The Board of Aldermen of the City finds that in numerous instances straw parties are being used as the record parties to transactions involving real estate situated within the City as a means to conceal the identity of the true parties thereto; that such concealment impairs and prevents the prosecution of persons responsible for arson and for violation of ordinances prescribing minimum safety and health standards for the condition of buildings; and that, as a consequence, arson for profit has occurred within the City, fire insurance companies have been defrauded resulting in increased fire insurance premiums for all owners of property within the City, and the lives, health, safety and welfare of citizens of the City and the value of property within the City have been harmed and continue to be threatened and endangered. The Board of Aldermen declares that it is the purpose of this chapter to prevent these harmful occurrences by requiring the registration of straw parties as recommended by the September, 1971 term of the grand jury for the City, and by requiring the true owners of real estate to comply with the ordinances of the City, while at the same time leaving undisturbed bona fide trust and probate arrangements. (1994 C., § 15.154.020; Ord. No. 56140, § 2, 1972.)

15.154.030 Definitions.

As used in this chapter, the following terms shall have the following meanings:

A. "Bona fide trust" means any written indenture of trust which meets all of the following requirements:

1. No beneficiary of the trust has any power to control or direct the management, investment, or distribution of trust assets or trust income;

2. No grantor of trust assets is, or can become, a beneficiary of the trust;

3. No grantor of trust assets can receive any distribution of the assets or income of the trust;

4. No grantor of trust assets retains any power to control or direct the management, investment or disposition of trust assets or income; and

5. No grantor of trust assets retains any power to terminate the trust created by the indenture.

B. "Person" means any natural person, firm, partnership, joint venture, corporation, trust, association, organization, or other entity. (1994 C., § 15.154.030; Ord. No. 56140, § 3, 1972.)

15.154.040 Future conveyances and deeds of trust.

Effective July 21, 1972:

A. No person shall become the owner of record of real estate situated in the City;

B. Nor shall any person become the trustee of record or the mortgagee of record under any deed of trust upon real estate situated in the City;

C. Nor shall any person become the grantor of any conveyance of title to or any deed of trust upon any real estate to another person as owner of record, trustee of record or mortgagee of record, unless:

1. The owner of record, trustee of record or mortgagee of record is also the beneficial owner, trustee or mortgagee, respectively; or

2. The owner of record, trustee of record or mortgagee of record is such by reason of his capacity as: a. Executor or administrator of the estate of a deceased person; or b. Guardian of the estate of a minor or an incompetent person; or

3. The owner of record, trustee of record or mortgagee of record is such by reason of his capacity as trustee of a bona fide trust; or

4. The person, whether he be the owner of record, trustee of record, mortgagee of record, or grantor, files with the Fire Marshal a registration statement as specified in this chapter within ten days of the filing for record with the Recorder of Deeds of the conveyance or deed of trust in question. (1994 C., § 15.154.040; Ord. No. 56140, § 4, 1972.)

15.154.050 Former conveyances and deeds of trust.

Effective October 19, 1972:

A. No person shall be the owner of record of real estate situated in the City;

B. Nor shall any person be a trustee of record or the mortgagee of record under any unreleased deed of trust upon real estate situated in the City of St. Louis, unless:

1. The owner of record, trustee of record or mortgagee of record is also the beneficial owner, trustee or mortgagee, respectively; or

2. The owner of record, trustee of record or mortgagee of record is such by reason of his capacity: a. Executor or administrator of the estate of a deceased person; or b. Guardian of the estate of a minor or an incompetent person; or

3. The owner of record, trustee of record or mortgagee of record is such by reason of his capacity as trustee of a bona fide trust; or

4. The person, whether he be the owner of record, trustee of record, or mortgagee of record, has filed with the Fire Marshal of the City of St. Louis a registration statement as hereinafter specified. (1994 C., § 15.154.050; Ord. No. 56140, § 5, 1972.)

15.154.060 Additional requirements for all conveyances and deeds of trust.

Effective May 1, 1973:

A. No person shall be or become the beneficial owner of real estate situated in the City;

B. Nor shall any person be or become the beneficial trustee or the beneficial mortgagee under any unreleased deed of trust upon real estate situated in the City, unless:

1. The beneficial owner, beneficial trustee or beneficial mortgagee is also the owner of record, trustee of record, or mortgagee of record, respectively; or

2. The beneficial owner, beneficial trustee or beneficial mortgagee is such: a. By reason of his capacity as a devisee or heir of the estate of a deceased person; or b. By reason of his being a minor or an incompetent person; or

3. The beneficial owner, beneficial trustee or beneficial mortgagee is such by reason of his capacity as beneficiary of a bona fide trust; or

4. The person, whether he be the beneficial owner, beneficial trustee or beneficial mortgagee, files with the Fire Marshal a registration statement as specified in this chapter on or before the later of the following two dates: a. May 1, 1973 or b. Ten days after the filing for record with the Recorder of Deeds of the conveyance or deed of trust whereby or as a result of which the person is or becomes the beneficial owner, beneficial trustee or beneficial mortgagee. (1994 C., § 15.154.060; Ord. No. 56437, § 1, 1973; Ord. No. 56140, § 5A, 1972.)

15.154.070 Amended registration statements.

Every person who files a registration statement or an amended registration statement shall, within ten days after there is, to his knowledge, any change in the matters therein set forth, file with the Fire Marshal an amended registration statement reflecting the changes. (1994 C., § 15.154.070; Ord. No. 56140, § 6, 1962.)

15.154.080 Penalty for violation.

Any person guilty of a violation of Sections 15.154.040—15.154.070, or any person who makes a false statement in a registration statement filed under this chapter, shall, upon conviction, be sentenced to a fine of not more than five hundred dollars or to imprisonment for not more than ninety days or to both fine and imprisonment. (1994 C., § 15.154.080; Ord. No. 56437, § 2, 1973; Ord. No. 56140, § 7, 1972.)

15.154.090 Immunity from prosecution.

No person shall refuse to testify in a prosecution under this straw party registration and control law on the ground of self-incrimination, if the City Counselor has first granted the person immunity from prosecution under the law as to the event or transaction which is the subject of the prosecution. The City Counselor is authorized to grant immunity on behalf of the City if, in his opinion, the testimony of the person to whom the immunity is granted is important or necessary in a prosecution under the law. In prosecuting persons and in granting immunity under the law, the City Counselor shall, wherever feasible, give preference to prosecuting beneficial owners, trustees and mortgagees and give preference to granting immunity to record owners, trustees and mortgagees. (1994 C., § 15.154.090; Ord. No. 56437, § 3, 1973; Ord. No. 56140, § 7A, 1972.)

15.154.100 Registration statement—Contents.

A registration statement under this chapter shall be filed on a form prescribed by the Fire Marshal, shall be signed by the person filing it following a statement providing generally that the facts set forth therein are true to the best of the knowledge and belief of the person, shall contain an acknowledgement of the signature and statement, and shall contain the following:

A. The names, business addresses and telephone numbers, and home addresses and telephone numbers of all persons who are parties to the conveyance or deed of trust;

B. The names, business addresses and telephone numbers, and home addresses and telephone numbers of all persons who are not parties to the conveyance or deed of trust, but who are beneficial owner, trustee or mortgagee, with a statement of which status each person occupies;

C. The date of the conveyance or deed of trust, a statement as to the type of instrument (e.g., warranty deed, quitclaim deed, deed of trust), the date the instrument was recorded, the book and page numbers of the Recorder of Deeds records in which the instrument was recorded (or, if the book and page numbers are not then available, then the Recorder of Deeds daily number for the instrument), the street address of the property in question, and the legal description of the property in question;

D. The names and addresses of all insurance companies which have issued fire insurance policies upon the property, and the date and amount of each policy;

E. If any person named in a registration statement is a corporation, the names, business addresses and telephone numbers, and home addresses and telephone numbers of all of its directors and officers shall be included; similar information shall be included for partnerships, trusts, joint ventures and other entities. Any person filing a registration statement may deny therein that a registration statement is required to be filed or that the person is required to file a registration statement. The filing of a registration statement by one person shall not relieve other persons of their obligations under this chapter to file a registration statement. (1994 C., § 15.154.100; Ord. No. 56140, § 8, 1972.)

15.154.110 Registration statement—Indexing and confidentiality.

A. The Fire Marshal shall separately index each registration statement:

1. Alphabetically, according to the name of each person contained in the registration statement; and

2. Alphabetically, according to the street address of the property in question.

B. The Fire Marshal shall keep confidential all registration statements and shall make them available for inspection only by:

1. A lawfully constituted authority engaged in an arson investigation; or

2. The Building Commissioner or the Health Commissioner upon his certification that he has been unable to obtain the abatement on a stated parcel of property of a violation of this Code;

3. Fire insurance companies. (1994 C., § 15.154.110; Ord. No. 56140, § 9, 1972.)

15.154.120 Liability of beneficial owners.

Any person who is the beneficial owner of any real estate situated in the City may be proceeded against, prosecuted and convicted for any violation on the real estate of this Code, unless the status of the person as beneficial owner arises under a trust whereby the person has no power to control or direct the management, investment or distribution of trust assets or trust income. Any grantor of trust assets who has attributes which prevent the trust from being a bona fide trust shall be a beneficial owner and shall be subject to being proceeded against, prosecuted and convicted pursuant to this section. (1994 C., § 15.154.120; Ord. No. 56140, § 10, 1972.)

15.154.130 Effect on titles and instruments.

Failure to comply with any requirement of this chapter shall have no effect upon title to real estate or the validity of any instrument. (1994 C., § 15.154.130; Ord. No. 56140, § 11, 1972.)

A. It shall be unlawful to conduct any sale at retail in the front yard of any residentially zoned property, as the term "front yard" is herein defined, which said sale is known as a yard sale, garage sale or lawn sale.

B. "Front yard" means a yard measured across the width of the entire lot and situated between the front lot line and the nearest portion of the main building other than steps, unenclosed balconies or unenclosed porches. (1994 C., § 15.156.010; Ord. No. 59755, § 1, 1986.)

15.156.020 Prohibited—Display—Festival permit for sidewalk use.

A. It shall be unlawful to display, show or otherwise exhibit any goods, chattels or other personalty to be sold at said lawn sale, yard sale, garage sale or any retail sale conducted at a residentially zoned structure, in the front yard of said residence as herein defined.

B. No person or group of persons shall be permitted to conduct a yard sale, garage sale or lawn sale, or activities of substantially the same character, being activity as defined in this chapter, unless they have first obtained a festival permit as provided by Chapter 20.46 to use the public sidewalk or streets the area on which said activity is to be conducted. (1994 C., § 15.156.020; Ord. No. 59755, § 2, 1986.)

15.156.030 Penalty for violation.

Any person found guilty of violating the provisions of this chapter shall be fined not less than fifty dollars ($50.00) nor more than five hundred dollars ($500.00) or imprisonment for not more than ninety (90) days or both such fine and imprisonment. (1994 C., § 15.156.030; Ord. No. 59755, § 3, 1986.)

RESIDENTIAL REAL ESTATE OPEN HOUSE SIGNS

Sections:

15.157.010 Definitions.
15.157.020 Residential real estate "open house" signs on public streets.
15.157.030 When displayed.
15.157.040 Identification required.
15.157.050 Violation of chapter.

15.157.010 Definitions.

For purposes of this chapter the following definition shall apply:

"Residential real estate open house sign" shall mean a temporary sign that solely indicates that residential property, or portion thereof, is for sale, lease, or rent and provides directions to the property and "open house" information. (1994 C., § 15.157.010; Ord. No. 66993, § 1, 2006.)

15.157.020 Residential real estate "open house" signs on public streets.

A. Residential real estate open house signs may be placed on public rights-of-way in accordance with the restrictions on signs set forth in this section.

B. All residential real estate open house signs are subject to the following conditions:

1. *Size.* The total face area of the signs shall not exceed three (3) square feet in size.

2. *Height.* The vertical distance measured from ground level to the highest point of such sign or sign structure or other support shall not exceed three (3) feet.

3. *Local Address.* Signs shall only advertise a residence in the City of St. Louis.

4. *Limit.* No more than six (6) signs per property for sale, lease or rent shall be posted within the public rights-of-way.

5. *Type.* Signs shall be mounted either on stakes placed in the ground or with an A-frame support of sufficient weight so that the sign remains upright when mounted. Signs and any supporting structures shall be maintained in good condition at all times and shall be constructed out of quality materials normally used in professional signage.

6. *Location.* No sign shall be placed, used or maintained:

a. On trees, traffic signs or utility poles, nor be placed in such a manner as to obstruct the view of any official public sign;

b. On right-of-way if the location obstructs the safe and convenient use by the public of any street, sidewalk, or curbside parkway area;

c. In any roadway area or center median area;

d. At any location whereby the clear space for the passageway of pedestrians is reduced to a width that violates the Americans with Disabilities Act;

e. On streets undergoing construction, nor on streets with special events; or

f. Within five (5) feet of any of the following: driveway, traffic signal, traffic sign, designated bus stop sign, bus bench or any other bench on the sidewalk. (1994 C., § 15.157.020; Ord. No. 66993, § 2, 2006.)

15.157.030 When displayed.

Residential real estate open house signs shall only be displayed during the "open house" and shall not be displayed earlier than 8 a.m. and must be removed no later than dusk or 6 p.m., whichever is earlier. (1994 C., § 15.157.030; Ord. No. 66993, § 3, 2006.)

15.157.040 Identification required.

Every person who places or maintains a residential real estate open house sign on the streets of the City of St. Louis shall have his or her name, address, and telephone number affixed to the sign. (1994 C., § 15.157.040; Ord. No. 66993, § 4, 2006.)

15.157.050 Violation of chapter.

Any sign installed, placed or deposited in violation of the provisions of this chapter may be summarily removed by the City. (1994 C., § 15.157.050; Ord. No. 66993, § 5, 2006.)

CONDUCT AT STRIKE

Sections:

15.158.010 Policy declaration.
15.158.020 Definitions.
15.158.030 Unlawful conduct.
15.158.040 Penalty for violation.

15.158.010 Policy declaration.

It shall be the policy of the City to protect the safety, convenience, and peaceful enjoyment of the residents, visitors, and tourists of the City by having citizens knowledgeable about their rights, statutes and circumstances of their place of work or patronage. (1994 C., § 15.158.010; Ord. No. 62200, § 1, 1991.)

15.158.020 Definitions.

When used in this chapter, the following terms shall have the following meanings:

A. "Employee" means any person who performs services for wages or salary under a contract of employment, expressed or implied, for an employer.

B. "Employer" means any individual, partnership, or corporation who employs any employee to perform services for a wage or salary and includes any agent of any employer acting directly or indirectly.

C. "Employment agency" means any person, organization or agency, public or private, that solicits or refers persons to employment positions.

D. "Labor organization" means any organization of any kind or any agency or employee representation committee or plan in which employees participate and which exists for the purpose, in whole or in part, of dealing with employers concerning grievances, labor disputes, wages, rates of pay, hours of employment or conditions of work.

E. "Lockout" means a refusal by an employer to permit his employees to work as a result of a dispute with such employees that affects wages, hours, and other terms and conditions of employment of said

employees; provided, however, that a lockout shall not include a termination of employment for reasons deemed proper under Missouri State and federal law.

F. "Replacement employee" means any individual hired for the purposes of replacing either permanently or temporarily an employee who is currently engaged in a lawful strike or who is locked out by his or her employer.

G. "Strike" means any concerted act of the employees in a lawful refusal of the employees to perform work or services for the employer, provided such acts are not recognized as unlawful under Missouri State and federal law, and if the employees are represented by a labor organization, that the said labor organization shall have approved or sanctioned the act.

H. "Strikebreaker" means any person who customarily and repeatedly offers himself or herself for employment for the duration of a strike or lockout in the place of an employee involved in a strike or lockout. (1994 C., § 15.158.020; Ord. No. 62200, § 2, 1991.)

15.158.030 Unlawful conduct.

A. It shall be unlawful for any employer to solicit any strike replacement employee for hire or employ or pay wages to any strike replacement employee unless all the employment solicitations or advertisements clearly disclose that the jobs available are for strike replacement employment.

If an employer solicits any strike replacement employee through an employment agency or other agent, and fails to notify such employment agency or agent in writing to advise the prospective employees that it is soliciting for strike replacement employment, the employer shall be liable under this chapter for any failure by the employment agency or other agent to disclose that the jobs available are for strike replacement employment.

B. It shall be unlawful for any employer to hire or pay wages to any person hired as a strike replacement employee unless that person first signs an affidavit disclosing the fact that he or she realizes that he or she is being hired as a strike replacement. Such affidavit must be filed by the employer with the Director of Public Safety within forty-eight (48) hours of such employment of a strike replacement employee. (1994 C., § 15.158.030; Ord. No. 62200, § 3, 1991.)

15.158.040 Penalty for violation.

Each violation as to each employee hired under Section 15.158.030.B, the unlawful conduct section of this chapter by an employer shall be construed as a separate and succeeding offense. Each day or part thereof of violation by an employer under Section 15.158.030A, the unlawful conduct section of this chapter, whether such violation be continuous or intermittent, shall be construed as a separate and succeeding offense. Each separate violation by an employer under Section 15.158.030.A or B shall carry a penalty of five hundred ($500.00) dollars. (1994 C., § 15.158.040; Ord. No. 62200, § 4, 1991.)

15.159.010 Definitions.

As used in this chapter, the following terms shall have the meaning indicated in this section:

The term "catalytic converter" shall mean a device designed for use in a vehicle for purposes of chemically converting harmful exhaust gases, produced by the internal combustion engine, into harmless carbon dioxide and water vapor.

The term "copper property" shall mean any insulated copper wire, copper tubing, copper guttering and downspouts, or any item composed completely of copper.

The term "copper property peddler" shall mean any person who sells or attempts to sell copper property and who is not either a licensed or certified tradesperson (i.e., licensed plumber or electrician).

The term "ferrous metals" shall mean metals which contain iron and are magnetic.

The term "HVAC component" shall mean any air conditioner evaporator coil or condenser used in connection with a residential, commercial or industrial building.

The term "nonferrous metals" shall mean metals which do not contain significant amounts of iron, and are not magnetic, such as aluminum, brass, lead, zinc and copper.

The term "scrap metal dealer" shall mean any entity (person, firm, company, partnership, association, or corporation) located in the City of St. Louis who purchases products containing ferrous or nonferrous metals for recycling or resale.

The term "vehicle repair business" shall mean any commercial facility engaged in the repair or replacement of car, truck and van, motorcycle or other motorized mechanical and exhaust components, whether as a primary or ancillary activity. (1994 C., § 15.159.010; Ord. No. 69013, § 4, 11-9-2011.)

15.159.020 Hours of operation.

Hours of retail sales operation for scrap metal dealers may be no earlier than 6:00 a.m. and no later than 7:00 p.m. daily. (1994 C., § 15.159.020; Ord. No. 69013, § 5, 11-9-2011.)

15.159.030 Electronic recordkeeping requirements.

A. By no later than July 1, 2012, every scrap metal dealer shall install and maintain a retrievable electronic database containing a consecutively numbered record of each and every purchase of ferrous and non-ferrous metals.

B. Any person selling ferrous or non-ferrous metal to a scrap metal dealer shall present a valid United States driver's license and/or a picture identification from a state or federal issuing agency (i.e., state-issued identification or passport) to the scrap metal dealer.

C. Any person selling copper property who holds a valid business license or copper property peddler's license shall present a copy of such license to the scrap metal dealer.

D. Scrap metal dealers shall, at the time of making the purchase, enter into the electronic database the following information:

1. Name, date of birth, and address of the seller as indicated on the state or federal issued driver's license and/or picture identification.

2. Date of the scrap metal purchase.

3. Driver's license number and/or reference number on the picture identification from a state or federal issuing agency (i.e., state-issued identification or passport) capable of identifying the seller.

4. Any business license number or the copper property peddler's license (including the name of the issuing municipality or county).

5. Amount paid therefor.

6. Kind of metals purchased.

7. Number of pounds of each kind.

8. License plate number of the vehicle delivering the material.

The information entered into the electronic database shall be completed in full without any missing data or information as prescribed in this section.

E. The electronic database shall at all times be open for inspection by police or other law enforcement officers, during normal business hours without warrant or subpoena.

F. A transaction receipt shall be issued and consist of the same information required under Subsection D of this section and shall include the following statement: "By accepting payment from [Insert name of scrap metal dealer], seller represents and warrants that the material documented by this receipt is owned by or was lawfully obtained and the seller has the legal right to sell the material to [insert name of scrap metal dealer]." If the seller provides any documentation indicating that the person is in lawful possession of the scrap metal, or was otherwise lawfully acquired, including, without limitation, a bill of sale or receipt, the scrap metal dealer shall photocopy such documentation and maintain it with the transaction information otherwise required by this section.

G. All records described in this section shall be maintained for three (3) years from the date of sale.

H. A scrap metal dealer or the agent, employee, or representative of a scrap metal dealer shall not disclose personal information concerning a customer obtained under this chapter without the consent of the customer

unless the disclosure is made in response to a request from a law enforcement agency. A scrap metal dealer shall implement reasonable safeguards.

1. To protect the security of the personal information required under Subsection D of this section; and

2. To prevent unauthorized access to or disclosure of that information.

I. A scrap metal dealer shall not be liable to any customer for a disclosure of personal information if the scrap metal recycler has met the requirements set forth in Subsection H. (1994 C., § 15.159.030; Ord. No. 69013, § 6, 11-9-2011.)

15.159.040 Restricted purchases and exceptions.

A. No person shall knowingly sell or attempt to sell to a scrap metal dealer and no scrap metal dealer shall knowingly and willfully purchase the following types of scrap metal:

1. Guardrails, manhole covers, certain cables used only in high voltage transmission lines, historical markers and cemetery plaques, traffic signs, refuse containers or refuse container components, unless accompanied by proof of ownership or authorization to sell the materials on behalf of the owner.

2. New materials, such as those used in construction, or equipment or tools used by contractors unless accompanied by proof of ownership or authorization to sell the materials on behalf of the owner.

3. Materials which are clearly marked as property belonging to someone other than the seller, unless accompanied by written authorization from the business or property owner evidencing the seller has the legal right to sell the material.

4. HVAC components unless accompanied by written authorization from a licensed HVAC business evidencing that the components were legally removed and the seller has the legal right to sell the material.

5. Catalytic converters unless purchased from a vehicle repair business.

B. The scrap metal dealer shall make a photocopy of any documentation provided pursuant to this section, retain the copy as part of the transaction record, and maintain such photocopy for a period of three (3) years following the transaction. All photocopies shall be made available for inspection upon request by the police or other law enforcement officers.

C. No scrap metal dealer shall purchase or otherwise receive from a person under the age of eighteen (18) any ferrous or non-ferrous metal, other than aluminum cans.

D. This section shall not apply to any transaction for which the seller has an existing business relationship with the scrap metal dealer and is known to the scrap metal dealer making the purchase to be an established business or political subdivision that operates a business with a fixed location that can be reasonably expected to generate regulated scrap metal and can be reasonably identified as such a business. (1994 C., § 15.159.040; Ord. No. 69013, § 7, 11-9-2011.)

15.159.050 Copper property peddler's license.

A. No person shall engage in the business of a copper property peddler without first obtaining a license from the License Collector and complying with the provisions of this section.

B. Every copper property peddler shall pay a license fee of forty-five dollars ($45.00) per year. The license shall expire June 30 of each year. Each license shall bear a separate number, the name and address of the licensee and telephone number of the licensee. The license shall be available only to the person in whose name it is issued, and shall not be used by any person other than the original licensee. Any licensee who shall permit his license to be used by any other person, and any other person who shall use a license granted to another person, shall each be deemed guilty of a violation of this chapter.

C. Application for licenses under this section shall be made in writing to the License Collector and shall state the name, age, description and address of the applicant. The application shall include a sworn statement setting forth each and every conviction of the applicant for violations of federal, state or City laws, statutes or ordinances. In addition, the applicant shall, at his or her expense, obtain a complete copy of the person's police record as indicated by the records of the City Police Department, and submit such record as part of the application. The License Collector shall not grant a license to any person who has been convicted of burglary, robbery, stealing, theft or possession or receiving stolen goods in the last twenty-four (24) months prior to the date of the application.

D. The License Collector of St. Louis shall have the power and authority to revoke any license issued under this section for any willful violation by a copper

property peddler of any of the provisions or conditions contained herein; provided, the license shall be revoked only after the licensee shall have been notified in writing at his place of business of the violations complained of and shall have been afforded a reasonable opportunity to have a hearing thereon before the License Collector.

E. Notwithstanding the requirements set forth in this section, the City shall recognize a copper property peddler's license issued by a state or local government so long as such license is issued pursuant to laws or ordinances which (i) are no less stringent than this chapter, (ii) require criminal background checks, (iii) prohibit licenses issued to any person who has been convicted of burglary, robbery, stealing, theft, or possession or receiving stolen goods in the last twenty-four (24) months prior to the date of the application, and (iv) similarly recognize copper property peddler's licenses issued by the City of St. Louis. (1994 C., § 15.159.050; Ord. No. 69013, § 8, 11-9-2011.)

15.159.060 Purchases of certain scrap metal—Requirements.

A. A scrap metal dealer shall pay for any copper property or HVAC component as follows:

1. A scrap metal dealer may not pay cash for copper property or HVAC component unless the seller presents a valid trade license or trade certificate.

2. Payment to any seller of copper property or HVAC component who presents valid copper property peddler's license shall be by check. Checks shall be written to the licensee or certified tradesperson and may be delivered to the seller at the time of the sale.

3. Payment to any seller of copper property or HVAC component who does not present or have on file a valid business license, valid trade license or certificate or valid copper property peddler's license shall be by check. Checks shall be payable only to the person whose name was recorded as delivering the copper property or HVAC component to the scrap metal dealer; provided, however, that if such person is delivering the copper property or HVAC component on behalf of a governmental entity or a nonprofit or for-profit business entity, the check may be payable to such entity. All checks issued to a seller of copper property or HVAC component who does not present or have on file a valid business license, valid trade license or valid copper property peddler's license shall be mailed via U.S. mail to the address provided on the driver's license or picture identification provided by the seller.

4. Checks may not be converted to cash by a scrap metal dealer or by any related entity.

B. This section shall not apply to any transaction for which the seller holds a business license issued by the City of St. Louis or other municipality or county and has an existing business relationship with the scrap metal dealer and is known to the scrap metal dealer making the purchase to be an established business or political subdivision that operates a business with a fixed location that can be reasonably expected to generate regulated scrap metal and can be reasonably identified as such a business. (1994 C., § 15.159.060; Ord. No. 69013, § 9, 11-9-2011.)

15.159.070 Hold notice.

A. If a scrap metal dealer has actual knowledge that copper property or HVAC component in its possession has been stolen the dealer shall notify the Police Department via 911 and provide any information in its possession relative to the seller or the sale transaction.

B. Following notice from the scrap metal dealer or if the Police Department has reasonable suspicion that the scrap dealer is in possession of stolen property, the Police Department may issue to the scrap metal dealer a written notice placing a ten (10) day hold order on the property. (1994 C., § 15.159.070; Ord. No. 69013, § 10, 11-9-2011.)

15.159.080 Penalty for knowing and willful violation by scrap metal dealer.

A. Any scrap metal dealer who shall knowingly and willfully conduct business in violation of any of the provisions of this chapter shall be subject to a fine of not more than five hundred dollars ($500.00) per violation, or a term of imprisonment of not more than ninety (90) days or by both a fine and imprisonment. Every transaction conducted by a scrap metal dealer in violation of the provisions of this chapter shall be deemed a separate violation.

B. In addition to the penalties described in this section, the City may revoke any occupancy permit issued for the business premises of the scrap metal dealer who knowingly and willfully violates this chapter.

C. Nothing in this section shall be construed to preclude a person violating this chapter from also being

prosecuted for any applicable criminal offense. (1994 C., § 15.159.080; Ord. No. 69013, § 11, 11-9-2011.)

15.159.090 Penalty for seller of stolen metals.

A. It is unlawful for any person to knowingly present for sale to a scrap metal dealer stolen ferrous or non-ferrous metal, including, but not limited to, copper property or HVAC components. Any person who knowingly presents for sale stolen ferrous or non-ferrous metal shall be guilty of an offense for each item of scrap metal, and shall, upon conviction, be subject to a fine of not less than five hundred dollars ($500.00) or by imprisonment for a period not to exceed ninety (90) days or by both fine and imprisonment.

B. It is unlawful for a person to willfully and maliciously cut, mutilate, deface, or otherwise injure any personal or real property owned by a third party, including any fixtures or improvements, for the purpose of obtaining ferrous or non-ferrous metals in any amount. Any person who willfully and maliciously cuts, mutilate, defaces, or otherwise injures any personal or real property owned by a third party for the purpose of obtaining ferrous or non-ferrous metal, shall be guilty of an offense for each item of scrap metal derived from such actions, and shall, upon conviction, be subject to fine of not less than five hundred dollars ($500.00) or by imprisonment for a period not to exceed ninety (90) days or by both fine and imprisonment.

C. In addition to the penalties described in this section, the City shall revoke any copper property peddler's license of a person who knowingly and willfully violates this chapter. (1994 C., § 15.159.090; Ord. No. 69013, § 12, 11-9-2011.)

15.159.100 Use of scrap theft alert system.

A. A scrap metal dealer shall register with or subscribe to the alert system established by the Institute of Scrap Recycling Industries, Inc., referred to as the ISRI Scrap Theft Alert system and maintain that registration or subscription. The ISRI Scrap Theft Alert system is an internet-based alert system available to dealers, law enforcement agencies, and the general public that lists and tracks, at a minimum, thefts of non-ferrous metal and articles containing non-ferrous metals.

B. The Chief of Police for the City of St. Louis shall designate the appropriate personnel within the department, which shall consist of not less than two officers, who shall register with or subscribe to, and maintain that registration or subscription with the ISRI Scrap Theft Alert system. The designated officers shall be directed by the Chief of Police to monitor and report scrap metal thefts to the system, as they are reported to the department in order to assist scrap metal dealers with identifying stolen materials that may be presented for subsequent sale. (1994 C., § 15.159.100; Ord. No. 69013, § 13, 11-9-2011.)

BUILDING SERVICE EMPLOYEES

Sections:

15.160.010 Definitions.

15.160.020 Protection for building service employees.

15.160.030 Penalty.

15.160.010 Definitions.

For purposes of this chapter, the following terms shall apply:

"Building service" means work performed in connection with the care or maintenance of an existing building and includes, but is not limited to, work performed by a watchman, security officer, door staff, building cleaner, maintenance technician, handyman, janitor, elevator operator, window cleaner, building engineer and groundskeeper.

"Building service contract" means a contract let to any covered employer for the furnishing of building services and includes any subcontract for such services.

"Building service contractor" means any person who enters into a building service contract.

"Building service employee" means any person employed as a building service employee by a covered employer who has been regularly assigned to a building on a full- or part-time basis for at least 90 days immediately preceding any transition in employment subject to this section except for (i) persons who are managerial, supervisory, or confidential employees, provided that this exemption shall not apply to building engineers for existing properties, (ii) persons earning in excess of $25.00 per hour from a covered employer, and (iii) persons regularly scheduled to work fewer than 6 hours per week at a building.

"City of St. Louis" means any administration, department, division, bureau, board or commission, or a

corporation, institution, or agency of government, the expenses of which are paid in whole or in part from the City treasury.

"Covered employer" means any person who owns or manages real property, either on its own behalf or for another person, or any person who contracts or subcontracts with an owner or manager of real property within the City of St. Louis for real estate, including, but not limited to, housing cooperatives, condominium associations, building managing agents, and any building service contractor; provided, however, that the requirements of this chapter shall not apply to (i) residential buildings under 50 units, (ii) commercial office, institutional, or retail buildings of less than 70,000 square feet, (iii) any building in which the City of St. Louis or any governmental entity, the head or majority of members of which are appointed by one or more officers of the City of St. Louis, occupies 50% or more of the rentable square footage, or (iv) any building that is owned or operated by a hospital or hospital affiliate as defined in the Hospital Licensing Ordinance.

"Person" means any individual, proprietorship, partnership, joint venture, corporation, limited liability company, trust, association, or other entity that may employ persons or enter into service contracts, but shall not include the City of St. Louis, the federal government or any other entity, or any individual or entity managing real property for a governmental entity.

"Successor employer" means a covered employer that (i) has been awarded a building service contract to provide, in whole or in part, building services that are substantially similar to those provided under a service contract that has recently been terminated, or (ii) has purchased or acquired control of property in which building service employees were employed. (1994 C., § 15.160.010; Ord. No. 67423, § 2, 2007.)

15.160.020 Protection for building service employees.

A. No less than 15 calendar days before terminating any building service contract, any covered employer shall request the terminated contractor to provide the successor employer and any collective bargaining representative of any of the affected employees a full and accurate list containing the name, address, date of hire, and employment occupation classification of each building service employee employed on the notice date at the site or sites covered by the terminated contract.

B. No less than 15 calendar days before transferring a controlling interest in any covered building in which building service employees are employed, any covered employer shall provide to the successor employer and any collective bargaining representative of any of the affected employees a full and accurate list containing the name, address, date of hire, and employment occupation classification of each building service employee currently employed at the site or sites covered by the transfer of controlling interest.

C. Any covered employer shall provide to the successor employer and any collective bargaining representative of any of the affected employees a full and accurate list containing the name, address, date of hire, and employment occupation classification of each building service employee currently employed at the site or sites covered by the terminated building service contract no more than 7 calendar days after notice that its building service contract has been terminated.

D. When providing the notice required under this section, each covered employer shall ensure that a notice to building service employees is posted setting forth the rights provided under this section and which includes a copy of the list provided under the proceeding subsections, and that such notice is also provided to the employees' collective bargaining representative, if any. The notice and list shall be posted in the same location and manner that other statutorily required notices to employees are posted at the affected site or sites.

E. A successor employer shall retain for a 90-day transition employment period at the affected site or sites those building service employees of the terminated building service contractor and its subcontractors, or other covered employer, employed at the site or sites covered by the terminated building service contract or owned or operated by the former covered employer.

F. If at any time the successor employer determines that fewer building service employees are required to perform building services at the affected building than had been performing such services under the former employer, the successor employer shall retain the predecessor building service employees by seniority within job classification; provided that during such a 90-day transition period, the successor employer shall maintain a preferential hiring list of those building service employees not retained at the building who shall be given a right of first refusal to any jobs within their classification that becomes available during that period.

G. Except as provided in Subsection F of this section, during such 90-day period, the successor contractor shall not discharge without cause an employee retained pursuant to this section.

H. At the end of the 90-day transition period, the successor employer shall perform a written performance evaluation for each employee retained pursuant to this section. If the employee's performance during such 90-day period is satisfactory, the successor contractor shall offer the employee continued employment under the terms and conditions established by the successor employer or as required by law.

I. Nothing in this chapter shall restrict an existing or successor employer from obtaining a background check on an employee as may be required by a federal, state or local governmental agency or from requiring that an employee undergo appropriate testing and investigation consistent with the existing or successor employer's personnel policies. (1994 C., § 15.160.020; Ord. No. 67423, § 3, 2007.)

15.160.030 Penalty.

Any person found to be in violation of the provisions of this chapter shall be subject to a fine of not more than five hundred dollars ($500.00) or a term of imprisonment of not more than ninety days (90) or both a fine and imprisonment. (1994 C., § 15.160.030; Ord. No. 67423, § 4, 2007.)

15.165.020 The offense of cyber harassment.
15.165.030 Penalty for violation.

15.165.010 Definitions.

For the purpose of this chapter the following words or phrases shall have the meaning given herein:

A. "Course of conduct" means a pattern of conduct composed of a series of acts, which may include electronic or other communications, over a period of time, however short, evidencing a continuity of purpose. Constitutionally protected activity is not included within the meaning of "course of conduct."

B. "Electronic communication" means the origination, emission, dissemination, transmission, or reception of data, writings, images, signals, sounds, or other intelligence or equivalence of intelligence of any nature over any communications system by any method, including, but not limited to, a fiber optic, radio, electronic, magnetic, optical, digital, analog method, electronic mail, internet-based communications, pager service or electronic text messaging.

C. "Electronic communications device" means any instrument, equipment, machine, or other device that facilitates telecommunication, including, but not limited to, a computer, computer chip, computer circuit, scanner, telephone, cellular telephone, pager, personal communications device, transponder, receiver, radio, or device that enables the use of a modem.

D. "Family or household member" means spouses, former spouses, parents, children, stepchildren and other persons related by blood or by present or prior marriage, persons who share or formerly shared a common dwelling, persons who have or allegedly share a blood relationship through a child, persons who have or have had a dating or engagement relationship, and persons with disabilities and their personal assistants.

E. "Harass" means to engage in a course of conduct that serves no legitimate purpose and would cause a reasonable person to suffer substantial emotional distress, and shall actually cause substantial emotional distress, or, when the course of conduct consists of contact by a person over age eighteen with a person under the age of eighteen that would cause a reasonable parent to fear for the well-being of their minor child who is the target of the contact. (1994 C., § 15.165.010; Ord. No. 67800, § 1, 2007.)

15.165.020 The offense of cyber harassment.

A. A person commits the offense of cyber harassment if he or she, with intent to harass, initiates the transmission of an electronic communication, or with knowledge of a person's intent to harass, knowingly permits an electronic communication to be transmitted from an electronic communication device under the person's control to such other person or a third party.

B. No person shall make or cause to be made an electronic communication, or permit an electronic communication to be made from an electronic communications device under the person's control, with the intent to harass either by the direct action of the person initiating the communication or through the actions of a third party, which third party actions are instigated, initiated, prompted or brought about by the person's communication.

C. Any offense committed under this section may be deemed to have been committed either at the place from which the communication was made or at the place where the communication was received. (1994 C., § 15.165.020; Ord. No. 67800, § 2, 2007.)

15.165.030 Penalty for violation.

Any person who violates the provisions of this chapter shall be subject to a fine of not less than one hundred dollars ($100.00) nor more than five hundred dollars ($500.00) or a term of imprisonment not more than ninety (90) days or both a fine and term of imprisonment. (1994 C., § 15.165.030; Ord. No. 67800, § 3, 2007.)

15.170.020 Wage requirements.
15.170.030 Other prohibited conduct.
15.170.040 Notice and posting.
15.170.050 Enforcement.
15.170.060 Collective bargaining.

15.170.010 Definitions.

The terms used in this chapter are defined as follows, and have the same meaning whether or not the terms are capitalized within this chapter:

A. "Bonuses" means non-discretionary payments in addition to hourly, salary, commission, or piece-rate payments paid under an agreement between an employer and an employee.

B. "Commission" means a sum of money paid to an employee upon completion of a task, usually selling a certain amount of goods or services.

C. "Effective date" means the date on which this chapter becomes effective under the laws of the City of St. Louis. Each and every requirement of this chapter shall be deemed in effect as of the date it is signed into law by the Mayor of the City of St. Louis, including any increases in the minimum wage rate that begin after that date, notwithstanding that any such increase begins after that date.

D. "Employ" means to suffer or permit to work.

E. "Employer" means any individual, partnership, association, corporation, business trust, or any person or group of persons acting directly or indirectly in the interest of an employer in relation to an employee, and shall include the City of St. Louis and its departments, divisions, and agencies, but shall not include any other governmental entity which includes, for purposes of this chapter, any other unit of local government, the state government, and the government of the United States, except that the term "employer" shall not include any individual, partnership, association, corporation, entity, business trust, or any person or group of persons:

1. Whose annual gross revenues made or business done is less than five hundred thousand dollars ($500,000.00), or if the business has been in operation for less than one year whose annual gross revenues made or business done is reasonably projected to be less than five hundred thousand dollars ($500,000.00); or

2. Which has employed no more than fifteen (15) regardless of location or status as exempt under this chapter, during each calendar week within the current calendar year and the previous calendar year, whether on a part-time, full-time or temporary basis, and shall include contingent and contracted workers and individuals working through a temporary service, staffing or employment agency or similar entity either directly, indirectly, or through affiliates. If the employer is a franchise within the meaning of RSMo 407.400(1), all employees of franchisees associated with the same franchisor or a network of franchises, wherever located, shall be counted in the aggregate in determining whether the employer is eligible for this exclusion.

F. "Employee" means any individual employed by an employer and who performs at least 20 hours of work within a calendar year for an employer while physically present within the geographic boundaries of the City of St. Louis, whether on a part-time, full-time or temporary basis, and shall include contingent and contracted workers and individuals working through a temporary service, staffing or employment agency or similar entity, except that the term "employee" shall not include:

1. Any individual engaged in the activities of an educational, charitable, religious, or nonprofit organization where the employer-employee relationship does not, in fact, exist or where the services rendered to the organization are on a voluntary basis;

2. Any individual standing in loco parentis to foster children in their care;

3. Any individual employed for less than four months in any year in a resident or day camp for

children or youth, or any individual employed by an educational conference center operated by an educational, charitable or not-for-profit organization;

4. Any person employed on a casual basis to provide baby-sitting services;

5. Any individual who is an offender, who is incarcerated in any correctional facility, including offenders who provide labor or services on the grounds of such correctional facility;

6. Students of a secondary or post-secondary educational institution participating in a bona fide work-study program shall be exempt from the minimum wage requirements of this chapter provided that said work-study program is certified in advance by the Director of the Department of Human Services or their designee. For purposes of this paragraph, a "work-study program" means an internship or similar program in which a student receives academic credit toward graduation at his or her school in exchange for work or service under the monitoring of a professional;

7. Any handicapped person employed in a sheltered workshop, certified by the Department of Elementary and Secondary Education.

G. "Minimum wage" means all wages, commissions, piece-rate, and bonuses, actually received by the employee.

H. "Piece-rate" means a price paid per unit of work.

I. "Rate of inflation" means the Consumer Price Index annual percent change for urban wage earners and clerical workers, termed CPI-W, or a successor index, for the St. Louis Metropolitan Area (or if not available, for a comparable geographic area), for the twelve months prior to each July 1 as calculated by the United States Department of Labor.

J. "Tips" means (a) a verifiable sum to be presented by a customer as a gift or gratuity in recognition of some service performed for the customer by the employee receiving the tip; and (b) separately-designated amounts collected by an employer from customers that are for services by employees, or are described in such a way that customers might reasonably believe that the amounts are for such services, including but not limited to, those charges designated on receipts under the term "service charge," "delivery charge," or "porterage charge."

K. "Wage" means compensation due to an employee by reason of employment, payable in legal tender of the United States or checks on banks convertible into cash on demand at full face value, subject to such deductions, charges, or allowances as may be permitted by rules of the Department of Human Services. Commissions, piece-rate, and bonuses are included in wages. Tips and employer payments toward a retirement, medical, or other benefit plan do not constitute wages for purposes of this chapter. (1994 C., § 15.170.010; Ord. No. 70090, § 1, 10-2-2015; Ord. No. 70078, § 1, 8-28-2015.)

15.170.020 Wage requirements.

A. *Payment of Minimum Wage Rate Required.* Except as specifically provided in this chapter, every employer shall pay wages to each employee for each hour worked while physically present within the geographic boundaries of the City of St. Louis, beginning the effective date, at a rate not less than $11.00 per hour and, beginning on January 1, 2019, at the rate established by Subsection B of this section and as thereby amended annually. Notwithstanding the above, any employer that complies in full with every requirement of this chapter, shall be entitled to pay employees at or above the lower minimum wage rates set forth in Section 15.170.020.B.1 as of the dates stated therein and, beginning on January 1, 2019, shall pay employees at or above the lower minimum wage rates set forth in Section 15.170.020.B.2 and as thereafter amended annually. In addition to any other penalties, obligations, or requirements set forth in this chapter, any employer that pays an employee at a rate less than the minimum wage rates required herein shall be required to pay wages to its employees at a rate not less than $11.00 per hour beginning from the date of first violation until January 1, 2019, when it shall then pay at a rate not less than the rate as established by Section 15.170.020.B.2 and as thereafter amended annually. The rates set forth herein are subject to Section 15.170.020.B.4.

B. *Establishment of a City Minimum Wage Rate.*

1. *Phase-In of Minimum Wage Rate.* Beginning on the effective date, the minimum wage rate shall be the minimum wage rate established by the State of Missouri. Beginning October 15, 2015, the minimum wage rate shall be increased to $8.25 per hour. Beginning on January 1, 2016, the minimum wage rate shall be increased to $9.00 per hour. Beginning on January 1, 2017, the minimum wage rate shall be increased to $10.00 per hour. Beginning on January 1, 2018, the minimum wage rate shall be increased to $11.00 per hour.

2. *Annual Revision Following Phase-in of Minimum Wage Rate.* Beginning January 1, 2019, and on each January 1 of each successive year thereafter, the minimum wage rate from the previous year shall be increased annually on a percentage basis to reflect the rate of inflation. By October 1, 2018, and each October 1 of each successive year thereafter, the Ways and Means Committee of the Board of Aldermen shall report the rate of inflation and direct the Director of the Department of Human Services to promulgate a rule establishing the revised minimum wage rate effective January 1 of the upcoming calendar year based on the rate of inflation calculated to the nearest five cents. In addition, by October 1, 2018, and each October 1 of each successive year thereafter, the City shall post on its website a bulletin announcing the adjusted minimum wage rate for the upcoming calendar year. The rate set by rule shall not be less than the previous amount established.

3. *Effect of Economic Activity and Regional Impact.* Annually, following the first rate increase in the minimum wage under this chapter, the Board of Estimate & Apportionment shall report to the Board of Aldermen on the economic health of residents and businesses located within the City of St. Louis from the findings of an independent study of a firm selected by the Board of Estimate & Apportionment. Said report shall include, but is not limited to, quantitative and comparative (year-over-year) data pertaining to unemployment rates, poverty rates, business licenses issued, graduation rates, reported payrolls, and other information as requested by the Chair of the Ways and Means or Health and Human Services Committees prior to the development of said report.

4. *Effect of Higher State or Federal Minimum Wage Rate.* If the state or federal minimum wage rate is at any time greater than the minimum wage rate established by this chapter, then that greater rate shall become the minimum wage rate for purposes of this chapter, and shall be increased annually pursuant to Section 15.170.020.B.2 of this chapter, beginning January 1, 2019, for as long as that rate is greater.

C. *Tipped Employee Minimum Wage.*

1. Employees customarily receiving tips. With respect to any employee engaged in an occupation in which the employee customarily and regularly receives more than $30.00 per month in tips, the employer shall pay wages in the amount not less than 50 percent of the minimum wage rate specified pursuant to this chapter, provided that the total compensation in tips and wages for such employee shall total at least the minimum wage rate specified pursuant to this chapter, the difference being made up by the employer. It is the employer's obligation to provide evidence of any amount received by the employee as tips.

D. *Ordinance Adherence.* This chapter does not modify, alter, or amend requirements under the City of St. Louis' Living Wage Ordinance, Service Contracts Ordinance, or other City ordinances relating to wages and benefits; and individuals and entities subject to those ordinances shall pay wages at the rates set under those ordinances, or the applicable rate set under this chapter, whichever rate is higher.

E. *Violations.* It shall be a violation of this chapter for any employer to pay any employee a wage below the minimum wage rate set forth herein. Each day that the employer pays the employee a wage below the minimum wage rate set forth herein shall be a separate violation. (1994 C., § 15.170.020; Ord. No. 70078, § 2, 8-28-2015.)

15.170.030 Other prohibited conduct.

A. It shall be a violation of this chapter for an employer or any other person to interfere with, restrain, or deny the exercise of, or the attempt to exercise any right protected under this chapter.

B. It shall be unlawful, and a violation of this chapter, for any employer to discharge any employee, to reduce the compensation of any employee, to take any adverse action against an employee, or to discriminate against an employee because the employee engaged in any of the following activities:

1. Making a complaint to the Department of Human Services regarding compliance with this chapter;

2. Participating in any investigation of the Department of Human Services regarding compliance with this chapter;

3. Informing his or her employer, fellow employees, union or similar organization, or legal counsel about an employer's alleged violation of this chapter;

4. Exercising, in good faith, the rights protected by this chapter;

5. Opposing or otherwise speaking or advocating against any policy, practice, or act that is unlawful under this chapter; or

6. Availing himself or herself of any of the civil remedies provided herein.

C. It shall be a violation for an employer to enter into any agreement whereby the employer will pay an individual to work for less than the minimum wage prescribed in this chapter as that minimum wage may be amended from time to time.

D. It shall be a violation of this chapter for any employer to violate the rules and regulations promulgated to set the annual minimum wage rate, or that are otherwise promulgated to interpret, apply, or enforce this chapter by the Department of Human Services.

E. It shall be a violation of this chapter for any employee to make any complaint or report to the Department of Human Services that the employee knows to be false. (1994 C., § 15.170.030; Ord. No. 70078, § 3, 8-28-2015.)

15.170.040 Notice and posting.

A. By October 15, 2015, every employer shall post in a conspicuous place at each facility where any employee works that is located within the geographic boundaries of the City a notice advising the employee of the current minimum wage and of the employee's rights under this chapter. Such notice shall include the text of Sections 15.170.020, 15.170.030, and 15.170.050 of this chapter. Employers that do not maintain a business facility within the geographic boundaries of the City and households that serve as worksites for domestic workers are exempt from this paragraph.

B. Beginning October 15, 2015, every employer shall provide with the first paycheck subject to this chapter that is issued to the employee, a notice advising the employee of the current minimum wage and the employee's rights under this chapter. Such notice shall include the text of Sections 15.170.020, 15.170.030, and 15.170.050 of this chapter.

C. The Director of the Department of Human Services shall prepare and make available to employers form notices that satisfy the requirements of this section. These notices will require approval from the Ways and Means Committee of the Board of Aldermen. (1994 C., § 15.170.040; Ord. No. 70078, § 4, 8-28-2015.)

15.170.050 Enforcement.

A. *Rules and Regulations.* The Director of the Department of Human Services may, with direction and approval from the Ways and Means Committee of the Board of Aldermen, promulgate rules and regulations regarding the interpretation, application, and enforcement of this chapter. Such rules and regulations may include, but are not limited to, those further defining terms used in this chapter, and setting forth more particularized applications of this chapter's exceptions and exemptions.

B. *Complaints and Investigations.* The Department of Human Services and the City Counselor's Office are authorized to receive any complaint regarding a possible or suspected violation of this chapter and further authorized to take appropriate steps to enforce this chapter, including, regardless of whether there is a complaint, investigating any possible or suspected violation of this chapter.

C. *Penalty for Violations.* Performance of any act prohibited by this chapter, and failure to perform any act required by this chapter, shall be punishable by a sentence of not more than 90 days in jail, or by a fine of not more than $500.00 per violation or both or by any combination of sentence and fine up to and including the maximum sentence and maximum fine. Each day that any violation hereunder continues is a separate violation subject to the penalties provided in this chapter.

In addition to all other penalties set forth herein, an employer may be subject to conditions which will serve to compensate the victim, including that the employer pay restitution to any employee in the form of unpaid back wages plus interest from the date of nonpayment or underpayment, to the extent allowed by the City Charter and the law.

D. *Revocation of Licenses and Permits for Repeated Violations.* Every business license issued pursuant to Title 8 of the Revised Code of the City of Saint Louis, may be revoked by the License Collector's Office if the License Collector's Office concludes, upon results of an investigation, that the employer has engaged in repeated violations or intentional violations of this chapter. Any occupancy permit, and any other permit, variance, or license issued by the City of St. Louis may be revoked by the Board of Public Service if the Board of Public Service concludes, upon notice and hearing, that the employer has engaged in repeated violations or intentional violations of this chapter. Such Board of Public Service proceeding may be initiated by the Board of Public Service itself, the Director of the Department of Human Services, the City Counselor, or by a verified complaint submitted by two or more employees of the employer accused of repeated violations or intentional violations of the chapter that is accompanied by affidavits signed by each such employee which states with particularity the facts underlying the complaint. The

Board of Public Service shall promulgate rules and regulations setting forth the procedures it will follow in any such revocation proceeding.

E. *Actions by Employee.* Nothing contained in this chapter shall be in any way construed to limit or abridge any rights of an employee at common law, by statute, or by ordinance to bring a civil action against an employer. (1994 C., § 15.170.050; Ord. No. 70078, § 5, 8-28-2015.)

15.170.060 Collective bargaining.

Nothing in this chapter shall be deemed to interfere with, impede, or in any way diminish the right of employees to bargain collectively with their employers through a representative of their own choosing in order to establish wages or other conditions of employment in excess of the applicable minimum wage rate established by this chapter. (1994 C., § 15.170.060; Ord. No. 70078, § 6, 8-28-2015.)

Chapter 15.175

DISCRIMINATION BASED ON HEALTH DECISIONS OR PREGNANCY

Sections:

15.175.010	**Definition of terms.**
15.175.020	**Prohibited discriminatory practices.**
15.175.030	**Complaints, proceedings and enforcement.**
15.175.040	**Rights or remedies for sex discrimination.**

15.175.010 Definition of terms.

As used in this chapter, unless a different meaning clearly appears from the context in which used, the following terms and phrases shall be taken to have the meaning ascribed to them in this section, to wit:

A. "Academic, professional or vocational school" includes any person who trains and teaches individuals to engage in any trade, business, profession, calling or vocational pursuit.

B. "Adverse employment action" includes, but is not limited to, termination, demotion or refusal to promote or advance, loss of career specialty, reassignment to a different shift, reduction of wages or benefits, refusal to provide training opportunities or transfer to a different department, adverse administrative action, or any other penalty, disciplinary or retaliatory action.

C. "Aggrieved person" includes any person who claims to have been injured by a discriminatory act or practice described herein.

D. "Discriminatory practice" means an act that is prohibited by the provisions of this chapter.

E. "Dwelling" means any building, structure, or portion thereof which is occupied as, or designed or intended for occupancy as, a residence by one or more families, and any vacant land which is offered for sale or lease for the construction or location thereon of any such building, structure, or portion thereof.

F. "Employer" includes any person who employs six or more persons exclusive of that person's parents, spouse or children.

G. "Employment agency" includes any person undertaking for compensation to procure opportunities to work or to procure, recruit, refer or place employees.

H. "Financial institution" means bank, banking organization, mortgage company, insurance company, investment company or other lender to whom application is made for financial assistance for the purchase, lease, acquisition, construction, rehabilitation, repair, maintenance, or improvement of real property, or an individual employed by or acting on behalf of or as agent of any of these.

I. "Individual" means one or more individuals.

J. "Labor organization" includes any organization which exists for the purpose, in whole or in part, of collective bargaining or of dealing with employers concerning grievances, terms or conditions of employment, or for other mutual aid or protection in relation to employment.

K. "Person" includes one or more individuals, partnerships, associations, unincorporated organizations, corporations, mutual companies, joint stock companies, legal representatives, trusts, trustees, labor organizations, fiduciaries, trustees in bankruptcy, and/or receivers.

L. "Real estate broker" or "Real estate salesman" has the same definition as contained in Ordinance 67119.

M. "Realty" includes real estate, lands, buildings, structures, housing accommodations, dwellings, tenements, leaseholds, cooperatives, condominiums, and hereditaments, corporeal or incorporeal, or any interest in the above.

N. "Reproductive health decision" means any decision related to the use or intended use of a particular drug, device, or medical service related to reproductive

health, including the use or intended use of contraception or fertility control or the planned or intended initiation or termination of a pregnancy.

O. "To rent" includes to lease, to sublease, to let and otherwise to grant for a consideration the right to occupy premises not owned by the occupant. (1994 C., § 15.175.010; Ord. No. 70459, § 1, 2-13-2017.)

15.175.020 Prohibited discriminatory practices.

A. *General Prohibition.* Discriminatory practices, as defined and established by this section, are prohibited. Any person engaging in a prohibited discriminatory practice shall be guilty of an ordinance violation, which shall be punishable in the manner set out in this chapter.

B. *Discrimination in Employment.* It shall be a prohibited discriminatory employment practice:

1. For an employer to fail or refuse to hire, to discharge or otherwise to discriminate against any individuals with respect to compensation or the terms, conditions or privileges of employment, because of their reproductive health decisions or pregnancy status (including childbirth or a related medical condition). However, nothing in this chapter shall require a religious institution, corporation, association, or society to provide reproductive health benefits of any kind;

2. For an employer to take any adverse employment action against an employee based on a reproductive health decision by an employee or employee's dependent. However, nothing in this chapter shall require a religious institution, corporation, association, or society to provide reproductive health benefits of any kind;

3. For a labor organization to exclude or expel from membership, or otherwise to discriminate against any applicants or members, because of their reproductive health decisions or pregnancy status (including childbirth or a related medical condition);

4. For an employment agency to fail or refuse to refer for employment, or otherwise to discriminate against any individuals because of their reproductive health decisions or pregnancy status (including childbirth or a related medical condition);

5 For an employer, labor organization or employment agency to print or circulate or cause to be printed or circulated any statement, advertisement or publication, or to make any inquiry in connection with prospective employment, which expresses directly or indirectly any preference, limitation, specification or discrimination because of reproductive health decisions or pregnancy status (including childbirth or a related medical condition), unless based upon a bona fide occupational qualification;

6. Nothing in this chapter shall prohibit a religious institution, corporation, association, society, health care facility or educational institution with historic religious affiliation from:

a. Prohibiting the provision of any reproductive health service on property owned or leased by it;

b. Refusing to provide or pay for any reproductive health service to any patient, student or employee; or

c. Refusing to provide health insurance coverage to any employee for any reproductive health service.

C. *Discrimination in Provision of Housing or Realty.*

1. *Prohibited Discriminatory Housing or Realty Practices.* It shall be a prohibited housing or realty practice and shall constitute a discriminatory housing practice:

a. For any person, including, without limitation, any real estate broker, salesman or agent, or any employee thereof, to discriminate against any individuals because of their reproductive health decisions or pregnancy status (including childbirth or a related medical condition), with respect to the use, enjoyment or transfer, or prospective use, enjoyment or transfer, of any interest whatsoever in realty, or with respect to the terms, conditions, privileges or services granted or rendered in connection therewith, or with respect to the making or purchasing of loans for the purchase or maintenance of residential real estate or loans in the secondary market, or the provision of other financial assistance, or with respect to the terms, conditions, privileges or services granted or rendered in connection with any interest whatsoever in realty, or with respect to the making of loans secured by residential real estate;

b. For any person, including, without limitation, any banking, money lending, credit securing or other financial institution, or any officer, agent or employee thereof, to discriminate against any individuals because of or their reproductive health decisions or pregnancy status (including childbirth or a related medical condition), with respect to the granting or withholding of credit or financial assistance, or the extending or renewing of credit or financial assistance, or modifying of rates, terms, conditions, privileges or other provisions of credit or financial assistance, or services retained or rendered, in connection with the transfer or prospective

transfer of any interest whatsoever in realty, or in connection with the construction, repair, improvement or rehabilitation of realty;

c. For any real estate broker, salesman or agent, or any employee thereof, or any other person seeking financial gain thereby, directly or indirectly to induce or solicit, or attempt to induce or solicit, the transfer of any interest whatsoever in realty, by making or distributing, or causing to be made or distributed, any statement or representation concerning the entry or prospective entry into the neighborhood of a person or persons of person based on said person's reproductive health decision or pregnancy status (including childbirth or a related medical condition);

d. For any person to refuse to sell or rent after the making of a bona fide offer, or to refuse to negotiate the sale or rental of, or otherwise make unavailable or deny a dwelling to any persons because of their reproductive health decisions or pregnancy status (including childbirth or a related medical condition);

e. For any person to discriminate against any other person in the terms, conditions, or privileges of sale or rental of a dwelling, or in the provision of services or facilities in connection therewith, because of that person's reproductive health decisions or pregnancy status (including childbirth or a related medical condition);

f. For any person to make, print, or publish, or cause to be made, printed, or published any notice, statement, or advertisement, with respect to the sale or rental of a dwelling that indicates any preference, limitation, or discrimination based on reproductive health decisions or pregnancy status (including childbirth or a related medical condition) or an intention to make any such preference, limitation, or discrimination;

g. For any person to represent to another person because of reproductive health decisions or pregnancy status (including childbirth or a related medical condition), that any dwelling is not available for inspection, sale, or rental when such dwelling is, in fact, so available;

h. For any person to deny any other person access to or membership or participation in any multiple-listing service, real estate brokers' organization or other service, organization or facility relating to the business of selling or renting dwellings, or to discriminate against him in the terms or conditions of such access, membership, or participation on account of reproductive health decisions or pregnancy status (including childbirth or a related medical condition);

i. Notwithstanding the foregoing, a person engaged in the business of furnishing appraisals of real property may take into consideration factors other than reproductive health decisions or pregnancy status, subject also to the requirements of Ordinance 67119;

j. Nothing in this chapter shall prohibit a religious institution, corporation, association, society, health care facility or educational institution with historic religious affiliation from:

i. Prohibiting the provision of any reproductive health service on property owned or leased by it;

ii. Refusing to provide or pay for any reproductive health service to any patient, student or employee; or

iii. Refusing to provide health insurance coverage to any employee for any reproductive health service. (1994 C., § 15.175.020; Ord. No. 70459, § 2, 2-13-2017.)

15.175.030 Complaints, proceedings and enforcement.

An aggrieved person may, not later than one hundred eighty (180) days after an alleged prohibited discriminatory practice has occurred or terminated, file a complaint with the Director of the Civil Rights Enforcement Agency pursuant to the procedures set forth in Ordinance 67119. Such complaints shall be taken, investigated, processed and enforced according to the terms and provisions of Ordinance 67119. (1994 C., § 15.175.030; Ord. No. 70459, § 3, 2-13-2017.)

15.175.040 Rights or remedies for sex discrimination.

The terms and provisions of this chapter are not intended to, and shall not be construed to, limit or alter any individual's rights or remedies for sex discrimination under existing federal, state, and local laws. (1994 C., § 15.175.040; Ord. No. 70459, § 4, 2-13-2017.)

Chapter 15.180

TAMPERING WITH A WITNESS OR VICTIM

Sections:

15.180.010 Definitions.
15.180.020 Tampering with a witness or victim.
15.180.030 Summons and penalty.

15.180.010 Definitions.

For the purposes of this chapter:

A. "Witness" means any natural person:

1. Having knowledge of the existence or nonexistence of facts relating to any crime; or

2. Whose declaration under oath is received as evidence for any purpose; or

3. Who has reported any crime to any peace officer or prosecutor; or

4. Who has been served with a subpoena issued under the authority of any court or any administrative or legislative body.

B. "Victim" means any natural person against whom any crime is deemed to have been perpetrated or attempted. (1994 C., § 15.180.010; Ord. No. 70514, § 1, 2-21-2017.)

15.180.020 Tampering with a witness or victim.

A person commits the offense of tampering with a witness or victim if:

A. With the purpose to induce a witness or a prospective witness to disobey a subpoena or other legal process, absent himself or herself, avoid subpoena or other legal process, withhold evidence, information, or documents, or testify falsely, he or she:

1. Threatens or causes harm to any person or property; or

2. Uses force, threats or deception; or

3. Offers, confers or agrees to confer any benefit, direct or indirect, upon such witness; or

4. Conveys any of the foregoing to another in furtherance of a conspiracy; or

B. He or she purposely prevents or dissuades or attempts to prevent or dissuade any person who has been a witness or victim of any crime or a person who is acting on behalf of any such witness or victim from:

1. Making any report of such victimization or crime to any peace officer or dispatcher; state, local, or federal law enforcement officer; prosecuting agency; official or agency within the City of St. Louis; or judge;

2. Causing a complaint, summons, indictment, or information to be sought, prosecuted, or acted upon, or assisting in the prosecution thereof;

3. Arresting or causing or seeking the arrest of any person, or engaging or seeking the engagement of an agency of the City of St. Louis, in connection with such victimization. (1994 C., § 15.180.020; Ord. No. 70514, § 2, 2-21-2017.)

15.180.030 Summons and penalty.

Any person who engages in conduct which tampers with a witness or victim based upon the above language within the City of St. Louis may be issued a summons for "tampering with a witness or victim." A defendant who is found guilty of or pleads guilty to "Tampering with a witness or victim" shall be subject to a fine of not less than $100.00, and not more than $500.00, or any other penalty available by law including up to 90 days of incarceration for each violation. Each occurrence of said behavior regardless of proximity in time to any other said violation shall be deemed a separate and distinct offense for which a summons may be issued. (1994 C., § 15.180.030; Ord. No. 70514, § 3, 2-21-2017.)

Chapter 15.185

USE OF FORCE POLICY

15.185.010 Ban on chokeholds and strangleholds.

A. This Section 15.185.010 directs the Commissioner of Police to amend Section III of SO 1-01, USE OF NON-DEADLY FORCE GENERAL, issued April 16, 2014, to include a restriction to specifically ban the use of chokeholds or strangleholds by officers in non-deadly force encounters. A chokehold or stranglehold shall include, but is not limited to, any sustained and intentional pressure to the throat or windpipe, which may prevent or hinder breathing or reduce intake of air.

B. Penalties. Any person who violates subdivision A of this section shall be punishable by the fines and imprisonment of the City of St. Louis Charter, Article IV.

C. Any penalties resulting from a violation of subdivision A of this section shall not limit or preclude any cause of action available to any person or entity injured or aggrieved by such violation. (Ord. No. 71186, § 1, 7-9-2020.)

15.185.020 Requirement for de-escalation tactics.

A. This Section 15.185.020 directs the Commissioner of Police to amend the St. Louis Metropolitan Police Department Use of Force Policy Special Order, SO 1 - 01 issued April 16, 2014, to include a new section requiring the use of de-escalation tactics. When it is safe under the totality of the situation and time and circumstances permit, officers shall be required to use de-escalation techniques and tactics in order to reduce any threat or to gain compliance to lawful commands without the use of force or with the lowest level of force possible. De-escalation may take the form of scene management, team tactics, and/or individual engagement. Even when individual engagement is not feasible, de-escalation techniques including scene management and team tactics such as time, distance, and shielding,

should still be used unless doing so would create undue risk of harm to any person due to the exigency/threat of a situation.

B. Penalties. Any person who violates subdivision A of this section shall be punishable by the fines and imprisonment of the City of St. Louis Charter, Article IV.

C. Any penalties resulting from a violation of subdivision A of this section shall not limit or preclude any cause of action available to any person or entity injured or aggrieved by such violation. (Ord. No. 71186, § 2, 7-9-2020.)

15.185.030 Duty to intervene policy.

A. This Section 15.185.030 directs the Commissioner of Police to amend Section III of SO 1-01, issued April 16, 2014, to include a Duty to Intervene Policy that requires officers to either stop or attempt to stop another sworn employee when excessive force is being inappropriately applied or is no longer required.

B. It shall further include that officers who use force or observe the use of force shall verify that their supervisors are notified following any use-of-force incident. Upon receiving notice of an allegation of excessive use of force, officers shall verify their supervisors are aware of the allegation of unreasonable or unreported use of force by an officer.

C. Officers who observe excessive use of force and fail to report it shall be subject to disciplinary action, up to and including termination.

D. This chapter shall mandate a training program for police trainees to cover racial profiling, implicit bias, procedural justice, establish a training program that covers the duty to intervene; and

E. Penalties. Any person who violates subdivision A or B of this section shall be punishable by the fines and imprisonment of the City of St. Louis Charter, Article IV.

F. Any penalties resulting from a violation of subdivision A of this section shall not limit or preclude any cause of action available to any person or entity injured or aggrieved by such violation. (Ord. No. 71186, § 3, 7-9-2020.)

15.185.040 Comprehensive reporting requirements.

A. The Commissioner of Police must amend Section VIIA. FIREARM DISCHARGED/OTHER DEADLY FORCE (1.3.6.a) to include reporting requirements when a firearm is withdrawn and pointed at a civilian regardless if the weapon is discharged or not.

B. If a National Police Misconduct Registry is compiled and maintained by the Department of Justice, the St. Louis Metropolitan Police Department shall comply and report data accordingly to include, but not limited to:

i. Each complaint filed against a law enforcement officer, aggregated by complaints that were found to be credible or that resulted in disciplinary action of the law enforcement officer, disaggregated by whether the complaint involved a use of force; complaints that are pending review, disaggregated by whether the complaint involved a use of force; and

ii. Complaints for which the law enforcement officer was exonerated or that were determined to be unfounded or not sustained, disaggregated by whether the complaint involved a use of force.

iii. Discipline records, disaggregated by whether the complaint involved a use of force.

iv. Termination records, including the reason for each termination, disaggregated by whether the complaint involved a use of force.

v. Records of lawsuits and settlements made against law enforcement officers.

C. Annual comprehensive financial and management audits must be submitted to the Public Safety Committee of the Board of Aldermen annually no later than December 1 with the first report due by December 1, 2020.

D. Penalties. Any person who violates subdivision A of this section shall be punishable by the fines and imprisonment of the City of St. Louis Charter, Article IV.

E. Any penalties resulting from a violation of subdivision A of this section shall not limit or preclude any cause of action available to any person or entity injured or aggrieved by such violation. (Ord. No. 71186, § 4, 7-9-2020.)

15.185.050 Ban on no-knock warrants for drug cases.

A. Policy addition for search warrants authorized for drug cases shall require that a law enforcement officer execute the search warrant only after providing notice of his or her authority and purpose.

B. In this section, the term "no-knock warrant" means a warrant that allows a law enforcement officer to enter a property without requiring the law enforcement officer to announce the presence of the law enforcement officer or the intention of the law enforce-

ment officer to enter the property. (Ord. No. 71186, § 5, 7-9-2020.)

Chapter 15.186

IDENTIFICATION REQUIREMENTS OF POLICE OFFICERS

Sections:

15.186.010	**Definitions.**
15.186.020	**Duty to identify and inform.**
15.186.030	**Exceptions.**
15.186.040	**Policy and procedures for consent searches.**

15.186.010 Definitions.

For purposes of this chapter the terms set forth below shall be defined as follows:

1. "Business Card" means the standardized, preprinted business cards used by officers to identify themselves to a person who is the subject of a consent search (as defined in this section) pursuant to section 15.186.020 of this chapter. At a minimum, business cards shall include the following information: The officer's name, rank, badge number, the email address and phone number for the City's Civilian Oversight Board and a statement that the person may contact the Civilian Oversight Board to lodge a complaint with the Civilian Oversight Board about their encounter with the officer conducting the consent search, as well as information, including a telephone number and email address, for submitting comments and compliments about their encounter with the officer.

2. "City" means the City of St. Louis.

3. "Commissioner" means the Commissioner of the City of St. Louis Metropolitan Police Department.

4. "Consent search" is a search conducted by officers after obtaining the voluntary consent, as defined in this section, for the search from the person to be searched or an individual with actual or apparent authority over the vehicle, home, or property to be searched, and the search is not being conducted pursuant to a warrant or exception to warrant requirement under applicable law, where the officer has reasonable suspicion or probable cause for the search, and the search is not incident to a lawful arrest. The persons who are asked to consent to a search may refuse to consent to the search and may withdraw their consent at any time during the search without consequences to them.

5. "Department" means the City of St. Louis Metropolitan Police Department.

6. "Voluntary consent" means the voluntary consent to a search granted by a person giving their consent to the search, and their right to refuse consent to the search or revoke their consent at any time during the search without consequences to them.

7. "Officer" means a sworn peace officer of the City of St. Louis Metropolitan Police Department.
(Ord. No. 71718, § 1 7-31-2023)

15.186.020 Duty to identify and inform.

A. During a consent search, as defined in Section 15.186.010 of this chapter, officers shall identify themselves to the person who is the subject of the consent search by providing their name and badge number and shall explain to the person the reason for the consent search unless the explanation would impair a criminal investigation.

B. Officers may offer a business card to the person who is the subject of the consent search at the initiation of the consent search unless doing so would impair a criminal investigation. Officers must offer the person who is the subject of the consent search a business card at the conclusion of the consent search if the activity does not result in an arrest or summons. Where the subject of the consent search is a minor, officers shall offer a business card to the minor subject of the consent search or, if present at the scene a parent or legal guardian if the consent search does not result in an arrest or summons.

C. During a consent search, if an officer does not have enough business cards to give to a person who is the subject of the consent search the officer shall offer to provide the information that must be on the business card in writing or orally. Where the subject of the consent search is a minor, officers shall offer to provide the minor the information that must be on the business card in writing or orally or, if present at the scene, a parent or legal guardian. If it is requested that the officer provide the information that must be on the business card orally, officers shall allow sufficient time to record the information and if necessary, shall provide a writing instrument and paper for this purpose.

D. As part of the policy requirements of Section 15.186.040 of this chapter the Department shall have a plan for ensuring that officers have an adequate number of business cards while on duty.
(Ord. No. 71718, § 2, 7-31-2023)

15.186.030 Exceptions.

Officers shall not be required to comply with the requirements of Section 15.186.020 of this chapter when the officer is engaged in an official Department undercover operation or investigation, and the consent search is conducted in the course or as a part of the undercover operation or investigation or any search that is exempt from the warrant requirement under existing law. Such exemptions to the warrant requirement include, but are not limited to:

1. Exigent circumstances exist at the time that require immediate action by an officer to prevent the destruction of evidence, forestall or prevent the fleeing of a suspect, harm to an individual, or the impairment of a current criminal investigation.

2. The officer is conducting a search of a person or property, including an administrative search or identification as a condition of entering a public building or facility, location, event, or gathering, including random security checks of backpacks, bags, and other containers used to carry personal or other items.

3. The officer is verifying the identity of a person seeking entry to an area which entry is restricted by the Department due to a public health, public safety, or security concerns.

(Ord. No. 71718, § 3, 7-31-2023.)

15.186.040 Policy and procedures for consent searches.

A. The Department shall develop a written policy with standard procedures for officers' conduct of consent searches, whether dressed in uniform or civilian clothing, with exceptions for officers that are engaged in an official Department undercover operation or investigation. The policy shall:

1. Clearly define "consent search" and "voluntary consent" and explain the meaning of voluntary consent using plain language.

2. Establish a procedure for requesting persons to voluntarily consent to a search, that includes clear notice to the person that they do not have to consent to the search and may revoke their consent at any time during the search without consequences to them.

3. Guidance for officers for ensuring and affirming that a subject clearly understands they are being asked to voluntarily consent to the search and that they may refuse to consent to the search and may revoke their consent at any time during the search without consequence to them.

4. Procedures for requesting a person to consent to a search who does not speak or has little or limited proficiency understanding or speaking English, including bilingual interpreters, to ensure and affirm the subject clearly understands they are being asked to voluntarily consent to the search and that they may refuse to consent to the search and may revoke their consent at any time during the search without consequence to them.

5. Procedures for how officers must act if a person refuses to consent or revokes their consent to a search.

B. The Department shall develop and implement procedures to obtain written documentation or other objective proof of subjects' voluntary consent to a search, refusal to consent to a search, and revocation of their consent to a search. This shall include procedures for persons to sign a standardized written statement developed by the Department confirming the persons' voluntary consent, refusal to consent, or revocation of their consent to a search, or by documenting their voluntary consent, refusal to consent, or revocation of their consent to a search by audio or video recording, or by other unbiased, objective methods evidencing that officers have complied with the provisions of this chapter and the Department's policies and procedures for obtaining voluntary consent to a search.

C. The policy shall include procedures and clear guidance for keeping and maintaining records and related documentation of stops where persons voluntarily consent to a consent search, and persons who refuse to consent to a search or revoke or their consent to a search. The procedures shall include steps for making, receiving, and the timely processing of public requests for such records.

D. The Department shall compile, and publish on its website, a quarterly report detailing the number of consent searches conducted by officers during the preceding quarter, the number of times consent to a search was refused, and the number of times consent was revoked during a consent search. The first quarter for each reporting year shall begin on January 1. Quarterly reports shall be published on the Department's website within ten (10) calendar days of the end of each quarter. The initial quarterly report shall be for the first full quarter following the effective date of this chapter.

E. The Department shall develop and be ready to implement the policy within ninety (90) following the effective date of this chapter. The Department shall

make their policy publicly available on the Department's website and shall provide print copies of the policy to the public upon request.

F. The Commissioner is hereby authorized to promulgate additional policy and procedural measures, and rules that may be necessary for the effective implementation and enforcement of the policy and carrying out the intent and purpose of this chapter.

G. The Department shall submit a copy of the initial policy in electronic form via email, or hardcopy to the Clerk of the Board of Aldermen prior to its implementation. Thereafter, at any time changes are made to the policy, a copy of the updated policy shall be submitted to the Clerk of the Board of Aldermen, as specified above, that shows the changes being made to the policy, and the Department shall publish the updated policy on the Department's website before the changes may be implemented by the Department.

Chapter 15.190

COMMERCIAL USE OF DRONES

Sections:

15.190.010	**Purpose and intent.**
15.190.020	**Definitions.**
15.190.030	**Prohibited operations for drones used for commerce or business.**
15.190.040	**Reasonable time, place, and manner of drone operations.**
15.190.050	**Exemption.**
15.190.060	**Penalty for violation.**

15.190.010 Purpose and intent.

The commercial, business, or for-profit operation of unmanned aircraft ("UA") systems, commonly referred to as "drones," can pose significant public safety hazards to persons and property on the ground. By imposing community-based safety regulations and restrictions on the commercial or for-profit operation of drones and other UAs that do not preempt federal aviation rules or state law, the City may protect the public from the hazards associated with the commercial operation of UAs, such as unwanted harassment or invasion of privacy, voyeurism, trespass, and other laws concerning public safety.
(Ord. No. 71813, § 1, 3-26-2024.)

15.190.020 Definitions.

Aircraft shall mean any device now known or hereafter invented, used, or designed for navigation of or flight through the air.

Altitude shall mean the actual height above ground level at which the aircraft is flying.

Drone, unmanned aircraft, or *UA* shall mean an aircraft that is operated without the possibility of direct human intervention from within or on the aircraft.

FAA shall mean the Federal Aviation Administration.

Model aircraft shall mean an unmanned aircraft that is (1) capable of sustained flight in the atmosphere; (2) flown within visual line of sight of the person remotely operating the aircraft; (3) flown for hobby, educational, or recreational purposes; and (4) not flown for commercial or for-profit purposes.

Operator shall refer to the person who engages in the navigation of a drone or unmanned aircraft in the City of St. Louis. Any person who operates a drone or any other UA for commercial purposes in the City of St. Louis shall (1) have a valid remote pilot certificate from the FAA and (2) shall be in compliance with all standards set forth under the FAA's Small UAs Rule (Part 107) where required.

Surveillance shall mean the collection or obtaining information pertaining to: (a) crimes or wrongs done or threatened; (b) the identity, habits, conduct, business, occupation, honesty, integrity, credibility, knowledge, trustworthiness, efficiency, loyalty, activity, movement, whereabouts, affiliations, associations, transactions, acts, reputation, or character of any person; (c) the location, disposition, or recovery of lost or stolen property; (d) securing evidence to be used before any court, board, officer, or investigating committee; (e) sale of personal identification information to the public; or (f) the cause of responsibility for libel, losses, accident, or damage or injury to persons or property or protection of life or property.
(Ord. No. 71813, § 1, 3-26-2024.)

15.190.030 Prohibited operations for drones used for commerce or business.

1. All persons and entities operating a drone within the limits of the City of St. Louis for commercial or business purposes shall first obtain the required licensure in order to operate, including (a) a remote pilot certificate from the FAA and (b) a business license obtained from the License Collector's Office pursuant to Chap-

ter 8.02 of the Code of Ordinances of the City of St. Louis. "Commercial" or "business" purposes shall refer to the advertising, offering for sale, sale, or distribution, or any combination thereof, of any services and any property, tangible or intangible, real, personal, or mixed, and any other article, commodity, or thing of value situated in the City of St. Louis.

2. To help to maintain the safety of the public, no person shall take off, land, or operate a drone for commercial or business purposes within twenty-five (25) feet of another person without that person's permission, except the operator or the operator's designee.

3. No person shall operate a drone for commercial or business purposes within three hundred (300) feet over events that have been permitted by the City that are open to the public.

4. No person shall operate a drone that has any type of weapon, or other device designed for inflicting bodily harm or physical damage, attached to it.

5. No person shall take off, land, or operate a drone in a manner that endangers or creates a substantial risk of serious injury for any person or property.
(Ord. No. 71813, § 1, 3-26-2024.)

15.190.040 Reasonable time, place, and manner of drone operations.

1. No person shall take off, land, or operate a drone in violation of any temporary flight restriction or notice to airmen as issued by the FAA.

2. Emergency vehicles. No person shall operate a drone for commercial or business purposes within three hundred (300) feet of any emergency vehicle that is operating with lights and/or sirens, including any active law enforcement or emergency medical response.

3. Schools. No person shall operate a drone for commercial or business purposes within an altitude of three hundred (300) feet of a school facility.

4. Publicly-owned buildings. No person shall operate a drone for commercial or business purposes within an altitude of three hundred (300) feet of any jails, detention or holding facilities, law enforcement facilities, courthouses, or any publicly owned building.

5. No person shall operate a drone for commercial or business purposes within an altitude of three hundred (300) feet over events that have been permitted by the City that are open to the public, unless the operator is granted permission by either the event permit holder or the City's Special Events Office.
(Ord. No. 71813, § 1, 3-26-2024.)

15.190.050 Exemption.

1. This chapter shall not apply to any drone operated by first responders, including the Police Department, the Fire Department, the City Emergency Management Agency, or any other City department or agency or designee.

2. This chapter shall not apply to members of the press who operate drones to collect video footage or photographs for journalistic purposes and activities protected by the Constitution.

3. This chapter shall not apply to individuals who operate model aircraft, drones, and other UAs for recreational or educational purposes for which no compensation is received.
(Ord. No. 71813, § 1, 3-26-2024.)

15.190.060 Penalty for violation.

Upon conviction of a violation under this chapter, punishment shall be imposed by a fine of not less than one hundred dollars ($100.00) nor more than five hundred dollars ($500.00). Any person operating a drone in violation of this section shall be subject to citation, seizure, and impoundment by the Police Department. Whenever a police officer has probable cause to believe that a drone is subject to seizure and impoundment pursuant to Sections 15.190.020 through 15.190.040, the impoundment of such drone shall be deemed an emergency removal. The police officer shall provide for the impoundment of the drone to a facility controlled by the City or its agents. When the drone is impounded, the police officer shall notify the person who is found to be in control of the drone at the time of the alleged violation, if there is such a person, of the fact of the seizure and of the drone owner's right to appeal the impoundment under the provisions of Section 17.56.060.
(Ord. No. 71813, § 1, 3-26-2024.)

Chapter 15.192

SURVEILLANCE TECHNOLOGY USAGE

Sections:

15.192.010	**Definitions.**
15.192.020	**Board of Aldermen approval mandatory.**
15.192.030	**Surveillance use plan ("SUP") and timing of review, hearings, and votes.**
15.192.040	**Review of preexisting uses mandatory.**
15.192.050	**Lead entity identification.**

15.192.060 Standard for approval.
15.192.070 Annual surveillance reports.
15.192.080 Remedies; discipline; whistleblower protections; exclusionary rule; deletion/destruction requirement.
15.192.090 Use of unapproved surveillance technology in exigent circumstances.

15.192.010 Definitions.

Artificial intelligence means a machine-based system that can, for a given set of human-defined objectives, make predictions, recommendations, or decisions influencing real or virtual environments. Artificial intelligence systems use machine- and human-based inputs to perceive real and virtual environments; abstract such perceptions into models through analysis in an automated manner; and use model inference to formulate options for information or action. This definition shall comply with the meaning outlined in 15 U.S.C. 9401(3).

City entity means any agency, department, bureau, unit, or commission of the City of St. Louis or any person or entity acting on behalf of any agency, department, bureau, unit, or commission of the City of St. Louis. A Special Tax District shall not be considered a City entity.

Committee means a committee to which, pursuant to the Rules of the Board of Aldermen, bills affecting matters that are subject to this chapter are assigned.

Discrimination means the disparate treatment or consideration of, or making a distinction in favor or against a person based on the characteristics, real or perceived, for which discriminatory treatment is prohibited under the laws and regulations of the United States, the State of Missouri, and the Charter and ordinances of the City of St. Louis, which shall include the following characteristics; race, religion, national origin, age, sex, sexual orientation, gender identity, pregnancy, familial status, disability, veteran status and genetic status.

Disparate impact means an adverse effect that is disproportionately experienced by individuals having traits, characteristics, or status as to which discrimination is prohibited under the Constitution or any laws of the United States, under the constitution or any law of the state of Missouri, or the Charter or any ordinance of the City of St. Louis.

Exigent circumstances means an emergency involving imminent danger of death or serious physical injury to any person that requires the immediate use of surveillance technology or the information it provides.

New surveillance technology shall mean any type of surveillance technology, the acquisition of which was not previously approved by the Board of Aldermen pursuant to the requirements of this chapter. A surveillance technology is not considered a new surveillance technology where its capabilities and functionality do not differ in any significant way from a previously approved version of an equivalent surveillance technology.

Surveillance data means any information or data collected, captured, recorded, retained, processed, intercepted, analyzed, or shared by surveillance technology.

Surveillance technology shall mean any electronic surveillance device, hardware, or software that is capable of collecting, capturing, recording, retaining, processing, intercepting, analyzing, monitoring, or sharing audio, visual, digital, location, thermal, biometric, behavioral, or similar information or communications specifically associated with, or capable of being associated with, any specific individual or group; or any system, device, or vehicle that is equipped with an electronic surveillance device, hardware, or software has the principal or an intended purpose of monitoring activities, behavior, or changing conditions to influence, manage, monitor, or protect the safety and welfare of individuals or groups, or to aid in the prevention of criminal activity or the investigation of suspected criminal activity. Surveillance technology includes but is not limited to these or their successor technologies: (a) international mobile subscriber identity (IMSI) catchers and other cell site simulators; (b) automatic license plate readers; (c) closed-circuit television cameras; (d) biometric surveillance technology, including facial, voice, iris, and gait-recognition software and databases; (e) mobile DNA capture technology; (f) gunshot detection and location hardware and services; (g) x-ray vans; (h) video and audio monitoring and/or recording technology, such as surveillance cameras, wide-angle cameras, and wearable body cameras; (i) surveillance enabled or capable light bulbs or light fixtures; (j) social media monitoring software; (k) through-the-wall radar or similar imaging technology; (l) passive scanners of radio networks; (m) long-range Bluetooth and other wireless-scanning devices; (n) radio-frequency I.D. (RFID) scan-

ners; (o) software designed to integrate or analyze data from surveillance technology, including surveillance target tracking and predictive policing software. and (p) technology that includes artificial intelligence to deploy, direct, execute, analyze, or engage in surveillance. The enumeration of surveillance technology examples in this subsection shall not be interpreted as an endorsement or approval of their use by any City entity; "Surveillance technology" does not include the following unless they have been equipped with, or are modified to become or include, a surveillance technology as defined herein: a. Routine office hardware (such as televisions, computers, and printers) that are in widespread public use and will not be used for any surveillance or surveillance related functions; b. Parking Ticket Devices (PTD); c. Surveillance devices that cannot record or transmit audio or video or be remotely accessed, such as image stabilizing binoculars, night vision goggles, or similar imaging devices; d. City entity databases that do not and will not contain any data or other information collected, captured, recorded, retained, processed, intercepted, or analyzed by surveillance technology including but not limited to databases containing private healthcare information required under the Health Insurance Portability and Accountability Act (HIPAA), disease outbreak management systems and e. Manually operated technological devices that are used primarily for internal City entity communications and are not designed to surreptitiously collect surveillance data, such as radios, tablets, city-issued cell phones, and email systems.

Viewpoint-based shall mean targeted at any community or group or their members because of their exercise of rights protected under the First Amendment of the United States Constitution.

(Ord. No. 71842, § 1, 5-1-2024.)

15.192.020 Board of Aldermen approval mandatory.

A. A City entity must obtain Board of Aldermen approval in the form of a resolution that shall be introduced to the full Board of Aldermen, referred to the relevant committee, and thereafter voted on by the committee subsequent to a mandatory, properly-noticed, germane, hearing at which the public is afforded a fair and adequate opportunity to provide online, written, and oral testimony, as referenced in Section 15.192.030.F prior to engaging in any of the following:

1. Accepting funds for a new surveillance technology, including but not limited to grant funding, or accepting state or federal funds or in-kind or other donations;

2. Acquiring, borrowing, or sharing surveillance technology, including the surveillance data therefrom, whether or not that acquisition is made through the exchange of monies or other consideration;

3. Using new or existing surveillance technology for a purpose or in a manner not previously approved pursuant to this chapter, or exceeding a quantitative limit as outlined within the surveillance use plan previously approved by the Board of Aldermen in accordance with this chapter, including the acquisition or sharing of surveillance data therefrom; or

4. Soliciting proposals for or entering into an agreement with any other person or entity, by way of a request for a proposal (RFP), to acquire, share, or otherwise use surveillance technology or surveillance data.

B. Nothing in this section shall be deemed to prohibit:

1. A City law enforcement entity, in the course of a specific, active criminal investigation, from securing surveillance data from a non-City entity pursuant to a judicially-issued probable cause warrant, from receiving surveillance data voluntarily provided for no monetary or other consideration by a non-City entity or an individual not acting in their capacity as an employee or agent of a City entity, or from allowing an individual not acting in their capacity as an employee or agent of a City entity to review but not possess surveillance data in possession of the city law enforcement entity; or

2. Any City entity from responding to a valid and lawful request for government records pursuant to Chapter 610 of the Revised Statutes of Missouri (the "Missouri Sunshine Law").

C. In the event a City entity operates an approved real-time crime center (RTCC) jointly with other counties or municipalities, nothing in this Act shall be deemed to restrict the RTCC's receipt or sharing of surveillance data from or with non-City entity operators, or its use of surveillance technologies to analyze or process non-City entity-provided data for the benefit of non-City entities. Rather, with respect to jointly operated RTCCs, this Act shall only prohibit city entities from (1) providing, receiving, or reviewing surveillance data that was collected produced by, or derived from a surveillance technology that has not been approved by the Board of Alderman pursuant to this Act, and (2) permitting or allowing City entity-provided data to be analyzed or

processed using a surveillance technology that has not been approved by the Board of Alderman pursuant to this Act.

D. Once approval for a surveillance technology use plan has been obtained, it applies throughout the procurement or budgeting process.
(Ord. No. 71842, § 2, 5-1-2024.)

15.192.030 Surveillance use plan ("SUP") and timing of review, hearings, and votes.

A. As a part of the process of seeking Board of Aldermen approval pursuant to Section 15.192.020, a City entity shall submit to the Board of Aldermen and make publicly available a surveillance use plan concerning the surveillance technology at issue. No approval of the acquisition or use of surveillance technology by a City entity pursuant to Section 15.192.020 shall be permitted without the Board of Aldermen's express approval of the related surveillance use plan. The Board of Aldermen may request review and recommendations from the Civil Rights Enforcement Agency (CREA), Division of Civilian Oversight, the Information Technology Department, the City Counselor's Office, or a functionally equivalent City organization prior to voting on a surveillance technology approval resolution and related surveillance use plan.

1. Resolutions and related surveillance use plans for the approval of new surveillance technologies may only be submitted to the Board of Aldermen between September 1 through January 15.

B. Prior to a vote on the resolution containing a surveillance use plan, the committee may request revisions be made by the submitting City entity as outlined in Section 15.192.030.C, to be considered as amendments at the next regularly scheduled or specially called committee meeting.

C. Upon submission of the SUP to the Clerk of the Board of Alderman and the respective committee chair, the President of the Board of Alderman shall assign the resolution with the SUP attached to the committee. The President of the Board shall make these assignments in a timely manner, so as they may be announced by the Clerk, no later than the second, subsequent regular meeting that the resolution was introduced.

1. Pursuant to Section 15.192.030.E, the resolution and the initial SUP shall be publicly noticed for twenty-one (21) days before a committee hearing is held to discuss the resolution and the SUP. The committee hearing, at which the opportunity for public testimony shall be required, shall be held within fourteen (14) days of the expiration of the public notice period.

2. After public testimony is taken on the resolution and the SUP pursuant to Sections 15.192.030.C.1 and 10, the committee shall take a vote on the resolution and SUP within fourteen (14) days, unless the committee requests additional information from the City entity or makes or requests changes to the resolution or SUP.

3. If the committee requests more information from the City entity or changes to the resolution or SUP, the City entity shall have a maximum of thirty (30) days to submit the requested information and changes and to provide the committee with comments on the proposed changes to the resolution or SUP. The City entity may request an extension beyond thirty (30) days by sending such request to the Chair of the committee and the Clerk of the Board with the date that the City entity will provide the requested information, documentation, or changes.

4. Upon receipt of the information, changes, and/or comments provided by the City entity, the committee shall make the provided information, changes, and comments available to the public, at a designated page on the City website.

5. The committee shall call a hearing within fourteen (14) days to review the information, changes, and/or comments provided by the City entity and take public testimony.

6. After public testimony is taken on the resolution and SUP pursuant to Section 15.192.030.C.5 and 10, the committee shall take a vote on the resolution and SUP within fourteen (14) days.

7. If the resolution and SUP are approved by the committee, the resolution and SUP shall advance to the full Board of Aldermen for a final vote, which shall be taken within thirty (30) days.

8. If the resolution and SUP are not approved by either the committee or the full Board of Aldermen:

a. Any existing contract involving a surveillance technology that was not approved for use pursuant to this chapter may continue to be honored in accordance with the terms of the contract and any ongoing criminal investigation utilizing said technology may continue until the investigation has concluded, but immediately cease once that investigation ends. However, the

surveillance technology shall not be used in future investigations upon the disapproval of the Board of Alderman.

b. The surveillance technology that was not approved may not be used, even if funds have been allocated for its acquisition, use, operation, or maintenance, including by the Board of Estimate and Apportionment.

9. Weekdays on which the Board of Aldermen is in recess, and weekend days following a Friday on which the Board of Aldermen is in recess, shall not count toward the time periods in Section 15.192.030.C that pertain to committee or Board of Aldermen hearings and votes.

10. All resolutions covered by this chapter shall be properly noticed pursuant to Chapter 610 of the Revised Statutes of Missouri ("Missouri Sunshine Law") before a committee hearing is held to discuss the resolution. Public testimony shall be required at all hearings mandated under Section 15.192.030.C if members of the public appear to give testimony or submit written testimony.

D. Surveillance use plan: A surveillance use plan submitted pursuant to this section shall be a publicly released, legally enforceable written report that includes, at a minimum, the following:

1. *General description.* Information describing the surveillance technology and how it works, including product descriptions from manufacturers.

2. *Purpose.* What specific purpose(s) the surveillance technology is intended to advance.

3. *Authorized use(s).* For what specific capabilities and uses of the surveillance technology is authorization being sought, including amounts to be acquired and deployed, expected geographic areas and durations, organizational partnerships, and Memorandums of Understanding (MOUs) and:

a. What legal and procedural rules will govern each authorized use, including where an application of surveillance technology requires a warrant;

b. What potential uses of the surveillance technology will be expressly prohibited; and

c. How and under what circumstances will surveillance data that was collected, captured, recorded, or intercepted by the surveillance technology be analyzed and reviewed.

4. *Deployment.* If the surveillance technology will not be uniformly deployed or targeted throughout the city, what factors will be used to determine the specific geographic targeting, and what measures will be taken to ensure such targeting is racially and economically neutral.

5. *Cost.* The fiscal impact of the surveillance technology, including costs of technology acquisition, operation, maintenance, personnel, and data storage, as well as all sources of funding and donations.

6. *Discriminatory impact avoidance.* What specific, affirmative measures will be implemented to safeguard the public from the potential discriminatory impacts of the technology, including without limitation what measures will be used to avoid biases in surveillance targeting and data collection.

7. *Data collection.*

a. What types of surveillance data will be collected, captured, recorded, intercepted, or retained by the surveillance technology;

b. What surveillance data may be inadvertently collected during the authorized uses of the surveillance technology, and what measures will be taken to minimize the inadvertent collection of data; and

c. How inadvertently collected surveillance data will be expeditiously identified and deleted.

d. How the City entity will ensure that, when it retains surveillance data, such retention will be in compliance with Section 15.192.030.D.9 of this chapter, and that when it collects surveillance data, it (1) shall not collect surveillance data concerning an individual where there is no reasonable suspicion that the individual is involved in criminal conduct or activity and the information is relevant to that criminal conduct or activity and (2) shall not collect criminal intelligence information about the political, religious or social views, associations, or activities of any individual or any group, association, corporation, business, partnership, or other organization unless such information directly relates to criminal conduct or activity and there is reasonable suspicion that the subject of the information is involved in criminal conduct or activity.

8. *Data protection.* What safeguards will be used to protect surveillance data from unauthorized access, including encryption and access control mechanisms, and what protocols will be put in place to authorize access and monitor who has access.

9. *Data retention.* What rules and procedures will govern the retention and deletion of surveillance data, including how it will be ensured that the schedule for retaining and deleting data aligns with the guidelines specified in RSMo 109.200—109.310 and how data

collected by the City entity as a result of the use of surveillance technology shall be stored in a manner such that it cannot be modified, destroyed, accessed or purged contrary to the Missouri Police Clerks records retention schedule.

10. *Surveillance data sharing.* If a City entity is seeking authorization to share access to surveillance technology or surveillance data with any other persons, city entities, or governmental entities, it shall detail:

a. Which persons, City entities, or other governmental entities will be approved for (i) surveillance technology sharing, and for (ii) surveillance data sharing;

b. How such sharing is necessary for the stated purpose and use of the surveillance technology;

c. How will it ensure any person, City entity, or other governmental entity approved for access to the surveillance technology or surveillance data complies with the applicable surveillance use plan and does not further disclose the surveillance data to unauthorized persons and entities; and

11. *Demands for Access to Surveillance Data.* What legal standard must be met by government entities or third parties seeking or demanding access to surveillance data.

12. *Training.* What training procedures will be implemented to ensure compliance with this chapter, the Revised Code of the City of St. Louis, and applicable federal and state laws and regulations.

13. *Auditing and oversight.* What mechanisms will be implemented to ensure the surveillance use plan is followed, including what independent or non-independent persons or entities will be given oversight authority, and what legally enforceable sanctions will be put in place for violations of the plan.

14. *Complaints.* What procedures will be put in place by which members of the public can register complaints or concerns, or submit questions about the deployment or use of a specific surveillance technology, and how the City entity will ensure each question and complaint is responded to in a timely manner.

E. In no event will access to surveillance technology be permitted to investigate, analyze, review, or gather information solely concerning any action or speech protected by the First Amendment to the United States Constitution. Additionally, in no event will access to surveillance technology be permitted to investigate, analyze, review, or gather information protected under HIPAA.

F. The committee hearing required pursuant to Section 15.192.020 may not be held until the required surveillance use plan has been available to the public, at a designated page on the City website, for a period of at least twenty-one (21) calendar days.

G. Open records: All complete and unredacted surveillance technology use plans shall be considered "open records" as permitted under the Missouri Sunshine Law.

H. Exceptions: Unless limitations are set forth in the surveillance technology use plan, the acquisition of additional units of surveillance technology, or the replacement of existing technology with like-kind units shall not be considered a modification to a plan requiring approval subject to the approval procedures of this chapter.

(Ord. No. 71842, § 3, 5-1-2024.)

15.192.040 Review of preexisting uses mandatory.

No later than one hundred fifty (150) days following the effective date of this chapter, any City entity seeking to continue the use of any surveillance technology that was in use prior to the effective date of this chapter, or the sharing of surveillance data therefrom, must commence a Board of Aldermen approval process in accordance with Section 15.192.020, and upon receipt of the required resolution and SUP, the Board of Aldermen must initiate the approval review process in accordance with the procedures and timelines set forth in Section 15.192.030. During this review process, the City entity may continue the use of the surveillance technology, until the technology is approved or rejected during the review process in accordance with Section 15.192.030.

(Ord. No. 71842, § 4, 5-1-2024.)

15.192.050 Lead entity identification.

If more than one (1) City entity will have access to the surveillance technology or surveillance data, a lead City entity shall be identified. The lead City entity shall be responsible for maintaining the surveillance technology and ensuring compliance with all related laws, regulations, and protocols.

(Ord. No. 71842, § 5, 5-1-2024.)

15.192.060 Standard for approval.

The Board of Aldermen shall only approve a request to fund, acquire, or use a surveillance technology if it determines the benefits of the surveillance technology outweigh its costs, that the proposal will safeguard

civil liberties and civil rights, and that the uses and deployments of the surveillance technology will not be based upon discriminatory or viewpoint-based factors or have a disparate impact on any community or group. During such analysis, the Board of Alderman shall decide on the approval of surveillance technology based on their compliance with the requirements of this chapter, notwithstanding the potential availability of third-party funding. To assist the public in participating in such an analysis, all approved surveillance use plans shall be made available to the public, at a designated page on the relevant City entity's public website, for as long as the related surveillance technology remains in use. Approval for the funding, acquisition, and/or use of a surveillance technology by the Board of Aldermen, where the risk of potential discriminatory impacts on civil liberties or civil rights has been identified in the surveillance use plan, shall not be interpreted as an acquiescence to such impacts, but rather as an acknowledgment that a risk of such impacts exists and must be proactively avoided.
(Ord. No. 71842, § 6, 5-1-2024.)

15.192.070 Annual surveillance reports.

A. For each surveillance technology approved pursuant to this chapter, the lead City entity must submit an annual report detailing its use during the preceding calendar year to the Clerk of the Board of Aldermen and Chair of the respective committee on or before February 28 of each year. All annual surveillance reports shall be considered an "open record" under the Missouri Sunshine Law as permitted by law and shall be posted on the City entity's website within five (5) days of submission for at least one (1) calendar year.

B. All annual surveillance reports shall contain the following information:

1. A summary of how the surveillance technology was used, including frequency of use, numbers deployed, and duration of use;

2. Whether and how often collected surveillance data was shared with and received from any external persons or entities, the name(s) of any recipient or entity, the type(s) of data disclosed, under what legal standard(s) the information was disclosed, and the justification for the disclosure(s);

3. Where applicable, a breakdown of where the surveillance technology was deployed geographically, by individual census tract as defined in the relevant year by the United States Census Bureau, ward boundary, neighborhood boundary, or St. Louis Metropolitan Police Department district as applicable.

4. A breakdown of how many surveillance technology deployments were utilized in pursuit of a crime/an active criminal investigation, and the classification of the offense.

5. The number of surveillance technology requests submitted by Alderpersons per ward.

6. A summary of complaints or concerns that were received about the surveillance technology with no identifying personal information;

7. The results of any internal audits, any information about violations of the surveillance use plan, and any actions taken in response;

8. A good faith effort of an analysis of any discriminatory, disparate, and other adverse impacts the use of the technology may have had on the public's civil rights and civil liberties, including but not limited to those guaranteed by the First, Fourth, and Fourteenth Amendment to the United States Constitution; and

9. For the preceding fiscal year, an annual budget spending report detailing, by line item, all expenditures on surveillance technologies and the specific sources of funding or resources, both internal and external, for surveillance technologies.

10. Total annual costs for the surveillance technology, including personnel and other ongoing costs, and what source of funding will fund the technology in the coming year.

11. For purposes of this section, "external persons and entities" shall not include specifically identifying persons acting in their individual capacities.
(Ord. No. 71842, § 7, 5-1-2024.)

15.192.080 Remedies; discipline; whistleblower protections; exclusionary rule; deletion/destruction requirement.

A. Unless prohibited by state law, federal law, the Missouri Constitution, or the Missouri Supreme Court rules and procedures, any violation of this chapter, including but not limited to funding, acquiring, or utilizing surveillance technology that has not been approved pursuant to this chapter or utilizing surveillance technology in a manner or for a purpose that has not been approved pursuant to this chapter, constitutes an injury and any person may institute any and all avail-

able civil legal proceedings, including but not limited to actions for damages in any court of competent jurisdiction to enforce this chapter.

B. Unless prohibited by state law, federal law, the Missouri Constitution, or the Missouri Supreme Court rules and procedures, a court shall award costs and reasonable attorneys' fees to the plaintiff who if they are the prevailing party in an action brought to enforce this chapter.

C. City employees or agents, except in response to a declared municipal, state, or federal state of emergency, shall not use any surveillance technology except in a manner consistent with policies approved pursuant to the terms of this chapter.

D. Should an employee or agent of a City entity violate any provisions of this Act, the City entity shall take appropriate disciplinary action against the employee or agent, subject to and in accordance with the provisions of the RSMo 590.502, RSMo 84.341, Civil Service Rule IX, and all applicable Department of Personnel Regulations.

E. Whistleblower protections: In accordance with provisions of Civil Service Rule IX, Chapter 15.14 of the City Code, and all applicable Department of Personnel Regulations, no City entity or anyone acting on behalf of a City entity may take or fail to take, or threaten to take or fail to take, a personnel action with respect to any employee or applicant for employment, including but not limited to discriminating with respect to compensation, terms, conditions, access to information, restrictions on due process rights, privileges of employment, or civil or criminal liability, because the employee or applicant was perceived to, about to, or assisted in any lawful disclosure of information concerning the funding, acquisition, or use of a surveillance technology or surveillance data to any relevant city agency, city law enforcement, prosecutorial, or investigatory office, or Alderman, based upon a good faith belief that the disclosure evidenced a violation of this chapter.

F. Exclusionary rule; deletion/destruction requirement: Unless prohibited by state law, federal law, the Missouri Constitution, the Missouri Supreme Court rules and procedures:

1. Any data or other information created or collected in contravention of this chapter, and any data or information derived therefrom, shall be immediately deleted and destroyed, and may not:

a. Be offered as evidence by any City government entity, agency, department, prosecutorial office, or any other subdivision thereof, in any criminal or civil action or proceeding against any member of the public, except as evidence of the violation of this chapter; or

b. Be voluntarily provided to another person or entity for use as evidence or for any other purpose.

2. Notwithstanding the above, if, upon the discovery of data or other information that was created or collected in contravention of this chapter, it appears such data or information may be material to the defense in a criminal prosecution, a copy of the relevant, potentially material data or other information shall be turned over to the defendant before it is deleted and destroyed, except where prohibited by local, state, or federal law.

G. Nothing in this chapter, this section, or the administration or application thereof shall be construed to create a right of action between private parties.

(Ord. No. 71842, § 8, 5-1-2024.)

15.192.090 Use of unapproved surveillance technology in exigent circumstances.

A. A City entity may temporarily acquire, or temporarily use, surveillance technology in exigent circumstances without following the provisions of this chapter provided that the City entity does all of the following:

1. Use the surveillance technology to solely respond to the exigent circumstances;

2. Cease using the surveillance technology within thirty (30) calendar days, or when the exigent circumstances end, whichever is sooner. If an exigent circumstance lasts longer than thirty (30) days, the City entity shall request an extension of no more than thirty (30) days from the Board of Aldermen. Multiple extensions may be individually requested if exigent circumstances so require;

3. Keep and maintain only data related to the exigent circumstances and dispose of any data that is not relevant to an ongoing investigation, unless its retention is:

a. Necessary to address the exigent circumstance;

b. Authorized by a court based on a finding of probable cause to believe the information constitutes evidence of a crime; or

c. Otherwise required by law;

4. Not disclose to any third party any information acquired during exigent circumstances unless such disclosure is:

a. Authorized by a court based on a finding of probable cause to believe the information constitutes evidence of a crime; or

b. Otherwise required by law; and

5. Within forty-five (45) days of the conclusion of the exigent circumstances submit a written report to the Board of Aldermen identifying the exigent circumstances and the surveillance technology acquisition and/or use;

B. Any surveillance technology temporarily acquired in exigent circumstances shall not be used following the end of exigent circumstances unless approved by the Board of Aldermen pursuant to Section 15.192.030.

16.04.010 Membership.

A Parole Committee consisting of three members of the Board of Adult Welfare Services, as designated in the City Charter, Section 14A(e), shall have authority to grant paroles to any persons convicted before one of the City Courts. (1960 C., § 178.010; 1994 C., § 16.04.010; Ord. No. 49569, § 1, 1959.)

16.04.020 Terms.

The terms of office of the members of the Parole Committee shall be for such period of time as designated by the Board of Adult Services, but in no event shall the term of any member of the Parole Committee exceed the time remaining for the designated member's term on the Board of Adult Services. (1960 C., § 178.020; 1994 C., § 16.04.020; Ord. No. 49569, § 2, 1959.)

16.04.030 Organization—Rules.

The Parole Committee shall, as soon as practicable after its appointment, organize by the selection of one of its members as Chairman, who shall preside at all meetings of the Parole Committee and who shall have authority to delegate to either the Commissioner of Adult Services or to the Chief Parole and Probation Officer the right and responsibility of signing all requisitions for supplies and drafts upon any fund appropriated for the Parole Committee's use. The Parole Committee shall adopt a set of rules for its government generally and setting standards determining its granting of paroles. (1960 C., § 178.030; 1994 C., § 16.04.030; Ord. No. 49569, § 3, 1959.)

16.04.040 Chief Parole and Probation Officer.

The Commissioner of Adult Services shall appoint the Chief Parole and Probation Officer and as many stenographers and assistant parole and probation officers as necessary to perform the duties of the investigation of, and report concerning all cases referred for parole and probation, and for the duties relating to the supervision of all persons placed on parole and probation either by the Parole Committee or by one of the judges of the City Courts. (1960 C., § 178.040; 1994 C., § 16.04.040; Ord. No. 49569, § 4, 1959.)

16.04.050 Meetings—Quorum.

The Parole Committee shall hold regular meetings at least once a month in the office of the warden of the City Workhouse. It shall hold as many special meetings as it may deem proper. Two members of the Parole Committee shall constitute a quorum for the transaction of business, and an affirmative vote of at least two of its members shall be necessary to authorize any action of the Parole Committee. (1960 C., § 178.050; 1994 C., § 16.04.050; Ord. No. 49569, § 5, 1959.)

16.04.060 Recommendations for parole.

The Commissioner of Adult Services shall have power to inquire into the nature of any case brought before one of the City Courts, and may recommend in

writing to the Parole Committee that any person convicted in the City Court be paroled by the Parole Committee. (1960 C., § 178.060; 1994 C., § 16.04.060; Ord. No. 49569, § 6, 1959.)

16.04.070 City Workhouse inspection.

The Parole Committee shall, at least once a month, visit and inspect the City Workhouse and note the manner of conducting the workhouse and the treatment accorded prisoners. The visit and inspection may take place on the same day as the Parole Committee is holding its regular monthly meeting. (1960 C., § 178.070; 1994 C., § 16.04.070; Ord. No. 49569, § 7(part), 1959.)

16.04.080 Reports—Rights of access.

The Parole Committee shall make an annual report to the Commissioner of Adult Services. The Parole Committee shall make recommendation of amendments to the ordinances governing parole and probation as shall seem wise and expedient. The Parole Committee and the probation and parole officers shall at all times have complete access to all police stations, prisons, eleemosynary institutions and the City Jail and City Workhouse, and have the right to investigate fully, all cases of persons confined therein, and to consult with such persons at any and all times subject, however, to the rules and regulations governing the institutions. (1960 C., § 178.080; 1994 C., § 16.04.080; Ord. No. 49569, § 7(part), 1959.)

16.04.090 Parole and probation officers—Bonds.

The parole and probation officers shall give their full time to the performance of their duties. The Chief Parole and Probation Officer shall give bond to the City, to be approved by the Comptroller, in the sum of one thousand dollars, and the assistant parole and probation officers shall give a bond in the sum of five hundred dollars each, all of the bonds being conditioned on faithful performance of all the duties of the respective officers. (1960 C., § 178.090; 1994 C., § 16.04.090; Ord. No. 49569, § 8, 1959.)

16.04.100 Parole and probation officers—Duties.

The parole and probation officers appointed pursuant to this chapter shall not only perform the duties prescribed in this chapter, but shall also perform the duties assigned to them by a judge of the City Courts under authority of an ordinance establishing a system of probation in the City Courts, and defining the powers and duties of the courts and of the parole and probation officers in relation to the same and providing for the detention of habitual delinquents with a view to reform and cure. (1994 C., § 16.04.100; Ord. No. 49569, § 9, 1959.)

16.08.100 Powers of parole and probation officers.

16.08.010 City court powers.

The City Courts shall have power to place on probation, under the charge and supervision of officers to be known as parole and probation officers, persons convicted of a violation of any of the City ordinances. The officers shall be the parole and probation officers appointed under authority of Chapter 16.04 by the Commissioner of Adult Services. (1948 C., Ch. 52, § 11; 1960 C., § 179.010; 1994 C., § 16.08.010; Ord. No. 49570, § 1(part), 1959.)

16.08.020 When allowed.

When any person of previous good character shall be convicted of a violation of a City ordinance and a fine shall have been imposed therefor, the City Court before which the conviction was had, if satisfied that the person, if permitted to go at large, will not again violate the laws, may in its discretion by order of record recall the issuance of, or stay, the execution for a period of time and on terms and conditions as it shall determine and place the person on probation under the charge and supervision of a parole and probation officer during the stay of execution. Upon satisfying the execution either by paying the same in money or by discovering to the City Marshal sufficient goods or chattels the property of the person, whereupon to levy

the execution for debt and costs, the judgment shall be deemed satisfied and the probation cease, and the record in the court shall so show. The court may permit the persons to go and remain at large until the period of probation is terminated; provided, further, that the court shall not have power to recall any execution after the convicted person has been confined in the workhouse. (1948 C., Ch. 52, § 12; 1960 C., § 179.020; 1994 C., § 16.08.020.)

City Counselor Ops.: 10136

16.08.030 Termination.

When any person shall be placed on probation under Section 16.08.020, the court granting the probation, or the judge thereof in vacation, may terminate the probation at any time without notice to the person by simply directing the clerk of the court to issue execution on the judgment and to deliver the same to the City Marshal together with a certificate that the person has been on probation, and that his probation has been terminated, and it shall be the duty of the City Marshal upon receipt of the execution and certificate immediately to arrest the person and to deliver him to the person appointed to convey prisoners to the workhouse, in the same manner as if no probation had been granted, and it shall be deemed a condition upon which any person accepts the benefits of being placed under probation in accordance with this chapter that the time that the person shall have been at large upon probation shall not be deducted from the time to be served by him in working out any fine imposed upon him nor counted as a part of the term of his imprisonment, but the time for his imprisonment shall be calculated from the date of his delivery to the warden of the City Workhouse. (1948 C., Ch. 52, § 13; 1960 C., § 179.030; 1994 C., § 16.08.030.)

City Counselor Ops.: 10136

16.08.040 Conditions.

When a City Court stays the issuance of, or recalls its execution against any person and places the person on probation, it shall determine the conditions and period of probation, which shall be such as the court shall in its discretion prescribe. The court, or the judge thereof, may modify the conditions and period of probation and may at any time discharge the probationers from further custody. Should a probationer evade surveillance or depart from the jurisdiction of the court without permission of the court or the judge thereof, the time during which the probationer keeps his whereabouts concealed or remains outside the jurisdiction of the court shall not be deducted from his term of probation nor count as a part thereof. The probationer shall enter into such promises and conditions as may be imposed by the court, under oath administered either by the court or the clerk thereof, and under the seal of the court provided for such purposes, and a copy of the promises and conditions shall be furnished to the probationer. (1948 C., Ch. 52, § 14; 1960 C., § 179.040; 1994 C., § 16.08.040.)

16.08.050 Reserved.

Editor's Note:

Ord. No. 71934, § 7, approved November 26, 2024, amended the Code by repealing former § 16.08.050, which pertained to habitual delinquents, and derived from the 1948 Code, Ch. 52, § 15; the 1960 Code, § 179.050; and the 1994 Code, § 16.08.050.

16.08.060 Probationer—Defined—Duties.

The term "probationer" shall mean a person placed on probation. It shall be the duty of the probationer under the provisions of Section 16.08.020 to appear during the continuance of the term of probation, as often and when and where the court shall direct, and give satisfactory evidence to the judge or to the parole and probation officer thereof that he is complying with all the conditions of such probation and living as a peaceable and law-abiding citizen. (1948 C., Ch. 52, § 16; 1960 C., § 179.060; 1994 C., § 16.08.060.)

16.08.070 Discharge—Granting.

When any person who has been placed on probation under the foregoing provisions of this chapter shall have been at large during the entire term of the probation and the court granting the probation shall be satisfied that the reformation of the person is complete and that he will not again violate the law, the court may in its discretion by order of record grant the person an absolute discharge. The order of discharge shall recite the fact that the person has earned the discharge by good behavior. (1948 C., Ch. 52, § 17; 1960 C., § 179.070; 1994 C., § 16.08.070.)

16.08.080 Discharge—Payment of fines and costs.

It shall be the duty of the court to require the probationer to pay to the City Marshal the costs that have accrued in the cause and also to pay, before his final discharge, any fine or part of fine that has been

imposed by the court as a condition of the probation. (1948 C., Ch. 52, § 18; 1960 C., § 179.080; 1994 C., § 16.08.080.)

16.08.090 Pending appeal.

No probation shall be granted in any case while an appeal is pending in such case. (1948 C., Ch. 52, § 19; 1960 C., § 179.090; 1994 C., § 16.08.090.)

16.08.100 Powers of parole and probation officers.

Every parole and probation officer may require reports from probationers under his care as are reasonable and necessary and not inconsistent with the conditions imposed by the court or judge, and whenever any person is placed on parole by the Mayor pursuant to Section 1 of Article VII of the Charter or by the Parole Committee of the City, or on probation by one of the City Courts, or by a judge thereof in vacation, and the person violates any one of the terms or conditions of his parole or of his probation, and the terms of the parole or the terms of the probation are known by any parole or probation officer who sees the violation thereof, the parole and probation officer shall have the power and authority forthwith to arrest the person so violating his parole or probation and to deliver the person into the custody of the City Marshal for the execution of the judgment against the person; but the City Marshal shall first bring the person before the court or judge that originally imposed the fine upon the person or which originally granted him probation. If the court or judge shall, upon hearing, find the fact to be that he has violated the terms or conditions of his parole or probation, then the City Marshal shall, upon the written order of the court or judge, proceed in the execution of the judgment against the person. In case the violation of the terms or conditions of such parole or probation is not observed in person by any parole or probation officer but in any way is made known to the Mayor or to the Parole Committee who granted the parole, or to the court or the judge who granted the probation, the same may be revoked by the person or authority who granted the same and without notice to the person paroled or on probation and upon written order from the person or authority so revoking the parole or probation, any parole and probation officer may arrest a violator of his parole or probation, as aforesaid, and deliver the person into the custody of the City Marshal for the execution of the judgment against him; but the City Marshal shall first bring the person before the court or judge that originally imposed the fine upon the person, or which originally granted him probation, and if the court or judge shall upon hearing find the fact to be that he has violated the terms or conditions of his parole or probation, then the City Marshal shall, upon the written order of the court or judge, proceed in the execution of the judgment against the person. Every person who accepts a parole by the Mayor or the Parole Committee, or the benefit of being placed on probation by one of the City Courts, or by a judge thereof in vacation, shall be deemed to have accepted the conditions of this section as to arrest by a parole and probation officer and revocation of parole or probation as one of the conditions on which the clemency has been granted to him. (1948 C., Ch. 52, § 20; 1960 C., § 179.100; 1994 C., § 16.08.100; Ord. No. 49570, § 1(part), 1959.)

16.12.040 Title.

Sections 16.12.040—16.12.070 shall be known as the "Correctional and Detention Facilities Access Act." (Ord. No. 71878, § 1, 7-31-2024)

16.12.050 Definitions.

Access means a physical appearance within a Detention Facility.

Authorized Individual means employees of the Division of Corrections and the Department of Public Safety; the Mayor; the President and members of the Board of Aldermen; municipal and circuit court judges; the City Counselor; and members and staff of commissions and oversight boards related to oversight of Detention Facilities. Supervisees of all above-named authorized individuals, who in their official and regular capacity are employed or work for an authorized individual, shall be authorized to access correctional centers as long as their supervisor is present. the total number that an authorized individual may bring into a facility shall not exceed four (4) other individuals, who shall be any clergymen of every recognized denomination, attorneys, or supervisees, with them when they visit the Detention facility.

Clergy means a duly-ordained minister, clergy person, religious worker, or faith-based practitioner of any denomination while functioning in their ministerial capacity.

Detention Facility means any jail, detention, or correctional facility owned or operated by the City, or any jail, detention, or correctional facility owned or operated by another party where detainees are housed for the City.
(Ord. No. 71878, § 2, 7-31-2024)

16.12.060 Permitted Accessors to City Detention Facilities.

A. Except as provided in subsection B and C of this section, no person shall be permitted to access a detention facility except by special permission given by the Mayor, the Director of the St. Louis Department of Public Safety, the Commissioner of the St. Louis Corrections Division, the Warden of the detention facility, by any relevant policies of the aforementioned officers, or by any other permissions granted by ordinances.

B. An authorized individual may access a detention facility every day between the hours of 8:00 a.m. and 7:00 p.m. without restrictions or advance notice. Access for an authorized individual between the hours of 7:00 p.m. and 8:00 a.m. may be arranged with the Commissioner or Sheriff with at least one (1) hour's notice provided by the authorized individual. Notice may be provided by telephone call to the detention facility, Office of the Commissioner, or Sheriff's Office, or by electronic mail or request where available. No physical space within or around the detention facility shall be off limits to an authorized individual who is accessing the detention facility, unless there is a demonstrable and significant emergency or unless medical services are actively being provided to a detainee. In the showering area, authorized individuals may not enter that area while a detainee is using the area.

C. An authorized individual shall be permitted to ask detainees about the conditions of the detention facility and treatment by staff, but an authorized individual may not ask a detainee about any individual litigation that they may be pursuing.

D. In the event that an authorized person is denied access to any space within a detention facility the Commissioner of the Department of Corrections shall notify such person in writing that their access has been denied and the specific reasons why their access was denied. Said notice shall be considered an open, public record and subject to disclosure as provided for public records in Missouri's Sunshine Law, Chapter 610 of the Revised Missouri Statutes. The Division of Corrections shall have thirty (30) days to promulgate a standardized form that documents denials from the time the ordinance from which these sections derives takes effect.
(Ord. No. 71878, § 3, 7-31-2024)

16.12.070 Penalty for Violation.

A. An authorized individual aggrieved under this section may initiate any petition, motion, writ, or other legal action in the Twenty-Second Judicial Circuit Court, naming a detention facility staff member not acting under the direction of the Commissioner or Sheriff as the defendant. If a judge of the Twenty-Second Judicial Circuit Court, adduces after a presentation of the evidence that the detention facility staff member not act-

ing under the direction of the Commissioner or Sheriff has violated the provisions under this chapter, said judge shall be authorized to assess a civil fine of not less than one hundred dollars ($100.00) nor more than five hundred dollars ($500.00) against said detention facility staff member not acting under the direction of the Commissioner or Sheriff, if they have been found to have violated these sections. The judge shall also award restitution to the aggrieved party at a reasonable rate commensurate with the prevailing party's attorney's billable rate or salary.

B. An authorized individual aggrieved under this section may initiate any petition, motion, writ, or other legal action in the Twenty-Second Judicial Circuit Court, naming a Detention Facility staff member not acting under the direction of the Commissioner or Sheriff as the defendant. If a judge of the Twenty-Second Judicial Circuit Court, adduces after a presentation of the evidence that the detention facility staff member not acting under the direction of the Commissioner or Sheriff has violated the provisions under this chapter, said judge shall be authorized to assess a civil fine of not less than one hundred dollars ($100.00) nor more than five hundred dollars ($500.00) against said detention facility staff member not acting under the direction of the Commissioner or Sheriff, if they have been found to have violated these sections. The judge shall also award restitution to the aggrieved party at a reasonable rate commensurate with the prevailing party's attorney's billable rate or salary. Employees and staff members working for the Division of Corrections or the Sheriff's Office shall receive training from the Commissioner or Sheriff to inform them of this section and potential penalties, including fines.

16.16.020 Appointment of warden and subordinates.

The Commissioner of Adult Services is authorized to appoint, in accordance with the City Charter and the City ordinances, one warden and other subordinates for the conduct and management of the municipal workhouse, whose duties shall be those pertaining to their respective titles, and other duties as may be required of them by the Commissioner of Adult Services. (1948 C., Ch. 52, § 25; 1960 C., § 200.020; 1994 C., § 16.16.020; Ord. No. 49619, § 1(part), 1959.)

16.16.030 Duties of warden.

The warden of the workhouse shall have the control and management of the workhouse, and it shall be his duty:

A. To see that all laws and ordinances relating to the workhouse are fully and faithfully enforced;

B. To exercise a general supervision over the officers and employees connected with the workhouse and the management thereof;

C. To prescribe the kind of labor at which and the place where all the prisoners in the workhouse shall be employed;

D. To establish rules and regulations generally for the government and management of the workhouse as he may deem proper, not contrary to or inconsistent with the provisions of this chapter, and to cause the same to be printed and posted in each and every department of the workhouse;

E. To have the care and custody of the workhouse and the grounds, enclosures, fixtures, appurtenances and tools, and all property pertaining thereto, and of all persons pertaining thereto, and of all persons confined therein, and daily to visit all departments thereof and see if the same are properly cleaned and in good order;

F. To attend to the management of the prisoners and guards; to see personally that the prisoners are employed at the places and the work directed by the Board of Public Service; to see personally that the guards do their duty; to attend to the safekeeping of the prisoners; to see that the prisoners are properly lodged and fed, and to report to the Mayor at the end of each month the amount and description of work done by the prisoners, the amount of the stock on hand produced by their labor, the amount produced during the month and the amount sold during the month; the condition of the property of the City connected with the workhouse and such other facts as may be required;

G. To deliver to his successor in office all prisoners confined in the workhouse and all property of the City connected therewith. (1948 C., Ch. 52, § 26; 1960 C., § 201.010; 1994 C., § 16.16.030; Ord. No. 62894, § 1, 1993.)

16.16.040 Record of prisoners.

The warden shall receive all persons committed to the workhouse by the Marshal and register in a book, to be kept for that purpose, the name, age, height, color, place of birth of each prisoner received, and such other facts as may be necessary, and the number of times the prisoner has been committed. (1948 C., Ch. 52, § 27; 1960 C., § 201.020; 1994 C., § 16.16.040.)

16.16.050 Account of work.

The warden shall keep an accurate account of days worked by each prisoner, and also keep a daily account of the number of prisoners on hand and the work at which they have been employed. (1948 C., Ch. 52, § 28; 1960 C., § 201.030; 1994 C., § 16.16.050.)

16.16.060 Termination of confinement.

The warden shall note when the time of any prisoner is out, or such prisoner is otherwise legally entitled to his discharge, upon his books. (1948 C., Ch. 52, § 29; 1960 C., § 201.040; 1994 C., § 16.16.060.)

16.16.070 Monthly requisitions for supplies.

It shall further be the duty of the warden of the workhouse to prepare and submit at the end of each month to the Supply Commissioner a full and detailed requisition of the necessary supplies for the workhouse, such as provisions, clothing, tools, provender for horses, and other articles as may be required for the use of the institution for the next ensuing month. (1948 C., Ch. 52, § 31; 1960 C., § 201.050; 1994 C., § 16.16.070.)

16.16.080 Meals.

The warden shall also supervise the cooking and providing of meals for the prisoners and see that they have sufficiently good and wholesome food and that their sleeping apartments are properly cleaned and ventilated, and to attend to all other duties that may be required of him by the Director of Welfare and the Commissioner of Adult Services. (1948 C., Ch. 52, § 32; 1960 C., § 201.060; 1994 C., § 16.16.080; Ord. No. 50123, § 1(part), 1960.)

16.16.090 Food for guards and employees.

The warden shall provide suitable food for the guards and employees of the workhouse, and the requisitions for such food shall be made in the same manner as prescribed in Section 16.16.070, but separate accounts shall be kept by the Supply Commissioner and warden of the workhouse of the supplies furnished under this section, but no compensation therefor shall

be allowed the warden or other officers of the institution other than their lawful salaries. (1948 C., Ch. 52, § 33; 1960 C., § 201.070; 1994 C., § 16.16.090.)

16.16.100 Executions.

Whenever the Marshal shall commit any person to the workhouse, he shall endorse upon the execution the amount of money or other property that he may have in his hands, belonging to the prisoner, and shall deliver to the warden a copy of the execution under which the commitment takes place, and the endorsement thereon. The warden shall endorse a receipt for the prisoner on the execution held by the Marshal. The warden shall then enter in a book the executions and endorsements thereon, and the number of days' labor which the prisoner must give to discharge the execution and costs. (1948 C., Ch. 52, § 34; 1960 C., § 206.020; 1994 C., § 16.16.100; Ord. No. 50123, § 1(part), 1960.)

16.16.110 Effects of prisoners.

Upon receipt of any prisoner, the warden shall divest him of all articles of value, and all unnecessary wearing apparel, and all such articles shall be registered in a book and returned to the owner upon his being discharged. (1948 C., Ch. 52, § 35; 1960 C., § 206.030; 1994 C., § 16.16.110.)

City Counselor Ops.: 7866

16.16.120 Employment of prisoners.

The warden shall, so far as possible, keep all prisoners committed to the workhouse employed at useful and profitable labor as their health and strength will permit, eight hours each day; but no prisoner shall be required to work before sunrise or after sunset, except in extraordinary cases; provided, that prisoners shall not be employed on any work of the City or on any public or private work which employment takes them outside the boundaries of the workhouse property. (1948 C., Ch. 52, § 36; 1960 C., § 202.010; 1994 C., § 16.16.120.)

City Counselor Ops.: 9497, 9622

16.16.130 Sale of brooms and brushes made in penal institutions—Prohibited.

No official, either elective or appointive, nor any agent or employee of the City, shall sell, barter or exchange any brooms or brushes manufactured in whole or in part by inmates of any penal institution maintained by the City. (1948 C., Ch. 52, § 37; 1960 C., § 211.010; 1994 C., § 16.16.130.)

16.16.140 Sale of brooms and brushes made in penal institution—Penalty for violation.

Any official, either elective or appointive, or any agent or employee of the City, who shall violate any of the provisions of Section 16.16.130 shall be guilty of a misdemeanor. (1948 C., Ch. 52, § 38; 1994 C., § 16.16.140.)

16.16.150 Use of brooms and brushes.

Nothing in Sections 16.16.130 and 16.16.140 shall be so construed as to prohibit the use in any building or plants maintained, occupied or operated by the City of brooms or brushes as specified in Section 16.16.130. (1948 C., Ch. 52, § 39; 1960 C., § 211.020; 1994 C., § 16.16.150.)

16.16.160 Accounts.

The warden shall cause to be kept in proper books, a daily account of the number of prisoners on hand, and the work at which they have been employed. All bills against the workhouse shall be signed by the warden, and his accounts so certified shall be audited by the Comptroller, in the same way other accounts are audited, and he shall draw his warrant on the Treasurer for such amounts, payable out of the appropriation for the workhouse. (1948 C., Ch. 52, § 40; 1960 C., § 201.080; 1994 C., § 16.16.160.)

16.16.170 Discipline.

Any person who shall refuse to work, or who shall behave in a riotous or disorderly manner, or shall resist or attempt to escape from the workhouse, may be confined in a cell alone, which, however, shall be supplied with light and air, and may be fed on bread and water until he consents to perform his duty; but the Mayor shall have power to control the warden in the extent and manner of punishment. (1948 C., Ch. 52, § 41; 1960 C., § 203.010; 1994 C., § 16.16.170.)

City Counselor Ops.: 8065

16.16.180 Escapes—Notice.

Whenever any prisoner shall escape from the workhouse, the warden shall immediately notify the Mayor and the Chief of Police thereof and shall furnish the latter with a description of the fugitive, and a statement of the manner of escape, and if he fails so to do within twenty-four hours after the escape, he shall be liable for the amount of fines and costs due from the prisoner. (1948 C., Ch. 52, § 42; 1960 C., § 205.010; 1994 C., § 16.16.180.)

City Counselor Ops.: 8065

16.16.190 Escapes—Penalty.

Any prisoner escaping from the workhouse shall forfeit the time he may have labored therein; and upon being retaken, shall work out the whole amount for which he was originally committed, and the cost of boarding for the whole time. (1948 C., Ch. 52, § 43; 1960 C., § 205.020; 1994 C., § 16.16.190.)

City Counselor Ops.: 8065

16.16.200 Forfeitures and credits of prisoners.

Any prisoner who may be placed in solitary confinement, or may refuse to perform his task, shall not be allowed a credit for the time of such confinement or refusal, and the cost of this boarding during the time of such confinement or refusal shall be added to the amount for which he was committed, and worked out by him. If any prisoner shall be sick and unable to work, he shall be allowed his time as though he had worked, but the amount of his board shall be charged to him. If the weather should be so inclement that the prisoners cannot work, those who cannot be kept at work for that reason shall, nevertheless, be allowed a credit as though they had worked, but their board for such time shall be charged to them. (1948 C., Ch. 52, § 44; 1960 C., § 203.040; 1994 C., § 16.16.200.)

16.16.210 Credits for satisfactory work and good behavior.

The warden of the City Workhouse, subject to the approval of the Commissioner of Adult Services and of the judges of the City Courts, may establish and amend from time to time rules and regulations whereby prisoners sentenced to the workhouse for violations of City ordinances who serve in an orderly and peaceable manner according to the rules and regulations may be discharged after serving three-fourths of the time for which he may have been sentenced in the same manner as if the prisoner had served the full time for which sentenced. (1948 C., Ch. 52, § 44(a); 1960 C., § 207.010; 1994 C., § 16.16.210; Ord. No. 49619, § 1(part), 1959; Ord. No. 47771, 1956.)

16.16.215 Direction of felons to work assignment.

The correctional superintendents of the medium security institution and the City Jail, insofar as practicable, shall direct felons confined to their respective institutions after sentencing to work within their respective institution at appropriate positions. (1960 C., § 207.020; 1994 C., § 16.16.215; Ord. No. 57287, § 1, 1976.)

16.16.217 Release of working felons—Completion of three-fourths of sentence required.

After certified approval of the Commissioner of Adult Services and the correctional superintendents of the medium security institution or the City Jail that a working felon has served three-fourths of the time for which he may have been sentenced in an orderly and peaceable manner, he shall be discharged in the same manner as if the prisoner had served the full time for which sentenced. (1994 C., § 16.16.217; Ord. No. 57287, § 2, 1976.)

16.16.220 Discharge.

Any prisoner may at any time pay the warden the amount of execution and costs, or balance due thereon, after deducting credits as he may be entitled to, and upon payment, or upon any prisoner working out his fine and costs, or if he should be otherwise legally entitled to his discharge, the warden shall give the prisoner a printed or written discharge and set the same at liberty. The prisoners shall each be allowed three dollars per day for their work. (1948 C., Ch. 52, § 46; 1960 C., § 206.010; 1994 C., § 16.16.220; Ord. No. 50123, § 1(part), 1960.)

Charter:

Art. IV § 24 Fines and imprisonment

16.16.230 Prisoner interviews.

No person except the Mayor, members of the Board of Aldermen, Director of Welfare, Commissioner of Adult Services, and officers of the workhouse, shall hold any interview with any prisoner, except upon permit of the warden, Mayor, Director of Welfare, or Commissioner of Adult Services. (1948 C., Ch. 52, § 47; 1960 C., § 203.020; 1994 C., § 16.16.230; Ord. No. 50123, § 1(part), 1960.)

16.16.240 Separate apartments.

The warden shall not permit any male and female persons to occupy the same apartments. (1948 C., Ch. 52, § 48; 1960 C., § 203.030; 1994 C., § 16.16.240; Ord. No. 50491, § 1, 1961.)

16.16.250 Sick prisoners.

Whenever any prisoner is sick, the warden shall notify the Hospital Commissioner of the fact, who shall thereupon detail one of the physicians of the Hospital Department to visit the sick prisoner, and furnish the prisoner with proper medicine and medical attendance, and the warden shall see that the prisoner is properly nursed and attended, and the cost of all med-

icines, nursing and attendance shall be allowed as other expenses of the workhouse. (1948 C., Ch. 52, § 49; 1960 C., § 204.010; 1994 C., § 16.16.250.)

16.16.260 Diets.

It shall be the duty of the physician employed under the authority of Section 16.16.020 to visit the eating rooms of the prisoners of the workhouse during meal time, at least once each week or oftener if he shall deem it necessary, and he shall make a careful examination of the food furnished the prisoners, and if, in his opinion, the food of the prisoners be not sufficient or of the proper quality, he shall make to the Commissioner of Adult Services recommendations for a change of diet as may be requisite for the health of the prisoners. The Commissioner of Adult Services shall direct the warden to change the diet of the prisoners in accordance with this recommendation. The Hospital Commissioner shall also forward to the Mayor a copy of his recommendation in relation to the diet of the prisoners, and he shall also report to the Mayor any failure on the part of the warden of the workhouse in carrying out his recommendations. (1948 C., Ch. 52, § 50; 1960 C., § 204.020; 1994 C., § 16.16.260; Ord. No. 49619, § 1(part), 1959.)

16.16.270 When prisoners removed to hospital.

Whenever the warden of the workhouse is of the opinion that any prisoner confined in the workhouse is sick or injured, and cannot receive proper treatment while confined, he shall notify the Hospital Commissioner of the fact, who thereupon shall give the warden of the workhouse a receipt for the prisoner and have the prisoner removed to the City Hospital for treatment, provided that in his judgment it is proper so to do. Should the prisoner recover his health or recover from his injuries sufficiently to be able to work, he shall be recommitted to the workhouse and shall work out the remainder of his time. (1948 C., Ch. 52, § 51; 1960 C., § 204.030; 1994 C., § 16.16.270.)

16.16.280 Venereal diseases.

All persons, upon conviction of a misdemeanor for violation of any of the ordinances of the City, shall before being confined in the workhouse, be examined by the Health Commissioner, and if found to be suffering from, or having any contagious or infectious venereal disease, shall be confined in a suitable quarantine station or hospital, provided by the City for such purpose, whenever, in the opinion of the Health Commissioner it is deemed necessary. It shall be the duty of the Health Commissioner to examine all such persons as above set forth. (1948 C., Ch. 52, § 52; 1960 C., § 204.040; 1994 C., § 16.16.280.)

16.16.290 Warden to report to Aldermen.

The warden shall, at the opening of each annual session of the Board of Aldermen, report to that body a detailed statement of the operations and affairs of the workhouse, during the preceding year, setting forth the number of prisoners received, the number then at the institution, the age, sex and place of birth of all prisoners, the value and description of the work performed by them in detail and the expenditures and receipts on account of the workhouse. (1948 C., Ch. 52, § 55; 1960 C., § 201.090; 1994 C., § 16.16.290.)

16.16.300 Precautions against escape—Arrest of escapees.

The warden shall have power to take all necessary measures to guard the workhouse, and to prevent the escape of the prisoners, and he or any City officer, or other person, is authorized to arrest, without warrant, any person who shall have escaped from the workhouse. (1948 C., Ch. 52, § 56; 1960 C., § 205.030; 1994 C., § 16.16.300.)

City Counselor Ops.: 9919

16.16.310 Trespassing on workhouse premises—Assisting escapes.

The warden, or any officer of the workhouse, may arrest, without warrant, any person trespassing upon the workhouse premises, or attempting to rescue any prisoner, or assisting or attempting to assist any prisoner to escape or hindering or attempting to hinder the warden or any officer of the workhouse in the lawful discharge of any of his duties, and any person so doing shall be deemed guilty of a misdemeanor. (1948 C., Ch. 52, § 57; 1960 C., § 205.040; 1994 C., § 16.16.310.) City Counselor Ops.: 9919

16.16.320 Prisoner clothing.

Prisoners shall be furnished with suitable clothing, when necessary, at cost; provided, that they agree that the expense thereof shall be worked out by them in like manner as the amount of fine and costs for which they were committed. (1948 C., Ch. 52, § 58; 1994 C., § 16.16.320.)

16.16.330 Record of articles received and sent.

It shall be the duty of the warden to cause to be kept in a proper book a daily record of all articles

received at the workhouse, and from whom received; also a daily record of every article sent from the workhouse, and the name of the person to whom the article was furnished. (1948 C., Ch. 52, § 60; 1960 C., § 201.110; 1994 C., § 16.16.330.)

16.16.340 When prisoners to be used for loading.

It shall not be lawful to employ the prisoners confined in the workhouse in loading materials sold from the workhouse, except in cases as may be specially provided for by contract. (1948 C., Ch. 52, § 61; 1960 C., § 202.030; 1994 C., § 16.16.340.)

16.16.350 Pregnant inmates.

It shall further be the duty of Commissioner to provide for the health and well-being of pregnant inmates by:

A. Upon admission to a City Jail, while awaiting trial or after sentencing, ensuring that all female inmates, or other inmates regardless of gender identity who have the capacity to become pregnant, shall be screened and assessed for pregnancy by a licensed health care professional; provided, however, that each inmate shall be informed of any necessary medical tests connected with the pregnancy screening prior to the administration of such tests.

B. A pregnant inmate shall receive nondirective counseling and written material, in a form the inmate can understand, on pregnancy options and City Jail policies and practices regarding care and labor for pregnant inmates, including information about (A) the inmate's options with regard to her pregnancy, (B) prenatal nutrition, (C) maintaining a healthy pregnancy, (D) labor and delivery, (E) the postpartum period, (F) the institution's policies and practices regarding the care of an inmate during pregnancy, labor and delivery and the postpartum period, and (G) restrictions on the use of restraints on pregnant inmates.

C. The Commissioner shall ensure that at least one (1) member of the City Jail's medical staff is trained in pregnancy-related care, which shall include knowledge of prenatal nutrition, high-risk pregnancy, addiction and substance abuse during pregnancy and childbirth education.

D. A pregnant and/or postpartum inmate shall not be segregated or isolated unless a documented determination is made that the inmate poses a serious risk of harm to herself or others.

E. A pregnant and/or postpartum inmate shall be provided regular prenatal and postpartum medical care in City Jail, including: periodic health monitoring and evaluation during pregnancy; the opportunity for a minimum of 1 hour of ambulatory movement each day; a diet containing the nutrients necessary to maintain a healthy pregnancy as determined by a licensed health care provider trained in prenatal care, including prenatal vitamins and supplements; postpartum screening for depression; and written information regarding prenatal nutrition, maintaining a healthy pregnancy and childbirth.

F. If a departmental or contracted licensed health care provider in prenatal medical care, or any other health care professional who evaluates or treats an inmate who is pregnant, determines that the inmate's pregnancy is high risk or involves any other medical complication for either the inmate or the baby, such inmate shall be immediately transferred to the medical infirmary setting or any hospital deemed appropriate, as determined by such health care provider or professional.

G. If a pregnant or postpartum inmate needs prenatal care or other pregnancy-related care that is not available at the City Jail, she must be transported to an appropriate medical facility that can provide that care.

H. Pregnant and postpartum inmates shall be provided with the clothing, undergarments and sanitary materials deemed appropriate by a licensed health care provider who has been trained in prenatal and postpartum medical care. Postpartum inmates must also be supplied with adequate materials for pumping and storing breastmilk. The City Jail staff shall develop a lactation policy to ensure that postpartum lactating inmates have an opportunity to pump, store milk and transfer that milk in a timely manner to the person caring for and feeding the inmate's infant up until the age of one.

I. Throughout pregnancy and during post-delivery recuperation, as determined by the attending physician, an inmate shall be transported to and from visits to medical providers and court proceedings in a vehicle with seatbelts, if available. Waist restraints shall not be used on a pregnant or postpartum inmate at any time. Patients in labor shall leave and enter City Jail and any health care facility in a wheelchair to prevent falling.

J. A pregnant inmate shall receive labor and delivery care in an accredited hospital. An inmate who is in any stage of labor or delivery, as determined by a licensed health care professional, shall not have waist restraints, including during transportation. If a correc-

tion officer or sheriff is present in the room during the pregnant inmate's physical examinations, labor or childbirth, the officer shall, if possible, be female. Whenever possible, the correction officer or sheriff shall be positioned immediately outside the door or in a location in the room that will ensure, to the extent possible, patient privacy.

K. If a licensed health care professional determines that an inmate is suffering from postpartum depression, she shall have regular access to a mental health clinician.

L. City jails must also make reasonable accommodations for the provision of available doula services to inmates who are pregnant or who have given birth in the last six weeks. Persons providing doula services must be granted appropriate facility access, must be allowed to attend and provide assistance during labor and childbirth where feasible. For purposes of this section, "Doula services" are services provided by a trained doula and designed to provide physical, emotional, or informational support to a pregnant woman before, during, and after delivery of a child. Doula services may include, but are not limited to: Support and assistance during labor and childbirth; prenatal and postpartum education breastfeeding assistance; parenting education; and support in the event that a woman has been or will become separated from her child. Nothing in this section requires the Commissioner or sheriff to establish or provide funding for doula services, or prevents the Commissioner or sheriff from adopting policy guidelines for the delivery of doula services to inmates. Services provided under this section may not supplant health care services routinely provided to the inmate.

M. During post-delivery recuperation, inmates shall remain in the hospital until the attending physician certifies they may be safely discharged and transferred back to the correctional facility. An inmate in post-delivery recuperation shall not be placed in restraints, except under extraordinary circumstances.

1. For the purposes of this section, "extraordinary circumstances" shall mean a situation in which a correction officer or sheriff determines that the specific inmate presents an immediate and serious threat to herself or others or in which the inmate presents an immediate and credible risk of escape that cannot be curtailed by other reasonable means. If an inmate is restrained, the restraints shall be the least restrictive available and the most reasonable under the circumstances. Waist restraints shall not be used on a pregnant or postpartum inmate. If the attending physician or nurse treating the pregnant inmate requests that restraints be removed for medical reasons, the correction officer or sheriff shall immediately remove all restraints.

N. Nothing in this section shall prohibit the use of hospital restraints requested by a treating physician for the medical safety of a patient.

O. The Commissioner must ensure that there is a written policy specifying the details of Subsections A through M above, assigning responsibility for carrying out each section to a particular staff or set of staff, and indicating how compliance with each subsection will be monitored and deficiencies addressed. (Ord. No. 70952, § 1(16.16.350), 5-2-2019.)

16.16.360 Access to menstrual products.

The Commissioner shall have the duty of ensuring that all female and/or menstruating inmates shall be provided, upon request, with menstrual supplies as needed. Correctional staff shall provide such menstrual products for free. For purposes of this section, "menstrual products" means sanitary napkins and tampons which conform to applicable regulatory standards. (Ord. No. 70952, § 2(16.16.360), 5-2-2019.)

Whenever the Director of Welfare shall find that the public safety or welfare, or that the safety and welfare of inmates of the City Workhouse require that female inmates then confined in the City Workhouse be transferred from the City Workhouse to the City Jail, and that females thereafter convicted of offenses punishable by imprisonment in the City Workhouse should be sentenced to the City Jail in lieu of the City Workhouse, the Director is authorized to promulgate a reg-

ulation to that effect. (1960 C., § 209.010; 1994 C., § 16.20.010; Ord. No. 49565, § 1(part), 1959; Ord. No. 47678, § 1, 1955.)

16.20.020 Transfers—When not allowed.

Upon the effective date of any such regulation the warden of the City Workhouse shall transfer the custody of all female inmates then confined to the City Workhouse to the warden of the City Jail. When any female inmate is confined pursuant to sentence or order of the court of criminal correction of St. Louis or of the Circuit Court for criminal causes of the City no transfer shall be made unless the court imposing the sentence or making the order shall by appropriate order authorize the transfer. (1960 C., § 209.020; 1994 C., § 16.20.020; Ord. No. 47678, § 2, 1955.)

16.20.030 Sentencing implies transfer.

From and after the promulgation of regulation and during the time the regulation is in effect all females subject to imprisonment in the City Workhouse for the violation of any City ordinance shall be sentenced to the City Jail in lieu of the City Workhouse. Whenever any City ordinance prescribes punishment by imprisonment in the City Workhouse, the same as to all females convicted of violation thereof shall be deemed to authorize imprisonment in the City Jail while regulation is in effect. (1960 C., § 209.030; 1994 C., § 16.20.030; Ord. No. 47678, § 3, 1955.)

16.20.040 Duties of warden of City Jail.

It shall be the duty of the warden of the City Jail to accept the custody of females transferred from the City Workhouse pursuant to Section 16.20.020 or committed thereto pursuant to Section 16.20.030 and as to all such females the warden of the City Jail shall have all the powers and be subject to all the duties imposed upon the warden of the City Workhouse. (1960 C., § 209.040; 1994 C., § 16.20.040; Ord. No. 47678, § 4, 1955.)

City Counselor Ops.: 9622

16.20.050 Copies of regulation.

Upon the promulgation of any such regulation the Director of Welfare shall cause copies thereof to be mailed to the warden of the City Workhouse, the warden of the City Jail, the Clerk of the City Courts, the Clerk of the Court of Criminal Correction, and the Clerk of the Circuit Court for criminal causes of the City. (1960 C., § 209.050; 1994 C., § 16.20.050; Ord. No. 49565, § 1(part), 1959; Ord. No. 47678, § 5, 1955.)

16.20.060 Rescinding regulations.

Whenever the Director of Welfare shall find that the public safety or welfare or that the safety, health and welfare of inmates of the City Workhouse no longer require the transfer of female inmates from the City Workhouse to the City Jail, or the commitment of females to the City Jail, in lieu of the City Workhouse, the director is authorized to rescind any regulations then in effect. The regulations may thereafter be adopted or rescinded from time to time upon appropriate findings of the Director of Welfare. (1960 C., § 209.060; 1994 C., § 16.20.060; Ord. No. 49565, § 1(part), 1959; Ord. No. 47678, § 6, 1955.)

SERVING TIME INTERMITTENTLY

Sections:

16.24.010 Good cause.
16.24.020 Setting order aside.
16.24.030 Written request.

16.24.010 Good cause.

The judges of the City Courts are authorized and empowered in all cases wherein persons are convicted of the violation of the City ordinances and are sentenced to imprisonment in the City Jail to permit such persons, upon application to the court and for good cause shown, to serve the sentence of imprisonment by confinement on an intermittent basis as the ends of justice may require, provided that such persons so convicted shall complete the term of imprisonment within one year of the day of the conviction. (1960 C., § 210.010; 1994 C., § 16.24.010; Ord. No. 49286, § 1(part), 1959.)

16.24.020 Setting order aside.

The judges of the courts may at any time set aside the intermittent sentence of imprisonment and order the person to serve the portion of the term remaining in consecutive days of imprisonment. (1960 C., § 210.020; 1994 C., § 16.24.020; Ord. No. 49286, § 1(part), 1959.)

16.24.030 Written request.

The Director of Welfare is authorized to recommend in writing to the court, from which any person is sentenced for the violation of a City ordinance, at any time after receipt of the person at any place of confinement under his jurisdiction, that the person be permitted to serve the sentence on an intermittent basis, as

provided in Section 16.24.010. The written recommendations shall set forth the circumstances on which the request for intermittent service is based. (1960 C., § 210.030; 1994 C., § 16.24.030; Ord. No. 56030, § 1, 1971.)

CREDIT TOWARD SERVICE OF SENTENCE

Sections:

16.28.010 Delays in delivery.

16.28.020 City court order.

16.28.010 Delays in delivery.

Any person sentenced by the City Courts to service of a term in the City Workhouse who is kept from commencement of service of the sentence by the factual inability of the City Marshal to deliver the prisoner to the workhouse on the day of sentencing, shall be given credit toward service of the sentence for the time elapsing from the sentencing and the time of the actual delivery of his person to the workhouse. (1994 C., § 16.28.010; Ord. No. 51335, § 1, 1962.)

16.28.020 City court order.

Whenever a delay occurs in the delivery of a prisoner to the workhouse due to the inability of the City Marshal to deliver the prisoner on the day of sentencing according to the circumstance of Section 16.28.010, the Marshal shall report the fact to the judge of the sentencing City Court who shall then amend the sentence to extent of the delay by an order in writing, a copy of which shall accompany the court's judgment and be delivered to the warden of the workhouse, which officer shall treat the order as part of the judgment of the Court. (1994 C., § 16.28.020; Ord. No. 51335, § 2, 1962.)

16.30.030 Prohibition on Retaliation.

16.30.040 Penalty for Violation—Commissioner or Sheriff.

16.30.045 Penalty for Violation—Division of Corrections or Sheriff's Office Staff Member.

16.30.010 Definitions.

Access. "Access" shall refer to the physical appearance within a detention facility.

Attorney. "Attorney" shall mean a person who is licensed to practice law in the State of Missouri or any other state. For purposes of this section, the term "Attorney" shall extend to attorney substitutes representing the attorney of record or other legally authorized attorney substitutes, as well as attorneys who have not yet been retained by a detainee.

Commissioner. "Commissioner" shall refer to the Commissioner of the Division of Corrections of the City of St. Louis, including any representative, agent, or staff member of the division.

Contact Visit. A "contact visit," also known as a "contact professional visit," shall mean a privileged meeting between an attorney and a detainee where there are no physical barriers between them.

Detainee. "Detainee" shall mean a person who is a person deprived of liberty and kept under involuntary restraint, confinement, or custody in a detention facility in the City of St. Louis.

Detention Facility. "Detention facility" shall mean any jail, detention, holding, or correctional facility owned or operated by the City, the Division of Corrections, or the Sheriff of the City of St. Louis; or any jail, detention, or correctional facility owned or operated by another party where detainees are housed for the City.

Non-Contact Visit. A "non-contact visit," also known as a "non-contact professional visit," shall mean a privileged meeting between an attorney and a detainee where there are physical barriers separating the parties and/or the attorney is meeting with the detainee inside of a "professional booth."

Professional Visit. A "professional visit" shall mean any visit specifically designed to aid in a detainee's defense or transition while in-custody. These visits include the following professionals: attorneys, legal assistants, Department of Human Services, foreign consulates, court-appointed interpreters, and mental health or medical practitioners performing assessments or evaluations.

Retaliation. "Retaliation" shall refer to any adverse action taken by a detention facility staff member against a detainee, attorney, or other detention facility staff

member based on said detainee, attorney, or staff member's role in a visit or telephone call between a detainee and attorney, inquiry, investigation, or other proceedings.

Sheriff. "Sheriff" shall mean the Sheriff of the City of St. Louis, including any representative, agent, or staff member of the Sheriff's Office.
(Ord. No. 71877, § 1, 7-31-2024)

16.30.020 Attorney Access to Detainees and Detention Facilities.

A. The provisions of this section shall apply to attorneys seeking access into a St. Louis City detention facility and visitation with detainees held in said facilities.

B. A detainee shall be permitted non-contact visits with an attorney between the professional visit hours of 8:00 a.m. and 7:00 p.m. without restrictions or advance notice. Non-contact visits outside of regular professional visit hours, or between 7:00 p.m. and 8:00 a.m., may be arranged with the Commissioner or Sheriff with at least one (1) hour's notice provided by the attorney in advance. Notice may be provided by telephone call to the detention facility, Office of the Commissioner, or Sheriff's Office, or by electronic mail where available. A copy of this chapter summary, including contact information for sending formal visitation requests outside of non-restricted contact hours, shall be posted in a conspicuous location.

C. A detention facility shall coordinate contact visits between attorneys and detainees between the hours of 8:00 a.m. and 7:00 p.m. with at least one (1) hour's notice provided by the attorney in advance. Notice may be provided by telephone call to the detention facility, Office of the Commissioner, or Sheriff's Office, or by electronic mail or electronic request where available.

D. Arrangements should be made by detention facility staff to ensure a detainee's confidentiality and privacy during visits with an attorney.

E. An attorney shall not be compelled by detention facility staff to produce documentation demonstrating that they represent a detainee held in a detention facility.

F. An attorney shall not be prohibited by detention facility staff from bringing their cellular telephone, laptop computer, cameras, or any other equipment needed for visitation with a detainee.

G. An attorney shall be permitted to pass papers and documents to a detainee during a non-contact visit.

H. A detainee being held in solitary confinement or administrative segregation shall be permitted access to an attorney without restrictions and in accordance with this section.

I. Within thirty (30) days of the effective date of this legislation, the Division of Corrections will post publicly on the City's website an email address where attorneys may email the Commissioner or Sheriff's Office regarding a contact visit or scheduling a non-contact visit after regular professional visit hours. This shall be replaced with a webform as soon as practicable (or within sixty (60) days of the effective date). Within sixty (60) days of the effective date of this legislation, the Information Technology Services Agency (ITSA) shall develop a publicly-accessible web-based form for attorneys to notify a detention facility of their intent to visit a detainee at the facility. Such form shall include, but not be limited to, the ability for an attorney to submit their name and contact information along with the date and time for a contact or non-contact visit and the name of the detainee that the attorney wishes to visit. The form shall also include the ability for the Commissioner or Sheriff to allow or deny an attorney access or a visit with a detainee, as well as space to include the reason for the Commissioner's or Sheriff's denial. The form shall be attached to any written decision by the Commissioner or Sheriff to deny access or a visit to an attorney. Such form shall be retained by the Division of Corrections and shall be considered an open, public record and subject to disclosure as provided for public records in Missouri's Sunshine Law, Chapter 610 of the Revised Missouri Statutes.

J. If an attorney is denied visitation with a detainee or access to a detention facility at the security checkpoint or point of entry, the Commissioner or the Sheriff shall provide written notice, whether physical or electronic, to such person within one (1) hour from the time of said denial, including (1) an affirmative statement that access or visitation has been denied, (2) the date and time at which access or visitation was denied, and (3) the specific reasons why access or visitation was denied. Said notice shall be considered an open, public record and subject to disclosure as provided for public records in Missouri's Sunshine Law, Chapter 610 of the Revised Missouri Statutes. An attorney may file a complaint with either the Civilian Oversight Board or the

Detention Facilities Oversight Board if they believe they have been unlawfully prohibited from accessing a detention facility or contacting or visiting a detainee. Nothing in this section shall require an attorney to file a complaint with an oversight board or exhaust administrative remedies prior to initiating litigation in the circuit court.
(Ord. No. 71877, § 1, 7-31-2024)

16.30.030 Prohibition on Retaliation.

Retaliation against a detainee, an attorney, or a detention facility staff member is prohibited.
(Ord. No. 71877, § 1, 7-31-2024)

16.30.040 Penalty for Violation—Commissioner or Sheriff.

An attorney aggrieved under this section may initiate any petition, motion, writ, or other legal action naming the Commissioner or the Sheriff as a defendant in the Twenty-Second Judicial Circuit to compel the compliance of the Commissioner or the Sheriff with this section. If a Circuit Judge, Associate Circuit Judge, Commissioner, or Magistrate adduces after a presentation of the evidence that the Commissioner or the Sheriff has violated Sections 16.030.010 to 16.30.030 under this chapter, said judge shall be authorized to assess a civil fine of not less than one hundred dollars ($100.00) nor more than five hundred dollars ($500.00) against the Commissioner or the Sheriff if they have been found to have violated these Sections. A judge shall award restitution to the aggrieved attorney at a reasonable rate commensurate with the attorney's billable rate or salary.
(Ord. No. 71877, § 1, 7-31-2024)

16.30.045 Penalty for Violation—Division of Corrections or Sheriff's Office Staff Member.

An attorney aggrieved under this section may initiate any petition, motion, writ, or other legal action naming a detention facility staff member not acting under the direction of the Commissioner or Sheriff as a defendant in the Twenty-Second Judicial Circuit to compel the compliance of the detention facility staff member with this section. If a circuit judge, associate circuit judge, commissioner, or magistrate of the Twenty-Second Judicial Circuit adduces after a presentation of the evidence that a detention facility staff member not acting under the direction of the Commissioner or Sheriff has violated Sections 16.030.010 to 16.30.030 under this chapter, said judge shall be authorized to assess a civil fine of not less than one hundred dollars ($100.00) nor more than five hundred dollars ($500.00) against said staff member(s) if they have been found to have violated these sections. A judge may award restitution to the aggrieved attorney at a reasonable rate commensurate with the attorney's billable rate or salary.

17.02.010 Generally.

The following words and phrases when used in this division shall have the meanings set forth in this chapter. (1960 C., Ch. 820; 1994 C., § 17.02.010; Ord. No. 57831, § 1(part), 1979.)

17.02.020 Accident.

"Accident" means an occurrence involving the movement or cessation of movement of either a vehicle, a device moved by human power, or a device used exclusively on rails, which results in damage, injury or fatality. (1960 C., § 820.010; 1994 C., § 17.02.020; Ord. No. 57831, § 1(part), 1979.)

17.02.030 Alley, alleyway.

"Alley, alleyway" means every way set apart for public use within a block for local conveniences, except streets. (1960 C., § 820.020; 1994 C., § 17.02.030; Ord. No. 57831, § 1(part), 1979.)

17.02.040 Angle parking.

"Angle parking" means the standing of any vehicle whether occupied or not upon a roadway other than parallel to the curb where the longitudinal axis of vehicles form an angle with the alignment of the roadway. (1960 C., § 820.030; 1994 C., § 17.02.040; Ord. No. 57831, § 1(part), 1979.)

17.02.050 Arterial or collector street.

"Arterial or collector street" means every street or portion thereof on which vehicular traffic is given preferential right-of-way, and at the entrances to which vehicular traffic from intersecting streets is required by law to yield right-of-way to vehicles on such arterial or collector street in obedience to either a stop sign or a yield sign, when such signs are erected as provided in this division. (1960 C., § 820.040; 1994 C., § 17.02.050; Ord. No. 57831, § 1(part), 1979.)

17.02.060 Barricade.

"Barricade" means a nonportable device constructed within the roadway for the purpose of prohibiting or redirecting the passage of vehicles. (1960 C., § 820.050; 1994 C., § 17.02.060; Ord. No. 57831, § 1(part), 1979.)

17.02.070 Barrier line.

"Barrier line" means an unbroken, double, yellow line upon the surface of the roadway, requiring that all traffic shall keep to the right of said line except when turning. (1960 C., § 820.060; 1994 C., § 17.02.070; Ord. No. 57831, § 1(part), 1979.)

17.02.080 Bicycle, tricycle.

"Bicycle, tricycle" means a manually propelled device. (1960 C., § 820.070; 1994 C., § 17.02.080; Ord. No. 57831, § 1(part), 1979.)

17.02.081 Bicycle/pedestrian right-of-way.

"Bicycle/pedestrian right-of-way" means that portion of any street, roadway, sidewalk, public easement or other public place where its primary use has been designated for use by persons riding a bicycle or tricycle or by persons walking, running or skating. Nothing contained herein shall prohibit the use of any such designated place by a disabled person in a wheelchair or similar device. (1994 C., § 17.02.081; Ord. No. 64952, § 3, 2000.)

17.02.090 Bus.

"Bus" means a motor vehicle designed, equipped, or regularly used to carry more than eight (8) passengers. (1960 C., § 820.090; 1994 C., § 17.02.090; Ord. No. 57831, § 1(part), 1979.)

17.02.100 Bus zone.

"Bus zone" means a space on or adjacent to the main traveled portion of the roadway specifically marked and designated for the loading or unloading of passengers from buses. (1960 C., § 820.080; 1994 C., § 17.02.100; Ord. No. 57831, § 1(part), 1979.)

17.02.110 Camper.

For the definition of "camper," see recreation motor vehicle. (1960 C., § 820.100; 1994 C., § 17.02.110; Ord. No. 57831, § 1(part), 1979.)

17.02.120 Central traffic district.

"Central traffic district" means the area bounded by the north curb line of Cole Street, the south curb line of Spruce Street, the east curb line of Third Street and Memorial Drive, and the west curb line of Twelfth Street. (1960 C., § 820.110; 1994 C., § 17.02.120; Ord. No. 57831, § 1(part), 1979.)

17.02.130 Center line.

"Center line" means a broken single or double yellow line upon the surface of a roadway dividing traffic moving in opposite directions. (1960 C., § 820.120; 1994 C., § 17.02.130; Ord. No. 57831, § 1(part), 1979.)

17.02.140 Chauffeur.

"Chauffeur" means an individual licensed by a state as a chauffeur. (1960 C., § 820.130; 1994 C., § 17.02.140; Ord. No. 57831, § 1(part), 1979.)

17.02.150 Commercial vehicle.

"Commercial vehicle" means a vehicle which is licensed or designed or regularly used for the transportation of freight, merchandise or property. (1960 C., § 820.140; 1994 C., § 17.02.150; Ord. No. 57831, § 1(part), 1979.)

17.02.160 Controlled or limited access highway.

"Controlled or limited access highway" means any street which provides access connections only with public streets and which has no crossings at grade, and all connecting ramps thereto. (1960 C., § 820.150; 1994 C., § 17.02.160; Ord. No. 57831, § 1(part), 1979.)

17.02.170 Crosswalk.

"Crosswalk" means that portion of the roadway whether marked or unmarked, ordinarily included within the prolongation of curb and property lines at intersections, or any other portion of a roadway marked for pedestrian crossings. (1960 C., § 820.160; 1994 C., § 17.02.170; Ord. No. 57831, § 1(part), 1979.)

17.02.180 Curb.

"Curb" means the lateral boundaries of a roadway marked by the raised edging. (1960 C., § 820.170; 1994 C., § 17.02.180; Ord. No. 57831, § 1(part), 1979.)

17.02.190 Curb loading zone.

"Curb loading zone" means a space adjacent to a curb, reserved for the exclusive use of vehicles during the loading or unloading of freight. (1960 C., § 820.180; 1994 C., § 17.02.190; Ord. No. 57831, § 1(part), 1979.)

17.02.200 Curb or street market.

"Curb or street market" means a space on or adjacent to the street set aside and designated by the Board of Public Service as a place from which anyone possessing a permit may sell produce and other goods. (1960 C., § 820.190; 1994 C., § 17.02.200; Ord. No. 57831, § 1(part), 1979.)

17.02.210 Driver.

"Driver" means every person who drives or is in actual physical control of a vehicle. (1960 C., § 820.200; 1994 C., § 17.02.210; Ord. No. 57831, § 1(part), 1979.)

17.02.220 Driveway.

For the definition of "driveway," see private road or driveway. (1960 C., § 820.210; 1994 C., § 17.02.220; Ord. No. 57831, § 1(part), 1979.)

17.02.230 Emergency vehicles.

An "emergency vehicle" is a vehicle of any of the following types:

A. A publicly owned vehicle whenever it is operated as an ambulance, but only during an emergency trip;

B. A privately owned vehicle approved by the Director of Streets operated as an ambulance, but only during an emergency trip;

C. A publicly owned vehicle when operated by an officer of either the Missouri State Highway Patrol or a Police Department, but only when going to a destination in response to an emergency call or when in pursuit of an actual or suspected law violator;

D. A publicly owned vehicle when operated by a fireman, but only when going to a destination in response to a fire alarm;

E. A publicly owned vehicle when operated by the Medical Examiner, Deputy Medical Examiner or Medical Examiner Investigator, but only when going to a destination in response to an emergency call;

F. A publicly owned vehicle when operated by the Missouri Department of Transportation, but only when going to a destination in response to an emergency call. (1960 C., § 820.220; 1994 C., § 17.02.230; Ord. No. 67324, § 1, 2006; Ord. No. 57831, § 1(part), 1979.)

17.02.240 Equestrian.

"Equestrian" means a rider of a horse or other animal. (1960 C., § 820.230; 1994 C., § 17.02.240; Ord. No. 57831, § 1(part), 1979.)

17.02.250 Fire lane.

"Fire lane" means any place designated by the words "fire lane." (1960 C., § 820.240; 1994 C., § 17.02.250; Ord. No. 57831, § 1(part), 1979.)

17.02.260 Highway.

For the definition of "highway," see street. (1960 C., § 820.245; 1994 C., § 17.02.260; Ord. No. 57831, § 1(part), 1979.)

17.02.265 Homemade trailer.

"Homemade trailer" means a trailer designed, constructed or modified by an individual who is not a manufacturer using readily distinguishable manufacturers' identifying numbers or a statement of origin. (1994 C., § 17.02.265; Ord. No. 64705, § 1, 1999.)

17.02.270 Intersection.

"Intersection" means the area within the prolongation of the lateral curb lines (or if none, then the lateral boundary lines) of two or more streets which join one another at an angle whether or not one such street crosses the other. (1960 C., § 820.250; 1994 C., § 17.02.270; Ord. No. 57831, § 1(part), 1979.)

17.02.280 Lane line.

"Lane line" means any line upon the surface of a roadway separating two traffic lanes moving in the same direction. (1960 C., § 820.260; 1994 C., § 17.02.280; Ord. No. 57831, § 1(part), 1979.)

17.02.290 Lateral boundary.

"Lateral boundary" means edge of a roadway whether marked or not. (1960 C., § 820.270; 1994 C., § 17.02.290; Ord. No. 57831, § 1(part), 1979.)

17.02.295 Controlled access highway.

"Controlled access highway" means a highway designed exclusively for unhindered, high-speed vehicular traffic, with all traffic flow and ingress/egress regulated by providing interchanges with only selected public roads. In the City of St. Louis these highways are I-44, I-70, I-64/40, and I-55. (1994 C., § 17.02.295; Ord. No. 69263, § 1, 11-2-2012.)

17.02.300 Motor vehicle.

"Motor vehicle" means every vehicle which is self-propelled, except those which move upon a track(s). (1960 C., § 820.280; 1994 C., § 17.02.300; Ord. No. 66692, § 1(part), 2005; Ord. No. 58448, § 1(part), 1981; Ord. No. 57831, § 1(part), 1979.)

17.02.310 Motorcycle.

"Motorcycle" means every motor vehicle having a seat or saddle for the use of the rider and designed to travel on not more than three (3) wheels in contact with the ground but excluding a tractor. (1960 C., § 820.290; 1994 C., § 17.02.310; Ord. No. 57831, § 1(part), 1979.)

17.02.315 Motorized bicycle.

"Motorized bicycle" shall mean any two- or three-wheeled device having an automatic transmission and a motor with a cylinder capacity of not more than fifty cubic centimeters, which produces less than three gross brake horsepower, and is capable of propelling the device at a maximum speed of not more than thirty miles per hour on level ground, except those devices used by persons with disabilities for the purpose of mobility. (1960 C., § 820.295; 1994 C., § 17.02.315; Ord. No. 66692, § 1(part), 2005; Ord. No. 58448, § 2(part), 1981; Ord. No. 57831, § 1(part), 1979.)

17.02.320 Night time.

"Night time" means the period from the time the street lights are turned on until they are turned off, or in any event, from thirty (30) minutes after sunset until thirty (30) minutes before sunrise. (1960 C., § 820.300; 1994 C., § 17.02.320; Ord. No. 57831, § 1(part), 1979.)

17.02.330 Official time standard.

"Official time standard" means whenever certain hours are named herein they shall mean standard time or daylight saving time as may be in current use by this City. (1960 C., § 820.310; 1994 C., § 17.02.330; Ord. No. 57831, § 1(part), 1979.)

17.02.340 Official traffic control devices.

"Official traffic control devices" means all signs, signals, marking and devices placed or erected by authority of the Traffic and Transportation Administration or the Board of Aldermen for the purpose of regulating, warning, or guiding traffic. (1960 C., § 820.320; 1994 C., § 17.02.340; Ord. No. 57831, § 1(part), 1979.)

17.02.350 One-way street.

"One-way street" means a street where vehicles are, by signs, permitted to move in one designated direction only. (1960 C., § 820.330; 1994 C., § 17.02.350; Ord. No. 57831, § 1(part), 1979.)

17.02.360 Owner.

"Owner" means a person, other than a lienholder, having a property interest in or legal title to a vehicle. The term includes a person entitled to the use and possession of a vehicle subject to a security interest in another person, but excludes a lessee under a lease not intended as security. (1960 C., § 820.340; 1994 C., § 17.02.360; Ord. No. 57831, § 1(part), 1979.)

17.02.370 Park, parking.

"Park, parking" means the standing of a vehicle upon a roadway (other than temporarily for the purpose of and while actually engaged in loading or unloading freight or passengers). (1960 C., § 820.350; 1994 C., § 17.02.370; Ord. No. 57831, § 1(part), 1979.)

17.02.380 Parking lot.

"Parking lot" means any building or parcel of land regularly used, in whole or in part, for the storing or parking of more than five (5) motor vehicles and which is open to the general public, including, but not limited to, "drive-in" facilities, commercial "free" courtesy lots and lots for which a fee is charged. The term "parking lot" shall not include lots owned by a person, firm or corporation operated for the exclusive use of such person, firm or corporation or employee thereof. (1960 C., § 820.351; 1994 C., § 17.02.380; Ord. No. 57831, § 1(part), 1979.)

17.02.390 Pedestrian.

"Pedestrian" means any person afoot. (1960 C., § 820.360; 1994 C., § 17.02.390; Ord. No. 57831, § 1(part), 1979.)

17.02.400 Person.

"Person" means every natural person, firm, copartnership, association or corporation. (1960 C., § 820.370; 1994 C., § 17.02.400; Ord. No. 57831, § 1(part), 1979.)

17.02.410 Police officer.

"Police officer" means every officer with the power of arrest within the City. (1960 C., § 820.380; 1994 C., § 17.02.410; Ord. No. 57831, § 1(part), 1979.)

17.02.420 Private road or driveway.

"Private road or driveway" means every road or driveway not open to the use of the public for the purpose of vehicular traffic. (1960 C., § 820.390; 1994 C., § 17.02.420; Ord. No. 57831, § 1(part), 1979.)

17.02.430 Public holidays.

"Public holidays," where referred to in this division, shall be New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christ-

mas Day. (1960 C., § 820.400; 1994 C., § 17.02.430; Ord. No. 57831, § 1(part), 1979.)

17.02.440 Railroad.

"Railroad" means a carrier of persons or property upon cars operating upon rails. (1960 C., § 820.410; 1994 C., § 17.02.440; Ord. No. 57831, § 1(part), 1979.)

17.02.450 Recreation motor vehicle.

"Recreation motor vehicle" means any motor vehicle designed, constructed or substantially modified so that it may be used and is used for the purpose of temporary housing quarters, including therein sleeping and eating facilities which are either permanently attached to the motor vehicle or attached to a unit which is securely attached to the motor vehicle, and so licensed. (1960 C., § 820.420; 1994 C., § 17.02.450; Ord. No. 57831, § 1(part), 1979.)

traffic is directed. (1960 C., § 820.510; 1994 C., § 17.02.540; Ord. No. 57831, § 1(part), 1979.)

17.02.550 Trailer.

"Trailer" means any vehicle without motive power designed for carrying property or passengers on its own structure and for being drawn by self-propelled vehicle, except those running exclusively on rails. (1960 C., § 820.520; 1994 C., § 17.02.550; Ord. No. 57831, § 1(part), 1979.)

17.02.560 Truck.

"Truck" means every motor vehicle designed, used or maintained primarily for the transportation of property and so licensed. (1960 C., § 820.530; 1994 C., § 17.02.560; Ord. No. 57831, § 1(part), 1979.)

17.02.570 Truck-tractor or tractor.

"Truck-tractor or tractor" means a self-propelled motor vehicle designed for drawing other vehicles, but not for the carrying of any load when operating independently. (1960 C., § 820.531; 1994 C., § 17.02.570; Ord. No. 57831, § 1(part), 1979.)

17.02.580 Vehicle.

"Vehicle" means every device, in, upon, or by which any person or property is or may be transported or drawn upon a roadway, excepting motorized bicycles and devices moved by human power or used exclusively upon rails. (1960 C., § 820.540; 1994 C., § 17.02.580; Ord. No. 58448, § 1(part), 1981; Ord. No. 57831, § 1(part), 1979.)

Chapter 17.04

TRAFFIC AND TRANSPORTATION ADMINISTRATOR

Cases:

Ordinance authorizing the Director of Streets to install barricades to effect the closing and/or diverting of traffic at certain intersections was not an unconstitutional delegation of legislative power, did not constitute a nuisance per se, and did not conflict with state law prohibiting traffic obstructions. State ex rel. *Schmitz v. City of St. Louis,* 551 S.W. 2d 848 (1977).

17.04.010 Traffic and Transpiration Division established—Administrator appointed.

There is established in the Department of Streets a division known as the Traffic and Transportation Division. The Director of Streets shall appoint a Traffic and Transportation Administrator who shall be an engineer having such qualifications as may be prescribed by the Department of Personnel. (1960 C., § 821.010; 1994 C., § 17.04.010; Ord. No. 57831, § 1(part), 1979.)

17.04.020 Powers and duties—Generally.

The Traffic and Transportation Administrator shall be the head of the Traffic and Transportation Division. He shall install, operate and maintain all traffic signals, signs and markings, and shall determine and designate their character, location and use. He may remove or otherwise change all such traffic signals, signs and markings. He shall investigate, receive and file police traffic accident reports, conduct engineering analysis of such accidents, and devise methods for their prevention. He shall have the authority within the limits of the funds at his disposal to coordinate traffic activities, to carry on educational activities in traffic matters, to supervise the preparation and publication of traffic reports, to receive complaints having to do with traffic matters and to recommend to the Board of Aldermen, Chief of Police and other City officials ways and means for improving traffic conditions and the administration and enforcement of traffic regulations. He shall provide a surveillance of the street system through the use of inventories and operational studies. These studies shall include, but not be limited to, capacity analysis of streets, on-street and off-street parking facilities, and location and condition of traffic control devices; evaluation of vehicular and pedestrian volumes, parking

space usage, travel time, speed studies, traffic accidents, and origin-destination studies. (1960 C., § 821.020(part); 1994 C., § 17.04.020; Ord. No. 56831, § 1(part), 1979.)

17.04.030 Powers and duties—Highway, transit and parking planning.

The Traffic and Transportation Administrator shall be instrumental in developing plans and evaluating operational aspects for new street and highway locations, off-street parking facilities and transit operations. (1960 C., § 821.020(part); 1994 C., § 17.04.030; Ord. No. 57831, § 1(part), 1979.)

17.04.040 Powers and duties—Design preparation.

The Traffic and Transportation Administrator shall be responsible for preparation of specifications, standards and designs for traffic control equipment and installation; review of street design with respect to alignment cross-section, access control, sight distance, intersection and interchange layout; redesign of intersections to increase safety and capacity, review of plans by private developers with respect to traffic flow patterns, land use, access control and driveway locations; and preparation of design criteria for different levels of demand. (1960 C., § 821.020(part); 1994 C., § 17.04.040; Ord. No. 57831, § 1(part), 1979.)

17.04.050 Powers and duties—Research and education.

The Traffic and Transportation Administrator shall be responsible for continued research with respect to new techniques and materials in the line of traffic controls. He shall develop and coordinate educational programs for motorists and pedestrian safety. He shall also prepare reports pertaining to traffic functions and investigate complaints from citizens and public officials. (1960 C., § 821.020(part); 1994 C., § 17.04.050; Ord. No. 57831, § 1(part), 1979.)

17.04.060 Powers and duties—Transportation studies.

The Traffic and Transportation Administrator shall perform inventory studies concerning the present transportation system, travel patterns, land use, parking, population density and economic activity. This inventory may include the physical and operational aspects of all modes of transportation. (1960 C., § 821.020(part); 1994 C., § 17.04.060; Ord. No. 57831, § 1(part), 1979.)

17.04.070 Powers and duties—Transportation alternatives.

The Traffic and Transportation Administrator shall formulate alternatives with respect to transportation system and land use plans. He shall evaluate the alternatives in terms of system performance, effect on community environment and cost-benefit ratios. (1960 C., § 821.020(part); 1994 C., § 17.04.070; Ord. No. 57831, § 1(part), 1979.)

17.04.080 Appointment of assistants.

The Traffic and Transportation Administrator shall appoint such inspectors, clerks, traffic engineers and other assistants as necessary to perform the duties of his office, provided he has sufficient funds available. All such employees shall have the qualifications prescribed by the Department of Personnel. (1960 C., § 821.020(part); 1994 C., § 17.04.080; Ord. No. 57831, § 1(part), 1979.)

17.04.090 Authority to establish traffic regulations.

The Traffic and Transportation Administrator is hereby authorized and empowered to establish reasonable regulations governing traffic in case of emergency or special conditions, when, in the opinion of the Traffic and Transportation Administrator, public safety, convenience and expedition of traffic may demand, such regulations shall be effective for the period of the duration of such emergency or special condition and no longer. (1960 C., § 821.030; 1994 C., § 17.04.090; Ord. No. 57831, § 1(part), 1979.)

17.04.100 Authority to develop Traffic Calming Policy.

A. As used in this section, the following terms and phrases shall be taken to have the meaning ascribed to them in this subsection, to wit:

1. "Speed hump" means a gradual raised area in the pavement surface extending across the entire travel width. While measurements vary depending on the particular characteristics associated with a road, a typical speed hump, as an example, may at its highest point measure 3 to 4 inches in height, and have a travel length of 12 to 15 feet.

2. "Traffic calming" means physical design and other measures, including, but not limited to, narrowed roads and speed humps, put into place on roads with the intention of slowing down or reducing motor-vehicle traffic as well as improving safety for pedestrians and cyclists.

B. All requests for traffic calming, and related traffic complaints, except those related to or requesting speed humps in residential alleys, or on residential or secondary streets that are not bus routes, received by the City of St. Louis, shall be addressed and managed in accordance with a centralized process to be known as the City of St. Louis Traffic Calming Policy.

Requests by Aldermen for speed humps in residential alleys or on residential or secondary streets that are not bus routes, upon the passage of an ordinance authorizing speed humps in a residential alley or on a specific street, shall be granted by the Board of Public Service.

At no time shall traffic humps be installed on major streets or thoroughfares, or bus routes. An Aldermen may request a speed study for speed humps in residential alleys or residential streets in the ward he or she is elected to represent, if it is their belief said speed study is needed. Speed studies shall be completed internally by employees of the Street Department and the cost for said speed study shall not be assessed to the individual Ward Capital Improvement Sales Tax Funds.

C. The Director of Streets is hereby authorized to develop and promulgate the City of St. Louis Traffic Calming Policy, except as pertaining to speed humps outlines in Subsection B subject to the approval of the Board of Public Service. (1994 C., § 17.04.100; Ord. No. 71394, §§ 1—3, 10-13-2021; Ord. No. 70333, §§ 1—3, 7-14-2016.)

Chapter 17.06

ENFORCEMENT AND OBEDIENCE

Sections:

17.06.010 **Authority of Police, Fire Department and school crossing guards.**

17.06.020 **Obedience to police officers, firemen and school crossing guards.**

17.06.010 Authority of Police, Fire Department and school crossing guards.

A. It shall be the duty of the Police Department to enforce this title.

B. Officers of the Police Department are hereby authorized to direct all traffic whenever needed, by voice or signal.

C. Members of the Fire Department, when at the scene of or in the immediate vicinity of a fire or any other emergency where Fire Department equipment is present and when maneuvering Fire Department equipment at a firehouse may direct or may assist police officers in directing traffic by voice or signal.

D. School crossing guards are hereby authorized to regulate traffic to the extent of stopping traffic and causing it to remain stopped, by voice or signal, whenever such regulation of traffic is necessary to ensure the safe passage of children. (1960 C., § 822.010; 1994 C., § 17.06.010; Ord. No. 57831, § 1(part), 1979.)

17.06.020 Obedience to police officers, firemen and school crossing guards.

A. No person shall fail or refuse to comply with the reasonable orders or signal of a police officer, fireman, or school crossing guard given or made while enforcing this title.

B. It shall be unlawful on public streets for any person designated by this division to interfere with, or direct or attempt to direct traffic movements or parking.

C. Fleeing or Attempting to Elude Police Officer. Any driver or operator of a motor vehicle who, having been given a visual or audible signal by a peace officer directing such driver or operator to bring his vehicle to a stop, willfully fails or refuses to obey such direction, increases his speed, extinguishes his lights, or otherwise flees or attempts to elude the officer is guilty of a Class B misdemeanor. The signal given by the peace officer may be by hand, voice, siren, or red light. Provided, the officer giving such signal shall be in police uniform, and, if driving a vehicle, such vehicle shall be marked showing it to be an official police vehicle. (1960 C., § 822.020; 1994 C., § 17.04.020; Ord. No. 58448, § 2(part), 1981; Ord. No. 57831, § 1(part), 1979.)

Chapter 17.07

AUTOMATED CAMERA ENFORCEMENT SYSTEMS

Editor's Note:

Ord. No. 71821, §§ 1—12, adopted April 16, 2024, amended the Code by repealing former Ch. 17.07, §§ 17.07.010—17.07.060, and adding a new Ch. 17.07. Former Ch. 17.07 pertained to the automated traffic control system, and derived from the 1994 Code, §§ 17.07.010—17.07.060; Ord. No. 66868, §§ 1—6, of 2005; and Ord. No. 68304, § 2, adopted February 16, 2009.

17.07.010 Definitions.

As used in this chapter the following terms mean:

Artificial intelligence system means a technological system that, autonomously or partly autonomously, processes data related to human activities through the use of a genetic algorithm, a neural network, machine learning or another technique in order to generate content or make decisions, recommendations or predictions. It does not include passive computing infrastructure intermediary technology that does not influence or determine the outcome of decision, make or aid in decisions, inform policy implementation, or collect data or observations, such as web hosting, domain registration, networking, caching, data storage, or cybersecurity.

Authorized employees means employees of the St. Louis Metropolitan Police Division who are commissioned officers and who are authorized by the Chief of the SLMPD to access the images, video, and data collected by the City's automated camera enforcement system.

Automated camera enforcement system means a system that:

A. Consists of cameras installed or deployed to work in conjunction with electrically-operated traffic control signals or other methods of activation or detection;

B. Is capable of recording the date and time of the alleged traffic violation;

C. Is capable of recording the time elapsed under the red light;

D. Is capable of recording the speed of the vehicle involved in the alleged traffic violation;

E. Is capable of recording and producing video footage of the incident which is an alleged violation of a traffic ordinance of the City of St. Louis; and

F. Is capable of taking and producing not less than four (4) high-resolution color digital recorded images that show the incident which is an alleged violation of a traffic ordinance of the City of St. Louis, including, at a minimum:

(1) An image before the alleged traffic violation occurred, that shows the front or back of the vehicle involved in the alleged traffic violation;

(2) An image after the incident occurred, that shows the front or back of the vehicle involved in the alleged traffic violation;

(3) The license plate of the vehicle involved in the alleged traffic violation; and

(4) The face of the operator of the vehicle involved in the alleged traffic violation.

Operator means the individual driving and/or in possession of a vehicle.

Recorded images means photographs, digital images, microphotographs, micrographs, videotape, digital video, or other recorded images.

Surveillance program means any program, electronic or otherwise, that has as its primary purpose the monitoring of the behavior or activities of a person or people, or gathering information on a person or people.

Traffic violation means either a red light violation pursuant to Chapter 17.08 of the Revised Code of the City of St. Louis or RSMo 304.271—304.361; a stop sign violation pursuant to Chapter 17.08 of the Revised Code of the City of St. Louis or RSMo 304.351; or a vehicular speeding violation pursuant to Chapter 17.10 of the Revised Code of the City of St. Louis or RSMo 304.009.

(Ord. No. 71821, § 2, 4-16-2024.)

17.07.020 Program authorized.

A program is hereby authorized for the installation, deployment, and utilization of an automated camera enforcement system in the City.

(Ord. No. 71821, § 3, 4-16-2024.)

17.07.030 Supervision.

A. The St. Louis Metropolitan Police Department ("SLMPD") shall supervise the following, and so doing shall coordinate with other City departments or divisions as may be necessary and as provided under this chapter:

(1) The enforcement of alleged traffic violations as provided under this chapter.

B. The Board of Public Service ("BPS") shall supervise the following, and in so doing shall coordinate with other City departments or divisions as may be necessary and as provided under this chapter:

(1) The development, installation, and deployment of an automated camera enforcement system program, as provided under this chapter; and

(2) The selection of a vendor to provide an automated camera enforcement system for the city.

C. BPS and SLMPD shall supervise in collaboration on the following, and in so doing shall coordinate with other City departments or divisions as may be necessary and as provided under this chapter:

(1) The site selection process for intersection locations for the automated camera enforcement systems, as provided in Section 17.07.050; and

(2) The creation and public awareness of the automated camera enforcement system, as provided under Section 17.07.070;

(3) The assessment of the automated camera enforcement system as provided under Section 17.07.080. (Ord. No. 71821, § 4, 4-16-2024.)

17.07.040 Vendor.

A. *Request for proposal.* The SLMPD, BPS, Information Technology Services Agency, Traffic Division, and the City Counselor's Office shall develop a request for proposal for the selection of a vendor for the automated camera enforcement system. The request for proposal shall include, but not be limited to, the following requests for information:

(1) The vendor's ability to provide an automated camera enforcement system that meets, at minimum, the qualifications outlined in Section 17.07.010 of this chapter;

(2) The vendor's ability to install, maintain, and quickly repair all automated camera enforcement system equipment;

(3) The vendor's ability to cover all associated costs of implementation, installation, maintenance, repair, and operation of an automated camera enforcement system, and their proposed cost-sharing model with the city for doing so;

(4) The vendor's ability to provide and maintain signage required under this chapter;

(5) The vendor's ability to review footage for traffic violations and communicate such potential violations to the SLMPD;

(6) The vendor's ability to assist in determining the identity of the operator of a vehicle allegedly committing a traffic violation;

(7) The vendor's ability to allow authorized employees of the SLMPD to access or view, at any time, recorded images captured through the City's automated camera enforcement program through the City's Real Time Crime Center;

(8) The vendor's ability to safeguard all recorded images and other data the vendor collects through the City's automated camera enforcement system from unauthorized access, including but not limited to the vendor's use of encryption and access control mechanisms;

(9) The vendor's ability to ensure that all recorded images and other data the vendor collects through the City's automated camera enforcement system are accessed only by authorized employees;

(10) The vendor's data selling practices, and ability and willingness to ensure that no recorded images or other data the vendor collects through the City's automated camera enforcement system is sold, distributed, viewed, or otherwise exchanged for any value;

(11) The vendor's ability to maintain an audit log of individuals who access the recorded images and other data the vendor collects through the City's automated camera enforcement system;

(12) The vendor's ability to retain and destroy recorded images and other data the vendor collects through the City's automated camera enforcement system, including at intervals as directed by the City, and in alignment with the guidelines specified in RSMo 109.200—109.310;

(13) The vendor's ability to provide individuals who receive a violation notice under this chapter alleging a traffic violation with the recorded images collected by the City's automated camera enforcement system relating to the alleged traffic violation;

(14) The vendor's ability to support the production of separate traffic violation notices, one (1) of which will include all the alleged violator's information that will be provided to the alleged violator, and one (1) of which will be redacted of the alleged violator's sensitive personal information that will entered on the court record;

(15) The vendor's ability to meet any applicable requirements established by the State of Missouri and federal law for automated camera enforcement systems.

(16) The vendor's ability to collect the data necessary to comply with this chapter.

(17) The vendor's ability to provide authorized court personnel and the municipal court prosecutor with access, searchable by citation number and by name and date of birth, to such photographs, images or video from unattended cameras operating pursuant to this chapter for use and display in court proceedings and trial.

The President of BPS is authorized to enter into contracts for professional services related to the automated camera enforcement system authorized under this chapter.

B. *Minimum vendor system requirements.*

(1) The vendor shall provide an automated camera enforcement system that meets, at minimum, the qualifications outlined in 17.07.010 of this chapter.

(2) The system provided by the vendor shall provide authorized employees with the ability to review potential traffic violations in order for citations to be issued.

(3) The system shall further allow authorized employees to retrieve, at any time, recorded images captured through the City's automated camera enforcement program through the City's Real Time Crime Center.

(4) When possible, the system shall be capable of collecting any data necessary to comply with this chapter. The system shall, at a minimum, be capable of collecting sufficient data to determine changes in the rate of traffic violations per total number of vehicles that pass through the system.

C. *Vendor maintenance requirements.* The vendor selected shall be responsible for the installation, implementation, maintenance, and repair of the automated camera enforcement system equipment and software and all costs associated therein. In the event of automated camera enforcement system equipment failure, malfunction, damage, or other circumstances which render the automated camera enforcement equipment less effective, negatively impact operations under this chapter, or otherwise necessitate maintenance, the vendor shall quickly repair and return to operational status all automated camera enforcement system equipment. The vendor shall also be responsible for the installation, implementation, maintenance, and repair of signage required under this chapter.

D. *Vendor information protection requirements.* The vendor selected and all of their employees shall safeguard all recorded images and other data the vendor collects through the City's automated camera enforcement system from access by individuals other than authorized employees. The vendor and all of their employees shall ensure that all recorded images and other data the vendor collects through the City's automated camera enforcement system are accessed only by authorized employees or as otherwise provided by law or required by official duties for a purpose authorized by law.

E. *Vendor prohibitions.*

(1) The vendor shall not provide access to, share, sell, or otherwise make available or accessible images, video, and other data the vendor collects through the City's automated camera enforcement system to or for:

a. Any artificial intelligence system, as defined in 17.07.020, including, but not limited, to facial recognition systems;

b. Any electronic surveillance program of citizens, as defined in 17.07.020;

c. Any individuals, parties, or entities who are not authorized employees, other than individuals, parties, or entities involved in the prosecution of, defense against, or adjudication of an alleged traffic violation detected through the automated camera enforcement system created under this chapter; or

d. Any purpose other than for the implementation and administration of the City's automated camera enforcement system.

(2) In no instance shall the vendor sell or otherwise provide access to, share, or otherwise make available or accessible the recorded images and other data collected through the City's automated camera enforcement system for anything of value.

(3) Vendors shall not alter the function, duration, or schedule of traffic control signals.

(4) Vendors shall not be authorized to make decisions regarding the site locations of automated camera enforcement systems.

(5) Revenue from fines shall not be collected by or paid directly to the vendor.

F. *Other vendor requirements.* The operation of the automated enforcement system and the vendor must comply with the requirements for admission of photographic and video evidence under the "silent witness doctrine" in State v. Moyle, 532 S.W.3d 733 (Mo.App.W.D. 2017), and State v. Whittier, 591 S.W.3d 19 (Mo.App.E.D. 2019), provided that precedent is not overturned, to provide a live witness to testify at trials pertaining to violations issued pursuant to this chapter, and to establish any legal foundation that may be nec-

essary in order for video from unattended cameras operating pursuant to this chapter to be submitted as evidence for such trials.
(Ord. No. 71821, § 5, 4-16-2024.)

17.07.050 Location identification.

The SLMPD and BPS shall coordinate the selection of locations for automated camera enforcement systems, which shall be based upon the following factors:

A. Data on vehicular crash locations in the city, including side impact and turning crashes, crashes involving pedestrians and bicyclists, and crashes resulting in injuries or fatalities;

B. Data on traffic control ordinance violations, including violations pertaining to the running of red lights, vehicular crashes, and speeding;

C. Traffic volume on streets or highways associated with potential locations;

D. Equity and environmental factors associated with potential locations; and

E. Community feedback regarding intersections of concern in the City.
(Ord. No. 71821, § 6, 4-16-2024.)

17.07.060 Implementation.

A. *Supervision.* The automated camera enforcement system development, installation, and deployment shall be under the supervision of or with prior approval of BPS, working in collaboration with the SLMPD, and other City departments or divisions as may be necessary.

B. *Placement of automated camera enforcement system.* Devices that are part of the automated camera enforcement system may be installed or deployed at intersections identified pursuant to Section 17.07.050 of this chapter. Subsequent to the first placement of such devices at intersections in the City, additional devices may be installed or deployed at additional intersections in the City using the location identification criteria outlined in Section 17.07.050.

C. *Authorized use of automated camera enforcement system.* The automated camera enforcement system may be used by the SLMPD for the enforcement of alleged traffic violations as provided under this chapter to issue warning notices and violation notices for alleged traffic violations. Only authorized employees may access the system provided by the automated camera enforcement system vendor that collects, stores, and provides recorded images and other data for the City's automated camera enforcement program.

D. *Prohibited use of automated camera enforcement system.*

(1) In no instance shall the automated camera enforcement system be used by the SLMPD or any authorized employees for any enforcement other than the enforcement of traffic violations as provided under this chapter. The automated camera enforcement system shall not be used for prosecuting, issuing violation notices, or other enforcement activities for a red light violation for a legal right turn made after the operator of a vehicle brings the vehicle to a complete stop at a red light such that the wheels of the vehicle stop moving for any duration of time.

(2) In no instance shall the SLMPD or any authorized employee provide access to, share, or otherwise make available or accessible the recorded images and other data collected through the City's automated camera enforcement system to or for:

a. Any artificial intelligence system, as defined in Section 17.07.010, including, but not limited, to facial recognition systems;

b. Any electronic surveillance program of citizens, as defined in Section 17.07.010;

c. Any individuals, parties, or entities who are not authorized employees, other than individuals, parties, or entities involved in the prosecution of, defense against, or adjudication of an alleged violation detected through the automated camera enforcement system created under this chapter; or

d. Any purpose other than for the implementation and administration of the City's automated camera enforcement system.

E. *Designation of authorized employees.* No later than sixty (60) days prior to the first date the automated camera enforcement system becomes operational, the SLMPD shall inform the Director of the Department of Public Safety ("DPS") of the City employees who will be designated as authorized employees. The SLMPD shall inform the Director of DPS of any additional City employees designated as authorized employees no later than one (1) week prior to such individuals gaining access to the system provided by the automated camera enforcement system vendor that collects, stores, and provides recorded images and other data for the City's automated camera enforcement program.

F. *Probable cause.* Authorized employees shall examine the images and other data collected pursuant to this chapter to determine whether probable cause exists for a traffic violation. An authorized employee may use any lawful means to identify an individual allegedly violating City ordinance or state law, but in no instance shall artificial intelligence systems, as defined in 17.07.010, be used to identify the individual. Probable cause for alleged traffic violations detected through the automated camera enforcement system created under this chapter may be deemed to exist if it is in compliance with Rule 37 and if the recorded images or other data show the following:

(1) An alleged traffic violation;

(2) The date and time of the alleged traffic violation;

(3) The vehicle involved in the alleged traffic violation;

(4) The letters or numbers on the vehicle's license plate or temporary tag, as well as the state in which the license plate or temporary tag was issued;

(5) The face of the operator of the vehicle;

(6) The traffic control signal while it is emitting a steady red signal, as applicable; and

(7) The speed of the vehicle and the speed limit, as applicable.

(8) Whether the vehicle came to a complete stop at a stop sign, pursuant to Section 17.08.050 of the City's Revised Code, as applicable.

For any alleged traffic violations, probable cause shall not exist unless the identity of the operator of the vehicle at the time of the alleged violation is determined. An authorized employee may use any lawful means to identify the operator of the vehicle at the time of the alleged traffic violation.

(Ord. No. 71821, § 7, 4-16-2024.)

17.07.070 Public awareness.

The SLMPD shall, in partnership with BPS and any other City departments or divisions as may be necessary, develop strategies to raise public awareness of the implementation of the automated camera enforcement system in the City. Such awareness strategies shall be implemented by the SLMPD, in partnership with any other City departments or divisions as may be necessary, no less than sixty (60) days prior to the first date the automated camera enforcement system becomes operational.

Any automated camera enforcement system located on a street or highway must be identified by appropriate warning signs conspicuously posted not more than three hundred (300) feet from the location of each automated camera enforcement system location. Signage shall utilize pre-existing infrastructure, such as pre-existing sign poles, whenever possible. The placement of all advance warning signs must be approved by the SLMPD, working in partnership with BPS and any other City departments or divisions as may be necessary.

(Ord. No. 71821, § 8, 4-16-2024.)

17.07.080 Assessment.

One (1) year following the first date the automated camera enforcement system becomes operational in the City, and every year thereafter, the SLMPD shall compile and provide to the Director of DPS information assessing the outcomes of the automated camera enforcement system program created under this chapter, including the following:

A. The number of crashes at each intersection where an automated camera enforcement system has been installed or deployed, on a monthly basis;

B. The number of crashes at intersections where an automated camera enforcement system has not been installed or deployed, on a monthly basis;

C. The number of violations issued through the automated camera enforcement system, on a monthly basis;

D. The number of violations issued through the automated camera enforcement system at each intersection where an automated camera enforcement system has been installed or deployed, on a monthly basis;

E. The total number of vehicles that pass through the automated camera enforcement system at each system location, on a monthly basis;

F. The number of violations issued through the automated camera enforcement system, by zip code where the violation allegedly occurred, on a monthly basis;

G. Anonymized demographic data, to the extent it is available, of individuals who have received violations through the automated camera enforcement system, including their race and residential zip code, and the number of such individuals who have received two (2) or more citations under this chapter at the same intersection, if known, on an annual basis; and

H. Information regarding the cameras in use on an annual basis, including:

(1) The number of cameras;

(2) The location of cameras;

(3) The time intervals for which the recorded images and other data collected by the automated camera enforcement system are stored and destroyed; and

(4) As authorized under RSMo Ch. 610, or its successor, the authorized employees who have access to the system provided by the automated camera enforcement system vendor that collects, stores, and provides recorded images and other data for the City's automated camera enforcement program.

The Director of DPS shall provide a copy of information received by the Director of DPS in this section to the Board of Aldermen, President of BPS, and the Director of Streets.

As part of this annual assessment, the SLMPD shall, in partnership with BPS, determine whether to install or deploy automated camera enforcement systems at additional intersections, or to remove existing installed or deployed automated camera enforcement systems from intersections.

This determination shall utilize the factors outlined in Section 17.07.050; the data and information gathered pursuant to the annual report required under this section; and rules promulgated for the assessment of efficacy, potential additional installation and deployment, and potential removal of automated camera enforcement systems. Such rules shall be promulgated by BPS, in consultation with the Streets Department, SLMPD, Information Technology Services Agency, and the City Counselor's Office, within one hundred twenty (120) days of the effective date of this chapter.

As part of the annual assessment required under this section, if BPS, in consultation with the Streets Department and SLMPD, determines that the automated camera system has been ineffective at reducing traffic violations as provided under this chapter or otherwise ineffective at improving traffic safety at the locations where the automated camera system has been deployed, BPS may remove the automated camera enforcement system from such locations, and in addition the Streets Department may further recommend the installation of traffic calming measures at or near such locations. Any such recommended traffic calming measures shall align with the City's Complete Streets Policy as outlined in Ordinance Number 69955 or any successor ordinances.

(Ord. No. 71821, § 9, 4-16-2024.)

17.07.090 Warning notices.

For alleged traffic violations occurring within the first thirty (30) days after an automated camera enforcement system has begun operating in a particular location, only warning notices shall be issued to drivers. Warning notices shall not be issued as traffic citations and shall not be entered into law enforcement ticketing or mobile ticketing systems for prosecution. Warning notices shall not result in a conviction or fine for the alleged traffic offense.

(Ord. No. 71821, § 10, 4-16-2024.)

17.07.100 Prosecution.

The prosecution for an alleged traffic violation under this section shall be conducted in compliance with Missouri Supreme Court Rules, including Rule 37 or its successor. A notice of a traffic violation, including a red light violation, alleged as a result of the automated camera enforcement system created under this chapter shall only be issued to an individual who authorized employees have determined, pursuant to Section 17.07.060, was the operator of the vehicle at the time of the alleged traffic violation. The notice of violation shall be issued within thirty (30) days of the alleged traffic violation. The notice of violation shall comply with the requirements of Missouri Supreme Court Rule 37.33 or its successor, and shall also provide the following information gathered from the recorded alleged violation, including:

A. The date and time of the alleged traffic violation;

B. The time elapsed under the red light, as applicable;

C. The speed of the vehicle involved in the traffic violation and the speed limit, as applicable;

D. How to access any video footage of the alleged traffic violation; and

E. Any images that show the alleged traffic violation including, at a minimum:

(1) An image before the violation occurred, that shows the front or back of the vehicle involved in the alleged violation;

(2) An image after the incident occurred, that shows the front or back of the vehicle involved in the alleged violation;

(3) The license plate of the vehicle involved in the alleged violation; and

(4) The face of the operator of the vehicle involved in the traffic violation.

The vendor is prohibited from participating in any capacity in the enforcement or prosecution of traffic violations except as otherwise provided for and required in this chapter. For the prosecution of traffic violations under this chapter, the vendor shall provide live testimony, records, affidavits, and meet any other requirement to establish the foundation for admission into evidence of photographs, images or video from unattended cameras operating pursuant to this chapter at the trial of traffic violations under this chapter and as provided for in Section 17.07.040.F of this chapter. (Ord. No. 71821, § 11, 4-16-2024.)

17.07.110 Revenue.

All fines issued by the courts pursuant to violations of this chapter shall be paid to and through the courts, with monies distributed by the City Treasurer according to law, and disbursed by the Treasurer according to law. Fines shall not be collected by or paid directly to the vendor.

Any revenue received by the City from the courts as a result of automated camera enforcement systems shall be used exclusively for the following purposes:

A. City and administrative court costs associated with the automated camera enforcement program created under this chapter; and

B. The remainder shall be deposited into the Neighborhood Traffic Safety Improvement Fund.
(Ord. No. 71821, § 12, 4-16-2024.)

TRAFFIC-CONTROL DEVICES

Sections:

Part I. In General

17.08.010 Authority to install traffic-control devices.
17.08.020 Obedience to traffic-control devices.
17.08.030 Obedience to traffic-control devices—Exceptions.
17.08.035 Nonfunctioning traffic-control devices—Vehicle procedures.
17.08.040 Official traffic-control devices—Presumption of legality.
17.08.050 Stop and yield signs—Generally.
17.08.060 One-way streets and rotary traffic islands.
17.08.070 Special purpose stops.
17.08.075 Stop sign replacement.
17.08.080 School stops.
17.08.090 Playground stops.
17.08.100 Church stops.
17.08.105 Warning signs.
17.08.110 Traffic-control signal colors and terms.
17.08.120 Traffic-control signal colors and terms—Green indication.
17.08.130 Traffic-control signal colors and terms—Steady red indication.
17.08.140 Traffic-control signal colors and terms—Steady yellow indication.
17.08.150 Traffic-control signal colors and terms—Flashing indications.
17.08.160 Traffic-control signal colors and terms—"Walk" and "Don't Walk."
17.08.170 Traffic-control signal colors and terms—Lane direction control.
17.08.180 Tampering with traffic-control devices.
17.08.190 Closing of traffic at schools.
17.08.200 Implementation of Section 17.08.190.
17.08.210 Display of unauthorized traffic-control devices.
17.08.220 Traffic lanes.
17.08.230 Obedience to signal indicating approach to train.
17.08.240 Certain buses and trucks to stop at railroad crossing.
17.08.250 Authority to use federal signs, symbols and markings.

Part II. Traffic Regulations

17.08.300 In general.
17.08.310 Establishment of electric traffic signals—Generally.
17.08.320 Establishment of electric traffic signals—Minimum vehicular volume.
17.08.330 Establishment of electric traffic signals—Interruption of continuous traffic.
17.08.340 Establishment of electric traffic signals—Minimum pedestrian volume.

17.08.350 Establishment of electric traffic signals—Large volumes of traffic.
17.08.360 Establishment of electric traffic signals—School crossings.
17.08.370 Establishment of electric traffic signals—Accident experience.
17.08.380 Stop signs—All approaches.
17.08.390 Stop signs—Two-way approaches.
17.08.400 Special stop signs—Generally.
17.08.410 Special stop signs—Schools.
17.08.420 Special stop signs—Playgrounds.
17.08.430 Special stop signs—Churches.
17.08.440 Special purpose stop signs.
17.08.450 Yield signs.
17.08.460 Pedestrian walk phases.
17.08.470 Prohibited parking.
17.08.480 Parking restrictions.
17.08.490 Turning movements at intersections.
17.08.500 Speed limits.
17.08.510 One-way streets.
17.08.520 Record of regulations—Review board.

PART I. IN GENERAL

17.08.010 Authority to install traffic-control devices.

The Traffic and Transportation Administrator shall designate traffic-control signs, signals and devices when

and as required under the traffic ordinances of the City to make effective the provisions of said ordinances, and may designate such additional traffic control devices to regulate traffic under the traffic ordinances of the City or under state law or to guide or warn traffic. A schedule of streets to include all stop and yield intersections of whatever nature shall be maintained in the office of the Traffic and Transportation Administrator and in the office of the Register of the City. (1960 C., § 823.010; 1994 C., § 17.08.010; Ord. No. 57831, § 1(part), 1979.)

17.08.020 Obedience to traffic-control devices.

The driver of any vehicle shall obey the instructions of any official traffic-control device applicable thereto placed in accordance with the provisions of this chapter, unless otherwise directed by a police officer or other authorized person. (1960 C., § 823.020; 1994 C., § 17.08.020; Ord. No. 57831, § 1(part), 1979.)

RSMo 304.271 (2016) Observance of traffic-control devices

17.08.030 Obedience to traffic-control devices—Exceptions.

No provision of this chapter for which official traffic control devices are required shall be enforced against an alleged violator if at the time and place of the alleged violation an official device is not in proper position and sufficiently legible to be seen by an ordinarily observant person. (1960 C., § 823.030; 1994 C., § 17.08.030; Ord. No. 57831, § 1(part), 1979.)

17.08.035 Nonfunctioning traffic-control devices—Vehicle procedures.

A. The operator of a motor vehicle traveling toward an intersection where electric traffic-control devices are installed and the signal heads are not illuminated shall bring such motor vehicle to a complete stop before entering the intersection, in the same manner as if said electric control device showed a flashing red light.

B. Any person convicted of violating the provisions of this section shall be punished as provided by Section 1.12.010 of this Code. (1994 C., § 17.08.035; Ord. No. 58311, §§ 1, 2, 1981.)

17.08.040 Official traffic-control devices—Presumption of legality.

A. Whenever official traffic-control devices are placed in position conforming to the requirements of this chapter, such devices shall be presumed to have been so placed by the official act or direction of lawful authority, unless the contrary shall be established by competent evidence.

B. Any official control device placed pursuant to the provisions of this chapter shall be presumed to comply with the requirements of this chapter unless the contrary shall be established by competent evidence. (1960 C., § 823.040; 1994 C., § 17.08.040; Ord. No. 57831, § 1(part), 1979.)

17.08.050 Stop and yield signs—Generally.

A. Every driver of a vehicle approaching a stop sign shall stop at a clearly marked stop line, but if none, shall stop before entering the crosswalk on the near side of the intersection, or, if none, shall stop at the point nearest the intersecting street where the driver has a view of approaching traffic on the intersecting street before entering it and shall not proceed until safe to do so.

B. The driver of a vehicle approaching a yield sign, in obedience to such sign, shall slow to a speed reasonable for the existing conditions and, if required for safety, shall stop and shall not proceed until safe to do so. (1960 C. 823.050; 1994 C., § 17.08.050; Ord. No. 57831, § 1(part), 1979.)

17.08.060 One-way streets and rotary traffic islands.

A. The Traffic and Transportation Administrator may designate any street or part of a street as a one-way street upon which vehicular traffic shall move in one direction at all and such times as shall be indicated by official traffic control devices, except City one-man automated refuse collection trucks, which are hereby permitted to travel the wrong way on a one-way street while making refuse collections in that block. A list of one-way streets shall be kept on file in the office of the City Register.

B. Upon a street, so designated for one-way traffic, a vehicle shall be driven only in the direction designated at all or such times as shall be indicated by official traffic-control devices.

C. A vehicle passing around a rotary traffic island

shall be driven only to the right of such island. (1960 C., § 823.060; 1994 C., § 17.08.060; Ord. No. 59349, § 1, 1984; Ord. No. 58448, § 1(part), 1981; Ord. No. 57831, § 1(part), 1979.)

17.08.070 Special purpose stops.

At those street intersections or crosswalks, lawfully designated as a "special purpose stop," signs shall be erected by the Traffic and Transportation Division. When such signs are placed facing traffic, every driver shall stop and yield the right-of-way to drivers and pedestrians, and shall not proceed until safe to do so. (1960 C., § 823.070; 1994 C., § 17.08.070; Ord. No. 57831, § 1(part), 1979.)

17.08.075 Stop sign replacement.

The Director of Streets is hereby authorized to replace all permanent stop signs with material which will meet the minimum standards of reflective intensity value as outlined in the U.S. Department of Transportation, Federal Highway Administration publication FP-74. (1994 C., § 17.08.075; Ord. No. 57193, § 1, 1976.)

17.08.080 School stops.

At those street intersections or crosswalks lawfully designated as a "school stop," signs shall be erected by the Traffic and Transportation Division. When such signs are placed facing traffic, every driver facing such signs shall stop at such signs and shall yield the right-of-way to pedestrians and shall not proceed until safe to do so. (1960 C. 823.080; 1994 C., § 17.08.080; Ord. No. 57831, § 1(part), 1979.)

17.08.090 Playground stops.

At those street intersections or crosswalks lawfully designated as a "playground stop," signs shall be erected by the Traffic and Transportation Division. When signs are placed facing traffic, every driver facing such signs shall stop at the sign and yield the right-of-way to pedestrians and shall not proceed until safe to do so. (1960 C., § 823.090; 1994 C., § 17.08.090; Ord. No. 57831, § 1(part), 1979.)

17.08.100 Church stops.

At those street intersections or crosswalks lawfully designated as a "church stop," signs shall be erected by the Traffic and Transportation Division. When such signs are placed facing traffic, every driver shall stop and yield the right-of-way to pedestrians and shall not proceed until safe to do so. (1960 C., § 823.100; 1994 C., § 17.08.100; Ord. No. 57831, § 1(part), 1979.)

17.08.105 Warning signs.

When warning signs are placed facing traffic by either the Traffic and Transportation Administrator, State Highway Department, or any authorized agency, for safety or other traffic purposes, every driver facing such sign shall obey such warning and proceed with caution. (1960 C., § 823.105; 1994 C., § 17.08.105; Ord. No. 58448, § 2(part), 1981; Ord. No. 57831, § 1(part), 1979.)

17.08.110 Traffic-control signal colors and terms.

Whenever traffic is controlled by official traffic-control signals and devices, the following colors and terms shall have the meaning described in Sections 17.08.120 through 17.08.170. (1960 C., § 823.110(part); 1994 C., § 17.08.110; Ord. No. 57831, § 1(part), 1979.)

17.08.120 Traffic-control signal colors and terms—Green indication.

A. Vehicular traffic facing a circular green signal may proceed straight through or turn right or left unless a sign at such place prohibits either such turn. But vehicular traffic, including vehicles turning right or left, shall yield the right-of-way to other vehicles and to pedestrians lawfully within the intersection or crosswalk during the time such signal is exhibited.

B. Vehicular traffic facing a green arrow signal, shown alone or in combination with another indication, may cautiously enter the intersection only to make the movement indicated by such arrow, or such other movement as is permitted by other indications shown at the same time. Before entering an intersection such vehicular traffic shall yield the right-of-way to pedestrians lawfully within the intersection or crosswalk at the time such signal is exhibited. (1960 C., § 8 23.110(a); 1994 C., § 17.08.120; Ord. No. 57831, § 1(part), 1979.)

17.08.130 Traffic-control signal colors and terms—Steady red indication.

Vehicular traffic facing a steady red signal alone shall stop at a clearly marked stop line, but if none, before entering the crosswalk on the near side of the intersection, or if none, then before entering the intersection and shall remain standing until an indication to proceed is shown. After stopping, a driver may cautiously enter the intersection only to make a right turn unless a sign at such place prohibits such movement and shall yield the right-of-way to pedestrians lawfully

within the adjacent crosswalks, and to all other traffic lawfully in the intersection or about to enter the intersection. (1960 C., § 823.110(b); 1994 C., § 17.08.130; Ord. No. 57831, § 1(part), 1979.)

RSMo:

17.08.140 Traffic-control signal colors and terms—Steady yellow indication.

A. Vehicular traffic facing a steady yellow signal is thereby warned that the related green movement has been terminated and that a red indication will be exhibited immediately thereafter when vehicular traffic shall not enter the intersection.

B. Pedestrians facing a steady yellow signal, unless otherwise directed by a pedestrian-control signal, are thereby advised that there is insufficient time to cross the roadway before a red indication is shown and no pedestrian shall then start to cross the roadway. (1960 C., § 823.110(c); 1994 C., § 17.08.140; Ord. No. 57831, § 1(part), 1979.)

17.08.150 Traffic-control signal colors and terms—Flashing indications.

A. When a red lens is illuminated with rapid intermittent flashes, drivers of vehicles shall stop at a clearly marked stop line, but if none, before entering the crosswalk on the near side of the intersection, or if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering it, and the right to proceed shall be subject to the rules applicable after making a stop at a stop sign.

B. When a yellow lens is illuminated with rapid intermittent flashes, drivers of vehicles may proceed through the intersection or past such signal only with caution.

C. This section shall not apply at railroad grade crossings. (1960 C., § 823.110(d); 1994 C., § 17.08.150; Ord. No. 57831, § 1(part), 1979.)

17.08.160 Traffic-control signal colors and terms—"Walk" and "Don't Walk."

A. "*Walk.*" Pedestrians at a crosswalk facing either a steady "Walk" or a flashing "Walk" signal may proceed across the roadway in the direction of the signal while in the crosswalk and shall be given the right-of-way by the drivers of all vehicles.

B. "*Don't Walk.*" No pedestrian shall start to cross the roadway in the direction of a steady or flashing "Don't Walk" signal. Any pedestrian who has partially completed his crossing on the walk signal shall proceed to a sidewalk or safety zone while the "Don't Walk" signal is showing. (1960 C., § 823.110(e); 1994 C., § 17.08.160; Ord. No. 57831, § 1(part), 1979.)

17.08.170 Traffic-control signal colors and terms—Lane direction control.

When lane direction control signals are placed over the individual lanes of a street vehicular traffic may travel in any lane over which a green signal is shown, but shall not enter or travel in any lane over which a red signal is shown. (1960 C., § 823.110(f); 1994 C., § 17.08.170; Ord. No. 57831, § 1(part), 1979.)

17.08.180 Tampering with traffic-control devices.

No person shall, without lawful authority, attempt to or in fact alter, deface, injure, knock down or otherwise interfere with or remove any official traffic-control device or any railroad sign or signal or any inscription, shield or insignia thereon, or any other part thereof. (1960 C., § 823.120; 1994 C., § 17.08.180; Ord. No. 57831, § 1(part), 1979.)

17.08.190 Closing of traffic at schools.

The Traffic and Transportation Administrator may authorize the person in charge of any public or private school to cause any public street or alley adjacent to such school or any portion thereof to be temporarily closed to through vehicular traffic. Such authority shall be limited to the hours and days that the Traffic and Transportation Administrator shall determine to be reasonable and necessary to each case for the purpose of protecting the life and limb of the children attending such school. All barriers and signs necessary to effect such temporary closing shall be provided by each school receiving such authority. It shall be the obligation of the school receiving such authority to place and remove such barriers and signs. (1960 C., § 823.130; 1994 C., § 17.08.190; Ord. No. 57831, § 1(part), 1979.)

17.08.200 Implementation of Section 17.08.190.

For the purpose of carrying out the provisions of Section 17.08.190 in a uniform and orderly manner, the Traffic and Transportation Administrator shall issue such reasonable regulations as he may deem necessary,

including regulations as to the dimensions, color and wording on such barriers or signs, as will protect, for persons whose residences or places of business are on such temporarily closed street or alley, their rights of ingress and egress. (1960 C., § 823.140; 1994 C., § 17.08.200; Ord. No. 57831, § 1(part), 1979.)

17.08.210 Display of unauthorized traffic-control devices.

A. No person shall place, maintain or display upon or in view of any street any unauthorized sign, signal, marking or device which purports to be or is an imitation of or resembles an official traffic-control device or railroad sign or signal, or which attempts to direct the movement of traffic, or which hides from view or interferes with the effectiveness of an official traffic-control device or any railroad sign or signal.

B. Every such prohibited sign, signal or marking is hereby declared to be a public nuisance and the authority having jurisdiction over the street is hereby empowered to remove the same or cause it to be removed without notice. (1960 C., § 823.160; 1994 C., § 17.08.210; Ord. No. 57831, § 1(part), 1979.)

17.08.220 Traffic lanes.

The Traffic and Transportation Administrator shall designate traffic lanes upon the roadway of any street where a regular alignment of traffic is necessary. (1960 C., § 823.170; 1994 C., § 17.08.220; Ord. No. 57831, § 1(part), 1979.)

17.08.230 Obedience to signal indicating approach to train.

A. Whenever any person driving a vehicle approaches a railroad grade crossing under any of the circumstances stated in this section, the driver of such vehicle shall stop within fifty feet, but not less than ten feet from the nearest rail of such railroad, and shall not proceed until he can do so safely. The foregoing requirements shall apply when:

1. A clearly visible electric or mechanical signal device gives warning of the immediate approach of a railroad train;

2. A crossing gate is lowered or when a human flagman gives or continues to give a signal of the approach or passage of a railroad train;

3. A railroad train approaching within approximately 1,500 feet of the street crossing emits a signal audible from such distance and such railroad train, by reason of its speed or nearness to such crossing, is an immediate hazard;

4. An approaching railroad train is plainly visible and is in hazardous proximity to such crossing.

B. No person shall drive any vehicle through, around or under any crossing gate or barrier at a railroad crossing which such gate or barrier is closed or being opened or closed. (1960 C., § 823.180; 1994 C., § 17.08.230; Ord. No. 57831, § 1(part), 1979.)

17.08.240 Certain buses and trucks to stop at railroad crossing.

Every bus transporting passengers, and every motor vehicle transporting high explosives, poisonous or compressed inflammable gases, inflammable or corrosive liquids in bulk (whether loaded or empty) shall, upon approaching any railroad grade crossing, be brought to a stop within fifty feet, but not less than ten feet from the nearest rail of such railroad grade crossing, and shall not proceed until due caution has been taken to ascertain that the course is clear. Such stop shall not be required at a railroad grade crossing protected by a watchman or a traffic officer. (1960 C., § 823.190; 1994 C., § 17.08.240; Ord. No. 57831, § 1(part), 1979.)

17.08.250 Authority to use federal signs, symbols and markings.

The City Traffic and Transportation Division is hereby authorized to use symbol signs, word signs, pavement markings and electric signal indications as established by the most recent edition of the "Manual of Uniform Traffic Control Devices for Streets and Highways," published by the U.S. Department of Transportation Federal Highway Administration, a copy of which is on file in the Register's Office. (1960 C., § 823.200; 1994 C., § 17.08.250; Ord. No. 57831, § 1(part), 1979.)

PART II. TRAFFIC REGULATIONS

17.08.300 In general.

For the purpose of affording the Traffic and Transportation Administrator the ability to effect certain traffic controls and regulations when, in the opinion of

the Administrator, public safety, convenience and the expedition of traffic demands, the Administrator is hereby authorized and empowered, subject to the provisions hereof, to establish the respective regulatory measures and official control device specified in this chapter when the conditions in relation thereto exist, and may remove the same when such conditions do not exist or have ceased to exist. (1960 C., § 821.040(part); 1994 C., § 17.08.300; Ord. No. 57831, § 1(part), 1979.)

17.08.310 Establishment of electric traffic signals—Generally.

When one or more of the following criteria described in Sections 17.08.320 through 17.08.370 exists, electric traffic signals shall be established. (1960 C., § 821.040(A)(part); 1994 C., § 17.08.310; Ord. No. 57831, § 1(part), 1979.)

17.08.320 Establishment of electric traffic signals—Minimum vehicular volume.

Electric traffic signals shall be established, if:

A. Total vehicular volume entering the intersection section from both approaches of the major street must be at least 500 vehicles per hour for any 8 hours of an average day; and

B. Total vehicular volume entering the intersection from any approach on the minor street or streets must be at least 150 vehicles per hour for the same 8 hours. (1960 C., § 821.040(A)(1); 1994 C., § 17.08.320; Ord. No. 57831, § 1(part), 1979.)

17.08.330 Establishment of electric traffic signals—Interruption of continuous traffic.

Electric traffic signals shall be established, if:

A. At an intersection on a major street, the vehicle volume along that street must be at least 750 vehicles per hour for any 8 hours of an average day; and

B. The vehicle volume from any approach on the side street or streets must be at least 75 vehicles per hour for the same 8 hours. (1960 C., § 821.040(A)(2); 1994 C., § 17.08.330; Ord. No. 57831, § 1(part), 1979.)

17.08.340 Establishment of electric traffic signals—Minimum pedestrian volume.

Electric traffic signals shall be established, if:

A. The volume on the principal street must be 600 or more vehicles per hour entering the intersection (total of both approaches) for each of any 8 hours of an average day; and

B. During the same 8 hours as in Subsection A, there are 150 or more pedestrians per hour crossing the principal street. (1960 C., § 821.040(A)(3); 1994 C., § 17.08.340; Ord. No. 57831, § 1(part), 1979.)

17.08.350 Establishment of electric traffic signals—Large volumes of traffic.

Electric traffic signals shall be established if, at industrial plants, stadiums and other like places where large volumes of traffic occur on regular and reasonably frequent occasions, vehicular volume on the street past an establishment of the type mentioned above exceeds 800 vehicles per hour, and traffic to and from the establishment during the same period of time meets one of the following:

A. A minimum of 300 vehicles per hour; or

B. A minimum of 200 pedestrians crossing per hour; or

C. A minimum of 200 vehicles and 100 pedestrians crossing per hour;

D. Left turns into and from the establishment exceed 240 vehicles per hour. (1960 C., § 821.040(A)(4); 1994 C., § 17.08.350; Ord. No. 57831, § 1(part), 1979.)

17.08.360 Establishment of electric traffic signals—School crossings.

Electric traffic signals shall be established, if: at an established school crossing of a principal street the number of adequate gaps in the traffic stream during the crossing period must be less than the number of minutes in the same period. The adequate gaps are determined by considering the width of roadway and size of group of school children. (1960 C., § 821.040(A)(5); 1994 C., § 17.08.360; Ord. No. 57831, § 1(part), 1979.)

17.08.370 Establishment of electric traffic signals—Accident experience.

Electric traffic signals shall be established, if:

A. There have been five or more police reported accidents of types susceptible of correction by signalization within a 12-month period; and

B. There exists a volume of vehicular and pedestrian traffic of 80 percent or more of the requirements stated either in Sections 17.08.320, 17.08.330 or 17.08.340. (1960 C., § 821.040(A)(6); 1994 C., § 17.08.370; Ord. No. 57831, § 1(part), 1979.)

17.08.380 Stop signs—All approaches.

Stop signs on all approaches to an intersection are warranted if any of the following criteria are met:

A. Electric traffic signals are warranted, and the stop control is to be used as an interim control device;

B. Five or more police reported accidents in a 12-month period of types susceptible of correction by stop on all approaches;

C. Traffic volumes in the following combination are present:

1. Total vehicular volume entering the intersection from all approaches must be at least 500 vehicles per hour for any 8 hours; and

2. The combined vehicular and pedestrian volume from the minor street must be at least 200 units per hour for the same 8 hours, with an average delay of vehicles on the minor street of at least 30 seconds per vehicle during the maximum volume hour;

D. When both streets are local by classification and 51 percent of the registered voters in the block facing adjacent to the intersection indicate by petition that they desire the control and when the Alderman or Aldermen from the ward or wards, wherein the street or streets are located, indicate that they desire the control; or where the Alderman or Aldermen from the ward or wards wherein the proposed stop sign is located desires the control. (1960 C., § 821.040(B)(1); 1994 C., § 17.08.380; Ord. No. 58088, § 1, 1980; Ord. No. 57831, § 1(part), 1979.)

17.08.390 Stop signs—Two-way approaches.

Stop sign control is warranted for the lesser volume street when one of the following criteria is present:

A. The street is presently controlled with a yield sign and there have been 3 police reported accidents in a 12-month period caused by motorists failing to heed the yield control;

B. Vehicular volume averages 150 vehicles per hour for any 3 consecutive hours;

C. Three (3) police reported accidents in a 12-month period of types susceptible to correction;

D. Sight distance for either of the approaches of the minor volume street is restricted such that the safe approach speed is less than 10 mph;

E. When a local street by classification intersects with a collector or arterial street, the local street shall be controlled;

F. When two local streets intersect and in the opinion of the Traffic and Transportation Administrator safety requires the assignment of right-of-way for one street and when the appropriate Alderman or Aldermen from the ward or wards, wherein the street or streets are located, indicate that they desire the control. (1960 C., § 821.040(B)(2); 1994 C., § 17.08.390; Ord. No. 57831, § 1(part), 1979.)

17.08.400 Special stop signs—Generally.

The following school, playground, church and special purpose stop control shall be warranted when the criteria described in Sections 17.08.410 through 17.08.440 is satisfied. (1960 C., § 821.040(B)(3)(part); 1994 C., § 17.08.400; Ord. No. 57831, § 1(part), 1979.)

17.08.410 Special stop signs—Schools.

School stop signs controlling vehicular traffic are warranted if two of the following criteria are present:

A. More than 25 children on their way to or from school by the most feasible and direct route cross the street in a two-hour period in a crosswalk not guarded by a school crossing guard and an hourly volume of more than 500 vehicles use the street during the same two-hour period;

B. More than 200 children on their way to or from a school cross the street in a two-hour period in a crosswalk guarded by a school crossing guard;

C. There is no intersection, located less than 300 feet from the crosswalk under consideration, where vehicle traffic in the street being crossed by said crosswalk is controlled by a stop sign, an electric signal or a crossing guard. (1960 C., § 821.040(B)(3)(a); 1994 C., § 17.08.410; Ord. No. 57831, § 1(part), 1979.)

17.08.420 Special stop signs—Playgrounds.

Playground stop signs controlling vehicular traffic on a street are warranted at supervised play areas if two of the following criteria are present:

A. More than 25 children on their way to or from a playground cross the street in a two-hour period or in excess of 150 children cross during the hours 8 a.m. to 9 p.m. in a crosswalk not guarded by a crossing guard and an hourly volume of more than 500 vehicles use the street proposed to be controlled during the same two-hour period;

B. More than 200 children on their way to or from a playground cross the street in a two-hour period in a crosswalk guarded by a playground crossing guard;

C. There is no intersection located less than 300 feet from the crosswalk under consideration where vehicular traffic in the street being crossed by said crosswalk is controlled by a stop sign, an electric signal, or a crossing guard. (1960 C., § 821.040(B)(3)(b); 1994 C., § 17.08.420; Ord. No. 57831, § 1(part), 1979.)

17.08.430 Special stop signs—Churches.

Church stop signs controlling vehicular traffic on a street are warranted, if the following criteria are present:

A. More than 200 pedestrians on their way to or from church cross the street in a two-hour period in a crosswalk and an hourly volume of more than 500 vehicles use the street during the two-hour period used by pedestrians;

B. There is no intersection located less than 300 feet from the crosswalk under consideration where vehicular traffic on the street being crossed is controlled by a stop sign or an electric signal. (1960 C., § 821.040(B)(3)(c); 1994 C., § 17.08.430; Ord. No. 57831, § 1(part), 1979.)

17.08.440 Special purpose stop signs.

Special purpose stop signs controlling vehicular traffic on a street are warranted if the following criteria are present: More than 200 pedestrians cross the street in a one-hour period to or from their place of employment and there is a minimum of 500 vehicles using the street during the same hour. (1960 C., § 821.040(B)(3)(d); 1994 C., § 17.08.440; Ord. No. 57831, § 1(part), 1979.)

17.08.450 Yield signs.

A. Yield signs shall be warranted at intersections where the following criteria are present:

1. When the volume of vehicle traffic does not exceed the minimum requirements for a stop intersection and other minimum requirements for a stop intersection are not met;

2. When the total volume of vehicles entering the intersection reached 100 vehicles per hour for 8 hours, and the total volume of vehicle traffic entering the intersection does not exceed 500 vehicles per hour during more than two hours in a day.

B. Yield signs shall be warranted for use in controlling ramp traffic entering the main traffic flow when an adequate acceleration lane does not exist.

C. Yield signs shall be warranted where there is a separate or channelized right-turn lane, without an adequate acceleration lane. (1960 C., § 821.040(C); 1994 C., § 17.08.450; Ord. No. 57831, § 1(part), 1979.)

17.08.460 Pedestrian walk phases.

An exclusive pedestrian walk phase shall be warranted in conjunction with traffic signals when one of the following criteria is present:

A. When pedestrians and vehicles presently move during the same electric signal phase and the pedestrian volume crossing the more heavily traveled street averages at least 500 persons per hour for any 8 hours of an average day;

B. When sufficiently heavy vehicular turning movements exist so that pedestrians do not have sufficient time to cross the street into which vehicles are turning, based on the amount of time left to the pedestrian after turning movements are completed. Sufficient time shall be based on the duration of the signal phase, number of vehicles turning, and width of street.

C. When institutionalized pedestrians require special consideration to permit them to cross a major street adjacent to the institution. (1960 C., § 821.040(D); 1994 C., § 17.08.460; Ord. No. 57831, § 1(part), 1979.)

17.08.470 Prohibited parking.

Prohibition of parking along a curb shall be warranted when one of the following criteria exists:

A. On a two-way street where and when the average hourly volume of traffic per lane in all lanes (excluding the parking lanes) in one direction in any hour or hours exceeds 500 vehicles per hour the parking shall be prohibited during the hour or hours when such volume is exceeded and shall be prohibited along the curb or edge of roadway on the right of these traffic lanes;

B. On a one-way street where and when the average hourly volume of traffic per lane in all lanes (excluding the right and left parking lanes) in any hour or hours exceeds 500 vehicles per hour the parking shall be prohibited during the hour or hours when such volume is exceeded and shall be prohibited first along the left curb or edge or roadway and successively along the right hand curb or edge or roadway as required;

C. Any specific ordinance provision calling for such prohibition such as in a crosswalk;

D. Where vehicles waiting at an electric signal require more lane capacity;

E. Where visibility at an intersection is restricted by vehicles parking too close to one cross street, visibility being reduced below safe stopping distances for allowable operating speeds as adopted by the Institute of Traffic Engineers;

F. Where the narrowness of the roadway causes difficulty in maneuvering turns unless parking is prohibited;

G. Where a special turning lane requires additional lane capacity at an intersection;

H. Where the Fire Department requires a prohibition of parking to provide for adequate movements for fire apparatus;

I. When in the opinion of the Traffic and Transportation Administrator after proper study, the parking restrictions are needed for safety or to reduce interference with good traffic flow. (1960 C., § 821.040(E); 1994 C., § 17.08.470; Ord. No. 57831, § 1(part), 1979.)

17.08.480 Parking restrictions.

Restriction of curb parking to certain amounts of time during certain hours of the day shall be warranted according to the following criteria:

A. Where vehicles are parked in front of residences for periods of time longer than two hours and when the Traffic and Transportation Administrator is petitioned to act by more than 65 percent of the registered voters as to the length of time of parking and to the hours when such restrictions apply;

B. Where vehicles are parked in front of a place of business for a period of time longer than 2 hours and, when the proprietor of such place of business requests the Traffic and Transportation Administrator to act, such parking shall be restricted to a length of time not in excess of 2 hours during the hours of business of such establishment. (1960 C., § 821.040(F); 1994 C., § 17.08.480; Ord. No. 57831, § 1(part), 1979.)

17.08.490 Turning movements at intersections.

Turning movements at intersections may be prohibited when any one of the following criteria exists:

A. The turning movement is a left turning movement and represents less than 10 percent of the through traffic movements and such turning movements are observed to impede through movements of traffic;

B. Where a turning movement is not the only means of access and represents a hazard to safety as evidenced by three or more collisions in a 12-month period where the turning movement was involved;

C. Where the turning movement is not the only means of access and materially contributes to congestion or complicating factors in the involved intersection. (1960 C., § 821.040(G); 1994 C., § 17.08.490; Ord. No. 57831, § 1(part), 1979.)

17.08.500 Speed limits.

Speed limits shall be:

A. 40 miles per hour on streets, boulevards, and other public thoroughfares with limited access;

B. 35 miles per hour on arterial and collector streets, boulevards, and other public thoroughfares open to vehicular movements with at least two ten-foot lanes freely open to each direction of movement at all times. The paved roadway of streets, etc., so controlled shall be at least 56 feet wide on two-way streets, and 36 feet wide on one-way streets with parking restrictions, or 30 feet wide on one-way streets with parking restrictions on at least one side at all times;

C. 30 miles per hour on all other arterial and collector streets and on all other streets with a paved roadway at least 36 feet wide on two-way streets;

D. 25 miles per hour on all other streets not mentioned above, including park roads, and all streets in the central traffic district;

E. 15 miles per hour on all public alleys and other publicly owned or controlled property not mentioned above, but which is open to vehicular traffic, such as parking lots, access driveways, etc.

Speed limits specified in the Subsections A, B and C of this section shall be posted by the Traffic and Transportation Division on the streets so controlled. (1960 C., § 821.040(H); 1994 C., § 17.08.500; Ord. No. 57831, § 1(part), 1979.)

17.08.510 One-way streets.

Warrant for designation as a one-way street for the purpose of moving traffic on this street in one direction only shall exist when the designation of a street as one-way does not deny the entrance or exit of an abutting property owner. That where possible any adjacent one-way streets are made to be one-way in the opposite direction when one of the following criteria is met:

A. Where the roadway is less than 38 feet wide with parking allowed on both sides of the street; or the roadway is less than 28 feet wide with parking prohibited from one side of the street;

B. Where a roadway wider than 38 feet when an adjacent parallel roadway of similar width is made one-way in the opposite direction, and when the volume of traffic as a two-way street exceeds 1000 vehicles per lane in one direction on an average 24-hour day;

C. Where a street is composed of an odd number of traffic lanes and where full utilization of the number of lanes is necessary to accommodate the volume of traffic;

D. Where minor streets can be made one-way to take traffic away from a complicated area or intersection;

E. Where a street on which the predominant land use is zoned A through E and 65 percent of the registered voters indicate by petition that they desire the street to be made one-way and when the Alderman or Aldermen from the ward or wards, wherein the street is located, indicate that they desire the control. (1960 C., § 821.040(I); 1994 C., § 17.08.510; Ord. No. 57831, § 1(part), 1979.)

17.08.520 Record of regulations—Review board.

A. The Traffic and Transportation Administrator shall keep a record of all regulations adopted by him under the power and authority granted in this chapter. This record shall be kept in his office and be subject to public inspection. The Traffic and Transportation Administrator, in making such regulations as enumerated in Sections 17.08.300 through 17.08.510, except emergency regulations and regulations covering special conditions, shall communicate same to the Board of Aldermen in writing by delivering a copy of such written regulations within 60 days after such regulations are promulgated, to the Clerk of the Board of Aldermen and to the City Register.

B. The Board of Public Service shall act as the City's Administrative Review Board. Any person aggrieved by any action taken by the Traffic and Transportation Administrator under Sections 17.08.300 through 17.08.510, may appeal to the Board of Public Service. An appeal registration fee of $10.00 will be required. The Board, upon hearing such appeal, shall either affirm, modify or set aside any action taken by the Traffic and Transportation Administrator. Unless the Board of Public Service modifies or sets aside any such regulation or unless the Board of Aldermen shall, within 90 days after receipt by the Clerk of the Board of Aldermen of such notice, modify or set aside any such regulation by a duly enacted ordinance, such regulation shall remain in full force and effect until such regulation is altered, modified or set aside by a new regulation promulgated by the Traffic and Transportation Administrator or until such regulation is modified, set aside or authorized by a duly enacted ordinance of the Board of Aldermen. (1960 C., § 821.050; 1994 C., § 17.08.520; Ord. No. 57831, § 1(part), 1979.)

Chapter 17.10

SPEED REGULATIONS

Sections:

17.10.010 State and local speed limits applicable.

17.10.020 Reasonable and prudent speeds.

17.10.030 City-wide speed limit.

17.10.040 Posted speed limits.

17.10.041 Washington Avenue.

17.10.050 Impeding traffic.

17.10.060 Minimum speed limits.

17.10.070 Alley speed limits.

17.10.080 Record of schedule street speed limits.

17.10.090 Parking lots.

17.10.010 State and local speed limits applicable.

It shall be unlawful for any person to drive a vehicle at a speed in excess of any applicable state speed limit or any speed limit established by ordinance. (1960 C., § 824.010; 1994 C., § 17.10.010; Ord. No. 57831, § 1(part), 1979.)

17.10.020 Reasonable and prudent speeds.

No person shall drive a vehicle at a speed greater than is reasonable and prudent under the conditions and having regard to the actual and potential hazards then existing. Consistent with the foregoing, every person shall drive at a safe and appropriate speed when approaching and crossing an intersection or railroad grade crossing, when approaching and going around a curve, when approaching a hill crest, when traveling upon any narrow or winding roadway, and when special hazards exist with respect to pedestrians or other traffic or by reason of weather or roadway conditions. (1960 C., § 824.020; 1994 C., § 17.10.020; Ord. No. 57831, § 1(part), 1979.)

17.10.030 City-wide speed limit.

The City-wide speed limit shall be 25 miles per hour. The speed on any street or park road in this City shall not exceed 25 miles per hour unless otherwise posted. (1960 C., § 824.030; 1994 C., § 17.10.030; Ord. No. 57831, § 1(part), 1979.)

17.10.040 Posted speed limits.

The maximum speed upon sections of roadways, posted by either the Streets Department or the Missouri Department of Transportation, shall be as indicated in the following schedule, and it shall be unlawful to operate a vehicle in excess of said posted maximum speed limits. The speed limits shall be in effect at all

times unless conditions are posted on the sign indicating when the speed limit is in effect. The speed limit schedule is as follows:

A. 15 miles per hour;
B. 20 miles per hour;
C. 25 miles per hour;
D. 30 miles per hour;
E. 35 miles per hour;
F. 40 miles per hour;
G. 45 miles per hour;
H. 50 miles per hour;
I. 55 miles per hour;
J. 60 miles per hour;
K. 65 miles per hour;
L. 70 miles per hour. (1960 C., § 824.040; 1994 C., § 17.10.040; Ord. No. 67988, § 1, 6-16-2008; Ord. No. 63774, § 2, 1996; Ord. No. 57831, § 1(part), 1979.)

17.10.041 Washington Avenue.

Notwithstanding the provisions of any other ordinance to the contrary, the posted speed limit for all traffic traveling on Washington Avenue, from 18th Street to Tucker Boulevard, shall be 25 miles per hour. (1994 C., § 17.10.041; Ord. No. 65996, § 1, 2003.)

17.10.050 Impeding traffic.

No person shall operate a motor vehicle in such a way as to impede the normal and reasonable movement of traffic. (1960 C., § 824.050; 1994 C., § 17.10.050; Ord. No. 58448, § 1(part), 1981; Ord. No. 57831, § 1(part), 1979.)

17.10.060 Minimum speed limits.

Whenever the State Highway Commission or Traffic and Transportation Administrator within their respective jurisdictions determine on the basis of an engineering and traffic investigation that slow speeds on any street or part of a street impede the normal and reasonable movement of traffic, the State Highway Commission or the Traffic and Transportation Administrator may determine and declare a minimum speed limit below which no person shall drive a vehicle except when necessary for safe operation or in compliance with law and that limit shall be effective when posted upon appropriate fixed or variable signs. (1960 C., § 824.060; 1994 C., § 17.10.060; Ord. No. 57831, § 1(part), 1979.)

17.10.070 Alley speed limits.

No person shall drive a motor vehicle in excess of 15 miles per hour on all public alleys and other publicly owned or controlled property except private roads. (1960 C., § 824.070; 1994 C., § 17.10.070; Ord. No. 57831, § 1(part), 1979.)

17.10.080 Record of schedule street speed limits.

The schedules of streets or parts of streets for which speed limits are controlled by this chapter shall be kept on file in the office of the Register and the Traffic and Transportation Division and are available for examination. (1960 C., § 824.080; 1994 C., § 17.10.080; Ord. No. 57831, § 1(part), 1979.)

17.10.090 Parking lots.

A. There is hereby imposed a speed limit of 15 miles per hour on all vehicles using or traveling in parking lots as that is defined in Section 17.02.380 Revised Code of the City of St. Louis, 1980 as amended.

B. Violation of Subsection A shall be punished as provided by this title. (1994 C., § 17.10.090; Ord. No. 61091, §§ 1, 2, 1988.)

Chapter 17.12

TURNING MOVEMENTS

Sections:

17.12.010 Required position and method.
17.12.020 Limitations on turning around.
17.12.030 Required position and method of turning.

17.12.010 Required position and method.

The required position and method of turning at intersections shall be as follows:

A. *Right Turns.* Both the approach for a right turn and a right turn shall be made as close as practicable to the right-hand curb or edge of the roadway or in a lane designated by signs and/or markings.

B. *Left Turns.* The driver of a vehicle intending to turn left shall approach the turn in the extreme left-hand lane lawfully available or in a lane designated by signs and/or markings to traffic moving in the direction of travel of such vehicle. Whenever practicable the left turn shall be made to the left of the center of the intersection and so as to leave the intersection or other location in the extreme left hand lawfully available to traffic moving in the same direction as such vehicle on the roadway being entered. (1960 C., § 825.010; 1994 C., § 17.12.010; Ord. No. 57831, § 1(part), 1979.)

17.12.020 Limitations on turning around.

A. The driver of any vehicle shall not turn such vehicle so as to proceed in the opposite direction unless such movement can be made in safety and without interfering with other traffic.

B. No vehicle shall be turned so as to proceed in the opposite direction upon any curve, or upon the approach to or near the crest of a grade, where such vehicle cannot be seen by the driver of any other vehicle approaching from either direction within 500 feet.

C. The driver of any vehicle shall not turn the vehicle so as to proceed in the opposite direction upon any street in the central traffic district, at any intersection controlled by a traffic-control signal, or where posted. (1960 C., § 825.020; 1994 C., § 17.12.020; Ord. No. 57831, § 1(part), 1979.)

RSMo:

RSMo 304.341 (2016) Similar provisions

17.12.030 Required position and method of turning.

The Traffic and Transportation Administrator may cause official traffic-control devices to be placed and thereby require and direct that a different course from that specified in this section be traveled by turning vehicles and when such devices are so placed no driver shall turn a vehicle other than as directed and required by such device. (1960 C., § 825.030; 1994 C., § 17.12.030; Ord. No. 57831, § 1(part), 1979.)

EMERGENCY VEHICLES

Sections:

17.14.010 Displayed warning lights.

17.14.020 Exemption for emergency vehicles.

17.14.030 Giving right-of-way to emergency vehicles.

17.14.040 Following emergency vehicle.

17.14.050 Stationary emergency vehicle.

17.14.010 Displayed warning lights.

A. There may not be on the street any vehicle displaying any white or colored light, flashing or nonflashing, except as provided in this chapter.

B. The following class of emergency vehicles, defined in Section 17.02.230, may exhibit lights as stated:

1. Ambulances, whether publicly or privately owned, may exhibit red or white lights, or with a permit from the chief of the organized unit, may exhibit blue lights;

2. A publicly owned vehicle when operated by a fireman may exhibit red or white lights, or with a permit from the chief of the organized unit, may employ blue lights;

3. A publicly owned vehicle when operated by the Missouri State Highway Patrol or a Police Department, may exhibit red or white lights;

4. A publicly owned vehicle when operated by the Missouri Department of Transportation and all other vehicles owned and operated by a public utility, public service company or vehicle used for towing purposes with the approval of the Director of Streets, but only when going to a destination to perform an emergency service, may exhibit red, blue or yellow lights. (1960 C., § 826.010; 1994 C., § 17.14.010; Ord. No. 67324, § 2, 2006; Ord. No. 57831, § 1(part), 1979.)

RSMo:

RSMo 307.175 (2016) Sirens and flashing lights

17.14.020 Exemption for emergency vehicles.

A. The driver of an emergency vehicle may park irrespective of the provisions of this division, and if both sounding an audible signal by bell or siren as frequently as may be reasonably necessary and displaying at least one lighted flashing light visible in normal atmospheric conditions for a distance of 500 feet to the front of the vehicle, may:

1. Pass a stop signal or sign without stopping, but only after slowing down to a safe speed; and

2. Exceed the maximum speed but not to endanger the property of or the life or limb of any person; and

3. Disregard regulations governing direction of movement or turning in specified directions.

B. The foregoing provisions shall not relieve the driver of an emergency vehicle from the duty of driving with due regard for the safety of all persons, nor shall such provisions protect the driver from consequences of his reckless disregard for the safety of others, nor shall such provisions relieve the driver from the duty of obeying the directions at the scene of the emergency from any person authorized by this division to direct traffic at the scene of the emergency. (1960 C., § 826.020; 1994 C., § 17.14.020; Ord. No. 57831, § 1(part), 1979.)

RSMo:

RSMo 304.022 (2016) Similar provisions

17.14.030 Giving right-of-way to emergency vehicles.

Upon the immediate approach of a vehicle displaying at least one lighted, flashing light visible under

normal atmospheric conditions from a distance of 500 feet to the front of such vehicle, or upon the immediate approach of a vehicle giving an audible signal by bell or siren, the driver of every other vehicle shall yield the right-of-way, shall immediately drive to a position parallel to and as close as possible to the right hand or curb of the roadway clear of any intersection, and shall stop and remain in such position until the emergency vehicle has passed. (1960 C., § 826.030; 1994 C., § 17.14.030; Ord. No. 57831, § 1(part), 1979.)

RSMo:

RSMo 304.022 (2016) Similar provisions

17.14.040 Following emergency vehicle.

No driver of a vehicle, other than one on official public business, shall follow any emergency vehicle traveling in response to an emergency call closer than three hundred feet, nor to drive into or park such vehicle within the same block where such emergency work is in progress. (1994 C., § 17.14.040; Ord. No. 58448, § 2(part), 1981.)

17.14.050 Stationary emergency vehicle.

Upon approaching a stationary emergency vehicle displaying lighted red, blue, yellow or white lights, the driver of every motor vehicle shall:

A. Proceed with caution and yield the right-of-way, if possible with due regard to safety and traffic conditions, by making a lane change into a lane not adjacent to that of the stationary vehicle, if on a roadway having at least four lanes with not less than two lanes proceeding in the same direction as the approaching vehicle; or

B. Proceed with due caution and reduce the speed of the vehicle, maintaining a safe speed for road conditions, if changing lanes would be unsafe or impossible.

C. Any violation of the provisions of this section shall be subject to a fine of not less than one hundred fifty dollars ($150.00) nor more than five hundred dollars ($500.00). (1994 C., § 17.14.050; Ord. No. 67324, § 3, 2006; Ord. No. 66991, §§ 1, 2, 2005.)

17.16.020 Funeral processions.

A. *Definitions.* As used in this chapter, the following terms mean:

1. "Funeral director" means a person licensed as a funeral director pursuant to the provisions of RSMo Ch. 333;

2. "Funeral lead vehicle" or "lead vehicle" means any motor vehicle equipped with at least one lighted circulating lamp exhibiting an amber or purple light or lens or alternating flashing headlamps visible under normal atmospheric conditions for a distance of five hundred feet from the front of the vehicle. A hearse or coach properly equipped may be a lead vehicle;

3. "Organized funeral procession" means two or more vehicles accompanying the remains of a deceased person from a funeral establishment, church, synagogue or other place where a funeral service has taken place to a cemetery, crematory or other place of final disposition, or a funeral establishment, church, synagogue or other place where additional funeral services will be performed, if directed by a licensed funeral director from a licensed establishment.

B. *Right-of-Way.*

1. Except as otherwise provided for in this chapter, pedestrians and operators of all other vehicles shall yield the right-of-way to any vehicle which is a part of an organized funeral procession.

2. Notwithstanding any traffic control device or right-of-way provision prescribed by state or local law, when the funeral lead vehicle in an organized funeral procession lawfully enters an intersection, all vehicles in the procession shall follow the lead vehicle through the intersection. The operator of each vehicle in the procession shall exercise the highest degree of care toward any other vehicle or pedestrian on the roadway.

3. An organized funeral procession shall have the right-of-way at all intersections regardless of any traffic control device at such intersections, except that operators of vehicles in an organized funeral procession shall yield the right-of-way to any approaching emergency vehicle pursuant to the provisions of RSMo 304.022 or when directed to do so by a law enforcement officer.

C. *Safety.*

1. All vehicles in an organized funeral procession shall follow the preceding vehicle in the procession as closely as is practical and safe under the conditions.

2. No person shall operate any vehicle as part of an organized funeral procession without the flashing emergency lights of such vehicle being lighted, and shall display in a manner visible to traffic a sign stating funeral.

D. *Vehicles Not in Procession.*

1. Any person who is not an operator of a vehicle in an organized funeral procession shall not:

a. Drive between the vehicles comprising an organized funeral procession while such vehicles are in motion and have the flashing emergency lights lighted pursuant to Subsection C.2 of this section, except when required to do so by a law enforcement officer or when such person is operating an emergency vehicle giving an audible or visual signal;

b. Join a funeral procession for the purpose of securing the right-of-way granted in Subsection C of this section; or

c. Attempt to pass any vehicle in an organized funeral procession, except where a passing lane has been specifically provided.

2. When an organized funeral procession is proceeding through a red signal light as permitted in Subsection B of this section, a vehicle not in the organized

funeral procession shall not enter the intersection unless such vehicle may do so without crossing the path of the funeral procession.

E. *Penalty.* Any violation of the provisions of this section shall be punishable by a fine of one hundred dollars. (1994 C., § 17.16.020; Ord. No. 64872, §§ 2—6, 2000.)

17.16.030 Permits required—Processions.

No procession containing twenty-five (25) or more persons or more than three (3) vehicles excepting funeral processions or consisting of members of and vehicles belonging to either the military forces of the United States, the military forces of Missouri, or the forces of the Police and Fire Department of St. Louis, shall enter upon, occupy, march, proceed, use or block any portion of a public street (for the purpose of parade, demonstration, assembly or other special purpose) without permit, and only in accordance with such permit, issued by the Department of Streets. (1960 C., § 827.030; 1994 C., § 17.16.030; Ord. No. 57831, § 1(part), 1979.)

17.16.040 Driving upon sidewalk or bicycle/pedestrian right-of-way.

A. No person shall drive any vehicle upon a sidewalk except upon a permanent or duly authorized temporary driveway.

B. No person shall drive any vehicle upon any bicycle/pedestrian right-of-way. The provisions of this subsection shall not apply to persons driving emergency vehicles or maintenance vehicles, persons who drive upon any bicycle/pedestrian right-of-way as a means of ingress or egress to a place of business or a residence or persons crossing any bicycle/pedestrian right-of-way at a point designated by Grace Hill Americorp as a river access crossing site. (1960 C., § 827.040; 1994 C., § 17.16.040; Ord. No. 64952, § 2, 2000; Ord. No. 57831, § 1(part), 1979.)

17.16.050 Limitations on backing.

A. The driver of a vehicle shall not back the same unless such movement can be made with safety and without interfering with other traffic.

B. The driver of a vehicle shall not back the same upon any shoulder or roadway of any controlled-access highway. (1960 C., § 827.050; 1994 C., § 17.16.050; Ord. No. 57831, § 1(part), 1979.)

17.16.060 Opening and closing vehicle doors.

No person shall open the door of a motor vehicle on the side available to moving traffic unless and until it is reasonably safe to do so, and can be done without interfering with the movement of other traffic, nor shall any person leave a door open on the side of a vehicle available to moving traffic for a period of time longer than necessary to load or unload passengers. (1960 C., § 827.060; 1994 C., § 17.16.060; Ord. No. 57831, § 1(part), 1979.)

17.16.070 Obstruction to driver's view of driving mechanism.

A. No person shall drive a vehicle when it is so loaded, or when there are in the front seat such a number of persons, exceeding three, as to obstruct the view of the driver to the front or sides of the vehicle or as to interfere with the driver's control over the driving mechanism of the vehicle.

B. No passenger in a vehicle (or streetcar) shall ride in such position as to interfere with the driver's or motorman's view ahead or to the sides, or to interfere with the control over the driving mechanism of the vehicle (or streetcar). (1960 C., § 827.070; 1994 C., § 17.16.070; Ord. No. 57831, § 1(part), 1979.)

17.16.080 Overloading.

No driver shall drive any vehicle when any part of the load is likely to either fall upon and litter the street, or cause injury or damage to persons or property. No driver shall permit any part of a load that has fallen on the street to remain on said street. (1960 C., § 827.080; 1994 C., § 17.16.080; Ord. No. 57831, § 1(part), 1979.)

17.16.090 Painted lines or markings.

No driver of any vehicle shall drive across any painted lines or markings so freshly painted as to spread the paint, when such lines or markings are designated by flags, cones or other appropriate devices, unless it is impossible to avoid taking such action. (1960 C., § 827.090; 1994 C., § 17.16.090; Ord. No. 57831, § 1(part), 1979.)

17.16.100 Driving on right side of roadway—Exceptions.

A. Upon all roadways of sufficient width a vehicle shall be driven upon the right half of the roadway, except as follows:

1. When overtaking and passing another vehicle proceeding in the same direction under the rules governing such movement;

2. When an obstruction exists making it necessary to drive to the left of the center of the roadway; provided, any person so doing shall yield the right-of-way to all vehicles traveling in the proper direction upon the unobstructed portion of the roadway with such distance as to constitute an immediate hazard;

3. Upon a roadway divided into three marked lanes for traffic under the rules applicable thereon; or

4. Upon a roadway restricted to one-way traffic.

B. Upon all roadways any vehicle proceeding at less than the normal speed of traffic at the time and place and under the conditions then existing shall be driven in the right-hand lane then available for traffic, or as close as practicable to the right-hand curb or edge of the roadway, except when overtaking and passing another vehicle proceeding in the same direction or when preparing for a left turn at an intersection or into a private road or driveway.

C. Upon any roadway having four or more lanes for moving traffic and providing for two-way movement of traffic, no vehicle shall be driven to the left of the center line of the roadway, except when authorized by official traffic-control devices designating certain lanes to the left side of the center of the roadway for use by traffic not otherwise permitted to use such lanes, or except as permitted under Subsection A.2. However, this subsection shall not be construed as prohibiting the crossing of the center line in making a left turn into or from an alley, private road or driveway.

D. 1. All truck and commercial vehicular traffic is hereby restricted and limited to right lane operation only, northbound and southbound, on Riverview Drive between its intersection with Hall Street and the City limits.

2. Deviations from subdivision 1 of this subsection shall be permissible only where a disabled vehicle or other lawful obstruction in such right lane makes such deviation an absolute necessity or when moving to the left preparatory to making a left turn. (1960 C., § 827.100; 1994 C., § 17.16.100; Ord. No. 57960, § 1, 1979; Ord. No. 57831, § 1(part), 1979.)

17.16.110 Passing regulations.

A. The following rules shall govern the overtaking and passing of vehicles proceeding in the same direction, subject to the limitations and exceptions hereinafter stated:

1. The driver of a vehicle overtaking another vehicle proceeding in the same direction shall pass to the left thereof at a safe distance and shall not again drive to the right side of the roadway until safely clear of the overtaken vehicle;

2. Except when overtaking and passing on the right is permitted, the driver of an overtaken vehicle shall give way to the right in favor of the overtaking vehicle on audible signal and shall not increase the speed of his vehicle until completely passed by the overtaking vehicle.

B. The driver of a vehicle may overtake and pass upon the right of another vehicle only under the following conditions:

1. When the vehicle overtaken is making or about to make a left turn;

2. When drivers are moving in marked traffic lanes they may pass on the right hand side where a marked lane is open.

C. The driver of a vehicle may overtake and pass another vehicle upon the right only under conditions permitting such movement in safety. Such movement shall not be made by driving off the roadway.

D. No vehicle shall be driven to the left side of the center of the roadway in overtaking and passing another vehicle proceeding in the same direction unless such left side is clearly visible and is free of oncoming traffic for a sufficient distance ahead to permit such overtaking and passing to be completely made without interfering with the operation of any vehicle approaching from the opposite direction or any vehicle overtaken. In every event the overtaking vehicle must return to an authorized lane of travel as soon as practicable and in the event the passing movement involves the use of a lane authorized for vehicles approaching from the opposite direction, before coming within 200 feet of any approaching vehicle.

E. No vehicle shall be driven on the left side of the roadway under the following conditions:

1. When approaching or upon the crest of a grade or a curve in the roadway where the driver's view is obstructed within such distance as to create a hazard in the event another vehicle might approach from the opposite direction;

2. When approaching within 100 feet of or traversing any intersection or railroad grade crossing;

3. When the view is obstructed upon approaching within 100 feet of any bridge, viaduct or tunnel.

F. The foregoing limitations shall not apply upon a one-way roadway nor under the conditions described in nor to the driver of a vehicle turning left into or from an alley, private road or driveway.

G. Where signs or markings are in place to define a no-passing zone, no driver shall at any time drive on the left side of the roadway within such no-passing zone or on the left side of any pavement striping designed to mark such no-passing zone throughout its length. (1960 C., § 827.110; 1994 C., § 17.16.110; Ord. No. 57831, § 1(part), 1979.)

17.16.120 Driving on roadway laned for traffic.

Whenever any roadway has been divided into two or more clearly marked lanes for traffic, the following rules in addition to all others consistent herewith shall apply:

A. A vehicle shall be driven in traffic lanes where marked, shall not drive on shoulders or across medians, and shall not weave in and out of lanes of traffic.

B. Official traffic-control devices may be erected directing specified traffic to use a designated lane or designating those lanes to be used by traffic moving in a particular direction regardless of the center of the roadway and drivers of vehicles shall obey the directions of every such traffic-control device.

C. Official traffic control devices may be installed prohibiting the changing of lanes on sections of roadway and drivers of vehicles shall obey the directions of every such device. (1960 C., § 827.120; 1994 C., § 17.16.120; Ord. No. 58448, § 1(part), 1981; Ord. No. 57831, § 1(part), 1979.)

17.16.130 Following too closely.

A. The driver of a motor vehicle shall not follow another vehicle more closely than is reasonable and prudent, having due regard for the speed of such vehicles and the traffic conditions upon the roadway.

B. The driver of any truck or motor vehicle drawing another vehicle when traveling upon a roadway outside of a business or residence district and which is following another truck or motor vehicle drawing another vehicle shall, whenever conditions permit, leave sufficient space so that an overtaking vehicle may enter and occupy such space without danger, except that this shall not prevent a truck or motor vehicle drawing another vehicle from overtaking and passing any vehicle or combination of vehicles.

C. Motor vehicles being driven upon any roadway outside of a business or residence district in a caravan or motorcade whether or not towing other vehicles shall be so operated as to allow sufficient space between each such vehicle or combination of vehicles so as to enable any other vehicle to enter and occupy such space without danger. The provision shall not apply to funeral processions. (1960 C., § 827.130; 1994 C., § 17.16.130; Ord. No. 57831, § 1(part), 1979.)

17.16.140 Failure to yield.

A. When two vehicles approach or enter an intersection from different streets at approximately the same time, the driver of the vehicle on the left shall yield the right-of-way to the vehicle on the right.

B. The driver of a vehicle intending to turn to the left within an intersection or into an alley, private road, or driveway shall yield the right-of-way to any vehicle approaching from the opposite direction which is within the intersection or so close thereto as to constitute an immediate hazard.

C. After having stopped, the driver shall yield the right-of-way to any vehicle in the intersection or approaching on another street so closely as to constitute an immediate hazard during the time when such driver is moving across or within the intersection or junction of streets.

D. Vehicle Entering Streets. The driver of a vehicle about to enter or cross a street from any place other than another street shall yield the right-of-way to all vehicles approaching on the streets to be entered or crossed.

E. It shall be unlawful for a driver to enter any intersection of streets under traffic conditions which prohibit passage through such intersections. Provided further, at intersections where a traffic control signal confers the right-of-way, such signal shall not become controlling until such time as traffic conditions permit lawful, continuous passage through such intersection. (1960 C., § 827.140; 1994 C., § 17.16.140; Ord. No. 58448, § 2(part), 1981; Ord. No. 57831, § 1(part), 1979.)

17.16.150 Turning movements and required signals.

A. No person shall turn a vehicle or move right or left upon a roadway unless and until such movement

can be made with reasonable safety nor without giving an appropriate signal in the manner hereinafter provided.

B. A signal of intention to turn or move right or left when required shall be given continuously during not less than the last 100 feet traveled by the vehicle before turning.

C. No person shall stop or suddenly decrease the speed of a vehicle without first giving an appropriate signal in the manner provided herein to the driver of any vehicle immediately to the rear when there is opportunity to give such signal.

D. Every motor vehicle, trailer, semitrailer, and vehicle in tow, shall be equipped with two (2) or more operable stop lights, mounted on the rear and unobstructed; except that one (1) operable stop light is authorized on any vehicle equipped with only one (1) when it was manufactured.

E. Every motor vehicle, trailer, semitrailer, and vehicle in tow, shall be equipped with an operable flashing turn signal lamp for the left and for the right, visible to the front and rear, and unobstructed, except that passenger cars and trucks less than eighty (80) inches in width, manufactured or assembled prior to January 1, 1953, need not be equipped with electric turn signal lamps.

F. A trailer or vehicle in tow need not be equipped with operable turn signals or stop lights if the trailer or vehicle in tow does not interfere with a clear view of a hand signal given by the operator of the towing vehicle or of the signaling devices of the towing vehicle.

G. Any stop or turn signal, when required herein, shall be given either by means of the required signal lights or by the required hand signals; except that when the required hand signals cannot be seen by traffic immediately to the rear, due to vehicle design or obstructions, then signal lights must be operable and must be used by the operator of said vehicle.

H. Hand and arm signals shall be as follows:

1. Signal for every right turn either by extending his left arm at an angle above horizontal so that it may be seen from the rear, or operate an electric or mechanical signal device to indicate a right turn.

2. Signal for every left turn either by extending his left arm in a horizontal position so that it may be seen from the rear, or operate an electric or mechanical turn signal device to indicate a left turn.

3. When reducing speed or stopping, either extend the left arm at an angle below the horizontal position or operate an electric stop lamp or light to clearly indicate same.

I. When operable turn signal lights or stop lights are required on a vehicle, no vehicle shall be driven unless the required lights are in operating condition. (1960 C., § 827.150; 1994 C., § 17.16.150; Ord. No. 60253, § 2, 1987; Ord. No. 58448, § 1(part), 1981; Ord. No. 57831, § 1(part), 1979.)

17.16.160 Projections on vehicles.

All vehicles carrying poles or other objects, which project more than five feet from the rear of such vehicles, shall, during the period when lights are required by this chapter to carry a red light at or near the rear end of the pole or other object so projecting. At other times a red flag or cloth, not less than sixteen inches square, shall be displayed at the end of such projection. (1960 C. 827.160; 1994 C., § 17.16.160; Ord. No. 57831, § 1(part), 1979.)

17.16.170 Boarding in motion.

The driver of a vehicle shall not permit persons to board or alight therefrom while such vehicle is in motion. (1960 C., § 827.170; 1994 C., § 17.16.170; Ord. No. 57831, § 1(part), 1979.)

17.16.180 Excessive noise.

No driver or passenger in a vehicle shall use or allow any unnecessary excessive noise or use or allow to be used any radio, loud speaker, sound amplifier, or another machine or device, whether portable or installed on the vehicle, for the producing of sound or reproducing sound at any time with louder volume than is necessary for convenient, normal hearing for the person or persons who are in the vehicle in which the machine or device is being used or operated and who are voluntary listeners. The operation of any radio, loud speaker, sound amplifier, or other machine or device for the producing or reproducing of sound in a manner as to be plainly audible at a distance of more than one hundred feet from such machine or device shall be excessive and shall be prima facie evidence of a violation of this section.

Any person who enters a plea of guilty or is found guilty of a violation of this section shall be punished by a fine of not less than one hundred dollars ($100.00) nor more than five hundred dollars ($500.00) or by a term of imprisonment of not more than ninety (90)

days or both such fine and imprisonment. (1960 C., § 827.190; 1994 C., § 17.16.180; Ord. No. 63796, § 2, 1996; Ord. No. 57831, § 1(part), 1979.)

17.16.190 Vehicle regulations relating to school buses.

A. The driver of a vehicle upon meeting or overtaking from either direction any school bus which has stopped on the roadway for the purpose of receiving or discharging any school children and whose driver has given the signal to stop by actuating his flashing lights and stop sign, shall stop the vehicle before reaching such school bus and shall not proceed until such school bus resumes motion, or until signaled by its driver to proceed.

B. Every bus used for the transportation of school children shall bear upon the front and rear thereon a plainly visible sign containing the words "school bus" in letters not less than eight inches in height. Each bus shall have lettered on the rear in plain and distinct type the following: "State Law: Stop while bus is loading and unloading." Each school bus subject to the provisions of RSMo Ch. 304 shall be equipped with a mechanical and electrical signaling device, which will display a signal plainly visible from the front and rear and indicating intention to stop.

C. No driver of a school bus shall take on or discharge passengers at any location upon a roadway consisting of four or more lanes of traffic, whether or not divided by a median or barrier, in such manner as to require the passengers to cross more than two lanes of traffic; nor shall he take on or discharge passengers while the vehicle is upon the road or roadway proper unless the vehicle so stopped is plainly visible for at least three hundred feet in each direction to drivers of other vehicles upon the roadway and then only for such time as is actually necessary to take on and discharge passengers. When it is necessary for passengers of a school bus to stand in, walk on, or cross a road or roadway, every driver of such school bus discharging or boarding such passengers shall actuate all warning equipment.

D. The driver of a vehicle upon a street with separated roadways need not stop upon meeting or overtaking a school bus which is on a different roadway, which is proceeding in the opposite direction on a street containing four or more lanes of traffic or which is stopped in a loading zone constituting a part of, or adjacent to, a limited or controlled access street at a point where pedestrians are not permitted to cross the roadway. (1960 C., § 827.200; 1994 C., § 17.16.190; Ord. No. 58448, § 1(part), 1981; Ord. No. 57831, § 1(part), 1979.)

17.16.210 Unattended vehicles.

No person driving or in charge of a motor vehicle shall permit it to stand unattended without first stopping the engine, locking the ignition, removing the key from the ignition, effectively setting the brake thereon and, when standing upon any grade, turning the front wheels to the curb or side of the roadway. (1960 C., § 827.220; 1994 C., § 17.16.210; Ord. No. 57831, § 1(part), 1979.)

17.16.220 Transporting animals.

No person shall transport, cause to be transported or permit his vehicle to be used to transport any animal outside of any vehicle unless such animal is protected by a device which will prevent the animal from escaping from, falling off of or being thrown from such vehicle. (1960 C., § 827.230; 1994 C., § 17.16.220; Ord. No. 57831, § 1(part), 1979.)

17.16.230 Carts, wagons and equestrians.

A. Every person riding an animal or driving any animal-drawn vehicle upon a roadway shall be granted all of the rights and shall be subject to all of the duties applicable to the driver of a vehicle by this chapter, except those provisions of this chapter which by their very nature can have no application.

B. Every person riding an animal or driving any animal-drawn vehicle is hereby prohibited from use of limited access highways.

C. Any person who shall place or drive or cause to be placed or driven, upon any street or highway of this City any horse-drawn vehicle whatsoever, whether in motion or at rest, shall after sunset to one-half hour before sunrise or when street lights are lighted, have attached to every such vehicle at the rear thereof a red light or red reflecting device of not less than three inches in diameter of effective area or its equivalent in area. When such device shall consist of reflecting but-

tons there shall be no less than seven of said buttons covering an area equal to a circle with a three-inch diameter. The total subtended effective angle of reflection of every such device shall be no less than sixty degrees and the spread and efficiency of the reflected light shall be sufficient for the reflected light to be visible to the driver of any motor vehicle approaching such horse-drawn vehicle from the rear at a distance of not less than five hundred feet. (1960 C., § 827.240; 1994 C., § 17.16.230; Ord. No. 58448, § 1(part), 1981; Ord. No. 57831, § 1(part), 1979.)

17.16.240 Use of vehicle to display advertising.

No person shall operate on or park on any street, any vehicle on which are displayed any signs or pictures which altogether have a total area larger than twelve square feet. This section shall not apply to vehicles operating in compliance with a permit issued by the City to display such signs or pictures. (1960 C., § 827.250; 1994 C., § 17.16.240; Ord. No. 57831, § 1(part), 1979.)

17.16.250 Placing card, ticket, advertisement or paper on vehicle.

A. It shall be unlawful for any person other than a police officer or a meter maid to place or cause to be placed in or upon any vehicle on any street, or alley, any card, ticket, advertisement, or paper.

B. It shall be unlawful for any person, other than the legal owner or his agent, to remove, alter, or deface a parking violation notice placed on a vehicle by a police officer or meter maid. (1960 C., § 827.260; 1994 C., § 17.16.250; Ord. No. 58448, § 1(part), 1981; Ord. No. 57831, § 1(part), 1979.) See *Krantz v. 17.16.275 Impeding and interfering with pedestrian and vehicular traffic.

A. No person, or persons congregating with another or others, shall stand or otherwise position himself or herself in any public place in such a manner as to obstruct, impede, interfere, hinder or delay the reasonable movement of vehicular or pedestrian traffic.

B. No person, or persons congregating with another or others, shall stand or otherwise position himself or herself in any entrance, exit, corridor or passage of any public building in such a manner as to obstruct, impede, interfere, hinder or delay the reasonable movement of vehicular or pedestrian traffic.

C. No person, or persons congregating with another or others, shall stand or otherwise position himself or herself at the entrance or exit to a private building, including the driveway, entrance to a garage and entrance to a parking pad, in such a manner as to obstruct, impede, interfere, hinder or delay the reasonable movement of vehicular or pedestrian traffic.

D. No person, or persons congregating with another or others, shall for the purpose of selling or offering for sale goods or services without a license; or soliciting a ride, employment, business, or contributions from vehicular traffic:

1. Stand or otherwise position himself or herself in any public place;

2. Stand or otherwise position himself or herself at the entrance or exit to a private building or public building, including the driveway, entrance/exit to a garage and entrance/exit to a parking pad.

E. No person who has committed an act or acts within the description of Subsections A through D above, upon being given an order by a police officer, state trooper, marshal, ranger, firefighter, Missouri authorized security guard, or other authorized law enforcement or emergency response personnel to dis-

perse, clear, or otherwise move, shall fail or refuse to obey such order. Such failure or refusal shall constitute the separate offense of failure to obey a dispersing order by a police officer, state trooper, marshal, ranger, firefighter, Missouri authorized security guard, or other authorized law enforcement or emergency response personnel.

F. Any person violating any of the provisions of this section shall, for each such violation, be guilty of a Class A misdemeanor and upon conviction shall be subject to a fine of no less than one hundred dollars ($100.00) and not more than five hundred dollars ($500.00) or by imprisonment for not more than ninety days, or by both fine and imprisonment. 17.16.280 Riding on outside of vehicles.

No person shall ride upon the exterior of any motor vehicle, except motorcycles, while it is in motion except where such riding is necessary to determine the need for repairs or adjustments to such motor vehicle. (1960 C., § 827.290; 1994 C., § 17.16.280; Ord. No. 57831, § 1(part), 1979.)

17.16.290 Driving under the influence.

A. No person shall operate a motor vehicle within the City who is under the influence of intoxicating liquor.

B. No person who is under the influence of any controlled substance, any glue, cement, shellac thinner, or any other quick-drying solvent or similar product which can induct a state of euphoria when inhaled, or any other drug which renders him incapable of safely operating a motor vehicle, shall operate a motor vehicle upon the streets of the City. The fact that any person charged with violation of this division is or has been entitled to use such drugs under the laws of this state shall not constitute a defense against any charge of violating this division. (1960 C., § 827.300; 1994 C., § 17.16.290; Ord. No. 57831, § 1(part), 1979.)

17.16.300 Evidence to determine levels of intoxication.

A. Upon the trial arising out of acts alleged to have been committed by any person while operating a vehicle while under the influence of intoxicating liquor, the amount of alcohol in the person's blood at the time alleged as shown by chemical analysis of the person's blood, urine, or breath is admissible into evidence. Such evidence shall be construed as follows:

1. If there was five hundredths of one percent or less by weight in his blood, it shall be presumed that the person was not under the influence of intoxicating liquor.

2. If there was in excess of five hundredths of one percent but less than eight hundredths of one percent by weight of alcohol in his blood, the fact shall not give rise to any presumption that the person was or was not under the influence of an intoxicating liquor, but the fact may be considered with other competent evidence in determining whether the person was or was not under the influence of an intoxicating liquor.

3. If there was eight hundredths of one percent or more by weight of alcohol in the person's blood, this shall be prima facie evidence that the person was under the influence of an intoxicating liquor. Percent by weight of alcohol in the blood shall be based upon grams of alcohol per one hundred milliliters of blood.

B. The foregoing provisions of this section shall not be construed as limiting the introduction of any other competent evidence bearing upon the question of whether the person was under the influence of an intoxicating liquor. (1960 C., § 827.310; 1994 C., § 17.16.300; Ord. No. 65305, § 1(part), 2001; Ord. No. 57831, § 1(part), 1979.)

RSMo:

RSMo 577.037 (2016) Similar provisions

17.16.310 Breath analysis tests.

A. Any person who operates a motor vehicle within the City shall be deemed to have given consent to, subject to the provisions of Section 17.16.300, a chemical test of his breath for the purpose of determining the alcoholic content of his blood if arrested for any offense arising out of acts which the arresting officer had reasonable grounds to believe were committed while the person was driving a motor vehicle while under the influence of an intoxicating liquor. The test shall be administered by or at the direction of a law enforcement officer whenever the person has been arrested for the offense.

B. Chemical analysis of the person's breath, to be considered valid under the provisions of Section 17.16.300 and this section, shall be performed according to methods approved by the State Division of Health by a person possessing a valid permit issued by the State Division of Health for this purpose. The State Division of Health is authorized to approve satisfactory techniques or methods, to ascertain the qualifications and competence of individuals to conduct analysis, and to issue permits which shall be subject to termination or revocation by the State Division of Health.

C. The person tested may have a physician, or a qualified technician, chemist, registered nurse, or other qualified person of his own choosing administer a test in addition to any administered at the direction of a law enforcement officer. The failure or inability to obtain an additional test by a person shall not preclude the admission of evidence relating to the test taken at the direction of a law enforcement officer. (1960 C., § 827.320; 1994 C., § 17.16.310; Ord. No. 57831, § 1(part), 1979.)

17.16.320 Blood alcohol content.

A. No person shall operate a motor vehicle within the City when the person has eight hundredths of one percent or more by weight of alcohol in his blood. As used in this section, percent by weight of alcohol in the blood shall be based upon grams of alcohol per one hundred milliliters of blood and may be shown by chemical analysis of the person's blood, breath, saliva or urine. This chemical analysis shall be admitted into evidence.

B. For the purpose of determining the alcoholic content of a person's blood under this section, the test shall be conducted in accordance with the provisions of Section 17.16.310. (1960 C., § 827.330; 1994 C., § 17.16.320; Ord. No. 65305, § 1(part), 2001; Ord. No. 57831, § 1(part), 1979.)

17.16.330 Reckless driving.

Any person who drives any vehicle in willful or wanton disregard for the safety of persons or property is guilty of reckless driving. (1960 C., § 827.340; 1994 C., § 17.16.330; Ord. No. 57831, § 1(part), 1979.)

17.16.340 Accidents involving death, personal injury or damage to vehicle or property.

The driver of any vehicle involved in an accident resulting in injury to or death of any person or damage to property shall immediately stop such vehicle at the scene of such accident or as close thereto as possible, but shall then forthwith return to and in every event shall remain at the scene of the accident until he has fulfilled the following requirements. (1960 C., § 827.350(part); 1994 C., § 17.16.340; Ord. No. 57831, § 1(part), 1979.)

17.16.350 Duty to give information and render aid.

A. The driver of any vehicle involved in an accident resulting in injury to or death of any person or damage to any vehicle or other property which is driven or attended by any person shall give his name, address and registration number of the vehicle he is driving, and shall upon request and if available exhibit his license or permit to any person injured in such accident or to the driver or occupant of or person attending any vehicle or other property damaged in such accident and shall give such information and upon request exhibit his license or permit to any police officer at the scene of the accident or who is investigating the accident and shall render to any person injured in such accident reasonable assistance, including the carrying or the making of arrangements for the carrying of such person to a physician, surgeon, or hospital for medical or

surgical treatment if it is apparent that such treatment is necessary, or if such carrying is requested by the injured person.

B. In the event that none of the persons specified are in condition to receive the information to which they otherwise would be entitled under this section and no police officer is present, the driver of any vehicle involved in such accident after fulfilling all other requirements of this section in so far as possible on his part to be performed, shall forthwith report such accident to the nearest office of a duly authorized police authority and submit thereto the information specified in Subsection A of this section. (1960 C., § 827.350(part); 1994 C., § 17.16.350; Ord. No. 57831, § 1(part), 1979.)

17.16.360 Duty upon damaging unattended vehicle or other property.

The driver of any vehicle which collides with or is involved in an accident with any vehicle or other property which is unattended resulting in any damage to such other vehicle or other property shall immediately stop and shall there either locate and notify the operator or owner of such vehicle or other property of his name, address and the registration number of the vehicle he is driving or shall attach securely in a conspicuous place in or on such vehicle or other property a written notice giving his name, address and the registration number of the vehicle he is driving and shall without unnecessary delay notify the nearest office of a duly authorized police authority. Every such stop shall be made without obstructing traffic more than is necessary. (1960 C., § 827.360; 1994 C., § 17.16.360; Ord. No. 57831, § 1(part), 1979.)

17.16.370 False reports.

A person shall not give information on oral or written reports as required in this division knowing or having reason to believe that such information is false. (1960 C., § 827.370; 1994 C., § 17.16.370; Ord. No. 57831, § 1(part), 1979.)

17.16.380 Driver training and testing prohibited—When.

It shall be unlawful for any person, partnership or corporation to give or cause to be given instruction or testing in motor vehicle operation with a student driver or operator or applicant for a driver's license in control or partial control of any motor vehicle under the following circumstances or conditions:

A. At any time within four hundred feet of a public park measured away from the farthest curb lines of City streets bounding any public park;

B. After 7:30 a.m. and before 4:30 p.m. within four hundred feet of any public or private elementary school on days of regular school attendance measured away from the farthest curb lines of City streets bounding any such school or the outer periphery of said school premises, whichever is farther. (1960 C., § 827.380; 1994 C., § 17.16.380; Ord. No. 57831, § 1(part), 1979.)

17.16.390 Railroad train not to block street.

A. *Blocking Street.* No railroad company, operator or person directing the operation of any railroad train shall operate the same in such a manner as to prevent the use of any street for the purpose of travel for a period of time longer than 5 minutes. Upon any alleged violation of this division, the Police Department shall issue a summons against the railroad company and serve a copy of the summons on the engineer or conductor. A police report shall be made and presented to the City Counselor's warrant office. An agent specified by the railroad company shall be notified of the alleged violation by mail. This section shall not apply to trains or cars in motion other than those engaged in switching.

B. *Penalty.* Any railroad company, operator or person who shall violate the provisions of this section shall be fined five hundred dollars ($500.00). (1960 C., § 827.390; 1994 C., § 17.16.390; Ord. No. 57831, § 1(part), 1979.)

17.16.400 Lighted lamps.

No person shall operate or be in custody of a motor vehicle from a half-hour after sunset to a half-hour before sunrise and at any other time when there is not sufficient light to render clearly discernible persons and vehicles on the highway at a distance of five hundred feet ahead unless the lighted lamps and illuminating devices as required by this division are lit. (1960 C., § 827.400; 1994 C., § 17.16.400; Ord. No. 57831, § 1(part), 1979.)

17.16.410 Headlight glare.

It shall be unlawful for the driver of any vehicle, whether following or approaching from the front of another vehicle, to direct or permit the headlights or spotlights to glare upward so as to dazzle the vision of driver of such other vehicle. (1960 C., § 827.410; 1994 C., § 17.16.410; Ord. No. 57831, § 1(part), 1979.)

17.16.415 Sun screening devices applied to the windshield or windows of motor vehicles.

A. No person shall operate any motor vehicle registered in the State of Missouri on any highway, road, street, or alleyway with a sun screening device, in conjunction with safety glazing material, applied to the vehicle's windshield, sidewings, or windows located immediately to the left and right of the driver that does not permit a light transmission of thirty-five percent or more plus or minus three percent and a luminous reflectance of thirty-five percent or less plus or minus three percent without a permit granted by the Missouri Department of Public Safety because of a serious medical condition of the permittee.

B. This section shall not prohibit labels, stickers, decalcomania, or informational signs on vehicles or the application of tinted or solar screening material to recreational vehicles provided that such material does not interfere with the driver's normal view of the road. This section shall not prohibit factory-installed tinted glass, the equivalent replacement thereof, or tinting material applied to the upper portion of the vehicle's windshield which is normally tinted by the manufacturer of vehicle safety glass.

C. Any vehicle licensed with an historical license plate shall be exempt from the requirements of this section.

D. Any person who violates the provisions of this section shall be subject to of a fine of not less than one hundred dollars ($100.00) nor more than five hundred dollars ($500.00) or a term of imprisonment not more than ninety (90) days or both a fine and term of imprisonment. (1994 C., § 17.16.415; Ord. No. 69184, §§ 1, 2, 7-2-2012.)

17.16.420 Reckless riding of bicycles.

No person shall drive any self-propelled vehicle or bicycle upon a parking lot carelessly and heedlessly in willful or wanton disregard of the rights and safety of others, or without due caution and at a speed or in a manner so as to endanger any person or property. (1960 C., § 827.420; 1994 C., § 17.16.420; Ord. No. 57831, § 1(part), 1979.)

17.16.430 Unauthorized vehicles on Hodiamont right-of-way prohibited.

No person shall drive or park an unauthorized vehicle on the Hodiamont right-of-way. (1960 C., § 827.430; 1994 C., § 17.16.430; Ord. No. 57831, § 1(part), 1979.)

17.16.440 Shortcutting traffic prohibited.

No driver shall operate a motor vehicle on any private lot, road, driveway, parking lot or any area which is not a roadway, for the purpose of avoiding travel upon the right-of-way between one highway or roadway and the same or another highway or roadway, or for the purpose of avoiding a lawfully erected barricade closing a highway or roadway. (1994 C., § 17.16.440; Ord. No. 63697, § 1, 1996.)

17.16.450 Operation of bicycles by officers.

Any ordinance to the contrary notwithstanding, police officers may operate bicycles upon any sidewalk within the City of St. Louis, as necessary, to properly perform their official duties. (1994 C., § 17.16.450; Ord. No. 65011, § 1, 2000.)

17.16.460 Safety of pedestrians, cyclists, and motor vehicle occupants.

A. *Definitions.*

1. "Bicyclist" means any device propelled by human power upon which a person may ride, having two tandem wheels except scooters and similar devices.

2. "Pedestrian" means:

a. A person who is on foot; or

b. A person who is using any means of conveyance propelled by human power other than a bicycle; or

c. A person who is using an electric personal assistive mobility device; or

d. A person who is operating a self-propelled wheelchair, motorized tricycle, or motorized quadricycle to act as a pedestrian and, by reason of physical disability, is otherwise restricted in movement as or unable to move about on foot.

3. "Motor vehicle" means every device, in, upon, or by which any person or property is or may be transported or drawn upon a roadway, excepting motorized bicycles and devices moved by human power or used exclusively upon rails.

4. "Motor vehicle occupant" means all persons within a motor vehicle, whether the driver who is driving the motor vehicle, the person in actual physical control of the motor vehicle, or a passenger not driving or in actual physical control of the motor vehicle.

B. *Prohibiting the Endangerment of Pedestrians and Bicyclists.* A person commits the offense of endangerment of a pedestrian, bicyclist or motor vehicle occupant if the person:

1. Throws an object, directs a projectile, or operates a vehicle (whether motorized or not) at or in the

direction of any person riding a bicycle, walking, running or operating a wheelchair for the purpose of frightening, disturbing or injuring the person; or

2. Threatens any person riding a bicycle, walking, running or operating a wheelchair or occupying a motor vehicle for the purpose of frightening or disturbing that person; or

3. Knowingly places a person riding a bicycle, walking, running or operating a wheelchair or occupying a motor vehicle in apprehension of immediate physical injury; or

4. Knowingly engages in conduct that creates a risk of death or serious physical injury to a person riding a bicycle, walking, running or operating a wheelchair, or occupying a motor vehicle.

C. *Penalty Clause.* Any person who violates the provisions of this section shall be subject to of a fine of not less than one hundred dollars ($100.00) nor more than five hundred dollars ($500.00) or a term of imprisonment not more than ninety (90) days or both a fine and term of imprisonment. (1994 C., § 17.16.460; Ord. No. 69264, §§ 1—3, 11-2-2012.)

17.18.010 Traffic laws apply to motorcyclists and motorized bicyclists.

Every person operating a motorcycle or motorized bicycle shall be granted all of the rights and shall be subject to all of the duties applicable to the driver of any other vehicle under this title, except as to special regulations in this chapter and except as to those provisions of this title which by their nature can have no application. (1960 C., § 828.010; 1994 C., § 17.18.010; Ord. No. 66692, § 2(part), 2005; Ord. No. 57831, § 1(part), 1979.)

17.18.020 Riding on motorcycles or motorized bicycles.

A. A person operating a motorcycle or motorized bicycle shall ride only upon the permanent and regular seat attached thereto, and such operator shall not carry any other person nor shall any other person ride on a motorcycle or motorized bicycle unless such vehicle is designed to carry more than one person, in which event a passenger may ride upon the permanent and regular seat if designed for two persons, or upon another seat firmly attached to the vehicle at the rear or side of the operator.

B. A person shall ride upon a motorcycle or motorized bicycle only while sitting astride the seat, facing forward, with one leg on each side of the vehicle.

C. No person shall operate a motorcycle or motorized bicycle while carrying any package, bundle or other article which prevents him from keeping both hands on the handlebars.

D. No operators shall carry any person, nor shall any person ride, in a position that will interfere with the operation or control of the motorcycle or motorized bicycle or the view of the operator. (1960 C., § 828.020; 1994 C., § 17.18.020; Ord. No. 66692, § 2(part), 2005; Ord. No. 57831, § 1(part), 1979.)

17.18.030 Operating motorcycles or motorized bicycles on roadways laned for traffic.

A. All motorcycles or motorized bicycles are entitled to full use of a lane and no motor vehicle shall be driven in such a manner as to deprive any motorcycle or motorized bicycle of the full use of a lane. This subsection shall not apply to motorcycles or motorized bicycles operated two abreast in a single lane.

B. The operator of a motorcycle or motorized bicycle shall not overtake and pass in the same lane occupied by the vehicle being overtaken.

C. No person shall operate a motorcycle or motorized bicycle between lanes of traffic or between adjacent lines or rows of vehicles.

D. Motorcycles or motorized bicycles shall not be operated more than two abreast in a single lane.

E. Subsections B and C shall not apply to Police Officers in the performance of their official duties. (1960 C., § 829.030; 1994 C., § 17.18.030; Ord. No. 66692, § 2(part), 2005; Ord. No. 57831, § 1(part), 1979.)

17.18.040 Clinging to other vehicles.

No person riding upon a motorcycle or motorized bicycle shall attach himself or the motorcycle or motorized bicycle to any vehicle on a roadway. (1960 C., § 828.040; 1994 C., § 17.18.040; Ord. No. 66692, § 2(part), 2005; Ord. No. 57831, § 1(part), 1979.)

17.18.050 Footrests and handlebars.

A. Any motorcycle or motorized bicycle carrying a passenger, other than in a sidecar or enclosed cab, shall be equipped with footrests for such passenger.

B. No person shall operate any motorcycle or motorized bicycle with handlebars more than 15 inches in height above that portion of the seat occupied by the operator. (1960 C., § 828.050; 1994 C., § 17.18.050; Ord. No. 66692, § 2(part), 2005; Ord. No. 57831, § 1(part), 1979.)

17.18.060 Equipment for motorcycle or motorized bicycle riders.

A. No person shall operate or ride upon a motorcycle or motorized bicycle unless such person is wearing protective headgear which complies with standards established by the Missouri Director of Revenue.

B. No person shall operate or ride upon a motorized bicycle unless such motorized bicycle is equipped with a red or orange flag measuring not less than twelve inches by twelve inches. Such flag shall extend not less than forty-eight inches in height above that portion of the seat occupied by the operator.

C. This section shall not apply to persons riding within an enclosed cab or on a golf cart. (1960 C., § 828.060; 1994 C., § 17.18.060; Ord. No. 66692, § 2(part), 2005; Ord. No. 57831, § 1(part), 1979.)

17.18.070 Motorized bicycles—Restrictions.

A. No person shall operate a motorized bicycle on any highway or street in this City unless the person has a valid license to operate a motor vehicle. No person shall allow or permit a person who does not have a valid license to operate a motor vehicle to operate a motorized bicycle.

B. No motorized bicycle may be operated on any public thoroughfare located within this state which has been designated as part of the federal interstate highway system. (1994 C., § 17.18.070; Ord. No. 66692, § 2(part), 2005.)

17.18.080 Seizure of motorized bicycles.

Any motorized bicycle operated by a minor under the age of 16 years, who is unaccompanied by the registered owner of such motorized bicycle, shall be seized and held until proof of ownership is established. (1994 C., § 17.18.080; Ord. No. 66692, § 2(part), 2005.)

17.20.125 Roller skates, in-line skates and skateboards prohibited in certain area.
17.20.130 Under influence of alcohol or drugs.
17.20.140 Penalty clause.

17.20.010 Obedience to traffic-control devices and traffic laws.

A. A pedestrian shall obey the instructions of any official traffic-control device specifically applicable to him, unless otherwise directed by a police officer.

B. Pedestrians shall be subject to traffic and pedestrian control signals as provided in Chapter 17.08 of this Code.

C. At all other places, pedestrians shall be accorded the privileges and shall be subject to the restrictions stated in this section. (1960 C., § 829.010; 1994 C., § 17.20.010; Ord. No. 57831, § 1(part), 1979.)

17.20.020 Right-of-way in crosswalks.

A. When traffic-control signals are not in place or not in operation the driver of a vehicle shall yield the right-of-way to a pedestrian crossing the roadway within a crosswalk when the pedestrian is upon the half of the

roadway upon which the vehicle is traveling, or when the pedestrian is approaching so closely from the opposite half of the roadway as to be in danger.

B. No pedestrian shall suddenly leave a curb or other place of safety and walk or run into the path of a vehicle which is so close as to constitute an immediate hazard.

C. Whenever any vehicle is stopped at a marked crosswalk or at an unmarked crosswalk at an intersection to permit a pedestrian to cross the roadway, the driver of any other vehicle approaching from the rear shall not overtake and pass such stopped vehicle. (1960 C., § 829.020; 1994 C., § 17.20.020; Ord. No. 57831, § 1(part), 1979.)

17.20.030 Crossing at other than crosswalks.

A. Every pedestrian crossing a roadway at any point other than within a marked crosswalk or within an unmarked crosswalk at an intersection shall yield the right-of-way to all vehicles upon the roadway.

B. Any pedestrian crossing a roadway at a point where a pedestrian tunnel or overhead pedestrian crossing has been provided shall yield the right-of-way to all vehicles upon the roadway.

C. No pedestrian shall cross a roadway intersection diagonally unless authorized by official traffic-control devices; and, when authorized to cross diagonally, pedestrians shall cross only in accordance with the official traffic-control devices pertaining to such crossing movements. (1960 C., § 829.030; 1994 C., § 17.20.030; Ord. No. 57831, § 1(part), 1979.)

17.20.040 Crossing prohibited—When.

A. No pedestrian shall cross a roadway other than in a crosswalk in the central traffic district.

B. No pedestrian shall cross a roadway other than in a crosswalk unless said crosswalk is more than one hundred and fifty (150) feet distant. (1960 C., § 829.040; 1994 C., § 17.20.040; Ord. No. 57831, § 1(part), 1979.)

17.20.050 Drivers to exercise due care.

Notwithstanding other provisions of this chapter, every driver of a vehicle shall exercise due care to avoid colliding with any pedestrian and shall give warning by sounding the horn when necessary and shall exercise proper precaution upon observing any child or any obviously confused, incapacitated or intoxicated person. (1960 C., § 829.050; 1994 C., § 17.20.050; Ord. No. 57831, § 1(part), 1979.)

17.20.060 Pedestrians to use right half of crosswalks.

Pedestrians shall move, whenever practicable, upon the right half of crosswalks. (1960 C., § 829.060; 1994 C., § 17.20.060; Ord. No. 57831, § 1(part), 1979.)

17.20.070 Pedestrians on streets.

A. Where a sidewalk is provided and its use is practicable, it shall be unlawful for any pedestrian to walk along and upon an adjacent roadway.

B. Where a sidewalk is not available, any pedestrian walking along and upon a highway shall walk only on a shoulder, as far as practicable from the edge of the roadway.

C. Where neither a sidewalk nor a shoulder is available, any pedestrian walking along and upon a street shall walk as near as practical to an outside edge of the roadway, and, if on a two-way roadway, shall walk only on the left side of the roadway.

D. Except as otherwise provided in this chapter, any pedestrian walking along and upon a roadway shall yield the right-of-way to all vehicles upon the roadway.

E. It shall be unlawful for any pedestrian to enter upon or stand within twenty-five (25) feet of any portion of a controlled access highway, including the entrance or exit ramp, except in case of an emergency or when the pedestrian is traveling in a crosswalk located at the intersection of a street with an exit or entrance ramp and in accordance with traffic laws when vehicles are not within the crosswalk. The burden of proof of such emergency shall rest upon such pedestrian. (1960 C., § 829.070; 1994 C., § 17.20.070; Ord. No. 69263, § 2, 11-2-2012; Ord. No. 57831, § 1(part), 1979.)

17.20.080 Soliciting rides or business.

A. No person shall stand in a street for the purpose of soliciting a ride.

B. No person shall stand on a roadway for the purpose of soliciting employment, business, or contributions from the occupant of any vehicle.

C. No person shall stand on or in proximity to a street for the purpose of soliciting the watching or guarding of any vehicle while parked or about to be parked on a street. (1960 C., § 829.080; 1994 C., § 17.20.080; Ord. No. 57831, § 1(part), 1979.)

17.20.090 Right-of-way on sidewalks.

The driver of a vehicle shall yield the right-of-way to any pedestrian on a sidewalk. (1960 C., § 829.090; 1994 C., § 17.20.090; Ord. No. 57831, § 1(part), 1979.)

17.20.100 Pedestrians yield to authorized emergency vehicles.

A. Upon the immediate approach of an authorized emergency vehicle making use of an audible signal meeting the requirements of this Code and visual signals meeting the requirements of this Code, or of a police vehicle, properly and lawfully making use of an audible signal only, every pedestrian shall yield the right-of-way to the authorized emergency vehicle.

B. This section shall not relieve the driver of an authorized emergency vehicle from the duty to drive with due regard for the safety of all persons using the highway nor from the duty to exercise due care to avoid colliding with any pedestrian. (1960 C., § 829.100; 1994 C., § 17.20.100; Ord. No. 57831, § 1(part), 1979.)

17.20.110 Blind pedestrian right-of-way.

No pedestrian, except one totally or partially blind, shall carry a cane or walking stick which is white in color on any public street; the driver of a vehicle shall yield the right-of-way to any blind pedestrian carrying a clearly visible white cane or accompanied by a guide dog. (1960 C., § 829.110; 1994 C., § 17.20.110; Ord. No. 57831, § 1(part), 1979.)

17.20.120 Roller skates, coaster and similar devices restricted.

No person shall ride upon any public roadway by means of roller skates, sled, coaster, toy vehicle or similar device. (1960 C., § 829.120; 1994 C., § 17.20.120; Ord. No. 57831, § 1(part), 1979.)

17.20.125 Roller skates, in-line skates and skateboards prohibited in certain area.

A. The use of roller skates, in-line skates, skateboards or similar devices shall be prohibited, by any person, upon any public street, alley, sidewalk, park, plaza, mall or other public area bounding the streets and alleys within the area bounded by Jefferson Avenue on the west, Washington Avenue on the north, Leonor K. Sullivan Boulevard on the east, and Interstate 64 on the south.

B. Subsection A of this section shall not apply to the following individuals:

1. A participant in a parade or other public event for which a permit has been issued by the City Street Department or the Board of Public Service for said parade or other public event to be conducted within the aforementioned geographical area;

2. An individual who uses roller skates, in-line skates, skateboards or similar devices in conducting his or her business or employment, or commuting to a specific destination;

3. An individual who uses roller skates, in-line skates, skateboards or similar devices on a designated bicycle path.

C. Any person found guilty of violating the provisions of this section shall be fined not less than fifty dollars ($50.00) for the first violation and not less than one hundred dollars ($100.00), nor more than five hundred dollars ($500.00), for any subsequent violation occurring within one year of the date of the guilty plea or finding of guilt for the first violation. In lieu of a fine, the Court may require the completion of not less than fifteen (15) hours of community service. (1994 C., § 17.20.125; Ord. No. 63839, §§ 1—3, 1996.)

17.20.130 Under influence of alcohol or drugs.

A pedestrian who is under the influence of alcohol or any drug to a degree which renders himself a hazard shall not walk or be upon a roadway. (1960 C., § 829.130; 1994 C., § 17.20.130; Ord. No. 57831, § 1(part), 1979.)

17.20.140 Penalty clause.

Pedestrian violators of this chapter shall be issued a violation notice containing instructions permitting the said pedestrian to either appear in person or to mail a fine as duly established by the municipal courts within 7 days to the Traffic Violation Bureau, or obtain a summons for the Traffic Violation Bureau. (1960 C., § 829.140; 1994 C., § 17.20.140; Ord. No. 57831, § 1(part), 1979.)

Chapter 17.22

LOADING ZONES AND ENTRANCE CLEARANCES

Sections:

17.22.010 Loading zone permits—Required—Term and fees.
17.22.020 Loading zone permits—Application.
17.22.030 Loading zone permits—Issuance.
17.22.040 Appropriate signs.
17.22.050 No signs without permit.
17.22.060 Public use as traffic improvement.
17.22.070 Entrance clearance.
17.22.080 Driveway clearance.
17.22.090 Exceptions.

17.22.010 Loading zone permits—Required—Term and fees.

The Traffic and Transportation Administrator is hereby authorized to determine the location of commercial loading zones pursuant to Section 17.22.030 and issue annual permits for said commercial loading zones for commercial vehicles upon application for a permit for such a zone. An annual fee of two dollars per foot of curb line requested by the applicant for such loading zone shall be collected by the Traffic and Transportation Administrator prior to the issuance of said permit. Every such permit shall expire on the 31 day of December of the year for which the permit was issued and for the following year application for issuance of an annual permit shall be submitted on or before the said 31 day of December. In the event that on or before January 1 of any year a permit has not been issued for any commercial loading zone in existence now or then, such zone shall cease to be a commercial loading zone and the Traffic and Transportation Administrator shall remove the signs designating such zone as a commercial loading zone. Provided, however, that in the event the Traffic and Transportation Administrator has not caused the signs to be removed then upon payment of a ten-dollar fee for reinstatement of the zone as a commercial loading zone and upon payment of the annual permit fee the Traffic and Transportation Administrator may reinstate the zone as a commercial loading zone. Provided, however, that in the event the Traffic and Transportation Administrator has caused the signs to be removed, then the initial installation and inspection provisions of Section 17.22.030 shall apply. (1960 C., § 830.010(A); 1994 C., § 17.22.010; Ord. No. 57831, § 1(part), 1979.)

17.22.020 Loading zone permits—Application.

Applications made for a commercial loading zone not heretofore designated as such or a zone from which the signs were removed for any lawful cause shall be made to the Traffic and Transportation Administrator who may issue a permit for a commercial loading zone upon payment of an inspection and initial installation fee of fifty dollars and payment of the annual permit fee for the year in which the permit is granted. (1960 C., § 830.010(B); 1994 C., § 17.22.020; Ord. No. 57831, § 1(part), 1979.)

17.22.030 Loading zone permits—Issuance.

Upon receipt of the application and fee pursuant to Sections 17.22.010 and 17.22.020 the Traffic and Transportation Administrator shall conduct a survey of traffic conditions in the area in which the zone is to be located. The Traffic and Transportation Administrator shall conduct a study of the character of the neighborhood and a study of the applicant's business needs in respect to the loading and un-loading of freight merchandise, materials or property on the public streets or alleys. Upon the Traffic and Transportation Administrator's findings, the commercial loading zone will not unreasonably impede the flow of traffic and such zone is reasonably necessary for the conduct of the applicant's business, then the Traffic and Transportation Administrator shall issue an annual permit for a commercial zone. (1960 C., § 830.010(C); 1994 C., § 17.22.030; Ord. No. 57831, § 1(part), 1979.)

17.22.040 Appropriate signs.

Upon issuance of any commercial loading zone permit the Traffic and Transportation Administrator may place or maintain appropriate signs to indicate the limits of each zone and the hours which they shall apply. The Traffic and Transportation Administrator may also make such rules and regulations concerning the use of the signs and may remove the signs for cause. (1960 C., § 830.010(D); 1994 C., § 17.22.040; Ord. No. 57831, § 1(part), 1979.)

17.22.050 No signs without permit.

No person shall install, commence to install or cause to be installed any commercial loading zone signs or part thereof without first obtaining a commercial loading zone permit under Sections 17.22.010 and 17.22.020 for such zone from the Traffic and Transportation Administrator. (1960 C., § 830.010(E); 1994 C., § 17.22.050; Ord. No. 57831, § 1(part), 1979.)

17.22.060 Public use as traffic improvement.

When the Traffic and Transportation Administrator determines that a loading zone may be used for traffic improvement, said loading zone may be established for public use on a no-charge basis. (1960 C., § 830.010(F); 1994 C., § 17.22.060; Ord. No. 57831, § 1(part), 1979.)

17.22.070 Entrance clearance.

The Traffic and Transportation Administrator is hereby authorized to install and maintain entrance and exit clearance signs for any public building or place of public assemblage where such restriction is deemed necessary for public safety and convenience. Upon payment of an inspection and initial installation fee of

$200.00 per set of two signs a permit therefor shall be issued. (1960 C., § 830.020; 1994 C., § 17.22.070; Ord. No. 57831, § 1(part), 1979.)

17.22.080 Driveway clearance.

The Traffic and Transportation Administrator is hereby authorized to install and maintain driveway clearance signs where such restriction is deemed necessary for public safety and convenience. Upon payment of an inspection and initial fee of $200.00 per set of two signs, a permit shall be issued. (1960 C., § 830.030; 1994 C., § 17.22.080; Ord. No. 57831, § 1(part), 1979.)

17.22.090 Exceptions.

Fees set in Sections 17.22.070 or 17.22.080 shall not apply to not-for-profit organizations. (1960 C., § 830.040; 1994 C., § 17.22.090; Ord. No. 57831, § 1(part), 1979.)

17.24.030 Parking for certain purposes—Prohibited—Limited.
17.24.040 Stopped vehicles.
17.24.050 Vehicle equipment.
17.24.060 Unauthorized moving of vehicles.
17.24.070 Prohibited parking.
17.24.080 Homemade trailers.

17.24.010 Parking regulations.

A. Except as otherwise provided, every vehicle stopped or parked upon a two-way roadway shall be so stopped or parked with the right-hand wheels parallel to and within twelve (12) inches of the right-hand curb or as close as practical to the right edge of the right-hand shoulder.

B. Every vehicle shall be stopped or parked parallel to the curb or edge of the roadway, in the direction of authorized traffic movement, with its right-hand wheels within twelve (12) inches of the right-hand curb or as close as practical to the right edge of the right-hand shoulder, or with its left-hand wheels within twelve (12) inches of the left-hand curb or as close as practical to the left edge of the left-hand shoulder.

C. When angle parking signs are erected, drivers of vehicles shall park as directed by said signs with the designated vehicle's wheel within six (6) inches of the curb in lawful parking areas on the streets or parts thereof lawfully described. (1960 C., § 831.010(1); 1994 C., § 17.24.010; Ord. No. 57831, § 1(part), 1979.)

17.24.020 Schedule of restricted streets.

No driver of any vehicle shall park such vehicle at any time on a street designated in the schedules thereof

on file in the offices of the Register and the Traffic and Transportation Administrator, which schedules are available for examination. Signs shall have been erected and maintained in each location designating the limits of the parking restrictions. (1960 C., § 831.010(2); 1994 C., § 17.24.020; Ord. No. 57831, § 1(part), 1979.)

17.24.030 Parking for certain purposes—Prohibited—Limited.

A. *Enumerated.* No person shall park a vehicle upon any street when:

1. Displaying such vehicle for sale;

2. Greasing or repairing such vehicle, except when necessitated by an emergency;

3. Displaying merchandise for sale or for advertising purposes, except as provided herein.

B. *Vehicle Stands and Selling from Parked Vehicle.* It shall be unlawful for any person to park or keep a vehicle longer than sixty (60) minutes on one block for the purpose of selling merchandise contained in such vehicle, except at duly designated locations. (1960 C., § 831.010(3); 1994 C., § 17.24.030; Ord. No. 57831, § 1(part), 1979.)

17.24.040 Stopped vehicles.

Whenever a vehicle is stopped for the purpose of making a sale, it shall be stopped at the right-hand curb of the street at the extreme right-hand edge of the pavement and shall be legally parked. No sale shall be made from any such vehicle from other than the curb side, except to any person who is not standing in the normally traveled portion of a City street or alley. At such stops the vehicle's motor shall be turned off unless its operation is essential to producing the product sold. (1960 C., § 831.010(4); 1994 C., § 17.24.040; Ord. No. 57831, § 1(part), 1979.)

17.24.050 Vehicle equipment.

Each vending vehicle subject to the provisions of this chapter shall be equipped with:

A. A signaling device approved by the Traffic and Transportation Administrator which, while the vehicle is stopped to make sales, will display flashing signals plainly visible from the front and rear, during the day or night, indicating that sales therefrom are being made.

B. A receptacle for the disposal of wrappers, papers, containers and other trash. (1960 C., § 831.010(5); 1994 C., § 17.24.050; Ord. No. 57831, § 1(part), 1979.)

17.24.060 Unauthorized moving of vehicles.

No person shall move a vehicle not lawfully under his control into any such prohibited area or away from a curb such a distance as is unlawful. (1960 C., § 831.010(6); 1994 C., § 17.24.060; Ord. No. 57831, § 1(part), 1979.)

17.24.070 Prohibited parking.

Except when necessary to avoid conflict with other traffic, or in compliance with law or the direction of a police officer or official traffic-control device, no person shall park a vehicle:

A. On the roadway side of any vehicle stopped or parked at the edge or curb of a street;

B. On a sidewalk;

C. Within an intersection;

D. On a crosswalk;

E. Alongside or opposite any street excavation or obstruction when parking would obstruct traffic;

F. Upon any bridge or other elevated structure, or within a highway tunnel, unless designated;

G. On any railroad tracks or within fifty (50) feet of the nearest rail of a railroad crossing;

H. On any controlled-access highway at any time except upon any highway shoulder, for emergency repairs, but in no case longer than forty-eight (48) hours;

I. In the area between roadways of a divided highway, including crossovers;

J. Within ten (10) feet of any United States mailbox;

K. In a bus zone, except while actually engaged in unloading passengers or picking up waiting passengers;

L. In a loading zone for a period of time longer than is required for expeditious loading and unloading of passengers or for the loading or unloading and delivering of materials or the delivery of materials, packages, parcels or letters, from a commercial vehicle;

M. In a taxicab zone, except that the attending driver of a duly licensed taxicab may so park, except while actually engaged in loading and unloading passengers or picking up waiting passengers;

N. Where the curb or edge of roadway is marked with yellow paint;

O. On the left or median side of any divided roadway except where posted;

P. In any alley except while loading and unloading materials not to exceed fifteen (15) minutes, provided ten (10) feet of the width of the roadway is available for

the free movement of vehicular traffic and providing the vehicle is not blocking the driveway entrance to any abutting property;

Q. At any place where official signs prohibit parking, except for a period of time not longer than is necessary for delivery or pickup of passengers or materials and in no case longer than fifteen (15) minutes or where parking is prohibited during the hours of seven a.m. to nine a.m. or four p.m. to six p.m.;

R. On any street or alley without the current state license plate or plates required by state statutes;

S. In a posted fire lane;

T. On any unimproved parcel of land;

V. Within fifteen (15) feet of a fire hydrant;

W. Within thirty (30) feet of an electric traffic control device and within twenty (20) feet of a crosswalk, stop sign, yield sign, traffic control device or any other location determined by the Traffic and Transportation Administrator based on engineering standards as necessary for intersection visibility;

X. Within twenty (20) feet of the driveway entrance to any fire station;

Y. In any so designated parking space for the handicapped, including all parking lots open to the general public, unless so licensed by the State of Missouri;

Z. Continuously upon any street, alley, roadway or driveway where parking is permitted, including streets, alleys, roadways or driveways owned by the St. Louis Housing Authority, for longer than five (5) days. (1960 C., § 831.020; 1994 C., § 17.24.070; Ord. No. 66921, § 2, 2005; Ord. No. 66183, §§ 1, 2, 2004; Ord. No. 61186, § 2, 1989; Ord. No. 60207, § 1, 1987; Ord. No. 57831, § 1(part), 1979.)

17.24.080 Homemade trailers.

A. No trailers or home-made trailers shall be stored or parked, coupled or uncoupled, upon any public street or alley where the abutting land is in the "A," "B," "C," "D," "E" or "F" use zoning districts as established by ordinance. Any such trailer so parked is declared to be an unlawful obstruction of the street or alley. This provision shall not apply to trailers which are parked in an "F" use zoning district and are within fifty (50) feet of the commercial business which owns or leases such trailer or to materials and equipment trailers which are rendering a service unless such trailer is interfering with the flow or movement of traffic.

B. Further, no uncoupled trailer or home-made trailer shall be stored or parked upon any public street or alley in all zoning districts as established by ordinance. (1994 C., § 17.24.080; Ord. No. 64881, § 3, 2000; Ord. No. 64705, §§ 2, 3, 1999.)

Chapter 17.25

VALET PARKING ZONES

Sections:

17.25.010	**Establishment of valet parking zones.**
17.25.020	**Permit to operate a valet parking service.**
17.25.030	**Valet permit.**
17.25.040	**Establishment of special valet zones and selection of operators.**
17.25.050	**Penalties.**

17.25.010 Establishment of valet parking zones.

A. Pursuant to the provisions of this section, valet parking zones shall be established on such public streets and in such places and in such number as shall be determined by the Director to be in the best interest of the City, its citizens and visitors.

B. A valet parking zone shall be created only upon the written request submitted to the Director by the owner or occupant of the property adjacent to the site of the proposed valet parking zone and the subsequent approval by the Director of a permit therefor setting forth the terms of the operation of the valet parking zone, which terms shall include, but may not be limited to, those set forth in this section. Each such request must be accompanied by a nonrefundable initial permit application fee not to exceed three hundred dollars ($300.00). Each such permit shall obligate the holder thereof (the "permittee") to operate the valet parking zone and perform all of the obligations, duties and responsibilities set forth in the permit and in this section. All such permits shall be subject to renewal by the Director as of April 1 of every calendar year. All such permits renewed shall also be subject to an annual fee not to exceed two hundred dollars ($200.00) payable by the renewal date. In determining whether to renew a permit, the Director shall consider the manner in which the valet parking zone has been operated, the degree to

which the applicant has complied with the requirements set forth in this section and the permit and the best interests of the City and its citizens and visitors. In establishing the initial permit application fee and the renewal fee the Director shall annually take into account the cost of administration, investigation, enforcement, recordkeeping, and all associated overhead of the valet parking program.

C. Valet parking zones shall be established only on public streets and adjacent sidewalks as specified in the permit to be issued pursuant to Subsection B above. The Director shall determine the location and length of all valet parking zones based on factors including, but not limited to, traffic flow, pedestrian safety, the number of zones already in the area where the zone is requested, the hours of operation requested, and the impact on the overall streetscape.

D. The Director shall provide appropriate signage, at the cost of the applicant, prohibiting parking in valet parking zones between times designated by the Director and designating such zones "No Parking, Valet Only, Tow Away Zone."

E. The permittee shall remove all vehicles to be parked by valets from the valet parking zone and from any other portion of a public right-of-way as quickly as possible and in any case within ten (10) minutes. Vehicles so removed shall not be parked in public streets or alleys.

F. The permittee, at its own expense and cost, shall keep the valet parking zone in a neat and clean condition, free from nuisance and filth and provide for the removal of snow, ice, trash and waste therefrom.

G. The permittee shall operate the valet parking zone, or cause the same to be operated, in accordance with all requirements of this section. In the event that the permittee retains the services of a valet parking company, the permittee shall ascertain that the company has a valid permit to operate a valet parking service and shall provide written notice of the name of the company as directed by the Director.

H. The City reserves the right to add, modify or eliminate street locations and times at any time in order to protect pedestrian traffic and improve conditions for the flow of motor vehicular traffic. The valet parking zone permit may be suspended if the sidewalk or street area is needed for parades, festivals or other such special events. Except for temporary suspensions for special events as set out above, the permittee is entitled to prompt notice of the City's intent to suspend or revoke and is entitled to a hearing before the Director. The permittee may appeal the decision of the Director to the City Board of Public Service.

I. The Director, at his discretion, may issue a daily non-recurring valet parking zone permit; provided, however, that the permit holder would be required to utilize a valet parking service permit holder in the performance of the valet operations. The fee for the daily non-recurring parking zone permit shall be twenty dollars ($20.00) per day. (1994 C., § 17.25.010; Ord. No. 69139, § 1, 3-28-2012.)

17.25.020 Permit to operate a valet parking service.

No person shall engage in any business of operating valet parking service in the City without first obtaining a permit pursuant to this section. The operator shall also be required to possess a valid business license from the City.

A. *Application.* Any person desiring to operate a valet parking business shall make an application for the permit to the Director and pay a filing fee in an amount determined from time to time by the Director. The filing fee shall be based on the determination of the Director of the costs associated with the administration of the program to permit valet parking services, including, but not limited to, review, investigation, adjudication and all associated overhead. In no event shall the cost of such permit exceed three hundred dollars ($300.00). The application shall contain the following information and such additional information as may be determined by the Director:

1. The name, age, business address and residence of the applicant if a natural person; if a corporation, its name, address of its principal office, and the names of its principal officers together with their respective addresses; if a partnership, association, or other unincorporated entity, the names of the partners, or the names of those comprising the association or company with the address of each.

2. The experience of the applicant in the provision of such services and whether any similar permit in any jurisdiction has ever been revoked, and if so, the circumstances of such revocation.

3. The uniform and insignia to be used to designate the applicant's employees.

4. Whether the applicant or any of its principal officers or employees has ever been convicted of a felony or a violation of any narcotic law, or a crime

involving moral turpitude. The Director or his designee may require a criminal record check at their discretion.

B. *Insurance.* The Director, after consultation with the City Counselor, shall determine the types and coverage limits of insurance that shall be required of all valet parking service operators. No permit shall be issued or continued in operation, and no person shall operate a valet parking service unless and until such owner shall file with the Director a written certificate of insurance showing that the policy or policies as required by the Director are in full force and effect and that they cannot be cancelled without thirty (30) days' written notice to the Director. The policies shall be issued by insurance companies qualified to do business in the State of Missouri, and shall name the City of St. Louis, Missouri, as an additional insured.

C. *Issuance.* Upon receipt of the completed application, fee, and satisfactory proof of insurance, the Director shall conduct any investigation deemed appropriate to determine whether a permit should issue. The determination of the Director shall be final.

D. *Regulations for All Permit Holders.* All valet parking service permits holders shall at all times:

1. Only relocate vehicles to the location specified in the valet parking zone permit.

2. Only utilize the number of parking spaces specified for drop off and pick up in the valet parking zone permit.

3. Not allow any vehicle to be parked for more than ten (10) minutes in a parking spaces designated for drop off and pick up in the valet parking zone permit (no "VIP" parking).

4. Not allow any "double parking" in the parking spaces designated for drop off and pick up.

5. Not place any cones, traffic control devices or temporary structures of any type in the public right-of-way at any time.

6. Only operate on days and times specified in the valet parking zone permit.

E. *Suspension and Revocation.* Any permit issued hereunder may be suspended or revoked for any reason that would justify a refusal to issue the permit originally or by reason of any failure by the permittee to comply with the provisions of this Code, or any condition imposed by the Director or his designee upon issuance of the permit. Prior to any suspension or revocation a permittee is entitled to notice of the City's intent to suspend or revoke which shall include an enumeration of the causes, and is entitled to a hearing before the Director. The permittee may appeal the decision of the Director to the City Board of Public Service. (1994 C., § 17.25.020; Ord. No. 69139, § 2, 3-28-2012.)

17.25.030 Valet permit.

No person shall work as a valet in the City without first obtaining a valet permit from the City authorizing the holder to work as a valet in the City. Upon application by a valet parking service permit holder the Director may issue a re-occurring temporary valet permit.

A. Application for a valet permit shall be made to the Director. The applicant for the permit shall comply with the following requirements:

1. Be at least eighteen (18) years of age.

2. Be able to speak and understand directions, oral and written, in the English language.

3. Be in possession of a valid driver's license as prescribed by the laws of the state of his/her residency and immediately report any administrative action or change in status of this license to the Director or his designee.

4. Be in possession of current criminal background checks performed by the county police department, the City Police Department or such other entity as the Director may direct, showing the applicant has not been convicted of a felony and has no drug- or alcohol-related convictions involving the operation of a motor vehicle.

5. Provide with the application an intent to hire or engage letter from the holder of a valet parking service permit.

6. Provide with the application a current (no older than 10 days) Missouri Department of Revenue Driver Record Report or if an Illinois resident, an abstract of driving record from the Illinois Secretary of State.

7. Furnish the full name and residential address of the applicant (post office box addresses will not meet this requirement), telephone land line and cell phone numbers as well as email addresses if available.

8. Furnish certification that the applicant will comply with all current and future rules and regulations promulgated by the Director.

9. Acknowledge by signature at the time of original permitting and at any renewal the receipt of a copy of the current Director's rules for valets which shall include an acknowledgement that by accepting the va-

let permit the valet assumes the responsibility of becoming familiar with and adhering to each applicable section of the Director's rules for valets.

B. The Director will deny (or revoke if appropriate) an application for a valet permit if the Director determines that:

1. The applicant has made any material intentional misstatement or misleading statement, or omission of fact in the application.

2. The applicant has been convicted of or pled guilty to any one of the following:

a. Felony violation of any state statute or law involving any crime against persons, including, but not limited to, all forms of assaults within ten (10) years of the application or within ten (10) years of release from prison for said felony conviction.

b. Felony violation of any state statute or law within ten (10) years of the application or within ten (10) years of release from prison for said felony conviction.

c. Driving while his or her Missouri's driver's license was suspended or revoked within five (5) years of the date of the application.

d. Driving while intoxicated or some other drug- or alcohol-related traffic offense within five (5) years of the application.

e. Criminal or driving activity which the Director determines may pose a risk of danger to the traveling public.

3. The applicant has violated any provision of this Code, including non-payment of administrative penalties.

4. If the Director determines that charges in the nature of the above-listed violations are pending against the applicant, the Director may hold the application until the charges have been resolved to the Director's satisfaction.

C. Upon approval of the application for valet permit and payment of the appropriate fee, the Director shall issue a valet permit to the applicant. The driver shall display the valet permit as instructed by the Director during all times that he is working.

D. The fee for a valet permit shall be determined annually by the Director and published by the Director. The fee shall not exceed one hundred dollars ($100.00) per year and will be established taking into account the cost of administration, investigation, enforcement, recordkeeping, and all associated overhead of the valet parking program. The valet permit shall be valid for one (1) year from date of issuance.

E. The fee for any replacement license shall be determined annually by the Director and published by the Director.

F. A fee of fifty dollars ($50.00) per permit will be assessed for failure to renew a valet permit by the prescribed date. Permits may be renewed up to sixty (60) days in advance of expiration. Permits allowed to expire will require the permittee to begin the process as though applying for the first time, including all tests, documentation and fees.

G. If the Director denies a permit to an applicant or places the application on hold because of pending charges, the decision shall be in writing stating the reason for said action and the procedure for appeal pursuant to this chapter and sent by certified or registered mail to the applicant.

H. Altering or forging a valet permit is prohibited and shall result in revocation of such permit. (1994 C., § 17.25.030; Ord. No. 69139, § 3, 3-28-2012.)

17.25.040 Establishment of special valet zones and selection of operators.

In certain areas of the City, the Director of Streets may determine that due to a multiplicity of businesses, limited street frontage, high volumes of traffic, and a lack of readily available public parking to provide for the public safety and general welfare of its citizens, it is in the best interests of the City, to prohibit the establishment of multiple valet parking zones operated by multiple valet parking service operators selected by the parking zone permit holders. In such areas the Director may establish a special valet zone within which the City of St. Louis will select an exclusive valet parking service to operate. When the Director of Streets has made this determination that a special valet zone is necessary, the Director will publish in the City Journal and in one newspaper of general circulation within the City that the City will be accepting proposals from valet parking services to operate in the special valet zone in accordance with rules and regulations established by the Director. The proposal and its review will be in accordance with Chapter 3.97, as amended, regarding selection of professional services for the City. The City of St. Louis may enter into a one-year agreement with the selected valet parking service under such terms and conditions as determined by the Director of Streets in

conjunction with the City Counselor. This agreement may be extended not more than two one-year terms. (1994 C., § 17.25.040; Ord. No. 69139, § 4, 3-28-2012.)

17.25.050 Penalties.

Any person who violates or fails to comply with or who permits or causes any person in his/her/its employ to violate or fail to comply with any of the provisions of this chapter shall be subject to a fine of not more than five hundred dollars ($500.00) or a term of imprisonment of not more than ninety (90) days or both such fine and imprisonment. Each day that such violation continues shall constitute a separate violation of the provisions of this chapter. (1994 C., § 17.25.050; Ord. No. 69139, § 5, 3-28-2012.)

ELECTION DAY PARKING

Sections:

17.26.010 Parking permitted—Limitations.

17.26.020 Duties of Traffic and Transportation Administrator.

17.26.030 Unlawful to park vehicle.

17.26.040 Penalty.

17.26.010 Parking permitted—Limitations.

There is hereby established one hundred (100) feet of motor vehicle parking space along the curb line adjacent to all precinct polling places established by the Board of Election Commissioners between the hours of 5:30 a.m. and 7:30 p.m. on every general, primary or special election day for the use of registered and qualified voters voting at such precinct, while exercising their voting privilege. (1960 C., § 832.010; 1994 C., § 17.26.010; Ord. No. 57831, § 1(part), 1979.)

17.26.020 Duties of Traffic and Transportation Administrator.

The Traffic and Transportation Administrator of the City is hereby authorized and directed to post appropriate signs prohibiting the parking of motor vehicles within such areas designated in Section 17.26.010 of this chapter on every general, primary or special election day. Should such motor vehicle parking area so designated in Section 17.26.010 of this chapter be located in parking meter areas, or in an area limiting, restricting or prohibiting parking, then in such event, the provision of this chapter shall have precedence over any such ordinance, regulation or prohibition between the hours of 5:30 a.m. and 7:30 p.m. on every general, primary or special election day, except where parking in such area is prohibited because of the existence of a fire hydrant, fire lane or mail box in such area and in such cases all such prior existing prohibitions shall remain in full force and effect, the provisions of this chapter notwithstanding. (1960 C., § 832.020; 1994 C., § 17.26.020; Ord. No. 57831, § 1(part), 1979.)

17.26.030 Unlawful to park vehicle.

No person, firm or corporation shall park a vehicle in the motor vehicle parking space area set forth in Section 17.26.010 of this chapter unless such person is exercising their voting privilege at such time. (1960 C., § 832.030; 1994 C., § 17.26.030; Ord. No. 57831, § 1(part), 1979.)

17.26.040 Penalty.

Any person, firm or corporation who shall violate the provisions of this chapter shall upon the conviction thereof be fined ten dollars ($10.00) for each such offense. (1960 C., § 832.040; 1994 C., § 17.26.040; Ord. No. 57831, § 1(part), 1979.)

STREET CLEANING

Sections:

17.28.010 Parking prohibited during certain hours.

17.28.020 Installation of signs.

17.28.030 Length of prohibition.

17.28.040 Maximum area of prohibition.

17.28.050 Exceptions.

17.28.060 Area prohibited between 3:00 a.m. and 7:00 a.m.

17.28.070 Area prohibited between 2:00 a.m. and 7:00 am.

17.28.010 Parking prohibited during certain hours.

The parking of vehicles in the curb lane on public streets within the City is hereby prohibited, for the purpose of street cleaning, as set forth in this chapter. (1960 C., § 833.010(part); 1994 C., § 17.28.010; Ord. No. 58485, § 2(part), 1982; Ord. No. 57831, § 1(part), 1979.)

17.28.020 Installation of signs.

The Traffic and Transportation Administrator shall install signs designating the day and time of such pro-

hibition. The parking prohibition provided for herein shall come into full force and effect on each street when said signs are installed. (1960 C., § 833.010(1); 1994 C., § 17.28.020; Ord. No. 58485, § 2(part), 1982; Ord. No. 57831, § 1(part), 1979.)

17.28.030 Length of prohibition.

Said prohibition shall be in effect weekdays only, for a period of four hours or less, as posted, between the hours of 8:00 a.m. and 4:00 p.m. (1960 C., § 833.010(2); 1994 C., § 17.28.030; Ord. No. 60769, § 1, 1988; Ord. No. 58485, § 2(part), 1982; Ord. No. 57831, § 1(part), 1979.)

17.28.040 Maximum area of prohibition.

No more than one curb lane per block shall be prohibited to parking for this purpose on more than one day each week, and no portion of a street shall be prohibited to parking on different days in consecutive weeks. (1960 C., § 833.010(3); 1994 C., § 17.28.040; Ord. No. 58485, § 2(part), 1982; Ord. No. 57831, § 1(part), 1979.)

17.28.050 Exceptions.

The Director of Streets, when he shall find that any street which lies in whole or part within one of the areas designated presents a special condition or traffic situation, may exclude such street or part thereof from the operation of this chapter; provided, however, this section shall not be construed to permit the Director of Streets to establish any parking prohibition or restriction on such street. The Director of Streets shall cause each street which has parking prohibited signs, as provided for herein above, to be cleaned on the day parking is prohibited on such streets unless such cleaning cannot be accomplished for reasons beyond said Director's control. The Director of Streets and the Chief of Police shall hereby be authorized and directed to establish the administrative procedure for directing that no enforcement of this section shall occur in areas when there will be no street sweeping. (1960 C., § 833.010(4); 1994 C., § 17.28.050; Ord. No. 58485, § 2(part), 1982; Ord. No. 57831, § 1(part), 1979.)

17.28.060 Area prohibited between 3:00 a.m. and 7:00 a.m.

Parking is hereby prohibited in an area bounded by the Mississippi River on the east, Market Street on the south, Tucker Boulevard on the west, and Cole Street on the north including both sides of boundary streets between the hours of 3:00 a.m. and 7:00 a.m. (1960 C., § 833.010(5); 1994 C., § 17.28.060; Ord. No. 58485, § 2(part), 1982; Ord. No. 57831, § 1(part), 1979.)

17.28.070 Area prohibited between 2:00 a.m. and 7:00 am.

Parking is hereby prohibited in an area bounded by Tucker Boulevard on the east, but not including either side of Tucker Boulevard, Market Street on the south, 17th Street on the west, Cole Street on the north including both sides of the boundary streets except Tucker Boulevard between the hours of 2:00 a.m. and 7:00 a.m. (1960 C., § 833.010(6); 1994 C., § 17.28.070; Ord. No. 58485, § 2(part), 1982.)

17.30.045 Oversize load signs to be removed when.
17.30.050 Projecting treads on metal tired vehicles.
17.30.060 Lift gates in retracted position.
17.30.070 Transportation of hazardous materials.

17.30.010 Truck traffic prohibited—Exceptions.

A. All truck traffic, except as herein provided, is prohibited while loading, unloading or servicing on those streets and alleys set forth in the schedule thereof on file in the office of the Register and the Traffic and Transportation Administrator, which schedule is available for examination. Signs shall be erected designating the provisions of this chapter.

B. The prohibition contained herein shall not apply to the noncommercial pickup trucks as defined in Section 17.30.025.

C. This section shall not be construed as a prohibition against any truck which is traveling directly to a

destination for loading, unloading or servicing, if there is no alternative route to said destination on streets and alleys where truck traffic is not prohibited. (1960 C., § 834.010; 1994 C., § 17.30.010; Ord. No. 62926, § 1, 1993; Ord. No. 57831, § 1(part), 1979.)

Editor's Note:

The following amendment to Section 17.30.010 was proposed as a nonbinding expression of preferential voting by Ordinance 59973, approved July 30, 1986:

Section 820.140, 820.420 and Section 820.530 of Ordinance 57831 enacted April 19, 1979, is hereby amended to read as follows:

Section 820.010: Truck Traffic Prohibited—Any truck over ¾-ton used for commercial purposes is prohibited except while loading, unloading, or servicing, on those streets and alleys set forth in schedule of thereof on file in the Office of the Register and the Traffic and Transportation Administrator, which schedule is available for examination. Signs shall be erected designating the provisions of this section.

Nothing herein shall prohibit the parking of vehicles defined by Sections 820.140, 820.420 and 820.530 provided the vehicles described by the said stated Sections do not exceed in weight three-quarter (¾) tons and meet the following conditions:

A) The bed of the vehicle shall be clear of all trash, debris, or material.

B) If there is any material in the bed of the truck, then there shall be a cover over said bed, form fit, which shall cover the material stored therein.

C) The cover called for above may be a camper shell or a canvass cover; and if a canvass cover it shall not be higher than the bottom of the rear window of the cab of said vehicle.

Ordinance 60027 was a correction to Board Bill 71 (approved July 30, 1986 as Ordinance 59973). The corrected nonbinding preferential proposal was to read as follows:

Should the Board of Aldermen adopt an Ordinance to permit a pick-up truck used non-commercially to park on a residential street, provided that the bed of said truck is:

A) clear of trash, debris or material; or

B) is otherwise covered; and

C) the vehicle has no advertisement displayed thereon.

Ordinance 60027 was not submitted to voters.

17.30.020 Parking.

A. No truck or bus shall be parked upon any public street where the abutting land is in the "A," "B," "C," "D," "E" or "F" use zoning district as established by ordinance; any such vehicle so parked is declared to be a nuisance and an unlawful obstruction of the street. These provisions shall not apply to vehicles used for commercial purposes which are parked in an "F" use zoning district and are within fifty (50) feet of the commercial business which owns or leases such vehicle, or any trailers which is rendering service or loading or unloading merchandise.

B. No tractors, truck-tractors, or trailers, coupled or uncoupled, or construction equipment, shall be placed, stored, or parked upon any public street or alley unless due to special circumstances a permit therefor shall have been issued by the Director of Streets. Any such vehicle so placed, stored, parked or interfering with traffic is declared to be a nuisance and an unlawful obstruction of the street.

These provisions shall not apply to any tractor, truck-tractor, trailer, coupled or uncoupled, or construction equipment, or combination vehicles which are (1) parked at a loading dock or terminal during the time when it is engaged in the loading or unloading of merchandise, (2) rendering service, loading or unloading merchandise, (3) or in the case of construction equipment, rendering service which has a valid permit issued by a City agency and provided that any such vehicles exempted in Subsections (1), (2) and (3) above are not interfering with the flow or movement of traffic. Notwithstanding the provisions of any other ordinance, any person, firm, or corporation convicted of violating this section shall be punished by a fine of not less than one hundred dollars ($100.00) or imprisonment for not more than ninety (90) days in jail or both such fine or imprisonment.

C. Any truck or bus parked on any private street where said abutting land is in the "A," "B," "C," "D," "E," or "F" use zoning district as established by ordinance, is hereby declared to be a nuisance and in unlawful obstruction of the street. (1960 C., § 834.020; 1994 C., § 17.30.020; Ord. No. 64881, §§ 1, 2, 2000; Ord. No. 60152, § 1, 1986; Ord. No. 58681, § 2, 1982; Ord. No. 57831, § 1(part), 1979.)

Editor's Note:

The following amendment to Section 17.30.020 was proposed as a nonbinding expression of preferential voting by Ordinance 59973 approved July 30, 1986:

Section 834.020—Parking—No trucks over ¾-ton used for commercial purposes or uses designated to carry 20 or more persons shall be parked upon any public street when the abutting land is in the "A," "B," "C," "D," or "E" use zoning district as estab-

lished by ordinance: any small truck ¾-ton or less which is used for commercial purposes, parked on said residential street and any vehicle in excess of 23 feet from end to end, or which is used for storage of goods, materials, or equipment other than items considered to be a part of the unit or essential for its immediate use, is declared to be a nuisance and an unlawful obstruction of the street. These provisions shall not apply to any tractor or truck which is rendering service, loading or unloading merchandise.

17.30.021 Prohibited in certain area.

A. No person shall drive, tow, or move any commercial truck, truck-tractor, tractor, or commercial trailer on the public streets in any area bounded by the south curb line of Gravois Street from Interstate Highway 55 to Sidney Street, the south curb line of Sidney Street from Gravois Street to Interstate Highway 55, and the west boundary of Interstate Highway 55 from Sidney Street to Gravois Street between the hours of eight p.m. (8:00 p.m.) and seven a.m. (7:00 a.m.) each day of the week.

B. The provisions of Subsection A of this section shall not apply to emergency vehicles, including privately owned tow trucks when providing emergency service to noncommercial vehicles. (1994 C., § 17.30.021; Ord. No. 63976, §§ 1, 2, 1997.)

17.30.022 Trucks in excess of 26,000 pounds.

A. No person shall drive, tow, or move any commercial truck, truck-tractor, tractor, or commercial trailer with a gross vehicle weight (GVW) in excess of 26,000 pounds:

1. On Chippewa Street from the east boundary of South Broadway to the east boundary of Marine Avenue;

2. On Keokuk Street from the east boundary of South Broadway to the east boundary of Marine Avenue;

3. On Osage Street from the east boundary of South Broadway to the east boundary of Marine Avenue;

4. On Marine Avenue from the south boundary of Osage Street to the south boundary of Miami Street;

5. On Kosciusko Street from the north boundary of Cahokia Street to the south boundary of President Street; or

6. On Morganford Road from the north boundary of Arsenal Street to the south boundary of Utah Street.

B. The provisions of Subsection A of this section shall not apply to emergency vehicles, including privately owned tow trucks when providing emergency service.

C. Subsection A of this section shall not be construed as a prohibition against any vehicle which is traveling directly to a destination for loading, unloading, or servicing, if there is no alternative route to said destination on streets and alleys where truck traffic is not prohibited. (1994 C., § 17.30.022; Ord. No. 70441, § 1, 2-8-2017; Ord. No. 70275, §§ 1—3, 5-26-2016.)

17.30.025 Parking—Noncommercial pickup truck.

A. Definition. Pickup truck "noncommercial" means a four-wheel motor vehicle, having an enclosed cab and an open body with low sides and tailgate, used or maintained privately for the transportation of property solely for personal use.

B. All such vehicles shall have no advertisement or writing displayed thereon except that which the truck manufacturer, or the dealer who sold the truck, routinely places on trucks; and provided further that the sides of any such vehicles shall have no stakes inserted therein and provided further that no such vehicles shall have been modified to raise the bumpers over twenty-six (26) inches from the street.

C. Notwithstanding Section 17.30.020 pickup trucks which are not used for commercial purposes shall be and are hereby permitted to park on residential streets provided that the bed of said truck is:

1. Clear of trash, debris or other materials, except for factory installed equipment; or

2. The bed of said truck is covered by a factory design cover in good repair. (1994 C., § 17.30.025; Ord. No. 60168, §§ 1—3, 1986.)

17.30.030 Size and weight limits.

A. No motor vehicle, unladen or with load, shall exceed one hundred eight (108) inches in width, fifteen (15) feet in height, forty (40) feet in length, or sixty-five (65) feet in length when in combination of two (2) or more vehicles coupled together (including coupling); except that any vehicle or combination of vehicles transporting automobiles or other vehicles may carry a load which extends no more than three (3) feet beyond the front and four (4) feet beyond the rear of the transporting vehicle or combination of vehicles on streets designated by the Director of Streets.

B. No motor vehicle shall have a greater weight

than 22,400 pounds on one axle. (1960 C., § 834.030; 1994 C., § 17.30.030; Ord. No. 61185, § 1, 1989; Ord. No. 57831, § 1(part), 1979.)

17.30.040 Special permits.

A. The Director of Streets may, at his discretion, issue special permits for the operation of vehicles, the measurements of weights of which exceed the limits specified in the foregoing sections, but such permits shall be issued for a single trip or for a definite period not to exceed one year duration, and shall designate the streets which may be used under authority of such permit.

B. The Director of Streets may, with the approval of the Alderman of the ward, issue a special permit with a fee of twenty-five dollars ($25.00) for the parking of truck tractors and coupled trailers in a zoned Industrial Area if said area is not contiguous to a residence(s); said permit may be revoked at any time, and such permit shall not exceed one (1) year, and shall designate the location which shall be used under authority of such permit. Nothing herein shall license the parking of such a truck tractor and coupled trailer in violation of any parking ordinance. (1960 C., § 834.040; 1994 C., § 17.30.040; Ord. No. 62530, § 1, 1992; Ord. No. 57831, § 1(part), 1979.)

17.30.045 Oversize load signs to be removed when.

A. 1. Any motor vehicle which is not currently being used to convey or escort an oversized load, a movement for which a permit has been issued by the Director of Streets as provided for in Section 17.30.040, shall not display the words "oversize load," "wide load," or any similar warning signs so as to indicate an oversize load movement, unless the vehicles are so engaged in such movement and have obtained the required permit(s).

2. If permanent signs are installed on vehicles with the above wording thereon, all such signs shall be covered in such a manner that it will not appear to be an oversized load movement unless the vehicle is operating as authorized above.

B. Any person, firm or corporation violating the provisions of this section shall be deemed guilty of Class I general offense. (1994 C., § 17.30.045; Ord. No. 60291, §§ 1, 2, 1987.)

17.30.050 Projecting treads on metal tired vehicles.

No metal-tired vehicle shall be operated over any streets of the City if such vehicle has on the periphery of any road wheels, any lug, flange, cleat, ridge, bolt or any projection of metal or wood which projects radially beyond the tread or traffic surface of the tire, unless the street is protected by putting down solid planks or other suitable material, or by attachments to the wheels so as to prevent such vehicle from damaging the street, except that this prohibition shall not apply to traction engines equipped with what is known as caterpillar treads, when such caterpillar does not contain any projection of any kinds likely to damage the surface of the street; provided, however, that tractors and traction engines and similar vehicles may be operated which have upon their wheels "V" shaped, diagonal or other cleats arranged in such manner as to be continuously in contact with the road surface; provided, that the gross weight on the wheels per inch of width of such cleats or road surface, when measured in the direction of the axle of such vehicle, does not exceed 800 pounds. (1960 C., § 834.050; 1994 C., § 17.30.050; Ord. No. 57831, § 1(part), 1979.)

RSMo:

RSMo 304.250 (2016) Similar provisions

17.30.060 Lift gates in retracted position.

No truck shall be operated on City streets equipped with a lift gate, unless the lift gate is retracted in stored position. (1960 C., § 834.060; 1994 C., § 17.30.060; Ord. No. 57831, § 1(part), 1979.)

17.30.070 Transportation of hazardous materials.

A. It is unlawful for any person to operate a bus, truck, truck-tractor and trailer combination(s) or any other commercial motor vehicle, trailer, or self propelled construction equipment upon any highway, street, or alley in the City, unless the vehicle is equipped with the equipment required by and operated in accordance with Title 49 Subchapter C and Part 397, of the Code of Federal Regulations, as amended, pertaining to the transportation of hazardous materials as defined and classified by said regulations. Additionally, this section shall also apply to all vehicles operated intrastate, as well as those operated solely within the federal commercial zone, as defined in the Code of Federal Regulations mentioned herein.

B. In addition, the following regulations shall apply:

1. The hazardous material may not be moved unless the vehicle is marked and placarded in accordance with Section 177.823 of the Department of Transportation Hazardous Material Regulations.

2. a. No motor vehicle shall be operated on any tire that has fabric exposed to the tread or sidewall.

b. Any tire on the front wheels of a truck or truck-tractor shall have a tread groove pattern depth of at least 4/32 of an inch when measured at any point on a major tread groove. The measurements shall not be made where tie bars, humps, or fillets are located.

3. No person may smoke or carry a lighted cigarette, cigar, or pipe on or within twenty-five (25) feet of (i) a motor vehicle which contains explosives, oxidizing materials, or flammable materials, or (ii) an empty tank motor vehicle which has been used to transport flammable liquids or gases and which, when so used, was required to be marked or placarded in accordance with Section 177.823 of Title 49 of the Code of Federal Regulations.

4. When transporting property consisting of hazardous materials of a type and quantity that requires the vehicle to be marked or placarded under Section 177.823 of Hazardous Material Regulations and that weighs two thousand five hundred (2,500) pounds or more in the case of one (1) dangerous article or an empty tank motor vehicle which has been used to transport flammable liquids or gases and which, when so used, was required to be marked or placarded in accordance with the rules in Section 177.823 of the Hazardous Material Regulations:

a. The vehicle must at all times be equipped with the applicable emergency equipment required by the Code of Federal Regulations, Title 49, Part 393, Subpart H and any driver shall not fail to use or make use of such emergency equipment when and as needed.

b. A motor vehicle must not be parked on or within five (5) feet of the traveled portion of public streets except for brief periods when the necessities of operation require the vehicle to be parked and make it impracticable to park the vehicle in any other place. (1960 C., § 834.070; 1994 C., § 17.30.070; Ord. No. 60290, § 2, 1987; Ord. No. 57831, § 1(part), 1979.)

17.32.010 Motor vehicles to be operated and maintained in safe condition.

A. No person shall drive on any highway, street, or alley in the City, a motor vehicle on which there is mechanically defective equipment or other defective vehicle parts as to be reasonably likely, because of such defects, to cause injury to persons or damage to property.

B. It is unlawful for any person to operate any commercial motor vehicle licensed for more than twelve thousand (12,000) pounds (which is being used for actual commercial purposes or for the furtherance of a business), either singly or in combination with a trailer, or any self-propelled construction equipment, as all are defined in Chapter 17.02 of the Revised Code of the City of St. Louis, or RSMo Ch. 301, unless the vehicles are equipped and operated as required by Title 49, Code of Federal Regulations, Part 393, Subparts B through I, and Part 396 as amended.

C. The provisions of Subsection B shall not apply to any commercial motor vehicle licensed for a gross weight of forty-two thousand (42,000) pounds or less when the license plate has been designated for farm use by the letter "F" as authorized by RSMo 301.030 or to any trailer towed by such commercial vehicle unless such vehicle or vehicles are transporting hazardous materials, except fertilizer, as defined in Title 49, Code of Federal Regulations.

D. Every employer and employee operating or causing the operation of commercial motor vehicles within the City shall comply with this section and all other sections dealing with the safe operations of commercial motor vehicles contained in this Code. No employer shall operate a commercial motor vehicle, or cause or permit it to be operated, unless it is equipped and operated by the requirements and specifications of this Code.

E. Officers of the Metropolitan Police Department are hereby vested with power and authority to enforce wholly within commercial transportation related facilities located within the City, the rules and regulations of the Code of Federal Regulations, related state statutes, and related City ordinances, as they apply to motor vehicles and their carriers.

(For the purpose of this section, the term "motor carrier" means a for-hire motor carrier or private motor carrier of property or persons. The term "motor carrier" includes a motor carrier's agents, officers and representatives as well as employees responsible for hiring, supervising, training, assigning, or dispatching of drivers and employees concerned with the installation, inspection, and maintenance of motor vehicle equipment and/or accessories.)

F. For the purpose of enforcing this Code within the City, Officers of the Metropolitan Police Department, and members of the St. Louis Fire Department, shall be authorized to enter the cargo area of commercial motor vehicles or trailers, or to remove any covering of cargo on vehicles, to determine that the contents thereof are properly secured as required by law; and if the vehicle is transporting hazardous material as defined by Title 49 of the Code of Federal Regulations, that said material is also being transported and secured as required by law. If any imminently hazardous violations of the Hazardous Material Regulations are discovered they shall immediately be reported to the Fire Marshal of the City (or designated representative), for his/her enforcement action and/or orders of safety action(s).

G. Vehicles Declared Out-of-Service. Any vehicles which by reason of defective equipment, equipment failure, or equipment out of proper adjustment shall be placed out-of-service on site. No person shall move or cause a vehicle which has been placed out-of-service to be moved, nor shall the out-of-service sticker be removed from the vehicle unless the cause of the out-of-service action has been corrected, or unless the vehicle is towed from the scene by a properly licensed wrecker vehicle, as defined in Chapter 8.110 of this Code. The out-of-service criteria which shall be used will be the same criteria adopted and in use by the United States Department of Transportation (DOT)—Office of Motor Carrier Safety (OMCS), in conjunction with the Commercial Vehicle Safety Alliance (CVSA), as amended. A current copy of the out-of-service criteria shall be maintained at the office of the City Register.

H. Violations Defined. Each person who fails to comply in whole or in part with any of the provisions in this section shall have committed a violation of this section. Likewise, any person who aids or abets another of such failure to comply shall have committed a violation of this section. Failure to comply with more than one provision of this section shall constitute multiple violations. (1960 C., § 835.010; 1994 C., § 17.32.010; Ord. No. 62069, § 1, 1990; Ord. No. 60295, § 1, 1987; Ord. No. 57831, § 1(part), 1979.)

17.32.020 Safety glass.

No motor vehicle shall be operated upon any street unless the vehicle is equipped with safety glass as defined by the Revised Statutes of the State of Missouri. (1960 C., § 835.020; 1994 C., § 17.32.020; Ord. No. 57831, § 1(part), 1979.)

17.32.030 Horns and warning devices.

A. Every motor vehicle shall be equipped with a horn, or similar warning device in good working order and capable of emitting sound audible under normal conditions from a distance of no less than 200 feet but no horn or other warning device shall emit an unreasonably loud sound.

B. No vehicle shall be equipped, nor shall any person use upon vehicle any siren, whistle or bell, except as otherwise permitted in this chapter.

C. No person shall drive a motor vehicle to which is attached a gong, bell or similar device in any street, except food vendors as regulated in Chapter 8.42. This shall not apply to authorized emergency vehicles. (1960 C., § 835.030; 1994 C., § 17.32.030; Ord. No. 57831, § 1(part), 1979.)

RSMo:

RSMo 304.170(1) (2016) Horns

17.32.040 Excessive noise.

No person shall operate any vehicle constructed or so out of repair, or loaded in such manner as to create

unreasonably loud or unnecessary noise. (1960 C., § 835.040; 1994 C., § 17.32.040; Ord. No. 57831, § 1(part), 1979.)

17.32.050 Exhaust system.

A. *Required.* Every motor vehicle shall at all times be equipped with an exhaust system in good working order and in constant operation to prevent excessive or unusual noise. No person shall use a muffler cut-out, bypass, straight pipe exhaust system or other system that bypasses the catalytic converter or muffler, or similar device upon a motor vehicle.

B. *Modified Exhaust System.* No person shall operate or drive a vehicle on which the exhaust system has been modified in a manner which will amplify or increase the noise emitted by the muffler originally installed on the vehicle, which shall comply with the requirements of this section, and no person shall replace a muffler or exhaust system originally installed on a vehicle with a straight pipe exhaust system.
(1960 C., § 835.050; 1994 C., § 17.32.050; Ord. No. 71487, § 1, 3-30-2022; Ord. No. 57831, § 1(part), 1979.)

RSMo:

RSMo 304.170(2) (2016) Muffler cutouts

17.32.060 Rearview mirrors.

Every motor vehicle shall be equipped with a rearview mirror and, if so constructed or loaded as to obstruct the driver's view to the rear thereof from the driver's position shall be equipped with a mirror on each side so located as to reflect to the driver a view of the highway for a distance of at least two hundred (200) feet to the rear of such vehicle. (1960 C., § 835.060; 1994 C., § 17.32.060; Ord. No. 57831, § 1(part), 1979.)

RSMo:

RSMo 304.170(4) (2016) Mirrors

17.32.070 Headlamps.

All motor vehicles shall be provided with headlamps meeting the standards and specifications set forth in the Revised Statutes of the State of Missouri. Lighted headlamps shall be required at any time from a half-hour after sunset to a half-hour before sunrise and at any other time when there is not sufficient light to render clearly discernable persons and vehicles on the highway at a distance of five hundred (500) feet ahead. Lighted headlamps shall also be required any time the weather conditions require usage of the motor vehicle's windshield wipers to operate the vehicle in a careful and prudent manner as defined in RSMo 304.012. The provisions of this section shall be interpreted to require lighted lamps during periods of fog even if the usage of the windshield wipers is not necessary to operate the vehicle in a careful and prudent manner. Motor vehicles shall display at least two (2) white lights mounted at the front and directed forward, and two (2) red lights mounted at the back and directed toward the rear. (1960 C., § 835.070; 1994 C., § 17.32.070; Ord. No. 66703, § 1, 2005; Ord. No. 57831, § 1(part), 1979.)

17.32.080 Tail lamps and reflectors.

A. Every motor vehicle and trailer, except motorcycles, shall have at least 2 rear lamps, not less than 15 inches or more than 48 inches above the ground upon which the vehicle stands, which when lighted will exhibit a red light plainly visible from the distance of 500 feet to the rear; provided, however, that the rear lamps may be mounted higher than 48 inches on any vehicle carrying inflammable liquids as cargo. Either such rear lamps or a separate lamp shall be so constructed and placed as to illuminate with a white light the rear registration marker and render it clearly legible from a distance of 50 feet to the rear. When the rear registration marker is illuminated by an electric lamp other than the required rear lamps, all such lamps shall be turned on or off only by the same control switch at all times.

B. Every motor vehicle, and trailer, except motorcycles, with a capacity of more than 6 passengers registered in any state after January 1, 1966, when operated on a roadway, shall carry at the rear at least 2 approved red reflectors, at least 1 at each side, so designated, mounted on the vehicle and maintained as to be visible for 500 feet to the rear of such vehicle during the times when lighted lamps are required. Every such reflector shall meet requirements of this chapter and shall be mounted upon the vehicle at a height not to exceed 60 inches nor less than 24 inches above the surface upon which the vehicle stands. (1960 C., § 835.080; 1994 C., § 17.32.080; Ord. No. 57831, § 1(part), 1979.)

RSMo:

RSMo 304.075(1), (3) (2016) Similar provisions

17.32.090 Lights on motorcycles.

A. No driver shall operate a motorcycle unless it is equipped during the same periods with one lighted lamp in front and one on the rear. The light of the front lamp of a motorcycle shall be white and be visible at a

point at least 200 feet ahead of the motorcycle. The rear lamp shall include a red light visible from the rear and an additional white light which shall shine upon the

number plate in such a manner as to render the numerals thereon visible for at least 50 feet in the direction from which the motorcycle is proceeding.

B. Every motorcycle, when operated on a roadway, shall also carry at the rear, either as part of the rear lamp or separately, at least one approved red reflector, which shall be of such size and characteristics and so maintained as to be visible during the times when lighted lamps are required from all distances within three hundred feet to fifty feet from such vehicle when directly in front of a motor vehicle displaying lawful undimmed head lamps.

C. Every motorcycle equipped with a sidecar or other attachment shall be equipped with a lamp on the outside limit of such attachment capable of displaying a white light to the front. (1960 C., § 835.090; 1994 C., § 17.32.090; Ord. No. 57831, § 1(part), 1979.)

17.32.100 Brakes.

A. *Required.* Every motor vehicle or combination of motor vehicles except motorcycles shall be provided at all times with two sets of adequate brakes kept in good working order, and motorcycles shall be provided with one set of adequate brakes kept in good working order. If these two separate means of applying the brakes are connected in any way, they shall be so constructed that failure of any one part of the operating mechanism shall not leave the vehicle without operative brakes.

B. *Parking Brakes.* Every motor vehicle or combination of motor vehicles shall be provided at all times with a parking brake or brakes adequate to hold the vehicle or combination on any grade, under any condition of road. (1960 C., § 835.100; 1994 C., § 17.32.100; Ord. No. 57831, § 1(part), 1979.)

17.32.110 Visibility.

A. *Obstruction.* No person shall drive any motor vehicle when anything on the windshield or on any window or within the vehicle obstructs the driver's clear view of the street.

B. *Wipers Required.* Every motor vehicle, except motorcycles, shall be equipped with adequate windshield wipers, and shall be maintained in good working order. (1960 C., § 835.110; 1994 C., § 17.32.110; Ord. No. 57831, § 1(part), 1979.)

17.32.120 Restrictions as to tire equipment.

Every solid rubber tire on a vehicle shall have rubber on its entire traction surface at least one inch thick above the edge of the flange of the entire periphery. (1960 C., § 835.120; 1994 C., § 17.32.120; Ord. No. 57831, § 1(part), 1979.)

17.32.130 Mud flaps required on certain vehicles.

A. Mud flaps shall be required on the rear wheels of all of the following vehicles:

1. A truck-tractor when not coupled to a trailer, the body of which provides protection for the vertical throw of road elements from the rear wheels of the truck-tractor;

2. A trailer, if not equipped with rear fenders meeting the requirements set forth in subdivision 3 of this subsection;

3. Any other vehicle(s) which because of design or modification(s) is not equipped with fenders; or if equipped with fenders, the fender of which is greater than twenty-four (24) inches from the ground, when the vertical measurements are made from the lowest part of the fender to the ground. Said fender must be of solid construction to cover the entire tread width of the tires, provided a suitable material may be affixed to the fenders that offers the same coverage and protection on vehicles equipped with tires which protrude from the fender sides.

B. If mud flaps are required and used they shall meet the following specifications:

1. Construction and design shall be of a rigid material or flexible material which is of sufficiently rigid character to provide adequate protection while the vehicle is in motion, and the flaps must remain in a vertical plane while the vehicle is in motion and when under pressure.

2. They shall be of sufficient width to cover the full tread width of the tire or tires being protected, and shall not be less than eight (8) inches from the ground.

3. The mud flaps shall be installed so that they extend from the underside of the vehicle body. In the case of a truck-tractor or a vehicle not equipped with fenders meeting the requirements herein, the flaps shall extend from the horizontal top of the tire in a vertical plane, and shall not be less than eight (8) inches from the ground.

4. A vehicle equipped with tandem wheels is only required to be equipped with mud flaps on the rearmost wheels of said vehicle. (1960 C., § 835.130; 1994 C., § 17.32.130; Ord. No. 60232, § 2, 1987; Ord. No. 57831, § 1(part), 1979.)

TRAFFIC VIOLATION BUREAU

Sections:

17.34.010 Under administration of Clerk of City Court.

17.34.020 Designation of fines and offenses.

17.34.030 Violation notice.

17.34.040 Payment of fines—Time limits.

17.34.010 Under administration of Clerk of City Court.

The Clerk of the City Court shall be in charge of the Traffic Violation Bureau. The Bureau shall be open at such hours as he shall designate. (1960 C., § 836.010; 1994 C., § 17.34.010; Ord. No. 58731, § 1(part), 1979.)

17.34.020 Designation of fines and offenses.

The judges of the City Courts shall designate the various offenses for which payment of fines and costs may be accepted by the Traffic Violation Bureau. The Court, by order to be prominently posted at the place where the fines are to be paid, shall specify by suitable schedules the amount of fines and costs to be imposed for first and subsequent offenses, designating each offense specifically in the schedules, and shall further specify what number of offenses shall require appearance before the City Court. Fines and costs shall be paid to, receipted by and accounted for by the Violation Clerk in accordance with these rules. (1960 C., § 836.020; 1994 C., § 17.34.020; Ord. No. 57831, § 1(part), 1979.)

17.34.030 Violation notice.

The Violation Clerk shall issue a summons to any person with a violation notice who wishes to plead not guilty, notifying the arresting officer to be present in court. (1960 C., § 836.030; 1994 C., § 17.34.030; Ord. No. 57831, § 1(part), 1979.)

17.34.040 Payment of fines—Time limits.

Any person charged with an offense for which payment of a fine may be made to the Traffic Violation Bureau shall have the option of paying such fine and costs, within the time specified in the summons, at the Traffic Violation Bureau upon entering a plea of guilty and upon waiving appearance in court. (1960 C., § 836.040; 1994 C., § 17.34.040; Ord. No. 57831, § 1(part), 1979.)

17.36.070 Lamps and other equipment on bicycles.

17.36.080 Riding on highway prohibited.

17.36.090 Reckless riding.

17.36.010 Effect of regulations.

A. The parent of the child and the guardian of any ward shall not authorize or knowingly permit any such child or ward to violate any of the provisions of this chapter.

B. These regulations applicable to bicycles shall apply whenever a bicycle is operated upon any street or upon any path set aside for the exclusive use of bicycles subject to those exceptions stated herein. (1960 C., § 837.010; 1994 C., § 17.36.010; Ord. No. 57831, § 1(part), 1979.)

17.36.020 Traffic laws apply to persons riding bicycles.

Every person riding a bicycle upon a roadway shall be granted all of the rights and shall be subject to all of the duties applicable to the driver of a vehicle by this chapter; except as to special regulations in this chapter and except as to those provisions of this chapter which by their nature can have no application. (1960 C., § 837.020; 1994 C., § 17.36.020; Ord. No. 57831, § 1(part), 1979.)

17.36.030 Riding on bicycles.

A. A person propelling a bicycle shall not ride other than upon or astride a permanent seat attached thereto.

B. No bicycle shall be used to carry more persons at one time than the number for which it is designed and equipped. (1960 C., § 837.030; 1994 C., § 17.36.030; Ord. No. 57831, § 1(part), 1979.)

17.36.040 Clinging to vehicles.

No person shall cling to any vehicle to be pulled thereby upon a roadway. (1960 C.§ 837.040; 1994 C., § 17.36.040; Ord. No. 57831, § 1(part), 1979.)

17.36.050 Where ridden.

A. Every person operating a bicycle upon a roadway shall ride as near to the right side of the roadway as practicable, exercising due care when passing a standing vehicle or one proceeding in the same direction.

B. Persons riding bicycles upon a roadway shall not ride more than two abreast except on paths or roadways set aside for the exclusive use of bicycles.

C. Riding on Sidewalks.

1. No person shall ride a bicycle upon a sidewalk except in an area zoned residential.

2. No person (15) or more years of age shall ride a bicycle upon any sidewalk, unless that sidewalk is established and signed as a bike path.

3. Whenever any person is riding a bicycle upon a sidewalk, such person shall yield the right-of-way to any pedestrian and shall give audible signal before overtaking and passing such pedestrian. (1960 C., § 837.050; 1994 C., § 17.36.050; Ord. No. 57831, § 1(part), 1979.)

17.36.060 Carrying articles.

No person operating a bicycle shall carry any package, bundle or article which prevents the driver from keeping at least one hand upon the handle bars. (1960 C., § 837.060; 1994 C., § 17.36.060; Ord. No. 57831, § 1(part), 1979.)

17.36.070 Lamps and other equipment on bicycles.

A. Every bicycle when in use at night time shall be equipped with a front-facing lamp (white light) on the front or carried by the rider.

B. Every bicycle when in use at night time shall be equipped with a rear-facing red reflector, on the rear, at least two square inches in reflective surface area.

C. Every bicycle when in use at night time shall be equipped with colorless or amber reflectors on both the front and rear surfaces of all pedals.

D. Every bicycle when in use at night time shall be equipped with a side-facing colorless or amber reflector on each side of the front wheel, mounted on the wheel spokes and a colorless or red reflector on the rear wheel; or continuous retroreflective material (at least three-sixteenths of an inch wide) on each side of both tires.

E. Every bicycle shall be equipped with proper brakes. (1960 C., § 837.070; 1994 C., § 17.36.070; Ord. No. 57831, § 1(part), 1979.)

17.36.080 Riding on highway prohibited.

It shall be unlawful for any person to enter or travel upon any portion of a limited-access highway with a bicycle or a tricycle, or a velocipede or any other contrivance except a motor vehicle. (1960 C., § 837.080; 1994 C., § 17.36.080; Ord. No. 57831, § 1(part), 1979.)

17.36.090 Reckless riding.

No person shall drive any bicycle or tricycle on a parking lot carelessly in willful or wanton disregard of the rights and safety of others, or without due caution, or at a speed, or in any manner that endangers any person or property. (1960 C., § 837.090; 1994 C., § 17.36.090; Ord. No. 57831, § 1(part), 1979.)

Chapter 17.37

MOTORIZED SCOOTERS

Sections:

17.37.010 Definitions.
17.37.020 Operator rights.
17.37.030 Equipment required.
17.37.040 Exemptions from this Code provisions.
17.37.050 Operation—Motor capable of disengagement.
17.37.060 Operation—Right-hand curb.
17.37.070 Operator restrictions.
17.37.080 Penalty for violation.

17.37.010 Definitions.

For purposes of this chapter a "motorized scooter" shall mean any two-wheeled device that has handlebars, is designed to be stood upon by the operator, and is powered by a motor that is capable of propelling the device with or without human propulsion at a speed of not more than 25 miles per hour. (1994 C., § 17.37.010; Ord. No. 65138, § 1, 2001.)

17.37.020 Operator rights.

Every person operating a motorized scooter shall have all the rights and is subject to all the provisions applicable to the driver of any other vehicle as established by ordinance, including, but not limited to, ordinances concerning driving under the influence of alcoholic beverages or drugs, except those provisions which,

by their very nature, can have no application. (1994 C., § 17.37.020; Ord. No. 65138, § 2, 2001.)

17.37.030 Equipment required.

Every motorized scooter operated upon any street or alley during darkness shall be equipped with the following:

A. A lamp emitting a white light which, while the motorized scooter is in motion, illuminates the street or alley in front of the operator and is visible from a distance of 300 feet in front and from the sides of the motorized scooter;

B. A red reflector on the rear that is visible from a distance of 500 feet to the rear when directly in front of lawful upper beams of headlamps on a motor vehicle;

C. A white or yellow reflector on each side visible from the front and rear of the motorized scooter from a distance of 200 feet. (1994 C., § 17.37.030; Ord. No. 65138, § 3, 2001.)

17.37.040 Exemptions from this Code provisions.

A person operating a motorized scooter is not subject to the provisions of this this Code relating to registration, and license plate requirements, and, for those purposes, a motorized scooter is not a motor vehicle. (1994 C., § 17.37.040; Ord. No. 65138, § 4, 2001.)

17.37.050 Operation—Motor capable of disengagement.

A. A motorized scooter shall comply with one of the following:

1. Operate in a manner so that the motor is disengaged or ceases to function when the brakes are applied;

2. Operate in a manner so that the motor is engaged through a switch or mechanism that, when released, will cause the motor to disengage or cease to function.

B. It is unlawful for a person to operate a motorized scooter that does not meet one of the requirements of Subsection A. (1994 C., § 17.37.050; Ord. No. 65138, § 5, 2001.)

17.37.060 Operation—Right-hand curb.

Any person operating a motorized scooter upon a street or alley shall ride as close as practicable to the right-hand curb or right edge of the street or alley, except under the following situations:

A. When overtaking and passing another vehicle proceeding in the same direction;

B. When preparing for a left turn, the operator shall stop and dismount as close as practicable to the right-hand curb or right edge of the street and complete the turn by crossing the street on foot;

C. When reasonably necessary to avoid conditions, including, but not limited to, fixed or moving objects, vehicles, bicycles, pedestrians, animals, surface hazards, or substandard width lanes, which make it unsafe to continue along the right-hand curb or right edge of the street. (1994 C., § 17.37.060; Ord. No. 65138, § 6, 2001.)

17.37.070 Operator restrictions.

The operator of a motorized scooter shall not do any of the following:

A. Operate a motorized scooter unless it is equipped with a brake that will enable the operator to make a braked-wheel skid on dry, level, clean pavement;

B. Operate a motorized scooter on a highway as defined under RSMo 226.010(7);

C. Operate a motorized scooter without wearing a properly fitted and fastened helmet or other headgear that meets the standards of the Missouri Director of Revenue as provided for in RSMo 302.020.2;

D. Operate a motorized scooter when the operator is under the age of 16 years;

E. Operate a motorized scooter with any passengers in addition to the operator;

F. Operate a motorized scooter carrying any package, bundle, or article that prevents the operator from keeping at least one hand upon the handlebars;

G. Operate a motorized scooter with the handlebars raised so that the operator must elevate his or her hands above the level of his or her shoulders in order to grasp the normal steering grip area;

H. Leave a motorized scooter lying on its side on any sidewalk, or park a motorized scooter on a sidewalk in any other position, so that there is not an adequate path for pedestrian traffic;

I. Attach the motorized scooter or himself or herself while on the street or alley, by any means, to any other vehicle on the street or alley;

J. Operate a motorized scooter at a speed in excess of 15 miles per hour. (1994 C., § 17.37.070; Ord. No. 65138, § 7, 2001.)

17.37.080 Penalty for violation.

Any person found guilty of a violation of any of the provisions of this chapter shall be subject to a fine

of not more than five hundred dollars ($500.00) or a term of imprisonment of not more than ninety (90) days or by both a fine and imprisonment. (1994 C., § 17.37.080; Ord. No. 65138, § 8, 2001.)

17.38.010 Definitions.

The following definitions shall apply in the interpretation and enforcement of this chapter:

A. The "Snow Coordinator" is the Director of Streets.

B. "Snow emergency routes" are those streets marked as such in accordance with the provisions of this chapter.

C. "Snow tires" are radial tires or any other tires mounted on drive wheels of motor vehicles which are designed to give effective traction on snow, mud, or ice covered streets by means of extra heavy duty treads with specifically high-traction patterns except that no tire so defined shall be construed to be a snow tire which is damaged or worn to the extent that its performance would be substantially impaired.

D. "Tire chains" are any metal chains mounted on drive wheel tires of motor vehicle which cross the tread of each such tire laterally in at least three (3) different places.

E. "Studded tires" are any tires mounted on drive wheels of motor vehicles which are especially designed to give effective traction on snow, mud, or ice covered streets by means of metal studs spaced as to give high traction patterns except that no tire so defined shall be construed to be a studded tire which is damaged or worn to the extent that its performance would be substantially impaired. (1960 C., § 838.010; 1994 C., § 17.38.010; Ord. No. 57831, § 1(part), 1979.)

17.38.020 Parking on snow emergency routes.

A. Whenever the Snow Coordinator finds, on the basis of falling snow, sleet or freezing rain, or on the basis of a forecast by the U.S. Weather Bureau or other weather service of snow, sleet or freezing rain, that weather conditions will make it necessary that motor vehicle traffic be expedited and that parking on City streets be prohibited or restricted for snow plowing and other purposes, the Snow Coordinator shall put into effect a parking prohibition on parts or all snow emergency routes as necessary by declaring it in a manner prescribed in this chapter.

B. Once in effect, prohibition under this section shall remain in effect until terminated by announcement of the Snow Coordinator in accordance with this chapter. (1960 C., § 838.020; 1994 C., § 17.38.020; Ord. No. 57831, § 1(part), 1979.)

17.38.030 Conditions of motor vehicles operated on snow emergency routes.

A. No person operating a motor vehicle on a snow emergency route on which there is a covering of snow, sleet or ice shall allow such vehicle to become stalled wholly or partly because the drive wheels thereof are not equipped with effective tire chains, snow tires or studded tires.

B. No person operating a motor vehicle on a part of a snow emergency route on which there is a covering of snow, sleet or ice, or on which there is a parking prohibition in effect, shall allow such vehicle to become stalled because the motor fuel supply is exhausted or the battery has become inoperative. (1960 C., § 838.030; 1994 C., § 17.38.030; Ord. No. 57831, § 1(part), 1979.)

17.38.040 Stalled vehicle on snow emergency route.

Whenever a vehicle becomes stalled for any reason, whether or not in violation of this chapter, on any part

of a snow emergency route on which there is a covering of snow, sleet or ice, or on which there is a parking prohibition in effect, the person operating such vehicle shall take immediate action to have the vehicle towed or pushed off the roadway of such snow emergency route onto the first cross street which is not a snow emergency route. No person shall abandon or leave his vehicle in the roadway of a snow emergency route regardless of whether he indicated, by raising the hood or otherwise, that the vehicle is stalled. (1960 C., § 838.040; 1994 C., § 17.38.040; Ord. No. 57831, § 1(part), 1979.)

17.38.050 Declarations of the Snow Coordinator.

A. The Snow Coordinator shall cause each declaration of a snow route emergency made by him pursuant to this chapter to be publicly announced by means of broadcasts and/or telecasts from stations with a normal operating range covering the City, and he may cause such declaration to be further announced in newspapers of general circulation when feasible. Each announcement shall describe the action taken by the Snow Coordinator including the time it became or will become effective, and shall specify the streets affected.

B. The Snow Coordinator shall make or cause to be made a record of each time and date when any declaration is announced to the public in accordance with this section. (1960 C., § 838.050; 1994 C., § 17.38.050; Ord. No. 57831, § 1(part), 1979.)

17.38.060 Termination of parking prohibition by the Snow Coordinator.

Whenever the Snow Coordinator shall find that some or all of the conditions which give rise to a parking prohibition in effect pursuant to this chapter no longer exist, he may declare the prohibition terminated, in whole or in part, in a manner prescribed by this chapter, effective immediately upon announcement. (1960 C., § 838.060; 1994 C., § 17.38.060; Ord. No. 57831, § 1(part), 1979.)

17.38.070 Provisions temporarily effective to take precedence.

Any provision of this chapter which becomes effective by declaration of the Snow Coordinator or upon the occurrence of certain weather conditions shall, while temporarily in effect, take precedence over other conflicting provisions of law normally in effect, except that it shall not take precedence over provisions of law relating to traffic accidents, emergency travel of authorized emergency vehicles, or emergency traffic directions of a police officer. (1960 C., § 838.070; 1994 C., § 17.38.070; Ord. No. 57831, § 1(part), 1979.)

17.38.080 Signs to mark snow emergency routes.

On each street designated by this chapter as a snow emergency route, the Snow Coordinator shall post special signs at intervals indicating that this is an emergency snow route. These signs shall be distinctive and uniform in appearance and shall be plainly readable to persons traveling on the street. (1960 C., § 838.080; 1994 C., § 17.38.080; Ord. No. 57831, § 1(part), 1979.)

17.38.090 Removal.

A. *Generally.* Whenever any vehicle shall be found parked or abandoned on a snow emergency route in violation of this chapter, such vehicle may be removed and conveyed by means of towing and impounding the same or by towing or otherwise removing to the nearest available parking space on the first cross street which is not a snow emergency route.

B. *Parking Pedestrian Notice.* Whenever any vehicle shall be found illegally parked or abandoned in violation of this chapter, the police shall notify the owner or driver of such vehicle by handing to him or affixing on the vehicle a parking pedestrian notice. The owner or driver of the vehicle may appear in person or mail the sum of twenty-five dollars ($25.00) to the Traffic Violation Bureau within five (5) days excluding Saturdays, Sundays and holidays in lieu of the penalty provided in Section 17.38.140, and in full satisfaction of such violation. Upon failure to pay such penalty within five (5) days, the owner of the vehicle found parked in violation of this chapter shall be deemed guilty of an infraction and upon conviction punished as provided in Section 17.38.140.

C. *Owner's Responsibility.* The presence of any vehicle found parked or abandoned in violation of this chapter on any snow emergency routes shall be prima facie evidence that the person, firm or corporation in whose name such vehicle is registered, in either the records of the City License Collector or the records of the Director of Revenue of the State of Missouri, committed or authorized such violation. (1960 C., § 838.090; 1994 C., § 17.38.090; Ord. No. 57890, § 1, 1979; Ord. No. 57831, § 1(part), 1979.)

17.38.100 Snow emergency routes designated.

The schedule of streets or parts of streets controlled by this section shall be kept on file in the office of the Register and the Traffic and Transportation

Division, and shall be available for examination. (1960 C., § 838.100; 1994 C., § 17.38.100; Ord. No. 57831, § 1(part), 1979.)

17.38.110 Depositing of snow and ice restricted.

No person, partnership, corporation, joint-stock company, syndicate or association, shall deposit or cause to be deposited any snow and ice on or against a fire hydrant or on any sidewalk, street or loading and unloading areas of a public transportation system, except that snow and ice may be windrowed on public roadways incident to the cleaning thereof or windrowed on curbs incident to the cleaning of sidewalks in business districts. (1960 C., § 838.110; 1994 C., § 17.38.110; Ord. No. 57831, § 1(part), 1979.)

17.38.120 Interference with snow plows.

No vehicle shall impede or interfere in any way with a snow plow or other snow removal vehicle while such snow plow or other removal vehicle is in operation on City streets. (1960 C., § 838.120; 1994 C., § 17.38.120; Ord. No. 57831, § 1(part), 1979.)

17.38.130 Studded tires, prohibited when.

No person shall operate any motor vehicle upon any street or highway between the first day of April and the first day of November while the motor vehicle is equipped with tires containing metal or carbide studs. (1960 C., § 838.130; 1994 C., § 17.38.130; Ord. No. 57831, § 1(part), 1979.)

17.38.140 Penalties.

Any person convicted of a violation of any provision of this chapter shall be punished by a fine of not more than $500.00, or by imprisonment for not more than 90 days, or by both such fine and imprisonment. (1960 C., § 838.140; 1994 C., § 17.38.140; Ord. No. 57831, § 1(part), 1979.)

PENALTIES

Sections:

17.40.010 Class I general offense.

17.40.020 Penalties designated.

17.40.030 Conviction on alcohol- or drug-related traffic offense—Costs.

17.40.040 Moving violations in construction or work zones.

17.40.010 Class I general offense.

It shall be a Class I general offense for any person to do any act forbidden by this division, or fail to perform any act required by this division. (1960 C., § 839.010; 1994 C., § 17.40.010; Ord. No. 57831, § 1(part), 1979.)

17.40.020 Penalties designated.

Any person convicted of a violation of this division shall be punished by a fine of not more than five hundred dollars ($500.00) or imprisonment for not more than 90 days in jail or both such fine and imprisonment. (1960 C., § 839.020; 1994 C., § 17.40.020; Ord. No. 57831, § 1(part), 1979.)

17.40.030 Conviction on alcohol- or drug-related traffic offense—Costs.

Pursuant to RSMo 577.048, City Court Judges may order any person upon a plea of guilty or a finding of guilty for the offense of driving under the influence of alcohol or a controlled substance in violation of Section 17.16.290 of the Revised Code of the City of St. Louis to reimburse the St. Louis Metropolitan Police Department the costs associated with the arrest of said person. Such costs shall include the reasonable cost of making the arrest, including the cost of any chemical test made pursuant to RSMo Ch. 577, to determine the alcohol or drug content of the person's blood, and the costs of processing, charging, booking and holding such person in custody. A record of all such assessments and resulting collections shall be maintained by the Clerk of the City Courts and transmitted monthly to the Budget Division of the City of St. Louis. All monies collected pursuant to this legislation shall be maintained on the books of the City in a separate account established by the Comptroller. The St. Louis Metropolitan Police Department may establish a schedule of such costs; however, the court may order the costs reduced if it determines that the costs are excessive. (1994 C., § 17.40.030; Ord. No. 64297, § 2, 1998; Ord. No. 62741, § 1, 1992.)

Editor's Note:

RSMo 544.048 has been transferred to RSMo 488.5334.

17.40.040 Moving violations in construction or work zones.

A. As used in this section the term "construction zone" or "work zone" means any area upon or around any street or highway which is visibly marked by the Missouri Department of Transportation, the Street

Department for the City of St. Louis or a contractor or subcontractor performing work for the Missouri Department of Transportation or the City Street Department as an area where construction, maintenance, incident removal, or other work is temporarily occurring. The term "work zone" or "construction zone" also includes the lanes of streets or highways leading up to the area upon which an activity described in this subsection is being performed, beginning at the point where appropriate signs or traffic control devices are posted or placed. The term "worker" or "highway worker" shall mean any person that is working in a construction zone or work zone.

B. A person shall be deemed to be in violation of this section if such person is found guilty for any of the following when the offense occurs within a construction zone or work zone, as defined in this section:

1. Exceeding the posted speed limit by fifteen miles per hour or more;

2. Passing in violation of Subsection 4 of RSMo 304.582;

3. Failure to stop for a work zone flagman or failure to obey traffic control devices erected in the construction zone or work zone for purposes of controlling the flow of motor vehicles through the zone;

4. Driving through or around a work zone by any lane not clearly designated to motorists for the flow of traffic through or around the work zone;

5. Physically assaulting, or attempting to assault, or threatening to assault a highway worker in a construction zone or work zone, with a motor vehicle or other instrument;

6. Intentionally striking, moving, or altering barrels, barriers, signs, or other devices erected to control the flow of traffic to protect workers and motorists in the work zone for a reason other than avoidance of an obstacle, an emergency, or to protect the health and safety of an occupant of the motor vehicle or of another person.

C. Any violation of the provisions of this section shall be subject to a fine of not less than one hundred fifty dollars ($150.00) nor more than five hundred dollars ($500.00).

D. This section shall not be construed to enhance the assessment of court costs or the assessment of points pursuant to RSMo 302.302. (1994 C., § 17.40.040; Ord. No. 67324, § 4, 2006; Ord. No. 65351, §§ 1—3, 2001.)

17.52.020 Display of registered numbers for vehicles other than motor vehicles.

A. There shall be kept in a conspicuous place on every vehicle mentioned in this chapter, the registered number of such vehicle, so that it can be read easily from the sidewalk. Such numbers shall be in plain, distinct and legible figures, each plate to be not less than one, two or three inches in width, and placed on each vehicle in the following manner:

1. On drays and carts, the number shall be cast on metallic plates and placed on the outer side of the right shaft three inches in front of the body or bed of the cart or the dray;

2. On wagons, the number shall be cast on metallic plates and placed on the hind axle, or, where a body is used on such wagons, such numbers shall be placed on the right outer side thereof;

3. On baggage wagons and furniture cars, the number shall be cast or painted on metallic plates and placed on the right outer side of the body;

4. On hackney carriages and cabs that occupy stands, the number shall be painted on the outer glass of the lamps in red color not less than two inches in length, and on omnibuses, the number shall be placed on some conspicuous place on the right outer side of the body thereof, so that it can be easily read from the sidewalk; and

5. On private carriages, barouches and buggies, and on vehicles kept by livery stables for private orders, the numbers shall be cast or painted on neat metallic plates and placed upon such vehicles upon the spring bar, footboard or rear end of such vehicles, or owners of vehicles so desiring it may place the number plate on the outer side of the trace of the off horse, not more than ten inches from the collar of the horse, the same to be kept conspicuously to view.

B. Painting or covering over the plates, or placing the plate upon any other vehicle than the one for which the same was issued, except as hereinafter provided, shall be deemed a misdemeanor, and, upon conviction, the owner of the vehicle shall be fined as provided in Chapter 1.12. A copy of this section shall be furnished by the License Collector to each and every person taking out a license under the provisions of this chapter. The owner of more than one vehicle belonging to either class aforesaid and who shall use but one of such vehicles at any one time upon the streets of the City,

and who shall have complied with the provisions of this chapter, and in accordance therewith paid his license under such classification, shall be permitted to place the number of such license upon the harness of the horse intended to be used in connection with such vehicle, and a registered number of a higher grade may be used on or for a vehicle taxed for a less amount by the same person; provided, that all vehicles kept at hotels for the use of hotel patrons shall be exempt from the provisions of this section, and all vehicles belonging to the City, or claimed as exempt from license by reason of being in the service of the City, shall have the word "City" painted on both sides of the outside of the bed or body of vehicle. (1948 C., Ch. 42, § 46; 1960 C., § 615.020; 1994 C., § 17.52.020.)

17.52.040A Motor vehicle license tax.

A. At the first primary, general or special election held throughout the City following the effective date of this chapter, there shall be submitted to the qualified voters the following proposition:

Shall a motor vehicle license tax be levied and collected from the owners of motor vehicles residing in the City of St. Louis, at the rates of eight dollars per year per passenger car, ten dollars per year per truck, and six dollars per year per motorcycle, such tax being payable in advance on or before December 31 of each year for the succeeding year and calculated on the basis of vehicles owned as of January 1 of the year in which such tax is billed, instead of the present City motor vehicle license ("sticker") taxes?

Yes ____

No ____

B. The qualified voters may, at such election, vote a ballot in substantially the following form:

Shall a motor vehicle license tax be levied and collected from the owners of motor vehicles residing in the City of St. Louis, at the rates of eight dollars per year per passenger car, ten dollars per year per truck, and six dollars per year per motorcycle, such tax being payable in advance on or before December 31 of each year for the succeeding year and calculated on the basis of vehicles owned as of January 1 of the year in which such tax is billed, instead of the present City motor vehicle license ("sticker") taxes?

Yes ____

No ____

C. The Board of Election Commissioners of the City of St. Louis shall provide the ballots or voting machines, or both, and conduct the election at which the proposition set forth in Subsection B of this section is submitted and shall ascertain the results thereof according to the laws regulating such elections. Upon approval of this section it shall be published once in the City Journal. Proof of publication of this section shall be made by affidavit of the City Register and such affidavit shall be filed in the office of the City Register and a copy of such publication shall be attached thereto.

D. If such proposition shall receive in its favor the votes of the majority of the voters voting thereon, the motor vehicle license tax, at the rates of eight dollars per year per passenger car, ten dollars per year per truck, and six dollars per year per motorcycle, shall take effect on the first day of the following October and be due and payable for the succeeding year on or before December 31 of the year in which the election thereon is held, if such election is held not later than the Tuesday following the first Monday in August; if such election is held later than the Tuesday following the first Monday in August, such motor vehicle license tax at such rates shall take effect on the first day of October of the year following the year in which such election is held and be due and payable for the succeeding year on or before December 31 of the year in which such tax takes effect. In each year after the year in which such tax takes effect, such tax shall be due and payable for the succeeding year on or before December 31.

E. The motor vehicle license tax hereunder for each year shall be included as a charge on the personal property tax bills for the preceding year. Payments of the motor vehicle license tax shall be made with and in the same payment as personal property taxes for the preceding year, and shall be collected by the Collector of Revenue. Billing for and collection of the motor vehicle license tax hereunder shall be done in a manner consistent with the provisions of RSMo 301.340 (Supp. 1985) and this section. The Collector of Revenue shall collect delinquent receipts of motor vehicle license taxes hereunder, and penalties thereon, in the same manner and form as provided by law for the collection of delinquent ad valorem property taxes.

F. The motor vehicle license tax payable hereunder by a vehicle owner shall be calculated on the basis of the motor vehicles owned by such owner as of January 1 of the year in which such tax is billed.

G. The Collector of Revenue shall not issue a receipt for payment of personal property taxes until all motor vehicle license taxes hereunder due and owing by the taxpayer have been paid.

H. It is a violation of this section to fail to pay all or any part of any motor vehicle license tax due and owed hereunder by December 31 of the year in which such tax is billed.

I. Upon the effective date of the motor vehicle license tax under Subsection D of this section hereof, and thereafter for so long as such tax remains in effect at the rates specified in Subsection D of this section, the following ordinances which are presently codified in whole or part in the St. Louis Revised Code, 1980, under the section numbers indicated in parentheses, shall not be applied, administered, or enforced: Ordinance 39570 (§ 17.52.040); Ordinance 29898 (§ 17.52.050); Ordinance 40441 (§ 17.52.060); Ordinance 40457 (§§ 17.52.080, 17.52.090, 17.52.130, 17.52.140, 17.52.150, 17.52.160, 17.52.170, 17.52.180, and 17.52.190); Ordinance 52099 (§ 17.52.100); Ordinance 55358 (§§ 17.52.110 and 17.52.260); Ordinance 57729 (§ 17.52.120); and Ordinance 55408 (§§ 17.52.220, 17.52.230, 17.52.240 and 17.52.250).

J. On and after the effective date of the motor vehicle license tax under Subsection D of this section, no person subject to such tax and delinquent in any payment thereof shall drive, operate or park upon the streets of the City, or cause to be driven, operated or parked upon the streets of the City, any motor vehicle owned solely or partially by such person. As used in this subsection and in Subsection L of this section, "person" means individuals, corporations, partnerships and any legal entity of any kind.

K. On and after the effective date of the motor vehicle license tax under Subsection D, Subsections D, E, H and J of this section shall not apply to manufacturers or dealers in motor vehicles, duly licensed by the City, except as to vehicles used by such manufacturers, dealers or their employees for private purposes.

L. On and after the effective date of the motor vehicle license tax under Subsection D of this section, and in addition to any penalty for late payment of such tax hereunder, any person who violates any provision of this section, or of Chapter 17.52 of the St. Louis Revised Code, 1980, as amended hereby, shall upon conviction thereof be punished by a fine of not less than twenty-five dollars ($25.00) nor more than five hundred dollars ($500.00) or by imprisonment for not more than ninety (90) days, or by both such fine and imprisonment.

M. The Collector of Revenue is authorized and directed to promulgate regulations consistent with the provisions of RSMo 301.340 (Supp. 1985) and this section as necessary for the administration of this section.

N. The compensation payable to the Collector of Revenue for collecting the motor vehicle license tax hereunder shall be that commission allowed by RSMo 82.650 (1978).

O. The several subsections and parts of sections or portions hereof shall be severable. In the event any part, subsection, or portion of this section is found by a court of competent jurisdiction to be void, invalid, or unconstitutional, the remaining parts, subsections or portions of this section are intended to have legal effect and be valid unless the court finds the valid parts, subsections or portions hereof are so essentially and inseparably connected with, and so dependent upon the void part, subsection or portion that it cannot be presumed that the Board of Aldermen would have enacted the valid parts, subsections or portions without the void matter or unless the court finds that the valid parts, subsections or portions, standing alone, are so incomplete as to be incapable of being executed in accordance with the legislative intent.

P. This section shall not affect or impair any act done or right vested or accrued, or any proceeding, suit or prosecution had or commenced in any cause before the effective date of the tax provided for by this section; but every act done, or right vested or accrued, or proceeding, suit or prosecution had or commenced shall remain in full force and effect to all intents and purposes as if the prior law had remained in full force and effect. No offense committed and no liability, penalty or forfeiture either civilly or criminally incurred prior to the effective date of the tax provided for by this section, shall be discharged or affected by this section; but prosecutions and suits for such offenses, liabilities, penalties or forfeitures shall be instituted and proceeded with in all respects as if the tax provided for by this section had not taken effect. (1994 C., § 17.52.040A; Ord. No. 59754, §§ 1—16, 1986.)

Editor's Note:

Ordinance 59754 was approved March 4, 1986.

17.52.040B License fees for motor vehicles and trailers.

There shall be annually levied and collected on all motor vehicles, trailers and semi-trailers, a license fee in accordance with the following schedules:

For motor vehicles other than commercial motor vehicles:

26.158 et seq. Licensing of vehicles and their drivers

17.52.050 Motor vehicle license—Fees prorated.

If application for a license for a motor vehicle is made during the period beginning on the first day of August and ending on the last day of October, one-half of the annual license fee only shall be levied and collected. If application is made during the period beginning on the first day of November and ending on the last day of January, one-fourth of the annual fee shall be levied and collected. (1948 C., Ch. 42, § 49; 1960 C., § 615.060; 1994 C., § 17.52.050.)

Editor's Note:

See § 17.52.040A, supra.

17.52.060 Motor vehicle license—Application.

It shall be the duty of the License Collector, when application is made to him for the issuance of any license on a motor vehicle, to require such application to be made in writing, in duplicate, and to contain the name and address of the owner of the motor vehicle, the trade name of such motor vehicle and its body style, year of manufacture and its horsepower, and, if such motor vehicle be a truck, its tonnage. The originals of such application shall be retained by the License Collector, for his records, and the duplicate copies thereof shall be transmitted daily by the License Collector to the Assessor of the City. It shall be the further duty of the License Collector, upon receiving such application, to satisfy himself that such application covers the kind of motor vehicle for which application is made, and to this end he shall require the applicant for such license to present to him, at the time of filing such application for such license, the ownership certificate, describing the motor vehicle to be licensed, as issued by the Secretary of State; or, in lieu thereof, such other evidence as is sufficient to satisfy the License Collector that such application properly and accurately covers the kind of motor vehicle for which a license is intended to be issued. It shall be the further duty of the License Collector, when the annual tax on any vehicle mentioned in this chapter has been paid, to register the same, and

give the party applying for the license the number to be put thereon. (1948 C., Ch. 42, § 50; 1960 C., § 615.070; 1994 C., § 17.52.060.) RSMo 304 See § 17.52.040A, supra.

17.52.070 State registration number plate—Required.

No person shall drive, operate or park any motor vehicle upon the public streets, alleys or other public commons of the City, or cause any motor vehicle to be driven, operated or parked upon the public streets, alleys or other public commons of the City, unless a current state registration number plate is affixed thereon in the manner provided by law. (1948 C., Ch. 42, § 51; 1960 C., § 615.080; 1994 C., § 17.52.070; Ord. No. 55230, § 1(part), 1969.)

17.52.080 State registration number plate—Counterfeiting.

A. No person shall make a replica, facsimile or counterfeit of any number plate or temporary number tag issued by the State of Missouri or any other state, nor shall any person erase, change or alter the number on any such plate or temporary number tag or knowingly use or display on any motor vehicle a replica, facsimile or counterfeit number plate or temporary number tag or any plate or temporary number tag on which the number has been erased, changed or altered.

B. Any person found to be in violation of Subsection A of this section shall be assessed a fine of not less than two hundred and fifty dollars ($250.00) or a term of imprisonment of not less than ninety (90) days or both a fine and a term of imprisonment.

C. Any vehicle displaying a replica, facsimile or counterfeit of any number plate or temporary number tag or a plate or temporary number tag which has been erased, changed or altered in violation of Subsection A of this section shall be subject to towing by the St. Louis Metropolitan Police Department. The police officer shall provide for the towing of the vehicle to a facility controlled by the City or its agents. The vehicle shall be held until the owner of such vehicle provides proof of a valid title registration and a certificate of financial responsibility for such vehicle. In addition the owner shall be liable for the scheduled fees for the towing and storage of the vehicle. When the vehicle is towed, the police officer shall notify the person who is found to be in control of the vehicle at the time of the alleged violation, if there is such a person, of the fact of the towing and of the vehicle owner's right to appeal the towing under the provisions of this section.

Any person, firm or corporation or other legal entity aggrieved by any decision of the Metropolitan Police Department to remove a vehicle pursuant to the provisions of this section may request a hearing before the Director of Streets or his designee. Such hearings shall be conducted as soon as possible after the removal has occurred.

Any person, firm or corporation or other legal entity aggrieved by any decision of the Director of Streets may appeal such decision to the Board of Public Service within seven (7) days after receiving a written notice of such decision by filing a written appeal with the Secretary of the Board of Public Service. A hearing officer appointed by the Board of Public Service shall, within fourteen (14) days after receiving notice of such appeal, hear the appeal and thereafter render a decision affirming, modifying or reversing the decision of the Director of Streets and to such end shall possess all the powers on appeal granted the Director of Streets under the provisions of this chapter. Such decision shall be subject to the procedures and review provided by RSMo Ch. 536 (1978), as amended. (1948 C., Ch. 42, § 52; 1960 C., § 615.090; 1994 C., § 17.52.080; Ord. No. 67074, § 1, 2006; Ord. No. 64710, § 1, 1999.)

Editor's Note:

See § 17.52.040A, supra.

17.52.090 Motor vehicle license emblem—Issuance—Specifications.

Upon the issuance of a license for a motor vehicle, other than a motorcycle, the License Collector shall deliver to the applicant a transparent sticker license emblem, approximately three and one-half inches in size which shall bear the words, "motor vehicle tax," and the numerals designating the year for which the license is issued a reproduction of the corporate seal of the City and a number identical with the number of such license. This emblem shall be impervious to the weather, and its border shall be of adhesive material of such strength and composition that it cannot be removed without being mutilated or destroyed. The predominant background color of this emblem shall be changed annually. (1948 C., Ch. 42, § 54; 1960 C., § 615.110; 1994 C., § 17.52.090.)

17.52.110 Motor vehicle license emblem—Use of stolen emblem.

No person shall use or have in his possession any City vehicle license sticker not lawfully procured from the License Collector, nor use or have in his possession a stolen or counterfeit City vehicle license sticker. (1948 C., Ch. 42, § 53; 1960 C., § 615.100; 1994 C., § 17.52.110; Ord. No. 55358, § 1, 1969.)

Editor's Note:

See § 17.52.040A. supra.

17.52.120 Motor vehicle license emblem—Not affixed—Penalty.

A. Whenever any vehicle required to display the motor vehicle license emblem required under Section 17.52.090, in the manner described under Section 17.52.020, shall be found parked on any public highway, street, alley or other public place without such emblem affixed according to law, the police, in addition to and not by way of limitation of the authority of the License Collector to issue motor vehicle license violation notices under Sections 17.52.220 through 17.52.250, shall likewise be empowered to issue such notices of violations which shall also conform to the provisions set forth in Sections 17.52.220 and 17.52.230.

B. Violators given notices by the police under the aforesaid authority may elect to satisfy such offense as provided under Section 17.52.240(A); otherwise such violators shall be proceeded against through a court summons or arrest.

C. Whenever any vehicle while being driven or operated on any public highway, street or alley without an emblem affixed in the manner described under Sections 17.52.020 and 17.52.040, the police shall proceed against such violators through a court summons or arrest.

D. Any person who wrongfully violates the provisions of this section shall be guilty of a municipal misdemeanor and upon conviction be punished by a fine of not less than twenty-five ($25.00) dollars or imprisoned for not more than thirty (30) days, or by both such fine and imprisonment. (1960 C., § 615.222; 1994 C., § 17.52.120; Ord. No. 57729, § 1, 1979.)

Editor's Note:

See § 17.52.040A, supra.

17.52.130 Motor vehicle license emblem—Destruction upon sale or transfer of motor vehicle.

In the event the owner of any motor vehicle, except a motorcycle, shall sell or dispose of the vehicle, to the windshield of which has been affixed a license emblem, the owner shall destroy and remove the emblem before delivering or disposing of the vehicle. (1948 C, Ch. 42, § 56; 1960 C., § 615.130; 1994 C., § 17.52.130.)

Editor's Note:

See § 17.52.040A, supra.

17.52.140 Motor vehicle license emblem—Nontransferable.

No motor vehicle license emblem shall be transferred to any other person, nor shall it be used for any vehicle other than the one for which it was issued. (1948 C., Ch. 42, § 57; 1960 C., § 615.140; 1994 C., § 17.52.140.)

Editor's Note:

See § 17.52.040A, supra.

17.52.150 Motor vehicle license emblem—New—Issuance.

Whenever a license emblem has been lost or destroyed, or the owner shall sell or dispose of such vehicle and shall have destroyed the license emblem and desires to procure a new license emblem for the same or another vehicle, he shall deliver to the License Collector, under oath, satisfactory proof of its loss or destruction, and he shall produce his license receipt. Upon receipt of such proof, the License Collector shall issue

and deliver to the applicant a new license emblem. (1948 C., Ch. 42, § 58; 1960 C., § 615.150; 1994 C., § 17.52.150.)

Editor's Note:

See § 17.52.040A, supra.

17.52.160 Motor vehicle license emblem—New—Cost.

The applicant shall pay the sum of one dollar for each new license emblem issued. In the event such new license emblem is to be issued for a motor vehicle of horsepower requiring a higher rate than the one for which the original emblem was issued, the owner shall be required to pay for the additional horsepower. (1948 C., Ch. 42, § 59; 1960 C., § 615.160; 1994 C., § 17.52.160.)

Editor's Note:

See § 17.52.040A. supra.

17.52.170 Counterfeiting emblems and plates.

No person shall make a replica, facsimile or counterfeit of any plate, tag or emblem issued by any officer of the City, evidencing the issuance of any license for a vehicle; nor shall anyone erase or change the numbers on any license plate, tag or emblem, or display on any vehicle any replica, facsimile, counterfeit, changed or altered license tag, plate or emblem while the vehicle is on the streets of the City. (1948 C., Ch. 42, § 60; 1960 C., § 615.170; 1994 C., § 17.52.170.)

Editor's Note:

See § 17.52.040A, supra.

17.52.180 Motorcycle licenses.

Upon the issuance of a license for a motorcycle, the License Collector shall deliver to the applicant, without charge, a metal license plate, not to exceed three inches in diameter, having thereon the number of the plate, the word "St. Louis," and the year for which the license is issued. No person shall drive or operate, or cause to be driven or operated, any motorcycle upon the streets of the City without having displayed on the front of such motorcycle the license plates provided for herein. (1948 C., Ch. 42, § 61; 1960 C., § 615.180; 1994 C., § 17.52.180.)

Editor's Note:

See § 17.52.040A, supra.

17.52.190 Exception to Sections 17.52.090—17.52.180.

Sections 17.52.090 through 17.52.180 shall not apply to manufacturers or dealers in motor vehicles, duly licensed by the City, except as to vehicles used by such manufacturers, dealers or their employees for private purposes. (1948 C., Ch. 42, § 62; 1960 C., § 615.190; 1994 C., § 17.52.190.)

Editor's Note:

See § 17.52.040A, supra.

17.52.200 Dealer plates—Application.

Every person, agent or subagent manufacturing, dealing in, selling or offering for sale, motor vehicles, shall make annually a verified application to the License Collector upon a blank to be furnished by such License Collector, for a general distinctive number for all motor vehicles owned or controlled by such manufacturer or dealer, such application to contain:

A. A brief description of each style or type of motor vehicle manufactured or dealt in by such dealer; and

B. The name and business address of such dealer. (1948 C., Ch. 42, § 63; 1960 C., § 615.200; 1994 C., § 17.52.200.)

17.52.210 Dealer plates—Issuance.

On payment to the License Collector of a registration fee of five dollars, such application shall be filed and registered in the office of the License Collector, who shall thereupon assign and issue to such dealer a general distinctive number and, without expense to the applicant, issue and deliver to the applicant, a certificate of registration in such form as the City Register shall prescribe, together with two metallic plates with a number thereon corresponding to the number of such certificate of registration. Such plates shall bear the number thereon in Arabic numerals, together with the letter "D," the words "St. Louis," and the year for which the same are issued. The form of such plates shall be designated by the City Register, and they shall be of such size as to admit of being easily carried upon the person of the operator of every motor vehicle or the manufacturer or dealer when the same is operated or driven in the public highways of the City, and they shall be exhibited by such operator whenever required by any officer of the Police Department.

Such dealer may obtain as many duplicates of such number plates as may be desired upon payment to the License Collector of two dollars and fifty cents for each duplicate. (1948 C., Ch. 42, § 64; 1960 C., § 615.210; 1994 C., § 17.52.210.)

17.52.220 Motor vehicle license violation notices—Issuance.

The License Collector of the City and his designated employees are hereby empowered, upon observation of circumstances which cause them to reasonably believe a violation has occurred, to issue motor vehicle license violation notices to persons suspected of having failed to lawfully procure and affix a City motor vehicle license to a vehicle, and to persons operating a motor vehicle which is not lawfully licensed or does not have a lawfully issued license properly displayed. Such notices shall be delivered to the violator personally, if present, or securely affixed to the windshield of the vehicle on the driver's side. (1960 C., § 615.220(1); 1994 C., § 17.52.220; Ord. No. 55408, § 1(part), 1969.)

Editor's Note:

See § 17.52.040A, supra.

17.52.230 Motor vehicle license violation notices—Contents.

Motor vehicle license violation notices shall recite thereon the identity of the vehicle by make, year, model and State of Missouri motor vehicle registration number (viz. license plate number), the time of day, date and location of the vehicle at issuance and shall identify the operator if applicable. The person delivering or affixing such notice shall sign his name in a legible manner with an indication of his official employment. The Collector's employees are empowered to secure the identity of an operator by demanding to inspect his Missouri state operator's or chauffeur's license, and upon such demand every operator shall deliver his or her operator's or chauffeur's license. Such notice shall be prepared in sufficient copies as may be determined by the License Collector as necessary for administrative processing and bear an official serial number. (1960 C., § 615.220(2); 1994 C., § 17.52.230; Ord. No. 55408, § 1(part), 1969.)

Editor's Note:

See § 17.52.040A. supra.

17.52.240 Motor vehicle license violation notices—Fines.

Violators given notice may elect to satisfy such offense in the following manner:

A. Owners shall within five (5) days secure a proper City motor vehicle license and pay a penalty of ten dollars ($10.00) at the Traffic Violation Bureau;

B. All others shall within five (5) days pay a penalty of ten dollars ($10.00) at the Traffic Violation Bureau.

Violators electing to not satisfy such violations in this section shall be proceeded against through a court summons or arrest. (1960 C., § 615.220(3); 1994 C., § 17.52.240; Ord. No. 55408, § 1(part), 1969.)

Editor's Note:

See § 17.52.040A, supra.

17.52.250 Motor vehicle license violation notices—Penalty for violation.

Any person who wrongfully violates the provisions of Sections 17.52.220 through 17.52.240 shall be guilty of a municipal misdemeanor and upon trial and conviction be punished by a fine of not less than twenty-five ($25.00) dollars or imprisoned for not more than thirty (30) days, or by both such fine and imprisonment. (1960 C., § 615.220(4); 1994 C., § 17.52.250; Ord. No. 55408, § 1(part), 1969.)

Editor's Note:

See § 17.52.040A, supra.

17.52.260 Reserved.

Editor's Note:

Ord. No. 70511, § 2, adopted February 21, 2017, repealed former § 17.52.260, which pertained to penalty for violation, and derived from Ord. No. 55358 of 1969.

17.52.270 Operation of motor vehicle without proper license prohibited—Motorcycles special license.

It shall be unlawful for any person to:

A. Operate any motor vehicle while a resident of the State of Missouri, as a chauffeur or nonchauffeur, upon any street or highway of this City, unless such person has procured a valid driver's license of the type and class as required by the State of Missouri for the type of vehicle operation activity involved. It shall also be unlawful for any person who operates a commercial motor vehicle to have more than one driver's license.

B. Operate any motor vehicle while a nonresident of the State of Missouri, upon any street or highway of this City, unless such nonresident has on his/her person a valid and proper operator or class license required by his/her home resident state or country, for the type of vehicle being operated, and the particular vehicle activity involved, unless such person is expressly exempted by the provisions of Section 17.52.280. It shall also be unlawful for any person who operates a commercial motor vehicle to have more than one driver's license.

C. Operate a motorcycle or motor-driven cycle upon any street or highway of this City as a resident of

the State of Missouri, unless such person has procured the proper class license or permit required by this operation. In the case of a nonresident of this state, said nonresident shall have on his/her person a valid and proper operator or class license required by his/her home resident state or country, for the type of vehicle being operated, unless such person is expressly exempted by the provisions of Section 17.52.280.

D. Authorize or knowingly permit a motorcycle or motor-driven cycle owned by or under his/her control to be operated upon any street or highway of this City by any person who does not hold the proper class or type of license for the operation of a motorcycle or motor-driven cycle, or has been issued a valid instruction permit therefor, unless the operator is expressly exempted by the provisions of Section 17.52.280.

E. Display or represent as one's own, or operate a motor vehicle with, an instruction permit or chauffeur's or operator's license issued to another person.

F. Display or cause or permit to be displayed or have in his possession any canceled, revoked, suspended, fictitious or fraudulently altered instruction permit, operator's or chauffeur's license.

G. Lend his instruction permit, operator's or chauffeur's license to any other person or knowingly permit the unlawful use thereof by another.

H. Operate a motor vehicle in any manner in violation of the restrictions imposed in a restricted license.

I. Use a false or fictitious name in any application for an instruction permit, operator's or chauffeur's license or any renewal or application for a duplicate thereof, or to otherwise commit a fraud in any such application.

J. Refuse to write his name and address in the presence of a police officer, court official or any other duly authorized person, in order that the identity of the licensee may be determined.

K. Fail to carry his instruction permit, operator's or chauffeur's license while operating a vehicle and to display instruction permit or said license upon demand of any police officer, court official or any other duly authorized person for inspection, when demand is made therefor. Failure to exhibit his instruction permit or license as aforesaid shall be presumptive evidence that said person is not a duly licensed operator or chauffeur.

L. Employ as a chauffeur any person without first ascertaining that such person has complied with or is not in violation of the provisions of Sections 17.52.270 through 17.52.360.

M. Authorize, order or consent to the operation of any motor vehicle owned by him or under his control by any person, when he has knowledge that such person has no legal right to do so.

N. Fail or refuse to surrender to a proper authority upon its lawful demand any instruction permit, operator's or chauffeur's license which has been suspended, revoked or cancelled. (1994 C., § 17.52.270; Ord. No. 62068, § 1, 1990; Ord. No. 58900, § 1, 1983.)

17.52.280 Exemptions from license law.

The following persons are exempt from the operator's and chauffeur's license requirements of this article:

A. All persons while driving or operating any road machine, farm tractor, or implement of husbandry temporarily operated or moved on a street or highway.

B. A nonresident who is at least sixteen years of age, and who has in his immediate possession a valid operator's license issued to him in his home state or country may operate a motor vehicle in this City only as an operator.

C. A nonresident who is at least sixteen years of age and has in his possession a valid operator's license issued to him in his home state or country may operate a motorcycle or motor-driven cycle in this City, without being qualified by examination to operate a motorcycle or motor-driven cycle, provided such qualification is not required by his home state or country.

D. A nonresident who is at least eighteen years of age, and who has in his immediate possession a valid chauffeur's license issued to him in his home state or country may operate a motor vehicle in this City, either as an operator or chauffeur.

E. A nonresident who is at least eighteen years of age, whose home state or country does not require the licensing of operators may operate a motor vehicle as an operator only, in this City, for a period of not more than sixty days in any calendar year, if the motor vehicle so operated is duly registered in the home state or country of such nonresident.

F. Any person holding a valid operator's license shall not be required to procure a chauffeur's license while operating, for official use, any motor vehicle owned by the United States, the state, or by any municipality

or political subdivision in this state, except that any person operating a school bus carrying more than ten (10) pupils shall be required to procure a chauffeur's license. (1994 C., § 17.52.280; Ord. No. 58900, § 2, 1983.)

17.52.285 Driving while license or driving privilege is canceled, suspended or revoked.

No person shall operate any motor vehicle on a street, alley, roadway, highway or parking lot open to the public while that person's driver's license or driving privilege has been canceled, suspended or revoked by the State of Missouri, whether that person's license and driving privilege is that of a resident or a nonresident, with knowledge or constructive knowledge of the fact his driving privilege has been canceled, suspended or revoked.

Any person who actually knows or who was mailed an official notice, delivered to his last address on file with the Director of Revenue of the State of Missouri, that his/her driver's license or driving privilege has been canceled, suspended or revoked by the Director of Revenue of the State of Missouri shall be deemed to have knowledge or constructive knowledge that his/her driver's license or driving privilege has been canceled, suspended or revoked for purposes of this section.

Every person who pleads guilty to or is found guilty for the first time of a violation of this section shall be punished by a fine of not less than $200.00 nor more than $500.00 and/or imprisonment for a term not to exceed 90 days. Every person who pleads guilty to or is found guilty for a second or subsequent violation of this section shall be punished by a fine of not less than $500.00 and/or imprisonment for a term not to exceed 90 days. A judge may suspend the execution of the jail term but not the fine. A judge may not enter a "suspended imposition" of any sentence. (1994 C., § 17.52.285; Ord. No. 67592, §§ 1—3, 2007.)

17.52.290 State vehicle license plates required.

No person shall operate or park any motor vehicle or trailer upon any street or highway of this City, unless such motor vehicle or trailer has properly displayed a valid and proper license plate or plates or temporary permit required by Department of Revenue issued to the lawful owner of the vehicle by the Department of Revenue of the state, except that any person who is a nonresident of the state may operate or park any motor vehicle or trailer upon any street or highway of this City, provided the motor vehicle or trailer has been duly registered for the current year in the state, country, or other place of which the owner is a resident, provided that at all times such motor vehicle or trailer is being operated or parked upon the streets or highways of this City, the valid license plate or plates or temporary permit is properly displayed on such vehicle or trailer.

A. A person who is a resident of the State of Missouri shall not operate or park any motor vehicle or trailer upon any street or highway of this City, unless such motor vehicle or trailer has a valid and proper license plate or plates required by the Missouri Department of Revenue for the type of vehicle involved, lawfully issued to the vehicle displayed thereon, and displayed in the manner required by law.

B. A person who is a nonresident of the State of Missouri shall not operate or park any motor vehicle or trailer upon any street or highway of this City, unless such motor vehicle or trailer has the valid and proper license plate or places required by the resident state or country of such nonresident, for the vehicle type involved, lawfully issued to the vehicle displayed thereon, and displayed on the vehicle in the manner required by law. In the case of commercial motor vehicles, they shall be properly licensed for the total gross vehicle weight of the vehicle or combination of motor vehicles.

C. Vehicle(s) shall be exempt from Subsections A and B providing a valid temporary permit authorized by the Department of Revenue is being displayed properly and lawfully in the case of Missouri residents; or in the case of nonresidents, a valid temporary permit is being lawfully displayed for the vehicle involved in the manner required by the laws of such state. (1994 C., § 17.52.290; Ord. No. 62053, § 1, 1990; Ord. No. 58900, § 3, 1983.)

17.52.300 Method of displaying license plates.

The required license plate(s) or temporary permit shall be fastened to a vehicle in such a manner as to be entirely unobscured, unobstructed, all parts thereof plainly visible and kept reasonably clean, fastened so that the letters or numerals are right side up and the plates do not swing. On all motor vehicles, one plate shall be displayed on the front and the other on the rear of such motor vehicle, not less than eight (8) or more than forty-eight (48) inches above the ground, except that on trailers, motorcycles and motor-driven cycles one plate shall be so displayed on the rear thereof. At nighttime, the rear plate shall be illuminated with a white light so as to be clearly visible from a distance of

fifty (50) feet to the rear. (1994 C., § 17.52.300; Ord. No. 58900, § 4, 1983.)

17.52.310 State motor vehicle safety inspection required.

No person shall operate or park any motor vehicle or trailer upon any street or highway of this City, unless such motor vehicle or trailer has properly displayed a valid certificate of inspection issued by the state, except that any person who is a nonresident of the state may operate or park any motor vehicle or trailer upon any street or highway of this City, provided the motor vehicle or trailer has been duly registered for the current year in the state, country, or other place of which the owner is a resident, provided that at all times such motor vehicle or trailer is being operated or parked upon the streets or highways of this City, the valid license plate or plates or temporary permit is properly displayed on such vehicle or trailer. (1994 C., § 17.52.310; Ord. No. 58900, § 5, 1983.)

17.52.320 Unauthorized plates, tags, stickers, signs.

No person shall operate or park any motor vehicle or trailer on any street or highway of this City on which there is displayed a plate, tag, sticker, sign or placard bearing the words "license lost," "license applied for" or words of similar import, as a substitute for a valid license plate or temporary permit. (1994 C., § 17.52.320; Ord. No. 58900, § 6, 1983.)

17.52.330 Loads of cargo on motor vehicles.

A. No vehicle shall be driven or moved on any street or highway unless such vehicle is so constructed or loaded as to prevent any of its load from dropping, sifting, leaking or otherwise escaping therefrom, provided that this section shall not prohibit the necessary spreading of any substance in street or highway maintenance or construction operations.

B. No persons shall operate on any street or highway any vehicle with any load unless said load and covering thereon is securely fastened so as to prevent said covering or load from becoming loose, detached or in any manner a hazard to other users of the street or highway.

C. Any vehicle operating on a street or highway with a load of dirt, sand, gravel, garbage or any other material susceptible to being blown, dropped, spilled, leaked or which otherwise may escape therefrom, shall be covered so as to prevent spillage except that this provision shall not prohibit the necessary spreading of any substance connected with street or highway maintenance, construction, or snow removal.

D. All trucks, truck tractors, semitrailers, and all other trailer combinations, and construction vehicles must, when transporting cargo, be loaded and equipped to prevent the loss, shifting, or falling of the cargo as required by The Federal Motor Carrier Safety Regulations, Part 393, Subpart I, "Protection Against Shifting or Falling Cargo," Code of Federal Regulations, as amended, a copy of which is on file in the office of the City Register and is incorporated herein by reference. (1994 C., § 17.52.330; Ord. No. 60293, § 1, 1987; Ord. No. 58900, § 7, 1983.)

17.52.340 Commercial motor vehicles licensed for 12,000 pounds or less—Owner's name displayed—When.

Each commercial motor vehicle except those licensed under state law based on a gross weight of twelve thousand pounds or less and which are not regularly used for actual commercial purposes shall have displayed thereon in a conspicuous place:

A. The name of the owner;

B. The address from which the motor vehicle is operated or the number issued to a motor carrier by the public service commission;

C. The gross weight for which the vehicle is licensed; and each local commercial vehicle in addition shall have displayed in a conspicuous place the word "local." (1994 C., § 17.52.340; Ord. No. 58900, § 8, 1983.)

17.52.350 Colors of various lamps—Restriction of red lights.

Headlamps, when lighted, shall exhibit lights substantially white in color; auxiliary lamps, cowllamps and spotlamps, when lighted, shall exhibit lights substantially white, yellow or amber in color. No person shall drive or move any vehicle or equipment, except a school bus when used for school purposes or an emergency vehicle upon any street or highway with any lamp or device thereon displaying a red light visible from directly in front thereof. (1994 C., § 17.52.350; Ord. No. 58900, § 9, 1983.)

17.52.360 Penalty for violation.

Violation of any section of this chapter shall, upon conviction, be punishable by a fine of not more than five hundred dollars ($500.00) or imprisonment in the

medium security institution for not more than ninety days, or both such fine and imprisonment. Each day's violation of this section shall constitute a separate offense. (1994 C., § 17.52.360; Ord. No. 58900, § 10, 1983.)

Chapter 17.53

OPERATION OF MOTOR VEHICLES WITHOUT MAINTAINING FINANCIAL RESPONSIBILITY

Sections:

17.53.010	**Operation of vehicle without financial responsibility—Prohibited.**
17.53.020	**Proof of financial responsibility—Required.**
17.53.030	**Financial responsibility—Defined.**
17.53.040	**Proof of financial responsibility.**
17.53.050	**Proof of financial responsibility—To be produced on demand.**
17.53.060	**Failure to exhibit proof.**
17.53.065	**Insurance identification card—Counterfeiting.**
17.53.070	**Reserved.**

17.53.010 Operation of vehicle without financial responsibility—Prohibited.

No person shall operate a motor vehicle registered in this state, whether owned by such operator or by another, upon the streets, alleys or highways of this City, unless such operator, or the owner of the vehicle, maintains financial responsibility which covers the operation of that vehicle by such operator. (1994 C., § 17.53.010; Ord. No. 62779, § 1, 1992.)

17.53.020 Proof of financial responsibility—Required.

No person shall operate a motor vehicle registered in this state, whether owned by such operator or by another, upon the streets, alleys or highways of this City, unless such operator exhibits proof of his or her financial responsibility upon demand of any police officer who lawfully stops such operator while that officer is engaged in the performance of the duties of his or her office. (1994 C., § 17.53.020; Ord. No. 62779, § 2, 1992.)

17.53.030 Financial responsibility—Defined.

For purposes of this section, the term "financial responsibility" shall mean the ability to respond in damages for liability occurring after the effective date of proof of such financial responsibility, arising out of the ownership, maintenance or use of a motor vehicle, in the amount of twenty-five thousand dollars ($25,000.00) because of bodily injury to or death of one person in any one accident, and, subject to said limit for one person, in the amount of fifty thousand dollars ($50,000.00) because of bodily injury to or death of two or more persons in any one accident, and in the amount of ten thousand dollars ($10,000.00) because of injury to or destruction of property of others in any one accident. (1994 C., § 17.53.030; Ord. No. 62779, § 3, 1992.)

17.53.040 Proof of financial responsibility.

Proof of financial responsibility may be shown by any of the following:

A. An insurance identification card issued by a motor vehicle insurer or by the Director of Revenue of the State of Missouri for self-insurance, as provided by RSMo 303.024. A motor vehicle insurance policy, a motor vehicle liability insurance binder, or receipt which contains the name and address of the insurer, the name and address of the named insured, the policy number, the effective dates of the policy and a description by year and make of the vehicle, or at least five digits of the vehicle identification number or the word "Fleet" if the insurance policy covers five or more motor vehicles, shall be satisfactory evidence of insurance in lieu of an insurance identification card.

B. A certificate of the State Treasurer of Missouri of a cash deposit as provided by RSMo 303.240.

C. A surety bond filed with the Director of Revenue of the State of Missouri as provided by RSMo 303.230. (1994 C., § 17.53.040; Ord. No. 62779, § 4, 1992.)

17.53.050 Proof of financial responsibility—To be produced on demand.

Proof of financial responsibility shall be carried at all times in the insured motor vehicle or by the operator of the motor vehicle if the proof of financial responsibility is effective as to the operator rather than to the vehicle. The operator of the motor vehicle shall exhibit the proof of financial responsibility on the demand of any police officer who lawfully stops such operator while that officer is engaged in the performance of the duties of his or her office. (1994 C., § 17.53.050; Ord. No. 62779, § 5, 1992.)

17.53.060 Failure to exhibit proof.

Failure of any person who operates a motor vehicle on the streets, alleys or highways of this City to exhibit proof of financial responsibility on the demand of any police officer who lawfully stops such person shall be prima facie evidence that such person, or that the owner of the vehicle, does not maintain financial responsibility as required by this chapter. It shall be an absolute affirmative defense to a violation charged under Section 17.53.010 that the operator of a motor vehicle, or the owner of the vehicle, did maintain financial responsibility which covered operation of the vehicle by such operator on the date of the violation. It shall be a mitigating circumstance to a violation charged under Section 17.53.010 that the operator, subsequent to the date of the offense, and prior to a trial or guilty plea, obtained and maintained financial responsibility which covers operation of motor vehicles by such operator. (1994 C., § 17.53.060; Ord. No. 62779, § 6, 1992.)

17.53.065 Insurance identification card—Counterfeiting.

A. No person shall make a replica, facsimile or counterfeit of any insurance identification card issued by a motor vehicle insurer or of any proof of financial responsibility certificate issued by the State of Missouri, nor shall any person erase, change or alter any insurance identification card issued by a motor vehicle insurer or any proof of financial responsibility certificate issued by the State of Missouri or knowingly use or display a replica, facsimile or counterfeit insurance identification card issued by a motor vehicle insurer or proof of financial responsibility certificate issued by the State of Missouri.

B. Penalty for Violation. Any person found guilty of a violation of this section shall be punished by a fine of not more than five hundred dollars ($500.00) or by imprisonment for not more than ninety (90) days or by both such fine and imprisonment. (1994 C., § 17.53.065; Ord. No. 64711, §§ 1, 2, 1999.)

17.53.070 Reserved.

Editor's Note:

Ord. No. 70511, § 2, adopted February 21, 2017, repealed former § 17.53.070, which pertained to penalty for violation, and derived from Ord. No. 62779 of 1992. (1994 C., § 17.53.070; Ord. No. 70511, § 2, 2-21-2017; Ord. No. 62779, § 7, 1992.)

CRUISING

Sections:

17.55.010 Definitions.
17.55.020 Cruising prohibited.
17.55.030 Temporary designated areas.
17.55.040 Exceptions.
17.55.050 Penalty for violation.

17.55.010 Definitions.

As used in this chapter:

A. "Cruising" is defined as the repetitive driving of any motor vehicle past a police established traffic

control point, on three (3) or more occurrences, within a two (2) hour period on any highway, roadway, roadway within the boundaries of any City park, or alleyway of the City of St. Louis in a manner and under circumstances manifesting a "purpose" of unnecessary, repetitive driving in such area. Among the circumstances which may be considered in determining whether such purpose is manifested are that such person or any other person present in the vehicle attempts to gain the attention of other motorists or pedestrians or engages them in conversation, whether by hailing, arm waving, horn blowing, or another action or device; that such person or any other person present in the vehicle enters or exits the vehicle directly from or to another vehicle driven in or parked in close proximity to the designated area; that such person or any other person present in the vehicle violates state or City traffic regulations or City ordinances; or that such person has declared his or her purpose for driving to be that of cruising. The violator's conduct must be such as to demonstrate a specific intent to cruise. No citation shall be made for a violation of this section unless the police officer first affords an opportunity to explain such conduct; and no person shall be convicted of violating this section if it appears at trial that the explanation given was true and disclosed a lawful purpose, not unnecessary, repetitive driving. Lawful purposes include traveling to a specific destination by a person whose residence address is in the designated area or by a person whose business or employment requires driving in the designated area, and operating an official emergency or police vehicle in the designated area.

B. "Traffic control point" is defined as a clearly identified reference point on a designated street, as determined and marked from time to time by the Police Department for the purpose of enforcing this chapter. (1994 C., § 17.55.010; Ord. No. 68127, § 1, 10-14-2008.)

17.55.020 Cruising prohibited.

It shall be unlawful for any person to engage in cruising. For the purposes of this section, a police officer may issue a citation to any person engaged in cruising, including the passenger(s), whom are sixteen (16) years of age or older. (1994 C., § 17.55.020; Ord. No. 68127, § 2, 10-14-2008.)

17.55.030 Temporary designated areas.

The Chief of Police or his or her designee may establish temporary designated areas where cruising is prohibited where one or more of the following conditions exist or are reasonably anticipated to exist at these locations:

A. Dangerous and continuous traffic congestion during afternoon, evening and night hours.

B. Excessive levels of noise or air pollution caused by traffic congestion.

C. Obstruction of streets, sidewalks or access to parking lots caused by vehicular traffic.

D. Interference with the use of property or conduct of business by vehicular traffic.

E. Obstruction of access to and through the public way for emergency vehicles by vehicular traffic.

F. Loud, disruptive, dangerous or unruly behavior directly related to vehicular traffic.

Prior to establishing a temporary designated area, the Chief of Police or his or her designee shall file a written plan, approved by the Chief of Police, with the district captain or captains responsible for the areas in which the designated area is to be located. A copy of the final plan shall also be provided to the City Director of Public Safety and the Aldermen affected by this designation five (5) days prior to the date on which the designated area takes effect. The plan shall contain the following information:

1. The boundaries of the designated area.

2. The date(s) and times during which the designated area will be in effect.

3. A statement enumerating the problem or problems that require the creation of the designated area.

4. Any instructions given to enforcement officers concerning the designated area.

5. The location of the signs to be posted.

6. The location of traffic control points.

Every temporary designated area shall be posted with sufficient signs to provide notice of the prohibition against cruising seven (7) days prior to establishment of such area. Such signs shall include the times, days and location of the cruising prohibition. These signs shall be of such size and shape as shall be deemed appropriate by the Director of Public Safety. (1994 C., § 17.55.030; Ord. No. 68127, § 3, 10-14-2008.)

17.55.040 Exceptions.

Official emergency vehicles, residents residing within the boundaries of the temporary designated area traveling to a specific destination, taxicabs for hire and other commercial or passenger vehicles being driven for business purposes are exempted from the provisions

of this section. (1994 C., § 17.55.040; Ord. No. 68127, § 4, 10-14-2008.)

17.55.050 Penalty for violation.

Any person who violates the provisions of Section 17.55.020 may first be given a written or verbal warning by the attending police officer and thereafter shall be subject to a fine of not less than $100.00 for a first offense, not less than $200.00 for a second offense committed within a six-month period, and not less than $300.00 and not more than $500.00 for a third or subsequent offense committed within a one-year period. The court may, in lieu of a fine, impose not less than twenty (20) hours of community service for the first offense; not less than sixty (60) hours of community service for the second offense. (1994 C., § 17.55.050; Ord. No. 68127, § 5, 10-14-2008.)

PART I. ABANDONED AND ILLEGALLY PARKED VEHICLES

17.56.010 Definitions.

As used in this chapter:

A. "Abandon" means any act of physically depositing a vehicle or any part or parts of a vehicle, upon any public street, alley or other public right-of-way, or any public land, or upon any private land, and includes any separate act of leaving unattended, any part or parts or residue of any vehicle resulting from the dismantling or dismemberment of any vehicle or elements thereof on any public street, alley or other public right-of-way, or any public land, or upon any private land, whether or not such person dismantling or dismembering placed the vehicle or any part or parts thereof upon such land prior.

B. "Abandoned vehicles and abandoned parts" means all vehicles containing or intended to contain an engine, trailers, whether coupled or not, and any part or parts of vehicles left abandoned on any property.

C. "Emergency removal" means the removal of a vehicles where the vehicle's location or condition poses a real and imminent danger or hazard to the safety of others, menace to traffic, or interferes with the repair, maintenance, cleaning or emergency use of the public right-of-way.

D. "Impoundment area" means any area or areas so designated by the Board of Police Commissioners

with the approval of the Director of Streets or designated by the Director of Streets as a storage area for vehicles or parts removed pursuant to this chapter.

E. "Non-emergency removal" means the removal of a vehicle where the vehicle's location or condition poses no real and imminent danger or hazard to the safety of others nor menace to traffic.

F. "Owner of a parcel of land" means any person, firm, corporation or other legal entity possessed with the lawful right to control any parcel of land, and shall include any person, firm or corporation having a recorded mortgage, lien, or other encumbrance on the parcel of land.

G. "Owner of vehicle" means any owner as recorded in the records of the appropriate state authority, and shall include any holder of a recorded security interest in the vehicle. (1994 C., § 17.56.010; Ord. No. 60935, §§ 1(B)(part), 2, 1988.)

17.56.020 Removal—Reasons enumerated.

A. *Emergency Removal.* Whenever:

1. Any vehicle is so disabled on the street as to constitute a hazard or obstruction to traffic and the person in charge of the vehicle is unable to provide for its timely removal;

2. Any vehicle is parked on the public right-of-way and is directly interfering with the flow of traffic, the maintenance or the emergency use of the public right-of-way;

3. Any vehicle is stopped on the street and the driver is taken into custody by the Police Department and such vehicle would thereby be left unattended on the street.

B. *Non-emergency Removal.* And whenever:

1. Any vehicle is parked in a place where parking is not permitted;

2. Any vehicle is parked in violation of other parking provisions;

3. Any vehicle is parked on the street, roadway or other public place without current state license plates;

4. Any vehicle is within the City limits having four (4) or more previously issued parking violation notices or one (1) or more traffic summonses, that the driver, owner or person in charge of said vehicle has failed to answer or on which he has failed to appear;

5. Any vehicle is continuously parked on a street or alley for more than five days;

6. Any vehicle is parked continuously for five days on any street, alley, roadway or driveway where parking is permitted on property owned by the St. Louis Housing Authority;

7. Any vehicle is parked on private land without the consent and upon the complaint to the Police Department or the Street Department by the owner, lessee or person in charge of such property and such owner, lessee or person in charge agrees to guarantee the payment of all towing and storage charges;

8. Any abandoned vehicle parts or part of a vehicle have been deposited on any street, alley, or other public right-of-way including any street, alley, roadway or driveway owned by the St. Louis Housing Authority, or any other land owned by a public agency within the City limits;

9. Any vehicle on private land does not operate or is in such a condition as to constitute a public safety hazard, whether it does or does not have license plates currently registered to that vehicle, except:

a. A vehicle which is completely enclosed within a building or fenced area so as to not constitute a hazard to children and which is not visible from the public street or other public or private property;

b. A vehicle or part thereof which is standing or parked in a lawful manner on private property in connection with the business of a licensed salvage, scrap or junk dealer;

10. Any abandoned vehicle parts or part of a vehicle is deposited on any private land; such vehicle or vehicle parts or part of a vehicle may be removed subject to provisions of this chapter, codified as Sections 17.56.030 and 17.56.040. The Police Department or Director of Streets through their agents or contractors are vested with the discretion to determine what constitutes an illegally parked vehicle, abandoned vehicle or abandoned vehicle part (of a vehicle) according to this section;

11. Any vehicle is continuously parked on a street or alley in the opposite direction of travel for more than twenty-four (24) hours not including dead-end streets or dead-end alleys. (1994 C., § 17.56.020; Ord. No. 68299, § 1, 2-16-2009; Ord. No. 60935, §§ 1(B)(part), 3, 1988.)

PART II. REMOVAL

17.56.030 Removal by police.

Any vehicle or abandoned parts or part found in violation of Section 17.56.020 may be removed and

conveyed by or under the direction of a member of the Metropolitan Police Department to an impoundment area. (1994 C., § 17.56.030; Ord. No. 60935, §§ 1(B)(part), 4, 1988.)

17.56.040 Removal by the Director of Streets.

Any vehicle or abandoned parts or part in violation of Section 17.56.020, except for vehicles in violation of Section 17.56.020.A.3 or B.4, may be conveyed by or under the direction of the Director of Streets, or his designee, to an impoundment area, pursuant to Sections 17.56.050 and 17.56.060. The Director of Streets shall notify the Police Department immediately after the removal has been completed. (1994 C., § 17.56.040; Ord. No. 60935, §§ 1(B)(part), 5, 1988.)

17.56.050 Notification by the Director of Streets.

Whenever the Director of Streets shall find any condition in violation of Section 17.56.020.B.1 through 8 inclusive and the Police Department is unable to provide for its removal, the Director of Streets shall notify the owner of the vehicle prior to the towing of the vehicle. The notice shall specify the reason for the towing and the owner's right to a hearing pursuant to Section 17.56.060. Service of notice shall be delivered in person or by mail as further outlined within this section.

Whenever the Director of Streets shall find upon any parcel of land a condition existing in violation of Section 17.56.020.B.9 or 10, he shall forthwith order the owner of such parcel of land to abate such condition forthwith by serving a notice of demand on the owner, to remove the same within seven (7) days of receipt of such notice. Should the said owner refuse or fail to abate such condition as set forth in the notice within such seven (7) day period or fail to appeal the order of the Director of Streets within such seven (7) day period, the Director of Streets is hereby authorized and directed to remove or cause to be removed such vehicle or parts from the land at the cost and expense of the owner of the parcel of land. The Director of Streets shall set forth in said notice to the owner a description of the vehicle or part so far as possible. This notice shall further state that such vehicle or part may be sold or destroyed pursuant to Section 17.56.200, if not removed within the seven-day period or properly appealed within the said seven (7) day period, pursuant to Section 17.56.060. This notice shall also state that the owner may be charged for expenses incurred by the City in abatement, pursuant to Section 17.56.120. Notice to the owner of land or any person, firm or corporation or other legal entity lawfully entitled to the possession of land shall be directed to the owner or owners or the possessors of land if known, and if not known then the owner or owners of such land as indicated by the Recorder of Deeds Office. Such notice shall be served in either of the following ways:

A. By causing said notice to be delivered to such owner or person, firm or corporation or legal entity lawfully entitled to the possession of such parcel of land either in the City or elsewhere;

B. By the mailing of such notice or copy thereof enclosed in a sealed envelope, first class postage prepaid, directed to the owner of such parcel of land, either at this place of business or residence in the City or elsewhere.

Notice shall be deemed served twenty-four (24) hours after the mailing of such notice if it is directed to a business or residence address in the City of St. Louis. If the owner or person in control of such property is not a resident of the City and has no business address in the City, such notice shall be deemed served at the end of such period after the mailing thereof as in the ordinary course of delivery would be required for delivery of such notice.

Additionally, notice may also be posted on the vehicle or abandoned parts or part in violation of Section 17.56.020. This notice shall state that the vehicle appears to be in violation of the said section, that the vehicle is subject to removal by the City and that the decision to remove same may be appealed. The notice shall also provide a telephone number to use to receive additional information. (1994 C., § 17.56.050; Ord. No. 60935, §§ 1(B)(part), 6, 1988.)

17.56.055 Stolen vehicles—Notification—Removal.

Except for emergency removal as defined in Section 17.56.020, the Police Department, prior to having a recovered stolen vehicle towed, shall notify the owner of a stolen vehicle within 48 hours of the recovery that the vehicle has been recovered and the location of recovery. If said vehicle is not removed within 48 hours of said notice, the vehicle may be removed pursuant to the procedure as set forth in Chapter 17.56 of the Revised Code of the City of St. Louis. (1994 C., § 17.56.055; Ord. No. 63388, § 1, 1995.)

17.56.060 Appeals.

Any person, firm or corporation or other legal entity aggrieved by any decision of the Metropolitan Police Department to remove a vehicle pursuant to Section 17.56.020 may request a hearing before the Director of Streets or his designee. Hearings regarding emergency removals as defined in Section 17.56.010.C shall be conducted as soon as possible after the removal has occurred. Hearings regarding non-emergency removals as defined by Section 17.56.010.E shall be conducted prior to the date of the intended removal.

Any person, firm or corporation or other legal entity aggrieved by any decision of the Director of Streets to remove any abandoned vehicle or parts or part may appeal such decision to the Board of Public Service within seven (7) days after receiving a written notice as set forth in Section 17.56.050 by filing a written appeal with the Secretary of the Board of Public Service. A hearing officer appointed by the Board of Public Service shall, within fourteen (14) days after receiving notice of such appeal, hear the appeal and thereafter render a decision affirming, modifying or reversing the decision of the Director of Streets and to such end shall possess all the powers on appeal granted the Director of Streets under the provisions of this chapter. Such decision shall be subject to the procedures and review provided by RSMo Ch. 536 (1978), as amended. (1994 C., § 17.56.060; Ord. No. 60935, §§ 1(B)(part), 7, 1988.)

17.56.070 On private land—Notice of removal.

Whenever the Director of Streets clears land pursuant to Section 17.56.050 he, his agents, or contractor shall forthwith post a notice on the parcel of land notifying the owner of each land of the name and address of the place where such vehicle or parts shall be located for a period of ten (10) days. (1994 C., § 17.56.070; Ord. No. 63131, § 1(part), 1994; Ord. No. 62776, § 1(part), 1992; Ord. No. 60935, §§ 1(B)(part), 8, 1988.)

17.56.080 Contracts—Authorized.

The City is authorized to cooperatively act with the Board of Police Commissioners of the Metropolitan Police Department of the City, to jointly engage, subject to appropriation, one or more contractors to perform the respective governmental functions of the Police Department of removal and storage of illegally parked vehicles, stolen and abandoned vehicles, disabled vehicles, and seized vehicles, from the streets, alleys, highways and public places and private property within the City by the Police Department, and by the Director of Streets under certain conditions pursuant to 17.56.040. The City is further authorized to contract with private persons, firms or corporations for the final disposition of vehicles or parts removed pursuant to Chapter 17.56 through the salvage and destruction. Any such contracts of the City shall be in conformity with all applicable Charter and ordinance requirements. (1994 C., § 17.56.080; Ord. No. 60935, §§ 1(B), 9, 1988.)

17.56.090 Bids.

Any such contract shall be let to the highest and best bidder or proposer after public advertisement of specifications and solicitations of bids or proposals by the Board of Police Commissioners and Public Service, consistent with the City Charter, applicable state law, or executive orders. (1994 C., § 17.56.090; Ord. No. 60935, §§ 1(B), 10, 1988.)

17.56.100 Contract—Certain requirements.

Any such contract shall contain appropriate requirements for bond insurance as determined by the Boards of Police Commissioners and Public Service. (1994 C., § 17.56.100; Ord. No. 60935, §§ 1(B), 11, 1988.)

17.56.110 Term.

Any contract to be entered by the City pursuant to Section 17.56.080 shall not be for a term longer than three (3) years; but at the expiration of a term of any such contract, the City may, as aforesaid, again so contract on specifications, public advertising and competitive bids for further periods of terms of not more than three (3) years' duration. (1994 C., § 17.56.110; Ord. No. 60935, §§ 1(B), 12, 1988.)

17.56.120 On private land—Assessment.

When City equipment and personnel are used to abate any condition as set forth in Section 17.56.020.B.9 or 10 and the City incurs costs in excess of $150.00 in abating such condition, the Director of Streets is authorized to charge the costs of the abatement to the property owner or the owner of the vehicle or parts. The Director of Streets or his agents shall determine and record the date and location of the abatement, the condition abated, the equipment, material and personnel used, the clerical costs and the time expended in the abatement. Any such bill not paid within forty-five (45) days of the date of mailing may be referred either to the

City Counselor for collection or to a collection agency for collection. Interest on any unpaid bill shall accrue at the highest rate allowed by law. (1994 C., § 17.56.120; Ord. No. 60935, §§ 1(B)(part), 13, 1988.)

17.56.130 Fee for removal.

The Director of Streets shall establish a schedule of reasonable fees for the cost of removal of any vehicle or parts or part removed pursuant to Section 17.56.020. Such fee is to be paid by the owner, and is due and payable upon redemption of the vehicle or part. (1994 C., § 17.56.130; Ord. No. 60935, §§ 1(B)(part), 14, 1988.)

PART III. IMPOUNDMENT AND REDEMPTION

17.56.140 Impoundment—Required.

Any vehicle or parts or part removed pursuant to Section 17.56.020 shall be removed to an impoundment area as defined in Section 17.56.010. (1994 C., § 17.56.140; Ord. No. 60935, §§ 1(B)(part), 15, 1988.)

17.56.150 Impoundment—Duration.

Any vehicle or parts removed pursuant to Section 17.56.020(B)(1) through (7) inclusive shall be impounded for a period of thirty (30) days. Any vehicle or parts of vehicles removed pursuant to Section 17.56.020(B)(8) through (10) shall be impounded for a period of ten (10) days. (1994 C., § 17.56.150; Ord. No. 63131, § 1(part), 1994; Ord. No. 62776, § 1(part), 1992; Ord. No. 60935, §§ 1(B)(part), 16, 1988.)

17.56.160 Investigation of theft.

Upon the removal of any vehicle authorized by the Metropolitan Police Department pursuant to Section 17.56.030, that Department shall inquire of the national crime information center and any statewide Missouri law enforcement computer system to determine if the vehicle has been reported as stolen. The report of the removal shall be prepared in conformity with RSMo 304.155 (1987). Upon the removal of any vehicle or part authorized by the Director of Streets pursuant to Section 17.56.040, the Director of Streets shall cause an inquiry to be made by the appropriate law enforcement agency to determine if the vehicle has been reported stolen. The Director of Streets shall assist the Metropolitan Police Department in the disposition of any vehicles determined to be stolen. (1994 C., § 17.56.160; Ord. No. 60935, §§ 1(B)(part), 17, 1988.)

17.56.170 Notice to owner upon impoundment.

The Director of Streets shall make reasonable efforts to ascertain the ownership of all vehicles impounded pursuant to Section 17.56.140. Upon determination of ownership, the Director of Streets shall notify the owner of the location of the vehicle, procedure for redemption as set forth in Section 17.56.190, and final disposition pursuant to Section 17.56.200. Notice shall be enclosed in a sealed envelope, postage prepaid, directed to the owner either at his place of business or residence in the City or elsewhere. (1994 C., § 17.56.170; Ord. No. 60935, §§ 1(B)(part), 18, 1988.)

17.56.180 Fee for storage.

The Director of Streets is authorized to establish a schedule of fees for the cost of storage of any vehicle or parts or part removed and stored in an impoundment area pursuant to Section 17.56.020. Such fee is to be paid by the owner, and is due and payable upon the redemption of the vehicle or part. (1994 C., § 17.56.180; Ord. No. 60935, §§ 1(B)(part), 19, 1988.)

17.56.190 Redemption—Procedure.

The owner or person in charge of the vehicle or parts may redeem an impounded vehicle or parts by complying with the following:

A. Establishing his own identity;

B. Providing proof of ownership;

C. Providing evidence of clearance of any traffic or parking fines or exhibiting summons indicating future court dates for hearings on such offense;

D. Paying the costs for removal and storage; and

E. Signing a release. (1994 C., § 17.56.190; Ord. No. 60935, §§ 1(B)(part), 20, 1988.)

PART IV. FINAL DISPOSITION

17.56.200 Final disposition.

Should any vehicle or parts or part not be redeemed as provided in Section 17.56.190, the Director of Streets shall thereafter either sell the vehicle or parts or part at the best price obtainable or dispose of the vehicle or parts by salvage and destruction through contract authorized under Section 17.56.080. In the discharge of his duties under the provisions of this section, the Director of Streets shall comply with the applicable provisions of RSMo 304.155 (1987). The Comptroller shall establish necessary accounts and files to record and control the aforesaid transactions and reports. (1994 C., § 17.56.200; Ord. No. 60935, §§ 1(B)(part), 21, 1988.)

17.56.210 Notice of final disposition.

The Director of Streets shall post a notice in City Hall and in any impoundment areas conveniently displayed for public viewing seven days before commencement of the intended action for final disposition of the vehicle or parts or part pursuant to Section 17.56.200. This notice shall contain a description of the vehicle parts or part, the name and address of the owner, and the intended date of the sale, or salvage and destruction of the impounded vehicle, parts or part. (1994 C., § 17.56.210; Ord. No. 60935, §§ 1(B)(part), 22, 1988.)

PART V. MISCELLANEOUS PROVISIONS

17.56.220 Property owner—Responsibility.

No owner of a parcel of land within the City shall keep or permit the keeping of, deposit or permit the depositing of, maintain or permit the maintenance of, upon any such parcel of land within the City, any vehicle or parts or part in violation of Section 17.56.020. (1994 C., § 17.56.220; Ord. No. 60935, §§ 1(B)(part), 23, 1988.)

17.56.230 Authority of Street Director.

In the discharge of his duties, the Director of Streets or his authorized representative shall have the authority to enter upon any parcel of land within the City to inspect any parcel of land and to enforce the provisions of this chapter. Should such right of entry be denied in any instance to the Director of Streets or his designated representative, the Director of Streets or his designated representative may invoke the aid of the Police Department or any other department of the City to enforce such right. (1994 C., § 17.56.230; Ord. No. 60935, §§ 1(B)(part), 24, 1988.)

17.56.240 Penalty for violation.

Any person, firm or corporation or other legal entity who shall refuse entry to or deny entry or in any way or any manner interfere with the Director of Streets or his duly authorized representative in carrying out the provisions of this chapter, or to interfere in any manner with the removal of any such vehicle or parts or part in the enforcement of the provisions of this chapter, or fail to abate such condition after notices by the Director of Streets shall, upon conviction thereof, be deemed guilty of a misdemeanor and punished by a fine not less than twenty-five dollars ($25.00) or imprisoned for not more than ninety (90) days, or by both such fine and imprisonment; provided further, each day a violation continues shall be a separate offense. (1994 C., § 17.56.240; Ord. No. 60935, §§ 1(B)(part), 25, 1988.)

PART I. PARKING METER COMMISSION

17.62.010 Parking Commission established; duties—City Treasurer to serve as Parking Commissioner.

A. There is hereby created a Parking Commission composed of a chairman and two members. Such commission shall consist of the Chairman of the Streets, Traffic and Refuse Committee of the Board of Aldermen, the Director of Streets, and the Treasurer who, as Parking Commissioner, shall act as chairperson.

B. The Parking Commission shall be the City's authority responsible for overseeing public parking, including planning and coordinating public parking

policies, programs and operations for any parking facility or area that is owned, leased, or otherwise managed or controlled by the parking division whether in whole or part.

C. On behalf of the City, the Parking Commission shall approve:

1. Guidelines governing the administrative adjudication, disposition and collection of any parking violations or complaints issued by the City; and

2. Budget modification for the parking fund, also known as the "parking meter fund;" and

3. The acquisition, development, regulation and operation of any parking facility or area that is owned, leased, or otherwise managed or controlled by the parking division whether in whole or part.

D. The Treasurer shall be the parking supervisor, also known as the "supervisor of parking meters", for any parking facility or area that is owned, leased, or otherwise managed or controlled by the parking division whether in whole or part, and by virtue of the Treasurer's office and subject to the oversight and authorized funding in whole or in part by the Parking Commission, the Treasurer shall:

1. Establish joint public-private parking ventures; and

2. Supervise the acquisition, development and operation of parking division properties or facilities owned by title or funded in whole or in part, leased or managed by the parking division; and

3. Make and pay contracts and other obligations; and

4. Supervise any other on-street and off-street parking programs and assets; and

5. Provide the comptroller with monthly reports of all parking revenues collected by the City; and

6. Make biannual installment payments of the annual general fund transfer subject to the Parking Commission's approval and provide the Comptroller and Treasurer with monthly reports of all parking revenues collected by the City. (1960 C., § 885.010; 1994 C., § 17.62.010; Ord. No. 71204, § 1, 7-24-2021; Ord. No. 62101, § 1(part), 1990; Ord. No. 49997, § 1, 1960.)

17.62.020 Meetings—Absence.

The Commission shall meet at least once a month and meetings can be called by any member with seventy-two hours' notice to all members and he shall give reasonable notice to the members of the time and place of such meetings. A member or the Chairman may absent himself from attendance of a meeting for good cause, and upon such absence the absent member shall authorize a member of his office to act for all purposes in his stead; said aldermanic member shall delegate another member of his aldermanic committee to act in his absence with full authority; provided further, in case of the absence of the Chairman, the Treasurer's representative shall act as a member and not as a Chairman but such duties and offices of the Chairman shall be performed by the Director of Streets. (1960 C., § 885.020; 1994 C., § 17.62.020; Ord. No. 70611, § 3, 8-1-2017; Ord. No. 49997, § 2, 1960.)

17.62.030 Quorum.

The Chairman and the members of the Commission shall constitute a quorum and a majority of the quorum shall be empowered to act as and for the Commission. For purposes of a quorum, duly authorized representatives appointed as required by Section 17.62.020 shall be considered as members. (1960 C., § 885.030; 1994 C., § 17.62.030; Ord. No. 49997, § 3, 1960.)

17.62.040 Records.

The Chairman shall cause to be kept a journal into which minutes of the proceedings of each meeting and acts of the Commission shall be kept, and he shall also cause to be kept a full transcript of said meetings together with such records and documents as are brought before the Commission. (1960 C., § 885.040; 1994 C., § 17.62.040; Ord. No. 49997, § 4, 1960.)

17.62.050 Powers and duties.

A. The Parking Commission shall have authority to install parking meters, institute parking permit programs and special parking zones along the streets and in other public areas where the parking of motor vehicles is not prohibited, including mixed use, special business, and special use districts, and residential areas as necessary to effectively control public parking. Parking permit programs shall also be subject to the approval of any Alderman in whose ward the program is instituted.

B. The Parking Supervisor is directed to conduct periodic studies and surveys to determine any specific actions required to effectively control public parking, including the number and location of parking meters, the scope and boundaries of parking permit programs and special parking zones, the hours of parking meter operation, the structure of parking violations fines and

penalties, and other parking related fees. In making this determination, the Parking Supervisor shall consider the following criteria:

1. The physical dimensions of the area where public parking is desired;

2. The availability of public parking spaces in the affected area;

3. The current and projected estimates of public parking demands in the affected area;

4. The parking needs of business and commercial establishments in the affected area;

5. The extent of traffic congestion, illegal parking and related health and safety hazards in the affected area;

6. The proximity of public transportation to the affected area;

7. The desire and need of occupants and/or residents of the affected area for permit parking and their willingness to bear any associated administrative cost;

8. The parking rate, fine and penalty structures employed by comparable jurisdictions; and

9. The efficiency and effectiveness of parking management and enforcement programs.

C. Upon making such studies and determinations consistent with generally accepted parking management principles, the Parking Supervisor shall submit any recommended actions to the Parking Commission for review and approval. The Board of Aldermen shall approve or disapprove any such action approved by the Parking Commission no later than the end of the fiscal year in which the action is approved by the Parking Commission. If the Board of Aldermen fails to take action on said measure by the end of the fiscal year, said measure shall become law.

D. The Treasurer, as Parking Supervisor, shall supervise the installation, maintenance and removal of all parking meters, now and hereinafter installed, and shall equip such meters with timing devices and otherwise modify such meters as deemed necessary to comply with meter classification systems and other parking control systems established by the Parking Supervisor. (1960 C., § 885.050; 1994 C., § 17.62.050; Ord. No. 62101, § 1(part), 1990; Ord. No. 49997, § 5, 1960.)

17.62.055 Continuity of Parking Commission functions and obligations.

If RSMo 82.485 and 82.487 are held unconstitutional and/or invalid, in whole or in part, the Parking Commission established pursuant to the provisions of Chapter 17.62 of the City Code shall be entitled and obligated to take all actions and measures required to assure that Parking Commission functions continue without interruption and that the Parking Commission's financial obligations are timely met and satisfied. In such case, and to the extent necessary or applicable, the Parking Commission established pursuant to the provisions of Chapter 17.62 of the City Code shall considered a successor in interest to any Parking Commission previously created pursuant to RSMo 82.485 and 82.487. In addition, if RSMo 82.485 and 82.487 are held unconstitutional and/or invalid, in whole or in part, the Parking Commission established pursuant to the provisions of Chapter 17.62 of the City Code shall have all authority required to assure that Parking Commission functions continue without interruption and that the Parking Commission's financial obligations are timely met and satisfied.
(Ord. No. 70745, § 1, 3-12-2018.)

PART II. INSTALLATIONS AND TEMPORARY REMOVALS

17.62.060 Definitions.

As used in this part:

A. "Barricaded" means a fence or other man-made obstruction to be constructed or obtained by the person contracting the metered parking space, erected in the metered parking space.

B. "Metered parking space" means the area of the metered parking zone created in the street.

C. "Posted" means the use of a bag or similar cover over the parking meter housing or the insertion in the housing of a sign covering the violation dial, legible through the parking meter housing window.

D. "Supervisor" means the Treasurer of the City as set forth by RSMo 82.485 and this chapter. (1994 C., § 17.62.060; Ord. No. 58013(part), 1980.)

17.62.070 Contracts for parking.

The Treasurer, as Parking Supervisor, is hereby authorized to enter into and make disbursements on contracts for the purchase, installation and maintenance of parking meters, parking permit devices and other parking control systems in designated parking meter zones, parking permit zones and other parking areas, and any other purposes deemed necessary by the Parking Supervisor to effectively control public parking. The payment of the cost of purchase and installation, as agreed upon by contract, may be allocated over a period of years not to exceed ten (10) years. The contract shall set forth all terms and conditions and shall guarantee that the meters shall be in good operating condition at the time of acceptance by the City. The contract shall further specify that the meters shall become the property of the City. (1960 C., § 885.080; 1994 C., § 17.62.070; Ord. No. 62101, § 1(part), 1990; Ord. No. 49997, § 8, 1960.)

17.62.080 Permanent meter removal.

A. The Treasurer, as Parking Supervisor, may order the permanent removal of a parking meter. Whenever a parking meter is removed at the direct or indirect request of any person, partnership, corporation or other organization, the Parking Supervisor may charge said person, partnership, corporation or other organization a one-time meter removal fee set by the Parking Commission. The person, partnership, corporation or other organization shall remit payment in accordance with procedures approved by the Parking Commission.

B. Application for other than temporary meter removal must be made in writing, accompanied by a nonrefundable application fee set by the Parking Commission, and approved by the Supervisor of Parking. The Supervisor of Parking shall assess the above fee plus a penalty set by the Parking Commission for any failure to comply with this section. Any person, partnership, corporation or other organization may appeal said penalties to the Parking Commission. All fees and penalties paid in accordance with this section shall be deposited into the Parking Fund by the Treasurer. (1994 C., § 17.62.080; Ord. No. 62101, § 1(part), 1990; Ord. No. 58013, § 1, 1980.)

17.62.100 Temporary meter removal.

A. The Treasurer, as Supervisor of Parking, may order that certain parking meters be temporarily removed, inactivated or taken out of service and said parking spaces posted or barricaded. No parking meter shall be removed, inactivated or taken out of service without the prior written approval of the Parking Supervisor. Whenever a parking meter is temporarily removed, inactivated or taken out of service at the direct or indirect request of any person, partnership, corporation or other organization, the Parking Supervisor shall charge said person, partnership, corporation or other organization a meter suspension fee based on a schedule of fees established by the Parking Supervisor and approved by the Parking Commission. The person, partnership, corporation or other organization shall remit payment in accordance with procedures approved by the Parking Commission.

B. Application for temporary meter removal must be made in writing, accompanied by a nonrefundable application fee set by the Parking Commission, and approved by the Supervisor of Parking. When any type of construction or demolition renders the metered parking space inoperative, the Supervisor of Parking shall assess the above fee plus a penalty set by the Parking Commission for the failure to comply with this section. Any person, partnership, corporation or other organization may appeal said penalties to the Parking Commission. All fees and penalties paid in accordance with this section shall be deposited into the Parking Fund by

the Treasurer. (1994 C., § 17.62.100; Ord. No. 62101, § 1(part), 1990; Ord. No. 58013, § 3, 1980.)

17.62.120 Temporary removal—Without fees.

The Treasurer, as Supervisor of the Parking Meter Department, may order that certain parking meters shall be temporarily taken out of service without a fee for civic events for not more than seven (7) days in conjunction with permits issued for such event by the Board of Public Service. (1994 C., § 17.62.120; Ord. No. 58013, § 5, 1980.)

17.62.130 Temporary removal—Action on non-payment of fees.

Upon written notification by the Supervisor of the Parking Meter Department that payment is due and unpaid, the Department so notified shall refuse to issue a permit to the applicant contractor until the payment is satisfied and a written clearance is obtained from the Supervisor of the Parking Meter Department. (1994 C., § 17.62.130; Ord. No. 58013, § 6, 1980.)

PART III. PAYMENT, COLLECTION AND PENALTIES

Prior code history: 1960 C. § 885.060

17.62.140 Parking fees generally.

Wherever parking meters exist or are installed under any authorization of this chapter, the fee required to be paid shall be no less than five ($0.05) cents for each fifteen (15) minutes of use of the space controlled by any such parking meter. Parking meters shall be equipped to discharge time in increments of three (3) minutes. The Supervisor of Parking (the City Treasurer) shall establish and maintain a parking meter classification system as necessary to effectively control parking and to advise parkers of the maximum time allowed for parking and the monetary rate required to be paid by parkers for each designated time increment of meter use. Such classification system shall include a schedule of time limits and monetary rates for all parking meters and shall be approved by the Parking Commission subject to the provisions of Section 17.620.050. (1994 C., § 17.62.140; Ord. No. 62101, § 2, 1990; Ord. No. 57535, § 2, 1978.)

17.62.150 Parking for City Hall.

The City Hall parking area lying directly south of City Hall and abutting on Clark Avenue, except that part described in Section 17.62.160, shall be set aside for the exclusive use by members of the public who are visiting or doing business at City Hall between the hours of eight a.m. and five p.m. of each day, except Saturdays, Sundays and holidays. The Parking Commission is directed to establish, and the Parking Supervisor is directed to administer, a parking management program, including parking control devices, parking control signs, a schedule of fees, operating hours, the reservation of parking meter spaces on the public streets immediately adjacent to City Hall, and other policies and procedures as necessary to ensure adequate parking for visitors to City Hall. (1994 C., § 17.62.150; Ord. No. 62101, § 1(part), 1990; Ord. No. 59628, § 1, 1985; Ord. No. 57535, § 3(a), 1978.)

17.62.160 Parking permits for Aldermen and City employees.

The Parking Commission is directed to establish and the Treasurer (Parking Supervisor) is directed to administer a parking permit program for Aldermen, aldermanic employees and other designated City employees. Said permittees shall be permitted to park free of charge within the area known as Washington Park. All such permits shall expire on the date established by the Parking Commission next following the date of issuance and shall be removed or dishonored should any Alderman, aldermanic employee or other designated City employee terminate membership or employment with the Board of Aldermen or the City. (1994 C., § 17.62.160; Ord. No. 62101, § 1(part), 1990; Ord. No. 57535, § 3(b), 1978.)

17.62.170 Extra parking spaces—During Board or Committee meetings.

A. The Parking Meter Commission is further directed to render inoperative a total of forty-one (41) parking meters abutting on both sides of the whole of above-described easternmost driveway and the northern portion of the eastern side of the westernmost driveway of said Washington Square area, during any day or days on which the full Board of Aldermen shall be in session and also, from time to time, such parking meters as may be required for use by Aldermen during the time any committee of the Board of Aldermen has scheduled a meeting or hearing, sufficient to accommodate the Aldermen by placing over such parking meters hoods marked "No Parking." For this purpose the Clerk of the Board of Aldermen shall notify the City Treasurer at least 2 days in advance of any such board or committee meeting of the number of such hoods reasonably required for the purpose. It shall be unlaw-

ful for any vehicle without the permits described in Section 17.62.160 to park on any meter while so rendered inoperative.

The Treasurer's Office is directed to establish a total of nine disabled parking spaces, including one van accessible space, in the areas specified in the following paragraph, complying with the ADA in the area known as Washington Square, located in areas convenient to the accessible entrance to City Hall and the Office on the Disabled. Establishment of five additional disabled parking spaces shall include access aisle and lane striping, above-ground metal signs and on-ground painted signage, construction and maintenance of which is to be completed within 30 days after the passage of Ordinance 63643 and to be paid from Treasurer's Office parking lot proceeds.

The nine permanent disabled parking spaces shall be the four parking spaces nearest if not adjacent to the Office on the Disabled that are currently designated disabled parking spaces. The remaining 5 disabled parking spaces shall be located in the existing permit-only parking spaces northwest of the accessible entrance at City Hall and the Office on the Disabled.

B. No person shall park any vehicle in those spaces above designated during the hours above designated for parking by Aldermen and their employees without first having obtained a permit therefor from the Parking Meter Commission.

C. The Parking Meter Commission is further directed to render inoperative four (4) parking meters located on the western side of the above-described easternmost driveway in Washington Park opposite the southernmost driveway under City Hall until noon on any day that the unloading of parking meter trucks is required.

D. The Parking Meter Division of the Treasurer's Office is hereby authorized to issue parking tags when any vehicle is found parked in violation of Sections 17.62.150 through 17.62.170. The Parking Meter Division shall notify the owner or driver of the illegally parked vehicle by handing a parking violation tag to him or affixing such a tag on the vehicle.

E. Such parking violation tag shall contain instructions permitting the owner or driver of the vehicle to appear in person to pay or to mail the sum of ten dollars ($10.00) within seven (7) days to the Traffic Violation Bureau.

F. The instructions shall state that the payment of the ten dollar ($10.00) fine shall be received in lieu of the penalty hereinafter provided and in full satisfaction of such violation.

G. Upon failure to pay such fine within seven (7) days, the owner of the vehicle found so parked in violation of Sections 17.62.150 through 17.62.170 shall be deemed guilty of a misdemeanor and upon conviction shall be fined not less than ten dollars ($10.00) nor more than twenty-five dollars ($25.00) for each offense. (1994 C., § 17.62.170; Ord. No. 63643, §§ 2, 3, 1996; Ord. No. 58737, § 1, 1983; Ord. No. 58019, § 1, 1980; Ord. No. 57535, § 3(c),(d), 1978.)

17.62.180 Hours of operation—Generally.

The hours during which all parking meters shall be operative, unless otherwise provided by law or the Parking Commission as needed to effectively control public parking, shall be between the hours of six a.m. and ten p.m., except Sundays, New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving, Christmas and any Monday celebrating a holiday dated on the Sunday immediately preceding. The Parking Commission shall specify hours of operation within said maximum hours. (1994 C., § 17.62.180; Ord. No. 62101, § 1(part), 1990; Ord. No. 61347, § 2, 1989; Ord. No. 57535, § 4, 1978.)

17.62.200 Operating meters.

Whenever a vehicle shall be parked in a metered parking zone, the person parking such vehicle shall be required to deposit in said parking meter a coin of United States money of the denomination indicated in instructions appearing on the parking meter device in accordance with the schedule of fees set out in this part. If such parking meter requires the movement of a lever as well as a deposit of a coin for actuation, the person so depositing the coin shall immediately actuate the lever to properly set the device in operation. The permissible time allowed for the continuous parking of a vehicle shall be clearly indicated upon the parking meter device or in the immediate vicinity. A vehicle utilizing a space associated with a parking meter device shall at all times be positioned so as to be completely within the indicated limits associated with the space. (1960 C., § 885.070; 1994 C., § 17.62.200; Ord. No. 49997, § 7, 1960.)

17.62.210 Supervision of parking meters and collection by City Treasurer.

A. The City Treasurer is hereby authorized and directed to supervise all collections of coins from in-

stalled parking meters and to install, repair, maintain, operate and control all parking meters and to undertake the marking of spaces associated therewith.

B. Following the adoption of an ordinance approving a budget for the Parking Meter Fund pursuant to Section 17.62.220 below, the City Treasurer is further hereby authorized and directed to make all disbursements associated with the functions described herein in accordance with said budget and applicable provisions of the City Charter and the Revised Code of the City of St. Louis, and subject to audit in the manner provided by state law.

C. Following the adoption of an ordinance or ordinances establishing additional on- or off-street parking programs under the supervision of the Treasurer's Office, the City Treasurer is further hereby authorized and directed to implement and collect for such programs. (1960 C., § 885.090; 1994 C., § 17.62.210; Ord. No. 62047, § 1(part), 1990; Ord. No. 49997, § 9, 1960.)

17.62.220 Parking Meter Fund—Administration and use.

A. *Establishment, Definition and Purpose of Fund.* There is hereby established a Parking Meter Fund which shall be under the supervision of the City Treasurer, acting in the capacity of Parking Supervisor. All funds received from parking meters, signed or metered zones, parking facilities or parking contracts managed by the Treasurer's Office and parking violation tags issued by Parking Violation Inspectors employed by the Treasurer's Office (including fees, fines and penalties paid to the Traffic Violation Bureau but excluding fees, fines and/or penalties paid as a result of warrant, arrest and/or court proceedings) and funds received from the investment or sale of Parking Meter Division assets shall be deposited in said fund. All expenses for the purchase, maintenance, operation and control of parking meters, signed or metered zones, and preparation and issuance of parking violation tags by the Parking Meter Division, including all personnel, material, supply, and equipment costs and all expenses incidental thereto, shall be paid from the Parking Meter Fund and not from the general revenue of the City, in accordance with annual budgets approved by the Parking Meter Commission and the Board of Aldermen as described below.

B. *Annual Budget.*

1. On or before April 1 of each calendar year subsequent to the passage of this chapter, the Treasurer shall submit to the Parking Meter Commission a proposed budget for the Parking Meter Fund for the next City fiscal year. The Parking Meter Commission shall review and approve said proposed budget and forward it, in ordinance form, to the Board of Aldermen by May 1 of each year, having first made any amendments to said budget deemed necessary or desirable by the Parking Meter Commission. The Board of Aldermen shall approve said budget by ordinance on or before July 1 of each year, having first made any amendments deemed necessary or desirable by the Board.

2. The annual budget shall include projected revenues to the fund for the applicable fiscal year and any revenues from the previous Parking Meter Fund balance proposed for expenditure during said fiscal year and shall include in detail all expenditures, both capital and operating, proposed for said fiscal year and all line item budget modifications and travel shall be prepared by the Parking Commission. Any payments required by the appropriations herein shall be made in accordance with the policy and procedures imposed by the Comptroller. The Parking Commission, at the end of each fiscal year, shall transfer to the City's General Fund an amount equal to forty percent (40%) of net parking revenues. Net parking revenues shall be defined as parking revenues net of: (1) operations and maintenance expenses as defined herein; (2) amounts required to meet the annual debt service obligations on outstanding parking bonds and other payment obligations related to the assets and operations of the Parking Division; (3) the satisfaction of any reserve requirements set forth in the December 1, 2006, trust indenture entered into among the City of St. Louis, Supervisor of Parking Meters, the Parking Commission of the City of St. Louis, and UMB BANK, N.A., as supplemented; and (4) amounts approved by the Parking Commission and related to capital improvements and/or other projects which are not otherwise captured in items (1) through (3) above.

As used herein, the term "operations and maintenance expenses " means all of the reasonable, necessary and lawful costs and expenses payable by the Parking Division relating to the operation, maintenance, administration and monitoring of the parking system and the enforcement of parking ordinances incurred in any particular fiscal year or period to which said term is applicable or charges made therefor during such fiscal year or period; operation and maintenance expenses shall not include: (a) items that are capitalized pursuant

to then-existing accounting practices of the Issuer; (b) any amounts transferred by the Supervisor of Parking Meters to the general fund of the City pursuant to the terms of this section during such period; (c) depreciation and/or amortization; or (d) payments with respect to bonds, parity indebtedness or subordinated indebtedness.

C. *Expenditures.* During the applicable fiscal year, the Treasurer is authorized to make disbursements from the Parking Meter Fund in accordance with said budget and applicable provisions of the City Charter and the Revised Code of the City of St. Louis, and subject to audit in the manner provided by state law. The Treasurer is not authorized to make any payments or disbursements which have not been approved for said fiscal year by the Board of Aldermen through ordinance. The budget may be amended during the fiscal year from time to time by ordinance.

D. *Recordkeeping, Accounting and Reporting.*

1. The City Treasurer shall establish an appropriate accounting system for the recording of all parking meter revenues and expenditures. The system shall include accounting for debt service reserves when applicable, replacement reserves when applicable, and reserves for parking improvements when applicable, as well as an accounting of the unencumbered fund balance. The Parking Meter Division's fixed assets shall be accounted for in accordance with generally accepted accounting principles (GAAP). The City Treasurer shall calculate the annual depreciation costs for all Parking Meter Division fixed assets as necessary to determine the appropriate amount to be reserved for parking improvements. The Treasurer shall prepare and forward monthly accounting reports including this information to the Parking Meter Commission and the Board of Aldermen. The Parking Commission shall have monthly meetings to allow timely review of said reports. Any cancellation or rescheduling of monthly meetings shall be approved by a majority vote of the Commission; this vote may be taken on a conference call.

2. In addition, the Treasurer shall prepare monthly reports including the amounts and types of all revenue received by the Parking Meter Fund, including, inter alia, revenues from the operation of the meters and from the issuance of parking violation tags and detailing the numbers and types of parking violation tags issued, and shall forward said report to the Budget Division. Said report shall include information for the current month as well as year-to-date totals.

3. The Traffic Violation Bureau shall prepare monthly reports including the amounts and types of revenue received in respect to parking violation tags issued by the Parking Meter Division and shall forward said report to the Budget Division. Said report shall include information for the current month as well as year-to-date totals.

4. The Budget Division shall obtain monthly reports from the Regional Justice Information Service (REJIS) detailing the amounts and types of parking violation tags issued by the Parking Meter Division and the amounts and types of revenue received in respect to said tickets. Said report shall include information for the current month as well as year-to-date totals. The budget division shall reconcile the Treasurer's, Traffic Violation Bureau and REJIS reports and shall submit a consolidated report to the Treasurer, the Parking Meter Commission and the Board of Aldermen, noting any discrepancies between reports.

5. At the election of the Parking Meter Commission and the Board of Estimate and Apportionment, the frequency of the reports described in this section may be changed to quarterly. At the election of the Parking Meter Commission, the Traffic Violation Bureau and the Board of Estimate and Apportionment, applicable reports described above may be consolidated in a comprehensive traffic violation issuance and revenue report. The Parking Meter Fund shall be assessed for the reasonable costs of reprogramming the REJIS system to produce the reports described above.

E. *Remittances.*

1. The Traffic Violation Bureau shall collect and daily remit to the Treasurer all payments in respect to parking violation tags issued by employees of the Treasurer's Office, together with a report detailing the sources of the payments; provided, however, that, with the concurrence of the Parking Meter Commission, the Traffic Violation Bureau, and the Board of Estimate and Apportionment, the Treasurer may develop and implement alternate means of payment. If alternate means of payment are implemented, the Treasurer shall assume the responsibility for reporting to the Budget Division on payments received.

2. The Treasurer shall, before the end of each quarter of each fiscal year, remit to the General Fund one-fourth of the minimum amount due to the General

Fund as described in Subsection A of this section. Not more than thirty days following the end of each fiscal year, the Treasurer shall remit to the General Fund the amount by which 40% of the net charge in fund balance exceeds the minimum amount, together with a report to the Budget Division and the Board of Estimate and Apportionment detailing the calculation of the payment.

F. *Transition Provisions.* For the fiscal year beginning on July 1, 1990, only, the Parking Meter Fund budget shall be submitted to the Board of Aldermen by October 1 and approved by the Board of Aldermen by December 1, but said budget shall apply to the entire fiscal year beginning July 1, 1990, and ending on June 30, 1991. (1960 C., § 885.100; 1994 C., § 17.62.220; Ord. No. 70700, § 1, 1-27-2018; Ord. No. 70611, §§ 1, 2, 8-1-2017; Ord. No. 62047, § 1(part), 1990; Ord. No. 49997, § 10, 1960.)

17.62.230 Parking Meter Division.

The City Treasurer shall establish as a part of his department a Parking Meter Division, which shall be responsible for the duties set forth in Chapter 17.62 of the Revised Code of the City of St. Louis, the development and enforcement of policies and procedures relating to this chapter, and any other functions necessary to carry out the duties set forth therein. He shall appoint such personnel as are necessary for the performance of said duties and as are provided for in the budget approved as described in Section 17.62.220. The salaries of all such appointees shall be fixed by ordinance and all salaries and expenses shall be paid from the Parking Meter Fund and not from the General Revenue of the City. The Treasurer shall require from each Parking Meter Division employee who collects or accounts for Parking Meter Division receipts a bond in the sum of fifty thousand dollars ($50,000.00) payable to the City, conditioned on the faithful performance of such employee's duties; provided, however, that the cost of obtaining such bond shall be borne by the Parking Meter Fund. It shall be the duty of all Parking Meter Division employees who collect coins deposited in the parking meters to remove such coins from the coin chamber or compartment in such meter and deliver the same, with seal unbroken, to the office of the City Treasurer or any alternate site designated by the City Treasurer. (1960 C., § 885.110; 1994 C., § 17.62.230; Ord. No. 62047, § 1(part), 1990; Ord. No. 49997, § 11, 1960.)

17.62.240 Violation tags—Contents.

A. Whenever any vehicle shall be found illegally parked in violation of posted signs or meters, the Police or Parking Violation Inspectors, or other Treasurer Office employees, shall notify the driver of such vehicle of such violation by handing to him or her or affixing on the vehicle a parking meter violation tag. The design, format and contents of such tag shall be approved by the Parking Commission and the tags shall be obtained, issued and controlled solely by the Parking Supervisor.

B. Such tag shall contain instructions requiring the owner of the vehicle or driver to remit the sum as provided in this chapter to the Traffic Violation Bureau or another entity, site or address approved by the Parking Commission in accordance with a schedule of fees, penalties and deadlines established by the Parking Commission, administered by the Parking Supervisor and filed at the Register's Office.

C. The instructions shall state that the payment of the fine shall be received in lieu of the penalty provided in this part and in full satisfaction of such violation. Upon failure to pay such fine within the days designated in the schedule established by the Parking Commission, the owner of the vehicle found parked in violation of this chapter shall be deemed guilty of a misdemeanor, and upon conviction shall be punished as provided by law. (1960 C., § 885.120; 1994 C., § 17.62.240; Ord. No. 62101, § 1(part), 1990; Ord. No. 60274, § 1, 1987; Ord. No. 55336, § 1, 1969; Ord. No. 49997, § 12, 1960.)

17.62.250 Violation tags—Parking enforcement program.

A. The Treasurer (Parking Supervisor) or his employees are hereby authorized to issue parking meter violation tags throughout the City, and to issue parking tags for violation of parking signs or regulations throughout the City and in Washington Square and City Hall parking lots not requiring the presence of a police officer.

B. Parking violation tags shall be issued when any vehicle shall be illegally parked in, located in a parking meter zone when the time signal shows a violation, parked longer than the authorized time limit or when the parker has failed to operate the meter in accordance with the instructions provided on the meter.

C. Parking violation tags shall be issued when any vehicle shall be illegally parked or located in a no-parking zone, parked longer than the authorized time limit or otherwise deemed in violation of any parking regulation of the City.

D. The Treasurer (Parking Supervisor) or his employees shall notify the driver of the illegally parked vehicle by handing him or affixing on the vehicle a violation tag. Such tag shall contain instructions requiring the owner of the vehicle or driver to remit payment, in accordance with procedures established by the Parking Commission, of the sum of not less than five dollars ($5.00) for a parking meter violation or the sum of not less than fifteen dollars ($15.00) for a parking violation within seven (7) days to the Traffic Violation Bureau, except for violations within the downtown district. Within the downtown district the owner of the vehicle shall pay the sum of not less than seven dollars ($7.00) for a parking meter violation or the sum of not less than twenty dollars ($20.00) for a parking violation within seven (7) days to the Traffic Violation Bureau. "Downtown district" shall be defined for purposes of this chapter as that area within the following boundaries: starting at the point of intersection of the Mississippi River and Highway 40, west along Highway 40 to the alley west of 20th Street, north along the alley west of 20th Street to the alley north of Delmar, east along the alley north of Delmar to the alley west of Tucker Boulevard, north along the alley west of Tucker Boulevard to the alley north of Cole Street, east along the alley north of Cole Street to the Mississippi River, south along the Mississippi River to the starting point.

E. Upon failure to pay such fine within the time period designated in said instructions, the owner of the vehicle, if found guilty of such parking violation, shall, upon conviction, be subject to a fine assessment, vehicle impoundment or other remedial action based upon procedures established by the Parking Commission, administered by the Parking Supervisor and filed at the Register's Office. Said owner shall be fined not less than five dollars ($5.00) and not more than twelve dollars ($12.00) for each such meter violation and not less than fifteen dollars ($15.00) and not more than one hundred dollars ($100.00) for each such other parking violation, except within the downtown district. Within the downtown district the owner shall be fined not less than seven dollars ($7.00) and not more than twelve dollars ($12.00) for each such meter violation and not less than twenty dollars ($20.00) and not more than one hundred dollars ($100.00) for each such other parking violation.

F. The Parking Commission is directed to conduct a study of current parking violation fines and penalties and to make recommendations to the Board of Aldermen concerning the parking violation fine and penalty structure by December 31, 1990.

G. The Parking Violation Bureau is prohibited from doubling parking meter violations and parking violations, as defined within Chapter 17.62 of the City Code, if fines are paid in full within twenty (20) calendar days or less.

H. If a person appeals their fine through the administrative process, as set forth in Chapter 17.62.260 of the City Code or Missouri Revised Statute § 536, the Parking Violation Bureau is prohibited from doubling their fine, as long as payment is received within thirty (30) or less calendar days after final judgment on the matter. (1960 C., § 51.020(part); 1994 C., § 17.62.250; Ord. No. 70751, §§ 1, 2, 5-1-2018; Ord. No. 62101, § 1(part), 1990; Ord. No. 60274, § 2, 1987; Ord. No. 56492, § 1(part), 1973; Ord. No. 55739, § 4, 1971; Ord. No. 55423, § 4, 1969.)

17.62.260 Administrative adjudication system for municipal parking violations.

A. *Formation.* An administrative adjudication unit, which shall serve as the administrative tribunal for parking ordinance violations as that term is used in RSMo 479.011, shall establish and maintain an administrative system for adjudicating parking ordinance violations designated for administrative adjudication by ordinance. The administrative adjudication unit shall operate under the supervision of the Parking Commission, subject to legal practice, procedure and pleading rules approved or recognized by the municipal court or another division of the Circuit Court, in the Parking Violations Bureau or another location approved by the Parking Commission.

B. *Jurisdiction.* The jurisdiction of the administrative adjudication unit shall encompass all citations issued by the City of St. Louis and officers of the St. Louis Metropolitan Police Department for the violation of any ordinance relating to parking, as defined in City ordinances, including, but not necessarily limited to, violations of ordinances encompassed in City Code Sections 17.16.210, 17.24.010, 17.24.020, 17.24.030, 17.24.040, 17.24.070, 17.24.080, 17.28.010, 17.30.020, 17.30.025, 17.30.070, 17.38.020, 17.62.020, 17.62.200,

17.70.010, 17.77.030 and 17.80.010 and any other codes designated for administrative adjudication by ordinance. The administrative adjudication unit shall be responsible for the first level review and disposition of any parking citations that are contested and provide for the collection of any unpaid fines, penalties and costs associated with those parking citations.

C. *Review Process.* The administrative adjudication system shall provide for an effective and efficient adjudication process for individuals who wish to contest a citation for a violation of a code within the jurisdiction of the administrative adjudication unit. The administrative adjudication process authorized herein shall ensure a fair, impartial and efficient review of contested municipal code violations, and shall afford the parties due process of law. This process shall provide a preliminary inquiry assessment and, for those individuals dissatisfied with the results of the preliminary inquiry assessment, an administrative hearing and, for those individuals dissatisfied with the results of the administrative hearing, a judicial hearing. A preliminary inquiry assessment shall entail an informal administrative process through which an individual may submit an inquiry and obtain information about the validity of a municipal code violation by mail, Internet or other means approved by the Parking Commission. The Parking Commission shall adopt policies and procedures for governing the administrative adjudication system. These policies and procedures shall document the manner in which the administrative adjudication unit is to perform administrative adjudication activities, including, but not limited to, review rights and requirements, application and documentation submittal requirements, notification deadlines and forms, disposition policies, and appeal criteria and notification. In addition, all administrative hearings shall be conducted in accordance with the legal practice, pleading and procedure rules established by the Municipal Court, Circuit Court or Supreme Court.

D. *Review Rights.* Any person issued a citation for violation of a City ordinance shall be advised on the citation of the right to request administrative adjudication. Any person wishing to contest a citation may first request a preliminary inquiry assessment of the citation with the administrative adjudication unit, but there shall be no filing fee for such an assessment. Any person who desires an administrative hearing shall submit a formal request for said hearing accompanied by a written statement of the grounds for contesting the citation, and any other materials required by the prescribed administrative adjudication policies and procedures. The Parking Commission may also require an administrative hearing fee not to exceed twenty-five dollars ($25.00) per contested violation, but said fee shall only be levied if the person contesting the violation is deemed liable for the violation. Any person's right to an administrative hearing shall expire if the administrative adjudication unit does not receive a documented challenge to the municipal violation within thirty (30) calendar days after the issuance date of the citation, or by the close of business on the first day following such thirtieth day if it is a Saturday, Sunday or holiday. Failure to comply with the prescribed administrative adjudication policies and procedures shall result in the forfeiture of any fines and penalties paid in connection with the contested violation and be deemed an admission of liability for that violation.

E. *Timing.* Administrative hearings shall be scheduled with reasonable promptness and any notice of an administrative hearing shall include the code violation type and nature, administrative hearing date and location and penalties for failing to appear at the hearing. Upon receipt of a valid request for an administrative hearing, the administrative adjudication unit shall schedule the hearing, notify the applicant for the hearing (the contestant) and suspend, as of the date of the hearing request, the applicability of any Parking Commission policy which increases the penalty or any related costs for non-payment of the parking violation fine being contested. Such suspension shall continue until the administrative adjudication process is concluded. If the person contesting the citation (the contestant) fails to appear at the scheduled administrative hearing, the suspension shall be terminated. The administrative hearing date may be extended once, for not more than ten business days, by contacting the administrative adjudication unit and requesting said extension in accord with the prescribed administrative adjudication policies and procedures.

F. *Hearing Officers.* The Parking Commission shall approve a process for ensuring that qualified individuals conduct or preside over administrative hearings on behalf of the administrative adjudication unit, including the appointment and removal of administrative hearing officers. As impartial and independent fact finders, administrative hearing officers may: hear testimony and review relevant evidence; preserve and authenticate hearing records and evidence; issue written

findings of fact, decision, and order, including the fine, penalty or action with which the contestant must comply; and impose penalties and assess costs consistent with applicable state and local laws and rules. An administrative hearing officer shall be an attorney licensed to practice law in the State of Missouri or another individual meeting those requirements set forth in relevant state or local law. An administrative hearing officer shall possess sufficient competence to administratively adjudicate municipal code violations, including, but not necessarily limited to, experience in administrative law, familiarity with the rules of procedure for administrative hearings, and a working knowledge of the subject area of the municipal code violations that they will adjudicate. An administrative hearing officer's employment and compensation shall not, directly or indirectly, be linked to the amount of fines. Administrative hearing officers shall not be deemed members of the "classified service" of the City of St. Louis, as that term is used in the City Charter and all ordinances promulgated thereunder. The Parking Commission may establish additional policies and procedures for ensuring that administrative hearing officers demonstrate the objectivity and qualifications necessary to conduct fair, impartial and expeditious hearings.

G. *Evidence.* The formal rules of evidence shall not apply in any informal review or administrative hearing. Evidence, including hearsay, may be admitted only if it is the type of evidence commonly relied upon by reasonably prudent persons in the conduct of their affairs. The officer or person who issued the citation need not be present. The parking violation notice and related documentation in proper form, or a copy thereof, shall be prima facie evidence of the municipal code violation.

H. *Disposition.* Upon completing its review of the information submitted by the person contesting the citation, the administrative hearing officers of the administrative adjudication unit shall determine in writing whether the contestant is liable or not liable for the violation. If the contestant is found not liable for the violation, the administrative adjudication unit shall refund the filing fee or deposit (if any) and waive all violation fines and late payment penalties accrued to date. If the contestant is found liable for the violation, the administrative adjudication unit shall keep the fines and penalties paid to date (if any), assess any violation fines and late payment penalties and other fees accrued to date, direct the collection of any unpaid fines and costs in accordance with RSMo 479.011 and reactivate other sanctions in accord with the prescribed administrative adjudication policies and procedures, but it shall not impose incarceration or any fine in excess of the amount allowed by law. The administrative adjudication unit shall notify the person contesting the citation of its decision within ten (10) business days of the conclusion of the administrative hearing and, unless an appeal is filed, return any material submitted by the contestant at the earliest practical time. If the contestant fails to appear and is found liable by the administrative hearing officer, and requests a new administrative hearing in accordance with approved policies and procedures, the administrative adjudication unit may set aside any finding and set a new administrative hearing date, but only if it determines that the failure to appear at the administrative hearing was for good cause. Any written determination of liability or non-liability for a code violation by the administrative adjudication unit, or one of its hearing officers, shall constitute a final decision for purposes of judicial review, subject to review under RSMo Ch. 536.

I. *Judicial Hearing.* Contestants aggrieved by the determination of the administrative adjudication unit may apply for a judicial review, subject to any application requirements set by the Circuit Court, but any person's right to a judicial review shall expire if the proper court does not receive a written request for a judicial review within thirty (30) calendar days of the administrative adjudication unit's issuance of its written determination.

J. *Judgments.* Any sanction, fine or costs, or part thereof, remaining unpaid after the exhaustion of, or the failure to exhaust, judicial review procedures under RSMo Ch. 536, shall be a debt due and owing the City of St. Louis, and may be collected in accordance with applicable law. If a contestant fails to comply with a directive pertaining to the collection of unpaid fines, penalties, fees and costs issued under authority of the administrative adjudication unit, any expenses incurred by the City of St. Louis to enforce the directive, including, but not limited to, court, administrative and vehicle storage costs, after they are fixed by the administrative adjudication unit or a court of competent jurisdiction, shall be a debt due the City of St. Louis and may be collected in accordance with applicable law. Upon being recorded in the manner required by state law or the Uniform Commercial Code, a lien may be imposed on the real or personal property of any con-

testant found liable for a municipal code violation in the amount of any debt due the City under this section and enforced in the same manner as a judgment lien under a court of competent jurisdiction.

K. *Fiscal.* All expenses of the administrative adjudication unit shall be payable from the Parking Fund and General Fund in proportion to the relative share of parking citations heard, reviewed or adjudicated by the administrative adjudication unit. All expenses of the administrative adjudication unit, including compensation or fees for the administrative hearing officers, shall be subject to appropriation.

L. *Other.* Nothing contained in this section shall be construed to affect the validity of any other administrative adjudication systems authorized by local law and created by the City of St. Louis before April 1, 2007. (1994 C., § 17.62.260; Ord. No. 67513, §§ 1—12, 2007.)

17.62.270 Regulations generally.

A. No person shall park, cause, allow or permit to be parked any vehicle owned or operated by such person in any metered parking space without depositing the required coin designated herein at the slot provided on parking meters, and immediately thereafter actuating fully the meter starting mechanism, in accordance with the provisions of this part.

B. No person shall cause, allow, permit or suffer any motor vehicle registered in his name or under his control to be parked in a metered parking space beyond the lawful period of time prescribed for such space as provided herein.

C. No person shall deposit or cause to be deposited in said parking meter any coin for the purpose of increasing or extending the parking time of any vehicle beyond the legal parking time, as herein provided.

D. No person shall cause, allow, permit or suffer any motor vehicle owned or operated by such person to be parked across or outside of any line designating a metered parking zone space, or parked in a designated parking zone or area without a proper and duly authorized permit, or otherwise parked in violation of any parking regulations established by the Parking Commission. Any vehicle parked in contravention with these provisions shall be deemed to be illegally parked under the provisions of this part. (1960 C., § 885.130; 1994 C., § 17.62.270; Ord. No. 62101, § 1(part), 1990; Ord. No. 52092, § 1, 1963; Ord. No. 49997, § 13, 1960.)

City Counselor Ops.: 10266

17.62.280 Prima facie evidence.

The presence of any vehicle found parked in violation of the provisions of this part in any parking meter zone space shall be prima facie evidence that the person, firm or corporation in whose name such vehicle is registered, in either the records of the City License Collector or the records of the Director of Revenue of the State, committed or authorized such violation. (1960 C., § 885.140; 1994 C., § 17.62.280; Ord. No. 49997, § 14, 1960.)

17.62.290 Tampering with parking meters.

No person shall deposit in any parking meter of the City any slug or substitute for a coin of United States money or deface, injure, damage, tamper with or willfully break, destroy, or impair the usefulness of any parking meter installed under the provisions of this chapter. (1960 C., § 885.150; 1994 C., § 17.62.290; Ord. No. 49997, § 15, 1960.)

17.62.300 Stealing money deposited in meters.

No person shall take, steal or carry away any moneys or coins deposited in any parking meter. (1960 C., § 885.160; 1994 C., § 17.62.300; Ord. No. 49997, § 16, 1960.)

17.62.310 Reward for apprehension and conviction of violator of Sections 17.62.290 and 17.62.300.

The City Treasurer is hereby authorized to offer a standing reward of ten dollars ($10.00) for the apprehension and conviction of any persons violating the provisions of Sections 17.62.290 and 17.62.300 and such reward shall be paid from the money in the Parking Meter Fund. (1960 C., § 885.170; 1994 C., § 17.62.310; Ord. No. 49997, § 17, 1960.)

17.62.320 Commercial and other vehicle parking permits.

A. The Parking Commission shall establish and the Parking Supervisor shall administer a comprehensive parking permit program, including vehicle classes, permit fees and permit control devices, for commercial and other vehicles as necessary to effectively control public parking subject to the provisions of Section 17.62.050. Commercial vehicles with approved permits issued by the Parking Supervisor may occupy any parking space duly designated by the Parking Supervisor without payment of any additional meter fee for the purpose of loading or unloading merchandise, but shall

not remain longer than the maximum time period allowed pursuant to the approved parking permit program.

B. Whenever parking permit programs are established under any authorization of this section, the permit fees required to be paid shall be approved by the Parking Commission, collected by the Parking Supervisor and deposited into the parking fund by the Treasurer. The Supervisor of Parking shall establish and maintain a parking permit system as necessary to effectively control parking in designated areas. Such permit system shall include a schedule of operating hours, time limits and monetary rates for designated areas and vehicles and shall be approved by the Parking Commission. (1960 C., § 885.180; 1994 C., § 17.62.320; Ord. No. 62101, § 1(part), 1990; Ord. No. 49997, § 18, 1960.)

17.62.330 Possession of parking meter keys.

No person, except employees of the Parking Meter Division having the duty to open parking meters and such persons having supervisory authority over such employees, shall possess any key or other device for the purpose of opening City parking meters; provided further, any person violating the prohibition of this section shall, upon conviction, be fined not more than five hundred dollars ($500.00) or imprisonment in the City Workhouse for a period not to exceed one hundred days, or by both fine and imprisonment. (1960 C., § 885.181; 1994 C., § 17.62.330; Ord. No. 51735, § 1, 1963.)

17.62.350 Use of money collected.

The provisions of this part are to afford special facilities for parking of motor vehicles in the City.

Except as otherwise provided by ordinance, all money received in accordance with the provisions of this part is hereby declared to be for traffic regulation purposes and all such money to be employed by the City for the regulation of motor vehicle traffic including the providing of additional parking facilities both on the streets of the City and at other locations off such streets. (1960 C., § 885.200; 1994 C., § 17.62.350; Ord. No. 49997, § 20, 1960.)

17.62.360 Existing parking meters.

All parking meters previously installed along the streets and public places of the City which are not in conflict with the provisions of this chapter shall be and are hereby declared lawful. (1960 C., § 885.210; 1994 C., § 17.62.360; Ord. No. 49997, § 21, 1960.)

17.62.370 Hours for certain meters.

The parking meters on lots 35, 36, 37, 38 and 39 of City block No. 1515 fronting on the west side of Ohio Avenue between Cherokee Street and Utah Street shall be operative between the hours of 7:00 p.m. and 11:00 p.m. every day except Sundays, in addition to the hours as regulated by the Parking Meter Commission.

Any person, firm or corporation who parks or causes to be parked a vehicle in violation of the provisions of this section shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined the sum of not less than one dollar nor more than five hundred dollars. (1960 C., § 885.240; 1994 C., § 17.62.370; Ord. No. 49404, § 2, 1959.)

17.62.380 Meters prohibited on Hampton Avenue.

Parking meters are prohibited from being installed and maintained on Hampton Avenue between the south line of Itaska Street and north line of Robert Avenue and between the south line of Arsenal Street and the north line of Itaska Street by any board, department, division, agency, officer or employee of the City. Should parking meters be already installed prior to January 10, 1964, on one or both sides of Hampton Avenue between Itaska Street and Robert Avenue, the board, department, division, agency, officer, or employee of the City which installed the same, shall remove such meters within five days of January 10, 1964. (1960 C., § 885.250; 1994 C., § 17.62.380; Ord. No. 52320, § 1, 1964; Ord. No. 52319, § 1, 1964.)

PARKING VIOLATIONS—INCAPACITATION OF VEHICLE BY CITY

Sections:

17.63.010	**Authority.**
17.63.020	**Unauthorized removal prohibited—Penalty for violation.**
17.63.030	**Administrative fee assessed in addition to towing or storage costs.**
17.63.040	**Towing or storage fee for stolen automobiles.**
17.63.050	**Notice to owner of stolen vehicle.**
17.63.060	**Administrative fee for recovery of stolen vehicles.**

17.63.010 Authority.

In addition to the authority to remove parked vehicles as provided in Ordinance 60935 and codified in

Section 17.56.030 et seq., any member of the Metropolitan Police Department and any designated employee or agent of the office of the City Treasurer shall have the authority to incapacitate from movement under its own power any vehicle found within the City of St. Louis having four (4) or more previously issued parking violation notices that the driver, owner or person having charge of such vehicle has failed to answer or on which he has failed to appear. Such vehicles may also be incapacitated by any designated employee or agent of the Director of Streets when so authorized by any member of the Metropolitan Police Department or employee or agent of the office of the City Treasurer. (1994 C., § 17.63.010; Ord. No. 64668, § 1, 1999.)

17.63.020 Unauthorized removal prohibited—Penalty for violation.

A. No person other than a member of the Metropolitan Police Department, the office of the Treasurer or the St. Louis City Towing Division shall tow or move the incapacitated vehicle, authorize the towing or moving of the incapacitated vehicle or remove the device used to incapacitate the vehicle.

B. Any person who enters a plea of guilty or is found guilty of a violation of this section shall be assessed a fine of not less than five hundred dollars ($500.00) or imprisoned for a period of not less than ninety (90) days or be subject to both a fine and imprisonment. (1994 C., § 17.63.020; Ord. No. 64668, § 2, 1999.)

17.63.030 Administrative fee assessed in addition to towing or storage costs.

Prior to the release of any vehicle incapacitated under the authority of this chapter, the driver, owner or person in charge of such vehicle shall pay an administrative fee of fifty dollars ($50.00) which shall be deposited in the Parking Trust Fund. This fee shall be in addition to any towing or storage costs which may be incurred. (1994 C., § 17.63.030; Ord. No. 64668, § 3, 1999.)

17.63.040 Towing or storage fee for stolen automobiles.

It is prohibited for the Department of Streets, any St. Louis City department or quasi-government agency located in the City of St. Louis to charge a towing or storage fee, including dollying and labor, for any stolen automobile recovered in the City limits, as long as the automobile is claimed at the Towing Service Division (7410 Hall St.) during regular business hours by the registered owner of the automobile, possessing a valid state I.D., within seventy-two (72) hours of the automobile's owner being contacted by St. Louis Metropolitan Police Department. The seventy-two (72) hours will not include Sundays and St. Louis City holidays. (Ord. No. 70569, § 1(5), 7-6-2017.)

17.63.050 Notice to owner of stolen vehicle.

The St. Louis Metropolitan Police Department employee who initially contacts the owner of the stolen automobile will record the exact date and time of the initial contact on the police report. The time on the police report is presumed to be the correct "starting time" for the seventy-two (72) hour period. The victim's contact information on file with St. Louis Metropolitan Police Department is presumed to be the most up-to-date and correct contact information. (Ord. No. 70569, § 1(6), 7-6-2017.)

17.63.060 Administrative fee for recovery of stolen vehicles.

It is prohibited for the Department of Streets, any City department or quasi-government agency located in the City of St. Louis to charge an administrative fee under this chapter if the towing of a stolen automobile was the direct result of parking violation(s) acquired after an initial police report for the stolen automobile was filed. Nothing in this section will interfere with a department's right to collect administrative fees for an automobile that acquired four (4) or more parking violations before a police report for the stolen car was filed. (Ord. No. 70569, § 1(7), 7-6-2017.)

17.76.110 **Removal of any residential disabled parking space and cancellation of permit.**

17.76.010 Use of parking spaces for the disabled.

No person shall park a vehicle in a residential disabled parking space unless the vehicle displays either a permanent disabled placard, disabled license plate, or disabled veterans license plate issued by the State of Missouri pursuant to provisions stated in RSMo 301.071 or 301.142 and a numbered permit issued pursuant to Section 17.76.020 which corresponds to the permit number indicated on the disabled parking space signs erected at that space.

No person shall park in a nonresidential disabled parking space unless said vehicle displays either a disabled placard, disabled license plate, or disabled veterans license plate issued by the State of Missouri pursuant to provisions stated in RSMo 301.071 or 301.142 or a disabled placard, license plate or disabled veterans license plate, clearly displaying the international symbol of access issued by another state. (1994 C., § 17.76.010; Ord. No. 63590, § 2(part), 1995; Ord. No. 61550, § 2(part), 1989; Ord. No. 60124, § 2(part), 1986; Ord. No. 58590, § 1, 1982.)

17.76.020 Residential disabled parking space permit—Application.

A. Any individual, parent of a child with an eligible disability, or a family member residing full time with an eligible person, owning a vehicle registered to the address or any eligible person whose vehicle is owned

by another and such eligible person resides at the address at which the permit sign is to be erected and possessing a current permanent state disabled placard, disabled license plate or disabled veterans license plate, as described in Section 17.76.010, may apply for a residential disabled parking space permit. A residential disabled parking space permit may only be granted for use by a vehicle, registered in the City of St. Louis, unless the vehicle is owned by another person but driven by an eligible person applying for a residential disabled parking space permit at least fifty percent of the time and such vehicle possesses a current permanent state disabled placard, disabled license plate or disabled veterans license plate, as described in Section 17.76.010, and which shall be regularly parked at said disabled parking space. Application for a residential disabled parking space permit shall be made to the Office on the Disabled. Said office shall approve a permit if the application is for the benefit of an individual with at least one of the following disabilities:

1. Wheelchair;
2. Leg Braces;
3. Crutches;
4. Canes;
5. Walker;
6. Cerebral Palsy;

16. Therapeutic Class CDE;
17. Alzheimer's disease;
18. Stroke;
19. Osteoarthritis;
20. Amyotrophic Lateral Sclerosis (ALS)
21. Blindness;
22. Physical disability recognized by the Americans with Disabilities Act as a qualified disability. This would be determined by the Commissioner of Disabilities.

B. If the Office on the Disabled approves an application for a residential disabled parking space permit, a numbered permit shall be issued to the applicant and shall be posted on the windshield of said vehicle. The permit must be used at all times with the permit holder's permanent disabled placard or license plate. The Commissioner of Traffic or his/her designee, with the consent of the property owner, shall install signs indicating such restricted parking space on any public right-of-way for a period of time not to exceed two (2) years subject to bi-annual renewal. Said signs shall be numbered the same as the permit issued to the applicant and shall indicate that the disabled parking space is reserved at all times for permit parking only. The Commissioner of Traffic or his/her designee upon recommendation of the Office on the Disabled may, where special conditions exist, install signs indicating a residential disabled parking space notwithstanding the availability of driveway or off-street parking. Permit holders full-time members of the household with two (2) or more vehicles and with access to off-street parking, may use that off-street parking for any vehicle the permit holder's vehicle. An individual applying for a residential disabled parking space at their personal residence shall not be charged for installation or maintenance of said signs. A list of all approved residential disabled parking space permits shall be kept in the office of the Register and the Office on the Disabled.

C. A decision denying an application for a residential disabled parking space permit may be appealed in writing to the Office on the Disabled. The Office on the Disabled shall forward all appeals to a special panel of the Advisory Council on the Disabled created by Ordinance Number 57432 within ten days of the receipt of said appeal. If this panel of the Special Council on the Disabled grants the appeal, the Commissioner of Traffic or his/her designee is instructed to erect a designated residential disabled parking space immediately. If the Special Council of Disabled denies the appeal, a residential disabled parking space will not be granted.

D. No applicant with off-street parking shall be approved for a residential disabled parking permit/space unless he/she presents to the Office on the Disabled a statement from his/her primary physician that, because of the applicant's disability, the applicant cannot use his/her off-street parking. This statement in conjunction with all other requirements contained in this section will be used to consider approval. A garage as part of a residence with dimensions of less than a total length of fifteen feet and a garage door opening width of less than 9 feet is not considered off-street

parking for the purposes of this section. (1994 C., § 17.76.020; Ord. No. 70643, § 1, 11-8-2017; Ord. No. 67757, § 1, 2007; Ord. No. 67365, §§ 1, 2, 2007; Ord. No. 66591, § 1, 2004; Ord. No. 65142, § 1, 2001; Ord. No. 64296, § 2, 1998; Ord. No. 63590, § 2(part), 1995; Ord. No. 62049, § 2, 1990; Ord. No. 61550, § 2(part), 1990; Ord. No. 60124, § 1(part), 1986; Ord. No. 59069, § 1, 1984; Ord. No. 58881, § 1, 1983; Ord. No. 58590, § 2, 1982.)

17.76.025 Residential disabled parking space permit—Renewal and fee.

The residential disabled parking space permit must be renewed every two (2) years by completing an application for renewal before May 31 of the renewal year. (1994 C., § 17.76.025; Ord. No. 64296, § 2, 1998; Ord. No. 63590, § 2(part), 1995; Ord. No. 61550, § 2(part), 1989; Ord. No. 60124, § 2(part), 1986; Ord. No. 59069, § 3, 1984.)

17.76.030 Nonresidential disabled parking space permit—Application.

A. The owner or manager of any public or private building providing less than twenty-five (25) parking spaces may apply to the Office on the Disabled for an on-street, nonresidential disabled parking space permit. Upon approval of the application and payment of one hundred dollars ($100.00) to the Office on the Disabled to cover costs of installation and maintenance of appropriate signs, a nonresidential disabled parking space shall be established indicating such restricted parking. Nonresidential disabled parking spaces shall be renewed annually as provided in Section 17.76.035.

B. The charge for the installation and maintenance of signs required in Subsection A of this section shall not apply to not-for-profit organizations. (1994 C., § 17.76.030; Ord. No. 63590, § 2(part), 1995; Ord. No. 61550, § 2(part), 1989; Ord. No. 60124, § 2(part), 1986; Ord. No. 58590, § 3, 1982.)

17.76.035 Nonresidential disabled parking space permit—Renewal and fee.

Any nonresidential disabled parking space established under Section 17.76.030 shall be renewable by payment of a one hundred dollar ($100.00) renewal fee to the Office on the Disabled. Said fee must be paid by January 31 of each permit year. (1994 C., § 17.76.035; Ord. No. 63590, § 2(part), 1995; Ord. No. 61550, § 2(part), 1989.)

17.76.040 Penalty for violation.

Any person found guilty of parking in violation of Section 17.76.010 shall be fined not less than fifty dollars ($50.00) or more than two hundred dollars ($200.00). (1994 C., § 17.76.040; Ord. No. 63590, § 2(part), 1995; Ord. No. 61550, § 2(part), 1989; Ord. No. 60124, § 2(part), 1986; Ord. No. 58590, § 4, 1982.)

17.76.050 Parking meter exemption—Permit issuance standards.

The Commissioner on the Disabled is hereby authorized to set standards for the issuing of a permit to any person owning a motor vehicle and having a permanent disabled placard, disabled license plate or disabled veteran's license plate issued by the State of Missouri, and unable to activate a parking meter because of a physical disability. (1994 C., § 17.76.050; Ord. No. 63590, § 2(part), 1995; Ord. No. 61128, § 1, 1988.)

17.76.060 Parking meter exemption—Disabled permit required.

Any driver of a motor vehicle who has received a permit under Section 17.76.050, and has it prominently displayed on the motor vehicle with their permanent disabled placard or disabled license plate or disabled veteran's license plate, may park at a parking meter without activating the parking meter. (1994 C., § 17.76.060; Ord. No. 63590, § 2(part), 1995; Ord. No. 61128, § 2, 1988.)

17.76.070 Parking meter exemption—Appeal of permit refusal.

Any person that has been refused a parking meter exemption permit under Section 17.76.060 may appeal the decision of the Commissioner on the Disabled by sending a letter to the Parking Meter Commission stating the reasons why the decision is in error. The appeal must be mailed within ten (10) days of the date of the refusal notice. The Parking Meter Commission shall notify the appellant of the hearing date, which shall occur within two weeks of the date of the original appeal letter. The Parking Meter Commission shall render a decision within one week of the hearing. (1994 C., § 17.76.070; Ord. No. 63590, § 2(part), 1995; Ord. No. 61128, § 3, 1988.)

17.76.080 Personal residence—Permit issuance.

Upon request, the Office on the Disabled shall issue a permit to an owner of a vehicle that has been issued a disabled license plate or placard by the state and who has a disabled parking space in front of their

residence issued pursuant to City ordinance. The permit should be posted on the windshield of said vehicle and shall show the address of the residence where the disabled parking space is located. (1994 C., § 17.76.080; Ord. No. 65142, § 2(part), 2001; Ord. No. 63103, § 1, 1993.)

17.76.090 Personal residence—Posting of signs.

Upon the issuance of said permit, the Office on the Disabled shall notify the Traffic and Transportation Administrator who shall post on the signs indicating disabled parking only a sign indicating the disabled parking space is reserved at all times for permit parking only. (1994 C., § 17.76.090; Ord. No. 65142, § 2(part), 2001; Ord. No. 63103, § 2, 1993.)

17.76.100 Personal residence—No parking without permit.

No person shall park a vehicle in a permit disabled parking space unless said vehicle has posted on its windshield a permit issued by the Office on the Disabled for that specific disabled parking space. (1994 C., § 17.76.100; Ord. No. 65142, § 2(part), 2001; Ord. No. 63103, § 3, 1993.)

17.76.110 Removal of any residential disabled parking space and cancellation of permit.

A. Any residential disabled parking permit and space shall be removed by the Streets Department directed by the Office on the Disabled for any of the following reasons:

1. Permitted vehicle is not parking in the space at least five (5) days and nights each week.

2. Space holder is using off-street parking.

3. Non-permitted vehicle owned by the permitted space holder is parking in the space.

4. Space holder has died, moved, or no longer has an eligible disability.

5. Space holder erects, builds or has suitable off-street parking available.

6. Space holder's residence is declared a nuisance property.

B. The Office on the Disabled shall document the reasons for any removal and inform the permitted space holder by certified mail of any decision to remove the space and cancel the permit. Once the space is removed and the permit is cancelled, the otherwise eligible resident will be eligible to reapply for the permit and space no sooner than six (6) months after removal/cancellation. (1994 C., § 17.76.110; Ord. No. 67757, § 2, 2007.)

SPACE REQUIREMENTS FOR DISABLED PARKING

Sections:

17.77.010 Parking spaces for persons with disabilities.

17.77.020 Location and marking.

17.77.030 Improper use of spaces—Penalty.

17.77.010 Parking spaces for persons with disabilities.

The required minimum number, location and size of disabled parking spaces on parking lots open to and usable by the public shall comply with the current City of St. Louis Building Code and Zoning Code. (1994 C., § 17.77.010; Ord. No. 65142, § 3, 2001; Ord. No. 63590, § 3(part), 1995; Ord. No. 61550, § 3(part), 1989; Ord. No. 60124, § 3(part), 1986; Ord. No. 58882, § 1, 1983.)

17.77.020 Location and marking.

On-street parking spaces reserved for persons with disabilities shall be provided and located nearest curb cuts or accessible entrances to buildings. Where meters are in force, each space shall be marked with a sign attached to the meter clearly identifying the space with the international symbol of access and the words "Disabled Parking." (1994 C., § 17.77.020; Ord. No. 63590, § 3(part), 1995; Ord. No. 61550, § 3(part), 1989; Ord. No. 60124, § 3(part), 1986.)

17.77.030 Improper use of spaces—Penalty.

Only vehicles displaying the Missouri disabled license plate placard, Missouri disabled veterans license plate or other state disabled license plate or placard shall utilize these spaces for persons with disabilities. Any person found guilty of parking in violation of Section 17.76.010 shall be fined not less than fifty dollars ($50.00) nor more than two hundred dollars ($200.00). (1994 C., § 17.77.030; Ord. No. 63590, § 3(part), 1995; Ord. No. 61550, § 3(part), 1989; Ord. No. 60124, § 3(part), 1986.)

17.78.090 Sign placement.
17.78.100 Penalty for violation.

17.78.010 Definitions.

Unless otherwise expressly stated or the contents clearly indicate a different intention, the following terms shall have the meaning shown:

A. "dBA" means the composite abbreviation for A-weighted sound level, and the unit of sound level, the decibel.

B. "Gross vehicle weight rating" or "GVWR" means the value specified by the manufacturer as a loaded weight of a single vehicle.

C. "Muffler or sound dissipative device" means a device for abating the sound of escaping gases of an internal combustion engine.

D. "Sound level" means the A-weighted sound pressure level measured with a fast response using an instrument complying with specifications for sound level meters of the American National Standards Institute, Inc. (ANSI SI.4-1971 or the latest approved revision thereof) or its successor bodies, except that only A-weighting and fast dynamic response need be provided.

E. "Sound level meter" will mean an apparatus or instrument including a microphone, amplifier, attenuator, output meter frequency weighting networks for the measurement of sound levels. (1994 C., § 17.78.010; Ord. No. 58602, § 1, 1982.)

17.78.020 Sound measurement.

A. The City shall adopt procedures which set forth criteria for the measurement of sound. Such procedures shall be revised from time to time to reflect current engineering judgment and advances in noise measurement techniques.

B. The City may provide for measurement at distances other than the 50 feet specified provided that correction factors are applied so that the sound levels so determined are substantially equivalent to those measured at 50 feet and measurement distance does not exceed 100 feet. The correction factors used shall be consistent with California Highway Patrol Sound Measurement Procedures HPH 83.1. (1994 C., § 17.78.020; Ord. No. 58602, § 2, 1982.)

17.78.030 Excessive noise prohibited.

It shall be unlawful for any person to operate or cause to be operated a motor vehicle or motorcycle on a public right-of-way at any time in such a manner that the sound level emitted by the motor vehicle or motorcycle exceeds the level set forth herein for the speed limit zone, regardless of the actual speed of the motor vehicle or motorcycle or any other manner prohibited by this section.

	Sound Level in dBA	
Vehicle Class	**Speed Limit 35 mph or Less**	**Speed Limit Over 35 mph**
Any motorcycle	82	86
Any other passenger car and/or other vehicles of GVWR of 10,000 lbs. or less	76	82

(1994 C., § 17.78.030; Ord. No. 58602, § 3, 1982.)

17.78.040 Violations designated.

The following acts or the causing thereof are declared to be in violation of this chapter:

A. The sounding of any horn, or other auditory signaling device on or in any motor vehicle or motorcycle on any public right-of-way or public space, except as a warning of danger;

B. The sounding of any horn or other auditory signaling device which produces the sound level in excess of 85 dBA at 15 meters (50 feet), except as a warning of danger;

C. The operating of, or causing to be operated, any motor vehicle or motorcycle not equipped with a muffler or other sound dissipative device in good working order and in constant operation;

D. The removing and rendering inoperative, or causing to be removed or rendered inoperative, other than for purposes of maintenance, repairs or replacement, any muffler sound dissipative device on a motor

vehicle or motorcycle. (1994 C., § 17.78.040; Ord. No. 58602, § 4, 1982.)

17.78.050 Exemptions.

The following are exempt from the operation of this chapter:

A. Emergency vehicles, designated as such by the state or City, and ambulances on emergency call;

B. Construction or agricultural equipment and street maintenance equipment that are on a job site or traveling on streets and highways. (1994 C., § 17.78.050; Ord. No. 58602, § 5, 1982.)

17.78.060 Penalty for violation.

Any person found guilty of violating any provision of this chapter shall be punished as provided by Section 1.12.010 of this Code. (1994 C., § 17.78.060; Ord. No. 58602, § 7, 1982.)

17.78.070 Lindell Boulevard and Newstead Avenue—Restrictions.

No person shall operate or permit the operation of any engine or motor providing motive power to a commercial vehicle with a gross vehicle weight in excess of ten thousand (10,000) pounds, or any auxiliary engine or motor located on such vehicle, while such vehicle is parked or standing on Lindell Boulevard between Newstead Avenue and Taylor Avenue or on Newstead Avenue between West Pine Boulevard and Maryland Avenue. (1994 C., § 17.78.070; Ord. No. 61303, § 1 1989.)

17.78.080 Lindell Boulevard and Newstead Avenue—Exemptions.

Section 17.78.070 shall not apply to:

A. A vehicle in the process of delivering or picking up loads during such period of time as operation of the engine or motor is necessary to operate equipment used to load or unload the vehicle;

B. A vehicle stopped in a traffic lane because of traffic congestion;

C. A vehicle in the process of loading or unloading passengers; or

D. A vehicle with a refrigeration compartment which is in the processing of delivering perishable commodities; however, this exemption shall not apply to a vehicle if the engine or motor is being operated solely for the purpose of air-conditioning the passenger compartment of such vehicle. (1994 C., § 17.78.080; Ord. No. 61303, § 2, 1989.)

17.78.090 Sign placement.

The Traffic Administrator shall have such signs made as are necessary for purposes of enforcing this chapter. He shall cause such signs to be placed in a manner calculated to give adequate notice of the provisions of this chapter to the public. (1994 C., § 17.78.090; Ord. No. 61303, § 2, 1989.)

17.78.100 Penalty for violation.

No person, firm, partnership or corporation shall operate a vehicle in violation of the provisions of this chapter. Any person, firm, partnership or corporation that violates this chapter shall, upon conviction thereof, be punished by a fine of not less than fifty dollars ($50.00) or more than five hundred dollars ($500.00) or by imprisonment for not more than ninety (90) days, or by both such fine and imprisonment. Each day a violation exists shall be considered a separate offense. (1994 C., § 17.78.100; Ord. No. 61303, § 2, 1989.)

PARKING FOR NEIGHBORHOOD STABILIZATION OFFICERS AND BUSINESS ASSISTANCE SPECIALISTS

Sections:

17.79.010 Allowed in no parking zones—Exceptions.

17.79.020 Authorized placard display required—Exclusive issuance—Ticket cancellation.

17.79.030 Placard to display ordinance number—Duplication prohibited.

17.79.010 Allowed in no parking zones—Exceptions.

The Neighborhood Stabilization Officers as designated by the Director of the Neighborhood Stabilization Office and the Business Assistance Specialists as designated by the Director of the Business Assistance Center, when on official duty, shall be allowed to park, without payment of fees, at any parking meter or contrary to posted "No Parking" zones. In no event will parking be allowed in front of fire plugs, mail boxes, bus stops, wheelchair ramps, within 30 feet of a curb line of any intersection, nor within disabled parking spaces unless the vehicle displays a permanent Missouri placard or license plate for the disabled. (1994 C., § 17.79.010; Ord. No. 64461, § 1, 1998.)

17.79.020 Authorized placard display required—Exclusive issuance—Ticket cancellation.

Each authorized individual shall display one (1) placard, approved by the Director of their respective departments, in either the front or rear window of private or City vehicles, to indicate that the individual is on official City business and is exempt from parking fees, citations, and parking tickets, in accordance with this chapter, during normal working hours. Neither the Director of the office of Neighborhood Stabilization nor the Director of the Business Assistance Center shall issue such placards to any person not on the office of Neighborhood Stabilization payroll. The Director of the office of Neighborhood Stabilization and the Director of the Business Assistance Center shall have the authority to request cancellation of parking tickets issued contrary to this chapter. (1994 C., § 17.79.020; Ord. No. 64461, § 2, 1998.)

17.79.030 Placard to display ordinance number—Duplication prohibited.

Each placard shall prominently display the number assigned to the ordinance codified in this chapter by the Register of the City. Any duplication or photocopying of such placards is prohibited. (1994 C., § 17.79.030; Ord. No. 64461, § 3, 1998.)

17.80.010 Parking facility—Area designated.

The Director of Parks, Recreation and Forestry is hereby authorized to operate as a facility for the overnight parking of recreational vehicles and for parking of such other vehicles as may be deemed by the Director to be appropriate for those areas of the right-of-way leased by the City from the state underneath and alongside the viaduct carrying Interstate Route 70, popularly known as the Poplar Street Bridge, and more particularly described as:

A. *Parcel No. 1.* A parcel of land located in City Block 53 described as follows: Beginning at a corner marking the point of intersection of the northern line of Plum Street (32 feet, 1 inch wide) with the western line of Second Street (38 feet, 6 inches wide); thence northeasterly 275.94 feet as measured along said western street line and its northeasterly prolongation thereof; thence westerly 217.00 feet after turning an angle of 87 degrees 30 minutes to the left; thence southwesterly 258.33 feet after turning an angle of 66 degrees 45 minutes to the left; thence southeasterly 220.00 feet after turning an angle of 107 degrees 15 minutes to the left; thence southerly 12 feet after turning an angle of 68 degrees 00 minutes to the right to a point in the said northern line of Plum Street; thence southeasterly along said northern street line to the point of beginning, containing 71,386 square feet, more or less.

B. *Parcel No. 2.* A parcel of land located in City Block 40, described as follows: Beginning at a point in the southern line of Poplar Street (32 feet 1 inch wide), said point being 159 feet westerly of a corner marking the point of intersection of the said southern line of Poplar Street with the western line of First Street (38 feet, 6 inches wide), as measured along said southern street line; thence easterly along said southern street line 159 feet to said corner; thence southwesterly 131.69 feet as measured along said western street line; thence southwesterly along the arc of a curve to the right having a radius of 563.36 feet to a point in the northern line of Plum Street (32 feet 1 inch wide), said point being 117 feet westerly of a corner marking the point of intersection of the said northern line of Plum Street with the said western line of First Street as measured along said northern street line of First Street as measured along said northern street line; thence westerly 212.50 feet as measured along said northern street line to the point of intersection with the eastern line of Second Street (38 feet 6 inches wide); thence northeasterly 278.85 feet as measured along said eastern street line and its northeasterly prolongation thereof; thence easterly 30 feet after turning an angle of 94 degrees 00 minutes to the right; thence extending southeasterly along the arc of a curve to the left, having a radius of 839.02 feet to the point of beginning containing 80,449 square feet, more or less. (1994 C., § 17.80.010; Ord. No. 58765, § 1, 1983.)

17.80.020 Schedule of charges—Disposition of revenue.

The Director of Parks, Recreation and Forestry is hereby authorized to establish and impose a schedule of

charges for the use of this facility, such charges to be established and levied in the same manner as for the existing Riverfront Parking lot, which this facility is an expansion of. All revenues collected from the operation of said lot shall be paid over to general revenue; provided, however, that the following shall be provided for prior to such funds being paid over to general revenue: the maintenance of said lot, and salaries of employees necessary to operate said lot, including park keepers and personnel necessary to keep the lot and adjoining wharf area clear of debris. The revenues generated from the lot shall be handled in accordance with procedures established by and set out in the cooperative agreement of March 1, 1956, as amended with the United States Department of Interior, National Park Service, for the operation of the Riverfront Parking lot, a copy of which is appended to the ordinance codified in this chapter and hereby incorporated by reference, with the exception that any excess revenues shall be paid into general revenue. (1994 C., § 17.80.020; Ord. No. 58765, § 2, 1983.)

17.80.030 Rules and regulations.

The Director of Parks, Recreation and Forestry is hereby authorized to promulgate rules and regulations necessary for the safe, efficient conduct and use of the facility. (1994 C., § 17.80.030; Ord. No. 58765, § 3, 1983.)

RSMo 307.178 (2016) Seat belts

Sections:

17.84.010 Passenger car defined.
17.84.020 Safety belts required.
17.84.030 Penalty for violation.

17.84.010 Passenger car defined.

As used in this chapter, the term "passenger car" means every motor vehicle designed for carrying ten persons or less and used for the transportation of persons; except that, the term "passenger car" shall not include motorcycles, motorized bicycles, motor tricycles and trucks with a licensed gross weight of twelve thousand pounds or more. (1994 C., § 17.84.010; Ord. No. 64259, § 3(1), 1997; Ord. No. 60668, § 1, 1988.)

17.84.020 Safety belts required.

A. Each driver, except persons employed by the United States Postal Service while performing duties for that federal agency which require the operator to service postal boxes from their vehicles, or which require frequent entry into and exit from their vehicles, and front seat passenger of a passenger car manufactured after January 1, 1968, operated on a street or highway in this City, and persons less than eighteen years of age operating or riding in a truck, as defined in RSMo 301.010, on a street or highway of this City shall wear a properly adjusted and fastened safety belt that meets federal National Highway, Transportation and Safety Act requirements; except that, a child less than four years of age shall be protected as required in RSMo. 307.179. No person shall be stopped, inspected, or detained solely to determine compliance with this section. The provisions of this section shall not be applicable to persons who have a medical reason for failing to have a safety belt fastened about their body, nor shall the provisions of this section be applicable to persons while operating or riding a motor vehicle being used in agricultural work-related activities. Noncompliance with this subsection shall not constitute probable cause for violation of any other provision of law.

B. Each driver of a motor vehicle transporting a child four years of age or more, but less than sixteen years of age, shall secure the child in a properly adjusted and fastened safety belt.

C. If there are more persons than there are safety belts in the enclosed area of a motor vehicle, then the driver and passengers are not in violation of this section. (1994 C., § 17.84.020; Ord. No. 64259, § 3(2—4), 1997: Ord. No. 60668, § 2, 1988.)

17.84.030 Penalty for violation.

Each driver who is found guilty or enters a plea of guilty to a violation of this section shall be assessed a fine not to exceed ten dollars. All other provisions of law and court rules to the contrary notwithstanding, no court costs shall be imposed on any person due to a violation of this chapter. In no case shall points be assessed against any person, pursuant to RSMo 302.302, for a violation of this chapter. (1994 C., § 17.84.030; Ord. No. 64259, § 3(5), 1997: Ord. No. 60668, § 3, 1988.)

Strip No. 1. The land described comprises all of Grantor's land in said U.S. Surveys 5 and 3096, and in said fractional Sections 4 and 5, lying within the southerly line of Brown Road and a line 75 feet perpendicularly distant northerly of the center line of State Highway STT, from Grantor's northwesterly property line at Station 27°51.87 to Station 48°44.31, and all of Grantor's land in said fractional Section 4 lying within lines 75 feet perpendicularly distant on each side of said center line from said Station 48°44.31 to the center line of Eva Avenue (40 feet wide) at Station 61°09.9.

Strip No. 2. Also all of Grantor's land in said fractional Section 4 lying within lines 75 feet perpendicularly distant on each side of said center line from the south line of right-of-way of the Wabash Railroad (100 feet wide) at Station 63°75.24 to Station 70°09.7 and all of Grantor's land in said fractional Section 4 lying within the east line of Brown Road and a line 50 feet perpendicularly distant westerly of said center line from said Station 70°09.7 to Station 89°00, and all of Grantor's land in said fractional Section 4 lying within the east line of Brown Road and a line 60 feet perpendicularly distant westerly of said center line from said Station 89°00 to the point of intersection of the west line of Brown Road and said line 60 feet perpendicularly distant westerly of said center line at Station 91°79.16.

Strip No. 3. Also all of Grantor's land in said fractional Section 9 of U.S. Survey 2524, lying south of the north line of Airport Road (70 feet wide) running east and west and west of the east line of Airport Road, running north and south and northerly and easterly of a line 60 feet perpendicularly distant southwesterly of said center line of State Highway STT from Station 96°06 to Station 107° 12.25; and all of Grantor's land in said Section 9 of U.S. Survey 2524 lying within the east line of Airport Road and a line 50 feet perpendicularly distant west of said center line of State Highway STT from said Station 107°12.25 to Station 108°00; also additional parcels as follows:

A parcel adjoining the southerly line of Wabash Avenue (60 feet wide) and adjoining the southwesterly line of second described parcel, described as follows:

From Station 63°75.25 on the center line of said State Highway STT at its intersection with the south line of right-of-way of the Wabash Railroad (100 feet wide), being also the northerly line of Wabash Avenue (60 feet wide) measured north 86°54′ west along said right-of-way line a distance of 5.86 feet to a point; thence south 26°46° west a distance of 65.51 feet to a point in the south line of Brown Road; thence north 86°54′ west along said south line of Brown Road a distance of 17.79 feet to a point in the southwesterly line of second described parcel, which is the point of beginning; thence continuing north 86°54′ west along said street line a distance of 268.78 feet to a point; thence south 78°24′ east a distance of 101. 12 feet to a point 15 feet perpendicularly distant southerly from said street line; thence south 86°54′ east a distance of 180 feet to a point; thence south 63°15′ east a distance of 139.99 feet to a point in the southwesterly line of second described parcel; thence northwesterly along said southwesterly line of second described parcel a distance of 156.84 feet to the point of beginning.

Also a parcel described as beginning at a point in the westerly line of second described parcel opposite Station 73°00 on the center line of State Highway STT; thence north 0°45 east along the west line of second described parcel a distance of 140.3 feet to a point opposite Station 71°59.7 on said center line; thence north 1°42′ west along the westerly line of second described parcel a distance of 143.34 feet to a point opposite Station 70°09.7 on said center line; thence south 83°15′ west a distance of 25 feet to a point; thence south 5°43′ east a distance of 141.48 feet to a point; thence south 3°05′ east a distance of 140.63 feet to the point of beginning.

A parcel adjoining the westerly line of second described parcel, having a width of zero (0) feet opposite Station 87°00 on the center line of said State Highway STT, increasing to a width of 10 feet opposite Station 89°00.

Said parcels contain twelve and three hundred thirteen thousandths (12.313) acres, more or less, exclusive of land in present streets, roads and Wabash Railroad right-of-way.

All airport and landing field easements upon the said strips are vacated and abolished.

[1]For airport name change, see § 18.04.010. (1994 C., § 18.04.040; Ord. No. 45663, §§ 1, 2, 1951.)

18.04.050 Sale of airport property.

The Mayor and the Comptroller are authorized and directed to sell to the state acting by and through the State Highway Commission at a price of not less than one hundred eighty-five thousand dollars certain real estate belonging to the City, described as follows:

All that part of Grantor's land located in U.S. Survey 168, Township 46 North, Range 6 East, St. Louis County, Missouri, and described as beginning at a point in Grantor's most northwestern property corner, as set out by deed recorded in Book 5725 at Page 183 of the St. Louis County Records; thence easterly along Grantor's north property line to a point in Grantor's east property line to a point in Grantor's most northeastern property corner; thence southerly along Grantor's east property line to a point in Grantor's most southeastern property corner; thence westerly along Grantor's south property line a distance of 461.84 feet to a point; thence south 83 degrees 01 minutes 25 seconds east a distance of 70.93 feet to a point; thence south 76 degrees 55 minutes 44 seconds east a distance of 126.84 feet to a point; thence north 8 degrees 20 minutes 00 seconds east a distance of 100 feet to a point; thence north 53 degrees 05 minutes 10 seconds west a distance of 152.59 feet to a point; thence north 78 degrees 17 minutes 22 seconds west a distance of 169.80 feet to a point in Grantor's west property line; thence north along Grantor's west property line a distance of 32 feet to the point of beginning and containing 66,916 square feet of new right-of-way.

Also all abutter's rights of direct access from Grantor's abutting land in U.S. Survey 168, Township 46

North, Range 6 East, to the thruway of Interstate Route 70 and to Pear Tree Lane along a line described as beginning at a point in Grantor's west property line as set out in the above-mentioned Book and Page, said point being 32 feet south of Grantor's most northwest property corner and extending south 78 degrees 17 minutes 22 seconds east a distance of 169.80 feet to a point; thence south 53 degrees 05 minutes 10 seconds east a distance of 152.59 feet to a point; thence south 8 degrees 20 minutes 00 seconds west a distance of 100 feet to a point; thence north 76 degrees 55 minutes 44 seconds west a distance of 126.84 feet to a point; thence north 83 degrees 01 minute 25 seconds west a distance of 70.93 feet to a point in the existing north right-of-way line of Pear Tree Lane.

Also a temporary easement for the construction of a slope or terrace, having a uniform width of 5 feet and lying north, west, southwest and south of and adjoining the following-described line: Beginning at a point in Grantor's south property line as set out in the above-mentioned Book and Page, said point being 461.84 feet west of Grantor's most southeastern property corner; thence south 83 degrees 01 minute 25 seconds east a distance of 70.93 feet to a point; thence south 76 degrees 55 minutes 44 seconds east a distance of 126.84 feet to a point; thence north 8 degrees 20 minutes 00 seconds east a distance of 100 feet to a point; thence north 53 degrees 05 minutes 10 seconds west a distance 152.59 feet to a point; thence north 78 degrees 17 minutes 22 seconds west a distance of 169.80 feet to a point in Grantor's west property line. Said last-described tract is to provide for the construction of a slope or terrace and the party of the second part seeks only a temporary easement for this purpose. Upon completion of the contemplated improvement of the highway, the owner shall have full, free and uninterrupted use and possession of said tract.

Also a temporary easement for the construction of an entrance described as beginning at a point in Grantor's most southwestern property corner as set out in the above-mentioned Book and Page; thence southeasterly along Grantor's south property line a distance of 106.46 feet to a point; thence northeasterly at right angles to said south property line a distance of 20 feet to a point; thence northwesterly and parallel with Grantor's said south property line to a point in Grantor's west property line; thence southerly along Grantor's said west property line to the point of beginning. Upon completion of construction of said entrance the easement rights in said last-described tract shall cease and be no longer in effect.

Said above-described temporary easements contain 5,260 square feet of land. (1994 C., § 18.04.050; Ord. No. 56507, § 2, 1973.)

18.08.020 Director of Airports.

A Director of Airports shall be the Chief Executive Officer of the Airport Authority of the City. The Director of Airports shall be appointed by the Mayor

for a term to run concurrently with the Mayor's term of office, or until his successor is appointed and qualified. The Director of Airports shall have:

A. Attained the age of thirty years;

B. Educational attainments or equivalent practical training approximating those necessary for graduation from a standard college or university with a degree in public administration, business administration, accounting, law, engineering or related fields;

C. During five of the ten years prior to appointment been actively engaged in operation, management, maintenance, accounting, design or construction work at or for air carrier airports. (1960 C., § 70.020; 1994 C., § 18.08.020; Ord. No. 54999, § 2, 1968.)

18.08.030 City Airport Commission.

The City Airport Commission, hereinafter called the "Commission," shall consist of the following members:

A. Director of Airports, who shall be Chairman of the Commission;

B. The Chairman of the Transportation and Commerce Committee of the Board of Aldermen (or such other committee to which, pursuant to the rules of the Board of Aldermen, bills affecting the airport are assigned);

C. The President of the Board of Aldermen;

D. The Comptroller;

E. Six members appointed by the Mayor;

F. On and after the effective date of that certain Cooperation Agreement between the City and St. Louis County, Missouri, authorized by Ordinance 61696 and the amendment authorized by Ordinance 65354, in addition to the six appointive members provided for in Subsection E, St. Louis County's Director of Aviation and four persons appointed by the County Executive of St. Louis County may be additional members of the Airport Commission as provided in such Cooperation Agreement and the amendment thereto;

G. On and after the effective date of that certain Cooperation Agreement between the City and St. Charles County, Missouri, authorized by Ordinance 64801, in addition to the six appointive members provided for in Subsection E of this section, one additional member of the Airport Commission may be appointed by the County Executive of St. Charles County, Missouri, as provided in such Cooperation Agreement;

H. On and after the effective date of that certain Cooperation Agreement between the City and St. Clair County, Illinois, authorized by Ordinance 64801, in addition to the six appointive members provided for in Subsection E of this section, one additional member of the Airport Commission may be appointed by the Chairman of the County Board of St. Clair County, Illinois, as provided in such Cooperation Agreement.

The terms of the appointive members serving on the City Airport Commission on the date the ordinance codified in this section becomes effective shall continue until their normal expiration dates, at which times the Mayor shall fill the expiring terms of members he appoints by making appointments for four-year terms. A majority of the Commission shall constitute a quorum for transacting business and every member shall be entitled to a vote. The Director and any member appointed by the Mayor may be removed upon three absences from meetings of the Commission in a calendar year or for other cause by the Mayor after written charges have been preferred and after a public hearing held on due notice to such member. Such member shall have the right to be heard in person or by counsel at any such public hearing. Each appointed member of the Commission shall be paid for each day on which he actually attends an official meeting of the Commission; the amount of pay shall be determined in accordance with the Charter and ordinances of the City. All members of the Commission shall be reimbursed for necessary traveling and other expenses incurred in the performance of their duties, subject to the approval of the Board of Estimate and Apportionment. (1960 C., § 70.030; 1994 C., § 18.08.030; Ord. No. 65354, § 4, 2001; Ord. No. 64801, § 4, 1999; Ord. No. 61696, § 4, 1989; Ord. No. 59242, § 2, 1984; Ord. No. 54999, § 3, 1968.)

Editor's Note:

Ordinance 59242 was approved August 6, 1984. The cooperative agreement in Ordinance 61696 was approved December 12, 1989.

18.08.040 Employees.

The Director of Airports is authorized to appoint, in accordance with the Charter and the ordinances of the City, the number of employees as is necessary in connection with the supervision, management and operation of the properties described in Section 18.08.050. (1960 C., § 70.040; 1994 C., § 18.08.040; Ord. No. 54999, § 4, 1968.)

18.08.050 Management and development.

The Commission shall be responsible for the planning, development, management and operation of all

City airports and all airport property, installations, and auxiliary facilities, including any lands or properties heretofore or hereafter owned and acquired by the City for airport purposes; or the processing, transporting and otherwise facilitating the movement of air passengers and property, and shall be responsible for the promotion and development of additional and improved aviation services as needed by the City. The Director shall be the Chief Executive Officer of the Airport Commission. (1960 C., § 70.050; 1994 C., § 18.08.050; Ord. No. 54999, § 5, 1968.)

18.08.060 Contracts.

The Director of Airports with the approval of the Airport Commission and the Board of Estimate and Apportionment shall have the power to enter into contracts, leases and agreements for concessions, rentals or use of the airport property and facilities. Any rental, lease, or agreement excluding fixed rate permits that exceed a period of three years must be approved by the Board of Aldermen and authorized by ordinance. All non-compete clauses and agreements must be approved by the Board of Aldermen and authorized by ordinance. All contracts, leases and agreements shall be executed in the name of the City of St. Louis and shall be signed by the Director of Airports and countersigned by the Comptroller. No lease or agreement requiring Aldermanic approval shall be extended beyond its expiration date without Aldermanic approval. (1960 C., § 70.060; 1994 C., § 18.08.060; Ord. No. 60900, § 2, 1988; Ord. No. 54999, § 6, 1968.)

18.08.070 Fees and charges.

The Director of Airports with approval of the Commission shall have power to establish schedules fixing all fees and charges, other than those contained in contracts, leases, and agreements entered into under Section 18.08.060, for use of the airport, landing field, hangars, and space in buildings located in and on the airport and to modify the same from time to time. (1960 C., § 70.070; 1994 C., § 18.08.070; Ord. No. 54999, § 7, 1968.)

City Counselor Ops.: 9579

18.08.080 Concession contracts.

Contracts for concessions shall be let:

1. On public bids to the highest bidder, reserving to the Airport Authority the right to reject any and all bids and the right to limit bids to qualified bidders as determined by the Airport Authority; or

2. Pursuant to a request for proposals process as determined by a Selection Committee consisting of (1) the Director of Airports, or their designee, who shall act as chairman of the committee; (2) one current employee of the Airport Authority selected by the Director of Airports; (3) one current employee of the City selected by the Mayor; (4) one current employee of the City selected by the Comptroller; and (5) one current employee of the City selected by the President of the Board of Aldermen. Each member of the committee shall be a voting member.

The Airport Authority shall in its sole discretion determine which procurement process to utilize when seeking to let any concession opportunity. The Director of Airports may promulgate rules and regulations, to be approved by the Commission, providing for administration of the request for proposals process.
(1960 C., § 70.080; 1994 C., § 18.08.080; Ord. No. 71531, § 1, 7-6-2022; Ord. No. 54999, § 8, 1968.)

Chapter 18.10

CONSENT OF CITY TO TRANSFER OF RIGHTS

Sections:

18.10.010	**Adopted.**
18.10.020	**Prior consent of City—Required.**
18.10.030	**Terms and conditions—To be prescribed by Director of Airports.**
18.10.040	**Decision based on interests of City.**
18.10.050	**Violation.**
18.10.060	**Applicability.**
18.10.070	**Conflict with FAA regulations.**

18.10.010 Adopted.

It is in the best interests of the City of St. Louis (the "City"), residents of the City and the metropolitan St. Louis area, airlines, airline passengers and those employed at Lambert-St. Louis International Airport (the "airport") or in industries dependent upon the airport, that the City, pursuant to its authority under state law, adopt the Nonassignment Ordinance codified in this chapter in order to: preserve and enhance the safety, capacity and security at the transportation facilities at the airport; protect the vital financial interests of the City, its residents and residents of the metropolitan St. Louis area; assure that air travel to and from the airport is not interrupted; safeguard the City from potential financial hardship caused by the deteriorating financial

condition of the airline industry; and ensure health, safety and welfare of those who travel to and from the airport and those employed at the airport. (1994 C., § 18.10.010; Ord. No. 62475, § 1, 1991.)

18.10.020 Prior consent of City—Required.

No permit, license, contract, lease or other agreement, or interest therein, for space, services or facilities at the airport shall be assumed, assigned or otherwise transferred by a party to such permit, license, contract, lease or agreement without prior consent in writing from the Director of Airports with the approval of the airport Commission, which consent shall not be unreasonably withheld. The foregoing shall not prevent assignment of a permit, license, contract, lease or other agreement, or interest therein, by an airline to any corporation with which the airline may merge or consolidate, or which may succeed to the business of the airline. (1994 C., § 18.10.020; Ord. No. 62475, § 2, 1991.)

18.10.030 Terms and conditions—To be prescribed by Director of Airports.

No person, corporation or other entity may engage in any commercial activity on the premises of the airport without the prior written consent of, and under terms and conditions prescribed by, the Director of Airports with the approval of the Airport Commission, other appropriate public body or public official. (1994 C., § 18.10.030; Ord. No. 62475, § 3, 1991.)

18.10.040 Decision based on interests of City.

Where this chapter requires the consent of the Director of Airports or other appropriate public body or public official, for a proposed assumption, assignment or other transfer (hereinafter collectively a "proposed transfer"), the Director of Airports or other public official shall base his decision upon whether the best interests of the City, the City's residents and those of the traveling public would be served by the proposed transaction. Where this chapter requires consent of the Airport Commission or other public body for a proposed transfer, the Airport Commission or other public body shall base its decision upon whether the best interests of the City, the City's residents and those of the traveling public would be served by the proposed transaction. Where this chapter requires consent of the Airport Commission or other public body for a proposed transfer, the Airport Commission or other public body shall base its decision upon whether the best interests of the City, the City's residents and those of the traveling public would be served by the proposed transaction. (1994 C., § 18.10.040; Ord. No. 62475, § 4, 1991.)

18.10.050 Violation.

Any assumption, assignment or other transfer promulgated in violation of this chapter shall be illegal, unenforceable and void. (1994 C., § 18.10.050; Ord. No. 62475, § 5, 1991.)

18.10.060 Applicability.

The terms, requirements and prescriptions of this chapter shall apply to all permits, licenses, contracts, leases and other agreements, or interests therein, for space, services or facilities at the airport existing at the time the ordinance codified in this chapter is enacted or anytime thereafter but shall not prevent any assignment or transfer specifically authorized by the terms of a permit, licenses, contract, lease or other agreement already existing at the time this chapter is enacted. (1994 C., § 18.10.060; Ord. No. 62475, § 6, 1991.)

18.10.070 Conflict with FAA regulations.

This chapter and the provisions herein are not intended to address matters regulated by the Federal Aviation Administration ("FAA regulations"). If any conflict is determined to exist between any provision in this chapter and FAA regulations, this chapter shall be construed as to defer to FAA regulations, without affecting the validity of this chapter. (1994 C., § 18.10.070; Ord. No. 62475, § 7, 1991.)

Chapter 18.12

AIRPORT REVENUE AND IMPROVEMENTS

City Counselor Ops.: 8824, 9322, 9354

Sections:

18.12.010 Accounting system.
18.12.020 Airport revenue fund—Deposits.
18.12.030 Airport revenue fund—Allocations.
18.12.040 Construction fund.
18.12.050 Investments.
18.12.060 Budget.

18.12.010 Accounting system.

It shall be the duty of the Director of Airports to install and maintain a modern airport accounting system under which revenues, expenses, and capital expenditures with their related fixed charges classified accord-

ing to functional areas at the airport, as a guide to the airport management and to permit the determination of equitable rates and charges for use of the airport facilities. The accounts shall be audited by the City Comptroller and shall be open to examination by any member of the Board of Aldermen. (1960 C., § 71.010; 1994 C., § 18.12.010; Ord. No. 54999, § 9, 1968.)

18.12.020 Airport revenue fund—Deposits.

All revenues derived from the operation and use of airports and airport properties, installations and facilities, including the net rentals derived from the lease or use of any lands acquired for airport purposes but which are not immediately being used for airport purposes, shall be deposited in the City Treasury to the credit of the airport revenue fund of the City. The revenues shall be deposited and held in a bank account

or accounts separate from all other bank accounts of the City. (1960 C., § 71.020; 1994 C., § 18.12.020; Ord. No. 54999, § 10, 1968.)

18.12.030 Airport revenue fund—Allocations.

Sums in the airport revenue fund shall be set aside for, allocated and credited to the following separate accounts by the City Comptroller, and such allocations and credits shall be made on the first business day of each and every month:

A. To an account designated the airport operation and maintenance account there shall be credited a sum sufficient to pay the estimated cost of operating and maintaining the airports and airport facilities in good repair and working order during the month; the sum to be determined by the Commission.

B. To an account designated the airport revenue bond account there shall be credited in each month sums at least equal to one-sixth of the amount of interest that will become due on all airport revenue bonds then outstanding on the then-next interest payment date and, beginning twelve months prior to the first maturity date of any bonds issued for airport purposes, one-twelfth of the amount of principal that will become due on such bonds on the then next maturity date. Sums in the account shall be used only for the payment of the principal of and the interest on the airport revenue bonds of the City as the same shall become due.

C. Into an account designated the airport revenue bond reserve account there shall be deposited the sum of ten thousand dollars per month. The payments shall be continued until the amount deposited and held in the account shall equal six hundred thousand dollars. When and as long as the sum of six hundred thousand dollars shall be on deposit in the account, no further payments need be made, but should the account be reduced or depleted for any reason, including the payments of bonds or the interest thereon, additional deposits shall be made thereafter at the rate of ten thousand dollars per month until the account shall be replenished and shall have credited thereto not less than the aforesaid sum of six hundred thousand dollars. Sums in the account shall be deposited in a separate bank account, subject to the provisions of Section 18.12.050, and shall be used only for the payment of the principal of and the interest on the airport revenue bonds of the City, and only when and to the extent that other funds are not available for that purpose. Sums in the account shall not be used to pay bonds called for payment prior to maturity unless all bonds issued hereunder are then to be retired.

D. To an account designated the airport replacement, improvement, and contingent account there shall be credited the sum of fifteen thousand dollars per month. The credits shall be continued until the amount accumulated in the account shall equal six hundred thousand dollars. When and as long as the sum of six hundred thousand dollars shall be credited to the account, no further allocations need be made but should the account be reduced or depleted for the purposes hereinafter provided, additional credits shall be made thereafter at the rate of not less than fifteen thousand dollars per month until the account shall be replenished and shall have credited thereto not less than the aforesaid sum of six hundred thousand dollars. Sums in the account shall be expended for the making of replacements, extensions, and improvements to the airports and airport facilities, and for the purpose of meeting unforeseen contingencies and emergencies arising in the operation of the airports and airport facilities of the City.

E. At the end of each fiscal year any balance remaining in the airport revenue fund, after making the allocations and credits required under Subsections A, B, C, and D of this section, shall be allocated and credited to an account designated the airport reserve account. Sums in the account shall be expended only for the following purposes and in the following order of priority:

1. For payment to the general revenue fund of the City out of the gross receipts derived from the operation of airports and airport facilities of the City during the fiscal year last ended (excluding therefrom all income derived from investment of airport funds as set forth in Sections 18.12.030 and 18.12.040) a sum equivalent to any gross receipts tax required to be paid to the City by privately owned utilities; however, in no event shall such sum be greater than the amount credited to the airport reserve account during such fiscal year;

2. For extensions and improvements to the airports and airport facilities; or

3. To pay and redeem airport revenue bonds of the City called for redemption according to the terms thereof, or to purchase such bonds in the open market, if obtainable at less than the call price. (1960 C., § 71.030; 1994 C., § 18.12.030; Ord. No. 54999, § 11, 1968.)

18.12.040 Construction fund.

A construction fund shall be maintained in which shall be deposited:

A. The proceeds from the sale of airport revenue bonds;

B. Reversions of unneeded balances in appropriation ordinances when such appropriation has been made from the construction fund;

C. Grants received from state, federal or other agencies; and

D. Any other airport development funds received; and from the construction fund appropriations may be made to pay the costs of airport acquisition, development, improvement and construction. (1960 C., § 71.040; 1994 C., § 18.12.040; Ord. No. 54999, § 12, 1968.)

18.12.050 Investments.

All sums in the accounts created by Sections 18.12.030 and 18.12.040 shall be kept on deposit in a bank or banks which are members of the Federal Deposit Insurance Corporation and shall be secured continuously at all times as provided by the laws of the state for other funds of the City, or in the discretion of the Board of Estimate and Apportionment, upon certification of the Airport Commission that funds are available for investment or reinvestment, such sums or any part thereof may be invested or reinvested in bonds or other obligations of the United States of America maturing or being redeemable at or prior to the time when the funds may be required for use under the terms of this title. All income and profits arising from any such investments shall be credited to the airport revenue fund referred to in Section 18.12.020. (1960 C., § 71.050; 1994 C., § 18.12.050; Ord. No. 54999, § 13, 1968.)

18.12.060 Budget.

Prior to the commencement of each fiscal year the Director of Airports shall prepare a budget which shall be approved by the Commission and which sets out the estimated receipts and expenditures of the airports and airport facilities of the City for the then-ensuing fiscal year. This budget shall contain:

A. An estimate of the receipts expected to be derived from the operation of the airports and airport facilities;

B. A statement of the estimated cost of operating such airports and airport facilities during the next-ensuing fiscal year;

C. A statement of any unusual and extraordinary expenses of operation or maintenance which might be reasonably anticipated and an estimate of the cost thereof;

D. A statement of what replacements to the airports and airport facilities may be anticipated and the estimated cost thereof;

E. A statement of the amount of interest to become due during the ensuing year on the airport revenue bonds then outstanding;

F. A statement of the principal of such bonds which will become due absolutely by their terms during the next-ensuing fiscal year;

G. The amounts, if any, to be paid into the accounts established under Section 18.12.030.B, C, and D;

H. A statement of the total amount anticipated to be payable from the revenues of the airports and airport facilities during the next-ensuing year. (1960 C., § 71.070; 1994 C., § 18.12.060; Ord. No. 54999, § 14, 1968.)

18.16.010 Acceptance.

The Airport Commission with the approval of the Mayor is authorized and directed to accept, take charge of, for and on behalf of the City, any donation or gift in the form of a work of art, monument, mural, statuary, other personal property, including money, and real estate for the furtherance of the development of any airport owned or operated by the City, subject to terms and conditions as may be agreed upon between the donor or donors thereof and the Airport Commission with the approval of the Mayor. (1960 C., § 72.010; 1994 C., § 18.16.010; Ord. No. 49580, § 1, 1959.)

City Counselor Ops.: 9678

18.16.020 Committee.

A. The Mayor is authorized and directed to select a committee of seven (7) persons to study and approve

the design, artistic merits and proposed location of any work of art, monument, mural, statuary or other personal property proposed to be donated or to be given to the City to insure that the gift or donation will harmonize with the general design and character of and further development of any airport owned or operated by the City. The members of the committee shall be appointed by the Mayor and approved by the Board of Aldermen.

B. Of the seven (7) persons initially appointed by the Mayor, three (3) shall be appointed for terms of four (4) years each, two (2) shall be appointed for terms of three (3) years each, and two (2) shall be appointed for terms of two (2) years each. All persons thereafter shall be appointed to serve a four-year term. (1960 C., § 72.020; 1994 C., § 18.16.020; Ord. No. 68797, §§ 1, 2, 11-23-2010; Ord. No. 49580, § 2, 1959.)

18.16.030 Selections.

Should the gift or donation be in the form of money for the erection, purchase, selection or acquisition of a work of art, monument, mural or statuary according to the terms of the gift or donation, the committee is authorized to select the work of art, monument, mural or statuary on behalf of and for the City to carry out the terms of the gift or donation and shall be further empowered to select the person, firm or corporation to design, create and complete the work of art, monument, mural or statuary in carrying out the terms and conditions of the gift or donation. (1960 C., § 72.030; 1994 C., § 18.16.030; Ord. No. 49580, § 3, 1959.)

18.16.040 Special account.

Any gift or donation in the form of money accepted on behalf of the City shall be deposited into a special account by the Comptroller and the Comptroller shall draw his warrant on the account only for the purposes of carrying out the terms and conditions of the gift or donation. (1960 C., § 72.040; 1994 C., § 18.16.040; Ord. No. 49580, § 4, 1959.)

20.12.010 Compliance with provisions required.

On and after the effective date of this chapter, no new public street or other public right-of-way ("street") shall be named, nor shall any existing street be renamed nor shall any new public street within a resubdivision be named, except as provided by this chapter. (1994 C., § 20.12.010; Ord. No. 68604, § 2, 3-16-2010.)

20.12.020 Procedure for naming or renaming a street.

A. A petition shall be filed in the office of the Planning and Urban Design Agency on such forms and in such manner as the Agency may prescribe. Such petition must be initiated by the owners of fifty-one percent (51%) or more of the recorded parcels of land fronting on any such street and the Alderman within whose ward any such street is situated, or, if such street is within more than one ward, by the Aldermen of each such ward. Each petition shall include, but not be limited to:

1. The proposed name of the street;

2. A general location map of the street;

3. A statement documenting the proposed name's significance; and

4. If the petition seeks to rename an existing street, a statement documenting the existing street name's significance.

B. Within five (5) days after a petition for naming or renaming a street has been filed as provided above, the Director of the Planning and Urban Design Agency shall transmit to the Clerk of the Board of Aldermen, the Board of Public Service, and the Postmaster for the City, copies of the petition together with all exhibits and documents appurtenant thereto.

C. Within forty-five (45) days after such transmittal the Board of Public Service shall review the petition and the Postmaster for the City may review the petition and may transmit to the Planning and Urban Design Agency such advice and recommendations as they may deem appropriate.

D. The Planning and Urban Design Agency shall, prior to making its determination with respect to the petition, permit any interested party an opportunity to appear before the Planning Commission and be heard. In its discretion, the Commission may hold a public hearing regarding the petition.

E. After review and consideration of the petition, recommendations of the Board of Public Service, and the Postmaster for the City and comments received from other interested parties the Planning Commission shall:

1. Approve the petition as submitted; or

2. Approve the petition with such modifications or conditions as the Commission shall deem appropriate; or

3. Disapprove the petition.

Such determination shall be in writing and shall be made within ninety (90) days after filing of the petition, or if a public hearing is held, then within sixty (60) days after such public hearing; provided that the Commission may vote to extend such time period to permit additional studies or reports to be completed or for other good cause.

F. In the event of disapproval of the petition, the Commission shall state the reasons therefor and possible alternatives thereto, and shall forward a copy thereof to the petitioner, the Clerk of the Board of Aldermen, the Board of Public Service, and the Postmaster for the City.

G. In the event of approval of a petition, the Planning and Urban Design Agency shall cause to be prepared a bill for consideration by the Board of Aldermen. Within thirty (30) days after the Commission's approval of the petition, a copy of such bill shall be transmitted to the Clerk of the Board of Aldermen, the Board of Public Service, and the Postmaster of the City.

H. After such bill, as provided in Subsection G of this section, is introduced in the Board of Aldermen and assigned to the Board's appropriate committee, said bill shall not be voted on by the Board until a public hearing is held by the committee. At least fifteen (15) days prior to the public hearing, the committee shall require the Clerk of the Board of Aldermen to cause to be published in one (1) daily newspaper of general circulation in the City, a notice of the pendency of the bill. The notice shall contain a clear description of the location of the street, the proposed name, and the date, time and place of the hearing at which property owners affected thereby, or others interested therein, may appear before the aforesaid committee to be heard. Provided, however, that before any action shall be taken as provided in this section, the petitioner proposing such street name shall deposit with the Clerk of the Board of Aldermen the sum of one hundred dollars ($100.00) to cover the approximated cost of this procedure. Should said deposit be found to be insufficient to cover the actual costs of any newspaper publication herein provided, then petitioner, upon notice from the Clerk, shall immediately and prior to the insertion of any such publication, supply such additional sum of money so found to be required for this purpose. Provided further, however, that under no condition shall money be refunded for failure of said bill to be enacted into law. Any part of the money so deposited which is not expended by the Clerk shall be refunded to the petitioner. In addition, at least ten (10) days prior to the public hearing, the Clerk of the Board of Aldermen shall cause a placard containing the words "Proposed Street Name or Street Name Change in This Block" to be printed in large type and erected at each end of every block fronting said street. Such placards shall also have prominently displayed and firmly attached thereto a copy of the notice which appears in the daily newspapers.

I. Whenever a hearing is held pursuant to Subsection H of this section, the committee shall receive evidence for and against the proposed action and hear all protests; rule upon all protests which determination shall be final; and may continue the hearing from time to time. Proceedings shall terminate if protest is made by a majority of the property owners fronting any such street to be named or renamed by the bill. (1994 C., § 20.12.020; Ord. No. 68604, § 2, 3-16-2010.)

20.12.030 Procedure for naming a new street within a resubdivision approved by the Board of Public Service.

A. A petition shall be filed in the office of the Planning and Urban Design Agency on such forms and in such manner as the Agency may prescribe. Such petition must be initiated by the developer or his agent and the Alderman within whose ward any such street is situated, or, if such street is within more than one ward, by the Aldermen of each such ward. Each petition shall include, but not be limited to:

1. The proposed street name;

2. A general location map of the street;

3. A statement documenting the proposed name's significance.

B. Within five (5) days after a petition for naming a street has been filed as provided above, the Director of the Planning and Urban Design Agency shall transmit to the Clerk of the Board of Aldermen, the Board of

Public Service, and the Postmaster for the City, copies of the petition together with all exhibits and documents appurtenant thereto.

C. Within forty-five (45) days after such transmittal the Board of Public Service shall review the petition and the Postmaster for the City may review the petition and may transmit to the Planning and Urban Design Agency such advice and recommendations as they may deem appropriate.

D. The Planning Commission shall, prior to making its determination with respect to the petition, permit any interested party an opportunity to appear before the Commission and be heard. In its discretion, the Commission may hold a public hearing regarding the petition.

E. After review and consideration of the petition, recommendations of the Board of Public Service, and the Postmaster for the City of St. Louis, and comments received from other interested parties, the Planning Commission shall:

1. Approve the petition as submitted; or

2. Approve the petition with such modifications or conditions as the Commission shall deem appropriate; or

3. Disapprove the petition.

Such determination shall be in writing and shall be made within ninety (90) days after filing of the petition, or if a public hearing is held, then within sixty (60) days after such public hearing; provided, that the Commission may vote to extend such time period to permit additional studies or reports to be completed or for other good cause.

F. In the event of disapproval of the petition, the Commission shall state the reasons therefor and possible alternatives thereto, and shall forward a copy thereof to the petitioner, the Clerk of the Board of Aldermen, and the Board of Public Service, and the Postmaster for the City.

G. In the event of approval of a petition, the Planning and Urban Design Agency shall cause to be prepared a bill for consideration by the Board of Aldermen. Within thirty (30) days after the Commission's approval of the petition, a copy of such bill shall be transmitted to the Clerk of the Board of Aldermen, the Board of Public Service and the Postmaster for the City. (1994 C., § 20.12.030; Ord. No. 68604, § 2, 3-16-2010.)

20.12.040 Criteria for street names.

A street may be named for any person, place, creation, or number provided that:

A. It is conducive to good City planning, contributes to the conservation of property values and to the protection of the equity invested by residents and owners of property fronting on said street, as well as the general interests of the other citizens of the City; and

B. It has significance or value as part of the development, heritage, or cultural characteristics of the City, state, or nation and contributes to civic pride and wider public knowledge and appreciation of the heritage and history of St. Louis; and

C. It does not detract from our historical heritage by renaming a street which name has greater significance than the proposed name; and

D. It names or renames all segments of the same street within the boundaries of the City of St. Louis as to avoid the previous confusion that has resulted when just a portion of a street was renamed; provided, however, that a "street," "avenue," or "boulevard" designation may be changed to "place," "terrace" or other suitable designation if a segment of said street has been permanently closed by ordinance; and

E. When a street is to be named or renamed for a person:

1. The petition shall not be filed until after the first anniversary of such person's death; and

2. Only such person's last name shall be used as a street name unless additional identification is necessary to prevent a duplication of street names in the metropolitan area. (1994 C., § 20.12.040; Ord. No. 68604, § 2, 3-16-2010.)

20.12.050 Designation of honorary street names.

A. Whenever the Board of Aldermen for the City of St. Louis determines to recognize an individual or group of individuals by naming a street or other public easement in honor of such individual or group of individuals, the street or other public easement shall retain its official name and its legal status, and a suitable sign shall be installed by the Director of Streets at the location designated by the ordinance indicating the name of the individual or group of individuals to be so honored. The ordinance shall also include the basis for the individual or group of individuals to be so honored by an honorary street name.

B. The actual costs for the manufacturing, installation and any other related costs for the honorary

street name sign shall be paid to the Street Department prior to the manufacturing and installation of said sign by the individual or group of individuals requesting the honorary street name sign.

C. Sixty percent (60%) of the registered voters residing and/or owning a business on the block being renamed, shall indicate by petition that they desire the street to receive the designation of an honorary name. (1994 C., § 20.12.050; Ord. No. 68937, § 1, 7-5-2011)

20.14.080 **Placing signs in streets or alleys to be vacated.**

20.14.090 **Street or alley vacation processing fee.**

20.14.010 Subdivision plans.

All plans of subdivisions, additions or partitions, containing dedications of streets, avenues, boulevards or alleys, shall be submitted to the Board of Public Service. After having been examined and approved by the Board, the subdivision, addition or partition shall be a part of the general plan for the location and grade of the streets within the City, and the Board of Public Service, through the President thereof, shall endorse thereon that the same is in accordance with the general plan of the City; provided, however, that in all cases where any lands within the City are subdivided or laid out in blocks, lots or sublots, the map or plat thereof shall bear the certificate of a responsible surveyor to the effect that the streets thereon represented are correctly shown and located, and they shall be designated as streets, if they have been or are dedicated or opened according to law, or as proposed streets if opening is incomplete. (1994 C., § 20.14.010; Ord. No. 68604, § 3, 3-16-2010.)

20.14.020 Notice to Alderman of dedication.

Whenever a petition or request is received by the Board of Public Service to approve a dedication or grant, absolute or conditional, of a highway, street, boulevard, parkway, or alley, under the provisions of Section 5(a) of Article XIII of the Charter, the Board of Public Service is directed to notify the Alderman of the ward in which the proposed dedication or grant is sought by mail within seventy-two hours after receipt of the request or petition that the petition or request has been made of such Board. (1994 C., § 20.14.020; Ord. No. 68604, § 3, 3-16-2010.)

20.14.030 Quitclaim deeds—Issuance.

The Mayor and Comptroller are authorized and directed to issue quitclaim deeds to the parties from whom the City acquired title, or to their legal representatives, for all property bought by the City for assessments of benefits in opening streets and alleys. (1994 C., § 20.14.030; Ord. No. 68604, § 3, 3-16-2010.)

20.14.040 Quitclaim deeds—Payments.

Before any deed described in Section 20.14.030 shall issue the amount of the purchase money paid by the City for the property, and also all money expended by the City on account of the property, together with interest at the rate of six percent per year, from the date of purchase and expenditure of money aforesaid, and costs, shall be paid into the City Treasury, and a receipt for the same filed with the Comptroller. Thereupon a deed shall issue for the property so redeemed; provided, however, that in all cases in which the City has purchased any real property, or any interest therein, under a judgment or execution in a street or alley proceeding, the parties from whom the City acquired title, or their legal representatives, shall pay the sum hereinabove provided within the period of one (1) year from the date the property was purchased; provided further, that in all cases in which the City has heretofore purchased any real property, or any interest therein, prior to March 14, 1941, under a judgment or execution in a street or alley proceeding, the parties from whom the City acquired title, or their legal representatives, shall have the right to redeem the property as provided herein by paying the sum provided within the period of one year from March 14, 1941. (1994 C., § 20.14.040; Ord. No. 68604, § 3, 3-16-2010.)

20.14.050 Redemption of property.

In all cases in which the City has purchased any real property or any interest therein, under a judgment or execution in a street or alley proceeding originating prior to October 22, 1876, or there exists an unsatisfied

special assessment of the above character in favor of the City, the property affected may be redeemed upon the following conditions:

A. In cases where the property was purchased by the City under a judgment or execution, there shall be paid into the City Treasury one-half of the amount of purchase money named in the deed and thereupon a deed shall issue for the property so redeemed; provided, however, that this section shall not apply to property of which the City is in possession;

B. In cases where there exists an unsatisfied special assessment of the character described above there shall be paid into the City Treasury one-half of the amount of the original assessment, and thereupon the special assessment shall be marked satisfied on the records in the Comptroller's Office, provided, property heretofore acquired by the City under this section may be redeemed as provided herein, by the parties from whom the City acquired title, or their legal representatives, within one year from March 14, 1941. (1994 C., § 20.14.050; Ord. No. 68604, § 3, 3-16-2010.)

20.14.060 Notice to be given.

The Comptroller is authorized to notify the parties interested herein, in such manner as to him shall seem most expedient. (1994 C., § 20.14.060; Ord. No. 68604, § 3, 3-16-2010.)

20.14.070 Plats to be furnished City Counselor.

Whenever the Board of Aldermen shall provide by ordinance for establishing, opening, widening or altering any boulevard, street, avenue, alley, wharf, marketplace or public square or route for a sewer or water pipe or for changing an existing street into a boulevard or to condemn private property for other or different public uses than those already specified in this section, and it is necessary to take private property for the same, the Director of Streets shall furnish the City Counselor with all necessary plats showing the property affected by the proposed improvement and the metes and bounds and the names of the owners thereof. (1994 C., § 20.14.070; Ord. No. 68604, § 3, 3-16-2010.)

20.14.080 Placing signs in streets or alleys to be vacated.

Whenever a bill vacating a street, alley, public walk, or parkway is introduced in the Board of Aldermen, the Clerk of the Board shall forward a copy thereof to the Director of Streets, who shall cause one or more signs to be posted within or adjacent to the area to be vacated. The signs shall state, in letters not less than two inches high, that a bill is pending in the Board of Aldermen to vacate the street, alley, public walk or parkway, as the case may be. When the signs are posted, the Director of Streets shall notify the Clerk, in writing, and the Clerk shall file the notice with the committee of the Board of Aldermen to which the bill is referred.

When an ordinance authorizing the filing of a condemnation suit to open or widen a public highway is introduced, and contains a provision for the vacation of a portion of a street or alley, this section shall not apply. (1994 C., § 20.14.080; Ord. No. 68604, § 3, 3-16-2010.)

20.14.090 Street or alley vacation processing fee.

A processing fee of five hundred dollars ($500.00) is hereby established to be paid at the time a petition is submitted to vacate any street or alley within the City. (1994 C., § 20.14.090; Ord. No. 68604, § 3, 3-16-2010.)

HOUSE NUMBERING

Sections:

20.16.010 Manner of numbering.
20.16.020 New numbers.
20.16.030 Base line and central base line.
20.16.040 Rectifying lines.
20.16.050 Assignment of numbers.
20.16.060 Location of numbers.
20.16.070 Certificate of proper number.

20.16.010 Manner of numbering.

The numbering of all houses, buildings and other structures fronting on or having entrances on public streets within the City limits in force on January 1, 1916, shall be in conformity with the following rules and regulations:

A. The odd numbers shall be applied to the north and west sides of the streets and even numbers shall be applied to the south and east sides of the streets;

B. On all streets running in a northerly and southerly direction, the numbering shall commence with the numbers one and two at Market Street, and shall increase proceeding north and south at the rate of one hundred numbers for each City block as nearly as possible;

C. On all streets running in a westerly direction, the numbering shall commence at the wharf, and shall increase proceeding westerly at the rate of one hundred

numbers for each City block as nearly as possible. (1994 C., § 20.16.010; Ord. No. 68604, § 4, 3-16-2010.)

20.16.020 New numbers.

The Building Commissioner may number or renumber any block, house, building or other structure or the plural thereof as he in his discretion may deem necessary. He shall establish rectifying lines as may be necessary for the numbering of any new districts, but not so as to conflict with the rectifying lines established.

Within six (6) months of the passage of the ordinance codified in this section, it shall be the responsibility of all owners of structures located within the City to place proper street numbers on their respective premises, as set forth in and described in this section and Section 20.16.060. Buildings numbered on the date of the effectiveness of the ordinance codified in this section are exempt if they have numbers, although the numbers are not of the size specified in this chapter.

Numbers may be placed on porch columns, building walls, on awnings, mailboxes, front yard fence posts, step risers, hand rail end posts, front lawn light posts, door frames, side lights, transoms, storm or screen doors, or other approved locations, in addition to the locations mentioned in this chapter.

Numbers may be metal, wood, plastic, decals, carved into architectural features, or of any approved material.

Enforcement of this chapter is delegated to the Division of Building and Inspection when it issues occupancy permits or building orders under the Property Maintenance Code. All penalties and appeals provisions of the Property Maintenance Code then apply.

House numbers being vital to the public safety, the St. Louis Fire Department is hereby empowered to enforce this chapter as a portion of the Fire Prevention Code. All appeals and penalties of that code then apply. In addition, the St. Louis Police Department is empowered to cite violators under the penalty provisions of this section.

Penalty Clause. Any person who shall violate provisions of this chapter shall, upon conviction thereof, be subject to a fine of not less than fifty dollars ($50.00) nor more than five hundred dollars ($500.00) or imprisonment for a term not to exceed ninety (90) days, or both, at the discretion of the court. (1994 C., § 20.16.020; Ord. No. 68604, § 4, 3-16-2010.)

20.16.030 Base line and central base line.

A base line and a central base line are established. The base line shall run north and south along the entire Mississippi River front to the intersections by the northern and southern City limits lines, and the central base line at Market Street, thence running westerly along Market Street to the intersection of Laclede Avenue to the intersection of the eastern line of Forest Park, thence westerly through Forest Park to the intersection of the west line of Skinker Road at Wydown Boulevard, thence westerly along Wydown Boulevard to the intersection of the City limits line. (1994 C., § 20.16.030; Ord. No. 68604, § 4, 3-16-2010.)

20.16.040 Rectifying lines.

Rectifying lines are established as follows: Jefferson Avenue shall be twenty-six hundred west; Grand Avenue shall be thirty-six hundred west; King's Highway, north from the intersection of Lindell Avenue, shall be fifty hundred west, and King's Highway, south from the intersection of Euclid Avenue to its intersection with Gravois Avenue, shall be forty-nine hundred west; Euclid Avenue from its intersection with King's Highway to its intersection with Lindell Avenue shall be forty-nine hundred west; Park Avenue, from the east line westerly to the center line of Missouri Avenue, shall be fourteen hundred south; Park Avenue, from the center line of Missouri Avenue westwardly to Tower Grove Avenue, shall be fifteen hundred south; Arsenal Street, from the base line to the intersection of the western City limits, shall be thirty-one hundred south; Eichelberger Street, from the base line to the intersection of the western City limits, shall be fifty-four hundred south; Cass Avenue, from the base line to the intersection of Easton Avenue, shall be fifteen hundred north; Easton Avenue, from the intersection of Cass Avenue to the western City limits, shall be fifteen hundred north; Salisbury Street, from the base line to the intersection of Natural Bridge Avenue, shall be thirty-seven hundred north; Natural Bridge Avenue, from the intersection of Salisbury Street, to the western City limits line, shall be thirty-seven hundred north; Calvary Avenue, from the base line westerly to the intersection of Florissant Avenue, shall be seventy-five hundred north, except at Florissant Avenue, which shall be seventy-four hundred north. In the district bounded by Grand Avenue, Laclede Avenue (central base line), Florissant Avenue, and the western City limits line, the streets shall be treated and numbered as north streets

from central base line. Florissant Avenue shall retain its present system of numbering. (1994 C., § 20.16.040; Ord. No. 68604, § 4, 3-16-2010.)

20.16.050 Assignment of numbers.

There shall be one number allowed for every twenty feet of vacant ground or building, house or structure. There shall be a full number assigned for any building, house or structure twenty feet in width. There shall also be assigned a half number for any building, house or structure or through passage way leading from any street to the rear of premises less than twenty feet in width. There shall also be assigned a full number, with the letter "A," for any entrance leading directly from any street or highway to any second floor apartment, regardless of the purpose for which the apartment is to be used. All numbering shall be done as directed by the Street Commissioner. All numbers shall be assigned to meet the door openings as nearly as possible. The Street Commissioner shall, where a block is more than one thousand feet long, cause duplicate numbers to be issued, except that the full number will have the letters "N," "S," or "W," as follows: On all east and west streets where the house, building, or structure shall be ten hundred twenty feet from the starting number, the house, building or structure shall take the starting number of the block with the letter "W" for the first floor entrance; second floor entrance to have a full number with the letters "W-A." This shall continue until two thousand feet have been reached, or until a rectifying line has been reached or until a change of hundred has been reached. The above shall apply, also, to streets numbered south from the central base line, except that the letter "S" shall be used for the first floor and "S-A" for the second floor. The same mode of numbering shall be applied to streets numbered from the central base line north, except that the letter "N" shall be used for the first floor and the letters "N-A" shall be used for the second floor entrances. (1994 C., § 20.16.050; Ord. No. 68604, § 4, 3-16-2010.)

20.16.060 Location of numbers.

The responsibility for the proper numbering of each house, building or other structure on the street front and, if there be an alley entrance, also at the alley entrance to the premises, on which the house, building or structure is located shall rest upon its owner, trustee, lessee, agent, or occupant, who shall cause the same to be numbered. The number shall be placed either on the front transom bar, front transom glass, or front show window over or on either side of the entrance, the address numbers shall be Arabic numerals and shall be of paint or metal and at least three inches in height with a minimum stroke width of 0.5 inches, the color of the numbers to be in contrast to the immediate background, and shall be so placed as to be in full view from the opposite side of the street. No house number shall be covered with any sign, drapery or other obstruction tending to conceal the number. All old numbers must be removed from any house, building or other structure when a new number has been assigned or when so directed by the Building Commissioner. The house number shall be placed conspicuously at the alley entrance, the same to be of paint or metal figures not less than three inches high. The Building Commissioner may require the numbering and renumbering of any house, building or other structure and the alley entrance thereof, in accordance with his directions. (1994 C., § 20.16.060; Ord. No. 68604, § 4, 3-16-2010.)

20.16.070 Certificate of proper number.

The Building Commissioner shall furnish a certificate of the proper house number to all persons taking out building permits, and to all persons desiring data or information for the proper numbering of any house, building or other structure. (1994 C., § 20.16.070; Ord. No. 68604, § 4, 3-16-2010.)

PART I. PUBLIC STREETS AND ALLEYS

20.18.010 Cleaning.

The work of sweeping and cleaning the roadways, including the gutters, of all paved public streets in the City shall be done under the supervision of the Street Commissioner. (1994 C., § 20.18.010; Ord. No. 68604, § 5, 3-16-2010.)

20.18.030 Vehicles belonging to City employees not to be used in City work.

No teams, wagons, carts, trucks, automobiles or other vehicles belonging in whole or in part to the Street Commissioner or to any officer or employee in any of the departments shall be used, directly or indirectly, for any work done or performed for or by the City. (1994 C., § 20.18.030; Ord. No. 68604, § 5, 3-16-2010.)

20.18.040 City vehicles.

The Street Commissioner and superintendents in the Street Division shall be furnished conveyances and the cost of maintenance shall be paid out of the City Treasury. (1994 C., § 20.18.040; Ord. No. 68604, § 5, 3-16-2010.)

20.18.050 Repair defined.

"Repair" as used in this chapter means to restore any hole, depression or excavation in any street or highway to a good, safe or sound condition after deterioration, injury, damage, dilapidation or partial destruction. (1994 C., § 20.18.050; Ord. No. 68604, § 5, 3-16-2010.)

20.18.060 Payment for repairs.

Unless otherwise provided for, whenever in the opinion of the Director of Streets the pavement of the roadway of any improved public highway is in need of repair, it shall be the duty of the Street Commissioner to cause the repairs to be made and the cost thereof shall be charged to and paid out of appropriations for current expenses of the Street Division. When the repairs have become necessary as a result of an excavation in or under the pavement of the highway or of the passage in the highway of vehicles not conforming to the City ordinances regulating weight, equipment and character of vehicles or of any other act not consistent with the lawful use of the highway, the cost of the repairs shall be charged against the person responsible for the damage and collected as other indebtedness to the City is collected. (1994 C., § 20.18.060; Ord. No. 68604, § 5, 3-16-2010.)

20.18.070 Materials for repair.

Whenever the Board of Public Service shall consider it advisable and for the best interest of the City to utilize materials for the repair or maintenance or in the resurfacing of the roadway of an improved public highway different in character from the materials with which the roadway has previously been constructed or reconstructed, it may, by a vote of the majority of all of its members, authorize the use of other specified materials in the repair of the roadway and upon such action by the Board it shall authorize and direct the Director of Streets to cause the roadway to be repaired and maintained as authorized by the Board; provided, however, that the Street Commissioner, with the approval of the Director of Streets, in making temporary and emergency repairs of the roadways of public highways, may use suitable materials, although different in character, from the materials with which the roadway has previously been constructed or reconstructed. (1994 C., § 20.18.070; Ord. No. 68604, § 5, 3-16-2010.)

20.18.080 Private construction—Permit required.

The Board of Public Service is authorized to grant permission to the owners of property fronting upon or adjoining any street, avenue, public highway or alley to grade, construct or reconstruct the curbing, guttering, roadway paving or sidewalk paving of the street, ave-

nue, public highway or alley at the property owner's own cost and expense. (1994 C., § 20.18.080; Ord. No. 68604, § 5, 3-16-2010.)

20.18.090 Private construction—Supervision of work.

All work authorized by Section 20.18.080 shall be done under the supervision of and according to plans and specifications approved by the Board of Public Service. (1994 C., § 20.18.090; Ord. No. 68604, § 5, 3-16-2010.)

20.18.100 Private construction—Cleaning and repair by City after construction.

The roadways of streets, avenues and public highways constructed or reconstructed under the provisions of Section 20.18.080 shall be cleaned and repaired by the City as other streets of similar material and construction are cleaned and repaired. (1994 C., § 20.18.100; Ord. No. 68604, § 5, 3-16-2010.)

20.18.110 Private construction—Conditions upon which permit granted.

All permits granted under the provisions of Section 20.18.080 shall be given upon the express condition that they shall not be construed to impair in any way the right of the City to reconstruct the streets, avenues, public highways or alleys at any time, nor to entitle the owners to any claim for damages against the City for reconstructing the same. (1994 C., § 20.18.110; Ord. No. 68604, § 5, 3-16-2010.)

20.18.120 Private construction—Deposit.

Before permission is issued under the provisions of Section 20.18.080, the person making application therefor shall pay into the City Treasury a sum of money to be fixed by the Board of Public Service, but not less in any case than two hundred fifty dollars. The moneys shall be a special fund out of which shall be paid the cost of all engineering and inspection which shall become necessary on account of any work done under permission, as well as all costs for refilling or any other expenses to which the City may be put on account of the work or any violations of the conditions or regulations under which the same is done, and if, after deducting all payments there be any remainder, it shall be returned to the person by whom the fund was deposited. (1994 C., § 20.18.120; Ord. No. 68604, § 5, 3-16-2010.)

PART II. PRIVATE STREETS, CURBS, SIDEWALKS AND ALLEYS

20.18.130 Private streets, curbs, sidewalks and alleys—Authorized.

The construction, reconstruction and repair of streets, curbs, sidewalks and alleys intended for the private use of designated property owners is hereby authorized under the conditions and requirements set forth in this part. For purposes of this part any street, curb, sidewalk or alley which has not been dedicated for public use through the Board of Public Service shall be intended for private use. (1994 C., § 20.18.130; Ord. No. 68604, § 5, 3-16-2010.)

20.18.140 Construction of private streets, curbs, sidewalks and alleys—Permit required.

A. No property owner, contractor or any other person shall construct, reconstruct or repair, or cause to be constructed, reconstructed or repaired, any street, curb, sidewalk or alley which is private or intended to be private without having previously obtained written permission to do so from the Director of Streets.

B. The work shall be done in accordance with specifications approved by the Board of Public Service, and under the supervision and to the satisfaction of the Director of Streets or his duly authorized agent.

C. In case of failure on the part of the permittee to proceed in conformity with the specifications and directions, the Board of Public Service shall cause the street, curb, sidewalk or alley to be removed or reconstructed. (1994 C., § 20.18.140; Ord. No. 68604, § 5, 3-16-2010.)

20.18.150 Bond required.

Before any permit is issued under the provisions of Section 20.18.140, the person submitting the application shall post a bond with the Comptroller in an amount set by the Board of Public Service to insure and guaranty, to the extent of the amount specified by the Board of Public Service in its estimate of the cost thereof, the construction and completion of the improvement for which the permit is sought. The Comptroller shall release the surety from all or any part of its obligation under the bond only upon receipt of written notification from the Board of Public Service that said improvements have been completed in a satisfactory manner and approved by the Director of Streets. (1994 C., § 20.18.150; Ord. No. 68604, § 5, 3-16-2010.)

20.18.160 Special tax bills.

In the event that the Board of Public Service is required to remove, reconstruct or repair any private street, curb, sidewalk or alley under the provisions of Section 20.18.140 subsequent to the release of the surety under Section 20.18.150, the total cost of the removal, reconstruction or repair shall be determined by the Board of Public Service and certified to the Street Commissioner who shall prepare and issue a bill for payment of a pro rata share of said cost to the owners or their representatives of each lot of ground adjacent to said improvement. In the event that these bills are not paid within 60 days of issue, the Comptroller shall prepare and issue a special tax bill to any owner who has failed to submit the requested payment to be collected as permitted by law. (1994 C., § 20.18.160; Ord. No. 68604, § 5, 3-16-2010.)

PART III. CASH MATCH ALLEY IMPROVEMENT PROGRAM

20.18.170 Established—Exceptions.

There is hereby established a cash match concrete alley improvement program for the purpose of providing for an incentive to property owners to participate with the City in the cost of the improvement of alleys. The provisions of this part shall not be applicable to alleys which abut any lot in a J, K or L zoning district. (1994 C., § 20.18.170; Ord. No. 68604, § 5, 3-16-2010.)

20.18.180 Definitions.

For the purpose of this part, the following definitions shall apply:

"Alley" means improved alleys that are within public rights-of-way which have been previously improved, unimproved alleys within public rights-of-way or private alleys upon dedication to the City.

"Cost" means all costs incurred in connection with an alley improvement under this part, including, but not limited to, costs incurred for the preparation of preliminary reports, the preparation of preliminary reports, the preparation of plans and specifications, fees and expenses of consultants, the cost of materials, labor and other lawful expenses incurred in planning and doing any improvement, including the acquisition of right-of-way and easement, reasonable construction contingencies, and work performed.

"Improvement" means removal of pavement, new pavement, reconstruction of existing pavement, necessary drainage measures, grading, fence removal and replacement and utility adjustment.

"Nonowner funds" means matching funds appropriated from the City-wide account of the capital appropriation for the City of St. Louis and the aldermanic ward improvement account of the capital appropriation for the ward in which the alley to be improved is located.

"Owner" means every person designated as grantee or party of the second part on a deed recorded with the Recorder of Deeds. (1994 C., § 20.18.180; Ord. No. 68604, § 5, 3-16-2010.)

20.18.190 Procedure to determine participation in cash match program.

A. In order to become eligible for funding for an alley improvement under this program, a petition supporting the improvement and any cost associated with the improvement must be presented to the Board of Public Service signed by sixty-seven percent (67%) of the owners of property that abut the alley to be improved. The petition forms will be available in the Board of Public Service Office and shall contain a statement disclosing the estimated cost per lineal foot of the alley improvement. The petition must contain the name, address and signature of the required number of property owners; the City block number in which the alley is located; the names of all streets bounding the designated City block; and the approximate width and length of the alley. A separate petition is necessary for every City block.

B. Upon receipt of the petition, the Board of Public Service shall determine within fourteen calendar days whether there are nonowner funds available for the project. If the Board of Public Service determines that there are insufficient nonowner funds available for the alley improvement the petition representative shall be notified, and the petition shall become null and void ninety days after such notification. If the Board of Public Service determines that there are nonowner funds available for the improvement of the alley the petition representative and the Street Department shall be notified.

C. Except for good cause, the Board of Public Service shall within thirty calendar days of receipt of the petition make a determination as to the probable cost of the alley improvement. Said determination shall call for one-third of the probable cost to be paid by the property owners, one-third to be paid from the Alderman's ward capital improvement account and one-third to be paid from the City-wide account of the

capital appropriation. The cost determination shall be forwarded to the Alderman and to the petition representative within seven calendar days of said determination. The Board of Public Service shall also advise the Alderman and the petition representative of the approximate commencement date and completion date for the project.

D. Once the petition representative is notified of the cost determination, said representative shall notify all of the owners whose property abuts the alley to be improved of the total cost of the project to the owners. The cost to each owner shall be determined by dividing one-third of the total cost of the project ratably by the linear footage of each parcel abutting the alley, except as herein provided. If more than one side of a parcel abuts the alley to be improved the cost to the property owner shall not be more than the cost attributable to the narrowest side of the parcel abutting the alley. The balance of the total cost shall be paid from funds set aside for this project by the Alderman from the ward allocation.

E. After the notification required in Subsection D of this section the owners shall have forty-five calendar days to submit one hundred percent (100%) of the owner's share of the probable total cost to the Comptroller who shall establish a special account for each improvement hereunder. The owner's funds shall be deposited into the special account which shall be interest bearing.

F. Once the owners' funds are deposited with the Comptroller, the Street Department shall commence the project. Except for good cause, the improvement shall be completed within one year of the owners' funds being deposited with the Comptroller. If for any reason the improvement cannot be commenced within six months of the deposit, the petition representative shall be notified. Within thirty days of such notification, a majority of the owners may cancel the improvement by notifying the President of the Board of Public Service in writing. If the improvement is canceled because of this provision the owners shall be refunded their money, in full, with interest within thirty days of notice of cancellation. Upon such occurrence, there shall be no obligation on any person or party to commence or complete the improvement.

G. Upon completion of construction, the total actual cost for the project will be determined. The actual cost for each owner shall be determined as set forth herein. Any additional cost shall be paid from the aldermanic ward allocation account. If there are residual funds in the owner's account after the actual cost has been determined each owner will receive a refund determined by the formula used to calculate each owner's cost. (1994 C., § 20.18.190; Ord. No. 68604, § 5, 3-16-2010.)

20.20.010 Authority of Director of Streets.

The Director of Streets is authorized, with the approval of the Mayor, to close any street, alley, public place or highway and withdraw the same from public use temporarily and during the period public work thereon shall make the action necessary. (1994 C., § 20.20.010; Ord. No. 68604, § 6, 3-16-2010.)

20.20.020 Use prohibited.

Any person using or attempting to use any street, alley or public place or highway withdrawn from public use under the provisions of this chapter or driving or attempting to drive any animal or vehicle thereon, shall be deemed guilty of a misdemeanor. (1994 C., § 20.20.020; Ord. No. 68604, § 6, 3-16-2010.)

20.20.030 Duty of police.

It shall be the duty of the police within their respective districts to watch for and arrest persons violating the provisions of Section 20.20.020. (1994 C., § 20.20.030; Ord. No. 68604, § 6, 3-16-2010.)

20.20.040 Placarding.

Whenever any street, alley, public place or highway is temporarily closed, and withdrawn from public use, as provided in Section 20.20.010, the Director of Streets shall cause to be placed at each end of the portion withdrawn from public use a placard, printed in large type, in the following words: "Street closed. This street is temporarily withdrawn from public use by authority of the Revised Code of St. Louis." (1994 C., § 20.20.040; Ord. No. 68604, § 6, 3-16-2010.)

20.20.050 Removal of placards.

Any person who shall remove a placard from any public street, or tear, deface or mutilate a placard, shall be guilty of a misdemeanor. (1994 C., § 20.20.050; Ord. No. 68604, § 6, 3-16-2010.)

20.22.030 **Vaults to be covered.**

20.22.040 **Covers.**

20.22.010 Permit required—For construction or maintenance in streets.

No permit for the construction or maintenance of an areaway or vault in any public street, highway or alley may be issued except by the Board of Public Service. The Board may issue a permit only after the owner of the property adjacent to the portion of the public street, highway or alley in which the areaway or vault is proposed to be constructed or maintained has filed with the Board an application for a permit accompanied by copies of complete detailed plans of the proposed areaway or vault, sufficient in number to meet the needs of the Board. Permits shall be subject to the following conditions:

A. The outer face of the walls of the areaways or vaults shall not extend beyond the curb line of the public street or highway;

B. The outer face of the walls of such areaways or vaults in any public alley shall not be more than five feet from the property line of the adjacent property;

C. No areaway or vault shall extend into the entrance of any public alley between the property line and curb line of any public street or highway;

D. The areaway or vault shall be constructed and maintained in accordance with plans filed with and approved by the Board of Public Service;

E. No steps shall be built or placed in the areaway or vault;

F. The City reserves the right to enter the areaway or vault and take the space deemed necessary by the Board of Public Service for any public purpose or use;

G. The permit is subject to revocation at any time by the Board of Public Service;

H. Other reasonable conditions as the Board of Public Service may impose to insure the public safety and protect the public interest. (1994 C., § 20.22.010; Ord. No. 68604, § 7, 3-16-2010.)

20.22.020 Permit required—Excavation or construction in sidewalks.

Except as provided in Sections 20.30.010—20.30.030, no person, property owner, agent or builder shall excavate or construct any vault or areaway in the sidewalk area of any public highway and no person, property owner, agent or builder shall cause any such excavation or construction to be made without having previously obtained from the Board of Public Service a permit for excavation or construction. Any person, property owner, agent or builder who violates the foregoing provision or who, having violated such provision and having been notified by the Director of Streets of the violation, fails to remove the areaway or vault and restore the public highway or areaway or vault to conform to the plans approved by the Board of Public Service, shall be deemed guilty of a misdemeanor and every day the vault or areaway is allowed to remain or is not changed or altered to conform to the approved plans shall be deemed a separate offense. (1994 C., § 20.22.020; Ord. No. 68604, § 7, 3-16-2010.)

20.22.030 Vaults to be covered.

Whoever shall in this City, dig or cause to be dug, in any highway, thoroughfare or sidewalk, a vault, and shall not arch or cover the same over, and secure the grating or covering of the opening thereof, in such manner as to prevent persons, animals and vehicles from falling therein, shall be guilty of a misdemeanor. (1994 C., § 20.22.030; Ord. No. 68604, § 7, 3-16-2010.)

20.22.040 Covers.

Any opening in a paved sidewalk leading into an area or vault beneath, or into a cellar, shall be fitted with a wood or iron cover or grating, set in flagging even with the surface of the sidewalk. The covering or grating shall have no lock, hinge or any fastening projecting above the sidewalk, and shall be secured in a manner to prevent accident to anyone passing over it. Any person who shall fail to comply with the provisions of this section, or who shall leave an opening in a sidewalk uncovered, shall be guilty of a misdemeanor. (1994 C., § 20.22.040; Ord. No. 68604, § 7, 3-16-2010.)

20.24.010 Permit required—Bridge or support.

No person, firm or corporation shall erect nor cause to be erected, nor maintain nor cause to be maintained, any bridge, overhead passageway, arch, support for pipes, support for hoist nor any similar structure over or across any public highway or other public place without a permit from the Board of Public Service and subject to reasonable conditions and regulations as the Board may specify. (1994 C., § 20.24.010; Ord. No. 68604, § 8, 3-16-2010.)

20.24.020 Permit required—Fixed canopy.

No person, firm or corporation shall erect nor cause to be erected nor maintain nor cause to be maintained any fixed canopy, as hereinafter defined, nor any other similar structure any supports of which rest in or upon any portion of a public highway without a permit from the Board of Public Service and subject to reasonable regulations and conditions as the Board may specify. (1994 C., § 20.24.020; Ord. No. 68604, § 8, 3-16-2010.)

20.24.030 Permit required—Fixed awning.

No person, firm or corporation shall erect nor cause to be erected, nor maintain, nor cause to be maintained any fixed awning, as hereinafter defined, which projects more than six feet three inches over the public highway, without a permit from the Board of Public Service and subject to reasonable regulations and conditions as the Board may specify.

A fixed awning projecting not more than six feet three inches over the public highway and not less than two feet from the curb line shall be not less than eight feet above the public sidewalk and not less than fourteen feet six inches over the public roadway.

"Fixed awning" means a rigid roof-like structure of noncombustible materials, supported entirely from the walls or frame of a structure which does not encroach on the public highway. (1994 C., § 20.24.030; Ord. No. 68604, § 8, 3-16-2010.)

20.24.040 Permit required—Existing structures.

Any person, firm or corporation now maintaining any bridge, overhead passageway, arch, support for pipes, support for hoist or any similar structure or fixed canopy or fixed awning over, on or across any part of a public highway or other public place without a permit from the Board of Public Service so to do shall, before November 10, 1956, obtain from the Board a permit to continue to maintain such a structure, or, failing to obtain a permit within the time limit, shall forthwith remove the structure from the public highway. (1994 C., § 20.24.040; Ord. No. 68604, § 8, 3-16-2010.)

20.24.050 Work to be done under supervision of Directors of Streets and Public Safety.

The work of construction of any structure in this chapter, in its relation to and effect upon the public highway, shall be done under the supervision and to the satisfaction of the Director of Streets and as to structural details under the supervision and to the satisfaction of the Director of Public Safety. (1994 C., § 20.24.050; Ord. No. 68604, § 8, 3-16-2010.)

20.24.060 Fee for permit.

For the privilege of erecting and maintaining in the public highway any such structure as mentioned in this chapter, the fee to be paid for the permit issued by the Board of Public Service shall be one hundred dollars ($100.00) or, if an engineering review of the plans and structure is required, then the fee shall be based upon actual hours spent rendering the service. The fee shall accompany the application to the Board for such a permit. Such fee shall be for the use of the Department of Streets as reimbursement for investigations, examination of plans and supervision of construction of such structures. (1994 C., § 20.24.060; Ord. No. 68604, § 8, 3-16-2010.)

20.24.070 Inspections.

The Director of Streets shall cause a semi-annual inspection to be made of all fixed canopies and other structures, the supports of which rest in or upon any

part of the public highways. The Director of Streets shall cause such additional inspection to be made as he deems necessary to public safety of all such structures to which the provisions of this chapter shall apply, but no fees shall be charged for such additional inspections. (1994 C., § 20.24.070; Ord. No. 68604, § 8, 3-16-2010.)

20.24.080 Right to require removal.

No permit shall be granted for the erection of any structure under authority of this chapter except on the condition that the City reserves the right on three months' notice to require the structure to be removed from the public highway at the expense of the owner. (1994 C., § 20.24.080; Ord. No. 68604, § 8, 3-16-2010.)

20.26.010 Repairs—Notice to owner.

Whenever any sidewalk or driveway or the covering over any areaway or vault in the sidewalk in any public highway shall need repair, the Director of Streets shall notify the owner of the property adjoining the sidewalk, or his agent, through the mail, to have the same repaired to the satisfaction of the Director of Streets within thirty days from the date of the notice, or to appear before the Board of Public Service on the day and hour specified in the notice. The time shall be the time of the first meeting of the Board after the expiration of the thirty-day period. The owner shall show cause why the Board should not have the sidewalk or driveway or the covering over any areaway or vault in the sidewalk repaired, and the cost thereof assessed as a tax against the property abutting the sidewalk area in which the work is done. (1994 C., § 20.26.010; Ord. No. 68604, § 9, 3-16-2010.)

20.26.020 Repairs—Failure of owner to show cause.

At the meeting of the Board of Public Service at which a hearing is held for the repair of a sidewalk or driveway or the covering over an areaway or vault, or within three days following the meeting, the Board shall make its decision regarding the repair. If, in the

opinion of the Board, the owner or agent has failed to show cause why the repair should not be made, the Board shall authorize and instruct the Director of Streets to cause the repair to be done under his direction and to his satisfaction, and an accurate account kept of the cost of all labor, including supervision, and material entering into the work. (1994 C., § 20.26.020; Ord. No. 68604, § 9, 3-16-2010.)

20.26.030 Repairs—Costs—Constitute lien.

The expense incurred by the City for labor, including supervision, and materials employed in the repair of any sidewalk or driveway or the covering over any areaway or vault in the sidewalk in any public highway under authority of the Board of Public Service and Sections 20.26.010 and 20.26.020, shall be charged as a lien against the property adjoining the sidewalk area in which the work is done. (1994 C., § 20.26.030; Ord. No. 68604, § 9, 3-16-2010.)

20.26.040 Repairs—Costs—Computed and assessed as special tax.

Upon completion of the repair of any sidewalk or driveway or the covering over any areaway or vault in the sidewalk in any public highway by the Director of Streets, as authorized by the Board of Public Service under authority of Sections 20.26.010—20.26.030, the Director shall cause the total cost of the repair to be determined and certify the same to the Board of Public Service.

Upon the approval of the report by the Board, the report, with the approval of the Board endorsed thereon, shall be transmitted to the person designated by the Board to prepare special tax bills, who shall assess the same as a special tax against each lot of ground chargeable therewith, in the names of the owners thereof, respectively, and shall make out and certify to the Comptroller bills of the cost and assessments accordingly as required by law. (1994 C., § 20.26.040; Ord. No. 68604, § 9, 3-16-2010.)

20.26.050 Private construction.

No property owner, contractor or any other person shall construct, reconstruct or repair, or cause to be constructed, reconstructed or repaired, any sidewalk or driveway, or the covering over any areaway or vault in the sidewalk in any public highway in the City without having previously obtained written permission so to do from the Director of Streets.

The work shall be done in accordance with specifications approved by the Board of Public Service, and under the supervision and to the satisfaction of the Director of Streets or his duly authorized agent.

In case of failure on the part of the permittee to proceed in conformity with the specifications and directions, the Board of Public Service shall cause the work to be removed or reconstructed in the manner provided for in Sections 20.26.010—20.26.040.

Whenever the Board of Aldermen shall direct, by ordinance, the improvement of a public street or avenue, the Board of Public Service shall, upon the application of the owner of any property fronting or bordering the improvement, grant permission to the owner to construct the sidewalk in front of the property. If the permit is for the construction of a sidewalk in front of a corner lot, the permit will be given on condition that the sidewalk be laid to the curb lines of the intersecting street. Without such permission no sidewalk shall be constructed. (1994 C., § 20.26.050; Ord. No. 68604, § 9, 3-16-2010.)

20.26.060 Construction or reconstruction—Notice to owner.

Whenever a sidewalk adjoining any property should be constructed or completely reconstructed, in the opinion of the Director of Streets, the Director shall notify the owner of the property adjoining the area on which the sidewalk should be constructed or completely reconstructed, or the agents of the owners, through the mail, to have the sidewalk constructed or completely reconstructed, in accordance with the specifications approved by the Board of Public Service, as provided in Section 20.26.050, within thirty days from the date of the notice, or to appear before the Board on the day and hour specified in the notice. The time shall be the first meeting of the Board after the expiration of the thirty-day period. The owner shall show cause why the Board should not cause the sidewalk to be constructed or completely reconstructed, and the cost thereof assessed as a special tax against the property adjoining the area on which the sidewalk is to be constructed or reconstructed. (1994 C., § 20.26.060; Ord. No. 68604, § 9, 3-16-2010.)

20.26.070 Construction or reconstruction—Failure of owner to show cause.

At the meeting of the Board of Public Service at which the hearing is held for the construction or reconstruction of a sidewalk, or within three days following

such meeting, the Board shall make its decision regarding the construction or reconstruction. If, in the opinion of the Board, the owner or agent has failed to show cause why the sidewalk should not be constructed or reconstructed, the Board shall cause the sidewalk to be constructed or reconstructed, as the case may be, and cause special tax bills to be issued therefor, all as directed by the Charter for doing public work to be paid for by a special assessment. (1994 C., § 20.26.070; Ord. No. 68604, § 9, 3-16-2010.)

20.26.080 Width requirements.

Except in those cases where the width of sidewalks shall be fixed by order duly entered by the Board of Public Service, as hereinafter provided, the widths of all sidewalks in the City shall be as follows:

In all streets of thirty and under thirty-eight and one-half feet in width the sidewalks shall be five and one-half feet wide; those of thirty-eight and one-half and under forty feet in width shall have sidewalks six and one-half feet wide; those of forty and under fifty feet in width shall have sidewalks eight feet wide; those of fifty and under sixty feet in width shall have sidewalks ten feet wide; those of sixty and under seventy-five feet in width shall have sidewalks twelve feet wide; those of seventy-five and under eighty feet in width shall have sidewalks fourteen feet wide; those of eighty and under one hundred feet in width shall have sidewalks fifteen feet wide; those of one hundred feet and upwards shall have sidewalks twenty feet wide; provided, however, that the Board of Public Service may at any time, by order duly entered, fix the width of any sidewalk or sidewalks in the City at variance with the widths above set out, whenever it may seem best to do so in the discretion of the Board. (1994 C., § 20.26.080; Ord. No. 68604, § 9, 3-16-2010.)

20.26.090 Cross slope.

No sidewalk shall be constructed, the cross grade of which or rise from the curbstone, shall be greater than one-quarter inch vertical rise to one foot horizontal distance except with the approval of the Board of Public Service. In each instance the cross grade shall slope toward the street and the curb line shall be maintained at its correct elevation above the City directrix which shall be determined from the construction of the particular street in question. (1994 C., § 20.26.090; Ord. No. 68604, § 9, 3-16-2010.)

20.26.100 Crosswalks.

The Board of Public Service shall grant any person permission to construct a crosswalk at his own expense at any point upon any street, avenue or highway when the crosswalk will not obstruct the public carriage way or inconvenience the public. The crosswalk shall be constructed of the kind of material and in the manner directed by the Board of Public Service. (1994 C., § 20.26.100; Ord. No. 68604, § 9, 3-16-2010.)

20.26.110 Revolving fund for sidewalk repair—Created.

There is created a revolving fund to expedite the repair of sidewalks and driveways and of the covering over of areaways and vaults in the sidewalks, in order to provide funds to carry out the provisions of Section 20.26.060, and the amount hereinafter appropriated, together with any money hereafter appropriated to the fund, shall be used to pay the cost of the repairs. (1994 C., § 20.26.110; Ord. No. 68604, § 9, 3-16-2010.)

20.26.120 Revolving fund for sidewalk repair—Payment of special tax bill.

Upon the payment of any special tax bill issued against private property for the cost of repairs made pursuant to Section 20.26.060, the cost of which repairs was paid out of the fund, the proceeds of the special tax bill shall be deposited to the credit of the fund and may be again used for the purposes for which the fund is created and in the same manner as money hereinafter appropriated. (1994 C., § 20.26.120; Ord. No. 68604, § 9, 3-16-2010.)

20.26.130 Revolving fund for sidewalk repair—Warrant by Comptroller.

The Comptroller is authorized and directed to draw his warrant upon the fund upon the written request of the Director of Streets. (1994 C., § 20.26.130; Ord. No. 68604, § 9, 3-16-2010.)

20.26.140 Bond or deposit required for issuance of building permit.

No building permit or occupancy permit shall be issued by the Building Commissioner to erect, alter, add to, or use a structure for any purpose whatever prior to the placing on deposit with the Director of Streets a sum equal to, or a corporate surety bond of at least ten thousand dollars and equal to a sum equal to, the cost of erecting a new sidewalk and/or driveway where none is in existence or repairing an existing

sidewalk and/or driveway. (1994 C., § 20.26.140; Ord. No. 68604, § 9, 3-16-2010.)

20.26.150 Building demolition.

Whenever any building or structure on any premises is wrecked, removed or demolished, in whole or in part, and the building or structure is served by a coal hole, cellar or basement door or passageway, water stopcock box, or gas stopcock box, which is located within the public sidewalk area adjacent to the building or structure, and is abandoned, the owner, his agent, contractor or subcontractor engaged in the wrecking, demolition or removal of the building or structure shall at the time of the demolition, removal or wrecking remove or fill in with earth, sand or other similar material, properly tamped and compacted, the coal hole, the cellar or basement door or passageway, water stopcock box or gas stopcock box located within the public sidewalk or parkway and shall cause the surface of same to be paved with materials equal to the surface materials of the surrounding public sidewalk. The paving shall be at the established grade of the sidewalk and shall be level with the sidewalk surface adjoining the same. (1994 C., § 20.26.150; Ord. No. 68604, § 9, 3-16-2010.)

20.26.160 Bonding persons doing concrete work for hire.

Every person, firm, or corporation engaged in the business of doing concrete work for hire in the public sidewalk area shall give bond to the City in the sum of ten thousand ($10,000.00) dollars.

This bond shall be given prior to the issuance of any permits from the Department of Streets for sidewalk work.

The bond shall be approved by the Comptroller and shall be filed with the Register and conditioned that the party principal therein will faithfully observe all directions of the Director of Streets, or his agents, and also all City ordinances relating to construction. All concrete work must be done by the principal, or under the direction of the principal and executed in a workmanlike manner. The principal shall indemnify and save the City harmless from all accidents and damages caused by any negligence in protecting their work or by any unlawful or inadequate work done by themselves or their agents. The bond shall also be for the benefit of any person or persons injured, or whose property is injured, by the violation or neglect to observe the requirements of the Department of Streets. The bond shall be considered in effect until the City is notified, in writing, of cancellation by the bonding company. The indemnifying bond shall be written by a person, firm, or corporation authorized to do business in the state and shall be approved by the Comptroller. (1994 C., § 20.26.160; Ord. No. 68604, § 9, 3-16-2010.)

20.26.170 Penalty for violation of Section 20.26.160.

Any person, firm, or corporation who shall do any concrete work in the public sidewalk area without giving bond to the City as required by Section 20.26.160 shall be in violation of the provisions of Section 20.26.160, and upon the conviction of same shall be fined not less than fifty dollars, nor more than five hundred dollars for each offense, or by imprisonment for not more than ninety days, or by both fine and imprisonment. Each day's violation shall constitute a separate offense. (1994 C., § 20.26.170; Ord. No. 68604, § 9, 3-16-2010.)

20.26.175 Bonding of persons doing asphalt paving work for hire in the public right-of-way.

A. Every person, firm, or corporation engaged in the business of doing asphalt paving work for hire in the public right-of-way area shall give bond to the City in the sum of ten thousand dollars.

This bond shall be given prior to the issuance of any permits by the Department of Streets for right-of-way work.

Said bonds shall be approved by the Comptroller and shall be filed with the Register of the City and conditioned that the party principal therein will faithfully observe all directions of the Director of Streets, or his agents, and also all City ordinances relating to construction. All asphalt paving work must be done by the principal, or under the direction of such principal and executed in a workmanlike manner. The principal shall indemnify and save the City harmless from all accidents and damages caused by any negligence in protecting their work or by any unlawful or inadequate work done by themselves or their agents. Said bond shall also be for the benefit of any person or persons injured, or whose property is injured, by the violation or neglect to observe the requirements of the Department of Streets. Said bond shall be considered in effect until the City is notified, in writing, of cancellation by the bonding company. Such indemnifying bond shall

be written by a person, firm, or corporation authorized to do business in the state and shall be approved by the Comptroller of the City.

B. Any person, firm, or corporation who shall do any asphalt paving work, for hire, in the public right-of-way without giving bond to the City as required by Subsection A of this section shall be in violation of the provisions of Subsection A of this section, and upon the conviction of same shall be fined not less than fifty dollars, nor more than five hundred dollars for each such offense, or by imprisonment. Each day's violation shall constitute a separate offense. (1994 C., § 20.26.175; Ord. No. 68604, § 9, 3-16-2010.)

20.26.180 Hazardous sidewalks—Notice to repair.

Whenever the Director of Streets, or his authorized representative, shall be informed that any sidewalk lawfully used by the public in the City is in a hazardous condition likely to cause bodily injury to persons using the same, he shall cause reasonable protective measures to be taken to guard the public and shall notify the owner through reasonable means of the situation and at such time command the owner to repair or replace the sidewalk within thirty days from the receipt of the notification or, if the City has a responsibility of correcting any condition contributing to the hazard, then within thirty days from the completion of the correction. (1994 C., § 20.26.180; Ord. No. 68604, § 9, 3-16-2010.)

20.26.190 Hazardous sidewalks—Appeal—Time extension.

Any owner of such a sidewalk may, within the thirty days after receipt of the Director's notice or completion of the corrective action by the City, appeal to the Board of Public Service the Director's determination of the hazardous condition of the sidewalk, or seek an extension of time for accomplishing the repair of the sidewalk, which may be granted by the Board if the sidewalk can be immediately and temporarily rendered safe for the public and the owner so alleviates the condition. While an appeal remains undetermined, the owner shall not be prosecuted and when the sidewalk condition is alleviated to the satisfaction of the Board and within the time granted by the Board, the owner shall not be prosecuted. (1994 C., § 20.26.190; Ord. No. 68604, § 9, 3-16-2010.)

20.26.200 Hazardous sidewalks—Penalty for violation.

If the owner shall fail to repair or replace a hazardous sidewalk, or portion thereof within thirty days after notification by the Director unless the time is extended as provided in Section 20.26.190, or shall fail to appeal as provided, or shall fail to repair or replace the sidewalk or portion thereof as may be ordered by the Board, providing that in the case of raised sidewalk blocks caused by tree roots raising the sidewalk blocks the City must first have taken all steps required by the Municipal Code for the correction thereof, he shall be deemed guilty of violation of Sections 20.26.180—20.26.200 and shall upon conviction be punished by a fine of not less than twenty-five dollars nor more than one hundred dollars and each day that any violation shall continue shall constitute a separate offense. (1994 C., § 20.26.200; Ord. No. 68604, § 9, 3-16-2010.)

20.26.210 Tax bill for sidewalk repair—Issued when.

A. The Board of Public Service is hereby authorized to issue special tax bills for sidewalk repair on all public streets within the City where property owners have refused to accept the City's fifty percent sidewalk shared cost program. Said tax bills shall be in ten (10) equal annual payments due upon service of the notice of said tax bills.

B. The Director of Streets shall monthly forward to the Board of Public Service a list of locations where special tax bills should be issued. The Board of Public Service, as authorized by Article XXIII of the City Charter, shall prepare and issue said tax bills. (1994 C., § 20.26.210; Ord. No. 68604, § 9, 3-16-2010.)

20.26.220 Curbs.

No new or replacement curbing or new or replacement sidewalk within ten (10) feet of curbing at an intersection is to be constructed unless the curb and sidewalk configuration be constructed so as to provide a gradual slope to the level of the street from the grade of the sidewalk and provide an uninterrupted line of travel between pedestrian and motorized lines of travel, and at other points where necessary to avoid abrupt changes in grade. The Board of Public Service's standard specification for the construction of a handicap access ramp (wheelchair ramp) shall be used as the primary design pattern for the construction of the replacement sidewalk and curbing unless the existing configuration of curbing, sidewalk and other existing structures is such as to inhibit its implementation; in which case, the Street Department and the Office of the Disabled shall prescribe standards of slope, gradient and slip-resistant qualities to assure the sidewalk will

accommodate a person in a wheelchair or other person with disabilities. These standards shall be included in the Revised Traffic Code. (1994 C., § 20.26.220; Ord. No. 68604, § 9, 3-16-2010.)

20.26.230 Contracts for repairs.

Provided an appropriation has been made to pay costs, the Board of Public Service is authorized to let and enter into annual contracts from the first day of July of every year for emergency work required for the maintenance and necessary repairs of sidewalks which require prompt attention, as determined by the Director of Streets. The emergency work and necessary repairs shall be done with materials similar to the existing sidewalks. (1994 C., § 20.26.230; Ord. No. 68604, § 9, 3-16-2010.)

20.26.240 Sidewalks—Authority of Street Department to repair.

A. The Street Department is hereby authorized to repair or have repaired sidewalks that abut property in zoning districts "A" through "G" or abuts property in any zoning district upon which is located a building designed for and used primarily for residential purposes which are in poor condition and need of repair as determined by the Director of Streets or the Director's designee and requiring that the property owners pay one-half of the total repair cost. This shall include sidewalks that are on a private street if such street is open to the general public.

B. Notwithstanding any provision of this section to the contrary, owners of residential and commercial property shall not be required to pay the repair cost of any portion of an abutting sidewalk which has been damaged by trees growing in the public easement immediately abutting such sidewalk. (1994 C., § 20.26.240; Ord. No. 68604, § 9, 3-16-2010.)

20.26.250 Notice to property owners.

The Director of Streets shall, as authorized by Section 20.26.010, notify property owners of sidewalks in need of repair. He shall also notify said property owners that are covered under Sections 20.26.240—20.26.280 that the City will pay half the cost of repair if the owner provides matching funds. (1994 C., § 20.26.250; Ord. No. 68604, § 9, 3-16-2010.)

20.26.260 Notice of costs to property owners.

Upon completion of work the Street Department shall notify the property owner in writing of their cost of the work and the property owner shall have ten (10) months in which to pay the bill. (1994 C., § 20.26.260; Ord. No. 68604, § 9, 3-16-2010.)

20.26.270 Special tax lien.

Any covered property owner who has been notified of a defective sidewalk and refuses to voluntarily comply with the fifty percent shared cost program shall have a special tax lien as authorized by Article XXIII of the Charter of the City placed against their property. (1994 C., § 20.26.270; Ord. No. 68604, § 9, 3-16-2010.)

20.26.280 Nonentitlement to credit or rebate.

Any non-covered property owner may make repairs as authorized by Section 20.26.050; however, he shall not be entitled to any rebate as authorized herein. (1994 C., § 20.26.280; Ord. No. 68604, § 9, 3-16-2010.)

20.26.290 Residential walks—Special revolving fund.

There is hereby created as part of the matching funds program here established, a special revolving account to administer said program for each ward as established in the City; upon the receipt of payment of funds by the property owner in compliance with the billing provisions of Section 20.26.260, the funds so received and any interest earned on such funds shall be deposited in the revolving account of the ward in which the improvements have been made. Thereafter said funds and interest shall not be transferred or reallocated to any other account or fund, nor shall said funds or interest be assigned to general revenue, but said funds and interest shall be used solely in furtherance of the purposes stated in Section 20.26.240 within the ward boundaries of the ward for which that specific account or revolving fund has been established. (1994 C., § 20.26.290; Ord. No. 68604, § 9, 3-16-2010.)

20.28.010 Authority of Director of Streets.

Whenever it shall come to the knowledge of the Director of Streets that any street, alley, sidewalk, or other right-of-way that has been duly dedicated or established according to law has not been opened, is in any manner illegally obstructed, or that there are any illegal encroachments upon any public rights-of-way within the City limits and if he shall find that the removal thereof is desirable as a matter of public convenience, he shall prepare a notice for removal to be directed to the owner of real property at the location of the illegal obstruction or encroachment. (1994 C., § 20.28.010; Ord. No. 68604, § 10, 3-16-2010.)

20.28.020 Notice to owner.

The Director of Streets, through his agents, shall notify by first class mail with postage prepaid the owner of the real property of the location and description of the obstruction or encroachment and the duty to remove said obstruction or encroachment within ten days from the date of the notice.

Notice by first class mail shall be deemed to be received seventy-two hours after it is mailed. The Director of Streets shall also attach a copy of the notice to the obstruction or encroachment directing the owner of the real property to remove the obstruction or encroachment within ten days, and shall take a photograph of the obstruction or encroachment within the notice attached. The removal period provided in the copy of the attached notice shall correspond to the ten-day removal period stated in the notice delivered through the mail. (1994 C., § 20.28.020; Ord. No. 68604, § 10, 3-16-2010.)

20.28.030 Extension of time for compliance.

If the owner of the real property, upon receipt for the removal notice, is unable to comply with the order of the Director of Streets for some reasonable cause, the Director of Streets may grant an extension of time. However, if the obstruction constitutes an immediate hazard, the Director may cause it to be removed immediately. (1994 C., § 20.28.030; Ord. No. 68604, § 10, 3-16-2010.)

20.28.040 Duties—Penalty.

It shall be the duty of every owner of abutting real property to not place or permit illegal obstructions or encroachments in the public right-of-way. No person, firm, corporation or partnership shall place any object in the right-of-way without first having obtained a proper permit from the Board of Public Service. Any person, firm corporation or partnership who shall violate the provisions of this section and who shall fail, refuse or neglect to remove the illegal obstruction or encroachment within the time period allotted for removal, shall be punished by a fine of not less than ten dollars or more than one hundred dollars; and each day that a violation shall continue shall constitute a separate offense. (1994 C., § 20.28.040; Ord. No. 68604, § 10, 3-16-2010.)

20.28.050 Removal by Director of Streets.

If upon the expiration of the time set out in the notice served under the provisions of Sections 20.28.020 and 20.28.030 the obstructions or encroachments are not removed, the Director of Streets shall have them removed. (1994 C., § 20.28.050; Ord. No. 68604, § 10, 3-16-2010.)

20.28.060 Special tax bill.

As soon as the amount of the entire expense of the removal under the provisions of Section 20.28.050 shall have been ascertained, it shall be assessed in favor of the City, against the ground fronting upon the obstruction or encroachment, pro rata, and the owner thereof, and a special tax bill shall be issued therefor by the Comptroller and delivered to the Collector for collection. (1994 C., § 20.28.060; Ord. No. 68604, § 10, 3-16-2010.)

20.28.070 Duty of police.

It shall be the duty of police in their respective districts to enforce the provisions of this chapter, and to arrest any person violating any provisions thereof. It shall also be their duty to promptly report to the Director of Streets any and all streets or highways upon which any article has been placed, spilled or thrown in violation of the provisions of this chapter. They shall examine the condition of the streets and alleys within

their respective districts from time to time, and report, without delay, to the Director of Streets, through the Police Commissioners such streets or highways as are obstructed in violation of any of the provisions of this chapter. (1994 C., § 20.28.070; Ord. No. 68604, § 10, 3-16-2010.)

20.28.080 Material from burned buildings.

Whenever a public sidewalk is obstructed by debris or rubbish caused by the burning of any building it shall be the duty of the owner of the property or his duly authorized agent to cause the same to be removed within seventy-two hours thereafter. All serviceable building material which may be collected after the burning of the building may be placed by the owner or his duly authorized agent upon the street in front of the property. In no case shall the space thus occupied exceed that permissible in Section 20.32.090 nor shall he be allowed to occupy this space for a period longer than one month unless a building permit is taken out for the reconstruction of the building, and a permit from the Director of Streets is issued for the occupation of the street, alley or sidewalk. (1994 C., § 20.28.080; Ord. No. 68604, § 10, 3-16-2010.)

20.28.090 Landings, balconies or steps.

If any owner of a building or his duly authorized agent shall construct or allow to be constructed a landing, gallery, balcony, bay or show window, permanent platform, column, steps or any part of his building so that it projects beyond the building line of a street, into, on or over a public sidewalk, or shall fail to remove the same forthwith, when notified by the Director of Streets, he shall be deemed guilty of a misdemeanor; provided, however, that nothing herein contained shall prohibit the erection of a balcony from the second floor of any house extending not more than three feet beyond the building line; provided further, that nothing contained in this section shall be construed as prohibiting the repair, alteration or replacement with the same or different materials, in accordance with plans approved by the Board of Public Service, of any steps heretofore constructed beyond the building line of a street and into, on or over a public sidewalk. (1994 C., § 20.28.090; Ord. No. 68604, § 10, 3-16-2010.)

20.28.100 Canvas awnings.

No person shall erect, or cause to be erected, and no person shall maintain, or cause to be maintained, any canvas awning that projects over the public highway in the City, unless the framework of the awning is not less than seven and one-half feet above the surface of the highway over which the awning projects, and unless the curtain and lowest part of the awning are not less than six feet eight inches above the surface of the highway over which the awning projects.

"Public highway" as used in this section shall be construed to include the sidewalk area as well as the roadway of the highway. (1994 C., § 20.28.100; Ord. No. 68604, § 10, 3-16-2010.)

20.28.110 Parking ramp permit—Required.

The Board of Public Service is authorized and directed to issue a special encroachment permit for the use of space above the public street or public alley for the erection, construction and use of parking driveway ramps when the Board shall find, after a public hearing thereon, that the encroachment into the public street or public alley:

A. Has at least fourteen and one-half feet clearance above the portion of the public street or public alley used for the movement of automotive or other vehicles and at least twelve feet clearance above that portion of the public street used for pedestrian traffic;

B. Is constructed of materials having a fire restrictive value of at least four hours;

C. Is illuminated with lighting to an intensity of at least 0.6 footcandle power at all points of encroachment;

D. Is located within the "G" commercial, "H" commercial, "I" central business and "J" industrial use zoning districts under the comprehensive zoning ordinance of this City;

E. Is not a traffic hazard. "Traffic hazard" means that the encroachment will not interfere with the vision of the operators of motor vehicles in the operation of vehicles within two hundred feet of the encroachment and will not interfere with the movement of trucks, tractors, trailers or other commercial vehicles within two hundred feet of the encroachment because of insufficient height and clearance to the contour of the public street or public alley;

F. Does not deprive the surrounding properties within two hundred feet of the proposed encroachment of light and air;

G. Does not project more than one-fourth of the width of the public street or public alley;

H. The area of the ramp projection over the street

is not to exceed three hundred ten square feet. (1994 C., § 20.28.110; Ord. No. 68604, § 10, 3-16-2010.)

20.28.120 Parking ramp permit—Application.

Any person, firm or corporation proposing to build or erect a parking ramp which may encroach into the public street or public alley shall file an application with the Board of Public Service on the form required by the Board and submit detailed plans thereof showing the proposed encroachment. (1994 C., § 20.28.120; Ord. No. 68604, § 10, 3-16-2010.)

20.28.130 Parking ramp permit—Hearing.

Upon receipt of the application the Board of Public Service shall within fifteen days conduct a hearing thereon. The Board shall post, at least five days before the hearing, a notice on the property from which the proposed parking driveway ramp will project, showing a drawing of the proposed encroachment and also a notice of the time, place and date where the hearing will be held. (1994 C., § 20.28.130; Ord. No. 68604, § 10, 3-16-2010.)

20.28.140 Parking ramp permit—Revocation—Nontransferable.

The permit issued under the provisions of Sections 20.28.110—20.28.140 shall be revocable by the Board of Public Service upon the giving of a sixty-day notice to the holder thereof if the Board shall find that the parking driveway ramp interferes with or impedes, in any way, the movement of traffic along the public street or public alley. The permit granted shall not be transferable and should the property be sold or in any way transferred, either by sale, gift, lease, or in any other manner, the new owner or lessee shall be required to apply for a new permit if the party desires to continue such encroachment. If a permit is revoked or terminates under the provisions of Sections 20.28.110—20.28.140, the encroachment shall be immediately removed. (1994 C., § 20.28.140; Ord. No. 68604, § 10, 3-16-2010.)

20.28.150 Banner permit.

No person shall erect, or cause to be erected, and no person shall maintain or cause to be maintained a banner mounted on City light standards without an encroachment permit from the Board of Public Service and a banner permit from the Street Department. The fee for the banner permit shall be one hundred dollars ($100.00) per pole and the permit shall be valid for up to one year from the date of issuance. A portion of the banner permit fee, fifty dollars ($50.00) per light pole, will be refundable upon maintaining and removal of the banner(s) at the end of the year.

The fee for neighborhood organizations that are qualified 501c(3) tax-exempt groups shall be ten dollars ($10.00) per pole and the permit shall be valid for up to one year from the date of issuance. (1994 C., § 20.28.150; Ord. No. 69883, § 1, 12-4-2014; Ord. No. 68604, § 10, 3-16-2010.)

20.28.160 Sidewalk café permit.

No person or business shall have a sidewalk café without obtaining an encroachment permit from the Board of Public Service and a sidewalk café permit from the Street Department. The fee for the sidewalk café permit shall be two hundred dollars ($200.00) plus $1.00 per square foot of sidewalk being utilized for the café. The sidewalk café permit shall be valid for up to one year from the date of issuance. (1994 C., § 20.28.160; Ord. No. 68604, § 10, 3-16-2010.)

20.28.170 Bus shelter permit.

No person or business shall erect, or cause to be erected, or maintain, or cause to be maintained, a bus shelter on a public sidewalk without an encroachment permit from the Board of Public Service and a bus shelter permit from the Street Department. The bus shelter permit fee shall be two hundred dollars ($200.00) annually per shelter. The bus shelter permit fee is separate from the ten dollar ($10.00) per shelter application fee required every three years by ordinance. (1994 C., § 20.28.170; Ord. No. 68604, § 10, 3-16-2010.)

20.30.130 Trenches.
20.30.140 Inspector's time.
20.30.150 Lateral supports.

20.30.010 Permit required.

Subject to the provisions of this chapter, no person except the Water Commissioner shall make or cause to be made any excavation in any public street or alley without written permission of the Director of Streets so to do. The Water Commissioner at the time of ordering any excavation shall notify the Director of Streets of the action. It is provided, however, that such permission shall not be required for public work to be done under authority and supervision of the Board of Public Service or its duly authorized agent, and applicants qualified to pay annual inspection fees pursuant to Section 20.30.140 may be granted permits on an annual basis. (1994 C., § 20.30.010; Ord. No. 68604, § 11, 3-16-2010.)

20.30.020 Installation of scales or railroad switch track.

No permit for excavation in any public street or alley for the purpose of installing a vehicular platform scale or railroad switch track shall be issued by the Director of Streets unless the applicant for such a permit shall have secured from the Board of Public Service a permit for the installation of such scale or switch track. (1994 C., § 20.30.020; Ord. No. 68604, § 11, 3-16-2010.)

20.30.030 Deposit or bond.

Subject to the exceptions specified by ordinance, no excavation for any purpose whatever shall be made in a public street, sidewalk or alley without a permit from the Director of Streets. The permit may be for any purpose other than for the installation of a vehicular platform scale or railroad switch track. Applicants for all permits for excavations shall provide liability insurance in the amount of five hundred thousand dollars ($500,000.00) saving the City harmless from all accidents and damages caused by any negligence in protecting their work or by any unlawful or inadequate work done by themselves or their employees. Applicants for permits for excavation less than twenty feet in length shall deposit with the Treasurer a sum of money to be fixed by the Director of Streets to cover the entire expense of backfilling the pavement or surfacing material, or post a bond in the amount of ten thousand dollars ($10,000.00) conditioned that the applicant will indemnify the City for the entire cost of backfilling and repaving. Any applicant who is a bonded and licensed drainlayer or plumber, in accordance with the building code of the City, need not furnish additional bond, provided the existing bond provides that the applicant will indemnify the City for the cost of backfilling and paving. If the cash deposit is insufficient, the permittee shall pay the deficiency to the Treasurer within ten days after notice by mail. Failure to pay the deficiency shall be grounds for refusing further permits. (1994 C., § 20.30.030; Ord. No. 68604, § 11, 3-16-2010.)

20.30.040 Regulations.

Excavations in any street, sidewalk, alley or other public way shall not remain open unless work is progressing at a reasonable rate. The Director of Streets may, at his discretion and for good cause, grant an extension to the excavation permit allowing the excavation to remain open. If, in the opinion of the Director of Streets, any excavation work is not continuing at a reasonable rate, he shall cause the excavation to be backfilled and the cost thereof charged to the contractor holding the permit for the excavation; provided first, that written notice be given to the permittee and that twenty-four hours elapse since receipt of the notice. The notice shall be mailed to the address of the permittee as shown on the permit and notice shall be deemed received thirty-six hours after mailing. (1994 C., § 20.30.040; Ord. No. 68604, § 11, 3-16-2010.)

20.30.050 Footbridge over sidewalk excavations.

Whenever any person shall excavate the sidewalk of any street for building purposes, he shall place a strong and substantial footbridge over the excavation in the line of the sidewalk. The bridge shall be at least five feet broad and securely railed on each side, so that foot passengers may pass over it safely and conveniently at all times. (1994 C., § 20.30.050; Ord. No. 68604, § 11, 3-16-2010.)

20.30.060 Temporary roadway.

In all cases where excavations are made entirely across the public highway, a substantial roadway shall be maintained by the party making the excavation across the highway, until the excavation is refilled, and at all times be subject to the approval of the Director of

Streets. (1994 C., § 20.30.060; Ord. No. 68604, § 11, 3-16-2010.)

20.30.070 Length limit.

No excavation shall be made in any public street or alley more than two blocks in length at any one time except by special permit from the Director of Streets. (1994 C., § 20.30.070; Ord. No. 68604, § 11, 3-16-2010.)

20.30.080 Fencing and lighting.

Every person who shall cause to be made any excavation in or adjoining a public street, sidewalk, alley or public place shall cause the same to be protected in the manner as may be specified in the excavation permit, and so placed as to prevent persons, animals or vehicles from falling into the excavations. Every person making or causing to be made any excavation, and every person who shall occupy or cause to be occupied any portion of any public street, sidewalk, alley, or public place with building materials or any obstruction, shall cause one red or amber light to be securely and conspicuously posted on or near the excavation, building material or obstruction provided the obstruction does not extend more than ten feet in length, and if over ten feet or less than fifty feet, two red or amber lights, one at each end, shall be so placed, and one additional light for each additional fifty feet or part thereof, and shall keep the light burning or flashing during the entire night.

Whether defendant street railway company was negligent in placing lights to guard street excavation as required by ordinance was question for jury.

Tort liability cannot be imposed on a City for failure to observe the requirements of its own ordinances. (1994 C., § 20.30.080; Ord. No. 68604, § 11, 3-16-2010.)

20.30.090 Deposits of materials excavated.

In making excavations in any public street or alley, the paving material and earth removed must be deposited in a manner that will occasion the least inconvenience to the public with provision for proper surface drainage and a safe passageway for travel. (1994 C., § 20.30.090; Ord. No. 68604, § 11, 3-16-2010.)

20.30.100 Refilling—Layers—Tamping.

Excavations in any street or alley shall be refilled immediately after the excavation project is completed. The excavation shall be refilled with granular material in a size and thickness determined by the Director of Streets. The refill material shall be compacted with equipment approved by the Director of Streets until the excavation is filled up to the proper line for placing the pavement thereon. (1994 C., § 20.30.100; Ord. No. 68604, § 11, 3-16-2010.)

20.30.110 Refilling—General regulations.

If the refilling is not done in compliance with the provisions of this chapter, then the Director of Streets may remove all the earth from the excavation and have the same refilled at the expense of the person who made the excavation, and charge the cost thereof against the deposit of money belonging to the aforesaid person. The street or alley pavement, after refilling, shall be placed in as good shape and condition as it was before the excavation was made. All deficiencies in material shall be made good with new material by the persons making the excavation. Backfilling may be done with chat or other material approved by the Director of Streets. All dirt or other substance remaining at or near any excavation after the refilling thereof shall be removed from the site by or at the direction of the person making the excavation. (1994 C., § 20.30.110; Ord. No. 68604, § 11, 3-16-2010.)

20.30.120 Refilling—Reasons for not granting a permit.

A contractor having a record of three or more deficient excavations, as determined by the Director of Streets, within a period of one year shall be refused any additional permits for a period not to exceed one year from the date of the determination of the last deficiency as defined, following a hearing before the Board of Public Service.

No contractor may subcontract all or any portion of any work to be done concerning an excavation in a public street or alley, nor shall any contractor be permitted to obtain a permit under his/her name for use by another contractor or person without the approval of the Director of Streets. (1994 C., § 20.30.120; Ord. No. 68604, § 11, 3-16-2010.)

20.30.130 Trenches.

Whenever a trench is excavated in any public street or alley, the Director of Streets shall supervise the opening and closing of the trench, or whenever a trench is excavated in any public street or alley upon which is laid a pavement of granite, brick, asphalt, bitulithic, wood blocks or concrete, the Director of Streets shall direct how much of a pavement it will be necessary to

remove. (1994 C., § 20.30.130; Ord. No. 68604, § 11, 3-16-2010.)

20.30.140 Inspector's time.

A. Whenever a person applies for a street excavation permit, he shall state in writing in his application the hour he will commence work or the manner in which notice of commencement will be given. An inspection fee of $125.00 per excavation shall be charged for work under twenty feet (20') in length and for excavations over twenty feet (20') shall be charged at the rate of $20.00 per day, provided that an applicant who, in the five preceding years, have regularly done their own backfilling and have paid inspection fees in excess of $5,000.00 per year may elect to pay a flat annual fee for inspection in an amount equal to the average of the inspection fees paid annually by such applicant in the five preceding years, such annual fee to be in quarterly installments.

B. Double Fees. In case any work for which a permit is required by this Code is started or proceeded prior to obtaining said permit, the total normal fees applicable shall be doubled, but the payment of said double fee shall not relieve any persons from fully complying with the requirements of this Code for performance or execution of the work, nor from other penalties prescribed by law. (1994 C., § 20.30.140; Ord. No. 68604, § 11, 3-16-2010.)

20.30.150 Lateral supports.

Whenever any street, alley, or other public place shall have been deprived of its lateral support by any excavation alongside the street, alley or other public place, or sufficiently close thereto to cause the surface of the street to sink, or render it unsafe for travel, the Director of Streets shall notify, in writing, the owner of the land on which the excavations shall exist or his duly authorized agent, or shall cause a notice to be posted on the land, to restore the lateral support, then the Director of Streets shall cause the excavations to be filled to the extent necessary to restore the lateral support of the street, alley or other public place. The cost thereof shall be repaid to the City by the owner of the land. (1994 C., § 20.30.150; Ord. No. 68604, § 11, 3-16-2010.)

20.32.110 Derricks.
20.32.120 Termination of occupation.
20.32.130 Red or amber lights.
20.32.140 Permission to occupy may be extended beyond the limits of proposed buildings.
20.32.150 Withdrawal of deposit.

20.32.010 Permit required.

Any person desiring temporarily to occupy any portion of any public street, alley or sidewalk for the purpose of placing thereon materials or rubbish from building operations or for excavation of any area under a sidewalk, or for any purpose whatever in connection with the erection, removal, alteration or repair of any building or other structure, shall apply to the Director of Streets for a permit for the temporary occupation aforesaid, and it shall be unlawful to occupy or obstruct any street, alley or sidewalk as aforesaid without a permit from the Director of Streets. (1994 C., § 20.32.010; Ord. No. 68604, § 12, 3-16-2010.)

20.32.020 Building permit and deposit required.

The permit required by Section 20.32.010 shall only be issued by the Director of Streets upon the presentation of a building permit, from the Building Commissioner, authorizing the work which is to be done, and the City Treasurer's receipt that the applicant has deposited with the City Treasurer the sum of fifty dollars, without regard to the number of permits as a

special fund, to be used by the Director of Streets to defray expenses by reason of a failure of the person, to whom the permit may be issued, to keep the streets, alleys and sidewalks adjacent to the premises whereon the building operations are carried on in a clean and orderly condition during the time for which permission for temporary occupation is asked. (1994 C., § 20.32.020; Ord. No. 68604, § 12, 3-16-2010.)

20.32.030 Permittee to keep streets, alleys and sidewalks in clean and orderly condition.

It is the duty of any person carrying on any building operations to keep the streets, alleys and sidewalks adjoining the premises whereon the operations are conducted in a clean and orderly condition during operations, and at the expiration of the time stipulated in the permit, which shall not exceed the time stipulated in the building permit, or whenever ordered by the Director of Streets, the person to whom the permit may be issued shall remove all materials and rubbish from the streets, alleys and sidewalks adjoining the premises and shall leave the same in a clean and orderly condition. (1994 C., § 20.32.030; Ord. No. 68604, § 12, 3-16-2010.)

20.32.040 Failure to keep streets clean.

The Director of Streets is authorized to clean the streets, alleys or sidewalks adjoining any premises whereupon building operations are being carried on whenever the same may be found in an unclean or disorderly condition. He shall remove or repile any building materials, rubbish or obstructions which may be found outside of the spaces authorized by his permit to be occupied thereby or within four feet of any fireplug or electric conduit manhole. He shall issue a voucher for the payment of the cost of cleaning or removal, which shall be charged against and paid from the deposit provided for in Section 20.32.020. (1994 C., § 20.32.040; Ord. No. 68604, § 12, 3-16-2010.)

20.32.050 Additional deposit.

Whenever the whole or part of the deposit required by Section 20.32.020 shall have been expended for the purpose herein described, the Director of Streets shall notify the person to whom the permit may be issued to pay so much money into the City Treasury as will bring the deposit again up to the amount hereinbefore required, and in the event of the failure of the depositor to deposit the additional sum the Director of Streets shall revoke the permit and it shall be unlawful to occupy any of the aforesaid streets, alleys or sidewalks with materials, dirt or rubbish after the revocation of the permit or to neglect or refuse to remove all materials, dirt and rubbish from the streets, alleys, and sidewalks after having been notified so to do by the Director of Streets. (1994 C., § 20.32.050; Ord. No. 68604, § 12, 3-16-2010.)

20.32.070 Driveways—Elevation of temporary sidewalks.

It is not intended by this chapter to prohibit the maintenance of a driveway for the delivery of material across the sidewalk from the curb line to the building side. It shall be permitted for the purpose of delivering material to the basement of the building to elevate temporary sidewalks to a height not exceeding four feet above the curb level of the street. (1994 C., § 20.32.070; Ord. No. 68604, § 12, 3-16-2010.)

20.32.080 Roof over sidewalks.

If the building to be erected is more than four stories in height and is set at or near the street line, there shall be built over the sidewalk a roof, having a framework and covering composed of supports and stringers of three by twelve timbers, not more than eight feet from centers, covered by two layers of two-inch plank. The roof shall be maintained as long as material is being used or handled on the street front and above the level of the sidewalk. In all such cases the temporary sidewalks and their railings and approaches and the roofs over the same shall be made, as regards ease of approach, strength and safety, to the satisfaction of the Director of Streets. (1994 C., § 20.32.080; Ord. No. 68604, § 12, 3-16-2010.)

20.32.090 Extent of occupation.

The extent of occupation of a street, alley or sidewalk or part thereof for which a permit may be granted under this chapter by the Director of Streets shall be as follows:

The permit shall not authorize the occupation of any sidewalk, street or alley, or part thereof, other than that immediately in front of or in the rear of the premises for the building upon which the permit is issued.

The occupation of the street for the storage of building materials shall never exceed, in front of any one building, one-quarter of the width of the roadway of the same, and in the streets containing railroad tracks the occupation shall not exceed one-half the distance from the curbstone to the railroad tracks. The

occupation of any public alley, as aforesaid, shall not exceed one-half of the width of the same. (1994 C., § 20.32.090; Ord. No. 68604, § 12, 3-16-2010.)

20.32.100 Protection of paving—Removal of earth and rubbish.

Brick, asphalt and bituminous macadam paving shall be protected with wood covering composed of one-inch plank before any material is placed on it. Earth taken from excavations and rubbish taken from buildings must not be stored upon the sidewalk or roadway of streets or alleys, and must be removed from day to day as rapidly as produced. Where dry rubbish likely to produce dust is being handled, it must be kept wet, so as to prevent its being blown about by the wind. (1994 C., § 20.32.100; Ord. No. 68604, § 12, 3-16-2010.)

20.32.110 Derricks.

For all buildings more than four stories in height the use of derricks set upon the sidewalks is prohibited. Materials for buildings shall be hoisted entirely within the inclosing walls of the same. (1994 C., § 20.32.110; Ord. No. 68604, § 12, 3-16-2010.)

20.32.120 Termination of occupation.

The permission to occupy streets and sidewalks for purposes of building is intended only for use in connection with the actual erection, repair, alteration or removal of buildings and must terminate with the completion of the operation. It shall be unlawful to occupy any sidewalk or alley after the expiration of the time for which a permit has been issued by the Director of Streets. It shall also be unlawful to occupy a sidewalk, street or alley, under authority of the permit for the storage of articles not intended for immediate use in connection with the operations for which the permit has been issued. (1994 C., § 20.32.120; Ord. No. 68604, § 12, 3-16-2010.)

20.32.130 Red or amber lights.

Red or amber lights shall be displayed and maintained during the whole of every night at each end of every pile of material in any street or alley and at each end of every excavation. Lights shall be securely and conspicuously posted on or near the excavation materials or obstruction. (1994 C., § 20.32.130; Ord. No. 68604, § 12, 3-16-2010.)

20.32.140 Permission to occupy may be extended beyond the limits of proposed buildings.

It is provided that if the written consent and a waiver of claims for damages against the City of the owners of the property abutting upon the site of the proposed buildings first obtained and filed with the Director of Streets, the permission to occupy the roadway may be extended beyond the limits of the building, upon the same terms and conditions as those herein fixed for the streets in front of the building sites themselves. (1994 C., § 20.32.140; Ord. No. 68604, § 12, 3-16-2010.)

20.32.150 Withdrawal of deposit.

Whenever any person who has a deposit with the City Treasurer for the purpose of taking out permits as described desires to withdraw the deposit, he shall notify the Director of Streets, who thereupon shall certify to the Comptroller a voucher for the unexpended balance of the deposit; provided, that all streets, alleys or sidewalks have been cleaned, as required by this chapter, to the satisfaction of the Director of Streets. The Comptroller shall thereupon draw his warrant upon the City Treasurer in favor of the person for the amount standing to the credit of the special fund created by the payments provided, and shall take his receipt in full of all claims against the City on account of the payments. (1994 C., § 20.32.150; Ord. No. 68604, § 12, 3-16-2010.)

Chapter 20.34

RAILROAD TRACKS IN STREETS

Sections:

20.34.010 Permit required.
20.34.020 Deposit required.
20.34.030 Refund of deposit.
20.34.040 Work done by City.
20.34.050 Replenishing deposit.
20.34.060 Existing tracks.

20.34.010 Permit required.

Unless specifically authorized by an ordinance of the City, it is unlawful to construct, reconstruct, repair, maintain or remove any railroad track in any public street, highway or alley without a permit to do so from the Board of Public Service. (1994 C., § 20.34.010; Ord. No. 68604, § 13, 3-16-2010.)

20.34.020 Deposit required.

A. No such permit may be issued by the Board of Public Service unless, previous to the issuance thereof, the applicant therefor has deposited with the Comptroller the sum of fifteen dollars ($15.00) for each lineal

foot of such track to be constructed, reconstructed, repaired, maintained or removed from the public street or alley. It is provided, however, that when the deposits by any such applicant have reached the total sum of twenty thousand dollars ($20,000.00) no additional deposits shall be required from such applicant under this chapter except for the purpose of maintaining such deposit; and provided further, that the deposit of twenty thousand dollars ($20,000.00) by such applicant shall be used as a general fund for the use by the City for the proper construction, reconstruction, repair and maintenance of all the tracks of such applicant in the public streets and alleys and for the removal of such tracks and restoration of the streets and alleys upon abandonment of such tracks or discontinuance of the use thereof or revocation of the permits for such tracks.

B. The length of a track shall be the distance along the center line thereof to the mean end of the track. Where a switch or turnout is in the public street or alley, the length of the track shall be taken to the point of switch of the track. (1994 C., § 20.34.020; Ord. No. 68604, § 13, 3-16-2010.)

20.34.030 Refund of deposit.

A. The deposit required in Section 20.34.020 shall be refunded to the depositor or permittee upon the completion of the removal of all of the tracks of the permittee and restoration of the public streets and alleys from which such tracks shall have been removed, under the supervision and to the satisfaction of the Director of Streets.

B. In case the removal of tracks and restoration of the public streets and alleys under the supervision and to the satisfaction of the Director of Streets reduces the total lineal feet of tracks remaining in the public streets and alleys to less than the minimum for which a deposit of twenty thousand dollars ($20,000.00) is required, the City shall refund that portion of the deposit in excess of the amount necessary to comply with the requirements of this chapter; that is, the deposit required shall be fifteen dollars ($15.00) per lineal foot of track remaining in such public streets and alleys. (1994 C., § 20.34.030; Ord. No. 68604, § 13, 3-16-2010.)

20.34.040 Work done by City.

Upon failure of the permittee to properly construct, reconstruct, repair and maintain any of the tracks of the permittee, when notified to do so by the Director of Streets, the Director shall cause the work to be done and the cost thereof certified to the Comptroller who shall charge against the deposit the amount so certified. (1994 C., § 20.34.040; Ord. No. 68604, § 13, 3-16-2010.)

20.34.050 Replenishing deposit.

When any portion of the fund required is used by the Director of Streets, in accordance with Section 20.34.040, the permittee, upon written notice from the Director and within thirty days from the date of the notice, shall cause to be deposited with the Comptroller the amount so certified. Upon failure by the permittee to comply with the foregoing requirement, the Board of Public Service shall revoke the permit for the track involved, cause the track to be removed from the public street, highway or alley, the street, highway or alley restored and the cost of all the removal and restoration certified to the Comptroller who shall charge the amount so certified against the deposit hereinbefore required. (1994 C., § 20.34.050; Ord. No. 68604, § 13, 3-16-2010.)

20.34.060 Existing tracks.

Every railroad track now existing in any public street, highway or alley, and not authorized by ordinance, shall be subject to the provisions of this chapter, upon February 10, 1949, and the Board of Public Service is authorized and directed to notify, in writing, all permittees for the tracks to comply with the requirements of this chapter. (1994 C., § 20.34.060; Ord. No. 68604, § 13, 3-16-2010.)

Chapter 20.36

USE BY MERCHANTS

Sections:

20.36.010	**Merchandise display—Permit required.**
20.36.020	**Width of sidewalk areas.**
20.36.030	**Public hearing.**
20.36.040	**Permits for a period of three (3) days or less.**
20.36.050	**Permit cost, insurance, inspection and display of permit.**
20.36.060	**Temporary use for shipping and receiving.**
20.36.070	**Prohibitions and penalties.**
20.36.080	**Annual renewal.**

20.36.010 Merchandise display—Permit required.

Any person, firm, corporation or other entity wishing to expose, offer any merchandise, new or used,

food, horticultural product, or services by auction or otherwise upon any public street, sidewalk, or other public place or on private property abutting and in view of any public street, sidewalk or public place shall first obtain the written consent of the owner or tenant of the abutting property and a permit from the Board of Public Service. The issuance of any permits pursuant to this section shall be subject to the conditions set forth in this chapter. (1994 C., § 20.36.010; Ord. No. 68604, § 14, 3-16-2010.)

20.36.020 Width of sidewalk areas.

No permit shall be issued hereunder for occupying sidewalks of ten (10) feet or less in width measured from the curb; sidewalks of more than ten (10) feet and less than twelve (12) feet in width shall be limited to three (3) feet for such occupancy; those of twelve (12) feet and less than fifteen (15) feet in width shall be limited to four (4) feet for such occupancy; those of more than fifteen (15) feet shall be limited to five (5) feet for such occupancy. (1994 C., § 20.36.020; Ord. No. 68604, § 14, 3-16-2010.)

20.36.030 Public hearing.

Prior to the issuance of any permit for a period of more than three (3) days, the Board of Public Service shall conduct a public hearing. The applicant shall provide the office of the Secretary, Board of Public Service, on forms approved by that office, the location, the type of merchandise to be displayed and the extent of the sidewalk planned to be occupied and proof of current payment of all state and local taxes. The office of the Secretary, Board of Public Service, shall cause placards to be placed at the subject premises, and at each end of the block where the subject premises is located for a period not less than fourteen (14) days before the scheduled public hearing and notice shall be given to the Alderman of the ward in which the property is located. (1994 C., § 20.36.030; Ord. No. 68604, § 14, 3-16-2010.)

20.36.040 Permits for a period of three (3) days or less.

The Board of Public Service may issue permits for the use of any public street, sidewalk or other public place, or private property abutting and in view of any public street, sidewalk or other public place to any person, firm, corporation or other entity for a period of time not to exceed three (3) days without holding a public hearing as provided in Section 20.36.030. No such permit shall be issued for the same location or any portion thereof within six (6) months following the prior issuance of a permit as provided in this section, unless a public hearing is held. (1994 C., § 20.36.040; Ord. No. 68604, § 14, 3-16-2010.)

20.36.050 Permit cost, insurance, inspection and display of permit.

A. Upon approval of the application by the Board of Public Service, the applicant shall pay to the Department of Streets a fee of one hundred dollars ($100.00) for the permit to display merchandise plus one dollar ($1.00) per square foot of sidewalk being utilized for the display of merchandise. Such fee shall be for the investigation of conditions and inspection of the public street and sidewalk and shall be paid annually.

B. The applicant shall keep harmless and defend the City from all damages which may be sustained by it and all claims which may be made against it by reason of any injury to person or damage to property resulting from anything done in connection with the permit, and for this purpose an insurance policy providing coverage up to $100,000.00 for injury to any one person, $300,000.00 for injury to any two or more persons, and $25,000.00 for property damage, conditioned as above, approved by the City Counselor as to form and by the Comptroller as to surety, shall be filed with the Comptroller before the permit is issued.

C. All permittees shall maintain a copy of the merchandise display permit so positioned at the premises as to be conspicuous and visible to the public.

D. The Director of Streets shall cause to be made frequent inspections of all locations having merchandise display permits. (1994 C., § 20.36.050; Ord. No. 68604, § 14, 3-16-2010.)

20.36.060 Temporary use for shipping and receiving.

Merchants and manufacturers may occupy with their merchandise not more than one-half (½) of the width of the sidewalk upon which the respective merchants' or manufacturers' place of business abuts without obtaining a permit; provided, that the merchant, manufacturer, their agents or suppliers are actively engaged in the shipping or receiving of merchandise, that such use does not exceed two (2) hours in duration and that such merchandise shall not remain on the sidewalk when the place of business abutting upon such sidewalk is not open for business. (1994 C., § 20.36.060; Ord. No. 68604, § 14, 3-16-2010.)

20.36.070 Prohibitions and penalties.

A. No person, firm, corporation or other entity who shall occupy any portion of the public street, sidewalk or other public right-of-way area or private property abutting and in view of such public area for the purpose of displaying or offering for sale, by auction or otherwise, any new or used merchandise, food, horticultural products or services without a merchandise display permit. Any person, firm, corporation or other entity displaying merchandise without permit shall, upon conviction, be fined not less than fifty dollars ($50.00), nor more than five hundred dollars ($500.00), for each such offense. Each day's violation shall constitute a separate offense.

B. No person, firm, corporation or other entity, having properly obtained a merchandise display permit, shall encroach into the public right-of-way beyond the area allowed by the permit. Any object or objects found illegally encroaching into the public right-of-way shall be subject to removal as authorized by Sections 20.28.010 through 20.28.050 of the Revised Code.

C. The Board of Public Service may revoke for cause any merchandise display permit it has issued if, in the opinion of said Board, the public interest demands such revocation. Such cause shall include, but not be limited to, failure to maintain insurance as required in this chapter, failure to properly display the permit, failure to properly maintain the sidewalk area, failure to keep the area neat and orderly, for more than one instant of encroachment into the right-of-way beyond the range of the permit or for displaying items prohibited by law. (1994 C., § 20.36.070; Ord. No. 68604, § 14, 3-16-2010.)

20.36.080 Annual renewal.

A. Because permits for the private use of public rights-of-way are temporary in nature and under the provisions of Article XIII, Section 5(b) of the City Charter may be revoked at will by the Board of Public Service; the permittee shall make an application for renewal of existing permits at least annually.

B. The Secretary of the Board of Public Service shall send a notice to the holder of the permit that unless an application for renewal is received by the Board thirty (30) days prior to the day and month of approval of the permit, the permit will be revoked effective on the anniversary date thereof.

C. The application for renewal shall be made as provided in Section 20.36.030 of the Revised Code. (1994 C., § 20.36.080; Ord. No. 68604, § 14, 3-16-2010.)

It shall be unlawful for any person to erect, construct or to hereafter maintain or use any fence heretofore erected or constructed composed in whole or in part of barbed wire upon any street or any public or private alley or passage or way or other public thoroughfare which is fifteen feet or less in width within the limits of the City. Any violation hereof shall be a misdemeanor. (1994 C., § 20.38.010; Ord. No. 68604, § 15, 3-16-2010.)

20.38.020 Barbed wire fences—Failure to remove.

Any person violating the provisions of Section 20.38.010, after being duly notified by the police in writing to remove same within ninety days, shall be deemed guilty of a misdemeanor. (1994 C., § 20.38.020; Ord. No. 68604, § 15, 3-16-2010.)

20.38.030 Downspouts.

Every person owning or occupying any building in this City shall cause the pipes conducting the water from the eaves of the building to be so constructed as not to spread the water over the sidewalks. Any person violating the provisions of this section shall be deemed guilty of a misdemeanor. (1994 C., § 20.38.030; Ord. No. 68604, § 15, 3-16-2010.)

20.38.040 Signs.

It shall be unlawful for any person to erect or cause to be erected or to maintain or cause to be erected or to maintain or cause to be maintained any signs, signbox, illuminated sign, lettered lamp or other fixture which shall extend over or upon any public highway more than eighteen inches from the property line of the highway except as authorized in the building code. (1994 C., § 20.38.040; Ord. No. 68604, § 15, 3-16-2010.)

20.38.050 Projections of merchandise and other articles.

It shall be unlawful for any person to suspend any merchandise or other article over the public highway in such a manner that the merchandise or article extends more than eighteen inches into the highway, if the merchandise or article is less than eight feet above the surface of the highway, or extends more than twenty-four inches into the highway at any height above the highway. (1994 C., § 20.38.050; Ord. No. 68604, § 15, 3-16-2010.)

20.38.060 Placing or throwing articles on highways.

It shall be unlawful to place or throw or cause to be placed or thrown upon any public highway or other public place in this City any article whatsoever so as to obstruct or otherwise encumber the highway. (1994 C., § 20.38.060; Ord. No. 68604, § 15, 3-16-2010.)

20.38.070 Hoisting merchandise over thoroughfare.

Any person in this City who shall hoist, lower or let down on the outside of any building over any thoroughfare any merchandise, grain or building or other material or article, shall be deemed guilty of a misdemeanor. (1994 C., § 20.38.070; Ord. No. 68604, § 15, 3-16-2010.)

20.38.080 Unauthorized obstructions, excavations and defacing property.

Any person who shall himself, or by another, place, use, utilize or maintain upon any highway or other public place any obstruction not authorized by this Code or by ordinance, or make any excavation in such place without lawful authority, or displace or remove in such public place any cover of any sewer manhole, inlet, catch basin, stop valve, water meter or any cover belonging to any public utility corporation without lawful authority, or displace or remove any stones, stakes or other landmarks placed by any officer of this City, under authority thereof, or injure or deface any property, shall be deemed guilty of a misdemeanor. (1994 C., § 20.38.080; Ord. No. 68604, § 15, 3-16-2010.)

20.38.090 Gasoline, oil, salt water and other liquids.

No person shall pour or spill, or permit to drip upon any asphalt or bituminous macadam pavement laid on any street or alley or public place in the City, any kerosene, benzene, gasoline or other similar oil or oily substance or liquid, or salt or salt water. (1994 C., § 20.38.090; Ord. No. 68604, § 15, 3-16-2010.)

20.38.100 Oil wagons and tanks.

All oil delivery wagons or tanks shall have securely fastened under the taps or faucets thereunto attached, an absolutely oil- or water-tight, zinc-lined box or tray, and in filling any measure or other vessel from such taps or faucets, the measures or other vessels must be held so that any drip or overflow shall flow into the box or tray, and in removing the same from over the asphalt or bituminous macadam pavement, no drip or overflow from the measure or other vessel shall be permitted to fall upon the pavement, and no receptacle for holding oil shall be placed on the asphalt or bituminous macadam pavement. (1994 C., § 20.38.100; Ord. No. 68604, § 15, 3-16-2010.)

20.38.110 Vehicles using oils.

All automobiles and autocycles and all other vehicles using kerosene, benzene, gasoline or other similar oils, shall be provided with a pan or pans or other efficient receptacles so that no drip or overflow shall fall upon the asphalt or bituminous macadam pavement. (1994 C., § 20.38.110; Ord. No. 68604, § 15, 3-16-2010.)

20.38.120 Salt or salt water from ice cream vehicles.

All vehicles delivering, hauling or handling ice cream shall haul away and not deposit or throw upon any asphalt or bituminous macadam pavement any salt water or salt nor shall they deposit upon the pavement

any receptacles which contain salt or salt water. (1994 C., § 20.38.120; Ord. No. 68604, § 15, 3-16-2010.)

20.38.130 Licensing certain vehicles.

It shall be the duty of the License Collector to refuse to issue a license for oil delivery wagons, tanks, automobiles, autocycles and other vehicles using or transporting kerosene, benzene, gasoline or other similar oils, unless the provisions of Sections 20.38.090—20.38.110 are complied with. (1994 C., § 20.38.130; Ord. No. 68604, § 15, 3-16-2010.)

20.38.140 Breaking or removal of danger signals.

Any unauthorized person who shall remove, break or extinguish any lantern or danger signal, which has been placed on any street or alley to protect persons against accidents, shall be deemed guilty of a misdemeanor. (1994 C., § 20.38.140; Ord. No. 68604, § 15, 3-16-2010.)

20.38.150 Signposts, lanterns and clocks.

No signpost, lantern or clock shall be constructed or maintained in any public street, highway or alley without a permit from the Board of Public Service who shall impose reasonable and general regulations governing the construction and maintenance. (1994 C., § 20.38.150; Ord. No. 68604, § 15, 3-16-2010.)

20.38.160 Playing ball games.

Any person who shall play a game of ball upon any public highway, street or alley, shall be guilty of a misdemeanor. (1994 C., § 20.38.160; Ord. No. 68604, § 15, 3-16-2010.)

20.38.170 Flying kites or playing in streets.

Any person who shall, in any highway or thoroughfare of this City, fly a kite, or use any sport or exercise likely to scare horses, injure passengers or embarrass the passage of vehicles, shall be guilty of a misdemeanor. (1994 C., § 20.38.170; Ord. No. 68604, § 15, 3-16-2010.)

DANGEROUS EXCAVATIONS

Sections:

20.40.010 Fencing—Filling.
20.40.020 Notice to owner.
20.40.030 Fencing by City.
20.40.040 Expenses incurred by City.

20.40.010 Fencing—Filling.

All holes, depressions, excavations or other dangerous places within the City that are below the natural or artificial grades of the surrounding or adjacent street, shall be properly enclosed with fences or walls or be plated or filled up, so as to prevent persons and animals from falling into them. (1994 C., § 20.40.010; Ord. No. 68604, § 16, 3-16-2010.)

20.40.020 Notice to owner.

The Director of Streets shall notify the owners or occupants of premises on which such dangerous places exist to cause fences or walls to be built around them or to cause the same to be filled up, within such period as he shall deem the exigencies of the case may require. In case of failure to comply by any of the owners or occupants of such premises, after the notification required has been given, then they shall be guilty of a misdemeanor. (1994 C., § 20.40.020; Ord. No. 68604, § 16, 3-16-2010.)

20.40.030 Fencing by City.

Whenever the owner or occupant under the provisions of Section 20.40.020 cannot be found, then the Director of Streets shall cause such dangerous places to be fenced in. (1994 C., § 20.40.030; Ord. No. 68604, § 16, 3-16-2010.)

20.40.040 Expenses incurred by City.

The expense incurred by the Department of Streets in doing the work mentioned in this chapter shall be charged to and paid out of appropriation for streets and alleys. (1994 C., § 20.40.040; Ord. No. 68604, § 16, 3-16-2010.)

By June 1, 1969, owners of private bridges vertically clearing and traversing roadways of public highways, streets and alleys in the City, having a maximum vertical clearance from the underside of the bridge to

the nearest surface of the roadway laying beneath such bridge of less than sixteen feet, shall give warning of the actual clearance by clearly marking on each side of the bridge perpendicular to the highway, street or alley, the vertical distance from the underside to the surface of the roadway at its minimum distance, in feet and inches, and the markings shall conform in all details to specifications adopted by the Director of Streets, pursuant to the requirements hereof. (1994 C., § 20.42.010; Ord. No. 68604, § 17, 3-16-2010.)

20.42.020 Inspection certificates—Required.

The owners of all bridges approaching the City shall furnish the Director of Streets with two- and five-year certificates of safety inspection; the certificates of inspection shall be prepared in substantial compliance with Instructional Memorandum 40-1-68, 32-40, issued March 12, 1968, published by the Bureau of Public Roads and the Informational Guide for Inspection of Highway Bridges, March 1968, published by the Bureau of Public Roads, and any supplements thereto. (1994 C., § 20.42.020; Ord. No. 68604, § 17, 3-16-2010.)

20.42.030 Inspection certificates—Closing bridge.

The Director of Streets may cause any of the bridges to be closed if the inspection certificate is not furnished within one month of the date due or if the necessary repairs, which are indicated by the inspection, are not completed within six months of their discovery. (1994 C., § 20.42.030; Ord. No. 68604, § 17, 3-16-2010.)

20.42.040 Inspection certificates—Due dates.

The first two-year inspection report shall be furnished to the Director of Streets by January 1, 1969, and the first five-year inspection report shall be due three years thereafter on January 1, 1972. (1994 C., § 20.42.040; Ord. No. 68604, § 17, 3-16-2010.)

PERMITS FOR USE

Sections:

20.46.010	**Imposition and collection of permit fees—Exemptions.**
20.46.020	**Exemptions.**
20.46.030	**Penalty for no permit.**

20.46.010 Imposition and collection of permit fees—Exemptions.

The Director of Streets is hereby authorized and directed to impose and collect the following permit fees:

A. For each transportation of equipment permit: twenty-five dollars ($25.00).

B. For each parking exempting permit: twenty dollars ($20.00) per day per 25 feet where no parking meters exist. Where parking meters exist: twenty dollars ($20.00) per day.

C. Street, sidewalk or alley blocking permit.

1. Nonresidential Areas. For each street, curb lane only, sidewalk, or alley blocking permit in a nonresidential area the fee shall be twenty dollars ($20.00) per day per block. The permit fee shall be thirty dollars ($30.00) per day, per block, for each additional street lane in a nonresidential area. Alleys shall not be blocked on trash pickup days.

2. High Volume Area: As located on City Arterials or with in the downtown area (generally bounded by Jefferson to the west, Washington to the north, Choteau to the south, and Lenor K. Sullivan to the east). The blocking permit shall be thirty-five dollars ($35.00) per day per block for a parking lane and fifty dollars ($50.00) per day per block for a traffic lane. For each sidewalk, the blocking permit shall be thirty-five dollars ($35.00) per day per block.

3. Low Volume Area: As located on City streets not included in the High Volume Areas as set forth in A. of this Section, the blocking permit shall be twenty dollars ($20.00) per day per block for a parking lane and thirty dollars ($30.00) per day per block for a traffic lane. For each sidewalk, the blocking permit shall be twenty dollars ($20.00) per day per block.

4. Blocking permits for a storage container shall be issued for one week only and may obtain an extension with the approval of the Director of Streets. The permit fee shall be forty-five dollars ($45.00) per week in a High Volume Area and twenty-five dollars ($25.00), as set forth in this.

5. A blocking permit for a sidewalk shall require justification for the temporary closure of a sidewalk to be approved by the Director of Streets. If warranted, the closure of the sidewalk shall include a traffic control plan submitted by the permit applicant which must meet the satisfaction of the Director of Streets that identifies mobility accommodations for pedestrians of all abilities and range of mobility, all mobility assis-

tance devices and bicyclists, through or around a work zone that are safe and do not result in unnecessary delays. Guidance for traffic control plan requirements known as The City of St. Louis Streets Department Traffic Control Plan are attached and will also be made available at the Street Department. Guidance is subject to change from time to time at the discretion of the Director of Streets after seeking advisement from the St. Louis Community Mobility Committee.

D. For each parade permit: one hundred dollars ($100.00); except for parades in residential areas.

E. For each driveway construction permit the fee shall be one hundred dollars ($100.00) per driveway per commercial driveway; fifty dollars ($50.00) per residential driveway. For each driveway reconstruction permit, the fee shall be fifty dollars ($50.00) per commercial driveway; twenty-five dollars per residential driveway.

F. For each sidewalk construction permit in residential zoning areas: twenty-five dollars ($25.00).

G. For all other sidewalk construction permits (other than residential zoning areas): fifty dollars ($50.00). (1994 C., § 20.46.010; Ord. No. 71157, § 1, 5-7-2020; Ord. No. 68604, § 18, 3-16-2010.)

20.46.020 Exemptions.

Nonprofit, charitable or philanthropic organizations shall not be required to pay fees for parade, festival and parking permits. The blocking of any streets or alleys where vacations are pending shall be without fee. (1994 C., § 20.46.020; Ord. No. 68604, § 18, 3-16-2010.)

20.46.030 Penalty for no permit.

In case any work for which a permit is required by this title is started or proceeded with prior to obtaining said permit, the total normal fees applicable shall be doubled for the first offense and tripled for the second offense, but the doubling and tripling of the fees shall not exceed five hundred dollars ($500.00) for each offense. The payment of said doubled or tripled fee shall not relieve any persons or entity from fully complying with the requirements of this title for performance or execution of the work, nor from other penalties prescribed by law. If a person and/or entity fails to obtain a permit as required by this title more than two times, then the penalty shall be five hundred dollars per day and each day that work is performed without a permit shall constitute a separate offense. (1994 C., § 20.46.030; Ord. No. 68604, § 18, 3-16-2010.)

20.50.010 Barricades—Investigation.

In the event it is determined by the Director of Streets that a hole, depression, cave-in or other similar condition in a street or alley causes the street or alley to be in such condition as to constitute an immediate danger to the lives and property of the citizens of St. Louis and a hazard to public safety, then the Director shall cause fences, walls, plates, or barricades to be placed around the hole, depression, cave-in or other similar condition and shall immediately cause an investigation to be made to determine the cause of the dangerous condition. (1994 C., § 20.50.010; Ord. No. 68604, § 19, 3-16-2010.)

20.50.020 Notice to owner.

In the event the Director of Streets determines that the condition described in Section 20.50.010 is caused by a defective or faulty private sewer lateral and the property is not eligible for the sewer lateral repair program, then the Director will notify, in writing, the owner of the premises served by the private sewer lateral to make the repairs as are necessary to abate the defective or faulty condition which causes the hole, depression, cave-in or other similar condition in a street or alley; or to appear before the Director at a time and place specified within five days after notification in order to show cause why the owner should not be required to make repairs. (1994 C., § 20.50.020; Ord. No. 68604, § 19, 3-16-2010.)

20.50.030 Repair by City.

In the event the owner does not cause the private sewer lateral to be repaired and made safe within five days and does not appear before the Director of Streets to show cause why he should not be so required, then

the Director of Streets shall cause the same to be repaired and the expenses incurred as a result thereof shall be paid out of the revolving fund created in Section 20.50.070. (1994 C., § 20.50.030; Ord. No. 68604, § 19, 3-16-2010.)

20.50.040 Contracts.

The Director of Streets is authorized to cause repairs to be made by employees of the Street Department or any other City employees qualified to perform the repairs. In the event the Metropolitan St. Louis Sewer District has available personnel who are qualified, the Director may make arrangements for the use of personnel as are agreeable to the Director and Metropolitan St. Louis Sewer District. In the event the Director determines that the above sources of manpower and equipment are unavailable or inadequate, then he may let for bid or otherwise award contracts with the approval of the Comptroller to private firms

qualified to perform repairs to private sewer laterals to abate the dangerous condition in the street or alley. The Comptroller is authorized and directed to draw his warrant upon the fund established in this chapter upon the written request of the Director of Streets. (1994 C., § 20.50.040; Ord. No. 68604, § 19, 3-16-2010.)

20.50.050 Costs.

The Director of Streets shall notify in writing the owner of the premises of the amount of the said costs and that he is responsible for same. The owner shall make payment thereof within thirty days after the notification. In the event the owner fails to make a full payment of the costs within the thirty days or make other suitable arrangements for the payment thereof acceptable to the Comptroller, then the Comptroller shall notify the Law Department. The Law Department shall take appropriate legal steps to obtain a final judgment in the amount of the cost with interest against the owner and shall take all further steps necessary to obtain full and complete payment of the judgment and any interest thereon. (1994 C., § 20.50.050; Ord. No. 68604, § 19, 3-16-2010.)

20.50.060 Owner's duty.

No person who is the owner or occupant of a premises shall allow the private sewer lateral serving the premises to be in such condition that the condition of the sewer lateral causes holes, depressions, cave-ins or other dangerous conditions to exist in a street or alley in the City. (1994 C., § 20.50.060; Ord. No. 68604, § 19, 3-16-2010.)

20.50.070 Fund—Created.

There is created a revolving fund to be known as the "Private Sewer Repair Fund." The moneys in the fund are to be kept apart from any and all other moneys of the City. The purpose of the Private Sewer Repair Fund shall be to enable the City to repair, cause to be repaired and do all other things necessary with respect to private sewer laterals which are in such condition as to cause holes, depressions, cave-ins and other dangerous conditions to exist in a street or alley in the City. (1994 C., § 20.50.070; Ord. No. 68604, § 19, 3-16-2010.)

20.50.080 Fund—Use.

All moneys collected and paid to the City in pursuance of the terms and conditions of this chapter shall be deposited in the private sewer repair fund and shall be used only for the purposes set forth in this chapter. (1994 C., § 20.50.080; Ord. No. 68604, § 19, 3-16-2010.)

20.50.090 Penalty for violation.

Each person convicted of a violation of this chapter shall be punished by a fine of not less than five dollars nor more than five hundred dollars or by imprisonment for not more than ninety days or by both fine and imprisonment. Each day that any violation shall continue shall constitute a separate offense. (1994 C., § 20.50.090; Ord. No. 68604, § 19, 3-16-2010.)

20.51.010 Definitions.

For purposes of this chapter, the following terms and words shall have the meaning herein given to them:

A. *Distributor* shall mean the person responsible for placing and maintaining a bench or shelter in a public right-of-way.

B. *Parkway* means that area between the sidewalk and the curb of any street, and where there is no sidewalk that area between the edge of the roadway and property line adjacent thereto. Parkway shall also include any area within a roadway that is not open to vehicular travel.

C. *Roadway* means that portion of a street improved, designed, or ordinarily used for vehicular travel.

D. *Sidewalk* means all that area dedicated to pedestrian public use for public street purposes and shall include, but not be limited to, areas abutting roadways, parkways and alleys. (1994 C., § 20.51.010; Ord. No. 68604, § 20, 3-16-2010.)

20.51.020 Permit—Required.

It shall be unlawful for any person, firm or corporation to erect, place, maintain or operate, on any public street or sidewalk, or in any other public right-of-way or place, in the City of St. Louis any bench or shelter without first having obtained a permit from the Board of Public Service specifying the exact location of such bench(es) or shelter(s). One permit may be issued to include any number of benches or shelter(s). (1994 C., § 20.51.020; Ord. No. 68604, § 20, 3-16-2010.)

20.51.030 Application for permit.

Application for such permit shall be made, in writing, to the Director of Streets upon such form as shall be provided by him, and shall contain the name, address and telephone number of the applicant and of the distributor, the proposed specific location of said benches or shelters, and shall be signed by the applicant. A letter of support from the Alderman of the ward in which the bench or shelter will be located shall accompany the original application; otherwise the application shall not be accepted. This section shall not apply to benches or shelters that have been erected pursuant to a permit issued by the Board of Public Service. (1994 C., § 20.51.030; Ord. No. 68604, § 20, 3-16-2010.)

20.51.040 Conditions for permit.

A. As an express condition of the acceptance of such permit, the permittee thereby agrees to indemnify and save harmless the City, its officers, directors, and employees against any loss or liability or damage, including expenses and costs for bodily or personal injury, and for property damage sustained by any person as the result of the installation, use or maintenance of a bench or shelter within the City of St. Louis. This section shall not be construed as relieving any person, firm or corporation from obtaining a building permit for construction or erection of any shelter on the public right-of-way.

B. Insurance. A certificate of insurance covering each person up to $100,000.00 and each accident up to $500,000.00 and $50,000.00 property damage approved by the City Counselor as to form and by the Comptroller as to surety and naming the City of St. Louis as a co-insured shall be filed with the Board of Public Service before the permit is issued. Said certificate of insurance shall be kept in effect during the entire time the bench or shelter is on the public right-of-way. Such certificate shall be so conditioned as to require thirty (30) days' notification before cancellation.

C. Permits shall be issued for the installation of benches and shelters with inspection which shall take place no later than twenty-one (21) days after the application has been filed. A ten dollar ($10.00) inspection fee per bench or shelter shall accompany each permit application.

D. Such permits shall be valid for three (3) years and shall be renewable pursuant to the procedure for original applications referred to in this chapter.

E. Stickers showing the permit number shall be issued by the Board of Public Service with the permit and must be displayed on the back of each bench and shelter at all times. (1994 C., § 20.51.040; Ord. No. 68604, § 20, 3-16-2010.)

20.51.050 Standards for maintenance and installation.

Any bench or shelter which in whole or in part rests upon, in or over any public sidewalk or parkway, shall comply with the following standards:

A. No new bench, except for replacement of existing benches, shall exceed forty-eight (48) inches in height, seventy-two (72) inches in width, or twenty-eight (28) inches in depth.

B. No shelter shall exceed the height, width and depth approved by the Director of Streets.

C. Notwithstanding the provisions of any other ordinance, benches or shelters may be used to advertise services or products if such benches are located within F, G, H, J or K zoning districts as defined and described in Title 26 of the Revised Code of the City of St. Louis.

D. Each bench and shelter shall be maintained in a neat and clean condition and in good repair at all times. Specifically, but without limiting the generality of the foregoing, each bench and shelter shall be serviced and maintained so that:

1. It is reasonably free of dirt and grease.

2. It is reasonably free of chipped, faded, peeling and cracked paint in the visible painted areas thereof.

3. It is reasonably free of rust and corrosion in the visible unpainted metal areas thereon.

4. The clear plastic or glass parts thereof, if any, are unbroken and reasonably free of cracks, dents, blemishes and discoloration.

5. The structural parts thereof are not broken or unduly misshapen.

6. It is not painted with fluorescent, day-glow aircraft visibility or similar paint materials. (1994 C., § 20.51.050; Ord. No. 68604, § 20, 3-16-2010.)

20.51.060 Location and placement.

A. No bench or shelter shall be used or maintained which projects onto, into, or over any part of the roadway of any public street, or which rests, wholly or in part upon, along, or over any portion of the roadway of any public street.

B. No bench or shelter shall be chained, bolted, or otherwise attached to any fixture located in the public right-of-way.

C. Benches may be placed next to each other, provided that no group of benches shall extend for a distance of more than twelve (12) feet.

D. No bench or shelter shall be placed, installed, used or maintained:

1. Within three (3) feet of any marked crosswalk.

2. Within twelve (12) feet of the curb rounding of any unmarked crosswalk.

3. Within five (5) feet of any fire hydrant, fire call box, police call box or other emergency facility.

4. Within five (5) feet of any driveway.

5. Outside an area three (3) feet ahead or fifteen (15) feet to the rear of any sign marking a designated bus stop, except for benches that do not advertise services or products.

6. At any location whereby the clear space for the passageway of pedestrians is reduced to less than six (6) feet.

7. Within three (3) feet of or on any public area improved with lawn, flowers, shrubs, trees or other landscaping.

8. Within one hundred (100) feet of any other benches or shelters on the same side of the street in the same block, except as provided in Subsection C of this section.

9. Within any designated historic district or located within three hundred feet (300) of any designated historic district or any improvement, site, street, or right-of-way which is designated a landmark, or any public park or public building as defined in Title 24 of the Revised Code of the City of St. Louis, without the written approval of the Heritage and Urban Design Commissioner.

10. On any handicap access ramp.

E. No new bench, except for replacement benches, shall be located within the Central Business District bounded by Chouteau Avenue on the south, Jefferson Avenue on the west, Cass Avenue on the north and the Mississippi River on the east. (1994 C., § 20.51.060; Ord. No. 68604, § 20, 3-16-2010.)

20.51.070 Violations.

Upon determination by the Director of Streets that a bench or shelter has been installed, used or maintained in violation of the provisions of this chapter, or a complaint has been filed by the abutting property owner, an order to correct the offending condition or complaint will be issued to the distributor of the bench or shelter. The Director of Streets, or his delegate, shall notify said distributor by first class mail, with postage prepaid, of the location of the bench and the alleged violations and complaints. The order shall specifically describe the offending condition, suggest actions necessary to correct the condition, and inform the distributor of the right to appeal. Failure to properly correct the offending condition with ten (10) days (excluding Saturdays, Sundays, and legal holidays) after the mailing date of the order; or to appeal the order within ten (10) days after the mailing date; or to keep current with the office of the Director of Streets, the name, address and telephone number of the distributor; shall result in the offending bench or shelter being summarily removed and processed as unclaimed property. If the offending bench or shelter is not properly permitted under provisions of this chapter it shall be removed immediately and processed as unclaimed property. An impound fee, which shall be measured by the City's cost and expense of impounding, shall be assessed against each bench or shelter summarily removed. The Director of Streets shall cause inspection to be made of the corrected condition or of a bench or shelter reinstalled after removal under this section. The distributor of said bench or shelter shall be charged a $10.00 inspection fee for each bench so inspected. (1994 C., § 20.51.070; Ord. No. 68604, § 20, 3-16-2010.)

20.51.080 Appeals.

Any person or entity aggrieved by a finding, determination, notice, order or action taken under the provisions of this chapter by the Director of Streets may appeal and, in the case of an applicant, shall be appraised of his right to appeal to the Board of Public Service. An appeal by an applicant must be perfected within ten (10) days after the mailing date of notice of any protested decision or action by filing with the office of the Director of Streets a letter of appeal briefly stating therein the basis for such appeal. An appeal by any other aggrieved person or entity must be perfected within thirty (30) days after the erection of a bench or shelter by filing with the office of the Director of Streets

a letter of appeal briefly stating therein the basis for such appeal. A hearing shall be held on a date no more than thirty (30) days after receipt of the letter of appeal. The appellant and distributor, if he is not the appellant, shall be given at least five (5) days' notice of the time and place of the hearing. The Board of Public Service shall give the appellant and any other interested party a reasonable opportunity to be heard, in order to show cause why the determination of the Director of Streets should not be upheld. At the conclusion of the hearing, the Board shall make a final and conclusive decision. This decision shall be immediately appealable to a court of competent jurisdiction. (1994 C., § 20.51.080; Ord. No. 68604, § 20, 3-16-2010.)

20.51.090 Penalty for violation.

Any person, firm, or corporation violating this chapter shall upon conviction thereof be fined not less than one dollar or more than five hundred dollars. Each day a violation shall continue shall constitute a separate offense. (1994 C., § 20.51.090; Ord. No. 68604, § 20, 3-16-2010.)

20.52.010 On private streets.

The Comptroller and the Director of Public Utilities are authorized to contract to furnish, operate and maintain street lighting along private streets upon annual payment in advance of the cost to the City of maintenance, operation and remaining undepreciated costs. (1994 C., § 20.52.010; Ord. No. 68604, § 21, 3-16-2010.)

20.52.020 Lighting of utility easements.

The Department of Public Utilities is authorized and directed to provide lighting of utility easements throughout the City which such lighting installations are to conform to the same design criteria as that established for the City alley lighting program. Said department shall be authorized to let contracts to accomplish this program through the Board of Public Service or in such manner as shall be authorized under the Charter for such program. The utility easement lighting program shall not be extended to include those public places which have been vacated for public surface rights for vehicle, equestrian, and pedestrian travel as recommended by the Board of Public Service and in accordance with Charter authority and all in conformity with Section 14, Article XXI of the Charter. Funds to pay for such program shall be appropriated from general revenue and be a part of the operating budget for said installation and all other necessary or reasonable expenses related thereto. Continuation of the lighting installation program and the operation of and maintenance of same shall be contingent upon adequate appropriations in the general operating budget of the Department of Public Utilities. For purposes of this chapter, the following terms shall apply:

"Applicant" shall mean any person, partnership, corporation or other entity who enters into a contract with a portable storage unit vendor for the placement and use of a portable storage unit.

"Portable storage unit" shall mean any container, storage unit, shed-like container or other portable structure that can be or is used for the storage of personal property of any kind and which is located for such purposes outside an enclosed building, other than an accessory building or shed complying with all building codes and land use requirements.

"Portable storage unit vendor" shall mean any person, partnership or corporate entity that leases or rents

portable storage units within the City of St. Louis. (1994 C., § 20.53.010; Ord. No. 68604, § 22, 3-16-2010.)

20.53.020 Permit required—Application—Insurance.

Before placing a portable storage unit within the City of St. Louis, a portable storage unit vendor must submit an application and receive a permit from the Street Department. The application shall contain the name of the portable storage unit vendor, the name of the person(s) to whom the portable storage unit is supplied, whether the person(s) owns, rents, occupies or controls the property, the address at which the portable storage unit will be placed, the delivery date and removal date. A copy of such permit shall be posted on the portable storage unit. Every portable storage unit vendor providing portable storage units within the City of St. Louis shall have on file with the Street Department a current certificate of insurance in an amount of not less than one million dollars ($1,000,000.00) showing the City of St. Louis as an additional insured. (1994 C., § 20.53.020; Ord. No. 68604, § 22, 3-16-2010.)

20.53.030 Permit fee.

If a portable storage unit is to be placed for any part of three (3) calendar days or less, excluding Sunday, the permit fee shall be ten dollars ($10.00). If such portable storage unit is to be placed for more than three (3) calendar days, the fee for such permit shall be twenty-five dollars ($25.00). (1994 C., § 20.53.030; Ord. No. 68604, § 22, 3-16-2010.)

20.53.040 Duration.

A. Permits to place a portable storage unit within a public right-of-way shall be granted for a period of not more than seven (7) calendar days or part thereof. At the expiration of the seven-day period, an applicant may seek a one-time extension of such permit for an additional period of not more than seven (7) calendar days, or part thereof, by submitting an extension application to the Street Department. Extension of a permit shall require an additional twenty-five dollar ($25.00) permit fee.

B. Permits to place a portable storage unit on private property shall be granted for a period of not more than thirty (30) calendar days or part thereof. It shall be a violation of this chapter to permit any portable storage unit to remain on private property for more than thirty (30) days or part thereof.

C. The Street Department shall not issue more than two (2) portable storage unit permits to the same applicant for the same address within any twelve (12) month period. Such permits shall not be granted so as to be allowed to run either concurrently or consecutively. (1994 C., § 20.53.040; Ord. No. 68604, § 22, 3-16-2010.)

20.53.050 Placement of units.

Portable storage unit(s) placed pursuant to a permit issued under the provisions of this chapter shall not exceed a footprint of one hundred thirty (130) square feet and twenty-two (22) linear feet. (1994 C., § 20.53.050; Ord. No. 68604, § 22, 3-16-2010.)

20.53.060 Festival areas.

The Street Department shall not issue a permit for placement of a portable storage unit within the public right-of-way for any area designated by permit as a festival area or parade area during the duration of such festival or parade permit unless the holder of the festival area or parade area permit is the applicant for the portable storage unit permit or has consented in writing to the issuance of the portable storage unit permit. (1994 C., § 20.53.060; Ord. No. 68604, § 22, 3-16-2010.)

20.53.070 Unlawful placement of portable storage units.

It shall be a violation of this chapter for any person to park, place or cause to be parked or placed a portable storage unit without first obtaining a permit under the provisions of this chapter.

It shall be a violation of this chapter to park or place a portable storage unit in the front yard of a residential property, or to park or place a portable storage unit upon any sidewalk, alley or designated fire lane or in such a manner as to block or interfere with access to a shared garage, refuse collection, handicapped parking areas or off-street parking areas. (1994 C., § 20.53.070; Ord. No. 68604, § 22, 3-16-2010.)

20.53.080 Exceptions.

The provisions of this chapter shall not apply to the use or placement of construction dumpsters or trailers on property in association with ongoing construction activities carried out pursuant to a valid building permit, nor to the placement of accessory buildings or storage sheds complying with all building codes and land use requirements. (1994 C., § 20.53.080; Ord. No. 68604, § 22, 3-16-2010.)

20.53.090 Rules and regulations.

The Director of Streets is authorized to promulgate rules and regulations for the implementation and administration of the provisions of this chapter. (1994 C., § 20.53.090; Ord. No. 68604, § 22, 3-16-2010.)

20.53.100 Violations and penalties.

Any portable storage unit vendor who shall be found guilty of violating any of the provisions of this chapter shall be assessed a fine of not less than twenty-five dollars ($25.00). Each day that such violation continues shall constitute a separate violation. (1994 C., § 20.53.100; Ord. No. 68604, § 22, 3-16-2010.)

20.54.060 Condition of containers.
20.54.070 Indemnity.
20.54.080 Insurance.

20.54.010 Privilege to highest bidder.

The Board of Public Service is authorized to let to the highest and best bidder the exclusive privilege of supplying and placing on the public sidewalk areas of the City, trash receptacles or containers for the collection and temporary deposit of waste paper, trash or other litter as may be upon the public streets or sidewalks, and for the placing of private advertisements on the containers or receptacles in accordance with this chapter. (1994 C., § 20.54.010; Ord. No. 68604, § 23, 3-16-2010.)

20.54.020 Term.

The agreement shall be for a term not to exceed five years. (1994 C., § 20.54.020; Ord. No. 68604, § 23, 3-16-2010.)

20.54.030 Container specifications.

The size, design and color of the containers shall be subject to the approval of the Board of Public Service. (1994 C., § 20.54.030; Ord. No. 68604, § 23, 3-16-2010.)

20.54.040 Advertising on containers.

The type of advertising to be placed on the containers shall be subject to the approval of the Board of Public Service. (1994 C., § 20.54.040; Ord. No. 68604, § 23, 3-16-2010.)

20.54.050 Placement.

The placement of containers may not interfere with the safe and efficient passage of pedestrians and may not impede pedestrians' access to or use of traffic control devices. (1994 C., § 20.54.050; Ord. No. 68604, § 23, 3-16-2010.)

20.54.060 Condition of containers.

The grantee shall maintain the containers in a safe and clean condition at all times. Damaged or disfigured containers shall be repaired or replaced immediately upon notification or discovery of damage or disfigurement. (1994 C., § 20.54.060; Ord. No. 68604, § 23, 3-16-2010.)

20.54.070 Indemnity.

The holder of any permit issued under the terms of this chapter shall always release and indemnify, defend and save harmless the City, its officers, agents, and employees from and against any and all claims, actions, causes of action, demands, judgments, costs, expenses, and all damages of every kind and nature incurred by or injuring any person whatsoever predicated upon injury to or death of any person, or loss of or damage to property, public or private, or whatever ownership, or damage to business, provided the injury, death, loss, or damage shall arise out of or be connected directly or indirectly with the exercise of any right or privilege granted by the permit. (1994 C., § 20.54.070; Ord. No. 68604, § 23, 3-16-2010.)

20.54.080 Insurance.

No permit issued shall be effective until the permittee, at his own cost and expense and without cost to the City, shall procure and maintain a liability policy or policies, including public liability and property damage on an occurrence basis, covering his operations under such permit, with bodily injury limit of not less than three hundred thousand dollars as to any one person and five hundred thousand dollars as to any one occurrence, and with property damage of not less than one hundred thousand dollars for any one occurrence. The insurance coverage constitutes a minimum requirement and shall in no way be deemed to limit or lessen the liability of the permittee under the terms of the permit.

All of the insurance coverage so required shall be written in a form and by a company or companies approved by the City Counselor and authorized to do business in the state. A certified copy or certified copies of all insurance policies shall be filed with the City Counselor and Board of Public Service and each policy shall contain a statement therein or endorsement thereon that it will not be cancelled or materially changed or altered without at least thirty days' prior written notice, by registered or certified mail, to the City Counselor. All insurance policies shall be specially endorsed to include all liability assumed by the permittee and the City shall be named a co-insured. (1994 C., § 20.54.080; Ord. No. 68604, § 23, 3-16-2010.)

20.58.010 Notice and place of hearings.

It shall be the duty of the City Counselor, jointly with the Commissioners appointed by the Circuit Court in any condemnation proceedings, to publish the notice required by the Charter to be published by the Commissioners relative to their hearings. The hearings of the Commissioners shall be conducted at the City Hall in a room or office of the Law Department by the City Counselor set apart for use by the Commissioners. (1994 C., § 20.58.010; Ord. No. 68604, § 2, 3-16-2010.)

20.58.020 Partial reports.

In all condemnation suits brought by the City, that are now pending, and in all suits that may hereafter be brought, the Commissioners appointed by the court may, either upon the request of the judge in whose division the suit may be pending, or of their own motion, file partial reports covering their assessments of damages, or of benefits, or of both, up to the time when the report may be filed. (1994 C., § 20.58.020; Ord. No. 68604, § 2, 3-16-2010.)

20.58.030 Taking possession.

At any time after a partial report shall have been filed by the Commissioners, the City may pay into court the amount of damages assessed, less benefits, if any, and thereupon it shall be entitled to take possession of and damage the property, assuming the lien of all general taxes not then payable on property actually appropriated. (1994 C., § 20.58.030; Ord. No. 68604, § 2, 3-16-2010.)

20.58.040 Final report to include partial reports.

All partial reports authorized by Sections 20.58.020 and 20.58.030 shall be embodied in the final report made by the Commissioners, and any party interested may file exceptions in writing within twenty days from the filing of the final report. Parties shall have the right to file exceptions at any time after any partial report may have been filed. (1994 C., § 20.58.040; Ord. No. 68604, § 2, 3-16-2010.)

20.58.050 Additional or supplemental petitions.

In any action now pending or hereafter instituted under Article XXI of the Charter, there may, from time to time, before final judgment, be filed therein by the

City an additional and supplemental petition within the time and in a form as required by the Charter, pursuant to and in conformity with and after any ordinance, duly recommended by the Board of Public Service, for amendment of the public use improvement or work defined, designated or proposed by prior ordinance authorizing the action, whether the same be an amendment to increase or decrease, or otherwise alter, the taking or damaging of any properties, or of estates, therein previously affected, or an amendment or omission of any properties or estates, or for addition of any properties or estates not theretofore affected, or change, increase or addition of the burdens for public use. Notice of the filing of the amended or supplemental petition, with a description of the property to be taken or damaged, as amended, shall be filed and recorded, that notice in the cause shall be given by summons, or otherwise, as provided by the Charter, to any new parties defendant, owners of any property or estate not theretofore affected and to be taken or damaged upon the amendments of and for public use, and that otherwise the proceedings and orders shall be had in the cause appropriate to the status of the cause and to the amendment of the public improvements, all consistent with the provisions of the Charter. For any increased or additional taking the value of the damage to the private property shall be ascertained as of the date the amending ordinance became effective. (1994 C., § 20.58.050; Ord. No. 68604, § 2, 3-16-2010.)

20.58.060 Commissioners, sessions.

The Commissioners in all proceedings for opening of any street or alley shall hold their sessions at the City Hall, and each adjournment shall be to a day certain which shall be noted on the record and the case set upon the session docket for that day, and the session docket shall be opened to the inspection of the public. (1994 C., § 20.58.060; Ord. No. 68604, § 2, 3-16-2010.)

20.58.070 Comptroller duties.

After final action is taken by the Circuit Court on the report of the Commissioners in any condemnation proceedings under the Charter, and has been certified to the Comptroller, the latter shall issue to any persons wishing to pay any judgment for benefits a statement showing the amount due, and the Treasurer upon receipt of payment of any such judgment shall execute triplicate receipts issued by the Comptroller, one to the party paying, one to the Comptroller, and one to the City Counselor, and the payments shall be credited to the fund appropriated by ordinance for the condemnation proceeding. (1994 C., § 20.58.070; Ord. No. 68604, § 2, 3-16-2010.)

20.58.080 Payment of benefits—Execution sales.

The benefits against property adjudged by the final action of the Circuit Court in condemnation proceedings shall be paid into the City Treasury, together with interest added to the principal of the judgment from date of judgment until so paid as follows:

A. If paid within thirty days after the ordinance appropriating the money to pay damages assessed by the final action takes effect, shall be with interest at the rate of one percent per year.

B. If paid after thirty days after date of judgment, then at the rate of six percent per year.

At all execution sales for the enforcement of payment of judgments, the Comptroller or someone in the Comptroller's Office, designated by the Comptroller, is authorized on behalf and in the name of the City to protect the City's interest by bidding for the property to be sold, any amount not to exceed the judgment, interest, costs and expenses. (1994 C., § 20.58.080; Ord. No. 68604, § 2, 3-16-2010.)

20.58.090 Satisfaction of judgment.

Upon delivery of any receipt described in Section 20.58.070 to the City Counselor, duly executed by the Treasurer, the City Counselor shall acknowledge satisfaction of the judgment insofar as the same affects the property against which the judgment for benefits so assessed has been paid as evidenced by the receipt. (1994 C., § 20.58.090; Ord. No. 68604, § 2, 3-16-2010.)

20.58.100 Compensation of Commissioners.

A minimum of two hours' service or attendance at a hearing by the Commissioners in condemnation proceedings per diem shall be necessary to entitle a Commissioner to the compensation prescribed by the Charter. Compensation in one proceeding only shall be due any Commissioner for attendance on any one calendar day. (1994 C., § 20.58.100; Ord. No. 68604, § 2, 3-16-2010.)

20.58.110 Clerical work.

The clerical work of the Commissioners, including writing the report, shall be done and performed by the force employed in the City Counselor's Office. No compensation shall be allowed or paid to any Commis-

sioner for such work, or to any person, whomsoever. (1994 C., § 20.58.110; Ord. No. 68604, § 2, 3-16-2010.)

20.58.120 Sale of condemned buildings and other material obstructions.

In all cases where property, such as buildings, walls, fences, sheds, outhouses or other material obstructions, shall have been taken or condemned in any proceeding for the opening of any public highway, a sale thereof shall be made by the City Marshal, at a public venue, to the highest bidder, for cash, which shall be paid at the time of the sale and deposited in the City Treasury within two days thereafter.

The conditions of the sale shall be that, in the event the property so sold shall not be moved off the public highway within twenty days from the date of sale, the City Marshal shall proceed to sell the property so previously sold, or any portion thereof, again, and the money received at the first sale shall be forfeited to the use of the City, without recourse therefor, either by the purchaser so neglecting to remove same, or his heirs or assigns. (1994 C., § 20.58.120; Ord. No. 68604, § 2, 3-16-2010.)

20.58.130 Revolving fund.

There is created, out of the proceeds of bonds authorized by Ordinance 32496, approved May 29, 1923, and particularly pursuant to subdivision one of section six of such ordinance, a revolving fund to expedite the execution of improvements for the establishment, opening and widening of streets. The amounts hereinafter appropriated, together with any other money hereafter appropriated to the fund shall, upon the recommendation of the City Counselor, be used for the purpose of depositing in court the amount of awards reported by the Commissioners in condemnation proceedings for the establishment, opening and widening of streets as damages suffered by the owners of property who are parties to such proceedings, pending the final judgment in the case, in accordance with the provisions of Section 6 of Article XXI of the Charter. When final appropriation is made for the payment of damages pursuant to final judgment in any cause in which deposit in court has been made from the revolving fund created by this section, the amount so deposited in court shall, from the latter appropriation, be credited and paid back into the revolving fund, subject to be again used in the manner herein provided. (1994 C., § 20.58.130; Ord. No. 68604, § 2, 3-16-2010.)

A public wharf on a navigable stream connected with the public streets is a "public highway" and governed by the laws governing public highways. *Hafner Mfg. Co. v. City of St. Louis,* 262 Mo. 621, 172 S.W. 28 (1914).

21.04.020 Definitions.

For the purpose of this title:

A. "Aquatic event" means any organized event of limited duration which is duly sanctioned at least seven days in advance by duly constituted authority and which is conducted according to a prearranged schedule.

B. "Authorized emergency vessel" means any authorized vessel or watercraft of the City, City Police Department, City Fire Department, State of Missouri, and the United States government.

C. "Base line" means the base line or western landward harbor line as established by Ordinance 21236.

D. "City" means the City of St. Louis, Missouri.

E. "Diver's flag" means a red flag five units of measurement on the hoist by six units of measurement

on the fly with a white stripe of one unit crossing the red diagonally with the flag having a stiffener. This flag shall only pertain to skin and scuba (self-contained underwater breathing apparatus) diving and shall supplement any nationally recognized diver's flag or marking.

F. "East wharf line" means eastern boundary line or western riverward harbor line as established by Ordinance 21236.

G. "Harbor" means all waters of the Mississippi River or any of its tributaries within the City limits, upon which at any time a vessel or watercraft can be operated.

H. "Master" means the captain, skipper, pilot or any person having charge of any vessel or watercraft.

I. "Obstruction" means any vessel or watercraft or any matter or derelict which may in any way blockade, interfere with, or endanger any vessel or watercraft or impede navigation.

J. "Owner" means the person who has lawful possession of a vessel or watercraft or obstruction by virtue of legal title or equitable interest therein which entitles him to possession.

K. "Person" means any natural persons, associations, copartnerships and corporations, whether acting by themselves or by servant, agent, or employee; the singular number shall when necessary be held to mean and include the plural, and the masculine pronoun to include the feminine.

L. "Pier" means any pier, wharf, dock, float, gridiron or other structure to promote the convenient loading or unloading or other discharge of vessels or watercraft or the repair thereof.

M. "Public wharf" means Front Street and all the lands, riverbanks and beach dedicated, condemned, or belonging to the City for wharf purposes within the City.

N. "Restricted area" means an area that has been marked in accordance with and as authorized by the laws or regulation of the City to be used for or closed to certain designated purposes such as swimming, skin diving, aquatic events and organized public gatherings.

O. "Towboat" means any vessel or watercraft used in towing or pushing another vessel or watercraft or anything other than a vessel or watercraft.

P. "Vessel" means any contrivance one hundred ten feet or more in length overall used or capable of being used as a means of transportation on water.

Q. "Watercraft" means any contrivance less than one hundred ten feet in length overall, used, or capable of being used, as a means of transportation on water. Cribs or piles, shinglebolts, booms of logs, rafts of logs, and rafts of lumber shall not be included within the terms "watercraft" or "vessel" but shall be included within the term "obstruction" when they shall be floating loose and not under control or when under control and obstructing any navigable channel.

R. "Wharf" means all land between the eastern boundary line of the easternmost City blocks and the eastern boundary line of the wharf as described in Ordinance 21236. (1960 C., § 290.020; 1994 C., § 21.04.020; Ord. No. 56707, § 1(part), 1974.)

21.04.030 Building on wharf—Prohibited.

No person shall build or extend any dike, trestle work, elevator or other structure east of the eastern boundary line of the wharf as established by Ordinance 21236. (1960 C., § 290.030; 1994 C., § 21.04.030; Ord. No. 56707, § 1(part), 1974.)

21.04.040 Building on wharf—Notice of violation.

Whenever the Director of Streets or his authorized agent shall find that any person is violating the provision of Section 21.04.030, the owner or agent shall be notified by mail to remove such structure at his own expense within ten days of the mailing of the notice. If the owner or agent cannot be located, a notice shall be posted in the vicinity of such structure.

Failure, neglect or refusal to comply with the notice or posting shall be a misdemeanor. (1960 C., § 290.031; 1994 C., § 21.04.040; Ord. No. 56707, § 1(part), 1974.)

21.04.050 Damage to wharf.

No person shall make an excavation in the public wharf, or take up any paving stones of the improved wharf or otherwise damage the surface thereof without permission of the Director of Streets nor shall any person otherwise damage, destroy or deface any structure, vessel or watercraft in the harbor or on the wharf. (1960 C., § 290.040; 1994 C., § 21.04.050; Ord. No. 56707, § 1(part), 1974.)

City Counselor Ops.: 9617

21.04.060 Compliance with orders of the Director of Streets.

No person shall fail to obey the directions of the Director of Streets or his authorized agent, in the

exercise of the authority vested in him by this chapter. (1960 C., § 290.050; 1994 C., § 21.04.060; Ord. No. 56707, § 1(part), 1974.)

21.04.070 Public health.

All watercraft and vessels entering or in the harbor shall comply with the applicable health laws and regulations of the City, the United States, and the State of Missouri. (1960 C., § 290.120; 1994 C., § 21.04.070; Ord. No. 56707, § 1(part), 1974.)

21.04.080 Boat livery records.

The owner of every boat livery operating on the Mississippi River within the City harbor shall cause to be kept a record of the name and address of a person or persons hiring any watercraft, the identification number thereof, the departure date, and time, and the expected time of return. The record shall be preserved for at least six months, and shall be made available to the Director of Streets or his authorized agent on request.

Neither the owner of the boat livery, nor his agent or employee shall permit any watercraft to depart from his premises unless it shall have been provided, either by the owner or renter, with the equipment as required by local, state or federal laws pertaining to equipment required aboard vessels and watercraft. (1960 C., § 290.130; 1994 C., § 21.04.080; Ord. No. 56707, § 1(part), 1974.)

21.04.090 Liability for damages.

Nothing in this title shall be construed so as to release any person owning or controlling any vessel, watercraft, pier, obstruction or other structure from any liability for damages, and the safeguards to life and property required in this title shall not be construed as relieving any person from installing and maintaining all other safeguards that may be required by law. (1960 C., § 290.150; 1994 C., § 21.04.090; Ord. No. 56707, § 1(part), 1974.)

LEASING UNIMPROVED WHARVES

Prior ordinance history: Ord. 51391

Editor's Note:

The procedures outlined in this chapter and Ch. 21.12 shall apply only to property, quays and warehouses within the port district owned by the city and not to property, quays and warehouses owned by the port authority.

Cases:

Improper delegation of authority to lease entire wharf—contract for operation of wharf invalid—improper delegation of legislative authority. *Mathews v. City of Alexandria,* 69 Mo. 115 (1878).

Limited right of re-entry—long-term lease held valid. *Belcher Sugar Refining Company v. St. Louis Grain Elevator Company,* 13 S.W. 822 (Mo. 1890).

All leases of parts of the unimproved wharf, unless specially provided otherwise, shall give the use and control of the grounds leased to the lessee, subject to the condition that the lessee shall leave an unobstructed roadway, not less than twenty-five feet on each side of the flood wall or levee. (1960 C., § 291.010; 1994 C., § 21.08.010; Ord. No. 56707, § 1(part), 1974.)

RSMo:

RSMo 237.210 (2016) Cities may lease wharf, etc.

21.08.020 Permits.

A. The Board of Public Service upon recommendation of the Port Authority Commission may allow portions of the unimproved wharf and mooring on the improved wharf, owned by the City and not immediately needed for general public use to be used temporarily and occupied on such terms and conditions as the Board may deem proper. No such permit may be issued for a period longer than one year and such permits may be revoked by the Board upon one month's notice.

B. Fees established for such permits shall take into consideration the recommended rates of the Port Authority Commission and the total amount of such

fees shall be collected in advance for the entire length of time for which the permit is issued. (1960 C., § 291.020; 1994 C., § 21.08.020; Ord. No. 57326, § 6, 1977; Ord. No. 56707, § 1(part), 1974.)

21.08.030 Leases for five years or less.

Any person desiring to lease a portion of the unimproved public wharf or any person desiring to lease mooring rights along any portion of the improved public wharf for a period of not more than five years shall file an application with the Board of Public Service. This application shall state the name of the person desiring the lease, the terms, conditions, and duration thereof, the yearly price to be paid, and the purpose for which the area is to be used or occupied. An accurate plat of the location and boundaries of the parcel to be used shall be attached thereto and form a part thereof in the number of copies as specified by the Director of Streets. Upon recommendation of the Port Authority Commission and approval of the Board of Public Service, a notice shall be posted for a period of ten days in or adjacent to the area to be leased. If, after posting, no protest is received, a draft of the ordinance shall be introduced authorizing the lease. Any protests received during posting will be heard by the Board of Public Service before taking final action and drafting the ordinance authorizing the lease. (1960 C., § 291.030; 1994 C., § 21.08.030; Ord. No. 57326, § 7(part), 1977; Ord. No. 56707, § 1(part), 1974; Ord. No. 55558, §§ 1, 2, 1970.)

City Counselor Ops.: 8748, 9078

21.08.040 Leases for more than five years.

No lease of any portion of the unimproved public wharf and no lease of mooring rights along any portion of the improved public wharf for a period longer than five years shall be authorized except by ordinance approved by the Port Authority Commission and the Board of Public Service after application for the lease. This application shall specify the name of the person desiring the lease, the terms and conditions thereof, the yearly price to be paid, the duration of the lease and the purpose for which the area is to be used or occupied. An accurate plat of the location and boundaries of the area to be leased shall be attached thereto and form a part thereof, in the number of copies as specified by the Director of Streets. Upon approval of the Board of Public Service a notice shall be posted for a period of ten days in or adjacent to the area to be leased. If after posting, no protest is received, a draft of the ordinance shall be introduced authorizing the lease. Any protests received during posting will be heard by the Board of Public Service before taking final action and drafting the ordinance authorizing the lease. (1960 C., § 291.040; 1994 C., § 21.08.040; Ord. No. 57326, § 7(part), 1977; Ord. No. 56707, § 1(part), 1974; Ord. No. 55526, §§ 1, 2, 1970.)

City Counselor Ops.: 8748, 9078

21.08.050 Modification clause.

All leases shall contain clauses reserving the right of the City to modify, amend or cancel a lease in the event the premises are needed for right-of-way, sewer or floodwall construction purposes or any other municipal purpose or use. Municipal purpose or use shall include economic development in the Port District. (1960 C., § 291.050; 1994 C., § 21.08.050; Ord. No. 57326, § 7(part), 1977; Ord. No. 56707, § 1(part), 1974.)

21.08.060 Unimproved and improved wharf defined.

For the purpose of determining the portions of the public wharf that may be released as provided in this chapter, the term "unimproved wharf" as used in this chapter means all land, riverbanks and beach dedicated, condemned, or belonging to the City for wharf purposes within the City, excluding that portion of the public wharf designated as the "improved wharf" lying within the following-described boundaries:

A portion of the public wharf bounded on the north by a line parallel to the south curb of Biddle, approximately station 388 + 33.42 on the floodwall; bounded on the south by a line parallel to the north curb of Chouteau Avenue and distant 400 feet more or less north therefrom along the floodwall, approximately station 14 + 20 on the floodwall; bounded on the west by the east curb of Leonor K. Sullivan Drive. (1960 C., § 291.060; 1994 C., § 21.08.060; Ord. No. 59706, § 2, 1986; Ord. No. 56707, § 1(part), 1974; Ord. No. 53225, § 1, 1965.)

21.08.070 Consideration of future uses.

In recommending land leases, the Port Authority Commission and the Board of Public Service shall consider future needs of the lessee for mooring rights and in granting mooring leases shall consider future uses of the land in order to avoid preventing future needs or use of the land or the mooring. (1960 C., § 291.070; 1994 C., § 21.08.070; Ord. No. 57326, § 7(part), 1977; Ord. No. 56707, § 1(part), 1974.)

21.08.080 Advertisement for proposals.

A. The Port Authority Commission of the City of St. Louis is hereby authorized and directed, within six (6) months prior to the expiration, extension, execution, or renewal of any lease on the unimproved wharf, to negotiate rates and other terms and conditions of a lease; and if such fails, to advertise for proposals on behalf of the City of St. Louis in newspapers of general circulation, the City Journal and trade journals of national publication.

B. Notwithstanding anything to the contrary, the provisions of this section shall not be applicable to the leases, both land and mooring rights, of the St. Louis Municipal River Terminal. (1994 C., § 21.08.080; Ord. No. 70636, §§ 2, 3, 11-1-2017; Ord. No. 66275, §§ 2—4, 2004; Ord. No. 61755, § 1, 1989.)

21.10.010 Applications to be recommended by Port Commission and Board of Public Service.

Pursuant to existing ordinances, applications for contracts, leases, permits or agreements relating to City-owned land and mooring within the Port District are required to be recommended by the Port Commission and by the Board of Public Service. No such application and no proposed contract, lease, permit or agreement shall be recommended, approved, granted or let unless same shall contain an undertaking by the user to pay the base rental rate set out in Section 21.10.020 and any adjustment in such base rate as provided for in Section 21.10.030. (1994 C., § 21.10.010; Ord. No. 57933, § 1, 1979.)

21.10.020 Base rental rate.

Until changed by further ordinance, the base rental rate for all land owned by the City which is situated within the Port District shall be $0.0750 per square foot, and the mooring rate shall be $7.50 per linear foot, each rate on an annual basis. (1994 C., § 21.10.020; Ord. No. 57933, § 2, 1979.)

21.10.030 Adjustment of base rate.

The base rate as set out in Section 21.10.020 may be adjusted at five-year intervals beginning January 1, 1984, upon recommendation of the Port Commission and approval of the Board of Public Service. No such recommendation by the Port Commission may be made unless within 180 days before the January 1, on which the adjusted rate is to become effective, the Port Commission shall conduct a public hearing with due notice to the public and to City-owned land and mooring users. The maximum adjustment which can be recommended and approved shall be twenty-five percent of the base rates set out in Section 21.10.020. Each adjustment shall be added to the base rate plus any previous adjustments and the resultant rate shall be called the current adjusted base rate. If the recommended adjustment to the base rate by the Port Commission and the Board of Public Service is in excess of 15%, the recommended raise of rate shall be approved by resolution of the Board of Aldermen. If the Board of Aldermen fail to act before the effective date of the rate, the rate then shall be automatically adjusted by 15%. (1994 C., § 21.10.030; Ord. No. 57933, § 3, 1979.)

21.10.040 Rates and adjustments to be in leases, contracts and agreements.

The rental or lease rates and adjustments thereto and procedures applicable to rate setting all as set out in Sections 21.10.020 and 21.10.030 shall:

A. Be contained in all proposed leases, contracts, or agreements which shall be proposed to the Board of Aldermen by the Port Commission and the Board of Public Service; and

B. Apply to all existing leases that contain a five-year renegotiation clause where the five-year period has elapsed and the rates are therefore subject to renegoti-

ation, and to all existing leases which provide for automatic adjustments in rates on a year-to-year or month-to-month basis, all as set out in Appendix I; and

C. Apply to all franchises where the original period of the agreement has expired and the terms of the tenancy are negotiable as to period and/or rental rates, all as specifically set out in Appendix II; and

D. Apply to all users of land or mooring under permits which are in effect on November 19, 1979, all as specifically set out in Appendix III; and

E. Apply to all permits for the use of land or mooring which may hereafter be recommended by the Port Commission and approved by the Board of Public Service, while this chapter is in effect. (1994 C., § 21.10.040; Ord. No. 57933, § 4, 1979.)

21.10.050 Amendment of ordinances.

Ordinances authorizing the leases set out in Appendices I, II, and III, as referred to in Section 21.10.040, are amended in such respects as may be necessary to carry out the rate structure contained in this chapter; provided, however, that any leaseholder, or permit holder set out in Appendices I, II, and III, whose rates are already at $7.50 and $0.0750 or higher and subject to escalation each year, may elect to be bound instead by the rate structure of his lease for the remaining term of said lease, and provided further, that any tenant or permittee designated in Appendices I, II and III may elect not to pay the new rates and instead to vacate the premises within ninety days after November 19, 1979. (1994 C., § 21.10.050; Ord. No. 57933, § 5, 1979.)

21.10.060 Negotiation with users.

The Port Administrator is authorized and directed to immediately begin negotiations with respect to all users listed in Appendices II and III, and to present proposals for new leases for such property, or a recommendation to the Commissioner and Board of Public Service for disposition that shall be consistent with the port development plans of the City and the Port Commission within twelve months from November 19, 1979. (1994 C., § 21.10.060; Ord. No. 57933, § 6, 1979.)

21.10.070 Leases not affected.

Notwithstanding Section 21.10.050, current leases which contain a renegotiation clause which limits the amount of any rate increase to 10%, will not be affected by this chapter. Further, this chapter shall not be deemed to impair or reduce the City's obligations under any lease, contract, or agreement currently in effect. Provided, however, the Port Commission may not recommend, and the Board of Public Service may not approve, any renewal, amendment, or extension of any lease, contract, agreement or permit pertaining to the rental of City-owned land within the Port District, or any mooring, unless such proposal contains an undertaking and provides for the payment of rent under the system set out in this chapter. (1994 C., § 21.10.070; Ord. No. 57933, § 7, 1979.)

21.10.075 Lease forfeiture.

The Port Authority is hereby directed to include the following in each of its future leases for land and mooring on the improved wharf:

"In the event lessee's business fails for any reason for any period beyond one year, this lease shall be forfeited." (1994 C., § 21.10.075; Ord. No. 60106, § 1, 1986.)

21.10.080 Power of Board of Aldermen.

Nothing in this chapter shall be deemed to limit the power of the Board of Aldermen to repeal or modify the rates or methods of adjustment of rates by duly enacted ordinance except that no such change shall be retroactive, or modify any lease or agreement which has been authorized and executed and is in its stated term, except with agreement of the lessee. (1994 C., § 21.10.080; Ord. No. 57933, § 8, 1979.)

21.10.090 Filing of applications.

Any application for use of any City-owned land or mooring within the Port District by lease, agreement, permit or purchase shall first be filed with the Secretary of the Board of Public Service. Such Secretary shall record the application and forward all materials to the Port Administrator for review and development. Said Secretary shall also notify the President of the Board of Public Service and the Street Director and other interested City agencies, of the pendency of said application. The Port Administrator shall present all such applications to the Port Commission along with a staff report regarding compliance with City, state and federal requirements and an assessment of the economic impact of the project and of the project's consistency with economic objectives of port-related development and drafts of required ordinances, if any. When the application is received and recommended by the Port Commission, it shall be forwarded to the Board of Public Service by the Chairman or by the Port Administrator. The President of the Board of Public Service

may request further staff analysis from any City department before action is taken by the Board of Public Service. Such analysis and additional requirements, if any, shall be sent to the Port Authority for its input and sent back to the Board of Public Service with the Port Authority recommendation. If the Board of Public Service shall approve, then a permit may be issued, or a lease ordinance recommended to the Board of Aldermen, subject to whatever reasonable conditions as may have been attached thereto by the Port Commission or Board of Public Service. Monitoring of any lease or permit issued under this chapter shall be accomplished by the Port Administrator, who shall request the assistance of appropriate City agencies when such assistance is necessary to carry out all City ordinances, state or federal regulations, which might apply to the transaction, or which may be appropriate in the circumstances in order to protect the life, health or property of citizens, or to further the economic development of the City. (1994 C., § 21.10.090; Ord. No. 57933, § 9, 1979.)

21.12.050 Permits—Required.

21.12.060 Care of quays.

21.12.070 Permittee to indemnify City.

21.12.010 Definitions.

The following words as used in this chapter shall mean:

A. "Quay" means any structure owned by the City, built on the Mississippi River shore and extending therefrom to deep water, so that boats may lie alongside to receive and discharge freight.

B. "Warehouse" means any warehouse owned by the City within the Port District.

C. "Tracks" means railroad tracks owned by the City within the Port District forming a railroad service for port facilities.

D. "Port facilities" includes quays, warehouses, tracks, tanks, pipelines, and any structures or facilities owned by the City related to handling materials and goods within the Port District.

E. "Equipment" means any mechanical or electrical machinery owned by the City installed on any quay to convey freight to and from it and any warehouse. (1948 C., Ch. 29, § 55; 1960 C., § 292.010; 1994 C., § 21.12.010; Ord. No. 57326, § 8, 1977; Ord. No. 56707, § 1(part), 1974.)

21.12.020 Supervision by Department of Streets.

The Department of Streets, with recommendation of the Port Authority Commission, shall have exclusive jurisdiction, control and supervision over the construction, maintenance equipment, operation and service of all quays, including warehouses, tracks, equipment and port facilities, used in connection with the operation thereof. The Department upon recommendation of the Port Authority Commission may make investigations and adopt rules and regulations not inconsistent with this chapter as necessary or expedient in carrying out the powers and duties here conferred, and in connection therewith shall have power to subpoena witnesses and order the production of books and records relating thereto. (1948 C., Ch. 29, § 56; 1960 C., § 292.020; 1994 C., § 21.12.020; Ord. No. 57326, § 7(part), 1977; Ord. No. 56707, § 1(part), 1974; Ord. No. 48175, § 1(part), 1957.)

City Counselor Ops.: 9791, 9972

21.12.030 Contracts for freight handling.

The Board of Public Service, upon recommendation of the Port Authority Commission, may enter into contracts or agreement, either exclusive or nonexclusive, on behalf of the City for stevedore or other services for the handling of freight in connection with or for the operation of City-owned quays, warehouses, tracks,

equipment and port facilities subject to the terms and conditions herein prescribed, but nothing herein shall be construed as authorizing the Board to lease, sell, transfer or encumber quays and facilities or any part thereof, or in any manner limit or divest the City of its absolute ownership, management and control of any quays or facilities. Further, nothing contained in this chapter shall authorize the City or any of its agencies to operate port facilities in competition with private enterprise. All contracts shall be executed in the name of the City, signed by the President of the Board of Public Service with the approval of Board endorsed thereon, and countersigned by the Comptroller. All contracts shall be let upon competitive bidding to the lowest responsible bidder, subject to the right to reject any and all bids. All contracts shall not contemplate or involve the payment or expenditure of any money by the City. All contracts shall not be for a term exceeding five years, subject, however, to the right of renewal, by mutual consent, for two additional five-year terms. (1960 C., § 292.030; 1994 C., § 21.12.030; Ord. No. 57326, § 7(part), 1977; Ord. No. 56707, § 1(part), 1974; Ord. No. 48175, § 1(part), 1957.)

City Counselor Ops.: 9791, 9972

21.12.040 Permits—Conditions—Bond.

The Board of Public Service, upon recommendation of the Port Authority Commission, may grant permits to use any City-owned quay, warehouse, equipment, tracks or port facilities or any portion thereof, not inconsistent with any law or general ordinance, and may revoke any permit at will. These permits may be for either joint or several use. They shall be issued for no specified times, and shall be assignable upon approval by the Board. The board, with Port Authority Commission recommendation, shall have power to prescribe conditions under which it will issue permits. These conditions shall bind equally each permittee. One condition shall be that the applicant shall deliver to the Secretary of the Board, to be filed with the Register of the City the following:

A. An agreement to be bound by the terms of this chapter and by all rules and regulations of the Board pertaining to quays, warehouses, equipment and tracks;

B. A duly executed bond, with duly approved surety in a sum to be determined by Board, conditioned for the faithful compliance by the permittee with all terms of this chapter, and for the total assumption by the permittee of all obligations imposed by the chapter. (1948 C., Ch. 29, § 57; 1960 C., § 292.040; 1994 C., § 21.12.040; Ord. No. 57326, § 7(part), 1977; Ord. No. 56707, § 1(part), 1974.)

City Counselor Ops.: 9791

21.12.050 Permits—Required.

No person or the government of the United States shall use any quay, warehouse, equipment, track, or port facility or portion thereof, until an application has been made to and obtained from the Board of Public Service for a permit to use such facilities. (1948 C., Ch. 29, § 58; 1960 C., § 292.050; 1994 C., § 21.12.050; Ord. No. 56707, § 1(part), 1974.)

21.12.060 Care of quays.

Every permittee shall keep the quay or portion thereof, used by him in a clean condition at his expense, and maintain the facility sufficiently to counteract undue deterioration resulting from his use or disuse of a permit. (1948 C., Ch. 29, § 59; 1960 C., § 292.060; 1994 C., § 21.12.060; Ord. No. 56707, § 1(part), 1974.)

21.12.070 Permittee to indemnify City.

Every permittee shall agree to save the City harmless from any and all damage and expense which may be suffered by it by reason of any and all acts done in connection with the use or disuse of any quay, warehouse, equipment or tracks. (1948 C., Ch. 29, § 60; 1960 C., § 292.070; 1994 C., § 21.12.070; Ord. No. 56707, § 1(part), 1974.)

REMOVAL OF GOODS, ENCROACHMENTS AND OBSTRUCTIONS

Prior ordinance history: Ord. 51391

City Counselor Ops.: 9996, 10270

Sections:

21.16.010 Compliance.
21.16.020 Time limit.
21.16.030 Removal—Goods.
21.16.040 Removal—Encroachments.
21.16.050 Obstructing traffic.

21.16.010 Compliance.

No owner, agent or consignee of any goods, wares, merchandise or other articles shall allow the material to remain on the public wharf longer than allowed by this chapter, nor fail to remove the material forthwith when

so ordered by the Director of Streets, or his authorized agent. (1960 C., § 293.010; 1994 C., § 21.16.010; Ord. No. 56707, § 1(part), 1974.)

21.16.020 Time limit.

Everything placed on the improved public wharf or landing shall be removed therefrom within forty-eight hours, unless the material has been landed for reshipment, in which case it shall be removed within seventy-two hours. (1960 C., § 293.020; 1994 C., § 21.16.020; Ord. No. 56707, § 1(part), 1974.)

21.16.030 Removal—Goods.

Whenever the Director of Streets or his authorized agent shall find that any goods, wares, merchandise, or other articles have remained on the improved public wharf for a period of time longer than permitted by Section 21.16.020 or any time that any goods, wares, merchandise, or other articles create an obstruction on the improved public wharf, the owner or agent of the materials shall be notified by mail to remove the same. If the owner or agent cannot be located, a notice to remove the obstruction shall be posted in the vicinity of the materials by the Director of Streets.

If the obstruction has not been removed within one week after notice or posting, the Director of Streets may remove the materials and dispose or sell the same in any manner he deems advisable. Any money derived from the sale of the materials shall be used to pay any expenses incurred in removal of same and any surplus shall be credited to the City. (1960 C., § 293.030; 1994 C., § 21.16.030; Ord. No. 56707, § 1(part), 1974.)

21.16.040 Removal—Encroachments.

Whenever the Director of Streets or his authorized agent shall determine that any part of the public wharf or the harbor is obstructed, occupied, or encroached upon or used in any manner or by any means without lawful authority, and the provisions of Sections 21.16.020 and 21.16.030 do not apply, the Director of Streets may, upon his own motion, or at the request of any person interested therein, if he shall find that the removal thereof is desirable as a matter of public convenience, notify the owner or person responsible for the encroachment or obstruction by mail to remove the same.

If the owner or person responsible for the encroachment or obstruction cannot be located, a notice to remove shall be posted in the vicinity of the encroachment or obstruction. If the encroachment or obstruction has not been removed within one week after notice or posting, the Director of Streets shall remove the encroachment or obstruction and dispose or sell the same in any manner he deems advisable.

Any money derived from the sale of such encroachments or obstructions shall be used to pay any expenses incurred in the removal of same and any surplus shall be credited to the City. (1960 C., § 293.040; 1994 C., § 21.16.040; Ord. No. 56707, § 1(part), 1974.)

A city owning a public wharf may remove obstructions wrongfully there without becoming civilly liable therefor. *Hafner Mfg. Co. v. City of St. Louis,* 262 Mo. 261, 172 S.W. 28 (1914).

McQuillin:

24.95 Encroachments on wharves

21.16.050 Obstructing traffic.

The determination of the Director of Streets or his authorized agent shall be final and conclusive as to all questions relating to the handling of freight or merchandise or as to the position of any vessel or watercraft at any pier or other structure belonging to the City or anchored in the harbor, and all persons handling or in charge of freight or merchandise or vessels or watercraft shall handle the same expeditiously and without interfering with or blocking general traffic and without interfering with commerce and navigation. (1960 C., § 293.050; 1994 C., § 21.16.050; Ord. No. 56707, § 1(part), 1974.)

21.20.110 Landing by waterworks prohibited.
21.20.120 Conformity to provisions.

21.20.010 Mooring places.

All vessels and watercraft coming into the harbor of the City shall be anchored or moored at such points or places in the harbor as may be designated by the Director of Streets or his authorized agent. (1960 C., § 295.010; 1994 C., § 21.20.010; Ord. No. 56707, § 1(part), 1974.)

21.20.020 Manner of mooring.

All drydocks, floats, wharfboats and other landing facilities moored at the wharf shall be fastened so that their chains, cables, stages and crabs shall offer the least possible obstruction to the free passage of pedestrians and vehicles. (1960 C., § 295.020; 1994 C., § 21.20.020; Ord. No. 56707, § 1(part), 1974.)

21.20.030 Permit required for extended stays.

No vessel or watercraft not moored to a wharfboat, float, or other landing facility shall be permitted to remain at the improved wharf for a period longer than three days, unless a temporary permit therefor is obtained from the Director of Streets or unless a permit is issued by the Board of Public Service under terms and conditions fixed by Board, and at the rate applicable to wharfboat privileges set out in Section 21.20.080. (1960 C., § 295.030; 1994 C., § 21.20.030; Ord. No. 56707, § 1(part), 1974.)

City Counselor Ops.: 9652

21.20.040 Removal of vessels and watercraft.

The owner or person in charge of any vessel or watercraft moored at the improved wharf and not engaged in receiving or discharging freight, shall on written order of the Director of Streets promptly move his vessel or watercraft to such other place in the harbor as the Director of Streets may designate in his order. The vessel or watercraft shall remain until such time as it may be desired for the same to return to the improved wharf to be loaded or unloaded or to leave the harbor. (1960 C., § 295.040; 1994 C., § 21.20.040; Ord. No. 56707, § 1(part), 1974.)

21.20.050 Equipment—Numbering.

All watercraft and vessels shall carry the equipment required by the laws of the United States and the State of Missouri, and shall be numbered or designated in accordance with said law. (1960 C., § 295.050; 1994 C., § 21.20.050; Ord. No. 56707, § 1(part), 1974.)

21.20.060 Securing vessels and watercraft.

All vessels and watercraft laying at the wharf or landing within the harbor of the City shall be secured in a good, safe and sufficient manner. The master, owner or person in charge of any boat not so secured shall be in violation of this section. (1960 C., § 295.060; 1994 C., § 21.20.060; Ord. No. 56707, § 1(part), 1974.)

21.20.070 Life lines.

Life lines or ropes of a size and type to be designated by the Director of Streets or his authorized agent shall be suspended at intervals of five feet from the upstream end of any vessel or structure, or of any vessel anchored, or moored at the upstream end of a group of vessels, dock, or other structure or floating facility which shall remain for a period of time exceeding four hours. (1960 C., § 295.070; 1994 C., § 21.20.070; Ord. No. 56707, § 1(part), 1974.)

21.20.080 Wharf rent.

For the privilege of mooring and drydock, float, wharfboat, or other facility at the improved public wharf, the annual rental shall be a rate determined by the Board of Public Service upon recommendation of the Port Authority Commission and to be consistent with current market rates. (1960 C., § 295.080; 1994 C., § 21.20.080; Ord. No. 57326, § 7(part), 1977; Ord. No. 56707, § 1(part), 1974; Ord. No. 56300, § 1, 1972.)

Cases:

A municipal corporation may charge reasonable fees for use of its wharves on the navigable waters of the United States. *Packet Company v. St. Louis,* 100 U.S. 423 (1879).

Ordinance of St. Louis, prescribing wharfage dues at the improved wharves constructed by the city, is not in conflict with the federal constitution. *Northwestern Union Packet Co. v. St. Louis,* 18 F.C. 411 (1877).

21.20.090 Mooring not to affect taxes.

The mooring of any self-propelled vessel or watercraft alongside of any drydock, float, wharfboat or other landing facility shall not affect, in any manner, the wharfage or state or City taxes, dues or levee rates assessed or levied on the self-propelled vessels or watercraft landing thereat. All wharfage, tax, dues, or rates assessed shall be collected from each vessel or watercraft landing at any drydock, float, wharfboat or land-

ing facility as if the facility were not there. (1960 C., § 295.090; 1994 C., § 21.20.090; Ord. No. 56707, § 1(part), 1974.)

21.20.100 Regulations for wharfboats.

Wharfboats and other facilities moored at the improved wharf shall be in conformity with the following conditions:

A. Every facility shall be connected with the wharf, at all times, by at least two stages of size and strength to be safe for the purpose for which they are to be used.

B. Every facility shall have sufficient breadth of beam and strength of deck to be stable and safe at all times.

C. Wharfboats less than two hundred feet in length shall not be moored with a space less than thirty feet between the wharfboat and the water's edge.

D. Wharfboats two hundred feet or more in length shall not be moored with a space less than forty feet between the wharfboat and the water's edge.

E. No boats, barges, or other watercraft of any kind shall be attached to any wharfboat or other landing facility so that the boat, barge or other watercraft shall extend beyond the facility more than one-half the length of the facility, nor extend beyond the limits of space assigned at the wharf for the facility. (1960 C., § 295.110; 1994 C., § 21.20.100; Ord. No. 56707, § 1(part), 1974.)

Sections:

21.24.010 Permit required.
21.24.020 Insurance required.
21.24.030 Length restricted.
21.24.040 Arrears in wharfage.
21.24.050 Designation of mooring places.
21.24.060 Unsafe piers and gangways.
21.24.070 Pier lights.
21.24.080 Safety devices.
21.24.090 Pier barriers.
21.24.100 City floats.
21.24.110 Fire piers.
21.24.120 Patrol floats.

21.24.010 Permit required.

Any person desiring to moor a drydock, float, wharfboat or other landing facility at the improved public wharf shall make a written application to the Board of Public Service for a permit. The application shall state the name and address of the applicant, the number and dimensions of watertight compartments, the length, width, and depth of the facility, the name, number and tonnage of each vessel and watercraft owned by the applicant for which the drydock, float, wharfboat or other facility is to be used, the trade in which each vessel or watercraft is to be employed and the exact proportion of each vessel or watercraft and of the wharfboat or other facility owned by each person, respectively. The application shall be verified by affidavit. All permits shall be subject to the following conditions:

A. That the drydock, float, wharfboat or other landing facility shall at all times be good, safe and seaworthy to the satisfaction of the Director of Streets or his authorized agent, and be supplied constantly with fire protection equipment satisfactory to the Board of Public Service;

B. That the owner or agent of the facility will strictly comply with all ordinances for the regulation of such facilities;

C. That, in case of the sinking of the facility from any cause, that facility or the wreck thereof, shall be removed from the harbor at the expense of its owner or agent so that it shall not obstruct the harbor;

D. That the owner shall protect and save the City harmless from all damages which may be sustained by it and all claims which may be made against it by reason of any injury to persons or damages to property resulting from the presence of the facility at the public wharf. (1960 C., § 296.010; 1994 C., § 21.24.010; Ord. No. 56707, § 1(part), 1974.)

City Counselor Ops.: 9791

Cases:

Distinction between tonnage duties and wharfage fees—City authorized to charge wharfage fees for use of wharfs and other facilities. *Northwestern Union Pacific Packet Company v. St. Louis,* 100 U.S. 423, 25 L. Ed. 688 (1880).

21.24.020 Insurance required.

Before the permit required by Section 21.24.010 is issued, the applicant shall file with the City Register an insurance policy naming the City as coinsured. The amount of insurance shall be determined by the Director of Streets. The insurance policy shall be approved by the City Counselor as to form and by the Comptroller as to surety. The insurance shall not expire or terminate until ten days after written notice has been received by the Director of Streets. (1960 C., § 296.020; 1994 C., § 21.24.020; Ord. No. 56707, § 1(part), 1974.)

21.24.030 Length restricted.

No drydock, float, wharfboat, or other facility which is more than four hundred feet long shall be allowed at the improved public wharf. (1960 C., § 296.030; 1994 C., § 21.24.030; Ord. No. 56707, § 1(part), 1974.)

21.24.040 Arrears in wharfage.

Any person owning a wharfboat, other facility, vessel, or watercraft, who falls in arrears to the City for wharfage rent shall not be allowed the privileges of this chapter so long as the wharfage rent remains unpaid. Such wharfboat, landing facility, vessel or watercraft shall not be permitted to remain at the improved public wharf of the City. The Director of Streets or his authorized agent shall remove such wharfboat, landing facility, vessel or watercraft from the wharf and for that purpose may call to his aid the St. Louis Police Department. (1960 C., § 296.040; 1994 C., § 21.24.040; Ord. No. 56707, § 1(part), 1974.)

21.24.050 Designation of mooring places.

The Director of Streets shall designate the place at the improved wharf where each mooring facility shall lie. The facility shall be removed to another locality designated by the Director of Streets whenever he shall consider removal necessary to the proper public use of the wharf and when removal and relocation are authorized by action of the Board of Public Service. (1960 C., § 296.050; 1994 C., § 21.24.050; Ord. No. 56707, § 1(part), 1974.)

21.24.060 Unsafe piers and gangways.

Whenever any pier or gangway devoted to passenger traffic shall be damaged or appears to the Director of Streets or his authorized agent to become unsafe so as to render the same or any portion thereof, a hazard to life or property, he shall order any unsafe portion thereof barricaded with proper fencing until the necessary repairs thereto shall be made. If the owner, agent, or lessee of the pier or gangway shall fail to comply with the orders, the Director of Streets or his authorized agent shall prohibit the use of the unsafe portion of the pier and may erect the necessary fencing or barricade and the expense shall be paid by and recoverable from the owner, agent, or lessee of pier, to the City. (1960 C., § 296.060; 1994 C., § 21.24.060; Ord. No. 56707, § 1(part), 1974.)

21.24.070 Pier lights.

In the interests of safe navigation and the protection of property, the Director of Streets or his authorized agent shall establish standards for the lighting of piers in the harbor. Between the hours of sunset and sunrise all piers shall be kept lighted in accordance with requirements set forth by the Director of Streets or his authorized agent. All walks, passageways, openings or gangways upon any pier upon or through which persons may pass shall be kept adequately lighted between sunset and sunrise. (1960 C., § 296.070; 1994 C., § 21.24.070; Ord. No. 56707, § 1(part), 1974.)

21.24.080 Safety devices.

Every owner, agent or lessee having charge of any commercial pier shall furnish and keep for use on the pier at least one serviceable thirty-inch ring life buoy for every three hundred lineal feet of berthing space to each of which shall be attached at least two hundred feet of suitable line. Each ring buoy and line attached thereto shall be kept in a suitable box on the pier for the use of the public in case of accident, which box shall be

properly labeled and be at all times kept clear of obstructions and it shall be unlawful to take away, molest, injure or destroy the same or either of them or to disturb the same or either of them except for use in saving life or property. (1960 C., § 296.080; 1994 C., § 21.24.080; Ord. No. 56707, § 1(part), 1974.)

21.24.090 Pier barriers.

Every owner, lessee, or agent of any pier open for public access to vessels or watercraft, or for any other purpose, shall guard the frontage of any roadway adjacent thereto by substantial and adequate fences or other barriers and shall guard the sides and faces thereof in a similar manner if used for vehicular access to any vessel or watercraft. All necessary openings or passages in the fences or barriers shall be provided with substantial gates which shall be closed and securely fastened when not in use. (1960 C., § 296.090; 1994 C., § 21.24.090; Ord. No. 56707, § 1(part), 1974.)

21.24.100 City floats.

All City floats or piers now or hereafter established, except as hereinafter specified, may be used by watercraft for dockage purposes, other than the handling of freight, free of charge for lying time not to exceed forty-eight hours at any one time. After such period the use of the facilities shall be only with the written permission and at the sole discretion of the Director of Streets or his authorized agent. (1960 C., § 296.100; 1994 C., § 21.24.100; Ord. No. 56707, § 1(part), 1974.)

21.24.110 Fire piers.

No passengers, freight or merchandise shall be handled over any location designated for the use of the fire boats of the Fire Department, nor shall such location be used for any purpose whatever other than municipal purposes. (1960 C., § 296.110; 1994 C., § 21.24.110; Ord. No. 56707, § 1(part), 1974.)

21.24.120 Patrol floats.

The Director of Streets or his authorized agent shall designate locations for such floats as may be necessary for patrol boats and shall prescribe rules and regulations for the use of the floats. (1960 C., § 296.120; 1994 C., § 21.24.120; Ord. No. 56707, § 1(part), 1974.)

Sections:

21.28.010 Grounded boats.

21.28.020 Removal of wrecks.

21.28.030 Disposition of salvage.

21.28.040 Removal of boats in danger by fire or ice.

21.28.050 Obstructions.

21.28.060 Sunken vessels.

21.28.070 Floating objects.

21.28.080 Nuisances.

21.28.010 Grounded boats.

No owner or person in charge of any vessel or watercraft shall suffer the same to be grounded at the improved public wharf or landing, and remain grounded through neglect, for a longer period of time than twenty-four hours. (1960 C., § 297.010; 1994 C., § 21.28.010; Ord. No. 56707, § 1(part), 1974.)

21.28.020 Removal of wrecks.

If any vessel or watercraft sinks in the harbor and the wreck is an obstruction to navigation in the harbor or to use of the wharf, the Director of Streets shall at once notify the owner or person in charge of such vessel or watercraft and cargo, if any, to remove the obstruction. He shall designate a time limit for the removal of the obstruction by the owner or person in charge. If the owner or person in charge of the wreck and cargo refuses or neglects to remove the obstruction within the time specified in the notice, the Director shall proceed immediately to remove the obstruction. (1960 C., § 297.020; 1994 C., § 21.28.020; Ord. No. 56707, § 1(part), 1974.)

Cases:

It is not a part of the public duty of a city to pump out and raise boats which sink at its levee. *City of St. Louis v. The Maggie P.,* 25 F. 204 (1885).

21.28.030 Disposition of salvage.

Any property, including cargo, furniture, engine, hull, tackle and apparel of the sunken vessel or watercraft saved from the wreck by the Director in removing any obstruction described in Section 21.28.020 shall be sold by him at public auction, after giving three days' notice in the paper doing the City printing, to the highest bidder for cash. From the proceeds of the sale, the Director shall retain the cost and expenses of removing the wreck and cargo, if any, and of saving and selling the parts thereof, and shall also retain twenty

percent of the balance, if any, as salvage. The remainder of the proceeds shall be paid into the City Treasury as a special fund subject to the right of the owners thereof and the laws applying to such case. The money retained for expenses and salvage shall be paid into the port revenue fund. (1960 C., § 297.030; 1994 C., § 21.28.030; Ord. No. 56707, § 1(part), 1974.)

21.28.040 Removal of boats in danger by fire or ice.

Any vessel or watercraft may at any time be required to leave forthwith the improved wharf by order of the Director of Streets, if, in his opinion, the vessel or watercraft is in danger of being injured by fire or ice. (1960 C., § 297.040; 1994 C., § 21.28.040; Ord. No. 56707, § 1(part), 1974.)

21.28.050 Obstructions.

No master, owner, or other person in charge of any towboat shall while towing any vessel, watercraft or obstruction obstruct the harbor in any way. The Director of Streets or his authorized agent shall have the power to order the removal of:

A. Any vessel, watercraft or obstruction anchored in the harbor or made fast, to any buoy, pier, or other structure owned by or under the authority and control of the City;

B. Any towboat or its tow, or both, when same is obstructing navigation in the harbor;

C. Any vessel, watercraft or obstruction lying at any pier in the harbor which is obstructing any slip, or other vessel or watercraft;

and it shall be unlawful to fail, neglect or refuse to do so. (1960 C., § 297.050; 1994 C., § 21.28.050; Ord. No. 56707, § 1(part), 1874.)

21.28.060 Sunken vessels.

When any vessel or watercraft or obstruction has been sunk or grounded, or has been delayed in a manner to stop or seriously interfere with or endanger navigation, the Director of Streets or his authorized agent may order the same immediately removed and if the owner or other person in charge thereof after being so ordered does not proceed immediately with removal the Director of Streets or his authorized agent may take immediate possession thereof and remove the same using methods as in his judgment will prevent unnecessary damage to the vessel or watercraft or obstruction. The expense incurred by the Director of Streets or his authorized agent in removal shall be paid by the owner or other person in charge of the vessel or watercraft or obstruction. In case of failure to pay the removal expenses the City may maintain an action for recovery thereof. (1960 C., § 297.060; 1994 C., § 21.28.060; Ord. No. 56707, § 1(part), 1974.)

21.28.070 Floating objects.

All vessels, watercraft, logs, piling, building material, scows, houseboats, or any other article of value found adrift in the St. Louis harbor may be taken in charge by the Director of Streets or his authorized agent and shall be subject to reclamation by the owner thereof on payment by him to the City of all expenses incurred by the City in connection therewith. In the event of failure to reclaim the article, same may be sold or disposed of according to law. (1960 C., § 297.070; 1994 C., § 21.28.070; Ord. No. 56707, § 1(part), 1974.)

21.28.080 Nuisances.

Sunken vessels or watercraft, refuse of all kinds, structures or pieces of any structure, dock sweepings, dead fish or parts thereof, dead animals or parts thereof, timber, logs, piles, boom sticks, lumber, boxes, empty containers and all other substances of articles of similar nature, are declared to be public nuisances and it shall be unlawful for any person to throw or place in, or cause or permit to be thrown or placed any of the above-named articles or substances in the St. Louis harbor, or upon the shores thereof or in such position that the same may or can be washed into the harbor, either by high water, storms, floods, or otherwise. Any person causing or permitting said nuisance to be placed as aforesaid shall remove the same and upon his failure so to do the same may be removed by the Director of Streets or his authorized agent and the expense thereof shall be paid by and recoverable from the person creating the nuisance. In all cases the nuisance may be abated in the manner provided by law. The abatement of any such public nuisance shall not exempt the person responsible therefor from prosecution hereunder. (1960 C., § 297.090; 1994 C., § 21.28.080; Ord. No. 56707, § 1(part), 1974.)

21.32.020 Exemption of authorized emergency vessels and watercraft.

The provisions of this title shall be applicable to the operation of any and all vessels or watercraft in the harbor of this City, except that they shall not apply in the following cases:

To any authorized emergency vessel or watercraft actually responding to an emergency call or in immediate pursuit of an actual or suspected violator of the law, within the purpose for which the emergency vessel or watercraft has been authorized; provided that the provisions of this section shall not relieve the operator of an authorized emergency vessel or watercraft of the duty to operate with due regard for the safety of all persons using the City harbor nor shall it protect the operator of any emergency vessel or watercraft from the consequence of a reckless disregard for the safety of others; provided further, the provisions of this section shall in no event extend any special privilege or immunity in operation of an authorized emergency vessel or watercraft for any purpose other than for which the same has been authorized. (1960 C., § 298.030; 1994 C., § 21.32.020; Ord. No. 56707, § 1(part), 1974.)

21.32.030 Aiding and abetting violation.

It is unlawful to counsel, aid, or abet the violation of or failure to comply with any of the provisions of this Code. (1960 C., § 298.040; 1994 C., § 21.32.030; Ord. No. 56707, § 1(part), 1974.)

21.32.040 Emergency powers.

The Director of Streets or his authorized agent or other authorized personnel, where necessary to expedite waterborne traffic or to prevent or eliminate congestion or the safeguard of persons or property or in the event of a fire or other emergency, may direct waterborne traffic. (1960 C., § 298.050; 1994 C., § 21.32.040; Ord. No. 56707, § 1(part), 1974.)

Pursuant to the requirements of RSMo 68.045 (1978), as amended, the method of appointment, terms, qualifications and salaries of the Port Authority Commission of the City shall be as follows:

A. The Port Authority Commission of the City shall consist of seven members as follows: the Director of Streets shall be a member of the Commission; the Chairman of the Transportation and Commerce Committee of the Board of Aldermen shall be a member (or such other committee to which, pursuant to the rules of the Board of Aldermen, bills affecting the Port District are assigned); five additional members shall be appointed by the Mayor, with the advice and consent of the Board of Aldermen, and shall serve at his discretion for a term of four years except that the terms of the appointive members serving on the Commission on the date this chapter becomes effective shall continue until their normal expiration dates.

B. Not more than four members of said Commission shall be of the same political party. All members shall be residents of the City. No member shall have a direct, indirect or beneficial interest in any business or enterprise engaged in port-related activities. No member shall have any financial interest directly or indirectly in the profits of any contract or business transaction of or with the Port Authority nor shall have any direct or indirect interest in any property, supplies, facilities or equipment sold, purchased or let to or by the Port Authority.

C. The Commission shall have the authority to establish such bylaws, rules and regulations as are necessary for the conduct of its business. All members of the Commission shall serve as such without compensation. (1994 C., § 21.36.010; Ord. No. 59240, § 2, 1984; Ord. No. 57326, § 2, 1977.)

Editor's Note:

Ordinance 59240 was approved August 6, 1984.

21.36.020 Port Advisory Committee.

A Port Advisory Committee is established, the membership, number thereof, duties and organization to be recommended by the Port Commission, for the purpose of providing counsel to the Commission on port activities and port development. Membership on said Committee should include persons having knowledge of the port and may be persons participating in port-related businesses or enterprises. The members of said Committee shall have no vote. They shall, subject to the recommendation of the Commission, be appointed by the Mayor and shall serve at the pleasure of the Mayor. (1994 C., § 21.36.020; Ord. No. 57326, § 3, 1977.)

21.36.030 Powers and duties of Commission.

In addition to the powers granted local port authorities delineated in RSMo 68.010 through 68.070 (Supp. 1975), the Port Authority Commission of the City shall also have the following powers and duties:

A. Study all aspects of safety within the Port District and to establish regulations and standards not subject to federal regulation with respect to mooring, freight, and material handling, fire protection, watercraft, construction, obstructions, personnel and other such matters in the interest of public safety. Any and all such regulations made by the Commission shall be effective for a period of six months and no longer unless such regulation is continued in effect by the Board of Aldermen by the passage of a duly enacted ordinance. Any and all regulations made by the Commission may be nullified or set aside by a duly enacted ordinance of the Board of Aldermen. Any and all such regulations made by the Commission shall be printed in the Journal at least thirty days prior to the effective date thereof.

B. Study and establish land, mooring and related facility use within the Port District and to recommend any zoning changes required to effect such use and to recommend any proposed zoning changes within the Port District.

C. Study and recommend action on any port facilities and methods and funding by the City and study and recommend action on construction of any private port facilities and funding requiring City action.

D. Study and recommend any fees, lease rates, cargo rates or other charges by the City deemed necessary and proper for port development.

E. Investigate operating and financial practices of any port-related enterprise operating publicly owned facilities and to recommend to authorized agencies appropriate corrective action.

F. The Port Authority Commission shall have the general duty to develop industrial facilities within the Port District in addition to those duties delineated in RSMo Ch. 68 (Supp. 1975). (1994 C., § 21.36.030; Ord. No. 57326, § 4, 1977.)

21.36.040 Budget preparation.

A. The Port Authority Commission shall annually prepare a budget request for employment of personnel and such other reasonable expenses such as, but not limited to, supplies, equipment, printing, contractual services, etc., necessary to carry out the business of the Port Authority. After approval of the Port Commission, the Chairman shall submit said budget request for appropriation from the Port Development Fund, subject to limitations as hereinafter provided, through the City budget process.

B. All gifts, contributions, grants and donations accepted by the Commission shall be deposited in a special cash account known as Port Development Fund and shall be used solely for the purpose indicated.

C. All fees, cargo and lease revenues, land sale revenues and other charges made by the City for port-related activities in the Port District and not dedicated to bond retirement shall be deposited in the Port Development Fund.

D. The Board of Estimate and Apportionment shall give first priority to appropriation from the Port Development Fund to the Port Authority budget, related research and development study, promotion expenditures, maintenance of City-owned port facilities, and acquisition and development of land. Any excess funds shall be transferred to general revenue.

E. The Board of Aldermen, from time to time, may appropriate general revenue or other funds to this account for such expenditures, if needed, or for special purposes.

F. The Port Authority Commission may authorize the Chairman and/or Port Administrator of the Commission to disburse such funds as are budgeted or authorized by the Board of Aldermen. (1994 C., § 21.36.040; Ord. No. 57326, § 5, 1977.)

21.36.050 Jurisdiction.

The Port Authority Commission of the City shall have jurisdiction over the Port District established in Ordinance 56939, approved March 21, 1975, and as may be amended from time to time. (1994 C., § 21.36.050; Ord. No. 57326, § 10, 1977.)

Chapter 21.40

WHARF VENDING DISTRICT

Editor's Note:

Ord. No. 70313, § 2, adopted June 29, 2016, amended the Code by repealing former ch. 21.40, §§ 21.40.010—21.40.050, and adding a new ch. 21.40. Former ch. 21.40 pertained to the sale of merchandise on wharves, and derived from Ord. No. 56267 of 1972 and Ord. No. 61362 of 1989.

Sections:

21.40.010 Description of wharf area subject to this chapter.

The subject property of this chapter is the portion of the wharf between the north curb line of Chouteau Avenue and the south curb line of Biddle Street and the west curb line of Leonor K. Sullivan Boulevard and the west curb lane of the Levee Fire Lane, as depicted in Exhibit A. This property is to be known as the "Wharf Vending District." (1994 C., § 21.40.010; Ord. No. 70313, § 3, 6-23-2016.)

21.40.020 Riverfront Vending Committee.

A. *Establishment.* There is hereby established a committee in and for the subject area which shall be known as the Riverfront Vending Committee (RVC).

B. *Composition.* The RVC shall consist of five (5) members.

C. *Membership.* The RVC shall initially be composed of the Port Manager of the City of St. Louis Port Authority, the Special Events Program Executive of the City of St. Louis, the Director of Streets of the City of St. Louis, the Executive Director of Great Rivers Greenway and another member designated by the Executive Director of Great Rivers Greenway. Any member listed herein may appear at such meeting by designee from his or her City department, or in the case of Great Rivers Greenway, from that entity.

Great Rivers Greenway is a party to the cooperation agreement with the City of St. Louis authorized by Ordinance 69542, which agreement recognizes Great Rivers Greenway's participation in and commitment to the development of the broader Riverfront Area, of which the Wharf Vending District established herein is a part. Within 90 days of passage of this chapter, all Committee members shall be approved for service on the Committee by the consent of a majority of the Board of Aldermen of the City of St. Louis. If any Committee member or proposed Committee member is not approved by a majority of the Board of Aldermen, the Mayor will submit an alternative member for approval by the Board of Aldermen.

D. *Designation of Chairman.* The Executive Director of Great Rivers Greenway shall be designated as the Chairman of the RVC.

E. *Area of Effect.* The RVC shall be responsible for providing extensive advisory input as set forth in this chapter, including providing required comment and review of applications for vending permits within the subject area. No vending permit shall be approved for the area set forth in Section 24.40.010 without the approval of the RVC.

F. *Meetings.* The meetings of the RVC shall be held at the call of the Chairman, and at other such times as the RVC may determine. Three (3) members shall constitute a quorum, and in the absence of the

Chairman, the City's representative shall be the Active Chairman. Meetings of the RVC may be called by the Special Events Program Executive of the City of St. Louis. No official action of the RVC shall be taken except at a meeting open to the public. The Special Events Program Executive of the City of St. Louis shall be designated as Secretary of the RVC and shall be responsible to keep minutes of its proceedings showing the vote of each member upon each question, or if absent or failing to vote, indicate such fact. A majority of the RVC may adopt rules and regulations to govern the procedure before the RVC.

G. *Duties and Powers.* The RVC shall review applications for vending permits seeking to do business in the Wharf Vending District as described in Section 21.40.010 and depicted in Exhibit A. The Street Director of the City of St. Louis will receive permit applications from vendors seeking a permit for vending in the area referenced herein, and will submit all such vending applications to the RVC. The Street Director shall issue Riverfront Wharf vending permits as recommended by majority vote of a quorum of the RVC, and shall complete all duties set forth to him under this chapter. (1994 C., § 21.40.020; Ord. No. 70313, § 4, 6-23-2016.)

21.40.030 Rules and Regulations for the Wharf Vending District.

In addition to all other requirements of this chapter, the following provisions shall apply to every vending business in the Wharf Vending District. The provisions of this section shall supersede any other provision of the City Code if such provisions are inconsistent.

A. Every vending business in the Wharf Vending District must operate from a fixed location designated by the RVC and specified on its permit, except when licensed as a festival vendor.

B. Vendors must apply for and obtain a permit to operate a vending business in the Wharf Vending District as provided in this section prior to obtaining a vendor's license from the License Collector. Vending permits shall be issued by the Director of Streets ("Street Director") for locations within the Wharf Vending District.

C. No person, partnership or corporation shall be issued more than two (2) vendor's permits for locations within the Wharf Vending District.

D. Vendors' permits in the Wharf Vending District shall be approved prior to issuance by the RVC. No such permit shall be issued unless review, comment and approval has issued at a public meeting of the RVC.

E. The proposed annual fee for a vendor's permit in the Wharf Vending District shall be submitted by the permit applicant responding to a request for proposal; provided, however, that the minimum annual fee for a vendor's permit shall be $1000.00; also provided that this fee may be increased by the Street Director, in his discretion, after recommendation of the RVC, identifying increases in regulatory costs to the City justifying proposed fee increases.

F. When the Street Director, at the request of the RVC, determines that a vending permit should be issued for a location within the Wharf Vending District:

1. The RVC shall establish criteria, as follows:

a. Vending location;

b. Items to be sold, e.g. food, beverage, clothing;

c. Hours of vending;

d. Type of vending structure; the criteria shall expressly provide that no vending may be done from shopping carts;

e. Contribution to diversity of products available from vendors, and diversity of appearance of vendors' facilities, within the Wharf Vending District.

2. The Street Director shall cause to be issued a solicitation for permit applications, which shall:

a. Be published in two newspapers of general circulation in the metropolitan area and on the City's website for two weeks;

b. Identify the vending location;

c. State the criteria;

d. Request permit applications, which shall:

i. Require applicants to indicate whether they will pay the City sums above the minimum fee;

ii. Require appropriate applicant identity information;

iii. Require photographic and other information about the vending structure;

iv. Contain detailed information regarding items to be sold and prices and suppliers;

v. Provide additional information as deemed appropriate; and

vi. State the due date for applications.

3. After receipt of permit applications, the Street Director shall forward the same to the RVC. Based upon the recommendation of the RVC, all applications may be rejected.

G. No permit issued under the provisions of this chapter shall be assignable or transferable.

H. The Street Director shall revoke the permit of any duly licensed persons or itinerants for not comply-

ing with the provisions of this chapter and notification of all revoked permits shall be given to the License Collector's Office.

I. Permit fees shall be deposited in the Riverfront Wharf Revitalization Fund, established herein. (1994 C., § 21.40.030; Ord. No. 70313, § 5, 6-23-2016.)

21.40.040 Riverfront Wharf Revitalization Fund.

There is hereby established a special fund, to be known as the Riverfront Wharf Revitalization Fund. Funds in the Riverfront Wharf Revitalization Fund may be appropriated only for expenditures that are recommended by the RVC for maintaining and improving the Wharf Vending District. This fund is to be a dedicated account, opened and maintained by the Port Authority of the City of St. Louis for the limited use of expenses related to the Wharf Vending District as recommended by a majority of the RVC and approved by the Board of Estimate and Apportionment. (1994 C., § 21.40.040; Ord. No. 70313, § 6, 6-23-2016.)

21.40.050 Prohibition and penalty.

No person shall occupy the Wharf Vending District for the purpose of displaying, selling or offering for sale, any goods, food or merchandise, unless said person has secured a permit or lease under the provisions of this chapter or is a part of a Special Event registered with the Office of Special Events of the City of St. Louis. Any person or firm violating the provisions of this chapter shall, upon conviction, be fined the sum of not less than one hundred ($100.00) dollars nor more than five hundred ($500.00) dollars. Each day that any violation shall continue shall constitute a separate offense. (1994 C., § 21.40.050; Ord. No. 70313, § 7, 6-23-2016.)

22.05.010 Established; membership.

There is hereby established as a division of the Department of Parks, Recreation and Forestry an Operation Brightside Agency, which Agency shall consist of:

A. A Program Manager of the Operation Brightside Agency, who shall be appointed by the Director of Parks, Recreation and Forestry in accordance with Article XVIII of the Charter. The Program Manager shall be the executive head of the Operation Brightside Agency, and shall be responsible for carrying out the duties of such Agency. The Program Manager shall receive a salary fixed in accordance with ordinance provisions. The Program Manager shall organize and coordinate City-wide cleanup and beautification programs with City departments, other governmental entities and private organizations and shall have such additional authority, duties and responsibilities as may be authorized by ordinance.

B. An Operation Brightside Agency staff, to consist of such technical, clerical, stenographic, and other personnel as deemed necessary by the Program Manager. The Program Manager may employ such personnel, and when they are to be compensated, may make such expenditures within the appropriations therefor, or from other funds made available, as may be necessary to carry out the purposes of this chapter. In all applicable cases, the system of personnel administration in the Operation Brightside Agency shall be in accordance with the merit system requirements of Article XVIII of the Charter, as supplemented by ordinance rules or regulations. (1994 C., § 22.05.010; Ord. No. 68331, § 1, 4-22-2009.)

22.05.020 Vested accrued benefit.

Any employees of Operation Brightside, Inc., a Missouri not-for-profit corporation, who become mem-

bers of the Employees Retirement System of the City of St. Louis as a result of the creation of the Operation Brightside Agency in the classified service pursuant to this chapter will have a vested accrued benefit immediately upon his or her becoming a member based on his or her creditable service (as that term is defined by Section 4.16.010) since becoming a member. (1994 C., § 22.05.020; Ord. No. 68331, § 2, 4-22-2009.)

22.05.030 Agreement with Operation Brightside, Inc.

The Mayor and Comptroller are hereby authorized to execute and deliver, on behalf of the City of St. Louis (the "City") a cooperation agreement with Operation Brightside, Inc., substantially in the form attached as Exhibit A to the ordinance codified in this chapter. (1994 C., § 22.05.030; Ord. No. 68331, § 3, 4-22-2009.)

City Counselor Ops.: 8629, 8891, 9307

22.12.050 Tennis court permits.

A. A tennis court permit and fee therefor, separate and apart from any other permit or fee, shall be required for the use of all City tennis courts. No person shall use any of the above facilities owned or operated by the City unless the person possesses a current tennis court permit.

B. There shall be different classifications of tennis court permits, as follows:

1. Resident or taxpayer adult tennis court permit, to be issued only to applicants who reside in the City or who pay earnings tax or merchants and manufacturers tax to the City, and who are eighteen years of age or older. This permit is good for play at all City tennis court facilities including the Dwight Davis Tennis Center.

2. Resident or taxpayer minor's tennis court permit, to be issued only to applicants who reside in the City or who pay earnings tax or merchants and manufacturers tax to the City, and who are twelve years of age or older and who are not eighteen years of age or older. This permit is good for play at all City tennis court facilities including the Dwight Davis Tennis Center.

3. Resident child's tennis court permit, to be issued only to applicants who reside in the City and who are twelve years of age or younger. This permit is good for play at all City tennis court facilities including the Dwight Davis Tennis Center.

4. Nonresident Dwight Davis Tennis Court permit, to be issued to applicants who are nonresidents of the City and who are of any age classification and the permit is only good at the Dwight Davis Tennis Center.

C. An annual fee for a recreational permit shall be charged as follows:

1. Resident or taxpayer adult, ten dollars.

2. Resident or taxpayer minor, three dollars.

3. Resident child, no charge.

D. All of the aforesaid recreational permits shall be issued from the office of the Director of the Depart-

ment of Parks, Recreation and Forestry at places as designated by the Department. A person's residence shall be proven by:

1. Voter registration;
2. Real property tax receipt;
3. Personal property tax receipt;
4. Income tax W-2 Form;
5. Driver's license.

Any of the above evidence of residence shall be accompanied by appropriate identification of the applicant. Any person not possessing any of the aforementioned evidence of residence proof, may prove evidence as to the residence of his or her parent or guardian or of the head of his or her household, as such term is defined for federal income tax purposes. A nonresident taxpayer shall prove his payment of the earnings tax or the merchants and manufacturers tax by producing a receipt for payment of either tax for the year preceding the year for which the permit is sought or by producing a tax return for the year.

While the resident child's tennis court permit is issued for no charge, no resident child will be allowed on a City tennis court unless he or she possesses a resident child's tennis court permit.

The Director of Parks, Recreation and Forestry shall promulgate and enforce schedules and rules regulating the use of City tennis courts by permittees. The rules may include time restrictions on use of tennis courts, which restrictions may vary for different permit categories.

No daily permits will be issued for any City tennis courts. (1960 C., § 222.041; 1994 C., § 22.12.050; Ord. No. 56919, § 1, 1975; Ord. No. 56733, § 1(part), 1974.)

22.12.060 Mark C. Steinberg Memorial Skating Rink schedules and charges.

The Commissioner of Recreation, with the approval of the Director of Parks, Recreation and Forestry, is authorized to establish schedules regulating the operation and charges for the use of the skating rink and recreation facilities. Activities shall include roller skating, ice skating, square dancing, badminton, volleyball, shuffleboard, recreation exhibitions, pageants, and other activities which in the opinion of the Director of Parks, Recreation and Forestry will be consistent with the motive of the gift from the Steinberg Charitable Trust as set forth in Ordinance No. 47487 relating to the Mark C. Steinberg Memorial Skating Rink. (1960 C., § 222.050; 1994 C., § 22.12.060; Ord. No. 49546, § 1, 1959.)

22.12.070 Sales tax.

Under and by the authority of RSMo 644.032 and 644.033, there is hereby imposed, subject, however, to the approval of the qualified voters as hereinafter provided, a sales tax of one-eighth of one percent (⅛%) on all retail sales made in the City of St. Louis for the purpose of funding local parks, and specifically, funding for new recreation facilities in parks, repairs and/or improvements to existing recreation facilities in parks, and recreation programs in recreation facilities in parks, in addition to any and all other sales tax allowed by law.

The provisions of RSMo 644.032 and 644.033 (2005) are adopted and incorporated herein by this reference as if fully set forth.

The tax imposed pursuant to the provisions of this section shall be a tax on all retail sales made in the City of St. Louis which are subject to taxation under the provisions of RSMo 144.010 to 144.525.

All revenue returned to the City of St. Louis from the tax authorized by this section pursuant to RSMo 644.032 and 644.033 shall be deposited in a special trust fund, hereby created, to be known as the Local Park Fund. All expenditures from the Local Park Fund shall be made pursuant to appropriation. (1994 C., § 22.12.070; Ord. No. 67195, §§ 1, 5—7, 2006.)

22.20.060 Skate concessions—Terms.

The Board of Public Service is authorized and empowered to let to the highest and best bidders the privileges of selling, renting, storing and/or repairing roller skates and ice skates and their accessories at the Mark C. Steinberg Memorial Skating Rink in the build-

ing provided for such use in Forest Park for a term not less than three years nor more than five years. Awards may be made and contracts entered into for such privileges within six months prior to the time that the skating rink and building shall be ready for operation or any time thereafter. The advertising, bidding and letting of the contract or contracts for such privileges shall be pursuant to rules and regulations drawn up by the Commissioner of Parks and Recreation consistent with the terms of Sections 22.20.010—22.20.090 and approved by the Board of Public Service. (1994 C., § 22.20.060; Ord. No. 48317, § 1, 1957.)

22.20.070 Skate concessions—Advertising for bids.

Before letting the contract or contracts for such privileges, the Board of Public Service shall advertise for bids in the City Journal at least ten days before the opening of the bids. The Board shall have the authority to reject any and all bids. In case all bids are rejected, the Board shall immediately proceed to advertise anew for bids, and shall continue to do so until the privileges are let according to the terms of Sections 22.20.060—22.20.090. Prior to advertising for bids, the Board of Public Service shall designate the space to be occupied by the successful bidders, the numbers, characters, and sizes of booths or counters, owned by the City, and to be used by the bidders, and shall refer to same in the advertisements. In all cases the rents are to be paid in advance. (1994 C., § 22.20.070; Ord. No. 48317, § 2, 1957.)

22.20.080 Skate concessions—Bond.

The successful bidders shall execute and file in the office of the City Register, within thirty days after their bids are accepted, penal bonds to the City in the sum of one thousand dollars each, with good and sufficient sureties to be approved by the Mayor and Board of Aldermen conditioned for the prompt payment to the City of all sums agreed to be paid in consideration of the grant of the privileges, and further conditioned that the premises will at all times be kept in a neat, clean, sanitary and orderly condition, to the satisfaction of the Commissioner of Parks and Recreation, and that they will charge only prices for sales, rentals and services as are approved by the Commissioner of Parks and Recreation subject to the approval of the Director

of Public Welfare. (1994 C., § 22.20.080; Ord. No. 48317, § 3, 1957.)

22.20.090 Premises inspection.

The premises shall at all times be open to the inspection of the Commissioner of Parks and Recreation. Any failure on the part of the successful bidders for the privileges to comply with any of the terms or provisions of Sections 22.20.060—22.20.090, or of any contract or bond made in pursuance thereof, shall work a forfeiture of the privileges granted, and upon forfeiture the Commissioner of Parks and Recreation shall take possession of the premises and exclude said successful bidders therefrom. (1994 C., § 22.20.090; Ord. No. 48317, § 4, 1957.)

22.36.010 Created—Location.

There is created the Dwight F. Davis Tennis Tournament Center. The Tennis Tournament Center shall be located in Forest Park in the City and shall be under the jurisdiction of the Department of Parks, Recreation and Forestry, which shall be responsible for the staffing, operation and maintenance of the tournament center. This tournament center shall consist of the

number of tennis courts as is practicable and a stadium for educational, recreational, and spectator use. (1994 C., § 22.36.010; Ord. No. 52952, § 1, 1965.)

22.36.020 Fund.

The Comptroller is authorized and directed to create a separate fund account to be known as the "Dwight F. Davis Tennis Tournament Center Fund." All moneys received by the City for the purposes set forth in this chapter shall be deposited in the fund, and all moneys appropriated by the City for the purposes described shall be deposited in the fund. The moneys in the fund shall be kept separate and apart from all other moneys and things of value of the City. The Comptroller is authorized to disperse the moneys in the fund for the purposes set forth in this chapter. (1994 C., § 22.36.020; Ord. No. 52952, § 2, 1965.)

22.36.030 Contract.

The Mayor and the Comptroller shall be authorized and directed to enter into and perform on behalf of the City an agreement by and between the City and the Dwight F. Davis Memorial Tennis Center (a not-for-profit corporation) (hereinafter referred to as "center"). The contract shall provide:

A. That the center shall conduct fund-raising activities for the planning, creating, developing, and constructing of the tennis tournament center;

B. That the City will when financially able assist in the cost of the tournament center;

C. That a fund be created by the center for the moneys collected;

D. That the center will donate and transfer to the City the money so collected;

E. That the center will keep an accurate account of moneys received and disbursed and the Comptroller shall cause an audit at his convenience;

F. That the City accept the moneys so collected and place those moneys in a separate account to be known and designated as the "Dwight F. Davis Tennis Tournament Center Fund";

G. That the City will cause the planning and construction of the tennis tournament center and the center shall have opportunity to object in writing to the plans and, further, that the Board of Public Service shall settle any dispute which shall arise as a result of the plans;

H. That the City will retain all right, title, and interest in the tennis tournament center;

I. That no benefit or profit or other thing of value will inure to any individual, person, firm or corporation;

J. For the disposition of the surplus of funds through an educational or memorial grant connected with the operation and educational and recreational features of the tennis tournament center; and

K. Other things as are deemed necessary and proper for the furtherance of the intent expressed herein. (1994 C., § 22.36.030; Ord. No. 52952, § 3, 1965.)

22.42.010 Definitions.

As used in this chapter, the following terms have the following meanings:

A. "Land" means the entire physical territory within all public parks, plazas and squares owned by or hereafter acquired or established by the City and the air space above and the earth or water below the surface thereof, including permanent or temporary buildings or structures of any kind and parking lots or facilities of any kind.

B. "Person" means an individual person, partnership, association, group, corporation, trust, political subdivision, board, or any other legal entity of any kind whatsoever.

C. "Use" means to conduct any activity upon, to have the right to occupy to the exclusion of others or to exclude others (whether or not exercised), to have the right to exclude others from using, or to have the right to construct or maintain any permanent or temporary building, structure or parking lot or facility, on, above, or below. (1994 C., § 22.42.010; Ord. No. 59741, § 1, 1986.)

22.42.020 Use authorization.

On and after the effective date of this chapter, no person (other than the City for park or recreation purposes) shall be authorized or permitted to use any land within a public park, square or plaza owned by or hereafter acquired or established by the City except as provided by this chapter. (1994 C., § 22.42.020; Ord. No. 59741, § 2, 1986.)

Editor's Note:

Ordinance 59741 was passed March 4, 1986.

22.42.030 Lease required.

Except as provided in Section 22.42.040, no person shall be permitted to use any land except pursuant to a lease authorized by ordinance which lease complies with the requirements of Section 22.42.050. No lease of any land shall be authorized or executed pursuant to Section 5.04.090. (1994 C., § 22.42.030; Ord. No. 59741, § 3, 1986.)

22.42.040 Lease required—Exceptions.

Section 22.42.030 shall not apply to:

A. Persons using land in a park, square, or plaza for thirty (30) days or less, which use does not involve construction of a building of any kind which is intended to be permanent, or of a parking lot; such uses may be permitted by the Board of Public Service or by the Director of Parks, Recreation and Forestry pursuant to and in compliance with the City Charter;

B. Land used on the effective date of this chapter by any person pursuant to a valid permit of the Board of Public Service or of the Director of Parks, Recreation and Forestry, for the term of such permit or for the term of any renewal of such permit to such person or to the lawful successors or assigns of such person, for use of the same land, on conditions as to use of the land and operations thereon which are substantially identical to the present conditions of such permit, subject, however, to the provisions of Section 22.42.060;

C. Land used on the effective date of this chapter by any person pursuant to statute, ordinance, or lease,

for the term if any authorized by such statute, ordinance, or lease subject, however to the provisions of Section 22.42.060;

D. Persons engaging in athletic or recreational activities on a daily or seasonal basis pursuant to valid permits of the Director of Parks, Recreation and Forestry;

E. Persons using land pursuant to a valid concession contract with the City;

F. Persons leasing buildings in the public parks pursuant to Section 22.04.100;

G. St. Louis 2004 Corporation during the period May 1 through November 15, 2004, for the erection and operation of a ferris wheel in Forest Park, under a permit issued by the Board of Public Service for the same location, and with terms, conditions and requirements substantially similar to those set forth in Exhibit A to Ordinance 65675, and/or the permit issued for the ferris wheel for December 11, 2003, through January 9, 2004, which permit is approved by the City Counselor's Office as consistent herewith; provided, that the insurance required in such a permit shall be as follows:

1. At no cost to the City, St. Louis 2004 shall procure, or shall cause Premier Entertainment Corporation ("PEC"), lessee of the ferris wheel, and the operator of the ferris wheel, to procure and maintain on file with the City's Comptroller at all times during the term of this permit and prior to the commencement of installation of the ferris wheel, insurance and certificates or other evidence of such insurance as hereafter specified. The policies shall name "The City of St. Louis and its officers, agents, and employees" as additional insureds and be issued by financially sound insurers approved by the City's Comptroller's Office. Said insurance shall be primary and non-contributory to the City.

2. Insurance in the initial minimum amounts, below, shall be provided:

a. Worker's compensation: Missouri statutory.

b. Comprehensive liability (to include premises, operations, products, and completed operations and personal and bodily injury including death):

	Each Occurrence	Aggregate
Combined bodily injury and property damage	$1,000,000.00	$5,000,000.00 (ferris wheel operator)
	$1,000,000.00	Unlimited (PEC)
Umbrella coverage	$5,000,000.00 (ferris wheel operator)	$19,000,000.00 (PEC)

3. St. Louis 2004 shall also use its best efforts (not requiring expenditure of funds) to cause the City of St. Louis, its officers, employees and agents to be named as additional insureds on all policies of insurance on the ferris wheel carried by the owner of the ferris wheel, and, shall also cause the City of St. Louis, its officers, employees and agents to be named as additional insureds during the term of this permit on all policies of insurance on the ferris wheel carried by itself or PEC, or its subsidiaries or affiliates, other than and in addition to the policies required by Subsection G.2 of this section, and shall file certificates relating to such additional policies in like manner as the certificates required for the policies required by Subsection G.2. (1994 C., § 22.42.040; Ord. No. 66253, § 1, 2004; Ord. No. 59741, § 4, 1986.)

22.42.050 Lease requirements.

Any lease authorized pursuant to Section 22.42.030 shall:

A. Have been reviewed and favorably recommended in writing to the final form thereof by the Board of Public Service prior to the adoption of the ordinance authorizing its execution;

B. Provide for fair and reasonable consideration to the City;

C. Provide that all rental payments under such lease shall be held by the Comptroller in an account for the use and benefit of the Department of Parks, Recreation and Forestry;

D. Provide for immediate termination and forfeiture of such lease in the event of any breach by the lessee of any provision thereof;

E. Contain express acknowledgements by the lessee that neither expenditures of funds by the lessee, nor construction of improvements, if any, by the lessee, nor any representation by any City official or employee, shall create any valid expectancy or right in the lessee to renewal of such lease, or obligation by the City to renew such lease, and that the lessee's performance of all its undertakings in such lease, over the term of the lease, is a valid factor for consideration by the City in determining whether such lease shall be renewed;

F. Provide that any and all construction or work on the leased premises by the lessee shall be done in complete compliance with all applicable City, state and federal codes and pursuant to plans and specifications approved by the Board of Public Service, the Division of Heritage and Urban Design and subject to approval

by or permit of any other City department or agency whose approval or permission may be required under the City Charter or ordinance prior to the commencement of any construction or work;

G. Require submission by the lessee to the Director of Parks, Recreation and Forestry of a written annual report describing in detail the activities and operations of the lessee on the land in the preceding year;

H. Contain such other provisions as are appropriate to the protection of the City's interests;

I. Be approved by the City Counselor as to form and as being in all respects consistent with this chapter prior to the adoption of the ordinance authorizing its execution. (1994 C., § 22.42.050; Ord. No. 59741, § 5, 1986.)

22.42.060 Alteration or construction—Permit required.

Whenever any person using land pursuant to a permit or authorization described in Section 22.42.040.B or C proposes to change the actual use of all or any part of such land, or to make any alteration, including construction, demolition, or an increase in height, of any permanent or temporary structure or parking lot on such land, or to excavate beneath any existing temporary or permanent building or parking lot on such land, such person shall apply for a permit to the Board of Public Service. (1994 C., § 22.42.060; Ord. No. 59741, § 6, 1986.)

22.42.070 Permit application—Granting.

A. Any applications required by Section 22.42.060 for permits to make or perform interior alterations, routine maintenance, replacement of existing facilities in kind, general beautification, or an alteration expressly contemplated or authorized in the permit, statute, ordinance or lease under which the applicant is using the land, shall be granted or denied by the Board of Public Service in accordance with its customary procedures.

B. A copy of any application required by Section 22.42.060 which is not expressly described in Subsection A of this section shall be delivered immediately upon receipt by the Secretary of the Board of Public Service to the Clerk of the Board of Aldermen. (1994 C., § 22.42.070; Ord. No. 59741, § 7, 1986.)

22.42.080 Permit application—Review.

The Board of Public Service shall review applications described in Section 22.42.070.B, and if such Board determines that any such application should be denied, it shall deny such application and shall advise the Clerk of the Board of Aldermen of such fact in writing. (1994 C., § 22.42.080; Ord. No. 59741, § 8, 1986.)

22.42.090 Permit application—Report to Clerk.

If the Board of Public Service determines that any application described in Section 22.42.070.B should be granted, it shall report such fact in writing to the Clerk of the Board of Aldermen, together with its findings from its review of such application, and the reason for its determination. (1994 C., § 22.42.090; Ord. No. 59741, § 9, 1986.)

22.42.100 Copy of report to Board members.

Upon receipt of a report from the Board of Public Service pursuant to Section 22.42.090, the Clerk of the Board of Aldermen shall furnish a copy of such report to all the current members of the Board of Aldermen. (1994 C., § 22.42.100; Ord. No. 59741, § 10, 1986.)

22.42.110 Permit—Issuance procedure.

No permit requested in an application described in Section 22.42.070.B shall be issued by the Board of Public Service for sixty (60) days after the date of the delivery of its report pursuant to Section 22.42.090 to the Clerk of the Board of Aldermen, unless the Clerk of the Board of Aldermen earlier delivers to the Secretary of the Board of Public Service a report approving such issuance as provided in Section 22.42.140. The expiration of such sixty (60) day period without delivery of a report under Section 22.42.140 to the Secretary of the Board of Public Service shall terminate the authority of the Board of Aldermen on such application under this chapter. (1994 C., § 22.42.110; Ord. No. 59741, § 11, 1986.)

22.42.120 Permit—Resolution to grant or deny application—Hearing.

After receipt of a report from the Board of Public Service pursuant to Section 22.42.090, any member of the Board of Aldermen may introduce a resolution recommending the grant or denial of the application, or the grant of such application subject to specified modifications of the application. Unless such a resolution shall have unanimous consent of the members of the Board of Aldermen present for its consideration at

the meeting at which it is first read, such a resolution shall be referred to the Committee on Parks and Environmental Matters, or to any successor committee thereto, or to any special committee on the park affected; the committee to which such resolution is referred may hold a public hearing on such resolution. A notice of the date, time and place of such hearing shall be given at least five (5) days before the date thereof in writing by certified mail to the applicant; and by delivery to the Secretary of the Board of Public Service and the Director of Parks, Recreation and Forestry. (1994 C., § 22.42.120; Ord. No. 59741, § 12, 1986.)

22.42.130 Permit—Resolution to grant or deny application—Second reading.

After such hearing, such Committee shall report such resolution, with Committee amendments, if any, to the Board of Aldermen for second reading and final action. (1994 C., § 22.42.130; Ord. No. 59741, § 13, 1986.)

22.42.140 Permit—Application modification.

The Clerk of the Board of Aldermen shall immediately report in writing the final action by the Board of Aldermen on such a resolution to the Secretary of the Board of Public Service, with a copy of any adopted resolution. Thereafter, such Board shall grant, or deny, the application in accordance with the action of the Board of Aldermen. If the Board of Aldermen by resolution recommends grant of such an application, subject to specified modifications of the application, the applicant shall be so advised, and if the application is so modified, the permit may, but need not, be granted by the Board of Public Service; otherwise it shall be denied. (1994 C., § 22.42.140; Ord. No. 59741, § 14, 1986.)

22.48.010 Purpose and intent.

The Board of Aldermen of the City of St. Louis finds and declares as follows:

A. The planning, development, maintenance and cultivation of a diverse, plentiful and healthy urban forest within the City of St. Louis (the "City") in perpetuity is desirable and in the interest of the health, welfare, comfort and general well-being of the City's citizens, because of the positive environmental, social and economic benefits trees provide, such as oxygen production, dust filtration, storm water runoff reduction, pollution absorption, erosion control, phytoremediation, creation and enhancement of recreational spaces, energy cost reduction and the provision of shade.

B. The presence of mature and healthy trees is important in the stabilization and growth of neighborhoods, as attractive tree-lined streets contribute to increased property values and general neighborhood improvements.

C. The presence of trees within the City promotes tourism and commerce because of the positive effect trees have on the appearance and attractiveness of the physical environment of the City.

D. The proper management, care and protection of the City's urban forest requires policies and specifications for the planting, maintenance, preservation and management of trees, shrubs and plants on City property, and in some circumstances on private property, to preserve public safety and prevent or control infectious diseases and insect pests harmful to the tree, shrub and plant population in the City.

E. With proper management, planning and resources the benefits of a diverse, plentiful and healthy urban forest can be fully realized and maintained for the City in perpetuity.

F. The Board of Aldermen finds and declares that:

1. This chapter is a "police power" regulation necessary to protect the public health, safety, welfare and peace;

2. The effective administration of this chapter will entail the exercise from time to time of administrative discretion;

3. It is not possible to provide in legislation comprehensive rules for the appropriate exercise of administrative discretion in all circumstances relating to the proper regulation and management of trees, shrubs and plants;

4. Accordingly, it is appropriate to vest discretion in the Commissioner, as hereinafter defined, and the Division, as hereinafter defined, in circumstances where matters affecting proper selection, location, condition, planting and removal of trees, shrubs and plants are not expressly addressed by this chapter, and it is the intent of the Board of Aldermen, to the fullest extent permitted by law, to vest such discretion in the Commissioner and the Division, to be exercised in furtherance of the underlying purpose of this chapter. (1994 C., § 22.48.010; Ord. No. 68607, § 1, 3-16-2010.)

22.48.020 Rules of construction, definitions.

A. In this chapter:

1. The singular number includes the plural number and the plural includes the singular.

2. Shall is mandatory and may is permissive.

3. The masculine gender includes feminine and neuter.

B. In this chapter when the following words or phrases are used, they shall have the meanings ascribed to them in this section, unless the context clearly indicates otherwise:

Caliper: The diameter of a tree measured at a point 6 inches above ground line if the resulting measurement is no more than 4 inches. If the resulting measurement is more than 4 inches then the measurement is made at a point 12 inches above the ground line.

City property: All real property which is owned, leased or maintained by the City, any part of any right-of-way within the City, other than parks.

City tree: Any tree found or located on City property.

Commissioner: The Commissioner of Forestry of the City of St. Louis or such Commissioner's designated employee.

Contractor: A person acting under a contract or written agreement with the City, the Department of Parks, Recreation and Forestry or the Forestry Division for the performance of an activity or function called for by this chapter.

Critical root zone: All or part of a tree's root system that must remain undisturbed to offer the tree the best chance for survival. Critical rooting distance shall be determined by multiplying the tree's diameter in inches at 4.5 feet above soil line by 2.5. For trees growing in areas that are less than their critical rooting distance the critical root zone is all of the growing area.

Diameter breast height: The diameter of a tree measured at 4.5 feet above average grade.

Director: The Director of the City's Department of Parks, Recreation and Forestry.

Division: The Division of Forestry of the City's Department of Parks, Recreation and Forestry.

Hazard tree: A tree possessing qualities in structure and/or growth that create an unacceptable level of risk to public safety.

Person: An individual person, corporation, association or entity of any kind.

Plant: Any form or type of vegetation that is not a tree or shrub.

Right-of-way: Property located within and adjoining streets, roads and alleys within the City, which is owned, controlled or maintained by the City, including, but not limited to, areas commonly referred to as "tree lawn" between sidewalks and curbs.

Shrub: Any self-supporting multi-stemmed woody plant that attains at maturity a height of 12 feet or less.

Tree: Any self-supporting woody plant having a well-defined stem, a more or less well-defined crown and a mature height of greater than 12 feet and/or a trunk diameter measuring no less than 1.5 inches measured at diameter breast height, or a cluster of main stems having an aggregate diameter of not less than 2 inches in diameter measured at diameter breast height.

Weed: Any unwanted plant, shrub or tree, which because of its location and/or growth characteristics or habits is commonly considered an undesirable element in the landscape. (1994 C., § 22.48.020; Ord. No. 68607, § 3, 3-16-2010.)

22.48.030 Applicability; park trees.

A. All provisions of this chapter shall apply to all City property, except as otherwise provided in this chapter.

B. Except as otherwise provided in this chapter, trees, shrubs and plants now or hereafter located on City parks or on other land maintained by the Parks Division of the Department of Parks, Recreation and Forestry shall be controlled and managed by the Parks Commissioner, who shall enforce all applicable provisions of this chapter as they pertain to such trees, shrubs and plants; provided, however, that the Director may grant the Commissioner of Forestry the authority to assume specific tree, shrub and plant management and maintenance duties in City parks. (1994 C., § 22.48.030; Ord. No. 68607, § 4, 3-16-2010.)

22.48.040 Commissioner of Forestry.

The Division shall be in the charge of a Commissioner appointed by the Director The Commissioner shall be responsible for planting, trimming and maintaining all City trees along all public right-of-way. The Commissioner shall also be responsible, as herein provided, for the planting, maintenance and management of all trees, shrubs and plants located upon City property, and for developing standard practices and procedures and planting, maintenance and management specifications for the Division to ensure the effective management of trees, shrubs and plants within the City's jurisdiction. (1994 C., § 22.48.040; Ord. No. 68607, § 5, 3-16-2010.)

22.48.050 Administrative responsibilities.

The Commissioner shall:

A. Keep a record of all transactions of the Division, and whenever the Director may require, make a full detailed report concerning the same in addition to the annual report required by Section 10 of Article VIII of the City Charter.

B. Be the custodian of records and papers of the Division and prepare and maintain all necessary literature, notifications, and records necessary for the administration of this chapter.

C. Prepare and implement a Master Street Tree Planting and Maintenance Plan, consistent with this chapter, which shall include an inventory of existing City trees, tree planting standards, standards for the acceptance of nursery stock and tree planting recommendations that promote species diversity and a sustainable and healthy urban forest, and procedures and standards required to effectively and safely facilitate all tree maintenance activities of the Division. Such plan shall be kept on file at the Division's office and in the City Register's Office.

D. Prepare and implement an emergency tree management plan, consistent with this chapter, that shall include procedures and steps for maintaining and restoring the City's urban forest during and following an emergency such as a tornado, thunderstorm, windstorm, ice storm, flood or other act of God. Such plan shall be kept on file at the Division's office and in the City Register's Office.

E. Develop and maintain a list of equipment and labor costs associated with services provided by the Division for the purposes of assessing penalties as provided for in Section 22.48.240. (1994 C., § 22.48.050; Ord. No. 68607, § 6, 3-16-2010.)

22.48.060 Employees.

A. The Commissioner is authorized to appoint and control the number of assistants and subordinate employees necessary to perform the duties of the Division, subject to the civil service provisions of the City Charter and applicable ordinances.

B. The Commissioner may designate a deputy to act in the Commissioner's place in the event of the Commissioner's temporary absence from the City. (1994 C., § 22.48.060; Ord. No. 68607, § 7, 3-16-2010.)

22.48.070 Authority.

The Commissioner shall have the power and authority to:

A. Prepare and implement procedures, standards and specifications pertaining to the planting, pruning, removal, disease and insect treatment, protection and other necessary maintenance and management activities of all trees, shrubs or plants planted on City property.

B. Recommend to the Director possible future ordinance provisions pertaining to trees, shrubs and plants located on private property which would, if enacted, tend to prevent the spread of infectious disease and insect pests harmful to the general health and well-being of the entire tree, shrub and plant population within the City and to control and/or abate nuisance and hazard trees.

C. Enter upon private property at reasonable hours for the purposes of inspecting trees thereon, if there is reasonable cause to believe by virtue of its appearance, or otherwise, that a tree has structural or growth conditions that make it a hazard, or is or may be infected with a infectious disease or vectors that may transmit an infectious disease or an insect pest harmful to the general well-being of the entire tree population in the

City. The Commissioner shall have the power and authority to mark or otherwise identify any such tree and remove any samples or portions thereof for purposes of further diagnosis of any suspected disease or insect problems.

D. Cause trees on private property to be free of hazards, diseases and insect pests.

E. Cause trees on private property to be maintained so as to prevent the obstruction of: vehicular or pedestrian traffic, street corners and intersections, alleys, traffic control signs and devices and the safe passage of light as described in Section 22.48.140. (1994 C., § 22.48.070; Ord. No. 68607, § 8, 3-16-2010.)

22.48.080 Tree placement and planting.

A. The Commissioner shall determine, by regulations issued pursuant to Section 22.48.260, and maintain standards for the appropriate tree species, sizes, spacing and placement on City property, including a list of undesirable and desirable street trees, and standards for the minimum size for tree boxes/wells, and the appropriate spacing distances for existing trees located on City property.

B. The Commissioner shall determine and maintain standards for the acceptance of nursery stock for trees to be planted or placed upon any right-of-way.

C. The Commissioner shall inspect and approve all street trees prior to their planting on any right-of-way.

D. The Commissioner shall review and approve all plans for the planting of trees on City or private property by any City department or agency, and for the planting of trees on private property as part of any development project of any kind approved by any City department or agency, including agencies operated by St. Louis Development Corporation.

E. Any trees hereafter set out, planted or raised on City property, which are not consistent with the standards provided for in this section, are hereby declared a public nuisance and subject to treatment and abatement as such. (1994 C., § 22.48.080; Ord. No. 68607, § 9, 3-16-2010.)

22.48.090 Tree planting.

A. When in the judgment of the Commissioner it is necessary or desirable that trees be planted on City property the Commissioner shall develop and implement such plans as necessary to cause said trees to be planted. The Commissioner is further authorized to develop programs, policies and procedures to foster and encourage the planting of trees by City residents, other public agencies and businesses.

B. The Commissioner shall provide on an annual basis to each Alderman an accounting of street trees removed and planted so as to indicate their net gain or loss within their ward.

C. The Commissioner shall provide on an annual basis to the Director an accounting of street trees removed and planted indicating the net gain or loss of City trees within each ward of the City and the net gain or loss of City trees within the City as a whole.

D. Whenever the Division shall remove any City tree, the Division shall plant a new City tree not less than 2.5 inches in caliper size to replace the removed City tree. When site conditions permit, the replacement City tree shall be planted within 500 feet of the site of the removed tree. If a suitable planting location cannot be found within 500 feet of the removal location, the replacement City tree shall be planted at another location determined by the Commissioner within the ward where the removal occurred. The cost of such replacement City trees shall be charged by the Commissioner to the tree planting or similar account of the Alderman of the ward where the removal occurred, unless otherwise provided by this chapter. (1994 C., § 22.48.090; Ord. No. 68607, § 10, 3-16-2010.)

22.48.100 Permit required to plant.

A. No person shall plant, transplant, relocate or replace any tree on City property without first obtaining a permit ("permit to plant") from the Commissioner. This section shall not apply to planting or reforestation activities of the Division or contractors.

B. The Commissioner shall develop policies and procedures for the Division to cause the efficient and equitable issuance of tree planting permits under the provisions of this section.

C. Work done under any permit to plant must be done in compliance with any other applicable sections of this chapter.

D. Any permit to plant shall specify the species and size of each tree to be planted.

E. Permits to plant trees larger than 4 inches in caliper size shall expressly provide, as a condition of the issuance of the permit to plant, that the permittee will pay replacement and associated replacement costs for a period of 5 years after planting.

F. Any and all trees hereafter set out, planted or raised upon City property in violation of this section are hereby declared a public nuisance and subject to treatment and abatement as such. (1994 C., § 22.48.100; Ord. No. 68607, § 11, 3-16-2010.)

22.48.110 Permit to maintain required.

A. No person shall directly or indirectly perform maintenance, including, but not limited to, pruning, spraying or removal, on any City tree without first obtaining a permit ("permit to maintain") from the Commissioner. This section shall not apply to tree maintenance activities performed by the Division or by contractors, or by or on behalf of any City department or agency.

B. The Commissioner shall develop policies and procedures for the Division to cause the efficient and equitable issuance of permits to maintain under this section.

C. A permit to maintain shall only be valid for a period of time specified by the Division.

D. The Commissioner may issue permits to maintain without formal application in order to avoid danger or hazard to persons or property in emergency situations requiring immediate maintenance of a City tree; provided, that a formal application shall be filed within seventy-two hours of starting such emergency action. If in such an emergency the Commissioner or a representative of the Division cannot be reached, it shall be lawful to perform the necessary emergency maintenance required; provided, the person performing such emergency maintenance shall report such action to the Commissioner within seventy-two hours of starting such maintenance.

E. Any application for a permit to maintain shall identify the person performing the work, and only that person may perform the work authorized by the permit. If after a permit to maintain is issued the identity of such person changes, the permit holder shall contact the Division for approval to amend the permit within forty-eight hours prior to the start of the work, or immediately if the change occurs after work has begun.

F. The Commissioner may issue a general permit to maintain trees to public and private utility companies for a period not to exceed two years; provided the company's pruning or maintenance specifications comply with all other provisions of this chapter and other applicable rules and regulations; and provided that the removal of any City tree shall be specifically approved in advance in writing by the Commissioner. Pruning of branches of City trees under such a permit shall be done in accordance with the most recent edition of American National Standard Institute for Tree Care Operations - Tree, Shrub, and Other Woody Plant Maintenance Standard Practices (Pruning) (ANSI A300 Part 1). (1994 C., § 22.48.110; Ord. No. 68607, § 12, 3-16-2010.)

22.48.120 Permit conditions, denial and revocation.

A. The Commissioner shall:

1. Establish, by regulation pursuant to Section 22.48.260, reasonable conditions on which permits to plant or maintain are to be issued, performed and completed.

2. Deny the issuance of any permit under any section of this chapter if, in his judgment, issuing said permit is not in the best interest of the City in the maintenance, preservation, sustainability and/or health of its urban forest. The Commissioner's decision to deny an issuance of a permit may be appealed in writing within 10 days of such denial to the Director, whose decision shall be final.

B. The Commissioner may suspend or revoke any permit should the permittee at any time fail to comply with the conditions of the permit. Upon suspension all work must cease until the conditions of the permit are met.

C. A permittee who fails to comply with the conditions of a permit shall be deemed in violation of this section and subject to the penalties prescribed in Section 22.48.240.A, and to any repair and replacement costs defined in Section 22.48.240.B required to repair, replace or restore any element or feature of landscape, hardscape or infrastructure.

D. Any person performing work under a permit shall have in their possession and produce upon request by the Commissioner all licenses to operate within the City required by law or other applicable ordinances.

E. Any permittee assumes all liability and risk relating to or arising out of any work performed or undertaken under a permit, and all permits shall expressly so provide, and shall further provide that the permittee agrees to indemnify the City for claim, liability or damage which the City may incur as a result of the issuance of the permit or any action or omission under the permit.

F. Any person found by the Commissioner to have knowingly falsified or concealed information on a permit application shall have their permit application denied, or, if a permit has been issued, it shall be revoked. Any such falsification or concealment is a violation of this chapter. (1994 C., § 22.48.120; Ord. No. 68607, § 13, 3-16-2010.)

22.48.130 Permit fees.

A. There shall be no fee for a permit to plant, or for a permit to maintain, which does not involve removal of a City tree.

B. The Commissioner shall assess, for the privilege of removing a City tree, a reforestation fee for each City tree approved for removal on a permit to maintain application, as provided in this section. The Commissioner may waive such fee for good cause.

C. The reforestation fee for removal of trees shall be determined as follows:

1. For trees less than 8 inches in size at diameter breast height, the fee shall be the retail cost to the Forestry Division to purchase a tree of 2.5 to 3 inches in caliper size of similar canopy type of the tree removed.

2. For trees that exceed 8 inches in size at diameter breast height, the fee shall be the retail cost to the Forestry Division to purchase a tree of 2.5 to 3 inches in caliper size of similar canopy type of the tree removed plus the cost to purchase an additional tree 2.5 to 3 inches in caliper size for every additional 6 inches of size at diameter breast height. For example, the reforestation fee for removal of a tree 20 inches in diameter breast height would be the cost of 3 trees as provided in this subparagraph.

3. Multi-stemmed trees shall have the aggregate diameter of each of their trunks used in determining their size.

D. The Commissioner shall maintain a current schedule of such retail costs and current values in the Division office and available to the public.

E. Permit to maintain applications that will involve the removal of trees shall be accompanied by the applicable reforestation fee, in full. The reforestation fee must be paid in full to the Commissioner before a permit to maintain will be issued pursuant to Section 22.48.110. The Commissioner shall have the authority to waive the reforestation fees in his discretion; for example, for the removal of trees in poor condition or of species that are considered undesirable or poorly located. (1994 C., § 22.48.130; Ord. No. 68607, § 14, 3-16-2010.)

22.48.140 Tree clearance requirements.

A. The Commissioner shall determine and maintain standards for appropriate height and spatial clearances for all City trees so as to allow the safe use or occupancy of the space around said tree. Such standards shall include, but not be limited to, height and spatial clearances for streets, sidewalks, alleys, building and other structures, traffic control signs and devices, street and alley lights, public utility wires and intersections and intersection approaches.

B. The Commissioner shall determine and maintain standards for the growth and maintenance of trees, shrubs and plants located on any lot or parcel or land within the City so as to prevent the obstruction of vehicular or pedestrian traffic, street corners, intersections and intersection approaches, traffic control signs and devices and the safe passage of light.

C. The Commissioner shall perform maintenance of trees, shrubs and plants on City property for clearance in a manner consistent with the most widely accepted arboricultural practices.

D. In the event a standard provided under this section is changed, for purposes of contracts, the applicable standard in effect at the time a contract was made shall be used during the term of the contract. (1994 C., § 22.48.140; Ord. No. 68607, § 15, 3-16-2010.)

22.48.150 Tree preservation and replacement.

A. It is the policy of the City:

1. To suffer no net loss in the population and canopy of the urban forest under its jurisdiction, as such losses would be detrimental to the health, welfare, comfort and general well-being of City residents by reducing the benefits provided by the City's urban forest;

2. To preserve City trees whenever possible during development and land improvement by using the most appropriate and feasible arboriculturally sound methods to preserve City trees from injury and damage; and, where City trees cannot be preserved during development or land improvement, to plant appropriate replacement City trees as prescribed by this chapter; and

3. To increase and expand the population and canopy of the urban forest under its jurisdiction by planting new City trees whenever possible to increase the total benefit provided by the City's urban forest.

B. Any person issued a building permit shall be responsible for complying with this section; provided, that fees required for a permit to maintain for the removal of any City tree shall be the responsibility of the person making application for said permit. In the event a building permit is not issued for work which may affect City trees then the property owner shall be responsible for complying with all provisions of this section.

C. Any person employed, contracted or otherwise working on behalf of the City shall be subject to all applicable provisions of this section.

D. A permit to maintain for removal of a City tree as a result of the demolition, renovation, improvement or erection of any building or outbuilding or any type of improvement on any parcel of land in the City must be issued pursuant to Section 22.48.110 of this chapter before such tree can be removed by any person, including persons employed, contracting with or otherwise working of behalf of the City and all conditions and fees as prescribed in Sections 22.48.120 and 22.48.130 shall apply. Any person who removes or causes to have removed a City tree without the prescribed permit to maintain shall be deemed in violation of this section and subject to a five hundred dollar fine for acting without a required permit, and to an additional fine for destruction of City property equal to the applicable reforestation fee under Section 22.48.130.A, B or C and any replacement and repair costs as determined by Section 22.48.240, up to a maximum of five hundred dollars for each tree regardless of their actual health and desirability at the time of their removal.

E. All reasonable steps shall be taken to prevent destruction of or damage to City trees (other than City trees approved for removal), during the improvement, demolition, renovation, improvement or erection of any building or outbuilding or any type of improvement on any parcel of land in the City. Such steps include, but are not limited to, the following tree preservation activities:

1. The placing of protective fencing at the boundary or limits of the established critical root zone of each City tree that has been determined by the Commissioner to have the potential of being injured during construction or, in the absence of such determination by Commissioner, within the area of construction. Such protective fencing shall be installed before construction of any type is to begin, with a minimum height of at least 4 feet and installed in such a manner that it maintains its rigidity and effectiveness as a barrier.

2. Construction equipment, trailers, traffic and storage must remain outside of the critical root zone of any City tree.

3. No materials, equipment, spoil, or waste or washout water may be deposited, stored or parked within the critical root zone of any City tree.

4. Erosion control devices such as silt fencing, debris basins and water diversion structures shall be installed in such a manner to prevent siltation and/or erosion within critical root zone of any City tree.

5. Spoil from trenches, basements, or other excavations shall not be placed within the critical root zone of any City tree, either temporarily or permanently.

6. No burn piles or debris pits shall be placed within the critical root zone of any City tree.

7. No ashes, garbage or debris may be dumped or buried within the critical root zone of any tree.

8. Any herbicides placed under paving materials must be safe for use around trees and labeled for that use and not be readily transported by water.

9. Any brush clearing required within the critical root zone of any City tree shall be accomplished using hand-operated equipment and approved by the Commissioner.

10. City trees shall be root pruned before grading, pad preparation or excavation for foundations or walls or utility trenching occurs. Root pruning requires a permit to maintain applied for and issued in accordance with Section 22.48.110 and any other applicable section of this chapter. Roots shall be root pruned to 1 foot outside of their critical root zone and cut cleanly using either manual or mechanical methods such as chainsaws, vibrating knife, rock saw, narrow trencher or other root pruning equipment approved by the Commissioner. The use of any type of equipment that otherwise tears, rips or pulls roots is not permissible.

11. All underground utilities and drain or irrigation lines shall be routed around the critical root zone of City trees. If underground utilities must pass through a critical root zone, they shall be tunneled or bored under the tree for the duration of the critical root zone, unless deemed unreasonable do so by the Commissioner.

12. City trees shall not be pruned or otherwise maintained in any manner without a permit to maintain first being applied for and issued pursuant to this chapter.

F. The Commissioner by regulation issued pursuant to Section 22.48.260 may provide other practices and specifications necessary to effectively preserve City trees at construction sites.

G. Prior to the start of construction any person may request the Commissioner to waive any provision of subsection E of this section which they feel are unreasonable or impose undue financial hardship in the completion of construction. No waiver request made after the start of construction may be granted. The Commissioner's decision on any such waiver request shall be final.

H. The Commissioner is authorized to issue an emergency stop work order for up to seventy-two hours if in the Commissioner's opinion the precautions required by Subsection E of this section were not undertaken before construction commenced or are not maintained at any time during construction. The Commissioner may rescind such order within twenty-four hours if the violations for which the order was issued are remedied. If the violations are not corrected within twenty-four hours after issuance of the stop work order and the project is supervised by the Board of Public Service, the Commissioner may request the Board of Public Service to issue a permanent stop work order. Penalties, if any, levied by the Board of Public Service shall be in addition to all fines and penalties imposed and prescribed by this chapter. The Board of Public Service may issue a stop work order at any time of its own volition to any person that fails to comply with any requirement of Subsection E of this section, until such provisions are met, or may issue a permanent stop work order.

I. Failure to obtain any permit required by this section, or to take any precaution as prescribed in this section, before construction commences or at any time during construction, is a violation of this chapter and punishable by a fine of two hundred fifty dollars for each precaution not undertaken or maintained, in addition to any other applicable fine under this chapter.

J. Failure to stop work upon issuance of an emergency stop order by the Commissioner or a stop work order by the Board of Public Service is a violation of this chapter and punishable by a fine of five hundred dollars, in addition to any other fines or penalties prescribed by this chapter. Each full hour that work continues after the issuance of a stop work order is a separate violation.

K. Any person who damages any City tree, shrub or plant during construction, demolition, renovation, improvement or erection of any building or outbuilding or any type of improvement on any parcel of land is in violation of this chapter and subject to a fine of two hundred fifty dollars for each City tree, shrub or plant damaged, in addition to any other penalties or fines applicable under this chapter.

L. Any City department that plans to excavate, cut or otherwise remove or damage roots within the critical root zone of any City tree shall, where possible, report the scheduled occurrence of such activities forty-eight hours in advance to the Commissioner, who shall review such activities and if available offer less damaging alternatives. In the event advance notification cannot be provided, then the Commissioner shall be notified within forty-eight hours of the occurrence of the root damage or removal so an assessment can be performed to determine the health, stability and safety of the affected tree. (1994 C., § 22.48.150; Ord. No. 68607, § 16, 3-16-2010.)

22.48.160 Sewer damage.

A. No City tree shall be removed or otherwise be treated because of sewer-related damage allegedly caused by such tree until the Commissioner has reviewed the matter and approved the appropriateness of such removal or treatment.

B. No City tree shall be considered for removal by the Commissioner until the alleged sewer-related damage is substantiated by the submission of paid bills or receipts by the property owner requesting the removal. Any such bills or receipts must be determined by the Commissioner to be directly attributable to root-related damage. Any person who knowingly falsifies or submits fraudulent bills or receipts is in violation of this chapter.

C. The Commissioner may waive the requirements of Subsection B of this section of this chapter if the tree has been listed as undesirable for street tree use under this chapter or is determined by the Commissioner to be in an unsafe and/or unhealthy condition.

D. Each City tree removed for sewer-related damage shall be replaced with three trees with a caliper size of no less than 2.5 inches per tree. The species of such replacement trees shall be determined by the Commissioner. The Commissioner, where site conditions permit, shall plant a replacement tree at the site where the tree was removed and two additional trees at locations

of his choosing within the ward where the tree removal occurred. If the site of the tree removal is not suitable for a replacement tree then a replacement tree shall be planted at a location within the ward where the removal occurred, as determined by the Commissioner. The cost of said replacement trees shall be charged by the Commissioner to the tree planting account or similar account of the Alderman of the ward where the removal occurred.

E. The Commissioner shall not proceed with the removal of any tree for sewer-related damage until sufficient funds are available for replacement trees pursuant to Subsection D, unless the safety or stability of the tree is in question, or the need for removal is urgent in the judgment of the Commissioner. (1994 C., § 22.48.160; Ord. No. 68607, § 17, 3-16-2010.)

22.48.170 Sidewalk damage.

A. It shall be the duty of property owners to notify the City when any City tree located street adjacent to their property is believed to be causing damage to any public sidewalk or other pedestrian thoroughfare. It shall further be the duty of the property owner, in a timely manner, to keep the surface portion of such sidewalk or pedestrian thoroughfare free of seed, leaf, twig and any other debris created and otherwise dropped by the natural growth of the tree so as to allow the reasonable and safe passage of pedestrian traffic.

B. Where damage to a sidewalk or curb occurs due to the close proximity or growth of City tree roots, the Division shall make every reasonable effort to correct the problem without damaging or injuring the tree.

C. In cases where tree removal is necessary, the Commissioner shall not proceed with removing the tree until he receives confirmation from the Street Division that it has scheduled the repairs, unless the safety or stability of the tree, shrub or plant is in question, or the need for removal is urgent in the judgment of the Commissioner.

D. Each tree removed on City property for sidewalk-related damage shall be replaced with three (3) trees with a caliper size of no less than 2.5 inches per tree. The species of such replacement trees shall be at the determination of the Commissioner. The locations of such replacement trees shall be determined in like manner as are the locations of replacement trees under Section 22.48.160.D. The cost of said replacement trees shall be charged by the Commissioner to the tree planting account or similar account of the Alderman of the ward where the removal occurred.

E. The Commissioner shall not proceed with the removal of any tree for sidewalk-related damage until sufficient funds are available for replacement trees pursuant to Subsection D of this section, unless the safety or stability of the tree is in question, or the need for removal is urgent in the judgment of the Commissioner. (1994 C., § 22.48.170; Ord. No. 68607, § 18, 3-16-2010.)

22.48.180 Mutilation or theft of trees, shrubs or plants on City property.

A. No person shall break, mutilate, injure, poison, destroy, remove or otherwise alter or disrupt any tree, shrub or plant or any other related vegetative improvement on City property.

B. The practice of tree topping, defined as the practice of cutting back branches of trees to stubs or lateral branches that are not large enough to assume a terminal role, is prohibited on all City trees. The Commissioner's determination on whether a tree has been topped or not shall be final.

C. Except as provided in this section, no person shall fasten or attach any wire, rope, sign, handbill or other thing to any tree, shrub or plant growing on City property, nor to any guard or protection of such tree, shrub or plant.

D. No person shall without written permission of the Commissioner attach any wire, insulator or support device of any nature used for telecommunications or electric transmission or distribution to any tree, shrub or plant growing on City property.

E. No person shall without written permission of the Commissioner attach, hang or suspend lights or lighting devices of any kind to any tree, shrub or plant growing on City property.

F. Lights or lighting devices of any kind which the Commissioner permits to be attached, hung or suspended from any tree, shrub or plant must be installed so as to be least damaging to the tree, shrub or plant as prescribed by the Commissioner and cannot remain in the tree, shrub or plant for longer than one hundred twenty days. The person permitted to install the lights or lighting devices shall be responsible for removing them in a manner least damaging to the tree, shrub or plant within the prescribed period of time or be deemed in violation of this section.

G. All lights or lightning devices that are in violation of this section are hereby declared public nuisances and subject to treatment and abatement as such by the Commissioner.

H. Any person having any wire charged with electricity shall securely fasten the same so that such wire shall not come in contact with any tree, shrub or plant growing on City property.

I. No person shall permit any toxic or injurious chemical or substance to seep, drain or be emptied on or within the critical root zone of any City tree.

J. Without written permission from the Commissioner, no person shall place or maintain upon the ground any stone, cement or other impervious material or substance in such a manner as may obstruct the free access of air and water within a City tree's critical root zone. Any stone, cement or other impervious material placed or maintained in violation of this subsection is hereby declared a public nuisance and subject to treatment and abatement as such by the Commissioner.

K. Without written permission from the Commissioner, it shall be unlawful for any person to install grates or any other covering over the tree box or well of any City tree. Such grates and other coverings shall be considered an extension of the pedestrian walk which they adjoin and are the responsibility of the adjacent property owner to maintain in a condition that is safe for passing pedestrian traffic.

L. No person shall maintain a grate or other covering over the tree box or well of any City tree in a condition that is injurious to such tree or to the safety of passing pedestrian traffic. Any grate or other covering found in violation of this section is hereby declared a public nuisance and is subject to treatment and abatement as such as by the Commissioner.

M. Any person who violates Subsection B of this section shall be subject to a fine of five hundred dollars per affected tree. Any person found in violation of any other provision of this section shall be subject to the a fine of up to $500.00, and including any necessary repair and replacement costs defined in Section 22.48.240 of this chapter required to replace or restore the condition of the affected tree, plant, shrub or landscape. (1994 C., § 22.48.180; Ord. No. 68607, § 19, 3-16-2010.)

22.48.190 Tree lawn and parkway planting requirements and criteria.

A. The appearance and maintenance by adjacent owners of those portions of street rights-of-way in the City, commonly referred to as the tree lawn, have a substantial impact on the appearance of City neighborhoods and streets and a significant relationship to property values. Deterioration of street landscapes occurs when inappropriate plants and landscape items are installed that are incompatible with the landscape of a given area, neighborhood or business district or are not, or cannot be, maintained to acceptable standards of appearance. This results in a reduction of property values, poor appearance and the impairment of the public health, safety and welfare. Therefore, the City declares it has a governmental interest in regulating the types of vegetation and landscape items installed in its street right-of-way and may establish criteria for the maintenance of said items. Provided, this section shall not apply to the Division or to contractors.

B. Shrubs, plants and other landscape features or items now or hereafter growing or set out, placed, planted or raised in the right-of-way of any street or alley and on all City property by any person other than the City, that are in violation of the provisions of this section are hereby declared public nuisances and subject to treatment and abatement as such. The Commissioner is hereby authorized to remove, trim or otherwise treat any shrub, plant or landscape feature or item found in violation of this section without warning or notification.

C. The City, its officers and employees shall have no liability for landscape features, shrubs, plants or other items placed or otherwise installed in or on any City property by any person not acting under the authority of a permit or on behalf of the City to install said items. The person installing said items assumes all responsibility and liability for their maintenance and upkeep unless otherwise provided by ordinance, contract or other agreement.

D. Fire hydrants shall have a clear area established around them which shall consist of a circle 4 feet in radius measured from the center point at the top of the hydrant and 6 feet in height as measured upwards from the highest point of ground immediately adjacent to the hydrant. Vegetation of any type that is intended to be grown or otherwise maintained at a height that exceeds twelve inches shall not be planted or otherwise maintained in such clear area. In addition, a clear unobstructed field of vision of not less than thirty degrees from each side of a perpendicular line drawn from the top of the fire hydrant to the nearest curb or street line must also exist. Vegetation adjacent to the

clear area prescribed in this subsection shall be maintained in such a way that it does not overgrow or otherwise overhang into such clear area.

E. Water meter pits, vaults and service shutoffs shall have a clear area established around them which shall consist of a circle two feet in diameter measured from the center of the pit, vault or valve and extending six feet in height as measured upwards from the highest point of ground immediately adjacent to the pit, vault or valve. Vegetation of any type that is intended to be grown or otherwise maintained at a height that exceeds twelve inches shall not be planted or otherwise maintained in such clear area. Vegetation adjacent to such clear area shall be maintained in such a way that it does not overgrow or otherwise overhang into such clear area.

F. The placement of any shrubs, plants or landscape features or items with a maintainable mature height of more than twelve inches is prohibited within fifteen feet from any street corner.

G. Street light poles, public utility poles, traffic signals and street signs of any type shall be kept free of all climbing or creeping vegetation.

H. Climbing or creeping vegetation growing on any City tree is subject to removal if deemed by the Commissioner to be detrimental to the tree's continued growth or health.

I. Any tree, shrub or plant that is known to possess features or growth characteristics that make all or parts of them poisonous, allergenic or invasive in nature shall be subject to immediate destruction and removal by the Commissioner and shall be prohibited from use on any City property. Such vegetation shall include, but is not limited to, Cirsium arvense (Canada thistle), Convolvulus arvensis (Field bindweed), Sorghum halepense (Johnsongrass), Pueraria lobata (kudzu), Rosa multiflora (Multiflora rose), Lythrum salicara (purple loosestrife), Dipsacus fullonum (Common teasel), Dipsacus laciniatus (Cutleaf teasel), Carduus nutans (Musk thistle), Onopordum acanthium (Scotch thistle), Lonicera japonica (Japanese honeysuckle), Lonicera morrowii (Morrow's honeysuckle), Lonicera maackii (Amur honeysuckle), Alliaria petiolata (Garlic mustard), Toxicodendron Radicans (Poison ivy), Toxicodendron diversilobum (Poison oak), Xanithium sp. (Cocklebur), Datura stramonium (Jimsonweed) and any tree, shrub or plant that is determined by the Commissioner to be alleopathic to adjacent City trees, shrubs or plants, diseased or infested, an alternative host for a tree, shrub or plant disease or habitat for a tree, shrub or plant disease vector.

J. Any person who installs any tree, shrub or plant in violation of Subsections D through I of this section shall be subject to a fine of one hundred dollars for each tree or shrub planted in addition to removal, replacement or remediation costs as provided for in Section 22.48.240.

K. The installation, construction or erection of raised planters or landscape walls around the trunks of trees after their installation is detrimental to the long-term health of trees and is hereby prohibited around any City tree unless approved by the Commissioner. The use of ornamental or landscape edging is prohibited around City trees unless it is located far enough way so as not to cut into the root flare of the tree or restrict or impede its growth, does not extend more than four inches above the soil line at its highest point, and does not entail soil excavation greater than a trench or hole six inches wide and three inches deep as measured from the soil line.

L. Any person wishing to install, place, or construct any non-vegetative landscape feature or item, including, but not limited to, raised planters, retaining walls, decorative or ornamental rocks, fencing or any kind of landscape rock within any street or alley right-of-way in the City shall first obtain a landscape permit from the Commissioner authorizing such items.

M. Any person wishing to install and plant a "landscape bed," hereby defined as a grouping of plants of similar or dissimilar type in an area of landscape that is more or less continuous in nature and greater than nine square feet in size in any street or alley right-of-way in the City, shall first obtain a landscape permit authorizing such bed from the Commissioner.

N. The issuance of landscape permits under this section shall be in accordance with any applicable provisions of Section 22.48.120.

O. Any person that fails to obtain a landscape permit as required by Subsection M of this section commits a violation of this chapter punishable by a fine of one hundred dollars plus any removal, replacement or remediation costs as provided for in Section 22.48.240.

P. The disturbance of the critical root zone of any City tree, with the exception of trees already planned or otherwise authorized for removal by the Commissioner, by any tillage method, hand or mechanical, for the purpose of installing landscape plants, features or

items is prohibited, unless expressly approved and monitored by the Commissioner. (1994 C., § 22.48.190; Ord. No. 68607, § 20, 3-16-2010.)

22.48.200 Private tree hazards.

A. Any tree in the City determined by the Commissioner to be:

1. Dead, defective, diseased, infested or decayed and to threaten real property or users thereof; or

2. Alleopathic to adjacent City trees or an alternative host for a tree disease or a habitat or breeding habitat for a tree disease vector; or

3. Not grown or otherwise maintained by the property owner to meet all applicable tree clearance standards provided for by Section 22.48.140;

is hereby declared a public nuisance and subject to treatment and abatement as such by the Commissioner. The Commissioner shall be authorized to order the treatment and abatement of any such tree. After thirty days of said order being issued the Commissioner may enter upon any lot or parcel of land within the City for the purpose of treating or abating such nuisance and may bill the owner pursuant to Subsection D of this section.

B. The Commissioner shall serve treatment and abatement orders, as authorized in this section, to property owners found in violation of this section by personal service, or by U.S. mail to the person to whom was sent the tax bill for general taxes for the preceding year, or to the current owner of record. Such notice shall identify the street address of the property, the problem conditions, and what is required of the property owner to be in compliance with this section and/or Section 22.48.140.

C. Any notice served on a property owner by the Commissioner under the provisions of this section may be appealed to the Board of Public Service whose decision in the matter shall be final. Any appeal from an order of the Commissioner under this section must be filed within ten days of receipt of such order on such forms as may be determined by the Commissioner and approved by the Board of Public Service.

D. The Commissioner shall bill the owner of any lot or parcel of land on which the City or a City contractor abates or treats any tree under the provisions of this section for the cost of such abatement and/or treatment. Any such bill issued by the Commissioner pursuant to this section that is unpaid ninety (90) days after it is first mailed may be sent to a collection agency for collection and shall bear interest at the rate allowed by law for judgment in civil actions.

E. All monies collected as provided in Subsection D of this section shall be transmitted daily to the Treasurer of the City of St. Louis in the form and manner prescribed by the Comptroller.

F. When the condition of a tree is such that the Commissioner believes it is in imminent danger of falling or is creating an immediate hazard to the safety of the general public which is too great a risk to leave uncorrected while standard procedures for giving notice are followed, the Commissioner may, in his discretion, enter onto any lot or parcel of land in the City and abate or otherwise remediate the condition without following said procedures.

G. Any owner of a lot or parcel of land upon who fails to comply with an order issued from the Commissioner pursuant to this section within thirty days of receipt of such order violates this section and shall be punishable by a fine of two hundred fifty dollars. (1994 C., § 22.48.200; Ord. No. 68607, § 21, 3-16-2010.)

22.48.210 Private tree disclaimer.

Nothing in this chapter shall be deemed or construed to relieve the owner of any private property from the duty to keep and maintain any tree located on their property in a condition such as to prevent it from becoming a hazard to adjacent private and public property; and to prevent it from becoming a hazard or an impediment to travel or vision upon any street, alley, sidewalk or other public place in the City, or to impose any liability upon the City, its officers or employees in connection with any tree located on private property. (1994 C., § 22.48.210; Ord. No. 68607, § 22, 3-16-2010.)

22.48.220 Enforcement.

A. The Commissioner shall be responsible for the administration and implementation of this chapter. He may serve notice to any person in violation thereof and may report violations to the Police Department and City Counselor for appropriate proceedings, which are each hereby directed to take all appropriate actions to assist in the enforcement of this chapter.

B. In instances where a person is found to be maintaining or removing or destroying a City tree in the absence of an appropriate permit for such action in their possession, the Police Department shall require such person to cease such operations until the necessary permit and/or certification is obtained pursuant to

this chapter. (1994 C., § 22.48.220; Ord. No. 68607, § 23, 3-16-2010.)

22.48.230 Interference.

It shall be a violation of this chapter for any person:

A. To impede, hinder, delay or interfere with the Commissioner or the Division or any person acting under the Commissioner's authority in the administration or enforcement of any provision of this chapter.

B. To impede, hinder, delay or interfere with the Commissioner or his subordinates while engaged in the planting, pruning, spraying, cultivating, maintaining or removal of any tree, shrub or plant located on City property.

C. To impede, hinder, delay or interfere the Commissioner or his subordinates from entering onto private property for the purposes of carrying out their lawful duties under this chapter.

D. To impede, hinder, delay or interfere with a Contractor in the fulfillment of his contractual obligations for the planting, pruning, spraying, cultivating, maintaining or removal of any tree, shrub or plant located on City property.

E. To impede, hinder, delay or interfere with a contractor in the fulfillment of his contractual obligations from entering onto private property for the purposes of carrying out his lawful duties. (1994 C., § 22.48.230; Ord. No. 68607, § 24, 3-16-2010.)

22.48.240 Penalty; replacement and repair costs.

A. Except as otherwise provided by this chapter, any person who violates any provision of this chapter shall be punishable by a fine of not less than one hundred dollars and not exceeding five hundred dollars or by imprisonment up to thirty (30) days, or both such fine and imprisonment for each separate offense. All such violations that are of a continuing nature shall constitute a separate offense for each day the violation continues. If, as a result of the violation, the injury, mutilation or death of a tree, shrub or plant located on City property occurs, the cost of the repair and/or replacement as provided in Subsection B of this section shall be included in the calculation of the fine, up to the maximum of five hundred dollars.

B. Where this chapter provides that the replacement and repair costs for trees, shrubs or plants shall be assessed as a fine or penalty, said costs shall be calculated by the Commissioner as follows:

1. Replacement and repair costs for trees less than 10 inches in size at diameter breast height or with an aggregate diameter of less than 15 inches at diameter breast height shall be the retail price of a similar or same sized and species tree plus the equipment and labor costs required by the Division or any contractor or person acting on behalf of the Division to remove and replace said tree.

2. Replacement and repair costs for trees that exceed 10 inches in size at diameter breast high or with an aggregate diameter of larger than 15 inches shall be their value, as determined using the most recent edition of the Guide for Plant Appraisal as prepared by the Council of Landscape Appraisers, plus the equipment and labor costs required by the Division or any contractor or person acting on behalf of the Division to remove and replace said tree.

3. Costs to repair or remediate tree, shrub or plant damage and/or the repair, replacement or restoration of any element or feature of landscape, hardscape or infrastructure shall be determined based upon the equipment, labor and material costs for the Division and/or other City departments or public agencies required to perform said services or the equipment, labor and material costs of any contractor performing such services.

4. Shrubs and plants shall have their value determined by the retail price of a shrub or plant of a similar size and species, plus the equipment and labor costs required to remove and replace said shrub or plant by the Division or by a contractor.

5. In lieu of prosecution for a violation of this chapter, the Commissioner is authorized to bill any person who causes expense to the City as calculated under this section, and to refer such bill which is unpaid ninety days after it is first mailed to a collection agent for collection, subject to applicable law. (1994 C., § 22.48.240; Ord. No. 68607, § 25, 3-16-2010.)

22.48.250 Injunctive relief.

Whenever there exists reasonable cause to believe that any person is violating any provision of this chapter or any term, condition or provision of an approved permit, the City may, either before or after the institution of any other action or proceeding authorized by this chapter, institute an action for a mandatory or prohibitory injunction and/or an order of abatement as the City deems appropriate in the circumstances. Injunctive relief under this section shall not relieve any person from any otherwise applicable fine or penalty. (1994 C., § 22.48.250; Ord. No. 68607, § 26, 3-16-2010.)

22.48.260 Regulations.

A. The Commissioner is authorized to issue regulations as provided by this section. Any such regulations shall be consistent with this chapter and other applicable law, and shall be subject to approval prior to issuance by the Director, the Board of Public Service and the City Counselor's Office. Any such regulations shall be kept on file at the Division's office and in the City Register's Office.

B. Such regulations may address the following matter or subjects:

1. Whether, consistent with sound biological science, any particular type of vegetation shall be classified as a plant, shrub, tree or weed for purposes of this chapter;

2. Conditions for permits issued pursuant to Sections 22.48.100 and 22.48.110;

3. Standards for appropriate height and spatial clearances for City trees, as contemplated by Section 22.48.140.A and for the growth and maintenance of trees, shrubs and plants anywhere within the City so as to prevent obstruction, as contemplated by Section 22.48.140.B;

4. Rules for protection of City trees at construction sites, in addition to the provisions of Section 22.48.150;

5. Poisonous, allergenic or invasive plants in addition to those prohibited by Section 22.48.190. (1994 C., § 22.48.260; Ord. No. 68607, § 27, 3-16-2010.)

Title 23

PUBLIC UTILITIES

For department of public utilities, see Ch. 3.30

By vote of the people of the City and County of St. Louis on February 9, 1954, a plan submitted by a Board of Freeholders under the provisions of Article VI, Sections 30(a) and 30(b), Constitution of Missouri 1945, was adopted creating the Metropolitan St. Louis Sewer District (M.S.D.) which took over ownership and control of all public sewers in the City of St. Louis. The validity of the creation of M.S.D. was upheld by the Supreme Court of Missouri, en banc, in *State on inf. of Dalton v. Metropolitan St. Louis Sewer District,* 365 Mo. 1, 275 S.W. 2d 225 (1955).

The validity of the sale of previously authorized sewer bonds by the City of St. Louis and the use of the proceeds thereof in cooperation with M.S.D. was upheld in *Petition of the City of St. Louis,* 363 S.W. 2d 612 (Mo. 1963).

Metropolitan St. Louis Sewer District could not raise sewer charges without voter approval. *Beatty v. Metro. St. Louis Sewer Dist.,* 867 S.W. 2d 217 (Mo. banc 1993).

Sewer district had authority to enact ordinances authorizing liens on property served for delinquent sewer service charges, but did not have power to enact ordinances giving liens priority over previously recorded deeds of trust. *St. Louis Inv. Properties v. Sewer Dist.,* 873 S.W. 2d 303 (Mo. App. E.D. 1994).

Requirement that city and county circuit judges approve trustees of Metropolitan St. Louis Sewer District violated article V, section 4, of Missouri Constitution. *State ex rel. City of St. Louis v. Mummert,* 875 S.W. 2d 108 (Mo. banc 1994).

23.04.010 Water Division to enforce rules.

The Water Division of the Department of Public Utilities is authorized to enforce the following rules and regulations regarding all attachments to water pipes. (1948 C., Ch. 55, § 35; 1960 C., § 547.010; 1994 C., § 23.04.010.)

23.04.020 Person making attachments to give bond.

No person shall make any attachment or connection with the pipes of the City waterworks, nor make any repairs, additions to, or alterations of, any pipe or fixture connected therewith unless he has given the bond required to be given by plumbers. (1948 C., Ch. 55, § 36; 1960 C., § 547.020; 1994 C., § 23.04.020.)

23.04.030 Bonded plumbers to procure permit.

Any bonded plumber desirous of introducing water from the waterworks to any premises, or of making any repairs, additions to or alterations of any pipe or fixture supplied with water from the waterworks, shall first procure a permit from the Water Commissioner. (1948 C., Ch. 55, § 37; 1960 C., § 547.030; 1994 C., § 23.04.030.)

23.04.040 Permit—Application.

All applications for permits must be in writing upon blank forms furnished by the Water Commissioner. The application shall state the location of the premises, the full name of the owner of the property, the several and various uses for which water is wanted, and such other information pertaining to the subject as the Water Commissioner may require. (1948 C., Ch. 55, § 38; 1960 C., § 547.040; 1994 C., § 23.04.040.)

23.04.050 Permit—When issued.

A permit for making an attachment to the water mains, or additions, alterations or repairs of pipes supplied with water from the waterworks, will be issued by the Water Commissioner upon presentation of a certificate of the supervisor of plumbing, stating that the proposed work is approved by him, and upon the payment of the cost of the tap, plus two dollars for inserting the tap in the water main. Permits for attachment to private pipe will be granted only when the written consent of the owner of the pipe is filed with the Water Commissioner. (1948 C., Ch. 55, § 39; 1960 C., § 547.050; 1994 C., § 23.04.050.)

City Counselor Ops.: 9946

23.04.060 Permit—Restrictions on granting.

Permits for attachments for building purposes will not be granted until the building license has been paid. Permits for attachments will not be granted when the service pipe passes over or through premises, which at the time are or may thereafter become the property of persons other than the owner of the premises to be supplied by such attachments.

Permits for attachment to private pipe will not be granted if there be a main pipe, whether in front or rear of the premises to be supplied. No premises shall be supplied with connections for fountains, stand pipes or pipes for fire protection unless water is furnished to the same premises for other purposes by a separate connection.

Permits for attachments for public fountains shall not be granted until the pattern of the fountain to be used shall be approved by the Board of Public Service. (1948 C., Ch. 55, § 40; 1960 C., § 547.060; 1994 C., § 23.04.060.)

23.04.070 Service pipe repairs—How made.

Whenever any underground service pipe or its attachment that leads from any water main that is maintained by the City Water Division to and including the service line, T-head valve, and stop box and its cover, which line exceeds one year in age and is found to be leaking or is otherwise determined by the Water Commissioner to be in need of repair or replacement, and the water assessment is billed to any flat rate residential or metered account having six or less dwelling units, it shall be the duty of the City Water Division to repair same, if the leak is located within any public street, alley, right-of-way or easement. Whenever any service pipe or attachment leading from the outlet side of the T-head valve to the delivery connection on the premises is out of repair and the owner of said premises, his agent or the occupant thereof refuses or neglects to repair said defect immediately, the water shall be shut off by the Water Commissioner. In case of repairs requiring immediate attention and constituting as emergency impairment, the water shall be shut off by the Water Commissioner without notice until such repairs are made by the owner of the premises, his agent, or the occupant thereof. Said public street, alley, right-of-way or easement shall be left as nearly as possible in a condition of repair as the same is required by the Code of the City of St. Louis. (1948 C., Ch. 55, § 42; 1960 C., §§ 547.080, 547.090; 1994 C., § 23.04.070; Ord. No. 63653, § 1, 1996; Ord. No. 59363, § 1, 1985; Ord. No. 58597, § 2(part), 1982.)

Submission Ordinance Approved February 27, 1996.

Amendment Substance: Added repair coverage for "stop box and its cover."

Voter Adoption Date: August 6, 1996.

City Counselor Ops.: 8837

23.04.071 Payment.

A bill for the cost of shutting off the water as authorized by Section 23.04.070 shall be presented to each said owner, his agent or the occupants thereof; if the bill is not paid within ten days of presentation, the Water Commissioner shall thereafter shut off the water, and may withdraw the tap or cut off the attachments from the main pipe, and no further license for water at such premises shall be issued until the cost incurred in making the disconnection has been paid. (1994 C., § 23.04.071; Ord. No. 58597, § 2(part), 1982.)

23.04.072 By whom performed.

All repairs made by the City Water Division to comply with the requirements of Sections 23.04.070 through 23.04.074 shall be made by licensed plumbers which are being paid the prevailing hourly wage rates as

determined by the Department of Labor and Industrial Relations of Missouri. (1994 C., § 23.04.072; Ord. No. 58597, § 2(part), 1982.)

23.04.073 Effective date.

Sections 23.04.070 through 23.04.074 shall not become effective until funded via a separate surcharge ordinance. Said surcharge shall be added to each qualified water customer's account. Funds generated from the surcharge shall be deposited to the office of the Treasurer and thereafter kept in a separate and distinct account from all other funds. (1994 C., § 23.04.073; Ord. No. 58597, § 2(part), 1982.)

23.04.074 Severability.

If any provision, section, paragraph, sentence or clause of Sections 23.04.070 through 23.04.074, or its application to any person or circumstance, is for any reason held to be invalid or unconstitutional by any decision of any court of competent jurisdiction, such division shall not affect the validity of the remaining portions of Sections 23.04.070 through 23.04.074, and to this end the provisions are held to be severable. The Board of Aldermen declares that it would have passed Sections 23.04.070 through 23.04.074, and each provision, section, paragraph, sentence, and clause hereof, irrespective of the fact that any one or more of the provisions, sections, paragraphs, sentences, clauses hereof be declared invalid or unconstitutional. (1994 C., § 23.04.074; Ord. No. 58597, § 2(part), 1982.)

23.04.075 Surcharge for leak repair—Levied.

There is hereby levied an initial surcharge of three dollars ($3.00) per quarter on the water bills of all flat rate residential accounts and metered residential accounts having six (6) or less dwelling units, to provide the funds needed to pay the cost of the repairs to leaking service lines as provided in Section 23.04.070. (1994 C., § 23.04.075; Ord. No. 65815, § 1, 2003; Ord. No. 64721, § 1, 1999; Ord. No. 61172, § 1, 1988; Ord. No. 59363, § 2, 1985.)

23.04.076 Surcharge for leak repair—Effective date.

The surcharge and eligibility for leaking service line repairs shall become effective seven (7) months from the first day of the month immediately following final approval of this chapter and provided that approval is first received from the voters of the City as provided herein. Any accounts, which have been issued leak notices prior to that date, shall not be eligible to have the leak repaired under this program. (1994 C., § 23.04.076; Ord. No. 59363, § 3, 1985.)

Editor's Note:

Ordinance 59363 was approved February 5, 1985. Voter approval was received April 2, 1985.

23.04.077 Surcharge for leak repair—Special account established.

The Comptroller is hereby authorized and directed to establish a special account for the deposit of said surcharge and, on the last day of each month, shall transfer from the Waterworks Revenue Fund the funds generated that month from said surcharge to the special account. Funds generated by the surcharge shall be deposited in said special account and shall be kept separate and apart from all other funds. The funds so collected and deposited in said special account shall be used solely for the purpose of paying for the costs reasonably associated with and necessary to administer and carry out the leaking service line project established by said Ordinance No. 58597. All interest generated on deposited funds shall be accrued to the special account so established. (1994 C., § 23.04.077; Ord. No. 59363, § 4, 1985.)

Editor's Note:

Ordinance 58597 is codified in Sections 23.04.070 through 23.04.074.

23.04.078 Surcharge for leak repair—Fee waiver.

The Collector of Revenue for the City shall waive all fees pursuant to the collection and related processing of this surcharge. (1994 C., § 23.04.078; Ord. No. 59363, § 5, 1985.)

23.04.079 Surcharge for leak repair—Report of receipts.

The Water Commissioner shall review the receipts and the expenditures of funds involved in said leakage service line project and shall make a written report to the Board of Estimate and Apportionment setting forth in sufficient detail the receipts and expenditures for the last six (6) months and the anticipated receipts and expenditures for the next six (6) months. Said report shall be delivered to the Board of Estimate and Apportionment before the last day of the month immediately following the end of each six (6) month period from the beginning of the effective date set by Section 23.04.076. Provided, however, that the Water Commissioner may report at any time to the Board of Estimate and Appor-

tionment if conditions so warrant. (1994 C., § 23.04.079; Ord. No. 59363, § 6, 1985.)

23.04.079.1 Surcharge for leak repair—Report review—Surcharge increase.

The Board of Estimate and Apportionment shall, upon receipt of the written report from the Water Commissioner, thoroughly review said report and is hereby authorized and directed to recommend to the Board of Aldermen an increase in said surcharge, if, and only if, the current level of surcharge will be insufficient to meet the anticipated costs of the leaking service line project. If the Board of Estimate and Apportionment determines that such an increase is necessary it shall only recommend such an increase sufficient to cover the anticipated costs and in no event beyond that level authorized by law. Further, the Board of Estimate and Apportionment shall recommend to the Board of Aldermen a decrease in the surcharge if it determines that the existing level is higher than necessary to cover the anticipated costs of the project. Only the Board of Aldermen shall have authority, by ordinance, to increase or decrease the surcharge herein established. (1994 C., § 23.04.079.1; Ord. No. 59363, § 7, 1985.)

23.04.079.2 Surcharge for leak repair—Contracting—Wards designated.

The Board of Public Service is hereby authorized and directed to let contracts for each service area on an annual basis under the normal contracting procedure authorized under the Charter. For the purpose of awarding annual contracts to furnish all labor, materials, equipment and supervision necessary to repair leaking water service lines funded by Sections 22.04.075 through 22.04.079.5, the City shall be divided into eight service areas. For the purpose of administering this program authorized by Ordinance No. 58597, District 1 shall include wards 11, 12, and 13; District 2 shall be wards 14, 16, 23 and 25; District 3 shall be wards 9, 10 and 15; District 4 shall be wards 6, 7, 8 and 17; District 5 shall be wards 24, 26 and 28; District 6 shall be wards 2, 3, 5 and 21; District 7 shall be wards 4, 18 and 19; District 8 shall be wards 1, 20, 22 and 27. All contracts let under Sections 22.04.075 through 22.04.079.5 shall be made with licensed, bonded, and certified plumbing contractors utilizing properly marked service vehicles and paying the prevailing hourly wage rates as determined by the Department of Labor and Industrial Relations of Missouri. It is further stated that it is the specific intention of this Board of Aldermen that, other things remaining equal, the annual contracts provided for above shall be awarded to eight (8) different contractors on the basis of competitive bids to insure that service will be provided in the shortest possible time. If the contractor for a district is unable to provide service for any reason, the Water Commissioner shall utilize the employees and equipment assigned to the Water Division to make the necessary repairs. Or, if they are not available to provide the service, the Water Commissioner may call upon the contractor of an adjacent district to provide said necessary service under the terms of his contract. (1994 C., § 23.04.079.2; Ord. No. 59363, § 8, 1985.)

23.04.079.3 Surcharge for leak repair—Contracting—Minority participation.

In order to insure that there is adequate minority participation in the awarding of repair contracts, there shall be established by the Board of Public Service and the Water Division, a twenty-five percent (25%) minority participation goal. The Board of Public Service and the Water Division shall be required to work with the Civil Rights Enforcement Agency (CREA) and Missouri-Kansas Contractor Association (MoKan) to insure the implementation of this goal. (1994 C., § 23.04.079.3; Ord. No. 59363, § 9, 1985.)

23.04.079.4 Surcharge for leak repair—Leak determination.

The Water Commissioner shall have the responsibility of administering all contracts awarded under the provisions of Sections 22.04.075 through 22.04.079.5, and shall be responsible for determining: if leaking water service line exists; if that leaking water service line is eligible for repair funded by Sections 22.04.075 through 22.04.079.5; in which service area the condition exists; which contractor shall be assigned to repair the condition; and otherwise seeing that the necessary services are provided. (1994 C., § 23.04.079.4; Ord. No. 59363, § 10, 1985.)

23.04.079.5 Licenses and permits expense.

All licenses, permits, certificates, inspections, etc., required to insure compliance with the Revised Code of the City of St. Louis in connection with the repairs funded by Sections 22.04.075 through 22.04.079.4, shall be secured at the contractor's expense. (1994 C., § 23.04.079.5; Ord. No. 59363, § 11, 1985.)

23.04.080 Taps—Furnished by Commissioner—Who may tap pipes—Size.

No tap shall be used except such as is furnished by the Water Commissioner, and no person except the tapper employed by the Water Commissioner shall, under any circumstances, tap the distribution pipes or insert taps therein. No tap shall be inserted in a pipe of greater internal diameter than twenty inches, except by special permission of the Water Commissioner indorsed on the permit. (1948 C., Ch. 55, § 41; 1960 C., § 547.070; 1994 C., § 23.04.080.)

23.04.090 Taps—General regulations.

Taps shall be inserted at least six feet within the lines of the building to be supplied therefrom. No more than one building shall be supplied from one tap except by special permission of the Water Commissioner. When an increase in supply is wanted, the tap in use must be drawn and the main plugged at the expense of the party desiring the increased supply before the new tap is inserted in the water main. When service pipes are abandoned, of which fact the Water Commissioner shall be judge, the taps to which the abandoned pipes are connected shall be drawn and the main pipe plugged. Taps inserted for building purposes will be drawn by the Water Commissioner when the building is completed, unless it be intended to extend the pipe for the supply of the premises, in which case application must be made in the usual manner. (1948 C., Ch. 55, § 43; 1960 C., § 547.100; 1994 C., § 23.04.090.)

23.04.100 Taps—Price.

Whenever the price of taps has been determined by the Water Commissioner, he shall notify the Comptroller thereof. (1948 C., Ch. 55, § 44; 1960 C., § 547.110; 1994 C., § 23.04.100.)

23.04.110 Service pipes—Laying.

All service pipes placed in connection with the waterworks from the main to the inside of the building shall be laid four feet below the surface of the ground and sufficiently waving to allow an extra length of one and one-half feet and in such manner as to prevent rupture by settlement. (1948 C., Ch. 55, § 45; 1960 C., § 547.120; 1994 C., § 23.04.110.)

23.04.120 Service pipes—Specifications.

The pipe shall be made of lead or copper except in cases where the Water Commissioner may grant otherwise. All diameters are inside measurements.

The lead pipe shall be of a class known as "double extra strong," and shall meet the following requirements: One-inch double extra strong, weight six pounds per foot, working pressure one hundred twelve pounds per square inch; one and one-half-inch double extra strong, weight eleven pounds and four ounces per foot, working pressure one hundred three pounds per square inch; two-inch double extra strong, weight nineteen pounds and eight ounces per foot, working pressure one hundred two pounds per square inch.

The copper pipe shall meet the following requirements and all joints shall be made with compression type fittings:

Size	**1″**	**1½″**	**2″**
Outside diameter	1.125″	1.625″	2.125″
Wall thickness	0.065″	0.072″	0.083″
Weight per foot	0.839 lbs.	1.36 lbs.	2.060 lbs.
Working pressure (lbs. per square inch)	513 lbs.	395 lbs.	354 lbs.

(1948 C., Ch. 55, § 46; 1960 C., § 547.130; 1994 C., § 23.04.120.)

23.04.130 Service pipes—Laying in sewer trench.

No service pipe shall be permitted to be laid in a sewer trench except by special permission of the Water Commissioner indorsed on the permit. No pipe of less diameter than one inch shall be permitted to be placed underground in connection with the waterworks. (1948 C., Ch. 55, § 47; 1960 C., § 547.140; 1994 C., § 23.04.130.)

23.04.140 Temporary service pipes.

Temporary service pipes and pipes laid to supply premises where there is no water main in front of the premises shall be metered and the meter shall be located as close to the water main as is practicable to install. When a service pipe is laid along the street, before it enters the premises to be supplied, it shall be laid in the street and at such distance from the curb as shall be designated by the Water Commissioner. Temporary pipes shall be removed and connections made to the water main as soon as the main is laid in front of the premises. (1948 C., Ch. 55, § 48; 1960 C. 547.150; 1994 C., § 23.04.140.)

23.04.150 Stopcocks.

There shall be a stopcock placed on every attachment to the waterworks. In streets it shall be placed under the sidewalk one foot inside of the curb line, and in alleys it shall be placed one foot inside of the alley line. All stopcocks, without exception, shall be round way inverted key Minneapolis pattern with suitable "T" heads. They shall be placed immediately in front of the premises to be supplied, and shall be enclosed in an iron stop box coming up even with the surface of the pavement. When a service pipe is laid in a street or alley a greater distance than fifty feet before it enters the premises to be supplied, there shall be two stopcocks placed upon such pipe, one as near the water main as the Water Commissioner shall require and one in the sidewalk or alley immediately in front of, or at the rear of, the premises. In cases where several buildings are supplied from one tap, there shall be a stopcock and box located near the water main, and also a stopcock and box controlling the water supply to each house independently. (1948 C., Ch. 55, § 49; 1960 C., § 547.160; 1994 C., § 23.04.150.)

23.04.160 Service during building construction.

When an attachment is made to supply water for a building, the service pipe shall be carried to the inside of the foundation during the construction of such building. Water used during the erection of such building must not be taken from the service pipe between the main end and the foundation wall of the building. Regular stopcock and box shall be placed on this service pipe just inside the curb line. (1948 C., Ch. 55, § 50; 1960 C., § 547.170; 1994 C., § 23.04.160.)

23.04.170 Stop and waste cock.

There shall be a stop and waste cock attached to every supply pipe just inside the cellar wall where it enters the building and so arranged and maintained as to admit the water being shut off and the pipes in the building drained. (1948 C., Ch. 55, § 51; 1960 C., § 547.180; 1994 C., § 23.04.170.)

23.04.180 Stop boxes.

All stop boxes used on service pipes connected with the waterworks shall be Minneapolis pattern service boxes made of iron and so constructed as to be adjustable in length. No other pattern or stop box shall be used unless approved by the Board of Public Service. For one-inch curb stops the upper section of the stop box shall be one and one-half-inch inside diameter. For one and one-half and two-inch curb stops the upper section of the stop box shall be two inches inside diameter. (1948 C., Ch. 55, § 52; 1960 C., § 547.190; 1994 C., § 23.04.180.)

23.04.185 Stop boxes over shut off valves—Accessibility.

Notwithstanding the provision of any other ordinance, the Water Division with funds from the Water Division shall, by contract or otherwise, expose, make street level, and make accessible stop boxes over shut off valves whenever the City of St. Louis, by contact or otherwise, is responsible for covering said stop boxes during street repair or resurfacing. (1994 C., § 23.04.185; Ord. No. 62836, § 1, 1993.)

23.04.190 Plumber to shut off water in new building after testing.

When the plumbing work, in connection with any new attachment, or in any new building, has been completed and tested, it shall be the duty of the plumber to shut off the water. (1948 C., Ch. 55, § 53; 1960 C., § 547.200; 1994 C., § 23.04.190.)

23.04.200 Shutoff fee.

When a shutoff for the purpose of repairs cannot be made in the usual manner and it is desired to have the water turned off from the main pipes, the plumber desiring such shutoff will be required to pay the Water Commissioner the sum of two dollars to cover the cost of the shutoff. (1948 C., Ch. 55, § 54; 1960 C., § 547.210; 1994 C., § 23.04.200.)

23.04.210 Regulations for large connections, six-inch and larger.

A. All large connections, for domestic use, fire protection use, or combined fire protection and domestic use, shall have, in addition to the stop valve in the street, another valve, for use of the occupant, where the pipe first enters the building. Parties desiring attachments for supplying water to large connections shall file an application with the Water Commissioner, stating such information pertaining to the subject as he may require.

B. For these attachments, only the installation of taps, tapping valves and water meters will be made by the Water Commissioner. Such attachments will be made by the Water Commissioner at the cost of the parties desiring the attachment when, in the opinion of the Water Commissioner, the attachment or the use thereof will not interfere with or endanger the water

supply to buildings in the immediate vicinity. The Water Commissioner may require the installation of air chambers of sufficient capacity to prevent water hammer from being transmitted to the distribution system. The Water Commissioner may also require air gaps or backflow preventers on services that may, in his opinion, pose a hazard to the water system. Connection for furnishing water for fire purposes shall not be used for any other purpose unless a proper type of water meter is placed thereon at the cost of the parties desiring the water.

C. The parties desiring attachments shall do all excavation, backfilling, and pavement replacement required. The Water Commissioner will furnish a sketch of the excavation required for tapping the water main and will proceed with tapping only when excavation conforms to this sketch and is safe. The parties desiring attachments shall install all piping, valve boxes, meter boxes, et cetera required to conform to the Water Division's standard drawings before service is granted. The parties desiring attachments shall install materials conforming to the standards on file in the Water Commissioner's Office and shall provide proof of compliance to the Water Commissioner before service is to be granted. (1948 C., Ch. 55, § 55; 1960 C., § 547.220(part); 1994 C., § 23.04.210; Ord. No. 57997, § 1(part), 1980.)

23.04.211 Pipe specifications.

All pipe shall be class 52 ductile-iron pipe, centrifugally cast in metal molds or sand-lined molds, for water or other liquids as specified in American National Standards Institute Specification ANSI A21.51-1976 and the American Water Works Association AWWA C151-76 standards. Nominal pipe sizes shall be 6, 8, and 12 inches in diameter. (1948 C., Ch. 55, § 55; 1960 C., § 547.220(part); 1994 C., § 23.04.211; Ord. No. 57997, § 1(part), 1980.)

23.04.212 Fittings.

All pipe fittings shall have a pressure rating of 250 psi and an iron strength of 25,000 psi or a 350 psi pressure rating when made with ductile iron. All pipe fittings shall meet the standard for gray-iron and ductile-iron fittings, three-inch through 48-inch, for water and other liquids as approved by the American National Standards Institute ANSI A21.10-1977 and the American Water Works Association AWWA Cl10-77 standards. (1948 C., Ch. 55, § 55; 1960 C., § 547.220(part); 1994 C., § 23.04.212; Ord. No. 57997, § 1(part), 1980.)

23.04.213 Rubber gasket joints.

All rubber gasket joints shall meet the standards for rubber gasket joints for ductile-iron and gray-iron pressure pipe and fittings as approved by the American National Standards Institute ANSI A21.11-79 and the American Water Works Association AWWA C111-79 standards. (1948 C., Ch. 55, § 55; 1960 C., § 547.220(part); 1994 C., § 23.04.213; Ord. No. 57997, § 1(part), 1980.)

23.04.214 Polyethylene encasement.

All pipe, fittings, valves, et cetera shall be encased with polyethylene, meeting the polyethylene encasement for gray and ductile cast-iron piping for water and other liquids standards as approved by the American National Standard Institute ANSI A21.5-1972 and the American Water Works Association AWWA C105-72. (1948 C., Ch. 55, § 55; 1960 C., § 547.220(part)); 1994 C., § 23.04.214; Ord. No. 57997, § 1(part), 1980.)

23.04.215 Cement mortar lining.

All pipe and fittings shall have a factory applied cement mortar lining, meeting the cement-mortar lining for cast-iron and ductile-iron pipe and fittings for water standard as approved by the American National Standards Institute ANSI A21.4-74 and the American Water Works Association AWWA C104-74. (1948 C., Ch. 55, § 55; 1960 C., § 547.220(part)); 1994 C., § 23.04.215; Ord. No. 57997, § 1(part), 1980.)

23.04.216 Pipe installation.

All pipe, fittings, and appurtenances shall be installed according to the installation of gray and ductile cast-iron water mains and appurtenances standard as approved by the American National Standards Institute and the American Water Works Association ANSI/AWWA C600-77. (1948 C., Ch. 55, § 55; 1960 C., § 547.220(part)); 1994 C., § 23.04.216; Ord. No. 57997, § 1(part), 1980.)

23.04.217 Meter boxes and valve boxes.

All meter boxes and valve boxes shall be constructed as shown on the drawings furnished by the Water Commissioner. Meter couplings or flanges shall be furnished by the Water Commissioner on all meter installations, up to two (2) inch, at no cost. Connections over two (2) inch shall have flanged connections as called for by ANSI A21.10-77 and AWWA C110-77. No water shall be turned on to any connection until the Water Commissioner has inspected and approved the installation. The Water Commissioner will install all

meters after approval of installation. The Water Commissioner will furnish all valve box and meter box frame and covers at no cost exclusive of those for automatic sprinkler or combined fire meter use. (1948 C., Ch. 55, § 55; 1960 C., § 547.220(part)); 1994 C., § 23.04.217; Ord. No. 57997, § 1(part), 1980.)

23.04.218 Permits, excavation, backfilling and pavement replacement.

All permits shall be obtained by the persons desiring any connection before the Water Commissioner will perform any work. The deposit for the Water Division's cost shall be made before the Water Commissioner will schedule work. All excavations, backfilling and pavement replacement shall be made by the persons desiring the connection. (1948 C., Ch. 55, § 55; 1960 C., § 547.220(part)); 1994 C., § 23.04.218; Ord. No. 57997, § 1(part), 1980.)

23.04.220 Fire protection connections.

A. All new and existing installations for private sprinkler type protection shall be provided with a suitable control valve just inside the building or property line. Connections serving automatic sprinkler equipment must be equipped with an approved type of water flow alarm service of any of local and central station alarms, local alarms and watchman with watch service, or approved outdoor local alarms where there is no watchman on the premises. Water through these connections shall be used to extinguish fires only and the use of water for any other purpose is expressly prohibited. No meter shall be required on connections used to supply private fire protection systems with sprinkler equipment only. Where new and existing connections for private fire protection supply standpipe and hose rack systems or private fire hydrants are or have been installed, a detector check valve with bypass meter and vault shall be installed at the expense of the applicant and if it is found that water is being used for purposes other than the extinguishment of fires or testing, the Water Commissioner shall install a fire service meter and vault at the expense of the owner or occupant. Prior to installation the Water Commissioner shall require a deposit for the estimated cost of all fire service meter and vault installations within ten (10) days of notification or the water shall be shut off from the water main and the Insurance Services Office of Missouri and the Fire Marshal notified of this action. A service charge of two hundred eighty-eight dollars ($288.00), subject to the inflation adjustment, shall be assessed against each connection made with the mains of the Water Division for all new and existing private fire protection connections used to supply sprinkler equipment only and against all new and existing private fire protection connections regulated by detector check valves with bypass meters. Should water in excess of that required for the emergency extinguishment of fires be used through any private fire protection system regulated by a detector check valve with bypass meter then such water use shall be assessed a quantity charge, but not the readiness-to-serve charge, at the rates set forth in Section 23.18.070 of this title. Private fire protection connections regulated by fire service meters shall be assessed the regular meter rates as set forth in Section 23.18.070. For any private fire protection connection regulated either by a detector check valve with bypass meter or by a fire meter an adjustment will be made for water used for the emergency extinguishment of fire where such use is claimed and certified to the Water Commissioner by the occupant or owner. In cases where these bills are not paid within thirty (30) days, the Water Commissioner shall cause the connection to be shut off and notify the Insurance Services Office of Missouri and the Fire Marshal of this action.

B. Sprinkler protection shall be considered a piping system with nationally recognized testing laboratory approved sprinkler heads attached. Stand-pipe and hose racks systems shall be considered any arrangements of piping whereby hoses for fighting fires can be attached to the pipes and used either by the occupant or owner or the Fire Department. A fire hydrant shall be considered any water connection with an outlet at least two and one-half (2½) inches inside diameter and provided with the same size threads used by the St. Louis Fire Department. Two-inch or smaller fire protection connections shall be used only when approved by the Fire Marshal and by the Water Commissioner and no water for purposes other than fire extinguishment shall be taken from such connections.

C. Limited service sprinklers attached to domestic service lines shall conform to the following minimum requirements. One (1) sprinkler head per fire area when supplied from a one-inch domestic service. Two (2) sprinkler heads per fire area when supplied from a one-and-one-half (1½) inch domestic service. Four (4) sprinkler heads per fire area when supplied from a two-inch domestic service. A fire area shall be a confined area which may contain hazardous substances. Limited service sprinklers in any one (1) building shall

be limited to a maximum of twenty (20) sprinklers. No sprinkler supply lines shall be attached to the domestic service before the domestic water meter.
(1948 C., Ch. 55, § 56; 1960 C., § 547.230; 1994 C., § 23.04.220; Ord. No. 71683, §§ 2, 11, 6-26-2023; Ord. No. 68694, § 11, 6-25-2010; Ord. No. 67919, § 12, 2008; Ord. No. 57997, § 1, 1980; Ord. 23.04.225 Lawn sprinklers.

Lawn sprinklers when connected to a potable water system shall be installed in accordance with the building and plumbing codes of the City. Backflow prevention devices shall be installed on lawn sprinkler installations. Lawn sprinkler systems shall be installed and maintained by licensed plumbers. (1994 C., § 23.04.225; Ord. No. 61713, § 1, 1989.)

23.04.230 Weekly report by plumbers.

It shall be the duty of all persons carrying on the plumbing business in the City to make weekly returns to the Water Commissioner of all alterations of, or additions to, plumbing work made by them during the previous week. The returns shall state the nature of the additions or alterations and such other particulars necessary to a full understanding of the subject as the Water Commissioner may require. (1948 C., Ch. 55, § 57; 1960 C., § 547.240; 1994 C., § 23.04.230.)

23.04.240 Nonissuance of tap permits.

When a fine shall have been imposed upon any person carrying on the plumbing business, or his bond or certificate shall have been forfeited, suspended or cancelled, the Water Commissioner shall refuse to issue any tap permit to such person until such fine has been paid, or until such bond or certificate has been duly renewed by the proper officer or department. (1948 C., Ch. 55, § 58; 1960 C., § 547.250; 1994 C., § 23.04.240.)

23.06.010 Definitions.

For the purpose of this chapter the following words are defined as follows:

A. "Apartments, tenements and flats" means houses subdivided into suites or rooms and rented separately to families or individuals;

B. "Rooming houses" means houses or premises licensed or advertised as such, where persons are furnished with lodging for a compensation, paid or to be paid therefor, and having two or more bedrooms for the use of guests;

C. "Boardinghouses" means houses or premises licensed or advertised as such, where meals or food are furnished for a compensation paid or to be paid therefor. (1948 C., Ch. 55, § 1; 1960 C., § 548.010; 1994 C., § 23.06.010.)

23.06.020 Generally.

Bills for the use of water from the City waterworks shall be made out by the Water Commissioner from the records of the latest inspections of premises. The amounts charged shall conform to the rates established by this title. (1948 C., Ch. 55, § 6(part); 1960 C., § 548.020; 1994 C., § 23.06.020; Ord. No. 63346, § 2(part), 1994; Ord. No. 48646, § 1(part), 1958.)

23.06.030 Reinspection for correction.

A. Premises will be reinspected for the correction of bills on request of the occupant, owner or agent;

provided, that the bill is returned and the request is made not later than five days after the date the bill becomes due. Failure to receive the bill shall not entitle the consumer to any extension of time for reinspection.

B. After bills are paid, the Water Commissioner may, at his discretion, make reinspection for correction of assessments on account of change in premises. When the reinspection shows that an overcharge has been made on the original bill, the Water Commissioner shall send a revised bill to the customer showing the correct amount. The Water Commissioner shall give a credit on future water bills for the period of time that the present customer has had the water service in their name. The Water Commissioner may not correct any bill that is more than one year old. (1948 C., Ch. 55, § 6(part); 1960 C., § 548.030; 1994 C., § 23.06.030; Ord. No. 63346, § 2(part), 1994; Ord. No. 48646, § 1(part), 1958.)

23.06.040 Advance payment.

Bills for the use of water from the City waterworks shall be made out by the Water Commissioner. The amount assessed shall in all cases be paid in advance and shall be calculated from the date on which the use of water begins to the end of the period fixed for billing purposes in the particular subdistrict; provided that in no case shall the charge be for less than one dollar regardless of the calculated amount.

Bills for the use of water shall in general be made up for the period of three months, except that bills for shorter periods may be rendered in those cases where the Water Commissioner deems it essential for the protection of the interest of the City, or where the amounts of advanced payments required for three months become so large that more frequent collections are advisable, or where the use of water for a specific purpose is restricted to a definite period of time less than three months. (1948 C., Ch. 55, § 7; 1960 C., § 548.040; 1994 C., § 23.06.040; Ord. No. 55357, § 1(part), 1969; Ord. No. 48646, § 2, 1958.)

23.06.050 Districts.

It shall be the duty of the Water Commissioner to divide the City into as many districts and subdistricts as he may deem necessary. The boundaries of the districts and subdistricts may be changed at the discretion of the Water Commissioner. (1948 C., Ch. 55, § 8; 1960 C. 548.050; 1994 C., § 23.06.050.)

23.06.060 Due dates.

All bills for the use of water on premises within any subdistrict shall be made payable on any weekday of the calendar month designated by the Water Commissioner, except where applications are made for the use of water on premises newly built or reconstructed, or where applications for the use of water are made because of a change in owners, tenants or occupants, or because of the occupancy of premises previously vacant, or for any use of water necessitating an application for such use on any other date than the one fixed for payment of bills in that subdistrict.

All short-term bills shall be issued so as to terminate on the same date as the full-term bills. (1948 C., Ch. 55, § 9; 1960 C., § 548.060; 1994 C., § 23.06.060.)

23.06.070 Deposits in advance.

All customers supplied with water at meter rates shall be required to deposit in advance with the Water Commissioner an amount sufficient to pay, at the rates hereinafter established, the cost of the quantity of water estimated to be used in each case during the period not to exceed three months. Should the Water Commissioner find at any time that the quantity of water so estimated to be used is likely to be exceeded by a consumer, he shall issue a second bill against the consumer requiring an additional deposit, the amount of which shall be calculated on the basis of the quantity actually used since the previous deposit was made. In no event shall the total required deposit be in excess of twenty-five thousand dollars ($25,000.00). If the consumer fails to make the deposit called for by the second bill within five days after the date of the second bill, the Water Commissioner may shut the water off to the premises without further notice, and it shall not be turned on again until the required deposit is made. (1948 C., Ch. 55, § 10; 1960 C., § 548.070(1); 1994 C., § 23.06.070; Ord. No. 58045, § 3(part), 1980; Ord. No. 55357, § 1(part), 1969.)

23.06.071 Interest to be paid.

Interest equal to that authorized for the maximum bank passbook interest rate established by the law in effect on January 1 of each year, compounded annually, shall be payable on all deposits. Accrual of interest will start with the effective date of the ordinance codified in this section for customers with current deposit on account. Deposits must be held at least one year from deposit date to accrue interest and interest will only be paid on deposits held for full-year periods. Interest

shall be either credited to the service account of the customer on an annual basis or paid upon the return of the deposit after the date a reasonable effort has been made to return such deposit to the customers. The Water Commissioner shall keep in its records evidence of its efforts to return such deposits. (1948 C., Ch. 55, § 10; 1960 C., § 548.070(2); 1994 C., § 23.06.071; Ord. No. 58045, § 3(part), 1980; Ord. No. 55357, § 1(part), 1969.)

23.06.072 Refund on termination.

Upon termination of service, the deposit, with accrued interest, if any, shall be credited to the final bill and the Water Commissioner shall certify to the Comptroller the balance, if any, remaining in the account. The Comptroller shall notify the City Treasurer to refund this amount promptly to the customer. (1948 C., Ch. 55, § 10; 1960 C., § 548.070(3); 1994 C., § 23.06.072; Ord. No. 58045, § 3(part), 1980; Ord. No. 55357, § 1(part), 1969.)

23.06.073 Establishment of credit.

The credit of a customer shall be established and the deposit shall be refunded promptly by the Water Commissioner upon satisfactory payment by the customer of all proper charges for service for a period not to exceed eight successive billing periods beginning with the customer's first full billing period after the effective date of the ordinance codified in this section. Interest shall be paid in accordance with Section 23.06.071. For purposes of Sections 23.06.070 through 23.06.076 payment is satisfactory if payment is received by the Collector of Revenue prior to the date upon which the bill becomes delinquent. The Water Division will withhold refund of the deposit funds for non-payment by the customer or unauthorized interference by the customer. The Water Commissioner shall certify to the Comptroller that a customer has established credit under Sections 23.06.070 through 23.06.076 and the Comptroller shall notify the City Treasurer to refund this amount. (1948 C., Ch. 55, § 10; 1960 C., § 548.070(4); 1994 C., § 23.06.073; Ord. No. 58045, § 3(part), 1980; Ord. No. 55357, § 1(part), 1969.)

23.06.074 Records.

The Water Division shall maintain a record of all deposits received from customers, showing the name and address of each customer, the location of the premises for which the deposit was received, the date and amount of deposit, and the date and amount of interest paid or credited to the account. (1948 C., Ch. 55, § 10; 1960 C., § 548.070(5); 1994 C., § 23.06.074; Ord. No. 58045, § 3(part), 1980; Ord. No. 55357, § 1(part), 1969.)

23.06.075 Receipt of payment.

A. Each customer posting an advance deposit shall receive in writing at the time of deposit or with the first bill, a receipt as evidence thereof, unless the Water Division shows the existence or nonexistence of a deposit on the customer's bill, in which event the receipt shall not be required unless requested by the customer. The receipt shall contain the following minimum information:

1. Name of customer;

2. Premises being served;

3. Address to which deposit refund and interest will be sent;

4. Date of payment;

5. Amount of payment;

6. Identifiable name, signature and title of the Water Division employee receiving payment;

7. Statement of the terms and conditions governing the payment, retention, and return of deposits.

B. The Water Division shall provide a means whereby a person entitled to a return of a deposit is not deprived of the deposit refund even though he may be unable to produce the original receipt for the deposit, provided he can produce adequate identification to insure that he is the customer entitled to refund of the deposit. (1948 C., Ch. 55, § 10; 1960 C., § 548.070(6); 1994 C., § 23.06.075; Ord. No. 58045, § 3(part), 1980; Ord. No. 55357, § 1(part), 1969.)

23.06.076 Deposit for continued service.

The Water Commissioner may also require a customer to post deposit as a condition of continued service due to any of the following:

A. The service of the customer has been discontinued due to non-payment of a delinquent account;

B. In an unauthorized manner the customer interfered with or diverted the service of the Water Division situated on or about or delivered to the customer's premises;

C. The customer has failed to pay a bill before the delinquency date for two billing periods out of twelve or less consecutive billing periods; or

D. The Water Division can show a likelihood that the customer does not intend to pay for continued

service. (1948 C., Ch. 55, § 10; 1960 C., § 548.070(7); 1994 C., § 23.06.076; Ord. No. 58045, § 3(part), 1980; Ord. No. 55357, § 1(part), 1969.)

23.06.080 Rebate—Vacating premises.

Any consumer who vacates the premises for which he paid for the use of water before the expiration of the period covered, may notify the Water Commissioner in writing, who shall cause the water to be shut off at such premises. The Water Commissioner shall certify to the Comptroller the amount due the consumer on account of the unexpired period. The Comptroller shall notify the Treasurer to refund this amount to the consumer. (1948 C., Ch. 55, § 11(part); 1960 C., § 548.080; 1994 C., § 23.06.080; Ord. No. 48646, § 3(part), 1958.)

23.06.090 Rebate—When not allowed.

No rebates will be allowed on sprinkling charge, washing machines, livestock or movable articles. Any temporary failure or interruption of supply or decrease of pressure in the service shall not entitle the consumer to a rebate. (1948 C., Ch. 55, § 11(part); 1960 C., § 548.090; 1994 C., § 23.06.090; Ord. No. 48646, § 3(part), 1958.)

23.06.100 Rebate—Premises destroyed by fire.

Any consumer deprived of the use of water by the destruction by fire of the premises for which he has paid for the use of water, shall be entitled to a rebate as provided in Section 23.06.080. (1948 C., Ch. 55, § 12; 1960 C., § 548.100; 1994 C., § 23.06.100; Ord. No. 48646, § 4, 1958.)

23.06.110 Flat rate assessment—Second bill.

All premises for which the use of water is assessed at flat rates must be assessed by the Water Commissioner for the use of water for all purposes for which it is exposed to be used.

After the bill is paid for the use of water upon any premises, if the Water Commissioner shall find that water supplied to the premises is used or exposed to be used for purposes not contemplated under the rate paid, then the Water Commissioner is authorized to issue a second bill assessing the proper rate as established by ordinance for the purpose not covered by the first bill. If the second bill is not paid within five days, then the Water Commissioner shall place a meter on the connection supplying the premises, and the water used thereafter on the premises shall be paid for at the meter rates established by ordinance. (1948 C., Ch. 55, § 17; 1960 C., § 548.110; 1994 C., § 23.06.110; Ord. No. 48646, § 8, 1958.)

23.06.120 Repair charges.

Where the stopcock on the service pipe or the box covering it is out of order, the Water Commissioner shall excavate and shut off at the curb or at the main, in his discretion, and charge the cost of such labor against the owner, agent, occupant or lessee of such premises. These charges shall be added to the amount of the unpaid bill to be collected by the collector of the revenue before water is again furnished such owner, agent, occupant or lessee of the premises.

The Water Commissioner shall also notify the owner, agent or lessee to repair the stopcock or box and in case the owner, agent or lessee neglects or refuses to repair the stopcock or box at once, the Water Commissioner shall proceed as authorized in Section 23.04.070. (1948 C., Ch. 55, § 18(part); 1960 C., § 548.130; 1994 C., § 23.06.120.)

23.06.130 Reserved.

Editor's Note:

Ord. No. 71683, § 2, approved June 26, 2023, amended the Code by repealing former § 23.06.130 in its entirety. Former 23.06.130 pertained to shutoff for delinquency, and derived from the 1948 Code, Ch. 55, § 18; the 1960 Code, § 548.120; the 1994 Code, § 23.06.130; Ord. No. 55357 of 1969; Ord. No. 57997 of 1980; Ord. No. 66076 of 2003; Ord. No. 67919 of 2008; Ord. No. 68040, approved July 7, 2008; and Ord. No. 68694, approved June 25, 2010.

23.06.140 Main pipe cut off.

Whenever the Water Commissioner causes the water to be shut off from any hydrant or premises and it is turned on again without his permission, the Water Commissioner shall immediately cause the connection with the main pipe to be cut off. Water shall not again be supplied to these premises until the cost of cutting off the connection from the main and reconnecting it is paid to the Water Division, except in those cases where the premises have been vacated by the delinquent consumer and a new owner, tenant or lessee applies in good faith for permission to use the water. (1948 C., Ch. 55, § 19; 1960 C., § 548.140; 1994 C., § 23.06.140; Ord. No. 48646, § 9, 1958.)

City Counselor Ops.: 10247

23.06.150 Delinquent consumer at new location.

Should a delinquent consumer or any person in his name make application for the use of water at any other

premises in the City, he shall be required to pay the amount of the delinquent bill, including the cost of cutting off and repairing the connection to the premises formerly occupied or owned by the party before permission is granted for use of water at his new location. (1948 C., Ch. 55, § 20(part); 1960 C., § 548.150; 1994 C., § 23.06.150; Ord. No. 48646, § 10(part), 1958.)

City Counselor Ops.: 10247

23.06.160 Turning on shut off water.

Any person turning water on any hydrant or pipe that has been shut off by the Water Commissioner, shall be deemed guilty of a misdemeanor. (1948 C., Ch. 55, § 20(part); 1960 C., § 548.160; 1994 C., § 23.06.160; Ord. No. 48646, § 10(part), 1958.)

23.06.170 Liens.

When any water bills or charges pursuant to ordinance remain unpaid, in whole or in part after the date due for payment, the Collector of Revenue is authorized to file a lien upon the premises or real estate upon or for which the water was used or service rendered. The Collector of Revenue shall notify the property owner via certified mail that a lien will be filed on the property no less than ten (10) days prior to the filing of the lien. (1960 C., § 548.170; 1994 C., § 23.06.170; Ord. No. 68040, § 4, 7-7-2008; Ord. No. 55357, § 1(part), 1969.)

ACCESS TO METERS

Sections:

23.08.010 Right of entry.
23.08.020 Accessibility.

23.08.010 Right of entry.

The Water Commissioner and his duly authorized employees shall have free access at all reasonable hours to any premises where it may be necessary to ascertain the reading of meters, the location or condition of a water pipe, or other fixtures attached to the waterworks, or to shut off or let on water from any hydrant, pipe or other attachment, or for any other purpose that may be deemed essential for the operation of the waterworks, prevention of waste or protection of the revenue. (1948 C., Ch. 55, § 21; 1960 C., § 549.020; 1994 C., § 23.08.010.)

City Counselor Ops.: 9593

23.08.020 Accessibility.

It shall be the duty of all owners, agents, occupants or lessees to see that meters on service connections wherever located shall be readily accessible at all times to the Water Commissioner or his duly authorized agents. Failure to remove any obstruction which prevents access to the meter within three days after being notified by the Water Commissioner shall be sufficient warrant for him to shut off the water pipe supplying the premises, and it shall not be again turned on until all obstructions are removed. (1948 C., Ch. 55, § 27; 1960 C., § 549.010; 1994 C., § 23.08.020.)

ABUSE OF WATER PRIVILEGES

Sections:

23.10.010 Abuse requires meter.
23.10.020 Use of meter to determine excessive water use.
23.10.030 Water shut off.
23.10.040 Misuse of water—Abusing waterworks.

23.10.010 Abuse requires meter.

Any person to whom a bill is issued for the use of water at a flat rate who shall use or allow to be used water from the premises designated in his bill for any other purpose than that specified therein, or shall allow any person not having paid for the use of water from such premises to use water from such premises, or who shall allow any hydrant to remain exposed to public use, or shall suffer or permit any unnecessary waste of water therefrom, or shall negligently suffer or permit the water to waste because of the plumbing fixtures being out of repair, or otherwise, shall be deprived of the privilege of having a flat rate assessed against the premises. The Water Commissioner shall place a meter on that connection and the water supplied to those premises thereafter shall be paid for at the meter rates prescribed by ordinance. (1948 C., Ch. 55, § 13(part); 1960 C., § 550.010; 1994 C., § 23.10.010; Ord. No. 48646, § 5(part), 1958.)

23.10.020 Use of meter to determine excessive water use.

The Water Commissioner is authorized to place a meter on any connection to the City mains, at his own discretion, for the purpose of ascertaining the quantity of water flowing through such connection, and should

he find that there is an excessive use of water on such premises, payment shall be made thereafter at meter rates. (1948 C., Ch. 55, § 13(part); 1960 C., § 550.020; 1994 C., § 23.10.020; Ord. No. 48646, § 5(part), 1958.)

23.10.030 Water shut off.

Any consumer of water through a metered connection who shall continue to allow the unnecessary waste of water through defective plumbing, carelessness or otherwise, after the Water Commissioner has notified him of such defect, shall have the water shut off from his premises, and it shall not be again turned on until such time as he may be able to show evidence satisfactory to the Water Commissioner that the unnecessary waste of water will be discontinued. Such consumer shall not be entitled to any claim for damages due to his water supply being shut off. (1948 C., Ch. 55, § 14; 1960 C., § 550.030; 1994 C., § 23.10.030.)

TAMPERING WITH FIRE HYDRANTS

Sections:

23.11.010 Permit required.
23.11.020 Prohibited acts.
23.11.030 Responsibility of parent or guardian.
23.11.040 Liability of parent or guardian.

23.11.010 Permit required.

No person shall tamper with any fire hydrant without obtaining a permit to do so from the City of St. Louis Water Division. As used herein "fire hydrant" includes fire hydrants, fireplugs or other devices for connecting a fire hose to a water main. The word "tamper" shall include, but not be limited to, the removal of the cap or any other part of said device; the insertion of any object or material into said device; the application of any wrench, tool, implement or other object or material to said device; the attachment of a hose or any other instrument to said device; or the use of said device in any fashion so as to permit water to flow therefrom. This section shall not apply to the owner of said device, the agents, permittees, and employees of said owner, representatives of the City of St. Louis, or any firefighting personnel engaged in any activity related to firefighting or the maintenance and operation of firefighting equipment. (1994 C., § 23.11.010; Ord. No. 63245, § 1, 1994.)

23.11.020 Prohibited acts.

No person shall in a public street or other public place play, stand or lay in water discharged from a fire hydrant unless said discharge was established by the City for said activities. (1994 C., § 23.11.020; Ord. No. 63245, § 2, 1994.)

23.11.030 Responsibility of parent or guardian.

No parent or guardian, excluding foster parents, of any unemancipated minor under eighteen years of age, in his or her care and custody, shall allow such minor to engage in conduct prohibited by Section 23.11.010 or Section 23.11.020 of this chapter. (1994 C., § 23.11.030; Ord. No. 63245, § 3, 1994.)

23.11.040 Liability of parent or guardian.

The parent or guardian, excluding foster parents, of any unemancipated minor, under eighteen years of age, in their care and custody, shall be liable for any damages caused by said unemancipated minor, as the result of a violation of Section 23.11.010 or Section 23.11.020 of this chapter, up to an amount of one thousand dollars ($1,000.00). Such liability shall not be a bar to prosecution of any other proceeding against the unemancipated minor for a violation of Section 23.11.010 or Section 23.11.020 of this chapter. If necessary, to the extent permitted by law, the unemancipated minor shall be detained by the police until the parent or guardian can be located and processed. (1994 C., § 23.11.040; Ord. No. 63245, § 4, 1994.)

WATER CONNECTION REPAIRS

Sections:

23.12.010 Repair required.
23.12.020 Notice to repair.
23.12.030 Reconnection.

23.12.010 Repair required.

Stop boxes over the shut off valves on all service pipes must be kept in repair, exposed and accessible at all times by the agent, owner or occupant of the premises supplied by such service pipes. (1948 C., Ch. 55, § 24(part); 1960 C., § 551.010; 1994 C., § 23.12.010; Ord. No. 48646, § 11(part), 1958.)

23.12.020 Notice to repair.

Whenever a stop box or shut off valve is found by the Water Commissioner to be broken, in need of repairs, covered up or in any way inaccessible, he shall notify the agent, owner or occupant to repair, locate or uncover the stop box or shut off valve within five days. Failure by the agent, owner or occupant to comply with such notice shall be sufficient to warrant for the Water Commissioner to excavate and shut off the water at the curb or at the main, in his discretion. (1948 C., Ch. 55, § 24(part); 1960 C., § 551.020; 1994 C., § 23.12.020; Ord. No. 48646, § 11(part), 1958.)

23.12.030 Reconnection.

Permission for the use of water for premises supplied from such tap shall not be granted, nor shall the water be turned on at the tap until the stop box or shut off valve is repaired and placed in a condition satisfactory to the Water Commissioner and the total expense of excavating, disconnecting and reconnecting the service pipe and of replacing the street pavement is paid. (1948 C., Ch. 55, § 24(part); 1960 C., § 551.030; 1994 C., § 23.12.030; Ord. No. 48646, § 11(part), 1958.)

USE OF NEIGHBOR'S WATER

Sections:

23.14.010 Permission required.
23.14.020 Use without permission.
23.14.030 Use of drinking fountains.
23.14.040 Duties of police.

23.14.010 Permission required.

The owner or occupant of any store, shop, office or residence having no water connection to the main, may apply to the Water Commissioner for permission to use water from any premises in the neighborhood. Permission for the use of water from such premises may be granted providing the owner or occupant of the premises gives written permission to the Water Commission for such use. (1948 C., Ch. 55, § 16(part); 1960 C., § 552.010; 1994 C., § 23.14.010; Ord. No. 48646, § 7(part), 1958.)

23.14.020 Use without permission.

Any person persisting in the use of water from premises not occupied by him and without permission from the Water Commissioner and owner or occupant of such premises shall be deemed guilty of a misdemeanor. (1948 C., Ch. 55, § 16(part); 1960 C., § 552.020; 1994 C., § 23.14.020; Ord. No. 48646, § 7(part), 1958.)

23.14.030 Use of drinking fountains.

Persons habitually using water from public drinking fountains and water troughs for domestic purposes or for watering livestock, without first obtaining permission therefor, shall be deemed guilty of a misdemeanor. (1948 C., Ch. 55, § 16(part); 1960 C., § 552.030; 1994 C., § 23.14.030; Ord. No. 48646, § 7(part), 1958.)

23.14.040 Duties of police.

It is the duty of all policemen to report any and all breaches of this chapter to the Water Commissioner. (1948 C., Ch. 55, § 16(part); 1960 C., § 552.040; 1994 C., § 23.14.040; Ord. No. 48646, § 7(part), 1958.)

Art. I § 1(18) Water rates

McQuillin:

35.37 Rates for water, generally

34.142 et seq. Water rates

23.16.020 Water turn-on service charge.

A service charge equal to $40.00 shall be collected in advance for turning on water to new flat rate and meter accounts, subject to the Inflation Adjustment.
(1960 C., § 553.015; 1994 C., § 23.16.020; Ord. No. 71683, §§ 2, 9, 6-26-2023; Ord. No. 68694, § 10, 6-25-2010; Ord. No. 67919, § 10, 2008; Ord. No. 66076, § 10, 2003; Ord. No. 57089, § 1, 1975.)

23.16.025 Definitions and inflation adjustment.

A. "Implementation date" shall mean the date as of which the rates of this Chapter are effective, which shall be July 1, 2023, or the effective date of this ordinance, whichever is later.

B. "First year" shall mean the time period beginning on the implementation date and ending on December 31, 2023.

C. "Second and third years" shall mean the calendar years beginning on January 1, 2024 and ending December 31, 2025.

D. "Inflation adjustment" shall mean that notwithstanding the rates enacted for the first year and any rates enacted for the second and third years, (a) on January 1 of each calendar year from January 1, 2026 and thereafter each water rate and service charge specified in Sections 5 to 11 of Ord. No. 71683 shall increase automatically by the annual change in CPI-U for the preceding calendar year as published by the U.S. Bureau of Labor Statistics in the event that the CPI-U for the preceding calendar year is a positive number; and (b) in the event the CPI-U for the preceding calendar year is not a positive number, the rate or service charge shall continue without change for another calendar year.
(1994 C., § 23.16.025; Ord. No. 71683, §§ 2, 3, 6-26-2023; Ord. No. 68694, § 3, 6-25-2010; Ord. No. 67919, § 3, 2008; Ord. No. 66076, § 3, 2003; Ord. No. 63136, §§ 3, 4, 1994; Ord. No. 59524, §§ 3, 4, 1985.)

23.16.040 Flat rates.

The following rates and charges are hereby imposed, subject to the Inflation Adjustment:

A. Flat Rate for Domestic Use.

1. For the use of water for domestic family residence, flat or apartment purposes, for periods of three months in advance:

FIRST YEAR	
Room charge, each	$4.51
Water closet, each.	$17.66
Baths, each	$14.82
Shower, separate from bath, each	$14.82
SECOND AND THIRD YEARS	
Room charge, each	$5.41
Water closet, each.	$21.19
Baths, each	$17.78
Shower, separate from bath, each	$17.78

2. Sprinkling charge of $0.30 per front foot shall be assessed each three-month billing period for lawn sprinkling and other outside uses beginning with the implementation date of this ordinance.
Sprinkling charge of $0.36 per front foot shall be assessed each three-month billing period for lawn sprinkling and other outside uses for the Second and Third Years.

B. *Temporary use of flat rate.* In those cases where users are not eligible for flat rates as enumerated in Section 23.16.060, Revised Code, and where existing water service is unmetered as of the effective date of this ordinance, it shall be the duty of the Water Commissioner, as soon as possible, to cause the installation or setting of the required meter. In the interim, bills shall be rendered to these customers on the basis of the appropriate flat rates imposed by this ordinance.

C. Swimming pool charge.

1. A flat water rate shall be applied where a swimming pool, pond or other pool is found on the premises having a capacity of more than one hundred (100) cubic feet and less than two thousand (2,000) cubic feet which are not metered under Section 23.16.060, Revised Code. Said flat rate shall be payable for periods of three (3) months in advance as follows:
Swimming pool, pond or other pool having a capacity of more than 100 but less than 501 cubic feet—$33.34

Swimming pool, pond or other pool having a capacity of 501 but less than 1,001 cubic feet—$46.66

Swimming pool, pond or other pool having a capacity of 1,001 but less than 1,501 cubic feet—$60.02

Swimming pool, pond or other pool having a capacity of 1,501 but less than 2,000 cubic feet—$73.34

2. After paying the flat rates imposed under the foregoing Section 5(c)1 or Section 5(c)1 of Ordinance Number 68694, or both, for a minimum of one (1) year, the user making said payments shall have the option to pay at meter rates as provided by Chapter 23.18, Revised Code. Such options shall be exercised in writing on forms supplied by the Water Commissioner. The user shall provide for the meter by having a meter box and set up installed on the service in accordance with Section 23.04.210, Revised Code, at the user's own expense.

(1948 C., Ch. 55, § 22; 1960 C., § 553.030; 1994 C., § 23.16.040; Ord. No. 71683, §§ 2, 4, 6-26-2023; Ord. No. 68694, § 5, 6-25-2010; Ord. No. 67919, § 5, 2008; Ord. No. 66076, § 5, 2003; Ord. No. 63136, § 4(a) 1994; Ord. No. 59524, § 4(a), 1985; Ord. No. 57997, § 1, 1980; Ord. No. 57089, § 1, 1975; Ord. No. 56553, § 1, 1973; Ord. No. 55357, § 1, 1969; Ord. No. 49381, § 1, 1959.)

23.16.060 Persons ineligible for flat rates.

The following water users shall not be eligible for flat rates:

A. All commercial, industrial, institutional, governmental, charitable, educational, religious users, including rooming, lodging, boardinghouses, and hotel users;

B. Domestic customers whose premises contain any of the following equipment or facilities:

1. Water-cooled air conditioning or refrigeration equipment;

2. Swimming pool, or other pool or pond, two thousand cubic feet or more in capacity;

3. Aquarium, fountain, or other device using a constant supply of water;

4. Hydraulically operated motor, pump, lift, or other equipment;

5. Any other device judged by the Water Commissioner to use more than a normal amount of water.

(1948 C., Ch. 55, § 22(part); 1960 C., § 553.050; 1994 C., § 23.16.060; Ord. No. 55523, § 1, 1970; Ord. No. 49381, § 1(part), 1959.)

23.16.090 Penalty for violation.

Any owner, agent, or occupant of unmetered premises on which a pool described in Section 23.16.080 is found without the swimming pool charge having been paid within fifteen days after written notice shall be guilty of a misdemeanor, and, upon conviction, shall be punished by a fine of not less than twenty-five dollars nor more than five hundred dollars for the first offense, and not less than fifty dollars nor more than five hundred dollars for subsequent offenses. (1960 C., § 553.080; 1994 C., § 23.16.090; Ord. No. 55523, § 3, 1970.)

23.18.050 Assessed on total at one location.
23.18.060 Street railways and railroads.
23.18.070 Metered rates.

23.18.010 Request for meter.

Water furnished to any premises at flat rates, as provided for in Chapter 23.16, may be paid for at meter rates at the request of the person requiring the use of water and applying for a meter. (1948 C., Ch. 55, § 23(part); 1960 C., § 554.010; 1994 C., § 23.18.010; Ord. No. 49381, § 2(part), 1959.)

23.18.015 Definitions and inflation adjustment.

A. "Implementation date" shall mean the date as of which the rates of this Chapter are effective, which shall be July 1, 2023, or the effective date of this ordinance, whichever is later.

B. "First year" shall mean the time period beginning on the implementation date and ending on December 31, 2023.

C. "Second and third years" shall mean the calendar years beginning on January 1, 2024 and ending December 31, 2025.

D. "Inflation adjustment" shall mean that notwithstanding the rates enacted for the first year and any rates enacted for the second and third years, (a) on

January 1 of each calendar year from January 1, 2026 and thereafter each water rate and service charge specified in Sections 5 to 11 of Ord. No. 71683 shall increase automatically by the annual change in CPI-U for the preceding calendar year as published by the U.S. Bureau of Labor Statistics in the event that the CPI-U for the preceding calendar year is a positive number; and (b) in the event the CPI-U for the preceding calendar year is not a positive number, the rate or service charge shall continue without change for another calendar year.
(Ord. No. 71683, § 3, 6-26-2023.)

23.18.020 Meters placed at order of Water Commissioner.

The Water Commissioner shall have power to place any premises under meter, and render bills therefor at meter rates, whenever, in his opinion, it is necessary for the interest of the City or for the protection of the revenue. (1948 C., Ch. 55, § 23(part); 1960 C., § 554.020; 1994 C., § 23.18.020; Ord. No. 49381, § 2(part), 1959.)

23.18.030 Required users.

All premises supplied through connections of greater capacity than one tap, three-fourths of an inch in diameter, and all commercial, industrial, governmental, religious, including boarding, rooming, lodging houses and hotels, users shall be placed under meter, and the water used be paid for at metered rates. (1948 C., Ch. 55, § 23(part); 1960 C., § 554.030; 1994 C., § 23.18.030; Ord. No. 49381, § 2(part), 1959.)

23.18.040 Separate meters.

In the event a customer is served by more than one meter, at any one location, the minimum bill shall be the sum of the minimums for the separate meters. (1948 C., Ch. 55, § 23(part); 1960 C., § 554.060; 1994 C., § 23.18.040; Ord. No. 49381, § 2(part), 1959.)

23.18.050 Assessed on total at one location.

All premises supplied with water at meter rates shall have the rate assessed on the total quantity of water used during the billing period at one location, whether it be a single building or group of buildings in one block or adjacent blocks or tracts of ground. (1948 C., Ch. 55, § 23(part); 1960 C., § 554.070; 1994 C., § 23.18.050; Ord. No. 49381, § 2(part), 1959.)

23.18.060 Street railways and railroads.

Street railways and railroads shall have their meter rate independently assessed on the total quantity of water used at each location on their lines of track and for each piece of property owned, leased, or controlled by them and not adjacent to their tracks.

The term "each location" as above used is hereby defined to be a station roundhouse, shop or power plant, with the switching tracks and yards adjacent to each. (1948 C., Ch. 55, § 23(part); 1960 C., § 554.080; 1994 C., § 23.18.060; Ord. No. 49381, § 2(part), 1959.)

23.18.070 Metered rates.

The following rates are hereby imposed, subject to the Inflation Adjustment:

A. Water furnished to all metered connections shall be assessed for use per three-month billing period, or less, at rates equal to the combined sum of a readiness-to- serve charge and a quantity charge.

B. The readiness-to-serve charge shall be determined by the size of the meter and shall be as follows:

FIRST YEAR METER	
5/8"	$28.61
3/4"	$33.34
1"	$42.26
1½"	$61.12
2"	$88.82
3"	$172.21
4"	$305.46
6"	$583.19
8"	$888.64
10"	$1,221.90
SECOND AND THIRD YEARS METER	
5/8"	$34.33
3/4"	$40.01
1"	$50.71
1½"	$73.34
2"	$106.58
3"	$206.65
4"	$366.55
6"	$699.83
8"	$1066.37
10"	$1466.28

C. Should water be furnished through two (2) or more separate meters, the readiness-to-serve charge shall be the combined total of the readiness-to-serve charge for each meter. Should water be furnished through

a single meter containing two (2) or more metering elements, the readiness-to-serve charge shall be that for a single meter the size of the largest metering element.

D. The quantity charge shall be at the following rates:

FIRST YEAR

(i) For first 25,000 cubic feet per billing, per 100 cubic feet, $2.12

(ii) For next 1,975,000 cubic feet per billing, per 100 cubic feet, $1.66

(iii) Over 2,000,000 cubic feet per billing, per 100 cubic feet, $1.25

SECOND AND THIRD YEARS

(i) For first 25,000 cubic feet per billing, per 100 cubic feet, $2.54

(ii) For next 1,975,000 cubic feet per billing, per 100 cubic feet, $1.99

(iii) Over 2,000,000 cubic feet per billing, per 100 cubic feet, $1.50

E. Should water be furnished through two (2) or more meters or through a single meter with two (2) or more metering elements, the quantity charge shall be based on the combined total of all water used as indicated by all registers.

23.22.010 Water for certain specified lot owners.

The privilege of drawing and receiving water from the eight-inch water main between the corporate limits of the City and the Robert Koch Hospital in St. Louis County, upon the terms and conditions hereinafter stated, is granted to the present or future owners of lot number two and lot number one, excepting the easterly six acres of lot number one, as set out in the plat of the Commissioner in partition Davis vs. Forder, St. Louis land court, October term, 1859, in United States survey number thirty-one hundred and nineteen. The Water Commissioner, Collector of Water Rates and the Comptroller of the City shall issue, upon the acceptance and approval of applications in the form prescribed in Section 23.22.020, licenses therefor, and shall collect the meter rates charged according to the provisions of the ordinance of the City now in force, or which may hereafter be adopted for the furnishing of water to users thereof within the City. (1948 C., Ch. 55, § 28; 1960 C., § 557.010; 1994 C., § 23.22.010.)

23.22.020 Application.

Either of the parties designated in Section 23.22.010 desiring to draw water for domestic use only, from such

main, shall make a written application therefor, in duplicate; one copy thereof to be filed with the Water Commissioner and the other with the collector of water rates. This application shall contain an accurate description of the location of his meter and of the character and location of his private pipe line and the number of connections to it. The applicant shall in such application agree that his private pipe line, meter and other appurtenances for receiving water from such main shall be subject to the same control, inspection and regulations of the City as the private pipe lines, meters and appurtenances of users of water within the City, and shall agree to obey all ordinances, rules and regulations of the City now in force, or which may hereafter be adopted, relating to the furnishing of water to consumers within the City. For the of this chapter, the term:

A. "Billing period" means a utility service usage period of not less than 26 nor more than 35 days, except for initial, corrected or final bills, in which case the rate should be prorated if necessary.

B. "Gross receipts" means the aggregate amount of all sales and charges of the commodities or services by every person engaged in the business of furnishing electricity for light, heat or power for the use of the public in the City during any period less discounts, credits, refunds, sales taxes and uncollectible accounts actually charged off during the period.

C. "Residential customer" means customers subject to the residential service rate tariff as approved by the Missouri Public Service Commission. (1960 C., § 152.030(part); 1994 C., § 23.30.005; Ord. No. 58330, § 1(part), 1981; Ord. No. 57904, § 1(part), 1979.)

23.30.010 Generally.

No person furnishing electricity for light, heat or power for the use of the public shall be entitled to any privilege conferred by this chapter, except upon the following conditions set forth in this chapter. (1948 C., Ch. 55, § 77(part); 1960 C., § 152.010; 1994 C., § 23.30.010.)

23.30.020 Statement of gross receipts.

Such person shall file with the Register his acceptance of all the terms of this Code and agree to file with the Comptroller on or before the second to last day of each month commencing October, 1969, a statement of

gross receipts from the business of supplying electricity for light, heat or power within the City for the next preceding month. This statement shall be verified by the person so filing and shall be subject to audit by the Comptroller. (1948 C., Ch. 55, § 77(a); 1960 C., § 152.020; 1994 C., § 23.30.020; Ord. No. 55392, § 1, 1969.)

23.30.030 Gross receipts tax.

A. Every person engaged in the business of distributing and selling electricity for heating, lighting, power and refrigeration for use of the public in the City shall pay to the City a tax equal to ten percent (10%) of the gross receipts of such business. Provided, however, that for each billing period beginning after June 30, 1983, such person shall pay to the City a tax equal to ten percent (10%) of the gross receipts of such business which are derived from all users who are not residential customers and four percent (4%) of the gross receipts derived from all users who are residential customers.

B. A portion of this tax imposed hereby is for the use and occupation of the streets and other public highways of the City by such person for its distributing system. From the proceeds of the above payments, the Comptroller is hereby authorized and directed to place to the credits of the "Street Improvement Fund" established by Ordinance 58894, an amount equal to 0.75% of the amount of the gross receipts upon which a tax is levied.

C. There is hereby established "The Equitable Relief From Utility Tax Fund" to the credit of which fund the Comptroller is hereby directed and authorized to place the proceeds from such tax from those City residents directly aided by the Low Income Home Energy Assistance Program and the Dollar More Program. The amount of tax monthly beginning July 1, 2008, each year to be made available from appropriation in the general appropriation ordinance, in order to assist low income residents of the City of St. Louis in the payment of their electric heating and cooling service. The Missouri Division of Family Services and the Dollar More Program shall provide monthly statements to the Comptroller, in the form he approves, indicating the amount of gross revenue and tax paid through the program.

(1948 C., Ch. 55, § 77(b); 1960 C., § 152.030(part); 1994 C., § 23.30.030; Ord. No. 67992, § 1, 6-24-2008; Ord. No. 60564, § 2, 1987; Ord. No. 60248, § 2, 1987; Ord. No. 58976, § 1, 1983; Ord. 23.30.040 Bond.

Such person shall, at the time of filing his acceptance, file with the Register his penal bond in the sum of twenty thousand dollars, conditioned as follows:

A. He will comply with all the conditions of this chapter, any ordinance which may be enacted regulating the placing of wires, tubes or cables in the streets, alleys and public places for the purpose of supplying electricity for light, heat or power, with all regulations of the Board of Public Service relating to such subject matter;

B. He will make the statements and payments required by this chapter;

C. He will save the City harmless and indemnified from any loss, costs or damage by reason of the exercise of any privilege granted by this chapter or by any ordinance which may be enacted relating to the same subject matter. (1948 C., Ch. 55, § 77(c); 1960 C., § 152.040; 1994 C., § 23.30.040.)

23.32.040 Statement of gross receipts.

Each corporation about to commence business shall file with the Register, at the time the application is made for the use of the streets, alleys, or public places, its written acceptance of privilege granted by this Code and having agreed in such application that it will on or before the second to last day of each month commencing October, 1969, file with the Comptroller a statement of its gross receipts from its telephone and telegraph business within the City for the next preceding month. This statement shall be verified by the affidavit of its president or secretary. (1948 C., Ch. 55, § 80(a); 1960 C., § 153.040; 1994 C., § 23.32.040; Ord. No. 55391, § 1(part), 1969.)

23.32.050 Gross receipts tax.

Such corporation shall, at the time of filing such statement, pay into the City Treasury ten percent of the amount of such gross receipts. This amount shall be in addition to all other taxes imposed by law. From the proceeds of the above payments, the Comptroller is authorized and directed to place to the credit of the "Unimproved Street Fund," established by Ordinance 55852, an amount equal to 0.15% of the amount of the gross receipts.

For the purpose of this chapter the term "gross receipts" means the aggregate amount of all sales and charges of any company engaged in the telephone and telegraph business obtained from its customers within the City for any services, there provided during any period less discounts, credits, refunds, sales taxes and uncollectible accounts actually charged off during the period. (1948 C., Ch. 55, § 80(b); 1960 C., § 153.050; 1994 C., § 23.32.050; Ord. No. 56070, § 1, 1971; Ord. No. 55964, § 1(part), 1971; Ord. No. 54725, § 1(part), 1967.)

Cases:

A ten percent charge on gross receipts imposed against telegraph company pursuant to this section was a rent rather than a tax and was invalid for (1) impairment of contractual rights, (2) violation of equal protection guarantees, and (3) violation of the Commerce Clause of the United States Constitution. *City of St. Louis v. Western Union,* 760 S.W. 2d 577 (Mo. App. 1988).

23.32.060 Bond.

Each corporation shall, at the time of such filing, also file with the Register a good and sufficient penal bond in the sum of twenty thousand dollars. This bond shall be conditioned as follows:

A. The corporation will comply with all the provisions of this section and of all ordinances which may hereafter be enacted relating to telephone and telegraph corporations;

B. The corporation will pay into the City Treasury the percentage of its gross receipts as provided by this chapter. (1948 C., Ch. 55, § 80(c); 1960 C., § 153.060; 1994 C., § 23.32.060.)

23.32.070 Comptroller's powers.

Should the Comptroller not be satisfied of the accuracy of any statement required by this chapter, he may require officers and employees of the corporation concerned to appear before him and submit themselves and its books and papers to his examination. Should he ascertain from any of this material or from any other information that the gross receipts of such corporation during the time specified were greater than the amount stated, such corporation, notwithstanding such statement, shall pay into the City Treasury ten percent of its gross receipts as ascertained by the Comptroller. (1948 C., Ch. 55, § 81; 1960 C., § 153.070; 1994 C., § 23.32.070; Ord. No. 55964, § 1(part), 1971; Ord. No. 54725, § 1(part), 1967.)

23.32.080 Penalty for violation of Sections 23.32.060 and 23.32.070.

Any telegraph or telephone corporation or any president, manager, superintendent or local officer in charge thereof who shall violate or fail to comply with any of the provisions of Sections 23.32.060 and 23.32.070 shall be guilty of a misdemeanor; and each day's refusal or neglect to pay the amount due for any six months, as provided in Sections 23.32.030—23.32.060 within ten days after the same becomes due and payable, shall constitute a separate offense. 23.34.010 Telecommunications providers and fiber network providers to pay tax.

Every entity now or hereafter engaged in a general telecommunications business in the City, providing telecommunications, telecommunications exchange, or local, toll, or long distance telephone service to its customers with a service or billing address within the St. Louis City limits ("telecommunications providers") shall pay to the City a tax as hereinafter provided in this chapter.

Every entity now or hereafter engaged in providing fiber networks to customers using fiber networks, built in whole or in part in the City's public right-of-way, who are not subject to franchise fees, or gross receipts taxes, ("fiber network providers"), shall pay to the City a tax as hereinafter provided in this chapter.

Telecommunications providers and fiber network providers shall pay the City a tax as hereinafter provided, except that no entity already required to pay a franchise fee, or gross receipts tax, or linear foot fees shall also be required to pay a gross receipts tax hereunder.

This chapter is not intended to apply to small wireless facilities as defined in RSMo 67.5112. (1948 C., Ch. 55, § 83; 1960 C., § 154.010; 1994 C., § 23.34.010; Ord. No. 70905, § 1(23.34.010), 2-1-2019.)

23.34.020 Gross receipts tax.

Every telecommunications provider and fiber network provider shall pay to the City a tax equaling seven and one half percent of the gross receipts of any such company obtained from customers or from other use of its fiber networks for any services there provided, except such receipts as represent charges for message rate toll, or long distance, telephone service, charges for message rate interzone telephone service, charges for exclusive interstate service of any kind, charges for Morse, telegraph or radio program transmission facilities, or for other services furnished exclusively and permanently in connection with services extending beyond the boundaries of the City, charges for the billing and collecting for telegrams, charges for the sale of telephone directories, charges for Yellow Pages advertising, charges for the rental of plant facilities or other property not currently used by any such company in furnishing its telephone services, and charges which combine both receipts which are herein taxed and which are herein excepted in all cases in which the demonstrable cost to any such telephone company in making a separation between the revenues taxed and those excepted shall exceed the evident revenue to be derived from the City hereunder. "Gross receipts" does not include an amount equal to all discounts, credits, refunds, overcharges, or overpayments, sales taxes and uncollectible accounts actually charged off, returned, or given credit for by such telephone company to its subscribers during the period for which the return is made, and all discounts, credits, refunds, overcharges, or over payments, sales taxes, and uncollectible accounts actually charged off, returned or given credit for by such telephone company to its subscribers in a prior return period but not previously claimed as a deduction from prior reported gross receipts. Any such tax shall not be applicable to gross receipts from charges for internet access only, as that term is used in the Federal Internet Freedom Act, P.L. 105-277, as amended. Neither this section, nor any provision hereof, shall be deemed or construed as a waiver, relinquishment, creation, expansion, modification or termination of any rights which the City may already have with respect to any telecommunications provider and fiber network provider, nor shall it be deemed or construed to alter, amend or modify in any way the settlement agreement entered into between the City of St. Louis and Southwestern Bill Telephone Company and its successors on September 3, 1998. If any entity is not required to pay, or is exempt from, gross receipt tax, such entity may still be subject to the linear foot fee, as codified in Chapter 23.64 of the Revised Code of the City of St. Louis. (1948 C., Ch. 55, § 84; 1960 C., § 154.020; 1994 C., § 23.34.020; Ord. No. 70905, § 1, 2-1-2019 (23.34.020); Ord. No. 67717, §§ 1—4, 2007; Ord. No. 56071, § 1, 1971; Ord. No. 55965, § 1(part), 1971; Ord. No. 54726, § 1(part), 1967.)

23.34.030 Statement of gross receipts.

Every telecommunications provider and fiber network provider on or before the second to last day of each month shall file with the Comptroller a verified statement of its gross receipts upon which the gross receipts tax is laid for the next preceding month, and shall pay the tax at the same time as the filing of the report. (1948 C., Ch. 5, § 85; 1960 C., § 154.030; 1994 C., § 23.34.030; Ord. No. 70905, § 1, 2-1-2019 (23.34.030); Ord. No. 55393, § 1, 1969.)

23.34.040 Comptroller's powers.

Should the Comptroller be not satisfied of the accuracy of any statement required in Section 23.34.030, he may require officers and employees of the corporation concerned to appear before him and submit themselves and its books and papers to his examination. Should he ascertain therefrom or from any other information that the gross revenue herein taxed of such corporation during the specified time was greater than the amount stated, such corporation, notwithstanding such statement, shall pay into the City Treasury ten percent of its gross revenues so taxed herein as ascertained by the Comptroller. The Comptroller is autho-

rized and directed to place to the credit of the "Unimproved Street Fund," established by Ordinance 55852, from the proceeds of the gross receipts tax herein provided, an amount equal to 0.15% of the gross receipts so taxed. (1948 C., Ch. 55, § 86; 1960 C., § 154.040; 1994 C., § 23.34.040; Ord. No. 55965, § 1(part), 1971; Ord. No. 54726, § 1(part), 1967.)

23.34.080 Effect of chapter.

Neither this chapter, nor any agreement effected by acceptance hereof, nor any provisions hereof, shall be held or construed as a waiver, relinquishment, modification or termination of any rights the City may already possess to use the poles and conduits, or other plant of any such telephone company, or as a waiver, relinquishment, modification or termination of any rights any such telephone company may possess to conduct its business as presently conducted in the City. For the purposes of this chapter:

A. "Billing period" means a utility service usage period of not less than 26 nor more than 35 days, except for initial, corrected or final bills, in which case the rate should be prorated if necessary.

B. "Gross receipts" means the aggregate amount of all sales and charges of the commodities or services by every person engaged in the business of selling or distributing natural, artificial or mixed natural and artificial gas for heating, lighting, power and refrigeration for the use of the public in the City during any period less discounts, credits, refunds, sales taxes and uncollectible accounts actually charged off during the period.

C. "Residential customer" means a customer using residential service.

D. "Residential service" is service to a customer using gas to provide either space heating, air-conditioning, cooking, water heating or other gas use for domestic household purposes through a single meter for either a single-family dwelling unit or for service to not more than four (4) single-family dwelling units served by a single meter in a multiple-family building or portion thereof; provided, however, that in any event the usage of residential service must constitute more than fifty percent (50%) of the total metered usage. (1960 C., § 155.020(part); 1994 C., § 23.36.005; Ord. No. 57959, § 1(part), 1979; Ord. No. 57903, § 1(part), 1979.)

23.36.010 Gross receipts tax.

A. Every person engaged in the business of distributing and selling natural, artificial or mixed natural and artificial gas for heating, lighting, power and refrigeration for use of the public in the City through pipe lines laid in the streets and other public highways of the City, shall pay to the City a tax equal to ten percent (10%) of the gross receipts of such business. Provided, however, that for each billing period beginning after June 30, 1983, such person shall pay to the City a tax equal to ten percent (10%) of the gross receipts of such business which are derived from all users who are not residential customers and four percent (4%) of the gross receipts derived from all users who are residential customers.

Cases:

Sums which gas company had collected from customers, and which it had segregated for repayment to customers on termination of gas rate proceedings, did not constitute "gross receipts" within meaning of Ord. No. 41325, *Laclede Gas Co. v. City of St. Louis,* 253 S.W. 2d 832 (153).

Ordinance imposing gross receipts tax on those in business of selling or distributing gas for heating, lighting, power or refrigeration was not applicable to corporation selling natural gas under private contract for industrial purposes. *City of St. Louis v. Mississippi River Fuel Corp.,* 57 F. Supp. 549 (1944).

Under ordinance of St. Louis taxing distributors and sellers of gas for "public use" in the city, corporation not chartered or licensed as a public utility held not subject to ordinance. *City of St. Louis v. Mississippi River Fuel Corp.,* 97 F. 2d 726 (1938).

23.36.020 Statement of gross receipts.

Every person engaged in the business of distributing and selling natural, artificial or mixed natural and artificial gas for heating, lighting, power or refrigeration for the use of the public in the City shall file with the Comptroller not later than the second to last day of each month commencing October, 1969, a statement of his gross receipts from such business for the preceding month. This statement shall be accompanied by a payment to the City in an amount equal to the gross receipts tax due, based on the statement filed. (1948 C., Ch. 55, § 93; 1960 C., § 155.020(part); 1994 C., § 23.36.020; Ord. No. 57959, § 1(part), 1979; Ord. No. 57903, § 1(part), 1979; Ord. No. 55966, § 1(part), 1971; Ord. No. 55394, § 1(part), 1969; Ord. No. 54727, § 1(part), 1967.)

23.36.030 Tax does not exempt other taxes.

The tax required to be paid by this chapter shall be a tax on the use and occupation of the streets and other public highways of the City for the pipe lines of the distributing system of persons engaged in the business of distributing and selling natural, artificial or mixed natural and artificial gas for heating, lighting, power or refrigeration for the use of the public in the City. Nothing contained in this chapter shall be construed so as to exempt any such person from the payment to the City of a manufacturer's and merchant's excise tax, nor from the payment of the tax which the City levies upon any real or personal property or franchise belonging to any such person. Nor shall anything contained in this chapter apply to any person now or hereafter engaged in the business of distributing and selling natural, artificial or mixed natural and artificial gas for heating, lighting, power or refrigeration for the use of the public in the City under authority originally conferred by the general assembly of the State of Missouri. (1948 C., Ch. 55, § 94; 1960 C., § 155.030; 1994 C., § 23.36.030.)

City Counselor Ops.: 8941

23.36.040 Gross receipts tax.

Every person engaged in the business of selling or distributing natural, artificial or mixed natural and artificial gas for heating, lighting, power and refrigeration in the City shall pay the City, as a license tax, a sum equal to ten percent (10%) of the gross receipts of such business. Provided, however, that for each billing period beginning after October 31, 1979, such person shall pay to the City a tax equal to 10% of the gross receipts of such business which are derived from all users who are not residential customers and 5% of the gross receipts derived from all users who are residential customers. Provided further that for each selling period beginning after June 30, 1981, such person shall pay to the City a tax equal to 10% of the gross receipts of such business which are derived from all users who are not residential customers and 4% of the gross receipts derived from all users who are residential customers. Provided further that for each billing period beginning after June 30, 1982, such person shall pay to the City a tax equal to 10% of the gross receipts of such business which are derived from all users who are not residential customers and 2% the gross receipts of such business derived from all users who are residential customers. Provided further that for each billing period beginning after June 30, 1983, such person shall pay to the City a tax equal to 10% of the gross receipts of such business which are derived from all users who are not residential customers and 0% of the gross receipts derived from all users who are residential customers. (1948 C., Ch. 55, § 95; 1960 C., § 155.040; 1994 C., § 23.36.040; Ord. No. 57903, § 1(part), 1979; Ord. No. 55966, § 1(part), 1971; Ord. No. 54727, § 1(part). 1967.)

23.36.050 Statement of gross receipts.

Every person engaged in the business described in Section 23.36.040 shall file with the Comptroller not later than the second to last day of each month commencing October, 1969, a sworn statement of his gross receipts from such business for the preceding month. The gross receipts statements provided for in Section 23.36.020 and in this section shall be subject to audit by the Comptroller to establish the accuracy thereof. Any deficiencies established by the Comptroller and confirmed by the person filing the statement of gross receipts, shall subject the person filing such statement to supplemental payment therefor. The Comptroller upon receiving payment with the statement required under Section 23.36.020 and this section shall immediately deposit such payment with the treasurer. (1948 C., Ch. 55, § 96(part); 1960 C., § 155.050; 1994 C., § 23.36.050; Ord. No. 55394, § 1(part), 1969; Ord. No. 54727, § 1(part), 1967.)

23.36.060 Tax applicability.

The tax provided for in Section 23.36.040 shall not apply to any person now or hereafter paying a gross receipts tax for the use and occupancy of streets and other public highways of the City. (1948 C., Ch. 55, § 96(part); 1960 C., § 155.060; 1994 C., § 23.36.060.)

23.36.070 Tax in lieu of other taxes.

The tax herein required to be paid shall be in lieu of any other excise, license or occupation tax on any person engaged in the business described in Section 23.36.040; provided, that nothing herein contained shall be so construed as to exempt any such person from the payment to the City of the tax which the City levies upon any real or personal property belonging to any such person. (1948 C., Ch. 55, § 97; 1960 C., § 155.070; 1994 C., § 23.36.070.)

Chapter 23.38

WATER WORKS REVENUE FUND TAX

Sections:

23.38.010 Levied.

23.38.020 Payment.

23.38.010 Levied.

There is levied and imposed a tax in the amount of ten percent on the gross receipts of the Water Works Revenue Fund. Of such ten percent, six percent shall be collected in the rate structure provided for in Ordinance No. 55357, approved July 17, 1969 (codified in Chapters 23.16 and 23.18), and four percent shall be passed on to the consumer. (1948 C., Ch. 55, § 98; 1960 C., § 156.010; 1994 C., § 23.38.010; Ord. No. 55967, § 1(part), 1971; Ord. No. 54728, § 1(part), 1967; Ord. No. 45822, § 1(98), 1951.)

23.38.020 Payment.

The Comptroller shall transfer, on the last day of each month, from the Water Works Revenue Fund to Municipal Revenue, a sum equivalent to ten percent of the gross payments into the Water Works Revenue Fund during such month. The Comptroller is authorized and directed to place to the credit of the "Unimproved Street Fund," established by Ordinance 55852, from the proceeds of the gross receipts tax herein provided, an amount equal to 0.15% of the gross receipts so taxed. (1948 C., Ch. 55, § 99; 1960 C., § 156.020; 1994 C., § 23.38.020; Ord. No. 55967, § 1(part), 1971; Ord. No. 54728, § 1(part), 1967; Ord. No. 45822, § 1(99), 1951.)

23.40.070 Report review.

23.40.080 Contracting for repairs.

23.40.090 Bidder and subcontractor wage payment.

23.40.100 Repair program requirements.

23.40.110 Minority participation.

23.40.120 Unpaid bills—Enforcement collection.

23.40.010 Cost of repair—Payment from special account.

Whenever any underground lateral sewer service pipe or its attachment that leads from any sewer main that is maintained by the St. Louis Metropolitan Sewer District (hereafter known as MSD), which line provides service to any residential property having six (6)

or less dwelling units, exceeds one (1) year in age service and is current in the payment of the charges provided by this chapter, is found to be broken or leaking, and if the break or leak is located within any public or private street, alley, right-of-way or easement, the cost of said repairs shall be paid out of the special account established by this chapter. (1994 C., § 23.40.010; Ord. No. 61364, § 1, 1989.)

23.40.020 Charge to be levied.

A. There is hereby levied a charge of twenty-eight dollars ($28.00) to be collected annually on all residential property having six (6) or less dwelling units, to provide the funds needed to pay the cost of the repairs to broken leaking lateral sewer service lines as provided in this chapter.

B. The annual charge of twenty-eight dollars ($28.00) shall be collected by the Collector of Revenue by adding such fee to the general tax levy bills on property owners. All revenue received from the annual charge of twenty-eight dollars ($28.00) from such combined bill is for the purpose of providing for, insuring or guaranteeing the repair of lateral sewer lines and shall be separated from all other revenues and credited to the special account established for this purpose. (1994 C., § 23.40.020; Ord. No. 62680, § 2, 1992; Ord. No. 61364, § 2, 1989.)

23.40.030 Charge—Effective date.

Provided that approval is first received from the voters of the City of St. Louis as provided herein, the eligibility for leaking lateral sewer service pipe repair shall become effective ninety (90) days immediately following the first quarterly payment of the charge. Any residential accounts of six (6) or less dwelling units, which have been issued leak notices prior to that date, shall not be eligible, to have the leak repaired under this program. (1994 C., § 23.40.030; Ord. No. 61364, § 3, 1989.)

Editor's Note:

The proposed levy of a charge for sewer line repair was approved by voters on August 8, 1989.

23.40.040 Special account—Established.

The Comptroller of the City is hereby authorized and directed to establish a special account for the deposit of said charge. Special account funds generated by the charge shall be deposited in said special account and shall be kept separate and apart from all other funds. The funds so collected and deposited in said special account shall be used solely for the purpose of paying for the costs reasonably associated with and necessary to administer and carry out the leaking lateral sewer service line repairs. All interest generated on deposited funds shall be accrued to the special account so established. (1994 C., § 23.40.040; Ord. No. 61364, § 4, 1989.)

23.40.050 Charge—Collection.

The Collector of Revenue for the City of St. Louis shall be responsible, except as otherwise herein provided, for the collection of the annual bill and be compensated as provided by RSMo 82.650. Expenses above the fees collected under said statutes shall be compensated by annual appropriations. (1994 C., § 23.40.050; Ord. No. 62680, § 5, 1992; Ord. No. 62147, § 2, 1990; Ord. No. 61364, § 5, 1989.)

23.40.060 Comptroller authority—Report.

The Comptroller of the City is the overview authority on the operation and administration of the lateral sewer fund; he shall assume responsibility for requesting billing of the sewer line fee, he shall coordinate collection efforts with the Collector of Revenue and insure the billing file maintenance corrections are updated. The Comptroller of the City of St. Louis shall review the receipts and the expenditures of funds involved in said Special Account and shall make a written report setting forth in sufficient detail the receipts and expenditures for the last year and the anticipated receipts and expenditures for the next year. Said report shall be delivered to the Board of Estimate and Apportionment and the Board of Aldermen before the last day of the month immediately following the end of each fiscal; year of the City of St. Louis after the effective date set by Section 23.40.030. Provided, however, that the Comptroller may report at any time to the Board of Estimate and Apportionment if conditions warrant. (1994 C., § 23.40.060; Ord. No. 62680, § 6, 1992; Ord. No. 62147, § 3, 1990; Ord. No. 61364, § 6, 1989.)

23.40.070 Report review.

The Board of Estimate and Apportionment shall, upon receipt of the written report from the Comptroller, thoroughly review said report. The Board of Estimate and Apportionment shall recommend to the Board of Aldermen an increase or decrease in the charge if it determines that the existing level is higher or lower than necessary to cover the anticipated costs of the project.

Only the Board of Aldermen shall have authority by ordinance to decrease the charge herein established. (1994 C., § 23.40.070; Ord. No. 61364, § 7, 1989.)

23.40.080 Contracting for repairs.

A. The City, through the Street Department, is hereby authorized and directed to enter into contracts with City-licensed master plumbers and/or City-licensed master drainlayers to repair lateral sewer line breaks. Said contracts shall only be entered into after verification by the Street Department and the St. Louis Metropolitan Sewer District (hereinafter MSD) that the repairs are necessary and it involves an underground lateral sewer service pipe or its attachment that leads from any sewer main that is maintained by MSD, which line provides services to any residential property having six (6) or less dwelling units and meets the other conditions of Section 23.40.010.

B. Upon said verification by the Street Department and MSD, the Street Department shall within two (2) working days notify the property owner and issue bids for the repairs. Said bids, in order to be considered, shall be returned within two (2) working days from issuance. The lowest and best bidder shall be awarded the contract. Upon being notified of the bid award, the successful bidder shall complete the repair work within five (5) days for each location awarded in each specific bid. Prior to completion of the repair work, the contractor shall notify the Plumbing Division of the Building Division which shall inspect and approve the work. Upon notice of completion of all work, the Street Department and Plumbing Division shall have three (3) working days to verify the repairs and ancillary work has been successfully completed.

C. The Street Department has the authority to administer said contracts and to promulgate rules and regulations, not inconsistent with this chapter, to effectuate the purpose of this chapter. Upon submission of the verification the Street Department shall within three (3) working days prepare a voucher for said repair work and forward it to the Comptroller's Office for payment, which shall be made within reasonable period of time after submission to the Comptroller's Office.

D. If the Street Department and Plumbing Division cannot approve or verify that the repairs have been completed after being notified by the contractor, said contractor shall be notified and the Board of Public Service shall hear and determine any disputes.

E. The Comptroller is hereby authorized and directed to contract with MSD to reimburse MSD its actual costs for the work performed by MSD under this chapter. (1994 C., § 23.40.080; Ord. No. 61878, § 2, 1990; Ord. No. 61364, § 8, 1989.)

23.40.090 Bidder and subcontractor wage payment.

All successful bidders and their subcontractors, if said subcontracting is permitted by contract, shall pay no less than the prevailing hourly rate of wages for each craft or type of workmanship required to repair any sewer lines as determined by the Department of Labor and Industrial Relations of Missouri pursuant to RSMo 290.210 to 290.340. (1994 C., § 23.40.090; Ord. No. 61878, § 3, 1990; Ord. No. 61364, § 9, 1989.)

23.40.100 Repair program requirements.

The lateral sewer line repair program is to include, but be not limited to: excavation, sewer line repair, backfill and surface repair within the public or private street, alley, right-of-way or easement. When the sewer lateral is repaired, and, through testing, the lateral is found to be broken or leaking beyond the easement, it becomes the property owner's responsibility to make the repairs on his or her property within thirty (30) days of notification by the Plumbing Section except in the event that the City determines that new technologies make it more cost effective to administer repairs from the sewer trap (located on private property) such repairs will be completed at no cost to the property owner. (1994 C., § 23.40.100; Ord. No. 61878, § 4, 1990; Ord. No. 61364, § 10, 1989.)

23.40.110 Minority participation.

In order to insure that there is adequate minority participation in the awarding of repair subcontracts, there shall be established a twenty-five percent (25%) minority participation goal. The City shall be required to work with the Civil Rights Enforcement Agency (CRNA) and Missouri-Kansas Contractor Association (MoKan) to insure the implementation of this goal. (1994 C., § 23.40.110; Ord. No. 61878, § 5, 1990; Ord. No. 61364, § 11, 1989.)

23.40.120 Unpaid bills—Enforcement collection.

If said lateral sewer line bill remains unpaid, all delinquent lateral sewer line charges shall be enforced, processed and collected in the same manner as delinquent real estate taxes. (1994 C., § 23.40.120; Ord. No. 62680, § 3, 1992; Ord. No. 61364, § 17, 1989.)

NATURAL GAS TRANSPORTATION LICENSE FEE

Sections:

23.41.010 Definitions.
23.41.020 License fee required.
23.41.030 Amount designated.
23.41.040 Payment schedule—Penalty.
23.41.050 Confidential information.
23.41.060 Effective date of fee.

23.41.010 Definitions.

As used in this chapter:

"Natural gas or methane consumer" means every corporation, company, association, joint stock company or association, partnership and person, their lessees, trustees or receivers, appointed by any court whatsoever, purchasing natural gas or methane from suppliers outside the City which is transported into the City for commercial or industrial use; natural gas or methane consumer does not include any person or entity purchasing natural gas or methane for use in residential property, or any person or company subject to a gross receipts tax under Chapter 23.36 of the City Code;

"Natural gas or methane" does not include any manufactured gases;

"Transporter" means any business entity engaged in the transport of gas through pipelines in the City directly to a gas consumer within the City. (1994 C., § 23.41.010; Ord. No. 62204, § 1, 1991.)

23.41.020 License fee required.

Natural gas or methane consumers shall pay to the City, in addition to all other taxes, payments or requirements now or hereafter required by law, an annual natural gas and methane transportation license fee on natural gas and methane purchased from suppliers outside the City and transported from out of the City to be used in the City for commercial or industrial use. (1994 C., § 23.41.020; Ord. No. 62204, § 2, 1991.)

23.41.030 Amount designated.

Such transportation license fee shall be a sum equal to eleven percent (11%) of the consumer (purchase) price for gas purchased from suppliers outside the City and transported from out of the City to a natural or methane gas consumer for use within the City. As used in this section, consumer price or purchase price means either (1) the index price times the volume of gas consumed plus any transportation charge not taxable under Chapter 23.36 of the City Code, or (2) the actual price of the gas times the volume consumed plus any transportation charge not taxable under Chapter 23.36 of the City Code. The term "index price" means a composite average of relevant spot market prices of natural gas derived from industry-recognized independent report services or such other index as the officer of the City having responsibility for collection of municipal licenses (the "Collection Officer") may establish. "Actual price" means the actual unit price paid for the gas consumed. (1994 C., § 23.41.030; Ord. No. 62204, § 3, 1991.)

23.41.040 Payment schedule—Penalty.

A. The license fee is payable in quarterly installments by each natural gas or methane consumer on or before the last day of February, May, August and November, respectively, of each year, based upon the consumer (purchase) price paid for out of the City natural gas or methane transported to such Consumer for use within the City during the preceding periods of three (3) calendar months ending, respectively, on the last days of December, March, June and September.

B. Within those time references each natural gas or methane consumer shall be responsible for payment of the natural gas and methane transportation license fee to the Collection Officer. Each transporter shall furnish the Collection Officer all available information concerning volumes or quantities of gas transported to natural gas or methane consumers on a monthly basis together with other reasonable necessary information relating to administration hereof. The Collection Officer is responsible for the administration of the collection of the license fee. He is authorized to adopt, promulgate, amend and enforce rules and regulations consistent herewith relating to any matter pertaining to the administration and enforcement of the provisions of this chapter.

C. For each and every month, or part thereof, any such gas consumer transportation license fee remains unpaid, after the same becomes due and payable, there shall be added as a penalty for such delayed payment two percent (2%), per month, of the amount of such license fee until the same is fully paid.

D. No business license shall be issued to any natural gas or methane consumer unless and until such consumer shall have paid to the City the full amount of

the above license fee as of each quarterly due date. (1994 C., § 23.41.040; Ord. No. 62204, § 4, 1991.)

23.41.050 Confidential information.

All information concerning volumes, quantities, price, aggregate cost and identity of suppliers of gas transported to natural gas or methane consumers, and any other information obtained by the Collection Officer in the administration and collection of the license fee imposed by this chapter, shall be confidential except for official purposes and except in accordance with judicial order. It shall be a violation of this chapter for any person to divulge such information and, upon conviction thereof, such person shall be subject to a fine of not more than five hundred dollars ($500.00) or imprisonment for not more than six (6) months or both for each offense. (1994 C., § 23.41.050; Ord. No. 62204, § 5, 1991.)

23.41.060 Effective date of fee.

The fee imposed by this chapter shall take effect as of the first day of the first month following approval by the voters of the imposition of such fee. (1994 C., § 23.41.060; Ord. No. 62204, § 6, 1991.)

Editor's Note:

The fee imposed in this chapter was approved by voters on May 4, 1991.

Conductors above the surface may be placed inside of posts or brackets to connect lamps or signal boxes on streets with underground conductors, and such poles, wires, cables, tubes and other electrical conductors as may be necessary and convenient for local distribution may also be placed above the surface; provided, that such poles may be erected in alleys only, and plans and specifications therefor shall be approved and a permit issued for such poles by the Board of Public Service. (1948 C., Ch. 50, § 37; 1994 C., § 23.42.010.)

23.42.020 Certain apparatus may remain overhead.

All clocks, burglar alarm, commercial printer, nightwatch and other messenger callbox wires carrying currents of low tension and not fastened or attached to

poles or other fixtures placed or set in the streets, alleys or public places within the district described in Section 23.42.010 shall be permitted to remain overhead, provided the following conditions are met:

A. Such wires shall be strung not less than thirty-five feet above the surface and securely fastened;

B. Each wire or cable shall be insulated throughout so as to meet with the approval of the Department of Public Utilities and tagged with a lead tag impossible of removal without destruction of the attached wire or fixture and marked plainly with the name of the owner;

C. No such wires shall be used to connect with immoral places or places existing unlawfully and shall not be used for any illegal purpose. (1948 C., Ch. 50, § 38; 1994 C., § 23.42.020.)

23.42.030 Penalty for placing wires above surface.

Any person placing any wire, tube, cable, pole or other apparatus for conducting or transmitting electricity above the surface, along or across any street, alley or public place in the district described in Section 23.42.010 of this chapter shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined not less than ten dollars nor more than five hundred dollars, and each and every wire, tube or cable ever each and every street, alley or public place for each and every day shall constitute a separate offense. (1948 C., Ch. 50, § 39; 1994 C., § 23.42.030.)

23.42.040 Wires shall be an obstruction—Exception.

All conductors, poles and other apparatus used for conducting or transmitting electricity along or across any street, alley or public place in the district described in Section 23.42.010 of this chapter, shall be deemed an obstruction to, and encroachment on the highways, except those used by street railways as now authorized by special ordinance. (1948 C., Ch. 50, § 40; 1994 C., § 23.42.040.)

23.42.050 Penalty for failure to put wires underground.

Any person owning or using wires, tubes or cables for the purpose of conducting or transmitting electricity above the surface of and along or across any street, alley or public place within the district described in Section 23.42.010 who shall permit them to remain above the surface of such street, alley or public place after December 31, 1898, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than ten dollars nor more than one hundred dollars, and each and every wire over each and every street, alley or public place shall constitute a separate offense for each and every day that the wire, tube or cable is permitted to remain. (1948 C., Ch. 50, § 41; 1994 C., § 23.42.050.)

23.42.060 Removal of poles and fixtures.

All poles and other fixtures shall be removed by the owner thereof within ninety days after their wires, tubes and cables shall have been, for any reason, removed therefrom. (1948 C., Ch. 50, § 42; 1994 C., § 23.42.060.)

23.42.070 Permit required.

Any person who was authorized by the Charter prior to ninety days after the passage of Ordinance 18680 to operate wires, tubes or cables conducting, transmitting or employing electricity for public use and desiring to place these wires, tubes or cables under the surface of any of the streets, alleys or public places of the City is authorized after the expiration of ninety days from the approval of Ordinance 18680 to construct underground conduits and to place and operate wires, tubes and cables therein. Such person must first apply for, and receive from the Board of Public Service, a permit to construct conduits, ducts, manholes and other appurtenances as may be required for placing the wires, tubes or cables underground. This application shall be accompanied by full, general and detailed plans showing the route, capacity and dimensions of the conduits, ducts, manholes and other appurtenances. (1948 C., Ch. 50, § 43; 1994 C., § 23.42.070.)

23.42.080 Board of Public Service.

The Board of Public Service is authorized and directed, upon receipt of any application made, as provided in Section 23.42.070, or upon its own motion, to designate a day, which shall not be more than ninety days after the approval of Ordinance 18680, on which it will consider the matter of constructing conduits, ducts, manholes and other appurtenances in the streets, alleys and places named in the application or in the order made of its own motion, and shall give fifteen days' public notice by advertisement in the papers doing the City printing of the time, place and object of its meeting and of the streets, alleys and public places to be considered, and on such day all parties interested may appear and any person specified in Section 23.42.070 desiring to construct a conduit on any street, alley or public place shall present, with plans and details, a

written statement of his requirements. After such hearing the Board shall consider all of the applications, statements, plans and details presented and examine into the space available for conduits or ducts under such streets, alleys and public places and shall decide upon, prepare and approve plans, details, construction, conduits, ducts, manholes, materials and conditions as in its opinion the public interest seems to demand and shall include in the plans ducts, manholes and appurtenances as the City may require for the police and fire alarm telegraph and telephone system owned and operated by it, ducts, manholes and appurtenances to be constructed and maintained by the person receiving the permit and to be used by the City free of charge or cost of any kind. Where more than one application, statement or plan is presented to the Board it shall have power to compel such applicants to build and maintain joint conduits and should the construction thereof involve a joint outlay and disagreement among such applicants the Board shall have power to apportion such outlay. (1948 C., Ch. 50, § 44; 1994 C., § 23.42.080.)

23.42.090 Excluded persons.

All persons who fail to appear on the day and at the time designated and submit an application as above required in this chapter or fail to accept in writing the apportionment of costs made by the Board of Public Service or fail to deposit with the City Treasurer the amount required by ordinance as a special fund to be used by the Street Commissioner in connection with trenches excavated in the public streets and alleys within ten days after notice from the Board as to its findings shall be excluded from all privilege to obtain under Sections 23.42.010—23.42.230, both inclusive, of this chapter, conduit, duct or manhole facilities in the streets, alleys or public places named in the advertisement insofar as they are within the district described in Section 23.42.010. However, they shall not be excluded from such privilege in portions of streets, alleys and public places outside this district, or in streets, alleys and public places therein as are not included in the advertisement and no person shall hereafter obtain a permit for conduit privileges within such portion of the streets, alleys and public places named in the advertisement as are within the district. In regard to all streets, alleys or public places which have not been assigned, or which having been assigned are not occupied as herein provided, the Board may proceed and all persons as are specified in Section 23.42.070 of this chapter may make application and may acquire rights at any time hereafter in the manner and subject to the obligations, duties and conditions provided in Ordinance 18680. (1948 C., Ch. 50, § 45; 1994 C., § 23.42.090.)

23.42.100 Bond.

The Board of Public Service is authorized and directed to grant permits to construct, alter or repair conduits, ducts, manholes and other appurtenances under the surface of any street, alley or public place of the City and to string therein wires, tubes and cables for conducting and transmitting electricity for the production of light, heat or power under the terms and in accordance with the provisions of Sections 23.42.010—23.42.100, all inclusive, of this chapter, to any person furnishing or using electricity for light, heat or power for public use upon compliance by him with the terms and conditions of Sections 23.42.120—23.42.230, all inclusive, of this chapter and all ordinances in force at such time; provided, that he file with the Register a good and sufficient penal bond in the sum of ten thousand dollars conditioned that the conduits, ducts, manholes and other appurtenances shall be constructed in strict accordance with the plans approved by the Board of Public Service; that from all suits for damages which may arise from their construction the City shall be held harmless; and that he and his successors or assigns shall comply faithfully with the terms and provisions of Sections 23.42.010—23.42.100, 23.42.120—23.42.260, 23.44.150—23.44.190, Chapter 23.46, all inclusive, and of all other ordinances and laws in force at such time concerning conduits, ducts, manholes and other appurtenances and underground wires, tubes and cables conducting and transmitting electricity for the production of light, heat or power. Such bonds shall be renewed from time to time, whenever the Mayor may so order, as a condition precedent to the continued use of conduit privileges, and any refusal to renew a bond when so ordered shall constitute a forfeiture of all conduit rights. (1948 C., Ch. 50, § 46; 1994 C., § 23.42.100.)

23.42.110 Transmission of electricity for communication.

The Board of Public Service is authorized and directed to grant permits to construct, alter or repair conduits, ducts, manholes and other appurtenances under the surface of any street, alley or public place and to string therein wires, tubes and cables for conducting and transmitting electricity for communication under the terms and in accordance with the provisions

of Sections 23.42.010—23.42.090, 23.42.110—23.42.230, all inclusive, to any person furnishing or using electricity for communication for public use, upon compliance by him with the terms and conditions of Sections 23.42.010—23.42.090, 23.42.110—23.42.230, all inclusive, and all other ordinances in force at such time; provided, that he file with the Register a good and sufficient penal bond in the sum of ten thousand dollars conditioned that the conduits, ducts, manholes and other appurtenances shall be constructed in strict accordance with the plan approved by the Board of Public Service; that from all suits for damages which may arise from their construction the City shall be held harmless; and that he and his successors or assigns shall comply faithfully with the terms and provisions of Sections 23.42.010—23.42.090, 23.42.110—23.42.260, 23.44.150—23.44.190, Chapters 23.46 and 23.48, all inclusive, and of all ordinances and laws in force at such time concerning conduits, ducts, manholes and other appurtenances and underground wires, tubes and cables conducting and transmitting electricity for communications. Such bonds shall be renewed from time to time, whenever the Mayor may so order, as a condition precedent to the continued use of conduit privileges, and any refusal to renew a bond when so ordered shall constitute a forfeiture of all conduit rights. (1948 C., Ch. 50, § 47; 1994 C., § 23.42.110.)

23.42.120 Penalty for no permit.

Any person who shall string or cause to be strung any wire, tube or cable above or beneath the surface of any street, alley or public place without a permit or permission shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not less than fifty dollars nor more than five hundred dollars. (1948 C., Ch. 50, § 48; 1994 C., § 23.42.120.)

23.42.130 City purchase of conduits.

The City reserves the right to purchase at any time after the expiration of fifteen years from September 8, 1896, all conduits or ducts duly constructed by any person under the following procedure:

Upon the passage of an ordinance authorizing the purchase of any or all conduits or ducts, the Mayor, Comptroller, President of the Board of Public Service, or a majority of them, may at any time give thirty days' notice in writing to any owner or occupant of such conduit or duct of intention to purchase the whole or any part thereof at a valuation to be placed thereon by three arbitrators, one to be chosen by the Mayor and to be named in such notice, one to be chosen by such owner or occupant and to be designated in writing to the Mayor within ten days after the service of such notice, and one to be chosen, on the twentieth day after the service of such notice, by the two so chosen, or, in the event of their failure or refusal so to choose, to be appointed within five days after such failure or refusal by the presiding judge of the St. Louis Circuit Court.

The three arbitrators shall meet at the Mayor's Office on the thirty-first day after the service of such notice, and, after duly qualifying, shall proceed without unnecessary delay to ascertain and determine the value of the conduit or duct or part thereof described in such notice and they, or a majority of them, shall sign an award specifying such valuation. One copy of this award shall be filed with the Register and one copy to be mailed to the owner or occupant of such conduit, duct or part thereof at his last known address in the City.

Each of the parties to such arbitration, immediately upon the making of the award, shall pay one-half of the arbitrator's fees, which shall not exceed fifty dollars a day for each arbitrator actually employed, and if not so paid, such amount may be sued for by such arbitrators, each for himself.

After the filing of such award the City shall, within ninety days, pay to such owner or occupant, or, if he refuses to receive this amount, into the Circuit Court to his use, the amount of such award and may thereupon take possession of such conduit, duct or part thereof, and shall become the owner thereof. All rights of the former owner or occupant thereto or therein shall immediately cease and desist. (1948 C., Ch. 50, § 49; 1994 C., § 23.42.130.)

23.42.140 Conduit—Maintenance.

All conduits, ducts, manholes and other appurtenances shall be maintained by the owners thereof without cost to the City and to the satisfaction of the Board of Public Service. Failing such maintenance, the Board may order any work done which it may deem necessary for the proper maintenance at the cost of the owners. Failure by the owner to pay such cost shall, in the case of any owner furnishing or using electricity for light, heat or power for the use of the public, constitute a breach of the bond required by Section 23.42.100 of this chapter and shall, in the case of any owner furnishing or using electricity for communication for use of the public, constitute a breach of the bond required by

Section 23.42.110 of this chapter. (1948 C., Ch. 50, § 50; 1994 C., § 23.42.140.)

23.42.150 Conduit—Construction—Changes.

The City through the Board of Public Service, shall have the right at all times to inspect, superintend and control the construction of conduits, ducts, manholes and other appurtenances, constructed hereunder and, from time to time, to order any reasonable necessary changes to be made either in the construction, material or manner of maintaining the same or in the location in the street, alley or public place. All such changes or alterations shall be made by the owner without expense to the City. Should he fail to comply with any order so directing him within the time prescribed therein, the Board may cause the changes or alterations to be made by the City, and the owner of the conduit, duct, manhole or other appurtenance so changed or altered shall, upon demand of the Comptroller, pay the cost thereof. Failure to make such payment shall constitute a breach of the bond of such owner and a forfeiture of all rights and privileges granted. (1948 C., Ch. 50, § 51; 1994 C., § 23.42.150.)

23.42.160 Street repair.

Whenever in the construction, alteration, repair or maintenance of any conduit, duct, manhole or other appurtenance, any portion of any street, alley or public place shall be torn up or disturbed by any person, it shall be his duty upon the completion of the work or on order of the Street Commissioner to restore immediately such street, alley or public place to its original condition without cost to the City. Any failure so to do shall entitle the Street Commissioner to make such restoration at the cost of the person owning or controlling such conduit and shall, in the case of any person furnishing or using electricity for light, heat or power for public use, constitute a breach of the bond required by Section 23.42.100 of this chapter and shall, in the case of any person furnishing or using electricity for communication for public use, constitute a breach of the bond required by Section 23.42.110 of this chapter. (1948 C., Ch. 50, § 52; 1994 C., § 23.42.160.)

23.42.170 Common trench.

Whenever the plans, as approved by the Board of Public Service, require two or more applicants for conduits to use a common trench, space or conduit in any portion of any street, alley or public place all such applicants shall carry on the work of construction in such portion as nearly as practicable at the same time and as directed by the Board, so as to disturb the street, alley or public place to the least degree possible. Any person refusing or failing so to do shall be deemed to have waived any right to any conduit privilege in such portion. (1948 C., Ch. 50, § 53; 1994 C., § 23.42.170.)

23.42.180 Time limit.

Any permit granted under the provisions of this chapter shall become void unless the work authorized by such permit is begun within sixty days after such permit is issued and is carried to completion continuously in good faith and within a reasonable time thereafter. (1948 C., Ch. 50, § 54; 1994 C., § 23.42.180.)

23.42.190 Applicability of Sections 23.42.010—23.42.230 to certain corporations.

Sections 23.42.010—23.42.230, both inclusive, of this chapter, shall not apply to any corporation existing in the City on September 8, 1896, and authorized to maintain its wires, tubes and cables along and upon the public streets thereof under, and in pursuance of, any contract then existing between such corporation and the City for the lighting of the streets with electricity unless such corporation shall have, upon the approval of Ordinance 18680, filed with the Register an acceptance thereof and a release and discharge of the City from its agreement and covenant in the contracts to pay any part of the cost or expense of placing wires, tubes and cables of such corporation underground and in conduits.

It is further provided that after January 1, 1900, such corporations shall not be released from payment of any gross receipts tax required by any ordinance, nor from compliance with all other terms and conditions of any other general ordinances pertaining to electric lighting corporations; but that, on the contrary, such corporations expressly agree after January 1, 1900, to be bound by all such ordinances now in force or hereafter adopted. (1948 C., Ch. 50, § 55; 1994 C., § 23.42.190.)

23.42.200 Acceptance of Sections 23.42.010—23.42.230 required.

No permit shall be granted to any person to construct underground conduits under Sections 23.42.010—23.42.230, both inclusive, of this chapter until he files with the Register an acceptance of all the terms, conditions and obligations of the above-mentioned sections. (1948 C., Ch. 50, § 56; 1994 C., § 23.42.200.)

23.42.210 Termination of rights.

The rights, privileges and powers of any person conferred or authorized hereby shall cease and determine and become null and void on April 15, 1940. (1948 C., Ch. 50, § 57; 1994 C., § 23.42.210.)

23.42.220 Prices for services.

Until April 15, 1940, the prices charged to customers for telephones, telephone service, electric light and power by person obtaining underground conduit privileges in the streets, alleys and public places within the City shall not, in any case, exceed the prices charged for a similar or corresponding use or service on January 1, 1896. (1948 C., Ch. 50, § 58; 1994 C., § 23.42.220.)

23.42.230 Leasing or subletting conduit space.

No person or his successors or assigns constructing conduits under this chapter shall have the right or privilege to lease or sublet space therein or to use them otherwise than for his own needs; provided, that this section shall not apply to the acquisition of such space by the City as provided for in Section 23.42.130 of this chapter. Any violation of this section shall be deemed a misdemeanor, and shall cause a forfeiture of all rights and privileges granted under these sections. (1948 C., Ch. 50, § 59; 1994 C., § 23.42.230.)

23.42.240 Overhead wire removal—Required.

All overhead wires, tubes and cables and the poles and supports outside the district described in Section 23.42.010 of this chapter shall be removed from above the surface of all streets and public places as provided for in this chapter. (1948 C., Ch. 50, § 60; 1994 C., § 23.42.240.)

23.42.250 Overhead wire removal—Yearly amount.

All overhead wires, tubes and cables and the poles and supports on streets and public places ordered cleared, except conductors placed inside of posts or brackets to connect lamps, signal boxes or telephones lawfully erected with underground conductors on the streets, and except electric street railway equipment on trolley poles, shall be removed from four miles of streets and public places during each year. (1948 C., Ch. 50, § 61; 1994 C., § 23.42.250.)

23.42.260 Overhead wire removal—Board of Public Service orders.

The Board of Public Service, on or before June 1, 1918, shall order all overhead wires, tubes, cables, poles and supports removed during the next ensuing five calendar years from twenty designated miles of streets and public places. The Board shall designate four miles thereof to be so cleared during each of such five calendar years, the year for clearing each such four miles to be prescribed; and, on or before June 1, 1918, prior to making such order, the Board shall hold a public hearing, first giving thirty days' notice by publication in the newspapers doing the City printing of the time of the hearing to determine from what streets and public places such wires, tubes and cables shall be removed during the ensuing fifth calendar year. The Board shall give all persons whose wires, tubes and cables will be affected by the order opportunity to be heard at such hearing. In times of war or other emergency, and upon written application to this Board, accompanied by an affidavit setting out the facts relied upon, and after a public hearing held upon thirty days' notice by publication in a newspaper doing the City printing of the time thereof, the Board may modify such order and defer in whole or in part the work to be performed thereunder, if in its judgment, the enforcement of such order would be unreasonable or would work an undue hardship upon the party affected. Such work as may be thus temporarily deferred shall be completed, and at such rate and at such times, but within a period not longer than three times the period of deferment, as the Board shall direct. (1948 C., Ch. 50, § 62; 1994 C., § 23.42.260.)

Cases:

A franchise to use the streets of a city for poles and wires carries with it an implied condition of the furnishing of such services, and the continued nonuse by the grantee of the franchise will forfeit his rights. *State v. Light & Development Co. of St. Louis*, 246 Mo. 618, 152 S.W. 67 (1912); *State v. West End Light & Power Co.*, 246 Mo. 653, 152 S.W. 76 (1912).

23.44.040 Permit.

The Board of Public Service is authorized, upon the filing of the application and plat required by Section 23.44.030, to grant a permit for the occupancy of the streets, alleys and public places with such restrictions, regulations and qualifications as it may prescribe.

This occupancy shall be under the supervision and to the satisfaction of the Department of Public Utilities. (1948 C., Ch. 50, § 26; 1960 C., § 580.040; 1994 C., § 23.44.040.)

23.44.060 Poles—In streets—Wire height.

When poles are erected on a street, they shall be erected whenever practicable on the sidewalk just inside

the curbstone, upon the lines dividing the abutting lots from each other, and so as not to obstruct the drainage of the street or damage or interfere with the curbstone, trees or private or public property.

Wires, tubes and cables hereafter shall be run on the poles not less than thirty feet above the grade of the street. (1948 C., Ch. 50, § 28; 1960 C., §§ 580.060, 580.070; 1994 C., § 23.44.060)

23.44.070 Poles—In alleys—Wire Height.

Whenever an alley is available for the erection of poles for the support of such wires, tubes or cables, the Board of Public Service will advertise for five days previous to a day set for hearing objections or arguments in favor of erecting the poles in such alley. If, after due consideration, the Board is of the opinion that the erecting of poles in such alley is practicable, they shall be erected therein instead of along the street named in the application. When erected in such alley they shall be erected next to the side line thereof and, when practicable, upon the lines dividing the abutting lots from each other so as not to obstruct the drainage of such alley or damage adjoining property.

Wires, tubes and cables shall be run on such poles not less than twenty-five feet above the grade of the alley. (1948 C., Ch. 50, § 29; 1960 C., §§ 580.080, 580.090; 1994 C., § 23.44.070.)

23.44.090 Changes in pole location or wire height.

The right is reserved to the Board of Public Service to direct at any time, any reasonable change for the public convenience in the location of poles and in the height at which wires, tubes or cables shall run. Before any such change is made, at least five days' written notice shall be given to the person affected thereby, and reasonable opportunity shall be afforded such person or any citizen interested to be heard in regard to the proposed change. When such change shall have been ordered, the owner shall within five days thereafter begin to effect it and shall complete the same as soon as practicable, and upon failure so to do shall be deemed guilty of a misdemeanor. 23.44.190 Improperly strung or maintained wires.

The Board of Public Service is granted the power, whenever it is informed or understands that any wires, tubes or cables are being, have been, or are about to be strung, constructed or maintained to such number or extent as unreasonably to obstruct the street across which, or alley along which they are conducted or so as to threaten injury to life or property, to give five days' notice to the person responsible for such stringing, construction or maintenance that the Board will, upon a day to be fixed in such notice, take up and consider the question of whether or not the removal of such wires, tubes or cables, or a portion thereof, shall be ordered by it. At such hearing the person shall have the right to be heard in person or by counsel. Should the Board find that these wires, tubes or cables are being, have been, or are about to be strung or constructed to such number or extent as unreasonably to obstruct the street across which, or alley along which, they are conducted or so as to threaten injury to life or property, the Board, by its order entered of record, shall require the removal of them and shall further fix a time within which they or any portion thereof shall be removed by the person responsible for their stringing, construction or maintenance. No overhead wires, tubes or cables shall be ordered removed from poles and supports by the Board under the provisions of this section unless the removal of all overhead wires, tubes and cables shall by the same order be required. 23.44.200 Electrical plants—Premises examination.

It shall be the duty of every person operating or controlling a plant for the production of electricity or

occupying premises on which electrical apparatus or conductors may be placed to admit the Director of Public Utilities or his inspectors, and to assist in making an examination of the premises. (1948 C., Ch. 55, § 66; 1960 C., § 580.220; 1994 C., § 23.44.200.)

23.44.210 Electrical plants—Operator's duties—Tags.

It shall be the duty of every person operating a plant for the production or consumption of electrical energy or maintaining conductors for its transmission to employ competent men. The names of employees shall be furnished to the Director of Public Utilities and recorded in his office as their authorized agents, one to be in charge of such plant at all times while in operation who shall execute promptly all orders issued by the Director of Public Utilities or by the Chief of the Fire Department which may, in their opinion, prevent accident or injury to life or property. Each person operating such plant shall keep his wires or conductors that pass over the street, alley or public place or over or through any building so marked that the owner of such may be ascertained by inspection. The character of the mark shall be determined by the Director of Public Utilities, and a record of all marks shall be kept in his office. If these marks become illegible, the wires or conductors shall be deemed abandoned, and it shall be the duty of the Director of Public Utilities to cause them to be retagged, repaired or removed. (1948 C., Ch. 55, § 67; 1960 C., § 580.230; 1994 C., § 23.44.210.)

23.44.220 Accidental contact between wires to be prevented.

It shall be the duty of every lineman or person employed to inspect, repair or erect wires or conductors for the purpose of transmitting electrical energy in the City to take every precaution possible that the space between the wires or conductors erected by them and all other wires or electrical apparatus shall be sufficient to prevent accidental contact. (1948 C., Ch. 55, § 68; 1960 C., § 580.240; 1994 C., § 23.44.220.)

23.44.230 Dead and uncared for wires.

The Director of Public Utilities shall serve written notice to any person owning or operating any electrical plant which maintains dead or uncared for wires over the streets and public places of the City to remove such wires. The Director shall allow five days for the removal of the wires described in such notice before employees of the Director shall remove them, unless such wires are a nuisance or an obstruction to a public place or highway or a menace to life or property, in which case the Director shall order the wires removed immediately. (1948 C., Ch. 55, § 69; 1960 C., § 580.250; 1994 C., § 23.44.230.)

23.44.240 Interfering with electrical apparatus or workmen.

No person shall interfere with, disarrange or break any of the wires, tubes, cables, lamps, lamp globes or other apparatus located on any street, alley or public place or prevent agents or employees of the owner thereof or inspectors of the Department of Public Utilities from performing properly their respective duties. (1948 C., Ch. 55, § 70; 1960 C., § 580.260; 1994 C., § 23.44.240.)

23.46.050 Cancellation of certificate disqualifies.

23.46.060 Police Department to enforce chapter.

23.46.010 Guarding open manholes and service boxes.

It shall be the duty of any officer or employee of a wire-using company or person duly authorized and registered as such to take necessary precaution and see that an open manhole or service box is guarded and a red flag signal displayed by day and a red light signal displayed by night at the opening until the cover is restored to its place. Any officer of any wire-using company or employee who shall fail to observe any or all of the requirements of this section shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not less than ten dollars nor more than five hundred dollars. (1948 C., Ch. 50, § 73; 1960 C., § 581.010; 1994 C., § 23.46.010.)

23.46.020 Removal of manhole covers—Certificate of authority required.

Any person who shall remove the cover or lid of any manhole or service box for electric or other wires without having a certificate of authority from the Department of Public Utilities shall be deemed guilty of a misdemeanor. (1948 C., Ch. 50, § 74; 1960 C., § 581.020; 1994 C., § 23.46.020.)

23.46.030 Employees.

All persons having underground conduits shall register the employees whom they wish to be recognized as authorized to open the manholes and service boxes for the purpose of making repairs or inspection of electric wires. The registration shall be kept by the Department of Public Utilities, which shall issue certificates of authority upon the written request of the employer, subject to such rules and regulations as the Board of Public Service may prescribe. This certificate shall be good for three months, unless the employee is sooner discharged or is found to be irresponsible and untrustworthy by the Department of Public Utilities. (1948 C., Ch. 50, § 75; 1960 C., § 581.030; 1994 C., § 23.46.030.)

23.46.040 Certificate of authority—Cancellation.

Any person who shall be registered and has a certificate of authority to open manholes and service boxes for electric wires shall be deemed irresponsible and untrustworthy should it be found that he in any way interfered with the wires or cables owned by any other company than the one employing him and which may be in a manhole or service box in which he is working or should he be discharged by the company upon whose request the certificate was issued and his certificate shall be cancelled. (1948 C., Ch. 50, § 76; 1960 C., § 581.040; 1994 C., § 23.46.040.)

23.46.050 Cancellation of certificate disqualifies.

Any person whose certificate of authority is cancelled shall be treated as an unauthorized person. (1948 C., Ch. 50, § 77; 1994 C., § 23.46.050.)

23.46.060 Police Department to enforce chapter.

It is the duty of the Department to see that the provisions of this chapter are enforced by arresting and prosecuting any person disturbing a cover or lid of a manhole or service box for electric wires without the proper certificate of authority as defined in this chapter. (1948 C., Ch. 50, § 78; 1960 C., § 581.050; 1994 C., § 23.46.060.)

23.48.040 Free use of duct for police and fire communication.
23.48.050 Terms defined.

23.48.010 Permit—Application.

Whenever any person affected by this chapter shall elect, or shall find it necessary in order to comply with the order of the Board, to place in underground conduits, wires, tubes or cables which have been ordered removed as provided for in Section 23.44.190, he shall notify the Board of Public Service to that effect and shall file with the Board an application for a permit to construct underground conduits, manholes and appurtenances for this purpose. The application shall state in detail the street or public place in which the proposed conduits, manholes and appurtenances are to be constructed and be accompanied by a plat showing the number and size of the ducts in such proposed conduit and the route thereof. This proposed conduit shall be subject to the approval of the Board. (1948 C., Ch. 50, § 68; 1960 C., § 582.010; 1994 C., § 23.48.010.)

23.48.020 Board to notify interested persons of proposed conduits.

Upon receipt of an application and a plat as provided in Section 23.48.010, the Board of Public Service shall immediately notify, in writing, each person whose wires, tubes and cables have been ordered removed, that it has received such application and that for a period of fifteen days it will continue to receive similar applications for the construction of conduits in the street or public place named in the notice from all persons who may elect or may find it necessary to place in underground conduits their wires, tubes and cables which have been ordered removed as provided by this title. At

the expiration of this period, the Board shall consider the application and shall, if it approves it, issue permits in accordance therewith. (1948 C., Ch. 50, § 69; 1960 C., § 582.020; 1994 C., § 23.48.020.)

23.48.030 Regulations.

The work of constructing and installing conduits, manholes and appurtenances shall conform to such regulations as may be prescribed by the Board and shall be done under the supervision and to the satisfaction of the Department of Public Utilities. (1948 C., Ch. 50, § 70; 1960 C., § 582.030; 1994 C., § 23.48.030.)

23.48.040 Free use of duct for police and fire communication.

Every person constructing conduits, manholes and appurtenances as provided for in this chapter shall lay in each line of conduit one duct for the exclusive use by the City for the police and fire alarm telegraph and telephone system owned and operated by it. The location of this duct shall be designated in the permit. The duct so reserved for the use of the City shall be laid, constructed, and the use thereof permitted free of cost to the City. (1948 C., Ch. 50, § 71; 1960 C., § 582.040; 1994 C., § 23.48.040.)

23.48.050 Terms defined.

The terms "streets" and "public places" as used in this chapter shall not be construed as including alleys. Nothing contained in this chapter is intended, nor shall be construed, as granting a franchise. (1948 C., Ch. 50, § 72; 1960 C., § 582.050; 1994 C., § 23.48.050.)

Under its general public power the city of St. Louis had the right to require compliance with reasonable regulations as a condition to using its streets for electric wires. *Missouri ex rel. Laclede Gas & Light Co. v. Murphy,* 170 U.S. 78 (1898).

23.52.060 Changes.

The right is reserved to the Board of Public Service to direct any reasonable change, at any time, for public convenience in the location of poles and the height at which wires, tubes or cables shall run. Before any such change may be made, at least five days' written notice

shall be given to the president or local officer in charge of the corporation to be affected thereby, and reasonable opportunity shall be afforded representatives of such corporation or any citizen interested to be heard thereon. When such change shall have been ordered such corporation shall, within five days thereafter, begin work to effect it and shall complete the same as soon as practicable, and upon failure so to do shall be guilty of a misdemeanor. (1948 C., Ch. 50, § 6; 1960 C., § 584.060; 1994 C., § 23.52.060.)

23.52.070 Poles—In streets—Wire height.

When poles are erected on a street, they shall be erected, whenever practicable, on the sidewalk just inside the curbstone upon the lines dividing the abutting lots from each other and so as not to obstruct the drainage of the street or damage or interfere with private property, curbstone trees or public property.

Wires, tubes and cables shall be run on the poles not less than twenty-two feet above the grade of the street. (1948 C., Ch. 50, § 7; 1960 C: §§ 584.070, 584.080; 1994 C., § 23.52.070.)

23.52.080 Poles—In alleys—Wire height.

Whenever, in the judgment of the Board of Public Service, the use of an alley for poles is practicable, they shall be erected therein next to the side line thereof and, when practicable, upon the lines dividing the abutting lots from each other and so as not to obstruct the draining of such alley or damage adjoining property. Wires, tubes and cables shall be run on such poles not less than eighteen feet above the grade of the alley, provided, that the Board of Public Service may at any time direct any reasonable change as is provided in Section 23.52.060 of this chapter. The cost of any such change shall be paid by the owner of such pole if such removal is for the benefit of the general public, but by the complainant if such removal is for his benefit or the abutting property owner. (1948 C., Ch. 50, § 8; 1960 C., § 584.090; 1994 C., § 23.52.080.)

23.52.090 Telephone booths.

Any telephone or telegraph corporation, which is either taxed by ordinance on its gross income for City purposes, or which pays the City per year based on its pole line and wires, tubes and cables is hereby authorized to place telephone booths, enclosures and pedestals in and adjacent to the public sidewalks of the City; provided, however, that such telephone booths, enclosures and pedestals shall be placed and maintained in such a location as not to affect the safety of pedestrian travel. The Board of Public Service shall have the right to direct any reasonable change in the location of any telephone booth, enclosure, or pedestal which is located in a public sidewalk area in the same manner as is prescribed by this chapter for changes in the location of poles and the height of wires, tubes or cables. (1960 C., § 584.101; 1994 C., § 23.52.090; Ord. No. 54742, § 1, 1983; Ord. No. 55378, § 1, 1969.)

23.52.100 Quality and equipment of poles.

All poles shall be sound, at least five inches in diameter at the top, straight, shapely, of uniform size, neatly planed or shaved, thoroughly painted with two coats of lead and oil paint of such colors as may be directed by the Board of Public Service, and equipped with iron steps commencing twelve feet above the ground and reaching to the crossarms. (1948 C., Ch. 50, § 9; 1960 C., § 584.100; 1994 C., § 23.52.100.)

23.52.110 Deposit for restoration of streets.

Every telegraph or telephone corporation shall keep, on deposit in the City Treasury, the sum of fifty dollars, subject to the order, and for the use, of the Street Commissioner in restoring any sidewalk, gutter, street or alley pavement displaced or injured in the erection, moving or removal of any pole by such corporation if it refuses or fails to make restoration or to make restoration to his satisfaction. Any corporation failing to make such deposit within five days after commencing business or to deposit further any sum expended for such restoration within five days after notice so to do has been sent to it by the Street Commissioner, shall be deemed guilty of a misdemeanor. (1948 C., Ch. 50, § 10; 1960 C., § 584.110; 1994 C., § 23.52.110.)

23.52.120 When wires may be placed on poles of other corporations.

In case any telegraph or telephone corporation, authorized by ordinance or by permit of the Board of Public Service, desires to place along or across any of the streets, alleys or public places of the City, wires, tubes or cables and with application and plat heretofore provided for, files with the Board of Public Service the written consent of any electric light or power corporation or any other telegraph or telephone corporation to the placing of such wires, tubes or cables upon the poles of such consenting corporation in the streets, alleys or public places named in such application, such Board is authorized to grant a permit for such occupancy of the

poles of such consenting corporation with such restrictions, regulations and qualifications as may be prescribed by the Board and under the supervision and to the satisfaction of the Department of Public Utilities. (1948 C., Ch. 50, § 11; 1960 C., § 584.120; 1994 C., § 23.52.120.)

23.52.130 Other modes of conducting wires.

Nothing contained in this chapter shall be construed so as to abate, limit or restrict the right of the City to prescribe any other mode of conducting such wires, tubes and cables over or under its thoroughfares. (1948 C., Ch. 50, § 12; 1960 C., § 584.130; 1994 C., § 23.52.130.)

23.52.140 Compensation for use of streets.

All telegraph and telephone corporations, not taxed by ordinance on their gross income for City purposes, shall pay to the City per year for the privilege of using the streets, alleys and public places thereof as follows: For pole lines and wires, tubes and cables thereon, the sum of two dollars for each and every three hundred feet of street, alley or public place along or across which they extend and the sum of ten cents for each and every housetop wire, tube and cable, including those permitted to remain overhead by virtue of Sections 23.42.010 and 23.42.020 and for each and every wire, tube or cable on poles of other corporations for each and every street, alley or public place it crosses or intersects. (1948 C., Ch. 50, § 13; 1960 C., § 584.140; 1994 C., § 23.52.140.)

Cases:

The City of St. Louis is authorized to charge in the nature of a reasonable rental for the use of property by a telegraph company for putting poles in the street. *St. Louis v. Western Union Telegraph Co.,* 148 U.S. 92 (1892), rehearing denied, 149 U.S. 465 (1893).

23.52.150 Use of wires must be for legal purposes.

No permit shall be issued for the stringing of wires for communication unless the applicant shall represent in writing that such wires shall not be used to connect to or with immoral places or places existing unlawfully, and shall not be used for any illegal purpose. (1948 C., Ch. 50, § 14; 1960 C., § 584.150(part); 1994 C., § 23.52.150.)

23.52.160 Illegally used wires—Removal.

Any permit shall be void if the representation prescribed in Section 23.52.150 is violated, and any wires strung under such permit shall be unlawful. It shall be the duty of the Department of Public Utilities to cut down and remove such wires from any street, alley or public place. Any person interfering with or preventing such cutting and removal shall be deemed guilty of a misdemeanor. (1948 C., Ch. 50, § 15; 1960 C., § 584.160; 1994 C., § 23.52.160.)

23.52.170 Illegally used wires—Penalty.

Any person stringing wires to places used for immoral purposes or existing unlawfully, or wires used for any illegal purpose, shall be deemed guilty of a misdemeanor. (1948 C., Ch. 50, § 16; 1960 C., § 584.150(part); 1994 C., § 23.52.170.)

23.52.180 Wires strung without permit.

Any person who shall string or cause to be strung any wire, tube, cable or electrical conductor for communication along or across any street, alley or public place without a permit or permission shall be deemed guilty of a misdemeanor, and each street or alley crossed shall constitute a separate offense. (1948 C., Ch. 50, § 17; 1960 C., § 584.170; 1994 C., § 23.52.180.)

23.52.190 Enforcement.

It shall be the duty of the Police Department to assist in the enforcement of the provisions of this chapter. (1948 C., Ch. 50, § 18; 1960 C., § 584.180; 1994 C., § 23.52.190.)

23.52.200 Rates and charges.

The City reserves the right to fix, at any time, the rates and charges for the use of telephones. (1948 C., Ch. 50, § 19; 1960 C., § 584.190; 1994 C., § 23.52.200.)

GAS COMPANIES

City Counselor Ops.: 8641

Sections:

23.54.010 Connections.
23.54.020 Repair of street openings.
23.54.030 Stopcock box placement.

23.54.010 Connections.

All gas, sewer, water and like connections with property bordering on any street shall be made in advance of the reconstruction of the street, and thereafter no one shall be permitted to remove or disturb the pavement for the purpose of making any such connection unless permission is obtained from the Board of Public Service. Any person who shall violate the provi-

sions of this section shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined not less than twenty-five dollars nor more than five hundred dollars. (1948 C., Ch. 50, § 79; 1960 C., § 271.010; 1994 C., § 23.54.010.)

23.54.020 Repair of street openings.

Where the gas light companies authorize or cause an opening to be made in any street or alley of the City for any purpose, it shall be the duty of such companies to repair the street or alley and place it in as good condition, in the opinion of the Street Commissioner, as it was before the excavation or opening was made in the street or alley. The repairs must be continued as circumstances may require for a period of one year after the excavation has been refilled. It shall be the duty of the Street Commissioner to cause any repairs which, in his opinion, are not complete to be completed, and the cost of such repair by the Street Commissioner shall be deducted from the payment due by the City for lighting the streets. (1948 C., Ch. 50, § 80; 1960 C., § 271.020; 1994 C., § 23.54.020.)

23.54.030 Stopcock box placement.

All gas stopcock boxes shall be located in the sidewalks within one foot of the curbstone, in front of the premises to be supplied, and shall come up even with the pavement. When stopcock boxes cannot be placed in the sidewalks on account of vaults, they shall be placed in the street, clear of the gutter paving, and within four feet of the curbstone.

All persons supplying gas for heating, illuminating or other purposes, shall place stopcocks and boxes on the main supply pipe leading into any building on the sidewalk in the manner provided for in the immediately preceding paragraph, so that the supply of gas can be shut off without entering the building or premises. Any person violating the provisions of this section and Section 23.54.020 shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined in a sum not less than fifty dollars nor more than five hundred dollars for each offense. (1948 C., Ch. 50, § 81; 1960 C., § 271.030; 1994 C., § 23.54.030.)

RECONNECTION OF TERMINATED SERVICE

Sections:

23.56.010 Use of services—Reconnected—Prohibited when.

23.56.020 Penalty for violation.

23.56.010 Use of services—Reconnected—Prohibited when.

A. It is hereby declared to be unlawful and illegal for the owner or occupier of any premises whether the same is residential, commercial or industrial to use or attempt to use the services or product of any public utility without the prior consent and approval of said utility.

B. In the event a utility company terminates service to a residential, commercial or industrial premises it shall be unlawful for any owner or occupier of said affected premises to perform any act the result of which is to re-establish or reconnect the terminated utility service to the premises where the utility service has been shut down, cut off or terminated by the utility company. (1994 C., § 23.56.010; Ord. No. 61916, § 1, 1990.)

23.56.020 Penalty for violation.

Any person, firm or corporation who violates the provisions of Section 23.56.010 and is found guilty of said violation shall be fined not less than twenty-five dollars ($25.00) or more than five hundred dollars ($500.00) for each offense and a separate offense shall be deemed committed on each day during which a violation occurs or continues. (1994 C., § 23.56.020; Ord. No. 61916, § 2, 1990.)

SMALL WIRELESS FACILITIES

Sections:

23.59.010 Applicability.

23.59.020 Definitions.

23.59.030 General standards.

23.59.040 Permitting provisions.

23.59.050 Construction standards.

23.59.060 Indemnity, insurance, performance bond.

23.59.070 Miscellaneous provisions.

23.59.010 Applicability.

To the extent permitted by law, this chapter shall apply to all persons desiring to construct, operate, or

maintain small wireless facilities within the City. (Ord. No. 70892, § 1, 12-26-2018.)

23.59.020 Definitions.

A. Definitions and Usage—General. For the purposes of this chapter, the following terms, phrases, words, and abbreviations shall have the meanings given herein, unless otherwise expressly stated. When not inconsistent with the context, words used in the present tense include the future tense and vice versa, words in the plural number include the singular number and vice versa, and masculine gender includes the feminine gender and vice versa. The words "shall" and "will" are mandatory, and "may" is permissive. Unless otherwise expressly stated or contrary to the context, those terms, phrases, words, and abbreviations not defined herein shall be given the meaning set forth in RSMo 67.5110—67.5121, and if not defined therein, the City Code, and, if not defined therein, their common and ordinary meaning. For further convenience, the first letter of terms, phrases, words and abbreviations defined in this chapter have been capitalized, but an inadvertent failure to capitalize such letter shall not affect its meaning, nor shall the inadvertent capitalization of the first letter of a term, phrase, word, or abbreviation not defined herein affect the meaning thereof.

B. "Antenna," communications equipment that transmits or receives electromagnetic radio frequency signals used in the provision of wireless services.

C. "Applicable codes," include any City codes incorporating uniform building, fire, electrical, plumbing, or mechanical codes adopted by a recognized national code organization or local amendments to such codes enacted to prevent physical property damage or reasonably foreseeable injury to persons.

D. "Applicant," any person who submits an application and is a wireless provider.

E. "Application," a request submitted by an applicant to the City for a permit to collocate small wireless facilities on a utility pole or wireless support structure, or to approve the installation, modification or replacement of a utility pole.

F. "City utility pole," means a utility pole, as defined below, owned, managed or operated by or on behalf of the City; except municipal electric utility distribution poles or facilities.

G. "Collocate" or "collocation," to install, mount, maintain, modify, operate, or replace small wireless facilities on or immediately adjacent to a wireless support structure or utility pole, provided that the small wireless facility antenna is located on the wireless support structure or utility pole.

H. "Communications facility," the set of equipment and network components, including wires, cables, and associated facilities used by a cable operator, as defined in 47 U.S.C. Section 522(5); a telecommunications carrier, as defined in 47 U.S.C. Section 153(51); a provider of information service, as defined in 47 U.S.C. Section 153(24); or a wireless services provider; to provide communications services, including cable service, as defined in 47 U.S.C. Section 522(6); telecommunications service, as defined in 47 U.S.C. Section 153(53); and information service, as defined in 47 U.S.C. Section 153(24); wireless communications service; or other one-way or two-way communications service.

I. "Communications service provider," a cable operator, as defined in 47 U.S.C. Section 522(5); a provider of information service, as defined in 47 U.S.C. Section 153(24); a telecommunications carrier, as defined in 47 U.S.C. Section 152(51); or a wireless provider.

J. "Decorative pole," a City utility pole that is specially designed and placed for aesthetic purposes.

K. "Fee," a one-time, nonrecurring charge.

L. "Historic district," a group of buildings, properties, or sites that are either listed in the National Register of Historic Places or formally determined eligible for listing by the Keeper of the National Register, the individual who has been delegated the authority by the federal agency to list properties and determine their eligibility for the National Register, in accordance with Section VI.D.1.A.i—v of the Nationwide Programmatic Agreement codified at 47 C.F.R., Part 1, Appendix C, or are otherwise located in a district made subject to special design standards adopted by City ordinance or under state law as of January 1, 2018, or subsequently enacted for new developments.

M. "Permit," a written authorization from a designated City official required by the City to deploy or collocate small wireless facilities in or outside the right-of way, or to install, replace, maintain or operate a utility pole inside the right-of way.

N. "Person," an individual, corporation, limited liability company, partnership, association, trust, or other entity or organization, including an authority.

O. "Rate," a recurring charge.

P. "Right-of-way," the area on, below, or above a public roadway, highway, street, sidewalk, alley, or sim-

ilar property used for public travel, but not including a federal interstate highway, railroad right-of-way or private easement.

Q. "Small wireless facility," a wireless facility that meets both of the following qualifications:

1. Each wireless provider's antenna could fit within an enclosure of no more than six cubic feet in volume; and

2. All other equipment associated with the wireless facility, whether ground or pole mounted, is cumulatively no more than twenty-eight cubic feet in volume, provided that no single piece of equipment on the utility pole shall exceed nine cubic feet in volume; and no single piece of ground-mounted equipment shall exceed fifteen cubic feet in volume, exclusive of equipment by an electric utility or municipal electric utility to power the small wireless facility.

The following types of associated ancillary equipment shall not be included in the calculation of equipment volume: electric meter, concealment elements, telecommunications demarcation box, grounding equipment, power transfer switch, cut-off switch, and vertical cable runs and related conduit for the connection of power and other services.

R. "Stealth," integrated as an architectural feature of a structure or that is designed to camouflage or conceal the presence of the telecommunications facility, wireless support structure, or antenna so that the purpose of the telecommunications facility, wireless support structure, or antenna is not readily apparent to a casual observer however, such term shall not include wireless support structures, electric transmission structures, or break-away poles owned by the state Highways and Transportation Commission.

S. "Technically feasible," by virtue of engineering or spectrum usage, the proposed placement for a small wireless facility or its design or site location can be implemented without a reduction in the functionality of the small wireless facility.

T. "Utility pole," a pole or similar structure that is or may be used in whole or in part by or for wireline communications, electric distribution, lighting, traffic control, signage, or a similar function, or for the collocation of small wireless facilities.

U. "Wireless facility," equipment at a fixed location that enables wireless communications between user equipment and a communications network, including equipment associated with wireless communications and radio transceivers, antennas, coaxial or fiber-optic cable, regular and backup power supplies and comparable equipment, regardless of technological configuration. The term includes small wireless facilities. The term does not include:

1. The structure or improvements on, under, or within which the equipment is collocated;

2. Coaxial or fiber-optic cable between wireless support structures or utility poles;

3. Coaxial or fiber-optic cable not directly associated with a particular small wireless facility; or

4. A wireline backhaul facility.

V. "Wireless infrastructure provider," any person, including a person authorized to provide telecommunications service in the state, that builds or installs wireless communication transmission equipment or wireless facilities but that is not a wireless services provider.

W. "Wireless provider," a wireless infrastructure provider or a wireless services provider.

X. "Wireless services," any services using licensed or unlicensed spectrum, including the use of WiFi, whether at a fixed location or mobile, provided to the public using wireless facilities.

Y. "Wireless services provider," a person who provides wireless services.

Z. "Wireless support structure," an existing structure, such as a monopole or tower, whether guyed or self-supporting, designed to support or capable of supporting wireless facilities; an existing or proposed billboard; an existing or proposed building; or other existing or proposed structure capable of supporting wireless facilities, other than a structure designed solely for the collocation of small wireless facilities. Such term shall not include a utility pole.

AA. "Wireline backhaul facility," a physical transmission path, all or part of which is within the right-of-way, used for the transport of communication data by wire from a wireless facility to a network. (Ord. No. 70892, § 2, 12-26-2018.)

23.59.030 General standards.

A. Neither the City, nor any person owning, managing, or controlling City utility poles, shall enter into an exclusive arrangement with any person for use or management of the right-of-way for the collocation of small wireless facilities or the installation, operation, marketing, modification, maintenance, management, or replacement of City utility poles within the right-of-way, or for the right to attach to such utility poles within the right-of-way.

B. The City, in applying the provisions of this chapter, will act in a competitively neutral manner with regard to all other users of the right-of-way.

C. Nothing in this chapter limits the ability of the City to require an applicant to obtain one or more permits of general applicability that do not apply exclusively to small wireless facilities in addition to the permit required by this chapter, in order to collocate a small wireless facility or install a new, modified, or replacement utility pole associated with a small wireless facility.

D. The City may require a permit under applicable codes, ordinances, or this chapter, with reasonable conditions, for work in a right-of-way that will involve excavation, affect traffic patterns, obstruct traffic in the right-of-way, or materially impede the use of a sidewalk.

E. A small wireless facility must comply with reasonable, objective, and cost-effective stealth concealment or safety requirements determined by the City, provided that stealth concealment requirements are published in advance by the Board of Public Service and are no more burdensome than those required as part of other telecommunications infrastructure deployments.

F. Reasonable, technically feasible, nondiscriminatory, and technologically neutral design and stealth concealment measures are required for small wireless facilities or utility poles.

G. Wireless providers, upon adequate notice and at the facility owner's own expense, shall relocate facilities as may be needed in the interest of public safety and convenience.

H. Except as otherwise provided in this chapter and applicable state and federal laws, in reviewing applications for small wireless facilities, wireless support structures and utility poles, the City will exercise zoning, land use, planning, and permitting authority within its territorial boundaries.

I. Nothing in this chapter shall be interpreted to impose any new requirements on cable providers for the provision of such service.

J. Small wireless facilities or utility poles constructed or operational before August 28, 2018, which were approved by the City by permit or agreement, may remain installed and be operated under the requirements of this chapter.

K. Only one small wireless facility shall be installed per utility pole; however, nothing in this chapter limits the number of wireless providers that may use a small wireless facility.

L. Authority preserved. Subject to the provisions of RSMo 67.5110 to 67.5121 and applicable federal law, and except for facilities excluded from evaluation for effects on historic properties under 47 C.F.R. Section 1.1307(a)(4) of the Federal Communications Commission rules, the City may require reasonable, technically feasible, nondiscriminatory and technologically neutral design or concealment measures in an historic district. Any such design or concealment measures shall not have the effect of prohibiting any provider's technology, nor shall any such measures be considered a part of the small wireless facility for purposes of the size restrictions in the definition of small wireless facility. (Ord. No. 70913, § 1, 2-14-2019; Ord. No. 70892, § 3, 12-26-2018.)

23.59.040 Permitting provisions.

A. *Permit Requirements—Inside the Right-of-Way.*

1. (a) Any person desiring to collocate small wireless facilities, or install, maintain, modify, operate, or replace utility poles along, across, upon, and under the right-of-way to allow for such collocation is not subject to zoning review or approval; however, the placement of a new utility pole or a modified utility pole (as such terms are defined herein) by a wireless provider or its contractor within a segment of the right-of-way adjacent to the front lot line (as such term is used in Title 26 of the Revised Code) of a parcel in the single-family "A" zoning district shall not be permitted unless the applicant provides substantial evidence of the applicant's network need for a small wireless facility at that pole location or the applicant demonstrates that a denial of the permit otherwise would violate state or federal law. For the purposes of this section, "new utility pole" means a utility pole proposed for a location where a utility pole was not previously located, and "modified utility pole" means a utility pole that is either a replacement of an existing utility pole or a modification of such utility pole where the replacement or modified pole has a different width, height, or material than the pole being replaced or modified.

(b) "Substantial evidence of the applicant's network need" is demonstrated when the permit applicant provides the network need certification and supporting technical documentation as described in this para-

graph. A network need certification is a signed certification by the wireless provider explaining how the denial of the proposed new utility pole or a modified utility pole at the proposed location will materially inhibit the filling of a coverage gap, densifying of a wireless network, introduction of new services, or the improvement of service capabilities for that wireless provider in that area, and that there are no other existing utility pole locations on nearby side streets outside of front lot lines or in nearby alleys that are technically feasible for these purposes. Additional cost to the wireless provider to use an alley location shall not, by itself, demonstrate that an alley location is not technically feasible. Supporting technical documentation shall provide factual information supporting the wireless provider's network need certification in a form that the Board of Public Service shall specify in advance by Board order or resolution. The supporting technical documentation shall include a map of the area and nearby pole locations considered by the applicant, along with a brief narrative explaining why that particular utility pole was requested. Any claim and evidence that a denial of a permit otherwise would violate state or federal law shall specify the legal and factual basis for such claim in the permit application.

(c) For any pole location within a segment of the right-of-way adjacent to the front lot line of a parcel in the single-family "A" zoning district that the Board of Public Service approves based on substantial evidence shown in a network need certification and supporting technical documentation, the Board of Public Service may require that the new utility pole or modified utility pole be placed on or near the intersection of common property lines and out of the direct line of sight of doors and windows of the residence located on the parcel adjoining such segment of the right-of-way.

(d) Residents of Zone "A" parcels that adjoin a segment of the right-of-way where an approved new utility pole or modified utility pole is permitted under this chapter shall be notified via door hanger of any excavation, or pole construction or replacement, no less than seven (7) days prior to the start of excavation or construction.

(e) The Alderperson who represents the ward in which the proposed small wireless facility will be installed shall receive advance notice of the installation of the small wireless facility via electronic mail from the applicant or the applicant's representative no less than seven (7) days prior to the start of construction.

2. Small wireless facilities and utility poles shall be installed and maintained so as not to obstruct or hinder the usual travel, including pedestrian travel, or public safety on the right-of-way or obstruct the legal use of the right-of-way by the City or other authorized right-of-way users. A new, replacement, or modified utility pole allowed under this chapter and installed in the right-of way shall not exceed the greater of ten (10) feet in height above the tallest existing utility pole in place as of January 1, 2019, located within five hundred (500) feet of the new utility pole in the same right-of-way or fifty (50) feet above ground level. New small wireless facilities in the right-of-way shall not extend more than ten (10) feet above an existing utility pole in place as of August 28, 2018, or for small wireless facilities on a new pole, above the height permitted for a new utility pole under this section.

3. A wireless provider shall be permitted to replace decorative poles when necessary to collocate a small wireless facility, but any replacement pole shall reasonably conform to the design aesthetics of the decorative pole or poles being replaced. The term "reasonably conform," as used herein, shall mean that the replacement pole shall be as nearly identical to the decorative pole replaced as is feasible. The Board of Public Service is authorized to determine if the replacement pole reasonably conforms.

4. The City may require replacement of a City utility pole on a nondiscriminatory basis for reasons of safety and reliability, including a demonstration that the collocation would make the City utility pole structurally unsound, and the replacement must comply with City utility pole standards and specifications in effect and published by the Board of Public Service, at the time the permit application is submitted.

5. On a nondiscriminatory basis, the City shall not permit more than one (1) small wireless facility per utility pole.

B. *Permit Requirements—Outside the Right-of-Way.*

1. The City will allow collocation of small wireless facilities on City wireless support structures and City utility poles that are located on City property outside the right-of-way to the same extent, if any, that it allows access to such structures for other commercial projects or uses. Any such collocations shall be subject to reasonable and nondiscriminatory rates, fees and terms as provided in an agreement between the City and the wireless provider, and not otherwise governed by this chapter.

2. The City shall not enter into an exclusive agreement between the City and a wireless provider concerning City utility poles or City wireless support structures that are located on City property outside the right-of-way, including stadiums and enclosed arenas, unless the agreement meets the following requirements:

a. The wireless provider provides service using a shared network of wireless facilities, and makes the shared network available for access by other wireless providers on reasonable and nondiscriminatory rates and terms that shall include use of the entire shared network as to itself, an affiliate, or other entity, or the wireless provider must allow other wireless providers to collocate small wireless facilities on nondiscriminatory rates and terms as to itself, an affiliate or any other entity.

C. *Permit Process for an Applicant Seeking to Collocate Small Wireless Facilities in the Right-of-Way or on City Wireless Support Structures outside the Right-of-Way, or to Install, Replace, Maintain, or Operate a Utility Pole Inside the Right-of-Way.*

1. An applicant seeking to collocate small wireless facilities in the right-of-way or on City wireless support structures outside the right-of-way, or to install, replace, maintain or operate a utility pole inside the right-of-way, must first submit an application for a permit to the Board of Public Service. The Board of Public Service shall design and make available to applicants a standard application form, consistent with the provisions of this chapter, which all applicants must use in order to accomplish the purposes of this chapter. Except for the requirements in Subsection C.2.b. below, an applicant shall not be required to provide more information to obtain a permit under this chapter than other communications service providers that are not wireless providers.

2. An application for a permit shall include the following as per requirements as may be established by the Board of Public Service:

a. Construction and engineering drawings as per Board of Public Service requirements;

b. An attestation that the small wireless facility complies with the volumetric limitations in the definition of small wireless facility;

c. Information on the height of any new, replacement or modified utility pole;

d. Applicable indemnity, insurance, performance bond information required in Section 23.59.060;

e. An applicant that is not a wireless services provider must provide evidence of agreements or plans demonstrating that the small wireless facilities will be operational for use by a wireless services provider within one year after the permit issuance date, unless the City and the applicant agree to extend this period or if delay is caused by lack of commercial power or communications transport facilities to the site and the applicant notifies the City thereof. An applicant that is a wireless services provider must provide this information by attestation.

f. Plans and detailed cost estimates for any make-ready work as needed.

i. The applicant shall be solely responsible for the cost of any make-ready work.

ii. The applicant must seek and approve any make-ready work cost estimates provided by the City and include the approved estimate in the permit application.

g. Each permit shall include projected commencement and termination dates, or, if such dates are unknown at the time the permit is issued, a provision requiring the permit holder to provide the Board of Public Service with reasonable advance notice of such dates once they are determined.

h. Pursuant to RSMo 67.5113(1), the City shall receive applications for, process, and issue such permits from wireless providers or their agents applying for a permit to collocate a small wireless facility subject to the following requirements:

i. An applicant shall not be required to perform services or provide goods unrelated to the permit, such as in-kind contributions to the City, including reserving fiber, conduit or pole space for the City;

ii. An applicant shall not be required to provide more information to obtain a permit than communications service providers that are not wireless providers, provided that an applicant shall include construction and engineering drawings and information demonstrating compliance with the criteria of this section and an attestation that the small wireless facility complies with applicable volumetric limitations;

iii. An applicant shall not be required to place small wireless facilities on any specific utility pole or category of poles or place multiple antenna systems on a single utility pole;

iv. There is no limit as to the placement of small wireless facilities by minimum horizontal separation distances;

v. An applicant shall comply with reasonable, objective, and cost-effective stealth concealment or safety requirements as provided herein;

vi. An applicant that is not a wireless provider shall provide evidence of agreements or plans demonstrating that the small wireless facilities will be operational for use by a wireless services provider within one (1) year after the permit issuance date, unless the City and the applicant agree to extend this period or if delay is caused by lack of commercial power or communications transport facilities to the site and the applicant notifies the City thereof. An applicant that is a wireless service provider shall provide the information required by this subdivision by attestation.

D. *Fees and Rates.* Each such application shall be accompanied by payment as designated in this chapter.

1. *General Provisions.*

a. This section does not limit the City's ability to recover specific removal costs from the attaching wireless provider for abandoned structures. The rates to collocate on City utility poles shall be nondiscriminatory regardless of the services provided by the collocating applicant.

b. The City shall not require a wireless provider to pay any rates, fees, or compensation to the City or other person other than what is expressly authorized by RSMo 67.5110 to 67.5131 (while in effect) for the collocation of a small wireless facility; for the use and occupancy of a right-of-way; or for the installation, maintenance, modification, operation, and replacement of utility poles in the right-of-way.

c. Any fees collected pursuant to this chapter will be used only to reimburse the City for its actual incurred costs and will not be used to generate revenue to the City above such costs.

d. The City may not require or accept in-kind services in lieu of any fee.

e. The rates to collocate on City utility poles shall be nondiscriminatory regardless of the services provided by the collocating applicant.

2. *Collocation Rate.* The rate for collocation of a small wireless facility to a City utility pole is one hundred fifty dollars ($150.00) per pole per year.

3. *Application Fee.*

a. The fee for an application for the collocation of a small wireless facility on an existing City utility pole is one hundred dollars ($100.00) per small wireless facility, not including permit fees required for any make-ready work.

b. An applicant filing a consolidated application shall pay one hundred dollars ($100.00) per small wireless facility included in the consolidated application.

c. The fee for an application for the installation, modification, or replacement of a utility pole and the collocation of an associated small wireless facility is five hundred dollars ($500.00) per pole not including the make-ready work associated with the installation, modification or replacement of a utility pole.

E. *Timing for Processing of an Application.*

1. Within fifteen (15) days of receiving an application, the City shall determine and notify the applicant in writing whether the application is complete. An application shall not be deemed received unless the application contains all required documentation as outlined and published by the Board of Public Service. If the actual documentation provided is inadequate or incomplete then an application is incomplete, and the City shall specifically identify the missing information in writing. The processing deadline in Subdivision 2 of this subsection is tolled from the time the City sends notice to the applicant and the applicant provides the required information or as agreed upon by the applicant and the City.

2. The City shall process and approve or deny an application for collocation of a small wireless facility within forty-five (45) days of receipt.

3. The City shall process and approve or deny an application for installation of a new, modified, or replacement utility pole associated with a small wireless facility within sixty (60) days of receipt.

4. An applicant may file a consolidated application and receive a single permit for the collocation of multiple small wireless facilities.

a. An application may include up to twenty (20) separate small wireless facilities, provided that they are for the same or materially same design of small wireless facility being collocated on the same or materially the same type of utility pole or wireless support structure, and geographically proximate. The application shall provide information sufficient to determine whether the applicant has met the requirements of this section. The City shall have discretion to determine whether the application meets the requirements of this section.

b. If the City receives individual applications for approval of more than fifty (50) small wireless facilities or consolidated applications for approval of more than seventy-five (75) small wireless facilities within a fourteen-day period, whether from a single applicant or

multiple applicants, the City may, upon its own request, obtain an automatic thirty-day extension for any additional collocation or replacement or installation application submitted during that fourteen-day period or in the fourteen-day period immediately following the prior fourteen-day period. The City will promptly communicate its request to each and any affected applicant.

c. The denial of one (1) or more small wireless facilities in a consolidated application shall not delay processing of any other small wireless facilities in the same batch or constitute the basis for denial of other small wireless facilities within the consolidated application or the application as a whole.

5. The City shall provide a good faith estimate for any make-ready work necessary to enable a City utility pole to support the requested collocation by a wireless provider, including pole replacement if necessary, within sixty (60) days after receipt of a complete application. With the exception of make-ready work for power, make-ready work, including any pole replacement, shall be completed within sixty (60) days of written acceptance of the good faith estimate and advance payment, if required, by the applicant.

6. An application that is not acted on within the specified time period is deemed approved.

7. For any application denied:

a. The City shall document the complete basis for a denial in writing, and send the documentation to the applicant on or before the day the City denies the application.

b. The City shall approve or deny the revised application within thirty (30) days. Any subsequent review shall be limited to the deficiencies cited in the denial.

8. The City will not institute, either expressly or de facto, a moratorium on filing, receiving, or processing applications or issuing permits or other approvals, if any, for the collocation of small wireless facilities or the installation, modification or replacement of utility poles to support small wireless facilities.

a. The City may institute and may impose a temporary moratorium on applications for small wireless facilities and the collocation thereof for no more than thirty (30) days in the event of a major and protracted staffing shortage that reduces the number of personnel necessary to receive, review, process, and approve or deny applications for the collocation of small wireless facilities by more than fifty (50) percent.

F. *Denial of an Application.* An application for a proposed collocation of a small wireless facility or installation, modification, or replacement of a utility pole otherwise meeting the requirements of this chapter will be denied if the action proposed in the application could reasonably be expected to:

1. Materially interfere with the safe operation of traffic control equipment or City-owned communications equipment;

2. Materially interfere with sight lines or clear zones for transportation, pedestrians, or non-motorized vehicles;

3. Materially interfere with compliance with the Americans With Disabilities Act, or similar federal or state standards regarding pedestrian access or movement;

4. Materially obstruct or hinder the usual travel or public safety on the right-of-way;

5. Materially obstruct the legal use of the right-of-way by the City, utility, or other third party;

6. Fail to comply with applicable codes, including nationally recognized engineering standards for utility poles or wireless support structures;

7. Fail to comply with the reasonably objective and documented aesthetics of a decorative pole and the applicant does not agree to pay to match the applicable decorative elements;

8. Fail to comply with reasonable and nondiscriminatory undergrounding requirements contained in City ordinances as of January 1, 2018, or subsequently enacted for new developments, that require all utility facilities in the area to be placed underground and prohibit the installation of new or the modification of existing utility poles in a right-of-way without prior approval, provided that such requirements include a waiver or other process of addressing requests to install such utility poles and do not prohibit the replacement or modification of existing utility poles consistent with applicable law for the provision of wireless services;

9. Any other reason not prohibited by applicable law or regulation.

G. *Approval of an Application.*

1. The City shall review each application for a permit and, upon determining that: (1) the applicant has submitted all necessary information; (2) there is no basis under Subsection F above to deny the application, and (3) the applicant has paid the appropriate fee, the City shall issue the permit.

2. If the City approves an application, the applicant is authorized to:

a. Undertake the installation or collocation;

b. Operate and maintain the small wireless facilities and any associated utility pole covered by the permit for a period of not less than ten (10) years, which shall be renewed for equivalent durations so long as they are in compliance with this chapter.

3. Installation or collocation for which a permit is granted under this chapter shall be completed within one (1) year after the permit issuance date unless the City and the applicant agree to extend this period, or the applicant notifies the City that the delay is caused by a lack of commercial power or communications transport facilities to the site.

4. The City may approve a permit subject to a reservation to reclaim space in the utility pole, when and if needed, to meet the utility pole owner's core utility purpose or a documented City plan projected at the time of the application.

H. *No Application Required.* No application is required for:

1. Routine maintenance on previously permitted small wireless facilities;

2. The replacement of small wireless facilities with small wireless facilities that are the same or smaller in size, weight, and height; or

3. The installation, placement, maintenance, operation, or replacement of micro wireless facilities that are strung on cables between utility poles in compliance with applicable codes.

4. The City must be provided with a description of any new equipment installed so that the City may maintain an accurate inventory of the small wireless facilities at a particular location.

(Ord. No. 71333, § 1, 4-19-2021; Ord. No. 70892, § 4, 12-26-2018.)

23.59.050 Construction standards.

A. The construction, operation, maintenance, and repair of small wireless facilities shall be in accordance with applicable codes and standards including, as applicable, other relevant City ordinances pertaining to construction, operation, maintenance, and repair inside or outside the rights-of-way.

B. All small wireless facilities shall be installed and located with due regard for minimizing interference with the public and with other users of a right-of-way, including the City.

C. An applicant shall not place small wireless facilities where they will damage or interfere with the use of operation of previously installed facilities or obstruct or hinder the various utilities serving the residents and businesses in the City of their use of any rights-of-way.

D. Any and all rights-of-way disturbed or damaged during the construction of small wireless facilities shall be promptly repaired or replaced by the applicant to its previous condition before the disturbance or damage.

E. Any wireless infrastructure provider, contractor or subcontractor must be properly licensed under laws of the State and all applicable local ordinances.

F. Each wireless infrastructure provider, contractor or subcontractor shall have the same obligations with respect to its work as wireless services provider would have hereunder and applicable laws if the work were performed by the wireless services provider. The wireless services provider shall be responsible for ensuring that the work of wireless infrastructure providers,

contractors or subcontractors is performed consistent with their permits and applicable law relating to the deployment of small wireless facilities and utility poles and shall be responsible for all acts or omissions of any wireless infrastructure provider, contractor or subcontractor, and shall be responsible for promptly correcting any acts or omissions by a wireless infrastructure provider, contractor or subcontractor. (Ord. No. 70892, § 5, 12-26-2018.)

23.59.060 Indemnity, insurance, performance bond.

A. *Indemnity.*

1. Wireless providers shall indemnify and hold the City, its officers and employees harmless against any damage or personal injury caused by the negligence of the wireless provider or its employees, agents, or contractors.

B. *Insurance.*

1. As part of the permit process, a wireless provider must provide proof of liability insurance coverage against any damage or personal injury caused by the negligence of the wireless provider or its employees, agents, or contractors. The wireless provider's liability insurance policy must name the City and its officers and employees as additional insureds.

a. In the alternative, a wireless provider must demonstrate that it has in effect a comparable self-insurance program.

C. *Performance Bond.*

1. As part of the permit process, a wireless provider must post a performance bond of $1,500.00 per small wireless facility or an amount not to exceed $75,000.00 across all small wireless facilities.

2. The purpose of the performance bond is to:

a. Provide for the removal of abandoned or improperly maintained small wireless facilities, including those that the City determines need to be removed to protect public health, safety, or welfare;

b. Restore the right-of-way in connection with the removal of small wireless facilities;

c. Recoup rates or fees that have not been paid by a wireless provider in over twelve (12) months, provided the wireless provider has had reasonable notice and an opportunity to cure.

3. Upon completion of the work associated with the small wireless facilities to the satisfaction of the Board of Public Service, the Board of Public Service shall eliminate the bond or reduce its amount after a time appropriate to determine whether the work performed was satisfactory, which shall be established by the Board of Public Service considering the nature of the work performed.

4. Recovery by the City of any amounts under the performance bond or otherwise does not limit an applicant's duty to indemnify the City in any way, nor shall such recovery relieve an applicant of its obligations under a permit or reduce the amounts owed to the City other than by the amounts recovered by the City under the performance bond, nor in any respect prevent the City from exercising any other right or remedy it may have.

a. *Exemption.* Applicants that have at least twenty-five million dollars ($25,000,000.00) in assets in the state and do not have a history of permitting noncompliance within the City's jurisdiction shall be exempt from the insurance and bonding requirements otherwise required by this section. The City may require an applicant to provide proof by affidavit that its assets meet or exceed this requirement at the time of filing the application. (Ord. No. 70892, § 6, 12-26-2018.)

23.59.070 Miscellaneous provisions.

A. *Compliance with Laws.* Each applicant shall comply with all applicable City ordinances, resolutions, rules and regulations heretofore and hereafter adopted or established.

B. *Franchises Not Superseded.* Nothing herein shall be deemed to relieve an applicant of the provisions of an existing franchise, license or other agreement or permit.

C. *Rights and Remedies.*

1. The exercise of one remedy under this chapter shall not foreclose use of another, nor shall the exercise of a remedy or the payment of damages or penalties relieve an applicant of its obligations to comply with its permits. Remedies may be used alone or in combination; in addition, the City may exercise any rights it has in law or in equity.

2. The City hereby reserves to itself the right to intervene in any suit, action or proceeding involving any provisions of this chapter.

3. No applicant shall be relieved of its obligation to comply with any of the provisions of this chapter by reason of any failure of the City to enforce prompt compliance.

4. Nothing in this chapter precludes the Board of Public Service from adopting reasonable rules with

respect to the removal of abandoned small wireless facilities, and the Board of Public Service is authorized to do the same.

D. *Incorporation by Reference.* Any permit granted pursuant to this chapter shall by implication include a provision that shall incorporate by reference this chapter into such permit as fully as if copied therein verbatim.

E. *Calculation of Time.* Unless otherwise indicated, when the performance or doing of any act, duty, matter, or payment is required under this chapter or any permit, and a period of time is prescribed and is fixed herein, the time shall be computed so as to exclude the first and include the last day of the prescribed or fixed period of time.

F. *Relocation of Facilities.* Whenever, by reason of changes in the grade or widening of a street or in the location or manner of constructing a water pipe, drainage channel, sewer, or other City-owned underground or above-ground structure, public safety or convenience it is deemed necessary by the City to move, alter, adapt or change the location of underground or above-ground facilities of a wireless provider, the wireless provider shall make the alterations or changes, on alternative right-of-way provided by the City, if available, as soon as practicable upon adequate notice in writing by the City without claim for reimbursement or damages against the City.

G. *Standards Applicable to City.* Any standards in this chapter relating to small wireless facilities shall be fully applicable to work performed by the City and its departments. (Ord. No. 70892, § 7, 12-26-2018.)

DIVISION IV. PUBLIC LIGHTING

Chapter 23.60

PUBLIC LIGHTING

Sections:

23.60.010 **Director of Public Utilities—Enforcement.**

23.60.020 **Director of Public Utilities—Lighting of public buildings.**

23.60.030 **Director of Public Utilities—Inspection of electrical apparatus premises.**

23.60.040 **Additional lighting—Payment.**

23.60.060 **Additional lighting—Acceptance of chapter.**

23.60.070 **Department of Public Utilities to maintain municipal plants.**

23.60.010 Director of Public Utilities—Enforcement.

The Director of Public Utilities shall enforce all ordinance provisions in relation to the lighting of the streets, alleys and other public places and of the public buildings of the City with gas or electricity, and in relation to the construction and operation of all plants and distributing wires and equipment used for distributing gas or electricity for light, heat, power, telegraph or telephone purposes. (1948 C., Ch. 55, § 63; 1960 C., § 541.010; 1994 C., § 23.60.010.)

City Counselor Ops.: 8890

23.60.020 Director of Public Utilities—Lighting of public buildings.

The Director of Public Utilities shall have charge of all lamps, fixtures, pipes, cables, tubes, conductors and appurtenances used in lighting the public buildings of the City and shall install, alter and maintain the same.

The cost thereof, unless provided for by special appropriation, shall be paid from funds annually appropriated for lighting public buildings. (1948 C., Ch. 55, § 64; 1960 C., § 541.020; 1994 C., § 23.60.020.)

23.60.030 Director of Public Utilities—Inspection of electrical apparatus premises.

The Director of Public Utilities is authorized and directed to inspect all premises on which an apparatus for transforming energy of any kind into electrical energy or the reverse is located and premises where conductors for the transmission of electricity are placed for the purpose of ascertaining their condition and management. (1948 C., Ch. 55, § 65; 1960 C., § 541.030; 1994 C., § 23.60.030.)

23.60.040 Additional lighting—Payment.

Whenever any person shall apply to the Director of Public Utilities for additional lighting standards on a street, or for increased candle power, in excess of what the Director of Public Utilities is authorized to furnish in accordance with the general scheme of municipal lighting, and shall undertake to reimburse the City for any additional expenditure that it may incur by complying with such application, the Director of Public Utilities is authorized to establish as many additional

standards and to furnish additional and extra candle power as may be applied for; provided, that the person applying for additional standards or increased candle power shall pay annually, in advance, the cost of installing and maintaining such additional standards and of furnishing such additional candle power. The Director of Public Utilities is authorized to remove any and all such additional lighting standards and to reduce or shut off any additional and extra supply of candle power whenever there is a failure to pay in advance, within the time fixed by the Director of Public Utilities, either the cost of installation or the cost of maintenance, and all such additional lighting standards shall thereupon become the property of the City. (1948 C., Ch. 55, § 71; 1960 C., § 541.040; 1994 C., § 23.60.040.)

23.60.050 Additional lighting—Repairs.

Whenever any extra lighting standard that may have been installed in accordance with the provisions of Section 23.60.040 shall have been damaged, the Director of Public Utilities is authorized to repair such damage. The cost of repairing such damage shall be borne by the person upon whose application such extra lighting standard was originally installed. Upon the failure of such person to reimburse the City for the expense of repairing any such extra lighting standard within the time fixed by the Director of Public Utilities, such lighting standard shall become the property of the City and may be removed by the Director of Public Utilities. (1948 C., Ch. 55, § 72; 1960 C., § 541.050; 1994 C., § 23.60.050.)

23.60.060 Additional lighting—Acceptance of chapter.

Before the Director of Public Utilities shall furnish any additional lighting standards on a street, or increase candle power in accordance with the provisions of this chapter, the person applying therefor shall signify in writing its acceptance of the provisions of this chapter. (1948 C., Ch. 55, § 73; 1960 C., § 541.060; 1994 C., § 23.60.060.)

23.60.070 Department of Public Utilities to maintain municipal plants.

The Department of Public Utilities is authorized and directed to maintain all plants and necessary appurtenances owned and operated by the City for the purpose of generating, transmitting and distributing electric light, heat and power to buildings owned or occupied by the City. (1948 C., Ch. 55, § 74; 1960 C., § 541.070; 1994 C., § 23.60.070.)

This chapter shall be known as and may be cited as the "St. Louis City Communications Transmission Systems Ordinance" and shall be codified. (1994 C., § 23.64.010; Ord. No. 62233, § 1, 1991.)

23.64.020 Definitions.

As used herein the following terms have the following meanings unless the context clearly indicates otherwise:

A. "Agency" means the Communications Division, under the office of the President, Board of Public Service, or its successor agency.

B. "Applicant" means the person who applies, pursuant to Section 23.64.040, for a license for the erection, construction, reconstruction, operation, maintenance or use of a communications transmission system by such person in the City of St. Louis.

C. "Cable system" means a cable television system as presently defined in 47 U.S.C. Section 522(6) or as may be defined by subsequent federal legislation.

D. "City" means the City of St. Louis, Missouri, a municipal corporation.

E. "Communications transmission system" means a facility consisting of a set of closed transmission paths and associated signal generation, reception and control equipment that is designed and used for the transmission of video, voice or data signals, which facility occupies public streets, alleys or rights-of-way or other public places within the City, except for the following: cable television systems franchised by the City; telephone systems subject to regulations by the Public Service Commission of the State of Missouri and franchised by the City; telegraph systems franchised by the City; or other communications facilities are franchised by the City.

F. "FCC" means the Federal Communications Commission or any successor agency thereto.

G. "License" means the privilege granted by the City which authorizes a person to erect, construct, operate, use and maintain a communications transmission system that occupies the streets, public ways or public places within the City. Any license issued in accordance herewith shall be a nonexclusive license.

H. "Licensee" means a person who is issued a license or licenses in accordance with the provisions of this chapter for the erection, construction, reconstruction, operation, maintenance, and use of a communications transmission system in the City.

I. "License agreement" means a contract entered into in accordance with the provisions of this chapter between the City and a licensee that sets forth the terms and conditions under which the license will be exercised.

J. "Person" means any individual, corporation, partnership, association, joint venture or organization of any kind and the lawful trustee, successor, assignee, transferee or personal representative thereof.

K. "Permit" means the permission granted by the Board of Public Service or other City agency or department for excavation of streets, public rights-of-way, use of poles, bridges, etc., upon posting of construction bonds or insurance policies, which would be required under City Code or ordinances for any construction within the City.

L. "Public street" is the surface and space above and below any public street, avenue, highway, boulevard, concourse, driveway, bridge, tunnel, park, parkway, waterway, dock, bulkhead, wharf, pier, alley, right-of-way, public utility easement, and any other public ground or water within or belonging to the City.

M. "Transfer of a license" means any sale, lease, sublease, rental, hypothecation, conveyance, assignment or similar transaction whereby a financial or ownership interest in a license issued pursuant to the provisions of this chapter, or in a communications system for which a license has been issued pursuant to the provisions of this chapter, is transferred by the licensee to another person. The transfer or sale of stock in a corporation which possesses a license issued under the provisions of this chapter, which stock is listed on a stock exchange or which is available for purchase by the public through recognized stock brokers, shall not constitute a transfer of a license pursuant to this section. The transfer or sale of stock in a privately held corporation shall not constitute a transfer of a license pursuant to this section unless more than fifty percent (50%) of the total capital stock of such corporation is sold or transferred within a one-year period. (1994 C., § 23.64.020; Ord. No. 62233, § 2, 1991.)

23.64.030 Purpose.

A. The purpose of this chapter is:

1. To regulate the erection, construction, reconstruction, installation, operation, maintenance, and use of a communications transmission system, in, upon, along, across, above, over, under or in any manner connected with the public streets, alleys, rights-of-way or other public places within the corporate limits of the City, as now or in the future may exist; and

2. To provide the City with compensation for occupation and use of the City's rights-of-way by a communications transmission system; and

3. To provide the City compensation for the cost of regulation imposed by this chapter on communications transmission systems; and

4. To provide the City with underground conduit for municipal use.

B. The Board of Aldermen finds and declares that the most effective method to achieve the purposes of this chapter, consistent with applicable law and the Charter, with minimal administrative processes, is by a standard license agreement executed by the Board of Public Service, and administered by the Agency, on behalf of the City. (1994 C., § 23.64.030; Ord. No. 62233, § 3, 1991.)

23.64.040 License requirement.

No person shall construct, operate, use, replace, reconstruct or maintain a communications transmission system which occupies the streets, public ways and/or public places within the City unless such person has first entered into a license agreement with the Board of Public Service, as provided herein. Nor shall any person continue to operate a communications transmission system, which occupies the streets, public ways, and/or public places within the City, and which is in operation on the effective date of this chapter, unless such person has made an application to the Board of Public Service for a license, in a form substantially complying with this chapter, as provided herein, within ninety (90) days of the effective date of this chapter. Nor shall any person to whom a license has been issued hereunder make substantial modifications to an existing communications transmission system, including, but not limited to, adding new conduit or transmission lines to an existing system, without first entering into a new or amended license agreement with the Board of Public Service. (1994 C., § 23.64.040; Ord. No. 62233, § 4, 1991.)

Editor's Note:

Ord. 62233 was approved March 8, 1991.

23.64.050 Application for license.

A. The application for a license shall be on a form supplied by the Agency and include as a minimum the following information:

1. The name, address and telephone number of the applicant;

2. The legal status of the applicant;

3. The name, address and telephone number of a responsible person whom the City may notify or contact at any time concerning the communications transmission system;

4. An engineering site plan showing the proposed location of the communications transmission system, including any manholes or overhead poles, the size, type and proposed depth of any conduit or other enclosures, and the relationship of the system to all existing streets, sidewalks, poles, utilities, and other improvements within the public streets;

5. Minimum technical standards which the licensee proposes to follow in construction of the licensed system;

6. Diameter and projected length of the communication aerial or conduit;

7. Any additional information which the Agency may require, subject to the approval of the Board of Public Service.

B. If the information in an application is incomplete or if the proposed use is inconsistent with the requirements of this chapter, the application may be returned as unacceptable for filing.

C. If the information provided in an application is complete, and it appears that the applicant has satisfied the requirements of this chapter, the Agency shall supply a draft of the proposed license agreement to the Board and shall recommend to the Board of Public Service that the Board should approve execution of a license agreement with the applicant. If the Board of Public Service finds that the requirements of this chapter and the regulations promulgated hereunder have been complied with by the applicant, the Board of Public Service shall then approve execution of a license agreement with the applicant by the Agency. If the Board of Public Service finds that execution of the draft of the proposed license agreement provided to it by the Agency would not comply with the chapter and regulations promulgated thereunder, it shall have the authority to direct the Agency to amend the license agreement, so as to comply with the chapter and applicable regulations, prior to execution thereof. Upon approval of the license agreement by the Board of Public Service, the Agency is empowered to execute a license agreement, in substantially the form approved by the Board, with the applicant on behalf of the City. The license agreement will become effective upon its execution by the City and the applicant, payment by the applicant of the initial license fee, and satisfaction of the bond and insurance requirements contained in the license agreement.

D. In the event that during the course of the term of a license agreement the licensee desires to expand the communications transmission system facilities operated by it within the corporate limits of the City, to include additional facilities or additional locations, application shall be made for an amendment of the license agreement. The procedure followed for such an amendment shall be the same as that for the initial license. (1994 C., § 23.64.050; Ord. No. 62233, § 5, 1991.)

23.64.060 Service of notice.

All notices required to be given to the City under any provision of this chapter shall be deemed served when delivered by hand, or sent by certified United

States mail, return receipt requested, in writing to the Cable Communications Manager of the Agency, or to any person in charge of the Agency during normal business hours. (1994 C., § 23.64.060; Ord. No. 62233, § 6, 1991.)

23.64.070 No liability or warranty.

This chapter shall not be construed to create or hold the City responsible or liable for any damage to persons or property by reason of any inspection or reinspection authorized herein or failure to inspect or reinspect, nor shall the issuance of any license nor the approval or disapproval of any installation authorized herein constitute any representation, guarantee or warranty of any kind by, nor create any liability upon, the City or any official, agent or employee thereof. (1994 C., § 23.64.070; Ord. No. 62233, § 7, 1991.)

23.64.080 License conditions.

A. A license granted by the City pursuant to this chapter shall not become effective until a license agreement between the City and the licensee has been executed by both parties. The term of such a license agreement shall not exceed fifteen (15) years. It shall be renewable by the licensee upon its application and grant by the City, subject to the execution of a new license agreement.

B. Any license agreement issued shall incorporate by reference the requirements of this chapter, and the licensee shall agree therein to comply with the requirements of this chapter.

C. Pursuant to the provisions of this subsection, the City may revoke a license and cancel the underlying license agreement if the licensee violates the terms of that agreement or this chapter:

1. Whenever he has cause to believe that a licensee is in violation of the terms of its license agreement or this chapter, the Cable Communications Manager shall issue a notice of violation to the licensee. Said notice shall be served upon the licensee either by hand-delivering said notice to the licensee or by sending the notice, via regular United States mail, postage prepaid, to the address provided in the license agreement for service of notices on the licensee.

2. The licensee shall have thirty (30) days from the date of said notice to rectify or cure the violation. If the violation has not been rectified or cured after thirty (30) days from the date of the notice, then the Cable Communications Manager shall revoke the license and cancel the license agreement. However, if the Cable Communications Manager determines that the licensee is proceeding with due diligence to rectify or cure a violation he shall not be required to revoke the license and cancel the license agreement, even though thirty (30) days have passed since the date of the notice of violation, except that this sentence shall not apply where the violation for which the licensee is cited involves or is related to failure to pay license fees owed to the City under the license agreement or failure to pay taxes owed to the City.

3. A licensee may appeal a notice of violation to the Board of Public Service by filing a letter appealing from said notice with the Board within ten (10) days of the date on which said notice was issued. Said letter shall not be required to be in any particular form, but shall specify the grounds on which the licensee disputes the notice of violation. Filing of a letter of appeal within the above time limit shall stay all proceedings upon the notice of violation until the Board of Public Service has ruled on the appeal. The Board of Public Service shall then schedule a hearing for purposes of determining whether the licensee is in violation of either the license agreement between it and the City or this chapter. The Board shall provide a minimum ten (10) days' notice of the date and time of the hearing to both the licensee and the Cable Communications Manager. At the hearing, the licensee may be represented by counsel and shall be given the opportunity to present evidence and witnesses and to cross-examine witnesses presented by the Cable Communications Manager. The burden of proof at such a hearing shall be upon the Cable Communications Manager.

4. Where the Cable Communications Manager has revoked a license and canceled the underlying license agreement based upon his determination that a licensee has failed to rectify or cure a violation within thirty (30) days of the date on which the violation notice was issued, the licensee may appeal the determination of the Cable Communications Manager that the licensee has failed to rectify or cure the cited violation to the Board of Public Service by filing a letter of appeal with the Board within ten (10) days of the date on which the Cable Communications Manager revoked the license of the licensee. Said letter shall not be required to be in a particular form, but shall specify the grounds on which the licensee disputes the determination of the Cable Communications Manager that the licensee has failed to rectify or cure the violation in question. Filing of a letter of appeal shall stay revoca-

tion of the license, unless the Board of Public Service determines, upon application of the Cable Communications Manager, that the alleged violation presents a threat to public safety or damage to public or private property. The Board of Public Service shall then schedule a hearing for purposes of determining whether the licensee has rectified or cured the violation(s) in question. The Board shall provide a minimum of ten (10) days' notice of the date and time of the hearing to both the licensee and the Cable Communications Manager. At the hearing, the licensee may be represented by counsel and shall be given the opportunity to present evidence and witnesses and to cross-examine witnesses presented by the Cable Communications Manager. The burden of proof at such hearing shall be upon the licensee. It shall not be a defense in a hearing called pursuant to the provisions of this subparagraph that the violation(s) alleged in the notice sent to the licensee pursuant to the provisions of subdivision 1 of this subsection was not a violation of either this chapter or the license agreement between the City and the licensee.

D. Any license shall apply only to the facilities and locations identified in the license agreement.

E. Nothing in this chapter or in any license agreement shall be construed as a representation, promise or guarantee by the City that any permit or other authorization required under any City ordinance or regulation for the construction or installation of a communications transmission system shall be issued.

F. A licensee may terminate the license agreement only if it ceases to use the conduit and transmission lines licensed thereunder and either transfers such conduit and transmission lines to another licensee, in the manner contemplated by Section 23.64.170, or conveys such conduit and transmission lines to the City, without charge therefor.

G. The license agreement shall specify that the licensee shall provide and install in a common trench with the conduit of the licensee a municipal service conduit(s) if requested and specified by the Board of Public Service. Such request by the Board must be made either at the time it approves the license agreement or a minimum of thirty (30) days prior to licensee commencing construction, if such request is not made at the time the license agreement is approved. The Agency shall reduce subsequent license charges due under the license agreement by an amount equal to the additional charge to the licensee of the conduit, pull boxes, vaults, other materials and additional construction work, other than the cost of the trenching itself, incurred as a result of construction of the municipal service conduit. Prior to commencement of construction of municipal service conduit(s), a licensee shall provide the office of the President of the Board of Public Service with a copy of all contracts related to construction thereof. If the Board of Public Service finds that construction of a municipal service conduit would be too costly, it may cancel its request for construction of a municipal service conduit. In such case, the licensee shall immediately cancel all contracts for such conduit, and the licensee shall only be credited against subsequent license charges for such expenses as it has incurred related to construction of the municipal service conduit, or become obligated to expand thereon, prior to cancellation of the request for construction of such conduit. Upon completion of construction of a municipal service conduit, a licensee shall certify to the Agency the total costs incurred by it in constructing the municipal service conduit. In no event shall a licensee be entitled to credit against subsequent license charges, pursuant to the provisions of this subsection, in an amount in excess of one hundred ten percent (110%) of the costs, as specified in the contracts provided to the office of the President of the Board of Public Service prior to commencement of construction of the municipal service conduit, attributable to construction of the municipal service conduit. The Agency or Comptroller shall be entitled to audit the books of the licensee to determine whether expenses alleged to have arisen as a result of the construction of the municipal service conduit were actually expended thereon.

H. All license agreements entered into pursuant to the provisions of this chapter shall contain the following language:

Licensee shall never make any claim of any kind or character whatsoever against the City of St. Louis for damages that it may suffer by reason of the installation, construction, reconstruction, operation and/or maintenance of any public or private improvement, utility, or communication facility, whether presently in place or which may in the future be constructed or installed, including, but not limited to, any water and/or sanitary sewer mains and/or storm sewer facilities and whether such damage is due to flooding, infiltration, backflow and/or seepage caused from the failure of any installation, natural causes or from any other cause of whatsoever kind or nature, except for damages occasioned by the intentional conduct or gross negligence on the

part of the City, it being further expressly understood this limitation of liability does not apply to independent contractors of the City of St. Louis. (1994 C., § 23.64.080; Ord. No. 62233, § 8, 1991.)

23.64.090 License charge.

In consideration of the rights and privileges granted by this chapter, licensees shall pay the City an annual sum calculated as follows:

A. For the year beginning July 1, 1991:

1. The amount of one dollar fifty cents ($1.50) per linear foot for underground transmission lines or conduit of four (4) inches in diameter or less;

2. The amount of two dollars ($2.00) per linear foot for underground transmission lines or conduit of over four (4) inches in diameter but less than eight (8) inches in diameter;

3. The amount of three dollars ($3.00) per linear foot for underground transmission lines or conduit of eight (8) inches or more in diameter;

4. The amount of one dollar fifty cents ($1.50) per linear foot for each one inch in diameter or fraction thereof of aerial wire; licensees shall pay a minimum charge of fifty dollars ($50.00) per annum.

B. Commencing July 1, 1991, and annually thereafter, the license charge shall be calculated by multiplying the previous year's license fee by the percentage change from the previous year in the National Consumer Price Index (Index), published by the United States Department of Labor. In the event such Index ceases to be published, the City's Board of Estimate and Apportionment may select another measure of general price changes. By June 1, 1991, and each June 1 thereafter, the Agency shall notify each licensee of the revised license charges to be effective on the following July 1. Every license agreement shall reflect the schedule of charges specified herein and the annual adjustments thereto.

C. The above-specified charges shall apply to all conduit and transmission lines, whether owned or leased by the licensee.

D. Whenever a license agreement is executed on a date other than July 1, the initial annual fee shall be prorated for the remainder of the year ending June 30 and shall be payable upon approval of the license agreement by the City.

E. The charges specified herein shall be in addition to and exclusive of all general municipal taxes of whatever nature, including, but not limited to, ad valorem taxes, earnings taxes, and employment taxes. (1994 C., § 23.64.090; Ord. No. 62233, § 9, 1991.)

23.64.100 License fees—Payment—Audit.

A. The annual compensation for a license as provided for in Section 23.64.090 shall be payable annually on July 1 of each calendar year.

1. Each annual payment shall be by check payable to the City filed with the City's Comptroller.

2. Each payment shall be accompanied by a report from the licensee, in a form approved by the City, showing the basis for the computation.

B. The acceptance of any licensee payment by the City shall not be construed as an acknowledgement that the amount paid is the correct amount due, nor shall such acceptance of payment be construed as a release of any claim which the City may have for additional sums due and payable.

1. All fee payments and accompanying reports shall be subject to audit by the Comptroller and assessment or refund if the payment is found to be in error.

2. In the event that such audit results in an assessment by and an additional payment to the City, such additional payment shall be subject to interest at the rate of one and one-half percent (1½%) per month and penalties in the amount of one percent (1%) per month or any fraction of a month elapsed after the due date where the additional payment exceeds five percent (5%) of the amount paid by the licensee.

C. Failure of a licensee to pay the license charges within thirty (30) days of their due date shall subject the licensee to a ten percent (10%) penalty and interest charges of one and one-half percent (1½%) per month, or portion thereof, for each month payment is delinquent. Failure of a licensee to make the annual payment within ninety (90) days of its due date may subject the licensee to the revocation of its license and cancellation of its license agreement following thirty (30) days' notice from the City. In such event, the licensee shall be considered to have abandoned the conduit and transmission lines permitted under the license agreement, and said conduit and line shall become the property of the City.

D. Nothing in this chapter shall be construed to limit the liability of the licensee for all applicable federal, state and local taxes. (1994 C., § 23.64.100; Ord. No. 62233, § 10, 1991.)

23.64.110 Agency powers and duties.

The Agency shall have the following powers and duties:

A. Receive, review and recommend action on applications for licenses for any communications system and generally administer this chapter.

B. Receive and review all Board of Public Service permits for any communications transmission system.

C. Review and audit all reports and filings submitted by an applicant or licensee to the City pursuant to this chapter.

D. Submit recommended regulations regarding the construction, reconstruction, operation, maintenance, dismantling, or testing of any communications transmission systems licensed in accordance herewith to the Board of Public Service for consideration and promulgation.

E. Inspect facilities and construction and enforce regulations during construction or operation of a communications transmission system, including, but not limited to, the power to halt construction found to be out of compliance with this chapter, building codes, permit requirements and regulations promulgated in accordance herewith. (1994 C., § 23.64.110; Ord. No. 62233, § 11, 1991.)

23.64.120 Bonds.

A. The license agreement shall require the licensee to have in force at all times a performance bond in an amount specified in the license agreement as necessary to ensure the faithful performance by the licensee of its obligations under the license agreement. Such surety instruments must be provided by an entity qualified to do business in the State of Missouri and in a form approved by the City Counselor.

B. None of the provisions of this section nor any bond accepted by the City pursuant hereto, nor any damages recovered by the City thereunder, shall be construed to excuse the faithful performance by or limit the liability of the licensee under this chapter or any license agreement issued in accordance herewith or for damages either to the full amount of such bond or otherwise. (1994 C., § 23.64.120; Ord. No. 62233, § 12, 1991.)

23.64.130 Indemnity—Insurance.

A. The City shall not at any time be liable for any injury or damage occurring to any person or property from any cause whatsoever, including damages from the City's negligent omissions, if any, arising from the installation, use, operation or condition of the licensee's communications transmissions system.

B. The licensee shall indemnify, save and hold harmless and defend the City from all claims; liens; charges, including, but not limited to, libel, slander, invasion of privacy and unauthorized use of any trademark, trade name or service mark; demands; suits; actions; fines; penalties; losses; costs, including, but not limited to, reasonable legal fees and court costs; judgments; injuries; liabilities or damages, in law or equity, of any and every kind and nature whatsoever, including damages caused by or arising out of any act or negligent omission of the City, its officers, servants, agents, employees or contractors, or otherwise, arising out of or in any way connected with the installation, use, operation, maintenance or condition of the licensee's communications transmission system.

C. The license agreement shall specify the amount, type and coverage of insurance required and shall require that the City be named as an additional insured on insurance policies procured by a licensee to comply with the terms of the license agreement. The amount, type and coverage required shall be determined by the Board of Public Service on the recommendation of the Agency. In setting the amount, the Board and the Agency shall take into consideration the size and location of the communications system, the financial resources of the licensee, risk involved to the City and to the general public as well as other salient factors. But in no case will coverage be less than fifty thousand dollars ($50,000.00) per person and five hundred thousand dollars ($500,000.00) per incident for personal injury liability and fifty thousand dollars ($50,000.00) for property damage liability. Insurance required pursuant to this section shall be in addition to any bond or insurance required by any other City agency or department for issuance of permits necessary for construction and installation of a communication transmission line.

D. The policy of insurance to be procured by a licensee pursuant to this provision shall provide that the insurance shall not be cancelled or materially altered without thirty (30) days' written notice first being given to the agency. If the insurance is cancelled or materially altered the licensee shall provide a new policy with the same terms as required by the license agreement. The license agreement shall specify that the licensee shall maintain continuous uninterrupted coverage, in the amount specified therein, for the duration

of the period during which the license agreement is in effect. The licensee shall maintain on file with the agency a certificate of insurance certifying the coverage required above. The adequacy of the insurance shall be subject to approval by the City Counselor. Failure to maintain liability insurance shall be cause for immediate termination of the license agreement. (1994 C., § 23.64.130; Ord. No. 62233, § 13, 1991.)

23.64.140 Minimum technical specifications.

A. Licensees shall conform to the following minimum specifications:

1. The depth of underground conduit, measured from the top of the conduit to the surface of the ground, shall be a minimum depth in soil of forty-two (42) inches and at a ditch crossing, a minimum depth of sixty (60) inches.

2. Within any street right-of-way, with the exception of road crossings and driveways, a minimum four (4) inch PVC conduit, with minimum 2 innerducts, ¾ inch cable shall then be pulled through the conduit in place.

3. Under all road crossings and driveways a minimum four (4) inch black steel pipe will be installed by jacking or boring, maintaining a depth of forty-eight (48) inches below the surface of the road.

4. Trenching shall be promptly backfilled with earth and tamped with a mechanical tamper at six (6) inch lifts, so that the earth is restored to original grade to assure no hazard to vehicular, animal or pedestrian traffic. All open trenches will be properly guarded or barricaded to prevent damage or injury.

5. All cable, where practical, shall be located to cross the roadbed at approximately right angles thereto. No cable shall be placed in any culvert or within five (5) feet of the closed point of same.

6. In areas of potential erosion the "plug" method of erosion control shall be used.

7. The licensee shall use the "flagging/identification" system as recommended by the American Public Works Association.

8. All aerial cables and wire shall be installed parallel with existing telephone and electric utility wires.

9. Multiple aerial configurations shall be in parallel arrangement and bundled, in accordance with engineering and safety considerations.

10. All underground installations shall be in the appropriate size and type of conduit or other enclosures approved by the Agency.

B. However, notwithstanding the requirements of Subsection A of this section, the Board of Public Service shall have authority, upon recommendation of the Agency, to allow a licensee to conform to different technical specifications than those contained in said subsection, based upon considerations of location of the installation or upon developments in state-of-the-art methodology, new technologies or construction techniques. Whenever the Board of Public Service approves use of technical specifications which vary from the minimum technical specifications set forth in Subsection A of this section, the minimum technical specifications which the licensee must comply with shall be set forth in the license agreement.

C. The licensee shall install and maintain its wires, cables, fixtures, and other equipment in accordance with the current requirements of the National Electrical Safety Code promulgated by the National Bureau of Standards and the National Electrical Code of the National Board of Fire Underwriters and in such a manner that they will not interfere with any installations of the City or of a public utility service in the area of the City.

D. No person shall engage in construction, installation, or maintenance of private transmission systems or components thereof unless such person has first procured either a communications contractor's or electrical contractor's license from the City and unless such person is otherwise properly licensed to do business in the City. It shall be a violation for an owner or operator of a private transmission system to allow construction, installation or maintenance work to be performed on such system by a person other than a licensed communications or electrical contractor. Each day on which such work is performed on a private transmission system by a person other than a licensed communications or electrical contractor shall constitute a separate violation. (1994 C., § 23.64.140; Ord. No. 62233, § 14, 1991.)

23.64.150 Streets and pole attachment use.

A. Operations along streets, alleys, walkways, and sidewalks shall be kept clear of excavated material or other obstructions at all times. Barricades, warning signs and lights, and flagmen when necessary shall be provided by the contractor or the licensee. One-half of the traveled portion of the street must be open at all times.

B. Damage to banks, ditches, streets, roads, fences, lawns, shrubbery, drives and any other property caused from the equipment and installation of the communications system shall be immediately repaired to the satisfaction of the public authorities having jurisdiction over the property involved, at the sole cost of the licensee.

C. The licensee shall comply with all rules and regulations issued by the Board of Public Service governing the construction and installation of communications transmission systems. In addition:

1. Before commencing construction of its communications system in, above, over, under, across, through or in any way connected with the streets, public ways or public places of the City, the licensee shall first obtain any permits required for such construction by the applicable ordinances of the City or by regulations issued by any of the City's agencies or departments. Applications for permits related to construction of a communications system shall not be considered for approval by the Board of Public Service until after execution of a license agreement hereunder between the City and the applicant. The licensee agreement shall be a condition of application for any permits required for construction.

2. Upon obtaining such permits, the licensee shall give the Agency written notice within a reasonable time of proposed construction, but in no event shall such notice be given less than twenty-four (24) hours before commencement of construction. The notice required hereunder shall include a proposed schedule for work in the City's streets or other rights-of-way, measured in linear feet, occupied by licensee's system, and a map showing same.

3. Any person who submits a request for a permit in accordance herewith shall include therein proposed agreements for the use of existing utility poles and conduits, if applicable, with the owner(s) of such facilities to be used or affected by the construction of the proposed communications system.

4. It shall be a violation for any licensee or any other person to open or otherwise disturb the surface of any street, sidewalk, driveway, public place for any purpose whatsoever related to a communications transmission system without obtaining all permits required by the applicable ordinance of the City or by regulations promulgated by any of the City's departments or agencies. The City further reserves to itself all other remedies, legal or equitable, which are available to it should a licensee or other person fail to obtain all necessary permits prior to opening or otherwise disturbing the surface of any street, sidewalk, driveway, or public place for purpose whatsoever related to a communications transmission system.

D. Each licensee shall, at its own cost and expense, and in a manner approved by the City, replace and restore any such pavements, sidewalks, curbing, or other paved areas in as good a condition as before the work involving such disturbance was done and shall restore and replace any other property disturbed, damaged or in any way injured by or on account of its activities to as good as the condition such property was in immediately prior to the disturbance, damage or injury or reimburse its owner for the damage done.

E. Upon the failure of the licensee to properly repair and restore such property to its former condition within a reasonable time after construction, the City or a private property owner may make the repairs and submit a statement of costs to the licensee for reimbursement. Should a licensee fail to reimburse the City or a private owner within thirty (30) days of submission of such statement to the licensee, the City or a private owner may proceed against the bond provided for in Section 23.64.120.

F. The licensee shall, at its own cost and expense, protect, support, temporarily disconnect, relocate in the same street or other public place, or remove from such street or other public place, any of its property when required to do so by the City because of street or other public excavation, construction, repair, regrading, or grading; traffic conditions; installation of sewers, drains, water pipes, City-owned power or signal lines, tracks; vacation or relocation of streets or any other type of structure or improvement of a public agency, or any other type of improvement necessary for the public health, safety or welfare.

G. Nothing in this chapter or any permit issued in accordance herewith, shall be construed as authorizing the licensee to erect or install new poles or underground conduits in areas serviced by existing poles and conduits. Except that a licensee may install new conduit where existing conduit in the area is full or otherwise unavailable to the licensee. In such instance, the license agreement shall contain specifications for the manner in which the new conduit is to be installed. The licensee shall obtain all necessary permits from the relevant departments and agencies of the City before erecting any new poles or underground conduits where none

exist or where existing conduit is unavailable or full. Applications for such approval shall be made in the form prescribed by the City.

H. The licensee shall maintain all wires, conduits, cables and other real and personal property and facilities in good condition, order and repair, and in safe condition so as not to endanger human life or health or public or private property. If it is necessary for a licensee to open or otherwise obstruct a street to make repairs to its system, the licensee shall, in addition to procuring all permits required for such work under other ordinances or regulations of the City, notify the agency thereof.

I. The licensee shall keep accurate, complete and current maps and records of its system and facilities which occupy the streets, public ways and public places within the City and shall furnish as soon as they are available three (3) complete copies of such maps and records to the Agency. The licensee shall also furnish one copy of maps and records to the "one-call" system coordinating group in Missouri.

J. All installation shall be underground in those areas of the City where both telephone and electric utilities' facilities are underground at the time of the installation of the licensee's communications transmissions system. In areas where both telephone and electric utilities' facilities are above ground at the time of the installation of the licensee's communications system, the licensee may install its system above ground on existing utility poles only, upon the condition that at such time as those facilities are placed underground by the telephone and electric utility companies, the licensee shall likewise place its facilities underground at its sole cost and expense.

K. The licensee upon reasonable notice by the City shall temporarily or permanently remove, adjust, raise or lower its facilities within the right-of-way when the City determines that such action is needed for public use of the right-of-way, including, but not limited to, the passage of nonstandard vehicles.

L. The licensee shall obtain written permission of the owner, including the City, of any trees or other vegetation before it trims or prunes the same. (1994 C., § 23.64.150; Ord. No. 62233, § 15, 1991.)

23.64.160 Police power.

Nothing in this chapter or in any license agreement issued in accordance herewith shall be construed as an abrogation by the City of any of its police powers. (1994 C., § 23.64.160; Ord. No. 62233, § 16, 1991.)

23.64.170 Transfers, assignments and subleases.

A. A license issued pursuant hereto shall not be transferred without the prior written authorization of the Board of Public Service. For purposes of this section, a merger or consolidation shall be deemed a transfer or assignment.

B. Nothing in any approval of the Board of Public Service authorizing any transfer of any license issued in accordance herewith shall be construed to waive or release any rights of the City in and to the streets, public ways and public places of the City or as a release of any of the City's police powers.

C. Any transfer of a license approved by the City shall be conditioned upon the transferee's accepting all the terms and conditions of this chapter and execution of an amended license agreement naming the transferee as the licensee.

D. No licensee under this chapter shall have the right or privilege to lease or sublet pole or conduit space or to use them other than for the licensee's own needs; except that, notwithstanding the contrary provisions of Ordinance 29723, this limitation shall not apply to the use of such space by another entity which has executed a license agreement with the City for use of such space. (1994 C., § 23.64.170; Ord. No. 62233, § 17, 1991.)

23.64.180 Retroactivity of provisions.

A. This chapter shall apply to all communications transmission systems installed or under construction within the City on the effective date of this chapter.

B. Within ninety (90) days of the effective date hereof a person owning or controlling communication transmission system facilities subject to this chapter shall file an application for a license as specified in Section 23.64.050. This period of time may be extended for good cause by the Agency.

C. Failure of such a person to file an application within the time specified shall be a violation and shall also result in the immediate revocation of any existing permits issued by the City allowing such person to occupy any public street, alley, right-of-way and/or public places in relation to the use, operation or maintenance of a communications transmission system. Upon revocation of such permits for failure to file an application within the time specified, the City may order the prompt removal of such facilities and seek

other redress, both legal and equitable. (1994 C., § 23.64.180; Ord. No. 62233, § 19, 1991.)

24.04.020 Purpose.

The intent of this title is to promote the prosperity and general welfare of the public, including particularly the educational and cultural welfare, through:

A. The protection, enhancement, perpetuation and use of buildings, improvements, parks, sites and natural phenomena as have or may reasonably be expected to have historic or cultural value and significance to the nation, the state or the City;

B. The stabilization and improvement of the value of property and the equity held by citizens in their property by the enhancement of the beauty, convenience and amenity of neighborhoods, parks, streets, public buildings and monuments, and by the enhancement of civic design;

C. The increase of economic resources available for the conservation and rehabilitation of neighborhoods and for the abatement of blight by the encouragement and use of public financial assistance and tax benefits available for the reuse of buildings, neighborhoods and public facilities with primary emphasis on making said resources available to City residents, property owners who by virtue of limited income might otherwise be unable to maintain their property, property owners whose property is not producing a reasonable income, and potential investors in property located in the City;

D. The increase of commerce and prosperity by the protection of the value, convenience, and amenity of property and to promote the tourist trade and civic pride and wider public knowledge and appreciation of the heritage and history of St. Louis. (1994 C., § 24.04.020; Ord. No. 64689, § 2, 1999.)

24.04.030 Definitions.

As used in this title, the following terms have the following meanings:

"Agency Director" means the Director of Planning and Urban Design Agency established by Ordinance 64687 (B.B. 52CS).

"Applicant" means any person or entity filing an application for a permit required by this title for any action with respect to one or more structures.

PRESERVATION BOARD

Sections:

24.08.010 Preservation Board—Established—Membership—Continuation of prior commission.

24.08.020 Preservation Board—Organization, compensation and removal of members.

24.08.030 Preservation Board—Powers and duties.

24.08.040 Fees.

24.08.050 Execution of contracts and acceptance of gifts, grants or property.

24.08.010 Preservation Board—Established—Membership—Continuation of prior commission.

A. There is hereby established within the Planning and Urban Design Agency established by Ordinance 64687 (B.B. 52CS) a Preservation Board, which shall consist of eight voting members appointed by the Mayor, each of whom shall be a resident of the City and shall have demonstrated interest and ability in the preservation and enhancement of structures and neighborhoods. Of the eight members appointed by the Mayor, at least two shall be registered architects, one shall be a practicing art or architectural historian, one shall be a practicing landscape architect or planner with experience in urban or civic design, one shall be a licensed real estate broker, one shall be a registered engineer and one shall be a citizen member of the Planning Commission. Two members shall be initially appointed for a term of one year, two for terms of two years each, two for terms of three years each and two for terms of four years each. All members thereafter appointed shall be appointed for terms of four years. In addition to the above, the Chairman of the Public Safety Committee of the Board of Aldermen of the City shall be a voting member of said Preservation Board and shall constitute the ninth (9th) voting member of said Preservation Board, and the only voting member not appointed by the Mayor of the City. Whenever the Chairman of the Committee of Public Safety of the Board of Aldermen of the City of St. Louis is unable or unavailable to attend any meeting of the Preservation Board, he is hereby authorized, in his sole and absolute discretion to appoint some other member of his Committee to attend said meeting, which said designated member shall have for purpose of said meeting all of the power of authority of said Chairman.

B. The Preservation Board shall be the lawful successor to and, to the extent consistent herewith, assume the duties of the former Heritage and Urban Design Commission of the City. All previously enacted ordinances not hereby repealed referring to the "Heritage Commission" or "Heritage and Urban Design Commission" shall, upon the effective date of the ordinance codified in this title, be deemed to mean the Preservation Board, unless otherwise expressly provided by this title.

C. Until the earlier of August 30, 1999, or until four members of the Preservation Board shall have appointed and qualified, the members of the former Heritage and Urban Design Commission shall serve as the Preservation Board, and shall conclude matters pending before the Heritage and Urban Design Commission on the day before the effective date of the ordinance codified in this title consistent with Section

24.48.040. (1994 C., § 24.08.010; Ord. No. 64689, § 5, 1999.)

24.08.020 Preservation Board—Organization, compensation and removal of members.

A. The Preservation Board shall elect from its members a Chairman and Vice-Chairman who shall serve for the duration of the City's fiscal year.

B. The members shall serve on the Preservation Board without compensation.

C. Any member may be removed by the Mayor for reasons of incapacity, malfeasance, neglect of duty, conviction of a felony, or failure to attend three (3) successive regular meetings without cause. (1994 C., § 24.08.020; Ord. No. 64689, § 6, 1999.)

24.08.030 Preservation Board—Powers and duties.

A. The Preservation Board shall be responsible for establishing and articulating policy with respect to historic preservation in the City, and for establishing and articulating standards with respect to the minimum exterior appearance of improvements within historic districts, landmarks and landmark sites as provided in this title in such a manner as to enhance property in the City, encourage property maintenance and promote development consistent with the Comprehensive Plan.

B. The Preservation Board may review and recommend for approval to the Missouri Advisory Council on Historic Preservation all nominations of structures, districts or sites in the City of St. Louis to the National Register.

C. If necessary to prevent or delay the imminent destruction by demolition or deferred maintenance of a site or structure, or portions thereof, which is within or part of a designated landmark, landmark site or historic district, the Preservation Board may deny or delay demolition as provided in this title and may request that the Planning Commission recommend to the Board of Aldermen the passage of an ordinance for the appropriation of private property as provided for in Article XXI of the Charter of the City of St. Louis.

D. Subject to the written approval of the Planning Commission, the Preservation Board shall make and adopt, and may from time to time amend, rules and bylaws governing the conduct of its business and providing for the administration of this title.

E. The Preservation Board shall hold regular meetings and special meetings, as often as may be required for the conduct of its business, as provided by its rules.

F. The Preservation Board shall have such other duties, powers and responsibilities as are granted under this title or as may be otherwise or hereafter provided or granted to it. (1994 C., § 24.08.030; Ord. No. 68138, § 2, 10-31-2008; Ord. No. 64689, § 7, 1999.)

24.08.040 Fees.

The Preservation Board may assess fees to be collected by the Building Commissioner upon applications for permits where a determination of compliance with standards established under or pursuant to this title or review by the Preservation Board is required, provided that such fees shall not exceed one dollar ($1.00) per ten thousand dollars ($10,000.00) of estimated cost of the proposed construction or alteration and shall not in any event be assessed upon permit applications where the estimated cost of construction or alteration is less than ten thousand dollars ($10,000.00), nor shall such fees exceed a total of five thousand dollars ($5,000.00) with respect to any permit application. Such fees shall be in addition to any other fees that the Building Commissioner is authorized to assess under the building code or any other ordinance. Such fees shall be held in a fund, hereby created, for preservation of important sites and structures that would otherwise be lost through demolition or lack of maintenance. This fund shall be held by the Comptroller's Office in a special account and may be drawn upon only after the approval of the Preservation Board and the Board of Estimate and Apportionment. (1994 C., § 24.08.040; Ord. No. 64689, § 8, 1999.)

24.08.050 Execution of contracts and acceptance of gifts, grants or property.

A. The Agency Director with the approval of the Board of Estimate and Apportionment shall have the power to enter into contracts in furtherance of the purposes of this title, provided that with respect to any contract requiring the appropriation of money by the City, an appropriation has been made authorizing payment therefor. All such contracts shall be executed in the name of the City and shall be signed by the Agency Director and the Comptroller.

B. The Agency Director upon the recommendation of the Preservation Board is authorized to accept gifts, contributions and grants for the furtherance of the purposes of this title on behalf of the Preservation

Board and in the name of the City. Such gifts, contributions and grants shall be used solely for the purposes indicated, and if in the form of money, shall be deposited into a special account by the Comptroller. The Comptroller shall draw warrants on said account only for the purposes of carrying out the terms and conditions of the gift, contribution or grant. (1994 C., § 24.08.050; Ord. No. 64689, § 9, 1999.)

Chapter 24.12

GENERAL PROVISIONS

Sections:

24.12.010	**Existing historic districts and landmarks.**
24.12.020	**Maintenance of register of designations and public docket of heritage appeals.**
24.12.030	**Waiver of certain building and maintenance standards.**
24.12.040	**Amendment or removal of designations.**
24.12.050	**Permit granting for demolition.**
24.12.060	**Consideration of permit application.**

24.12.010 Existing historic districts and landmarks.

A. Neither this title, nor the repeal by the ordinance codified in this title of Ordinance 57986, shall be construed to invalidate, discontinue or detract from the designation of any historic district or landmark or landmark site made prior to the effective date of said ordinance pursuant to Ordinance 57986 or any other previous ordinance of the City.

B. All historic districts designated as such pursuant to Ordinance 57986 or any other previous ordinance of the City and existing within the City on the effective date of the ordinance codified in this title shall from such effective date be deemed historic districts under this title, and subject to the controls and provisions of this title. The development plan incorporated in the ordinance designating the particular historic district and the standards contained in or appended to such plan shall be deemed to be the historic district plan and historic district standards applicable to such historic district for purposes of reviewing applications for permits required under Sections 24.20.010 through 24.20.120 of this title for the construction, demolition or alteration of improvements within the historic district. Within four years from the effective date of said ordinance, the Preservation Board shall review the plan and standards applicable to each such historic district and shall recommend to the Planning Commission and the Board of Aldermen such revisions as may be necessary or convenient to bring such plan and standards into conformance with the provisions of this title, but such revisions shall not become effective until and unless approved by Planning Commission and by ordinance. The recommended revisions shall take into account changes in circumstances or conditions of or affecting the historic district, the intent of this title, and the significant features or characteristics of the historic district that were the basis of the original historic district designation.

C. All landmarks designated as such pursuant to Ordinance 57986 or any other previous ordinance of the City and existing within the City on the effective date of the ordinance codified in this title shall be from such effective date be deemed to be landmarks under this title and shall be subject to the controls and provisions of this title. Within two years from the effective date of this said ordinance, the Preservation Board shall prepare and recommend to the Planning Commission and the Board of Aldermen a landmark preservation plan and landmark standards in conformance with this title for each such landmark subject to the controls and provisions of this title. In preparing such plan and standards, the Preservation Board shall consider the advice and comments of the Board of Public Service, the owner(s) of record, and other interested parties. Such plan and standards shall not become effective until and unless approved by the Planning Commission and by ordinance. Until landmark standards have been approved for a particular landmark, all applications for permits pursuant to Sections 24.20.010 through 24.20.120 with respect to such landmark shall be automatically referred to the Cultural Resources Director for review by the Preservation Board or the Cultural Resources Director (as provided by the rules of the Preservation Board); in reviewing the application, the Preservation Board or Cultural Resources Director shall consider whether the proposed work would adversely affect the characteristics of the landmark which were the basis for its designation as a landmark, whether there have been changes in the circumstances or conditions in or affecting the landmark since its designation, and other relevant considerations, such as the availability of economically feasible alternatives to the pro-

posed work. (1994 C., § 24.12.010; Ord. No. 64689, § 10, 1999.)

24.12.020 Maintenance of register of designations and public docket of heritage appeals.

The Cultural Resources Office shall maintain for the City a register of all landmark, landmark site and historic district designations and shall periodically transmit an updated copy of such register to the Building Commissioner and to the Agency Director, together with a map or maps of the City showing the location and extent of all improvements, sites and historic districts so designated. The Preservation Board shall maintain for each ward a public docket of requests for appeals from staff decisions, which docket shall identify the nature and location of the proposed construction or alteration and the name and address of the applicant for permit and appellant. Such docket shall be prepared each month and shall be available for public inspection in the office of the Preservation Board. A copy of such docket shall be transmitted to the Building Commissioner and each member of the Preservation Board not less than ten (10) days prior to consideration by the Preservation Board of any appeal. (1994 C., § 24.12.020; Ord. No. 64689, § 11, 1999.)

24.12.030 Waiver of certain building and maintenance standards.

Insofar as they are applicable to a landmark, landmark site or improvement in an historic district, any provision of the building, housing maintenance and fire prevention codes of the City or of the minimum nonresidential standards law, may be varied or waived, on application, by the Building Commissioner or, with respect to the Fire Prevention Code, by the Fire Marshal, provided that the construction or alteration as contemplated will provide substantially equivalent safety and assurance of public health as would be otherwise required by such provisions. (1994 C., § 24.12.030; Ord. No. 64689, § 12, 1999.)

24.12.040 Amendment or removal of designations.

A. From time to time, an overriding public need or interest may be served by the removal or amendment of any landmark or landmark site or historic district designation or portion thereof. In such event, any interested citizen or owner of property within the historic district, landmark or landmark site or any interested public agency may file a petition with the Preservation Board requesting amendment or removal of specified sites or improvements from the register of designated sites and districts. Such petitions shall be made in such manner as the Preservation Board shall prescribe.

B. Upon receipt of such a petition for amendment or removal of designation, the Preservation Board shall have sixty (60) days to consider the petition, to solicit public comment and to ascertain the nature of the overriding public need or interest. In considering the petition, the Preservation Board may:

1. Recommend approval of the petition;

2. Recommend approval of the petition with such modifications or conditions as the Preservation Board shall deem appropriate;

3. Recommend disapproval of the petition.

If such a petition is recommended for approval, with or without conditions or modifications, then the Preservation Board shall cause to be prepared a bill providing for the desired amendments or for removal of sites or improvements from the register of designated landmarks and historic districts in accordance with the approved petition and shall transmit a copy thereof to the petitioner, the Mayor, the Planning Commission, and the Clerk of the Board of Aldermen, together with recommendations of the Preservation Board.

If the Preservation Board recommends disapproval of the petition, the Preservation Board shall state its reasons therefor and the alternatives to the proposed amendment or removal of sites or improvements from the register of designated landmarks and historic districts and shall forward a copy thereof to the petitioner, the Planning Commission, the Mayor and the Clerk of the Board of Aldermen.

C. After a bill for removal or amendment of a landmark, landmark site or historic district designation or portion thereof is introduced in the Board of Aldermen and assigned to the Board of Aldermen's appropriate standing committee, said bill shall not be voted on by the Board of Aldermen until a public hearing is held by the committee. Notice of the hearing shall be given by publication and placards in a manner substantially similar to that provided in Sections 24.16.110 and 24.16.210 of this title for original designations. Upon passage by the Board of Aldermen and approval by the Mayor of any bill amending a designation or removing sites or improvements from the register of landmarks or historic districts, the Clerk of the Board of Aldermen shall forthwith file a copy of the approved ordinance with the Recorder of Deeds, the Board of Aldermen, the Building Commissioner, and

the Planning and Urban Design Agency. (1994 C., § 24.12.040; Ord. No. 64689, § 13, 1999.)

24.12.050 Permit granting for demolition.

Except where immediate demolition is necessary in order to protect the public safety, the Building Commissioner shall give forty-five days' prior notice to the Cultural Resources Director of the Building Commissioner's intent to grant a permit for demolition of an improvement within an historic district, and if the Preservation Board or Cultural Resources Director notifies the Building Commissioner within such forty-five-day period that demolition of the improvement would violate the historic district standards or the historic district plan for the historic district in which the improvement is situated, the Building Commissioner shall deny the application for permit. Any person aggrieved by such denial may appeal such denial to the Preservation Board pursuant to Section 24.20.060 of this title.

Where immediate demolition is necessary in order to protect the public safety, the Building Commissioner shall immediately notify the Cultural Resources Director and the Chairman of the Preservation Board of his decision. (1994 C., § 24.12.050; Ord. No. 64689, § 14, 1999.)

24.12.060 Consideration of permit application.

If the proposed construction, alteration or demolition is not covered by any duly approved historic district standard for the historic district in which the improvement is situated, the application for permit shall be reviewed pursuant to Section 24.20.040 of this title. (1994 C., § 24.12.060; Ord. No. 64689, § 15, 1999.)

PART I. DESIGNATION OF HISTORIC DISTRICTS

24.16.010 Criteria for designation.

An area, site or improvement may be designated for preservation as an historic district or as a landmark and/or landmark site if it is a Cultural Resource or an area containing cultural resources or properties contributing, in the aggregate, to make the area a cultural resource. (1994 C., § 24.16.010; Ord. No. 64689, § 16, 1999.)

24.16.020 Generally—Historic district designation.

A. Notwithstanding its present zoning designation, an area together with the improvements therein may be designated an historic district by ordinance provided that the Preservation Board finds that the area meets one or more of the criteria for designation set out in Section 24.16.010.

B. An area may be submitted for designation as an historic district as set forth in Sections 24.16.030 through 24.16.120. (1994 C., § 24.16.020; Ord. No. 64925, § 10, 2000; Ord. No. 64689, § 17, 1999.)

24.16.030 Petition filing requirements—Historic district designation.

An area may be submitted for designation as an historic district in the following manner: A petition shall be filed in the office of the Preservation Board on such forms and in such manner as the Preservation Board may prescribe. Such petition may be initiated by the Preservation Board or any member thereof, or by the Alderman within whose ward the proposed district is situated or by the owners of ten percent or more of the square footage area (measured on the ground, exclusive of streets and alleys) included within the proposed district. The staff of the Cultural Resources Office shall cooperate with the petitioner in the preparation of the petition and shall, upon the petitioner's request, furnish data, reports, maps, graphics and other information and assistance necessary for the preparation of such petition. Each such petition shall include, but not be limited to:

A. A general location map and legal description of the proposed historic district by metes and bounds or other legal description that readily identifies the area;

B. A statement documenting the area's historic, architectural, cultural, archaeological or aesthetic significance, together with an architectural survey map that evaluates the significance of each improvement and/or topographic feature within the proposed historic district. The statement shall describe the current economic condition of the proposed historic district and shall describe the advantages to residents and to the City which may be anticipated as a consequence of designation;

C. A plat at a scale of not more than 300 feet to the inch indicating the existing uses of all properties within the proposed historic district;

D. A general plan for the area indicating all planned or proposed (public or private) restoration, development and demolition within the proposed historic district;

E. Proposed historic district standards to be applied within the district, including, but not limited to, design and construction standards for building facades, setbacks, height, scale, material, color and texture, trim, roof design and landscaping; standards for the design details of all fences, streets and drives, street furniture, signs and landscape materials; and standards for demolition of improvements within the district;

F. A statement of amendments (if any) to the existing zoning classification and boundaries necessary to conform to the proposed plan. (1994 C., § 24.16.030; Ord. No. 64689, § 18, 1999.)

24.16.040 Distribution and review of petition—Historic district designation.

A. Within five days after a petition for designation of an historic district has been filed as provided in Section 24.16.030, the Preservation Board shall transmit to the Planning Commission and to the Board of Public Service copies of the petition together with all exhibits and documents appurtenant thereto.

B. Within forty-five (45) days after such transmittal, the Planning Commission and the Board of Public Service shall review the petition and shall transmit to the Preservation Board such advice and recommendations as they deem appropriate as to: (i) the proposed designation's conformity with the Comprehensive Plan for the City and any applicable neighborhood and development plans; and (ii) the degree to which the proposed designation advances the physical development of the City. (1994 C., § 24.16.040; Ord. No. 64925, §§ 11, 12, 2000; Ord. No. 64689, § 19, 1999.)

24.16.050 Public hearing on petition—Historic district designation.

Within ninety (90) days after the filing of the petition, the Preservation Board shall hold a public hearing regarding the petition for designation. (1994 C., § 24.16.050; Ord. No. 64689, § 20, 1999.)

24.16.060 Notice of public hearing—Historic district designation.

A. The Preservation Board shall give public notice of such hearing at least fifteen (15) days prior to the date of the hearing by publication of notice in a daily newspaper of general circulation in the City. At least ten (10) days prior to the public hearing, the Preservation Board shall cause a placard containing the words, "Proposed Historic District In This Block" to be printed in large type and erected at each end of every block in which a district is proposed. Such placards shall also have prominently displayed and firmly attached thereto a copy of the notice which appears in the daily newspaper.

B. To the extent practicable, the Preservation Board may mail written notice of such hearing to the owner of each property located within the proposed historic district at least fifteen (15) days prior to the date of hearing. For this purpose, the Preservation Board may consult the current City tax lists or other current and readily available City lists of property owners, and notice deposited in the United States mail to the person or persons listed as the owner or taxpayer in any such records at the address listed in such records shall be deemed notice to the owner for purposes of compliance with this subsection. The failure to give or receive notice pursuant to this subsection shall not affect the validity of the Preservation Board's proceedings.

C. The notices for publication and mailing shall contain a clear description of the location of the area proposed for designation as an historic district, and a statement of the purpose, date, time and place of the hearing and that property owners affected thereby, or others interested therein, may appear at such hearing to be heard. (1994 C., § 24.16.060; Ord. No. 64689, § 21, 1999.)

24.16.070 Expression of views by interested parties—Historic district designation.

All interested parties shall be afforded at the public hearing a reasonable opportunity to express their views respecting the proposed district. (1994 C., § 24.16.070; Ord. No. 64689, § 22, 1999.)

24.16.080 Determination—Historic district designation.

A. After review and consideration of the petition, recommendations of the Board of Public Service and the Planning Commission and comments received from property owners and other interested parties, the Preservation Board shall:

1. Approve the petition as submitted; or

2. Approve the petition with such modifications or conditions as the Preservation Board shall deem appropriate; or

3. Disapprove the petition.

B. Such determination shall be in writing and shall be made within sixty (60) days after the public hearing on the petition unless the Preservation Board shall vote to extend such time period to permit additional studies or reports to be completed or for other good and proper cause. The Preservation Board shall promptly notify the petitioner, the Mayor, the Planning Commission, the Board of Public Service and the Clerk of the Board of Aldermen of the Preservation Board's determination. (1994 C., § 24.16.080; Ord. No. 64689, § 23, 1999.)

24.16.090 Preparation of Historic district designation bill upon approval of petition.

In the event of approval of a petition for designation of an historic district, the Preservation Board shall cause to be prepared an historic district designation bill with an historic district plan for the proposed district for consideration by the Board of Aldermen. The bill shall include, but not be limited to, the elements of the petition as described in Section 24.16.030. The historic district plan shall contain historic district standards for the regulation of construction and alteration of exterior architectural features within the historic district and shall provide for the preservation of the significant features or characteristics of the area which are the basis for the historic district designation. Within forty-five (45) days after the Preservation Board's approval of the petition, a copy of such designation bill together with the historic district plan shall be transmitted to the petitioner, the Clerk of the Board of Aldermen, the Planning Commission and the Mayor. (1994 C., § 24.16.090; Ord. No. 64689, § 24, 1999.)

24.16.100 Procedure upon disapproval of petition—Historic district designation.

In the event of disapproval of a petition, the Preservation Board shall state the reasons therefor and

possible alternatives thereto and shall forward a copy thereof to the petitioner, the Mayor, the Planning Commission, the Board of Public Service and the Clerk of the Board of Aldermen. (1994 C., § 24.16.100; Ord. No. 64689, § 25, 1999.)

24.16.110 Historic district designation bill—Notice of pendency.

After an historic district designation bill is introduced in the Board of Aldermen and assigned to Board's appropriate standing committee, such bill shall not be voted on by the Board until a public hearing is held by that committee. At least fifteen (15) days prior to the public hearing, the committee shall require the Clerk of the Board of Aldermen to cause to be published in a daily newspaper of general circulation in the City, a notice of the pendency of said bill. The notice shall contain a clear description of the location of the area proposed for designation as an historic district, and the date, time, and place of the hearing at which property owners affected thereby, or others interested therein, may appear before the aforesaid standing committee to be heard. At least ten days prior to the public hearing, the Clerk of the Board of Aldermen shall cause a placard containing the words "Proposed Historic District In This Block" to be printed in large type and erected at each end of every block in which a district is proposed. Such placards shall also have prominently displayed and firmly attached thereto a copy of the notice which appears in the daily newspapers. (1994 C., § 24.16.110; Ord. No. 64689, § 26, 1999.)

24.16.120 Historic district designation bill—Copy filing.

On passage by the Board of Aldermen and approval by the Mayor of an historic district designation bill, the Clerk of the Board of Aldermen shall forthwith file a copy of the historic district plan with the Register and a copy of the ordinance with the Recorder of Deeds. The Preservation Board shall retain on file in its office a true copy of the historic district plan as approved by such ordinance, including the historic district standards for such historic district, and shall transmit a true copy of the historic district plan with standards to the Building Commissioner and the Planning and Urban Design Agency. (1994 C., § 24.16.120; Ord. No. 64689, § 27, 1999.)

24.16.130 Revision of historic district standards.

Not less frequently than every five years after enactment of an historic district designation ordinance, the Preservation Board shall review and, if appropriate, recommend to the Planning Commission and Board of Aldermen revisions of the historic district standards included in the ordinance for the regulation of construction and alteration of exterior architectural features within the particular historic district, but such revised standards shall not become effective until and unless approved by the Planning Commission and by ordinance. Such recommended revisions shall take into account changes in circumstances or conditions of or affecting the historic district, the intent of this title, and the significant features and characteristics of the district that were the basis of the original historic district designation. The Preservation Board shall have the authority to adopt supplemental guidelines to explain, illustrate and implement the historic district standards, provided that such guidelines shall be consistent with the historic district designation ordinance, the historic district plan and historic district standards for such district. (1994 C., § 24.16.130; Ord. No. 64689, § 28, 1999.)

PART II. DESIGNATION OF LANDMARKS OR LANDMARK SITES

24.16.140 Generally—Landmark/landmark site designation.

A. Notwithstanding its present zoning district designation, any site or improvement together with the immediately adjacent premises may be designated a landmark and/or landmark site, by ordinance, provided that the Preservation Board finds that the site or improvement meets one or more of the criteria set out in Section 24.16.010.

B. A site or improvement may be submitted for designation as a landmark and/or landmark Site as provided in Sections 24.16.150 through 24.16.220. (1994 C., § 24.16.140; Ord. No. 64689, § 29, 1999.)

24.16.150 Petition filing requirements—Landmark/landmark site designation.

A petition shall be filed in the office of the Preservation Board on such forms and in such manner as the Preservation Board may prescribe. Such petition may be initiated by the owner or owners of the site or improvement proposed for designation, by the Alderman within whose ward the site or improvement is situated, or by the Cultural Resources Office on behalf of and at the request of the Preservation Board. The staff of the Cultural Resources Office shall cooperate

with the petitioner in the preparation of the petition and shall, upon the petitioner's request, furnish data, reports, graphics and other information and assistance necessary for the preparation of such petition. Each such petition shall include, but not be limited to:

A. A general location map and legal description of the site or improvement proposed for designation by metes and bounds or other legal description that readily identifies the site or improvement;

B. A statement documenting the historic, architectural, cultural, archeological or aesthetic significance of the site or improvement together with an architectural survey map that evaluates the significance of each improvement and/or topographic feature within the proposed site. The statement shall describe the current economic conditions and environs of the site or improvement and shall describe the advantages to adjacent property owners and to the City which may be anticipated as a consequence of designation;

C. A plat at an appropriate scale indicating the existing uses of all improvements and premises within the proposed site;

D. A general plan for the site or improvement indicating all planned or proposed (public or private) restoration, development and demolition within the site;

E. Proposed landmark standards to be applied to the site or improvement, including, but not limited to, design and construction standards for building facades, setbacks, height, scale, material, color and texture, trim, roof design and landscaping; standards for the design details of all fences, streets and drives, street furniture, signs and landscape materials; and standards for demolition of exterior architectural features;

F. A statement of amendment (if any) to the existing zoning classifications and boundaries necessary to conform to the proposed plan. (1994 C., § 24.16.150; Ord. No. 64689, § 30, 1999.)

24.16.160 Distribution and review of petition—Landmark/landmark site designation.

A. Within five (5) days after a petition for designation of a landmark or landmark site has been filed as above provided, the Preservation Board shall transmit copies of the petition together with all exhibits and documents appurtenant thereto to the Planning Commission and the Board of Public Service, and if the owner or owners of record of the site or improvement are not the petitioner, also to the owner or owners of record.

B. Within forty-five (45) days after such transmittal, the Planning Commission and the Board of Public Service shall review the petition and shall transmit to the Preservation Board such advice and recommendations as they may deem appropriate as to: (1) the proposed designation's conformity with the Comprehensive Plan for the City and any applicable neighborhood and development plans; and (2) the degree to which the proposed designation advances the physical development of the City. (1994 C., § 24.16.160; Ord. No. 64925, §§ 13, 14, 2000; Ord. No. 64689, § 31, 1999.)

24.16.170 Hearing on petition—Landmark/landmark site designation.

The Preservation Board shall, prior to making its determination with respect to the petition, permit the owner of record and any other interested party an opportunity to appear before the Preservation Board and be heard. In its discretion, the Preservation Board may hold a public hearing regarding the proposed designation. (1994 C., § 24.16.170; Ord. No. 64689, § 32, 1999.)

24.16.180 Determination—Landmark/landmark site designation.

A. After review and consideration of the petition, recommendations of the Board of Public Service and the Planning Commission, and comments received from the owner(s) and other interested parties, the Preservation Board shall:

1. Approve the petition as submitted; or

2. Approve the petition with such modifications or conditions as the Preservation Board shall deem appropriate; or

3. Disapprove the petition.

B. Such determination shall be in writing and shall be made within one hundred twenty (120) days after filing of the petition, or if a public hearing is held, then within sixty (60) days after such public hearing; provided that the Preservation Board may vote to extend such time period to permit additional studies or reports to be completed or for other good and proper cause. The Preservation Board shall promptly notify the petitioner, the Mayor, the Planning Commission, the Board of Public Service, the Clerk of the Board of Aldermen, and the owner(s) of record of the Preserva-

tion Board's determination. (1994 C., § 24.16.180; Ord. No. 64689, § 33, 1999.)

24.16.190 Preparation of designation bill upon approval of petition—Landmark/landmark site designation.

In the event of approval of a petition for designation of a landmark and/or landmark site, the Preservation Board shall cause to be prepared a landmark or landmark site designation bill with a landmark preservation plan for consideration by the Board of Aldermen. The designation bill shall include, but not be limited to, the elements of the petition as described in Section 24.16.150. The landmark preservation plan shall contain landmark standards for the regulation of construction and alteration of exterior architectural features of or within the landmark or landmark site and shall provide for the preservation of the significant features or characteristics of the site or improvement which are the basis for the landmark designation. Within forty-five (45) days after the Preservation Board's approval of the petition, a copy of such designation bill together with the landmark preservation plan and landmark standards shall be transmitted to the Clerk of the Board of Aldermen, to the Planning Commission, to the Mayor, and to the owner(s) of record. (1994 C., § 24.16.190; Ord. No. 64689, § 34, 1999.)

24.16.200 Procedure upon disapproval of petition—Landmark/landmark site designation.

In the event of disapproval of the petition, the Preservation Board shall state the reasons therefor and possible alternatives thereto, and shall forward a copy thereof to the petitioner, the owner(s) of record, the Mayor, the Planning Commission, the Board of Public Service and the Clerk of the Board of Aldermen. (1994 C., § 24.16.200; Ord. No. 64689, § 35, 1999.)

24.16.210 Landmark/landmark site designation bill—Notice of pendency.

After a landmark or landmark site designation bill is introduced in the Board of Aldermen and assigned to Board's appropriate standing committee, said bill shall not be voted on by Board until a public hearing is held by the committee. At least fifteen (15) days prior to the public hearing the committee shall require the Clerk of the Board of Aldermen to cause to be published in a daily newspaper of general circulation in the City a notice of the pendency of the designation bill. The notice shall contain a clear description of the location of the proposed landmark or landmark site and the date, time and place of the hearing at which property owners affected thereby, or others interested therein, may appear before the aforesaid standing committee to be heard. At least ten (10) days prior to the public hearing the Clerk of the Board of Aldermen shall cause a placard containing the words "Proposed Landmark Site In This Block" to be printed in large type and erected at each end of every block in which a site is proposed. Such placards shall also have prominently displayed and firmly attached thereto a copy of the notice which appears in the daily newspapers. (1994 C., § 24.16.210; Ord. No. 64689, § 36, 1999.)

24.16.220 Landmark/landmark site designation bill—Copy filing.

On passage by the Board of Aldermen and approval by the Mayor of a landmark or landmark site designation bill, the Clerk of the Board of Aldermen shall forthwith file a copy of the landmark preservation plan with the Register and a copy of the ordinance with the Recorder of Deeds. The Preservation Board shall retain on file in its office a true copy of the landmark preservation plan as approved by such ordinance, including the landmark standards for such landmark or landmark site, and shall transmit a true copy of the landmark preservation plan with standards to the Building Commissioner and the Planning and Urban Design Agency. The Cultural Resources Director shall cause to be prepared a notice in recordable form of the designation of the landmark or landmark site and shall cause such notice to be recorded with the Recorder of Deeds, and the Recorder of Deeds shall index such notice in the grantor index under the name of the record owner or owners of the landmark or landmark site. (1994 C., § 24.16.220; Ord. No. 64689, § 37, 1999.)

24.16.230 Revision of landmark standards.

The Preservation Board shall from time to time review and, if appropriate, recommend to the Planning Commission and Board of Aldermen revisions of the landmark standards for the various landmarks and landmark sites for the regulation of construction and alteration of exterior architectural features of the particular landmark or landmark site, but such revised standards shall not become effective until and unless approved by the Planning Commission and by ordinance. Such recommended revisions shall take into account changes in circumstances or conditions of or

affecting the landmark or landmark site, the intent of this title, and the significant features or characteristics of the site or improvement which were the basis of the landmark designation. The Preservation Board shall have the authority to adopt supplemental guidelines to explain, illustrate and implement the landmark standards, provided that such guidelines shall be consistent with the landmark or landmark site designation ordinance, the landmark preservation plan and landmark standards for such landmark or landmark site. (1994 C., § 24.16.230; Ord. No. 64689, § 38, 1999.)

24.20.110 **Decision or determination—Demolition, construction, alteration—Historic district or landmark/landmark site.**

24.20.120 **Further appeals—Demolition—Historic district or landmark/landmark site.**

24.20.010 Permit required when—Demolition, construction, alteration—Historic district or landmark/landmark site.

No owner or other person shall construct, demolish or alter any designated feature or exterior architectural feature with respect to any improvement situated within an historic district, or within or part of a landmark or landmark site, nor shall such person cause or permit any such work to be performed upon such property, unless an application shall have been filed with the Building Commissioner and a permit obtained therefor from the Building Commissioner. The Building Commissioner shall immediately upon receipt of any such application for permit forward a copy of such application to the Cultural Resources Office for review. (1994 C., § 24.20.010; Ord. No. 64689, § 39, 1999.)

24.20.020 Preliminary design review of proposed construction or exterior alterations—Demolition, construction, alteration—Historic district or landmark/landmark site.

The Preservation Board may establish procedures for preliminary design review by the Cultural Resources Director and the staff of the Cultural Resources Office of proposed construction or exterior alterations where landmark or historic district standards may be expected to apply. If, after a preliminary design review as above, an application for permit is received by the Building Commissioner which con-

forms to the plans and specifications as approved at the preliminary design review, the Building Commissioner may issue the permit. (1994 C., § 24.20.020; Ord. No. 64689, § 40, 1999.)

24.20.030 Determination of compliance or recommendation required before permit approved—Demolition, construction, alteration—Historic district or landmark/landmark site.

No permit for any such construction, alteration or demolition shall be issued by the Building Commissioner unless the Cultural Resources Director shall have determined that the proposed work complies with the applicable historic district or landmark or landmark site standards, or the Preservation Board or Cultural Resources Director has recommended that the application for permit be approved. (1994 C., § 24.20.030; Ord. No. 64689, § 41, 1999.)

24.20.040 Consideration of permit application—Demolition, construction, alteration—Historic district or landmark/landmark site.

If the proposed construction, alteration or demolition is not covered by any duly approved design standard for the historic district, landmark or landmark site in which the improvement is situated, the Cultural Resources Office or the Preservation Board shall review the application for permit, as provided by the rules of the Preservation Board. In making such review, the Preservation Board or Cultural Resources Office, as the case may be, shall consider such application in light of the historic district plan and historic district standards with respect to the historic district, or the landmark plan and standards, as the case may be, the intent of this title, the effect of such proposed construction, alteration or demolition on the significant features or characteristics of the historic district or landmark or landmark site which were the basis for the historic district or landmark or landmark site designation and such other considerations as may be provided by rule of the Preservation Board. The Preservation Board or the Cultural Resources Office, as the case may be, shall forward its determinations or recommendations with respect to the application to the Building Commissioner within forty-five (45) days from the date of application for permit. The Building Commissioner shall deny the application for permit if the Preservation Board or the Cultural Resources Office, as the case may be, recommends that the permit be denied or if the applicant refuses to accept conditions to approval that may be required by the Cultural Resources Office or Preservation Board or by the Building Commissioner on direction of the Cultural Resources Office or the Preservation Board. (1994 C., § 24.20.040; Ord. No. 64689, § 42, 1999.)

24.20.050 Granting or denial of permit application—Demolition, construction, alteration—Historic district or landmark/landmark site.

The Building Commissioner shall in any case grant or deny the application for a permit within fifty (50) days from the date of application. (1994 C., § 24.20.050; Ord. No. 64689, § 43, 1999.)

24.20.060 Appeal on actions or determinations—Demolition, construction, alteration—Historic district or landmark/landmark site.

Any person aggrieved by, or any officer, department, board, bureau or commission of the City affected by, the action of the Building Commissioner with respect to a requested permit based on the Cultural Resources Office's application of the landmark or historic district standards to a requested permit or based on the recommendations or determinations by the Preservation Board or Cultural Resources Office pursuant to Sections 24.20.010 through 24.20.050, may appeal the action of the Building Commissioner to the Preservation Board for review and hearing. Such appeal shall be known as a preservation appeal and shall be taken within thirty (30) days after the action of the Building Commissioner by filing a notice of appeal with the Cultural Resources Office specifying the grounds of such appeal. (1994 C., § 24.20.060; Ord. No. 64689, § 44, 1999.)

24.20.070 Hearing on filed appeal—Demolition, construction, alteration—Historic district or landmark/landmark site.

Within forty-five (45) days after the filing of an appeal to the Preservation Board, the Preservation Board shall hold a hearing thereon. The Preservation Board shall hear the recommendations and evidence submitted by the Cultural Resources Office and by any officer, department, board, bureau or commission desiring to be heard thereon and shall permit the appellant and other parties to the appeal an opportunity to appear and be heard by the Preservation Board and to submit

evidence. The Preservation Board may permit any other interested person an opportunity to appear and be heard by the Preservation Board. The Preservation Board may continue or adjourn the hearing or schedule additional hearings to permit a full hearing of the appeal. The Preservation Board shall cause all proceedings in a preservation appeal to be suitably recorded and preserved. (1994 C., § 24.20.070; Ord. No. 64689, § 45, 1999.)

24.20.080 Attempt to reconcile proposed action with applicable standards—Demolition, construction, alteration—Historic district or landmark/landmark site.

The Preservation Board shall endeavor to reconcile the construction, alteration or demolition proposed by the applicant for permit with the applicable historic district or landmark standards. If an application for permit is revised or resubmitted in accordance with such a reconciliation, then the Building Commissioner shall approve the necessary permit, provided that any conditions for such permit under the building code or other ordinances have otherwise been met. (1994 C., § 24.20.080; Ord. No. 64689, § 46, 1999.)

24.20.090 Consideration of claim that property cannot be put to reasonable beneficial use without approval of proposed work—Demolition, construction, alteration—Historic district or landmark/landmark site.

If the applicant for permit claims that the property involved cannot be put to a reasonable beneficial use without the approval of the proposed construction, alteration or demolition the applicant shall present evidence at the hearing before the Preservation Board, establishing such claim, and in the case of income-producing property, the applicant shall also present evidence whether the applicant is able to obtain a reasonable return on the applicant's investment from the property without the approval of the proposed construction, alteration or demolition. If such a claim is presented, the Preservation Board shall consider the possibility of preserving the property, including plans for its use in economically productive ways. The Preservation Board may hear evidence thereon at the hearing or may continue the hearing for a reasonable time to permit the preparation and presentation of evidence thereon to the Preservation Board by the Cultural Resources Director, the Cultural Resources Office, or any other person, including members of the Preservation Board. After consideration of the evidence, the Preservation Board shall make a determination whether the property can be put to a reasonable beneficial use without the approval of the proposed work; and in the case of income-producing property, the Preservation Board shall also determine whether the applicant can obtain a reasonable return on its investment from the property without the approval of the proposed work. (1994 C., § 24.20.090; Ord. No. 64689, § 47, 1999.)

24.20.100 Considerations in review of proposed work—Demolition, construction, alteration—Historic district or landmark/landmark site.

In its review of the proposed construction, alteration or demolition, the Preservation Board shall consider whether the proposed work would violate the intent of this title and the intent of the applicable historic district or landmark or landmark site designation ordinance as reflected in the historic district or landmark preservation plan, whether the proposed work would adversely affect the characteristics of the district or site which were the basis for the historic district, landmark or landmark site designation, whether there have been changes in the circumstances or conditions in or affecting the historic district, landmark or landmark site since its designation, and other relevant considerations, such as the availability of economically feasible alternatives to the proposed work. (1994 C., § 24.20.100; Ord. No. 64689, § 48, 1999.)

24.20.110 Decision or determination—Demolition, construction, alteration—Historic district or landmark/landmark site.

A. Unless there shall have been a reconciliation, the Preservation Board shall issue a decision, reversing or affirming, with or without conditions or modifications, the action of the Building Commissioner with respect to the requested permit or make such order, decision or determination as ought to be made. The Preservation Board shall make its decision within fifty-five (55) days after the filing of appeal to the Preservation Board, except that if the applicant for permit submits evidence in support of a claim that the property cannot be put to a reasonable beneficial use without the approval of the proposed construction, alteration or demolition, the Preservation Board shall have forty-five (45) days following completion of the hearing

on the preservation appeal to make its decision, including any determinations required to be made under Section 24.20.090. The Preservation Board shall promptly notify the parties and the Building Commissioner in writing of its decision. Such decisions of the Preservation Board as they affect an application for demolition of a structure, whether in whole or in part, are provisional for which review by the Planning Commission is possible consistent with Sections 24.20.120 and 24.28.010 hereof; all other such decisions of the Preservation Board are final for purposes of RSMo 536.110. Notwithstanding the foregoing, a decision of the Preservation Board to grant a demolition permit in which a delay is imposed, as described in Subsection B of this section, is not susceptible to review by the Planning Commission until and unless the period of delay has expired.

B. If the Preservation Board determines that the property cannot be put to a reasonable beneficial use without the approval of the proposed construction, alteration or demolition, the Preservation Board shall recommend that the application for permit be granted (subject to applicable building code requirements), except that the Preservation Board may delay the granting by the Building Commissioner of the permit for construction, alteration or demolition for up to one hundred (100) days to pursue alternatives for preserving such property. Such period of delay shall be measured from the date of the Preservation Board's decision of the preservation appeal. The determination to delay the granting of such permit shall require the affirmative vote of at least five of the seven members of the Preservation Board and a finding by the Preservation Board that the proposed construction, alteration or demolition will have a significant adverse effect on the historic district or the landmark or landmark site. If, during such period of delay, new or additional material information is discovered or becomes available to the Preservation Board relating to the reasonable beneficial use of the property or to alternatives for preserving such property, the Preservation Board may, during such period of delay and upon notice to the parties, reopen the hearing to take additional evidence and may revise its findings or decision based on such evidence. (1994 C., § 24.20.110; Ord. No. 64925, § 1, 2000; Ord. No. 64689, § 49, 1999.)

24.20.120 Further appeals—Demolition—Historic district or landmark/landmark site.

An applicant aggrieved by, or any officer, department, board, bureau or commission of the City affected by, a decision of the Preservation Board upon a preservation appeal relating to demolition of a structure, in whole or in part, may request review of such provisional decision by the Planning Commission. Such request shall be in writing and delivered by certified or registered mail, within thirty (30) days of the issuance of the provisional decision, to the Planning Commission in care of the Director of the Planning Office at its then address, with a copy to the Director of the Cultural Resources Office and the City Counselor of the City of St. Louis. The Planning Commission shall review such request at a regular or special meeting held within forty-five (45) days of the receipt thereof. The decision of the Planning Commission to accept or deny such review shall be exercisable in its sole, unrestricted discretion by a vote of a majority of a quorum of the Planning Commission. The Planning Commission shall give written notice of its decision to all affected parties within twenty (20) days. If such decision is to refuse review, then the written notice thereof shall constitute notice to the aggrieved party of the finality of the Preservation Board's decision for purposes of RSMo 536.110. If the decision of the Planning Commission is to accept review, then the notice shall, in addition to notifying all affected parties of the decision, inform all parties of the date and time for such review in accordance with Section 24.28.010. The Cultural Resources Office shall immediately refer any application which is the subject of such an appeal as well as the full and complete evidentiary record adduced before the Preservation Board to the Planning Commission prior to the date of the Planning Commission's review. (1994 C., § 24.20.120; Ord. No. 64925, § 2, 2000; Ord. No. 64689, § 50, 1999.)

PUBLIC STRUCTURES, MONUMENTS AND FIXTURES

Sections:

24.24.010 Recommendations of Preservation Board regarding public structures and monuments.

24.24.020 Exterior design review of structures or fixtures paid for by City or erected upon or extending over public streets, parks, etc.

24.24.010 Recommendations of Preservation Board regarding public structures and monuments.

With the prior written approval of the Planning Commission, the Preservation Board shall make recommendations to the Board of Aldermen and to the Board of Public Service regarding the location, design, and decoration of any public building, bridge, fountain, arch, lamppost, stained glass, tablet, statue, gateway, fence, monument or memorial of any kind of a permanent character and location. No such public structure or monument shall be erected or installed in any public place, or removed, relocated, or altered in any way until the plans therefor have been submitted to the Preservation Board and the recommendations of the Preservation Board, or a majority thereof, have been made to the property authority. Such recommendations must be made within a period of 45 days from submission to the Preservation Board. Failure to make recommendations within that period shall make the decision of the Preservation Board unnecessary. (1994 C., § 24.24.010; Ord. No. 64689, § 51, 1999.)

24.24.020 Exterior design review of structures or fixtures paid for by City or erected upon or extending over public streets, parks, etc.

No construction of any building, arch, gate, fence or other fixture which is to be paid for either wholly or in part by the City from general revenue funds of the City shall be begun unless the exterior design thereof shall have been submitted to the Preservation Board and recommendations made by it, except as herein provided, before the final approval thereof by the officer or other person having authority to contract therefor. The approval of the Preservation Board shall be required in respect to all fixtures or structures belonging to any person which shall be erected upon or extending over any public street, highway, stream, lake, square, park or other public place within the City, except as provided in this title. In deeds or leases for land made by the City, restrictions may be imposed requiring that the design and location of structures to be altered or erected thereon shall be first approved by the Preservation Board. Nothing requiring the recommendation or approval of the Preservation Board as provided in this section or Section 24.24.010 of this chapter shall be changed in exterior design or location without its approval; provided, that, in case of dispute, the Board of Public Service shall be the final arbiter and its decision shall prevail. If the Preservation Board fails to act upon any matter submitted to it under this section within 45 days after such submission, its approval of the matter submitted shall be presumed. (1994 C., § 24.24.020; Ord. No. 64689, § 52, 1999.)

APPEALS

Sections:

24.28.010 Appeals from decisions of the Preservation Board—Generally.

24.28.010 Appeals from decisions of the Preservation Board—Generally.

In reviewing decisions of the Preservation Board under Sections 24.20.120 and 24.40.060, the Planning Commission shall be limited to determining the correctness of the provisional decision by reviewing the record as adduced before the Preservation Board in light of the applicable and appropriate standard. The Planning Commission may consider both oral and written arguments but no new or additional evidence may be considered. The Planning Commission may continue or adjourn the meeting, or schedule additional sessions to permit full consideration. The Planning Commission shall issue its decision within thirty (30) days after the conclusion of the review, provided, that, if a majority of the Planning Commission finds the matter is unusually complex or that argument is unusually extensive, or both, issuance of its decision may be deferred until not later than sixty (60) days after the conclusion of the consideration. The Planning Commission shall, in writing, affirm, reverse or modify the decision of the Preservation Board. No request for reconsideration or rehearing shall be allowed. The Planning Commission shall give written notice of its decision to all affected parties. The decision shall constitute notice to the aggrieved party of the finality of the Preservations Board's decision for purposes of RSMo 536.110. The Planning Commission may promulgate rules, consistent herewith, and with other applicable law, concerning the conduct of review of provisional decisions from the Preservation Board. (1994 C., § 24.28.010; Ord. No. 64925, § 3, 2000; Ord. No. 64689, § 53, 1999.)

Chapter 24.32

LEGISLATIVE FINDINGS WITH RESPECT TO REVIEW OF CERTAIN DEMOLITIONS

Sections:

24.32.010 Findings.

24.32.010 Findings.

The Board of Aldermen of the City finds and declares as follows:

A. St. Louis contains a stock of residential and commercial buildings which is characterized by certain common architectural styles and quality construction.

B. This building stock imparts a distinct and distinguished appearance to St. Louis which is of benefit and is attractive to visitors.

C. Adaptive reuse of residential and commercial buildings in St. Louis has often proved to be an economically feasible and potentially profitable alternative to demolition and should be encouraged.

D. Evaluation of the economic feasibility and potential profitability of adaptive reuse is a legitimate function of the Preservation Board and Cultural Resources Office. (1994 C., § 24.32.010; Ord. No. 64689, § 54, 1999.)

PRESERVATION REVIEW DISTRICTS

Sections:

24.36.010 Established.

24.36.020 Public hearing required—Notice.

24.36.010 Established.

Preservation review districts may be established by ordinance for areas of the City in which the Board of Aldermen finds, by ordinance, reviews of the effects of demolitions on the area are in the public interest. Prior to adoption of a preservation review district ordinance, (1) the Alderman for the ward in which the proposed district is located shall have requested the Cultural Resources Office and the Preservation Board to assess the architectural and/or cultural quality of the proposed district, and (2) within forty-five (45) days thereafter the Cultural Resources Office and the Preservation Board shall have reported its findings to the Planning Commission and the Board of Aldermen. The Cultural Resources Office and the Preservation Board shall assess the proposed district as having (1) high historic district potential; (2) possible historic district potential; (3) low historic district potential; (4) demolitions within the last two years in excess of the average for similar areas in the City. Districts which are reported as being in categories (1), (2) or (4) may be designated preservation review districts. Preservation review district ordinances may be repealed by ordinance at any time without Cultural Resources Office or Preservation Board action. (1994 C., § 24.36.010; Ord. No. 64689, § 55, 1999.)

24.36.020 Public hearing required—Notice.

No ordinance designating a preservation review district shall be adopted until the aldermanic committee to which the bill is assigned shall have conducted a public hearing on the bill. Notice of the hearing shall be given in a newspaper of daily circulation and in the City Journal at least ten days prior to such committee hearing. (1994 C., § 24.36.020; Ord. No. 64689, § 56, 1999.)

24.40.010 Application.

Whenever an application is made for a permit to demolish a structure which is (1) individually listed on the National Register, (2) within a National Register district, (3) for which National Register designation is pending, or (4) which is within a preservation review district established pursuant to Sections 24.36.010 to 24.36.020 of this title, the Building Commissioner shall submit a copy of such application to the Cultural Resources Office within three days after said application is received by his office. (1994 C., § 24.40.010; Ord. No. 64689, § 58, 1999.)

24.40.020 Demolition permit—Review approval.

The Cultural Resources Office or Preservation Board shall have forty-five working days after receipt of a copy of an application under Section 24.40.010 to review same as hereinafter provided and advise the Building Commissioner in writing of their decision. Failure to notify the Building Commissioner in writing by the end of such period of forty-five working days shall constitute an approval of such application. (1994 C., § 24.40.020; Ord. No. 64689, § 59, 1999.)

24.40.030 Demolition permit—Photos.

Any applicant shall submit a 35mm photographic print, 3″ × 5″ minimum, focused and exposed to show all visible facades, door and window openings and any architectural ornamentation. (1994 C., § 24.40.030; Ord. No. 64689, § 60, 1999.)

24.40.040 Demolition permit—Preservation Board decision.

All demolition permit application reviews pursuant to Sections 24.40.010 to 24.40.060 shall be made by the Preservation Board, which shall either approve or disapprove of all such applications. The Preservation Board may, by a duly adopted order or regulation consistent with this chapter, authorize the Cultural Resources Office to make reviews of demolition permit applications. Decisions of the Preservation Board or Cultural Resources Office shall be in writing, shall be mailed to the applicant immediately upon completion and shall indicate the application by the Preservation Board or Cultural Resources Office of the following criteria, which are listed in order of importance, as the basis for the decision:

A. *Redevelopment Plans.* Demolitions which would comply with a redevelopment plan previously approved by ordinance shall be approved except in unusual circumstances which shall be expressly noted.

B. *Architectural Quality.* A structure's architectural merit, uniqueness, and/or historic value shall be evaluated and the structure classified as high merit, merit, qualifying, or non-contributing based upon: Overall style, era, building type, materials, ornamentation, craftsmanship, site planning, and whether it is the work of a significant architect, engineer, or craftsman; and contribution to the streetscape and neighborhood. Demolition of sound high merit structures shall not be approved by the Office. Demolition of merit or qualifying structures shall not be approved except in unusual circumstances which shall be expressly noted.

C. *Condition.* The Office shall make exterior inspections to determine whether a structure is sound. If a structure or portion thereof proposed to be demolished is obviously not sound, the application for demolition shall be approved except in unusual circumstances which shall be expressly noted. The remaining or salvageable portion(s) of the structure shall be evaluated to determine the extent of reconstruction, rehabilitation or restoration required to obtain a viable structure.

1. Sound structures with apparent potential for adaptive reuse, reuse and/or resale shall generally not be approved for demolition unless application of criteria in Subsection A, D, F or G of this section indicates demolition is appropriate.

2. Structurally attached or groups of buildings. The impact of the proposed demolition on any remaining portion(s) of the building will be evaluated. Viability of walls which would be exposed by demolition and the possibility of diminished value resulting from the partial demolition of a building, or of one or more buildings in a group of buildings, will be considered.

D. *Neighborhood Effect and Reuse Potential.*

1. *Neighborhood Potential.* Vacant and vandalized buildings on the block face, the present condition of surrounding buildings, and the current level of repair and maintenance of neighboring buildings shall be considered.

2. *Reuse Potential.* The potential of the structure for renovation and reuse, based on similar cases within the City, and the cost and extent of possible renovation shall be evaluated. Structures located within currently well-maintained blocks or blocks undergoing upgrading renovation will generally not be approved for demolition.

3. *Economic Hardship.* The Office shall consider the economic hardship which may be experienced by the present owner if the application is denied. Such consideration may include, among other things, the estimated cost of demolition, the estimated cost of rehabilitation or reuse, the feasibility of public or private financing, the effect of tax abatement, if applicable, and the potential for economic growth and development in the area.

E. *Urban Design.* The Office shall evaluate the following urban design factors:

1. The effect of a proposed partial demolition on attached or row buildings;

2. The integrity of the existing block face and whether the proposed demolition will significantly impact the continuity and rhythm of structures within the block;

3. Proposed demolition of buildings with unique or significant character important to a district, street, block or intersection will be evaluated for impact on the present integrity, rhythm, balance and density on the site, block, intersection or district;

4. The elimination of out-of-scale or out-of-character buildings or nonconforming land uses will be considered; however, the fact that a present and original or historic use of a site does not conform to present zoning or land use requirements in no way shall require that such a nonconforming use be eliminated.

F. *Commonly Controlled Property.* If a demolition application concerns property adjoining occupied property and if common control of both properties is documented, favorable consideration will generally be given to appropriate reuse proposals. Appropriate uses shall include those allowed under the current zoning classification, reuse for expansion of an existing conforming, commercial or industrial use or a use consistent with a presently conforming, adjoining use group. Potential for substantial expansion of an existing adjacent commercial use will be given due consideration.

G. *Accessory Structures.* Accessory structures (garages, sheds, etc.) and ancillary structures will be processed for immediate resolution. Proposed demolition of frame garages or accessory structures internal to commercial or industrial sites will, in most cases, be approved unless that structure demonstrates high significance under the other criteria listed herein, which shall be expressly noted. (1994 C., § 24.40.040; Ord. No. 64689, § 61, 1999.)

24.40.050 Application—Evaluation—Validity of approval or denial—Time requirements.

A. Approvals or denials of applications hereunder shall be valid only for the owner shown on the demolition application. Requests or applications for reconsideration shall not be permitted with respect to an application. The Cultural Resources Office may refer any application with respect to which it has been granted review authority to the Preservation Board for initial evaluation and decision hereunder. In performing its evaluation of any application hereunder, the Cultural Resources Office may request further information from an applicant or owner, make site visits or photographs, consult or obtain from public or private sources any information pertinent to its evaluation, and may consider the views of owners of property adjacent to the structure, of nonprofit neighborhood associations for the area in which the structure is located, or of established architectural preservation organizations. Any information so obtained and any communications received by the Preservation Board and Office concerning any application shall be summarized in the Preservation Board or Office's decision.

B. No application for demolition permit shall be considered unless filed more than one year from the date of final decision on the merits of the most recent demolition application for the same structure. "Date of final decision on the merits," for purposes hereof, shall mean the latest date on which there was rendered a final administrative decision of the Preservation Board with regard to the application, or a decision of a court of competent jurisdiction upon judicial review of the administrative decision. (1994 C., § 24.40.050; Ord. No. 64925, § 9, 2000; Ord. No. 64689, § 62, 1999.)

24.40.060 Appeals.

Any applicant or current owner of a structure may appeal an initial decision of the Preservation Board or a decision of the Cultural Resources Office under Sections 24.40.010 to 24.40.050 to the Preservation Board by filing a written notice of such appeal with the Cultural Resources Office within fifteen (15) days after the date of mailing of such decision by the Cultural Re-

sources Office. The Cultural Resources Office shall immediately refer any application which is the subject of such an appeal, and the Cultural Resources Office's entire file thereon, to the Preservation Board for hearing and resolution, based on the criteria set out in Sections 24.40.010 to 24.40.050. Requests or applications to the Preservation Board for reconsideration of any such appeal shall not be permitted. The Preservation Board shall issue its provisional decision on applications appealed under this section by the sixtieth working day following receipt of the application by the Office under Section 24.40.010. Any such appeal shall be deemed and conducted as a contested case within the meaning of RSMo Ch. 536, as amended, and shall be appealable and reviewable as in such chapter provided. The Cultural Resources Office is hereby authorized to appeal any decision of the Preservation Board. Request for review of any such decision of the Preservation Board may be made to the Planning Commission as provided in Sections 24.20.120 and 24.28.010. (1994 C., § 24.40.060; Ord. No. 64925, § 4, 2000; Ord. No. 64689, § 63, 1999.)

24.40.070 Demolition permit approval—Effect of prior legal actions.

No demolition permit for properties described in Section 24.40.010, except in emergency situations, shall be issued by the Building Commissioner unless it has been approved as provided in Sections 24.40.020 to 24.40.070. (1994 C., § 24.40.070; Ord. No. 64689, § 64, 1999.)

24.40.080 Preservation Review Districts.

Preservation Review Districts are hereby established for the areas of the City of St. Louis described in Section 24.40.180. (Ord. No. 64832, § 1, 1999.)

24.40.090 Demolition permits—Copies of application submitted, to whom.

Whenever an application is made for a permit to demolish a structure within those areas depicted in Section 24.40.180, the Building Commissioner shall submit a copy of such application to the Alderman in whose ward the structure is located within three (3) working days after such application is received by his office. In addition to satisfying all other existing requirements and except in emergency situations, the Building Commissioner shall also submit a copy of such application to the Cultural Resources Office of the Planning and Urban Design Agency within three (3) working days after said application is received by his office. (Ord. No. 64832, § 2, 1999.)

24.40.100 Demolition permit—Review—Approval.

The Office or Board shall have forty-five working days after receipt of a copy of a fully completed application to review same as hereinafter provided and advise the Building Commissioner in writing of their decision. Failure to notify the Building Commissioner in writing by the end of such period of forty-five working days shall constitute an approval of such application. (Ord. No. 64832, § 3, 1999.)

24.40.110 Demolition permit—Application plans.

A. Notwithstanding the provisions of any ordinance to the contrary, any applicant shall submit with his demolition permit application plans for any proposed use of the site of the structure after demolition, which shall include:

1. Current and proposed site plans showing all existing and proposed construction to scale;

2. Landscape plans;

3. Elevation facing streets or parks of all proposed or renovated structures, or existing structures to remain, to scale.

B. Any applicant shall also submit 35mm photographic prints, 3" x 5" minimum, focused and exposed to show all visible facades, door and window openings and any architectural ornamentation. (Ord. No. 64832, § 4, 1999.)

24.40.120 Demolition permit—Board decision.

All demolition permit application reviews pursuant to this chapter shall be made by the Director of the Office who shall either approve or disapprove of all such applications based upon the criteria of this chapter. All appeals from the decision of the Director shall be made to the Preservation Board. Decisions of the Board or Office shall be in writing, shall be mailed to the applicant immediately upon completion and shall indicate the application by the Board or Office of the following criteria, which are listed in order of importance, as the basis for the decision:

A. *Redevelopment Plans.* Demolitions which would comply with a redevelopment plan previously approved by ordinance or adopted by the Planning and Urban Design Commission shall be approved except in unusual circumstances which shall be expressly noted.

B. *Architectural Quality.* Structure's architectural merit, uniqueness, and/or historic value shall be evalu-

ated and the structure classified as high merit, merit, qualifying, or noncontributing based upon: overall style, era, building type, materials, ornamentation, craftsmanship, site planning, and whether it is the work of a significant architect, engineer, or craftsman; and contribution to the streetscape and neighborhood. Demolition of sound high merit structures shall not be approved by the Office. Demolition of merit or qualifying structures shall not be approved except in unusual circumstances which shall be expressly noted.

C. *Condition.* The Office shall make exterior inspections to determine whether a structure is sound. If a structure or portion thereof proposed to be demolished is obviously not sound, the application for demolition shall be approved except in unusual circumstances which shall be expressly noted. The remaining or salvageable portion(s) of the structure shall be evaluated to determine the extent of reconstruction, rehabilitation or restoration required to obtain a viable structure.

1. Sound structures with apparent potential for adaptive reuse, reuse and or resale shall generally not be approved for demolition unless application of criteria in Subsections A, D, F and G, Sections 24.40.110, 24.40.130 and 24.40.140 indicates demolition is appropriate.

2. Structurally attached or groups of buildings. The impact of the proposed demolition on any remaining portion(s) of the building will be evaluated. Viability of walls which would be exposed by demolition and the possibility of diminished value resulting from the partial demolition of a building, or of one or more buildings in a group of buildings, will be considered.

D. *Neighborhood Effect and Reuse Potential.*

1. *Neighborhood Potential.* Vacant and vandalized buildings on the block face, the present condition of surrounding buildings, and the current level of repair and maintenance of neighboring buildings shall be considered.

2. *Reuse Potential.* The potential of the structure for renovation and reuse, based on similar cases within the City, and the cost and extent of possible renovation shall be evaluated. Structures located within currently well maintained blocks or blocks undergoing upgrading renovation will generally not be approved for demolition.

3. *Economic Hardship.* The Office shall consider the economic hardship which may be experienced by the present owner if the application is denied. Such consideration may include, among other things, the estimated cost of demolition, the estimated cost of rehabilitation or reuse, the feasibility of public or private financing, the effect of tax abatement, if applicable, and the potential for economic growth and development in the area.

E. *Urban Design.* The Office shall evaluate the following urban design factors:

1. The effect of a proposed partial demolition on attached or row buildings.

2. The integrity of the existing block face and whether the proposed demolition will significantly impact the continuity and rhythm of structures within the block.

3. Proposed demolition of buildings with unique or significant character important to a district, street, block or intersection will be evaluated for impact on the present integrity, rhythm, balance and density on the site, block, intersection or district.

4. The elimination uses will be considered; however, the fact that a present and original or historic use of a site does not conform to present zoning or land use requirements in no way shall require that such a nonconforming use to be eliminated.

F. *Proposed Subsequent Construction.* Notwithstanding the provisions of any ordinance to the contrary, the office shall evaluate proposed subsequent construction on the site of proposed demolition based upon whether:

1. The applicant has demonstrated site control by ownership or an option contract;

2. The proposed construction would equal or exceed the contribution of the structure to the integrity of the existing streetscape and block face. Proposal for creation of vacant land by demolition(s) in question will be evaluated as to appropriateness on that particular site, within that specific block. Parking lots will be given favorable consideration when directly adjoining/abutting facilities require additional off-street parking;

3. The proposed construction will be architecturally compatible with the existing block face as to building setbacks, scale, articulation and rhythm, overall architectural character and general use of exterior materials or colors;

4. The proposed use complies with current zoning requirements;

5. The proposed new construction would commence within twelve (12) months from the application date.

G. *Commonly Controlled Property.* If a demolition application concerns property adjoining occupied property and if common control of both properties is documented, favorable consideration will generally be given to appropriate reuse proposals. Appropriate uses shall include those allowed under the current zoning classification, reuse for expansion of an existing conforming, commercial or industrial use or a use consistent with a presently conforming, adjoining use group. Potential for substantial expansion of an existing adjacent commercial use will be given due consideration.

H. *Accessory Structures.* Accessory structures (garages, sheds, etc.) and ancillary structures will be processed for immediate resolution. Proposed demolition of frame garages or accessory structures internal to commercial or industrial sites will, in most cases, be approved unless that structure demonstrates high significance under the other criteria listed herein, which shall be expressly noted. (Ord. No. 64832, § 5, 1999.)

24.40.130 Application—Evaluation—Validity of approval or denial.

Approvals or denials of applications hereunder shall be valid only for the owner shown on the demolition application. The office may refer any application to the Board for initial evaluation and decision hereunder. In performing its evaluation of any application hereunder, the Office may request further information from an applicant or owner, make site visits or photographs, consult or obtain from public or private sources any information pertinent to its evaluation, and may consider the views of owners of property adjacent to the structure, of nonprofit neighborhood associations for the area in which the structure is located, or of established architectural preservation organizations. Any information so obtained and any communications received by the Board and Office concerning any application shall be summarized in the Board or Office's decision. (Ord. No. 64832, § 6, 1999.)

24.40.140 Denial—Proposed subsequent construction.

If the denial of an application is based on Section 24.40.120.F, "Proposed Subsequent Construction," the Board or Office shall expressly so indicate in its decision. In such event the applicant may, within ten (10) days after the date of mailing of such decision by the office, notify the Board or Office, as the case may be, in writing that he wishes a "design conference." Such notification shall suspend the decision of the Board or Office for sixty-five working days, during which time the applicant and the Commissioner Office shall endeavor for up to sixty working days to arrive at a satisfactory proposal for subsequent construction. No later than the sixty-fifth working day from the date of notification by the applicant under this section, the Board or Office shall issue a supplemental decision on the application. (Ord. No. 64832, § 7, 1999.)

24.40.150 Appeals.

Any applicant or current owner of a structure may appeal an initial decision of the office hereunder to the Board by filing a written notice of such appeal with the office within fifteen days after the date of mailing of such decision by the Office. The Office shall immediately refer any application which is the subject of such an appeal, and the Office's entire file thereon, to the Board for hearing and resolution, based on the criteria set out in this chapter. Requests or applications to the Board for reconsideration of any such appeal shall not be permitted. The Board shall issue its decision on applications appealed under this section by the sixtieth working day following receipt of the application by the Office. Any such appeal shall be deemed and conducted as a contested case within the meaning of RSMo Ch. 536, as amended, and shall be appealable and reviewable as in such chapter provided. The Office is hereby authorized to appeal any decision of the Board. (Ord. No. 64832, § 8, 1999.)

24.40.160 Demolition permit approval—Effect of prior legal actions.

No demolition permit, except in emergency situations, shall be issued by the Building Commissioner unless it has been approved as provided in this chapter. Any act done or right vested or accrued, or any proceeding, suit or prosecution had or commenced in any cause before the effective date of the ordinance codified in this chapter; but every act done, or right vested or accrued, or proceeding, suit or prosecution had or commenced shall remain in full force and effect to all intents and purposes as if the prior law had remained in full force and effect. No offense committed and no liability, penalty or forfeiture either civilly or criminally incurred prior to the effective date of the ordinance codified in this chapter, shall be discharged or affected by this chapter; but prosecutions and suits for such offenses, liabilities, penalties or forfeitures shall be instituted and proceeds with in all respects as if this

chapter had not taken effect. (Ord. No. 64832, § 9, 1999.)

24.40.170 Administration.

This chapter shall be administered by the Office, which may, with the approval of the Board, issue regulations consistent herewith to facilitate such administration. Copies of any such regulations shall be made available for the public in the office of the Board and furnished to the Building Commissioner. (Ord. No. 64832, § 10, 1999.)

Editor's Note:

Ord. No. 64832, codified above, contained the following preamble:

WHEREAS, the Board of Aldermen of the City finds and declares that portions of the City of St. Louis contain a stock of well designed and marketable residential and commercial buildings which are characterized by certain unique architectural styles and quality construction and that such evaluation of these is a legitimate function of the Cultural Resources Office in performing their duties under the City Code;

WHEREAS, this building stock imparts a distinct and distinguished appearance to St. Louis which is of benefit to residents and attractive to visitors;

WHEREAS, often unnecessary demolitions erode the areas building stock and contribute to a degradation of property values of adjacent properties;

WHEREAS, adaptive reuse of residential and commercial buildings in St. Louis has often proved to be an economically feasible and profitable alternative to demolition;

WHEREAS, in many cases the design of proposed new construction is not compatible with existing older buildings; and that such evaluation is a legitimate function of the Cultural Resources Office in performing their duties under the City Code.

WHEREAS the Cultural Resources Office and the Preservation Board have conducted an assessment of the proposed districts as required by Ordinance 64689 and the Cultural Resources Office has prepared a Map of Cultural Resources for the portions of the City of St. Louis identified by the boundaries of the proposed Preservation Review Districts; and

WHEREAS, Public Notice has been provided to the residents and property owners of the area;

WHEREAS, this Board of Aldermen hereby finds that passage of this ordinance is in the best interest of the City of St. Louis and that residential and commercial property owners and tenants in the proposed Preservation Review Districts will benefit by establishment of a Preservation Review District and the conservation of the built environment in said Preservation Review District.

The 2018 International Building Code is amended and changed in the following respects:

CHAPTER 1 IS AMENDED AS FOLLOWS:

Delete Chapter 1 as published in its entirety.

Add a new Chapter 1 to read as follows:

CHAPTER 1

SCOPE AND ADMINISTRATION

SECTION 101 GENERAL

101.1 Title. These regulations shall be known as the Building Code of the City of Saint Louis, hereinafter referred to herein as "this code."

101.2 Scope. The provisions of this code shall apply to the grading, excavation, new construction, alteration, movement, enlargement, replacement, repair, equipment, use and occupancy, location, removal, and demolition of all buildings, structures, and premises in the City of Saint Louis except as such matters are otherwise provided for in the Charter of the City of Saint Louis or other ordinances, statutes, or in the rules and regulations authorized for promulgation under the provisions of this code.

Exceptions:

1. Live/work units complying with the requirements of Section 419 shall be permitted to be built in accordance with the Residential Code for One- and Two-family Dwellings. Fire suppression required by Section 419.5, when constructed under the Residential Code for One- and Two-Family Dwellings, shall conform to Section 903.3.1.3.

2. Owner-occupied lodging houses with five or fewer guest rooms shall be permitted to be constructed in accordance with the Residential Code for One- and Two-family Dwellings where equipped with a fire sprinkler system in accordance with Section 903.3.1.3.

3. Existing buildings undergoing repair, alteration or additions, and change of occupancy shall be permitted to comply with the Existing Building Code.

4. Detached one- and two-family dwellings and townhouses with a separate means of egress and their accessory structures not more than three stories above grade plane in height shall be permitted to comply with the Residential Code for One-and Two-family Dwellings.

101.3 Intent. The purpose of this code is to establish the minimum requirements to safeguard the public health, safety, and general welfare through structural strength, means of egress facilities, stability, sanitation, adequate light and ventilation, energy conservation, and safety to life and property from fire and other hazards attributed to the built environment and to provide a reasonable level of safety to fire fighters and emergency responders during emergency operations.

SECTION 102 APPLICABILITY

102.1 General. Where there is a conflict between a general requirement and a specific requirement, the specific requirement shall be applicable. Where, in any specific case, different sections of this code specify different materials, methods of construction, or other requirements, the most restrictive shall govern.

102.2 Other Laws. The provisions of this code shall not be deemed to nullify any provisions of local, state, or federal law. Where the provisions of this code conflict with other ordinances or regulations, the most stringent requirements shall apply. The building official shall not be the enforcement officer for such other ordinances or regulations unless specified therein.

102.3 Application of References. References to chapter or section numbers, or to provisions not specifically identified by number, shall be construed to refer to such chapter, section, or provision of this code.

102.4 Referenced Codes and Standards. The codes and standards referenced in this code shall be considered part of the requirements of this code to the prescribed extent of each such reference and as further regulated in Sections 102.4.1 and 102.4.2. Referenced standards shall be permitted to be updated by rule making authority of the building official.

Exception: Where enforcement of a code provision would violate the conditions of the listing of the equipment or appliance, the conditions of the listing and manufacturer's instructions shall apply.

102.4.1 Conflicts. Where conflicts occur between provisions of this code and referenced codes and standards, the provisions of this code shall apply.

102.4.2 Provisions in Referenced Codes and Standards. Where the extent of the reference to a referenced code or standard includes subject matter that is within

the scope of this code, the provisions of this code, as applicable, shall take precedence over the provisions in the referenced code or standard.

102.5 Appendices. Provisions of the appendices shall not apply unless specifically referenced in the adopting ordinance.

102.6 Partial Invalidity. In the event any part or provision of this code is held to be illegal or void, this shall not have the effect of making void or illegal any of the other parts or provisions.

102.7 Existing Structures. The legal occupancy of any structure existing on the date of the adoption of this code shall be permitted to continue without change, except as is specifically covered in this code, the Existing Building Code, the Property Maintenance Code, or the Fire Code, or as deemed necessary by the building official for the general safety and welfare of the occupants and the public.

102.7.1 Additions, Alterations or Repairs. Additions, alterations, or repairs to any structure shall conform to that required for a new structure without requiring the existing structure to comply with all of the requirements of this code, unless otherwise stated. Additions, alterations, repairs, and relocations shall not cause an existing structure to become unsafe or adversely affect the performance of the building.

102.7.2 Buildings Not Previously Occupied. A building or portion of a building that has not been previously occupied or used for its intended purpose in accordance with the laws in existence at the time of its completion shall comply with the provisions of this code for new construction or with any current permit for such occupancy.

102.8 Matters Not Provided For. Any requirements that are essential for structural, fire, or sanitary safety of an existing or proposed building or structure, or for the safety of the occupants thereof, and which are not specifically provided for by this code, shall be determined by the building official.

The building official shall be permitted to delegate to the Department of the President, Board of Public Service, responsibility for code compliance inspections on projects within the City limits let by the Board of Public Service or let as an Emergency Agreement. If such delegation is made, that office shall certify in writing to the building official at the completion of the project that they did inspect and believe the project to comply with this code.

102.9 Buildings, Structures, or Premises Partly Within City *Limits.* When a building, structure, or premises is constructed partly within the City and partly within county limits, the Building Commissioner shall be authorized to enter into agreements with the adjoining code jurisdictions to avoid duplications of inspections, fees, and permits.

102.10 Restrictions. No building or structure shall be constructed, extended, repaired, removed, altered or occupied in violation of these provisions, except for repairs as defined in Section 105.2.2, and except further that the raising, lowering or moving of a building or structure as a unit necessitated by a change in legal grade or widening of a street shall be permitted, provided the building or structure is not otherwise altered or its occupancy changed. Political subdivisions of the State of Missouri, including, but not limited to, the Board of Education, Metropolitan Sewer District, Saint Louis Housing Authority, Saint Louis Police Department, Metro Transit, Planned Industrial Expansion Authority, Land Clearance for Redevelopment Authority, Land Reutilization Authority, Saint Louis Development Corporation, and the Regional Convention and Sports Complex Authority are covered under the provisions of this code for all property within the City limits.

Exceptions:

1. Structures owned and occupied by the United States of America or the State of Missouri.
2. City of Saint Louis-owned property located outside of the City Limits.
3. Existing building occupancies that are licensed by the State of Missouri as family child care homes providing home day care, as specified in Section 310.3.
4. Structures located within cemetery boundaries which are less than 1,000 square feet in area and less than 20 feet in height, measured from grade to the highest point.
5. Laying or relaying of railroad trackage sidings and their appurtenant signals, culverts and structures.
6. A construction project located in the public right-of-way (R.O.W.).

SECTION 103 DIVISION OF BUILDING AND INSPECTION

103.1 Creation of Enforcement Agency. There is hereby created the Division of Building and Inspection. The Division shall consist of Sections, including, but not limited to: Administration Section, Building

Inspection Section, Central File Section, Court Section, Electrical Inspection Section, Mechanical Inspection Section, Permit Section, Plan Exam Section, Plumbing Inspection Section, and Zoning Section.

103.2 Building Commissioner. The head of the Division of Building and Inspection shall be known as the Building Commissioner, in accordance with Section 15, Article 13 of the Charter of the City of Saint Louis.

103.2.1 Appointment; qualifications. The Building Commissioner, also herein referred to as the building official, shall be a Missouri licensed professional architect, or, a Missouri licensed professional engineer, or, shall have a bachelors degree in an appropriately related field with Certified Building Code Official status, or, shall have a masters degree in an appropriately related field and five years' experience in building code enforcement at a senior management level. The Building Commissioner shall be appointed by the Director of Public Safety.

103.3 Organization. The building official shall appoint such numbers of architects, engineers, technical assistants, inspectors and other employees such as clerks, typists, and cashiers as shall be necessary for the administration of the codes governed by this chapter, and as authorized by the building official in conformance with Civil Service qualifications and regulations. The building official shall be permitted to delegate appropriate subordinates to act in the exercise of the duties of this code, and they also shall be designated as building officials. The building official is authorized to designate employees as needed who shall exercise all the powers of the building official during the temporary absence or disability of the building official.

103.4 Restriction of Employees. An official or employee connected with the Division of Building and Inspection, except one whose only connection is that of a member of the Board of Building Appeals, shall not be engaged in or directly or indirectly connected with the furnishing of labor, materials, or appliances for the construction, alteration, or maintenance of a building, or the preparation of construction documents therefor, unless that person is the owner of the building, or a first degree relative of the owner of the building; nor shall such officer or employee engage in any work which conflicts with official duties or with the interests of the Division of Building and Inspection.

Further, no Building Division employee shall be employed by or serve as an employee of any other division within the City service unless a formal request is made by the Building Commissioner to and approved by the appointing authority of that Division.

SECTION 104 DUTIES AND POWERS OF THE BUILDING OFFICIAL

104.1 General. The building official is hereby authorized and directed to enforce the provisions of this code. The building official shall have the authority to render interpretations of this code and adopt policies and procedures in order to clarify the application of its provisions. Such interpretations, policies, and procedures shall be in conformance with the intent and purpose of this code. Such policies and procedures shall not have the effect of waiving requirements specifically provided for in this code.

104.1.1 Rule Making Authority. The Building Commissioner shall have authority as necessary in the interest of public health, safety, and general welfare to adopt and promulgate rules and regulations to interpret and implement the provisions of this code, to secure the intent thereof, and to designate requirements applicable because of local climatic or other conditions. Such rules shall not have the effect of waiving structural or fire performance requirements specifically provided for in this code or violating accepted engineering practice involving public safety.

104.1.2 Accepted Engineering Practice. In the absence of provisions not specifically contained in this code, the regulations, specifications, and standards listed under referenced standards shall be deemed to represent accepted engineering practice in respect to materials, equipment, systems, or methods of construction.

104.2 Applications and Permits. The building official shall receive applications; review construction documents; issue or deny permits for the erection, alteration, demolition, moving, or occupancy of buildings, structures, or premises; inspect the premises for which such permits have been issued; and enforce compliance with the provisions of this code.

104.2.1 Preliminary Meeting. When requested by the permit applicant, the building official shall meet with the permit applicant to discuss plans for the proposed work or change of occupancy prior to the application for a permit in order to establish the specific applicability of the provisions of this code.

104.2.1.1 Building Evaluation. The building official is authorized to require an existing building to be investigated and evaluated by a licensed design profes-

sional based on the circumstances agreed upon at the preliminary meeting. The design professional shall notify the building official if any potential nonconformance with the provisions of this code is identified.

104.3 Notices and Orders. The building official shall issue all necessary notices or orders to ensure compliance with this code.

104.4 Inspections. The building official is authorized to make all of the required inspections, or the building official shall have the authority to accept reports of inspection by approved agencies or individuals. Reports of such inspections shall be in writing and certified by a responsible officer of such approved agency or by the responsible individual. The building official is authorized to engage such expert opinion as deemed necessary to report upon unusual technical issues that arise, subject to the approval of the appointing authority. The owner shall provide such special inspections as are required by the building official.

104.5 Identification. The building official shall carry proper identification when inspecting structures, or premises in the performance of duties under this code.

104.6 Right of Entry. Where it is necessary to make an inspection to enforce the provisions of this code or where the building official has reasonable cause to believe that there exists in a structure or upon a premises a condition which is contrary to or in violation of this code which makes the structure or premises unsafe, dangerous, or hazardous, the building official or designee is authorized to enter the structure or premises at reasonable times to inspect or perform the duties imposed by this code, provided that if such structure be occupied, that credentials be presented to the occupant and entry requested. If such structure or premises be unoccupied, the building official shall first make a reasonable effort to locate the owner, owner's authorized agent, or other person having charge or control of the structure or premises and request entry. If entry is refused, the building official shall have recourse to the remedies provided by law to secure entry.

104.6.1 Disasters. In the event of a disaster such as windstorm, tornado, flood, fire, earthquake, bomb blast, or explosion, the building official is hereby authorized to enter and inspect structures within the affected area, subject to constitutional restrictions on unreasonable searches and seizures. When, in the opinion of the building official, there is imminent danger of an unsafe condition, the building official shall take emergency measures in accordance with this code. If the building official determines, after inspection, that a structure is unfit, the building official shall declare it a public nuisance, cause a report to be prepared, and notify the affected parties in accordance with this code.

104.6.1.1 Post-Disaster Inspections. The building official is authorized to deputize Missouri Structural Assessment and Visual Evaluation (SAVE) Volunteer Inspectors certified by the Missouri State Emergency Management Agency (SEMA) to conduct emergency post-disaster safety evaluations of buildings.

104.7 Department Records. An official record shall be kept of all business and activities of the department specified in the provisions of this code, and all such records shall be open to public inspection at all appropriate times.

A reasonable charge shall be established for making copies of documents. If staff time is required to assemble requested data, an estimate shall be made of personnel charges, including fringe benefits, and a signed agreement made prior to undertaking such projects. The Division of Building and Inspection is not obligated to assemble data into formats that it does not use or need in the ordinary prosecution of its work.

Further, whenever any person, firm, or corporation requests a comprehensive historical investigation of the Division of Building and Inspection records relating to building or occupancy permits, an application fee of $25.00 shall be charged as specified in Section 108.2.1 in addition to all other fees as provided in other sections of this code.

104.8 Liability. The building official, member of the Board of Building Appeals, or employee charged with the enforcement of this code, while acting for the City of Saint Louis in good faith and without malice in the discharge of the duties required by this code or other pertinent law or ordinance, shall not thereby be rendered civilly or criminally liable personally and is hereby relieved from personal liability for any damage accruing to persons or property as a result of any act or by reason of an act or omission in the discharge of official duties.

104.8.1 Legal Defense. Any suit or criminal complaint instituted against an officer or employee because of an act performed by that officer or employee in the lawful discharge of duties and under the provisions of this code shall be defended by the City of Saint Louis City Counselor's Office until the final termination of the proceedings. The building official or any subordi-

nates shall not be liable for cost or judgment in any action, suit or proceeding that is instituted in pursuance of the provisions of this code; and any employee of the Division of Building and Inspection, acting in good faith and without malice, shall be free from liability for acts performed under any of its provisions or by reason of any act or omission in the performance of official duties in connection therewith.

The above protection shall also extend to former employees for work performed during their period of employment with the City of Saint Louis.

104.9 Approved Materials and Equipment. Materials, equipment, and devices approved by the building official shall be constructed and installed in accordance with such approval.

104.9.1 Used Materials and Equipment. The use of used materials which meet the requirements of this code for new materials is permitted. Used equipment and devices shall not be reused unless they have been reconditioned, tested, and placed in good and proper working condition and approved by the building official.

104.10 Modifications. Wherever there are practical difficulties involved in carrying out provisions of this code, the building official shall have the authority to grant modifications for individual cases, upon application of the owner or owner's representative, provided the building official shall first find that special individual reason makes the strict letter of this code impractical and the modification is in compliance with the intent and purpose of this code and that such modification does not lessen health, life, and fire safety or structural requirements. The details of action granting modifications shall be recorded and entered in the files of the Division of Building and Inspection.

104.10.1 Flood Hazard Areas. The building official shall not grant modifications to any provisions required in flood hazard areas unless a determination has been made that:

1. There is good and sufficient cause showing that the unique characteristics of the size, configurations, or topography of the site render the elevation standards of this code inappropriate.

2. Failure to grant the modification would result in exceptional hardship by rendering the lot undevelopable.

3. The granting of modification will not result in increased flood heights, additional threats to public safety, or extraordinary public expense; cause fraud on or victimization of the public; or conflict with existing laws or ordinances.

4. The modification is the minimum necessary to afford relief considering the flood hazard.

5. Written notice has been submitted to the applicant specifying the difference between the design flood elevation and the elevation to which the building is to be built, stating that the cost of flood insurance will be commensurate with the increased risk resulting from the reduced floor elevation, and stating that construction below the design flood elevation increases risks to life and property.

104.11 Alternative Materials, Design, and Methods of Construction, and Equipment. The provisions of this code are not intended to prevent the installation of any material or to prohibit any design or method of construction not specifically prescribed by this code, provided any such alternative has been approved. An alternative material, design or method of construction shall be approved where the building official finds that the proposed design is satisfactory and complies with the intent of the provisions of this code, and that the material, method, or work offered is, for the purpose intended, at least the equivalent of that prescribed in this code in quality, strength, effectiveness, fire resistance, durability, and safety.

104.11.1 Research Reports. Supporting data, where necessary to assist in the approval of materials or assemblies not specifically provided for in this code, shall consist of valid research reports from approved sources.

104.11.2 Tests. Whenever there is insufficient evidence of compliance with the provisions of this code, or evidence that a material or method does not conform to the requirements of this code, or in order to substantiate claims for alternative materials or methods, the building official shall have the authority to require tests as evidence of compliance to be made at no expense to the jurisdiction. Test methods shall be as specified in this code or by other recognized test standards. In the absence of recognized and accepted test methods, the building official shall approve the testing procedures. Tests shall be performed by an approved agency. Reports of such tests shall be retained by the building official for the period required for the retention of public records.

104.11.3 Research and Investigations. The building official shall require that sufficient technical data be submitted to substantiate the proposed use of any ma-

terial or assembly, and if it is determined that the evidence submitted is satisfactory proof of performance for the use intended, the building official shall approve its use subject to the requirements of this code. The costs of all tests, reports and investigations required under these provisions shall be paid by the applicant or owner.

104.12 Annual Report. The Building Commissioner shall submit to the Director of Public Safety a written annual report.

SECTION 105 PERMITS

105.1 Required. Any owner or owner's authorized agent who intends to perform site grading or excavation; to construct, enlarge, alter, make non-ordinary repairs to, move, or demolish a building or structure; to change the occupancy of a building, structure, or premises from one use group to another or to change to a prohibited use; or to cause any such work to be done; or to use explosives for blasting in connection with demolition, excavation, construction, or other building operation shall first make application to the building official and obtain the required permits.

Exception: No permit shall be issued to repair any building or structure condemned in accordance with Section 119 or 120 if such building or structure is included in an executed contract for demolition between the City of Saint Louis and a demolition contractor.

105.1.1 Preservation Board Permit Requirements. When the ordinances of the Cultural Resources Office (CRO) of the Planning and Urban Design Agency (PUDA) require a permit for items for which this code does not require a permit, applications shall be permitted to be taken by the Division of Building and Inspection and processed solely to the Cultural Resources Office. Both the Building Commissioner and the Cultural Resources Office Director are authorized to place stop work orders. Any appeals or court actions resulting from such citations, applications, or permits shall have technical and aesthetic testimony from the Preservation Board and the staff of the Cultural Resources Office.

105.1.2 Cultural Resources Office Denial. Unless overruled by the Building Commissioner as a result of an emergency situation or the Planning and Urban Design Commission, a denial from the Preservation Board shall be the final denial; no further notice from the building official shall be required to any person.

105.2 Work Exempt From Permit. Exemptions from permit requirements of this code shall not be deemed to grant authorization for any work to be done in any manner in violation of the provisions of this code or any other laws or ordinances of the City of Saint Louis. Permits shall not be required for the following:

1. Tuckpointing, ordinary or minor repair to exterior masonry, exterior painting, or similar repair or finish work;
2. Repair or replacement of existing gutters or above-grade portions of downspouts;
3. Recovering or replacing roof covering with the same type of roof covering to a maximum of two layers of roofing. Roofs having a pitch of ¼: 12 or greater but less than 4:12 (low slope roof) shall provide positive drainage. Replacement of 25% or less of roof sheathing;
4. Resealing or restriping of an existing paved parking parking lot, provided the restriping done matches the existing configuration and the number of spaces remain the same. A permit is required to restripe a parking lot for a new parking space and drive arrangement or configuration;
5. Miscellaneous site work, landscaping, gardens, shrubbery, or planting boxes; excavation or fill that does not create a permanent change in property elevation of more than six inches along property lines, block drainage, or create erosion or damage to adjacent properties;
6. Replacement of existing fencing of the same height, material, and location except when enclosing swimming pools, hot tubs, or spas;
7. Retaining walls eighteen inches or less in height above lowest adjacent grade;
8. Tents smaller than 1,000 square feet, or those used for private family events on the same lot as the owner's residence;
9. Statues on private property, erected on grade, not attached to or part of a building or structure;
10. Relining, repairing, patching or shotcreting existing swimming pool walls or floors provided required minimum water depths under diving boards, if present, are maintained;
11. Ordinary or minor repairs to exterior cantilevered balconies, decks, stairs, and fire escapes such as patching or replacing small areas of treads, risers, and platform surfaces; repairing or replacing components such as handrails, tread and riser, guardrail balusters,

etc., on existing balconies, stairs and decks with like-for-like materials as long as it does not affect the structural components of the exterior cantilevered balconies, decks, stairs, or fire escapes;

12. Interior painting, floor sanding and refinishing, floor tile or carpeting, replacement of flooring with like material, application of wallpaper and other wall covering material, moveable cases, counters and partitions, and cabinet installation, counter tops, and similar finish work;

13. Plaster patching or gypsum board replacement not exceeding 25% of the total wall or ceiling area of a room or space provided the fire rating and moisture resistance is maintained and no modifications are made;

14. Wall paneling of any type when applied directly to existing room wall surfaces;

15. Installing or replacing ceiling tile of any type, other than foam plastic, when applied directly to existing ceiling surfaces, except when within assembly rooms with more than 300 occupants, institutional rooms or spaces, and corridors or exit stairways of any use. Replacing damaged lay-in ceiling panels with like materials up to 25% of a room or space and a maximum of 500 square feet;

16. Nonfixed or moveable fixtures, cases, racks, counters and partitions not over 5 feet, nine inches in height;

17. Foundation and floor slab repair such as patching/filling of cracks of up to ¼ inch in walls and ⅜ inch in slabs, waterproofing, etc., provided the building is otherwise structurally sound and plumb.

Additionally, for 1- and 2-family dwellings and multiple-family properties with no more than four units, permits shall not be required for the following:

18. Swings and other backyard playground equipment including basketball goals and standards;

19. New aluminum, steel, fiber cement, hardboard, or vinyl exterior siding with no change to existing openings. Replacement of 25% or less of the wall sheathing;

20. Application of pre-finished aluminum, steel, vinyl, or like materials on soffits, fascia boards, rake boards, or overhangs;

21. Replacement or repair of exterior or interior doors or frames, provided the fire rating, when applicable, is maintained, and no modification is made to the opening;

22. Replacement or repair of existing windows and frames, whenever no modification is made to the opening; installation of storm windows and doors, whenever no modification is made to the opening; glazing and glass replacement;

23. Awnings which do not project over property lines, and not over 40 square feet in projected area;

24. Exterior ramps, stairs, or steps which are on grade and not more than twelve inches above adjacent grade, not attached to the structure, and within property lines;

25. Sidewalks and driveways within property lines; paved areas on the same lot as the primary structure, without roofs, covers, or enclosures; concrete patio slabs or wooden patios/decks which rest directly on the ground or a rock base, provided that they are not covered by a roof or canopy, not supported by any type of permanent foundation, and a maximum of twelve inches above adjacent grade;

26. Small detached accessory buildings, such as utility/storage/tool sheds, cabanas, play houses, etc., 120 square feet in area or less and less than twelve feet in height, provided the utility shed is placed on and anchored to a minimum four-inch-thick concrete slab and maintains the setbacks required by the Zoning Ordinance. This does not include accessory buildings having unique uses such as barbeque or smoke houses, storage of fuel or other hazardous material, structures containing fuel fired equipment, and other uses that present an increased fire hazard or nuisance to adjoining property. A permit is required for all buildings housing these types of uses exceeding 50 square feet in area;

27. Residential accessory structures such as arbors, garden trellises, or other minor structures, provided such structures maintain the setbacks required by the Zoning Ordinance;

28. Non-dish radio or television antennae twelve feet or less in height, mounted on the ground, not in the front yard area, attached to, or on the roof of a building. Dish antennas two feet in diameter or less installed on grade or on the roof, provided such antennae maintain the setbacks required by the Zoning Ordinance;

29. Above-ground swimming pools, or hot tubs or spas placed on a slab. Also, in-ground swimming pools with less than 24 inches water depth with a surface area of less than 250 square feet. All pools, hot tubs, and spas shall maintain the setbacks required by the Zoning Ordinance;

30. Installation of battery-operated smoke detectors.

Exceptions:

1. Work involving repair of flood, earthquake, or other natural disaster damage.

2. A floodplain development permit is still required to be obtained if the site is located in the floodplain areas defined by FEMA.

3. Ordinary repairs or minor work to buildings and structures which fall under the purview of the Cultural Resource Office requiring "Cultural Resource Office Only" permits.

105.2.1 Emergency Repairs. Where equipment replacements and repairs must be performed in an emergency situation, the permit application shall be submitted within the next working business day to the building official.

105.2.2 Repairs. Application or notice to the building official is not required for ordinary repairs to structures, replacement of lamps, or the connection of approved portable electrical equipment to approved permanently installed receptacles. Such repairs shall not include the cutting away of any wall, partition, or portion thereof; the removal or cutting of any structural beam or load bearing support; or the removal or change of any required means of egress or rearrangement of parts of a structure affecting the egress requirements. Ordinary repairs also shall not include addition to or alteration, replacement, or relocation of any water supply, sewer, drainage, drain leader, gas, soil, waste, vent, or similar piping; electric wiring; or mechanical or other work affecting public health or general safety.

105.2.3 Public Service Agencies. A permit shall not be required for the installation, alteration, or repair of generation, transmission, distribution, metering, or other related equipment that is under the ownership and control of public service agencies by established right.

105.2.4 Damaged Building Repair. Buildings that are determined by the building official to have sustained light building damage due to fire, earthquake, wind, flood, or other natural disasters shall require a building permit for repairs. The building permit application will include construction drawings showing the scope of work and a report prepared, sealed, signed, and dated by a Missouri licensed design professional stating that the building damage is light with no structural damage. Construction drawings may be prepared by a person who is not a Missouri licensed design professional.

Buildings that are determined by the building official to have sustained moderate or serious building damage or structural damage due to fire, earthquake, wind, flood, or other natural disasters shall require a building permit for repairs. The building permit application will include construction documents prepared, sealed, signed, and dated by a Missouri licensed design professional.

105.2.4.1 Condemned for Occupancy or Condemned for Demolition Building Repair. Repairs to buildings that are determined by the building official to be condemned for occupancy or condemned for demolition shall require a building permit with construction documents prepared, sealed, and signed by a Missouri licensed design professional.

105.2.5 Maintenance. All buildings, structures, and premises and all parts thereof, both existing and new, shall be maintained in a safe and sanitary condition. All service equipment, means of egress, devices, and safeguards required by this code or a previous code or ordinance at the time a building or structure was erected, altered, or repaired shall be maintained in good working order.

105.2.6 Owner Responsibility. The owner(s) or the owner's agent shall be responsible for the safe and sanitary maintenance of the building, structure or premises and its means of egress facilities at all times.

105.3 By Whom Application Is Made. Application for a permit shall be made by the owner or lessee of the building or structure, or agent of either, or by the Missouri licensed design professional employed in connection with the proposed work. The full names, addresses, and telephone numbers of the owner, lessee, and applicant shall be stated in the application. Every application shall have a local contact person listed. Demolition and occupancy permit applications, when applied for by anyone other than the owner of record, shall be accompanied by a notarized letter of authorization or other documentation from the owner of record granting permission to apply.

105.3.1 Application for Permit. To obtain a permit, the applicant shall first file an application on a form furnished by the Division of Building and Inspection for that purpose. Such application shall:

1. Identify and describe the work to be covered by the permit for which application is made.

2. Describe the land on which the proposed work is to be done by legal description, street address, or similar description that will readily identify and definitely locate the proposed building or work.

3. Indicate the use and occupancy for which the proposed work is intended.

4. Be accompanied by construction documents and other information as required in Section 107.

5. State the estimated cost of construction of the proposed work.

6. Be signed by the applicant, or the applicant's authorized agent.

7. Give such other data and information as required by the building official.

105.3.2 Action on Application. The building official shall examine or cause to be examined applications for permits and amendments thereto. If the application or the construction documents do not conform to the requirements of all pertinent laws, the building official shall reject such application in writing, stating the reasons therefor. If the building official is satisfied that the proposed work conforms to the requirements of this code and laws and ordinances applicable thereto, the building official shall issue a permit. The building official shall rely upon other City agencies to review for compliance with their ordinance requirements.

105.3.2.1 Determination of Substantially Improved or Substantially Damaged Existing Buildings in Flood Hazard Areas. For applications for reconstruction, rehabilitation, addition, alteration, repair, or other improvement of existing buildings or structures located in a flood hazard area, the building official shall examine the construction documents and shall make a determination of the value of the proposed work. For buildings that have sustained damage of any origin, the value of the proposed work shall include the cost to repair the building or structure to its pre-damaged condition. If the building official finds that the value of the proposed work is 50% or more of the market value of the building or structure before the damage has occurred or the improvement is started, the proposed work shall be considered a substantial improvement or restoration of substantial damage and the building official shall require existing portions of the entire building or structure to meet the requirements of this code.

Where the building or structure has sustained substantial damage, repairs necessary to restore the building or structure to its pre-damaged condition shall be considered substantial improvements regardless of the actual repair work performed. The term shall not include either of the following:

1. Improvements to a building or structure that are required to correct existing health, sanitary, or safety code violations identified by the building official and that are the minimum necessary to ensure safe living conditions.

2. Any alteration of an historic building or structure provided that the alteration will not preclude the continued designation as an historic building or structure.

A. Listed or preliminarily determined to be eligible for listing in the National Register of Historic Places; or

B. Determined by the Secretary of the U.S. Department of Interiors as contributing to the historical significance of a registered historic district or a district preliminarily determined to qualify as an historic district; or

C. Designated as historic under a state or local historic preservation program that is approved by the Department of the Interior.

105.3.3 Time Limitation of Application. An application for a permit for any proposed work shall be deemed to have been abandoned six months after the date of filing, unless such application has been pursued in good faith or a permit has been issued; except that the building official is authorized to grant one or more extensions of time for additional periods not exceeding 90 days each if the building official deems that there is reasonable cause and if a written request is received from the applicant for the extension prior to the expiration date.

105.3.4 Time Limitation on Approval. When an application for a permit has been approved by the building official and a permit has not been issued, the application shall be deemed to have been abandoned three months after the approval date. A notice of abandonment shall be sent to the applicant of record at least two weeks prior to the abandonment of the application.

Applicants who have a record of abandoned permit applications shall be required on all future permits to pay the application fee and the full permit fee upon application until such time as the abandoned permits have been reapplied for and approved and all applicable fees have been paid.

105.3.5 Action on Application for Permit to Use Explosives. When it is deemed proper, safe and advisable, the building official shall, upon receipt of application, issue permits for the use of explosives for blasting in connection with demolition, excavation, construction or other building operations. Without such permit, the use of explosives for the above-mentioned purposes is hereby prohibited. Additional permits shall be required under the Fire Code.

105.3.6 Information on the Permit. The building official shall issue all permits required by this code on an approved form furnished for that purpose. The permit shall contain a general description of the operation or occupancy and its location and any other information required by the building official. Issued permits shall bear the signature of the building official or other approved legal authorization.

105.4 Validity of Permit. The issuance or granting of a permit shall not be construed to be a permit for, or an approval of, any violation of any of the provisions of this code or of any other ordinance of the City of Saint Louis. Permits presuming to give authority to violate or cancel the provisions of this code or other ordinances shall not be valid. The issuance of a permit based on construction documents and other data shall not prevent the building official from requiring the correction of errors in the construction documents and other data. The building official is also authorized to prevent occupancy or use of a structure where in violation of this code or any other ordinance of the City of Saint Louis.

105.5 Expiration. All permits shall be issued in the name of the property owner of record for a period of six months unless noted otherwise. Permits shall be permitted to be extended for additional six-month periods if work is progressing and a written request from the owner for the extension is received by the building official prior to the expiration of each permit. Any permit issued shall become invalid if the authorized work is not commenced within six months after issuance of the permit, or if the authorized work is suspended or abandoned for a period of six months after the time of commencing the work; except that the building official shall be permitted to grant one or more extensions of time for additional periods not exceeding six months each if the building official deems that there is reasonable cause, and if a written request is received from the owner for the extension prior to the expiration date. No permit shall be extended if, after six months from issuance of said permit, no work has begun and the Board of Aldermen has passed an ordinance that would make all or part of the work thereon illegal or unlawful.

Permits shall also be abandoned upon written request from the property owner of record, or if circumstances require, the Missouri licensed design professional.

Exception: Permits for demolition of buildings or structures or repair of buildings or structures condemned in accordance with either Section 119 or Section 120 and other work specifically identified by the building official, when in the best interests of the public, shall become invalid after 30 days unless otherwise approved. The building official shall be permitted to grant one or more extensions of time for additional periods not exceeding 30 days each after receiving a written request from the owner explaining the reasons for failing to commence or for suspending work.

105.6 Suspension or Revocation. The building official is authorized to suspend or revoke a permit issued under the provisions of this code whenever the permit is issued in error or on the basis of incorrect, inaccurate, or incomplete information, or in violation of any ordinance or regulation or any of the provisions of this code.

105.6.1 Revocation of Permits. The building official shall be permitted to revoke a permit or approval issued under the provisions of this code in case of any false statement or misrepresentation of fact in the application or construction documents on which the permit or approval was based. The building official shall be permitted to revoke or suspend a permit upon discovery of substantial noncompliance with this code or any applicable City ordinance. Permits shall be revoked for non-payment of fees.

105.6.2 Revocation of Permits for Repeat Offenders. The building official shall revoke any permit or certificate associated with a building, structure or premises when an owner(s) is convicted by a court of competent jurisdiction twice within a twelve-month period of being in violation of the same code provision on the same building, structure or premises.

105.7 Placement of Permit. A true copy of the building permit shall be kept on the site of operations, open to inspection during the entire time of prosecution of the work and until the completion of the same.

105.8 Responsibility. It shall be the duty of every person who performs work for the installation or repair

of building, structure, electrical, gas, mechanical, or plumbing systems, for which this code is applicable, to comply with this code.

105.9 Notice of Start. At least 24 hours' notice of start of work under a building permit shall be given to the building official.

105.10 Compliance With Permit. All work shall conform to the approved application and the approved construction documents for which the permit has been issued and any approved amendments to the approved application or the approved construction documents. Any addition to or alteration of approved construction documents shall be approved in advance by the building official, as evidenced by the issuance of a new or amended permit.

SECTION 106 FLOOR AND ROOF DESIGN LOADS

106.1 Live Loads Posted. Where the live loads for which each floor or portion thereof of a commercial or industrial building is or has been designed to exceed 50 pounds per square foot, such design live loads shall be conspicuously posted by the owner in that part of each story in which they apply, using durable signs. It shall be unlawful to remove or deface such notices.

106.2 Issuance of Certificate of Occupancy. A certificate of occupancy required by Section 111 shall not be issued until the floor load signs required by Section 106.1 have been installed.

106.3 Restrictions on Loading. It shall be unlawful to place or cause or permit to be placed on any floor or roof of a building, structure, or portion thereof a load greater than is permitted by this code.

SECTION 107 CONSTRUCTION DOCUMENTS

107.1 Submittal Documents. The application for the permit shall be accompanied by at least five complete sets of construction drawings, one set of project specifications, one set of structural calculations, one set of the geotechnical (soils) report, and one set of site or building photographs with sufficient clarity and detailed dimensions to show the nature and character of the work to be performed. The minimum size of any sheet shall be 8½" x 11" and the maximum size of any sheet shall be 36" x 48". When quality of materials is essential for conformity to this code, specific information shall be given to establish such quality. This code shall not be cited nor the term "legal" or its equivalent be used as a substitute for specific information. Construction documents containing the words "not for construction," "preliminary," "review set," or their equivalent shall not be accepted for application. Construction documents marked with contractors' "take-off" notations shall not be accepted for application.

If the construction documents for single-family or multiple-family dwelling units are prepared by a Missouri licensed architect, that architect must seal, sign and date the construction documents as required by RSMo Ch. 327.

Exception: The building official is authorized to waive the submission of construction documents and other data not required to be prepared by a licensed design professional if it is found that the nature of the work applied for is such that review of construction documents is not necessary to obtain compliance with this code.

107.1.1 Seals. All construction documents submitted with an application for a building permit shall be prepared by a Missouri licensed design professional as required by RSMo Ch. 327. All construction documents shall bear an original embossed or wet ink seal, original ink signature, and the date the documents were sealed by the Missouri licensed design professional for each discipline on the cover sheet of each set of construction documents or on the first sheet of each discipline's drawings within each set of construction documents.

In addition, all other sheets of the construction documents other than project specifications or calculations shall bear the original embossed, wet ink, electronic, or mechanically reproduced seal, signature, and date of the Missouri licensed design professional. Any addenda or modifications submitted for changes to the construction documents shall also bear the original embossed or wet ink seal, original ink signature, and date the documents were sealed.

All project specifications, calculations, reports, or other documents not considered to be construction drawings shall bear an original wet ink or embossed seal, original ink signature, and the date the documents were signed by the Missouri licensed design professional for each discipline on the title or index sheet.

A Missouri licensed professional engineer cannot render architectural services or seal, sign and date construction documents for any residential project. This could be interpreted as the unlawful practice of architecture by a Missouri licensed professional engineer. A Missouri licensed professional engineer may prepare

seal, sign and date architectural work which is incidental (insignificant, minor, etc.) to the engineering work (and vice versa). This determination shall be made on a case by case basis depending upon the full scope of the project.

Exceptions:

1. Construction documents for one- or two-family dwellings not prepared by a Missouri licensed design professional, including name, address, and telephone number of the author, and indicating that they were not prepared by a licensed architect.

2. Construction documents for non-structural alterations to multiple-family dwellings with not more than four dwelling units not prepared by a Missouri licensed design professional, including name, address, and telephone number of the author, and indicating that they were not prepared by a licensed architect.

3. Construction documents for owner-occupied one- or two-family dwellings prepared by the owner.

107.2 Construction Documents. Construction documents shall be in accordance with 107.2.1 through 107.2.10.

107.2.1 Information on Construction Documents. Construction documents shall be drawn and dimensioned upon suitable material. Construction documents shall be of sufficient clarity to indicate the location, nature, and extent of the work proposed and show in detail that it will conform to the provisions of this code and relevant laws, ordinances, rules, and regulations as determined by the building official.

107.2.2 Fire Protection Construction Drawings. Construction drawings for the fire protection system(s) shall be submitted to show conformance with this code and the construction documents and shall be approved prior to the start of system installation. Shop drawings shall contain all information as required by the referenced installation standards in Chapter 9 of the Building Code.

107.2.3 Means of Egress. The construction documents shall show in sufficient detail the location, construction, size, and character of all portions of the means of egress in compliance with the provisions of this code.

107.2.4 Exterior Wall Envelope. Construction documents for all buildings shall describe the exterior wall envelope in sufficient detail to determine compliance with this code. The construction documents shall provide details of the exterior wall envelope as required, including flashing, intersections with dissimilar materials, corners, end details, control joints, intersections at roof, eaves, or parapets, means of drainage, water-resistive membrane, and details around openings.

The construction drawings shall include manufacturing installation instructions that provide supporting documentation that the proposed penetration and opening details described in the construction documents maintain the weather resistance of the exterior wall envelope. The supporting documentation shall fully describe the exterior wall system which was tested, where applicable, as well as the test procedure used.

107.2.5 Site Plan. The construction documents submitted with the application for permit shall be accompanied by a site plan showing to scale the size and location of new construction and existing structures on the site, distances from lot lines, the established street grades and the proposed finished grades, and, as applicable, flood hazard areas, floodways, and design flood elevations; and it shall be drawn in accordance with an accurate boundary line survey. In the case of demolition, the site plan shall show construction to be demolished and the location and size of existing structures and construction that are to remain on the site or plot. The building official is authorized to waive or modify the requirements for a site plan when the application for permit is for alteration or repair or when otherwise warranted.

107.2.5.1 Change in Site Plan. A lot shall not be changed, increased, or diminished in area from that shown on the official site plan until a revised site plan is resubmitted showing such changes accompanied by proof that the documents have been filed in the Recorder of Deeds Office and approved under the Zoning Ordinance; except that such revised site plan will not be required if the change is caused by reason of an official street or alley opening, street widening, or other public improvement.

107.2.6 Structural Information. For other than one- and two-family dwellings or existing multiple-family dwellings with no more than four units, the construction documents shall provide the information specified in Section 1603 of the Building Code.

107.2.7 Manufacturer's Installation Instructions. Manufacturer's installation instructions, as required by this code, shall be available on the job site at the time of inspection.

107.2.8 Information of Braced Wall Design. For buildings and structures utilizing braced wall design, and where required by the building official, braced wall

lines shall be identified on the construction documents. Pertinent information, including, but not limited to, bracing methods, location and length of braced wall panels, and foundation requirements of braced wall panels at top and bottom shall be provided.

107.2.9 Information for Construction in Flood Hazard Areas. For buildings and structures located in whole or in part in flood hazard areas, construction documents shall include:

1. Delineation of flood hazard areas, floodway boundaries, and flood zones, and the design flood elevation, as appropriate;

2. The elevation of the proposed lowest floor, including basement; in areas of shallow flooding (AO zones), the height of the proposed lowest floor, including basement, above the highest adjacent grade;

3. The elevation of the bottom of the lowest horizontal structural member in coastal high hazard areas (V zone); and

4. If design flood elevations are not included on the community's Flood Insurance Rate Map (FIRM), the building official and the applicant shall obtain and reasonably utilize any design flood elevation and floodway data available from other sources.

107.2.10 Information for electric vehicle charging stations. Construction documents shall include electric vehicle charging stations with system installation requirements set forth in Section 406.2.7 of the International Building Code as amended and adopted by the City of St. Louis, and the Electrical Code.

107.3 Examination of Documents. The building official shall examine or cause to be examined the construction documents for code compliance.

107.3.1 Approval of Construction Documents. The building official shall stamp three sets of construction documents "APPROVED," and at least one set of such approved construction documents shall be retained by the building official and one set shall be kept at the building site, open to the inspection of the building official or an authorized representative at all reasonable times. If additional "APPROVED" sets are required by the applicant, a charge shall be made as listed in Table 109.3.1.

107.3.2 Previous Approvals. This code shall not require changes in the construction documents, construction or designated occupancy of a building or structure for which a lawful permit has been heretofore issued or otherwise lawfully authorized, and the construction of which has been actively prosecuted in good faith within 180 days after the effective date of this chapter and has not been abandoned. When the codes adopted by the City of Saint Louis change from one edition to another, the work shall be permitted to be completed under the codes in effect when the permit for said work was originally issued.

107.3.2.1 Code Transition. Unless requirements imposed by federal law or state statute have changed, permits applied for within six months of the effective date of this chapter shall be permitted to be reviewed and approved under the former code if there is written evidence of a preliminary plan exam review of the project under the former code. The cover sheet of the construction documents shall show under which code the project was designed.

107.3.3 Phased Approval. The building official is authorized to issue a permit for the construction of foundations or any other part of a building or structure before the construction documents for the whole building or structure have been submitted, provided that adequate information and detailed statements have been filed complying with pertinent requirements of this code. The holder of such permit for the foundation or other parts of a building or structure shall proceed at the holder's own risk with the building operation and without assurance that a permit for the entire structure will be granted.

107.3.4 Design Professional in Responsible Charge. When it is determined that documents be prepared by a Missouri licensed design professional, the building official shall be authorized to require the owner or the owner's authorized agent to engage and designate on the building permit application a Missouri licensed design professional who shall act as the Missouri licensed design professional in responsible charge. If the circumstances require, the owner or the owner's authorized agent shall designate a substitute Missouri licensed design professional in responsible charge who shall perform the duties required of the original Missouri licensed design professional in responsible charge. The building official shall be notified in writing by the owner or the owner's authorized agent if the Missouri licensed design professional in responsible charge is changed or is unable to continue to perform the duties.

The Missouri licensed design professional in responsible charge shall be responsible for reviewing and coordinating submittal documents prepared by others, including phased and deferred submittal items, for compatibility with the design of the building.

Where structural observation is required by Section 1710 of the Building Code, the inspection program shall name the individual or firms who are to perform

structural observation and describe the stages of construction at which structural observation is to occur. See also duties specified in Section 1704 of the Building Code.

107.3.4.1 Deferred Submittals. For the purposes of this section, deferred submittals are defined as those portions of the design that are not submitted at the time of the application and that are to be submitted to the building official within a specified period.

Deferral of any submittal items shall have the prior approval of the building official. The Missouri licensed design professional in responsible charge shall list the deferred submittals on the construction documents for review by the building official.

The Missouri licensed design professional in responsible charge shall review the deferred submittal items and forward them to the building official with a notation indicating that they have been reviewed and found to be in general conformance with the design of the building. The deferred submittal items shall not be installed until their design and submittal documents have been approved by the building official.

107.3.4.2 Engineering Details. The building official shall require to be filed adequate details of structural, plumbing, mechanical, and electrical work including computations, loadings, and structural analysis and other essential technical data. All construction documents shall bear an original embossed or wet ink seal, original ink signature and the date the documents were sealed by the Missouri licensed design professional responsible for the design as required by state statute. Such calculations shall be permitted to be accepted by the building official as complying with the conditions of this code without the need to verify the calculations or their engineering analysis.

107.4 Amended Construction Documents. Work shall be installed in accordance with the approved construction documents. Any changes to the approved scope of work shall be submitted for approval as an addendum to the approved construction documents.

SECTION 108 TEMPORARY STRUCTURES AND USES

108.1 General. The building official is authorized to issue a permit for temporary structures and temporary uses. Such permits shall be limited as to time of service, but shall not be permitted for more than 180 days. The building official is authorized to grant extensions for demonstrated cause.

108.2 Conformance. Temporary construction and uses shall conform to the structural strength, fire safety, means of egress, light, ventilation, and sanitary requirements of this code as necessary to ensure the public health, safety, and general welfare.

108.3 Temporary Power. The building official is authorized to give permission to temporarily supply and use power in part of an electric installation before such installation has been fully completed and the final certificate of completion has been issued. The part covered by the temporary certificate shall comply with the requirements specified for temporary lighting, heat or power in the Electrical Code.

108.4 Termination of Approval. The building official is hereby authorized to terminate such permit for a temporary structure or use and to order the temporary structure or use to be discontinued.

SECTION 109 FEES

109.1 General. No permit, certificate, or inspection report required by the provisions of this code shall be released or issued until the fees listed in this section have been paid to the City of Saint Louis; nor shall an amendment to a permit be released until the additional fees have been paid. In collecting said fees, the building official is authorized to accept personal checks as payment; however, non-payment by said checking account shall be considered as a violation of this code and is cause for suspension or revocation of permits, certificates, or reports issued or released for such personal check payment. If a permit is suspended or revoked for non-payment of a fee or for insufficient funds, an additional $25.00 shall be collected to cover administrative costs.

109.1.1 Fees Other Than Herein Prescribed. The payment of fees listed in this section shall not relieve the applicant or holder of any permit or any certificate of occupancy from the payment of other fees which shall be prescribed by law or ordinance for water taps, sewer connections, plumbing permits, mechanical permits, electrical permits, sprinkler permits, fire alarm permits, or fees for inspections or other privileges or requirements, both within and without the jurisdiction of the Division of Building and Inspection.

109.2 Schedule of Permit Fees. Fees for permits for construction shall be as established as follows:

109.2.1 Application Fee. An application fee is an administrative charge made for processing permit ap-

plications, preparing a Certificate of Floodplain Status, or conducting a Building Line Survey and shall be as listed in Table 109.3.1.

109.2.2 New Construction and Additions. The building permit fee for new construction and additions will be based on the total estimated cost of construction, and shall be charged at the rate listed in Table 109.3.1 for new construction and additions. For the purpose of determining a fee, total construction costs shall include all costs for normal site preparation including grading, excavation, and backfill; structural work; interior and exterior finishes; and plumbing, mechanical, and electrical work. The following shall be permitted to be excluded from total construction costs: the cost to install sprinkler, standpipe, and fire alarm systems; and signs.

109.2.3 Miscellaneous Structures and Site Work. The fee for a permit for, including, but not limited to, retaining walls, fences and site-work (including parking lots) shall be based on the estimated total cost of the construction at the rate listed in Table 109.3.1.

109.2.4 Alterations and Repairs. The fee for a permit for alterations or repairs to a building or structure shall be based on the estimated total cost of said alterations or repairs and shall be charged at the rate listed in Table 109.3.1.

109.2.5 Tanks, Devices, Etc. The fee for a permit for the installation of a tank, device, equipment, or other structure or facility shall be as listed in Table 109.3.1.

109.2.6 Tents, Amusement Booths. The fee for a permit for the construction, installation, or erection of a tent or amusement booth shall be as listed in Table 109.3.1. This shall include all those for private parties, picnics, carnivals, circuses, or traveling exhibitions.

109.2.7 Moving of Buildings. The fee for a permit to move a building or structure from one lot to another, or to a new location on the same lot, shall be as listed in Table 109.3.1. In the event that a building or structure is to be moved from a point within the City of Saint Louis to a point outside the City, the fee for the moving permit shall be based on the estimated total cost of restoration of the original site to a safe and satisfactory condition plus that portion of the moving cost which covers the journey to the City limits. In the event that a building or structure is to be moved from the outside of the City of Saint Louis to a point inside the City limits, the fee for the moving permit shall be based on the estimated total cost of the portion of the journey from the City limits to the site of re-erection.

109.2.7.1 New Foundations. Before any building or structure is moved to a new foundation, a separate building permit shall be obtained for the construction of said new foundation; the fee for the permit for said foundation shall be as listed in Table 109.3.1. In addition, all additional electrical, mechanical, and plumbing permits shall be obtained.

109.2.8 Explosives. The fee for a permit for the use of explosives for blasting in connection with demolition, excavation, construction, or other building operations shall be as listed in Table 109.3.1. When a blasting operation consists of a series of blasts at intervals of distance, such as blasting a trench for the installation of utilities, and the extent of the blasting operations exceeds 250 feet in length, the fee for a permit shall be charged for the first 250 feet of the operation with an additional fee for each additional 250 feet or any portion thereof. The fee for a permit for the use of explosives shall cover the issuance of the permit and shall also cover pre-blasting survey inspection and post-blasting survey inspection of all property within 250 feet of the blasting operation. In addition, a separate permit shall be required under the Fire Code for the transportation, storage, or use of explosives.

109.2.9 Addendum to Permit. Fees for addendums to issued permits shall be as follows:

1. Where an addendum includes work that will increase the construction cost of the complete project, the fee listed in Table 109.3.1 shall be calculated on the additional cost incurred by the change in scope, and shall include application, special demolition fund, and lead remediation fees.

2. Where an addendum does not include work that will increase the construction cost of the complete project, or includes work or removal of work that decreases the cost of the complete project, a minimum fee as listed in Table 109.3.1 and an application fee shall apply.

109.2.10 Special Demolition Fund. There shall be an additional fee charged on all building permits based on the total estimated cost of construction, and shall be charged at the rate listed in Table 109.3.1 for the special demolition fund.

109.2.11 Lead Remediation Fund. There shall be an additional fee charged on all building permits based

on the total estimated cost of construction, and shall be charged at the rate listed in Table 109.3.1 for the special lead remediation fund.

109.2.12 Vacant Building Registration Fee. A semi-annual registration fee of $200.00 shall be charged to the owner of any parcel of residential property improved by a residential structure, or commercial property improved by a structure containing multiple dwelling units, which is vacant and has been vacant for at least six months, and which is violation of this code.

109.2.13 Fee for Duplicate Copy. Any person requesting a copy of a building permit, occupancy permit, or certificate of inspection issued under this code, or the holder of any permit for similar purpose issued by the building official under any previous code or ordinance, can obtain a duplicate or re-issued copy of said permit for a fee of one dollar per copy. This fee is listed in Table 109.3.1.

109.2.14 Fee for Occupancy Permit. Fees for the issuance of an occupancy permit shall be as listed in Table 109.3.1. There shall be no charge for the issuance of the original occupancy permit upon completion of construction in accordance with the building permit for new buildings or buildings hereafter altered with construction costs exceeding $30,000.00.

109.2.14.1 Fee for Temporary or Partial Occupancy Permit. The fee for a partial occupancy permit shall be as listed in Table 109.3.1.

109.2.14.2 Fee for Changing the Name on an Occupancy Permit. Any person requesting a re-issuance of an occupancy permit issued under this code or under any previous code or ordinance due to a change of name can obtain a re-issued copy of said permit for a fee of twenty five dollars per copy. This fee is listed in Table 109.3.1.

109.2.15 Fee for Approving Additional Sets of Construction Documents. Any person requesting additional sets of approved construction documents issued under this code or under any previous code or ordinance shall be charged a fee of one dollar per page. This fee is listed in Table 109.3.1.

109.3 Fee Tables. The building official shall cause to be collected all fees as listed in Table 109.3.1 and elsewhere in this code.

109.3.1 Fee Schedule. Table 109.3.1 contains fees for permits for new construction and additions; miscellaneous structures; alterations and repairs to existing buildings; tanks; moving of buildings; demolition of structures; blasting for demolition or construction purposes; picnics, carnivals, and circuses or traveling exhibitions; tents; amusement park devices; addendums to permit; the special demolition and lead remediation funds; special inspections; and occupancy.

109.3.2 Building Permit Valuations. The applicant for a building permit shall provide a total estimated cost of construction for the project at the time of application. For the purpose of determining fees, total construction costs shall include all costs for normal site preparation including grading, excavation, and backfill; structural work; interior and exterior finishes; and plumbing, mechanical, and electrical work. The following shall be permitted to be excluded from total construction costs: the cost to install sprinkler, standpipe and fire alarm systems; and signs.

If, in the opinion of the building official, the valuation is underestimated on the application, the permit shall be denied, unless the applicant can show detailed construction estimates for the project to meet the approval of the building official. The building official shall be permitted to require the submittal of signed and notarized construction contracts when the total estimated cost of construction is questioned. Final building permit valuation shall be set by the building official.

Final costs shall be determined by the building official, if necessary, by multiplying the total floor area of the project in square feet by an appropriate square foot cost rate, or by using the current ICC Building Valuation Data Report for New Construction, Additions, Alterations, Repairs, or Rehabilitation.

To outside City Limits	$1.00/$100.00 of estimated cost or fraction thereof	$15.00		Estimated cost of moving building to City limits plus cost of restoring previous site to a safe condition.
From outside City Limits to within City Limits	$1.00/$100.00 of estimated cost or fraction thereof	$15.00		Estimated cost of moving building from City Limits to a new site.
Foundation for building	$6.00/$1,000.00 of estimated cost or fraction thereof	$15.00	109.2.7.1	
EXPLOSIVES PERMIT Blasting permit for trenching	$6.00/250 lineal feet or fraction thereof	$100.00	109.2.8	For construction, excavation, or other building operation.
Blasting for demolition	$100.00	$100.00	109.2.8	Includes pre- and post-blast survey per building/per blast.
ADDENDUM PERMIT Amendment which involves additional dollars in project cost.	$6.00/$1,000.00 of estimated increased cost or fraction thereof	$25.00	109.2.9	
Amendment which involves decrease or no increase in project cost.	$25.00	$25.00		
SPECIAL DEMOLITION FUND	$2.00/$1,000.00 of estimated cost or fraction thereof		109.2.10	Special fund approved by the voters.
LEAD REMEDIATION FUND	$2.00/$1,000.00 of estimated cost or fraction thereof		109.2.11	Special fund approved by Ordinance 64699.
VACANT BUILDING REGISTRATION FEE	$200.00 Semi-annually		121.1	
DUPLICATE COPY OF BUILDING PERMIT, OCCUPANCY PERMIT OR CERTIFICATE OF INSPECTION	$1.00 per copy		109.2.13	
APPLICANT REQUEST FOR OCCUPANCY PERMIT Residential	$80.00		109.2.14 109.2.14.1	Special inspection fees for occupancy permits. This fee is also applicable to partial occupancy permits.
	$20.00/each additional unit in same structure			When units are inspected on the same site inspection.
Commercial 3,500 sq. ft. or less	$80.00			
Commercial over 3,500 sq. ft.	$160.00			
RE-ISSUANCE OF OCCUPANCY PERMIT DUE TO NAME CHANGE	$25.00 per copy		109.2.14.2	

Item	Fee	Minimum Fee	Section	Remarks and Requirements
APPROVAL OF ADDITIONAL SETS OF CONSTRUCTION DOCUMENTS	$1.00 per page		109.2.15	
DEMOLITION PERMITS - Structure volume less than 10,000 cu. ft.	$10.00	$10.00	123.1.5	Based on volume of structure exclusive of basement or cellars.
10,000 cu. ft. and over	$15.00/10,000.00 cu. ft. or fraction thereof	$25.00		Demolition permits shall be issued for a period not to exceed thirty days.
DEMOLITION INSPECTION FEE				
Less than 10,000 cu. ft.	$15.00	$15.00	123.1.5	Per site
10,000 cu. ft. or over	$25.00	$25.00		Per site
Blasting for demolition	$50.00	$50.00	109.2.8	Per site
Applicant request	$25.00			Related to other occupancy and use permits requested by the applicant.
Emergency and specialty inspection	$25.00			Charge for inspection requested to be made beyond normal working hours - not to exceed $25.00 per requested inspection.

109.3.3 Sign Fee Schedule. Table 109.3.3 contains the basic building fees for signs governed by this code.

Table 109.3.3(a)

SIGN PERMIT FEES

Item	Fee	Minimum Fee	Section
GROUND SIGNS			
Up to 100 square feet	$100.00	$100.00	IBC H101.3.1
Over 100 square feet	$160.00		
ROOF SIGNS			
Up to 100 square feet	$100.00	$100.00	IBC H101.3.1
Over 100 square feet	$160.00		
WALL SIGNS			
Up to 100 square feet	$100.00	$100.00	IBC H101.3.1
Over 100 square feet	$160.00		
PROJECTING SIGNS			
Up to 100 square feet	$100.00	$100.00	IBC H101.3.1
Over 100 square feet	$160.00		
SPECIAL OR TEMPORARY DISPLAY SIGNS REQUIRING PERMITS		$100.00	IBC H101.3.1
Fees for a special sign shall be the same as the one above which it most closely resembles.			
LETTERING OR GRAPHICS ON AWNINGS AND CANOPIES	$50.00	$50.00	
Note a. When a question arises as to what type of sign is being constructed or placed, it shall be designated as that type of sign it most closely resembles as determined by the building official. (See also Chapter 29 of the Building Code and the Zoning Ordinance.)			

109.4 Work Started Surcharge Fees Schedule. In case any work for which a permit is required by this code is substantially started or proceeded with prior to obtaining said permit, the total normal fees applicable shall be increased by the amount as listed in Table 109.4. The payment of said surcharge fee shall not relieve any persons from fully complying with the requirements of this code for performance or execution of the work, nor from other penalties prescribed by law.

Table 109.4

SCHEDULE FOR SURCHARGE BUILDING PERMIT FEES

Permit fee	Surcharge fee
$0.00 TO $50.00	$30.00
$51.00 TO $200.00	$90.00
$201.00 TO $500.00	$240.00
$501.00 TO $2,000.00	$360.00
$2,001.00 TO $10,000.00	$480.00
OVER $10,000.00	$600.00

109.5 Demolition Work Started Surcharge Fees Schedule. In case any work for which a demolition permit is required by the code is substantially started or proceeded with prior to obtaining said permit, the total normal fees applicable shall be increased by the amount as listed in Table 109.5. The payment of said surcharge fee shall not relieve any persons from fully complying with the requirements of this code for performance or execution of the work, nor from other penalties prescribed by law.

Table 109.5

SCHEDULE FOR SURCHARGE DEMOLITION PERMIT FEES

Permit fee	Surcharge fee
$0.00 TO $50.00	$30.00
$51.00 TO $200.00	$90.00
$201.00 TO $500.00	$240.00
$501.00 TO $2,000.00	$360.00
$2,001.00 TO $10,000.00	$480.00
OVER $10,000.00	$600.00

109.6 Related Fees. The payment of fees for the construction, alteration, removal or demolition for work done in connection with or concurrently with the work authorized by a building permit shall not relieve the applicant or holder of the permit from the payment of other fees that are prescribed by law.

109.7 Fees Non-Refundable. The fee for a permit based upon an estimated cost that is higher than later claimed by the applicant shall not be a basis for refund. When construction does not occur, or only partially occurs, fees collected are not refundable.

109.8 Fees Waived for Disaster Related Permits. In the event of a tornado, earthquake, flood, or any other disaster of such magnitude to activate the City Emergency Management Agency, the Building Commissioner is authorized to waive all permit fees normally collected by the Division of Building and Inspection for repairs, reconstruction, demolition, plumbing, mechanical, or electrical work or any other similar permits required by this Division to correct the damage caused by such disaster. These permit fees shall be permitted to be waived for a period not to exceed six months or as otherwise determined by the Building Commissioner.

SECTION 110 INSPECTIONS

110.1 General. Construction or work for which a permit is required shall be subject to inspection by the building official and such construction or work shall remain accessible and exposed for inspection purposes until approved. Approval as a result of an inspection shall not be construed to be an approval of a violation of the provisions of this code or of other ordinances of the City of Saint Louis. Inspections presuming to give authority to violate or cancel the provisions of this code or of other ordinances shall not be valid. It shall be the duty of the permit applicant to cause the work to remain accessible and exposed for inspection purposes. Neither the building official nor the City of Saint Louis shall be liable for expenses entailed in the removal or replacement of any material required to allow inspection.

110.2 Preliminary Inspection. Before issuing a permit, the building official is authorized to examine or cause to be examined buildings, structures and sites for which an application has been filed.

110.2.1 Notice to begin work. It shall be the responsibility of the holder of a permit to notify the building official when work is ready for the various inspections required by the terms of the permit or the approved rules. Such notice shall be given within a reasonable time before the inspection is desired, but in no event shall the notice be less than the working day before. Notice given on a Friday or on a day prior to a legal holiday shall not constitute notice for inspection on a Saturday, Sunday, or holiday unless arrangements have been made under approved rules for overtime inspection on such days. Before giving such notice the holder of the permit shall first test the work and satisfy themselves that it conforms to the approved construction documents and the requirements of this code.

110.3 Required Inspections. The building official, upon notification, shall make the inspections set forth in Sections 110.3.1 through 110.3.10. No work shall be done on any part of the building or structure beyond

the point indicated in each successive inspection without first obtaining the approval of the building official or authorized representative. Approval shall be given only after an inspection has been requested and made of each successive step in the construction phase and all code requirements or corrections are completed as indicated by each of the inspections required. A final inspection and approval of all buildings shall be completed before occupancy as described in Section 111. Failure to obtain a final inspection before occupancy will constitute a violation of the building code subject to the penalties as set forth in Section 25.01.030. Reinforcing steel or structural framework of any part of a building or structure shall not be covered or concealed in any manner without first obtaining the approval of the building official. The building official, upon notification from a permit holder or agent, in accordance with the rules of procedure listed on the permit and posted in the office of the building official, shall make the following inspections and shall either approve that section or portion of the construction as completed or shall notify the permit holder or agent that they have failed to comply with the law.

110.3.1 Footing or Foundation Inspection. Footing and foundation inspections shall be made after excavation for footings are complete and any required reinforcing steel is in place. For concrete foundations, any required forms shall be in place prior to inspection. Materials for the foundation shall be on the job, except where concrete is ready mixed in accordance with ASTM C 94, the concrete need not be on the job. The owner is solely responsible for the correct location of the foundation on the site.

110.3.1.1 Soil Inspection. A soil inspection shall be made after excavation for the building or structure is complete and trenches for footings, column pads, spread footings, or other types of footings are ready for concrete. No concrete shall be poured prior to this inspection.

110.3.1.2 Pier Inspection. Where special foundations such as drilled and poured-in-place concrete piers, driven piles of all types, caissons, and other extraordinary types are required, the building official shall make at least one inspection or more if the size of the job warrants it.

110.3.2 Concrete Slab or Under-Floor Inspection. Concrete slab and under-floor inspections shall be made after in-slab or under-floor reinforcing steel and building service equipment, conduit, piping accessories, and other ancillary equipment items are in place, but before any concrete is placed or floor sheathing installed, including the subfloor.

110.3.3 Lowest Floor Elevation. In flood hazard areas, upon placement of the lowest floor, including basement, and prior to further vertical construction, the elevation certificate required in Section 1612.5 of the Building Code shall be submitted to the building official.

110.3.4 Frame Inspection. Framing inspections shall be made after the roof deck or sheathing, all framing, fire blocking, and bracing are in place and pipes, chimneys, and vents to be concealed are complete and the rough electrical, plumbing, heating wires, pipes, and ducts are approved.

110.3.5 Lath, Gypsum Board, and Gypsum Panel Product Inspection. Lath, gypsum board, and gypsum panel product inspections shall be made after lathing, gypsum board, and gypsum panel products, interior and exterior, are in place, but before any plastering is applied or gypsum board or gypsum panel product joints and fasteners are taped and finished.

Exception: Gypsum board and gypsum panel products that are not part of a fire-resistance-rated assembly or a shear assembly.

110.3.5.1 Covering Work. It shall be a violation of this code to cover prior to inspection any work required to be inspected under the provisions of a permit, the approved rules, or this code, regardless of any penalties for such violation. The building official shall be permitted to require the holder of the permit to uncover any such work for inspection, and the cost of uncovering such work and of replacing the cover after the work has been satisfactorily inspected, shall be borne by the holder of the permit.

110.3.6 Fire- and Smoke-Resistant Penetrations. Protection of joints and penetrations in fire-resistance-rated assemblies, smoke barriers, and smoke partitions shall not be concealed from view until inspected and approved.

110.3.7 Energy Efficiency Inspections. Inspections shall be made to determine compliance with Chapter 13 of the Building Code or Chapter 11 of the Residential Code for One- and Two-family Dwellings, as applicable, and shall include, but not be limited to, inspections for: envelope insulation R and U value, fenestration U value, duct system R value, and HVAC and water heating equipment efficiency.

110.3.8 Other Inspections. In addition to the inspections specified above, the building official is authorized to make or require other inspections of any construction work to ascertain compliance with the provisions of this code and other laws that are enforced by the Division of Building and Inspection.

110.3.8.1 Plant Inspection. Where required by the provisions of this code or by the approved rules, materials or assemblies shall be inspected at the point of manufacture or fabrication.

110.3.8.2 Evaluation and Follow-up Services. Prior to the approval of a closed prefabricated assembly and issuance of a building permit, the building official shall require the submittal of an evaluation report of each prefabricated assembly indicating the complete details of the assembly including a description of the assembly and its components, the basis upon which the assembly is being evaluated, test results and similar information, and other data as necessary for the building official to determine conformance with this code. Acceptable reports shall be permitted to come from the State of Missouri Public Service Commission or ICC Evaluation Services.

110.3.8.2.1 Evaluation Service. The building official shall designate the evaluation service of an approved agency as the evaluation agency, and review such agency's evaluation report for adequacy and conformance to this code.

110.3.8.2.2 Follow-up Inspection. Except where all assemblies and subassemblies, service equipment, and accessories are readily accessible for complete inspection at the site without disassembly or dismantling, the building official shall conduct the frequency of in-plant inspections as necessary to reasonably ensure conformance to the approved evaluation report or shall designate an approved independent inspection agency to conduct such inspections. The inspection agency shall furnish the building official with the follow-up inspection manual and a written report of inspections upon request, and the product shall have an identifying label permanently affixed to the product indicating that factory inspections have been performed.

110.3.8.2.3 Test and Inspection Records. All required tests and inspection records shall be accessible to the building official or quality assurance agency at all times during the fabrication of the unit or subassembly and the erection of the building; or such records as the building official designates shall be filed with the building official.

110.3.8.2.4 Inspection Reports. All inspection reports shall be in writing and shall be certified by the licensed authority or responsible officer of the service, or by the individual when expert inspection services are accepted. An identifying label or stamp permanently fixed to the product indicating that factory inspection has been made shall be accepted in lieu of the aforesaid inspection report in writing if the intent or meaning of such identifying label or stamp is properly substantiated.

110.3.9 Special Inspections. For special inspections, see Section 1704 of the Building Code.

110.3.10 Final Inspection. The final inspection shall be made after all work required by the building permit is completed.

Upon completion of the building or structure, and before issuance of the occupancy permit as required in Section 111, a final inspection shall be made. All violations of the approved construction documents and permit shall be noted and the holder of the permit shall be notified of the discrepancies. The building official shall be permitted to issue a partial occupancy permit for a specific period of time. Failure to comply with the conditions shall cause revocation of the permit.

110.3.11 Blast Survey Inspections. When a permit is issued for the use of explosives, the building official shall cause to be conducted two survey inspections of all buildings within 250 feet of the blasting, and a third inspection to be made after the blasting. These inspections shall indicate any settlement, cracks or other deterioration; additional or supplemental detailed survey work shall be permitted to be required by the building official. Such inspections or survey work, as required by the building official, must be conducted by a private individual or individuals technically competent to do such work and acceptable to the building official. Such private surveys shall be conducted at the expense of the permit applicant. The additional or supplemental survey work shall be permitted to be accepted by the building official in lieu of the pre-blast or post-blast survey if the survey(s) has included all areas within 250 feet of the blasting site and contains the details required herein.

110.4 Approved Inspection Agencies. The building official is authorized to accept reports of approved inspection agencies, provided such agencies satisfy the requirements as to qualifications and reliability.

110.5 Inspection Requests. It shall be the duty of the holder of the building permit or their duly autho-

rized agent to notify the building official when work is ready for inspection. It shall be the duty of the permit holder to provide access to and means for inspection of such work for any inspections that are required by this code.

110.5.1 Action on Notice. Upon receipt of notice that work is ready for inspection, the building official shall inspect, or cause to be inspected, the work as soon as reasonably practicable. However, failure of the building official to make a prompt inspection shall not be deemed justification for covering work without inspection when such work is required under the terms of the permit to be inspected before being covered.

110.6 Approval Required. Work shall not be done beyond the point indicated in each successive inspection without first obtaining the approval of the building official. The building official, upon notification, shall make the requested inspections and shall either indicate the portion of the construction that is satisfactory as completed, or shall notify the permit holder or an agent of the permit holder wherein the same fails to comply with this code. Any portions that do not comply shall be corrected and such portion shall not be covered or concealed until authorized by the building official.

110.7 Periodic Inspections. The building official shall, if deemed necessary, make or cause to be made such periodic inspections of buildings, structures, devices, appurtenances, and uses as are required by and in the intervals prescribed by Table 110.7. In order to provide a uniform workload throughout the year, the building official shall be permitted to alter the intervals between periodic inspections as required to meet staffing levels.

Table 110.7

PERIODIC INSPECTION OF STRUCTURES, DEVICES, AND USES

Item	Period between inspections
Cornices, entablatures, belt courses, trim, and similar decorative features; maintenance repair and safe condition thereof (for such items projecting from the face of buildings). See note a.	3 years
Exterior cantilevered balconies, stairways, and fire escapes. See note b.	3 years
Other annual permits, certificates, and clearances through Board of Public Service action such as day care centers, nursing homes, homes for the aged, hospitals. See note c.	1 year
Permanent amusement devices	1 year
Auto lifts	1 year
Note a. Applies to all buildings over five stories or 60 feet in height. Owners to submit report bearing the seal, signature, and date of a Missouri licensed professional engineer or architect to the building official every three years describing the condition and safety of cornices, entablatures, belt courses, etc. The building official shall waive inspection if feature does not encroach over a City of Saint Louis sidewalk, street, or alley.	
Note b. Owners shall submit a report bearing the seal, signature, and date of a Missouri licensed Professional Engineer or Architect to the building official every three years describing the condition and safety of exterior cantilevered balconies, stairways, and fire escapes.	
Note c. Applies to all other inspections of buildings or uses not otherwise provided for in this code or any City ordinance which are made annually per the Board of Public Service Permit, and which are assigned by BPS to the Building Division for permit verification, certification, re-certification, or clearances.	

110.7.1 Professional Inspection. The building official shall require owners to supply inspection reports by Missouri licensed design professionals for any building, structure, appurtenance, or device when, in the building official's opinion, it is necessary to insure proper public safety, health, and welfare.

110.8 Authority to Enter. The building official shall have the authority to enter at any reasonable hour any building, structure or premises in the City of Saint Louis for which a permit has been issued but has not received a certificate of occupancy in accordance with Section R110 to enforce the provisions of this code or any other code or ordinance of the City of Saint Louis. No person shall accompany a building official onto a premises in the performance of their duty unless otherwise invited onto said premises by the owner or the owner's representative.

For all other structures or premises, when the building official has reasonable cause to believe that a code violation exists, the building official is authorized to enter the building, structure, or premises at reasonable times to inspect subject to constitutional restrictions on

unreasonable searches and seizures. If entry is refused or not obtained, the building official is authorized to pursue recourse as provided by law.

110.9 Jurisdictional Cooperation. The assistance and cooperation of the Police, Fire, Streets, Parks, and Health Departments; City Counselor's Office; and all other City officials shall be available as required in the performance of the duties of the building official.

110.10 Parking. Division of Building and Inspection employees and other City employees in jurisdictional cooperation, when on official duty, shall be allowed to park without payment of fees at any parking meter or contrary to posted no parking zones. In no event will parking be allowed in front of fire plugs, mail boxes, bus stops, or wheelchair ramps or within disabled parking spaces unless vehicle displays a permanent Missouri placard or license plate for the disabled.

110.10.1 Placards. Each authorized individual shall display one placard approved by the building official in either the front or rear window of private or City vehicles to indicate that the individual is on official City business and is exempt from parking fees, citations, and parking tickets in accordance with Section 110.10 during normal working hours. The Building Commissioner shall not issue such placards to any person not on the Division of Building and Inspection payroll. The Building Commissioner shall have the authority to request cancellation of parking tickets issued contrary to this chapter.

SECTION 111 CERTIFICATE OF OCCUPANCY

111.1 Use and Occupancy. No building, structure, or premises shall be used or occupied and no change in the existing occupancy classification of a building, structure, premises, or portion thereof shall be made until the building official has issued an occupancy permit as provided herein. Issuance of an occupancy permit shall not be construed as an approval of a violation of the provisions of this code or of other ordinances of the jurisdiction. Failure to have an occupancy permit approved and issued by the building official is a violation and both the occupant and owner shall be subject to a penalty as set forth in Section 25.01.030. Each day that a violation continues shall constitute a separate offense.

111.1.1 Posting Notice. It shall be the duty of the building official to post a notice on any building, structure or portion thereof when it is found that an occupancy permit is required before any occupancy shall be permitted to occur. This notice shall remain in plain sight and removal of same shall constitute a separate offense and shall be subject to a penalty as set forth in Section 25.01.030.

111.2 Partial Occupancy Permits. Upon the request of an owner or an owner's representative, a partial occupancy permit shall be permitted to be issued for a building, structure, or premises, provided that no conditions exist which endanger public life, safety, or welfare. Partial occupancy permits shall be permitted to be subject to conditions.

111.2.1 Accessible Type A Dwelling Units When Granting Partial Occupancy Permit. Before a partial occupancy can be approved, an accessible Type A unit must be completed in for sale multifamily residential buildings where 50% of the units are built out. This must be an accessible Type A dwelling that was designated on the approved building permit construction drawings or on an addendum. The unit must comply with ICC A117.1-2009 Chapter 10: Dwelling Units, Section 1003, Type A units.

If the accessible Type A dwelling unit on the original building permit construction drawings is not built out in the location shown, the architect of record shall submit revised construction drawings indicating the location of the new accessible Type A dwelling units within the building as an addendum to the original building permit application.

111.3 Certificate of Substantial Completion. Upon the request of the design professional of record, the building official shall be permitted to issue a Certificate of Substantial Completion for a building, structure, or premises before the entire work covered by the building permit has been completed provided there are no conditions existing which would endanger public safety, health, or welfare. Certificates of Substantial Completion shall be permitted to be subject to conditions. The owner can occupy or utilize the work or designated portion thereof for the use for which it is intended provided a partial occupancy permit has been applied for and issued by the building official.

111.4 Contents of the Occupancy Permit. When a building, structure, or premises is entitled thereto, the building official shall issue an occupancy permit within a reasonable period of time. The occupancy permit shall certify compliance with the provisions of this code and the purpose for which the building, structure, or premises will be used. The occupancy permit shall specify the use group in accordance with the provisions of Chapter 3 of the Building Code, the type of construc-

tion as defined in Chapter 6 of the Building Code, and any special stipulations and conditions of the building permit. Any building, structure, or premises for which an occupancy permit has been issued shall be permitted to be reinspected to confirm compliance with this code and the Zoning Ordinance.

111.5 By Whom Application Is Made. An application for an occupancy permit shall be made by the owner of record of the building, structure, or premises. If an occupancy permit application is made by any person other than the owner of record, a notarized letter or some other proof must be presented granting permission from the owner of record to the applicant to apply for the occupancy permit for the stated use. The full names, addresses, and telephone numbers of the owner, lessor, and applicant shall be stated. If the building is owned by a corporation, said notarized permission letter or other proof shall be signed by an officer or registered agent of that corporation. If the applicant for the occupancy permit is a corporation, an officer, registered agent, or other responsible person of that corporation shall sign the application stating their position with said corporation.

111.6 Posting of Occupancy Permit; Responsibilities. It shall be the duty or responsibility of the operator of every business to display a copy of a legally issued occupancy permit pertaining to the actual business in effect on the premises. It shall be the duty of the Saint Louis Police Department to enforce the provisions of this section. When the building official is informed of or suspects any violation of this code, it shall be the duty of the holder of an occupancy permit to allow the building official to inspect the building, structure, premises, or any portion thereof. Violation of this section shall result in revocation of said occupancy permit and shall be subject to penalties as set forth in Section 25.01.030.

111.7 Occupancy Permit Application Abandonment. Occupancy permit applications shall be abandoned 60 days after initial application if, in the opinion of the building official, the occupancy permit has not been diligently pursued.

Exception: Those buildings acquired from Land Reutilization Authority, in which case said occupancy permit applications shall be abandoned 180 days after initial application was filed.

111.8 Revocation. The building official is authorized to, in writing, suspend or revoke an occupancy permit or certificate of substantial completion issued under the provisions of this code whenever the permit is issued in error, on the basis of incorrect information supplied, or where it is determined that the building or structure or portion thereof is in violation of any ordinance or regulation or any of the provisions of this code.

SECTION 112 SERVICE UTILITIES

112.1 Connection of Service Utilities. No person shall make connections from a utility, source of energy, fuel, or power to any building or system that is regulated by this code for which a permit is required until released by the building official.

112.2 Temporary Connection. The building official shall have the authority to authorize and approve the temporary connection of the building or system to the utility, source of energy, fuel, or power.

112.3 Authority to Disconnect Service Utilities. The building official shall have the authority to authorize disconnection of utility service to the building, structure, or system regulated by this code and the referenced codes and standards set forth in Section 102.4 in case of emergency where necessary to eliminate an immediate hazard to life or property or when such utility connection has been made without the approval required by Section 112.1 or 112.2. The building official shall notify the serving utility and, wherever possible, the owner and occupant of the building, structure, or service system of the decision to disconnect prior to taking such action. If not notified prior to disconnection, the owner or occupant of the building, structure, or service system shall be notified in writing as soon as practical thereafter.

SECTION 113 BOARD OF BUILDING APPEALS

113.1 Creation, Members, and Qualifications. There is hereby established a Board of Building Appeals consisting of seven members appointed by the Mayor, all of whom shall be residents of the City of Saint Louis; at least one of whom shall be a person engaged in the real estate business, one a Missouri licensed professional engineer, one a Missouri licensed architect, one a building contractor or subcontractor, one a person affiliated with the building and construction trades council, and two shall be citizens-at-large. There shall be four alternates who shall be permitted to be called when it is expected there will not be a quorum present. The alternates shall have all powers, protection, and stipends as the regular Board members in accordance with Civil

Service provisions. The alternates shall be appointed by the Mayor for four year terms. One alternate shall be a Missouri licensed professional engineer or Missouri licensed architect; the other alternates shall be citizens-at-large. Alternates shall not make up the majority of the Board at any hearing.

113.1.1 Term of Office. New members shall possess the same qualifications as the persons in whose place they are appointed. This is an existing board and no current appointments shall be affected by this chapter. All subsequent appointments shall be for a term of four years and shall expire on an anniversary of the date of the original term, except appointments to fill vacancies which shall be for the unexpired term. Members whose appointed terms have expired shall be permitted to continue to serve until reappointed or replaced by a new appointee.

113.1.2 Procedures. The Board shall elect one of its members as Chairman who shall serve as such during the remainder of the calendar year and until a successor is elected. The Board shall from time to time adopt rules and regulations as shall be reasonably necessary to govern its procedure and to carry into effect the provisions of this code. These rules and regulations shall be available for review at the office of the Secretary to the Board during normal working hours. It shall be unlawful for any appellant or appellant's representative to contact any member of the Board on any matter that is pending or scheduled to be heard by the Board. If a Board member is contacted by an appellant on a matter pending before the Board other than during a Board hearing, that Board member must abstain from hearing or voting on the matter, as all testimony must be heard "sworn on the record."

113.1.3 Compensation. The Board of Building Appeals members shall be compensated for services rendered on a per meeting basis as established by ordinance and subject to budgeted funds availability.

113.2 Meetings; Witnesses; Minutes to Be Kept. Meetings of the Board shall be held at the call of the Chairman and at such other times as the Board by its rules shall be permitted to provide. The Chairman, or in the Chairman's absence, the Acting Chairman shall administer oaths. The Board shall act by a majority vote and a quorum shall consist of at least four members. The Board shall keep minutes of its proceedings showing the vote of each member on each question, or if absent or failing to vote, indicating such fact, and shall keep records of its examinations of witnesses and other official acts. Transcripts of hearings shall be permitted to be kept in the custody of the court reporter and need not be transcribed unless requested. The party requesting the transcripts shall pay all costs of such transcripts required including a file copy for the Board, one for the Building Division, and one for the Board's legal staff.

113.3 Types of Appeals. Any person, firm, or corporation aggrieved by a decision of the building official, fire official, or any other board, commission, or other officer exercising their powers under this code or any other code or ordinance assigned to the Division of Building and Inspection shall be permitted to file an appeal when the appellant alleges:

1. That there is an error in an order, requirement, decision, or interpretation of the building official, fire official, or of any other board, commission, or other officer in the enforcement of this code;

2. That the mode, method, or manner to be followed in the erection or alteration of any building or structure in any specific case before the Board is equal to or superior to the mode, method, or manner required by the provisions of this code;

3. That the material to be used in this specific case is equal to or superior to the materials required by the provisions of this code;

4. That any other board or commission exercising powers under this code or any other code or ordinance assigned to the Division of Building and Inspection wrongfully interpreted the provisions of the code or refused to grant a license, certificate, or permit under the provisions of such code.

Exception: The Board of Building Appeals has no jurisdiction or authority to hear and decide appeals on matters covered under the Americans With Disabilities Act, the Zoning Ordinance, and Cultural Resources Ordinance.

However, an application for occupancy, alteration, or repair of an existing building or structure which involves a change of occupancy or change of use group whereupon accessibility requirements apply, the building official's determination of change of occupancy or use group shall be allowed to be appealed to the Board of Building Appeals.

113.3.1 Criteria for Issuance of a Variance for Flood Hazard Areas. A variance shall only be issued upon:

1. A showing of good and sufficient cause that the unique characteristics of the size, configuration, or topography of the site render the elevation standards inappropriate.

2. A determination that failure to grant the variance would result in exceptional hardship by rendering the lot undevelopable.

3. A determination that the granting of a variance will not result in increased flood heights, additional threats to public safety, or extraordinary public expense or create nuisances, cause fraud on or victimization of the public, or conflict with existing local laws or ordinances.

4. A determination that the variance is the minimum necessary to afford relief considering the flood hazard.

5. Submission to the applicant of written notice specifying the difference between the design flood elevation and the elevation to which the building is to be built, stating that the cost of flood insurance will be commensurate with the increased risk resulting from the reduced floor elevation, and stating that construction below the design flood elevation increases risks to life and property.

113.4 Filing Date. Unless otherwise specified in other sections of this code, appeals shall be filed within 30 calendar days after the decision of the building official, fire official, or any other board, commission, or other officer exercising their powers under this code or any other code or ordinance assigned to the Division of Building and Inspection is rendered; however, no such appeal shall be taken from any order or ruling wherein responsibility lies with the Board of Adjustment as established by the Zoning Ordinance or with any other board as established by the Revised Code of the City of Saint Louis.

Exception: Condemnation appeals shall be filed within ten calendar days of the date on the Notice of Condemnation as described in Section 119.8.

113.5 Manner and Fee for Filing Appeals. Appeals shall be taken by filing with the Secretary to the Board a notice of appeal on such forms as prescribed by the Board of Building Appeals specifying the grounds thereof, and the Secretary shall immediately transmit to the Board such notice and all papers constituting the record upon which the action appealed from is taken. The notice of appeal shall be accompanied by a fee of $150.00.

113.5.1 Waiver of Appeal Fees. In the event the Secretary to the Board receives a written claim of indigence and a request for a fee waiver, the request shall be referred to the City Counselor's Office for approval or denial and that decision shall be final. A copy of that decision shall be kept on file.

113.5.2 Multiple Appeals. In the event that more than one building, structure, or premises owned by the same person, firm, or corporation has been cited for exactly the same violation and the owner has filed an appeal with the Board disputing the same citation, the appellant shall be permitted to file one appeal covering all said buildings, structures, or premises and be charged one appeal fee. The decision rendered by the Board shall apply to all buildings, structures, or premises involved in the appeal.

113.5.3 Board Hearings; Notification. After an appeal has been filed, the Secretary to the Board shall place the appeal on a Board hearing agenda and the appellant shall be notified in writing by certified mail prescribing the time, date, and location of the hearing not less than seven days prior to said hearing. Such hearing shall be held within a reasonable time after the filing of the notice of appeal, depending on the scheduling of other appeals.

113.6 Appeals to Stay Proceedings; Exceptions. Appeals shall stay all proceedings in furtherance of the action appealed from unless the building official or fire official certifies to the Board of Building Appeals after the notice of appeal has been filed that, by reason of the facts stated in the certificate, a stay would cause imminent peril to life or property. Proceedings shall not otherwise be stayed except by restraining order.

113.7 Jurisdiction of the Board. The Board of Building Appeals is hereby empowered to hear and decide appeals in all matters described in Section 113.3.

113.7.1 Board Decisions; Notification. The Board shall enter its order and decision after hearing, affirming, modifying, or reversing the order, requirement, interpretation, ruling, or decision of the building official in whole or in part. The Board shall be permitted to require conditions or restrictions as necessary to assure that the activity complies with the intent of this code or as the Board deems appropriate. If the appellant fails to appear at the prescribed time and location of the hearing and it has been determined that notice of the hearing was received, the appeal shall be dismissed and the original order, requirement, interpretation, ruling, or decision of the building official shall be affirmed. A final decision, when used in this section, shall mean a decision rendered by the Board of Building Appeals. The Board shall, upon rendering its final decision,

notify the appellant of its order and final decision by mail. The appellant shall be deemed to have received the final decision three days after the final decision has been deposited in the United States mail with proper postage. The Board shall forward its order and decision to the building official, fire official, or any other board, commission, or officer exercising their powers under this code in writing and place a copy of the decision in its files. There shall be no rehearing or reopening of that file by the Board except where the Board has required conditions or restrictions and it is to be determined whether the conditions or restrictions have been met. No information concerning any decision reached by the Board shall be made public except to the appellant until that decision has been signed and the appellant has first been formally notified.

113.7.2 Generic Decisions. In the event that the Building Commissioner finds that a specific decision of the Board of Building Appeals would be helpful in the continued administration of this code if it were made to be generically applicable, the Building Commissioner shall be permitted to petition the Board in writing requesting that the decision of a specific case be made generically applicable, in part or in whole, without the need for individual appeals and shall become a part of the policy of the Division of Building and Inspection. This request must be made within 180 calendar days of the rendering of the decision. The Board shall only affirm or deny such petition.

113.7.3 Conditional Decisions; Method of Rehearing. When the Board of Building Appeals enters a conditional decision modifying or reversing an order of the building official and grants additional time to correct the violation(s), the Board shall grant no more than 90 days. Additional time shall be permitted to be granted if, in the opinion of the building official, sufficient progress is being made to correct the violation(s). In the event insufficient progress is being made to correct the violation(s) in the allotted time, the case shall be referred back to the Board of Building Appeals to show cause why the conditions set by the Board have not been met and why the building official's original order or decision should not be affirmed. In the event of such referral back to the Board, notification to the appellant prescribing the date, time, and location of said hearing shall be the same as that described in Section 113.5.3.

113.8 Appeals from Decisions of the Board. Any person(s) jointly or severally aggrieved by the decision of the Board of Building Appeals shall be entitled to a judicial review of the decision rendered by the Board of Building Appeals as provided in the Administrative Procedure and Review Act of the State of Missouri, being RSMo 536.100 to 536.140.

113.9 Hearing officer. The Board of Building Appeals shall have the right to appoint a hearing officer to hear and render a decision on any appeal filed with the Board of Building Appeals.

113.9.1 Qualification. The hearing officer shall be an attorney and on an approved list of attorneys who have administrative law experience. The Director of Public Safety shall compile and maintain said list.

113.9.2 Rights and Duties. The hearing officer shall have such rights, responsibilities, and duties as the Board of Building Appeals and the appellants shall have the same rights as an appellant appearing before the Board of Building Appeals, including the right to appeal pursuant to Missouri's Administrative Procedure and Review Act.

SECTION 114 VIOLATIONS

114.1 Unlawful Acts. It shall be unlawful for any person, firm, or corporation to grade for, excavate for, erect, construct, alter, extend, repair, move, remove, demolish, or occupy any building, structure, premises, or equipment regulated by this code or cause same to be done in conflict with or in violation of the provisions of this code or any decision or order of the Board of Building Appeals.

114.2 Notice of Violation. The building official is authorized to serve a notice of violation or order on the owner as shown in the records of the City of Saint Louis Assessor's Office or on the person responsible for the grading, excavating, erection, construction, alteration, extension, repair, moving, removal, demolition, or occupancy of a building, structure, or premises in violation of the provisions of this code, or in violation of a detail statement or construction documents approved hereunder, or in violation of a permit or certificate issued under the provisions of this code. Such order shall direct the discontinuance of the illegal action or condition and the abatement of the violation. Such notice shall be permitted to be served by the United States mail. Posting of the premises shall also constitute notice. It shall be a violation of this code for any person to remove any such notice lawfully posted pursuant to this code unless otherwise ordered by the building official.

114.2.1 Investigation of Records. Upon the receipt of a written request from the owner of the property, or

the real estate agent for the property, or the attorney, architect, or engineer representing the owner of the property, the Permit Section Supervisor shall ask the various Building Division sections for copies of any existing violation letters concerning the property. If the request is not on the owner's letterhead, a notarized authorization from the owner must be submitted.

The response letter written by the permit section supervisor shall list any known violations and must contain the following statement: "This letter does not certify that there are no actual existing violations of the ordinances for which the Division of Building and Inspection is responsible. To determine if there are any violations of any ordinances, an application for an occupancy permit must be filed in accordance with Section 111.5 and the subsequent inspections completed. This letter does certify there are no existing letters of violation on record other than those attached herein. There will be a $25.00 fee charged for this service. Five working days will be allowed to respond to this request."

114.3 Prosecution of Violation. If the notice of violation is not complied within the time prescribed by such notice, the building official is authorized to request the legal counsel of the City of Saint Louis to institute the appropriate proceeding at law or in equity to restrain, correct, or abate such violation or to require the removal or termination of the unlawful occupancy of the building, structure, or premises in violation of the provisions of this code or of the order or direction made pursuant thereto.

114.4 Violation Penalties. Any person who violates a provision of this code or fails to comply with any of the requirements thereof or who erects, constructs, alters, or repairs a building or structure in violation of the approved construction documents or directive of the building official or of a permit or certificate issued under the provisions of this code shall be subject to penalties as prescribed by law.

114.5 Abatement of Violation. The imposition of penalties as set forth in Section 25.01.030 shall not preclude the legal officer of the City of Saint Louis from instituting appropriate action to prevent unlawful construction; to restrain, correct, or abate a violation; to prevent illegal occupancy of a building, structure, or premises; or to stop an illegal act, business, or use.

SECTION 115 STOP WORK ORDER

115.1 Authority. Whenever the building official finds any work regulated by this code being performed in a manner contrary to the provisions of this code or in a dangerous or unsafe manner, the building official is authorized to issue a stop work order.

115.2 Issuance. The work order shall be in writing and shall be given to the owner of the property involved, or to the owner's agent, or to the person doing the work. Upon issuance of a stop work order, the cited work shall immediately cease. The stop work order shall state the reason for the order and the conditions under which the cited work will be permitted to resume.

115.3 Emergencies. When an emergency exists, the fire official shall not be required to give a written notice prior to stopping the work.

115.4 Unlawful Continuance. Any person who shall continue any work in or about the building, structure, or premises after having been served with a stop work order, except such work as they are directed to perform to remove a violation or unsafe condition, shall, upon conviction thereof, be subject to the penalties as set forth in Section 25.01.030. Each day that a violation continues shall constitute a separate and distinct offense.

SECTION 116 UNSAFE BUILDINGS, STRUCTURES, AND EQUIPMENT

116.1 Conditions. Buildings, structures, or equipment that are or hereafter become unsafe, unsanitary, or deficient because of inadequate means of egress, facilities, or light and ventilation; which constitute a fire hazard; are otherwise dangerous to human life or the public welfare; or which involve illegal or improper occupancy or inadequate maintenance shall be deemed unsafe. Unsafe buildings or structures shall be taken down and removed or made safe as the building official deems necessary and as provided for in this section. A vacant structure that is not secured against entry shall be deemed unsafe.

116.2 Record. The building official shall cause a report to be filed on an unsafe condition. The report shall state the occupancy of the structure and the nature of the unsafe condition.

116.3 Notice. If an unsafe condition is found, the building official shall serve on the owner, agent, or person in control of the building or structure a written notice that describes the condition deemed unsafe and specifies the required repairs or improvements to be made to abate the unsafe condition, or that requires the unsafe structure to be demolished within a stipulated

time. Such notice shall require the person thus notified to declare immediately to the building official acceptance or rejection of the terms of the order.

116.4 Method of Service. Such notice shall be deemed properly served if a copy thereof is (a) delivered to the owner personally; (b) sent by certified or registered mail addressed to the owner at the last known address with the return receipt requested; or (c) delivered in any other manner as prescribed by local law. If the certified or registered letter is returned showing that the letter was not delivered, a copy thereof shall be posted in a conspicuous place in or about the structure affected by such notice. Service of such notice in the foregoing manner upon the owner's agent or upon the person responsible for the structure shall constitute service of notice upon the owner.

116.5 Restoration. Where the building, structure, or equipment determined to be unsafe by the building official is restored to a safe condition to the extent that repairs, alterations, or additions are made or a change of occupancy occurs during the restoration of the structure, such repairs, alterations, additions, or change of occupancy shall comply with the requirements of Section 105.2.2 and the Existing Building Code.

SECTION 117 PROFESSIONAL ARCHITECTURAL AND ENGINEERING SERVICES

117.1 Responsibilities. The provisions of this section shall define the construction controls required for buildings involving professional architectural or engineering services and delineate the responsibilities of such professional services during construction.

117.1.1 Design. All design for new construction, alteration, repair, expansion, addition, or modification work involving the practice of professional architecture or engineering as defined by the statutory requirements of the professional licensing laws of the State of Missouri shall be prepared by licensed design professionals certified by the Missouri Board for Architects, Professional Engineers, Professional Land Surveyors and Professional Landscape Architects. All construction documents required for a building permit application for such work shall be prepared by or under the direct supervision of a Missouri licensed design professional and bear their seal, signature, and date in accordance with the state's statutes and regulations governing the professional licensing and certification of architects, professional engineers, professional land surveyors, and professional landscape architects.

117.1.2 Review. The Missouri licensed design professional whose seal is on the approved construction documents shall be responsible for review of shop drawings and samples as required by the approved construction documents and for approval for conformance to the design concept and this code. This review process shall be permitted to be contracted by the owner to another Missouri licensed design professional should the original design professional not desire to provide such services.

117.1.3 Application of Seal, Signature, and Date. All construction documents submitted with an application for a building permit shall comply with Section 107.1.1.

117.1.4 Reproduction of Sealed Documents. Construction documents sealed by a Missouri licensed design professional shall not be reproduced for anyone, other than the owner, without the expressed written permission of Missouri licensed design professional who sealed said documents, or as ordered by a court of law.

117.2 Special Professional Services. When applications are filed for unusual designs or magnitude of construction which require construction document review or inspection services beyond the capacity of the building official's staff or where referenced standards require special architect or engineer inspections, the building official shall be permitted to require the owner to retain a properly qualified Missouri licensed design professional to perform the services necessary for code compliance in addition to that provided in Section 117.1.2. This project representative shall keep daily records and submit reports as required by the building official. Upon completion of the work, the Missouri licensed design professional shall file a final report indicating whether or not all required inspections were performed and listing pertinent deviations from the building code requirements or from the approved construction documents and the source of authority for such deviations.

117.2.1 Building Permit Requirement. The necessity for special professional services shall be determined prior to issuance of the building permit unless waived to a later date by the building official. Refusal by the applicant to provide such services as required by the building official shall result in the denial of the permit.

117.2.2 Fees and Costs. All fees and costs related to the performance of special inspection services shall be borne by the owner.

117.2.3 Visits to Site. When so directed by the building official or when required by the special inspection provisions of this code, the Missouri licensed design professional shall make visits to the site at intervals appropriate to the stage of the construction to observe the progress and quality of the work; to observe construction components requiring controlled materials or construction as specified in Chapter 44, Referenced Standards; and to determine if the work is proceeding in accordance with the construction documents approved for the building permit. The Missouri licensed design professional shall periodically submit reports to the building official showing the results of such periodic visits.

SECTION 118 WORKMANSHIP

118.1 General. All work shall be conducted, installed and completed in a neat, workmanlike and acceptable manner so as to secure the results intended by this code.

SECTION 119 CONDEMNATIONS

119.1 Notification. If upon making an inspection and examination of any occupied or unoccupied building, structure, or premises, the building official finds one or more of the defects described below, the building official shall notify in writing, as provided in Section 119.2, the owner(s) of said building, structure, or premises as recorded most recently in the City of Saint Louis Assessor's Office of the defects found in said building, structure, or premises and shall order them to proceed to properly demolish, repair and secure, or correct all conditions causing condemnation of said building, structure, or premises within seven days. This document is to be known as a Notice of Condemnation. If the conditions have not been corrected by the date listed in the notice, the building, structure, premises, or portion thereof or appurtenance thereto will be condemned and shall be required to be vacated, if occupied, and secured. Possible defects shall be permitted to be one or more of the following:

1. The building or structure is in a condition which endangers either the lives or safety of persons, whether occupants or otherwise, or other property;

2. The condition of the building or structure by reason of the making of an excavation on the lot on which it is located, or any adjoining lot, endangers either the lives or safety of persons, whether occupants or otherwise, or other property;

3. The building, structure or premises is a fire hazard for any reason, including, without limitation: obsolescence; dilapidation; deterioration; damage; lack of sufficient fire-resisting qualities; poor sanitation; or faulty electrical wiring, gas connections, or heating apparatus;

4. The building or structure lacks safe or adequate facilities for means of egress in case of fire or panic;

5. The building or structure has any one or more of the following conditions:

5.1 Improperly distributed loads upon the floors or roof;

5.2 Overloaded floors or roofs;

5.3 Insufficient strength to be reasonably safe for its actual or intended use;

6. Any portion of the building or structure has been so damaged by fire, earthquake, wind, flood, vandalism, malicious mischief, or any other cause, that the building or structure is no longer safe or suitable for its actual or intended use;

7. Any interior or exterior portion, member, appurtenance, ornamentation, or any other component of the building or structure is likely to fall or collapse, or become detached or dislodged and thereby injure persons or damage property;

8. Any portion of the building or structure has racked, warped, buckled, or settled to such an extent that its walls or other structural portions have insufficient resistance to fire, earthquake, wind, flood, or similar perils;

9. Part or all of the building or structure is in danger of collapsing for any reason;

10. The building or structure has exterior walls or other vertical structural members which list, lean, or buckle;

11. The building, structure, or premises or any portion thereof is, for any reason, unsafe for its actual or intended use;

12. The building or structure has been so damaged by fire, earthquake, wind, flood, vandalism, malicious mischief, or any other cause or has become so dilapidated, deteriorated, or decayed as to come within any one or more of the following categories:

12.1 The building or structure will attract and result in harm to children;

12.2 The building or structure is, or is likely to become, a harbor for vagrants or criminals;

12.3 The building or structure enables persons to resort thereto for the purpose of committing unlawful acts;

13. The building, structure, or premises has been constructed, exists, or is being maintained in violation of any provisions of this code or of any law of the City of Saint Louis;

14. The building or structure does not have the strength, fire-resisting qualities or weather-resisting qualities required by this code for newly constructed buildings of like area, height, and occupancy;

15. The building, structure, or premises is used or intended to be used for purposes that are likely to injure the health, safety, or welfare of persons who occupy or could occupy said building or structure by reason of any one or more of the following conditions:

15.1 Inadequate maintenance, dilapidation, deterioration, decay, or damage;

15.2 Faulty construction;

15.3 Inadequate light, ventilation, or sanitation facilities;

15.4 The building, structure, or premises is being used for any illegal purposes;

16. Any portion of the building or structure has been left remaining on a site after its demolition or destruction;

17. The building or structure is vacant for a period in excess of six months and because of its condition is unsafe, unsanitary, or endangers property or public health, safety, or welfare;

18. The building or structure is vacant and has been ordered secure or has been secured by order of the building official for a period in excess of twelve months and has been condemned for occupancy or has been used in the commission of a crime subsequent to being ordered secured or being secured;

19. The building or structure is only partly constructed and construction has stopped for a period in excess of six months, and because of its condition, affects the health, safety and welfare of the adjacent properties;

20. Any building or storage used for the manufacture or storage of methamphetamine, lysergic acid diethylamide, phencyclidine, gamma hydroxybutyrate, or flunitrazepam;

21. The existence of a continuing and dangerous condition of property due to the distribution of synthetic drugs, modified synthetic products, or other modified products as has been substantiated by code enforcement or law enforcement authorities.

119.1.1 Evacuation Order; Failure to Comply. Any person who refuses to leave, interferes with the evacuation of other occupants, or continues any operation after having been given an evacuation order by the building official, except such person(s) directed to perform work to remove a violation or unsafe condition, shall be deemed in violation of this section whereupon it shall be the duty of the Police Department to immediately remove such person from said building, structure, or premises and prevent anyone from re-entering the building, structure, or premises until such time that the Police Department shall have been notified by the Division of Building and Inspection that the same is in a safe condition. Any person who shall violate this section shall be guilty of a misdemeanor and subject to the penalties as set forth in Section 25.01.030.

119.1.2 Dangerous Conditions. Whenever the building official shall find any building, structure or premises in such a condition that it presents a safety hazard, but not dangerous enough to warrant condemnation and demolition, and repair is relatively small in relation to the building as a whole, the building official shall post a sign on the premises which reads as follows:

WARNING ALL PERSONS ARE WARNED TO USE EXTREME CAUTION IN OR AROUND THESE PREMISES

Additionally, a letter shall be posted indicating those conditions in violation of this code and a copy of said letter shall be mailed to the owner(s) of said building, structure, or premises.

119.2 Service of Notice. The notice to the owner(s) of the building, structure, or premises found by the building official to be in violation of this code shall be directed to the owner(s) of such building, structure, or premises as recorded most recently in the City of Saint Louis Assessor's Office. The notice shall be served in one of the following ways:

1. Delivering directly to owner(s).

2. Posting a copy of said notice upon the building, structure, or premises.

3. Mailing a copy of said notice by regular mail, postage prepaid, direct to owner(s)' place of business or the address currently recorded in the Assessor's Office of the City of St. Louis.

4. Publication in a newspaper of general circulation in the City of Saint Louis.

119.2.1 Posting Copy of Notice. In case such building, structure, or premises is in the occupancy of a tenant(s), in addition to the above notice it shall be the duty of the building official to post a copy of such notice upon said building, structure, or premises. It shall be a violation of this code for any person to remove any notice or copy thereof lawfully posted pursuant to this code unless otherwise ordered by the building official.

119.3 Failure to Comply; Authority to Enter into Contracts. If the owner(s) fail to comply with the order of the building official by the date indicated in the Notice of Condemnation and in such a manner that can be approved by the building official, then such owner(s) shall have violated this code and the building official shall be permitted to forthwith proceed to undertake and complete whatever work is necessary to eliminate the dangerous condition. The Building Commissioner shall have the authority to enter into contracts with no other review, signature, or approval (except for insurance) from any other City agency. Such contracts shall be permitted to include, but not be limited to, demolition, environmental investigation, remedial work, professional, or contractual services. Competitive bids shall not be required for emergency situations where there is a danger to life or property. The cost of such work performed by the building official under the provisions of Sections 119 or 120 shall be paid for by the City of Saint Louis. The building official shall certify to the Comptroller the cost of such work including the administrative costs incurred by the Division of Building and Inspection in performing said work, but in no event shall such administrative costs exceed ten percent of the contract price incurred by the Division of Building and Inspection in performing such work. The Comptroller, upon certification by the building official of the cost expended for said work, shall prepare bills for such work against the owner(s) of said building, structure, or premises. In case said bills are not paid upon presentation, they shall be referred to the City Counselor, who shall proceed to collect same by suit or lien if necessary, and the amounts when collected shall be credited to a special revolving fund for the purposes herein designated.

119.3.1 Secured Buildings. For a building or structure to be "secured" in those cases in which securing is specifically required by this code, a covering shall be placed over all doors, windows, or other openings at the first floor level; all doors and windows that are accessible from any porch, service stair, or fire escape; and all basement or cellar windows. This cover shall consist of not less than ⅜ inch plywood or other such material approved by the building official attached to the framing of all such doors and windows by wood screws, or any other material approved by the building official, of a minimum length of 1½ inches, placed not more than twelve inches on center. Such plywood or other such material approved by the building official shall be painted with a minimum of two coats of exterior grade paint of a brick red or other color which is approved by the building official. It shall be the duty and responsibility of the building official to re-enter any premises or building or portion thereof that has previously been secured and boarded either by the City of Saint Louis or any other party when, in the opinion of the building official, there is reason to believe that there happens to be new or additional violations of this code. The building official shall not be held responsible for any damage to the building, structure, or premises caused by the act of securing.

119.3.2 Reentry of Secured Buildings. The occupancy of any building or structure which has been ordered secured or has been secured by order of the building official shall be prohibited until the owner of said building or structure obtains a certificate of inspection or an occupancy permit from the building official. Work performed on any building or structure as a prerequisite to a certificate of inspection shall not be considered occupancy of said building or structure.

119.3.3 Securing Buildings 500,000 or More Square Feet Posing Significant Concern to Public Safety. For a vacant building or structure of five hundred thousand (500,000) or more square feet the condition of which is determined by the Building Commissioner to pose significant, extensive concerns to the health, safety, or welfare of the public and the owner has failed to take steps to secure it, the Building Commissioner is authorized to issue an order to secure the building or structure to prevent its entry and occupation, including but not limited to the use of steel barriers or plates and engaging the services of a security services provider, until such time as an occupancy permit is issued for the building or structure. If a security services provider is to be engaged to secure the building or structure the contracts for such services may be considered emergency measures and therefore not necessarily subject to the City's public, open bidding processes. All costs

incurred by the City to secure such building or structure shall be paid for by the owner of the building of structure.
