forty-eight (48) inches high.

d. An architectural screen may be placed at the lot line. A two-foot minimum buffer shall be provided between the architectural screen and the parking or loading area to accommodate the overhang of cars and protect the wall wherever cars are likely to park adjacent to the wall.

2. *Type II - Architectural Screen with Landscape Buffer.*

a. A minimum three-foot wide landscape buffer shall be provided in addition to the requirements of a Type I Architectural Screen, as described in C.1. above.

b. The landscape buffer shall be placed between the wall and the lot line. Groundcover, ornamental grasses, annual or perennial flowers, shrubs, trees or a combination thereof may be used to soften the appearance of the wall.

3. *Type III - Fence with Landscape Buffer.*

a. A decorative fence shall be installed at the lot line if used in combination with a Type IV or Type V landscape buffer described in C.4. and C.5. below.

b. The fence shall be constructed of painted decorative elements between thirty-six (36) and forty-eight (48) inches high. Wire or chain link fencing shall not be permitted adjacent to public rights-of-way.

4. *Type IV - Landscape Hedge Buffer.*

   a. A minimum five-foot wide landscape buffer, consisting of ornamental grasses, hedges, shrubbery, or other planted materials shall be provided.

   b. The buffer shall be at least three (3) feet high when planted, and shall be maintained to form a minimum visual screen of a maximum of four (4) feet high with eighty (80) percent summer opacity within two (2) years after planting.

   c. Planting boxes or raised planters, constructed of materials acceptable under Type I Architectural Screens in C.1. above may be used, provided the height and opacity of such elements meet the criteria established within this Subsection.

5. *Type V - Intermittent Landscape Buffer.*

   a. A minimum five (5) foot wide landscape buffer between the right-of-way and the parking area shall be provided.

   b. The buffer shall be planted with a minimum of one (1) canopy tree and ten (10) shrubs per thirty-five (35) linear feet of lot frontage, or fraction thereof.

   c. The landscape buffer shall cover a minimum of sixty-five (65) percent of the total distance of any one (1) lot line.

D. *Changes in Grade.*

1. In situations where the parking area is more than three (3) feet below or above grade at the lot line, a landscape buffer having a minimum width of three (3) feet shall be provided at the grade of the sidewalk.

2. A landscape buffer or architectural screen shall be provided between the right-of-way and the parking area, as described in this Section.

3. Banks, berms and terraces shall be covered with landscape elements subject to the approval of the Director. If a retaining wall is used and exposed to view, it shall comply with the Type II Architectural Screen with Landscape Buffer described in C.2. above.

E. *Interior Landscape Standards.* Canopy trees shall be located throughout parking lots to reduce the urban heat island effect by providing shade, grant visual relief to expanses of parking, and contribute to the orderly circulation of motor vehicle and pedestrian traffic.

1. Any parking lot designed for a capacity of fifteen (15) vehicles or more shall provide one (1) canopy tree for every fifteen (15) parking spaces or fraction thereof at regular intervals within the interior of a parking lot.

2. Any of the following tree planting methods may be used singly or in combination:

   a. Open soil landscape islands with a minimum area of two hundred fifty (250) square feet, and at least seven (7) feet wide.

   b. Covered soil landscape areas specially designed to accommodate tree root growth are permitted with engineered design methods including structural soil, sidewalk support, and soil cells. A minimum tree opening of three (3) feet by three (3) feet is required. Minimum soil volume shall be seven hundred fifty (750) cubic feet per tree.

   c. Open soil and covered soil planting hybrids connected to green space with root paths. Minimum soil volume shall be seven hundred fifty (750) cubic feet per tree. Green space area shall be included in soil volume calculations. Root paths may be used to connect to other covered soil landscape areas.

3. Tree planting areas may be aggregated. Site corners may count as approved planting areas.

4. If a pedestrian pathway is included as a component of a landscape island, the island shall be at least eleven (11) feet wide. The pathway shall be five (5) feet wide, with three (3) feet wide landscape areas.

F. *Administrative Departure.* An Administrative Departure may be granted for the following requirements.

1. Parking screening requirements of this Section where alternative screening methods continue to substantially satisfy the standards of this Article. The Administrative Departure may also eliminate or modify the screening requirement in whole or in part for any side of a parking lot adjacent to an alley when that screening would serve no beneficial purpose or alternate screening methods are needed for the purposes of security.
2. Soil volumes for interior landscape areas may be reduced to five hundred (500) cubic feet per tree where a unique site condition physically prohibits full compliance, it can be demonstrated that the estimated crown spread of parking lot trees will be a minimum diameter of twenty-five (25) feet at full maturity, and/or root paths are connected between tree plantings to equal a larger soil volume.

Sec. 5.11.12. Landscape Buffers.

A. *Applicability.* Landscape buffers shall be used where non-residential activities or intense household or group living situations would affect an existing residential use with glare, noise or exhaust or where the effect of incompatible uses or proportionately different structures cannot be mitigated through building design or transitional features.

B. Landscape buffers are required in the following circumstances or as may otherwise be required by this Chapter.

1. Where a parking lot, non-residential driveway or drive-through facility is adjacent to a residential use, public park, recreation facility or open space.
2. Where a building or structure in a mixed-use Commercial Zone District is two (2) or more stories higher than the buildings or structures in the adjacent residential or SD-OS Zone District, or as otherwise required as a Transitional Feature in Section 5.6.08.I.
3. Where a twenty-four (24) hour non-residential use of property is adjacent to a residential use, regardless of Zone District.
4. Screening for perimeter areas of mineral extraction uses.
5. When required as a condition of approval for a zoning approval required by this Chapter.

C. *Location.* The landscape buffer shall be located in the rear and side yards on the subject property extending from the lot line.

D. *Minimum Landscape Buffer Standards.*

1. The following minimum standards shall apply to Zone Districts in the Neighborhood Classifications shown in Table 5.11.12.D. below.

	Min. Buffer Width (ft.)		Plant Material per 50 Linear Feet	
Neighborhood	**Side Yard**	**Rear Yard**	**Trees**	**Shrubs**
Traditional	10	8	2	10
Mid-20th Century	10	10	3	15

Neighborhood	Min. Buffer Width (ft.)		Plant Material per 50 Linear Feet	
	Side Yard	Rear Yard	Trees	Shrubs
Modern	20	20	4	20

2. Minimum landscape buffer requirements in Special Districts shall be the same as those of the neighborhood classification that abuts the Special District. Where a Special District abuts more than one (1) neighborhood classification, the Director shall determine which requirements apply.

3. Species composition of trees shall include at least forty (40) percent large maturing deciduous canopy trees and at least forty (40) percent large maturing evergreen varieties, except where the Director, in consultation with the City Forester, approves other species and tree sizes based on site factors that physically prevent the larger sizes, such as existing overhead utilities.

4. At least seventy-five (75) percent of all shrubs shall be evergreen or a dense variety of deciduous bush that provides year-round screening.

5. The Director may determine that additional landscaping is required in the landscape buffer to ensure that any unusual adverse effects of the more intense use require additional mitigation.

E. *Reduction in Buffer Requirements.*

1. The minimum width of a required buffer may be reduced by up to one-third (⅓) with the installation of a six-foot high solid wall or fence along the lot line.

2. If a required perimeter landscape buffer abuts a public alley, then up to one-half (½) of the alley width may be credited towards the minimum width requirement.

3. Administrative Departure. If the land use relationships between two (2) abutting lots are such that a lesser buffer would be acceptable, the minimum width of the required buffer may be reduced as an Administrative Departure.

F. *Development within Landscape Buffer.*

1. The following items shall be permitted within the landscape buffer:

   a. Sidewalks, trails and bike paths; and

   b. Stormwater management facilities provided they do not interfere with the performance and maintenance of the buffer area.

2. The required buffer shall not contain any development, vehicle storage, dumpsters, outdoor storage, impervious surfaces or site features that do not meet the requirements of this Section.

G. *Buffer Review.* The Director shall review the buffer during a period of up to two (2) years after a Certificate of Completion has been issued to determine its screening adequacy and effectiveness. Where insufficient plant materials were originally installed, plant materials have died, or the buffer is otherwise deemed to be inadequate, the landowner shall remedy any noncompliant conditions in accordance with the replacement provisions of Section 5.11.07.H.3.

Sec. 5.11.13. Streetscape Design Standards.

A. *Purpose and Intent.* Streetscape improvements are intended to mitigate the effect of the built environment on the natural environment and to support a healthy environment for people. Street trees, in particular, provide shade and visual relief, improve air quality, contribute to noise reduction, calm vehicular traffic, reduce stormwater effects, and improve property values.

B. *Applicability.* Streetscape improvements shall be applicable to all development projects requiring a Land Use and Development Services (LUDS) permit and/or where sidewalks or other facilities in the right-of-way are to be installed or replaced.

C. *Streetscape Plan.*

1. Where an area streetscape plan has been approved, including, but not limited to, the Downtown Streetscape Design Guidelines, those design guidelines shall be used for new walking surfaces, street furniture, street trees, landscaping, and lighting fixtures in the public right-of-way.

2. Where an area streetscape plan does not exist, the following streetscape standards shall be used.

   a. *Streetscape Trees.* At least one (1) small tree shall be planted for each twenty-five (25) feet of lot frontage or any fraction over twenty-five (25) feet. As an alternative, one (1) medium or large tree may be planted for each forty (40) feet of lot frontage or for any fraction of forty (40) feet. Clustering of ornamental, medium, or large trees is permitted when utility conflicts or required clear vision areas prevent compliance with minimum spacing requirements.

   b. *Root Barrier.* Root barriers shall be installed within areas where there is less than seven (7) feet between the back of curb and the sidewalk to prevent root penetration and destruction of curbs and sidewalks.

   c. *Soil.* Topsoil per Article 5.11.07.C. shall be used for tree installation.

D. *Chapter 42 Tree Ordinance.* Plans for trees and other vegetation in City rights-of-way shall be reviewed and approved by the City Forester or designee per Chapter 42, and shall include, but not be limited to, tree species, removal, placement, installation and maintenance.

E. *Maintenance and Replacement by Property Owner.* The property owner shall be required to maintain street trees for one (1) year after the trees are planted, and replace any tree which fails to survive or does not exhibit normal growth characteristics of health and vigor, as determined by the City Forester. The one (1) year period after the approval of the City Forester shall begin at each planting and shall recommence as trees are replaced.

F. *Administrative Departures.* An Administrative Departure that reduces or eliminates streetscape improvements may be granted where one (1) or more of the following conditions apply:

1. The parkway is too narrow or is otherwise not conducive to the planting of trees or other streetscape improvements.

2. The right-of-way is under the control of the Michigan Department of Transportation and it does not desire street trees or other streetscape improvements at that location.

3. No site improvements are being made under the LUDS permit, or are limited in scope or a sufficient distance from the right-of-way.

Sec. 5.11.14. Urban Open Space.

A. *Applicability and Purposes.*

1. *Applicability.* The provisions of this Section shall apply to residential, commercial, and mixed-use development sites over one (1) acre and in SD-PRD, TN-CC, TN-TCC, TN-TBA or TOD Zone Districts.

2. *Purposes.* Urban open spaces should have a variety of functional, well-designed open spaces that enhance the quality of life for residents, businesses, and visitors. Urban open spaces should:

    a. Include a wide range of characters from small intimate spaces to larger neighborhood and community uses, including small parks and playgrounds to provide gathering spaces for neighborhoods;

    b. Be arranged and designed as part of an urban open space network that defines and connects neighborhoods and the larger community; and

    c. Be located within convenient walking distance of all residents and businesses

B. *Requirements.* Any permanent open space created in conjunction with a development project shall accommodate pedestrian activity, rest and recreational opportunities by users of the property. The following minimum requirements shall apply to Urban Open Space.

1. *Size and Type.* A minimum of five (5) percent of the gross site area shall consist of urban open space, unless otherwise specified in the bonus provisions, in addition to the green space requirement of the Zone District. Urban open space may include one (1) or more of the following:

    a. Formal plantings, public art or gardens;

    b. Squares, open front courtyards, plazas and parks; and

    c. Active recreation areas such as pools, ball fields, playgrounds, tennis courts and trails.

2. *Location.* Urban open space shall be readily accessible to and visible from the street, and connected to a public sidewalk.

    a. A minimum of twenty-five (25) percent of the perimeter of the urban open space shall abut a street.

    b. The open space shall be no more than three (3) feet above or below the adjacent sidewalk level and be designed in accordance with the Americans with Disabilities Act (ADA) accessibility requirements.

3. *Configuration.* The urban open space shall be compact, contiguous and serve as a focal point of the development.

    a. In order to avoid long and narrow spaces, the length of a park or plaza may not exceed three (3) times its width, except where specifically used as a connection to additional recreational resources recognized by the City, such as parks or trails.

    b. Buildings shall be oriented toward the urban open space.

    c. The urban open space should be located to receive the maximum amount of year-round natural light.

4. *Availability.* If open to the general public, the hours of availability to the public shall be at least 8:00 a.m. to 9:00 p.m. A plaque no more than four (4) square feet in area may be displayed stating the hours for public use. If additional building height is granted through the urban open space bonus provisions of Section 5.6.08, a public easement shall be provided to the City to ensure public access.

5. *Credit.* A reduction of not more than fifty (50) percent of the required urban open space may be granted if the Director determines that at least four (4) of the six (6) following pedestrian amenities are provided in a manner that enhances the quality of the urban space and exceeds the specific requirements of this Section:
    a. Seating elements exceeding that required by Section 5.11.14.B.6., including a sidewalk café, moveable seating, fixed individual seats, fixed benches, seat walls, planter ledges, seating steps, and other creatively designed seating areas that invite resting and gathering;
    b. Pedestrian lighting beyond that required to illuminate public rights-of-way at a minimum of two and one-half (2½) foot candles;
    c. Substantial use of pedestrian-oriented awnings, canopies or overhangs that provide sufficient shelter from the elements for pedestrians;
    d. Street furnishings, including, but not limited to, waste receptacles, bicycle racks, drinking fountains or shelters for transit stops, which are placed throughout the planned urban open space;
    e. Landscape planters of sufficient size and coverage area to enhance the overall project site;
    f. Ornamental fountains or waterfalls; or
    g. Sculpture or other public art installation.
6. *Seating Areas.*
    a. One (1) linear foot of seating area shall be provided for each thirty (30) square feet of plaza or park space.
    b. Ledges, walls or planters that are flat, between twenty (20) and thirty-six (36) inches above grade, with a minimum depth of eight (8) inches. A combination of seating methods is encouraged.
    c. To ensure that adequate seating is inviting for use by the public, a portion of the required seating must be located within ten (10) feet of a public sidewalk, where present.
7. *Trees.* The total footprint of the urban open space shall be at least fifty (50) percent shaded at maturity. One (1) large maturing tree with a minimum caliper of two and one-half (2½) inches shall be planted for each eight hundred (800) square feet of urban space and planted in accordance with Sections 5.11.07. and 5.11.08.
8. *Suitability of Urban Open Space.*
    a. The Planning Commission shall review all proposed urban open space during the Site Plan Review process to determine the general suitability and practicality of the urban open space. In reaching a determination, the Commission may consider all relevant factors and information, including, but not limited to:
        i. The goals and objectives of the Master Plan, Parks and Recreation Master Plan, Green Grand Rapids Plan, and any other City adopted plan;
        ii. Suitability of the urban open space for active or passive recreational use or preservation of natural features;
        iii. The need for specific types of open space and recreation in the Zone District and particularly in the general vicinity of the proposed development, taking into account the anticipated users of the open space and nearby land uses; and
        iv. The proximity or potential connectivity to other open space types.

b. If the Planning Commission determines the open space proposed (or portions thereof) to be unsuitable, a fee-in-lieu of the provision of open space, or a combination of fee and provision of a partial open space requirement may be used to meet the requirement if the Planning Commission finds that all of the following considerations are met, as applicable.

i. That the amount of urban open space required by the nature and development intensity of the use would yield a lesser benefit than paying the fee.

ii. That urban open space is available in adjacent or nearby developments within six hundred sixty (660) feet of the principal entrance(s) to each building that is equal to or in excess of the calculated area for all developments individually.

iii. That physical conditions unique to the site make it impractical to provide the required urban open space.

iv. That providing the required urban open space would hamper an efficient site layout.

C. *Exclusions.* The following areas shall not be counted as urban open space.

1. Private yards, individual lots or easements less than the minimum size required by this Section;

2. Driveways, parking areas and required landscape islands;

3. Stormwater management areas;

4. Land covered by structures not designated for active recreational uses; and

5. Designated outdoor storage areas.

D. *Ownership and Maintenance.* Open space areas shall be maintained as permanent open space. Examples include, but are not limited to, common ownership by a homeowners association, deed-restricted private ownership, or by dedication to the City or other appropriate public entity. All methods utilizing private ownership shall be in a form approved by the City Attorney, who shall review the documents to ensure perpetual maintenance and preservation of the site. Contact information of the responsible person for the open space shall be provided to the City as part of project application and kept current.

Sec. 5.11.15. Alternative Energy.

A. *Wind Energy Systems.* For the purposes of this Section, an "On Site Use Wind Energy System" is intended to primarily serve the needs of the consumer, but may be connected to the utility grid under certain circumstances. "Utility Grid Wind Energy Systems" are intended to serve the needs of the community and are connected to the utility grid. Applicable screening and buffering requirements shall apply. Wind energy systems are permitted as an accessory use in all districts, subject to the requirements of Table 5.11.15.A.

Table 5.11.15.A. Wind Energy Systems					
			Review Process		
Zone Districts	System Type/Height		Counter Review 5.12.09	Director Review 5.12.10.	Setback and Tower Height
All	On site use wind energy system tower	Under 60 ft.	Required	—	See Sections 5.11.15.A.1 and 11.15.A.2. for the maximum height permitted for the Zone District; bonus heights may be included.
		60 ft. or more	—	Required	
	Anemometer Tower	Under 60 ft.	Required	—	
		60 ft. or more	—	Required	
SD-OS; SD-IT; SD-IC	Utility Grid Wind Energy System		—	Required	No height limit on properties larger than 3 acres, subject to FAA regulations

1. *Setbacks.* No part of the wind system structure, including guy wire anchors, shall extend closer than ten (10) feet to the lot lines of the installation site. Where property is located on both sides of a public right-of-way, a wind energy system may be placed no closer than one (1) rotor radius from the closest edge of the right-of-way.

2. *Tower Height.*

   a. Tower height shall be defined as the total height from grade to the highest extent of any equipment, including roof-mounted systems. For roof-mounted systems, the height shall be measured from the connection point on the roof.

   b. The height of tower-mounted systems is limited by the size of the property upon which they are constructed. A circular fall zone with a radius of one and two-tenths (1.2) times the total height of the system must be completely contained within the property. For roof-mounted systems, a circular fall zone with a radius of one and one-half (1.5) times the system height must be completely contained within the property.

   c. For the purposes of cooperative wind energy sharing, two (2) or more properties may combine to allow greater system height.

      i. This arrangement shall be subject to Director Review of Section 5.12.16., or may be subject to Special Land Use procedures, at the discretion of the Director.

      ii. Properties entering into a cooperative arrangement must record a permanent cross-access easement with the Kent County Register of Deeds and provided a recorded copy to the Planning Department, describing the terms of the arrangement, and a survey of all properties showing the proposed location of the wind tower(s) and associated fall zones. The easement language must also be included with the title and property survey of all properties entered into the cooperative.

      iii. Any sharing of energy produced by a wind energy system operated under the terms of a cooperative agreement as described in this Section may be subject to state utility regulations.

3. *Historic Districts.* Wind energy systems in a designated Historic District or Historic Landmark shall be subject to the review and approval of the Historic Preservation Commission.

4. *SCADA (Supervisory Control and Data Acquisition) or Met (Meteorological) Towers.* SCADA and Met towers shall comply with the setback requirements of this Section. An operations and maintenance office building, sub-station, or related equipment or structures shall comply with any applicable requirements of the Zone District.

5. *Construction Codes, Towers, and Interconnection Standards.* Utility systems including towers shall comply with all applicable state construction and electrical codes and local building permit requirements, Federal Aviation Administration requirements, the Michigan Airport Zoning Act (Public Act 23 of 1950, MCL 259.431 et seq.), the Michigan Tall Structures Act (Public Act 259 of 1959, MCL 259.481 et seq.), applicable utility, Michigan Public Service Commission, and Federal Energy Regulatory Commission interconnection standards. The minimum FAA lighting standards shall not be exceeded. All tower lighting required by the FAA shall be shielded to the extent possible to reduce glare and visibility from the ground.

6. *Safety.*

   a. An On-Site Use Wind Energy System shall have an automatic braking, governing, or feathering system to prevent uncontrolled rotation or over speeding. All wind towers shall have lightning protection. If a tower is supported by guy wires, the wires shall be clearly visible to a height of at least six (6) feet above the guy wire ground anchors.

   b. All Utility Grid Wind Energy Systems shall be designed to prevent unauthorized access to electrical and mechanical components and shall have access doors that are kept securely locked at all times when service personnel are not present. All waste lubricants and cooling fluids shall be properly and safely removed in a timely manner from the site of the wind energy system.

   c. Safety Signs. A sign shall be posted near the tower or operations and maintenance office building that shall contain emergency contact information. Signs shall be placed at the street access to warn visitors about the potential danger of falling ice. These signs shall be in addition to any signs allowed in Article 15.

   d. The minimum vertical blade tip clearance from grade shall be twenty (20) feet for a wind energy system employing a horizontal axis rotor.

7. *Visual Effect.* A Utility Grid Wind Energy System project shall use tubular towers and all systems shall be finished in a single, non-reflective matte finish of similar design, size, operation, and appearance and, to the extent possible, shall be integrated into the architectural character of the main building. The applicant shall avoid state or federal scenic areas and significant visual resources listed in the Master Plan or in local, state or federal historic registers.

8. *Environmental Impact.*

   a. The applicant shall have a third party, qualified professional conduct an analysis to identify and assess any potential effects on the natural environment including, but not limited to, wetlands and other fragile ecosystems, historical sites and birds and wildlife. The applicant shall take appropriate measures to minimize, eliminate or mitigate adverse effects identified in the analysis.

   b. The applicant shall identify and evaluate the significance of any net effects or concerns that shall remain after mitigation efforts. The applicant shall comply with applicable parts of the Michigan Natural Resources and Environmental Protection Act (Act 451 of 1994, MCL 324.101 et seq.).

9. *Noise.* Small wind energy systems shall not exceed sixty (60) decibels, measured at the closest residential dwelling. This level may be exceeded during short-term events such as utility outages or storms.

10. *Electromagnetic Interference.*

    a. A Utility Grid Wind Energy System shall not be installed in any location where its proximity to existing fixed broadcast, retransmission, or reception antennas for radio, television, or wireless phone or other personal communication systems would produce electromagnetic interference with signal transmission or reception unless the applicant provides a replacement signal to the affected party that shall restore reception to at least the level present before the operation of the wind energy system.

    b. A Utility Grid Wind Energy System shall not be installed in any location within the line of sight of an existing microwave communications link where operation of the wind energy system is likely to produce electromagnetic interference in the link's operation, unless the interference is insignificant.

11. *Shadow Flicker.* The applicant shall conduct an analysis on potential shadow flicker at occupied structures. The analysis shall identify the locations of shadow flicker that may be caused by the project and the expected durations of the flicker at these locations from sunrise to sunset over the course of a year. The analysis shall identify problem areas where shadow flicker may affect the occupants of the structures and describe measures that shall be taken to eliminate or mitigate the effects.

12. Signs shall meet the requirements of Article 15.

B. *Solar Energy Systems.*

1. *Accessory Use.* Solar energy systems are permitted as an accessory use in all Zone Districts.

2. *General Requirements.*

    a. Solar energy equipment shall be repaired, replaced, or removed within three months of becoming nonfunctional.

    b. All panels shall have tempered, non-reflective surfaces.

    c. Each system shall conform to applicable industry standards including those of the American National Standards Institute (ANSI).

    d. Solar energy collectors shall be installed, maintained, and used only in accordance with the manufacturer's specifications.

3. *Placement.*

    a. Solar collection systems shall be placed so as not to adversely affect the pleasure and enjoyment of nearby residential uses.

    b. Ground-mounted equipment. Ground mounted equipment for the collection of solar energy is permitted to the side or rear of the main building, but not within five (5) feet of a side or rear property line, shall be otherwise sited to minimize view from the public right-of-way and adjacent properties, and shall be camouflaged to the extent that the equipment can function normally.

    c. Rooftop equipment. Rooftop equipment for the collection of solar energy may be installed on the roof of a main or accessory structure, including carports or similar structures, when:

        i. The panels do not extend more than two (2) feet above the height of the structure upon which it is placed.

ii. The panels do not project beyond the eaves of the roof.

iii. The panels are integrated, to the extent possible, with the architectural character of the building or structure on which the equipment is affixed. No unfinished lumber is permitted.

4. *Administrative Departure.* An Administrative Departure may be approved for a location not meeting the requirements of this Section after considering the following:

a. Potential on-street glare from the solar energy system;

b. Alternative on-site locations, and;

c. The extent to which neighborhood character may be compromised.

5. *Connection to the Power Grid.* Any and all of the energy generated by solar energy systems may be transferred directly into the utility grid. Any connections shall comply with all other applicable City ordinances and policies and all applicable State or Federal laws.

(Ord. No. 2019-70, § 1, 11-12-19; Ord. No. 2025-07, § 3, 3-25-25)

ARTICLE 12. APPLICATION AND REVIEW PROCEDURES

Sec. 5.12.01. Purpose and Intent.

A. *Fairness and Equity.* Provide a clear and comprehensible development review process that is fair and equitable to all interests including applicants, affected neighbors, and the City;

B. *Orderly Review Process.* Establish an orderly review process for all proposed projects involving construction of a building or other structure, any site improvements or alterations or a modification in the use of land within the City that is consistent with this Chapter;

C. *Compliance with Chapter.* Ensure that land, parcels, and lots are appropriately developed so that their use and operation comply with all applicable requirements of this Chapter;

D. *Adequate Infrastructure.* Provide adequate and efficient facilities and/or infrastructure, land, rights-of-way, and easements so as not to burden the fiscal resources of the City. These provisions include the construction of buildings and utilities, streets and sidewalks, and landscaping;

E. *Open Spaces.* Provide functional open spaces, landscape buffers and other elements which contribute to creating an attractive, healthy and sustainable environment within City of Grand Rapids; and

F. *Provide for Health, Safety, and General Welfare.* Advance development in compliance with this Article that shall be generally harmonious with surrounding properties and shall not endanger the health, safety, and general welfare of existing, prospective, or future owners, users, surrounding and adjoining properties, and the public.

(Ord. No. 2020-21, § 11, 7-7-20)

Sec. 5.12.02. Summary of Authorities and Review Procedures, Effect of Decisions.

A. Table 5.12.02.A. summarizes the review procedures and approval authorities that have roles in the procedures set forth in this Article.

[2]Further approvals and reviews may be required by the written memorandum of understanding or other written document adopted by the City Commission.					

B. *Effect of Decisions.*

1. Any application required to be reviewed under this Chapter shall be approved, approved with conditions, or denied by the approving authority based on the applicable review criteria for each decision. Where applicable, the minutes of a recommending or approving authority shall state the reasons for their decisions in the minutes and provide a written record of the decision to the applicant within a reasonable time following the recommendation or decision.

2. Prior to reaching a decision, if a required reviewing authority determines that an application does not meet the applicable review criteria as provided in the applicable provisions of this Chapter, but determines that the application could meet those criteria with modifications that otherwise could not be reasonably conditioned, the applicant may request that the decision or recommendation on the application be postponed to provide the opportunity to make those modifications. The Director may require the submission of a new application if the extent of the modifications warrant and shall notify the applicant accordingly.

3. Conditions of Approval. For those decisions that are approved with conditions, those conditions shall be:

   a. Designed to protect natural resources, the health, safety, welfare, and social and economic well-being, of those who shall use the land use or activity under consideration, residents and landowners immediately adjacent to the proposed land use or activity, and the community as a whole;

   b. Related to the valid exercise of the police power and purposes which are affected by the proposed use or activity; and

   c. Necessary to meet the intent and purpose of the zoning requirements, be related to the standards and requirements established in this Chapter for the land use or activity under consideration, and be necessary to ensure compliance with those standards and requirements.

4. The breach of any approval condition or requirement shall be considered a violation of this Chapter.

C. *Duration of Approvals.*

1. *Period of Duration.* Approval of any project shall be valid for a period of one (1) year, unless otherwise stated in this Chapter. Approved projects shall obtain a LUDS and/or building permit and substantial progress achieved or the approval shall lapse and new approval shall be required, unless an extension authorized by this Chapter is granted. (See Section 5.16.02.S. for a definition of substantial progress.)
2. *Extension.* Extension of approvals may be granted as provided in this Article if the request for extension is filed in writing prior to the expiration date, and the approving authority finds that the extension is warranted due to circumstances beyond the control of the applicant.
3. *Change of Ownership.* Zoning approvals are not affected by any change in ownership.
4. *Expiration.* Once a LUDS and/or building permit has been issued, and substantial progress has not occurred, project approval shall expire when the permit(s) expire(s) and new permits must be applied for in accordance with this Article. Abandonment of construction shall be governed by the requirements of Section 5.14.07.I.

D. *Reconsideration of Denial.* Unless otherwise specified, any project denied under the procedures of this Article shall not return for reconsideration by the approving authority prior to one (1) year from the date of denial, unless the Director determines that a new request is sufficiently different from the original request so that the new application has the potential to result in a different decision.
(Ord. No. 2019-11, § 5, 3-26-19)

Sec. 5.12.03. Optional Director Pre-Application Meeting.

A. Prior to submitting any application required by this Chapter, an optional pre-application meeting with the Director is recommended for the purpose of determining the approval type and process that will be followed to obtain project approval.

B. The pre-application meeting is a non-binding and informal review of the proposal and is intended to provide information to the applicant on the procedures and policies of the City and the potential for additional materials that may be needed based on the approval sought. Comments or discussion at the pre-application meeting shall not be binding nor confer upon the applicant any development approvals or other rights.

Sec. 5.12.04. General Application Requirements.

A. *Complete Applications.* Applicants shall file an application with the Planning Department for any approval required by this Chapter. An application shall not be accepted until the Director determines that the submitted application is complete, and incomplete applications shall be returned to the applicant. The applicant may request, in writing, the additional materials or changes to the application that are needed to complete the application. At a minimum, the following shall be provided, unless waived by the Director as unnecessary to a particular proposal.

1. An application form provided by the Planning Department and completed in full and signed by the applicant, including a detailed description of the proposed development project and use.
2. A site plan, information, and materials, as listed in the project application form or attachments, or in the individual Sections of this Article, specific to the approval requested. The submission shall be in sufficient detail to permit the evaluation of the application to determine whether the request complies with this Chapter.

3. The applicable fee established by resolution of the City Commission.

4. A description of any request(s) for Administrative Departures, variances, or other modifications provided for in this Chapter, identified in writing and clearly noted on project plans.

5. Any additional materials deemed reasonably necessary by the Director or required reviewing authority in making a decision on the application. Additional materials may be requested after the acceptance of the application as complete.

B. *Application Review.*

1. A review of an application shall not be initiated until the submitted application is accepted as complete. Upon acceptance, the Director shall review the application and determine whether any additional information may be required to address any identified issues. This may include materials such as environmental studies, traffic analyses, site analyses, or others as the Director may deem necessary. This determination shall be within ten (10) days from the date of application submission or following the Director's pre-application meeting, if held.

2. Prior to completing an application review the Director may transmit submitted materials to appropriate departments or agencies for input and recommendations for additional information.

C. *Deferral or Withdrawal of Application.* A request for postponement or withdrawal of an application shall be submitted in writing to the Director. This request may be made verbally at a public hearing provided it is made in writing by the applicant not later than seven (7) days following the request.

1. If the postponement of a public hearing is requested, then the required reviewing authority shall set the date and time or required circumstances (e.g. submission of additional requested material) in which the postponed application shall be re-heard.

2. If members of the public wish to speak on the postponed application at the original hearing time, public comment shall be taken and considered as part of the record of proceedings for the application.

3. The application shall be subject to additional fees to defray the costs of processing the application if additional notices are required.

D. *Simultaneous Processing.* Where two (2) or more applications are required by this Chapter, they may be processed simultaneously. Certain approvals may not take immediate effect until other applications are reviewed and approved.

Sec. 5.12.05. Public Notification and Hearings.

A. *Purpose and Applicability.* Public notification for submitted applications shall comply with the applicable provisions of this Section, the Zoning Act, and the Rules of Procedure of the applicable required reviewing authority, and other applicable provisions of this Chapter.

B. *Public Notice.* Public notice shall be made when required by this Chapter in accordance with the following requirements.

1. A notice of the request shall be published in a newspaper of general circulation serving the City.

2. Notice shall be sent by mail or personal delivery to the owners of property for which approval is being considered.

3. Notice shall also be sent to the owners and occupants of all property within three hundred (300) feet of the subject property, regardless of whether the property is located in the city. If the name of the occupant is not known, the term "occupant" may be used.

4. In accordance with the Zoning Act, where eleven (11) or more adjacent properties are proposed for a Zone District amendment, the Planning Department shall execute the procedures in Subsections B.1-2. above.

5. The notice shall be given not less than fifteen (15) days before the date of the public hearing at which the application shall be considered for approval. Content of the notice shall meet the requirements of the Zoning Act.

C. *Validity of Notice.*

1. When the records of the City document the publication, mailing, and posting of notices as required, it shall be presumed that notice of a public hearing was given as required. Failure of a party to receive written notice shall not invalidate the proceedings for which notice was required.

2. Minor defects in any notice shall not impair the notice or invalidate proceedings pursuant to the notice if a bona fide attempt has been made to comply with applicable notice requirements.

3. If questions arise regarding the adequacy of the meeting notice, the Planning Department shall be directed to make a finding as to whether substantial notice was provided. This finding shall be made available to the approving authority prior to final action on the request.

D. *Public Hearing.* The scheduling of the hearing shall allow for sufficient time for the Planning Department to prepare appropriate materials for the required reviewing authority and for public notification requirements to be satisfied.

E. *Re-Notice.* The notification of property owners shall apply only to the initial hearing on the proposed development, unless expressly requested by the reviewing authority or required by this Chapter. Additional notices may be sent if the application is postponed for a significant period of time, as determined by the Director or required reviewing authority.

Sec. 5.12.06. Neighborhood Meeting.

A. *Purpose.* The purpose of a neighborhood meeting is to educate occupants and owners of nearby properties about the proposed development application, receive comments and address concerns about the development proposal; and resolve conflicts and identified issues, where possible, prior to consideration by the required reviewing authorities. The meeting is intended to result in an application that can be made more responsive to neighborhood concerns and thereby allow for the potential to expedite and lessen the expense of the review process by avoiding delays.

B. *Applicability.*

1. At least one (1) development-specific neighborhood meeting using the Recommended Procedure in Subsection C., below, is strongly suggested for any project where a public hearing is required. For minor individual applications (minor variances, etc.), where a neighborhood meeting may not be as useful, individual or small-group discussions with nearby property owners or residents are encouraged. For applications requiring a Good Neighbor Plan per the requirements of Subsection D., below, at least one (1) neighborhood meeting is required prior to submission of the Special Land Use application and draft Good Neighbor Plan. The applicant is responsible for all costs associated with the meetings.

2. If not previously held, the Director and/or required reviewing authority may direct an applicant to conduct a neighborhood meeting if the proposed project is expected to affect the character of the neighborhood, significant land use issues, appearance concerns, traffic issues, effects on public facilities, or other potential effects on neighboring lands.

3. Refusal by the applicant to hold a neighborhood meeting shall not unnecessarily delay or discontinue the review process; however, the required reviewing authority may postpone a decision to allow additional time to gather input and information on testimony made during the public hearing.

C. *Recommended Procedure.* The following procedures are recommended for all neighborhood engagement efforts.

1. *Notice.*

   a. Notice of neighborhood meetings should be given to neighbors and/or neighborhood and/or business association representatives and to the Planning Department as provided below.

   b. Notice shall be provided at least fourteen (14) days prior to the neighborhood meeting by a postcard delivered by mail, for all addresses within a three hundred-foot radius of the subject property. Other means may also be used, including but not limited to hand-delivered fliers or door hangers, phone calls, emails, social media, canvassing, or advertisements or articles in a neighborhood newsletter, if applicable.

   c. Notice Requirements. Any notification shall include the following:

      i. Date, time, and location of the meeting(s).

      ii. Brief description of the proposal and address of the subject property.

      iii. Contact information for the applicant and/or representative(s).

      iv. Statement that requests for interpretation or other reasonable accommodations should be made by contacting the applicant at least seven (7) days prior to this meeting.

      v. If a public hearing for the proposal by the Planning Commission or other reviewing authority has been scheduled at the time the notice is sent, the date, time, and location of that public hearing shall be included in the notice language.

   d. Printed materials shall be legible. The notice may include Braille.

2. *Meeting Details.*

   a. The meeting (or last meeting in the case of multiple meetings) shall be held as close to fourteen (14) days prior to the date of application submission and/or the Planning Commission public hearing, as possible. If multiple meetings are held, the meeting times and days should be different for each.

   b. The distance of the meeting location from the subject property should be within one (1) mile, or as close as reasonably possible or where adequate venues may be found. The location should be easily accessible and ADA compliant.

3. The purpose of the meeting is to permit the applicant to explain the development proposal, answer any questions, respond to concerns, and propose ways to resolve any identified conflicts.

4. Following the meeting and prior to the public hearing, the applicant shall submit any sign-in sheets and a summary of the issues and discussions from the meeting to the Director for forwarding to the required reviewing authority. Any other correspondence received from the affected neighborhood regarding the meeting shall be forwarded to the Planning Department at least five (5) days prior to the public hearing.

5. City staff may be invited or elect to attend the neighborhood meeting, but will generally not serve as facilitators or be involved in substantive discussions. Involvement by City staff, if any, may be solely for purposes of advising the attendees regarding the review process and applicable ordinance requirements and review standards.

D. *The Good Neighbor Plan (GNP).*

1. *Purpose.* The purpose of the GNP is to identify and propose measures to reduce potential negative impacts on nearby residents and businesses by specific uses. The coordination and collaboration of owners or operators with interested parties both before and after the development or licensing process allows for a proactive approach to create a positive working relationship between the community and the applicant by requiring the formulation of a written implementation program. This Section provides a consistent method of addressing issues and likely areas of concern.

2. *Applicability.* Any land use specifically required to submit a Good Neighbor Plan (GNP) shall comply with the following provisions.

3. *Additional Special Land Use information.* In addition to the Use Regulations of Article 9, a Special Land Use application must include all the following:

   a. *Good Neighbor Plan.* A written implementation program containing the items listed below.

      i. Measures to ensure proper crime prevention and awareness training.

      ii. Training in the handling of State-regulated substances, where applicable.

      iii. Litter control.

      iv. Loitering control.

      v. Trespass enforcement.

      vi. Landscape maintenance.

      vii. Neighborhood communication.

      viii. Statement attesting to compliance with the City's anti-discrimination policies and ordinances related to hiring, housing, and public accommodation practices, as applicable.

      ix. For marijuana facilities, a Marijuana Industry Voluntary Equitable Development Agreement (MIVEDA), if offered and incorporated into the application in accordance with Article 9 Use Regulations, Section 5.9.19 Marihuana Facilities.

   b. *Mitigation.* Some uses by the nature of the activities occurring within, on, or around the subject property may create adverse effects on the neighborhood, business, or industrial district, or any area in which the facility is situated. Potential effects associated with operations, and opportunities to mitigate those effects, shall be taken into consideration in the development of a GNP, Special Land Use, and Site Plan Review request. Considerations shall include the following.

      i. The adverse effects, if any, that the hours of operation of the proposed establishment will have upon neighboring properties, with special attention to noise, odors, litter, loitering, parking, and glare from exterior lighting or headlights on nearby residential properties.

      ii. The amount and degree of law enforcement activities which could reasonably be anticipated to be generated by the proposed establishment, both outside and inside, with special emphasis upon noise, calls for service, trespass enforcement, parking, traffic, and vandalism.

iii. Whether the proposed use makes adequate provisions to eliminate the potential for adverse effects upon the stability of adjacent areas by depreciating the desirability of the property or nearby properties by the placement of the use; or, conversely, escalating rents or property values that could displace residents or businesses and how the requested use might reasonably protect the surrounding area so as not to have an adverse effect on values and existing residents and businesses.

iv. How the proposed use balances mobility options so as ensure increased access and opportunity for those who might not own or be able to operate a vehicle, and to avoid an excessive parking burden or increased congestion in the general area.

c. *Notification.* Notice shall be provided at least fourteen (14) days prior to the neighborhood meeting by a postcard delivered by mail, for all addresses within a three hundred-foot radius of the subject property. This notice shall comply with the requirements of Section 5.12.06.C.1.c.

d. *Record of Good Faith.* The GNP must be accompanied by written verification that the owner, operator, manager, or a representative of the parent company met with or attempted in good faith to meet with the local recognized organization(s), adjacent property owners, Corridor Improvement Authority or similar, and Planning Department. The written verification must include all the following:

i. A copy of the notice and the names and addresses of those notified of the applicant's intent to meet;

ii. A copy of the time, date, and location of any meetings, and the names, addresses, and phone numbers of those who participated in the meetings;

iii. A copy of the draft GNP and, if applicable, the site plan sent to the neighborhood association and as presented at the meetings, if different; and

iv. Identification of those components of the GNP which were agreed upon and those which were unresolved, plus a summary of any additional items discussed during the meeting(s).

v. The GNP must be completed and submitted to the Director no later than 12:00 p.m., Eastern time, at least eight (8) days prior to the Planning Commission's public hearing for the application.

e. A statement attesting to the community engagement efforts by the applicant as indicated within the Good Neighbor Plan shall be included from the neighborhood association or organization, and from the Board of the Corridor Improvement Authority, if applicable. If the local recognized organization has a Board of Directors, Land Use Committee, or similar, the applicant shall meet with at least one (1) of those groups prior to the attestation by a representative of that organization. An attestation by a representative should not be construed to be equivalent to support of the applicant's proposal.

(Ord. No. 2018-45, § 9, 7-24-18; Ord. No. 2018-70, § 5, 12-18-18; Ord. No. 2020-21, § 12, 7-7-20)

Sec. 5.12.07. Planning Commission Pre-Hearing Conference.

A. An informal pre-hearing conference with the Planning Commission is available for applications for which the Commission will be a required reviewing authority. The purpose of the conference is to provide information to the applicant prior to submission of a formal application on the procedures and policies of the City for projects that the Director deems to be complex or potentially controversial.

B. An application for a pre-hearing conference shall be filed with the Director, including materials sufficient to determine the general site layout, relationship to adjacent properties, and other information deemed relevant by the Director.

C. Comments made by the Commission or applicant shall be non-binding and shall not confer upon the applicant any development approvals or other rights.

Sec. 5.12.08. Site Plan Review.

A. *Purpose.* The purpose of the submittal is to ensure compliance with the development and design standards and requirements of this Chapter and to encourage quality development consistent with the goals of the Master Plan. A LUDS permit shall not be issued until the site plan has been approved. All projects requiring review shall submit a Site Plan Review application in accordance with this Article.

B. *Planning Commission Approval.* A project requires Site Plan Review by the Planning Commission under any of the following circumstances.

1. Any proposed development that does not qualify for an Administrative Review under Section 5.12.16. or any project that qualifies for Administrative Review that the Director determines should be submitted for Site Plan Review by the Planning Commission.

2. Any proposed development on one (1) acre or more located in a TN-TBA, TOD, or C Zone District, where in the opinion of the Director, the site alterations would substantially change the way the site functions or operates, have the potential to adversely affect adjacent properties, decrease the compatibility of the surrounding built environment, or substantially alter the character of the neighborhood.

3. Special Land Uses in all Zone Districts.

4. Development Plans (Preliminary and Final), and Minor Deviations of an approved Development Plan, for a PRD Planned Redevelopment District.

5. Approvals and amendments of Planned Sign Programs.

6. Recommendation to the City Commission for a Final Site Plan for a Site Condominium.

C. *Other Approvals.*

1. A Site Plan Review is not required for the following, but shall be considered a Counter Review as set forth in Section 5.12.16.

    a. Detached single-family dwellings; and

    b. Projects where interior construction does not increase gross floor area, increase the intensity of use, or effect parking requirements on a site that meets all development requirements and site design standards of this Chapter.

2. Site Condominiums. A Final Site Plan approval by the City Commission is required for a site condominium, following a recommendation by the Planning Commission.

D. *Application and Review Process.*

1. An application shall be filed with the Planning Department, as provided in Section 5.12.04. for either a Preliminary or Final Site Plan Review.

2. *Preliminary Site Plan Review.*

   a. If desired by the applicant, a Preliminary Site Plan Review application may precede the Final Site Plan Review, in accordance with the procedures set forth in this Article. If a Preliminary Site Plan Review is elected, a Preliminary Site Plan shall be submitted for review by the Planning Commission.

   b. The Director may also require submission of a Preliminary Site Plan for projects that raise complex issues, including, but not limited to, the need for major infrastructure improvements and other neighborhood or community-wide effects that would benefit from a Planning Commission review.

   c. The purpose of the Preliminary Site Plan Review is to provide an opportunity for input at the earliest stages of the development process, and to permit the Planning Commission to inform the applicant of the general suitability of the proposed plans prior to incurring extensive engineering and other costs which might be necessary for Final Site Plan approval.

   d. The Director may require additional information specific to the site if deemed necessary to assist in the determination of compliance with the Review Standards of Section 5.12.08.E.

   e. The Planning Commission shall review the Preliminary Site Plan Review application for conformity with the requirements of this Chapter and the review standards of this Article.

   f. Comments from the Planning Commission do not confer upon the applicant any development approvals or other rights.

3. *Final Site Plan Review.*

   a. A Final Site Plan Review shall be required for those projects for which a Preliminary Site Plan Review has been approved and for applications meeting the requirements of Section 5.12.08.B.

   b. A Final Site Plan Review application may be submitted for review without first receiving approval of a Preliminary Site Plan Review under the provisions of D.2., above.

   c. The Planning Commission shall review the Final Site Plan Review application for conformity with the requirements of this Chapter and the review standards of this Article.

   d. Following approval of a Final Site Plan Review, and other approvals that may be required by this Chapter, the applicant may submit for further permits as required by this Chapter and other provisions of the City Code.

4. *Optional Public Hearing.* In accordance with the Zoning Act, a public hearing for a Site Plan Review is not required. A public hearing shall be held if required by the Planning Commission or Director and notices sent in accordance with Section 5.12.05.B.

E. *Review Standards.* The following review standards shall apply for Site Plan Reviews by the Planning Commission and Director Review. Site Plan Review approval shall be granted only if the application meets all the applicable requirements of this Chapter and the following standards.

1. *Master Plan / Zoning Ordinance.* The proposed development will meet the purpose and intent of the Master Plan and Zoning Ordinance, including the Zone District.

2. *Site Design.*

   a. The site is designed to comply with all provisions of this Chapter.

   b. The site will be developed so as not to impede the normal and orderly development or improvement of surrounding property for uses permitted by this Chapter.

   c. Redevelopment of existing sites are brought into conformance with all site improvement provisions of this Chapter relative to and proportionate to the extent of redevelopment, as determined by the Director or Planning Commission, as applicable.

   d. Every building, structure or dwelling unit is provided with adequate means of ingress and egress by public streets and walkways.

   e. All elements of the site design are harmoniously and efficiently organized in relation to topography, the size and type of lot, character of the neighborhood and adjoining property, and the type, size, and proportions of buildings.

   f. All buildings or groups of buildings are arranged so as to permit access for emergency vehicles by practicable means.

   g. Outdoor lighting is designed so that it is deflected away from adjacent properties and does not impede the vision of drivers on public streets, adversely affect abutting properties, or unnecessarily affect the natural evening sky.

3. *Environment.*

   a. Site landscape features, such as notable mature vegetation and steep slopes, will be preserved in their natural state insofar as practicable by minimizing tree and soil removal, alteration to the natural drainage courses, and the amount of cutting, filling and grading.

   b. Natural features and site topography are incorporated into the proposed site design to the maximum extent practicable.

   c. Buildings and structures are placed in a manner that preserves and protects environmentally sensitive areas.

   d. Landscape buffers or greenbelts are provided that ensure that proposed uses are adequately buffered from one another and from surrounding public and private property. Special emphasis is placed on the preservation of notable vegetation that provides an effective landscape screen between properties, where desirable.

   e. Stormwater management measures will be employed to satisfy Chapter 32 and other City ordinances related to water quality.

4. *Vehicular, Bicycle, and Pedestrian Circulation.*

   a. Driveways are located to minimize conflict with traffic operations on abutting streets and the number of driveways is the minimum needed to provide reasonable access to the site.

b. The width of streets and driveways are appropriate for the existing and anticipated volume of traffic.

c. The arrangement of public or common ways for vehicular and pedestrian circulation respect the pattern of existing or planned streets and pedestrian or bicycle pathways in the area.

d. Off-street parking and loading areas are provided with particular attention to the effects of noise, glare, and odor on adjacent properties in the proposed development.

e. Safe, convenient and well-defined vehicular, bicycle, and pedestrian circulation within and to and from the site is provided. Driveways, streets and other elements are designed to promote safe and efficient movement within the site and at its access points.

f. Pedestrian pathways connect to transit stops or stations where practicable.

g. Bicycle facilities shall be planned to ensure that conflicts between cyclists, vehicles, and pedestrians are minimized to the greatest possible extent.

5. *Public Facilities.* The scale and design of the proposed development does not place an excessive burden on services currently furnished or may be required by the City or other public agency, including, but not limited to, fire and police protection, water supply, stormwater management, sanitary sewage removal and treatment, traffic control, and administrative services.

F. *Decisions.*

1. The Planning Commission shall approve, approve with conditions, postpone or deny the plan, stating the reasons for its decision in the minutes. The decision of the Planning Commission cannot be appealed to the Board of Zoning Appeals.

2. Conditions imposed by the Planning Commission shall meet the standards of Section 5.12.02.B.3. The Planning Commission may refer to Section 5.2.20 Infrastructure and Service Needs for additional conditions as warranted.

3. Site Plan Review approval cannot be used to permit a building or site requirement that does not meet the requirements of this Chapter. To this end, the Commission shall not have the authority to change any part of the site plan that meets the allowable uses or Development Requirements of the Zone District, or reverse the approval of an Administrative Departure.

4. *Modifications Permitted.*

a. For applications related to an application for approval of a shopping center or other integrated complex, as defined by this Chapter, the Planning Commission may approve modifications to the parking and sign requirements of Articles 10 and 15 respectively to accommodate design considerations such as shared parking arrangements, sign consolidation, and other similar elements.

b. Modifications shall only be granted if the Commission finds that they would result in an improved design, rather than simply as a reduction in required parking or a request for larger or additional signs.

5. *Effective Date.* Site Plan Review approvals shall have immediate effect. Other required approvals shall have the effective date applicable to that approval.

6. *Duration of Approval.*

a. *Preliminary Site Plan.* A Preliminary Site Plan approval shall be valid for a period of two (2) years. If a Final Site Plan Review application has not been submitted within the two (2) year period, the approval for the Preliminary Site Plan shall lapse and a new Preliminary or Final Site Plan Review application shall be required.

b. *Final Site Plan.* A Final Site Plan Review approval shall be valid for a period of one (1) year, in which time a LUDS and/or building permit shall be obtained and the first phase of construction substantially commenced.

c. *Extension.* Upon written request prior to expiration of the approval, two (2) extensions of up to six (6) months may be granted for a Final Site Plan Review approval if the Planning Commission finds that the extension is warranted due to circumstances beyond the control of the applicant.

d. *Expiration.* If no action is taken to initiate substantial construction after the expiration of the initial approval period or extension, the Final Site Plan Review approval shall expire when applicable LUDS and/or building permits expire and a new approval shall be required.

G. *Minor Amendments.* Any proposed changes by the holder of an approved Final Site Plan shall be submitted to the Director, including documentation detailing the conditions necessitating the changes.

1. The Director may approve minor amendments that do not alter the basic design nor any specific conditions imposed as part of the original approval, including the following.

   a. Change in the building size, up to ten (10) percent in total floor area.

   b. Movement of buildings or other structures by not more than ten (10) feet.

   c. Replacement of plant material specified in the landscape plan with comparable materials of an equal or greater size and/or number.

   d. Changes in building materials or colors that are similar to and have the same general appearance to, or of a comparable or higher quality than, the previously approved material.

   e. Adjustments to the location and layout of parking lots, provided the perimeter setbacks, yards and buffers, and required parking are maintained.

   f. Sign modifications to location, sign face, landscaping and lighting, provided the general sign design, number of signs, and dimensional requirements are maintained.

   g. Relocating fencing, walls, or screening (not including screening walls), provided that the same level and quality of materials and screening are maintained.

   h. Changes in floor plans that do not alter the character of the use.

   i. Changes required by outside agencies such as the county, state, or federal officials or agencies of competent jurisdiction.

   j. Other minor modifications deemed appropriate by the Director that do not alter the basic design or any specific conditions imposed as part of the original approval.

2. If the Director determines a proposed amendment is not minor, the proposed amendment shall be submitted as a new application and reviewed in accordance with the requirements of this Article.

H. *Project Phasing.*

1. *Phasing Plan.* Requests for project phasing shall be approved by the Planning Commission as part of the Site Plan Review. The phasing plan shall include the likely sequence and timeline for construction, as well as the reasoning behind the phased approach.

2. *Contiguous Sequencing.* Project phasing shall be sequenced so that development phases are contiguous, and that each phase has the potential to stand on its own in the event future phases are not constructed.

3. *Lapse.* The time period for the lapse of a construction phase shall not exceed twelve (12) months from the issuance of a Certificate of Occupancy.

4. *Traditional Neighborhood Zoning Classification.*

   a. Where two (2) or more structures are proposed on the same site within a Traditional Neighborhood classification, the first structure to be built shall be located along the primary public street, abutting the public right-of-way (front structure).

   b. The linear building frontage of the structure located along the primary public street shall be at least equal to the linear building frontage of the largest structure(s) to be constructed in subsequent phases.

(Ord. No. 2022-30, § 4, 8-23-22)

Sec. 5.12.09. Special Land Uses.

A. *Purpose.* This Section provides procedures and standards for uses of land or structures that, because of their unique characteristics, require additional consideration in relation to the welfare of adjacent properties, the neighborhood, and the community. The regulations and standards herein are designed to allow practical latitude for the applicant, but maintain adequate provision for the protection of the health, safety, convenience, and general welfare of the community.

B. *Applicability.*

1. The standards and requirements of this Section apply to all Special Land Uses required by this Chapter.

2. Use Intensity. Once approved, a Special Land Use shall not be increased in intensity unless a new Special Land Use approval is obtained. Increase in intensity shall include the enlargement, extension or expansion of: hours of operation, seating, display, building footprint or use footprint within a building, or other factor that was part of the originally approved application for the Special Land Use and would increase the relative intensity of the use.

C. *Application Procedures.*

1. An application shall be filed with the Planning Department as provided in Section 5.12.04.

2. Site Plan Review.

   a. Applications for Special Land Uses shall include a Preliminary or Final Site Plan Review application, which shall be submitted and reviewed concurrently in accordance with the provisions of Section 5.12.08. The procedures, standards, and requirements for each approval shall be followed.

   b. If a Preliminary Site Plan Review application is filed with the Special Land Use application, a Final Site Plan approval shall be required prior to the issuance of a LUDS and/or building permit related to the Special Land Use.

D. *Review Procedures.*

1. Following acceptance of a complete application, the Director shall assign the application a public hearing date and time.

2. Public Hearing. The Planning Commission shall provide public notice and hold a public hearing in accordance with the requirements of Section 5.12.05.

E. *Review Standards.* The Planning Commission shall only approve an application for a Special Land Use that meets the following standards.

1. *Master Plan / Zoning Ordinance.* The proposed use will be consistent with the purpose and intent of the Master Plan and Zoning Ordinance, including the Zone District.

2. The Site Plan Review Standards of Section 5.12.08.E.

3. *Neighborhood Effects.*

   a. The proposed use would be compatible, harmonious and appropriate with the existing or planned character and uses of the neighborhood, adjacent properties, and the natural environment.

   b. Potentially adverse effects arising from the proposed use on the neighborhood and adjacent properties would be minimized through the provision of adequate parking, the placement of buildings, structures and entrances, as well as the location of screening, fencing, landscaping, buffers or setbacks.

   c. The proposed use would not be detrimental, hazardous, or disturbing to existing or future adjacent uses or to the public welfare by reason of excessive traffic, noise, smoke, odors, glare, visual clutter, and electrical or electromagnetic interference.

   d. The proposed use would not adversely affect the walkability of the neighborhood, impair pedestrian circulation patterns, disrupt the continuity of the urban street wall or otherwise hinder the creation of a pedestrian-oriented environment.

4. *Environment.* The building and site area required for the proposed use will retain as many natural features of the landscape as practicable, particularly where the natural features assist in preserving the general character of the neighborhood.

5. *Public Facilities.*

   a. Adequate public or private infrastructure and services already exist or would be provided at no additional cost, and will safeguard the health, safety, and general welfare of the public.

   b. The proposed use would not be detrimental to the financial stability and economic welfare of the City.

   c. The proposed use would comply with all other applicable City ordinances and policies and all applicable State laws.

6. *Sale and/or Consumption of Alcohol.* Alcohol-related uses tend to have a particularly detrimental effect on neighborhoods where there is a concentration of these uses. Compliance with the standards of review for uses including alcohol sales in Section 5.9.05.D. shall be in addition to the Review Standards of this Section.

F. *Planning Commission Decision and Appeals.*

1. The Planning Commission shall approve, approve with conditions, postpone, or deny the application, stating the reasons for its decision and the review standards used in making its recommendation.

2. Appeals. Denial of a Special Land Use application may be appealed to the Board of Zoning Appeals. Conditions of approval imposed by the Planning Commission cannot be appealed to the Board of Zoning Appeals.

G. *Conditions of Approval.*

1. Conditions imposed by the Planning Commission shall meet the standards of Section 5.12.02.B.3.

2. The Planning Commission may modify or eliminate any of the applicable Use Regulations contained within Article 9 for a particular Special Land Use application upon finding that the standards of Section 5.12.09.E. and the intent of the Master Plan are better satisfied with the modification or elimination.

3. As a condition of approval, the Planning Commission may require a performance guarantee per Section 5.14.04. or other infrastructure and service improvements as needed for project approval, per Section 5.2.20.

H. *Duration of Approval.*

1. *Effective Date.* Approved Special Land Uses shall take effect sixteen (16) days after the date of Planning Commission approval, except as otherwise noted in the approval resolution.

2. *Period of Validity.*

   a. A Special Land Use approval shall be valid for a period of one (1) year, provided the property is used as approved or work has substantially commenced in that period.

   b. Upon written request prior to the expiration of the approval, two (2) extensions of up to six (6) months may be granted if the Planning Commission finds that the extension is warranted due to circumstances beyond the control of the applicant.

   c. If no action is taken to use the property as approved or work is not substantially commenced after the one (1) year approval period or any extension, the Special Land Use approval shall expire when applicable LUDS and/or building permits expire.

3. *Abandonment.*

   a. Once established, any Special Land Use shall be considered to be abandoned if the use ceases for a period of one (1) year. Once abandoned, a new Special Land Use application shall be required to continue the previously approved Special Land Use.

   b. A Special Land Use shall be considered abandoned if the Director determines that one (1) or more of the following conditions exist.

      i. One (1) or more utility meters, such as water, gas, and electricity to the property have been removed;

      ii. The property, buildings, and/or grounds are unsafe or unsanitary, as described in Chapter 140 Housing Code or Chapter 135 Building Maintenance Code;

      iii. Signs or other indications of the existence of the use have been removed;

      iv. Equipment or fixtures that are necessary for the operation of the use have been removed; or

      v. Failure to maintain current licenses, certificates, permits, registrations, or other appropriate documentation for the use.

I. *Violation and Revocation.*

1. The breach of any condition or requirement shall be considered a violation of the Special Land Use approval and a violation of this Chapter.

2. The Planning Commission shall have the authority to revoke any Special Land Use approval where the applicant has failed to comply with applicable requirements in this Article or Chapter, following notice to the property owner and a public hearing held in compliance with Section 5.12.05.

(Ord. No. 2021-22, § 1, 7-27-21)

Sec. 5.12.10. Zoning Ordinance Text and Map Amendments.

A. *Purpose.* This Section is intended to provide the process for amending this Chapter as new circumstances or uses arise, areas change in character, or other conditions warrant a change to the text of this Chapter or a change in the official Zoning Map.

B. *Applicability.* An amendment to the text of this Chapter, Zone District boundaries or Neighborhood Classification may be initiated by the City Commission, the Planning Commission, or an owner or person having a legal interest in property in the City.

C. *Application Procedures.* An application shall be filed with the Planning Department for any proposed amendment to this Chapter. At a minimum, the following materials shall be provided.

1. Applications shall be submitted on a form provided by the Planning Department, completed in full and signed by the applicant, and shall include a detailed description of the proposed amendment and certify the accuracy of the information.
2. For Zoning Ordinance text amendments, a copy of the existing language, the language of the proposed change(s), and the reason(s) for the requested change.
3. For Zoning Map (Neighborhood and District) amendments:
    a. The current and requested Neighborhood and Zone District.
    b. The following site and related information.
        i. Locations of vehicular access, including public and private roads, and private access easements;
        ii. Distance to road centerlines and right-of-way widths of all abutting streets and alleys;
        iii. Location of natural features such as existing drainage courses, wetlands, flood plains, streams, wood lot, and steep slopes;
        iv. All existing easements or rights-of-way;
        v. Location, size, and/or capacity of all existing utility lines abutting or entering to service the site.
        vi. Where TOD zoning is requested, a written verification from The Rapid that the transit station or stop is in a permanent location.
    c. A detailed statement of how the proposed amendment complies with the applicable review standards in Section 5.12.10.E.
    d. Any additional information required by the Director, Planning Commission or City Commission to assist in its review.
4. If a request for a new Zone District is for property not already in the Neighborhood Classification, approval of a Neighborhood Classification amendment is required prior to an approval for a change to a new Zone District. Requests for a change in Neighborhood Classification and Zone District may be submitted and reviewed concurrently.

D. *Review Procedures.*

1. *Application Completeness.* Upon acceptance of a complete application, the Director shall assign the application a public hearing date and time.
2. *Planning Commission Public Hearing.* The Planning Commission shall hold a public hearing as provided in Section 5.12.05.

3. *Recommendation to City Commission.* Following the public hearing, the Planning Commission shall make its recommendation to the City Commission, including a summary of the comments from the public and findings on the review standards used in making its recommendation.

E. *Review Standards.*

1. *Text Amendment.* For a change to the text of the Zoning Ordinance, the Planning Commission shall consider, and the City Commission may consider, whether the proposed amendment meets the following standards.

   a. *Master Plan/Zoning Ordinance.* The proposed amendment:

      i. Is consistent with the purpose and intent of the Master Plan and Zoning Ordinance, including those of the proposed Neighborhood Classification and Zone District.

      ii. Will enhance the functionality or character of the future development in the City.

   b. *Environment.* The proposed amendment will enhance the natural features and environmental integrity of the City.

   c. *Public Facilities.* The proposed amendment will protect the health, safety, morals, and general welfare of the public.

   d. *Other.* Whether the proposed amendment:

      i. Is needed to correct an error or omission in the original text; or

      ii. Will address a community need in physical or economic conditions or development practices; or

      iii. Would not result in the creation of significant nonconformities in the city.

2. *Neighborhood Classification or Zone District (Zoning Map) Amendment.* For a change to a new Neighborhood Classification or Zone District, the Planning Commission shall consider, and the City Commission may consider, the following standards.

   a. *Master Plan/Zoning Ordinance.*

      i. The proposed Neighborhood Classification or Zone District designation is consistent with purpose and intent of the Master Plan, including the Future Land Use Map.

      ii. The proposed Neighborhood Classification or Zone District designation will further the themes and objectives of the Master Plan, as well as any relevant adopted Area Specific Plans or other adopted plans of the City.

      iii. Any property to be rezoned can reasonably accommodate the requirements of the proposed Zone District.

   b. *Neighborhood.* The proposed new Neighborhood Classification or Zone District is compatible with the Zone District(s) and Neighborhood Classification(s) in the neighborhood.

   c. *Environment.* The physical, geological, hydrological and other environmental features of the property to be rezoned are compatible with the full range of uses in the proposed Zone District.

   d. *Public Facilities District.*

      i. Adequate public facilities already exist or will be provided at no additional public cost, and will safeguard the health, safety, and general welfare of the public.

      ii. The proposed Neighborhood Classification or Zone District will not be detrimental to the financial stability and economic welfare of the City.

e. *Other.*

i. The proposed Neighborhood Classification or Zone District is consistent with the trend of development in the neighborhood.

ii. The property to be rezoned was improperly zoned or classified when this Chapter was adopted or amended.

iii. The effects on the condition of any nearby parcels currently zoned in a Mixed-Use Commercial Zone District, especially considering existing vacancy rates, current per-square-foot lease or sale rates, and other conditions.

F. *City Commission Decision.*

1. Upon receipt of the recommendation of the Planning Commission, the City Commission may hold a public hearing in accordance with the Zoning Act prior to taking action on the proposed amendment.

2. Following a public hearing, if held, at a date determined by the City Commission, the Commission shall approve, approve with modifications, or deny the proposed Zoning Ordinance amendment by a majority vote of its members. The City Commission shall state the reason(s) for its decision for the minutes.

G. *Effective Date.*

1. Upon adoption of a Zoning Ordinance amendment, notice of adoption shall be published in accordance with the requirements of the Zoning Act.

2. The Zoning Ordinance amendment shall take effect thirty-one (31) days after the date the City Commission adopted the amendment, unless otherwise provided by the City Commission.

H. *Duration of Approval.* All amendments to the Zoning Ordinance are final.

I. *Resubmission.* Following the final action of a denial by the City Commission on a Neighborhood Classification or Zone District amendment, no further applications shall be considered for any part or all of the same property for at least one (1) year from the date of the City Commission's action, with the following exception.

1. If a Neighborhood Classification or Zone District amendment was denied, the City Commission may reconsider the amendment if a City Commission member on the prevailing side makes a motion for reconsideration and it is passed at the meeting at which the denial decision was made. The vote on the reconsideration of the original action shall not be held later than the next regularly scheduled City Commission meeting.

2. The time limit on reconsiderations may be waived by a majority vote of the City Commission when it is deemed necessary to facilitate the proper development of the City, and when the City Commission finds that there has been a substantial change in circumstances since the original vote on the Neighborhood Classification or Zone District amendment.

Sec. 5.12.11. Conditional Rezoning.

A. *Purpose.* The City Commission recognizes that there are certain instances where it would be in the best interests of the City, as well as advantageous to property owners seeking a change in a Neighborhood Classification or Zone District, if certain conditions and limitations could be proposed by applicants as part of an application for a zone change. Therefore, it is the intent of this Section to provide a process by which an applicant seeking a change in Neighborhood Classification or Zone

District boundaries may propose a Conditional Zoning Offer, with conditions and commitments attached thereto, as part of the application for the requested rezoning. These provisions shall be in accordance with the provisions of the Zoning Act.

B. *Application.* An applicant requesting a change in a Neighborhood Classification and/or Zone District may propose a Conditional Zoning Offer, as defined in this Section. The required application and process shall be the same for zone change requests as detailed in Section 5.12.10., except as modified by the requirements of this Section.

C. *Definitions.* The following definitions shall apply to this Section.

1. *"Conditional Zoning Offer"* shall mean written conditions, proposed by the applicant and approved by the City, processed as part of an approval under this Section. These conditions shall constitute requirements for, and in connection with, the development and/or use of the property approved under a Zoning Agreement.
2. *"Zoning Agreement"* shall mean a written agreement offered by the applicant and approved and executed by the applicant and the City and recorded with the Kent County Register of Deeds, incorporating the Conditional Rezoning Offer along with any requirements necessary to implement the Conditional Rezoning Offer.

D. *Eligibility.*

1. An applicant for rezoning may submit a proposed Conditional Rezoning Offer and Zoning Agreement with an application for a zone change. This election shall be made at the time the zone change is filed, or may be made at a later time during the rezoning process, as provided in this Section.
2. To be eligible, the Conditional Rezoning Offer shall set forth conditions which are equally or more restrictive than the regulations that would otherwise apply under the proposed Neighborhood Classification or Zone District.

E. *Zoning Agreement.* The Zoning Agreement shall set forth the Conditional Rezoning Offer and shall include those terms necessary to implement the Agreement. In addition, before acceptance by the City Commission the Zoning Agreement shall include the following:

1. Acknowledgement that the Zoning Agreement and the Conditional Rezoning Offer included therein were proposed voluntarily by the applicant, and that the City relied upon the Agreement and may not grant the zone change but for the Conditional Rezoning Offer and terms spelled out in the Zoning Agreement.
2. Acknowledgement that the Zoning Agreement and its terms and conditions are authorized by all applicable state and federal law and constitution, and that the Zoning Agreement is valid.
3. Agreement and understanding that the property shall only be developed and/or used in a manner that is consistent with the Zoning Agreement.
4. Agreement and understanding that the approval and the Zoning Agreement shall be binding upon and inure to the benefit of the property owner and the City, and their respective heirs, successors, assigns, receivers or transferees.
5. Agreement and understanding that if the zone change with a Zoning Agreement becomes void, no development shall take place or permits issued unless and until a new Neighborhood Classification or Zone District for the property has been established or a new zone change with a Zoning Agreement has been approved.
6. Agreement and understanding that each of the requirements and conditions in the Zoning Agreement represents a necessary and reasonable measure which, when considered with all

other conditions and requirements, is roughly proportional to the increased effects or other conditions created by the uses, activities or conditions represented in the approved zone change and Zoning Agreement, taking into consideration the changed Neighborhood Classification and Zone District and the specific use(s), activities, or conditions authorized.

7. Agreement and understanding that no part of the Zoning Agreement shall permit any activity, use, or condition that would otherwise be prohibited in the Zone District to which the property is to be zoned.

8. When necessary, the Zoning Agreement shall include and incorporate, by reference, a site plan that illustrates the implementation of the Conditional Rezoning Offer, if appropriate. The site plan and Zoning Agreement shall not replace the requirement for a Site Plan Review or other approvals required by this Chapter.

F. *Conditional Rezoning Offer.*

1. The Zoning Agreement shall specify the Conditional Rezoning Offer and any requirements necessary to implement it. However, the Conditional Rezoning Offer may not authorize uses or developments of greater intensity or density, and/or which are not permitted in the proposed Zone District.

2. Any uses proposed as part of a Zoning Agreement that would otherwise require approval of a Special Land Use or Site Plan Review shall be approved as required by this Chapter prior to establishment or commencement of the use.

3. The Conditional Rezoning Offer shall bear a reasonable and rational relationship and/or benefit to the property in question.

4. The Conditional Rezoning Offer may include limitations on the uses permitted on the property in question, specification of lower density or less intensity of development and use, and/or may impose more restrictive measures on the location, size, height, or other measure of buildings, structures, improvements, setbacks, landscaping, buffers, design, architecture and other features; provided that no variances from height, area, setback or similar dimensional requirements in this Chapter be allowed unless and until approved by the Board of Zoning Appeals as required in Article 13.

5. The Conditional Rezoning Offer may also include conditions related to the development of the property that are consistent with the intent of this Chapter and applicable state, federal and local regulations. These conditions may include, for example, extension or improvements to infrastructure serving the site, site specific improvements intended to minimize the effects of the development on surrounding properties, or other conditions deemed important to the development by the applicant.

6. A Conditional Rezoning Offer that includes provisions for preservation of natural features and/or open space, facilities for drainage, facilities for traffic and access, and similar activities that take place on private land shall include a written understanding for permanent maintenance of those features or improvements by entities other than the City, unless a separate agreement for dedication of the property to the City has been executed. The Zoning Agreement shall also contain a provision for authorization and finance of maintenance by or on behalf of the City, after notice, in the event that the property owner(s) fail(s) to perform necessary maintenance in a timely fashion.

G. *Application Procedures.*

1. An application for Conditional Rezoning shall be the same as outlined in this Section. In addition to the required materials listed in Section 5.12.04., a Zoning Agreement in a

recordable format acceptable to the City shall be submitted, along with any plans necessary to illustrate the Conditional Rezoning Offer. The Director shall determine the adequacy of any submitted application and may request additional materials deemed necessary to properly demonstrate the extent of the proposed Offer(s).

2. The application may be amended during the process of consideration, provided that any amended or additional Conditional Rezoning Offers are entered voluntarily and confirmed in writing by the applicant.

H. *Review Procedures.*

1. *Application Completeness.* Upon acceptance of the application for form and completeness, the Planning Director shall assign the application a public hearing date and time.

2. *City Attorney Review.* The Zoning Agreement shall be reviewed by the City Attorney prior to the required Planning Commission public hearing. The City Attorney shall indicate to the Planning Commission and City Commission whether the Zoning Agreement conforms to the requirements of this Section and the Zoning Act, and is in a form acceptable for recording with the Kent County Register of Deeds.

3. *Planning Commission Public Hearing.* The Planning Commission shall hold a public hearing in accordance with the requirements of Section 5.12.05.

I. *Review Standards.* The Planning Commission shall consider, and the City Commission may consider, whether the proposed Zoning Agreement and Conditional Rezoning offer meet the following standards.

1. The review standards of Section 5.12.10.E.2. as applicable.

2. The proposed Zoning Agreement and Conditional Rezoning offer:

   a. Bears a reasonable and rational connection and/or benefit to the property to be rezoned.

   b. Will result in a development that is more compatible with the neighborhood than would have been likely if the property had been rezoned without a Zoning Agreement, or if the property were to be developed under the existing Zone District.

   c. Are necessary to allow the rezoning to be approved, in that the property would likely not be rezoned without the proposed Zoning Agreement and Conditional Rezoning Offer.

   d. Are clearly in the public interest, as compared to the existing Zone District and considering the site specific land use or conditions proposed by the applicant, and that the benefit to the public as a result of approving the Conditional Rezoning and Zoning Agreement clearly outweighs any reasonably foreseeable detriments thereof.

J. *Recommendation to City Commission.* The Planning Commission may recommend approval, approval with recommended changes (related to the Zoning Agreement), or denial of the Conditional Rezoning and Zoning Agreement; provided however, that any conditions which add to or amend the Conditional Rezoning Offer are accepted by the applicant in writing prior to consideration by the City Commission.

K. *City Commission Decision.*

1. Upon receipt of the Planning Commission's recommendation, the City Commission shall approve or deny the Conditional Rezoning and Zoning Agreement. The City Commission may amend the application, provided that any conditions that add to or amend the Conditional Rezoning Offer are acceptable to the applicant.

2. Should a Conditional Rezoning Offer be revised following the Planning Commission public hearing and recommendation, the City Commission may conduct its own public hearing, in accordance with the requirements of the Zoning Act.

3. If changes are made in the proposed Zoning Agreement, the City Commission may return the application to the Planning Commission to hold a public hearing on the revised Zoning Agreement and submit a revised report and recommendation to the City Commission.

4. If an applicant proposes a Conditional Zoning Offer after the Planning Commission has held a public hearing on a Neighborhood Classification or Zone District request, the City Commission shall first return the application to the Planning Commission, which shall hold a new public hearing on the Conditional Rezoning and proposed Zoning Agreement and submit a report and recommendation to the City Commission.

L. *Implementation and Effective Date.*

1. Upon adoption of a Conditional Rezoning and Zoning Agreement, notice of adoption shall be published in accordance with the requirements of the Zoning Act.

2. The Zoning Map shall specify the Neighborhood Classification and/or Zone District to which the property is rezoned, plus the letter "A" to indicate that the property is subject to a Zoning Agreement (i.e., "TN-MDR-A"). The City Clerk shall maintain a listing of all properties subject to Zoning Agreements, and shall provide copies of the Agreements upon request.

3. The use of any affected property shall conform to all of the requirements regulating use and development within the new Zone District; subject to the provisions of the Zoning Agreement, which shall supersede all provisions otherwise applicable under the Chapter.

4. The applicant shall record the approved Zoning Agreement with the Kent County Register of Deeds within five (5) days following the effective date of approval by the City Commission. Evidence of recording shall be provided to the City Attorney within seven (7) days following the effective date of approval by the City Commission.

5. The Conditional Rezoning and Zoning Agreement shall take effect thirty-one (31) calendar days after the date the City Commission adopted the amendment, unless otherwise provided by the City Commission.

6. Prior to development, any other applicable zoning approval or other approval requirement imposed by this Chapter or other City ordinances shall be met.

M. *Duration of Approval.*

1. Provided that all development and/or use of the property in question is in compliance with the Zoning Agreement, a use or development authorized thereunder may continue indefinitely, provided that all terms of the Conditional Rezoning Offer and the Zoning Agreement continue to be met.

2. Unless extended by the City Commission for good cause, the Neighborhood Classification or Zone District change and Zoning Agreement shall expire two (2) years after adoption of the Conditional Rezoning and Zoning Agreement, unless substantial progress has occurred.

3. In the event that approved development has not commenced or has not proceeded diligently to completion within the aforementioned two (2) years, the Zoning Agreement shall be void and of no effect.

4. Should the Zoning Agreement become void, all development on the subject property shall cease, and no further development shall be permitted. Until action satisfactory to the City is taken to

bring the property into compliance with the Zoning Agreement, the City may withhold, or, following notice and an opportunity to be heard, revoke permits and certificates, in addition to, or in lieu of, any other lawful action to achieve compliance.

5. Notwithstanding the above, if the property owner applies in writing for an extension of the Zoning Agreement at least fifty (50) days prior to the expiration date, the City Commission may, after recommendation by the Planning Commission following a public hearing in accordance with the requirements of this Chapter and the Zoning Act, grant an extension of up to one (1) year. The extension may be granted if the property owner is able to demonstrate that the reasons for the extension were reasonably beyond his or her control and that the project has a reasonable expectation of proceeding. No further extensions may be requested.

6. If the Zoning Agreement becomes void as outlined above, a rezoning to the property's original Neighborhood Classification or Zone District shall be initiated and processed as required by the Zoning Act and this Chapter.

7. Nothing in the Zoning Agreement, nor any statement or other provision shall prohibit the City from rezoning all or any portion of the property that is part of the Agreement to another Zone District. Any rezoning shall be conducted in compliance with this Chapter and the Zoning Act.

8. Failure to comply with the Zoning Agreement at any time after approval may constitute a breach of agreement, and further use of the property may be subject to legal remedies available to the City, including a voiding of the Zoning Agreement.

N. *Amendment.*

1. During the initial two (2) year period following approval of the Zoning Agreement, or during any extension granted by the City as permitted above, the City shall not accept any request or consider any additions or alterations to the Conditional Rezoning Offer or the Zoning Agreement.

2. Following the initial two (2) year period following approval and any extensions, the Zoning Agreement may be amended or altered, in the same manner as was prescribed for the original Conditional Rezoning Offer and Zoning Agreement.

Sec. 5.12.12. Planned Redevelopment District (PRD) Review, Approval and Amendment.

A. *Purpose.* The PRD process is a review procedure that is intended to encourage innovative land planning and design by:

1. Recognizing greater flexibility in zoning requirements for larger and multi-lot sites;

2. Encouraging a mix of land uses;

3. Encouraging a sensitive design that respects the neighborhood character as well as natural or man-made features of the site and surrounding area; and

4. Promoting quality design and environmentally sensitive development.

B. *Applicability.*

1. *Existing PUD/PRDs.* Notwithstanding the requirements of this Chapter, existing conditions of approval for any Planned Unit Development (PUD) and Planned Redevelopment District (PRD) shall remain in full effect as approved prior to the effective date of this Chapter. However, any amendments to these developments shall comply with this Chapter. See also Section 5.7.06.A.4.

2. *Terminology.* The term PRD shall be used in this Chapter as the former PUD review and approval process was eliminated with the combination of the two (2) districts.

C. *Application Procedures.*

1. Applications shall be submitted as required in Section 5.12.04.

2. The application shall include either a Preliminary Site Plan or a Final Site Plan.

   a. A Preliminary Site Plan Review is intended as a conceptual approval. Subsequent Final Site Plans shall be subject to and reasonably consistent with the approved Preliminary Site Plan.

   b. A Final Site Plan approval is intended for an area that is about to undergo construction; showing more detailed site related plans. If not submitted as part of the rezoning application for City Commission approval, Planning Commission approval of a Final Site Plan is required for each phase of development.

3. The following materials shall be provided in addition to those of Section 5.12.08.

   a. A list of all proposed uses, total acreage, and/or square footage devoted to each use.

   b. All proposed setbacks, lot sizes, and other applicable yard and lot requirements.

   c. Total number of dwelling units, number of rooms per unit and proposed density.

   d. The location and size of parks, open recreation areas, other open space and all public and community uses, including proposed maintenance provisions for private open spaces.

   e. For phased developments, documentation that each phase shall be planned such that if later phases are not implemented, any single phase shall be consistent with the provisions of this Chapter and able to stand alone should subsequent phases no be developed. Any phase shall not detract from the feasibility of developing the remaining portion of the PRD in an appropriate and desirable manner.

   f. Any additional graphics or written materials requested by the Director, Planning Commission or City Commission to assist in the review of the project proposal.

4. If a Preliminary Site Plan is submitted, the Director may require additional information specific to the site if deemed necessary to ensure compliance with the Review Standards of Section 5.12.12.E.

5. Special Land Uses. The application shall include all of the information required under Section 5.12.09 for any Special Land Uses proposed with the development.

D. *Review Procedures.*

1. *Application Completeness.* Upon acceptance of a complete application, the Director shall assign the application a public hearing date and time.

2. *Planning Commission Public Hearing.* The Planning Commission shall conduct a public hearing in accordance with the requirements of the Section 5.12.05.

3. *Special Land Uses.*

   a. If Special Land Uses are proposed, the application for the use(s) shall be reviewed by the Planning Commission in accordance with the procedures of Section 5.12.09.

   b. A separate public hearing shall be required, but may be conducted concurrently with the PRD hearing.

   c. A decision on the Special Land Use application shall be by separate motion of the Planning Commission.

d. If approved, the Special Use shall not be valid unless the City Commission approves the PRD and the property is rezoned.

4. *Recommendation to City Commission.*

a. The Planning Commission shall review the PRD application and recommend to the City Commission approval, approval with conditions, or denial based on the Review Standards of Section 5.12.12.E. for the PRD, and Section 5.12.08.E. for the Preliminary or Final Site Plan.

b. The recommendation shall state the reasons for the recommendation and the review standards used in making the determination.

c. All setbacks, lot sizes, and other applicable yard and lot requirements shall be recommended by the Planning Commission and set by the City Commission for each PRD application.

d. The Planning Commission shall recommend and the City Commission shall consider appropriate transitions in landscaping, use, building height and massing, and density at the perimeter of any PRD.

e. The Planning Commission may recommend, and the City Commission may impose, additional conditions and safeguards deemed necessary, as described in Section 5.12.02.B.3.

f. The Planning Commission may recommend, and the City Commission may impose a performance guarantee in an amount equivalent to the estimated cost of improvements associated with the PRD, as described in Section 5.14.04., or infrastructure and service improvements as needed for project approval, per Section 5.2.20.

E. *Review Standards.* For a zone change to a PRD, the Planning Commission shall consider, and the City Commission may consider, whether the proposed PRD meets the following standards.

1. The Neighborhood Classification or Zone District change review standards of Section 5.12.10.E.2.

2. The Site Plan Review standards of Section 5.12.08.E.

3. Master Plan/Zoning Ordinance.

a. The mix of uses, density of development, and design of the proposed PRD are consistent with the Master Plan.

b. The proposed PRD is consistent with the purpose and intent of the Zoning Ordinance.

c. The proposed PRD meets the eligibility criteria of Section 5.7.06.B. of this Chapter.

d. The proposed PRD will ensure efficient development on the property and will result in a logical and orderly development pattern in the neighborhood.

4. *Neighborhood.*

a. The proposed development will be compatible, harmonious and appropriate with the existing or planned character and uses of the neighborhood, adjacent properties, and the natural environment.

b. Potential adverse effects arising from the proposed development on the neighborhood and adjacent properties will be minimized through the provision of adequate parking, the placement of buildings, structures and entrances, as well as the location of screening, fencing, landscaping, buffers or setbacks.

c. The proposed development will not be detrimental, hazardous, or disturbing to existing or future adjacent uses or to the public welfare by reason of excessive traffic, noise, smoke, odors, visual clutter, and electrical or electromagnetic interference.

d. Connections for pedestrians and vehicles are provided between buildings, uses and amenities within the property, as well as connections to and from the surrounding properties.

5. *Environment.* The proposed development will retain as many natural features of the landscape as practicable, particularly where the natural features assist in preserving the general character of the neighborhood.

6. *Public Facilities.*

a. Adequate public or private infrastructure and services already exist or will be provided at no additional public cost, and will safeguard the health, safety, and general welfare of the public.

b. The proposed development will not be detrimental to the financial stability and economic welfare of the City.

c. Wherever practicable, the proposed development will provide amenities, including but not limited to, park and recreational facilities, urban open space, and non-vehicular connections that serve a public purpose.

7. *Other.* Where applicable, the Planning Commission shall find that the Review Standards of Section 5.12.09.E. for any proposed Special Land Use are satisfied.

F. *City Commission Decision.*

1. The City Commission shall review the recommendation of the Planning Commission and approve, approve with conditions, or deny the application. If approved, the Preliminary or Final Site Plan submitted with the PRD application shall be considered an integral part of the zone change.

2. The Zoning Map shall be changed to reflect the location of the PRD after the effective date of the zone change.

G. *Effective Date.* Upon adoption of a PRD, notice of adoption shall be published in accordance with the requirements of the Zoning Act. The PRD approval shall take effect thirty-one (31) calendar days after the date of the City Commission approval, unless otherwise provided by the City Commission.

H. *Duration of Approval.*

1. Approval of a Final Site Plan and construction shall be initiated and substantial progress achieved within two (2) years of the effective date of the PRD approval. Upon written request prior to the expiration of the approval, one (1) extension of up to one (1) year may be granted if the Planning Commission finds that the extension is warranted due to circumstances beyond the control of the applicant.

2. With a multiple-phase PRD, substantial progress on a phase with an approved Final Site Plan shall preserve the approval of the PRD rezoning, provided that consecutive phases are started within two (2) years of completion of the previous phase.

3. Where development has not occurred or phases have not been completed within two (2) years, a public hearing following the review procedures of Section 5.12.05. shall be held to review the uncompleted portions or phases. This review shall consider the project's compliance with current requirements of this Chapter.

4. If substantial progress has not occurred within the specified time limits or a new PRD has not been approved, the Planning Commission shall initiate rezoning proceedings to an appropriate Zone District, with a recommendation by the Director.

I. *Amendments to Approved PRDs.* Following the City Commission approval of the PRD Preliminary or Final Site Plan Review and the effective date of the Zone Change, a proposed change to the PRD shall be classified in one (1) of the following categories.

1. *Minor Change.* The Director is authorized to grant the following proposed Minor Changes under Director Review procedures. The Director may refer any proposed Minor Changes to the Planning Commission for a decision.
   a. Alterations that lessen the intensity of the use without compromising the approved plan.
   b. Changes in the building size, up to five (5) percent in gross floor area of a single building.
   c. Movement of buildings or other structures by not more than five (5) feet.
   d. Replacement of plant material specified in the landscape plan with comparable materials of an equal or greater size.
   e. Changes in building materials to a comparable or higher quality.
   f. Changes in floor plans that do not alter the character of the use or significantly increase traffic generation.
   g. Changes required by outside agencies such as county, State, or federal departments provided the integrity of the project is not compromised, and the Planning Commission is informed of the change.
2. *Minor Deviation.* The Planning Commission shall review the following proposed Minor Deviations under Site Plan Review procedures. The Planning Commission may require a public hearing on any deviation from the adopted PRD.
   a. Change in the building size of more than five (5) percent but not more than fifteen (15) percent in gross floor area for a single building.
   b. Movement of buildings or other structures by more than five (5) feet but not more than fifteen (15) feet.
   c. Replacement of plant material specified in the landscape plan with materials of lesser quality or smaller than the approved size.
   d. Changes in building materials to a lesser quality than approved.
   e. Changes required by outside agencies such as county, State, or federal departments where the integrity of the project is compromised.
   f. Deviation from an approved Planned Sign Program, provided that the amendment process of Section 5.15.08.F. shall be followed.
3. *Major Amendment.* The Planning Commission shall review proposed Major Amendments under Zone Change procedures. The Planning Commission shall hold a public hearing for any Major Amendment to an adopted PRD. If the major amendment is not approved, the rezoning of the PRD shall not be affected. The following shall be considered a Major Amendment.
   a. Change in the use or character of the development or any increase in residential density.
   b. Increase of fifteen (15) percent or more in gross floor area for a single building.
   c. Significant increase in traffic generation or conflicts in pedestrian, bicycle, or vehicular circulation.
   d. Reduction in greenspace by more than five (5) percent.
   e. Any proposed change that the Director or Planning Commission determines is a Major Amendment.

Sec. 5.12.13. Site Condominiums.

A. *Purpose.* The purpose of this Section is to provide procedures for the division of land on the basis of condominium ownership that is not subject to the platting provisions of the Land Division Act, Public Act 288 of 1967, as amended.

B. *Applicability.*

1. *Separate Lot.* A site condominium lot shall be treated as a separate lot or parcel and may have buildings and uses as allowed in its Zone District provided the lot meets the development requirements for the Zone District in which it is located.

2. *Exempt Buildings.* Existing buildings where rental units are planned for conversion to condominium units shall be exempt from these requirements provided the number of residential units does not increase.

C. *Application Procedures.*

1. An application for a site condominium Site Plan Review shall be filed with the Planning Department pursuant to Section 5.12.04.

2. The application together with all required information shall be transmitted to the Planning Commission for review.

D. *Review Procedures.*

1. *Application Completeness.* Upon acceptance of the application for form and completeness, the Director shall assign the application a public hearing date and time.

2. *Public Hearing.* The Planning Commission shall hold a public hearing in accordance with the applicable requirements of Section 5.12.05.

E. *Site Plan Review Approval.*

1. *Preliminary Site Plan Review.*

   a. If submitted, a Preliminary Site Plan shall be reviewed and approved by the Planning Commission in accordance with Section 5.12.08.

   b. Approval of a preliminary Site Plan shall confer upon the proprietor approval of lot sizes, lot orientations, and street layouts for a period of two (2) years.

   c. Three (3) separate one (1) year extensions may be granted by the Planning Commission if applied for in writing prior to the date of expiration of approval of the Preliminary Site Plan.

   d. After a period of two (2) years from approval, unless extensions as provided for in this Chapter have been granted, the preliminary Site Plan approval shall become null and void if a Final Site Plan has not been submitted for City Commission approval.

2. *Final Site Plan Review.*

   a. A Final Site Plan meeting the requirements of Section 5.12.08. for the site condominium project shall be submitted for review by the Planning Commission. Following a public hearing noticed in accordance with the applicable provisions of Section 5.12.05., the Planning Commission shall make a recommendation to the City Commission for approval, approval with conditions, or denial, including a summary of the public comment and the findings related to the Site Plan Review Standards of Section 5.12.08.E. used in making its recommendation.

b. The owner shall submit ten (10) copies of the plan to the City Engineer who shall place the Final Site Plan, containing the information required by Section 5.12.08., on the agenda of the City Commission. Copies of the final plan shall be distributed to the appropriate City departments for their review and comment to the City Commission.

c. The City Commission may hold a public hearing prior to taking action. Following the public hearing, if held, the City Commission shall approve, approve with conditions, or deny the proposed Final Site Plan for the site condominium application. The City Commission shall state the reason(s) for its decision in the minutes.

d. The Final Site Plan Review for a site condominium shall be approved by the City Commission prior to the issuance of any building permit for any new structures on the proposed site. The City Commission may consider the issuance of LUDS and/or building permits prior to the approval of the Final Site Plan in exceptional or unusual circumstances beyond the ability of the applicant to control.

F. *Effective Date.*

1. *Effective Date.* The Final Site Plan for the approved site condominium shall take effect thirty-one (31) days after the date of the City Commission approval, unless otherwise provided by the City Commission.

2. *LUDS and/or Building Permit.* Prior to the issuance of a LUDS and/or building permit for any site work or building in an approved site condominium project, the following requirements shall be fulfilled, unless waived by the appropriate City department.

a. Proposed master deed.

b. Articles of incorporation for the condominium association.

c. Improvement plan approval.

d. Block grading, floodway, soil erosion approval.

e. Basement elevation and building restriction approval.

f. Construction of hydrant water, adequate fire access, stormwater detention, floodways, and soil erosion controls.

G. *Boundary Monuments.*

1. Monuments shall be set at all boundary corners and deflection points and at all street right-of-way intersection corner and deflection points. Lot irons shall be set at all condominium site corners and deflection points of condominium site lines.

a. The City Engineer may grant a delay in the setting of required monuments or irons for a reasonable time, but not to exceed one (1) year from the date of approval by the City Commission, on the condition that the owner or responsible person provide a performance guarantee in an amount determined from time to time by resolution of the City Commission and consistent with Section 5.14.04.

b. The deposit shall be returned to the owner or responsible person upon receipt of a certificate by a surveyor registered in the State of Michigan that the monuments and irons have been set as required, within the time specified.

c. If the owner or responsible person defaults, the City Commission shall promptly engage a registered surveyor to set the monuments and irons in the ground as shown on the condominium Final Site Plan, at the owner or responsible person's expense.

2. All rights-of-way and utility easements shall be described separately from individual condominium sites and shall be accurately delineated by bearings and distances on the condominium subdivision plan and the Final Site Plan.
3. The rights-of-way and utility easements shall be separately designed for their individual purpose, such as access, roadway, location, installation, maintenance and replacing of public utilities.
4. The developer shall dedicate to the City all easements for utilities. Water, sewer and electrical easements may be placed within streets, subject to the approval of the City Engineer and the applicable standards of the City.
5. All streets proposed for any site condominium shall be developed within the minimum design, construction, inspection, approval, and maintenance requirements of this Chapter and Chapter 64 Subdivision Regulations.

Sec. 5.12.14. Optional Plan Review (OPR) Procedures.

A. *Purpose.*

1. This Section establishes an alternative process by which the Planning Commission may evaluate and approve a development project that cannot otherwise be accommodated using the minimum standards of certain Zone Districts.
2. It is the intent of this Section to permit a reasonable degree of flexibility in the regulation of development projects to account for unique site conditions or other circumstances, and to encourage innovation in land use and variety in design, layout, and type of structures in a manner that shall achieve the successful integration of the proposed development project with the characteristics of the surrounding neighborhood.
3. The OPR process establishes a mechanism to review and address new development concepts, innovative design, special issues, public/private ventures, and other unique proposals or circumstances without changing the existing Zone District.
4. It is not intended that this process be used solely to circumvent the variance process provided in Article 13 for individual buildings or sites.

B. *Applicability.*

1. The following are eligible for approval using the OPR process.
    a. Land development in the TN-CC, TN-TCC, TOD, SD-IC, SD-PRD, OD-EBL, and OD-GR Zone Districts.
    b. Planned Sign Programs and Vintage Signs in any Zone District.
    c. Requests for modifications to Site Layout and Building Placement and Building Element Requirements in the Mixed Use Commercial Zone Districts.
    d. Setbacks from the Grand River in the Grand River Overlay District.
    e. Administrative Departures referred by the Director.
    f. As otherwise required by this Chapter.
2. The OPR process shall not be used to approve a Permitted Use or a Special Land Use that is not otherwise allowed in the Zone District.

C. *Application Procedures.*

1. An application shall be filed with the Planning Department pursuant to Section 5.12.04.

2. Applications for Optional Plan Review and Preliminary or Final Site Plan Review shall be submitted for simultaneous review. The procedures, standards, and specifications for each review shall be followed as specified in this Article and other applicable Articles of this Chapter. In all cases, a Final Site Plan Review shall be required prior to the issuance of a LUDS and/or building permit.

D. *Review Procedures.*

1. *Application Completeness.* Upon acceptance of the application for form, content, and completeness, the Director shall assign the application a public hearing date and time.

2. *Public Hearing.* The Planning Commission shall hold a public hearing in accordance with Section 5.12.05.

E. *Review Standards.* The Planning Commission shall consider the following standards in consideration of an Optional Plan Review application.

1. The Site Plan Review Standards of Section 5.12.08.E.

2. *Master Plan/Zoning Ordinance.* The project will be consistent with the purpose and intent of the Master Plan and Zoning Ordinance, including the Zone District.

3. *Neighborhood.*

   a. The project will be compatible, harmonious and appropriate with the existing or planned character and uses of the neighborhood, adjacent properties, and the natural environment.

   b. Potentially adverse effects arising from the project on the neighborhood and adjacent properties will be minimized through the provision of adequate parking, the placement of buildings, structures and entrances, as well as the location of screening, fencing, landscaping, buffers or setbacks.

   c. The proposed project will not be detrimental, hazardous, or disturbing to existing or future adjacent uses or to the public welfare by reason of excessive traffic, noise, smoke, odors, glare, visual clutter, and electrical or electromagnetic interference.

   d. The proposed project will not adversely affect the walkability of the neighborhood, impair pedestrian circulation patterns, disrupt the continuity of the urban street wall or otherwise hinder the creation of a pedestrian-oriented environment.

   e. The project will not significantly modify the basic standards of the Zone District to the extent that it adversely affects the established or future character of the neighborhood.

4. *Environment.* The proposed project will retain as many natural features of the landscape as practicable, particularly where the natural features assist in preserving the general character of the neighborhood.

5. *Public Facilities.*

   a. Adequate public or private infrastructure and services already exist or will be provided at no additional cost, and will safeguard the health, safety, and general welfare of the public.

   b. The proposed project will not be detrimental to the financial stability and economic welfare of the City.

   c. The proposed project will comply with all other applicable City ordinances and policies and all applicable State laws.

   d. The project provides urban open space, Grand River edge walkways, or other amenities that serve a public purpose.

6. The request is necessitated by a condition related to the site or structure, and is not a means to reduce cost or inconvenience.

F. *Planning Commission Decision.* The Planning Commission shall approve, approve with conditions, or deny the application, stating the reasons for its decision and the review standards used in making its recommendation.

G. *Conditions of Approval.*

1. Any condition of approval shall meet the standards of Section 5.12.02.B.3. Conditions of approval imposed by the Planning Commission cannot be appealed to the Board of Zoning Appeals.
2. As a condition of approval, the Planning Commission may require a performance guarantee per Section 5.14.04. or other infrastructure and service improvements as needed for project approval, per Section 5.2.20.
3. Revocation. The breach of any condition, safeguard, or requirement shall be considered a violation of the project approval and a violation of this Chapter. Following notice to the property owner and a public hearing held in compliance with Section 5.12.05., the Planning Commission shall have the authority to revoke any Optional Plan Review approval where the applicant has failed to comply with applicable requirements in this Article or this Chapter.

H. *Effective Date.* Approved Optional Plan Review requests shall take effect sixteen (16) days after the date of Planning Commission approval, except as otherwise noted in the approval resolution.

I. *Duration of Approval.*

1. An Optional Plan Review approval shall be valid for a period of one (1) year, provided the project has demonstrated substantial progress in that period.
2. Upon written request prior to the expiration of the approval, two (2) extensions of up to six (6) months may be granted if the Planning Commission finds that the extension is warranted due to circumstances beyond the control of the applicant.
3. If no action is taken to use the property as approved or demonstrated substantial progress has not been made after the one (1) year approval period, or as extended per this subsection, the Optional Plan Review approval shall expire when applicable LUDS and/or building permits expire.

(Ord. No. 2021-22, § 3, 7-27-21; Ord. No. 2022-30, § 5, 8-23-22)

Sec. 5.12.15. Master Plan Amendment.

A. *Planning Act.* An amendment to the Master Plan shall be adopted by the City Commission, following the procedural requirements of the Planning Act.

B. The following criteria shall be considered in the amendment of the Master Plan:

1. Whether the proposed amendment corrects an error or is the result of changing conditions, trends, or facts since the Master Plan's adoption;
2. *Plan Elements.* Whether the proposed amendment is consistent with the Guiding Principles, Themes, Development Characters, Area Specific Plans, Visions, and Recommendations of the Master Plan;
3. *Community Need.* Whether, and the extent to which, the proposed amendment addresses a demonstrated community need that was otherwise not considered in the Plan;

4. *General Welfare.* Whether the proposed amendment shall protect the health, safety and general welfare of the public;
5. *Mitigation of Adverse Effects.* Whether the proposed amendment avoids adverse impacts on the natural and built environments, including air and water quality, noise, wildlife, vegetation, streets and other infrastructure priorities;
6. *Compatibility.* Whether the proposed amendment would result in development that is compatible with existing and proposed uses surrounding the subject property, and the proposed design considerations and land uses are appropriate for the land and neighborhood; and
7. *Efficient and Orderly Development.* Whether the proposed land use amendment helps ensure efficient, logical, and orderly development within the city.

Sec. 5.12.16. Administrative Approvals: Administrative Departures, Director Review, Counter Review, Qualified Review, and State University Plan Approvals.

A. *Administrative Departures.*

1. *Purpose.*
   a. Administrative Departures are provided to permit development of individual lots or properties that generally fall within the requirements of the Zone District, but, due to site characteristics or other related conditions, a limited degree of flexibility to meet the spirit and purpose of this Chapter is appropriate.
   b. It is not intended to be a general waiver or lessening of regulations. Rather, the procedure permits a site-specific plan that is equal to or better than the strict application of a design standard. It is not intended as a substitute for a variance or as a means for relief from requirements of this Chapter.
2. *Applicability.* Only those Administrative Departures that are specifically noted in this Chapter may be requested and approved.
3. *Application Procedure.* Requests for Administrative Departures shall be submitted with the applicable application and shall include the following:
   a. Information and materials, as listed in the application form, in sufficient detail to indicate the nature and necessity of the request, and a scaled drawing, if appropriate. Requested Administrative Departures shall be separately listed and clearly noted on the proposed plan.
   b. The applicable fee established by resolution of the City Commission.
4. *Review Standards.* The Director shall consider whether the proposed alternative meets the following standards.
   a. *Zoning Ordinance.* The proposed Departure is consistent with the purpose and intent of the Zone District, and the specific requirements and conditions of the Administrative Departure approval criteria,
   b. *Neighborhood.* The proposed Departure will be compatible with adjacent properties and the neighborhood,
   c. *Environment.* The proposed Departure will retain as many natural features of the landscape as possible,
   d. *Public Facilities.* The proposed Departure will not place a burden on existing infrastructure and services, and

e. *Other.* The Departure request is necessitated by a condition of the site or structure, and not as a means to reduce costs or inconvenience.

5. *Decision.*

   a. The Director may approve, approve with conditions, or deny the request.

   b. If the Director determines that the extent of the requested Departure(s) requires additional community review and input, the Director may refer the application to the Planning Commission as an Optional Plan Review. The fee for the Administrative Departure shall then be applied to the Optional Plan Review application.

6. *Prior to Other Approval.* Decisions on Administrative Departures shall be made prior to consideration of other approval required by this Chapter.

7. *Appeal.* A decision regarding an Administrative Departure may be appealed to the Board of Zoning Appeals. Individual conditions imposed as part of an Administrative Departure approval cannot be separately appealed

B. *Director Review Procedures.*

1. *Purpose.* The Director Review process is intended to provide a streamlined review process for eligible projects to determine compliance with this Chapter.

2. *Applicability.* A project requires Director Review under the following circumstances.

   a. Review of a site plan under LUDS and building/construction permits for a project previously reviewed and approved by the Planning Commission, Board of Zoning Appeals, or City Commission.

   b. If desired by an applicant, as an advance review of a site plan or any component thereof, prior to submission for a LUDS permit. This review is only for general compliance and does not confer any approvals by the Director related to the LUDS permit.

   c. Essential services, electrical substations, private utilities and similar uses.

   d. Uses and structures permitted in Article 7 Special Districts for the SD-OS District and SD-IC District.

   e. Uses listed as Director Review in Article 9 Use Regulations, unless referred to the Planning Commission for Site Plan Review.

   f. Uses listed as Qualified Review in Article 5 Residential Zone Districts, Article 6 Mixed-Use Commercial Zone Districts or Article 9 Use Regulations, unless referred to the Planning Commission for public hearing.

   g. Minor change to a PRD Planned Redevelopment District or former PUD Planned Unit Development, as listed in Section 5.12.12.I.1.

   h. Minor modifications to a Planned Sign Program, as provided in Section 5.15.08.F.

   i. Any proposed project that is regulated by this Chapter but does not qualify for a Counter Review and is not subject to other reviews.

   j. Any proposed development on one (1) acre or more in a TN-TBA, TOD, or C Zone District, except as provided in Section 5.12.08.B.2.

   k. As otherwise required by this Chapter.

3. *Application and Review Procedures.*

   a. An application package shall be filed with the Planning Department pursuant to Section 5.12.04.A.

   b. Site plans shall be reviewed for conformance with Section 5.12.08.E. Applications for Director Review shall be reviewed by the following officials for compliance with all

applicable laws, rules, regulations, permit and license requirements, the Master Plan, other adopted City plans, policies and procedures, including but not limited to the following, as applicable.

i. Director. Zoning and overall design as the project relates to adjacent properties for compliance with provisions of this Chapter.

ii. City Engineer. Feasibility for utility service and streets for compliance with City ordinances and infrastructure policies.

iii. Traffic Engineer. Traffic flow and parking within the project, access to existing public roads and clear vision areas for compliance with City traffic safety policies.

iv. Stormwater Engineer. Drainage and stormwater management requirements.

v. Fire Chief. Access for fire vehicles and location of fire hydrants for compliance with the fire and building codes.

vi. Parks and Recreation Director. Adequacy of public recreation facilities for compliance with City recreational plans.

4. *Director Decision.*

a. The Director shall have the option of requiring any plan to undergo a Site Plan Review under the provisions of Section 5.12.08. even where deemed eligible for a Director Review if the scale or effect of the project is deemed to be significant enough to warrant the review of the Planning Commission.

b. The Director may impose condition(s) of approval that meet the Review Standards of Section 5.12.02.B.3. The Director may refer to Section 5.2.20. Infrastructure and Service Needs for additional conditions as warranted.

c. Permits shall not be issued for any building or site activity until the Director Review is completed.

d. Upon receipt of a complete application, the findings of the Director Review shall be sent to the applicant in writing within fourteen (14) days of the final determination.

e. Director Review decisions may be appealed to the Board of Zoning Appeals.

5. *Effective Date.* Projects approved through Director Review shall have immediate effect.

6. *Duration of Approval.*

a. A Director Review approval shall be valid for a period of one (1) year, in which time a LUDS and/or building permit shall be obtained and the first phase of construction substantially commenced.

b. Upon written request prior to expiration of the approval, one (1) extension of up to six (6) months may be granted if the Director finds that the extension is warranted due to circumstances beyond the control of the applicant.

c. If no action is taken to finalize construction after the one (1) year approval period, or as extended, plan approval shall expire when applicable LUDS and/or building permits expire.

7. *Amendments.* In the event of any proposed change(s) to an approved Final Site Plan, the applicant shall notify the Director. Documentation detailing the proposed change(s) and the conditions necessitating the changes shall be provided. If significant changes are proposed, the Director may require submission of a new application.

C. *Counter Review Procedures.*

1. *Purpose.* Certain site or building activities are considered minor improvements that do not warrant Director Review or Site Plan Review. These activities shall be considered Counter Reviews and are reviewed by the Planning Department for compliance with this Chapter. Counter reviews allow a more efficient review process and may also be used to identify projects that require a greater level of review.

2. *Applicability.* The following activities shall be subject to Counter Review and permits are required as provided for in this Chapter.

   a. *Single-Family and Two-Family Lots and Dwellings:*

      i. Construction of a new dwelling.

      ii. Addition to an existing dwelling.

      iii. Interior remodel of an existing dwelling.

      iv. Construction of or alteration to a detached accessory building or structure.

      v. Installation or alteration of a swimming pool, spa, hot tub or similar use.

      vi. Construction or alteration of a deck.

      vii. Installation or alteration of a fence.

   b. *Multiple-Family and Non-Residential Lots, Buildings or Structures:*

      i. Interior remodel of an existing building.

      ii. Change in use that does not result in substantial site or building alterations.

      iii. Construction of or alteration to a detached accessory building or structure.

      iv. Installation or alteration of a swimming pool, spa, hot tub or similar use.

      v. Construction or alteration of a deck.

      vi. Installation or alteration of a fence.

3. *Review Criteria and Decision.* The submitted plans shall comply with the requirements of the Zone District in which the project is located. If all requirements are met the application shall be approved.

4. *Effective Date.*

   a. Projects approved through Counter Review shall have immediate effect.

   b. Approvals shall be valid for a period of one (1) year, in which time a LUDS and/or building permit shall be obtained and substantial progress on the first phase of construction is demonstrated.

   c. Upon written request prior to the expiration of the approval, one (1) extension of up to six (6) months may be granted if the Director finds that the extension is warranted due to circumstances beyond the control of the applicant.

   d. If no action is taken to finalize construction after the one (1) year approval period, or as extended, plan approval shall expire when applicable LUDS and/or building permits expire.

D. *Qualified Review Procedures.*

1. *Purpose.* This Section provides procedures and standards for uses of land or structures that, because of their relationship to surrounding uses and structures, may require additional consideration in relation to the welfare of adjacent properties, the neighborhood, and the

community. The regulations and standards herein are designed to allow practical latitude for the applicant, but maintain adequate provision for the protection of the health, safety, convenience, and general welfare of the community.

2. *Applicability.* Only those Qualified Review uses that are specifically listed in this Chapter may be requested and approved.

3. *Review Procedures.*

   a. *Notice of Filing.* Upon receipt of a complete application, mailed notice of receipt of a Qualified Review application shall be mailed consistent with the requirements of Section 5.12.05. The notice shall state the nature of the use and provide option for affected persons to request a formal public hearing within fourteen (14) days of the mailing of the request.

   b. *No Request for Public Hearing.* If no request for public hearing is received, the Qualified Review request shall be processed pursuant to the Director Review procedures under Section 5.12.16.

   c. *Request for Public Hearing.* If a request for public hearing is received, the Qualified Review request shall be processed consistent with the Special Land Use procedures under Section 5.12.09. Notice of public hearing shall be provided consistent with the requirements of Section 5.12.05.

4. *Review Standards.* The Director or Planning Commission shall only approve an application for a Qualified Review use that meets the following standards.

   a. *Master Plan / Zoning Ordinance.* The proposed use will be consistent with the purpose and intent of the Master Plan and Zoning Ordinance, including the Zone District.

   b. The Site Plan Review Standards of Section 5.12.08.E.

   c. *Neighborhood Effects.*

      i. The proposed use would be compatible, harmonious and appropriate with the existing or planned character and uses of the neighborhood, adjacent properties, and the natural environment.

      ii. Potentially adverse effects arising from the proposed use on the neighborhood and adjacent properties would be minimized through the provision of adequate parking, the placement of buildings, structures and entrances, as well as the location of screening, fencing, landscaping, buffers or setbacks.

      iii. The proposed use would not be detrimental, hazardous, or disturbing to existing or future adjacent uses or to the public welfare by reason of excessive traffic, noise, smoke, odors, glare, visual clutter, and electrical or electromagnetic interference.

      iv. The proposed use would not adversely affect the walkability of the neighborhood, impair pedestrian circulation patterns, disrupt the continuity of the urban street wall or otherwise hinder the creation of a pedestrian-oriented environment.

   d. *Environment.* The building and site area required for the proposed use will retain as many natural features of the landscape as practicable, particularly where the natural features assist in preserving the general character of the neighborhood.

   e. *Public Facilities.*

      i. Adequate public or private infrastructure and services already exist or would be provided at no additional cost, and will safeguard the health, safety, and general welfare of the public.

ii. The proposed use would not be detrimental to the financial stability and economic welfare of the City.

iii. The proposed use would comply with all other applicable City ordinances and policies and all applicable State laws.

f. *Sale and/or Consumption of Alcohol*. Alcohol-related uses tend to have a particularly detrimental effect on neighborhoods where there is a concentration of these uses. Any use listed as a Qualified Review that includes sale and/or consumption of alcohol shall be referred to Public Hearing.

E. *State University Plan Approvals.*

1. *Purpose*. State universities created pursuant to the constitution and laws of the State of Michigan are unique entities, the boards of which are charged with operating the universities to carry out their respective educational missions for the benefit of the people of this State. It is the policy of the City to collaborate with and support state universities in the development of state university-owned property. The City also recognizes development of state university-owned property can affect residential neighborhoods in its vicinity. Accordingly, this Section is intended to enable a collaborative process that provides appropriate deference to the state university while ensuring residential neighborhood concerns and effects are appropriately considered in the development of a state university's property.

2. *Written Understanding*. In addition to, or in lieu of, other ways a state university and the City have collaborated in the development of state university owned property in the City a state university may elect to pursue the approach provided in 3. below.

3. If requested by a state university, the City may, with City Commission approval, enter into a written memorandum of understanding or other written document with a state university that provides for the following.

   a. Development and submission of a written plan for the development of one (1) or more parcels of state university owned property in furtherance of the university's mission;

   b. Engagement of the neighborhood association or others in the residential neighborhood in the vicinity of the university-owned property for purposes of hearing and considering their comments;

   c. A public meeting with the Director, with notice provided as required under Section 5.12.05: and

   d. The Director's concurrence with that plan.

4. The Director's concurrence with the plan(s) pursuant to a memorandum of understanding or other written document shall be all the approval needed under this Chapter for the state university's development of the state university owned property addressed by that memorandum of understanding or other written document.

5. A memorandum of understanding or other written document entered into pursuant to this provision may provide a process for review by the City Manager or other City officials of a Director's decision not to concur with a plan proposed by the state university pursuant to that memorandum of understanding or other written document.

(Ord. No. 2019-11, §§ 6—8, 3-26-19)

ARTICLE 13. VARIANCES, APPEALS AND INTERPRETATION PROCEDURES

Sec. 5.13.01. Purpose and Intent.

A. This Article provides the means for consideration of circumstances that prevent full compliance with this Chapter and procedures for the interpretation of the text of this Chapter.

B. The intent of these procedures is to ensure:

1. A process that provides a clear review process that is fair and equitable to all interests including applicants, affected neighbors, and the City; and
2. That development in compliance with this Chapter is generally harmonious with surrounding properties and does not endanger the health, safety, and general welfare of the public. This includes existing, prospective, or future owners or users of adjacent and nearby properties, and the public.

Sec. 5.13.02. Summary of Authorities and Review Procedures.

Table 5.13.02. summarizes the variances, appeals, and interpretation procedures and certain other decisions provided for in this Chapter, and clarifies the authorities for those decisions.

Sec. 5.13.03. Board of Zoning Appeals (BZA).

A. *Membership.*

1. A Board of Zoning Appeals (BZA) is hereby established and shall perform the duties and exercise the powers provided in the Zoning Act and this Chapter.

2. The BZA shall consist of nine (9) members appointed by the City Commission, each of which shall hold office for a three (3) year term. One (1) member may be a member of the Planning Commission, whose term on the BZA shall coincide with his or her Planning Commission term. One (1) member may be a City Commissioner, who shall not chair the BZA.

3. Alternate Members.

   a. The City Commission may appoint up to two (2) alternate members for the same term as regular members of the BZA.

   b. An alternate member may be called to sit as a regular member of the BZA in the absence of a regular member or for an individual case where the regular member has abstained for reasons of conflict of interest.

   c. The alternate member shall serve on the BZA until a final decision is made on the application for which the member was called.

   d. When serving as a member, an alternate member shall have the same deliberation and voting rights as a regular member of the BZA.

4. Conflict of Interest.

   a. A member shall disclose any conflict of interest with respect to any matter before the BZA and shall refrain from participating in any hearing, any discussion or any decision on that matter. Failure of any member to do so shall be deemed a misconduct of office.

   b. If a member is uncertain regarding a potential conflict of interest, the City Attorney shall make a determination prior to the hearing of the case and communicate that determination to the member and the chair.

5. Misconduct. Members of the BZA may be removed by the City Commission for misfeasance, malfeasance or nonfeasance upon written charges and after a public hearing.

B. *Meetings.*

1. Meetings shall be held as necessary at a fixed time and location and shall be open to the public, and conducted in accordance with the BZA Rules of Procedure.

2. Five (5) members of the BZA shall constitute a quorum for the conduct of its business, except that hearings for a Use Variance shall require a quorum of six (6) members.

3. The BZA shall determine the applications that may be reviewed at each meeting under the BZA Rules of Procedure. Additional applications shall be placed on the next available meeting date.

4. The BZA shall maintain an official record of its proceedings.

C. *Applicability.* The BZA is authorized to hear and decide the following types of applications:

1. Dimensional and Use Variances.

2. Interpretations of the text and maps of this Chapter.

3. Appeals of Planning Director decisions regarding Director Review, Administrative Departure, or Use Determination.

4. Appeals of Planning Commission decisions regarding Special Land Use and Optional Plan Review.

5. Sign Variances as authorized in Section 5.15.15.

D. *Application Procedures.* A complete application for a variance, appeal or interpretation shall be filed with the Planning Department in accordance with the provisions of Section 5.12.04. Where applicable, a scaled drawing that clearly defines the nature and extent of the request shall be included.

E. *Review Procedures.* The following application and review procedures shall apply to all applications to the BZA.

1. *Application Completeness.* Upon acceptance of the application for form, content, and completeness, the Director shall assign the application a public hearing date and time in accordance with the BZA Rules of Procedure.

2. *Public Hearing.* The BZA shall provide public notice and conduct a public hearing in accordance with the requirements of Section 5.12.05.

3. *Testimony.* A person may appear and testify at the public hearing, either in person or by a duly authorized agent or attorney. The chairperson may administer oaths and compel the attendance of witnesses. Written comment may also be submitted prior to the public hearing and provided to the BZA.

4. *Other Information Required.* The BZA may request other materials deemed necessary to assist in its determination.

F. *Conditions of Approval.*

1. The BZA may attach any conditions to any decision provided for in this Article regarding the location, character and other features of the application as it may deem reasonable.

2. As a condition of approval, the BZA may require a performance bond, per Section 5.14.04. or infrastructure and service improvements as needed for approval, per Section 5.2.20.

3. Any conditions attached to an approval shall meet the standards of Section 5.12.02.B.3.

G. *BZA Decision.*

1. The BZA shall render decisions in a timely fashion and in a manner that is consistent with the requirements of this Chapter.

2. The BZA shall approve, approve with conditions, or deny applications, stating the applicable review standards used and the reasons for its decision.

3. Voting Requirements.

   a. The following decisions may only be made through the affirmative vote of five (5) members.

      i. Approval of a dimensional variance.

      ii. Decision to reverse an order, requirement, decision, or determination by an approving authority as authorized by this Chapter.

      iii. Approval of an interpretation of the Zoning Ordinance map or text.

      iv. Approval of any other matters upon which the BZA is required by this Chapter to make a decision.

   b. A use variance may only be granted with the affirmative vote of six (6) members.

   c. Approval of minutes and other administrative matters dealing with the operation of the BZA shall be by majority vote of the quorum.

H. *Effective Date.*

1. The decision of the BZA shall not become final until minutes of the meeting at which final action on the request was taken are approved by the BZA, unless the BZA finds that immediate effect is necessary for the preservation of property or personal rights, and the BZA shall so certify on the record.

2. The City shall provide the applicant with a written notice of its decision within ten (10) days.

3. The decision of the BZA shall be final. However, any person being an aggrieved party affected by the decision shall have the right of appeal to the Kent County Circuit Court, as provided in the Zoning Act and Circuit Court procedures.

I. *Duration of Approval.*

1. Any approval given by the BZA for a specific property shall be valid for a period of one (1) year, provided the property is used as approved or work has substantially commenced in that period.

2. Upon written request prior to the expiration of the approval, one (1) extension of up to six (6) months may be granted by the BZA with a finding that the extension is warranted due to circumstances beyond the control of the applicant. If no action is taken to use the property as approved or work is not substantially commenced after the one (1) year approval period, or any extensions granted, the BZA approval shall expire immediately or when the applicable LUDS and/or building permits expire, whichever is later.

3. Any approval authorized by this Article may be revoked by the BZA and declared invalid following notice to the property owner and a public hearing held in compliance with Section 5.12.05., should any of the requirements of this Chapter, conditions imposed by the BZA, or standards of Sections 5.13.04.B. or 5.13.04.C. are not met or have failed to be maintained. Noncompliance shall also be a violation of this Chapter.

4. Duration of Approvals.

   a. That portion of any dimensional variance that is granted by the BZA shall not remain in effect if the owner physically moves, dimensionally reduces, or generally alters the approved variance in a way that brings the property closer in conformance with the Zone District.

   b. A use variance granted by the BZA shall be considered not remain in effect if the approved use ceases for a period of twelve (12) calendar months or more, or if the property is used for a use permitted in the Zone District. Any subsequent use shall only be in compliance with the Permitted Uses or Special Land Uses of the Zone District, or another use variance sought.

   c. The owner of property with a previous variance cannot rely on the original dimensional or use variance to support the claim of practical difficulty or unnecessary hardship if it is demonstrated that the property can, in fact, comply or more closely comply with the requirements of this Chapter.

Sec. 5.13.04. Dimensional and Use Variance Standards.

A. *Purpose.*

1. The variance process is intended to provide limited relief from the requirements of this Chapter in those cases where strict application of a particular requirement shall create a practical difficult (dimensional variance) or an unnecessary hardship (use variance) prohibiting the use of land in a manner otherwise required under this Chapter.

2. It is not intended that variances be granted merely to remove inconveniences or ease financial burdens. The possibility that compliance with the Chapter may prove to be more costly or time consuming shall not be part of the consideration of the BZA.

B. *Dimensional Variances - Review Standards.* A dimensional variance may only be granted by the BZA through a determination that there is evidence of practical difficulty with a finding that all of the following conditions are met.

1. *Exceptional or Extraordinary Circumstances or Conditions.* There are exceptional or extraordinary circumstances or conditions applying to the property that do not apply generally to other properties in the same Zone District or in the general vicinity Exceptional or extraordinary circumstances or conditions may include:

   a. Exceptional narrowness, shallowness or shape of a specific property in existence on the effective date of this Chapter or amendment; or

   b. Exceptional topographic or environmental conditions or other extraordinary situations on the land, building or structure; or

   c. The use or development of the property immediately adjacent to the subject property that prohibits the literal enforcement of the requirements of this Chapter.

2. *Substantial Property Right.* That the variance is necessary for the preservation and enjoyment of a substantial property right similar to that possessed by other properties in the same Zone District and in the neighboring area.

3. *Not Self-Created.* That the immediate practical difficulty causing the need for the variance was not created by an action or inaction by the applicant or the applicant's predecessors in title.

4. *No Substantial Detriment.* The variance, if granted, would not cause substantial detriment to adjacent property and the surrounding neighborhood.

5. *Master Plan / Zoning Ordinance.* The variance, if granted, is consistent with, and not materially impair, the purpose and intent of the Master Plan and the provisions of the Zoning Ordinance and District under consideration.

C. *Use Variances - Review Standards.* A use variance may only be granted by the BZA through a determination that there is evidence of an unnecessary hardship with a finding that all of the following conditions are met.

1. *Uniqueness.* That the condition, location, or situation is unique to that property and the Zone District.
2. *Not Self-Created.* That the need for the variance was not created by an action or inaction by the applicant or the applicant's predecessors in title.
3. *No Substantial Detriment.* That the variance would not alter the essential character of the neighborhood, nor be a detriment to adjacent properties.
4. *Cannot Be Reasonably Used.* That the land, building or structure cannot be reasonably used for any of the uses allowed in the Zone District.
5. *Master Plan / Zoning Ordinance.* That the variance, if granted, is consistent with, and will not materially impair, the purpose and intent of the Master Plan and the provisions of the Zoning Ordinance and District under consideration.

D. *Planning Commission Opinion.* Prior to reaching a decision on a use variance, the BZA may request that the Planning Commission, forward an opinion to the BZA following the presentation of the request by the applicant. The Planning Commission opinion shall be advisory and limited to a discussion of the use variance review standards, with the exception of the self-created standard.

Sec. 5.13.05. Appeals.

A. *Purpose.* The purpose for allowing appeals to administrative decisions is to ensure a review process that is fair and equitable.

B. *Affected Persons.* The BZA shall hear an administrative appeal taken from any person or any governmental official aggrieved by any order, requirement, decision or determination as permitted by this Chapter.

C. *Time Limits.* An appeal shall be filed with the BZA within thirty (30) days after the date of the decision being appealed, except for Special Land Uses, for which an appeal shall be filed within fifteen (15) days of the decision, and as may be required by Chapter 167. The filing shall specify the grounds of the appeal. The appeal shall be transmitted to the BZA together with all necessary written documentation regarding the action being appealed.

D. *Stay of Proceedings.* The filing of an application for an appeal shall stay all proceedings in furtherance of the action appealed, unless the Director certifies to the BZA that a stay would cause imminent peril to life or property. In this case, the proceedings may only be stayed by a restraining order granted by the Kent County Circuit Court.

E. *Review Standards.*

1. In deciding the appeal, the BZA shall be limited to determining whether the decision that was made was done so using the proper requirements and standards in this Chapter.
2. Unless otherwise permitted by the BZA, the decision of the BZA is limited to the information considered in the decision being appealed. Additional information such as verbal statements, written information, plans, pictures, sound recordings, or other information not available in making the original decision being appealed shall not be considered.

F. *BZA Decision.*

1. For an administrative appeal the BZA may reverse, affirm, or modify, in whole or in part, the order, requirement, decision or determination being appealed, and the BZA may make an order, requirement, decision or determination as ought to be made, and to that end shall have all the powers of the individual or body whose decision was appealed.
2. For appeals of Special Land Uses, the BZA shall not be permitted to alter a condition of approval attached to the Planning Commission's decision, unless the BZA finds the attached condition to be clearly contrary to the requirements for conditions as provided in Section 5.12.02.B.3.

Sec. 5.13.06. Interpretations of This Chapter.

A. *Purpose.* The purpose for seeking interpretations of this Chapter is to ensure a review process that is fair and equitable. The Director shall first review and recommend text interpretations to the BZA, however, a request from an applicant for an interpretation shall not be considered an appeal under the provisions of Section 5.13.05.

B. *Text.* The BZA may hear requests for the interpretation of the text of this Chapter. Text interpretations shall be narrow and address only the situation being interpreted, shall be based on a thorough reading of this Chapter and shall not have the effect of amending this Chapter. Interpretations shall give weight to practical interpretations by City officials when applied consistently over a period of time.

C. *Zoning Map.* The BZA may hear requests for the interpretation of the Zoning Map in this Chapter to determine the precise location of boundary lines between Zone Districts. In making its determination of the boundary lines, the BZA shall be governed by the rules of this Article and Section 5.4.05.

D. *Benefit to Property Owner.* Where the intent of this Chapter is unclear and the text or maps can be read to support equally more than one (1) interpretation, the benefit shall go to the applicant.

E. *Records.* Records shall be kept of all interpretations.

ARTICLE 14. ADMINISTRATION AND ENFORCEMENT

Sec. 5.14.01. Authority of the Planning Director and City Manager.

A. *Planning Director.* The administration of the Chapter, and the interpretation of the provisions of this Chapter, shall be the responsibility of the Planning Director.

B. *City Manager.* The enforcement of this Chapter shall be the responsibility of the City Manager.

C. *Lapse in Permitting or Enforcement.* No lapse, oversight or dereliction on the part of the City Manager or Director shall legalize, authorize, waive or excuse the violation of any of the provisions of this Chapter.

Sec. 5.14.02. Development Compliance and LUDS Permits.

A. *Permit Required.*

1. A Development Compliance Permit is necessary to confirm compliance with this Chapter and all conditions or stipulations of approval from the Planning Commission, Board of Zoning Appeals, City Commission, or the Director during the design and construction phases of a project.

2. Unless otherwise stated in this Chapter, the Development Compliance Permit shall be administered and enforced as a component of the consolidated application and permit titled the Land Use and Development Services (LUDS) Permit of Chapter 67 of the City Code.

3. No permit nor any license for any use, building or purpose shall be issued by any official or employee of the City if it would be in conflict with the provisions of this Chapter. Any permit or license so issued shall be null and void.

B. *Applicability.* A Development Compliance Permit is required for any of the following proposed land uses, development or redevelopment activities, property conditions, or special circumstances that include a physical alteration to a site, building or structure, including special conditions imposed as part of the approval.

1. Director Review.
2. Site Plan Review.
3. Special Land Use.
4. Optional Plan Review.
5. Planned Redevelopment District (PRD), or amendment thereto.
6. Plat, Subdivision (Chapter 64 of the City Code).
7. Site Condominium.
8. Dimensional variance, use variance, and sign variance.
9. Any other approvals of the Director, including Administrative Departures.
10. A commercial or industrial development or redevelopment project with any type of earth change involving an area of two thousand five hundred (2,500) square feet.
11. A new or redeveloped off-street parking area of more than three (3) spaces.

Sec. 5.14.03. Permits and Licenses.

A. *Requirements for Review.* Applications for permits and licenses issued by the Planning Department shall be reviewed by the Director to ensure compliance with this Chapter. Incomplete applications shall be returned to the applicant. At a minimum, the following shall be provided.

1. An application form, including a detailed description of the proposed development project and intended use in sufficient detail to determine whether the request complies with this Chapter or other City requirements.
2. A site plan drawn to scale, including all buildings and structures and other site improvements.
3. Any other information required by the Director.
4. A fee established by resolution of the City Commission.

B. *Permits and Licenses.* The following shall require Planning Department review.

1. Building permits.
2. Demolition permits.
3. Encroachment permits.
4. Outdoor display or seating permits, with or without encroachment.
5. Temporary use permits.

6. Property use verification.

7. City licenses, as determined necessary by this Chapter or as requested by the City Clerk.

8. State licenses, as determined necessary by this Chapter or as requested by the State of Michigan.

9. Zoning Permits for temporary uses, special events, outdoor activities, fences and walls higher than thirty (30) inches, accessory structures, and items requiring Counter Review under the provisions of Section 5.12.16.C.

10. Sign permits, in accordance with the requirements of Article 15 Signs.

Sec. 5.14.04. Performance Guarantees.

A. An applicant may be required to provide a performance guarantee as a condition of approval for any project for which a zoning approval is required by this Chapter. The performance guarantee shall be provided by the owner or responsible person. Examples of acceptable guarantees include, but are not limited to, cash deposit, certified check, irrevocable bank letter of credit, or surety bond, in a form acceptable to the City.

B. The performance guarantee shall be governed by and administered in accordance with the Zoning Act. The guarantee shall be reviewed and approved by the City prior to issuance of a LUDS and/or building permit.

C. The amount of the guarantee shall be established by the Director, but in no case shall exceed the cost of the project improvements which are the subject of the guarantee. The approval shall also prescribe the period of time within which the improvements for which the performance guarantee has been required are to be completed. The period will begin from the date of the issuance of the building permit.

D. The Director, upon the written request of the obligated party, shall rebate portions of the performance guarantee upon determination that the improvements for which the rebate has been requested have been satisfactorily completed. The portion of the performance guarantee to be rebated shall be in the same amount as stated in the itemized cost estimate for the applicable improvement.

E. Forfeiture.

1. If the conditions under which the guarantee was required are not fulfilled, the City may seek forfeiture of the performance guarantee under the provisions of this Section.

2. Should the City use the performance guarantee or a portion thereof to complete the required improvements, any amounts remaining after the completion shall be applied first to the City's administrative costs including, without limitation, attorney fees, planning consultants, and engineering consultant fees in completing the improvement with any balance remaining being refunded to the applicant.

3. If the performance guarantee is not sufficient to allow the City to complete the improvements for which it was posted, the applicant shall be required to pay the City the amounts by which the costs of completing the improvements exceeds the amount of the performance guarantee deposited.

F. Upon the satisfactory completion of the improvement for which the performance guarantee was required, as determined by the Director, the City shall return to the applicant the balance of the performance guarantee deposited.

Sec. 5.14.05. Violations.

A. All land developed or redeveloped, all buildings and structures erected, converted, enlarged, reconstructed, moved or structurally altered, and all land, building and structures uses must comply with all applicable provisions of this Chapter. Failure to comply with applicable provisions constitutes a violation of this Chapter. The violations listed in this Section are intended to be illustrative, and not limited to the specific items.

B. *Development or Redevelopment Violations.*

1. Engaging in the development or redevelopment of land or erecting a building or other structure that fails to meet the requirements of this Chapter.
2. Failure to comply with any condition or stipulation imposed on a permit or approval, including conditions of approval for any zoning approval authorized by this Chapter for which conditions of approval may be imposed.

C. *Alterations to Existing Land, Buildings or Structures Violations.*

1. Site Features. Modifying, converting, filling, excavating, removing, enlarging, reconstructing, moving or structurally altering land, vegetation, fences, and other site features in any way except as permitted by or pursuant to this Chapter.
2. Buildings and Structures. Modifying, converting, enlarging, reconstructing, demolishing, moving or structurally altering an existing building or structure except as permitted by Section 5.2.03.

D. *Use Violations.*

1. Using land, buildings or structures in any way except as permitted by or as required by this Chapter.
2. Engaging in the use of a building or land or any other activity without obtaining all permits or other approvals under this Chapter.

E. *Compliance Violations.*

1. Failure to comply with any lawful order issued by the City Manager or Director.
2. Failure to arrange for an initial inspection or a re-inspection to determine compliance with notices issued under this Chapter.
3. Failure to comply with any permit or other approval granted under this Chapter, including any conditions attached.

F. *Separate Violation.* Each act of violation and each day upon which a violation occurs or remains shall constitute a separate violation.

Sec. 5.14.06. Responsibility.

A. *Definitions.*

LUDS Enforcement. Enforcement actions taken under Chapter 67 Land Use and Development Services (LUDS) shall use Article 16 of this Chapter for the definitions or meaning of property owner, land owner and responsible party. For the purpose of this Chapter, owner, land owner and property owner; and responsible party and responsible person, are considered interchangeable terms.

B. Owners are responsible for compliance with the requirements of this Chapter, regardless of any verbal or other unofficial comments made by any City official. Owners are subject to the remedies and penalties of enforcement.

C. *Other Enforcement.* All other enforcement actions not authorized under Chapter 67 of the City Code shall use the definitions of owner and responsible person found in this Chapter and Chapter 140 of the City Code. Where definitions conflict, the more inclusive language shall apply.

Sec. 5.14.07. Enforcement Powers.

A. The City may use any lawful remedy or enforcement powers against the owner or responsible person for any violation of this Chapter, including, without limitation, one (1) or more of the actions of this Section. Remedies may be pursued simultaneously or sequentially and the pursuit of a single remedy does not foreclose the simultaneous or subsequent pursuit of other remedies. The remedies are cumulative and the City shall have all power granted from time to time under all applicable federal, state and local laws, rules and regulations:

B. *Uncorrected Violations.*

1. *Withhold Permit.* The City may deny or withhold any and all permits or other forms of authorization from an applicant on any property where there is an uncorrected violation of a provision of this Chapter or a condition or stipulation of approval for a permit or other authorization previously granted by the City. This enforcement provision shall apply regardless of whether the current owner or applicant is responsible for the violation in question.

2. *Permit Approved with Conditions.* In addition to denying or withholding a permit or other authorization, the City may grant any permit or other authorization subject to the condition that the violation be corrected.

C. *Revocation.* Any permit or other authorization revoked under this procedure shall become null and void. A LUDS Permit or other form of authorization authorized under this Chapter may be revoked when the City Manager determines that:

1. There is departure from the plans, specifications, or conditions required under the permit;

2. The LUDS Permit was procured by false representation or was issued in error; or

3. Any of the provisions of this Chapter or other City Code are being violated.

D. *Cease and Desist Order.* With or without revoking a permit, the City Manager may issue a cease and desist order on any land, building or structure for which there is an uncorrected violation of a provision of this Chapter. The cease and desist order must be in writing and must state the work in violation that is to be stopped, the reasons for the stoppage, and the conditions under which the work may be resumed.

E. *Court Order.* The City Attorney may bring and prosecute an action in any court of competent jurisdiction to:

1. Enjoin the owner or responsible person from continuing such use, erection, construction, moving or alteration; or if such is being or has been accomplished, the City Attorney shall enjoin the owner or responsible person from maintaining the same; and/or

2. Comply with the requirements of this Chapter.

F. *Other Enforcement—Municipal Civil Infraction and Misdemeanor Penalties.*

1. LUDS—Municipal Civil Infractions. Enforcement of LUDS violations and application of Municipal Civil Infraction fees shall follow the procedures and schedule of fines established in Chapters 67 and 170 of the City Code, respectively.

2. Except as provided in F.1., above, a violation of this Chapter shall, until the fourth offense, constitute a Municipal Civil Infraction, which upon an admission or finding of responsibility shall result in fines established in Chapter 170 Municipal Civil Infractions of the City Code.

3. A fourth offense shall be a misdemeanor punishable by a fine of up to five hundred dollars ($500.00), or imprisonment for up to ninety (90) days, or both.

4. Proceedings may be instituted pursuant to Chapter 170 of the City Code. In addition, anyone pleading or found responsible shall pay the costs of enforcement and prosecution.

5. In addition to civil fines, the District Court shall have equitable jurisdiction to enforce any judgment, writ or order necessary to enforce any provision of this Chapter, including but not limited to order the abatement or correction of the offending action or condition or by granting injunctive relief.

G. *Declaration of Nuisance.*

1. A violation of this Chapter is a nuisance per se and the City may institute appropriate actions or court proceedings to correct, or abate any violation of the provisions of this Chapter. If the owner or responsible person fails to abate a violation, the City may take action to abate the violation.

2. The abatement may be performed by the City, by a contract vendor, or by other means determined by the City, the actual cost which shall include an administrative fee, shall be a personal debt of the owner, and may be assessed as a lien against the property until paid.

H. Unless exempted under the provisions of the Zoning Act, no application for any zoning authorization shall be accepted, nor shall any final approval action be undertaken, if the owner of the property and/or the applicant is delinquent in paying any civil fine, costs, or other fee or fine authorized by this Chapter or other City Code.

I. *Abandonment.*

1. Once a final approval is granted by the City and construction begun, if significant construction is not meaningfully continued, or the Building Official determines that work has been abandoned for a continuous period of twelve (12) months, the approval shall lapse and cease to be in effect. No further work shall be permitted without approval of a new LUDS permit.

2. The Building Official shall make the determination of abandonment of a construction project based on the presence of one (1) or more of the following conditions.

   a. Removal of construction equipment or supplies;

   b. Expiration of an active building permit issued by the City;

   c. Evidence of a failure to maintain the property, such as overgrown weeds, failure to secure buildings, broken windows, or other evidence of lack of maintenance;

   d. Other actions documented by the Building Official as may otherwise be defined by Chapter 153, Article 6 of the City Code evidencing intent to abandon the construction of the project.

3. Once the Building Official makes a determination of abandonment, if a new LUDS permit application is not submitted within ninety (90) days from the date of the determination, the owner shall restore the site to its previous condition, and/or remove any structures or other evidence of work on the site, within one hundred and eighty (180) days from the date of the determination of abandonment.

4. If the owner fails to restore the site to its previous condition within one hundred and eighty (180) days, the City may take any and all actions necessary to restore the site to its previous condition, including removing any structures or other evidence of work, and the costs of removal shall be assessed against the property.

Sec. 5.14.08. Enforcement Process.

A. *Reasonable Entry.* If needed, inspections inside a structure, building, dwelling, dwelling unit or accessory building shall be made during reasonable hours. Entry without consent of an owner or an occupant shall require an order of the court as provided by State law.

B. *Basis of Inspections.* Inspections shall be made to obtain and maintain compliance with the provision of this Chapter for one (1) or more of the following purposes:

1. To determine conformity with a permit, zoning approval, or other approval provided in this Chapter, as well as any special conditions imposed.
2. To determine compliance with a notice or an order issued by the City.
3. To verify a complaint received by the City, indicating that there is a violation of the provisions of this Chapter.
4. To verify an observation by the City of a violation of the provisions of this Chapter.
5. To determine if an emergency is observed or reasonably believed to exist.
6. To fulfill a request for an inspection made by the owner or responsible person.
7. To inspect a designated area where all dwellings, accessory building, yards, and/or signs are to be inspected uniformly or intensively or for specific violations.

C. *Content of Written Notices of Violation.* Written notices of violation authorized by this Chapter shall include the following information:

1. A description of the real estate and/or project name sufficient for identification.
2. A statement of the violation or violations.
3. A correction order allowing a reasonable time to correct the violation and bring the property into compliance. If the written notice is a Notice to Abate, the notice shall indicate that the City may act to abate the violation if not brought into compliance.
4. A statement that failure to comply with the Notice may result in further enforcement action.
5. A statement that a fee shall be charged for the issuance of the Notice. If the written notice is a Notice to Abate, the cost of City action to abate the violation shall be a personal debt of the owner, which may be assessed as a lien against the property until paid.
6. A description of the right to appeal, as applicable.

D. *Method of Service.* The written notice of violation shall be deemed to be properly served in one (1) of the following ways:

1. Delivered personally;
2. Sent by first-class mail addressed to the last known address of the responsible person; or
3. Any other method authorized for the service of process by court rule or State statute.

E. *Posting.* After issuing a written notice of violation, the City, at its discretion, may post a copy of the written notice and/or a placard on the property.

F. *Administrative Extension.* A request may be submitted by the property owner for an administrative extension to correct violations cited in a written notice of violation. The extension period shall be determined by the designated enforcement officer, but shall not exceed six (6) months. An extension may be considered under the following circumstances.

1. The extension will not adversely affect adjacent properties nor pose a health or safety hazard to the occupants or others.
2. The owner or responsible person is making significant progress in correcting the violation(s); or
3. There are clearly established extenuating circumstances delaying compliance which are beyond the control of the owner or responsible person.

Sec. 5.14.09. Enforcement Appeals.

A. *LUDS.* Except as otherwise stated in this Article, an appeal related to a Land Use and Development Services (LUDS) action shall follow the procedures set forth in Chapter 67 of the City Code.

B. *Written Notice.* An appeal of a written notice, order or ruling regarding a violation on a property that is not covered or required to be covered by a LUDS Permit shall be made in writing within twenty (20) days of the date of the notice, order or ruling. However, if a notice, order, or ruling requires the correction of a cited violation within a shorter period of time, the appeal must be made within such shorter period.

C. *Prohibited Appeals.* Appeals governed by this Chapter of the following orders, notices or rulings are prohibited:

1. A determination that an emergency or hazard is present.
2. A ruling, decision, opinion or action of the City Attorney or imposed by a Court of Law, or a civil infraction ticket.
3. Conditions attached to an approved permit.
4. Declaration of Nuisance and/or a Notice to Abate.

Sec. 5.14.10. Transfer of Ownership.

An owner or responsible person transferring ownership of a property notified as being in violation of a provision of this Chapter shall notify the City in writing within ten (10) days of the transfer with the name, address and telephone number of the new owner and the effective date of the transfer of ownership. The City shall issue a new Notice of Violation to any person assuming the ownership or the status of responsible person for any condition, building or structure which has been cited in a Notice of Violation.

Sec. 5.14.11. Enforcement Fees.

A. Fees required for the enforcement of this Chapter shall be established by resolution of the City Commission.

B. *LUDS Fees.* Land Use and Development Services fees shall be assessed in accordance with Chapter 67 of the City Code.

C. *Other Fees.* The following are other fees related to inspections and enforcement of this Chapter not covered or required to be covered by a LUDS Permit.

1. Notice of Violation - Basic.

2. Notice of Violation - Extensive.
3. Additional Inspections including but not limited to Court requested, Attorney requested, progress inspection, inspection at request of owner or responsible person, or any inspection in addition to the first inspection.
4. Special Inspection after business hours, on weekends, or holidays.
5. Failure to keep appointment, arrange for an inspection, or provide entry for a scheduled inspection.
6. Repeat Notice of Violation where a notice for the same violation was issued within the last six (6) months.
7. Contact Request.
8. Administrative Extension.
9. Administrative Hourly Rate.
10. Attorney or Civil Infraction Warning Letter.
11. Preparation of Prosecution or Civil Infraction Case.
12. Notice to Abate.
13. Abatement Warning Letter.
14. Cost of Ordering Abatement.
15. Vendoring.
16. Second and Subsequent Vendoring.
17. Civil Infraction Preparation.
18. Search Warrant.
19. Title Search.
20. Recording Document with Kent County.
21. Collection Service Fee (City Treasurer).
22. Collection Service Fee (Small Claims Court).

D. *Sign Permits.* See Article 15 Signs for fee requirements related to sign permits.

ARTICLE 15. SIGNS

Sec. 5.15.01. Purpose and Intent.

A. Purpose.

1. This Article promotes safe, well-maintained, vibrant and attractive residential and business neighborhoods while accommodating the need for signs to function for the purposes for which they are intended. The regulations of this Article are written to directly address these purposes and intents and to provide the least restrictive means to accomplish their ends.
2. The regulations contained in this Article recognize that the individual user's right to convey a message must be balanced against the public's right to be free of signs which unreasonably

compete with one another, distract drivers and pedestrians, and create safety concerns and confusion. These regulations are intended to balance the individual user's desire to attract attention with the citizens' right to be free of unreasonable distractions.

3. This Article specifically recognizes the unique value of residential signs as a means of exercising constitutional freedom of expression, and accordingly provides liberally for the display of noncommercial messages in residential areas.

4. It is recognized that sign regulations provide business with equal opportunity to attract the public, and that uses that are substantially the same in character deserve similar treatment while recognizing that those with clearly unique circumstances may need to be regulated by other means to ensure that the Purposes and Intents of this Article are met.

5. The City recognizes constitutional rights to free expression as well as the need to provide directional information, enable travel and navigation, and promote commerce.

6. The City also recognizes that excessive numbers and locations for signs can impair travel and navigation by overwhelming and confusing travelers. Too many signs can also overwhelm the senses, impair sightlines and vistas, create feelings of anxiety and dismay, affect the tranquility of residential areas, impair aesthetics and degrade the quality of a community.

7. While these regulations allow for a variety of sign types and sizes, they do not necessarily ensure every property owner or business owner's desired level of visibility.

B. The intent of this Article are to:

1. Support the Master Plan's Themes of Great Neighborhoods, Vital Business Districts, Strong Economy, City that Enriches Our Lives, and Partnerships, as well as supporting the purposes and recommendations of the various Area Specific Plans and special plans that are adopted as part of the Master Plan, or other plans adopted in support of the orderly development of the city.

2. Ensure that signs are located, designed, constructed, installed and maintained in a way that protects life, health, property and the public welfare;

3. Protect public safety by prohibiting signs that are structurally unsafe or poorly maintained; that cause unsafe traffic conditions through distraction of motorists, confusion with traffic signs, or hindrance of vision; and that impede safe movement of pedestrians or safe ingress and egress from buildings or sites;

4. Protect aesthetic quality of neighborhoods by preventing visual clutter and protecting views; and to eliminate signs and sign structures on unused properties to prevent confusion and enhance traffic safety;

5. Ensure that the constitutionally guaranteed right of free speech is protected;

6. Reduce conflict between private signs and public signs used for purposes of traffic safety, identification of traffic controls, and other governmental purposes;

7. Reinforce and support the desired character of each Neighborhood Classification and Zone District in a manner that takes into consideration building scale and massing, lot size, building setbacks, transparency, street dimensions, travel speed and pedestrian presence so that signs contribute to the streetscape and aid in creating a "sense of place;"

8. Allow for adequate and effective signs for identification and appropriate commercial speech and non-commercial speech, and for the dissemination of public information, including but not limited to, public safety information and notification as may be required by law, and

9. Balance the need and right to communicate with needs to promote orderly communication, promote community aesthetics, prevent a proliferation of signs and sign structures that can be overwhelming, confusing, and distracting and to prevent the placement of signs and sign structures that can inhibit or impede safe travel.

Sec. 5.15.02. Applicability.

A. *Compliance with this Article.* It shall hereafter be unlawful for any person to erect, construct, install, place, locate, re-build, modify or maintain a sign or allow a sign to remain on property in the City except in compliance with this Article.

B. The effect of this Article is to:

1. Establish regulations that meet the Purposes and Intents of Section 5.15.01.;

2. Establish a permit system to allow a variety of sign types in designated Zoning Districts to ensure that the regulations and permit procedures of this Article are met;

3. Prohibit all signs not expressly permitted by this Article; and

4. Provide for enforcement of the provisions of this Article.

C. *Other City Codes.* All signs shall be designed to comply with all City Codes, as applicable, including but not limited to:

1. Chapter 51 Streets.

2. Chapter 68 Historic Preservation Commission.

3. Chapter 131 General Building Regulations.

4. Chapter 133 Electrical Code.

5. Chapter 134 Mechanical Code.

D. *Interaction with Other Regulations.* The regulations of this Chapter shall be in addition to any other applicable local, state or federal regulations. If there is any inconsistency between the regulations of this Chapter and another applicable regulation, the more restrictive regulation shall govern to the extent allowable by law.

Sec. 5.15.03. Nonconforming and Abandoned Signs; Billboard Exchange Program.

A. *Applicability.* Every permanently affixed sign which was legally erected, constructed, installed, placed or located, and which lawfully existed on the effective date of this Chapter, but which does not conform to the type, height, size, area, or location requirements of this Article shall be deemed a nonconforming sign, provided that this status shall not be granted to any portable, banner, or other easily removable sign, including signs affixed to the interior or exterior of windows.

B. *Expansion or Extension Prohibited.* Nonconforming signs shall not be expanded, enlarged, extended, relocated, repositioned, upgraded, or structurally altered to create an additional nonconformity or to increase the extent of the existing nonconformity, except as permitted by the Billboard Exchange Program. A nonconforming sign may be lessened in size or dimension without jeopardizing its nonconforming status in accordance with Section 5.15.03.G.

C. *Maintenance.* Nonconforming signs may be maintained and repaired so as to continue the useful life of the sign.

1. Maintenance and repair includes re-facing, painting of chipped or faded signs; replacement of faded or damaged surface panels; or repair or replacement of electrical wiring or electrical devices. A sign permit shall be submitted for sign re-facing, but is not required for normal repairs and maintenance.

2. Excluding maintenance and repair, changes to nonconforming signs shall be prohibited unless the signs are brought closer to conformance with this Chapter, meet the requirements of D., below, or are modified as permitted in Section 5.15.03.G.

D. *Damage or Destruction.* If a nonconforming sign is destroyed by an act of god or by means within the control of the owner to an extent that its repair or replacement exceeds fifty (50) percent of its replacement cost, exclusive of the foundation, the sign shall not be restored or replaced to its prior nonconforming status but shall conform in all aspects to the requirements of this Article.

E. *Site Redevelopment.* Nonconforming signs may be required to be removed as part of a zoning approval required by the Director, City Commission, Planning Commission or Board of Zoning Appeals involving the redevelopment of a site.

F. *Signs for Nonconforming Uses.* A sign on a lot with a nonconforming use shall be erected in accordance with the sign regulations for the District in which the property is located.

G. *Administrative Departure.* An Administrative Departure may be granted for the replacement of a nonconforming sign with a new sign frame or structure that is a minimum of twenty-five (25) percent smaller in area or dimensions than the nonconforming sign to be replaced, based on the sign requirements of the Zone District in which the sign is placed.

H. *Abandonment.*

1. *Removal Required.*

   a. Any nonconforming abandoned sign must be removed within sixty (60) days of written notice.

   b. The sign cabinet for the abandoned sign shall either be removed in its entirety, or the sign face removed, painted a neutral color, substituted with a covering to protect the internal sign elements and prevent breakage of sign panels.

   c. If the sign is not removed or otherwise made to conform to this requirement the City may declare the sign a nuisance per se and institute appropriate actions or court proceedings to correct or abate the violation, per Article 14 of this Chapter.

2. *Re-Use.* Once abandoned, if a new sign permit is not approved within one (1) year of the date of abandonment, the nonconforming sign structure shall be removed.

3. *Seasonal Activities.* A sign shall not be considered abandoned when used for seasonal activities during regular periods of the year.

4. *Time Extension.* The Director may grant a specified time for extension of the requested time to remove the sign structure, provided the owner submits a written statement prior to the expiration of the removal period indicating intent and reasonable timeline for re-use of the sign structure.

I. *Billboard Exchange Programs.*

1. *Purpose and Applicability*. For the purposes of this Section, two billboard exchange programs are contained herein. The first program pertains to permissible upgrades to non-conforming

off-premises signage allowed along I-196, I-96, or US-131 within the Upgrade Eligibility Zone. The second program is intended to allow the repositioning of non-conforming off-premises signage located within specified Mixed-Use Commercial Zone Districts. It is the intent of this Section to promote the health, safety, and general welfare of the citizens of Grand Rapids, and to establish reasonable and uniform regulations that advance the continued growth and development of the city. The provisions of this Section have neither the purpose nor effect of imposing a limitation or restriction on protected speech.

2. *Credits.* The premise of both exchange programs is to encourage a reduction or reassignment of billboard signage and/or square footage for the purposes of facilitating redevelopment. Therefore, all nonconforming off-premises signs existing on the effective date of this amendment, except those located in the MON-C or SD-IT Zone Districts, are eligible for voluntary removal credits to be applied toward (1) physical upgrades of eligible off-premises signs as defined in Section 5.15.03.I.3. within the Upgrade Eligibility Zone, or (2) repositioning as defined in Section 5.15.03.I.4. in appropriate Zone Districts. Credits shall be based on sign face size, sign type/locations, number of sign faces, and sign face square footage. Additional credits are available for certain signs, as approved by the Planning Director, to facilitate the redevelopment of land. No removal credits shall be awarded for sign faces to be removed or replaced by an eligible upgrade or for signs that conform to existing zoning requirements.

   a. Table 5.15.03.I.2.a. below describes how voluntary removal credits are calculated. Whole numbers shall only apply to credits to be used. The Planning Department shall document credits used and credits reserved for future use.

Table 5.15.03.I.2.a. Off-Premises Sign Voluntary Removal Credits

Sign Type/Location	Upgrade Eligibility Zone Credit (value)*	Repositioning Exchange Credit (sq. ft.)
Poster Billboard	1	Actual sq. ft. of face
Bulletin Billboard	2	Actual sq. ft. of face
Property for Redevelopment (Subject to Director Approval)	Base Credit × 2.0	sq. ft. credit x 2.0
*See Bonus Credits in Section 5.15.03.I.2.b.		

   b. *Bonus Credits.*

      i. Property for Redevelopment may receive a Bonus Credit of the Base Credit × 2.0, subject to Director Approval. For example: The removal of an off-premises poster-size sign with two (2) faces located on property to be used for redevelopment (with Director Approval) would be awarded four (4) credits; 2 faces × 1 credit per face × 2 bonus credits = 4 credits; within the Upgrade Eligibility Zone. If intended for use within an allowed Mixed-Use Commercial District, two poster-sized signs measuring 253 square feet each (506 square feet total) would be awarded double the amount, providing a 988 square feet credit available for repositioning.

      ii. Redevelopment bonus credits shall be awarded as determined by the Director. Bonus credits not used immediately may be reserved for future use. The Director shall determine that removal of a nonconforming off-premises sign is desired to facilitate a development project on a parcel that, due to a lease period or other constraint, the property owner is unable to negotiate the voluntary removal of the sign.

   c. *Credit Use in Upgrade Eligibility Zone.* Given the size and scale of standard off-premises advertising, credits are encouraged to first be used within the Upgrade Eligibility Zone

(i.e., alongside I-96, I-196, and US-131) for permitted upgrades as detailed in Section 5.15.03.l.g. Credits gained from removing billboards in the TBA, CC, TCC, TOD and MCN-C Zone Districts may be used within the Upgrade Eligibility Zone.

d. *Credit Use for Repositioning Exchange.* The second preferred location for the use of credits is within the City Center and Transitional City Center districts, where the scale and massing of buildings is substantially larger than those found in Traditional Business Areas and Mid-Century Business Districts. The use of credits for the purposes of repositioning shall be applied accordingly:

i. Credits gained from billboard removal in the TBA Zone District may be repositioned within the TBA, MCN-C, TOD, TCC, or CC Zone Districts.

ii. Credits gained from billboard removal in the TCC or CC Zone Districts may be used within those Zone Districts, but not the TBA.

iii. Credits gained from the TBA, MCN-C, TCC, and CC Zone Districts may be used within the MCN-C and TOD Zone Districts. Credits gained from the TOD Zone District may be used within the TOD Zone District.

iv. No credits may be used for repositioning from or within the MON-C and SD-IT Zone Districts. These districts are not eligible to be destination Zone Districts or originating Zone Districts.

Table 5.15.03.I.2.d.: Repositioning Exchange Districts and Sign Size

Destination Zone District	Maximum Sign Size	Originating Zone Districts
TBA	253 sq. ft.	TBA
CC, TCC	Unlimited*	CC, TCC, TBA
MCN-C	672 sq. ft.	CC, TCC, TBA, MCN-C
TOD	672 sq. ft.	CC, TCC, TBA, MCN-C, TOD
*See Super Sign definition in Sec. 5.15.16.		

v. *Credit Conversion.* Credits may be converted from a square footage credit into a standard bulletin or poster billboard face sign size to accumulate sign face credits for use in the Upgrade Eligibility Zone. Signs removed within the Upgrade Eligibility Zone may not be converted into a square footage credit for repositioning in the Repositioning Exchange Zone to a designated Mixed-Use Commercial Zone District.

e. *Existing Credits.* All sign-face credits reserved for future use as of the effective date of this Amendment may be used within the Upgrade Eligibility Zone but cannot be converted for use within a designated Mixed-Use Commercial Zone District.

3. *Upgrade Eligibility Zone.*

a. *Purpose and Intent.*

i. The purpose of the Upgrade Eligibility Zone Billboard Exchange is to reduce the overall number of nonconforming off-premises signs, facilitate redevelopment, reduce visual clutter in residential and neighborhood commercial areas, and allow for the modernization of off-premises signage by providing incentives for the voluntary removal of nonconforming off-premises signs. While it is recognized that off-premises signs serve a valuable purpose in the community by providing an advertising venue for local businesses and institutions, as well as a means to promote non-commercial speech, a proliferation of these signs may contribute to a sense of visual clutter and blight.

ii. Off-premises signs can deter the redevelopment of a parcel or limit the redevelopment potential of a site due to long lease periods for nonconforming off-premises signs. Accordingly, it is in the best interest of the City to advance the economic

welfare of the community by facilitating new investment and land development in accordance with the Master Plan and to remove any potential barriers that may hinder redevelopment opportunities within the city.

iii. The regulations in this section identify certain high-traffic volume corridors and locations within the city where continuing existing nonconforming off-premises signs is appropriate. In exchange for the voluntary removal of nonconforming off-premises signs, various physical upgrades may be permitted to existing nonconforming off-premises signs and support structures in the designated Upgrade Eligibility Zone. The Upgrade Eligibility Zone consists of existing off-premises signs and support structures in any Zone District that are oriented so that motorists traveling on I-196, I-96, or US-131 are the intended audience. All off-premises signs and support structures included in the Upgrade Eligibility Zone are listed in the current Upgrade Eligibility Zone Table maintained and kept current by the Planning Department.

b. *Upgrade Eligibility.* Off-premises signs and support structures located in the Upgrade Eligibility Zone may be upgraded if approved in accordance with the requirements of this Section.

c. *Permitted Upgrades.* Eligible off-premises signs may be upgraded, subject to the following requirements:

i. Nonconforming rights to sign height are transferrable between an old and new structure on the same site within the Upgrade Zone.

ii. Credits may be combined from more than one (1) off-premises sign location to permit a sign upgrade. Credits are transferable among off-premises sign owners.

iii. A proposed sign upgrade shall not be permitted in a location that would impede development or redevelopment on the site, as determined by the Director based on the knowledge of approved and proposed projects, building permits, and development trends.

iv. The non-conforming sign(s) being removed for credit(s) through this program to be used for upgrades must be removed in its entirety (including all sign faces and support structures) before the permitted upgrade may take place.

v. See Table 5.15.03.I.3.c.v. below for a description of how the credits may be used.

Table 5.15.03.I.3.c.v. Upgrade Components	**Removal Credits Required**
Sign Face Enlargement (from poster size to bulletin size)	3
Additional Poster Sign Face (maximum of two)	2
Additional Bulletin Sign Face (maximum of two)	6
Digital Billboard Face	2
Relocation on Same Lot (subject to Director approval)	2
Height Increase (up to an additional five (5) feet)	2
New Support Structure	3
Other Structure Improvement (as determined by the Director)	2

d. *Digital Billboards.* Off-premises signs and support structures located in the Upgrade Eligibility Zone may incorporate an Electronic Changeable Copy Sign face as defined in Section 5.15.17.E. and Section 5.15.17.C., subject to the following requirements:

i. Three (3) sign removal credits will be required for any digital billboard which requires a new support structure as outlined in Table 5.15.03.I.2.d. in order to meet current building code requirements to accommodate a digital billboard face.

ii. Two (2) sign removal credits will be required to replace a static face with a digital billboard face, except only one (1) sign removal credit will be required if a voluntary public-private partnership agreement is submitted and approved by the City Commission that provides for emergency messaging, public safety initiatives, community outreach opportunities, or other purposes for the benefit of public communications.

iii. No more than ten (10) sign faces can be converted to a digital billboard face within the Upgrade Eligibility Zone. Up to four (4) digital billboard faces, with two (2) facing each direction (E/W) may be installed along the I-96/I-196 corridor. Up to six (6) digital billboard faces, with three (3) facing each direction (N/S) may be installed along the US-131 corridor.

iv. Upgrades for digital billboards in accordance with this Section shall not be subject to the requirements of Section 5.15.10.C.3.d, Table 5.15.12.B. Electronic Sign, or Table 5.15.13.A. Electronic Sign.

v. The sign shall meet the following minimum performance standards:

1) *Spacing.* Digital billboards must be spaced a minimum of 1,750 feet from any other digital billboard face facing the same direction of oncoming traffic along the same roadway.

2) *Residential Impact Mitigation.*

a) Digital billboards will include incorporate light impact mitigating design technology if within three hundred (300) feet of residential use.

b) Digital billboards will not disturb residential uses with shifts in light, message changes, or glare.

c) A study shall be prepared to demonstrate the digital billboard's viewshed for consideration by the Planning Director or Planning Commission, depending on proximity to residential land uses.

3) *Lighting.*

a) To prevent glare, digital billboards shall not operate at a brightness level greater than 0.3 foot candles of ambient light, as may be further limited by this Section or other City Codes.

b) Digital billboards shall not display any illumination by flashing, intermittent or moving lights, and will not contain or display animated, moving video or scrolling elements.

c) Digital billboards shall have installed ambient light monitors and will at all times allow such monitors to automatically adjust the brightness level of the digital billboard based on ambient light conditions.

4) *Message Operations.*

a) The operation of a digital billboard will not be subject to the requirements of Section 5.15.10.

b) Each message shall be displayed for at least eight (8) seconds and a message change shall be accomplished within one (1) second or less.

c) A message change must occur simultaneously on the entire digital billboard's face.

d) A default design mechanism is included that freezes the digital billboard in one (1) position if there is a malfunction; contact information shall be provided for an agent responsible for the digital billboard's operation should a malfunction occur.

4. *Repositioning Exchange.*

a. Grand Rapids' Mixed-Use Commercial Zone Districts, inclusive of the downtown and surrounding neighborhood business districts, comprise a unique built environment that is denser (concentration of businesses and residents), more intense (building scale and pedestrian/bicycle/bus/vehicular movement), and more active (nightlife and events) than other areas of the city. These Zone Districts experience continuous growth and evolution through the development and redevelopment of new and existing buildings, structures, open spaces, and rights-of-way. Billboards have been located where the greatest number of potential customers can view off-premises advertising, which is in these same districts. It is inevitable, then, that in this dynamic context, off-premises signs are oftentimes positioned in the way of development within these districts. Given that in nearly every case billboards are considered to be non-conforming signs within the City Center (CC), Transitional City Center (TCC), Traditional Business Area (TBA), and Mid-Century Neighborhood Commercial (MCN-C) Zone Districts, there is a strong incentive for off-premises advertisers to resist change and remove a revenue-generating asset for unrelated private investment. To facilitate new development and the redevelopment of properties that are impeded by long-term lease agreements with a leaseholder of an off-premises sign, this Section has been designed to allow for the voluntary repositioning of off-premises signs within specified Zone Districts under certain conditions.

b. In the development and execution of this Section, it is recognized that off-premises signage, because of its very nature, has unique characteristics not common to on-premises signage. Michigan case law, Michigan's Tax Act, and common billboard lease industry language consider all structures, equipment, and materials as "trade fixtures" that are acknowledged as the personal property of an outdoor advertising company. As such, no property rights are bestowed upon a parcel of land for off-premises signage (billboards). Rather, rights to the off-premises signage reside with the owner of the trade fixtures.

i. *Case Law:* In Outdoor Systems Advertising, Inc. v. Korth, 238 Mich App. 664 (1999), the Court held that billboards are trade fixtures and, accordingly, remain a lessee's personal property as a matter of law. The trade fixture doctrine permits the lessee, upon the termination of the lease, to remove such a fixture from the lessor's real property. There is no unity of title between the owner of the land and the owner of the personal property. Supporting decisions: Michigan Nat'l Bank, Lansing v. Lansing, 96 Mich. App. 551, 555, 293 N.W. 2d 626 (1980), aff'd. 414 Mich. 851, 322 N.W.2d 173 (1982); Wentworth v. Process Installations, Inc., 122 Mich. App. 452, 465, 333 N.W.2d 78 (1983); Rite Media, Inc. v. Secretary of Massachusetts Hwy. Dep't, 429 Mass. 814, 712 N.E.2d 60 (1999); State ex rel. Comm'r, Dep't of Transportation v. Teasley, 913 S.W.2d 175 (Tenn. App., 1995); and other cases.

ii. *Act 206 of the State of Michigan:* "A "trade fixture" is property which was acquired by a tenant as detached personal property but which has been attached to leased or rented real property by the tenant and which is capable of being detached again for use elsewhere. The legislature has provided that "All outdoor advertising signs and billboards" will be classified as assessable personal property. Michigan General Property Tax Act 206 of 1893, Section 211.34c.(3)(ii).

iii. *Standard Industry Lease Language:* Typical billboard lease language reads to the effect of: "All structures, equipment, and materials placed upon the said premises by the Lessee are, and shall always, remain trade fixtures belonging to the Lessee that shall be removed by the Lessee at any time prior to or within a reasonable time after the term hereof or any extension thereof."

c. The regulations in this Section identify specified Mixed-Use Commercial Districts within the City where it is appropriate to consider "repositioning" off-premises advertising assets to make way for additional development within downtown's City Center (CC) and Transitional City Center (TCC) Zone Districts, as well as Traditional Business Areas (TBA) and Mid-Century Neighborhood Commercial (MCN-C); comprising Grand Rapids' neighborhood commercial districts. For the purposes of this Section, non-conforming off-premises signs are allowed to "float" as personal property/trade fixtures not directly bound by the ownership of a parcel of land but are rather associated by the zone district in which the off-premises sign is located, and a valid lease agreement is in effect or whole ownership of the parcel on which the non-conforming off-premises sign is positioned. As such, the location of these assets can move over time within a district to adjust to changing conditions as the city evolves.

d. The square footage credit obtained through the voluntary removal of non-conforming off-premises signs, as provided for in Section 5.15.03.I.2. may be used towards the relocation of off- premises signage subject to the following requirements:

i. The Planning Department will verify an inventory of all off-premises signage within each zone district prior to accepting new applications to reposition a non-conforming off-premises sign.

ii. The total number of off-premises sign faces in each zone district will not be greater than the number in existence as of the effective date of this Amendment. The number of off-premises signs is hereby capped so as to not increase the extent of non-conforming off-premises signs within any designated zone district.

iii. Repositioned off-premises signage square footage credits will be allowed as described in Section 5.15.03.I.2.

iv. A signed lease for a repositioned off-premises sign is required prior to the issuance of a sign permit.

v. Where located on a wall, there is no maximum sign size except in the TBA, MCN-C, and TOD Zone Districts. If an off-premises wall sign is larger than 672 square feet, it shall be considered a Super Sign.

vi. Off-premises signs shall not cover window openings or points of egress.

vii. Signs shall not be internally lit or located on or mounted to rooftops, be affixed to balconies or other appurtenances, compromise the historic nature of any building, or be placed in any locations that may present a safety hazard.

e. Relocation of non-conforming off-premises signage in accordance with this Section shall not be subject to the requirements of Table 5.15.13.A. Billboard or Off-Premises Sign.

f. Given the unique characteristics of the designated Mixed-Use Commercial Areas, including their pedestrian-orientation, mixed uses, and proximity to institutional and educational uses, neighborhood character areas (See Article 4, Section 5.4.02), and the significance of these places to community identity, the city has a significant governmental interest in protecting an area's aesthetic values and mitigating potential visual blight. The degree of potential impact on these qualities by a repositioned off-premises sign will be dependent upon sign characteristics such as sign dimensions, placement, and type; as well as community context, including historic districts, use mix, proximity to institutional and educational uses, and other factors. The repositioning of off-premises advertising signs will be evaluated by the Planning Director or Planning Commission to evaluate potential negative visual impacts to an area's aesthetics and the appropriateness of a repositioned sign's proposed size and location. The following criteria will apply:

i. The area, height, placement, and location of the proposed repositioned off-premises sign will not have a negative effect on the pedestrian experience and visual

aesthetics of the community greater than the magnitude of other off-premises signs of a similar size, height, placement, and location within the destination zone district.

ii. The proposed repositioned sign will not compromise public safety, access, or the observability of people within the public right-of-way, parking lots, parks, or other possible gathering areas.

iii. Potential anticipated negative visual aesthetics can be mitigated in a manner appropriate to the context of the zone district, city block, parcel, and wall in and on which the repositioned off-premises sign is proposed to be located.

g. To ensure a reasonable nexus between a repositioned off-premises sign that is a Super Sign in the TCC or CC Zone Districts, due to its uncommon nature, mitigation may be necessary to reduce any perceived negative visual effects from more visible signage. As such, an applicant may voluntarily offer to contribute to a fund supporting public art as a method of mitigation. The Downtown Development Authority and the city's various Corridor Improvement Authorities shall be authorized to establish such a fund for contributions made pursuant to this Section for the purposes of the commission, construction, siting, display, and maintenance of art murals and other public art to improve overall visual aesthetics within the zoning district. Supporting resources shall not exceed an amount equal to the greater of:

i. An amount, equal to $1 if the new off-premises sign is proposed to be a wall sign or painted sign for each square foot of the proposed new sign, for each year of the term of the sign permit; or

ii. An amount equal to the expected cost, as the Planning Department might reasonably determine, for the commission and installation of an art mural of an area equal to 200% of the area of the proposed off-premises sign, as well as the cost of the mural's maintenance for a period equal to the lease-period of the off-premises sign.

5. *Application and Review Procedures.*

a. *Special Land Use.* The following are subject to Section 5.12.09. Special Land Use procedures:

i. Digital billboards located in the CC Zone District.

ii. Digital billboards in all other zone districts, where the intensity of light from the billboard exceeds 0.3 footcandles at the lot line of any residential use.

iii. Super Signs.

b. *Director Review.* Except as indicated in Section 5.15.03.5.a. above, sign upgrades may be reviewed pursuant to Section 5.12.16.B. Director Review. The Planning Director has the authority to deny any requests for sign upgrades, repositioning, and/or sign face conversion where said requests are located on a parcel or building that is likely to be substantially altered in the next five (5) years or where the parcel or building would be impeding development or redevelopment in the next ten (10) years.

c. In addition to application materials required by Sections 5.12.04. and 5.12.08.D., the following shall be submitted:

i. An inventory of billboards to be removed and billboards to be upgraded. The inventory shall include the location, property survey, photos of the structure and all sign faces, the number of sign faces on the structure, height, and any other pertinent information for each billboard to be removed or upgraded.

ii. An itemized list of requested physical upgrades for each billboard to be upgraded.

iii. For repositioned signs, a signed lease containing the new address, sign size, sign placement, method of attachment, and other pertinent information to provide a clear understanding of the relocated sign.

d. Where located within an historic district or on a historic landmark, repositioned off-premises signs shall comply with Chapter 68 Historic Preservation Commission.

(Ord. No. 2023-37, §§ 1—3, 8-8-23)

Sec. 5.15.04. General Provisions.

A. *Requirements for All Signs.* All signs shall be designed, constructed, installed, placed, located and maintained in accordance with all applicable requirements, standards, procedures and regulations in and referred to by this Article.

B. *Placement.*

1. *Private Property.* All signs and sign structures shall be located on private property, except as provided in 2., below.

2. *Public Right-of-Way.* Those signs permitted in a public right-of-way are required to obtain an encroachment permit from the City. Signs illegally placed in the public right-of-way shall be forfeited and immediately confiscated by the City.

3. *Lot and Use Requirements.* Other than permitted off-premises signs, a sign containing a commercial message not pertaining to a use on the subject lot is prohibited, and no sign permit shall be approved until a principal use has been established on the property.

4. *Setbacks.* Unless otherwise provided, all signs shall maintain a minimum setback of fifteen (15) feet from all lot lines. Sign setbacks shall be measured from the nearest edge of the sign.

5. *Utility Lines and Poles.* There shall be at least a ten (10) foot horizontal separation between any sign and any overhead utility. The nearest part of any sign, including cables, guys, etc. shall be at least four (4) feet from any electrical conductor, electric light pole, road lamp, traffic light, or other public utility pole or standard.

6. *Natural Features.* No natural features shall be removed or altered, including removal of trees or alteration of the natural topography or other similar action, solely for the purpose of the construction, erection, installation, or modification of a permitted sign

7. *Clear Vision.* Signs shall comply with the Clear Vision Area requirements of Section 5.2.15. and Chapter 51, Article 8 of the City Code. Supporting structures shall be designed and placed to provide minimal visual obstruction.

8. *Administrative Departures.*

a. An Administrative Departure of up to five (5) feet from the required setback may be granted for sign placement where unique conditions such as building placement, slope, vegetation or other conditions exist on the site.

b. An Administrative Departure from the ten (10) foot separation between a sign and a utility line in Section 5.15.04.B.5. may be granted, provided it is recommended by the City's Traffic Engineering Division using the standards of the National Electrical Safety Code (NESC), as amended.

C. *Height and Ground Clearance.*

1. *Height.* Unless otherwise permitted, no portion of any pylon/pole sign shall exceed a height of twenty-five (25) feet.

2. *Building Roof Line.* Signs attached to a building shall not extend above the building roof line.

3. *Minimum Ground Clearance.*

   a. Projecting, awning, canopy, marquee and pole/pylon signs shall have a minimum ground clearance of eight (8) feet over public sidewalks and fourteen (14) feet where any sign extends over any vehicular driveway or parking area. No vehicles or structures shall be allowed in the area beneath a pylon sign.

   b. *Ground Clearance.* Ground clearance is measured from finished grade located directly below the sign to the lowest point on the sign structure enclosing the sign face.

4. *Clear Vision.* Any ground sign, permitted within fifteen (15) feet of the front lot line shall not be higher than thirty (30) inches, subject to the requirements of Section 5.2.15.C.

D. *Sign Quality.*

1. It is strongly recommended that all signs be designed by a professional sign designer and be installed by a qualified sign builder or contractor.

2. *Integration.*

   a. All permitted sign types shall be designed to fully integrate with the building architecture and overall site design, and to enhance the general character of the Zone District in which it is located. Signs attached to main buildings shall be coordinated and fit appropriately with the architecture of the building.

   b. Signs shall be fabricated, constructed, and installed to conceal fasteners and/or other methods of attachment that are not integral to the sign's design.

3. *Materials.*

   a. All permitted sign types shall be designed with the highest quality of materials and fabrication. High quality, durable and low maintenance materials are required. The type of material should be compatible with the associated building's façade and other materials in the surrounding area. Traditional materials, such as wood, are preferred over plastic.

   b. The following primary materials are required for sign faces. Other materials may be used in sign construction provided they are only used in supplementary parts of the sign, such as framing materials or other similar uses.

      i. *Metal faces.* .125-inch aluminum or 4mm composites for three (3) foot and greater spans to avoid oil canning/rippling of faces. Thinner materials may be used for shorter spans.

      ii. *Moldable Synthetic Materials.* Solar Grade (SG) acrylics and polycarbonates (or equivalent) to avoid fading, typically no less than .125 inches thick.

      iii. *Metal Returns.* Etched (sanded) primed and painted aluminum.

      iv. *Paints.* Paints, when used, shall be acrylic polyurethane paint systems with zinc chromate primers, or equivalent.

      v. *Wood Materials.* High Density Urethane (HDU), cedar, redwood, and treated lumber. Wooden signs shall be properly sealed to prevent moisture from soaking into the wood.

      vi. *Window Materials.* Window sign materials shall be of pressure sensitive vinyl or similar. For exterior use, high performance materials that have higher tack values and avoid premature fading shall be used. Printed Pressure Sensitive Vinyl (PSV) decals shall have an exterior laminate added to ensure exterior durability.

   c. *Prohibited Materials.* Signs shall not be constructed from materials that are remnants or manufactured for a different purpose.

d. *Administrative Departure.* An Administrative Departure may be approved for other materials if they provide appropriate high quality, durability, and design features.

E. *Illumination.* Where permitted, the illumination of signs is strongly encouraged to help add a sense of liveliness and activity to the area. The following provisions shall apply to illuminated signs that are permitted elsewhere in this Article.

1. *Glare / Distractions.* Illuminated signs shall not create glare or unduly illuminate the surrounding area. Sign illumination that could distract motorists or otherwise create a traffic hazard shall be prohibited.
2. *External Illumination.* Unless otherwise noted, signs may be externally illuminated, provided that all exterior lighting meets the requirements of this Article.
3. *Light Sources.* Signs shall be illuminated only by steady, stationary, shielded light sources using approved electrical devices. Exposed bulbs are prohibited except where neon or LED bulbs are used as signs, historic light fixtures are used for face-lit signs, or for marquee signs used for public theatres.
4. *Direction and Shielding.*
   a. Lighting fixtures shall be carefully located, aimed and shielded so that light is directed only onto the sign façade.
   b. To the extent possible, fixtures shall be mounted and directed downward (below the horizontal).
   c. Lighting fixtures shall not be directly visible from or aimed at adjacent streets, roads or properties.
   d. Raceways, conduit, and piping for electrical sources shall not be exposed to view.
5. *Back-Lit and Internally-Illuminated Signs.*
   a. Back-lit and internally-illuminated signs shall not cause excessive glare or allow light to encroach onto surrounding properties.
   b. Pan channel or cabinet sign illumination is permitted provided the sign shall be creatively designed with high quality materials and fabrication, as determined by the Director.
6. *Adjacent Residential Use.* Except in the TN-CC and TN-TCC Zone Districts, back-lit and internally illuminated signs are prohibited on any side or rear building face where a residential lot is adjacent to, or the sign is viewable from, a residential use.
7. *Vehicle Canopies.* All lighting on the underside of a canopy intended to shield vehicles from the elements shall be fully recessed and otherwise not visible from outside the property. A maximum of twenty-five (25) percent of the area of each fuel station canopy visible from a public street may be internally illuminated. No portion of these canopies may be externally illuminated.
8. *Timer Control.*
   a. Where illuminated signs are permitted in a residential Zone District, or where a residential Zone District is located across the street from the property on which the sign is places, illuminated signs shall be equipped with a functioning timer control.
   b. The control shall be set so that the sign is not illuminated after 11:00 p.m. or one-half (½) hour following the close of the business, whichever is later, and no sign shall be illuminated before 6:00 a.m., or one-half (½) hour prior to the beginning of the opening of the business, whichever is earlier.

c. Details of the design and operation of the timer controls shall be submitted with the sign permit application.

9. *Underground Wiring.* Underground wiring shall be required for all illuminated signs not attached to a building. A portable generator may be used on a temporary basis in lieu of underground wiring, where approved by the Building Official and a permit has been issued for the installation of permanent wiring.

F. *Sign Safety and Maintenance.*

1. *Dangerous and Unsafe Signs.*

a. *Immediate Hazard.* Any sign that the Director determines is an immediate hazard to health or safety shall be a nuisance per se and a violation of this Chapter, per Section 5.14.07.G.

b. *Unsafe Condition.* Any sign that becomes insecure, in danger of falling or otherwise unsafe, but not considered an immediate danger by the Director to the health or safety of the public, shall have the dangerous condition abated upon the receipt of the written notice, and shall be removed or repaired within fourteen (14) days after a notice of violation to the owner or responsible person, per Section 5.14.08.

2. *Maintenance.*

a. *Other City Codes.* Every sign shall be constructed and maintained in a manner consistent with Chapter 131 General Building Regulations and Chapter 135 Building Maintenance Code of the City Code and maintained at all times in good structural condition.

b. *Safe and Secure Materials.* All signs and sign structures shall be erected in a manner and with materials that shall remain safe and secure during the period of use. Signs and sign structures shall be maintained at all times in a state of safe repair, with all braces, bolts, clips, supporting frame, and fastenings free from deterioration, insect infestation, rot, rust or loosening.

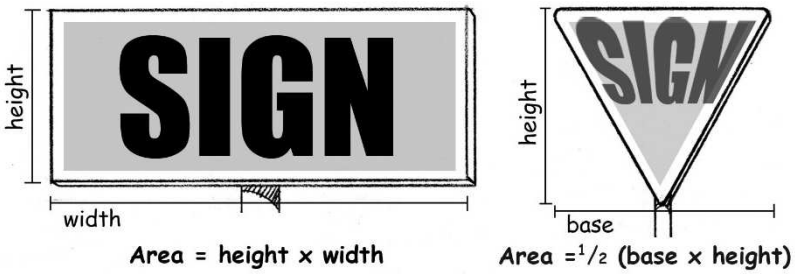
c. *Material Finishes.* All signs, sign structures, including all metal, wood, or other materials used for parts and supports, shall be kept neatly painted, stained, sealed, or preserved and free from corrosion.

d. *Banners and Flags.* Banners and flags shall be attached properly at all times and shall not be allowed to deteriorate to a tattered, torn or faded condition.

3. *Failure to Comply.* If the owner fails to remove, alter or repair a sign so as to comply with the standards herein set forth within the time specified in the notice, then the sign may be removed or altered by the City or its designee to comply with this Article.

Sec. 5.15.05. Sign Measurements.

A. *Area Measurement.*



5.15.05.A. Area Measurements.

1. Except as noted in C., below, the area of a sign shall be measured as the area within a single, continuous perimeter composed of any straight line geometric figure which encloses the extreme limits of writing, representation, emblem, logo, or any other figure of similar character, excluding only the pedestal, poles or other structure necessary to support the sign.

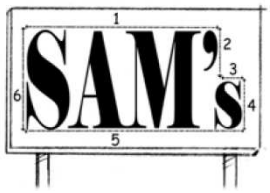
2. Measurements shall include any frame or other material or color forming an integral part of the display or used to differentiate the sign from the background against which it is placed.

3. Fractional measurements shall be rounded up to the nearest whole number.

B. *Circle Shapes.* The area of a sign that is located entirely within a perfect circle shall use the calculation for the area of a circle.

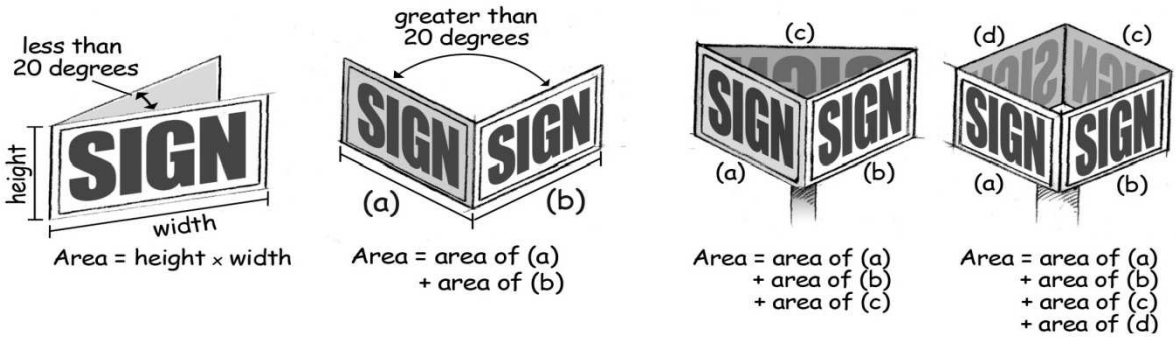
5-15-05.B.
Circle Shapes.

C. *Irregular Shapes.* In the case of an irregularly shaped sign or a sign with letters and/or symbols directly affixed to or painted on a wall, the area of the sign shall be the area within the perimeter of not more than six (6) straight lines at right angles that enclose the extreme limits of writing, representation, emblem, or any figure or similar character.



5-15-05.C. Irregular Shapes.

D. *Multiple Faces.* The area of a freestanding, ground, or projecting sign that has two (2) or more faces shall be measured by including the area of all sign faces, except if two (2) faces are placed back-to-back, are of equal size, and are no more than twenty-four (24) inches apart at any point, only one (1) face shall be used. If the faces are of unequal size, the larger shall be used.



5-15-05.D. Multiple Faces.

E. *Space between Lettering.* The sign area shall include vertical and horizontal spacing between letters, characters, emblems, and similar images that convey the sign's message.

F. *Height, Overall.* The overall height of a sign or sign structure is measured as the vertical distance from the lowest point of the ground directly below the sign, excluding any artificially constructed earthen berms, to the highest point on the sign or sign structure.

G. *Sign Base.* The base or supporting structure of a ground sign shall not count toward the permitted area of the sign, provided it is architecturally distinct from the sign face itself. The base or supporting structure shall be in proportion to the ground sign and may not exceed one hundred (100) percent of the permitted sign area.

H. *Painted Wall Signs.* The area of a painted wall sign shall be determined by calculating the area of the smallest square or rectangle that can be drawn around all of the sign elements, including the painted background used to differentiate the sign from the background against which it is placed.

I. *Windows and Doors.* Window panes separated by muntins shall not be counted separately as windows but shall be included in the cumulative total square footage of window area of the façade of the building. Measurements shall include and any painted, stenciled, or applied signs on windows, doors or other transparent surfaces regardless of material.

J. *Awning, Canopy or Marquee Signs.* The area of a sign that is incorporated into an awning, canopy or marquee shall be determined by calculating the area of the smallest square or rectangle that can be drawn around all of the sign elements. Unless otherwise provided in this Article, if an awning, canopy, or marque has a sign and is back-lit or internal illumination, the entire area of the awning or canopy face shall be counted as the sign area.

K. *Tenant Space Measurements.* For those sign types that are measured with respect to tenant spaces, sign area shall be measured by using that portion of the wall associated with that tenant space or storefront, as measured on the front exterior wall of the space.

Sec. 5.15.06. Sign Restrictions.

A. Any sign that is not specifically permitted by this Article is prohibited.

B. *Obstructions.*

1. *Obstruction of Ingress and Egress.* Signs that block ingress or egress from any building, in whole or in part, including those that obstruct any fire escape, required entrance, window, or door opening or that prevent free access to the roof by firefighters.
2. *Obstruct or Impair Vision.* Signs that obstruct or impair the vision of motorists, bicyclists or pedestrians at any intersection, driveway, or parking lot or loading area.
3. A five (5) foot wide clearance area for pedestrians shall be maintained for any sign placed on the ground, as permitted by this Article, such as an A-frame/sandwich board sign.

C. *Movement.*

1. *Moving, Spinning, Animated.* Signs with any moving, spinning or animated parts, or with the appearance of having any moving, spinning or animated parts, including streamers and pennants.
2. *Flashing, Oscillating, Blinking.* Signs employing any flashing, moving, oscillating, blinking, variable intensity of light or color or use intermittent electrical pulsations, except as otherwise allowed by this Article.
3. *Optical Illusion.* Signs with optical illusion of movement by means of a design which presents a pattern capable of reversible perspective, giving the illusion of motion or changeable copy, as well as signs that incorporate projected images.

D. *Signs Mimicking Emergency Vehicles, Traffic Signals or Traffic Signs.* Signs which would in any way simulate, or could be confused with, the lighting of emergency vehicles, traffic signals, or traffic signs shall be prohibited. There shall be no flashing, oscillating or intermittent, or red, yellow, or green illumination on any sign located in the same line of vision as a traffic control system. Any sign which uses the words "Stop," "Look," or "Danger," or any other shapes, colors, designs, words, phrases, symbols, or characters that interferes with, misleads, or confuses traffic shall be prohibited.

E. *Audible Devices.* Signs with audible devices, unless in accordance with Americans with Disabilities Act (ADA) requirements or those required by state or federal safety regulations.

F. *Prohibited Signs.* The following signs are prohibited in any Zone District.

1. Inflatable signs including but not limited to hot or cold air balloons, air-activated devices, or other attention-getting devices.
2. Human Signs.
3. Blade Signs.

4. Snipe Signs. Snipe signs shall not be within, project into, or overhang a public right-of-way, or attached to any telephone pole, light pole, tree, or other objects of a similar nature.

Sec. 5.15.07. Permitted Signs in All Zone Districts.

A. *Historic Signs.*

1. *Historic Painted Signs.* A historic business sign that was previously painted on the side(s) of a building prior to November 12, 1969 shall be permitted to remain and to be maintained in its original design, colors, and materials. A historic painted sign shall not be altered without approval of the Director or, if applicable, the Historic Preservation Commission.

2. *Historical Plaques.* Historical plaques and signs describing city, state or national designation as an historic site or structure, not exceeding two (2) square feet in area.

B. *Flags.*

1. No more than three (3) such flags shall be permitted on any one (1) lot or lots of common ownership and each flag shall not exceed five (5) feet by eight (8) feet in size.

2. Flags may either be attached to ground-mounted flag poles anchored in concrete or affixed to a building. The height of the flag pole shall not exceed the height restriction of the Zone District.

3. Flags, whether ground-mounted or wall-mounted, shall be grouped in a single area of the site or building.

C. *Address Numbers and Street Names.* Unless otherwise permitted in this Chapter, address numbers and street names no greater than twelve (12) inches high for residential uses and thirty-six (36) inches high for non-residential uses are permitted.

D. *Holiday Decorations.* Holiday decorations for nationally recognized holidays are permitted.

E. *Murals.* Murals shall be permitted, provided they:

1. Do not project more than one (1) foot from the side of a building; and

2. Do not constitute commercial speech, as determined with reference to the commercial interests of the person or entity that owns the building on which the mural is located.

F. *Official Sign.* Official signs shall be permitted in the public right-of-way in all Zone Districts.

G. *Traffic Control Signs.* Traffic control signs and signals including regulatory and directional traffic control and street signs erected by a public agency in compliance with Michigan Manual of Uniform Traffic Control Devices, are not subject to the requirements of this Article and shall be permitted in the public right-of-way.

H. *Window and Door Signs.*

1. Any painted, stenciled, or applied signs on windows, doors, or other transparent surfaces, regardless of material, shall not cover more than twenty-five (25) percent of the window, door, or other transparent surface.

2. Energized window signs, including electronic message boards, changeable message centers, multi-media or computer-controlled variable message signs and similar electronic devices, must comply with Section 5.15.10.C. and the signs permitted in each Zone District.

I. *Vehicle Signs.*

1. *Public Transit Vehicles.* Public transit vehicles with signs as part of the vehicle shall be stored in a completely enclosed building, unless the storage area is located in an SD-IT District, is otherwise permitted outside of an enclosed building for maintenance or operation, or is completely screened from view.
2. *Vehicle Identification Signs.* Vehicles displaying messages shall be parked in assigned loading/unloading areas, and shall not be parked in a location where, in the opinion, of the Director, the purpose is to act as a sign, unless the Director determines that there are no other feasible parking locations on the premises.

J. *Vintage Signs.*

1. Purpose. The purpose of allowing vintage signs is to provide for a contributing resource in historic neighborhoods to be continued either on a contributing site or existing contributing structure. The designation is intended to be limited to locally recognized businesses, institutions, or other significant uses.
2. The Planning Commission may designate a vintage sign through the Optional Review Process (Section 5.12.14.) either by application or upon the City's initiative. Applicants requesting approval shall have a legal interest in either the sign or the property on which the sign is to be placed/ or located.
3. The Planning Commission may designate a sign as a vintage sign provided the following criteria are met:
    a. The Review Standards of Section 5.12.14.E.
    b. The Planning Commission shall determine the sign to be of importance within the historic context of the immediate neighborhood whether of local, state, or national significance.
    c. The Planning Commission shall make a determination that the sign does, or will, meet the safety and maintenance requirements of Section 5.15.04.F.2. within six (6) months of designation.
4. The sign shall be located so as to not confuse drivers, pedestrians, or bicyclist as to the location of any active use whether adjacent or on the site. To this end, the Planning Commission may require relocation of the sign to another location on the same property. Any request for a different location on the property shall require another application.
5. If the vintage sign is to be relocated, it shall be placed at least ten (10) feet from any property line, not interfere with any required landscape or parking area, or impede visibility of any other permitted sign.
6. The sign shall not refer to any currently active use or use operating within the previous six months, either on the property on which the sign is placed or any other use within the city to which the sign refers.
7. Once approved as a vintage sign, no other application for a vintage sign may be approved for the same property. Nor may the sign be altered or in any way except as may be necessary for necessary maintenance in accordance with the provisions of Section 5.15.05.F. If removed, any subsequent sign shall meet the requirements of this Article.

K. *Driveway Signs.*

1. The maximum sign area shall not exceed four (4) square feet, or three (3) feet high. Driveway signs within fifteen (15) feet of the right-of-way shall conform to Clear Vision requirements of Section 5.2.15.

2. The signs may contain directional information, such as arrows and/or messages such as "Enter," "Exit," or similar.

3. Driveway signs may be externally- or internally-illuminated in the TN-TOD, MCN-C, SD-IT, SD-IC, and OD-EBL Districts. Illumination is not permitted in any other Zone District.

4. Illuminated driveway signs require a sign permit.

(Ord. No. 2021-22, § 2, 7-27-21)

Sec. 5.15.08. Planned Sign Program.

A. In lieu of the specific sign requirements of a particular Zone District, the Planning Commission may review and approve a Planned Sign Program for signs in all Zone Districts.

B. *Purpose.* The purpose of a Planned Sign Program is to allow a greater degree of flexibility in sign design and display in cases where strict compliance with the requirements of this Chapter may not be feasible. Further, a Planned Sign Program is intended to be used for multiple signs for large project development areas and integrated complexes to ensure that the requested signs work in a coordinated fashion to meet the general intent for signs in the District.

C. *Intent.*

1. The Planning Commission shall have the authority to approve alternative requirements for sign design, number, type, size, height, location, and lighting, provided that the applicant fulfills the Standards for Approval in E. below.

2. This Section shall not be used to circumvent the sign variance process or to simply permit larger, more visible, or additional signs than may otherwise be permitted by this Article, without any consideration for unique sign design and display or other conditions.

D. *Procedures.*

1. Eligibility. A Planned Sign Program may be approved only for integrated complexes and project sites larger than two (2) acres in size.

2. A Planned Sign Program shall be approved through the Optional Plan Review procedures of Section 5.12.14.

3. Applications for a Planned Sign Program shall include, at a minimum, the following materials.

   a. A narrative description indicating:

      i. A statement demonstrating that the eligibility requirements are met.

ii. The general design intent for proposed signs.

iii. A description of how the signs are coordinated with proposed building architecture and compatibility with the surrounding development context.

iv. A demonstration of how the requested Planned Sign Program fulfills the Standards for Approval of E., below.

b. The proposed locations, types, number, heights, and sizes of all signs, indicated on scaled plans and/or building elevation drawings.

c. Proposed materials, fabrication details, and illumination proposed for sign structures and faces.

4. The decision of the Planning Commission shall be final and may not be appealed to the Board of Zoning Appeals. However, the applicant may elect to submit a sign variance application to the Board of Zoning Appeals.

E. *Standards for Approval.* The application shall have the obligation to demonstrate, and the Planning Commission shall find, that all of the following are met before a Planned Sign Program may be approved.

1. That the Planned Sign Program would result in a more attractive aesthetic setting, improved safety, provide more convenient identification for planned users, or other similar purposes that would not be achievable without deviations from the specific sign requirements of the Zone District;

2. That the location and/or physical characteristics of the applicant's property or the needs for identification are unique when compared to other similarly situated parcels in the same Zone District and in the same vicinity;

3. That the proposed Planned Sign Program substantially furthers the Purposes and Intent of Section 5.15.01.; and

4. That approval of the Planned Sign Program would not create any adverse effects on one or more properties in the vicinity.

F. *Amendments.*

1. Minor modifications to a previously approved Planned Sign Program may be approved through the Director Review procedures of Section 5.12.16. provided the general sign design, number of signs, and dimensional requirements are maintained. Minor modifications include:

a. Changes in sign location of not more than five (5) feet;

b. Changes to sign faces, provided that the face is no larger and materials are consistent with the approved sign; and

c. Changes to landscaping and lighting.

2. An amendment to an approved Planned Sign Program not qualifying as a minor modification per Section 5.15.08.F.1. shall be reviewed by the Planning Commission using the Site Plan review process, including the option of a public hearing under the provisions of Section 5.12.08.D.4., and the standards of Section 5.15.08.E.

(Ord. No. 2018-32, §§ 8, 9, 6-5-18)

Sec. 5.15.09. Community Event Signs.

A. *Purpose and Applicability.*

1. The City finds that in certain circumstances it is in the interest of public safety to permit certain signs to highlight events that may draw attendance from areas outside the immediate neighborhoods and locations where the event is planned.

2. In these named instances, signs for City-recognized events may be permitted within the City right-of-way on a temporary basis to avoid confusion for citizens and permit adequate directional information for planned events.

3. The City shall not be responsible for the cost of production, erection, maintenance, or removal of event signs.

B. *Community Events.*

1. The sponsors and participants of community special events operating under a special events permit issued by the City Manager for City-sponsored or supported events may erect additional temporary signs or banners in a manner that is not otherwise consistent with this Article for the duration of the event in accordance with the applicable City policies governing special events. (See City Commission Policy 1100-05 Special Events.)

2. This requirement recognizes the variety and scale of community events covered by the City Commission's policy. These events may attract large numbers of people who are not familiar with the city and may require additional directional and other related signs to ensure that driver confusion is minimized and traffic is directed to the proper parking and event sites.

3. Sign locations, types, number, and size shall be approved by the City Manager. Sign permits are not required.

C. *City Sports Events.*

1. The City may permit sponsors and participants of special events operating under a special events permit issued by the City Manager to erect additional signs or banners in accordance with the applicable City policies governing special events (City Commission Policy 1100-05 Special Events).

2. Sign locations, types, number, and size shall be approved by the City Manager. Sign permits are not required.

Sec. 5.15.10. Changeable Copy Signs.

A. *General.* Changeable copy signs may be manual or electronic, and shall comply with the maximum area and site location requirements of the applicable Zone District.

B. *Changeable Portion of Sign.*

1. The changeable copy portion of a ground, pylon or wall sign shall not exceed fifty (50) percent of the total sign area and shall be integral to the sign cabinet. The remainder of the sign shall be of a permanent character as otherwise required under this Chapter. Temporary portable signs shall be exempt from this requirement.

2. Window Sign. A changeable copy sign located in a window shall not exceed twenty-five (25) percent of the window area nor be more than three (3) square feet in area and must comply with all other provisions of this Chapter.

C. *Electronic Signs.*

1. *Display Regulations.*

   a. Scrolling or traveling of a message onto and/or off of the display shall be allowed; provided the message is coming from one (1) direction only and that no message shall take more than five (5) seconds to be displayed in its entirety. Once scrolled, the screen may not change for five (5) minutes.

   b. If non-scrolling, the screen of the sign shall not change more than once every five (5) minutes, and shall remain in a stationary state for at least five (5) minutes.

   c. The display shall not, or shall not appear to, flash, undulate, pulse, or portray explosions, fireworks, flashes of light, or blinking or chasing lights; the display shall not appear to move toward or away from the viewer, expand or contract, bounce, rotate, spin, twist or other similar movements.

   d. All electronic signs in any residential Zone District or within one hundred fifty (150) feet of a residential Zone District that are directly visible from a residential use shall discontinue the display between the hours of 11:00 p.m. and 6:00 a.m.

2. *Light Level Requirements.*

   a. To prevent glare, electronic signs shall not operate at a brightness level greater than the manufacturer's recommended levels, except as provided in this or other City Codes.

   b. All signs shall have installed ambient light monitors and shall at all times allow such monitors to automatically adjust the brightness level of the electronic sign based on ambient light conditions.

   c. Maximum brightness levels for electronic signs shall not exceed five thousand (5,000) nits when measured from the sign face at its maximum brightness during daylight hours, and five hundred (500) nits when measured from the sign face at its maximum brightness between dusk and dawn.

3. *Approvals.*

   a. *Director Review.* In Residential Zone Districts the Director may approve, under the provisions of Section 5.12.16., electronic signs that are integral to a ground sign of thirty-two (32) square feet or less, and all of the following requirements are met.

      i. The electronic portion is thirty-five (35) percent or less of the overall sign area;

      ii. The electronic display is thirteen (13) square feet or less; and

      iii. The sign is at least one hundred seventy-five (175) feet from an adjacent residential use.

   b. *Permitted Use.* Electronic signs are permitted as of right in the TN-TBA, MCN-C, and MON-C Zone Districts, subject to the applicable provisions of this Article.

   c. *Special Land Use.* A Special Land Use approval under the provisions of Section 5.12.09. shall be required for the following:

      i. Electronic signs not qualifying for Director Review.

      ii. Any electronic sign referred by the Director, regardless of the qualification for a Director Review.

      iii. In Mixed-Use Commercial Zone Districts, electronic signs within three hundred (300) feet of any residentially zoned lot sharing the same street frontage.

      iv. All electronic signs in the MCN-TOD, MON-TOD, and NOS Zone Districts.

d. *Prohibited.* Electronic signs are not permitted in the TN-CC, TN-TCC, and TN-TOD Zone Districts.

4. *Additional Requirements.*

a. Permitting.

i. All electronic signs require a sign permit.

ii. Electronic sign permit applications shall include a copy of the manufacturer's specifications for luminosity and a certification from the owner or operator of the sign stating that the sign shall be operated in accordance with City Codes and that the owner or operator shall provide proof of conformance upon request of the City.

iii. An electrical permit shall be obtained prior to the issuance of a sign permit.

b. If the sign is programmed from the site or from a remote location, the computer interface that programs the sign shall be available to City staff for inspection upon request. The sign shall cease operation if the computer interface is not immediately available.

c. No lot, including abutting parcels under common ownership, shall be permitted more than one (1) electronic sign.

(Ord. No. 2018-32, § 10, 6-5-18)

Sec. 5.15.11. Signs in Residential Zone Districts.

A. *Neighborhood Character.* As described in Section 5.15.01., it is the intent of this Section to reinforce and enhance the unique character of each of the City's Residential Zone Districts in an appropriate manner, while at the same time permitting sufficient methods to allow a freedom of expression for individuals. Typical lot size, lot width, building placement and building scale elements define the physical form of a neighborhood. An excessive number of signs, excessive sign size and improper placement can create visual clutter that detracts from other important neighborhood design elements that establish an area's sense of place. Signs that are appropriately sized based on the physical attributes of a neighborhood (lot size, building placement, etc.) can strengthen community character and serve as important component in establishing neighborhood identity.

B. *Residential Zone Districts.* Table 5.15.11.B. pertains to signs in Residential Zone Districts, as described in Article 5. The table does not contain all sign requirements applicable to the Zone Districts. Signs shall comply with all other applicable requirements of this Chapter. Sign types are defined in Section 5.15.17.

Sec. 5.15.12. Signs in Mixed-Use Commercial Zone Districts.

A. *Commercial Character.* As initially described in Section 5.15.01., it is the intent of this Section to reinforce and enhance the unique character of each of the City's Mixed-Use Commercial Zone Districts in an appropriate manner. Typical lot size, lot width, building placement and building scale elements define the physical form of a neighborhood. An excessive number of signs, excessive sign size and improper placement can create visual clutter that detracts from other important neighborhood design elements that establish an area's sense of place. Signs that are appropriately sized based on the physical attributes of a neighborhood (lot size, building placement, etc.) can strengthen community character and serve as important component in establishing neighborhood identity.

B. *Mixed-Use Commercial Zone Districts.* Table 5.15.12.B. pertains to signs in Mixed-Use Commercial Zone Districts, as described in Article 6. The table does not contain all sign requirements applicable to the Zone Districts. Signs shall comply with all other applicable requirements of this Chapter. Sign types are defined in Section 5.15.17.

B. *Planned Redevelopment District.* Planned Redevelopment District Sign Requirements.

1. *Planned Sign Program.* Unless otherwise provided in the resolution approving a particular Planned Redevelopment District (PRD), signs hereafter erected in a PRD shall be governed by the rules and requirements of the approved PRD, and of an established Zone District, as assigned by the Planning Commission. The assigned Zone District regulations shall be referred to as the Planned Sign Program. The Planning Commission shall evaluate the adjacent Zone Districts in the same Neighborhood Classification for consistency and compatibility in making its determination.

2. *Owner or Manager Approval.* All sign permit requests shall include evidence of approval by the property owner or facility manager to submit the permit application.

3. *Existing Signs.* Sign program amendment review shall consider existing signs prior to approval or denial of program change.

4. *Change in Copy.* The change of copy on a sign, or the substitution of one (1) sign for another, shall not require an amendment to a Planned Sign Program if the change or substitution is limited in effect to changing the identification of a business activity, and the new or altered sign conforms in all other respects to the approved Planned Sign Program.

5. *Deviations from Planned Sign Program.*

   a. Deviations from an approved Planned Sign Program shall be reviewed by the Planning Commission under the Minor Deviation procedures as provided in Section 5.12.12.I.2. No public hearing shall be required. However, the Planning Director or Planning Commission may send such notices of the pending action and receive such comments from surrounding property owners and occupants or other interested persons as either the Planning Director or Planning Commission deems appropriate.

   b. The decision of the Planning Commission may not be appealed to the Board of Zoning Appeals.

Sec. 5.15.14. Permits, Application Requirements, and Approval.

1. The purpose of this Section is to set forth procedures and standards for processing sign permit applications.

2. *Sign Permit.* Except as provided elsewhere in this Chapter, it shall be unlawful for any person to erect, place, install, display, alter, or relocate a sign without first obtaining a sign permit or permits. A sign permit shall not be issued if the site has existing, unresolved sign violations per the regulations of this Chapter.

3. *Permit Not Required.* A sign permit shall not be required under the following conditions.
   a. *Maintenance and Repairs.* Maintenance and repair includes painting of chipped or faded signs; replacement of faded or damaged surface panels; or repair or replacement of electrical wiring and electrical devices provided the size, structure or cabinet are not changed or removed. An electrical or other City permit may be required.
   b. *Exempt Signs.* The following signs must comply with all relevant provisions of this Article, but shall not require a sign permit:
      i. Driveway signs without illumination.
      ii. Incidental signs not exceeding two (2) square feet in total area.
      iii. Integral identifiers.
      iv. Murals with no commercial message.
      v. Official signs.
      vi. Residential temporary event signs.
      vii. Commercial temporary event signs twenty (20) square feet or smaller.
      viii. Historical plaques.
   c. *Re-faced Signs.* A sign permit and fee is required to reface off-premise signs. For other signs, a sign permit and a sign permit fee are not required to be issued if the sign is refaced in a manner that maintains the display on the sign as approved by the original permit. However, a sign permit application is required for the City's records.
4. *Sign Permit Application.* To obtain an approved sign permit, a complete application for a sign permit shall be filed by, or with the written consent of, the property owner on a form provided by the City, and shall be accompanied by the following information.
   a. *Sign Inventory.* Photographs, and descriptions of the type and dimensions, square footage, materials and copy of all other existing signs on the site, keyed to the site plan by a number or letter.
   b. *Proposed Signs.* A graphic representation of all proposed signs, including dimensions, square footage, dimensions of letters and figures, colors, materials, copy, landscaping, and illumination or movement characteristics, if any, keyed to the site plan by a number or letter.
   c. *Site Plan.* In addition to the sign information, a site plan shall be provided that identifies the locations of all existing and proposed signs, all existing and proposed buildings, parking areas, vehicular access ways and landscaping.
   d. *Sealed Plans.* Sealed construction plans, stress sheets and calculations, and other construction information, for freestanding signs fifteen (15) feet or higher or one hundred (100) square feet in area or more and for other installations as required by the City Building Official. A minimum of two (2) sets of such plans and specifications are required, bearing the signature and seal of a registered Michigan architect or engineer who shall assume responsibility for their design.
   e. *Performance Guarantee.* If required, a performance guarantee shall be submitted in accordance with the provisions of Section 5.14.04.
5. *Application Review.*
   a. *Determination.* The Director shall determine whether the proposed sign or sign program is in compliance with this Article and whether the purposes and objectives of this Article have been met. The determination will be based on a review of site plans, landscaping,

clear vision areas, parking locations, drives, setbacks, relationship of proposed location to immediate or surrounding areas for proper sign placement, and other applicable requirements of this Chapter.

b. *Approval.* The Director or designee, may approve, conditionally approve subject to modifications, or disapprove any application for a sign permit, subject to the following standards:

i. Whether the requirements of this Chapter have been satisfied.

ii. A finding is made that the sign will not adversely affect or be materially detrimental to adjacent uses, buildings or structures, taking into consideration site development, landscaping, construction, and material of exteriors, other signs, exterior lighting, uses, occupancy, density, and the entire development plan.

iii. The sign placement, scale, shape, illumination, size, letter styles, or other design aspect are architecturally appropriate and compatible in relation to the development on and adjacent to the site of the proposed sign.

6. *Duration of Approval.*

a. A sign permit shall be considered approval to proceed with the work specified in the permit.

b. The approved permit shall expire and become null and void if the work authorized under such permit is not commenced within one hundred eighty (180) days from the date of issuance. After this period, the City shall consider the application withdrawn and may destroy any application and plans pertaining to the application.

c. Upon written request prior to the date of expiration, the Director may grant one (1) extension of up to one hundred eighty (180) days if the applicant can demonstrate that the reasons for the extension were beyond their immediate control.

Sec. 5.15.15. Sign Variances.

A. *Authority.*

1. The Board of Zoning Appeals (BZA) is authorized to hear and decide requests for variances to sign requirements. The BZA shall process the request with the same application and hearing requirements of Section 5.13.03.

2. In deciding a sign variance application, the BZA shall state the reasons that justify the approval or denial of the variance. The BZA may attach conditions of approval regarding the location, character or other features of the proposed sign as it deems reasonable. The BZA shall evaluate a sign variance application using the review standards of B. below.

3. The decision of the BZA shall be final. However, any person being an aggrieved party affected by the decision shall have the right of appeal to the Kent County Circuit Court, as provided in the Zoning Act and Circuit Court procedures.

B. *Review Standards for Sign Variances.* A sign variance shall only be granted where exceptional practical difficulties prevent the strict application of the requirements of this Chapter. A sign variance may be allowed by the BZA only in cases where all of the following conditions are met.

1. *Exceptional or Extraordinary Circumstances or Conditions.* There are exceptional or extraordinary circumstances or conditions applying to the property for which the sign is intended that do not apply generally to other properties in the same Zone District or in the neighboring area. Exceptional or extraordinary circumstances or conditions may include:

a. *Shape of Lot.* A sign could not be placed in a required location due to the physical shape, topography or other physical condition of a lot or to the location of an existing structure.

b. *Environmental Conditions.* A sign could not be placed in the required location without removing or severely altering natural features, such as trees, topography, drainage courses or encroaching upon stormwater facilities.

c. *View Obstructions.* A sign could not be reasonably seen by passing motorists due to the configuration of existing buildings, trees, signs or other obstructions on an abutting property.

d. *Motorist Safety.* A sign could not be seen by passing motorists in sufficient time to allow safe deceleration and turning movements. The BZA shall consider the width of the road, driveway locations, number of moving lanes, volume of traffic, and speed limits.

2. *Substantial Property Right.* The variance is necessary for the preservation of a substantial property right similar to that possessed by other properties in the same Zone District and in the neighboring area. Increased costs associated with complying with this Chapter shall not be considered as a basis for granting a Variance.

3. *Not Self-Created.* The immediate practical difficulty causing the need for the variance was not created by the applicant or any person having an interest in the sign, sign structure, or property.

4. *No Substantial Detriment.* Granting the variance will not be detrimental to the public welfare, be injurious to other properties or improvements, endanger public safety, or substantially diminish or impair property values in the area.

5. *Master Plan/Zoning Ordinance.* The variance will be consistent with, and not materially impair, the purpose and intent of this Article, the regulation that is the subject of the variance, the Master Plan, and the Zoning Ordinance and Zone District.

Sec. 5.15.16. Enforcement and Fees.

A. *Enforcement.* The City may use any lawful remedy or enforcement powers against the owner or responsible person for any violation of this Article, as described in Article 14 Administration and Enforcement.

B. *Fees.* Fees shall be charged for the following services:

1. *Sign Permit Fees.* Before issuance of any required sign permit, the City shall collect an application fee in accordance with a fee schedule adopted by resolution of the City Commission.

2. *Second and Additional Inspections.* An additional inspection fee shall be charged if more than one (1) inspection is needed or requested to determine compliance with this Article. Second and additional inspections include but are not limited to: Court requested, Attorney requested, progress inspection, inspection at the request of the owner or responsible person, or any inspection in addition to the first inspection. The sign permit fee includes the cost of the first inspection and additional fees as permitted by this Section may be collected for second and additional inspections.

3. *Work without a Permit.* Any work started without a permit, or any work beyond the authorized scope of a sign permit constitutes a violation and is grounds for the designated enforcement staff to issue a notice of violation (NOV), a cease and desist order, or other enforcement actions until appropriate permits are obtained. Any permit that would be required based on the work conducted shall subject the owner or responsible person to a doubling of the normal permit fee. However, this action will not exempt any person from compliance with all other provisions of this Section nor from any penalty prescribed by law.

4. *Sign Permit and Inspection Fee Schedule.* The following sign permits and inspection services are hereby authorized, and fees established by resolution of the City Commission:
   a. Sign Permit;
   b. Sign Permit - Rework;
   c. Sign Permit - Work Started without a Permit;
   d. Temporary Sign Permit;
   e. Other fees as noted in Section 5.14.11.
5. *Responsible Person.* The owner or responsible person shall be responsible for the payment of fees associated with sign permits, inspection services and code enforcement actions related to bringing a sign(s) into compliance with this Article.

C. *Declaration of Nuisance.* Any sign installed, altered or maintained in violation of any provision of this Article constitutes a public nuisance per se and is subject to abatement pursuant to Section 5.14.07.

D. *Confiscated Signs.*

1. Any cost incurred by the City for the removal, alteration or relocation of a sign pursuant to the provisions of this Article shall be paid prior to the issuance or renewal of any permit for that property.
2. Signs removed by City personnel shall be held for ten (10) days. An owner or responsible person may claim the sign within ten (10) days of removal, provided that any costs associated with the sign removal have been paid to the City. After ten (10) days, the City shall be permitted to destroy the sign.

E. *Appeals.* The BZA may hear an administrative appeal taken from any person or any governmental official affected or aggrieved by any order, requirement, decision, or determination, as permitted by this Chapter.

Sec. 5.15.17. Sign Definitions.

ARTICLE 16. DEFINITIONS

Sec. 5.16.01. Rules of Construction and Organization.

A. The following words, terms and phrases, when used in this Article, shall have the meanings ascribed to them in this Chapter, except where the context clearly indicates a different meaning.

B. *Rules of Construction:* The following rules of construction apply to this Chapter:

1. The language of this Chapter shall be read literally. Regulations are no more or less stringent than stated.
2. The particular shall control the general. For terms used in this Chapter, the use of a general or similar term shall not be taken to be the same as the use of any other specific term.
3. In case of any difference of meaning or implication between the text of this Chapter and any caption or illustration, the text shall control.
4. A building or structure includes any part thereof.
5. The term "used" includes the following meanings when used in context with the following terms: arranged, designed, constructed, altered, rented, leased, sold, occupied, and intended to be occupied.
6. Unless the context clearly indicates the contrary, where a regulation involves two (2) or more items, conditions, provisions or events connected by the conjunctions "and," "or" or "either . . . or," the conjunction shall be interpreted as follows:
   a. "And" indicates that the connected items, conditions, provisions or events apply.
   b. "Or" indicates that the connected items, conditions, provisions or events may apply singly or in any combination.
   c. "Either . . . or" indicates that the connected items, conditions, provisions or events apply singly but not in combination.

7. Unless otherwise specified, a "day" as used in this Chapter shall be a calendar day. If a deadline or required date of action falls on a Saturday, Sunday, or holiday observed by the City, the deadline or required date of action shall be the next day that is not a Saturday, Sunday, or City-observed holiday.
8. Unless otherwise stated, all calculations that result in a part or fraction of a whole number shall be rounded up to the next highest whole number.
9. Any reference to Chapter, Article or Section shall mean Chapter, Article or Section of Chapter 61 of the City Code, Zoning Ordinance, unless otherwise specified.
10. Terms not defined in this Chapter shall be given their ordinary and common meaning. Where not otherwise evident, terms shall have the meaning given in the latest edition of Merriam Webster's Collegiate Dictionary.

Sec. 5.16.02. Definitions.

A. Definitions—A.

ABUTTING or ABUTS

The condition of two (2) adjoining parcels having a common property line or boundary but not including lots separated by a street or alley. See ADJACENT.

ACCESSORY STRUCTURE

A building or structure that is subordinate in use and square footage to the principal use of land or buildings, is customarily found in connection with and on the same lot as the principal use or main building. Examples are garages, carports, sheds, gazebos, large play structures and greenhouses.

ACCESSORY USE

A use on the same lot that is customarily incidental, appropriate and subordinate to the principal use of land or buildings.

ACT OF GOD

An event that directly and exclusively results from the occurrence of natural causes that could not reasonably have been prevented by the exercise of foresight or caution.

ADJACENT

The condition of where two (2) or more parcels share common property lines or where two (2) parcels are separated only by an alley, easement or street.

ADMINISTRATIVE DEPARTURE

A minor deviation from the requirements of this Chapter, as provided for in this Chapter and the individual Zone Districts, and as reviewed and approved by the Director in accordance with Section 5.12.16.

ADMINISTRATIVE MANUAL

A document maintained by the Planning Department that serves as a user's guide to this Chapter. The Administrative Manual may contain copies of application forms, fees, schedule and contact information, additional definitions, and interpretations of the intent behind the language and standards in this Chapter, but is not a part of this Chapter.

ADULT FOSTER CARE

See GROUP LIVING.

ADULT USES

See REGULATED USES.

AFFORDABLE HOUSING

Any form of group living or household living intended for low- or moderate-income persons and families with incomes at or below eighty (80) percent of area median income, adjusted for family size; and where monthly shelter costs do not exceed a designated percentage of that person's or family's income, as used by the U.S. Department of Housing and Urban Development (HUD) or the Michigan State Housing Development Authority (MSHDA).

ALLEY

See STREET, ALLEY.

ALTERATION

Any change, addition or modification in construction or type of occupancy or any change in the structural members of a building, such as walls or partitions, columns, beams or girders, the consummated act of which may be referred to in this Chapter as "altered" or "reconstructed."

AMENDMENT

A change in the wording, context or substance of this Chapter, or a change in Zone District boundaries or Neighborhood Classifications on the Official Zoning Map.

ANIMAL, DOMESTIC

A small animal of the type generally accepted as pets including, but not limited to, dogs, cats, and fish, but not including roosters, ducks, geese, pea fowl, goats, sheep, hogs or similar animals.

INSTITUTION

A building or parcel occupied by a non-profit corporation or non-profit organization for public or quasi-public activities.

INTEGRATED COMPLEX

A group of buildings contained within a single or joint development and under one (1) or more approved plans.

INTENSITY

The degree to which land is used, referring to levels of concentration or activity in uses, expressed in lot coverage, dwelling units per acre, parking needs, height, or other measurement used within this Chapter.

J. Definitions—J.

Reserved for future use.

K. Definitions—K.

KENNEL

A facility for the boarding, breeding, raising, grooming, selling, training or other animal husbandry activities for domestic animals.

L. Definitions—L.

LAND DIVISION ACT

The Land Division Act, Public Act 288 of 1967, as amended, or any successor acts.

LAND USE AND DEVELOPMENT SERVICES (LUDS)

A coordinated City program for the review, approval and monitoring of projects that involve the development or redevelopment of land.

LAND USE AND DEVELOPMENT SERVICES (LUDS) PERMIT

A LUDS permit allows for approvals of grading, drainage, landscaping, paving, erosion control, encroachments, permitted land use and similar activities.

LAND USE PLAN

The Future Land Use Map and accompanying text in the Master Plan.

LANDSCAPING

The treatment of the ground surface with live plant materials such as, but not limited to, grass, ground cover, trees, shrubs, vines and other live plant material. In addition, a landscape design may include other decorative natural materials, such as wood chips, boulders or mulch. Structural features such as fountains, pools, statues and benches shall also be considered a part of landscaping if provided in combination with live plant material.

LANDSCAPE SCREEN

A method of visually shielding or obscuring from view a screen comprised of fencing, walls, berms, or plantings of sufficient height, length, and opacity to form a visual barrier.

LEED CERTIFIED

The LEED (Leadership in Energy and Environmental Design) Green Building Rating System is a voluntary, consensus-based national standard for developing high performance, sustainable buildings.

LIGHTING

1. ACCENT LIGHTING. Back-lighted translucent panels or strip lighting affixed to any wall or roof which serves to provide visual emphasis and attract attention rather than illuminate space for human activity.
2. ARCHITECTURAL LIGHTING. Exterior lighting which primarily has an aesthetic purpose to illuminate architectural features of a building or site.
3. AVERAGE ILLUMINATION LEVELS. The overall average of all points on the surface of the illuminated area including the brightest and the dimmest points.
4. CUT-OFF FIXTURES. Cut-off fixtures control glare by directing light well below the horizon, out of the viewer's line of sight.
5. DIRECT LIGHT. Light emitted directly by a lamp, off a reflector, or through a refractor of a luminaire.
6. FIXTURE. The assembly that holds a lamp and may include an assembly housing, a mounting bracket or pole socket, a lamp holder, a ballast, a reflector or mirror, and a refractor or lens.

7. FLOODLIGHT. A light fixture designed to light a scene or object to a level greater than its surroundings. The beam of floodlights may range from narrow field angles of ten (10) degrees to wide angles of over one hundred (100) degrees.
8. FOOT-CANDLE. A measure of light falling on a given surface measured both horizontally and vertically. One (1) foot-candle is equal to the amount of light generated by one (1) candle shining on a square foot surface one (1) foot away.
9. GLARE. The condition that results from insufficiently shielded light sources or areas of excessive light within the field of view.
10. ILLUMINATING ENGINEERING SOCIETY OF NORTH AMERICA (IESNA). An association of professionals in the field of lighting and related professions.
11. LAMP. The component of a luminaire that produces the actual light including luminous tube lighting.
12. LIGHT EMITTING DIODE (LED). A semiconductor device that emits visible light when an electric current passes through it.
13. LIGHT POLLUTION. Artificial light which causes a detrimental effect on the environment, enjoyment of the night sky or causes undesirable glare or unnecessary illumination of adjacent properties or uses.
14. LIGHT SHIELD. Any attachment which interrupts and blocks the path of light emitted from a luminaire or fixture.
15. LUMINAIRE. The complete lighting system, including the lamp and the fixture.
16. LUMINAIRE, FULL CUTOFF. A luminaire that allows no direct light emissions above a horizontal plane through the luminaire's lowest light-emitting part.
17. LUMEN. A measure of light energy generated by a light source.
18. MAXIMUM TO MINIMUM ILLUMINATION RATIO. The ratio of the maximum illumination level to the minimum level.
19. MOUNTING HEIGHT. The vertical distance between the surface to be illuminated and the bottom of the light source.
20. LIGHTING, PEDESTRIAN-SCALE. Devices intended to provide outdoor lighting that are lower in height than typical street lighting and located proximate to pedestrian areas such as sidewalks, open space areas or plazas.
21. RECESSED LIGHTING. Lighting that uses a luminaire mounted above a ceiling (or behind a wall or other surface) with the opening of the luminaire level or behind the surface.
22. UNIFORMITY RATIO. The ratio of average illumination to minimum illumination.

LINER BUILDINGS

A series of smaller buildings that are part of a façade of a larger structure or as standalone perimeter structures positioned to break up the mass of the structure. Typically used in conjunction with parking structures.

LIVE-WORK DWELLING UNIT

A dwelling unit that contains limited commercial activities on the ground level of a multiple story building.

LOADING AREA

Any entrance/exit into or out of a building that is used for the loading and unloading of materials by trucks or other vehicles.

LOADING SPACE, OFF-STREET

Space provided for bulk pickups and deliveries, scaled to delivery vehicles, and not considered as part of the required off-street parking.

LODGING, EXTENDED STAY

Provision of temporary lodging services of more than thirty (30) consecutive days and less than ninety (90) consecutive days in duration.

LODGING, SHORT TERM

Provision of temporary lodging services of thirty (30) consecutive days or less in duration. The following are considered short-term lodgings:

1. ONE ROOM RENTAL. An owner-occupied dwelling in which a single room, couch, or other sleeping area is rented to no more than two adult guests overnight. The dwelling shall be the principal residence of the owner-operator and the owner-operator shall be on the premises when the rental activity is occurring. Subject to a Class B Home Occupation License.
2. BED AND BREAKFAST. An owner-occupied detached dwelling in which the owner/operator rents rooms to overnight guests where incidental food and drink may be offered only to those guests. The dwelling shall be the principal residence of the owner/operator and the owner/operator shall be on the premises when the Bed and Breakfast is active. Subject to a Class C Home Occupation License.
3. HOTEL AND MOTEL. An establishment where short-term lodging is offered for compensation, typically with a high level of guest services and may include on-site amenities such as pools, restaurants, fitness centers and similar features. Hotels and motels shall be considered five (5) or more bedrooms for the purposes of short-term lodging.

LOT

A parcel of land permitted by law to be used, occupied or intended to be occupied by one or more main buildings or structures and accessory structures, together with yards and open spaces required by this Chapter. A lot may or may not be specifically designated as such on public records. A lot may also include a condominium unit and any limited common element (as defined by Act 59 of Michigan Public Acts of 1978, as amended) under and surrounding the condominium unit, which together meet the minimum yard and area requirements of this Chapter.

1. LOT AREA. The total horizontal land area within the lot lines of the lot, not to include public or private rights-of-way.
2. LOT, CORNER
   a. A lot where the interior angle of two (2) adjacent sides at the intersection of two (2) streets is less than one hundred thirty-five (135) degrees.
   b. A lot abutting a curved street if the arc is of a smaller radius than one hundred fifty (150) feet and the tangents to the curve, at the two (2) points where the lot lines meet the curve or the straight street line extended, form an interior angle of less than one hundred thirty-five (135) degrees.
3. LOT COVERAGE. The part of the lot occupied by buildings or structures, accessory structures and impervious surfaces, expressed as a percentage of the total lot area.

4. LOT DEPTH. For an interior lot, the horizontal distance between the front and rear lot lines, measured along the midpoint between the side lot lines. For a corner lot, the horizontal distance of the longer of the two (2) dimensions between the front lot line and the side lot line.
5. LOT FRONTAGE. The horizontal distance between the side lot lines measured at the point where the side lot lines intersect with the street right-of-way. All sides of a lot that abut a street shall be considered frontage. On curvilinear streets, the arc between the side lot lines shall be considered the lot frontage.
6. LOT, INTERIOR. Any lot not a corner lot.
7. LOT LINES. The lines bounding a lot. Synonymous with Property Lines.
   a. LOT LINE, COMMON. A lot line separating one (1) lot from another lot.
   b. LOT LINE, FRONT
      i. For an interior lot, that line separating a lot from the street.
      ii. For a corner lot, those lot lines separating the lot from the street.
      iii. For individual through lots, that line separating a lot from the street which corresponds with the primary entrance of the building.
      iv. For a row of double frontage lots, all sides of the lots adjacent to streets shall be considered front yards.
   c. LOT LINE, REAR. That lot line that is parallel or approximately parallel to the front lot line.
   d. LOT LINE, SIDE. Any lot line other than the front lot line or rear lot line. A side lot line separating an interior lot from another lot is an interior side lot line.
8. LOT OF RECORD. A parcel of land, described by deed and/or subdivision plat, filed with the Kent County Register of Deeds.
9. LOT, THROUGH; DOUBLE FRONTAGE LOTS. An interior lot having frontage on two (2) more or less parallel streets as distinguished from a corner lot, or a waterfront lot that abuts a street.
10. LOT, WATERFRONT. Any lot which directly abuts and has lot frontage on a natural water body.
11. LOT WIDTH. For an interior lot, lot width is the horizontal distance between the side lot lines, measured at the required front setback or Required Building Line for the District in which it is located.

LUDS

See LAND USE AND DEVELOPMENT SERVICES.

M. Definitions—M.

MAIN BUILDING

A building in which the principal use of the lot is conducted.

MANUFACTURED HOUSE (HOME)

A structure transportable in one (1) or more sections, connected to required utilities which includes the plumbing, heating, air conditioning and electrical systems contained in the structure, built on a chassis and designed to be used as a single dwelling unit with or without permanent foundation.

MANUFACTURED HOUSING (HOME) COMMUNITY

A parcel or tract of land which is under the control of one person, group or firm upon which three (3) or more manufactured homes have been located on a continual non-recreational basis and which is offered to the public for that purpose regardless of whether a change is made therefore, together with any building, structure, enclosure, street, equipment, or facility used or intended for use incident to the occupancy of a manufactured house.

3. LOCAL/NEIGHBORHOOD STREET. A street that provides access to land uses abutting the street right-of-way, per the Grand Rapids Street Classification Policy.
4. MAJOR STREET. A street that carries traffic through the City and to adjacent parts of the region.
5. NEIGHBORHOOD COLLECTOR STREET. A street that collects traffic from Local streets and higher volume City Collector streets, per the Grand Rapids Street Classification Policy.
6. REGIONAL STREET. A street that carries traffic between Grand Rapids and other communities in the region.

STREET TYPE - VITAL STREETS

As defined in the Grand Rapids Vital Streets Plan, as amended, and incorporated by reference in this Chapter:

1. CROSSTOWN CONNECTOR STREET. A street that is critically important in the regional travel network and are generally continuous from one end of the city to another.
2. LINK RESIDENTIAL STREET. A street that serves a larger network function, providing connectivity between nearby neighborhoods or local destinations. They are most typical in areas with traditional neighborhood character and a connected grid of streets but may be in any neighborhood type.
3. MAKER STREET. A street that serves industrial corridors and are built to accommodate commercial trucks.
4. NEIGHBORHOOD BUSINESS STREET. A street that is typically located in compact areas that occupy only a segment along a longer street corridor.
5. NEIGHBORHOOD RESIDENTIAL STREET. A street that serves as an important link for pedestrians and community bicyclists and does not generally feature transit service. Truck traffic may be restricted on these streets. These streets typically have limited connectivity to the larger network

6. NETWORK RESIDENTIAL STREET. A street that serves residential corridors and are critical to the larger transportation network by efficiently and safely moving regional vehicle and non-motorized users.

7. URBAN CENTER STREET. A street that represent a wide spectrum—from the highly pedestrianized to the transit-intensive to the high vehicular demands. These streets are Grand Rapids' principal employment and entertainment streets that also support a number of residents, institutions, students, and workers.

STREET WALL

An opaque wall or building façade placed parallel to a public or private street built along the Required Building Line or setback, which aligns with other Required Building Lines, setbacks, or buildings or structures along the same street frontage.

STREETSCAPE

The various components that make up the street, both in the right-of-way and on private lot frontages including pavement, permitted signs, parking spaces, landscaping and street trees, streetlights, sidewalks, etc.

STREETSCAPE PLAN

A plan adopted by the Planning Commission which may include maps, illustrations, and written descriptions which define the minimum standards for the street environment including the space between buildings, streets, paving, signage, landscaping and trees, lights and street furniture. This includes the general standards adopted as the Downtown Streetscape Plan, and as may be amended.

STRUCTURE

Anything constructed or erected, the use of which requires permanent location on the ground or attachment to something having permanent location on the ground, and other construction or erection with special function or form. Includes the term "building."

An access way, either paved or unpaved, intended to serve multiple modes of travel including walking, jogging, bicycling, or other forms of non-motorized transport.

TRAILER

Any portable structure designed for towing depending solely on wheels for support.

TRANSIT-ORIENTED DEVELOPMENT (TOD)

Mixed-use developments along transit routes normally containing a substantial residential component(s). The location, design, and mix of uses in a TOD emphasize pedestrian-oriented environments and supports public transportation.

TRANSIT

The movement of people by public conveyance in a high occupancy vehicle, including busses, carpools or vanpools, light rail, streetcars and trains.

TRANSITIONAL FEATURES

Uses or structures permitted under this Chapter, which, by their nature or level and scale of activity, act as a transition or buffer between two (2) or more potentially incompatible uses or Zone Districts.

TRANSPARENCY

The ability to see through with clarity. An opening in the building wall allowing light and views between interior and exterior. Measured as clear glass areas for buildings and as open areas for parking structures. Compare to CLEAR GLASS.

TRANSPORTATION DEMAND MANAGEMENT (TDM) MEASURES

An approved and adopted plan of actions that will be implemented to reduce traffic volume with incentives and services promoting ride sharing, transit or other alternative commute options, including flextime and staggered work hour programs that reduce rush hour congestion.

TREE (TYPE)

The leaves, stems, trunk, bark, roots, and any other portion of a woody plant typically growing as a single stem (rarely a multiple stem) in an upright form.

TREE, MEASUREMENTS

1. DRIP LINE. The soil surface delineated by the outermost branch spread of a single plant or group of plants.
2. TREE CALIPER. The diameter of a tree trunk.
3. TREE CANOPY. The layer of leaves, twigs, branches, and stems of trees that cover the ground, buildings, and other surfaces when viewed from above. Tree Canopy Cover is measured as a percent of area covered by tree canopy. The City of Grand Rapids Urban Tree Canopy Analysis Map (2015) is recognized as the determinant of tree canopy coverage for the purposes of this Ordinance.
4. TREE DIAMETER AT BREAST HEIGHT (DBH). The diameter in inches of a tree measured in inches at four and one-half (4½) feet above the existing grade.
5. TREE HEIGHT. For a deciduous or evergreen tree, height shall be measured from the top of the tree to the surrounding ground elevation or top of the ball (location where fabric containing root system meets the exposed trunk).
6. TREE SIZE. Small, medium, and large tree sizes at full maturity relative to species, as determined by Article 11, Landscaping and Green Infrastructure and the City Forester.

TREE PROTECTION

1. CRITICAL ROOT ZONE (CRZ). The area within the drip line of an existing tree that provides the minimum volume of roots necessary for tree health and stability.
2. ROOT PROTECTION ZONE (RPZ). The soil area surrounding a tree defined by a perimeter, in which excavation, compaction, and other construction-related activities shall be avoided or mitigated. The RPZ may extend beyond the tree protection zone (TPZ).
3. TREE INVENTORY PLAN. A map or plan with a list and description of trees containing descriptive and desired information, such as location, species, condition, and tree size, for all or a portion of the project area.
4. TREE, PROTECTED. Any tree having a diameter of six (6) inches DBH or larger or having an aggregate diameter of fifteen (15) inches DBH or greater.
5. TREE AND ROOT PROTECTION PLAN. A written document included in construction plans and specifications that defines the protection perimeter and details measures designed to project and prevent damage to existing trees during all phases of the project.
6. TREE PROTECTION ZONE (TPZ). The area surrounding a tree defined by a perimeter, in which excavation and other construction-related activities should be avoided.
7. TREE PROTECTION ZONE BARRIERS. Devices such as fencing, berms, or signs installed to define and limit access to tree protection zones, or soil protection layers, as appropriate to accomplish the Tree and Root Protection Plan.
8. TREE, UNHEALTHY. As determined by the City Forester, a tree demonstrating one (1) or more signs of decline, as indicated by severe insect or disease infestation, or with damage or structural defects that may include, but are not limited to: Severed or damaged roots within the critical root zone; signs of previous topping or other improper pruning

practices; evidence of decay or structural defect; cracks, wounds, or cavities within the trunk or limbs; or any other defect that cannot be corrected through standard arboricultural practices.

TRELLIS

An outdoor garden frame used to partition an area and/or as a support for vines or other climbing plants.

TWENTY-FOUR HOUR (24) OPERATIONS

1. A business operation that has the potential to negatively impact adjacent properties and the surrounding neighborhood due to the following hours of operation:
   a. Open any time between 2:00 a.m. and 5:00 a.m.; or
   b. Open for twenty (20) hours within a consecutive twenty-four (24) hour period.
2. Twenty-four (24) hour operations shall include, but not be limited to: uses involving alcohol sales or consumption, live entertainment, dance, outdoor seating, outdoor uses of any kind, food-related drive-through facilities, convenience stores, pawnbrokers, or other uses as determined by the Director.

Sec. 5.301. Plat Approval.
Sec. 5.302. Capital Improvements Program.

*__Editor's note—__Ord. No. 2009-06, § 1, adopted February 17, 2009, repealed Ch. 62, §§ 5.291—5.303 in their entirety. Section 2 of said ordinance adopted a new Ch. 62, §§ 5.291—5.302 to read as herein set out. Former chapter pertained to similar subject matter.

__State law reference—__Municipal Planning, MCL 125.31 et seq.

Sec. 5.291. Planning Commission.

The Planning Commission as created under and pursuant to prior law is hereby continued under the Michigan Planning Enabling Act (2008 PA 33, MCL 125.3801 et seq.). All words and terms used in this Chapter shall have the meaning set forth in that Act. Should any provisions of this Chapter be inconsistent with the provisions of the Michigan Planning Enabling Act, as amended, or any other applicable law, the provisions of that Act or law shall govern. Also, if this Chapter does not contain applicable provisions of the Michigan Planning Enabling Act, those provisions shall nevertheless apply in relevant circumstances.

Sec. 5.292. Members.

A. The Planning Commission shall consist of nine (9) members, who shall be qualified electors of the City of Grand Rapids. However, in the discretion of the Mayor and the City Commission, one member may be other than a qualified elector of the City as provided for in Section 15(4)(c) of the Michigan Planning Enabling Act (MCL 125.3815(4)(c)). Members shall be representative of important segments of the community, as required under the Michigan Planning Enabling Act, and shall be appointed by the Mayor, subject to approval by a majority vote of the City Commission elected and serving. An elected officer or employee of the City of Grand Rapids is not eligible to be a member of the Planning Commission.

B. All members of the Planning Commission shall serve as such without compensation. The term of each member shall be three (3) years and shall expire on the first Monday in January on the third year succeeding his or her appointment, or until his or her successor is appointed, whichever is later.

C. Before participating in or casting a vote on a matter on which a member may reasonably be considered to have a conflict of interest, the member shall disclose the potential conflict of interest to the Planning Commission. The member is disqualified from participating and voting on the matter if so provided by the Bylaws or by a majority vote of the remaining members of the Planning Commission. Failure of a member to disclose a potential conflict of interest as required by this subsection constitutes malfeasance in office. Conflict of interest for purposes of this subsection shall be defined by the Bylaws of the Planning Commission. In any cases of potential conflict of interest not covered by the Bylaws, a member shall consult with and follow the advice of the City Attorney or Assistant City Attorney assigned to advise the Planning Commission.

D. It shall be the duty of each member to participate in and vote on every matter coming before the Planning Commission for a vote, unless a member is absent from a meeting in which a vote is held or unless a member has a conflict of interest as provided in this Chapter or in the Bylaws. If a member misses a meeting at which one or more matters are tabled, it shall be the duty of that member to review the minutes and ask questions of staff and other members as necessary so that the member is prepared to participate in the discussion and vote on such tabled matters. Failure of a member to vote on a matter at which the member is present and a vote is held shall constitute nonfeasance in office, unless that member has a conflict of interest as provided in this Chapter or in the Bylaws, or unless the member began his or her service on the Planning Commission after a matter was heard and tabled by the Planning Commission.

E. Members may, upon written charges and after a public hearing, be removed by a majority vote of the City Commission for misfeasance, malfeasance, or nonfeasance in office.

Sec. 5.293. Commission Organization.

A. The Planning Commission shall elect its Chair from the appointed members and create and fill such other of its offices as it may determine. The term of Chair shall be one (1) year, with eligibility for reelection. The Planning Commission shall hold at least one (1) regular meeting in each month.

B. The Planning Commission shall adopt Planning Commission Bylaws to govern the organization and duties of its members, a conflict of interest policy, and rules for the transaction of

business. It shall also keep a public record of its resolutions, transactions, findings and determinations.

C. The Planning Commission shall submit an annual fiscal year report in August of each year to the City Commission concerning its operations, its membership composition, and the status of planning activities, including recommendations regarding actions by the City Commission related to planning and development.

D. The Planning Commission but not individual members shall have the right to accept and use gifts or grants for the exercise of its functions, as further described in its Bylaws. Except as provided in Section 23(3) of the Michigan Planning Enabling Act, MCL 125.3823(3), the City's procedures shall be followed in accepting and accounting for the use of such gifts or grants.

E. All City officials and employees shall upon request, furnish to the Planning Commission, within a reasonable time, such available information as it may require for its work.

F. Planning Commission members, in the performance of their function, may enter upon any land and make examinations; provided, however, that they may enter upon such land only with the permission of the owner or the owner's authorized representative,.

G. In general, the Planning Commission shall have such powers as may be necessary to fulfill its functions, promote Master Planning, and carry out the purposes of this Chapter.

Sec. 5.294. Employees, Consultants.

The City Manager may employ a Planning Director and such employees as he or she considers necessary, contract for the services of planning and other technicians, and incur other expenses, within a budget authorized by the City Commission. The appointment, promotion, demotion and removal of the Planning Director and other employees shall be subject to the same provisions of law as govern other corresponding civil employees of this City. The Planning Commission may appoint advisory committees whose members are not members of the Planning Commission. The expenditures of the Planning Commission, exclusive of gifts, shall be within the amounts appropriated for the purpose by the City Commission, which shall provide for funds, equipment and accommodations the City Commission determines is necessary for the Planning Commission's work.

Sec. 5.295. Master Plan.

A. The Planning Commission shall make and approve a Master Plan as a guide for development in the City of Grand Rapids. The Master Plan is intended to guide development that is coordinated, adjusted, harmonious, efficient and economical. The Master Plan is intended to reflect the character of the City of Grand Rapids and its suitability for particular uses, and in accordance with present and future needs, best promotes the public health, safety, morals, order, convenience, prosperity, and general welfare of its people.

B. In the preparation of a Master Plan, the Planning Commission shall do the following, as applicable:

1. Make careful and comprehensive surveys and studies of present conditions and future growth with due regard to its relation to neighboring jurisdictions.

2. Consult with representatives of adjacent local units of government in respect to their planning so that conflicts in Master Plans and zoning may be avoided.

3. Cooperate with all departments of the state and federal governments and other public agencies concerned with programs for economic, social, and physical development and seek maximum coordination of the City's programs with these agencies.

C. The Master Plan shall address land use and infrastructure issues and may project twenty (20) years or more into the future. The Master Plan shall include maps, charts and descriptive, explanatory, and other related matters and shall show the Planning Commission's recommendation for the physical development of the City of Grand Rapids.

D. A Master Plan shall also include those of the following that are considered pertinent to the future development of the City of Grand Rapids:

1. A land use plan that, at a minimum, consists of a classification and allocation of land for residences, commerce, industry, recreation, ways and grounds, public buildings, schools, soil conservation, forests, woodlots, open space, wildlife refuges, and other uses and purposes.
2. The general location, character, and extent of streets, railroads, airports, bicycle paths, pedestrian ways, bridges, waterways, and waterfront developments; sanitary sewers and water supply systems; facilities for flood prevention, drainage, pollution prevention, and maintenance of water levels; and public utilities and structures.
3. Recommendation as to the general character, extent, and layout of redevelopment or rehabilitation of blighted areas; and the removal, relocation, widening, narrowing, vacating, abandonment, change of use, or extension of streets, grounds, open spaces, buildings, utilities, or other facilities.
4. A zoning plan for various zoning districts controlling the height, area, bulk, location, and use of buildings and premises. The zoning plan shall include an explanation of how the land use categories on the future land use map relate to the districts on the zoning map.
5. Recommendations for implementing the Master Plan proposals.

Sec. 5.296. Adoption of Plan.

A. After preparing the proposed Master Plan, the Planning Commission shall submit the proposed Master Plan to the City Commission for review and comment. The process for adopting the Master Plan shall not proceed further unless the City Commission approves the distribution of the proposed Master Plan.

1. If the City Commission approves the distribution of the proposed Master Plan, copies shall be distributed to the following, per the requirements of the Michigan Planning Enabling Act, as amended.
   a. Planning Commissions of the City of East Grand Rapids, City of Kentwood, City of Walker, City of Wyoming, Grand Rapids Township, and Plainfield Township.
   b. West Michigan Regional Planning Commission.
   c. Kent County Commission.
   d. Any registered public utility or railroad company operating within the City of Grand Rapids.
2. Any of the above-cited entities may submit comments on the proposed Master Plan within sixty three (63) days after submission.

B. Following the expiration of the comment period, the Planning Commission shall hold one (1) or more public hearings on the proposed Master Plan. Notice of the public hearing(s) shall be given at least fifteen (15) days prior to the hearing by publication in the Grand Rapids Press and by mail to the entities identified in Section 5.296.A.1. This notice may be sent with the proposed Master Plan.

C. Approval of the proposed Master Plan shall be by resolution of the Planning Commission carried by a motion of affirmative votes of not less than six (6) of its members and shall refer to the maps and other material that comprise the Master Plan. Copies shall be submitted to the City Commission.

D. The City Commission shall approve or reject the proposed Master Plan. If rejected, the City Commission shall submit a statement of its objections to the proposed Master Plan. The Planning Commission shall consider the objections and revise the proposed Master Plan to address those objections. The procedures for adoption of the Master Plan shall be repeated until the City Commission approves the proposed Master Plan.

E. Upon approval by the City Commission, the Master Plan shall contain copies of the Planning Commission resolution to approve and the City

Commission resolution to approve, pursuant to the Michigan Planning Enabling Act. Copies of the adopted Master Plan shall be sent to the entities identified in Section 5.296.A.1. above.

F. At least every five (5) years, the Planning Commission shall review the Master Plan and determine whether it is necessary to amend the Master Plan or adopt a new Master Plan. This decision shall be recorded in the minutes of the relevant meeting(s) of the Planning Commission. An amendment may cover a functional area of the Master Plan or a geographic area of the City of Grand Rapids.

G. The Planning Commission may at any time adopt Area Specific Plans, considered subplans under Section 35 of the Michigan Planning Enabling Act, 2008 PA 33, MCL 125.3835, for geographic areas smaller than the entire city.

H. The adoption of Area Specific Plans and any other amendments to the approved Master Plan shall follow the procedures for Master Plan adoption pursuant to this Chapter and the Michigan Planning Enabling Act. However, pursuant to Section 35 of that Act, MCL 125.3835, approval of such a subplan by the Planning Commission shall only require five (5) affirmative votes of its members, rather than six (6) affirmative votes required to adopt a Master Plan or Master Plan amendment for the entire City.

Sec. 5.297. Streets, Parks, Buildings; Approval.

A street; square, park, playground, public way, ground or other open space; or public building or other structure shall not be constructed or authorized in an area covered by the Master Plan unless the location, character and extent of the street, public way, open space, structure, or utility have been submitted to the Planning Commission by the City Commission or other body having jurisdiction over the authorization or financing of the project and has been approved by the Planning Commission. The Planning Commission shall submit its reasons for approval or disapproval to the body having jurisdiction. If the Planning Commission disapproves, the body having jurisdiction may overrule the Planning Commission by a vote of not less than two-thirds (⅔) of its entire membership. If the Planning Commission fails to act within thirty-five (35) days after submission of the proposal to the Planning Commission, the project shall be considered to be approved by the Planning Commission.

Sec. 5.298. Rescinding Action; Implementing Plan.

If the opening, widening or extension of a street, or the acquisition or enlargement of any square, park, playground, or other open space has been approved by the Planning Commission and authorized by the City Commission, the City Commission shall not rescind its authorization unless the matter has been resubmitted to the Planning Commission and the rescission has been approved by the Planning Commission. The Planning Commission shall hold a public hearing on the matter. The Planning Commission shall submit its reasons for approval or disapproval of the rescission to the City Commission. If the Planning Commission disapproves the rescission, the City Commission may overrule the Planning Commission by a vote of not less than two-thirds (⅔) of its entire membership (5 votes). If the Planning Commission fails to act within 63 days after submission of the proposed rescission to the Planning Commission, the proposed rescission shall be considered to be approved by the Planning Commission.

Sec. 5.299. Promoting plan.

A. The Planning Commission shall have the power to promote public interest in and understanding of the Master Plan and to that end may publish and distribute copies of the Plan or of any report and may employ such other means of publicity and education as it may determine.

B. Members of the Planning Commission, when duly authorized by the Planning Commission, may attend Planning conferences, meetings of Planning institutes, or hearings upon pending Planning legislation, provided sufficient City funds are available and authorized to pay reasonable traveling expenses for such attendance.

C. The Planning Commission shall, from time to time, recommend to the appropriate public officials programs for public structures and im-

provements and for the financing thereof. It shall be part of its duties to consult with and advise public officials and agencies, public utility companies, civic educational, professional and other organizations, and with citizens with relation to protecting or carrying out the plan.

Sec. 5.300. Subdivision Regulations.

A. The Planning Commission may, on its own initiative or upon the request of the City Commission, recommend ordinance provisions governing the subdivision of land under the Land Division Act, 1967 PA 288, as amended, MCL 560.101 et seq., that address plat design, including the proper arrangement of streets in relation to other existing or planned streets and to the master plan; adequate and convenient open spaces for traffic, utilities, access of firefighting apparatus, recreation, light and air; and the avoidance of congestion of population, including minimum width and area of lots. The recommendations may also address the extent to which streets shall be graded and improved and to which water and sewer and other utility mains, piping, or other facilities shall be installed as a conditions precedent to the approval of the plat. Before recommending such regulations to the City Commission, the Planning Commission shall hold a public hearing, of which notice of the time and place shall be published in the Grand Rapids Press at least fifteen (15) days prior to the hearing date.

Sec. 5.301. Plat Approval.

A. The Planning Commission shall review and make recommendations on plats before action thereon by the City Commission under Section 112 of the Land Division Act, 1967 PA 288, as amended, MCL 560.112. Prior to taking action on a proposed plat, the Planning Commission shall hold a public hearing. A plat submitted to the Planning Commission shall contain the name and address of the proprietor or other person to whom notice of a hearing shall be sent. Not less than 15 days before the date of the hearing, notice of the date, time, and place of the hearing shall be sent to that person at that address by mail and shall be published in the Grand Rapids Press. Similar notice shall be mailed to the owners of land immediately adjoining the proposed platted land.

B. The Planning Commission shall recommend approval, approval with conditions, or disapproval of a plat within 63 days after the plat is submitted to the Planning Commission. If applicable standards under the Land Division Act, 1967 PA 288, as amended, MCL 560.101, et seq., and an ordinance or published rules governing the subdivision of land authorized under Section 105 of that Act, MCL 560.105, are met, the Planning Commission shall recommend approval of the plat. If the Planning Commission fails to act within the required period, the plat shall be considered to have been recommended for approval, and a certificate to that effect shall be issued by the Planning Commission upon request of the proprietor. However, the proprietor may waive this requirement and consent to an extension of the 63-day period. The grounds for any recommendation of disapproval of a plat shall be stated upon the records of the Planning Commission.

C. A plat approved by the City Commission and recorded under Section 172 of the Land Division Act, 1967 PA 288, MCL 560.172, shall be considered to be an amendment to the Master Plan and a part thereof. Approval of a plat by the City Commission does not constitute an acceptance by the public of any street or other open space shown upon the plat. However, the City Commission may accept any such street or open space by a statement evidencing its clear intent to do so in the resolution approving the plat or in a subsequently adopted resolution.

D. The Planning Commission may, from time to time, recommend to the City Commission amendment of Chapter 61 Zoning Ordinance to conform to the Planning Commission's recommendations for the zoning regulations of the territory comprised within approved subdivisions.

Sec. 5.302. Capital Improvements Program.

The City Commission hereby exempts the Planning Commission from the requirement of Section 65(1) of the Michigan Planning Enabling Act, 2008 PA 33, MCL 125.3865(1) to annually prepare a capital improvements program. The City Com-

mission delegates the preparation of the capital improvements program to the City Manager, subject to final approval by the City Commission.

ARTICLE 1. GENERAL SUBDIVISION PLATTING REGULATIONS

Sec. 5.321. Title.

Article 1 and Article 2 of this Chapter may be known and cited as the "Subdivision Platting Ordinance."
(Ord. No. 69-85, 11-18-69; Ord. No. 2006-52, § 1, 7-25-06)

Sec. 5.322. Required Improvements.

The City Commission as a condition to the approval of any proposed plat submitted for approval to it, as the governing body of the municipality, pursuant to Act 288 of the Michigan Public Acts of 1967, as amended, may require the installation and construction of all or any part of the following improvements, in the whole or any part of said plat: Curb and gutter, pavement, sidewalks, water-mains, and sanitary sewers and their laterals and services, storm water drains and drainage facilities, including on-site and off-site drainage and including adequate provision for surface and subsurface drainage, topsoil between sidewalk and curb, street trees, grading, street signs, street lights, crosswalks, and off-street parking facilities; and may include walkways or any other items normally considered public improvements.
(Ord. No. 69-85, 11-18-69)

Sec. 5.323. Specifications for Improvements.

Installation and construction of such improvements shall be performed under the direction of the City Engineer and in accordance with plans and specifications approved by him or her.
(Ord. No. 69-85, 11-18-69)

Sec. 5.324. Time for Completion.

The City Commission may specify times within which the installation and construction of such improvements shall be completed.
(Ord. No. 69-85, 11-18-69)

Sec. 5.325. Contracts.

The City Commission shall require that the proprietor of such proposed plat enter into a contract or contracts with the City concerning the installation and construction of such improvements in accordance with the State Subdivision Control Act, Act 288 of the Michigan Public Acts of 1967, as amended, and Section 5.342 of this Chapter.
(Ord. No. 69-85, 11-18-69)

Sec. 5.326. General Procedure.

All preliminary plats filed with the City Clerk pursuant to Section 5.330 hereof shall be forwarded by the City Clerk to the City Engineer and the City Planning Director for a review of the proposed layout and design and extent of public improvements for conformity to the Master Plan and the requirements of this Chapter. All preliminary and final plats shall be subject to review by the City Planning Commission prior to submission to the City Commission as hereinafter provided in this Chapter. The City Engineer and the City Planning Director may recommend additional rules and regulations pertaining to the implementation and administration of this Chapter, which regulations shall be subject to the approval of the City Commission and which regulations shall become effective upon publication in the official newspaper of the City. No person shall fail to comply with any such rules and regulations.
(Ord. No. 69-85, 11-18-69)

Sec. 5.327. Purpose.

The purpose of this Chapter is to advise and instruct anyone desiring to subdivide or plat land within the City of Grand Rapids of the requirements of the City, and to supplement the appropriate utility and special and public improvements Ordinances, Chapter 61 (Zoning), the Master Plan, and the standard requirements and specifications for public improvements of the City so as to further and promote and protect in every possible way the public health, safety and welfare of the people within the City of Grand Rapids, by providing for the orderly development of land within the City of Grand Rapids.
(Ord. No. 69-85, 11-18-69)

Sec. 5.328. Territorial Limits of this Chapter.

The provisions of this Chapter shall apply within the corporate limits of the City of Grand Rapids and those lands outside the corporate limits owned by the City of Grand Rapids and such other lands outside the corporate limits of the City where the legislative body in which such lands are located officially agrees to accept the provisions of this Chapter.
(Ord. No. 69-85, 11-18-69)

Sec. 5.329. Title and Definitions.

In the interpretation of this Chapter, the following definitions shall apply:

(1) The word "alley" as used herein shall mean a strip of land over which there is a right-of-way, public or private, on which no dwelling or other land uses front, serving as a rear entrance to one (1) or more properties.

(2) The word "block" shall mean a tract of land bounded by actual or platted streets, waterways or other definite boundaries.

(3) The word "City" shall mean the corporate City of Grand Rapids, Michigan, or any other City-owned property without said corporate limits.

(4) The words "City Engineer" shall mean the City Engineer of the City of Grand Rapids, or his or her duly authorized representatives.

(5) The word "Proprietor" shall mean the applicant or owner or owners of the land being platted or subdivided, or the sponsor or proprietor of any plat, or their agents or representatives appointed or selected to act legally in their behalf.

(6) The words "dead end street" or "cul-de-sac" shall mean a street having one (1) terminus open for public vehicular or pedestrian access and the other terminated by a vehicular turnaround.

(7) The word "easement" shall mean a grant by the property owner for the use of a strip or parcel of land by the public or by public utilities.

(8) The word "improvements" shall mean any or all of the following: Curb and gutter, pavement, sidewalks, water mains and sanitary sewers and their laterals and services, storm water drains and drainage facilities, including on-site and off-site drainage and including adequate provision for surface and subsurface drainage, topsoil between sidewalk and curb, street trees, grading, street signs, street lights, crosswalks, and off-street parking facilities; and may include walkways or any other items normally considered public improvements.

(9) The words "local street" shall mean a street, other than a major street, designated primarily to provide access to abutting properties, usually residential.

(10) The words "marginal access street" shall mean minor streets which are generally parallel to and contiguous to major arterial streets and highways.

(11) The words "Major Street" shall mean a street connecting district centers serving large volumes of through traffic, usually located outside of or bounding residential neighborhoods and so designated in the Major Street Plan.

(12) The words "Major Street Plan" shall mean that part of the Master Plan relating to the major street System of the City, which has been adopted by the Planning Commission and approved by the City Commission and is on file in the Office of the Planning Director.

(13) The words "Master Plan" shall mean that Master Plan, or any part or amendments thereof, adopted by the Planning Commission, which is on file in the Office of the Planning Director.

(14) The words "Planning Commission" shall mean the City Planning Commission of the City of Grand Rapids.

(15) The words "Planning Director" shall mean the Planning Director of the City of Grand Rapids or his or her duly authorized representative.

(16) The words "Subdivision Control Act" shall mean Act 288, Michigan Public Acts of 1967, as amended.

(17) The word "subdivided" shall have the same meaning as defined in the Subdivision Control Act.

(18) The words "substandard right-of-way" shall mean any right-of-way which has a width less than the standard width established in the Master Street Plan, or standard widths required herein.

(19) The words "location map" shall mean a map showing the location of the proposed subdivision in relation to the nearest existing streets to enable the Planning Director and the Planning Commission to properly identify said proposed subdivision with relation to existing and proposed, if known, streets, schools, parks, and other commercial sites.

(20) The word "walkway" shall mean a walk to provide pedestrian access to schools, playgrounds, or other public community facilities.

(21) The words "Chapter 61" shall mean Chapter 61 (Zoning Regulations) of this Code, as amended, or any new Zoning Ordinance which may be hereafter adopted by the City Commission of the City of Grand Rapids and shall include the Zoning Ordinances of any of the Townships or other municipalities as long as such ordinances are in effect within the City of Grand Rapids, all new ordinances relating to zoning restrictions and districts which may hereafter be adopted under the provisions of Act 207 of the Michigan Public Acts of 1921, as amended, and all past and future amendments to any of the ordinances mentioned in this Section.

(22) The word "plat" shall mean the same as defined in Section 102(a) of Act 288 of the Michigan Public Acts of 1967.

(23) The words "preliminary plat" shall mean the same as defined in Section 102(c) of Act 288 of the Michigan Public Acts of 1967.

(24) The words "pre-preliminary plat" shall mean a map submitted to the Planning Director and City Engineer for informal review in accordance with Section 5.330 of this Chapter.

(Ord. No. 69-85, 11-18-69)

ARTICLE 2. PROCEDURE FOR THE PREPARATION AND FILING OF PLATS

Sec. 5.330. Application.

An application shall be submitted in triplicate to the City Clerk by the proprietor, together with six (6) copies of the preliminary plat and such other data as may be herein required for a complete review of the preliminary plat of any proposed subdivision. The proprietor may also submit such other preliminary land Development Plans made by qualified persons as may assist the representatives of the City to visualize the type and scope of the Development Planned.

The application shall contain the following information:

(1) Identifying name for the subdivision.

(2) Legal description of the property to be subdivided.

(3) Proposed means of water supply.

(4) Proposed method of sewage disposal.

(5) Proposed method of on-site and off-site drainage.

(6) Name and address of owner of record, and evidence of ownership.

(7) Name and address of the proprietor.

(8) Name and address of the surveyor.

(9) Proposed site grading.

There shall be an examination fee of one hundred dollars ($100.00) plus one dollar ($1.00) for each lot within the proposed subdivision, plus such amounts as may be charged to the City of Grand Rapids pursuant to State statute by other governmental units in connection with the proposed subdivision, but not including twenty dollars ($20.00) recording fee which is to be collected as provided under Section 5.333(1) hereof, submitted with all preliminary plats, payable to the Treasurer of the City of Grand Rapids. No additional examination fee will be required on submittal of the final plat.

Prior to submission of the preliminary plat as above provided, the proprietor may submit a pre-preliminary plat on a topographic map to the City

Planning Director and City Engineer for review of lot size, lot orientation, street layout, street width and overall compliance with the provisions of Chapter 61 (Zoning) and the Master Plan. This review shall not constitute any approval of the proposed preliminary plat, but shall serve primarily as guidance to the prospective proprietor. The City Planning Director and City Engineer shall respond to the proprietor within fifteen (15) days of the receipt of a pre-preliminary plat. Except for the informal review of the pre-preliminary plat as provided above, no preliminary plat shall be accepted for filling by the City Clerk nor otherwise considered or reviewed until the examination fee is paid.
(Ord. No. 69-85, 11-18-69)

Sec. 5.331. Preliminary Plat.

The preliminary plat shall be drawn to a scale of not more than two hundred (200) feet to one (1) inch and may be an original drawing or reproduction, on unbacked paper. It shall show the name, location and position of the subdivision and the subdivision plan and layout in sufficient detail on a topographic map to enable a determination of whether the subdivision meets requirements for lots, streets, utilities and roads including drainage and flood plains. In addition it shall contain the following information:

(1) Identifying name for the subdivision.

(2) Legal description of the parcel.

(3) Name and address of the proprietor.

(4) Name, address and seal of the surveyor who prepared the plat.

(5) Proposed division of the land.

(6) Date, cardinal point and scale.

(7) The boundary lines, accurate in scale, of the tract to be subdivided.

(8) The location, widths and names of any existing streets which may affect the location of a proposed street, and the location of any existing easements and their purpose.

(9) The location of all drains, drainage ditches, ravines, culverts and other natural or artificial drainage facilities.

(10) The location, widths and names of proposed streets, parks, lots and walkways in the area proposed to be platted and which are proposed to be dedicated to the public use.

(11) The location of all proposed easements and their purpose.

(12) When only a portion of a tract owned by the proprietor is proposed to be subdivided, a general layout of the remaining area shall be shown if the City Planning Director and the City Engineer determine that a reasonable review cannot be made of the proposed plat without reference to the remaining unplatted area at the time of the submission of the application and preliminary plat.

(13) A location map at a scale of one (1) inch equals four hundred (400) feet (1″ = 400′) relating the proposed subdivision to the existing streets in the surrounding area.
(Ord. No. 69-85, 11-18-69)

Sec. 5.332. Tentative and Final Approval of Preliminary Plat.

Preliminary plats shall be subject to both tentative and final approval by the Planning Commission and the City Commission, as follows:

(a) *Tentative Approval of Preliminary Plat:*

1. Preliminary plats shall be reviewed by the City Engineer and the City Planning Director who shall advise the City Planning Commission and the City Commission whether the proposed plat complies with the provisions of the Subdivision Control Act, the requirements of this Chapter, other applicable provisions of the City Code, and any other published rules and regulations adopted pursuant to this Chapter. The City Engineer shall coordinate the review of preliminary plats by the other various City Departments concerned therewith, including the City Planning Department, the City Traffic Engineer, the City Fire Department, and such other Departments as the City Commission may from time to time require to review such plats, and all reports

and recommendations of such reviewing departments shall be made to the City Engineer and transmitted by him or her to the City Planning Commission and the City Commission together with his or her recommendations. The City Planning Commission shall review the proposed plat and shall forward to the City Commission its recommendations as to whether the plat should be approved or rejected, together with its reason for rejection in the event that rejection is recommended.

2. If the preliminary plat meets the requirements as set forth in Section 5.332(a)(1) hereof, the City Commission shall tentatively approve the preliminary plat and shall direct the City Clerk to note such approval upon the copy of the preliminary plat to be returned to the proprietor. Tentative approval of the preliminary plat by the City Commission shall confer upon the proprietor for a period of one (1) year from the date of such approval, approval of lot sizes, lot orientation and street layout. Such one-year period may be extended if applied for by the proprietor in writing and granted by resolution of the City Commission. The five (5) remaining copies of the preliminary plat, as tentatively approved, which are retained by the City shall be distributed as follows: one (1) copy to the City Clerk, one (1) copy to the City Planning Director, and three (3) copies to the City Engineer.
3. If the preliminary plat does not meet the requirements as set forth in Section 5.332(a)(1) hereof, the City Commission shall reject said plat and shall set forth in writing its reasons for rejection and a list of changes necessary to render such plat acceptable. A copy of such list and reasons shall be furnished to the proprietor.
4. The City Commission shall take action either tentatively approving or rejecting the preliminary plat within ninety (90) days of the date that the preliminary plat was filed with the City Clerk under Section 5.331 hereof.
5. In the event that there is some deviation from the provisions of the City Code, the preliminary plat shall then be referred by the Planning Commission to the City Commission, together with its recommendations as to whether hardship exists and whether such deviation would violate the spirit and intent of this Chapter, and the proprietor shall be so advised. The City Commission, in hardship cases, shall have the authority to allow deviations from the provisions of this Chapter in accordance with Section 5.343 of this Chapter.
6. If the preliminary plat includes any land which, according to the Master Plan of the City, is required as sites for future schools, parks, playgrounds, or major streets, the Planning Commission shall not approve the preliminary plat. The Planning Director shall, within ten (10) days from the date the preliminary plat is filed, notify the appropriate public body. The appropriate public body shall have six (6) months from the date it is notified by the Planning Director to either make an agreement to purchase or to file a condemnation suit in the appropriate court. If the proprietor and the appropriate public body enter into an agreement of sale within said six (6) months, the Preliminary Plat shall be amended in accordance with the agreement. If no such agreement of sale has been made and the appropriate public body has not filed condemnation proceedings within said six (6) months, then the Planning Commission shall approve of the preliminary plat as submitted, except as other provisions of State law and this Code may require changes therein. If, however, condemnation proceedings have been commenced in court within said six (6) months, then the Planning Commission will delay action on the approval of said preliminary plat until

the condemnation proceedings are completed.

(b) *Final Approval of Preliminary Plat.* In order to obtain final approval of a preliminary plat, the proprietor, after having obtained tentative approval of the preliminary plat by the City Commission as provided in Section 5.332(a) hereof, shall:

1. Submit a preliminary plat to all authorities required by Sections 111 to 119 of Act 288 of the Michigan Public Acts of 1967.
2. Submit to the City Clerk a list of all such authorities certifying that such list shows all authorities as required by Sections 111 to 119.
3. Submit to the City Clerk all approved copies of the preliminary plat after all of the necessary approvals have been secured.

Upon receipt of all of the necessary approved copies of the preliminary plat the City Clerk shall forward the same to the City Engineer and the City Planning Director for their review. The City Engineer and the City Planning Director shall advise the City Planning Commission and the City Commission whether such preliminary plat meets all of the conditions for approval set forth in the tentative approval of the preliminary plat by the City Commission. If all such conditions have been met, the City Commission shall grant final approval of the preliminary plat. The City Commission shall take action either granting final approval or rejecting the preliminary plat within twenty (20) days of its submission to the City Clerk. The City Commission shall instruct the City Clerk to notify the proprietor of approval or rejection in writing, and if rejected, to give reasons. All proceedings hereunder shall be noted by the City Clerk in the minutes of the meeting and shall be open for inspection. Final approval of the preliminary plat under this Section shall confer upon the proprietor for a period of two (2) years from the date of approval, the conditional right that the general terms and conditions under which preliminary approval was granted will not be changed. The two-year period may be extended if applied for by the proprietor and granted by the City Commission in writing. If such an extension is granted, the City Commission shall direct the City Clerk to send written notice of such extension to the other approving authorities as listed on the list submitted by the proprietor pursuant to Section 5.332(a)(2) hereof.

(Ord. No. 69-85, 11-18-69)

Sec. 5.333. Record or Final Plat.

(1) After obtaining final approval of the preliminary plat by the City Commission as provided in Section 5.332(b) hereof, the proprietor shall cause a survey and five (5) true plats thereof to be made by a Surveyor. Said final plat shall conform to the requirements of the Subdivision Control Act and of this Chapter. The proprietor shall submit to the City Clerk five (5) true copies of said final plat, or six (6) true copies if the proprietor requests an additional copy to be returned to him or her, together with a check in the amount of twenty dollars ($20.00) payable to the Kent County Treasurer for the filing and recording fee pursuant to Section 241(1) of Act 288 of 1967. The proprietor may, at his or her option, submit one (1) reproducible copy of the final plat in accordance with the provisions of Rule 104(4) promulgated by the Michigan Department of Treasury in lieu of the number of copies required above. Prior to submitting the final plat to the City Clerk, the proprietor shall submit the final plat to the Kent County Drain Commissioner and/or the Board of County Road Commissioners of Kent County for their approval, if such approval is required by the Subdivision Control Act. A final plat shall not be accepted by the City Clerk after the date of expiration of the preliminary plat approval and any extensions thereof, as provided under Section 5.332(b) hereof.

(2) All improvements in the development of the subdivision shall conform to the standards and requirements of the City of Grand Rapids as may be set forth in the City Code, the current Standard Construction Specifications of the City, published rules and regulations adopted hereunder or the provisions of this Chapter. Plans and specifications for public improvements provided by the

proprietor at his or her own expense, shall be prepared by a Registered Professional Civil Engineer and shall bear the countersignature of the City Engineer, or his or her duly appointed representative. Provided, however, Plans and specifications for public improvements in whole or in part to be provided by use of public funds shall be prepared by or under the direction of and subject to the approval of the City Engineer.
(Ord. No. 69-85, 11-18-69)

Sec. 5.334. Additional Requirements.

(1) Proof of title. Prior to the approval of any final plat by the City Commission, the City Commission shall require the proprietor of the proposed plat to furnish to the City an abstract of title certified to date, or at the option of the proprietor a policy of title insurance, for examination by the City Attorney in order that the City may ascertain whether the proper parties have signed the plat. The City Commission may accept, in lieu of an abstract of title, an attorney's opinion based on the abstract as to the ownership and marketability of title to the land.

(2) Approval. The City Commission shall examine the record or final plat for compliance with the preliminary plat and required changes thereof, and if the plat complies with the preliminary plat and the requirements of Section 5.335 and the improvements have been provided for to the satisfaction of the City Commission, the City Planning Commission and the City Commission shall approve the plat and shall instruct the City Clerk to certify on the plat such approval, showing the date thereof, within twenty (20) days after submission thereof to the City Clerk.

(3) Rejection. If, after examination of the record or final plat, the City Commission determines that the plat does not conform to the Subdivision Control Act, as amended, or with the provisions of this Chapter or any other provisions of the City Code, the City Commission shall reject the plat. The City Commission shall approve or reject the plat within twenty (20) days after it has been filed with the City Clerk. If a plat is rejected by the City Commission, written notice of the rejection and its reason therefor shall be given to the proprietor within such twenty-day period. The City Commission shall instruct the City Clerk to record all proceedings in the minutes of the meeting, which shall be open for inspection.

(4) After a final plat has been approved by the City Commission and certified by the City Clerk, the City Clerk shall promptly forward all copies of the plat to the Clerk of the Kent County Plat Board, together with twenty dollars ($20.00) filing and recording fee deposited by the proprietor pursuant to Section 5.333(1) hereof.

(5) The City Commission may waive the placing of any of the required monuments or markers for a reasonable time, not to exceed one (1) year, on condition that the proprietor deposits with the City Clerk cash or a certified check, or irrevocable bank letter of credit running to the City of Grand Rapids, whichever the proprietor selects, in the amount of fifty dollars ($50.00) per monument and not less than two hundred dollars ($200.00) in total, except that lot corner markers shall be at the rate of twenty dollars ($20.00) per marker. Such cash, certified check or irrevocable bank letter of credit shall be returned to the proprietor upon receipt of a certificate by a surveyor that the monuments and markers have been placed as required within the time specified. If the proprietor defaults, the City Commission shall promptly require a Surveyor to locate the monuments and markers in the ground as certified on the plat, at a cost not to exceed the amount of the security deposited and shall pay the Surveyor.
(Ord. No. 69-85, 11-18-69)

Sec. 5.335. Conformity with Statutes, Code, City Plans and City Requirements.

No subdivision or plat shall be approved unless the same is in conformance with the statutes of the State of Michigan, the City Code, the City Master Plan, and the requirements of this Chapter.
(Ord. No. 69-85, 11-18-69)

Sec. 5.336. Streets.

(1) *Major Streets.* Major Streets shall conform to the Major Street Plan.

(2) *Relation to Adjoining Street System.* Provisions shall be made for the continuation and extension of existing streets in adjoining or adjacent subdivisions unless a variation therefrom is approved by the Planning Commission.

(3) *Access to Property.* To provide adequate means for fire protection, every subdivision shall have a dedicated public right-of-way with adequate public access.

(4) *Street Intersections.* Streets shall intersect one (1) another at right angles or as nearly at right angles as conditions permit. Wherever more than two (2) streets would converge at one (1) point, an appropriate design solution must be presented.

(5) *Dead End Streets (Cul-de-sacs).* Every permanently dead end street shall have a circular terminal area with a minimum right-of-way diameter of one hundred (100) feet. Such dead end streets shall not exceed seven hundred (700) feet in length.

(6) *Streets in Relation to Railroads.* Whenever a subdivision is adjacent to a railroad right-of-way, there shall be a street which is parallel to the railroad so as to restrict the number of grade crossings.

(7) *Street Widths.* The minimum width for all local and dead end streets shall be sixty (60) feet. The width for major streets shall conform to the width designated on the Major Street Plan, but the subdivider shall only be required to dedicate at his or her expense not more than one hundred (100) feet in width of right-of-way unless the connecting street is of greater width, in which case he or she shall be required to provide the greater width.

(8) *Street Grades.* Profiles shall be required on all streets. The minimum grade shall be four-tenths (0.4) of one percent for concrete surfaces and five-tenths (0.5) of one percent for all other surfaces. The maximum grade shall be six (6) percent on major streets and seven (7) percent on local streets.

(9) *Access to Streets Across Ditches.* When a proposed street crosses a watercourse or ditch, the manner of crossing shall be subject to the approval of the City Commission.

(10) *Substandard Rights-of-Way.* Wherever there exists adjacent to the tract to be subdivided, a dedicated or platted substandard street right-of-way, additional width shall be platted to bring the street right-of-way up to the standards established in the Master Plan, provided that the subdivider shall not be required to dedicate at his or her expense more than sixty (60) feet to bring the substandard street right-of-way up to the standards established in the Master Plan.

(11) *Pavement Specifications.* The minimum width of an improved roadway shall be thirty (30) feet measured from face to face of curb. The minimum pavement thickness of an improved roadway shall be eight (8) inches of compacted gravel and two (2) inches of hot-mix bituminous concrete or equivalent.
(Ord. No. 69-85, 11-18-69)

Cross reference—Streets generally, Ch. 51.

Sec. 5.337. Street and Subdivision Names.

All proposed streets which, if extended in either direction, would align or nearly align with another already existing and named, must bear the same name. New street names shall not duplicate existing street names. Duplication of proposed subdivision names of those already existing in Kent County will not be permitted.
(Ord. No. 69-85, 11-18-69)

Cross reference—Streets, Chapter 51, Article 5, naming streets, Section 4.25.

Sec. 5.338. Alleys.

Alleys will not be permitted in residential plats.
(Ord. No. 69-85, 11-18-69)

Sec. 5.339. Marginal Access Streets.

Where a plat abuts or contains an existing or proposed major thoroughfare or arterial street, the City Commission may require marginal access streets adjacent to such major thoroughfares where such lots front on such major streets.
(Ord. No. 69-85, 11-18-69)

Sec. 5.340. Residential Blocks.

Residential blocks shall be no more than one thousand three hundred twenty (1,320) feet long, nor less than two hundred (200) feet in width.

Where blocks are more than eight hundred (800) feet long, a ten-foot pedestrian sidewalk easement may be required by the City Commission upon recommendation by the Planning Commission, for access to adjacent schools, streets, parks or other public facilities.
(Ord. No. 69-85, 11-18-69)

Sec. 5.341. Lots.

(1) *Size of Lots.* Lots classified as residential shall conform in width and area to Chapter 61 (Zoning Regulations).

(2) *Lots with Double Frontage.* No double frontage lots shall be permitted except where essential to provide separation of residential development from traffic arteries or to overcome disadvantages due to topography.

(3) *Side Lot Lines.* Side lot lines, where practicable, shall be approximately at right angles to the right-of-way of the street on which the lot abuts.

(4) *Corner Lots.* Corner lots shall have extra width sufficient to permit compliance with the setback requirements of Chapter 61 on both rights-of-way.
(Ord. No. 69-85, 11-18-69)

Sec. 5.342. Improvements.

The proprietor of any plat shall provide for the installation and construction of such improvements as required by the City Commission, in either one (1) of several methods, as follows:

(1) *Improvements of Streets and Public Places.* By entering into a contract or contracts with the City for the installation and construction of streets and/or public places by the City at his or her own cost and expense. The City shall require of the proprietor a cash deposit, certified check, irrevocable bank letter of credit, or surety bond, whichever the proprietor elects, running to the City to insure completion within the time specified in the contract, and the performance of any contract relation with the City relative to improvement of streets and public places.

(2) *Sanitary Sewer and Water Facilities.* By entering into a contract or contracts with the City for the installation or construction of sanitary sewers and/or water facilities at his or her own cost and expense. The City shall require either a cash deposit, certified check, irrevocable bank letter of credit, or surety bond, whichever the proprietor elects, running to the City for the full cost of any required public sanitary sewer and water facilities to insure the installation of such required public sanitary sewer and water facilities, within the time specified within the contract.

(3) By filing a petition requesting that the public improvement be provided under the terms of Chapter 10 of the City Code, after which, the City shall hold a public hearing and consider the merits of the public improvement petition. Proceedings hereunder shall conform as near as practical to the provisions of Chapter 10 of the City Code; provided, however, that no assessment roll for any such improvement shall be confirmed by the City Commission until after final approval of the preliminary plat shall have been obtained by the proprietor pursuant to Section 5.332(b) hereof.

(4) *Rebates.* The City shall rebate to the proprietor, as the work progresses, amounts of any cash deposits equal to the ratio of the work completed to the entire project.

(5) *Major Streets.* In the case of improvements on major streets, the City may elect to pay all or any portion of costs in excess of the normal cost of a local residential street improvement project.
(Ord. No. 69-85, 11-18-69)

Sec. 5.343. Variances.

(1) If the proprietor can clearly demonstrate that literal enforcement of the terms of this Chapter is impractical, or will impose undue hardship in the use of his or her land because of peculiar conditions pertaining to his or her land, the City Commission, after a public hearing on the matter

at a regular or special City Commission meeting may permit such variance or variances as in its sound discretion it believes to be reasonable and within the general purposes and policy of this Chapter. Provided, that nothing herein shall be construed as to permit the City Commission to alter or vary the provisions of the State Subdivision Control Act, as amended, or any other State Statute.

(2) In making the findings required below, the City Commission shall consider, among other things, the location and condition of the proposed subdivision, the nature of the proposed variance as compared with the existing use of land in the vicinity, the number of persons to reside or work in the proposed subdivision, and the probable effect of the proposed subdivision and variance on traffic conditions in the vicinity.

(3) No variance shall be granted unless the City Commission finds that:

(a) There are special circumstances or conditions affecting said property such that the strict application of the provisions of this Chapter would deprive the applicant of the reasonable use of his or her land, and

(b) The variance is necessary for the preservation and enjoyment of a substantial property right of the applicant, and

(c) The granting of the variance will not be detrimental to the public welfare or be injurious to property in the area in which said property is situated.

(Ord. No. 69-85, 11-18-69)

Sec. 5.344. Procedure for a Variance.

A petition for any such variance shall be submitted in writing by the subdivider at the time when the preliminary plat is filed with the City Clerk pursuant to Section 5.330 hereof. The petition shall fully state the grounds for the application and all of the facts relied upon by the petitioner.

(Ord. No. 69-85, 11-18-69)

Sec. 5.345. Compliance Required.

Compliance with this Chapter shall be prerequisite to the approval of any plat or subdivision, except insofar as this Chapter may be in conflict with any applicable State statute or any applicable provisions of the City Charter or the Master Plan.

ARTICLE 3. LAND DIVISION REGULATIONS

Sec. 5.346. Title.

This Article shall be known and cited as the "Land Division Ordinance."

(Ord. No. 2006-52, § 2, 7-25-06)

Sec. 5.347. Purpose and Scope.

A. The purpose of this Article is to implement the provisions of the Michigan Land Division Act (1967 PA 288, as amended, formerly known as the Subdivision Control Act) ("Act"), to prevent the creation of parcels of property and access easements which do not comply with applicable ordinances, zoning regulations and said Act, to minimize potential boundary disputes, to monitor the creation of new parcels and easements, to prevent illegal land divisions and to ensure that newly-created parcels are not landlocked, to prevent the creation of unusable lots due to noncompliance with the City of Grand Rapids Zoning Ordinance or other ordinances, to assure orderly development of the community, and to otherwise provide for the health, safety and welfare of the residents and property owners of City of Grand Rapids by establishing reasonable standards for prior review and approval of land divisions within City of Grand Rapids ("City").

B. Approval of any land division pursuant to this Article shall not provide, constitute, infer or imply use or zoning approval of any such division or resulting parcels or assure or imply a parcel is buildable. Such use of land must still comply with the City Zoning Ordinance and any other applicable ordinances, laws or regulations, and it remains the responsibility of the property owner to ensure such compliance.

C. It is not intended by this Article to repeal, abrogate, annul, or in any other way impair or interfere with provisions of the City Zoning Ordinance or of other laws or ordinances (except as otherwise expressly stated in Section 12 hereof) or of any private restrictions placed upon property by covenant, deed, or other private agreement; provided, however, that where any provision of this Ordinance imposes more stringent requirements, regulations, restrictions, or limitations upon the division or use of land, easements or buildings than are imposed or required by the provisions of any restrictions or any other law or ordinance, or any of said rules, regulations or permits, then the provisions of this Ordinance shall govern.
(Ord. No. 2006-52, § 2, 7-25-06)

Sec. 5.348. Definitions.

For purposes of this Article, certain terms and words used herein shall have the following meaning:

A. "*Act*" means Public Act No. 288 of 1967, as amended, being the Michigan Land Division Act. (MCLA 560.101 et seq.)

B. "*Applicant*" means a natural person, firm, association, partnership, corporation, estate, entity, governmental unit, or combination of any of them which holds an ownership interest in land whether recorded or not.

C. "*County*" means Kent County, Michigan.

D. "*Division*" means the partitioning or splitting of a parcel or tract of land by the proprietor thereof or by his or her heirs, executors, administrators, legal representatives, successors, or assigns for the purpose of sale, or lease of more than one (1) year, or of building development that results in one (1) or more parcels of less than forty (40) acres or the equivalent, and that satisfies the requirements of sections 108 and 109.

E. "*Transfer*" means the conveyance of property between two (2) or more adjacent parcels, if the property taken from one (1) parcel is added to an adjacent parcel; and any resulting parcel shall not be considered a building site unless the parcel conforms to the requirements of this Act or the requirements of an applicable or local ordinance.

F. "*Exempt split*" means the partitioning or splitting of a parcel or tract of land by the proprietor thereof or by his or her heirs, executors, administrators, legal representatives, successors, or assigns that does not result in one (1) or more parcels of less than forty (40) acres or the equivalent. For a property transfer between two (2) or more adjacent parcels, if the property taken from one (1) parcel is added to an adjacent parcel, any resulting parcel shall not be considered a building site unless the parcel conforms to the requirements of this act or the requirements of any applicable city ordinances.

G. "*Parent Parcel*" or "*Parent Tract*" means a parcel or tract, respectively, lawfully in existence on March 31, 1997.

H. "*City*" means the City of Grand Rapids, Kent County, Michigan.

I. The definitions of the Act, as amended, are hereby incorporated by reference and are made a part of this Article.

J. For purposes of Section 109(1)(c) of the Act, the word "width" shall mean the width and frontage requirements of the City Zoning Ordinance.

K. For purposes of Section 109(1)(d) of the Act, the word "area" shall mean any size, dimension, or space requirement of the City Zoning Ordinance.
(Ord. No. 2006-52, § 2, 7-25-06)

Sec. 5.349. Prior Approval Requirement for Land Divisions and Transfers.

Land in the City shall not be divided or transferred without the prior review and approval of the City Assessor (or designee) in accordance with this Article and the Act, except that a parcel proposed for subdivision through a recorded plat

pursuant to Article I and Article II of Chapter 64 and condominium developments shall be exempted from this requirement.
(Ord. No. 2006-52, § 2, 7-25-06)

Sec. 5.350. Application for Approval.

1. An applicant shall file all of the following with the City Assessor (or designee) for review and approval of a proposed land division before making any division:

A. A completed City application form, together with all required supported materials.

B. Signature on the application by the fee title owner of the property.

C. A survey map of the land proposed to be divided, showing the dimensions and legal descriptions of the existing parcel, the parcels proposed to be created by the division(s) (including "remnant" parcels or those to be retained by the owner) and any easements, the location of all existing structures and other land improvements, including the location of any well or septic systems on the lot, and the accessibility of the parcels for vehicular traffic and utilities from existing public/private roads. The City may waive the survey requirement for good cause shown if adequate and accurate legal descriptions are demonstrated by the materials submitted by the applicant, and additionally, such materials are sufficient to show that all of the requirements of the ordinance and the Act have been met. In the event that the City waives the survey requirement, a map drawn to scale that includes the items as stated above in item 5.C is required. Said map shall include the name and signature of the preparer and the date prepared.

D. Proof that all standards of the Act, this Article and other applicable ordinances and laws have been met.

E. The City may require that the applicant provide a title search from a title insurance company if it is reasonably necessary to show that previous land divisions do not preclude the proposed land division(s) or that there are no deed restrictions which would render a proposed parcel "not buildable."

F. Proof that all due and payable property taxes and installments of special assessments and charges in lieu of special assessments pertaining to all of the involved parcels are paid in full.

G. Unless a division creates a parcel which is acknowledged and declared to be "not buildable" under Section 8 [Section 5.353] of this Article, all divisions shall result in "buildable" parcels containing sufficient "buildable" area outside of non-developable land area, as defined by the City Subdivision Ordinance, and with sufficient area to comply with all required setback provisions, minimum floor areas, off-street parking spaces, on-site sewage disposal and water well locations (where public water and sewer service is not available), and maximum allowed area coverage of buildings and structures on the site.

H. The full fee in an amount as may from time to time be established by resolution of the City Commission for land division and transfer reviews pursuant to this Article to cover the costs of review of the application and administration of this Article.

2. An applicant shall file all of the following with the City Assessor (or designee) for review and approval of a proposed land transfer, before conveying property between two (2) or more adjacent parcels:

A. A completed City application form, together with all required supporting materials.

B. Signature on the application by the fee title owner of the property.

C. A survey map of the land proposed to be transferred, showing the dimensions and legal descriptions of the existing parcel, the parcels proposed to be created by the

transfer(s) (including "remnant" parcels or those to be retained by the owner) and any easements, the location of all existing structures and other land improvements, including the location of any well or septic systems on the lot, and the accessibility of the parcels for vehicular traffic and utilities from existing public/private roads.

The City may waive the survey requirement for good cause shown if adequate and accurate legal descriptions are demonstrated by the materials submitted by the applicant, and additionally, such materials are sufficient to show that all of the requirements of the Article and the Act have been met. In the event that the City waives the survey requirement, a map drawn to scale that includes the items as stated above in item 5.C is required. Said map shall include the name and signature of the preparer and the date prepared.

D. Proof that all standards of the Act, this Article and other applicable ordinances and laws have been met.

E. The City may require that the applicant provide a title search from a title insurance company if it is reasonably necessary to show that previous land divisions or transfers do not preclude the proposed transfer(s) or that there are no deed restrictions which would render a proposed parcel "not buildable".

F. Proof that all due and payable property taxes and installments of special assessments and charges in lieu of special assessments pertaining to all of the involved parcels are paid in full.

G. Unless a transfer creates a parcel which is acknowledged and declared to be "not buildable" under Section 8 [Section 5.353] of this Article, all transfers shall result in "buildable" parcels containing sufficient "buildable" area outside of non-developable land area, as defined by the City Subdivision Ordinance, and with sufficient area to comply with all required setback provisions, minimum floor areas, off-street parking spaces, on-site sewage disposal and water well locations (where public water and sewer service is not available), and maximum allowed area coverage of buildings and structures on the site.

H. The full fee in an amount as may from time to time be established by the City Manager for land division and transfer reviews pursuant to this Article to cover the costs of review of the application and administration of this Article.

(Ord. No. 2006-52, § 2, 7-25-06)

Sec. 5.351. Procedure for Review of Applications for Approval.

A. Upon receipt of a complete land division application package or transfer application from an applicant, the City Assessor (or designee) shall (i) approve, (ii) approve with reasonable conditions to assure compliance with applicable ordinances and the protection of public health, safety and welfare, or (iii) disapprove the land division or transfer applied for within forty-five (45) days after receipt of the application conforming to this Article's requirements (including any and all required zoning and private street approvals) and shall promptly notify the applicant in writing of the decision(s) and the reasons for any denial.

If the application does not conform to these Article requirements and the Act, the City Assessor (or designee) shall return the same to the applicant for completion in accordance with this Article and the Act.

B. Land division approvals shall be valid only for a period of one hundred twenty (120) days from the date of approval by the City. If the deeds or land contracts for such lots proposed by the land division are not properly recorded and accepted by the County Register of Deeds, and/or a proper survey by a registered surveyor which includes the legal description of the approved parcel(s) is not filed with and accepted by the City Assessor within this time period, the land division approval shall be considered null and void and a new application must thereafter be submitted. If an amendment to the City Zoning Ordinance or other City ordinance becomes effective

prior to the land division being recorded and the amendment applies to any of the resulting parcels in a way which would make the proposed lot or lots violate the City Zoning Ordinance or other City Ordinance, the land division approval shall be null and void even if the one hundred twenty (120) day time limit has not expired. Land transfer approvals shall be valid for a period of one (1) year.

C. The City Assessor (or designee) shall maintain an official record of all land division and transfer applications, including denied, approved, unrecorded and accomplished land divisions and transfer.

D. If the land division involves the use or creation of a private street, approval of the private street must be obtained from the City in accordance with all applicable City regulations prior to the approval of the land division.
(Ord. No. 2006-52, § 2, 7-25-06)

Sec. 5.352. Standards for Approval.

1. A proposed land division shall be approved only if all of the following criteria are met:

A. All of the parcels to be created by the proposed land division(s) must fully comply with the applicable lot (parcel) width, access, setback, and area requirements of the City Zoning Ordinance, other applicable City Ordinances and any deed restrictions concerning the number, size, or location of structures allowed on the parcel(s).

B. The ratio of depth to width of any parcel created by a land division (including a remnant parcel) shall not exceed 4:1 unless otherwise provided by the City Zoning Ordinance.

C. If the land division involves the use of a new curb cut to a public street or road, the applicant must submit evidence of review and approval of the curb cut location by the City Traffic Safety Department.

D. The City may require such additional conditions and safeguards as are deemed necessary to ensure compliance with the requirements of this Article.

E. No land division shall be approved until all ad valorem property taxes due and owing on the original parcel have been paid in full to the City and/or County, and all special assessments and charges in lieu of special assessments, due and owing against the original parcel have been paid to the City in full.

2. A proposed land transfer shall be approved only if all of the following criteria are met:

A. All of the parcels to be created by the proposed transfer(s) must fully comply with the applicable lot (parcel) width, access, setback, and area requirements of the City Zoning Ordinance, other applicable City ordinances and any deed restrictions concerning the number, size, or location of structures allowed on the parcel(s).

B. The ratio of depth to width of any parcel created by a transfer (including a remnant parcel) shall not exceed 4:1 unless otherwise provided by the City Zoning Ordinance.

C. If the transfer involves the use of a new curb cut to a public street or road, the applicant must submit evidence of review and approval of the curb cut location by the City Traffic Safety Department.

D. The City may require such additional conditions and safeguards as are deemed necessary to ensure compliance with the requirements of this Article.

E. No transfer shall be approved until all ad valorem property taxes due and owing on the original parcel have been paid in full to the City and/or County, and all special assessments and charges in lieu of special assessments, due and owing against the original parcel have been paid to the City in full.
(Ord. No. 2006-52, § 2, 7-25-06)

Sec. 5.353. Allowance for Approval of Other Land Divisions/Transfers.

Notwithstanding disqualification from approval pursuant to this Article, a proposed land division or transfer which does not fully comply with the

applicable lot, setback, accessibility and area requirements of the City Zoning Ordinance or this Article may be approved where the applicant executes and records a permanent deed restriction with the Kent County Register of Deeds, in a form acceptable to the City, designating the parcel as "not buildable" and also not usable for anything other than passive uses, which restrictions shall be enforceable by the City. Any such parcel shall also be designated as "not buildable" in the City records, and shall not thereafter be the subject of a request to the Zoning Board of Appeals for variance relief from the applicable lot and/or area requirements, and shall not be used except for passive uses.
(Ord. No. 2006-52, § 2, 7-25-06)

Sec. 5.354. Consequences of Noncompliance with the Land Division/Transfer Approval Requirement.

Any parcel created in violation of or noncompliance with this Article shall not be eligible for any building permit or zoning approvals. Furthermore, the Planning Director or his/her designee shall record an affidavit with the Kent County Register of Deeds designating the parcel as "nonbuildable" and not usable for anything other than passive use.
(Ord. No. 2006-52, § 2, 7-25-06)

Sec. 5.355. Penalties and enforcement.

Any person, firm, corporation, trust, governmental unit, partnership or other legal entity which violates or refuses to comply with any provision of this Article or knowingly provides false information on an application for approval of a land division or transfer shall be subject to the municipal civil infraction provisions of Chapter 170 of the City Code. Any person who violates any of the provisions of this Article shall also be subject to a civil action seeking invalidation of the land division and appropriate injunctive or other relief.
(Ord. No. 2006-52, § 2, 7-25-06)

Sec. 5.356. Severability.

The provisions of this Article are hereby declared to be severable and if any clause, sentence, word, section or provision is declared void or unenforceable for any reason by any court of competent jurisdiction, it shall not affect any portion of this Article other than said part or portion thereof.

ARTICLE 1. GENERAL

Sec. 5.381. Findings.

The Grand Rapids City Commission finds that:

(1) There are various regulated activities associated with land use and development not typically connected with a building permit.

(2) These activities include grading, drainage, landscaping, paving, erosion control, encroachments and permitted uses.

(3) Permits are required for some of these activities by other provisions of the City Code and/or written City Commission policy. This Chapter consolidates the following separate permits consolidated into a Land Use and Development Services (LUDS) permit:

a) Soil Erosion and Sedimentation Control Permit;

b) Stormwater Discharge Permit;

c) Paving Permit;

d) Development Inspections Permit;

e) Temporary Occupancy Permit.

(4) Regular inspections of site construction for which permits have been issued are needed to confirm compliance with City, State and Federal laws, regulations and standards.

(5) City, State, and Federal regulations governing these activities have become increasingly complex, requiring more involvement of City staff, while the City's staff and other resources to oversee these activities have been diminishing.

(6) To ensure compliance with City, State, and Federal regulations, to provide for the efficient use of City staff, and to streamline the permitting process and delivery of City services, it is necessary to establish a Land Use and Development Services (LUDS) permitting process and set of regulations.

(Ord. No. 2007-14, § 1, 2-20-07)

Sec. 5.382. Purpose and Objectives.

(1) The purpose of this Chapter is to streamline the land use and development or redevelopment approval process, exclusive of those approvals associated with the building trades (i.e., plumbing, mechanical and electrical). This is done by combining the various separate application and permit procedures contained elsewhere in this Code into a single application and permit process.

(2) The permit and regulations established by this Chapter are determined to be necessary to preserve the public health, safety and welfare; to facilitate sustainable development and redevelopment, streamline the review, and permitting process for development and redevelopment; and to fulfill the obligations of the City with respect to State and Federal law, rules and regulations applicable to the use and development of land.

(3) The objectives of this Chapter are:

(a) To simplify the land use and development or redevelopment process by consolidating several site development related permits into a single application and permit.

(b) To coordinate the review of plans, the inspection of construction activities, and the enforcement of regulations for the use and development or redevelopment of land.

(c) To provide for consistent and effective compliance with City, State and Federal regulation of use and development or redevelopment of land.

(Ord. No. 2007-14, § 1, 2-20-07)

Sec. 5.383. Definitions.

In this Chapter, these italicized words and phrases shall mean the following, unless the specific context indicates otherwise:

(1) *Administrative Order.* An enforcement document that informs a person or entity of a violation of the City Code, regulations or special conditions of approval, or any applicable State or Federal laws and regulations, and that directs the violator to take corrective action(s) within a specified time or date. Types of administrative or-

ders include but are not limited to: Notice of Violation (NOV), Corrective Action Order (CAO), Stop Work Order (SWO), Consent Order, Show Cause Order.

(2) *City.* The municipal corporation that is the City of Grand Rapids, and includes its officers, employees, agents, contractors, and authorized agents of the City when acting within the scope of their authority.

(3) *City Manager.* The City Manager of the City and any persons designated to act on behalf of the City Manager in the administration or enforcement of this Chapter.

(4) *Design Engineer.* Registered and licensed professional engineer responsible for the site plan design.

(5) *Earth Change.* Any human activity that removes ground cover, changes the slope or contours of the land, or exposes the soil surface to the actions of wind and rain. Earth change includes, but is not limited to, any excavating, surface grading, filling, landscaping or removal of vegetative roots.

(6) *Erosion.* The process by which the ground surface is worn away by action of wind, water, gravity or a combination of those forces.

(7) *Excavation* or *Cut.* Any act by which soil or rock is cut into, dug, quarried, uncovered, removed, displaced or relocated and the conditions resulting from such acts.

(8) *Grading.* Any stripping, excavating, filling, stockpiling of soil or any combination of such acts and the land in its excavated or filled condition.

(9) *Impervious Surface.* Surface that does not allow runoff to percolate into the ground such as roads, parking lots, sidewalks and rooftops.

(10) *Land Development.* Any construction work taking place outside of a building or structure that changes the shape, appearance, surface type, and function of a parcel of land, including landscaping, paving and grading, land balancing or other physical alteration to the land.

(11) *Land Owner* or *Landowner.* Any person who owns real property, or who holds a recorded easement on the property, or who is engaged in construction in a public right-of-way in accordance with Sections 13, 14, 15, and 16 of Act No. 368 of the Public Acts of 1925, as amended, (MCL 247.183, 247.184, 247.185, and 247.186) as defined in Administrative Rules, Part 17 of the Natural Resources and Environmental Protection Act, 1994, PA 451, as amended (Act 451).

(12) *Person* or *Entity.* An individual, association of individuals, a public, private or not for profit corporation, a firm, partnership or instrumentality.

(13) *Plan.* Written narratives, specifications, drawings, sketches, written standards, operating procedures or any combination of these, which contain information pursuant to this Chapter.

(14) *Property Owner.* Any person having legal or equitable title to property or any person having or exercising care, custody, dominion, or control over any property. (See also *Responsible Party* and *Land Owner*) *Property Owner* shall also mean:

(a) Any person who is authorized to act as an agent of the legal or equitable owner of property, or

(b) Any person who has received a Tax Deed from the State of Michigan for the property and the person has served a notice by persons claiming title under Tax Deed, and the six (6) month redemption period has expired or nine (9) months has lapsed since the person received the Tax Deed to the property, or

(c) Any person who performs work on property that disturbs the soil, changes the land form or otherwise impacts the drainage or stormwater discharge from property.

(15) *Redevelopment.* Any change to the land or its use that involves:

(a) A paved parking or driveway surface of one thousand (1,000) square feet or more that is being removed down to the sub-base and replaced.

(b) A change in the drainage system serving the property.

(c) A substantial improvement of the property.

(16) *Responsible Party.* Any developer, builder, property owner, tenant, employee, officer, director, partner, contractor or other person who participates in, or is legally or factually responsible for, any act or omission which is a violation of this Chapter or which results in a violation of this Chapter.

(17) *Show Cause Hearing.* A formal meeting with City staff occasioned by a Show Cause Order requiring a responsible party(s) to appear and demonstrate why a proposed enforcement action should not be taken against them.

(18) *Stripping.* Any activity which removes or significantly disturbs the vegetative surface cover of a property including, but not limited to, clearing and grubbing operations.

(19) *Structure.* Any man-made thing, edifice or construction in or upon the ground and any man-made change to the land. Structure includes, but is not limited to, buildings, manufactured homes, and recreational vehicles installed or left on a site for more than one hundred eighty (180) days.

(20) *Substantial Improvement.* Any repair, reconstruction or improvement of an existing structure the cost of which equals or exceeds fifty (50) percent of the true cash value of the structure, either:

(a) Before the improvement is started, or

(b) Before the damage occurred if the structure has been damaged and is being restored.

Substantial Improvement is started when the first alteration of any structural part of the building commences.

(Ord. No. 2007-14, § 1, 2-20-07)

Sec. 5.384. Reserved.

ARTICLE 2. LUDS PERMIT AND APPLICATION

Sec. 5.385. Requirement for a LUDS Permit.

(1) A LUDS Permit is required for any of the following proposed land uses, development or redevelopment activities, property situations, or special circumstances:

(a) A commercial or industrial development or redevelopment project with some type of earth change involving an area of two thousand five hundred (2,500) square feet or more.

(b) A plat, subdivision, Planned Unit Development, Planned Redevelopment District, Planned Industrial Development, Permitted with Approval Developments, Site Plan Review Development, Planned Redevelopment District, multi-family residential developments, or when otherwise required by the Planning Director, Planning Commission, or Board of Zoning Appeals.

(c) A new or redeveloped parking area of one thousand (1,000) square feet or more.

(d) An earth change within five hundred (500) feet of a wetland, creek, stream, lake, water body or flood plain.

(e) When a permit is required by an Administrative Order: Notice of Violation (NOV), Corrective Action Notice or Order (CAO), or Consent Order.

(f) Any earth change involving an area of one (1) acre or more.

(g) Any work or obstruction within the City's right-of-way relating to development or redevelopment of property.

(h) Any redevelopment of property, except single- and two-family residential properties.

(2) A LUDS Permit shall be obtained by the Property Owner or any entity or contractor performing work on behalf of the City.

(3) The Property Owner, or any entity or contractor performing work on behalf of the City shall be accountable and responsible for all activities associated with the development or redevelopment including the payment of any fines and penalties.

(4) A LUDS Permit shall be obtained prior to beginning any changes to the land surface on the development or redevelopment site. Failure to obtain a permit prior to the commencement of work is a violation of this Chapter.

(5) The LUDS Permit application and permit shall encompass and include various separate applications and permits required by other provisions of the City Code and/or written City Commission policy. These include: a Soil Erosion and Sedimentation Control (SESC) application and permit or an Authorization to Proceed with Earth Change required by Chapter 32, Sections 2.255 and 2.256; a Stormwater Discharge Permit application and permit required by Chapter 32, Section 2.213; a Paving Permit application and permit required by Chapter 61, Section 5.61(2); a Development Inspections Permit application and permit required by Chapter 61, Section 5.21(2)(b) and (c); and a Temporary Occupancy Permit application and permit required by Chapter 51, Sections 4.2, 4.3, and 4.4, and City Commission Policy 1000-06.

(6) The LUDS application shall serve as a single application for any or several of the permit applications listed in paragraph (5) above. The applicant will be required to complete only the LUDS application, and not any of the separate applications for the various permits or authorizations listed.

(7) Upon the proper completion of the application and payment of the appropriate review fee, which will vary from project to project and will be the sum of the separate application fees for the various permits or authorizations required for the work involved for each separate project, the City will review the project and resolve all outstanding issues with the applicant, as necessary, prior to issuance of the LUDS permit.

(8) Once all such issues have been resolved and the appropriate inspection fee has been paid, which will vary from project to project and will be the sum of the separate permit or authorization fees required for the work involved for each separate project, the City will issue the LUDS permit.

(9) If project timing or other circumstances dictate, and upon the request of the applicant and payment of the entire permit fee, the City may issue a conditional LUDS permit authorizing that some work on the project be permitted to proceed while other remaining issues are being resolved. (Ord. No. 2007-14, § 1, 2-20-07; Ord. No. 2013-20, § 1, 5-28-13)

Sec. 5.386. Fees.

(1) *Fee Schedule.*

(a) The amount charged for each of the fees established in this Chapter shall be as set forth by resolution of the City Commission.

(b) The City Manager may waive all or any portion of the fees provided for in this Chapter when, in the reasonable exercise of discretion, he or she determines it is fair and equitable to do so under the circumstances.

(2) *Review Fees.*

(a) A non-refundable review fee shall be paid for the review and processing of the Land Use and Development Permit Application. Consultations with City staff by the owner, developer or contractor, or their design professional in preparing application documents or revisions to those documents in obtaining a permit is included as part of the review services. This review fee shall be a consolidation of all the application fees for the various permit

and authorization applications appropriate for each particular site, which may include:

(i) Development Inspections Permit Application;

(ii) Stormwater Discharge Permit Application;

(iii) Paving Permit Application;

(iv) Soil Erosion and Sediment Control Permit Application;

(v) Authorization to Proceed with Earth Change Application.

The application fee shall be for the review of the plans and related documents for the proposed development or redevelopment, and for the review of one (1) revision to those plans and documents. Any subsequent submission of revised plans and documents shall include the payment of a fee equal to one-half (½) of the initial review fee.

(b) General Review Requirements. Any plans, specifications and other related documents submitted for review shall include a completed LUDS Permit application and application fee. All submitted documents need to provide adequate information about the existing site and proposed development to enable a complete review of the proposed project. Plans and specifications shall be of sufficient scale and detail to facilitate the evaluation of the proposed development.

(c) Review. The land use and development review process shall begin upon receipt of the above referenced materials. The review process will include, but is not limited to, a review of drainage, stormwater management, surface grading, soil erosion and sediment control, landscaping, exterior lighting, zoning restrictions, parking lot paving, driveway entrances, and encroachments upon public easements and rights-of-way for the proposed project.

(d) Notice. Upon completion of this land use and development review process, the applicant will be informed through a notice that either,

(i) The submitted plans and documents are accepted by the City, or

(ii) The submitted documents are unacceptable because they are either incomplete or are not in conformance with approved plans, specifications, Planning Commission resolutions, City Commission resolutions, City Code, State law or Federal Law. The applicant must submit revised or additional documents before a LUDS Permit will be issued.

(e) Supplemental Requirements. The City Manager may require additional information or design effort as he or she, in the reasonable exercise of discretion, determines is reasonably necessary to address unique site specific conditions before issuing a LUDS Permit.

(3) *Inspection Fee.*

(a) A non-refundable inspection fee shall be paid with the issuance of the LUDS Permit. The inspection fee is for site inspections and permit or authorization administration during the construction of the proposed development or redevelopment project. The inspection fee shall be a consolidation of all land development related permit and authorization inspections, which may include any (1) or all of the following permits or authorizations:

(i) Development Inspections Permit;

(ii) Stormwater Discharge Permit;

(iii) Soil Erosion and Sediment Control Permit;

(iv) Authorization to Proceed with Earth Change;

(v) Paving Permit;

(vi) Temporary Occupancy Permit.

Failure to obtain a LUDS Permit prior to beginning any site work is a violation of this ordinance.

(b) If the site work is not completed and the site stabilized with sufficient ground cover by the time the LUDS Permit expires, the applicant must obtain a permit extension at least one (1) week before the permit expires and pay the appropriate fee for the additional months needed for completing the project, stabilizing the site with an appropriate ground cover and the satisfactory completion of all conditions for approving the development.

(c) The City Manager shall determine, in the reasonable exercise of his or her discretion, whether there has been satisfactory completion of conditions for approval of a site development or redevelopment and, also, what constitutes appropriate ground cover, based on site conditions, weather, and other available relevant information.

(d) Failure to obtain a permit extension and pay the permit extension fee is a violation of this Chapter, which may result in enforcement action against the applicant and owner, forfeiture of any surety, and possible fines and penalties.

(4) *Re-inspection Fees.* The Property Owner, any entity or contractor performing work on behalf of the City shall pay a Re-inspection Fee for each occurrence when a re-inspection is needed to confirm compliance with an Administrative Order or an order of the Court. The fee amount shall be determined by resolution of the City Commission and shall be based on the level of enforcement.
(Ord. No. 2007-14, § 1, 2-20-07; Ord. No. 2013-20, § 2, 5-28-13)

ARTICLE 3. ENFORCEMENT

Sec. 5.387. Responsibility and Liability.

The Property Owner of a parcel that is being developed or redeveloped is responsible for the design, construction and all activities that take place on the property. Any acceptance or approvals granted by the City does not diminish nor excuse the responsibilities and liabilities of the Property Owner. The Property Owner retains complete responsibility for the project's design and its compliance with applicable laws, regulations and standards. Failure to comply with any of the conditions for the issuance of a LUDS permit, conditions of any sub-permit, or any conditions for City Commission or Planning Commission approval, and all applicable laws, regulations and standards is a violation of this Code.
(Ord. No. 2007-14, § 1, 2-20-07)

Sec. 5.388. Enforcement Authority.

(1) *Vested in City Manager.* The City Manager is authorized to administer and enforce the provisions of this Chapter. The City Manager is authorized to issue municipal civil infraction citations and municipal civil infraction violation notices for those matters deemed to be municipal civil infractions pursuant to Chapter 170 of this Code, and to issue court appearance tickets for all other matters that are violations of this Code.

Each violation and every day upon which any violation is permitted or suffered to exist, shall constitute a separate violation and shall be subject to a separate penalty. The City Manager may issue an administrative order calling for corrective action prior to taking other enforcement action pursuant to the preceding paragraph.

Violations not covered by the civil infractions provisions of Chapter 170 of the City Code, shall, if convicted, be subject to a criminal penalty of up to five hundred dollars ($500.00) per day or imprisonment for ninety (90) days or both such penalty and imprisonment.

In the case of a conviction pursuant to this Section of an entity who is not a natural person, any officer or director of a corporation, any officer or partner of a partnership, or any member of a limited liability company, or any officer or owner of a proprietorship is hereby deemed to be a proper person to serve any term of imprisonment imposed by the court as a result of the conviction.

(2) *Administrative Orders.* The City Manager may issue Administrative Orders whenever it is observed that any person or entity is in violation of this Chapter, or of the provisions of Chapters 32, 51, or 61 applicable to this Chapter, or of any special conditions of approval or conditions for

issuance of a permit pursuant to this Chapter, including any other related laws or regulations which the City is authorized to enforce. Multiple orders may be issued simultaneously or in combination as a single order with respect to a single discharger.

(3) *Emergency Authority.* When a necessary or advisable emergency protective measure or action is required to abate a nuisance, to prevent loss of human life, injury, or damage to property or the environment, or to otherwise protect the public health, safety or welfare, the City Manager is authorized to cause such measures and actions to be taken. The costs of such protective measures or actions shall be the Property Owner's and shall constitute a lien upon the property as provided for by law or in the City Charter. The costs shall also be a personal debt of the Property Owner that may be collected as other debts.
(Ord. No. 2007-14, § 1, 2-20-07)

Sec. 5.389. Enforcement.

(1) *Basis of Inspections.* Inspections will be made to obtain and maintain compliance with City, State and Federal laws, regulations and standards, based upon one (1) of the following:

(a) Routine inspections to insure compliance with approved plans, permit conditions, and program requirements.

(b) A complaint received by the City, indicating that there is a violation of the standards of this Chapter.

(c) An observation by the City of a violation of the Standards of this Chapter.

(d) The need to determine compliance with a notice or an order issued by the City.

(e) An emergency observed or reasonably believed to exist.

(f) A request for an inspection by the Property Owner.

(g) To determine compliance of special conditions required by a permit.

(2) *Content of Administrative Orders.* Administrative orders shall:

(a) Be in writing;

(b) Include a description of the real estate and/or the project name;

(c) Include a statement of the violation or violations;

(d) Include a correction order allowing a reasonable time to correct the violation and bring the site into compliance;

(e) State that failure to comply with the Notice may result in enforcement action.

(f) State the fee that shall be charged for the issuance of the notice.

(3) *Method of Service.* An Administrative Order shall be deemed to be properly served if served in one (1) of the following methods:

(a) Mailed by First Class mail

(b) Delivered personally

(c) Facsimile Transmission (FAX) to the phone number provided in an application for the responsible person or entity
(Ord. No. 2007-14, § 1, 2-20-07)

Sec. 5.390. Appeals.

(1) *Appeal of an Administrative Order.* Any person, receiving an Administrative Order may request a hearing regarding such order. If the appeal of an Administrative Order is in connection with an interpretation of the Zoning Code or any "special condition" of the Planning Commission or Zoning Board of Appeals, the appellant shall follow the procedures as set forth in the Zoning Code. Any other appeal shall be made by a written request for a hearing to the designated person and address indicated on the order within five (5) business days after receiving the order. A hearing date, time and place shall be set as soon as is practical but not later than thirty (30) business days after receipt of the request for a hearing.

(2) *Right of Further Appeal.* An appeal of the decision of the City Manager or designee following an appeal hearing shall be to Kent County Circuit Court.
(Ord. No. 2007-14, § 1, 2-20-07)

Sec. 5.391. Short Title.

This Chapter shall be known as the "Historic Preservation Commission Ordinance" of the City of Grand Rapids.
(Ord. No. 93-21, § 2, 5-18-93)

Sec. 5.392. Purpose.

The purpose of this Chapter is to:

(1) Safeguard the heritage of the City of Grand Rapids by preserving districts which reflect elements of its cultural, social, economic, political or architectural history, and to preserve Historic Landmarks.

(2) Stabilize and improve property values in such districts.

(3) Foster civic beauty.

(4) Strengthen the local economy.
(Ord. No. 93-21, § 2, 5-18-93)

Sec. 5.393. Definitions.

As used in this Chapter:

(1) *Alteration* means work that changes the detail of a resource but does not change its basic size or shape.

(2) *Bureau* means the Bureau of History of the Michigan Department of State.

(3) *Certificate of Appropriateness* means the written approval of a permit application for work that is appropriate and that does not adversely affect a resource.

(4) *Commission* means the Historic Preservation Commission, which is the name the City of Grand Rapids has chosen to identify the "historic district commission" it has established pursuant to authorization of state law, MCL §399.201 et. seq. For purposes of this Chapter and all other purposes, the term "Historic Preservation Commission" shall be deemed to mean the "historic district commission" of the City of Grand Rapids.

(5) *Committee* means a historic district study committee appointed by the City Commission; some or all of the members of the Historic Preservation Commission may be appointed by the City Commission to serve on a Historic District Study Committee.

(6) *Demolition* means the razing or destruction, whether entirely or in part, of a resource and includes, but is not limited to, demolition by neglect.

(7) *Demolition by neglect* means neglect in maintaining, repairing or securing a resource that results in deterioration of an exterior feature of the resource or the loss of structural integrity of the resource.

(8) *Denial* means the written rejection of a permit application for work that is inappropriate and that adversely affects a resource.

(9) *Historic district* means an area, or group of areas not necessarily having contiguous boundaries, that contains one (1) resource or a group of resources that are related by history, architecture, archaeology, engineering, or culture. A historic landmark as defined in subsection (10) shall be considered a historic district for purposes of this Chapter and State law.

(10) *Historic Landmark* means any site, building, structure or object significant in history, architecture, archaeology and culture. A historic landmark is a historic district under the meaning of subsection (9) which contains only one (1) resource.

(11) *Historic preservation* means the identification, evaluation, establishment, and protection of resources significant in history, architecture, archaeology, engineering or culture.

(12) *Historic resource* means a publicly or privately owned building, structure, site, object, feature, or open space that is significant in the history, architecture, archaeology, engineering, or culture of this State or a community within this State, or of the United States.

(13) *Notice to proceed* means the written permission to issue a permit for work that is inappropriate and that adversely affects a re-

source, pursuant to a finding under section 5(6).

(14) *Open space* means undeveloped land, a naturally landscaped area, or a formal or man-made landscaped area that provides a connective link or a buffer between other resources.

(15) *Ordinary maintenance* means keeping a resource unimpaired and in good condition through ongoing minor intervention, undertaken from time to time, in its exterior condition. Ordinary maintenance does not change the external appearance of the resource except through the elimination of the usual and expected effects of weathering. Ordinary maintenance does not constitute work for purposes of this Chapter.

(16) *Proposed historic district* means an area or group of areas not necessarily having contiguous boundaries that has delineated boundaries and that is under review by a committee for the purpose of making a recommendation as to whether it should be established as a historic district or added to an established historic district.

(17) *Repair* means to restore a decayed or damaged resource to a good or sound condition by any process. A repair that changes the external appearance of a resource constitutes work for purposes of this act.

(18) *Resource* means one (1) or more publicly or privately owned historic or nonhistoric buildings, structures, sites, objects, features, or open spaces located within a historic district.

(19) *Work* means construction, addition, alteration, repair, moving, excavation or demolition.

(Ord. No. 93-21, § 2, 5-18-93)

Sec. 5.394. Historic Preservation Commission.

The Historic Preservation Commission is hereby established. It shall consist of seven (7) members who reside in the City of Grand Rapids. Members shall be appointed by the City Commission for three-year terms. A majority of the members shall have a clearly demonstrated interest in or knowledge of historic preservation. Members shall serve without compensation and shall be eligible for reappointment. In the event of a vacancy on the Commission, interim appointments shall be made by the City Commission within sixty (60) calendar days to complete the unexpired term of such position. Two (2) members shall be appointed from a list submitted by the Kent County Council for Historic Preservation or other existing Preservation Societies, and one (1) member shall be an architect duly registered in the State of Michigan. A person or representative of a person shall be entitled to appear at any public meeting of the Commission and be heard on any matter before the Commission before it reaches a decision. The Commission shall meet monthly or more frequently at the call of the Chairman.
(Ord. No. 93-21, § 2, 5-18-93)

Sec. 5.395. Permits.

(1) A permit shall be obtained before any work affecting the exterior appearance of a resource is performed within a historic district or, if required under subsection (4), work affecting the interior arrangements of a resource, is performed within a historic district. The person, individual, partnership, firm, corporation, organization, institution, or agency of government proposing to do that work shall file an application for a permit with the inspector of buildings, the Commission, or other duly delegated authority. If the inspector of buildings or other authority receives the application, the application shall be immediately referred together with all required supporting materials that make the application complete to the Commission. A permit shall not be issued and proposed work shall not proceed until the Commission has acted on the application by issuing a certificate of appropriateness or a notice to proceed as prescribed in this act. The applicant shall pay the fee established by resolution of the City Commission with the application before the City will process a permit application.

(2) An applicant aggrieved by a decision of the Commission concerning a permit application may file an appeal with the State Historic Preservation Review Board of the Michigan Historical Com-

mission within the Department of State. The appeal shall be filed within 60 days after the decision is furnished to the applicant. The appellant may submit all or part of the appellant's evidence and arguments in written form. The Review Board shall consider an appeal at its first regularly scheduled meeting after receiving the appeal, but may not charge a fee for considering an appeal. The Review Board may affirm, modify, or set aside a Commission's decision and may order a Commission to issue a certificate of appropriateness or a notice to proceed. A permit applicant aggrieved by the decision of the State Historic Preservation Review Board may appeal the decision to the Kent County Circuit Court.

(3) In reviewing plans, the Commission shall follow the U.S. Secretary of the Interior's Standards for rehabilitation and guidelines for rehabilitating historic buildings, as set forth in 36 C.F.R. part 67. Design review standards and guidelines that address special design characteristics of historic districts administered by the Commission may be followed if they are equivalent in guidance to the Secretary of Interior's Standards and guidelines and are established or approved by the bureau. The Commission shall also consider all of the following:

(a) The historic or architectural value and significance of the resource and its relationship to the historic value of the surrounding area.

(b) The relationship of any architectural features of the resource to the rest of the resource and to the surrounding area.

(c) The general compatibility of the design, arrangement, texture, and materials proposed to be used.

(d) Other factors, such as aesthetic value, that the Commission finds relevant.

(4) The Commission shall review and act upon only exterior features of a resource and shall not review and act upon interior arrangements unless interior work will cause visible change to the exterior of the resource. The Commission shall not disapprove an application due to considerations not prescribed in subsection (3).

(5) If an application is for work that will adversely affect the exterior of a resource the Commission considers valuable to the City, State, or nation, and the Commission determines that the alteration or loss of that resource will adversely affect the public purpose of the city, State, or nation, the Commission shall attempt to establish with the owner of the resource an economically feasible plan for preservation of the resource.

(6) Work within a historic district or on a historic landmark shall be permitted through the issuance of a notice to proceed by the Commission if any of the following conditions prevail and if the proposed work can be demonstrated by a finding of the Commission to be necessary to substantially improve or correct any of the following conditions:

(a) The resource constitutes a hazard to the safety of the public or to the structure's occupants.

(b) The resource is a deterrent to a major improvement program that will be of substantial benefit to the community and the applicant proposing the work has obtained all necessary planning and zoning approvals, financing, and environmental clearances.

(c) Retaining the resource will cause undue financial hardship to the owner when a governmental action, an act of God, or other events beyond the owner's control created the hardship, and all feasible alternatives to eliminate the financial hardship, which may include offering the resource for sale at its fair market value or moving the resource to a vacant site within the historic district, have been attempted and exhausted by the owner.

(d) Retaining the resource is not in the interest of the majority of the community.

(7) The business that the Commission may perform shall be conducted at a public meeting of the Commission held in compliance with the Open Meetings Act, Act No. 267 of the Public Acts of 1976, as amended, being sections 15.261 to 15.275 of the Michigan Compiled Laws. Public notice of the time, date, and place of the meeting shall be given in the manner required by Act No. 267 of

the Public Acts of 1976, as amended. A meeting agenda shall be part of the notice and shall include a listing of each permit application to be reviewed or considered by the Commission.

(8) The Commission shall keep a record of its resolutions, proceedings, and actions. A writing prepared, owned, used, in the possession of, or retained by the Commission in the performance of an official function shall be made available to the public in compliance with the Freedom of Information Act, Act No. 442 of the Public Acts of 1976, as amended, being sections 15.231 to 15.246 of the Michigan Compiled Laws.

(9) The Commission shall adopt its own rules of procedure and shall adopt design review standards and guidelines for resource treatment to carry out its duties under this act.

(10) The Commission may delegate the issuance of certificates of appropriateness for specified minor classes of work to its staff, to the inspector of buildings, or to another delegated authority. The Commission shall provide to the delegated authority specific written standards for issuing certificates of appropriateness under this subsection. On at least a quarterly basis, the Commission shall review the certificates of appropriateness, if any, issued for work by its staff, the inspector, or another authority to determine whether or not the delegated responsibilities should be continued.

(11) Upon a finding by the Commission that a historic resource within a historic district or a proposed historic district subject to its review and approval or a historic landmark is threatened with demolition by neglect, the Commission may do either of the following:

(a) Require the owner of the resource to repair all conditions contributing to demolition by neglect.

(b) If the owner does not make repairs within a reasonable time, the Commission or its agents may enter the property and make such repairs as are necessary to prevent demolition by neglect. The costs of the work shall be charged to the owner, and may be levied by the City Commission as a special assessment against the property. The Commission or its agents may enter the property for purposes of this section upon obtaining an order from the Kent County Circuit Court.

(12) When work has been done upon a resource without a permit and the Commission finds that the work does not qualify for a certificate of appropriateness, the Commission may require an owner to restore the resource to the condition the resource was in before the inappropriate work or to modify the work so that it qualifies for a certificate of appropriateness. If the owner does not comply with the restoration or modification requirement within a reasonable time, the Commission may seek an order from the Kent County Circuit Court to require the owner to restore the resource to its former condition or to modify the work so that it qualifies for a certificate of appropriateness. If the owner does not comply or cannot comply with the order of the Court, the Commission or its agents may enter the property and conduct work necessary to restore the resource to its former condition or modify the work so that it qualifies for a certificate of appropriateness in accordance with the Court's order. The costs of the work shall be charged to the owner, and may be levied by the City Commission as a special assessment against the property. When acting pursuant to an order of the Kent County Circuit Court, the Commission or its agents may enter a property for purposes of this Section.

(13) The Commission shall file certificates of appropriateness, notices to proceed, and denials of applications for permits with the inspector of buildings or other delegated authority. A permit shall not be issued until the Commission has acted as prescribed by this Chapter. If a permit application is denied, the decision shall be binding on the inspector or other authority. A denial shall be accompanied with a written explanation by the Commission of the reasons for denial and, if appropriate, a notice that an application may be resubmitted for Commission review when suggested changes have been made. The denial shall also include notification of the applicant's rights of appeal to the State Historic Preservation Review Board and to the Kent County Circuit Court. The failure of the Commission to act within 60 calendar days after the date a complete applica-

tion is filed with the Commission, unless an extension is agreed upon in writing by the applicant and the Commission, shall be considered to constitute approval.

(14) Nothing in the Chapter shall be construed to prevent ordinary maintenance or repair of a resource within a historic district or to prevent work on any resource under a permit issued by the inspector of buildings or other duly delegated authority before the chapter was enacted.
(Ord. No. 93-21, § 2, 5-18-93)

Sec. 5.396. Acceptance of Gift or Grant.

The City Commission may accept State or federal grants; may participate in State and federal programs that benefit historic preservation, and may accept public or private gifts for historic preservation purposes; and may appoint the Commission to administer on its behalf grants and gifts for the purposes herein provided. The City Treasurer shall be custodian of funds of the Commission and authorized expenditures shall be certified to the City Comptroller by the Secretary or other officer designated by the Commission. The Commission shall annually report to the City Commission any money it shall receive or expend.
(Ord. No. 93-21, § 2, 5-18-93)

Sec. 5.397. Right of Appeal.

Pursuant to MCL §399.211, any citizen or duly organized historic preservation organization in the City of Grand Rapids, as well as resource property owners, jointly or severally aggrieved by a decision of the Commission may appeal the decision to the Circuit Court, except that a permit applicant aggrieved by a decision of the Commission may not appeal to the Court without first exhausting the right to appeal to the State Historic Preservation Review Board under MCL §399.205(2).
(Ord. No. 93-21, § 2, 5-18-93)

Sec. 5.398. Historic District Study Committee.

(1) The City Commission may, by ordinance, establish one (1) or more historic districts and historic landmarks. The historic districts and landmarks shall be administered by the Commission established by this Chapter. Before establishing, modifying, or eliminating a historic district or historic landmark, a study complying with this section, including reports and hearings, shall be conducted by a Historic District Study Committee appointed by resolution of the City Commission. A Historic District Study Committee shall contain a majority of persons who have a clearly demonstrated interest in or knowledge of historic preservation and shall contain representation from one (1) or more duly organized local historic preservation organizations. The committee shall do all of the following:

(a) Conduct a photographic inventory of resources within each proposed historic district following procedures established or approved by the Bureau.

(b) Conduct basic research of each proposed historic district and the historic resources located within that district.

(c) Determine the total number of historic and non-historic resources within a proposed historic district and the percentage of historic resources of that total. In evaluating the significance of historic resources, the committee shall be guided by the selection criteria for evaluation issued by the United States Secretary of the Interior for inclusion of resources in the national register of historic places, as set forth in 36 C.F.R. part 60, and criteria established or approved by the Bureau, if any.

(d) Prepare a preliminary historic district study committee report that addresses at a minimum all of the following:

(i) The charge of the committee.
(ii) The composition of the committee membership.
(iii) The historic district or districts studied.
(iv) The boundaries for each proposed historic district in writing and on maps.
(v) The history of each proposed historic district.
(vi) The significance of each district as a whole, as well as a sufficient number of its individual resources to fully represent the variety of resources found

within the district relative to the evaluation criteria.

(e) Transmit copies of the preliminary report for review and recommendations to the City Planning Commission, the Bureau, the Michigan Historical Commission, and to the State Historic Preservation Review Board.

(f) Make copies of the preliminary report available to the public pursuant to subsection (4).

(2) Not less than 60 calendar days after the transmittal of the preliminary report, the committee shall hold a public hearing in compliance with the Open Meetings Act, Act No. 267 of the Public Acts of 1976, as amended, being sections 15.261 to 15.275 of the Michigan Compiled Laws. Public notice of the time, date, and place of the hearing shall be given in the manner required by Act No. 267 of the Public Acts of 1976, as amended. Written notice shall be mailed by first-class mail not less than 14 calendar days before the hearing to the owners of properties within the proposed historic district as listed on the tax rolls of the City Assessor.

(3) After the date of the public hearing, the committee and the City Commission shall have not more than one (1) year, unless otherwise authorized by the City Commission, to take the following actions:

(a) The committee shall prepare and submit a final report with its recommendations and the recommendations, if any, of the City Planning Commission to the City Commission. If the recommendation is to establish a historic district or districts, the final report shall include a draft of a proposed ordinance or ordinances.

(b) After receiving a final report that recommends the establishment of a historic district or districts, the City Commission, at its discretion, may introduce and pass or reject an ordinance or ordinances. If the City Commission passes an ordinance or ordinances establishing one (1) or more historic districts, the City Clerk shall file a copy of the ordinance or those ordinances, including a legal description of the property or properties located within the historic district or districts with the register of deeds. The City Commission shall not pass an ordinance establishing a historic district less than 60 days after a majority of the property owners within the proposed historic district as listed on the tax rolls of the local unit, have approved the establishment of the historic district pursuant to a written petition. However, such a petition shall not be a prerequisite to the establishing, modifying, or eliminating of a historic district or historic landmark as the City Commission in its discretion deems advisable.

(4) A writing prepared, owned, used, in the possession of, or retained by a committee in the performance of an official function shall be made available to the public in compliance with the Freedom of Information Act, Act No. 442 of the Public Acts of 1976, as amended, being section 15.231 to 15.246 of the Michigan Compiled Laws. (Ord. No. 93-21, § 2, 5-18-93)

Sec. 5.399. Historic Districts.

(1) The City Commission may at any time establish by ordinance historic districts and landmarks, including proposed districts and landmarks previously considered and rejected, may modify boundaries of an existing historic district or landmark, or may eliminate an existing historic district or landmark. Before establishing, modifying, or eliminating a historic district or landmark, a historic district study committee appointed by the City Commission shall, except as provided in subsection (2), comply with the procedures set forth in section 5.398 and shall consider any previously written committee reports pertinent to the proposed action.

(2) If considering elimination of a historic district or landmark, a committee shall follow the procedures set forth in Section 5.398 for issuing a preliminary report holding a public hearing and issuing a final report but with the intent of showing one (1) or more of the following:

(i) The historic district has lost those physical characteristics that enabled establishment of the district.

(ii) The historic district was not significant in the way previously defined.

(iii) The historic district was established pursuant to defective procedures.

(3) Upon receipt of substantial evidence showing the presence of historic architectural, archaeological, engineering, or cultural significance of a proposed historic district, the City Commission may, at its discretion, adopt a resolution requiring that all applications for permits within the proposed historic district be referred to the Commission. The Commission shall review permit applications with the same powers that would apply if the proposed historic district was an established historic district. The review may continue in the proposed historic district for not more than one (1) year, or until such time as the City Commission approves or rejects the establishment of the historic district by ordinance, whichever occurs first.

(4) If the City Commission determines that pending work will cause irreparable harm to resources located within an established historic district or a proposed historic district, the City Commission may, by resolution, declare an emergency moratorium of all such work for a period not to exceed six (6) months. The City Commission may extend the emergency moratorium for an additional period not to exceed six (6) months upon finding that the threat of irreparable harm to resources is still present. Any pending permit application concerning a resource subject to an emergency moratorium may be summarily denied.
(Ord. No. 93-21, § 2, 5-18-93)

Sec. 5.400. Historic Landmark Roster.

The Commission shall maintain a roster of historic landmarks and historic sites, which shall include a description of the characteristics of the historic landmark or historic site which justifies its designation, and a description of the particular features that should be preserved, and shall include the location and boundaries of the historic landmark or historic site.
(Ord. No. 93-21, § 2, 5-18-93)

Sec. 5.401. Advice and Guidance to Property Owners.

The Commission, upon request of any property owner, shall render advice and guidance with respect to any proposed work on a designated landmark site or any designated Historic District. In rendering such advice and guidance, the Commission will be guided by the purposes and standards in this Chapter.
(Ord. No. 93-21, § 2, 5-18-93)

Sec. 5.402. Other Duties.

The Commission may:

(1) Assist and collaborate in studies and programs designed to identify and evaluate structures, sites and areas worthy of preservation.

(2) Consult with and consider the ideas and recommendations of civic groups, public agencies, and citizens interested in historic preservation.

(3) Inspect and investigate structures, sites and areas which it has reason to believe worthy of preservation.

(4) Disseminate information to the public concerning those structures, sites and areas deemed worthy of preservation, and may encourage and advise property owners in the protection, enhancement, perpetuation and use of landmarks, historic sites, and other officially recognized property of historic interest.

(5) Consider methods other than those provided for in this Chapter for encouraging and achieving historic preservation, and make appropriate recommendations to the City Commission and other bodies and agencies, both public and private.

(6) Establish such policies, rules and regulations as it deems necessary to administer its duties as herein provided.

(7) Maintain and use its own funds to acquire property, or gifts for historic purposes, grants from State or Federal Govern-

ment, and to administer such resources in accordance with the purposes herein provided.

(Ord. No. 93-21, § 2, 5-18-93)

Sec. 5.403. Acquisition of Historic Resources.

If all efforts by the Commission to preserve a resource fail or if it is determined by the City Commission that public ownership is most suitable, the City Commission, if considered to be in the public interest, may acquire the resource using public funds, public or private gifts, grants, or proceeds from the issuance of revenue bonds. The acquisition shall be based upon the recommendation of the Commission or standing committee. The Commission is responsible for maintaining publicly owned resources using its own funds, if not specifically designated for other purposes or public funds committed for that use by the City Commission. Upon recommendation of the Commission, the City Commission may sell resources acquired under this Section with protective easements included in the property transfer documents, if appropriate.

(Ord. No. 93-21, § 2, 5-18-93)

Sec. 5.404. Violations of Chapter.

(1) A person who violates this Chapter shall be deemed guilty of a misdemeanor and shall be subject to the penalties provided for in Section 1.13 of the City Code.

(2) In addition to the foregoing, a person who violates this Chapter also may be adjudged responsible for a violation of the state "Local Historic Districts Act," MCL § 399.201 et seq., and be subject to the civil penalties and remedies provided for in Section (15) thereof, being MCL § 399.215.

(Ord. No. 93-21, § 2, 5-18-93; Ord. No. 2007-49, § 1, 8-28-07)

Sec. 5.405. Enforcement Fees.

Fees for the following inspection services required for the enforcement of this Article shall be established from time to time by resolution of the City Commission.

(1) Administrative hourly rate;

(2) Special Inspections conducted after business hours, on weekends or holidays, per hour;

(3) Notice of Violation;

(4) Inspection fee for every additional inspection, including but not limited to: court requested, attorney requested, progress inspection at request of owner/manager;

(5) Failure to keep appointment, arrange for inspection, or provide entry for scheduled inspection;

(6) Administrative or Progress Extension;

(7) Ownership Research for any property not occupied by the property owner;

(8) Title Search;

Sec. 5.551. Purpose.

The purpose of this chapter is to preserve Grand Rapids neighborhoods and to further the maintenance, preservation, improvement and development of housing for all persons regardless of income level; to provide that the City, by resolution, may designate one or more neighborhood enterprise zones pursuant to the Michigan Neighborhood Enterprise Zone Act, Public Act 147 of 1992, as amended, being M.C.L.A. 207.771 et seq.; and to encourage, through ad valorem property tax benefits established by said Act, the construction of new structures that have as their primary purpose owner-occupied one or two unit residential housing and the rehabilitation of existing structures having as their primary purpose residential housing consisting of one to eight units, and under specific circumstances for newly constructed market rate rental residential projects, by bringing them into conformity with minimum Building and Housing Code standards and improving the livability of units.
(Ord. No. 2004-27, § 1, 5-25-04; Ord. No. 2013-71, § 1, 11-12-13)

Sec. 5.552. Definitions.

As used in this chapter:

(1) *Certificate of compliance* means a certificate issued by the Building Official, or his or her designee, attesting to the fact that a new, rehabilitated or market rate rental facility for which an enterprise zone certificate is in effect is in compliance with the construction or safety codes of the City.

(2) *Neighborhood enterprise zone* means any zone designated by the City by resolution as a neighborhood enterprise zone pursuant to the requirements of the Michigan Neighborhood Enterprise Zone Act, Public Act 147 of 1992, as amended, being M.C.L.A. 207.771 et seq.

(3) *Neighborhood enterprise zone certificate* means a certificate as defined and issued pursuant to the Neighborhood Enterprise Zone Act.

(4) *New facility* means 1 or both of the following:

(i) A new structure or a portion of a new structure that has as its primary purpose residential housing consisting of 1 or 2 units, 1 of which is or will be occupied by an owner as his or her principal residence. New facility includes a model home or a model condominium unit. New facility includes a new individual condominium unit, in a structure with 1 or more condominium units that has as its primary purpose residential housing and that is or will be occupied by an owner as his or her principal residence.

(ii) A new structure or a portion of a new structure that meets all of the following:

(A) Is rented or leased or is available for rent or lease.

(B) Is a mixed use building or located in a mixed use building that contains retail business space on the street level floor.

(C) Is located in a qualified downtown revitalization district.

(5) *Owner* means the record title holder of, or the vendee of the original land contract pertaining to a new facility or a rehabilitated facility for which a neighborhood enterprise zone certificate is applied for or issued.

(6) *Rehabilitated facility* means an existing structure or a portion of an existing structure with a current true cash value of $80,000.00 or less per unit that has or will have as its primary purpose residential housing, consisting of 1 to 8 units, the owner of which proposes improvements that if done by a licensed contractor would cost in excess of $5,000.00 per owner-occupied unit or 50% of the true cash value, whichever is less, or $7,500.00 per nonowner-occupied unit or 50% of the true cash value, whichever is less, or the owner proposes improvements that would

be done by the owner and not a licensed contractor and the cost of the materials would be in excess of $3,000.00 per owner-occupied unit or $4,500.00 per nonowner-occupied unit and will bring the structure into conformance with minimum Grand Rapids Housing Code standards for occupancy or improve the livability of the units while meeting minimum Grand Rapids Housing Code standards. Rehabilitated facility also includes an individual condominium unit, in a structure with 1 or more condominium units that has as its primary purpose residential housing, the owner of which proposes the above described improvements. Rehabilitated facility also includes existing or proposed condominium units in a qualified historic building with 1 or more existing or proposed condominium units. Rehabilitated facility does not include a facility rehabilitated with the proceeds of an insurance policy for property or casualty loss. A qualified historic building may contain multiple rehabilitated facilities.

(Ord. No. 2004-27, § 1, 5-25-04; Ord. No. 2013-71, § 1, 11-12-13)

Sec. 5.553. Designation of Zones.

The City, by resolution, may designate one or more neighborhood enterprise zones.

(1) A neighborhood enterprise zone for rehabilitation and new construction shall contain not less than ten (10) platted parcels of land. A neighborhood enterprise zone located in a qualified downtown revitalization district may contain less than 10 platted parcels if the platted parcels together contain 10 or more facilities. All the land within a neighborhood enterprise zone shall also be compact and contiguous. Contiguity is not broken by a road, right-of-way, or property purchased or taken under condemnation.

(2) The total acreage of the neighborhood enterprise zones designated under this section shall not exceed fifteen (15) percent of the total acreage contained within the boundaries of the City.

(Ord. No. 2004-27, § 1, 5-25-04; Ord. No. 2013-71, § 1, 11-12-13)

Sec. 5.554. Application for Certificate.

Once a Neighborhood Enterprise Zone is established in the manner provided in Section 5.553 and the Neighborhood Enterprise Zone Act, any person who proposes to construct a new facility or to rehabilitate property located in a Neighborhood Enterprise Zone, and who intends to seek the tax benefits provided in the Neighborhood Enterprise Zone Act, may file an application for a Neighborhood Enterprise Zone Certificate with the City's Economic Development Office. The application must be filed before a building permit is issued for the work proposed and shall be filed in the form and manner prescribed for in said Act. The City shall charge a non-refundable application fee set by City Commission resolution approving City Commission Policy to be paid with the filing of the application. The application for a certificate shall be subject to the requirements, approvals and conditions of the Neighborhood Enterprise Zone Act.

(Ord. No. 2004-27, § 1, 5-25-04; Ord. No. 2013-71, § 1, 11-12-13)

Sec. 5.555. Inspections.

(1) Before the sale of a new facility, rehabilitated or rental facility for which a neighborhood enterprise zone certificate is in effect, an inspection by the City shall be requested and made to determine compliance with the construction or safety codes of the City.

(2) No sale of any new, rehabilitated, or rental facility for which a neighborhood enterprise zone certificate is in effect may be finalized until there is compliance with the construction or safety codes of the City, and a certificate of compliance attesting to the fact is issued by the City Manager or his or her designee.

(Ord. No. 2004-27, § 1, 5-25-04; Ord. No. 2013-71, § 1, 11-12-13)

Sec. 5.556. Issuance of Certificate of Compliance.

(1) A certificate of compliance shall be issued only after the new, rehabilitated, or market rate rental facility has been inspected and meets the requirements of the construction or safety codes of the City. An inspection report shall be completed by the inspector after the inspection is completed. The report shall note all violations found in the facility. Before a certificate of compliance is issued, all violations must be corrected and the required inspection fee paid.

(2) After issuance, a certificate of compliance shall only be valid for one sale of a new, rehabilitated, or market rate rental facility. A new inspection and certificate of approval shall be required each time a new or rehabilitated facility is sold.

(Ord. No. 2004-27, § 1, 5-25-04; Ord. No. 2013-71, § 1, 11-12-13)

Sec. 5.557. Inspection Fee.

The City shall charge a non-refundable inspection fee which shall be set by Commission resolution and paid in advance of the certificate of approval inspection.

Sec. 6.1. Title.

Chapter 71 shall be known as the "Clean Air & Public Places Ordinance" of the City of Grand Rapids.
(Ord. No. 2020-50, § 1, 10-27-20)

Sec. 6.2. Purpose.

This Chapter shall serve to protect the public health, safety and welfare by regulating smoking and related activities in public places and public and private worksites.

A. The Grand Rapids City Commission hereby finds and declares that:

1. The U.S. Surgeon General, National Research Council, and National Academy of Sciences, report that environmental tobacco smoke causes lung cancer in healthy adult nonsmokers and can cause lung function and structure alteration to the fetus of pregnant non-smoking women. Additionally, in utero exposure is known to predispose children to long-term pulmonary risks. Further, these agencies found, separating smokers and nonsmokers within the same air space may reduce but does not eliminate a nonsmoker's exposure to environmental tobacco smoke.

2. The U.S. Environmental Protection Agency (EPA) finds that environmental tobacco smoke is a Group A Carcinogen - a category reserved for known cancer-causing agents in humans.

3. The National Institute for Occupational Safety and Health (NIOSH):

(a) Finds that secondhand smoke poses an increased risk of lung cancer and, possibly, heart disease to people exposed in the worksite,

(b) Recommends that non-smokers should not be exposed to secondhand smoke, and

(c) Finds that nonsmokers can be protected by elimination of smoking in the building, or establishing separately ventilated smoking areas that exhaust directly to the outside.

B. These studies find that tobacco smoke is a major contributor to indoor and outdoor air pollution, and that breathing secondhand smoke is a cause of disease, including cancer, heart disease and stroke in nonsmokers. At special risk are infants, children, teens, pregnant women, elderly people, nonsmokers with long-term exposure to secondhand smoke, individuals with cardiovascular disease, and individuals with impaired respiratory function, including the young, asthmatics and those with obstructive airway disease. Also harmed are those with health conditions induced by breathing secondhand smoke including asthma, lung cancer, heart disease, respiratory infection, decreased respiratory function, including bronchoconstriction and broncho-spasm.

C. Michigan law prohibits the consumption of marihuana in any public place or smoking it where prohibited by the person who owns, occupies, or manages the property.

D. Accordingly, the City of Grand Rapids City Commission finds and declares that the purpose of this chapter is to protect the public health, safety, and welfare by promoting clean air by regulating smoking in places open to the general public and public worksites.
(Ord. No. 2020-50, § 1, 10-27-20)

Sec. 6.3. Definitions.

A. For purpose of this Chapter, the following definitions will be applicable:

1. *"Business"* means any sole proprietorship, partnership, joint venture, corporation of any type, or other business entity, including retail establishments where goods or services are sold as well as any

other entity where legal, medical, dental, engineering, architectural or other services are delivered.

2. *"Business Vehicle"* means a car, bus, van or other motorized device which is owned or leased by an employer for the use of employees.

3. *"Electronic Smoking Device"* means any device that simulates smoking and/or can be used to deliver aerosolized or vaporized nicotine or any other substance to the person inhaling from the device, including, but not limited to, e-cigarettes, e-cigars, e-pipes, vape pens or e-hookah. Electronic smoking device includes any component, part, or accessory of such a device, whether or not sold separately, and includes any simulated smoking and/or contains any substance intended to be aerosolized or vaporized during the use of the device.

4. *"Employee"* means any person who works for or under the direction of an employer in consideration for direct or indirect compensation of any kind, and any person who volunteers his or her services for a nonprofit or business entity.

5. *"Employer"* means any person, business, partnership, corporation, government, or non-profit entity that employs the services of one (1) or more individual persons.

6. *"Enclosed Area"* means all space between a floor and ceiling that is enclosed on all sides by solid walls or windows (exclusive of door or passage ways) which extend from the floor to the ceiling, including all space therein screened by partitions which do not extend to the ceiling or are not solid, office landscaping or similar structures.

7. *"Food Service Establishment"* means any fixed or mobile restaurant, coffee shop, cafeteria, short order cafe, luncheonette, grill, tearoom, sandwich shop, soda fountain, tavern, bar, cocktail lounge, nightclub, drive-in, industrial or commercial feeding establishment, private non-profit or other organization serving the public, rental hall, catering kitchen, delicatessen, theater, commissary, food concession, or similar place in which food or drink is prepared for direct consumption through service on the premises or elsewhere, and any other eating or drinking establishment or operation where food is served or provided for the public. Food service establishment does not include:

   (a) A motel that serves continental breakfasts only.

   (b) A bed and breakfast that has ten (10) or fewer sleeping rooms, including sleeping rooms occupied by the innkeeper, one (1) or more of which are available for rent to transient tenants.

   (c) A bed and breakfast that has at least eleven (11) but fewer than fifteen (15) rooms for rent, if the bed and breakfast serves continental breakfasts only.

   (d) A child care organization regulated by Michigan law unless the establishment is carrying out an operation considered to be a Food Service Establishment under the laws of the State of Michigan.

8. *"Marihuana"* means all parts of the plant Cannabis sativa L., growing or not; the seeds of that plant; the resin extracted from any part of the plant; and every compound, manufacture, salt, derivative, mixture, or preparation of the plant or its seeds or resin. Marihuana does not include the mature stalks of the plant, fiber produced from the stalks, oil or cake made from the seeds of the plant, any other compound, manufacture, salt, derivative, mixture, or preparation of the mature stalks, except the resin extracted from those stalks, fiber, oil, or cake, or any sterilized seed of the plant that is incapable of germination. Marihuana does not include industrial hemp.

9. *"Place of Assembly"* means any area where public or private groups assemble to engage in business, government or social functions.

10. *"Playground"* means any park or recreation area designed in whole or in part to be used by children that has play or sports equipment installed, has been designated or landscaped for play or sports activities, any similar facility located on public or private school grounds, or on grounds owned by the City of Grand Rapids.

11. *"Public"* means the public at large, any portion of the public at large, or any individual member of the public at large.

12. *"Public Place"* means any open or enclosed area to which the public is invited or in which the public or any portion of the public is permitted, including but not limited to, banks, educational facilities, health facilities, laundromats, city parks (including cemeteries), public transportation facilities, playgrounds, reception areas, retail food production and marketing establishments, clubs, retail service establishments, retail stores, theaters and waiting rooms. A private home or dwelling unit is not a "public place."

13. *"Public Transit Vehicles" mean buses, taxicabs, or other* means of public transit.

14. *"Service Line"* means any indoor line at which one (1) or more persons are waiting for or receiving service of any kind, whether or not such service involves the exchange of money.

15. *"Recreation Area"* means any public or private area open to the public for recreational purposes, whether or not any fee for admission is charged, including but not limited to, streets, sidewalks, amusement parks, athletic fields, beaches, fairgrounds, gardens, parks, plazas, skate parks, swimming pools, trails, zoos. Recreation areas do not include golf courses.

16. *"Smoking"* means inhaling, exhaling, burning, vaporizing, or carrying any lighted cigar, cigarette, pipe, weed, or plant, except as part of a religious ceremony or observance.

17. *"Sports Arena"* means sport pavilions, gymnasiums, health spas, boxing arenas, swimming pools, roller and ice rinks, or bowling alleys where members of the general public assemble either to engage in physical exercise, participate in athletic competition, or witness sports events, excluding such facilities, or portions thereof, licensed as a food service establishment.

18. *"Tobacco product"* means any product that is made from or derived from tobacco, or that contains nicotine, that is intended for human consumption or is likely to be consumed, whether smoked, heated, chewed, absorbed, dissolved, inhaled or ingested by any other means, including, but not limited to, a cigarette, e-cigarette (electronic smoking devices), cigar, pipe tobacco, vapor products containing tobacco, alternative nicotine product, smokeless tobacco including, but not limited to chewing tobacco, snuff, snus, and as otherwise defined in Section 2 of the Tobacco Product Tax Act, MCL 205.422.

19. *"Tobacco Specialty Store"* means a retail store utilized primarily for the sale of tobacco products and accessories and in which the sale of other products is incidental.

20. *"Worksite"* means any enclosed area under the control of an employer which employees normally frequent or occupy during the course of employment, including, but not limited to, work areas, common use areas, employee lounges and restrooms, conference and class rooms, employee cafeterias, hallways and vehicles owned by an employer. A private home or dwelling unit is not a "worksite" unless it is used for commercial or industrial

purposes, constitutes a child-care facility during its hours of operation, or health care facility.

(Ord. No. 2020-50, § 1, 10-27-20)

Sec. 6.4. Prohibited Acts.

No person shall:

A. Smoke in any enclosed public or private worksite, or public place (whether open or enclosed) within the City of Grand Rapids, including but not limited to, the following places:

1. All enclosed areas of worksites and public places located within the City of Grand Rapids, including business vehicles that are occupied by more than one (1) person, except as exempted by this regulation.
2. Restrooms, lobbies, reception halls, hallways and any other common-use areas which are open to the public.
3. Buses, taxicabs, and other means of public transit, and ticket, boarding, and waiting areas of public transit depots.
4. Service lines.
5. Retail stores.
6. All areas available to and customarily used by the general public in all business and non-profit entities patronized by the public, including but not limited to, attorney's offices and other offices, banks, laundromats, hotels and motels (including individual rooms), playgrounds, and public parks.
7. All areas located within galleries, libraries and museums.
8. Any facility which is primarily used for exhibiting any motion picture, stage, drama, lecture, musical recital or other similar performance, except performers when smoking is part of a stage production.
9. Sports arenas.
10. Convention halls.
11. Public and private meeting facilities.
12. Waiting rooms, hallways, wards and semi-private rooms of health facilities, including but not limited to hospitals, clinics, physical therapy facilities, doctors' offices, and dentists' offices.
13. Lobbies, hallways, and other common areas in hotels, motels, multiple-tenant office buildings and malls, apartment buildings, condominiums, mobile home parks, retirement facilities, nursing homes, and other multiple-unit residential facilities.
14. Public places where bingo games are held.

B. Dispose of used or unused tobacco product waste within the boundaries of any areas in which tobacco product use is prohibited.

C. Dispose of tobacco products, tobacco by products, or other waste by leaving it on a sidewalk, grass or other landscaped area, street, or any other area not specifically designated as a tobacco product disposal receptacle.

D. Intimidate, threaten any reprisal, effect any reprisal, or otherwise retaliate against another person who seeks to attain compliance with this chapter and other related city policies.

E. Consume marihuana in any public place.

A violation of this section is hereby declared to be a public nuisance.

(Ord. No. 2020-50, § 1, 10-27-20)

Sec. 6.5. Owner May Designate Establishment to be Nonsmoking.

Notwithstanding any other provision of this chapter, any owner of any establishment or facility, or a designated representative of the owner of any establishment or facility, may

declare that entire establishment or facility to be a nonsmoking establishment if not otherwise contrary to applicable State or local law.
(Ord. No. 2020-50, § 1, 10-27-20)

Sec. 6.6. Responsibilities of Employers.

A. It shall be the responsibility of employers to provide a smoke-free worksite as set forth in this chapter.

B. Each employer having a place of employment shall adopt, implement, make known and maintain a written smoking policy. The policy shall contain, at a minimum, the following wording and requirements: Smoking is prohibited in all enclosed areas within this worksite. This includes common work areas, auditoriums, classrooms, conference and meeting rooms, private offices, elevators, hallways, medical facilities, cafeterias, employee lounges, stairs, restrooms, employer owned or leased vehicles, and all other enclosed facilities.

C. The smoking policy shall be communicated to all current employees prior to its effective date, and at the time of employment for all other employees.

D. All employers shall supply a written copy of the smoking policy upon request to any existing or prospective employee.
(Ord. No. 2020-50, § 1, 10-27-20)

Sec. 6.7. Prohibition of Smoking near Entrances, Windows and Ventilation Systems.

Smoking shall be prohibited within at least ten (10) feet of any entrances, windows and ventilation systems of all worksites and public places where smoking is prohibited by this chapter. Any individual who owns, manages, operates or otherwise controls the use of any premises subject to this chapter shall establish a no smoking area which extends no less than ten (10) feet from any entrances, windows and ventilation systems to any enclosed areas where smoking is prohibited. All receptacles for extinguishing smoking materials shall be placed outside of the no smoking area.
(Ord. No. 2020-50, § 1, 10-27-20)

Sec. 6.8. Where Smoking is Not Regulated.

A. Notwithstanding any other provision of this chapter to the contrary, the following areas shall not be subject to the smoking restrictions of this chapter:

1. In private homes or dwelling units, except when used for commercial or industrial purposes or as a child-care facility, health care facility or adult day care facility.
2. Tobacco specialty stores with the appropriate state licensing and approved state exemptions.
3. On privately owned land when the smoking does not create a public nuisance affecting other public areas or adjoining neighbors resulting in complaints to law enforcement or code compliance.
4. "Designated Consumption Establishments" properly licensed by the State, if allowed by Grand Rapids' City Ordinances.
5. Golf courses, except for structures located thereon (clubhouse, etc.).

(Ord. No. 2020-50, § 1, 10-27-20)

Sec. 6.9. Posting of Signs.

A. As of the effective date of this chapter, "This Building is Smoke-Free" signs, "No Smoking" signs, the international "No Smoking" symbol (consisting of a pictorial representation of a burning cigarette enclosed in a red circle with a red bar across it) or other appropriate signs shall be clearly, sufficiently and conspicuously posted where smoking is prohibited by this chapter, or at the direction of the owner. The signage shall be posted by the owner, operator, manager or other person having control of such establishment or facility.

B. Every public place where smoking is prohibited shall have signs conspicuously posted at every entrance clearly stating that smoking is prohibited.

C. All ashtrays or ash receptacles shall be removed from any area where smoking is prohibited by this chapter by the owner, operator, manager or other person having control of such area.
(Ord. No. 2020-50, § 1, 10-27-20)

Sec. 6.10. Enforcement.

A. Enforcement of this chapter shall be implemented by the City Manager, or his or her designee.

B. Any citizen who observes a violation of this chapter may report such violation to the City Manager, or his or her designee.

C. Any owner, manager, operator or employee of any establishment regulated by this Chapter shall inform persons who are in violation of this Chapter of the appropriate provisions thereof.

D. Person(s) who violate or fail to comply shall be subject to one or more of the following:

1. A request to stop smoking or using the prohibited product;
2. A request for the individual to leave the premises subjecting him/her to possible prosecution for trespass under state law if they refuse;
3. Liable for a civil infraction, in accordance with the civil fines set forth in this code, Section 9.857.71 of Title IX, Chapter 170.

E. Except as otherwise provided herein, enforcement is at the sole discretion of the City of Grand Rapids. Nothing in this chapter shall create a right of legal action against the City of Grand Rapids, its agents, or assigns for deciding not to compel enforcement. This chapter does not create third party beneficiary rights or form the basis for any private legal action amongst and/or between private parties.
(Ord. No. 2020-50, § 1, 10-27-20)

Sec. 6.11. Violations and Penalties.

A. No person who owns, manages, operates, or otherwise controls the use of any premises subject to this chapter shall fail to comply with any of its provisions. The owner, operator and manager of such premises are jointly and severally responsible for a municipal civil infraction whether present or not.

B. It shall be unlawful for any individual to smoke in any area where smoking is prohibited by the provisions of this chapter. Any individual violating this section shall be subject to a warning. Upon being warned, the individual shall extinguish smoking materials or to leave the premises. If she or he refuses either to leave the premises or to extinguish smoking materials, he or she shall be responsible for a municipal civil infraction.

C. Any individual who owns, manages, operates or otherwise controls the use of any premises subject to jurisdiction under this chapter is required to take all necessary steps to enforce the provisions of this chapter. In the event that these steps are not taken, and should a violation of any provision of this chapter occur, that individual who owns, manages, operates, or otherwise controls the use of any premises shall be responsible for a municipal civil infraction and/or any other penalty authorized under state law.
(Ord. No. 2020-50, § 1, 10-27-20)

Sec. 6.12. Other Applicable Laws.

This chapter shall not be interpreted or construed to permit smoking where it is otherwise restricted by other applicable laws.
(Ord. No. 2020-50, § 1, 10-27-20)

Sec. 6.13. Severability.

If any provision, clause, sentence or paragraph of this chapter or the application thereof to any person or circumstances shall be held invalid, such invalidity shall not affect the other provisions of this chapter which can be given effect without the invalid provision or application, and to this end the provisions of this chapter are declared to be severable. To the extent a particular state law provides for additional regulations and penalties, those regulations and penalties shall apply in addition to those outlined in this chapter.
(Ord. No. 2020-50, § 1, 10-27-20)

Sec. 6.14. Effective Date.

This amended chapter shall be and effective January 1, 2021. Any previous versions of this chapter in conflict with the provisions herein are hereby repealed and replaced.

ARTICLE 1. FINDINGS AND DEFINITIONS

Sec. 6.31. Findings.

The City Commission finds that the use of certain groundwater wells and water supplies from such wells for human consumption or other purposes may constitute a public health and welfare risk and endanger the safety of the residents of Grand Rapids. The identified public health and welfare risk affects premises that are located in the vicinity of sites that are the source or location of contaminated groundwater, or where there is a known and identified threat of contaminated groundwater from a release. The Commission has determined to prohibit certain uses of water from wells at properties located in the vicinity of such contaminated sites in order to minimize the public health and welfare risk and protect the City's residents.
(Ord. No. 2002-28, § 1, 5-21-02)

Sec. 6.32. Definitions.

As used in this Chapter, the following definitions shall apply:

(1) *Affected premises* shall mean a parcel of property any part of which is located within a restricted zone.

(2) *Contamination* means groundwater contamination in concentrations that exceed the residential drinking water criteria established by the MDEQ in operational memoranda or rules pursuant to Part 201, Environmental Remediation, or Part 213, Leaking Underground Storage Tanks, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended, dependent upon whether the release is regulated pursuant to Part 201 or Part 213.

(3) *Applicant* means a person who applies for the establishment of a restricted zone and accompanying regulations pursuant to this Chapter.

(4) *MDEQ* means the Michigan Department of Environmental Quality or its successor agency.

(5) *Person* means any individual, co-partnership, corporation, association, club, joint venture, estate, trust, and any other group or combination acting as a unit, and the individuals constituting such group or unit.

(6) *Restricted Zone* means an area legally described and incorporated within this Chapter and within which the prohibition of groundwater wells applies. A map of each Restricted Zone shall be included in the Section of this Ordinance adopted for that Restricted Zone pursuant to Article 3 of this Chapter.

(7) *Well* means an opening in the surface of the earth for the purpose of removing water through non-mechanical or mechanical means for any purpose other than a public emergency or conducting response actions that are consistent with the Michigan Natural Resources and Environmental Protection Act, the Comprehensive Environmental Response, Compensation and Liability Act, the Resource Conservation and Recovery Act, or other applicable statute. Well does not include sump pumps, but the exposure pathways related to a sump pump (e.g., indoor air, groundwater contact) may require evaluation as part of the response action process pursuant to Part 201 or Part 213 of the Michigan Natural Resources and Environmental Protection Act, or other similar state or federal statute or regulation.
(Ord. No. 2002-28, § 1, 5-21-02)

ARTICLE 2. BUTTERWORTH LANDFILL RESTRICTED ZONE

Sec. 6.33. Butterworth Landfill Restricted Zone Regulations.

(1) *Purpose and Intent.* The City of Grand Rapids has entered into a Consent Decree with the United States Environmental Protection Agency concerning environmental remediation at the Butterworth Landfill. A provision of that Consent Decree requires the City to enact an ordinance to prohibit the drilling or use of groundwater wells within approximately 700 feet of the east and

west perimeter of the Landfill, and within 200 feet of the north perimeter of the Landfill, and between the Butterworth Landfill and the Grand River along the south perimeter of the Landfill. This restriction is needed in order to protect the public from consumption and other contact with potentially hazardous contaminants which may be contained in water drawn from any such wells, and also to prevent the migration of any contaminated groundwater which may exist underneath or in the vicinity of the Landfill, which may occur if groundwater is drawn from wells in close proximity to the Landfill. This section is intended to comply with that provision of the Consent Decree and, at the same time, protect the health, safety, and welfare of residents and occupants of property in close proximity to the Landfill.

(2) *Butterworth Landfill Restricted Zone.* The following describes the Butterworth Landfill Restricted Zone for purposes of this Chapter:

Those parts of Section 35, 34 & 26, T7N, R12W, City of Grand Rapids, Kent County, Michigan described as: Commencing at the point of intersection of the center thread of the Grand River with a line lying 300 feet Westerly of and parallel with the West line of said Section 35; thence Northerly, along said parallel line, to its intersection with the Westerly Right-of-Way line of the I-196 Expressway; thence Northerly, along said Westerly Right-of-Way line of the I-196 expressway, to its intersection with a line lying 100 feet North of and parallel with the North line of said Section 35; thence Easterly, along said parallel line lying 100 feet North of and parallel with the North line of said Section 35, to its intersection with a line lying 700 feet East of and parallel with the East 1/8 line of said Section 35 and the Northerly extension thereof; thence Southerly, along said parallel line and its Northerly extension, to the centerline thread of the Grand River; thence Westerly, along said centerline thread, to the place of beginning.

The map attached as Exhibit A depicts the boundaries of the Butterworth Landfill Restricted Zone.

(3) *Water Wells Prohibited.* From and after the effective date of this ordinance, no person shall install or use or allow or permit or provide for the installation or use of a groundwater well on any affected premises within the Butterworth Landfill Restricted Zone.

(Ord. No. 2002-28, § 1, 5-21-02)

Editor's note—Exhibit A is not set out herein, but is on file and available for inspection in the offices of the city.

ARTICLE 3. OTHER RESTRICTED ZONES

Sec. 6.34. Other Restricted Zones.

(1) *Procedure for Establishing Other Restricted Zones.* Other restricted zones shall be established on a case-by-case basis following the procedures set forth in this Chapter. The boundaries of each such restricted zone, and the regulation of wells within each zone, shall be tailored to address the specific problems posed by each site and the nature and extent of contaminated groundwater necessitating the establishment of a restricted zone. After the City Commission establishes a restricted zone, the restricted zone and its accompanying regulations shall be described and published as part of Article 4 of this Chapter.

(2) *Procedure for Establishing.* The procedure for establishing a restricted zone shall be as follows:

(a) An Applicant shall first file a notice of intent with the City Manager or his/her designee advising the City of the Applicant's interest in establishing a restricted zone and accompanying groundwater use regulations pursuant to this Ordinance. Along with the notice, the Applicant shall pay a fee established by resolution of the Commission which shall be established at a level intended to cover the City's anticipated out-of-pocket expenses to review and respond to the notice. The notice shall describe the proposed location of the restricted zone, the nature of the proposed use restrictions, a preliminary map of the restricted zone, and the proposed time schedule for implementation of the restrictions. The City will provide to the Applicant a prelimi-

nary and non-binding indication of the City's potential willingness to adopt the proposed restricted zone and regulations. The Applicant shall seek and obtain MDEQ's approval of the proposed restricted zone and regulations prior to filing an Application with the City.

(b) After MDEQ approves the proposed restricted zone and groundwater use regulations, an Applicant shall apply to the City in a form specified, or on a form provided, by the City Manager or his or her designee.

(c) Along with the application, the Applicant shall pay an application fee established by resolution of the City Commission. The fee shall be established at a level intended to cover the City's anticipated out-of-pocket expenses to establish a restricted zone, as well as a reasonable portion of the City's costs in administering and enforcing this Chapter.

(d) The application shall at a minimum contain or provide the following, which may be provided as part of the Remedial Action Plan ("RAP") or other documents submitted to MDEQ, provided that the Applicant provides appropriate cross-references to the responsive part of the RAP or other documents:

1. The name, address, and phone number of the Applicant, as well as each person having an interest as owner, tenant, easement holder or mortgagee in the real property which is the source or site of contamination.
2. The street address and legal description of the real property which is the source or site of contamination, and the nature of the Applicant's relationship to that property and involvement concerning the contamination.
3. The nature and extent of the contamination, both in summary form in plain English, and in detail in technical terms, stating the types and concentrations of contaminants; a map or survey showing their current location; a statement of their likely or anticipated impact on groundwater and the nature of the risks presented by the use of the groundwater, as well as the likely or anticipated path of migration if not remediated or corrected; and a detailed statement of any plan to remediate, correct, and/or contain the contamination.
4. A detailed map and legal description of the proposed restricted zone.
5. The street address and legal description of all affected premises.
6. The names, addresses (mailing and street), and phone numbers of all persons with an interest as owner, tenant, easement holder or mortgagee of all affected premises.
7. The location, current status, and usage characteristics of all existing groundwater wells within the proposed restricted zone.
8. A detailed statement or description of the proposed regulation or prohibition of the use of existing and future wells within the restricted zone that is required to adequately protect the public health and welfare from hazards associated with the use of such wells, including a description of permissible uses, if any, of wells in the restricted zone.
9. A description and time schedule for any actions the Applicant will take to implement any remediation plan, mitigate the adverse impact of the regulations (e.g., provide substitute water service), and to properly close and abandon any existing wells subject to the use prohibition within the restricted zone.
10. A complete copy of the proposed restricted zone and accompanying groundwater use regulations, and all supporting documentation, as submitted to the MDEQ, along with a written statement from an MDEQ

representative with approval authority stating that the proposed restricted zone and use regulations have received MDEQ approval as part of the response actions for the groundwater contamination. The MDEQ approval may be contingent upon the City's establishment of the restricted zone pursuant to this Chapter.

11. Copies of the notice provided to the Kent County Health Department concerning the restricted zone and accompanying regulations, and the Health Department's written acknowledgment that it will not issue permits for prohibited wells within the restricted zone.

(e) Once the City Manager or his or her designee is satisfied that the application is complete, the City Manager shall place the matter on the City Commission agenda to set a date, time, and place for a public hearing on the application.

(f) After the City Commission sets the public hearing, the City Manager or his or her designee shall cause a written notice of the hearing to be sent by first class mail to all persons, from the list provided by the Applicant as part of the application, having an interest as owner, tenant, easement holder or mortgagee in any of the affected premises. The notice shall contain a brief statement regarding the Application fairly designed to inform the recipients of its main features and potential impact on the recipients in general. The notice shall be mailed at least ten (10) days, but not more than twenty (20) days, prior to the date of the hearing. The notice shall also be mailed to the MDEQ representative who gave the approval of the proposed restricted zone and use regulations and the MDEQ District Supervisor for the MDEQ regulatory program with jurisdiction over the contaminated site.

(g) After the public hearing, the City Commission shall act on the application within thirty (30) days, unless it determines that it needs more information before it can decide. In that case, it shall act on the application within thirty (30) days after it has received the additional information.

(h) It shall take four (4) affirmative votes of the City Commission to establish, amend, or repeal a restricted zone and/or accompanying regulations and restrictions.

(i) Upon the establishment of a restricted zone and accompanying regulations and restrictions, the Applicant shall do all of the following in a timely manner:

1. Within 10 days of the City Commission action, cause a notice of the City Commission action to be recorded with the Kent County Register of Deeds. Such notice shall be in a form approved by the City. It shall be recorded in a manner designed to insure that it serves as record notice of the substance and effect of the City Commission action with respect to all affected premises within the restricted zone.

2. Within 30 days of recording the notice, provide the City Clerk, the Kent County Health Department, and the MDEQ (Chief and District Supervisor for the regulatory program with jurisdiction) with copies of the recorded notice clearly showing the date of recording and the liber and page numbers where recorded.

3. Complete the steps as stated and scheduled in the application, as modified by City Commission approval, to close and abandon any existing wells as required and mitigate the adverse impact the approved regulations and restrictions on the use of wells would have on the owner or occupants of the affected premises. Provide the City with proof satisfactory to the City Manager or his or

her designee that such steps have been completed pursuant to the approved schedule.
(Ord. No. 2002-28, § 1, 5-21-02)

Sec. 6.35. Failure to Comply with Section 6.34(i).

If an Applicant fails to comply with any requirement of Section 6.34(i) of this Chapter, the City shall notify the Applicant of the non-compliance and provide a specified opportunity to cure the non-compliance. If the Applicant fails to cure any non-compliance as required by the City, the City shall take appropriate action, which may include the repeal of the portion of Article 4 of this Chapter which contains the restricted zone and regulations established pursuant to the Applicant's request. If the City repeals a portion of Article 4 pursuant to this Section, the City shall file an appropriate notice with the Register of Deeds.
(Ord. No. 2002-28, § 1, 5-21-02)

Sec. 6.36. Prohibited Act in Other Restricted Zones.

After the City Commission establishes a restricted zone and accompanying regulations and restrictions, it shall be unlawful for any person to install, use, or permit anyone else to install or use, a well within the restricted zone contrary to those regulations and restrictions.
(Ord. No. 2002-28, § 1, 5-21-02)

Sec. 6.37. Amendment or Repeal of a Restricted Zone and Regulations.

An Applicant or other interested party may request in writing that the City repeal or amend a restricted zone and its regulations if all or a portion of the restricted zone or regulations have become unnecessary due to improved conditions in the affected groundwater. The request must describe the justification for the repeal or amendment, and include the MDEQ's written and specific concurrence with the requested action.
(Ord. No. 2002-28, § 1, 5-21-02)

ARTICLE 4. OTHER RESTRICTED ZONES—DESCRIPTION OF ESTABLISHED ZONES AND THEIR REGULATIONS [RESERVED]

Sec. 6.38. [Reserved].

ARTICLE 5. PENALTIES AND MISCELLANEOUS PROVISIONS

Sec. 6.39. Penalties and Remedies for Violation.

Any person violating this Chapter shall be guilty of a misdemeanor punishable by a jail term of up to ninety (90) days and a fine of up to Five Hundred Dollars ($500). Each day a violation continues shall be deemed a separate offense. In addition, the City may seek an order from a court of competent jurisdiction to restrain any person from violating this Chapter, including the collection of costs and attorney fees associated with such enforcement action. Any well in violation of this Chapter is hereby declared and deemed a nuisance, subject to abatement, and shall be immediately taken out of service and properly and lawfully abandoned. Any person found to be responsible for installing, permitting, maintaining, or using such well is subject to being ordered by a court of competent jurisdiction to properly and lawfully remove or abandon such well.
(Ord. No. 2002-28, § 1, 5-21-02)

Sec. 6.40. Building or Improvement Permit.

No permit for building, alteration or other required permit for a premises or improvement thereon shall be issued by the City for any premises found in violation of this ordinance, or where it is proposed to install or use a well in violation of this ordinance.
(Ord. No. 2002-28, § 1, 5-21-02)

Sec. 6.41. Notice of Proposed Amendment.

At least thirty (30) days prior to any amendment or repeal of this Chapter in whole or in

part, the City shall notify the Michigan Department of Environmental Quality of its intent to so act.
(Ord. No. 2002-28, § 1, 5-21-02)

Sec. 6.42. Saving Provision.

If any portion of this Chapter is held invalid or unconstitutional by any court of competent jurisdiction, such portion shall be deemed a separate, distinct, and independent provisions, and such holding shall not affect the validity of remaining portions of the Chapter, it being the intent of the City that provisions of this Chapter be fully severable. The City shall promptly notify the Michigan Department of Environmental Quality upon the occurrence of any event described in the preceding sentence.
(Ord. No. 2002-28, § 1, 5-21-02)

Sec. 6.115. Severability.

*__Editor's note—__Ord. No. 2019-02, § 1, adopted January 8, 2019, amended chapter 74 in its entirety to read as herein set out. Former chapter 74 §§ 6.100—6.116, pertained to pilot mobile food business ordinance. See Code Comparative Table for complete derivation.

Sec. 6.100. Title.

This Chapter 74 shall be known as the "Mobile Food Business Ordinance" of the City of Grand Rapids.
(Ord. No. 2019-02, § 1, 1-18-19)

Sec. 6.101. Purpose.

The purpose of this Chapter is to establish a pragmatic policy framework for managing mobile food Businesses in the City's public and open space and rights-of-way areas in order to support culinary entrepreneurship, small Business development, place-making and increased vibrancy in the City of Grand Rapids. This ordinance advances implementation of GR Forward, an amendment to the City Master Plan adopted by the City Commission in December 2015 and does so in a way that promotes the public health, safety, and welfare.
(Ord. No. 2019-02, § 1, 1-18-19)

Sec. 6.102. Definition.

Mobile Food Business (Business) shall mean a business serving or offering for sale food and/or beverages from a mobile food unit which means for purposes of this ordinance a self-contained, fully enclosed unit including trailers.
(Ord. No. 2019-02, § 1, 1-18-19)

Sec. 6.103. Zoning Ordinance Suspended.

During the existence of this ordinance, any and all applicable Zoning Ordinance provisions are hereby suspended only insofar as they apply to Mobile Food Businesses locating on public property (which includes for purposes of this ordinance all publicly owned property, public open spaces and public rights-of-way within the designated areas set forth in this ordinance). Any Mobile Food Business that seeks a license to operate on private property shall remain subject to the City's Special Land Use Application and Review Standards. Other provisions of the City Code relating to cart businesses in Chapter 46 and relating to licensing and regulation generally in Chapter 91 shall remain in full force and effect to the extent that they do not conflict with this Chapter.
(Ord. No. 2019-02, § 1, 1-18-19)

Sec. 6.104. License Required.

No Business shall operate a Mobile Food Business on publicly owned property without a valid Business license required under this section. To the extent authorized by any such license granted under the provisions of this section, the licensee may conduct such licensed Business on publicly owned property only in accordance with this ordinance. Licenses issued after July 1, 2019, shall be valid for one year from the date of issuance.
(Ord. No. 2019-02, § 1, 1-18-19)

Sec. 6.105. Application for License.

Businesses seeking to engage in Mobile Food vending shall make a written application to the City Clerk for a license under this Chapter. The application for license shall be on forms provided by the City Clerk and shall be accompanied by a fee established by resolution of the City Commission. Application information required shall include the following:

(1) Name of the applicant and Business, signature, phone number, email contact and Business address of the applicant.

(2) Information on the Mobile Food Business, including the year, make and model of the vehicle or unit and its dimensions.

(3) Copies of all necessary licenses or permits issued by the Kent County Health Department and/or the State of Michigan.

(4) Written consent of fire safety and generator noise decibel and exhaust compliance by the Grand Rapids Fire Department.

(5) A signed statement that the licensee shall hold harmless the City, any applicable special service district and their officers and employees, and shall indemnify the city, any applicable special service district, and their officers and employees for any claims for damage to property or injury to persons which may occur as a result of any activity carried on under the terms of the license.

(6) Proof of insurance coverage.

a. Proof of Commercial General Liability policy with limits of no less than one million dollars ($1,000,000.00) per occurrence with a two million dollar ($2,000,000.00) general aggregate including products liability issued by an insurer licensed to do Business in the State of Michigan and which names the City as an additional insured.

b. Proof of public liability and Property Damage motor vehicle policy with limits of no less than one million dollars ($1,000,000.00) used by an insurer licensed to do Business in the State of Michigan.

(7) A license issued under this ordinance is valid for a Mobile Food Business and its employees.

(8) A license issued under this ordinance shall not be transferable from one Mobile Food Business to another.

(Ord. No. 2019-02, § 1, 1-18-19)

Sec. 6.106. Processing fees.

Fees required by this Code for license applications shall be paid to the City Treasurer prior to submission of the application. Prior to the issuance of a license pursuant to the provisions of this Chapter, fees required by this Code for the issuance of a license shall be paid to the City Treasurer. Processing fees are non-refundable. Except as otherwise provided for by law or in this Code, fees required by this Code shall be set out in Chapter 92 of this Code.

(Ord. No. 2019-02, § 1, 1-18-19)

Sec. 6.107. Locations Permitted.

Businesses licensed under this ordinance shall be permitted to operate only on publicly owned property (public property, open spaces, public rights-of-ways) in accordance with the terms of their license within the City of Grand Rapids. All special event permitting ordinances and requirements in the City continue to apply and to be in full force and effect in addition to this ordinance. The provisions of this Chapter shall not apply to vending in connection with Special Events as provided for in this Code in which case the Special Events provisions of this Code and any resolution adopted in connection with the special event shall apply.

All Businesses wishing to locate in a public park or open space shall comply with City Department of Parks and Recreation requirements and fees.

All Businesses wishing to locate in parking meter locations or designated on-street locations shall comply with City Parking Department (Mobile GR) requirements and fees.

Businesses shall be allowed to operate within the following designated areas as described below and as reflected on the attached maps which are adopted and incorporated in this Chapter as if fully set out. Copies of the maps are available at the Office of the Grand Rapids City Clerk located on the second floor of City Hall, 300 Monroe Ave., NW, Grand Rapids, Michigan:

(1) Gillett Bridge - The area on the Gillett Bridge pedestrian crossing from the east to west bank of the Grand River.

(2) Lyon Square - The paved public plaza area at the western terminus of Lyon Street SW.

(3) Calder Plaza - The concrete public plaza surrounding the City-County Building. This zone also includes the metered parking spaces on the west side of Ottawa Avenue NW between Michigan Street and Lyon Street.

(4) Canal Park - The paved public parking area within Canal Park. Also the metered parking spaces on the west side of Monroe Avenue NE adjacent to Canal Park.

(5) Sixth Street Park - The paved public parking area within Sixth Street Park. Also the metered parking spaces on the west side of Monroe Avenue NE adjacent to Sixth Street Park.

(6) Coldbrook Edge - The paved parking area along the east bank of the Grand River south of the Grand Rapids Fire

Department station, north of the electrical transformer and west of the City Water Facility at 1101 Monroe Avenue NW.

(7) Ionia Ave SW - The metered parking area along the west side of Ionia Avenue SW from Williams Street SW to Wealthy Street SW.

(8) Grandville Ave - The metered parking on the east and west side of Grandville Avenue SW from the area underneath the 131 overpass to Cherry Street SW.

(9) Commerce Ave - The metered parking area on the east and west side of Commerce Avenue SW from Oakes Street SW to Cherry Street SW.

(10) Century Ave - The on-street parking area on the east and west sides of Century Avenue SW from Wealthy Street SW to Logan Street SW.

(11) Fulton Street/131 overpass - The off-street public right-of-way areas to the north and south of Fulton Street W immediately under the 131 overpass.

(12) Rosa Parks Circle - The paved area along the east side of Rosa Parks Circle from Monroe Center Street NW to Louis Street NW.

(13) 22 Ottawa Avenue NW - The surface public parking located at the corner of Ionia Avenue NW and Fulton Street W commonly known as "the Wedge lot."

(15) Fulton Street Farmers Market (1145 E Fulton Street) - Space shall continue to be eligible for food trucks within Fulton Street Farmers Market (FSFM) boundaries according to the agreements between FSFM management and Businesses.

(16) Crescent Park - The metered parking spaces on Bostwick Avenue NE from Crescent Street NE to Michigan Street NE.

(17) Kendall College/GRCC - The metered spaces on the north side of Fountain Street NW from Ionia Ave NW to Library NE.

(18) Kendall College - The metered parking spaces on Pearl Street NW from Ionia Ave NW to Division Avenue N.

(19) Fulton Street Bridge - The metered parking spaces on the bridge over the Grand River.

Potential areas within the Corridor Improvement Authority Districts, (CIDs, formed pursuant to PA 280 of 2005, as amended, or PA 57 of 2018), subject to CID recommendation and City Commission approval, may be added to the designated area maps in the future pursuant to the ordinance amendment process.

As the City of Grand Rapids seeks to incrementally expand the use of Mobile Food Businesses through this initiative, the City will accept proposals from the public regarding potential new designated locations. All proposals should be submitted to the City Manager's Office. In order to qualify, proposed locations must be publicly-owned facilities. If approved, the proposed location will be incorporated into this Chapter as a recognized designated location pursuant to the ordinance amendment process. The City is not obligated to approve proposed locations.
(Ord. No. 2019-02, § 1, 1-18-19)

Sec. 6.108. Temporary Limited Permit.

A licensed Mobile Food Business may procure a temporary permit to operate in the public right-of-way outside of the designated locations defined by this Chapter in order to serve at the request of the public. Businesses may make an application for a temporary permit through Mobile

GR utilizing its meter reservation program. Such application shall, in addition to information required by Mobile GR, include the following:

(1) Name and License Number of Mobile Food Business issued through the City Clerk's office.

(2) Written and signed request of public entity for Business to provide service. Request must include:

a. Date and Times of Service, including the start and end times of service;

b. Address of Service location, including meter numbers if applicable;

c. Name, phone number, e-mail contact and address of public entity;

d. Estimated number of people to be served.

Mobile Food Businesses operating under a temporary permit shall adhere to all of the following guidelines:

(1) All operating guidelines as defined by this Chapter.

(2) Businesses shall comply in all respects with state and local law.

(3) Businesses must provide evidence of a specific request for service outside of a designated zone.

(4) Vending may take place only between the hours of 8:00 a.m. and 10:00 p.m. and the duration shall not exceed four (4) hours.

(5) Businesses must obtain a meter reservation through Mobile GR.

(Ord. No. 2019-02, § 1, 1-18-19)

Sec. 6.109. Mobile Food Business Special Event Permit.

A licensed Mobile Food Business may procure a one-time Mobile Food Business Special Event Permit to operate in the public right-of-way within the designated locations defined by this Chapter in order to operate during officially sanctioned Special Events overseen by the City of Grand Rapids Special Events Office. Businesses may make an application for a Mobile Food Business Special Events Permit, just as it would for any other type of permit, at the City Clerk's Office. The organizer of the Special Event must then notify the Special Events Office, which will consider inclusion and approval of the Mobile Food Business within the context of the Special Event being evaluated, and will specify the terms and conditions of the authorization within the Special Event Authorization Permit issued for the event as whole.

Mobile Food Businesses operating under a Mobile Food Business Special Event Permit shall adhere to all terms within the Special Events Authorization Permit as well as the following:

(1) All operating guidelines as defined by this Chapter.

(2) All state and local laws.

(3) All fee schedules as adopted by the City Clerk's office for a Special Event Mobile Food Business Permit.

(Ord. No. 2019-02, § 1, 1-18-19)

Sec. 6.110. Operating Guidelines.

(1) Businesses shall be ready to provide visual proof of the City License and all necessary Kent County Health Department and/or State of Michigan permits at all times.

(2) Hours of Operation.

a. In Parks, from dawn until dusk, consistent with other Park activities.

b. In Industrial Designated Areas, twenty-four (24) hours, seven (7) days a week.

c. In Downtown Designated Areas, 6:00 a.m. until 2:30 a.m.

d. After City Commission approval and following recommendations from CID Boards relating to locations and hours, certain CID areas may be eligible in the future.

e. These hours will be strictly enforced.

(3) All Mobile Food Businesses shall offer a waste container for public use which the Business shall empty at its own expense. All waste originating from the Mobile Food Business operation shall be collected and disposed of off-site by the Business each day. Spills of food or food

by-products shall be cleaned up and no dumping of gray water on the street or in parks and storm drains is allowed. Businesses should take appropriate precautions to prevent spills or other damages to the public property, including park land, sidewalks and streets. Businesses will be liable to pay for any damages to the public property as a result of their operation. Businesses are responsible for all grey water, grease, and other food waste, which shall NOT be dumped or disposed of on or into public property including drains.

(4) No Mobile Food Business shall make or cause to be made any unreasonable or excessive noise. No loud music or amplified announcements are permitted. Additionally, all generators must operate at a level of eighty (80) decibels or lower when measured from a distance of fifteen (15) feet. Initial inspection by the Fire Department will include generator noise testing.

(5) All Mobile Food Businesses shall direct exhaust away from the service side of the vehicle. Initial inspection by the Fire Department will include exhaust compliance.

(6) Signage shall be placed on the Mobile Food Business. Separate free-standing signs are permitted in accordance with the City's existing encroachment regulations.

(7) No flashing or blinking or strobe lights are allowed when the Mobile Food Business is Parked and in service. All exterior lights more than sixty (60) watts shall contain opaque hood shields to direct illumination downward.

(8) Power required for a Mobile Food Business located in the public right-of-way shall be self-contained and self-provided but a Mobile Food Business may request authorization from the City Clerk's office to utilize public utilities where available. No power cable shall be extended on or across any city street or sidewalk except in a safe, concealed manner designed to prevent tripping.

(9) Mobile Food Businesses shall not park adjacent to street trees, bicycle racks, refuse containers or other streetscape amenities in a way that congests efficient pedestrian travel.

(10) On-street parking and curbside service is permitted when in compliance with all ordinances, regulations, parking zones and posted signage.

(11) When on-street, the Business shall provide service on the curbside only and the Mobile Food Business shall be parked within one (1) foot of the curb. No service shall be provided on the driving lane side of the Mobile Food Business.

(12) Parking at metered spaces is allowed and subject to the following conditions:

a. A Mobile Food Business may reserve metered spaces through and in compliance with the City's Meter Reservation Program or it may choose to pay the posted meter rate as required, except that Temporary Limited Permits allowed in Section 6.109 may only be used in conjunction with the meter reservation program administered through Mobile GR.

b. The Mobile Food Business shall comply with all posted requirements and fees.

c. No Mobile Food Business, including any trailer, shall occupy more than two (2) metered Parking spaces. Trailers may be detached from the vehicle while in operation.

d. No Mobile Food Business shall have the right to occupy any particular space except through the licensing process.

(13) No vending is allowed within fifteen (15) feet of a fire hydrant.
(Ord. No. 2019-02, § 1, 1-18-19)

Sec. 6.111. Impoundment.

Any equipment associated with the Mobile Food Business that is not in compliance with this Chapter and left on public property may be impounded at the owner's expense.
(Ord. No. 2018-57, § 1, 9-18-18; Ord. No. 2019-02, § 1, 1-18-19)

Sec. 6.112. Other Permits or Licenses or Authorizations.

A license or permit obtained under this Chapter shall not relieve any Business of the responsibil-

ity for obtaining any other permit or license or authorization required by any other ordinance, statute or administrative rule.
(Ord. No. 2019-02, § 1, 1-18-19)

Sec. 6.113. Revocation.

The City Clerk may revoke the permit of any Business engaged in Mobile Food Vending who fails to meet any requirement of this Chapter or violates any other federal, state or local law, makes a false statement on their application, or takes part in any activity adverse to the protection of the public health, safety and welfare.

Immediately upon such revocation, the City Clerk shall provide written notice to the permit holder by certified mail to their place of Business or residence as indicated on the application. Immediately upon such revocation the permit shall become null and void.
(Ord. No. 2019-02, § 1, 1-18-19)

Sec. 6.114. Complaints and Appeals.

If a valid written complaint is filed with the City Clerk alleging that a Business has violated the provisions of this Chapter, the City Clerk shall promptly send a copy of the written complaint to the Business together with a notice that the Clerk's Office will investigate the truthfulness of the complaint. The City Clerk shall invite the Business to respond to the complaint, present evidence and respond to any evidence discovered during the investigation. If the City Clerk, after reviewing all relevant material, finds the complaint is supported by a preponderance of the evidence, the City Clerk shall certify the complaint.

If a license is denied or revoked by the City Clerk, the applicant or holder of a license may appeal to and have a hearing before the City Manager. The City Manager shall make a written determination, after presentation by the applicant or licensee and the City Clerk as to whether or not the grounds for denial, revocation or complaint are valid. If the City Manager determines that such grounds are supported by a preponderance of the evidence, the action of the City Clerk or filing of the complaint shall be sustained. The applicant or licensee may then appeal the City Manager's decision to a court of competent jurisdiction.
(Ord. No. 2019-02, § 1, 1-18-19)

Sec. 6.115. Severability.

If any portion of this ordinance is found by a court of competent jurisdiction to be invalid, the remainder of the ordinance shall survive and remain in full force and effect.
(Ord. No. 2019-02, § 1, 1-18-19)

Sec. 7.1. Definitions.

As used in this Title, the following words and phrases shall have the meanings ascribed to them in this Section.

(1) *City Clerk* and *Clerk* shall mean the City Clerk of the City of Grand Rapids.

(2) *City Commission* and *Commission* shall mean the City Commission of the City of Grand Rapids or a Committee of the City Commission designated by it to act on behalf of the full City Commission as permitted by the provisions of this Chapter.

(3) *City Manager* and *Manager* shall mean the City Manager of the City of Grand Rapids or the City Manager's designee as permitted by this Chapter.

(4) *County* shall mean Kent County, Michigan, and shall include all Boards, Commissions, agencies, instrumentalities, officers, and employees of the government of Kent County.

(5) *License* shall mean any license, permit, certificate or any other type of approval required by this Title.

(Ord. No. 82-23, 5-4-82)

Sec. 7.2. License Required.

No person, as owner, agent, manager, employee, or otherwise, shall operate, conduct, maintain, or otherwise be engaged in the carrying on of any trade, business, profession, occupation, amusement, activity, or privilege for which any license is required by any provision of this Code without first obtaining a license from the City in the manner provided for herein.

(Ord. No. 82-23, 5-4-82)

Sec. 7.3. Multiple Licenses Required.

The granting of a license or permit to any person operating, conducting, maintaining, or otherwise carrying on or engaging in any trade, business, profession, occupation, amusement or privilege required by this Code to be licensed shall not relieve the person so licensed from the necessity of securing such other licenses or permits as may be required by this Code, except as specifically provided elsewhere in this Code.

(Ord. No. 82-23, 5-4-82)

Sec. 7.4. State Licensed Businesses.

The fact that a license or permit has been granted to any person by the State of Michigan to engage in the operation of, conduct of or carrying on of, any trade, business, profession, occupation, amusement, activity or privilege shall not exempt such person from the necessity of securing a license or permit from the City if such a license or permit is required by this Code. No license required by this Code shall be issued to any person who is required to have a license or permit from the State of Michigan until such person shall submit evidence of having obtained the required State license or permit.

(Ord. No. 82-23, 5-4-82)

Sec. 7.5. Application.

Unless otherwise provided for by law or ordinance or in this Code, every person required to obtain a license as provided for in this Code shall make application to the City Clerk for such license on forms provided or prescribed by the City Clerk. The application shall require such information to be provided as will enable the Clerk to determine whether the applicant, if licensed, will serve the public in a fair, honest, safe and competent manner and in compliance with the requirements of this Code and all other applicable Federal, State and local laws, ordinances, rules and regulations. The person making application for any license shall state under oath or affirmation that the information provided on such application is true and shall provide, under oath or affirmation, such other information relative to the granting of the license or to the applicant's qualifications as the Clerk may require. No person shall make a false statement or false representation on any license application or in connection with the application for any license provided for in this Code.

(Ord. No. 82-23, 5-4-82)

Sec. 7.6. License Term and Fees.

(1) The license year applicable to all annual licenses, (Chapter 92, Section 7.48), shall begin on July 1 of each year and shall end on June 30 of the following year.

(2) Any license not issued prior to the beginning of a license year shall be issued for the balance of the license year. The fee charged for each license, whether for a full or partial license year, shall be the fee provided for in Chapter 92 of this Code.

(3) Where provision is made in Chapter 92 or elsewhere in this Code for the issuance of a license for a period of less than one (1) year, the effective date of such a license shall be as provided on the face of the license by the City Clerk and such a license shall be in effect only for the period provided on the face of the license by the Clerk. In the absence of a provision by the Clerk on the face of a license, the license shall be valid only on the date upon which it is issued.

(4) Notwithstanding any other provision of this Code, licenses which have been duly issued pursuant to the provisions of this Code which have an expiration date of April 30, 2007 shall be valid until June 30, 2007 and no penalty shall accrue for failure to renew such licenses until July 1, 2007.
(Ord. No. 82-23, 5-4-82; Ord. No. 89-24, § 1, 4-4-89; Ord. No. 2003-11, § 1, 4-1-03; Ord. No. 2007-03, § 1, 1-9-07)

Sec. 7.7. Conditions for Issuance.

No license shall be issued to any applicant until the applicant has complied with all the provisions of this Code and all provisions of the laws of the State of Michigan applicable to the trade, business, profession, occupation, amusement, activity or privilege for which the license is sought have been complied with.
(Ord. No. 82-23, 5-4-82)

Sec. 7.8. Agreement by Applicant.

All licenses are issued subject to the following conditions, which shall be noted on the application form:

(1) The applicant agrees to permit inspection of the licensed premises and/or activity at reasonable times by any properly identified officer or employee of the City.

(2) The applicant agrees to the temporary suspension of the license without prior notice or hearing when, in the judgment of the appropriate officials, such a suspension is necessary to preserve the public health, safety or welfare.

(3) The applicant agrees that he or she will keep aware of and comply with all applicable Federal, State and local laws, ordinances, rules and regulations during the term of the license.

(4) The applicant agrees that he or she will not engage in the licensed trade, business, profession, occupation, amusement, activity or privilege at any time after the license has expired, without having been reissued, or at any time when the license is suspended or revoked.

(5) No license shall be issued unless and until the applicant has paid all personal property taxes assessed him or her and unless the applicant has paid all other debts due and owing to the City.

Each applicant shall sign a statement indicating that he or she has read the foregoing and agrees with its provision prior to the issuance of any license.
(Ord. No. 82-23, 5-4-82)

Sec. 7.9. Certification Required.

In each case where the certification by any of the following officials or employees shall be required prior to the issuance of the license by the City Clerk, such certification shall be based upon such inspection or investigation as may be deemed appropriate by the officer or employee named and shall indicate a determination that the requirements following the official's or employee's title have been complied with.

(1) *Fire Chief:* That the provisions of the Fire Code and all other applicable regulations and requirements of the City and the State of Michigan relative to fire safety have been complied with.

(2) *Police Chief:* That the criminal history of the applicant, if any, has been checked and that there is no indication that the

applicant cannot serve the public in the licensed area in a fair, honest and open manner.

(3) *Building Official:* That the building requirements of this Code and of the State of Michigan have been complied with.

(4) *Zoning Official:* That the zoning and other land use provisions of this Code will permit the licensed activity at its proposed location.

(Ord. No. 82-23, 5-4-82; Ord. No. 2013-35, § 1, 7-23-13)

Sec. 7.10. Title Includes Subordinates.

As provided for in Chapter 1 of this Code, whenever, by a provision of this Title, any officer or employee of the City of Grand Rapids is assigned any duty or empowered to perform any act or duty, the title of such officer or employee shall mean and include any authorized subordinate of the officer or employee or any other employee authorized to act on behalf of the officer or employee named.

(Ord. No. 82-23, 5-4-82)

Cross reference—Title of officer includes deputy or subordinate, § 1.9. insurance and bonds, § 1.12.

Sec. 7.11. Bonds.

Where a provision of this Code requires that the applicant for any license or permit furnish a bond, such bond shall be furnished in an amount deemed adequate by the proper City officer, or, where the amount thereof is specified in the schedule of fees and bonds set out in Chapter 92 or elsewhere in this Code, in the amount so required. The form of such bond shall be acceptable to the City Attorney. In lieu of a bond, an applicant for a license or permit may furnish one (1) or more policies of insurance as authorized in Chapter 1 of this Code.

(Ord. No. 82-23, 5-4-82)

Cross reference—Insurance and bonds, § 1.12.

Sec. 7.12. Exemption.

The licensing provisions of this Title shall not apply to the governments of the United States, the State of Michigan, the County of Kent or the City of Grand Rapids, or to any public board of education located wholly or partially within the City.

(Ord. No. 82-23, 5-4-82)

Sec. 7.13. Exemption from Fee.

No license fee shall be required for any person exempt from such fee by State or Federal law. Such person shall comply with all other provisions of this Code.

(Ord. No. 82-23, 5-4-82)

Sec. 7.14. Suspension or Revocation.

(1) Any license issued by the City may be suspended or revoked by the City Clerk for cause as herein defined. Any permit issued by the City may be suspended or revoked by the issuing officer or Authority for cause as herein defined. In either case, a hearing shall be scheduled to be held by the City Manager or the City Manager's designee or the issuing Authority.

Depending upon the necessity for prompt action, the hearing shall be held in accordance with one (1) of the following provisions:

(a) If there is no immediate threat to the public health, safety or welfare, the hearing shall be held to determine whether the license or permit should be suspended or revoked. The holder of the license or permit shall be notified of the time, date and place of the hearing and shall be notified of the reason or reasons for the proposed suspension or revocation. The license or permit holder shall be entitled to be represented by counsel, to submit evidence, to cross-examine testifying witnesses, and to make arguments concerning the factual and legal issues. The hearing officer or body shall render a written decision stating the reasons for the decision.

(b) If there is an immediate threat to the public health, safety or welfare, the license or permit may be suspended prior to the hearing. If a license or permit is suspended prior to the hearing, the hearing shall be commenced as soon as is practical, but in no case more than ten

(10) days after the suspension. The hearing shall be held to determine whether to terminate or extend the suspension or whether the suspension should be converted into a revocation of the license or permit. The holder of the license or permit shall be notified of the time, date and place of the hearing and shall be notified of the reason or reasons for the already-imposed suspension and for any contemplated future action. The license or permit holder shall be entitled to be represented by counsel, to submit evidence, to cross-examine testifying witnesses, and to make arguments on factual and legal issues. The hearing officer or body shall render a written decision stating the reasons for the decision.

(2) In any hearing held pursuant to the provisions of this Chapter, the rules of evidence shall be followed as far as practicable, but a hearing officer or body may admit and give probative effect to evidence of a type commonly relied upon by reasonably prudent people in the conduct of their affairs. Irrelevant, immaterial or unduly repetitious evidence may be excluded. Notice may be taken of facts within the general knowledge of the community.

(3) Any person dissatisfied with the decision of the City Manager or other appropriate hearing officer or body may appeal to the City Commission, provided that a written request for such an appeal shall be filed within seven (7) days of the date of the decision to be appealed. The City Commission shall schedule a hearing on the appeal within eight (8) days of the receipt of the request for appeal by the City Clerk. The hearing shall be scheduled and held before the entire City Commission or a Committee thereof, as the City Commission shall determine. The factual record made in the hearing below shall constitute the basic record for the appeal. The City Commission may, but need not, allow the presentation of additional evidence by a majority vote. Argument as to relevant factual and legal issues shall be permitted. The decision of the City Commission shall be by majority vote. The Commission may affirm, reverse or modify any action taken relative to a license. The decision of the City Commission shall be final.
(Ord. No. 82-23, 5-4-82)

Sec. 7.15. Issuance of License.

Where proper application is made for a license or permit and the conditions, requirements and prerequisites for the issuance of the license or permit have been met, the license or permit applied for shall be issued by the City Clerk, provided that no cause, as that term is defined herein, exists for denial of the license.
(Ord. No. 82-23, 5-4-82)

Sec. 7.16. Denial of a License.

Where proper application is made for a license or permit and such a license or permit is denied by the City Clerk or other issuing person or body, the applicant shall have the right to appeal such a denial as elsewhere provided for by the law or in this Code. If no such provision is made for an appeal of a denial, the applicant may appeal as set out herein. For purposes of this Section, denial of a license shall include refusal to issue an original license or refusal to renew or reissue an existing license. Denial shall be made only for cause as herein defined. Within the (10) days of notification of denial of a license from the City Clerk, an applicant shall file with the City Clerk a written notice of appeal. The Clerk shall refer a copy of this notice to the City Manager. Upon receipt of a notice of appeal, the City Clerk shall confer with the City Manager or the City Manager's designee to set a hearing time as soon as is practical but not later than ten (10) days after the filing of the notice of appeal with the City Clerk. The hearing provided for may be conducted by the City Manager or the City Manager's designee and it shall be conducted as provided for in Section 7.14 except that the issue to be determined is whether the denial of the license was proper. The person conducting the hearing shall render a written decision stating the reasons for the decision.
(Ord. No. 82-23, 5-4-82)

Sec. 7.17 Fees.

Fees required by this Code for license applications shall be paid to the City Treasurer prior to submission of the application. Fees required by this Code for the issuance of a license shall be paid to the City Treasurer prior to the issuance of the license. Except as otherwise provided for by

law or in this Code, fees required by this Code shall be set out in Chapter 92 of this Code. No fees shall be refunded.
(Ord. No. 82-23, 5-4-82)

Sec. 7.18. License Reissuance.

It shall be the responsibility of all persons engaging in any trade, business, profession, occupation, amusement, activity or privilege required to be licensed to obtain all licenses required by this Code prior to engaging in or continuing in the licensed trade, business, profession, occupation, amusement, activity or privilege. To assist in the reissuance of licenses to license holders, the City Clerk may send a license renewal application and invoice for the license fee to license holders prior to the end of a license year. Upon receipt of the completed application and the appropriate fee, and after such investigation as he or she deems necessary, the clerk may issue a license for the following year. If a licensee fails to file an application for renewal and/or fails to pay the license renewal fee prior to the expiration of a license year or within the thirty-one (31) day renewal grace period following the end of a license year, that application shall be considered to be an application for a new license and compliance with the provisions of Section 7.28 shall be required prior to the granting of a license.
(Ord. No. 82-23, 5-4-82; Ord. No. 98-36, § 1, 8-4-98)

Sec. 7.19. Exhibition of License.

Where certain premises are licensed or where a licensed trade, business, profession, occupation, amusement, activity or privilege is carried on at a fixed place or establishment, all licenses shall be conspicuously displayed upon the premises, or at the fixed place or establishment. All licenses shall be displayed in an area of the premises, fixed place or establishment that is open to the public. Where there is no premises, fixed place or establishment, the licensee shall have the license or licenses issued in his or her possession at all times when conducting, carrying on, or otherwise engaging in the licensed trade, business, profession, occupation, amusement, activity or privilege. The license shall be promptly displayed upon the request of any police officer or any properly identified officer or employee of the City.
(Ord. No. 82-23, 5-4-82)

Sec. 7.20. Exhibition on Vehicle and Machine.

(1) Each license granted for the operation of a vehicle as required under this Code shall include the issuance of a tag, insignia, license plate or number. This tag, insignia, license plate or number shall be prominently displayed on the vehicle in a place where it can readily be seen and read at all times when the vehicle is being used in the licensed activity.

(2) Every person who owns or operates any vending machine, amusement device or other coin-operated device which is required to be licensed under this Code shall conspicuously display on each such machine or device his or her name, address and City license number, in a form approved by the City Clerk.
(Ord. No. 82-23, 5-4-82)

Sec. 7.21. Displaying Invalid License and Surrender of Invalid License.

No person shall display any expired license, any license for which a duplicate has been issued, or any license which has been suspended or revoked, nor shall any person display any license which has not been duly and regularly issued to or on behalf of the person displaying it for the trade, business, profession, occupation, amusement, activity or privilege in, at, or for which the license is displayed. It shall be the duty of every licensee or any employee, agent or representative of a licensee to surrender to any properly identified representative of the City, upon demand, any license which is expired, suspended, revoked, altered, amended, modified, changed or damaged or any license for which a duplicate has been issued.
(Ord. No. 82-23, 5-4-82)

Sec. 7.22. Transfer, Alteration or Misuse of a License.

No license issued under the provisions of this Code shall be transferable or assignable unless specifically and explicitly authorized by this Code.

No person shall transfer or assign or attempt to transfer or assign any license and no person shall receive or attempt to receive a transferred or assigned license. No person shall, except as authorized by this Code or by the City Clerk, write upon, alter, amend, modify, change or damage any license.
(Ord. No. 82-23, 5-4-82)

Sec. 7.23. Revocation.

In addition to any other penalties or actions permitted or authorized by this Code, any transfer or assignment of a license or any attempted transfer or assignment shall be void and shall result in the automatic revocation of the license.
(Ord. No. 82-23, 5-4-82)

Sec. 7.24. Curb Stands Prohibited.

No person, whether licensed pursuant to this Title or not, shall park at the curb for the purpose of conducting business, nor shall any person establish a stand, booth or other place of business on any street, curb, sidewalk, public right-of-way or thoroughfare without having obtained permission to do so from the City Manager. This Section shall not be interpreted to prohibit parking for the purpose of making deliveries or for the purpose of consummating sales to persons waiting at the curb provided that the seller leaves the curb immediately after such deliveries or sales are completed.
(Ord. No. 82-23, 5-4-82)

Sec. 7.25. Curb Service Prohibited.

No person shall engage in the giving of curb service. For purposes of this Section, "curb service" is defined as the use of a public street, highway, thoroughfare or right-of-way by a person operating from a store or other fixed location for the sale, solicitation for sale, or delivery of any goods, services or property.
(Ord. No. 82-23, 5-4-82)

Sec. 7.26. Responsibility.

Any person who aids, abets, counsels, procures, commands or assists in the commission of any violation of the provisions of this Title shall be punishable as a principal.
(Ord. No. 82-23, 5-4-82)

Sec. 7.27. Cause Defined.

The term "cause" as used in this Title shall include the doing or omitting of any act, the permitting of any condition to exist in any trade, business, profession, occupation, amusement, activity or privilege for which a license is provided under the provisions of this Code, or upon the premises or facilities used in connection therewith, which act, omission or condition is:

(1) A violation of this Code.

(2) A violation of any other applicable Federal, State or local law, ordinance, rule or regulation.

(3) Unlawful or fraudulent in nature.

(4) Beyond the scope of the license granted.

(5) Abandonment of the licensed trade, business, profession, occupation, amusement, activity or privilege.

(6) A deceptive practice as defined in Section 9.290 of this Code.

(Ord. No. 82-23, 5-4-82)

Sec. 7.28. Late Application Penalty.

Any person who shall fail to file an application for a license at or prior to the time required by this Code or within the thirty-one (31) day renewal grace period, shall be assessed a late application fee of ten (10) percent of the fee provided for in Chapter 92 of each calendar month or fraction thereof that the person should have been licensed or Twenty-Five dollars ($25.00), whichever is greater. No new or renewal license shall be issued until such fee shall have been paid. Any application filed after the thirty-one (31) day renewal grace period following the end of a license year shall be treated as an application for a new license and no such license shall be issued until the fees for a new license, as provided for in

Chapter 92, shall have been paid. The provision of this Section shall be cumulative to the provisions of Section 1.13 of this Code and to the provisions of this Code relating to the suspension, revocation and denial of a license.
(Ord. No. 82-23, 5-4-82; Ord. No. 98-36, § 2, 8-4-98)

Sec. 7.41. Fee, Bond and Insurance Requirement Established.

The fee required to be paid, the amount of any bond needed to be filed and the amount and type of any insurance required to be carried to obtain any license, permit or City authorization to carry on any trade, business, profession, occupation, amusement, activity or privilege shall be as provided for in this Chapter unless the fee, bond or insurance requirement is established elsewhere in this Code.
(Ord. No. 82-24, 5-4-82)

Sec. 7.42. Payment of Fee Prerequisite to Issuance of License.

No license, permit or City permission to engage in any trade, business, profession, occupation, amusement, activity or privilege shall be granted or issued unless the required fee shall have been paid to the City Treasurer and the required bond and the required type and amount of insurance shall have been filed with the City, all as required by this Code. Any license, permit or City permission granted or issued without the payment of the required fee or the filing of the required insurance shall be void and invalid.
(Ord. No. 82-24, 5-4-82)

Sec. 7.43. Fees Required.

The fees required for the issuance or granting of any license, permit or City permission shall be established annually by resolution of the City Commission prior to June 1, to become effective for the license year beginning July 1 for the license categories established in Section 7.48 of this Code unless such fees are established elsewhere in this Code.

Except as otherwise provided for in this Code, no fee required by the provisions of this Chapter, once paid, shall be refunded.
(Ord. No. 82-24, 5-4-82)

Sec. 7.45. First Issuance and Renewal Fees Distinguished.

For each category of license, there shall be three (3) fees established. A first issuance fee shall be charged when an applicant for a license, a permit or for City permission does not have an existing valid and current license, permit or permission of the type being applied for. This shall include, but not be limited to, first-time applicants and applicants whose license, permit or permission has expired without being renewed prior to expiration, or within the thirty-one (31) day renewal grace period following the end of a license year. A renewal fee shall be charged only in those instances where an applicant has, at the time of application, an existing valid and current license, permit or permission of the same type as is being applied for. A grace period renewal fee shall be charged in those instances in which an applicant has had a valid license, permit or permission of the same type as is being applied for and renews that license, permit or permission within thirty-one (31) days after its expiration date. Applicants making renewal during this grace period shall pay one hundred twenty-five (125) percent of the established renewal fee for the license.
(Ord. No. 82-24, 5-4-82; Ord. No. 98-36, § 3, 8-4-98)

Sec. 7.46. Insurance.

Where liability insurance is required for the issuance of any license, permit or City permission provided for in this Code, the required insurance shall be subject to the provisions of Section 1.12 of this Code and unless otherwise provided for in this Code, shall be comprehensive general liability insurance covering both personal injury and property damage and shall be a combined single limit policy of not less than one million dollars ($1,000,000.00).
(Ord. No. 82-24, 5-4-82; Ord. No. 2016-05, § 1, 2-9-16)

Sec. 7.47. Bond.

Where a bond is required for the issuance of any license, permit or City permission provided for in this Code, the bond shall be subject to the

provisions of Section 1.12 of this Code and shall be in an amount of not less than five thousand dollars ($5,000.00) unless otherwise provided for in this Code.

Sec. 7.61. Determination of Necessity.

The City Commission of the City of Grand Rapids, after carefully considering need for regulation of gasoline stations, hereby determines that the operation of a gasoline station, if not properly regulated, could create and promote a hazard to the general welfare and safety of the citizens of Grand Rapids. The City Commission further determines that the standards contained in this Chapter are the minimum that will ensure the public health, safety and welfare.
(Ord. No. 82-25, 5-4-82)

Sec. 7.62. Definitions.

For the purpose of this Chapter, certain words and phrases used herein shall be interpreted or defined as follows:

Alley: Any public or private thoroughfare not a street, sidewalk or foot path.

Bay, Service: An area within the principal building for the servicing or repair of motor vehicles.

Building: Any structure having a roof supported by columns or by walls, whether stationary or movable.

Building, Accessory: A subordinate building, the use of which is customarily incidental to that of a principal building on the same lot.

Building, Principal: A building in which is conducted the main or principal use of the lot on which said building is situated.

Building Setback: The required distance by which any building or structure must be separated from the street, lot line or other designated area.

Driveway: Any means intended for or utilized as an entrance or exit for vehicles entering or leaving a gasoline station.

Gasoline Station: A structure, building or premises or any portion thereof where a flammable, combustible or hazardous liquid is stored, housed or sold for supply to motor vehicles.

Remodeling: Any construction not considered in common usage to be in the nature of repair.

Service Station: A structure, building or premises or any portion thereof where a flammable, combustible or hazardous liquid is stored, housed or sold for supply to motor vehicles.

Street: A public or private thoroughfare which affords a principal means of access to abutting property, provided that this definition shall include any street dedicated and of record, whether used as such or not.

Structures: Any combination of materials, including buildings, constructed or erected, the use of which requires location on the ground, including, but not limited to, signs, billboards and fences.
(Ord. No. 82-25, 5-4-82)

Sec. 7.63. General Requirements.

(1) All gasoline stations shall be designed and constructed in conformity with the City Code of the City of Grand Rapids and all other laws, ordinances, rules and regulations applicable to the construction of gasoline stations.

(2) All permanent storage of material, merchandise and equipment other than liquid fuel shall be within the building.

(3) All lubrication, repair and servicing equipment shall be entirely enclosed within the building.

(4) Accessory buildings shall not be permitted.

(5) Driveways shall not open on, extend into, or cross alleys.

(6) In the event that a gasoline station has been abandoned or not used as a gasoline station for a period of more than one (1) year, any application to operate said premises as a gasoline station shall be considered as an application for a new gasoline station.

(7) Use of acetylene torches or welding equipment on the premises of a gasoline station or garage may be permitted in areas properly designated and protected, provided that any area to be used for such purpose shall receive the approval of the Fire Chief.

(8) No flammable liquids other than approved safety solvents used in an approved manner shall

be used for washing or cleaning purposes or as a solvent at any location on the premises.

(9) Drains located on the premises without approved separators in the trap are prohibited.

(10) All repair and service work shall be done within the principal building.

(11) No gasoline station owner or operator shall permit the storage of automobiles for a period in excess of twenty-four (24) hours unless the vehicle is enclosed in the building.

(12) No gasoline station owner or operator shall deposit or cause or permit to be deposited upon the roadways, sidewalks or alleys adjacent to the premises, any snow or ice or other debris cleared from the premises.

(13) In the event that a gasoline station has been abandoned or not used as a gasoline station for a period of more than one (1) year, the owner of the property shall remove all underground storage tanks in the ground. If serious practical difficulties would be caused by the removal of one (1) or more of the tanks, the City Manager may permit the owner to leave one (1) or more of the underground tanks in the ground and to fill the tanks with a material, and in a manner, acceptable to the Fire Chief. The City Manager may also specify such conditions as he or she deems to be necessary to protect the public health, safety and welfare. (Ord. No. 82-25, 5-4-82)

Sec. 7.64. Design Standards.

All gasoline stations hereafter erected shall be designed and constructed in conformity with the following design standards:

(1) *Relation to Residential Areas.* No gasoline station building or structure shall be erected within twenty-five (25) feet of the property line of any property used or zoned for residential purposes. Screening shall be provided to separate any station from any residential site. Screening shall consist of a solid wall, compact evergreen shrubs or a uniformly painted board fence without spaces. Such screening shall have a minimum height of four (4) and a maximum height of six (6) feet.

(2) *Curb Cuts.* Curb cuts shall not exceed forty (40) feet at the curb line and thirty (30) feet at the property line. The angle of driveway approaches shall not be less than forty-five (45) nor more than ninety (90) degrees.

(3) *Lighting.* Exterior lighting shall be directed away from adjoining residential areas. There shall be no flashing or oscillating revolving lights.

(4) *Minimum Frontage and Area.* The minimum frontage shall be one hundred (100) feet and the minimum lot area shall be ten thousand (10,000) square feet.

(5) *Minimum Setback.* The building shall be set back a minimum of forty (40) feet from any street.

(6) *Driveway Location.* Driveways shall be a minimum of twenty (20) feet from street intersections. This distance shall be measured from the point of intersection of the near curb lines of the intersecting streets. Driveways shall be a minimum of ten (10) feet from abutting properties.

(7) *Dispensing Location.* All dispensing locations shall be a minimum of fifteen (15) feet from any public right-of-way or property line.

(8) *Signs.* All signs must comply with all applicable provisions of this Code.

(9) *Surfacing and Drainage.* Driveways, service areas and parking areas shall be provided with pavement having an asphaltic or Portland cement binder so as to provide a permanent, durable and dustless surface and shall be so graded and drained as to dispose of all surface water accumulated within the area. All surfacing and drainage shall be maintained in good repair and shall be installed and maintained in compliance with this Code and all other applicable laws and ordinances.

(10) *Test Holes.* Test holes for possible leakage shall be provided in the ground at the end of each tank and at such other locations as the Fire Chief may direct. The installation of all test holes shall be in accordance with

the directions of and subject to the approval of the Fire Chief.

Sec. 7.69. Self-Service Stations.

In addition to complying with the other provisions of this Chapter, gasoline stations which have self-service dispensers shall comply with the following:

(1) Self-service dispensing devices of the remote controlled type approved by the Fire Chief and installed in a manner that, when a fueling operation is completed, the dispenser is deactivated at the emergency control position or dispenser location and may be reactivated only at the emergency controls position are permitted at self-gasoline stations if there is at least one (1) qualified attendant on duty while the station is open to the public. The attendant's primary function shall be to supervise, observe and control the dispensing of Class I, II, and III liquids while the liquids are being dispensed. It is the responsibility of the attendant to prevent the dispensing of Class I liquid into an unlawful portable container, to control sources of ignition and to handle accidental spills and fire extinguishers as needed.

(2) The attendant on duty shall be capable of performing the functions and assuming the responsibilities covered in subsection (1).

(3) If the dispensing of a Class I, II or III liquid at a gasoline station open and available to the public is by a person other than the gasoline station attendant, the nozzle shall be an approved automatic closing type without a hold-open latch.

(4) Approved emergency controls approved by the Fire Chief shall be installed at a location not more than one hundred (100) feet from a dispenser. The attendant shall remain at the emergency controls during the dispensing of a Class I, II or III liquid.

(5) Permanent signs and placards printed in not less than one-half-inch block letters on a contrasting background shall be posted at each self-service dispensing device and in full view so as to give complete and clear instructions for its operation.

(6) Permanent signs and placards printed in not less than three-inch block letters on a contrasting background shall be conspicuously posted in full view so as to:

a. Prohibit smoking anywhere on station property within fifteen (15) feet of motor fueling operations.

b. Require that all vehicles be shut off prior to motor fueling.

(7) Two-way electronic voice communications approved by the Fire Chief shall be provided between the emergency controls position and the self-service dispensing locations.

(8) Self-service dispensers shall not occupy the same pump island as attended dis-

pensers. Pump islands with self-service dispensers shall be separated from all other attended dispenser pump islands by a distance of not less than ten (10) feet.

(9) Where vehicle design characteristics, or a position or location of a vehicle would obscure the attendant's view of the fueling operation, or the volume of sales would otherwise prevent reasonable supervision of the fueling operation, there shall be additional procedures or equipment or both so as to assure compliance with the provisions of this Chapter.

(10) A self-service station shall be equipped with not less than two (2) fire extinguishers of a 10 BC rating or greater or a fire suppression system approved by the Fire Chief.

(11) Each attendant shall supervise the fueling of not more than nine (9) vehicles at one (1) time. If more than nine (9) vehicles are to be fueled at one (1) time there shall be an additional attendant on duty for each additional nine (9) fueling operations or fractions thereof. Sufficient safeguards in the form of barriers or other devices shall be provided to ensure that no more than the prescribed number of fueling operations may be carried out at one (1) time as determined by the number of attendants on duty.

(12) Gasoline dispensing units shall be placed not less than ten (10) feet from a door, door opening, window or window opening.

(13) Electrical wiring shall conform to the National Electrical Code, 1975 Edition.

(14) Heating in the booth of the self-service station, if control booth is in a hazardous area, shall be of the type approved for this location.

(Ord. No. 82-25, 5-4-82)

Sec. 7.70. Conflicts with Other Laws or Regulations.

If any provision of this Chapter differs from a provision of any other applicable law, ordinance, rule or regulation, both the provision of this Chapter and the differing provision shall apply if possible. If the two (2) provisions are in conflict, then the provision establishing the higher or stricter standard shall apply.

Sec. 7.201. Definition.

In the interpretation of this Chapter a "Parking Facility" shall mean any plot, piece or parcel of land, or any building, ramp or structure used for the purpose of temporarily storing ten (10) or more vehicles, where the owner or person storing such vehicles is charged a fee, and which is open to the general public. One hundred forty (140) square feet per car shall be the unit of measurement of capacity of parking facilities. Only the space actually marked for the parking of vehicles shall be measured and no marked space shall contain less than one hundred forty (140) square feet. "Parking Facility" shall not include parking provided by a landlord for tenant use.
(Ord. No. 82-28, 5-4-82)

Sec. 7.202. License Required.

No person shall maintain, operate, or conduct a parking facility within the City of Grand Rapids without first having obtained a license therefor from the City Clerk.
(Ord. No. 82-28, 5-4-82)

Sec. 7.203. Application.

Applications for licenses shall be on forms provided or prescribed by the City Clerk and shall contain the names of the owner or owners of the parking facility, the location of the facility, the telephone number(s) of the facility, the address of the owner or owners, the date of birth of the owner or owners, and the name under which the facility is to be operated. The application may also contain such other information as will enable the Clerk to make a fair determination of compliance with this Code and other applicable laws, statutes, rules and regulations. The application shall also contain the schedule of rates as displayed on the sign or signs required by Section 7.207 of this Code setting forth the parking charge the applicant will actually make for various days of the week, hours of the day, and holidays or special occasions, together with a statement that the applicant agrees that he or she will not charge in excess of the rates set forth in such schedule, and that upon proof of making charges other than those shown on said schedule, the license may be suspended or revoked. The schedule of rates charged by a licensee may be altered, amended, or charged only by the procedure set out in Section 7.214 of this Code.

Each application shall be signed and verified under oath by the applicant, if an individual, or by a duly authorized agent if a partnership or corporation.
(Ord. No. 82-28, 5-4-82)

Sec. 7.204. License Fees.

The annual license fee shall be as specified in Chapter 92 of this Code.
(Ord. No. 82-28, 5-4-82)
Cross reference—License fee for parking facilities, § 7.48.

Sec. 7.205. Issuance of License.

If, after investigation, the City Clerk shall be reasonably satisfied that the applicant has complied with the requirements of this Code and all other applicable laws, statutes, rules and regulations, and if the proper fee shall have been paid, the City Clerk shall issue a license for a Parking Facility.
(Ord. No. 82-28, 5-4-82)

Sec. 7.206. Licenses Not to Be Issued.

No license shall be issued to any person whose license has, within five (5) years prior to the date of the application, been revoked, nor to any firm, partnership, association or corporation, any of whose members, officers, or Managers have had their license or licenses revoked within five (5) years prior to the date of application.
(Ord. No. 82-28, 5-4-82)

Sec. 7.207. Signs Required.

(1) Each licensee shall maintain at each public entrance to such parking facility a permanently affixed sign or signs suitable to apprise persons using such parking facility of the name of the licensee; the hours of the day and/or night during which such facility is open for storing motor vehicles; the rate charged, and the closing hour of such facility. Where more than one (1) rate is charged for parking, the figures for each rate shall be of the same size and dimensions and such figures shall measure not less than six (6) inches in height, and the letters and figures indicating the

closing hours shall be not less than six (6) inches in height.

(2) Where separate rates or charges are made for day parking and for night parking, the change in rate shall not become effective before 5:30 p.m. and notice of the rate or charge and the time at which the rate or charge changes shall be posted on the signs provided for in the preceding paragraph.

(3) All posted rates or charges, whether required by the provisions of this Chapter or otherwise, shall be stated in terms of dollars and/or cents for a particular time period. Maximum charges or rates shall be stated in terms of dollars and cents. No maximum charges or rates shall be stated solely in terms of time.
(Ord. No. 82-28, 5-4-82)

Sec. 7.208. Operational Requirements.

At the time of accepting a motor vehicle for storing or parking in a parking facility, the person conducting the same, or his or her agent, servant or employee shall furnish or cause to be furnished to the person parking the motor vehicle a distinctive check which shall contain the name of the person, firm or corporation owning or operating such parking station and the address of the place where such motor vehicle is parked, and upon which shall be written, stamped or punched the date, or a symbol to indicate the date, on which said check issued.

This provision shall not apply to any unattended parking facility or where cars are stored on a monthly fee basis.

It shall be the duty of the licensee to report to the Police Department the make and license number of any car that shall have remained more than forty-eight (48) hours on any parking facility of the licensee without having been reclaimed. Such report shall be made within three (3) hours after the expiration of the forty-eight-hour period. This shall not apply where a contract for parking for a period in excess of forty-eight (48) hours has been entered into.
(Ord. No. 82-28, 5-4-82)

Sec. 7.209. Notification of Claim.

Each licensee shall immediately notify the Police Department and the City Clerk of any claim by reason of loss, theft or conversion occurring upon his or her premises or of any claim for damages arising from the operation of the parking facility.
(Ord. No. 82-28, 5-4-82)

Sec. 7.210. Obligations.

The obligations herein created for any person operating or conducting a parking facility under the terms of this Chapter to the owner of a motor vehicle parked therein shall not extend beyond the regular hours of attendance as posted at the parking facility and printed upon the claim check furnished to the motor vehicle owner.
(Ord. No. 82-28, 5-4-82)

Sec. 7.211. Regulations.

(1) Persons operating parking facilities not within a building, structure or ramp shall keep the same enclosed with a suitable fence, wall or other barrier so that motor vehicles may not be removed from such facility except at the regular established entrances and exits.

(2) Each licensee shall keep the sidewalks surrounding the facility free from ice, sleet and snow and shall keep the sidewalks in safe condition for the travel of pedestrians.

(3) Snow shall not be removed from parking facilities into the public streets or alleys or sidewalks.

(4) Every parking facility shall be paved and properly drained.

(5) No licensee shall sublet, sublease, or otherwise permit any parking facility or any portion thereof to be used by any vendor of goods, wares or merchandise or services for the conduct of such vendor's business unless the same is conducted in a permanent building or structure.
(Ord. No. 82-28, 5-4-82)

Sec. 7.212. Parking of Vehicles.

Persons operating parking facilities shall at all times leave within the boundaries of such sta-

tions as much space as is required for shifting vehicles, and shall not move vehicles into and out of the facility nor park vehicles outside of the licensed parking facility.
(Ord. No. 82-28, 5-4-82)

Sec. 7.213. Consent of Owner to Use of Vehicle.

It shall be unlawful to make any use for any person whatsoever of any motor vehicle parking in any parking facility, unless such use shall first be expressly authorized by the owner or person having control of such vehicle.

Sec. 7.214. Rate Change Procedure.

No operator of a parking facility shall change the charge or rate charged to park in the facility unless the operator shall have filed with the City Clerk a copy of the new rate or schedule of rates at least thirty (30) days prior to the date that the new rate or schedule of rates is first charged.

Sec. 7.251. Definitions.

As used in this Chapter, the following words and phrases shall have the indicated meanings:

(1) *Transient Merchant.* The phrase "transient merchant" shall mean any "canvasser," "hawker," "peddler," "solicitor," or "transient vendor" as herein defined. These terms are defined as follows:

a. *Canvasser* shall mean "solicitor" as herein defined.

b. *Hawker* means any person who offers goods, property or services for sale in the streets, highways, thoroughfares or public rights-of-way of the City by crying out, or by signals, music or other noise.

c. *Peddler* means any person who travels from place to place for the purpose of displaying, selling, making sales, offering for sale or leasing with the option to buy, at retail, any goods, property or services. The word "Peddler" also means any person who travels by foot, vehicle, wagon, cart or any other means of conveyance whatsoever displaying, selling, offering for sale, taking orders for sale, or leasing with the option to buy, at retail, any goods, property or service.

d. *Solicitor* means any person who travels from place to place and offers for sale, takes orders for or attempts to take orders for the retail sale of any goods, personal property or service whatsoever for future delivery. "Solicitor" also means any person who, while on a public street or while in a public place, offers for sale, takes orders for or attempts to take orders for the retail sale of any goods, personal property or service whatsoever for future delivery.

e. *Transient Vendor* means any person not licensed as a "street vendor" who sells, offers for sale, exhibits, displays, demonstrates or takes orders for the retail sale of any personal property or service whatsoever from any vehicle, conveyance, stand or temporary structure. "Transient vendor" also means any person who for a period of thirty (30) days or less per year hires, leases, rents, occupies or uses any place or places within the City, whether in a building or not, for the purpose of exhibiting samples or for the purpose of taking orders for future delivery or both.

(2) Reserved.

(3) *Mobile Vending Cart* shall mean a structure with at least two (2) operational wheels which is easily moved and which is used for vending by a transient merchant.

a. No person shall use a mobile vending cart which has not been licensed by the City Clerk.

b. Only one license is required per mobile vending cart which shall be issued to the business owner.

(Ord. No. 82-29, 5-4-82; Ord. No. 84-38, § 1, 5-29-84; Ord. No. 2006-17, § 1, 4-11-06; Ord. No. 2016-77, § 1, 11-15-16)

Sec. 7.252. License Required.

No person shall engage in the business of being a transient merchant without first having obtained a license therefore; provided, however, that any transient merchant who conducts business solely from a mobile vending cart as herein defined shall only be required to obtain a Mobile Vending Cart Operator's License.

(Ord. No. 82-29, 5-4-82; Ord. No. 84-38, § 2, 5-29-84; Ord. No. 2006-17, § 2, 4-11-06)

Sec. 7.253. License Application.

Persons desiring a license or Registration as provided for in this Chapter shall file an application in a form prescribed or provided by the City Clerk.

(Ord. No. 82-29, 5-4-82; Ord. No. 84-38, § 3, 5-29-84)

Sec. 7.254. License Fee.

Prior to the issuance of a License or Registration pursuant to the provisions of this Chapter, a fee as specified in Chapter 92 shall be paid.
(Ord. No. 82-29, 5-4-82; Ord. No. 84-38, § 4, 5-29-84)

Cross reference—License fee for transient merchants, § 7.48.

Sec. 7.255. Fixed Stands Prohibited.

No person, whether licensed pursuant to the provisions of this Chapter or not, shall stop or remain in any one (1) location in any street, alley or public place within the City to conduct business as a transient merchant for longer than is necessary to make a sale to a customer wishing to engage in a transaction. No person, whether licensed pursuant to the provisions of this Chapter or not, shall conduct business from a fixed stand located in any street, alley or public place.
(Ord. No. 82-29, 5-4-82)

Sec. 7.256. Curb Service Prohibited.

No person shall operate or maintain any stand, vehicle, store or place of business on or near to any street, lane, highway or public place in such a manner that the customers or traders with such person occupy or congregate within the limits of the street, lane, highway or public place. No person shall be permitted to use the streets, alleys, lanes or public places of the City for the service of customers or for the transaction of business, or to use any stands, stores or other places of business in any manner that shall require the customer, when transacting said business, to stand within the limits of the streets, highways, alleys or public places of the City. This provision shall not apply to licensed street vendors operating with City permission.
(Ord. No. 82-29, 5-4-82)

Sec. 7.257. Prohibited Areas.

No person, whether licensed pursuant to this Chapter or not, shall, in the sale of goods, wares, merchandise, or any other form of personal property, obstruct any street, alley, sidewalk or driveway except as may be necessary and reasonable to consummate a sale. No person, whether licensed pursuant to this Chapter or not, shall remain, barter, sell, offer or expose for sale any goods, wares or merchandise adjacent to any property against the wish or desire of the property owner or the tenant or occupant of such property nor within five hundred (500) feet of the entrance to any school building between the hours of 8:00 a.m. and 5:00 p.m. on the days when school is in session nor on those portions of streets on which a public park abuts. No person shall engage in the business of being a transient merchant on any street, alley or public place after having been requested to desist by any police officer of the City because of congested or dangerous traffic conditions.
(Ord. No. 82-29, 5-4-82)

Sec. 7.258. Practices Prohibited.

No transient merchant shall, while in any public place, shout or cry out his or her goods or merchandise, nor blow any horns, ring any bell, broadcast or play any sound, or use any similar device to attract the attention of the public.
(Ord. No. 82-29, 5-4-82)

Sec. 7.259. Exempt Persons.

The following shall be exempt from the licensing requirements of this Chapter, but shall be subject to the other provisions hereof:

(1) Any person under eighteen (18) years of age, when engaged in the business of being a transient merchant on foot in the neighborhood of his or her residence under the direct supervision of any school or recognized charitable organization or religious organization.

(2) Any person exempt from the licensing requirements of this Chapter by virtue of State or Federal law.

(3) Any person who is the duly authorized representative or agent of any church, charitable or labor organization, education or fraternal organization, or of any political group seeking funds or membership or contacting members or electors.

(4) Any person engaging in business solely at a City-operated market, provided that

all transactions are conducted solely within the confines of that market and that the rules and regulations of the market are observed.

(Ord. No. 82-29, 5-4-82)

Sec. 7.260. Hours of Business.

No transient merchant shall call at any dwelling or residence except between the hours of 9:00 a.m. and 9:00 p.m. on any day of the week without an appointment.

(Ord. No. 82-29, 5-4-82)

Sec. 7.261. Obedience to Signs.

No transient merchant shall call without an appointment at any dwelling or residence where a sign is displayed stating "No peddlers," "no solicitors," "no salesmen," "no trespassing," or words of similar meaning or import.

Sec. 7.291. Secondhand Dealer Defined; Application of Chapter.

(1) As used in this chapter, "secondhand dealer" means any person, including any firm, corporation or other entity, whose business is that of dealing in, buying, selling, exchanging, storing or receiving secondhand goods, articles or merchandise of any kind, including lead pipe, tools, lighting fixtures, plumbing fixtures, radios, watches, jewelry, precious stones, scrap metals, musical instruments, electrical motors, electrical appliances, firearms, automotive parts and accessories, bicycles, clothing, wearing apparel, micrometers, clothing or any article of personal property or other valuable thing.

(2) The definition of secondhand dealer does not include:

(a) Householders selling, purchasing, consigning, or trading articles owned and possessed by themselves or the executors or administrators of any such householders;

(b) Sellers of new articles, wares or merchandise from manufacturers, wholesale distributors or jobbers for retail sale to customers;

(c) Persons, firms, or corporations whose principal business is that of dealing in new goods, articles and merchandise and who do not buy secondhand goods, articles and merchandise outright, but who occasionally accept in trade or repossess used household appliances, watches, jewelry, precious stones and musical instruments.

(Ord. No. 2010-66, § 4, 11-30-10)

Sec. 7.292. License required; Application, Fee, Term and Transfer.

(1) No person shall operate as a secondhand dealer without first obtaining a license to do so from the City as provided in this Chapter.

(2) A person desiring to operate as a secondhand dealer shall apply for a license as provided in Chapter 91 of this Code. Any license required by this Chapter or State law may be issued by the City Clerk as provided in Chapter 91. The provisions of Chapter 91 and Chapter 92 of this Code shall apply to licenses required by this Chapter or State law.

(3) The applicant, prior to the issuance of the license, shall pay an annual license fee as provided for in Chapter 92 and shall affirm that such applicant will in all respects faithfully comply with and observe all the requirements of all applicable federal, state, and local laws and regulations, including Act 350 of the Public Acts of 1917, as amended, and faithfully perform the duties and obligations of the business, including compliance with the provisions of the City Charter and this Code.

(4) Issuance of any license under this Chapter shall be subject to the following additional requirements:

(a) A Licensee shall designate the particular place where the business will be conducted and no Licensee may conduct business in any place not so designated.

(b) A Licensee's location shall be subject to local zoning requirements.

(c) A license shall not be issued to a person who has been convicted of a crime involving an element of theft, dishonesty, or the possession or sale of stolen property, nor shall any Licensee employ any person who has been convicted of such a crime.

(d) A Licensee shall comply with all federal and state laws and regulations. If such laws or regulations conflict with the provisions of this Chapter, the more restrictive provision shall apply.

(Ord. No. 2010-66, § 4, 11-30-10)

Sec. 7.293. State Pawnbroker License Required for Certain Practices.

No person licensed as a Secondhand Dealer under this Chapter shall advertise or represent himself or herself as a pawnbroker or accepting items at pawn unless so licensed in compliance with State law and with Chapter 100 of this Code.

(Ord. No. 2010-66, § 4, 11-30-10)

Sec. 7.294. Posting Name of Licensee.

In addition to the conspicuous display of any license issued, as required under Sec. 7.19 of Chapter 91, a Licensee under this Chapter shall post conspicuously in the designated place of business a sign having his or her name and occupation legibly inscribed thereon in letters at least six inches in height.
(Ord. No. 2010-66, § 4, 11-30-10)

Sec. 7.295. Hours of Operation; Purchases from Certain Persons prohibited.

(1) No person shall purchase or receive, by sale, barter or exchange or otherwise, an article under a license issued pursuant to this chapter from any person between the hours of 9:00 p.m. and 7:00 a.m. or as otherwise prohibited by law. Further, no person shall purchase or receive such an article from any of the following:

(a) A person who is at the time intoxicated or visibly under the influence of alcohol or narcotics.

(b) A person known by the dealer to be a thief or an associate of thieves, a prior recipient of stolen property, or any person the Licensee or employee has reason to suspect of being such.

(c) A minor under the age of eighteen years without written consent of the parent or guardian of such minor.

(2) No person shall purchase or receive, by sale, barter or exchange or otherwise, any article or item that the person knows to be stolen, reasonably should have been known to be stolen, or suspects as having been stolen except as specifically authorized by law enforcement authorities.
(Ord. No. 2010-66, § 4, 11-30-10)

Sec. 7.296. Thumbprints and Identification of Customers.

(1) Whenever a Licensee or employee of a Licensee under this chapter purchases or receives any article or valuable thing as described in Section 7.291(1), the Licensee shall first take, on a form approved by the Police Department, a legible print of the thumb of the right hand of the person from whom such article was received. If such person has no right thumb, the Licensee shall take the legible print of the thumb of the left hand or of a finger, which shall be so identified in writing by the Licensee.

(2) The seller must provide the secondhand dealer with personal identification at the time of the transaction, in the form of a valid operator's license or a federal or state identification card which includes a photograph that positively matches the seller. The Licensee shall obtain and maintain a copy of the identification.
(Ord. No. 2010-66, § 4, 11-30-10)

Sec. 7.297. Records, Tagging Articles; Holding Period.

(1) A Licensee shall keep a permanent record in which shall be written, in the English language, at the time of purchase, exchange or other receipt of any article, a complete and accurate description thereof. Such description shall include an electronic photograph of the article, the article's trade name and serial number, if any; the name, residence and a copy of the federal or state-issued identification/operator's license of the person from whom the article was purchased or received; and the day and hour when such purchase or exchange was made and such other matters required by law. Each entry in such record shall be numbered consecutively. A member of the Police Department, Sheriff's Department, State Police or other authorized person is entitled to inspect the premises and records of a Licensee during all normal business hours.

(2) A tag shall be attached to each article purchased, exchanged, or received by the Licensee in some visible and convenient place, with a number written thereupon to correspond with the entry number in the record required in subsection (a), until the article is sold or otherwise disposed of. The Licensee shall promptly prepare from such record a legible and correct copy, on forms approved by the Chief of Police and written in the English language, containing a description of each article purchased or received during the preceding day, the hour and day when the purchase, exchange, or receipt was made, and the

description of the person from whom it was purchased, exchanged or received. Such statement shall be verified by the affidavit of the Licensee.

(3) Any article purchased, exchanged, or received under a license issued pursuant to this chapter shall be retained by the purchaser thereof for at least 15 days before disposing of the article, in an accessible place on the premises where such articles are purchased and received.
(Ord. No. 2010-66, § 4, 11-30-10)

Sec. 7.298. Computerized Reporting of Transactions.

(1) By 11:59 p.m. daily, at his or her own expense, every Licensee under this chapter shall promptly complete and transmit, by electronic means, to the Police Department's computerized system(s), the data identifying all transactions in which the Licensee received used goods the preceding day by pawn, exchange, purchase, or consignment. A transaction reported by electronic transmission under this subsection shall not be reported on paper forms unless the Chief of Police so requests.

(2) Each transaction report and record shall include a digital photograph of the article or group of articles, along with a description of the article and, if applicable, serial number, make, model number, size, color of the article or articles; the purchase/loan price; ticket number; dealer name and location; the name of the person conducting transaction; place of storage/stock location; and customer information including operator's license number or other federal or state identification number, customer's name (last, first, middle), customer address, customer date of birth, physical description (height, weight, hair color, race, gender, appropriate fingerprint) and any other information required by the local law enforcement agency.
(Ord. No. 2010-66, § 4, 11-30-10)

Sec. 7.299. Exemptions.

(1) Sections 7.296(1), 7.297(2)-(3), and 7.298 of this Chapter shall not apply to:

(a) Secondhand or used tires when such tires are removed from the vehicle to which such tires are attached in the presence of the person receiving them.

(b) Used car dealers;

(c) Non-profit organizations re-selling donated goods;

(d) Art galleries;

(e) Used book stores;

(f) Clothing consignment stores;

(g) Antique dealers and other dealers in used household goods

(2) All Licensees exempted from electronic reporting under this section nonetheless shall report, in a format approved by the local law enforcement agency, any transactions involving the following items:

(a) Home and personal audio and video equipment, including but not limited to televisions, radios, audio players, receivers, and recorders of any kind; and personal electronic devices;

(b) Car stereos, GPS devices, and other audio and video equipment for use or installation in a motor vehicle;

(c) Computers and video game devices of any kind and related software, game disks, and cartridges;

(d) Electrical or other appliances; and

(e) Hand or power tools for use in carpentry, woodworking, plumbing, electrical work, and any other aspects of building, construction or other trade.

(3) All Licensees exempted under this section nonetheless must comply with state law requirements, as set forth in MCL 445.404(2) and Section 7.297(1) of this Chapter, to make and maintain a separate record of all transactions that is open to inspection by local law enforcement officers and the Michigan State Police.
(Ord. No. 2010-66, § 4, 11-30-10)

Sec. 7.300.1. License Revocation.

If a Licensee under this Chapter or any of his or her agents, servants or employees is found criminally guilty of violating any of the provisions of this chapter and/or any applicable state law, the Chief of Police may request that the City

Clerk revoke the license of the violator and the City Clerk may, after providing notice to the Licensee, revoke the license. The violator, following such revocation, shall not be permitted to carry on such business in the City for a period of one year.
(Ord. No. 2010-66, § 4, 11-30-10)

Sec. 7.300.2. Appeals.

Any person aggrieved by the action of the City in the denial, suspension or revocation of license to do business may appeal as provided in Chapter 91. The appeal procedures set forth in Chapter 91 shall apply to any appeal brought under this Chapter.
(Ord. No. 2010-66, § 4, 11-30-10)

Sec. 7.300.3. Penalty.

Violations of this ordinance shall be a misdemeanor, punishable by imprisonment for up to ninety (90) days, a fine, not to exceed $500.00, and costs of prosecution.
(Ord. No. 2010-66, § 4, 11-30-10)

Sec. 7.300.4. Compliance by Current Licensees.

The holder of a current license issued under this Chapter shall have 90 days from the effective date of this section to comply with the recordkeeping and reporting requirements set forth in Section 7.298.
(Ord. No. 2010-66, § 4, 11-30-10)

Sec. 7.305. License Denial, Suspension, Revocation, Appeal.
Sec. 7.306. Operation of Facility.
Sec. 7.307. Governing Law.
Sec. 7.308. Violations and Penalties.

*__Editor's note—__Ord. No. 2019-27, § 1(1.1—1.8), adopted July 9, 2019, repealed the former Ch. 102, §§ 7.301—7.308, and enacted a new Ch. 102 as set out herein. The former Ch. 102 pertained to dance halls and derived from Ord. No. 2013-34, § 2, 7-23-13.

Sec. 7.301. Title.

This Chapter shall be known as the Indoor Events Ordinance of the City of Grand Rapids.
(Ord. No. 2019-27, § 1(1.1), 7-9-19)

Sec. 7.302. Purpose, Intent, Scope.

The purpose of the Ordinance is to promote, protect, and preserve the health, safety, and welfare of persons gathered at indoor events within the City of Grand Rapids which are open to the general public or a portion thereof and occur in a public place.

The intent of the Ordinance is to impose reasonable regulation on the use of facilities for indoor events, including a comprehensive approval process, inspections, and moderation or elimination of potential adverse effects on surrounding properties.
(Ord. No. 2019-27, § 1(1.2), 7-9-19)

Sec. 7.303. Definitions.

As used in this Chapter, the words and terms set out below shall have the following meanings:

(1) *Alcoholic Beverage.* Any beverage which contains alcoholic liquor and is therefore under the jurisdiction and control of the Michigan Liquor Control Commission.

(2) *Applicant.* Any individual, corporation, legal entity, association, society, or group seeking an indoor event license under this Chapter.

(3) *Event.* An episodic occurrence or event or series of occurrences or events, specific to an identifiable time and place, that bring persons together for an indoor activity or series of activities in a facility, as described in this Chapter. Events may include, but are not limited to, entertainment (concerts, plays, performances, films and videos, other activities), social (activities of fraternal/sororal, veterans, ethnic, other organizations), recreation (dances, karaoke, games, other activities), sports (individual or team, physical fitness and health, other physical activities), and community (civic, political, educational, other activities). An event may be free of charge or subject to an admission fee. A private gathering in a residential building shall not be considered an event.

(4) *Facility.* A permanent, non-residential structure or a portion thereof, or any room or space therein, which is to be put to use as a place where fifty (50) or more persons congregate during an event of limited duration open to the general public or a portion thereof. Facilities may include, but are not limited to, banquet spaces, theaters, nightclubs, clubs, sports facilities, entertainment venues, catering spaces, and similar places.

(5) *License.* After meeting all requirements and conditions described herein, an applicant shall be authorized to conduct indoor events in a facility as described herein for a period of one (1) year.

(6) *Owner.* Any person having legal or equitable interest in a facility, or that person's agent.

(7) *Person.* An individual, corporation, legal entity, association, society, or group, except for governmental, religious, and educational institutions.

(8) *Public Place.* A facility available for rental or use by the general public or a portion thereof, regardless of the function or occasion for which it is rented or used.
(Ord. No. 2019-27, § 1(1.3), 7-9-19)

Sec. 7.304. License Requirements.

(a) No person shall put a facility to use for indoor events without an Indoor Events License issued by the City Clerk's Office.

(b) A person desiring an Indoor Events License shall complete an application as provided by the City Clerk.

(c) *Applicant Information.* The application shall include the following information and be submitted with payment of the fee provided for in Chapter 92 of City Code:

(1) Applicant's name, address, telephone number, and email address.

(2) Location of facility, including address and parcel identification number.

(3) If applicant is a business entity, (a) name of corporation, partnership, or company, (b) name of registered agent, (c) name(s) of all members or stockholders, and (d) state of incorporation.

(4) Proof of ownership or lease of the facility.

(5) A Certificate of Occupancy issued by the Grand Rapids Building official or his or her designee.

(6) If liquor is to be served at events, a copy of a valid liquor license and any required permits issued under the laws of the State of Michigan, the Grand Rapids City Charter, and the Grand Rapids City Code.

(7) A Certificate of Insurance for comprehensive general liability insurance as required by Chapter 92, Sec. 7.46 and Title I, Chapter 1, Sec. 1.12, and proof of workers compensation insurance if required by law.

(8) Any other pertinent information requested by the City.

(d) *Application Changes.* If there is a change in the facts provided with the application, the applicant must provide written notice of the change to the City Clerk within ten (10) days of its occurrence. Failure to do so may be cause for denial of a license, and if a license has already been issued, suspension or revocation of the license.

(e) *Inspection.*

(1) For the purpose of ensuring compliance with this Chapter, the applicant or her or his agent shall permit properly identified representatives, employees or agents of the Grand Rapids Police Department, Grand Rapids Fire Department, Grand Rapids Building Department, any other City department as the City deems necessary, or the Kent County Health Department to enter onto and inspect any portion of the facility where assembly will occur, to confirm that it complies with all requirements of City Code and applicable local, state and federal laws, rules and regulations and is safe for use as an indoor event facility. Where entry is denied or cannot be achieved for any other reason, a license may be denied, suspended, or revoked, and any other appropriate legal action may be taken.

(2) The inspection may include, but shall not be limited to, interior and exterior building construction including structural, electrical, plumbing, heating, cooling, ventilation, mechanical, fire and other hazard safety systems, accessibility, storage of flammable/hazardous materials, ingress/egress, signage, emergency systems, health and sanitation, kitchen facilities, garbage disposal, environmental, parking, and use of adjacent public space if appropriate.

(3) No license shall be issued without the approval of the Grand Rapids Police Chief, Fire Chief, Zoning Official, and Building Official or their designees pursuant to Title VII, Chapter 91, Sec. 7.9 - Licensing and Certification Required, any other City department as the City deems necessary, and the Kent County Health Department if appropriate. If required approvals are not obtained, the City Clerk shall, not later than five (5) days after notification that one (1) or more approvals were not given, inform the applicant that the license was denied and the reasons therefor.

(f) No license shall be granted to any applicant who, upon investigation, is found to have unpaid or delinquent real property, personal property, or City income taxes, or special assessments.

(g) Following approval of the application as required herein, and upon payment of the fee provided for in Chapter 92 of City Code, the City Clerk shall cause a license to be issued.

(h) *Term of License.* A license shall be issued to a facility for a term of one (1) year.

(i) *Posting of License.* A license issued under this Chapter shall be posted and clearly visible at the main entrance of the facility, and it shall be a violation of this Chapter to conceal, remove, deface, or alter the license.

(j) *Renewal of License.*

(1) If renewal of a license does not occur within sixty (60) days from the date of expiration of the original license, the applicant will be required to comply with the requirements for obtaining a new license described in Section 7.304(a)—(e) above.

(2) A license will not be renewed until an annual fire inspection of the facility has occurred. Based on the outcome of the fire inspection, additional inspection/s may be required before renewal of the license.

(3) A license will not be renewed if the applicant has unpaid or delinquent real property, personal property, or City income taxes, or special assessments.

(k) *Non-transferability.* A license issued under this Chapter shall not be transferred or assigned to any person or used by any person other than the licensee to whom it was issued, nor shall a license be used or displayed at any location other than the location designated on the license.

(l) *Exceptions.*

(1) The use of temporary structures for temporary events of precisely limited duration is regulated and authorized by the provisions governing Temporary Use Permits under the Grand Rapids Zoning Ordinance. Temporary use of a temporary structure is a use which ceases upon expiration of a stated time period, at which point the Permit expires.

(2) This Chapter shall not apply to facilities operated by governmental entities or educational institutions which are regulated by the State of Michigan.

(Ord. No. 2019-27, § 1(1.4), 7-9-19)

Sec. 7.305. License Denial, Suspension, Revocation, Appeal.

(a) *Grounds for Denial, Suspension, or Revocation of License.* A license may be denied, suspended, or revoked by the City based upon any of the following grounds:

(1) The applicant or licensee has failed to comply with the application provisions of this Chapter.

(2) The applicant or licensee has been found guilty of or responsible for any misdemeanor or civil infraction pursuant to City Code which indicates a reasonable likelihood that the applicant or licensee is unwilling or unable to comply with this Chapter.

(3) The applicant or licensee has knowingly made a false statement of material fact, or knowingly failed to state a material fact during or after the application process.

(4) The applicant or licensee has permitted any illegal gambling; sale or use of illegal drugs; obscenity; alcohol violation; public or private nuisance; overcrowding; or disorderly conduct in or on the property of the facility, or has failed, refused, or neglected to provide for the health, safety, and welfare of persons using the facility; has violated any federal, state, or local laws, rules, or regulations; or has failed or refused to permit an inspection of the facility.

(b) *Right to Appeal.* Upon denial, suspension, or revocation of a license, the applicant shall have the right to appeal pursuant to Chapter 91 of City Code.

(Ord. No. 2019-27, § 1(1.5), 7-9-19)

Sec. 7.306. Operation of Facility.

(a) *Hours.*

(1) The hours of operation of an event held at a facility located in a residential district or within two hundred (200) feet of a residential district shall be 7:00 a.m. to 12:00 a.m.

(2) The hours of operation of an event held at a facility located further than two hundred (200) feet of a residential district shall be 7:00 a.m. to 2:00 a.m.

(3) If the hours of operation of an event are otherwise regulated by a special land use or temporary use permit granted under City Code by the Planning Commission or Planning Director, those hours shall apply to the event.

(b) *Nuisance and Criminal Activity.* A facility shall have no or minimal effects on the surrounding neighborhood, including but not limited to:

(1) Unusually heavy vehicular traffic during late night or early morning hours, or excessive traffic-related effects including noise, parking, and congestion.

(2) Excessive pedestrian traffic, including noise and congestion outside the facility boundaries.

(3) Noise, odors, or light that are perceptible in violation of City Code.

(4) Increased criminal activities of any sort on or in the vicinity of the facility.

(c) *Alcohol.* The sale, service, and on-premise consumption of alcohol at an event shall be regulated by the laws of the State of Michigan, and the Grand Rapids Charter and City Code as applicable.

(d) *Permittee Presence.*

(1) The permit holder or his or her agent named on the license application shall remain on facility premises for the duration of any event to supervise activities, and shall be responsible to ensure that such activities are in compliance with this Chapter, City Code, and any other applicable local, state and federal laws, rules, and regulations.

(Ord. No. 2019-27, § 1(1.6), 7-9-19)

Sec. 7.307. Governing Law.

(a) The provisions of Chapter 91 of City Code shall apply where they are not in conflict with the provisions of this Chapter.

(b) In addition to this Ordinance, rules and regulations may be promulgated by the City Manager as he or she may deem necessary to protect the public health, safety and welfare. Said rules and regulations shall be published and available on the City's website.

(Ord. No. 2019-27, § 1(1.7), 7-9-19)

Sec. 7.308. Violations and Penalties.

(a) A violation of this Chapter, or of any rule or regulation duly adopted and published pursuant to this Chapter, shall be a misdemeanor, punishable by imprisonment for up to ninety (90) days or a fine not to exceed five hundred dollars ($500.00) or both, and court costs.

(b) Penalties may also include injunction, nuisance abatement under state or local law, civil action to recover the City's costs of inspection, enforcement, prosecution and administration, and license denial, suspension, or revocation.

(c) Any person who violates this Chapter may be cited for a violation for each day the violation continues.

(d) Whenever any unlawful conduct or condition exists at any facility, an officer of the Grand Rapids Police Department is authorized to order the facility vacated. If a building or fire law, ordinance, rule, or regulation is being violated, the Grand Rapids Fire Department shall have authority to order the facility immediately vacated.

(e) Any violations apply to the entire facility, regardless of the fact that events may be held in different rooms or spaces.

*__Editor's note—__Ord. No. 2020-20, § 1, adopted July 7, 2020, amended chapter 105 in its entirety to read as herein set out. Former chapter 105, §§ 7.361—7.379, pertained to marihuana related municipal licensing, and derived from Ord. No. 2019-66, § 1, 10-8-19; Ord. No. 2020-08, § 1, 3-17-20.

Sec. 7.361. Purpose and Intent.

The City of Grand Rapids intends to license and regulate cannabis facilities and establishments as authorized under the Michigan Medical Marihuana Facilities Licensing Act (MMFLA), Public Act 281 of 2016, MCL 333.27101 et seq., and the Michigan Regulation & Taxation of Marijuana Act (MRTMA), Public Act 1 of 2018, MCL 333.27951 et seq., and to exercise authority as a home rule city to enforce ordinances under its police power in order to preserve the public health, safety, and welfare. By requiring a license and compliance with the requirements of this Chapter, the City intends to protect the public health, safety, and welfare by:

(1) Promoting the safe, regulated manufacturing, production, and sale by state-licensed cannabis establishments and facilities;

(2) Discouraging the sale of unsafe and unlicensed cannabis products;

(3) Preserving and protecting the health, safety, and welfare of the residents of the City and the general public by minimizing unsafe and unregulated cannabis production and sale;

(4) Minimizing the impact of the cannabis industry's intensive use of water and energy, particularly the growing process of cannabis plants. It is the City of Grand Rapids' intention to minimize the impact cannabis establishments have on public infrastructure and the environment by maximizing efficiency and reducing the need for the use of nonrenewable resources wherever possible;

(5) Promoting and encouraging participation in the cannabis industry by people from communities that have been disproportionately impacted by cannabis prohibition and enforcement and to positively impact those communities.

(Ord. No. 2020-20, § 1, 7-7-20)

Sec. 7.362. Definitions.

The following terms shall have the definitions indicated for the purposes of this Chapter:

(1) Terms contained in the Michigan Medical Marihuana Facilities Licensing Act (MMFLA), Public Act 281 of 2016, MCL 333.27101 et seq., and the Michigan Regulation and Taxation of Marijuana Act, Public Act 1 of 2018, MCL 333.27954 et seq., as amended (MRTMA), apply to the terms found herein. This Chapter contains some words and phrases that are defined in the MMFLA and the MRTMA. As used in this Chapter, they have the same meaning as provided in the MMFLA & MRTMA, unless the term is otherwise defined in this Chapter or the context requires a different meaning.

(2) *"Applicant"* means a person who applies for a Cannabis Related Municipal License under this Chapter.

(3) *"Cannabis"* shall have the same meaning as "marihuana" as defined in the MRTMA, MCL 333.27953(e). The term "cannabis" shall be the preferred term used in this ordinance, unless the term "marihuana" occurs in a proper name, including a state statute or agency name.

(4) The words *"Establishments"* and *"Facilities"* are used interchangeably and refer to any cannabis related locations at which a licensee is licensed to operate under either MMFLA, MRTMA, or both.

(5) *"Licensee"* means a person or entity issued a cannabis establishment or facility license under this Chapter or by the State, including safety compliance facilities, cannabis event organizers, temporary events, and secure transporters.

(6) *"Municipal cannabis license"* or *"license"* means a required Cannabis Related Municipal License issued pursuant to this Chapter that allows the licensee to operate within the City as one (1) of the following, as specified in the license:

(a) Grower, including Class A Grower, Class B Grower, Class C Grower, and Excess Grower;

(b) Processor;

(c) Provisioning Center;

(d) Retailer;

(e) Designated Consumption Establishment;

(f) Microbusiness;

(g) Safety Compliance Facility;

(h) Secure Transporter;

(i) Cannabis Related Event Coordinator;

(j) Cannabis Related Temporary Event.

(Ord. No. 2020-20, § 1, 7-7-20)

Sec. 7.363. Cannabis Establishments and Licensees Authorized to Operate within the City.

(1) Pursuant to the MMFLA and MRTMA, the City of Grand Rapids authorizes the operation in the City of the following cannabis licenses, provided they possess a state operating license issued under the MMFLA, MRTMA, or both, and they comply with the additional requirements of this Chapter, Chapter 61 (Zoning), and all other applicable laws and ordinances:

(a) Class A Grower, Class B Grower, Class C Grower, and Excess Marijuana Grower;

(b) Processor;

(c) Provisioning Center;

(d) Retailer;

(e) Microbusiness;

(f) Secure Transporter;

(g) Safety Compliance Facility.

(2) Pursuant to the MRTMA, the City of Grand Rapids does not currently authorize operation in the City of the following cannabis licenses:

(a) Designated Consumption Establishment;

(b) Cannabis Related Temporary Event.

(3) A Cannabis Related Event Coordinator may be located within the City of Grand Rapids without a municipal license, so long as none of the coordinated events are held within the City of Grand Rapids.

(Ord. No. 2020-20, § 1, 7-7-20)

Sec. 7.364. Cannabis Related Municipal License Required.

(1) No person shall operate a cannabis establishment in the City of Grand Rapids without first obtaining a municipal license and/or permit to do so as required by this Chapter.

(2) For co-located cannabis establishments, as authorized by this Code and state law, a separate Cannabis Related Municipal License is required for each type of establishment operated.

(3) For cannabis establishments with stacked and/or excess grow operations as authorized by this Code and state law, a license is required for each stacked and excess cannabis grower license.

(4) The license requirement in this Chapter shall be in addition to any other requirements imposed by any other state or local law, including but not limited to state or local laws applicable to commercial entities performing functions similar to the functions performed by cannabis establishments.

(5) A license issued under this Chapter shall be valid for one (1) year after the date of issuance, unless the City Clerk issues a longer license as authorized by this chapter. The expiration date of the state operating license that corresponds to a cannabis facility license issued under this Chapter constitutes the expiration date of the Cannabis Related Municipal License. Expiration of the Cannabis Related Municipal License does not affect a person's licensure under MMFLA or MMRTA but does affect the person's ability to operate a cannabis establishment in the City.

(6) This Chapter does not apply to, or regulate, any patient or caregiver conduct protected by the Michigan Medical Marihuana Act, 2008 IL 1, MCL 333.26421 et seq. (MMMA).

(Ord. No. 2020-20, § 1, 7-7-20)

Sec. 7.365. General Provisions.

(1) A Cannabis Related Municipal License is a revocable privilege and not a right. Nothing in this Chapter may be held or construed to grant a vested right, license, permit or privilege to continued operations within the City.

(2) A license issued under this Chapter is valid only for the applicant named on the license, the location of the establishment, and type of establishment identified on the license. Each license is personal and exclusive to the licensee.

(3) The revocation, suspension, and placement of restrictions by the State on a state operating license apply equally to a license issued by the City.

(4) An applicant or licensee has a continuing duty to provide information requested by the City and to cooperate in any investigation, inquiry, or hearing conducted by the City.

(5) Acceptance of a license from the City under this Chapter constitutes consent by the licensee for the City to conduct inspections of the licensed premises to ensure compliance with this Chapter.

(6) The issuance of any license pursuant to this Chapter does not create an exception, defense, or immunity to any person with regard to any potential criminal or civil liability the person may have under any federal or state law or city ordinance.

(7) No Cannabis Related Municipal License may be sold, assigned, mortgaged or otherwise transferred.
(Ord. No. 2020-20, § 1, 7-7-20)

Sec. 7.366. Application Requirements.

(1) An application for a cannabis facility license shall be submitted to the City Clerk in a form provided by the City. Any application that does not include all information requested by the application form or is not supported by the materials required by this Chapter or the license application shall be denied and/or rejected.

(2) The application may require information that will enable the City Clerk to make a fair determination as to the applicant's fitness and ability to comply with the provisions of this Code and all other applicable laws, ordinances and regulations, including but not limited to:

(a) The name and address of the facility and any other contact information requested on the application form.

(b) The name and address of all owners (entities and individuals) of the real property where the facility is located.

(c) A copy of official paperwork issued by the State indicating that the applicant has successfully completed the prequalification step of the application for a state operating license.

(d) Proof of applicant's ownership, legal possession, or otherwise legal interest in the premises.

(e) Proof that the appropriate zoning approval has been received.

(f) Copy of the security plan required by State Administrative Rule 35, R. 333.235, or MRTMA Emergency Rule 35, or their successor regulations.

(g) Evidence of a valid and effective policy for general liability insurance within minimum limits of one million dollars ($1,000,000.00) per occurrence and a two million dollars ($2,000,000.00) aggregate limit issued from a company licensed to do business in Michigan having an AM Best rating of at least B++ shall be produced that includes the name/s of the insured, effective and expiration dates, and policy number. The City of Grand Rapids and its officials and employees shall be named as additional insureds. The City shall be notified of any cancellation, expiration, reduction in coverage, or other policy changes within five (5) business days of the event.

(h) If the application is for a grower's license, the maximum number of plants that the applicant intends to grow.

(i) Proof of environmental sustainability plan conforming to the requirements of this Chapter.

(j) Proof of social equity plan conforming to the requirements of this Chapter.

(k) Any information and materials required by City Policy.

(l) Other information and materials specific to the type of establishment or activity being licensed as indicated on the license application.

(3) Payment of a non-refundable application fee per cannabis license sought and/or proof that the applicant has, within the prior three hundred sixty-five (365) days, paid the zoning application fee for zoning approval associated with the cannabis facility type identified in the application as required in Chapter 61, Section 5.9.19. Fees shall be offset to ensure the annual fees required by cannabis facility ordinances or zoning regulations promulgated pursuant to the MMFLA & MRTMA do not exceed five thousand dollars ($5,000.00) annually, per application.
(Ord. No. 2020-20, § 1, 7-7-20)

Sec. 7.367. Environmental Sustainability.

(1) All establishments shall enroll in the Grand Rapids 2030 District prior to operation. Enrollment shall be, at a minimum, as a building owner or substantially similar enrollment option that enables the confidential reporting of cannabis facility performance data, which shall be reported via Energy Star Portfolio Manager on at least an annual basis and no later than sixteen (16) months after operations commence.

(2) A grower of any class and microbusinesses shall be required to meet the following environmental sustainability requirements:

(a) Create and submit an analysis of predictive energy load, including design energy use intensity (EUI) to the City's Office of Sustainability as well as all energy utilities serving the applicant, including electricity, natural gas, and steam, at the time of the Cannabis Related Municipal License application.

(b) Create and submit an environmental sustainability plan to the City's Office of Sustainability at the time of the Cannabis Related Municipal License application, that includes the following items:

(i) Estimated greenhouse gas (GHG) emissions for the coming year and reporting on the past year's GHG emissions;

(ii) Identification of water efficiency measures planned;

(iii) A list of wastewater pollutant loadings and toxics; and

(iv) A solid waste management plan detailing disposal plans and anticipated amounts for plants, soils and other wastes that will be generated.

(c) At least fifty (50) percent of plant canopy area that is partially or fully illuminated by electric lighting shall be illuminated by fixtures with photosynthetic photon efficacy of at least 1.9 µmol/J at the time operations commence.

(d) Submit a whole building energy audit meeting ASHRAE Level II guidelines or better to the City's Office of Sustainability within sixteen (16) months after operations commence.

(e) All applications for renewal of any license shall include the environmental sustainability plan submission required by this section and proof of compliance with the annual reporting requirements under this Section.
(Ord. No. 2020-20, § 1, 7-7-20)

Sec. 7.368. Conduct of Business at Licensed Cannabis Establishment.

(1) The operations at a licensed cannabis facility shall be conducted in compliance with the MMFLA and the MRTMA, and any rules promulgated pursuant to other laws, rules, and regulations of the state of Michigan and the City of Grand Rapids.

(2) All security measures required by the State shall be maintained.

(a) Security devices and all components of those devices required by the State, including but not limited to, video surveillance systems, alarm systems, and locks, shall be in good working order.

(b) Licensees shall register their video surveillance systems with the Grand Rapids Police Department.

(3) All cannabis in any form on the premises of a licensed cannabis facility shall be cultivated, manufactured, tested, sold, and packaged in the State of Michigan.

(4) Access to the licensed cannabis establishment is restricted to the licensee, employees of the licensee, and adult patrons age 21 or older in establishments licensed for recreational cannabis, and the department, through its investigators, agents, auditors, or the State Police or authorized City employees acting within the scope of their employment. A separate waiting area may be created for visitors not authorized to enter the cannabis establishment.

(5) Recreational cannabis products must be separated from medical cannabis products in accordance with State law.

(6) A licensee shall display all cannabis facility licenses issued under this Chapter and state operating licenses in plain view clearly visible to patrons, clients, city officials, and state authorized agents.

(7) A licensee shall not permit or allow the sale, consumption, or use of alcohol or tobacco products on licensed premises unless it is licensed to do so by the State and the City, and/or as otherwise permitted by law.

(8) A licensee shall not permit or otherwise allow the use, smoke, inhalation, or consumption of cannabis, in any form, anywhere within a licensed cannabis establishment or on the property of a licensed establishment unless it is licensed to do so by the State and the City.

(9) A licensee shall comply with the Michigan Construction Code and Americans with Disabilities Act Amendment Act of 2008 (ADAA) meeting ANSI A117.1.
(Ord. No. 2020-20, § 1, 7-7-20)

Sec. 7.369. Social Equity Plan.

(1) All cannabis license applicants shall provide a social equity plan detailing any practices, initiatives, or policies the applicant will implement to promote and encourage participation in the cannabis industry by people from communities that have been disproportionately impacted by cannabis prohibition and enforcement and to positively impact those communities.

(2) The social equity plan shall address, at a minimum:

(a) Employment practices regarding recruitment, hiring, promotion, or transfer of individuals that have been impacted by cannabis prohibition and enforcement or individuals from communities that have been disproportionately impacted by cannabis prohibition and enforcement;

(b) Supplier practices to promote and encourage individuals that have been disproportionately impacted by cannabis prohibition and enforcement or individuals from communities that have been disproportionately impacted by cannabis prohibition and enforcement to participate in the cannabis industry as suppliers;

(c) Public accommodation practices to promote and encourage people from communities that have been disproportionately impacted by cannabis prohibition and enforcement to participate in the cannabis industry;

(d) Community impact practices and initiatives that positively impact communities disproportionately impacted by cannabis prohibition and enforcement;

(e) Anti-discrimination policies that prohibit discrimination in employment and public accommodations in accordance with Chapter 176 of this Code (Human Rights Ordinance); and

(f) A summary outlining the licensee's social equity plan that will be published and made publicly available on a licensee website, if available, or another method reasonably calculated to reach clients, patrons, suppliers, and the public, if the licensee does not maintain an online presence.

(3) All licensees shall make good faith effort to meet the objectives of the social equity plan submitted with the application or license renewal. "Good faith effort" means efforts designed to implement the established objectives of the licensee's Social Equity Plan which by their scope, intensity and appropriateness to the objective, can reasonably be expected to fulfill the Plan objective. License renewals shall require reporting on the licensee's good faith efforts under this Section.
(Ord. No. 2020-20, § 1, 7-7-20)

Sec. 7.370. License Denial, Suspension, or Revocation.

(1) A license issued under this Chapter may be denied, suspended, revoked, or nonrenewed for any of the following reasons:

(a) The applicant or licensee is ineligible or does not hold the appropriate state operating license under the MMFLA or MRTMA.

(b) The applicant or licensee, or his or her agent, manager or employee, has violated, does not meet, or has failed to comply with any of the terms, requirements, conditions or provisions of this Chapter, City Code, or with any applicable state law.

(c) A license application contains any misrepresentation or omission of any material fact, or false or misleading information, or the applicant has provided the city with any other false or misleading information related to the establishment.

(d) Cannabis is grown, dispensed, possessed, distributed, or sold on the premises in violation of this Chapter or any other applicable state or local law, rule or regulation.

(e) The establishment is operated or is operating in violation of the specifications of the license application, license, any conditions of approval by the City or any other applicable state or local law, rule or regulation. Voluntary commitments made pursuant to City Policy are included within the specifications of the license application and the City may deny, suspend, revoke, or non-renew the license based on non- compliance with those commitments.

(f) The City, the county, or any other governmental entity with jurisdiction, has closed the establishment temporarily or permanently or has issued any sanction for failure to comply with health and safety provisions of this Chapter or other applicable state or local laws related to public health and safety.

(g) The establishment's state operating license has been suspended, revoked, denied, or not renewed.

(h) The cannabis establishment has been operated in a manner that adversely affects the public health, safety or welfare. Evidence to support a finding under this Section may include, without limitation, a recurring pattern of conduct that violates City Code directly related to or arising from the operation of the cannabis establishment; a recurring pattern or drug-related criminal conduct within the premises of the cannabis establishment or in the immediate area surrounding the establishment; a recurring pattern of criminal conduct directly related to or arising from the operation of the cannabis establishment; or an ongoing nuisance condition emanating from or caused by the cannabis establishment. Criminal drug-related conduct considered under this Section shall be limited to the violation of a State law, state regulation, or city ordinance.

(2) These grounds for denial, suspension or revocation of a license provided for in this Chapter shall be in addition to other grounds for denial, suspension or revocation of licenses or permits provided for in Chapter 91 and elsewhere in this Code.

(3) Prior to suspension, revocation, or nonrenewal of any license issued under this Chapter, the licensee shall be entitled to a hearing as provided in Section 7.16 of Chapter 91 of this Code.

(4) An applicant has the right to appeal the denial of a license as provided in Section 7.16 of Chapter 91 of this Code.
(Ord. No. 2020-20, § 1, 7-7-20)

Sec. 7.371. Revocation Not Exclusive Penalty or Remedy.

Nothing in this Chapter shall be deemed to prohibit the City from imposing other penalties or seeking other remedies authorized by the Grand Rapids City Code or other ordinance of the City, including filing a public nuisance action or any other legal action in a court of competent jurisdiction.
(Ord. No. 2020-20, § 1, 7-7-20)

Sec. 7.372. Fees.

(1) The annual license fee shall be as specified in Chapter 92 of this Code.

(2) License fee discounts may be provided in accordance with City Policy.
(Ord. No. 2020-20, § 1, 7-7-20)

Sec. 7.373. Renewal of Existing Licenses.

(1) The same procedures that apply to applying for a new license shall apply to the renewal of existing licenses.

(2) An application for renewal of an existing license shall be submitted no sooner than sixty (60) days before the existing license expires and no later than thirty-one (31) days before the expiration date.

(3) If a license renewal is not submitted by the license expiration date, the license may be renewed within sixty (60) days after its expiration date upon application, payment of applicable fees and penalties, and satisfaction of any renewal requirements if state licensure is still active.

(4) Multi-year license renewals may be provided in accordance with City Policy for a duration not to exceed three (3) years.
(Ord. No. 2020-20, § 1, 7-7-20)

Sec. 7.374. Issuance of License and Authorization to Operate Under License.

(1) If, after investigation, the City Clerk shall be reasonably satisfied that the applicant has successfully demonstrated compliance with all requirements for issuance of a license, the City Clerk shall issue the applicable Cannabis Related Municipal License or grant renewal of an existing license.

(2) A licensee is authorized to operate under a municipal license issued pursuant to this Chapter only after the following additional requirements are met.

(a) The licensee also holds a valid current state operating license for that location and establishment type. A copy of the valid current state operating license shall be provided to the City Clerk.

(b) A certificate of occupancy has been issued.

(c) The licensee is not operating in violation of any City ordinances or state law.

(d) Zoning is deemed appropriate by the City for the location and any and all Special Land Use permits and/or waivers have been approved.

(e) Any other license specific requirements as stated herein and in the license application have been met.
(Ord. No. 2020-20, § 1, 7-7-20)

Sec. 7.375. Penalty for Violations.

(1) Any person who violates a provision of this Chapter shall be responsible for a municipal civil infraction and shall be subject to such civil infraction fines and costs as provided in Chapter 170, but the fee will not exceed the fee limitation set by the state.

(2) Each day of violation shall be a separate violation.
(Ord. No. 2020-20, § 1, 7-7-20)

Sec. 7.376. Coordination with State Licensing Authorities.

The City Clerk shall coordinate with the Michigan Marijuana Regulatory Agency (MRA) to provide information that LARA or the MRA deems necessary to carry out licensing under the MMFLA and MRTMA, including but not limited to:

(1) Attestation as to ordinances and zoning regulations adopted by the City relating to cannabis establishments, and amendments thereto.

(2) Information regarding a licensee or applicant for a state operating license including:

(a) Information that the board deems necessary to determine whether a state operating license should be issued or renewed;

(b) Description of a violation of an ordinance or a zoning regulation committed by the licensee, but only if the violation relates to activities licensed under this Chapter, zoning regulations relating to cannabis establishments, or applicable cannabis laws;

(c) Denial, suspension, revocation, or nonrenewal of a cannabis facility license; or

(d) Whether there has been a change to an ordinance or zoning regulation relating to cannabis establishments and/or licensing since the state operating license was issued, and a description of the change.

(3) Recommendation to LARA that a state operating license for a cannabis establishment located in Grand Rapids be restricted or not renewed. The Clerk shall provide specific written input and information necessary for LARA to consider the recommendation.

(Ord. No. 2020-20, § 1, 7-7-20)

Sec. 7.377. Conflicts with Other Laws or Regulations.

Nothing in this Chapter shall be construed in such a manner as to conflict with the MMFLA, MMMA, MMRTA, or other applicable state cannabis law or rules. If any provision of this Chapter differs from a provision of any other applicable law, ordinance, rule or regulation, both the provision of this Chapter and the differing provision shall apply if possible. If the two (2) provisions are in conflict, then the provision establishing the higher or stricter standard shall apply, consistent with state law.
(Ord. No. 2020-20, § 1, 7-7-20)

Sec. 7.378. Severability.

The various parts, sections, and clauses of this Chapter are hereby declared to be severable. If any part, sentence, paragraph, section or clause is adjudged unconstitutional or invalid by a Court of competent jurisdiction, the remainder of the Chapter shall not be affected thereby.
(Ord. No. 2020-20, § 1, 7-7-20)

Sec. 7.379. Acceptance of Licensing Applications.

(1) The City Clerk will begin accepting license applications as follows:

(a) On July 20, 2020 for grower, processor, provisioning center, retailer, safety compliance facility, and secure transporter license applications;

(b) On October 20, 2020 for microbusiness license applications;

(c) The City Commission may provide for an earlier acceptance date by resolution.

(2) Medical Cannabis Facilities not in violation of this Chapter that were previously licensed under MMFLA and granted zoning approval prior to the date that the City begins accepting applications may continue to operate as a Medical Cannabis Facility (only) using their zoning approval as a temporary license until January 20, 2021 provided they submit a complete application by August 20, 2020. Operation of such a

facility absent a temporary or regular license to do so once the City begins accepting applications is prohibited.

(3) The City shall give priority processing preference to applications in accordance with City Policy.

(4) This section may be amended if in the public interest to do so.

Sec. 7.431. Purpose.

The purposes of this Chapter are to regulate access to and ongoing use of public rights-of-way by telecommunications providers for their telecommunications facilities while protecting the public health, safety, and welfare and exercising reasonable control of the public rights-of-way in compliance with the Metropolitan Extension Telecommunications Rights-of-Way Oversight Act (Act No. 48 of the Public Acts of 2002) ("Act") and other applicable law, and to ensure that the City qualifies for distributions under the Act by modifying the fees charged to providers and complying with the Act.
(Ord. No. 2002-62, § 1, 10-29-02)

Sec. 7.432. Conflict.

Nothing in this Chapter shall be construed in such a manner as to conflict with the Act or other applicable law.
(Ord. No. 2002-62, § 1, 10-29-02)

Sec. 7.433. Terms Defined.

The terms used in this Chapter shall have the following meanings:

(1) *Act* means the Metropolitan Extension Telecommunications Rights-of-Way Oversight Act (Act No. 48 of the Public Acts of 2002), as amended from time to time.[1]

(2) *City* means the City of Grand Rapids.

(3) *City Commission* means the City Commission of the City of Grand Rapids or its designee. This Section does not authorize delegation of any decision or function that is required by law to be made by the City Commission.

(4) *City Manager* means the City Manager or his or her designee.

(5) *Permit* means a non-exclusive permit issued pursuant to the Act and this Chapter to a telecommunications provider to use the public rights-of-way in the City for its telecommunications facilities.

All other terms used in this Chapter shall have the same meaning as defined or as provided in the Act, including without limitation the following:

(6) *Authority* means the Metropolitan Extension Telecommunications Rights-of-Way Oversight Authority created pursuant to Section 3 of the Act.

(7) *MPSC* means the Michigan Public Service Commission in the Department of Consumer and Industry Services, and shall have the same meaning as the term "Commission" in the Act.

(8) *Person* means an individual, corporation, partnership, association, governmental entity, or any other legal entity.

(9) *Public Right-of-Way* means the area on, below, or above a public roadway, highway, street, alley, easement or waterway. Public right-of-way does not include a federal, state, or private right-of-way.

(10) *Telecommunication Facilities* or *Facilities* means the equipment or personal property, such as copper and fiber cables, lines, wires, switches, conduits, pipes, and sheaths, which are used to or can generate, receive, transmit, carry, amplify, or provide telecommunication services or signals. Telecommunication facilities or facilities do not include antennas, supporting structures for antennas, equipment shelters or houses, and any ancillary equipment and miscellaneous hardware used to provide federally licensed commercial mobile service as defined in Section 332(d) of Part I of Title III of the Communications Act of 1934, chapter 652, 48 Stat. 1064, 47 U.S.C. 332 and further defined as commercial mobile radio service in 47 CFR 20.3, and service provided by any wireless, two-way communication device.

(11) *Telecommunications Provider, Provider and Telecommunications Services* mean those terms as defined in Section 102 of the Michigan telecommunications act, 1991 PA 179, MCL 484.2102. Telecommunication provider does not include a person or an affiliate of that person when providing

a federally licensed commercial mobile radio service as defined in Section 332(d) of part I of the communications act of 1934, chapter 652, 48 Stat. 1064, 47 U.S.C. 332 and further defined as commercial mobile radio service in 47 CFR 20.3, or service provided by any wireless, two-way communication device. For the purpose of the Act and this Chapter only, a provider also includes all of the following:

(a) A cable television operator that provides a telecommunications service.

(b) Except as otherwise provided by the Act, a person who owns telecommunication facilities located within a public right-of-way.

(c) A person providing broadband internet transport access service.

(Ord. No. 2002-62, § 1, 10-29-02)

Sec. 7.434. Permit Required.

(1) *Permit Required.* Except as otherwise provided in the Act, a telecommunications provider using or seeking to use public rights-of-way in the City for its telecommunications facilities shall apply for and obtain a permit pursuant to this Chapter.

(2) *Application.* Telecommunications providers shall apply for a permit on an application form approved by the MPSC in accordance with Section 6(1) of the Act. A telecommunications provider shall file one (1) copy of the application with the City Clerk, one (1) copy with the City Manager, and one (1) copy with the City Attorney. Upon receipt, the City Clerk shall make two (2) copies of the application and distribute one (1) copy to the City's Director of Streets and Sanitation and one (1) copy to the City Engineer. Applications shall be complete and include all information required by the Act, including without limitation a route map showing the location of the provider's existing and proposed facilities in accordance with Section 6(5) of the Act.[2]

(3) *Confidential Information.* If a telecommunications provider claims that any portion of the route maps submitted by it as part of its application contain trade secret, proprietary, or confidential information, which is exempt from the Freedom of Information Act, 1976 PA 442, MCL 15.231 to 15.246, pursuant to Section 6(5) of the Act, the telecommunications provider shall prominently so indicate on the face of each map.

(4) *Application Fee.* Except as otherwise provided by the Act, the application shall be accompanied by a one-time non-refundable application fee in the amount of five hundred dollars ($500.00).

(5) *Additional Information.* The City Manager may request an applicant to submit such additional information which the City Manager deems reasonably necessary or relevant. The applicant shall comply with all such requests in compliance with reasonable deadlines for such additional information established by the City Manager. If the City and the applicant cannot agree on the requirement of additional information requested by the City, the City or the applicant shall notify the MPSC as provided in Section 6(2) of the Act.

(6) *Previously Issued Permits.* Pursuant to Sections 4(2) and 5(1) of the Act, authorizations or permits previously issued by the City under Section 251 of the Michigan telecommunications act, 1991 PA 179, MCL 484.2251 and authorizations or permits issued by the City to telecommunications providers prior to the 1995 enactment of Section 251 of the Michigan Telecommunications Act but after 1985 shall satisfy the permit requirements of this Chapter.

(7) *Existing Providers.* Pursuant to Section 5(3) of the Act, within one hundred eighty (180) days from November 1, 2002, the effective date of the Act, a telecommunications provider with facilities located in a public right-of-way in the City as of such date, that has not previously obtained authorization or a permit under Section 251 of the Michigan Telecommunications Act, 1991 PA 179, MCL 484.2251, shall submit to the City an application for a permit in accordance with the requirements of this Chapter. Pursuant to Section 5(3) of the Act, a telecommunications provider submitting an application under this subsection is not required to pay the five hundred dollars ($500.00) application fee required under subsection (4) above. A provider under this subsection shall be given up

to an additional one hundred eighty (180) days to submit the permit application if allowed by the Authority, as provided in Section 5(4) of the Act.
(Ord. No. 2002-62, § 1, 10-29-02)

Sec. 7.435. Issuance of Permit.

(1) *Approval or Denial.* The authority to approve or deny an application for a permit is hereby delegated to the City Manager. Pursuant to Section 15(3) of the Act, the City Manager shall approve or deny an application for a permit within forty-five (45) days from the date a telecommunications provider files an application for a permit under Section 7.434(2) of this Chapter for access to a public right-of-way within the City. Pursuant to Section 6(6) of the Act, the City Manager shall notify the MPSC when the City Manager has granted or denied a permit, including information regarding the date on which the application was filed and the date on which permit was granted or denied. The City Manager shall not unreasonably deny an application for a permit.

(2) *Form of Permit.* If an application for permit is approved, the City Manager shall issue the permit in the form approved by the MPSC, with or without additional or different permit terms, in accordance with Sections 6(1), 6(2) and 15 of the Act.[3]

(3) *Conditions.* Pursuant to Section 15(4) of the Act, the City Manager may impose conditions on the issuance of a permit, which conditions shall be limited to the telecommunications provider's access and usage of the public right-of-way.

(4) *Bond Requirement.* Pursuant to Section 15(3) of the Act, and without limitation on subsection (3) above, the City Manager may require that a bond be posted by the telecommunications provider as a condition of the permit. If a bond is required, it shall not exceed the reasonable cost to ensure that the public right-of-way is returned to its original condition during and after the telecommunications provider's access and use.
(Ord. No. 2002-62, § 1, 10-29-02)

Sec. 7.436. Construction/Engineering Permit.

A telecommunications provider shall not commence construction upon, over, across, or under the public rights-of-way in the City without first obtaining such construction or engineering permits as may be required under this Code, as amended, for construction within the public rights-of-way. No fee shall be charged to a telecommunications provider for such a construction or engineering permit. To the extent the fee requirements of any City Chapter or resolution are in conflict with this Section 7.436, those fee requirements are repealed.
(Ord. No. 2002-62, § 1, 10-29-02)

Sec. 7.437. Conduit or Utility Poles.

Pursuant to Section 4(3) of the Act, obtaining a permit or paying the fees required under the Act or under this Chapter does not give a telecommunications provider a right to use conduit or utility poles.
(Ord. No. 2002-62, § 1, 10-29-02)

Sec. 7.438. Route Maps.

Pursuant to Section 6(7) of the Act, a telecommunications provider shall, within ninety (90) days after the substantial completion of construction of new telecommunications facilities in the City, submit route maps showing the location of the telecommunications facilities to both the MPSC and to the City. The route maps should be in electronic format unless and until the MPSC determines otherwise, in accordance with Section 6(8) of the Act.
(Ord. No. 2002-62, § 1, 10-29-02)

Sec. 7.439. Repair of Damage.

Pursuant to Section 15(5) of the Act, a telecommunications provider undertaking an excavation or construction or installing telecommunications facilities within a public right-of-way or temporarily obstructing a public right-of-way in the City, as authorized by a permit, shall promptly repair all damage done to the street surface and all installations under, over, below, or within the public right-of-way and shall promptly restore the public right-of-way to its preexisting condition.
(Ord. No. 2002-62, § 1, 10-29-02)

Sec. 7.440. Establishment and Payment of Maintenance Fee.

In addition to the non-refundable application fee paid to the City set forth in subsection 7.434(4) above, a telecommunications provider with telecommunications facilities in the City's public rights-of-way shall pay an annual maintenance fee to the Authority pursuant to Section 8 of the Act.
(Ord. No. 2002-62, § 1, 10-29-02)

Sec. 7.441. Modification of Existing Fees.

In compliance with the requirements of Section 13(1) of the Act, the City hereby modifies, to the extent necessary, any fees charged to telecommunications providers after November 1, 2002, the effective date of the Act, (including providers with permits or consent agreements in effect on October 31, 2002) relating to access and usage of the public rights-of-way, to an amount not exceeding the amounts of fees and charges required under the Act, which shall be paid to the Authority. In compliance with the requirements of Section 13(4) of the Act, the City also hereby approves modification of the fees of providers with telecommunication facilities in public rights-of-way within the City's boundaries, so that those providers pay only those fees required under Section 8 of the Act. The City shall provide each telecommunications provider affected by the fee with a copy of this Chapter, in compliance with the requirement of Section 13(4) of the Act. To the extent any fees are charged telecommunications providers in excess of the amounts permitted under the Act, or which are otherwise inconsistent with the Act, such imposition is hereby declared to be contrary to the City's policy and intent, and upon application by a provider or discovery by the City, shall be promptly refunded as having been charged in error.
(Ord. No. 2002-62, § 1, 10-29-02)

Sec. 7.442. Savings Clause.

Pursuant to Section 13(5) of the Act, if Section 8 of the Act is found to be invalid or unconstitutional, the modification of fees under Section 7.441 above shall be void from the date the modification was made.
(Ord. No. 2002-62, § 1, 10-29-02)

Sec. 7.443. Use of Funds.

Pursuant to Section 10(4) of the Act, all amounts received by the City from the Authority shall be used by the City solely for rights-of-way related purposes. In conformance with that requirement, all funds received by the City from the Authority shall be deposited into the Major Street Fund and/or the Local Street Fund maintained by the City under Act No. 51 of the Public Acts of 1951.
(Ord. No. 2002-62, § 1, 10-29-02)

Sec. 7.444. Annual Report.

Pursuant to Section 10(5) of the Act, the City Manager shall file an annual report with the Authority on the use and disposition of funds annually distributed by the Authority to the City.
(Ord. No. 2002-62, § 1, 10-29-02)

Sec. 7.445. Cable Television Operators.

Pursuant to Section 13(6) of the Act, the City shall not hold a cable television operator in default or seek any remedy for its failure to satisfy an obligation, if any, to pay after November 1, 2002, the effective date of this Act, a franchise fee or similar fee on that portion of gross revenues from charges the cable operator received for cable modem services provided through broadband internet transport access services.
(Ord. No. 2002-62, § 1, 10-29-02)

Sec. 7.446. Existing Rights.

Pursuant to Section 4(2) of the Act, except as expressly provided herein with respect to fees, this Chapter shall not affect any existing rights that a telecommunications provider or the City may have under a permit issued by the City or under a contract between the City and a telecommunications provider related to the use of the public rights-of-way.
(Ord. No. 2002-62, § 1, 10-29-02)

Sec. 7.447. Compliance.

The City hereby declares that its policy and intent in adopting this Chapter is to fully comply with the requirements of the Act, and the provisions hereof should be construed in such a manner as to achieve that purpose. The City shall

comply in all respects with the requirements of the Act, including but not limited to the following:

(1) Exempting certain route maps from the Freedom of Information Act, 1976 PA 442, MCL 15.231 to 15.246, as provided in Section 7.434(3) of this Chapter, to the extent permitted by law;

(2) Allowing certain previously issued permits to satisfy the permit requirements hereof, in accordance with Section 7.434(6) of this Chapter;

(3) Allowing existing providers additional time in which to submit an application for a permit, and excusing such providers from the five hundred dollars ($500.00) application fee, in accordance with Section 7.434(7) of this Chapter;

(4) Approving or denying an application for a permit within forty-five (45) days from the date a telecommunications provider files an application for a permit for access to and usage of a public right-of-way within the City, in accordance with Section 7.435(1) of this Chapter.

(5) Notifying the MPSC when the City has granted or denied a permit, in accordance with Section 7.435(1) of this Chapter.

(6) Not unreasonably denying an application for a permit, in accordance with Section 7.435(1) of this Chapter.

(7) Issuing a permit in the form approved by the MPSC, with or without additional or different permit terms, as provided in Section 7.435(2) of this Chapter;

(8) Limiting the conditions imposed on the issuance of a permit to the telecommunications provider's access and usage of the public right-of-way, in accordance with Section 7.435(3) of this Chapter.

(9) Not requiring a bond of a telecommunications provider which exceeds the reasonable cost to ensure that the public right-of-way is returned to its original condition during and after the telecommunication provider's access and use, in accordance with Section 7.435(4) of this Chapter.

(10) Not charging any telecommunications providers any additional fees for construction or engineering permits, in accordance with Section 7.436 of this Chapter;

(11) Providing each telecommunications provider affected by the City's right-of-way fees with a copy of this Chapter, in accordance with Section 7.441 of this Chapter;

(12) Submitting an annual report to the Authority, in accordance with Section 7.444 of this Chapter; and

(13) Not holding a cable television operator in default for a failure to pay certain franchise fees, in accordance with Section 7.445 of this Chapter.

(Ord. No. 2002-62, § 1, 10-29-02)

Sec. 7.448. Reservation of Police Powers.

Pursuant to Section 15(2) of the Act, this Chapter shall not limit the City's right to review and approve a telecommunication provider's access to and ongoing use of public right-of-way or limit the City's authority to ensure and protect the health, safety, and welfare of the public.
(Ord. No. 2002-62, § 1, 10-29-02)

Sec. 7.449. Severability.

The various parts, sentences, paragraphs, sections, and clauses of this Chapter are hereby declared to be severable. If any part, sentence, paragraph, section, or clause of this Chapter is adjudged unconstitutional or invalid by a court or administrative agency of competent jurisdiction, the unconstitutionality or invalidity shall not affect the constitutionality or validity of any remaining provisions of this Chapter.
(Ord. No. 2002-62, § 1, 10-29-02)

Sec. 7.450. Effective Date.

This Chapter shall become effective from and after November 1, 2002.
(Ord. No. 2002-62, § 1, 10-29-02)

Sec. 7.451. Enforcement.

(1) *Violations.* A person who violates any provision of this Chapter is responsible for a municipal civil infraction, and shall be subject to such

civil infraction fines and costs as provided in Chapter 170 of the Code of the City of Grand Rapids. Nothing in this Section shall be construed to limit the remedies available to the City in the event of a violation of this Chapter by any person.

(2) *Authorized Officials.* The City Manager is hereby designated as the authorized official to issue municipal civil infraction citations (directing alleged violators to appear in court) or municipal civil infraction violation notices (directing alleged violators to appear at the Municipal Ordinance Violations Bureau) for violations of this Chapter, as provided in Chapter 170 of the Code of the City of Grand Rapids.

CATV CONSENT AGREEMENT*

Sec. 7.500. Consent Agreement.
Sec. 7.501. Application.
Sec. 7.502. Cable Television Advisory Forum.
Sec. 7.503. Licensing of Operators of Cable Television Public Service Channels.
Secs. 7.504—7.530. Reserved.

*Cross references—Streets, Ch. 51; zoning, Ch. 61; general building regulations, Ch. 131; Electrical Code, Ch. 133.

Sec. 7.500. Consent Agreement.

(1) All multichannel video providers shall obtain a consent agreement from the City of Grand Rapids prior to providing service to any resident, business or person within the City of Grand Rapids.

(2) Multichannel video provider means a person or entity who meets one or more of the following tests:

(a) The provider is a cable operator, as such term is defined in the Federal Cable Act, being Title VI of the Federal Communications Act of 1934, 47 U.S.C. Sections 521 and following, or is otherwise required to obtain a "franchise", as such term is defined in such Act.

(b) The provider is an operator of an open video system, as such term is defined in Title VI of the Federal Communications Act of 1934 and implementing regulations.

(c) Any person or entity who provides multichannel video service to a resident, business or person within the City of Grand Rapids, where such service is transmitted in whole or in part via wires or lines that are in or cross any public rights-of-way within the City of Grand Rapids.

The preceding sentence shall apply whether the provider owns, leases or otherwise obtains the right to use such wires or lines, including wires or lines of a telecommunications provider used pursuant to tariff or otherwise for such purpose.

Multichannel video service means multiple channels of video programming where the individual video channels are generally considered comparable to programming provided by a television broadcast station or by a direct to home satellite service.

(d) A person or entity providing multichannel video service who is otherwise required to obtain a franchise or consent agreement under applicable law.

(Ord. No. 75-10, 2-11-75; Ord. No. 98-23, § 1, 6-23-98)

Sec. 7.501. Application.

Any proposed multichannel video provider shall make formal application in writing to the Grand Rapids City Commission. The grant of the City' s consent to use it's public rights-of-way and all precedent conditions which become a part thereof shall be founded upon considerations of the public health, safety and welfare of the citizens of the City of Grand Rapids.

(Ord. No. 75-10, 2-11-75; Ord. No. 98-23, § 2, 6-23-98)

Sec. 7.502. Cable Television Advisory Forum.

(1) The Cable Television Advisory Forum is hereby created to advise the City Commission on matters enumerated herein.

(2) The Cable Television Advisory Forum shall consist of five (5) members who are residents of the City of Grand Rapids, Michigan. Members shall be appointed by the City Commission for staggered three-year terms ending the first Monday in January. The Members shall serve without compensation and shall be chosen to broadly represent the community at large. Membership shall require appropriate academic, professional and technical specialization.

(3) The Cable Television Advisory Forum shall meet as often as necessary to carry out the functions described herein. It shall elect a Chairperson to preside over meetings, provide that minutes be taken of all regular meetings, and adopt such rules of procedure as it deems fit and which are not inconsistent herewith.

(4) The Cable Television Advisory Forum shall have the duties of:

(a) Advising the Grand Rapids City Commission on all aspects of its Cable Television Policy, including, but not limited to, review of a cable operator's performance and review of a public service channel operator's performance;

(b) Upon request by the City Commission, the Cable Television Advisory Forum shall conduct public hearings on all aspects of a Cable Television System, a cable operator's performance and a public service

channel operator's performance. The Forum shall submit a written report of its findings and recommendations to the City Commission following each such public hearing;

(c) Reviewing the adequacy of access opportunities to the Cable Television medium through the various access channels;

(d) Evaluating the effectiveness of the Grand Rapids Cable Access Center by monitoring programming and operations;

(e) Maintaining a knowledge of current developments in cable technology;

(f) Monitoring changing cable legislation with the specific focus of its potential impact on the public;

(g) Submitting an annual report to the City Commission describing the activities of the Forum during the reporting year; and

(h) Assuming such additional responsibilities as may be assigned to it from time to time by the Grand Rapids City Commission.

(5) The Cable Television Advisory Forum shall not engage in rate regulation, rate change request processing, financial analysis, legal interpretation, or contractual negotiation with a cable operator or public service channel operator.
(Ord. No. 76-86, 10-12-76; Ord. No. 84-24, § 1, 4-10-84; Ord. No. 84-64, § 1, 9-11-84; Ord. No. 85-71, § 1, 11-12-85; Ord. No. 99-40, 7-13-99; Ord. No. 2010-17, § 1, 4-13-10)

Sec. 7.503. Licensing of Operators of Cable Television Public Service Channels.

(1) The City shall issue licenses to operate available cable television public service channels according to the following criteria and procedures:

(a) Licenses will be issued only to non-profit entities with appropriate tax-exempt status.

(b) Applicants shall submit a completed application in a form approved by the Cable Television Advisory Forum to the City's Cable Administrator no later than a reasonable deadline set by the Cable Administrator.

(c) After the deadline for the receipt of applications, the Cable Television Advisory Forum shall hold a public hearing to receive comments concerning the various applications.

(d) After the public hearing, the Cable Television Advisory Forum shall discuss and consider all applications and make appropriate recommendations to the City Commission stating in writing reasons in support of each such recommendation.

(e) Upon the receipt of the recommendations of the Cable Television Advisory Forum, the City Commission may, in its discretion, hold a public hearing to receive additional public comment and input before making its decision on the issuance of licenses. After considering all applications, the recommendations and supporting reasons of the Cable Television Advisory Forum, any public comments received and any other information which the City Commission reasonably determines is relevant, the City Commission shall decide which applicants, if any, shall be issued licenses and shall direct the City Clerk accordingly.

(f) The City Commission shall have the right to revoke any license issued pursuant to this section if the Licensee fails to substantially comply or habitually fails to comply with this section, with the rules adopted pursuant to it, loses its non-profit or appropriate tax-exempt status, falsifies its application or any required reports, or for other good and substantial cause shown and found by the City Commission. Prior to any such license revocation, the licensee shall be given reasonable notice and an opportunity for a public hearing on the charges against it before the Cable Television Advisory Commission at an open meeting of that body. After the hearing and its deliberation thereon, the Cable Television Advisory Forum shall forward

its recommendations and the minutes of the hearing to the City Commission for a decision on the proposed revocation. The City Commission may, but shall not be required to hold its own hearing prior to making its decision.

(g) All licenses issued pursuant to this section shall expire on the date the City's Consent Agreement with the cable operator (currently TCI) expires (currently June 19, 2000).

(h) The City Manager shall, after consulting with the Cable Television Advisory Forum, recommend and the City Commission shall adopt such rules, as necessary, to implement this section.

Sec. 7.546. Additional Powers.
Sec. 7.547. Failure to Comply; Remedies.
Sec. 7.548. Severability.
Sec. 7.549. Conflicting Provisions.

Sec. 7.531. Definitions.

For purposes of this Chapter, "Act" shall mean the Communications Act of 1934, as amended (and specifically as amended by the Cable Television Consumer Protection and Competition Act of 1992, Pub. L. 102-385), and as may be amended from time to time; "FCC" shall mean the Federal Communications Commission; "FCC Rules" shall mean all rules of the FCC promulgated from time to time pursuant to the Act; "basic cable service" shall mean "basic service" as defined in the FCC Rules, and any other cable television service which is subject to rate regulation by the City pursuant to the Act and the FCC Rules; "associated equipment" shall mean all equipment and services subject to regulation pursuant to 47 CFR § 76.923; and an "increase" in rates shall mean an increase in rates or a decrease in programming or customer services. All other words and phrases used in this Chapter shall have the same meaning as defined in the Act and FCC Rules.
(Ord. No. 93-40, § 1, 9-7-93)

Sec. 7.532. Purpose; Interpretation.

The purpose of this Chapter is to: 1) adopt regulations consistent with the Act and the FCC Rules with respect to basic cable service rate regulation, and 2) prescribe procedures to provide a reasonable opportunity for consideration of the views of interested parties in connection with basic cable service rate regulation by the City. This Chapter shall be implemented and interpreted consistent with the Act and FCC Rules.
(Ord. No. 93-40, § 1, 9-7-93)

Sec. 7.533. Rate Regulations Promulgated by FCC.

In connection with the regulation of rates for basic cable service and associated equipment, the City of Grand Rapids shall follow all FCC Rules.
(Ord. No. 93-40, § 1, 9-7-93)

Sec. 7.534. Filing; Additional Information; Burden of Proof.

(1) A cable operator shall submit its schedule of rates for the basic service tier and associated equipment or a proposed increase in such rates in accordance with the Act and the FCC Rules. The cable operator shall include as part of its submission such information as is necessary to show that its schedule of rates or its proposed increase in rates complies with the act and the FCC Rules. The cable operator shall file ten (10) copies of the schedule or proposed increase with the City Clerk. For purposes of this Chapter, the filing of the cable operator shall be deemed to have been made when at least ten (10) copies have been received by the City Clerk. The City Commission may, by resolution or otherwise, adopt rules and regulations prescribing the information, data and calculations which must be included as part of the cable operator's filing of the schedule of rates or a proposed increase.

(2) In addition to information and data required by rules and regulations of the City pursuant to Section 7.534(1) above, a cable operator shall provide all information requested by the City Manager in connection with the City's review and regulation of existing rates for the basic service tier and associated equipment or a proposed increase in these rates. The City Manager may establish deadlines for submission of the requested information and the cable operator shall comply with such deadlines.

(3) A cable operator has the burden of proving that its schedule of rates for the basic service tier and associated equipment or a proposed increase in such rates complies with the Act and the FCC Rules including, without limitation, 47 USC § 543 and 47 CFR §§ 76.922 and 76.923.

(Ord. No. 93-40, § 1, 9-7-93)

Sec. 7.535. Proprietary Information.

(1) If this Chapter, any rules or regulations adopted by the City pursuant to Section 7.534(2), or any request for information pursuant to Section 4(b) requires the production of proprietary information, the cable operator shall produce the information. However, at the time the allegedly proprietary information is submitted, a cable op-

erator may request that specific, identified portions of its response be treated as confidential and withheld from public disclosure. The request must state the reason why the information should be treated as proprietary and the facts that support those reasons. The request for confidentiality will be granted if the City determines that the preponderance of the evidence shows that non-disclosure is consistent with the provisions of the Freedom of Information Act, 5 U.S.C. § 552. The City shall place in a public file for inspection any decision that results in information being withheld. If the cable operator requests confidentiality and the request is denied, (1) where the cable operator is proposing a rate increase, it may withdraw the proposal, in which case the allegedly proprietary information will be returned to it; or (2) the cable operator may seek review within five working days of the denial in any appropriate forum. Release of the information will be stayed pending review.

(2) Any interested party may file a request to inspect material withheld as proprietary with the City. The City shall weigh the policy considerations favoring non-disclosure against the reasons cited for permitting inspection in light of the facts of the particular case. It will then promptly notify the requesting entity and the cable operator that submitted the information as to the disposition of the request. It may grant, deny or condition a request. The requesting party or the cable operator may seek review of the decision by filing an appeal with any appropriate forum. Disclosure will be stayed pending resolution of any appeal.

(3) The procedures set forth in this Section shall be construed as analogous to and consistent with the rules of the FCC regarding requests for confidentiality including, without limitation, 47 CFR § 0.459.

(Ord. No. 93-40, § 1, 9-7-93)

Sec. 7.536. Public Notice; Initial Review of Rates.

Upon the filing of ten (10) copies of the schedule of rates or the proposed increase in rates pursuant to Section 7.534(1) above, the City Clerk shall publish a public notice in a newspaper of general circulation in the City which shall state that: 1) the filing has been received by the City Clerk and (except those parts which may be withheld as proprietary) is available for public inspection and copying, and 2) interested parties are encouraged to submit written comments on the filing to the City Clerk not later than seven (7) days after the public notice is published. The City Clerk shall give notice to the cable operator of the date, time, and place of the meeting at which the City Commission shall first consider the schedule of rates or the proposed increase. This notice shall be mailed by first-class mail at least three (3) days before the meeting. In addition, if a written staff or consultant's report on the schedule of rates or the proposed increase is prepared for consideration of the City Commission, then the City Clerk shall mail a copy of the report by first-class mail to the cable operator at least three (3) days before the meeting at which the City Commission shall first consider the schedule of rates or the proposed increase.

(Ord. No. 93-40, § 1, 9-7-93)

Sec. 7.537. Tolling Order.

After a cable operator has filed its existing schedule of rates or a proposed increase in these rates, the existing schedule of rates will remain in effect or the proposed increase in rates will become effective after thirty (30) days from the date of filing under Section 7.534(1) above unless the City Commission (or other properly authorized body or official) tolls the thirty (30) day deadline pursuant to 47 CFR § 76.933 by issuing a brief written order, by resolution or otherwise, within thirty (30) days of the date of filing. The City Commission may toll the thirty (30) day deadline for an additional 90 days in cases not involving cost-of-service showings and for an additional 150 days in cases involving cost-of-service showings.

(Ord. No. 93-40, § 1, 9-7-93)

Sec. 7.538. Public Notice; Hearing on Basic Cable Service Rates Following Tolling of 30-day Deadline.

If a written order has been issued pursuant to Section 7.537 and 47 CFR § 76.933 to toll the

effective date of existing rates for the basic service tier and associated equipment or a proposed increase in these rates, the cable operator shall submit to the City any additional information required or requested pursuant to Section 7.534. In addition, the City Commission shall hold a public hearing to consider the comments of interested parties within the additional 90 day or 150 day period, as the case may be. The City Clerk shall publish a public notice of the public hearing in a newspaper of general circulation within the City which shall state: 1) the date, time, and place at which the hearing shall be held, 2) interested parties may appear in person, by agent, or by letter at such hearing to submit comments on or objections to the existing rates or the proposed increase in rates, and 3) copies of the schedule of rates or the proposed increase in rates and related information (except those parts which may be withheld as proprietary) are available for inspection or copying from the office of the Clerk. The public notice shall be published not less than fifteen (15) days before the hearing. In addition, the City Clerk shall mail by first-class mail a copy of the public notice to the cable operator not less than fifteen (15) days before the hearing.
(Ord. No. 93-40, § 1, 9-7-93)

Sec. 7.539. Staff or Consultant Report; Written Response.

Following the public hearing, the City Manager shall cause a report to be prepared for the City Commission which shall (based on the filing of the cable operator, the comments or objections of interested parties, information requested from the cable operator and its response, staff or consultant's review, and other appropriate information) include a recommendation for the decision of the City Commission pursuant to Section 7.540. The City Clerk shall mail a copy of the report to the cable operator by first-class mail not less than twenty (20) days before the City Commission acts under Section 7.540. The cable operator may file a written response to the report with the City Clerk. If at least ten (10) copies of the response are filed by the cable operator with the City Clerk within ten (10) days after the report is mailed to the cable operator, the City Clerk shall forward it to the City Commission.
(Ord. No. 93-40, § 1, 9-7-93)

Sec. 7.540. Rate Decisions and Orders.

The City Commission shall issue a written order, by resolution or otherwise, which in whole or in part, approves the existing rates for basic cable service and associated equipment or a proposed increase in such rates, denies the existing rates or proposed increase, orders a rate reduction, prescribes a reasonable rate, allows the existing rates or proposed increase to become effective subject to refund, or orders other appropriate relief, in accordance with the FCC Rules. If the City Commission issues an order allowing the existing rates or proposed increase to become effective subject to refund, it shall also direct the cable operator to maintain an accounting pursuant to 47 CFR § 76.933. The order specified in this Section shall be issued within 90 days of the tolling order under Section 7.537 in all cases not involving a cost-of-service showing. The order shall be issued within 150 days after the tolling order under Section 7.537 in all cases involving a cost-of-service showing.
(Ord. No. 93-40, § 1, 9-7-93)

Sec. 7.541. Refunds; Notice.

The City Commission may order a refund to subscribers as provided in 47 CFR § 76.942. Before the City Commission orders any refund to subscribers, the City Clerk shall give at least seven (7) days written notice to the cable operator by first-class mail of the date, time, and place at which the City Commission shall consider issuing a refund order and shall provide an opportunity for the cable operator to comment. The cable operator may appear in person, by agent, or by letter at such time for the purpose of submitting comments to the City Commission.
(Ord. No. 93-40, § 1, 9-7-93)

Sec. 7.542. Written Decisions; Public Notice.

Any order of the City Commission pursuant to Sections 7.540 or 7.541 shall be in writing, shall be effective upon adoption by the City Commission, and shall be deemed released to the public upon adoption. The Clerk shall publish a public notice of any such written order in a newspaper of general circulation within the City which shall: 1) summarize the written decision, and 2) state that copies of the text of the written decision are avail-

able for inspection or copying from the office of the Clerk. In addition, the City Clerk shall mail a copy of the text of the written decision to the cable operator by first-class mail.
(Ord. No. 93-40, § 1, 9-7-93)

Sec. 7.543. Rules and Regulations.

In addition to rules promulgated pursuant to Section 7.534, the City Commission may, by resolution or otherwise, adopt rules and regulations for basic cable service rate regulation proceedings (including, without limitation, the conduct of hearings), consistent with the Act and the FCC Rules.
(Ord. No. 93-40, § 1, 9-7-93)

Sec. 7.544. Failure to Give Notice.

The failure of the City Clerk to give the notices or to mail copies of reports as required by this Chapter shall not invalidate the decisions or proceedings of the City Commission.
(Ord. No. 93-40, § 1, 9-7-93)

Sec. 7.545. Additional Hearings.

In addition to the requirements of this Chapter, the City Commission may hold additional public hearings upon such reasonable notice as the City Commission in its sole discretion, shall prescribe.
(Ord. No. 93-40, § 1, 9-7-93)

Sec. 7.546. Additional Powers.

The City shall possess all powers conferred by the Act, the FCC Rules, the cable operator's franchise, and all other applicable law. The powers exercised pursuant to the Act, the FCC Rules, and this Chapter shall be in addition to powers conferred by law or otherwise. The City may take any action not prohibited by the Act and the FCC Rules to protect the public interest in connection with basic cable service rate regulation.
(Ord. No. 93-40, § 1, 9-7-93)

Sec. 7.547. Failure to Comply; Remedies.

The City may pursue any and all legal and equitable remedies against the cable operator (including, without limitation, all remedies provided under a cable operator's consent agreement with the City) for failure to comply with the Act, the FCC Rules, any orders or determinations of the City pursuant to this Chapter, any requirements of this Chapter, or any rules or regulations promulgated hereunder. Subject to applicable law, failure to comply with the Act, the FCC Rules, any orders or determinations of the City pursuant to this Chapter, any requirements of this Chapter, or any rules and regulations promulgated hereunder, shall also be sufficient grounds for revocation or denial of renewal of a cable operator's consent agreement.
(Ord. No. 93-40, § 1, 9-7-93)

Sec. 7.548. Severability.

The various parts, sections, and clauses of this Chapter are hereby declared to be severable. If any part, sentence, paragraph, section or clause is adjudged unconstitutional or invalid by a Court of competent jurisdiction, the remainder of the chapter shall not be affected thereby.
(Ord. No. 93-40, § 1, 9-7-93)

Sec. 7.549. Conflicting Provisions.

In the event of any conflict between this Chapter and the provisions of any prior ordinance or any franchise, permit, consent agreement or other agreement with a cable operator, then the provisions of this Chapter shall control.
(Ord. No. 93-40, § 1, 9-7-93)

ARTICLE 1. PURPOSE

Sec. 7.550. Purpose: Application of Chapter.

(1) *BEFORE November 1, 2002.* Before November 1, 2002, the purpose of this Chapter is to regulate the access to and ongoing use of Public Rights-of-Way by Telecommunications Providers to ensure and protect the public health, safety, and welfare and to exercise reasonable control of the public Rights-of-Way pursuant to the City Charter, the Michigan Telecommunications Act (Act No. 216 of the Public Acts of 1995, as amended, being MCLA 484.2101 et seq.), other State statutes (including without limitation, MCLA 247.183), and Article VII § 29 of the 1963 Michigan Constitution by 1) minimizing disruption of the Public Rights-of-Way by regulating the access to and ongoing use of the Public Rights-of-Way by Telecommunications Providers and the construction, installation, operation, and use of facilities in the Public Rights-of-Way to provide Telecommunications Services, 2) ensuring that the City and the public are protected from liability for use of the Public Rights-of-Way by Telecommunications Providers, 3) providing for the payment of nondiscriminatory permit fees which do not exceed the fixed and variable costs of granting permits and maintaining the rights-of-way used by Telecommunications Providers, and 4) assisting Telecommunications Providers in understanding the City's requirements for use of the Public Rights-of-Way and providing a fair and non-discriminatory policy for permitting the use of the Public Rights-of-Way by such providers.

(2) *AFTER October 31, 2002.* The Michigan Metropolitan Extension Telecommunications Right-of-Way Oversight Act [Act 48 of the Public Acts of 2002] is effective November 1, 2002. In order to comply with Act 48 the City has adopted Chapter 109 to Title VII of the Code of the City of Grand Rapids (Telecommunications—METRO ACT) for Permits issued to Telecommunications Providers on or after November 1, 2002. However, a number of the City's existing telecommunications right-of-way Permits and Consent Agreements dated prior to November 1, 2002 incorporate by reference all or portions of this Chapter 112 of the City Code. Under Sections 4(2) and 5(1) of Act 48, these existing Permits and Consent Agreements continue in force and effect in accordance with their existing terms and conditions, subject to Section 13 (regarding fee modification) and any other applicable sections of Act 48. Notwithstanding any other provision of this Chapter 112 or the City Code, this Chapter shall remain in effect solely for the limited purpose of applying to those Permits and Consent Agreements in existence before November 1, 2002 (except as otherwise provided in Act 48). Except as provided in this Subsection (2), this Chapter 112 shall have no application to Telecommunications Providers after October 31, 2002.

(Ord. No. 97-47, § 1, 9-30-97; Ord. No. 2002-63, § 1, 10-29-02)

Sec. 7.551. Reservation of Rights.

The issuance of a Permit or Permits under this Chapter and the access to and use of the Public Rights-of-Way by a Telecommunications Provider shall not constitute a waiver of or otherwise adversely affect the following reserved rights:

(1) *Right to Require Franchise.* Article VII, § 29 of the 1963 Michigan Constitution and the City Charter require that all public utilities obtain a franchise to conduct a local business within the City. The applicability of this requirement to Telecommunications Providers may be challenged under Section 102(dd) of the Michigan Telecommunications Act which purports to define telecommunications services as not constituting public utility services. Due to this and other legal and regulatory issues, and to avoid the expense and delay of litigation that may be unnecessary, the City hereby determines that Telecommunications Providers shall not be required at this time to obtain franchises for the transaction of local business within the City. Telecommunications Providers shall be required to obtain and maintain a Permit for access to and ongoing use of the Public Rights-of-Way and to otherwise comply with the terms of this Chapter. Such a Permit shall not constitute a franchise. The City reserves the right to require Telecommunications Pro-

viders to obtain a franchise in the future to transact local business within the City.

(2) *Rights Regarding Takings Claim.* Certain cable or Telecommunications Providers have initiated or supported legal proceedings in which they contend that federal law grants them the right to physically occupy the rights-of-way and other property of a municipality for the purpose of providing telecommunications service without compensating the municipality for the use or value of the property so occupied or the cost of acquiring and maintaining such property. Municipalities dispute that claim. The City believes that if such a claim were sustained it would, among other things, constitute an unlawful taking by the United States in violation of the Fifth Amendment of the United States Constitution. The legal issues involved in such disputes have not been finally decided. The City desires to act on applications for Permits granting access to its Public Rights-of-Way at this time rather than wait for determination of these issues, provided this can be done without waiver or loss of any rights of the City or a Permittee. Therefore, notwithstanding any other provision hereof, a Permittee is not precluded by this Chapter from seeking relief from the fee provisions of Section 7.559 from any court or agency of competent jurisdiction. If a Permittee seeks such relief, the City reserves the right to assert a takings claim and to take all action it deems necessary in support thereof. Neither this Chapter nor the issuance or acceptance of a Permit hereunder constitutes or will be claimed to constitute a waiver or relinquishment of any rights or defenses of either the City or the Permittee in connection with these disputed issues, and the acceptance of a Permit constitutes an acknowledgment and agreement thereto by the Permittee.

(3) *Option to Obtain Consent Agreement.* The City finds that legislative, legal and regulatory issues in connection with use of the Public Rights-of-Way by Telecommunications Providers and the resulting potential for litigation and delay are likely to have an adverse impact on the development of a healthy, competitive telecommunications infrastructure in the community. This would be detrimental to the City and its residents as well as to Telecommunications Providers. The issues affect, among other things, both the cost to Telecommunications Providers and compensation to the City for the maintenance and use of its Public Rights-of-Way. In order to promote certainty, encourage competition and avoid litigation, the City will, at the request and sole option of an applicant or Permittee, consider entering into a consent agreement for use of the Public Rights-of-Way for the provision of Telecommunications Services on terms and conditions mutually acceptable to the City and the Telecommunications Provider. It is the City's intent that such an agreement would satisfy the requirement for a Permit under this Chapter, and would include, among other things, a fee of up to five percent of the applicable gross revenues of the Telecommunications Provider, which would include the Permit fee; an extended term of up to 15 years; authorization to conduct a local business in the City pursuant to Article VII, Section 29 of the 1963 Michigan Constitution; and a covenant to abide by the terms of the agreement as a compromise of disputed issues and uncertain outcomes, notwithstanding the resolution of these legislative, regulatory and legal requirements in the future. A Permittee may request a consent agreement at any time.

(Ord. No. 97-47, § 1, 9-30-97)

Sec. 7.552. City Signal; Permit.

City Signal, Inc. and the City entered into a Right-of-Way Agreement in 1990, which has since been amended, including a 1995 amendment which permitted City Signal (now Brooks Fiber Communications) to use the Public Rights-of-Way to provide local telephone service within the City in accordance with the terms and conditions of the

Right-of-Way Agreement, as amended. For purposes of this Section, the term "Agreement" shall refer to the 1990 Right-of-Way Agreement, as amended. The Agreement contains requirements for the use of the Public Rights-of-Way that are substantially similar to the requirements of this Chapter. For purposes of this Chapter, the Agreement shall be deemed to satisfy the requirement of a Permit under this Chapter and under the Telecommunications Act for the term of the Agreement. Any requests of Brooks Fiber Communications for expansion of its Telecommunications System shall be considered in accordance with the Agreement. Upon expiration of the Agreement, Brooks Fiber Communications shall be required to comply with all terms and conditions of this Chapter as it may be amended from time to time. (Ord. No. 97-47, § 1, 9-30-97)

Sec. 7.553. [Reserved.]

ARTICLE 2. DEFINITIONS

Sec. 7.554. Terms Defined.

The meaning of the terms used in this Chapter shall be as follows:

(1) "Affiliate" and "Affiliated" means any entity Controlling, Controlled by or under common Control with a Permittee.

(2) "City" means the City of Grand Rapids.

(3) "City Commission" means the City Commission of the City of Grand Rapids or its designee. This subsection does not authorize delegation of any decision or function that is required by law to be made by the City Commission. In any case in which a hearing is held pursuant to this Chapter, the City Commission may conduct the hearing or, in its sole discretion, may by resolution appoint a committee or subcommittee of the Commission or a hearing officer to conduct the hearing and submit a proposal for decision to it, pursuant to procedures established by resolution.

(4) "City Manager" means the City Manager or his or her designee.

(5) "Control," "Controlling" and "Controlled" mean effective control, by whatever means exercised, such as those described in Report and Order and Further Notice of Proposed Rule Making in MM Docket 92-264, 8 FCC Rcd 6828 (1993) at paragraphs 22-28 (adopting broadcast transfer of control standards as then in effect).

(6) "Local Exchange Service" means the provision of an access line and usage within a local calling area for the transmission of high quality two-way interactive switched voice or data communication.

(7) "Permit" means a non-exclusive permit issued pursuant to this Chapter for access to and ongoing use of Public Rights-of-Way by Telecommunications Providers for wires, poles, pipes, conduits, or other facilities designed or used to provide Telecommunications Services.

(8) "Permittee" means a Telecommunications Provider which has been issued a Permit pursuant to this Chapter.

(9) "Person" means an individual, corporation, partnership, association, governmental entity, or any other legal entity.

(10) "Public Rights-of-Way" means the public rights-of-way, easements, highways, streets, and alleys within the City.

(11) "Telecommunications Act" means Act No. 216 of the Public Acts of 1995, as amended from time to time.

(12) "Telecommunications Provider" means a Person who provides one or more Telecommunications Services for compensation.

(13) "Telecommunications Services" means regulated and unregulated services offered to customers for the transmission of two-way interactive communication and associated usage. "Telecommunications Services" does not include one-way transmission to subscribers of video programming or other programming services and subscriber interaction for the selection of video programming or other programming services.

(14) "Telecommunications System" means facilities designed or used to provide Telecommunications Services.

(Ord. No. 97-47, § 1, 9-30-97)

Sec. 7.555. [Reserved.]

ARTICLE 3. PERMITS

Sec. 7.556. Permits.

(1) *Permit Required.* No Person shall use the Public Rights-of-Way to provide Telecommunications Services without a Permit issued pursuant to this Chapter or a consent agreement under Sec. 7.551(3) herein. For purposes of this Chapter, use of the Public Rights-of-Way includes the installation, construction, maintenance, repair, or operation of a Telecommunications System within the Public Rights-of-Way. In addition, a Person providing Local Exchange Service or other local Telecommunications Services is using the Public Rights-of-Way for purposes of this Chapter whether such Person owns the facilities in the Public Rights-of-Way outright or obtains the use of or access to the facilities from a third party under lease, contract, interconnection, or wholesale for retail or other similar arrangement. Failure to comply with the Permit requirement of this Section shall constitute a violation of this Chapter. A Person who violates this requirement shall comply with all

requirements of this Chapter applicable to a Permittee and shall pay the annual fee plus late payment charges as provided by Sec. 7.559 for the time period in which the violator did not have a Permit plus the actual costs incurred by the City in enforcing this Chapter against the Person.

(2) *Consent Agreement.* If a Telecommunications Provider negotiates a consent agreement with the City under the provisions of Sec. 7.551(3), and the City determines that the consent agreement substantially satisfies the obligations of a Telecommunications Provider under this Chapter, giving due regard to any special circumstances involving the Telecommunications Provider, the consent agreement will be deemed to satisfy the requirement of a Permit under this Chapter and under the Telecommunications Act. When a consent agreement is no longer in effect, the Telecommunications Provider shall be required to comply with all terms and conditions of this Chapter as it may be amended from time to time.
(Ord. No. 97-47, § 1, 9-30-97)

Sec. 7.557. Permit Application Procedures.

(1) *Application.* A Telecommunications Provider shall apply for a Permit pursuant to this Chapter. The application shall be made on an application form provided by the City. Ten (10) copies of the application shall be filed with the City Clerk, and two (2) additional copies each shall simultaneously be filed with the City Manager and City Attorney.

(2) *Required Information.* In addition to other information required by the application form or otherwise required by the City or this Chapter, the application shall include, without limitation, the following information:

(a) The name and address of the applicant and each Person exercising Control over the applicant, and if the applicant or any Person or Persons exercising Control is not a natural Person, each of its officers, directors, stockholders beneficially holding more than 5% of the outstanding voting shares, general partners, and limited partners holding an equity interest of more than 5%.

(b) Copies of the most recent financial statements of the applicant.

(c) A description of (i) the applicant's existing and proposed Telecommunications System and Telecommunications Services in the City, (ii) the types of existing and proposed wires and other facilities in the Public Rights-of-Way, and (iii) a statement whether such facilities are owned by the applicant, or if not owned by the applicant, a copy of the agreement or legal instrument granting the applicant the right to the use of or access to such facilities.

(d) A map setting forth the specific location of the facilities in the Public Rights-of-Way. The map shall identify the location of above ground and underground facilities.

(3) *Application Fee.* The application will be accompanied by a non-refundable application fee in an amount established by ordinance or resolution of the City Commission. The non-refundable application fee shall be designed to reimburse the City for the costs of reviewing an application for a Permit and issuance of a Permit in accordance with the procedures of this Chapter.

(4) *Administrative Completeness.* An application shall not be deemed to be filed for purposes of the ninety-day permit application review period in Section 251(3) of the Telecommunications Act unless and until the application is determined by the City Manager to be administratively complete. A determination whether the application is administratively complete shall be made by the City Manager within ten (10) business days after the application is received by the City. If the City Manager determines that the application is not administratively complete, the City Manager shall so advise the applicant in writing and shall identify the items which must be furnished by the applicant for an administratively complete application.

(5) *Additional Information.* The City Manager may request an applicant to submit such additional information which the City Manager deems reasonably necessary or relevant to review the application. The applicant shall comply with all

such requests in compliance with reasonable deadlines for such additional information established by the City Manager. If the applicant fails to provide the requested additional information by the deadline established by the City Manager, the ninety-day period for acting on the application under Subsection (7) below shall be extended by the number of days after the deadline that the information was provided to the City Manager.

(6) *Misleading Statements.* A Person who provides information to the City in connection with a Permit application or any other matters under this Sec. 7.557 which contains an untrue statement of a material fact or omits a material fact necessary to make the information not misleading shall be in violation of this Chapter, and shall be subject to all remedies for violation of this Chapter and the City Code including, without limitation, denial of the requested action and Permit revocation pursuant to Sec. 7.567. Each day that a Person fails to correct an untrue statement of a material fact or the omission of a material fact necessary to make the information not misleading shall constitute a separate violation of this Chapter.

(7) *Permit Approval or Denial.* Within 75 days after the City Manager determines that the application is administratively complete (subject to any adjustments for delays in providing additional information as provided in Subsection (5)), and at the City Manager's request, the City Commission may hold a public hearing on the application. Notice of the public hearing shall be published in a newspaper in general circulation not less than ten (10) days before the public hearing. Notice of the public hearing shall also be mailed to the applicant not less than ten (10) days before the public hearing. Any report or recommendation on the application obtained or prepared by the City Manager shall be mailed to the applicant not less than ten (10) days before the public hearing. The applicant and any other interested parties may appear in person, by agent, or by letter at such hearing to submit comments on the application. Upon the recommendation of the City Manager if no public hearing is held, or following the public hearing if held, the City Commission shall approve, approve with conditions, or deny the application within ninety (90) days after the City Manager determines that the application is administratively complete pursuant to subsection (4), subject to any adjustments for delays in providing additional information as provided in subsection (5). The City Commission shall not unreasonably deny an application for a Permit. The failure of the City to comply strictly with the procedural requirements of this Section 7.557 for the review of Permit applications shall not invalidate the decision or proceedings of the City.

(8) *Conditions.* The City Commission may impose conditions on a Permit to protect the public health, safety and welfare. Without limitation, these conditions may include the posting of a bond by the Telecommunications Provider in an amount which shall not exceed the reasonable cost to ensure that the Public Rights-of-Way are returned to their original condition during and after the Telecommunications Provider's access and use.

(9) *Modification.* The City Commission may, in its discretion, grant a modification of a specific requirement of Secs. 7.560, 7.561, 7.562, or 7.565 of this Chapter if the applicant requests such modification in its application for a Permit and if the applicant demonstrates that: a) there are exceptional or extraordinary circumstances which warrant a modification, b) the modification will not be detrimental to the public health, safety, and welfare, and c) the modification will not impair the intent and purposes of this Chapter and its several Sections. The application shall describe the applicant's request for a modification and the reasons for the request with specificity. A modification granted by the City Commission pursuant to this Section shall expire upon the expiration of the Permit or earlier if so determined by the City Commission. A modification shall modify only those requirements expressly set forth in the approval of the City Commission and shall not modify any other provisions of this Chapter. If a request for a modification is denied by the City Commission, the Telecommunications Provider shall comply with all requirements of this Chapter without exception.

(10) *Waiver.* The City Commission shall grant a waiver of any requirement of this Chapter if an applicant or Permittee requests a waiver and the

City Commission finds that a) unless waived the requirement will prohibit or have the effect of prohibiting the ability of the applicant or Permittee to provide any Telecommunications Service within the meaning of Section 253(a) of the Federal Telecommunications Act, 47 USC § 253(a), b) the requirement is not within the scope of any state or local authority referenced in Section 253(c) of the Federal Telecommunications Act, 47 USC § 253(c), and c) the requirement is not necessary to protect the public safety and welfare or safeguard the rights of consumers. A request for a waiver may be included in an application for a Permit. A request for a waiver shall include a detailed statement of the facts and circumstances forming the basis for the request. If the request is made in connection with an application for a Permit, the provisions of Secs. 7.557(4) through 7.557(8) shall apply to the request, except that submission of a request for a waiver shall constitute consent that the time periods provided in Sec. 7.557(7) for holding a public hearing and acting on an application are extended by ninety (90) days. Sections 7.557(1), 7.557(3) and Sec. 7.557(6) shall apply to a waiver request that is not made in connection with a Permit application, and the request may be denied for violation of or failure to comply with any of those provisions. Sec. 7.557(7) shall also apply to such a request, with the exception of the seventy-five (75) and ninety (90) day time periods set forth in that Section, but the City Commission may by resolution establish different or additional procedures for conducting the public hearing and acting on the request.
(Ord. No. 97-47, § 1, 9-30-97; Ord. No. 99-42, § 1, 7-27-99)

Sec. 7.558. [Reserved.]

Sec. 7.559. Annual Permit Fees.

(1) *Establishment of Annual Fees; Payment.* In addition to the non-refundable application fee set forth in Sec. 7.557(3) and any other fees for other permits or authorizations required by the City Code, the Permittee shall pay an annual fee in an amount established by ordinance or resolution of the City Commission. The annual fee may be modified from time to time by ordinance or resolution of the City Commission. The amount of the annual fee shall not exceed the fixed and variable costs to the City in maintaining the Public Rights-of-Way used by a Telecommunications Provider unless otherwise permitted by law. The annual fee shall be payable quarterly as follows:

1st quarter (Jan. 1 - March 31) - April 30

2nd quarter (April 1 - June 30) - July 31

3rd quarter (July 1 - Sept. 30) - October 31

4th quarter (Oct. 1 - Dec. 31) - January 31

When a Permit is issued during a calendar year, the annual fee shall be prorated for the balance of the calendar year. In the event that a quarterly payment is not paid when due, the Permittee shall pay a late payment charge of the greater of $100 or interest at the rate of one percent (1%) over the prime rate then charged by NBD Bank and computed monthly. A Person who violates this Chapter by failing to obtain a Permit shall pay the annual fee plus late payment charges, as required by this Section, for the time period in which the violator did not have a Permit plus the actual costs of the City in enforcing this Chapter against the Person.

(2) *Option to Pay Annual Fee Based Upon Gross Revenues.* A Permittee, at its option, may elect to pay an annual fee of 1% of its annual Gross Revenues as set forth below, in lieu of and in full satisfaction of the annual fee established by the City Commission pursuant to Sec. 7.559(1) above. Permittees may elect this annual fee option for administrative convenience in computing the fee or for any other reason.

(a) An election shall be made within forty five (45) days of applying for a Permit or at least sixty (60) days before the start of any calendar year after issuance of a Permit.

(b) Any election, once made, shall continue in effect until the end of the next three calendar years, such that an election made

in a permit application in 1997 would continue in effect through the end of the year 2000.

(c) An election shall be made on a form provided by the City. Copies of the form shall be submitted in the manner provided in Sec. 7.557(1). The Permittee shall supply all information requested on the

form and any additional information that the City Manager deems reasonably necessary or relevant, including information on Affiliates of the Permittee relating to the requirements of Secs. 7.559(2)(e), 7.559(2)(f), 7.559(2)(g), and 7.559(3). After providing notice and an opportunity to be heard the City may reject or revoke an election for failure to comply with this Sec. 7.559(2)(c).

(d) The annual fees shall be paid quarterly by the same due dates as are set forth in Sec. 7.559(1) above.

(e) An election shall apply to all Affiliates of a Permittee. In making its election, a Permittee shall expressly affirm that it has the authority to bind, and does bind, its Affiliates to the obligations of this Sec. 7.559(2) including Sec. 7.559(2)(f) and the audit and records provisions of Secs. 7.559(2)(g) and 7.559(3).

(f) For purposes of this Sec. 7.559(2), "Gross Revenues" is defined in Appendix A. (g) If a Permittee or any Affiliate of a Permittee refuses to pay the fees due under this option or prohibit or effectively prohibit the City from auditing the Permittee or its Affiliates under Sec. 7.559(3) to verify the accuracy of annual fees, then the City at its option may revoke the election for all or any portion of the time period in question. The annual fees computed under Sec. 7.559(1) shall then become immediately due and payable, less a credit for any sums paid by the Permittee or its Affiliates, plus the late payment charges set forth in Sec. 7.559(1) and any additional sums due under the last sentence of Sec. 7.559(3).

(3) *Records.* All records (including those of Affiliates) reasonably necessary to verify the accuracy of annual fees paid by the Permittee under either Sec. 7.559(1) or Sec. 7.559(2) shall be made available by a Permittee at a location within the City or within twenty (20) miles of the City's boundaries. The City, by itself or in combination with other municipalities, reserves the right to audit any Permittee (or any Affiliate of a Permittee) to verify the accuracy of annual fees paid or to be paid to the City. Any additional amount due the City shall be paid within 30 days of submission of an invoice. If the additional amount due exceeds two percent (2%) of the total annual fee which the audit determines should have been paid for a calendar year, the Permittee shall pay the City's costs in connection with the audit within 30 days of submission of an invoice.

(4) *Other Payments.* The non-refundable application fees and the annual fees established pursuant to this Chapter shall be in addition to any tax, charge, fee, or payment due, or to become due, to the City by a Permittee under the ordinances of the City or the laws of the State of Michigan.

(5) *Misleading Statements.* A Person who provides information to the City in connection with any matter under this Sec. 7.559 which contains an untrue statement of a material fact or omits a material fact necessary to make the information not misleading shall be in violation of this Chapter, and shall be subject to all remedies for violation of this Chapter and the City Code including, without limitation, rejection or revocation of an election under Sec. 7.559(2) and Permit revocation pursuant to Sec. 7.567. Each day that a Person fails to correct an untrue statement of a material fact or the omission of a material fact necessary to make the information not misleading shall constitute a separate violation of this Chapter.
(Ord. No. 97-47, § 1, 9-30-97)

Sec. 7.560. Duration of Permit; Renewal.

A Permit shall remain in effect until December 31 following the fifth anniversary of the issuance of the Permit (unless the Permit expires pursuant to Sec. 7.561(11) or the Permit is earlier revoked pursuant to Sec. 7.567). Applications for renewal of Permits shall be filed in the same manner as original applications in Sec. 7.557 and shall be filed with the City not less than 120 days before the expiration of the Permit. The City expressly reserves all rights to approve, approve with con-

ditions, or deny applications for Permit renewals pursuant to this Chapter and to impose additional conditions on renewed Permits.
(Ord. No. 97-47, § 1, 9-30-97)

Sec. 7.561. Permit Terms and Requirements.

(1) *Non-Exclusive; Additional Permits.* A Permit shall be non-exclusive. The City expressly reserves the right to approve, at any time, additional Permits for access to and ongoing use of the Public Rights-of-Way by Telecommunications Providers and to enter into agreements and grant franchises for such access and use. The issuance of additional Permits, entry into agreements, or grant of franchises shall not be deemed to amend, modify, revoke, or terminate the terms and conditions of any Permits previously issued to Telecommunication Providers.

(2) *Expansion Requests.* A Permit approved by the City Commission shall authorize access to and ongoing use of the Public Rights-of-Way described in the Permit, subject to strict compliance with the conditions of the Permit, the requirements of this Chapter, and any other applicable requirements of the City Code or applicable state and federal law. The Permittee shall not use any Public Rights-of-Way not expressly authorized by the Permit. Any use of the Public Rights-of-Way (including any installation, construction, maintenance, repair, or operation of a Telecommunication System within the Public Rights-of-Way) to provide Telecommunications Services shall be performed only as authorized by the Permit. A Permittee may, however, expand its Telecommunications System to Public Rights-of-Ways not described in its Permit by obtaining approval of an amended Permit from the City. Such approval may be granted in writing by the City Manager in response to a written request from the Permittee for expansion to specific portions of named Public Rights-of-Way. The City Commission may establish by resolution a non-refundable application fee for such a request. The City Manager may grant, grant with conditions, or deny such request. The City Manager shall not unreasonably deny any request. A denial of any request may be appealed to the City Commission which shall make the final decision. Any expansion into additional Public Rights-of-Way shall be subject to all terms and conditions of the original Permit and this Chapter including, without limitation, the application of the annual fee to the expanded Public Rights-of-Way used by the Permittee.

(3) *Construction Permit.* A Permittee shall not commence construction upon, over, across or under the Public Rights-of-Way in the City without first obtaining a permit as required under Chapter 51 of the City Code, as amended, for construction within the Public Rights-of-Way.

(4) *Lease or Use of Facilities; Overlashing.* A Permittee shall not lease, sublease, license or otherwise allow the use of wires, conduit, poles or facilities in the Public Rights-of-Way by a Person who is required to obtain a Permit under Sec. 7.556 of this Chapter or is required by law to obtain the City's permission or consent to transact local business in the City, and who lacks such Permit, permission or consent. A Permittee shall not allow the property of a third party or non-Telecommunications System wires or any other facilities to be overlashed, affixed or attached to any portion of a Permittee's Telecommunications System; or allow other actions with a similar result without the written consent of the City Manager.

(5) *"As Built" Maps.* Without expense to the City, a Permittee shall provide the City with "as-built" maps, records and plans showing its Telecommunications System or portions thereof within the City, including those of Affiliates used by the Permittee, and maps and descriptive information of facilities of other Persons used by the Permittee. The City Manager may waive part or all of this requirement if satisfactory records of the location of the Telecommunications System were previously provided to the City. The "as built" maps, records and plans shall be provided within thirty (30) days of the completion of the Telecommunications System and any extensions, additions, or modifications to the Telecommunications System. In addition to the foregoing, a Permittee, without expense to the City, shall, upon forty-eight (48) hours notice, give the City access to all "as-built" maps, records, plans and specifications showing its Telecommunications System or portions thereof within the City. Upon request by the City, a Permittee shall inform the

City as soon as possible (but no more than one business day after the request) of any changes from previously supplied maps, records, or plans and shall mark up maps provided by the City so as to show the location of its Telecommunications System.

(6) *No Recourse.* A Permittee shall have no recourse whatsoever against the City for any loss, cost, expense or damage arising out of the failure of the City to have the authority to grant all or any part of a Permit or the authority to grant permission to use all or part of the Public Rights-of-Way. A Permittee expressly acknowledges that on accepting a Permit it did so relying on its own investigation and understanding of the power and authority of the City.

(7) *No Inducement.* By acceptance of a Permit, a Permittee acknowledges that it has not been induced to obtain the Permit by any understanding or promise or other statement, whether verbal or written, by or on behalf of the City or by any third Person concerning any term or condition of a Permit not expressed in this Chapter.

(8) *Acceptance of Terms and Conditions.* Permittee acknowledges by the acceptance of a Permit that it has carefully read its terms and conditions and does accept all of such terms and conditions.

(9) *No Priority.* A Permit does not establish any priority of use of the Public Rights-of-Way by a Permittee over any present or future Permittees or parties having agreements with the City or franchises for such use. In the event of any dispute as to the priority of use of the Public Rights-of-Way, the first priority shall be to the public generally, the second priority to the City, the third priority to the State of Michigan and its political subdivisions in the performance of their various functions, and thereafter as between Permittees, other Permit holders, parties having agreements with the City, and franchisees, as determined by the City in the exercise of its powers, including the police power and other powers reserved to and conferred on it by the State of Michigan.

(10) *Future Use by City.* A Permittee acknowledges, by accepting a Permit, that it obtains no rights to or further use of the Public Rights-of-Way other than those expressly granted herein. Each Permittee acknowledges and accepts as its own risk that the City may make use in the future of the Public Rights-of-Way which a Permittee is using or in which a Permittee's Telecommunications System is located in a manner inconsistent with the Permittee's use of such Public Rights-of-Way and that in such event the Permittee will not be entitled to compensation from the City.

(11) *Expiration of Permit.* Unless the City grants an extension, a Permit shall expire one year from the date of issuance unless prior thereto the Permittee either (a) commences construction, installation, or operation of its Telecommunications System within the Public Rights-of-Way authorized by the Permit and diligently pursues completion of construction or installation, or (b) commences use of the Public Rights-of-Way to provide Telecommunications Services as authorized by the Permit.
(Ord. No. 97-47, § 1, 9-30-97)

Sec. 7.562. Use of Public Rights-of-Way By Permittee.

(1) *No Burden on Public Rights-of-Way.* A Permittee and its contractors and subcontractors and a Permittee's Telecommunications System shall not unduly burden or interfere with the present or future use of any of the Public Rights-of-Way within the City. A Permittee shall erect and maintain its Telecommunications System so as to cause minimum interference with the use of the Public Rights-of-Way and with the rights and reasonable convenience of property owners. Permittee's cables and wires shall be suspended or buried so as to not endanger or injure Persons or property in the Public Rights-of-Way. If the City in its reasonable judgment determines that any portion of the Telecommunications System constitutes an undue burden or interference, the Permittee at its sole cost and expense shall modify its Telecommunications Systems or take such other actions as the City may determine are in the public interest to remove or alleviate the burden, and the Permittee shall do so within the time period established by the City.

(2) *Restoration of Property.* A Permittee and its contractors and subcontractors shall immediately restore, at the Permittee's sole cost and expense and in a manner approved by the City, any portion of the Public Rights-of-Way that is in any way disturbed, damaged, or injured by the construction, operation, maintenance or removal of the Telecommunications System to as good or better condition than that which existed prior to the disturbance. In the event that the Permittee, its contractors or subcontractors fail to do so within the time specified by the City, the City shall be entitled to complete the work and the Permittee shall reimburse the City for the costs of doing so.

(3) *Easements.* Any easements over or under private property necessary for the construction or operation of a Telecommunications System shall be arranged and paid for by the Permittee. Any use or intrusion on private property without an easement or other instrument evidencing permission of the property owner shall constitute a trespass by the Permittee and a violation of this Chapter. Any easements over or under property owned by the City other than the Public Rights-of-Way shall be separately negotiated with the City.

(4) *Tree Trimming.* A Permittee may trim trees upon and overhanging the Public Rights-of-Way so as to prevent the branches of such trees from coming into contact with its Telecommunications System. The Permittee shall minimize the trimming of trees to trimming only those trees that are essential to maintain the integrity of its Telecommunications System. No trimming shall be done in the Public Rights-of-Way without previously informing the City.

(5) *Pavement Cut Coordination / Additional Fees.* A Permittee shall coordinate all construction work in the Public Rights-of-Way with the City's program for street construction, rebuilding, resurfacing and repair (collectively, "Street Resurfacing"). A Permittee shall meet with the City Engineer, or his or her designee, at least twice per year to this end.

The goals of such coordination shall be to require a Permittee to conduct all work in the Public Rights-of-Way in conjunction with or immediately prior to any Street Resurfacing planned by the City, and to prevent the Public Rights-of-Way from being disturbed by a Permittee for a period of years after such Street Resurfacing.

In addition to any other fees or payments required by this Chapter, a Permittee shall pay to the City the sum of $1,250 for each fifty feet (50') cut into or excavation of any Public Rights-of-Way, or portion thereof, which was subject to Street Resurfacing within eighteen (18) months prior to such cut or excavation. This fee is in addition to and not in lieu of the obligation to restore the Public Rights-of-Way and is in addition to all other fees required by this Chapter or other ordinances of the City.

(6) *Marking.* A Permittee shall mark any installations of its Telecommunications System which occur after the effective date of this Chapter as follows:

(a) Aerial portions of its Telecommunications System shall be marked with a marker on its lines on alternate poles which shall state the Permittee's name and provide a toll-free number to call for assistance.

(b) Direct buried underground portions of its Telecommunications System shall have (i) a conducting wire placed in the ground at least several inches above the Permittee's cable (if such cable is non-conductive), (ii) at least several inches above that a continuous colored tape with the Permittee's name and a toll-free phone number and a statement to the effect that there is buried cable beneath, and (iii) stakes or other appropriate above-ground markers with the Permittee's name and a toll-free number indicating that there is buried telephone cable below.

(c) Portions of its Telecommunications System located in conduit, including facilities of others used by a Permittee, shall be marked at each manhole with the Permittee's name and toll-free telephone number to call for assistance.

(7) *Compliance with Laws.* A Permittee shall comply with all laws, statutes, ordinances, rules and regulations regarding the installation, con-

struction, ownership and use of its Telecommunications System, whether federal, state or local, now in force or which hereafter may be promulgated (including, without limitation, any ordinance requiring the installation of additional conduit when a Permittee installs underground conduit for its Telecommunications System). Before any installation is commenced, the Permittee shall secure all necessary permits, licenses and approvals from all appropriate departments, agencies, boards or commissions of the City or other governmental entity as may be required by law, including, without limitation, all utility line permits and highway permits. A Permittee shall comply in all respects with applicable codes and industry standards, including but not limited to the National Electrical Safety Code (latest edition) and the National Electric Code (latest edition). A Permittee shall comply with all zoning and land use ordinances and historic preservation ordinances as may exist or may hereafter be amended.

(8) *Street Vacation.* If the City vacates or consents to the vacation of Public Rights-of-Way within its jurisdiction, and such vacation necessitates the removal and relocation of a Permittee's facilities in the vacated right-of-way, the Permittee shall, as a condition of the Permit, consent to the vacation and move its facilities at its sole cost and expense when ordered to do so by the City or a court of competent jurisdiction. The Permittee shall relocate its facilities to such alternate route as the City, acting reasonably and in good faith, shall designate.

(9) *Relocation.* If the City requests a Permittee to relocate, protect, support, disconnect, place underground or remove its facilities because of street or utility work, or other public projects, the Permittee shall relocate, protect, support, disconnect, place underground or remove its facilities, at its sole cost and expense, to such alternate route as the City, acting reasonably and in good faith, shall designate. The work shall be completed within the time period designated by the City.

(10) *Public Emergency.* The City shall have the right to sever, disrupt, dig-up or otherwise destroy facilities of a Permittee, without any prior notice, if such action is deemed necessary by the Mayor, City Manager, Police Chief, or Fire Chief or their designees because of a public emergency. Public emergency shall be any condition which, in the opinion of any of the officials named, poses an immediate threat to life, health, or property caused by any natural or man-made disaster, including, but not limited to, storms, floods, fire, accidents, explosions, major watermain breaks, hazardous material spills, etc. The Permittee shall be responsible for repair at its sole cost and expense of any of its facilities damaged pursuant to any such action taken by the City.

(11) *Miss Dig.* If eligible to join, a Permittee shall subscribe to and be a member of "MISS DIG," the association of utilities formed pursuant to Act 53 of the Public Acts of 1974, as amended, MCL § 460.701 et seq., and shall conduct its business in conformance with the statutory provisions and regulations promulgated thereunder.

(12) *Use of Existing Facilities; Undergrounding.* A Permittee shall utilize existing poles, conduits, and other facilities wherever practicable, and shall not construct or install any new, different, or additional poles or other facilities unless expressly authorized by the Permit. Where utility wiring is located underground, either at the time of initial construction or subsequent thereto, a Permittee's Telecommunications System shall also be located underground unless otherwise expressly authorized by the Permit. All undergrounding shall be at the sole cost and expense of the Permittee.

(13) *Underground Relocation.* If a Permittee has its facilities on poles of Consumers' Energy Company or another public utility company and Consumers' Energy Company or other public utility company relocates its facilities underground, the Permittee shall relocate its facilities underground in the same location at Permittee's sole cost and expense.

(14) *Pole/Conduit License Agreement; Notification.* If a Permittee forfeits or otherwise loses its rights under a pole/conduit license agreement with Consumers' Energy Company or other entity, then Permittee shall notify the City Manager in writing within thirty (30) days.

(15) *Identification.* All personnel of a Permittee and its contractors or subcontractors who have as part of their normal duties contact with the general public shall wear on their clothing a clearly visible identification card bearing their name and photograph. A Permittee shall account for all identification cards at all times. Every service vehicle of a Permittee and its contractors or subcontractors shall be clearly identified as such to the public with the Permittee's name and telephone number.

(16) *9-1-1 Emergency Service.* As a condition of a Permit, a Permittee providing Local Exchange Service shall provide 9-1-1 service within the City in accordance with the provisions of the applicable 9-1-1 Service Plan and the rules and orders of the Michigan Public Service Commission.
(Ord. No. 97-47, § 1, 9-30-97)

Sec. 7.563. [Reserved.]

ARTICLE 4. LIABILITY AND INSURANCE

Sec. 7.564. No City Liability; Indemnification.

(1) *City Not Liable.* The City, and its officers, agents, elected or appointed officials, employees, departments, boards, and commissions, shall not be liable to a Permittee or to its Affiliates or customers for any interference with or disruption in the operation of a Permittee's Telecommunications System or the provision of Telecommunications Services, or for any damages arising out of a Permittee's use of the Public Rights-of-Way.

(2) *Indemnification.* As a condition of a Permit, a Permittee shall defend, indemnify, protect, and hold harmless the City, its officers, agents, employees, elected and appointed officials, departments, boards, and commissions from any and all claims, losses, liabilities, causes of action, demands, judgments, decrees, proceedings, and expenses of any nature (including, without limitation, attorneys' fees) arising out of or resulting from the acts or omissions of the Permittee, its officers, agents, employees, contractors, successors, or assigns, but only to the extent of the fault of the Permittee, its officers, agents, employees, contractors, successors, or assigns.
(Ord. No. 97-47, § 1, 9-30-97)

Sec. 7.565. Insurance.

(1) A Permittee shall obtain and maintain in full force and effect for the duration of a Permit the following insurance covering all insurable risks associated with its ownership or use of its Telecommunications System:

(a) A comprehensive general liability insurance policy, including Completed Operations Liability, Independent Contractors Liability, Contractual Liability coverage and coverage for property damage from perils of explosion, collapse or damage to underground utilities, commonly known as XCU coverage, in an amount not less than Ten Million Dollars ($10,000,000.00).

(b) An Automobile Liability Insurance Policy covering any vehicles used in connection with its activities under its Permit in an amount not less than One Million Dollars ($1,000,000.00).

(c) Workers' Compensation and Employer's Liability Insurance with statutory limits.

(2) The City shall be named as an additional insured in all applicable policies. All insurance policies shall provide that they shall not be canceled or modified unless thirty (30) days prior written notice is given to the City. A Permittee shall provide the City with a certificate of insurance evidencing such coverage as a condition of issuance of the Permit and shall maintain on file with the City a current certificate. All insurance shall be issued by insurance carriers licensed to do business by the State of Michigan or by surplus line carriers on the Michigan Insurance Commission approved list of companies qualified to do business in Michigan. All insurance and surplus line carriers shall be rated A+ or better by A.M. Best Company.

(3) Each policy which is to be endorsed to add the City as an additional insured hereunder, shall contain cross-liability wording, as follows:

"In the event of a claim being made hereunder by one insured for which another insured is or

may be liable, then this policy shall cover such insured against whom a claim is or may be made in the same manner as if separate policies had been issued to each insured hereunder."

(4) If the insurance policies required by this Section are written with deductibles in excess of $50,000, the deductibles shall be approved in advance by the City. A Permittee agrees to indemnify and save harmless the City from and against the payment of any deductible and from the payment of any premium on any insurance policy required to be furnished by this Chapter.

(5) The Permittee shall require that its contractors and subcontractors working in Public Rights-of-Way carry in full force and effect workers' compensation and employer liability, comprehensive general liability and automobile liability insurance coverages of the types which Permittee is required to obtain under Section 12(a) with appropriate limits of coverage.

(6) The Permittee's insurance coverage shall be primary insurance with respect to the City, its officers, agents, employees, elected and appointed officials, departments, boards, and commissions. Any insurance or self-insurance maintained by any of them shall be in excess of the Permittee's insurance and shall not contribute to it.
(Ord. No. 97-47, § 1, 9-30-97)

ARTICLE 5. ASSIGNMENT OF PERMIT PROHIBITED; REVOCATIONS AND REMOVAL OF FACILITIES

Sec. 7.566. No Assignment or Transfer of Control Without City Consent.

A Permittee shall not assign or transfer a Permit or any of its rights under a Permit, in whole or in part, voluntarily, involuntarily or by operation of law, including by merger or consolidation or by other means, nor shall there be a transfer of Control of a Permittee or its business, without the prior written consent of the City, which shall not be unreasonably withheld. The Permittee shall reimburse the City for reasonable, actual costs incurred in the review of a request by the Permittee for consent to an assignment or transfer of the Permit or a transfer of Control of a Permittee or its business. Notwithstanding anything in this Section to the contrary, the Permittee may grant a security interest in its rights under a Permit in favor of a third party without first obtaining the consent of the City. If a Permit or any rights thereunder is assigned or transferred in whole or in part with the approval of the City, the terms and conditions of the Permit and of this Chapter shall be binding upon the successors and assigns of the Permittee.
(Ord. No. 97-47, § 1, 9-30-97)

Sec. 7.567. Revocation.

In addition to all other rights and powers reserved or pertaining to the City, the City reserves as an additional separate and distinct remedy the right to revoke a Permit and all rights and privileges of a Permittee in any of the following events or for any of the following reasons:

(1) A Permittee fails after thirty (30) days prior written notice to comply with any of the provisions of the Permit or this Chapter (except Sec. 7.557(6)); or

(2) A Permittee becomes insolvent, unable or unwilling to pay its debts, or is adjudged bankrupt; or

(3) All or part of a Permittee's facilities are sold under an instrument to secure a debt and are not redeemed by the Permittee within ninety (90) days from such sale; or

(4) A Permittee violates Sec. 7.557(6) of this Chapter or otherwise attempts to or does practice any fraud or deceit in its conduct or relations with the City; or

(5) The City condemns all of the property of a Permittee within the City by the lawful exercise of eminent domain; or

(6) A Permittee abandons its Telecommunication System or fails to seek renewal of its Permit; or

(7) A Permittee fails to pay any fines due for violations of this Chapter; or

(8) A Permittee fails to pay any civil fines imposed by a court of competent jurisdiction, such as pursuant to an ordinance providing for civil infractions.

No revocation, except for reason of condemnation, shall be effective unless the City Commission shall have adopted a resolution setting forth the reason for the revocation and the effective date, which resolution shall not be adopted without thirty (30) days prior notice to the Permittee and a hearing at which the Permittee receives rudimentary due process.
(Ord. No. 97-47, § 1, 9-30-97)

Sec. 7.568. Removal of Facilities.

(1) *Removal; Underground.* Upon revocation of a Permit, or upon expiration of a Permit if the Permit is not renewed, the Permittee may remove any underground Cable from the Public Rights-of-Way which has been installed in such a manner that it can be removed without trenching or other opening of the streets along the extension of Cable to be removed. Except as otherwise provided, the Permittee shall not remove any underground Cable or conduit which requires trenching or other opening of the Public Rights-of-Way along the extension of Cable to be removed. The Permittee shall remove, at its sole cost and expense, any underground Cable or conduit which is ordered to be removed by the City based upon a determination, in the sole discretion of the City, that removal is required in order to eliminate or prevent a hazardous condition or promote future utilization of the streets for public purposes. Any order by the City to remove Cable or conduit shall be mailed to the Permittee not later than thirty (30) calendar days following the date of revocation or expiration of the Permit. A Permittee shall file written notice with the City Clerk not later than thirty (30) calendar days following the date of expiration or termination of the Permit of its intention to remove Cable and a schedule for removal by location. The schedule and timing of removal shall be subject to approval and regulation by the City. Removal shall be completed not later than twelve (12) months following the date of revocation or expiration of the Permit. Underground Cable and conduit in the Public Rights-of-Way which is not removed within such time period shall be deemed abandoned and, at the option of the City, title shall be vested in the City. For purposes of this subsection (1), "Cable" means any wire, coaxial cable, fiber optic cable, feed wire or pull wire.

(2) *Removal; Above Ground.* Upon revocation of a Permit, or upon expiration of a Permit if the Permit is not renewed, a Permittee, at its sole cost and expense, shall, unless relieved of the obligation by the City, remove from the Public Rights-of-Way all above ground elements of its Telecommunication System, including but not limited to poles, pedestal mounted terminal boxes, and lines attached to or suspended from poles.

(3) *Permits; Restoration; Completion.* A Permittee shall apply for and obtain such encroachment permits, licenses, authorizations or other approvals and pay such fees and deposit such security as required by applicable law or ordinance of the City, shall conduct and complete the work of removal in compliance with all such applicable law or ordinances, and shall restore the Public Rights-of-Way to the same condition they were in before the work of removal commenced.
(Ord. No. 97-47, § 1, 9-30-97)

Sec. 7.569. [Reserved.]

ARTICLE 6. MISCELLANEOUS

Sec. 7.570. Other Provisions Not Waived.

(1) Nothing in this Chapter shall be construed as a waiver of any Charter provisions, codes, ordinances or regulations of the City or the City's right to require Permittee or Persons utilizing the Telecommunication System or Telecommunications Services to secure appropriate permits or authorization for such use.

(2) The City fully reserves its police powers to ensure and protect the public health, safety, and welfare and fully reserves its authority and power to amend this Chapter at any time. The terms and conditions of any Permit shall be subject to compliance with any future amendments of this Chapter. The City fully reserves its right to exercise the reasonable control of the Public Rights-of-Way pursuant to Article VII, § 29 of the 1963 Michigan Constitution.

(3) Nothing in this Chapter or any Permit shall limit any right the City may have to acquire by eminent domain any property of a Telecommunications Provider.

(4) Nothing in this Chapter or any Permit shall limit the authority of the City to impose a tax, fee, or other assessment of any kind on any Person. A Telecommunications Provider shall pay all fees necessary to obtain all Federal, State, and local licenses, permits, and authorizations required for the construction, installation, maintenance, or operation of its Telecommunications System within the Public Rights-of-Way.
(Ord. No. 97-47, § 1, 9-30-97)

Sec. 7.571. Severability.

The various parts, sections and clauses of this Chapter are hereby declared to be severable. If any part, sentence, paragraph, section or clause is adjudged unconstitutional or invalid by a court or administrative agency of competent jurisdiction, the remainder of the Chapter shall not be affected thereby, except as provided in this Section. If a court or administrative agency of competent jurisdiction determines, by a final, non appealable order or an order from which no appeal has been taken within the time allowed, that any right or obligation of a Permittee under this Chapter is invalid, unconstitutional or unenforceable, then the Permit shall become revocable and subject to termination without cause by either the City or the Permittee on 60 days written notice. In the event of termination under this Section by the City, the procedures for revocation set forth in Sec. 7.567 shall be followed. In the event of termination under this Section by either the City or the Permittee, the provisions of Sec. 7.568 for removal shall apply.
(Ord. No. 97-47, § 1, 9-30-97)

Sec. 7.581. Definitions.

The following terms shall have the definitions indicated for the purposes of this Chapter:

(1) *Licensee:* means any person or entity licensed for the provision of valet parking services, or hired as an independent contractor by a business establishment to perform valet parking services to members of the public. This definition includes any business establishment that performs valet parking services for its valet customers by means of its own employees.

(2) *Person:* means a natural person, a corporation, a partnership, any other form of business entity and any business or commercial operation or establishment, whether operated for profit or not for profit, including, but not limited to, hotels, motels, restaurants, bars, taverns, retail establishments of any kind, office buildings, schools, colleges, wedding and reception halls, arenas, theatres, concert halls, and hospitals. The term does not include private residences.

(3) *Premises:* means private real property.

(4) *Valet Attendant or Employee:* means any person hired by a valet company to perform valet services.

(5) *Valet Customer:* means a customer, employee, visitor, or other person who owns or operates a vehicle that receives valet parking services and all drivers and passengers of such a vehicle.

(6) *Valet Drop-Off Location:* means a place approved by the City at or near the licensee's business location where valet customers and their passengers embark and disembark from their vehicles and load or unload their vehicles when utilizing valet services.

(7) *Valet Parking License:* means a license duly issued by the City Clerk pursuant to the provisions of this Chapter, and shall include a Fixed Location Valet License, Special Event Valet License, or Valet Company License as described in this Chapter.

(8) *Valet Parking Lot:* means a parking lot or lots or other place or places where the licensee, valet parking operator or valet attendant or employees lawfully park one (1) or more valet customers' vehicles until the vehicle is retrieved by a licensee, valet attendant, or the valet customer.

(9) *Valet Parking Receipt:* means a piece of paper or token with a unique number, letter, or symbol which identifies and connects the valet customer with his or her vehicle, which is issued in triplicate, one (1) copy of which is given to the valet customer, one (1) copy of which is attached to the key to the valet customer's vehicle and kept at the valet station, and one (1) copy of which is left in the interior of the valet customer's vehicle on the dash or at some other place where the receipt is visible from the exterior of the vehicle when looking at or through the windshield of the vehicle.

(10) *Valet Parking Sign:* means a fixed or movable sign, approved by the City, which is placed on, in or near the public right-of-way stating that valet parking is available at that location.

(11) *Valet Parking Services:* means any act of assisting a valet customer driving a vehicle to park or retrieve the vehicle for a valet customer while the valet customer visits, works at, or patronizes a business or which valet customer otherwise avails himself or herself of the valet service. The term does not include merely loading or unloading people, animals or cargo from a vehicle, opening or closing door of vehicles, greeting customers and patrons in vehicles or giving directions for parking unless such activities are connected with the operation of the valet customer's vehicle.

(12) *Valet Parking Station:* means a table, podium, desk, or similar place at or near the valet drop-off and pick-up location

where one (1) copy of the valet parking receipts and keys to the valet customers' vehicles are kept and where valet customers may retrieve the keys to their vehicles.

(Ord. No. 2002-11, § 1, 2-26-02; Ord. No. 2016-63, § 1, 9-13-16)

Sec. 7.582. Valet Parking License Required.

(1) No person shall solicit or perform the operation of vehicles for the purpose of storage or parking or perform any other valet parking services unless the person holds a valid and unrevoked Valet Parking License issued under authority of this Chapter.

(2) No person shall solicit or perform the operation of vehicles for the purpose of storage or parking or perform any other valet parking services from any location not licensed for such valet purposes under this Chapter.

(3) This provision shall not apply to any business establishment which provides such parking or storage solely on its own property and does not use the public streets for pick-up, drop-off, or movement of vehicles.

(Ord. No. 2002-11, § 1, 2-26-02; Ord. No. 2016-63, § 2, 9-13-16; Ord. No. 2017-47, § 1, 9-12-17)

Sec. 7.582.1. Types of Licenses.

There shall be three (3) types of valet parking licenses:

(1) *Fixed Location Valet License.*

(a) A Fixed Location Valet License shall be required for any business that contracts for valet parking services on a daily, weekly, monthly, or other regular basis, excepting events that occur on an annual basis.

(b) Applicants may apply for available City-designated locations following application guidelines as defined in this Chapter.

(2) *Special Event Valet License.*

(a) A Special Event Valet License shall be required of any business which contracts for valet parking services at any location other than those defined as fixed locations in subdivision (1) of this section.

(b) A Special Event Valet License is only available for events that occur on a non-recurring basis.

(c) An application for a Special Event Valet License must state the purpose of the special event, including but not limited to, a wedding, a conference, or a similar special event.

(d) Notwithstanding any other provision of this Chapter, and without limiting the power to deny an application for other reasons, the City Clerk or his or her designee shall have discretion to deny an application for a Special Event Valet License if he or she reasonably concludes that the application is more properly one for a Fixed Location Valet License.

(3) *Valet Company License.* A Valet Company License shall be required of any company that performs valet services in the City of Grand Rapids.

(Ord. No. 2016-63, § 2, 9-13-16)

Sec. 7.583. Application of Substantive Provisions.

The substantive provisions of this Chapter are intended to apply to all persons offering or performing valet parking services whether licensed or not. It is the intent of this Chapter that the failure to obtain a license shall not excuse compliance with the remaining requirements set out in this Chapter.

(Ord. No. 2002-11, § 1, 2-26-02)

Sec. 7.584. Application for Valet License.

(1) Any person desiring a Fixed Location Valet License or a Special Event Valet License shall, prior to engaging in any valet parking activities, make an application for a license with the City Clerk on an application in a form to be determined and provided by the City Clerk.

(2) Such application shall, in addition to information required by the City Clerk, include the following information:

(a) *Fixed Location Valet License:*

i. Proof of a contract with a licensed valet company, being a person holding a valid Valet Company License issued pursuant to this Chapter;

ii. Proof of consent or approval from the duly authorized representative of each business listed on the application;

iii. Proof of notice issued to all businesses within a City block of the City-designated valet parking zone of the intent to apply for its use. Notice must be given of intent to apply at least ten (10) business days prior to submitting an application to the City;

iv. A valet parking plan meeting all requirements outlined in Section 7.596 of this Chapter;

v. Days and hours that valet service will be offered;

vi. Map additions or requests for changes to the existing City designated zones shall include:

- A map of the proposed valet parking location to be added to the City designated list of zones;
- Written justification for why the map addition is necessary and beneficial to the business or businesses and City;
- If the request includes the creation or repositioning of an existing loading zone applicants must contact the Traffic Safety department before applying;
- Applications that include map additions may be made by the First Friday in April or the First Friday in October. Applications will not be reviewed for approval except during April and October each year. Within 30 days the applicant will be informed of the decision to approve or deny the new location and will then have an opportunity to appeal the decision according to the appeal process provided for in Section 7.16 of Chapter 91 of this Code.

(3) *Special Event Valet Location.*

(a) Applications will be submitted to the City for review at least seven (7) business days prior to the scheduled event date;

(b) Proof of contract with a licensed Valet Company, including a copy of the valet company's insurance;

(c) A valet parking plan meeting all requirements outlined in Section 7.596 of this Chapter.

Any person or persons providing valet service in the City of Grand Rapids, prior to engaging in any valet parking business, shall make an application for a license with the City Clerk on an application and in a form to be determined and provided by the City Clerk. Such application shall, in addition to information required by the City Clerk, include proof of insurance for all valet operations within the City.
(Ord. No. 2002-11, § 1, 2-26-02; Ord. No. 2016-63, § 3, 9-13-16)

Sec. 7.585. Legal Entities as Applicants.

If the applicant is an entity organized under Chapter 450 of the Michigan Compiled Laws, the name of the entity shall be set forth exactly as shown in its formation documents, together with the names and residence addresses of each of the officers, members, owners, and/or directors of the entity. The information required for an individual license application shall be provided for each officer, member, or owner of the entity. If the applicant is a partnership, the information required for an individual license application shall be supplied for each of the partners, includ-

ing limited partners. If one (1) or more of the partners is an entity organized under MCL Ch. 450, the provisions above apply.
(Ord. No. 2017-47, § 2, 9-12-17)

Editor's note—Ord. No. 2017-47, § 2, adopted September 12, 2017, amended § 7.585 in its entirety to read as herein set out. Former § 7.585, pertained to corporations and partnerships, and derived from Ord. No. 2002-11, § 1, 2-26-02.

Sec. 7.586. License Fee and Investigation.

All applications shall be accompanied by a nonrefundable application fee as provided for in Chapter 92 of this Code.
(Ord. No. 2002-11, § 1, 2-26-02; Ord. No. 2016-63, § 4, 9-13-16)

Sec. 7.587. Insurance.

The Valet Company applicants shall meet the following insurance requirements throughout the term of any license issued under this Chapter:

(1) Workers' compensation insurance as required by state law;

(2) Comprehensive general liability insurance with limits not less than five hundred thousand dollars ($500,000.00) each occurrence combined single limit bodily injury and property damage, including contractual liability, personal injury, broad form property damage, products and completed operations coverage. Coverage may be combined with the comprehensive automobile coverage.

(3) Comprehensive automobile liability insurance with limits not less than five hundred thousand dollars ($500,000.00) each occurrence combined single limit bodily injury and property damage, including owned, non-owned and hired auto coverage, as applicable. Coverage may be combined with the comprehensive general liability coverage.

(4) Garagekeepers' legal liability insurance with limits not less than one hundred thousand dollars ($100,000.00) each occurrence, including coverage for fire and explosion, theft of the entire vehicle, riot, civil commotion, malicious mischief and vandalism, collision or upset.

Comprehensive general liability, comprehensive automobile liability and garagekeepers' legal liability insurance policies shall be endorsed to provide the following:

(a) Name as additional insureds the City of Grand Rapids and its officers, agents, and employees.

(b) Provide that such policies are primary insurance to any other insurance available to the additional insureds, with respect to any claims arising out of activities conducted under the license, and that insurance applies separately to each insured against whom claim is made or suit is brought.

All policies shall be endorsed to provide that thirty (30) days advance written notice to the City of any change, cancellation, nonrenewal or reduction in coverage. Certificates of insurance, satisfactory to the City, evidencing all coverage above shall be furnished to the City prior to issuance of a license or renewal of a license. Complete copies of the policies shall be furnished to the City upon request.
(Ord. No. 2002-11, § 1, 2-26-02; Ord. No. 2016-63, § 5, 9-13-16)

Sec. 7.588. Issuance or Denial of License; Appeals of Decisions Under this Chapter.

Appeals of license denials, license conditions and all other applicable matters covered by this Chapter shall follow the process outlined in Section 7.16 of Chapter 91 of this Code. There shall be no appeal of a Special Event license unless the notice of the intended event at a location has been given twenty (20) or more days before the event.
(Ord. No. 2002-11, § 1, 2-26-02; Ord. No. 2016-63, § 6, 9-13-16)

Sec. 7.589. Fees.

Fees necessary for the administration of this ordinance shall be established from time to time by resolution of the City Commission. Subsequent to the approval of a Fixed Valet Location, licensees who will be making use of the public right-of-way for a valet parking station, for drop-off or pick-up area or for any other reason which denies the use of that portion of the right-of-way to the general public shall pay to the City a fee for this use. This fee will be determined by taking into consideration the days and hours that valet service will be offered and the duration of time that the public right-of-way will be denied to the general public. Fees for the installation of signage will be assessed according to the fee schedule established for the administration of this Chapter.
(Ord. No. 2002-11, § 1, 2-26-02; Ord. No. 2016-63, § 7, 9-13-16)

Sec. 7.590. Revocation or Suspension of Licenses.

Any license issued under this chapter shall be subject to suspension or revocation by the City Clerk for violation of, or for committing, causing or permitting another to commit or cause a violation of, any provision of federal or state law or this Code or for any grounds that would warrant the denial of such licenses in the first instance. Licensees employing others to perform work shall be jointly and severally responsible with the employees for any violation of any provision of federal or state law or this Code.

Prior to the revocation of any license issued under this chapter, the licensee shall be entitled to a hearing as provided for in Section 7.16 of Chapter 91 of this Code.
(Ord. No. 2002-11, § 1, 2-26-02; Ord. No. 2016-63, § 8, 9-13-16)

Sec. 7.591. Substantive and Operational Requirements.

(1) The licensee shall have the license(s) required by this Code at the place where it is conducting any valet parking activity under the license(s), and shall exhibit such license(s) on demand of any police officer or other City employee providing identification as such.

(2) A drop-off and pick-up site upon a public street or right-of-way shall only be at the City-approved location set forth in the license. At no time shall vehicles be accepted for valet parking when stopped in a traffic lane, nor shall vehicles be returned to customers in a traffic lane. At no time shall vehicles be double parked on any street, highway, alley or other place open to the public for the operation of motor vehicles.

(3) At no time shall a licensee use, or permit the use of, any parking space on any street for valet parking. A valet company may use a City parking lot for valet parking if such use is authorized by the approved plan of the fixed location or special event license. No licensee, valet parking operator or valet attendant or employee shall deposit or cause to be deposited in a parking meter a coin for the purpose of parking or increasing or extending the parking time of any vehicle other than that individual's own vehicle.

(4) The City Manager is hereby authorized to promulgate rules and regulations to carry out the purpose of this Chapter. Copies of the rules and regulations adopted shall be kept on file at the office of the City Clerk and the office of the Director of Parking Services for free distribution to the public.

(5) The licensee shall be jointly and severally liable with the employee for any violation of this section.
(Ord. No. 2002-11, § 1, 2-26-02; Ord. No. 2016-63, § 9, 9-13-16; Ord. No. 2017-47, § 3, 9-12-17)

Sec. 7.592. Requirements for Employees.

(a) Every person holding a license under this ordinance, and any other person operating a valet parking operation as defined in this Chapter, shall maintain a continuously updated list of the names and residence addresses, dates of birth and current driver's license numbers of all of its employees who perform valet parking services. Such list shall be maintained at the business address listed on the license application, and shall be exhibited on demand of any police officer or other properly identified City employee who requests it.

(b) It shall be unlawful for any employee whose drivers license is currently suspended, revoked or denied or who has not been issued a valid, current Michigan driver's license to perform valet parking services. The licensee shall be jointly and severally liable with the employee for any violation of this provision. Each licensee shall obtain a photocopy of each employee's driver's license prior to allowing the employee to operate a customer's vehicle.
(Ord. No. 2002-11, § 1, 2-26-02)

Sec. 7.593. Compliance with Applicable Laws.

Nothing in this Chapter is intended to authorize, or authorizes, a licensee, valet parking operator or valet attendant or employee to park any vehicle or to do or omit any act which results in a violation of any applicable federal, state or local laws, ordinances, rule or regulation.
(Ord. No. 2002-11, § 1, 2-26-02)

Sec. 7.594. Reserved.

Editor's note—Ord. No. 2016-62, § 10, adopted September 13, 2016, repealed § 7.594, which pertained to Pre-Application Requirements. See Code Comparative Table for complete derivation.

Sec. 7.595. Reserved.

Editor's note—Ord. No. 2016-62, § 10, adopted September 13, 2016, repealed § 7.595, which pertained to Valet Parking Services Requirements. See Code Comparative Table for complete derivation.

Sec. 7.596. Valet Parking Plan; Modification of Valet Parking Plan.

(1) *Valet Parking Plan.* The applicant for a Fixed Location Valet License shall submit a valet parking plan to the City which shall include the following:

(a) The days of the week and times of day when valet services will be provided, and the number of vehicles that are reasonably anticipated to make use of the service during the proposed times; and

(b) The location of a valet parking station which is either:

(i) On the premises of the licensee or on the premises of another business which is jointly applying for the license; or

(ii) On the public right-of-way at a City-designated or approved location; and

(c) A valet drop-off location not more than sixty (60) feet long and not less than thirty (30) feet long, located either:

(i) On the premises of the licensee or on the premises of another business which is jointly applying for the license; or

(ii) On the public right-of-way at a City-designated or approved location; and

(d) A valet parking lot or lots or other lawful location within a one (1) mile radius of the valet service location which holds a valid parking facility license as authorized by this Code and is either:

(i) Located on the premises of the licensee or on the premises of another business jointly applying for the license; or

(ii) Located on some other real property on which the licensee or valet company business has a written lease or agreement licensing the licensee to utilize the real property as a valet parking lot on the days of the week and at the times of day that the licensee proposes to operate the valet services; and

(e) The route that will be driven to and from the valet service location to the valet parking lot when providing valet services; and

(f) The number of valet parking attendants that the Valet Company will be providing for the operation of the valet parking location; and

(g) Any proposed conditions, terms, requirements, or limitations on the parking plan to protect public health, safety or welfare; and

(h) A signed certificate from the valet company contracted for service showing that the parking plan has been reviewed and will be adhered to by the company and its employees.

(2) *Rejection of Valet Parking Plan.* A valet parking plan may be rejected by the City Clerk for any reason deemed necessary by the Clerk for the lawful administration of the Chapter, including but not limited to the following:

(a) The valet parking plan does not contain or meet one (1) or more of the requirements of this Chapter; or

(b) The applicant has not submitted sufficient information or documentation for the City to determine whether the valet parking plan meets the requirements of this article; or

(c) The provision of valet parking services at the valet location in the manner shown in the valet parking plan is likely to cause or encourage violations of federal, state or City laws, ordinances, rules or regulations or to cause unreasonable traffic congestion, unreasonable hazards to pedestrians, vehicles, valet customers or valet attendants, or other unreasonable or unnecessary threats to public health, safety, or welfare.

(d) If a parking plan is rejected an applicant may make alterations to the plan as recommended by the City and resubmit the plan without penalty.

(3) *Conditional Approval of Valet Parking Plan.*

(a) Parking plans may be approved with terms, conditions and restrictions that may be necessary or advisable to protect public health, safety, welfare or convenience. In the event that a parking plan is approved with conditions, limitations, and restrictions these shall be provided in writing along with the issued license.

(b) The applicant shall have the right to contest the validity of such conditions, terms, limitations, and restrictions in an informal administrative hearing before the City Manager or the City Manager's designee within twenty-one (21) days of the issuance of the conditional license. A request for such an appeal shall be filed in writing with the City Clerk.

(4) *Modification of Valet Parking Plan.* Any licensee may apply to the City for a modification of the valet parking plan approved at the time the licensee's license was issued. Such an application for a modification shall be processed as provided for in this Chapter. Any approved modification of the valet parking plan shall be in writing and shall become a condition of the license. Modifications to the parking plan will be submitted for review by the required departments before changes are made."
(Ord. No. 2002-11, § 1, 2-26-02; Ord. No. 2016-63, § 11, 9-13-16)

Sec. 7.597. Terms of the License.

(1) Every license shall be issued in writing and shall be valid for the City license year in which it is granted.

(2) Every license shall be issued to a specific licensee for a specific location, and shall not be valid for any other location.

(3) Every license includes the contents, terms, conditions, restrictions and limitations of the valet parking plan approved at the time the license is issued, or as modified in writing by the City after issuance, and they shall be conditions of the license. The City Clerk may impose any additional term, condition, requirement, or limitation on any licensee license that the City Clerk may determine is necessary to protect public health, safety, welfare or convenience.

(4) The issuance of a license under this article does not grant the licensee any right, license, franchise, or property right in any part of the public right-of-way under the license itself or

under the terms of any revocable approval for use of the public right-of-way issued or utilized in connection with such license. The City and any of its police officers or identified employees may require the licensee to temporarily or permanently suspend its valet parking operation, the use of its valet drop-off location, or remove its valet parking station or valet parking sign from a part or all of the public right-of-way in order to protect public safety, to facilitate special transportation needs, to license construction, for parades and other special events, or for other public purposes.
(Ord. No. 2002-11, § 1, 2-26-02; Ord. No. 2016-63, § 12, 9-13-16)

Sec. 7.598. Suspension or Revocation of License and Administrative Fines.

(a) In addition to any grounds for suspension, revocation or denial set out elsewhere in this Code, the following shall be grounds for suspension, revocation or denial of a license provided for in this Chapter:

(1) Any false or misleading statement of material fact on an application for a license or to any City employee enforcing this article or conducting an investigation pursuant to the provisions of this article; or

(2) The commission of any act prohibited under this article or the failure to perform any act required under this article by the licensee or an employee of the licensee, or the aiding, abetting, authorizing, counseling or permitting of any such commission or omission; or

(3) Violation of any term, condition or limitation on a license or authorizing or permitting another to commit such a violation, or

(4) Committing any crime involving violence or theft or the commission of any such act by a person employed by the licensee;

(b) In addition to or in the alternative to any suspension, revocation, or administrative fine provided in this section, the City Clerk may impose new or additional terms, requirements, conditions, or limitations on any license issued under this article.

(c) For purpose of this Chapter and the suspension, revocation or denial of any licensee, or the imposition of any new terms, conditions, limitations, or restrictions on such license, any act or omission of a valet attendant or other employee that occurs in the course of his or her employment as a valet attendant or employee of the licensee shall be conclusively imputed to the licensee.
(Ord. No. 2002-11, § 1, 2-26-02)

Sec. 7.599. Penalty.

(1) A violation of this Chapter shall be a municipal civil infraction punishable by a fine as established in Chapter 170 of the City Code.

(2) A civil infraction citation for a violation for which this Chapter provides joint and several liability between the licensee and the employee shall be issued against the licensee only.

(3) A fourth offense shall be a misdemeanor punishable by a fine of up to five hundred dollars ($500.00), or imprisonment for up to ninety (90) days, or both such fines and imprisonment.

(4) A civil infraction citation for any violation set forth in this Chapter may be issued by any Police Officer, Police Recruit, Police Cadet, Police Intern, or other authorized City employee.
(Ord. No. 2017-47, § 4, 9-12-17)

*__Editor's note—__Ord. No. 2018-30, § 1, adopted June 5, 2018, repealed the former chapter 114, §§ 7.601—7.612, and enacted a new chapter 114 as set out herein. The former chapter 114 pertained to similar subject matter. See Code Comparative Table for complete derivation.

Sec. 7.601. Purpose.

The transportation of persons by means of pedicabs is a matter closely affecting the public interest. The public interest requires that pedicabs be fit for their intended purpose and that the safety and welfare of passengers be protected in the operation of pedicabs and pedicab companies. (Ord. No. 2018-30, § 1, 6-5-18)

Sec. 7.602. Definitions.

[The following words, terms and phrases, when used in this Chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:]

(1) *Pedicab* means a multi-wheeled passenger vehicle that is moved by human power that is pulled, pushed or otherwise propelled by a person, which is used in the movement of passenger(s) on public right-of-way and shall include, but not be limited to, cycle-rickshaws, cyclos, velotaxis, trishaws, pedal pubs, biketaxis and any other pushcart or rickshaw-type vehicle or non-motorized passenger vehicle.

(2) *Pedicab Owner* means a person who is the owner of a pedicab or a proprietor of a pedicab business who supplies pedicabs to others to operate as independent contractors or employees.

(3) *Pedicab Operator* means any person who operates a pedicab.

(4) *City Manager* means the City Manager of the City of Grand Rapids or the City Manager's authorized subordinate as provided for in Section 1.9 of this Code.

(5) *Darkness* means any time from one-half (½) hour after sunset to one-half (½) hour before sunrise or any time when visibility is obstructed by elements such as fog, rain or snow.

(Ord. No. 2018-30, § 1, 6-5-18)

Sec. 7.603. Operating Regulations.

No person shall drive or operate a pedicab for hire upon the streets, highways or thoroughfares of the City of Grand Rapids, and no person who owns or controls a pedicab shall permit it to be so driven or operated unless the pedicab company holds a valid and unrevoked Pedicab Company license issued under authority of Chapter and operates in compliance with all of the requirements of this Section.

(1) No person under the age of 18 shall operate a pedicab.

(2) No person shall drive or operate a pedicab unless that person has a current valid Michigan driver's license.

(a) It shall be unlawful for any pedicab operator whose driver's license is currently suspended, revoked or denied or who has not been issued a valid, current Michigan driver's license to operate a pedicab. The pedicab owner shall be jointly and severally liable with the pedicab operator for any violation of this provision. Each pedicab owner shall obtain a photocopy of each pedicab operator's driver's license prior to allowing the pedicab operator to operate the pedicab.

(b) Each pedicab owner shall maintain a continuously updated list of the names and residence addresses, dates of birth and current driver's license numbers of all its pedicab operators. Such list shall be maintained digitally and/or at the business address listed on the license application, and shall be exhibited on demand of any police officer or other properly identified City employee who requests it.

(3) No person shall operate, or cause to be operated, a pedicab in an unsafe condition.

(4) All pedicab operators are subject to all applicable traffic safety laws, rules, and regulations of the City of Grand Rapids and the State of Michigan.

(5) Pedicabs are not permitted to park on public property except as follows:

(a) The City Manager may designate a portion of a public street, alley, plaza, park or similar public place as "pedicab stand" for the parking of pedicabs.

(b) In a legal parking space, provided that the fee for occupying said space is paid, if applicable.

(c) A single pedicab may park temporarily at the curb only as long as necessary for passengers to board and exit the vehicle, time not to exceed existing loading zone time limits.

(d) In all cases, pedicabs shall be parked in a location that does not impede pedestrian or vehicular traffic.

(e) Pedicab operators shall not stop to load or unload passengers or their belongings in the intersection of any street, crosswalks or in any manner or other location that would be considered unsafe. No pedicab shall load or unload in any such manner that will in any way impede or interfere with the orderly flow of traffic on the streets.

(6) Fares must be agreed upon at the beginning of each trip.

(7) No person shall use or allow any pedicab to be used, for any illegal purpose. No person shall use or permit or allow any pedicab to be used in, or to aid or abet, any illegal act.

(8) No person shall operate or knowingly permit any other person to operate any pedicab under the influence of intoxicating liquor, any controlled, exhilarating or stupefying substance or of any combination of substances mentioned herein.

(9) No person shall operate a pedicab when the number of passengers exceeds the number of available seats. No person shall operate a pedicab unless all passengers are seated in a seat designed for that purpose and using the seatbelt provided for in the seat.

(10) Each pedicab owner shall adopt and operate a system for the collection, storage and return of personal property left in a pedicab.

(Ord. No. 2018-30, § 1, 6-5-18)

Sec. 7.604. Vehicle Regulations.

No person shall drive or operate a pedicab for hire upon the streets, highways or thoroughfares of the City of Grand Rapids, and no person who owns or controls a pedicab shall permit it to be so driven or operated unless the pedicab vehicle is in compliance with all of the requirements of this section.

(1) All pedicab owners must have each pedicab vehicle inspected by a bike mechanic prior to operation. All pedicab vehicles must be constructed for and have the structural integrity to support pedicab operations. Each pedicab vehicle must be equipped with the following:

(a) *Tires.* Tires shall be of a size appropriate for the pedicab with no mismatched tires. There shall be no cuts to the tire, localized worn spots that expose the ply, or visible tread wear indicators.

(b) *Operation bell or horn.* The pedicab shall be equipped with a fully operational bell or horn.

(c) *Brakes.* It shall be unlawful for a licensee to operate, or cause to be operated, a pedicab that is not equipped with front and rear braking system capable of being manipulated by the licensee or pedicab operator from his normal position of operation and is capable of causing a pedicab with full complement of permitted passengers to come to a complete stop within a distance of fifteen (15) feet from a speed of ten (10) miles per hour in a linear path of motion when each wheel of the pedicab is in contact

with the ground on dry, level, clean pavement. The braking system controlling the rear wheels shall be hydraulic or mechanical disc or drum brakes which are unaffected by rain or wet conditions.

(d) *Headlights, tail lights, mirrors, turn signals and other requirements.* Every pedicab shall be equipped with the operational equipment set forth in the subsections below:

i. A headlight capable of projecting a beam of white light for a distance at a minimum of three hundred (300) feet which shall be clearly visible during darkness and must be illuminated at all times during darkness.

ii. A side mounted mirror affixed to the pedicab to reflect to the pedicab operator a view of the street for a distance of at least two hundred (200) feet from the rear of the pedicab.

iii. A red tail light and brake light affixed to the rear of the pedicab which must be visible for a distance of at least five hundred (500) feet from the rear of the pedicab and must be illuminated at all times during darkness. Turn signals must be affixed to the front and rear of the vehicle.

iv. Reflectors placed on each wheel and at each corner of the body of the pedicab.

v. Any other equipment required to comply with all applicable federal and state laws.

vi. A pedicab must not have any cracks, broken or missing parts, or other visible damage. All wheels must be firmly attached to the hub of the vehicle and all springs, axles, and supporting structures of each pedicab vehicle must be intact.

(2) Each pedicab owner shall, at all times, keep each pedicab vehicle clean and free of refuse and in safe operating condition. Prior to the operation of any pedicab and at the beginning of each shift or each day of operation, the pedicab owner shall thoroughly inspect the pedicab for safe operating conditions. For any condition found then or at any other time that will prevent the safe operation of the pedicab, the owner shall immediately remove the pedicab from service and correct the condition before the pedicab is returned to service.

(3) Each pedicab owner shall at all times maintain a policy of liability insurance in the minimum amount of one million dollars ($1,000,000.00) for personal injuries, and property damage arising out of the permitted operations. The policy shall directly protect the City of Grand Rapids, its officers and employees and agents as additional named insureds, and shall provide that the insurance be primary insurance and that no other insurance purchased by the City will be called on to contribute to a loss covered by said policy. The policy shall further provide ten (10) days' notice of cancellation or material change to the City's designated agent. Prior approval of the City of Grand Rapids is required. Each owner and operator shall further agree to hold the City harmless for any liability or claim arising out of his or her operation that is not covered by the required insurance. Any deviation from the listed insurance coverage is subject to the approval of the City of Grand Rapids.

(4) If a pedicab is involved in a crash, the pedicab operator shall immediately notify the pedicab owner and the police department and remain at the scene until the crash is investigated by the police. The pedicab owner shall submit a full written report on the condition of the pedicab vehicle to the City Clerk's office within 72 hours after the occurrence. Before

operating the pedicab vehicle again, the pedicab owner shall have the vehicle re-inspected by a bike mechanic.

(Ord. No. 2018-30, § 1, 6-5-18)

Sec. 7.605. Application For Operating Permit.

(1) The operating permit application form shall be prescribed by the City.

(2) Any application that does not include all information requested by the application form or is not supported by the materials required by this Chapter shall be denied.

(3) The application form shall require the following information:

(a) The applicant's full name and residence address;

(b) The applicant's date of birth;

(c) The applicant's Michigan driver's license number; and

(d) Such other information as the City may require.

(4) The applicant shall provide the following material to complete the application;

(a) Valid Michigan driver's license;

(b) Two recent color passport-sized photographs;

(c) Such other material as the City may require.

(Ord. No. 2018-30, § 1, 6-5-18)

Sec. 7.606. Reserved.

Sec. 7.607. Pedicab Identification Number and Decal.

(1) It is unlawful for any owner to lease, rent or allow a pedicab to be operated for hire without first having obtained a decal issued by the City. The decal shall be affixed on the lower left rear side of the pedicab.

(Ord. No. 2018-30, § 1, 6-5-18)

Sec. 7.608. Fees.

The annual license fee shall be as specified in Chapter 92 of this Code.

(Ord. No. 2018-30, § 1, 6-5-18)

Sec. 7.609. Grounds For Denial, Suspension or Revocation of License.

Any license issued under this Chapter shall be subject to suspension or revocation by the City Clerk for violation of, or for committing, causing or permitting another to commit or cause a violation of any provision of federal or state law or this Code or for any grounds that would warrant the denial of such licenses in the first instance. Pedicab owners shall be jointly and severally responsible with the pedicab operators for any violation or any provision of federal or state law or this Code.

Prior to revocation of any license issued under this Chapter, the licensee shall be entitled to a hearing as provided for in Section 7.16 of Chapter 91 of this Code.

(Ord. No. 2018-30, § 1, 6-5-18)

Sec. 7.610. Reserved.

Sec. 7.611. Preliminary Breath Test.

A peace officer who has reasonable cause to believe that a person is or was operating a pedicab upon a public highway or other place open to the public or generally accessible to a pedicab, including an area designated for the parking of vehicles, and that the person by the consumption of alcoholic liquor may have affected his or her ability to operate a pedicab may require the person to submit to a preliminary chemical breath analysis. A pedicab operator who refuses to take or fails to properly take a preliminary chemical breath analysis as required by this Section is a violation of this Code. In this instance, the pedicab operator will cease operations and coordinate with the pedicab company owner to retrieve the vehicle or replace the operator.

(Ord. No. 2018-30, § 1, 6-5-18)

Sec. 7.612. Penalty.

(1) A violation of any provision of this Chapter shall, until the fourth such offense, constitute a Municipal Civil Infraction, which upon an admission or finding of responsibility shall result in fines established in Chapter 170 Municipal Civil Infractions of the City Code.

(2) A civil infraction citation or violation for which this Chapter provides joint and several liability between the operator and the owner shall be issued against the licensee only.

(3) A fourth offense shall be a misdemeanor punishable by a fine of up to $500.00, or imprisonment for up to ninety (90) days, or both such fines and imprisonment.

VIDEO SERVICE PROVIDER RIGHT-OF-WAY MANAGEMENT

Sec. 7.632. Effective Date.

Sec. 7.620. Purpose.

(1) Under the Uniform Video Services Local Franchise Act, Video Service Providers may obtain a franchise to provide Video Services in Municipality using a standardized, uniform form of franchise agreement established by the MPSC. This form includes the right to use the Public Right-of-Way to provide such service but does not contain right-of-way management and related provisions.

(2) Municipality's cable television consent agreement with its current Cable Operator predates the Uniform Video Services Local Franchise Act and has right-of-way management and related provisions. However, that Act states that as of January 1, 2007, "any provisions" of such an agreement "that are inconsistent with or in addition to" the standardized, uniform form of franchise agreement established by the MPSC "are unreasonable and unenforceable by the franchising entity."

(3) Telecommunications providers who obtain a standardized, uniform form of franchise agreement generally will have previously obtained from Municipality a permit under the Metro Act to construct and maintain their telecommunications facilities in the Public Right-of-Way. Such Metro Act Permits set forth the terms and conditions for such right-of-way usage, standard forms of such permits were agreed to in a collaborative process between municipalities and providers that was initiated by the MPSC, and such standard forms have since been approved by the legislature and the MPSC.

(4) Because telecommunications providers typically provide Video Services over combined video and telecommunications facilities, such Metro Act Permits generally provide adequate Public Right-of-Way related protections for Municipality and the public when such providers are providing Video Services.

(5) Other Video Service Providers, in particular new providers or existing Cable Operators, may not have a Metro Act Permit issued by Municipality.

(6) The Uniform Video Services Local Franchise Act and the standardized, uniform franchise agreement require Video Service Providers with such an agreement to comply with all valid and enforceable local regulations regarding the use and occupation of the Public Right-of-Way in the delivery of Video Services, including the police powers of the franchising entity, and makes such right-of-way usage subject to the laws of the State of Michigan and the police powers of the franchising entity.

(7) The Uniform Video Services Local Franchise Act and the standardized, uniform franchise agreement state that franchising entities shall provide Video Service Providers with open, comparable, nondiscriminatory and competitively neutral access to the Public Right-of-Way, and may not discriminate against a Video Service Provider for the authorization or placement of a Video Service or communications network in the Public Right-of-Way.

(8) The Michigan Constitution reserves reasonable control of their highways, streets, alleys and public places to local units of government, which may exercise such authority through the use of their police powers.

(9) The purpose of this Chapter is to promote and protect the public health, safety and welfare and exercise reasonable control over the Public Right-of-Way by regulating the use and occupation of such rights-of-way by Video Service Providers who lack a Metro Act Permit from Municipality. This Chapter does so by setting forth terms and conditions for such usage and occupation from the forms of Metro Act permit approved by the MPSC and approved by the legislature in Section 6(1) of the Metro Act, thus providing open, comparable, nondiscriminatory, and competitively neutral access to the Public Right-of-Way and not discriminating against a Video Service Provider for the authorization or placement of a Video Service or communications network in Public Right-of-Way.
(Ord. No. 2008-03, § 1, 2-19-08)

Sec. 7.621. Consistent Interpretation.

This Chapter shall be interpreted and applied so as to be consistent with the Metro Act and

corresponding provisions of the forms of Metro Act permit approved by the MPSC, including applicable MPSC, Metro Authority and court decisions and determinations relating to same.
(Ord. No. 2008-03, § 1, 2-19-08)

Sec. 7.622. Definitions.

The following definitions apply to this Chapter:

(1) *Act* means the Uniform Video Services Local Franchise Act, being Act 480 of the Public Acts of 2006, MCL 484.3301 and following, as amended from time to time.

(2) *Cable Operator* shall have the same meaning as in the Act.

(3) *Claims* shall have the meaning set forth in Section 7.626(1).

(4) *Facilities* means the lines, equipment and other facilities of a Permittee which use or occupy the Public Right-of-Way in the delivery of Video Services in Municipality.

(5) *Franchise Agreement* means the franchise agreement entered into or possessed by a Video Service Provider with Municipality as required by Section 3(1) of the Act, if it is the standardized, uniform form of franchise agreement established by the MPSC.

(6) *Manager* means Municipality's City Manager or his or her designee.

(7) *Metro Act* means the Metropolitan Extension Telecommunications Rights-of-Way Oversight Act, being Act No. 48 of the Public Acts of 2002, MCL 484.3101 and following.

(8) *Metro Act Permit* means a permit to use the Public Right-of-Way issued by Municipality under City Code Chapter 109, which implements the Metro Act, after a provider's application for same to Municipality as set forth in such Chapter.

(9) *Metro Authority* shall have the same meaning as "Authority" in the Metro Act.

(10) *MPSC* means the Michigan Public Service Commission, and shall have the same meaning as the term "Commission" in the Act and the Metro Act.

(11) *Municipality* means City of Grand Rapids.

(12) *Permittee* means a Video Service Provider without a currently valid Metro Act Permit but with either (a) a Pre-Existing Agreement, or (b) a currently valid Franchise Agreement.

(12.1) Upon applying to Municipality for and then obtaining a Metro Act Permit from Municipality, a Video Service Provider is not a Permittee and is no longer required to comply with this Chapter. A Video Service Provider is also not a Permittee and is not required to comply with this Chapter if it and Municipality enter into a voluntary franchise agreement as described in Section 7.630(2) of this Chapter.

(13) *Person* means an individual, corporation, association, partnership, governmental entity, or any other legal entity.

(14) *Pre-Existing Agreement* means a cable television consent agreement predating the effective date of the Act, January 1, 2007, which has not expired or been terminated.

(15) *Public Right-of-Way* shall have the same meaning as in the Act.

(16) *Street Construction* and *Street Resurfacing* shall have the meanings set forth in Section 7.625(9) of this Chapter.

(17) *Video Service* shall have the same meaning as in the Act.

(18) *Video Service Provider* shall have the same meaning as in the Act, and shall include an "incumbent video provider" as referred to in Section 5(2) of the Act.

(Ord. No. 2008-03, § 1, 2-19-08)

Sec. 7.623. Applicability to Permittees.

(1) *Compliance, Insurance Exception.* All Permittees shall comply with this Chapter, except that a Permittee need not comply with the insurance provisions of Section 7.627 of this Chapter if it is maintaining the insurance required by Sec-

tion II.J of the standardized, uniform form of franchise agreement established by the MPSC (which in accordance with the Act states that incumbent video providers shall comply with the terms which provide insurance for right-of-way related activities that are contained in its last cable franchise or consent agreement from the franchising entity entered into before the effective date of the Act).
(Ord. No. 2008-03, § 1, 2-19-08)

Sec. 7.624. Contacts, Maps and Plans.

(1) *Permittee Contacts.* Permittee shall provide the Manager with the names, addresses and the like for engineering and construction related information for Permittee and its Facilities as follows:

(1.1) The address, e-mail address, phone number and contact person (title or name) at Permittee's local office (in or near Municipality).

(1.2) If Permittee's engineering drawings, as-built plans and related records for the Facilities will not be located at the preceding local office, the location address, phone number and contact person (title or department) for them.

(1.3) The name, title, address, e-mail address and telephone numbers of Permittee's engineering contact person(s) with responsibility for the design, plans and construction of the Facilities.

(1.4) The address, phone number and contact person (title or department) at Permittee's home office/regional office with responsibility for engineering and construction related aspects of the Facilities.

(1.5) Permittee shall at all times provide Manager with the phone number at which a live representative of Permittee (not voice mail) can be reached twenty-four (24) hours a day, seven (7) days a week, in the event of a public emergency.

(1.6) Permittee shall notify Municipality in writing pursuant to the notice provisions of its Franchise Agreement or Pre-Existing Agreement (whichever is then in effect) of any changes in the preceding information.

(2) *Route Maps.* Within ninety (90) days after the substantial completion of construction of new Facilities in Municipality, Permittee shall submit route maps showing the location of the Facilities to Municipality, in the same manner and subject to the same provisions as apply to telecommunications providers under Section 6(7) and 6(8) of the Metro Act, MCL 484.3106(7) and (8).

(3) *As-Built Records.* Permittee, without expense to Municipality, shall, upon forty-eight (48) hours notice, give Municipality access to all "as-built" maps, records, plans and specifications showing the Facilities or portions thereof in the Public Right-of-Way. Upon request by Municipality, Permittee shall inform Municipality as soon as reasonably possible of any changes from previously supplied maps, records, or plans and shall mark up maps provided by Municipality so as to show the location of the Facilities.
(Ord. No. 2008-03, § 1, 2-19-08)

Sec. 7.625. Use of Public Right-of-Way.

(1) *[Reserved].*

(2) *Overlashing.* Permittee shall not allow the wires or any other facilities of a third party to be overlashed to Permittee's Facilities without Municipality's prior written consent. Municipality's right to withhold written consent is subject to the authority of the MPSC under Section 361 of the Michigan Telecommunications Act, MCL § 484.2361.

(3) *No Burden on Public Right-of-Way.* Permittee, its contractors, subcontractors, and the Facilities shall not unduly burden or interfere with the present or future use of any of the Public Right-of-Way. Permittee's aerial cables and wires shall be suspended so as to not endanger or injure persons or property in or about the Public Right-of-Way. If Municipality reasonably determines that any portion of the Facilities constitutes an undue burden or interference, due to changed circumstances, Permittee, at its sole expense, shall modify the Facilities or take such other actions as Municipality may determine is in the

public interest to remove or alleviate the burden, and Permittee shall do so within a reasonable time period. Municipality shall attempt to require all occupants of a pole or conduit whose facilities are a burden to remove or alleviate the burden concurrently.

(4) *No Priority.* This ordinance does not establish any priority of use of the Public Right-of-Way by Permittee over any present or future permittees or parties having agreements with Municipality or franchises for such use. In the event of any dispute as to the priority of use of the Public Right-of-Way, the first priority shall be to the public generally, the second priority to Municipality, the third priority to the State of Michigan and its political subdivisions in the performance of their various functions, and thereafter as between other permit, agreement or franchise holders, as determined (except as otherwise provided by law) by Municipality in the exercise of its powers, including the police power and other powers reserved to and conferred on it by the State of Michigan.

(5) *Restoration of Property.* Permittee, its contractors and subcontractors shall immediately (subject to seasonal work restrictions) restore, at Permittee's sole expense, in a manner approved by Municipality, any portion of the Public Right-of-Way that is in any way disturbed, damaged, or injured by the construction, installation, operation, maintenance or removal of the Facilities to a reasonably equivalent (or, at Permittee's option, better) condition as that which existed prior to the disturbance. In the event that Permittee, its contractors or subcontractors fail to make such repair within a reasonable time, Municipality may make the repair and Permittee shall pay the costs Municipality incurred for such repair.

(6) *Marking.* Permittee shall mark its Facilities installed after the effective date of this ordinance as follows: Aerial portions of the Facilities shall be marked with a marker on Permittee's lines on alternate poles which shall state Permittee's name and provide a toll-free number to call for assistance. Direct buried underground portions of the Facilities shall have (1) a conducting wire placed in the ground at least several inches above Permittee's cable (if such cable is nonconductive); (2) at least several inches above that, a continuous colored tape with a statement to the effect that there is buried cable beneath; and (3) stakes or other appropriate above ground markers with Permittee's name and a toll-free number indicating that there is buried cable below. Bored underground portions of the Facilities shall have a conducting wire at the same depth as the cable and shall not be required to provide the continuous colored tape. Portions of the Facilities located in conduit, including conduit of others used by Permittee, shall be marked at its entrance into and exit from each manhole and handhole with Permittee's name and a toll-free telephone number.

(7) *Tree Trimming.* Permittee may trim trees upon and overhanging the Public Right-of-Way so as to prevent the branches of such trees from coming into contact with the Facilities, consistent with any standards adopted by Municipality. Permittee shall dispose of all trimmed materials. Permittee shall minimize the trimming of trees to that essential to maintain the integrity of the Facilities. Except in emergencies, all trimming of trees in the Public Right-of-Way shall have the advance approval of Manager.

(8) *Installation and Maintenance.* The construction and installation of the Facilities shall be performed pursuant to plans approved by Municipality. The open cut of any Public Right-of-Way shall be coordinated with the Manager or Manager's designee. Permittee shall install and maintain the Facilities in a reasonably safe condition. If the existing poles in the Public Right-of-Way are overburdened or unavailable for Permittee's use, or the facilities of all users of the poles are required to go underground then Permittee shall, at its expense, place such portion of its Facilities underground, unless Municipality approves an alternate location. Permittee may perform maintenance on the Facilities without prior approval of Municipality, provided that Permittee shall obtain any and all permits required by Municipality in the event that any maintenance will disturb or block vehicular traffic or are otherwise required by Municipality.

(9) *Pavement Cut Coordination.* Permittee shall coordinate its construction and all other work in the Public Right-of-Way with Municipality's pro-

gram for street construction and rebuilding (collectively "Street Construction") and its program for street repaving and resurfacing (except seal coating and patching) (collectively, "Street Resurfacing").

(9.1) The goals of such coordination shall be to encourage Permittee to conduct all work in the Public Right-of-Way in conjunction with or immediately prior to any Street Construction or Street Resurfacing planned by Municipality.

(10) *Compliance with Laws.* Permittee shall comply with all valid and enforceable federal and state statutes and regulations; and all valid and enforceable local regulations regarding the use and occupation of the Public Right-of-Way, including the police powers of Municipality; regarding the construction, installation, and maintenance of its Facilities, now in force or which hereafter may be promulgated. Before any installation is commenced, Permittee shall secure all necessary permits, licenses and approvals from Municipality or other governmental entity as may be required by law, including, without limitation, all utility line permits and highway permits. Municipality shall not unreasonably delay or deny issuance of any such permits, licenses or approvals. Permittee shall comply in all respects with applicable codes and industry standards, including but not limited to the National Electrical Safety Code (latest edition adopted by Michigan Public Service Commission) and the National Electric Code (latest edition). Permittee shall comply with all zoning and land use ordinances and historic preservation ordinances as may exist or may hereafter be amended. This section does not constitute a waiver of Permittee's right to challenge laws, statutes, ordinances, rules or regulations now in force or established in the future.

(11) *Street Vacation.* If Municipality vacates or consents to the vacation of Public Right-of-Way within its jurisdiction, and such vacation necessitates the removal and relocation of Permittee's Facilities in the vacated Public Right-of-Way, Permittee shall consent to the vacation and remove its Facilities at its sole cost and expense when ordered to do so by Municipality or a court of competent jurisdiction. Permittee shall relocate its Facilities to such alternate route as Municipality and Permittee mutually agree, applying reasonable engineering standards.

(12) *Relocation.* If Municipality requests Permittee to relocate, protect, support, disconnect, or remove its Facilities because of street or utility work, or other public projects, Permittee shall relocate, protect, support, disconnect, or remove its Facilities, at its sole cost and expense, including where necessary to such alternate route as Municipality and Permittee mutually agree, applying reasonable engineering standards. The work shall be completed within a reasonable time period.

(13) *Public Emergency.* Municipality shall have the right to sever, disrupt, dig-up or otherwise destroy Facilities of Permittee if such action is necessary because of a public emergency. If reasonable to do so under the circumstances, Municipality shall attempt to provide notice to Permittee. Public emergency shall be any condition which poses an immediate threat to life, health, or property caused by any natural or man-made disaster, including, but not limited to, storms, floods, fire, accidents, explosions, water main breaks, hazardous material spills, etc. Permittee shall be responsible for repair at its sole cost and expense of any of its Facilities damaged pursuant to any such action taken by Municipality.

(14) *Miss Dig.* If eligible to join, Permittee shall subscribe to and be a member of "MISS DIG," the association of utilities formed pursuant to Act 53 of the Public Acts of 1974, as amended, MCL § 460.701 et seq., and shall conduct its business in conformance with the statutory provisions and regulations promulgated thereunder.

(15) *Underground Relocation.* If Permittee has its Facilities on poles of Consumers Energy, Detroit Edison or another electric or telecommunications provider and Consumers Energy, Detroit Edison or such other electric or telecommunications provider relocates its system underground, then Permittee shall relocate its Facilities underground in the same location at Permittee's sole cost and expense.

(16) *Identification.* All personnel of Permittee and its contractors or subcontractors who have as part of their normal duties contact with the general public shall wear on their clothing a clearly visible identification card bearing Permittee's name, their name and photograph. Permittee shall account for all identification cards at all times. Every service vehicle of Permittee and its contractors or subcontractors shall be clearly identified as such to the public, such as by a magnetic sign with Permittee's name and telephone number.
(Ord. No. 2008-03, § 1, 2-19-08)

Sec. 7.626. Indemnification.

(1) *Indemnity.* Permittee shall defend, indemnify, protect, and hold harmless Municipality, its officers, agents, employees, elected and appointed officials, departments, boards, and commissions from any and all claims, losses, liabilities, causes of action, demands, judgments, decrees, proceedings, and expenses of any nature (collectively "Claims") (including, without limitation, attorneys' fees) arising out of or resulting from the acts or omissions of Permittee, its officers, agents, employees, contractors, successors, or assigns, but only to the extent such acts or omissions are related to Permittee's use of or installation of Facilities in the Public Right-of-Way and only to the extent of the fault or responsibility of Permittee, its officers, agents, employees, contractors, successors and assigns.

(2) *Notice, Cooperation.* Municipality shall notify Permittee promptly in writing of any such Claims and the method and means proposed by Municipality for defending or satisfying any such Claims. Municipality shall cooperate with Permittee in every reasonable way to facilitate the defense of any such Claims. Municipality shall consult with Permittee respecting the defense and satisfaction of such Claims, including the selection and direction of legal counsel.

(3) *Settlement.* Municipality shall not settle any Claim subject to indemnification by Permittee without the advance written consent of Permittee, which consent shall not be unreasonably withheld. Permittee shall have the right to defend or settle, at its own expense, any Claim against Municipality for which Permittee is responsible hereunder.
(Ord. No. 2008-03, § 1, 2-19-08)

Sec. 7.627. Insurance.

(1) *Coverage Required.* Prior to beginning any construction in or installation of Permittee's Facilities in the Public Right-of-Way, Permittee shall obtain insurance as set forth below and file certificates evidencing same with Municipality. Such insurance shall be maintained in full force and effect until the end of the term of its Franchise Agreement or Pre-Existing Agreement, (whichever is then in effect). In the alternative, Permittee may satisfy this requirement through a program of self-insurance, acceptable to Municipality, by providing reasonable evidence of its financial resources to Municipality. Municipality's acceptance of such self-insurance shall not be unreasonably withheld.

(1.1) Commercial general liability insurance, including Completed Operations Liability, Independent Contractors Liability, Contractual Liability coverage, railroad protective coverage and coverage for property damage from perils of explosion, collapse or damage to underground utilities, commonly known as XCU coverage, in an amount not less than five million dollars ($5,000,000.00).

(1.2) Liability insurance for sudden and accidental environmental contamination with minimum limits of five hundred thousand dollars ($500,000.00) and providing coverage for claims discovered within three (3) years after the term of the policy. Pursuant to the 2006 MPSC decision in Case U-14720, Permittee need not comply with the preceding sentence until such time after the effective date of this ordinance that it decides to place any new or existing Facilities underground within the Public Right-of-Way in Municipality.

(1.3) Automobile liability insurance in an amount not less than one million dollars ($1,000,000.00).

(1.4) Workers' compensation and employer's liability insurance with statutory limits, and any applicable Federal insurance of a similar nature.

(1.5) The coverage amounts set forth above may be met by a combination of underlying (primary) and umbrella policies so long as in combination the limits equal or exceed those stated. If more than one (1) insurance policy is purchased to provide the coverage amounts set forth above, then all policies providing coverage limits excess to the primary policy shall provide drop down coverage to the first dollar of coverage and other contractual obligations of the primary policy, should the primary policy carrier not be able to perform any of its contractual obligations or not be collectible for any of its coverages for any reason during the term of the Franchise Agreement or Pre-Existing Agreement (whichever is then in effect), or (when longer) for as long as coverage could have been available pursuant to the terms and conditions of the primary policy.

(2) *Additional Insured.* Municipality shall be named as an additional insured on all policies (other than worker's compensation and employer's liability). All insurance policies shall provide that they shall not be canceled, modified or not renewed unless the insurance carrier provides thirty (30) days prior written notice to Municipality. Permittee shall annually provide Municipality with a certificate of insurance evidencing such coverage. All insurance policies (other than environmental contamination, workers' compensation and employer's liability insurance) shall be written on an occurrence basis and not on a claims made basis.

(3) *Qualified Insurers.* All insurance shall be issued by insurance carriers licensed to do business by the State of Michigan or by surplus line carriers on the Michigan Insurance Commission approved list of companies qualified to do business in Michigan. All insurance and surplus line carriers shall be rated A+ or better by A.M. Best Company.

(4) *Deductibles.* If the insurance policies required by this ordinance are written with retainages or deductibles in excess of fifty thousand dollars ($50,000.00), they shall be approved by Manager in advance in writing. Permittee shall indemnify and save harmless Municipality from and against the payment of any deductible and from the payment of any premium on any insurance policy required to be furnished hereunder.

(5) *Contractors.* Permittee's contractors and subcontractors working in the Public Right-of-Way shall carry in full force and effect commercial general liability, environmental contamination liability, automobile liability and workers' compensation and employer liability insurance which complies with all terms of this Section. In the alternative, Permittee, at its expense, may provide such coverages for any or all its contractors or subcontractors (such as by adding them to Permittee's policies).

(6) *Insurance Primary.* Permittee's insurance coverage shall be primary insurance with respect to Municipality, its officers, agents, employees, elected and appointed officials, departments, boards, and commissions (collectively "them"). Any insurance or self-insurance maintained by any of them shall be in excess of Permittee's insurance and shall not contribute to it (where "insurance or self-insurance maintained by any of them" includes any contract or agreement providing any type of indemnification or defense obligation provided to, or for the benefit of them, from any source, and includes any self-insurance program or policy, or self-insured retention or deductible by, for or on behalf of them).
(Ord. No. 2008-03, § 1, 2-19-08)

Sec. 7.628. Performance Bond or Letter of Credit.

(1) *Municipal Requirement.* Municipality may require Permittee to post a bond (or letter of credit), in the amount provided in Section 15(3) of the Metro Act, as amended, MCL § 484.3115(3).
(Ord. No. 2008-03, § 1, 2-19-08)

Sec. 7.629. Removal.

(1) *Removal; Underground.* As soon as practicable after the later of the term of its Franchise Agreement or Pre-Existing Agreement expires,

Permittee or its successors and assigns shall remove any underground cable or other portions of Permittee's Facilities from the Public Right-of-Way which has been installed in such a manner that it can be removed without trenching or other opening of the Public Right-of-Way. Permittee shall not remove any underground cable or other portions of the Facilities which requires trenching or other opening of the Public Right-of-Way except with the prior written approval of Manager. All removals shall be at Permittee's sole cost and expense. For purposes of this sub-section, "cable" means any wire, coaxial cable, fiber optic cable, feed wire or pull wire.

(2) *Removal; Above Ground.* As soon as practicable after the later of the expiration of the term of its Franchise Agreement or Pre-Existing Agreement, Permittee, or its successor or assigns at its sole cost and expense, shall, unless waived in writing by Manager, remove from the Public Right-of-Way all above ground elements of its Facilities, including but not limited to poles, pedestal-mounted terminal boxes, and lines attached to or suspended from poles.

(3) *Schedule.* The schedule and timing of removal shall be subject to approval by Manager. Unless extended by Manager, removal shall be completed not later than twelve (12) months following the expiration of the later of the term of a Franchise Agreement or Pre-Existing Agreement. Portions of Permittee's Facilities in the Public Right-of-Way that are not removed within such time period shall be deemed abandoned and, at the option of Municipality exercised by written notice to Permittee at the address provided for in the Franchise Agreement or Pre-Existing Agreement (whichever was last in effect), title to the portions described in such notice shall vest in Municipality.
(Ord. No. 2008-03, § 1, 2-19-08)

Sec. 7.630. Other Items.

(1) *Duties.* Permittees shall faithfully perform all duties required by this Chapter.

(2) *Different Terms.* The Act allows local units of government and Video Service Providers to enter into voluntary franchise agreements that include terms and conditions which are different from those required under the Act or which are different from those in the standardized, uniform form of franchise agreement established by the MPSC. The Metro Act allows municipalities and providers to mutually agree to Metro Act Permit terms differing from those in the standard forms of Metro Act permit approved by the MPSC. Current or prospective Permittees who desire terms different from those in this Chapter, as applied to them, should request such a voluntary franchise agreement or a mutually agreed to Metro Act Permit from Municipality.

(3) *Interpretation and Severability.* The provisions of this Chapter shall be liberally construed to protect and preserve the peace, health, safety and welfare of the public, and should any provision or section of this Chapter be held unconstitutional, invalid, overbroad or otherwise unenforceable, such determination/holding shall not be construed as affecting the validity of any of the remaining conditions of this Chapter. If any provision in this Chapter is found to be partially overbroad, unenforceable, or invalid, Permittee and Municipality may nevertheless enforce such provision to the extent permitted under applicable law.

(4) *Violations.* A Permittee who violates any provision of this Chapter is responsible for a municipal civil infraction, and shall be subject to such civil infraction fines and costs as provided in Chapter 170 of the Code of the City of Grand Rapids. Nothing in this Section shall be construed to limit the remedies available to Municipality in the event of a violation by a Permittee of this Chapter.

(5) *Authorized Officials.* The Manager, which includes his or her designee, is hereby designated as the authorized official of Municipality to issue municipal civil infraction citations (directing alleged violators to appear in court) or municipal civil infraction violation notices (directing alleged violators to appear at the Municipal Ordinance Violations Bureau) for violations of this Chapter, as provided in Chapter 170 of the Code of the City of Grand Rapids.
(Ord. No. 2008-03, § 1, 2-19-08)

Sec. 7.631. Repealer.

All ordinances, resolutions or rules, parts of ordinances, resolutions or rules inconsistent with the provisions hereof are hereby repealed.
(Ord. No. 2008-03, § 1, 2-19-08)

Sec. 7.632. Effective Date.

This ordinance shall take effect on the 20th day of March, 2008, unless given immediate effect.
(Ord. No. 2008-03, § 1, 2-19-08)

Sec. 7.650. Conflicts with Other Laws or Regulations.
Sec. 7.651. No Immunity or Indemnification from Federal Law.

Sec. 7.640. Purpose.

The services offered through a home occupation are a matter closely affecting the public interest. The public interest requires that home occupations be operated properly and in a safe, fair, honest, and competent manner by qualified persons. The public interest further requires that home occupations be clearly incidental to or secondary to the residential use of the dwelling. Home Occupations are divided into three classes as follows.
(Ord. No. 2010-32, § 1, 6-22-10; Ord. No. 2013-75, § 1, 11-19-13; Ord. No. 2014-66, § 1, 8-26-14)

Sec. 7.641. Definitions.

Home Occupation—Class A. An accessory use with minimal to no impact on the surrounding neighborhood. The use is personal to the applicant, is not transferable to any other person, and does not apply to any other business of the applicant. Class A is also intended to allow businesses that rely solely on electronic or off-premise transactions. Types of business in this category include, but are not necessarily limited to:

(a) Business where all work and communication is conducted over the internet, telephone, and/or electronic mail.

(b) Business where a service is provided to a client or customer, with no client or customer visitation to the business location. In these instances, the business location is used solely for bookkeeping and electronic or telephone communication with clients and customers.

(c) Business where the owner produces a product at the business location and offers it for sale or service over the internet or transports the product(s) to off-premise merchants, trade shows, flea markets, and the like for sale or service.

(d) Business where an off-premises service, which includes but is not limited to, clerical, financial, cosmetic, kitchenware, jewelry, fine art, crafts, music instructor, tutoring of an individual, and clothing in nature is provided to a customer.

Home Occupation—Class B. An accessory use which may have potentially deleterious effects to the neighborhood or community and therefore require an additional level of administrative review. This is a conditional use intended to allow businesses that generate limited quantities of customer visitation and/or merchandise and service deliveries. These businesses are required to comply with other codes, i.e. Zoning, Building, Housing, Fire, Sales Tax, Income Tax, Hotel and Motel Tax, and other local or State codes and ordinances for home occupations. The business is personal to the applicant, and is not transferable to any other person, and does not apply to any other business of the applicant. Types in this category include, but are not necessarily limited to:

(a) Business where the design, preparation, production, storage, or distribution of goods and/or services takes place at the business location.

(b) Business where not more than one-fourth (¼) of the living area of the dwelling unit and less than one-half (½) of the living area of the main floor shall be devoted to the home occupation.

(c) Business where chemicals, chemical compounds, fertilizer, combustible materials, corrosive, butane, nitrous oxide or flammable products are used.

(d) Business where a service, which includes but is not limited to, hydroponic growing operation, taxidermy, medical marihuana caregiver, and agricultural activities in nature is provided to a customer.

(e) Business where transients are accommodated for sleeping or lodging purposes under a one-room rental, as defined in Chapter 61 of this Code.

(f) No more than two (2) adult customers, clients, students, or patients shall be on the premises at any one time.

Home Occupation—Class C. An accessory use which may have potentially deleterious effects to the neighborhood or community and therefore require an additional level of administrative review. This is a conditional use intended to

allow businesses that involve overnight lodging accommodations. These businesses are required to comply with other codes, i.e. Zoning, Building, Housing, Fire, Sales Tax, Income Tax, Hotel and Motel Tax, and other local or State codes and ordinances for home occupations. The business is personal to the applicant, and is not transferable to any other person, and does not apply to any other business of the applicant. Types in this category include, but are not necessarily limited to:

(a) Bed and breakfast establishments.

(b) Rooming and boarding houses.

(c) Any other place where transients are accommodated for sleeping or lodging purposes.

For the purposes of this Chapter only, a state licensed "Family Child Care Home" or a state licensed "Group Child Care Home" or any "state licensed residential facility" as defined by MCL 125.3102 of the Michigan Zoning Enabling Act located in a private residence shall not be defined as a Home Occupation, and shall not be subject to the licensing requirements of this Chapter.
(Ord. No. 2010-32, § 1, 6-22-10; Ord. No. 2010-52, § 1, 9-14-10; Ord. No. 2013-75, § 2, 11-19-13; Ord. No. 2014-66, § 2, 8-26-14; Ord. No. 2015-11, § 1, 2-24-15)

Sec. 7.642. Home Occupation Fire Safety Requirements.

Home occupations as defined by this Chapter are required to install and maintain single-station or multiple-station smoke alarms in the place of residence, as specified in Chapter 169 of this Code. Home occupations are further required to install and maintain at least one fire extinguisher that is properly selected, installed, and maintained in a conspicuous and unobstructed location(s) in the residence.
(Ord. No. 2010-32, § 1, 6-22-10)

Sec. 7.643. Home Occupation License Required.

(1) No person shall operate any Class B or Class C Home Occupation business unless a license therefore has been obtained as provided for in this Chapter.

(2) No person shall advertise any portion of a dwelling unit or rental by the night or by the week, unless that person shall have first obtained a Home Occupation license as provided for in this Chapter.

(3) No license is required by this Code in order to operate a Class A Home Occupation business. All other requirements pertaining to Home Occupations as set forth in Chapter 61 of this Code, the City's Zoning Code, continue to apply and remain in full force and effect with regard to Class A Home Occupation businesses.
(Ord. No. 2010-32, § 1, 6-22-10; Ord. No. 2010-52, § 2, 9-14-10; Ord. No. 2013-75, § 3, 11-19-13; Ord. No. 2014-66, § 3, 8-26-14; Ord. No. 2015-76, § 1, 12-15-15)

Sec. 7.644. Application for Home Occupation License.

Any person desiring a license to operate a Home Occupation business in the City of Grand Rapids shall pay an application fee as provided for in Chapter 92 of this Code and, after paying the application fee, shall file an application for a Home Occupation License with the City Clerk. The application shall be in a form provided or prescribed by the City Clerk and shall require such information to be provided under oath or affirmation as the City Clerk deems necessary to a fair determination of the applicant's ability to provide home occupation service to the public in a safe, fair, honest and competent manner and to comply with the provisions of this Code and other applicable Federal, State and local laws, or ordinances, rules and regulations. The applicant may also be required to furnish such other information under oath as the Clerk may deem necessary.
(Ord. No. 2010-32, § 1, 6-22-10; Ord. No. 2010-52, § 3, 9-14-10; Ord. No. 2014-66, § 4, 8-26-14)

Sec. 7.645. License Fee.

No Home Occupation license shall be issued unless the fee provided for in Chapter 92 of this Code shall have been paid.
(Ord. No. 2010-32, § 1, 6-22-10; Ord. No. 2010-52, § 4, 9-14-10)

Sec. 7.646. Issuance of License.

(1) If, after investigation, the City Clerk shall be reasonably satisfied that the applicant has complied with the requirements of this Code and all other applicable laws, statutes, rules and regulations, and if the proper fee shall have been paid, the City Clerk shall issue a Home Occupation license.

(2) No more than two hundred (200) Class B Home Occupation licenses for one-room short-term rentals shall be issued at any one time. Such permits are non-transferrable. A permit number shall be included in all advertising of the one-room rental.

The City Clerk shall provide a notice within ten (10) days of issuing a one-room short-term rental permit to all owners and residents within three hundred (300) feet of the property. Notice of permit issuance for the short-term rental shall include property address, permit number, and contact information of the Clerk's licensing division which shall be provided to receive complaints regarding the operation or occupancy of the short-term rental use.
(Ord. No. 2010-32, § 1, 6-22-10; Ord. No. 2013-75, § 4, 11-19-13; Ord. No. 2014-66, § 5, 8-26-14)

Sec. 7.647. Transfer Prohibited.

No Home Occupation License may be sold, assigned, mortgaged or otherwise transferred.
(Ord. No. 2010-32, § 1, 6-22-10; Ord. No. 2010-52, § 5, 9-14-10)

Sec. 7.648. Grounds for Denial, Suspension or Revocation of a Home Occupation License.

(1) Any violation of this Chapter, of Chapter 61 of this Code, of Chapter 152 of this Code, or of the laws of this State or any other State relating to the operation of a home occupation business may be considered sufficient grounds for the denial of a license or the suspension or revocation of a license issued pursuant to the provisions of this Chapter. These grounds for denial, suspension or revocation of a license provided for in this Chapter shall be in addition to other grounds for denial, suspension or revocation of licenses or permits provided for in Chapter 91 and elsewhere in this Code.

(2) For Class B Home Occupations to be used as a one-room short-term rental and Class C Home Occupations, if the real property has a 0% Principal Residence Exemption (PRE) on the current tax roll, as provided for in the General Property Tax Act, MCL 211.1 et seq., and this fact is brought to the attention of the City Clerk, then the City Clerk shall:

(a) In the case of an application for a new or renewal Home Occupation license, immediately deny the license application;

(b) In the case of an existing Home Occupation license, immediately suspend or revoke the license.

(3) For Class B Home Occupations to be used as a one-room short-term rental and Class C Home Occupations, a license shall not be granted unless the applicant demonstrates to the City Clerk's satisfaction that the applicant holds one of the following types of interest in the real estate upon which the Home Occupation is to be operated:

(a) Sole ownership; or

(b) A joint tenant by the entireties; or

(c) A joint tenant.

(4) For Class B Home Occupations to be used as a one-room short-term rental and Class C Home Occupations, if it comes to the attention of the City Clerk that any person holds an interest in the real estate upon which the Class B Home Occupation to be used as a one-room short-term rental and Class C Home Occupation is to be operated, as a tenant in common, then the City Clerk shall:

(a) In the case of an application for a new or renewal Home Occupation license, immediately deny the license application;

(b) In the case of an existing Home Occupation license, immediately suspend or revoke the license.

(Ord. No. 2010-32, § 1, 6-22-10; Ord. No. 2013-75, § 5, 11-19-13; Ord. No. 2014-66, § 6, 8-26-14)

Sec. 7.649. Compliance with Other Laws.

All persons holding a license issued pursuant to the provisions of this Chapter shall comply with all applicable Federal, State and local laws, ordinances, rules and regulations. Failure to comply may be considered sufficient grounds for the denial of a license or the suspension or revocation of a license issued pursuant to the provisions of this Chapter.

(Ord. No. 2010-32, § 1, 6-22-10)

Sec. 7.650. Conflicts with Other Laws or Regulations.

If any provision of this Chapter differs from a provision of any other applicable law, ordinance, rule or regulation, both the provision of this Chapter and the differing provision shall apply if possible. If the two (2) provisions are in conflict, then the provision establishing the higher or stricter standard shall apply.

(Ord. No. 2010-32, § 1, 6-22-10)

Sec. 7.651. No Immunity or Indemnification from Federal Law.

A registered primary caregiver, in compliance with the General Rules of the Michigan Department of Community Health, the Michigan Medical Marihuana Act, P.A. 2008, Initiated Law, MCL 333.26423(d) and the requirements of this Chapter, shall be allowed as a home occupation. Nothing in this Chapter, or in any companion regulatory provision adopted in any other provision of this Code, is intended to grant, nor shall they be construed as granting, immunity from criminal prosecution for growing, sale, consumption, use, distribution, or possession of marihuana not in strict compliance with that Act and the General Rules. Also, since Federal law is not affected by that Act or the General Rules, nothing in this Chapter, or in any companion regulatory provision adopted in any other provision of this Code, is intended to grant, nor shall they be construed as granting, immunity from criminal prosecution under Federal law. The Michigan Medical Marihuana Act does not protect users, caregivers or the owners of properties on which the medical use of marihuana is occurring from Federal prosecution, or from having their property seized by Federal authorities under the Federal Controlled Substances Act.

ARTICLE 1. PERMIT AND COLLOCATION PROVISIONS

Sec. 7.652. Definitions.

Any term not defined below may use a definition as provided by the Act. For purposes of this section, the following terms and phrases shall be defined as follows:

Act means the Small Wireless Communications Facilities Deployment Act, 2018 PA 365, MCL 460.301 et seq.

Antennae means communications equipment that transmits or receives electromagnetic radio frequency signals used in the provision of wireless services.

Applicable Codes means the term as it has been defined with the Act and any additional ordinances or resolutions adopted by the Authority.

Applicant means a wireless provider that submits an application described by the Act.

Application means an application submitted by a Wireless Services Provider or a Wireless Infrastructure Provider pursuant to the Act.

Authority means the City of Grand Rapids, or subdivision thereof if authorized by law to make legislative, quasi-judicial, or administrative decisions concerning an application governed by the Act.

Authority Pole means a utility pole owned or operated by the Authority and located within the right-of-way.

City means the City of Grand Rapids, Kent County, Michigan.

Collocate means to install, mount, maintain, modify, operate, or replace wireless facilities on or adjacent to a wireless support structure or utility pole. "Collocation" has a corresponding meaning. Collocation does not include make-ready work or the installation of a new utility pole or new wireless support structure.

Communications facility means the set of equipment and network components, including wires, cables, antennas, and associated facilities, used by a communications service provider to provide communications service.

Fee means a nonrecurring charge for services.

Make-ready work means work necessary to enable an authority pole or utility pole to support collocation, which may include modification or replacement of utility poles or modification of lines.

Micro wireless facility means a small cell wireless facility that is not more than twenty-four (24) inches in length, fifteen (15) inches in width, and twelve (12) inches in height and that does not have an exterior antenna more than eleven (11) inches in length.

Municipally owned electric utility means a system owned by a municipality or combination of municipalities to furnish power or light and includes a cooperative electric utility that, on or after March 12, 2019, acquired all or substantially all of the assets of a municipal electric utility, when applying the Act to the former territory of the municipal electric utility.

Nonauthority pole means a utility pole used for electric delivery service and controlled by the governing body of a municipally owned electric utility.

Public right-of-way or *ROW* means the area on, below, or above a public roadway, highway, street, alley, bridge, sidewalk, or utility easement dedicated for compatible uses. Public right-of-way does not include any of the following: (i) A private right-of-way; (ii) A limited access highway; (iii) Land owned or controlled by a railroad as defined in section 109 of the railroad code of 1993, 1993 P.A. 354, MCL 462.109; (iv) Railroad infrastructure.

Rate means a recurring charge.

Small Cell Wireless Network shall mean any small cell telecommunication or data-based wireless network that uses small cells facilities, including but not limited to, distributed antennae systems (DAS), femtocells, picocells, metrocells or microcells.

Small Cell Wireless Facilities or *Small Cell Wireless Network Facilities* means structures of any nature installed and/or operated for the provision of telecommunication or wireless services, including without limitation, antennas, supporting structures for antennas, poles, equipment shelters or houses, and any ancillary equipment and which meet the dimensional requirements of the Act.

Utility pole means a pole or similar structure that is or may be used in whole or in part for cable or wireline communications service, electric distribution, lighting, signage, or a similar function, or a pole or similar structure that meets the height requirements in section 13(5) of the Act and is designed to support small cell wireless facilities. Utility pole does not include a sign pole less than fifteen (15) feet in height above ground.

Wireless facility means equipment at a fixed location that enables the provision of wireless services between user equipment and a communications network, including, but not limited to, radio transceivers, antennas, coaxial or fiber-optic cable, regular and backup power supplies, and comparable equipment, regardless of technological configuration. Wireless facility includes a small cell wireless facility. Wireless facility does not include any of the following: (i) the structure or improvements on, under, or within which the equipment is collocated; (ii) a wireline backhaul facility; (iii) Coaxial or fiber-optic cable between utility poles or wireless support structures or that otherwise is not immediately adjacent to or directly associated with a particular antenna.

Wireless infrastructure provider means any person, including a person authorized to provide telecommunications services in this state but not including a wireless services provider, that builds or installs wireless communication transmission equipment, wireless facilities, or wireless support structures and who, when filing an application with an authority under the Act, provides written authorization to perform the work on behalf of a wireless services provider.

Wireless services provider means a person that provides wireless services.

Wireless support structure means a freestanding structure designed to support or capable of supporting small cell wireless facilities. Wireless support structure does not include a utility pole.
(Ord. No. 2019-26, § 1, 6-11-19)

Sec. 7.653. Permit Requirement.

No person shall install, operate or collocate, in whole or in part, Small Cell Wireless Facilities or Small Cell Wireless Network Facilities in the Authority's public right-of-way or other public place without first applying for and receiving a Small Cell Wireless Permit from the Authority in a form and subject to such terms and conditions as is acceptable to the Authority. Nothing herein shall be interpreted to require the Authority to issue such a Permit, within the limitations of the Act, and the Authority reserves to itself discretion to grant, deny or modify a request for such a Permit as it determines to be in the best interest of the City and its citizens. If the proposed activity will occur within a shared right-of-way or right-of-way that overlaps another right-of-way, a wireless provider shall provide, to each affected jurisdiction, to which an application for the activity is not submitted, notification of the wireless provider's intent to locate a small cell wireless facility within the right-of-way.
(Ord. No. 2019-26, § 1, 6-11-19)

Sec. 7.654. Multiple Permits.

No provider shall install or operate a Small Cell Wireless Facility, as defined by the Small Wireless Communications Facilities Deployment Act, Act No. 365 of the Public Acts of 2018, without first obtaining a permit from the Authority pursuant to the Act. No person shall install or operate a wireline telecommunications facility, as defined in the Metropolitan Extension Telecommunications Rights-Of-Way Oversight ("METRO") Act, Act No. 48 of the Public Acts of 2002, without first obtaining a permit from the Authority pursuant to the METRO Act, including any part of a Small Cell Wireless system constituting wireline telecommunication facilities. In some circumstances, both permits may be required for operations containing both wireline and wireless components.
(Ord. No. 2019-26, § 1, 6-11-19)

Sec. 7.655. Route Maps.

Maps clearly indicating all existing and proposed facilities must be included with each application for collocation or installation of a Small Cell Wireless Facility pursuant to the Act. The Authority may require route maps as a condition of permit approval for Small Wireless Facilities applications and must require route maps as a condition of permit approval for METRO Act applications. The required map(s) shall be legible, to scale, labeled with streets, and contain sufficient detail to clearly identify the proposed Small Cell Wireless Facilities' locations and surroundings. Where applicable, the required map or list shall include and identify any requested pole height(s). Maps pursuant to this section must be updated periodically to reasonably reflect the current number of facilities in the public rights-of-way.
(Ord. No. 2019-26, § 1, 6-11-19)

Sec. 7.656. Design Parameters.

Where permitted by the Authority, the following minimal design parameters shall apply to Small Cell Wireless Facilities in the Authority's public rights-of-way:

1. A Small Cell Wireless Facility, as defined by the Act, shall not exceed more than six (6) cubic feet in volume or, in the case of an antenna that has exposed elements, all elements would fit within a six-cubic-foot enclosure. Additionally, all other equipment associated with the facility may not be cumulatively more than twenty-five (25) cubic feet in volume.

2. A Micro Wireless Facility, as defined by the Act, shall not exceed more than twenty-four (24) inches in length, fifteen (15) inches in width, and twelve (12) inches in height and that does not have an exterior antenna more than eleven (11) inches in length.

3. The maximum height of a pole or other supporting structure installed to accommodate a Small Cell Wireless Facility shall be forty (40) feet.

4. A Small Cell Wireless Facility in the right-of-way shall not extend more than five (5) feet above a utility pole or other supporting structure.

5. As a default, all small-cell equipment including, but not limited to brackets, cables, connections, antennas, wires and network infrastructure located in the right-of-way shall be shrouded for concealment, as defined by the City of Grand Rapids Department of Electrical, Lighting and Communications. All hardware associated with shrouded pole equipment for concealment shall be painted to match the color of the utility pole or wireless support structure. Alternative designs shall be permitted upon a showing by an Applicant that shrouded collocation is unreasonable, technically nonfeasible, discriminatory or technologically prohibitive, provided they meet all other design, spacing, stealth and concealment measures provided by this Chapter.

6. The Applicant shall be responsible to obtain such other permits and approvals as required by local, state or federal law.

(Ord. No. 2019-26, § 1, 6-11-19)

Sec. 7.657. Compliance with Applicable Law.

The Authority, in reviewing and authorizing a permit under the Act and/or a Permit referred to in this Chapter, and the Applicant or Wireless Services Provider, in the establishment and operation of any Small Cell Wireless Network Facility, shall comply with all applicable local, state and federal laws.
(Ord. No. 2019-26, § 1, 6-11-19)

Sec. 7.658. Application Fees.

Fees for Applications are required and shall be as provided for in the Act, as amended, or those documents and as periodically authorized by resolution of the City Commission. The fee associated with an Application may be required for each Application received by the Authority. Application fees will be assessed as follows:

Energy, Lighting and Communications

$200/each	Small Cell Facility on a pole owned by a municipally-owned electric utility
$300/each	Small Cell Facility on a pole owned by a municipally-owned electric utility in which an engineering report is required
$100/each	Addition of new utility pole to an existing Small Cell Facility
Direct Costs	Make-Ready Work as described by Section 7.660.

Zoning

$500/each	Zoning Approval: New facilities or modification of existing facilities
$1,000/each	Zoning Approval: New Wireless Support Structure or modification of existing Wireless Support Structure

(Ord. No. 2019-26, § 1, 6-11-19)

Sec. 7.659. Collocation Rates.

Rates for collocation and pole rental are charges which may be assessed annually and must be paid for each site existing at the time fees are assessed. Both rental and collocation fees may apply to a Wireless Provider for each site it operates. Failure to pay these fees within ninety (90) days authorizes the Authority to demand removal of the corresponding collocation or a number of collocations relative to the delinquent amount. The Authority is not responsible for costs incurred by the removal or reinstallation of facilities removed due to nonpayment of collocation rates. Every five (5) years after the enactment of this Chapter, collocation fees are subject to a ten (10) percent increase pursuant to MCL 460.1313. Although both rates may apply, they must be assessed individually. All collocation rates may be amended, in compliance with the Act, by resolution, ordinance or implication through a change in state or federal law. Baseline collocation and rental rates for the first five (5) years after enactment of this Chapter will be assessed as follows:

$20/each	Rental of an existing Authority-owned Utility Pole or Wireless Support Structure
$125/each	Rental of an Authority-owned Utility Pole or Wireless Support Structure that has been erected by or on behalf of the Wireless Provider after March 12, 2019.
+	
$30/each	Collocation on an Authority-owned pole

(Ord. No. 2019-26, § 1, 6-11-19)

Sec. 7.660. Make-Ready Work Fees.

The Authority may assess to an Applicant the commercially reasonable, competitively neutral, nondiscriminatory, good faith costs of actual charges necessary to make the collocation site requested by the Applicant compliant with industry standards for collocation. Fees may not include costs for prior damage or prior noncompliance unless caused by the Applicant directly, unreasonable consultant fees or expense, or costs exceeding the actual costs to make the area suitable for collocation or erection of infrastructure. An estimate of Make-Ready Work Fees must be furnished by the Authority within sixty (60) days after receipt of a complete application. All make-ready work must be completed by the Authority within sixty (60) days of written acceptance of the estimate.
(Ord. No. 2019-26, § 1, 6-11-19)

Sec. 7.661. Bonding Requirements.

An Applicant must provide a bond of one thousand dollars ($1,000.00) per Small Cell Wireless Facility to provide for repair of the right-of-way and the removal of abandoned or improperly maintained Small Cell Wireless Facilities, including those that the Authority determines should be removed to protect public health, safety, or welfare. The Wireless Provider shall be responsible for all costs of repair after installation and removal and is responsible for the complete restoration of the site to its pre-installation condition. Costs of restoration exceeding the amount of the bond may be assessed to the Wireless Provider directly. All restoration measures shall have a forty-five-day warranty period from the day restoration is substantially complete, during which any structural or design defect or failure remains the responsibility of the Wireless Provider, subject to an opportunity to cure. This provision shall be construed in harmony with Section 7.667 concerning Removal Requirements. Cash bond may be required only from

Applicants who have defaulted or failed to perform on a previous bond given to the Authority or have failed to obtain or maintain a bond as required by the Act.
(Ord. No. 2019-26, § 1, 6-11-19)

Sec. 7.662. Application Process.

An Applicant submitting an application to the Authority must comply with all terms of MCL 460.1315. A single application may request collocation of up to twenty (20) Small Cell Wireless Facilities. The Applicant must furnish all fees, rates, bonds, maps, permits, licenses and permissions in order for an application to be deemed complete for purposes of any deadline imposed by the Act or this section. An application submitted by an Applicant will be subject to the following process:

1. The Authority will inform an Applicant of an incomplete application by written notice within twenty-five (25) calendar days of its receipt.
2. The Applicant may submit supplemental documents to cure an incomplete application. The authority will inform the Applicant within ten (10) calendar days of receipt of supplemental documents whether the submission completes the application.
3. An application for collocation of a Small Cell Wireless Facility on a Utility Pole or Wireless Support Structure must be decided with sixty (60) calendar days from the date it is deemed complete, subject to the terms of subsections (6) and (7) below.
4. An application for collocation of a Small Cell Wireless Facility on a new Utility Pole or Wireless Support Structure or for modification of an existing Utility Pole or Wireless Support Structure must be decided with ninety (90) calendar days from the date it is deemed complete, subject to the terms of subsections (6) and (7) below.
5. An application requesting the construction of a new Wireless Support Structure by or on behalf of the Applicant must be decided with one hundred fifty (150) calendar days from the date it is deemed complete.
6. If an application from another Wireless Services Provider or Wireless Infrastructure Provider is received within one (1) week of an application, an additional fifteen (15) days is permissible for rendering a decision on the first application.
7. Upon written notice to the Applicant showing good cause, the Authority will be permitted an additional fifteen (15) days to decide an application.

(Ord. No. 2019-26, § 1, 6-11-19)

Sec. 7.663. Radio Frequency Notice and FCC Compliance.

The communication systems and devices used by the City of Grand Rapids Utilities operate on FCC regulated and licensed Radio Frequency. The FCC regulates Radio Frequency (RF) and has established safety guidelines relating to potential RF exposure. The FCC is required by the National Environmental Policy Act of 1969 to evaluate the effect of emissions from FCC-regulated transmitters on the quality of the human environment. As a result, the FCC established Maximum Permissible Exposure ("MPE") limits, in consultation with many federal agencies including the Environmental Protection Agency, the Food and Drug Administration, and the Occupational Safety and Health Administration. State and Local governments have limited authority over certain wireless facilities. The statute also preempts local decisions premised directly or indirectly on the environmental effects of radio frequency (RF) emissions, assuming that the provider is in compliance with the Commission's RF rules. Notification signage is required in areas or near equipment that may have RF exposure levels that may exceed the General Population MPE, Occupational MPE, or both.
(Ord. No. 2019-26, § 1, 6-11-19)

Sec. 7.664. Spacing, Stealth and Concealment.

Subject to the design parameters in section 7.656, a Small Cell Wireless Facilities shall not be installed or collocated within six hundred (600) feet of an existing Small Cell Wireless Facility installed or collocated by the same Wireless Provider, except that Microcell Facilities as defined by this Chapter shall not be within three hundred (300) feet of an existing Microcell Facility installed or collocated by the same Wireless Provider. Shrouded pole equipment for concealment of all communication facility components shall be the default design for utility poles located within the right-of-way, but shall allow exceptions as provided in Section 7.656. Screening and/or camouflage may be required based on the location of the proposed wireless facility. A proposed facility may not obstruct the clear vision area of any intersection, obstruct pedestrian movement, interfere with traffic signals, or cause damage to trees or light poles. Unless otherwise permitted, Small Cell Wireless Facilities shall be located no closer than eighteen (18) inches from an existing/proposed sidewalk/face of curb and no closer than ten (10) feet from any driveway. Any Wireless Service Provider operating within the right-of-way must adhere to the Americans with Disability Act of 1990, Public Law 101-336 and all laws adopted by the City of Grand Rapids impacting access for disabled persons. An Applicant may be exempted from any of these requirements upon a written showing that compliance would be unreasonable, technically nonfeasible, discriminatory, or technologically prohibitive. Once precise locations and spacing, stealth and concealment measures have been approved in accordance with this section, the Applicant shall provide latitude and longitude coordinates for the Small Cell Wireless Facilities' locations to the City's Engineering Department.
(Ord. No. 2019-26, § 1, 6-11-19)

Sec. 7.665. Prior Permit and Permit Renewal.

An Applicant with an existing permit that seeks additional collocations or renewal of terms through a new application must submit a complete application, including fees, bonds, and documentation as if it were a new application under MCL 460.1315. No permit issued pursuant to this Chapter will be deemed adequate for purposes of any other application or request for collocation.
(Ord. No. 2019-26, § 1, 6-11-19)

Sec. 7.666. Denial of Permits.

The Authority may deny a completed application only for failure to conform to the requirements of this Chapter, the procedure detailed by the Act, or any of the following reasons:

(1) Materially interfere with the safe operation of traffic control equipment.

(2) Materially interfere with sight lines or clear zones for transportation or pedestrians.

(3) Materially interfere with compliance with the Americans with Disabilities Act of 1990, Public Law 101-336, or similar federal, state, or local standards regarding pedestrian access or movement.

(4) Materially interfere with maintenance or full unobstructed use of public utility infrastructure under the jurisdiction of an authority.

(5) With respect to drainage infrastructure under the jurisdiction of an authority, either of the following:

(A) Materially interfere with maintenance or full unobstructed use of the drainage infrastructure as it was originally designed.

(B) Not be located a reasonable distance from the drainage infrastructure to ensure maintenance under the drain code of 1956, 1956 PA 40, MCL 280.1 to 280.630, and access to the drainage infrastructure.

(6) Fail to comply with reasonable, nondiscriminatory, written spacing requirements of general applicability adopted by ordinance or otherwise that apply to the location of ground- mounted

equipment and new utility poles and that do not prevent a wireless provider from serving any location.

(7) Fail to comply with applicable codes.

(8) Fail to comply with Section 13(7) or (8) [of Act 365].

(9) Fail to meet reasonable, objective, written stealth or concealment criteria for small cell wireless facilities applicable in a historic district or other designated area, as specified in an ordinance or otherwise and non-discriminatorily applied to all other occupants of the right-of-way, including electric utilities, incumbent or competitive local exchange carriers, fiber providers, cable television operators, and the authority.

An application requesting collocation of more than one (1) Small Cell Wireless Facility may be approved or denied by the Authority for each facility individually and denial for one (1) or more proposed collocation will not result in the failure of the entire application.
(Ord. No. 2019-26, § 1, 6-11-19)

Sec. 7.667. Removal Requirements.

Before discontinuing use of a Small Cell Wireless Facility, Utility Pole or Wireless Support Structure, regardless of whether by decision or requirement, shall notify the Authority in writing and submit a removal plan to restore the right-of-way and Authority infrastructure to its original condition. If the Authority approves the timeline proposed by the removal plan, the Wireless Service Provider or Wireless Infrastructure Provider must adhere to the terms of the approved removal plan. If the Wireless Service Provider or Wireless Infrastructure Provider does not have an approved removal plan or fails to renew its license within forty-five (45) days after the discontinuance of use, the Authority may complete the removal itself and assess the costs of removal against the Wireless Service Provider or Wireless Infrastructure Provider. Additionally, a site which is licensed but has been abandoned or left unused for more than one (1) year, is subject to the removal procedure provided within this subsection. A Permit under this Chapter expires at the time the Small Cell Wireless Facility has been removed.
(Ord. No. 2019-26, § 1, 6-11-19)

Sec. 7.668. Policy Implementation.

Employees and staff of the Authority shall promulgate rules and policies consistent with the Act and may make amendments to design parameters or stealth, spacing and concealment criteria that are reasonable, technically feasible and technologically neutral.

(Ord. No. 2004-39, § 1, 7-27-04)

Sec. 8.4. Designation of Building Official.

The Building Official of the Neighborhood Improvement Department shall serve as the building official pursuant to the provisions of the Michigan Building Code and the Michigan Residential Code.
(Ord. No. 2004-39, § 1, 7-27-04; Ord. No. 2009-59, § 1, 11-10-09)

Editor's note—Section 5 of Ord. No. 2009-59, adopted November 10, 2009, provides for an effective date of 12-1-09.

Sec. 8.5. Demolition of Structures.

8.5.1 Permit Required. Pursuant to the Michigan Building Code and Michigan Residential Code, it shall be unlawful for any person to move, dismantle, wreck or demolish any building without having first obtained a permit from the Neighborhood Improvement Department. Permits shall not be transferable.

8.5.2 Sewer Disconnection. Before any work on or in connection with moving, dismantling, wrecking or demolishing of a building is started, the applicant shall have the sewer disconnected and blocked off at a place and in a manner as prescribed by the Department. This provision is not intended to relieve any party from complying with Chapters 51 and 52 (Streets and Sidewalks) of the City Code, should this work be done within any right-of-way of the City.

8.5.3 Water Service Disconnection. Water service to a building(s) proposed for demolition shall have the water service disconnected at the discretion of the Water Department pursuant to the issuance of the appropriate permit(s).

8.5.4 Standards of Demolition. The demolition of any structure shall be done in accordance with the following specifications:

(a) No structure shall be removed from the premises in a whole or substantially whole condition. All buildings shall be demolished on the premises.

(b) The sewer lateral shall be exposed and properly capped at the lot line or at a location designated by the Inspector. Backfilling is to be done only after inspected and approved by the City.

(c) All structures and their foundations shall be completely razed to a level of two (2) feet below the ground surface or grade line and removed from the site. Razing shall include, but is not limited to, all posts, piers, walls, basement partitions, sheds, steps, thresholds, paved areas and all other above-ground items.

(d) Concrete floors shall be broken and foundation walls removed two (2) feet below grade.

(e) All basements and cellars or other areas below grade shall be filled and compacted to grade only with sound approved solid fill of sand, gravel and dirt. Brick, stone, mortar, plaster or concrete removed from the demolished structures may be used if it is arranged not to form or collect surface or subsurface water. Masonry fragments used as fill shall not be over 24 inches in greatest dimension. No decomposable organic material or wood, glass, paper, piping, steel or other metal material or any unstable or combustible material shall be used in making fills.

(f) All masonry, such as private sidewalks, driveways, driveway aprons or retaining walls, shall be removed unless such removal will create a hazardous condition or unless the owner has requested otherwise in writing.

(g) Wood partitions, stairways, furnaces, piping and other equipment, rubbish and debris located in basements or elsewhere on the property shall be removed from the site.

(h) Any damage to public sidewalks or any part of the street right-of-way shall be repaired or replaced to meet City Engineer standards.

(i) The lot shall be filled, compacted and graded to blend with surrounding property and sidewalk grades.

(j) Final fill shall be at least two inches of sandy loam, dirt or topsoil containing no brick, mortar or concrete pieces larger than two inches.

8.5.5 Recovery of Expense of Demolition. Expenses incurred by the City in the demolition or removal of any structure shall be billed to the owner of the property upon which the building was located. The City Treasurer shall collect the account, which shall be a personal debt of the property owner, which may be assessed as a lien against the property until paid in full.

8.5.6 Minor Buildings. A permit is not required to dismantle, wreck or demolish a residential-type garage, tool shed or other similar building having no utilities as approved by the Building Official.

8.5.7 Surety. Prior to the issuance of a permit, the applicant shall furnish surety (performance bond, letter of credit or cashier's check) to the City equal to the contract cost of demolition. Any person, firm or corporation normally engaged in the demolition of buildings may provide a yearly surety to the City in the amount of One Million Dollars ($1,000,000.00), which shall cover all demolition surety as heretofore required.

8.5.8 Completion of Demolition. Release of surety shall be conditioned upon the diligent completion of all demolition work and upon the completion of said work in a manner so as not to leave the premises hazardous or dangerous to the health, safety or welfare of the inhabitants of the City of Grand Rapids, as determined by the Building Official.

(Ord. No. 2004-39, § 1, 7-27-04; Ord. No. 2009-59, § 2, 11-10-09)

Editor's note—Section 5 of Ord. No. 2009-59, adopted November 10, 2009, provides for an effective date of 12-1-09.

Sec. 8.6. Fees.

Fees required for the administration of this Chapter shall be established from time to time by resolution of the City Commission, including:

1. Permit application;
2. Permit issuance;
3. Plan review application;
4. Professional license application;
5. Professional license registration;
6. Professional testing/examination;
7. Administrative hourly rate;
8. Requested research hourly rate;
9. Inspection hourly rate;
10. Certificate/written report;
11. Failure to gain access;
12. Work not ready to be inspected;
13. Evening, weekend, and holiday inspection;
14. Replacement of inspection card;
15. Working without a permit;
16. Correction Notice;
17. Notice of Violation;
18. Administrative Extension;
19. Attorney Warning Letter;
20. Warrant preparation and prosecution;
21. Search warrant;
22. Title search;
23. Recording document with Kent County;

24. Collection Service Fee (City Treasurer); and
25. Collection Service Fee (Small Claims Court).

Fee calculations based upon cost of construction shall be supported by a contract with construction costs, or in the absence of such contract shall be calculated using the International Code Council Square Foot Construction Cost and Regional Cost Modifier tables.
(Ord. No. 2004-39, § 1, 7-27-04; Ord. No. 2009-59, § 3, 11-10-09)

Editor's note—Section 5 of Ord. No. 2009-59, adopted November 10, 2009, provides for an effective date of 12-1-09.

Sec. 8.7. Moved Structures.

8.7.1 Building Mover. Any owner or authorized agent who intends to move a building or structure, or to cause any such work to be done, shall first make application to the building official and obtain the required permit.

8.7.2 Indemnity for Injury. Said permit shall not be granted unless the applicant shall indemnify and hold harmless the City of Grand Rapids from any and all claims and liabilities of any nature whatsoever which arise out of any building moving activity as herein authorized. Said permit shall not be granted unless the applicant shall further indemnify and reimburse the City for all loss, injury or damage to any tree, pavement, street, sewer, water main, sidewalk, wire, fire alarm, telephone pole, cables or other property of the City of Grand Rapids, which loss, injury or damage arises out of moving a building by said applicant.

8.7.3 Insurance. Said applicant shall furnish to the building official an executed duplicate policy of insurance approved by the City Risk Manager and City Attorney co-insuring the applicant and the City against any and all legal liability from damage to persons or property arising out of the activities of the building mover as herein authorized. Said insurance shall further insure the applicant and the City for any and all legal liability to the City of Grand Rapids because of obligations imposed by this Chapter. Said policy of insurance shall be in the minimum amounts of One Million Dollars ($1,000,000) for each person and One Million Dollars ($1,000,000) for each accident in the event of bodily injury and One Million Dollars ($1,000,000) for property damage with a maximum of One Million Dollars ($1,000,000) for each accident.

8.7.4 Owner's Bond. The owner of any building to be moved shall deposit a surety bond in the amount of One Hundred Thousand Dollars ($100,000), which shall be conditioned upon the diligent completion of all work, repairs, structural changes or other activity necessary to place the building in its final state, fully conditioned for its new use in accordance with the requirements of the City Code. Said work shall be completed within a period of time not to exceed ninety days following relocation of the building on its new site, provided that upon application of the owner, the City Manager may extend the time by one additional period of up to ninety days upon showing good cause.

8.7.5 Route. No permit to move a building or structure, or to cause any such work to be done, shall be approved by the City Manager until approval of the proposed route has been secured in writing from the Traffic Engineer, Chief of Police and Fire Chief. If it is determined that a different route would be more advantageous to the public safety, the City Manager shall require such changed route before issuing the permit.

8.7.6 Rules for Move. It shall be the duty of the person who obtains a permit pursuant to this Chapter follow the route prescribed and to observe all regulations and special conditions required for the protection of streets and to move such building with all possible dispatch and in a manner least calculated to obstruct public travel. No person shall leave the building standing over any street crossing. If it shall be necessary for the building to stand overnight in any street or public place, the licensed person shall place sufficient bright red lights upon the same as a warning. Such lights shall be kept burning during the night.
(Ord. No. 2004-39, § 1, 7-27-04; Ord. No. 2009-59, § 4, 11-10-09; Ord. No. 2013-32, §§ 1, 2, 7-23-13)

Sec. 8.8. Unlawful Conduct; Penalties; Designation of Violation as Municipal Civil Infraction; Fourth and Subsequent Violations Designated as Misdemeanor.

(1) Definitions.

Inspector - A City official charged with enforcement of all state and local building codes including the State Construction Code, Michigan Building Code, and Michigan Residential Code.

(2) Except as set forth in Section 8.8(4), any person who engages in the following conduct in violation of this Section, or orders or directs another person to engage in such conduct is responsible for a municipal civil infraction and shall be subject to the penalties described in Chapter 170 of this Code:

(a) Knowingly violates any state or local building code including the State Construction Code, Michigan Building Code, Michigan Residential Code, the Grand Rapids Code of Ordinances, or any code or a rule promulgated for the enforcement of such codes.

(b) Knowingly installs or maintains equipment in violation of a condition of a permit.

(c) Knowingly fails to comply with an order issued by the City of Grand Rapids as the enforcing agency under this Chapter.

(d) Knowingly makes a false or misleading written statement, or knowingly omits required information or a statement in an inspection report, application, petition, request for approval, or appeal to the City of Grand Rapids as the enforcing agency under this Chapter.

(e) Knowingly refuses entry or access to an inspector lawfully authorized to inspect any premises, building, or structure.

(f) Unreasonably interferes with an authorized inspection.

(g) Knowingly issues, fails to issue, causes to be issued, or assists in the issuance of a certificate, permit, or license in violation of the Grand Rapids Code of Ordinances, the Michigan Building Code, Michigan Residential Code or any rule promulgated under such Codes or other applicable laws.

(h) Having a duty to report violations of the Michigan Building Code, Michigan Residential Code or a rule promulgated under this Code or other applicable laws, knowingly conceals a violation.

(3) Each act in violation of this Chapter shall constitute a separate violation of this Code and shall be subject to enforcement for every day upon which any violation shall continue.

(4) Fourth and subsequent violations shall be a misdemeanor punishable by a fine of not more than five hundred dollars ($500.00) or imprisonment for not more than ninety (90) days, or both.

(5) Stop Work Orders. The City is authorized to issue an Order to Stop Work in instances where work is being undertaken without a permit, or in violation of an issued permit. (Reference MCL 125.1512).

(6) Injunctive Relief. If an Order to Stop Work issued under this Section is not obeyed, the City may apply to the Circuit Court for an order enjoining the continuation of construction undertaken in violation of a building permit, this Code, or any other applicable law. (Reference MCL 125.1512).

(Ord. No. 2017-07, § 1, 1-24-17)

Sec. 8.9. Construction Code Board of Appeals; Membership; Qualification of Board Members; Quorum.

(1) The Construction Code Board of Appeals shall consist of three (3) general members and four (4) trade specialist members appointed by the City Manager, by and with the approval of the City Commission. Appointments shall be made for a term of four (4) years, but any appointed member may, for cause, be removed from office at any time by the City Manager.

(2) The three (3) general members shall be licensed professional architects or engineers with at least five (5) years of experience, or Fire Code Officials. The four (4) trade specialist members shall include:

(a) A building contractor or construction superintendent with at least five (5) years of experience in directing non-residential building construction.

(b) A licensed Master Electrician.

(c) A licensed Mechanical Contractor.

(d) A licensed Master Plumber.

(3) A quorum of the Board shall require the presence of at least four (4) members and shall include at least two (2) general members and at least one (1) trade specialist with expertise in the code provision(s) which are at issue in the appeal.

Pursuant to Section 8b of Public Act 230 of 1972, as amended, the City of Grand Rapids has assumed responsibility for the administration and enforcement of the Act throughout its corporate limits.
(Ord. No. 2022-35, § 1, 10-4-22)

Sec. 8.52. Applicable Codes.

This Chapter sets forth procedures for the application and enforcement of the Michigan Skilled Trades Regulation Act (PA 407 of 2016) and the Michigan Electrical Code.
(Ord. No. 2022-35, § 1, 10-4-22)

Sec. 8.53. Codes on File.

Complete printed copies of the Michigan Electrical Code are available for public use and inspection at the office of the City Clerk.
(Ord. No. 2022-35, § 1, 10-4-22)

Sec. 8.54. Designation of Code Official.

The Building Official of the Neighborhood Improvement Department shall be responsible for administering the Michigan Electrical Code within the City of Grand Rapids.
(Ord. No. 2022-35, § 1, 10-4-22)

Sec. 8.55. Registration of Contractor License.

All Electrical contractors doing work within the City of Grand Rapids shall register their State Electrical Contractors License with the City of Grand Rapids Building Inspections Department. This registration is valid until the expiration date of the State Electrical Contractors License.
(Ord. No. 2022-35, § 1, 10-4-22)

Sec. 8.56. Qualifications.

To qualify for registration of Electrical Contractor, Fire Alarm, and Sign Contractors the licensee shall:

(1) Provide a current Electrical Contractor, Fire Alarm or Sign Contractor License from the State or their residential municipality.

(2) File a completed application form provided by the City of Grand Rapids before contracting any work in the City of Grand Rapids.

(Ord. No. 2022-35, § 1, 10-4-22)

Sec. 8.57. Fees.

Fees required for the administration of this Chapter shall be established from time to time by resolution of the City Commission as set forth in Chapter 131 entitled "General Building Regulations."
(Ord. No. 2022-35, § 1, 10-4-22)

Sec. 8.58. Fee Refunds.

The Building Official may authorize refunding of any fee paid hereunder which was erroneously paid or collected. The Building Official shall not authorize refunding of any fee paid except on written application filed by the original permittee not later than one hundred eighty (180) days after the date of fee payment.
(Ord. No. 2022-35, § 1, 10-4-22)

Sec. 8.59. Reciprocal Provisions.

The City shall permit Electrical Contractors, Fire Alarm and Sign Specialty Contractors, lawfully licensed by other municipalities of the State of Michigan or by the State Electrical Administrative Board, within the scope of licensure to install, alter or repair electrical wiring, equipment, apparatus or fixtures within the corporate limits of the City, upon registration with the City of Grand Rapids Building Inspections Department, which registration shall expire concurrently with the license presented for registration. All other licenses issued by the State of Michigan or other municipality within the State shall be reciprocal.
(Ord. No. 2022-35, § 1, 10-4-22)

Sec. 8.60. Unlawful Conduct; Penalties; Designation of Violation as Municipal Civil Infraction; Fourth and Subsequent Violations Designated as Misdemeanor.

(1) *Definitions.*

Inspector. A City official charged with enforcement of the State Construction Code, including the Michigan Electrical Code.

(2) Except as set forth in Section 8.60(4), any person who engages in the following conduct in violation of this Section, or orders or directs another person to engage in such conduct is responsible for a municipal civil infraction and shall be subject to the penalties described in Chapter 170 of this Code:

(a) Knowingly violates any local or state building codes including the State Construction Code, the Michigan Electrical Code, the Michigan Electrical Administrative Act, the Grand Rapids Code of Ordinances, or any code or a rule promulgated for the enforcement of such codes.

(b) Knowingly installs or maintains equipment in violation of a condition of a permit.

(c) Knowingly fails to comply with an order issued by the City of Grand Rapids as the enforcing agency under this Chapter.

(d) Knowingly makes a false or misleading written statement, or knowingly omits required information or a statement in an inspection report, application, petition, request for approval, or appeal to the City of Grand Rapids as the enforcing agency under this Chapter.

(e) Knowingly refuses entry or access to an inspector lawfully authorized to inspect any premises, building, or structure.

(f) Unreasonably interferes with an authorized inspection.

(g) Knowingly issues, fails to issue, causes to be issued, or assists in the issuance of a certificate, permit, or license in violation of the Grand Rapids Code of Ordinances, the Michigan Electrical Code or any rule promulgated under such Codes or other applicable laws.

(h) Having a duty to report violations of the Michigan Electrical Code or a rule promulgated under this Code or other applicable laws, knowingly conceals a violation.

(3) Each act in violation of this Chapter shall constitute a separate violation of this Code and shall be subject to enforcement for every day upon which any violation shall continue.

(4) Fourth and subsequent violations shall be a misdemeanor punishable by a fine of not more than five hundred dollars ($500.00) or imprisonment for not more than ninety (90) days, or both.

(5) Stop Work Orders. The City is authorized to issue an Order to Stop Work in instances where work is being undertaken without a permit, or in violation of an issued permit. (Reference MCL 125.1512.)

(6) Injunctive Relief. If an Order to Stop Work issued under this Section is not obeyed, the City may apply to the Circuit Court for an order enjoining the continuation of construction undertaken in violation of a building permit, this Code, or any other applicable law. (Reference MCL 125.1512.)

Editor's note—Section 5 of Ord. No. 2009-62, adopted November 10, 2009, provides for an effective date of 12-1-09.

Sec. 8.157. Boiler Engineer's License, Boiler Operator's License, Specialty Operator's License.

It shall be unlawful for any person, company or corporation to own and/or operate a steam boiler of more than 10 bhp (98.1 kW) or a boiler designed to carry a steam pressure of more than 15 psi (103.4 kPa) within the City of Grand Rapids without having in its employ a Licensed Boiler Engineer who shall be responsible for the maintenance and safe operation of the boiler. It shall further be unlawful for any person, company or corporation within the City of Grand Rapids to allow anyone who does not have a valid Boiler Operator's License to perform the duties of a Boiler Operator. Specialty boilers, as determined by city staff, will be allowed to be operated by employees as per the requirements of item three. Licenses shall be issued by the Building Official as follows:

(1) A Boiler Engineer License shall be issued only to an applicant who has held a Boiler Operator License for at least three years while working full time under the supervision of a Licensed Boiler Engineer or equivalent combination of training and experience and has passed an examination prepared by the Department.

(2) A Boiler Operator License shall be issued only to an applicant having at least one year full-time work under the supervision of a Licensed Boiler Engineer or

equivalent combination of training and experience and having passed an examination prepared by the Department.

(3) A limited Specialty Operator License shall only be issued to an applicant who has been trained on specific equipment by a qualified individual and has passed an examination as prepared by the department.

(4) Licenses shall be renewed annually. Licenses which have been allowed to lapse shall not be renewed unless the delinquent fees are paid up. However, if a license has lapsed for more than three years, the Department may require a written examination.

(5) Any license issued hereunder may be revoked or suspended by the Department after a hearing stating the reason for revocation or suspension. Supplying false information with the application for a license or failure to comply with the provisions of this Chapter, or the rules and regulations adopted thereunder, or failure to properly supervise work performed under a License shall be considered sufficient reason for revocation of a License.

(6) The Department shall establish rules for the examination of applicants desiring to obtain boiler licenses. Such rules shall be available to any person wishing a copy thereof.

(Ord. No. 2004-45, § 1, 8-10-04; Ord. No. 2009-62, § 3, 11-10-09)

Sec. 8.158. Application for Permits.

Mechanical permits required by the Mechanical Code shall be issued only to authorized mechanical contractors, state licensed boiler installers, or single-family occupant homeowners on forms provided by the Department.
(Ord. No. 2004-45, § 1, 8-10-04)

Sec. 8.159. Fees.

Fees required for the administration of this Chapter shall be established from time to time by resolution of the City Commission as set forth in Chapter 131 entitled "General Building Regulations."
(Ord. No. 2004-45, § 1, 8-10-04; Ord. No. 2009-62, § 4, 11-10-09)

Editor's note—Section 5 of Ord. No. 2009-62, adopted November 10, 2009, provides for an effective date of 12-1-09.

Sec. 8.160. Fee Refunds.

The building official may authorize refunding of any fee paid hereunder which was erroneously paid or collected. The building official shall not authorize refunding of any fee paid except on written application filed by the original permittee not later than 180 days after the date of fee payment.
(Ord. No. 2004-45, § 1, 8-10-04)

Sec. 8.161. Unlawful Conduct; Penalties; Designation of Violation as Municipal Civil Infraction; Fourth and Subsequent Violations Designated as Misdemeanor.

(1) *Definitions.*

(a) *Mechanical Safety Inspection* - An in-person inspection of a heating system or heating appliance conducted by a qualified, State licensed contractor for the purpose of certifying that the equipment is functioning in a safe manner consistent with the State Mechanical Code, the Grand Rapids Code of Ordinances, any code or rule promulgated for the enforcement of such codes, and equipment manufacturer's specifications.

(b) *Inspector* - A City official charged with enforcement of the State Construction Code, including the Michigan Mechanical Code.

(c) *Qualified Mechanical Contractor* - A contractor qualified to participate in the City of Grand Rapids Mechanical Safety Inspection Program pursuant to the

Administrative Rules promulgated by the City Manager for the administration of such program.

ARTICLE 1. IN GENERAL

Sec. 8.201. Findings and Determination of Necessity.

The City Commission finds that there are many non-residential buildings in the City which are poorly maintained and neglected by their owners. These buildings adversely affect citizens who own or occupy nearby buildings and dwellings by lowering property values and rental values. Many of these poorly maintained and neglected buildings have become so dilapidated that occupancy is no longer economically feasible. This increases the incidence of vandalism and fire. The City Commission finds that the elimination and prevention of these conditions is necessary and is in the best interest of the City and its citizens.
(Ord. No. 92-69, § 1, 10-20-92)

Sec. 8.202. Purpose.

The purpose of this Chapter is to maintain, preserve and improve the stock of non-residential buildings in the City. To accomplish this, this Chapter sets out minimum standards for the exterior maintenance of all non-residential buildings. In carrying out this purpose, it is the intention of the City Commission to exercise its full powers to protect the public health, safety and welfare, whether the powers so exercised are derived from the Constitution, State law or the City Charter.
(Ord. No. 92-69, § 1, 10-20-92)

Sec. 8.203. Definitions and Interpretations.

Certain words and terms used in this Chapter are specifically defined at the end of the Chapter. These words and terms are identified by underlining in the text of the Chapter and, when so underlined, these words and terms shall be given the indicated definitions. All other words and provisions of this Chapter shall be interpreted so as to eliminate or prevent the conditions set out in Section 8.201.
(Ord. No. 92-69, § 1, 10-20-92)

Sec. 8.204. Applicability.

The provisions of this Chapter shall apply to any person owning, occupying, managing or controlling any non-residential property in the City as identified by this Chapter.
(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 2002-56, § 1, 9-24-02)

ARTICLE 2. PROPERTY MAINTENANCE STANDARDS

Sec. 8.205. Property Maintenance Required.

All property, regulated by this Chapter, whether occupied or unoccupied and all property including vacant property and/or formerly occupied property shall meet or exceed the standards of this Article.
(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 2002-56, § 2, 9-24-02)

Sec. 8.206. Structural Integrity.

Basic structural elements, foundations, foundation walls and supporting columns shall be in good repair.
(Ord. No. 92-69, § 1, 10-20-92)

Sec. 8.207. Exterior Surfaces.

All exterior finish surfaces shall be weathertight and in good repair and shall not have any holes, cracks or deterioration which allow water or vermin to reach any basic structural element or to enter the interior of any building.
(Ord. No. 92-69, § 1, 10-20-92)

Sec. 8.208. Protection of Exterior Surfaces.

All exterior surfaces of a building or structure made of iron, wood, steel, masonry or other materials which may deteriorate from exposure to weather shall be protected from the weather by a properly applied weather-resistant paint, stain or other waterproof finish. Primers shall be properly covered with a water-resistent finish coating.
(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 93-10, § 1, 2-23-93)

Sec. 8.209. Exterior Windows and Doors.

All exterior windows and doors shall be weather tight and in good repair, intact and functioning as originally intended and designed, or shall be secured against weather by boarding which is painted a color matching that of the adjacent exterior siding. Boarding shall be done in a manner and with materials as specified in this Code. All exterior openings suitable for human or animal entry shall be secured by use of exterior grade plywood, of at least three-eighths (3/8) inch thickness, cut to the size of the opening and secured by use of Phillips headed two (2) inches long screws on all first story or ground accessible points of entry or by use of 16d common nails which are permitted only on entry points being secured above the first story or where not accessible from ground level. Boards shall be placed over all points of entry.
(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 93-10, § 1, 2-23-93; Ord. No. 2002-56, § 3, 9-24-02)

Sec. 8.210. Exterior Attachments.

Exterior attachments to basic structural elements, including but not limited to gutters, downspouts, screening, vents, antennae, tanks, awnings, canopies, marquees, signs, lighting fixtures, handrails, guardrails and utility connections shall be in good repair.
(Ord. No. 92-69, § 1, 10-20-92)

Sec. 8.211. Accessory Improvements.

All accessory improvements located on a property, including but not limited to walkways, driveways, parking areas, storm drains, parking bumpers, steps, handrails, guardrails, signs, lighting fixtures, poles, fences, walls, tanks, antennae and all other freestanding or made structures shall be in good repair.
(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 2002-56, § 4, 9-24-02)

Sec. 8.212. Outdoor Storage.

Outdoor storage of materials of value shall not be permitted to be located between the street and the building nor closer than three (3) feet to any side or rear lot line. Materials of value shall be stored in a safe and sanitary manner, shall not be scattered about and shall not have openings nor be stacked in a manner which may provide harborage for vermin.
(Ord. No. 92-69, § 1, 10-20-92)

Sec. 8.213. Trees and Shrubs.

No tree, shrub or other vegetation shall be allowed to damage a building or block safe vision of a sidewalk, drive or street. No dead tree, trees, or parts thereof shall be permitted on any property regulated by this Chapter.
(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 2002-56, § 5, 9-24-02)

Sec. 8.214. Health and Sanitation.

All exterior areas shall be sanitary and free of trash and garbage.
(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 2002-56, § 6, 9-24-02)

Sec. 8.215. Tenant Responsibility for Maintenance.

A tenant shall be responsible for complying with the standards of this Chapter on that portion of the premises controlled exclusively by the tenant.
(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 2002-56, § 7, 9-24-02)

Sec. 8.216. Owner Responsibility for Maintenance.

The owner of a property shall be responsible for complying with the Standards set forth in this Chapter except as otherwise stated in this Chapter.
(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 2002-56, § 8, 9-24-02)

Sec. 8.217. Good Workmanship.

Additions, replacements, repairs or changes made to buildings, accessory buildings, appurtenances, structures, improvements, or facilities regulated by this Chapter shall be made with good workmanship.
(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 2002-56, § 9, 9-24-02)

Sec. 8.218. Exterior Security Lighting.

An exterior light fixture in good repair shall be provided adjacent to each entryway and exit located at the front, side or rear of a building having electrical service. Such light fixture shall be lit between the hours of 7:00 p.m. and 7:00 a.m. daily.
(Ord. No. 93-10, § 2, 2-23-93; Ord. No. 2002-56, § 10, 9-24-02)

Sec. 8.219. Street Address Visible.

Street addresses, as required and regulated by Title IV of the City Code shall also be provided for any building regulated by this Chapter so as to identify the building from an adjacent public alleyway.
(Ord. No. 93-10, § 2, 2-23-93)

Sec. 8.220. Vacant Property Identification.

An identification sign in good repair and visible from the street shall be affixed to a vacant unoccupied property regulated by this Chapter. Such sign shall provide the name and phone number of the property owner or other responsible person to be contacted regarding maintenance or an emergency.
(Ord. No. 93-10, § 2, 2-23-93; Ord. No. 2002-56, § 11, 9-24-02)

Sec. 8.221. Reoccupancy of Vacant Properties.

No building where electrical service or water service has been terminated shall have services restored until a Certificate of Use and Occupancy or a Certificate of Permitted Occupancy has been issued by the City.
(Ord. No. 93-10, § 2, 2-23-93; Ord. No. 2002-56, § 12, 9-24-02)

Sec. 8.222. Registration of Abandoned Properties.

Owners of abandoned properties shall register such properties as required by this Chapter. Registration requirements will not preclude the City from taking appropriate actions to secure the property or to issue orders to repair or abate or from acting upon imminent hazard(s).
(Ord. No. 2002-56, § 13, 9-24-02)

Sec. 8.223. Registration Information.

For each abandoned or vacant property, and for any structure which is abandoned, as defined in this Code, the owner(s) shall register with the City and shall provide the following information:

(1) Legal name of owner(s) and date of birth.

(2) Address of owner(s), both locally and as otherwise appropriate.

(3) Name, address, and telephone number of any agent or representative authorized by the owner to handle the affairs of the property, if employed. If such an agent or representative is utilized, he/she must reside within a one-hour driving radius of the City.

(4) Telephone number(s) of owner for contact purposes.

(5) Proof of identification of owner.

(6) Enclosed statement which shall contain the following data:

a. Estimated length of time property is expected to remain unused,

b. Reason for nonuse, and

c. Plans for restoration, reuse or removal. This must be accompanied by a timeline or work schedule.

(7) Such additional information as is required by the City.
(Ord. No. 2002-56, § 14, 9-24-02)

Secs. 8.224—8.229. Reserved.

ARTICLE 3. ENFORCEMENT PROCEDURES

Sec. 8.230. Inspections Authorized.

The standards of this Chapter are to be enforced by inspections of buildings, accessory structures and any property subject to any of the terms of this Chapter.
(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 2002-56, § 15, 9-24-02)

Sec. 8.231. Geographic Applicability.

The provisions of this Chapter shall apply to all non-residential buildings, structures and properties located in the City of Grand Rapids.
(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 95-19, § 1, 4-11-95; Ord. No. 2002-56, § 16, 9-24-02)

Sec. 8.232. Enforcement Process.

The City may, but shall not be required to, bring a violation of the standards established in this Chapter to the attention of the property owner or other responsible person by issuing a Notice of Violation or by any other lawful means. The City may prosecute or take other appropriate action regarding a violation of this Chapter without issuing a Notice of Violation.
(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 2002-56, § 17, 9-24-02)

Sec. 8.233. Time to Correct Violations.

Any Notice of Violation shall provide a specified time for achieving compliance in relation to the seriousness of the violation. If a Notice of Violation is issued, the following time limits shall be used:

(1) Not more than twenty-four (24) hours for an emergency.

(2) Not more than ten (10) days for correcting hazardous conditions.

(3) Not more than one hundred twenty (120) days for all other violations, except as stated otherwise below.

(4) The Administrator may approve an extension of time to correct a violation up to the doubling of the time provided in a written Notice when there are documented extenuating circumstances beyond the control of the responsible person or where the responsible person has made a substantial documented effort to correct violations. Granting of an administrative appeal shall be in lieu of an appeal to the Building Maintenance Appeal Board. No appeal to the Board shall be allowed if an administrative extension has been granted.

(5) No other extensions or further extensions shall be permitted except by order of the Building Maintenance Appeal Board for good cause shown. The Building Maintenance Appeal Board shall be permitted to grant extensions up to but not exceeding three (3) times the length of time provided within the original Notice of Violation. The Board shall not permit more than one (1) extension. The Board shall be permitted to grant extensions when it can be demonstrated to the Board's satisfaction that the time allowed is unreasonable, circumstances have prevented a good faith effort to comply, or substantial work has been completed and additional time is warranted to complete the necessary repairs.

(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 2002-56, § 18, 9-24-02)

Sec. 8.234. Fees.

The following fees shall be paid by a responsible person to the City. Unpaid fees shall be a personal debt to the City which may be assessed as a lien against the inspected property until paid:

(1) One hundred seventy five dollars ($175.00) for issuance of a Notice of Violation.

(2) One hundred fifty dollars ($150.00) for an administrative extension of a Notice of Violation.

(3) One hundred dollars ($100.00) for issuance of any City Attorney letter warning of impending prosecution action.

(4) Two hundred dollars ($200.00) for any reinspection requested by a City Attorney,

the Court or an Officer of the Court to determine compliance with a cited violation of this Chapter.

(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 93-30, § 1, 7-13-93; Ord. No. 2002-56, § 19, 9-24-02)

Sec. 8.235. Emergency Orders.

If the City determines that a condition exists or is likely to exist which is an emergency, the City shall immediately attempt to verbally inform the responsible person and all occupants of the building of the nature of the condition. The City shall immediately attempt to give Verbal Notice to the responsible person to correct the condition. Such an order shall be effective immediately. A written Notice of Violation called for by this Chapter shall be prepared and mailed and/or personally served to the responsible person as soon as practicable after the Verbal Notice herein referred to has been attempted. Failure to comply with an emergency order is a violation of this Code. If notice is attempted to be served in good faith but cannot be completed prior to having to take action necessary to abate an emergency condition, such notice shall be posted upon the subject property in a prominent location. Failure to comply with an emergency notice or order is a violation of this Chapter.

(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 2002-56, § 20, 9-24-02)

Sec. 8.236. Abatement of Emergency.

If the responsible person cannot be contacted or fails to correct an emergency condition within the time ordered, the City Manager or a representative of the City Manager may authorize corrective actions to abate the emergency. The cost of abatement shall be billed to the owner as a personal debt which, if unpaid, may be assessed as a lien upon the property involved.

(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 2002-56, § 21, 9-24-02)

Sec. 8.237. Authorization to Condemn.

It shall be unlawful for any person to occupy or any person other than the owner to enter any building or accessory building the City has condemned as unfit for human occupancy or entry for any of the following reasons or conditions:

(1) An emergency condition is present.

(2) A hazardous condition cited in a Notice of Violation has not been corrected.

(3) A Notice of Violation, which contains an order to Repair or Demolish has been issued to the owner.

(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 2002-56, § 22, 9-24-02)

Sec. 8.238. Emergency Entry Authorized.

When an emergency is believed to exist within a property, building or accessory building, the City shall have the right to enter immediately and at any time without a warrant or without requesting permission. Entry must be for the sole purpose of determining that an emergency exists or to abate an emergency condition known to exist.

(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 2002-56, § 23, 9-24-02)

Sec. 8.239. Complainant Information.

Prior to recording a complaint alleging a violation of the provision of this Chapter, the City may record the name, address and telephone number of the complainant, but only if such information is provided.

(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 2002-56, § 24, 9-24-02)

Sec. 8.240. Change in Ownership.

An owner or responsible person of a property who has received a notice regarding a violation of a provision of this Chapter shall notify the City by writing the inspector within ten (10) days of transferring ownership of the cited property to another person. The notice to the City shall include the name, address and telephone number of the new owner and the effective date of the transfer of ownership. The City shall immediately issue a new Notice of Violation to any new person assuming the ownership or the status of responsible person for any property which has been cited in a Notice of Violation. An owner or responsible

person who has failed to comply with a Notice of Violation shall remain responsible for any violations cited in a Notice of Violation and shall not be relieved of the responsibility of having violated any provision of this Chapter by transferring ownership or responsible person status.
(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 2002-56, § 25, 9-24-02)

Sec. 8.241. Reserved.

Editor's note—Ord. No. 2002-56, § 26, adopted Sept. 24, 2002, repealed § 8.241, which pertained to recurrent violations. See the Code Comparative Table.

Sec. 8.242. Removal of Posted Sign or Notices.

No person shall remove, damage, deface, interfere with, move or conceal any Notice or sign posted in accordance with the provision of this Chapter without first obtaining permission of the City.
(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 2002-56, § 27, 9-24-02)

Secs. 8.243—8.254. Reserved.

ARTICLE 4. COURT ORDERS, PENALTIES AND FEES

Sec. 8.255. Violations Separate.

Each violation of any provision of this Chapter may be charged as separate violation of this Code. Each violation shall be denominated as a separate count on the complaint or appearance ticket and on any warrant issued pursuant thereto. Each count shall be submitted separately to the Court or jury for its determination as to the defendant's guilt. Upon conviction, the Court shall sentence the defendant separately on each count.
(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 2002-56, § 28, 9-24-02)

Sec. 8.256. Penalties and Sentencing.

Upon conviction for violation of any provision of this Chapter, the Court shall sentence the defendant to pay a fine of up to five hundred dollars ($500.00) or up to ninety (90) days in jail or both such fine and such imprisonment for each count as provided for in the Charter of the City of Grand Rapids and as provided for by state law. The Court shall exercise its authority to sentence the defendant to a term of probation and to prescribe the conditions therefore and its power to suspend all or part of any fine or term of imprisonment, so as to bring about compliance with the terms of this Chapter and to prevent further violations.
(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 2002-56, § 29, 9-24-02)

Sec. 8.257. Fines and Jail Sentences.

Fines and jail sentences shall reflect the seriousness of each offense as well as the history of the person convicted. Fines and jail sentences shall not be less than the following amounts for each separate offense:

(1) At least one hundred fifty dollars ($150.00) and/or fifteen (15) days in jail for each failure to comply with an emergency order or correct a hazardous condition.

(2) At least fifty dollars ($50.00) and/or five (5) days in jail for each failure to comply with any other provision of this Chapter or any order or Notice issued in accordance with the provisions of this Chapter.

(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 2002-56, § 30, 9-24-02)

Sec. 8.258. City Costs.

Upon conviction for violation of any provision of this Chapter, the Court shall order the defendant to reimburse the City for all of the costs of enforcement of this Chapter attributable to the violations for which the Defendant was convicted, including but not limited to the costs of inspection, prosecution and administration. If such condition is not imposed, the City may file a civil action against the defendant and may, upon proof of the defendant's conviction, recover all of the costs referred to above.
(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 2002-56, § 31, 9-24-02)

Sec. 8.259. Reserved.

Editor's note—Ord. No. 95-19, § 2, adopted April 11, 1995, repealed § 8.259 which pertained to fees. See the Code Comparative Table.

Sec. 8.260. Fines Doubled.

In cases of recurrent violations as set forth in herein, the minimum fines set forth in this Article shall be doubled.
(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 2002-56, § 32, 9-24-02)

Secs. 8.261—8.264. Reserved.

ARTICLE 5. BUILDING MAINTENANCE APPEAL BOARD

Sec. 8.265. Creation and Purpose.

A Building Maintenance Appeal Board is created for the purpose of hearing and deciding appeals concerning the application or interpretation of the provisions of the Standards of this Chapter as provided herein.
(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 2002-56, § 32A, 9-24-02)

Sec. 8.266. Appeal Authorized.

Except as otherwise provided in this Chapter, any person issued a notice by the City in the course of enforcement of the provisions of this Chapter may appeal the decision or interpretation made by the City. All appeals shall be filed, heard and decided in accordance with the provisions of this Article.
(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 2002-56, § 33, 9-24-02)

Sec. 8.267. Time Period for Filing an Appeal.

An appeal must be filed within twenty (20) days of the date of any order or notice being appealed. However, if an order requires the correction of a cited violation within a shorter period of time, the appeal must be made within such shorter period. The Appeal Board shall not have the power to extend the time limits provided for in this Section.
(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 2002-56, § 34, 9-24-02)

Sec. 8.268. Effect of Appeal on Correction Time Limits.

A responsible person who has been ordered to correct a violation within a specified period of time shall not be held accountable for any time which elapses between the time of filing an appeal and the time a decision is made by the Appeal Board.
(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 2002-56, § 35, 9-24-02)

Sec. 8.269. Procedure for Filing an Appeal.

Any person wishing to make an appeal must fill out a Claim of Appeal form setting forth the order or ruling being appealed. The appellant must file the form with the City at a place to be designated by the Board and which shall be noted on the Claim of Appeal form. The City will send a notice to the appellant regarding the date the appeal will be heard by the Appeal Board. Notice of the hearing date will be by regular mail sent to the address stated on the Claim of Appeal. Any person requesting a Claim of Appeal form shall be notified of the Standards for Appeal Board Decisions.
(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 2002-56, § 36, 9-24-02)

Sec. 8.270. Appeal Fee.

An appeal fee established by resolution of the City Commission shall be submitted with any Claim of Appeal. The Appeal Board may also authorize the return of a fee to an appellant if the Board determines that an error by the City caused an unnecessary appeal to be submitted.
(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 2002-56, § 37, 9-24-02)

Sec. 8.271. Procedures Prior to Hearing.

Prior to an appeal hearing, the following procedures shall take place:

(1) The City shall forward copies of the Claim of Appeal and a copy of the notice or order being appealed to members of the Housing Appeal Board.

(2) The Housing Appeal Board may arrange for a Committee composed of a member or

members of the Housing Appeal Board to make an investigation of the premises which are the subject of the appeal in those cases where an on-site viewing of the premises would aid the Board in making its decision.

(3) or,

(4) The Housing Board of Appeals may arrange for staff or others to prepare a video tape or photographic presentation of the property subject to appeal. This presentation shall include, as elements, the exterior view of the dwelling, from all sides, the exterior view of adjoining properties, specific illustration of the issue(s) of the appeal, and interior illustration as needed to make a determination.

(5) The City shall notify the owner and all occupants of the premises that is the subject of the appeal. The City shall also notify, to the extent possible, all taxpayers of record of properties which are within two hundred (200) feet of the premises being appealed and either face on the same street as the premises or are located in the same block behind the premises.

(6) Failure of the owner or other responsible person to arrange access to any portion of the property where a cited violation is located and which is not clearly visible from a public street or alley shall constitute grounds for denial of an appeal.

(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 2002-56, § 38, 9-24-02)

Sec. 8.272. Hearings on Appeals.

All hearings on appeals shall take place at a regular or special meeting of the Appeal Board. The City shall have a minimum of fifteen (15) days after a Claim of Appeal is filed to issue the required notices. The appeal shall be heard at the first regularly scheduled meeting of the Board following the fifteen-day period for which the hearing is scheduled, provided that a quorum is present. When a quorum is not present, the President or other presiding member of the Board shall reschedule the meeting, and the appeal shall be heard at the rescheduled meeting. A hearing may be held at a special meeting by a majority vote of the Board.

(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 2002-56, § 39, 9-24-02)

Sec. 8.273. Hearing Procedures.

At any hearing of the Appeal Board, the following procedures shall be followed:

(1) Testimony of the appellant, the City and any witnesses shall be heard. A summary or minutes shall be recorded in a manner determined by the City.

(2) The appellant, or authorized agent of the appellant, and the City inspector or a Supervisor of the inspector who issued the Notice shall be present.

(3) At least five (5) members of the Appeal Board shall be present at a hearing and shall constitute a quorum.

(4) Summary minutes shall be prepared to show all motions and actions of the Board.

(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 2002-56, § 40, 9-24-02)

Sec. 8.274. Decision by the Appeal Board.

After all evidence and testimony has been presented, the Appeal Board shall affirm, modify or reverse the notice being appealed. Any decision of the Appeal Board modifying or reversing a notice by the City shall require the concurring vote of five (5) members. If any appeal is adjourned more than one (1) time, it shall be deemed to be an affirmance of the ruling or order issued.

(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 2002-56, § 41, 9-24-02)

Sec. 8.275. Standards for Appeal Board Decisions.

A decision by the Appeal Board shall include the reasons for the decision in the language of the decision. Any decision of the Board not complying

with this Section shall be void. Any decision to reverse or modify any order or ruling of the City shall:

(1) Include any necessary special conditions to carry out the intent of the provisions being appealed, and

(2) Determine that the decision is necessary to avoid causing undue hardship to the appellant which is not caused to others to whom the same provision is applied, or

(3) Determine that the order or ruling was an incorrect interpretation of a Standard of this Chapter, or

(4) Determine that an alternative proposed by an appellant meets the minimum standards for building maintenance as expressed in this Chapter.

(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 2002-56, § 42, 9-24-02)

Sec. 8.276. Appeals Prohibited.

An emergency order shall not be appealed because, of imminent danger calling for immediate action. A ruling, decision, opinion or action of the City Attorney cannot be appealed to the Appeal Board.

(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 2002-56, § 43, 9-24-02)

Sec. 8.277. Interests Conflicts.

No member of the Appeal Board shall speak or vote on any appeal in which the member has any direct personal or financial interest nor shall any member participate in any matter where participation is prohibited by the City Charter or State Law.

(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 2002-56, § 44, 9-24-02)

Sec. 8.278. Summary of Rulings.

The Appeal Board shall report a summary of its findings and rulings to the City Commission annually. The report shall include a summary of recurrent appeals or recurrent problems, along with resultant recommendations for modifications to this Chapter.

(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 2002-56, § 45, 9-24-02)

Sec. 8.279. Appeal Board Designated.

The Housing Appeal Board of the City of Grand Rapids, as constituted by Chapter 140 of the City Code, shall serve as the Building Maintenance Appeal Board.

(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 2002-56, § 46, 9-24-02)

Sec. 8.280. Compliance with Appeal Board Decisions.

It shall be a violation of this Code for a responsible person to fail to comply with special conditions which are a part of an Appeal Board decision modifying or reversing an order or ruling of the City.

(Ord. No. 92-69, § 1, 10-20-92; Ord. No. 2002-56, § 47, 9-24-02)

Secs. 8.281—8.284. Reserved.

104.1.1 Lien against property. Whenever the City has cited a property for any violation of this Chapter, the cost of service as established by City Commission resolution, shall be billed to the property owner. Such billing shall be personal debt of the owner to the City, which may be assessed as a lien against the property, including interest thereon, until paid.

105.3.1 Right of entry for abandoned or vacant structures. If the owner has failed to secure a property and it has been secured by the City, the City may enter or re-enter the structure to conduct necessary inspections to assure compliance with the requirements of this Code and to determine if there are emergency or hazardous conditions.

110.4 Failure to comply. Any person who shall continue any work after having been served with a stop work order, except such work as that person is directed to perform to remove a violation or unsafe condition, shall constitute a violation of this Code as provided in Section 8.503.

111.4.2 Method of service. Notice of a violation of this Chapter shall be deemed to be properly served if a copy thereof is:

(1) Delivered personally; or

(2) Sent by first-class mail addressed to the last known address of the responsible person; and a copy posted in a conspicuous place in or about the structure affected by such notice.

111.9.1 Work hours for a condemned property. Work to restore a condemned property may only take place between the hours of 7 a.m. and 10 p.m. Anyone found in a condemned property outside of those hours shall be in violation.

301.4 Dwelling required. No person shall occupy nor allow the occupancy of a structure, vehicle, or property that is not designed, constructed, or approved as a permanent dwelling.

302.4 Weeds. Refer to Title IX, Chapter 151 for enforcement.

302.8. Motor Vehicles. Refer to Title IX, Chapter 151 for enforcement.

302.10 Outdoor storage of materials. Outdoor storage of materials of value shall not be permitted on a porch, in a front yard or closer than three (3) feet to a dwelling, accessory building or to side or rear lot line. Materials of value kept outside shall be stored in a safe and sanitary manner, shall not be scattered about and shall not have openings that may provide harborage for vermin.

302.11 Entry/Exit lighting requirements. Each entry or exit from or to the exterior shall be equipped with an exterior wall or ceiling mounted light fixture. Basement entries that are not typically used for a common entry into the building are excluded. Such exterior fixtures shall be controlled by a wall-mounted switch located on the interior of the same entry or exit. The location of the switch shall not be obstructed by the door or any obstacle. Motion-activated or photocell lighting is acceptable in place of a wall-mounted switch located on the interior of the same entry or exit.

304.3 Premises Identification. Refer to Title IV, Chapter 51 for enforcement.

304.14 Insect screens. During the period from May through October, every door, window and other outside opening required for ventilation of habitable rooms, food preparation areas, food service areas or any areas where products to be included or utilized in food for human consumption are processed, manufactured, packaged or stored shall be supplied with approved tightly fitting screens of minimum 16 mesh per inch (16 mesh per 25 mm), and every screen door used for insect control shall have a self-closing device in good working condition.

304.15 Doors. All exterior doors, door assemblies, operator systems if provided, and hardware shall be maintained in good condition. All exterior doors used by occupant(s) or the public shall include a lock in good condition in accordance with Section 702.3. Locks at all entrances to dwelling units and sleeping units shall tightly secure the door. Locks on means of egress doors shall be in accordance with Section 702.3. All entry/exit doors shall be equipped with a peephole door viewer installed not more than five (5) feet from the floor and in good repair, unless the door is equipped with a window or there is a window adjacent to the door.

304.18.2 Windows. All windows of a unit that are accessible to the public shall be installed and equipped with a locking device in good repair. Every opening single or double hung sash window that is on the ground floor of a dwelling or which is otherwise readily accessible to the public shall be equipped with easily removable window pinning or other window stop devices in good repair which will secure the window in a closed position and in a partially open position of four (4) to six (6) inches for ventilation.

307.1 Handrails/Guardrails. A handrail in good repair shall be provided for any interior or exterior stairway with four (4) or more stair risers. Stairs with steps having a tread depth of more than three (3) feet need not have a handrail. Spindles meeting the requirements of the applicable locally-adopted construction code are required on handrails except for basement steps leading to an unfinished basement. Any side of an open stairway, stairwell, porch, stoop, patio or floor which is thirty (30) inches or more above the immediate adjacent step, floor or ground, shall be provided with a guardrail at least thirty-six (36) inches high for one- and two-family dwellings or forty-two (42) inches high for multi-family dwellings. Such guardrails shall be in good repair, fitted with vertical balusters, horizontal rails, masonry or other approved structural material, so that the narrowest dimension of any opening below the guardrail is not greater than four (4) inches. Any such balusters or rails shall be securely anchored and in good repair. Components of wooden balusters or rails shall have a minimum thickness of at least one-half (½) inch. Guardrails and baluster spacing of differing dimensions located within a Historic District or upon a designated Historic Landmark may be approved by the City Historic Preservation Commission to preserve original construction designs.

602.3 Heat supply. Every owner and operator of any building who rents, leases, or lets one or more dwelling units or sleeping units on terms, either express or implied, to furnish heat to the occupants thereof shall supply heat at a minimum temperature of 68°F (20°C) in all habitable rooms, bathrooms and toilet rooms.

602.4 Occupiable work spaces. This section of the Code shall be omitted from enforcement.

603.1.1 Heating system inspections. Any heating system, heating appliance, or water heater not owned by the occupant of a unit shall be certified to be in good working condition by a City-approved licensed heating contractor no more than ninety (90) days prior to the renewal of a Certificate of Compliance under Chapter 10.

703.3—703.8 Fire-Resistance Ratings. Refer to TITLE IX, Chapter 159 for enforcement.

704.1.1—704.7 Fire Protection Systems. Refer to TITLE IX, Chapter 159 for enforcement.

CHAPTER 9 REGISTRATION OF DWELLINGS

901 Registration of Rental Dwellings.

901.1 Rental dwelling defined. For the purposes of the Chapter, rental dwelling shall be defined as any dwelling which contains a dwelling unit, rooming unit or hotel unit that is not occupied as a residence by the owner; and shall include any single-family residential structure that is not occupied as a residence by the owner.

901.2 Registration of rental dwellings required. The owner of any rental dwelling shall register such dwelling with the City annually. The owner of any rental dwelling that is vacant or abandoned as defined by this Chapter shall register such property annually.

901.3 Registration of newly-constructed rental dwellings. The owner of a newly constructed rental dwelling shall register the rental dwelling with the City within thirty (30) days of issuance of a Use and Occupancy Permit.

901.4 Change in registration information. The owner of rental dwellings already registered with the City shall re-register the same within thirty (30) days of any change in the original registration information.

901.5 Change in ownership. A new owner of a rental dwelling shall register the dwelling within thirty (30) days of assuming ownership.

901.6 Registry of rental dwellings. The City shall maintain a registry of rental dwellings and rental units within the City of Grand Rapids that contains the following information:

(1) The address of the rental dwelling.

(2) The number and type of rental units in the dwelling.

(3) The name, residence address and birth date of the owner.

(4) The name, residence address and birth date of the Manager or other responsible person designated by the owner.

(5) The mailing address, email address and telephone number where the owner and or other responsible person will accept notices and calls from the City.

901.7 Inaccurate or incomplete registration information. It shall be a violation of this Code for an owner or a responsible person to provide inaccurate information for the registration of rental dwellings or to fail to provide information required by the City. When the owner is not a natural person, the owner information shall be that of the President, General Manager, resident agent, or other chief executive officer of the organization. Where more than one (1) natural person has an ownership interest, the required information shall be provided for each owner.

902 Registration of Abandoned or Vacant Structures.

902.1 Abandoned or vacant structures defined. For purposes of the Chapter, abandoned or vacant structure shall be defined as a structure that has not been occupied by a human for a time exceeding thirty (30) days and meets any of the following criteria:

(1) Is a location for loitering, vagrancy, unauthorized entry or other criminal activity;

(2) Has one or more broken or boarded windows or unsecured point of entry;

(3) Has taxes in arrears for a period of time exceeding 365 days;

(4) Has utilities disconnected or not in use;

(5) Is not maintained in compliance with this Code; or

(6) Is subject to foreclosure as defined herein.

902.2 Prompt registration required. An owner of an abandoned or vacant structure as defined by this Chapter shall be required to register such property within fifteen (15) days after:

(1) The structure has become abandoned or vacant as defined by this Chapter; or

(2) The structure becomes subject to foreclosure, or

(3) The date of notice by the City that the structure has been declared abandoned or vacant, whichever is earlier; or

(4) In the case of foreclosure, the mortgagee that has foreclosed on abandoned or vacant property shall register said property within fifteen (15) days of the expiration of the redemption period. Registration requirements shall not preclude the City from taking appropriate actions to secure the property; or to issue notices of violation or notices to abate; or from acting upon imminent hazard(s). Foreclosure is defined as the process by which a mortgage, security interest or lien is enforced against a parcel of real property through sale or offering for sale the real property to satisfy a debt or claim. For purposes of this Chapter, a notice of foreclosure and/or a notice of trustee's sale, a pending tax sale, and/or properties that have been the subject of a foreclosure sale where the title was retained by the beneficiary of a mortgage involved in the foreclosure, and/or that have transferred under a deed in lieu of foreclosure/sale shall constitute the foreclosure of property.

902.3 Annual registration required. Once an abandoned or vacant structure has been registered by the owner under this Chapter, such registration shall be valid and effective for 365 days from the date of registration and shall be renewed annually thereafter until the property is no longer abandoned or vacant as defined in this section.

902.4 Requirement to keep information current. If at any time the information contained in the registration is no longer valid, then the property owner shall file an updated registration within fifteen (15) days. There shall be no fee to update the current owner's information.

902.5 Registration information regarding abandoned or vacant structures. Every abandoned or vacant structure within the City of Grand Rapids shall be registered with the City by the owner(s). Such owner(s) shall register such structure with the City, and shall provide the following information:

(1) Address of the abandoned or vacant structure.

(2) Date upon which the structure became vacant or abandoned.

(3) The name, address, email address, phone number and birth date of the owner(s).

(4) The name, address, email address, phone number and birth date of the manager, agent, or representative designated by the owner; or responsible person as defined in this Chapter.

(5) Additional information as requested.

902.6 Occupancy prohibited. An abandoned structure shall not be occupied until all violations have been corrected in accordance with the applicable requirements of the Michigan Building Code, Michigan Electrical Code, Michigan Mechanical Code, Michigan Plumbing Code and applicable provisions of the Grand Rapids City Code of Ordinances. All mechanical, electrical, plumbing, and structural systems shall be certified by a licensed contractor as being in good repair.

CHAPTER 10 CERTIFICATES OF COMPLIANCE

1000 Certificates of Compliance.

1000.1 Certificate of Compliance required. Any rental dwelling or any dwelling containing at least one (1) rental unit, hotel unit or rooming unit, shall be in substantial compliance with the provisions of this Chapter. No rental dwelling, rental unit, hotel unit or rooming unit shall be occupied prior to the issuance of a Certificate of Compliance.

1000.2 Standards for issuance of Certificate of Compliance. The City shall issue a Certificate of Compliance for a rental dwelling where the City finds that the structure, rental dwelling, its units, accessory buildings and yards are in compliance with the provisions of this Chapter.

1000.3 Validity of Certificate of Compliance.

(1) *Six-year Certificate of Compliance.* A Certificate of Compliance shall be valid for no more than six (6) years. Each Certificate shall contain an expiration date. For any rental dwelling, a six-year Certificate of Compliance shall be issued provided:

(a) The property has been owned by the same owner since the last certification.

(b) The property has no recorded or verified violations since the last certification.

(c) The property owner contacts the City for a Certificate of Compliance inspection within ninety (90) days prior to the expiration of the current Certificate of Compliance.

(d) The property is registered prior to the expiration of the Certificate of Compliance.

(e) No outstanding fees, taxes, or assessments are assessed against the property.

(f) The previous Certificate of Compliance for the property was not a two-year certificate.

(2) *Four-year Certificate of Compliance.* For any rental dwelling, a four-year Certificate of Compliance shall be issued provided:

(a) The property owner contacts the City for a Certificate of Compliance inspection within ninety (90) days prior to the current Certificate of Compliance expiration date.

(b) The property is registered prior to the Certificate of Compliance expiration date.

(c) The property is brought into compliance either prior to the Certification expiration date or within the time frame provided in the Notice of Violation, including deferred due dates. The Notice of Violation shall be issued before the Certificate of Compliance expires and shall serve as a temporary Certificate of Compliance.

(3) *Two-year Certificate of Compliance.* For any rental dwelling, a two-year Certificate of Compliance shall be issued if all of the conditions of either a six-year Certificate of Compliance or four-year Certificate of Compliance required by Section 1000.3(1) or 1000.3(2) have not been met.

(4) *Certification of newly-constructed rental dwellings.* A six-year Certificate of Compliance may also be granted for a newly-constructed rental dwelling, which has been granted a Use and Occupancy Permit by the City.

(5) *Certification inspections.* All units shall be inspected in rental dwellings that contain sixteen (16) or more units and/or each parcel containing four (4) or more rental dwellings, except where:

(a) The property owner contacts the City for a Certificate of Compliance inspection within ninety (90) days prior to the expiration of the current Certificate; and

(b) The property owner registers the property prior to the current Certificate of Compliance expira-

tion date. If both of the above conditions are met, only fifty (50) percent of the units shall be inspected. The units inspected shall be chosen at random by the inspector. For each unit where a violation is discovered, an additional unit shall be added to the total number of units inspected.

(6) *Condominiums.* For purposes of this Chapter, a condominium is defined as a building or buildings that contain individually owned apartments, units, or homes where the interior maintenance is the responsibility of the unit owner and the exterior environment responsibility remains with the condominium association.

For the purpose of certification, the following shall apply:

(a) If the owner lives in the condominium unit of which they are the owner and occupant, no certification or registration is required.

(b) If the owner owns an individual unit of which they are not the occupant, the condominium will be considered a single-family rental and shall comply with all registration and certification requirements as that of other single-family rentals.

(c) When the developer has condominiums for sale that are not sold but are rented or vacant, for purposes of this Article, shall be considered a multiple unit property for certification and registration purposes.

(7) *Transfer of Certificate of Compliance.* A Certificate of Compliance is valid only while the owner that applied for the Certificate owns the property. A Certificate of Compliance may be transferred if:

(a) The sale occurs within 365 days of the issuance of the Certificate of Compliance to the seller, and

(b) The buyer notifies the City of the transfer of ownership within thirty (30) days of the sale. Such transferred Certificate will expire upon the date stated on the Certificate. A six-year Certificate of Compliance shall not be transferred to a new owner. A six-year Certificate, when transferred to a new owner within 365 days of the issuance of the Certificate of Compliance, shall revert to a four-year Certificate of Compliance.

1000.4 Suspension of Certificate of Compliance.

(1) A Certificate of Compliance may be suspended when the City has cited a substantial violation of the provisions of this Chapter, and shall be suspended if a hazard to health or safety is found to be present. If a Certificate of Compliance is suspended, the suspension shall be noted in the Notice of Violation.

(2) Failure of a buyer to notify the City of the change in ownership pursuant to the requirements of Section 1000.3(7)(b) shall result in suspension of the Certificate of Compliance. A new Certificate issued subsequent to a suspension shall be retroactive to the date of sale, with the owner responsible for all applicable fees from that date.

(3) Where a Certificate of Compliance has been suspended, or when the premises have not been issued a Certificate of Compliance, the City may seek to suspend payments of rent, with such rents paid into an escrow account established pursuant to State law.

1000.5 Expiration of Certificate of Compliance. A Certificate of Compliance shall expire on the date stated on the Certificate. It shall be a violation of this Chapter for any unit in a rental dwelling to be occupied sixty (60) days after the expiration of the Certificate of Compliance.

1000.6 Renewal of Certificate of Compliance. The owner shall be responsible for registering a rental dwelling and arranging a compliance

inspection prior to the expiration date on the Certificate of Compliance. When a Certificate of Compliance is reissued in accordance with this Chapter, it shall have a two-, four-, or six-year expiration date with the same month and day as shown on the previous Certificate regardless of the date that the new Certificate is actually issued.

1000.7 Certificate of Compliance not required. A Certificate of Compliance shall not be required for living or sleeping accommodations in jails, hospitals, skilled care facilities, school dormitories, assisted living facilities, foster homes, or where periodic inspections by the City are not otherwise required by law.

CHAPTER 11 ANIMALS

1101 Domestic Animals. If an occupant or owner keeps or allows domestic animals within a dwelling, in a yard, in a structure, or upon a property, the occupant or owner shall remove any odorous or unsanitary condition. The property owner shall be responsible for the repair of any damage to the dwelling, structure or yard caused by the animals and shall be responsible for any unsafe condition. For purposes of the Chapter, domestic animals shall mean any animal that the City determines is not likely to bite without provocation nor cause death, maiming or illness of a human, including but not limited to the following: bird (caged), cat (domestic), chinchilla, ferret, dog (domestic), fish, lizard (non-venomous), snake (non-venomous), spider (non-venomous or non-poisonous).

1102 Farm Animals. No farm animal shall be kept or allowed to be kept within any dwelling or dwelling unit or within one hundred (100) feet of any dwelling, dwelling unit, well, spring, stream, drainage ditch or drain. For purposes of this Chapter, farm animals shall mean any horse, swine, cattle, sheep, goat, llama, chicken, goose, duck or turkey. Farm animal also means any other Animal, raised for commercial profit, slaughter, or more than 2 breeder rabbits.

1103 Wild Animals. Any animal not a domestic animal or farm animal, as defined by this Chapter, is a wild animal, and shall not be kept or allowed on any property in the City of Grand Rapids.

CHAPTER 12 LEAD-BASED PAINT

1200 Lead-based paint. It shall be required to perform activities that identify the presence of lead violations in the interior and on the exterior of residential structures in which initial construction was completed prior to January 1, 1978, and such violations shall be addressed in keeping with local, state, and federal guidelines.

1201 Definitions. As used in this Chapter, the following terms shall have the meanings indicated. All other terms related to the evaluation, control, and abatement of lead-based paint hazards are used as defined in the Michigan Lead Abatement Act.

(1) *Michigan Lead Abatement Act* shall mean the State of Michigan statute that addresses the evaluation, control, and abatement of lead hazards, the licensing of lead professionals, and other State laws pertaining to lead hazards as found in the Michigan Public Health Code, Act 368 of 1978 Part 54A. References to the Act include the State's promulgated rules for implementation of the Act.

(2) *Federal Statute* shall mean the federal statute that addresses the evaluation, control, and abatement of lead-based paint hazards in housing as found in 40 CFR Part 745 and 24 CFR Part 35, both entitled "Lead-Based Paint Poisoning Prevention in Certain Residential Structures."

(3) *Clearance Examination* shall mean an activity conducted in compliance with the Work Practice Standards of the Michigan Lead Abatement Act, R225.9940 et seq., by third-party, certified personnel following lead-based paint hazard reduction and/or the repair of cited violations for which Renovation, Repair and Painting Program (RRP) certification is required to determine that the lead-based paint hazard reduction activities are complete and that no settled lead-dust hazards exist in the dwelling unit or worksite.

(4) *Deteriorated Paint* shall mean any interior or exterior paint or other coating that, through a visual assessment, is found to be peeling, chipping, crazing, flaking, abrading, chalking or cracking, or any paint or coating located on an interior or exterior surface or fixture that is otherwise damaged or separated from the substrate, or a chewable surface that contains visual signs of chewing.

(5) *Dwelling Unit* shall mean, for the purpose of this Chapter, a unit that meets one of the following criteria:

(a) A single unit providing complete, independent living facilities for one or more persons, including permanent provisions for living, sleeping, eating, cooking and sanitation; or

(b) A room or group of rooms forming a single habitable space equipped and intended to be used for living, sleeping, cooking and eating which does not contain, within such a unit, a toilet, lavatory and bathtub or shower; or

(c) Any room or group of rooms forming a single habitable unit occupied or intended to be occupied for sleeping or living, but not for cooking purposes.

A basement or attic that is accessible from inside a dwelling unit is considered to be part of the dwelling unit. Common areas and basements and/or attics that are only accessible through a common area or from the exterior of a residential property are not considered to be part of the dwelling unit.

(6) Reserved.

(7) Reserved.

(8) *Evaluation* shall mean a risk assessment, a lead-dust screening, a lead-based paint investigation, paint testing, a clearance examination, or a combination of these to determine the presence of lead violations or lead-based paint.

(9) *Lead-Based Paint Enforcement Threshold* shall mean the measure of deteriorated paint inside a dwelling unit not to exceed:

(a) Two (2) square feet in any one interior room or space, or

(b) Ten percent (10%) of the total surface area on an interior component type with a small surface area (such as windowsills, baseboards, or trim). When determining if a deteriorated lead-based paint violation is interior or exterior as it relates to windows, in addition to that portion of the window component that faces the interior, all exterior-facing portions of the window component, except for the exterior frame or trim, are considered to be interior.

(10) *Lead-Based Paint Hazard Reduction Activities* shall mean measures designed to reduce or eliminate human exposure to lead hazards through methods including interim controls or abatement or a combination of the two conducted in compliance with the Work Practice Standards of the Michigan Lead Abatement Act, R325.99401 et seq.

(11) *Lead-Based Paint Violation* shall mean any deteriorated paint condition in pre-1978 housing subject to the presumptions and obligations in Section 1202.

(12) *Lead-Dust Violation* shall mean the presence of lead content in household dust exceeding the current standards set forth in Section 1206(1)(e) as determined by a dust wipe taken in accordance with Section 1206(1).

(13) *Lead Violation* shall mean the presence of lead-based paint violation, lead-dust violation, or bare soil located within thirty (30) inches of the foundation wall of any pre-1978 residential structure subject to the presumptions and obligations of Section 1202. For the purposes of this ordinance, lead in drinking water or consumer products are not considered to be lead violations.

(14) *Lead-Dust Screening* shall mean a limited lead-based paint and lead-dust activity that is required for all pre-1978 residential rental properties that pass visual inspection and to assure that the lead content in household dust falls below the levels as prescribed in Section 1206 (1)(e). A lead-dust screening includes a visual inspection for failing paint above the lead-based paint enforcement threshold and/or other lead-based paint and lead-dust violations. A lead-dust screening includes the collection of a limited number of dust wipes as required in Section 1204 and the issuance of a "Lead Dust Screening Report" for the purposes of monitoring lead-safe property maintenance.

(15) *Residential Property* shall mean property zoned for living or dwelling for individuals or households that include one or more dwelling units. The residential property includes any common areas, building exterior surfaces, and any surrounding land, including outbuildings, fences and play equipment affixed to the land, belonging to an owner and available for use by residents.

(16) *Residential Structure* shall mean any structure on a residential property, including but not limited to, a house, garage, building, outbuildings, or fence.

(17) *Renovation, Repair and Painting Program (RRP)* shall mean the U.S. Environmental Protection Agency (EPA) statute (40 CFR Part 745) that requires certification for all home improvement contractors, property management firms, handypersons or others compensated for renovation work that involves window replacement or that disturbs more than six (6) square feet of interior and/or twenty (20) square feet of exterior paint or surface coating in pre-1978 residential housing and child-occupied facilities. This EPA requirement also applies to rental property owners working on rental properties. The individual must complete training, use safe work practices, and verify that the work area is clean after completion of renovations, all of which are defined by the federal statute.

(18) *Visual Assessment* shall mean a visual examination of all surfaces within the dwelling unit. A visual assessment shall not be considered to be complete if the examining individual is locked out or otherwise prevented from inspecting any room or space within the dwelling unit. For the purpose of determining whether or not a deteriorated lead-based paint violation is interior or exterior as it relates to windows, in addition to that portion of the window component that faces the interior, all exterior-facing portions of the window component, with the exception of the exterior frame or trim, are considered to be interior.

(19) *Worksite* shall mean an interior or exterior area where lead-based paint hazard reduction activity takes place. There may be more than one worksite in a dwelling unit or at a residential property.

1202 Presumptions and obligations.

(1) *Presumptions.*

(a) For purposes of this Chapter, all paint on the interior or exterior of any residential structure on which the original construction was completed prior to January 1, 1978, shall be presumed to be lead-based.

(b) Loose paint particles shall be presumed to be a lead violation. If the loose paint on the cited surface can be satisfactorily demonstrated to not contain lead, no lead violation shall exist.

(2) *Obligations.*

(a) Any person seeking to rebut these presumptions shall establish through the means set forth in Section 1205 that the paint on the residential structure in question is not lead-based paint.

(b) Residential rental dwellings shall be maintained free of deteriorated paint exceeding lead-based paint enforcement threshold.

(c) Residential rental dwellings shall be maintained free of lead-dust violations.

1203 Lead violations.

1203.1 Deteriorated lead-based paint violation. The interior of any residential structure on which the original construction was completed prior to 1978, shall be maintained in a condition such that the paint thereon does not become deteriorated paint exceeding the lead-based paint enforcement threshold of this Chapter.

1203.2 Bare soil violation. From May 1 through October 31, bare soil located within thirty (30) inches of the foundation wall of any residential structure is prohibited and shall be presumed to be a lead violation. Such presumed lead violation shall be corrected by proper installation of dense vegetation, permanent paving material, or a minimum six-inch deep cover of loose material such as bark, wood chips, or stone, unless the owner provides testing performed by a Risk Assessor or Lead Paint Inspector that the cited soil does not contain lead hazards as defined by federal statute (40 CFR Part 745 Subpart D Section 745.6(4)(c)).

1203.3 Loose paint particles, removal required. The owner of a dwelling or dwelling unit shall not allow loose paint particles in the interior or exterior of a dwelling or dwelling unit.

1203.4 Lead-dust violation. A lead-dust violation shall be identified and cited in accordance with the procedures set forth in Section 1204.

1203.5 Lead-dust sampling violation. A lead-dust sampling violation shall be cited upon a failure by an owner of a residential property to timely cause dust samples to be taken and certified test results to be submitted to the Department in accordance with the procedures set forth in Sections 1204 and 1206.

1204 Inspections for lead violations.

1204.1 Inspections for lead violations for Certificate of Compliance. All inspections performed on pre-1978 properties to obtain a Certificate of Compliance shall include a visual assessment for deteriorated paint and bare soil violations in accordance as follows:

(1) When the visual assessment identifies no interior deteriorated lead-based paint violation in rental dwellings, the owner shall cause dust samples to be taken and certified test results to be obtained in accordance with the protocols established for a lead-dust screening in Section 1206 to determine whether a lead-dust violation exists. For rental dwellings containing sixteen (16) or more dwelling units, the owner shall cause dust samples to be taken in units inspected.

(2) The owner shall cause dust samples for the lead-dust screening to be taken and shall submit all certified test results to the Department prior to the renewal of a Certificate of Compliance under Chapter 10. If all certified results are not submitted within the specified time, a lead-dust sampling violation shall be cited. Where dust sample results are greater than or equal to the levels permitted in Section 1205(1)(e), they shall be cited and additional dust wipe samples shall be taken in the subject areas following cleaning and other lead-dust reduction activities until all said areas are found to be below the listed thresholds.

1204.2 Inspections for lead violations upon complaint. The Department may cite deteriorated lead-based paint (Section 1203.1), bare soil (Section 1203.2), and loose paint particles (Section 1203.3) upon complaint.

1205 Remedy for violations. Following a visual assessment which results in the citation of a deteriorated lead-based paint violation, the violation may be removed only by one of the following methods:

(1) Certification by a lead-based paint inspector or risk assessor that the residential property has been determined not to contain lead-based paint through a lead inspection conducted in accordance with

the Work Practice Standards of the Michigan Lead Abatement Act, R325.99401 et seq.

(2) Certification by a lead-based paint inspector or risk assessor that all cited violations of Section 1203 have been abated, or interim controls implemented, and clearance has been achieved in accordance with standards found in Section 1206; provided, however, that the residential property has been inspected pursuant to those standards after the deteriorated paint or lead-dust violation was last cited, including a full visual assessment.

1206 Standards for lead safety inspection and report.

(1) The following standards are required for the dust sampling for a lead-dust screening required by Section 1204:

(a) *Qualified personnel.* Whereas the lead-dust screening by itself does not meet the State standard for clearance, the lead-dust screening shall only be conducted by a state-certified lead inspector, risk assessor, or any similar state-certified personnel that have been trained and certified to collect dust samples for the purposes of conducting clearance pursuant to the Certified Individuals and Firms section of the Michigan Lead Abatement Act, R325.99301 et seq., and whose approval to conduct such dust wipe tests in the city is not subject to State or local suspension or revocation.

(b) *Examination requirements.* Dust samples shall be collected and analyzed in accordance with this section.

1. Dust samples shall be wipe samples taken on interior windowsills and floors, excluding open porches.

2. Dust samples shall be taken from each of no more than four rooms. The selection of rooms to be tested, where applicable, shall include no less than one bedroom and the living room. At least one wipe sample shall be taken from a windowsill with a paint history, if present, and one from a floor in each room. Where there are less than four rooms, then all rooms shall be sampled.

3. The method for collecting dust samples shall include:

(i) Laying out the sample area by using a template or tape to outline the area;

(ii) Labeling each tube with its own identification number to be recorded on the sample collection form;

(iii) Putting on clean gloves before taking each sample; and not touching anything other than the wipe after putting on the gloves;

(iv) Using an unused wipe to sample the entire area inside the template or tape as follows:

(a) Starting in the upper corner of the sample area, use a side-to-side motion, wiping the entire area, pressing firmly with the fingers;

(b) Fold the wipe sample in half, dirty side in;

(c) With the clean side of the sample and starting at the upper corner, use a top-to-bottom motion, wiping the entire area, pressing firmly with the fingers;

(d) Fold the wipe sample in half again, dirty side in;

(e) With the clean side of the sample, wipe around the entire perimeter, cleaning the corners, fold the sample; and

(f) Place the folded wipe sample in the tube.

(v) Writing down the measurements of the sample area on the collection form;

(vi) Cleaning the sampling equipment after each wipe sample is taken;

(vii) Forwarding wipe samples to an authorized laboratory.

4. Dust samples shall be analyzed by a laboratory recognized by the EPA pursuant to the Toxic Substances Control Act as being capable of performing analysis for lead compounds in dust samples.

(c) *Coordination with federal and state-funded lead abatement projects.* For properties participating in lead abatement activities funded by U.S. Department of Housing and Urban Development or funding administered by the Michigan Department of Health and Human Services, a clearance examination conducted in compliance with the Work Practice Standards of the Michigan Lead Abatement Act, R325.99401 et seq., shall meet the required activities standard of this section.

(d) *Report.* The certified person or firm completing the lead-dust screening shall submit directly to the City a report that is prepared according to this section.

1. The report shall include the following information:
   (i) The address of the residential property and, if only part of a multifamily residential property is affected, the specific dwelling units and common areas affected;
   (ii) The date(s) of the examination;
   (iii) The name, address, and signature of each person performing the examination, including the person's State certification number;
   (iv) The results of the visual assessment for the presence of deteriorated paint and visible dust, debris, residue or paint chips;
   (v) The results of the analysis of dust samples, in ug per square foot, by location of sample; and
   (vi) The name and address of each laboratory that conducted the analysis of the dust samples, including the identification number for each such laboratory recognized by the EPA pursuant to the Toxic Substances Control Act.
2. The report must be for required activities conducted no more than 90 days prior to the expiration date of the Certificate of Compliance, or one year if coordinated with a federal or state-funded lead abatement project as described in Section 1206(1)(c).

(e) *Lead-dust screening dust standards.* Where dust sampling is required by Section 1204, local lead-dust standards will apply and shall be the same as the December 2022 EPA lead hazard standards. These local standards are subject to change.

1. Dust sample results shall be less than:
   (i) For floors: 10 ug/ft^2;
   (ii) For windowsills: 100 ug/ft^2; and
2. Where dust sample results are greater than or equal to the levels above, additional dust wipe samples shall be taken in the subject areas until all said areas are found to be below the listed thresholds.

(2) *Standards to remedy Section 1205(2) deteriorated lead-based paint violations* shall comply with the following:

(a) *Qualified personnel.* A clearance report shall only be issued by state-certified lead inspector, risk assessor, clearance technician, or any similar state certified personnel permitted to collect dust samples for evaluation pursuant to the Work Practice Standards of the Michigan Lead Abatement Act, R325.99401 et seq.

(b) *Examination and report.* Examination procedures and report preparation must follow the procedures set forth in the Work Practice Standards of the Michigan Lead Abatement Act, R325.99401 et seq.

(c) *Clearance standards.* The standards for clearance of abatement activities shall follow the Federal statute (40 CFR Part 745 Subpart L-Lead-Based Paint Activities, 745.227).

(3) *Validity of wipe test results.* For the purposes of meeting the requirement in Section 1204, the results of all successful wipe tests shall be valid for the period of the current Certificate of Compliance unless a subsequent inspection of the dwelling unit conducted by a government entity or their contractor identifies a lead-dust violation, which would immediately cause the previous wipe test results to be invalid.

(4) *Requirement to avoid conflict of interest.* All lead-dust screening and clearance examinations shall be performed by state-certified persons and entities independent of those who have an ownership or other financial or business interest in the residential property cited. In no instance shall entities conduct lead-dust screening activities for another person or entity that provides services in return.

(5) *Consistency and compliance efforts.* Random audits may be performed on third-party service providers to ensure consistency and compliance with the required lead-dust screening and clearance standards. Non-random audits may also be performed based on a reasonable suspicion that a third-party service provider is not providing proper tests. Reasonable suspicion includes, but is not limited to, complaints received about the provider or about a specific residential property inspected by the provider. If the audit results indicate noncompliance with these standards or otherwise call into question the integrity of the individual or firm to satisfy the requirements of this section, the code official may reject individual reports and may bar individuals, corporations, and/or associations from submitting reports in the future. The code official will set forth the reason for rejection and/or barring in writing to the issuer of the reports and any other affiliated persons, corporations and/or associations.

1207 Lead-based paint hazard reduction activities and control. Any person disturbing or removing paint, or in any other way generating excessive dust or debris during work, on the interior or exterior of any residential structure on which construction was completed before 1978, must

use lead-safe work practices as described and regulated in the federal statute. All interim controls and maintenance activities must comply with the Renovation, Repair and Painting Program (RRP). If interim controls are part of a wider abatement project, they must also comply with the requirements of the Michigan Lead Abatement Act. All abatement activities must be conducted according to the requirements of the Michigan Lead Abatement Act.

1208 Exemptions.

(1) The requirements of Section 1203.4 and Section 1203.5 shall not include:

(a) Single-family, owner-occupied dwellings.

(b) Any rental dwelling that is designated for occupants fifty-five (55) years of age or older and is in compliance with the housing for older persons exemption under the Fair Housing Act.

(c) Hotel and motel rooming units that are not extended stay facilities.

(2) Any rental dwelling exempt under Section 1000.7 of this Code. This exemption does not exempt a residential property from a dust sampling required by any other local, state, or federal law, rule, or regulation.

1209 Occupant protection.

(1) Occupants shall not be permitted to enter the worksite during lead-based paint hazard reduction activities or RRP-regulated maintenance activities (unless they are employed in the conduct of these activities at the worksite) until after lead-based paint hazard reduction activities or RRP-regulated maintenance activities have been completed, including until any required clearance has been achieved.

(2) Occupants shall be temporarily relocated during interior lead-based paint hazard reduction activities or RRP-regulated maintenance activities where the occupants do not have safe daily access to sleeping areas, bathroom, and kitchen facilities for more than eight (8) hours. The occupant shall not be permitted reentry until any required clearance examination can be successfully completed on the occupant's unit.

(3) During relocation, the dwelling unit and the worksite shall be secured against unauthorized entry. Occupant belongings shall be protected from contamination by lead-dust and debris during lead-based paint hazard reduction activities or RRP-regulated maintenance activities. Occupant belongings in the containment area shall be relocated to a safe and secure area outside the containment area or covered with an impermeable covering with all seams and edges taped or otherwise sealed.

1210 Coordination with local public health. The Department may provide reasonable assistance to government agencies working to address lead exposure in housing where an active investigation is being conducted and a child with an elevated blood lead level resides or is known to frequent. These government agencies shall include, but are not limited to, the Kent County Health Department (KCHD), the Michigan Department of Health and Human Services (MDHHS), the U.S. Environmental Protection Agency (EPA), and the U.S. Department of Housing and Urban Development (HUD).

(1) A Certificate of Compliance may be suspended upon a government entity providing evidence that lead dust exceeding the standards set forth in Section 1206(1)(e) exists at the property.

(a) *Evidence for suspension.* To suspend the Certificate of Compliance, the City must receive evidence within thirty (30) days of inspection. This evidence shall be a copy of a lead risk assessment or other related lead evaluation report(s) conducted by or on behalf of the government entity. Those reports must be prepared by personnel certified by the State to conduct lead evaluation activities pursuant to the Certified

Individuals and Firms section of the Michigan Lead Abatement Act, R325.99301 et seq.

(b) *Reinstatement of Certificate of Compliance.* The Certificate of Compliance will not be reinstated until subsequent clearance of the specific lead violations cited in the provided report has been documented. This documentation must be received directly from a government agency and/or an independent and appropriately State-certified lead evaluation professional. The expiration of the reinstated Certificate will be the same as the original Certificate.

(2) A new or renewed Certificate of Compliance may be denied for any residential property currently under orders to abate lead hazards from a government agency.

ARTICLE 1. GENERAL PROVISIONS*

Sec. 9.1. Statement of Findings and Purpose.

The existence of public nuisances as defined in this Chapter, and elsewhere in the Code, on private or public property, is found to create conditions tending to reduce the value of private property, to promote blight and deterioration, to invite illegal activities, to create fire hazards, to create hazards to the health and safety of minors, to create harborage for vermin and pests and to be injurious to the public health, safety and general welfare. Therefore, the presence of a public nuisance on private or public property is declared to be contrary to the public good and shall be subject to notices, orders or other Code enforcement actions to abate, and in the absence of compliance with such Code enforcement actions, to abatement by the City or a City contractor or vendor. The City also finds that abatement-related and Code enforcement actions or abatement by the City may not be adequate to deal with the problem and shall not preclude other legal or administrative actions as deemed necessary or advisable by the City. The City further finds that there is a need to recover Code enforcement and public nuisance abatement-related costs incurred by the City in public nuisance abatement whether the public nuisance is abated by the City, a City vendor or contractor, or by some other person. It is the purpose of this Chapter to provide for the lawful and cost-effective abatement of public nuisances as promptly as possible.
(Ord. No. 2011-44, § 1, 10-11-11)

Sec. 9.2. General Definition of Nuisances.

Whatever annoys, injures or endangers the safety, health, comfort or repose of the public; offends public decency; interferes with, obstructs or renders dangerous any street, highway or any body of water; or in any way renders the public insecure in life or property is hereby declared to be a public nuisance. Public nuisances shall include, but not be limited to, whatever is forbidden by any provision of this Chapter and shall include any provision of this Code declared in this Code to be a nuisance.

No person shall commit, permit, create or maintain a public nuisance.
(Ord. No. 2011-44, § 1, 10-11-11)

Sec. 9.3. Abatement of Nuisances.

Where no other procedure is made specifically applicable by another provision of this Code, any property, structure, condition or activity prohibited by this Chapter, or declared a public nuisance elsewhere in this Code, may be abated by the City Manager, acting in the capacity of Director of Public Welfare, or the City Manager's designee, in accordance with the procedure set out in this Chapter. The City Manager shall first investigate, or cause to be investigated, the existence of the alleged public nuisance to determine whether or not a public nuisance as defined in Section 9.1, or elsewhere in this Code, exists and to further determine the person who has created, is committing, is permitting or is maintaining that public nuisance. The City Manager, or the City Manager's designee, shall then give written notice to the person or persons responsible for the creation, commission, permitting or maintenance of such public nuisance, specifying in particular the nature of the public nuisance, the corrective action to be taken to abate the public nuisance, and the time limit for the abatement of the public nuisance, which shall be a reasonable time, but not to exceed twenty days from the time the notice is served. The notice shall be served in accordance with Section 1.11 of the City Code.

If, at the expiration of the time limit in the notice, the person responsible for the public nuisance shall not have complied with the requirements of the notice, the City Manager shall carry out the requirements of the notice, take other action as permitted by this Code or state law, or otherwise abate the public nuisance. Notwithstanding any other provision of this Code, where a public nuisance that necessitates abatement exists on private property, the owner of the property where the public nuisance condition exists, as determined by the City in accordance with this Code, shall be liable for all costs incurred by the

*__Editor's note—__Ord. No. 2011-44, § 1, adopted October 11, 2011, amended article 1 in its entirety to read as herein set out. Former article 1, §§ 9.1—9.4, pertained to similar subject matter, and derived from Ord. No. 66-43, 11-1-66.

City in connection with its enforcement of the City Code regardless of whether the City performs the work, a City contractor or vendor performs the work, or whether the City's Code enforcement actions caused the person or persons with ownership of the property, as defined in this Code, to perform the work or otherwise bring the property into compliance with the applicable provisions of the City Code.

All of the costs of Code enforcement activities provided for in this Code and incurred by the City shall be billed to the owner of the property, or other clearly responsible party, and shall be paid within 30 days of mailing. All costs of such abatement-related and Code enforcement activities shall be a personal debt owed to the City by the person billed for the public nuisance and, if the public nuisance is attributable to the use, occupancy, care, control, dominion or ownership of any land or premises, shall also, in addition to being a personal debt, be charged against such premises and the owner thereof and shall be a lien on the property until paid.

It shall be a violation of this Code for any person to fail, neglect or refuse to comply with an order issued pursuant to the provisions of this Chapter unless an appeal is lawfully filed as provided for in this Chapter.
(Ord. No. 2011-44, § 1, 10-11-11)

Sec. 9.4. Remedies Severable.

Any action taken by the City to abate any public nuisance under the provisions of this Article, or any other provision of the City Code, shall not affect the right of the City to institute other legal or administrative proceedings against the person committing, creating, permitting or maintaining any public nuisance for violation of this Code nor affect the imposition of the penalty or remedy prescribed or imposed for such violation. Upon application by the City to any court of competent jurisdiction, the court may order the public nuisance abated and/or the violation or threatened violation restrained and enjoined.
(Ord. No. 2011-44, § 1, 10-11-11)

Sec. 9.5. Appeals; Hearing.

Except as otherwise provided in this Chapter, appeals from any notice, billing, order or any other Code enforcement or abatement-related action of any officer, employee or agent charged with the enforcement of this Chapter shall be made to the Housing Appeal Board established by and provided for in Chapter 140 of this Code and according to the process and procedure set out therein. As provided for in Chapter 140, an appeal shall be filed within twenty (20) days of the date of any notice, order, ruling or action being appealed. However, if a notice, order, ruling or action requires the abatement of a public nuisance or other action within a shorter period of time, the appeal must be made within such shorter period. Upon the filing of an appeal as provided for in this Chapter, compliance with the notice, billing or order shall be stayed until the matter is heard and decided by the Housing Appeal Board except as otherwise provided in this Chapter. As provided for in Chapter 140, failure to comply with the requirements of that Chapter regarding an appeal shall be grounds for denial of the appeal. An appeal fee, established by the City Commission, shall be paid as provided for in Chapter 140 of this Code, unless waived as provided for by that Chapter.

The Housing Appeals Board may modify, reverse or affirm the notice, billing or order, in whole or in part, or make such order or decision with regard to the appeal as is determined necessary in light of the circumstance of the situation and the need to protect the public as provided for in Section 9.1. In hearing and deciding an appeal, the Housing Appeal Board shall have all the power of the officer, employee or agent from whom the appeal was taken. The decision of the Housing Appeal Board shall be final except as otherwise provided for by law.

If, as determined by the City Manager or the City Manager's designee, a serious and immediate threat to life, health or other public or private property exists, the City may summarily abate the public nuisance notwithstanding the filing of an appeal. The City shall attempt to provide verbal or written notice to the responsible party prior to a summary abatement, but, in light of the need for summary action, the failure to effectively provide such notice shall not preclude summary abatement. Should a summary abatement occur,

the appeal shall be limited to the issue of responsibility for the cost of abating the public nuisance and related costs, as provided for by this Code.

It shall be a violation of this Code for any person to fail, neglect or refuse to comply with an order or decision of the Housing Appeal Board made pursuant to this Chapter.
(Ord. No. 2011-44, § 1, 10-11-11)

Sec. 9.6. Code Enforcement and Abatement—Related Costs.

Where the public nuisance conditions that necessitate abatement exist on private or public property, the person or persons committing, creating, permitting or maintaining the public nuisance, and any owner of the private property where the public nuisance conditions exist, shall be liable for all Code enforcement and abatement-related costs incurred by the City in connection with its enforcement of the provisions of this Code regardless of whether the City performs the abatement work, the abatement work is performed by a City contractor or vendor, or the abatement is performed by the person or persons with use, occupancy, care, control, dominion or ownership over the property or others. Costs authorized to be charged under this Code include, but are not limited to, notices, orders, inspections and other actions, including property remediation after the public nuisance abatement.
(Ord. No. 2011-44, § 1, 10-11-11)

Secs. 9.7—9.10. Reserved.

ARTICLE 2. DANGEROUS STRUCTURES*

Sec. 9.11. Dangerous Structures.

No person shall maintain any structure which is unsafe or which is a menace to the health or safety of the public.

Sec. 9.12. Notice and Hearing.

The Commission may, after notice to the owner and after holding a public hearing thereon, condemn such structure by giving notice to the owner of the land upon which such structure is located, specifying in what respects said structure is a public nuisance and requiring said owner to alter, repair, tear down or remove the same within such reasonable time, not exceeding sixty (60) days, as may be necessary to do or have done the work required by said notice. Said notice may also provide a reasonable time within which such work shall be commenced.

Sec. 9.13. Abatement.

If, at the expiration of any time limit in said notice, the owner has not complied with the requirements thereof, the City Manager shall carry out the requirements of said notice. The cost of such abatement shall be charged against the premises and the owner thereof.

Sec. 9.14. Emergency Abatement.

The City Manager may abate any such public nuisance, if the public safety requires immediate action, without preliminary order of the Commission. Thereafter the cost of abating such nuisance shall be charged against the premises and the owner thereof in accordance with the provisions of Section 11.9 [Section 97(c)] of the City Charter.

Secs. 9.15—9.23. Reserved.

ARTICLE 3. HANDBILLS AND HANDBILL DISTRIBUTORS

Sec. 9.24. Posting Prohibited.

No person shall hang, post, place, paste, put or in any other manner affix any handbill, notice, advertisement, sign, placard, card or any other advertising device on any telegraph, telephone, electric light or postal telegraph pole or poles now erected or which shall hereafter be erected in any street, alley or other public place in the City of Grand Rapids, provided, however, that the provisions hereof shall not apply to the posting of official election notices required by statute to be posted in public places.

*__Cross reference—__Unsafe, damaged or deteriorated structures, § 8.5(120.0).

Sec. 9.25. Method of Distribution.

Any person distributing advertising matter from house to house shall be required to follow the walks, both inside and outside the premises, shall not cut across the yards, and if a receptacle for such advertising is furnished, he or she shall place same in such receptacle. If no receptacle is furnished, he or she shall place said advertising matter in such manner so that the same will not be blown about.

Sec. 9.26. Additional Regulations.

No person shall throw or deposit:

(1) Any commercial or noncommercial handbill in or upon any sidewalk, street or other public place within the City, nor shall any person hand out or distribute or sell any commercial handbill in any public place; provided, however, that it shall not be unlawful on any sidewalk, street or public place within the City for any person to hand out or distribute, without charge to the receiver thereof, any noncommercial handbill to any person willing to accept it;

(2) Any commercial or noncommercial handbill in or upon any vehicle; provided, however, that it shall not be unlawful in any public place for a person to hand out or distribute without charge to the receiver thereof, a noncommercial handbill to any occupant of a vehicle who is willing to accept it;

(3) Any commercial or noncommercial handbill in or upon any private premises which are temporarily or continuously uninhabited or vacant;

(4) Any commercial or noncommercial handbill in or upon private premises which are inhabited, except by handing or transmitting any such handbill directly to the owner, occupant, or other person then present in or upon such private premises.

Secs. 9.27—9.30. Reserved.

ARTICLE 4. AIR POLLUTION CONTROL*

Sec. 9.31. Intent and Scope.

This Air Pollution Control Article shall serve to protect the public health, safety and welfare by regulating the emission of contaminants into the atmosphere.
(Ord. No. 67-51, 10-17-67; Ord. No. 78-16, 3-14-78)

Sec. 9.32. Definitions.

For the purpose of this Article, the following definitions will be applicable:

(1) *Air Cleaning Device* shall mean any method, process or equipment which removes, reduces, or renders less noxious air contaminants discharged into the atmosphere.

(2) *Air Contaminant* shall mean a dust, fume, gas, mist, odor, smoke, vapor, or combination thereof.

(3) *Air Pollution* shall mean the presence, in the ambient air, of air contaminants which are in quantities, of characteristics, and of durations which, by condition and/or circumstances, become injurious and/or detrimental to the health and welfare of all living things.

(4) *Air Quality Index* shall mean Grand Rapids air quality conditions as determined by the Michigan Department of Environmental Quality.

(5) *Air Quality Standard* shall mean the concentration and duration of an air contaminant specified as the maximum acceptable concentration and duration of that contaminant in the ambient air as set forth below:

Ambient Air Quality Standards

	Primary	*Secondary*
Suspended Particulates (micrograms/cu. meter)		

*__State law reference__—Air Pollution Act, MCL 336.11 et seq.

	Primary	*Secondary*
Annual geometric mean	75	—
Max. 24-hr. conc.*	260	150
Sulfur Oxides (micrograms/cu. meter)		
Annual arith. average	80 (.03 ppm)	—
Max. 24-hr. conc.*	365 (.14 ppm)	—
Max. 3-hr. conc.*	—	1300 (.5 ppm)
Carbon Monoxide (milligrams/cu. meter)		
Max. 8-hr. conc.*	10 (9 ppm)	10
Max. 1-hr. conc.*	40 (35 ppm)	40
Photochemical Oxidants (micrograms/cu. meter)		
Max. 1-hr. conc.*	160 (.08 ppm)	160
Nitrogen Oxides (micrograms/cu. meter)		
Annual arith. average	100 (0.5 ppm)	100
Hydrocarbons (micrograms/cu. meter)		
Max. 3-hr. conc.* (6:00—9:00 a.m.)	160 (.24 ppm)	160

Note: Values in parts per million (ppm) are only approximate.

*Not to be exceeded more than once a year per site.

(6) *Ambient Air* shall mean that part of the atmosphere, outside of a building, to which the public has access.

(7) *Certified Prescribed Burn Manager* shall mean an individual who has successfully completed the certification program of the Michigan Department of Natural Resources under MCL 324.51513 and possesses a valid certification number; or an individual who is certified as a burn manager under the National Wildfire Coordinating Group Certification.

(8) *CFFDRS* shall mean Canadian Forest Fire Danger Rating System.

(9) *Collected Air Contaminants* shall mean those air contaminants which are prevented by any air cleaning device, design, apparatus and/or obstruction, from entering into the ambient air and therefore, through accumulation, require periodic removal and disposal.

(10) *Fuel Burning Equipment* shall mean a device, contrivance or piece of equipment which burns fuel and all the appurtenances thereto including ducts, breechings, control equipment, fuel feeding equipment, ash removal equipment, combustion controls, stacks, chimneys and miscellaneous equipment used directly or indirectly in the fuel combustion process. Outdoor furnaces, boilers and similar devices, regardless of fuel type, are included in this definition.

(11) *Incinerator* shall mean a device specifically designed for the burning of refuse and/or waste material.

(12) *Manager* shall mean the Environmental Services Department Manager or his or her authorized representative.

(13) *Metropolitan Area* shall mean the City limits of Grand Rapids and the City limits of cities with whom the City of Grand Rapids has air pollution control agreements.

(14) *Opacity* shall mean the degree to which an emission reduces the transmission of light or obscures an observer's view.

(15) *Open Burning* shall mean a fire from which the products of combustion are emitted directly into the ambient air without passing through a stack or chimney, and shall include recreational fires as permitted by Section 9.35 of this Article. Open Burning, as defined in this Section, shall not include a fire from an LPG (liquid petroleum gas) fueled device that is portable and used in accordance with the manufacturer's instructions and specifications, or permanently installed and operated in compliance with applicable building code and fire code provision(s).

(16) *Ozone Action Day* shall mean a day on which the Michigan Department of Environmental Quality has determined that the potential for high ozone levels may occur on that given day.

(17) *Particulate Matter* shall mean any substance, except uncombined water, that exists as a liquid or solid in minute amounts under standard conditions.

(18) *Person* shall mean an individual person, trustee, court appointed representative, syndicate, association, partnership, firm, club, company, corporation, business trust, institution, Department, Bureau, Agency, or instrumentality of Federal, State or local government, or other entity recognized by law as subject to rights and duties.

(19) *Prescribed Burn* or *Prescribed Burning* shall mean the burning, in compliance with a prescription and to meet planned fire or land management objectives, of a continuous cover of fuels.

(20) *Prescription* shall mean a written plan establishing the criteria necessary for starting, controlling, and extinguishing a prescribed burn.

(21) *Process* or *Process Control Equipment* shall mean any device and/or contrivance including all appurtenances thereto, which may cause the discharge of an air contaminant into the ambient air. "Fuel burning equipment" shall be excluded from this definition.

(22) *Refuse* shall mean all putrescible or non-putrescible solid waste, except body waste and construction waste.

(23) *Ringleman Chart* shall mean that chart published and described in the U.S. Bureau of Mines Information Circular 8333, which illustrates graduated shades of gray to black for use in estimating the density of smoke.

(24) *Salvage Operation* shall mean any operation conducted in whole or in part for the salvaging or reclaiming of any product or material.

(25) *Smoke* shall mean gas and/or airborne particles consisting essentially of carbonaceous material, in sufficient density to be observable.

(26) *Source Sample* shall mean an emission sample from an air contaminant source, collected for analysis from an effluent stream.

(27) *Source Separation* shall mean the last operation preceding the emission of an air contaminant, which (a) results in the separation of the air contaminant from the process material or in the conversion of the process materials into air contaminants, as in the case of combustible fuel; and (b) is not an air pollution abatement operation.

(28) *Stack* or *Chimney* shall mean a flue, conduit, or duct designed to direct an effluent into the ambient air.

(29) *Standard Conditions* shall mean a temperature of seventy (70) degrees Fahrenheit and a gas pressure of 29.92 inches of mercury absolute.

(Ord. No. 67-51, 10-17-67; Ord. No. 78-16, 3-14-78; Ord. No. 2007-08, § 1, 1-23-07; Ord. No. 2009-02, §§ 1, 2, 1-27-09; Ord. No. 2016-57, § 1, 8-23-16)

Sec. 9.33. Duties of the Manager.

The Manager shall act as the authorized agent for the City to effect the purposes of this Article. The Manager and his or her authorized agents shall perform investigative, technical, scientific and other services. The responsibilities of the Manager shall include:

(1) Issue, modify, or cancel orders which require the control of air pollution.

(2) When deemed necessary by the Manager, the Manager may require that plans for air cleaning devices and any part(s) thereof shall be submitted to him or her for consideration and approval.

(3) Investigate and inspect actual, suspected or potential sources of air pollution. If, in connection with such an investigation or inspection, samples of air contaminants are taken for analysis, a duplicate of the analytical report shall be furnished promptly to the person suspected of causing said air pollution.

(4) Prepare and develop plans for the control and/or abatement of existing air pollution and for the prevention and limitation of any new pollution.

(5) Conduct or cause to be conducted studies and research with respect to air pollution control, abatement and prevention.

(6) Determine through field studies and sampling the degree of air pollution in the metropolitan area.

(7) Inspect metropolitan businesses, in accordance with the requirements of the current agreement between the City and the State of Michigan Department of Natural Resources, to determine the degree of compliance with the State of Michigan Air Surveillance Act.

(8) Measure the suspended particles and gases within the metropolitan area in accordance with State and Federal requirements.

(9) The Manager may require such reasonable measures as may be necessary to prevent particulate matter from becoming airborne; including, but not limited to, paving or frequent cleaning of roads, driveways and parking lots, application of dust-free surfaces; application of water; and the planting and maintenance of vegetative ground cover."

(Ord. No. 67-51, 10-17-67; Ord. No. 78-16, 3-14-78; Ord. No. 2009-02, §§ 1, 3, 1-27-09

Sec. 9.34. Unlawful Emission of Air Pollution Contaminants.

(1) *Emission of Particulate Matter.* It shall be unlawful to cause or to allow the emission of particular matter in excess of the maximum allowable emission rate listed below:

PARTICULATE MATTER EMISSION SCHEDULE

Source	*Capacity Rating in Pounds Steam Per Hr.*	*Maximum Allowable Emission at Operating Conditions[(a)] (lbs. particulate per 1000 lbs. gas)*

		100,000—300,000	0.25
		less than 100,000	0.20

Notes:

(a) Fuel burning and refuse incineration limitation shall be calculated to fifty (50) percent excess air.

(b) Emission limitations for specific ratings are determined by linear interpolation between the ranges shown.

(c) These emission limitations do not apply to domestic incinerators (defined as having not over five (5) cubic feet of storage capacity).

(d) Afterburner or approved equivalent is mandatory.

(e) Differentiation between jobbing and production foundries. Cupolas used in a jobbing foundry are the same as those used in a production foundry and will vary in size only according to the quantity of iron melted per hour. However, the cupolas in a jobbing foundry will be run intermittently just long enough at one time to pour the molds that are ready on the foundry floor, job. This might be for a two- to four-hour period per day for any number of days per week. Production foundry cupolas will melt continuously to pour a succession of molds that are constantly being prepared to reserve this continuous flow of iron. This would become eight (8) hours, sixteen (16) hours, or twenty-four (24) hours per day for any number of days per week.

2. The maximum allowable emission rate listed by the Michigan Air Pollution Control Commission on its own initiative or by application. A new listed value shall be based upon the control results achievable with the application of the best technically feasible, practical equipment available. This applies only to sources not assigned to a specific emission limit in item 1.
3. The maximum allowable emission rate specified as a condition of a State permit to install or a State permit to operate.
4. The maximum allowable emission rate specified in a voluntary agreement, performance contract, stipulation, and/or an order of the Michigan Air Pollution Control Commission.
5. The maximum allowable emission rate based upon process weight rate shall be as follows:

(a) Interpolation of the data in this table for process weight rates up to 60,000 lb./hr. shall be accomplished by use of the equation $E = 4.\ 10P^{0.67}$ and interpolation and extrapolation of the data for process weight rates in excess of 60,000 lb./hr. shall be accomplished by use of the equation $E = 55.0\ P^{0.11}\text{-}40$, where E = rate of emission in lb./hr. and P = process weight in tons/hr.

Process weight—The total amount of all material introduced into an industrial operation, including solid fuels, but excluding liquid fuels and gaseous fuels when these are used as fuels and air introduced for purposes of combustion.

Process weight rate—For continuous or long-term operation: The total process weight for the entire period of operation or for a typical portion thereof, divided by the number of hours of such period or portion thereof. For batch operations: The total process weight for a period which covers a complete operation or an integral number of cycles, divided by the hours of actual process operation during such period.

(2) *Standards for Density of Emission.* Emission of a visible air contaminant having a density darker than No. 1.0 of the Ringleman Chart or having more than a twenty (20) percent opacity shall be prohibited except where the presence of uncombined water vapor is the only reason for failure of air emissions to meet the requirements of this Article.

A visible air contaminant of a density not darker than No. 2 of the Ringleman Chart or not more than forty (40) percent opacity may be emitted for not more than three (3) minutes in any sixty-minute period, but this emission shall not be permitted on more than three (3) occasions during any twenty-four-hour period.

(3) *Measuring Density.* The density of an air contaminant shall be measured at the point of emission or the nearest observable point on the plume.

(4) *Grading Visible Emissions.*

(a) Darkness of a visible emission of an air contaminant shall be graded by using the Ringleman Chart or by means of a device or technique which results in a measurement of equal or better accuracy.

(b) Opacity of a visible emission of an air contaminant shall be graded by observers trained and certified by the State of Michigan Air Quality Control Division, Department of Natural Resources, using a device or technique approved by and on file with the Michigan Air Pollution Control Commission.

(5) *Diluting and Concealing of Emissions.* The concealing and/or diluting of air contaminants which, prior to diluting or concealing, do not comply with the standards herein expressed, shall be prohibited. This shall not apply to the control of odors.

(6) *Air Contaminant or Water Vapor, When Prohibited.* No person shall cause or permit the emission of an air contaminant or water vapor including an air contaminant whose emission is not otherwise prohibited by this Article, or an air contaminant or water vapor which reacts or may react with any other air contaminant or natural air, and which causes or will cause detriment to the safety, health, welfare or comfort of any person, or which causes or will cause damage to property or business.

(7) *Open Burning.* Open burning shall be prohibited, except as provided herein and in Section 9.35 of this Article.

(a) The following exemptions shall be allowed provided they do not violate any other Sections of this Chapter.

(i) The burning of wood, charcoal, coke or other accepted fuels for the preparing of food in an approved container or utensil while being used in a safe and sanitary manner.

(ii) The use of approved gaseous or liquid fired salamanders commonly employed in conjunction with building and construction operations when being used in accordance with accepted safety standards.

(iii) Roofers, tinners, plumbers, or others pursuing a business requiring the use of fire or for the purpose of boiling tar, pitch or oil used in the regular course of an appropriate business or trade, and while being used in a safe and sanitary manner.

(iv) Open burning for Fire Department and/or Civil Defense purposes shall be permitted only under the following conditions:

a. The area is adequately protected by Fire Department personnel.

b. The fire will be of short duration.

c. The ambient air, at time of burning is relatively free of pollutants.

d. The Fire Department Chief submits to the Manager written authorization for such burning.

(v) Prescribed burning shall be permitted only under the following conditions:

a. The State of Michigan department with responsibility for environmental protection determines that the prescribed burn would not violate state statute or state administrative rule or regulation, and provides a statement in writing that such burning, as proposed, would not violate state statute or state administrative rule or regulation.

b. A certified prescribed burn manager provides the Grand Rapids Fire Department, administrative office, a copy of the prescription for Fire Department approval no later than 30 days in advance of the earliest planned burn date contained in the prescription.

c. The Grand Rapids Fire Chief or his or her designee approves the parameters for the date of the burn and the time period during the day that the burn will occur giving consideration to other planned events within the City during the period in question, as well as Fire Department resources available to provide fire suppression and complaint response services.

d. A prescription shall be on-site at the location of the burn and available for inspection by a representative of the Manager or of the Fire Department.

e. A certified prescribed burn manager is present on the site of the prescribed burn with a copy of the prescription, from ignition of the prescribed burn until a minimum of 30 minutes after the burn is extinguished, to watch for re-kindles.

f. The Air Quality Index is described to be "Good" to "Moderate" immediately prior to the prescribed burning.

g. The Michigan Department of Environmental Quality has not issued an Ozone Action Day advisory.

h. A certified prescribed burn manager shall notify the Grand Rapids Fire Department, Central Dispatch, as follows:
   (1) One hour prior to the proposed start of the prescribed burn;
   (2) At the start of the prescribed burn;
   (3) When crews have left the burn site; and
   (4) If the burn is cancelled.

i. Mandatory prescription requirements shall include all of the following:
   (1) A copy of the written statement from the State of Michigan described in paragraph (7)(a)(v)a. above.
   (2) The stand or site description, to include the landowner's name and mailing address and the legal description of the treatment area.
   (3) The acreage to be treated.
   (4) A map of the area to be burned indicating special concerns located within 1 mile of the treatment area. Special concerns include, but are not limited to, all of the following:
      (i) Adjacent landowners;
      (ii) Power lines;
      (iii) Utilities;
      (iv) Roads;
      (v) Residences;
      (vi) Schools;
      (vii) Hospitals;
      (viii) Nursing homes; and
      (ix) Public facilities, in general.
   (5) The personnel and equipment to be used to conduct the burn.
   (6) The land management objectives of the burn.
   (7) The type of vegetation or fuel model CFFDRS to be burned and the amount of fuel to be consumed in either tons/acre or percent of the available fuel load.
   (8) A listing of all the alternatives to prescribed burning considered by the landowner, including a description of the reasons why prescribed burning was chosen, rather than the alternatives, as a method of meeting the planned fire or land management objectives.
   (9) The operational plan of the burn procedure, including, but not limited to, the following:
      (i) Fire breaks to be used to confine the burn to the prescribed area;
      (ii) Ignition plan, smoke management plan, and fire containment strategy;
      (iii) Provisions for the safety of the individuals conducting the burn;
      (iv) Provisions for the protection of power lines, pipelines, and other utilities within the burn area;
      (v) A contingency plan to control and suppress burns occur-

ring outside the prescribed area and if the burn does not progress as expected. The contingency plan shall include necessary supporting resources and emergency contact information;

(vi) Weather parameters, including but not limited to surface wind speed, direction, relative humidity, temperature, and fine fuel moisture thresholds;

(vii) Expected fire behavior factors, including burn technique, flame length, and rate of spread; and

(viii) The criteria the certified prescribed burn manager will use for making go/no-go burn decisions.

(10) Time and date prescription was prepared.

(11) Time parameters for the burn, including the parameters for the date of the burn and the time period during the day that the burn will occur.

(12) Evaluation of the anticipated smoke impacts and a plan to mitigate these impacts.

(13) Signature and certification number of the certified prescribed burn manager.

(14) Signature of the landowner(s) for whom the burn is to be conducted, or a designee.

(15) Identify all individuals and organizations to be notified or the prescribed burn and the notification plan.

j. Fire suppression and complaint response costs incurred by the City shall be the responsibility of the certified prescribed burn manager.

k. The landowner or prescribed burn manager shall provide the City with the types and amounts of insurance required, and approved, by the City, upon recommendation of its Insurance Agent of Record, naming the City and its officers, employees, and agents as Additional Insured.

(b) Smoking, smoldering incinerators or any burning of garbage or refuse that smolders or gives off nauseous odors is prohibited.

(8) *Fugitive Dust.* It shall be prohibited to handle and/or transport any material and/or substance in such a manner which causes said material and/or substance to be discharged into the ambient air.

(9) Outdoor Fuel Burning Equipment, as defined in Sec. 9.32 of this Chapter, shall be prohibited.

(Ord. No. 67-51, 10-17-67; Ord. No. 78-16, 3-14-78; Ord. No. 78-86, 12-5-78; Ord. No. 2007-08, § 2, 1-23-07; Ord. No. 2009-02, §§ 4, 5, 1-27-09; Ord. No. 2016-57, § 3, 8-23-16; Ord. No. 2019-12, § 1, 4-9-19)

Sec. 9.35. Recreational Fires.

(1) The City having successfully permitted contained and regulated recreational fires as part of a thirty (30) month pilot program without administrative difficulty hereby permits recreational fires subject to this Section.

(2) The burning of wood for recreational purposes in a contained and regulated manner within a recreational outdoor fire pit, chiminea, or free standing container designed for use in having safe and controlled outdoor fires shall be

allowed provided it does not violate any other Sections of this Chapter and the following conditions are met:

(a) The fire pit or container is located in a residential zone district.

(b) A permit for a contained and regulated recreational fire has been issued by the City Manager or his/her designee pursuant to the procedure set forth in this Section.

(c) The fire pit or container is located at least 20 feet from any structure or combustible material.

(d) The fire pit or container is located at least 20 feet from any lot line, roadway, alleyway, or fence.

(e) The fire pit or container is located at least 15 feet from any overhead line.

(f) The fire pit or container is no larger at its largest point than three (3) feet wide, three (3) feet deep, and three (3) feet tall (exclusive of feet, legs or chimney) and is made of non-combustible materials.

(g) The fire pit or container is covered by a screen or other spark cover/arrestor.

(h) There is a 4-A rated fire extinguisher, garden hose connected to a water supply, or other means of fire suppression readily available for immediate use.

(i) The fire is constantly attended by a competent adult at least 18 years of age until the fire is extinguished.

(j) Burning occurs between the hours of 7:00 a.m. and 10:00 p.m.

(k) Only seasoned dry firewood can be burned.

(l) Burning of yard waste, leaves, trash, refuse, building materials, or other materials is expressly prohibited.

(m) Fires are prohibited during all ozone action days, times of high fire risk issued by the Michigan Department of Natural Resources, or burning bans imposed by the State or City.

(n) If the Fire Chief and his/her designee(s), or a police officer, determines that any open burning is unsafe due to dry weather, wind conditions or other unfavorable conditions, or the impact on air quality or the health of nearby residents, or the opening burning causes a foul odor or smoke emissions reasonably offensive to the occupants of nearby properties, or the open burning creates a visibility hazard on streets, roads, or railways, the Fire Chief and his/her designee(s), or a police officer, may order the open burning to be extinguished or may impose reasonable conditions on the open burning.

(o) Fires may only be had on a lot containing a single-family or two-family dwelling in areas other than the front yard. No person shall have fires on a lot containing a multi-family dwelling or within a condominium project.

(p) Fires are only permitted by an occupant of a dwelling unit on the real property where the fire is located.

(3) *Recreational Fire Permits:* Any person wanting to have a contained and regulated recreational fire within the City shall first apply for and obtain a permit from the City Manager and his/her designee, before that person may legally have a recreational fire. Regulations pertaining to permits shall be as follows:

(a) Any person applying for a permit to have a contained and regulated recreational fire within the city shall submit a permit application form promulgated by the City Manager or his/her designee and shall pay an application fee established by resolution of the City Commission.

(b) If the applicant is not the owner of the real property on which he or she wants to have a recreational fire, the applicant must provide written consent of the owner of the real property. Without such written consent, the permit application will not be granted.

(c) Once a completed application form, application fee and written consent of the owner of the real property has been submitted to the City Manager or his/her designee, the City shall within ten (10) business days send written notice of the application for a permit to have a contained and regulated recreational fire to the following:

(i) The address of record for all buildings, condominium units, apartments, business suites, and other units intended for human occupancy located within one hundred twenty (120) feet of any lot line of the real property on which the recreational fire is proposed. For buildings that contain two or more condominium units, apartments, or business suites this notice shall be sent to all addresses of record within a building that is physically located entirely or partially within one hundred twenty (120) feet of any lot line of the real property on which the recreational fire is proposed.

(ii) The address of record for the owner of all real properties located entirely or partially within one hundred twenty (120) feet of any lot line of the real property on which the recreational fire is proposed. For real properties that contain condominiums, this notice shall only be sent to the owners of units physically located in a building that is entirely or partially within one hundred twenty (120) feet of any lot line of the real property on which the recreational fire is proposed.

(iii) If a recreational fire is proposed on a lot containing a two-family dwelling, written notice of the application for a recreational fire permit shall also be sent to the physical property address of the other unit within that two-family dwelling.

(d) If the City Manager or his/her designee receives an objection to the issuance of a permit from any person required to be notified of the permit application within twenty-one (21) days from mailing the written notice of the permit application, the following process will occur:

(i) The City Manager or his/her designee shall review the objection to determine if the objection is valid and reasonable in consideration of the City's mandate to protect public health, safety, and welfare.

(ii) The City Manager or his/her designee may ask the objector to provide documentation in support of the objection. Any such documentation which is of a confidential nature will not be released to a third party by the City, and will be returned to the objector when all appeal deadlines have run.

(e) If the City Manager or his/her designee receives no objections to the issuance of a permit from any person required to be notified of the permit application, within the appropriate time period as specified above, he or she shall review the permit application for compliance with setback, pit or container, and safety requirements set forth within the ordinance.

(f) If the City Manager or his/her designee grants the request for the permit, he/she shall do so in writing, which writing shall state the property address at which contained and regulated fires are permitted.

(g) If the City Manager or his/her designee denies the request for the permit, he/she shall do so in writing, which writing shall state the reasons for such denial.

(h) If the City Manager or his/her designee denies this request for the permit, the provisions of the City Code Section 7.16 regarding appeals from license and permit denials shall apply.

(i) An initial permit shall be valid for a period of one (1) year. If, in the judgment of the City Manager or his/her designee,

the permittee has abided by all ordinance provisions and permit conditions, and has not created a nuisance to the owners or occupants of primary or secondary adjacent properties or the neighborhood, the permit may be renewed for successive one (1) year periods subject to the notification process in subsection (3)(c) above. However, no permit issued pursuant to this ordinance shall remain valid past the date on which this ordinance has expired or is repealed, whichever is earlier.

(j) Any permit may be suspended or revoked by the City Manager or his/her designee, by written notice to the permit holder, upon a finding that the permittee has violated applicable City ordinance provisions or permit conditions.

(k) If the City receives complaints relating to recreational fires for which a permit has been issued under this Section, the City may re-notice neighboring properties pursuant to subsection (3)(c) and (d), and suspend or revoke a permit.

(l) If the City Manager or his/her designee suspends or revokes a permit, the provisions of City Code Section 7.14 regarding suspension and revocation of permits and licenses shall apply.

(m) A permit as described above is personal to the applicant. Such a permit may not be transferred to another individual. If ownership of the underlying real property is transferred, the permit does not run with the land, and a person desiring to have permitted recreational fires must apply for a new permit.

(n) The City Manager or his/her designee is hereby authorized to promulgate rules and regulations relative to recreational fire permits.

(4) *Exemption:*

(a) Fires conducted for ceremonial or religious purposes shall be allowed without a permit to celebrate particular events, under the same terms and conditions as outlined in this Section.

(b) The property owner shall notify the City of Grand Rapids Fire Department forty-eight (48) hours before a fire described in this Section is scheduled to occur.

(5) *Penalties:*

(a) A violation of this Section shall be a municipal civil infraction, punishable by a fine as established in Chapter 170 of this Code.

(b) The Fire Chief and his/her designee(s) are hereby authorized to issue municipal civil infraction citations and notices for any violation of this Section.

(c) Notwithstanding the foregoing, a misdemeanor complaint shall be issued where three (3) or more civil infraction citations have already been issued to the same person for violations of this Section.

ARTICLE 5. NOISE CONTROL*

Sec. 9.61. Title and Purpose.

(1) Article 5 of Chapter 151 shall be known as the "Noise Control Ordinance" of the City of Grand Rapids.

(2) The City Commission intends to minimize the exposure of citizens to the potential negative physiological and psychological effects of exces-

*__Editor's note—__Ord. No. 2019-71, §§ 1, 2, adopted November 19, 2019, repealed the former Art. 5, §§ 9.61—9.70, and enacted a new Art. 5 as set out herein. The former Art. 5 pertained to similar subject matter and derived from Ord. No. 73-8, 2-6-73; Ord. No. 75-36, 4-29-75; Ord. No. 76-2, 1-6-76; Ord. No. 76-20, 3-23-76; Ord. No. 78-27, 4-18-78; Ord. No. 83-56, 9-27-83; Ord. No. 95-67, § 1, 11-14-95; Ord. No. 99-65, § 1, 11-23-99; Ord. No. 2013-74, § 1, 11-19-13; Ord. No. 2016-79, § 1, 11-15-16.

sive noise while protecting, promoting, and preserving the public health, safety, and welfare. The City Commission intends to control the level of noise in a manner that promotes the use, value, and enjoyment of property, conduct of business, and sleep and repose and reduces unnecessary, unreasonable, and excessive sound in the environment.
(Ord. No. 2019-71, § 2, 11-19-19)

Sec. 9.62. Definitions.

As used in this Article:

(1) *Amplified Sound* means sound that is increased by electronic means.

(2) *ANSI* means American National Standards Institute or its successor bodies. All acoustical terminology used in this Article shall be consistent with applicable ANSI/ASA standards.

(3) *ASA* means Acoustical Society of America or its successor bodies.

(4) *Director* means the Environmental Services Director or his or her duly authorized representative.

(5) *Decibel* means a logarithmic unit of measurement which indicates the ratio between two (2) quantities (commonly electrical or sound energy levels, or pressure levels) (see Sound pressure level).

(6) *Discrete Tone* means a sound wave whose instantaneous sound pressure varies essentially as a sinusoidal function of time.

(7) *Entertainment or Commercial Business* includes any person or entity possessing a liquor license or indoor events license or any business providing goods or services to customers for consideration.

(8) *Essential Services* means the erection, construction, alteration, or maintenance by public utilities, municipal Departments or Commissions, or any governmental agencies of street or right-of-way facilities, underground or overhead gas, electrical, steam, water, or other transmission or distribution systems, collection, communication, supply or disposal systems, including poles, conduits, cables, fire alarm boxes, police call boxes, traffic signals, hydrants, towers, electric substations, telephone exchange buildings, gas regulator stations, and other similar equipment and accessories in connection therewith, reasonably necessary for the furnishing of utility service by such public utilities, municipal Departments or Commissions, or any governmental agencies, or for the public health, safety, or welfare. Essential services in this Article shall also mean Michigan Department of Transportation work including capital preventive maintenance, light duty rehabilitation, rotomilling and resurfacing, pavement restriping, asset management related repairs, alterations, or improvements, emergency repairs essential to the operational functionality, safety, and maintenance of the transportation network, and such other activities approved in writing by the City Engineer.

(9) *IEC* means International Electrotechnical Commission or its successor bodies.

(10) *Impulse Noise* is characterized by brief excursions of sound pressure which significantly exceed the ambient environmental sound pressure. The duration of a single impulse is usually less than one (1) second.

(11) *Intermittent Noise* means a noise whose sound pressure level equals the ambient environmental level two (2) or more times during the period of observation. The time period during which the level of the noise remains at an essentially constant value different from that of the ambient noise level is on the order of one (1) second or more.

(12) *ISO* means International Organization for Standardization or its successor bodies.

(13) *Motor Vehicle* means "motor vehicle" as defined in the State Motor Vehicle Code, 1949 P.A. 300 (MCL 257.1 et seq.).

(14) *Noise Disturbance* shall mean any sound that unreasonably disturbs a person of normal sensitivities or unreasonably interferes with the peaceful enjoyment of the premises of another because the sound:

(a) Can be heard due to the volume or intensity of the sound; and

(b) Can be heard distinctly and discretely above the ambient sound of the surrounding area.

(15) *Octave Band* means a frequency band with lower and upper cut-off frequencies having a ratio of 2. The cutoff frequencies of 707 hertz and 1414 hertz define an octave band in common use.

(16) *Period of Observation* means the time interval during which acoustical data are obtained. The period of observation is determined by the characteristics of the noise being measured and should also be at least ten (10) times as long as the response time of the instrumentation. The greater the variance in indicated sound level, the longer must be the observation time for a given expected accuracy of the measurement.

(17) *Person* means every natural person, partnership, association, or corporation which may own, operate, or control those devices or facilities herein described.

(18) *Property Line* means the imaginary line representing the legal limits of real property (including an apartment, condominium, room, or other dwelling unit) owned, leased, or otherwise occupied by a person, business, corporation, or institution. In cases involving sound from an activity on a public street or other public right-of-way, the property line shall be the nearest boundary of the public right-of-way.

(19) *Repetitive Impulse Noise* means more than five (5) impulses per hour.

(20) *Residential and Residence* mean a legal use of property for temporary or permanent dwelling purposes.

(21) *Residential disturbance* means a gathering of one or more persons at a residential property, between 10:00 p.m. and 7:00 a.m., at which sound emanating from the gathering is frequent, repetitive, or continuous, and is audible to a person of normal hearing located 25 feet or more from the property line.

(22) *Responsible Person* means an owner, member, or partner of an entity that owns or leases entertainment or commercial business premises, a manager or person in charge of entertainment or commercial business premises, or any employee at an entertainment or commercial business if no owner, member, partner, or manager can be identified.

(23) *SAE* means the Society of Automotive Engineers or its successor bodies.

(24) *Sound* means mechanical radiant energy that is transmitted by longitudinal pressure waves in a material medium, such as air, and is the objective cause of hearing, and includes all amplified and unamplified sound regardless of its source.

(25) *Sound Level* or *Noise Level* means, for airborne sound, a weighted sound pressure level, obtained using metering characteristics and A-weighting as specified in the referenced standards. When A-weighing is employed it must be indicated.

(26) *Sound Pressure Level* of a sound, in decibels, is twenty (20) times the logarithm to the base 10 of the ratio of the pressure of this sound to the reference sound pressure having the value of 2×10^{-4} dynes per square centimeter.

(27) *Steady Noise* means a noise whose level remains essentially constant.

(28) *Zoning District* refers to the districts established by the Zoning Ordinance of the City of Grand Rapids and found in Chapter 61 of Title V of this Code.

(Ord. No. 2019-71, § 2, 11-19-19)

Sec. 9.63. Prohibited Noise.

No person shall:

(1) Make, cause to be made, or allow the making of any sound, by any means, that creates a noise disturbance. Non-commercial public speaking and public assembly activities conducted on any public property or public right-of-way are exempted from operation of this subsection.

(2) Between 10:00 p.m. and 7:00 a.m., operate or play any radio, television, electronic audio equipment, drum, musical instrument, or device creating amplified sound such that the sound emanating therefrom can be heard across a property line of property devoted to residential uses.

(3) Allow real property under one's possession or control to be used for a residential disturbance.

(4) Operate any device creating amplified sound on any public property or public right-of-way that is louder than average conversational level at a distance of one hundred (100) feet or more, measured vertically or horizontally, from the source.

(5) Operate any device creating amplified sound within one hundred (100) feet of a health care hospital or clinic. The distance is measured from the property line of the property upon which the health care hospital or clinic is located.

(6) Operate or use any pile driver, shovel, hammer, derrick, hoist, tractor, roller, or any other mechanical apparatus in building or construction operations between 10:00 p.m. and 7:00 a.m., except for work on essential services, within six hundred (600) feet of a residence or hospital.

(7) Activate, cause, or suffer to be activated any horn or audible signal device on any motor vehicle of any kind except as a warning of danger or peril as provided in Chapter 181 of Title X of this Code.

(8) Operate or allow to be operated any motor of a motor vehicle which weighs more than five (5) tons (ten thousand (10,000) pounds) for a consecutive period of longer than two (2) minutes while such vehicle is in a stationary location on private property located within one hundred fifty (150) feet of property devoted to residential uses.

Except the provisions of this subsection shall not apply:

(a) When the vehicle or motor is being used for normal productive work.

(b) When the vehicle or motor is being used by a public utility, municipal department, commission, or other governmental agency to provide essential services.

(c) To buses operated for the transportation of passengers while standing in established bus turnarounds, terminals, or storage yards.

(d) To any vehicle standing within a completely enclosed structure.

(9) Operate or use, between 10:00 p.m. and 7:00 a.m., any motorized lawnmower or other lawn, landscaping, or yard maintenance equipment or domestic power tools.

(10) Between 10:00 p.m. and 7:00 a.m., yell, cry, call, shout, whistle, or sing upon a public way, or in such proximity to a public way, as to be distinctly and loudly audible upon such public way.

(11) Alter, modify, or change any exhaust muffler, intake muffler, or other equipment designed to abate noise on any motor equipment unless such alteration, modification, or change shall reduce the noise emitted by such equipment. Nothing in this Section shall be interpreted to prohibit the replacement of worn noise abatement equipment certified as meeting or exceeding specifications of the manufacturer's original equipment.

(12) Own any dog which by loud or frequent or habitual barking, yelping or howling, shall cause annoyance to the people in the neighborhood.

(Ord. No. 2019-71, § 2, 11-19-19; Ord. No. 2023-48, § 1, 10-10-23; Ord. No. 2026-01, § 1, 1-13-26)

Sec. 9.63.1. Per Se Violations.

Unless otherwise exempted by this Article, making, causing to be made, or allowing to be made any of the sounds identified in Section 9.63 is deemed unreasonable and constitutes a prohibited noise.

(Ord. No. 2019-71, § 2, 11-19-19)

Sec. 9.64. Prohibited Entertainment or Commercial Sound.

(1) Acknowledging the importance of entertainment and commercial businesses in the City of Grand Rapids, the following provisions are intended to balance this vital economic necessity with residential health and quality of life concerns.

(2) For purposes of this Section:

(a) Nighttime Hours are that time between 10:00 p.m. Sunday through Thursday and 7:00 a.m. of each subsequent day, and 1:00 a.m. and 7:00 a.m. on Saturday and Sunday.

(b) Sound includes all amplified and unamplified sound coming from an entertainment or commercial business regardless of source. It shall include, but not be limited to, human voices of guests and employees, instrumental and vocal music, and electronic sounds.

(3) No entertainment or commercial business shall emit or permit the emission of sound that is frequent, repetitive, or continuous from the premises of the establishment, including any outdoor area which is part of or under the control of the establishment, and is clearly audible to a person of normal hearing located one hundred (100) feet or more from the property line during nighttime hours.

(Ord. No. 2019-71, § 2, 11-19-19)

Sec. 9.65. Sound Pressure Limitations.

(1) In non-Special Land Use SD-IT Industrial-Transportation Districts, at no point on the boundary of a Residential or Commercial Zone District shall the sound pressure level of any individual operation or plant, or the combined operations of any person, firm, or corporation, exceed the decibel levels in the designated octave bands shown below for the zoning districts indicated as measured using test equipment per ANSI/ASA Standards S1.1, S1.4, S1.11, and S1.15, and SAE J-184, or the latest revisions thereof, and with reference to Section 9.66.1 of this Article.

Octave Band Center Frequency (Hz)	*Maximum Sound Pressure Levels (dB) Along District Boundaries (Daytime, Steady Noise) Residential*	*Commercial*
31.5	72	79
63	71	78
125	65	72
250	57	64
500	51	58
1000	45	52
2000	39	46
4000	34	41
8000	32	39
	Maximum repetitive impulse noise sound pressure levels to be 10 (dB) lower than the values shown for steady noise.	

For monitoring purposes, the A scale levels (slow response) of 55 dB(A) and 62 dB(A), respectively, for Residential or Commercial Zone Districts may be used. Any noise level exceeding these values constitute a violation of this subsection of the Article. Where noise levels below the abovementioned 55 dB(A) and 62 dB(A) are measured, the octave band test is to be applied to determine compliance with this subsection.

For purposes of this subsection, maximum nighttime sound pressure levels (between 10:00 p.m. and 7:00 a.m.) are to be 7 (dB) lower than the values shown for daytime steady noise for each octave band center frequency.

(2) For Special Land Uses within SD-IT Industrial-Transportation Districts, at no point either on the boundary of a Residential or Commercial Zone District, or at one hundred twenty-five (125) feet from the nearest property line of a plant or operation, whichever distance is greater,

shall the sound pressure level of any individual operation or plant, or the combined operations of any person, firm, or corporation, exceed the decibel levels in the designated octave bands shown below for the zoning districts indicated, as measured using test equipment per ANSI/ASA Standards S1.1, S1.4, S1.11, and S1.15, and SAE J-184, or the latest revisions thereof, and with reference to Section 9.66.1 of this Article.

Octave Band Center Frequency (Hz)	*Maximum Sound Pressure Levels (dB) Along District Boundaries (Daytime, Steady Noise) Residential*	*Commercial*
31.5	75	80
63	74	79
125	69	74
250	64	69
500	58	63
1000	52	57
2000	47	52
4000	43	48
8000	40	45
	Maximum repetitive impulse noise sound pressure levels to be 10 (db) lower than the values shown for steady noise.	

For monitoring purposes the A scale levels (slow response) of 61 dB(A) and 66 dB(A), respectively, for Residential and Commercial Zone Districts may be used. Any noise levels exceeding these values constitute a violation of this subsection of the Article. Where noise levels below the abovementioned 61 dB(A) and 66 dB(A) values are measured, the octave band test is to be applied to determine compliance with this subsection.

For purposes of this subsection, maximum nighttime sound pressure levels (between 10:00 p.m. and 7:00 a.m.) are to be 7 (dB) lower than the values shown for daytime steady noise for each octave band center frequency.

(3) In Commercial Zone Districts, all activities involving the production, processing, cleaning, servicing, testing, repair of materials, goods or products, or any property use shall conform with the performance standards stated in subsection (1), above, provided that performance standards shall in every case be applied at the boundaries of the lot on which any such activities take place.

(4) In Residential Zone Districts, any property use shall conform with the performance standards stated in subsection (1) above, for Residential Zone District boundaries, provided that performance standards shall in every case be applied at the boundaries of the lot on which such use is established.

(5) The maximum sound pressure levels established in subsections (1), (2), (3) and (4) to be applied to the boundaries of a lot shall not apply to construction sites. Construction site noise level shall be regulated by section 9.63(5) above.

(6) In all instances in which a Special Land Use within an SD-IT Industrial-Transportation District does not adjoin a Residential or Commercial Zone District, the performance standards governing noise for the non-Special Land Use SD-IT Industrial-Transportation Districts shall apply at the nearest Residential or Commercial Zone District boundary line, as these districts are defined and designated under the provisions of the Grand Rapids Zoning Ordinance.

(7) Any property uses established in an Industrial-Transportation or Commercial Zone District shall be so operated as to comply with the following performance standards governing vibrations:

(a) In a Special Land Use within an SD-IT Industrial-Transportation District, any property use creating intense or shaking vibrations such as are created by drop forges or heavy hydraulic surges shall be set back at least three hundred (300) feet from the zoning district line of any Residential or Commercial Zone District and at least one hundred fifty (150) feet from the zoning district line of any non-Special Land Use SD-IT Industrial-Transportation District unless such operation is controlled in such manner as to prevent such transmission beyond the zoning district line of earth shaking vibrations perceptible without the aid of instruments.

(b) In a non-Special Land Use SD-IT Industrial-Transportation District or Commercial Zone District, any property use

creating earth-shaking vibrations such as are created by drop forges or hydraulic surges shall be controlled in such manner as to prevent transmission beyond the lot lines of earth-shaking vibrations perceptible without the aid of instruments.

(Ord. No. 2019-71, § 2, 11-19-19)

Sec. 9.66. Exceptions.

The following uses and activities are not prohibited noises:

(1) Use of motorized lawn mowers and other lawn, landscaping, and yard maintenance equipment or domestic power tools, provided such equipment is used between 7:00 a.m. and 10:00 p.m.

(2) Residential use of snow blowers and snow removal from commercial or industrial properties by any internal combustion device.

(3) Sounds resulting from any authorized emergency vehicle.

(4) Sounds produced at organized sporting events between 7:00 a.m. and 10:00 p.m.

(5) Sounds produced at a special event conducted under a permit issued under this Code, provided the sound complies with the terms of the permit.

(6) Sounds and vibrations produced at the Grand Rapids-Kent County Convention/ Arena Authority Amphitheater between the hours of 7:00 a.m. and 11:00 p.m. except as provided in Subsection (7).

(7) Sounds and vibrations produced at the Grand Rapids-Kent County Convention/ Arena Authority Amphitheater after 11:00 p.m. in the case of performance delays occasioned by unforeseeable, exigent circumstances (including, but not limited to, inclement weather that prevents the safe operations the Amphitheater) with the prior written approval of the City Manager or City Manager's designee. The City Manager shall define the form and content of the request for extended performance hours under this Subsection (7).

(Ord. No. 2019-71, § 2, 11-19-19; Ord. No. 2023-28, § 1, 7-25-23)

Sec. 9.66.1. Test Equipment Standards.

Test equipment standards applicable to tests and measurements described and required herein are:

ANSI/ASA S1.1	Acoustic Terminology (ISO/TR 25417:2007) (IEC 60050-801:1994)
ANSI/ASA S1.4	Sound Level Meters (IEC-61672-1, 2, & 3:2013)
ANSI/ASA S1.11	Octave-band and Fractional-octave-band Filters (IEC 61260-1:2014, 61260-2, 61260-3:2016)
ANSI/ASA S1.15	Laboratory Standard Microphones

or the latest revisions thereof, and such other and further standards as may be propounded in the Code of Recommended Practices of the Director.

(Ord. No. 2019-71, § 2, 11-19-19)

Sec. 9.67. Adjustment of Standards.

It is the intent of the City of Grand Rapids to periodically reevaluate the future noise level limits and other standards contained in this noise control ordinance, and, if appropriate, to adjust such standards either upward or downward to reflect future advances in technology or the state of the art.

(Ord. No. 2019-71, § 2, 11-19-19)

Sec. 9.68. Regulations.

(1) The City Manager may establish regulations for the implementation or enforcement of Article 5, Chapter 151, of Title IX of the Code of the City of Grand Rapids. Any regulation promulgated under this Section shall pertain only to the means, manner, or method of implementation or enforcement of the Article and shall not change, alter, or amend the requirements of the Article. The regulations promulgated hereunder, or amendments or changes thereof, shall become effective upon review and approval by the City Commission.

(2) Violation of the regulations promulgated under this Article shall be punished as provided for in Section 1.13 of this Code.

(3) Copies of the Regulations promulgated under this Section shall be kept on file at the Office of the City Clerk and at the Office of the Director. These regulations shall be available for public inspection and copying during normal business hours.
(Ord. No. 2019-71, § 2, 11-19-19)

Sec. 9.69. Variances.

(1) The provisions of this Article shall not apply to those events, activities, or locations which have been granted a variance, as hereinafter set out, by the City Commission.

(2) The City Commission shall have the authority to grant variances subject to the conditions and under the circumstances set out in this Section. These variances, to be known and entitled as Noise Variances, shall exclude the event, activity or location for which the permit is issued from the operation and requirements of this Article, subject to the provisions of this Section.

(3) Any person seeking a variance pursuant to this Section shall file an application with the City Clerk on a form prescribed by the City Manager. The application shall contain, in addition to such information as shall be required by the City Manager, information demonstrating that bringing the source of sound for which the variance is sought or the activity involved into compliance with this Article, would cause an unreasonable hardship for the applicant, the community or for other persons. Upon receiving such an application, the Clerk shall submit it to the City Manager. Upon receipt of an application, the City Manager shall cause such investigation as he or she deems necessary to be made concerning the application. This investigation may include, but need not be limited to, consulting with such City Departments as he or she may deem necessary or desirable. The City Manager, subject to the provisions of subsection (4) of this Section may, in his or her discretion, cause a public hearing to be held on any application for a Noise Variance. If no public hearing is held, the City Manager, subject to the provisions of subsection (4) of this Section, shall allow interested parties to submit written comments concerning an application for a Noise Variance. The applicant shall, prior to the investigation of the application by the City Manager, cause a public notice of said application for a Noise Variance to be published at least twice in a daily newspaper of general circulation published in the City of Grand Rapids, in a form prescribed by the City Manager.

(4) The City Manager, in addition to such other investigation as he or she may deem necessary:

(a) Shall require applicant to show that the notice requirements herein provided for have been met;

(b) Shall permit applicant to offer such evidence as it desires to establish applicant's position that a variance should be granted;

(c) Shall permit those opposing applicant's request for a variance to offer evidence in opposition to the granting of a variance;

(d) May, in his or her discretion, refuse to receive or hear evidence that is merely cumulative, and may reasonably limit the time allowed to present evidence by those supporting and those opposing the application.

(5) The City Manager shall consider all evidence received pursuant to this Section and based upon this evidence and the results of his or her investigation, shall make a recommendation to the City Commission as to whether a Noise Variance should be granted. The City Manager shall make his or her recommendation based upon the factors set out in subsection (6), and shall state the reasons for his or her recommendation in writing. The application and the recommendation of the City Manager shall be placed on the agenda of the City Commission and shall be considered in due course according to the Rules of the City Commission. In deciding whether to grant the Noise Variance, the City Commission shall consider the factors set out in subsection (6) of this Section. The City Commission shall, by resolution, grant or deny the Variance.

If a resolution approving a Noise Variance is passed, the City Clerk shall issue a Noise Variance subject to the terms of this Section.

(6) The following factors shall be considered in determining whether to grant the variance:

(a) The balance of the hardship to the applicant, the community and other persons in not granting the variance against the adverse impact on the health, safety and welfare of persons adversely affected and any other effects of the granting of the variance.

(b) The number, if any, of previous variances granted to the applicant, or for the same location or activity.

(c) The nearness of any residence or residences, or any other use which would be adversely affected by noise exceeding the limits prescribed by this Article.

(d) The sound level of the sound to be generated by the event or activity.

(e) Whether the type of noise to be produced by the event is usual or unusual for the location or area for which the variance is requested.

(f) The density of population of the area in which the event or activity is to take place.

(g) The time of day or night which the activity or event will take place.

(h) The nature of the sound to be produced, including but not limited to whether the sound will be steady, intermittent or of a repetitive impulse nature.

(7) Neither the City Manager nor the City Commission shall consider the communicative content of the activity or event in determining whether to grant or deny a variance. The rights of all interested persons to due process of law and equal protection of law shall not be denied.

(8) Variances shall only be granted subject to the following conditions:

(a) That the event or activity for which the permit is sought shall be held in a public place.

(b) That the event or activity for which the permit is sought shall be open to the public. There shall be no discrimination based on race, color, creed, national origin, or sex.

(c) Variances issued shall be subject to such reasonable conditions as the City Commission shall require, including, but not limited to, conditions:

(i) Limiting the days of the week for which the variance is valid.

(ii) Limiting the number of days for which the variance is valid.

(iii) Limiting the hours of the day, or days, for which the variance is valid.

Such conditions shall be noted on the variance issued to the applicant and noncompliance with any condition of the variance shall terminate the variance and subject the applicant, event or activity to the provisions of this Article. The variance shall not be valid unless all conditions thereof are agreed to by the applicant, or its duly authorized officer or agent, in writing.

(9) Any variance issued pursuant to this Section shall be kept at the site of the event or activity for which the variance was obtained. The variance shall be displayed, on request, to any law enforcement officer, Environmental Services Department employee or park patrol officer. The requirements of this subsection are hereby made express conditions of the granting of the variance and failure to comply with these conditions shall cause the variance to terminate as provided for in subsection (8).

(10) The City Commission, in granting or denying a variance pursuant to this Section, shall be an administrative body acting in a quasi-judicial capacity, subject to review as provided in Article 6, Section 28, of the Michigan Constitution of 1963.

(Ord. No. 2019-71, § 2, 11-19-19)

Sec. 9.70. Sound Systems in Motor Vehicles.

No person operating or in control of a stopped or moving motor vehicle shall operate or permit the operation of a sound system in the vehicle so as to produce sound that is clearly audible fifty (50) feet from the vehicle between 7:00 a.m. and 10:00 p.m., or clearly audible twenty-five (25) feet from the vehicle between 10:00 p.m. and 7:00 a.m.; provided, however, this section shall not apply to the sound system of a police, fire, or other public service motor vehicle while the public service vehicle is being used in the performance of public service work.
(Ord. No. 2019-71, § 2, 11-19-19)

Sec. 9.70.1. Penalties.

(1) A violation of this Article shall be a municipal civil infraction, punishable by a fine as established in Chapter 170 of this Code.

(2) A person who violates this Article may be warned to cease and desist in lieu of other enforcement action. A person receiving a warning shall be advised to abate and have a reasonable amount of time to comply with the warning. If the warning is heeded and the sound no longer constitutes a prohibited noise, then no other enforcement action shall be taken.

(3) Only one warning shall be given to any entertainment or commercial business location in a six-month period for a violation of Section 9.64. The owner(s) of the entertainment or commercial business shall be responsible to make all persons who may be deemed a responsible person aware of the warning. A warning shall be considered effective against all persons who are then or may during such six-month period be deemed a responsible person.

(4) The owner or partner of an entertainment or commercial business that violates Section 9.64 shall be jointly and severally liable for the violation with the entertainment or commercial business.

(5) Notwithstanding the foregoing, a violation of Section 9.64 or 9.65 of this Article by any person is deemed a misdemeanor punishable by a fine of up to five hundred dollars ($500.00) and a maximum of ninety (90) days in jail, or both, if that person violated Section 9.64 or 9.65 of this Article at any time within the prior six (6) months.

(6) Each occurrence of a violation, or in the case of continuous violations, each day a violation occurs or continues, constitutes a separate infraction, and may be punished separately.
(Ord. No. 2019-71, § 2, 11-19-19; Ord. No. 2026-01, § 2, 1-13-26)

ARTICLE 6. SOUND TRUCKS

DIVISION 1. GENERALLY

Sec. 9.71. Definitions.

In the interpretation of this Article, the following definitions shall apply:

(1) *Sound Truck* shall mean any vehicle or conveyance, other than an emergency vehicle, having mounted thereon or attached thereto any sound amplifying equipment designed or arranged so as to broadcast or propagate sound outside the vehicle or conveyance. This term, then, is not intended to cover normal radio, tape or sound systems installed within the vehicle and intended or arranged primarily to be heard by occupants of the vehicle, but is intended to cover all other vehicles with sound amplifying equipment other than an authorized emergency vehicle such as a police car, ambulance or fire truck.

(2) *Sound Amplifying Equipment* shall mean any machine or device for the amplification of the human voice, music, or any other sound. "Sound Amplifying Equipment" as used herein shall not be construed as including standard automobile radios when used and heard only by occupants of the vehicle in which installed or warning devices on authorized emergency vehicles or horns or other warning devices on other vehicles used only for traffic safety purposes.
(Ord. No. 82-40, 5-4-82)

DIVISION 2. NONCOMMERCIAL USE OF SOUND TRUCKS

Sec. 9.72. Registration Required.

No person shall use, or cause to be used, a sound truck with its sound amplifying equipment in operation for noncommercial purposes in the City of Grand Rapids before filing a registration statement with the City Clerk in writing. Such registration statement shall be effective for not more than one (1) month from the date thereof. This registration statement shall be filed in duplicate and shall state the following:

(1) Name and home address of the applicant.

(2) Address of place of business of applicant.

(3) License number and vehicle identification number of the sound truck to be used by applicant.

(4) Name and address of person who owns the sound truck.

(5) Name and address of person having direct charge of the sound truck.

(6) Name and address of all persons who will use or operate the sound truck.

(7) The purpose for which the sound truck will be used.

(8) A general statement as to the Section or Sections of the City in which the sound truck will be used.

(9) The proposed hours of operation of the sound truck.

(10) The date or dates of proposed operation of the sound truck.

(11) A general description of the sound amplifying equipment which is to be used, including, but not limited to, the following:

a. The type, brand name and serial number of each component of the sound amplifying equipment, including, but not limited to, all microphones, amplifiers and speakers.

b. The power output in watts to be used in the system.

(Ord. No. 82-40, 5-4-82)

Sec. 9.73. Registration Statement Amendment.

Any person using a sound truck or causing a sound truck to be used for noncommercial purposes shall amend any registration statement filed within forty-eight (48) hours after any change in the information furnished in a previously filed registration statement.
(Ord. No. 82-40, 5-4-82)

Sec. 9.74. Identification.

The City Clerk shall return to each person filing a registration statement pursuant to Section 9.72 a certified copy of that statement. This certified copy of the registration shall be carried in the sound truck at all times when the sound amplifying equipment is in operation. The certified copy of the registration shall be promptly displayed, upon request, to any police officer or to any representative of the City of Grand Rapids.
(Ord. No. 82-40, 5-4-82)

Sec. 9.75. Fees.

The registration fee for noncommercial use of sound trucks shall be as prescribed in Chapter 92 of this Code.
(Ord. No. 82-40, 5-4-82)

Cross reference—License fee for sound truck, noncommercial use, § 7.48(56).

Sec. 9.76. Regulations for Use.

Noncommercial use of sound trucks in the City of Grand Rapids with sound amplifying equipment in operation shall be subject to the following limitations:

(1) The only sounds permitted are music or human speech.

(2) Operations shall be permitted on public streets or alleys only between the hours of 11:30 a.m. and 1:30 p.m., between 4:00 p.m. and 6:00 p.m. and between 7:00 p.m., and 9:00 p.m. each day except on Sundays when no operations shall be

authorized. In addition to the foregoing, sound amplifying equipment may also be operated only between 6:30 a.m. an 8:30 a.m. and between 3:00 p.m. and 4:00 p.m. each day except on Sundays in areas zoned industrial in Chapter 61 (Zoning) of this Code. In parks or other places except public streets or alleys, operations shall be permitted only between the hours of 9:00 a.m. and 10:00 p.m., except on Sundays, and in parks only between 1:30 p.m. and 10:00 p.m. on Sundays.

(3) Sound amplifying equipment shall not be operated unless the sound truck upon which such equipment is mounted is moving at a speed of at least ten (10) miles per hour, except when said sound truck is stopped or impeded by traffic or is lawfully parked within three hundred (300) feet of an industrial or commercial establishment in connection with a labor question involving such establishment.

When stopped by traffic the sound amplifying equipment shall not be operated for a period longer than one (1) minute at each such stop. When lawfully parked within three hundred (300) feet of an industrial or commercial establishment under the conditions set forth above, the sound amplifying equipment shall not be operated for a period longer than thirty (30) minutes while the sound truck is parked.

(4) Sound amplifying equipment of sound trucks shall not be operated within three

hundred (300) feet of hospitals, schools, churches, or courthouses.

(5) No sound truck with its sound amplifying equipment in operation shall be operated on the following streets between the points designated:

Monroe Avenue between Michigan Street and Fulton Street.
Fulton Street between Market Avenue and Jefferson Avenue.
Division Avenue between Michigan Street and Wealthy Street.

(6) The human speech and music amplified shall not be obscene.

(7) No sound amplifying equipment shall be operated in such a manner that it produces a sound pressure level in excess of eighty (80) decibels measured at a distance of not less than fifty (50) feet from the vehicle center line under American National Standards Institute Standards with the meter set for fast response and the A-weighted scale.

(8) No sound truck shall be operated on a public sidewalk, in any public place not open to the operation of motor vehicles by the general public, or upon private property without the consent of the owner of that property.

(Ord. No. 82-40, 5-4-82)

DIVISION 3. COMMERCIAL USE OF SOUND TRUCKS

Sec. 9.77. License Required.

No person shall operate any sound truck, or cause any sound truck to be operated, in the City of Grand Rapids for commercial purposes, with sound amplifying equipment in operation, without first having obtained a license therefor from the City Clerk. The license fees shall be as prescribed in Chapter 92 of this Code.

(Ord. No. 82-40, 5-4-82)

Cross reference—License fee for sound trucks, commercial use, § 7.48(56).

Sec. 9.78. Application for License.

Persons applying for the license required in Section 9.77 shall file an application in a form prescribed or provided by the City Clerk. The application shall require such information to be provided as the City Clerk deems necessary to determine whether the applicant will serve the public in a fair, honest, safe, and competent manner and in compliance with this Code and all other applicable laws, ordinances, rules and regulations.

(Ord. No. 82-40, 5-4-82)

Sec. 9.79. Issuance of License.

Upon determining that the applicant is fit and able to serve the public as required by this Article, the City Clerk, upon payment of the license fee, shall issue a license as provided for in this Article.

(Ord. No. 82-40, 5-4-82)

Sec. 9.80. Possession and Display of License.

The license issued by the City Clerk shall be carried in the sound truck at all times when the sound amplifying equipment is in operation. The license shall be promptly displayed, upon request, to any police officer or to any representative of the City of Grand Rapids.

(Ord. No. 82-40, 5-4-82)

Sec. 9.81. Regulations for Use.

No person shall operate a sound truck or cause, allow or permit a sound truck to be used for commercial purposes in violation of the limitations set out in Section 9.76.

(Ord. No. 82-40, 5-4-82)

Secs. 9.82—9.90. Reserved.

ARTICLE 7. LITTER*

Sec. 9.91. Definitions.

In this interpretation of this Article the following definitions shall apply:

(1) *Garbage* is putrescible animal and vegetable wastes resulting from the handling,

*State law reference—Littering, MCL 752.901, MSA 28.603(1).

preparation, cooking and consumption of food.

(2) *Litter* is "garbage," "refuse" and "rubbish" as defined herein and all other waste material which, if thrown or deposited as herein prohibited, tends to create a danger to public health, safety and welfare.

(3) *Park* is a park, reservation, playground, beach, recreation center or any other public area in the City, owned or used by the City and devoted to active or passive recreation.

(4) *Private Premises* is any dwelling, house, building, or other structure, designed or used either wholly or in part for private residential purposes, whether inhabited or temporarily or continuously uninhabited or vacant, and shall include any yard, grounds, walk, driveway, porch, steps, vestibule or mailbox belonging or appurtenant to such dwelling, house, building, or other structure.

(5) *Refuse* is all putrescible and nonputrescible solid wastes (except body wastes), including garbage, rubbish, ashes, street cleanings, dead animals, abandoned vehicles, and solid market and industrial wastes.

(6) *Rubbish* is nonputrescible solid wastes consisting of both combustible and noncombustible wastes, such as paper, wrappings, cigarettes, cardboard, tin cans, yard clippings, leaves, wood, glass, bedding, crockery and similar materials.

Sec. 9.92. Litter in Public Places.

(1) No person shall throw or deposit litter in or upon any street, sidewalk or other public place within the City except in public receptacles, in authorized private receptacles for collection, or in official City Dumps.

(2) No person shall throw any rock, brick, rubbish or other missile into or upon a public street.

(3) No person shall take up any rock, brick, rubbish or other dangerous missile with the intent to throw or deposit it upon a public street in a manner which would be likely to endanger a person, property, or a motor vehicle.

(Ord. No. 69-72, 9-9-69)

Sec. 9.93. Placement of Litter in Receptacles.

Persons placing litter in public receptacles or in authorized private receptacles shall do so in such a manner as to prevent it from being carried or deposited by the elements upon any street, sidewalk or other public place or upon private property.

Sec. 9.94. Sweeping Litter Into Gutters.

No person shall sweep into or deposit in any gutter, street or other public place within the City, the accumulation of litter from any building or lot, or from any public or private sidewalk or driveway. Persons owning or occupying property shall keep the sidewalk in front of their premises free of litter.

Cross reference—Litter and accumulation of rubbish, § 2.6.

Sec. 9.95. Merchants to Keep Sidewalks Free of Litter.

No person owning or occupying a place of business shall sweep into or deposit in any gutter, street or other public place within the City, the accumulation of litter from any building or lot or from any public or private sidewalk or driveway. Persons owning or occupying places of business within the City shall keep the sidewalks in front of their business premises free of litter.

Sec. 9.96. Litter Thrown by Persons in Vehicles.

No person, while a driver or passenger in a vehicle, shall throw or deposit litter upon any street or other public place within the City, or upon private property.

Sec. 9.97. Truck Loads Causing Litter.

No person shall drive or move any truck or other vehicle within the City unless such vehicle is so constructed or loaded as to prevent any load, contents of litter from being blown or deposited upon any street, alley or other public place. Nor shall any person drive or move any vehicle or truck

within the City, the wheels or tires of which carry onto or deposit in any street, alley or other public place, mud, dirt, sticky substances, litter or foreign matter of any kind.

Sec. 9.98. Litter in Parks.

No person shall throw or deposit litter in any park within the City except in public receptacles and in such a manner that the litter will be prevented from being carried or deposited by the elements upon any part of the park or upon any street or other public place. Where public receptacles are not provided, all such litter shall be carried away from the park by the person responsible for its presence and properly disposed of elsewhere as provided herein.

Sec. 9.99. Litter in Lakes, Streams and Fountains.

No person shall throw or deposit litter in any fountain, pond, lake, stream or any other body of water in a park or elsewhere within the City.

Sec. 9.100. Dropping Litter from Aircraft.

No person in an aircraft shall throw out, drop or deposit within the City any litter, handbill or any other object.

Sec. 9.101. Litter on Occupied Private Property.

No person shall throw or deposit litter on any occupied private property within the City, whether owned by such person or not, except that the owner or person in control of private property may maintain authorized private receptacles for collection in such a manner that litter will be prevented from being carried or deposited by the elements upon any street, sidewalk, or other public place or upon private property.

Cross reference—Combustible and solid waste, Ch. 25.

Sec. 9.102. Owner to Maintain Premises Free of Litter.

The owner or person in control of any private property shall at all times maintain the premises free of litter. Provided, however, that this Section shall not prohibit the storage of litter in authorized private receptacles for collection.

Cross references—Litter and accumulation of refuse, § 2.6; property maintenance nuisances, § 9.107 et seq.

Sec. 9.103. Litter on Vacant Lots.

No person shall throw or deposit litter upon any open or vacant private property within the City whether owned by such person or not.

Sec. 9.104. Clearing of Litter from Open Private Property by City.

(1) *Notice to Remove.* The City Manager is hereby authorized and empowered to notify the owner of any open or vacant property within the City, or the agent of such owner, to properly dispose of litter located on such owner's property which is dangerous to public health, safety and welfare. Such notice shall be given in accordance with Section 1.11 of this Code.

(2) *Action Upon Non-Compliance.* Upon the failure, neglect or refusal of any owner or agent so notified, to properly dispose of litter dangerous to the public health, safety or welfare within thirty (30) days after receipt of written notice provided for in subsection (1), above, the City Manager shall make a full and complete report thereof to the City Commission, which may then proceed to levy a special assessment against property involved.

Cross reference—Special assessments, Ch. 10.

Sec. 9.105. Owner Responsible for Refuse and Solid Waste Removal.

(1) All the owners of any property shall be responsible for the removal of any refuse located on the parkway adjacent to the owners' property on any day of a scheduled City refuse collection except when the items are placed on the parkway for City collection in accordance with this Code and the City rules and regulations. Failure to comply with the requirements of this Section shall be a violation of this Code and shall constitute a nuisance which may be abated as provided for in this Section. As used in this Section, refuse

shall include any solid waste, garbage, rubbish or refuse as defined in this Code and any trash, rubble, brush, used or discarded property.

(2) Any authorized City employee observing a violation of subsection (1) of this Section may institute the procedure set out in subsection (3) of this Section.

(3) The following procedure shall be used when a violation of subsection (1) is observed:

(a) Any authorized City employee observing refuse not properly contained and marked for pick up may place a notice on or near the refuse which indicates the nature of the violation and that the owner of the property must properly dispose of the refuse, abate the nuisance and eliminate the violation before the next scheduled City refuse collection day. The notice shall also state that if the owner fails to abate the nuisance and eliminate the violation prior to the next scheduled City refuse collection day that the City will do so and that the owner will be responsible for all costs related thereto including administrative costs and fees. The notice shall also state that the accrued costs and fees shall be a personal debt of the owner and may be assessed as a lien against the property until paid.

(b) Whenever a notice as provided in (a) above is served, the City shall also mail a notice to abate the nuisance to the owner of the property at the last known address shown on the City Assessor's records, which notice shall contain the information set out in (a) above. This mailed notice shall be sent by regular first class mail.

(c) If the nuisance is not abated and the violation eliminated prior to the next scheduled City refuse collection day, the City may remove the refuse.

(4) Upon the removal by the City of any refuse as provided for herein, the property owner shall, in addition to other remedies provided for in this Code, be responsible for all City costs and fees.

(5) City costs and fees shall include, but not be limited to:

(a) The cost of removal and disposal of the refuse or solid waste, and

(b) An administrative fee as provided for in Section 9.112 of this Code to pay for the City's administrative costs.

(6) When the City has collected and disposed of refuse pursuant to this Section, the costs and fees established by this Section shall be billed to the property owner. The costs and fees so billed shall be a personal debt of the owner to the City and may be collected in a civil action against the owner. The costs and fees so billed for the abatement of this nuisance shall also constitute a lien against the property and may be so assessed and collected as provided for in the City Charter. (Ord. No. 90-73, § 1, 10-16-90)

ARTICLE 8. PROPERTY MAINTENANCE NUISANCES*

Sec. 9.107. Definitions.

The terms used in this Chapter shall have the meanings or definitions provided for below.

Interchangeability: Words stated in the present tense include the future; words stated in the masculine gender include the feminine and neuter; the singular includes the plural and the plural includes the singular.

Terms Defined in Other Provisions of the Grand Rapids City Code: Where terms are not defined in this Article and are defined elsewhere in the Grand Rapids City Code, such terms shall have the meanings assigned to them in those City Code provisions unless the context of this Chapter clearly indicates otherwise.

Terms Not Defined: Where terms are not defined through the methods set out in this Section,

*Cross references—Solid waste management, Ch. 25; general health regulations, Ch. 71; yard maintenance standards, § 8.567 et seq.; Building Maintenance Code, Ch. 136.

State law reference—Control and eradication of noxious weeds, MCL 247.61 et seq.

such terms shall have the ordinarily accepted meanings consistent with the text of this Chapter.

1. *Garbage* means rejected food wastes, including waste accumulation of animal, fruit or vegetable matter, used or intended for food or that attends the preparation, use, cooking, dealing in, or storing of meat, fish, fowl, fruit or vegetable.

2. *Hazard* or *Hazardous* means a condition which may potentially result in the death, injury or illness of a human or in severe damage to real or personal property.

3. *Inoperable Vehicle* shall mean any motor vehicle unable to move under its own power, or part of any motor vehicle or other conveyance which is wrecked, disabled, partially dismantled, junked, or abandoned.

4. *Owner* means every person holding legal or equitable title to a property or to real improvements upon a property solely, jointly, by the entireties, in common, or as land contract vendee. Owner shall also mean:

   (a) Every person who in fact has been empowered to act on behalf of, or as agent of the owner; or

   (b) Every person who has or exercises care, custody, dominion or control over any property; or

   (c) Every person who is a record owner as demonstrated by a deed or other document of title recorded at the office of the Register of Deeds; or

   (d) Every person listed as the taxpayer by Assessor's records.

   An owner shall not include any person who is a tenant.

5. *Residential Composting* means the collection of organic materials from household kitchen food and yard waste, in a fully enclosed and commercially manufactured compost receptacle.

6. *Rubbish* means hazardous or non-hazardous non-putrescible solid waste, excluding ashes, including, but not limited to, all combustible and noncombustible waste, paper, cardboard, metal containers, wood, glass, trash, rubber, brush, bedding, crockery, used or demolished building materials, litter of any kind, and discarded items of little or no apparent value.

7. *Unlicensed* or *Unregistered Vehicle* shall mean any motor vehicle or other vehicle or conveyance which lacks a current license plate or registration required for use and includes any vehicle or conveyance which is inoperable or is not functional as intended.

8. *Vendoring* means the hiring of a contractor or vendor by the City to perform work pursuant to this Article.

(Ord. No. 2006-32, § 1, 6-6-06; Ord. No. 2011-44, § 2, 10-11-11; Ord. No. 2013-44, § 1, 9-10-13, eff. 10-1-13)

Sec. 9.108. Nuisances Prohibited on Public and Private Property.

The following conditions are declared a public nuisance. All property within the City, whether occupied or vacant, improved or unimproved, shall be maintained by the owner free of the following nuisances:

(1) Ragweed, poison ivy, poison sumac, poison oak and similar plants.

(2) Any grass, weeds or undergrowth higher or longer than twelve (12) inches, except:

   (a) On portions of undeveloped property behind a wooded tree line.

   (b) On portions of unsubdivided lands more than twenty-five (25) feet from a public sidewalk or a street open to the public.

   (c) On portions of undeveloped lots in a subdivision less than sixty (60) percent developed lying more than twenty-five (25) feet from a public sidewalk or public street.

(3) Any bush, shrub, tree or other vegetation or portion thereof obstructing the line of

vision or interfering with passage of pedestrians or motorists on a sidewalk, walkway, driveway or street.

(4) Stagnant or Unsanitary Water.

(5) Garbage or rubbish or any other unhealthy, hazardous or offensive condition, object or substance, subject to the following exceptions. Residential composting, as that term is defined in this Chapter, shall be permitted subject to the following conditions:

(a) Residential composting is only permitted on the premises of an occupied residential dwelling.

(b) The compost may not contain animal waste, meat, bones, grease, oils, fats, or cooked foods of any kind.

(c) The compost must be completely contained in a fully enclosed and commercially manufactured compost receptacle.

(d) The compost receptacle must be located in the rear yard of the residential dwelling.

(e) The compost receptacle must be kept tightly covered except when opened for deposit or removal of compost materials.

(f) The compost receptacle shall have a capacity of no greater than 64 cubic feet.

(g) The compost receptacle shall be constructed of rigid and durable materials, which shall not include any of the following: burlap, tarp, vehicle tires, wire mesh, chicken wire, flexible fencing material of any kind, or any substantially similar materials.

(6) Any dead tree or any portion thereof, or any dying tree that presents a hazard to any member of the public or to property.

(7) Any Unsecured Building. An unoccupied or vacant building, structure or part thereof shall be kept secured by the owner against unauthorized entry and water damage. Boarding shall be done in a manner and with materials as specified in Section 9.110 of this Code.

(8) Reserved.

(9) Refrigerators, Freezers, or Similar Equipment Providing Enclosed Spaces. A refrigerator, an airtight container, a tank with an open access hole and any other contrivance or property which encloses or substantially encloses a space is declared to be an unlawful and immediate hazard, a nuisance and a violation of this Code if placed anywhere outdoors in a manner which could result in injury or death. Such declared hazard, space or equipment may be abated as an emergency without notice. Upon making harmless a violation of this Section, the City shall issue a notice to abate the violation as set forth in Section 9.111 of this Chapter.

(10) Failure to Maintain Alleys, Parkways, or Property Abutting Public Right-of-Ways. Every owner shall be responsible for maintaining the following public access areas abutting their property in compliance with this Article, including the following:

(a) The sidewalk and parkway to the curb or street pavement, except for dead trees;

(b) A public or utility easement to the centerline;

(c) An alley or alleyway to the centerline, except for standing or stagnant water.

(11) Inoperable, Unlicensed or Unregistered Vehicles. No more than one (1) operable vehicle, that is unlicensed or unregistered shall be located outdoors for more than seven (7) days on a property with a residential or commercial structure. Such vehicle must be located behind a dwelling or commercial building. Inoperable, unlicensed or unregistered vehicle storage is prohibited on any vacant property, whether a structure exists on the property or not.

(12) Outdoor Furniture. Any furniture or furnishings manufactured or intended to be for indoor use and is not constructed to be used outdoors, shall not be placed within the yard or on any unenclosed porch or similar area that will allow access for vermin, weather or arson.

(Ord. No. 2006-32, § 1, 6-6-06; Ord. No. 2010-30, § 1, 6-22-10; Ord. No. 2013-44, §§ 2, 3, 9-10-13, eff. 10-1-13; Ord. No. 2023-29, § 1, 7-25-23)

Sec. 9.108a. Personal Property, Belongings, Furnishings or Equipment Left in the Right-of-Way.

(1) *Definitions.* The definitions contained in this subsection shall govern the construction, meaning and application of words and phrases used in this Section.

(a) *City Employee* means any full or part-time employee of the City of Grand Rapids or a contractor retained by the City for the purpose of implementing this Section.

(b) *Essential Personal Property* means any and all personal property that cumulatively is less than two cubic feet in volume, which, by way of example, is the amount of property capable of being carried within a backpack.

(c) *Excess Personal Property* means any and all personal property that cumulatively exceeds the amount of property that could fit in a 32-gallon container with the lid closed.

(d) *Personal Property* means any tangible property, and includes, but is not limited to, goods, materials, merchandise, Tents, tarpaulins, bedding, sleeping bags, hammocks, sheds, structures, mattresses, couches, chairs, other furniture, appliances, and personal items such as household items, luggage, backpacks, clothing, documents, and medication.

(e) *Public Area* or *Public Areas* means all property that is owned, managed or maintained by the City, including property under the jurisdiction of the Department of Parks and Recreation, and shall include, but not be limited to, any street, sidewalk, medial strip, space, ground, park, building or structure.

(f) *Store, Stored, Storing* or *Storage* means to put personal property aside or accumulate for use when needed, to put for safekeeping, and/or to place or leave in a public area. Moving personal property to another location in a public area or returning personal property to the same block on a daily basis shall be considered storing. This definition shall not include any personal property that, pursuant to statute, ordinance, permit, regulation or other authorization by the City or State, is stored with the permission of the City on real property that is owned or controlled by the City.

(g) *Unattended* means no person is present with the personal property to assert or claim ownership of the personal property. Conversely, property is considered "attended" if a person is present with the personal property and the person claims ownership over the personal property.

(2) *Regulation and Impoundment of Stored Personal Property; Discard of Certain Stored Personal Property.*

(a) No person shall store any unattended personal property or attended excess personal property in a public area. With pre-removal notice as specified in Subsection 3(a), the City may impound any unattended personal property in a public area, regardless of volume. Post-removal notice shall be provided as set forth in Subsection 3(b).

(b) No person shall store any attended excess personal property in a public area. With pre-removal notice as specified in Subsection 3(a), the City may impound any attended excess personal property stored in a public area. Post-removal notice shall be provided as set forth in Subsection 3(b).

(c) No person shall store any personal property in a public area in such a manner as to obstruct, disrupt, or interfere with City operations of any nature, including but not limited to maintenance or cleaning. Without prior notice, the City may temporarily move personal property, whether attended or unattended, which is obstructing City operations in a public area during the time necessary to conduct the City operations. The City also may impound personal property that is obstructing City operations in a public area, pursuant to Subsection 3(a) or 3(b).

(d) No person shall store any personal property in a public area in such a manner that it does not allow for passage as provided by the Americans with Disabilities Act of 1990, Pub. L. No. 101-336, 104 Stat. 328 (1990), as amended from time to time. Without prior notice, the City may move and may immediately impound any personal property, whether attended or unattended, stored in a public area in such a manner that it does not allow for passage as required by the ADA. Post-removal notice shall be provided as set forth in Subsection 3(b).

(e) No person shall store any personal property, whether attended or unattended:

(i) Within ten (10) feet of any operational or utilizable driveway or loading dock;

(ii) Within five (5) feet of any operational or utilizable building entrance or exit;

(iii) Within two (2) feet of any fire hydrant, fire plug, or other fire department connection; or

(iv) In a manner which intentionally blocks or interferes with others' ability to safely use a public bench or other physical public sitting structure.

(v) Without prior notice, the City may move and may immediately impound any personal property, whether attended or unattended, stored in a public area in violation of this subsection. Post-removal notice shall be provided as set forth in Subsection 3(b).

(f) No person shall store any personal property in a public area if the personal property, whether attended or unattended, constitutes an immediate threat to the public health or safety. Without prior notice, the City may remove and may discard any personal property stored in a public area if the personal property poses an immediate threat to the health or safety of the public.

(i) Garbage or rubbish or any other unhealthy, hazardous or unsafe item may be disposed immediately pursuant to City protocol and is not required to be stored pending disposal.

(g) No person shall store any personal property, whether attended or unattended, in such a manner that obstructs or interferes with any activity in a public area for which the City has issued a permit. Without prior notice, the City may move and may immediately impound any personal property stored in a public area in violation of this subsection. Post-removal notice shall be provided as set forth in Subsection 3(b).

(h) No person shall store any personal property, whether attended or unattended, in such a manner as to obstruct any portion of a street or other public right-of-way open to use by motor vehicles, a designated bike lane or bike path, or other public right-of-way open exclusively to use by bicycles. Without prior notice, the City may move and may immediately impound any personal property, whether attended or unattended, in violation of this subsection. Post-removal notice shall be provided as set forth in Subsection 3(b).

(3) *Notice.*

(a) *Pre-Removal Notice.* Pre-removal notice shall be deemed provided if a written notice is provided to the person who is storing or claims ownership of the personal property, or is posted conspicuously on or near the personal property. The written notice shall contain the following:

(i) A general description of the personal property to be removed.

(ii) The location from which the personal property will be removed.

(iii) The date and time the notice was posted.

(iv) A statement that the personal property has been stored in violation of Subsection 2.

(v) A statement that the personal property may be impounded if not removed from public areas.

(vi) A statement that moving personal property to another location in a public area shall not be considered removal of personal property from a public area.

(vii) The address where the removed public property will be located, including a telephone number and the internet website of the City through which a person may receive information as to impounded personal property as well as information as to voluntary storage location(s).

(viii) A statement that impounded personal property may be discarded if not claimed within thirty (30) days after impoundment.

(b) *Post-Removal Notice.* Upon removal of stored personal property, written notice shall be conspicuously posted in the area from which the personal property was removed. The written notice shall contain the following:

(i) A general description of the personal property removed.

(ii) The date and approximate time the personal property was removed.

(iii) A statement that the personal property was stored in a public area in violation of Subsection 2.

(iv) The address where the removed personal property will be located, including a telephone number and internet website of the City through which a person may receive information as to impounded personal property.

(v) A statement that impounded personal property may be discarded if not claimed within thirty (30) days after impoundment.

(4) *Storage and Disposal.*

(a) Except as specified herein, the City shall move personal property to a place of storage.

(b) Except as specified herein, the City shall move and store impounded personal property for 30 days, after which time, if not claimed, it may be discarded. The City shall not be required to undertake any search for, or return, any impounded personal property stored for longer than thirty (30) days.

(c) The City shall maintain a record of the date any impounded personal property was discarded.

(d) Garbage or rubbish or any other unhealthy, hazardous or unsafe item may be disposed immediately pursuant to City protocol and is not required to be stored pending disposal.

(5) *Repossession.* The owner of impounded personal property may repossess the personal property prior to its disposal upon submitting satisfactory proof of ownership. A person may establish satisfactory proof of ownership by, among other methods, describing the location from and date when the personal property was impounded from a public area, and providing a reasonably specific and detailed description of the personal property. Valid, government-issued identifica-

tion is not required to claim impounded personal property. An owner of personal property shall not be charged a fee if repossession occurs within thirty (30) days of removal.

(6) *Ban on Tents and other Attachments in Certain Public Areas and Regulation of Hours in other Public Areas.*

(a) Unless a permit is obtained, no person shall erect, configure, construct, maintain, use, occupy, or allow to remain erected any tent in any public area. Without prior notice, the City may deconstruct any tent, whether attended or unattended, in violation of this subsection. With pre-removal notice as specified in Subsection 3(a) or posted signage, the City may impound any tent in violation of this subsection.

(b) No person shall erect any barrier against or lay string or join any wires, ropes, chains or otherwise attach any personal property to any public property, including but not limited to, a building or portion or protrusion thereof, fence, bus shelter, trash can, mailbox, pole, bench, news rack, sign, tree, bush, shrub or plant, without prior written consent of the City.

(c) No person shall erect any barrier against or lay string or join any wires, ropes, chains or otherwise attach any personal property to any private property in such a manner as to create an obstruction on or across any street or area where the public may travel.

(d) Without prior notice, the City may remove any barrier, string, wires, ropes, chains or other attachment of personal property, whether attended or unattended, to any public property, or to any private property which creates an obstruction to any Street or area where the public may travel.

(Ord. No. 2023-29, § 2, 7-25-23)

Sec. 9.109. Abatement of Property Maintenance Nuisances.

Upon observing a violation of this Article, the City may issue a Notice to Abate, as provided for in Section 9.111, and take such other action or actions as is provided for in this Article to abate the public nuisance. These actions may include any of the administrative Code enforcement, abatement-related or abatement actions provided for in Section 9.113. These actions may include, but shall not be limited to, abatement of the public nuisance by a City contractor or vendor or other means determined by the City as provided for in Section 9.112.

(Ord. No. 2006-32, § 1, 6-6-06; Ord. No. 2011-44, § 3, 10-11-11)

Sec. 9.110. Standards for Abatement of Structural Nuisances.

All windows, doors or other openings in a vacant or unoccupied structure which can be reached from the ground or from an appurtenance or adjacent structure shall be in good repair and locked or otherwise fastened from the inside or shall be secured in the manner set forth in this Code. All openings or structural elements in poor repair which allow the interior to be damaged by water shall be secured or otherwise made watertight.

(1) *Boarding Exterior Openings.* Boarding shall be secured by use of exterior grade plywood of at least ⅜" thickness, cut to the size of the opening and secured by use of Phillips headed 2½" long screws, spaced to inhibit prying, on all first story or ground accessible points of entry or by use of 16d common nails which are permitted only on entry points being secured above the first story or where not accessible from the ground level. Boards may be placed over all points of entry. Open holes, overlapping and extensions beyond the frame which allow prying are not permitted. Boarding shall be painted either white, grey or a color similar to that of the boarded building.

(2) *Time Limit to Secure Structure.* A City order to board or secure a property shall be complied with in not more than seventy-two (72) hours. If the securing has not been commenced, is incomplete, or does not comply with the requirements for boarding, the City shall secure the

structure and the City shall bill the owner of record for all costs incurred, including service fees and administrative costs. The amount so billed shall constitute a personal debt of the owner and may be assessed as a lien against the cited property.

(Ord. No. 2006-32, § 1, 6-6-06; Ord. No. 2010-30, § 2, 6-22-10)

Sec. 9.111. Notice to Abate.

Upon observing a violation of the provisions of this Article upon any property not under the control or ownership of the City of Grand Rapids, the County of Kent or the State of Michigan, the City may issue a Notice to Abate. The Notice to Abate shall include:

(1) The nature and location of the violation.

(2) The time within which the violation must be abated.

(3) Notice that the City may act to abate the violation if it is not abated by the owner within a reasonable time stated in the Notice, but which may not exceed fifteen (15) days.

(4) Notice that the cost of such action by the City, plus an administrative fee, shall be a personal debt of the owner, which may be assessed as a lien against the property until paid.

(5) Notice that any refusal to allow the City to abate an uncorrected violation shall be a separate violation under this Code.

(Ord. No. 2006-32, § 1, 6-6-06)

Sec. 9.112. Authorization for City Abatement.

Upon failure of a property owner to abate a violation as ordered in a Notice to Abate, the City may abate the nuisance. This abatement may be performed by the City, by a contract vendor, or by other means determined by the City.

(Ord. No. 2006-32, § 1, 6-6-06)

Sec. 9.113. Code Enforcement Actions; Additional Abatement Notices and Actions and Administrative Fees.

The actions taken to abate a public nuisance pursuant to this Article may include any of the actions provided for in this Section as determined by the City. The fees necessary for the administration of this Article and authorized by Section 9.114 shall be established from time to time by resolution of the City Commission. Where any action not specifically authorized by this Section is taken by the City, the fee charged by the City shall include the actual cost of such action and any administrative costs incurred in taking such action. Actions specifically authorized by this Section and the administrative fees shall include the following:

(1) Notice to Abate;

(2) Search Warrant;

(3) Contact Request or Warning of Abatement Action;

(4) Attorney Warning Letter;

(5) Civil Infraction Preparation;

(6) Additional Inspections;

(7) Vendoring;

(8) Second and Subsequent Vendoring;

(9) Vehicle Removal;

(10) Second and Subsequent Vehicle Removal;

(11) Denied Entry.

(Ord. No. 2006-32, § 1, 6-6-06; Ord. No. 2011-44, § 4, 10-11-11)

Sec. 9.114. Charge to Owner.

All of the costs of Code enforcement and abatement-related activities on private or public property provided for in this Article incurred by the City shall be billed to the owner and shall be paid within 30 days of mailing. All costs of actual abatement and any Code enforcement or abatement-related activities, as provided for in this Article, shall be a personal debt owed the City by the owner of any private property upon which a public nuisance is located. The debt shall also, in

addition to being a personal debt, be charged against such premises and the owner thereof and shall be a lien on the property until paid.

It shall be a violation of this Code for any person to fail, neglect or refuse to comply with an order issued pursuant to the provisions of this Chapter unless an appeal is lawfully filed as provided for in this Chapter."
(Ord. No. 2006-32, § 1, 6-6-06; Ord. No. 2011-44, § 4, 10-11-11)

Sec. 9.115. Penalties.

A violation of Section 9.108 of this Code is a civil infraction.

State law reference—Assaults, MCL 750.81 et seq.

Sec. 9.133. Property Offenses.

No person shall:

(1) Trespass upon the premises of another or unlawfully remain upon the premises of another to the annoyance or disturbance of the lawful occupants.

(2) Prowl about the premises of any other person in the nighttime without authority or the permission of the owner of such premises.

(3) Lurk, lie in wait or be concealed in any business, yard or other premises with intent to commit any crime or offense whatsoever.

(4) Wilfully, wantonly or recklessly damage, destroy, alter or deface public property or the property of any other person.

(5) Take or remove or attempt to take or remove any property not his or her own.

(6) Obtain or attempt to obtain goods or money by fraud, trick or under false pretenses.

(7) Meddle with, tamper with, interfere with, move, damage or disconnect any property not his or her own.

(8) Destroy, damage or in any manner alter or deface any drinking fountain or public toilet or restroom; or deposit or throw any substance in any water fountain for drinking; or in any manner pollute the water therein.

(9) Urinate, defecate or perform any other act which creates a hazardous or deleterious condition in any public place or upon the property of any other person. This subsection shall not apply to public restroom facilities.

(10) Affix, paste or otherwise attach to any vehicle owned by another person any notice, poster, leaflet, broadside or other item or device which interferes with the vision of the driver or causes or tends to cause damage to said vehicle. This subsection shall not apply to parking violation notices placed on motor vehicles by duly authorized representatives of the City or by law enforcement officers of any other governmental unit when acting in the course of their official duties.

(11) Commit the following conduct:

a. Order, procure, or consume any food and/or beverage at any restaurant, bar, café or any other type of establishment serving food and/or drink;

b. Without paying therefore, except when credit is given therefore by express agreement;

c. With intent to defraud such establishment out of the pay for the same.

d. In all prosecutions under this subsection, prima facie evidence of intent to defraud shall include the following:

(i) Obtaining such food and/or beverage by false pretense; or

(ii) Obtaining such food and/or beverage by false or fictitious show of any method of payment; or

(iii) Refusal, neglect or otherwise failure to pay therefore on demand; or

(iv) Payment thereof with a credit card, debit card, check, draft, or order upon a bank or depository on which payment was refused or otherwise declined; or

(v) Absconding without paying or offering to pay therefore.

e. No conviction shall be had under the provisions of this subsection unless complaint is made within 60 days of the time of the violation hereof.

(Ord. No. 76-14, 3-2-76; Ord. No. 2014-13, § 1, 3-11-14; Ord. No. 2014-19, § 1, 3-25-14)

State law reference—Use of chemical agents, MCL 752.271 et seq.

Sec. 9.135. Offenses Against Government Order.

No person shall knowingly and willfully:

(1) Assault, batter, resist or obstruct any police officer or other law enforcement officer in the performance of his or her duties as such.

(2) Fail or refuse to obey a lawful order of any law enforcement officer that is issued in the performance of the officer's official duties provided that the officer is in uniform or otherwise identifies or offers to identify himself or herself as a law enforcement officer.

(3) Fail or refuse to identify oneself when requested to do so by any law enforcement officer when the officer is attempting to issue to such person a citation or appearance ticket for a violation of this Code or of any City or State law.

(4) When operating a motor vehicle which has been stopped in response to a law enforcement officer's signal, command or direction, leave or attempt to leave the scene unless and until such person has identified himself or herself to the officer.

(5) Escape or attempt to escape while lawfully confined by or in the custody of the City of Grand Rapids or any of its law enforcement officers.

(6) Give false information in connection with an official investigation of any violation of

this Code or of any City or State law to any law enforcement officer or other official or employee of the City of Grand Rapids, when said officer, official or employee is acting in his or her official capacity.

(7) Fail or refuse to obey a hand, voice, emergency light, emergency siren, or other visual or audible signal of any law enforcement officer that is issued in the performance of the officer's official duties, directing the operator of a motor vehicle to bring his or her motor vehicle to a stop. This subsection does not apply unless the law enforcement officer giving the signal is clearly identified as a police officer and the officer's vehicle is identified as an official police vehicle, by official decals and/or the presence of activated emergency lights and/or siren.

(Ord. No. 76-14, 3-2-76; Ord. No. 80-51, 7-1-80; Ord. No. 2005-89, § 1, 11-15-05; Ord. No. 2014-14, § 1, 3-11-14)

Sec. 9.137. Breach of the Peace Offenses.

No person shall:

(1) Create or engage in any disturbance, fight or quarrel in a public place.

(2) Create or engage in any disturbance, fight or quarrel that causes or tends to cause a breach of the peace.

(3) Disturb the public peace and quiet by loud or boisterous conduct.

(4) Disturb without lawful authority any lawful assembly or meeting of persons.

(5) Engage in, participate in or attempt to engage in or participate in a riot.

(6) Incite, cause or attempt to incite or cause a riot.

(7) Utter profane, obscene or injurious language directed at or in the presence of another person, which language causes or would tend to cause an immediate breach of the peace.

(Ord. No. 76-14, 3-2-76)

State law references—Disorderly persons, MCL 750.167; cursing and swearing, MCL 750.103; disturbance of religious meetings, MCL 752.525 et seq.; disturbance of meetings, MCL 750.169 et seq.; improper language in the presence of women/children, MCL 750.337.

Sec. 9.138. Vice Offenses.

No person shall:

(1) Engage in any act of prostitution.

(2) Knowingly attend, frequent, operate or be an occupant or inmate of any place where prostitution, illegal gambling, the illegal sale of intoxicating liquor, or where any other illegal business or occupation is permitted or conducted.

(3) Engage in prostitution, illegal gambling, the illegal sale of intoxicating liquor or any other illegal business or occupation.

(4) Solicit or accost any person for the purpose of inducing the commission of any illegal act.

(5) Transport any person to a place where he or she knows prostitution, illegal gambling or other illegal activity is practiced, encouraged or allowed for the purpose of enabling the person transported to engage in illegal gambling, prostitution or any other illegal activity.

(6) Keep or maintain a gaming room, gaming tables or any policy or pool tickets used for illegal gambling, or knowingly suffer or allow a gaming room, gaming tables or any policy or pool tickets used for illegal gambling to be kept, maintained, played or sold on any premises occupied or controlled by him or her.

(7) Knowingly attend, loiter about, frequent or remain in or upon any building, house, vacant lot, street, curblawn, parkway, alley, yard, apartment, store, automobile, boat, boathouse, airplane, or other place of any description whatsoever where any illegal controlled substance or any drug paraphernalia is sold, dispensed, furnished, given away, or stored.

As used in this subsection, "controlled substance" shall be defined as provided for in the Controlled Substance Act of the State of Michigan, MCL 333.7101 et seq., (MSA 14.15(7101) et seq.), as amended.

As used in this subsection, "drug paraphernalia" shall be defined as provided for in 1988 Public Act 139, MCL 333.7451 et seq. (MSA 14.15(7451) et seq.).

This subsection shall not apply to persons licensed or permitted by the State of Michigan to engage in the activity otherwise prohibited herein nor to any person lawfully possessing a controlled substance pursuant to a prescription written by a person authorized to write prescriptions under the State and Federal law. The application of the exception provided by this paragraph shall constitute an affirmative defense which must be raised by the accused.

(3) Permit or allow any loud or boisterous noise, or any fight, quarrel or disturbance on any premises owned, occupied or controlled by him or her.

(Ord. No. 76-14, 3-2-76)

Sec. 9.140. Conduct in sexually oriented businesses.

(1) *Purpose and Findings.*

a. The City hereby adopts and incorporates herein its stated findings and legislative record related to the adverse secondary effects of sexually oriented businesses, including the judicial opinions and reports related to such secondary effects, as detailed in Section 5.9.25.A of this Code.

b. The City Commission also relies upon findings concerning secondary effects contained in additional reports as well as in cases in accord with those cited in Section 5.9.25.A, including those upholding regulations of nudity and the time, place, and manner of operation of sexually oriented

businesses: *Deja Vu of Cincinnati, L.L.C. v. Union Township,* 411 F.3d 777 (6th Cir. 2005);*Bronco's Entertainment, Ltd. v. City of Gary,* Case No. 2:01-CV-327 (N.D. Ind. 2005); Summaries of Key Reports Concerning the Negative Secondary Effects of Sexually Oriented Businesses; Rome, Georgia—1996; San Diego, California—2003; Greensboro, North Carolina—2003; Dallas, Texas—1997; and numerous media reports, in finding that:

(i) Sexually oriented businesses, as a category of commercial uses, are often associated with a wide variety of adverse secondary effects including, but not limited to, personal and property crimes, prostitution, potential spread of disease, lewdness, public indecency, illicit drug use and drug trafficking, negative impacts on surrounding properties, urban blight, litter, and sexual assault and exploitation.

(ii) Illegal and unsanitary acts involving nudity, including lewd conduct, masturbation, oral and anal sex, occur at unregulated sexually oriented businesses, including those businesses which provide private or semi-private rooms, booths, or cubicles for viewing films, videos, or live performances.

(iii) Each of the foregoing negative secondary effects constitutes a harm which the City has a substantial government interest in preventing and/or abating. This substantial government interest in preventing secondary effects, which is the City's rationale for this ordinance, exists independent of any comparative analysis between sexually oriented and

non-sexually oriented businesses. Additionally, the City's interest in regulating sexually oriented businesses extends to preventing future secondary effects of either current or future sexually oriented businesses that may locate in the City. The City finds that the cases and documentation relied on in this ordinance are reasonably believed to be relevant to said secondary effects.

(2) *Definitions.*

a. The terms in this Chapter shall have the meanings ascribed to them in Section 5.16.02, R—"REGULATED USES"— of this Code, unless otherwise indicated herein.

b. In addition, the following terms shall have the meanings ascribed to them as follows:

(i) "*Employee*" means a person who performs any service for any consideration on the premises of an sexually oriented business on a full-time, part-time, or contract basis, whether or not the person is denominated an employee, independent contractor, agent, or otherwise, and whether or not said person is paid a salary, wage, or other compensation by the operator of said sexually oriented business. Employee does not include a person exclusively on the premises for repair or maintenance of the premises or equipment on the premises or for the delivery of goods to the premises.

(ii) "*Nudity,*" "*Nude,*" or "*State of Nudity*" means the knowing or intentional live display of a human genital organ or anus with less than a fully opaque covering or a female's breast with less than a fully opaque covering of the nipple and areola. Nudity, as used in this section, does not include a woman's breastfeeding of a baby whether or not the nipple or areola is exposed during or incidental to the feeding.

(iii) "*Operate*" or "*Cause to Operate*" shall mean to cause to function or to put or keep in a state of doing business. "*Operator*" means any person on the premises of a sexually oriented business who exercises overall operational control of the business or a part of the business, who can open or close the business to the public, or who causes to function or who puts or keeps the business open or in operation. A person may be found to be operating or causing to be operated a sexually oriented business regardless of whether that person is an owner or part owner of the business.

(iv) "*Semi-Nudity,*" "*Semi-Nude,*" or *in a* "*Semi-Nude Condition*" means the showing of the female breast below a horizontal line across the top of the areola and extending across the width of the breast at that point, or the showing of the male or female buttocks. This definition shall include the lower portion of the human female breast, but shall not include any portion of the cleavage of the human female breasts exhibited by a bikini, dress, blouse, shirt, leotard, or similar wearing apparel provided the areola is not exposed in whole or in part.

(v) "*Sexually Oriented Business*" for purposes of this Chapter shall mean any adult motion picture theater, adult bookstore, adult novelty store, adult video store, adult cabaret or seminude model studio as defined in Section 5.16.02, R—"REGULATED USES"— of this Code.

(vi) "*Patron*" means a customer of the sexually oriented business or a person from the general public, not an "employee" of the business, who is on the premises to obtain, receive, or view the products, services, or performances offered by the business.

(vii) "*Regularly*" means recurring, attending, or functioning at fixed or uniform intervals.

(3) *Unlawful Activities.*

a. Nothing contained in this Chapter is intended, or shall be construed, to permit or authorize activities which are unlawful under state law or City ordinance. It is unlawful and a violation of this Chapter for an operator to knowingly or intentionally violate the provisions of this Chapter or to allow, either knowingly or intentionally, an employee or a patron to violate the provisions of this Chapter. It shall be a defense to prosecution that the person prosecuted was powerless to prevent the violation.

b. No person shall knowingly or intentionally, in a sexually oriented business, appear before a patron or patrons in a state of nudity, regardless of whether such public nudity is expressive in nature.

c. No employee shall knowingly or intentionally, in a sexually oriented business, appear within view of any patron in a semi-nude condition unless the employee, while semi-nude, shall be and remain at least six (6) feet from all patrons and on a fixed stage at least eighteen (18) inches from the floor in a room of at least six hundred (600) square feet.

d. A sexually oriented business which exhibits on the premises, through any mechanical or electronic image-producing device, a film, video cassette, digital video disk, or other video reproduction characterized by an emphasis on the display of specified sexual activities or specified anatomical areas shall comply with the following requirements: The interior of the premises shall be configured in such a manner that there is an unobstructed view from an operator's station of every area of the premises, including the interior of each viewing room but excluding restrooms, to which any patron is permitted access for any purpose. An operator's station shall not exceed thirty-two (32) square feet of floor area. If the premises has two (2) or more operator's stations designated, then the interior of the premises shall be configured in such a manner that there is an unobstructed view of each area of the premises to which any patron is permitted access for any purpose from at least one (1) of the operator's stations. The view required in this paragraph must be by direct line of sight from the operator's station. It is the duty of the operator to ensure that at least one (1) employee is on duty and situated in an operator's station at all times that any patron is on the portion of the premises monitored by that operator station. It shall be the duty of the operator, and it shall also be the duty of any employees present on the premises, to ensure that the view area specified in this paragraph remains unobstructed by any doors, curtains, walls, merchandise, display racks or other materials or enclosures at all times that any patron is present on the premises.

e. Sexually oriented businesses that do not have stages or interior configurations which meet at least the minimum requirements of this section shall be given one hundred eighty (180) days from the effective date of this Article to comply with the stage and building requirements of this section. During said one hundred eighty (180) days, any employee who appears within view of any patron in a semi-nude condition shall nevertheless remain, while semi-nude, at least six (6) feet from all patrons.

f. No employee who regularly appears within view of patrons in a semi-nude condition in a sexually oriented business shall knowingly or intentionally touch a patron or the clothing of a patron in a sexually oriented business.

g. No operator shall allow or permit a sexually oriented business to be or remain open between the hours of two o'clock (2:00) a.m. and seven o'clock (7:00) a.m. on any day.

(4) *Scienter Required to Prove Violation or Business Liability.* This Article does not impose strict liability. Unless a culpable mental state is otherwise specified herein, a showing of a knowing or reckless mental state is necessary to establish a violation of a provision of this Article. Notwithstanding anything to the contrary, for the purposes of this Article, an act by an employee shall be imputed to the sexually oriented business for purposes of finding a violation of this Article only if an officer, director, or general partner, or a person who managed, supervised, or controlled the operation of the business premises, knowingly or recklessly allowed such act to occur on the premises. It shall be a defense to liability that the person to whom liability is imputed was powerless to prevent the act.

(5) *Penalty; Equitable Remedies.*

a. Any person, business, or entity violating or refusing to comply with any provisions of this Chapter shall, upon conviction, be deemed guilty of a misdemeanor and shall be punished by imposition of a fine not to exceed five hundred dollars ($500.00) or by imprisonment for a period not to exceed ninety (90) days, or both. Each day that a violation is permitted to exist or occur, and each separate occurrence, shall constitute a separate offense. Further, any premises, building, dwelling, or other structure in which a sexually oriented business, as defined in Section 5.16.02, R - "REGULATED USES" - of this Code, is repeatedly operated or maintained in violation of the provisions of this Chapter shall constitute a public nuisance and shall be subject to civil abatement proceedings initiated by the City of Grand Rapids in a court of competent jurisdiction. Each day that a violation is permitted to exist or occur shall constitute a separate operation or maintenance of the violation.

b. Notwithstanding subsection (1) hereof, the City may employ any remedy available at law or in equity to prevent or remedy a violation of any provision of this Chapter.

(6) *Severability.* This Article and each section and provision of said Chapter hereunder, are hereby declared to be independent divisions and subdivisions and, not withstanding any other evidence of legislative intent, it is hereby declared to be the controlling legislative intent that if any provisions of said Chapter, or the application thereof to any person or circumstance is held to be invalid, the remaining sections or provisions and the application of such sections and provisions to any person or circumstances other than those to which it is held invalid, shall not be affected thereby, and it is hereby declared that such sections and provisions would have been passed independently of such section or provision so known to be invalid.

(Ord. No. 2006-23, § 1, 4-25-06; Ord. No. 2008-34, § 1, 8-26-08)

ARTICLE 2. DISORDERLY CONDUCT ON AND AROUND SCHOOL PROPERTY AND ELSEWHERE

Sec. 9.141. Unauthorized Persons Not to Enter or Trespass on School Property.

No regularly enrolled student who has been suspended or expelled from any public, private or parochial school nor any person who is not a regularly enrolled student or parent or guardian thereof or a school official, teacher or other public or school employee shall enter or trespass upon or loiter in or upon any public, private or parochial school building or school property in the City for any reason whatever unless such person has received written permission from the principal or other person designated by the principal to be in or upon or to remain in or upon such public, private or parochial school building or school property; provided, however, that such written permission need not be secured by persons engaging in or attending a school or Recreation Board authorized activity or by persons using school playground or playground equipment after school hours or when school is not in session unless such entry or use shall have been otherwise prohibited by a rule or regulation of the School Board, school principal or other person, Board or Committee with the authority to prohibit such use or entry.

Sec. 9.142. Disturbing Schools.

No person shall wilfully or maliciously make or assist in making any noise, disturbance or improper diversion by which the peace, quietude or good order of any public, private or parochial school is disturbed.
(Ord. No. 67-62, 11-7-67)

State law reference—Disturbing public places, MCL 750.170.

Sec. 9.143. Duty of Person Creating Disturbance to Leave Premises.

Any person, whether lawfully or unlawfully in or upon any public, private or parochial school building or school property who is found to be creating a disturbance in or upon any such school building or property shall leave immediately when so directed by the principal or by any other person designated by the principal.
(Ord. No. 67-62, 11-7-67)

Sec. 9.144. Extortion.

No person shall by violence, threats of violence or other form of coercion force or attempt to force any public, private or parochial school student or other person to give or lend any money or other thing of value to any person at any time.
(Ord. No. 67-62, 11-7-69)

State law reference—Extortion generally, MCL 750.213 et seq., MSA 28.410 et seq.

Sec. 9.145. Unauthorized Borrowing of Money or Things of Value from Students in the School or Traveling to or from School.

No person shall borrow or attempt to borrow any money or thing of value from any student in or upon any public, private or parochial school building or school property in the City or during any time when such student is engaging in, going to or returning from any regularly scheduled session or activity of any such school without first obtaining the written approval of the principal of such school or other person designated by the principal to issue such written approval; provided, however, that this Section shall not apply to college students who borrow money or things of value from other college students or adults.
(Ord. No. 67-62, 11-7-69)

Sec. 9.146. Destruction of School Property.

No person shall damage, destroy or deface any public, private or parochial school building or the grounds, outbuildings, fences, trees or other appurtenances or fixtures belonging thereto.
(Ord. No. 67-62, 11-7-69)

Sec. 9.147. Definitions.

ARTICLE 3. OBSCENE LITERATURE

Sec. 9.151. Definitions.

As used in this Article:

(1) *Obscene* means that to the average person, applying contemporary community standards, the predominant appeal of the matter, taken as a whole, is to prurient interest. For matter to be obscene it must be established that the dominant theme as a whole appeals to a prurient interest in sex; the matter is patently offensive because it affronts contemporary community standards relating to the description or representation of sexual matter; and the matter is utterly without redeeming social value. Where the matter is designed for a primarily disseminated to a clearly defined deviant sexual group, rather than the public at large, the prurient appeal requirement is satisfied if the dom-

inant theme of the matter taken as a whole appeals to the prurient interest in sex of the members of that group.

(2) *Matter* means any book, magazine, newspaper, or other printed or written material or any picture, drawing, photograph, motion picture, or other pictorial representation or any statue or other figure, or any recording, transcription, or mechanical, chemical or electrical reproduction or any other Articles, equipment, machines, devices, or materials.

(3) *Person* means any individual, partnership, firm, association, corporation, or other legal entity.

(4) *Distribute* means to transfer possession of, whether with or without consideration.

(5) *Knowingly* means having actual knowledge of the character and content of the subject matter.

(6) *Purvey* means the pandering, deliberate representation, holding out, presenting, advertising, or publicizing of matter, in such a manner as to arouse and stimulate any person or persons to accept or regard such matter as prurient; or the pandering, deliberate representation, holding out, presenting, advertising, or publicizing of matter, in such a manner as to emphasize the sexually provocative aspect of such matter; or to knowingly distribute matter designed to pander, deliberately represent, hold out, present, advertise or publicize other matter as prurient, appealing to the prurient interests, sexually provocative or erotically arousing.

(Ord. No. 66-26, 5-17-66)

Sec. 9.152. Sale, Distribution, Publication, Printing or Exhibition of Obscene Matter Generally.

It is unlawful for any person to knowingly send or cause to be sent, or bring or cause to be brought, into this City for sale or distribution, or in this City to prepare, publish, print, exhibit, or distribute, or offer to distribute, or have in his or her possession with intent to distribute or to exhibit or offer to distribute, any obscene matter.
(Ord. No. 66-26, 5-17-66)

Sec. 9.153. Distribution of Obscene Matter to Minors.

It is unlawful for any person to knowingly send or cause to be sent, or exhibit, or distribute, or offer to distribute any obscene matter to a minor under eighteen (18) years of age, while in possession of such facts that he or she should reasonably know that such person is a minor under eighteen (18) years of age.
(Ord. No. 66-26, 5-17-66)

Sec. 9.154. Purveying and Promoting Obscene Matter.

It is unlawful for any person to knowingly purvey matter or to write or create advertising or solicit anyone to publish such advertising or otherwise promote the sale or distribution of matter represented or held out by him or her to be obscene.
(Ord. No. 66-26, 5-17-66)

Sec. 9.155. Employment or Use of Minors.

It shall be unlawful for any person, while in possession of such facts that he or she should reasonably know that a person is a minor under eighteen (18) years of age, to hire, employ, solicit or use such minor to do, participate or assist in doing any of the acts forbidden under this Chapter.
(Ord. No. 66-26, 5-17-66)

Sec. 9.156. Requiring Purchaser or Consignee to Receive Obscene Matter as Condition to Sale.

It shall be unlawful for any person to knowingly, as a condition to a sale, allocation, consignment or delivery for resale of any paper, magazine, book, periodical, publication, or other matter or merchandise, require that the purchaser or consignee receive any obscene matter or to deny or threaten to deny a franchise, to revoke or threaten to revoke or impose any penalty, finan-

cial or otherwise, by reason of the failure of any person to accept obscene matter, or by reason of the return of such obscene matter.
(Ord. No. 66-26, 5-17-66)

ARTICLE 4. FARE EVASION

Sec. 9.161. Title.

Article 4 of Chapter 152 of this Code shall be known as the "Fare Evasion Ordinance" of the City of Grand Rapids.
(Ord. No. 2014-51, § 1, 7-22-14)

Sec. 9.162. Prohibition on Fare Evasion.

No person shall occupy, ride in, or use a Silver Line public transportation vehicle without paying the fare established by the public transportation authority. All persons that occupy, ride in, or use a Silver Line public transportation vehicle must possess proof of fare payment and shall present such proof upon the demand of a police officer, security officer, or fare inspector authorized in accordance with this article. A violation of this section shall constitute a municipal civil infraction, as provided for in Chapter 170 of this Code.
(Ord. No. 2014-51, § 1, 7-22-14)

Sec. 9.163. Fare Inspectors.

(1) A public transportation entity may appoint or employ fare inspectors as necessary to enforce the provisions of this article. The employing public transportation entity shall determine the requirements for employment as a fare inspector.

(2) A fare inspector that is appointed or employed in accordance with this section is authorized to enforce the provisions of this article while acting within the scope of his or her authority and in the performance of his or her duties.
(Ord. No. 2014-51, § 1, 7-22-14)

Sec. 9.164. Definitions.

As used in this article, the following definitions shall apply:

(1) "Proof of fare payment" means:

a. A transit pass valid for the day and time of use; or

b. A receipt showing payment of the applicable fare for use of the public transportation vehicle during the day and time specified in the receipt.

(2) "Public transportation authority" means a public authority authorized to provide public transportation services or any other entity authorized under the laws of the State of Michigan to provide public transportation services.

(3) "Public transportation entity" means any legal or administrative entity authorized under the laws of the State of Michigan to enforce the provisions of this article, including the City of Grand Rapids and such other entities that may be created with the authority to enforce this article.

(4) "Public transportation vehicle" means a bus, train, or any other vehicle used by a public transportation authority to provide public transportation services.

(5) "Silver Line" means a public rapid transit bus line operated by Interurban Transit Partnership or its successors between 60th Street in Wyoming/Kentwood and Michigan Street in downtown Grand Rapids, Michigan.

(6) "Transit pass" means any pass, coupon, card, identification, token, ticket, or other document used to obtain public transportation services.
(Ord. No. 2014-51, § 1, 7-22-14)

ARTICLE 5. TELEPHONE OFFENSES

Sec. 9.165. Harassing or Molesting Calls.

It shall be unlawful for any person or persons to telephone another person repeatedly for the sole purpose of harassing or molesting such other person or his or her family, whether or not conversation ensues, except for telephone calls made for legitimate business purposes.
(Ord. No. 67-1, 1-10-67)

State law reference—Malicious use of service provided by communications common carrier, MCL 750.540e.

Sec. 9.166. Abusive Language.

It shall be unlawful for any person or persons to use any threatening, vulgar, indecent, obscene, immoral or insulting language over any telephone.
(Ord. No. 67-1, 1-10-67)

State law reference—Malicious use of service provided by communications common carrier, MCL 750.540e.

ARTICLE 6. LODGING ACCOMMODATIONS; REGISTRATION AND OCCUPANCY*

Sec. 9.167. Duty to Maintain Guest Register.

The proprietor, manager, desk clerk or any other person in charge of any hotel, motel, lodging house, rooming house, or any other place where transients are accommodated for sleeping or lodging purposes, shall comply with the following:

(1) Maintain a register in which shall be inscribed in ink, at the time of arrival, the correct name of every guest renting or occupying a bed, room or rooms;

(2) Together with the name in the register shall be inscribed the home street and city address of each guest and the make, year, state of registration and the license number of the motor vehicle in which each such guest arrived;

(3) The register shall also indicate the room, rooms or space rented or assigned to each guest and the time of arrival of each guest.

(Ord. No. 2013-77, § 2, 11-19-13; Ord. No. 2015-37, § 1, 7-28-15)

Sec. 9.168. Unlawful Registration or Occupancy.

(1) No person shall knowingly write, cause to be written, or permit to be written in any register provided for by this Article any false, incorrect or inaccurate information.

(2) No person shall occupy any room, rooms or space in any accommodation named in Section 9.167 unless and until the information provided in Section 9.167 shall have been entered in the register therein provided for.

(3) No proprietor, manager, desk clerk or other person in charge of a hotel, motel, lodging house, rooming house, or other place where transients are accommodated for sleeping or lodging purposes shall let, rent or permit the occupancy of any space, room or rooms more than once between the hours of 6:00 p.m. on one (1) day and 6:00 a.m. the next day except to bona fide travelers.
(Ord. No. 2013-77, § 2, 11-19-13)

Sec. 9.169. License Required.

(1) No person shall operate any hotel, motel, lodging house, rooming house, or other place where transients are accommodated for sleeping or lodging purposes without obtaining a license therefor as provided for herein.

(2) Application for such a license shall be made to the City Clerk as provided for in Chapter 91.

(3) No license shall be issued pursuant to the provisions of this Article unless the premises to be licensed shall be in compliance with all applicable provisions of this Code and until the license fee provided for in Chapter 92 shall have been paid.

(4) Notwithstanding any other requirement of this Chapter, no charitable or religious institution providing transient accommodations incidental to and in connection with a bona fide charitable or religious program shall be required to pay a license fee pursuant to this Chapter.
(Ord. No. 2013-77, § 2, 11-19-13)

ARTICLE 7. FALSIFYING OFFICIAL DOCUMENTS

Sec. 9.170. Filings Made With the City Assessor.

(1) No person shall knowingly write, cause to be written, or permit to be written any false, incorrect or inaccurate information on any document, record or form required to be filed with the City Assessor.

*__Editor's note—__Ord. No. 2013-77, § 1, adopted November 19, 2013, repealed the former Art. 6, §§ 9.167—9.169, and § 2 of said ordinance enacted a new Art. 6 as set out herein. The former Art. 6 pertained to similar subject matter. See Code Comparative Table for complete derivation.

(2) No person shall knowingly file or cause to be filed with the City Assessor any document, record or form containing any false, incorrect or inaccurate information.
(Ord. No. 2013-52, § 1, 9-24-13, eff. 10-1-13; Ord. No. 2014-77, § 1, 11-12-14)

*__Editor's note—__Ord. No. 2019-75, §§ 1, 2, adopted December 3, 2019, repealed the former Ch. 153, §§ 9.171—9.180, and enacted a new Ch. 153 as set out herein. The former Ch. 153 pertained to firearms and derived from Ord. No. 67-11, 4-25-67; Ord. No. 2006-15, § 1, 4-11-06.

Sec. 9.171. Purpose, Findings, and Interpretations.

(1) The purpose of this Chapter is to secure and maintain the public peace, health, safety, welfare and convenience of the residents and property owners of the City by the regulation of firearms, pneumatic guns, imitation firearms, and other devices capable of expelling a projectile.

(2) The City of Grand Rapids is the second most populated city in Michigan, with a population over 200,000 (Census Bureau population estimate, July 1, 2018) and a population density at or exceeding 4,235.6 people per square mile (Census Bureau, 2010). The City Commission finds that the City is so heavily populated as to make unregulated conduct anywhere within city limits to be dangerous to the inhabitants of the City.

(3) Nothing within this Chapter shall relieve a person of the duties and obligations imposed by state or federal law or regulations. Nothing in this Chapter shall be construed in a manner as to conflict with applicable state or federal law or regulations. To the extent of any conflict between any provision of this Chapter and any provision of state or federal law, the provision of state or federal law shall control. In the event any court of competent jurisdiction shall hold any provision of this Chapter invalid or unenforceable, such holding shall not invalidate or render unenforceable any other provision thereof.
(Ord. No. 2018-75, § 2, 12-3-19)

Sec. 9.172. Definitions.

(1) *"Brandish"* means to point, wave about, or display in a manner intended to induce fear in another person.

(2) *"Bow"* means a device for propelling an arrow from a string drawn, held, and released by hand if the force used to hold the string in the drawn position is provided by the archer's muscles.

(3) *"Crossbow"* means a weapon consisting of a bow, with a draw weight of one hundred (100) pounds or more, mounted transversely on a stock or frame and designed to fire an arrow, bolt, or quarrel by the release of a bow string controlled by a mechanical or electric trigger with a working safety.

(4) *"Firearm"* means any weapon which will, is designed to, or may readily be converted to expel a projectile by action of an explosive. Firearm does not include pneumatic gun or imitation firearm.

(5) *"Other device capable of expelling a projectile"* means a device other than a firearm, pistol, or pneumatic gun from which is propelled a missile, projectile, pellet, or other mass by means of springs, rubber, elastic strip, levers or other mechanical means which device shall be capable by the discharge of any such missile, projectile, pellet, or other mass of inflicting personal injury or death upon any person. "Other device capable of expelling a projectile" is not a toy item or apparatus deemed by the manufacturer to be usable by an individual under age ten (10) that discharges low risk projectiles including but not limited to foam, Nerf, and ping-pong balls.

(6) *"Pneumatic gun"* means any implement, designed as a gun, that will expel a BB or pellet by spring, gas, or air. Pneumatic gun includes a paintball gun that expels by pneumatic pressure plastic balls filled with paint for the purpose of marking the point of impact. For purposes of this Chapter, pneumatic gun does not include an imitation firearm.

(7) *"Projectile"* means any missile, bullet, shot, pellet, or other mass.

(8) *"Public place,"* means any street, alley, park, sidewalk, public building, any place of business open to the public or frequented by the public or any portion thereof, and any other place which is open to public view or to which the public, or any portion thereof, has access.

(9) *"Imitation firearm"* means any toy, imitation, facsimile or imitation pistol, revolver, shotgun, rifle, air rifle, BB gun, pellet gun, machine gun, or other similarly simulated weapon which because of its color, size, shape, or other characteristics, can reasonably be perceived to be a real firearm or pneumatic gun. "Imitation Firearm" does not include:

(a) A pneumatic gun;

(b) A non-firing collector replica antique firearm, which looks authentic and may be a scale model but is not intended as a toy, modeled on real firearms designed, manufactured, and produced prior to 1898;

(c) Decorative, ornamental, and miniature objects having the appearance, shape and/or configuration of a firearm, including those intended to be displayed on a desk or worn on bracelets, necklaces, key chains, and so on, provided that the objects measure no more than thirty-eight (38) millimeters in height by seventy (70) millimeters in length, the length measurement excluding any gun stock length measurement; or

(d) A toy item or apparatus deemed by the manufacturer to be usable by an individual under age ten (10) that discharges low-risk projectiles including but not limited to foam, Nerf, and ping-pong balls.

(Ord. No. 2018-75, § 2, 12-3-19)

Sec. 9.173. Regulation of Firearms.

(1) No person shall discharge any firearm in the City of Grand Rapids.

(2) No person shall brandish any firearm in any public place.

(Ord. No. 2018-75, § 2, 12-3-19)

Sec. 9.173.1. Carrying.

No person shall carry any firearm upon his or her person in any public street, alley or other place open to the public in the City of Grand Rapids unless:

(1) The person has been issued a valid license to do so as provided by Act 372 of Michigan Public Acts of 1927, as amended (MCL 28.421 et seq.), or

(2) All ammunition has been removed from the chamber, cylinder, clip or magazine of the firearm and the firearm has been noticeably rendered inoperable by being broken down or disassembled or is completely enclosed within a case or other similar container.

(Ord. No. 2018-75, § 2, 12-3-19)

Sec. 9.174. Regulation of Pneumatic Guns, Bows, Crossbows, and Other Devices Capable of Expelling a Projectile.

(1) No person shall discharge any bow, crossbow, pneumatic gun, or other device capable of expelling a projectile in the City of Grand Rapids, except

(a) At authorized target ranges;

(b) On other property where firearms may be discharged; or

(c) On or within private property with the permission of the owner or possessor of that property if conducted with reasonable care to prevent a projectile from crossing the bounds of the property.

(2) A person that grants permission to discharge a bow, crossbow, pneumatic gun, or other device capable of expelling a projectile on private property and fails to exercise reasonable care to prevent a projectile from crossing the bounds of the property, and where such projectile crosses the bounds of the property, is in violation of this Chapter.

(3) No person shall brandish a bow, crossbow, pneumatic gun, or other device capable of expelling a projectile.

(4) No person under the age of sixteen (16) shall possess a bow, crossbow, pneumatic gun, or other device capable of expelling a projectile in a public place without the supervision of a parent, a guardian, or a person eighteen (18) years of age or older.

(Ord. No. 2018-75, § 2, 12-3-19)

Sec. 9.175. Exceptions.

(1) The prohibitions in Sections 9.173 and 9.174 do not apply:

(a) To persons acting lawfully in self-defense or defense of another under the self-defense act, 2006 PA 309, MCL 780.971 to 780.974;

(b) To police officers or other peace officers in the lawful performance of their duties;

(c) To indoor enclosed firearm ranges so constructed as to prevent damage to property or injury or death to any person where such firearm ranges are otherwise lawful; or

(d) To persons engaged in an authorized military or civic activity, including a flag ceremony, color guard, parade, award presentation, historical reenactment, or memorial by permission of the director of public safety.

(2) Nothing in this Chapter shall prevent police officers from using an open-air range within the City, for the purpose of training. Such activity shall be subject to the control and discretion of the chief of police as to scheduling the time and determining the location for such target practice and all other respects.
(Ord. No. 2018-75, § 2, 12-3-19)

Sec. 9.176. Regulation of Imitation Firearms.

(1) No person shall knowingly display or expose any imitation firearm in a public place.

(2) No person shall brandish an imitation firearm.

(3) No person shall manufacture, enter into commerce, ship, transport, receive, sell or offer to sell an imitation firearm in violation of federal law.

(4) No person shall knowingly give, sell, or otherwise furnish an imitation firearm to any person under the age of 18.

(5) This Section does not apply to:

(a) An imitation firearm that has a blaze orange tip or other approved marking as described in 15 USC § 5001, 15 CFR 272, or other applicable federal law or regulation, and the blaze orange tip or marking is not concealed;

(b) An imitation firearm used in a theatrical production, including any motion picture, film, video, television, stage production, or commercial film or video production;

(c) An imitation firearm used in conjunction with a certified or regulated sporting event or competition;

(d) An imitation firearm used in an authorized military, civil defense, or civic activity, including a flag ceremony, color guard, parade, award presentation, historical reenactment, or memorial;

(e) An imitation firearm used for a public display authorized by a school or a display that is part of a museum collection;

(f) An imitation firearm used in a parade, ceremony, or other similar activity for which a permit has been obtained from the City; or

(g) An imitation firearm displayed on a wall plaque or in a presentation case.

(h) An imitation firearm that is being used in an area where the discharge of a firearm is lawful or in conjunction with law enforcement training.
(Ord. No. 2018-75, § 2, 12-3-19)

Sec. 9.177. Alteration of an Imitation Firearm; Possession of an Altered Imitation Firearm.

(1) No person shall alter, remove, or obliterate any coloration, markings, or bands that are required by 15 USCA Section 5001 and accompanying federal regulations for any imitation firearm in a way that makes the imitation firearm look more like a firearm or pneumatic gun.

(2) No person shall knowingly possess an imitation firearm on which the blaze orange tip or other approved markings as described in 15 USCA Section 5001 and accompanying federal regulations has been altered, removed or obscured.

(3) This Section does not apply to a lawful use of an imitation firearm in any theatrical production, including any motion picture, video, television, or stage production.
(Ord. No. 2018-75, § 2, 12-3-19)

Sec. 9.178. Parental Responsibility.

A parent, guardian or other person having the physical custody or charge of a minor under the age of seventeen (17) years shall exercise reasonable parental control by requiring the minor to observe the provisions of this Chapter.
(Ord. No. 2018-75, § 2, 12-3-19)

Sec. 9.179. Seizure and Forfeiture of Weapons.

(1) The police department, upon seizing or otherwise coming into possession of a weapon or part of a weapon used in violation of this Chapter, shall retain possession thereof for a time period sufficient to notify the owner of the weapon, as provided in this Section. The retention, disposition and forfeiture of firearms by the police department shall be in compliance with MCL 750.239a or other applicable state law.

(2) All weapons carried, possessed or used contrary to this Chapter are hereby declared forfeited to the City. Forfeiture shall not apply to the owner if the owner is not alleged to have been involved in the conduct for which forfeiture is required or did not knowingly allow the weapon to be possessed illegally. Written notification shall be given to the owner at the conclusion of the criminal case stating that the owner has ninety (90) days to claim the weapon. The police department shall return a weapon to its owner if the owner claims the weapon within the notification period and the police department determines that the owner was not involved in the violation for which the weapon was seized. A weapon shall be returned under this subsection within thirty (30) days after the weapon is claimed by the owner unless the weapon is a firearm and the owner is prohibited from possessing a firearm under state or federal law.

(3) For purposes of this Section, "weapon" means any firearm, pneumatic gun, bow, crossbow, other device capable of expelling a projectile, or imitation firearm.
(Ord. No. 2018-75, § 2, 12-3-19)

Sec. 9.180. Penalty.

(1) Any person who violates any provision of this Chapter shall be guilty of a misdemeanor and upon conviction shall be subject to a fine of up to five hundred dollars ($500.00) or imprisonment for up to ninety (90) days or both.

(2) The presumption shall be that any person who violates any provision of the imitation firearm section of this Chapter shall be subject to a civil infraction fine of five hundred dollars ($500.00) for the first offense and shall be guilty of a misdemeanor for any subsequent offense. Upon conviction they shall be subject to a fine of up to five hundred dollars ($500.00) or imprisonment for up to ninety (90) days or both.

*__Cross references—__Parks and public grounds, Title III; grading and soil erosion control, Ch. 143; flood plain construction, Ch. 144.

Sec. 9.181. Definitions.

In the interpretation of this Chapter the following definitions shall apply.

(1) *Boat* is any vessel or watercraft, other than a seaplane on the water, used or capable of being used for transportation on water, but shall not include any documented vessel, government owned vessel or vessel from any country other than the United States.

(2) *Waterway* is any waters, waterway, lake, river, canal or connecting waters within the boundaries of the City, and under its jurisdiction.

Sec. 9.182. Pollution.

No person shall put into the waters of any waterway or on the ice covering any of said waters, any filth of any description, or throw or deposit or permit to be deposited or placed in any of the waters of any waterway, or on ice covering said waters, any glass, cans or bottles, any metal object, rubbish, garbage, refuse, sewage, or any other substance likely to injure any person, fish, bird or animal, or cause any unsightly or unsanitary conditions, either in or upon said waters or on the shoreline adjacent thereto.

Cross references—Littering lakes, streams and fountains, § 9.99; sewage disposal system generally, Ch. 27.

Sec. 9.183. Obstructions.

No person shall place any obstruction, or permit the placing of any obstruction, within any waterway which would tend to endanger or impede navigation or the flow of such waterway. Any person offending against the provisions of this Section shall be liable to the City of Grand Rapids for all costs and expenses incurred by it in the removal of such obstruction, in addition to the punishment prescribed in Chapter 1.

Cross reference—General penalty, § 1.13.

Sec. 9.184. Encroachment.

No person shall fill any land or place any structure beyond the established dock lines of the City, or beyond the existing shoreline of the waterway where no dock line has been established.

Sec. 9.185. Gathering Clams.

No person shall engage in gathering clams from the bed of Grand River from Leonard Street Bridge north to the north limits of the City of Grand Rapids by means of a dredge, hooks or other methods that will disturb the sediment in the bottom of the river, or any vegetation growing therein.

Sec. 9.186. Bathing and Swimming.

(1) No person shall bathe, swim or enter the waters of Grand River, the canals on either side thereof, or any other public waterway within the limits of the City of Grand Rapids at any place, locality and time, except such as have been designated by an order of the City Manager; provided, however, that this Section shall not apply to any person whose trade, business or occupation requires him or her to so enter said waters.

(2) The City Manager shall in his or her discretion from time to time adopt regulations designating the places or localities and time in which bathing and swimming shall be lawful, and shall provide such guards and protection therefor as he or she shall deem expedient and proper.

Sec. 9.187. Fishing Prohibited.

No person shall catch, kill or attempt to catch any fish within, upon or adjacent to an area of the Grand River located between Sixth Street and I-196 having as its boundary on the north, the north line of Fourth Street extended easterly, and as its boundary on the south, a line sixty (60) feet south of the south face of the Fish Ladder and thirty (30) feet from the east face of the Fish Ladder and adjacent spectator viewing area on the west bank of the Grand River. No person shall engage in fishing within any area of the City of Grand Rapids or in the Grand River where signs have been posted prohibiting fishing. Such signs shall be placed within one hundred (100) feet of the bank along such prohibited area.
(Ord. No. 75-77, 8-19-75; Ord. No. 97-53, § 1, 11-18-97)

Sec. 9.188. Life Preservers.

Every person who shall be in or upon the Grand River for the purpose of fishing or attempt-

ing to catch fish during the hours between sunset in the evening and sunrise in the morning in any area of the City of Grand Rapids shall wear a life preserver or lifebelt or ring buoy or other device of this sort prescribed by the regulations of the Commandant of the United States Coast Guard. (Ord. No. 75-98, 11-25-75)

Sec. 9.189. Boats Prohibited at Sixth Street Bridge to Fourth Street Dam.

No person shall enter the water of the Grand River in any boat, canoe or other craft on the waters thereof in the area between the Sixth Street Bridge and the Fourth Street Dam for the purpose of fishing or attempting to catch fish. (Ord. No. 75-98, 11-25-75)

Sec. 9.190. Standing, Walking or Climbing Upon the Fourth Street Dam Prohibited.

ARTICLE 1. GENERAL PROVISIONS

Sec. 9.191. Definitions and General Requirements.

(1) *Domestic Animals.* For purposes of this Chapter, "domestic animal" or "domestic animals" shall mean any animal that is not likely to bite without provocation and/or is not likely to cause death, maiming or illness of a human, including but not limited to the following: bird (caged), cat (domestic), chinchilla, ferret, dog (domestic), fish, lizard (non-venomous), snake (non-venomous), spider (non-venomous or non-poisonous).

(2) *Farm Animals.* For purposes of this Chapter, the term "farm animal" or "farm animals" shall mean bees that are kept, harbored or raised, or any horse, swine, cattle, sheep, goat, llama, chicken, goose, duck or turkey. The term "farm animal" or "farm animals" shall also mean any other animal raised for commercial profit or slaughter and shall include more than two breeder rabbits.

a. No farm animal shall be kept or allowed to be kept within any dwelling or dwelling unit.

b. Except for bees and chickens as provided below, no farm animal shall be kept or allowed to be kept within one hundred (100) feet of any dwelling or dwelling unit.

c. Except for bees, no farm animal shall be kept or allowed to be kept within one hundred (100) feet of any well, spring or stream.

d. Except for bees, no farm animal shall be kept or allowed to be kept within fifty (50) feet of any stormwater catch basin which is located on private property. For purposes of this Section, stormwater catch basins located within a public or private street shall not be counted.

(3) *Wild Animals.* Any animal that is not a domestic animal or farm animal, as defined by this Article, is a wild animal, and shall not be kept or allowed on any property in the City of Grand Rapids.

(4) *Care and Keeping of Animals.* If an occupant or owner keeps or allows animals within a dwelling, in a yard, in a structure, or upon a property, the occupant or owner shall remove any odorous or unsanitary condition. The property owner shall be responsible for the repair of any damage to the dwelling, structure or yard caused by the animals and shall be responsible for any unsafe condition.

(5) *Exemption for John Ball Zoo.* The requirements of this Chapter shall not apply to the John Ball Zoo.
(Ord. No. 2023-47, § 2, 10-10-23)

Sec. 9.192. Cruelty to Animals.

(1) No person shall cruelly treat or abuse any animal or bird.

(2) No person shall beat, kick, hit, bite, burn or in any other manner cause an animal to suffer needlessly.

(3) No person shall cause abusive injury to an animal.

(4) No person shall tease or entice a dog or other animal.

(5) No person shall give an animal any alcoholic beverage unless prescribed by a veterinarian.
(Ord. No. 2023-47, § 2, 10-10-23)

Sec. 9.193. Poisoning Animals.

No person shall throw or deposit any poisonous substance on any exposed public or private place where it endangers, or is likely to endanger, any animal or bird.
(Ord. No. 2023-47, § 2, 10-10-23)

Secs. 9.194—9.200. Reserved.

ARTICLE 2. BEES

Sec. 9.201. Where Kept.

No person shall keep, harbor or raise any bees in or upon any premises within the City unless in a hive or box located and kept:

(1) More than twenty-five (25) feet from any residence, hospital, sanitarium, school,

church, office building, store, hotel, apartment house, rooming house or any place of habitation; and

(2) Not less than five (5) feet from the edge of his or her own lot or property line and at least ten (10) feet from a public sidewalk where present; and

(3) Located only in the "rear yard" of the property, as that term is defined in Chapter 61 of this Code, known as the Zoning Ordinance and a minimum of twenty-five (25) feet from a front property line. The Planning Director may permit an alternate placement where a rear yard does not exist due to existing building placement or for properties that do not have a rear yard, providing that there are no detrimental effects on adjacent properties.

(4) Hives or Boxes - The maximum number of hives per lot shall be as follows:

a. Two (2) hives for a lot that is not greater than 11,000 square feet in area, and

b. Four (4) hives for a lot greater than 11,000 square feet but not greater than 22,000 square feet in area, and

c. Each hive or box shall have a maximum size of twenty (20) cubic feet.

(Ord. No. 2023-47, § 2, 10-10-23)

Sec. 9.202. Flight Path.

A flyway barrier of six feet in height shall be installed to shield any part of a property line that is within twenty-five (25) feet of a hive. The flyway barrier shall consist of a wall, fence, dense vegetation or a combination thereof and it shall be positioned to transect both legs of a triangle extending from an apex at the hive to each end point of the property line to be shielded.
(Ord. No. 2023-47, § 2, 10-10-23)

Sec. 9.203. Bee Permits.

Any person wanting to keep bees within the City shall first apply for and obtain a permit from the City Manager or his/her designee before that person can legally keep bees within the City. Regulations pertaining to permits shall be as follows:

(1) Any person applying for a permit to keep bees within the City shall submit a permit application on a form promulgated by the City Manager or his/her designee, and shall pay an application fee established by resolution of the City Commission.

(2) If the applicant is not the owner of the real property on which he or she wants to keep bees, the applicant must provide the written consent of the owner of the real property. Without such written consent, the permit application may not be granted.

(3) An initial permit shall be valid for a period of three (3) years.

a. If, in the judgment of the City Manager or his/her designee, the permittee has abided by all ordinance provisions and permit conditions, and has not created a nuisance to the owners or occupants of adjacent properties or the neighborhood, the permit may be renewed for an additional three (3) year period.

b. If the permittee has recorded or verified violations of ordinance provisions or permit conditions but is currently in compliance, the permit may be renewed for an additional one (1) year.

c. However, no permit issued pursuant to this ordinance shall remain valid past the date on which this ordinance either expires or is repealed, whichever is earlier.

(Ord. No. 2023-47, § 2, 10-10-23)

Sec. 9.204. Violation to be a Municipal Civil Infraction.

(1) No person shall keep bees or allow bees to be kept on real property under his or her control, unless a permit to keep bees is first obtained from the City in the manner provided for herein.

(2) A violation of this Article shall be a municipal civil infraction, punishable by a fine as established in Chapter 170 of this Code.
(Ord. No. 2023-47, § 2, 10-10-23)

Sec. 9.205. Applicability of the Property Maintenance Code.

A violation of this Article shall be subject to all of the enforcement mechanisms and provisions set forth in the Property Maintenance Code. However, so long as this Article shall remain in effect, its provisions regarding the keeping of bees shall supersede any conflicting provisions regarding the keeping of bees that may be set forth in local amendments to the Property Maintenance Code.
(Ord. No. 2023-47, § 2, 10-10-23)

Secs. 9.206—9.211. Reserved.

ARTICLE 3. BACKYARD CHICKENS

Sec. 9.212. Purpose and Findings.

The City having successfully permitted the keeping of backyard chickens as part of a two (2) year pilot program without significant complaints or administrative difficulty hereby permits the keeping of backyard chickens subject to this Chapter.
(Ord. No. 2023-47, § 2, 10-10-23)

Sec. 9.213. Chickens.

Chickens may be kept in the City with a valid Chicken Permit subject to the following conditions:

(1) Chickens may only be kept on a lot containing a single-family or two-family dwelling. No person shall allow chickens to be kept on a lot containing a multi-family dwelling.

(2) Chickens may only be kept on a lot which is at least three thousand eight hundred (3,800) square feet in size.

(3) Chickens may only be kept by an occupant of a dwelling unit located on the real property on which the chickens are kept.

(4) Chickens must be kept in and confined in a properly designed and constructed coop or chicken house, or a fenced and covered enclosure, which may be located only in the "rear yard" of the property, as that term is defined in Chapter 61 of this Code, known as the Zoning Ordinance. The Planning Director may permit an alternate placement where a rear yard does not exist due to existing building placement or for properties that do not have a rear yard, providing that there are no detrimental effects on adjacent properties.

(5) Each fenced and covered enclosure shall be designed with adequate yard space for each chicken, and the coop or chicken house and the fenced and covered enclosure combined shall not cover more than fifty (50) percent of the rear yard. Enclosures must be clean and resistant to predators and rodents.

(6) Each fenced and covered enclosure shall be located at least ten (10) feet from any lot line.

(7) No person shall keep or allow to be kept more than four (4) chickens on a lot which is less than 5,000 square feet in size.

(8) No person shall keep or allow to be kept more than six (6) chickens on a lot which is 5,000 square feet or greater in size.

(9) Chicken feed must be in rodent resistant and weatherproof containers.

(10) Chickens may not be butchered, slaughtered, or otherwise killed, for any reason or any purpose, on any real property on which chickens may be kept pursuant to this ordinance.

(11) The person keeping the chickens shall abide by all health and safety standards of the City's Property Maintenance Code.

(12) Roosters are expressly prohibited, regardless of the age or maturity of the bird.

(Ord. No. 2023-47, § 2, 10-10-23)

Sec. 9.214. Chicken Permits.

Any person wanting to keep chickens within the City shall first apply for and obtain a permit from the City Manager or his/her designee, before that person may legally keep chickens within the City. Regulations pertaining to permits shall be as follows:

(1) Any person applying for a permit to keep chickens within the City shall submit a permit application on a form promulgated by the City Manager or his/her designee and shall pay an application fee established by resolution of the City Commission.

(2) If the applicant is not the owner of the real property on which he or she wants to keep chickens, the applicant must provide the written consent of the owner of the real property. Without such written consent, the permit application may not be granted.

(3) The City Manager or his/her designee shall review the permit application in light of the following factors:

a. The number of chickens the applicant desires to keep;

b. The size of the lot on which chickens are proposed to be kept;

c. The adequacy of the applicant's plans for housing and confining the chickens; and

d. Other factors relevant to the applicant's particular circumstances.

(4) If the City Manager or his/her designee grants the request for the permit, he/she shall do so in writing, which writing shall state the property address at which chickens may be kept, as well as the number of chickens allowed to be kept, and any other conditions of the permit to keep chickens.

(5) If the City Manager or his/her designee denies the request for the permit, he/she shall do so in writing, which writing shall state the reasons for such denial.

(6) If the City Manager or his/her designee denies the request for the permit, the provisions of City Code Section 7.16 regarding appeals from license and permit denials shall apply.

(7) An initial permit shall be valid for a period of three (3) years.

a. If, in the judgment of the City Manager or his/her designee, the permittee has abided by all ordinance provisions and permit conditions and has not created a nuisance to the owners or occupants of adjacent properties or the neighborhood, the permit may be renewed for an additional three (3) year period.

b. If the permittee has recorded or verified violations of ordinance provisions or permit conditions but is currently in compliance, the permit may be renewed for an additional one (1) year.

c. However, no permit issued pursuant to this ordinance shall remain valid past the date on which this ordinance either expires or is repealed, whichever is earlier.

(8) Any permit may be suspended or revoked by the City Manager or his/her designee, by written notice to the permit holder, upon a finding that the permittee has violated applicable City ordinance provisions or permit conditions.

(9) If the City Manager or his/her designee suspends or revokes a permit, the provisions of City Code Section 7.14 regarding suspension and revocation of permits and licenses shall apply.

(10) A permit as described above is personal to the applicant. Such a permit may not be transferred to another individual. If ownership of the underlying real property on which the chickens are kept is transferred, the permit does not run with the land, and a person desiring to keep chickens on the property must apply for a new permit.

(Ord. No. 2023-47, § 2, 10-10-23)

Sec. 9.215. Violation to be a Municipal Civil Infraction.

(1) No person shall keep a chicken or allow a chicken to be kept on real property under his or her control, unless a permit to keep chickens is first obtained from the City in the manner provided for herein.

(2) A violation of this Article shall be a municipal civil infraction, punishable by a fine as established in Chapter 170 of this Code.
(Ord. No. 2023-47, § 2, 10-10-23)

Sec. 9.216. Applicability of the Property Maintenance Code.

A violation of this Article shall be subject to all of the enforcement mechanisms and provisions set forth in the Property Maintenance Code. However, so long as this Article shall remain in effect, its provisions regarding the keeping of chickens shall supersede any conflicting provisions regarding the keeping of chickens that may be set forth in local amendments to the Property Maintenance Code.

Sec. 9.250. Standards for City Commission Recommended for Denial, Nonrenewal or Revocation of an Alcoholic Liquor License.

Pursuant to the authority granted by Section 17 of Act No. 8 of the Public Acts of 1933, Extra Session (MCL 436.17), as amended, the City Commission may recommend to the Liquor Control Commission denial of an application for a new alcoholic liquor license, denial of the transfer of location of an existing license, denial of the renewal of an existing license, or revocation of an existing license. Prior to making any such recommendation for the denial of transfer, the denial of renewal or the revocation of any such existing license, the City Commission shall hold a public hearing, after due notice to the licensee of the hearing and the reasons for the proposed recommendations, at which hearing the licensee may present evidence and testimony and confront adverse witnesses. The licensee shall be provided with a written statement of the findings of the City Commission based upon the evidence presented.

(1) Any recommendation to the Liquor Control Commission by the City Commission pursuant to this Section shall be based upon a finding that the applicant or the licensee has engaged in, or has permitted to occur on or involving the licensed premises, any one or more of the following:

(a) The consumption of spirits, if licensed to sell only beer or wine or both beer and wine.

(b) Dancing or live entertainment open to the public, with or without an admission charge, unless holding a valid dance or dance-entertainment permit.

(c) Any disorderly conduct or action which disturbs the peace and good order of the neighborhood.

(d) Any incidents of prostitution, solicitation for prostitution, or larceny.

(e) Any gambling activity or the placing or using of any gambling apparatus or paraphernalia therein.

(f) Any possession, sale or use of any illegal drug or controlled substance.

(g) Use of interior lighting which is insufficient to enable a person with average vision to clearly see all persons within the premises.

(h) Any violation of the Building Code of the City of Grand Rapids.

(i) Any violation of the Fire Code of the City of Grand Rapids.

(j) Any violation of any other provision of the City Code or State or Federal law which is designed to protect the public health, safety or welfare or any rule or regulation adopted pursuant to any such provision of this Code or of such State or Federal law.

(k) Serving alcoholic beverages to anyone at any time or in any manner which is prohibited by the State liquor law or any rule or regulation promulgated pursuant to said law.

Sec. 9.331. Adoption of International Fire Code.

The City of Grand Rapids, in order to regulate and govern the safeguarding of life and property from fire or explosion hazards, adopts the International Fire Code, 2021 edition, as published by the International Code Council, including appendix B, D, F, I, J and N of said International Fire Code.

The purpose and intent of this code is to prescribe minimum requirements consistent with nationally recognized standards for providing a reasonable level of safety to life and property and for protection from the hazards of fire, explosion, or dangerous conditions arising from the storage, handling and use of hazardous substances, materials and devices and from conditions hazardous to life or property related to the occupancy of buildings and premises. This code shall also provide for the issuance of certain permits and collection of delineated fees.

All matters within the intent of this code and not covered by this code shall comply with the referenced standards listed in the International Fire Code, 2021 edition, as published by the International Code Council (including Appendix Chapters B, D, F, I, J and N).

At least three (3) copies of this code have been and are now filed in the City Clerk's office except as otherwise specifically stated herein, the provisions of such Code are hereby adopted and incorporated by reference as though fully set out at length herein, and the provisions thereof shall be controlling within the City of Grand Rapids.
(Ord. No. 2006-36, § 1, 6-13-06; Ord. No. 2014-24, § 1, 5-13-14; Ord. No. 2018-58, § 1, 9-18-18; Ord. No. 2024-01, § 1, 1-9-24)

Sec. 9.332. Conflict with Other Laws.

Should any provision of the City Code or State law require a permit or license covering the same operations, business, activity or material for which the Fire Code requires a permit, such City Code provision or State law shall prevail and it shall be necessary to obtain the permit as required by the Fire Code.

Should any new construction requirements in the current edition of Michigan Building Code conflict with construction requirements in the Fire Code, the Michigan Building Code shall prevail.
(Ord. No. 2012-34, § 1, 6-19-12, eff. 7-1-12; Ord. No. 2014-24, § 1, 5-13-14)

Sec. 9.333. Changes in Code.

The following sections and subsections of the 2021 International Fire Code are hereby amended or deleted as set forth and additional sections and subsections are added as indicated. Subsequent section numbers used in this Chapter shall refer to the like numbered sections of the International Fire Code, 2021 edition.

(1) *Section 101.1.* 101.1 Title. These regulations shall be known as the Fire Code of City of Grand Rapids, herein referred to as "this code".

(2) *Section 105.5.32.* 105.6.32 Mobile food preparation vehicles. A license is required for mobile food preparation vehicles as set forth in the City's Mobile Food Business Ordinance, Chapter 74 of Title VI of the City's Code of Ordinances.

(3) *Section 105.5.34.* Deleted.

(4) *Section 111.1.* 111.1 Board of Appeals established. In order to hear and decide appeals of orders, decisions or determinations made by the Fire Code Official relative to the application and interpretation of this code there shall be a Board of Appeals. The Board of Appeals shall be the Construction Code Board of Appeals of the City of Grand Rapids. All appeals shall be governed by the procedures for appeals to the Construction Code Board of Appeals.

(5) *Section 112.4.* 112.4 Violation Penalties. Persons who shall violate a provision of this code or shall fail to comply with any of the requirements thereof or who shall erect, install, alter, repair or to do work in violation of the approved construction documents or directive of the fire code official, or of a permit or certificate used

under provisions of this Chapter, shall be guilty of a municipal civil infraction for the first offense. All subsequent offenses shall be a misdemeanor punishable by a fine of up to $500, or imprisonment for up to 90 days, or both such fines and imprisonment. Each day that a violation continues after due notice has been served shall be deemed a separate offense and a separate violation subject to enforcement action.

(6) *Section 111.5.* 111.5 Posting of Official Fire Department Notices. Whenever it is determined by the Fire Official that a building is unsafe for public occupancy or public safety personnel, the Fire Official or other personnel may evacuate and/or post a notice, placard, or sign on the building indicating the building's unsafe condition.

(7) *Section 113.4.* 113.4 Failure to Comply. Any person who shall continue any work after having been served with a stop work order, except such work as that person is directed to perform to remove a violation or unsafe condition, shall be guilty of a misdemeanor.

(8) *Section 202* Definitions. Mobile Food Preparation Vehicles. Mobile Food Preparation Vehicles shall have the same meaning as Mobile Food Vending Business under Section 6.102 of Chapter 74 of Title VI of the City's Code of Ordinances.

(9) *Section 307.* Deleted.

(10) *Section 319.1.* 319.1 General. Mobile food preparation vehicles shall comply with this section.

(11) *Section 319.2.* 319.2 License required. A license is required for mobile food preparation vehicles as set forth in the City's Mobile Food Business Ordinance, Chapter 74 of Title VI of the City's Code of Ordinances.

(12) *Section 507.5.1.* 507.5.1 Where Required. Where a portion of the facility or building hereafter constructed or moved into or within the jurisdiction is more than 300 feet from a hydrant on a fire apparatus access road, as measured by an approved route around the exterior of the facility or building, on-site fire hydrants and mains shall be provided where required by the fire code official. Provided however, that for group R-3 occupancies the distance requirement shall be 400 feet.

(13) *Section 901.6.3.* 901.6.3. Records. Records of all system inspections, tests and maintenance required by the referenced standards and/or City Code shall be maintained on the premises for a minimum of three years and shall be copied by the inspection, testing, and/or maintenance contractor to the fire code official using a system as specified by him or her.

(14) *Section 903.2.1.1.* 903.2.1.1 Group A-1. An automatic sprinkler system shall be provided throughout stories containing Group A-1 occupancies and throughout all stories from the Group A-1 occupancy to and including the levels of exit discharge serving that occupancy where one of the follow conditions exists:

1. The fire area exceeds 12,000 square feet (1115 m^2).
2. The fire area has an occupant load of 299. During special events and holidays, if the establishment assigns an existing employee or security to conduct fire watch, then the establishment may increase capacity. Fire inspectors will provide free inspections and training related to capacity requests.
3. The fire area is located on a floor other than a level of exit discharge serving such occupancies.
4. The fire area contains a multiple-theater complex.

(15) *Section 1103.5.1* Deleted.

(16) *Section 1103.7.5.1.* 1103.7.5.1 Group R-1 hotel and motel manual fire alarm system. A manual fire alarm system that activates the occupant notification system in

accordance with section 907.5 shall be installed in existing Group R-1 hotels and motels more than one story in height or with more than 20 sleeping units. Fire Prevention will inspect and install smoke alarms in each room and interior egress area to ensure occupant safety. This section shall have a phased adoption and be completed by 2028. During this period, funding from state and local sources shall be sought to offset costs.

Exceptions:

1. A manual fire alarm system is not required in buildings less than two stories in height where all sleeping units, attics and crawl spaces are separated by 1-hour fire resistance-rated construction and each sleeping unit has direct access to a public way, egress court or yard.
2. A manual fire alarm system is not required in buildings not more than three stories in height with not more than 20 sleeping units and equipped throughout with an automatic sprinkler system installed in accordance with Section 903.3.1.1 or 903.3.1.2.
3. Manual fire alarm boxes are not required throughout the building where the following conditions are met:
   - 3.1. The building is equipped throughout with an automatic sprinkler system installed in accordance with Section 903.3.1.1 or 903.3.1.2.
   - 3.2. The notification appliances will activate upon sprinkler water flow.
   - 3.3. Not less than one manual fire alarm box is installed at an approved location.

(17) *Section 1104.1.* 1104.1 General. Means of egress in existing buildings shall comply with the minimum egress requirements when specified in Table 1103.1 as further enumerated in Sections 1104.2 through 1104.24, and the building code that applied at the time of construction. Where the provisions of this chapter conflict with the building code that applied at the time of construction, the most restrictive provision shall apply. Existing buildings that were not required to comply with a building code at the time of construction shall comply with the minimum egress requirements when specified in Table 1103.1 as further enumerated in Sections 1104.2 through 1104.24.

Exception: Means of egress conforming to the requirements of the building code under which they were constructed shall be considered as complying means of egress if, in the opinion of the fire code official, they do not constitute a distinct hazard to life.

(18) *Section 1104.25.* 1104.25 Egress path markings. Existing high-rise buildings of Group A, B, E, I, M and R-1 occupancies shall be provided with luminous egress path markings in accordance with Section 1025 by July 1, 2024.

Exception: Open, unenclosed stairwells in historic buildings designated as historic under a state or local historic preservation program.

(19) *Section 3305.5.1.* 3305.5.1 Fire watch during construction. A fire watch shall be provided during nonworking hours for new construction that exceeds 40 feet (12 192 mm) in height above the lowest adjacent grade at any point along the building perimeter, for new multistory construction with an aggregate area exceeding 50,000 square feet (4645 m^2) per story or as required by the fire code official. In addition to traditional fire watch, security personnel or remotely monitored detectors is allowed to ensure early notification of fires in large buildings under construction.

(20) *Section 5704.2.9.6.1.* 5704.2.9.6.1 Locations where above ground tanks are prohibited. New bulk plants for storage

of Class I and II liquids in above ground tanks outside of buildings are permitted only in areas zoned SD-IT, unless the Fire Code Official modifies this requirement in writing.

All above ground storage tanks shall comply with the provisions of NFPA 30, Flammable and Combustible Liquids, the most current edition.

(21) *Section 5706.2.4.4.* 5706.2.4.4 Locations where above ground tanks are prohibited. The storage of Class I and Class II liquids in above ground storage tanks is permitted only in areas zoned SD-IT, unless the Fire Code Official modifies this requirement in writing.

(22) *Section 5806.2.* 5806.2 Limitations. The storage of flammable cryogenic fluids in stationary containers is permitted only in areas zoned SD-IT, unless the Fire Code Official modifies this requirement in writing.

(23) *Section 6104.2.* 6104.2 Maximum capacity within established limits. Within the limits established by law restricting the storage of liquefied petroleum gas for the protection of heavily populated or congested areas, the aggregate capacity of any one installation shall not exceed a water capacity of 500 gallons or two hundred ten pounds gas capacity.

Exception: In particular installations this capacity limit shall be determined by the Fire Code Official, after consideration of special features such as topographical conditions, nature of occupancy, and proximity to buildings, capacity of proposed LP-gas containers, degree of fire protection to be provided and capabilities of the local fire department. The Fire Code Official may require plans to be submitted prior to allowing an increased capacity limit.

(24) *Section J101.1.* J101.1 Scope. Where required by the Fire Code Official due to the size, height, complex layout, fire protection features, or use of a structure, or due to historic response activity, new and existing buildings shall have a building information sign(s) that comply with Sections J101.1.1 through J101.7.

Exceptions:

1. Group U occupancies.
2. One- and two-family dwellings.

(25) *Section J101.8.* J101.8 Sign classification maintenance, building information. Sign maintenance shall comply with each of the following:

1. Fire departments in the jurisdiction shall define the designations to be placed with the sign.
2. The owner of a building shall be responsible for the maintenance and updates to the sign in accordance with fire department designations.

(Ord. No. 2014-24, § 1, 5-13-14; Ord. No. 2018-58, § 2, 9-18-18; Ord. No. 2024-01, § 2, 1-9-24)

Sec. 9.334. Permits and Fees.

The fees required for the issuance or granting of any permit, certification, inspections services, other Fire Department operational fees, and collection services fees, as charged by the City Treasurer, shall be established from time to time by appropriate City Commission Resolution. (Ord. No. 2014-24, § 1, 5-13-14)

Sec. 9.335. Reports.

The following reports are required as designated below:

INSPECTION REPORT—ADMINISTRATIVE

Automatic Fire-Suppression Systems. An annual inspection report is required for an automatic fire-extinguishing system.
Fire Alarm and Detection Systems and Related Equipment. An annual inspection report is required for fire alarm and detection systems and related equipment.
Hood Suppression Systems and Related Equipment. A semi-annual inspection report is required for hood suppression systems and related equipment.

Life Safety System. An annual inspection report is required for life safety systems such as rolling fire doors, smoke evacuation systems, and smoke dampers.
Inspection Reports. Inspection due dates are based on a fixed date as assigned by the Fire Department. Annual inspection reports are due yearly by the assigned date. Semi-annual inspection reports are due twice a year by the assigned dates.

Sec. 9.361. Findings of Fact.

(1) That the population of the City of Grand Rapids consists of people of nearly every race, color, religion, ancestry and national origin, of varying ages and genders, of married and non-married persons, of disabled and nondisabled persons, and of those receiving various sources of lawful income including public assistance. Many of these persons are compelled to live in circumscribed areas, under substandard, unhealthy, unsafe, unsanitary and overcrowded living conditions, at least in part because of discrimination in the sale, lease, rental and financing of housing.

(2) That these conditions have substantially increased mortality, disease, crime, vice and juvenile delinquency, fires and risk of fires, inter-group tensions and other evils, all of which is detrimental to the public health, safety and general welfare of the City of Grand Rapids.

(3) That the harmful effects produced by discrimination in housing increase the cost of government and reduce the public revenues, thus imposing financial burdens upon the public for the relief and amelioration of the conditions so created.

(4) That discrimination in housing adversely affects the continued redevelopment, renewal, growth and progress of the City of Grand Rapids.
(Ord. No. 2015-60, § 1, 10-13-15)

Sec. 9.362. Policy.

It is hereby declared to be the policy of the City of Grand Rapids, in the exercise of its police power for the protection of the public health, safety and general welfare, for the maintenance of business and good government, and for the promotion of the City's trade, commerce and manufacture, to assure equal opportunity to all persons to live in adequate housing facilities regardless of race, color, creed, religion, national origin, ancestry, age, gender, disability, marital status, height, weight, sexual orientation, gender identity, source of lawful income or public assistance recipient status, and to that end, prohibit discrimination in housing.
(Ord. No. 2015-60, § 1, 10-13-15)

Sec. 9.363. Definitions.

For the purposes of this Chapter:

(1) *Real property* includes buildings, structures, real estate, lands, tenements, leaseholds, interests in real estate cooperatives, condominiums, and hereditaments, corporeal and incorporeal, or any interest therein.

(2) *Real estate transaction* includes the sale, exchange, rental or lease of real property.

(3) *Housing accommodation* includes any improved or unimproved real property, or part thereof, which is used or occupied, or is intended, arranged or designed to be used or occupied, as the home or residence of one (1) or more individuals.

(4) *Real estate broker or salesperson* means a person, whether licensed or not, who, for or with the expectation of receiving a consideration, lists, sells, purchases, exchanges, rents or leases real property, or who negotiates or attempts to negotiate any of these activities, or who holds himself or herself out as engaged in these activities, or who negotiates or attempts to negotiate a loan secured or to be secured by mortgage or other encumbrance upon real property, or who is engaged in the business of listing real property in a publication; or a person employed by or acting on behalf of any of these.

(5) *Family* means a person living alone, or two (2) or more persons customarily living together as a single housekeeping unit in a dwelling unit as distinguished from a group occupying a hotel, club, religious or institutional building, boarding or lodging house, or fraternity or sorority house.

(6) *Disabled* or *Disability status* means with respect to a person:

a. A physical or mental impairment which substantially limits one (1) or more of such person's major life activities; or

b. A record of having such an impairment or being regarded as having such an impairment; or

c. A disability, as defined in a. or b. above, if the handicap is one affecting a person residing in or using, or intending to reside in or use, the real property subject to this Chapter, or any person related to or associated with the person engaging in the real estate transaction.

(7) *Familial status* means one (1) or more individuals (who have not attained the age of eighteen (18) years) being domiciled with:

a. A parent or another person having legal custody of such individual or individuals; or

b. The designee or such parent or other person having such custody, with the written permission of such parent or other person.

c. The protections afforded against discrimination on the basis of familial status shall apply to any person who is pregnant or is in the process of securing legal custody of any individual who had not attained the age of eighteen (18) years.

(8) *Elderly* means a person who is at least sixty-two (62) years of age.

(9) *Source of lawful income* means consistent income derived from wages, social security, supplemental security income, all forms of Federal, State or local assistance payments or subsidies, Section 8 assistance, child support, alimony and public assistance which can be verified and substantiated.

(Ord. No. 2015-60, § 1, 10-13-15)

Sec. 9.364. Discriminatory Practices.

It shall be unlawful for an owner, a real estate broker or salesperson, or any other person, because of race, color, creed, religion, national origin, ancestry, age, gender, disability, marital status, height, weight, sexual orientation, gender identity, source of lawful income or public assistance recipient status:

(1) To refuse to engage in a real estate transaction with a person;

(2) To discriminate against a person in the terms, conditions or privileges of a real estate transaction or in the furnishing of facilities or services in connection therewith;

(3) To refuse to receive or to fail to transmit a bona fide offer to engage in a real estate transaction from a person;

(4) To refuse to negotiate for a real estate transaction with a person;

(5) To represent to a person that real property is not available for inspection, sale, rental or lease when, in fact, it is so available, or to intentionally fail to bring a property listing to the person's attention, or to refuse to permit the person to inspect real property;

(6) To print, circulate, post or mail or cause to be so published a statement, advertisement or sign, or to use a form of application for a real estate transaction, or to make a record or inquiry in connection with a prospective real estate transaction, which indicates, directly or indirectly, an intent to make a limitation, specification, or discrimination with respect thereto; or

(7) To offer, solicit, accept, use or retain a listing of real property with the understanding that a person may be discriminated against in a real estate transaction or in the furnishing of facilities or services in connection therewith.

(Ord. No. 2015-60, § 1, 10-13-15)

Sec. 9.365. Exemptions.

The provisions of Section 9.364 do not apply:

(1) To the rental of a housing accommodation in a building which contains housing accommodations for not more than two (2) families living independently of each

other, if the lessor or a member of his or her family resides in one (1) of the housing accommodations; or

(2) To the rental of a room or rooms in a single dwelling unit by an individual if he or she or a member of his or her family resides therein.

(Ord. No. 2015-60, § 1, 10-13-15)

Sec. 9.366. Discriminatory Financial Practices.

It shall be unlawful for a person to whom application is made for financial assistance in connection with a real estate transaction or for the construction, rehabilitation, repair, maintenance or improvement of real property, or a representative of such a person:

(1) To discriminate against the applicant because of race, color, creed, religion, national origin, ancestry, age, gender, disability, marital status, height, weight, sexual orientation, gender identity, source of lawful income or public assistance recipient status.

(2) To use a form of application for financial assistance or to make or keep a record or inquiry in connection with applications for financial assistance which indicates, directly or indirectly, an intent to make a limitation, specification or discrimination as to race, color, religion, or national origin.

(Ord. No. 2015-60, § 1, 10-13-15)

Sec. 9.367. Blockbusting.

It shall be unlawful for a person, for the purpose of inducing a real estate transaction from which he or she may benefit financially:

(1) To represent that a change has occurred or will or may occur in the composition with respect to race, color, creed, religion, national origin, ancestry, age, gender, disability, marital status, height, weight, sexual orientation, gender identity, source of lawful income or public assistance recipient status of the owners or occupants in the block, neighborhood or area in which the real property is located; or

(2) To represent that this change will or may result in the lowering of property values, an increase in criminal or antisocial behavior, or a decline in the quality of schools in the block, neighborhood or area in which the real property is located.

(Ord. No. 2015-60, § 1, 10-13-15)

Sec. 9.368. Religious Institutions.

It shall not be unlawful for a religious institution or organization or a charitable or educational organization operated, supervised or controlled by a religious institution or organization to give preference to members of the same religion in a real property transaction when the property is to be used for religious, charitable or educational purposes.

(Ord. No. 2015-60, § 1, 10-13-15)

Sec. 9.369. Elderly Housing.

It shall not be unlawful for a property owner to give preference to elderly persons in the rental of housing accommodation(s) when the proposed rental accommodation(s) is located in a building which contains housing accommodations for more than one (1) family and all rental units will be occupied by elderly persons.

(Ord. No. 2015-60, § 1, 10-13-15)

Sec. 9.370. False or Misleading Statements Prohibited.

It shall be unlawful for any person, firm or corporation to knowingly or intentionally present false or misleading statements to the authorities charged with the enforcement of this Chapter or to sign a complaint for violation of this Chapter, based upon false or misleading information.

(Ord. No. 2015-60, § 1, 10-13-15)

Sec. 9.371. Period of Limitations.

Complaints of this Chapter shall be in writing to the City Attorney not later than one hundred eighty (180) days after the commission of the offense(s).

As used in this Chapter:

(1) A *civil emergency* is hereby defined to be:

(a) A riot or unlawful assembly characterized by the use of actual force or violence or any threat to use force if accompanied by immediate power to execute by three (3) or more persons acting together without authority of law; or

(b) Any mob action or other civil disobedience causing danger of injury to or damages to persons or property; or

(c) Any natural disaster or manmade calamity including flood, conflagration, cyclone, tornado, earthquake or explosion within the corporate limits of the City resulting in the death or injury of persons or the destruction of property to such an extent that extra-ordinary measures must be taken to protect the public health, safety and welfare.

(2) *Curfew* is hereby defined as a prohibition against any person or persons walking, running, loitering, standing or motoring upon any alley, street, highway, public property or vacant premises within the corporate limits of the City, excepting persons officially designated to duty with reference to said civil emergency.

(Ord. No. 68-62, 9-10-68)

Sec. 9.377. Proclamation.

When, in the judgment of the Mayor, a civil emergency as defined herein is deemed to exist, he or she may forthwith proclaim in writing the existence of a state of civil emergency. In event of the Mayor's absence or inability to act, the President of the City Commission shall have the power to proclaim a state of civil emergency and to enter any order that the Mayor might enter.

(Ord. No. 68-62, 9-10-68)

Cross references—Declaring a state of emergency, § 1.571; declaring state of disaster, § 1.572.

Sec. 9.378. Curfew.

After proclamation of a state of civil emergency by the Mayor, he or she may order a general curfew applicable to such geographical areas of the City or to the City as a whole, as he or she deems advisable, and applicable during such hours of the day or night as he or she deems necessary in the interest of the public safety and welfare. Said curfew order may also provide that it shall not be applicable to any person who, upon trial charged with a violation of the curfew order, submits competent evidence that at the time of his or her arrest he or she was going to or from his or her place of employment by the most direct route, within a period of not exceeding one hour immediately preceding or immediately following the hours of employment. In the trial of any prosecution, the burden of proof shall be upon a person claiming an exception under this provision. Said curfew order may also provide that it shall not be applicable to any person who secures a consent of the Superintendent of Police or his or her agent for specific traveling, and who at the time of arrest is traveling within the provisions of the Superintendent's consent. In the trial of any prosecution, the burden of proof shall be upon the person claiming an exception under this provision.

(Ord. No. 68-62, 9-10-68)

Cross reference—Curfew, Ch. 156.

Sec. 9.379. Orders.

After proclamation of a state of civil emergency, the Mayor may also, in the interest of public safety and welfare, make any or all of the following orders:

(1) Order the closing of all retail liquor stores.

(2) Order the closing of all beer taverns.

(3) Order the closing of all private clubs or portions thereof wherein the consumption of intoxicating liquor and or beer is permitted.

(4) Order the discontinuance of the sale of alcoholic beverages or liquor.

(5) Order the discontinuance of selling, distributing or giving away any gasoline or other liquid flammable or combustible products.

(6) Order the discontinuance of selling, distributing or giving away gasoline or other liquid flammable or combustible products in any container other than a gasoline tank properly affixed to a motor vehicle.

(7) Order the closing of gasoline stations and other establishments, the chief activity of which is the sale, distribution or disposing of liquid flammable or combustible products.

(8) Order the discontinuance of selling, distributing, dispensing or giving away of any firearms or ammunition of any character whatsoever.

(9) Order the closing of any or all establishments or portions thereof, the chief activity of which is the sale, distribution, dispensing or giving away of firearms and/or ammunition.

(10) Order that the removal of gasoline from the gasoline tank of any motor vehicle for any purpose whatsoever shall be unlawful.

(11) Order that it shall be unlawful for any person to participate in, or be present with, a group of three (3) or more persons gathered anywhere within the emergency area, unless permission has been granted by the Superintendent of Police or his or her duly authorized agent.

(12) Order that it shall be unlawful for any person to open or operate any place of amusement.

(13) Order and authorize the Superintendent of Police or his or her duly authorized agent to use such force and control as may be necessary to prohibit unnecessary and prohibited traffic within the emergency area.

(14) Issue such other orders as are imminently necessary for the protection of life and property.

Such orders may be amended or rescinded by the Mayor during the pendency of the state of civil emergency, but shall cease to be in effect upon termination of the state of civil emergency, or upon a proclamation by the Mayor that a state of civil emergency no longer exists.
(Ord. No. 68-62, 9-10-68)

Sec. 9.380. When Effective.

The proclamation of a state of civil emergency and orders provided for in this Chapter shall become effective upon their issuance and dissemination to the public by appropriate news media.
(Ord. No. 68-62, 9-10-68)

Sec. 9.381. Termination.

A state of civil emergency proclaimed in accordance with the provisions of this Chapter shall terminate forty-eight (48) hours from the time of issuance of the proclamation, or upon a proclamation by the Mayor that a state of civil emergency no longer exists, whichever occurs first; provided, however, that such state of civil emergency may be extended for such additional periods of time as determined necessary by resolution of the City Commission.
(Ord. No. 68-62, 9-10-68)

Sec. 9.382. Violation of Orders, Rules or Regulations.

Any person who shall violate any order, rule or regulation made in conformity with a proclamation of emergency issued pursuant to this Chapter shall be subject to immediate arrest, and upon conviction, punished as provided in Section 1.13.

*__Editor's note—__Ord. No. 2006-37, § 1, adopted June 6, 2006, renamed the title of chapter 163 to read as herein set out. Formerly, said chapter was entitled Alarms.

__Cross references—__Alarm system inspection and license fee, § 8.67(11); Electrical Code, Ch. 133; Property Maintenance Code, Ch. 140; smoke detectors, § 9.336(F-400.7 et seq.).

Sec. 9.400. Purpose.

The City Commission determines that the number of false intrusion and holdup alarms within the City of Grand Rapids has caused problems which necessitate the enactment of this Chapter. Included in these problems are:

Unreasonable demands upon the time and resources of the Grand Rapids Police Department.

Increased danger to police officers and citizens of the City of Grand Rapids caused by the emergency response of the Grand Rapids Police Department to intrusion and holdup alarms.

The unwarranted diversion of Grand Rapids Police Department resources to answering false alarms and the consequent reduction of resources available to deal with other police responsibilities.

This Chapter is intended to provide minimum standards for the installation of alarm systems, to regulate the use of alarm systems, and to prescribe a penalty for excessive numbers of false alarms.
(Ord. No. 81-2, 1-13-81)

Sec. 9.401. Definitions.

As used in this Chapter:

(1) *Alarm system* means any device or piece of equipment or an assembly of equipment and devices designed or arranged to signal visibly, audibly, electronically, mechanically or by any combination of these methods the presence of a hazard requiring urgent attention and to which the police are expected to respond. As used in this Chapter, the term "alarm system" shall include, but not be limited to, "automatic holdup alarm systems," "burglar alarm systems," and "manual holdup alarm systems," as those terms are herein defined. Fire alarm systems and alarm systems which monitor temperature, humidity, or any other condition not directly related to the detection of an unauthorized intrusion into a premises or an attempted robbery at a premises are specifically excluded from the provisions of this Chapter unless such systems are integrated into an "alarm system" as defined in this Section.

It is intended that the term "alarm system," as defined in this Section, shall exclude those devices or those pieces or assemblies of equipment and devices attached and affixed entirely within a protected premises and designed or arranged primarily to signal visibly, audibly, electronically, mechanically or by any combination of these methods the presence of a hazard to the occupants of the protected premises. "Alarm systems" as defined in this Section shall include those devices or pieces or assemblies of equipment and devices attached and affixed at any place on the protected premises and designed or arranged primarily to signal visibly, audibly, electronically, mechanically or by any combination of these methods the presence of a hazard to a point and to persons not on the protected premises.

(2) *Alarm user* means any person, whether owner, occupant or tenant, upon whose premises an alarm system is maintained or operated within the City of Grand Rapids, except for alarm systems on motor vehicles. If, however, the alarm system on a motor vehicle is connected with an alarm system at a premises, the person using such a system is an alarm user.

(3) *Automatic holdup alarm system* means an alarm system in which the signal transmission is initiated by the action of a robber or attempted robber.

(4) *Burglar alarm system* means an alarm system signaling an entry or attempted entry into an area protected by the system.

(5) *Holdup alarm system* means an alarm system signaling a robbery or attempted robbery.

(6) *Manual holdup alarm system* means an alarm system in which the signal trans-

mission is initiated by the direct action of the person assaulted or by an observer of the assault.

(7) *False alarm* means any activation of an alarm system, except activation caused by criminal activity, acts of God or verifiable interruptions of electrical or telephonic service to an alarm user, unless the alarm is canceled by the party that originally notified the police of the alarm before the police arrive on the scene.

(8) An *act of God* is unusual, extraordinary, sudden or unexpected display of the forces of nature against which the science and the skill of mankind are of no avail.

(9) *Person.* Person means any individual, partnership, corporation, unincorporated association or any group of persons.

(Ord. No. 81-2, 1-13-81; Ord. No. 2000-46, § 1, 7-25-00)

Sec. 9.402. Alarm User Permit.

(1) Within one hundred twenty (120) days after the adoption of this Chapter, every alarm user within the City of Grand Rapids shall obtain an alarm user permit for each alarm system operated within the City. Such alarm user permit shall be issued by the Grand Rapids Police Department upon compliance with the provisions of this Chapter. The permit shall be valid for a period of one (1) year and shall be nontransferable.

(2) Any person maintaining or operating an alarm system at more than one (1) premises within the City of Grand Rapids shall obtain an alarm user permit for each separate premises.

(3) The form of the application and alarm user permit shall be established by the Police Chief and shall be approved by the Grand Rapids City Attorney. The completed application for each alarm user permit shall be accompanied by a fee to be used to defray the cost of administering this Chapter. The amount of the fee shall be fixed by the City Commission.

(4) Any alarm system user who maintains or operates an alarm system without first obtaining a permit, as required by this Section, shall be guilty of a violation of this Code.

(Ord. No. 81-2, 1-13-81)

Cross reference—Alarm system inspection and license fee, § 8.67(11).

State law reference—Private security guards and alarm systems, MCL 338.1051 et seq.

Sec. 9.403. Display of Permit.

The alarm system user permit shall be kept on the premises serviced by the alarm system and shall be displayed upon the request of a duly authorized representative of the Grand Rapids Police Department.

(Ord. No. 81-2, 1-13-81)

Sec. 9.404. Standards for Alarm Systems.

(1) Any alarm system installed or used in the City of Grand Rapids and which is subject to the permit provisions herein shall make use of equipment equivalent to or exceeding the following minimum applicable Underwriter's Laboratory (UL) standards for the system installed: UL 609, "Local Burglar Alarm Units and Systems"; UL 636, "Holdup Alarm Units and Systems"; UL 681, "Installation and Classification of Mercantile and Bank Burglar Alarm Systems"; UL 1023, "Household Burglar Alarm Systems Units."

(2) Any alarm system installed or used in the City of Grand Rapids which is subject to the provisions of this Chapter and which signals an audible alarm that can be heard off the alarm system user's premises shall be equipped with an automatic device which shall shut off the audible alarm after it has sounded for not more than fifteen (15) minutes and which will not permit the audible signal to be activated again until the alarm is manually reset.

(3) The device, equipment or hardware used in an alarm system may correspond to any of the several levels of protection or grades of service listed in the applicable standards, provided, however, that alarm users shall not be required to provide protection for all of the areas or openings which may be required to be protected by the applicable standards.

(4) The standards referred to in this Section are hereby adopted as part of this Chapter subject to the modifications and qualifications set forth herein and a copy of each such standard shall be kept on file at the Grand Rapids Police Department and the Grand Rapids City Clerk's office and shall be available for public inspection and copying.

(5) In those instances where UL has not established standards for categories of equipment or where new equipment is undergoing field testing, the Police Chief may require that the alarm system be inspected at the expense of the alarm user by a professional electrical engineer who shall certify in writing whether the alarm system meets or exceeds the performance standards set out in Section 9.404.

(6) The provisions of this Section are not applicable to alarm systems installed prior to the effective date of this Chapter.
(Ord. No. 81-2, 1-13-81)

Sec. 9.405. Inspection of Alarm Systems.

(1) For the purpose of enforcing the provisions of this Chapter, a sworn officer of the Grand Rapids Police Department or any employee of the Grand Rapids Police Department with specific authorization to inspect alarm systems granted by the Chief of Police shall, upon any activation of an alarm system, be admitted to the premises in or upon which the alarm system is located for the purpose of inspecting such alarm system or systems.

(2) Any employee of the Grand Rapids Police Department with specific authorization to inspect alarm systems granted by the Chief of Police shall have authority to enter, at all reasonable times, the premises in or upon which an alarm system is located for the purpose of inspecting an alarm system or systems which has activated:

(a) Three (3) false alarms in any one hundred twenty (120) day period.

(b) Four (4) false alarms in any two hundred forty (240) day period.

(c) Five (5) false alarms in any three hundred sixty-five (365) day period.

(Ord. No. 81-2, 1-13-81)

Sec. 9.406. False Alarms.

(1) No alarm user shall maintain, use, or allow the use of an alarm system or alarm systems which signals false alarms in excess of that permitted herein. An alarm system user shall be in violation of this Code whenever any alarm system signals:

(a) More than three (3) false alarms in any one hundred twenty (120) day period.

(b) More than four (4) false alarms in any two hundred forty (240) day period.

(c) More than five (5) false alarms in any three hundred sixty-five (365) day period.

(2) False alarms which are recorded in the first sixty (60) days after installation of an alarm system for which an alarm system user permit has been issued shall not be counted. False alarms that are successfully contested by the alarm user shall not be counted.

(3) Fines:

(a) The fine for the first false alarm in excess of the number herein permitted shall be not less than fifty dollars ($50.00).

(b) The fine for the second false alarm in excess of the number herein permitted shall be not less than seventy-five dollars ($75.00).

(c) The fine for the third false alarm in excess of the number herein permitted shall be not less than one hundred dollars ($100.00).

(d) The fine for the fourth false alarm in excess of the number herein permitted shall be not less than one hundred twenty-five dollars ($125.00).

(e) The fine for the fifth false alarm in excess of the number herein permitted shall be not less than one hundred fifty dollars ($150.00).

(f) The fine for [the sixth and] each subsequent false alarm in excess of the number herein permitted shall be not less than two hundred dollars ($200.00).

Sec. 9.500. Purpose.

The purpose of this Chapter is to protect the public health, safety and general welfare, to enhance the visual environment of the City, and to preserve residential neighborhoods.
(Ord. No. 80-83, 11-25-80)

Sec. 9.501. Definitions.

For the purpose of this Chapter:

(1) *Front yard* shall mean that area measured by the full width of the front lot line to a depth measured from said front lot line to the first supporting member of a structure. In the case of corner lots, the front yard shall be the area measured by the lot lines on each street to a depth measured from said lot lines to the first supporting member of the structure.

(2) *Residential neighborhoods* shall mean those areas established by Chapter 61, Section 5.12, Map, of this Code as R-1, R-2, R-3 or R-4 zones.

(Ord. No. 80-83, 11-25-80)

Sec. 9.502. Parking in Front Yards.

Parking or storage of motor vehicles in a front yard within a residential district is prohibited.
(Ord. No. 80-83, 11-25-80)

Sec. 9.503. Violations.

The registered owner or operator of a motor vehicle which is illegally parked or stored in a front yard within a residential district shall upon conviction thereof be subject to the penalties provided for in Section 1.13 of this Code.
(Ord. No. 80-83, 11-25-80)

Sec. 9.504. Registered Owner.

In any proceeding relating to arrest or prosecution for violation of this Chapter, evidence that a particular vehicle described in the complaint was parked or stored in violation of this Chapter together with evidence by verifying ownership with the Secretary of State that the defendant named in the complaint was on the date alleged in the complaint the registered owner of the vehicle may be accepted by the court as establishing probable cause for the issuance of a warrant for the registered owner of the vehicle and creates in evidence a presumption that the registered owner was the person who parked or stored the vehicle at the location where and during the time which the violation occurred.
(Ord. No. 80-83, 11-25-80)

Sec. 9.505. Parking in Driveways.

Nothing in this Chapter shall prohibit the parking of motor vehicles upon driveways. A driveway, for this purpose, shall be surfaced with concrete, asphalt, gravel or similar material and shall lead from an authorized curb cut to a garage, carport, or required parking space.
(Ord. No. 80-83, 11-25-80)

Sec. 9.506. Circular Driveways and Surfaced Turnabouts.

A surfaced turnabout area, a circular driveway from an authorized curb cut to another authorized curb cut, or auxiliary parking spaces not required by Chapter shall be permitted under the following conditions:

(1) Such areas and driveways shall not occupy in excess of fifty (50) percent of the area of the front yard; and

(2) Such areas shall be surfaced with concrete, asphalt, brick or six-inch solid concrete blocks. Where the brick or solid concrete block surface is to be used, the soil and topsoil shall be removed and a sand sub-base shall be provided.

Sec. 9.607. Enforcement.
Sec. 9.608. Violation a Civil Infraction.
Sec. 9.609. Confiscation of Property.
Secs. 9.610—9.700. Reserved.

*__Editor's note—__Ord. No. 2015-24, § 1, adopted May 12, 2015, amended chapter 165 in its entirety to read as herein set out. Former chapter 165, §§ 9.601—9.605, pertained to prohibition of skateboarding. See Code Comparative Table for complete derivation.

Sec. 9.601. Purpose.

The City Commission finds that skateboards, long boards, roller skates and inline skates are acceptable modes of transportation. The City Commission further finds that persons operating skateboards, long boards, roller skates and inline skates downtown create the potential for significant property damage and personal injury to themselves and others, when their conduct is not regulated. The City Commission finds these problems and concerns are most acute in the downtown area because of heavy pedestrian and vehicular traffic and because the unique physical features in the downtown area are attractive to persons using skateboards, long boards, roller skates and inline skates.

Thus, the purpose of this Chapter is to allow skateboarding, long boarding, roller skating and inline skating in the downtown area as a mode of transportation, while simultaneously limiting the risk of property damage and personal injury associated with skateboards, long boards, roller skates and inline skates by prohibiting their use anywhere in the downtown area except as specified in this Chapter.
(Ord. No. 2015-24, § 1, 5-12-15)

Sec. 9.602. Prohibited Conduct.

No person shall ride, propel, push or otherwise operate a skateboard, long board, roller skates or inline skates anywhere within the area described in Section 9.604. This prohibition is subject to the exceptions set forth in Section 9.603.
(Ord. No. 2015-24, § 1, 5-12-15)

Sec. 9.603. Exceptions.

Notwithstanding the prohibitions contained in the foregoing Section, riding, propelling, pushing or otherwise operating a skateboard, long board, roller skates or inline skates is expressly permitted as follows:

(a) Persons under the age of 15 may ride, propel, push or otherwise operate a skateboard, long board, roller skates or inline skates on any public sidewalk anywhere within the area described in Section 9.604.; and

(b) Persons age 15 or older may ride, propel, push or otherwise operate a skateboard, long board, roller skates or inline skates on or in any public street or alley anywhere within the area described in Section 9.604.; and

(c) Persons may ride, propel, push or otherwise operate a skateboard, long board, roller skates or inline skates in facilities specifically designated for use of skateboards; and

(d) Persons may ride, propel, push or otherwise operate a skateboard, long board, roller skates or inline skates on any private property where the owner has given permission for such use.

(Ord. No. 2015-24, § 1, 5-12-15)

Sec. 9.604. Area in Which Prohibition Applies.

The area of the City in which the prohibition of Section 9.602. applies is the Downtown Improvement District as described in Section 1.960 of the City Code, except that portion of the Downtown Improvement District that is north of I-196.
(Ord. No. 2015-24, § 1, 5-12-15)

Sec. 9.605. Rights and Responsibilities.

Persons operating skateboards, long boards, roller skates, and inline skates within the City of Grand Rapids shall possess the same rights and responsibilities pursuant to City Code as the operator of a bicycle possesses under the Michigan Motor Vehicle Code and City Code.
(Ord. No. 2015-24, § 1, 5-12-15)

Sec. 9.606. Reflective Clothing and Lights.

No person shall ride, propel, push or otherwise operate a skateboard, long board, roller skates or inline skates during limited visibility conditions or between the hours of sunset and sunrise, unless such person:

(a) Displays a white light on the front of his or her person above the waistline, with that light plainly discernable from a distance of not less than three hundred (300) feet ahead; and

(b) Wears reflective clothing above the waistline, as the outermost layer of clothing.

(Ord. No. 2015-24, § 1, 5-12-15)

Sec. 9.607. Enforcement.

This Chapter may be enforced by any police officer or by any other City employee authorized to issue appearance tickets for violation of the City Code and by any other City employee specifically authorized by the City Manager to issue appearance tickets for violation of this Chapter.

(Ord. No. 2015-24, § 1, 5-12-15)

Sec. 9.608. Violation a Civil Infraction.

A violation of this Chapter shall be a municipal civil infraction punishable by a fine as established in Chapter 170 of the City Code.

(Ord. No. 2015-24, § 1, 5-12-15)

Sec. 9.609. Confiscation of Property.

No person empowered to enforce this Chapter shall confiscate or impound any skateboard, long board, roller skates or inline skates from any person who is riding, propelling, pushing or otherwise operating a skateboard, long board, roller skates or inline skates in the downtown area, during enforcement of this Chapter.

Sec. 9.701. Definitions.

For the purposes of this Chapter, the terms defined below shall have the meanings indicated below in this Section:

(1) *City Commission* means the Grand Rapids City Commission or a standing or special Committee of the Grand Rapids City Commission.

(2) *Owner* means any person who possesses or has any legal or equitable interest in a property. *Owner* also means any person who has or exercises any control, custody or dominion over a property whether or not that person has or claims to have any legal or equitable interest in the property. *Owner* also means any person having an ownership interest in a property as disclosed by the records referred to in this Chapter.

(3) *Property* means any land, structure, house, building, premises or any part thereof.

(4) *Repeated* and *repeatedly* mean two (2) or more times.

(Ord. No. 93-39, § 1, 9-7-93)

Sec. 9.702. Legislative Findings with Respect to Drug Use and Prostitution or Soliciting for Prostitution.

The City Commission determines that whenever the repeated use, sale, furnishing, giving or possession of controlled substances or drug paraphernalia occurs on any property or whenever property is repeatedly used for violation of the controlled substances or drug paraphernalia laws or for purposes of prostitution or soliciting for prostitution, a public nuisance may result. Such a public nuisance results from the increased criminal activity that occurs in the neighborhood surrounding the property, increased pedestrian and/or vehicular traffic in the neighborhood surrounding the property, the fear engendered in the minds of neighbors and the peace and quiet of residents living in the neighborhood surrounding the property being disturbed.

(Ord. No. 93-39, § 1, 9-7-93)

Sec. 9.703. Authority for Declaration of a Public Nuisance.

Whenever the illegal use, sale, furnishing, giving or possession of controlled substances or drug paraphernalia repeatedly occurs on any property or when any violation of the controlled substances act or the drug paraphernalia laws or any act of prostitution or soliciting for prostitution occurs repeatedly on any property, the City Commission may declare by resolution that the property is a public nuisance and order that the nuisance be abated as provided in this Chapter.

(Ord. No. 93-39, § 1, 9-7-93)

Sec. 9.704. Procedure for Declaration of a Public Nuisance.

A Declaration of a Public Nuisance under the authority of this Chapter shall occur only in accordance with the following procedure:

(1) Such a declaration may occur only after there has been notice given to the owner of the property and the owner has had an opportunity to be heard at a public evidentiary hearing before the City Commission.

(2) Notice of the public evidentiary hearing shall be given to the owner and shall consist of personal service or the mailing of a certified letter to the owner at the address indicated by the City Assessor's records, the records of the Register of Deeds of Kent County and the records of the City's Housing Inspection office. The notice shall state the nature of the alleged nuisance and the time, date and location of the hearing. If the notice is served by certified mail, it shall be delivered with a return receipt requested according to the practices of the post office. Receipt of the return receipt card by the City indicating the owner's having received such notice shall be deemed notice to the owner. Such notice to an owner shall occur at least seven (7) calendar days prior to the date of the public hearing. As used in this Chapter, "the owner", "an owner," or "owner" shall mean any and all persons that the City is aware of who have or who may have an ownership interest as defined in this Chapter. Whenever this Chapter provides for notice to the owner, it shall be construed to mean that notice shall be given to all persons having a known ownership interest as so defined.

(3) The City Commission, sitting as an administrative body as provided for in Title V, Section 1 of the City Charter and acting in a quasi-judicial capacity, shall make a determination as to whether a public nuisance exists under the standards established by this Chapter. The City Commission shall make this determination based solely upon the evidence presented at the public evidentiary hearing. In conducting the public evidentiary hearing, the City Commission shall afford the owner and the Police Department an opportunity to present relevant and material evidence and to make arguments as to factual or legal issues. Cross-examination of opposing witnesses shall be permitted. The owner may appear in person or be represented by an attorney. Lay representation is not permitted. In conducting its public evidentiary hearing, the City Commission shall not be bound by the rules of evidence and may admit and give weight to probative evidence of a nature that is commonly relied upon by reasonably prudent individuals in the conduct of their affairs. Irrelevant, incompetent and immaterial evidence and unduly repetitious evidence shall be excluded.

(Ord. No. 93-39, § 1, 9-7-93)

Sec. 9.705. Abatement of Nuisance and Costs.

If the Grand Rapids City Commission determines by a preponderance of the evidence that a property is a public nuisance, it may, by resolution, in addition to any other remedies available to the City at law or in equity, order abatement of the nuisance.

(1) The abatement process shall be conducted as follows:

(a) If it is determined that all or a portion of the property is to be ordered vacated, the City Commission shall order the property vacated and declare that occupancy of all or a portion of the property is prohibited and authorized the Police Department to prohibit the occupancy of the property by either padlocking all or a portion of the property or boarding or otherwise securing all or a portion of the property, as is appropriate, for a period of up to one (1) year as the City Commission shall determine based upon the evidence; and/or

(b) Determine that the owner shall be liable for the full cost of any materials and personnel (including police and any other City employees or contractors) involved in the padlocking, boarding or securing of the property in the first instance and the full cost of any personnel and materials involved in any subsequent or remedial padlocking, boarding or securing of the property; and/or

(c) Determine that the costs set out herein shall be a personal debt of the owner and/or assess those costs against the property as a lien as provided for in the City Charter.

(2) Where only a discreet area under the control of a person or persons other than the owner is involved in the illegal activity, the City Commission shall not order that any part of the property other than the part used for the illegal activity be vacated. It is the intent of this provision to protect those truly and completely innocent of any participation in the act and those not having any notice of, or direct or imputed knowledge of, the illegal acts from being deprived of the use of their property. By way of example and not limitation, if only a single apartment in a multiple dwelling is used for illegal purposes as provided for in this Chapter, the City Commission may vacate only the apartment used for the illegal purposes and shall not vacate the entire building.

(Ord. No. 93-39, § 1, 9-7-93)

Sec. 9.706. Presumption of Public Nuisance—Drugs or Drug Paraphernalia.

The City Commission may find that a public nuisance exists if the following conditions are established by the evidence presented at the public evidentiary hearing:

(a) The property has been searched by the police and illegal controlled substances or il-

legal drug paraphernalia have been found by the police; or

(b) The property has been the location of a violation of the Michigan controlled substances law or of the Michigan drug paraphernalia law as evidenced by conviction of an individual for violation of either at that location; and

(c) A letter, informing the owner that an illegal controlled substance and/or illegal drug paraphernalia has been found by the police at the property or that a drug-related or drug paraphernalia-related crime has been committed on the property, and of the potential consequences if a similar activity occurs at the property, has been:

(1) Personally served on an owner; or

(2) Sent by certified mail to an owner, as provided for in this Chapter, and a return receipt card has been received by the City; and

(d) The same property is searched by the police again within six (6) months from the date of the first search and a controlled substance or drug paraphernalia is found by the police or, if within six (6) months, a subsequent violation of the controlled substances act or the drug paraphernalia law occurs.

(Ord. No. 93-39, § 1, 9-7-93)

Sec. 9.707. Presumption of Public Nuisance—Prostitution or Soliciting for Prostitution.

The City Commission may find that a public nuisance exists if the following conditions are established by the evidence presented at the public evidentiary hearing:

(a) The property has been the location of an act of prostitution or soliciting for prostitution as proven by the conviction of an individual for engaging in an act of prostitution or soliciting for prostitution at that location, and

(b) A letter, informing an owner that an act of prostitution or soliciting for prostitution has occurred on the property and of the potential consequences if a similar activity occurs at the property, has been:

(1) Personally served on an owner; or

(2) Sent by certified mail to an owner, as provided for in this Chapter, and a return receipt card has been received by the City; and

(c) The same property is again proven to be the location of an act of prostitution or soliciting for prostitution by the conviction of an individual for engaging, at that location, in any act prohibited by the laws of this State or of any act prohibited by the Grand Rapids City Code relating to prostitution or soliciting for prostitution.

(Ord. No. 93-39, § 1, 9-7-93)

Sec. 9.708. Notification to the Property Owner.

The notification letters to the property owner provided for in Sections 9.706 and 9.707 of this Chapter and the notice of a public evidentiary hearing provided for in Section 9.704 of this Chapter shall contain a report of the nature of the violation of the law found, the nature of the drugs or drug paraphernalia seized, the individuals involved and, with reasonable specificity, the location of the contraband or illegal act.

(Ord. No. 93-39, § 1, 9-7-93)

Sec. 9.709. Appeal.

(a) An owner aggrieved by any final determination by the City Commission under this Chapter may appeal the determination to the Circuit Court within twenty-one (21) days of the date of the decision.

(b) The Circuit Court shall review the City Commission's decision to determine whether the City Commission's decision is in violation of the law, has been procured by fraud, if an abuse of discretion exists, and whether the decision is supported by competent, substantial and material evidence on the record as a whole. The Circuit Court's review shall be made upon the record made before the City Commission. It is the responsibility of the appealing party to demonstrate error.

(Ord. No. 93-39, § 1, 9-7-93)

Sec. 9.710. Posting and Listing of Public Nuisances.

(a) Whenever the City Commission shall have ordered a property to be vacated and ordered that occupancy is prohibited, the Police Department shall post a notice so stating at each entrance to any building on the property and at the entrance to each dwelling unit or other portion of the property ordered vacated and shall replace any notices that are missing or unreadable.

(b) The City Clerk shall maintain a list of those properties that have been declared to be public nuisances and of the remedy ordered by the City Commission. Immediately upon a declaration of public nuisance as provided for herein, the City Clerk shall add the property to the list. Any citizen requesting a list of such properties shall be supplied one at no charge. The list shall be available for public inspection at the City Clerk's office.

(c) No person other than an authorized city employee shall tamper with, damage, alter, destroy or remove any such notice posted by the City.
(Ord. No. 93-39, § 1, 9-7-93)

Sec. 9.711. Entry Into or Use of Any Property of Which the City Commission has Ordered to be Vacated and for Which the City Commission has Prohibited Occupancy.

No person shall enter upon any property that has been declared by the City Commission to be a nuisance and which the City Commission has ordered to be vacated and for which occupancy has been prohibited. It shall be an affirmative defense to a prosecution under this Section that written permission to enter the property was obtained from the Chief of Police.
(Ord. No. 93-39, § 1, 9-7-93)

Sec. 9.712. Penalty.

Whoever violates Section 9.709(c) or Section 9.710 shall be subject to the following minimum criminal penalties which shall be assessed in addition to any other lawful sentence that the sentencing Court may impose:

(a) For a first violation, a fine of not less than one hundred seventy-five dollars ($175.00) nor more than five hundred dollars ($500.00).

(b) For a second violation, a fine of not less than three hundred dollars ($300.00) nor more than five hundred dollars ($500.00), and imprisonment for not less than ten (10) days nor more than ninety (90) days.

(c) For a third or subsequent violation, a fine of not less than four hundred dollars ($400.00) nor more than five hundred dollars ($500.00), and imprisonment for not less than thirty (30) days nor more than ninety (90) days.

(Ord. No. 93-39, § 1, 9-7-93)

Sec. 9.809. Billing.
Sec. 9.810. Failure to Pay; Procedure to Recover Cost.
Sec. 9.811. Severability.

ARTICLE 1. DISHONORED CHECKS

Sec. 9.800. Purpose.

The City of Grand Rapids finds that a significant number of checks are written and dishonored within its geographical boundaries causing serious financial loss and hardship to citizens and merchants therein. In addition, the City of Grand Rapids finds that the financial loss and hardship incurred by its citizens and merchants seriously impacts on the stream of commerce and the general public by causing increases in the costs of goods and services. As a result of these activities, a greater operational and financial burden is placed upon the City's police and legal services by persons who are placing dishonored checks into the stream of commerce.
(Ord. No. 94-31, § 1, 7-12-94)

Sec. 9.801. Definitions.

The following definitions shall apply in the interpretation and enforcement of this Chapter:

(1) *Address of Record* shall mean: the address that appears on the check or the last known address of record of the maker of a check that is recorded with the Secretary of State at the time the check was presented for payment of money, goods or services.

(2) *Check* shall mean: any check, draft or order for the payment of money, to apply on account or otherwise, upon any bank or other depository.

(3) *Dishonored* shall mean:

a. Any check, draft or order drawn or written on any account or otherwise, upon any bank or other depository, without sufficient funds for the payment of same when presentment is made to the drawee.

b. Any check, draft or order drawn or written on any account which has been closed with or by the bank or other depository upon which it is drawn.

(4) *Drawee* shall mean: a person, business, organization, partnership, company, or corporation to whom a check is presented or is requested to pay the amount of money therein mentioned.

(5) *Expenses of Dishonored Check Response* shall mean: the direct and reasonable cost incurred by the City of Grand Rapids or to a private person or corporation operating at the request or direction of the City of Grand Rapids, when responding to a reported dishonored check, including the cost of providing police, City Attorney and/or administrative services in response to any reported dishonored check.

These costs further include all of the salaries and wages of the City of Grand Rapids personnel and/or contractors engaged in investigation, supervision and report preparation, and all costs connected with the administration and provision of any prosecution of the person responsible for the dishonored check, except actual court costs which may be levied by the Court as a result of statute or Court Rule.

(6) *Maker* shall mean: a person, business, organization, partnership, company, or corporation who is the maker or drawer of a check.

(7) *Present* shall mean: make, draw, utter or deliver.

(8) *Presenting* shall mean: the making, drawing, uttering or delivering.

(9) *Protest* shall mean: a check has been refused for payment or acceptance by a bank or other repository.
(Ord. No. 94-31, § 1, 7-12-94)

Sec. 9.802. Checks Drawn Without Sufficient Funds.

(1) No person shall with intent to defraud, make, draw, utter or deliver any check, draft or order for the payment of money, to apply on account or otherwise, upon any bank or other depository, knowing at the time of the making, drawing, uttering or delivering, that the maker or drawer does not have sufficient funds in or credit with the bank or other depository, for the payment of the check, draft, or order in full upon its presentation, of the amount payable in such check, draft or order in any amount.

(2) No person shall with the intent to defraud, make, draw, utter or, deliver any check, draft or order for the payment of money, to apply on ac-

count or otherwise, upon any bank or other depository, if at the time of making, drawing, uttering, or delivering the check, draft or order he or she does not have an account in or credit with the bank or other depository for the payment of the check, draft, or order upon presentation.

(3) No person shall with the intent to defraud, make, draw, utter or deliver any check, draft or order for the payment of money to apply on account or otherwise, upon any bank, or other depository, unless the person has sufficient funds for payment for same when presentment is due to the drawee in any amount, except where the lack of funds is due to garnishment, attachment, levy, or other lawful cause, and such fact was not known to the person who made, drew, uttered or delivered the instrument at the time of so doing.

(4) As against the maker or drawer thereof, the making, drawing, uttering or delivering, of a check, draft or order, payment of which is refused by the drawee, when presented in the usual course of business, shall be prima facie evidence of intent to defraud and of knowledge of insufficient funds in or credit with such bank or other depository, provided such maker or drawer shall not have paid the drawee thereof the amount due thereon, together with all cost and protest fees, within five (5) business days after receiving notice by First Class Mail that such check, draft or order has not been paid by the drawee.

(5) Where such check, draft or order is protested on the grounds of insufficiency of funds or credit, the notice of protest thereof shall be admissible as proof of presentation, non-payment and protest, and shall be prima facie evidence of intent to defraud and knowledge of insufficient funds or credit with such bank or other depository.
(Ord. No. 94-31, § 1, 7-12-94)

Sec. 9.803. Penalty.

The penalty for a person convicted of violating Section 9.802 shall be a fine of not more than $500.00 and costs of prosecution and cost recovery or by imprisonment for not more than 90 days, or both such fine and imprisonment in the discretion of the court. Each act of this violation and every day upon which any such violation shall occur shall constitute a separate offense.
(Ord. No. 94-31, § 1, 7-12-94)

Sec. 9.804. Reserved.

ARTICLE 2. LIABILITY FOR THE EXPENSE OF DISHONORED CHECK RESPONSE

Sec. 9.805. Person Responsible.

Any person is liable for the expense of a dishonored check response, if such person proximately causes any incident resulting in a dishonored check response.
(Ord. No. 94-31, § 1, 7-12-94)

Sec. 9.806. Presumption.

(1) For the purpose of this chapter, a person is presumed to be the proximate cause of an incident if said person makes, draws, utters or delivers any dishonored check or causes directly or indirectly a check to become dishonored.

(2) For the purpose of this chapter, a person is presumed to have acted with intent to defraud if said person shall not have paid the drawee thereof the amount due thereon, together with all costs and protest fees, including the fees assessed hereunder, within five (5) business days after receiving notice by first class mail to the last known address of record that such check, draft or order has not been paid by the drawee.
(Ord. No. 94-31, § 1, 7-12-94)

Sec. 9.807. Charges Against Person.

The expense of a dishonored check response shall be a charge against the person liable for the expense under this Article. The charge constitutes a debt of that person and is collectable by the City of Grand Rapids for incurring those costs in the same manner as in the case of an obligation under a contract, expressed or implied.
(Ord. No. 94-31, § 1, 7-12-94)

Sec. 9.808. Cost Recovery Schedule.

The Grand Rapids City Commission shall, by resolution, adopt a schedule of costs included within the expense of a dishonored check response.

This schedule shall be available to the public from either the Grand Rapids City Clerk, Treasurer or the Police Department.
(Ord. No. 94-31, § 1, 7-12-94)

Sec. 9.809. Billing.

The City Comptroller, or his designee, may submit a bill for the dishonored check response by first class mail to the last known address of record or personal service to the person liable for the expenses as enumerated under this Article. The bill(s) shall require full payment within thirty (30) consecutive days from the date of service. Service by mail shall be effective upon depositing said bill in a United States Postal Service receptacle. In no event shall billing be permitted after one year from the last expense incurred.
(Ord. No. 94-31, § 1, 7-12-94)

Sec. 9.810. Failure to Pay; Procedure to Recover Cost.

Any failure by the person described in this Article as liable for the expense of a dishonored check response, to pay the bill within thirty (30) consecutive days of service shall be considered in default. In case of default, the City of Grand Rapids may commence civil suit to recover the expenses and any costs allowed by the law.
(Ord. No. 94-31, § 1, 7-12-94)

Sec. 9.811. Severability.

The phrases, sentences, sections and provisions of this Chapter are severable and the finding that any portion hereof is unconstitutional or otherwise unenforceable shall not detract from or affect the enforceability of the remainder of this ordinance.
(Ord. No. 94-31, § 1, 7-12-94)

PARENTAL RESPONSIBILITY

Sec. 9.812. Purpose.
Sec. 9.813. Definitions.
Sec. 9.814. Parental Duties.
Sec. 9.815. Aiding and Abetting Delinquent Acts.
Sec. 9.816. Notification of Parents; Record of Notification.
Sec. 9.817. Penalties.
Sec. 9.818. Severability.

Sec. 9.812. Purpose.

This Chapter is declared necessary for the preservation of the public peace, health, safety and welfare of the people of the City of Grand Rapids and is intended to address situations where parents have failed to act responsibly and reasonably in the supervision of their minor children to the detriment of the general public.
(Ord. No. 97-2, § 1, 1-7-97)

Sec. 9.813. Definitions.

As used in this Chapter;

(a) **Delinquent Act** means an act which violates the laws of the United States, or the statutes of the state or the ordinances of the city or an act which would cause the minor to come under the jurisdiction of the juvenile division of the Probate Court as defined by MCLA 712A.2, but does not include a civil infraction traffic violation.

(b) **Minor** means any unemancipated person under the age of seventeen (17) years.

(c) **Parent** means mother, father, legal guardian and any other person having the care or custody of a minor, or any person seventeen (17) years of age or older with whom the minor resides.

(d) **Drugs** means any controlled substance as defined now or hereafter by the Public Health Code for the State of Michigan. Currently, such substances are defined in Part 72 of the Health Code being sections 333.7201 et seq., of the Michigan Compiled Laws.
(Ord. No. 97-2, § 1, 1-7-97)

Sec. 9.814. Parental Duties.

(a) It is the continuous duty of the parent of any minor to exercise reasonable control to prevent the minor from committing any delinquent act.

(b) No parent of any minor shall fail to exercise reasonable parental control over such minor. The exercise of reasonable parental control shall include, but is not limited to, the following:

(1) Keeping drugs out of the home and out of the possession of the minor, except those drugs duly prescribed by a licensed physician or other authorized medical professional.

(2) Keeping firearms out of the possession of the minor except those used for hunting in accordance with local ordinance and state law and with the knowledge and supervision of a parent.

(3) Requiring the minor to observe the curfew ordinance of the City of Grand Rapids.

(4) Requiring the minor to attend regular school sessions and forbidding the minor to be absent from class without parental or school permission.

(5) Arranging proper supervision for the minor when the parent must be absent.

(6) Preventing the minor from maliciously or willfully destroying any property which belongs to any other person.

(7) Forbidding the minor from keeping stolen property or alcoholic beverages.

(8) Seeking help from appropriate governmental authorities or private agencies in handling or controlling the minor, when necessary.

(9) Assisting and cooperating with governmental authorities in their efforts to handle or control the minor, including production of the minor for juvenile court appointments and hearings.
(Ord. No. 97-2, § 1, 1-7-97)

Sec. 9.815. Aiding and Abetting Delinquent Acts.

Any person who shall by any act, omission, or by any word, procure, counsel, aid, abet, encourage, contribute toward, cause or tend to cause any minor to become delinquent so as to come under or tend to come under the jurisdiction of the juvenile division of the probate court, as defined in MCL 712A.2, whether or not such child shall in fact be adjudicated a ward of the probate court, shall be guilty of a misdemeanor.
(Ord. No. 97-2, § 1, 1-7-97)

Sec. 9.816. Notification of Parents; Record of Notification.

(a) Whenever a minor is arrested or detained for the commission of any delinquent act within the City of Grand Rapids, the Grand Rapids Police Department shall immediately attempt to notify the parent of such arrest or detention, the reason therefore, and the parent's responsibility under this Chapter.

(b) A record of such notification efforts shall be kept by the Grand Rapids Police Department.
(Ord. No. 97-2, § 1, 1-7-97)

Sec. 9.817. Penalties.

(a) Upon the first conviction for a violation of any provision of this Chapter, the Court shall impose a fine and/or a jail term as provided for in Section 1.13 of this Code and any other costs or fees permitted or required by law. In addition to such fine and/or jail term the Court shall, unless it makes a specific finding that probation is inappropriate, exercise its authority to sentence the Defendant to a term of probation with such conditions as the Court deems appropriate. Such conditions may include participation in, and completion of, programs or therapies deemed appropriate by the Court in light of the facts of the particular case community service and/or work crew. Restitution shall also be required to make whole any victim or third party who has suffered financial loss in connection with the charged violation. Should the Court choose not to sentence the Defendant to a term of probation or should the Court suspend all or any portion of a fine, costs or restitution assessed against the Defendant, the Court shall so state on the record and shall state the reason or reasons for its action. In addition to the penalties provided for in this subsection, the Court may also impose any penalties otherwise provided for by law.

(b) Upon the second or subsequent violation of any provision of this Chapter, the Court shall assess a fine of not less than two hundred dollars ($200.00) nor more than five hundred dollars ($500.00) in addition to any costs or fees permitted or required by law. In addition to such fines and costs, the Court may impose a jail sentence of up to ninety (90) days. The Court may in its discretion also impose any of the penalties provided for in subsection (a) of this section or otherwise permitted by law.
(Ord. No. 97-2, § 1, 1-7-97)

Sec. 9.818. Severability.

Should any section, subdivision, clause or phrase of this Chapter be declared by the courts to be invalid or unenforceable, such holding shall not affect the validity or enforceability of the Chapter as a whole or of any part thereof, other than such parts so invalidated or declared unenforceable.
(Ord. No. 97-2, § 1, 1-7-97)

Sec. 9.843. Approval of Smoke Alarms.
Sec. 9.844. Inspection.
Sec. 9.845. Definitions.
Sec. 9.846. Exception.

ARTICLE 1. SMOKE ALARMS

Sec. 9.831. Smoke Alarms Required.

Single-station or multiple-station smoke alarms, as specified in this Article, are required and shall be installed and maintained in full operating condition as specified in this Article. Additional approved smoke alarms installed in accordance with National Fire Protection Association recommendations are both recommended and encouraged.
(Ord. No. 99-62, § 1, 11-9-99)

Sec. 9.832. Smoke Alarm Location and Installation Date.

(1) Required smoke alarms shall be located in each of the following locations:

(A) In each bedroom, sleeping room or regular sleeping location.

(B) Outside of each sleeping area in the immediate vicinity of the bedrooms, sleeping rooms or sleeping locations.

(C) On every story of the dwelling unit including basements. For purposes of this provision only, in a dwelling unit that has split levels without an intervening door between immediately adjacent levels, a smoke alarm installed on the upper level shall suffice for both the upper and the immediately adjacent lower level provided that the lower level is less than one full story below the upper level.

(2) The smoke alarms required by this Article shall be required to be installed and fully operational on or before the date indicated:

(A) For rental dwellings containing three or more dwelling units, after January 1, 2000, at the time that an inspection is requested pursuant to Section 8.644 of the City Code but, in no case, later than December 31, 2000.

(B) For two-family dwellings, whether rental dwellings or owner-occupied, not later than July 1, 2000.

(C) For single-family rental dwellings, not later than December 31, 2000.

(Ord. No. 99-62, § 1, 11-9-99; Ord. No. 2000-63, § 1, 11-14-00)

Sec. 9.833. Smoke Alarm Installation.

All smoke alarms installed as part of work requiring a building permit shall be installed as provided for in the Building Code then in effect and applicable to the work being done. All other smoke alarms shall be installed in accordance with the National Fire Protection Association Part 74 or as mandated in this Article. Installation shall be in a workmanlike manner and shall be in a location and in a manner that accidental or unintentional operation or deactivation shall not occur due to jarring, vibration or the presence of substances other than products of unintended combustion.
(Ord. No. 99-62, § 1, 11-9-99)

Sec. 9.834. Smoke Alarm Effectiveness.

When activated, all smoke alarms shall provide an alarm suitable to warn the occupants of the individual room or the dwelling unit in which the alarm is installed. If an occupant is deaf or hard of hearing, the smoke alarm shall provide a visual signal upon activation in accordance with the Building Code then in effect. Audible alarms shall produce a sound level of not less than eighty-five (85) dBA as measured three (3) meters from the smoke alarm. It is recommended that installed alarms be tested to determine that they can be heard in all places where occupants are sleeping when other devices frequently used in that area, such as fans, room air conditioners or humidifiers, are in operation.
(Ord. No. 99-62, § 1, 11-9-99)

Sec. 9.835. Smoke Alarm Power Source.

The primary power source for a required smoke alarm shall be household alternating current (AC) or a lithium battery with a functional life expectancy of ten (10) years or more. When a hard-wired household alternating current (AC) alarm is installed, there shall also be lithium battery automatic backup in the event of a failure or interruption of the AC primary power source. When an

alarm with a lithium battery with a life expectancy of ten (10) years or more is installed as the primary power source, the alarm unit shall be one in which the battery is sealed within the unit and cannot be removed from the unit without serious damage to the unit. No seriously damaged or inoperative smoke alarm shall meet the requirements of this Article. Mass-market battery powered units, including those powered by alkaline batteries, capable of being used in other consumer applications or those powered by lithium batteries not sealed within the unit do not comply with the requirements of this provision for required alarms. Additional smoke alarms which are installed but are not required by this Article may be powered by alternating current or a battery.
(Ord. No. 99-62, § 1, 11-9-99)

Sec. 9.836. Tampering with, Disconnecting or Damaging a Smoke Alarm.

No person shall tamper with, meddle with, interfere with, damage, disconnect, deactivate or otherwise interfere with the effectiveness of a smoke alarm, except as otherwise permitted in this Article. Parents or other adults shall not disable a smoke alarm in a dwelling unit in which a child lives nor shall any parent or adult remove a battery from any smoke alarm in a dwelling unit in which a child lives unless that battery is immediately replaced by a fully functional battery. Smoke alarms not required by an existing law, ordinance or regulation may be moved, removed or replaced if such action does not result in non-compliance with this provision or another applicable law, ordinance, rule or regulation.
(Ord. No. 99-62, § 1, 11-9-99)

Sec. 9.837. Smoke Alarm Maintenance.

All smoke alarms installed in a dwelling unit, whether required or not, shall be maintained in full operating condition at all times, except as provided for in this Article.
(Ord. No. 99-62, § 1, 11-9-99)

Sec. 9.838. Smoke Alarm Required in Rental Units Prior to Occupancy.

No person shall rent to, lease to, let or license the occupancy of any property owned by, managed by or within the care, custody or control of that person for residential or sleeping purposes nor shall any person permit the use of any property owned by, managed by or within the care, custody or control of that person to be utilized for any residential or sleeping use unless the provisions of this Article are fully complied with. No person shall sleep or be allowed to sleep in any dwelling unit or other place not complying with the requirements of this provision for the presence of operating smoke alarms.
(Ord. No. 99-62, § 1, 11-9-99)

Sec. 9.839. Occupant of Property Required to Maintain Smoke Alarms.

No person who leases or rents property from another person, or who occupies or uses the property of another for residential or sleeping purposes shall permit a smoke alarm required by this Article to become inoperative by a failure to do periodic cleaning or maintenance or by failure to replace a battery.
(Ord. No. 99-62, § 1, 11-9-99)

Sec. 9.840. Smoke Alarms Not Required.

This Article shall not apply to structures which are not occupied for any purpose or which are not occupied at any time for sleeping or residential purposes. This Article shall apply to any dwelling unit or sleeping space that is occupied in any structure whether or not the remainder of the structure is occupied. Any institutional use or R-1 occupancy required to meet the requirements of another law, ordinance, rule or regulation providing protection equivalent or similar to the provisions of this Chapter is exempt from this Chapter provided that it is in full compliance with the other applicable requirement.
(Ord. No. 99-62, § 1, 11-9-99)

Sec. 9.841. Smoke Alarms and Fire Detection or Protection Systems To Be Maintained.

Smoke alarms or other fire detection or fire protection systems installed in compliance with, or not prohibited by, any other law, ordinance, rule or regulation are encouraged and shall be maintained in full operating condition until the

requirements of this provision and any other applicable law, ordinance, rule or regulation are met. If any fire detection or fire protection system other than a smoke alarm is deactivated or becomes inoperative, the Fire Chief or Fire Marshall shall be notified. Upon such notification, the Fire Chief or Fire Marshall may conduct an inspection of the premises and may take such action or issue such order as is permitted by law, ordinance, rule or regulation.
(Ord. No. 99-62, § 1, 11-9-99)

Sec. 9.842. Enforcement.

This provision shall be enforced as directed by the City Manager or the City Manager's designee.
(Ord. No. 99-62, § 1, 11-9-99)

Sec. 9.843. Approval of Smoke Alarms.

Approval of smoke alarms, fire detection or fire protection systems permitted by this Article shall be by the Fire Chief or the Fire Chief's designee. Each approved alarm shall have a "hush button" or silencing feature that will allow the alarm to be silenced for a short period of time in the case of nuisance alarms.
(Ord. No. 99-62, § 1, 11-9-99)

Sec. 9.844. Inspection.

Inspections to ensure compliance with this provision shall be conducted in accordance with applicable statutory and constitutional standards and as directed by appropriate employees in the City's administrative structure. Employees enforcing this provision are authorized to enter a structure or premises open to the public when the structure or premises is open to the public for the purpose of inspection, subject to applicable statutes and constitutional provisions. In all other instances, permission to inspect may be sought from an appropriate person or entry may be made as otherwise permitted by law.
(Ord. No. 99-62, § 1, 11-9-99)

Sec. 9.845. Definitions.

As used in this Article, the following terms shall have the indicated meanings:

Multiple Station - a group of single station smoke alarms which are connected so that activation of one causes all the connected alarms to activate.

Single Station - a smoke alarm which operates separately from other detection or alarm devices and is not connected to other such devices.

Smoke Alarm - a device which detects the visible or invisible products of combustion and sounds an alarm and which is approved as provided for in this Section.
(Ord. No. 99-62, § 1, 11-9-99)

Sec. 9.846. Exception.

Not withstanding any other provision of this Chapter, the provisions of this Chapter shall not apply to existing detached single-family owner occupied residences except as follows:

(1) Not less than one fully operative smoke alarm complying with the current Underwriter's Laboratory (U.L.) standard shall be installed on each level of every existing detached single-family owner occupied residence. On every level which has rooms used for sleeping purposes, a smoke alarm, which may be the alarm required on that level, shall be installed outside of the sleeping area in the immediate vicinity of the bedrooms, sleeping rooms or sleeping locations.

(2) All smoke alarms installed in a dwelling unit, whether required or not, shall be maintained in full operating condition at all times, except as provided for in this Article.

(3) No person shall tamper with, meddle with, interfere with, damage, disconnect, deactivate or otherwise interfere with the effectiveness of a smoke alarm except as otherwise permitted in this Article. Parents or other adults shall not disable a smoke alarm in a dwelling unit in which a child lives nor shall any parent or adult remove a battery from any smoke alarm in a dwelling unit in which a child lives unless that battery is immediately replaced by a fully functional battery. Smoke alarms not required by an existing law, ordinance or regulation may be moved, removed or replaced if such action does

not result in non-compliance with this provision or another applicable law, ordinance, rule or regulation.

(4) This provision shall only be applicable when possession is transferred, in whole or in part, by deed or land contract to another individual or entity. The person(s) or entity transferring possession in whole or in part shall be the party responsible under this Section to see that compliance is made.

Sec. 9.851. Definitions.

As used in this chapter:

(a) *Authorized City official* means a police officer or other employee or officer of the City authorized by this Code, state law or any other ordinance to issue municipal civil infraction citations or municipal civil infraction violation notices.

(b) *Bureau* means the Municipal Ordinance Violations Bureau, as currently existing or as may in the future be established.

(c) "*Isolated*" means a violation which is infrequent or where there is no pattern of non-compliance.

(d) *Municipal civil infraction action* means a civil action in which the defendant is alleged to be responsible for a municipal civil infraction.

(e) *Municipal civil infraction citation* means a written complaint or notice prepared by an authorized City official, directing a person to appear in a court designated on the municipal civil infraction citation regarding the occurrence or existence of a municipal civil infraction violation by the person cited and to answer to the allegations contained in the citation.

(f) *Municipal civil infraction determination* means a determination that a defendant is responsible for a municipal civil infraction by one of the following:

(i) An admission of responsibility for the municipal civil infraction.

(ii) An admission of responsibility for the municipal civil infraction, "with explanation".

(iii) A preponderance of the evidence at an informal hearing or formal hearing on the question under section Michigan Compiled Laws Sections 600.8719 or 600.8721, respectively.

(iv) A default judgment for failing to appear as directed by a citation or other notice, at a scheduled appearance under Michigan Compiled Laws Sections 600.8715(3)(b) or (4), at an informal hearing under Section 600.8719, or at a formal hearing under Section 600.8721.

(g) *Municipal civil infraction violation notice* means a written notice, prepared by an authorized City official, directing a person to appear at the 61st District Court or at a Municipal Ordinance Violations Bureau now existing or hereafter established to answer to the allegations made in the municipal civil infraction violation notice and to pay the fine and costs, if any, prescribed for the violation by the schedule of civil fines adopted by the City, as authorized by state law.

(h) "*Recurring*" means that there are violations for two or more consecutive monitoring periods or there is a pattern of non-compliance.

(i) "*Significant*" means a violation which fulfills any one of the requirements defined as Significant Non-compliance in Section 2.62(46) of the City Code unless the City Manager as defined in Chapter 27 of the Code determines that the Significant Non-compliance status is due solely to a low number of samples and that based on knowledge of the process(es) employed it is reasonable to conclude that the discharge is not representative for the period in question.

(j) *State Law* means the statutory law enacted by the State of Michigan, including, but not limited to, the Home Rule Cities Act (MCL 117.1 et seq.; Act 279 of the Acts of 1909, as amended up to and including Act 260 of the Public Acts of 1999), the Revised Judicature Act (MCL 600.1 et seq.; Act 236 of the Public Acts of 1961, as amended), the City and Village Zoning Act, (MCL 125.581 et seq.; Act 207 of the Public Acts of 1921, as amended), and the Housing Law of Michigan, (MCL 125.401 et seq.; Act 167 of the Public Acts of 1917, as amended).

(Ord. No. 2000-50, § 1, 9-5-00; Ord. No. 2004-07, § 1, 2-17-04)

Sec. 9.852. Adoption and Incorporation of State Law by Reference.

As provided for in state law, the City of Grand Rapids hereby adopts and incorporates the provisions of state law enabling municipalities to adopt and enforce ordinances declared to be municipal civil infractions to the fullest extent possible.
(Ord. No. 2000-50, § 1, 9-5-00)

Sec. 9.853. Commencement of Municipal Civil Infraction Action.

A municipal civil infraction action may be commenced upon the issuance by an authorized City official of a municipal civil infraction citation directing the alleged violator to appear in court; or a municipal civil infraction violation notice directing the alleged violator to appear at the Municipal Ordinance Violations Bureau.
(Ord. No. 2000-50, § 1, 9-5-00)

Sec. 9.854. Issuance and Service of Municipal Civil Infraction Citations.

Municipal civil infraction citations shall be issued and served by authorized City officials as follows:

(a) The time for appearance specified in a citation shall be within a reasonable time after the citation is issued.

(b) The place for appearance specified in a citation shall be the 61st District Court.

(c) Each citation shall be numbered consecutively and shall be in a form approved by the State Court Administrator. The original citation shall be filed with the District Court. Copies of the citation shall be retained by the City and issued to the alleged violator as provided for in state law.

(d) A citation for a Municipal civil infraction signed by an authorized City official shall be treated as if it were made under oath if the violation alleged in the citation occurred in the presence of the official signing the complaint and if the citation contains the following statement above the date and signature of the official: "I declare under the penalties of perjury that the statements above are true to the best of my information, knowledge and belief."

(e) An authorized City official may issue a citation to a person if:

(1) Based upon investigation, the official has reasonable cause to believe that the person is responsible for a municipal civil infraction; or

(2) Based upon investigation of a complaint by someone who allegedly witnessed the person commit a municipal civil infraction, the official has reasonable cause to believe that the person is responsible for an infraction, and the City Attorney approves in writing the issuance of the citation.

(f) Municipal civil infraction citations shall be served by an authorized City official as follows:

(1) Except as provided below, an authorized City official shall personally serve a copy of the citation upon the alleged violator.

(2) If the municipal civil infraction involves the use or occupancy of land, a building or other structure, a copy of the citation does not need to be personally served upon the alleged violator, but may be served upon an owner or occupant of the land, building or structure by posting the copy on the land or attaching the copy to the building or structure. In addition, a copy of the citation shall be sent by first class mail to the owner of the land, building or structure at the owner's last known address.

(Ord. No. 2000-50, § 1, 9-5-00)

Sec. 9.855. Contents of Municipal Civil Infraction Citations.

(a) A municipal civil infraction citation shall contain the name and address of the alleged violator, the municipal civil infraction or infractions alleged, the place where the alleged violator

shall appear in court, the telephone number of the court and the time at or by which the appearance shall be made.

(b) Further, the citation shall inform the alleged violator that he or she may do one of the following:

(1) Admit responsibility for the municipal civil infraction by mail, in person or by representation, at or by the time specified for appearance.

(2) Admit responsibility for the municipal civil infraction "with explanation" by mail by the time specified for appearance or in person, or by representation.

(3) Deny responsibility for the municipal civil infraction by doing either of the following:

A. Appearing in person for an informal hearing before a judge or District Court magistrate, without the opportunity of being represented by an attorney, unless a formal hearing before a judge is requested by the City.

B. Appearing in court for a formal hearing before a judge with the opportunity of being represented by an attorney.

(c) The citation shall also inform the alleged violator of all of the following:

(1) That if the alleged violator desires to admit responsibility "with explanation" in person or by representation, the alleged violator must apply to the court in person, by mail, by telephone or by representation within the time specified for appearance and obtain a scheduled date and time for an appearance.

(2) That if the alleged violator desires to deny responsibility, the alleged violator must apply to the court in person, by mail, by telephone or by representation within the time specified for appearance and obtain a scheduled date and time to appear for a hearing, unless a hearing date is specified on the citation.

(3) That a hearing shall be an informal hearing unless a formal hearing is requested by the alleged violator or the City.

(4) That at an informal hearing the alleged violator must appear in person before a judge or District Court magistrate, without the opportunity of being represented by an attorney.

(5) That at a formal hearing the alleged violator must appear in person before a Judge and will have the opportunity of being represented by an attorney retained at his or her own expense.

(d) The citation shall contain a notice in boldfaced type stating that the failure of the alleged violator to appear within the time specified in the citation or at the time scheduled for a hearing or appearance is a misdemeanor and will result in entry of a default judgment against the alleged violator on the municipal civil infraction.
(Ord. No. 2000-50, § 1, 9-5-00)

Sec. 9.856. Municipal Ordinance Violations Bureau.

(a) *Establishment.* There is hereby established a Municipal Ordinance Violations Bureau (the Bureau), as authorized by state law, to accept admissions of responsibility for municipal civil infractions in response to municipal civil infraction violation notices issued and served by authorized City officials, and to collect and retain civil fines and costs as prescribed by this Code or any other ordinance.

(b) *Location: Supervision: Employees.* The Bureau shall be located at City Hall and shall be under the supervision and control of the City Treasurer.

(c) *Disposition of Violations.* The Bureau may dispose only of municipal civil infraction violations for which a fine has been scheduled and for which a municipal civil infraction violation notice, and not a municipal civil infraction citation, has been issued. The fact alone that a fine has been scheduled for a particular violation shall not entitle any person to dispose of the violation at the Bureau. Nothing in this chapter shall prevent or restrict the City from issuing a municipal civil

infraction citation for any violation or from taking other action permitted by law. No person shall be required to dispose of a municipal civil infraction violation at the Bureau and may have the violation processed by the Court. The unwillingness of any person to dispose of any violation at the Bureau shall not prejudice the person or in any way diminish the person's rights, privileges and protections accorded by law.

(d) *Scope of Authority.* The scope of the Bureau's authority shall be limited to accepting admissions of responsibility for municipal civil infractions and collecting and retaining scheduled civil fines and costs as a result of those admissions. The Bureau shall not accept payment of a fine from any person who denies having committed the offense or who admits responsibility only with explanation, and in no event shall the Bureau determine, or attempt to determine, the truth or falsity of any fact or matter relating to an alleged violation.

(e) *Municipal Civil Infraction Violation Notices.* Municipal civil infraction violation notices shall be issued and served by authorized City officials under the same circumstances and upon the same persons as are provided for citations in this Chapter. In addition to any other information required by this Code or any other ordinance, the notice of violation shall indicate the time by which the alleged violator must appear at the Bureau, the methods by which an appearance may be made, the address and telephone number of the Bureau, the hours during which the Bureau is open, the amount of the fine scheduled for the alleged violation and the consequences for failure to appear and pay the required fine within the required time.

(f) *Appearance: Payment of Fines and Costs.* An alleged violator receiving a municipal civil infraction violation notice shall appear at the Bureau and pay the specified fine and costs at or by the time specified for appearance in the municipal civil infraction violation notice. An appearance may be made by mail, in person or by representation.

(g) *Procedure Where Admission of Responsibility Not Made or Fine Not Paid.* If an authorized City official issues and serves a municipal ordinance violation notice and if an admission of responsibility is not made and the civil fine and costs, if any, prescribed by the schedule of fines set forth in this Code for the violation, are not paid at the Bureau, a Municipal civil infraction citation may be filed with the 61st District Court, and a copy of the citation may be served by first class mail upon the alleged violator at the alleged violator's last known address. The citation filed with the court does not need to comply in all particulars with the requirements for citations as provided by state law, but shall consist of a sworn complaint containing the allegations stated in the municipal ordinance violation notice and shall fairly inform the alleged violator how to respond to the citation.

(Ord. No. 2000-50, § 1, 9-5-00)

Sec. 9.857. Violations Constituting Municipal Civil Infractions and Fines.

"Municipal Civil Infraction" shall include the following offenses set forth in this Code of Ordinances. A schedule of civil fines payable to the 61st District Court for admissions of responsibility served with municipal ordinance violation notices is hereby established. The fines for the violations listed below shall be as follows.

(Ord. No. 2014-82, § 1, 12-2-14; Ord. No. 2015-19, § 1, 4-14-15; Ord. No. 2015-65, § 1, 10-27-15; Ord. No. 2016-76, § 1, 11-15-16)

Sec. 9.859. Miscellaneous Municipal Civil Infraction Provisions.

(1) If the person is cited as a minor, that individual shall be permitted to appear in court or to admit responsibility for a civil infraction without the necessity of appointment of a guardian or next friend. A court having jurisdiction over a municipal civil infraction shall have jurisdiction over the minor and may proceed in the same manner as if that individual were an adult.

(2) A municipal civil infraction action is a civil action in which the defendant is alleged to be responsible for a municipal civil infraction as defined by state law and this Code. The plaintiff in a municipal civil infraction action shall be the City of Grand Rapids if the alleged municipal civil infraction is a violation of this Code, any other City ordinance designating the violation as a municipal civil infraction or a state law designating a violation as a municipal civil infraction.

(3) As provided for in Section 1.13 of this Code, each act of violation and every day upon which any violation is permitted or suffered to exist or continue shall constitute a separate violation and shall be punished separately upon admission or determination of responsibility. The penalty provided by this Chapter, shall apply to any amendment or addition to this Chapter or to the provisions of this Code defining substantive violations of this Chapter whether or not such penalty is reenacted in the amendatory ordinance.

(4) Disposition of Municipal Civil Infraction cases:

(1) If a defendant is determined to be responsible or responsible "with explanation" for a municipal civil infraction, the judge or district court magistrate may order the defendant to pay a civil fine, costs as provided for by law, and, if applicable, damages and expenses as provided in Michigan Compiled Laws Section 8733(2). In the order of judgment, the judge or district court magistrate may grant a defendant permission to pay a civil fine, costs, and damages and expenses within a specified period of time or in specified installments. Otherwise, the civil fine, costs, and damages and expenses are due immediately.

(2) If a defendant is ordered to pay a civil fine under subsection (1), the judge or district court magistrate shall summarily tax and determine the costs of the action, which are not limited to the costs taxable in ordinary civil actions and may include all expenses, direct and indirect, to which the plaintiff has been put in connection with the municipal civil infraction, up to the entry of judgment. Costs of not less than nine dollars ($9.00) or more than five hundred dollars ($500.00) shall be ordered. Except as otherwise provided by state law, costs shall be payable to the general fund of the plaintiff.

(3) In addition to ordering the defendant to pay a civil fine, costs, and damages and expenses, the judge or district court magistrate may issue a writ or order under Michigan Compiled Laws Section 8302.

(4) A district court magistrate shall impose the sanctions permitted under subsections (2) and (4) only to the extent expressly authorized by the chief judge [or] district court.

(5) The schedule of civil fines and costs to be imposed for municipal civil infractions which is required to be posted shall also be readily available for public inspection. The schedule need not include all municipal civil infractions. The schedule may exclude cases on the basis of a defendant's prior record of municipal civil infractions.

(6) A default in the payment of a civil fine, costs, or damages or expenses ordered pursuant to state law and this Code or an installment of the fine, costs, or damages

or expenses as determined by the court may be collected by a means authorized for the enforcement of a judgment pursuant to state law.

(7) If a defendant fails to comply with an order or judgment issued pursuant to state law within the time prescribed by the court, the court may proceed under Michigan Compiled Laws Sections 8729, 8731, or 8733, as applicable.

(8) A defendant who fails to answer a citation or notice to appear in court for a municipal civil infraction is guilty of a misdemeanor as provided for in state law.

(5) Default in payment of fines, costs, damages, or expenses.

(1) If a defendant defaults in the payment of a civil fine, costs, or, if applicable, damages or expenses as provided in state law, or any installment, as ordered, the court, upon the motion of the plaintiff or upon its own motion, may require the defendant to show cause why the defendant should not be held in civil contempt and may issue a summons, order to show cause, or a bench warrant of arrest for the defendant's appearance.

(2) If a corporation or an association is ordered to pay a civil fine, costs, or damages or expenses, the individuals authorized to make disbursement shall pay the fine, costs, or damages or expenses, and their failure to do so shall be civil contempt unless they make the showing required in this section.

(3) Unless the defendant shows that the default was not attributable to an intentional refusal to obey the order of the court or to a failure on his or her part to make a good faith effort to obtain the funds required for payment, the court shall find that the default constitutes a civil contempt and may order the defendant committed until all or a specified part of the amount due is paid.

(4) If it appears that the default in the payment of a fine, costs, or damages or expenses does not constitute civil contempt, the court may enter an order allowing the defendant additional time for payment, reducing the amount of payment or of each installment, or revoking the fine, costs, or damages or expenses.

(5) The term of imprisonment on civil contempt for nonpayment of a civil fine, costs, or damages or expenses shall be specified in the order of commitment, and shall not exceed one (1) day for each thirty dollars ($30.00) due. A person committed for nonpayment of a civil fine, costs, or damages or expenses shall be given credit toward payment for each day of imprisonment and each day of detention in default of recognizance before judgment at the rate of thirty dollars ($30.00) per day.

(6) A defendant committed to imprisonment for civil contempt for nonpayment of a civil fine, costs, or damages or expenses shall not be discharged from custody until one of the following occurs:

(a) The defendant is credited with the amount due pursuant to subsection (5).

(b) The amount due is collected through execution of process or otherwise.

(c) The amount due is satisfied pursuant to a combination of subdivisions (a) and (b).

(7) The civil contempt shall be purged upon discharge of the defendant pursuant to subsection (6).

CITIZEN BAND RADIO

Sec. 9.875. Purpose and Findings.
Sec. 9.876. Definitions and Abbreviations.
Sec. 9.877. FCC Regulations on File.
Sec. 9.878. Prohibited Conduct.
Sec. 9.879. Exemption.
Sec. 9.880. Violations Separate.
Sec. 9.881. Penalties and Sentencing.

Sec. 9.875. Purpose and Findings.

The City Commission of the City of Grand Rapids finds that some citizens band radio operators in the City of Grand Rapids have operated their citizens band stations in violation of the rules and regulations published by the Federal Communication Commission in 47 CFR, Part 95, Subpart D. The City Commission also finds that the Federal Communications Commission is unable to enforce its rules and regulations relating to the operation of citizens band stations. Therefore, it is necessary for the City of Grand Rapids to enforce the rules and regulations of the Federal Communications Commission in order to protect the health and safety of the citizens of Grand Rapids. More specifically, the City Commission finds that it is necessary to protect its citizens from unsolicited and unwanted invasions of their homes and interference with their home electronic devices caused by irresponsible citizens band station operators. Any violation of a provision of this Chapter is hereby declared a nuisance and may, in addition to the penalties provided for in Section 1.13 of this Code, be abated by any method provided for by law.
(Ord. No. 2001-13, § 1, 4-10-01)

Sec. 9.876. Definitions and Abbreviations.

(a) "Citizens band radio service", "CB radio service", or "CB" means Citizens Band Radio Service as defined in 47 CFR, Part 95, subpart D.

(b) "Citizens band transmitter" or "CB transmitter" means:

(1) An apparatus that converts electrical energy received from a source into radio frequency energy capable of being radiated; or

(2) An apparatus authorized by the FCC, pursuant to an application filed after September 9, 1976, for use in the operation of a CB station.

(c) "CB station" means a citizens band transmitter, radio, or other apparatus that transmits or emits energy in the frequencies assigned by the FCC for CB.

(d) "CFR" means Code of Federal Regulations.

(e) "FCC" means Federal Communications Commission.

(f) "Radio frequency interference" means radio frequency energy which:

1. Is radiated from a CB station; and

2. Interferes with the operation of any electronic device located off the premises of the CB station.

(Ord. No. 2001-13, § 1, 4-10-01)

Sec. 9.877. FCC Regulations on File.

Complete printed copies of the current FCC Regulations found at 47 CFR Part 95, Subpart D, shall be made available for public use and inspection at the Office of the City Clerk.
(Ord. No. 2001-13, § 1, 4-10-01)

Sec. 9.878. Prohibited Conduct.

No person shall violate any regulation of the FCC found at 47 CFR Part 95, Subpart D, which:

(A) Prohibits a use of citizens band radio equipment not authorized by the FCC.

(B) Prohibits the unauthorized operation of citizens band radio equipment on a frequency between 24 MHz and 35 MHz.

(Ord. No. 2001-13, § 1, 4-10-01)

Sec. 9.879. Exemption.

A station that is licensed by the FCC pursuant to section 301 of the Communications Act of 1934 (47 U.S.C. 301) in any radio service for the operation at issue shall not be subject to action by the City of Grand Rapids under this Chapter, as provided in 47 U.S.C. 302a(f)(2).
(Ord. No. 2001-13, § 1, 4-10-01)

Sec. 9.880. Violations Separate.

A person may be charged with more than one (1) violation of the provisions of this Chapter in a single complaint or appearance ticket. Each violation so charged shall be denominated as a separate count on the complaint or appearance ticket and on any warrant issued pursuant thereto. Each count shall be submitted separately to the court or jury for its determination as to the

defendant's guilt. Upon conviction, the court shall sentence the defendant separately on each count.
(Ord. No. 2001-13, § 1, 4-10-01)

Sec. 9.881. Penalties and Sentencing.

Upon conviction for violation of any provision of this Chapter, the court shall sentence the defendant to pay a fine of up to five hundred dollars ($500.00) or up to ninety (90) days in jail or both such fine and imprisonment as provided in Chapter 1, Section 1.13. The court may, in addition to such fine and/or imprisonment, place the defendant on probation for any period of time and subject to any conditions permitted by State law. The court may also, in appropriate cases, suspend all or part of any fine or term of imprisonment imposed on such terms and conditions as the court deems appropriate. The court shall exercise its authority to sentence the defendant to a term of probation and to prescribe the conditions therefor and its power to suspend all or part of any fine or term of imprisonment so as to bring about compliance with the terms of this Chapter and to prevent further violations.

Sec. 9.904. Penalties.

*__Cross references—__Alarm system inspection and service fees, § 8.67; false intrusion and holdup alarms, Ch. 163.

Sec. 9.895. Purpose.

(1) The purpose of this Chapter is to encourage Alarm Users and Fire Alarm Contractors to properly install, use and maintain Fire Alarm Systems in order to improve the reliability of such Systems and thereby reduce or eliminate False Fire Alarms.

(2) This Chapter governs the use of Fire Alarm Systems intended to summon the Grand Rapids Fire Department; requires registration of such Systems; allows for the assessment of Service Fees; and provides for civil penalties.
(Ord. No. 2006-35, § 1, 6-13-06)

Sec. 9.896. Definitions.

(1) *Adopted Code(s)* means the 2003 International Fire Code as amended by the City of Grand Rapids, as found at Chapter 159 of the Code of the City of Grand Rapids.

(2) *Alarm User* means any person; whether owner, occupant, or tenant, upon whose premises a Fire Alarm System is maintained or operated within the City of Grand Rapids.

(3) *Department* means the Grand Rapids Fire Department.

(4) *Enforcement Official* means the Grand Rapids Fire Chief or his/her designated representative.

(5) *False Fire Alarm* means the activation of any Fire Alarm System not caused by heat, smoke or fire, resulting in response by the Department. A False Fire Alarm includes, but is not limited to activation of a Fire Alarm System through any of the following:

a. negligent or intentional use or misuse of the System;

b. mechanical failure;

c. malfunction; or

d. improper installation.

A False Fire Alarm does not include an alarm caused by naturally occurring weather, seismic or other condition; interruption of electrical or telephone service to the Alarm User; or malicious or criminal activity by a third party who is not an agent or employee of the alarm user.

(6) *Fire Alarm Contractor* means any individual, partnership, corporation or other entity appropriately licensed as a Fire Alarm Contractor by the State of Michigan, State Electrical Administrative Board.

(7) *Fire Alarm Registration* means the documentation required by the Department to register a Fire Alarm System.

(8) *Fire Alarm System* means any device or equipment designed to signal visibly, audibly, electronically, mechanically or by any combination of these methods the presence of a heat, smoke or fire hazard to which the Department is trained to respond. The term Fire Alarm System does not include an alarm designed to alert only the inhabitants of a Premises.

(9) *Letter for Excessive False Fire Alarms* means a notification provided to an Alarm User by the Department for three (3) or more False Fire Alarms. This warning notice will require that the Fire Alarm System be inspected and/or serviced within fifteen (15) days, and that written documentation be submitted to the Department certifying that the Fire Alarm System is in working order. Failure to provide this written documentation will result in a Service Fee for excessive False Fire Alarms.

(10) *Premises* means any building, structure or combination of buildings and structures, in which a Fire Alarm System is installed.

(11) *Qualified Fire Alarm Technician* means any person who inspects, installs, repairs or performs maintenance on Fire Alarm Systems and is factory trained and licensed by the State of Michigan.

(12) *Record of Completion* means the form required to be filed with the Department pursuant to the National Fire Protection Association's National Fire Alarm Code (NFPA 72).

(13) *Service Fee* means the monetary charge payable to the City of Grand Rapids to defray the expenses of implementing the purposes of this Chapter.

(14) *Report of Service/Repair* means the appropriate documentation in a format acceptable to the Enforcement Official that verifies proper

repairs or maintenance have been performed by both the Fire Alarm Contractor and the Alarm User.
(Ord. No. 2006-35, § 1, 6-13-06)

Sec. 9.897. Registration of Fire Alarm System.

(1) *Registration Required.* All newly-installed Fire Alarm Systems shall be required to be registered at the time that a Record of Completion is prepared, in accordance with Adopted Codes. The Alarm User or his duly authorized agent shall complete and deliver the Fire Alarm Registration in the required format to the Enforcement Official before the Fire Alarm System is activated. For all existing Fire Alarm Systems as of the date of adoption of this Ordinance, Fire Alarm Registration shall occur not later than one hundred eighty (180) days after the effective date of this Chapter.

(2) *Change in Registration Information.* When any information contained in the Fire Alarm Registration Form is no longer accurate for any reason, the Alarm User shall re-register the Fire Alarm System not later than fifteen (15) days after the Alarm user becomes aware of any such change, noting all necessary changes on said Registration Form.

(3) *Transferals Prohibited.* Fire Alarm Registrations shall not be transferable from one Premise to another or from one Alarm User to another.

(4) *Notice to Department of Existence of System; Notice to Alarm User.* Every Fire Alarm Contractor shall notify the Enforcement Official of the existence of a Fire Alarm System before the Fire Alarm System is put into operation. It is the responsibility of the installing Fire Alarm Contractor to provide the Alarm User with notice of the existence of this Chapter, a Fire Alarm Registration form and a copy of the Fire Alarm System operation instructions in accordance with Adopted Codes, as well as the manufacturer's instructions.
(Ord. No. 2006-35, § 1, 6-13-06)

Sec. 9.898. Display of Fire Alarm Registration.

The Fire Alarm Registration shall be kept on the Premises serviced by the Fire Alarm System and shall be displayed upon request of the Enforcement Official or a member of the Department.
(Ord. No. 2006-35, § 1, 6-13-06)

Sec. 9.899. Responsibility for Compliance; Requirement of Alarm User to Respond to Scene.

(1) Unless otherwise stated herein, the Alarm User shall be responsible for complying with all provisions of this Chapter.

(2) The Alarm User or any person identified on the Fire Alarm Registration Application shall appear at the Premises upon request of the Department when a Fire Alarm System has been activated.
(Ord. No. 2006-35, § 1, 6-13-06)

Sec. 9.900. False Fire Alarms.

(1) Notification to Alarm User. If the Department records three (3) or more False Fire Alarms at one (1) Premises within a twelve (12) month calendar year, a Letter for Excessive False Fire Alarms shall be mailed by first class mail to the Alarm User and any Fire Alarm Contractor. Said notice shall direct that the Alarm User submit a Report of Service/Repair within fifteen (15) calendar days of receipt of said letter stating that:

a. The Fire Alarm System has been examined by a Qualified Fire Alarm Technician; and

b. A bona fide attempt has been made to identify and correct any defect of design, installation or operation of the Fire Alarm System which was identified as a possible cause of the False Fire Alarm.

(2) No Fee shall be assessed for the first two (2) False Fire Alarms at the same premises requiring response by the Department during any calendar year.

(3) Failure of the Alarm User to return a satisfactory Report of Service/Repair to the Enforcement Official within said fifteen (15) day period shall result in the imposition of a Service Fee.

(4) A Fire Alarm Contractor, Alarm User, or any other individual shall not conduct testing or perform repair work on any Fire Alarm System, sprinkler system or fire suppression system without first notifying the Department Dispatch Center that such testing or repair work is being performed. Violation of this subsection shall result in the imposition of a Service Fee.

(5) False Fire Alarms activated by any components connected to the Fire Alarm System shall be included in computing the total number of False Fire Alarms for purposes of this Chapter.

(6) During the fifteen (15) day period after receipt of a Letter for Excessive False Fire Alarms any additional False Fire Alarms will not be counted toward the year's total False Fire Alarms, provided that the provisions of subsection (A) above have been met.
(Ord. No. 2006-35, § 1, 6-13-06)

Sec. 9.901. Service Fees.

(1) The provisions of this Chapter shall not apply to any newly installed Fire Alarm System for a period of forty-five days (45) from the date of installation. In an existing building the forty-five (45) days begin when the installation of the new system is completed. In new construction the forty-five (45) days begin when the installation of the system is completed and an occupancy permit is issued. The provisions of this Chapter shall apply from and after the expiration of the initial forty-five (45) day period following the issuance of the occupancy permit and/or completed installation.

(2) Should any Service Fee assessed pursuant to this Chapter remain unpaid in excess of thirty (30) days, a Late Fee shall be assessed and shall be payable in addition to the Original Service Fee.

(3) The Service Fees established by this Chapter shall be calculated periodically based on employee labor rates, equipment costs and the Department service costs and established by appropriate City Commission Resolution.
(Ord. No. 2006-35, § 1, 6-13-06)

Sec. 9.902. Conflict with Other City Ordinances.

If the provisions of this Chapter conflict with any ordinance or resolution previously adopted by the City, the provisions of this Chapter shall control.
(Ord. No. 2006-35, § 1, 6-13-06)

Sec. 9.904. Penalties.

A violation of this Chapter shall be a Civil Infraction.
(Ord. No. 2006-35, § 1, 6-13-06)

Chapter 174

RESIDENTIAL RENTAL APPLICATION FEES

Sec. 9.925. Rental application fee requirements.
Sec. 9.926. Complaint Procedure.
Sec. 9.927. Return of Fees.
Sec. 9.928. Penalties.

Sec. 9.925. Rental application fee requirements.

The Grand Rapids City Commission finds that rental application fees should be regulated to protect applicants from the unnecessary and predatory collection of fees. The purpose and intent of this Chapter is to establish rules and regulations for the collection and return of rental application fees in the city.

Rental application fee: A fee paid by the applicant (prospective tenant) to a rental property owner or his or her representative (hereinafter "rental property owner"), in order that the owner can screen the background of the applicant before signing the lease and before any contractual relationship is created. For purposes of this ordinance, applicants subject to screening are those individuals who sign or intend to sign a lease or other contractual agreement in relation to the rental unit.

(1) Before taking a rental application fee, a rental property owner must disclose to the applicant, in writing, the criteria on which the application will be judged. Additionally, the amount of the application fee that will be charged must be disclosed on any advertisement or posting related to the rental and the amount disclosed shall not be exceeded.

(2) Rental property owners shall only advertise rental units, receive applications, screen applicants, and accept application fees for rental properties when such rental properties are actually available and ready for occupancy, unless applicants consent in writing to being added to a waiting list. For purposes of this ordinance, a rental unit is no longer considered available if a different applicant has been screened by the rental property owner, has been offered the rental unit and accepted, and has placed a deposit on the rental unit. For purposes of this ordinance, a rental unit may be considered available if a tenant of a unit has declared they will not be renewing a lease. Rental property owners shall document the date and time that deposits are placed on rental units.

(3) A rental property owner shall provide an applicant with a disclosure statement at the time each application is made. Such disclosure statement shall (a) clearly state the criteria on which the application will be judged, (b) shall contain a description of the screening process utilized and the name and contact information of the person or screening agency or third party used, if any, in the screening process, (c) shall contain the amount of the fee that will be charged with the application, and (d) shall contain an itemized explanation for the disposition and use of the application fee. A rental property owner shall also provide the applicant with any paperwork or copies of electronic correspondence generated as a result of the screening process, to the extent permitted by State and Federal law. The disclosure statement shall also include the following statement: Within thirty (30) days of receipt of a denial, the applicant may, if he or she believes this ordinance has been violated, file a written complaint with the City Manager or the City Manager's Designee, addressed to City Manager, City of Grand Rapids, 300 Monroe Ave. NW, Grand Rapids, Michigan 49503, 6th Floor, Attention: Rental Application Fee Ordinance Complaint.

(4) Application fees for rental properties shall not exceed the actual cost of the screening process, which may include national, state and/or local criminal background checks, credit reports, rental history record and/or reference checks, eviction records and/or employment verification. Application fees shall not include administrative fees, with the exception of actual reasonable costs necessarily incurred to check rental history and employment verification which are considered valid charges. Rental property owners must provide applicants an itemized explanation for

the disposition and use of the application fee. A rental property owner shall also provide the applicant with any paperwork or copies of electronic correspondence generated as a result of the screening process, to the extent permitted by State and Federal law.

(Ord. No 2018-36, § 1, 7-10-18)

Sec. 9.926. Complaint Procedure.

(1) If the applicant believes the application fee exceeds the actual cost of the screening process as described in, and limited by, Section 9.925(4) or believes that the reasons for denial deviate from the legal, disclosed criteria for evaluating the application, or believes that the rental property owner has violated any other requirement of the ordinance, the applicant or his or her representative may, with assistance as needed, within thirty (30) days of receipt of the denial, file a written complaint with the City Manager or the City Manager's designee in accordance with Section 9.925(3) of this ordinance.

(2) The written complaint must be filed with the City Manager or the City Manager's designee within thirty (30) days from the date the denial is received by the applicant.

(Ord. No 2018-36, § 1, 7-10-18)

Sec. 9.927. Return of Fees.

(1) In addition to any fines imposed as the result of a municipal civil infraction incurred under this ordinance, the rental property owner must refund the entire application fee to the applicant if the rental property owner fails to comply with the requirements of this ordinance in any way, including but not limited to situations in which the screening process has not occurred or has not been documented sufficiently prior to denial.

(2) The return of any application fee to the applicant by the rental property owner as required by this ordinance shall be made using the same method in which the payment was made by applicant whenever possible. In all other cases, the return of the application fee shall be in the form of a check made out to the applicant.

(3) A rental property owner may collect and hold an application fee for an available rental unit for up to thirty (30) calendar days so long as the rental property owner provides a written receipt to the applicant. If a rental unit becomes no longer available after applications and application fees are received but before some applications have undergone the screening process, all application fees associated with the unscreened applications shall be returned to the respective applicants within not more than fourteen (14) calendar days from the date that the rental unit is no longer available in accordance with the meaning set forth in Section 9.925(2). Rental property owners shall date and time stamp each rental application in the order in which it is received.

(4) In all cases where an applicant is not offered the rental unit applied for, the rental property owner shall provide the applicant with a written notification statement explaining the reason or reasons that the rental unit was not offered to applicant. An explanation shall be given that provides the applicant with a clear statement of the reason or reasons that the rental unit was not offered along with the documentation substantiating the reason or reasons. The explanation shall also provide a list of resources that the applicant may use to assist him or her with future application processes. This provision shall be in addition to notification requirements within State and Federal law. For purposes of this ordinance, a denial means any circumstances in which the applicant is not offered the rental unit.

(Ord. No 2018-36, § 1, 7-10-18)

Sec. 9.928. Penalties.

(1) A violation of this ordinance shall be a municipal civil infraction punishable by a fine as established in Chapter 170 of the City Code.

(Ord. No 2018-36, § 1, 7-10-18)

ARTICLE 1. TITLE, PURPOSE, AND SCOPE

Sec. 9.929. Title.

These regulations shall be known as the "CPTED" Ordinance of the City of Grand Rapids, Michigan.
(Ord. No. 2019-44, § 1, 8-27-19)

Sec. 9.930. Purpose and Intent.

(a) Crime Prevention through Environmental Design, known as CPTED (pronounced "septed"), is a philosophy of crime prevention that utilizes a multidisciplinary approach to the built environment that is intended to deter criminal behavior, foster improved quality of life, assist in achieving community-policing goals, and facilitate self-policing by the community. CPTED draws on passive strategies incorporated into the normal planning, design, and management of the built environment. This Chapter focuses on goals that relate to the physical built environment and generally addresses the following key elements of CPTED philosophy:

(1) Natural access management for the physical guidance of people and vehicles; and

(2) Natural surveillance to promote and maximize visibility; and

(3) Territorial reinforcement to delineate space and express a positive sense of ownership; and

(4) Physical maintenance and management for the general upkeep of a building or area.

(b) CPTED enhances community-policing, self-policing by the community, and collaboration between property owners, businesses, residents and neighborhoods in the following ways:

(1) The creation of a safe environment, both real and perceived, is coupled with place-making to foster community belonging and ownership that discourages criminal behavior.

(2) In healthy and safe communities, people are able to generate and implement practical solutions to neighborhood issues because residents are able to coordinate and communicate when not under environmental stress.

(3) Human-scaled, pedestrian-oriented environments allow for face-to-face social interaction, relationship building, the self-management of behaviors and community accountability.

(4) A relationship-based community can help encourage and maintain community self-policing efforts to reduce the need for City resources and police intervention in places that may be sensitive to a police presence.

(c) These provisions are intended to maintain and enhance the attractiveness and economic vitality of business districts and commercial areas by providing a comprehensive approach focused on establishments that sell tobacco, alcohol for off-premises consumption, and marijuana; bodyworks facilities and those potentially engaged in the illicit adult sexual services industry; and businesses that are open past midnight, subject to certain conditions, in the implementation of CPTED principles to create a safe environment for Grand Rapidians in the following ways:

Alignment of Provisions with CPTED Principles					
Ordinance Provisions	*Elements*	*Access Management*	*Natural Surveillance*	*Territorial Reinforcement*	*Property Maintenance*
Visibility	Window coverage, interior fixtures, window transparency, security devices, parking lots, cash register viewing window, video surveillance		X		
	Customer entrances	X			
Lighting	Sharp cut-off lighting, architectural lighting		X		
	Exterior doors and parking area	X	X	X	
Property Maintenance	Trash, litter, graffiti			X	X
	Vegetation maintenance to maintain vision, lighting, removal, maintain safe passage for pedestrians and vehicles	X	X	X	X

(d) The provisions of this Chapter are deemed to be the minimum requirements necessary for the promotion of the public health, safety and general welfare of the people of Grand Rapids. In addition to the standard requirements of this Chapter, enhanced measures are also provided to reduce recurring issues on sites of chronic noncompliance.

(e) These regulations should be used in conjunction with the associated relevant chapters of City Code, including the Zoning Ordinance, Nuisance Code, and Building Maintenance Code. (Ord. No. 2019-44, § 1, 8-27-19)

Sec. 9.931. Definitions.

The following definitions shall apply for purposes of this Chapter. Terms not defined in this Chapter shall be given their ordinary and common meaning. Where not otherwise evident, terms shall have the meaning given in the latest edition of Merriam Webster's Collegiate Dictionary.

Accent lighting. Lighting which serves to provide visual emphasis and attract attention rather than illuminate space for human activity.

Alcohol retail sales. A retail establishment licensed by the State of Michigan for the sale of beer, wine, liquor and other alcoholic beverages (also known as package goods) for consumption off-premises holding a Specially Designated Merchant (SDM) or Specially Designated Distributor (SDD) license. Restaurants shall be exempt from the requirements of this chapter.

Bodyworks. Any personal service that is not licensed by the State of Michigan and uses one (1) or more of the following practices: the use of touch, words, or directed movement to deepen awareness of patterns of movement in the body (including the Feldenkrais method and the Trager approach); the affectation of the human energy system or acupoints or qi meridians of the human body (including polarity therapy, Asian bodywork therapy, Reiki, and Shiatsu); reflexology; or structural integration. Bodyworks does not include massage therapy.

Cash register viewing window. A window through which the cash register for a convenience or package goods store shall be clearly visible from the street. The viewing window shall have a contiguous area of at least twenty (20) square feet of clear glass, minimum dimension of three (3) feet on any side, and have an unobstructed view into the store

Chronic nuisance establishment. An establishment that has been the subject of four (4) compliance letters, orders, or citations for violations of any state or local law issued by the City within any one-hundred-eighty-day period or, within a twenty-four-month period data demonstrates that the establishment contributes to impaired safety within the immediate vicinity which necessitates the deployment of additional city resources.

Clear glass. Clear or lightly tinted glass in windows, doors, and display windows with a glass that meets Visible Light Transmittance (VLT) and Visible Light Reflectance (VLR) standards. See "transparency".

Convenience store. A retail establishment with a limited sales area which may be a freestanding use or associated with another principal use.

Crime Prevention Through Environmental Design (CPTED). Architectural design, site design, and landscape design principles and standards intended to reduce the fear and incidence of crime, and to improve quality of life.

Customer entrance. The doorway into a building used for customers or patrons of the business establishment.

Establishment. A place of business that is licensed by the State of Michigan for tobacco, alcohol (off-premises consumption) and marijuana; provides "bodyworks" personal services; and businesses engaged in retail sales and assembly uses that have hours that extend past midnight; or businesses where repeated zoning, nuisance, building and other public safety issues arise that may benefit from the application of CPTED provisions. Retail businesses that are greater than twenty-five thousand (25,000) square feet in size shall be exempt from the requirements of this Chapter.

Exterior doors. Doorways that allow ingress to or egress from a building.

Glare. The condition that results from insufficiently shielded light sources or areas of excessive light within the field of view.

Graffiti. Any inscription, design, word, figure, or mark of any type drawn, marked, painted, tagged, etched, scratched, or written upon any building, bridge, fence, gate, rock, structure, tree, wall, or other property that defaces, damages, or destroys any public or private, real or personal property, without the privilege to do so.

IES. Illuminating Engineering Society.

Marijuana provisioning center or marijuana retail sales. An establishment licensed by the State of Michigan for the sale of medical marijuana or adult-use marijuana.

Massage therapy. Massage Therapy means the "practice of massage therapy" as that term is defined and regulated in the Public Health Code, Public Act 368 of 1978, Part 179A, MCL 333.17951 et seq. Only state-licensed massage therapists shall conduct massage therapy.

Parking area, parking lot. A paved area not within the right-of-way of any public or private street dedicated to vehicular ingress and egress, off-street parking, parking aisles, internal travel ways, fire lanes, and other areas dedicated to vehicular use, but not including vehicular storage or display areas.

Responsible person. Any person or persons related to the use or development of the land, including participating, assisting, directing, creating, causing, or maintaining a condition that results in a violation of this Chapter. The responsible person may include the property or land owner, tenant or occupant, agent, or any other person who has control over, or responsibility for, the property. Synonymous with responsible party.

Retail sales. Establishments primarily engaged in the sale of goods and materials to the general public.

Right-of-way. Any public street or other public place used for street or sidewalk purposes, including the area between the sidewalk and curb line.

Secondary location. A secondary business operation of the holder of an SDM license that has a primary building of twenty-five thousand (25,000) square feet or larger and an ancillary gas station as the secondary business, located on the same lot or adjacent lots, shall be considered as one (1) integrated development and exempt from this Chapter so long as the businesses remain under common ownership; including as a subsidiary or affiliate.

Sign. Any name, number, symbol, identification, description, display, illustration, object, graphic, sign structure, or part thereof, whether permanent or temporary, which is affixed to, painted on, represented directly or indirectly upon, or projected onto a building, structure, lot, or other device, whether mobile or affixed to the ground, and which directs attention to any object, product, place, activity, person, institution, organization, or business.

Transparency. The ability to see through with clarity. An opening in the building wall allowing light and views between interior and exterior. Measured as clear glass areas for buildings and as open areas for parking structures. Compare to "clear glass".

Window sign. Any sign affixed to or within twelve (12) inches of the interior or exterior of a window and which is intended to be seen by the public from the outside.
(Ord. No. 2019-44, § 1, 8-27-19)

Sec. 9.932. Administration.

The City Manager or designee is responsible for the administration of this Chapter.
(Ord. No. 2019-44, § 1, 8-27-19)

Sec. 9.933. Severability.

If any provision of this Chapter or application thereof to any person or circumstance is held invalid by any court, other provisions or applications of the Ordinance which can be given effect without the invalid provision or applications shall not be affected, and to this end the provisions of the Ordinance.
(Ord. No. 2019-44, § 1, 8-27-19)

Sec. 9.934. Fees.

Fees associated with the administration of this Chapter shall be set from time to time by resolution of the City Commission.
(Ord. No. 2019-44, § 1, 8-27-19)

ARTICLE 2. GENERAL REQUIREMENTS APPLICABLE TO ESTABLISHMENTS THAT SELL TOBACCO, ALCOHOL, AND MARIJUANA; MASSAGE BUSINESSES; AND ESTABLISHMENTS OPEN LATER THAN MIDNIGHT

Sec. 9.935. Applicability.

The requirements of this Article apply to a place of business that is licensed by the State of Michigan for tobacco, alcohol (off-premises consumption) and marijuana; provides "bodyworks" personal services; and businesses engaged in retail sales and assembly uses that have hours that extend past midnight. Businesses where repeated zoning, nuisance, building and other public safety issues arise that meet this Chapter's criteria of a chronic nuisance and where the public would benefit from the application of this Chapter for reasons of health, safety and welfare shall also be considered eligible.
(Ord. No. 2019-44, § 1, 8-27-19)

Sec. 9.936. Contact information.

Establishments meeting the requirements of this Chapter shall provide twenty-four-hour contact information to the City of Grand Rapids Planning Department. This information shall contain the contact name of the responsible party for the business, legal identification, mailing address, email and phone number. This information shall be updated annually.
(Ord. No. 2019-44, § 1, 8-27-19)

Sec. 9.937. Visibility.

(a) *Purpose and Intent.* The following regulations employ natural surveillance, natural access management, and territorial reinforcement techniques to establish a safe and comfortable environment. These regulations are intended to facilitate a clear, unobstructed view into and out of establishments, ensure customers can see and be seen when entering and leaving the premises, provide physical orientation and a pedestrian-friendly environment, and to discourage would-be offenders by making noncompliance obvious.

(b) *Effective date.*

(1) All existing windows shall comply with window coverage, interior fixture, window treatment, transparency, entrance identification, and security device requirements of this Section after the effective date of this Chapter.

(2) Improvements to customer entrances and parking areas, as described in this Section, shall be installed within three (3) years after the effective date of this Chapter. Glass replacement at customer entrances in order to meet transparency requirements shall comply after the effective date of this Chapter.

(c) *Identification.* Customer entrances shall be clearly identifiable by means of signage, architectural features, awnings, lighting, or other means, as otherwise permitted by other City codes and ordinances.

(d) *Window Coverage.* The view from outside of the building through windows, doors or other transparent surfaces shall not be obstructed or blocked by more than twenty-five (25) percent by any painted, stenciled, applied sign or film; bars or other security device; interior display, shelving, cooler, furniture; or other solid fixtures or covering, separately or in combination, except as outlined below. Window panes separated by muntins shall not be counted separately as windows but shall be included in the cumulative total square footage of window area.

(e) *Interior fixtures.* Movable fixtures including but not limited to interior displays, shelving, coolers, furniture, or other solid, movable fixtures above three (3) feet in height located on the interior of the establishment shall be set back a minimum of five (5) feet from the window. Interior fixtures closer than five (5) feet from the window shall be considered window coverage.

(f) *Window treatments.* Shades, blinds, curtains or other window treatments shall allow visibility into the establishment from the outside during business hours but may be used to temporarily filter or block direct sunlight during hours of operation.

(g) *Transparency.*

(1) Glass in ground floor windows, doors, and display windows shall be transparent or lightly tinted, maintain a visible light transmittance measurement of at least sixty-eight (68) percent, and have a reflectivity value of no greater than twelve (12) percent from both inside and outside. Mirrored or darkly tinted glass is not permitted.

(2) The area of the front and sides of a building between two (2) and eight (8) feet above the sidewalk (or ground level adjacent to the building if a sidewalk is not present) shall be used to measure transparency.

(h) *Customer Entrance.*

(1) Doors used for customer entry and exit shall be transparent or contain a transparent viewing window. The viewing window shall be located in the upper half of the door, be at least thirty (30) percent of the area of the door and be situated in a manner that promotes visibility from both sides of the door. Completely solid or opaque doors are not permitted.

(2) The primary building entrance shall be in the front façade parallel to the street and readily visible from the public right-of-way. At least one (1) main building entrance shall be located on the primary street.

(i) *Security Devices.*

(1) Steel barriers, shutters, hurricane curtains and other similar security devices are

not permitted on the exterior of the building. If located inside the building, they may not be visible from the public sidewalk or right-of-way during business hours.

(2) Security bars or other similar devices are permitted, subject to Section (b), above. Security bars count against window coverage.

(j) *Parking area.* A parking area abutting and associated with an establishment shall be readily viewed from inside the building by means of either a camera part of a functioning video surveillance system, or by a transparent window of at least six (6) square feet in area for every forty (40) linear feet or portion thereof of the wall(s) of a building that faces the parking area.

(k) *Administrative Departures.*

(1) An administrative departure may be granted for interior fixtures where minimum building transparency requirements listed in Building Elements tables of Articles 5, 6 and 7 of the Zoning Ordinance are satisfied.

(2) An administrative departure may be granted from window coverage, window treatment, or transparency requirements for non-compliant existing windows if another existing window is increased in size, or a new window is added, on the building façade commensurate with the area of the existing window that shall remain covered or non-transparent due to the operating needs of the business.

(3) An administrative departure may be granted for the placement of the customer entrance door if the building entrance is located within five (5) feet of a front corner of the building so long as the corner area of the entrance is at least sixty (60) percent transparent on the street-facing side and situated in a manner that promotes visibility from the public right-of-way.

(Ord. No. 2019-44, § 1, 8-27-19)

Sec. 9.938. Lighting.

(a) *Purpose and Intent.* The following regulations are intended to establish lighting standards based on IES-recommended best practices to promote safety, utility, security, productivity, commerce, and meet energy constraints with the following CPTED-related objectives: facilitate the visual ability of those performing security or enforcement functions; provide a clear view of an area from a distance, and enable anyone moving in or immediately around it to be easily seen and recognized; remove potential hiding places; permit identification and create the perception that those in the area are identifiable; complement other security devices; provide deterrence and aid in apprehension; and maintain visibility by minimizing and controlling the amount and type of lighting that tends to create glare.

(b) *Effective date.*

(1) All outdoor lighting installed after the effective date of this Chapter shall comply with these requirements. This includes, but is not limited to, new lighting, replacement lighting, or any other lighting whether attached to structures, poles, the earth, or any other location, including lighting installed by any third party.

(2) Existing outdoor lighting installed prior to the effective date of this Chapter that does not comply with these requirements shall be improved to within three (3) years after the effective date of this Chapter in a sufficient manner to meet the intent of this Section.

(c) Conformance with All Applicable Codes. All outdoor lighting shall be installed in conformance with the provisions of this Chapter, applicable Electrical and Energy Codes, and applicable sections of the Building Code.

(d) *Hours of Operation.* All lighting regulated by this Section shall operate from dusk to dawn.

(e) *General Standards.*

(1) *Lighting types.* All outdoor lighting regulated by this Chapter shall be full cut-off and fully shielded as defined by IES and directed downward to prevent

off-site glare and illumination. No portion of the lamp, reflector, lens, or refracting system may extend beyond the housing or shield, with the exception of pedestrian walkway ground lighting. The use of barn lights, non-shielded wall packs, floodlights, or lights not aimed downward is prohibited.

(2) *Solid-state luminaires (high-intensity discharge or LED modules)* shall be used in an effort to maintain a unified lighting standard.

(3) *Uniformity Ratios.* To maintain uniformity in light levels and prevent or minimize dark areas, the ratio of maximum to minimum lighting levels on a given lot is measured in footcandles at ground level and shall not exceed a ratio of fifteen-to-one (15:1). Parking lots shall maintain the same uniformity ratios as the main building or principal use served.

(4) *Intensity.* The intensity of light within a site shall not exceed ten (10) footcandles within any part of the site and one (1) footcandle at any lot line, except where it abuts or faces a Residential Zone District or residential use, a maximum of 0.5 footcandles is permitted.

(5) *Interior Lighting.* Any establishment in which the interior of the premises remains visually unobstructed after the close of business shall be illuminated with a low-level night light or equipped with a motion detector sensor.

(6) *Automatic Switching Requirements.* Any lighting required by this Chapter shall be equipped with controls that automatically extinguish all outdoor lighting when sufficient daylight is available.

(7) *Illumination of recessed areas.* Alcoves and other recessed areas of buildings or property that are capable of human concealment shall be illuminated during the hours of darkness.

(8) *Accent Lighting.*

a. Unshielded decorative lighting that causes glare, including, but not limited to luminous tube (neon), string, rope, tape, LED, fluorescent, or other similar lighting, is prohibited.

b. Landscaping lighting shall not generate excessive light levels, cause glare, or direct light beyond the landscaping intended to be featured.

c. Holiday lighting, or decorative lighting approved by the Planning Director, may be allowed in accordance with the Zoning Ordinance.

(9) *Exterior Doors.* Each exterior door shall be illuminated so that entry and exit activity is made clearly visible.

(10) *Parking Area.* A parking area abutting and associated with an establishment shall be illuminated in its entirety at an intensity of at least two (2) foot-candles per square foot at eighteen (18) inches as measured horizontally at the surface on which the light is mounted. Lighting reduction requirements of the Zoning Ordinance for parking areas containing a minimum of four (4) light poles apply.

(Ord. No. 2019-44, § 1, 8-27-19)

Sec. 9.939. Property Maintenance.

(a) *Purpose and Intent.* Regular property upkeep expresses ownership, communicates a space is cared for and protected, and allows for the continued use of a space for its intended purpose. Furthermore, proper maintenance promotes natural surveillance by minimizing the likelihood of landscaping obscuring views of outdoor areas from inside of the structure, enhances wayfinding and orientation, and serves as an additional expression of territoriality and ownership.

(b) *Effective date.* The properties of all establishments shall comply with the property maintenance requirements of this Section after the effective date of this Chapter.

(c) *General.*

(1) All exterior areas of a property shall remain sanitary and free of trash, garbage and litter.

(2) A trash receptacle shall be provided within five (5) feet of the exterior of the customer entrance, except if a business district trash receptacle is provided within ten (10) feet of the customer entrance.

(3) Commercial waste receptacles and enclosures shall not allow for easy concealment, nor create blind spots or hiding areas.

(4) Graffiti shall be removed within twenty-four (24) hours of its appearance on any surface on the subject property.

(5) The establishment and property shall be in compliance with all state, local and city ordinances.

(d) *Vegetation.*

(1) Views of windows, building address numbers, walkways and the line of vision to the establishment from the public right-of-way shall not be obstructed by vegetation.

(2) Reasonable pruning, trimming, or other suitable and acceptable methods shall be used to control vegetation. Vegetation and landscape areas shall be maintained substantially debris-free, neat and orderly in appearance, and in healthy growing condition. Dead vegetation shall be removed or replaced.

(3) Vegetation shall not interfere or obstruct any lighting required by this Chapter.

(4) The passage or movement of pedestrians or vehicles on any sidewalk, driveway, parking lot, or any other area intended for the use of pedestrians or vehicles shall not be obstructed or interfered with by vegetative overgrowth.

(Ord. No. 2019-44, § 1, 8-27-19)

Sec. 9.940. Rules Pertaining to Bodyworks Businesses.

(a) *Purpose and Intent.* Increased access, improved visibility, and operations requirements for bodyworks establishments can reduce or prevent sex trafficking, commercial sexual exploitation, and labor trafficking/exploitation. In addition to the provisions of this Chapter, the following rules are intended to deter illicit adult sexual services businesses.

(b) *Effective date.* All bodyworks establishments shall comply with the rules of this Section after the effective date of this Chapter in addition to all other provisions contained herein.

(c) *Hours of operation.* Bodyworks businesses shall maintain reasonable hours of operation; operating hours may begin at 7:00 a.m. and conclude by 10:00 p.m. Twenty-four-hour operations are prohibited.

(d) *Customer entry.* Customer access to the building entry shall only be through the front door of the primary building entrance facing the public right-of-way.

(e) *Occupancy and doors.* No person or persons shall be permitted to reside on the premises of a bodyworks business. Interior doors, other than those for restrooms, customer records and fire doors, shall not contain locks or locking mechanisms.

(f) *Licensure.* Only licensed massage therapists shall be allowed to operate as a massage business within the City of Grand Rapids. All valid, unexpired licenses shall be displayed at the front entrance of the business for each massage therapist employed. To verify that a massage therapist is licensed, an establishment shall produce the employee, legal identification and therapist's State of Michigan license for inspection. An establishment is not a bodyworks establishment where the principal use is to provide massage therapy by a licensed massage therapist, in compliance with Chapter 61 of the City Code, Zoning Ordinance. Bodyworks, as defined in this Chapter, is considered to be a separate use for personal services and is not designated or implied to be massage or massage therapy.

(Ord. No. 2019-44, § 1, 8-27-19)

ARTICLE 3. ENHANCED MEASURES FOR COMMERCIAL CHRONIC NUISANCE ESTABLISHMENTS

Sec. 9.941. Purpose.

Business establishments that accumulate several violations are particularly resource

intensive on City departments and deleterious to the neighborhood surrounding the property. It is the determination of the City Commission that additional enforcement remedies are necessary to address the public health, safety, and welfare issues created by establishments with chronic incidents in a coordinated way. Corrective measures that protect these establishments' employees, their customers, and the neighborhoods in which they are located can assist in reducing adverse impacts the quality of life for neighboring businesses and residents.
(Ord. No. 2019-44, § 1, 8-27-19)

Sec. 9.942. Applicability.

One of the following shall constitute the finding that an establishment is a chronic nuisance. Declaration of the establishment as a public nuisance shall subject it to the requirements of this Article.

(a) The establishment has been the subject of four (4) compliance letters, orders, or citations for violations of any state or local law issued by the City within any one-hundred-eighty-day period (calendar days).

(b) Data indicators within a twenty-four-month period demonstrate that the establishment contributes to criminal incidents (e.g. assaults, robberies) within the immediate vicinity resulting in increased calls for service, additional deployment of police resources for the protection of persons and property or investigations, and disinvestment or failure to thrive of nearby properties.
(Ord. No. 2019-44, § 1, 8-27-19)

Sec. 9.943. Procedure.

(a) The City Manager may declare the property is a nuisance, as defined in this Chapter, by issuing a Notice.

(b) Notice to the responsible person/s shall include:

(1) Street Address or a legal description sufficient for identification of the property;

(2) Declaration that the City Manager or designee has declared the property a nuisance with a concise statement specifying the conditions which constitute the nuisance;

(3) Demand that the responsible person respond to the City Manager or designee within seven (7) days of service of the notice to discuss a course of action to correct the conditions; and

(4) Notice that, if the responsible person does not respond to the City Manager or designee as required in this section, or if the matter is not voluntarily corrected satisfactorily, the City may file an action to abate the property as a chronic nuisance property pursuant to this Chapter or take any other legal action against the responsible person.

(c) When a notice is issued pursuant to this section to a responsible person, other than an owner or owner's agent, who has permitted a property to become a chronic nuisance property, a copy of which notice shall also be sent by first-class mail or personally served on the owner of the property, and a copy shall be sent by certified mail.

(d) If either of the following occurs, the City Manager may refer the matter to the City Attorney for initiation of proceedings pursuant to Article 5 of this Chapter:

(1) The agreed course of action does not result in the abatement of safety violations to the satisfaction of the City Manager or designee within thirty (30) days of issuance of the notice or within such longer period as permitted in writing; or

(2) The person fails to respond as required by the notice.
(Ord. No. 2019-44, § 1, 8-27-19)

Sec. 9.944. Abatement and Enhanced Measures.

(a) Pursuant to the issuance of a notice as described in Article 4, the City Manager or his/her designee may require a chronic nuisance

establishment to engage in one (1) or more corrective actions. Enhanced measures to ensure public safety, reduce unlawful incidents, and facilitate compliance are identified below. A written Correction Agreement, as provided in this Chapter, may be used as a tool to implement corrective actions and ensure all requirements are met.

(1) *CPTED Plan.* Develop a CPTED Plan in coordination with City staff and, accordingly, implement recommendations of the Plan; agree to a final inspection of the property to ensure compliance.

(2) *Good Neighbor Plan.* Produce and implement a Good Neighbor Plan, a written program relative to litter control, property and landscape maintenance, and neighborhood communication. Good Neighbor Plan requirements are contained in Article 12 of the Zoning Ordinance.

(3) *Cash register viewing window.* Install a window that allows a clear and unobstructed view of the cash register and sales transaction area from outside the building and in a normal line of sight. The viewing window shall be at least twenty (20) square feet in size, minimum dimension of three (3) feet on any side, and consist of clear glass. No signs shall be posted on the viewing window.

(4) *Age verification ID scanner.* Utilize an age verification identification scanner for age-restricted sales and uses.

(5) *Surveillance system.* Install and maintain a functioning video surveillance system capable of recording and retrieving a digital image to assist in offender identification and apprehension. Cameras associated with the system shall be positioned to capture images of alcohol display areas, the cash register; the customer entrance, and all exterior sides of the building. Enroll in the Police Department Security Camera Registration Program.

(6) *Maximum display shelving height.* Limit shelving height to five (5) feet on the sales floor when not located alongside a perimeter wall.

(7) *Height markers at the entrance.* Locate markers which display height measures at customer exit doors.

(8) *Silent alarm.* Equip the establishment with a functioning silent alarm to law enforcement or a private security agency, unless an application for an exemption is made to and granted by the City.

(9) *Drop safe/depository safe.* Utilize a drop safe or depository safe and limit the amount of cash kept on the premises after 11:00 p.m.

(10) *Crime prevention training plan.* The responsible person of the business shall prepare and submit a crime deterrence and safety training prevention plan for approval by the City. The establishment's manager and point of sale employees shall be trained on the curriculum within sixty (60) days of employment. Existing employees shall receive training within six (6) months of the date of notice.

(11) *Sales training plan.* The responsible person of the business shall prepare and submit a training curriculum covering laws regarding sales, identification verification, declining sales, conflict de-escalation and addressing customer behavior issues for approval by the City. The establishment's manager and point of sale employees shall receive training within sixty (60) days of employment. Existing employees shall receive training within six (6) months of the date of notice.

(b) The remedies available in this section are in addition to any other remedies available in this Chapter. Any other measure reasonably related to abate the chronic nuisance, when done as part of a Correction Agreement shall be permitted. Items related to the unique

circumstances associated with the property and neighborhood in which it is situated, including in a Good Neighbor Plan, may be included.
(Ord. No. 2019-44, § 1, 8-27-19)

Sec. 9.945. Correction Agreement.

A Correction Agreement is a contract between the City and the responsible person of the chronic nuisance establishment in which such person agrees to promptly take all lawful and reasonable actions, which shall be set forth in the agreement to abate the nuisance conditions within a specified time and according to specified conditions. The agreement shall be signed by the responsible person and, if different, the owner. The agreement shall be executed by the City Manager or designee in a form approved by the City Attorney. In no case shall the term of a Correction Agreement exceed one (1) year.

The agreement shall include the following:

(a) The name and address of the responsible person of the property;

(b) The street address or a description sufficient for identification of the property, building, structure, or land upon or within which the nuisance is occurring;

(c) A description of the nuisance conditions;

(d) The necessary corrective action to be taken, and a date or time by which correction must be completed;

(e) An agreement by the responsible person that the City may inspect the property as may be necessary to determine compliance with the correction agreement;

(f) An agreement by the responsible person that the City may abate the nuisance and recover its costs and expenses and monetary penalties pursuant to this Chapter from the responsible person for the nuisance if the terms of the correction agreement are not met; and

(g) When a responsible person, other than an owner or an owner's agent, has permitted a property to be a chronic nuisance property, an agreement by the owner to promptly take all acts and pursue all remedies requested by the City Manager or designee.

(h) An agreement that the City will not engage in any Additional Enforcement Remedies as long as the parties remain compliant with the terms and conditions of the Correction Agreement.

(i) An agreement that the terms and conditions contained in a Correction Agreement are not subject to appeal.

(Ord. No. 2019-44, § 1, 8-27-19)

Sec. 9.946. Certificate of Compliance.

A Certificate of Compliance shall be provided once the conditions of the Correction Agreement are satisfied. The compliance period shall be good for two (2) years during which the establishment shall be considered under probation and subject to bi-annual inspections. Failure to perform during that period may result in a revocation of the Certificate of Compliance and the creation of a new Correction Agreement or the commencement of enforcement activities.
(Ord. No. 2019-44, § 1, 8-27-19)

ARTICLE 4. ENFORCEMENT PROCEDURES AND APPEALS

Sec. 9.947. Enforcement Process.

(a) *Reasonable Entry.* Upon presentation of proper credentials and when permission is granted by a person who represents he or she has authority to grant permission, inspections may be conducted within the business, premises or accessory structures during reasonable hours. Entry without consent of an owner or an occupant shall require an administrative search warrant or order issued by a court of competent jurisdiction.

(b) *Access.* Every occupant of a building, premises or accessory structure shall give the Inspector access to any part of the building, premises or accessory structure thereto at all reasonable times for the purposes of making an

inspection and any documentation, such as licenses, as are necessary to comply with the Ordinance.

(c) *Basis of Inspections.* Inspections shall be made to obtain and maintain compliance with the provision of this Chapter for one (1) or more of the following purposes:

(1) To determine conformity with a permit, zoning approval, or other approval provided in this Chapter, as well as any special conditions imposed.

(2) To determine compliance with a notice or an order issued by the City.

(3) To verify a complaint received by the City, indicating that there is a violation of the provisions of this Chapter.

(4) To verify an observation by the City of a violation of the provisions of this Chapter or to investigate compliance with the provisions of this Chapter.

(5) To determine if an emergency is observed or reasonably believed to exist.

(6) To fulfill a request for an inspection made by the owner or responsible person.

(7) To inspect a designated area where all dwellings, accessory building, yards, and/or signs are to be inspected uniformly or intensively or for specific violations.

(d) *Content of Written Notices of Violation.* Written notices of violation authorized by this Chapter shall include the following information:

(1) A description of the real estate and/or project name sufficient for identification.

(2) A statement of the violation or violations.

(3) A correction order allowing a reasonable time to correct the violation and bring the property into compliance. If the written notice is a Notice to Abate, the notice shall indicate that the City may act to abate the violation if not brought into compliance.

(4) A statement that failure to comply with the Notice may result in further enforcement action.

(5) A statement that a fee shall be charged for the issuance of the Notice. If the written notice is a Notice to Abate, the cost of City action to abate the violation shall be a personal debt of the owner, which may be assessed as a lien against the property until paid.

(6) A description of the right to appeal, as applicable.

(e) *Method of Service.* The written notice of violation shall be deemed to be properly served in one (1) of the following ways:

(1) Delivered personally;

(2) Sent by first-class mail addressed to the last known address of the responsible person; or

(3) Any other method authorized for the service of process by court rule or State statute.

(f) *Posting.* After issuing a written notice of violation, the City, at its discretion, may post a copy of the written notice and/or a placard on the property.

(g) *Administrative Extension.* A request may be submitted by the property owner for an administrative extension to correct violations cited in a written notice of violation. The extension period shall be determined by the designated enforcement officer but shall not exceed six (6) months. An extension may be considered under the following circumstances.

(1) The extension will not adversely affect adjacent properties nor pose a health or safety hazard to the occupants or others.

(2) The owner or responsible person is making significant progress in correcting the violation(s); or

(3) There are clearly established extenuating circumstances delaying compliance which are beyond the control of the owner or responsible person.

(Ord. No. 2019-44, § 1, 8-27-19)

Sec. 9.948. Enforcement Appeals.

Except as otherwise provided in this Chapter, any person issued a notice by the City in the course of enforcing the provisions of this Chapter may appeal the decision or interpretation made by the City.

(a) *Written Notice.* An appeal of a written notice, order or ruling regarding a violation shall be made in writing within twenty (20) days of the date of the notice, order or ruling. However, if a notice, order, or ruling requires the correction of a cited violation within a shorter period of time, the appeal must be made within such shorter period.

(b) *Prohibited Appeals.* Appeals governed by this Chapter of the following orders, notices or rulings are prohibited:

(1) A determination that an emergency or hazard is present.

(2) A ruling, decision, opinion or action of the City Attorney or imposed by a Court of Law, or a civil infraction ticket.

(3) Conditions attached to an approved permit.

(4) A Correction Agreement.

(5) A Declaration of Nuisance and/or a Notice to Abate.

(6) State licensure definitions, requirements and rules.

(c) The Crime Prevention Through Environmental Design (CPTED) Appeals Board is authorized to hear and decide appeals concerning the application or interpretation of the provisions of this Chapter:

(1) All appeals shall be filed, heard and decided in accordance with the provisions set forth in Chapter 135, Article 5.

(2) No other extensions or further extensions from that allowed for under an Administrative Extension shall be permitted except by order of the CPTED Appeals Board for good cause.

(3) Extensions may be granted no more than three (3) times the length of time provided with the original Notice. The Board shall not permit more than one (1) extension.

(4) Extensions may be allowed when the Board finds that the time allowed is unreasonable, circumstances have prevented a good faith effort to comply, or substantial work has been completed and additional time is warranted.

(5) In making its determination, The CPTED Appeals Board shall read the Purpose and Intent of this Chapter and any associated articles that reflect on intent prior to making its decision.

(Ord. No. 2019-44, § 1, 8-27-19)

Sec. 9.949. Transfer of Ownership.

An owner or responsible person transferring ownership of a property notified as being in violation of a provision of this Chapter shall notify the City in writing within ten (10) days of the transfer with the name, address and telephone number of the new owner and the effective date of the transfer of ownership. The City shall issue a new Notice of Violation to any person assuming the ownership or the status of responsible person for any condition, building or structure which has been cited in a Notice of Violation.

(Ord. No. 2019-44, § 1, 8-27-19)

ARTICLE 5. VIOLATIONS, PENALTIES, AND REMEDIES

Sec. 9.950. Violations.

Except as otherwise provided in Section 9.951(E)(3), a violation of this Chapter shall be a municipal civil infraction punishable by a fine as established in Chapter 170 of the City Code for the first offense. All subsequent offenses shall be a misdemeanor punishable by a fine of up to five

hundred dollars ($500.00), or imprisonment for up to ninety (90) days, or both such fines and imprisonment. Each day that a violation continues after due notice has been served shall be deemed a separate offense and a separate violation subject to enforcement action.
(Ord. No. 2019-44, § 1, 8-27-19)

Sec. 9.951. Enforcement Powers.

(a) The City may use any lawful remedy or enforcement powers against the owner or responsible person for any violation of this Chapter, including, without limitation, one (1) or more of the actions of this Section. Remedies may be pursued simultaneously or sequentially and the pursuit of a single remedy does not foreclose the simultaneous or subsequent pursuit of other remedies. The remedies are cumulative and the City shall have all power granted from time to time under all applicable federal, state and local laws, rules and regulations:

(b) *Uncorrected Violations.*

(1) *Withhold Permit.* The City may deny or withhold any and all permits or other forms of authorization from an applicant on any property where there is an uncorrected violation of a provision of this Chapter or a condition or stipulation of approval for a permit or other authorization previously granted by the City. This enforcement provision shall apply regardless of whether the current owner or applicant is responsible for the violation in question.

(2) *Permit Approved with Conditions.* In addition to denying or withholding a permit or other authorization, the City may grant any permit or other authorization subject to the condition that the violation is corrected.

(c) *License Revocation.*

(1) The City may institute an action to suspend, revoke, deny, or not renew any city license required by City Code.

(2) Revocation, denial, or nonrenewal of State licensing may be sought for noncompliance of a recognized chronic nuisance establishment. The City reserves the right to notify the Michigan Liquor Control Commission (MLCC), Michigan Department of Licensing and Regulatory Affairs (LARA) and any other appropriate state agency required to engage with the subject business.

(3) Action taken under this subsection is not subject to appeal.

(d) *Court Order.* The City Attorney may bring and prosecute an action in any court of competent jurisdiction to:

(1) Enjoin the owner or responsible person from continuing operations of the business establishment; and/or

(2) Comply with the requirements of this Chapter.

(e) *Municipal Civil Infraction and Misdemeanor Penalties.*

(1) Municipal Civil Infractions. Enforcement of violations and application of Municipal Civil Infraction fees shall follow the procedures and schedule of fines established in Chapters 67 and 170 of the City Code, respectively.

(2) Except as provided in subsection (e)(1), above, a violation of this Chapter shall, until the fourth offense, constitute a Municipal Civil Infraction, which upon an admission or finding of responsibility shall result in fines established in Chapter 170 Municipal Civil Infractions of the City Code.

(3) A fourth offense shall be a misdemeanor punishable by a fine of up to five hundred dollars ($500.00), or imprisonment for up to ninety (90) days, or both.

(4) Proceedings may be instituted pursuant to Chapter 170 of the City Code. In addition, anyone pleading or found responsible shall pay the costs of enforcement and prosecution.

(5) In addition to civil fines, the District Court shall have equitable jurisdiction to enforce any judgment, writ or order necessary to enforce any provision of this

Chapter, including but not limited to order the abatement or correction of the offending action or condition or by granting injunctive relief.

(f) *Declaration of Nuisance and Notice to Abate.*

(1) A violation of this Chapter is a nuisance per se and the City may institute appropriate actions or court proceedings to correct, or abate any violation of the provisions of this Chapter. If the owner or responsible person fails to abate a violation, the City may take action to abate the violation.

(2) The abatement may be performed by the City, by a contract vendor, or by other means determined by the City, the actual cost which shall include an administrative fee, shall be a personal debt of the owner, and may be assessed as a lien against the property until paid.

(3) Upon observing a violation of the provisions of this Chapter, the City may issue a Notice to Abate. The Notice to Abate shall include:

a. The nature and location of the violation.

b. The time within which the violation must be abated.

c. Notice that the City may act to abate the violation if it is not abated by the owner or responsible person within a reasonable time stated in the Notice, but which may not exceed fifteen (15) days. If physical alterations of a building structure are required, the abatement period may be extended through the use of a correction agreement.

d. Notice that the cost of such action by the City, plus an administrative fee, shall be a personal debt of the owner, which may be assessed as a lien against the property until paid.

e. Notice that any refusal to allow the City to abate an uncorrected violation shall be a separate violation under this Code.

(Ord. No. 2019-44, § 1, 8-27-19)

Sec. 9.952. Commencement of Legal Action.

Upon referral by the City Manager, the City Attorney may initiate an action in any court of competent jurisdiction to abate violations of this article, to impose penalties pursuant to this chapter, to seek alternative remedies under city or state laws and seek any other relief authorized by law.

(Ord. No. 2019-44, § 1, 8-27-19)

Sec. 9.953. Lien.

All of the costs of Code enforcement activities provided for in this Code and incurred by the City shall be billed to the responsible person and shall be paid within thirty (30) days of mailing. All costs for abatement-related and Code enforcement activities shall be a personal debt owed to the City by the person billed for the public nuisance and, if the public nuisance is attributable to the use, occupancy, care, control, dominion or ownership of any land or premises, shall also, in addition to being a personal debt, be charged against such premises and the owner thereof and shall be a lien on the property until paid.

(Ord. No. 2019-44, § 1, 8-27-19)

Sec. 9.954. Remedies Severable.

Any action taken by the City to abate any public nuisance under the provisions of this Chapter, or any other provision of the City Code, shall not affect the right of the City to institute other legal or administrative proceedings against the person committing, creating, permitting or maintaining any public nuisance for violation of this Chapter nor affect the imposition of the penalty or remedy prescribed or imposed for such violation. Upon application by the City to any court of competent jurisdiction, the court may order the public nuisance abated and/or the violation or threatened violation restrained and enjoined.

ARTICLE 1. GENERAL PROVISIONS

Sec. 9.955. Statement of Public Policy.

It is hereby declared to be contrary to the public policy of the City of Grand Rapids (City) for any person to deny any individual the enjoyment of civil rights, or for any person to discriminate against any individual in the exercise of civil rights because of actual or perceived color, race, religion or creed, sex, gender identity or expression, sexual orientation, national origin, genotype, age, marital status, familial status, medical condition, disability, height, weight, or source of lawful income (cumulatively known as protected classes).
(Ord. No. 2019-43, § 1, 8-27-19)

Sec. 9.956. Definitions.

As used in this Chapter, the following words and phrases shall mean:

(1) *Age:* The length of time in years that an individual has lived.

(2) *Agent:* Any person acting on behalf of an employment, housing, public accommodation, or public services entity.

(3) *Bias:* A tendency, opinion, or inclination that is preconceived, unreasoned or based on protected class status including, but not limited to, prejudice in favor of or against one person, or group compared with another, usually in a way considered to be unfair or based on stereotypes.

(4) *Bona Fide Occupational Qualification:* A condition, characteristic, or factor which informs decisions and conduct with respect to a protected class in the area of employment when there are no less discriminatory means, but which is lawful, reasonable, necessary, and narrowly tailored to the safe, efficient, and standard operation of the employer, as further described in Section 9.959 below.

(5) *City:* The City of Grand Rapids, Michigan.

(6) *Color:* pigmentation of the skin.

(7) *Complainant:* a person aggrieved by a violation of a provision of this Chapter who files a complaint with the Office of Diversity and Inclusion (ODI).

(8) *Conviction Record:* the history of all criminal convictions of an individual in any jurisdiction, including time served in prison, jail, juvenile detention, probation, rehabilitation or diversionary programs, or placement on a sex offender registry.

(9) *Creed:* A system of beliefs, principles, or opinions that guides an individual's actions.

(10) *Disability:* A physical or mental characteristic of an individual which may result from disease, injury, congenital condition, or functional disorder, if the characteristic:

(a) For purposes of employment, substantially limits one or more of the major life activities of an individual but is unrelated to that individual's qualifications for employment or ability to perform the duties of a particular job or position; or

(b) For purposes of public accommodation, is unrelated to an individual's ability to use and benefit from a place of public accommodation or public service; or

(c) For purposes of housing, substantially limits one or more of an individual's major life activities but is unrelated to that individual's ability to acquire, rent or maintain property.

For the purposes of this Chapter, disability shall include, but not be limited to, the use of adaptive aids, devices, or guides, but shall not include temporary impairments associated with drug or alcohol consumption

(11) *Discrimination:* To make or refrain from making a decision, selectively furnish or withhold access, or act or threaten to act

in an adverse way in the areas of employment, housing, public accommodation, public services, or other benefit, based in whole or in part on the actual or perceived status of an individual as a member of a protected class. Discrimination includes:

(a) The use of facially neutral practices that have an adverse impact on members of a protected class.

(b) Harassment directed at a protected class; harassment does not need to be both severe and pervasive.

(c) Any act which results in unequal treatment or segregation of an individual.

(12) *Employee:* An individual performing lawful work for another person who does not share familial status with that person, in exchange for monetary compensation.

(13) *Employer:* Any person compensating one or more individuals for the performance of work in a lawful business or enterprise.

(14) *Equal:* Subject alike to all requirements, qualifications, conditions, and considerations that are not prohibited grounds of discrimination.

(15) *Familial Status:* An individual's position within the network of that individual's biological and legal relations within three degrees of consanguinity, or through marriage, adoption or other legal custodial relationship.

(16) *Gender Identity or Expression:* An individual's actual or perceived sex including identity, self-image, appearance, expression, or behavior, whether or not that identity, self-image, appearance, expression, or behavior is different from that traditionally associated with the individual's biological sex assigned at birth.

(17) *Genotype:* The genetic constitution of an individual.

(18) *Harassment:* Conduct or communication directed at another individual intentionally for the purpose or effect of creating an intimidating, hostile, or offensive environment with regard to employment, public accommodation, public services, or housing.

(19) *Height:* Length of an individual's body as measured in feet and inches.

(20) *Housing:* Any real property, building, structure, or portion thereof which is used or occupied, or is intended to be used or occupied, as the home or residence of one or more individuals. This includes, but is not limited to, a house, apartment, condominium unit, rooming house, housing cooperative, homeless shelter, hotel, motel, tourist home, retirement home, or nursing home.

(21) *Marital Status:* The state of being married, remarried, never married, divorced, or widowed.

(22) *Medical Condition:* All past or present physical or mental health diagnoses, treatments, and procedures an individual has received, associated symptoms and risk factors, and effects of such diagnoses, treatments, and procedures.

(23) *National Origin:* An individual's nation of origin, or the physical, cultural, or linguistic characteristics associated with that nation or a part thereof.

(24) *Office of Diversity and Inclusion (ODI):* The department of the City responsible for promoting diversity and ensuring compliance with civil rights laws.

(25) *Perceived:* The perception of a person who acts, but not necessarily the perception of an individual for or against whom the action is taken.

(26) *Person:* An individual, association, partnership, agency, organization, or corporation, public or private, including all employees thereof. The term, when applied to partnerships, associations, and corporations, includes members and officers.

(27) *Protected Class:* Any group or status identified in Section 9.955.

(28) *Public Accommodation:* A facility, including a governmental entity or business, offering or furnishing goods, services, places, privileges, or advantages to the general public for purchase, consumption, use, or acquisition, including, but not limited to, hotels, motels, housing, restaurants, taverns, concert and entertainment venues, retail and service enterprises, public services, and certain educational institutions. Public services include those goods or services provided by the City in the public interest to the people living within its jurisdiction, either directly or under contract.

(29) *Race:* The perceived status of human beings as belonging to distinct groups based on inherited characteristics primarily identified by skin color, and which is a social construct unsupported by the science of genetics.

(30) *Religion:* A particular system of faith and worship.

(31) *Retaliation:* Adverse action taken against the person who filed a complaint or participated in a complaint investigation under the Human Rights Ordinance.

(32) *Sex:* The biological designation of male or female assigned at birth. For gender, see subsection (16) above.

(33) *Sexual Harassment:* A type of discrimination including, but not limited to, unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct or communication of a sexual nature when:

(a) Submission to such conduct or communication by an individual is made a term or condition, either explicitly or implicitly, of obtaining employment, public accommodation, public services, or housing.

(b) Submission to or rejection of such conduct or communication by an individual is used as a factor in decisions affecting the individual's employment, public accommodation, public services, or housing.

(c) Such conduct or communication has the purpose or effect of substantially interfering with an individual's employment, public accommodation, public services, or housing, or creating an intimidating, hostile, or offensive employment, public accommodation, public services, or housing environment.

(34) *Sexual Orientation:* An individual's sexual and/or romantic identity in relation to the gender(s) to which the individual is attracted, or the absence of such sexual and/or romantic identity.

(35) *Source of Lawful Income:* Any legal source from which an individual obtains money.

(36) *Weight:* The body mass of an individual measured in pounds.

(Ord. No. 2019-43, § 1, 8-27-19)

ARTICLE 2. PROHIBITED DISCRIMINATORY PRACTICES

Sec. 9.957. In General.

(1) No person shall adopt, enforce, or employ any policy, requirement, qualification, practice, or factor which has the effect of creating unequal treatment or opportunities relating to housing, employment, public accommodations or public services on the basis of actual or perceived membership in a protected class as defined under Section 9.955 of this Chapter, except as exempted under Section 9.964 of this Chapter.

(2) The prohibitions against discrimination as provided for in this Chapter shall not be deemed preempted by state or federal law, but are intended to supplement such law.

(3) This Chapter shall be construed and applied in a manner consistent with the First and 14th Amendments of the U.S. Constitution and Art. I, § 2 of the Constitution of Michigan regarding freedom of speech and free exercise of religion.

(Ord. No. 2019-43, § 1, 8-27-19)

Sec. 9.958. Discriminatory Housing Practices.

(1) The opportunity to purchase, lease, rent, sell, use, convey, and finance housing without discrimination on the basis of actual or perceived membership in a protected class as identified in Section 9.955 of this Chapter is hereby recognized and declared to be a civil right.

(2) The provisions of Chapter 160 of the City Code shall apply to discriminatory housing practices, including but not limited to those provisions governing discriminatory housing and financial practices, exceptions, blockbusting, and violations.

(3) In addition to the exemptions contained in Chapter 160 of the City Code, the following considerations may result in exceptions to discriminatory housing practices:

(a) *Safety.* Any decision based upon the reasonable and well-substantiated belief that an individual's physical or mental health poses a serious threat to the health, safety, and welfare of the individual, other residents, or other persons

(b) *Conviction Record.* History of criminal conviction may be considered in housing decisions, although arrest with no conviction may not be considered. An outright ban on prospective tenants with a criminal background is prohibited. Landlords must carefully consider, on a case-by-case basis, the nature and severity of the crime, the age of the individual at the time of the crime, whether there have been repeat offenses, whether the individual maintained a good tenant history before or after the conviction, evidence of rehabilitation efforts, and whether the crime for which the individual was convicted may pose a demonstrable risk to the health, safety or welfare of other residents or persons (which would include manufacturing or distributing illegal drugs) or to property.

(c) *Competence.* Any decision which is based upon the reasonable and well-substantiated belief that an individual is incapable of satisfactorily fulfilling reasonable responsibilities associated with the housing arrangement.

(d) The following are not legitimate exceptions:

i. The anticipated or actual objections of other residents, neighbors, or persons.

ii. Mere inconvenience, less than an undue hardship, to a housing agent in procuring or providing reasonable aid to a member of a protected class to accommodate that individual's needs.

(Ord. No. 2019-43, § 1, 8-27-19)

Sec. 9.959. Discriminatory Employment Practices.

(1) The opportunity to obtain employment and advancement opportunities without discrimination on the basis of actual or perceived membership in a protected class as identified in Section 9.955 of this Chapter is hereby recognized and declared to be a civil right. No person shall discriminate against a current or prospective employee with respect to hire, tenure, terms, conditions, or privileges of employment, or any matter directly or indirectly related to employment, unless such act is based on a bona fide occupational qualification.

(2) The City as an employer shall also be bound by the provisions of Section 1.150 of the City Code.

(3) Bona fide occupational qualifications shall include:

(a) *Safety.* Any decision based upon the reasonable and well-substantiated belief that an individual's physical or mental health poses a serious threat to the health, safety, and welfare of the individual or other employees or customers.

(b) *Conviction Record.* History of criminal conviction may be considered in employment decisions, although arrest with no conviction may not be considered. An

outright ban on prospective employees with a criminal background is prohibited. Employers must carefully consider, on a case-by-case basis, the nature and severity of the crime, the age of the individual at the time of the crime, whether there have been repeat offenses, whether the individual maintained a good employment history before or after the conviction, evidence of rehabilitation efforts, and whether the crime for which the individual was convicted may pose a demonstrable risk to the health, safety or welfare of other employees or persons or to property.

(c) *Competence.* Any decision which is based upon the reasonable and well-substantiated belief that an individual has not met certain educational or licensing requirements, or is otherwise incapable of satisfactorily performing necessary duties or fulfilling reasonable responsibilities associated with a particular occupation.

(d) *Undue hardship.* A qualification is bona fide if and only if the particular needs of the protected individual affected by it cannot be reasonably accommodated without undue hardship, or without unreasonably expanding health and safety risks. Mere inconvenience to the accommodating party is not grounds for discrimination. Whether the cost of a reasonable accommodation imposes an undue hardship depends on the employer's resources, not on the individual's salary, position, or status.

(e) The following are not bona fide occupational qualifications:

i. Mere inconvenience, less than an undue hardship, to an employment agent in procuring or providing aid to a member of a protected class to accommodate that individual's needs.

ii. The anticipated or actual objections of other employees, co-workers, customers, or other persons unrelated to an individual's competence as an employee.

iii. A qualification which has insignificant or incidental bearing on, or which is otherwise not necessary to, the efficient operations of the employer.

(Ord. No. 2019-43, § 1, 8-27-19)

Sec. 9.960. Discriminatory Public Accommodation and Public Services Practices.

(1) The opportunity to enjoy full and equal access to all public accommodations and public services without discrimination on the basis of actual or perceived membership in a protected class as identified in Section 9.955 of this Chapter is hereby recognized and declared to be a civil right. No person shall discriminate in making available full and equal access to all goods, services, activities, and privileges of any place of public accommodation. Public services shall include those provided in the public interest by the City to the people living within its jurisdiction, either directly or by contract.

(2) Exceptions:

(a) Public accommodations must be made accessible to individuals with disabilities in compliance with the Americans with Disabilities Act (ADA), unless to do so would not be readily achievable due to cost, size and operation of the facility, and other factors.

(b) An individual who displays offensive behavior, engages in disorderly conduct, or otherwise represents a clear threat to public health, safety, and welfare may be removed from, or prevented from entering, a public accommodation.

(c) Based upon cost, need, availability, subscription, qualification under federal, state, or local laws, rules, or regulations, or other non-discriminatory factors, public services may not be available to all persons living within the city.

(Ord. No. 2019-43, § 1, 8-27-19)

Sec. 9.961. Nondiscrimination by City Contractors.

1. All contractors proposing to do business with the City shall satisfy Section 1.517 of City Code, this Chapter, and any policies based thereon as adopted by the City.

2. A contractor shall, as a condition of being deemed a responsible bidder, at the time of its submission to the City in responding to an invitation to bid or request for proposal, certify in writing that it is in compliance with the provisions of Section 1.517, this Chapter, and any applicable policies.

3. Each City contract shall provide that a breach of the obligation not to discriminate shall be considered a material breach of the contract.
(Ord. No. 2019-43, § 1, 8-27-19)

Sec. 9.962. Biased Crime Reporting.

(1) No person shall knowingly or recklessly report to a City of Grand Rapids police officer, City of Grand Rapids dispatcher, or other City of Grand Rapids personnel that an individual who is an actual or perceived member of a protected class as identified in Section 9.955 of this Chapter has committed, or may or will commit, a crime, if such report is based in whole or in part on the individual's membership in a protected class and not on a reasonable suspicion of criminal activity in consideration of all available facts and the totality of the circumstances

(2) This Section is enacted for the purpose of ensuring the public health, safety, and welfare of persons within the city. Any person in violation of this Section may also be subject to penalty under Grand Rapids City Code 9.135(6) False Information or Michigan Penal Code 750.411(a) False Report of a Crime.
(Ord. No. 2019-43, § 1, 8-27-19)

Sec. 9.963. Other Prohibited Practices.

(1) No person shall adopt, enforce or employ any policy or requirement, or publish, post, broadcast, or distribute any advertisement, sign, notice, or solicitation which discriminates, or suggests, supports, or affirms discrimination, in the provision of housing, employment, public accommodations, or public services.

(2) No agent, broker, or any other person shall discriminate in making referrals or listings or providing information with regard to housing, employment, public accommodations, or public services. A report of such person's responsibility for a violation of this Chapter shall be made to an applicable licensing or regulatory agency for such person or business, if any.

(3) No person shall interfere with, coerce, intimidate, threaten or retaliate against an individual for making a complaint or assisting in the investigation regarding a violation or alleged violation of this Chapter, nor require, request, conspire with, assist or coerce another person to retaliate against an individual for making a complaint or assisting in an investigation.

(4) No person shall conspire with, assist, coerce or request another person to discriminate in any manner prohibited by this Chapter.
(Ord. No. 2019-43, § 1, 8-27-19)

ARTICLE 3. EXEMPTIONS

Sec. 9.964. Exempted Practices.

The following practices shall not be violations of this Chapter:

(1) Restriction by a religious organization, association, or society, or any nonprofit institution or organization operated, supervised or controlled by or in conjunction with a religious organization, association, or society, limiting the sale, rental or occupancy of dwellings which it owns or operates for other than commercial purposes to persons of the same religion, or giving preference to such persons, unless membership in such religion is discriminatory on the basis of actual or perceived membership in a protected class as identified in Section 9.955 of this Chapter; restriction of employment opportunities to officers, religious instructors, and clergy of the denomination, or; limited admission or preference based on

religion in an educational institution controlled by the religious organization, association, society, or affiliated nonprofit.

(2) Restriction by a private club or other establishment not open to the public, except to the extent that the goods, services, facilities, resources, privileges, advantages, or accommodations of the private club or establishment are made available to customers or patrons of another establishment that is a place of public accommodation, or the private club or establishment is licensed under the Michigan Liquor Control Act.

(3) Restriction, by the owner of an owner-occupied one-family or two-family dwelling, a housing facility, or public accommodation devoted entirely to the housing or accommodation of individuals of one sex, to occupancy and use on the basis of sex.

(4) Restriction of occupancy in a housing project, provision of public accommodations or services, or employment privileges or assistance to individuals who are of low income, over forty (40) years of age, or disabled, in circumstances in which such limitations are appropriately designated and in compliance with federal, state, or local law, rules, or regulations.

(5) Discrimination based on an individual's age when such discrimination is required by state, federal, or local laws, rules, or regulations.

(6) Restrictions on the sharing of a dwelling unit by an individual sharing said unit.

(7) Housing exemptions as provided in Chapter 160 of the City Code.

(8) Refusal to enter into a contract with an unemancipated minor.

(9) Refusal to admit to a place of public accommodation serving alcoholic beverages an individual under the legal age for purchasing alcoholic beverages.

(10) Refusal to admit individuals under 18 years of age to a business providing entertainment or selling literature that the operator of said business deems unsuitable for minors.

(11) Restrictions on use of facilities or resources by a private educational institution which provides education only to individuals of a particular sex.

(12) Restriction on use of an educational institution's facilities and resources to those affiliated with such institution.

(13) Restrictions on participation in instructional programs, athletic events, or on athletic teams on the basis of age, sex, height, or weight consistent with applicable federal, state, or local laws, rules, or regulations.

(14) Provision of discounts on products or services to students, minors, and older persons.

(15) Restrictions by the City of Grand Rapids on use of any of its facilities, or on its employment opportunities, based on duly-adopted institutional policies which conform to local, state, or federal laws, rules, or regulations.

Affirmative action provisions related to, preferential treatment of, or benefits conferred on, any of the protected classes identified in Section 9.955 of this Chapter are permissible to the extent allowed by law.
(Ord. No. 2019-43, § 1, 8-27-19)

ARTICLE 4. COMMUNITY RELATIONS COMMISSION

Sec. 9.965. Creation; Membership.

(1) A Community Relations Commission (CRC) is established to work with the Office of Diversity and Inclusion (ODI), City Manager and City Commission to support and promote this Chapter and strengthen the relationship between the community and the City of Grand Rapids.

(2) The CRC shall consist of thirteen (13) members to be appointed for a term of three (3) years by the Mayor with the approval of the City Commission. CRC members shall be selected, to the extent possible, to be representative of the community at large.

(3) A member may serve a maximum of two (2) consecutive terms. A member may be reappointed to the CRC three (3) years after the expiration of that member's last term.

(4) Three (3) members shall be appointed each year for terms commencing on the first Tuesday in January.

(5) In the event of resignation, removal, or death of a member, that member's successor shall be appointed by the Mayor with the approval of the City Commission to serve for the unexpired term of the departed member.

(6) The CRC shall meet not less than once per month. A quorum of its members, that being a majority of members appointed to the CRC, shall adopt such rules as deemed necessary for the conduct of business.

(7) The CRC shall elect a chairperson and such other officers as it deems necessary.

(8) The chairperson shall appoint such subcommittees as necessary, including but not limited to ad hoc subcommittees to address issues brought by the ODI, the City Manager, and/or the City Commission.

(9) CRC members shall serve without compensation, but shall be reimbursed for preapproved expenses necessarily incurred in connection with their duties as members of the CRC.

(10) The City shall provide staff support to the CRC through the ODI, or as otherwise directed by the City Manager.
(Ord. No. 2019-43, § 1, 8-27-19)

Sec. 9.966. Duties.

The duties of the CRC shall be to:

(1) Foster mutual understanding and respect among all people in the City, and discourage and prevent discriminatory practices toward any protected class described in Section 9.955 of this Chapter.

(2) Upon its own initiative or at the request of the ODI, the City Manager, or the City Commission, identify issues relative to community tensions, discriminatory practices, or acts of prejudice against any protected class described in Section 9.955 of this Chapter for review or possible investigation by the City.

(3) Conduct research projects and obtain data to ascertain the status and treatment of any protected class described in Section 9.955 of this Chapter, and make reports and recommendations to the ODI. If applicable, findings and research will be forwarded from ODI to the City Manager for review and/or further action.

(4) Develop, or cooperate with other governmental or private entities to develop, programs and courses of community education for presentation in schools, public libraries, public museums, or other suitable venues, or develop presentations illustrating the contributions of protected classes to the culture, tradition, and progress of the City and society at large and demonstrating the deleterious effects of prejudice, intolerance, and discrimination.

(5) Issue publications or reports that in its judgment will tend to minimize or eliminate prejudice, intolerance, and discrimination in the City.

(6) Advise the ODI on opportunities of alignment for the City's Strategic Plan efforts and when applicable, assist ODI with those opportunities and efforts.

(7) Cooperate with federal, state, and local agencies and departments as requested by the ODI to assist in addressing and resolving issues of discrimination.

(8) Recommend to the ODI, City Manager and City Commission measures to enhance harmonious and equitable relations among City residents and institu-

tions, support and fortify the efforts of City departments and agencies to protect those described in Section 9.955 of this Chapter, and advise and consult as necessary on civil rights and the violation thereof.

(Ord. No. 2019-43, § 1, 8-27-19)

ARTICLE 5. COMPLAINT PROCEDURES, INVESTIGATION, LEGAL CONSEQUENCES, PENALTIES

Sec. 9.967. Complaint Procedures and Investigation.

(1) A complaint may be filed with the ODI by any individual (the complainant) who has experienced or been witness to discrimination within the City as described in this Chapter. The complaint must be filed in person, by mail, or via the ODI's online complaint reporting site within one hundred eighty (180) calendar days of the date upon which the complainant knew or should have known of the alleged discriminatory act. If an individual fails to file a complaint within the specified time frame, the complaint will not be considered.

(2) A complaint shall indicate, at a minimum, all parties involved, the contact information of the complainant, a description of the discriminatory conduct, the date(s) and location(s) of its occurrence, and the protected class or classes, defined in Section 9.955 of this Chapter, which were discriminated against. The complaint will not be processed without this information.

(3) The ODI, with the assistance of the City Attorney's Office, shall review the complaint to determine relevance under this Chapter. Upon completion of the review, the ODI shall address the complaint through one or more of the following actions:

(a) Referral of the complainant to an appropriate local, state or federal entity for further investigation and action. Complaints which are covered by local, state or federal law will be referred to the appropriate local, state or federal agency for full investigation.

i. The ODI and the City Attorney's Office will determine the most appropriate federal or state investigative agency to address the issue brought forward and make a referral to that agency.

(4) The complainant will receive written notification of the referral of the complaint to the external agency.

(5) The complaint will then follow the process established by the investigative agency referred to.

(6) The ODI will document all referrals that are made including but not limited to information regarding location of complainant, type of complaint, agency referral.

(a) Conduct a complaint investigation in conjunction with the City Attorney's Office. This investigation may also include or be led by additional trained City personnel when needed.

i. ODI and/or another designated City investigator and the City Attorney's Office will conduct an investigation of the complaint filed utilizing appropriate investigatory methods.

ii. The City investigator (ODI or other designated City personnel) and the City Attorney's Office will make a determination regarding whether the complaint violates the Human Rights Ordinance and communicate that determination to the complainant in writing.

iii. The City investigator and City Attorney's Office will document all complaints investigated including but not limited to complaint disposition, location of complaint, and type of complaint.

(b) Arrangement of mediation between the involved parties, upon their agreement, to seek a resolution without legal action.

If an agreement is reached, a record of the agreement shall be prepared by the City Attorney's Office and signed by all parties. A violation of the agreement shall be considered a violation of this Chapter.

(c) Dismissal of the complaint if the allegations do not constitute a violation of this Chapter.

(7) Action on the complaint shall be taken in accordance with this Chapter within ninety (90) days of receipt, and the parties shall be notified if additional time is needed.

(8) The ODI shall provide written notice to the parties of the reasons for any action taken, and upon request, provide the parties with any evidence used in reaching its decision.

(9) The City Attorney's Office and/or City investigator may share non-confidential data with the CRC.

(10) In the course of its investigation, the City Attorney's Office may request a person to produce books, papers, records, or other documents which may be relevant to an alleged violation. If said person does not comply with the request, the City Attorney's Office may apply to the 17th Circuit Court for an order requiring production of the materials.

(11) No individual shall knowingly file a false complaint or provide false information in the investigation of a complaint. All complaints received by, and responses from, the ODI shall be retained by the City of Grand Rapids in accordance with its retention policy.

(12) The ODI shall provide an annual report to the City Manager, City Commission and the CRC providing a statistical and aggregate reporting of the data regarding:

(a) Type of Complaint;

(b) Length of investigation and/or review;

(c) Disposition of Complaint (ie: referred, investigated, mediated, sustained, etc.).

To the extent legally possible, complaint information will be kept confidential. No information regarding complaints will be released prior to the final disposition of the complaint.

(13) The ODI, with the assistance of the City Attorney's Office, shall develop all other rules of procedure deemed necessary for the reporting, hearing, and resolution of complaints.
(Ord. No. 2019-43, § 1, 8-27-19)

Sec. 9.968. Citations for Civil Infractions.

Following a City investigation, the ODI, upon consultation with the City Attorney's Office, may issue a civil infraction citation for violation of any of the provisions of this Chapter, including the Bias Crime Reporting provision, Section 9.962.
(Ord. No. 2019-43, § 1, 8-27-19)

Sec. 9.969. Injunctions.

The City Attorney's Office may commence a civil action to obtain injunctive relief to prevent discrimination prohibited by City Code and this Chapter, to reverse the effects of such discrimination, or to enforce a mediation agreement.
(Ord. No. 2019-43, § 1, 8-27-19)

Sec. 9.970. Retaliation.

No individual shall take adverse action against a person for:

(1) Filing a complaint under this Chapter;

(2) Testifying or providing witness or evidence of a violation of this Chapter; or

(3) Opposing violations of this Chapter.

Incidents of alleged retaliation shall be reported to the ODI and will be investigated under the investigative policy.
(Ord. No. 2019-43, § 1, 8-27-19)

Sec. 9.971. Prosecution and Penalties.

(1) The City Attorney's Office may prosecute a violation of this Chapter referred to it by the ODI or any other source.

(2) Violation of this Chapter shall be prosecuted by the City Attorney's Office as a municipal civil infraction pursuant to the provisions of Michigan law.

(3) A municipal civil infraction is punishable by a fine of not more than five hundred dollars ($500.00) and all other costs, damages, expenses, sanctions and remedies as authorized by Michigan law.

(4) Nothing contained in this Chapter shall be construed to limit in any way the remedies, legal or equitable, available to the City or any person for the prevention or correction of discrimination including, but not limited to false information pursuant to the Grand Rapids City Code Section 9.135(6) or false report of a crime pursuant to the Michigan Penal Code, MCL 750.411a. Such remedies shall be governed by applicable law.
(Ord. No. 2019-43, § 1, 8-27-19)

Sec. 9.972. Other Action.

(1) To the extent allowed by law, a person alleging a violation of this Chapter may bring a civil action for appropriate injunctive relief, damages, or both against the person(s) who acted in violation of this Chapter.

(2) Damages may include those for injury or loss caused by each violation of this Chapter, including reasonable attorney fees.

(3) Private actions and remedies under this Section shall be in addition to any actions for violations which the City Attorney's Office may take.
(Ord. No. 2019-43, § 1, 8-27-19)

Sec. 9.973. Severability.

If any section, subsection, sentence, clause, phrase or portion of this Chapter is for any reason held invalid or unconstitutional by any court of competent jurisdiction, that portion shall be deemed a separate, distinct and independent provision and such holding shall not affect the validity of the remaining provisions of this Chapter.

(Ord. No. 79-48, 7-24-79; Ord. No. 2000-01, § 1, 1-4-00; Ord. No. 2015-52, § 1, 9-22-15)

Sec. 10.15. Application of the Provisions of this Code and State Law.

(1) The operator of every motor vehicle shall operate the vehicle on that portion of the roadway set aside for vehicular use and shall conform to:

(a) The provisions of this Chapter which are adopted pursuant to the authority granted in the home rule cities act, MCL 117.1 et seq. and the authority granted in the Michigan Constitution, including, but not limited to the specific grants of authority to local governments in Article VII of that Constitution;

(b) The provisions of the Michigan Vehicle Code which is incorporated herein by reference as if fully set herein. The Michigan Vehicle Code is incorporated pursuant to the authority granted by the home rule cities act, specifically MCL 117.3. For purposes of this Section, the Michigan Vehicle Code is composed of Sections 257.1 through 257.923 of the Michigan Compiled Laws (Act 300 of The Public Acts of 1949, as amended and as it may, from time to time, be amended, specifically including, but not limited to, Public Act 61 of the Public Acts of 2003.) References in the Michigan Vehicle Code to local authority or local authorities shall mean the City of Grand Rapids acting by and through its City Commission and City Manager. The penalties provided for in the Michigan Vehicle Code are also adopted by reference provided, however, that the City of Grand Rapids may not directly enforce any provision of the Michigan Vehicle Code which provides for penalties of incarceration of in excess of ninety-three (93) days.

(c) The order or direction of a police officer, notwithstanding the provisions of existing traffic laws, when such officer is directing or regulating traffic in the interest of public safety.

(2) Any violation of the Michigan Vehicle Code, as incorporated herein by reference, shall be a violation of this Chapter except as otherwise provided in this Code or state law.

(3) The provisions of this Chapter relating to the operation of vehicles shall refer to the operation of vehicles upon the streets of the City of Grand Rapids and to places open to the general public, or to a portion of the general public, for the operation of vehicles.

(4) Any provision of the Michigan Vehicle Code or of this Chapter which describes an act, omission, or condition which is declared to be a civil infraction shall be processed as a civil infraction as provided for under State law. Any person found to be responsible for a civil infraction may be ordered to pay a civil fine of not more than One Hundred Dollars ($100.00) and costs and the Judge or Magistrate may impose such additional penalties as are provided for by state law.

(5) Any provision of the Michigan Vehicle Code or of this Chapter which describes an act, omission or condition which is declared to be a misdemeanor shall be processed as a misdemeanor. Unless some other penalty is specifically provided for by this Code or by the Michigan Vehicle Code, any person found guilty of a misdemeanor under this Chapter shall be punishable by a fine of not more than Five

Hundred Dollars ($500.00), or by imprisonment for not more than ninety (90) days, or both such fine and such imprisonment. Offenses for which there is a maximum period of imprisonment of 93 days, as provided for in the Michigan Vehicle Code, are specifically excluded from the operation of this provision.

(6) When any person is found guilty of a criminal violation or responsible for a civil infraction pursuant to this Chapter, the Judge or Magistrate shall summarily determine and tax the costs of the action which costs shall include all expenses, direct and indirect, to which the City has been put in connection with the violation or infraction up to the entry of judgment as provided for by state law.
(Ord. No. 79-48, 7-24-79; Ord. No. 81-32, 5-12-81; Ord. No. 83-14, 3-15-83; Ord. No. 83-19, 4-5-83; Ord. No. 91-62, §§ 1, 2, 12-10-91; Ord. No. 95-2, § 1, 1-17-95; Ord. No. 2000-64, § 1, 11-14-00; Ord. No. 2003-35, § 1, 9-9-03)

State law reference—Similar provisions, MCL 257.602(c), and MCL 750.479a.

ARTICLE 2. OPERATION

Sec. 10.16. Attempting to Flee or Elude a Police Officer.

No person who is the driver of a motor vehicle who is given by hand, voice, emergency light, or siren, a visual or audible signal by a police officer, acting in the lawful performance of his or her duty, directing the driver to bring his or her motor vehicle to a stop shall willfully fail to obey such direction, by increasing the speed of the motor vehicle, extinguishing the lights of the motor vehicle, or otherwise attempting to flee or elude the officer, provided that the officer is in uniform and, if in a vehicle, the vehicle is adequately identified as an official police vehicle.

A person who violates this Section is guilty of a misdemeanor punishable by a jail term of not more than ninety (90) days, or a fine of not more than Five Hundred Dollars ($500.00), or both, together with costs of the prosecution.
(Ord. No. 79-48, 7-24-79; Ord. No. 83-14, 3-15-83; Ord. No. 91-62, §§ 1, 2, 12-10-91)

Cross references—Uncapped liquor in passenger compartment, § 9.243; consumption of alcoholic liquor in public places, § 9.241.

State law reference—Similar provisions, MCL 257.625.

Sec. 10.17. Interference with Traffic.

(1) No operator of a vehicle shall stop, stand or park a vehicle in a traffic lane, except when necessary to avoid conflict with other traffic, or in compliance with the law or the directions of a police officer or traffic control device.

(2) No operator of a vehicle shall change his or her course, back up, or start a vehicle which is stopped, standing or parked, unless and until such movement can be made without interfering with other vehicles, devices moved by human power, or pedestrians.
(Ord. No. 79-48, 7-24-79)

State law reference—Similar provision, MCL 257.648(1).

Sec. 10.18. Yield when Entering Roadway Required.

The operator of a vehicle entering a street or roadway from an alley, private drive or building shall stop his or her vehicle before crossing the inner sidewalk line. The operator may then proceed, provided he or she yields the right-of-way to and does not interfere with other vehicles, bicycles or pedestrians proceeding in a lawful manner.
(Ord. No. 79-48, 7-24-79)

State law reference—Similar provision, MCL 257.652.

Sec. 10.19. Stop Required Near Crosswalk.

A vehicle approaching an intersection controlled by a stop sign shall be brought to a complete stop within five (5) feet of the near crosswalk, whether marked or unmarked. The operator may then proceed, provided he or she yields the right-of-way to and does not interfere with other vehicles, bicycles or pedestrians proceeding in a lawful manner.
(Ord. No. 79-48, 7-24-79)

Sec. 10.20. Blocking Intersection.

Notwithstanding any traffic control signal indication or other right to proceed, no driver shall enter an intersection or a marked crosswalk unless there is sufficient space on the other side of the intersection or crosswalk to accommodate his or her vehicle without obstructing or blocking the passage of other vehicles, bicycles or pedestrians.
(Ord. No. 79-48, 7-24-79)

Sec. 10.21. One-Way Streets.

Upon a roadway designated and sign-posted for one-way traffic, a vehicle shall be driven only in the direction designated.
(Ord. No. 79-48, 7-24-79)

Sec. 10.22. Prohibited Turns.

No operator of a vehicle shall enter a roadway from a driveway by turning left into the roadway or turn left into a driveway from a roadway during those hours or at such times as the same shall be prohibited by a sign posted prohibiting such left turns.
(Ord. No. 79-48, 7-24-79)

Sec. 10.23. Turning Vehicle.

No operator shall turn his or her vehicle at intersections except as follows:

(1) The operator of a vehicle intending to turn to the right shall approach an intersection in the lane of traffic nearest to the right side of the roadway, and in turning shall keep as closely as possible to the right-hand curb or edge of the roadway.

(2) The operator of a vehicle intending to turn to the left shall approach and enter the intersection in that portion of the right half of the roadway nearest the center line thereof, unless otherwise designated, and shall leave the intersection to the right of the centerline of the roadway being entered.

(3) The operator of a vehicle intending to make a left turn from a two-way roadway into a one-way roadway shall approach the intersection in that portion of the right half of the highway nearest the centerline thereof, unless otherwise designated, and shall pass to the right of such centerline of the two-way roadway at the point where it enters the intersection.

(4) The operator of a vehicle intending to make a left turn from a one-way roadway into a two-way roadway, shall approach the intersection in the lane of traffic nearest to the left side of the roadway, and after entering the intersection, the left turn shall be made so as to leave the intersection to the right of the centerline of the roadway being entered.

(5) Where both roadways are one-way, both the approach for a left turn, and a left turn, shall be made as close as possible to left curb or edge of the roadway.

(Ord. No. 79-48, 7-24-79)
State law reference—Similar provision, MCL 257.647.

Sec. 10.24. U-Turn Prohibited.

No operator shall turn his or her vehicle around (make a U-Turn) so it heads in the opposite direction in the traveled portion of the roadway at any intersection controlled by either a traffic signal or a law enforcement officer.
(Ord. No. 79-48, 7-24-79)

Sec. 10.25. Passing; Lane Movements.

(1) The operator of a vehicle overtaking another vehicle proceeding in the same direction, except on one-way roadways, or roadways having four (4) or more lanes, shall pass at a safe distance to the left thereof, and when safely clear of such overtaken vehicle, shall take a position as near the right-hand curb as possible; provided, that a vehicle whose operator has signaled his or her intention to turn left or which is about to turn left, shall not be passed on the left, and overtaking vehicles in such cases shall be permitted to pass to the right.

(2) No operator of a vehicle shall overtake and pass another vehicle within an intersection, on a railroad grade crossing, upon a curve, at the brow of a hill, or at any other time unless he or she can do so in safety.

(3) The operator of a vehicle about to be passed from the rear, of [on] a two- or three-lane roadway, except on one-way roadways, shall give way to the right and shall not increase his or her speed until the overtaking vehicle has turned into its proper lane of traffic ahead of him or her.

(4) Except on one-way roadways, or when passing other vehicles, all vehicles shall be driven upon the right half of the roadway, and all slow moving vehicles shall be driven as closely as possible to the right-hand curb of such roadway.

(5) Notwithstanding the general provisions of subsections (1), (3) and (4) hereof, the operator of a vehicle may overtake, and allowing sufficient clearance, pass another vehicle proceeding in the same direction either upon the left or upon the right of a roadway with unobstructed pavement of sufficient width whenever such roadway has been divided and marked into four (4) or more adjacent lanes for moving traffic, or whenever traffic is moving in two (2) or more substantially continuous lines in the same direction, or on any roadway sign-posted therefor, provided such movement can be made in safety.

(6) No person shall drive off the pavement in overtaking or passing on the right.

(7) A vehicle shall be driven as nearly as possible entirely within a single lane or line of traffic and shall not be moved from such lane or line until such movement can be made with safety.

(8) The driver of a motor vehicle overtaking a bicyclist proceeding in the same direction shall allow the bicyclist at least a five-foot separation between the right side of the driver's vehicle, including all mirrors or other projections, and the left side of the bicyclist at all times.
(Ord. No. 79-48, 7-24-79; Ord. No. 2000-01, § 2, 1-4-00; Ord. No. 2015-52, § 2, 9-22-15)

State law reference—Similar provision, MCL 257.634.

Sec. 10.26. Interference with Driver.

(1) No operator or a vehicle shall embrace, or be embraced by, another person while his or her vehicle is in motion.

(2) No person shall operate a vehicle while it is so crowded with objects or persons as to impede the control of the vehicle, and at no time shall there be more than three (3) persons over twelve (12) years of age in the front seat of a vehicle, including the operator thereof.
(Ord. No. 79-48, 7-24-79)

State law reference—Similar provision, MCL 257.677.

Sec. 10.27. Permitting Others to Violate Prohibited.

No person shall knowingly authorize or permit a motor vehicle owned by him or her or under his or her control to be driven by any person in violation of any provisions of this Chapter.
(Ord. No. 79-48, 7-24-79)

Sec. 10.28. Standing in a Roadway.

No person shall stand in the traveled portion of any roadway, except to avoid contact with vehicles lawfully on the roadway.
(Ord. No. 79-48, 7-24-79)

State law reference—Similar provision, MCL 257.676b.

Sec. 10.29. Civil Infractions and Misdemeanors.

(1) Violation of any Section of the Michigan Vehicle Code incorporated into this Code by reference and designated as a civil infraction shall be a civil infraction.

(2) Violation of any Section of the Michigan Vehicle Code incorporated into this Code by reference and designated as a misdemeanor shall be a misdemeanor.

(3) Violation of any of the following Sections of this Code shall be misdemeanors:

1. 10.16
2. 10.27
3. 10.102
4. 10.161
5. 10.163
6. 10.167 through 10.178

(4) Violation of any Section of this Code not specifically designated to be a misdemeanor shall be a civil infraction.
(Ord. No. 79-48, 7-24-79)

Sec. 10.30. Adoption of MCL 625(1)(c).

(1) Section 625(1)(c) of the Michigan Vehicle Code (Act No. 300 of the Public Acts of 1949), MCL 257.625(1)(c) as amended, is hereby adopted by reference for the purpose of protecting the public.

(2) The penalties provided by MCL 257.625(1)(c) are adopted by reference and violations of this section shall be punishable by one (1) or more of the following:

(a) Community service for not more than three hundred sixty (360) hours;

(b) Imprisonment for not more than one hundred eighty (180) days; and

(c) A fine of not less than two hundred dollars ($200.00) or more than seven hundred dollars ($700.00).

(Ord. No. 2012-32, § 1, 6-19-12, eff. 7-1-12)

Secs. 10.31—10.35. Reserved.

ARTICLE 3. TRUCK ROUTES AND FREEWAYS

Sec. 10.36. Truck Routes.

(1) The purpose of this Section is to regulate the orderly operation of trucks on the streets of the City. The primary objectives are to facilitate the transfer of goods and services by trucks to businesses and to preserve the quality of life of the neighborhoods. Prime considerations involved with the purpose of this Section are: (1) the safety of our citizens; (2) avoidance of unreasonable or unnecessary disturbance or reduction in property values due to truck noise, vibration, and/or air pollution; (3) protection against the deterioration of those streets not designated for truck traffic, and (4) adequate truck service to businesses and residences in an expeditious manner, having due regard for economical vehicle operation.

(2) Where density of traffic, protection of life and property, construction and condition of the roadway, or any hazardous condition make it advisable, the direction of traffic flow, and routing of buses, trucks and heavy vehicles, may be made by the Proper Authority by duly posted traffic control devices and it shall be unlawful to drive or cause to be driven, any vehicle in violation of such direction and routing.

(3) The streets of the City are hereby designated for this Section into three (3) classes:

(a) *Truck Routes:* Those streets specifically designated herein as Truck Routes.

(b) *Major Streets:* Those streets, other than Truck Routes, that are identified in subsection (5) below, or certified by the Michigan Department of Transportation as Major Streets in the City of Grand Rapids.

(6) Motor vehicles of the restricted class as used herein are defined as all motor vehicles having a weight of ten thousand (10,000) pounds or more including the load therein, except vehicles carrying or designated to carry passengers, all governmentally owned or leased vehicles, public utility vehicles, and vehicles used for private refuse handling.

(7) *Travel into or out of the City.* Motor vehicles of the restricted class, which do not have a pickup, delivery or service within the City, are required to enter and exit the City of Grand Rapids on Truck Routes only.

(8) *Travel within the City.* Motor vehicles of the restricted class, while in the City of Grand Rapids, are required to travel on Truck Routes only, except as follows:

(a) The operation of Authorized Emergency Vehicles may occur on any roadway in the City.

(b) The operation of recreational vehicles as defined by State law, which are of the restricted class may use any roadway in the City.

(c) The operation of motor vehicles of the restricted class is permitted on any roadway in the City for pickup, delivery or service where the destination is not on a Truck Route, provided that ingress and egress thereto or therefrom is accomplished in the following manner:

1. Vehicles of the restricted class must utilize designated Truck Routes to the point closest to delivery, pickup, or service.

2. Upon leaving or returning to the Truck Route, vehicles of the restricted class must utilize the shortest route available via major streets whenever possible and then utilize local streets only when necessary for the completion of the delivery, pickup or service.

3. In making consecutive deliveries, pickups or services to points not on Truck Routes, vehicles of the restricted class may proceed on roadways other than Truck Routes only if the distance traveled on non-truck routes as a result of this routing would be less than the distance traveled on non-truck routes if the vehicle had returned to a Truck Route as in subsection 2. above and then proceeded to the next delivery point as in subsections 1. and 2. above.

4. In making one (1) or more deliveries, pickups or services only, on Walker/Stocking between Bridge and Leonard, vehicles of restricted class shall be permitted to ingress/egress on Walker/Stocking to either Leonard or Bridge without regard to the "shortest route" requirements contained herein.

(9) The roadways designated as Truck Routes in Paragraph (4) shall be posted with signs at reasonable intervals and at intersections where the truck route turns. Such signs shall consist of the words "Truck Route," below which shall be placed an appropriate type arrow indicating the direction of the route.

(10) Non-truck Route streets may be posted with signs at reasonable intervals where appropriate. Such signs shall indicate "No Trucks" or "Not a Truck Route."

(11) It shall be the duty of any person driving or in charge or control of any buses, trucks or heavy vehicles, other than vehicles carrying or designed to carry passengers upon any roadway not a designated Truck Route upon the request of a police officer to stop and answer any questions regarding the weight of the truck, its destination, and its point of origin; and such person shall also present log book, weight slips,

delivery slips and other written evidence of destination or point of origin, for the officer's examination.

(12) If any designated Truck Route or portion thereof shall be under repair or otherwise temporarily out of use, motor vehicles within the restricted class shall use such other temporary Truck Routes as may be designated by the Proper Authority.

(13) In case of emergency, a temporary permit allowing exceptions to this Section may be issued by the City Manager or designee.

ARTICLE 4. PARKING REGULATIONS*

Sec. 10.40. Snow Routes.

Parking may be restricted because of the necessity to remove snow, along those streets where density of traffic, protection of life and property, construction and condition of the roadway, or any hazardous condition make it advisable. Such restriction shall be made by the City Manager or his or her designated representative and shall be indicated by appropriate traffic control signs. No person shall park a vehicle between the hours of 3:00 a.m. and 6:00 a.m., on any street so restricted and marked; provided, this Section shall not apply from April 2 through October 31, inclusive, of any year.
(Ord. No. 72-74, 10-10-72; Ord. No. 80-5, 1-15-80)

Sec. 10.41. Parking Restrictions.

No person shall park:

(1) In a traffic lane or in any other location where because of the density of traffic, protection of life or property, construction, the condition of roadway, or because of any other hazard or condition, parking is limited, restricted or prohibited by order of the Proper Authority and such limitation, restriction or prohibition is indicated by paint of distinguishing color or by traffic control devices or signs.

(2) At an on-street or off-street metered parking space that has been reserved and a parking meter hood been placed on the parking meter head or parking space designator to indicate prohibited parking.

(Ord. No. 2000-16, § 1, 4-11-00; Ord. No. 2024-09, 2-6-24)

Cross reference—Schedule of offenses and fines, § 1.615.

Sec. 10.42. Key Removal.

No person driving or in charge of a motor vehicle shall permit it to be parked unattended without first stopping the engine, locking the ignition, removing the key, and taking such key with him or her.

Sec. 10.43. Set Brakes; Parking on Hill.

No motor vehicle shall be parked unattended unless the brakes are effectively set, and when parked on any grade in excess of five (5) percent such motor vehicle shall also be left in gear and the front of the front wheels turned toward the near curb.

State law reference—Authority to regulate the standing or parking of vehicles, MCL 257.606(1)(a).

Sec. 10.44. Manner of Parking.

No vehicle shall be parked except parallel to the line of the roadway and with the right sidewalls of its right-hand tires not more than twelve (12) inches from the curb or curbline, except on one-way roadways where parking is permitted on the left side of the roadway, in which case the same regulations shall apply to the left side of the vehicle; provided, that angle parking may be permitted in the space between the established roadway curb-line and sidewalk by the Proper Authority.

Sec. 10.45. Prohibited Parking.

No person shall park a vehicle except when necessary to avoid conflict with other traffic or in compliance with law or the direction of a police officer or traffic control device in any of the following places:

(1) On the sidewalk or the space between the curb and sidewalk, whether paved or unpaved, unless such Section shall be part of the existing roadway;

(2) In front of a public or private driveway or alley within three (3) feet of where the course of the curbline has been changed to start the driveway or alley approach;

(3) Within an intersection;

(4) Within fifteen (15) feet of a fire hydrant;

(5) On a crosswalk;

(6) Within twenty (20) feet of a crosswalk, or if none, then within fifteen (15) feet of the intersection, of the property lines at an intersection, unless otherwise designated by the Proper Authority;

(7) Within thirty (30) feet of the approach to any flashing signal, stop sign, or traffic control signal located at the side of a roadway. If such parking interferes with the visibility of oncoming vehicle operators, parking is prohibited;

(8) Between a safety zone and the adjacent curb or within thirty (30) feet of points on the curb immediately opposite the ends of a safety zone, unless a different length is indicated by signs or markings;

(9) Within twenty (20) feet of the nearest rail of railroad crossings;

(10) Within twenty (20) feet of the driveway entrance to any fire station and on the side of the street opposite the entrance to any fire station within seventy-five (75) feet of said entrance when posted;

(11) Alongside or opposite any roadway excavation or obstruction when stopping, standing or parking would obstruct traffic;

[The next page is 5091]

(12) On the roadway side of any vehicle stopped or parked at the edge or curb of the roadway;

(13) In front of any theatre;

(14) In any place or in any manner so as to block or hamper the immediate use of any fire escape conspicuously marked as such and providing an emergency means of egress from any building;

(15) On any private property in the City of Grand Rapids without the express or implied consent, authorization or ratification of the owner, holder, occupant, lessee, agent or trustee of such property. Complaint for violation of this Section shall be made by the owner, holder, occupant, lessee, agent or trustee of such property;

(16) In a space clearly designated as a fire lane, or in a place or a manner that blocks access to a clearly designated fire lane;

(17) Within, or on, a marked bike lane;

(18) In any place or in any manner so as to block or partially block a bike lane.

Sec. 10.46. No Parking on Freeway.

No person shall park, stand or stop a vehicle on the shoulder of any freeway except when such vehicle is disabled or involved in an accident, and then not for a period to exceed three (3) hours.

Sec. 10.47. Commercial Vehicle, Restricted Parking.

No commercial vehicle of more than one (1) ton capacity shall be parked on any public roadway for a period longer than two (2) hours, and no commercial vehicle shall be allowed to stand at an angle to the line of the roadway or alley while loading or unloading for a longer period than one (1) hour. Such angle parking where the free flow of traffic is interfered with, is prohibited, except by permission of the Proper Authority.

(Ord. No. 2016-14, § 1, 3-29-16)

Sec. 10.48. Trailers.

No unattached trailer or semi-trailer shall be parked on a roadway at any time except when it is necessary to temporarily disconnect such trailer or semi-trailer for convenience in loading or unloading.

Sec. 10.49. Alley Parking.

No vehicle shall be parked in an alley except in those portions where parking is officially permitted as indicated by signs.

Sec. 10.50. Residential Parking Permit Zones.

(1) *Program Established.* A Residential Parking Permit Program (RPP) is hereby established for the purpose of providing local residents with more frequent opportunities for on-street parking spaces in areas of the City where the demand for such parking is high, and availability limited, as demonstrated by a study of such conditions conducted at the direction of the Grand Rapids Parking Commission. The Proper Authority is authorized to administer and implement the RPP pursuant to the Rules and Regulations promulgated by the Grand Rapids Parking Commission under this section.

(2) *Zones Established.* The City Commission may establish one or more on-street RPP Zones that will require a valid permit to park issued by the Proper Authority pursuant to the Rules and Regulations.

(3) *Rules and Regulations.* The Grand Rapids Parking Commission is authorized to promulgate Rules and Regulations for the administration of the RPP.

(4) *Violations.* No person shall:

(a) Park in a RPP Zone without properly displaying a valid permit.

(b) Falsify information associated with the application for a permit.

(c) Fail to report a change of residence or vehicle ownership upon which facts a permit is issued.

(d) Alter or transfer the permit to another person or vehicle.

(Ord. No. 2013-84, § 1, 12-17-13)

Sec. 10.51. Continued Parking Same Area.

Vehicles parked in a restricted parking area which shall be moved not more than fifty (50) feet immediately following the limited parking period shall be deemed to have remained stationary and in violation of this Chapter.

Sec. 10.52. Temporary Rules.

Where temporary parking or regulatory signs are placed because of emergency or special events such signs shall take precedence over any other parking or regulatory signs and shall be complied with, accordingly.

Sec. 10.53. Night Lights.

Vehicles which are parked during the hours of darkness shall have a red light, a red reflector, or reflex mirror at the left rear thereof, which shall be visible in the lights of a motor vehicle for a distance of not less than two hundred (200) feet.

Sec. 10.54. No Parking Over Forty-Eight Hours; Vehicle Repairs.

(1) Continuous parking of a vehicle on any public roadway in one (1) place for a period of forty-eight (48) hours is hereby prohibited, and such vehicle may be impounded. All abandoned vehicles found on the street or highway or any other place, whether public or private, may be impounded. For purposes of this Section, a vehicle is deemed an abandoned vehicle when:

(a) It has remained on a public street or highway or other place open to travel by the public for a period of forty-eight (48) hours or more;

(b) It has remained on private property for a period of forty-eight (48) hours or more without the consent of the owner or lessee of the property, or for a period of forty-eight (48) hours or more after the consent has been revoked; or

(c) It has remained in a garage for more than fifteen (15) days without a contract of service, storage or repair by the registered owner.

(2) Performing of any maintenance or repairs on vehicles in the public roadway, other than emergency repairs necessary to permit immediate removal or use of the vehicle, is hereby prohibited and such vehicle may be impounded. (Ord. No. 74-59, 7-23-74; Ord. No. 78-79, 10-17-78; Ord. No. 2016-14, § 2, 3-29-16)

Cross references—Disabled motor vehicles, § 9.126; unused motor vehicles, § 9.127.

Sec. 10.55. City Employees Parking Lot.

Where protection of life and property or any hazardous condition, or the need for special parking space for officials and employees of the City of Grand Rapids while engaged in the work of the City makes it advisable, parking on property belonging to the City may be limited, restricted or prohibited by order of the proper authority; such limitation, restriction or prohibition shall be indicated by paint of distinguishing color, or signs, or devices of uniform character indicating the distance, place and space, and it shall be unlawful for any person to park a vehicle in violation of such limitation, restriction or prohibition.

Sec. 10.56. Parking Meters.

The City Commission is hereby empowered to install, regulate, control, and maintain parking meters and to enter into contracts for the purchase or installation of parking meters and parts and equipment for the maintenance of the same. The City Manager is hereby empowered to establish spaces and zones to be known as parking meter spaces and zones on any City street in the Central Business District of any other district established by the City Commission and to install parking meters therein as hereinafter provided.

Sec. 10.57. Metered Spaces.

Parking meters installed in the parking meter zones shall be placed upon the curb adjacent to each parking place. Each parking meter shall display by a signal that the parking space adjacent thereto is or is not legally in use. Each parking meter shall display, on deposit of a United States coin of the denomination mentioned on the meter, a signal indicating the period of time for parking in the space regulated by such meter. Upon the expiration of the time limit the parking meter shall indicate by a signal that the lawful parking period has expired. Where no painted lines are provided to designate the length of the parking space, the front bumper of the vehicle shall be parked opposite the parking meter post, except where dual meters are installed, in which case the front or rear bumper shall be as nearly opposite the meter post as practicable.

Cross reference—Automobile parking system, Ch. 30.

Sec. 10.58. Operation of Meters.

Whenever a vehicle is parked in the space adjacent to a parking meter, the operator of the vehicle shall immediately deposit or cause to be deposited a coin of the United States in the parking meter of a denomination specified on the parking meter, and if such meter is of the so-called "manual" type, the person depositing the coin or coins shall also place the meter in operation by turning or pressing the lever, handle, crank, or other device provided on the meter. Then, the parking space may be lawfully occupied by the vehicle during the period of parking time indicated on the meter. If the operator fails to cause a coin or coins to be deposited, or if the vehicle is or remains parked there beyond the time limit indicated for the parking space on the meter adjacent to the vehicle, the vehicle shall be considered as being parked at an expired meter.

For purposes of this Section, there shall be two (2) meter districts and the fine or penalty for an expired meter within each of these districts shall be separately established by the City Commission. The zones are:

(1) Central City District which shall be bounded by the Downtown Development Authority boundary, also known as the Downtown District or Downtown Development Area No. 1, as described in Section 1.905 of Chapter 21 of the City Code. The Central City District shall include both sides of the boundary streets and avenues as well as the entire area within the boundary streets and avenues described therein.

(2) Non-Central City District which is the remainder of the City outside the Central City District.

(Ord. No. 2000-16, § 2, 4-11-00; Ord. No. 2007-05, § 1, 1-9-07; Ord. No. 2023-16, § 1, 5-23-23)

Sec. 10.59. Offenses.

No person shall:

(a) Deposit or cause to be deposited in a parking meter a coin for the purpose of increasing or extending the parking time of any vehicle beyond the legal parking time which has been established for the parking space adjacent to such parking meter.

(b) Deposit or cause to be deposited in any parking meter any slug, device or other substitute for a United States coin.

(c) Remove, deface, injure, tamper with, open or willfully break, destroy or impair the usefulness of any parking meter.

Cross references—Use of substitute coins, tampering with meters, § 2.142; enforcement and fines, § 2.145; schedule of off-street parking violations, § 2.146.

Sec. 10.60. Collections.

It shall be the duty of the City Manager to designate some City employee or employees to make regular collections of the money deposited in said meters. It shall be the duty of such person or persons to deliver such collections to the City Treasurer.

Sec. 10.61. Electronic Payment Method for Parking.

In those areas where a parking meter could otherwise be installed, the City Manager is hereby empowered to utilize technology to accomplish the same function as a parking meter

with the added convenience to the public of multiple payment options by utilizing an Electronic Payment Method for Parking option in designated parking zones. The City Manager may cause parking spaces and zones to be designated with signage as those that must be paid only by electronic method by utilizing a webpage, smartphone application, or by telephone in lieu of a physical parking meter.

Whenever a vehicle is parked in a parking space or parking zone designated by signage for electronic payment by webpage, smartphone application, or by telephone, the operator of the vehicle shall immediately set up an account with the City-designated electronic payment provider and activate a parking transaction in the parking zone as identified by the posted signage. The operator of the vehicle shall use the parking zone number and the vehicle's license plate to activate a paid parking session. Then, the parking space may be lawfully occupied by the vehicle during the period of parking time not to exceed the maximum time purchased. If the operator fails to activate a parking session or if the vehicle is or remains parked in the parking space or parking zone beyond the time limit purchased for the parking space or parking zone, it shall be a violation of this Chapter.

When utilized, the electronic payment parking zones shall be within the bounds defined for meter parking found in Section 10.58 and all fines, penalties, and dispositions of enforcement shall be the same as if the spaces and parking zones were serviced by physical parking meters as a Meter Infraction. Such fines are set from time to time by City Commission resolution.
(Ord. No. 2016-75, § 1, 11-15-16)

Sec. 10.62. Revenue Bond Ordinances.

The provisions of this Article relative to parking meters shall be subject to the provisions of any ordinance of this City by which revenues derived from the parking meters of the City shall be pledged as security for the payment of bonds issued pursuant to said ordinance and the provisions of Act 94 of the Public Acts of Michigan of 1933, or of any other statute.

Sec. 10.63. Loading Zones.

The proper Authority is authorized to continue to establish and maintain loading zones and to omit parking devices from such loading zones, if it should find it advisable and necessary from the standpoint of traffic safety conditions, and for the conduct of business and use of property by the abutting property owner or his or her lessees or assigns. Provided, no vehicle may remain in a loading zone without the occurrence of observable loading or unloading for a period of more than twenty (20) minutes.

At locations zoned for industrial and commercial uses where parking upon the street is prohibited, an abutting owner may be authorized by the proper authority to establish a loading zone in the area between the sidewalk and the street, provided the following conditions exist and continue to exist during the duration of the loading zone:

(1) Loading and unloading vehicles will not overhang the sidewalk or paved portions of the roadway;

(2) The sign designating the area of the parkway a loading zone is appropriately placed at the cost of the abutting property owner;

(3) The location of the loading zone will not interfere with the clear vision of other vehicles which may be entering the roadway;

(4) The loading zone so designated is used in the actual loading and unloading of vehicles, and not for parking or other purposes;

(5) That the entire loading zone be placed in the parkway of its abutting user;

(6) That no such loading zone be placed upon any property having off-street parking which could be utilized for loading and unloading;

(7) That a hard surface area be clearly set aside and the entire area maintained free of ruts and debris.

(Ord. No. 78-63, 8-15-78; Ord. No. 2007-05, § 2, 1-9-07)

Cross reference—Parking and loading spaces, § 5.51 et seq.

Sec. 10.63.1. Handicapped Parking.

The City Manager is authorized to designate certain parking areas within the paved portion of the streets of the City adjacent to public buildings as "handicapped parking" and to install at such locations designated signs indicating "handicapped parking." Any person in control of private property, whether normally restricted to certain persons or offered freely to the public, may designate parking spaces "handicapped parking." No vehicle shall be parked in any parking space designated "handicapped parking" unless the same be used by a handicapped person and be identified as authorized for handicapped parking privilege by the State of Michigan.
(Ord. No. 78-31, 5-9-78; Ord. No. 94-33, § 1, 8-9-94; Ord. No. 2006-33, § 2, 6-6-06)

Cross reference—Parking for handicappers, § 2.140.

Sec. 10.64. Parking Violations.

A vehicle parked in violation of this Chapter is hereby declared to be a nuisance which may be abated by any acting or permanent Police Officer, Police Cadet, C.L.I.P. (College Level Intern Paraprofessional), Fire Lieutenant, Fire Captain, Traffic Technician, Streets and Sanitation Supervisor or Streets and Sanitation Crew Leader, or by any other authorized City employee in either of the following ways:

(1) By placing a parking violation tag on said vehicle which shall plainly state the nature of the violation, and

(2) By placing a parking violation tag on such vehicle as in the preceding paragraph, and by removing or causing said vehicle to be removed to the vehicle pound.

Whenever a parking violation tag is placed on a vehicle, a copy of such tag shall be transmitted to the Parking Violations Bureau where a file record shall be made and kept of said violation.

The owner or operator of any vehicle upon which a parking violation tag has been placed and which has been removed to the vehicle pound may have said vehicle released by paying all violation charges at the Parking Violations Bureau or Grand Rapids Police Department which are due against said vehicle and paying all costs of impoundment to the towing contractor of the City of Grand Rapids. Any lienholder may claim an impounded vehicle by entering into an indemnity agreement with the City of Grand Rapids to save harmless the City from any and all liability the City may incur at the hands of the registered owner for releasing said vehicle to said lienholder, and upon all charges due against said vehicle. The aforementioned charges shall include, but not be limited to, all parking violation penalties presently outstanding against the vehicle, and all levies and costs of towing and storage and other im-

poundment expenses. All costs of impoundment shall be paid to the towing contractor of the City of Grand Rapids.

Whenever a parking violation tag has been placed on a vehicle and where the necessary steps have been taken to have said vehicle removed but is released to the owner or operator thereof prior to such actual removal, the owner or operator thereof shall pay to the towing contractor of the City all costs and expenses by reason of the institution of those steps necessary for removal of the vehicle. The towing contractor of the City may release the vehicle without removal as above mentioned by accepting payment of all costs and expenses to which he or she would be entitled for removal of the vehicle. The violation fine shall be paid to the Parking Violations Bureau.

Whenever any person authorized by this Code to enforce this Article shall determine that a vehicle parking in violation of this Chapter shall be ticketed with a parking violation tag and removed to the vehicle pound, as provided, it shall thereafter be unlawful for any person to drive or otherwise remove said vehicle from the scene of the violation in disobedience of a direct verbal order given by such authorized person that the vehicle not be moved. A vehicle which has been impounded shall not be removed from the vehicle pound except as authorized by the Grand Rapids Police Department.

Subject to the provisions of Section 10.66, parking violation penalties shall be paid within ten (10) days after the date of the violation. If not paid within said ten-day period, the penalty for such violation shall be increased as provided in Section 1.615 hereof.
(Ord. No. 69-64, 7-29-69; Ord. No. 70-34, 6-2-70; Ord. No. 77-67, 11-29-77; Ord. No. 81-59, 7-14-81; Ord. No. 2001-43, § 2, 10-23-01)

Sec. 10.64.1. Impoundment of Vehicles for Failure to Pay Civil Infractions or Parking Violation Notices Issued Under This Chapter.

If a vehicle is unattended and the registered owner of the vehicle has six (6) or more unpaid and outstanding civil infraction violations or parking violation notices, in any combination, all of which have been issued for a violation of a Chapter 181 provision, any Police Officer, Police Cadet, C.L.I.P., or other authorized City employee may cause that vehicle to be immediately impounded. There shall be no impoundment under this Section from any private property.
(Ord. No. 83-67, § 1, 11-8-83)

Sec. 10.64.2. Immobilization of Vehicles for Failure to Pay Civil Infractions or Parking Violation Notices Issued Under This Chapter.

If a vehicle is unattended and the registered owner of the vehicle has six (6) or more unpaid and outstanding civil infraction citations or parking violation notices, in any combination, all of which have been issued for a violation of a Chapter 181 provision, any Police Officer, Police Cadet, C.L.I.P., or other authorized City employee may, in lieu of impoundment of the vehicle as otherwise provided, attach or cause to be attached to said vehicle an immobilizing device which will prevent the vehicle from being moved or driven.

If an immobilization device is attached, there shall also be attached securely to the vehicle a notice which states:

"CAUTION! THIS VEHICLE HAS BEEN MADE IMMOBILE BY A WHEEL-LOCKING DEVICE. SERIOUS DAMAGE TO THE VEHICLE WILL RESULT IF YOU ATTEMPT TO MOVE THE VEHICLE. RELEASE CAN BE OBTAINED BY:

"(1) Paying the outstanding Civil Infraction, Citations or Parking Violation Notices, together with the fee established to cover the costs of attachment and removal of the locking device, or

"(2) Posting a bond to cover the above costs and requesting a hearing.

"PAYMENT MUST BE MADE TO EITHER THE CITY TREASURER DURING REGULAR BUSINESS HOURS OR ON WEEKENDS, EVENINGS OR HOLIDAYS TO THE GRAND RAPIDS POLICE DEPARTMENT. ARRANGEMENTS MUST BE MADE WITHIN SEVENTY-

TWO (72) HOURS AFTER INSTALLATION OF THE DEVICE OR THE VEHICLE WILL BE REMOVED BY IMPOUNDMENT AS A NUISANCE PURSUANT TO SECTION 10.64 OF CHAPTER 181 OF THE MUNICIPAL CODE."

(Ord. No. 83-67, § 1, 11-8-83)

Sec. 10.64.3. Release of Vehicle Impounded or Immobilized Under This Article.

The owner or operator of any vehicle which has been impounded or immobilized under Section 10.64.1 or 10.64.2 may obtain release of the vehicle by either of the following:

(a) By paying the total amount due on all outstanding Civil Infraction Citations and/or Parking Violation Notices and by paying the fees then being charged for towing and storage of the vehicle and the fee charged for the attachment and removal of the immobilization device; or

(b) By the posting of a bond to cover all of the costs assessed against the vehicle in (a) above and requesting a hearing.

All payments under this Section shall be made to the Grand Rapids City Treasurer during regular business hours or to the Grand Rapids Police Department during evenings, holidays and weekends.

(Ord. No. 83-67, § 1, 11-8-83)

Sec. 10.64.4. Hearings and Bond Maximum.

The registered owner of a vehicle shall have the rights afforded by State Law to contest the Civil Infraction Citations or Parking Violation Notices through either an informal hearing before a District Court Magistrate or a formal hearing before a District Court Judge. Any bond required for release of a vehicle pursuant to Section 10.64.3 shall not exceed the sum of Five Hundred Dollars ($500.00).

(Ord. No. 83-67, § 1, 11-8-83)

Sec. 10.64.5. Unauthorized Removal of Vehicle.

Whenever any person authorized by this Code to enforce Chapter 181 shall issue or have issued an order to impound or immobilize a vehicle as provided herein, it shall thereafter be unlawful for any person to drive or otherwise remove said vehicle if he or she has knowledge of its impending impoundment or immobilization. A vehicle which has been impounded or immobilized shall not be removed except as authorized by the Grand Rapids Police Department or Grand Rapids City Treasurer. Violation of this Section shall constitute a misdemeanor.

(Ord. No. 83-67, § 1, 11-8-83)

Sec. 10.65. Violation Continues.

When a traffic violation ticket is placed upon any vehicle, additional tickets may be placed thereon for each overtime parking violation, or fraction thereof, that said vehicle remains in such parking space; each separate overtime parking period, or fraction thereof, shall constitute a separate and distinct violation.

Sec. 10.66. Illegally Parked Car, Presumption of Ownership.

In all cases of parking violations, either the registered owner or the operator of such vehicle may be proceeded against by complaint and warrant in 61st District Court which shall be in addition to the right of impounding heretofore given, and in any such proceeding proof by verifying ownership of the vehicle with the Secretary of State that the defendant named in the complaint was at the time of the parking the registered owner of the vehicle, shall be accepted by the court as establishing probable cause for the issuance of a warrant for the arrest of the registered owner, and creates in evidence a presumption that the registered owner of the vehicle was the person who parked or placed the vehicle at the point where, and for the time during which, the violation occurred.

(Ord. No. 73-39, 6-5-73; Ord. No. 74-52, 7-2-74)

Sec. 10.67. Release of Impounded Vehicle by Police Department.

Any owner or operator of an impounded vehicle who shall have denied committing the offense shall have the vehicle returned by requesting the vehicle at the Grand Rapids Police Department

and posting bond or security sufficient to pay such towing and impound charges should the offense be found to have been committed. Such bond or security shall be returned should the offense be found to have not been committed.
(Ord. No. 77-67, 11-29-77)

Sec. 10.68. Parking Violations Are Civil Infractions.

Any parking violation listed in Chapter 30 or Chapter 181 of the Code of the City of Grand Rapids shall be a civil infraction, unless otherwise indicated.
(Ord. No. 81-59, 7-14-81)

Sec. 10.69. Authority to Issue Civil Infraction Citations.

(1) A civil infraction citation for any parking violation set forth in Chapter 30, Chapter 74, Chapter 113, Chapter 114, or Chapter 181 of the Code of the City of Grand Rapids may be issued by any Police Officer, Police Recruit, Police Cadet, Police Intern, or other authorized City employee.

(2) The City Manager is empowered to authorize and utilize trained persons other than City employees to issue parking violation notices and civil infraction citations for parking violations on public or private property as authorized by the Michigan Vehicle Code or by the Code of the City of Grand Rapids.

(3) In addition to the authority provided by the Motor Vehicle Code, persons authorized pursuant to subsection (2) are authorized to issue parking violation notices and civil infraction citations for the following violations of this Chapter:

(a) Manner of parking in violation of Section 10.44;

(b) Parking within, or on, a marked bike lane in violation of Section 10.45(17);

(c) Parking in any place or in any manner so as to block or partially block a bike lane in violation of Section 10.45(18);

(d) Parking an unattached trailer or semi-trailer on a roadway in violation of Section 10.48; and

(e) Seasonal parking restrictions in violation of Section 10.70.

(Ord. No. 81-59, 7-14-81; Ord. No. 2006-33, § 3, 6-6-06; Ord. No. 2017-46, § 1, 9-12-17; Ord. No. 2019-28, § 1, 7-9-19)

Sec. 10.70. Seasonal Parking.

From 12:01 a.m. on November 1 of each year until 11:59 p.m. on April 1 of the following year, the parking restrictions as set out in this Section shall be in effect.

On each even numbered day, starting at 1:00 a.m. and until 6:00 p.m. on the same even numbered day, parking is prohibited on the odd numbered side of the street.

On each odd numbered day, starting at 1:00 a.m. and until 6:00 p.m. on the same odd numbered day, parking is prohibited on the even numbered side of the street.

It is the intent of this Section that starting at 6:00 p.m. on each day and until the parking restrictions provided herein go into effect at 1:00 a.m. of the following day, parking is permitted on both sides of the streets to which this Section applies. Necessary temporary or emergency restrictions indicated by official signs or other forms of official notice may further restrict parking during these hours.

This section applies to every portion of every block of every city street that is posted with signs making this section applicable.
(Ord. No. 2001-43, § 3, 10-23-01; Ord. No. 2002-47, § 1, 8-6-02)

ARTICLE 5. EQUIPMENT*

Sec. 10.71. Inspection.

The operator of a motor vehicle shall submit to inspection of the equipment of said vehicle upon the request of a police officer and he or she shall conform to such direction as the police officer may give him or her in order to determine the adequacy of the equipment of said motor vehicle,

*__State law reference—__Similar provisions, MCL 257.683 et seq.

and if said vehicle does not comply with the equipment and standards herein established, the police

officer may arrest the driver or may order the driver to have the vehicle fixed forthwith and report to the traffic division for inspection thereof within forty-eight (48) hours.

Sec. 10.72. Brakes.

Every motor vehicle shall be equipped with adequate brakes which shall consist of a service brake capable of stopping the vehicle without deviation from direction within a distance of thirty (30) feet from a speed of twenty (20) miles an hour on a dry, smooth, hard surface road free from loose material; and an emergency brake capable of holding the vehicle on any grade which it can ascend.

Sec. 10.73. Horn.

Every motor vehicle shall be equipped with a warning device capable of producing a sound audible under normal conditions for a distance of not less than two hundred (200) feet; provided, however, that it shall be unlawful for a vehicle to be equipped with, and no person shall use, any siren, exhaust, compression or sparkplug whistle, and no person shall make any unnecessary or unreasonably loud or continued sound by means of a warning device; provided further that authorized emergency vehicles may be equipped with and use bells, sirens or exhaust whistles.

Cross reference—Prohibited motor vehicle noise, § 9.63(5)—(8), (19), (20).

Sec. 10.74. Rear View Mirror.

Every motor vehicle shall be equipped with a mirror so adjusted that the operator shall have a clear view of the highway to the rear under all conditions. In addition, all motor vehicles shall be equipped with an outside rear view mirror on the driver's side which shall be positioned to give the driver a rear viewing angle from the driver's side of the vehicle.
(Ord. No. 73-47, 6-26-73)

Sec. 10.75. Windshield Cleaning Devices.

(1) Every motor vehicle shall be equipped with a device for cleaning rain, snow or other moisture from its windshield, which device can be controlled or operated by the driver of the vehicle. Every windshield wiper on a motor vehicle shall be maintained in good working order.

(2) No motor vehicle manufactured after January 1, 1956, shall be operated on a street or roadway unless it is equipped with a windshield washer maintained in operable condition at all times capable of cleaning the windshield so as to afford the driver a clear view of the street or any intersecting street.

(3) No commercial vehicle licensed as such shall be operated on any street or roadway at any time between December 15 and March 15, both dates inclusive, unless it is equipped with a hot air windshield defroster or an electrically heated windshield or such other device designed to heat the windshield and maintained in operable condition at all times.

Sec. 10.76. Noise and Smoke.

(1) No person shall operate a motor vehicle, except fire apparatus, on a roadway or any other place open to the general public unless such motor vehicle is equipped with a muffler in good working order and in constant operation to prevent excessive or unusual noise and annoying smoke, and no person shall use a muffler cut-out, bypass or similar device on a roadway or any other place open to the general public.

(2) The engine, power mechanism, and exhaust system of every motor vehicle shall be so equipped, and/or adjusted, and/or operated as to prevent excessive fumes, smoke or noise.

(3) No muffler shall be replaced, changed or altered in any manner so as to increase the noise or smoke emitting from the exhaust system.
(Ord. No. 68-33, 5-14-68)

Cross references—Air pollution control, § 9.31 et seq.; motor vehicle noise prohibitions, § 9.63(5)—(8), (19), (20).

Sec. 10.77. Lights.

(1) *Headlights and tail lights.* Every vehicle while being operated during the hours of darkness shall be equipped with white headlights and at least one (1) red tail light clearly discernible under normal operating conditions for a distance of not less than five hundred (500) feet, the lamps or lights of which shall be on and projecting a

beam to the front or rear, respectively, subject to the following requirements.

(2) *Head lamps for motor vehicles; number, height:*

(a) Every motor vehicle other than a motorcycle or motor driven cycle, shall be equipped with at least two (2) headlamps with at least one (1) on each side of the front of the motor vehicle, which headlamps shall comply with the requirements and limitations set forth in this Section.

(b) Every motorcycle and every motor driven cycle shall be equipped with at least one (1) and not more than two (2) headlamps which shall comply with the requirements and limitations of this Section.

(c) Every headlamp upon every motor vehicle, including every motorcycle, shall be located at a height measured from the center of the headlamp of not more than fifty-four (54) inches nor less than twenty-four (24) inches above the level surface upon which said vehicle stands.

(d) Whenever a motor vehicle equipped with headlamps as herein required is also equipped with any auxiliary lamps or a spot lamp, or any other lamp on the front thereof projecting a beam of an intensity greater than three hundred (300) candle power, not more than a total of four (4) of any such lamps on the front of a vehicle shall be lighted at any one (1) time when upon a highway.

(3) (*Reserved.*)

(4) *Rear lamps:*

(a) Every motor vehicle, trailer, semi-trailer, pole-trailer and any other vehicle which is being drawn in a train of vehicles shall be equipped with at least one (1) rear lamp mounted on the rear, which, when lighted as hereinbefore required, shall emit a red light plainly visible from a distance of five hundred (500) feet to the rear.

(b) Either a tail lamp or a separate lamp shall be so constructed and placed as to illuminate with a white light the rear registration plate and render it clearly legible from a distance of fifty (50) feet to the rear. Any tail lamp or tail lamps, together with any separate lamp for illuminating the rear registration plate, shall be so wired as to be lighted whenever the headlights or auxiliary driving lamps are lighted.

(5) *Multiple beam road lighting equipment; color, intensity, indicator:*

(a) Except as hereinafter provided, the head lamps, or the auxiliary driving lamps, or combinations thereof, on motor vehicles shall be so arranged that selection may be made between distributions of light projected to different elevations, subject to the following requirements and limitations.

(b) Head lamps shall in all cases emit a white light; auxiliary lamps may emit either a white or amber light.

(c) There shall be an uppermost distribution of light, or composite beam, so aimed and of such intensity as to reveal persons and vehicles at a distance of at least three hundred fifty (350) feet ahead for all conditions of loading.

(d) There shall be a lowermost distribution of light, or composite beam, so aimed and of sufficient intensity to reveal persons and vehicles at a distance of at least one hundred (100) feet ahead; and under any condition of loading none of the high intensity portion of the beam shall be directed to strike the eyes of an approaching driver.

(e) Every motor vehicle except motorcycles and motor driven cycles registered in this State which has multiple beam road lighting equipment shall be equipped with a beam indicator, which shall be lighted whenever the uppermost distribution of light from the headlamps is in use and shall not otherwise be lighted. Said indicator shall be so designed and located that when lighted it will be readily visible without glare to the driver of the vehicle so equipped.

(6) *Reflecting discs.* Reflecting discs shall be placed on the sides of any vehicle or load thereon

if its lights are not discernible by persons approaching at right angles thereto.

(7) *Flashing lights.* Flashing lights are prohibited on motor vehicles, except on an authorized emergency vehicle or on any vehicle as a means for indicating a right or left turn.

(8) *Additional lights.* Additional lights may be placed on motor vehicles provided they are permitted by the Vehicle Code for the State of Michigan, and not prohibited in this Section.

(9) *Signal lamps.* When a vehicle is equipped with a stop lamp or other signal lamps, such lamp or lamps shall at all times be maintained in good working condition. No stop lamp or signal lamp shall project a glaring or dazzling light.
(Ord. No. 77-15, 4-5-77)

Sec. 10.78. Projecting Loads.

Whenever the load of any vehicle shall extend more than four (4) feet beyond the rear of the bed or body thereof, there shall be displayed at the end of the load in such position as to be clearly visible at all times from the rear thereof, a red cloth flag not less than twelve (12) inches, both in length and width, except that during the period of darkness, there shall be displayed at the end of any such load a red light plainly visible under normal atmospheric conditions at least five hundred (500) feet from the rear and sides of such vehicle.

Sec. 10.79. Fenders.

It shall be unlawful to operate any passenger motor vehicle on the roadway unless such motor vehicle is properly equipped with mud guards or fenders of not less than eight (8) inches in width.

Sec. 10.80. Truck Weight; Height; Length.

(1) No person shall operate or drive upon the roadway of this City a vehicle whose total weight, including load, exceeds eighteen thousand (18,000) pounds per axle unless he or she either complies with the rules and regulations set forth in Section 257.722 of the 1970 Compiled Laws of the State of Michigan, as it may be amended from time to time, or receives a permit to do so from the Proper Authority.

(2) No vehicle exceeding thirteen and one-half (13½) feet in height or fifty-five (55) feet in length shall be driven or moved on a roadway, nor shall the total outside width of any vehicle or load thereon exceed ninety-six (96) inches, unless a permit is secured from the Proper Authority; provided, that any trackless trolley, coach, gas or diesel, with a maximum outside width of not to exceed one hundred two (102) inches and a maximum overall length, inclusive of front and rear bumpers, all not to exceed forty (40) feet, may be operated within the City of Grand Rapids.

Sec. 10.81. Trailers.

Every vehicle or trailer drawn by any motor propelled vehicle must be so attached to such vehicle with such forms of coupling devices as will prevent such vehicle or trailer from being deflected more than six (6) inches from the path of the towing vehicle's wheels. Such vehicle or trailer must also be connected to the towing vehicle by suitable safety chains or devices, one (1) on each side of the coupling and at the extreme outer edge of the vehicle and each such chain or device and connection so used shall be of sufficient strength to haul the trailer when loaded.

Sec. 10.82. Operation of Unsafe Vehicle.

No person shall drive or move a vehicle nor shall the owner thereof cause or knowingly permit a vehicle which is in unsafe condition to be moved on any roadway so as to endanger any person, or which does not contain such parts or is not at all times equipped with such lamps and other equipment in proper condition and adjustment as provided in this Chapter.

Sec. 10.83. Unauthorized Operation of Motor Vehicles on the Property of Another.

No person shall drive or park a motor vehicle or trailer in any of the following areas or locations:

(a) Upon any portion of a street, highway or other public right-of-way not set aside as a roadway.

(b) Upon the sod or grass in any public park. This subsection shall not apply to persons

employed in the park, nor shall it apply to others directed to drive or park within the park by a police officer or Park Department employee.

(c) Upon the property of any other person unless the operator has the consent of the owner, tenant or other person in occupancy or possession of the property. If the property is posted as private, or with signs prohibiting trespassing, the failure of the operator of a motor vehicle that is driving or parking on the property to display to a police officer, upon request, a written authorization of the owner, tenant or other person in occupancy or possession for the vehicle or operator to be on the private property, shall constitute prima facie proof that the driving or parking was without consent.

(Ord. No. 71-38, 6-15-71; Ord. No. 77-21, 5-10-77)

Sec. 10.84. Avoidance of Traffic Control Device.

No driver of a vehicle shall attempt to avoid obedience to any traffic-control device by driving upon or through any private property.

(Ord. No. 73-16, 2-27-73)

State law reference—Similar provision, MCL 257.611(2), MSA 9.2311.

Sec. 10.85. Child Restraint System.

(1) Except as provided in this Section, or as otherwise provided by law or by a duly promulgated Federal or State regulation, each driver transporting a child in a motor vehicle shall properly secure each child in a child restraint system as follows:

(a) Any child less than one (1) year of age in a child restraint system which meets the standards prescribed in 49 C.F.R. 571.213.

(b) Any child one (1) year of age or more but less than four (4) years of age, when transported in the front seat, in a child restraint system which meets the standards prescribed in 49 C.F.R. 571.213.

(c) Any child one (1) year of age or more but less than four (4) years of age, when transported in the rear seat, in a child restraint system which meets the standards prescribed in 49 C.F.R. 571.213, unless the child is secured by a safety belt provided in the motor vehicle.

(2) This Section does not apply to a driver who is a nonresident of Michigan or to any child being nursed.

(3) This Section does not apply if the motor vehicle being driven is a bus, school bus, taxicab, moped, motorcycle, or other motor vehicle not required to be equipped with safety belts under Section 710b of the Michigan Vehicle Code (MCL 257.710b, MSA 9.2410(2)) or Federal law or Federal or State regulations.

(4) This Section shall not apply to any class of children exempted by rules promulgated by the Secretary of State pursuant to Section 710d(5) of the Michigan Vehicle Code (MCL 257.710d, MSA 9.2410(4)). However, the driver of a motor vehicle in which any such children so exempted are transported shall restrain such children by any alternate means of protection specified by the Secretary of State.

(5) A person who violates this Section is responsible for a civil infraction.

(6) Notwithstanding any other provision of this Code, a person who violates this Section may be ordered to pay a civil fine of not more than Ten Dollars ($10.00) and costs. However, the court shall waive any civil fine or cost if the person, before the appearance date on the citation, supplies the court with evidence of acquisition, purchase or rental of a child seat system meeting the requirements of this Section.

(Ord. No. 83-13, 3-15-83)

State law reference—Similar provision, MCL 257.710d, MSA 9.2410(4).

Secs. 10.86—10.92. Reserved.

ARTICLE 6. MISCELLANEOUS REGULATIONS

Sec. 10.93. Deposit in Roadway.

No person shall throw, scatter, sweep, deposit, place or leave in front or over, or in any roadway

anything or substance liable to injure any person or damage the tires or any other part of any vehicle; and no person shall sprinkle a roadway to such an extent as to leave standing water or mud thereon.

Sec. 10.94. Obstructing Driver's View.

No motor vehicle shall be operated while the windshield, sidewings, or any window thereof is so defective, obstructed or covered that the operator does not have a clear and unimpeded view through the full original surface thereof, or while the vision of the operator is obstructed in any way by any dangling ornament or other suspended object except as authorized by law. Provided, however, that official certificates in the lower right- or left-hand corner of the windshield shall be lawful.

State law reference—Similar provision, MCL 257.709.

Sec. 10.95. Load Security.

No vehicle shall be driven or moved on a roadway unless it is so constructed or loaded as to prevent its contents from shifting, dropping, leaking or sifting, or otherwise escaping therefrom, without permission from the Proper Authority.

Cross reference—Truck loads causing litter, § 9.97.

Sec. 10.96. Load Obstructing View.

No motor vehicle shall be driven, moved or operated while it is loaded in such manner that the operator does not have unimpeded vision of the full width of the roadway directly at the front of the vehicle.

Sec. 10.97. Overloaded Vehicles.

No motor vehicle shall be so loaded that it cannot be moved at a speed of at least five (5) miles per hour on any grade on which it is proceeding.

Sec. 10.98. Lugged Wheels.

No motor vehicle shall be propelled which has metal spikes, lug or corrugations projecting from any wheel nor shall any machine or vehicle having a caterpillar tread, nor shall any heavy machinery such as tractors, concrete mixers, trenching machines, or excavating machines be propelled in any manner on their wheels or treads on the roadway of this City, nor shall any vehicle, machinery or other objects be driven, moved or dragged in such manner as to tear up or damage the surface of the roadway.

State law reference—Similar provision, MCL 257.710.

Sec. 10.99. Advertising.

No vehicle used exclusively or primarily for advertising purposes shall be allowed on the roadway of this City except with the consent and under the regulations of the Proper Authority.

Sec. 10.100. Trucks, Prohibited Streets.

No commercial vehicle of over one (1) ton capacity, except passenger carrying vehicles shall be driven on Monroe Avenue between Division Avenue and the south line of Michigan Street, provided that any such vehicle may be driven not more than one (1) block in said portion of Monroe Avenue when necessary for the purpose of loading or unloading.

Cross reference—Truck routes, § 10.36.

Sec. 10.101. Loading Construction Materials.

No person engaged in the loading, unloading or storing of materials for the excavation or construction of a building which will when completed face on two (2) or more streets, shall permit such loading, unloading or storing except on the less congested of the said two (2) or more streets, unless otherwise directed by the Proper Authority.

Sec. 10.102. Unauthorized Signs.

(1) No unauthorized person shall erect, maintain, move, deface, change the wording of, or otherwise interfere with or damage any traffic signal or device.

(2) No unauthorized person shall place, maintain or display upon or in view of any highway any sign, signal, marking or device which is an imitation of or resembles an official traffic control device or railroad sign or signal or the flashing, rotating or oscillating light of any emergency vehicle or which attempts to direct the movement of traffic, or which hides from

view or interferes with the effectiveness of any official traffic device, railroad sign or signal, or the flashing, rotating or oscillating light on any emergency vehicle. This subsection shall not be deemed to prohibit the erection upon private property adjacent to highways of signs giving useful directional information, and of a type which cannot be mistaken for official signs.

Cross reference—Similar provisions prohibiting certain signs, § 8.831(5).

State law reference—Similar provision, MCL 257.615 and MCL 257.616.

Sec. 10.103. Painting Curbs.

No person shall paint or otherwise mark any curbing or other part of a roadway unless authorized to do so by the Proper Authority.

Sec. 10.104. Reserved.

Editor's note—Ord. No. 2013-61, § 1, adopted October 8, 2013, repealed § 10.104, which pertained to standing horses. See Code Comparative Table for complete derivation.

Sec. 10.105. Hitching on Vehicles.

No person shall catch onto, hitch onto, or jump on or off of any vehicle while it is in motion.

Sec. 10.106. Motorcycles, Scooters.

(1) Not more than one (1) person shall ride upon a motorcycle unless upon a proper seat provided therefor, either at the rear of the operator's seat or in an attached sidecar. Both the operator and any other person riding in any other manner shall be deemed to be violators of this Section.

(2) No motor driven cycle shall be used to carry more than one (1) person.

(3) No motorcycle or motor driven cycle shall be driven more than two (2) abreast except on paths or parts of roadways set aside for the exclusive use of such vehicles.

(4) No person operating a motor driven cycle or a motorcycle shall pass between lines of traffic, but may pass on the left of traffic moving in his or her direction in the case of a two-way street, or on the left or right of traffic in the case of a one-way street, in an unoccupied lane.

(5) No person operating a motorcycle or motor driven cycle shall carry any package, bundle or Article which prevents the driver from keeping both hands upon the handlebars of said vehicle.
(Ord. No. 67-5, 4-4-67; Ord. No. 67-25, 5-16-67; Ord. No. 70-54, 8-4-70; Ord. No. 73-12, 2-13-73; Ord. No. 2013-67, §§ 1, 2, 10-22-13)

State law reference—Similar provisions, MCL 257.656 et seq.

Sec. 10.107. Ride Within Vehicle.

No person shall ride upon any portion of a passenger vehicle except within the body of such vehicle, and no person shall ride upon the fenders or running board of any vehicle; and no driver shall permit any person to ride as prohibited aforesaid.

Sec. 10.108. Coasting on Street.

No person shall coast or slide along or upon any sidewalk or roadway except as may be designated by the City Commission.

Sec. 10.109. Bus Stops, Loading Zones.

The Proper Authority is authorized in the consideration of public safety and the regulation of traffic to designate, set aside, and mark such areas for buses to stop in for the purpose of loading and unloading passengers, the cost thereof to be borne by the company served.
(Ord. No. 71-34, 5-25-71)

State law reference—Similar provisions, MCL 257.676b.

Sec. 10.110. Through Streets.

The Proper Authority may, upon consideration of the traffic flow, designate certain roadways, or portions thereof, as main traveled or through roadways, by erecting at each entrance thereto a traffic control device.

Sec. 10.111. Opening Vehicle Doors.

No person shall open a door of a motor vehicle on the side facing the traveled portion of the roadway in such a manner as to interfere with vehicles, bicycles, or pedestrians lawfully proceeding on such public roadway.
(Ord. No. 2015-52, § 3, 9-22-15)

Sec. 10.112. Excessive Noise.

No person shall use any automobile, motorcycle or other vehicle upon any roadway or any other place open to the general public so out of repair, so loaded, or in such a manner as to create loud and unnecessary grating, rattling, squealing of tires or any other noise detrimental to the health and well being of any other person.
(Ord. No. 68-32, 5-14-68)

Sec. 10.113. Usurping Parking Space.

In any parking space where there is sufficient room for only one (1) vehicle, and an operator of a motor vehicle has stopped the said motor vehicle with the obvious intent of backing into the one (1) space available, it shall be unlawful for the operator of another motor vehicle to drive or propel or "nose" his or her motor vehicle forward into said space, or in any way usurp, or attempt to usurp, said space, or interfere with the operator of the motor vehicle backing into said space; and the operator of the motor vehicle backing shall be entitled to said parking space. Any person violating the provisions of this Section shall be guilty of a misdemeanor.

Sec. 10.114. Abetting Violation.

Every person who commits, attempts to commit, conspires to commit, or aids or abets in the Commission of, any act declared in this Chapter to be an offense, whether individually or in connection with one (1) or more persons, or as a principal, agent or accessory, shall be guilty of such offense, and every person who falsely, fraudulently, forcibly or wilfully induces, coerces, requires, permits or directs another to violate any provision of this Chapter shall likewise be guilty of such offense.

Secs. 10.115—10.120. Reserved.

ARTICLE 7. PEDESTRIANS*

Sec. 10.121. Pedestrians Regulated.

Pedestrians shall be subject to traffic control signals as heretofore declared in this Chapter, traffic control devices and the order or direction of any Police Officer, notwithstanding the provisions of the existing traffic laws, when such officer is directing or regulating traffic in the interest of public safety, but all other places pedestrians shall be granted those rights and be subject to the restrictions stated in this Chapter.

Sec. 10.122. Crosswalks.

The operator of a vehicle shall stop for a pedestrian crossing the roadway within any marked crosswalk, or within any unmarked crosswalk at an intersection, except at intersections where the movement of traffic is being regulated by a police officer or a traffic control signal; and at such regulated intersections operators of vehicles shall stop for all pedestrians crossing or who have started to cross the roadway on the "go" or "walk" signal.
(Ord. No. 2018-05, § 1, 2-6-18)

Sec. 10.123. Crossing Other Than at Crosswalk.

(1) Every pedestrian crossing a roadway at any point other than a crosswalk shall yield the right-of-way to all oncoming vehicles.

(2) Any pedestrian crossing a roadway at a point where a pedestrian tunnel or overhead pedestrian crossing has been provided shall yield the right-of-way to all oncoming vehicles.

Sec. 10.124. Prohibited Crossings.

Between adjacent intersections at which traffic control signs are in operation, pedestrians shall not cross at any place except in a crosswalk.

Sec. 10.125. Vehicle Stopped for Pedestrian.

When a vehicle has stopped to permit a pedestrian who is properly crossing the roadway to proceed, it shall be unlawful for the operator of another vehicle approaching from the rear to pass such stopped vehicle.

*__Cross references—__Stop required near crosswalk, § 10.19; blocking intersection or crosswalk prohibited, § 10.20; standing in roadway, § 10.28.

Sec. 10.126. Hitchhiking.

No person shall stand on or near the roadway and solicit a ride from the operator of any vehicle other than public carriers.

Sec. 10.127. Standing in Roadway.

No pedestrian shall leave the curb and stand in any portion of the roadway while waiting for the "go" or "walk" signal.

Sec. 10.128. Blind Persons.

Any driver of a vehicle who approaches within ten (10) feet of a person wholly or partially blind, carrying a cane or walking stick white in color, or white tipped with red, shall immediately come to a full stop and take such precautions before proceeding as may be necessary to avoid accident or injury to such person.

Sec. 10.129. Walking on Roadway.

Where sidewalks are provided, it shall be unlawful for pedestrians to walk upon the main traveled portion of the roadway. Where sidewalks are not provided, pedestrians shall, when practicable, walk on the left berm or shoulder of the roadway facing traffic which passes nearest unless otherwise directed by the proper signs or markings.

State law reference—Similar provisions, MCL 257.676b.

ARTICLE 8. BICYCLES AND MICROMOBILITY DEVICES*

Sec. 10.130. Definitions.

As used in this Article, the following words and phrases shall have the following meanings:

(1) *Bicycle* means every mechanical means of transportation having at least two (2) tandem wheels, fully operable pedals, and propelled solely by human power or with an assistive electric motor of less than seven hundred fifty (750) watts, upon which any person or persons may ride.

(2) *Bike Lane* means a portion of a roadway which has been designated by striping, signing and/or markings for the preferential or exclusive use of persons riding bicycles or micromobility devices.

(3) *Micromobility Device* means any device meant to carry one rider or operator and that is not required to be licensed or registered by the State of Michigan. Micromobility devices may be propelled either by the power of the rider or by an electric motor of less than seven hundred and fifty watts (one horsepower), whose maximum speed on a paved level surface, when powered solely by such a motor while ridden, is less than twenty miles per hour. Micromobility devices include, but are not limited to, unicycles, electric unicycles, tricycles, electric stand-up scooters, electric sit-down scooters, Segways, skateboards, motorized skateboards, rollerblades, and hoverboards.

(4) *Trail* means a section of sidewalk or other pathway which is physically separated from motorized vehicular traffic by an open space or barrier, and which is set aside for use by bicycles, micromobility devices, and pedestrians and is so designated by signs.

(5) *User* means a person fifteen (15) years of age or older who is operating or riding a bicycle or micromobility device.

(Ord. No. 2024-17, § 1, 4-9-24)

Sec. 10.131. Manner of Operation.

(1) Users on a public highway shall be granted all of the rights and shall conform to all of the rules herein established for the operation of motor vehicles including the direction and instructions of police officers, traffic control signals and devices applicable to bicycles and micromobility devices.

*__Editor's note—__Ord. No. 2024-17, § 1, adopted April 9, 2024, amended article 8 in its entirety to read as herein set out. Former article 8, §§ 10.130—10.139, pertained to bicycles, and derived from Ord. No. 2015-52, § 4, 9-22-15.

(2) *Number of riders.* Bicycles and micromobility devices shall not be ridden by more persons than the number for which it was originally designed and manufactured. Passengers are allowed when using seats, trailers, or other carrying devices designed for use in conjunction with a bicycle or a micromobility device.

(3) *Two (2) Abreast.* Persons riding bicycles or micromobility devices upon a roadway shall not ride more than two (2) abreast except on paths or parts of roadways set aside for the exclusive use of bicycles and micromobility devices, or during special events where a group of Users is otherwise permitted. Persons riding bicycles or micromobility devices two (2) abreast shall not impede the normal and reasonable movement of traffic and, on a laned street, shall ride within a single lane. Persons riding bicycles or micromobility devices upon a sidewalk shall not ride more than single file.

(4) *Erratic Driving.* No Users shall cause or permit a bicycle or micromobility device to curve to and fro.

(5) *Hands on Controls.* For bicycles and micromobility devices with handles, at least one (1) hand of the User shall be on the handle bar at all times except when he or she is in the act of signaling.
(Ord. No. 2024-17, § 1, 4-9-24)

Sec. 10.132. Sidewalks, Bike Lanes and Trails.

(1) No User, except for people with disabilities with specially equipped devices, shall operate or ride a bicycle or micromobility device upon any sidewalk within the Downtown Improvement District as described in Section 1.960 of the City Code except in that portion of the Downtown Improvement District that is north of I-196, upon any sidewalk where prohibited by appropriate signage, or through special events or areas of pedestrian activity.

(2) No User shall operate or ride a bicycle or micromobility device upon any sidewalk where traffic control devices or signs are posted or displayed prohibiting riding a bicycle or micromobility device thereon.

(3) When a User is operating or riding a bicycle or micromobility device upon a sidewalk or trail, the User shall yield the right-of-way to all other lawful users of the sidewalk or trail, and to all other persons so near to the sidewalk or trail as to constitute an immediate hazard.

(4) When a User is operating or riding a bicycle or micromobility device upon a sidewalk or trail, he or she shall give an audible warning either verbally, by bell, or other suitable warning device to pedestrians and other lawful users of the sidewalk or trail. Such signal shall be given a reasonable distance before overtaking or passing by such pedestrian or other lawful user of the sidewalk or trail.

(5) When any User is operating or riding a bicycle or micromobility device upon a designated trail, he or she shall yield right-of-way to all vehicles turning onto streets or roadways intersecting the trail.

(6) When any User operating or riding a bicycle or micromobility device upon a designated trail or sidewalk is approaching an intersecting street or roadway, he or she shall slow down to a speed which will permit him or her to stop prior to entering the intersection, and shall make such reasonable observations as will enable him or her under the existing conditions of the trail, the sidewalk, the weather, the visibility and any other conditions then existing to yield the right-of-way and he or she shall yield the right-of-way to traffic on the intersecting street or roadway prior to entering the intersecting street or roadway.

(7) When any User is operating or riding a bicycle or micromobility device upon a designated trail, he or she shall obey all traffic control devices and signs posted thereon, and all traffic control devices controlling vehicular traffic on any street adjacent or parallel to the trail.
(Ord. No. 2024-17, § 1, 4-9-24)

Sec. 10.133. Shared Micromobility Terms of Service.

User shall comply with vendor's terms of service so long as the terms do not conflict with Grand Rapids City Code.
(Ord. No. 2024-17, § 1, 4-9-24)

Sec. 10.134. Equipment.

(1) *Lights.* A bicycle or micromobility device being operated on a roadway between one-half (½) hour after sunset and one-half (½) hour before sunrise shall be equipped with a lamp on the front which shall emit a white light visible from a distance of at least five hundred (500) feet to the front and with a red reflector on the rear which shall be visible from all distances from one hundred (100) feet to six hundred (600) feet to the rear when directly in front of lawful lower beams of head lamps on a motor vehicle. A lamp emitting a red light visible from a distance of five hundred (500) feet to the rear may be used in addition to the red reflector.

(2) *Brakes.* Every bicycle or micromobility device shall be equipped with a brake which will enable the User to make the braked wheel skid on dry, level, clean pavement.
(Ord. No. 2024-17, § 1, 4-9-24)

Sec. 10.135. Hitching to Vehicles.

No User upon any bicycle or micromobility device shall attach the bicycle or micromobility device or himself or herself to any vehicle upon a roadway or sidewalk.
(Ord. No. 2024-17, § 1, 4-9-24)

Sec. 10.136. Speed.

(1) No User shall operate his or her bicycle or micromobility device in a manner or at a speed greater than is reasonable and proper under the conditions then existing, or at speed greater than will permit him or her to bring his or her bicycle or micromobility device to a stop within the assured clear distance ahead.

(2) Unless otherwise posted or authorized, no person shall ride upon a sidewalk at a speed greater than fifteen (15) miles per hour.
(Ord. No. 2024-17, § 1, 4-9-24)

Sec. 10.137. Reserved.

Sec. 10.138. Private Property.

No User shall ride a bicycle or micromobility device on private property unless the User has the permission of the owner to ride thereon.
(Ord. No. 2024-17, § 1, 4-9-24)

Sec. 10.138. Accident Reports.

When any User is riding upon a street, highway, sidewalk, bicycle path and the bicycle or micromobility device is involved in an accident resulting in injury or death to a person or damage to property, the User shall within twenty-four (24) hours report the accident to a Police Officer or personally report the accident to the Police Department at the Information Desk at Police Headquarters.
(Ord. No. 2024-17, § 1, 4-9-24)

Secs. 10.139—10.160. Reserved.

ARTICLE 9. ACCIDENTS

Sec. 10.161. Operator's Duty.

The operator of a vehicle who knows or should know that he or she has been involved in an accident upon either public or private property, when the property is open to travel by the public, resulting in injury or death to any person or damage to any property shall:

(1) Immediately stop such vehicle at the scene of the accident, and

(2) Render to any person injured in such accident reasonable assistance in securing medical aid or transportation of injured person or persons, and

(3) Give his or her name, address and the registration number of the vehicle he or she is driving, and the name and address of the owner, and exhibit his or her operator's or chauffeur's license to any person injured and the driver or occupants of any vehicle collided with or to the owner of the property damaged, and

(4) Forthwith report such accident to the nearest or most convenient police station or police officer, unless there is no personal injury and the apparent extent of the damage to all property is not more than Four Hundred Dollars ($400.00); provided, however, that if the property damaged is a parked vehicle or other stationary property, and the owner or possessor thereof is not present, the operator shall

either locate the owner or possessor of such property and notify the owner or possessor of such property of the name and address of the driver and owner of the striking vehicle or, if such owner or possessor cannot be located, shall forthwith make a report of the accident to the nearest or most convenient police officer.

(Ord. No. 79-24, 4-24-79; Ord. No. 93-8, § 1, 2-9-93)

State law reference—Similar provisions, MCL 257.617 et seq.

Sec. 10.162. Presumption.

The license plates displayed on a vehicle involved in any accident shall constitute a prima facie presumption that the owner thereof was the person who operated such vehicle at the time and place where the accident occurred.

Sec. 10.163. Garageman's Report.

A person in charge of any garage or repair shop receiving a motor vehicle which shows evidence of having been involved in an accident, collision or struck by a bullet, shall immediately make a written report to the Police Department, on forms provided for that purpose, giving the engine number, license number, and the name and address of the owner or operator of such motor vehicle.

Sec. 10.164. Examining Reports.

The reports required to be filed pursuant to Sections 10.161 and 10.163 may be examined by any person making such report or his or her attorney designated in writing and shall not be open to general public inspection nor shall copying of lists of such reports be permitted. The reports required by Section 10.161 shall not be available for use in any court action, nor shall

the information contained therein be referred to in any way as evidence of the negligence or due care of any party involved in an accident, at the trial of any action at law to recover damages.

Secs. 10.165, 10.166. Reserved.

ARTICLE 10. SNOWMOBILES

Sec. 10.167. Definitions.

As used in this Article:

(a) *Operator* means any person who operates or is in actual physical control of a snowmobile.

(b) *Owner* means any person, other than a lienholder, having the property in or title to a snowmobile and entitled to the use or possession thereof.

(c) *Operate* means to ride in or on and to control the operation of a snowmobile.

(d) *Person* means an individual, partnership, corporation, the State and any of its agencies or subdivisions, and any body of persons whether incorporated or not.

(e) *Snowmobile* means any motorized vehicle designed for travel primarily on snow or ice steered by wheels, skis or runners.

(f) *Snowmobile dealer* means any person engaged in the sale of snowmobiles.

(g) *Highway or street* means the entire width between the boundary lines of every way publicly maintained when any part thereof is open to the use of the public for purposes of vehicular travel.

(h) *Roadway* means that portion of a highway improved, designated, or ordinarily used for vehicular travel. If a highway includes two (2) or more separate roadways the term roadway refers to any such roadway separately, but not to all such roadways collectively.

(Ord. No. 68-65, 11-5-68)

State law reference—Similar provisions, MCL 257.1501 et seq.

Sec. 10.168. Operation Within City Limits.

Except as otherwise provided, no snowmobile shall be operated within this City unless registered by the owner as provided in Act No. 74 of the Michigan Public Acts of 1968, as amended. No registration is required for a snowmobile operated exclusively on lands owned or under the control of the snowmobile owner. The certificate of registration issued by the State of Michigan shall accompany the vehicle and be made available for inspection upon demand by any Peace Officer.

(Ord. No. 68-65, 11-5-68)

Sec. 10.169. Registration Numbers Displayed.

The owner of any snowmobile having been issued a certificate of registration for the snowmobile shall paint on or attach in a permanent manner to each side of the forward half of the snowmobile the identification number in block characters of good proportion, not less than three (3) inches in height, reading from left to right. The numbers shall contrast so as to be distinctly visible and legible. No number other than the number awarded to a snowmobile under the State law, or granted reciprocity under the State law, shall be painted, attached or otherwise displayed on either side of the forward half of the snowmobile.

(Ord. No. 68-65, 11-5-68)

Sec. 10.170. Change of Information on Registration.

The owner of any snowmobile shall notify the Michigan Secretary of State within fifteen (15) days if the snowmobile is destroyed or abandoned, is sold or an interest therein transferred either wholly or in part to another person, or if his or her address no longer conforms to the address appearing on the certificate of registration. The notice shall consist of a surrender of the certificate of registration on which the proper information shall be noted on a place to be provided. When the surrender of the certificate is by reason of the snowmobile being destroyed or abandoned,

the Secretary of State shall cancel the certificate and enter such fact in his or her records and the number may be then reassigned.
(Ord. No. 68-65, 11-5-68)

Sec. 10.171. Dealer's Responsibility.

A dealer shall maintain in safe operating condition all snowmobiles rented, leased or furnished by him or her. The dealer, his or her agents or employees shall explain the operation of the snowmobile being rented, leased or furnished and if such dealer, his or her agent or employee believes the person to whom the snowmobile is to be rented, leased or furnished is not competent to operate such snowmobile with competency to himself or herself and to the safety of others, he or she shall refuse to rent, lease or furnish the same.
(Ord. No. 68-65, 11-5-68)

Sec. 10.172. Dealer's Liability Insurance.

Any dealer renting, leasing or furnishing any snowmobile shall carry a policy of liability insurance subject to limits exclusive of interests and costs, with respect to such snowmobile, as follows:

Ten thousand dollars ($10,000.00) because of bodily injury or death of one (1) person in any one (1) accident and subject to said limit for one (1) person,

Twenty thousand dollars ($20,000.00) because of bodily injury or death of two (2) or more persons in any one (1) accident, and

Five thousand dollars ($5,000.00) because of injury to or destruction of property of others in any one (1) accident,

or in the alternative, demand and be shown proof that the person renting, leasing or being furnished a snowmobile carries liability policy of at least the type and coverage as specified above.
(Ord. No. 68-65, 11-5-68)

Sec. 10.173. Out of State Registration.

A snowmobile registered in another State or in a province of Canada to a nonresident of this State may be operated within the State of Michigan under authority of such registration not to exceed twenty (20) days.
(Ord. No. 68-65, 11-5-68)

Sec. 10.174. Operation on Highways, Roadways and Streets.

No person shall operate a snowmobile upon the main traveled portion of any roadway, as defined in Section 55 of Act No. 300 of the Public Acts of 1949, being Section 257.55 of the Compiled Laws of 1948 (MSA 9.1855), or on a highway or street within ten (10) feet of such roadway, with the following exceptions:

(a) Properly registered snowmobiles may cross highways, except limited access highways and freeways as defined in Act No. 300 of the Public Acts of 1949 if such crossing can be made in safety and it does not interfere with the free movement of vehicular traffic approaching from any direction on such highway. The snowmobile operator shall yield the right-of-way to all vehicular traffic upon any highway.

(b) Snowmobiles may be operated on highways in the County road systems which are not maintained for winter wheel vehicular traffic by removal of snow.

(c) Snowmobiles may be operated on a street and highway during a period of emergency, when so declared by a policy agency having jurisdiction, when travel by conventional automotive equipment is not possible.

(d) Snowmobiles may be operated on the highways within the restrictions set forth herein for the purposes of crossing bridges and culverts.

(e) Snowmobiles may be operated on County highways not having ten (10) or more feet of traversable right-of-way outside the traveled portion of the roadway as far off the highway as possible.

(f) Snowmobiles may be operated on a street or highway for a special snowmobile event

of limited duration which is conducted according to a prearranged schedule under permit from the City.

(g) Whenever it is impractical to gain immediate access to an area adjacent to a public highway where a snowmobile is to be operated, the vehicle may be operated adjacent and parallel to the highway for the purpose of gaining access to the area of operation. This subsection shall apply to the operation of a snowmobile from the point where the vehicle is unloaded from a motorized conveyance to and from the area where the snowmobile is to be operated when loading and unloading cannot be effected in the immediate vicinity of the area of operation without causing a hazard to vehicular traffic approaching from either direction on the highway. Loading or unloading must be accomplished with due regard to safety at the nearest possible point to the area of operation.

(Ord. No. 68-65, 11-5-68)

Sec. 10.175. Safety Features Necessary for Operation in City.

No snowmobile shall be operated in this City unless it has at least one (1) headlight, one (1) taillight and adequate brakes capable of producing deceleration at fourteen (14) feet a second on level ground at a speed of twenty (20) miles an hour.

(Ord. No. 68-65, 11-5-68)

Sec. 10.176. Restrictions on Operator and Snowmobile.

No person shall operate a snowmobile:

(a) At a rate of speed greater than is reasonable and proper having due regard for conditions then existing;

(b) While under the influence of intoxicating liquor or narcotic drugs, barbital or any derivative of barbital;

(c) During the hours from one-half (½) hour after sunset to one-half (½) hour before sunrise without displaying a lighted headlight and a lighted taillight;

(d) In any nursery, planting area, or natural area of forest reproduction and when growing stock may be damaged;

(e) Unless it is equipped with a muffler in good working order and in constant operation to prevent excessive or unusual noise and annoying smoke; or

(f) While transporting thereon a bow or a firearm unless the same be securely encased.

(Ord. No. 68-65, 11-5-68)

Sec. 10.177. Accident Reporting.

The operator of a snowmobile involved in an accident within the City resulting in injuries to or death of any person, or property damage in an estimated amount of one hundred dollars ($100.00) or more, or some person acting for him or her, or the owner of the snowmobile having knowledge of the accident, shall immediately by the quickest means of communication notify the Police Department of the City.

(Ord. No. 68-65, 11-5-68)

Sec. 10.178. Reserved.

Editor's note—Ord. No. 95-40, § 1, adopted July 11, 1995, repealed § 10.178, which pertained to hours of operation of snowmobiles in parks. See the Code Comparative Table.

ARTICLE 11. HIGH OCCUPANCY VEHICLE LANES

Sec. 10.179. Traffic Lane—Reserved For High Occupancy Vehicles Only.

(1) One (1) or more traffic lanes of any street or roadway may be designated by the City Commission as reserved for use by buses herein called High Occupancy Vehicles (HOVs), at such times and on such days as determined by the City Commission. All lanes so designated shall

be appropriately marked with such signs or other markers as the City Commission or its designee direct.

(2) Notwithstanding the provisions of this subsection, the designation of any lane or lanes of any street or roadway as reserved for HOVs only shall not apply to the use of such lanes by:

a. Emergency vehicles such as fire-fighting vehicles, ambulances, and rescue squad vehicles and tow trucks for purposes of providing emergency service in the HOV lane;

b. Vehicles operated by law enforcement agencies;

c. Vehicles of public utility companies operating in response to an emergency call;

d. City maintenance vehicles, such as street sweepers and snow plows, working on such lanes;

e. Private vehicles that must utilize the HOV lane to permit a right-turn movement; and

f. School buses.

(Ord. No. 2014-52, § 1, 7-22-14)

Sec. 10.180. Civil Infraction Violation.

No operator of a vehicle shall operate that vehicle in a traffic lane designated for buses as described in Section 10.179 of the Code, unless otherwise authorized herein. A violation of this section shall constitute a civil infraction, as provided for in Chapter 170 of this Code.

(Ord. No. 2014-52, § 1, 7-22-14)

Chapter 182

ELECTRIC PATROL VEHICLES

Sec. 10.181. Incorporation of State law.
Sec. 10.182. Operation by City Employees.
Sec. 10.183. Compliance with State Law.

Sec. 10.181. Incorporation of State law.

The Electric Patrol Vehicle Act, 1997 PA 55 as amended, being MCL 257.1571 et seq., is hereby adopted and incorporated by reference as if fully set out herein.
(Ord. No. 2018-41, § 1, 7-10-18)

Sec. 10.182. Operation by City Employees.

Police, fire, emergency service, and parking enforcement employees of the City of Grand Rapids may operate an electric patrol vehicle in the course of their duties on a street, highway, or sidewalk within the boundaries of the City of Grand Rapids as authorized by this ordinance or state law.
(Ord. No. 2018-41, § 1, 7-10-18)

Sec. 10.183. Compliance with State Law.

Operation of an electric patrol vehicle shall comply with the requirements of this ordinance and state law.
(Ord. No. 2018-41, § 1, 7-10-18)

Chapter 183

RECOVERY OF CITY COSTS AND EXPENSES

Sec. 10.200. Purpose.
Sec. 10.201. Definitions.
Sec. 10.202. Liability For Expense of an Emergency Response.
Sec. 10.203. Cost Recovery Schedule.
Sec. 10.204. Collection and Enforcement.
Secs. 10.205—10.250. Reserved.

Sec. 10.200. Purpose.

The City finds that a significant number of the traffic arrests and traffic accidents in the City involve drivers operating a motor vehicle while under the influence of intoxicants such as alcoholic beverages or a controlled substance, or a combination thereof. Furthermore, the City finds that there is a greater likelihood of personal injury or property damage in accidents involving a driver operating under the influence of intoxicants. As a result, the City finds that a greater operational and financial burden has been placed on the City's public safety services by persons operating a motor vehicle under the influence of intoxicants, and that it is necessary to recover these increased costs of enforcement activities caused by such persons, as expressly is authorized by MCL 769.1f.
(Ord. No. 2010-28, 6-15-10)

Sec. 10.201. Definitions.

For the purpose of this chapter, the terms listed below shall have the following meanings:

(1) *Emergency response* shall mean:

(a) The providing, sending, and/or utilizing police, firefighting, and/or emergency rescue services by the City to a motor vehicle accident in which one or more drivers were operating a motor vehicle under the influence of one or more intoxicants; or

(b) The making of a traffic stop and arrest by a law enforcement officer when the driver is or was operating a motor vehicle while under the influence of one or more intoxicants.

(2) *Expense of emergency response* shall mean the direct costs associated with the occurrence of an emergency response. These costs shall include, but are not limited to, the following:

(a) The salaries or wages, including overtime pay, of law enforcement personnel for time spent responding to the incident, arresting the person, processing the person after the arrest, preparing reports on the incident, investigating the incident, and collecting and analyzing evidence, including determining blood alcohol content and determining the presence of and identifying controlled substances or other intoxicants;

(b) The salaries and wages, including overtime pay, of fire department personnel in responding to and providing firefighting, rescue and/or emergency medical services in relation to the incident;

(c) The cost of medical supplies lost or expended by fire department personnel in providing services in relation to the incident;

(d) The salaries, wages and other compensation, including, but not limited to, overtime pay of prosecution personnel for time spent investigating and prosecuting the offense or offenses resulting in conviction.

(3) *Operating under the influence of one or more intoxicants* shall mean:

(a) Operating a motor vehicle while under the influence of an alcoholic beverage, controlled substance, or a combination of intoxicants; or

(b) Operating with an unlawful blood alcohol content as defined by the Michigan Vehicle Code; or

(c) Operating while visibly impaired due to the consumption of alcoholic beverages, controlled substances, or a combination of intoxicants.

(Ord. No. 2010-28, 6-15-10)

Sec. 10.202. Liability For Expense of an Emergency Response.

(1) Any person is liable for the expense of an emergency response if that person, while under the influence of intoxicating liquor or a controlled substance, or a combination of intoxicating liquor and a controlled substance, proximately causes any incident resulting in an emergency response as defined by this chapter.

(2) For the purpose of this Chapter, a person is under the influence of an intoxicating liquor or a controlled substance, or the combination of an intoxicating liquor and a controlled substance, when his or her physical or mental abilities are impaired to a degree that he or she no longer has the ability to operate a motor vehicle with the caution characteristic of a sober person of ordinary prudence, regardless whether such person is charged or convicted.

(3) It shall be presumed that a person was operating a motor vehicle while under the influence of an intoxicating liquor if a chemical analysis of his or her blood, urine or breath indicates that the amount of alcohol in his or her blood was in excess of seven one-hundredths (0.07) percent.

(4) This Chapter shall be construed to impose a responsibility and liability of a civil nature on the part of the operator of the motor vehicle and shall not be construed to conflict, contravene, enlarge or reduce any criminal liability or responsibility, including fines and cost which may be imposed by a court on a person who is convicted of any criminal offense arising from the incident that resulted in an emergency response.
(Ord. No. 2010-28, 6-15-10)

Sec. 10.203. Cost Recovery Schedule.

(1) The Police Department, Fire Department, and City Attorney shall periodically evaluate the actual costs incurred in making such emergency responses and determine an average cost during emergency responses. This amount shall be amended from time to time to reflect increases or decreases in the salaries of all personnel, along with the costs for police vehicles and other necessary equipment.

(2) The City Attorney, or his or her designee, shall forward the average cost developed in subsection (1) of this section to the district court and circuit court having jurisdiction over the City. This cost, as restitution to the City, may be imposed by the court during the imposition of any sentence upon any person liable under this section.
(Ord. No. 2010-28, 6-15-10)

Sec. 10.204. Collection and Enforcement.

(1) The amount ordered to be paid under this chapter shall be paid to the clerk of the court who shall transmit the payment amount to the City Treasurer.

(2) If not otherwise ordered by the court, the reimbursement amount ordered shall be made immediately. The court may order that reimbursement be made within a specified period or in specified installments.

(3) If the person convicted is placed on probation, any reimbursement ordered under this section shall be a condition of that probation.

(4) A court order for reimbursement under this Chapter may be enforced in the same manner as a judgment in a civil action.

(5) In the event that a person who is subject to liability under this Chapter is not charged or convicted of any criminal offense arising from the incident that resulted in an emergency response, the City Treasurer shall submit a bill for recovery of costs by first class mail to the person liable for the expenses as set forth in this Chapter.

(6) A person who receives a bill from the City Treasurer under subsection (5) of this section shall pay the bill within thirty (30) days of receipt. If payment is not received by the City within such thirty-day period, the City Treasurer may request the City Attorney to institute a civil action on behalf of the City in the same manner as in the case of an obligation under a contract, express or implied.
(Ord. No. 2010-28, 6-15-10)
